

Eight Uncles 1322

Chapter 1322 Queen Earthen

The cave was quiet. The woman got tied up, and the other end was on a dumbbell.

She stared at Lilly and said, "I am Queen Earthen."

The third god, who was in charge of the mountains, rivers, and earth, controlled and nurtured all living beings, Queen Earthen!

Lilly looked at Queen Earthen blankly.

Blake said that Emperor Eastmount and Emperor Greenbow rushed toward the Manifestation of God's Will to carve out a path, but they failed and fell.

Queen Earthen and King Earthid, who were supposed to be together, lost their whereabouts and did not appear.

Before today, Lilly had always been wary of those two people, especially King Earthid, the black-robed man.

Unexpectedly, she saw the last of the five gods, Queen Earthen!

"Why are you here?" Lilly was surprised and quickly wanted to untie her, but then paused and asked seriously, "You're not a bad person, are you?"

Queen Earthen was speechless. Who would admit that they were a bad person?

Queen Earthen looked to the side speechlessly, and then her eyes were attracted by the small ghost beast.

Lilly asked, "Why do you keep looking at it?"

The small ghost beast lay behind the stone and was alert.

Queen Earthen did not hide it. "It's fat! It's delicious!"

Lilly felt confused.
