

## Dungeon 561

Chapter 561 Ice Mountain River!

Lu Benwei's divine might was unparalleled. It was as if he was possessed by a divine general as he killed his way out of a vacuum zone.

Seeing how brave Lu Benwei was, the crocodile patted his belly. "My big brother has the potential of a king!"

In the next second, he was flipped over by a strange creature who had charged to his side. If it was not for the Blood Monster and the old beggar, he might have been cut open by the strange man.

"Fool, be careful! You won't be so lucky next time," the Blood Monster kicked the crocodile's butt and said.

The Six-tailed Crocodile flew into a rage out of humiliation and used Lu Benwei's amplification skill to activate the forbidden power of the monster bloodline.

!!

In an instant, the golden crocodile emitted a dazzling white light, and its body became as tough as a diamond.

"Boom!"

A shocking demonic light shot out, creating a vacuum.

The Six-tailed Crocodile, the old beggar, and the Blood Monster became braver, helping Lu Benwei to hold back a large number of enemies.

Not long after, the crocodile sent a piece of good news.

"Haha, I killed and robbed the other golem! The Ice Lotus is with him!"

At this moment, a demonic sound pierced through the sky. The blood-red monster was reborn from blood!

All the strange creatures let out a strange cry and no longer entangled themselves with Lu Benwei and the others. They flew to the side of the blood-red monster.

They performed a great fusion and increased their combat strength in front of Lu Benwei and the others.

"Not good!"

Lu Benwei revealed a strange expression. He wanted to stop them from fusing into one! However, this great fusion was too fast. When Lu Benwei attacked, it was already nearing the end.

"Boom! Boom! Boom!"

...

Lu Benwei did his best and punched out the Star Shattering Fist. The power of the stars poured out like a galaxy and pressed down on the blood-red monster.

“Rumble!”

The world trembled under this attack. The aftershock shattered the mountain range, leaving only the main peak standing on the ice field.

The old beggar and the others felt their scalps go numb, and they could not help but vomit.

“Damn it, are these monsters born from the same mother? Then how ugly would their mother be?”

The blood-red monster man opened his eyes and glanced at the crocodile coldly.

“Puff!”

The Six-tailed Crocodile felt a shocking power that could destroy everything aimed at him. Just as he turned his body, he was attacked by this power, and half of his body exploded into blood foam.

Lu Benwei was shocked. The combat strength of the blood-red monster man had been greatly improved.

The crocodile spat out blood and asked in fear, “How many levels has this guy’s strength increased?”

“He has probably reached level 95!” Lu Benwei said as the Eye of Insight roughly estimated the combat strength of the blood-red monster man.

Everyone’s heart trembled. After reaching level 90, every increasing level was a new realm. There was an insurmountable gap between levels.

For example, the level-90 kings from Zhu Qiyang’s family, the three families combined might not even be as powerful as a single finger from Chu Tianxiong.

The situation was the same now.

The blood-red monster man that had just appeared was probably only level 90. Lu Benwei could still deal with him. Now that his combat strength had reached level 95, a single glance from him was a great killing technique!

“The three of you, come back quickly!”

Lu Benwei summoned the Bronze Temple and instantly appeared in front of the three of them.

“Big Brother, what about you?”

The crocodile refused to leave Lu Benwei alone and refused to enter the Bronze Temple.

“You can’t even protect yourself. Stop talking nonsense!”

The Blood Monster kicked him in. After telling the old beggar to be careful, he went in.

Lu Benwei did not dare to be careless. With a thought, he put on his armor.

[Mad Demon Furious Dragon Battle Armor +10]

[Equipment Effect: Power of the Mad Demon Raging Dragon]

[If his strength was above 50 percent, his four attributes would be increased by 300 percent. If one's strength was below 50 percent and above 20 percent, the four-dimensional attributes would receive a 500 percent bonus.]

[Your strength has dropped below 20 percent. Your four-dimensional attributes have increased tenfold!]

Facing such an expert, Lu Benwei was determined to die! His expression was extremely cold as his dual-origin bloodlines fused in his body. It was as transparent as glass and emitted a chaotic light with divinity!

“Kill them!”

Lu Benwei shook his wrist and swung the Ancient Sword of Clarity.

The blood-red monster man sneered, and a shocking beam of light shot out from his eyes.

“Kacha!”

Lu Benwei's hard body let out a cracking sound, and then a large amount of Chaos Divine Blood splashed into the sky.

The beam of light was like a sword, instantly cutting Lu Benwei in half. Lu Benwei felt the pressure.

However, when he thought about how the old beggar, the crocodile, and the Blood Monster would die on this icy field after his death, he regained his determination to kill the enemy!

“Myriad Thunder Skill!”

This was Lu Benwei's strongest technique! The power of destruction was mixed with endless lightning as it fell from the sky, turning the mountain range into a sea of lightning.

However, the effect was negligible. The blood-red monster man slowly walked under the endless sea of lightning.

“Humans, it was you who stopped us a hundred years ago. This time, we won't fail!”

The blood-red monster man's eyes were dark as he roared angrily.

Lu Benwei was shocked. What happened a hundred years ago? What was the background of this monster clan?

The blood-red monster man did not have time to think about these questions. He opened his mouth and let out a demonic sound!

This was the power that shook the soul. Lu Benwei's soul origin began to shatter under this demonic sound! Lu Benwei's eyes turned blood-red, and his head was about to explode!

Under the torture of extreme pain, Lu Benwei squeezed out a trace of consciousness and chanted the Nine Tribulations Regeneration Technique to repair his broken soul!

“You really do have the power of the law of life!”

...

The blood-red monster man kept shouting like a child who had discovered a secret base.

“As the legend says, this planet is...”

Before he could finish, the blood-red monster man’s voice stopped abruptly as if he had figured out why Lu Benwei had supreme healing divine power.

“You lied to me. You used a spell to simulate the power of the law of life!” The blood-red monster man roared.

Lu Benwei only knew a little.

After learning that the Nine Tribulations Regeneration Technique simulated the power of the life stigma, the blood-red monster man mistakenly thought that he had mastered the power of the law of life.

The blood-red monster man laughed in anger. His sharp claws cut through the void and exploded with destructive power as they pressed down on Lu Benwei.

This was the final blow to Lu Benwei!

Lu Benwei gritted his teeth and was about to use his strongest trump card!

However, at this moment, his glabella flashed, and the Ice Lotus flew out.

Then, a cold voice sounded. “Ice Mountain River!”

Chapter 562 Settling the Score

The figure of the Snow Lotus Seed appeared and blocked in front of Lu Benwei. She had a slim figure and a graceful posture. The cold wind blew against her clothes, making them flutter.

“Ice Mountain River!”

The Snow Lotus Seed held the Ice Lotus in her hand, and the ice element bloomed at this moment.

A rolling ice river evolved in the sky and rolled down. Everywhere it went, the world returned to silence.

She had fused with the Ice Lotus and with the purest ice element power. Even she could not escape the fate of being frozen.

The blood-red monster man and his world-destroying attack were frozen, and his hateful face was filled with malevolence.

“Thank you!” Lu Benwei said in disbelief.

The battle ended too quickly and unexpectedly. However, he quickly reacted after a moment.

The Ice Lotus gave birth to her, and it was the source of power for the Snow Lotus Seed. Not only could it suppress her, but it could also provide her with eternal power.

A moment later, Lu Benwei released the old beggar, the Blood Monster, and the Six-tailed Crocodile. When they learned that it was the Snow Lotus Seed that saved them, they were all filled with emotions.

However, a new problem arose. Their goal was to obtain the Snow Lotus Seed.

Now, the combination of the Snow Lotus Seed and the Ice Lotus could kill a level-95 king with just a wave of her hand.

Even if Lu Benwei and the others risked their lives, they would not be able to take the Snow Lotus Seed.

“This...”

The four of them looked at each other. After some discussion, they could only choose to return home.

Lu Benwei only had a few questions he wanted to ask the Snow Lotus Seed.

“Senior!”

Lu Benwei came in front of the Snow Lotus Seed and called his senior after thinking for a while.

The Snow Lotus Seed did not move and coldly glanced at Lu Benwei.

“Speak...”

Lu Benwei shivered inexplicably and asked, “What are these monsters? Why are you so obsessed with the things in this ancient castle?”

However, the Snow Lotus Seed only replied that she did not know and sent Lu Benwei away.

“Senior, can I enter this castle?” Lu Benwei was surprised.

“Senior, do you want to guard this place?”

The Snow Lotus Seed did not reply. She glanced at Lu Benwei before disappearing from Lake Island.

The crocodile smiled slyly and rubbed his hands together. “She said she won’t let us in, so we won’t go in?”

After saying that, he hurried to the gate of the castle. In an instant, an extremely cold air descended from the sky, freezing him from head to toe. He did not even have the chance to retaliate.

Lu Benwei and the others were shocked and dismissed this thought.

...

Then, the three of them waited here for a full seven days and seven nights. In the end, it was Lu Benwei who found the Snow Lotus Seed and asked her to remove the ice on the crocodile’s body.

“Damn, this old woman...” After the crocodile was revived, the first thing he said was to curse.

Lu Benwei and the Blood Monster attacked together and beat up the crocodile to prevent it from being frozen again.

After everything was done, Lu Benwei and the other three set off on their return journey.

After walking for about two days and one night, the four of them were about to leave the mysterious mountain range.

Along the way, everyone summarized their gains. The Blood Monster and the Six-tailed Crocodile had both leveled up. Lu Benwei had also risen from level 60 to level 63.

“Big Brother, how many moves do you need to deal with level-70 humans or monsters?”

“Maybe just one punch,” Lu Benwei said.

“Don’t you need any buffs?”

“No need. An ordinary punch will do,” Lu Benwei said indifferently.

The three of them were shocked and called Lu Benwei a pervert.

“Then what about those above level 70 and below level 80?”

“I probably need to use my strengthening skill. If I encounter a prodigy like me, I need to use my full strength.”

“Level 80?!”

“Level 80 is probably a little difficult but defeating them shouldn’t be a problem.”

The crocodile and the Blood Monster were so shocked that they could not speak.

Lu Benwei could no longer be described as a pervert. They could not treat him as a human at all!

The old beggar sighed repeatedly. “I wanted to take you as my disciple and pass on ancient martial arts. But ancient martial arts aren’t of much use to you.”

Lu Benwei smiled embarrassedly. The Six-tailed Crocodile slapped his belly when he heard that. “Old sir, what do you think of me? I feel that my bones are very exquisite, and my meridians are smooth. I’m a great talent for practicing martial arts!”

“Get lost. My motto is to pass on my teachings to men and not to women. You’d better give up on this idea.” The old beggar sat on the crocodile’s back and knocked on his head.

The crocodile humphed in dissatisfaction and moved forward.

“I’ll teach you a few things.” The old beggar narrowed his eyes. “Let’s talk about it when we get back.”

When the crocodile heard this, he forgot that Lu Benwei and the other two were still on his back and rolled around excitedly.

The three of them could not help but fly into a rage. They pressed down on the crocodile and gave him a beating.

...

After half a day, Lu Benwei and the other three finally walked out of the secret realm.

The Six-tailed Crocodile shouted happily and then asked, “Big Brother, what do you plan to do next?”

Lu Benwei sighed. This trip was fruitless, and he even lost the Ice Lotus.

“Let’s go back to Ha City first. I have a debt to settle.”

“Alright!”

The moment the crocodile finished speaking, he shuddered.

The three people on his back were almost shaken off by him. The Blood Monster cursed angrily, “Idiot, what are you doing now? Your skin is itching again, right?”

“It really has nothing to do with me!” the crocodile wanted to cry but had no tears.

“I just turned around and saw that old woman looking at us!”

Everyone turned around and saw the Snow Lotus Seed standing proudly on the peak of the mountain. Her temperament was as cold as this world of ice and snow. Her green clothes and icy blue hair danced in the wind, making her look like an immortal. She was the snow lotus of this mountain range, peerless and aloof.

The crocodile was very afraid of her and quickened his pace. Soon, the Snow Lotus Seed and the mysterious mountain range disappeared into the horizon.

...

A week later.

In Ha City, loud laughter came from the building of the Liu family group.

“Haha! Lu Benwei went to the ice field! That’s a land of death. They’ll freeze to death on the ice field sooner or later!”

Liu Yao sat in his office with his legs crossed. He had provided information on Lu Benwei to the Zhu, Qi, and Yan families. His family business had received investments from the three families, and it seemed to be surpassing Gao Shengqiang.

More importantly, the Blood God Lotus had fallen into his hands. Although he had never heard of such a divine item, the aura it emitted made him believe that its value far exceeded the Nascent Soul Fruit. It would be of great use in the future!

“Brother Yao, you said that the divine lotus has a strange fragrance. Those who smell it can stay young forever. Let us have a look.”

Liu Yao, who had won a great victory, was so pleased with himself that he was surrounded by birds and swallows these days.

A young lady with big boobs in a nurse’s uniform was lying on Liu Yao’s thigh, her eyes constantly winking at him.

Chapter 563 Return

Liu Yao’s office was very simple. It was located on the top floor of the second tallest building in the downtown area of Ha City.

One side of the office wall was made entirely of glass, and one could overlook the entire central business district by leaning against it.

However, at this moment, the huge floor-to-ceiling window was firmly covered by thick black curtains, and the office was dark.

The nurse was wearing white knee-length socks. She looked at Liu Yao affectionately. The two of them were very close to each other and could feel each other's body temperature.

Liu Yao swallowed his saliva and felt a little restless.

"Brother Yao," the nurse said sweetly.

Liu Yao was completely defeated by her. He smiled and said, "I'm really afraid of you little vixen... But this Blood God Lotus is too precious."

"Brother Yao!" The nurse threw herself into Liu Yao's arms and drew circles on his skin with her jade-like hand.

Liu Yao's eyes widened. In the end, he was still a rich second-generation heir. Compared to ordinary rich playboys, other than having good talent, he was also a little more scheming.

Liu Yao chuckled and looked down. A ravine appeared in front of his eyes, and it was a vast expanse of white.

"Yes, yes, but..." Liu Yao gestured with his finger and gave a meaningful look.

"You're so annoying!" the nurse complained as she gently punched Liu Yao's chest.

Liu Yao tidied his pants and took out the Blood God Lotus from his storage space. The moment the Blood God Lotus appeared, everyone in the room was dazed.

A blood-red lotus bloomed like a dancing flame spirit. The refreshing fragrance was extremely rich. In a trance, he seemed to see a peerless beauty waving her intoxicating long hair in the fiery red sea of flowers.

"So pretty!"

The nurse could not help but cover her mouth.

"No matter how beautiful she is, she can't be as beautiful as you!" Liu Yao hugged her from behind, and his other hand began to move.

The young lady turned her face and her warm breath hit Liu Yao's face. "Brother Yao, are you saying that I'm pretty or the flower is pretty?"

"You're all pretty!"

A deep voice suddenly came from the room, breaking the ambiguous atmosphere.

The two of them were shocked. Liu Yao hurriedly pushed the young lady away.

"Who is it?"

Liu Yao held his pants tightly with one hand and protected the Blood God Lotus with the other.

"F\*ck, idiot, didn't you say that you'd only allow it to come out after I gave the order?"

The Blood Monster came out from another curtain and complained about the giant crocodile. He was tall and fit perfectly behind the thick curtains.

At the same time, the human-like crocodile crawled out from another curtain. The long crocodile mouth and terrifying face instantly scared the young lady into fainting.

“Who are you?” Liu Yao questioned angrily.

“You just said Lu Benwei. Are you Lu Benwei’s war monsters?”

The Blood Monster and the Six-tailed Crocodile both retained the characteristics of monsters. The possibility of monsters sneaking into his office was very low.

Therefore, Liu Yao suspected that they were Lu Benwei’s war monsters.

The Blood Monster pondered for a while and said indifferently, “You can understand it that way.”

“Where’s Lu Benwei?” Liu Yao glared at the two of them and chanted a skill chant in his heart.

“Blood Seal!” The Blood Monster snapped his fingers.

This was a skill that had a magic suppression effect. It was achieved through the control of blood.

Liu Yao suddenly felt the blood in his limbs began to boil. His blood rushed to his brain. The chants that he had prepared disappeared instantly. Liu Yao covered his neck and knelt on the ground, struggling.

“You, what are you doing?”

Liu Yao panted heavily.

“If a war monster kills someone, its master will be punished as well!”

“Don’t worry, we’re only following Lu Benwei’s orders to take back what belongs to him.” The Blood Monster stepped forward unhurriedly and took down the Blood God Lotus that was suspended in the air.

Smelling the fragrance of the Blood God Lotus, the Blood Monster said, “The essence of heaven, earth, and man has been condensed into one. In another hundred years, this Blood God Lotus will probably be able to take on a human form like the Ice Lotus.”

“Where’s Lu Benwei?” Liu Yao was furious. He had no way to resist the Blood Monster and the crocodile.

“My big brother said that you’re not worthy of his help.”

The crocodile snorted and patted his belly. Then, he walked out of the office with the Blood Monster. The two of them transformed into human forms and did not attract much attention when they walked out.

Liu Yao could hear the two bickering in the office.

“Fool, I told you to listen to my orders. Why are you in such a hurry? Don’t think I don’t know what you’re up to!”

...

Jiangbei District of Ha City.

This was the industrial urban area of Ha City, and the living environment was harsh.

Most of the people who lived here were ordinary people or people with occupations on the edge.

There were also some casual hunters and old hunters who had been eliminated. They were almost forgotten by society.

Old Li was one of them.

“Yo, Old Li is here!”

“Old Li, I haven’t heard you tell me the story of you plucking the peerless Pure White Lotus.”

In a run-down tavern, a group of people laughed as they looked at Old Li who walked in. He was the old hunter who had auctioned the Pure White Snow Lotus in the trading center.

Once, as a hunter, Old Li was in high spirits back then.

However, as he got older, his strength declined, and the old injuries that he had risked his life to leave behind in the early years relapsed. Old Li had lost his former glory.

“Don’t say anymore. It’s already been snatched away by others.”

Old Li waved his hand, unwilling to be mentioned by others.

Everyone laughed out loud. “Old Li, what do you mean by snatched away? It was clearly scammed!”

They all knew what had happened at the trading center that day.

Later, Lu Benwei stood up and spoke up for Old Li. He would help him get back what belonged to him.

However, after nearly twenty days, the Snow Lotus had long disappeared.

“Old Li, you’re just a kind-hearted person. You dare to trust anyone.”

“If it was in the hands of the Gao family, it would be fine. Everyone could help you get justice, but now, even its shadow is gone!”

Everyone took this matter and teased Old Li again. Old Li was a little unhappy, but there was nothing he could do. In the end, he sat quietly in his seat and drank tea alone.

“Excuse me, is old man Li Zhong here?”

An uninvited guest came to the dilapidated tavern. The clothes he was wearing were very clean and did not fit in with the dilapidated tavern.

Everyone was shocked. The young man in front of him looked like he was only 18 or 19 years old, but he had a high-spirited temperament.

“I am.”

Old Li, who was sitting in the corner, did not raise his head. He only took a quick glance.

Lu Benwei was very excited when he saw Old Li. "I've finally found it! A cheque for 15 million yuan is ready!"

Chapter 564 Big Storm in Dragon City

Spring was in full bloom in Dragon City at the beginning of April, and the streets were filled with flowers.

However, a sudden cold wave swept through Dragon City last night.

A heavy snowfall fell, and the snow covered the tree branches, presenting a beautiful scene of "snow trees and silver flowers adorning the branches".

At the same time, a piece of news blew up half of Dragon City!

Lu Benwei, who had once humiliated the eight great families in Dragon City, had returned! For a moment, this news shocked the upper and middle class of the entire Dragon City!

"Lu Benwei still dares to come back?"

When Wang Qiaochu heard this news, his vision went black.

"Is the news true?" he asked the servant.

"Yes, he has returned to the dormitory. It's the dormitory next door to ours."

The servant's answer made Wang Qiaochu shudder and immediately covered his mouth.

"Why did he come back?" Wang Qiaochu asked in a low voice.

"I think he's going to pack his things and return to Jiangzhe Hunter University, right?" the servant replied.

"Can he go back to Jiangsu and Zhejiang?" Wang Qiaochu's eyes were dazed as he said faintly.

At the same time, Lu Benwei was packing his luggage in the dormitory next door.

Chu Yan had already returned to Jiangsu and Zhejiang Hunter University and was now training in a mysterious secret realm.

The old beggar and Lu Benwei came to Dragon City together and were helping Lu Benwei pack his luggage in his dormitory.

"Knock, knock."

There was a crisp knock on the door. Lu Benwei asked the old beggar to open the door.

"Who is it?" the old beggar greeted him as he opened the door of the dormitory.

"Little man, when did you come back?"

Qin Lianqing's magnetic voice echoed, and then she and the old beggar were stunned.

"Why are you here?"

Lu Benwei was very surprised. He did not expect Qin Lianqing to be the first one to come to him when he returned to Dragon City.

Qin Lianqing was wearing a black outfit today. She wore a white shirt with a small vest, and a black skirt that wrapped around her hips accentuated her curvaceous figure. Her slender legs were wrapped in black silk, and her jade-like skin was faintly discernible.

Qin Lianqing's perfect face was wearing a pair of black-rimmed glasses, looking sexy and mature.

"Who's this old gentleman?" Qin Lianqing shifted his gaze to the old beggar.

Under his messy hair, his facial features were firm and strong, and his eyes were emitting a bright light. He must be a free and unrestrained person.

"A friend of mine!" Lu Benwei did not even raise his head as he packed his luggage.

"Hehe." The old beggar chuckled. "You two chat. I'll go to your school to take a look!"

With that, he left Lu Benwei's dormitory. Before he left, he did not forget to close the door of the dormitory.

Qin Lianqing pulled over a stool and sat down casually.

"Little man, are you packing to go back to Jiangsu and Zhejiang?" Qin Lianqing looked at Lu Benwei in confusion.

"Otherwise, if I stay here, I might be killed by the eight great families one day?" Lu Benwei teased.

"Then you still dare to come back openly?"

Lu Benwei ignored this mysterious woman and packed his luggage.

...

At the same time, in the Zhu family's meeting hall.

"Lu Benwei is back?" Zhu Haitian, the head of the Zhu family, said noncommittally.

"It's true. He's at Yanjing Hunter University now," the servant replied.

"Alright, there's a path to heaven that you don't want to take, but there's no door to hell that you come yourself..." Zhu Haitian's breathing quickened, and his gaze turned sinister.

Suddenly, he thought of how Lu Benwei had managed to escape from them several times, and how the Bronze Temple had dominated the world, causing his soul to tremble.

"Get the heads of the Qi and Yan families over. We'll discuss this together," Zhu Haitian ordered the servants after calming down.

A few days ago, when they went to Ha City to pursue him, Lu Benwei showed his might and caused the three allied forces to suffer a setback.

"Family head, since Lu Benwei is so difficult to deal with, should we invite the elders out?" The servant did not leave and asked Zhu Haitian.

“What?!” Zhu Haitian was instantly enraged. “Do we need to alarm an old man to deal with a little devil who just came out of the thatched cottage? Do you still think that our Zhu family has not lost enough face? Get lost!”

After sending the servants away, Zhu Haitian spat out a mouthful of anger.

“Lu Benwei, you’re my son’s enemy! My son should be the one to deal with you!”

...

“Little man, why don’t you follow me? My Qin family can make the decision and guarantee that we can resolve the enmity between you and the eight great families.”

Qin Lianqing teased Lu Benwei crazily. Before this, she had already said a lot of dirty words.

“Teacher Qin, if you have nothing else to say, you can go back first. You’re the teacher, and I’m the student. I’m afraid it won’t be good for a teacher to stay in the student’s dormitory for too long.”

“What bad influence?” Qin Lianqing’s long black legs alternated gracefully as he slowly stood up and walked to Lu Benwei’s side.

Qin Lianqing was 1.68 meters tall. She was wearing high heels, so she looked as tall as Lu Benwei.

“Little man, no matter what the consequences are, I’m not afraid.”

Qin Lianqing’s manicured fingers hooked Lu Benwei’s chin, and his eyes were like silk.

Lu Benwei shuddered and said, “You’re not afraid, but I am.”

At this moment, someone knocked on Lu Benwei’s dormitory door again. It was Li Tiancheng!

Qin Lianqing rolled his eyes and said in a low voice, “Little man, I’ll be leaving first. My offer to you will be valid forever!”

After saying that, she turned around and brushed past Li Tiancheng, who had just entered.

“Hello, Teacher Qin!”

Li Tiancheng’s greeting did not receive a response from Qin Lianqing.

“Teacher Qin, you’re still as cold as ever!” Li Tiancheng said in a disinterested manner.

Then, he placed the three lunchboxes on the table. He was the first person to know that Lu Benwei had returned to Dragon City, and he had also met the old beggar.

“Where’s that old gentleman?”

“He went to the campus to take a look.” After Lu Benwei cleaned up everything, he sat down and took out a pair of chopsticks.

“Oh right, I heard you say that Gan Yan also went back?”

Li Tiancheng also buried his head in his meal and started chatting with Lu Benwei.

“Yes, not long after you left Dragon City.”

“Don’t contact people like Gan Yan,” Lu Benwei said.

“Why?” Li Tiancheng was surprised.

“Do you remember which school he’s from?” Lu Benwei smiled mysteriously.

“Aren’t you from the Hei Province Hunter University?” Li Tiancheng blinked his eyes in confusion.

“That’s right. Next time you meet him, just attack him directly,” Lu Benwei said to himself and then put some rice into his mouth.

“What? Why?”

“Don’t forget where I went a few days ago,” Lu Benwei said.

“Ha City!”

“It’s a long story. I’ll tell you when I have the chance in the future,” Lu Benwei said indifferently, “By the way, do you really want to go with me to help the Furious Dragon Legion?”

#### Chapter 565 Meeting the Noble Madam Again

The day before Lu Benwei returned to Dragon City from Ha City, he made a special trip to Hei Province Hunter University.

The principals of the nine great hunter universities were all old friends, so they welcomed him warmly.

Lu Benwei went to the principal of Hei Province Hunter University to ask him to solve the problem of trespassing. The second was to look up information about Gan Yan.

After a conversation, Lu Benwei learned from others that Gan Yan was a second-year transfer student. However, no teacher at Hei Province Hunter University knew which school he came from.

After Gan Yan came to Hei Province Hunter University, he suddenly became a new force. He challenged the students who were originally scheduled to go to the Hunter University in Yanjing as exchange students.

!!

The talent he displayed had stunned everyone at that time. Therefore, Fu Yaya, who was also an exchange student, did not have a good impression of him.

All the information interweaved in Lu Benwei’s mind, and he sensed a doubt.

Gan Yan’s talent was excellent, and he would be admired by tens of thousands of people on his path as a hunter. It was not the honest and honest character that he had shown.

At the same time, he had just arrived at Hei Province Hunter University as an exchange student. As a second-year student, he had defeated a third-year exchange student. It was obvious that he was a proud person.

No one at Hei Province Hunter University knew where such a talented person came from.

...

After lunch with Li Tiancheng, Lu Benwei rushed to see Chu Bowen.

“Lu Benwei, I wish you a smooth future and become the pillar of the Dragon Kingdom!” Chu Bowen said in a deep voice when he saw Lu Benwei.

“Thank you, Principal Chu.” Lu Benwei bowed to express his gratitude.

He came here to ask Chu Bowen to stamp his exchange documents. This exchange student trip was about to end early.

Chu Bowen smiled faintly and took the document. Then, he took out his exclusive seal and blew hot and humid water vapor at the bottom.

“Bang!”

The big red seal was stamped on the signature column. Lu Benwei’s exchange student journey officially ended!

“Lu Benwei, I heard from Chu Yan that the two of you have agreed to go to the outer realm to help Commander Chu?”

Chu Bowen held his thick glasses. The gaze in his turbid eyes was very mysterious.

Lu Benwei did not deny it. According to various sources, Chu Tianxiong had been trapped in outer space for nearly three months. Otherwise, Chu Yan would not have agreed to the Zhu family’s request.

“The outer realm is very dangerous. Commander Chu’s location is known as the monsters’ lair. It’s an extremely ferocious place.”

“Your talent is outstanding. There are many places in the Dragon Country that can let you train. It can’t be because of Chu Yan, right?”

Lu Benwei pondered for a moment and said, “Yes...”

A trace of disappointment flashed across Chu Bowen’s face as he sighed softly.

“Not really,” Lu Benwei suddenly said.

“What do you mean?” Chu Bowen’s eyes lit up as he asked.

“Chu Yan is my best friend. Her father is in trouble. I have no reason to watch her suffer all this alone,” Lu Benwei said slowly, “At the same time, Commander Chu and the members of the Furious Dragon Legion are all heroes of the Dragon Country. They are the ones who guided me on the path of hunters! Commander Chu is in trouble. No one from the Dragon Country can sit still and wait for death!”

Lu Benwei personally witnessed the scene of the Furious Dragon Legion bravely killing the enemy. It was also at that time that Lu Benwei made up his mind to eliminate all the monsters in the world!

“Mrs. Wang, come out,” Chu Bowen said gratefully.

At this moment, the wooden door of the sunroom in Chu Bowen’s office opened.

A woman slowly walked in. She was wearing a pair of white high heels, which made clicking sounds as she stepped on the wooden floor.

For a moment, Lu Benwei did not know what adjectives to use to describe this madam. Mature? Intellect or tenacity?

Those beautiful characters were reflected on the noble madam's face.

Lu Benwei had only met her once at the Jinmen train station. Today, she was Chu Bowen's guest of honor.

"And you are?" Lu Benwei looked at her in a daze, thinking that this was too much of a coincidence.

"I'm Wang Yiruo, Chu Yan's mother."

Wang Yiruo's voice was very calm, but it was very special. It was like incense burning slowly on an incense burner.

"Hello, Auntie!" Lu Benwei was a little shocked.

All this while, he had never heard any news about Chu Yan's mother from her. Now, Wang Yiruo was standing in front of Lu Benwei, making him feel a little unnatural.

Wang Yiruo smiled and said softly, "I'm not surprised that you haven't heard Chu Yan talk about it. In her eyes, I'm an incompetent mother."

"Why?" Lu Benwei frowned and asked.

"Cough cough, Lu Benwei, Madam Wang called you here because she has something important to discuss." Chu Bowen cleared his throat.

Lu Benwei was naturally not stupid. He wanted to ask why?

Wang Yiruo waved her hand. "Principal Chu, it's okay. Those ridiculous things are all in the past. If the children want to know, it's good to tell them."

Then, Wang Yiruo told him about his past with Chu Tianxiong. The rumors of their love in the early years had caused a storm in Dragon City.

Lu Benwei also sighed endlessly. Fate was playing tricks on people.

"By the way, Auntie, may I ask? You said that you're from the Holy Angel Family, then what is your relationship with Wang Zining?" Lu Benwei asked curiously.

"I'm her aunt," Wang Yiruo said.

"I see!" Lu Benwei suddenly understood. No wonder Chu Yan and Wang Zining's relationship was not ordinary.

"Lu Benwei, I called you here to ask you something."

Lu Benwei's expression instantly froze. In the entire Dragon Country, Wang Yiruo's status was almost at the top. Lu Benwei was a junior who had just made a name for himself. What exactly was it that could make Wang Yiruo bend her body to Lu Benwei?

"Auntie, just say it!"

"Your journey to the outer realm is dangerous. I hope you can take this thing."

After Wang Yiruo said that, she signaled Chu Bowen with his eyes. Then, Chu Bowen took out a wooden box from behind him.

There were beautiful patterns carved on it, and a pair of lifelike cranes danced around the sun. In the center of the top of the wooden box, the Holy Angel Family's emblem was engraved, and it emitted a dignified aura.

"What's this?" Lu Benwei felt that this item was extraordinary at first glance.

"When you reach the outer realm, open it and you'll know." The corners of Wang Yiruo's mouth curled up, revealing a mysterious smile.

"Remember, you must go to the outer realm and open it yourself."

Lu Benwei nodded and thanked Wang Yiruo for her kindness.

Then, Wang Yiruo stood up and said, "As for the eight great families, I'll help you hold them off."

Then, she left Yanjing Hunter University.

"I won't keep you for tea anymore!" Chu Bowen stood up to send the guest off.

"Hurry up and leave. She alone can't withstand the pressure from the eight great families."

#### Chapter 566 Blocking

Lu Benwei left Chu Bowen's office. He immediately met up with the old beggar and Li Tiancheng.

The three of them did not stop and arrived at the center of Dragon City's teleportation array. After scouting around at the entrance, he discovered that the three great families had not set up any experts to intercept them.

Thus, the three of them immediately purchased the right to teleport to Jiujiang City.

"Lu Benwei! Stop!" Qi Wen, the head of the Qi family, suddenly shouted!

The voice of Zhu Haitian, the head of the Zhu family, also resounded through the clouds.

"Qi Wen, Zhu Haitian! Are you two still not giving up?" Lu Benwei's voice resounded throughout the world.

"You killed so many of our men. How can we tolerate you living in this world?" Zhu Haitian and Qi Wen shouted at the same time.

One of the eight great families, the Yan Family, had no blood feud with Lu Benwei, so they gave up on the idea of pursuing him.

Therefore, only the Zhu family and the Qi family were here today! They were aggressive! Level-80 experts covered the sky!

The prestige of a level-90 king turned into a physical form and fell toward Lu Benwei.

When the unrelated people on the ground saw the experts of the Zhu and Qi families arrive one after another, they all panicked.

“Lu Benwei is at the teleportation center, provoking the Zhu and Qi families?”

“The Zhu and Qi families want to kill Lu Benwei. I’m afraid we’ll be affected. Run!”

“Damn you, Lu Benwei. Why did you provoke the eight families for no reason? We’re going to suffer together with you.”

Soon, only Lu Benwei, the old beggar, and Li Tiancheng were left in the huge teleportation center.

Zhu Haixian, the level-90 king of the Zhu family, shouted, “Lu Benwei, hurry up and surrender your head!”

“Since when did the Zhu family have an old leftover woman who can’t get married?” Lu Benwei sneered.

Zhu Haixian was furious. Lu Benwei had undoubtedly provoked her. She immediately attacked Lu Benwei!

The power of a level-90 king’s attack was unparalleled, and it could even split mountains and rivers.

Lu Benwei summoned the Bronze Temple to block this attack.

“Rumble!”

The level-80 experts of the Zhu and Qi families all attacked.

“Anyone who has a relationship with Lu Benwei must be captured and killed!” Zhu Haitian shouted.

“What an overbearing Zhu family!” Li Tiancheng’s eyes were cold as he took out a legendary-grade weapon. The moment it appeared, golden sword qi covered the sky and spread in all directions, shocking many experts.

“Who are you?” An expert from the Qi family asked sternly.

“Li Tiancheng!” Li Tiancheng replied coldly, “The number one student at Yanjing Hunter University, Li Tiancheng!”

Everyone was shocked at first. The title of the number one student at Yanjing Hunter University was too resounding. Little did they know that Lu Benwei was the top student too! However, they had been blinded by hatred and had forgotten about this matter.

A moment later, an expert from the Zhu family said, “In the end, he’s just a junior. There’s nothing to be afraid of!”

After saying that, he attacked!

This person was an assassin. He was now one with the darkness and was silent. Every time he appeared, he was filled with killing intent.

Li Tiancheng was not afraid at all. His legendary-grade golden longsword's sword aura reverberated as he launched an attack that could dominate the world.

Every time the assassin appeared, he would be struck by a sharp sword qi. Not long after, his clothes were torn, and he was in a sorry state.

He could not help but fly into a rage. No matter how famous Yanjing Hunter University's number one was, he was just a junior.

Now that his eightieth-level strength was forced into such a sorry state by a junior, he would be laughed at by his peers if word got out.

"Killing Formation!"

Previously, every time the assassin attacked, he would leave a mark in the air. Now, those marks had turned into sharp daggers, emitting a cold light that made one's soul tremble!

"Whoosh! Whoosh! Whoosh! Whoosh!"

Endless daggers attacked.

They were densely packed like a swarm of bees as they launched a peerless attack on Li Tiancheng.

"You're courting death!" Li Tiancheng's expression was cold as he shouted, "One Sword Light Chills the Nineteen Continents!"

The golden sword in his hand emitted a dazzling golden light! Li Tiancheng held his longsword and went against the heavens. Then, endless light scattered and collided with the dark daggers.

"Clang! Clang! Clang!"

At this moment, the heavens and the earth trembled, and the mountains, rivers, sun, and moon lost their light.

Many of the people hiding at the side changed their expressions and did not dare to come forward to help.

On the other side.

The old beggar's power was unparalleled and unstoppable. He engaged in a world-shaking battle with several level-80 experts. His qi sea surged, and endless qi gushed out from the so-called qi sea divine treasure in his body like a river.

An expert from the Zhu family saw that he was an old man who had half his body in the yellow soil. He casually launched an attack and wanted to send the old beggar to hell.

The old beggar sneered. He took a mysterious step and instantly approached the expert. The expert was shocked and subconsciously raised his fist to meet the attack.

However, this move was exactly what the old beggar wanted. His arms immediately caught the fist that was snatched away, and then he used the force to attack.

Boom!

The expert was sent flying. He coughed up large mouthfuls of blood and ended up in a very sorry state.

Thus, the experts of the Zhu and Qi families realized how powerful the old beggar was. They did not dare to be careless, and all attacked.

The old beggar was invincible. His steps were mysterious, and his hands displayed the mysteries of ancient martial arts.

Defeating so many people was terrifying!

Meanwhile, Lu Benwei was in the sky, engaging in a shocking battle with the level-90 kings of the Zhu and Qi families.

Clear Heart Slash Technique! 50 times increase!

His dual origin class bloodline circulated, and Chaos Divine Light shot out in all directions! The four great amplification skills strengthened his body! Boundless power came from heaven and earth and poured into Lu Benwei's body.

At this moment, Lu Benwei was like a divine weapon descending from the heavens, unstoppable. The key was that he had a supreme divine weapon, and the Bronze Temple had helped Lu Benwei kill in all directions.

The level-90 kings of the Zhu and Qi families could not do anything to him. The two sides were locked in battle!

Many buildings collapsed. The citizens of Dragon City were furious but did not dare to speak. They could only watch from afar.

"Stop!"

A cold voice restrained everyone. Wang YINUO brought a large group of hunters and arrived aggressively.

"Zhu Haitian, Qi Wen, aren't the two of you being too impudent?"

"Wang YINUO, your family has no right to control us!" Qi Wen sneered.

"You're wreaking havoc in Dragon City. As Holy Angels, how can we sit back and do nothing?"

"What a joke! Half of Dragon City belongs to our eight great families."

"The area near the teleportation center is also the property of our eight great families!" Zhu Haitian said arrogantly, "At most, I'll just compensate them! But Lu Benwei must die today!"

Suddenly, both sides were at loggerheads, and the contradiction was almost irreconcilable!

Chapter 567 Intense Confrontation

Even now, the cold current was still affecting Dragon City. The cold wind blew, and the temperature in Dragon City was bone-chilling.

The hunters that Wang Yiruo brought were all under the Dragon Kingdom, and there were many experts!

The eight great families had always been at odds with the Dragon Kingdom's officials. At this moment, the two sides were in a stalemate.

"Qi Wen, Zhu Haitian!" Wang Yiruo said calmly, but her killing intent was overflowing.

"You keep saying that this is the will of your eight great families! Alright then, let me ask you! Do the remaining six families know what you have done today?"

!!

"The Yan family knows about it," Qi Wen said after a moment of silence.

"What about the remaining five families?"

"This, it doesn't seem like it's your business, right?" Zhu Haitian sneered, his face filled with ridicule.

"This time, there's also the incident in Tianjin, Ha City, and Dragon City Hotel. Many innocent people were implicated by you and died because of it. Therefore, I have to give the world an explanation." Wang Yiruo's voice was as cold as ice.

Moreover, she deliberately emphasized the words "Dragon City Hotel", causing Zhu Haitian's heart to tremble.

"Wang Yiruo!" Zhu Haitian knew he was in the wrong and glared at Wang Yiruo.

"Wait!" Qi Wen suddenly stopped him and turned around to say, "Lu Benwei also implicated many innocent people in the process of fighting us. What crime should he be punished for?"

"I had no choice! If you didn't insist on killing me, why would I fight with you and hurt the innocent?" Lu Benwei replied coldly.

"Impudent! You!" Qi Wen was furious. "The deaths of my son and daughter are related to you!"

"They want to kill me. Am I supposed to just stand there and let them kill me?" Lu Benwei only retorted sarcastically.

"Enough, the Zhu and Qi families were in the wrong first. They started a private fight with others. However, considering that our ancestors have contributed to the Dragon Kingdom, we won't arrest them. We just need to deal with the aftermath," Wang Yiruo said coldly.

The results of the investigation were made public. Zhu Haitian and Qi Wen naturally had objections.

After spending much effort, not only did he fail to capture and kill Lu Benwei, but he also had to compensate in the end! This result was something that both families were unwilling to accept.

"Wang Yiruo, this seems to be your idea alone, right? I want to hear what the old man has to say!" Qi Wen suddenly raised his eyebrows and said with a mocking expression.

The old master of the Wang family had once ruled the Dragon Kingdom. The Wang family was also the executor of the Dragon Kingdom's laws, and the Judgment Holy Temple was a force under the Wang family. Almost everyone in Dragon City knew about it.

Wang Yiruo and the Wang family's old master had never been on good terms. However, Wang Yiruo's ability was too outstanding, and the old man could not do anything to her for a while. With the interests of the eight great families involved, Old Master Wang would never stop!

"I want to hear what the old man has to say," Qi Wen said in a deep voice.

Wang Yiruo snorted coldly and threw out an iron token.

"This is what the old master wants!"

Everyone looked at the iron token and their expressions changed.

"Old Master's token?"

"Did the old master give it to you?"

Qi Wen and Zhu Haitian were in disbelief.

"What else?" Wang Yiruo looked at the man coldly.

"Do you two still want to ignore the iron order? Or is it that you eight great families want to establish a new order now?"

Wang Yiruo's words made Qi Wen and Zhu Haitian's expressions flash with a trace of malice.

Everyone knew that the eight great families wanted to establish a new order. However, no one dared to say it out loud.

"Wang Yiruo, don't talk nonsense!" Qi Wen pointed at Wang Yiruo and scolded coldly.

Wang Yiruo sneered. "I'm just joking. Family head Qi Wen, why are you so anxious?"

"You, you!"

Qi Wen was so angry that he could not say anything. In the end, he flicked his sleeves and left.

Zhu Haitian glared fiercely at Wang Yiruo and turned to leave.

"Family head Zhu," Wang Yiruo called out to Zhu Haitian, his voice calm, "When the day comes, I, Wang Yiruo, will take your head first!"

"You'd better wait until that day!"

Zhu Haitian glared fiercely at Wang Yiruo, turned his head, and immediately wiped the cold sweat on his forehead.

After that, under Wang Yiruo's protection, Lu Benwei returned to Jiujiang City.

...

Zhejiang Hunter University had already prepared a welcoming ceremony.

Liu Yi, Lin Feng, Zhao Xiaoqi, Dugu, Hai Yue, and the others were all waiting at the door to welcome them!

The moment Lu Benwei appeared, he was immediately surrounded by everyone.

“Brother Lu, I’ve heard about your deeds in Dragon City!”

“He’s simply too brave!”

“He dares to go against the eight great families!”

Dugu, Qian Hai, and the others had completely become Lu Benwei’s little fans, looking at him with great admiration.

“I had no choice. If they didn’t provoke me, who would be willing to provoke them?” Lu Benwei smiled bitterly.

They were all born in poverty, and the eight great families that oppressed them could be said to have a deep hatred for them.

“You’ve done well, kid. I’ll leave Yanyan to you. I don’t have to worry!”

Zhao Xiaoqi patted Lu Benwei’s chest with a meaningful look in her eyes.

Lu Benwei grinned. “Be gentle. I’m about to have a heart attack from your slap.”

Then, Lu Benwei introduced Li Tiancheng and the old beggar to everyone.

Lin Feng, Zhao Xiaoqi, and Li Tiancheng had fought in the National Class Tournament, so they quickly became familiar with each other.

As for the old beggar, under his messy hair, he revealed an unruly and free feeling. He quickly became the spiritual leader of Dugu and the others.

After learning that the old beggar was a legendary ancient martial arts master, Dugu and the others wanted to acknowledge the old beggar as their master!

“Where’s Chu Yan? Didn’t she come back a long time ago?”

Lu Benwei did not hear Chu Yan’s voice, and he could not help but feel a little lonely.

“I wonder where she ran off to every day. They said that they found a place suitable for meditation behind our school, but they can’t see anyone every day,” Liu Yi said unhappily.

Lu Benwei slapped his head. “Oh, then I know where she is.”

With that, he disappeared from the campus.

...

There was a large area of farmland behind the campus of Jiangzhe Hunter University.

Spring wheat would be planted every year.

It was now April. According to the Dragon Kingdom's calendar, it was the third month of spring that the ancient books had mentioned.

The wheat had already broken out of the ground. Looking from afar, it was a verdant land.

Lu Benwei walked on the ridges. The soft soil under his feet made a rustling sound.

The automatic watering machine sprayed fresh water into the sky, forming a dreamy rainbow under the reflection of the sun.

The wheat sprout was plump and emitted a sweet fragrance. Colorful butterflies danced in the air and finally landed on a young girl's shoulder.

Lu Benwei quietly walked in front of the girl.

"I'm back."

Chapter 568 Set Off for the Foreign Lands

Lu Benwei's encounter with Chu Yan could not be considered a reunion after a long separation. It was as natural as spring and autumn.

Like a gentle breeze and drizzle, it landed on the wheat field. Time passed slowly. The spring breeze blew, and the wheat sprouts and green trees swayed their branches and leaves.

The young girl ruffled her soft hair that was blown by the wind and did not say anything. She stood up and stretched out her hand naturally. Lu Benwei also did not say much and gently held Chu Yan's hand.

...

Three days passed in a flash.

Lu Benwei had missions to do every day.

On the first day, he shared with the professors at Hunter University of Jiangsu and Zhejiang about what he had seen and heard at Yanjing Hunter University.

The next day, he would talk about his insights at hunter university in front of all the teachers and students.

On the third day, he dealt with some matters at the Slaughter Shrine.

Zhao Xiaoqi complained that she should be promoted and given a raise!

"You're going to be promoted, so you'll have to overturn my position and make it empty for you," Lu Benwei joked.

Zhao Xiaoqi rolled her eyes. "It's all because of you, the president. You're the boss. I'm the one handling all the affairs in the club."

On the fourth day, Chen Yuan, the principal of Zhejiang Hunter University, met Lu Benwei.

"Long time no see, Lu Benwei."

“Hello, Principal!”

The two of them greeted each other briefly.

Chen Yuan’s office was as messy as ever. All kinds of documents and books were piled up together, forming a small mountain.

For the past two days, Lu Benwei had been wondering if the old beggar and Chen Yuan were half-brothers. To a certain extent, they were exceptionally similar.

However, the old beggar had been busy teaching him the ancient martial arts these past few days.

Lu Benwei did not have the mood to care about him.

“Lu Benwei, will you hate me for sending you to Yanjing Hunter University as an exchange student?”

“Principal, why do you say that?”

“If I didn’t send you to Yanjing Hunter University as an exchange student, you wouldn’t have offended the eight great families!”

Chen Yuan stopped talking and stared at Lu Benwei.

“There’s no such thing!” Lu Benwei said bluntly, “Some people will meet sooner or later on this journey of life. And some things happen because of some people. This time, I went to Yanjing Hunter University and got some opportunities, so I don’t regret it.”

“That’s good.” Chen Yuan heaved a sigh of relief.

“Continue to tell me what you saw and heard along the way.”

Lu Benwei nodded.

He shared what he did from the day he entered Yanjing Hunter University. Then, he told Chen Yuan everything that had happened on the way to the ice field.

However, Lu Benwei had some reservations and did not share everything. He did not tell Chen Yuan what he had seen and heard in the Three Mountains Secret Realm and the shocking battle with the Three-headed Dog.

Chen Yuan was shocked when he learned that the foreign clans had arrived.

“A monster with eyes all over its body. Its body is made of stone. There are tentacles on its legs and head, and it is full of eyes,” Chen Yuan said, shuddering.

Then, he suddenly burrowed into a pile of books and rummaged through them to find something. The unrelated books were mercilessly thrown out by him, drawing a beautiful parabola in the air, and the paper rattled.

“Strange, I remember I left it here two years ago. Why can’t I find it now? No, no, it should be in that pile.”

After saying that, he went into another pile of books.

When Lu Benwei saw this scene, the corners of his mouth twitched. If this continued, it would be impossible to find the book that Chen Yuan was talking about.

“Principal, what are you looking for? If you can’t find it, forget it.”

Chen Yuan looked around but could not find the book he wanted. He crawled out of the pile of books and shook his head.

“Forget it. It seems that I can only tell you based on my memory. There might be some deviation. The foreign clans you mentioned might be called the Purgers!”

“The Purgers?!”

Lu Benwei inexplicably felt a chill enter his body, causing him to shudder.

“Yes, it’s called the Purgers! They came from an unknown planet in the universe! I don’t know what their purpose is. Every time they go to a planet, they wipe out all the living beings on that planet! That’s why we call it the Purgers!”

Lu Benwei sucked in a breath of cold air. Then, he thought of something.

“Principal, I once heard from the Blood Monster that there was a period when ten thousand clans coexisted in the northern ice field outside the Dragon Kingdom! Is this true?”

Chen Yuan was slightly stunned. Then, he narrowed his eyes and said, “I didn’t expect him to tell you such a secret.”

“Principal, is what the Blood Monster said true?” Lu Benwei was shocked.

“Yes and no!” Chen Yuan’s tone was very ambiguous.

“There was once a rumor that there were traces of humans, monsters, and other ferocious beasts living together in some places in the outer realm.”

“Somewhere?” Lu Benwei was very puzzled.

“These places are all the surrounding areas of the Dragon Kingdom. Those traces were discovered by the army that went to the outer realm. The officials feel that the news that there are traces of humans in the outer realms is of great importance, so they haven’t announced it.”

Pausing for a moment, Chen Yuan said sinisterly, “Lu Benwei, do you think there’s a possibility that other than the Dragon Kingdom, there are other human countries on this planet?”

Lu Benwei immediately widened his eyes. This guess was beyond his understanding. Lu Benwei could not imagine it at all!

“This is just my guess. Don’t think too much about it,” Chen Yuan said.

Lu Benwei heaved a sigh of relief. However, he felt that what the principal said was not without reason.

“The foreign battleground is still a mystery to us. Your talent is outstanding, and you have a bright future ahead of you. Going to the outer realms now is also a form of training for you.”

Chen Yuan continued to ponder, his tone revealing the infinite hope he had placed in Lu Benwei.

“Commander Chu is the hero of the Dragon Kingdom and a thorn in the side of the eight great families! They don’t want you to live, and they don’t want Commander Chu to come back! So, you must give them a hard slap in the face!”

“Yes.” Lu Benwei nodded. “Principal, I’ll bring Commander Chu and the Furious Dragon Legion back safely.”

The conversation between the two ended here. Lu Benwei left Chen Yuan’s office and was ready to go.

The people heading to the foreign battleground were Lu Benwei, Chu Yan, the old beggar, and Li Tiancheng.

Lin Feng volunteered to be Chu Yan’s escort! After all the pestering, Lu Benwei agreed.

Together with the Six-tailed Crocodile, the Blood Monster, and Wang Zining, who was waiting in Shanghai, Lu Benwei formed an eight-man team and was about to head to the outer realm.

Chapter 569 Hunter Ah Pu

Lu Benwei, Chu Yan, the old beggar, and the others arrived in Shanghai first.

After walking out of the teleportation center, Wang Zining waved at them across the road.

“Zining!”

“Yanyan!”

The two sisters had not seen each other for half a year. When they saw each other again, they immediately ran and gave each other a big hug.

Other than the old beggar, the rest of the people knew Wang Zining. The few of them chatted merrily.

It was April, and the warm sunlight shone on Shanghai. As the largest city in the Dragon Kingdom, Shanghai was a bustling city.

The peach trees on both sides of the road were already covered with green fruits, and spring was in full bloom.

“Uncle Chu has been trapped in the outer realm for nearly half a year. Other than continuing to provide reinforcements, supplies are also a big problem.”

Wang Zining rented a minibus. On the bus, she told everyone about the completion of her mission over the past few days.

Lu Benwei was the only person who had come to Shanghai to meet up with Wang Zining. Instead, he purchased some forbidden materials apart from water and food as well as some necessities for life. There were also more important things such as guns and ammunition.

Not only did the Furious Dragon Legion have powerful hunters, but there were also some mercenaries following them. Their combat strength was only slightly stronger than ordinary people.

However, according to Chu Yan, the mercenaries under the Furious Dragon Legion had a high fighting spirit. They were all people who licked the blood on the tip of their knives and killed ferocious beasts without blinking. Compared to level equipment, guns, and ammunition were their best weapons!

However, the Dragon Kingdom had strict gun control. Those who were not part of the army were not allowed to carry them.

Especially since Lu Benwei was only a normal citizen but wanted a large supply. As such, he had to go through some special connections.

“Hunter Apu!”

Wang Zining cleared her throat and showed everyone a portrait of a hunter in front of the minibus.

The hunter named Ah Pu had a thin face. His eyes were small, and the tips of his eyes were tilted upward.

“He looks like a thief.” Lin Feng craned his neck to look at Ah Pu’s portrait and immediately complained.

“Listen carefully!” Wang Zining rolled her eyes.

Lin Feng stuck out his tongue awkwardly and retracted his head.

“This Hunter Ah Pu was once a small commander of the Magic Dragon Legion in the garrison of Magic City. Later, due to some disciplinary issues, he was expelled from the Magic Dragon Legion. He’s currently moving goods at the port of Shanghai to make a living.”

At this moment, Lu Benwei slowly opened his eyes. “The former commander of the Magic Dragon Legion... Even if he was expelled from the military, he shouldn’t have to rely on the dock to move goods for a living, right? Since he’s from Shanghai’s port, does that mean that moving goods is a cover and he’s doing a smuggling transaction?”

“Are we going to make a deal with him?” Chu Yan asked.

“That’s right!”

“There are quite a few people in Shanghai who are involved in these arms smuggling deals. I’ve compared the goods to three others. Only Ah Pu’s can provide me with such a large amount of goods,” Wang Zining said.

Lu Benwei nodded slightly.

Their stock was equivalent to an army’s monthly supply. From the looks of it, this Hunter Ah Pu was not a simple character.

Soon, the minibus drove into Shanghai Port. This was the largest port in the country. The transactions at the docks were all carried out by the coastal provinces of the Dragon Kingdom.

The teleportation portal could not transport goods. On the other hand, railway transportation in the Dragon Kingdom was not very developed. In contrast, shipping was more cost-efficient.

The group entered Shanghai Port.

The red and blue containers were stacked together like a small hill.

Wang Zining brought Lu Benwei and the others to a dock. A few uncles were smoking and chatting while leaning against a forklift.

“Master, may I ask where Ah Pu is?”

Wang Zining’s voice was as clear as an oriole’s. Her face was stunning and her figure was graceful.

The middle-aged men’s eyes were all fixed on her. One by one, they stepped on their cigarettes and fought to please her.

“Beauty, Ah Pu is sleeping! I’ll go get him!”

“Come, come, beautiful. Let’s sunbathe here. Let’s go to Ah Pu’s office to rest for a while.”

“Ah? Ah Pu has an office?” Wang Zining was surprised.

“Of course. Ah Pu is a capable person. Countless people come to talk business with him every day.” An uncle put his hands in his pockets and explained to Wang Zining.

“Do you want to talk business under the sun, or do you want to talk in the office with the air-conditioner and tea?”

“Do you know what Ah Pu does?” Lu Benwei asked.

The uncle chuckled. “We’ve been dealing with Ah Pu for so many years. How could we not know that he does this?”

After saying that, he took it out of his pocket. It was a handgun!

Lu Benwei’s expression changed slightly. It was not that he was frightened by the uncle’s item, but his eyes.

The porters at the dock all looked honest. However, if one were to observe carefully, one would discover that his eyes were filled with a hint of craftiness and viciousness.

“What’s wrong?” Chu Yan saw the worry on Lu Benwei’s face and asked with concern.

“I guess the workers here are just like Ah Pu, a cover. They are a gang that makes a living by smuggling!”

The group of people was led by the uncle outside to the place where the containers were placed.

“Crack!”

A container was skillfully opened by the uncle. There were different items inside.

There was a round table that could fit more than ten people, a solid wood desk, a teapot, and an air conditioner. There was also a small mahjong table. The mahjong tiles on the table had not been put away, and the ground was covered with cigarette butts.

The air inside was very stuffy. As soon as Lu Benwei and the others entered, they wanted to go out and breathe fresh air.

“Bear with it for now.” Wang Zining sighed helplessly.

The six of them waited for a while before strange laughter came from outside the container.

“Miss Wang, I’ve made you wait!”

Wang Zining, Lu Benwei, and the others went out to meet him. Ah Pu put his hands together and walked toward them apologetically.

“I’m sorry. I had some fun with my friends last night.”

“No worries! Hurry up and let us examine the goods!” Wang Zining said indifferently.

“Miss Wang, you know your stock. It’s not something that can be solved in a short time!” Ah Pu’s face was full of apology.

“Didn’t you say you were ready?” Wang Zining’s eyes widened, and her tone suddenly rose.

“Pa da!”

Ah Pu lit his cigarette and took a puff. “Miss Wang, don’t be anxious! The goods have arrived, but I have to unload them.”

As he spoke, Ah Pu slowly exhaled a mouthful of green smoke, which curled around his fingertips.

Soon, the airtight container was filled with smelly smoke.

“How long will it take?” Wang Zining asked coldly.

Chapter 570 Urn

Ah Pu was involved in shady deals.

Wang Zining, Lu Benwei, and the others did not want to be entangled with him here. They wanted to hand over the money, receive the goods, and then quickly leave.

Ah Pu smoked his cigarette. “Probably in the afternoon.”

“Alright, if I don’t see the goods by the afternoon, I’ll tear down your base,” Wang Zining said coldly. She pulled out a chair and sat down with her legs crossed.

“Hehe.” Ah Pu chuckled. “Miss Wang, please calm down. As long as you’re happy, don’t talk about tearing down my base. I’ll just tear off my head and let you kick it like a ball.”

He stubbed out the cigarette, then walked behind Wang Zining with a smile and massaged her shoulders.

“Don’t flatter me.”

Wang Zining’s body moved forward and broke free from Ah Pu’s hands.

Ah Pu did not feel embarrassed. He chuckled, revealing a row of yellow teeth.

“You guys must be Miss Wang’s friends. Come, sit down, and have some tea!”

Ah Pu was very attentive as he poured tea for them, which was a huge contrast from the image he had at the beginning.

Lu Benwei was bored and played mahjong. At first, Lu Benwei thought it was an extremely ordinary mahjong. It was the same set as the mahjong machine, with two combinations of green and blue. When a type of mahjong tile was pushed in, the mahjong machine would automatically reshuffle the tiles. The remaining set would be pushed to the top by the mechanism.

He looked and realized that the mahjong tiles were heavier than usual.

'There's a chip inside?' Lu Benwei thought.

Ah Pu saw Lu Benwei's appearance and was stunned for a moment. Then he grinned and said, "Little brother, you know how to play?"

"I know a little."

Lu Benwei nodded and went straight to the point. "Why is your mahjong heavier than usual?"

At this time, Ah Pu started smoking again, and the smoke rings he exhaled hit Lu Benwei's face.

"Brother, you have wronged me. Think about it, how can a chip be so heavy? I just added a steel block inside to prevent anyone from cheating."

Lu Benwei nodded and did not think about it anymore.

At this moment, a middle-aged porter walked in and whispered a few words into Ah Pu's ear.

When the porter left, he added, "Be careful."

"What happened?" Wang Zining asked coldly. Her crossed legs were graceful and seductive, revealing a hint of coldness.

Ah Pu chuckled and took out a box of cigarettes. "It's nothing. It's just that all the goods you want have landed."

Wang Zining suddenly stood up from her chair and said, "In that case, we'll take our leave. After the goods are inspected and confirmed, I'll transfer the rest of the money to you."

Ah Pu tore off the foil on the cigarette case, patted the bottom of the cigarette case, and bit out the cigarette with his teeth.

"Miss Wang, don't be anxious! It's noon and the sun is so hot. Why don't we cool down here for a while?"

With that, the door of the container slammed shut.

"What are you doing?!" Wang Zining, Lu Benwei, and the others immediately became vigilant. They exposed their killing intent and questioned Ah Pu coldly.

"Pa!"

Ah Pu lit up his cigarette, his eyes shining with a sly light through the wisps of smoke.

“Miss Wang, I don’t want to go against you! It’s a pity that the other party’s background is too great. It’s so great that I don’t dare to disobey!”

“Eight great families?” Lu Benwei asked coldly.

“Huh?! Brother Lu Benwei is indeed smart!” Ah Pu spat out a smoke ring and grinned. His eyes were very cunning.

At this moment, there was a loud bang as if something was sucking the top of the container. Then, they heard the rumbling of machines outside, and the entire container was shaking. The container began to tilt left and right, and they left the ground!

“What’s going on?” Shocked, Lin Feng lost his balance and fell to the ground.

“If you don’t want to die quickly, don’t move!” Ah Pu snorted coldly.

Lu Benwei activated his Eye of Insight and sensed the information outside.

A huge crane hung them in the air. Since only one rope was used to secure the container, the entire container was extremely unstable in the air. It would sway left and right if it moved slightly.

“What do you want?” Wang Zining asked coldly.

“I know you’re a hunter, but you should know our strength!”

Ah Pu narrowed his eyes and took a deep puff of his cigarette. “Miss Wang... Can I understand it this way? Are you threatening me?”

Wang Zining’s killing intent surged as the power of adjudication gathered in her hands.

“Wang Zining, calm down!” Lu Benwei suddenly shouted at her.

Then, Lu Benwei slowly stood up from the ground and tried his best to maintain his balance.

“You’re a businessman who only cares about profits. We can naturally talk about conditions. What do you want? We’ll try our best to satisfy you.”

“Someone from the eight great families is willing to pay a billion for your head,” Ah Pu said with a sly look, “At the same time, my wife and children are also in their hands. What do you think? Would you want me to turn around and let you go, and then offend the eight great families?”

Lu Benwei was shocked. He did not expect that the eight great families would be so vicious to deal with them, involving innocent people.

“How do you plan to do it? You won’t be able to live if you fight here, will you?” the old beggar suddenly said.

Both he and Lu Benwei had seen the situation outside. The porters all removed their disguises and aimed their RPG rockets at the container. As long as Ah Pu gave the order, they would be blown into a pile of mud.

Lu Benwei only had the Nine Tribulations Regeneration Technique, so he was not afraid. However, he did not dare to gamble with Chu Yan and the others’ lives.

“Since I can think of such a method, I also have a way to escape unscathed,” Ah Pu said fiercely, then threw the cigarette butt on the ground, and stepped on it with one foot.

Suddenly, the entire container lost its balance. Everyone accidentally fell to the ground and slid toward Ah Pu.

This was his signal! To prevent any accidents, he gathered everyone on one side! The porters outside immediately pulled the trigger.

“Boom! Boom! Boom!”

The RPG rockets were like venomous snakes, bombarding them.

Everyone panicked. Activating a skill in such a small space would definitely affect his companions! However, if he did not activate his skill, he would only die!

Lu Benwei’s expression was very solemn.

At this moment, the Six-tailed Crocodile from the Temple Bronze suddenly spoke.
