Chapter 581 Great Hunt

Heavenly Dog's Wrath!

Sharp Blade!

Heavenly Dog's Blade!

Killing Aura!

The four auxiliary skills increased everyone's strength!

Chu Yan, Li Tiancheng, Wang Zining, and Lin Feng all felt that their bodies had been infused with divine power, and their combat strength had increased by at least one level!

"Lightning Magic: Evil Shine!"

Chu Yan walked in the air, and purple lightning surrounded her body. She was extremely beautiful, and her beauty could topple a country. Under her waterfall-like black hair, her skin was as white as snow. Compared to the past, Chu Yan's eyes were less unruly and more mature.

Purple lightning surrounded the area, destroying all calamities. Every purple lightning bolt was filled with killing intent.

"Rumble!"

The lightning bolt pierced through Death Eater Monster King's body, leaving a bloody hole in its abdomen. Black blood gushed out like a river.

The Death Eater Monster King roared hoarsely, "Human, don't even think about going back after stepping into the Devil's Den!"

The melodious battle horn resounded throughout the entire battlefield! This was the cry for help from the Death Eaters. They knew that they could not defeat these intruding humans!

"Rumble!"

The sky collapsed, and a blood-red teleportation array pierced through the entire galaxy!

The bodies of countless monsters landed on the valley not far away. Without exception, they were all powerful monsters.

Their faces were ferocious, and their every move emitted a terrifying aura. They were extremely detestable.

"Humans barged in! Are they from the Furious Dragon Legion? No matter what, trespassing on our Devil's Den will only result in death!"

Different monster races had conflicts of interest. However, when it came to humans, their goals were the same.

Currently, the valley, sky, and land were filled with all kinds of monsters. Their faces were ferocious, and flames were dancing in their bell-sized eyes. They were extremely repulsive.

Lu Benwei's gaze was cold, and his expression was solemn.

There were at least tens of thousands of monsters in front of him, and the scale was much larger than the crisis in Dragon City. Moreover, they were in the outer realm and could be said to be isolated and helpless.

"Big Brother, what should we do now? Fight it out with them?" the Six-tailed Crocodile said with great difficulty.

Cold sweat broke out on his forehead. Facing such a magical beast, even someone as sensitive as him could not help but feel terrified.

"Run! As long as there's life, there's hope!"

After saying that, Lu Benwei pulled Chu Yan and turned around to run.

Li Tiancheng, Wang Zining, the old beggar, and Lin Feng reacted quickly as well. They charged in a certain direction and killed their way out.

The crocodile's reaction was a little slow, and he did not run out immediately. A monster looked at him curiously and licked its lips as if it was looking at a delicious meal.

"Why would a monster be with a human?"

"I don't know. It seems to have become that person's war monster."

"No matter what, eat him first!"

The crocodile was in fear and trepidation. Forty to fifty monsters surrounded him.

Not only did they like to eat humans, but they could also eat monsters, their own kind. They licked their lips as if they were looking at a delicious meal.

The other monsters were not interested in the crocodile. Seeing that some monsters had surrounded the crocodile, they focused on chasing Lu Benwei and the others.

"Brothers, I have thick skin and meat. It tastes terrible! You guys probably won't like it?"

A pig monster with a round belly and extremely big ears said, "It's okay. I'll put you in the steamer and turn on the high heat first. After steaming for 30 minutes, I guarantee that the skin will be crispy and the meat will be tender!"

"Then you have to find a steamer as big as me!" The crocodile rolled his eyes.

After saying that, his body began to grow larger, becoming as big as a mountain!

"Boom!"

The crocodile raised his foot, and the sound of his movement was like muffled thunder.

"Puff!"

With a stomp, the pig monster was trampled into meat paste on the spot. The other monsters were shocked. After regaining their senses, they attacked the Six-tailed Crocodile!

“Demonic Light Destroys Rivers and Mountains!”

Crocodiles were monsters that relied on absorbing the essence of the sun and moon to obtain strength. At this moment, he gathered the power of the essence of the sun and moon together and shot out a terrifying demonic light. It was terrifying and boundless. It pierced through the world, one after another, endless.

The sky was dazzling, and the sun, moon, mountains, and rivers were trembling. Many monsters were drowned in this shocking demonic light, wailing and screaming!

The crocodile destroyed all the surrounding monsters with a single strike and patted his belly excitedly. “If I don’t show my might, do you think I’m a catfish?”

Just as he was feeling smug, a terrifying spatial fluctuation hit his body.

A powerful monster descended from the sky. It had an extremely long body, and its entire body was covered in inverted triangular scales that could block most attacks from ordinary weapons. It looked down at the crocodile. Its eyes were like two blood moons, and its ferocious aura surged into the sky.

“You’re very strong. Please fight me!”

The Six-tailed Crocodile was stunned for a moment. He understood that this was a type of aggressive monster.

“You want me to fight you, so I’ll fight you? If I listen to you like this, wouldn’t I lose face?”

After saying that, he vented his anger and ran! His huge body moved like a mountain dragging the ground.

On the other side, Lu Benwei used Lightning Speed to help everyone. Wind was generated under everyone’s feet. Every step they took could tear the void apart.

The group of monsters that descended were also experts in speed. They pierced through the void and descended in front of Lu Benwei and the others. They were like a city wall, blocking them.

“Get lost!”

Lu Benwei opened his mouth and shouted. The power of judgment transformed into all kinds of divine weapons that slashed at the monsters in front of him.

“Clang! Clang! Clang!”

All kinds of divine weapons slashed out peerless attacks. The sword lights and sword shadows were soul-stirring.

“Pfft! Pfft! Puff!”

The heads of the monsters in front of them fell to the ground one after another, and blood splattered as far as three thousand feet.

There was a monster that was extremely powerful and had great insight. It knew at a glance that Lu Benwei was extraordinary. Hence, it did not hesitate to attack Lu Benwei.

First, it waved its hand and created a wall. The wall was covered with thorns, and black poison flowed on it. It had split up a battlefield and wanted to defeat Lu Benwei and the others one by one!

Lu Benwei's expression was extremely cold as he quickly swung his fists. The Myriad Light Fist carried the power of the stars and destroyed all obstacles! The tyrannical fluctuations made people lose their minds!

"Boom!"

The wall of thorns instantly exploded, turning into powder, and dissipating into the ground.

The crocodile caught up as well. He struck out with his palm, and a force that could topple mountains and overturn seas gushed out, turning the monster into a bloody mist.

"Big Brother, sit on me. Let's go!"

The crocodile let everyone sit on their backs. However, Lu Benwei shook his head and said, "No, it's too slow."

After saying that, everyone stepped on Lightning Speed and instantly appeared on the ground a hundred meters away.

Chapter 582 Blood River

The Six-tailed Crocodile was stunned and scratched his ears and cheeks. "Big Brother, give me one too!"

"Buzz!"

Lu Benwei used Lightning Speed on the crocodile.

The six humans and one monster seemed to be able to pierce through the void with a single step.

A thousand miles of land was reduced to an inch under their feet. In the blink of an eye, they had pulled away from the monster army by a large margin.

The Death Eater Monster King was the leader of the allied army. When it saw the direction Lu Benwei and the others had fled in, it shouted to stop the army.

"There's no need to chase!"

The monsters were all surprised. "Death Eater, the humans are in our territory. Are we not going to chase them?"

The Death Eater smiled. "Have you forgotten? What's ahead? Once they attack, these humans will die! We don't have to spend so much energy."

All the monsters smiled slyly when they heard this.

...

On the other side, Lu Benwei was leading the team.

“According to our intelligence, we should be able to find Commander Chu’s base after walking another 2,000 kilometers in this direction,” Lu Benwei said.

Everyone’s faces lit up with joy. They were about to see the dawn of victory.

Suddenly, Lu Benwei’s face darkened, and he shouted, “Stop!”

Everyone was running at full speed at this moment. There was wind under their feet, and each step seemed to be able to penetrate the void. A thousand miles of land was reduced to an inch under their feet. The huge inertia pushed the people who had stopped forward another ten meters.

“Rumble!”

Everyone broke out in cold sweat. If they were not careful, they might fall. A deep abyss appeared in front of everyone.

Lu Benwei activated his Eye of Insight and found out that the abyss in front of him was tens of thousands of kilometers deep! Moreover, it was a hundred meters wide.

“Fortunately, we reacted in time. Otherwise, we might have fallen.”

The old beggar got off the crocodile’s back and walked toward the edge of the abyss. Although he was an ancient martial arts master, he was still an ordinary person.

Lu Benwei’s Lightning Speed was ineffective on him.

The old beggar stuck his head out and looked down.

In the abyss in front of them, there was a rumbling sound like thunder. It was abnormally noisy and almost broke everyone’s eardrums.

Halfway through his words, the old beggar’s eyes widened as if he had seen something unbelievable.

Lin Feng was also quite curious. He leaned on the edge and looked down.

“Tsk, isn’t it just a red river? What’s the big deal?” Lin Feng curled his lips and said indifferently.

“A red river?”

Everyone was very surprised and stuck their heads out to look down.

As expected, a bright red river was flowing rapidly.

The raging waves crashed against the shore, and the river waves crashed against the strange stones of various colors. The sound echoed on the long ravine walls, making a rumbling sound like thunder.

Countless monster corpses floated on the river. It was as if their blood had dyed the river red.

“What’s there to be afraid of? Can’t we just cross it?” Lin Feng pouted.

“No!”

Lu Benwei panicked and reached out to stop him. However, it was too late. Lin Feng had already soared into the sky and was about to cross over.

“Boom!”

It was also at this moment that the river water boiled violently as if something was about to gush out.

Everyone looked over and saw a large hand covered in green scales.

“Demonic Light Destroys Rivers and Mountains!”

The crocodile reacted very quickly. He opened his mouth and spat out a demonic light that was like a celestial river, hitting the green-scaled hand.

“Boom!”

A large hand emerged from the river again. With a powerful wave, it scattered the demonic light.

“What?!”

The crocodile was shocked! He was level 76, and after being strengthened by the well water in Hell’s Well where his strength experienced a qualitative leap.

It could be said that there were very few opponents below level 80. Moreover, even a level 80 monster would suffer a loss if it encountered him. Now, this monster had scattered his demonic light!

Shocking!

Lu Benwei also sensed something under the river at first moment. However, the owner of the green-scaled hands had concealed his aura, causing Lu Benwei to be unable to make up his mind.

“Rumble!”

Thunder rumbled beneath the ravine, and monsters were about to emerge.

Lu Benwei used Lightning Speed to save Lin Feng. Then, he led everyone to retreat.

The ground beneath his feet was reduced to ashes, and terrifying cracks appeared. At the same time, the cracks spread like a spider web. The behemoth from the abyss was about to come out!

The earth was shaking, and the sky responded with a rumble of thunder.

A huge shadow pressed down on everyone. It was covered in green scales. It waved its hand, and a wave of demonic light fell. It covered a wide area, drowning the earth.

“Holy Light Shield!”

“Boom!”

Lu Benwei used a sturdy defensive skill to help everyone block the shocking attack.

The earth-shattering collision caused the entire world to be covered in white, and a corner of the mountain peak within a hundred miles was shaved off.

The Holy Light Shield also shattered under the magic light, not even lasting a second.

“Bronze Temple!”

Lu Benwei had no choice but to summon the Bronze Temple to help everyone with the world-destroying demonic light.

“Buzz!”

The sacred Bronze Temple expanded rapidly, becoming a mountain in a short moment. The sun, moon, stars, birds, and beasts on the outer wall emitted a faint fluorescent light as they absorbed the vast demonic light. The sun and moon rose from the east and set from the west, and the stars moved in the sky.

A lifelike painting appeared on the outer wall of the Bronze Temple. Birds chirped and beasts roared in the forest.

“Buzz!”

Suddenly, the divine power of the Bronze Temple erupted. It trembled and produced a terrifying spatial fluctuation that directly scattered the demonic light.

While everyone was shocked, they finally saw the body of the huge monster. Its body was covered in green scales, each of which was the size of a millstone.

Its body towered into the clouds, and layers of clouds covered its face. Its two lake-like eyes emitted a fierce demonic light as it stared at Lu Benwei and the others.

What was even more terrifying was that there were eight black iron nails on the back of this monster. They were iron chains thicker than a millstone. There was a special demonic array on them that sealed this monster under the Blood River.

“Roar!”

This huge monster roared, and then it raised a foot and pressed down from the sky, wanting to crush the earth!

A strong wind blew, and the entire world turned dark.

This giant creature moved slightly, and its demonic might was peerless. A strong wind blew, and the whining sound seemed to come from the underworld. The entire world was dark.

It wanted to crush the Bronze Temple into dust and Lu Benwei and the others into meat paste. However, it did not expect that the Bronze Temple was comparable to a divine artifact, and its copper walls were extremely hard.

It floated in the air like a mountain!

Chapter 583 Strong Reinforcements

“Puff!”

The green-scaled monster’s foot was pierced through, and blood gushed out like a fountain.

“Roar!”

It roared in pain, and the sky seemed to have been shattered at this moment.

“Judgment!”

Lu Benwei shouted, and thousands of adjudication power gathered. Suddenly, it transformed into tens of thousands of divine weapons that slashed at the green-scaled monster!

The green-scaled monster counterattacked. Its huge body collided with the thousands of divine weapons. Light bloomed, and the sky and earth were chaotic. The clouds in all directions were destroyed.

“Clang! Clang! Clang!”

The monster’s skin was as tough as metal, and it collided with the divine weapon. The sound was like thunder, resonating with the sky and the earth.

A golden longsword swept over!

Li Tiancheng summoned a golden colossus. It looked majestic and was covered in armor, just like a divine weapon from the celestial heavens!

“Chi!”

The golden longsword soared into the sky, wanting to help Lu Benwei.

“Rumble!”

At this moment, the sky was cut open, and it hit the green-scaled monster that was bigger than a mountain.

The divine weapon was also a huge monster, but it was slightly inferior to the green-scaled monster.

The longsword flew across the sky and slashed its waist. The green-scaled monster was a huge creature, but it was extremely agile. It took a step forward and stomped on the ground. In an instant, it disappeared into the distance, avoiding the attack that was aimed at its vital points.

“Roar!”

The green-scaled monster opened its mouth and roared, activating its world-destroying skill!

Its scales emitted a purple light beam and magic power flowed, pouring out like a river. Tens of thousands of scales fell off its body, each of them larger than a millstone.

They whistled down like heavy rain, covering Lu Benwei and the others.

Chu Yan soared into the sky and stepped into the sky. Her black hair danced in the night sky. Her temperament was cold and elegant. Snowflakes fell from the sky, and the cold wind was biting cold. Her clothes fluttered like plum blossoms in the winter.

A huge ice sculpture goddess appeared behind Chu Yan. It was majestic and filled with the power of ice. It opened its mouth to chant. A despairing and ethereal music resounded across the land.

Chu Yan was an elemental. She had undergone a second class transition and became the peak of the hunter class, the elemental god envoy.

She could use any element in the world, and the ice element turned into an ultimate weapon in her hands. Its power even surpassed that of an ordinary ice magician!

In an instant, heavy snow fell from the sky, and the temperature plummeted. Tiny ice beads began to condense in the air. A thick layer of ice spread out from under the feet of the Snow Goddess. At this moment, the sky and earth were covered in white!

Chu Yan had already reached the peak of level 50.

When elemental god envoys reached this realm, their every move could change the nature of the world.

A thick layer of ice appeared on the green-scaled monster's skin. It was unbreakable, and a layer of glaciers appeared on its huge body. The scales became hard and covered with a thick layer of ice.

Lu Benwei swung his fists, and vast star power condensed, suddenly turning into a silver river. The majestic aura was terrifying, flowing between heaven and earth.

"Boom!"

Lu Benwei launched the Star Shattering Fist, which collided with the vast scales and turned them into dust.

"So scary!" Wang Zining exclaimed, "Our combined attack was only able to block one of his moves!"

Lu Benwei also felt a headache. The group of people used all their moves, but they only obliterated one of his small skills!

"All of you, enter the Bronze Temple and let me deal with it!"

The green-scaled monster was so terrifying that it was as deep as an abyss. The monsters seemed to be afraid of it as well, and they had locked it in here!

Lu Benwei was afraid that Chu Yan and the others would be harmed, so he decided to sacrifice himself to protect their safety.

"We're on the same side. How can we leave you alone to deal with the enemy?"

Li Tiancheng was as furious as a bull as he soared into the sky, charging straight at the huge green-scaled monster.

He merged with the golden Divine Weapon Colossus, and golden light shone brightly. Countless sharp swords followed them and slashed at the green-scaled giant demon.

"Roar!"

The green-scaled monster spat out a mouthful of anger and waved its huge arm to tear the sky apart!

"Bang!"

The giant hand covered in green scales collided with Li Tiancheng, and the energy poured out like an explosion of stars.

The wind howled, and ghosts wailed!

“Boom!”

Half of the golden Divine Weapon Colossus’ body was slapped away, and the golden light instantly dimmed.

Li Tiancheng coughed up a mouthful of blood and flew several thousand meters away!

Everyone roared in anger!

Lu Benwei was a little confused. He could not see the strength of the green-scaled monster with his Eye of Insight. However, it was obvious that its strength was at the top of the upper-level Monster Kings. Its level might have just surpassed level 90. However, its huge body and terrifying bloodline provided it with strength that far exceeded that of a human of the same level!

“Boom!”

The green-scaled monster raised its leg again, wanting to stomp Lu Benwei and the others into a bloody pulp!

Lu Benwei activated the Bronze Temple and attempted to use this divine artifact to block it again!

Right at this moment, thunder rumbled like waves from the other side of the Blood River.

The green-scaled monster stopped and turned to look at the red land on the other side of the Blood River.

Many experts stood on the top of the clouds. The sky was burning red, accompanied by the roar of a dragon!

“It’s the Furious Dragon Legion!” Lin Feng exclaimed.

“Uncle Chu!” Lu Benwei and Wang Zining were delighted. With the Furious Dragon Legion, this green-scaled monster would die!

Chu Yan was the most excited, tears welling up in the corners of her eyes. In the past six months, she had heard too much bad news about the Furious Dragon Legion. Now that she saw that her father and all her uncles were safe and sound, she was extremely excited.

“Little Yan, don’t be afraid. We’ll come to you after dealing with this evil monster!”

Beside Chu Tianxiong, a bald man grinned, his row of white teeth gleaming.

Then, Chu Tianxiong moved! He was the top expert in this world, the elemental god king! All kinds of elemental power revolved around his fingertips like planets revolving, vast and surging.

“Rumble!”

A blazing lightning descended from the sky. It was a blue lightning bolt that combined like a lightning sea pouring down.

At this moment, Chu Tianxiong’s eyes were filled with lightning as if he was possessed by the God of Thunder!

The loud voice was like thunder, shaking the world. Lu Benwei and the others covered their ears. The sound was too penetrating, tearing their eardrums until they bled!

The blazing blue lightning split the ground and shook the earth.

The green-scaled monster turned its spearhead and waved its giant hand to meet Chu Tianxiong's attack.

The incomparably huge hand filled the sky, and the scales on its body shone brightly. Its attack power was extremely terrifying!

Chapter 584 Dilemma

A vast sea of lightning poured out, and every bolt of lightning had extreme offensive power.

In just a short moment, it covered the green-scaled monster's hand and began to wantonly destroy it.

"Roar!"

The green-scaled monster had astonishing combat strength and managed to survive the endless sea of lightning.

However, Chu Tianxiong was an elemental god king, and his battle prowess was unparalleled. The thunderbolt contained his will and forcefully peeled off the scales of this terrifying monster's hand. Blood dripped everywhere, and it was extremely terrifying!

"Ah, this monster is scary!" the bald man exclaimed in shock.

"Under Boss' attack, he still survived."

"It's fortunate that it was banished by the Giant Monster Clan," someone chimed in., "Otherwise if it joined forces with the Giant Monster Clan, I'm afraid we'd be in big trouble again."

As soon as they finished speaking, they joined Chu Tianxiong in attacking.

The bald man's body rapidly expanded. He was a beast warrior, and in a short moment, he had transformed into a huge wolf. His body was as big as a building, and he looked lifelike. His teeth flickered with a threatening cold light.

"Howl!"

The giant wolf roared between heaven and earth, and his body erupted with golden divine light. He rushed into the sky and attacked the green-scaled monster!

Lu Benwei and the others were shocked.

When this expert who followed Chu Tianxiong transformed, the weather changed, and the golden light shone brightly. His powerful aura was like a storm. He must be above level 90!

The giant wolf showed his full strength and was extremely brave. He ran on the body of the green-scaled monster. His sharp claws peeled off the green scales, and his fangs tore through its flesh, revealing its bloody bones.

“Roar!”

The green-scaled monster was furious, and its roar shook the mountains and rivers.

Between the scales on its body, a lustrous purple demonic power flowed out. Then, a rumbling purple qi rose and covered the sky, turning into a purple demonic cloud that covered the entire world. Its terrifying might was monstrous!

“Boom!”

The purple demonic cloud descended, corroding the earth. It had a terrifying attack power! If there was a city below, it would instantly turn into a sea of blood.

At this moment, another expert from the Furious Dragon Legion made his move. He drew his bow and shot out an arrow. It surged over like a vast ocean with a majestic aura.

The wind howled on the ground. Under the arrow, it brought along a black tornado and dispersed the demonic qi that corroded the earth.

Chu Tianxiong’s expression was cold, and divine power seeped out of his body.

The green-scaled monster raised its hand and swept at him. Its scales swallowed the soil and emitted a black light. It was extremely terrifying!

“Chi!”

Chu Tianxiong’s body turned into lightning, unstoppable and unstoppable. He charged toward the green-scaled monster’s hand with a monstrous divine might, piercing through it.

The green-scaled monster was simply too powerful. However, it still bared its fangs and brandished its claws, dancing in the sky. A mouthful of demonic light was spat out, attacking the top of the clouds. In an instant, it drowned them, creating a terrifying blow.

There were no clouds in the sky, the galaxy was trembling, and the earth was dead silent.

“Buzz!”

At this moment, the space on the ground where Lu Benwei was standing began to distort.

The Furious Dragon Legion had experts who mastered the power of space. He led everyone to dodge this attack.

Chu Tianxiong chanted the incantation, it was very ancient. Thousands of lightning bolts turned into divine chains, bursting with a terrifying might.

“Whoosh!”

Chu Tianxiong brandished the lightning divine chain, and the dazzling light drowned the mountains and rivers. It coiled like a python and struck the back of the green-scaled monster in an instant.

“Pa!”

The green-scaled monster spat out a mouthful of blood. Its back split open, revealing its ghastly white bones.

At the same time, dozens of bolts of lightning came. The blue lightning danced wildly and attacked the wound of the green-scaled monster.

The lightning was extremely violent. The blue lightning interweaved in the air to form a spider web. The attack was terrifying!

Lightning surged in the sky, drowning the green-scaled monster. Its entire body was charred black, and it emitted a stench. Countless steel-like scales fell off, and blood flowed out of its charred body.

Lu Benwei was extremely shocked. Chu Tianxiong's casual attack had already caused such a powerful, green-scaled monster to be in such a sorry state. It was obvious how much strength Chu Tianxiong had put into teaching Lu Benwei.

Lu Benwei also understood. After reaching level 90, the difference between one level to another level was as if worlds apart.

He was certain that the level-90 kings of the eight great families who had chased after Lu Benwei were not even a match for Chu Tianxiong.

Suddenly, Chu Tianxiong rose into the air once more.

The world rumbled as lightning flashed in the sky and the lightning sea surged.

Chu Tianxiong was bathed in it, his entire body turning into a ball of lightning. It was extremely glaring, releasing a large amount of lightning. It was so shocking that it seemed as if the sky was about to collapse.

"Boom!"

The ball of lightning attacked the green-scaled monster and tore off one of its arms.

"Boom!"

The huge arm fell to the ground like a mountain collapsing.

The other experts of the Furious Dragon Legion attacked one after another. The light was blazing and incomparably resplendent. They were once geniuses with extremely high talent. At the same level, they were several times stronger than ordinary hunters!

"Boom!"

The green-scaled monster's body exploded and turned into powder.

At this moment, the world returned to silence. However, this situation did not last for long. In the distance, demonic light erupted in the sky, and the ground began to tremble.

"They've discovered us. They're coming!"

Chu Tianxiong's expression was solemn as he gazed into the distance.

Soon, a large monster army appeared, covering the sky and covering the earth.

Lu Benwei and the others felt their scalps go numb as they watched. They were shocked that the Furious Dragon Legion had been fighting against the monsters in this Devil's Den.

"Chu Tianxiong, hand over your life!"

A group of monsters arrived first. They had wings and were extremely fast!

"Changhe, let's go!"

Even though Chu Tianxiong had a majestic appearance and unparalleled combat strength and the soldiers of the Furious Dragon Legion who came with him were all heroes, Lu Benwei realized that they were exhausted and had wounds of all sizes all over their bodies.

The soldier named Changhe held the power of space in his hand. He took it and split open the space, and a teleportation door appeared.

"Let's go!"

After saying that, Lu Benwei and the Furious Dragon Legion stepped into the teleportation array, crossed the spatial chasm, and entered the teleportation passageway.

In the teleportation channel, the soldiers of the Furious Dragon Legion were surprised to find a monster following them.

"Eh, where did this demonic beast come from?"

"You're courting death!"

After saying that, someone wanted to kill the crocodile in this spatial passageway.

Lu Benwei hurriedly stood up. "Everyone, please show mercy. This is our friend."

Due to Chu Yan, the Furious Dragon Legion also knew about Lu Benwei.

Seeing that Lu Benwei was protecting the crocodile, they all turned their heads away and did not say anything else.

The group arrived at a secret place. At this time, Lu Benwei finally knew the reason for the Furious Dragon Legion's predicament.

Chapter 585 Dealing With It

The Furious Dragon Legion was one of the most powerful armies in the Dragon Kingdom.

Experts gathered under the tent, all heroes from all directions!

Now, the Furious Dragon Legion was trapped in the Devil's Den, and the danger of life and death was already burning in their eyes.

Chu Tianxiong was the leader of the level-90 kings as well as some of the level-80 powerhouses. Most of the remaining soldiers of the Furious Dragon Legion were heavily injured and were half-crippled.

There was a shortage of medical supplies, and many of the soldiers' wounds had already festered. Moreover, there was a shortage of living supplies, and many people could not fill their stomachs.

Fortunately, Lu Benwei managed to rush over. The Bronze Temple was filled with countless medical supplies, as well as some guns and ammunition, which solved the urgent needs of the Furious Dragon Legion.

"Thank you so much."

Chu Tianxiong and the other soldiers of the Furious Dragon Legion were grateful for saving their lives.

Everyone was very excited! When they were young, they had heard of the fame of the Furious Dragon Legion. They fantasized about joining the Furious Dragon Legion one day.

Now, they were surrounded by the soldiers of the Furious Dragon Legion, and everyone expressed their gratitude to them.

Li Tiancheng was the most excited. As Chu Tianxiong was his idol.

The arrogant look he had in the past was gone. When he woke up and found out that he was in the Furious Dragon Legion, he almost fainted again.

However, when some soldiers learned that Lu Benwei had come, they clamored to fight him one-on-one. They wanted to see how strong this young man who had stolen the pearl of their army was! The few of them refused to let go and blocked Lu Benwei. In the end, Chu Tianxiong stepped forward and ordered everyone to retreat.

Then, he led Lu Benwei into the main tent. A few high-ranking officers of the Furious Dragon Legion also entered.

"Lu Benwei, Zining, thank you very much for coming to our aid. With these supplies, we might be able to rush out."

Chu Tianxiong thanked Lu Benwei once more.

"Father, what exactly happened that caused you to be trapped here?" Chu Yan frowned and asked.

Chu Tianxiong sighed and waved his hand. "Golden Wolf, you should say it."

The golden wolf was the beast warrior who had transformed into a giant wolf earlier. He was a vice commander of the Furious Dragon Legion, Chu Tianxiong's right-hand man.

"In the beginning, Changhe and I, along with a few officers, and Commander Chu, investigated the Fire of God and the Blood Monster Clan. The few of us investigated for a few weeks and found nothing. We're preparing to return to the Dragon Kingdom."

At this point, Lu Benwei's heart trembled.

"But I didn't expect that when we were 200 kilometers away from the Dragon Kingdom, we received a secret order from the higher-ups! The secret order says that we are to wait for orders and regroup with the army to attack the Devil's Den again. At the same time, the secret order also said that there are other legions with us. In total, there are a million troops!"

After a pause, Golden Wolf sighed in self-reproach. The rest of the people followed suit and slammed the table angrily.

“At first, we were all very puzzled. It’s not like we didn’t go to the Devil’s Den in the past. However, this is the first time such a large-scale event has happened. Although we’re very suspicious, why is there no news about such an important decision? However, we were too excited. After all, this is the first time since the era when everyone changed classes that such a large-scale crusade has happened! After we meet up with the main army, we’ll head to the Devil’s Den to set up camp.”

At this point, Lu Benwei and the rest understood what happened next.

“Maggots have appeared in the Dragon Kingdom, and they have already penetrated the bone marrow!” Lu Benwei said angrily.

“When we return, we must use some fast methods to remove these maggots!”

“Yes!” Li Tiancheng’s mood was very high.”

“If we don’t get rid of these people, how can we succeed in our century-old plan of fighting against the monsters? Wouldn’t all the blood that we sacrificed to fight against the monsters have been for nothing?”

When the Furious Dragon Legion heard this, they all became excited and slammed the table.

They were all iron-blooded warriors, righteous and upright. Now that they had been tricked, all of them were holding back their anger!

“Sit down. Think about it first. How should we break out of this encirclement?” Chu Tianxiong poured a bucket of cold water on him.

He was the commander of the Furious Dragon Legion, and he had to be responsible for his soldiers.

At this moment, Lu Benwei asked with some doubt, “Commander Chu, how did you manage to hide this place so well?”

As soon as he finished speaking, someone in the army officer’s team chuckled. “Little friend Lu Benwei, you might not know this, but our army has an array alchemist who has studied arrays for many years.”

Array Alchemist, the top class of the second class. He could use various medicinal herbs or treasures to create some arrays.

For example, the Forbidden Magic Array that covered every corner of the campus of Yanjing Hunter University was created by a powerful array alchemist in ancient times.

At this moment, the officer who was talking to Lu Benwei was smug, his face saying, ‘I’m that array alchemist who has been studying arrays for many years!’

“Uncle Guan Lou, isn’t it the Heaven Deceiving Magical Formation that you developed yourself that is displaying its power?” Chu Yan and Chu Tianxiong sat together, rolling their eyes at the array alchemist.

“Sigh, Yanyan! Let your friend guess. It’s so boring if you just say it directly!” the Array Alchemist named Guan Lou said with some annoyance.

Lu Benwei's lips twitched. When he came out of the transmission array, he knew about the existence of the Heaven Deceiving Array. It covered the sky's secrets, allowing the Furious Dragon Legion to hide here.

If one were to sense it carefully, one would discover the profundity of this Heaven Deceiving Magical Formation. Other than blocking everyone's aura, it also provided a slight healing effect. Moreover, it had a defensive mechanism that could withstand a blow from a level-90 monster king!

A single array had three effects at the same time. The creator of this Heaven Deceiving Array was destined to be a mighty figure!

The only pity was that this formation could not be used rashly, or it would immediately lose its effect.

"Uncle Guan Lou, I'm wondering if there's a possibility of developing a Heaven Deceiving Formation that can move with us to help us escape this place?" Lu Benwei asked, "Or should I say, is it possible to build a one-way teleportation array for a long distance?"

The atmosphere in the tent instantly froze.

Lu Benwei was quite surprised. "What, what's wrong?"

Guan Lou sighed. "We've thought about your idea. It's feasible, but we lack one thing."

"What is it?" Lu Benwei asked.

"The bones, blood, and heart of a level-95 monster king!"

Chapter 586 Living Toward Death

"A long-distance one-way teleportation array requires a huge amount of energy. Other than the heart and bone blood of a level-95 monster king, we can't do it," Guan Lou said truthfully.

Currently, the Furious Dragon Legion was trapped in a mountain range in the middle of the Devil's Den.

The Blood River was connected to this mountain range. From east to west, it divided the Devil's Den into the north and south.

Lu Benwei came ashore from the west coast of the Devil's Den southern continent.

Except for the green-scaled monsters, due to the scarcity of resources in the southern continent and the harsh environment, the group had never encountered a powerful monster king.

In the northern part of the Devil's Den, there were countless powerful monsters and countless clans.

There was a total of 36 monsters from the 72 monsters living in the Devil's Den. Moreover, nearly 30 monsters were living in the north.

Among them, two of the five great imperial families and one of the three great royal families resided in the northern continent of the Devil's Den.

The one closest to the encampment was the Black Dragon Clan, one of the five great imperial families. It was the common master of all the darkness-type monsters on the Devil's Den!

The leader of the Black Dragon Clan, the Black Dragon King, had already reached level 96 and had touched the limit of this world!

“The Blood Monster Clan is mysterious. We can only set our target on the Black Dragon Clan,” Guan Lou said.

“As long as we get the heart, bones, and blood of the Black Dragon Clan’s head and put them into the teleportation array, we can escape from this place!”

“No, this is too risky!” Chu Tianxiong refused.

“Don’t forget, we’re not the only ones who can use the teleportation array. Monsters can also use it! We can’t spread the flames of war to the Dragon Kingdom!”

As soon as he finished speaking, Changhe, the army with spatial power, said, “It’s not impossible. After you enter the teleportation array, can’t you just send someone to destroy it?”

“What a joke. We’ve already entered the teleportation channel. Who’s going to destroy the array?”

“Moreover, the teleportation array is the place where spatial energy is condensed. Other than spatial energy, who can destroy it?” Guan Lou subconsciously laughed, but he suddenly stopped.

He looked at Changhe. Lu Benwei’s gaze also landed on Changhe.

Changhe was very thin and wore a pair of broken glasses. He looked like a weak scholar. At this moment, Changhe’s eyes were extremely calm, like a pool of ancient water.

He used the power of space in his hand to cover the retreat. He was the most suitable candidate to destroy the teleportation array. However, he might be affected by the anger of the Black Dragon Clan and end up with nothing left.

Guan Lou immediately cursed. “F\*ck, we haven’t even seen the signs yet. Changhe, don’t spout nonsense!”

“I’m not talking nonsense!” Changhe’s eyes burst with a bright light, which was extremely frightening.

“The Furious Dragon Legion has been established for so many years, and there are people who die every year! Why can’t I?!”

Guan Lou immediately glared at him. “You’re still young. How old are you? What’s your military rank? Why are you shouting at me?! When I joined the Furious Dragon Legion, you were still suckling milk! I said no means no!”

“Enough! What’s all the fuss about?” Chu Tianxiong growled. “In terms of military rank, I’m the highest in the entire regiment!”

“Changhe’s suggestion is very good. We can indeed let him cover the rear. And now that we have Lu Benwei joining us, they aren’t going up together. Their strength is at its peak, and when they fight against the monsters with us, their chances of winning are very high.”

Chu Tianxiong’s words were merciless.

However, mercy did not mean that he was in charge of the army. Chu Tianxiong was responsible for the lives of the entire Furious Dragon Legion.

“Let’s start the voting now. Please raise your hand if you agree with Changhe’s method!”

For a moment, no one raised their hands except Changhe.

The atmosphere in the tent was so heavy that one could hear a pin drop.

The golden wolf slowly raised his head, agreeing with Changhe’s suggestion.

At this moment, the Six-tailed Crocodile in human form suddenly raised his hand. He was transformed from a monster and did not have the complicated emotions of a human. He only knew that Changhe’s suggestion was the best way to escape.

Changhe looked at him gratefully and bowed deeply.

Then, someone raised his hand with difficulty. When he raised it in the air, he slowly lowered it.

“I’m a soldier. It’s my honor to die on the battlefield!” Changhe suddenly said in a deep voice when he saw this. The warrior battlefield is my best home!”

Everyone was extremely shocked. Changhe’s thin body erupted with a powerful force!

Finally, someone raised his hand resolutely! However, it was still less than half!

At this moment, Chu Tianxiong cleared his throat and said to Lu Benwei, “Brother Crocodile has raised his hand, which means that Lu Benwei and you can also raise your hand to vote.”

The old beggar was the first to raise his hand. He was an old fox in the pugilistic world and knew the stakes. Therefore, he raised his hand.

Then, he asked Lin Feng in a low voice, “Brat, raise your hand!”

Lin Feng shook his head like a rattle drum.

The old beggar rolled his eyes. Then, he pointed at an acupuncture point on Lin Feng’s back with his other hand.

An electric current went straight to Lin Feng’s brain. He felt his entire body go numb, and his hands subconsciously raised.

“Alright, this little brother of mine also agrees!” the old beggar said.

Chu Yan was very angry and almost wanted to throw her butt off the stool and hit Lin Feng’s head!

“Lin Feng, how can you do this?”

“Yanyan!” Chu Tianxiong’s voice was deep and majestic as he shouted at Chu Yan, “Don’t mess around!”

“I don’t understand. Why must we sacrifice Brother Changhe? Can’t we use other methods? For example, creating a moving Heaven Deceiving Formation!” Chu Yan said unwillingly.

She had lived with the Furious Dragon Legion since she was young and had deep feelings for the soldiers.

“Yanyan, all the warships of the Furious Dragon Legion have been destroyed!” Chu Tianxiong said bluntly.

“The long-distance teleportation array is our only way!”

Chu Yan was speechless. She turned her head and looked at Lu Benwei.

At this moment, there were only three votes left for Changhe’s sacrifice.

“Thank you, Changhe,” Chu Tianxiong said, “I won’t say anything else. It makes me seem too pretentious!”

Chu Tianxiong raised his hand. He was carrying the lives of the entire Furious Dragon Legion on his shoulders. He would not give up hope for everyone’s survival just for one person.

There were two votes left. Everyone’s eyes gathered on Lu Benwei and Li Tiancheng.

Li Tiancheng slowly stood up with a solemn expression. He looked at Changhe and said, “Senior, I’ll protect the Furious Dragon Legion!”

After saying that, he bowed to Changhe.

Living toward death!

Li Tiancheng could only promise him that he would protect the Furious Dragon Legion. Only then would he be able to pay his respects to Changhe’s act of giving life to death!

Chapter 587 Black Dragon

Now, the votes were split equally.

In the tent, there was only one person who had not voted. That was Lu Benwei.

“Lu Benwei!” Chu Yan shouted in a low voice.

This was the rare time she called Lu Benwei by his full name. It was a kind of begging and a kind of warning.

Changhe looked at Lu Benwei quietly, his eyes bright. “Brother Lu Benwei, just follow your heart.”

Lu Benwei nodded. Now, if he raised his hand to agree, it would mean that Changhe’s life would forever remain on this Bloody Earth Continent. However, if he objected, how many lives would be left on this land? There would never be the best answer!

“Sigh, this is really difficult.”

Lu Benwei slowly let out a breath of turbid air and sighed.

“Brother Changhe, please believe me. The day we expel the monsters isn’t far away!”

Changhe was stunned for a moment, then he straightened his expression. "Alright, I believe that the day will come."

Lu Benwei's words to Changhe were a kind of comfort and a kind of promise. Only in this way could he live up to Changhe's determination to die!

Then, Lu Benwei raised his hand.

At this moment, the number of people who agreed with Changhe's plan was passed by one vote!

Chu Yan's face was extremely gloomy. She stood up and walked out of the tent.

"Little Yan!"

The officers wanted to chase after her, but Chu Tianxiong stopped them.

"Don't worry about her. Let's discuss the next plan. What we are about to face is the Black Dragon Clan of the five great imperial families."

They were still worried about Chu Yan.

Chu Tianxiong narrowed his eyes and said, "It's okay. I know her. She's probably squatting under a tree in a daze right now."

Pausing, Chu Tianxiong looked at Lu Benwei, "Little Lu, you go ahead. We'll discuss the plan."

Lu Benwei nodded and immediately left the tent.

"You ran so far, aren't you afraid of encountering monsters?"

Lu Benwei walked forward quietly and squatted beside Chu Yan.

Chu Yan was speechless. Lu Benwei sighed softly and stood beside Chu Yan in a daze.

It was already late at night, and the night on the Blood Earth Continent was exceptionally quiet.

The camp at the foot of the mountain was brightly lit.

With Lu Benwei's help, the soldiers of the Furious Dragon Legion finally had a full meal. At this moment, the tense atmosphere in the tent was tinged with joy.

The mountain was dark and quiet. The cold wind blew gently, and the trees behind Lu Benwei swayed.

"Why is it always like this?" Chu Yan suddenly said, "Why can't we bring everyone back in one piece every time?"

Lu Benwei was stunned. He immediately understood Chu Yan's thoughts.

It was not that she did not understand how cold and heartless everyone was. Instead, it was hard to accept Changhe's sacrifice.

Chu Yan grew up with the Furious Dragon Legion. It could be said that the Furious Dragon Legion was her home. Every soldier of the Furious Dragon Legion was her elder.

However, since young, there would always be people sacrificed in every expedition of the Furious Dragon Legion.

When Chu Yan waited for the Furious Dragon Legion to return, she could not see some people.

“Sigh, Yanyan...”

Lu Benwei slowly let out a breath of turbid air, his expression solemn.

“If one day, the person who needs to be sacrificed is me, will you agree?”

“Of course not!” Chu Yan immediately denied it. Her clear eyes widened.

“I hope you will!” Lu Benwei said lightly, “In other words, if you want to sacrifice yourself to fight for a chance of survival for the common people, do you want me to agree to let you go?” Lu Benwei’s expression was solemn, and his deep eyes were bright.

“Of course...”

Chu Yan hesitated. Just like Lu Benwei, if that day really came, she would stand up for him without hesitation. However, if she said that, it would be a bit of a double standard.

“I don’t want that day to come!”

“Officer Changhe’s sacrifice is a tragedy. What we can do isn’t to sing praises for this tragedy, but to prevent the next tragedy from happening!”

Lu Benwei suddenly became ruthless. There was anger burning in his eyes, giving Chu Yan a fright.

“The monsters almost destroyed my home, kidnapped my sister, and caused countless people to die! They are the source of all tragedies. All we can do is work hard and sacrifice our blood to end the era of monsters!”

After saying that, Lu Benwei stood up and extended a hand.

“Chu Yan, are you willing to work hard for this goal with me?”

Chu Yan was stunned. This was the first time Lu Benwei had called her name so solemnly.

The night was quiet and cold. There was only a full moon shining high in the sky, illuminating the remnant clouds at the side and sprinkling strands of gentle moonlight.

Chu Yan was still squatting on the ground as if she was kneeling on one knee.

Lu Benwei stood tall and stretched out his hand. It was inexplicably like a marriage proposal scene.

“I’m willing!”

Chu Yan placed her hand on Lu Benwei’s hand.

...

After returning to the tent, everyone had also formulated a plan to attack the Black Dragon Monster King.

Firstly, they needed to know the coordinates of the Black Dragon Clan's lair.

The territory of the Black Dragon Clan was vast, so they had to know the exact coordinates of the Black Dragon Monster King's lair.

Then, Guan Lou would set the destination of the teleportation array at the coordinates. Chu Tianxiong would lead all the kings of the Furious Dragon Army!

At the same time, Lu Benwei's group of people and some level-80 experts were also moving forward.

What they needed to do was not to assist Chu Tianxiong and the others in killing the Black Dragon Monster King, but to stop the enemy from sending reinforcements, especially the experts of the Black Dragon Clan.

Moreover, the remaining soldiers of the Furious Dragon Legion were responsible for stopping the Black Dragon Clan's subordinates from sending reinforcements.

"Now, here comes the problem. The Black Dragon Clan has many experts in their territory, and there are also many subordinates. It can be said that it's extremely difficult to find the Black Dragon Monster King's lair. First of all, we can't have too many people, and they can't be very powerful. Otherwise, the aura we emit will alert the monsters, and it might cause a great disturbance."

The old beggar slapped his thigh. "F\*ck," he said, "After thinking about it, isn't this person me? I don't have any level at all. Who else can it be?"

The Furious Dragon Legion was very surprised. They thought that the old man who came with Lu Benwei was a rare expert. Now, he was telling them that this old man did not even have a level.

It was true that the monsters could not see through it, but with the speed of mortals, it was extremely difficult to find the Black Dragon Monster King's lair in the vast territory.

The old beggar saw everyone's suspicious faces and immediately put his hands on his hips. "Everyone, I'm not bragging, but I dare to say that everyone here is trash except Commander Chu!"

Chapter 588 The Old Beggar's Might

Other than Chu Tianxiong, everyone else here was trash?!

When the old beggar said this, there was only one thought in everyone's mind – this old beggar was so arrogant!

Lu Benwei was also shocked. He knew that the old beggar had specialized in ancient martial arts for many years, and his strength was unfathomable that he could rival a level-80 expert! However, Lu Benwei could not believe that he could fight a level-90 king.

The golden wolf did not believe him and proposed to spar with the old beggar! He was currently at the peak of level 94. He was only one step away from becoming invincible.

"A mortal who has learned ancient martial arts can't defeat me!" the golden wolf crossed his arms in front of his chest, his face full of arrogance.

The old beggar chuckled. "The war is imminent. You and I are both key figures in this plan. It's not good to hurt our harmony by fighting. It's not too late for us to spar after we return to the Dragon Kingdom."

When everyone heard this, the corners of their mouths twitched. However, what he said was reasonable. A great battle was imminent, so there was no need to be friendly for the sake of fighting.

"But are you sure you can find the lair of the Black Dragon Monster King?" the golden wolf asked.

"Of course!"

The old beggar placed his hands behind his back and looked calm and composed. The next second, he suddenly ran out of the tent. In just a few seconds, he had already walked out of the mountain.

Everyone's eyes widened in disbelief, and their jaws almost dropped.

The old beggar's feet created a gust of wind, and the footwork he used was extremely profound and mysterious. He left a faint footprint on the ground, and a layer of golden dust flickered on it.

Then, they looked at the old beggar's back. His figure was elegant as he ran through the forest like a deer. Everyone was shocked.

"This footwork is something that even I can't match at full speed."

At the same time, the old beggar started to move like a dragon and tiger as he shuttled between the various monster clans.

The monsters were huge, and the skinny old beggar did not attract any attention as he moved between them.

He traveled five thousand miles at night and stepped into the territory of the Black Dragon Clan. It was vast and boundless, and the land was fertile.

On his way, the old beggar ran into the Black Dragon Clan soaring in the sky. Their bodies were extremely huge. Even if they were just born, they were still as big as trucks. From hundreds of meters away, one could hear their hearts beating like war drums. They had explosive power.

The black dragon had a lion-like body and two huge bat wings on its back. The wings extended and covered the clouds and the sun. It was very terrifying.

Its tail was long and winding, with thorns at the end. At the end of each leg was a huge claw that was incomparably sharp.

The old beggar continued his mission. He happened to see two black dragons fighting in a black mountain. Their bodies were huge, and when they stretched their bodies, they reached the mountainside.

The old beggar estimated that they were around level 60. One of the black dragons had dark red skin as if lava was flowing in its body.

With a swing of its thick tail, the huge rocks in the mountain rustled and rolled down, and the ground trembled.

“Boom!”

Then, the two dragons blasted out world-destroying demonic flames. The scorching temperature instantly melted the mountains.

The old beggar used his mystical footwork to dodge the terrifying heatwave.

“The territory of the Black Dragon Clan is so vast. Even if I use the Spatial Jade, I’m afraid I’ll have to walk for a year and a half. Why don’t I capture a black dragon and ask?” the old beggar muttered to himself.

His eyes gradually narrowed as he stared at the dark red black dragon that was about to win.

The battle between the two black dragons ended. Their battle was earth-shattering, and the sun, moon, mountains, and rivers lost their light.

Originally, this area was full of vitality, with countless birds and beasts living here. Unfortunately, under the demonic flames, they turned into charred corpses.

After the dark red black dragon won, its long iron tail pierced through the sky and pierced through the head of the defeated black dragon. Monster blood flowed like a great river, soaking the black earth.

A strange thing happened. The ground beneath the old beggar’s feet was full of vitality again. It was radiant as if spring had returned to the earth, and all things were competing again.

“I didn’t expect that the head of the Black Dragon Clan contained the power of their bloodline and could affect nature,” the old beggar said.

Soon, the dark red black dragon returned to a cave. During the battle, it had also suffered a lot of injuries. Its stomach had been pierced by a tail that was as hard as steel, revealing a large hole, revealing its bloody internal organs and white bones.

At this moment, it was also very weak and wanted to recuperate.

“Damned Cang Xin, after so many years, our clan has endured, but I didn’t expect you to still feel sorry for us!” the dark red black dragon said to itself angrily.

Then, the old beggar entered the cave and deliberately made a lot of noise.

“Didn’t we agree not to disturb me when I’m healing?”

The dark red black dragon thought that it was its servant, but as soon as it finished speaking, it immediately sensed that something was wrong.

“Who are you? Why did you barge into my cave?”

The dark red black dragon was lying on a huge bed made of spiritual roots and wood. The spiritual wood vine contained the natural spirit qi of heaven and earth. The dark red black dragon lay on it, and its wound was healing rapidly!

“Isn’t that Cang Xin from your side?” the old beggar suddenly came out and questioned, “Why are you killing each other?”

“Humans? The Furious Dragon Legion?”

The dark red black dragon's vertical pupils were filled with disbelief. Its mind was filled with thoughts about why a human would appear here.

"You dare to barge into my cave?"

The old beggar chuckled. "There's no one at the door, so I came in."

"Arrogant!"

The dark red black dragon was furious. It raised its iron tail and swept the old beggar. Its huge tail was filled with explosive power, and it could strike everything in its path with unstoppable force!

The old beggar took a deep breath. The sea of qi in his internal organs surged violently. A majestic mountain-like aura gushed out. The old beggar's skin was strong and healthy, and the veins on his body bulged like dragons that clung to his limbs and bones.

"Pa!"

The dark red black dragon's giant tail swept across the sky. It was unstoppable. The surging power was like a river flowing eastward and pouring down into the sea, causing the cave to rumble.

"Humph!"

The dark red black dragon snorted in disdain.

"You disturbed my mood and dirtied my tail."

However, at this moment, a sharp pain struck its soul from its tail.

Before the dark red dragon could scream, the black scales on its body began to fall off, and its bones, which were as hard as alloy, began to break inch by inch.

"Bang!"

With a loud bang, the dark red black dragon's internal organs exploded, and blood gushed out like a fountain.

Chapter 589 Coordinates

"You, who are you?"

The dark red dragon's soul was trembling as it spoke weakly.

"How come I've never heard of someone like you in the Furious Dragon Legion?"

The old beggar chuckled. "I'm just an old beggar with half of my body buried in the yellow soil."

Pausing for a moment, his expression turned grim. "Do you want to live? If you want to live, tell me where your boss's nest is."

"You want to find our boss?"

The dark red black dragon narrowed its eyes, which were bigger than a palm-leaf fan, and suddenly sneered. "You want to go straight to the enemy? Let me tell you, it's impossible!"

The old beggar whistled and said teasingly, "Is that so?"

In the next second, he used Stellar Transposition and his robust body landed on the dark red black dragon's back.

"Then let me change my question. Why did you ask that black dragon to kill each other just now? Does your Black Dragon Clan also have different factions?"

The old beggar asked as he felt for something on the dark red dragon's naked skin.

"Ant-like human, do you think I'll tell you?"

As soon as he finished speaking, a pain that went straight to the depths of its soul hit its brain.

The old beggar pulled out a bloody dragon tendon!

"Hmm? Are you going to tell me?"

The old beggar's methods were vicious. He had no morals to speak of when it came to monsters! He pulled out several dragon tendons in succession and asked each time he pulled out one.

"It's exactly what you think! We split up our clan!"

The dark red black dragon's scaleless skin was already covered in blood and sweat. It could no longer endure the pain.

Unexpectedly, the old beggar did not give up. He continued to pull out the dragon tendons and remove the dragon's bones. "Since the clan has been divided, there must be a division of interests. What are you doing this for?"

The old beggar had been in the martial arts world for many years and could be said to be an old fox. He was extremely sensitive to some information.

"The Dragon King is about to die, and the Dragon Prince is weak and incompetent. We're divided into two factions!" The dark red black dragon's head was covered in blood, and it did not even have the strength to shout.

As the old beggar spoke, he picked up a dragon tendon and played with skipping rope.

The dark red black dragon was so angry that it wanted to vomit blood. However, in the face of such a perverted old beggar, it naturally did not dare to say anything.

"Yes, yes." The dark red black dragon's voice was weak, like the sound of a mosquito.

"Back to the question, where are the coordinates of your boss's nest?"

"This..." The dark red black dragon hesitated.

However, when he saw the old beggar licking his teeth and swinging its dragon tendon, its heart began to tremble again.

It swallowed its saliva.

"Alright, come over here and I'll tell you.."

The old beggar did as he was told and successfully obtained the coordinates of the Black Dragon King's lair.

"According to the agreement, you have to let me live." The dark red black dragon grabbed onto this chance of survival and begged.

As soon as it finished speaking, the dark red black dragon shuddered violently. Its bones and soul were trembling.

The old beggar's expression was sinister, and his gaze was crafty.

"No, you can't go back on your word!" The dark red black dragon felt that a disaster was imminent. It flapped its two huge wings and wanted to struggle to leave.

Unfortunately, its bones were broken and its tendons were peeled off.

The dark red black dragon was like a moth that had fallen into the lake, flapping its wings weakly.

"Sooner or later, my clan members will look for me! Your plan will be exposed!"

The dark red black dragon refused to let go of any chance of survival.

The old beggar licked his teeth. "That's right. But you just started a war with your clan. If I kill you and destroy this mountain range, they won't be able to find out for a while. Perhaps, your clansmen will think that you've just been seriously injured and died tragically in this cave."

The old beggar showed no mercy and decisively crushed the dark red black dragon's brain. Then, he used his qi to break this mountain range.

However, the old beggar did not turn back. Instead, he headed toward the coordinates given by the dark red black dragon.

He had no morals to speak of when it came to monsters. The old beggar believed that being kind to the enemy was cruel to oneself.

At the same time, he also thought that the dark red black dragon was holding back and did not tell him where the real Black Dragon King's lair was.

After running for another day and night, the old beggar arrived at a boundless black pool.

This lake was in the depths of the Black Dragon Clan's territory. The dark power in the air was dense and even changed the weather.

It was noon, but the sky was dark. The black pool was boundless and merged with the sky. A dense dark energy suddenly emerged from the pool, forcing the old beggar to shiver.

"Motherf\*cker, that fellow really lied to me."

The old beggar almost cursed when he saw that it was just a black pond.

Suddenly, things took a turn for the better. He walked around the black pool and kept finding other monsters kneeling piously in the middle of the black pool.

A black dragon that could cover the sky crawled out of the pool and told the monsters kneeling on the ground, "The Dragon King's days are numbered! When that cowardly Crown Prince ascends the throne, you'll follow me into the palace!"

"Yes, sir!"

The old beggar was overjoyed when he heard the secret of the Black Dragon Clan.

Then, he did not stop. He ran for two days and one night and returned to the camp of the Furious Dragon Legion.

"I got the coordinates!"

The old beggar circulated his qi and used a mysterious internal force.

After running for so many days, he still looked radiant and his eyes were full of vigor.

When they saw the old beggar return, everyone immediately surrounded him, feeling very happy.

"Other than getting the coordinates of the Black Dragon King's lair, I also got a piece of big news! A piece of news that can wipe out the Black Dragon Clan from this planet!"

Everyone was surprised and listened attentively.

"The Black Dragon King doesn't have much time left. We can save a large portion of our strength."

After a pause, the old beggar continued, "At the same time, the Crown Prince of the Black Dragon Clan is weak and incompetent. One faction is the royalist faction which supports the Crown Prince to ascend the throne. The other faction is led by the younger brother of the current Black Dragon King. They colluded with the Black Dragon Clan and the affiliated monsters in an attempt to usurp the throne!"

Everyone was overjoyed when they heard that.

However, at the same time, he was worried. At this moment, the Black Dragon Clan's territory was filled with clouds, and everything was still uncertain. However, the news that the Black Dragon King was about to die was exciting.

Chu Tianxiong decided to start the plan tomorrow.

That night, the entire tent was filled with an excited atmosphere. After more than half a year, they finally saw hope.

However, at the same time, a great battle struck, and everyone was shrouded in the shadow of death.

"Brother, I'll leave my will with you. If I can't get out, you can give it to my family!"

"What are you talking about? The two of us will get out!"

The soldiers told each other about their best comrades.

Chapter 590 The Battle Begins

The next day, the sky had just turned bright.

According to the coordinates, Guan Lou had prepared three teleportation arrays, each of which could allow the entire army to pass through at the same time.

“Buzz!”

The teleportation array was activated, and the army began to cross the void.

Chu Tianxiong and the ninety-odd kings of the Furious Dragon Legion took their positions, heading straight for the sky above the Black Pool, directly attacking the king of the Black Dragon Clan.

Lu Benwei, Chu Yan, and the group of level-80 experts landed ten kilometers away from the central coordinates.

They were responsible for restraining the experts of the Black Dragon Clan. There was a mountain range here, so it was perfect for them to surround and fight for reinforcements.

The destination of the third teleportation array was a hundred kilometers away from the central coordinates.

Similar to Lu Benwei’s mission, they were responsible for stopping the Black Dragon Clan’s members.

...

On Lu Benwei’s side was a vast mountain range.

The mountain range was boundless and endless. The mountain was covered with all kinds of strange ancient trees. Some of the branches were slender, but they were even taller than the mountain.

Some of them looked like dragons. Their branches and leaves were like dragon teeth and claws, sharp and unparallelled. Their trunks were like dragon bodies, sturdy and ferocious. They were so lifelike that some people even thought that it was the Black Dragon Clan ambushing them again.

‘Soaring snakes ride the fog, and eventually become dust,’ Lu Benwei thought of this.

As everyone climbed to the top of the mountain, they found a suitable position. Then, they sent a signal to Chu Tianxiong and the others hiding in the clouds, indicating that they were ready.

The only thing they needed to wait for now was the signal from the soldiers on the periphery.

“So quiet!”

As they approached the Black Dragon King’s cave, they felt an extremely dense power of darkness corroding their skin and souls.

At this point, the soldiers of the Furious Dragon Legion realized how extraordinary the old beggar was.

With a mortal body, he could travel back and forth in this extremely oppressive place.

“Isn’t it a little too comfortable?” Lu Benwei felt that something was wrong.

“Could it be that the Black Dragon King has fallen and internal strife is about to erupt?” someone said.

“No, the death of a superior monster king will cause a phenomenon in the world. At this moment, the sky is clear and cloudless, and the power of darkness is still very calm,” someone else explained.

At this moment, a loud bang sounded. The boundless black pool churned, and two figures appeared. They were the two kings of the Black Dragon Clan.

A great battle broke out between them. For a moment, the sky and the sun were destroyed, and the water in the pool rose.

One of the black dragons had white scales and looked a little old. "Your Highness Cang Shi, the Dragon King hasn't died yet, and you can't hold it in anymore?"

The black dragon named Cang Shi was the younger brother of the Black Dragon King. It was extremely talented and had broken through the 90th rank in less than 30 years. Its current level was at the peak of level 94!

As long as one sat on the throne of the Black Dragon Clan and obtained the king's power in the bloodline of the clan, one could cross the natural moat and ascend to the peak of the monsters.

"Old man, you saw it too. The Crown Prince is weak and isn't suitable to be the Dragon King. Otherwise, there's no hope for our clan to revive!" Cang Shi shouted.

"As long as this old man is here, I will not let Your Highness succeed!"

After saying that, several figures emerged from the black pool. They were the experts of the Black Dragon Clan's royalist faction.

At the same time, a long cry came from the sky, and a strong wind blew. Several figures appeared. They were the experts of the other monster clans, and even the monster kings attacked!

A monster king acted, tearing apart a royalist black dragon expert on the spot, fresh blood splattering all over the ground.

The scene was bloody and chaotic. The internal war of the Black Dragon Clan had begun.

"Stealth and charge into the lair of the Black Dragon King!" Chu Tianxiong ordered.

This was a great opportunity. He could take advantage of the internal strife of the Black Dragon Clan to march straight in and cut off the Black Dragon King's heart, bones, and blood.

At the same time, the roars of monsters rose and fell from the land, the mountains, and the sky. More monsters descended and joined their respective camps.

The battle royale had already begun!

The vast territory of the Black Dragon was in an uproar. Long howls came from the sky, the earth, and the forest. Strong winds blew, and experts of the monster race came from all directions.

The beasts activated their magic power and covered the sky and earth. They charged at the other party like crazy, and all kinds of flesh and blood flew everywhere!

The third branch of the Furious Dragon Legion was affected and was forced to fight back and join the battle!

The leaders of both camps were stunned. "The Furious Dragon Legion?"

“Vile creature, to achieve your goal, you cooperated with the Furious Dragon Legion?” Cang Shi and the old black dragon said in unison.

At this moment, Lu Benwei instructed everyone, “It is obviously impossible to exterminate a royal clan with just a riot! But a weak dragon king ascending to the throne is beneficial to us! Let’s help that old black dragon kill that Cang Shi!”

Everyone nodded in agreement. They soared into the sky and launched a great attack on Cang Shi!

“Boom!”

Lu Benwei took the lead and said, “ Clear Heart Slash Technique! Eighty times increase in combat strength!”

Cang Shi was a 94th-level king monster, stronger than any enemy Lu Benwei had encountered in the past!

He did not dare to be careless or hold back. He sacrificed 80 percent of his strength to fight against the terrifying black dragon!

At the same time, the four great enhancement skills were used, strengthening the various attributes of everyone on the battlefield!

Heavenly Dog’s Wrath

Sharp Blade!

Heavenly Dog’s Blade!

Slaughter Halo!

The four auxiliary skills were unleashed at the same time!

Everyone on the battlefield felt that their bodies were being infused with divine power, and their combat strength had increased by at least one level!

[Mad Demon: Furious Dragon Battle Armor +10]

[Equipment Effect: Power of the Mad Demon Furious Dragon]

[If his strength was above 50 percent, his four attributes would be increased by 300 percent. If one’s strength was below 50 percent, and above 20 percent, the four-dimensional attributes would receive a 500 percent bonus.]

His strength had dropped below 20 percent, and his four-dimensional attributes had increased tenfold!

Facing such an expert, Lu Benwei was determined to die! His expression was extremely cold as his dual-origin class bloodlines fused in his body. It was as transparent as glass and emitted a chaotic light with divinity!

“Kill them!”

Clear Heart Slash Technique, four great amplification skills, the Ancient Sword of Clarity, the power of the Mad Demon Furious Dragon, and the dual-origin bloodline... Lu Benwei's current combat strength had increased by more than a hundred times.

At this moment, his expression was cold. His dual-origin bloodlines collided with chaotic divine light in his body. His entire body was like glass as if a true god that could split the world had descended.

He flicked his wrist and slashed with his sword.

Wherever the sword light hit, all living beings were exterminated. The heads of monsters below level 80 fell to the ground, and their blood sprayed into the sky!

They were all Cang Shi's followers, so this caught Cang Shi off guard.

"Old b\*stard, you still dare to say that you didn't collude with the Furious Dragon Legion?" Cang Shi roared.
