

East Palace 608

Chapter 608: Emperor Xia's Dimensional Descending Strike

He took a bun and took a bite. It was obviously salty, but it tasted sweet.

After breakfast.

After chatting for a while, the two of them got up and left.

He left the Xuanhe Hall.

“Qinglin is free?” Chen Youcai asked calmly.”

Zhang Ronghua smiled. He guessed that he was worried and suggested, “Why don't you come to my place?”

“Alright.” Chen Youcai agreed.

He called out for Zheng Fugui to follow him. He and Feng Jianxiu had already completed their handover. There was nothing much to do in the Eastern Palace, so he could go to the Bureau of Military Personnel in two days to complete the transfer procedures.

After leaving the Eastern Palace, he boarded Chen Youcai's carriage and headed toward Zhang Ronghua's residence.

After a while.

The carriage stopped, and the three of them got off the carriage and entered the mansion. The warm morning sun shone down on their bodies, making them feel warm from the bottom of their hearts.

In the backyard.

Uncle Shi was holding a pair of scissors and trimming the plants. When he saw Zhang Ronghua return, he put down the scissors and walked over. He asked respectfully, "Have you eaten?" "Yes." Zhang Ronghua nodded.

Let him do his work.

After entering the room and closing the door, he sat on the chair according to his position.

He took out some spirit liquid and placed it in the teapot. With a thought, the Phoenix Divine Fire rushed out from his palm and controlled the flame. In a dozen breaths, the tea was boiling. He took some spirit tea, bitter bodhi tea, and made a pot of tea. He poured three cups and placed two cups in front of them. The rich fragrance of tea spread out and filled the hall.

Zheng Fugui's eyes lit up. He sniffed the tea and inhaled the fragrance of the tea. His entire body felt refreshed and comfortable. Even his fatigue was dispelled. He held the teacup and placed it in front of his nose. He sniffed it in intoxication before putting it down and asking, "Cousin, what tea is this?"

Zhang Ronghua said, "Spirit tea, bitter bodhi tea. Whether you can use it to enter enlightenment depends on your luck.""

He pointed at the teacup and gestured for the two of them to try it.

He took a sip.

Although Chen Youcai was a scholar who did not know how to cultivate and could not enter the state of enlightenment, the tea itself contained a powerful spiritual power and had a refreshing effect. Coupled with the fragrance of bitterness, he still benefited a lot. He finished the cup of tea very quickly and put down the teacup. He sighed and said, "Compared to the tea I drank in the past, it's not even worthy of carrying shoes!"

"It's a state of mind. It has nothing to do with tea."

Zheng Fugui was talented. After drinking a cup of tea, he was already on the verge of comprehending the Dao. However, it was not enough. He had to continue drinking. He was not in a hurry to take the teapot. His eyes lit up and he said impatiently, "Cousin, give me the rest of the spirit tea, bitter bodhi tea. I'll send you 100 catties of ordinary tea leaves later."

Puchi!

Chen Youcai was amused.

After a while.

The three of them stopped smiling. Zhang Ronghua looked serious and said, "What do you think about tonight's incident?"

They were all on the same side, so there was nothing to hide. Chen Youcai recounted his reaction when he first heard about this matter and said, "I have a feeling that this is just the beginning. There will be more serious things to come. When that day comes, we will all be involved."

"When the other factions take action, it will only be more serious." "We don't have much time left. We can only advance, but we can't retreat!"

"Before that day comes, make more preparations!"

"Yes." Chen Youcai nodded heavily.

He looked at Zheng Fugui.

"You did well tonight. You've bought enough time for His Majesty's men to arrive.""

I don't have time to think about the situation last night, " Zheng Fugui said." If I'm one step slower, Qing 'er and Shuang' er will be taken away by them!" Even if Ren Ning did have the transfer document, she would have delayed it until His Highness returned and Cousin arrived! Even if they were to be held accountable later, they would not hesitate!"

Zhang Ronghua patted his shoulder in relief."You've really grown." He said again.

"You have to be decisive when you encounter something. You can't be wishy-washy. This kind of situation will happen again in the future. Go all out, you are not the only one fighting."

"Yes." Zheng Fugui solemnly remembered.

"Have you refined the materials to replace the Sky Shaking Powder?" Chen

Youcai asked with concern."

"It's already been handed over to Fu Kun. At this time, the manufacturing department is probably refining in batches. If nothing goes wrong, it will be delivered to the garrison of Wangtian County the day after tomorrow at the latest. "

"That's good!" Chen Youcai nodded.

"Are you going to call Lu Zhantang out for a gathering tonight?"

Zhang Ronghua said," He must have heard about such a big thing. He should be in the Eastern Palace now. You guys have been promoted. It's good to take this opportunity to get together.""

"Alright! I'll send someone to inform him later."

After chatting for a while, Chen Youcai took his leave. He still had a bunch of things to deal with.

Zhang Ronghua pointed at the teapot." Drink it. Whether or not you can enter enlightenment depends on your luck. ""

"Thank you, cousin!"

Zheng Fugui grabbed the teapot and started drinking. After finishing a pot of tea, he was still a little bit away from entering the state of enlightenment. He brewed another pot and drank half of it. With the help of the spiritual tea and bitter bodhi tea, he finally entered that state.

He hurriedly stood up from his chair and rushed out of the room, stopping in the courtyard.

He got into a stance and performed the Mountain River World Suppression Fist. He practiced one punch after another. The fist force rose. With each practice, it would grow stronger. As time went by, he gradually understood the true meaning of the mountain river. His punches were mighty and majestic.

Zhang Ronghua stood at the side with his arms crossed. He saw this scene and nodded in satisfaction.

An hour later..
