

Eight Kickass 51

Chapter 51 Susie's Mitch

Wind snorted: "It's all thanks to my master that your grandson can wake up! That little girl picked up a ready-made bargain!"

Ravi gets it.

In other words, Ledger was rescued by Master Brien, but it was only delayed for Susie to take advantage of it, making everyone think it was her credit! No wonder Master Brien said that just now.

Ravi said indignantly: "I knew it! What does a four-year-old know about her?"

Wind: "My master doesn't bother to take credit with a child, but you Stevenson family have offended my master, so you can take care of yourself in the future!"

Ravi panicked and hurriedly chased after Master Brien, apologizing and thanking, and took out a card and forced it into Wind's hand.

Only then did Master Brien ease his expression, and left.

He never wanted to see Susie again in his life.

Wind followed behind and asked, "Where are we going next?"

Master Brien pondered: "Tomorrow is the opening ceremony of Holy Grail Entertainment, you should prepare."

Wind said: "Okay."

Ravi watched the two go away until they disappeared, and then got into his car, and before leaving, he did not forget to stare at the door of the Murray family.

That little girl, bluffing and deceiving, even caused her to offend Master Brien!

Rocky even said that he would come to thank him another day? As long as she is around, she will never allow her grandson to have contact with such children. snort!

Murray family.

Alana, Craig and Martin were all in complicated moods at the moment, looking at Susie who was happily eating chicken legs.

They still doubt whether they have read it wrong.

Alana whispered: “I haven’t had a chance to say before, Susie seems to have something wrong.”

Craig frowned, and said with a straight face: “What do you mean there is a problem? Our Susie is fine.”

Alana quickly changed her words: “No, she said she has a master by her side.”

The three looked at Susie again. The air around you.

I don’t know why, but my scalp always feels numb.

Alana said: “I always thought that Susie was abused when she was a child, she had psychological problems, and she split into another personality.”

Martin pursed his lips and stared at Susie.

Alana worriedly asked: “Then do you want to see a psychiatrist?”

Martin shook his head: “No. Susie is following me during this time, and I’ll watch her.”

Alana and Craig are old me after all, and Alana still needs to go to physiotherapy.

Martin felt that it would be more reassuring to bring Susie by his side.

“I will take her to the opening ceremony of Holy Grail Entertainment tomorrow.”

an entertainment company invested by the Murray ‘s Group. It has just gone public. As a shareholder, he is going to visit.

The matter was thus settled.

After eating, Susie obediently lay down on the sofa in the living room on the first floor to draw.

Mitch is holding a book: “Lately you massaged your grandma first, and continued when her legs came back to life.”

Susie listened very carefully, and couldn’t help asking: “Then can grandma stand up?”

Mitch floated in the air, propped his chin, and said lazily, “You can dance.”

Susie’s eyes lit up, and she secretly set the first goal in her heart:

She has to work hard and let grandma dance!

**

the other side.

Ravi went home and went straight to Ledger's room.

"My good grandson! Let grandma see."

Lottie closes the door.

Ravi cursed angrily: "Lottie, open the door for me!"

"Rocky is back, do you think someone is backing you up? Let me tell you, once you enter the Stevenson family's door, you have to respect the rules of my Stevenson family!"

Dare to be disrespectful to her mother-in-law, wait for Rocky to go back and see how she handles her!

Rocky came with a bowl of soup and looked at Ravi coldly.

"Is it enough?"

Ravi said: "I'm making trouble? Rocky, figure out that I'm your mother! Don't you help me help an outsider?"

"When you married Lottie, I disagreed! I knew early on that she was not a good person. Look how arrogant she is!"

"You are like this when you are with her, you don't know what she is like when you are not here! Disrespect to mother-in-law, love to answer and ignore, run out all day without knowing what she is doing?"

Rocky opened the door and went in, then closed the door.

He took out his mobile phone and made a call: "Pack up Ravi's things, then ask Misael to drive over, and send her back to her hometown in the countryside to retire."

Outside the door, Ravi didn't know that his old age had been clearly arranged.

Her own son ignored her, and she almost vomited blood!

Lottie must have said something bad about her in front of her son!

Ravi was aggrieved and cursed.

At this moment, the butler came in and said, “The Lambert family is here to visit, do you want to meet?”

48 181

Ravi frowned: “Lambert family?”

The housekeeper said: “It’s the person who called the gentleman yesterday. They found the young master while camping and called the gentleman.”

Ravi was taken aback, didn’t Susie discover Ledger?

“Let them in!”

Unaware that he was about to be sent away, Ravi acted like a hostess with a haughty expression on his face.

Mia followed her parents and stepped into the Stevenson family.

The Stevenson family is different from the Murray family. The Murray family lives in a manor, which makes people feel very grand, rich, and inhumane.

But the Stevenson family lives in an old house that has been inherited from the previous Stevenson family, giving people a very solemn and heavy feeling.

Mia’s father whispered: “The Murray family is a well-deserved leader in the business field, but the Stevenson family is on the government side. When you get inside, be careful!”

Rocky of the Stevenson family is a martyr who also inherited his father’s mantle.

Therefore, the Stevenson family has a small population, and there is only one grandson, Ledger, in this generation.

Compared with other giants with complex personnel, I don’t know how many people are staring at Ledger, the grandson.

Ravi has the final say on the Stevenson family now. Mia, you need to be nice later, you know? If you please Ravi, our relationship with the

Stevenson family will be closer in the future!”

Mia’s father looked forward to it.

Mia nodded quickly.

The family of three came in with gifts, and saw Ravi waiting in the living room. Mia's father said quickly, "Nice to meet you, Mrs. Stevenson!"

Ravi is very satisfied with Mia's father's attitude!

She asked: "Did you discover our Ledger yesterday?"

Mia's father smiled honestly: "No, you misunderstood, but we were there at the time, so we participated in the rescue together."

There was a hint of appreciation in Ravi's eyes.

The Lambert family is very nice.

She didn't pretend to take credit, and she respected her a lot. The children she taught must be not bad.

Ravi looked at Mia.

Mia immediately said obediently: "My name is Mia. Grandma, you look good. Grandma should be fifty years old, right?"

Ravi was taken aback for a moment, she was 70 years old.

Mia's words made her very happy, and she nodded in satisfaction, this child is not bad!

Chapter 52 Ravi Gets Away

Ravi was very satisfied with Mia's family, and said cheerfully, "Sit down, Mia sits here."

Mia sat on the sofa obediently. Ravi looked at Mia and nodded repeatedly, with admiration in his eyes.

Mia's father and Mia's mother are delighted from the bottom of their hearts!

Mia's mother said softly: "Is Ledger feeling better? When we saw him last night, he was covered in blood. My husband and I were very worried, so we wanted to come and see him."

Ravi said: "Thanks to Master Brien, who saved our Ledger!"

Mia's mother was surprised: "Is that Master Brien?"

Ravi suddenly felt that he and Mia's mother had something in common, and nodded in admiration.

Mia's mother looked disbelieving: "Really?"

Ravi affirmed: "Really!"

The two chatted very happily, Ravi felt that he had found a bosom friend, and Mia's mother really respected Master Brien, so she took the opportunity to inquire.

At the end of the chat, Mia's mother took the opportunity to ask: "Can we go and see Ledger? Seeing his face covered in blood yesterday, Mia has been very worried, and said that she will not be relieved until she sees that Ledger is fine. I really can't help her." ah."

Ravi nodded in satisfaction: "Of course."

She is the hostess of this family, is there anything that can't be said?

Ravi led a few people upstairs, nodded his chin and said, "Mia has a heart, she is such a kind and good boy!"

Ravi was moved, and Mia's father, Mia's mother, also saw what Ravi meant, and she was overjoyed!

To be seen by Ravi, their family is about to prosper!

For a moment, she was even more eager, and Mia's mother even bent over slightly and helped Ravi upstairs with a smile on her face.

However, at this moment, several servants came out dragging several suitcases.

Ravi only felt that those suitcases looked familiar, but he never expected that she would be driven away, so he frowned and asked, "What are you doing here?"

The housekeeper was a little embarrassed and said, "Sir, let me take you back to the countryside."

Ravi couldn't believe it: "What did you say?"

Just kidding, she is Rocky's only relative, how could he send her back to the countryside?

"Nonsense! Who told you to do these things, Lottie? Call her out!"

Ravi cursed: "Is there still me in my eyes? How dare she pretend to be my son and send me away? What!"

Rocky opened the door and walked out, said coldly: “I said it!”

Ravi choked for a moment, staring at Rocky: “What do you mean? Do you treat your own mother like this?”

Rocky said coldly: “You will only make trouble for the Stevenson family here, I think you should go back to the countryside to retire, you don’t need to worry about the Stevenson family’s affairs.”

Ravi gasped.

He actually came for real!

Just now she was still seeing grandson-in-law for Ledger. In front of Mia’s parents, her son wants to drive her away!

Mia’s father and Mia’s mother looked at each other, and it turned out that Ravi was not the person in charge of the Stevenson family.

It’s a pity they were so stupid just now.

Seeing the eyes of Mia’s parents, Ravi felt his face was hot, as if he had been slapped twice!

Before the old lady could cry, Rocky gave the housekeeper a look.

The butler hurriedly called a few people, and his movements were neat and tidy, and he directly put the old lady into the car.

The car door was closed, and a servant hurriedly handed in the large LV satchel that Ravi usually carried.

Ravi cried and cursed while throwing things, “You’re going to piss me off. My heart. I’m going to die.”

There was no wave in Rocky’s eyes, and the butler hurriedly asked people to drive away.

Seeing that this trick was useless, Ravi was so angry that she knocked on the door with her big satchel, and finally the car windows were locked.

She is Rocky’s own mother, how could he treat her like this.!

Mia’s mother opened her mouth, “Mr. Stevenson, tell me slowly if you have something to do. Ravi is your mother.”

Rocky looked cold, and said expressionlessly: “Is it your turn to talk about

the Stevenson family? Get them out.”

Mia’s father’s face froze, and Mia’s mother felt extremely ashamed.

Mia raised her head and said softly and innocently, “I’m just worried.”

Rocky didn’t even listen, just turned and left.

Mia felt extremely wronged immediately, bit her lip, her eyes flushed

The Mia family was kicked out of the Stevenson family in this way, embarrassing and embarrassing.

Mia couldn’t stand this kind of grievance, and burst into tears.

Mia’s mother was about to comfort her when she saw something on the ground. She picked it up and saw that it was an invitation letter from Holy Grail Entertainment tomorrow.

It should have fallen when Ravi smashed the window just now.

Mia’s mother’s eyes flashed slightly, and she immediately put away the invitation letter.

Anyway, Ravi was driven away, so they could take this invitation letter and say they went on behalf of Ravi.

There are a lot of important people in this opening ceremony. If you know a few, the road of the Lambert family will become wider.

“Go, go!” Mia’s mother lowered her voice, and the family left in a hurry.

**

the next day.

Alex sang on his stomach in front of the window.

Susie opened her eyes with a swish, and blinked blankly, looking extremely cute.

“Who’s shitting?”

Can’t pull it out? Screaming so badly. As a result, he turned his head and saw Alex was singing on the balcony of the other room.

Susie muttered, “Oh, it’s Alex.”

Alex replied immediately: “I didn’t shit!”

The corner of Mitch’s mouth twitched.

Susie got up, thinking of going shopping with her uncle, she hurried to the closet to find some clothes to wear.

She chose a lovely long-sleeved pink babydoll dress with a layer of tulle and cherry.

Susie learned to dress herself very early. She wore thinner clothes underneath, put on a small skirt, and wore a pair of white jumpsuits.

The clothes are all matched, she just needs to know how to wear them.

Get dressed, go to the bathroom, brush your teeth and wash your face.

“I’m ready!”

Susie murmured to herself, put on her small satchel and opened the door.

Martin was sitting on the sofa on the first floor, holding a video conference with a solemn expression.

Seeing Susie running down, he subconsciously stood up and said, “Run slower!”

Susie said, “Uncle, I’m ready!”

Martin looked at the time, a little surprised.

Craig and Alana went to the nursing home for physical therapy today, and told him before going out that Susie would wake up naturally at nine o’clock.

It’s only eight o’clock.

“Go and eat.” Martin asked Ada to bring the breakfast, and he took the laptop to the dining room to accompany Susie.

“What about the plan for the second quarter?” He said to the computer with a cold face, but he was peeling an egg in his hand.

He put the peeled eggs into Susie’s bowl and said softly, “Eggs in the morning.”

The senior management of the Murray ‘s Group has never seen such a scene.

Still have such a gentle tone?!

What plans for the second quarter have long been left behind in shock.

Martin turned his head and saw that everyone on the other side of the video was silent, his expression was serious, and he said coldly, “Are you all dumb?”

Only then did the senior management hurriedly start talking about the plan.

Not long after, Susie finished eating, and Martin also ended the meeting very efficiently.

“Let’s go!” Martin took Susie’s hand.

Men, when they take their babies out, they never check anything.

Susie went out with her messy hair.

Chapter 53 What a good company

Holy Grail Entertainment is an entertainment company that has risen strongly in the past year.

The newly promoted two male stars and two of the four female stars are all in Holy Grail Entertainment.

Not to mention that actor Jonathan has terminated his contract with the original company and will appear at the ceremony to formally sign Holy Grail Entertainment.

So early in the morning, the ceremony site was packed with people, fans, journalists from all walks of life, and famous guests.

Martin’s car drove in slowly and stopped at the entrance of the venue.

Only then did Susie realize a serious problem! She didn’t comb her hair today!.

Susie rubbed her head and slammed the car door: “Uncle, I won’t go down. My head is in a mess!”

What messed up

head?

He took a closer look and realized that Susie didn’t comb her hair.

“It’s okay.” Martin ruffled her hair.

This rubbing made the hair more messy.

Susie’s little face was wrinkled into a ball.

Girls love beauty regardless of age.

Martin laughed: “Then I’ll tie your hair.”

Susie nodded again and again, rummaging through the small satchel, and found two small rubber bands.

“Uncle, you need to tie two braids!”

Martin nods.

It’s just two braids, isn’t that simple?

five minutes later.

Martin’s shirt was unbuttoned a slit, and his suit jacket came off.

With his sleeves rolled up, he was sweating profusely fighting against Susie’s hair.

Susie urged: “Uncle, are you all right?”

A drop of sweat dripped from Martin’s forehead: “Right now.”

Susie: “Yeah! Uncle has been tied up for so long, so he must be very, very healthy.”

Martin: “. Mmm.”

He gave up struggling and looked at Susie’s two braids silently.

“Are you ready?” Susie reached out to touch it.

Martin immediately grabbed her hand and said, “Okay, don’t touch it, it’s a mess.”

After a pause, he said, “It’s pretty nice.”

The driver in front couldn’t bear to look directly at him.

With a low cough, Martin put on his suit jacket and buttoned his shirt.

“Let’s go!”

Susie was very obedient and nodded happily outside the car door.

Everyone was looking anxiously at the black Maybach at the entrance.

The organizers naturally recognized Martin’s car, but why did the car stop at the door for five minutes without moving?

Reporters also looked up.

Martin didn't get out of the car, the car didn't drive away, and the cars that arrived behind had to wait in line. Coincidentally, the cars behind

belonged to the Lambert family.

Mia's mother said anxiously: "What to do, I happened to bump into Mr. Murray."

Mia's dad said: "Don't be afraid, we have invitations!"

Everyone is here, there are many big names here today, this is an opportunity for the Lambert family. Say nothing and refuse to give up.

Mia's father said: "Come on, get out of the car and meet Mr. Murray first. As long as you are human, you must like others to flatter you!"

He doesn't believe he can't!

So Mia's family got out of the car first.

Mia was wearing a long white mermaid princess dress, her long fishtail dragged on the ground, her hair was neatly coiled up, she was as noble as a little princess.

Seeing such a beautiful little girl get off the car, the reporters at the scene couldn't help but snap a photo with their eyes lit up.

Mia immediately bent her lips slightly, and folded her hands in front of her abdomen, feeling very happy in her heart!

It seems that the skirt she chose today is very beautiful!

Must be the prettiest kid on the scene!

Just as he was thinking, the front door opened.

Martin got out of the car, and for a moment, all the cameras were on him!

Mia greeted obediently.

Martin paused, frowned and glanced at Mia, then bent over without answering, and stretched out his hand into the car.

Mia's face suddenly became hot. It is the time when children's self-esteem is awakened, and they only feel embarrassed.

Mia's mother comforted in a low voice: "It's okay, Mr. Murray may not have heard."

At this time, no one pays attention to Mia.

When the reporters saw Martin's movements, they held up their cameras nervously.

Martin is the head of the Murray 's Group, and can be said to be the richest man in America!

He later had two sons, but no one had ever seen what his wife looked like.

It is even rumored that he has no wife, and that the two children came out of test tubes. The purpose of the two children's existence was to provide a match for the Murray family's Miss Clara from the very beginning.

At this time, seeing Martin reaching into the car, as if he was about to help someone out, he was very excited, thinking that he was going to see the rumored Mrs. Murray.

But a Susie in a pink doll dress jumped down.

Martin caught her steadily, held the baby with one hand, straightened his tie with one hand, and walked towards the venue with long legs.

Everyone couldn't help but froze.

Susie in Martin's arms had two messy braids on her head, was wearing a daily doll dress, and was carrying a small fabric satchel.

This is out of tune with the scene. But there's no denying she's cute!

The cold-faced CEO, who heard that every meeting has to be skinned, but now he is pampering and hugging a cute Susie!

The reporters' cameras all followed Martin and Susie.

"Little cutie, look here!"

"The little princess is so beautiful!"

Susie looked over suddenly and made a comparison to the camera.

She grinned, with curved eyebrows and eyes, soft and cute.

Martin paused, then stopped.

So a cold-faced big president, holding a cute Susie, stood on the red carpet and let others take pictures.

Martin doesn't shy away from anything. In the past, Clara was hidden by the Murray family, and she never experienced the prosperity of the world until she died. Even the world didn't know about her.

Now their family, Susie, deserves to be known to the whole world-she is the little princess of the Murray family!

The Mia family, who were left behind in the cold, were a little embarrassed.

Mia was very happy at first, but when she saw Susie being hugged by Martin and all eyes on her, she felt unhappy again.

Everyone was taking pictures of her, but as soon as Susie came, they all took away her shots.

Mia looked at Susie's messy hair and ordinary skirt, which was completely incomparable to her. Why did everyone say she was cute just because she had a very powerful uncle?

Mia bit her lip and looked surprised when she approached.

She covered her mouth and smiled and joked: "Susie, why is your hair so ugly, did you tie it yourself"? How about I tie it for you! I can tie my own hair at the age of three! Look at my hair today Isn't it beautiful! I tied it myself too!"

Everyone couldn't help looking at Mia's hair.

Adults can't tie themselves. She can't handle it as a child, can she?

Mia was very happy to see that everyone's eyes were on her again.

Chapter 54 The Hypocritical Master Brien

Susie stroked her hair, a little annoyed.

It took a lot of effort for her uncle to tie it up for her. Susie believes that uncle's hair is not ugly!

Mia said her hair is ugly, which means uncle is not good!

"Your hair is ugly!" Susie said angrily.

Seeing that Susie was in a hurry, Mia felt happy from the bottom of her heart.

She had no idea that Martin tied the hair.

Mia continued: "What I said is true! Who tied it up for you, come down quickly, and I will help you."

Mia's mother also quickly laughed and said, "Susie, your hair is indeed a bit messy! Why don't Mia and I tie up a beautiful hairstyle for you?"

Mia's father is also happy.

But such a good opportunity to please the Murray family, of course they couldn't let it go, but they heard Martin say coldly: "I tied Susie's hair."

The smiles of Mia's parents suddenly froze on their faces!

impossible. How could Martin tie a child's hair.

Mia's mother quickly said: "I'm sorry, we have no other intentions. Mia usually takes care of her younger siblings, so that's why."

However, Martin ignored them and went in with Susie in his arms.

Once inside, Martin asked, "Who invited the Lambert family?"

If he remembered correctly, the Lambert family was not on the invitation list at all!

The staff quickly said: "All those who can come in have an invitation letter, I will check right away."

Martin said coldly: "No need, just invite them out."

The staff said repeatedly: "Okay."

Ever since, Mia's family was stopped by the staff just as they came in.

"Do you have an invitation letter?"

Mia's father took out the invitation letter from the Stevenson family and said, "Mr. Stevenson can't come because of something. Ravi asked us to go on his behalf."

The invitation letter was picked up secretly, but because of Ravi, they were driven to the countryside. Mia's family was actually confident.

The staff was taken aback for a moment, and looked at the invitation letter, that's right.

Mia's father took Mia's mother and Mia in immediately while the staff were in doubt!

**

At this time, the background of the venue.

A staff member respectfully led an old man and his disciple into the door.

“Master Brien, this way please!”

Master Brien nodded and looked around: “Yes, the location of the venue is good.”

The staff echoed with a smile: “That is, it is all your guidance.”

Wind said: “My master has also prepared a lot for this ceremony.”

The staff laughed.

Master Brien looked at this, looked at that, and finally asked to prepare something.

The staff hurried over.

Master Brien is very pleased with his attitude!

Today’s opening ceremony is really simple, so far he can relax a bit, and there will be absolutely no problems with him.

Susie was carried into the arena by Martin, just in time to see the huge ceremony ball on the ceremony stage being moved and moved a little to the east.

Susie asked: “Uncle, why did the uncles move the ball! The big ball is moved to the side, it’s uncomfortable to watch.”

Martin glanced at it, and it was true that after the ball of light moved, the two sides of the host stage were asymmetrical.

Martin said to the assistant next to him: “Go tell them to get the ball right.”

The assistant went over immediately.

Mitch floated to one side, rubbing his chin.

She doesn’t understand anything, can she feel uncomfortable?

He pointed to the ritual ball: “A ready-made example. Juicy, I’m going to teach you again.”

Mitch babbled a lot, but saw Susie blinking and looking at the small cake not far away, wondering if she listened.

Martin said softly, “What do you want to eat?”

The listing ceremony of Holy Grail Entertainment is not just a ceremony, it also brings together celebrities from all walks of life.

In the middle of the venue is the host platform for the opening ceremony, and in front of the host platform are the seats for viewing the ceremony.

On both sides of the main venue are rest areas, where tea and snacks are placed.

Susie was about to speak, when she suddenly noticed a woman with a face as pale as snow in the far corner, her eyes drifted past.

Susie stared backstage and asked, “Micky, what’s over there?”

Mitch narrowed his eyes and whispered, “evil ghost?”

The crybaby who broke into Lulu’s room last time ran away and was never found.

I didn’t expect that. Before the crybaby could be caught, another evil ghost appeared.

Mitch squinted: “Come on, Juicy, go up and have a look.”

**

Backstage

Wind pulled a chair over and said courteously, “Sit down!”

He looked around and saw that there were busy people around, and there were only two people receiving them.

Wind said dissatisfiedly: “These people are really, they didn’t even prepare a decent VIP room for you!”

Master Brien sat down, with a profound and indifferent face, and said:

“It’s okay, it’s just a coincidence that we came here. We don’t pursue worldly money and fame, even if we are in a busy city, we should have a state of indifference and tranquility.”

Speaking of which, I don’t know who took Ravi’s bank card yesterday.

Not far away, a middle-aged man in a suit looked hesitantly.

He came over and asked cautiously, “Excuse me, are you Master Brien?”

Master Brien nodded slightly.

Wind said: “Do you have anything to do with my master?”

The middle-aged man said in surprise: “It’s really Master Brien! Hello Master Brien, my name is Tom Reid! I heard that Holy Grail

Entertainment invited Master Brien. I didn't expect it to be true! I am so lucky to meet Master Brien! ”

Let's talk about the Mia family, after they entered the arena forcefully, they are walking around, exchanging business cards with various high- ranking celebrities.

But few people pay attention to them.

When they were chatting, they saw Tom asking a Taoist priest if he was Master Brien excitedly.

Mia's father was overjoyed and grabbed Mia's mother: “Go, go over there, it's Master Brien!”

Mia's mother asked: “Master Brien? The one that Ravi said to bring Ledger back last time?!”

I heard that a boss who was on the verge of bankruptcy begged Master Brien. As a result, the company not only turned the corner, but went against the wind all the way.

There was also an old lady who was about to die from a heart attack, but she was forced to come back by Master Brien.

No matter what you ask Master Brien, you will get what you want, but most people can't find Master Brien.

Mia's father didn't know how many times he asked someone to look for him, but he didn't even find him.

The two suppressed the excitement in their hearts and immediately stepped forward.

Here's their chance again!

Chapter 55 Have you eaten shit?

Within a short while, Master Brien was surrounded by seven or eight people.

Mia's father squeezed over, attentive and enthusiastic: “Master Brien! Hello, hello! I have heard of you for a long time!”

He handed Master Brien a business card and asked Mia's mother to pour tea for Master Brien.

Mia ran over first, poured the tea, and obediently held it in front of

Master Brien, and said sweetly, “Master Brien drinks tea.”

Mia's mother deliberately said: "When I was chatting with Ravi yesterday, Ravi mentioned you to me! He said that Ledger was in critical condition in the hospital a few days ago, and he couldn't be saved, but you rescued Ledger!"

"We were also invited by the Stevenson family today. Ravi also said that if we had the chance to meet you, let us thank you. Look, this is really a chance to meet you!"

Mia's mother cleverly combined 'we are here on behalf of the Stevenson family' and praised Master Brien.

The way everyone looked at Mia's family was different!

On behalf of the Stevenson family.

The crowd immediately became enthusiastic, and everyone praised Master Brien one after another.

Master Brien is happy!

He felt that Mia's mother was very good, so he looked at Mia and nodded with an inscrutable expression.

"Blessed is the child."

Mia's mother was pleasantly surprised: "How do you say that?"

Master Brien twirled his beard and said, "Master Stevenson family and your daughter are truly a match made in heaven. If they can be together, both of them will reach the sky."

Mia's mother was stunned, which means that her family Mia will be great in the future?

Is it still possible to be with the young master of the Stevenson family?

Mia's father is also very pleasantly surprised, they can marry the Stevenson family, so what else do they have to worry about!

He immediately said: "Thank you, Master, what Master Brien said really terrified us! After the ceremony, can Master Brien be invited to sit at home?"

Master Brien looked up at him, and said, "Your fortune has been bad recently."

Mia's father nodded hurriedly.

"As expected of Master Brien!" Mia's father said excitedly.

He immediately complimented Master Brien several times, and praised Master Brien to the sky.

Master Brien looked indifferent, eyes half closed.

Everyone was also amazed, if Mia's mother's words were not enough to explain, now there is Master Brien's seal of authentication. That must be friends!

For a while, the Mia family and Master Brien were all touted.

Mia tried her best to play to her own advantages and seized the opportunity to get acquainted with Master Brien.

At this moment, he suddenly saw the ritual ball that had been moved a foot eastward moved back again.

Master Brien couldn't help frowning.

Wind said immediately: "What's going on? Didn't you ask you to move the ritual ball eastward?"

The staff responsible for the layout of the scene came over and said with a smile: "It's like this, the big leader said to move."

Wind said displeasably: "I don't care what big leaders you are, since you have invited my master, you should respect my master's arrangement! This is for your own good! What does the person who told you to move the ritual ball know?"

As soon as he finished speaking, Martin's cold voice sounded: "I told you to move, do you have any objections?"

Seeing Martin, Wind's words stopped abruptly!

Susie couldn't help but froze when she saw the scene in the background.

I saw a pale female ghost jumping repeatedly on the heads of Master Brien and Mia!

This scene is like the feeling of a dog picking a place to shit.

Thinking of shit, Susie suddenly remembered Wind's oath of eating ten catties of shit yesterday.

She immediately asked: "Yesterday you said you would eat ten catties of shit while standing on your head. Did you eat it after you went back?"

Wind is speechless.

Susie was curious: “Would it smear your face when you stand upside down and eat shit? Can you swallow it? Did it reach your stomach?”

47.33%

“I asked Wade yesterday, and he said that there is probably a big bucket of shit in ten cattles!”

She stretched out her hand and gestured: “It’s such a big bucket!”

If this elder brother really finished eating, then he is really amazing!

Susie looked at Wind with adoring eyes.

Master Brien’s face was ugly, it’s her again!

Susie nodded: “It’s just a big bucket! Have you eaten, Master Liar?”

Master Brien was speechless.

Mitch couldn’t help but snort.

Why is his little apprentice so cute?

Sometimes I wonder if she did it on purpose.

Mitch stared at the evil ghost jumping repeatedly on the heads of Master Brien and Mia, hypocrites!

But now there are too many people, it is not easy to accept.

“Leave her alone for now.” Mitch whispered to Susie, “I’ll take you out tonight.”

Susie nodded: “Yeah!”

Master Brien blushed with anger. Damn it, how dare you call him a liar!

He said coldly: “There is no fear of things! I think you are a disaster star!”

Everyone’s face changed slightly.

This is true, the return of the little princess of the Murray family is such a big event, and people in the circle have more or less inquired about it.

The child’s mother died when she was two years old, and the child in

Stacy’s womb was also miscarried when she was three years old, and her father went bankrupt and went to jail.

After returning to the Murray family, I heard that her second uncle and aunt got divorced.

Let's not talk about the truth, but in the big picture, Susie is indeed like that.

Chapter 56 Blessed Susie

Susie's smiling face gradually disappeared.

"I'm not a disaster star." She bit her lip.

Martin patted Susie and comforted in a low voice: "That's right, our Susie is a little Fubao."

His face was frosty, and he said coldly: "Who is in charge of the layout of the venue? Get these two liars out of here!"

The staff was frightened by Martin's iceberg face and dared not say a word.

Cielo, Martin's assistant, went straight up and made a please gesture: "Please!"

Master Brien looked very stubborn and unyielding, and said lightly: "Wind, pack your things."

He was very angry, and felt that the Murray family really didn't know what to do!

Wind snorted: "We're here to help you regardless of past suspicions, and you're still disrespecting my master like this! If anything happens to you in the future, don't ask my master!"

Wind is young and energetic, and dares to hate Martin.

Martin sneered and ordered his assistant, "Call the police."

Master Brien's face froze instantly!

Everyone quickly persuaded: "Oh, Mr. Murray, don't be angry. Master Brien's disciple is a bit upright, and there is no malice."

"That's right, Master Brien is a nice person. Although he doesn't like to talk, he will answer any questions we have just now."

"Mr. Murray, there is no need to call the police! Really no need! Everyone take a step back."

Martin was unimpressed.

Dare to say that their Susie is a disaster?

If you can't even protect your little niece, why take a step back?

Master Brien observed the words and expressions, and met Martin's eyes, and couldn't help but be surprised.

He said, "I don't want to argue with people. Wind, let's go."

But at this time, Mia suddenly grabbed his sleeve!

Mia has a sincere expression: "Don't be angry, Susie is too young, she is not sensible. She didn't mean to make you angry!"

Then he looked at Susie and said anxiously: "Susie, Master Brien is amazing! You are wrong, please apologize to Master!"

Some people couldn't help but sigh, Mia is really kind, she is indeed a good child as Master Brien said.

Master Brien didn't say anything on the surface, but in fact, he wanted to push Mia away!

These words, the evil ghost jumping around repeatedly, finally stayed on Mia's head!

Mia felt that she had gained attention again, and immediately expressed herself even harder: "Susie, can you say sorry to Master Brien, okay?"

Susie turned her head: "Not good!"

Martin also sneered: "Who are you, where do you stand, and what qualifications do you have to ask my Susie to apologize?"

Mia was stunned, and then bit her lip aggrieved, as if she was very sad, and she was about to cry.

She let go of Master Brien's sleeve nervously.

"I'm sorry." She apologized tearfully, "I just don't want everyone to quarrel."

"But I'm so stupid that I can't speak, and I offend you."

Martin was bored.

He couldn't understand how such a young child could develop such hypocrisy

Mia's mother quickly laughed and said, "Mr. Murray, I'm sorry. Mia is kind, but she's a child, and she can't speak with a simple mind. Please forgive me!"

Everyone also continued to fight. In short, they didn't want to offend Martin, but they didn't want to miss Master Brien either.

What about Master Brien? He just wanted to sneak away quickly, but he was always stopped by such and such kind-hearted people, and he was almost annoyed to death in his heart.

Mitch raised his eyebrows, his eyes turned, and there was a hint of malice in his eyes.

“Susie, ask Master Brien, if you are so powerful, you can calculate your own fate.”

Susie obediently followed suit: “Master Brien, you are so powerful, can you calculate your own destiny?”

Chapter 57 Master Brien Taken Away

Everyone looked at Wind, dumbfounded.

Is this too arrogant or ignorant of the world, and even yelled in public for my director to come out.

Isn't this looking for death?

Sure enough, the police officer sneered.

” Gareth Brien, graduated from elementary school and worked in an electronics factory after graduation. He was sentenced to two years for theft! After he was released from prison, he cheated money by divination, and defrauded an old lady of 30,000 yuan of life-saving money for medical treatment!”

He said while showing the documents.

“If you dare to bluff and cheat here now, it's useless to call anyone, take it away!”

Everyone was stunned.

If what the police officer said was true, wouldn't it mean that Master Brien was a liar.

And they were flattering such a liar just now, feeling like idiots.

The way everyone looked at Master Brien changed.

Master Brien was angry and anxious, that's what he did before, it's different now!

Everything he managed with great difficulty was ruined by Susie!

Master Brien gritted his teeth, at this point he could only forcefully put on a show of arrogance.

“I don’t agree with the crimes you listed! You are slandering, I want to hire a lawyer.”

Wind also said: “That’s right, you must have made a mistake! My master just rescued the young master of the Stevenson family yesterday. If you don’t believe me, call Mr. Stevenson!”

He moved out of the Stevenson family in an attempt to make police officers taboo.

At this moment, a cold voice sounded: “He didn’t save Ledger.”

Rocky came out from the crowd with Ledger!

He said coldly: “Anyway, I should ask Master Brien, how did I cheat out of my mother’s bank card yesterday?”

Master Brien’s heart went cold.

Rocky stood up and spoke out in person, so how can he argue!

Master Brien pursed his lips with a cold face, he had no choice but to act unyielding!

The police officer directly handcuffed Master Brien and took him away by the head.

Everyone looked at the tortured Master Brien, and the emotions in their hearts were beyond words.

They looked at Mia’s parents, feeling resentful in their hearts.

From the very beginning, it was because they swore that Master Brien had saved the young master of the Stevenson family, that’s why they dared to praise Master Brien so much.

It turned out to be a joke!

Mia’s father and Mia’s mother were also very embarrassed.

Seeing Rocky coming, he rushed to meet him.

“Mr. Stevenson, you are here too.”

Rocky gave them cold eyes directly.

He said to Martin: “I’m sorry, my mother is old-fashioned. As soon as others make her happy, she will secretly give the invitation letter to someone who has nothing to do with it.”

Martin said: “It’s okay, I just asked someone to drive them out, but I don’t know what happened and they are still here.”

This conversation was like a slap in the face, slapping Mia's family on the face!
Everyone had a lot of meaning-oh, it turned out to be a cheated invitation letter!

J

"I'll just say it! How did you cooperate with the liar just now and praise yourself? It turned out to be a lie."

"The Lambert family is a small family that is not in the mainstream, no, it can't even be called a family. I just wondered how such a person could come here."

"It's disgusting, you actually lied to me to get the invitation letter, saying that Mr. Stevenson entrusted them to watch the ceremony! Are you too thick-skinned?"

"Just now I cooperated with the liar, saying that their child is a couple with the young master of the Stevenson family!"

Mia's dad and Mia's mom blushed!

30 904

Originally, he wanted to broaden his network, but he didn't expect to be slapped in the face by Rocky.

Mia's father said awkwardly: "We don't know either."

Martin didn't even bother to read their nonsense, and asked with a cold face, "Who did the reception just now?"

His aura was terrifying to the extreme.

The staff at the reception trembled: "Yes, they forced their way in, saying that it was entrusted by the Stevenson family. If you don't believe me, call the Stevenson family."

"I'm kicking them out!"

The staff hurriedly called a few security guards, who didn't give the Lambert family a chance and drove them away!

The Mia family was in a panic.

Mia felt how she was driven away again, and couldn't help crying.

She couldn't accept it, didn't Master Brien say it just now? Her future is very different.

It's even a couple with the young master of the Stevenson family!

Why was he driven away in the blink of an eye.

With tears in her eyes, Mia looked around in a panic, and looked at Ledger who had been silent behind Rocky.

But Ledger had a cold face, he didn't even look at her, but stared at Susie.

Mia cried even harder.

**

The rubbish was finally driven away.

Susie stared at Mia's head, wondering what she was thinking.

Martin said, "Susie, what's wrong?"

Susie shook her head: "It's nothing."

On the side, the staff stammered, "Mr. Murray, it's about the opening ceremony."

Now not only have two scammers appeared, but also missed the auspicious time. Even if the company goes public in the future, there is still a lump in my heart.

Some people who are particularly particular about it will be even more taboo.

Martin frowned, and was about to speak.

"Don't worry, I'll come to divination!"

Susie imitated Mitch and started divination.

"At 10:18, there will be auspicious lights falling from the sky. It's a good time."

Everyone was speechless.

This is not a joke, okay, a child is a child, what does she know.

"Mr. Murray." The staff was stunned.

Martin hugged Susie and said forcefully, "It's 10:18!"

He trusts Susie. Even if there is no auspicious light from the sky, it is what their family Susie said!

Everyone didn't know what expression to put on for a moment.

It is said that the Murray family dotes on Susie very much, and it seems to be true.

For such a big matter, let her mess around.

Obviously, no one believed what Susie said about the auspicious light at 10:18.

The ceremony was about to begin, and everyone sat down in their seats under the guidance of the waiter.

Susie drank from her sippy cup.

Ledger came over.

He was wearing a small suit and a tie with a bow tie. Looking at Banban, he looked solemn at a young age.

He looked around calmly, and saw Susie sitting in the front row.

I saw that she was drinking water, her little face was bulging, making one want to reach out and poke her face.

Rocky took Ledger and walked towards Susie. As the distance got closer, Ledger's face became tighter and tighter.

As soon as Susie looked up, she saw Ledger with pursed lips and sullen face.

Susie waved her hand happily: "Sit over here!"

Susie patted the position beside her.

Ledger didn't look sideways, and gave a 'hmm' in a very cold manner, but walked up to Susie with the same hands and feet.

Rocky had doubts all over his face. How could his son walk with the same hands and feet? I didn't find this problem in the morning, so there

must be some sequelae.

Chapter 58 You're mine

Susie looked at Ledger curiously.

This Ledger walks strangely, and even when he sits down, he looks forward.

Susie shook her head: "Hey, my lord!"

Ledger pursed his lips, and suddenly spread his hands: "Here."

Susie looked down and saw a fruit candy lying quietly in his palm.

The transparent glass candy paper reveals the pink candy inside, which looks like strawberry flavor.

Susie asked, "For me?"

Ledger nods.

Susie thought for a while, then asked, "There's only one, is it just for me?"

Susie felt that it was better for her to ask clearly.

They are two children, and there is only one candy, which is not enough.

What if she ate and Ledger suddenly cried?

Ledger turned his head, his small face was full of arrogance.

He said lightly, "That's not true. I just picked it up at the door."

Susie snorted, confirming that Ledger would not eat it, and then reached out to grab the candy.

She moved quickly and sneaked a sideways glance.

Uncle and Uncle Stevenson were talking.

While the adults were not paying attention, Susie quickly peeled off the candy wrapper and quickly threw it into her mouth. Then she sat upright, with her hands on her knees, and stared straight ahead.

Ledger looked down at his palm.

When Susie grabbed the candy quickly, her fingers caught his palm.

"Delicious?" he asked.

Susie nodded: "It's delicious! Shush. Don't talk."

If my uncle finds out, he won't give her food.

Ledger kept his eyes fixed, was silent for a moment, and couldn't help asking in a low voice: "Are you afraid of your uncle?"

Biting the fruit candy, Susie muttered, "It's not that I'm afraid. It's just that one of my teeth is broken, and my uncle and grandma don't allow me to eat candy."

Ledger: "Then don't eat it."

If he had known this, he shouldn't have given her a candy.

Susie immediately covered her mouth: “After entering Susie’s mouth, there is no spit out.”

Ledger gave her a sideways look.

I saw Susie with a chubby face, eating toffee like a rabbit eating carrots.

With the sugar in his mouth, the small mouth was pursed, and milk fat on both sides appeared naturally on his face, which was very cute.

Ledger immediately looked away.

“Thank you that day.” He stared straight ahead with a small face.

Susie was eating candy seriously, feeling the sweet taste filling her whole mouth, when she suddenly heard Ledger say thank you, she froze for a moment.

“what?”

Ledger didn’t speak anymore. On the host stage, the host was talking a lot.

He felt bored, so he couldn’t help but look at Susie again, she seemed to have finished eating the candy and licked her mouth with an unfinished look.

Ledger asked, “Why do you like sugar so much?”

Susie picked up her sippy cup to drink water, and said, “Because sugar is sweet! Life is bitter, but sugar is sweet.”

Ledger froze, it was hard to believe that the words could come out of Susie’s mouth.

Her little face was clearly innocent, and she blinked her eyes.

“I was beaten by my stepmother before, and then my father didn’t listen to my explanation. I felt very sad.”

That kind of sadness is probably bitter, right?

Then she accidentally picked up a candy that fell under the sofa. She was so hungry at that time, and she immediately remembered the sweetness of that candy.

Ledger was silent, but he remembered Susie’s words in his heart.

Remember she likes candy.

On the host stage, the host was still talking.

It was time for the person in charge of Holy Grail Entertainment to speak.

Everyone was pinching time, just to delay the opening ceremony to 10:18.

In the auditorium, everyone who knew what happened backstage just now couldn't help but look at the time, and it was 10:18!

They would like to see, what auspicious light can there be at this time?

"Kids are just for fun. The Murray family's dotting on this child is really beyond our imagination."

"Auspicious light. It's too nonsense."

"If you want to tell me which master said, I still believe a little bit. As a child, if the auspicious light really appears later, then let me be bald."

Everyone whispered and couldn't help but laugh.

Apparently no one believed Susie's words. I don't know what TV series she watched, did she learn it?

Finally, when the time was almost up, everyone quieted down and stared at the hosting platform.

"In these days full of spring and full of festivities. Here, let us invite Mr. Murray, the president of Holy Grail Entertainment and Mr. Murray of the Murray's Group, to the opening ceremony with warm applause!

When Susie heard it, she immediately clapped her hands vigorously!

Martin straightened the buttons and touched Susie's head: "Stay here with Uncle Cielo and don't run around."

Susie: "Mmmmmmmmm!"

As if to prove that she would not run around, Susie turned around and grabbed the finger of assistant Cielo.

Cielo's fingers were suddenly grabbed by a small hand. He was taken

aback for a moment, then looked at the little cute baby in front of him, his heart couldn't help softening!

"Don't worry Mr. Murray," Cielo said.

Martin nodded and walked onto the stage.

With the sound of a salute, everyone in the audience applauded enthusiastically.

At this moment, the sun just rose to the east of the venue, and the sunlight cleverly shone on the presiding stage through the colorful glass on the roof of the venue!

At this moment, the presiding stage centered on the ceremony ball was shrouded in a colorful and auspicious light!

Martin paused, subconsciously raised his hand to check the time, it was exactly 10:18!

There was an uproar in the audience, who looked at the auspicious light on the stage in astonishment and disbelief, and then looked at Susie.

Is there really an auspicious light? !

The person who just swore that he was bald muttered to himself: "Impossible! It was definitely designed before."

The person next to him also said: "Yes. It must be artificially designed."

But they looked up and looked in the direction of the auspicious light.

There are no man-made traces, only the auspicious light refracted by the sun through the colorful glass.

That is, is it really a coincidence?

Chapter 59 Never read a book?

The person who just saw Susie counting the auspicious times felt that his face hurt a little, and his expression was embarrassing.

Someone said: "It's unbelievable. If it's a coincidence, how can it be so accurate? It's exactly 10:18!"

"I can't really figure it out."

"I don't think it's possible. If you say Master Brien calculated it, I'll believe it. How old is the little princess of the Murray family?"

Everyone's eyes were shocked and suspicious, but Susie still sat in her seat peacefully, unaffected at all.

After finally waiting for the opening ceremony to end, the host gave a thank you speech, and everyone stood up one after another.

Martin and several heads of Holy Grail Entertainment were surrounded and couldn't get through for the time being.

A big man like Rocky was naturally surrounded, and everyone seized the time to get closer.

Rocky whispered to Ledger: “Take care of Susie.”

There was no extra expression on Ledger’s small face, he just nodded blankly.

I was very focused when talking to Susie just now, but very perfunctory when talking to my father.

Rocky is speechless!

Susie pulled Cielo and said happily, “Hurry up, uncle, I want to eat cake.”

Ledger put one hand in his pocket coolly, and followed Susie silently.

“Little cake, little cake.” Susie’s eyes lit up when she saw the little cake on the refreshment table.

She tiptoed, not high enough, just a little bit.

Cielo was about to help her, but a small hand stretched out beside him.

Ledger took down the small cake and handed it to her: “Here.”

Susie happily said “Thank you Ledger”, and carefully sat down on the sofa chair beside the cake, and took a bite.

“It’s so sweet! Sweeter than first love.” Susie nodded.

Ledger laughed out loud: “Do you know what first love is?”

With the cake in her mouth, Susie was vague: “I don’t know! The grandpa who sells watermelon said so.”

She imitated her uncle and waved: “Come here, fresh big watermelon, sweeter than first love!”

Ledger was taken aback, and couldn’t help laughing.

Looking at Susie’s round face, he couldn’t help but want to pinch it!

Ledger turned his face away, very cute. But that’s it, eh.

I thought so in my heart, but I couldn’t help but looked around to see where there was a strawberry cake.

Susie ate very happily. While eating, she tilted her head to look at Cielo, and suddenly asked, “Uncle, why are you called C ialo ? B ye bye? ”

Cielo couldn't find the corner of his mouth smiling. He took a wet tissue to help Susie wipe off the cream on his mouth, and said:

“It's Cielo, not goodbye.”

Cielo couldn't help laughing: “We'll know when Susie goes to school!”

Susie nodded, understood.

Susie wrote down the words ‘go to school’ secretly.

Ledger is so powerful because of going to school.

And Wade, he also knows exactly how much ten cattles of shit is. Because he also went to school.

Susie raised her hand: “Then I want to go to school too!”

Cielo said, “Okay, let's talk to your uncle later, shall we?”

Susie nodded.

Ledger remained silent. Seeing that Susie had finished eating the small cake in her hand, he immediately walked towards the tea table again.

He had a clear goal and came back with two small cakes.

The small cake was only half the size of Susie's palm, Susie ate five at once, then touched her belly and said:

“It's so delicious. From now on, I will go to work with my uncle every day!”

Cielo joked: “Didn't you just say you were going to school?”

Susie was taken aback for a moment, and suddenly her face was full of tangles.

Yes, I have to go to school, how can I go to work?

“Then go to school from Monday to Friday, and go to work on Saturday and Sunday?” Susie thought seriously.

Cielo couldn't help laughing: “Susie is really dedicated!”

A few people can talk about Lumi well.

Seeing that Susie was here, some ladies and ladies who followed came around and teased Susie:

“Why are you here by yourself!”

“You like cake!”

One of the celebrities wearing a silver-gray mermaid dress came closer and asked, holding his throat, “Hi, what’s your name!”

Susie said: “My name is Susie.”

The lady froze, joking about how to spell her name.

Susie immediately turned her head and said, ” Susie, Did you never go to school, so you don’t understand?”

Susie looked at the aunt in front of her with sympathy.

do you

It’s so pitiful that I haven’t gone to school at such a big age.

understand?

The famous lady was stunned, covered her mouth and smiled, and said, “Susie, you are so cute!”

But I didn’t want Susie to ask: “Auntie, do you have something stuck in your throat! Did you eat something and didn’t swallow it?”

The famous lady was taken aback: “What.”

Susie: “Auntie, Your voice is very strange and ugly. Are you sick so you can’t speak well? ”

Susie looked serious, she really asked about the illness, not the one who cursed.

The celebrity looked a little embarrassed.

The people around were secretly happy, thinking that Susie was right!

This socialite is called Colette, and she speaks in a clip tone, whimpering and composing.

It is said that she is a celebrity, but I don’t know how she squeezed into the circle of celebrities.

Colette herself is just a small actor, the first starlet signed by Holy Grail Entertainment.

Therefore, the noble ladies in the real celebrity circle look down on Colette, and even feel that she is disgusting when she opens her mouth.

At this moment, Jonathan, who was wearing a silver-gray tuxedo, came over.

His hair is all combed up, and he still wears his signature pair of thin-rimmed gold-rimmed glasses. The shirt is made of silky satin, and the two buttons on the neckline are undone very unruly. It is paired with a silver-gray jacket that still shines.

Susie quickly stuffed the remaining bite of cake into her mouth!

Jonathan was speechless, raised his eyebrows, and chuckled: "What is our Susie stealing?"

Susie shook her head violently: "I didn't steal it."

Jonathan stretched out his finger and wiped the cream off her lips: "It's all revealed."

Susie opened her eyes wide. That was a mistake. In the future, if she steals food, she must remember to wipe her mouth!

On the side, Colette remained calm and quietly moved a little closer to Jonathan.

The dress on her body was also silver-white, so close, it seemed that she and Jonathan were a couple.

Chapter 60 Really

Colette couldn't help but sneak a glance at Jonathan, her heart pounding.

And Colette just found out that Jonathan is one of the eight sons of the Murray family, Murray family! That's a real giant!

If you can marry in.

Colette's eyes sparkled slightly, and she said softly, "Susie seems to like eating cakes very much! Do you want me to get her two more?"

Jonathan raised his eyebrows and said lightly, "No need."

Jonathan picked up Susie, raised his hand to take the wipe from Cielo's hand, and wiped Susie's mouth casually.

“You have to learn to clean up after eating, you understand?” He gave a half-smile and flicked Susie’s nose.

Susie immediately covered her nose and said, “Got it!”

Seeing that Jonathan doted on Susie so much, Colette immediately showed that she liked children very much.

“Susie is so cute!”

Colette held out her hand and smiled sweetly.

Susie frowned and asked seriously, “Auntie, is there a mouthful of phlegm stuck in your throat?”

The people around were stunned for a moment, seeing Susie’s serious face, they quickly laughed lowly.

Colette’s face was slightly stiff, and she said with a smile: “Hey, you are so funny!”

Susie nodded and understood: “That means a slipper is stuck?”

Colette was speechless.

On the side, Ledger said blankly: “This is called hypocrisy.”

Jonathan pursed his lips, glanced at Ledger, and said, “Understood, huh?”

His voice makes people think he is bad, but it is also very attractive.

Susie nodded heavily: “Yeah! Got it.”

Colette’s eyes filled with tears, she was so wronged, she looked like tears were about to fall, and explained weakly: “I’m not.”

But Jonathan didn’t look at him at all, and left with Susie in his arms.

The people around sneered: “Oh, what a kid is saying the truth!”

“My Ledger is right, I always feel that someone is disgusting.”

“You’re so grown up and you still talk like a child, pretending to be naive.”

Colette shook her head, and tears fell as she shook her head: “I’m really not, my voice is like this!”

When he started crying, his voice was more like a mess.

Everyone left silently.

They don't have a good attitude towards Colette. If it weren't for the fact that Colette is the star of Holy Grail Entertainment, she wouldn't be here today.

Originally, they came to see Susie, and they were full of conversations, for example, they wanted to ask if they were going well recently, when they would get rich, and if their lives were good.

In the end, without saying anything, it was destroyed by Colette.

Jonathan took Susie to the garden behind the venue. There were too many people and it was noisy.

After walking for a while, he soon realized that something was wrong, and when he turned around, he found Ledger following silently.

Jonathan raised his eyebrows: "What are you doing with us?"

Ledger's face tightened, and he said, "My dad told me to keep an eye on her."

Jonathan narrowed his eyes, then turned his head and walked forward: "That's it."

The young master of the Stevenson family was not so obedient.

Although I haven't seen much, I heard that his personality is the same as his father, even colder than his father.

No one can force him to do what he doesn't want to do.

So he followed Susie because he wanted to?

What a strange thing!

Jonathan sat down on a bench with Susie sitting next to him.

Jonathan stared at Susie and asked, "Susie, how do you know there is an auspicious light at 10:18?"

Although he was not at the scene of what happened backstage, he asked a staff member later and learned the cause and effect.

God knows how shocked he was when he saw that auspicious light just now!

Susie said, "I'm a fortune teller!"

Jonathan became interested, leaning on the back of the chair and propping his face with one hand: "How do you calculate?"

Susie said, "That's how it works."

Jonathan looked at Susie's serious face and couldn't laugh or cry: "What did Susie figure out?"

Susie raised an index finger and said seriously: "Uncle, you should be careful when you go out recently!"

Jonathan was speechless.

After Susie finished speaking, she pinched her fingers again: "You will be taken in by the goblin."

Jonathan laughed lowly, his shoulders shrugged slightly.

Jonathan raised his hand, untied Susie's messy hair, and said nonchalantly, "That's really troublesome."

Susie nodded: "Well! Big, big trouble. You will be miserable."

Jonathan thought she was getting more and more outrageous.

Jonathan's slender fingers lifted Susie's hair and braided it skillfully.

After all, as an actor, he often has to take care of himself and help Susie comb her pigtails easily.

Not long after, Susie's messy hair turned into two lovely braids. Although not as neat as combing with a comb, it looks more natural.

"Nice." Jonathan approved.

Susie giggled: "Thank you uncle!"

Ledger glanced at Susie 'inadvertently', and saw that her eyes were bent into crescent moons, and she grinned, revealing the shallow dimples on both sides, looking extremely cute.

Ledger looked away, staring at his toes.

Jonathan was about to say something when a voice suddenly sounded.

Jonathan is very keen on the camera, and soon found the reporter hiding in the shadows.

The reporter's eyes suddenly looked like a light bulb that was powered on, it was so bright!

A bad guy focused on braiding a Susie's hair.

This picture is too shocking!

Jonathan looked away, not paying attention.

The most beloved little princess of the Murray family should be known to the whole world.

It's that loud!

They want Susie to be the envy of everyone. Their little princess will always be their princess.

Seeing that Jonathan did not object, the reporters were immediately excited.

"look here!"

"Is this your little niece? She's so cute!"

"Miss Susie, have a laugh!"

Jonathan put his hand on Susie's shoulder and smiled casually at the camera.

Originally, he hated taking pictures the most, but if he was with Susie, then he could barely accept it!

Just as he was thinking, Jonathan suddenly saw a silver-gray figure walking towards the entrance of the garden.
