

Dungeon 731

Chapter 731 Cooperation

Lu Benwei could not help but frown.

“How did you know?”

Xiong Hu tapped his temple with his fingertip. “I rely on my brain. I’m not an inspector for nothing.”

Lu Benwei was speechless.

“Then why didn’t you tell everyone about the Mi Family’s conspiracy?” Ji Han asked.

Xiong Hu tapped her head. “Are you stupid? You’re accusing a powerful faction without any evidence. If you don’t want to live long, I do!”

Ji Han stuck out her tongue awkwardly.

“So, your next task is to find evidence of the Mi Family? And you want me to help you implicate the Mi Family? But why are you looking for me?” Lu Benwei frowned and asked.

“It’s very simple. You have no background.” Xiong Hu raised his eyebrows. “I’m being watched wherever I go. You’re the most suitable person to be my spy.”

“What benefits do I get?” Lu Benwei said in a deep voice.

Xiong Hu pondered for a moment and said meaningfully, “The benefits are huge. You’ll know when the time comes.”

He wiped the oil off the corner of his mouth and got up to go to the window.

“If I stay here for too long, I’m afraid there will be trouble.”

After saying that, he prepared to jump out of the window. However, because he was too tall, his head hit the windowsill.

“Ouch!”

Xiong Hu let out a blood-curdling scream and fell straight down.

Lu Benwei poked his head out of the window.

Xiong Hu was embedded in the soil in the shape of a large character, looking very comical.

Lu Benwei let out a long sigh.

Ji Han heard Lu Benwei’s sigh and said in surprise, “You’re going to work with Xiong Hu? When did you agree to it?”

“I didn’t agree to his request. It’s just that the Mi Family is a threshold that we can’t cross. It’s only a matter of time before we clash with the Mi Family,” Lu Benwei said, “Whether we cooperate with Xiong Hu or not, we can’t avoid contact with the Mi Family.”

After a pause, he continued, "But I don't understand. Why would the Mi Family attack the Steel King Strange Strength Bear Clan? Are they trying to stir up trouble?"

...

In the middle of the night, a cold snort woke Lu Benwei up.

Then, a loud voice rang out throughout the city. "Hmph, you even dare to attack the heir of my Qin Dynasty. You're really getting impatient!"

In the next second, the void was torn apart, and the world rumbled. A terrifying pressure swept across the entire corner city like the waves of the sea.

The lights in every household were lit up, and screams could be heard.

A few divine rainbows streaked across the world as heroes from all over the world headed toward the Huqin Dynasty's residence.

"What happened?" the Great Peacock King asked.

At this moment, the general of the Huqin Dynasty, Hu Bailie, was healing the Crown Prince, Hu Wuwei, with a gloomy expression on his face.

"Someone dares to attack the prince!"

The Great Peacock King understood what was going on.

"Fortunately, I was prepared," Hu Bailie said, "I slept with the prince, and he was not hurt too badly."

Hu Wuwei's right arm was torn to pieces by the arrow. It was enough to show how terrifying that person's strength was!

"Who is so bold as to assassinate the prince?" Hu Bailie was furious, and his voice sounded like thunder.

"Call Inspector Xiong Hu over," the Great Peacock King ordered his servants to follow him.

Soon, Xiong Hu arrived at the scene.

Hu Bailie asked directly, "Xiong Hu, let me ask you. How's the progress of the investigation?"

Xiong Hu's expression turned serious. "I'm not talented," he said, "I only found a clue."

As he spoke, he took out a small magic formation. Inside was a sealed arrow.

However, the membrane at the end of the arrow had been removed.

"I extracted the membrane and analyzed its composition. I found that it was the skin shed by a snake."

"Snakeskin?"

Everyone was shocked.

"Is that true?" Hu Bailie asked directly.

"It's absolutely true. Take it out and test it," Xiong Hu replied.

Hu Bailie looked at the arrow in his hand thoughtfully.

After a while, he asked his servant, "Is there any snake tribe in Jiao City?"

"There seems to be one. They're currently staying in an inn in the south of the city."

"What tribe is it?"

"It seems to be the Quicksand Kingsnake Clan."

Hu Bailie immediately narrowed his eyes. "Quicksand Kingsnake!"

An extremely terrifying pressure erupted from his body, and the arrow in his hand emitted green smoke as it was crushed into powder by his bare hands.

Xiong Hu's expression changed slightly.

Before he could finish his sentence, Hu Bailie soared into the sky and headed toward the place where the Quicksand Kingsnake Clan resided.

Xiong Hu's lips twitched. "F*ck! How did this impatient fellow become the general of the Huqin Dynasty?"

"What's wrong?" the Great Peacock King asked.

"I've already investigated the Quicksand Kingsnake Clan. The other party doesn't have the ability to commit a crime. The Quicksand Kingsnake Clan's highest combat strength is only at level 90," Xiong Hu said with a grin.

"The Steel King Strange Strength Bear Clan's grandson was assassinated right under their clan leader's nose. Can you do it at level 90?"

The Great Peacock King's expression changed slightly. "Not good, the Quicksand Kingsnake Clan might be in trouble."

After saying that, he and Xiong Hu headed toward the south of the city.

At the same time, Hu Bailie had already overturned the inn where the Quicksand Kingsnake Clan had resided. Smoke and dust soared into the sky, covering the sky and the sun.

Blood was dripping from the mouth of the Quicksand Kingsnake's clan leader. "Hu Bailie, don't go too far!"

Hu Bailie snorted and raised his voice. "Assassinating the prince of our dynasty, you should be beheaded!"

The Quicksand Kingsnake clan leader was so angry that his nose was crooked. His voice was even louder than Hu Bailie's. "Stop slandering me!"

"You dare to do it but don't dare to admit it? You were the one who killed the Steel King Strange Strength Bear Clan's grandson, right?" Hu Bailie asked coldly.

"Bullsh*t!"

“You still dare to be stubborn when you’re about to die? Kill!” Hu Bailie’s eyes were cold.

After saying that, he tore the void with his bare hands and attacked forward. The power was extremely terrifying.

“Holy Light Shield!”

A clear shout sounded, and a layer of holy light armor enveloped the Quicksand Kingsnake Clan. When its clan leader saw this, he joined forces with Lu Benwei to resist the attacks.

The Holy Light Shield helped him to offset a large amount of damage. He also took advantage of the situation and let out a long roar, his entire body emitting a brown light beam.

“Rumble!”

The aftershock spread in all directions, and countless houses collapsed. Miserable screams continued.

“It’s you?”

Hu Bailie stared coldly at Lu Benwei, who was in the smoke.

“Are you with them?”

“General Hu, please calm down.” Lu Benwei tried to persuade him.

“The Quicksand Kingsnake Clan isn’t the murderer behind the scenes.”

Hu Bailie sneered. “The evidence is irrefutable. It’s a fact!”

Chapter 732 Undeserved Disaster

“Could it be that you guys are in cahoots?”

Hu Bailie narrowed his eyes and sized up Lu Benwei.

At this moment, Xiong Hu and the Great Peacock King arrived and called out to Hu Bailie, “General Hu, there’s been a mistake.”

Xiong Hu was so tired that he was out of breath.

“The Quicksand Kingsnake Clan can’t be the murderer!”

Hu Bailie’s eyes widened in anger. “How could they not be? They are the only snake clan in Jiao City!”

Xiong Hu was dumbfounded. He thought that Hu Bailie was not only impulsive but also brawny and simple-minded.

“General Hu, calm down and think carefully. If the Quicksand Kingsnake Clan is the mastermind, how could they appear in front of us so openly? Moreover, you’ve fought with the culprit behind the scenes for a short time, so you should know his strength!” Xiong Hu gulped and explained to Hu Bailie.

Hu Bailie frowned and pondered. A moment later, a hint of embarrassment flashed across his face.

“You said that the Quicksand Kingsnake might be the mastermind, so I came!”

When Xiong Hu heard that, he was so angry that his nose was almost crooked. He cursed Hu Bailie's ancestors in his heart.

"Damn it, how did this person become the Great General of the Huqin Dynasty? Not only is he simple-minded and impulsive, but he's also so shameless."

"When did I say that the Quicksand Kingsnake Clan was the murderer?"

However, he soon understood that Hu Bailie was here to save his face and put the blame on him.

At this moment, he was in a dilemma. There was Hu Bailie in the front, and the Quicksand King Snake Clan in the back.

Xiong Hu grinned awkwardly and said, "I spoke too hastily just now. The Quicksand Kingsnake Clan is a small possibility, but I've already ruled it out. I was a little slow in my speech and caused you to misunderstand."

"Alright, it's enough to clarify the facts," at this moment, the Quicksand Kingsnake Clan Leader said resentfully.

He knew that Hu Bailie was trying to find a way out by pushing the blame on Xiong Hu. The other party was powerful and backed by the Huqin Empire.

The Quicksand Kingsnake Clan could not afford to offend them. Xiong Hu heaved a long sigh of relief, thinking that he had not offended this faction.

"Since we have a clue, let's continue searching." Hu Bailie put his hands behind his back and left.

Xiong Hu was so angry that he wanted to curse again.

After Hu Bailie left, he called out, "The Huqin Dynasty is going to be finished sooner or later!"

Lu Benwei laughed and said, "It's not good to be a dog, right?"

"Go to the side!" Xiong Hu was so angry that he could not help but feel angry.

At this moment, the Quicksand Kingsnake Clan Leader walked over. He had transformed into a human form. He looked beautiful and was quite young.

"Thank you for saving me."

"It's nothing. It's what I should do. After all, I live next door to you, so I'm afraid I'll be affected."

Just now, he had been observing the crime scene through the Eye of Insight.

When Hu Bailie rushed over, he was worried that he would be affected, so he took action.

"Thank you again." The Quicksand Kingsnake Clan Leader bowed again to express his gratitude. "My name is Liu Qinghe. If you need anything in the future, I'll do my best."

"My name is Lu Hongyi," Lu Benwei replied politely.

"I know you. A few days ago, you were a famous person in Jiao City. The story of you eliminating the Pegasus Mercenary Corps by yourself has spread all over the northern wilderness." Liu Qinghe's eyes revealed a hint of approval.

"So, it's you, who's in the middle of the mountain?"

At this moment, the Great Peacock King walked over with a crown on his head. The feathers on his back seemed to be inlaid with gems, shining brightly under the night sky.

"Greetings, Great Peacock King!"

The Quicksand Kingsnake was a vicious clan, and it needed to respect experts like the Great Peacock King.

Lu Benwei also nodded slightly.

"I've long heard that the Pegasus Mercenary Corps, which had dominated the northern wilderness for many years, was uprooted by a junior," the Great Peacock King said. His voice was gentle, like the spring rain.

Lu Benwei did not say much and only said, "It's just that I can't see through their usual style."

"Good!"

The Great Peacock King only said one word and expressed his evaluation of Lu Benwei.

"When the storm is over, I welcome little friend Lu to my residence as a guest."

"Thank you, Great Peacock King," Lu Benwei said.

At this moment, a streak of white appeared in the sky.

The Great Peacock King yawned lazily. "We've been making a scene all night. I should go back and catch up on my sleep."

After saying that, he returned to his residence.

Only Lu Benwei, Xiong Hu, Liu Qinghe, and his clansmen were left.

Liu Qinghe looked at the ruined inn and was at a loss.

"Brother Qinghe, there are some empty rooms in the inn I'm staying in." Lu Benwei sent an invitation.

"With the current situation, it's already good that there's a place to stay," Liu Qinghe said.

Lu Benwei's inn was not far from here, only a mile away.

In the conflict between Hu Bailie and Liu Qinghe, he was not affected and escaped with his life.

When the innkeeper saw that Lu Benwei had helped him attract a business, he was so happy that his mouth reached the back of his head.

"Hero Lu, you guys do it. I'll prepare breakfast for you immediately!"

After saying that, he personally ran to the kitchen.

After Lu Benwei and the others took their seats, they began to chat in boredom.

“Are you here for the Red Phoenix divine medicine?” Lu Benwei suddenly asked.

He suddenly remembered why Jiao City had become a place where wind and clouds gathered.

“Brother Lu, are you not here for the Red Phoenix divine medicine?” Liu Qinghe was surprised.

Lu Benwei shook his head.

“In the beginning, it was just to wait for someone. It just so happened that the Pegasus Mercenary Corps was causing trouble. Not long after the Pegasus Mercenary Corps was eliminated, I heard that the Red Phoenix divine medicine will be born in Jiao City.”

“I see.” Liu Qinghe nodded slightly.

“Will the Red Phoenix divine medicine really be born?” Lu Benwei asked again, “What’s the matter?”

“I’m not too sure about that.” Liu Qinghe shook his head.

“However, I do have a secret that I can share with the two of you to repay you for saving me.”

Lu Benwei and Xiong Hu pricked up their ears at the same time.

“The Red Phoenix divine medicine is publicly acknowledged as a divine medicine in the world. Legend has it that it will have some reaction with the person who has the most red pearls.” Liu Qinghe lowered his voice and observed his surroundings.

Lu Benwei and Xiong Hu were both surprised.

“Brother Qinghe, are you the only one who knows this secret?”

Liu Qinghe shook his head with a serious expression. “Not only that, according to my observations, there are many powerful people in Jiao City who are secretly trading red pearls. If the two of you want to fight for it, you must make plans early.”

Lu Benwei nodded and thanked Liu Qinghe for his kindness.

Actually, he still had some questions in his heart. Why were these powerful people so sure that the Red Phoenix Divine Medicine would be born here?

Chapter 733 Snatching the Red Pearl

However, those rumors could not be groundless.

Lu Benwei had already made up his mind. His next step was to snatch the red pearls.

After a short rest, the three of them headed to the Red Pearl Trading Center in Jiao City.

‘The red pearl contains a trace of the Red Phoenix’s blood essence. The Red Phoenix divine medicine is inextricably linked to the Red Phoenix. The secret that Liu Qinghe said is 99% true,’ Lu Benwei thought to himself.

The three of them entered the trading center together, and the smell of the market assaulted their faces. All the red pearl merchants along the street were shouting and selling their goods.

Recently, the trading volume of the red pearls skyrocketed, and the trading volume had also risen. The various merchants were also valiant and spirited.

“Fine, 100,000 pounds of red pearls, and you want 200,000 gold coins from me? You really dare to ask for an exorbitant price!”

The three of them strolled around for a while before they ran into a powerful man who had a conflict with the red pearl merchant.

“I remember that the price was still 150,000 gold coins yesterday!”

The merchant was not flustered at all when he was grabbed by the collar.

“Yesterday was yesterday’s price, but today is different. If you don’t want to buy it, please don’t prevent me from doing my business.”

The customer was so angry that he was panting heavily, but there was nothing he could do.

“Pay up!”

The servant behind him took out a note worth 200,000 gold coins and threw it on the ground.

The merchant was not annoyed by the sight of money and happily led the customer to his own warehouse.

Lu Benwei walked around with the two of them.

The rising trend of the red pearls left people speechless. Almost every hour, the price would rise by 10 percent.

“This is too ridiculous!” Xiong Hu said, flabbergasted.

Liu Qinghe shrugged and said helplessly, “Looks like we reacted too late.”

In the afternoon, the price of the red pearls soared.

Some people saw a business opportunity and began to stock up. The price of the red pearls was three times higher than in the morning.

Fortunately, Lu Benwei and the two of them acted in time and obtained 300,000 pounds of red pearls with 700,000 gold coins.

Adding on the pearls that Lu Benwei had extorted from Zhuo Quan, he now had a total of 200,000 pounds of red pearls.

Xiong Hu rubbed his hands.

“It’s making me want to sell the 50,000 kilograms of red pearls in my hands.”

Lu Benwei teased.” Don’t. If you sell it and want to buy it back, it won’t be at that price.”

“Of course, I know. I have a total of 350,000 pounds, including what I’ve accumulated before,” said Liu Qinghe.

“To be honest, it’s not a small amount, but we don’t know how much the other powerhouses have.”

Not long after, a shocking piece of news spread throughout the entire Jiao City.

The heir of the Huqin Empire spent ten million gold coins to purchase six million pounds of red pearls from other places in the Red Pearl Country.

This news caused an uproar among the various powerhouses overnight.

“Damn it, is the Huqin Empire not going to let us play anymore?”

“Is this the strength of the empire?”

“I’ll slip away. In the end, the competition for the Red Phoenix divine medicine will be between those large factions.”

Lu Benwei and the other two were dumbfounded.

The red pearls they had added up were not even a fraction of what the Huqin Empire had.

In the evening, some of the major powers took action again.

The next day, a piece of news came.

The Great Peacock King had stirred up a red pearl vein and obtained four million pounds of red pearls!

The Steel King Strange Strength Bear Clan, on the other hand, looted a mine in the Red Pearl Country and obtained seven million pounds of red pearls.

This action incurred the wrath of the Red Pearl Country’s royal family. They declared war on the Steel King Strange Strength Bear Clan and requested the various heroes to uphold justice.

In the end, the Steel King Strange Strength Bear Clan’s actions incited the other major powers and factions to start looting within the Red Pearl Country’s borders.

“Damn it, aren’t these people too shameless?”

Xiong Hu cursed and stomped his foot on the ground in anger.

“Why don’t we get involved?” Lu Benwei suggested.

“Isn’t this immoral?” Liu Qinghe was a little nervous, and his conscience could not bear it.

“It’s not the territory of your vicious race. I, a human, don’t think much of it. What are you afraid of?”

“That’s true!”

The three of them discussed and began to move.

Soon, a mine was ransacked, and the three of them obtained a total of four million pounds of red pearls.

However, Lu Benwei did not go too far. He left behind goods of equal value as compensation.

After nearly a week, the looting finally stopped.

The Huqin Empire, the Great Peacock King, and the other top forces jointly proposed that no more violent looting of the mines was allowed. Otherwise, they would be punished by the heavens!

“Damn it, I didn’t expect that the Great Peacock King, this thick-browed and big-eyed fellow, would have such a black heart!” Xiong Hu shouted.

Lu Benwei smiled bitterly. “These big forces rely on their strength to rob first. When they think they have robbed enough, they block the road.”

Liu Qinghe was deeply worried. “But the problem now is that the three of us added together only have 20 million pounds of red pearls. We can’t be compared to those big forces.”

“When the Red Phoenix divine medicine descends, I’m afraid it will occupy a disadvantageous position.”

A few days later, Lu Benwei learned that the Red Phoenix divine medicine would soon appear in Phoenix Blood Mountain in the east of Jiao City.

At that time, a secret realm would be formed.

One had to possess a certain number of red pearls to be able to enter Phoenix Blood Mountain.

Of course, this was only the condition to enter Phoenix Blood Mountain.

People guessed that the Red Phoenix divine medicine would automatically recognize the person with the most red pearls as its owner.

Lu Benwei suddenly thought of something and said, “Why do you think the Red Phoenix divine medicine reacts with the red pearl?”

“Needless to say, it’s because of the blood essence of the Red Phoenix contained in the red pearl!” Xiong Hu shrugged.

Suddenly, he was stunned.

Lu Benwei continued, “I feel that it’s more useful to grasp the blood essence of the Red Phoenix than to grasp the red pearl!”

“You’re right!” Xiong Hu shouted.

“Right now, everyone’s attention is on the red pearl, but the Red Phoenix’s Blood Essence is still at its original price. We might be able to turn defeat into victory.”

The three of them immediately went to Jiao City and the other regions to purchase the Red Phoenix’s Blood Essence.

Seven days later, the three of them had purchased a liter of Red Phoenix’s Blood Essence.

One had to know that 10,000 pounds of red pearls could only extract a drop of Red Phoenix’s Blood Essence.

A liter of Red Phoenix’s Blood Essence was equivalent to two hundred million pounds of red pearls.

In addition, the three of them already had red pearls. In one fell swoop, they became the faction with the greatest chance of winning.

At the same time, in the Mi family.

“Zhuang Lang, that damn thing. It ruined the plan we’ve worked so hard for so many years!”

On the throne of the Mi family, the ancestor of the Mi family said slowly. He opened his eyes, and his pupils were terrifying.

A giant, purple-scaled snake was coiled under his throne. Its bell-sized eyes stared ahead, and it kept flicking its scarlet tongue.

Chapter 734 Red Phoenix’s Blood Essence

Someone asked under the throne, “But will the Red Phoenix divine medicine really be born on the Phoenix Blood Mountain?”

The Mi Family Leader gasped. He did not have much time left, and his heart was exhausted. Every time he took a breath, it would take a long time.

“It shouldn’t be fake,” the Mi Family Leader said hoarsely as if he had a mouthful of phlegm in his throat.

The people under the throne did not say anything else. They all bowed and left.

...

In Jiao City, a ray of sunlight shone through the thick clouds. In the past few days, the city had been covered by dark clouds every day.

“Boom!”

A shocking muffled thunder exploded above the clouds.

The ray of sunlight suddenly moved. It swept across the entire Jiao City and headed straight for the east of the city!

“Is the secret realm about to open?” someone asked.

As expected, the ray of sunlight stopped on Phoenix Blood Mountain.

Suddenly, the thunder above the clouds in the sky was like ten thousand horses as if it was going to collapse the sky.

A layer of red clouds appeared in the sky above the Phoenix Blood Mountain. It seemed to be formed by blood qi and was terrifyingly red.

“Rumble!”

A red thunderbolt descended from the nine heavens and hit the Phoenix Blood Mountain. A deafening phoenix cry erupted and struck the soul.

“Rumble!”

Red thunderbolts swept across the Phoenix Blood Mountain.

“Haha!”

“The Red Phoenix divine medicine is indeed about to be born. Little ones, follow me to kill our way into the Phoenix Blood Mountain!”

The leader of one of the forces shouted excitedly and led his troops straight to Phoenix Blood Mountain.

Their speed was extremely fast. Before the others could react, they had already arrived in front of the mountain.

“Leader, the pressure here is so strong. I’m afraid we can’t withstand it! The major forces in Jiao City haven’t moved yet,” the clansman shouted.

Their leader looked at the endless sea of lightning and gritted his teeth. “What are you afraid of? It’s just a stalk of medicine. Do you think it can overturn the heavens? I’ll lead the way in front, you guys follow behind me!”

After saying that, the blood in his body surged, and his heart beat like a war drum.

In front of him, a thunderbolt as thick as a mountain blocked his way, preventing him from moving forward.

“I don’t believe that a mere herb can have the power to overturn the heavens!”

After saying that, the leader rushed straight in.

“Ah!”

With a heart-wrenching scream, his body turned into charcoal at a speed visible to the naked eye. His soul origin came out, wanting to escape this place quickly.

In the end, a giant hand of lightning reached out from the red lightning, tore through the void, and captured his soul origin.

After that, he refined it and turned it into the nourishment for the Red Phoenix divine medicine.

His tribesmen were shocked and quickly turned around to escape.

However, the giant hand of lightning did not want to let them go. It tore through the sky and charred them on the outside and turned them into nutrients.

All the experts in Jiao City were shocked, and their hair stood on end.

“A level-93 king tier can’t even withstand a single blow!”

“What’s going on?”

The Steel King Strange Strength Bear Clan’s old leader snorted coldly. “The birth of the Red Phoenix divine medicine is the will of the heavens. Interrupting its birth is equivalent to going against the heavens. Even if you were a king tier, you’d still be reduced to ashes!”

Hearing this, everyone’s expressions changed, and they gave up on the idea of attacking now.

Lu Benwei was also shocked. A level-93 king would only be reduced to ashes in the face of the lightning tribulation. It was too terrifying.

“The Red Phoenix divine medicine will be bathed in blood!” he looked at the heroes surrounding the city wall and said.

The boundless red lightning tribulation lasted for three days and three nights before it stopped.

At this moment, the Phoenix Blood Mountain was bathed in a layer of pale golden light that illuminated the northern wilderness.

Everyone there was alarmed and all their eyes were fixed on this place.

A huge Red Phoenix phantom appeared and disappeared. It spread its wings as if it could break through the sky.

The cry of a phoenix shook the nine heavens, and a blazing cloud appeared in the sky for ten thousand miles. It was extremely gorgeous.

“The Red Phoenix divine medicine has been born. Let’s go!” the leader of one of the forces shouted and soared into the sky.

“Boom!”

A bolt of lightning tore through the layers of burning clouds, turning the people that came its way into charcoal. They did not even have the chance to escape.

This change happened so suddenly that everyone’s hearts skipped a beat.

“What’s going on?”

“Could it be that the birth of the Red Phoenix divine medicine hasn’t been completed yet?”

For a moment, everyone’s hearts were shrouded in dark clouds.

The Red Phoenix divine medicine could revive a person from the dead and regain a life of reincarnation. This was too tempting, and everyone was willing to pay a huge price.

“No,” someone said, “The red pearls they have aren’t qualified to enter Phoenix Blood Mountain.”

“I see!”

Someone heaved a sigh of relief. At the same time, some people were frowning.

“How much do you want?!” This was everyone’s question.

“I’ll go first!”

The Great Peacock King took the lead, bringing along a ten million pounds of red pearls. When piled up, it was no less than a mountain.

“Buzz!”

With a slight tremble coming from the Phoenix Blood Mountain, the Great Peacock King successfully entered the Phoenix Blood Mountain.

“Ten million pounds of red pearls to enter Phoenix Blood Mountain?” Some people were in despair.

At the same time, some people soared into the sky with eight million pounds of red pearls in their hands.

“Buzz!”

This person had also entered the Blood Phoenix Mountain.

However, during the process of entering, a bolt of lightning struck. That person was shocked and could not dodge in time. Fortunately, the lightning bolt was not very strong and only chopped off one of his arms.

“It turns out that the laws of the secret realm will descend tribulation lightning of different power according to the number of red pearls held.” This was what everyone concluded.

“8 million pounds of red pearls only lost an arm. I, 7 million pounds of red pearls, will be able to charge in!” a person said as he rushed into the sky with seven million pounds of red pearls in his hand.

“Rumble!”

Two bolts of lightning descended from the sky in succession. The lightning light was boundless, and a terrifying aura erupted.

“Waaaah!”

That person screamed and finally entered Phoenix Blood Mountain covered in blood.

Following that, forces with six million pounds of red pearls were ready to make a move.

In the end, they turned into charcoal men and entered Phoenix Blood Mountain.

At this moment, someone was holding five million pounds of red pearls and was trying to force his way into the Phoenix Blood Mountain.

“No way, six million pounds is the minimum, right? How dare you break through five million pounds?”

“Rumble!”

Countless bolts of lightning descended from the sky, as thick as mountains.

The man let out a miserable cry, but he survived in the end.

Chapter 735 Phoenix Blood Tree

However, in the end, that person only had a wisp of his soul origin left.

Everyone was greatly disappointed.

“Looks like the limit is five million pounds of red pearls.”

“Even if it was five million pounds of red pearls, in the end, only a wisp of soul essence would be left.”

“In this state, there’s no way we can fight for the Red Phoenix divine medicine.”

At this moment, Lu Benwei, Ji Han, Xiong Hu, Liu Qinghe, and his three tribesmen were ready to enter the Phoenix Blood Mountain.

With the Red Phoenix’s blood essence, they did not need to worry about the lightning tribulation even if they did not have the one million pounds of red pearls.

“Who is this force? They want to enter the Phoenix Blood Mountain without relying on red pearls?”

Someone recognized them.

“So, it’s Lu Hongyi who eliminated the Pegasus Mercenary Corps.”

“That brawny man should be the chief inspector of Jiao City. Does he want to get involved?”

“And the Quicksand Kingsnake Clan, they formed an alliance!”

“However, without the red pearls, you’re undoubtedly courting death!” someone said sinisterly.

However, the result was shocking. The seven of them did not trigger the lightning tribulation and entered the Phoenix Blood Mountain safely.

“What’s going on?”

Everyone was puzzled. However, with the disappearance of Lu Benwei, this question was left unanswered.

Suddenly, a muffled groan came from the west of Jiao City.

An extremely terrifying aura swept in all directions, suppressing everyone until they could not raise their heads.

An elderly figure holding five million pounds of red pearls flew over and was about to enter the Phoenix Blood Mountain.

Someone recognized him and called out, “It’s the ancestor of the Mi Family from Desert City!”

The appearance of the Mi Family Leader immediately caused a huge commotion.

“Didn’t he die a long time ago?”

“The ancestor of the Mi Family is highly respected and famous in the northern wilderness. In his later years, he couldn’t resist the temptation of rebirth and wanted to fight for the Red Phoenix divine medicine himself!”

“Time is like a knife!”

“The Mi Family Leader only has five million pounds of red pearls,” someone exclaimed, “Can he still fight after entering the Phoenix Blood Mountain?”

“Rumble!”

The Mi Family Leader held five million pounds of red pearls in his hand, and dark purple mist seemed to erupt from his withered skin.

“Bang!”

A loud heartbeat overpowered the deafening thunder.

Everyone’s mouths were wide open. “This is the heartbeat of the Mi Family Leader. He wants to strike the lightning tribulation directly!”

“Rumble!”

Violent thunderbolts fell, and the lightning was boundless.

The Mi Family Leader roared and spat out a dark purple beam of light to meet the lightning tribulation.

“Boom!”

The endless void collapsed, and the lightning shrank. The Mi Family Leader entered the Phoenix Blood Mountain unscathed.

Everyone gasped. “It seems that the lightning tribulation of the Phoenix Blood Mountain isn’t too strong, but we’re too weak.”

“The ancestor of the Mi Family is indeed brave.”

Everyone was full of praise. However, the Mi Family Leader had done something unimaginable. He threw the five million pounds of red pearls on the ground like it was trash.

In the end, the Mi Family Leader shrugged his shoulders, snorted coldly, and headed into Phoenix Blood Mountain.

Everyone looked at each other. “Mi Family Leader, why did you throw away the red pearls? Isn’t this the key to winning?”

“Perhaps he felt that with his strength, he could fight for the Red Phoenix divine medicine without the pearls?”

...

The Phoenix Blood Mountain had now become a secret realm, and in it was another scene.

The mountain peaks that reached the clouds were endless. The mountain seemed to have been tempered by the gods, and it was red.

On the mountainside of each mountain, there was a dense forest with many rare herbs and strange monsters.

Among them, the peak of the main peak was a flat grassland. A huge Phoenix Blood Tree was growing on it. The trunk was dark red, and the branches were like a huge umbrella that covered all the peaks.

It was extremely terrifying, and at the same time, it emitted a mysterious aura. It was surrounded by a circle of dark red flames that burned endlessly, giving off a strong sense of oppression.

Lu Benwei passed by a wide river. The river was dark red and emitted a pungent smell.

The river flowed against the current and watered the Phoenix Blood Tree.

Lu Benwei and the others were shocked and walked up the riverbank. Along the way, they saw some ancient buildings and stone tablets.

These buildings and stone tablets had been eroded by time, but one could still see their former glory.

“This is the territory that was previously ruled by the Red Phoenix!”

Lu Benwei came to this conclusion through a stone tablet.

At this moment, heroes from all walks of life gathered at the top of the main peak. They raised their heads and looked up at the tree crown.

There was a nest of phoenixes on it. A golden egg about the size of a human body was lying in the phoenix nest, emitting a faint golden light.

Strands of golden light swept across everyone, and everyone felt as if they had become younger. They were instantly shocked.

However, at this moment, each of them dared to act rashly and treated each other with hostility.

Lu Benwei had also rushed here.

Their overall level was the lowest, so they became the mutants here.

“Heh, even some random Tom, Dick, and Harry dare to participate. Aren’t they afraid that the Red Phoenix divine medicine will appear later and the fluctuations that will erupt will shatter their bodies and souls?” Someone sneered.

“If you’re so scared, you can leave first. No one will stop you.”

“You!”

That person instantly widened his eyes in anger and clenched his fists.

“Lu Hongyi, take back your arrogance! This is a secret realm. If it gets chaotic later, you might not even know how you died!”

Lu Benwei looked at that person and sneered. “So, it’s you guys.”

Behind the person who made things difficult for Lu Benwei stood a man as fat as a pig.

Not long ago, that person made things difficult for Lu Benwei. He was taught a lesson by Lu Benwei.

Looking at that person again, his body was as thin as a hemp pole, standing there like a candle in the wind.

“Don’t look down on their appearances,” Xiong Hu said, “They’re the famous Double Monsters of the northern wilderness.”

Lu Benwei nodded. Then he said, "I'll give you the exact words I said. You better keep your tail between your legs in front of me. Otherwise, you might not even know how you died!"

Xiong Hu's expression immediately changed. He grinned and said, "You know nothing!"

The two killers were furious. "Lu Hongyi, you're really asking for death! Who cares what kind of strength you have behind you? In this world, strength speaks!"

The two of them were restless, and their eyes shot out a light that could kill.

"Behave yourselves!"

A cold shout scared the two of them into shrinking their necks.

The owner of the voice was the top expert here, the General of the Huqin Empire, Hu Bailie.

"The Red Phoenix divine medicine is about to be born. If anything happens because of you, I'll come for you!"

Chapter 736 Red Phoenix Divine Medicine

The northern wilderness Double Monsters shivered in fear.

They quickly apologized and shrank back.

"I'm sorry, we'll be careful."

Then, Hu Bailie looked at Lu Benwei coldly.

"You again! You should also make a statement!"

Lu Benwei smiled and said, "Me? What should I say?"

Veins bulged on Hu Bailie's forehead. "You almost ruined the appearance of the Red Phoenix divine medicine. Shouldn't you apologize to everyone?"

"It was because those two people caused trouble first. It's enough that they apologized. Why do you want me to apologize too?" Lu Benwei sneered.

"Why did they only provoke you?" Hu Bailie asked angrily.

"Even if they did something wrong, the appearance of the Red Phoenix divine medicine is imminent. You should also endure it!" Hu Bailie said angrily.

"If those two didn't provoke me, would I have retaliated?" Lu Benwei sneered.

"As for you, you seem to be acting like a good person, but in fact, you're showing off. Aren't you afraid of being struck by lightning?"

Many people at the scene gasped and muttered, "This kid dares to challenge Hu Bailie. He must be tired of living."

"Brother Lu, are you sure you want to start a conflict with the Huqin Empire?" Liu Qinghe asked.

Xiong Hu, on the other hand, had a brazen look on his face as he shouted, “F*ck, we don’t cause trouble, but that doesn’t mean we’re afraid of trouble. If you have the guts, kill Lu Hongyi first!”

Hu Bailie smiled sinisterly. “Brat, if I don’t get rid of you, I’m afraid there will be trouble. I’ll kill you right now!”

After saying that, a black line shot out of his eyes and headed toward Lu Benwei’s forehead.

“Mental attack, Void Spirit Attack!” Everyone around was shocked.

“Flying Snake’s Divine Might!”

Lu Benwei was also furious. His eyes became vertical pupils, and fine scales grew from his forehead to his temples.

A terrifying brass beam shot out like a bolt of lightning, pressing down on the air, and making a hissing sound.

“Bang!”

The two spiritual attack rays collided, and the aftershock shook the surrounding people until their ears were ringing.

The ray of Void Spirit Attack pierced through the brass light beam and shot toward Lu Benwei’s forehead.

“This kid is finished!” Some of the tycoons sneered and assumed the posture of watching a show.

Lu Benwei’s pupils constricted. He activated his divine sense and drew out his spirit stigmata and the Bronze Temple to protect his soul origin.

“Buzz!”

The heroes shook their heads and sneered. “Level 69, how can you fight Hu Bailie?”

“Do you really think that you can dominate the world just because you defeated a king who has just stepped into level 90 with the inheritance of your tribe?”

“This is the consequence of being arrogant. Remember to learn this lesson in your next life!”

“Humph!”

A cold snort was heard.

“You kept saying that we shouldn’t disturb the appearance of the Red Phoenix divine medicine, and now you’re attacking me. I can apologize to everyone, but shouldn’t you apologize to everyone too?” Lu Benwei said coldly.

As soon as he said this, everyone gasped, and their scalps went numb.

Veins bulged on Hu Bailie’s forehead, and the bones in his body kept cracking.

“What did you say?”

“I said I can apologize, but the prerequisite is that you have to apologize to everyone.”

“And if I don’t?” Hu Bailie widened his eyes.

“Then you have no right to ask me to apologize!” Lu Benwei said coldly.

The atmosphere at the scene was as dry as a raging fire, and even a spark could be ignited.

The Great Peacock King stepped forward and acted as a peacemaker. “This matter started because of those two people. Since they have apologized, then this matter will be over.”

At this moment, the heir of the Huqin Dynasty, Hu Wuwei, also came over.

“General Hu, let’s forget about this matter. I don’t want to make things difficult for Brother Lu.”

Hu Wuwei pulled Hu Bailie’s arm and tried to persuade him.

There was the Great Peacock King of the Ming Dynasty before him, and then there was his own son. Hu Bailie had no choice but to swallow his anger.

“Humph! Let me give you a piece of advice. There’s always someone better. Not everyone has my temper!” Hu Bailie’s eyes widened in anger, and he left with a flick of his sleeve.

Hu Wuwei stayed behind. He cupped his hands and grinned. “Hello, Brother Lu. My name is Hu Wuwei.”

Lu Benwei was stunned for a moment before he said calmly, “What’s the matter?”

“It’s nothing. It’s just that I like to make friends. I like Brother Lu’s personality very much.” Hu Wuwei smiled, his eyes curved into a crescent moon.

“Not interested,” Lu Benwei said indifferently.

Hu Wuwei’s eyes narrowed into a line, and his gaze peeked through the gap. Then, he smiled and said, “Then I won’t disturb Brother Lu anymore. Goodbye!”

After saying that, he returned to the Huqin Empire’s formation.

“Why didn’t he jump out to make friends when you were against his country’s general just now?” Xiong Hu looked at Hu Wuwei’s back and mocked.

Lu Benwei did not say much and quietly waited for time to pass.

Time passed.

The wind and clouds in the sky moved together, and the lightning bolts shook the nine heavens.

The ring of flames surrounding the Phoenix Blood Tree began to burn brightly. The flames churned and exploded with a terrifying temperature.

The huge Phoenix Blood Tree started to burn. Its branches and leaves crackled, like a torch that could burn the heavens.

“Screech!”

The phoenix cry shook the nine heavens, and the wind and clouds in all directions dissipated.

“Kachak!”

The golden egg on the crown of the tree was about to crack open. The phoenix’s cry became even louder, and his voice echoed throughout the nine heavens and ten lands.

Inside the golden egg, a crimson phoenix was about to emerge.

An extremely intense medicinal fragrance assailed their noses, making people feel relaxed and happy. The entire secret realm was enveloped by the medicinal fragrance, making people feel a mysterious and powerful force.

The souls of everyone on the mountain peak trembled.

“My god, the Red Phoenix divine medicine is about to be born. The hope of living another life is right in front of us!” someone cried out in alarm, his eyes red.

Everyone was excited as they waited for the birth of the Red Phoenix divine medicine.

After waiting for a long time, the Red Phoenix divine medicine still could not break out of its shell.

“It’s been six hours. Why hasn’t the Red Phoenix divine medicine appeared yet?”

“I understand now. It needs the Red Phoenix’s blood essence to provide energy in order to break out of the shell!”

As soon as one of them finished speaking, the old chief of the Steel King Strange Strength Bear Clan soared into the sky, holding nearly ten million pounds of red pearls. He bit the tip of his tongue and fused a trace of his blood essence into the red pearls.

“Buzz!”

The old chief of the Steel King Strange Strength Bear Clan fused all the ten million pounds of red pearls into the golden egg.

Everyone was shocked. “Will this move gain the approval of the Red Phoenix divine medicine?”

Lu Benwei was also speechless.

At this moment, the golden egg had swallowed all the ten million pounds of red pearls.

“Kacha kacha!”

The sound of the eggshell cracking was heard, making everyone’s hearts jump to their throats.

Chapter 737 Conflict

“Could it be that the Red Phoenix divine medicine is going to belong to the Steel King Strange Strength Bear Clan?” someone asked, all thoughts burning in his heart.

The Steel King Strange Strength Bear Clan Leader’s mouth curled up into a smile that almost reached the back of his head.

“Everyone, this old man is ashamed to accept this! But since the Red Phoenix divine medicine is intended to be mine with me, I’ll gladly accept it.”

“Humph, a villain is successful!” Hu Bailie, the general of the Huqin Empire, snorted and said disdainfully.

However, something unexpected happened. The golden egg stopped cracking and showed no signs of recovery.

“How could it be like this?” The old chief of the Steel King Strange Strength Bear Clan was dumbfounded and somewhat flustered.

Hu Bailie laughed out loud. “You think you can get the Red Phoenix divine medicine with ten million pounds of red pearls? You’re too naive.”

After saying that, he hugged the 15 million pounds of red pearls and imitated the Steel King Strange Strength Bear Clan Leader’s action just now, fusing a mouthful of his blood essence into the red pearls.

“Buzz!”

The 15 million pounds of red pearls immediately merged into the golden egg.

“Kachak!”

The golden egg cracked open once again, shooting out beams of dazzling divine light.

The medicinal fragrance was extremely rich, turning into wisps of green smoke that pounced on both ends of people’s noses.

“Haha! Steel King Strange Strength Bear Clan Leader, thank you for helping us!” Hu Bailie laughed loudly, and the entire world was filled with his laughter.

“Could it be that the Red Phoenix divine medicine only recognizes the blood essence of the person who made him break out of the shell?” Lu Benwei guessed.

“Very likely.” Liu Qinghe agreed as he took out the red pearl he was holding.

“Don’t be in a hurry. We’ll wait and see!” Lu Benwei suggested.

At the same time, his right eyelid twitched violently. He had a feeling that something bad was about to happen.

“I keep feeling that there’s something wrong with this, but I can’t put my finger on it.”

“Kacha kacha!”

A crack appeared on the top of the phoenix egg and gradually began to spread downward. However, when it reached the middle section, the crack stopped spreading.

Hu Bailie was also dumbfounded.

The old chief of the Steel King Strange Strength Bear Clan laughed loudly. “You’re too smart for your own good. How could the Red Phoenix divine medicine be interested in our red pearls?”

Seeing that Hu Bailie did not succeed, the old chief was even happier than if he had failed.

“Haha, since that’s the case, then I won’t be inferior!” The Great Peacock King laughed heartily and soared into the sky. Its feathers reflected a monstrous flame light. It was extremely gorgeous and dazzling.

A huge red pearl mountain appeared in the sky. The Great Peacock King hugged the mountain as he walked, fusing it into the Red Phoenix divine medicine.

Everyone was shocked.

“Wrong, it’s 30 million pounds!” someone who knew what was going on said.

“30 million pounds!” Everyone’s pupils contracted rapidly.

“Kacha kacha!”

The eggshell continued to crack, and the cracks deepened. The golden light became as bright as the sun in the sky.

The medicinal fragrance was extremely rich, lingering in everyone’s nostrils. Everyone’s hearts were in their throats as they looked nervously at the golden egg on the tree crown.

A Red Phoenix’s shadow was faintly discernible.

The Phoenix Blood Tree was covered in flames. Its branches and leaves were so huge that they covered all the mountains.

The crack spread to the bottom, and the world suddenly fell silent. [novelusb.com](http://www.novelusb.com)

One second, two seconds, three...

After about three minutes, someone said in shock, “Don’t tell me that we still need the red pearls?”

Then, someone exclaimed, “Even 55 million pounds of red pearls couldn’t awaken the Red Phoenix divine medicine?”

“This guy is like a bottomless pit!”

However, victory was in sight, and the crack was about to reach the bottom.

“Boom!”

A person soared into the sky, carrying ten million pounds of red pearls across the sky. Just as he opened his mouth, he wanted to spit out his blood essence and fuse it into the red pearl.

“Bang!”

A figure rushed up. His palm became as big as a millstone. Then, he smashed the person’s body with his palm, and the soul source escaped.

“It’s you, Steel King Strange Strength Bear!” the man roared in anger.

“Thank you for your red pearls. To repay you, I won’t kill you.” The old chief of the Steel King Strange Strength Bear Clan licked his teeth, not feeling embarrassed at all.

After saying that, he stretched out his hand, wanting to grab the 10 million pounds of red pearls.

At this moment, the void trembled and an abyss rift opened.

A large dark purple hand gripped the ten million pounds of red pearls tightly from the depths of the hand.

“Old fart, let me tell you a story about our human race. The mantis stalks the cicada, unaware of the oriole behind!” Hu Bailie said mockingly.

A mouthful of blood essence was spat out and merged into the red pearl. The next step was to fuse the red pearl into the golden egg.

“You’re courting death!” The old chief of the Steel King Strange Strength Bear Clan was furious.

The huge hand slapped out and shattered the void.

The old chief was so strong that even its newborn clansmen could exert a force of ten thousand pounds! He was also an expert of a region. Smashing a mountain with his bare hands and shattering the void was nothing difficult.

“Even if I die today, don’t even think about having your way!”

However, at this moment, the golden egg once again burst out with dazzling golden light and shot up into the sky.

“Who is it?!” Hu Bailie was furious. He had never thought that he would be robbed.

That person chuckled. “General Hu taught me an old saying, the mantis stalks the cicada, unaware of the oriole behind. Then I’ll also teach you an old saying, when the snipe and clam fight, the fisherman will benefit!”

However, soon, his smile stopped.

The crack did not completely break to the bottom.

Someone shouted, “It probably only needs five million pounds of red pearls, right?”

Hence, everyone went crazy. The final battle had begun!

“The Red Phoenix divine medicine is mine!” Hu Bailie was so angry that his lungs were about to explode. He launched a fierce attack on that man.

The man knew that he was no match for Hu Bailie, so he quickly retreated.

“You ruined my plan. Today, you’ll be punished and sentenced to death!”

He tore through the void with his bare hands and arrived in front of that person.

“Are you sure you want to attack me, General Hu?” The man laughed awkwardly.

“Although I’m not your match, I’m still enough for you to put in a lot of effort.”

“Are you sure that the Red Phoenix divine medicine won’t be taken away by others at that time?”

Hu Bailie cursed and turned back.

At the same time, Liu Qinghe saw that the dispute had started and asked, "Are we still going to continue watching?"

"Yes!" Lu Benwei looked at the dispute in the air and replied.

"The Red Phoenix divine medicine is about to be taken. If we don't join now, we'll be finished!" Ji Han said anxiously.

"Trust me, don't act rashly."

His brows were tightly knitted, and his right eyelid was twitching. Lu Benwei felt that something bad was about to happen but he could not tell exactly what it was.

Chapter 738 Northern Wilderness's Double Evil

"Xiong Hu, let me ask you. How much do you know about the legend of the Red Phoenix? For example, how did it die here?" Lu Benwei asked hurriedly.

Xiong Hu pondered for a moment. "I don't know much about it. Legend has it that before Chi Huang died, he fought with her for ten days and ten nights. In the end, he was defeated and died in the northern wilderness."

"Who is that, or what kind of vicious family is he from?" Lu Benwei asked again.

"The rumors didn't say anything about it, but I think it should be some kind of great supreme being, right?" Xiong Hu replied.

"According to the rumors, after the Red Phoenix was defeated, the supreme martial artist cut open the Red Phoenix's skin and blood flowed for thirty thousand miles, dyeing the land of the northern wilderness."

"That's how the name red pearl came about."

"And the Red Phoenix divine medicine is rumored to be the heart of the Red Phoenix!"

Lu Benwei took a deep breath, and an inexplicable chill sent chills down his spine.

"Everyone, listen to me. Don't be impulsive and don't get involved in the dispute," Lu Benwei said in a deep voice.

"What happened?" the three of them asked in confusion.

"If the Red Phoenix divine medicine is the heart of the Red Phoenix, and it needs a large amount of red pearl to revive, which is also the blood essence of the Red Phoenix, then what do you think the Red Phoenix divine medicine is doing?" Lu Benwei slowly exhaled.

When the three of them heard this, they could not help but be shocked. "Do you mean that the Red Phoenix is going to be reborn?"

"It's very possible." Lu Benwei frowned, and his voice became low.

“If something goes wrong later, we must not be greedy for anything and run immediately.”

“Good!”

At this moment, great disputes continued.

The grassland on the mountain peak had already become a battlefield, with blood flowing everywhere.

Other than himself, no one wanted anyone else to obtain the Red Phoenix divine medicine.

“Bear Strangle!”

The old chief of the Steel King Strange Strength Bear Clan roared and crushed the bodies of the two kings into meat paste.

“Damn you, I didn’t expect you to be level 95 as well.”

Hu Bailie sneakily attacked from behind. A cold light flashed, leaving a bloody wound on the old chief’s body.

“Hmph, does your Huqin Dynasty only know how to launch sneak attacks?” The old chief grunted, and the blood on his back disappeared in the blink of an eye.

“What a terrifying physique!”

Lu Benwei had been paying attention to the battlefield. The situation was unpredictable.

On the other side, the Great Peacock King also made his move and fought fiercely with a powerhouse of the same level.

“This is the territory of the human race. A fierce race like you should get out.”

The Great Peacock King let out a strange cry and turned into a circle. Its feathers were white and flawless, and its feathers blotted out the sky. Every feather was embedded with a black gem.

“Chi!”

His sharp claws collided with the enemy’s giant axe, creating dazzling sparks.

“Peacock Flies Southeast!”

The Great Peacock King let out a high-pitched screech as he spread his wings and soared.

A storm blew on the mountain peak, and the destructive power was incomparably violent.

“The Great Peacock King is amazing. He used the power of destruction to the acme of perfection!” Lu Benwei was speechless.

As soon as he finished speaking, an angry roar came from above his head. Two figures were floating in the air, looking at them with fiery red eyes. One of them was as fat as a pig, while the other was as thin as a hemp rod.

“Lu Hongyi, come up and die!”

“It’s the double evil of the northern wilderness!” Ji Han exclaimed.

Lu Benwei sneered. "Aren't you two fighting for the Red Phoenix divine medicine? Why are you looking for trouble with me?"

Ma Gan narrowed his eyes and said coldly, "The Red Phoenix divine medicine belongs to those major powers. We're only here to accompany them. Before we leave the secret realm, we should settle the score!"

Lu Benwei smiled and said, "You guys are really shameless! You keep provoking me. Do you really think I'm easy to bully?"

"How can there be people as unreasonable as you? It's clearly you who provoked us first every time and suffered a loss, but you don't know how to repent!" Ji Han clenched her fists and gritted her teeth.

"Heh, I was just worrying about having nothing to do. It's just nice to accompany Grandpa to relieve his boredom," Xiong Hu shouted.

"Brother Lu, the other party's level isn't much different from mine. At most, I'll help you implicate one," Liu Qinghe said worriedly.

"It's fine. Leave the remaining one to me!" Lu Benwei's eyes sparkled with confidence.

When the double evil heard this, their faces revealed a trace of horror.

Not long ago, Lu Hongyi's name had spread throughout the northern wilderness. With a prowess of level 69, he overturned the entire Pegasus Mercenary Corps and injured their leader, Zhuang Lang. There were too many sensational things that caused a huge discussion.

"How can a level-69 expert defeat a king tier?"

"It's just an exaggeration. Maybe Zhuang Lang wasn't even there!"

The two killers unanimously came to this conclusion.

"Boom!"

Lu Benwei, Xiong Hu, and Liu Qinghe attacked together.

Liu Qinghe and Ma Gan were fighting. Sand danced wildly, covering the sky and the sun.

The pig-like man had the biggest conflict with Lu Benwei.

This matter was also caused by him, and he was currently in a confrontation with Lu Benwei and Xiong Hu.

"Kid, I'm only level 86. I'm afraid we're no match for him."

Although Xiong Hu said so, he still displayed his battle stance. He was a beast warrior, and just like his name, he had the body of a bear and the claws of a tiger. He came from an incomparably powerful ferocious beast, the Violent Bear Tiger Hunter!

"Trust me! I'm not just saying that I can defeat Zhuang Lang."

Lu Benwei's eyes burned brightly, revealing his white teeth. He was very confident.

“Alright, then I believe you!” Xiong Hu said in a deep voice and charged forward.

“Heavenly Bear!”

Xiong Hu roared in rage. His hands were covered in a layer of black light as he struck out with a boom.

“Boom!”

It was as if he had struck out a great mountain. The aura that erupted suppressed the mountains and rivers and was incomparably violent.

“Small tricks!”

The pig-like man patted his belly, a cunning glint in his eyes. In the next second, he disappeared as if he had teleported away.

“Bang!”

Xiong Hu took a solid punch, and all the joints in his body were cracking.

“Assassin?”

Lu Benwei would never have thought that this fat pig-like man was an assassin.

“Puff!”

Xiong Hu was once again punched by the invisible pig, and he vomited a large mouthful of blood.

His strength was only at level 86, and he could only take a beating against the pig-like man, who was a king tier. This was even the result of the other party not having the intention to kill him!

If the pig-like man started to kill, Xiong Hu would not have survived until now.

“Humph! An ant-like person dares to provoke me!” the pig-like man said jokingly.

“Pa! Pa! Pa!”

Xiong Hu’s skin was torn open, his flesh was torn apart, and his miserable cries continued.

“What a terrifying speed. Even if I activate Lightning Speed to the maximum, I might not be able to keep up with his speed. Even the One-click Speed Support might not work,” Lu Benwei said as he watched this scene.

Chapter 739 Fighting the Double Evil

Xiong Hu heard Lu Benwei’s muttering.

“Don’t just watch, come up and help! Didn’t you defeat Zhuang Lang? Puff!”

The pig-like man threw a punch in the air with great force and an incomparably majestic aura.

Xiong Hu’s chest was pierced through with a single move, and fresh blood splattered all over the ground.

Lu Benwei slowly let out a breath of turbid air and cast Minor Healing on Xiong Hu.

“Chi!”

A stream of clear air poured into Xiong Hu’s body and flowed through his limbs and bones. Xiong Hu’s muscles and bones were moving rhythmically. His flesh and blood were replenished, and he was glowing with glory as if he had been reborn.

“Hmm? You’re a supporter?”

Xiong Hu looked at this scene in disbelief. His jaw almost dropped to the ground.

The pig-like man was also shocked and appeared.

“You, you’re a supporter? Then how did you eliminate the Pegasus Mercenary Corps?”

Lu Benwei placed his hands in his back and said, “Did I say what my class is?”

“What’s wrong with being a supporter? Can’t a supporter have combat strength?”

This might not be the case!

The pig-like man’s worldview had been overturned. He roared and launched a strange attack. His body twisted strangely in the air as if he could travel through time and space.

Seeing this, Lu Benwei immediately used his Lightning Speed and activated One-click Speed Support, unleashing his full speed.

“Chi!”

With a slight tremble in space, the pig-like man strangely appeared in Lu Benwei. A stream of light appeared in his hand and shot out a wisp of killing intent. It strangely stabbed Lu Benwei’s vital point.

“Puff!”

Blood splattered and dyed the sky.

A smile hung on the pig-like man’s greasy face. “What? It’s not as abnormal as the rumors say. Didn’t you get injured with a touch?”

As soon as he finished speaking, he felt a sharp pain on his back.

Lu Benwei held the Ancient Sword of Clarity and pierced through the pig-like man’s chest. He had extreme speed, so Lu Benwei could only use this method to get close to him.

“You’re injuring 800 enemies and losing 100,000 of your own!” The pig-like man coughed up blood and was furious.

“Boom!”

The pig-like man’s fist smashed toward the face of Lu Benwei. His five fingers closed like a meat bun, breaking the air, and making a sound.

Violent divine power poured out with great force.

“Be careful!” Xiong Hu exclaimed.

Lu Benwei raised his fist to resist, and his hand was covered in a layer of starlight.

“Bang!”

The dazzling power of the stars dyed the sky gorgeous. It was like the explosion of the stars in the universe, and it heavily bombarded the pig-like man’s fat hand.

“Puff!”

Lu Benwei coughed up a large mouthful of blood, and half of his body was festering.

The pig-like man was not feeling well either. The moment his fist collided with Lu Benwei’s, he felt a spiral force invade his body, causing all his bones to tremble and make a tooth-aching sound.

“Bah! I thought he had great abilities! You dare to fight me with this?!”

The pig-like man looked at Lu Benwei’s festering body and spat, sneering.

“Sigh!” Xiong Hu also sighed. With such injuries, he might need to rest for half a month before he could recover. However, how was he going to fight against the pig-like man?

At this moment, a strange scene happened.

Lu Benwei’s shattered body reformed, and his bones and flesh grew back. He was reborn like a phoenix.

“What?!”

Xiong Hu and the pig-like man widened their eyes in disbelief, their faces filled with shock.

“You, how did you do it?”

Lu Benwei ignored him. Instead, he let out a long roar and his body turned into a dragon-shaped curve as he rushed out.

In this short moment, he activated his dual bloodline and four great amplification skills to strengthen his body.

The power of heaven and earth began to pour into Lu Benwei’s body, and his bones crackled like firecrackers.

The dark and light bloodlines flowed in Lu Benwei’s body, constantly washing against the walls of his blood vessels. His battle strength had increased by several times.

“Just this, he only managed to withstand one and a half moves from me!” the pig-like man roared.

“Clear Heart Slash Technique, 90 times amplification!”

Lu Benwei’s combat strength soared once again. He punched out with his fist and hit the pig-like man. It was as if he was striking iron, and it emitted a resounding sound. The pig-like man’s skin was very tough.

Lu Benwei’s entire body emitted Chaos Divine Light. His body was as bright as glass, lighting up the entire universe.

At this moment, Lu Benwei was already able to fight with the pig-like man's body without falling into a disadvantage.

Their bodies collided with each other like mountains colliding. The rumbling sounds were deafening, enough to distort space.

The pig-like man was furious. He understood that Lu Benwei was indeed extraordinary. He was likely to follow in Zhuang Lang's footsteps.

"You can't defeat me with this! Heaven Earth Cage, Time Imprisonment! Roar!" the pig-like man roared as his huge hand trapped the sky.

Lu Benwei was in a daze. This space was firmly locked.

"Cut Down the Autumn Wind!"

The pig-like man held a dagger in his hand and emitted a cold aura. Killing intent was revealed in his eyes as he slashed out almost crazily, slashing out a total of 108,000 times!

Lu Benwei's body was almost smashed into powder, scattering in all directions.

"Let's see how you're going to recover this time!" the pig-like man roared.

At this moment, a cold laugh sounded as if he was mocking the pig-like man.

As Lu Benwei's body flew around, threads connected between his flesh and blood. They were like threads woven by the God of Life, reassembling Lu Benwei's body.

"This, this is impossible!"

The pig-like man was shocked, his worldview was overturned once again.

"This resurrection ability is comparable to an ultimate king!"

He was also a powerful person and had seen a lot. He was sure that there was almost no king tier that had such a monstrous recovery ability like Lu Benwei.

"This is impossible!"

"How is it impossible? Didn't I appear in front of you again?" Lu Benwei sneered.

"I understand, this isn't caused by your physique," the pig-like man said to himself, "It's a kind of revival technique! Quickly teach me and I'll let you live!"

"Do you think that's possible?" Lu Benwei sneered.

"Hmph!" When the pig-like man heard this, he was furious.

"Even if you don't tell me, I'll find out after I defeat you and wipe out your soul source!"

The two of them clashed again without any explanation.

On the other side, the battle between Liu Qinghe and Ma Gan was at a stalemate.

The levels of both sides were almost the same. Unless they went all out, there was no way to determine the winner.

“The mighty fierce clan is standing with humans!” Ma Gan said angrily.

“Even if we don’t stand together, we’ll be enemies sooner or later.” Liu Qinghe mocked.

“Quicksand Snake King, I admit that you’re very strong, but don’t forget that I entered this level earlier than you!” Ma Gan suddenly laughed.

Chapter 740 Intimidating Everyone

He had reached level 90.

There was a huge difference in combat strength between each level. It could even be said that at the same level, their combat strength would be different at different times.

Obviously, the other party was at the late stage of level 90 and was slightly stronger than Liu Qinghe.

“Ah!”

Ma Gan whistled and the long crossbow in his hand shot out a shocking attack. He was a king-level archer, and his attack could even cause the void to collapse. It was terrifying.

“Sand Snake Rage!”

Liu Qinghe let out a long howl, his vertical pupils emitting an extremely cold and fierce light.

Sand danced in the air, turning into snakes. Every single one of them was lifelike, flicking their tongues as they covered the area in front of them.

The void collapsed, and the snakes were gnawing at the space. This phenomenon was simply unheard of and very strange.

The sand snakes covered the sky and earth as they descended. They were like locusts passing through, gnawing at space, and sealing the world.

“Do you want to banish me? It’s ridiculous!”

Ma Gan sneered.

“Boom!”

The second arrow he shot caused the void to collapse and spread outward.

The collapse of the void collided with the collapse of the void!

Suddenly, Liu Qinghe’s body burst into a blazing light. Boundless power poured into his body from all directions. His battle strength had increased exponentially.

The momentum of the sand snake suppressed Ma Gan’s sharp arrow.

“What’s going on?!” Ma Gan exclaimed.

Liu Qinghe was also very puzzled as he looked in the direction of the source of this heaven-shaking power.

It was Lu Hongyi!

While Lu Benwei was fighting with the pig-like man, he used the four great amplification skills on Liu Qinghe!

The Heavenly Dog's Wrath had increased all his attributes!

Sharp Blade and Killing Aura helped raised Liu Qinghe's combat strength by at least one level.

"Boom!"

Liu Qinghe, who had a huge increase in his combat strength, was invincible.

Ma Gan revealed a horrified expression, but he still braced himself and charged forward.

"Puff!"

Liu Qinghe arrived in front of Ma Gan almost instantly. He punched out with unparalleled power, causing the sky to collapse.

Ma Gan was instantly beaten black and blue, and he screamed repeatedly.

On the other side, the pig-like man's expression was even uglier than a pig's liver.

He noticed the situation on his partner's side. There was no doubt that they had lost. If they could not pull out their hands in time to help, then the two of them would definitely lose.

"Get lost!"

Thinking of this, the pig-like man was furious. Everything started because of Lu Hongyi. Holding the dagger in his hand, he slashed forward crazily.

However, Lu Benwei's bravery was unstoppable. The aura he emitted was domineering. His fists erupted with chaotic divine light as if they could pierce through the nine heavens and ten lands.

The double bloodline power and the four great amplification skills provided him with eternal power.

Lu Benwei and the pig-like man collided fiercely. The two of them clashed, causing the sky and earth to boil.

The Phoenix Blood Tree burned fiercely, and the flames seemed to be able to burn the heavens.

There were battles everywhere. To fight for the Red Phoenix divine medicine, everyone was doing their best and bursting out with insufferably arrogant attacks.

Although Lu Benwei's fighting posture was not as good as those powerful people, it could be said that he was the most dazzling one in this world.

The fists covered with the power of the stars seemed to have condensed with the world and shot out chaotic divine light.

Every strike caused the sky to tremble and the earth to rumble!

The pig-like man was so angry that his nose crooked. He was also very brave, displaying the posture of a king.

Lu Benwei was severely injured by his dagger. If it were anyone else, they would have died thousands of times, but they could revive every time. It was a little shocking.

“Ahhhhh! Are you a monster?” the pig-like man was on the verge of collapse as he roared.

Xiong Hu watched the battle from below and was also shocked. “This kid is even stronger than me.”

Lu Benwei could not be bothered to waste any more time and directly summoned the Bronze Temple.

When the mysterious Temple of Bronze appeared, everyone present felt an extremely powerful pressure.

Even the Phoenix Blood Tree’s fire that burned the myriad worlds was temporarily extinguished.

Everyone was shocked and exclaimed, “What kind of magic treasure is this?”

Soon, Lu Benwei displayed the power of this magic treasure. The Bronze Temple hovered above Lu Benwei’s head and kept growing.

The outer walls of the temple were engraved with the sun, moon, stars, birds, and beasts, emitting wisps of clear light.

“It’s just a lousy copper hall. Can it defy the heavens and attack me?”

After saying that, the pig-like man charged forward and erupted with an aura that could kill a dragon.

Lu Benwei raised his hands above his head, causing the Bronze Temple to fall toward the pig-like man.

“Buzz!”

The Bronze Temple trembled, and the sun, moon, and stars above it rotated. Birds and beasts roared in the forest.

When the pig-man came close, he was struck by a wisp of divine light from above and felt inexplicably terrified.

‘I’m afraid that Zhuang Lang was forced to retreat by this thing?’ he muttered in his heart and had the intention to retreat.

In the short moment of distraction, Lu Benwei triggered the Bronze Temple to kill him.

“Boom!”

The sacred hall collapsed the space, and the terrifying violent force shook the pig-like man’s bones and flesh apart.

“Ah!”

The pig-like man let out a miserable cry and dragged his body to escape.

Lu Benwei did not give him the chance to do so. He continued to direct the Bronze Temple toward him.

“Boom!”

The deafening sound of the collision shook the mountains.

The pig-like man could no longer scream because his body had been destroyed and his soul had escaped. Lu Benwei did not want to let him go, or else he would become a disaster in the future.

“Flying Snake’s Divine Might!”

From his forehead to his temples, fine snake scales grew out. A beam of brass light shot out, slashing at the pig-like man’s soul source like a sharp sword.

“Puff!”

The pig-like man’s soul source turned into a wisp of green smoke and dissipated in this world.

“No!”

His companion, Ma Gan, let out a heart-wrenching roar. Then, he was blown up by Liu Qinghe, and his soul origin was swallowed into his body.

At this moment, the scene was completely silent. Many people stared at the Bronze Temple above Lu Benwei’s head, their eyelids twitching.

“Where did this kid come from? He has such a terrifying thing?”

The old chief of the Steel King Strange Strength Bear Clan said, “This bronze hall is so terrifying. I wonder if I can withstand one of his tremors.”

The Great Peacock King said, “This bronze hall seems a little familiar. I seem to have seen a drawing in a forbidden book in my grandfather’s study. There’s a bronze hall that’s the same as the one in little friend Lu’s hand. Back then, my grandfather taught me a lesson for peeking at this forbidden book. I’ll invite little friend Lu to the residence to look at it together another day.”

Hu Bailie, the general of the Huqin Dynasty said, “If we can’t get the Red Phoenix divine medicine, it’s not bad to get this bronze hall.”
