Chapter 1051: We can Wash Each Other's Backs...

No one could open their mouths to mention such ominous words... although everyone knew it in their hearts...

"Search!" Miao Jing Yun's face turned sullen, and his eyes were red. Holding onto the last bit of hope, he waved his hand and commanded!

Everyone instantly dashed off with a sou sound, and in an instant, an area of a hundred li was thoroughly searched through. However, there was nothing to be found. Under the might of the terrifying lightning storm, even the birds and beasts had escaped long ago. Even after searching for a long time, there wasn't even the slightest sign of a single living being.

Could those two really have turned into ashes already?

Although everyone was thinking the same thing, when they saw the murderous look on Miao Jing Yun's face, no one dared to say anything...

Miao Jing Yun's eyes blazed with a stormy look as it swept past the faces of everyone. When they passed the Qiu Family's Qiu Cheng Yun's face, they stopped for a brief instant as the look turned even deeper. His face, however, still remained emotionless!

Qiu Cheng Yun felt as if a 10,000 jun heavy hammer dropped on his heart at that instant. His entire body shook, and his back was suddenly filled with sweat.

My precious grandson ah, you're indeed a trouble making devil ah! This time, your grandfather is going to be doomed because of you... look at the mess you've created... this is no longer a problem that concerns you alone. The entire Qiu Family might even be turned on the path of destruction this time because of you...

Old Master Qiu Cheng Yun wanted to cry, but had no tears.

This was like he'd gotten shot while just lying down innocently... everything could only be blamed on that failure of a grandson. He could have chosen to provoke anyone, but he just had to provoke that Mo Jun Ye. And to do that time and time again... now, this Free and Natural Physique that'd appeared only once in 10,000 years had been reduced to ashes as a result...

On top of that, the most doted on and precious granddaughter of the Manor Lord had also been embroiled into the tragedy...

And the most unfortunate part was that... this had even happened on the Manor Lord 500th grand birthday, and the engagement day of his granddaughter...

This double joyous occasion had been turned into a funeral... If all this was pinned onto the Qiu Family... because who else could be blamed for it?

F\*ck... how much more unlucky can our Qiu Family get?

My son, just what kind of a curse did you and your wife give birth to...

Even if black smoke rose out of all eight generation of our ancestors' graves, it would still not amount to such a god of misfortune...

That unfilial brat really killed them all this time... Qiu Cheng Yun felt like crying aloud, but his eyes were completely dry...

When the others saw the mortified expression on that old Qiu Family head's face, they all smirked internally with glee at his misfortune. We'll see how you continue to act arrogantly! F\*ck, wanting to snatch the spotlight with a miniature Longevity Pine Tree... Are you stunned this time? Instead of blessings for longevity, you've instead began clanging the funeral bells for others and for yourself...

"Brother Gu..." Seeing Miao Jing Yun turning around without saying anything, Miao Jing Yun looked around anxiously for help. The first person he turned to directly was Gu Yun Yang. Everyone knew that Gu Yun Yang normally had quite a bit of face with the Manor Lord. If he could help him put in a few words, perhaps the Manor Lord would simmer down his anger a little...

“Cough... ah ah... this old man is going back to check on the situation there... Ai, I wonder how the situation back there is...” Gu Yun Yang heard Qiu Cheng Yun calling his name, and he immediately coughed, pretending as if he didn’t hear anything. Leaving just a few words behind, he slipped away quickly, disappearing without a trace...

Only when he was far out of sight did Gu Yun Yang have the time to squeeze out a head of sweat... F\*ck, you can die on your own, I’m not joining you! Your Qiu Family is already destined to be doomed... If I said anything now, I might even get dragged in with you... the best move is to run...

Acting deaf and dumb was just a method of survival...

It wasn’t just Gu Yun Yang. Whoever Qiu Cheng Yun looked at, that person would immediately flee as if there was a ghost chasing them... In the end, he was the only person standing on the rugged plains... even the Zhan Family’s Zhan Wu Yun had also escaped...

Seeing the empty patch around him, Qiu Cheng Yun could not help but to curse aloud in an aggrieved manner. “Qiu Peng you damnable bastard! Little son of a b\*tch! Utter wastrel! Motherf\*cking jinx! AH AH AH AH... this old man is going to die of anger...”

One had to say, that this Qiu Family Patriarch’s curses were quite creative... some of the old fellows who hadn’t run far yet could not help but feel the urge to burst out in laughter when they heard those words...

Nobody had managed to find even the slightest trace of Jun Mo Xie and Miao Xiao Miao. So, where had the two gone?

—————

The terrifying lightning tribulation had already dissipated. But the two were still tangled together on the ground...

Miao Xiao Miao felt that her spirit was rejoicing, and her soul was singing. She'd already forgotten where she was a long time ago. When she opened her eyes again, she discovered that the fierce winds and loud thunder had already disappeared, and the surroundings were quiet and calm...

The area was completely silent, but the whole place looked as if it had suffered a natural disaster and did not seem to have any relation to this peacefulness at all. At this moment, Miss Miao was the happiest she'd ever been in her life!

"The Heavenly Tribulation is over?" Miao Xiao Miao asked as she blinked her large beautiful eyes with confusion.

Jun Mo Xie chuckled internally as he looked at her. This lass looks so confused, seemingly not remembering anything... to actually be so focused...

"How would I know? I've never experienced a Heavenly Tribulation before either. But I think it should be over, right? Even the sky has cleared up..." Jun Mo Xie said with a slight smile. Looks like it was still very useful for him to act inexperienced. As his cultivation was 'weak', it was only natural that he didn't know what had happened!

"Quick... quickly get up, you're crushing me to death!" Miao Xiao Miao hurriedly pushed him away and anxiously arranged her clothing. With the violent storm a moment ago, and adding on to the fact that the two of them had rolled around in the mud for so long, her clothes had already become torn in many places. Not to mention, her clothes had nearly been fried by the lightning tribulation as well...

"How can I face others like this?" Miao Xiao Miao almost cried with horror. She knew that her grandfather and the rest would surely rush over to check once the lightning tribulation was over. And at that time, it would definitely not be him coming alone. It was quite likely to be several hundred people. As a girl, how could she face the crowd like that? For a girl, it was better to die than to let others see her in a compromised state!

Half her chest was already exposed due to the state of her clothes, and a large patch of her snow white thighs were revealed. There were also a large amount of mud, contrasting on her skin, causing her fair skin to appear even whiter, and the black mud to seem even darker. Her originally silky black hair had been fried into a messy, grass-like state. Miss Miao still didn't know that her face had also turned into the likes of a wild cat's...

“Since you chose this place to weather the tribulation, you should be quite familiar with it. Are there any places nearby to hide? Somewhere with water? You can just return after a quick wash.” Jun Mo Xie suggested. Of course, his eyes were roaming all over her body at the same time...

This lass always seems skinny and slim; who would have thought that she would be so ample at those important places... the areas that should be protruding are extremely perky, and areas that should be arched are shockingly arched. This is simply a devilish figure of legends...

Miao Xiao Miao placed her hand protectively in front of her front chest, not having the time to scold him. “Over there, there’s a little creek... beside it, there’s a rather well hidden cave. But I don’t know if it’s ruined by the lightning tribulation just now...”

Miao Xiao Miao, who had grown up in the Misty Illusory Manor, was naturally very familiar with the area. Just by looking around, she was able to find the spot.

“I think it certainly wouldn’t be destroyed. Let’s go there quickly!” Jun Mo Xie carried her up and ran off. After his spiritual sense was improved, he could already sense that a large group of people was rushing towards him. As for whether that secret area was really destroyed or not, it didn’t matter. Even if it was destroyed, he could just make another one using the Power of Earth and the Power of Water...

The reason why he was in such a rush was very simple; with Miao Xiao Miao’s current appearance, she definitely couldn’t be seen by others... Young Master Jun would be incredibly jealous if that happened... it was only natural that he could look at his own woman in whatever state of undress, but if it were other people, it would be a huge loss!

“Put me down... I can walk myself...” Young Lady Miao was only saying that on the surface, but she snuggled even deeper into Jun Mo Xie’s arms...

With a sou sound, Young Master Jun disappeared into the void along with Young Lady Miao. Miao Xiao Miao’s face was hidden in his chest, and she had already closed her eyes long ago, naturally not seeing anything. At this moment, the two of them were already moving in the void, and were completely invisible... no one could see them...

After crossing over this mountain, there was indeed a unique and pristine pool. There was a tall cliff beside the pool and a medium sized cave. This area had not been touched by the lightning tribulation, saving Young Master Jun some effort...

A branch flew out from Jun Mo Xie's hand as he dashed across, landing in the pool. It seemed as if he was just randomly throwing something, without any purpose, but by the time he entered the cave with Miao Xiao Miao, the entire pool along with the cave had mysteriously disappeared...

If anyone came here, they would not be able to see anything...

A miniature disorientating formation!

This kind of formation had no other use than for concealment...

The moment she saw the clear waters, Miao Xiao Miao instantly grew uncomfortable as she escaped from Jun Mo Xie's arms, wanting to jump into the water. But in that instant, she paused and turned around with a red face. "You... what about you?"

"What about me? What do you mean what about me?" Jun Mo Xie cocked his head and suddenly understood. This lass must be shy. Playing dumb, he said in an innocent manner. "What else can I do? Your body is dirty, but can it be that I'm clean? I must naturally wash up. I'm already not very good looking; if I'm dirty, who can still look at me..."

"But... you... but... I..." Miao Xiao Miao bit her lip and stamped her foot, unable to speak properly as her face turned red.

"But what? Why are you speaking so strangely?" Jun Mo Xie asked.

"But there's only one pool here..." Miao Xiao Miao looked at him shyly.

"Oh... this pool is quite big ah, it's enough for us to use together. I don't mind you bathing with me!" Jun Mo Xie said with an exaggerated gasp, as if he'd just realized the situation. Nodding, he said in a pleased manner. "Furthermore, we can wash each others' backs, how comfortable..."

## Chapter 1052: Beauty, I'm Coming to Save You...

"Che, who wants to wash your back..." Miao Xiao Miao instantly felt like she'd spoken wrongly the moment the words came out of her mouth, and she hurriedly continued. "What do you mean by you don't mind? Who wants to bathe with you? I mind very much!"

"I don't even mind you, and you want to complain? At the most, I'll wash your back for you first. That should be fine right!" Young Master Jun was getting addicted to teasing her.

"Fine your head! I will bathe alone. How can you follow me... I'm..." Miao Xiao Miao was suddenly unable to speak. From the looks of it, her Jun Ye was also covered in mud. It didn't seem right to not let him bathe too, but...

"Fine then..." Seeing that this Miss Miao was getting anxious, he sighed and said, "How about this; since you're shy, I'll put up a screen here, and place my clothes on it to block the view. When you've finished bathing, it will be my turn... this should be fine right?"

"But... how can I be sure... that you won't peek?" Miao Xiao Miao twiddled her thumb as she said in a conflicted manner.

"I can guarantee it on my character; I won't peek! Even if you peek at me later, I won't do the same!" Jun Mo Xie swore to the heavens. At the same time, he chuckled in his heart. Character? Do I really have such a thing?"

After saying that, Jun Mo Xie directly got to work, finding a few large stones and branches, setting up a simple wooden frame. After that, he took off his shirt and draped it over the frame, forming a simple screen. Then, he sat outside in an honest manner...

Seeing this, Miao Xiao Miao gradually relaxed... however, she was still incredibly shy.

If this fellow really wanted to peek... she wouldn't be able to do anything at all. Forget it, if he wants to peek, he can peek. Since sooner or later, she would be his anyway...

Still... Jun Ye was such a well mannered and upright person. He probably wouldn't stoop to doing that kind of thing... Miao Xiao Miao consoled herself. One had to say that a certain fellow had truly given Miao Xiao Miao too good of an impression of himself...

It seemed that only the heavens knew right now...

Not only was this fellow not an upright gentleman, even using the word hoodlum was too good to describe him...

"You... don't peek! You're a beast if you peek!" Miao Xiao Miao warned again and slowly approached the water. Then, she splashed some water onto her arms and began to wash her elbows. At the same time, she stole a few looks from the corner of her eye at the cave. After seeing that the fellow was not turning around like he said, she finally relaxed.

But immediately after, a strange thought appeared in her mind. Hmph, why isn't he attempting to peek? Am I... that unattractive?

She somehow felt a sense of disappointment at this time...

You're a little too gentlemanly! Not even comparable to a beast... Miao Xiao Miao clenched her teeth and thought.

Girls were sometimes this contradictory. She first warned him not to look, but when he really didn't look, she became upset instead. But if he did look... she would be even more unhappy and would even become angry...

Too complicated, ah...

As Miao Xiao Miao was secretly fuming, she heard Young Master Jun's voice ringing out. "Hurry up and take off your clothes and wash them first, then toss them to me to dry. Otherwise, you still won't be able to go back after bathing... you can just bathe yourself when the clothes are drying..."

A wicked grin appeared on Jun Mo Xie's face as he spoke... there were lots of clothes inside his Hongjun Pagoda... but at this time, he would naturally not take them out. An opportunity to get an eyeful of such a beautiful thing, which man wouldn't appreciate the chance?!

"En..." Miao Xiao Miao agreed, feeling that Great Prodigy Mo's suggestion was very reasonable. Looking again at the unmoving back view, she unbuttoned her blouse slowly. Then, as if she'd thought of something, her face reddened and she hurriedly dove into the water, leaving only her head above the water. After that, she removed her clothes in the water, quickly washed them and threw them out accurately towards the cave...

After hearing the surprised screech inside, Miao Xiao Miao smiled happily and sank into the water. But all of a sudden, she shuddered. The clothes had been thrown out, but... what would she do after she was done bathing?

This bastard! To actually use such a method to take advantage of me...

In that moment, Miao Xiao Miao who was submerged in the water began to panic... Could it be that she had to walk out naked later to put on her clothes again?

One had to admit that the impression that Young Master Jun had given to Miao Xiao Miao was truly too good. Miao Xiao Miao did not even have any doubts to his words and had not imagined that this fellow would actually be so sly... Now, her clothes were gone, and she was still naked in the water...

This time, she was truly at a loss for what to do...

Miao Xiao Miao continued washing herself while she tried to think of a solution. It wasn't clear how long it'd been, but her body was already clean long ago. Yet, she hadn't managed to come up with a solution at all.

She turned unconsciously to look up at the cave, but her mouth instantly widened, and her eyes nearly popped out from her head...

A youth could be seen on the side of the pool with only a pair of shorts and two bare, long legs. This person was sitting atop a rock, staring at her with a long line of shiny drool rolling down the side of his mouth...

"You... you... why did you come down? What are you looking at! Quickly close your eyes!" Miao Xiao Miao was on the verge of tears as she covered her chest with both her arms. In an instant, her entire body disappeared into the water, nearly submerging her head into the water as well. She was both embarrassed and anxious, and her heart beat wildly. But at the same time, a strange feeling which she couldn't describe with words appeared in her heart...

"Didn't you say... that you wouldn't peek? You you you... how could you go back on your words? And why did you take off all your clothes? You..." Miao Xiao Miao cried out with a red face. She couldn't stamp her feet in the water, otherwise, her little foot would have turned red from stamping her feet too hard...

"Hm?! When did I peek... I'm clearly looking straightforwardly!" Jun Mo Xie said shamelessly as he admired that perfect body in the clear water. Smiling cheekily, he said, "What kind of look are you giving me? When did I take off all my clothes? Aren't I still wearing a pair of shorts?"

"Y-you..." Was sputtered with rage as she slowly wriggled her body, moving towards the other side of the bank.

But all of a sudden, a loud plop rang out. Miao Xiao Miao screeched aloud and turned around, only to see that the shameless fellow had already jumped into the water and swimming fervently towards her. As he swam, he said in a comfortable manner. "Ah, I'm truly too dirty, I'll like to have a bath as well. Actually, this pool is so large... not to mention two people, it can even fit 10 people... You're about done soon anyway, I'm sure you don't mind that I come in now?"

I won't mind? I mind very much! Very very much! Miao Xiao Miao was completely speechless when she looked at this hooligan.

“Y-you... don’t come over her! Don’t come over here ah...” Miao Xiao Miao backed off continuously. At this time, she’d been so frightened that she’d forgotten how much ‘stronger’ she was compared to this shameless bastard...

“What did you say? Speak louder please, I can’t hear you... Forget it, I should be able to hear better when I’m nearer...” Jun Mo Xie said in a puzzled manner, as if he really couldn’t hear. “Was she calling for me? What’s she calling me over there for?”

As he spoke, he swam over rapidly like a fish...

At this moment, there was only less than two zhang of distance between the two of them. To think that he had the face to say that he couldn’t hear her speak... with his abilities, even if there were 2,000 zhang between them, he would still be able to hear perfectly...

To still say ‘what’s she calling me over for’? That... you’ve already touched what can’t be touched, and seen what shouldn’t be seen. What else can you do by going over?

Miao Xiao Miao felt as if her entire body had been seized by a fierce fever. When had a noble young lady like her ever experienced such an awkward situation? In her anxiousness to back away, she unexpectedly ended up being tripped by a stone and ended up plunging into the water... In her moment of shock, an esteemed Second level Venerable like her, actually ended up swallowing a mouthful of water...

“Ah? Lass, are you alright? Miss Miao, don’t worry, I’m coming to save you!” Young Master Jun cried out in a ‘concerned’ manner and increased his speed further. With a whooshing sound, he’d already swam up to Miao Xiao Miao. With a stretch of his hand, he safely grabbed the perfect beauty into his arms. Without hesitation, his hands began to roam all over her body in a dishonest manner. At the same time, he shouted, What’s wrong? What’s wrong? Are you hurt here? Or was it here? Let me see... what about here... luckily, this area was not hurt... and here... let me take a look...”

Miao Xiao Miao’s entire body went soft as her eyes widened helplessly. Looking at that shameless fellow that was groping her freely, she couldn’t even say a single word... In this world, there was actually a person as base as this!

To actually... come to save me... this person’s face is truly too thick...

“Lass, why aren’t you speaking? What’s going on?” This fellow actually still had the face to ask with shock and concern. “Could she have fainted from choking water? Oh no, that probably requires mouth-to-mouth resuscitation... No matter, I’ve learnt that before...”

Without caring about whether Miao Xiao Miao knew what mouth-to-mouth resuscitation was, he directly found a royal excuse and placed his mouth over that cute perky lips...

Miao Xiao Miao was only momentarily flustered and was completely fine. How would she require CPR? It was just an excuse for that fellow to take advantage of her... Even if she was truly in trouble, just circulating a stream of Xuan Qi through her body would be more than enough for her to be fine...

Besides, what did he mean by fainted? Her eyes were still open widely!

Miao Xiao Miao’s eyes widened to an impossible level as she moved her limbs wildly, attempting to push him away. But as the two’s bodies were so close together, how could she exert any strength? Young Lady Miao could feel the heat from his body, and that musky manly scent caused her body to soften even more...

In that moment, she suddenly remembered the words she’d said before. Husband, after we pass through this trial, I will be your woman forever...

Chapter 1053: Seen a Ghost...

Miao Xiao Miao felt even more powerless when she remembered those words. She directly closed her eyes tightly. However, she didn’t realize that she’d already begun panting a long time ago...

“Ah, your breath is quite unstable... and why is your face so red... it should be a result of choking on the water... hm, this looks very serious...” Jun Mo Xie continued with his actions as he mumbled a bunch of strange reasons. In any case, this mouth-to-mouth resuscitation wasn’t finished yet...

Miao Xiao Miao only felt her head becoming dizzier and dizzier... and her body became even weaker...

Miao Xiao Miao would never have imagined that as the little princess of the Misty Illusory Manor, an esteemed Second level Venerable, the number one beauty of the entire Misty Illusory Manor, her first time... would actually be in the water...

But by this time, she'd already lost all her ability to think...

-----

The water rippled violently...

A long time passed...

Finally turning calm...

"You baddy..." A soft voice rang out, with a slight moan...

"Ah..." Another voice rang out, seemingly carrying some shock. "Miss Miao, so you're actually fine... I was worried to death... Ai, in order to save you, I've exerted myself so much..."

"You did that to save me? Looks like I should thank you ah..." Her face turned red as she grabbed the soft part of his waist and twisted viciously...

"Ao~~~" A wretched cry rang out...

This was a common tactic used by all women, an innate skill without needing to be taught. This technique could be said to be extremely lethal and effective!

"You bastard, now that the two of us are already like this... you... are still calling me... Miss Miao..."

“Hm? What do I call you if not Miss Miao?”

“I... my parents call me... Miao Miao...”

“Miao Miao... Miao Miao... meow meow... meow meow meow...” Young Master Jun rolled his tongue and meowed happily. “This is a really nice name...”

“AH! Y-you... what are you doing? No no... I can’t anymore...”

“Little beauty... we should celebrate your nice name too... come, let this Young Master dote on you a few more times...”

“No... no way... I... wu wu...”

“Keke... little beauty, it’s useless even if you screamed yourself hoarse...”

...

By the time the pair walked out of the little mountain gorge, the sun had already nearly disappeared behind the mountain...

An entire afternoon had already passed...

Miao Xiao Miao leaned against Jun Mo Xie, her face red. A strange look lingered in her eyes, filled with a kind of happiness...

She felt completely frail, as if she’d just returned after weathering a violent storm. The moment she thought back to the events of the afternoon, Miao Xiao Miao felt a fluttering feeling in her heart...

When did she become so... loose...

Every time she thought of that fiery situation, Miao Xiao Miao would feel incomparably embarrassed...

It was all this fellow's fault. Miao Xiao Miao looked furiously at the smirking guy beside her. This... person can no longer be described as being worse than a beast. He is simply a wild beast; a wild beast that is wilder than a real wild beast!

The ceaseless energy and the endless demanding caused Miao Xiao Miao to still be frightened even now...

Young Master Jun hugged the beauty in his arms, his face wreathed in a victorious look...

Truly too comfortable... strictly speaking, this was only his second time after coming to this world... the first time, he'd been poisoned by aphrodisiac and was barely able to remember that feeling...

This time, he could be said to have truly shown the full extent of his might...

Young Master Jun looked at the beauty beside him with some lingering aftertaste in his mind. Thinking back to the sensation of that soft body under him, he even felt a sudden impulse to drag her back for a few more rounds...

But from the looks of it, it was impossible right now. Judging by the time, the two of them had wasted quite a bit of time outside. The people on the Misty Illusory Manor's side should have already gone crazy with panic long ago... it was better to go back earlier and set everybody's minds at ease...

When the two appeared at the gates of the Miao Family, the family guards nearly dropped their eyes on the ground with shock...

There was no reason other than this was too shocking. Although the two's deaths had not been verified, and there was still a large search going on for them, but everyone had already decided in their hearts that the two of them were surely already finished. And it was the kind where even their corpses had been turned to ashes...

But for them to appear again in front of them...

They felt that they should have seen a ghost...

The originally noisy hall was deathly silent now. The entire bunch of old fellows were all furrowing their brows in a serious manner. From noon till now, they hadn't even eaten anything. Truthfully, who would be in the mood to eat at such a time?

As for the person behind all this chaos, Young Master Qiu Peng, he had already been bashed up personally by Saint Emperor Bai Qi Feng...

Saint Emperor Bai did not bother about his status and directly went up to the junior and began to beat him viciously in a storm-like manner...

No one came forward to stop him...

In the blink of an eye, Qiu Cheng Yun had been turned into a pig's head and carried back in a half dead manner... Although Qiu Cheng Yun felt somewhat unhappy in his heart, he had not dared to say anything in that moment. Not only had he not stepped out to stop the beating, he even stood at the side and looked on with a stern expression. If one didn't know, they would have thought that this old fellow had some irresolvable grudge with that pig-headed person...

Old man Qiu had no choice either. The other fellows were all rubbing their weapons, preparing to fight. With the slightest bit of push, a bloody war would be ignited at any moment. Especially Miao Dao and Miao Jian, that pair of Saint Venerables. Their eyes were watching him closely. From their looks, it was clear that as long as he dared to say even one word that was unpleasant to hear, they would immediately kill their way to the Qiu Family in rage...

Most of the old fellows here were elders who valued Great Prodigy Mo's talent greatly. Miao Dao and Miao Jian were also exceedingly sorrowful because of Miao Xiao Miao. The two of them doted on Miao Xiao Miao to the extreme, perhaps even more than even Miao Jing Yun. Now that something like this happened, they could already be considered very controlled since they hadn't started a killing spree...

Seeing that the sky was getting dark, the Miao Family's butler hardened his scalp and asked if everyone wanted to start dinner. In an instant, he was chased out after being scolded by Miao Dao!

"Eat eat eat! Eat your motherf\*cking head! All you know is to eat! Eat my d\*ck!" Those were the exact words of that Saint Venerable...

The deathly silence in the great hall became even heavier. Before Miao Jing Yun said anything, nobody dared to leave...

Just at this time, a commotion appeared at the door...

After that, a figure walked over leisurely...

As everybody was in a bad mood, they all looked up with rage and annoyance...

In an instant, everyone's eyes widened with disbelief. What was going on? Could they have really seen a ghost?

Miao Jing Yun's authoritative air as the Manor Lord suddenly disappeared without a trace as he widened his eyes and gaped soundlessly. A gurgling sound came from his mouth, and he nearly passed out from joy.

Turning around, he saw a young fellow in clean robes, walking in with a faint smile on his face. Who else was this if not Great Prodigy Mo!

A loud bang rang out as Cao Guo Feng stood up, completely forgetting his status!

"You... brat, you aren't dead? What about Xiao Miao?" Miao Huan Yu walked over hurriedly. He had always behaved in a calm and composed manner his entire life. This was the first time anyone had seen him in such a flustered state...

“Xiao Miao’s clothes were dirtied because of the Heavenly Tribulation, and she went back first to change. She’ll be down in a moment...” Jun Mo Xie rubbed his nose and smiled as he looked at this person in front of him. From the looks of it, this should be his father-in-law, Miao Huan Yu. In that moment, he felt a little embarrassed and guilty... A short moment ago, he’d eaten up the other’s daughter, and quite a few times at that...

After eating so cleanly, he naturally felt somewhat uneasy when facing his father-in-law!

“Ahahah... good good good! It’s good as long as she’s fine!” Miao Huan Yu laughed aloud. Now that he knew that his daughter was safe and sound, this normally calm and steadfast middle-aged man was suddenly filled with vitality as he laughed. “Quick! Go and inform Madam quickly that Xiao Miao has returned safely! She’s fine! Completely fine!”

It turned out that Madam Miao had fainted when she heard the news, unable to bear the blow...

Before his voice dissipated, Miao Xiao Miao dressed in white robes walked out slowly...

She had no choice but to walk slowly at this time. The lower half of her body was exceedingly uncomfortable. As for why it was uncomfortable...

The reason was clear...

“Miao Miao...” Over ten voices rang out, their voices filled with emotion.

Young Master Jun rolled his eyes... this synchronized ‘Miao Miao’ had caused Young Master Jun to feel as if he’d walked into a den of cats...

The entire hall was instantly filled with happiness and excitement as everyone gathered around them to ask all kinds of questions.

Regarding the Heavenly Tribulation, Miao Xiao Miao was in a state of confusion at that time and did not know what had happened at all. Besides, even if she could see everything clearly, she wouldn’t be able to explain it... she could only try her best to answer the questions in a confused manner...

As for Young Master Jun, he was even more talented at acting confused. Narrowing his eyes, he spouted all kinds of strange logic, leading the conversation in circles. In the end, what could the crowd expect of a mere little 'Golden Xuan' prawning to answer such profound questions...

As for why they'd come back so late, the bunch of old fellows cleverly did not ask at all...

What was the point of asking? Which of these people were not wily old foxes? Which of these people's eyesight was not sharp enough to tell?

From the instant Miao Xiao Miao walked in, they had already discovered that something wasn't right. Everything became clear in an instant...

There was no need to ask at all. With Great Prodigy Mo's selfless act, how could that lass Xiao Miao not be touched? The two of them must have absconded somewhere after the tribulation to clean themselves, and subsequently...

This matter was too obvious. Who among them would be unable to guess...

If at this time there was anyone stupid enough to ask, that person would probably be beat up by the rest together...

As for the tribulation... everyone had already arrived at an 'obvious' conclusion in their hearts. Another powerful expert must have happened to also be undergoing his tribulation at the same area at the time... Miao Xiao Miao had only intercepted with that person's Heavenly Tribulation briefly. But when the other person's Heavenly Tribulation began, hers had already ended... which was why the pair of them had been able to pass through from it safely...

As for such a high level of analysis, the two juniors naturally would not understand...

The old fellows had already arrived at the most logical explanation for the entire event. Truthfully, this was also the only possible explanation. Otherwise, could the pair of little fellows that were only 17, 18 years old possibly draw such a terrifying Heavenly Tribulation? Even ghosts would not be able to believe such a thing!

This exceedingly difficult problem that Jun Mo Xie had originally brooded over had actually been dismissed so easily by the 'clever commonsensical' answer that the crowd came up with...

#### Chapter 1054: Path of a Wife

"Miao Miao ah... my poor daughter..." Madam Miao stumbled out and hugged Miao Xiao Miao tightly as tears of joy poured down her cheeks. The mother and daughter pair hugged each other, crying loudly...

After a long time, Madam Miao wiped away her tears and walked up to Jun Mo Xie. She had a gentle and earnest look on her face as she said in a soft voice. "Jun Ye... I'll be leaving Xiao Miao... in your hands from now on... She is young and willful and has been pampered since young. Please be patient with her..."

After this matter, Madam Miao had thoroughly acknowledged this son-in-law! Right now, even if Miao Xiao Miao wanted to turn back, this mother-in-law would instead be standing on Young Master Jun's side!

In this world, how many men would truly be able to die with his woman? From what she knew, she hadn't met one until now! Mo Jun Ye's actions had truly allowed this Madam Miao to set her heart at ease!

To place her future in the hands of this young man, she could really relax! Furthermore, she would not suffer any injustice at all! For his sake, her daughter was even willing to sacrifice her life. How would he bear to bully her?

Jun Mo Xie laughed awkwardly, and in that moment, he didn't know what to say. Even this Lord Evil Monarch whose skin was thicker than a city's walls could not help but blush a little at this kind of trust. In that moment, he actually resembled a shy little boy...

That night, the Miao Family hosted a huge feast, and all the guests gathered together happily!

It was a grand feast where everyone drank until they were drunk...

Only the Qiu Family's Qiu Cheng Yun was feeling somewhat unhappy in his heart. "It's good for you all, since both of them are back, and everything is fine! But this old man's grandson had been beaten half to death by Bai Qi Feng, and no one even knows how he is now..."

But he could only brood about the matter in his heart. As for saying it out... Even if he was given 10 times more guts, he wouldn't dare...

The most important thing was that Jun Mo Xie and Miao Xiao Miao had come back safely, and he could finally breathe.

Now that the two little ancestors had returned safely, the crisis that the Qiu Family was facing had disappeared by 80-90 percent!

In the instant Jun Mo Xie returned, the happiest was actually this Qiu Family head! My dear little ancestor ah... you're finally back... If you returned any later, my Qiu Family will truly be finished...

That night, Li Xing Yue and the other youngsters surrounded Jun Mo Xie and began to stuff him full of wine. This lucky brat had actually managed to pick the best flower of the Misty Illusory Manor away and even completed the deed on the same day. Whose throat would they pour the wine down if not his?

Everyone found all kinds of reasons to continuously offer cups of wine, commencing a grand drinking competition. Everyone claimed themselves to be the god of wine, or a wine immortal...

Young Master Jun's character was still very good and did not go back on his words, accepting everything that came his way. Downing bowl after bowl, until his face was completely red, and he swayed heavily, looking as if he would collapse atop the table and pass out at any time. However... this fellow simply would not drop!

This gave others an illusion: that with just one more bowl of wine, this fellow would probably drop...

In addition, Miao Xiao Miao repeatedly advised him anxiously: Drink less... drink less... From the looks of it, she seemed extremely concerned...

With such an obvious reaction, everyone naturally became even clearer in their hearts. Looks like the Free and Natural Physique is very good at enjoying wine, but his drinking capacity is normal...

So, everyone became even more excited, and the atmosphere became even more intense. Forcing others to drink was fun, and it was even more exciting to down a drink... bowl after bowl, vat after vat... one after the other, in a continuous flow...

With a bang sound, the bowl in Meng Xian Ru's, who drank the most fiercely, hands fell to the ground. After that, his entire body slid down like a dead octopus. In a moment, loud snoring sounds could be heard from under the table...

The others were not much stronger than Young Master Meng. Their tongues had all grown swollen after drinking so much. However, they still fought to drink faster... some directly lost their sense of direction after drinking their last bowl, while some tripped over the legs of others and fell to the ground, unable to get up again...

Some began running for the toilet to urinate after drinking, directly passing out while inside. At least, they didn't suffer the same fate as fatty Tang Yuan, which was a great fortune amidst the misfortune...

Finally, Young Master Jun was simply surrounded by a large group of loudly snoring bodies...

The Young Masters of all the various large families were lying on the ground like dead dogs, snoring up a storm. Food and sauce could be seen on their faces, and their breaths reeked of wine...

Young Master Jun still had the same narrowed eyes and red face as before... at the end, only when he saw Miao Xiao Miao coming over to support him, did he pour the wine in his bowl out and dropped his head onto the table... from the looks of it, he was also drunk...

Meng Xian Ru, who was sleeping under the table, just happened to be opening his mouth when Young Master Jun poured his half finished wine out. Over half of it went directly into his throat. In his state of unconsciousness, he hiccuped and actually cried out: "... Good wine! En... one more vat..."

After that, his snoring resumed...

Miao Xiao Miao looked helplessly at this bunch of drunkards and could not help but smile bitterly. For the first time, she finally understood what her mother felt when she took care of her father whenever he was drunk...

This was both an infuriating and hilarious feeling... along with a sense of helplessness...

At this time, Madam Miao just happened to be accompanying beside her daughter. Looking at that bunch of unconscious youths, she sighed lightly.

"Miao Miao, do you know why those people are drunk tonight?" Madam Miao asked lightly.

"Why?" Miao Xiao Miao replied with hesitation. To be drunk meant that they'd drank too much. What other reason could there be?

"Li Xing Yue, Meng Xian Ru, Zhang Qi Yun, and the rest, are people who grew up with you. These guys, including Qiu Peng, Gu Fei Yu, and Zhan Yu Shu who'd unfortunately passed away... all of them had not formally married even until now, because they were waiting for you." Madam Miao laughed bitterly and sighed. "Today, you were 'stolen' swiftly by an unexpected outsider, in such a short period of time. To them, their dreams of more than 10 years had been dashed in an instant.

"Gu Fei Yu turned into a cripple... have you considered, although Mo Jun Ye had been in the advantage that day, Gu Fei Yu's cultivation had indeed been much higher than Mo Jun Ye's? How did he suffer such a heavy internal injury and turn into a cripple? Try to think about it. If you weren't beside him that day, would Gu Fei Yu end up in that state?

"The Zhan Family brothers set up a gamble that day, which ultimately resulted in a loss for them. There were naturally luck involved as well, and the main reason was naturally also because Mo Jun Ye's talent was too shocking. But were you really unaware of Zhan Yu Shu's feelings towards you? Not only Zhan Yu Shu, I suspect that even Zhan Qing Feng also had some intentions toward you, only that he had never displayed it so far. And Qiu Peng today's greatly abnormal behaviour; not only did he throw away his reputation and demeanor of a suave and refined Young Master, he even decided to oppose Mo Jun Ye regardless of the cost, attracting Bai Qi Feng's anger, resulting in the tragic ending of him being beaten

up to an unrecognizable state... Try to think about it, is Qiu Peng really such a rash and brainless person who normally does things without consideration for consequences?"

After hearing Madam Miao's words, Miao Xiao Miao could not help but furrow her brows lightly. Replying in an uncertain manner, she asked, "Mother... you're saying... that they did all that for me?"

"If not for who, who else can it be?" Madam Miao laughed bitterly as she looked at her pure and naive daughter. "Take this bunch of people who are so drunk that they'd passed out. Do you think that they're really drunk?"

"Could it be that they're not drunk? Are all of them pretending to be drunk? Aren't their acting skills too good then?" Miao Xiao Miao looked at the bunch of Young Masters laying on the ground in all kinds of strange positions, unable to believe that they were all pretending to be drunk...

"They are of course drunk for real. However, they are not drunk because of the wine." Madam Miao sighed heavily and shook her head. "Li Xing Yue is sociable and resourceful; Meng Xian Ru is intelligent and witty; Zhang Qi Yun is mature and stable. Of these three, which one of them is not a refined Young Master proficient in all manners of art and war? Even since you were kids, have you ever seen them lose control of themselves like this? Today, not only had they lost all their bearings, they have drank themselves to such a state. Yet, they aren't using their cultivation to rouse themselves and regain their clarity... why is that so?"

"Why?" Miao Xiao Miao asked, perplexed.

"As the saying goes, wine washes away all troubles. Today, they are using wine to wash away all their pain and bid their past farewell! To them, this drunkenness is the mark of a new beginning!"

Madam Miao continued in a soft voice, "Before this round of drunkenness, they were still living in their old dreams... that is why they are not willing to use their Xuan Qi to force the alcohol out... This is a pain from the depths of their hearts. Apart from getting drunk, there are no other methods for them to vent. Perhaps the average man may choose to face the pain head on, or a warrior would use a bloody battle to baptize themselves and herald a new beginning... But they can't. Because they are descendants of large families, and they carry this fate!

Madam Miao suddenly looked straight at her daughter and said, "I'm telling you all this not to let you know how fanatical they were towards you. Because, that passion is now all in the past! I only want to tell you that it is sometimes very hard for men as well. There is some bitterness that they can never say, and when they drink... it's perhaps the method which they use to heal the pain in their hearts... at such times, people who disturb them when they are drinking are all extremely detestable. Even their own wives are not any exception. As a wife, you must not lash out at them or scold them, mock them, or even ignore them... only a woman who can take care of her man in such times... can be considered a good wife..."

Miao Xiao Miao's eyes began to shine with some understanding...

Madam Miao sighed heavily again. "It is known that being a woman is not an easy task. She needs to abide by the three obediences 1 and four virtues 2, remain quietly at home behind closed doors... It's as if the entire world is biased against women. But how many can see that while most women are troubled by the small affairs of family life, their men had to take on the entire world! All their sacrifices and efforts to raise the family, the responsibilities to provide for the entire family are all set on their shoulders... a woman can cry when they feel wronged, and no one would laugh at them. But the moment a man shed even a single tear, the entire world would point and mock them... That is why there was even the phrase 'a real man would rather shed blood than shed a tear'... If us women could choose, we would rather our men shed tears instead of blood... Because crying is not dangerous, while bleeding... often means that we would lose the person whom we rely on..."

Chapter 1055: Crucial Moment Arrives...

"It isn't easy for them either. A wife should not make things even more difficult for their man... A good wife needs to understand... some things, and some times... you need to be understanding towards your man. If a woman does not know how to be understanding, the marriage will simply be a tragedy. Do you understand? You may not understand now, but you need to try your best to do so!"

Her daughter was already another's wife right now. Although it was a bit sudden, she needed to teach her the path of a wife as quickly as possible. This could be said to be one of the most important lessons in her daughter's life...

"I understand... thank you for the instructions, mother." Miao Xiao Miao said lightly. "I may be too greedy, but I hope that my Jun Ye will not have to shed either tears or blood in this life..."

Madam Miao shook her head bitterly. This girl's wish... was indeed quite greedy...

"But... while I understand why they are drunk... why is Jun Ye also drunk? Could it be that he has some troubling matter in his heart as well?" Miao Xiao Miao asked.

"Silly lass, they are drunk because of you, but Mo Jun Ye is drunk because of them! There is a limit to a person's endurance after all. It doesn't mean that a person will not get drunk if they are not troubled! Anyone can get drunk if they drink too much!" Madam Miao shook her head as she looked at her daughter dotingly.

"Hur hur... I understand now." Miao Xiao Miao's face reddened slightly as she said: "Mother, look, those guys are all lying on the ground in such an unglamorous manner. But my Jun Ye is just resting his head on the table so gracefully... not even snoring at all. Keke... Jun Ye is still so classy even when drunk. Just by this alone, Jun Ye is much stronger than all of them..."

Madam Miao rolled her eyes in response. Was there even such a thing as being classy when drunk? Who would be able to care about being classy when drinking? Was there even such a comparison? Forget it, there was no point talking about this with her. Right now in her daughter's eyes, Mo Jun Ye was simply a perfect existence!

"Alright, quickly call over a few people and bring your Jun Ye back to the guest room. And call a few more people to bring the other Young Masters to rest... I think your father's side should be about done too. When happy, they drink too much. When troubled, they drink too much as well. The ones who are left troubled after that are always us wives..." Madam Miao furrowed her brows and said.

"Mother..." Miao Xiao Miao said in a coquettish voice. "The guest room's bed is so hard; it's not even comfortable at all. Furthermore... with so many being drunk, how terrible would the smell be in there... Wouldn't Jun Ye be suffocated to death in there? The conditions there are not very good..."

The guest room is not good??

Madam Miao's lips twitched. That was the best guest room in the entire Misty Illusory Manor. and the standards were the highest. How could the conditions there be bad...

“What do you say we should do then?” Madam Miao looked at her daughter.

“In any case, he can’t stay in the guest room...” Miao Xiao Miao pouted her mouth.

“Fine fine, since the things that shouldn’t have happened have already happened...” Madam Miao said helplessly. “You and Little Beansprout can bring him to your room to rest then. However, you must come to my room to sleep.”

The old madam was an experienced woman, so how could she not tell that her darling daughter was no longer as untainted as before. But because the two children could only be considered to be engaged, they could not behave too outrageously in public...

“Okay, mother...” Miao Xiao Miao blushed slightly, but she still said happily, “I’ll take care of him for a while and go over later.”

After saying that, she called Little Beansprout over, bent her waist and carefully carried Young Master Jun up. With her current Second level Venerable cultivation, it was naturally not much of an issue to carry the hundred jin heavy Young Master Jun. After that, she directly left in a hurry. One could hear her calling for Little Beansprout to prepare the hot water, towel, alcohol dissipating soup... etc...

Madam Miao looked at her daughter’s backview and shook her head with a bitter smile... Her daughter had really grown up...

Miao Xiao Miao carefully carried Mo Jun Ye all the way up the stairs to her own room and placed him gingerly onto her bed. After that, she called over Little Beansprout and carefully peeled off his shirt and his socks. Then, she used a hot towel and dabbed lightly at his face...

Only when all the trivial matters were over did she finally send Little Beansprout away. Sitting at the side of the bed, she held a fragrant pouch in her hand as she watched that extremely ordinary face in a dazed manner. Slowly, her face broke into a gentle smile...

I wonder what about him attracted me so deeply... in such a short time, I’m actually willing to live and die together with him... not seeing him for even a short moment gives me such an empty feeling...

As she mused to herself, she stretched out a finger and lightly stroked his face. Her jade-like finger was infinitely warm, filled with a loving gentleness...

But this seemingly unconscious touch... had created quite a bit of trouble...

All of a sudden, Miao Xiao Miao felt that her hand had been grabbed by another larger hand... when she lifted her head, she saw that the corpse-like drunkard that she'd carried up with Little Beansprout had suddenly opened his eyes and was looking at her with a strange smile...

"Ah..." Miao Xiao Miao's brain instantly short circuited. "You're awake?"

"Awake?" Jun Mo Xie narrowed his eyes. "Your husband isn't even drunk at all, since I'm not drunk, why wouldn't I be awake..."

"You're not drunk!?" Miao Xiao Miao felt that her brain power was not sufficient. "You've drank so much wine... how are you not drunk?"

"Ai... they are using wine to drown their sorrows and intentionally did not expel the alcohol in their blood so as to get drunk..." Jun Mo Xie sighed in a feigned sorrowful manner as he continued. "My alcohol capacity is originally great, and there aren't any troubling matters in my heart. In addition, I even have a beautiful girl in my arms... as the saying goes, people are in high spirits when involved in happy events. How can I get drunk like that? But if I didn't pretend to be drunk, how many more people were going to look for me to stuff me with wine? For such a clever person like me, is it very surprising to pull a drunken act?"

"... You..." Miao Xiao Miao didn't know what to say. Looking at the smug look on this fellow's face, she found it both funny and infuriating. To think that he would actually pull such a trick at that kind of setting. Truly too amazing...

"Right... this place... seems to be much more comfortable than that pool. Right now, there's only the two of us..." Young Master Jun suddenly smiled in an evil manner as he patted the soft bed. "Wifey~~"

Seeing the familiar look of lust in this fellow's eyes, how would Miao Xiao Miao not know what he wanted? In that moment, her face turned completely red as she stammered, "But... but mother said..."

“But... but tonight, this Young Master wants to savor the taste of the number one beauty of the Misty Illusory Manor...” Jun Mo Xie narrowed his eyes and chuckled. “And I want to savor carefully, from top to bottom... bit by bit...”

Miao Xiao Miao had yet to react, when a large hand was suddenly wrapped around her waist... With a soft gasp, she had already been pulled onto the bed... half of her clothes had already disappeared before she realized it...

Just as she was about to resist... another hand suddenly appeared on her chest... Miao Xiao Miao moaned lightly and completely lost the energy to speak...

Forget it...

With a flip of his body, Young Master Jun instantly occupied the top position...

That night, the color of spring filled the entire sky...

....

Early the next morning, a large number of people had already gathered in front of the Miao Family Manor. All of them were peak experts, and nearly all the Saint Venerables of the Misty Illusory Manor had all come together. The Patriarchs of the large families were also present... even Cao Guo Feng and the rest had come...

Miao Jing Yun's face was sullen, and he looked at the gradually brightening sky in an anxious manner...

Today was the day when all the top experts entered the Spiritual Herbal Gardens once every hundred years... Everyone had already arrived, save for two people: they were only two people from the younger generations: Mo Jun Ye and Miao Xiao Miao!

And today, the both of them were absent!

The two were actually late...

“You, go to the guest room and drag Mo Jun Ye out! You, go to Miao Miao’s bedroom and wake her up. What time is it right already! How disappointing!” Miao Jing Yun had also drank quite a bit last night and didn’t know that Great Prodigy Mo had already abducted his granddaughter away...

On such an important day, the two most important characters who could possibly reap the greatest harvest... were actually missing... The Spiritual Herbal Gardens only opened once every hundred years. And everyone would take this chance to gather more of the spirit herbs they needed. But now, they’d already been delayed for more than an hour. This was equivalent to how many missed spirit herbs ah...

If everything was added together, it was a huge fortune lost...

And this huge fortune had actually been turned to dust while the two lovebirds slept...

“Let me go and get Miao Miao.” Miao Huan Yu said somewhat awkwardly.

As the Lord of the Spiritual Herbal Gardens, he could only spend about two months every year at home. Of the two months, he would choose the New Years where every family chose to hold their reunion dinner. As for the other month, he would dedicate it to the date where the Spiritual Herbal Gardens was open to the outside.

As for the rest of the time, he would stay inside the Spiritual Herbal Gardens.

At such an important time, his own daughter, whom he’d been most hopeful of inheriting his position, was actually missing. Even the normally steady Miao Huan Yu couldn’t help but feel somewhat frustrated. This kid Xiao Miao had always been reliable. What happened this time?

By the time Miao Huan Yu arrived under his daughter’s room, before he could even open his mouth to call out, he saw a scene that was enough to cause him to go crazy. Miao Xiao Miao was walking up the stairs gingerly with Jun Mo Xie, arm in arm, their faces wreathed in the happiness of youthful spring as they supported each other. From the looks on their faces, even if one thought using their knees, they would be able to tell what happened last night...

Not to mention, that weak and frail behaviour of Miao Xiao Miao's was completely impossible to hide...

In an instant, a ball of flame surged through Miao Huan Yu's heart!

No matter how pleased a father-in-law was with his son-in-law, they would definitely feel a great, complicated feeling in their hearts if they saw their own daughter in such a manner, after being eaten cleanly!

Miao Huan Yu's feelings could be said to be incomparably complicated in this instant. His calm and polite demeanor had completely disappeared, and he gritted his teeth and glared angrily as he shouted: "You two little beasts! What are you doing!"

Chapter 1056: Spiritual Herbal Gardens!

The moment she saw her father standing under the stairs with a stormy expression, Miao Xiao Miao's face instantly turned red as she panicked.

Jun Mo Xie was also somewhat speechless. As a senior of the family, what are you doing standing under the stairs of a youngster's bedroom early in the morning? Don't you know that this would be embarrassing for this thin-skinned Young Master?

Miao Xiao Miao was also very helpless...

She naturally knew that today was the once-a-century important day...

But even if she could remember more clearly, there was nothing she could do since her body was not listening to her commands...

The entire night last night, that fellow hadn't let her rest at all... that rascal was like the waves of a mighty ocean, smashing against her over and over, without pause...

Miao Xiao Miao nearly thought that her body was breaking apart...

Even until now, she could still feel her important part aching...

When she woke up this morning, she found that she was snuggled right against this naked man. Furthermore, there was basically no distance between them...

She couldn't remember how they fell asleep in the end... the whole night seemed like a part of memory that she'd lost, and only now, she could only remember the orgasmic ecstasy that existed in every inch of her bone and muscle...

If not for Jun Mo Xie's reminder, Miao Xiao Miao would really have been unable to get up...

Too tiring! Too sleepy! Too exhausting!

How was that a night of rest, ah... that was even more tiring than a full day's training, or a whole day of hard work!

At a certain moment, a comprehension that she didn't know whether it could be considered as a comprehension appeared in Miao Xiao Miao's heart. There was surely a reason why the men in this world had so many wives and concubines... a single wife... was really not going to be able to endure this much. Even if she had the cultivation of a Venerable, she was already in this state. What about other normal girls?!

Young Master Jun's spirit was refreshed, and his body was comfortable. Even if Miao Xiao Miao forgot, he would never forget such an important date. With his super natural self control, even if he was three or four times more tired last night, he would still be able to get up on time!

Today was the main reason why he'd entered the Misty Illusory Manor in the first place! He was already filled with excitement at what surprises the Spiritual Herbal Gardens were going to bring...

When he was washing his face, Jun Mo Xie mumbled something, but that one sentence had caused Miao Xiao Miao to blush from head to toe...

“These... events of yesterday... are truly unforgettable ah...” His words seemed exceptionally normal, except that he’d placed emphasis on a few words...

-----

The normally calm and steady Miao Huan Yu’s face was as black as the bottom of a wok as he marched his embarrassed daughter and the happy looking son-in-law to Miao Jing Yun.

Miao Jing Yun only rolled his eyes when he saw them and waved his hand. “Set out!”

What could a grandpa like him say about an event like that should not have happened but already happened? To continue reprimanding now would only hold up the time further...

With Miao Jing Yun at the lead, the group moved off quickly. Miao Dao carried Miao Xiao Miao, and Miao Jian carried Jun Mo Xie on his back. The entire group resembled a straight arrow as they shot off into the distance...

What kind of speed did this group of people possess? In just the time of several tens of breaths, they’d already reached the main palace of the Misty Illusory Manor. At this moment, only a huge stone wall could be seen in front of everybody’s eyes.

To say that the thing in front of them was just a stone wall was truthfully somewhat inappropriate. Because strictly speaking, it was more like a piece of jade wall! This wall was about 20 zhang in height and width and shimmered with a faint glow. One could barely see a multicolored light flowing within it...

The face of the jade stone wall was filled with countless strange patterns!

Apart from this uniqueness, there was another point of special thing about it. The entire piece of jade wall seemed nearly transparent. From where they stood, the group could see a myriad of scenes within it...

It was as if this jade wall was a passage to another world...

And from where the crowd stood, they were only looking at a small piece of this mysterious world.

And behind this jade wall, there was only a giant precipice!

There was nothing else there at all... not to mention the strange images that they saw through the jade wall at the front...

For such a huge piece of jade, even if it were set in the Xuan Xuan Continent and auctioned, it was likely that even an entire country might not be able to afford it even if they pooled the wealth of the entire country together! And even that price was only limited to the value of the jade itself...

"This is a piece of Sky Xuan Jade! It's a complete piece of Sky Xuan Jade, and there isn't even a single chip at its corners or a tiny crack on it," Miao Xiao Miao whispered lightly into Jun Mo Xie's ears as she explained. "The most mysterious thing about this Sky Xuan Jade is that it has an indestructible property. No one has the ability to hurt it at all... even if 10 Saint Venerables joined hands and used all their might together, they would not be able to leave even the faintest scratch on it..."

"What a great stuff!" Jun Mo Xie's eyes lit up.

"This Sky Xuan Jade is the most valuable thing in the entire Misty Illusory Manor! But its preciousness is not because of its indestructibility and the strange sights hidden within it. If that were the case, it would only be a slightly more interesting toy!" Misty Illusory Manor said softly. "It's true value lies in the fact that it's the only entrance to the Spiritual Herbal Gardens!"

In that moment, Miao Huan Yu was standing before the huge Sky Xuan Jade alone as he revolved a strange energy in his body, as if he were communicating something to the huge jade wall...

At the same time, the somewhat blurry images on the Sky Xuan Jade began to move, from slow to quick, before becoming a blurry image... In the end, it turned into a resplendent white light...

“To me, the most valuable thing in the Misty Illusory Manor is you, and you alone.” Jun Mo Xie said with a slight smile. “And, I’ve already obtained this most precious thing.”

“You...” Miao Xiao Miao’s ears instantly turned red with happiness and embarrassment. However, she still stamped her feet cutely. “I’m not a thing...”

“Right right... you’re not a thing...” Jun Mo Xie laughed.

How could he miss such a great opportunity to crack a joke?

“You—you are the one who’s not anything!” Miao Xiao Miao stared angrily as she turned around. “I’m not bothering about you anymore, you baddie...”

“That’s fine, you don’t have to mind me right now...” Jun Mo Xie leaned over her ear and cackled in an evil manner. “You just need to mind me tonight when all your clothes are off. Right, you’ll see the real baddie at that time...”

Miao Xiao Miao instantly covered her face with her hands, not having the ability to face the world anymore...

This bastard, what kind of setting is this, and what kind of words is he saying? Although nobody could hear him...

Just at this time, a brilliant, multicolored light shot out of the jade wall. Along with it, a refreshing, fragrant smell also surged out! This kind of smell was completely incomparable with any kind of scent in the mortal world. The instant one smelt it, their bodies would feel exceptionally light, and their hearts would be relaxed...

Following that, a huge door appeared out of nowhere.

A pair of words appeared on both sides of the door: Unrivalled through the Nine Nethers and Nine Firmaments, I am Number One in the world! Going up to heaven or down to hell based on my own ability, moving unhindered through the howling winds and pouring rain!

Every single word seemed as if it had flown out of the jade wall, striking into the hearts of everyone like lightning!

These words carried an arrogant and domineering meaning, as if the person who penned it was sitting atop the sky, looking down disdainfully at all under the heavens! Just by looking at it, one could already imagine the might and pride of the person who wrote those words!

The Nine Nether First Young Master!

Apart from the Nine Nether First Young Master, no one else throughout the entire history of this world had such a great arrogance! And no one else had the ability to write such words!

An unrivalled wildness!

But it was a wildness that roused the respect in everybody's hearts!

Such unyielding willfulness!

But it was a willfulness that boiled the blood of men!

The set of words only disappeared slowly after some time. At the same time, a row of neat stone steps slowly appeared, this path led to a faraway location, without an end in sight. It was as if one would be able to walk to the edge of the world by following this path!

On both sides of the stone path, one could see a vague yet distinct forest that stretched out seemingly endlessly...

When these sights became completely clear, everyone would be able to tread this path as if it were a real path and enter the Spiritual Herbal Gardens! This was a custom that hadn't changed for 10,000 years, and nothing strange had ever happened before...

Everyone waited patiently.

But at this time, the accident that had never appeared in 10,000 years actually appeared for the first time!

Just as the earlier set of words were about to disappear, a golden light flashed, and another row of completely differently styled words appeared: "If you dare to screw around after entering, this daddy will butcher you!"

When they saw those words, all the other old fellows were completely frozen!

This... what was going on?

Why was this new content so crude? And... why had it appeared on this jade wall? Furthermore... such a thing had never happened before in the past. But those words were clearly different from the Nine Nether First Young Master's earlier words... This sentence also seemed to be targeted at somebody. But who had it been meant for?

Young Master Jun felt his scalp hardening as a sense of danger blew under his legs... Among all the people here, only he knew what those words meant.

Those words had clearly been said to him! It was a warning that the Nine Nether First Young Master had left behind for him 10,000 years ago! Young Master Jun was not unfamiliar with such a strange method. When he'd taken away the Power of the Five Elements the previous time, he'd already experienced it before, so he was not a stranger to it!

However, the content of that sentence... F\*ck, how am I screwing around? Aren't I just here for a single tree? I'm just taking away a few fruits, is there a need to be so serious, to actually set a warning 10,000 years in advance... you're looking down too much on this Young Master's self control...

Am I such a greedy and base person?

The golden words disappeared this time after a brief flash, but everyone's hearts grew heavy. This old ancestor had actually given such a strict warning this time; it was definitely not a joke. After entering, they could not afford to be careless at all. They would rather not obtain anything, than to act rashly...

With a heavy heart, the group entered the Spiritual Herbal Gardens.

As they reached a fork on the stone path, Miao Jing Yun gave the order to split the crowd into three groups to pick the spirit herbs. With a stern warning, he told everyone to gather back at the same place before the time limit.

As for Jun Mo Xie and Miao Xiao Miao, they followed behind Miao Huan Yu towards the center where a patch of verdant plains was! This was the direction where the Rainbow Holy Tree was.

Chapter 1057: Rainbow Holy Tree!

From Miao Huan Yu's warning, Young Master Jun finally learned why the "candidate" could only be one person. Because it was usually best if this path was traversed alone. Two person was possible, and three was stretching it. But there could be no more than three!

Once this number limit was passed, they would never be able to see the Rainbow Holy Tree!

Of course, the three people limit did not include the Spiritual Herbal Gardens Lord. In other words, it was actually still possible to squeeze one more person into Jun Mo Xie's group. However... after the last time the Holy Tree protested, no one had tried to do that again. In fact, only one person went in each time.

This time, Miao Huan Yu was already making a huge exception for the first time in several hundred years by bringing two people!

Miao Huan Yu walked in the center. Miao Xiao Miao was on his left and Jun Mo Xie was on his right.

The things in this world were no different from the outside world. There was a comfortable feeling when stepping on the grass. The smells and sights of the lustrous surroundings caused Jun Mo Xie to feel that this place was not an illusion and was completely real!

After walking for a moment, by the time they turned around to look, the path behind them was already completely covered in a layer of mist... it was impossible to see the people whom they had come in with...

“This area is the territory of the Holy Tree. In the entire Spiritual Herbal Gardens, this can be considered the most mystical place.” Miao Huan Yu took a step out and said. “These verdant plains are vast and endless, but there isn’t a single stalk of spirit herbs growing here! Because the Holy Tree will not allow any spirit herbs to grow on its territory!

Jun Mo Xie and Miao Xiao Miao had already noticed the strangeness long ago. When they first came in, they noticed that the two sides of the forest were filled with precious spirit herbs everywhere. But when they reached here, there wasn’t a single one at all. Even the most common spirit grass was nowhere to be seen.

When they heard Miao Huan Yu’s explanation, the two of them instantly realized that this was the Rainbow Holy Tree’s work! Exchanging a brief glance, their thought to themselves: “So this Rainbow Holy Tree is actually a selfish fellow...”

But as Jun Mo Xie thought about it, he understood the logic as well. Some of the stronger Xuan Beasts did not permit the existence of any other Xuan Beasts in their territory. Once any other Xuan Beasts entered their domain, a huge fight would instantly break out. A spirit plant with powerful Spiritual Qi could also similarly make it hard for other spirit plants to grow around them! The only thing was that this Rainbow Holy Tree was even more oppressive, and its field of control was even wider...

All of a sudden, a fresh Spiritual Qi wafted over from a distance away, and Miao Huan Yu smiled. “We’re here.”

The two raised their heads and looked over. In the center of the vast prairie, where nothing else existed, there was a large tree that could definitely be considered ‘gigantic’!

This tree was completely straight and was at least over a hundred meters tall! Its branches were filled with verdant leaves, and its branches seemed to touch the skies!

This gigantic tree's leaves were strangely shaped, with nine sharp points, and which each emanated a different color constantly. At one point, it would look completely normal and green, but in the next moment, it would be red, or black, or purple...

The leaves on this tree were actually switching colors constantly!

As the three got nearer, all the leaves suddenly turned around in an instant, and the entire tree even shook for a moment. It was as if a giant had turned around to look at little ants that had caught its attention...

Young Master Jun froze for a moment, and his eyes widened. F\*ck! A tree can actually be so arrogant! This is too human-like...

Jun Mo Xie had to admit that he had truly never seen a tree like this that could reach over a hundred meters tall in the two worlds that he had experienced so far... If he were to chop this tree down, how many king sized beds could he make...

The leaves rustled loudly, and a clear voice rang out. "Little kids of the Misty Illusory Manor, you've come to see this Lord Holy Tree again... what good stuff have you brought for this old tree this time..."

"Respected Lord Holy Tree, today is the once a century day of the Spiritual Herbal Gardens again. In order to better serve Lord Holy Tree, the Misty Illusory Manor has chosen two talented youths to test their compatibility towards your Lordship. May Lord Holy Tree take a look at them with your all-knowing eyes of wisdom and determine the path of the Spiritual Herbal Gardens for the next millennia." Miao Huan Yu bowed lightly and said with utmost respect to the tree.

Jun Mo Xie narrowed his eyes as he looked at this scene with wonder... Was this a fairytale? A tree could actually understand human speech? And speak the human tongue as well? Furthermore, Miao Huan Yu was still acting so respectfully towards it...

Could this thing understand him?

The Rainbow Holy Tree's leaves rustled again, and the entire tree even swayed visibly for a moment. In that moment, the three people could clearly feel that this tree seemed to be in a very happy mood! In fact, it seemed to be very agitated as well...

Miao Huan Yu was somewhat shocked. Such a situation had never occurred in the past, ah. Could it be that his respectful attitude had caused it to become so happy? But he also used similar words in the past as well, ah... yet he'd never seen it this happy before...

The leaves rustled noisily, as if tens of thousands of people were chattering. "Those two juniors, come forward a step!"

Jun Mo Xie widened his eyes slightly. This so-called speaking voice was undoubtedly this tree using its unique frequency, causing the leaves to create a set movement at the same time to create the effect of voices. But just this point alone was enough to prove that this Rainbow Holy Tree did have its own consciousness. And from the looks of it, its intelligence was not low too!

Jun Mo Xie rolled his eyes...

As requested, he took a step forward, and Miao Xiao Miao followed closely behind him. But her expression was somewhat fearful... After all, she had never seen such a strange thing before. From her knowledge, this Holy Tree was an existence akin to a 'god'...

All of a sudden, a sharp roar rang out as a voice formed out of spiritual sense burst forth with rage. "That junior! What is with that expression? You dare to be disrespectful to this Lord Holy Tree?! Do you know the severity of your crime?!"

As it turned out, Jun Mo Xie's small act of rolling his eyes had been seen by it...

As the Holy Tree raged, the winds and clouds in entire Spiritual Herbal Gardens changed!

Miao Huan Yu cursed bitterly in his heart. Looks like this Rainbow Holy Tree is about to go crazy again... It was the same the last few times as well. A moment ago, it was happy and excited. And in the next

moment, it was already raging. However, there was nothing they could do about it and could only retreat. This time was the same as well. No one provoked it, but it still turned angry for no reason...

Jun Mo Xie stared at this tree, speechless. From the way it was shaking and rustling, it seemed to be uncontrollably angry.

“Scram! All of you, scam for me!” The tree used its spiritual sense and roared. “This Lord does not wish to see anymore of you puny humans!”

“Are you crazy?” Jun Mo Xie spat without a care. When they came in here, Young Master Jun had already noticed that there wasn’t even a single fruit on this tree, and he was already slightly annoyed. After looking around, he realized that there was nothing of what Miao Jing Yun Miao Huan Yu and the rest had mentioned about the second or third tree that the Misty Illusory Manor was nurturing. As such, he was already starting to feel exceedingly annoyed...

And now, a mere tree like this is cursing freely at this Evil Monarch? Truly unbearable!

Moreover...

“You! You brat, what did you say just now?” The Rainbow Holy Tree roared.

“What did I say? I asked if you were crazy!” Jun Mo Xie did not care about the stupefied expressions on Miao Xiao Miao and Miao Huan Yu’s faces as he snorted discourteously. “I realize that those guys from the Misty Illusory Manor must have really spoilt you! Are you very amazing? Aren’t you just a tree? Just because you’ve lived a few years longer, you think that you’re very great? Look at this huge body of yours—don’t you feel embarrassed at producing only two sets of fruits every few hundred years? To think that you could still act so proudly. If I were you, I would have found a tall tree and hung myself long ago... Oh, right, you are a tree already. In that case, you can just hang yourself on one of your own branches and commit suicide...”

“AH AH AH AH... this little brat’s mouth is truly venomous... this Lord Holy Tree is going to die from anger!” The Rainbow Holy Tree swayed left and right violently, shaking the entire land. “Little brat, for your brazen words, this Lord will not let you off!”

With a loud whooshing sound, a violent wind swept up as two thick roots shot out of the ground like a pair of dragons, instantly wrapping around Jun Mo Xie. Then, with a violent rumble, a huge hole appeared in the middle of the Rainbow Holy Tree's trunk. The two roots swung widely, tossing him into the hole. Then, in an instant, the hole closed again, leaving no gaps. After that, the roots returned to the ground, and the tree stopped shaking... the entire place was completely quiet again!

This Rainbow Holy Tree had actually eaten Young Master Jun...

Miao Xiao Miao cried out aloud, nearly fainting from the shock as her face turned as pale as snow.

"Lord Holy Tree!" Miao Huan Yu cried out in a stupefied manner. "The child is young and ignorant, may Senior please be magnanimous and not stoop to the same level as him! Please show mercy, ah."

"This kid is full of nonsense and has a rude and vicious tongue. Is this Lord a tree that he can curse at as he wishes? If he is not taught a lesson today, what will become of this fellow in the future?"

The Holy Tree rustled its leaves and continued. "There is no need to worry, this Lord is only going to teach the little brat a lesson and will not take his life. The two of you can go out first! When I'm done with his punishment, this Lord will naturally let him out!"

Miao Huan Yu was completely speechless.

Go out first? Could it be that this time's effort was going to end in failure again? This place would only open once every hundred years... Go out after just coming in? Are they playing with us?

"Lord Holy Tree... please have mercy on him, Senior..." Miao Xiao Miao begged. "He... he is a good person, can you not punish him..."

"What's with so much nonsense? Hurry up and scram!" The Rainbow Holy Tree seemed to be somewhat angry now as it shook its trunk. The winds grew wild once again, and the entire sky darkened. The entire area grew black, to a point where it was impossible to see one's fingers even if they stretched their hands out before their eyes!

When the Miao father and daughter pair regained their sight once again, they saw that the entire place was empty and bare, only leaving behind a vast prairie. As for the huge Rainbow Holy Tree, it had already disappeared without a trace...

#### Chapter 1058: Power of Wood, Do You Want It?

“Let’s return first. Ai... it’s a wasted effort this time as well. We’ll need to wait another hundred years at least to try again...” Miao Huan Yu said with a helpless sigh.

“No! I’m not going back! I will wait here... for him to come back.” Miao Xiao Miao shook her head obstinately as she stared stubbornly at the spot where the tree had been...

“Silly lass, how will you where Jun Ye will exit from? The Holy Tree has never done things in a normal way before! There are no ways to estimate its next move. Also, Lord Holy Tree’s sense of time is different from us...” Miao Huan Yu did not say out the second part of the sentence. How do you know that he will definitely be able to come out? If he doesn’t come out, wouldn’t you have to wait here forever?

“I don’t care. I’m going to wait here! Even if it’s a hundred years, or one thousand years, I will wait! If I’m unable to wait until he comes out, I will die here!” Miao Xiao Miao said insistingly. Her face was resolute, and there wasn’t a single bit of wavering thought in her eyes.

Miao Huan Yu sighed helplessly...

—————

The Holy Tree.

Everything in front of Jun Mo Xie’s eyes was dark, and suddenly with a flash, he was already transported inside the body of the tree.

This place was an exceptionally amazing and mystical space...

A dense mist covered the entire place, and a seven colored qi could be seen flowing within it, while a sweet fragrance hung in the air. The ground beneath his feet was normal and colorless, and countless, fine root-like things waved around him...

Jun Mo Xie smiled and sat down tranquilly.

He hadn't guessed wrongly. The Power of Wood was undoubtedly a kind of energy that all plants in the world would welcome. More accurately, instead of welcome, they lusted after it!

Young Master Jun's provocation of the Rainbow Holy Tree had been nothing but an act to fool the rest.

When the Rainbow Holy Tree appeared, Jun Mo Xie had already activated his Power of Wood, revealing just a sliver of it. That was why the Rainbow Holy Tree had behaved so excitedly and was agitated at first...

It had nothing to do with Miao Huan Yu's bootlicking words...

Following that, Jun Mo Xie had sent his spiritual sense to it. Do you want this thing? If you do, can we have a private chat?

Since this tree had the ability to mimic the voice of a human, it could naturally understand his words. Jun Mo Xie had complete confidence that intentions would be received perfectly.

Following that, Jun Mo Xie purposely acted arrogantly to anger the tree even more, allowing it to have a reason to take him away...

Otherwise, with the strange temper of this Rainbow Holy Tree, why would it let Miao Huan Yu and Miao Xiao Miao off so easily if it were really angered?

Jun Mo Xie had only just sat down when a rumble echoed out, and a blurry figure slowly appeared from the mist, materializing into a human-like face...

This strange face was filled with tree roots which twisted together to form a long beard...

After witnessing that exceedingly strange energy, this Lord Holy Tree could not wait to come in here itself.

“Human youngling, what do you want to discuss with this Lord?” The Holy Tree said in an arrogant manner.

“We can talk about it later. First, bring me a chair.” Jun Mo Xie snorted and the corners of his mouth arched upwards.

With that kind of attitude, what do you want this Young Master to discuss with you?

“Chair? What is a chair?” The Holy Tree asked with a confused expression.

“A chair is... erm, could it be that you haven’t seen a chair before?” Jun Mo Xie said with disbelieving eyes.

The Holy Tree seemed even more confused now...

“Then just give me a place to sit. Don’t you feel the distance between the two of us are too far apart? You’re so tall, and it’s tiring to lift my head to speak to you. We’ll just forget about the discussion in that case.” Jun Mo Xie said.

“Oh.” The Holy Tree’s eyes lit up and a large hand suddenly appeared out of thin air, plucking its eyeball out. After that, it threw the eyeball down, and the eyeball turned into a wooden block. “Is this fine?”

With a shua sound, the huge hand disappeared again...

This works as well?

Young Master Jun was truly a bit stunned. Seeing the growing look of confusion on this fellow's face, and the second eyeball appearing, he could not help but sigh!

F\*ck, this is too embarrassing. As expected of an old monster of over 10,000 years old. It truly has quite a bit of skills...

But as he looked at the wooden block, he could not help but feel a little reluctant. This daddy will be sitting on an eyeball if I sat down on this... The mental barrier is not low ah...

But after thinking about it, he still sat down on it. This Young Master is sitting on your eyeball, what about it?

The moment he sat down, the eyeball wood suddenly grew taller with a whooshing sound, instantly bringing him into sky until he was facing that huge face.

"Is this fine? We can converse comfortably now?" The Holy Tree said proudly. It seemed to be smirking. How is this, human youngling? To actually dare to play mind games with this Lord Holy Tree? Have you seen the abilities of this Lord Holy Tree?!

"It's passable, I guess." Jun Mo Xie rolled his eyes. No matter how amazing you are, your eyeball is still under my butt serving as my seat.

Young Master Jun suddenly thought of a two-part allegorical saying. Looking at the sky with one's butt, having eyes but failing to see! But today, this Young Master is sitting on an eyeball... doesn't that mean... having eyes and sight?

"That strange energy of yours... en, take it out and let me take a closer look," Lord Holy Tree said authoritatively. Although it was anxious and excited, it was acting in a way as if it were saying: It's because I acknowledge you that I'm willing to look at your stuff. It's an honor for you, and you should be thankful to me...

The moment they entered this space, this Lord Holy Tree began to speak like a normal person, unlike before, when it spoke through spiritual sense... from the looks of it, there was nothing that this fellow couldn't do in this space...

"Sure."

With Jun Mo Xie's abilities, how could he not understand the thoughts of this Rainbow Holy Tree? But there was also no harm in letting it take another look. The more anxious it was, the easier it would be to discuss the other matters later. This Young Master will let you be willful for a little longer. In a negotiation with this Young Master, you're actually dreaming of taking the initiative? And trying to act as if you're in a higher position?!

As the two large pairs of eyes stared with anticipation, Young Master Jun stretched out his hand and cried out: "Power that grows all wood!"

It was still the Power of Wood, but Young Master Jun had purposely yelled it out and also added a few more words to the name! And because of those few extra words, the name alone had caused this old Holy Tree to grow even more shocked!

Young Master Jun had already seen through this fellow long ago. Its foundations could be said to be high to a terrifying level, but when it came to its brains, it was no smarter than a child. After being confined in here for over 10,000 years without even a person to speak to, how clever could it be?

In other words, this was just a kid with absolute foundations. If there was nothing capable of controlling it, everything must then go according to its way. Only by coaxing and pleasing it, would it give up some of the things that it didn't look too highly upon, even producing some good stuff once in awhile. And that was the method that the Misty Illusory Manor had been using all this while!

However, these kinds of methods were too reactive and completely did not suit Young Master Jun. And Jun Mo Xie also happened to have the perfect thing to control this Rainbow Holy Tree with—the Power of Wood! This thing could be said to be the most delicious sweet to coax this child with. If this tree wanted the sweet, it would need to pay the appropriate price. Just like that, the positions of the two sides had already been determined!

As for why he had added the words, he was afraid that this kiddish tree would not understand what 'Power of Wood' meant exactly...

Under the expectant eyes of the tree, a green light came out from Young Master Jun's hands. This exceedingly pure Power of Wood began to grow in this little space...

It was only growing, but did not dissipate out in the slightest... In other words, if it was only for looking and admiring, there were no problems at all. But as for 'enjoying' it, sorry, it's completely impossible. It wasn't possible to get even a single whiff...

Along with Young Master Jun's improvement in cultivation, his control over the Power of the Five Elements could also be said to have reached a hair-raising level!

Lord Rainbow Holy Tree's eyes widened as it stared greedily at the green light. As the ball of life energy grew stronger and stronger, the Rainbow Holy Tree's eyes also protruded more and more...

Until finally, the green ball had grown to the size of regular footballs. And those pair of eyes had already nearly popped out completely from its head!

It was as if two eyeballs were suspended in mid-air...

The Holy Tree's face was only left with endless enthrallment as it pulled out of its root-beard and poked at the ball of green light carefully...

This... this is the life energy that I have sought for countless years, ah! Oh my god, my earth, my heavens... If I just at this ball of green light, I will gain at least 10,000 years worth of energy...

At that time, I will...

Wa! It's too wonderful! AH AH AH...

The drool from this Lord Holy Tree's mouth had already flowed out and dropped onto the ground, glistening brightly...

Young Master Jun felt like he had gained an eye opener this time. The ancient people used to have a saying: spittle three chi long... I used to think that such a saying was just bullsh\*t! But after seeing this fellow today, I finally understand that that wasn't pure nonsense... how is this just three chi ? This seems to be in excess of even three zhang ah... Furthermore, the line is not broken at all...

In that moment, just as that huge mouth opened wide and was leaning forward to swallow that bowl of green light...

Jun Mo Xie flipped his hand, and the ball of green light disappeared without a trace.

Little kid, you want to play underhanded sneak attacks in front of me? This daddy is the ancestor of sneak attacks!

Chapter 1059: I am Your Old Master!

"Ah!" The Holy Tree let out a roar of rage. "Little fellow, you actually dare to toy with this Lord like that?! Hurry up and hand over that magical energy! Otherwise, this Lord will make you suffer!"

"Keke! Does our dear Lord Holy Tree want to see something good?" Jun Mo Xie smirked as he crossed his leg. A hong sound rang out as a plume of black fire darker than night itself burst out of his hand, burning silently...

This flame was emanating endless death energy!

The Flame of Primal Chaos!

A threat! A bare and naked threat!

The Holy Tree's eyes widened even more, popping out once again.

It could clearly sense that this seemingly harmless black flame could easily turn its huge body which had taken over 10,000 years to grow into ashes. Even more scary was that because they were inside its body right now, it did not have the ability to resist this power at all...

Lord Rainbow Holy Tree instantly shut its mouth!

The long line of drool finally broke with a splish sound. At the same time, its enormous head was filled with water...

From the looks of it, it had been scared to the point it was sweating...

It was too unlucky to have met with such a thing!

Lord Holy Tree was already on the verge of crying...

How did I provoke such a jinx? I initially thought that this separate space could easily neutralize all outside energies, which was why I had boldly called this human in for a 'talk'...

If the talk went south, it could directly turn this kid into fertilizer, and that energy it was after would not be able to escape either...

But not only had that failed, it had even ended up handing its little life into this fellow's hands as a result of this 'talk'...

It's fine if the heavens make one commit a sin. However, one mustn't commit a sin on their own initiative.

This was a famous saying whose essence is truth itself!

Lord Holy Tree opened and closed its mouth, not knowing how to react. Although it was over 10,000 years old, its intelligence was only comparable to a little child. Could a child react properly when faced with a dangerous situation?

Fortunately, Young Master Jun was kind enough to give this 'kid' the proper guidance!

"I say... Lord Holy Tree... didn't you want to look at something good? Is this nice looking?! This energy is magical enough, right?!" Jun Mo Xie lowered his head and looked at the ball of Flame of Primal Chaos in his hand. With a sudden toss, the Flame of Primal Chaos instantly flew up, burning brilliantly in midair.

The moment it left Jun Mo Xie's hand, the power of the Flame of Primal Chaos was completely unleashed. The seven colored energies in the space, which was the essence of the Rainbow Holy Tree, was unable to escape the fate of being burned, although it was just gaseous energy. Wood breeds fire, and the Flame of Primal Chaos began to burn even fiercer...

"WAIT..." The Holy Tree's voice turned sharp. "Youngling, stop it ah! Don't ah..." An intense sensation surged through its body as its face contorted with pain...

"Hm? Brat, what did you call me?" Jun Mo Xie narrowed his eyes and summoned another ball of Flame of Primal Chaos. This ball of flame was even bigger than the previous one.

Lord Holy Tree nearly forgot about its current pain in its shock! Oh my god! I can't bear even one flame, and there's still a second one?! Help...

"Big... brother..." The Holy Tree suddenly became enlightened under the threat of extreme danger, directly calling him Big brother.

"Hm... big brother?... That still seems to be somewhat lacking... it's not comfortable enough..." Young Master Jun lowered his head and played with the ball of Flame of Primal Chaos. Waving his hand aggressively, it seemed as if he was about to throw that ball of flame out as well...

"No no no... Old Master, Old Master... you're my Old Master... my dearest Old Master..." Lord Holy Tree was completely subdued...

“Who is your dearest Old Master? Old Master is fine, what dearest Old Master... Forget it, this Young Master is a magnanimous person and will not be so calculative towards you...” With a wave of his hand, the Flame of Primal Chaos that was hovering in midair flew back, and the two ball of flames merged together as they danced merrily in his hand...

The danger was finally temporarily over.

Lord Holy Tree heaved a sigh of relief. It had nearly pissed itself from fear a moment ago... that was, if it could pee in the first place...

But if it could sweat, it might not be impossible that it could pee as well...

“Old Master... wu...” This Lord Holy Tree finally could not bear it and it started crying. It had never seen anyone bullying a person like that... no, bullying a tree like that...

“En. Please put those eyeballs back before talking; it’s uncomfortable for me to look at.” Jun Mo Xie shook his leg and pointed at the two large eyeballs that had fallen in front of him.

Lord Holy Tree hurriedly nodded and with a sou sound, the two eyeballs were retrieved. After that, its wizened old face twisted together with a fawning expression as it asked, “Old Master, what other instructions do you have?”

Hearing the old tree calling him ‘Old Master’, Young Master Jun felt somewhat speechless. “I say... you’ve already lived for over 10,000 years. How come you don’t have any backbone at all?”

Young Master Jun was truly somewhat helpless against this spineless tree. Even a normal expert would always have their own insistence. But this tree was great; with just a bit of threatening, it even called out ‘Old Master’ so enthusiastically...

Truthfully, Lord Holy Tree was quite helpless as well. You brat are at the most sensitive part of my body, and you took out such a horrifying flame all of a sudden, and even forced me so shamelessly to call you Old Master. After being forced and calling you Old Master, you said that I have no backbone... what do you want then? Why are you so hard to please?

I also want my pride. But if I hold on to my pride... my little life will be forfeited... Do you think it was easy to live for over 10,000 years...

"Old Master... having a backbone may be important..." Lord Holy Tree said with a bitter face: "... But my little life... is more important..."

"I see." Jun Mo Xie said with some exasperation. "You lifeforms from outside of civilization have too little education! If you discard your pride for the sake of living on, what is the point of life? Can't you have some goals? Something to pursue? The most basic self esteem?"

Lord Holy Tree nodded repeatedly in an eager manner, but it felt exceedingly bitter in its heart. If you're the one with a knife hanging above your neck, I'll like to see how you insist on your pride... F\*ck, you're talking about pride to a person whose life was in danger? I've seen shameless people, but I've never seen anyone this shameless...

"Didn't they say that there were quite a few Rainbow Holy Trees here? How come there's only you here alone? Where are the others?" Jun Mo Xie sighed and shook his head. From the way he saw it, talking to this fellow about pride was no different than playing the lute to a cow. But this was fine as well; at least he would be saving himself some trouble...

"Who said that? There's only been me here all along!" Lord Holy Tree exclaimed. But in an instant, it understood what he meant. "Are you talking about those trees that the other humans grew?"

"That;s right." Jun Mo Xie nodded.

"Pei! Those few broken things are deserving of the name Rainbow Holy Tree as well?" Lord Holy Tree seemed to have regained his previous arrogant air again. When it compared itself to those other trees, it instantly felt much more lofty. "Those little trees are actually just young saplings that were grafted from my branches. They are in essence, this Lord Holy Tree's children and grandchildren. Those things do not have any consciousness, and even if they grew for another 10,000 years, they would never be able to produce any Seven Colored Holy Fruits! They simply do not possess that ability; I've swallowed them long ago..."

"Swallowed... F\*ck!" Jun Mo Xie widened his eyes with disbelief. This fellow was actually so heartless... to even be able to swallow its own children and grandchildren!

“Oh? So from what you said, it is impossible for a second Rainbow Holy Tree to appear in this world?” Jun Mo Xie narrowed his eyes.

“That is not necessarily so. As long as I’m willing... En, actually, it’s like this; how can nurturing a Rainbow Holy Tree be such an easy matter? Without experiencing the winds and rain of thousands of years... how can one grow up? The Holy Tree... is naturally the only one...” As it spoke, Lord Holy Tree changed its tone and shook its head as it hummed. “A Holy Tree is a large tree; a large tree turns into an old tree, and only after being refined by rain and gale, can it be considered a tree that towers to the sky...”

This fellow actually knows how to compose poems!

Young Master Jun truly began to look at it with a different light...

“There’s really no way to cultivate a second Rainbow Holy Tree?” Young Master Jun’s voice turned somewhat dangerous. The ball of Flame of Primal Chaos began to sway back and forth in a horrifying manner as he sighed in a pitiful tone. “Ai... I guess there’s no point in leaving you alive then... when I came in today, I was intending on obtaining a method to cultivate a new tree. You’re too big, and I can’t take you away no matter what... If I can’t cultivate a new tree, that would mean that I’m destined to not be able to get a Rainbow Holy Tree... If I can’t have something, how can I allow others to have it? Since you said you’re the only one, I’ll just have to kill you then. From now on, the Rainbow Holy Tree will become history, belonging to no one...”

With a whooshing sound, the Flame of Primal Chaos surged upwards again...

How could Young Master Jun be such an extreme person? But from the words of this Rainbow Holy Tree, he could already tell that this fellow was at the crucial point in nurturing another Rainbow Holy Tree. However, this fellow was obviously quite dishonest...

But this Young Master is already standing in your heart right now... is there any use... in being dishonest?

“Don’t~~ Old Master!!! Old Master, I’m calling you Old Master, isn’t that fine? Please don’t set me on fire ah...” Lord Holy Tree’s voice reached a new pitch as its face was filled with water. “We’re family, everything can be talked over; everything can be discussed...”

“Who is family with you? What a bullsh\*t discussion! Since you cannot give me a Holy Tree, and I can’t take you away... what is there left to discuss?” Young Master Jun’s voice was fierce and sharp as he continued fiercely. “Since it’s impossible, I’ll just have to burn the bridges. Nobody will get anything!!!”

Chapter 1060: A Tree that Wishes to Cry!

“Old Master, Old Master, please calm down and listen to me, I’m actually not something that belongs to anyone. I can just ignore those people in the future, and they wouldn’t be able to see me at all. That should work right!?” Lord Holy Tree proposed anxiously.

“Bullsh\*t! What does it have anything to do with me whether you see those people or not? I’ll only say one thing now: Today, I’m determined to take a Holy Tree away. If you can’t satisfy my desire, you would have lost your value to exist. Those who obey me live, while those who defy me... keke, will be burnt to ashes, and their souls scattered...” Jun Mo Xie said in a gangster-ish way.

“Understood, understood, I have... I have... I really have... Old Master... y-you must... stay your hand, hold on for just one second...” Lord Holy Tree stammered. If it hadn’t remembered that this Old Master did not like its eyes popping out, both its eyeballs would already have popped out three zhang away...

“Wait one second? For what? You’re already finished anyway, what tricks are you trying to pull? I don’t have that much time!” Young Master Jun said in an annoyed manner.

“This... please don’t be anxious, you must allow me to explain ah...” Lord Holy Tree said in a scared voice. It was feeling extremely bitter in this moment... even when the Nine Nether First Young Master brought it here as a sapling, he had treated it very carefully...

Who acts like this bandit-like fellow, threatening to burn and destroy with every sentence... F\*ck... why has the human race become like this... don’t they even know how to flatter a little?

The poor tree turned around and its two thick and strong arms appeared once again. This time, it was holding two green colored things carefully in its hands.

“What the f\*ck is that? Say it directly. I’m really getting very impatient now!” Jun Mo Xie narrowed his eyes dangerously.

“This... this is my life’s essence...” This Lord Holy Tree was about to cry as it said. “Only with my permission, can they be merged together. Then I just need to pour my blood essence over them, and it will become a Rainbow Holy Tree seed which can grow into a new Rainbow Holy Tree... but that requires a very long time...”

“Ah... so that’s how it is. Alright, I understand.” Young Master Jun waved his hand dangerously. “Hurry up and nurture it then, and pour your blood essence over it. Quickly, I don’t have much time.”

The Holy Tree rolled its eyes and almost fainted. “Er, Old Master... in order to form a seed from this life’s essence, I will need to sacrifice over a thousand years worth of life force... On top of that, I need to extract a third of my essence blood... this this this...”

This Lord Holy Tree’s eyes seemed to be welling with tears, and its voice was as hoarse as a runaway train. It constantly looked at the magical hands which the Old Master had used to conjure the amazing ‘Power that grows all wood’...

“There’s no need to speak so much nonsense. In the first place, I’d come to conduct a trade with you. I won’t let you work for free. For all the life force you lost, I will replenish it for you... even returning you double the amount is not an issue.”

Jun Mo Xie switched to using the carrot instead of the stick. If that tree turned desperate and decided to go for mutual destruction, he would not get any benefits as well. Truthfully, he really wouldn’t bear to kill this tree. After all, it was a being that had lived for over 10,000 years...

“Really?!” Lord Holy Tree’s eyeballs nearly popped out again in its excitement. It calculated briefly in its heart about how much it would gain from this trade...

“Would I still lie to you?” Jun Mo Xie lifted his chin and said disdainfully. “You should understand, even if I don’t give you a single cent, would you dare to not give me what I want!? In that case, why would I lie to you? Hurry up and get to work, my time is limited!”

“That’s true.” Although Lord Holy Tree didn’t know what a ‘cent’ was, it still understood the general meaning. There was indeed no reason for the other party to lie to it. Since it wouldn’t be losing out in anything, it might as well get to work quickly. If it could really get some life energy in return, it would have made a great profit...

“Many thanks, Old Master... I’ll get to work immediately.” Lord Holy Tree said in a fawning manner.

After that, the two balls of life’s essence glowed resplendently under the control of the Rainbow Holy Tree. One of it was shining with a green light, while the other burst with a seven colored radiance. Slowly, the two merged together, and a green light filled the entire space!

Following that, Lord Holy Tree panted heavily and said, “Old Master, please move over here.”

Jun Mo Xie followed a thin root and turned a corner, discovering a pond lake. This pond was filled with deep green water. The top layer of the pond was covered in a thick layer of seven colored mist...

Lord Holy Tree said in a somewhat proud manner, “Old Master, this is the life blood essence I mentioned before. The seed can only germinate after being soaked in here and truly grow. If it isn’t soaked in this, even if it could germinate by luck, it would wither very quickly... haha...”

As the Holy Tree laughed proudly, it placed the newly formed seed into the pond. A light splash rang out, and it sank to the bottom of the water. In a moment, bubbles rose to the top, as if that seed was breathing in the Holy Tree’s blood essence...

“En. This is your life blood essence? It can’t be this little right?” Young Master Jun looked at the proud mannerism of this fellow and smirked in his heart as he thought to himself. Just this bit of tree sap is only enough to nurture one tree at most... what are you being so proud about!

“What do you mean this little?” The Holy Tree widened its eyes. If it were any other person, it would most likely have smacked the human to death and absorbed the ignorant fellow as fertilizer. But it didn’t

dare to do that with his particular human. Barely managing to control its anger, it said huffily, “Old Master! This is my life blood essence! It could even be said to be the number one treasure in the world. Regardless of man, beast, or plant, as long as it’s a living thing in this world, they only need to soak in here for an hour, and any kind of injury no matter how serious would be healed! Even if their souls was destroyed, as long as the corpse is still there, even a dissipated soul would be able to be reconstructed again just by soaking in here, subsequently resurrecting back to life! Right, my life blood essence should be called ‘Heaven’s Root Water’ in your world! Don’t you know about the legendary ‘Heaven’s Root Water’?”

Lord Holy Tree looked condescendingly at Jun Mo Xie as it spoke to here. This time, you brat must have been properly shocked right?! Can you see this Lord Holy Tree’s extraordinariness now?

“Heaven’s Root Water? What’s that? Is it really so magical?” Young Master Jun revealed a suitably shocked expression. Gasping, he thought to himself. If it’s really so amazing, I wonder if it could heal Green Hunter’s injury?

“Hahaha...” Lord Holy Tree laughed with satisfaction, finally managing to get one back. Little brat, although you can threaten me, this Lord Holy Tree’s treasure is something that you cannot lay your hands upon...

The more it thought, the happier it became in its heart as it furrowed its brows and sighed pretentiously. “It’s a pity that you don’t have a heavily injured friend with you this time, especially the kind whose soul and body had been gravely injured. Otherwise, this Lord would let... erm, let Old Master see the amazing properties of this life blood essence. This is a legend, a legend among legends... le...”

Halfway through its words, it received a glare from Jun Mo Xie and suddenly remembered that it couldn’t offend this human...

As for a ‘heavily injured friend whose soul and body had been gravely hurt’, this Lord Holy Tree was simply speaking nonsense! Who would bring a person like that around with them? A person whose soul was injured, how was that any different from a corpse? Who would bring a corpse around with them?

So Lord Holy Tree felt that it was not a problem for it to say those words. In any case, this little brat would leave soon with the seed. Even if he didn’t compensate it, it wasn’t a big deal. How would the human brat know that it actually wouldn’t cost much for this Lord Holy Tree to nurture a seed...

The most important thing right now was naturally to chase this brat away first. After he's gone, this place will be this Lord's paradise again...

"Ah... for real?" Jun Mo Xie was even more shocked.

"Of course it's real." Lord Holy Tree said proudly. But right after the words left its mouth, the one who'd become speechless next became itself...

"Since it's so magical, do me a favor and help me treat her." It was important to hit a metal while it was hot. Without wasting any time, Young Master Jun directly took Green Hunter out of the Hongjun Pagoda and laid her carefully on the ground...

"This... er... ah... huh...." Lord Holy Tree was in the middle of a laughter when its face changed, and the smile turned into a crying expression...

Its huge eyes popped out once again, smacking loudly onto the ground...

In that moment, Lord Holy Tree truly wanted to smack itself soundly across the face!

I'm really f\*cking... stupid ah! This mouth of mine is truly f\*cking cursed ah...

What did I say all that for? Why did I try to show off ah... wouldn't everything have been fine if I just satisfied him and let him leave...

With this Lord Holy Tree's ability, it could naturally tell with a single glance that this girl's soul had been broken to the point of near collapse! She could even be said to be no different from a corpse...

This... wasn't it exactly as it had described a moment ago?!

It wasn't that it couldn't save her, but... to do that would require a huge price, ah! Lord Holy Tree truly felt like crying, but it had no tears in its eyes... Even though it looked exceedingly unwilling earlier, it was

actually an exceptionally simple task to make a seed, using up only a tiny bit of essence blood. It completely did not feel any heartache over it at all...

But to heal a broken soul like this... how much life blood essence would it need to spend? By a rough calculation, even the amount of life blood essence required to nurture 1,000 seeds might not necessarily be enough!

Looking at the small pool of life blood essence that it had saved painstakingly for over 10,000 years, Lord Holy Tree even had the thought to running into a wall to kill itself... if it wanted to save this girl... it would probably need to use up over half of its life blood essence...

Over half! Over half, ah!

Lord Holy Tree's expression was twisted to the extreme...

In that moment, it felt as if it truly had nothing left to live for...

Heavens ah, quickly call down a bolt of lightning to strike me to death...

No, the best way is to strike this despicable brat to death first, and then strike me dead!

"Well? Hur hur, I know that Lord Holy Tree is a tree that honors his words." Jun Mo Xie said in a fawning voice as he looked at this Lord Holy Tree that was contemplating suicide.

"Wu... wu wu wu... wu wu wu wu wu..." Lord Holy Tree suddenly started crying loudly... its voice was sorrowful and bitter, as if it were a girl who had been announced the winner of a beauty pageant and was in the middle of gloating when the crown was suddenly seized from her due to a mistake by the announcer...

"Ah..." Young Master Jun had not expected that this Lord Holy Tree that was over 10,000 years old would suddenly start crying. Furthermore, it was crying in such a sorrowful manner as if its world was on fire, and it had nothing left to live for. In that moment, he was somewhat stunned speechless.

F\*ck, who has ever seen a tree cry before? This daddy has seen one! This daddy can really be considered to have seen the world today!
