

## Dungeon 711

### Chapter 711 Jiao City

This was Lu Benwei's most tyrannical attack. It carried endless killing intent and wanted to turn all the fragments of evil thoughts into nothingness!

The lightning shot into the sky, and it was endless. It kept expanding, and the entire space was shaking. The power of destruction dominated the world, wanting to shatter the void!

The Pegasus Mercenary Corps members let out miserable howls as if they were demons from hell. The scaled pegasus also let out a miserable neigh.

Green smoke rose from the young leader's body, and his body quickly rotted, emitting a charred smell.

The space here collapsed and became the center of the storm, which quickly spread in all directions.

The sandstorm was shaken to the point that it scattered. The clouds in the sky were torn apart by the lightning, and the world was covered in a vast expanse of white.

"Retreat!"

The young man unwillingly gave the order, his legs stepping on the horse's back. The scaled pegasus it was riding on flapped its wings, wanting to escape this place.

At the same time, the other members of the Pegasus Mercenary Corps also began to move. They commanded their scaled pegasus to flap their wings and escape.

Lu Benwei's eyes were blazing, and his hair was black and thick, like a demon lord descending from the sky.

"Judgment!"

He opened his mouth and let out a soft shout. The power of judgment transformed into 108,000 divine swords. They fell and slashed at the members of the Pegasus Mercenary Corps.

"Wow!"

Tragic sounds rang out endlessly as heads fell like raindrops, turning this place into purgatory.

The young man's warhorse was cut down by the divine sword, and he was kicked off the horse like a dead dog by Lu Benwei.

"Plop!"

Lu Benwei threw him on the ground and stared at him with bright eyes.

Then, he grabbed the young man's helmet, revealing a charred face. His entire body emitted a burnt smell that made people frown.

"What should you say when you see me?" Lu Benwei stepped on him and looked at him mockingly.

"Do you know who I am?" The young man opened his mouth and stared at him with hatred.

Lu Benwei exerted a little force under his feet, causing the young man to grimace in pain.

“Is he the son or brother-in-law of the leader of the Pegasus Mercenary Corps?” Lu Benwei said jokingly.

The young man was so angry that he almost coughed out blood. “If you have the ability, then kill me. Our Pegasus Mercenary Corps will stomp you into meat paste!”

“I won’t kill you, I’ll let you go!” Lu Benwei sneered.

“Huh?”

Lu Benwei’s words were beyond Ji Han and the youth’s expectations.

“So, you’re scared?” The young man sneered. “Hahahaha! You’re just so-so!”

“Who said I’m afraid?”

Lu Benwei licked his lips, revealing a mouthful of white teeth.

The youth felt extremely terrified, his heart, liver, and spirit trembling.

“I told you, when you Pegasus Mercenary Corps see me in the future, you have to call me ancestor! Remember what I said. I’ll wait for you in Jiao City!”

After saying that, he picked up the youth and threw him into the air.

“Pa!”

Lu Benwei kicked out, sending the youth flying hundreds of meters away.

“Are you crazy?”

Ji Han opened her mouth in shock.

“You dare to reveal your real name and destination to the Pegasus Mercenary Corps? Aren’t you afraid of their revenge?”

Before she could finish her sentence, Ji Han’s little head suddenly had an idea

“You made a name for yourself in the entire wilderness for your friends to come to find you? Isn’t your idea too bold?”

“I’m just punishing a domineering mercenary group. I’m taking the opportunity to let my friends know where I am. It’s killing two birds with one stone.”

Ji Han was so shocked that she could not speak. “But do you know how strong the leader of the Pegasus Mercenary Corps is? He’s a level-90 king.”

“Only level 90?” Lu Benwei asked.

“Only?” Ji Han was shocked. What did he mean by “only”?

“I have the ability to protect myself if I encounter a level-90 king,” Lu Benwei said, “If the time is right, I can guarantee that I can kill him!”

With the Nine Tribulations Regeneration Technique, as long as the other party did not cultivate a terrifying spiritual skill, he would have the ability to protect himself.

Moreover, with the supreme divine weapon of the Bronze Temple, Lu Benwei was confident that he could kill a level-90 king.

Ji Han was speechless. Her black eyes were filled with shock.

...

Lu Benwei and Ji Han traveled in the wilderness for ten days and finally arrived at their destination – Jiao City – on a sunny afternoon.

The city was magnificent. The bluestone bricks formed a city wall that was hundreds of feet tall. Under the sunlight, it was covered in a faint halo.

‘Defensive spell formation?’ Lu Benwei thought to himself as he brought Ji Han into Jiao City.

Entering the city, the aura of the mortal world assaulted his senses. There were all kinds of peddlers along the street.

“Roasted big fierce sparrows, fragrant big fierce sparrows. Men’s gas station, women’s beauty salon, three gold coins each, ten gold coins for three.”

“Sigh! The tooth of the Big-foot Gold Ant was sold in large quantities. It was a supreme material for making peerless weapons.”

“The cicada wings of the White-striped Ice-splitting Cicada can be made into clothes that will make you feel comfortable in this hot northern wilderness!”

The streets were very lively, and there was an endless stream of people coming and going. On the way, many people cast strange looks at Lu Benwei.

“Why are they all looking at me like that?” Lu Benwei said strangely.

“Isn’t it because you’re dressed too strangely?” Ji Han said.

Lu Benwei lowered his head to take a look. It was indeed true.

The Southern Desert Continent was still in a feudal society. They wore robes with large sleeves, and regardless of gender, some had long hair hanging down, while others had high buns.

Looking at Lu Benwei again, he still had a strong modern style. He was wearing simple clothes and had an imposing appearance.

Lu Benwei had even transmigrated on his own. He did not know whether to laugh or cry. So, what if he transmigrated again?

Lu Benwei and Ji Han casually entered a wine shop and found a corner to sit down.

“What would you like to order?” The waiter immediately came forward.

Ji Han took out a silver note and said, “Bring us the dishes worth 200 gold coins.”

“Alright!”

The waiter happily greeted her and then got busy.

Lu Benwei was drinking tea, but his ears were on the other guests in the tavern.

“Recently, the northern wilderness has been in chaos!”

“Isn’t it just the three northwestern empires joining forces and preparing to attack the Great Marsh Oasis?”

“I heard that the older generation of the fierce monsters in the Great Marsh Oasis have all come out of seclusion and are going to fight the Three Northwest Empires!”

“Sigh, it’s no wonder that the Three Northwestern Kingdoms are deliberately picking on us. The environment of the Three Northwestern Kingdoms is too harsh. The oases of the three kingdoms added together aren’t even as big as a finger of the Great Marsh Oasis.”

“Which Three Northwest Empires are they?” Lu Benwei asked as he drank his tea.

Ji Han supported her chin with her right hand and said, “The three countries in the northwest are the Pingtong Kingdom, the Zhengning Kingdom, and the Jin Kingdom. They are all small countries, just slightly larger tribes.”

At this moment, a passerby in the tavern said, “Have you guys heard about the Pegasus Mercenary Corps?”

Chapter 712 A Third Party Joins In

Lu Benwei’s ears immediately perked up.

At the same time, everyone in the tavern revealed a secretive expression. “Don’t say anymore, don’t say anymore.”

The man was wearing a water cloud pattern uniform. Seeing the abnormal atmosphere in the tavern, he was stunned for a moment.

“What happened?”

A passerby in the tavern reminded him. “Now, there are people from the Pegasus Mercenary Corps everywhere in the city. The walls have ears. Brother, you should be careful when you speak.”

The person wearing the water cloud pattern uniform smiled noncommittally. “What, the Pegasus Mercenary Corps suffered a defeat and became a joke?”

Instantly, the tavern fell silent. Then, he heard a clang coming from the table near Lu Benwei.

A burly man wearing a pair of leather pants and a fur coat pushed the table over and took a big step forward. He arrived in front of the man in the water cloud pattern robe.

Everyone’s heart trembled, and they felt that the ground of the tavern had sunk by three degrees.

“What did you just say?” The burly man’s temples bulged, and his eyes were about to pop out.

The man in the water cloud pattern was not afraid at all. His eyes were calm as he smiled and said, "I said that the Pegasus Mercenary Corps was disguised as a pig to eat a tiger and made a fool of themselves."

The burly man's anger was clearly rising, and the veins on his skin bulged. It was extremely terrifying.

Lu Benwei saw this scene and said, "This big man should be from the Pegasus Mercenary Corps. As for this man, his status must be extraordinary."

"What's your name?" The burly man suppressed his anger and realized that this person was extraordinary.

The man in the water cloud pattern clothes said indifferently, "Zhuo Quan."

As soon as he said this, the crowd went into an uproar.

"So, you're the son of City Lord Zhuo. No wonder you dare to speak to the Pegasus Mercenary Corps like this."

"Recently, the Pegasus Mercenary Corps has sent people into the city, which has affected the public security of the entire Jiao City. Young Master Zhuo Quan's actions are probably to give the Pegasus Mercenary Corps a warning."

The burly man frowned. After knowing the identity of the man in front of him, he had no choice but to suppress his anger.

"Lord Zhuo, what do you mean? Jiao City is the capital of the country. City Lord Zhuo has already said that he welcomes guests from all over the world. As the son of City Lord Zhuo, is this how you greet people?"

Zhuo Quan sneered. "It's true that Jiao City welcomes guests from all over the world. However, some people treat Jiao City as their own home. How can I not show up? Go back and tell your leader Zhuang Lang that if I see your mercenary group in Jiao City one day later, don't blame us for being rude!"

As soon as the voice fell, the atmosphere in the tavern became extremely tense. The passersby did not even dare to breathe loudly.

The burly man's gaze was sinister, and the corners of his mouth twitched.

"Very good! Your Zhuo family is very brave. If you have the ability, you can stay in Jiao City for the rest of your life!"

With that, the burly man left.

The atmosphere in the tavern was still silent, and the air seemed to have frozen.

"Master Zhuo," someone said after a long time, "the Pegasus Mercenary Corps has never put anyone in their eyes. Why did you offend them like this?"

Zhuo Quan slowly sighed. "I have no choice. Ever since the Pegasus Mercenary Corps sent people to Jiao City, there have been constant riots. The city is the largest trading center for red pearls in the Southern

Desert Continent. There are merchants from all over the world. As the son of the city lord, I can't ignore it."

Everyone was filled with emotion.

Some people were indignant. "I just don't know who's so vicious. They deliberately lured trouble into Jiao City."

Someone asked, "What did that Lu Hongyi do to provoke the Pegasus Mercenary Corps? Six of the seven captains are here!"

"I heard that the captain of the second team, the son of the leader of the Pegasus Mercenary Corps, was beaten into a cripple. The leader of the Pegasus Mercenary Corps was furious and swore to find the culprit!"

Everyone was shocked.

"But then again, will that person really appear?"

Zhuo Quan slowly let out a breath of turbid air. "I hope so. I'd like to meet this expert who dared to provoke the Pegasus Mercenary Corps. Who is he?"

With that, he paid for the food and wine and left the tavern.

The passers-by started discussing again.

"Sigh, do you guys think that this person is a spy sent by an enemy country of the Red Pearl Country?"

"Very likely!"

"Let's follow Zhuo Quan," Lu Benwei ordered after drinking a cup of tea.

"What? Why Zhuo Quan?"

Lu Benwei said, "Do you remember why we came here?"

"Of course, I remember, but why did you look for the young master of the City Lord of Jiao City?" Ji Han was confused.

"Of course, I want to extort a sum of money." Lu Benwei laughed.

The two of them walked very quickly and caught up to Zhuo Quan in a short while.

"Master Zhuo, can we have a chat?" Lu Benwei stopped him.

Master Zhuo stopped in his tracks and looked back. He saw a short-haired young man wearing a moon-white robe with a straight face. He had an imposing appearance and was extremely extraordinary.

Behind him, there was a young girl. She had a delicate and refined appearance. Her facial features were upright, and her eyes were black and bright like black gems.

"And you are?"

"I'm the person the Pegasus Mercenary Corps is looking for. My name is Lu Hongyi," Lu Benwei said.

Zhuo Quan's pupils instantly constricted, and he subconsciously looked around.

"Young Master Lu, follow me," Zhuo Quan said.

Lu Benwei did not hesitate to ask Zhuo Quan to come to a restaurant and ask for a private room.

"Young Master Lu, may I ask why you provoked the Pegasus Mercenary Corps and why you brought the trouble to me?" Zhuo Quan asked directly.

"I didn't provoke the Pegasus Mercenary Corps. They provoked me." Lu Benwei smiled.

Zhuo Quan smiled bitterly. "So, you really wiped out the second team of the Pegasus Mercenary Corps alone?"

"Otherwise, why would they make such a big fuss?" Lu Benwei shrugged and the corners of his mouth curled up.

"Then why did Young Master Lu bring the trouble to me?"

Zhuo Quan was very troubled. He could not understand. He had no enmity with Lu Benwei, so why did he bring trouble here?

"I was separated from someone and urgently needed to reunite, so I used this place as a rendezvous point," Lu Benwei did not hide anything and said that something had happened.

"Pa!"

Zhuo Quan slammed the table and stood up angrily. "Just because of this? Do you think I'm a three-year-old child?"

"What I said is true." Lu Benwei's expression was calm.

He understood why Zhuo Quan was angry. One person's groundless words caused a storm of blood in the city.

"Aren't you afraid that I'll send people to surround this place and send you to the Pegasus Mercenary Corps?" Zhuo Quan's veins bulged on his forehead.

Chapter 713 Red Phoenix

Lu Benwei looked at him calmly and smiled faintly. "You won't."

Zhuo Quan's lips twitched when he heard that. "Are you so sure?"

"Of course." Lu Benwei took a sip of tea unhurriedly and heaved a sigh of relief. "Because you also want the Pegasus Mercenary Corps to be eliminated. Unfortunately, your identity doesn't allow you to do so."

Zhuo Quan was surprised, and his mouth was slightly agape. "How did you know?"

"The reason why the Pegasus Mercenary Corps is so lawless is because an extremely large force is supporting them. Otherwise, on the first day the Pegasus Mercenary Corps caused trouble in Jiao City, you'd have sent people to chase them out."

As soon as he said this, the little mouth of the woman opened wide. “Darn Hongyi, why didn’t I think of this?”

Lu Benwei nodded slightly and looked at Zhuo Quan. “That’s why you really need someone like me to come forward and clear out the Pegasus Mercenary Corps. That way, the power behind the Pegasus Mercenary Corps will not blame you.”

Zhuo Quan’s lips twitched. Lu Benwei could simply read his mind.

“What do you want to do?”

Lu Benwei’s lips curled up.

Zhuo Quan gasped when he heard that. His heart started to ache, and he had a feeling that he was going to bleed.

“Whatever you need, as long as it’s not too much, I can satisfy you.”

Lu Benwei smiled faintly. “It’s very simple. 100,000 catties of red pearls.”

“100,000 catties?!”

Not only Zhuo Quan, but even Ji Han also felt that Lu Benwei was asking for too much.

“I remember that the annual trading volume of the red pearls in Jiao City is only about a million catties, right? You want to take one-tenth of the amount just by opening your mouth?” Ji Han said in disbelief.

Lu Benwei rolled his eyes at her speechlessly. “Shut up. Who are you with?”

Ji Han stuck out her tongue and shut her mouth.

Zhuo Quan frowned. “Brother Lu, with such a large transaction volume, even if you sell it, it will arouse suspicion. I’m afraid that I’ll still offend the power behind the Pegasus Mercenary Corps.”

“Who said I was going to sell it? Can’t I use it myself?” Lu Benwei asked.

He had only just learned that the red pearl could extract a liquid of the Red Phoenix’s true blood, which had the effect of cleansing the marrow and strengthening the strength and physique.

Most importantly, the true blood of the Red Phoenix could purify the power of the bloodline. It could allow the origin bloodline to sublimate to the extreme and become the true origin bloodline.

This was why Lu Benwei needed a large number of red pearls.

Zhuo Quan was shocked to the extreme.

“Brother Lu, it’s true that the red pearl can refine the Red Phoenix’s true blood, but you have to know that the bloodline power in the Red Phoenix’s true blood is extremely pure. Ordinary bloodlines can only withstand one drop. Every ten thousand catties of red pearls can be refined into one drop of Red Phoenix’s true blood. Are you going to use the rest?” Zhuo Quan asked in shock.

“What else can I do?” Lu Benwei raised his eyebrows.

Zhuo Quan was shocked by Lu Benwei again. He did not know what to say.

"If Brother Lu really needs it, I can think of a way," Zhuo Quan took a deep breath and said, "However, 100,000 catties of red pearls are indeed a little difficult."

"Then there's nothing to talk about." Lu Benwei spread out his hands and leaned back in his chair.

"However, I can get you 70,000 catties first. I'll need some time to give you the remaining 30,000." Zhuo Quan gulped.

"And I have a condition," Zhuo Quan said after a pause.

Lu Benwei raised a hand, signaling Zhuo Quan to continue. This was originally a transaction, and Lu Benwei could not just take everything.

"There are a total of six team leaders of the Pegasus Mercenary Corps in Jiao City. I need to ensure that four of them are killed," Zhuo Quan said solemnly.

Lu Benwei pondered for a moment. "The latter condition isn't possible. I need to wait for my friend."

"No!"

Zhuo Quan gritted his teeth, his face full of secrecy.

"I have already made a concession."

"What's there to be afraid of? Does Master Zhuo know some inside information?" Lu Benwei rubbed his chin.

Zhuo Quan's lips twitched. "In short, the power behind the Pegasus Mercenary Corps isn't something you can afford to offend."

"Then I can agree to your conditions, but I want to know who's behind the Pegasus Mercenary Corps." Lu Benwei started to bargain.

Zhuo Quan shuddered. "You, what do you want?"

"If the other party is like the Pegasus Mercenary Corps, domineering and committing crimes, I don't mind eliminating them," Lu Benwei said calmly with a deep gaze.

Zhuo Quan almost fell to the ground, the corners of his mouth twitching. "Who's this person?"

Lu Benwei smiled faintly and saw through Zhuo Quan's thoughts. "Don't doubt my identity. I'm just a nobody."

"Alright, since you insist, I'll divide the forces of the Pegasus Mercenary Corps and the northern wilderness for you." Zhuo Quan heaved a sigh of relief and admitted defeat in front of Lu Benwei.

"I think you should know that the Pegasus Mercenary Corps robbed houses in the outskirts of the northern wilderness like locusts. They were looking for something."

Lu Benwei nodded slowly. He had heard about this from Ji Han.

"They are helping a party to find a medicinal herb."

"Is it the Red Phoenix divine medicine?" Ji Han suddenly said.

“Yes!” Zhuo Quan admitted.

Lu Benwei frowned. “Red Phoenix’s true blood and Red Phoenix divine medicine. What does the northern wilderness have to do with Red Phoenix?”

He knew that the Red Phoenix was an extremely powerful ferocious monster. There were also legends about it in the Dragon Kingdom.

According to legend, the Red Phoenix was even larger than the giant roc. When it spread its wings, it could cover the world. When it flew in the sky, it could rain fire and evaporate the great swamp.

There were even rumors that the Red Phoenix could burn the entire ground to ashes when it was angry, and it was extremely terrifying.

“Brother Lu, have you never been to the northern wilderness before?” Zhuo Quan frowned and asked in surprise.

“Yes, as I said, I’m a nameless soldier who has traveled the four seas and came from the east.” Lu Benwei was on guard.

Zhuo Quan replied, “Oh, no wonder. I’ve never heard of the legends of the northern wilderness.”

Then, he squinted his eyes and asked, “Brother Lu, have you noticed the environment of the northern wilderness?”

Lu Benwei nodded. At this point, Lu Benwei suddenly thought of something and shuddered.

#### Chapter 714 Lawless

Lu Benwei thought of the red desert in the northern wilderness. It was very likely that it was dyed by the blood of the Red Phoenix. He could not help but shudder.

“Is this the place where the Red Phoenix died?” Lu Benwei asked in disbelief.

Of course, there were also many witnesses. For example, this place was rich in red pearls that could be used to extract the Red Phoenix’s true blood.

“In that case, the Red Phoenix divine medicine is also real. The force behind the Pegasus Mercenary Corps is looking for its whereabouts?” Ji Han said. Her black eyes were very serious.

Zhuo Quan said resentfully, his face full of secrecy, “I just overheard my parents talking about this.”

Lu Benwei nodded slightly. “Then what’s the effect of this Red Phoenix divine medicine that makes people chase after it?”

“According to rumors, the Red Phoenix divine medicine is like a divine phoenix. Once consumed, it can allow a person to be reborn!” Zhuo Quan’s expression was solemn.

Lu Benwei was speechless.

Rebirth! No wonder it could make people flock to it!

“But which major power is so eager to obtain the Red Phoenix divine medicine?” Ji Han placed her hands on her chin and shook her head as she asked.

Zhuo Quan slowly let out a breath of turbid air. Then he nodded and continued, “Then you should know which mighty figure from the northern wilderness is about to die, right?”

Hearing this, Ji Han’s small mouth opened slightly, and her black eyes were filled with disbelief.

“Could it be...?”

When Ji Han was about to say that person’s name, Zhuo Quan made a silent gesture and said, “Miss, don’t say it out loud in case the walls have ears.”

At this moment, a commotion came from outside the private room. It was a guest passing by the corridor.

Lu Benwei became more and more interested in the power behind the Pegasus Mercenary Corps.

“Brother Lu, since the deal has been made, it’s not convenient for me to stay with you,” Zhuo Quan hurriedly stood up and said.

Lu Benwei expressed that it was nothing. Before he said goodbye, he asked Zhuo Quan to do him a small favor.

...

East of the corner city, a place where the Pegasus Mercenary Corps stayed. In a small inn.

The brawny man who had a conflict with Zhuo Quan today was gulping down the strong liquor.

“Pa da!”

The wine jar was knocked over by the waiter in a hurry, and the wine spilled all over the burly man’s body along the table.

“Humph!”

The burly man snorted angrily. He stretched out his big hand and grabbed the thin waiter in his hand. Then, he grabbed the wine jar with his other hand and aimed it at the waiter’s head.

“Pa!”

The wine mixed with blood flowed down the waiter’s head.

The waiter was knocked unconscious and thrown to the ground like a dead dog by the burly man of the Pegasus Mercenary Corps.

The innkeeper was attracted by the commotion in the lobby. Seeing that it was the people from the Pegasus Mercenary Corps, he sighed and asked the other waiters to take the unconscious waiter away.

“Shopkeeper, come here!” the Pegasus Mercenary Troop’s burly man roared.

The shopkeeper responded and bent over to the burly man.

“Let me ask you, when I was away today, did a man named Lu Hongyi come to the shop?” the burly man asked angrily.

“Master, you’ve already reminded me several times. I’ve always remembered,” the shopkeeper trembled as he spoke carefully, “Indeed, this person didn’t come today. But don’t worry. As long as Lu Hongyi appears, I’ll report to you.”

The burly man from the Pegasus Mercenary Corps nodded in satisfaction and waved his hand to dismiss the shopkeeper. Suddenly, he was filled with anger and beat up a passing tourist.

“Master, what did I do wrong? I was just passing by.”

The innocent passerby was beaten black and blue, and his teeth fell out. He was very pitiful.

“Are you from Jiao City?” the burly man asked.

The innocent passerby thought for a while and nodded hurriedly.

“Since he’s a local of Jiao City, then all the more reason to beat you.” The burly man sneered.

“If you want to blame someone, blame your City Lord’s son for provoking me today!”

After saying that, the burly man gave the innocent passerby another round of beating!

...

The next morning.

“This is too lawless!”

Zhuo Qing slammed the table and stood up in the meeting hall of the City Lord’s mansion.

An old servant echoed, “The Pegasus Mercenary Corps has no respect for the law. They wantonly bully the citizens of Jiao City and the merchants who come to do business. The people in the city are boiling with resentment.”

At this moment, another servant rushed in. “City Lord, there’s someone at the door to seek justice. He said that the Pegasus Mercenary Corps snatched his wife and daughter last night and they haven’t returned yet.”

Zhuo Qing gritted his teeth in anger. “The Pegasus Mercenary Corps is too despicable. Aren’t they afraid of retribution? The two of you, follow me. We must get Zhuang Lang to give me an explanation!”

The old servant immediately stopped Zhuo Qing. “City Lord, please reconsider. You have to think about the person behind the Pegasus Mercenary Corps. If you offend him, it won’t be as simple as that.”

Zhuo Qing thought for a moment and could only swallow his anger.

At this moment, Zhuo Quan walked in and said, “Father, I’ve already found a way out of this situation.”

“What is it?” Zhuo Qing’s expression changed instantly, and he asked Zhuo Quan to take a seat.

“Father, do you know the person that the Pegasus Mercenary Corps is looking for?”

“What?!”

“Father, don’t be agitated. Let me finish...”

Who knew that Zhuo Qing would be so angry after hearing Zhuo Quan?

“Lu Hongyi lured the Pegasus Mercenary Corps to Jiao City and asked us to pay him to chase them away?”

“His heart is too f\*cking black!”

Zhuo Quan’s mouth twitched as he thought to himself, ‘Father, Lu Hongyi isn’t only evil but he’s also the best!’

After thinking about it, Zhuo Qing said, “Forget it. As long as he can help expel the Pegasus Mercenary Corps and not implicate us, we’ll give him the 100,000 catties of red pearls!”

After saying that, Zhuo Qing sent his old servant to handle this matter.

“What else do you want?” Zhuo Qing asked when he saw Zhuo Quan not leaving.

“Father, I want to see those people who were bullied by the Pegasus Mercenary Corps.”

...

On the morning of the third day.

According to the past, there would already be merchants coming out to do business at this time. However, there was no one on the streets of Corner City. It was like a dead city.

This was all thanks to the Pegasus Mercenary Corps. They had no respect for the law and were lawless. When the citizens and merchants of Jiao City saw the people of the Pegasus Mercenary Corps, they treated them like ferocious tigers.

Chapter 715 Playing in the Palm of His Hands

A few figures finally appeared on the streets of Jiao City. The most vicious members of the Pegasus Mercenary Corps swaggered out onto the streets.

One of them was the brawny man who had a conflict with Zhuo Quan. He was also the captain of the Pegasus Mercenary Corps’ seventh team, Sun Bao.

Early this morning, they had gathered to conduct a search in Jiao City.

“Damn it, why is there no one on the street? Where did they all go?”

A member of the Pegasus Mercenary Corps cursed and kicked over an empty stall.

“Captain Sun, we’ve been in Jiao City for so many days, but we haven’t even seen Lu Hongyi.”

Sun Bao coldly glanced at that person. “Today is the last day. If we don’t see him, we’ll return to the camp.”

“No matter what, that b\*stard Lu Hongyi crippled Master. We must find him and return the favor.”

At this moment, a figure appeared in front of them. It was a young man.

When Sun Bao saw the young man, he shouted coldly, "Brat, come over here!"

The young man walked over with a smile. "Brothers, are you looking for me?"

"Let me ask you, have you seen a man named Lu Hongyi?"

The young man shook his head. "Brother, there are so many people in this world. But how can I know who is called Lu Hongyi as if everyone has their names written on their faces?"

This group of vicious and evil people from the Pegasus Mercenary Corps was ridiculed by the young man for no reason. They immediately flew into a rage and grabbed the young man's collar.

"Kid, do you know who we are?"

"Who in the world doesn't know about the famous Pegasus Mercenary Corps? Who doesn't know?"

"How dare you mock us when you know that? Are you tired of living?" Sun Bao raised his fist and was about to punch the young man's face.

"Big brother, listen to me!" The young man begged.

Sun Bao stopped his fist in surprise and shouted coldly, "Hurry up and say it. If you can't say anything, I'll continue to punch you."

The young man swallowed his saliva and said, "Big brother, there are so many people here. I'm sure Lu Hongyi's whereabouts are somewhere."

"You don't know?" Sun Bao was a little angry.

"But there are many people with the same name as Lu Hongyi in the world," the young man continued, "What if I got the wrong person?"

"What are you trying to say?" Sun Bao was getting impatient.

"I mean, you should use portraits to find people. That way, you can find them more accurately." The smile on the young man's face was very wide, revealing a mouthful of white teeth.

Sun Bao was stunned. How could he not know that using a portrait to find someone would be more accurate? However, when the young master dragged the charred corpse back, he said, "Lu Hongyi from Jiao City." He fainted and had not woken up until now.

Very soon, he understood that this young man in front of him was sincerely here to play with him for fun.

"How dare you! You're courting death!"

Sun Bao raised his fist and smashed it at the smiling young man.

The young man reacted quickly. He tilted his head and dodged.

Then, he said, "Brother, don't panic! Aren't I here to solve your problems?"

“What do you mean?” Sun Bao’s anger was once again extinguished by the young man in front of him. He was devoid of temper.

“Do you know what Lu Hongyi looks like?”

If they knew what Lu Hongyi looked like, they would be able to find him easily.

The young man grinned, revealing a mouthful of snow-white teeth.

“He looks like me!”

Sun Bao’s pupils instantly constricted, and the anger in his heart surged out. “So, it’s you!”

“Captain, we were fooled by this kid!” the other vicious members of the Pegasus Mercenary Corps shouted.

“Boom!”

Without any explanation, they attacked Lu Benwei.

Lu Benwei was not afraid. He activated Lightning Speed and ran in the opposite direction. In the blink of an eye, Lu Benwei had pulled a large distance away from them.

When the vicious member of the Pegasus Mercenary Corps saw this, he said in shock, “Captain, this guy is too fast!”

Sun Bao said, “It doesn’t matter. The place he’s going to is guarded by Fifth Brother and Sixth Brother. Hurry up and send the signal!”

The person responded with a sound, and then a red firework exploded in the corner of the city. It was very dazzling. Two divine rainbows shot up into the sky above the city.

At the same time, the earth rumbled. The vicious members of the Pegasus Mercenary Corps donned their black-gold battle armor and mounted their scaled pegasus from the stables. They also soared into the sky, ready to attack.

The fifth and sixth captains of the Pegasus Mercenary Corps saw Sun Bao and a few others chasing after a young man. They immediately looked at each other and asked, “Is he Lu Hongyi?”

“Kill him!”

Then, the fifth and sixth captains of the Pegasus Mercenary Corps led their teams to hunt down Lu Hongyi.

Lu Benwei did not take to the sky. Instead, he used Lightning Speed and shuttled through the streets and alleys of Jiao City. Like a dragon returning to the sea, he disappeared in the blink of an eye.

The fifth and sixth captains of the Pegasus Mercenary Corps met up with Sun Bao and said, “Inform Fourth Brother to arrest this person!”

Suddenly, the entire city was in a state of panic. The cries of the Pegasus Mercenary Troop cavalry could be heard everywhere in the city.

Lu Benwei stepped on Lightning Speed and tore through the spatial barrier. His speed was so fast that it made people speechless and dazzled.

“He’s heading south of the city!” Sun Bao said.

Hence, the hundred and eighty people headed south of the city.

After leaving the corner city, the group chased him to a sand dune.

“Where is he?”

“Gone?”

Sun Bao was stunned, and so were the other vicious members of the Pegasus Mercenary Corps.

As far as the eye could see, not a single person could be seen in the desert.

At this moment, a middle-aged man ran over from the direction of Jiao City.

“Gentlemen, I saw Lu Hongyi.”

“Where is he?” Sun Bao immediately shouted.

“He’s on the city gate tower,” the middle-aged man replied.

“Let’s go!”

The vicious members of the Pegasus Mercenary Corps rode their horses and whipped their whips without any explanation as they rushed back to Jiao City.

“Brat, don’t run if you have the guts!”

Sun Bao stood in the sky and looked at Lu Benwei at the city gate.

Lu Benwei grinned, revealing his pearly white teeth. “If you want to kill me, why don’t I run?”

After saying that, he turned around and entered Jiao City.

“Chase!”

Sun Bao was furious.

The sixth captain of the Pegasus Mercenary Corps said, “We’ll flip the entire Jiao City over!”

“Good idea!” Sun Bao was overjoyed and immediately echoed.

“No!” The fifth captain stopped the two of them.

Chapter 716 Team Annihilation

“Jiao City is a trading ground for red pearls. If we destroy the entire Jiao City, not only will we offend the red pearl traders, but we’ll also incur public outrage,” the fifth captain said.

Sun Bao and the Sixth Captain were helpless and could only swallow their anger. “Continue chasing!”

After saying that, this group of vicious mercenaries from the Pegasus Mercenary Corps continued to pursue Lu Benwei.

Lu Benwei stepped on Lightning Speed and traveled the world.

“He went to the west of the city!”

The Pegasus Mercenary Corps caught a glimpse of Lu Benwei’s afterimage and immediately headed to the west of Jiao City.

After leaving the western part of the city, there was an oasis not far away. A pool of spring water rose from the ground.

Lu Benwei frowned. “I’m afraid this is one of the few water sources in Jiao City. We can’t fight here and pollute the water source.”

After saying that, he turned around and looked at the Pegasus Mercenary Corps that had just arrived.

“Lu Hongyi, die!” Sun Bao roared in rage. The veins on his body bulged and pulsed like his heart.

Lu Benwei sneered and said, “Catch up to me first!”

Then, he stepped up on Lightning Speed.

“I’m so angry!” Green smoke came out of Sun Bao’s nostrils, and the hair on his body stood on end.

“Chase!”

At the same time, the residents of Jiao City were confused by the earth-shattering commotion.

“Who is it? How dare they trick the Pegasus Mercenary Corps?”

“It seems to be that young man called Lu Hongyi!”

“Is he playing a game with the Pegasus Mercenary Corps? They kept coming back.”

The residents of Jiao City were shocked. This was simply sh\*tting on the heads of the Pegasus Mercenary Corps!

Someone cheered, “Good job! Teach the Pegasus Mercenary Corps a lesson! They are too lawless!”

“If Lu Hongyi punishes the Pegasus Mercenary Corps, he’ll be the hero of our Jiao City!”

Of course, many people criticized him.

“The Pegasus Mercenary Corps has sent out a captain.”

“Lu Hongyi is just a young man. How could he defeat the Pegasus Mercenary Corps?”

Many people criticized Lu Benwei. “It’s him. He lured the Pegasus Mercenary Corps to our place. This guy isn’t a good person either!”

“I do hope that the Pegasus Mercenary Corps can fight him until both sides suffer!”

...

At the same time, east of Jiao City.

Lu Benwei walked to a sand dune. At this moment, he was surrounded by the vicious members of the Pegasus Mercenary Corps.

“Lu Hongyi, kneel and accept your death!”

Sun Bao rode on the scaled pegasus, his eyes fiery red.

The other vicious members of the Pegasus Mercenary Corps stared at Lu Benwei.

“There’s something I don’t understand. How did you guys catch up to me?” Lu Benwei rubbed his chin and asked curiously.

When everyone heard this, they immediately looked at each other.

“Hmph!” Sun Bao laughed coldly. “The scaled pegasus of our Pegasus Mercenary Corps is a type of ferocious monster that can control extreme speed. It’s only natural that it will catch up to you.”

“Then why didn’t you catch up with me in the beginning?” Lu Benwei smiled noncommittally.

Pausing for a moment, he revealed his pearly white teeth. “In other words, if I don’t let you, you won’t even have the chance to see my shadow!”

As soon as this voice was heard, the Pegasus Mercenary Corps members were filled with anger.

“Isn’t this kid too arrogant?”

“We have so many people and three captains, yet he dares to say such big words!”

Sun Bao was furious. “Kid, I’ll give you one more chance. Come with me to the Pegasus Mercenary Corps’ camp immediately. Otherwise, I’ll make sure you die without a burial ground!”

Lu Benwei smiled and said, “Are you so sure that you can kill me?”

“Arrogant!”

Sun Bao rushed forward.

“Judgment!” Lu Benwei shouted.

“Buzz!”

The power of judgment transformed into a huge golden sword and slashed at Sun Bao.

“Not good!”

Sun Bao immediately felt alarmed. Before the blade of the giant sword of judgment reached him, all the hair on his body stood on end as a peerless blade slashed down at him.

“Buzz!”

The giant sword slashed down, and Sun Bao instinctively dodged. A strand of his long hair was cut off.

“What a terrifying technique!” the fifth and sixth captains of the Pegasus Mercenary Corps exclaimed.

At this moment, Sun Bao's armor was already soaked in a cold sweat, and all the hair on his body stood on end. For a moment, he felt as if he had brushed past the Grim Reaper.

'What a terrifying person. No wonder the young master was at a disadvantage under his hands,' Sun Bao thought to himself.

"Attack together!"

The Pegasus Mercenary Corps shouted and then attacked Lu Benwei.

"Since we're going to attack together, I can't be bothered to talk nonsense with you!" Lu Benwei said coldly, his words accompanied by thunder.

"What happened?" Sun Bao, the fifth and sixth captains exclaimed, "Why is there thunder under the clear sky?"

"Rumble!"

Just as they were hesitating, tens of thousands of bolts of lightning fell at the same time. Each bolt was as thick as a bucket and carried a destructive power that could destroy the void.

"Ten Thousand Lightning Killing Formation!"

A terrifying scene occurred. Endless lightning shot into the sky. The world was covered in white as if the god of thunder had descended.

The minions of the Pegasus Mercenary Corps were drowned by the sea of lightning. The thunderbolts were overbearing and violent, turning their bodies into dust.

Even Jiao City, which was a hundred miles away, sensed it. They were shocked. "What a terrifying spell. He's like a god!"

"Who is it? The Pegasus Mercenary Corps or that young man called Lu Hongyi?"

"Rumble!"

The lightning bolts were endless, bombarding the Pegasus Mercenary Corps. The minions cried out miserably like ghosts and wolves.

"Spare us, spare us, we won't do it again!"

The group of minions begged Lu Benwei for mercy as they ran.

Lu Benwei's expression was extremely cold. He rode the lightning and did not give this group of evil people a chance to live.

"Rumble!"

After a loud bang, the lightning exploded and swept across the world.

In this desert, there were almost no living beings left. Only Sun Bao and the fifth and sixth captains of the Pegasus Mercenary Corps were struggling to survive.

“Who, who are you?” Sun Bao said in disbelief, “Our Pegasus Mercenary Corps doesn’t seem to have any grudges against you, right?”

He realized that Lu Benwei was extraordinary and determined which family he came from.

Lu Benwei smiled noncommittally, revealing a mouthful of white teeth. “I’m just a nameless soldier. I was provoked by your young master and had no choice but to attack.”

“A nobody? Do you think we’ll believe you?”

Chapter 717 Battling the Third Captain of the Pegasus Mercenary Corps

Sun Bao and the fifth and sixth captains of the Pegasus Mercenary Corps were fearless as they looked at Lu Benwei angrily.

“Let’s attack together. We’ll be able to take down this arrogant brat!”

After saying that, the three of them launched an attack.

“Boom!”

For a moment, the sky was torn apart as four divine rainbows shot into the sky, launching a peerless attack.

Lu Benwei swung his fists and formed a galaxy in the sky. It was boundless and powerful.

“Star Shattering Fist!”

The rain of light fell endlessly, like the Yangtze River and the East Sea. It was magnificent and imposing.

“Rumble!”

Sun Bao raised his fist and attacked. His punch had the power to destroy everything and move mountains and fill the sea. It was terrifying.

“Clang! Clang! Clang!”

He clashed with the Star Shattering Fist that covered the sky and earth. The scaled pegasus under him neighed and became the most brilliant spark in the sky.

The fifth and sixth captains charged toward Lu Benwei. One of them stopped mid-air and threw the spear in his hand.

“Buzz!”

The space trembled, and the black spear transformed into many identical spears in the air. There was a total of 864 spears. Each spear was flickering with a biting cold light, and it was extremely terrifying.

“Spear Killing Formation!”

This person was probably a knight, and he could attack and defend at the same time.

The Spear Killing Formation blocked a portion of the starlight fist rain and then shot toward Lu Benwei. It pierced the air and emitted a buzzing sound.

Lu Benwei sneered and used the Holy Light Shield to defend.

The terrifying spear hit the Holy Light Shield, but it could not break it. It only produced a metallic clang.

“Boom!”

The remaining person also charged over, his attack power unparalleled.

Lu Benwei swung his Holy Light Shield and obliterated all the attack power.

“Pierce him!” the fifth captain shouted coldly.

The black light of the 64 spears blazed brightly, and their power was even more peerless. It was as if under this attack, everything would be broken.

Lu Benwei let out a long roar, put away the Holy Light Shield, and raised his fist to respond!

“Boom!”

After a deafening sound, Lu Benwei’s fist was powerful and overbearing. It smashed all the spears into pieces. Nothing existed anymore.

The hearts of the three people trembled as they once again realized how terrifying Lu Benwei was.

“Don’t be distracted. It’s just a junior with some talent. The three of us brothers are able to take him down!” Sun Bao shouted. He raised his fist and blasted out a ball of black light. It was like a large dark cloud pressing down on Lu Benwei.

Lu Benwei reached out his hand and grabbed a spear before shooting it at the black light.

“Whoosh!”

A cold light cut through the sky. The spearhead broke through everything and directly pierced Sun Bao’s chest!

The hearts of the three of them were beating wildly. They had only felt a cold light flash in front of their eyes, and one of them had been severely injured. It was simply terrifying.

The eyes of the fifth and sixth captains turned red as they launched a joint attack.

“Rumble!”

The vast sky shattered, revealing the primeval void. It was as if a black abyss had existed in the world since ancient times.

In the distance, the people of Jiao City all frowned.

“Oh my god, this is a great spell launched by the fifth and sixth captains of the Pegasus Mercenary Corps, Fiendish Star Descent!”

“I remember that the two of them are level 70, right? Even level-80 experts have to avoid this great technique when they use it together!”

“That kid called Lu Hongyi is really amazing,” Zhuo Qing said in the mansion of the city lord, “He made the captains of the Pegasus Mercenary Corps work together to launch this invincible technique.”

The old servant standing behind him said, “It’s a pity that this kid is too arrogant. It’s rare for such a prodigy to appear in the northern region.”

“Rumble!”

A huge black meteorite fell from the sky, crushing the sky. The sun, moon, mountains, and rivers lost their color.

“Lu Hongyi, die!” the fifth and sixth captains shouted in unison, their voices filled with confidence.

Lu Benwei sneered, his eyes extremely cold.

“Divine Sword of Destruction!”

The Ancient Sword of Clarity trembled, and the violent wind carried the destructive power from all directions. The howling wind was terrifying.

“Buzz!”

The destructive beams of light poured out in torrents, shaking the sky and earth. The entire world was almost drowned by the ocean of destructive power, and it was almost boiling.

“Rumble!”

The opponent was pierced through and turned into powder. Meteorites and soil flew everywhere. The fifth and sixth captains opened their mouths wide in disbelief.

“How, how is this possible?”

“This kid’s level is above ours?”

Lu Benwei did not give the two of them any time to resolve their doubts. He stepped on Lightning Speed and swung his sword diagonally.

“Puff!”

A bloody light rushed up, and the head of the fifth captain fell to the ground. Then, Lu Benwei punched out and directly blew up his head, leaving no chance of revival.

The sixth captain was terrified to the extreme, and all the hair on his body stood up. “You, who are you? Where are you from?”

Lu Benwei’s eyes were cold, and there was no pity in them. He imitated what he had done earlier and slashed out with his sword.

“Ah!”

The sixth captain screamed and quickly fled.

Just now, the Ancient Sword of Clarity released a wisp of sword intent, which directly cut his skin and flesh. However, it was all in vain.

Lu Benwei only had Lightning Speed, so his speed was unparalleled. In the blink of an eye, he arrived in front of the sixth captain.

“Boom!”

A punch landed on his chest.

“Puff!”

The sixth captain coughed out a large mouthful of blood, and a large part of his chest caved in.

“Spare, spare me!” the sixth captain said. His legs went weak, and he knelt on the ground.

“When you kill those who died at your hands, did you give them a chance?” Lu Benwei said coldly, swinging his sword and splitting him in half.

The sky suddenly became clear and cloudless.

Sun Bao dragged his heavily injured body and continuously retreated. His expression was extremely terrified.

“Who are you? Why are you going against us?”

Lu Benwei licked his teeth. “Didn’t I say it before? I’m just a nobody.”

“Impossible, you have a background!” Sun Bao’s voice trembled as he roared unreasonably.

“Are you from the Huqin Empire?”

Lu Benwei ignored him and raised his fist. “Answer one of my questions. If you answer correctly, I won’t kill you.”

“Please, please ask,” Sun Bao said shakily.

“Are you looking for the Red Phoenix divine medicine? Do you have any clues about where it is?” Lu Benwei asked.

“Who told you?” Sun Bao frowned and asked.

“You just need to answer me. Do you have any clues about where it is?”

“If I say we haven’t made any progress, will you kill me?” Sun Bao was very nervous.

As it was just as he said, the Pegasus Mercenary Corps did not have any clues about the Red Phoenix divine medicine.

“Of course, not.” Lu Benwei grinned, revealing a mouthful of white teeth.

Chapter 718 Releasing the Tiger Back to the Mountain

On the way back, Sun Bao looked back every three steps. He was afraid that Lu Benwei would change his mind and kill him if he was not careful.

When Lu Benwei agreed to let him go, Sun Bao was stunned.

When he had escaped for five kilometers and Lu Benwei was nowhere to be seen, Sun Bao let out a long sigh of relief. Then, he laughed wildly.

“If you have the guts, stay in Jiao City. Our Pegasus Mercenary Corps will immediately flatten this place!”

...

On the other side, the city gate tower of Jiao City was filled with people. They were all the natives of the city or merchants who had come here to do business.

However, at this moment, they were all silent. They stared blankly ahead until Lu Benwei entered the city.

“This is unbelievable.”

“He killed two captains of the Pegasus Mercenary Corps and heavily injured one of them.”

“As for those small fries, they didn’t even have the chance to withstand a single move from him!”

The crowd discussed softly.

“Hongyi!”

Ji Han hurried over with a smile.

“I’ve already finished the transaction with that person.”

Lu Benwei nodded and looked around. The people who were watching Lu Benwei and Ji Han all shivered and looked away.

At this moment, Zhuo Quan and his father, Zhuo Qing, rushed over to meet Lu Benwei. For some reason, they maintained a certain distance from Lu Benwei.

“Little friend Lu, thank you for expelling the villains of the Pegasus Mercenary Corps for us.” Zhuo Quan expressed his gratitude.

Lu Benwei also nodded slightly.

At this moment, a roar came from the crowd behind Lu Benwei. “What trivial matter? You were the one who recruited the Pegasus Mercenary Corps, causing us, the citizens of Jiao City, to be bullied for several days.”

Lu Benwei grinned. He knew that he was indeed not being kind.

However, he did not think too much about it at that time. He did not know that the Pegasus Mercenary Corps would dare to do whatever they wanted in the city.

“That’s right. My man was unconvinced by the Pegasus Mercenary Corps’ misdeeds, but in the end, he was beaten up by them until he can’t get out of bed!” a middle-aged woman cried.

“It’s all Lu Hongyi’s fault.”

“City Lord, in my opinion, we should punish him!”

Lu Benwei smiled bitterly. Just as he wanted to express his apology to the residents of the city, he saw Ji Han standing out.

“Whoever hit your man, go find someone to take revenge. The bad guys did something, but you let the good guys bear the responsibility. How can there be such a logic in this world?”

As soon as she finished speaking, many residents stood up to support Lu Benwei.

“That’s right. The Pegasus Mercenary Corps has been roaming the northern region for so many years. It’s not easy for someone to stand up and enforce justice for the heavens.”

Someone in the crowd who criticized Lu Benwei said, “Haha! I just saw it with my own eyes. This Lu Hongyi let a captain go back to the mountain. The Pegasus Mercenary Corps will make a comeback. He can leave, but we’ll be the ones suffering!”

The moment he said this, the entire place was in an uproar. Even those who were standing on Lu Benwei’s side were somewhat shaken.

“What? How did this happen?”

“Isn’t this letting the tiger return to the mountain?”

“The leader of the Pegasus Mercenary Corps, Zhuang Lang. If he falls and the whole team falls, won’t we be in trouble?”

“What should we do?”

Everyone was frowning and sighing.

Zhuo Qing’s lips twitched. If the leader of the Pegasus Mercenary Corps, Zhuang Lang, led his entire team to make a comeback, it would be a disaster for the city.

“Little friend Lu, may I ask what your next plan is?” City Lord Zhuo Qing asked. He wanted to send this god away as soon as possible.

Lu Benwei pondered for a moment and said, “Head to the main camp of the Pegasus Mercenary Corps and uproot them.”

The crowd was in an uproar. Everyone opened their mouths wide and panted heavily.

“You, you want to uproot the Pegasus Mercenary Corps?” Zhuo Qing said in disbelief, his face filled with shock.

Lu Benwei nodded slightly and said in a deep voice, “If the Pegasus Mercenary Corps isn’t eliminated, the entire northern region will not be at peace.”

Once again, everyone’s hearts and spirits trembled, and they suspected that they had heard wrongly.

“Little friend Lu, there’s no need. We appreciate your kindness, but the Pegasus Mercenary Corps is full of experts, and their leader, Zhuang Lang, is a level-90 expert. If you go, I’m afraid you won’t be able to return.” A passerby from Corner City advised.

Then, someone sneered and mocked. "Go ahead. I'll let the Pegasus Mercenary Corps eliminate you, so that you won't cause us trouble in the future."

"Hehe, who doesn't know how to talk big? To uproot the Pegasus Mercenary Corps is simply dreaming!"

"Hurry up and leave, lest the Pegasus Mercenary Corps come and continue to harm us!"

"Little friend Lu, you have to think carefully. The power of the Pegasus Mercenary Corps isn't as simple as you think," Zhuo Qing said in disbelief.

Lu Benwei revealed his pearly white teeth. "I've already thought about it. I want to eliminate this army that has brought chaos to the world. Otherwise, why would I let that person go?"

Everyone sucked in a breath of cold air, shocked, and made speechless by Lu Benwei. It turned out that he had long planned to eliminate the Pegasus Mercenary Corps.

Lu Benwei continued, "I think it's about time. If we delay any longer, we won't be able to catch up to him. Farewell, everyone!"

After saying that, Lu Benwei left the city with Ji Han.

...

At night, the moon hung high in the sky.

The night in the Gobi Desert was exceptionally cold. Some poisonous snakes in the desert flicked their tongues wantonly, ready to kill their targets at any time.

In this desert, a red barren mountain was uprooted.

At the foot of the mountain to the north of the barren mountain, there was a huge lake that nourished an oasis. The Pegasus Mercenary Corps set up camp here.

At this moment, the camp was brightly lit. The mercenaries of the Pegasus Mercenary Corps sat around the camp and lit a bonfire. They drank wine and ate meat in large bowls.

A few groups of mercenaries were wearing heavy armor and patrolling as usual.

"Who is it?!"

One of the mercenaries noticed a whimper coming from the grass in front of the gate and immediately became alert.

When they walked in to take a look, their faces instantly turned pale. "Seventh Captain, it's you? Who injured you like this?"

At the same time, in the camp.

The leader of the Pegasus Mercenary Corps, Zhuang Lang, sat on the main seat. He was tall and sturdy, two meters tall. His long hair was loose, and his expression was solemn.

"Has there been any news from Jiao City today?" Zhuang Lang spoke loudly.

Chapter 719 Facing the Pegasus Mercenary Corps

“Not yet.”

There were three people here.

“In the past, if it was two hours earlier, the letter would have already come. Why hasn’t it come yet?”

“Did something happen?”

The third and fourth person spoke. They were the captains of the first, third, and fourth teams of the Pegasus Mercenary Corps. Usually, they would split up and only meet up to discuss when they encountered something.

Now, the leader of the second team of the Pegasus Mercenary Corps, their young master, was attacked and his life was in danger. That was why they came here to discuss the matter.

They were all burly and sturdy like tigers and leopards. In the Dragon Kingdom, he would also be a strong person.

“Who’s that Lu Hongyi? How dare he provoke us!” The first team’s captain’s voice was filled with rage.

“The day before yesterday, my son woke up and revealed that Lu Hongyi wasn’t much older than him,” Zhuang Lang said.

Everyone gasped.

“How old is he?”

“The young master’s talent is extraordinary. He has reached our level at such a young age. The young man who can defeat him must be a prodigy.”

“But I’ve never heard of such a person in the northern region.”

“Could it be that he’s a prodigy from another region?”

“Do you think he’s from an aristocratic family in one of those big countries?” the fourth captain asked.

“It’s possible!” Everyone agreed.

“But we have nothing to do with those aristocratic families. Why would they provoke us like this?” the fourth captain asked.

The first team captain was suddenly speechless.

When everyone heard this, they realized the seriousness of the matter at the same time.

“It’s possible!” Zhuang Lang’s expression was solemn.

“In the past few years, the news that we’re looking for the Red Phoenix divine medicine has already spread to the Great Country.”

The first captain asked again, “Leader, this is no small matter. Should we report this to that lord?”

Zhuang Lang frowned and then heaved a sigh of relief. “Then you can leave first.”

“Yes, sir!”

The three captains responded and were about to leave the tent when they saw someone rush in.

“Reporting to our regiment commander and team captains, something bad has happened. Captain Sun Bao has returned, but he’s seriously injured and dying.”

“What?!”

Everyone was shocked, and their pupils dilated. “What happened?”

“Before he fainted, he only said one name: Lu Hongyi!”

Instantly, the three captains of the Pegasus Mercenary Corps were enraged. “It’s this Lu Hongyi again.”

“If he’s the only one who came back, then it means that the fifth and sixth team captains might have met with misfortune,” the first team captain said calmly.

“Motherf\*cker! Lu Hongyi, no matter what forces you have behind you, the Pegasus Mercenary Corps will never let you go!”

The fourth team captain was so angry that his lungs were about to explode.

“In my opinion, we should tear open the void and lead the army to Jiao City.”

...

“Ji Han, do you want to hide?”

At this moment, Lu Benwei and Ji Han were hiding behind a sand dune hundreds of kilometers away from the Pegasus Mercenary Corps.

“No, I can help you. Besides, I have nowhere to hide.”

Ji Han refused. Her bright eyes flashed.

“You can hide in my body,” Lu Benwei said.

“How can I hide in your body?” Ji Han blushed.

Lu Benwei laughed dryly and continued, “What I mean is to hide in my sea of consciousness. As long as I don’t die, no one can hurt you.”

“No, I can help you.” Ji Han shook her head and refused.

“It’s hard for you to fight a Monster Ape. How can you help me?” Lu Benwei pursed his lips and was a little speechless.

In an instant, Ji Han was extremely ashamed and angry. She raised her fist and punched Lu Benwei’s chest. “That’s not my forte. Trust me, I can really help you.” Ji Han blinked her eyes, and a faint light flowed out.

Lu Benwei heaved a sigh of relief and said, “Alright, but when there’s danger later, you have to listen to me.”

“I know.”

Lu Benwei used Lightning Speed and gave Ji Han this speed to boost her speed. The two of them stepped on Lightning Speed, and their speed was simply unmatched.

At the same time, in the Pegasus Mercenary Corps' main camp.

The first, third, and fourth team captains were furious. Their thick hair danced in the air, and they were extremely terrifying.

"Lu Hongyi, I'll tear you into pieces! Captain, I can't take it anymore. I want to kill my way into Jiao City now," Zhuang Lang said, his expression uncertain.

Suddenly, his face darkened, and he soared into the sky. Then, he stretched out his palms with great force.

A layer of blue light covered the entire camp.

"Who is it?" Zhuang Lang shouted coldly, his voice rumbling like thunder.

"Kill your people!" Lu Benwei and Ji Han soared into the sky, their eyes emitting an extremely cold light.

"You're Lu Hongyi? You're simply too arrogant!"

For some reason, Zhuang Lang's heart trembled, and his right eyelid twitched. He had a bad feeling.

Lu Benwei was also shocked. Just now, he had used Judgment and was prepared to strike first.

As he expected, the moment he released his killing intent, it was detected by the leader of the Pegasus Mercenary Corps, a level-90 expert, Zhuang Lang, and was blocked.

"As expected of a level-90 king, the difference is like heaven and earth!"

"A mere level-69 junior dares to be impudent in front of me!" Zhuang Lang shouted coldly, his hair fluttering in the wind.

Back in the northern plains of the Dragon Kingdom, Lu Benwei had already reached level 65. With the addition of 10 times experience, his leveling speed was faster than ordinary people. He was now level 69, just one step away from reaching level 70.

At such a young age, he would be considered a heaven's favorite in the Southern Desert Continent.

Zhuang Lang was also shocked.

"Lu Hongyi, die!"

Three divine rainbows soared into the sky. It was the captain of the Pegasus Mercenary Corps.

"Ah!"

The fourth captain, Yi Xiao, let out a howl, his hair dancing in the wind like a wild lion. Countless golden needles shot out from his body, emitting golden light. Like a storm, they pressed down on Lu Benwei.

"Buzz!"

These golden needles pierced into Lu Benwei's skin.

Lu Benwei shook his shoulders and shook off all the silver needles. Then, he circulated the Nine Tribulations Regeneration Technique to recover from his injuries.

“What a terrifying physique!” the fourth captain said in surprise.

“No, it’s not his physique. It’s a kind of life-restoring technique,” the leader of the Pegasus Mercenary Corps, Zhuang Lang, said coldly, his eyes emitting a cold blue light.

#### Chapter 720 Defeating the Enemy

Lu Benwei’s fists moved quickly, and a galaxy appeared in the sky.

The first, third, and fourth captains of the Pegasus Mercenary Corps bent their bodies like dragons and pounced on Lu Benwei.

At the same time, the members of the Pegasus Mercenary Corps of various classes launched a fierce attack.

“Rumble!”

The long night was about to be torn apart. The earth rumbled and the wind blew wildly in the desert.

Lu Benwei launched Star Shattering Fist. Each fist was like a shooting star, falling to the ground.

“Boom!”

The stars exploded, and endless starlight swept through the universe, colliding with all kinds of skills. Heaven and earth opened, and all kinds of five-colored lights dazzled people.

Lu Benwei used the four-amplification skill, and his combat strength increased by several times.

At the same time, he activated the dual-origin bloodlines. They washed against the walls of his blood vessels and fused into one, erupting with Chaos Divine Light and spilling out wisps of light. Lu Benwei’s body was as bright as glass, like a god in the sky.

“Rumble!”

The stars exploded. He once again swung his fists and exploded with the Star Shattering Fist. The endless starlight fist rain was like a huge net, covering the sky and covering the earth as it enveloped the headquarters of the Pegasus Mercenary Corps.

“Ah!”

Screams of pain rose and fell, and all the experts of the Pegasus Mercenary Corps who were under level 60 were instantly killed.

This was an extremely shocking phenomenon. The bodies of the experts of the Pegasus Mercenary Corps fell to the ground like stones, and blood rained from the sky.

Lu Benwei was bathed in the blood rain. His body was like glass, and his eyes emitted a terrifying light.

The first captain of the Pegasus Mercenary Corps was furious. “Lu Hongyi, you killed my brother!”

“Who should we seek justice for those who were forcefully taken away by you?” Lu Benwei said coldly Today, I’ll enforce justice on behalf of the heavens!”

“Arrogant!” The first, third, and fourth team captains of the Pegasus Mercenary Corps shouted in unison. They charged forward and used a cruel killing technique on Lu Benwei.

Lu Benwei’s hair was thick, and his eyes were filled with killing intent. Then, he rushed up and started a physical battle with the three of them.

Not long after, the barren mountain behind the Pegasus Mercenary Corps’ base camp was broken through. All kinds of tents were uprooted. Dust soared into the sky, rocks pierced through the clouds, and blood flowed freely.

The first, third, and fourth team captains of the Pegasus Mercenary Corps were all heavily injured and returned in defeat.

“What a terrifying person!”

“In the entire Southern Desert Continent, he’s one of the best.”

“Unfortunately, you have offended us!”

The three of them shouted. Their heavily damaged bodies trembled crazily, and their bones emitted crackling sounds. In almost an instant, their heavily damaged bodies healed.

They were all experts above level 70, and the first team captain had level 80 combat strength.

Lu Benwei did not have the idea of defeating the three of them in one go, but he had to end the battle as soon as possible.

Underground, the real enemy was watching.

“Boom!”

The three team captains of the Pegasus Mercenary Corps began to attack again, each of them using heaven-defying killing techniques.

“Clang!”

Suddenly, the sound of swords clashing rang out between heaven and earth. Lu Benwei held the Ancient Sword of Clarity and attacked and defended as one with the three of them.

“Clang! Clang! Clang!”

...

The sound of sword light shook the sky, and sparks flew everywhere. Lu Benwei’s eyes were as sharp as blades. He activated his Eye of Insight and detected the weakness of the third and fourth team captains of the Pegasus Mercenary Corps. He took advantage of the gap and slashed his sword diagonally.

“Puff!”

Immediately, one of them was cut in half, and blood flowed out.

“Ah!” The remaining person’s eyes were about to pop out, and he was extremely furious.

“I’m going to kill you!”

As expected, Lu Benwei was the first to stab the man’s chest. Blood sprayed out and dyed the night sky.

The first team captain of the Pegasus Mercenary Corps was filled with shock and fear.

“No, this is impossible!” he muttered like a mad demon, and a chill ran down his spine.

Lu Benwei’s gaze was sharp, and his expression was cold. “Do you know fear now? But those who died under your swords, weren’t they the same?”

“I was wrong. I won’t do it again!” The first captain ran and begged for mercy as if he had gone crazy.

Lu Benwei raised his sword and chased after him.

Then, a whip pierced through the first team captain’s body.

“Puff!”

Fresh blood splattered and dyed the sky red.

Lu Benwei was almost affected, but fortunately, he reacted in time and stopped.

At this moment, the first team captain looked at the wound on his chest in disbelief. Blood was flowing out, and he looked at the spot where the whip had come from.

“W-why?” the first captain asked in a trembling voice.

“The Pegasus Mercenary Corps doesn’t need deserters,” the figure on the ground said coldly.

“Puff!”

The whip twitched and pulled out the internal organs. The scene was very bloody.

Lu Benwei could not help but frown.

The man on the ground was so cruel to his own people, let alone his opponent. Lu Benwei had no choice but to be more cautious.

The leader of the Pegasus Mercenary Corps, Zhuang Lang, slowly rose into the air. Every step he took was accompanied by the sound of a tsunami.

Zhuang Lang’s hair was disheveled, and his thick hair danced in the wind. His eyes were as sharp as knives.

“You’re very strong!” he spoke slowly.

Lu Benwei’s expression sank. “Thank you for the compliment, but you have to pay the price for your cruel actions! Why are you doing this?”

Zhuang Lang’s voice was like the sea before the storm, and there was a hint of killing intent hidden in the calmness.

“You worked so hard for others and ended up with a body full of bones. Why don’t you follow me?”

Lu Benwei sneered. “So, you’re saying so much nonsense just to recruit me? What benefits do I get by following you?”

“Of course!”

Zhuang Lang’s pupils suddenly dilated, and his face revealed a ferocious expression.

“Your future achievements are limitless. You’ll stand in my position! If the two of us join hands, we’ll be able to dominate the northern region!”

Lu Benwei almost laughed out loud. “You’re so cruel to your own people. Do you think I’ll follow you?”

“You’re different from them!”

As he spoke, Zhuang Lang rushed forward at an extremely fast speed. By the time Lu Benwei reacted, Zhuang Lang was already close at hand.

“Boom!”

A voice that sounded like a raging sea exploded in his ears, along with Lu Benwei’s body.

This was the power of a level-90 king! It was so terrifying that it would be a crushing blow to anyone below level 90.

At this moment, strands of red blood suddenly appeared in the air, connecting the scattered flesh and blood, and the bones made crackling sounds.

Nine Tribulations Regeneration Technique!
