Chapter 609: Emperor Xia's Dimensional Descending Strike

Zheng Fugui stopped and ended his cultivation. The bitter cultivation from before and the enlightenment this time had raised him to the level of perfection of the four realms in one go. Even his cultivation had advanced a step, reaching the seventh tier of the Zongshi realm.

He smiled from the bottom of his heart.

"Cousin, I've become stronger again."

"That's right!" Zhang Ronghua said. Looks like you've been working hard during this period of time."

The two of them walked to the edge of the man-made lake and stopped.

"Meow! Meow..."

Purple Cat's meowing came from the room next door.

Zheng Fugui turned around and looked curiously at them. He asked, "Why is it so?"

"My throat is uncomfortable," Zhang Ronghua said casually."

He asked again.

"Afraid?"

"Yes." Zheng Fugui nodded.

Chen Youcai was there just now, so it wasn't convenient for him to say anything. Only his cousin could say whatever he wanted.

"At that time, my heart was racing, and I was so nervous that my palms were sweating, but I knew that I couldn't retreat! They had to protect them no matter what. If Ren Ning really dared to make a move, they could only suppress the Phoenix Guards!"

He smiled.

"Even if I am captured after this, cousin, you will still save me."

There was one more thing that he did not say in his heart. It was great to have cousin protecting him!

"What happened last night was an appetizer!" Zhang Ronghua continued. If that day really came, it would only be worse. All the factions could not avoid it. They would not stop until they killed until blood flowed like rivers. You heard what Chen Youcai and I said just now. After he returns this time, he will definitely make preparations at all costs and accumulate strength! If he won, he would become a great official, and his family would become an aristocratic family! If you lose, your entire clan will be exterminated. "

"I understand!"

"The gathering tonight is more meaningful. Firstly, you guys should celebrate, and secondly, Lu Zhantang has to make his stance clear. If he doesn't make his stance clear, our relationship ends here."

"He's a smart man!" Zheng Fugui said."

"I'll make a trip later and inform Ding Yi to bring him along."

Zheng Fugui understood that by developing his own forces, no matter what would happen in the future, he would be strong enough to deal with all kinds of troubles! Thinking, thinking, asking the doubts in his heart: "Cousin, how strong are you now?"

Zhang Ronghua looked at the sky and said calmly, ""They wanted to touch her this time, but they didn't dare!"

Hiss!

Zheng Fugui sucked in a breath of cold air. He was truly shocked. One was the

Empress, and the other was Su Qiutang. They stood at the peak of power, yet they were unable to touch his cousin. Just by thinking with one's toes, one could tell how powerful his cousin was!

Thinking of the performance of the Flood Dragon Guards yesterday, he unhesitatingly drew his sword and formed the Universal Sword Array to fight Ren Ning and the others.

He asked again.

"Cousin, have you always been here?"

Zhang Ronghua returned a smile and did not answer.

Zheng Fugui understood now. He had only been in the Eastern Palace for a short time, and he didn't have enough prestige or ability. The Flood Dragon Guards wouldn't have done this.

"Your Majesty has given us a chance. We must seize it!" Zhang Ronghua instructed seriously. Whether or not we can open up a corner and use your side as a breakthrough will depend on our performance."

"What if we control one-third of Dynasty's army?"

Zhang Ronghua smiled and extended his palm, ""If the sky is white, then it is white! If the sky is black, then it is black!"

Zheng Fugui's face was filled with excitement, and his eyes were burning. He clenched his fists and nodded heavily, "I definitely won't let you down!"

"Don't tell First Uncle about what happened last night. He's different from my father. If he finds out, he'll be on tenterhooks every day."

"Where's Sister Mi?"

"He's your wife. He's reasonable and knows when to retreat. From the day he found out about your identity, he had already guessed what might happen in the future! Even if you don't tell me, Grandpa Xiao will tell her."

"Where are uncle and aunt?"

"Such a big matter. With my father's connections in the Flood Dragon Guards and my influence, how can he hide it from him?" Zhang Ronghua asked. He took out the Hundred Birds Facing the Phoenix Fan and fanned it slightly.

"Let's go!"

He walked out.

"Cousin, what are you doing?" Zheng Fugui was puzzled.

"You guess!"

After leaving the mansion, the two separated.

Zhang Ronghua walked towards the Fate Academy.

At this point.

Duan Jiu was traumatized. Seeing that there was no candied haws in his hands, he finally relaxed and called out enthusiastically, "Senior Brother!"

"Yes." Zhang Ronghua replied.

He patted the Five Dragon Spirit Spirit Belt and took out some spiritual fruits. There were too many of them. There were more than a dozen sacks, all of which were from Cui Jiancheng.

"Thank you, Senior Brother!"

After he left, the surrounding disciples surrounded him. "Senior Brother, give me some!"

Why didn't I see you guys being so enthusiastic when we were eating candied haws?" Duan Jiu teased."

The relationship between the disciples of Fate Academy was very good, unlike Evergreen Academy, where they schemed and schemed against each other. For fame, power, and cultivation resources, they would do anything to get to the top.

After distributing the spiritual fruits, he continued his duty.

In the backyard.

Before he entered, he saw three women sitting around the stone table. One of them was Yang Hongling. He didn't know the other two, but from their temperament, they were noble and holy. When they raised their hands and feet. they carried a great Dressure. It seemed that their identities were not simple.

Little Four was resting by the Spirit Lake.

She walked over and heard footsteps. They looked over. Yang Hongling's eyes lit up. Her beautiful gem-like eyes rolled around. She was happy, but she didn't show it on her face. She put down the black piece in her hand and stood up from the stone bench. Seeing this, the two women also stood up..
