

Eight Uncles 106

Chapter 106 Lilly, We're Home

Looking at the SUV going away arrogantly, the MacNeil family was regretful and felt like vomiting blood.

The MacNeil family had nothing left! If they had known Lilly was Blake's daughter, they would have welcomed Lilly!

They could not help but blame Blake as he was ruthless to them, even if they were his relatives. Not only did he take away the medal of honor, but he also said harsh words. Who else would respect them in the future? He intended to force them to disaster!

Sure enough, when the people around saw Blake driving away, they also left. They even took away the birthday gifts. If it were someone else, the guests would not do that, but that person was Giuliana.

Giuliana was so angry that she anxiously stopped them. "You... you guys! How can you take back the gifts? Don't leave!"

The MacNeil family was desperate. They looked down on others just now. Now they had no choice but to explain politely to the guests. However, the guests did not appreciate it.

"Let's go! Bah! What bad luck!"

"They are all liars! Luckily we discovered the truth!"

"They're so shameless!"

"Hahaha! So shameless!"

In less than a moment, everyone was gone.

Meanwhile, Colton arrived after he finished the work and reports. He got out of the car and glanced around.

"Let's go." Colton stepped forward and covered Melody with a coat.

An army coat with Colton's temperature draped over her body. Melody pursed her lips and turned her face away.

Ivan's face was stern, and he still stared in the direction where Blake and Lilly were leaving.

The MacNeil family seemed to see lifesaving water. They hurried up to block Colton and Melody. "Mr. Shaw, Mrs. Shaw... please stay!"

"Mr. Shaw, you and Blake are comrades, right? Please tell Blake it was a misunderstanding!"

"We didn't expect..."
