

East Palace 605

Chapter 605 Emperor Xia 's Dimensional Descending Strike

“Attack! ”

Four Phoenix Guards rushed forward and arrested the two of them. They were ready to take them to the Education Bureau. They had already made arrangements. As long as they arrived there, the dust would settle!

Qing 'er and Shuang' er frowned, not knowing what to do.

While they were still in a daze, Zheng Fugui stood out. After this period of experience, he had completely transformed. He was no longer a youth. After experiencing Xiao Mi's nourishment, he had become a capable and responsible man. He stood in front of the two of them and said in a deep voice,“If you want to transfer this general, you can. Bring the transfer document over, and this general will naturally do as written on it.”

Ren Ning's eyes turned even colder, filled with killing intent. “Even the True Dragon Token doesn't work?”

“This general naturally respects the True Dragon Token, but this general is a rank 5 official. According to the rules, although the True Dragon Token is noble, it doesn't have the right to be transferred to an official!”

He didn't know before, but Zhang Ronghua had the True Dragon Token and told him some of its uses.

Apart from the three chancellors and the five elders of the Pavilion of Heavenly Secrets, even the six ministers had to bow to it. The holder could enter and exit most places and had other privileges, but there was no transfer to an official position.

Ren Ning was furious and directly fell out with him. “Take them down!”

Zheng Fugui didn't take a single step back. He also took a step forward and shouted, ""Where are the Flood Dragon Guards?"

Rustle, rustle, rustle...

The sound of hurried and dense footsteps rang out as the surrounding Flood Dragon Guards all rushed over. There were hundreds of them. They unsheathed their swords and formed the Universal Sword Array. Their auras fused, and a terrifying pressure spread out, locking onto them!

Zheng Fugui was Zhang Ronghua's cousin. Now that he had given the order, he stood up without hesitation.

The Dragon Guards were not as powerful as the Phoenix Guards. They were as powerful as the True Dragon Palace. However, the hundreds of them had formed the Universal Sword Formation. Judging from the power of the sword formation, it was twelve times stronger. Zheng Fugui could take them down in a moment without even fighting.

"Are you trying to disobey my order?" Ren Ning scolded angrily."

Zheng Fugui coldly said, "This is my duty to protect the Eastern Palace. How can I disobey orders?"

No one was willing to take a step back. The two sides were in a stalemate. At the same time, the Dragon Guards left the Eastern Palace and rushed toward Zhang Ronghua's residence to tell him about the situation.

Eunuch Yang rushed over with a group of Human Emperor Guards and stopped at the main entrance of the Eastern Palace. Sima was stunned and secretly guessed what day it was. The important figures had arrived one after another.

He cupped his fists and bowed. "Greetings, Eunuch Gong!"

"Have they left?"

Sima thought he was referring to Ren Ning and the others, so he replied, “No! However, he was in a deadlock with General Zheng.” “Let’s go!” Eunuch Yang waved his hand.

He entered the Eastern Palace and rushed to the rear hall.

At this point.

Looking at the scene in front of him, the sword qi soared into the sky and formed a huge sword array, trapping Ren Ning and the others. Zheng Fugui protected the two women in front of him. Eunuch Yang’s worried heart finally relaxed. Fortunately, he was not late, or else he would be in trouble!

One of the Human Emperor Guards stepped forward and shouted with his internal strength, “Move aside!”

Looking at the person and the armor on his body, the Dragon Guards did not dare to stop him. They opened up a path for them to go forward. When they saw the person, Ren Ning’s heart sank. Was he going to fail?

He couldn’t figure it out! Why would His Majesty make a move?

Eunuch Yang’s face was cold, and his words were even colder. “Ren Ning and his men trespassed into the Eastern Palace without permission.”

As soon as he finished speaking, everyone present was stunned. They did not expect this outcome.

Just as Ren Ning was about to speak, the Human Emperor Guards had already rushed forward. If the Phoenix Guards were comparable to the True Dragon Palace and the four departments, then the strength of the Human Emperor Guards was definitely above the four departments. They were definitely the strongest and most terrifying. No one knew how many people there were, except Emperor Xia.

“Under Lord Su’s orders, pass on the orders of His Highness...”

Before he could finish his words, he was killed by the Human Emperor Guard! Resist? The few of them didn't dare to do so.

A few breaths later.

The people that Ren Ning brought were all killed, and none of them survived! A Human Sovereign Guard took out a True Dragon Token and handed it over.

Eunuch Yang casually put it away and took a step forward. The Flood Dragon

Guard retreated and looked at the two women. He said in a deep voice, "Pass on His Majesty's orders. For taking care of His Highness all these years, he will be rewarded with a hundred taels of gold and a pair of jade ruyi! In the days to come, he would do his best to take care of His Highness."

The two girls were excited. What happened tonight was like a magic trick. The arrival of Ren Ning and the others made their hearts fall into the abyss. They thought that they would be sent to the Education Department, but they did not expect the ending to be reversed so quickly. All the Phoenix Guards were killed. Not only did they escape the disaster, but they also received a reward from His Majesty.

"Thank you, Your Majesty! ""

Eunuch Yang continued, "Zheng Fugui's contributions in protecting the Eastern

Palace these days are not to be missed. He has been promoted to the Fifth Division of City Defense! ""

Zheng Fugui was also dumbfounded!

What did he mean? Did he get promoted out of nowhere? Since he couldn't figure it out, he hurriedly thanked him, ""Thank you, Your Majesty!"

"Before His Highness returns, no one is allowed to step into the Eastern

Palace!" Eunuch Yang instructed."

"Yes, sir!"

He left with his men and returned to the palace to report.

At the Tranquil Heart Palace.

News of what had happened in the Eastern Palace quickly spread.

The ground was in a mess, and broken vases were everywhere. Even the ginseng fruit that she usually liked the most was overturned on the ground. She vented for a long time before she stopped.

He took a deep breath and suppressed the anger in his heart.. He said coldly,"Where's the True Dragon Token?"
