

Dungeon 661

Chapter 661 Wait at the School Gate After School!

"Rumble!"

1

The city was suddenly struck by lightning and heavy rain.

The cool wind blew into the stuffy classroom with a salty and moist smell. The raindrops the size of beans hit the glass and made a sound. The students pretended to look up casually and looked out the window.

The rain fell quickly and urgently. The ground outside the window was covered in a layer of mist.

"Rain a little longer. If it rains longer, the teacher won't assign homework."

Wang Shuai put his palms together and prayed non-stop.

This seemed to be an unwritten rule in the school days. As long as it rained heavily, the teacher would not forget his homework after school.

Liu Jingjing turned her head and sneered. "You should think about how to pass the math test tomorrow!"

Wang Shuai did not care. He patted Lu Benwei's thigh and said, "It doesn't matter. My brother will help."

From this morning, he realized that Lu Benwei was a top student.

"But why did I hear that we have to change seats for the small test?" Lu Benwei rubbed his chin and deliberately played with him.

"Huh? Old Wang, f*ck your ancestors!"

Wang Shuai immediately started cursing with a long face.

Liu Jingjing turned her head and rolled her eyes.

"Tsk, why do you care?"

The two of them began a new round of scolding. Lu Benwei could not be bothered by this pair of frenemies. He turned his head back and continued to listen to the language class.

The teacher was sweating while Liu Jingjing and Wang Shuai were throwing notes at each other.

Occasionally, Lu Benwei felt a tide-like gaze that passed by for a short time. At first, he was also concerned and continued to listen to the class.

After a while, Wang Shuai poked Lu Benwei with his elbow. "Hongyi, Fang Xiaoxiao is looking at you."

Lu Benwei subconsciously looked up and met Fang Xiaoxiao's eyes. Like a frightened deer, she averted her gaze.

"No way, Hongyi, you took it down just like that?" Wang Shuai's smile became lewd, and he kept raising his eyebrows.

"Get lost. Why don't you say that she's looking at you?" Lu Benwei scolded.

"Is she looking at me or you? My heart is like a mirror," Wang Shuai said with a smile.

That was true. For a narcissistic person like Wang Shuai, if Fang Xiaoxiao was looking at him, he would say to Lu Benwei, "What have I done to her?"

"Speaking of which, that girl looked at you several times today," Wang Shuai said.

Then, he looked at Lu Benwei and sized him up. "I admit that you're more handsome than me, but for someone like Fang Xiaoxiao, the person she likes shouldn't be that handsome, right?"

Lu Benwei shivered. He was already 18 years old. It was somewhat taboo for a girl who was three or four years younger to fall in love with him.

At this moment, Liu Jingjing, who was in front, turned her head and sneered. "You men are so narcissistic."

"Go away. What do children know when adults talk?" Wang Shuai was mischievous.

"You're telling the truth. She's clearly afraid. How can you think that she's someone you like?" Liu Jingjing said in a low voice.

"Then tell me, why did you turn your head to look when you were afraid?"

"How would I know? Girls look at the person they like with stars in their eyes, okay?" Liu Jingjing rolled her eyes.

Lu Benwei nodded. Liu Jingjing was right about this. He subconsciously glanced at Chu Yan at the back of the classroom.

Chu Yan's hair was tied up in a high ponytail. She raised her head and listened attentively. Her neckline was soft and smooth.

She saw Lu Benwei looking at her. His red lips parted slightly, revealing his white teeth. A faint light flowed from the corners of her lips, and her eyes flickered with a faint light. From top to bottom, she was filled with the aura of youth.

Lu Benwei smiled and mouthed, "Pay attention to the class."

Chu Yan listened obediently.

Soon, the bell rang.

Wang Shuai did not say anything and grabbed Lu Benwei's shoulder. "Let's go and get water."

"Why are you acting like a little girl?" Lu Benwei said, "You want people to accompany you when you're throwing a tantrum?"

"It's still raining outside!"

"No problem!"

Lu Benwei closed his pen cap and stood up.

Just as the two of them walked to the door of the classroom, a soft voice suddenly called out to Lu Benwei.

"Student Lu Hongyi."

Other than Lu Benwei, Wang Shuai was also very surprised. The other party was Fang Xiaoxiao, the student they were discussing in class.

"What's wrong?"

Fang Xiaoxiao was curled up on the other side of the classroom, her body acting cautiously.

His eyes were evasive, his muscles were tense, and he followed suit.

"Is there something you need?"

After thinking for a moment, Lu Benwei continued, "I'm sorry about yesterday. It's me, right? I have bad taste..."

Lu Benwei quickly shut his mouth.

Yesterday, he had sneaked back to the classroom to look for the death countdown. Fang Xiaoxiao found out when she returned.

Today, it was as if nothing had happened between the two sides.

Lu Benwei wanted to explain, but it was like writing black ink on white paper. The more he explained, the more unclear he became.

"I know you know."

Fang Xiaoxiao's voice was so soft that she almost made no sound when she landed on the ground.

"If you're willing, I can go with you after school this week. Don't hurt my classmates, okay?"

Lu Benwei frowned slightly. He did not understand a single word Fang Xiaoxiao said. However, Lu Benwei, who had sensitive spiritual senses, smelled a trace of fear.

"When you say 'we', you mean killing..."

Before Lu Benwei could finish, a beautiful figure suddenly entered his line of sight. She was tall and could be seen in a crowd at a glance.

Wang Shuai was stunned, his lips and teeth unclear. "S-Senior Song Ying?"

Song Ying simply nodded in response. Then, she said to Lu Benwei, "Your name is Lu Hongyi, right?"

Lu Benwei was startled, then he nodded and said coldly, "What's the matter?"

Song Ying gulped. "It's like this. Li Le wants to stop you and Wang Shuai at the school gate after school. You must leave quickly after school or leave very late!"

"What is it?" The corners of Lu Benwei's mouth twitched. This was the first time he had encountered such a situation in his life.

The Li Le that Song Ying was talking about was the senior boy who had met Wang Shuai yesterday.

Song Ying looked around warily. "In short, this is what happened. As for what you think, it's up to you!"

After saying that, she rushed upstairs.

Wang Shuai was also dumbfounded. He and Lu Benwei stared at each other. The two of them returned to the classroom after taking their water.

"Hongyi, don't you think we were born to be enemies? Nothing good has happened to me since you came." Wang Shuai complained.

Liu Jingjing heard Wang Shuai's words and said sarcastically, "I remember someone called Lu Hongyi 'brother' last class. Why did he change so much after he went to the toilet?"

"Liu Jingjing, will you die if you don't answer my question?" Wang Shuai grimaced.

Chapter 662 Hero Saves the Damsel in Distress

Liu Jingjing listened to Wang Shuai's story. She burst out laughing.

"What are you laughing at? Is it that funny?" Wang Shuai cursed.

At this moment, Chu Yan occupied Lu Benwei's seat and chuckled. "Student Wang Shuai, are you jealous? Just because your white moonlight didn't inform you just now? Instead, she tipped off Hongyi, whom she only met once?"

Wang Shuai was speechless. He started to go crazy like a crazy puppy. "Yes, yes. Lu Hongyi is about to be snatched away, but you're still gloating."

"Tsk, he doesn't like you little brats," Chu Yan rubbed her little canine teeth and said with a smile.

"You make it sound like you're not the same age as us."

Wang Shuai's head drooped on the table, dejected.

"But what should we do after school?"

"I've asked around. Li Le has a brother who's a hunter. He beat us up like we were little chicks."

"Hide, what else can I do?" Lu Benwei did not care.

He could not beg for mercy, but he also could not lower himself to the level of these "brothers".

"Wang Shuai, aren't you quite good at fighting? I remember that you were reported by the school for fighting in the first year of junior high school!"

"When did that happen?" Wang Shuai waved his hand.

“At that time, I was young and frivolous. I thought that it was cool to be a hero saving a beauty. However, I didn’t get the beauty to marry me. Instead, I got a school notice.”

“A hero saving a damsel in distress?” Lu Benwei and Chu Yan could smell a hint of gossip.

“Of course. It was probably around the time of winter vacation last year. That day, after school, I met three hooligans outside the school who were pestering a girl and were even touching her. At that time, my sense of justice exploded. I took a brick and shouted at them!”

“Wow, so brave!” Chu Yan’s lips curled into a motherly smile.

Then, Wang Shuai lowered his head. “In the end, those three hooligans beat me up. After returning to school, I was even reprimanded.”

Chu Yan was furious. “Why? This is a righteous act!”

“Then, after I saved that girl, she ran away. I don’t even know her name, so no one can testify for me.” Wang Shuai felt angry just thinking about it.

“Then let me ask you, if we go back to a year ago, would you do the same?” Lu Benwei asked.

“Of course!” Wang Shuai swallowed his saliva.

“At least you have some merits.” Liu Jingjing suddenly burst out and sneered.

“Of course, Liu Jingjing is an exception,” Wang Shuai added.

Liu Jingjing ignored him and said to Lu Benwei, “Then do you plan to leave soon after school or wait until the end?”

Lu Benwei and Chu Yan looked at each other at the same time and said in unison, “Let’s go quickly, what do you think, Wang Shuai?”

They still needed to meet Hu Wu after school. Even though he was suspicious of Hu Wu, it was only a preliminary judgment. They also had to follow Fang Xiaoxiao.

The so-called “death countdown” was about to end after school.

“Alright, I’ll find a brick to put in my pocket after class, just in case,” Wang Shuai said.

“With your small body, can you withstand the beating of a social hunter?” Liu Jingjing’s face was filled with black lines.

“Ah, no, I’ll knock myself out with the brick. That way, it won’t hurt when others hit me. Hongyi, do you want it?” Wang Shuai asked loudly.

“Keep it for yourself.”

...

It was finally time for school to end. The entire teaching building immediately became noisy.

Students of all colors carried their school bags and ran out of the school.

The heavy rain had already turned into a drizzle. The road was filled with mud.

“Hongyi, hurry up. They’ll be here soon.”

Wang Shuai urged while cursing the damned weather.

The heavy rain did not last until school ended, but the teacher assigned a bunch of homework.

Moreover, it made the ground muddy, causing him to have no choice but to slow down. Lu Benwei walked very slowly behind him.

Sure enough, after turning a corner, they bumped into Li Le and a dozen other people.

A middle-aged man was standing next to him. He must be the elder brother of the hunter.

“F*ck! A bunch of idiots!”

Wang Shuai cursed under his breath, one hand already in his backpack. There were two bricks inside.

“That guy was after my girl and got his brother, the taller one, to beat me up,” Li Le whispered beside him.

“You can eat whatever you want, but you can’t say whatever you want!” Wang Shuai saw the other party’s aggressiveness and felt that there was no need to act too cowardly, so he said loudly.

“If I knew that Song Ying was your girlfriend, I wouldn’t have chased after her, okay?”

“Do you think I believe what you just said?” Li Le smiled and said.

“F*ck, I’ll say it again. You’re a weirdo. This is the first time I’ve seen someone who indulges his girlfriend to raise fish.”

This was what Lu Benwei had said to Li Le yesterday. Now, Wang Shuai had returned it to Li Le.

“F*ck!” Li Le was so angry that his nose was crooked. He raised his fist to punch Wang Shuai’s face.

Lu Benwei reacted quickly and grabbed his wrist with one hand.

“If you have something to say, talk it out. Don’t attack!”

Li Le could not break free and raised his leg to kick him.

Lu Benwei exerted a little strength in his palm, and a heart-wrenching pain spread from his wrist to his entire body.

“Ah!” Li Le screamed and knelt on the ground.

“Damn it, how dare you bully my brother in front of me!” Li Le’s brother was instantly enraged, and the veins on his face bulged.

Lu Benwei could show mercy to Li Le’s group of students, but there was no need for him! After saying that, he pushed Li Le away and slapped Li Le’s brother.

“Pa!”

It was not Lu Benwei slapping him, but the sound of a brick shattering.

Lu Benwei was stunned. The other party was also stunned.

Suddenly, a girl came out of nowhere and smashed a brick at Li Le's head.

"Liu Jingjing?"

Wang Shuai and Lu Benwei saw the face of the figure at the same time and were shocked.

"You two, run! What are you standing there for?" Liu Jingjing shouted in a low voice. She bit her lips and was so angry that she almost cursed.

Lu Benwei instantly remembered something. Today, when Wang Shuai talked about his glorious deeds of saving the damsel in distress last year, Liu Jingjing's expression was unnatural. Now, he finally understood. That girl was Liu Jingjing.

"Tsk, it's good to be young."

Lu Benwei revealed a hint of a smile, filled with emotions.

"Don't be young, let's go!"

Liu Jingjing used her muddy hands to push the two of them. However, it was too late. The other party had already reacted.

As a hunter, Li Le's brother was very fast. Almost instantly, he blocked the path of the three of them.

Chapter 663 Mighty Sister Chu

Wang Shuai and Liu Jingjing trembled.

"You, what do you want to do?" Wang Shuai stood in front of Liu Jingjing and said in a trembling voice.

The other party was hit by a brick, and his face was distorted. "You want to run after hitting someone?"

At the same time, Li Le and his friends were also approaching. They wanted to attack from the front and back, surrounding the three of them in the middle.

"Wang Shuai and Lu Hongyi, my request is very simple. Kowtow and apologize to my brother!" Li Le's brother threatened, revealing his white teeth.

"As for that girl, she has to apologize to me as well."

"As an adult bullying a minor, don't you feel ashamed of yourself for having no bottom line?" Lu Benwei said coldly.

The other party licked his teeth. "Can it be eaten?"

"Hongyi, you run with Liu Jingjing first," Wang Shuai whispered with a cold face.

"All of this happened because of me. I'll face it alone!"

Lu Benwei did not know whether to laugh or cry. What Wang Shuai did not know was that he could instantly kill a hunter like the other party with a flip of his hand.

Lu Benwei patted his shoulder and said, "Don't worry, it'll be fine."

After saying that, a beautiful figure flashed out. It was Chu Yan. She was carrying her school bag in one hand and a brick in the other.

"Pa!"

Without any explanation, Chu Yan aimed at Li Le's brother, the hunter, and shouted at him, "You want to bully my classmate?"

The other party was stunned.

In just a few minutes, he had been hit by two girls with a brick. It was simply unheard of and a great humiliation.

"I'm angry. Don't blame me for being rude!" the other party said sternly.

"Pa!"

Before he could finish speaking, Chu Yan took out another brick from her bag and waved it at him. The brick split into two, and half of it hit the other party's head. Chu Yan threw the remaining brick at the other party's head!

"You're angry now? You're not being polite."

Chu Yan carried her bag in one hand and took out a brick with the other.

"Jiayue!" Liu Jingjing shouted, her small mouth opening into an "O".

Chu Yan's domineering aura was so powerful that everyone was speechless.

"I'm telling you, I'm a hunter. If you dare to hit me with a brick again, I'll use force!" the other party said fiercely.

"Pa!"

Chu Yan said, "So what if you're a hunter?"

As she said that, she slapped another brick over. Her movements were extremely swift.

"I'd like to see how you're going to use violence!"

Chu Yan used 20 percent of her strength in this attack. The force was heavy like a red square meteor falling.

"Pa!"

The other party was stunned. Blood dripped from his forehead down his cheek.

"Ah! You're making me angry!"

The veins on his face bulged, and the muscles on his body bulged.

At the same time, his eyes were fiery red and filled with rage. "You forced me to attack you!"

Behind them, Li Le and the others began to gloat.

“Li Le, your brother is going to show off!”

“I don’t know where these four people got their courage from. They dared to hit a hunter with bricks?!”

Li Le grinned. “Wang Shuai and Lu Hongyi, kowtow and apologize to me, or my brother will teach you a lesson!”

“Do you think I’m a sick cat when a tiger doesn’t show its might?” The hunter was furious.

“Pa!”

Chu Yan attacked without any explanation. This time, she used 30 percent of her strength. The red brick in her hand was like an ancient weapon. She swung it in the air, and it hit the other party’s head.

At this moment, all anger and power were scattered. The other party’s vision went black, and he fell to the ground and fainted.

Li Le and the others behind him felt a chill down their spines.

“No way, your brother fell?”

“This girl is so fierce?”

Li Le’s forehead was covered in a cold sweat. He said with a trembling voice, “It’s my brother who didn’t want to bully the weak and let them have their way. Everyone, don’t panic. Let’s attack together! We have more people!”

Before he could finish speaking, a brick flew toward him and knocked him out. The rest of them were all stunned, their mouths wide open.

“What are you looking at? Get lost!” Chu Yan shouted coldly, scaring them so much that they instantly scattered.

“Jiayue, you’re so awesome!”

Liu Jingjing was stunned. Was this not too domineering? It was like a Valkyrie possessing the heart of the dead.

Wang Shuai was also so shocked that he forgot to close his mouth.

“Let’s go. When he wakes up, he won’t be easy to deal with,” Chu Yan said while kicking the fallen hunter.

Only then did Liu Jingjing and Wang Shuai react. They picked up their bags and ran.

“Do you think they will take revenge on us?” Wang Shuai swallowed his saliva and asked nervously.

“They dare? I’ll get as many bricks as there are people!” Chu Yan clenched her fists tightly and cracked her knuckles.

“Sister Chu is mighty!” Liu Jingjing and Wang Shuai shouted at the same time.

After sending the two of them to the car, Lu Benwei and Chu Yan returned to school.

Room 605 of the opposite hotel.

After the two of them entered, they heard Hu Wu say, "Why are you guys so late?"

"I ran into something." Chu Yan sat on the bed and opened the mineral water that the hotel had given her.

"Where's Fang Xiaoxiao? Are you out of school?" Lu Benwei asked directly.

"Not yet."

Hu Wu took out a pair of binoculars and looked at the school from time to time.

Lu Benwei looked at his watch again and said, "It's about two hours until the countdown. According to the time she left school in the past, she should be coming out now."

"Then what are we waiting for? Just stand guard at the school gate!" Hu Wu put out his cigarette, put on his clothes, and was about to leave.

"Old Hu."

Lu Benwei suddenly stopped him.

"Why are you calling me? Put on your clothes and leave!" Hu Wu put on his shoes with great effort.

"Are you Old Hu?" Lu Benwei asked.

The atmosphere suddenly froze, and the room was terrifyingly quiet.

Lu Benwei stared at Hu Wu, his nerves tensed to the extreme.

"I'm your father!"

"Go to hell!"

Lu Benwei took off his shoes and threw them at him. At the same time, Lu Benwei's heart was temporarily relieved. At least for now, Hu Wu did not seem to have any major problems.

Hu Wu put on his shoes and dodged the attack.

He rolled his eyes. "It's strange. You went back to middle school for two days and got adolescent fantasy syndrome again?"

"What kind of illness is this?" Chu Yan echoed.

"Sophomore syndrome!"

"I'm fine!" Hu Wu glared and said angrily, "Stop your groundless guesses!"

After saying that, he opened the door of the room and headed straight to the elevator.

When he was about to go downstairs, the hotel manager asked him if he would still be staying tomorrow.

“Yes!” Hu Wu did not even turn his head.

Chapter 664 Predict the Future

The three of them left the hotel.

After a while, Fang Xiaoxiao walked out of the school.

The rain continued to fall, creating small ripples in the puddles.

Fang Xiaoxiao’s petite body was hidden under the umbrella. She walked slowly in a direction, neither fast nor slow.

Hu Wu and Lu Benwei looked at the time.

“There’s still about an hour and a half before the estimated time.”

“If it’s a crime, will there be enough time?”

This was the common question of the three of them.

The three of them quietly followed behind Little Fang, shuttling back and forth in the city with her.

As it was afternoon, the pedestrians on the road are all in a hurry.

In contrast, she was an anomaly, echoing back and forth in the city.

Lu Benwei and the other two were hunters, and they were good at hiding themselves. The three of them followed her for more than half an hour, but they still could not expose themselves.

“There’s still an hour left. Was our guess wrong?” the three of them could not help but ask.

It was still raining, making rustling sounds on the green leaves.

“Wait, she seems to be waiting!” Lu Benwei suddenly said.

“Wait for the time to come?” Chu Yan asked in confusion.

“Wait!”

Lu Benwei suddenly stopped the two of them and said, “We seem to have missed something! Last night, we speculated that the dead were all believers of the God Welcoming Association. How many believers could there be? I clearly remember that Fang Xiaoxiao’s notebook had a countdown of hundreds and thousands! If those numbers represent a time, I’m afraid that even ten God Welcoming Associations won’t be enough for her to kill!”

“What exactly are you trying to say?” Hu Wu asked hurriedly, “Fang Xiaoxiao might not be our suspect?”

Lu Benwei did not deny it, but there were still some suspicious points about her.

“I just activated the Eye of Insight again, but I still can’t detect her!”

Just as the three of them were talking, Fang Xiaoxiao suddenly turned back. The three of them did not have time to talk and hurriedly hid to the side. At this moment, they were in the center of the downtown area.

“Is she going to make a move?”

Lu Benwei’s nerves were extremely tense as he stared at Fang Xiaoxiao.

If they were to fight in the downtown area, Lu Benwei would kill Fang Xiaoxiao at the first possible moment to avoid hurting others.

However, in the end, Fang Xiaoxiao only entered a flower shop.

The three of them heaved a sigh of relief. There was still half an hour left before the countdown to death.

Fang Xiaoxiao bought a bouquet of white lilies from the flower shop and returned the way she came.

“Is she going back to school?”

Fang Xiaoxiao walked straight toward First Junior High School.

“She took such a long time just to buy a bouquet of flowers and then go back to school?”

Soon, Fang Xiaoxiao’s actions confirmed their doubts. She returned to the school, which was only a road away.

First Junior High School was far away from the downtown area and was located at the junction of the Laocheng District.

The road was filled with potholes and large trucks of various colors passed through it.

The rain was still falling, and the world was filled with a layer of hazy fog. The large and small puddles were dyed black by mud and coal.

Fang Xiaoxiao held an umbrella and a bouquet of flowers as she looked at First Junior High School.

Lu Benwei and the other two hid under the roof of a supermarket. A thick telephone pole was just enough to cover them.

The estimated time had passed, and Fang Xiaoxiao was about to take action. She placed the flowers on the ground and left with the umbrella.

“What is she doing?” Lu Benwei and the other two started to question Fang Xiaoxiao again.

At this moment, an old man was holding a walking stick and trembling as he crossed the road.

Lu Benwei and Chu Yan both remembered him. He was the father of the supermarket owner at the school gate.

A truck sped past and almost grazed his body. The old man held his walking stick and scolded the driver.

“Let’s go and see that flower.”

Lu Benwei felt that there was something fishy about the lilies and wanted to take a look first.

As the three of them approached, a heavy whistle interrupted their advance. A large truck sped past.

When Lu Benwei noticed it, the world fell silent. The old man was hit and flew more than ten meters away. Rainwater mixed with blood sprinkled down on the human world.

Lu Benwei's pupils contracted sharply.

Although it was five to six minutes before the estimated time. However, that was only an estimate. He could not make an accurate judgment.

He finally understood what the densely packed time in the notebook represented. It was neither a birthday nor a countdown. It was the real countdown to death!

Fang Xiaoxiao could see the time of death of everyone, but she was powerless to stop it!

Family, friends, and all the kind and friendly people she met. That was why she was a loner. When she saw the lives of the people around her slipping away, she could not grasp anything. That was why she bought flowers to send off her dying friend!

"Has there been such a talent in history?" Chu Yan was also very incredulous as she said in surprise.

When she turned around, she saw Lu Benwei holding a brick and smacking it at the back of Hu Wu's head.

"You, what are you doing?" Chu Yan blinked her bright eyes.

Lu Benwei clapped his hands. "Don't worry about it. Let's go to the hotel!"

...

Hu Wu felt a headache coming on and grunted a few times.

Soon, he realized that his eyes were covered with something. He wanted to reach out and found that his arm was bound by something. He wanted to break free, but he heard Lu Benwei's voice.

"Stop struggling. Even if you manage to break free, what do you think the chances of you escaping from me are?"

Hu Wu pursed his lips.

Lu Benwei sneered and said, "Answer my question first. How can a night watcher who has been working hard from the bottom be so bad at solving cases?"

Hu Wu clicked his tongue. "Didn't I already say it? Ever since I became the bureau chief, all the cases were handled by my subordinates. My ability to handle cases has long deteriorated after so many years. All of my men are in Canglong City now!"

"Really?" Lu Benwei's lips curled up. "But I checked the progress of the reconstruction of Canglong City on the internet and asked some acquaintances. I found that things aren't what you said. There doesn't seem to be a large group of night watchers in Canglong City."

Hu Wu smacked his lips. "The Law Enforcement Bureau is secretive. How can the night watchers be easily discovered?"

“Oh? Is that so?” Lu Benwei replied, “But I’m calling the Paranormal Report Center now to report that there’s a suspected monster in the downtown area of Green Spirit City. Will the final call go through to you?”

Chapter 665 The Terrifying List

The air was terrifyingly quiet. Hu Wu could vaguely sense that he was in a hotel.

The rain seemed to have gotten heavier again, pattering against the window, and one could even hear the whistling of the wind.

The bed under his butt was soft and skin-friendly. It must be the round waterbed in room 605.

“I have a question. After you knocked me unconscious, how did you get me into the room?” Hu Wu shrugged and asked.

Lu Benwei’s voice turned cold. “Answer me honestly. Have you become a believer in the God Welcoming Association?”

“I say, brother, you’ve really wronged me.”

Hu Wu wanted to raise his hands, but unfortunately, he was bound and could not move. Even if he showed the slightest chance of breaking free, he would be knocked unconscious by Chu Yan. Suddenly, he felt that something was wrong and was extremely depressed.

“Brother, did you kidnap me with the hotel’s tools?”

“Stop interrupting and answer me!” Lu Benwei’s voice turned cold as he said sternly.

“Alright, alright, I’ll answer. You said that I’m a believer of the God Welcoming Association. Let me tell you, that’s impossible!” Hu Wu said.

“How?” Chu Yan held the brick and asked coldly.

“How do I prove it?” Hu Wu shrugged. “Just call the Paranormal Report Center and tell them that I’m here. I think it won’t be long before my former subordinates fly armed helicopters and blast this place into a pile of mud with RPGs.”

“What do you mean?” Lu Benwei frowned.

“What else can I say? I was framed,” Hu Wu casually replied, causing Lu Benwei and Chu Yan to look at each other.

“Now, I’ve become the number one target of the Law Enforcement Bureau.”

Chu Yan was suspicious at first. “Then why did you appear in the downtown area so blatantly? Why did you help us forge our documents and talk to the police?”

Hu Wu raised his eyebrows and said with a smile, “No matter what, I’m still a night watcher. I’ve worked my way up from the bottom, so I know the Law Enforcement Bureau too well. And I have a list of names, so they won’t dare to act rashly.”

“Are you referring to the Law Enforcement Bureau?” Lu Benwei was shocked.

“Of course not.” Hu Wu smiled mysteriously.

Lu Benwei was surprised again and asked, “Where’s the name list?”

“You want to know? Let me go first.”

Immediately after, Lu Benwei also became vigilant. “Why should we believe you?”

The room fell into silence again, so quiet that even a pin drop could be heard.

After a long time, Hu Wu heaved a sigh of relief.

“How about this? I’ll tell you someone, and you might understand. Do you know Gan Yan? He’s also in Qingling City! He’s the director of the Law Enforcement Bureau of Green Spirit City,” Hu Wu said calmly.

“Gan Yan, it’s him?” Lu Benwei’s pupils constricted.

He recalled the thin and bashful Gan Yan. Although Lu Benwei had expected that his identity was not simple, when he found out that he was now the director of the Law Enforcement Bureau, he could not help but be shocked.

“He’s one of the officers of the God Welcoming Association?”

“That’s right! Two months ago, when Gan Yan landed in the Law Enforcement Bureau, I became suspicious and started a secret investigation.” Hu Wu heaved a sigh of relief.

“A believer of the Welcoming Church in the government of Hai Province!” Lu Benwei said his guess in shock.

“Correct!” Hu Wu raised his eyebrows excitedly.

“Get lost! Who’s on the list?” Lu Benwei cursed.

“I can’t reveal this. In short, there are too many people. We might need to do a big purge!” Hu Wu raised his eyebrows.

Lu Benwei and Chu Yan broke out in a cold sweat.

If it was as Hu Wu said, and Hai Province was riddled with holes by the God Welcoming Association, the consequences would be unimaginable. It would cause a huge shock to society.

Letting out a long sigh, Lu Benwei asked, “Then tell me about Fang Xiaoxiao first. You should’ve known that she has the ability to predict the future, right?”

“Then answer me first. How did you know that I was hiding something from you?” Hu Wu asked, “Just because you said I don’t know how to handle cases?”

Lu Benwei pondered for a moment. “That was just the fuse. What really made me sure was when we went downstairs together.”

“When the hotel manager asked me if I wanted to stay longer here?”

“Yes.”

“Oh,” Hu Wu said meaningfully.

According to their plan, they would be able to end this once they knew Fang Xiaoxiao’s identity. Today was the day, regardless of Fang Xiaoxiao’s identity, be it the mysterious human or the monster. Lu Benwei and Chu Yan would end their identities as Lu Hongyi and Chu Jiayue.

However, when he went downstairs, Hu Wu wanted to prolong his stay at the hotel. It was obvious that things were far from over.

“So, you want us to monitor Fang Xiaoxiao?” Lu Benwei asked.

“It’s not a form of surveillance. At most, it’s a form of protection!”

Hu Wu shrugged.

“I said, let go of me first?”

Lu Benwei had no choice but to release Hu Wu.

The moment he saw the light again, Hu Wu immediately lit a cigarette.

“Oh my god, I’m suffocating.”

Hu Wu took a deep breath and revealed a smug expression. He looked extremely comfortable.

Lu Benwei sneered. “Be careful of cancer. Even if you have the constitution of a king, you won’t be able to save yourself.”

“You can’t tell a dying person that.” Hu Wu pursed his lips.

Lu Benwei did not want to listen to his nonsense. He said, “Tell me your purpose. What’s the purpose of the God Welcoming Association?”

“Catch Fang Xiaoxiao.”

Hu Wu exhaled. “To be precise, I caught someone who can predict the future.”

“It’s Fang Xiaoxiao, but the people from the God Welcoming Association don’t know.”

“You guys already knew about Fang Xiaoxiao’s existence?” Lu Benwei asked in surprise.

“Only I know. The God Welcoming Association only knows of the existence of such a person but didn’t know who.”

Hu Wu’s eyes narrowed into a line.

“Think about it. A person who can predict the future and see through life and death is so abnormal! If it were me, I’d do the same.”

“After Gan Yan landed at the Law Enforcement Bureau, he wanted to find Fang Xiaoxiao’s information. Fortunately, I hid it.”

Lu Benwei heaved a sigh of relief.

"It's a pity that they found out about my investigation of the higher-ups in Hai Province," Hu Wu said dejectedly.

Lu Benwei's lips twitched.

"I was just about to praise you, but now it seems like there's no need for that."

"What about the dead?" Chu Yan frowned.

"It has nothing to do with Fang Xiaoxiao," Hu Wu took a puff of his cigarette and said.

Chapter 666 Protect Fang Xiaoxiao

The air was terrifyingly quiet, so quiet that one could hear a pin drop.

Lu Benwei let out a long sigh of relief. "Alright, I promise you that I'll continue to hide in First Middle School and protect Fang Xiaoxiao."

...

The rain continued for the entire night. It finally stopped the next morning.

The cool breeze carried the sweet smell of the soil, bringing with it a comfortable feeling.

The students returned to the classroom one after another. The people protecting Fang Xiaoxiao were also changed from Hu Wu to Lu Benwei and Chu Yan.

After school yesterday, the news of Li Le leading people to surround Lu Benwei and Wang Shuai spread throughout the entire grade.

Everyone knew that there was a strange girl in Class Two of the eighth grade. She was very good at using bricks, and she beat up a social hunter!

"Humph!"

Chu Yan snorted coldly after hearing the rumors.

"Wang Shuai, tell those people outside that if anyone dares to bully our class again, I'll throw a brick at them."

"Alright!"

For a moment, the students of Class Two of the eighth grade were in the limelight. Wherever they went, people would make way for them.

Chu Yan, ah no, Chu Jiayue had even become the big sister of Class Two of the eighth grade. After class, there would be young men and women following behind her as they went out in a grandiose manner.

The next segment was a big event. Li Yiran invited Chu Yan to play basketball. Chu Yan agreed immediately, causing almost the entire class to come out to admire Chu Yan's elegance.

There were only a few people left in the classroom, including Lu Benwei and Fang Xiaoxiao.

Lu Benwei closed his pen cap and let out a long breath.

The commotion after school yesterday had reached the school's ears. Without a doubt, Lu Benwei received a 2,000-word reflection and almost called his parents.

"Student Fang Xiaoxiao, aren't you going out to play during the big event?"

Lu Benwei glanced at Fang Xiaoxiao. He saw that there was no one around, so he wanted to chat with her.

Fang Xiaoxiao's body was small, and she was in a corner of the classroom. If one did not look closely, they would not notice her.

Lu Benwei smiled. He could feel Fang Xiaoxiao's muscles tense up at a close distance.

"Why are you so scared?"

"Are you afraid that I'll eat you?"

Yesterday, Lu Benwei finally understood why she had said that sentence for no reason. What did he mean by "don't eat me"?

They thought Fang Xiaoxiao was a monster. In the end, the other party thought that they were the monsters.

Fang Xiaoxiao was so frightened that her body was trembling. Her body was almost fused with the wall.

"Haha!"

Lu Benwei was extremely happy. Teasing with a good little girl was also a different kind of fun.

"I can accept your suggestion. I'll eat you and not eat the other students."

The world suddenly fell silent, so quiet that one could hear a pin drop.

Lu Benwei said in his heart, 'Isn't this a little too much?'

At this moment, Fang Xiaoxiao whispered, "Really?"

As she spoke, she rolled up her sleeves and exposed her delicate and fair wrists to the air.

"Hahahaha!"

Lu Benwei felt both heartache and amusement. This child was so silly that it made one feel pity for her.

"What a simple-minded person!"

Lu Benwei licked his lips and said, "I'm not a monster."

After a pause, he said, "Of course I'm not a beast, I'm a human!"

At this moment, Fang Xiaoxiao was still curled up into a ball. She did not even have the courage to look at Lu Benwei.

"I'm a hunter! A very powerful hunter! Although it might be a little narcissistic to say this, I want to say that you can't predict my future because I'm too powerful. So don't be afraid. I have no ill intentions. I'm a few years older than you, so I'm here to protect you."

Fang Xiaoxiao raised her head and looked at Lu Benwei in confusion. "Really?"

"How can it be fake? In a few days, if someone finds trouble with you, see how I'll deal with them!"

After saying that, Lu Benwei lifted his butt and moved away from the narrow table.

"Let's go play basketball."

Looking at Lu Benwei's back, Fang Xiaoxiao raised her head, and her eyes which were always filled with mist finally shone.

"Lu Benwei, your name is Lu Benwei."

Lu Benwei seemed to have heard it and turned back. Fang Xiaoxiao was shocked, thinking that Lu Benwei had heard her.

In the end, Lu Benwei only poked his head out of the door frame. "By the way, Fang Xiaoxiao, don't tell anyone about the conversation just now. I believe you won't!"

After saying that, Lu Benwei revealed his snow-white teeth and left with a smile.

...

The sky finally cleared up. The evening glow began to spread from the west to the entire sky, like a fire that burned the sky and fell on the world.

The basketball court was surrounded by students of all colors. There were men and women, and all of them were cheering for one person. That was Chu Yan.

She had a high ponytail and was wearing a red tank top with the number "11". Her face was flushed red from exercise, and she was sweating on the cement floor.

The person in front of her was the tall Li Yiran. Even if he was in university, his height would still be on par with others.

Chu Yan dribbled the ball and broke through, passing several people in a row.

Every time someone was broken through by her hurricane-like figure, they would let out a furious sound.

However, it was a little difficult now. The other party was a big guy who stood in front of Chu Yan like a mountain.

The ball hit the ground tightly and rhythmically, bouncing around.

"Boom!"

Chu Yan fired like a cannonball.

Li Yiran's nerves had been tensed up the entire time. Seeing this, he immediately followed the shadow and guarded the restricted area tightly.

His battle evasion was too long. When he stretched it out, it was longer than half the penalty area.

Chu Yan smiled slyly. Her well-toned calves burst with strength that did not belong to her weight. She rose high and directly buckled into the basket!

“Wow!” everyone exclaimed.

Chu Yan had perfectly achieved a slam dunk. At this age, it was rare to see someone break the rules for three consecutive layups.

Even if there were, it would only belong to a behemoth like Li Yiran. Chu Yan could almost be said to be stepping on Li Yiran’s head. To avoid touching Chu Yan, Li Yiran could only bend down.

“Bang!”

Chu Yan landed perfectly. The final whistle of the game sounded, and the scoreboard showed “51: 49”.

“Absolute kill!”

There were exclamations from the crowd.

“Jiayue, you’re amazing!”

The girl led by Liu Jingjing had already become Jiayue’s fangirl yesterday.

The male students of Class Two of the eighth grade were dejected and sighed. F*ck, where would he put his face after being suppressed by a girl?

Some students from the other classes came over and mocked, “How embarrassing. Your class was suppressed by a girl until you couldn’t raise your head.”

Chapter 667 First Confrontation

Before that person could finish speaking, Chu Yan threw the basketball at him.

“If you’re not convinced, feel free to challenge me,” Chu Yan said domineeringly.

A trace of fear flashed across the man’s face as he ran away with his tail between his legs.

“Sister Chu is so domineering!”

“Jiayue is mighty!”

Chu Yan was lively and playful. Her carefree personality quickly became the backbone of this group of students.

Lu Benwei let out a breath of turbid air and took out Chu Yan’s thin coat from under the basketball hoop.

“You just finished exercising. Don’t catch a cold.”

Chu Yan shook her head. “But I want to drink a bottle of iced Coke later.”

“No!” Lu Benwei refused sternly.

“Alright, alright.” Chu Yan pouted in dissatisfaction.

At this moment, Wang Shuai came over with four or five bottles of iced Coke in his hands.

“Jiayue, your iced coke.”

Chu Yan’s eyes lit up. She unceremoniously took a bottle.

“Bang!”

The sound of a gas explosion rang out as Chu Yan gulped down the drink.

“Hongyi, do you want to drink?” Wang Shuai’s face was serious.

Suddenly, he changed the topic.

“Have you finished your reflection?” Lu Benwei suddenly asked.

“Didn’t you say that you don’t have to write?”

“I lied to you!”

Wang Shuai’s expression immediately froze. He did not have time to settle the score with Lu Benwei and hurriedly went back to write his reflection.

“Sigh, we originally agreed to play together and not study, but now you’re secretly revising behind my back. This situation is so similar to this!” Chu Yan was filled with a myriad of emotions.

After the self-study session, the school bell finally rang.

Today, it happened to be Chu Yan and Lu Benwei’s turn to be on duty. The two of them left a little late. The sun was setting, leaving only a hint of red in the sky.

Lu Benwei and Chu Yan walked side by side on the way home from school.

Suddenly, Chu Yan jumped up the curb. She was carefully walking like a cat step by step.

Lu Benwei tightly tugged at the corner of her clothes, afraid that she would fall into this “abyss” that was four to five centimeters tall.

On the way back, the warm sea breeze blew gently. It carried the soft fragrance of the girl’s body, like a blooming magnolia.

At night, they did not need to monitor and protect Fang Xiaoxiao. So, they were free.

The evening breeze had crushed all the troubles and left them behind. It was simply a wonderful time. Unfortunately, this time did not last long and was interrupted by two or three people.

“Gan Yan?”

Lu Benwei’s voice was cold as he looked at the three people in front of him. The man in the middle is very thin and his skin is dark.

However, in the next second, he turned into a man who was 170 to 180 centimeters tall. His figure still looked very thin, but the aura he emitted was much more terrifying.

“Should I call you Gan Yan, or should I call you God’s envoy?”

“Call me J, that’s my codename at the God Welcoming Association.” Gan Yan revealed his snow-white teeth and looked very easygoing.

“I know you. You were there when that clown girl was causing trouble.”

Chu Yan’s voice was very cold, and her expression was cold.

“I didn’t expect you to transform into Gan Yan and hide around us for so many days!”

Gan Yan smiled. “There’s no other way. The higher-ups asked me to find out about the two of you. Moreover, you’ve ruined the resurrection plan. I have no choice but to think of a way to get rid of you. Miss Chu Yan, the daughter of Chu Tianxiong, the pillar of the Dragon Kingdom. Nice to meet you! Can I have dinner with you tonight?”

His words were very jumpy. One moment, he threatened to get rid of them, and the next moment, he invited Chu Yan to dinner.

“What’s your purpose?”

Lu Benwei sneered. The other party was an important figure in the God Welcoming Association. It was unacceptable for them to collude with monsters! Therefore, there was no need for him to be nice to Gan Yan!

“If you want to treat me to a meal, it’s not impossible. I hope that scene is your funeral!” Chu Yan mocked.

Gan Yan said calmly, “Actually, my real goal is to rope you in. Join the God Welcoming Association.”

“Dream on! What bullsh*t God Welcoming Association? It’s clearly a vain attempt to destroy mankind!” Lu Benwei cursed.

“How dare you!” the old man next to Gan Yan shouted with his eyes wide open, “Who gave you the right to question the will of the Lord God!”

Lu Benwei sneered.

“Of course, it’s the new students!”

“Lord God will promise us a new life!” The old man’s eyes almost popped out of their sockets. He was very excited.

“Hahaha!”

“I was wondering what it was. So, it’s this illusory thing again!” Lu Benwei laughed and said, “Your new life is trampling on human bones?”

“Those people are unwilling to believe in the will of the Lord God. Their deaths aren’t worth regretting!” The old man was furious.

Lu Benwei laughed wildly again. “Haha, just based on your words, I’ll kill you!”

The old man flew into a rage. A cannon suddenly appeared on his head. It seemed to have fused with him and grew along with his body.

“Become one with the monsters?”

Lu Benwei and Chu Yan were shocked.

The old man was now half human and half monster. His body had expanded. Half of his body was human, while the other half had turned greenish-gray. The nails on his fingertips had become as sharp as knives, and his muscles bulged with explosive power.

“Boom!”

The old man shot out a cannonball as if he wanted to collapse the sky. It was extremely terrifying!

Lu Benwei did not say anything and went up to meet the attack. Even though there was an abandoned driving school next door, he could not let the other party destroy it.

“Crocodile!”

Lu Benwei’s eyebrows flashed, and the Six-tailed Crocodile came out. He stood up, opened his mouth, and swallowed the cannonball.

After being baptized by the essence of Death’s Well in the Three Mountains Secret Realm, the crocodile had obtained a great opportunity. His silver skin had sublimated into gold, and now, it had developed into diamond skin. His mouth was like an abyss, unfathomable.

A muffled explosion came from the crocodile’s stomach. He opened his mouth and spat out black smoke.

“F*ck, you old man, are you a human or a monster?”

“A mere monster dares to bark in front of the divine son?” The old man’s eyes were filled with disdain.

The Six-tailed Crocodile flew into a rage. “Motherf*cker, are you human? What are you? Are you a monster?”

He opened his mouth and spat out a demonic light that could destroy the world, but it was stopped by Lu Benwei.

” Crocodile, this is a city!”

“Alright!”

The crocodile’s six tails merged into one and pressed down together, attacking the half-human, half-monster old man!

“Boom!”

The earth cracked, and the last bit of afterglow in the sky was scattered by the crocodile. Its power was extremely terrifying!

Chapter 668 Olive Branch

The Six-tailed Crocodile’s tails combined to destroy the mountains and rivers.

Seeing this, Lu Benwei stepped out with his right foot.

A fierce force spiraled down from his bones and muscles, collapsing on the ground, neutralizing the destructive power of the crocodile and preventing him from destroying this area.

The giant tail hit the half-human, half-monster old man with great force as if it was pressing down from the nine heavens, unstoppable.

The old man coughed up blood on the spot. Half of his body was festering, revealing his bloody bones.

Lu Benwei could feel that his life force was gone. He looked coldly at Gan Yan and the other person.

“Just this? Are you worthy of barking in front of me?” The crocodile descended and turned into a burly man, his muscles like dragons clinging to the surface of his body.

The other old man beside Gan Yan said in shock, “What a terrifying power. However, we have been given a new life by the Lord God, hehe...”

He sneered like a ghost, revealing a mouthful of blackened teeth.

At this moment, something strange happened. Time seemed to have reversed, and the shattered blood clots returned to the old man’s body.

“What kind of regeneration technique is this?” the crocodile cried out in surprise.

Then his expression sank. “No matter what, I’ll beat you to pieces!”

With that, he rushed forward and raised his fist to smash down.

“Boom! Boom! Boom!”

Every attack was like thunder beating a drum, and the power was explosive.

The body that the old man had painstakingly pieced together was once again scattered, and even his bones had turned into dregs.

Strangely, Gan Yan and the remaining old man did not say anything.

Firstly, Lu Benwei was watching them to prevent them from attacking. Secondly, they did not show any killing intent and just watched coldly.

“Hehe...”

The crocodile licked the blood at the corner of his mouth and sneered proudly.

“I’ll beat you until even your mother can’t recognize you. Seeing how brave I am, why don’t you scam with your tail between your legs!”

“Why don’t I say that you guys are stupid?”

“You dare to doubt the will of the Lord God?” The old man sighed helplessly and took out a bottle from his pocket.

Lu Benwei and Chu Yan were stunned. It was filled with a red liquid that was as viscous as asphalt, emitting violent energy.

The eyes of the old man who was still alive lit up like a magic lamp, burning fiercely.

“Ants, open your ignorant eyes and witness the miracle!” the old man murmured, reciting poems as if he was reciting scriptures.

He opened the bottle, and the sticky red liquid dripped down the wall of the tube.

Lu Benwei and Chu Yan simultaneously smelled an extremely dense bloody smell that was accompanied by violent energy.

“Is that blood?” Lu Benwei and Chu Yan were shocked.

An unbelievable scene happened. Time was reversed once again!

However, the most terrifying thing was that the old man who had been smashed into pieces by the crocodile had recovered!

“Nine Tribulations Regeneration Technique?!” Lu Benwei exclaimed.

In the next second, he denied himself again. “No, it’s not the Nine Tribulations Regeneration Technique. It’s the violent energy contained in the blood!”

“Big brother, this drop of blood is so abnormal!” The crocodile was also shocked.

“This, this is the blood of a royal monster?” Chu Yan said in shock.

The corners of Gan Yan’s mouth curled up. “You guys call it a royal monster but to us, it’s a god!”

Their eyes widened and they raised their hands high as if they had gone crazy. “Praise the awakening of the gods. Destruction is rebirth!”

The blood clots that were originally scattered in all directions quickly healed under the eyes of Lu Benwei and the other two.

In the blink of an eye, the half-human, half-monster old man was resurrected. His aura was even stronger and more terrifying than before!

“I don’t care how many times you resurrect, I’ll beat you up until your mother can’t even recognize you!” the Six-tailed Crocodile shouted.

He rushed forward and engaged in a fierce battle with the half-human, half-monster old man.

It could be seen that they did not want to be discovered either. They were restraining their strength with every move they made.

Even so, the Six-tailed Crocodile still felt exhausted. Originally, he could rely on his domineering strength to instantly kill it, but now, he barely had the upper hand.

If a drop of blood was already like this, how terrifying would it be if it was a supreme royal family?

Lu Benwei remembered the night of the battle in Devil’s Den. A pair of giant hands tore open the sky, making a sound that made heaven and hell tremble. It was just a projection of the Imperial Destruction Clan, but it was enough to shock people’s hearts.

Now, he had once again witnessed the power of the royal monsters. Although it was not as shocking as the destruction demonic light, this kind of heaven-defying power that could kill and restore human bones and flesh still made him gasp.

“Which clan are the gods from?”

“Undying Phoenix Monster?” Chu Yan asked.

“Legend has it that a drop of blood from the Undying Phoenix Monster Supreme King can regenerate bones and flesh.”

Gan Yan was speechless.

“Puff!”

The crocodile finally could not hold it anymore. He used his forbidden power, and the demonic light destroyed the mountains and rivers, scattering the half-human, half-monster old man.

Almost at this moment, a city-wide alarm sounded in Green Spirit City!

“Lu Benwei, on behalf of the Lord God, we send you a decree: if you join the God Welcoming Association, your status will be higher than mine!” the old man said with his eyes wide open.

“You saw it too,” Gan Yan said, “This is the power of the Lord God. He can be reborn.”

Lu Benwei sneered. “New student? Become like that ugly monster? Don’t you think it’s ridiculous?”

In the distance, the patrol car whistled rapidly. The battle cries in the sky shook the sky. They came from the soldiers of the army stationed in Green Spirit City.

Gan Yan revealed a meaningful smile. “Lu Benwei, whether you agree or not, we’ll take the enchanter away!”

With that, he grabbed the old man and threw him into his shadow. His body quickly merged into the shadow and disappeared.

Lu Benwei was surprised, and his eyes shone with a cold light. “Enchanter, Fang Xiaoxiao?”

“Big brother, the police are here. Let’s go!”

Lu Benwei did not have time to think about it and used Lightning Speed to leave with Chu Yan.

...

When they got home, Lu Dayuan happened to be watching the evening news in the city.

“According to reports, the monster found in Sun City District today was the work of a hunter. Not long ago, the hunter obtained a supreme treasure of the monster clan. To show off to his good friend, he accidentally released the aura of a monster. At present, the police have fined the hunter 5,000 yuan and detained him for 15 days as an administrative penalty.

“Regarding this, the government and the police officers are deeply sorry for the inconvenience caused by this misunderstanding. I hope that everyone will not believe the rumors. Currently, there are no monsters or beasts in Green Spirit City.”

Chapter 669 Meet Until Friday

Soon, this piece of news was drowned out by the next piece of news.

The good-looking host pulled the reporter to have a conversation, talking about water cuts in a certain community.

Lu Dayong hurriedly changed the channel and said angrily, “The media nowadays are really lying through their teeth. Several colleagues in Sun City District told me that they sensed the aura of a monster. How could it be fake?”

Jiang Xiuqin had just finished cleaning the kitchen. When she saw Chu Yan and Lu Benwei return, she hurriedly brought out a fruit plate.

“That’s enough. You’re a civil servant. You should know what this means. It’s good that you know some things in your heart!” Jiang Xiuqin nagged.

The next second, she smiled again. “Come, Yanyan, have some fruit.”

“Thank you, Auntie.” Chu Yan smiled.

“Come, sit down and eat.”

Jiang Xiuqin pulled Chu Yan down and sat together happily. As for Lu Benwei, Jiang Xiuqin did not even look him in the eye.

Lu Dayong glanced at Lu Benwei and then glanced at the bag on his back. “Why are you carrying your schoolbag when you go out to play?”

Lu Benwei smiled awkwardly. He did not dare to say that he had returned to First Junior High School as a student.

Lu Dayong did not say anything else. He reminded him, “It’s not peaceful these few days. Be careful.” Then he continued watching TV.

Time flew by, and in the blink of an eye, it was the second day.

When Lu Benwei and Chu Yan arrived at the classroom, they saw Wang Shuai and a few others gathered, discussing what had happened last night.

“Did you see the news last night? Monsters are lurking in Green Spirit City!”

“Of course, I did, but didn’t they say that it was a hunter who accidentally released a demonic treasure?”

Wang Shuai waved his hand repeatedly. “You’re taking this for granted. How can the officials explain it clearly? Where are the monsters in the city? If this gets to the higher-ups, who knows how many people will lose their hats!”

Everyone was surprised, thinking about what Wang Shuai said.

“Speaking of which, this monster appeared in Sun City District. Could it be hiding in our school now?” Wang Shuai said faintly.

“Then, do you think that the monster in the Little Dream of the Red Chamber is the monster in the news?”

“Yesterday was a sign that the ghost was about to come out and cause trouble.”

Suddenly, the atmosphere in the classroom was terrifyingly quiet. One could hear a pin drop.

“Jiayue, it’s that tall building on the northeast side of our school,” Liu Jingjing turned her head and explained to her.

“The dangerous building with pink tiles?” Chu Yan had some impression.

“Those aren’t pink tiles, they were dyed red with ghost blood.” Wang Shuai and the others were trying to scare this seemingly flawless girl.

Chu Yan was bold, so she naturally did not believe in any supernatural things.

“How did you dye it red?” she asked.

Wang Shuai was stunned and immediately lowered his voice. “At that time, the roof of the building was already sealed, and the workers began to stick bricks on the wall. When they reached the last floor, all the workers on the top floor fell off the building! Guess what happened next?”

Chu Yan shook her head.

“The blood of those workers flowed upstream and dyed the entire building red!” Wang Shuai let out a cold breath, trying to make the atmosphere strange.

“And then?” Chu Yan asked loudly without any fear.

This made Wang Shuai feel a little defeated.

“Later on, every Friday night in the Little Dream of the Red Chamber, there would be girls crying and boys cursing. It’s said that a couple fell in love at an early age and was found out by their family when they were pregnant. In the end, they were chased out of the house, and the two of them lived in the Little Red Chamber. Gradually, the boy’s mentality changed, and he started to beat and scold the girl. The girl was so angry that she buried the boy alive and committed suicide. And that day was a Friday!”

Chu Yan frowned.

“How can there be such a mysterious thing?”

“There are more than one or two people who think like you.” The boy sneered.

“Quite a few people have agreed to explore the Little Red Chamber and have been there quite a few times! Guess what happened next?”

Chu Yan stepped on the person’s foot.

The boy grimaced in pain and said, "Someone who went in said that there was a sudden gust of wind inside. They all fell into a coma. When they woke up the next day, they found that they were somewhere else!"

Someone else said, "Bullsh*t! My brother went there with someone last year. He said he met a little monster which almost ate them! There are still people who are really missing!"

Everyone was talking at once. In short, there were all kinds of strange things.

Suddenly, someone stood up and said, "In my opinion, we'll go and find out tomorrow night! Whoever agrees, please raise your hand!"

Other than that person, everyone was a little scared. After all, that was a legendary place with strange powers. No one would want to turn their head and see Sadako.

"Wang Shuai, weren't you the loudest just now? Why didn't you go?" The boy tried to goad him. "Do you have the heart but not the guts?"

Wang Shuai gritted his teeth. Even though he knew that this was a provocation, he still had to jump in.

"F*ck, I'll go!"

"I'll go too!" Instantly, the classroom was filled with responses.

At this moment, Liu Jingjing poked Chu Yan. "Jiayue, are you going?"

"Why? You want to go?" Chu Yan ground her white teeth and said with a smile.

"If you go, I'll go." Liu Jingjing smiled embarrassedly.

"Didn't Wang Shuai say he's going? You can ask him to protect you!" Chu Yan revealed a meaningful smile.

"Him? He'd be lucky if he wasn't scared out of his wits." Liu Jingjing pouted.

"Annoying fellow, are you going?"

Chu Yan turned her head and saw Lu Benwei, whose eyes were as black as water.

Lu Benwei frowned and pondered for a while. He had heard of the legend of the Little Dream of the Red Chamber when he was in primary school. Ever since he was in middle school, people would invite him to explore the Little Red Chamber from time to time. Unfortunately, Lu Benwei was timid at that time and was rejected politely.

Thinking about it, he felt quite regretful. He had never experienced the feeling of excitement and fear with his classmates. Now that he had returned to his youth, he had another chance. Lu Benwei could not let it go.

"I'll go!"

"Then I'll go too!"

Chu Yan's eyes narrowed into two crescents, revealing her small white canine teeth, which were flowing with a faint light.

...

On the other side, at the Green Spirit City Patrol Bureau.

"What?! Didn't you investigate the monster incident last night?" a bald inspector asked in disbelief.

Opposite him stood another inspector who said, "The case has been closed. Now, the higher-ups want us to fully cooperate with the Law Enforcement Bureau to investigate the serial murder cases and capture the former Director of the Law Enforcement Bureau, Hu Wu!"

Chapter 670 Ready to Move

The bald inspector was very puzzled, and his forehead was filled with black lines.

"What do you mean? Why do you want to arrest the former Director of the Law Enforcement Bureau?"

The bald inspector had some impression of Hu Wu. Although he usually looked big and aloof, his ability to handle cases was impressive. He was the one who had dug up the secret organization known as the God Welcoming Association.

The other party smiled and said, "There's no other way. This is the request of the higher-ups."

"Alright, alright. Give me Hu Wu's information." The bald inspector shrugged helplessly.

"Yes, sir!" the other party responded and then left the bald inspector's sight.

Soon, the bald inspector received the information about Hu Wu. Looking at the few pages of information on Hu Wu, he felt a headache.

"Where should I start?" The bald man rubbed his temples.

...

Time flew by. It was Friday afternoon. A tense atmosphere filled the entire school.

Lu Benwei and Chu Yan had already made an appointment to go to the Little Red Chamber with everyone to explore the land of strange forces and gods.

"Lu Hongyi, come out."

When the last class was about to end, Lu Shuangquan called Lu Benwei out of the office.

"Someone is looking for you inside."

Lu Shuangquan pointed at the small black room next to their classroom.

Lu Benwei suddenly realized that something was wrong. If it was Hu Wu, he would not meet him in such a conspicuous place.

Lu Shuangquan did not say it out loud. He just gave Lu Benwei a serious look. Then, Lu Shuangquan left Lu Benwei's sight.

'Who is it?' Lu Benwei thought.

Just then, his phone rang. Lu Benwei unlocked it and took it out to check.

"The police are here. Don't expose me!"

"Don't worry, I've already taken care of your information."

He opened the door and saw Cheng Liang's head. The bald inspector was smiling at Lu Benwei.

"Lu Hongyi?"

Lu Benwei came back to his senses. This oily and bright big head was too dramatic.

"Hello, sir. I'm Lu Hongyi."

The bald inspector waved his hand and said with a smile, "Come, sit down. Don't be nervous!"

Lu Benwei was not nervous. After all, he had even entered the Temple of Judgment before. How could he be scared in front of the police?

He casually pulled out a stool, sat down, and asked, "Sir, what can I do for you?"

"Nothing. I just wanted to ask if you've seen this person in the past few days."

As the bald inspector spoke, he took out a photo from his briefcase. Without a doubt, it was Hu Wu.

"I don't know."

"Are you a student from Canglong City?" the bald inspector asked again.

Lu Benwei remembered his fake information and said, "Yes."

"Oh, then it's normal that you don't know him. He's a small official in Green Spirit City." The bald inspector made up some nonsense, trying to get Lu Benwei to say something.

Lu Benwei almost laughed out loud in his heart and began to spout nonsense with him.

"Sir, what did he do?"

"Nothing much," the bald inspector replied casually, "It's just a small case. It was committed in Canglong City."

Lu Benwei then said, "Okay, sir. I'll pay more attention when I go home today. I'll report to you immediately if there's any news."

"Can I have your number?"

"Alright!"

Then, the bald inspector touched his pocket and suddenly pretended to be surprised. "Ah, I didn't bring my phone! I must've forgotten it in the car. Lu Hongyi, did you bring your phone?"

When Lu Benwei heard this, the corners of his mouth twitched.

'If you want to investigate my phone, just say it. There's no need to go through all those twists and turns.'

Of course, he was also happy to let the bald inspector check his phone to dispel his doubts!

Lu Benwei unlocked it naturally and handed the phone to the bald policeman.

"Yo, what a beautiful girl!" the moment the bald inspector took the phone, his eyes lit up and he exclaimed.

"Your girlfriend?"

Lu Benwei nodded.

The person on his phone's wallpaper was Chu Yan.

The boundless green wheat field and the delicate and moving girl were the photos that Lu Benwei had taken for Chu Yan that day.

The sky was as blue as a gemstone. The wind blew through the wheat, and the fragrance wafted.

"It's not good to be in a relationship at such a young age!" The bald inspector joked.

He seemed to have saved the phone number on Lu Benwei's phone, but he was flipping through Lu Benwei's phone quickly. Praising Chu Yan was both sincere and intentional.

"Alright, since you haven't seen this person before, I'll be leaving," the bald inspector stood up and said.

Lu Benwei waved and watched him leave. "Goodbye, sir!"

Then, he looked at his phone.

"Chen Guangming!"

This was the bald inspector's name, which matched the word "Cheng Liang" quite well.

Soon, class ended.

The entire school's students were like birds and beasts coming out of their caves to look for food. They were like an army crossing the border and ran out crazily.

Lu Benwei and Chu Yan unhurriedly packed their bags.

Wang Shuai could not wait any longer. Carrying his bag, he kept urging, "Hurry up, I can't wait."

"What's the hurry? It's not even night yet!" Lu Benwei pointed at his watch and said angrily.

Liu Jingjing, Li Yiran, and three other students were also walking with them.

"We have a total of eight people. Even if we encounter a ghost, we still have the advantage in numbers!" Wang Shuai teased.

Liu Jingjing laughed coldly. "Is that so? Don't run away the fastest!"

"What are you afraid of? Don't forget that we have the heroine, Sister Chu!"

“Jiayue doesn’t care about protecting you!”

A group of eight people headed toward the Little Red Chamber.

When Lu Benwei walked out of the school gate, he noticed a black car at the door. From top to bottom, from inside to outside, it was emitting a stalking aura.

Lu Benwei shrugged and went forward to use the reflection of the glass to smooth his hair. Then, he smiled proudly.

In the car, Chen Guangming and his subordinates were all tense.

“I was scared to death. I thought I was discovered.” The subordinate heaved a sigh of relief and rejoiced.

“Why do I feel like his last smile was for us?” Chen Guangming frowned.

“What about him?”

His subordinate said loudly, “Oh right, Boss. Why are you still following him? Is he related to Hu Wu?”

“I don’t know if he’s related to him, but I can tell that he’s not a student!” Chen Guangming said.

“Boss, how did you know?”

“This is our perception as a patrol officer,” Chen Guangming said seriously.

“They’re leaving. Let’s follow them!”

After a while, one of his subordinates suddenly gasped.

“Boss, why do I feel like they are going to the Little Red Chamber?”

“They even dare to go to the Little Dream of the Red Chamber!”

Chen Guangming was stunned for a moment. He suddenly thought of something and smiled. “Have you ever entered the Little Red Chamber?”
