

## Dungeon 671

### Chapter 671 Baby Ghost

The sky was dimming bit by bit.

The black curtain slowly spread out in the sky, and only the western corner had a hint of afterglow.

“Hiss.”

After Lu Benwei and the others climbed over the blue iron fence, everyone had goosebumps on their bodies.

“It’s chilly.” Wang Shuai complained.

It was summer all year round in Hai Province, and the temperature was maintained above 20 degrees Celsius all year round. It was now early summer, and it was often 30 degrees Celsius.

Even if it had heavily rained a few days ago, the temperature here would not be so low.

Lu Benwei conservatively estimated that the temperature here was only about 20 degrees Celsius.

“That shouldn’t be the case.” Lu Benwei slowly exhaled.

“Can you tell anything?” Chu Yan whispered at the side.

“I can’t tell. It looks like an ordinary unfinished building,” Lu Benwei said while shaking his head.

He did not believe in supernatural powers, but if there was a ghost here, Lu Benwei chose to believe that there was a high probability that an ice-type ferocious monster was causing trouble.

The boys went forward to coax them, while the girls followed behind them, chattering. They were excited and scared. They would scream if they accidentally stepped on a can.

“What? I can’t see a soul.”

Wang Shuai panted heavily and complained.

Although it was called the Little Red Chamber, it was still 14 stories tall. They called it the Little Red Chamber just to make it sound scary. They had already cleared the tenth level, and each of them was so tired that they were panting.

“If you have a soul, I’m afraid you’ll be scared out of your wits.” Liu Jingjing teased.

Li Yiran chuckled. “In my opinion, let’s leave after sweeping the roof. This place isn’t that mysterious.”

“That might not be the case...” one of his companions suddenly said with a trembling voice. His forehead was covered in a cold sweat.

“What’s wrong?” Li Yiran asked loudly.

“Did you guys see Lu Hongyi and Chu Jiayue?”

When Li Yiran and the others heard this, they were instantly frightened and trembled. They looked around, but Lu Benwei and Chu Yan were nowhere to be seen.

“Hongyi, come out quickly. Don’t scare me!” Wang Shuai cursed, his legs trembling.

“Jiayue, where are you? Come out, this joke is not funny!” Liu Jingjing shouted.

On the other side, Lu Benwei slowly walked down the stairs. Chu Yan followed closely behind him.

“It seems like that’s the case.”

Lu Benwei slowly exhaled and said helplessly, “We entered the secret realm and encountered this legendary ghost wall.”

Chu Yan nodded. Through a mirror, she saw the anxious Wang Shuai and the others.

“Looks like this secret realm was created by humans and set up certain rules. Children like them can’t enter.”

Lu Benwei pondered for a moment.

“Boring! Come out, let’s decide the winner with our fists!” Lu Benwei suddenly shouted.

His voice traveled thousands of miles, causing a ripple to appear in the air.

Lu Benwei’s lips curled up. The other party had appeared!

It was the size of a human infant, but its skin was a strange blue. Its eyes were as red as blood, causing Lu Benwei and Chu Yan’s hair to stand on end!

“Baby Ghost?” Chu Yan said in shock.

“What’s a Baby Ghost?” Lu Benwei asked.

“Legend has it that the Baby Ghost was formed when its mother died tragically when it was still a fetus. It inherited a portion of its parents’ power, but its mind is still that of an infant. Once it appears, it will cause damage to the surroundings!”

Lu Benwei was stunned. Presumably, the sudden death of the construction workers was not a coincidence, but the Baby Ghost’s doing.

“It seems that its intelligence is beyond that of an ordinary Baby Ghost. One of its parents must be very powerful!” Lu Benwei guessed.

“I think you guessed it right. It seems that those rumors are mostly true. Many people died tragically at its hands.”

“Since that’s the case, I’ll send you over!” Lu Benwei shouted and swung his fists to attack.

Then, the Baby Ghost hid in a mirror.

In reality, Wang Shuai, Liu Jingjing, Li Yiran, and the others searched for Lu Benwei and Lu Hongyi. They had already patrolled the area from top to bottom, but they did not see a single person.

“How was it? Did you find them?”

The few of them looked anxious and exhausted.

“Could it be that they left early?” A girl guessed.

“No, that’s impossible. How could they do such a ridiculous thing?” Wang Shuai denied it outright.

Their expressions were solemn, and their eyes revealed fear. There was another possibility that they had all guessed but did not dare to say.

“Could it be...” In the end, it was Wang Shuai who could not bear it anymore.

“Shut up, how can there be such a mysterious thing!” Liu Jingjing shouted, but her body was trembling.

“Why don’t we go up from the first floor together? If there’s nothing, we’ll leave this place.” Li Yiran suggested.

Everyone felt that it was not a bad idea, so they started searching from the first floor. The first level was empty. They did not even find Lu Benwei and Chu Yan’s hair.

The second level was the same. The third level...

When he reached the seventh floor, he saw a child squatting in the corner and eating a lollipop!

“Little brother, why are you here alone?”

Liu Jingjing’s little heart instantly trembled. Just as she finished speaking, she realized that something was wrong. How could a child appear in such a place?

“Sister, let’s play!” The child raised his head and licked the lollipop, revealing a mouthful of snow-white teeth. The whites of his eyes seemed to be stained with red ink.

Liu Jingjing was so scared that her face turned pale. She was about to lose her soul!

“Ah!”

The ear-piercing shrieks resounded through the clouds. Wang Shuai, Li Yiran, and the others rushed over upon hearing the sound. They only saw Liu Jingjing squatting on the ground and did not know what was going on.

“Jingjing, what’s wrong?” Wang Shuai’s concern was chaotic, and his hands kept shaking her arm.

“Child... There’s a child!” Liu Jingjing pointed in front of her and said with a trembling voice.

Wang Shuai was shocked and swallowed his saliva. “Where’s the child?”

As he spoke, he quickly turned his head and looked behind him. There was no one behind him, only abandoned iron frames and wooden planks.

“Where’s the child?”

Wang Shuai let out a long breath and slowly turned around.

“Brother, don’t you think I’m just a child?”

By the time he returned to his senses, Liu Jingjing had been replaced by the Baby Ghost.

It was about the size of a human infant, but its skin was a strange blue, and its eyes were as red as blood!

Anyone who saw such a terrifying creature could not help but feel their scalps go numb.

Chapter 672 Play

“Rumble!”

Lu Benwei swung his fists and threw out heavenly rivers one after another, bombarding the mirror.

This mirror looked very extraordinary, and it exuded an immortal power.

At the same time, he could connect the secret realm to reality. Chu Yan and Lu Benwei could see outside through the mirror, but Wang Shuai and the others could not sense their existence.

Moreover, this secret realm was like a cage that trapped him and Chu Yan here!

On the other side, in reality.

When Wang Shuai saw that the person he was hugging was a Baby Ghost, he immediately felt a chill from head to toe. The cold air forced all the hair on his body to stand on end.

“Ah!”

He let out a miserable cry and raised his fist. Of course, the fists of ordinary people were useless against the Baby Ghost.

“Why aren’t you guys playing with me?” The Baby Ghost rose into the air and stared at everyone with its strange red eyes.

“I, I’ll play with your mother!” Li Yiran shouted and threw a brick at him.

At the same time, Lu Benwei launched an unusual attack in the secret realm. He had to find the exit and save these students.

“Rumble!”

The Star Shattering Fist and the Divine Sword of Destruction were unleashed at the same time. Their power swept across the entire area and turned the place upside down.

“Annoying fellow, this mirror is still intact!” Chu Yan pointed at a mirror and shouted at him.

Lu Benwei did not say anything and rushed toward the mirror.

“Boom!”

The earth-shattering collision caused Lu Benwei to be hit hard, and his face was instantly bruised.

“Is there no other exit?” Lu Benwei endured the pain and said calmly, “This mirror has been imbued with rules. You can’t get out of here!”

At the same time, this mirror was also reflecting reality, showing the outside world.

The Baby Ghost treated Wang Shuai and the others as living beings, teasing them layer by layer.

“Why aren’t you guys playing with me?” The Baby Ghost’s ethereal voice resounded in the Little Red Chamber.

Wang Shuai and his group hid in a room, not even daring to breathe loudly.

“Why is there such a thing in this place?” Wang Shuai was furious and cursed.

“Shh, don’t talk.” Li Yiran made a shushing gesture.

“There seems to be no movement outside.”

Everyone heaved a sigh of relief.

“What are we waiting for?” someone said anxiously.

“Wait a little longer. The other party might not have gone far.” Wang Shuai wiped his sweat and said.

“Where did this thing come from?” Li Yiran was speechless. This was the first time he had encountered such a strange thing in his life.

“Do you still remember that legend?”

Everyone was stunned, their faces pale.

It was said that a couple in Green Spirit City fell in love at an early age and was found pregnant by their family.

In the end, they were chased out of the house, and the two of them lived in the Little Red Chamber. Gradually, the boy’s mentality changed. He started to beat and scold the girl. The girl was angry and buried the boy alive. Then, she committed suicide.

“Are you saying that this baby is the child of that couple?”

“How is this possible?”

Everyone was in disbelief.

They had not come into contact with the system’s class change education, so they did not believe it.

“There might be some differences, but it’s hard to say if it’s true!” Liu Jingjing said.

“Listen, he keeps asking us to play with him, which shows that he’s a child who lacks love.”

“So, you want us to play with him?” Wang Shuai could not believe it.

“It’s just a speculation that he can let us out. Lu Hongyi and Jiayue are still in his hands,” Liu Jingjing said.

“I agree with Liu Jingjing’s method.”

“Then I agree too.” Li Yiran raised his hand.

One of the remaining three said nervously, “What kind of game are we playing with him? A game of twisting his head off and kicking it like a ball?”

Everyone’s hair stood on end as they shivered.

“Another question. Are we going to sleep with him?” Wang Shuai said faintly.

However, after he finished speaking, he regretted it. Everyone looked at him with lustful gazes.

“What do you want?” Wang Shuai gulped and said.

On the other side, Lu Benwei could not help but hold his forehead.

“These guys are too good at thinking of ideas, right? You can even come up with such a bad idea, and so many people agree to it?”

He was also very helpless.

Wang Shuai and the others were all teenagers who had just entered junior high school. They had not received any systematic education about hunters.

Baby Ghosts were the most terrifying creatures. They lived against the heavens and had great resentment toward everything!

At this time, Wang Shuai was walking around with a perturbed heart, shouting as he walked, “Baby Ghost!”

At first, his voice was very soft, like a mosquito humming. After that, it gradually grew louder.

“Baby Ghost, where are you? Let’s come out and play, okay?”

Wang Shuai’s voice echoed throughout the entire Little Red Chamber.

When he turned the corner and saw the Baby Ghost appear in front of him, he was so scared that he retreated repeatedly.

“You want to play with me?”

Red light flowed out of the Baby Ghost’s eyes.

Wang Shuai felt that it was especially terrifying, and his scalp went numb. “Yes, I’m here to play with you.”

The Baby Ghost licked his lips and teeth.

When Wang Shuai saw this, his heart skipped a beat.

“F\*ck, it can’t be true, right? Will you twist my head off and kick it like a ball?”

“It’s alright.” The Baby Ghost snapped his fingers.

A pair of soccer shoes appeared on Wang Shuai’s feet.

“F\*ck, it’s even a famous brand!” Wang Shuai rubbed his hands in excitement. He felt that this Baby Ghost was not that scary.

“Follow me!” the Baby Ghost said as he brought Wang Shuai to the eighth level.

This floor was raised high, and it looked relatively empty.

“Let’s play here!” the Baby Ghost raised his hands and shouted.

As he spoke, he summoned a black ball and kicked it at Wang Shuai.

Wang Shuai subconsciously froze for a moment, but he quickly reacted and reached out to catch it. The next second, he threw the ball to the ground and retreated.

It was not a ball, but a head! The rough fur, the real and soft skin, Wang Shuai would never forget it.

As expected, his jinx was right. Twist his head off and play with it like a ball!

However, it was not his but the people who came here before!

Goosebumps rose all over his body, and he turned around and ran.

The Baby Ghost’s red pupils showed a trace of anger. “Don’t you want to play with me anymore?”

Wang Shuai could not answer at all and ran without looking back.

The Baby Ghost was furious and instantly blocked him.

“You’re all liars! You guys clearly agreed to play with me!”

The Baby Ghost grabbed Wang Shuai’s collar and brought him to a dark room.

“You guys are all the same!” The Baby Ghost was furious and shed tears of blood.

This was a collection room filled with all kinds of “toys”.

Exquisite human-faced dolls, castles piled up with bones... They were all laid out in the room. In addition, there was a wooden bed in the room with all kinds of processing tools placed on it.

#### Chapter 673 Rescue Stuck

This caused great harm to Wang Shuai’s young heart. How could he have seen such a scene? He immediately burst into tears!

“Hongyi, Jiayue, I’ll be right there! Wait for me. The three of us will be companions on the journey to the netherworld!” Wang Shuai was in tears.

At this moment, Liu Jingjing suddenly barged into the dark room. “Wang Shuai, don’t be afraid, we’re here!”

After saying that, a tall figure flashed past and threw the glass bottle in her hand at the Baby Ghost.

“Bang!”

The Baby Ghost’s body turned from solid to hollow and easily dodged it.

Immediately after, an extremely strong and pungent smell swept over from all directions.

Wang Shuai was stunned. “Mashed garlic?”

Li Heran rubbed his nose resentfully. “They say that garlic is especially useful for ghosts, so I specially prepared some.”

However, he had taken it for granted. This move would only anger the Baby Ghost and had no other effect.

“You guys! Go. To. Hell!”

He shouted word by word, and two streams of blood flowed down from his eyes. It was terrifying and strange!

In the next second, the entire Little Red Chamber was filled with a strange force. The space was reversed, and everyone seemed to be lifted high by a ruthless hand.

Wang Shuai cried and shouted, “I’m going to die, I’m really going to die!”

“Mommy, I don’t want to die!”

“I won’t quarrel with you again in the future.”

A few girls began to sob softly, muttering that they did not want to die.

“Wang Shuai, if you’re a man, then fight him to the death!” Li Yiran roared and threw a human bone at the Baby Ghost.

Wang Shuai gritted his teeth and pulled out a rusty iron saw.

They did not know any hand-to-hand combat techniques. They only knew how to slash with great force.

At the same time, Lu Benwei attacked even more violently. He wanted to blow up this cage and return to reality.

Lu Benwei circulated his dual-origin bloodline. The two different bloodlines fused within his body, exploding with chaotic divine light that illuminated his entire body like glass as if a divine weapon had descended from the heavens.

The four great enhancement skills strengthened his body. The power of heaven and earth poured into Lu Benwei’s body, exploding with eternal divine power.

Lu Benwei shouted, “Judgment!”

“Clang! Clang! Clang!”

The power of judgment transformed into thousands of divine weapons and swords, slashing at a space thousands of times. Every time, the power of judgment released a peerless attack with terrifying power.

“Who are the parents of this Baby Ghost?” Lu Benwei was surprised that he could not shake this world and exclaimed.

“It’s a little terrifying to be able to create such a stubborn secret realm even though he only inherited a small portion of his power.”

In fact, Lu Benwei was not even sure if he could take down the other party.

“Such a perfect secret realm. The battle strength of the Baby Ghost’s parents is conservatively estimated to be above that of Kings,” Chu Yan said.

Although the rumors said that they were a couple, there would always be some differences in the rumors.

On the other side, the Baby Ghost effortlessly defeated Wang Shuai and Li Yiran.

He said in an angry and ethereal voice, “None of you want to play with me. I want you to accompany me forever!”

He took out a rusty saw and slowly moved toward Wang Shuai. “I want to turn you into a marionette!”

Then, the Baby Ghost looked at Li Yiran. “You’re so big. You can be made into a statue!”

When it was the girls’ turn, they huddled together and shivered.

“Please, don’t hurt us,” Liu Jingjing whimpered.

On the other side, Wang Shuai was very moody. He hated himself for being too aggressive which resulted in hurting Fang Xiaoxiao and his friends.

“Baby Ghost, you’re a man! There’s a saying, ‘a good man doesn’t fight with a woman’. Come at me. I’ll play with you!”

The Baby Ghost looked down at his little birdie and chuckled. “You’re right. A good man doesn’t fight with a woman...”

Some girls heaved a sigh of relief, realizing that they might have escaped a calamity. However, in the next second, they were all shocked.

A moving corpse spoke, “Then I won’t be a girl for long, okay? Let me think, which girl should I start with? They’ll definitely be beautiful if they’re made into dolls.”

The Baby Ghost looked at Liu Jingjing.

“I’ll start with you!”

Seeing this, Wang Shuai shouted, “You little b\*stard, you dare to touch her? I’ll pull your little birdie down, chop it up, and feed it to the dogs!”

The Baby Ghost raised his hand and instantly sealed Wang Shuai’s mouth. Then, he looked at Liu Jingjing and was about to make a move in the next second.

“Bang!”

“Bang!”

“Bang!”

Three consecutive gunshots rang out, and three holes appeared on the Baby Ghost’s forehead and chest.

“The police!”

The children’s eyes lit up as three policemen rushed in. The most eye-catching one was the bald policeman, Chen Guangming.

“Children, come here quickly!” Chen Guangming shouted while shooting at the Baby Ghost.

He was a marksman, and he could shoot without missing a shot!

In the secret realm, Lu Benwei learned of Chen Guangming’s arrival, but his attacks did not decrease!

“I’ve met Inspector Chen before. His combat strength can’t defeat the Baby Ghost!”

Lu Benwei used the Bronze Temple to smash the mirror. The world began to change color, and the wind howled!

“Boom!”

A huge explosion sounded as if it could destroy the world. However, the mirror was undamaged. It was simply heaven-defying!

Lu Benwei widened his eyes and said in disbelief, “This is the first time in history that the Bronze Temple has failed! This mirror has an extraordinary origin. It must’ve carried a part of the power of the creator of the secret realm.”

“Big Brother, let me out! This secret realm has set up rules that restrict you humans, but there are no restrictions on monsters.”

Lu Benwei’s glabella flickered, and the divine sense of the Six-tailed Crocodile echoed in Lu Benwei’s mind.

“Good!”

Lu Benwei agreed and released the crocodile.

The Six-tailed Crocodile let out a strange cry and rushed toward the mirror at the entrance of the secret realm.

At the same time, the Baby Ghost was enraged. Two streams of blood flowed out of his eyes.

“Woo!”

The wind howled, and the cold wind carried a black mist, surrounding the place.

Chen Guangming took a deep breath. The opponent’s combat strength was obviously above his. Moreover, he had to spare some attention to protect the students. They were in a dire situation.

“Xiaowu, take the children out first!” Chen Guangming shouted.

The bad news came very quickly. Xiaowu reported, “Boss, we might be trapped here.”

At this moment, the Baby Ghost’s eyes blazed. Two blood-red beams of light shot toward Chen Guangming.

“Boom!”

The entire building was shaking with terrifying power.

Chen Guangming unleashed his strongest attack and clashed with the enemy. Sand and stones flew everywhere, and smoke and dust rose.

Chapter 674 The Six-tailed Crocodile Battles the Baby Ghost

Stunned!

Fear!

Despair!

A series of thoughts instantly filled his mind.

Wang Shuai and the others were in a state of great sorrow.

"I'm going to kill you!" Chen Guangming gritted his teeth and said angrily.

"Boom!"

At this moment, a loud bang came from above the building.

The Six-tailed Crocodile made its debut, and its surging demonic qi swept in all directions.

Even though he had transformed into a human, Chen Guangming could tell at a glance that he was the monster that had caused the tremor in Qingling City two nights ago. He did not expect that he was hiding here.

Chen Guangming felt a headache coming on.

One Baby Ghost was difficult enough, but he did not expect another powerful monster to be here too.

However, something unexpected happened. The monster that descended from the sky was heading for the Baby Ghost.

'Snatching territory?' Chen Guangming thought.

At this moment, the Six-tailed Crocodile and the Baby Ghost were engaged in a world-shaking battle.

The crocodile transformed into a human, his upper and lower body bare, revealing his bronze skin. His muscles were like a dragon carved into his bones, filled with explosive power.

"Boom!"

The crocodile raised his fist and punched out. It had an explosive power that could destroy rivers and mountains!

The Baby Ghost also chose to engage in a physical collision with the crocodile. He raised his small blue fist to meet the attack, exploding with an unparalleled power!

"You're a child who doesn't even have a hair on you. How dare you fight head-on with me?"

The Six-tailed Crocodile laughed arrogantly, and the muscles on his body seemed to have come alive!

"Boom!"

The crocodile and the Baby Ghost raised their fists and collided, and then they were sent flying.

The Baby Ghost reduced the mist and sealed the place. Otherwise, the aftershock from their collision would have torn the sky within a radius of a hundred miles apart!

The Baby Ghost suddenly burst into tears, and two streams of blood flowed out, making people feel uneasy.

All the toys he had created came alive. Exquisite human dolls, puppets, and castles made of bones all attacked the crocodile.

The crocodile's expression did not change. He opened his huge mouth and spat out beams of world-destroying demonic light that could destroy rivers and mountains!

He was a monster. He relied on absorbing the essence of the sun and moon to absorb power. Moreover, he obtained a huge opportunity in the Three Mountains Secret Realm. His bones, flesh, and blood had undergone earth-shattering changes, and he could control the power of his skills very well!

Beams of demonic light exploded all the toys, turning them into powder that scattered in the sky.

The children hiding behind Chen Guangming were all dumbfounded.

"Is this a monster?"

"How terrifying!"

"Can we really fight them?"

More importantly, could they escape from these two beings?

Chen Guangming patted the children's shoulders. "Don't worry, children. We'll get out."

"But Uncle, my friend will be buried here forever." Wang Shuai sobbed.

As far as he knew, Lu Hongyi and Chu Jiayue had been killed by the Baby Ghost and were separated from each other.

Even if they were not, there was no chance of survival under the tearing of the two like a meat grinder.

"Hongyi, Jiayue, wuwuwu... We've let you down!" Liu Jingjing whimpered.

At the same time, Lu Benwei used himself as a pillar to stop the secret realm from healing.

When they continued to bombard the laws of the secret realm, they discovered that it could repair itself. This was far beyond their expectations. Even their souls were shocked.

"Who is it that able to create such a perfect secret realm!"

There was no doubt that the creator of this secret realm was the Baby Ghost's mother. He had inherited a portion of his mother's power, and this small secret realm was filled with his aura!

"Continue attacking! The Six-tailed Crocodile might be in danger!" Lu Benwei roared.

"Boom! Boom! Boom!"

The crocodile and the Baby Ghost were engaged in a world-shaking physical battle.

Gradually, the Six-tailed Crocodile felt a little powerless. Every time the Baby Ghost threw a punch, his power was taken away.

At this moment, the Baby Ghost's blood-red eyes were burning, and two lines of bloody tears were flowing down. It was so strange that it made people gasp. His blue fist was unstoppable and had the power to destroy everything.

"Boom!"

The crocodile felt a spiral of energy rushing into his body from Baby Ghost's fist.

"Puff!"

Half of the crocodile's body was minced into pieces. It spat out large mouthfuls of blood and fell.

"Children, be careful!" Chen Guangming told Wang Shuai and the others to hide.

"Rumble!"

The earth shook three times, dust rose everywhere, and the sound of the earth cracking could be vaguely heard.

"Did he lose?" Wang Shuai said dryly, looking at the human-shaped pit that had appeared on the ground.

"No," Chen Guangming said with a serious expression, "Monsters are very tenacious."

"Will he use us to replenish his strength?" Li Yiran gulped.

Hearing this, the children were so scared that their faces turned pale. They all shrank behind Chen Guangming.

Chen Guangming felt a headache. He was not sure if he could last a round against this monster, even if he looked like he had suffered serious injuries.

"Buzz!"

From the smoke and dust, two eyes shot out like two divine lamps.

The crocodile groaned as it crawled up from the deep pit. Half of his body had been festered by the Baby Ghost, revealing his bloody bones.

How could the children see this? Their expressions froze and they retched on the spot.

"I'm telling you, don't do anything rash! Even if we die, we'll drag you down with us! Get ready!" Chen Guangming shouted as he and his men prepared for battle.

The crocodile didn't even bother to look at him. "F\*ck. This Baby Ghost doesn't even have a strand of hair on his head but he's good!"

"I'm going to pull your little birdie down today!"

“Boom!”

He no longer maintained his human form but transformed into a crocodile man. The six tails merged into one and attacked upward. The terrifying power was like a surging river, erupting with a powerful attack.

The Baby Ghost opened his mouth and cried bitterly. Each sound wave was like a sharp sword, cutting through everything!

“F\*ck!”

The crocodile was dumbfounded. It immediately retracted his strength and changed his direction.

Chen Guangming and the children felt as if their brains were about to explode when they heard the cries. The sound wave was like a heavenly blade, crushing down!

Chen Guangming was in despair. The gap between him and the Baby Ghost was too big. Not to mention protecting the children, even self-preservation was a problem.

“Children, I’m sorry. I’m too useless.”

As soon as Chen Guangming’s voice fell, a “mountain” came crashing down on them, protecting them tightly.

The demonic sound rumbled, and it was extremely terrifying!

“Pfft! Pfft! Puff!”

The sound wave was like a heavenly blade, tearing apart the skin of the crocodile inch by inch. Warm blood flowed out no matter how hard he tried to stop it.

Chapter 675 Conversation Across Time and Space

“You, you’re protecting us?” Chen Guangming asked in disbelief.

“Shut your mouth if you don’t want to die,” the Six-tailed Crocodile said coldly.

The children were both shocked and afraid. This huge thing was protecting them.

The Baby Ghost screamed, “Stinky crocodile, get your body off my toy!”

“Ah!”

The Baby Ghost let out a strange howl, and its demonic voice pierced through the mountains and rivers. Each sound wave was like a heavenly blade, slashing down.

The crocodile shook his huge body. Golden light blazed brightly as if gold was flowing on his body. He increased his defense to resist these sound waves!

“Puff!”

The crocodile’s body shook violently. The sound waves that were as sharp as heavenly blades cut open his golden skin, and blood gushed out like a fountain.

“I’m going to die, I’m going to die! Big Brother, hurry up and save me!” the Six-tailed Crocodile said with difficulty.

The flame of his life was gradually extinguished. He coughed out large mouthfuls of blood, and some of his blood even splashed onto the children’s faces.

“Sob, sob, sob, Gator, why are you helping us?”

“Are you going to die?”

The children cried and snuggled in the crocodile’s arms.

Chen Guangming was also upset. As a police officer, he was protected by a monster.

“Hey, that bald guy!” the crocodile spoke in human language, and at the same time, it kept coughing blood.

“Please speak!” Chen Guangming was stunned.

“My big brother might need some time to come out. Before that, I’ll use my last bit of strength to help you break through this barrier. I’ll leave the rest to you.”

Chen Guangming nodded in agreement.

At this time, the Baby Ghost landed on the back of the crocodile.

“Stinky crocodile, get out of my way! That’s my toy!” the Baby Ghost shouted.

The crocodile cursed. “You’re a brat whose hair hasn’t even grown yet. If you call me stinky crocodile again, I’ll pinch you!”

As soon as he finished speaking, the Baby Ghost tore off one of the Six-tailed Crocodile’s tails. The bloody scene frightened everyone.

“Move aside!” the Baby Ghost shouted coldly. His skin was blue, his eyes were blood-red, and his face was ferocious. He looked like a little devil.

The crocodile was unmoved and acted as a shield to stall for time for Wang Shuai and the others!

The Baby Ghost tore off another tail, and the pain almost made him faint.

“Uncle Crocodile!”

The children under his arms called out softly, their tears running dry.

“Wait a little longer. Now is not the time!” the crocodile endured the heart-wrenching pain and whispered.

Lu Benwei had been paying attention to this scene in the secret realm. He clenched his fists and his eyes were red.

He rose to the sky and arrived at the edge of the secret realm.

“Do you want to continue watching? He’s your child. Are you willing to watch your child do evil and harm the world for a hundred years?” Lu Benwei could only look up to the sky and shout.

The air was frighteningly still, so quiet that one could hear a pin drop.

Suddenly, the secret realm began to tremble. Everything inside began to collapse and return to nothingness.

The secret realm began to change greatly, revealing the primeval void.

Lu Benwei and Chu Yan were in a black world. There was only a mirror in front of them.

In the real world, a slender palm shadow descended from the sky and grabbed the Baby Ghost, bringing him away from this world.

The remaining people and the Six-tailed Crocodile looked at each other, not knowing what had happened!

“Let me go!

The Baby Ghost bared his teeth and screamed, struggling to break free from the slender hands.

“Pa!”

The slender palm slapped the Baby Ghost, and he immediately became much more obedient.

At this moment, a human face slowly appeared in the mirror in front of Lu Benwei and Chu Yan. Her face was peerless and could topple a country. There was a kind of beauty in her eyes.

At the same time, she wore a crown, and her lips were as red as cinnabar. Far away in the void of time and space, Lu Benwei and Chu Yan could feel the other party’s peerless temperament.

Lu Benwei and Chu Yan were stunned. The other party’s eyes and brows were somewhat similar to Fang Xiaoxiao’s.

The Baby Ghost looked at her as if she had seen a ghost. At times, he would scream with his eyes wide open, and at other times, his entire body would start to tremble. The woman in the mirror glared at him fiercely, making him behave again.

“You’re the creator of this secret realm, the Baby Ghost’s mother?” Lu Benwei asked coldly.

“Yes and no,” the other party spoke slowly. Her tone was cold, but it was tactful like the sound of nature.

“What do you mean?” Chu Yan asked.

“Because I’m not pregnant with him yet,” the person in the mirror spoke coldly.

“What do you mean?”

“Aren’t you a soul?” Lu Benwei’s eyes twitched as he asked in a deep voice.

“I’m not dead yet. We’re talking through time and space!”

The other party's words were shocking, causing Lu Benwei and Chu Yan's eyebrows to jump wildly.

"You, what did you say?" Lu Benwei said in disbelief.

The other party looked like a queen of a generation, exuding a peerless aura from top to bottom.

"What year is it on your side?" Lu Benwei asked.

"The fourth year of Tianqi!" the queen opened her gorgeous lips and slowly spoke.

"What?!" Lu Benwei and Chu Yan said in shock at the same time.

It was the calendar of the ancient Dragon Kingdom. The fourth year of Tianqi was about three thousand years ago.

Even earlier, heroes had risen in the ancient Dragon Kingdom, and warlords had divided the lands. It was only when Emperor Tianqi appeared that this dispute ended.

Unfortunately, the good times did not last long. Emperor Tianqi died in the 16th year of the Tianqi Dynasty, and it declined thereafter.

In the 24th year of Tianqi, there were four consecutive years of drought, floods, locusts, and plagues in the ancient Dragon Kingdom. There were countless deaths and injuries, and the descendants were eaten. The Tianqi Dynasty was buried under the wheels of history.

Lu Benwei looked at the person's accessories. There were all kinds of pearls, precious stones, and jade. She was graceful and luxurious, and her every move revealed an extraordinary temperament.

"You're Empress Tianqi?" Lu Benwei asked in shock.

Empress Tianqi nodded slightly, indicating her identity.

Lu Benwei and Chu Yan were extremely shocked. A noble figure from ancient history could talk to them.

"Why did you leave the Baby Ghost behind to harm the human world?" Lu Benwei suddenly asked coldly.

Empress Tianqi was surprised and frowned. Her status was revered, and there was probably only one person in the world who could speak to her like this.

Lu Benwei was a modern person, so he did not have so much red tape.

A mistake was a mistake. There was nothing to forgive.

"Who knows what I will think in the future?"

"In the future?"

Lu Benwei and Chu Yan thought of Fang Xiaoxiao at the same time.

"You have the ability to predict the future?" Lu Benwei asked.

Empress Tianqi supported her chin with her hand, and her posture was very lazy. "That's right. I'm the destined daughter of the Divine Wizard Family. I have the ability to predict the future."

“Wait! The ancient Dragon Kingdom already has such an innate ability?” Chu Yan frowned and asked.

Chapter 676 Divine Wizard

Empress Tianqi’s expression became subtle. She seemed to have fallen into a deep sleep. Her eyes were sometimes dull and sometimes lit up like a magic lamp.

Lu Benwei and Chu Yan looked at each other at the same time.

“Is she seeing through the future?”

A moment later, Empress Tianqi’s thoughts returned to reality. She sighed and said meaningfully, “The future is really complicated. Did we succeed or fail?”

Her words made Lu Benwei and Chu Yan even more puzzled.

“What do you mean?”

Empress Tianqi had a noble expression, and her every move revealed a dignified aura.

“The world is about to change.”

Lu Benwei pondered for a moment and said, “The great change you’re referring to is in the 24th year of Tianqi. For four consecutive years, there was a great drought, great flood, great locust plague, and great plague in the Tianqi Empire?”

“Yes.” Empress Tianqi nodded slightly. “It’s not just the disaster of the Tianqi Empire. It’s the end of the world. All countries and humans will die, and all countries are looking for a way to break out of this situation.”

“I see.” Lu Benwei pondered for a while and guessed, “The Apocalypse Empire has found its first way out of this situation, right?”

“I’ve obtained a half-step method to break out of this situation, but the future is still foggy,” Empress Tianqi said mysteriously, “I can see my own future, but I can’t see the future of the world.”

Her eyes became watery as she looked at the Baby Ghost in the mirror.

“Is he your child?” Lu Benwei asked.

Empress Tianqi did not deny it and slowly said something shocking.

She, Empress Tianqi, and some nobles went to another world in the 27th year of Tianqi, the last year of the drought, flood, locust plague, and plague. In other words, they abandoned their people and allowed the disaster to befall them.

“Why don’t you take your child away?” Lu Benwei asked coldly.

“My child is the most important thing in the future. I can’t take him away!” Empress Tianqi suddenly said loudly.

“The greatest calamity will come again. Lu Benwei, find my clansmen and return the child to them.” Empress Tianqi’s voice exploded like a bell.

Lu Benwei and Chu Yan were secretly shocked. The disaster was not over yet? Empress Tianqi knew Lu Benwei's name!

Swallowing his saliva, Lu Benwei said, "The disaster you're talking about, are you referring to the fierce monsters? Also, how do you know my name?"

"It's something even more terrifying than them!"

Her voice was as majestic as a mountain. "Lu Benwei, you're the chosen one and the only one. I'll wait for you in the future in a thousand years!"

Empress Tianqi disappeared, and cracks appeared on the ancient mirror as if it was about to shatter.

Lu Benwei was surprised. He still had too many things to ask. Were there such things as innate skills in the ancient Dragon Kingdom? Was it Fang Xiaoxiao who found the descendant of the Divine Wizard Family? What exactly was the calamity? What did she mean when she said that he was the chosen one and the only one?

Chu Yan pursed her lips. "After a thousand years, she would have already turned into a pile of dirt. Why would she still look for you?!"

"Kacha!"

At this moment, the mirror turned into a ball of light and entered the Baby Ghost's body. His bloody eyes were gone, and his skin had returned to normal. He had turned back into a normal baby. If one looked closely, they would think that he was a little cute. His delicate skin, his cheeks were full of baby fat, and he was snoring at Lu Benwei's feet.

Thinking about it carefully, it was extremely terrifying. This infant nestled at his feet was a prince of the ancient Dragon Kingdom's Tianqi Empire.

"Will he not harm people like this?" Chu Yan asked.

"It shouldn't be. According to Empress Tianqi, she sealed her son in the tomb of the nobles. The era was chaotic, and a trace of the seal was broken, causing him to be contaminated with some corpse qi.

"However, Empress Tianqi also had a backup plan. It was that ancient mirror that had already shattered. Unfortunately, its master was not around, and its power was weakened as a result, causing the Baby Ghost to do whatever he wanted."

At this moment, the imperial baby slowly opened his eyes and looked up to see Lu Benwei.

"What? Why are you here?" The baby floated in the air and looked around Lu Benwei.

"You recognize me?" Lu Benwei was surprised. Combined with what Empress Tianqi had said previously, could it be that there was someone in the Tianqi Empire's imperial palace who looked like him?

"No, I can't beat the two of you. Didn't I seal you in the secret realm?" the imperial baby asked.

He sucked on his fingers, his big round eyes shining. "Fortunately, you can't kill me yet. Otherwise, it would be tragic."

Lu Benwei heaved a sigh of relief and said to Chu Yan, "Looks like Empress Tianqi only used that ancient mirror to remove his corpse qi, and his memories are still the same as before."

When Chu Yan heard this, she rubbed her little canine teeth. "Little baby, do you still want to twist a person's head off and use it as a toy?"

The imperial baby sucked his fingers and said slowly, "Yes!"

"Pa!"

Lu Benwei grabbed him in his palm and slapped his butt.

"Believe it or not, I'll twist your head off right now!"

The imperial baby raised his chubby little hand and wanted to hit Lu Benwei.

At this moment, his glabella flashed, and the ancient mirror appeared. It shone with divine light and enveloped the imperial baby.

"Ah! I was wrong, I was wrong!" The imperial baby screamed in pain.

"Sob, sob, sob. I'm just saying. I won't really twist a person's head off."

Lu Benwei and Chu Yan were speechless as they lamented the magic of this ancient mirror. It could monitor the words and actions of the imperial baby.

"What about him?" Chu Yan asked.

"Keep him for now. If we don't care about him, who knows how much trouble he might cause? Just relying on the mirror's supervision won't do."

Lu Benwei looked at the ancient mirror. "You have a will now, right? I'll put you and him into my spiritual sea."

The ancient mirror did not say anything. It turned into a ball of light and went into the center of the imperial baby's brows.

Lu Benwei put away the imperial baby and began to look for the exit.

At the same time, in reality, the sobbing sounds outside turned into a ball.

"Uncle Crocodile, don't die!"

"Uncle Crocodile, thank you for protecting me."

The Six-tailed Crocodile pursed his lips when no one was paying attention and muttered to himself, "Hehe, how can I die so easily? I just didn't want that baldy to pester me."

Chen Guangming felt very uncomfortable. In terms of responsibility, he needed to kill this crocodile monster. However, the crocodile had protected them, which made him feel a little sorry.

At this moment, Lu Benwei and Chu Yan walked out from a corner. "Wang Shuai, Liu Jingjing!"

Wang Shuai cried with snot and tears. "Sob, sob, sob, am I going to die too? I heard Hongyi's voice!"

Lu Benwei walked forward and kicked him lightly. "You're the one who's dead!"

Chapter 677 Emperor Tianqi

Wang Shuai was stunned. The silhouette of the person in front of him gradually became clearer. It was Lu Hongyi! Beside him, a girl was giggling non-stop.

"You, where did you go? We were so worried." Liu Jingjing wiped the tears from the corner of her eyes.

Lu Benwei scratched his head and said, "We've been here all this time. Later, we found out that you were gone, so we've been looking for you."

Then, he deliberately looked around and found the bald inspector, Chen Guangming.

"Ah, Sir, why are you here?" Lu Benwei pretended to be surprised.

Chen Guangming frowned slightly and said indifferently, "In the early years, I often heard that strange things happened here, so I came to take a look. I didn't expect to see you students being pestered by a Baby Ghost."

He could not possibly say that he followed Lu Benwei here.

"Baby Ghost, what is that?" Lu Benwei asked curiously.

"You didn't meet that ghost?" Wang Shuai exclaimed in surprise.

"What's that?"

"It's a blue-skinned doll with two lines of bloody tears..."

As he spoke, Wang Shuai revealed an envious and proud expression.

Lu Benwei listened to what happened, and his expression became surprised. "Come on, if we really met, would you still be standing here talking to me?"

Wang Shuai squinted. "Hongyi, you don't have to believe me, but don't you trust Officer Chen?"

"Also, come with me, I'll let you see Uncle Crocodile! He doesn't have much time left!"

Only then did everyone remember the existence of the crocodile. Thus, they led Lu Benwei and Chu Yan to the place where the crocodile rested.

However, when Lu Benwei appeared, the crocodile turned into a ball of light and returned to the Bronze Temple.

"F\*ck! You brat, why are you here?"

This was what the Six-tailed Crocodile said when he returned to the Bronze Temple.

"I can't believe I'm in the same room as a stinky crocodile!"

The Six-tailed Crocodile and imperial baby had already started fighting in Lu Benwei's spiritual world, causing Lu Benwei's mind to buzz.

"Eh, where's Uncle Crocodile?"

The children panicked when they realized that the crocodile had disappeared.

Chen Guangming was even more panicked than the children. He knew that he might have fallen into the crocodile's trap.

"This monster is so cunning!"

However, Wang Shuai and the others were extremely happy. "Haha, Uncle Crocodile is fine. That's great."

Chen Guangming's lips twitched. However, from the children's point of view, there was no way to discuss right or wrong.

"That Baby Ghost shouldn't appear again, right?" Everyone had doubts.

Chen Guangming sighed. "I'll send you back to school first. Try to go home early after school today. Also, tell your classmates not to go near Little Red Chamber."

...

Lu Benwei had a rare nap.

The good times did not last long. Soon, Jiang Xiuqin woke him up.

"I say, why are you still sleeping in at your age? Is it the same in school?"

Lu Dayong walked over with a smile. "Didn't the child wake up quite early a few days ago? It's like school. Today is Saturday. Let the child sleep a little longer."

Lu Benwei's heart skipped a beat. Although he knew that Lu Dayong was joking, he still felt a little guilty when he said it. Today was Saturday, so both stayed at home for the day.

Lu Benwei hated being nagged, so he called Chu Yan to go out.

"Come back early. It hasn't been peaceful recently." Lu Dayong reminded after Lu Benwei left.

"I know."

...

Lu Benwei and Chu Yan found a restaurant and ordered a breakfast set.

"What about the imperial baby?" Chu Yan took a small bite of the burger. Her lips were covered in yellow egg yolk.

Lu Benwei stopped drinking coffee and rubbed his eyes. "Don't mention it. I fought all night."

"Crocodile and he aren't a match. I feel like my brain is going to explode."

At this moment, the imperial baby shouted in Lu Benwei's spiritual sea, "I want to eat something!"

"You're so young. You can't eat these things." Lu Benwei sent out his divine sense to him.

"Hehe, I'm older than your grandfather. Why can't I eat?" The imperial baby crossed his arms in front of his chest, looking like a little kid.

Lu Benwei felt rage rise in his heart.

Then, he smiled coldly. "Alright, wait here. I'll send it to you right away."

Lu Benwei took out his phone and ordered a set meal for the imperial baby. Soon, a bowl of congee with century egg and lean meat and two fried dough stick were ready.

Lu Benwei and Chu Yan found a seat and specially released him.

Then, he saw the fragrant congee with century egg and lean meat, as well as fried dough stick. He drooled.

"Wow, what is this?" The imperial baby's eyes lit up.

Lu Benwei smiled playfully.

The imperial baby did not think too much and scooped a mouthful of porridge with a spoon.

The spicy taste of pepper mixed with the soft rice and meat fragrance helped the imperial baby to relax. Although he looked like he was only ten months old, his real age was frighteningly old. His baby teeth were also full, and it was effortless for him to bite things.

Lu Benwei smiled as if he did not care about the fact that the imperial baby had bumped into him.

"Come, have a fried dough stick!"

Lu Benwei handed over another fried dough stick.

The crispy and oily fragrance made the imperial baby raise his eyebrows as he ate.

"The food from your dynasty is really delicious. I like it very much." The imperial baby praised.

His stomach quickly became round and full. He was probably almost full.

Thinking about it carefully, it felt magical.

The imperial baby had a conflict with the Six-tailed Crocodile last night, and they were fighting back and forth! The crocodile was at level 80, but the imperial baby's power was not reduced even after the corpse qi was eliminated.

The ancient Dragon Kingdom was too mysterious!

Lu Benwei handed over another fried dough stick. The imperial baby did not think much and took a big bite.

Suddenly, the imperial baby felt like crying. It was as if there was a tornado spiraling up in his mouth and reaching his brain. Soon, he began to inhale deeply, and then he sneezed loudly. Two streams of tears flowed down his face.

Lu Benwei put a lot of mustard sauce on the fried dough stick.

This was not the end. Lu Benwei pulled him into his arms, rolled up his sleeves, and started spanking him!

“Who are you being so rude to?”

With the suppression of the ancient mirror, he could not attack Lu Benwei. Lu Benwei was not afraid of hurting him, so he hit him very hard.

“Ouch!”

The imperial baby cried out in pain.

Lu Benwei was not soft-hearted at all. He raised his hand and slapped him.

“Your mother entrusted you to me. I’m your second father!”

Chapter 678 Heaven’s Secrets Can’t Be Revealed

“Pa, pa, pa!”

Lu Benwei slapped the imperial baby’s butt until it was black and blue.

“Alright, alright, don’t break it.” Chu Yan persuaded from the side.

“I won’t do it again. I won’t do it again.”

Lu Benwei was not a pervert. Seeing the imperial baby’s attitude of admitting his mistake, he ended the spanking.

“In the future, if you dare to be rude to me again, watch how I beat you up!”

After criticizing him, Lu Benwei threw him back into the Bronze Temple.

Before noon, Hu Wu came knocking on the door.

“Something came up at the last minute. Help me supervise Fang Xiaoxiao.”

After saying that, Hu Wu left in a hurry.

Lu Benwei and Chu Yan looked at each other. Hu Wu had only seen the two of them for less than three seconds.

Soon, they found Fang Xiaoxiao in a library in Qingling City.

Fang Xiaoxiao was a very obedient girl. Today, she had her hair braided and wore a blue dress. She stood in front of the bookshelf and flipped through a thick book.

Not long after, she noticed Lu Benwei and Chu Yan. A layer of redness appeared on her shy little face.

When Chu Yan saw this, she walked over.

“Fang Xiaoxiao, it’s noon. Do you want to have lunch together?”

Fang Xiaoxiao wanted to shake her head and reject Chu Yan’s good intentions.

“Then what do you plan to eat for lunch?” Chu Yan blinked her round eyes and asked Fang Xiaoxiao.

Fang Xiaoxiao did not answer. Then, Chu Yan pulled her hand. “Let’s go. I’ll take you to eat hotpot.”

“This person looks familiar!” The imperial baby sent a divine sense.

“She’s a relative of your mother, so she’s your relative.”

According to Empress Tianqi, a great calamity would descend in the future, and the end of the world would arrive. If he wanted to find a way to break out of this situation, he would have to find the Divine Wizard Family and hand over the baby to them. Was that really the case? Lu Benwei did not dare to think too much.

On Saturday, the mall was bustling with activity. The three of them waited for nearly an hour before they took their seats.

Chu Yan and Fang Xiaoxiao sat together, helping her with the seasoning and cooking like a big sister.

“You can eat as much as you want. Anyway, the annoying person is paying,” Chu Yan said loudly.

Lu Benwei was very emotional. Chu Yan was one of the richest women in the world. He still remembered the scene of Chu Yan taking out 100 enhancing stones to challenge him.

“Hey, as the big brother, do you want us to pay for our meals?”

Chu Yan had just taken a bite of ice cream. At this moment, she was holding the spoon in her mouth. Her black gem-like eyes were shining as she looked at Lu Benwei.

Lu Benwei sighed helplessly, thinking that it was impossible for him to hug the thigh of a rich woman and eat soft rice in this life.

“What are your names?” Fang Xiaoxiao suddenly spoke. Her voice was soft and shy.

“My name is Chu Yan, and his name is Lu Benwei. We’re both students of Zhejiang Hunter University.” Chu Yan introduced solemnly.

“He was the top scorer of martial arts in Hai Province last year.”

Fang Xiaoxiao whispered, “Oh,” and silently hid her gaze under the table.

“When did you discover that you can predict the future?” Lu Benwei looked at her and asked indifferently.

“Not the future, but death,” Fang Xiaoxiao replied.

“Aren’t they all about the same?”

“It’s different.” Fang Xiaoxiao shook her head.

“Can you see the time of my death?” Chu Yan suddenly asked slyly.

Fang Xiaoxiao’s eyes began to jump, and she lowered her head.

“Ah?” Seeing this, Chu Yan was slightly surprised. “Am I going to die tomorrow?”

Lu Benwei glared at her.

Chu Yan stuck out her tongue awkwardly. “Tsk, why else would Fang Xiaoxiao not want to talk about it?”

“There’s a saying that the secrets of the heavens cannot be revealed. If you know some things, you’ll suffer the wrath of heaven,” Lu Benwei said.

Then, he said to Fang Xiaoxiao, “The reason why you’re afraid of us is because you see something different from us, right? Can you tell us what it is?”

Lu Benwei looked at her indifferently, his gaze deep and gentle.

The hot pot was bubbling, and the air conditioner was blowing cool air down so that the air was not too hot.

The surrounding crowd was bustling and noisy, but Lu Benwei could even feel Fang Xiaoxiao’s nervous heartbeat.

Lu Benwei slowly exhaled and said, “Forget it, forget it. I won’t tease you anymore. If you don’t want to say it, then forget it. You’ll find out in the future.”

“Time is zero!” Fang Xiaoxiao suddenly said.

Lu Benwei was surprised.

“Wow, annoying fellow, are you going to die soon?” Chu Yan said rudely.

“I can’t see Lu Hongyi’s time.” Fang Xiaoxiao nodded.

Chu Yan became serious and said seriously, “Could it be that the annoying fellow is too powerful that his time of death can’t be seen?”

“No, it’s impossible.” Fang Xiaoxiao shook her head.

Lu Benwei also understood why this girl was so shy and timid.

Along the way, she had witnessed too many people lose their lives in front of her. That feeling of helplessness had taken root in her heart since she was young.

So, she closed herself and became unlikeable. This way, she could “meet” fewer people and watch them lose their lives in front of her.

“Foolish, since I won’t die in the next second, it proves that I don’t belong to the three worlds and have transcended the five elements.” Lu Benwei threatened.

“If, I mean if. If you know the time of death, is there any way to stop it?”

Fang Xiaoxiao quickly shook her head and said, “Heaven’s will cannot be defied.”

Lu Benwei thought about it and agreed, so he did not continue asking.

Hu Wu returned in the afternoon.

Lu Benwei and Chu Yan sent Fang Xiaoxiao home and successfully handed over their positions.

“Do you think Empress Tianqi’s warning is true?” Chu Yan held her head and asked.

Lu Benwei's expression was solemn. "Judging from the current situation, it seems that his warning is true. There will be a great disaster in the future."

"Speaking of which, she said that she'd find her clansmen and return the imperial baby to them." Chu Yan said again.

"I don't want to. Everything is still very confusing. Let's wait and see."

Lu Benwei did not want to do that. He did not want to believe Empress Tianqi for the time being. Everything was too unbelievable, and he could not make up his mind.

If he gave the imperial baby to Fang Xiaoxiao, not to mention what would happen, it would be inappropriate for an underage girl to take care of a baby.

At this moment, Lu Benwei's phone vibrated. Unlocking it, he saw that it was a message from Chen Yuan.

"Oh, the headmaster's leaving. He wants us to see him off."

Chu Yan nodded in agreement and headed to the location Chen Yuan had agreed on.

Chapter 679 A Great Shock to the Society!

In the alley next to the teleportation center of Qingling City, there was a small house for flies.

Chen Yuan was sitting in front of a greasy table, eating a bowl of noodles in big mouthfuls.

"Lu Benwei, Chu Yan, sit!" Chen Yuan called out to the two people who had rushed over.

"Principal, why did you call us here?" Lu Benwei went straight to the point.

Chen Yuan came to Qingling City to pay his respects to his teacher and to do some official business. He stayed in Hai Province for three to four days.

"When do you plan to go back to school?" Chen Yuan wiped his oily mouth and asked.

Lu Benwei and Chu Yan were stunned. They had never thought about this question. It was already the end of May, and there was still a month before the end of the first semester.

"I just heard that Hu Wu has been removed from the Law Enforcement Bureau. He seems to have committed some mistakes. Right now, all the law enforcement agencies in the province are looking for him. Do you know about this?"

Chen Yuan asked the two of them, worried that they would be deceived.

"We know that," Chu Yan replied.

Chen Yuan heaved a sigh of relief.

"I don't care what you're doing. Just remember to return to school on time."

Chen Yuan stood up, paid the bill, and walked out of the shop.

Lu Benwei and Chu Yan expressed that they would return to school before the end of the semester.

The two of them sent Chen Yuan to the entrance of the teleportation center. At this moment, Chen Yuan said, "Oh right, there's a big shot from Dragon City's Law Enforcement Bureau. He might be targeting Hu Wu, so be careful."

"Understood."

After saying that, Chen Yuan disappeared from their sight.

Lu Benwei gasped. "Even the Law Enforcement Bureau of Dragon City is here. Hu Wu has really done something incredible."

"No matter what, we're in the same boat. What do you plan to do?" Chu Yan frowned and asked.

"Let's go back and look for Hu Wu. Damn it, this guy is just trying to get us onto his boat!" Lu Benwei cursed and left the city center with Chu Yan.

...

Fang Xiaoxiao's home was in the Laocheng District of Qingling City, not far from First Junior High School.

It was ten o'clock at night, and all the people in the Laocheng District came out for activities.

Most of them were ordinary people who were engaged in low-end occupations, but they formed a food chain of their own. The social hunters were at the top of the food chain.

Lu Benwei and Chu Yan shuttled through the streets of the old city. From time to time, they would encounter a few social hunters who would provoke them.

"Yo, young man, how did you find such a beautiful girl? Introduce her to us!"

"You look like you're from the city. Let me bring you around."

Lu Benwei ignored these people and brought Chu Yan into a small hotel.

"Why do you always go to these random hotels?" Lu Benwei looked around the room and asked with a frown.

The environment in this room was difficult to describe in a few words. The walls had fallen off, the pipes had rusted, and the chair creaked and swayed.

Apart from that, Hu Wu had turned this place into a pigsty. The leftover instant noodles and beer bottles were thrown everywhere. Even cockroaches had to turn on the GPS!

Lu Benwei leaned on the bed and stretched. "This location is unique, do you understand? Fang Xiaoxiao's house is just a block away. If there's any movement, I'll go over immediately."

"It's because you don't have money and can't use your ID card now, right?" Chu Yan teased as she cleaned up the room.

Hu Wu chuckled and said, "Little Chu is still sensible. How about it? Since you know my difficulties, why don't you sponsor me? I feel like vomiting whenever I see instant noodles!"

As he spoke, Hu Wu twirled his right thumb and index finger back and forth, raising his eyebrows lewdly.

Lu Benwei let out a long sigh. "Alright, there's a barbecue downstairs. I'll treat you to a better meal."

Soon, the three of them arrived at the barbecue stall.

Hu Wu shouted as soon as he entered, "Boss, I want twenty grilled oysters, fifty kebabs, a large serving of hemp, stir-fried crab in typhoon shelter style, two side dishes, and two boxes of beer."

Lu Benwei was flabbergasted when he heard Hu Wu's order.

"Do you really think I'm a resentful seed? I haven't settled the score with you for hitting me with a brick the last time, so this meal will be your compensation," Hu Wu said loudly.

Lu Benwei's forehead was filled with black lines. He had nothing to say to him.

"How long do you plan to go on like this? We can't go on like this forever. You hide for the rest of your life, and we'll play high school role-playing with you for the rest of our lives?"

Lu Benwei's voice turned cold.

"What can I do? I've begged a lot of people these past few days, but no one is willing to believe me." Hu Wu was helpless.

"Back then, when I was the director of the Law Enforcement Bureau, I was all-powerful and no one in Hai Province dared to provoke me. Now, I'm just a f\*cking stray dog."

Lu Benwei could not be bothered to listen to his pitiful words and said, "But if you continue to be so cowardly, our identities will be exposed sooner or later. Fang Xiaoxiao has also been targeted by the God Welcoming Association. How are you going to protect her then?"

"This, this..." Hu Wu was at a loss for words. His eyes were wide open.

Lu Benwei rolled his eyes and said, "Can I have a look at that list?"

Hu Wu was a little unwilling at first, but Lu Benwei glared at him fiercely before he took it out from his crotch.

Lu Benwei spread his hands out with a disgusted expression and placed them flat on the table.

The first name that came into view was the provincial governor of Hai Province, Yang Wudi!

"Provincial Governor Yang?!" Lu Benwei and Chu Yan were dumbfounded.

Yang Wudi was not the only one on the list. There were nearly 17 to 18 others, all of whom held important positions in the Hai Province government.

"Isn't this a lie?" Lu Benwei could not imagine what would happen if this list was leaked.

If the public knew that someone in the official's family had a lot to do with the God Welcoming Association that caused the destruction of Canglong City, the consequences would be unimaginable. It might even cause a huge social shock!

"You, do you have evidence?" Lu Benwei was so shocked that he could not speak properly.

"Some of them do, some of them don't," Hu Wu replied.

Lu Benwei gasped. He finally understood why Hu Wu was so hesitant.

“Do you know why I’m still alive? It’s because I have a portion of the evidence. I can threaten those people and make them give me the green light. That’s how you two got your identities,” Hu Wu said as he ate the meat in big mouthfuls.

“But later on, when they saw that I didn’t have any intention of keeping these things to myself, they turned against me. I have no choice, brother.” In the end, Hu Wu let out a breath.

“Can’t we just publish the list and the evidence? Let society know about these vermin and eradicate the God Welcoming Association!” Chu Yan said righteously.

Chapter 680 Destruction is Rebirth

Hu Wu looked at Chu Yan.

She pouted her lips, wanting to say something, but eventually shut her mouth.

“Yanyan, things aren’t as simple as you think.” Lu Benwei sighed.

“Even the governor of a province colluded with the God Welcoming Association. One can imagine how many believers there are in the government. What if the other provinces are the same?”

“This, this...” Chu Yan was speechless and her eyebrows were tightly knitted.

“Moreover, if the public finds out, will it cause a huge shock in society? Attacking an official?” Lu Benwei said helplessly.

He hated the God Welcoming Association, but he never expected that it had reached a point where it could threaten his rule. A deep sense of powerlessness welled up in his heart. Lu Benwei was indignant, but there was nothing he could do.

Hu Wu also blew a bottle of wine in grief and indignation, melting all his sorrow into the wine.

“Damn it, I’ve never felt so aggrieved in my life! When I meet a member of the God Welcoming Association, I’ll give up my life and teach them a lesson!”

Lu Benwei frowned and asked, “Old Hu, since that’s the case, why don’t we go directly to destroy the nest of the God Welcoming Association and vent our anger?”

Hu Wu was already drunk, and he had a lump of anger in his stomach. He smashed a wine bottle and stood up. “Good idea, let’s go now!”

...

While Hu Wu was investigating Yu Liang and the others, he found the location of a church.

There was a 99 percent chance that it was a nest of the God Welcoming Association, and it was located in the suburbs of Green Spirit City.

The three of them rushed over without stopping.

At this moment, the church was brightly lit, preparing for tomorrow’s prayer meeting.

“Welcome the Gods, your Grandpa Hu is here. Quickly get your bishop to come out and see me!” Hu Wu’s eyes were fiery red as he shouted.

A cold snort came from the church, full of disdain.

“Humph! Hu Wu, we were just looking for you. I didn’t expect you to come personally!”

“Boom!”

A divine rainbow shot into the sky. A man wearing a red mask and a sect robe faced Lu Benwei and the other two.

“A small fry dares to show off in front of me. Ask your Gold Rank to come out and see me!”

Hu Wu flew into a rage and slapped him. Sand and stones flew everywhere, and the earth shattered. He was an Earth Shaker, and the power of the earth was at his disposal!

Lu Benwei followed up with a palm strike, and chaos divine light flowed between his fingers.

“Ah!”

The man screamed and fell back. Even his chin was broken by Lu Benwei.

“Don’t be too harsh. Leave a few alive!” Hu Wu warned.

At this moment, the people in the church had already been attracted by the commotion outside. They were all members of the God Welcoming Association and loyal believers of God!

“Earth-shattering!” Hu Wu roared.

“Rumble!”

The earth shook and the mountains shook. The huge rocks shattered and spread in all directions!

“Die!”

Under Hu Wu’s control, every piece of rubble was like a cannonball.

The male and female believers of God Welcoming Association were hit, and a wound instantly appeared on their bodies. Blood poured out like rain.

Lu Benwei sucked in a breath of cold air. Just a small stronghold of the God Welcoming Association had hundreds of believers.

“Star Shattering Fist!

The power of the stars poured into Lu Benwei’s body, forming a galaxy in the sky.

One of the believers let out a cry, and the staff in his hand glowed. It was absorbing the essence of the sun and moon.

“Exploding Lightwave!”

“Buzz!”

A huge beam of light rushed into the sky and attacked Lu Benwei. The terrifying energy that burst out almost collapsed the sky.

Lu Benwei's eyes were cold as he punched with both fists.

"Boom!"

The earth-shattering collision caused the entire ground to shatter, and the aftershock spread in all directions.

Some of the believers of the God Welcoming Association dodged when they saw this. Some of them were too slow and were hit by the aftershock of the beam or the radiance of the stars. They exploded on the spot and turned into a cloud of blood mist.

Some believers saw that Lu Benwei was unharmed and roared at the sky, attacking Lu Benwei.

Lu Benwei circulated his Lightning Speed and swung his fists, engaging them in an intense battle.

"Lu Benwei, I didn't expect you to come too!" someone recognized Lu Benwei and exclaimed.

"Just nice, it saves us the trouble of finding you!" Someone sneered.

"Then we'll see if you have the life to do so!" Lu Benwei replied coldly.

On the other side!

"Lightning Magic, Evil Radiance!" Chu Yan's cold shout rang out, followed by purple lightning.

Thunder boomed, and purple lightning fell like a raging river. The lightning broke through all obstacles and killed in all directions!

Many believers turned into charred black corpses in the sea of thunder.

"I didn't expect to be able to fight against Chu Yan, Chu Tianxiong's daughter." A believer laughed cruelly.

"You're courting death! Chu Yan shouted coldly, her eyes cold!

She soared into the sky and stepped into the night sky. Her black hair danced in the night sky. Her temperament was cold and elegant. Snowflakes fell from the sky, and the cold wind blew, causing her clothes to dance.

"Ice Magic: The Snow Goddess' Swan Song!"

A huge ice sculpture of a goddess appeared behind Chu Yan, singing a despairing and ethereal song.

Chu Yan was an elemental. She already changed her class for the second time and became the peak of the Elemental God Envoy. She could use any element in the world, and the ice element turned into an extremely offensive weapon in her hands.

In an instant, the space was covered in ice and snow. Every strand of ice element began to riot, affecting the temperature of the world.

"Not good, quickly retreat!"

All the believers turned pale with fright and turned to flee.

The ice elemental attacks were swift and fierce, and there was no way to block them! It was like an avalanche. Many people were affected and were frozen into ice sculptures, buried under the snowstorm.

At this moment, the eyes of a woman wearing red gold gilded clothes in the crowd turned red.

She began to shout, "Oracles, now that God's enemies are attacking, it's time for us to sacrifice our lives for God."

With that, a bottle was broken, and the blood of a god was injected into their bodies. At the same time, many believers followed suit and broke the bottle to inject the blood.

A terrifying thing happened. The bodies of those believers had mutated. Some of them grew scales, while others began to grow larger and had black hair.

"Are they demonizing?"

Hu Wu was shocked, his mouth wide open.

Lu Benwei had seen this scene before, and they called it "new life"!

"Ahhhhh!"

The believers shouted cruelly, making one's hair stand on end.

Lu Benwei laughed coldly. "You colluded with the monsters and harmed your own kind. Your death isn't worth regretting!"

After saying that, he attacked forward, his courage unstoppable!

At this moment, the believers had completed their demonization and chanted in unison, "Praise the Lord God's gift. Destruction is rebirth!"
