

Dungeon 541

Chapter 541 Scheming

“What’s going on?”

Lu Benwei was shocked by his spirit attribute. It had exceeded the limit of a hunter.

If he wanted to check his exact value, he would probably have to use some special method to check it in the future. As for the other attributes...

Other than his dexterity attribute, he had surpassed all other hunters of the same level.

Lu Benwei absorbed the star power and converted it into experience points.

!!

Then, he triggered One-Click Ten Times Experience, which was why he leveled up four times in a row and reached level 59!

If it was not for the fact that Ha City’s star power was not dense enough, Lu Benwei might have surpassed level 60.

At level 60, a normal hunter’s spirit attribute would reach 1000 points, and their soul origin would take shape. They could learn soul-related skills.

However, magicians, supporters, or other special hidden classes that focused on the spirit attribute would reach this stage much earlier.

As for Lu Benwei, he was an exception. After letting out a sigh of relief, Lu Benwei slowly opened his eyes.

“There’s still some way to go before I reach level 60. I must find a time to break through as soon as possible.”

At this moment, the horizon was already covered in a layer of white. A faint glow covered the abandoned station.

“Although my secret base is a little broken, it’s not that broken, right?”

The old beggar’s voice sounded. He was carrying two bags of savory tofu pudding and six big buns. He looked around and stopped when he saw Lu Benwei.

“Brat, why did you almost tear down my secret base?”

The old beggar said unhappily as he took out two paper bowls. That was the kitchen in the secret base. The old beggar and Lu Benwei used him to settle their breakfast, lunch, and dinner.

“Why aren’t there any fried dough sticks?”

Lu Benwei glanced at it and patted his belly.

“Savory tofu pudding with fried dough sticks? If you eat like this in Ha City, you’ll be beaten to death.”
The old beggar pursed his lips in dissatisfaction.

Lu Benwei ignored the old beggar and scooped up a spoonful of tofu pudding.

The white and tender tofu was wrapped in a layer of sauce, and it slipped into his stomach.

The taste of pepper in the soup instantly exploded in his taste buds and went straight to his brain.

Lu Benwei shouted to his heart’s content and picked up the steamed bun to eat.

The old beggar pursed his lips and squatted on the ground to eat with Lu Benwei.

In the huge second-hand car recycling station. The cold air was filled with the smell of engine oil and the sound of the two people slurping.

Days were short and nights were long in Ha City. Even though it was already the end of March, the temperature in the morning was only maintained at two or three degrees.

A bowl of spicy and hot savory tofu pudding was just enough to dispel the cold and tiredness from a sleepless night.

Lu Benwei was almost done eating and wiped the oil off his mouth with the back of his hand.

“Old beggar, what did you find out last night?”

“That kid didn’t lie to us.” The old beggar did not even raise his head. He squatted on the ground and ate the bun in big bites.

“You only asked about this one night?” Lu Benwei was speechless.

“What else?” The old beggar raised his head and glared at Lu Benwei. “Didn’t you ask me to find out about this?”

Lu Benwei was speechless.

“Other than this, at least ask for some other useful information?”

Seeing that the old beggar was still eating, Lu Benwei pursed his lips and turned his head away.

“Am I that dumb?”

The old beggar wiped his mouth and took out a toothpick to pick his teeth.

“Gao Shengqiang has Tiger Sect and Yilong.”

“Yilong?”

“Yes! He’s also Gao Shengqiang’s hired thug,” the old beggar said while picking his teeth, “It’s said that his strength is over level 60. And rumor has it that he’s currently in seclusion and might break through to level 70.”

When Lu Benwei heard this, he frowned slightly.

“Level 70, this is going to be a little troublesome. If we give up Ha City, can we find Nascent Soul Fruits in other cities?”

“No!” The old beggar shook his head. “Unless we’re lucky enough to pick up a fruit from the ground. It’s a Nascent Soul Fruit. Otherwise, you won’t be able to find another Nascent Soul Fruit even if you turn the three northern provinces upside down.”

“Are you sure?”

“Yes!”

Lu Benwei sighed helplessly. “In other words, we have to cooperate with Liu Yao.”

“I feel like that guy is hiding a knife behind his smile,” the old beggar threw away the toothpick and said.

Lu Benwei looked at the old beggar in disdain and did not say anything else.

At this moment, Lu Benwei’s phone rang. Looking at the name of the caller, Lu Benwei’s pupils subconsciously constricted.

The old beggar also saw that it was Liu Yao.

Lu Benwei made a gesture to keep quiet. After pressing the answer button, he turned on the speaker.

“Brother Lu, how’s the investigation going?”

Liu Yao said with a smile. Lu Benwei immediately looked up at the old beggar.

“You followed me?” The old beggar gritted his teeth.

“Old sir, please don’t misunderstand.” Liu Yao chuckled. “Don’t forget what era we’re in. There are surveillance cameras everywhere.”

“I have some relationship with the Patrol Bureau. You also know that recently, you and Brother Lu are the most popular people in Ha City. The patrols are also anxious to arrest you. Since I want to be friends with Brother Lu, I decided to help Brother Lu solve some problems.”

Lu Benwei and the old beggar’s expressions instantly turned cold.

“What exactly do you want?”

“Didn’t I already say that I want to be friends with Brother Lu?”

When Liu Yao said this, Lu Benwei and the old beggar could already imagine the other party sitting in a boss’ chair and speaking into the microphone with a fake smile.

“Alright, I promise you,” Lu Benwei replied coldly, “Let me owe you a favor. I’ve prepared the things. Come and get them!”

“Really?”

Liu Yao did not hide his excitement.

“Since Brother Lu has agreed, I’ll go over immediately.”

“Beep, beep, beep-”

Liu Yao hung up the phone.

“No, what kind of medicine is this kid selling? And you’re really going to agree to his request?” The old beggar looked depressed.

“I have no choice. My strength isn’t as good as before.” Lu Benwei nodded.

“The Nascent Soul Fruit is the thing that I need to break out of this situation. I have to get it. We don’t have time to look for him in other provinces. We have no choice but to cooperate with Liu Yao.”

“That’s true.” The old beggar sighed. “You’re going to the icefield soon. It’s dangerous there. You have to recover your peak strength.”

Then, Lu Benwei raised his chin. “But I can guess why Liu Yao is so eager to cooperate with us.”

“He wants to use us to get rid of the Gao family?” the old beggar answered.

“No, not only that. Gao Shengqiang’s elder brother is a national pillar. If his younger brother is in trouble, he’ll investigate this matter to the end. At that time, Liu Yao will also be implicated...”

Chapter 543 A Deal

Even the old beggar had seen the Blood God Lotus once.

However, seeing the Blood God Lotus blooming wantonly once again, he could not help but mutter in amazement.

The fragrance of the flowers was so strong that almost everyone could not breathe.

Lu Benwei had no choice but to keep the Blood God Lotus.

“Is this okay?”

!!

At this moment, Liu Yao was lost in thought. After a long time, he replied, “Definitely. I suddenly thought of something. Last night, there was a strange fragrance in Ha City. Is it related to this?”

Lu Benwei did not hide anything and nodded in acknowledgment.

Liu Yao and Uncle Si both had strange looks on their faces.

From a certain perspective, this Blood God Lotus was even better than the Nascent Soul Fruit.

Soon, the car drove into the Sheng Qiang Group’s underground parking lot.

Liu Yao was a well-known figure in Ha City, so the guard at the door did not stop him.

Lu Benwei, Liu Yao, and Uncle Si stepped into the elevator and waited in the reception room on the floor below the top floor.

As for the old beggar, he was sleeping soundly in the car, snoring like thunder.

"I'm very sorry. President Gao is temporarily unavailable due to some private matters," the female secretary in black silk bowed slightly and informed the three of them.

She was wearing a plain white shirt that was tucked into her short skirt, outlining her graceful curves. Her black lace undergarments were faintly visible under her white shirt.

"Please pass on a message. It's a matter of life and death. President Gao must see me."

The female secretary had no choice but to go upstairs and report to Gao Shengqiang.

Soon, the female secretary went downstairs to convey the news that the three of them could go up.

On the top floor of the Sheng Qiang Corporation building was an extremely luxurious office. There was a full set of custom-made furniture, leather and horse-hair sofas, and a wall full of famous paintings. Even the city art gallery was inferior to it.

However, this luxurious office was filled with the smell of alcohol.

Gao Shengqiang's eyes were red, and his hair was messy. He looked very old.

"Uncle Gao, you must take care of your health!" Liu Yao stepped forward and said with concern.

"Why did you come here?" Gao Shengqiang's voice was very cold. Every word he said was filled with the smell of alcohol.

"What is it?"

Gao Shengqiang sobered up a little and his tone became a little calmer.

"Do you still remember Uncle Si?"

As soon as Liu Yao finished speaking, Uncle Si stepped forward.

"President Gao, you should remember me, right?"

Gao Shengqiang's brows furrowed, and then he suddenly realized. "Are you Liu Benhua's secretary, Si..."

Halfway through his sentence, Gao Shengqiang stopped.

"President Gao, just call me Si He," Uncle Si stated his name.

As he spoke, Si He started coughing violently, his expression extremely pained.

"Nephew Liu, what exactly is going on?"

Gao Shengqiang frowned, feeling disgusted.

Liu Yao sighed. "Uncle Gao might not know this. Ten years ago, when my father was attacked, Uncle Si risked his life to save my life. Uncle Si also narrowly escaped death, but unfortunately, he fell ill."

Gao Shengqiang came to a realization and frowned in the next second. "But I'm not a doctor. Old Si should go see a doctor."

Lu Benwei, who was standing at the side, sighed in his heart. It turned out that Si He's soul was damaged because he protected Liu Yao's father. In the end, his loyalty was wasted. The Liu family could not even treat him as family.

At this moment, Si He's mind was also filled with a myriad of thoughts. His turbid eyes were filled with loneliness.

Liu Yao was stunned for a moment, then he muttered, "Uncle Gao, since I came to look for you, it's because I know that you have a medicinal herb that can treat Uncle Si's illness."

"Damn, you should have said so earlier! Just tell me what kind of medicinal herb it is. I'll get someone to get it."

"Uncle Gao, it's the Nascent Soul Fruit," Liu Yao said awkwardly, "It's the top-grade medicinal herb in your collection."

Gao Shengqiang was stunned.

The luxurious office fell into a dead silence.

Suddenly, a thunderous voice came from the corner.

"The Nascent Soul Fruit nurtures the soul and is a great tonic for the soul. Is Old Si's soul damaged?"

An extremely muscular man with an anchor beard stood up. He was more than two meters tall.

Lu Benwei and the others had to look up at him.

"Ah Long, you're awake?"

He was Gao Shengqiang's most powerful assistant, Yilong!

Yilong's gaze was cold as he stared fiercely at Si He. In an instant, Si He shuddered violently, and his head felt like exploding.

"Brother Yilong, spare my life! Brother Yilong, please spare me. My soul can't withstand your pressure!"

Lu Benwei was shocked. Yilong was using his soul power to oppress Si He!

Si He coughed loudly, and his blood dyed the fluffy carpet on the ground red.

"Tsk, my carpet is very expensive..." Gao Shengqiang frowned, looking displeased.

"Uncle Si, what happened to you?" Liu Yao frowned. "This is Uncle Gao's office. If you dirty it, how will Uncle Gao treat his guests?"

At this moment, Si He said in an extremely sorry state, "I'm sorry. It was Brother Yilong who used his soul power to oppress me. My soul source is weak to begin with. I really can't take it."

"You mean, you blame me?" Yilong's bones cracked as he looked at Si He mockingly.

"You, you..." Si He was so angry that he could not speak.

“What about me? Si He, I’ve heard of you. Ten years ago, you were also a famous figure in Ha City.” Yilong mocked.

“It’s a pity that your soul source has been damaged. You’re no longer the magician that resounded throughout Ha City!”

Si He really wanted to jump up and fight Yi Long to the death, but unfortunately, his youth was gone, and his soul was damaged.

Back then, he was so high-spirited. Everyone in Ha City knew of Si He’s name. Not only did he help the Liu family in the business world, but he also helped the city as well.

Ha City had also been invaded by beasts several times, and Si He could always be seen during the quelling of unrest.

“Sigh...”

Si He sighed.

“Forget it. Old Master Liu has done me a favor. In this life, I’ll use it to repay his kindness.”

Gao Shengqiang patted his head. “I’d have forgotten if Ah Long hadn’t mentioned it. Back then, Mr. Si He was the hero of Ha City! Since the great hero is having difficulties in his later years, I can’t just watch him suffer from illness.”

“Uncle Gao, you agree?” Liu Yao was overjoyed.

“Of course!” Gao Shengqiang muttered, “But you know that Nascent Soul Fruits are very precious. You’re a businessman too, so you need to exchange for them!”

“No problem!”

Chapter 544 Sudden Change

The purpose of Liu Yao’s visit was to make a deal with Gao Shengqiang. Then, he snapped his fingers.

Lu Benwei, who had been hiding in the corner, pretended to be Liu Yao’s servant, and walked forward with steady steps.

He was holding a box in his hand, which contained the Blood God Lotus.

Yilong and Lu Benwei looked at each other and said coldly, “Young Master Liu, this servant of yours looks very familiar.”

Liu Yao was stunned for a moment and thought, ‘That’s not right. Has Yilong seen Lu Benwei before?’

!!

Gao Shengqiang narrowed his eyes and carefully sized up Lu Benwei.

“Yes, it does seem like I have seen him somewhere before...”

The two of them did not react too violently.

Lu Benwei looked at them calmly. "Gentlemen, this is the precious treasure that my young master wants to exchange with you."

"Bang!"

The wooden box slowly opened, revealing a gap. Suddenly, the entire office was filled with a refreshing direction.

Lu Benwei slowly pulled the board, and a lotus flower that was as passionate and unrestrained as a flame spirit appeared in front of everyone.

Gao Shengqiang stood up from the table, his body leaning forward involuntarily, and even his mouth was agape.

Even an expert among hunters like Yilong could not hide the excitement on his face.

"What kind of divine material is this?"

The two of them asked in unison.

"This is called the Blood God Lotus!" Lu Benwei said, "It's the best among lotus-type medicinal herbs. It has absorbed the essence of heaven, earth, and man. A conservative estimate is that it can extend one's lifespan by thirty years!"

"Thirty years!"

Gao Shengqiang was so excited that his facial muscles were trembling.

"May I ask if this item is worth the Nascent Soul Fruit?" Lu Benwei continued to ask.

"It's worth it!"

Gao Shengqiang crossed the solid wood desk and wanted to take the Blood God Lotus from Lu Benwei's hand.

"Bang!"

Gao Shengqiang was stunned for a moment. If he had not reacted in time, his hand might have been caught.

"Alright, let's take a look at the Nascent Soul Fruit first."

Gao Shengqiang led the way and entered a private elevator.

Lu Benwei and the others followed.

The elevator slowly went up to the first floor.

"Ding!"

When they reached the top floor, Lu Benwei and the others went to Gao Shengqiang's collection showroom!

It was hard to imagine that Gao Shengqiang had practically built a museum above his office.

Apart from all kinds of precious antiques, there was also epic equipment that he had collected.

A shield made from the tusks of an ancient mammoth. It is extremely hard and can reduce any ice attribute attack by 50 percent!

A dagger made from the spine of a Northern Direwolf. When it locked onto its target, it would freeze the target!

A set of soft armor made of crystal gilded chicken feathers that could freely enter and exit the cold plains.

There were countless dazzling eyes.

Lu Benwei was obsessed with it and almost had the idea of looting this place.

Finally, the group stopped in front of a display case.

A fetus was locked inside. Si He and Liu Yao almost cried out.

“President Gao, why did you lock a fetus in there?”

Gao Shengqiang laughed out loud. “Nephew Liu sure knows how to joke. Can’t you tell what this is?”

Liu Yao was shocked and said in surprise, “Could this be the Nascent Soul Fruit?”

“Nascent Soul, Nascent Soul... How can it be called a Nascent Soul Fruit if it doesn’t look like a baby?”

Gao Shengqiang still smiled.

Inside the transparent glass cabinet, a Nascent Soul Fruit that looked like a fetus was lying quietly in the display cabinet.

Under the soft light, the patterns on the Nascent Soul Fruit were as clear as human blood vessels.

Si He slowly stepped forward, wanting to reach out and touch it. This was a medicinal herb that could repair his soul origin, and it was right in front of him. Unfortunately, he could only watch helplessly, helping Lu Benwei.

Gao Shengqiang frowned, very dissatisfied with Si He’s actions.

“Old Si, this will be yours sooner or later. Why are you so agitated?”

Liu Yao was also very dissatisfied and scolded, “Uncle Si, how could you do this?!”

Si He was helpless and could only retract his greedy gaze.

Lu Benwei was quite sympathetic. Si He had dedicated most of his life to the Liu family, but in the end, he was despised. If he said that his goals were different, Lu Benwei might help him.

However, things did not go as he wished. Lu Benwei was not a saint, and his soul origin was also waiting to be repaired. Lu Benwei could not bear to part with the treasure.

“In that case, let’s carry out the exchange according to our agreement.”

Gao Shengqiang raised his chin and gestured for Yilong to open the display cabinet.

Yilong responded and walked to the front. "Old Si, go away!"

Si He's gaze was still fixed on the Nascent Soul Fruit, unwilling to leave.

"Move aside!" Yilong was very impatient and pushed him away.

Si He was a person who had one foot in the gate of hell. How could he withstand the push of a dragon in his prime?

"Ouch!" Si He screamed and fell to the ground.

Yilong laughed out loud and shook his head. "Old Si, aren't you too fragile now?"

"I'm old..." Si He held onto a display case and tried to stand up.

"Uncle Si, let me help you."

Although Lu Benwei did not have the heart of a saint, he could not bear to see this scene. Hence, he walked forward and wanted to help Si He up.

"Get lost!"

Si He pushed Lu Benwei away with a very bad attitude.

Si He had dedicated most of his life to the Liu family and Ha City, but in the end, he ended up in a sloppy manner. Lu Benwei, a person who had nothing to do with Ha City and the Liu family, was more qualified than him to obtain this life-prolonging divine medicine!

How ridiculous!

Lu Benwei also understood Si He's feelings. He shrugged and did not say anything else.

Yilong laughed mockingly and took out the Nascent Soul Fruit.

"According to the agreement, we should carry out the exchange."

Lu Benwei slowly pulled open the wooden box's partition, and the fragrance once again permeated the entire collection hall through the gap.

Gao Shengqiang suddenly said, "Nephew Liu, aren't you afraid that we'll kill and rob you?"

As soon as he finished speaking, Lu Benwei instantly closed the lid.

"What do you mean?" Liu Yao was shocked. "Uncle Gao, what do you mean?"

Gao Shengqiang licked his lips and suddenly laughed. "Don't worry. I was just joking."

His gaze turned cold as he pointed at Lu Benwei. "It's just that I really don't like this person!"

"Huh?"

Liu Yao was shocked. He trembled and said, "Uncle Gao, he's just a servant of my family. Why do you have to be so apologetic to a servant?"

“Servant?”

Gao Shengqiang laughed mockingly.

“What kind of servant is he? He’s at level 59?”

Lu Benwei suddenly became alert. He had been hiding very well and did not reveal his aura. How could he be easily seen through?

Chapter 545 Killing Intent Revealed

On the other side, Liu Yao shivered coldly. If Lu Benwei’s identity was discovered, then his plan would be completely ruined!

Lu Benwei did not panic at all. His eyes were calm like an ancient well.

However, he had some doubts in his heart. He had been hiding it well and did not reveal his aura. How could others easily see through his level?

Could it be Yilong? No, that was not right!

From the moment Lu Benwei stepped into the office downstairs, he had noticed Yilong’s existence. After knowing that he was Gao Shengqiang’s number one subordinate, he had been observing him silently.

!!

Lu Benwei could guarantee that it was not Yilong that could see his aura.

Could it be Gao Shengqiang? Thinking of this, Lu Benwei’s gaze shifted to Gao Shengqiang.

At this moment, Lu Benwei realized that Gao Shengqiang’s eyes were flashing with a strange green light. He had a fake smile on his face and was also staring at him.

“Little brother, it’s best if you keep your claws and teeth away from me.”

Gao Shengqiang licked his teeth, the green light in his eyes flashing.

Lu Benwei instantly understood. Gao Shengqiang’s brother, Gao Shengtang, was the pillar of the Dragon Kingdom. How could Gao Shengqiang be an ordinary person?

Lu Benwei’s attention was on Yilong just now, so he relaxed his vigilance toward Gao Shengqiang. Hence, Gao Shengqiang was able to see Lu Benwei’s level.

“Alright, alright.” Gao Shengqiang waved his hand. “Let’s exchange quickly. I still have to find the two people who kidnapped my daughter.”

Hearing this, Liu Yao’s heart dropped.

“I was at the trading center yesterday,” he asked tentatively, “I wonder who kidnapped Yiyu?”

Gao Shengqiang heard this and immediately spat, “Damn it, I get angry at the mention of this!”

“Uncle Gao, what happened?” Liu Yao asked.

“The people below are too incompetent!” Gao Shengqiang gritted his teeth in anger. “It’s been two days. We can’t even find the identities and whereabouts of those two kidnappers!”

“Uncle Gao, why didn’t you contact your friends at the police station?” Liu Yao asked deliberately.

“Fan Lei, that b*stard! He said I have no right to ask!” Gao Shengqiang spat again, “Damn it, I gave him a lot of good wine every year, but all of them were eaten by dogs.”

“Don’t be angry, Uncle Gao,” Liu Yao said with a smile, “Give me all the information you know so far. I’ll ask my family to help you find it.”

Of course, this was Liu Yao’s excuse. He was the one who informed Bureau Chief Fan Lei not to leak any information about the incident.

As this was part of the rules of the police investigation, Fan Lei, the director of the Patrol Bureau, agreed.

While he was talking to Gao Shengqiang, the transaction between the Blood God Lotus and the Nascent Soul Fruit was completed.

“Sigh, if only there was a second Nascent Soul Fruit.”

Liu Yao sighed and looked at Si He meaningfully.

Si He looked at the Nascent Soul Fruit in Lu Benwei’s hand and swallowed his saliva.

All these years, he had suffered a lot because his soul origin was damaged. A life-saving medicine was right in front of him. No one could resist such temptation.

“Little friend Lu Benwei, can I ask you for a favor?”

Si He lowered his voice, his turbid eyes pleading.

“It’s not convenient to talk about it here.”

Lu Benwei knew what Si He meant, but Yilong and Gao Shengqiang were both top-notch experts, so it was not convenient for them to discuss such confidential matters.

However, Si He knew that once he stepped out of this door, he would have no chance.

Liu Yao had been paying attention to this place. He sneered in his heart.

“Uncle Si, what should be yours will always be yours. What’s the hurry?!”

When Si He heard this, a wave of anger surged into his heart.

“What’s the hurry?!”

...

These three words were like a curse chanted by Tang Sanzang, exploding in Si He’s ears. Si He was furious and then broke down.

The source of the soul was the spirit, and the spirit was the emotion. With his soul source damaged, Si He's control of his emotions was also affected.

At this moment, Si He seemed to have gone crazy as he snatched the Nascent Soul Fruit from Lu Benwei's hand.

"Brother Lu Benwei, quickly give me the Nascent Soul Fruit!"

Si He's hysterical roar shocked everyone!

Gao Shengqiang smacked his lips and frowned. "Lu Benwei, why does this name sound so familiar? Someone mentioned it to me yesterday!"

Yilong frowned as well, feeling that something was amiss.

"Master Gao, this is all just a cover!" Si He shouted, "He's the one who kidnapped your daughter! Exchanging for Nascent Soul Fruits is just a pretense!"

"What?"

Hearing this, Gao Shengqiang flew into a rage!

"Boom!"

With a loud bang, Yilong had already attacked.

Lu Benwei sneered. He finally understood Liu Yao's plan! Liu Yao wanted to use Si He's breakdown to cause a dispute between him and Gao Shengqiang!

From the beginning of the day, Liu Yao had been provoking Si He. All for the sake of him collapsing and he could sit on the mountain and watch the tigers fight! No matter which side won, they could push the responsibility to Si He!

Of course, the best scenario would be Lu Benwei defeating Gao Shengqiang. Then, Liu Yao could become the king of Ha City openly.

If Gao Shengqiang won, the Gao family was also at the end of their rope. They could not accuse Liu Yao of colluding with him and plotting against each other!

On the contrary, they could turn the tables and reveal Lu Benwei's whereabouts to the great eight families to threaten him!

This move was dangerous and ruthless enough!

At this moment, Yilong had already attacked. His speed was so fast that it was almost impossible to see with the naked eye!

"Whoosh!"

A cold light flashed in Lu Benwei's eyes. Yilong's huge body was already close. It was hard to imagine that Yilong with such a huge body could have such terrifying speed. Moreover, his attack speed was very fast!

The pair of scimitars in his hands stabbed forward and launched an extreme attack!

“Clang! Clang! Clang!”

Lu Benwei raised his sword to block, and the close combat interweaved into a grand metal concert.

The two of them began to compete with their ultimate swordsmanship and domineering sword techniques!

Lu Benwei flicked his wrist and raised his head to aim at Yilong’s middle lane. The sword light pierced straight at his chest.

When Yilong saw this, his expression turned cold. His two blades collided and clamped Lu Benwei’s Ancient Sword of Clarity!

Then, he used the advantage behind him to press down with his mountain-like body.

In this position, Yilong could release a very small amount of energy, but it could explode with powerful pressure.

Lu Benwei only felt that the sword light was pressing against a growing mountain, and it was becoming more and more difficult.

“Buzz!”

The force of a thousand tons gathered into one and pressed down on him.

Lu Benwei’s entire body was trembling, and the humming sound of the sword echoed throughout the room!

Chapter 546 Walking Armory

Lu Benwei erupted with an extremely powerful force!

The muscles in his legs, waist, and arms tensed up as he pushed upward. The Ancient Sword of Clarity in his hand hummed like an angry beast!

“Clang!”

Yilong turned pale with fright! The pair of scimitars in his hands were breaking apart at an extreme speed!

“Bang!”

Just as this thought flashed through his mind, the scimitar in Yilong’s hand exploded like fireworks, and metal fragments scattered all over the ground.

Yilong and Gao Shengqiang’s mouths were wide open as they looked at the shattered pieces in disbelief.

That pair of curved daggers was an epic weapon, and it was extremely tyrannical. However, this person shattered the curved blade with brute force!

“Yilong, you must take him down!”

At this moment, Gao Shengqiang’s mind was already occupied by hatred. He ordered Yilong to attack.

Moreover, when Yilong saw that his weapon had been destroyed by Lu Benwei, he was a little unconvinced and wanted to prove himself with the collision of weapons.

Then, a machete with dragon motives appeared in Yi Long’s hand, emitting a cold aura.

If one listened carefully, there seemed to be a dragon hiding in the blade, muttering in a low voice.

The handle of the machete was as long as the blade. Yilong held it with both hands and slashed at Lu Benwei.

Lu Benwei held the Ancient Sword of Clarity in his hand. His eyes were cold as he pointed the tip of the sword at Yilong’s throat and advanced.

In just a short moment, it occupied the middle line between the two of them.

The Dragon Stripe Machete was a long weapon. Once it was occupied, it would lose the space to exert its strength.

When Yilong saw this, he sneered. He held the machete in one of his hands and his other hand came out and pressed down on Lu Benwei!

Lu Benwei’s expression was cold. The Ancient Sword of Clarity was like a dragon coming out of its cave. It burst out with boundless energy and stabbed toward Yilong’s throat!

Yilong was shocked!

Lu Benwei had chosen such a move that could injure the enemy and harm himself!

At this moment, Yilong quickly thought about it and concluded that he would be the one who suffered the most.

Hence, Yilong could only curse in his heart. He put away the machete and took a step back. At the same time, he swung his arms as he retreated, accumulating strength.

Unexpectedly, when the Dragon Stripe Machete was only swung in a semicircle, Lu Benwei once again occupied the center line and stuck firmly to it like a ghost!

Yilong instantly flew into a rage from embarrassment! In terms of speed, no one in Ha City could surpass him! However, at this moment, his opponent was like a ghost, following him like a shadow.

“Boom!”

Yilong was flustered and exasperated. Using the connection between the blade and the hilt as an anchor point, he slashed down fiercely.

“Clang!”

Lu Benwei flicked his wrist, and the Ancient Sword of Clarity rose.

Yilong felt his hand tremble and go numb. The machete instantly fell to the ground.

At this moment, Gao Shengqiang was dumbfounded.

“Yilong, what are you doing? Aren’t you best at using weapons? How could you be defeated by him twice?!”

Yilong was also extremely puzzled! He was an assassin! At the same time, he was also an expert in using weapons! Moreover, Yilong’s innate divine strength was also extremely great. It could be said that he was an all-rounded warrior! Now, his strength, speed, and weapon skills were all suppressed by the other party!

“Ah!”

Yilong was unwilling to give up. After letting out a strange roar, he drew a double-edged machete. Just like the Dragon Stripe Machete, it was also an epic weapon. The only difference was that it was a double-edged sword.

Yilong stomped on the ground and leaped into the sky!

“Clang! Clang! Clang!”

His huge body flew like a mountain, and the double-edged machete in his hand slashed at Lu Benwei’s throat!

Lu Benwei’s expression was cold, and his eyes shone with a cold light! His speed increased by ten times, and he became one with space!

“Buzz!”

Yilong’s eyes gradually widened.

The double-edged machete had clearly hit Lu Benwei’s throat, but in the next second, it was blocked by Lu Benwei’s sword!

Then, Lu Benwei kicked out, sending Yilong flying to the ground!

“Is this the number-one person in the Gao family? You can’t even compete with weapons. When you use all your firepower, you’re probably trash!”

Lu Benwei mocked mockingly. The words “probably trash” struck Yilong’s heart word by word.

Yilong flew into a rage and stabbed forward with his machete, falling like a meteor.

The strong wind that erupted shattered the glass in the room. All kinds of treasures flew everywhere and fell out of the window.

Lu Benwei raised his sword and circulated the four great enhancement skills. Endless power descended from the sky and poured into his limbs and bones. His divine might was peerless!

“Clang!”

Deafening clangs resounded through the clouds. The windows of the entire building were trembling!

Yilong continued to attack, and the powerful force forced Lu Benwei to retreat step by step.

At the same time, Lu Benwei was also continuously using exquisite sword techniques to resolve Yilong's attacks.

"Clang! Clang! Clang!"

The two of them gradually reached the edge. If they took another step back, they would fall to the ground from a height of 100 meters.

If they were ordinary people, they would be crushed into pieces!

However, Lu Benwei was still retreating!

The black building that was like a solid monument towered into the courtyard like a sharp sword piercing into the clouds.

On the glass curtain wall of the Sheng Qiang Group building, two people were using it as a stage to compete!

Lu Benwei and Yilong no longer held back and went all out!

Yilong seized the opportunity and stabbed Lu Benwei's throat again.

"Thousands of Shadows!"

Yilong was an assassin, and thousands of shadows instantly occupied the entire glass curtain wall. They held double-edged scimitars and stepped on the glass curtain wall with their feet.

Lu Benwei activated the Eye of Insight and dispelled all illusions!

"Clang! Clang! Clang!"

The Ancient Sword of Clarity and the double-edged machete clashed, interweaving into a grand metal symphony!

The Sheng Qiang Group's building was in the downtown area, surrounded by many buildings in the central business district! The shocking battle between the two instantly attracted the attention of countless people!

They leaned against the windows or stood on the ground, looking up with their mouths wide open as they watched the battle.

"Who's fighting in the Sheng Qiang Group building?"

"This is too terrifying. These two people are so strong!"

"This is just a simple clash of cold weapons. What would happen if both sides went all out?"

...

Soon, someone recognized Yilong!

"It's Yilong! He's Gao Shengqiang's most capable subordinate!"

“His level should be above level 70, right? Who’s that young man? Has he also reached the seventieth rank?”

“Could it be the two people who repeatedly provoked the Gao family and even kidnapped Gao Yiyu?”

Everyone was guessing.

Lu Benwei and Yilong once again launched an earth-shattering collision.

A silver river formed above the building, emitting wisps of starlight that crushed the sky!

Yilong soared into the sky, and thousands of phantoms followed.

In the blink of an eye, thousands of phantoms turned into corporeal bodies. They brandished their double-edged broadswords and released a great killing technique that could kill the world!

Chapter 547 Multiple Interferences

Thousands of blades gathered into one, forming a huge blade that reached through the sky. The blade was huge and emitted a cold light.

Everyone’s eyelids were twitching, and a huge sense of unease rose in their hearts.

“Are you trying to drag innocent people into this?” Lu Benwei was shocked.

“If you hadn’t offended the Gao family first, would I have hurt the innocent?” Yilong shouted.

“Nonsense!” Lu Benwei cursed and punched out with his fists.

The giant blade tore through the sky, clouds, and wind, and the air shattered everything!

Both sides were very restrained as they fought in the sky.

Even so, the shockwave from the collision swept through the entire city. Countless tall buildings collapsed, and people lost their lives!

The sky was covered with dark clouds, and the ground was filled with wails and howls. It was like the end of the world!

Countless figures flew into the sky and stopped the two of them!

“Stop!”

The hunters of Ha City all stopped the chaos!

Lu Benwei did not want to hurt the innocent, so he decisively stopped.

Yilong still wanted to kill Lu Benwei but was stopped by someone.

“You’re all adults. You must consider the consequences before you do anything!” Some experts stepped out to stop him.

In the central business district of Ha City, the walls were broken. Many tall buildings had their corners cut off. The huge walls collapsed and fell from the top. Many people were injured as a result.

The director of the Law Enforcement Bureau of Ha City, the commander of the garrison, the head of Ha City, and the director of the Patrol Bureau, Fan Lei, were all present to stop the two people!

Gao Shengqiang also flew into the sky and looked at everyone coldly.

“Everyone, this is a private matter between me and this kid. Please don’t disturb us!”

Zhang Qi, the head of the city, snorted coldly. “Gao Shengqiang, even if it’s your personal matter, you shouldn’t hurt the innocent!”

“Then what about this kid who kidnapped my daughter?” Gao Shengqiang directly challenged Zhang Qi and looked at him coldly.

The commander of the garrison had followed Gao Shengqiang’s brother, Gao Shengtang, so he naturally stood on Gao Shengqiang’s side.

Lu Benwei sneered. “Now you’re using the law to pressure me. Gao Shengqiang’s family has been doing evil in Ha City for so many years. I don’t see any bullsh*t law punishing him!”

“Impudent!”

The commander of the stationed army was furious. He opened his mouth and spat out a murderous electric light that pierced through the void, wanting to kill Lu Benwei!

The Ancient Sword of Clarity in Lu Benwei’s hand hummed and released a destructive divine sword! The purple sword light carried a surging destructive power that crushed the heavens as if it could pierce through the universe in one strike.

Everyone turned pale with fright and subconsciously dodged!

Most of them were above level 80 so they knew they could not take this move head-on!

“Boom!”

The lightning and the destructive sword light collided in an earth-shattering manner. The aftershock spread in all directions and did not dissipate for a long time.

There were no clouds in the sky, but the vast space was still filled with the remnants of destructive power.

Many creatures were extremely fearful and did not dare to step in.

The director of the Law Enforcement Bureau of Ha City, the head of Ha City, and the director of the Patrol Bureau, Fan Lei, were all shocked by Lu Benwei’s combat strength!

The commander of the garrison corps was in an even worse state. Half of his body had been cut off, and blood was dripping onto the ground.

“You’re courting death!”

The commander of the garrison was furious. He could not even win against a junior!

“Enough!”

The mayor of Ha City stopped him and looked at Lu Benwei.

“I know you. You’re the champion of this year’s National Class Tournament!”

The director of the Patrol Bureau and the commander of the garrison were shocked.

“What? He’s Lu Benwei who offended the eight great families?”

The Law Enforcement Bureau Chief looked calm as if he had already seen through Lu Benwei’s identity.

Gao Shengqiang already knew Lu Benwei’s identity, so he was not surprised.

“I don’t care who he is! He provoked my Gao family and kidnapped my daughter. He must pay with his life!”

After saying that, he and Yilong shot out murderous auras, wanting to take Lu Benwei’s life!

“It’s the Gao family’s inferior skills that made them fly into a rage out of humiliation. How is it considered us provoking them?”

A deep voice came from the ground and then disappeared.

“Is he this kid’s accomplice?”

Yilong immediately chased after the sound. Lu Benwei wanted to stop him but was stopped by the garrison commander.

“Get lost!”

Lu Benwei’s expression was cold.

The old beggar’s strength was mysterious, but Lu Benwei estimated that he could at most fight a level-60 hunter.

Yilong’s strength had broken through the seventieth rank, and the old beggar was probably not his match!

At this time, Gao Shengqiang also made a move to stop him!

“Return my daughter to me!”

“You’ve broken the laws of the Dragon Kingdom and kidnapped others. Hurry up and be executed!” The commander of the stationed legion roared, trying to force Lu Benwei to submit.

After some consideration, the chief of the Patrol Bureau, Fan Lei, felt that Lu Benwei was against the eight great families. If he were to stand on the same side as him, he was afraid of offending the eight great families, so he stood up and said, “Lu Benwei, put down your weapon!”

Lu Benwei sneered, his expression extremely cold. “Now you know how to talk about the law with me! Why didn’t you stand up when Gao Shengqiang was slaughtering the people of Ha City?”

The garrison regiment commander and Fan Lei gritted their teeth. Their faces turned red, and they were speechless for a moment!

At this moment, the director of the Law Enforcement Bureau, who had been silent for a long time, stood up. "Harmony is precious, harmony is precious! We're all hunters, and the monsters are our enemies. How can we fight among ourselves? Lu Benwei, let Miss Gao go and let this matter go."

Lu Benwei did not want to be entangled with the Gao family, so he released Gao Yiyu.

"Father!"

When Gao Yiyu saw Gao Shengqiang, her tears flowed, and ran into Gao Shengqiang's arms.

"Yiyu, did this brat do anything to you?"

Gao Shengqiang was still unwilling to give up and was ready to seek justice for his daughter.

"No, he didn't. I was the one at fault in the first place." Gao Yiyu shook her head.

Gao Shengqiang's pupils instantly widened. In the past, Gao Yiyu would tear Lu Benwei into pieces!

"Yiyu, did this kid threaten you? Don't worry. I'm here and I'll seek justice for you!"

"Father!" Gao Yiyu shouted in a delicate voice, throwing herself into Gao Shengqiang's arms and acting coquettishly.

"I understand now. I was indeed insensible before. I thought that with my father around, I was the greatest person in the world. But we have hurt many innocent people. Father, you can ask them. Which person in Ha City doesn't hate us to the bone?"

Gao Shengqiang was completely dumbfounded.

Gao Yiyu seemed to have changed into a different person after being kidnapped for the past few days.

Lu Benwei almost laughed. He thought to himself, 'Looks like the Blood Monster and the Six-tailed Crocodile have taught Gao Yiyu well!'

At this moment, the mayor of Ha City stepped forward to mediate.

"It seems that Miss Gao didn't suffer any grievances with Lu Benwei. How about the two of you shake hands and make up?"

Chapter 548 Settling the Score

Two against two!

The City Chief and the Law Enforcement Bureau stood on Lu Benwei's side.

The commander of the garrison corps and the director of the Patrol Bureau wanted to help Gao Shengqiang seek justice.

Both sides were in a stalemate.

In the end, Gao Shengqiang could only glare at Lu Benwei and said, "I'll settle this score with you sooner or later!"

!!

...

On the other side, the old beggar successfully shook off Yilong.

In the end, he met up with Lu Benwei at the old used car recycling car center.

"How are you? Are you alright?" the old beggar asked first.

"Of course, I'm fine." Lu Benwei raised his chin.

"What are you going to do next?"

"Liu Yao, that b*stard, snatched the Blood God Lotus in the chaos. I think Gao Shengqiang must have reacted by now," Lu Benwei said, "But I don't think Gao Shengqiang will touch him for the time being."

"Huh? Why?" The old beggar was confused. "Gao Shengqiang will settle the score with Liu Yao. I think Liu Yao has already informed the eight great families about my whereabouts. The experts of the Zhu family, the Qi family, and the Yan family are probably on their way here now."

"Tsk, tsk, tsk, this is going to be troublesome..." the old beggar said, "Do you have a way to deal with it?"

Lu Benwei grinned and licked his teeth slyly. "We'll deal with whatever comes our way."

After saying that, a bright light flashed between Lu Benwei's brows, and the Nascent Soul Fruit appeared in his hand.

"Old beggar, I need you to protect me and ensure that I successfully absorb the Nascent Soul Fruit!"

"No problem!"

Lu Benwei sat cross-legged and used his divine sense to draw out the pure energy in the Nascent Soul Fruit.

The old beggar sat cross-legged and helped Lu Benwei.

...

On the other side, at the Zhu family estate in Dragon City!

"According to the Liu family's young master from Ha City, Lu Benwei is currently in Ha City. And he's looking for the Nascent Soul Fruit!"

Zhu Haitian immediately gathered all the elders and elites of the family to discuss this matter.

"Is Lu Benwei really looking for the Nascent Soul Fruit?" Zhu Haixian, one of the top fighters of the Zhu family, questioned his subordinates.

"Really!"

“Great!” Zhu Hai Xian was overjoyed. “That b*stard Lu Benwei’s soul must’ve been damaged. Otherwise, he wouldn’t search for such a peerless herb!”

“Big Brother, we should immediately send our elites to Ha City to capture that b*stard Lu Benwei and bury him with Father!”

Not only did Lu Benwei ruin the Zhu family’s business, but he also killed many of the Zhu family’s men. The Zhu family even thought that Lu Benwei had killed the Zhu family’s old master. The Zhu family hated him to the bone!

“I can’t wait to eat his meat raw and sleep on his skin at night!”

It was also at this time that a young man dressed in luxurious clothes barged into the Zhu family’s meeting hall. His facial features were strong and his temperament was outstanding. Every step he took was accompanied by rumbling thunder.

“Tian’er, when did you come out of seclusion?”

This young man was called Zhu Huatian, and he was an outstanding talent of the younger generation of the Zhu Clan.

Moreover, Zhu Huatian obtained a great opportunity in the secret realm of the Holy Land. He had a very high status among the younger generation of the entire eight great families!

“Father, uncles, and aunts, I just came out of seclusion. I heard that Lu Benwei appeared in Ha City. I’ll lead the family to capture him!”

Zhu Huatian directly expressed his intention.

“Tian’er has the intention to share the burden of the family. I’m very gratified,” the Zhu family’s head muttered to himself.

“But that Lu Benwei has a peerless weapon in his hands. Even your aunt suffered a loss at his hands. It’s best if you don’t get involved in this matter!”

“Understood!” Zhu Huatian responded and instructed, “Then, uncles and aunts, please be careful!”

...

On the other side of Dragon City, in the Qi family.

Like the Zhu family, the Qi family had a deep hatred for Lu Benwei.

Qi Wen, the head of the Qi family, believed that Lu Benwei had killed his son and Mingzhu. He wanted to tear Lu Benwei into pieces.

After learning of Lu Benwei’s whereabouts, they immediately gathered the elites of the entire family and prepared to take the teleportation array to kill Lu Benwei!

At the same time, the Yan family of the eight great families!

“The Bronze Temple is a supreme divine artifact left behind by the ancestor. We must take it back!”

“The Zhu and Qi families will go as well. We can’t let them get to us first!”

The elites of the Yan family activated the teleportation array and arrived at Ha City.

...

The black clouds were pressing down on the city!

The sky was getting dark. The clouds in the sky of Ha City were like lead blocks that wanted to fall to the ground.

A huge storm was coming!

When the city chief of Ha City heard that the three families of Dragon City were coming to Ha City, he immediately ordered the entire city to be on guard! At the same time, he sent people to search for Lu Benwei.

Meanwhile, Lu Benwei was still absorbing the Nascent Soul Fruits to upgrade the Nine Tribulations Regeneration Technique!

“Rumble!”

The thunder and lightning in the sky were the signs of mastering the seventh tribulation of the Nine Tribulations Regeneration Technique!

The Nine Tribulations Regeneration Technique would experience a tribulation for every levelling up!

However, the first six tribulations were all blocked by a key skill support.

This time, Lu Benwei did not deliberately trigger the One-Click Skill Support. He was brewing something in his heart.

“Boom!”

“Lu Benwei, come out and die!”

A thunderous voice came from the sky. The Zhu family had arrived first!

“Boom!”

Zhu Haixian flew to the top of the clouds and released the divine sense of a level-90 expert. It was extremely overbearing and suppressed the entire city!

Many ordinary people could not take it anymore. They screamed and bled from their seven orifices.

“Everyone from the Zhu family, wait!”

Ha Cheng flew into the sky and stood at the feet of the Zhu family. “Patriarchs of the Zhu family, please calm down! I know you have a grudge against Lu Benwei, but the people of Ha City are innocent! I hope that your subordinates will show mercy and let the people of Ha City off!”

In the Zhu family’s team, a person’s eyes shot out cold electricity. He opened his mouth and spat out a powerful beam of light, sending Ha Cheng flying!

“The people of Ha City are innocent. Aren’t the people of my Zhu family who died at Lu Benwei’s hands innocent?”

This person was called Zhu Haiba, and he was also a level-90 king tier from the Zhu family!

“The deceased has passed away. Please accept my condolences to the Zhu family!” The city leader of Ha City coughed up a large mouthful of blood.

“It’s not like your father died. Of course, you can talk nonsense here!” Zhu Haitian shouted, “I’ll give you ten minutes to find Lu Benwei’s whereabouts. Otherwise, if you help Lu Benwei hide, your head will fall to the ground!”

Faced with the Zhu family’s powerless request, the city leader clenched his fists and said angrily, “Zhu family, don’t go too far. With me around, don’t even think about causing trouble in Ha City!”

“Rumble!”

Another loud bang came from the sky as someone pierced through the void and descended!

It was the Qi family!

Both sides had a deep hatred for Lu Benwei, and with just a glance, they immediately became allies!

On the other side of Ha City, the Yan family quietly penetrated the void and hid in an unfinished building in Ha City.

Chapter 549 Lightning Tribulation

The experts of the Zhu and Qi families gathered in Ha City.

There were more than 100 level-60 players, more than 50 level-70 experts, and more than 20 level-80 experts! There were five level-90 king tiers!

There were even army hunters following them, assisting the Zhu and Qi families in hunting Lu Benwei! In total, there were more than a thousand of them, all of them just to suppress Lu Benwei!

If the hidden Yan family was included, this number would be even more terrifying!

Ha City’s mayor’s eyelids twitched as he gasped. “Everyone, I know that you have a grudge against Lu Benwei, but this is the Dragon Kingdom. We must abide by the law!”

The Qi family’s king-tier hunter was furious. He waved his hand, and the elements of wind and lightning moved together, attacking the city leader of Ha City! The city leader of Ha City coughed up a large mouthful of blood and flew backward.

Then, the Qi family’s king roared, his voice resounding throughout the entire city. “Lu Benwei, come out! Aren’t you a busybody? I’ll count to three. If you still don’t come out, I’ll kill a hundred people randomly every ten seconds!”

The citizens of Ha City were terrified, and many of them fainted.

“Three!”

The voice of the Qi family’s king resounded throughout the entire city.

The citizens of Ha City were all panicking. Many people wanted to escape from Ha City!

“Be careful, Lu Benwei might be among them and escape Ha City!” someone from the Zhu family said.

“We should lock down the entire city!” Someone suggested.

The Zhu and Qi families’ armies immediately sealed off all the exits of Ha City.

At this moment, Ha City had completely become a besieged city!

“Two!” the Qi family’s king roared again.

“How despicable!”

“The eight great families are lawless!”

“Are we just going to let them eat us like fish?”

Many hunters in Ha City were furious and wanted to fight their way out.

Soon, the people of Ha City who resisted the Zhu and Qi families, the temporary coalition army, were beaten by Zhu Haixian.

“One!” the Qi family’s king roared.

“Go, kill a few people for fun!” another king of the Qi family ordered.

The eight great families believed that their ancestors were peak level-99 kings and had contributed greatly to the fight against the monsters.

The current peace in the Dragon Kingdom was all thanks to them. Therefore, the members of the eight great families were arrogant and looked down on all the people of the Dragon Kingdom! The lives of ordinary people were like ants in their eyes.

“Eh, the Zhu and Qi families aren’t ashamed. They vented their anger on the commoners!”

Just as the Zhu and Qi families were about to start a massacre, mocking voices came from the ground.

Everyone looked in the direction of the voice. Someone in the Qi family’s team was angry and afraid!

“It’s that old man!”

On the ground, the old beggar made faces at the eight great families in the sky, full of provocation.

Once, in Tianjin, Lu Benwei and Qi Tianci, the head of the Qi family’s branch family, had offended the Qi family.

The Qi family dispatched their troops in two different directions. One of them was to clean up Qi Tianci’s mansion and all the people related to it. In the end, he met an old beggar in front of the Qi family’s residence.

The old beggar's divine might was peerless, and he was incomparably brave. The Qi family, which had a level-80 mighty figure guarding it, could not do anything to the old beggar.

Moreover, the old beggar had fought with his body from the beginning to the end, leaving a psychological shadow on many of the Qi family members.

"So, it's this old fellow. I'll go and meet him!"

One of the Qi family's kings launched a heavy punch.

Qi Wen also understood this matter. He was worried that the old beggar was a king who had not shown himself and had ordered half of the Qi family to chase after him!

The Zhu family also learned about the old beggar and the Qi family's past.

"Since this person is related to Lu Benwei, he's also our enemy!"

"Zhu Haiba, you should bring some people along too!"

Zhu Haiba, the other level-90 king of the Zhu family, responded and chased after the old beggar with the Qi family.

"Rumble!"

The Qi family's king was the first to attack. He was a third transition archer who had the ability to pierce through a tree within a hundred steps!

"Whoosh!"

The Qi family's king shot out an arrow that tore through the void. It was extremely powerful.

All the tall buildings that he passed by collapsed, and smoke and dust rose into the sky, covering half of Ha City!

The old beggar's steps were mysterious, and the land seemed to shrink to an inch. In just a few seconds, he had crossed 50 blocks.

He turned around and saw that only half of the people had caught up to him. He shouted, "Zhu family, Qi family, aren't you looking for Lu Benwei? If you have the ability, come with me!"

When the remaining Zhu and Qi families heard this, they all gave chase!

Not long after, the old beggar led the Zhu and Qi families to the outskirts. The area within a thousand miles was filled with plains, and there was hardly anyone.

"Where's Lu Benwei?"

The Qi family's king shot out an arrow. Wind and thunder moved together, destroying the world, and piercing through the earth.

The old beggar's sea of qi was boiling violently. Qi was erupting from his body like a storm, and it had unparalleled power.

"Boom!"

The power of wind and lightning clashed with the old beggar's qi in an earth-shattering manner. The sound of wind whistled, and thunder rolled down. A vast expanse of whiteness was shocking!

"Where's Lu Benwei?!" Zhu Haixian and Zhu Haiba, the kings of the Zhu family, shouted in unison. At the same time, they attacked with a skill that could dominate the world!

With a flip of their hands, endless killing intent pressed down. Each beam could pierce through the void like a surging river!

The totem of the Zhu family, the Flying Snake, appeared at the same time. On its huge body, the sharp scales that were like swords opened and closed, and then closed and opened again, emitting a cold light.

The Flying Snake dragged its huge body deep into the ground like a moving mountain, instantly blocking the old beggar's path of retreat!

"Damn it!" The old beggar cursed in his heart. "Brat, I can't hold on any longer. How long are you going to wait?"

A layer of white armor appeared on his body, and three skills that could kill the world came at the same time. The power was torrential, and it almost killed the old beggar!

With the help of the Heavenly Light Shield, the old beggar was able to neutralize most of the damage.

Then, he waved his fists, and boundless divine power shot out from his sea of vital energy. With every punch, thunder rolled down.

"Boom!"

"Boom!"

"Boom!"

The old beggar punched out three times in a row. Each punch was overbearing and covered with divine power!

The three skills of Slaughter Against the World were obliterated and no longer existed!

However, at this moment, the Zhu and Qi families' attention was no longer on the old beggar.

"Lu Benwei, you're finally out!"

The Zhu and Qi families raised their heads and looked at the figure on the top of the clouds.

The Nascent Soul Fruit on Lu Benwei's head gave off pure energy. His expression was cold as he stared coldly at the Zhu and Qi families.

"Lu Benwei, you killed so many people from my Zhu family. You should be punished by the heavens!"

"Lu Benwei, you killed my son and daughter. I swear I'll bury you with them!"

The eyes of the Zhu and Qi families were red as they wanted to take down Lu Benwei in one fell swoop.

"I told you, you forced me to do this!" Lu Benwei's expression was cold.

“If you want to kill me, you have to live first!”

“Rumble!”

The sound of thunder exploded in their ears. Everyone focused their eyes and turned pale with fright.

Some people came back to their senses. Why was Lu Benwei hiding on the top of the clouds?

Chapter 550 Escaping

Lu Benwei stood on the top of the clouds. The Nascent Soul Fruit above his head scattered wisps of pure energy, nourishing Lu Benwei’s soul origin.

The dual bloodline circulated, and the power of light and the power of darkness fused, producing the most primitive power of chaos.

Lu Benwei’s body was like glass, like a divine weapon of the celestial heavens.

“Lu Benwei, surrender your head!”

The hatred between him and the Zhu family was the deepest, and his eyes burned with anger.

“Go!”

The Zhu family’s elite launched a world-shocking attack. Boundless energy churned the seas and rivers, wanting to tear the world apart!

Lu Benwei chanted the seventh tribulation of the Nine Tribulations Regeneration Technique. The Nascent Soul Fruit trembled and let out the cries of a baby.

“Rumble!”

Above Lu Benwei’s head, lead clouds gathered, and thunder rumbled.

At this moment, the seventh tribulation had arrived. It was going to reconstruct Lu Benwei’s body and soul!

Only after passing the seventh tribulation could Lu Benwei truly learn the essentials of this supreme divine technique.

“Rumble!”

The lightning struck down and directly hit Lu Benwei.

In just the first strike, Lu Benwei’s skin was torn open! The second strike of lightning and the Zhu family’s combined attack came together, and its power was terrifying beyond compare!

Lu Benwei circulated the sixth tribulation of the Nine Tribulations Regeneration Technique and resisted this monstrous attack with all his might.

The light between heaven and earth was dazzling. A vast expanse of whiteness drowned everyone.

“Rumble!”

Many people were also drowned by the seventh tribulation lightning of the Nine Tribulations Regeneration Technique, exploding until their skin and flesh were torn apart.

“Not good, Lu Benwei wants us to help him resist the tribulation lightning of this supreme healing technique!”

There were many experts in the Zhu and Qi families, and they quickly regained their senses.

When a supreme divine skill was being upgraded, it was often intolerable by the world and would cause tribulation lightning to descend.

It was the same for the seventh regeneration technique! This was also why Lu Benwei had to hide in the clouds!

An endless sea of lightning rolled down. True lightning imbued with the laws of heaven and earth fell, its power incomparably overbearing. The level-80 expert could not resist it and was struck until he covered his head and fled like a rat.

The level-90 kings of the Zhu and Qi families were not doing well either. They were almost at the peak of humanity, but when faced with the true lightning that descended from heaven and earth, they were blasted into pieces in a short while!

Not to mention those level-70 experts, half of their bodies had been blown away by the thunderbolts. They were badly mutilated and emitted an unpleasant burnt smell.

Screams and curses rose and fell. Many people chose to bite the bullet and end Lu Benwei!

However, the level-90 experts of the Zhu and Qi families stopped them.

“Don’t panic, let’s retreat first!”

“Lu Benwei won’t be able to live long under this sea of lightning.”

In the middle of the sea of lightning, Lu Benwei’s body had been destroyed, leaving only a skeleton struggling to hold on.

The sixth tribulation was activated. Just as he condensed his physical body, it was blasted apart by the true lightning again!

“Rumble!”

Like the thunder of the divine drum of the celestial heavens, an even more powerful true thunder was about to arrive.

The level-90 kings from the Zhu and Qi families felt their scalps go numb. “Retreat temporarily and stay away from Lu Benwei!”

However, as soon as they finished speaking, Lu Benwei’s skeleton pressed down on them with an endless sea of lightning.

“Lu Benwei, don’t drag us into your death!” Zhu Haixian cursed angrily.

“Boom!”

A bolt of true lightning descended and directly exploded one of her arms!

Even the level-90 kings were the same, let alone the level-70 experts who followed them. They were all blown into pieces, leaving behind a charred black powder that scattered in the air

Lu Benwei took out the Bronze Temple to help him resist the lightning from the laws of heaven and earth caused by the seventh tribulation!

Cultivating the Nine Tribulations Regeneration Technique would allow one to reach a state where one's soul would not die and one's body would not perish!

How could the laws of heaven and earth tolerate the Nine Tribulations Regeneration Technique?

This was also the original intention of the "tribulation" of the Nine Tribulations Regeneration Technique!

Once he finished cultivating the seventh tribulation, Lu Benwei would be able to repair his damaged soul origin.

These bolts of tribulation lightning also struck Lu Benwei's soul! In his spiritual sea of consciousness, the thunderclouds in the sky were rolling endlessly.

The Six-tailed Crocodile hid in the Bronze Temple and shivered. "Big Brother, before you die, you have to let us out! I'm so scared!"

The Blood Monster sat cross-legged with a calm expression.

"Don't move. This is the true lightning from the laws of heaven and earth. It's very beneficial for cultivation! If you can resist it, your soul power will also be greatly enhanced!"

The Bronze Temple and Lu Benwei were one.

The Blood Monster and the Six-tailed Crocodile were hiding in the Bronze Temple, so they could be affected by the outside world.

The last time in Canglong City, the Blood Monster's strength had also increased a lot because Lu Benwei had absorbed the power of the stars.

This time, the true lightning descended, and the Blood Monster also planned to enjoy the process.

The Six-tailed Crocodile was helpless. He patted his belly and imitated the Blood Monster.

"Rumble!"

The sacred hall was struck by the true lightning that struck the source of the soul, and it sounded like a bell that had been rung for thousands of years.

It was as if it had come alive. It floated above Lu Benwei's soul origin and allowed the lightning to strike it!

"Rumble!"

The Bronze Temple helped Lu Benwei bear most of the lightning. The insects and monsters on the outer wall, the sun, the moon, the mountains, and the rivers seemed to have come alive at this moment, all emitting wisps of divine light.

The bronze rust fell off, and the entire Bronze Temple seemed to have been washed away by water, emitting a bright and resplendent glow.

The Blood Monster and the Six-tailed Crocodile walked out of the Bronze Temple and faced a small portion of the lightning.

However, Lu Benwei and the Zhu and Qi families outside were not so lucky.

Lu Benwei's bones were almost scattered, and his flesh was a mess.

The level-70 experts of the Zhu and Qi families fell one after another, while the level-80 experts were heavily injured and badly mutilated.

Zhu Haixian and the other level-90 kings escorted the two family heads away from this place!

The Zhu family's head and the Qi family's head were in a sorry state, and they were so angry that they cursed the entire way.

"Motherf*cker, is there no way to suppress this beast?"

"It's not like there aren't any!" Zhu Haixian said.

"Attacking Lu Benwei's body is useless now. I must attack his soul!"

"Then hurry up and go!" Qi Wen said impatiently.

"But what about you guys?" The Qi family's level-90 kings were worried that without their protection, the family heads would be struck by lightning and their souls would be destroyed!

"Don't worry about us. If Lu Benwei lives, he'll be a disaster. We must kill him as soon as possible!"

Zhu Haixian nodded and prepared to kill Lu Benwei with the Qi family and the other level-90 kings!

However, at this moment, Lu Benwei suddenly changed direction.

...

"How terrifying! Zhu Haixian and the others can't do anything to Lu Benwei!"

"Fortunately, we were the ones who watched the tigers fight. Otherwise, our Yan family would've suffered a heavy blow today!"

In an unfinished building on the outskirts of Ha City, everyone from the Yan family was secretly glad that they had made the right decision.

However, in the next second, someone from the Yan family shouted, "Second Master, why do I think Lu Benwei is coming toward us?"
