

The Princess to Eight Uncles Episode 1321

Chapter 1321 Woman's Identity

The woman's hands and feet were dry, her face looked burnt, and she looked thin like a mummy.

Lilly could not help but recall the scene when she first met Lisa. Lisa also looked like a zombie.

So Lilly softened her attitude toward the woman and asked, "Who are you?"

Before she figured it out, she could not let down her guard against the woman.

The woman stared at the small ghost beast on the branch and shouted vaguely.

Lilly pondered and asked, "Are you hungry? Do you want to eat it?"

She touched the ring, then the jar of souls, and pulled out an Icemount Fish.

The Icemount Fish was too big. Lilly had no strength now and was struggling to hold it.

"Do you want to eat this?" The woman glanced at it, uninterested in it, and continued to look at the small ghost beast.

Lilly thought about it for a while. There was still a difference between the demonic and the ghost beast.

The novice ghost devoured the demonic and the ghost beast to increase its cultivation.

Lilly did not eat ghost beasts but ate demonic beasts because she was still a human. The ghost beast was as unpalatable to her as the ghost spirit.

In essence, the ghost beast and the demonic beast were still different. Ghost beasts could be seen as beasts cultivated from the ghost spirits of dead animals, while demonic beasts were living creatures.

Lilly threw the flicking Icemount Fish back into the jar of souls.

She pointed to the small ghost beast on the branch. "If you tell me who you are, I'll catch it for you."

The small ghost beast was startled. Ms. Hades! You're so heartless!

The woman seemed to understand Lilly's words. She turned and stared at Lilly terrifyingly.

Lilly felt horrible that she subconsciously raised her magic pan.

She felt that if the woman stared at her again, she might not help but hit the woman's head.

Suddenly, the woman spoke and said her first words.

Her voice was extremely hoarse. Lilly could only barely hear her say, "Little Hades?"

Lilly nodded. "Yes, it's me!"

The woman was stunned for a moment. After a long time, she asked uncertainty, "Emperor Prosper's daughter?"

Lilly nodded. "Yes, Emperor Prosper is my daddy."

The woman was shocked. She stared at Lilly for a long time, and her sunken eyes finally looked different.

The woman said firmly, "Emperor Prosper... Lilly!"

This time, it was Lilly's turn to be shocked. "You know me?"

How come she knows me? It was Lilly's first time on Mount Everest. She had never seen the woman before, and Blake had never mentioned it.

The woman struggled, then looked at the containment spirit net, rope, and dumbbell tied around her body.

“Let me go...

Lilly shook her head. “Although you know me, I can’t let you go.”

She would not make rash decisions. What if the other party was scheming and pretending to be an acquaintance to trick her?

Although Lilly intuitively felt the woman was not bad, it was better to be careful. She was alone with no one to protect her. Blake or Crawford Ancestor were not by her side.

The woman seemed a little dissatisfied but became quiet. There was another long silence.

When the woman was about to speak, she suddenly started struggling violently and full of murderous intent. “He!”

Lilly followed her gaze, and her heart tightened. “Who?”

She had been procrastinating here for too long. Could it be that the black-robed man was catching up?

At this time, she did not have the slightest strength to contend! She had no spirit energy in

her body!

Lilly was anxious and wanted to run away immediately, but then she looked at the woman screaming in one direction on the ground.

After hesitating, Lilly lifted the woman together with the dumbbell.

She could not let go of the woman, so she could only carry the woman away like that.

There was no spirit energy. Lilly relied on strength.

“Are you leaving?” Lilly whispered to the small ghost beast on the branch, “Come here quickly, or I’ll leave!”

The small ghost beast struggled but finally ran to Lilly and followed her.

Lilly's body was tense, and the woman was still looking in one direction and roaring in a low voice with murderous intent.

Lilly left in the opposite direction. She wanted to know if the black-robed man was chasing her, so she subconsciously used the same method she had used to find the woman, focused. her energy, and spread out her energy.

At this moment, Lilly opened the door to a new world!

Her eyes were in the front, but she could see things clearly behind her as if she had eyes on the back of her head!

If it were not for the fact that she was holding a woman and a big dumbbell, she would have. scratched the back of her head to see if she had mutated.

The woman suddenly struggled and finally said another sentence, "Over there! Hide!"

Lilly followed and looked over, only to see a hole inexplicably appearing in the air. To be precise, she could now see things that her eyes could not see. The cave was very secretive and made an excellent hiding place.

Lilly intuitively believed she would be safe to hide inside.

She jumped in with the woman but could not hold it anymore. She subconsciously threw the woman and the dumbbell away.

The small ghost beast followed Lilly and hid behind her. Thinking it was unsafe, it stepped back a few meters and hugged a stone.

After getting a chance to breathe, Lilly had to solve the main problem to determine whether the woman was an enemy.

"Can you tell me now? Who are you?"

The woman's expression relaxed. She still stared at Lilly as if to confirm something.

Finally, she spoke, "I'm..."
