Chapter 701: Chaos Celestial Body

The two groups of people faced each other. The atmosphere was tense and filled with a murderous aura. The people from the south were dressed in the uniforms of Jixia Learning Palace disciples, with the word "Wushuang" embroidered on their chests. The person in the lead was a young woman wearing a green long dress and a veil. She had her hands behind her back and had a powerful aura. She was noble and dignified. Her name was Ji Lingshuang. The disciples behind her were the recently established Peerless Hall.

Upon closer inspection, her eyebrows were raised. She was arrogant and unruly, as if she was looking down on everyone. She was arrogant and domineering.

The person in front of him was dressed in the clothes of the Green Heavens. The person in the lead was a young man in a luxurious purple robe. He held a folding fan in his hand and waved it gently. Although he was smiling, he was like a venomous snake hiding in the dark, scheming against others and wanting to swallow its prey. His name was Qing Anyi, the grandson of the

Palace Master of Changqing Academy and the young master of the Qing family. He was selfish and cruel. He would do anything to get what he wanted. Even if he couldn't get it, he would destroy it.

Previously, Xu Xirou had rejected his request, so she had snatched Qing Tian over. Due to her identity as a Heaven's Favorite and the support of the outer court dean, she did not dare to use underhanded methods, but she would not give up just like that!

Not only was Xu Xirou beautiful, but she also had a unique temperament. She was a perfect combination of conservative and sexy. She was talented and had a profound cultivation base. Having such a person as a concubine and conquering her gave him a strong sense of accomplishment. It was far beyond words. It was just that the time had not come yet. He would put it aside for the time being and prioritize Green Heaven.

The reason why the two of them had appeared here was very simple. They only had one goal-to become famous. They wanted to step on each other and make their reputation spread throughout the capital. That was why the scene in front of them had happened. They had made an agreement yesterday to lead the disciples of their respective halls to have a match here. There was also a very heavy bet! A 5,000-year-old spirit herb.

Qing An was the first to speak, breaking the silence. As long as you marry me, what's yours will be mine, and what's mine will be yours. There's no distinction between us. Why don't we make the two halls bigger and stronger together?"

Ji Lingshuang's pretty face tensed up. She put her two fingers together to form a sword and pointed at him roughly. "If you dare to say another word, I'll tear your broken mouth apart!"

Qing An closed her folding fan and put away her smile. She looked at the Peerless Hall disciples behind her with disdain. "You think you can defeat my people with just these trash?"

"You don't even care about your face. You stole half of Xu Xirou's work and you still have the cheek to ask?"

"At least it's better than you not being able to get it!"

"Shut up!" Ji Lingshuang was like a cat whose tail had been stepped on.

Qing An did not seem to care at all. He continued to mock, "Does it hurt to poke a scar?"

"Phew!"

Ji Lingshuang took a deep breath and suppressed the anger in her heart. Draw a line, how do we compete?" "Chaotic battle or one-on-one battle, it's up to you!" "Arrogant! You'll cry later."

"You're the one crying!" Qing Anyi did not take a step back.

"Including you and me, with an hour as the limit, whoever stands the most wins!" Ji Lingshuang said.

"Good!"

The discussion was like a battle of wits. The disciples of both sides drew their swords, and the two of them also took out their spiritual treasures. Their targets were each other. Soldiers against soldiers, generals against generals. Just as they were about to make a move, hurried footsteps sounded again, and the tense atmosphere relaxed. They looked in the direction of the sound and saw two more groups of people rushing over from different directions.

Ji Xueyan and Xu Xirou led the two groups, and they stopped nearby with the disciples of Jixia Hall and War Heaven.

“Why are you here?” Ji Lingshuang frowned.

Ji Xueyan’s temperament was calm. Her face was cold, and she did not deliberately exude any pressure. However, just like that, she easily overshadowed her, Qing Anyi, and Xu Xirou’s aura. She stood out like a crane among chickens. She was the most dazzling pearl. Her red lips parted slightly, and she said calmly, “Such a big thing has happened. It concerns the reputation of Jixia Academy. How can I not come?”

Even if Ji Lingshuang was unhappy, she had to hold it in.

The other side was like fire and water, directly falling out with him.

“What are you doing here?” Qing An asked coldly. “I’ll see you make a fool of yourself!” Xu Xirou retorted.

“You...”

Xu Xirou interrupted him. After being stepped on by Ji Xueyan, she had worked hard and cultivated hard. She had already broken through to the Celestial Realm. She was even more confident. “Do you want to fight?”

“I’ll deal with you when we get back!”

Xu Xirou shrugged, not taking his threat to heart.

“Can we start now?” Ji Lingshuang asked.

Just as Qing An was about to say “come on”, footsteps sounded again. This time, there was only one person. He turned around and saw a young man wearing a white brocade robe with golden flames embroidered on his chest. He was waving a folding fan as he walked over. It was Zhang Ronghua.

“Zhang Ronghua!” Xu Xirou identified him.

Everyone was stunned.

He had heard of this name before. He was a rising star in the officialdom, powerful and knowledgeable. He was deeply favored by the Emperor and was listed as someone who could not be provoked by various forces. At least on the surface, they were not afraid of his strength, but his ability and the forces behind him. Moreover, he was still young and had a high position. If they offended him, they might not be able to stop the crazy revenge when they grew

up.

Zhang Ronghua looked at the people in front of him. They unsheathed their swords and pointed at each other coldly. They looked like they were about to fight. Zhang Ronghua was puzzled. What was going on?

Ji Xueyan was also there. They exchanged a simple glance. There were outsiders present, so they didn't say anything.

“What's going on?” The surrounding disciples took the initiative to make a path for them.. They stopped in front of them and asked, “What happened?”

Chapter 702: Chaos Celestial Body

Ji Lingshuang and Qing An wanted to befriend him. There were only benefits and no disadvantages to befriending such a person. However, Xu Xirou ruined their plans. She spoke before they could.” Why isn’t Yang Hongling with you?” Upon hearing this, the two of them retracted their footsteps without batting an eyelid.

Zhang Ronghua looked at her mockingly. From their short interaction, he could tell that this woman was very scheming. No wonder she was able to gain a foothold in Changqing Academy despite being from a Humble Class.” She asked me to tell you that we’ll have a fight here and at this time three days later! ”

Xu Xirou’s expression was very ugly. She clenched her fists tightly under her sleeves. She was so angry that she could burn the sky and boil the sea. Her face was expressionless, and she was very good at keeping her composure. She really wanted to agree and avenge her previous humiliation! He would return the favor tenfold and let Yang Hongling taste the taste of failure. It was not the time yet. He had just broken through and his realm was not stable yet. If they really fought, he would lose. After a period of time, when his cultivation was solid, he would be able to regain his dignity by raising the Five Elements Illusionary Spirit Technique by one realm.

“I won’t be free in three days. I’ll ask her to have a good competition after I’m done with the things at hand!”

Zhang Ronghua sneered. Although Xu Xirou was unhappy, she didn’t dare to make a move!

After giving up some space, he jumped and landed on the roof of the house. Then, he sat down and took out a plate of black grapes. Without any hesitation, he started eating.

Too arrogant!

The disciples of Peerless Hall and Green Heaven were furious but did not dare to say anything. They suppressed their anger and vented it on each other. They glared at each other fiercely as if they had great lethality.

Ji Lingshuang and Qing Anyi didn’t care. Zhang Ronghua’s status was sufficient. They could just watch the show and let him be!

Ji Xueyan took a step forward and explained the situation to her lover." Xu Xirou and I will be the witnesses. We have an hour. Whoever has the most people standing wins!"

"Good!" The two of them had no objections.

The irrelevant people retreated to make space.

There were only them left on the street. Each side had twenty people. Including Ji Lingshuang and Qing An, there were twenty-one people.

Ji Lingshuang slapped the pouch on her waist and took out two more spirit treasures. One was a small blue bell, and the other was a white war flag. Including the long sword in her hand, there were a total of three spirit treasures. They were the Tiangang Hurricane Sword, the Heaven Battling Blue Bell, and the White Cloud Realm Flag. The first two focused on attack, while

the latter focused on defense.

Qing An Yi was also rich. The folding fan in his hand was called the Darkbird Northern Underworld Fan, which was a spiritual treasure. He also took out two spiritual treasures from his Sumeru Pouch. One was an earthen yellow shield, and the other was a black war drum. They were as big as a washbasin. They were called the Mystic Origin Shield and the Heavenly Bull Drum. They were mainly used for defense and attack.

His cultivation base exploded out, and a tyrannical energy surged out from his body to oppress them.

"Attack!" Ji Lingshuang roared.

He was the first to charge forward. His target was Qing An Yi. He channeled his Zhen Yuan into the three spirit treasures. The White Cloud Realm Flag curled up and swayed in the wind. It expanded to ten feet in size and floated above her head. It spun around and protected her tightly. He held the Heaven Battling Bell in his left hand and shook it violently. A terrifying demonic sound was emitted, which was specially used to attack the soul. It transformed into a sound wave and ruthlessly attacked. The Tiangang Hurricane Sword shook and used the Great Pure Realm Technique. He used the sealing power to

strengthen the sword. He used the Nine-Layered Righteous Reincarnation Sword Technique. The bright Righteousness Qi and the sealing power fused together, and the power surged. A terrifying sword light slashed at his head.

Qing An wasn't afraid, but he didn't dare to be careless either. He looked down on the battle tactics, but paid attention to the battle strategy." That's it?"

The Mystic Origin Shield rushed out and transformed into a three-meter-large shield that floated above his head. Green light shone down and protected him. He hung the Heavenly Bull Drum around his neck and condensed the True Origin in his left hand to slap it fiercely.

Dong dong dong...

The Heavenly Bull Drum sounded, and a demonic sound that could confuse people's minds turned into sound waves that rushed towards Ji Lingshuang's head. The Mystic Bird Northern Underworld Fan was opened, and he used the fan technique divine power, the Nine Heavens Demon Subduing Fan

Technique, which was not inferior to the Nine Layered Grand Reincarnation Sword Technique.

The fan seemed to come alive as it spun at high speed in his palm, emitting countless rays of green light. With great power and Righteousness Qi, it slashed across the night sky and shot out a terrifying ray of green light.

Both of them had defensive spiritual treasures, so they ignored the opponent's sound wave attack. The Tiangang Hurricane Sword slashed at the Darknorth Fan. It was simple and brutal. The moment they exchanged blows, they unleashed true fire.

Under the night sky.

The two figures moved at a very fast speed. Ordinary people couldn't see them clearly at all. They left the street and started another battle on the side, afraid of hurting their own people.

The people from the Peerless Hall and the Green Heaven were engaged in a fierce battle. Although they were not as ruthless as them and did not have the help of Spiritual Treasures, they had more people. There were a total of 40 people. They used sword techniques, fist techniques, palm techniques, and so on one after another. There was only one goal: to mock the other party to the ground and make them unable to stand up.

On the roof.

Zhang Ronghua watched with great interest and sighed in his heart. As expected of a person from a top force. He had a backer behind him. It was really different. It was rare for outsiders to see spiritual treasures. They didn't even know what they looked like, but he had three of them. Then he looked at Xu

Xirou. Her eyes were fixed on the six spiritual treasures. She didn't move at all. She wanted to snatch them for herself.

From the current situation, Ji Lingshuang and Qing An were evenly matched, and it was impossible to determine the victor in a short period of time. It depended on their own people. The disciples of the Peerless Hall had just been transferred in not long ago, and their foundations were a little lacking. After taking Xu Xirou's peach, he kept half of the disciples. Don't underestimate this half. After entering the Green Heaven, with the support of resources from Changqing Academy, pills, advanced martial arts, guidance from a great scholar, and sparring, his strength increased very quickly. He almost suppressed the disciples of the Peerless Hall..

Chapter 703: Chaos Celestial Body

Xu Xirou's expression grew colder and colder. These ten outstanding disciples were all groomed by her, yet they were snatched away by Qing An. Looking at their battle, she thought fiercely," Ji Lingshuang, if you were a woman, you would have pressed him to the ground and beaten him up!"

As time passed, more and more screams sounded.

The disciples of both sides began to get injured and were knocked to the ground. They lost their combat strength and their numbers decreased.

The situation suddenly changed. All of a sudden, a majestic demonic aura, thick and solid, like the might of heaven, came pressing down from the sky. A violent hurricane appeared in the air and condensed into thousands of wind blades. Each of them was five feet wide and contained terrifying power. They swept over without warning.

Everywhere it passed, everything was destroyed, leaving only ruins.

Ji Xueyan's expression was grave as if she was facing a great enemy. She hurriedly reminded, "Let's defend together!"

He looked at Zhang Ronghua and signaled him to stop looking and come down quickly.

He jumped down from the roof and stayed in the crowd obediently.

Ji Xueyan and Xu Xirou attacked together. They used their True Qi to form a barrier to protect the disciples of both sides. The disciples of Jixia Hall and War Heaven circulated their cultivation techniques and did not dare to hold back. They sent their inner energy into the barrier to strengthen the defense.

The disciples of Peerless Hall and Green Heaven were forced to stop under the threat of external forces. They mobilized their internal strength to stabilize their barriers, afraid that they would be killed by the wind blades contained in the hurricanes.

Ji Lingshuang and Qing Anyi were also shocked. They looked at each other. Just now, they were like fire and water, fighting fiercely. They wanted to step on each other's face. Facing the sudden threat of the big demon, they instantly joined forces, back to back, circulating their cultivation techniques to form a barrier to protect the two of them.

"Keke..."

A cold, unruly, and strange laughter filled with shocking killing intent sounded. It was like the netherworld, filled with the aura of death. It flew rapidly from the sky and swooped down at a terrifying speed. Its target was the six Spiritual Treasures.

Hundreds of wind blades followed the black shadow and slashed at their barriers.

The two sides were not in the same realm. Even if they were Heaven's Favorites, they could only be defeated when facing a powerful demon. The barrier was broken in an instant, and the wind blades hit their bodies, severely injuring them. They quickly grabbed and snatched the six Spiritual Treasures. They did not dare to stay or kill, afraid that they would be hunted by the two academies. They spread their wings and soared into the sky.

"You're courting death!" Ji Lingshuang was flustered and exasperated. She roared angrily at the sky, "Return my Numinous Treasure!"

Qing An lay on the ground. His injuries were too severe. It was difficult for him to move. He still squeezed out his strength and shouted, "Stop!"

This was the first time he felt so helpless. He felt so aggrieved that he wanted to tear the big demon into pieces and watch it leave. He was heartbroken!

Zhang Ronghua secretly mobilized his soul power and left a mark on the demon. He was happy and picked up six spirit treasures for free.

When the hurricane disappeared, Ji Xueyan hurriedly took out a signal flare and released it in the night sky. It condensed into two big words, "Jixia". She was calling for reinforcements, preparing to subdue the demons and snatch back the six spiritual treasures.

Xu Xirou reacted quickly and released a signal flare.

Now that the six Numinous Treasures were in the hands of the greater demon, they belonged to whoever snatched them. Return them? With the grudges between the two sides, it was impossible!

He looked around.

“Are you alright?” Ji Xueyan asked with concern. She seemed to be asking the disciples of Jixia Hall, but she was actually asking Zhang Ronghua. “It’s fine!” The disciples were moved and hurriedly said.

With a double meaning, he said again.

“Help the injured disciples and hurry back!”

The word “ go back ” was emphasized, reminding Zhang Ronghua not to watch anymore. The show was over and safety first. “Farewell!” Zhang Ronghua cupped his hands.

He walked away.

When he reached a place where there was no one else, he took off his clothes and took out a night-traveling suit from the Five Dragons Spirit Taming Belt. He covered his face, revealing only his eyes. After completing the change in identity, he disappeared into the darkness with a flash of golden light.

Looking at the injured Ji Lingshuang, Ji Xueyan was gloating. She didn’t show it on her face. She still had to do what she had to do. She walked over and ordered her disciples to help her up. She took out a healing pill and handed it over.

Then, she said, “The chances of finding a lost spiritual treasure are not high!” “Thank you!” Ji Lingshuang thanked him.

Looking at the sky, her beautiful eyes spewed fire. Although she knew, those were three spirit treasures! They were not three ordinary weapons. Ji Xingchen had paid a huge price to get them with great difficulty for her to protect herself and increase her strength, but now they were gone...

Her lungs were about to explode from anger, and she gritted her teeth tightly.

Qing Anyi was no better than her. He was suspicious of the pills that Xu Xirou handed him and didn't dare to eat them. He was afraid that Xu Xirou had tampered with the pills. Even if she didn't, he wouldn't eat them. He took out a jade bottle from his Sumeru Pouch and poured one out.

Xu Xirou's red lips curled up. She put away the pill and revealed a mocking expression." You're not even as good as Ji Lingshuang!"

"Ji Xueyan is an upright person. What about you?" Qing An's eyes darkened.

Shua! Shua!

Two streaks of light flashed, and the cultivators from the two academies rushed over and stopped in front of them. Ji Lingshuang quickly explained the matter.

After listening.

The two of them reacted very quickly. They used their movement techniques to the limit and chased in the direction where the big demon had escaped. They wanted to take the six Numinous Treasures for themselves.

They left the capital.

The big demon didn't dare to stay any longer. He flapped his wings very quickly and restrained his demonic aura. He didn't release any of it. He changed directions several times in a row, trying to get rid of the pursuers of the two academies. After swallowing the six spiritual treasures, the depression in his heart was swept away. Instead, he was proud!

In the past two days, the True Dragon Palace and the Red Heaven Palace had

joined forces to investigate Ren Shangxuan's death. They had also surrounded the capital. Some evil cultivators or low-level demons and ghosts were either killed or imprisoned in the Nether Prison. As the search became more and more intense, the strong pressure hit him. He knew that he could not hide

anymore, so he wanted to leave. He happened to encounter the two of them fighting and picked up a big bargain..

Chapter 704: Chaos Celestial Body

He made up his mind to find a place to hide for a while and come out after the storm had passed. With the help of the six Numinous Treasures, his strength would increase by a large margin.

Fifteen minutes later.

He instinctively felt danger and was puzzled. Why would there be such a feeling above the nine heavens? He subconsciously turned his head and saw a black-robed man with his hands behind his back. He stepped on a black cloud and appeared 1,000 feet away at an extremely fast speed.

“King realm soul master!”

The big demon’s soul was scared out of its wits. Its body shook violently. If it hadn’t reacted in time, it would have fallen from the sky. It came back to its senses and forced out a drop of its heart blood. It used a secret technique and, ignoring the great damage to its vitality, forcefully increased its speed by two times. It rushed into the sky, trying to shake off the pursuers.

Zhang Ronghua mocked as if he was looking at a clown. He pointed his finger and shouted, “ Freeze!”

He had used the Mantra Lock Spell, cultivated the Eternal Indestructible Art, and used the Time Divine Power. The power of the Time Divine Power had doubled, and as the realm of the Godfiend cultivation technique increased, the power of Time he grasped would become stronger and would continue to increase.

The golden light flashed and condensed into a golden word that contained the power of time. It spun and crossed hundreds of feet before appearing above the big demon’s head and suppressing it.

The big demon was in despair. He couldn't use his powerful demon essence at all. Even his physical body was the same. It was as if the pause button had been pressed, and he fell to the ground.

Whoosh!

Stepping forward, Zhang Ronghua appeared beside the big demon. He grabbed at the air and condensed his soul power into a huge hand that grabbed the big demon. Then, he flashed and stopped on the ground.

Bang!

With a rough throw, the ground shattered. Under the impact of the tyrannical force, a huge ravine was revealed.

He walked over.

Standing by the ravine, he looked at the six spirit treasures that fell out and smiled in satisfaction.

With a wave of his sleeve, he put them into the Five Dragons Spirit Controlling Belt.

The great demon was in despair. He was still suppressed by the Mantra Lock Spell. He watched helplessly as the Numinous Treasure he had snatched disappeared, but he was powerless to stop it. He begged for mercy." Senior, spare me!" Let the little demon live."

It had the head of an eagle and the body of a black bird. Its wings were wide

and its claws were sharp like tiger claws. Its mouth was also very long. After thinking for a long time, he could not think of what kind of demon it was.

He couldn't be bothered.

“Isn’t he too bold?” Zhang Ronghua said. Aren’t you afraid of being caught and roasted to eat?”

The big demon felt wronged and couldn’t say anything.” I didn’t want to do this either. I don’t know what happened to the True Dragon Palace and the Red Heaven Palace these past two days. They almost turned the capital upside down. If I kept hiding, I might be caught and imprisoned in the Nether Prison. I had no choice but to leave. I didn’t expect to see them compete. There were six Spiritual Treasures. I didn’t dare to think about it in my life. I couldn’t help but snatch them.”

“Even I couldn’t help it!” Zhang Ronghua agreed.

“You’re not going to kill the lesser demons?” The greater demon was secretly delighted and asked excitedly.

The atmosphere turned cold and somber.

The demon’s heart fell to the bottom of the valley. Seeing Zhang Ronghua raise his palm blade, sword qi surrounded it, and it could slash down at any time, the big demon panicked and hurriedly shouted, “Senior, wait!” “Is there anything else you want to say?”

“I still have a supreme treasure in my hands. As long as you...”

Seeing Zhang Ronghua’s unfriendly expression, he quickly swallowed the rest of his words. He opened his mouth and spat out the jade box in his stomach. It was wrapped in demonic essence. It was clean and tidy. There was not a trace of foreign matter. It was purple in color and engraved with exquisite patterns.

He waved his right hand.

Zhang Ronghua took the purple jade box and opened it, revealing something. His eyes narrowed in disbelief. How could it be this thing?

It was an ancient book that exuded an ancient aura. The ancient words recorded above were written with four large golden characters, “Chaos Celestial Body.” It was the Divine Sense that his body

cultivated. However, it was incomplete and only a part of it. He had wanted to wait until his foundation had accumulated to a certain extent to try to complete it. He did not expect to get the remaining half.

He took out the Chaotic Celestial Body and read it carefully. The content recorded was the second half of his cultivation. According to the introduction, he had to use a Spiritual Treasure to temper his body. It would be best if it was a Creation Spiritual Treasure. The stronger the power, the more terrifying his body would be. When he cultivated it to perfection, he could tear apart gods and demons with his bare hands and split the world with his bare hands. He glanced at it briefly and put it away. Now was not the time to study it.

“Where did you get it?” he asked.

The big demon carefully said, “The small demon’s nest is in the Great Shang territory. When he came out of seclusion, he saw a caravan passing by. The guards had high cultivation and there were many of them. They seemed to be escorting something important. He was curious and couldn’t help but rob them.”

Her expression became uglier and uglier, and she almost cried.

“From then on, hard times came. I don’t know who they were, but they sent experts to hunt down the little demons. They escaped from their nest and fled to Xia. Then they hid in the capital, transformed into humans, and became teachers in the Academy.”

Zhang Ronghua was confused, wondering if he had heard wrongly.

“Teaching?”

“Yes.” The big demon nodded heavily.

Little demons don’t like to kill people. Since they were born, they have never killed anyone. They only injured them and never robbed ordinary people. Their targets were either evil cultivators or people from big forces.”

Seeing that Zhang Ronghua didn't believe him, he said honestly.

"The people of the lower class are too poor. They have no money and their lives are not good. If you bully them, it will be embarrassing! Although it's dangerous to keep an eye on those large factions, one job is enough to last us for a few years.."

Chapter 705: Chaos Celestial Body

"What a talent!" Zhang Ronghua laughed.

"Then, then can you let the little demon go?" The big demon asked tentatively.

"Sure!"

"Thank you for not killing me, Senior!" "I haven't finished speaking."

The big demon's heart tightened again.

"I am the God of Light, the supreme ruler! Seeing that your cultivation is extraordinary, your conscience has not disappeared, and you are fated with me, as long as you let go of your mind and let me plant the slave seal, I will let you live." "Is there a second option?"

"Die!"

"You..." The big demon shrunk its neck. Facing death, it was scared." The small demon chooses the first one!"

He waved his right hand.

Zhang Ronghua put away the Spell of Mantra. Without the suppression of the power of time, he could move again. Black light flashed and he turned into a middle-aged man. He was thin, wearing a blue robe and a hairpin. He had a very scholarly aura. No wonder he could hide in the capital for so long. He must have liked this job.

His hands formed a seal and quickly changed. His soul power condensed into the word "slave" and shot into its forehead like lightning. It entered the depths of its soul and controlled its life and death.

At any time, with a thought, he could take its life and ensure that the information about the light would not be leaked.

Master!" The big demon retracted his finger and bowed respectfully." Greetings, Master!"

"What's your name?" asked Zhang Ronghua. What kind of demon is it?"

"The little demon is called Xuan Ming, the descendant of the True Spirit Xuan

Bird and the demonic Netherworld Tiger."

"Yes."

He introduced Light's information, including its level, and let it enter the inner region. Its position was temporarily set at the Sun Rank, and it could develop its own power.

"Thank you, Master!" Xuan Ming was excited.

He asked expectantly.

"Master, how powerful are we? How many people are there in total?"

“Not counting the peripheral members, including you and me, there are a total of three people,” said Zhang Ronghua.

“!!!” Xuan Ming’s face darkened, and he felt like he was on a pirate ship.

“I’ll teach you a Qi Restraining Technique and two top-notch sword techniques.”

Zhang Ronghua raised his index finger, and a golden light flashed on his fingertip. He taught the first two moves of the Yin-Yang Void Technique and the Nine Tribulations Overturning Sea Sword Technique. Although the former couldn’t compare to the Black Tortoise Spirit Technique, it was still a top-notch Qi Concealing Technique, which was far stronger than the one he had cultivated. With the three realms and his scholarly Qi, he wouldn’t be exposed even if he stood in front of the True Dragon Palace

He retracted his finger.

A few breaths later.

Xuan Ming opened his eyes and was overjoyed. He had obtained a top-notch sword technique for free. Although there were only two moves, it was extremely powerful. After learning it, his strength had increased by a large margin.” Thank you, Master!”

“How much money do you have left?” asked Zhang Ronghua.

“This, this...”

“Speak!”

Xuan Ming raised a finger. Seeing his master’s eyes turn cold, he didn’t dare to keep him in suspense.” One hundred million taels of silver!”

Zhang Ronghua looked at the night sky. He was really rich! “Where did you get it from?” she asked curiously.

After snatching the Chaos Celestial Body, he was chased by the experts of the Shang Dynasty. In a fit of anger, he did a big job and robbed some nobles. However, this batch of silver is in the territory of the Shang Dynasty and is hidden by the little demons.”

Hide outside for a few days, then return to the capital and look for Zheng Yi. We’ll wait for his arrangements and take out this money to use for the development of Guangming.”

“Little demon, listen up!”

He was not dissatisfied. He had just obtained a top-notch sword divine power. He was willing to pay more than 100 million taels of silver, let alone 100 million taels of silver.

If converted to thousand-year-old spirit herbs, it was only around 600 stalks. It was not even 700 stalks, so it could only be considered average.

“Go!” Zhang Ronghua waved his hand.

“Little demon, take your leave!”

With a gust of demonic wind, Xuan Ming rushed into the sky and disappeared in a few flashes.

Seeing him leave.

Zhang Ronghua smiled. He had obtained six spiritual treasures for free, and he had even completed his Chaos Celestial Body. In addition, he had obtained a high-level demon of the Heaven Tier and 100 million taels of silver. Tonight’s harvest was very big.

He changed direction and used his movement technique to rush towards the capital.

After a while.

When he returned to his home in the Vermilion Bird Lane, he had already changed back into his original clothes. He looked at the person in the courtyard. She was wearing a light purple short skirt that exposed her fair and smooth arms and calves. She was wearing expensive jewelry and hairpins. She was dressed very stunningly and was looking at him with a faint smile. Who else could it be but Su Qitang?

“Are the ladies from Heavenly Earth pretty?” he asked as he took a step forward and circled around.

Zhang Ronghua really didn't want to see her, especially the matter with the Crown Prince. Although he didn't know why, he could guess that it wasn't a good thing even if he used his feet to think. He was expressionless as he ordered her to leave. “It's late at night. A man and a woman alone. It won't be good if news gets out.. You'd better leave!”

Chapter 706: Peak of Heaven Ascension

Su Qitang was not annoyed. Instead, her mocking smile grew wider. “You don't welcome me?”

“Yes.” Zhang Ronghua admitted.

“Because of what?”

“You think you understand?” Zhang Ronghua asked.

Su Qitang smoothed her bangs and tidied her messy hair. She looked around. “Are you sure you want to talk outside?”

Zhang Ronghua's frown deepened. Would she be so kind as to reveal the secret?

Their eyes met.

Looking at this pair of deep and bright almond-shaped eyes, they were very big and had eye cream applied. They sparkled and sparkled, very beautiful, making people sink into them. There was no teasing, only seriousness.

After thinking about it, he decided to give it a try. Even if it didn't work, he wouldn't lose anything.

"Come in!"

He turned around, pushed open the door, entered the hall, and sat down on a chair.

After Su Qutang entered, she closed the door and sat opposite him. She stretched out her hand and brewed tea. Zhang Ronghua waited quietly without urging or interfering.

After a while.

Su Qutang held the teacup in her hand. The fragrance of the tea wafted in the air. She pinched the lid with two fingers and took a sip of the tea. She put down the teacup and teased, "Zhang Qinglin, you're really good at keeping your composure."

"Speak!"

"My sister and I don't know what happened to Shi Min during this period of time. We sent people to investigate, but we didn't find any clues."

Zhang Ronghua held the teacup, implying that he was sending the guests off!

Su Qutang did not seem to understand." It doesn't matter if you believe it or not. This is the truth."

"It's late at night. You can leave now."

Su Qitang did not reply. She patted the pouch on her waist and took out a golden jade bottle with exquisite patterns. She stuck it to the Spirit Sealing Talisman and removed it. Then, she opened the bottle. A rich medicinal fragrance spread out and materialized into a real dragon phantom. After a few breaths, it transformed into a phoenix...In just a few minutes, they had transformed into dozens of true spirits.

Just the medicinal fragrance alone enveloped the hall. With a breath, it was as if he had obtained a great fortune. His entire body was clear and he felt refreshed to the end. Even his cultivation had improved a little.

" This is the Myriad Transforming True Spirit Pill. It's made from dozens of True Spirits. It can change one's muscles and bones, improve one's talent, and strengthen one's foundation. It's a great fortune."

He took out another item from the pouch. This time, it was an earthen-yellow jade box with a Spirit Sealing Talisman stuck to it. He removed it and opened the jade box, revealing a ginseng that had a cultivation base of ten thousand years. Golden light appeared and it was full of spirituality. It was like a baby. Without the suppression of the jade box, it was about to escape from inside.

Before it could move, a slender jade finger stretched out and gently tapped it. A stream of true essence subdued it and it lay obediently inside.

" This is a 10,000-year-old ginseng. It has already comprehended the Earth-burrowing Technique. You should know its value."

He pushed the two supreme treasures over.

' Yes." Su Qitang's expression was serious. Her gaze was sharp." As long as you nod, they are yours."

I can't!" Zhang Ronghua shook his head as if he didn't see it. He said calmly," I can't!"

"Do you know what you are rejecting?"

" There's no such thing as a free lunch. The greater the value of what you get, the greater the cost."

Su Qitang did not believe that someone could reject them. She spoke again." At least provide one spiritual herb or elixir of the same value every month!" "Sigh!" Zhang Ronghua sighed.

"I'm not interested in cultivation," he said seriously after taking a sip of tea.

"???"Su Qitang was stunned and wondered if she had heard wrongly.

I'm still at the seventh tier of the Zongshi realm. I haven't made any progress in such a long time," Zhang Ronghua said.

Su Qitang was silent. It seemed like that was the case. Then, she said," I'll give you a position in the Heaven Secrets Pavilion!"

" With my abilities, is it very difficult for me to enter the Secret Pavilion?" It was like a smelly and hard stone, with nowhere to attack.

She would not give up just like that. She pointed at the two items and continued," How about one treasure for one question?"

Zhang Ronghua also wanted to know why she was here this time. The initiative was in his hands. No matter how she asked, he only needed to answer that he didn't know. Both sides had long shed all pretense of cordiality, so what if they offended each other? "Alright!" He nodded.

Su Qitang smiled. She had guessed that Zhang Ronghua would not join them. She did not have much hope. She mainly wanted to clarify two things. She asked seriously," What happened to Your Majesty?"

Zhang Ronghua's thoughts turned quickly. Combined with the information he had, could it be that they had done something to His Majesty's body? If it was, when the Emperor passed away, he would support the Crown Prince to take the throne, then turn the Crown Prince into a puppet, and the Empress would be in power behind the scenes? " I don't know!" The old man's expression did not change. He put the 10,000-year-old ginseng into the Five Dragons Spirit Controlling Belt and said seriously.

Su Qitang was stunned. It was as if a huge stone was stuck in her chest, and she almost suffocated to death! Her beautiful eyes turned cold and flashed with a strong penetrating power. She sized up Zhang Ronghua, wanting to see if he was lying.

No matter how he looked at it, he could not get any useful information.

"I don't know. It was such a waste to exchange it for a 10,000-year-old ginseng. He suppressed his anger and continued to ask, "What did Shimin ask you to get a few days ago?"

Zhang Ronghua was stunned and pretended to be confused. "Your Highness has never asked me to take anything."

"Go out with Yang Hongling."

Hongling wants to go out to play. Call me along."

Su Qitang's expression immediately turned cold. She suppressed her anger.. "You're toying with me!"

Chapter 707: Peak of Heaven Ascension

Zhang Ronghua didn't take a step back and pulled a long face. "You can eat whatever you want, but you can't say whatever you want!" Your status is noble, I can't afford to play with you!"

Their eyes met!

The atmosphere became cold, oppressive, and murderous. A terrifying killing intent permeated the air.

After a while.

“Do you think that you can’t do anything to me now that you’re fully grown?” Su Qitang asked coldly.

“We can try!”

Zhang Ronghua’s ability and political tactics had left Grand Secretary Cui in the Hall of Scholars. In the Ministry of Works, Dylone had lost two people in a row, and he had developed the Flame Thunder Pearl, improved the Fire Spirit Oil, the horizontal saber, and the Poison Plague Pearl. Even if he had tried to suppress Zhang Ronghua, he had no place to do so.

Using despicable methods? In that case, the Emperor was not to be trifled with. If something happened to him, even if he turned the capital upside down, he would still find everyone.

If not, he wouldn’t have given him the True Dragon Token and given the Flame Lightning Pearl to Zhang Qin and Zheng Rou.

As long as they did not leave the capital.

Even they couldn’t do anything about it unless they were defeated in the officialdom! However, it was too difficult. Throughout Zhang Ronghua’s journey, he had always been fighting against those in power. Those who went against him were either dismissed from their posts or dragged to the market to be beheaded. As for him, he had been promoted and his power had increased.

Even if they fought, with Zhang Ronghua’s faction, Ding Yi, Lu Junxiu, Jin Yaoguang, Zheng Fugui...Even Chen Youcai and Lu Zhantang could be included. They were not weak, and with Pei Caihua’s faction, if the two factions were to fight to the death, they would indeed win. In the end, it would be difficult for others to control the situation.

Most importantly, it was very difficult to take down his faction! His Majesty would not agree.

Su Qitang felt aggrieved. In the past, she could easily manipulate a small general. Unknowingly, she had grown to her current level. She had openly tricked her into using two supreme treasures and had no place to complain.

His thoughts turned quickly. Now was not the time to fall out. Otherwise, everything he had done before would be in vain.

Looking at the handsome face in front of him, he thought of his sister's suggestion. It was impossible to make him work using conventional methods. He could only play dirty.

She had made a decision in her heart. She had to plan this matter properly and make sure that she did not miss anything before taking action. As long as she took him down, their power would further expand. The imperial court would be as stable as Mount Tai and they could even interfere with the army.

He thought it through.

Puchi!

The coldness on her face disappeared and was replaced by a smile. Her long eyelashes fluttered as she held her chest with her hands. She smiled beautifully. "It's just a joke. Look at how nervous you are."

With a wave of her hand, she took out a jade box and placed it on the table.

"There's five taels of spirit tea and bitter bodhi tea inside."

Before Zhang Ronghua could reply, he looked at the sky outside. It was already early in the morning.

"It's very late. Rest early."

He opened the door and left decisively.

He stood in the corridor until her figure disappeared before looking away.

Yiya!

The door at the side was pushed open, and Uncle Shi walked out.

“You haven’t slept yet?” asked Zhang Ronghua.

“I’m asleep. your voices were too loud and I was woken up again.”

Go to Qingyun Inn tomorrow and tell Ning Niang that I still need two maids. Let’s see if she agrees to let Ma Ning and Ma Jing come over.”

“Yes, sir!”

After thinking about it, Zhang Ronghua felt that it was inappropriate.” If you agree, bring him to the Rich Square and let Mother nurture him for a while.”

Uncle Shi nodded.

“Sleep early!”

He turned around and entered the room.

Seeing the door close and looking outside, Uncle Shi’s eyes narrowed. There was no emotion in them, and they were very cold. After a long time, he made a decision. He had stretched his hand too far!

In the room.

Zhang Ronghua was not happy about the two treasures. From Su Qitang’s question tonight, the matter between the Emperor and the Crown Prince should have something to do with them. They had a big plot and did not hide their ambition. They wanted to strengthen their power, but they did not

understand why the Emperor did not make a move. Fear? Or were they very powerful? Or was there a more complicated problem?

He couldn't figure it out and couldn't understand it, so he could only investigate in secret.

The Light Faction was still very weak. Including him, there were only three people. There was only one core member. This would not do!

Using heavenly techniques to refine puppets that were comparable to gods and devils required a lot of materials. Thinking of the Ministry of Works, the Spirit Research Department became his sole authority. Even other factions did not dare to stroke their beards and behave obediently.

Fu Kun wanted to borrow his hands to enrich his qualifications. Taking advantage of his full support, he seized the opportunity to refine a puppet comparable to a god.

He made up his mind.

Zhang Ronghua smiled. He wanted to increase his strength to deal with all changes!

He entered the inner room and sat down on the bed.

He took out the True Spirit Myriad Transformations Pill and the 10,000-year-old ginseng and looked at the two items. The former surpassed the Heaven Rank and was known as the Heavenly Spirit Pill. It was extremely valuable. In order to refine it, one had to at least reach the fifth realm of alchemy and return to nature. One also had to have the materials. The failure rate was very high! The latter was a 10,000-year-old ginseng that gave birth to the Earth Evasion Technique. If one consumed it, there was a 10% chance of comprehending it. The more talented one was, the higher the success rate.

Otherwise, even if one consumed it, they would not be able to comprehend the Earth Evasion Technique contained in the 10,000-year-old ginseng.

After consuming the Myriad Transformations True Spirit Pill, the pill transformed into a huge force that surged forward like a flood of medicinal power. The terrifying force seemed to want to explode his body in an instant.

Zhang Ronghua's expression did not change as he seriously felt this huge power. As expected of the Heavenly Spirit Pill, its effect was indeed different. If it was someone else with a weaker cultivation or a weaker body, they would instantly explode..

Chapter 708: Peak of Heaven Ascension

Su Qitang harbored ill intentions. If he was really at the seventh tier of the Zongshi realm, he would die the moment he consumed it. As for her saying that she would provide him with at least one Heavenly Spirit Pill or ten-thousand-year-old spiritual medicine every month, it was enough to just listen to her. The value was heaven-defying. No matter how powerful they were, it was impossible for them to do so.

He formed a seal with both hands and circulated the Black Yellow Heaven Opening Art to refine this massive power.

Tens of thousands of golden lights rushed out of his body and lit up the room. A terrifying aura spread out, but it was limited to the room and did not spread out.

As time passed, the Myriad Transforming True Spirit Pill was refined and his cultivation reached a critical point. He was still one step away from breaking through.

At the heaven ascension realm, it was extremely difficult to advance by a small realm. Moreover, he cultivated a divine demon cultivation technique, which was indeed powerful. It was also very difficult to break through, not even the Heavenly Spirit Pill.

Looking at the remaining 10,000-year-old ginseng, he took it out. After 10,000 years, it had already fully developed its spiritual intelligence. It was the same as ordinary people. As long as it passed the Thunder Tribulation, it could shed its mortal body and become a Connate Spiritual Item. It had great potential.

When it stepped into cultivation, it would soar into the sky and defeat Heaven's Favorites and geniuses. When it cultivated the same divine power and martial arts, its power would increase by one-third compared to ordinary people.

The one in his hand had yet to transcend the lightning tribulation.

He opened his mouth and swallowed the 10,000-year-old ginseng.

No matter how good it was, it would only be his after consuming it. The power contained within it would be purer and stronger, not inferior to the True Spirit Myriad Transformations Pill. In addition, there was also a special Dao rune that recorded a great divine power, the Earth Escape Technique. It was very weak. If it wasn't for his extremely strong talent, he wouldn't have been able to discover it.

He continued to refine and absorb this Dao rune...

After an unknown period of time, the huge power contained in the 10,000-year-old ginseng was also absorbed. The Xuanhuang Quintessential Essence was like a vast sea as it violently broke through the bottleneck and broke through to the eighth level of the heaven ascension realm in one go. He even comprehended a great divine power, the Earth Escape Technique.

He continued to cultivate until his cultivation stabilized before stopping.

His aura was restrained and all of it was transferred into his body. It showed that he was still at the seventh tier of the Zongshi realm.

He opened his eyes.

Zhang Ronghua smiled. He had made a huge profit this time. His cultivation had advanced a step and he had comprehended the Earth Escape Technique. Unfortunately, the power of the True Spirit Myriad Transformations Pill was too weak. Or rather, his body was too strong and the strengthening was limited. It was not as effective as the Nirvana Supreme Life Technique.

He jumped down from the bed and formed a seal with his hands. He used the Earth Evasion Technique and turned into a golden light that disappeared into the ground and appeared a thousand feet away.

It felt like a part of the earth, and he didn't feel suffocated or oppressed at all. It was as if he was born with this. After trying it out, he came to a conclusion. Traveling underground would double his speed.

As the realm of the earth burrowing technique increased, it would become even stronger.

With a thought, he reappeared on the ground.

He sat on the bed.

Zhang Ronghua took out the lower half of the Chaotic Celestial Body and flipped it open to read carefully. He had been in a hurry before, so he had roughly read it. As he read it, Zhang Ronghua felt that this physical body technique was extraordinary.

The upper part of the body was refined with the Heaven and Earth Spiritual Qi, while the lower part was refined with a Spiritual Treasure, the best one would be a Spiritual Treasure of Destiny. The spiritual treasure would be swallowed with a secret technique and refined into a Spiritual Treasure juice. From inside to outside, from outside to inside, even the soul would be refined without leaving anything out.

After tempering his body, it was still the same as before. There were no side effects. His strength had become terrifying, and his defense had become stronger. He had the characteristics of a Spiritual Treasure, which was tough and indestructible. At a higher level, even a Creation Spiritual Treasure could not break through his defense. Not even a trace could be left.

The only restriction was that when one's physical body reached the heaven ascension realm, one had to have sufficient Numinous treasures before they could cultivate.

In the past.

Even if Zhang Ronghua got the lower half of the Chaotic Celestial Body, he couldn't cultivate it, mainly because he didn't have enough Spiritual Treasures. It was different now. He had just gotten six Spiritual Treasures and couldn't see the light. He could refine them and improve his body.

A peck and a peck, as if it was destined.

He obtained six Numinous Treasures and the lower half of the Chaos Celestial Body.

He patted the Five-Dragon Spirit Controlling Belt and took out the Tiangang Hurricane Sword, the Heaven Battling Azure Bell, and the other six spirit treasures. He put away the Chaos Celestial Body and was already familiar with it. He had even cultivated the first half of it. His body was also comparable to the heaven ascension realm and could directly devour spirit treasures to strengthen himself.

He formed a seal with both hands and used the Chaotic Smelting Technique.

The method of smelting spiritual treasures recorded in the Chaotic Celestial Body used himself as a furnace to transform into a huge mouth that swallowed the Tiangang Hurricane Sword. He did not dare to swallow more, afraid of accidents.

The spiritual treasure entered his stomach. Under the control of the secret skill, his Qi and blood turned into a huge furnace and began to refine. The

Chaotic Dharmakaya operated, and with the help of the Black Yellow Genuine

Vitality, the speed increased rapidly. In less than 15 minutes, it was refined into the spiritual treasure juice. After removing the impurities and purifying it, it was very pure. He changed his hand seal and operated the lower part to control the spiritual treasure juice to refine his body.

It hurt! It hurt! The pain penetrated his soul...!

An ordinary person would not be able to withstand it at all. Under this inhuman pain, they would instantly faint.

Tortures such as dismemberment and lighting the sky lamp were not even one percent of its power.

Zhang Ronghua endured it and didn't make a sound. The veins on his forehead bulged and the meridians in his arms bulged. It was obvious how much pain he was enduring. After refining a portion of the spirit treasure juice, he didn't stop. He continued to devour the Warring Heavens Azure Bell to strengthen his body.

Four hours later.

The six spirit treasures had all been strengthened. Looking at his physical body again, it was already comparable to a tenth level heaven ascension realm expert, one step ahead of martial arts and soul masters!

With just a raise of his hand and a raise of his foot, he contained a terrifying power. Even if it was a Spiritual Treasure, he could tear it apart with his bare hands. Unless it was a top-notch Spiritual Treasure, he could not even break

through its defense..

Chapter 709: Peak of Heaven Ascension

He opened his eyes and smiled from the bottom of his heart.

Smelling the foul smell coming from his body, he realized that these were the impurities that he had expelled when he cultivated the Chaotic Celestial Body. He opened the door and saw Uncle Shi returning.

"Are you ready?" asked Zhang Ronghua.

"Yes." Uncle Shi replied.

“Wait!”

She left through the side door and stopped by the lake. She took off her clothes, revealing her smooth and fair skin. She was like a baby, fairer than a woman, sparkling and flawless.

He sighed. As expected of the Chaos Celestial Body. It was unlike other physical cultivation techniques that would leave behind after-effects after cultivation. Just this alone made it much stronger.

With a leap, he jumped into the lake.

After washing up, he put on his official uniform and went to the front yard. He stepped into the car on a small stool and sat on the soft couch. He took his breakfast and started eating.

After breakfast.

He didn't stay idle. He continued the deduction from yesterday and created a saber technique divine art that was suitable for killing enemies on the battlefield. It was wide open, low in consumption, and powerful. This time, the speed was very fast.

The prototype had already been created. It was completed and perfected according to the model. Before it reached the Vermillion Bird Sect, it had already been created.

After pondering for a moment, he gave it a name. It was called Thirteen Blades of Death.

Wait for the right time.

He would find a time to have Zheng Yi pass it along with the Divine Incarcerate Heaven Suppression Art to Zhang Ming.

With two divine powers, Zhang Ming's strength would become even stronger.

He would be able to establish enough military merits and be promoted quickly.

The Heaven Secrets Carriage stopped.

“Qing Lin is here,” Uncle Shi reminded softly.

“Yes.” Zhang Ronghua replied.

He lifted the curtain and got out.

Ding Yi and Pei Haoran quickly walked up to them and nodded. After greeting them, they entered the Vermilion Bird Gate and stopped at the side. Zhang Ronghua said, “Go to the Ministry of Works first and wait. After the morning court session, I’ll bring you to the Spirit Research Department.”

Pei Haoran agreed.

He summoned a member of the Golden Scale Mysterious Heavenly Army and brought him to the Ministry of Works. Otherwise, with Pei Haoran’s identity as a white body, he would not be able to walk around the outer palace. After entering the Purple Extreme Hall, they lined up in the Ministry of Works.

Huang Zhongshi had been promoted to the Research and Development Hall’s chief clerk. From a rank four official position, he was already qualified to go to court. According to his seniority, he stood at the back. Including Zhao Yi and Tang Bo, his power in the court grew once again.

After a while.

The palace doors closed and the court session began.

The first thing they discussed was Ren Shangxuan’s death. Jiu Xuanji stepped forward and told them that the murderer, Zhao Chengjie, had been captured by the Crimson Heaven Palace to divert the pressure.

The Scarlet Heaven Hall Master, Jiang Tian, glared at him fiercely. He immediately stepped forward and said that this matter was of great importance. He would report in detail after the court session ended.

The second matter was that the Shangjing government had been vacant for so long. If it was delayed any longer, the government office would not operate smoothly, and there would only be more official matters squeezed out. Various factions jumped out and wanted to take this position.

In the end, Pavilion Elder Wei Xuecheng of the Pavilion of Heavenly Secrets stood up and suggested that the Violet Angel Xu Xing of the Crimson Heaven Hall be transferred to the Shangjing government as a pushing official. Everyone was stunned and almost turned around.

The Violet Angel was transferred to Shangjing as a pushing official. It had simply risen by a few streets!

In terms of power alone, the power of a pushing official was even greater. The lowest was at least from the third grade, right?

Many people immediately stood up to refute him. What was strange was that Elder Zeng actually stood up to agree, saying that Xu Xing was very capable. He had made great contributions in Wangtian County some time ago, and he had also captured Zhao Chengjie. He had made an exception to promote talents, allowing the young people to better display their talents.

The two Pavilion Elders supported him at the same time. From the looks of it, it seemed like they had reached some kind of agreement in advance. The people present were not fools. They wanted to give up, but they were unwilling. It was not easy for them to vacate a seat. After fighting for so long, an outsider actually benefited.

Jiang Tian's face was cold. As the person in power, he actually didn't know that his own people had been transferred out. Although he didn't suffer any losses, he felt like he was out of control.

Seeing that the court was in a deadlock, Zhang Ronghua stepped forward. He was now a rising star in the officialdom, and his every move attracted the attention of many people. The quarreling hall immediately fell silent.

Even though he did not know how Xu Xing got the two Pavilion Elders to step forward, he was his friend and ought to help!

Moreover...

If he was really transferred to the Shangjing government and cooperated with Chen Youcai, the capital would be under their control. He bowed and said in a deep voice, "I have come into contact with Xu Xing. He is very capable and has extraordinary cultivation. If he is appointed as the magistrate, I think the security of the capital will be better.."

Chapter 710: The Mastermind Shi Cai Lin

The officials could not believe what they were seeing. Their first thought was that they should join forces. However, they did not understand that even though the Violet Angel had great power, he was not worthy of their attention. It was the same for Jiang Tian, the leader of Scarlet Heaven Hall!

No matter how high his cultivation was, he would still be suppressed in the imperial court.

Just like Jiu Xuanji from before, he couldn't get any benefits and took the blame for bad things every time. He was scolded badly, but he had to endure it and didn't even dare to say a single harsh word.

It was different now.

Wei Xuecheng, Zeng Runyu, and Zhang Ronghua were from three different factions, but they were working for the same person. It was worth pondering! If he didn't get to the bottom of this matter, he wouldn't be able to eat or sleep well. He secretly decided that after the court session ended, he would investigate this matter no matter what.

What happened next was obvious.

Chen Youcai, Wu Jinxiu, Ding Yi, Lu Junxiu, Huang Zhongshi, Zhao Yi, and Tang Bo all stood up and echoed. The former was the prefect of Shangjing, while the latter was the right assistant minister of the Ministry of Justice. They were high-ranking and powerful people. If they hid their feet, the capital would tremble. Although they did not know why Zhang Ronghua was speaking up for him, at this time, it was over. There was no need to say too much. After the matter was over, the rest of the people were small fries, but there were enough of them. They waved their flags and shouted, Increase your reputation.

Everyone's gaze fell on Pei Caicai. With a straight face, he stood out from the ranks and bowed.

When his subordinates saw him step out, they all stepped out to agree.

Four factions, two Pavilion Elders, and a Minister of Rites. The combined power was too strong.

Grand Secretary Cui, He Wenxuan, and the other princes were shocked for the first time. Zhang Ronghua had only been in the government for a short time, but he had already developed to such a level. If he continued to develop, wouldn't the court become a one-man court? In addition to the two chess pieces that had infiltrated the army, his heart was heavy. Out of consideration for his own interests and what might happen in the future, he could not sit still and wait for death.

Especially the First Prince, who was expressionless and aggrieved. He could burn the sky and boil the sea. Previously, he had asked Qian Wenli to suppress Zhang Ronghua, but he hadn't completed his task. He had even sacrificed himself, and all his plans in the Scholar Hall had been wiped out. He had thought that with his status as Dylan, he would be able to suppress Zhang Ronghua, but he had lost two people. Now, according to the news from the

Ministry of Works, he could no longer suppress him. The Spirit Research Department had become a backyard, and he could even raise cattle and fish. He had shown his skills yesterday. Increasing the power of the Fire Spirit Oil, the horizontal knife, and the Poisonous Plague Bead by half, even Fu Kun began to fully support it. He took the initiative to make up for the quota of the five classes in the sundries hall and doubled the quota of the three classes in the research and development hall.

He didn't know the exact reason, but one thing was certain. Once Zhang Ronghua improved more feys, armor, and other things, Fu Kun's shortcomings in qualifications would be filled and he would surpass most people.

If Styron dared to make a move, Fu Kun would be the first to not let him off!

The Ministry of Works couldn't stop him, so they fought in the court. This time, they had to beat down his arrogance. Otherwise, his reputation would only grow bigger and bigger.

He stood out from the queue and bowed." Xu Xing's ability is indeed not bad. The cases of Wangtian County and Ren Shangxuan have already proved his talent. He should stay in the Red Heaven Palace and capture the demons and ghosts hidden in the capital!"

The other Princes reacted quickly as well. This matter was no longer a simple transfer by Xu Xing. If it was a little more serious, it would implicate the Crown Prince. Being born in the Imperial Family and still a man, how could he not have any thoughts about that supreme position above? Even if they wanted to give up, when the crown prince sat on the dragon throne, would they have a good time? The best outcome was to be imprisoned. In a more serious case, they would be secretly eliminated. Anyone who was related to them would be killed one by one, even if it was a dog!

It wasn't that they wanted to fight, but they had no choice!

They immediately stepped out, and none of them backed down. Although they said different things, the result was the same. They let Xu Xing continue to stay in the Scarlet Heaven Hall and did not agree to transfer to the Shangjing government

Imperial Court for the first time!

The people from both sides knew the seriousness of the matter and stood up. One side agreed, and the other side stopped. On the surface, the power of the princes was overwhelming. There were too many people. The Crown Prince was not around, and he did not use his secret power. The Empress's people were watching from the sidelines. The situation was very unfavorable.

Grand Secretary Cui and the princes had different goals. They wanted to suppress the Crown Prince's power, but he only wanted to suppress Zhang Ronghua. He could not boost his prestige. He stood out from the ranks and stopped Xu Xing from being transferred to Shangjing.

He Wenxuan and the others also stepped forward.

The situation was once again in a stalemate. Because of a small matter, countless factions were involved. They had different thoughts, but they all put their strength in one place.

An unexpected scene appeared.

The Minister of War, Xu Shidao, stood out from the ranks. His attitude was firm in supporting Xu Xing's transfer. Some big shots in the military also stood out.

Fu Kun, the minister of the Ministry of Works, thought for a moment and stood out from the queue.

With so many people stepping out, the situation was one-sided, completely leaning towards Zhang Ronghua's side.

A few minutes later.

No one stood out anymore. Those who stepped out to stop them felt their hearts turn cold, especially the princes. Their first confrontation had ended in failure! Although these people weren't under the Crown Prince's influence, and he wasn't even there, still recuperating in the Eastern Palace, a defeat was a defeat.

He was on high alert and made up his mind.. He would not allow such a

situation to happen again!
