

Eight Uncles 191

Chapter 191

“Do any of you have manners? Invading people’s privacy without consent!”

Kelly’s father went up angrily and snatched the note back.

The influencer had a serious look on his face, “Why can’t we do the same to you when you’ve taken advantage of your daughter’s death, you hypocrites!”

They knew what kind of person they were.

So Kelly’s family members quarreled with the media and influencers.

The police also came, and after investigation, it was found that this matter had nothing to do with Jonas. After all, Kelly’s family knew that he was rich, so they wanted to blame it on him so they could get some money out of him.

Jonas could decide whether he wanted to compensate them or not.

The influences did not think it was a big deal to watch the excitement at the scene and started to talk about their point of view.

Some people commented, “We shouldn’t tolerate people who blackmail, otherwise, our society will be chaotic,”

Some people also commented, “Since Jonas’ family is well-off, why don’t they compensate them since they don’t have a daughter anymore?”

Nobody knew if they were singing a different tune because they wanted attention.

Of course, there were also a group of fans who were defending Jonas, and they were fighting with Kelly’s family.

Eventually, Kelly’s troublesome relatives were arrested and the incident came to an end.

Kelly’s mother was still crying, but this time the crying seemed to have a hint of insanity. No one saw that Kelly was hanging on her mother for revenge, and stuck to her pale face.

Kelly’s father felt that he had been reprimanded for taking advantage of his dead daughter, and was punched a few times by Jonas’ fans, and he was cursing the injustice of the world in embarrassment and anger.

Kelly’s relatives were unlucky as their efforts did not give them a single penny. Everyone in the city knew about it and they were all too shameful to lift their heads up.

While a group of people was resentful, they were hating on Jonas for being so rich but stingy!

...

Lilly shook her head and said, “The adult world sure is complicated!”

She looked inside her transparent bag, and smiled, “Isn’t that right, Polly and Tortoise?!”

Polly stepped on the tortoise shell, tilted its head to look at Lilly, and said, "Yes, yes, yes! The city is full of routines, and I want to go back to the countryside. The countryside is more peaceful! There are potholes everywhere!"

Lilly applauded, "Wow, Polly is amazing!"

Tortoise stretched out his head seemingly speechless, Polly was a bit mean, when he saw the tortoise stretched out his head, he groaned, the tortoise shrank its neck, and hid behind it, the tortoise felt that the annoying parrot did not seem to be there and poked his head out.

Jonas's throat tightened in fright, and he almost screamed and managed to stay calm.
He hugged Lilly tightly and took a step back.
He felt that his view of the world had collapsed. If the ghost he saw that night was because he was
sleepy, it might be a hallucination.
However, that was not the case!
So, why could he always see the ghost?
Polly, who was in the bag, also seemed to be taken aback, and yelled loudly, "Don't come any closer!"
That was exactly how Jonas felt!

Although he had never seen the woman before, he felt she was familiar. She had been his fan for quite some time.

It was the stalker who knocked on his door in the middle of the night, installed a tracking device on him, and sneaked into the room to collect his hair.

Sure enough, film and television dramas were deceiving! Who said ghosts could not come out during the day?

Lilly was calm, she thought about it calmly, "That's right, Uncle Jonas, what's a stalker?"

She wanted to ask what those people downstairs were talking about just now.

She did not know what stalkers meant.

Jonas's throat was tight, and her face was suppressed and calm, pretending that she could not see the female ghost.

So he explained without squinting, trying to keep his expression normal.

"Stalkers are abnormal fans who invade the private life and work of celebrities. They take pride in peeping, stalking, and secretly photographing every move of the celebrity's private life..."

Lilly suddenly realized, and nodded, "Does it mean perverted fans?"

Lilly finally understood what the word, "stalker" meant.

Jonas's pupils shrank, and he stood up abruptly.

Valentine was startled, "What's going on here?"

Seeing that the female ghost was about to bite Jonas's neck, Lilly threw something and it just fell into the ghost's mouth!

"Creak!"

There was a piercing sound, and the female ghost quickly backed away, desperately spitting out what was in her mouth.

Only then did she realize that she bit a tortoise.

Tortoise landed on the sofa with his back facing down, spreading his limbs and waving wildly.

Ouch, hello, I'm dying!

Lilly quickly said, "I'm sorry, Tortoise!"

She was holding him at the moment, so she threw him without hesitation.

Tortoise's feet hooked the sofa pillows, and he was about to turn over. Polly rattled up and stepped on it.

Tortoise was speechless.

Lilly looked towards the female ghost, Pablo also moved his fingers and said, "It seems that the evil ghost will not come out."

Lilly nodded, "How cunning!"

Polly, who was stepping on the tortoise, slipped and said, "Slippery!"

Kelly looked at the two of them with resentment, and asked, "What are you doing?"

When she appeared, they ignored her!

She thought that everyone would be able to live in peace. In this case, she would stay by Jonas' side at all times.

But now she realized that the kid was dealing with her!

She just wanted to be by Jonas' side. Why did people want to stop her from doing so even if she was dead?

"What are you going to do?" Lilly stared at the female ghost.

The female ghost laughed, "When I died, I used Jonas' birth date to make a ghost marriage... Hehe, Jonas was born to be mine, and if he dies, he can only be with me..."

"Since you won't let me be with Jonas... I'll kill him too. After he dies, my Jonas and I can be together forever..."

Jonas was shocked when he heard it.

Kelly was struck and a puff of black smoke rose from her body, she panicked, could this little brat hit her?

She immediately turned and ran!

"Don't run away!" Lilly grabbed the mahogany sword and said fiercely.

Jonas quickly chased after her, "Lilly!"

Polly saw it, it was terrible, his owner ran away!

"Wait for me, wait for me!" Polly flew and chased after him.

The tortoise finally poked its head out, looked around, and followed slowly.

Valentine was ordering some afternoon tea and snacks...

Eventually, he saw Lilly with bare feet, holding a small wooden sword, shouting as she ran.

Before Valentine could stop her, he saw Jonas chasing after Lilly.

There was a parrot behind Jonas.

Valentine looked behind him, only to see a turtle following him at the end of the corridor far away.

He was confused.

He turned around again and saw that Lilly was playing with a sword, shouting "Back off!"

The parrot chased after her, fluttering its wings and making the papers fly.

Several staff members in the office quickly stood up and looked at Lilly in shock, "Oh, little one, you can't play here..."

Lilly took a breath and apologized, "I'm sorry! I'll clean it up later..."

Seeing this posture, Valentine felt a chill down his spine.

She can't be... catching ghosts, right?

He told everyone in the office to go out and take a break.

The staff members cheered and were stunned by the sudden surprise. They grabbed their bags and phones and then left.

The ghost was slashed several times and became weaker, but somehow she could not get rid of Lilly.

“Why are you chasing me!” She was furious.

Chapter 195

At midnight, in the tall building opposite Cherry Inn, the boy moved the small stool and was sitting on the
balcony of the dormitory playing games.

He glanced up only to see the girl in the red dress opposite him climbing onto the balcony.

The boy's pupils shrank and he dropped his phone.

The night was silent and he could hear everything clearly. The girl in the red dress raised her head and
glanced at him feintly.

She smiled strangely, and jumped off the balcony!

"Ah!"

The boy was terrified and screamed uncontrollably. The scream pierced the night.

...

It was the holiday, and the Crewford family was very lively.

Needless to say, Edward and Liam must be on vacation.

Gilbert was still on duty and would not be back until night.

Anthony was working at home, Jones was also there, and Bryson would not be back until tomorrow.

Liam and Cloud were members of the national scientific research department, and researched nature respectively, so they cannot go back during vacations.

Lilly didn't know what the sixth and seventh uncles were doing. He only knew that she had met them once in South City, but he never saw them again.

In the kitchen, Blake was chopping minced meat.

Margaret moved the materials for making dumplings to the dining room. Lilly and Hannah sat on the small stools, holding a small dumpling in their arms, and were tightly tying it.

Mrs. Crawford said, "Lilly, Hannah, be careful, the bamboo stick is very sharp..."

They used leaves to make the dumplings, and they made five-spice meat fillings, red and blue meat fillings, which were salty rice dumplings. In addition to salty rice dumplings, they also made red date fillings, bean paste fillings, and other sweet fillings.

The salty rice dumplings were also tied with thin strips of bamboo, which was a very orthodox method in the south, while the sweet rice dumplings were made of thin ropes so that the sweet rice dumplings can be distinguished from the salty rice dumplings.

Lilly said, "Don't worry, Grandpa, I will make the dumplings myself. Uncle Anthony said he wanted to have two dumplings, Uncle Liam and Uncle Edward wanted to have eight, Uncle Bryson wanted to eat two, and Uncle Jones wanted to eat 11..."

There's also Josh, Hannah, Drake, and Zachary.

Grandpa and Grandpa, Daddy, Mommy, Polly, and Tortoise...

She counted the dumplings she had to make and there was a lot.

Mrs. Crawford laughed helplessly, "How many do you want to eat, Lilly?"

Lilly snorted, "Oh, I almost forgot to count mine in! Uhh... I want to eat five, six, seven, no, eight dumplings!"

Josh took a closer look, just in time to see the horrible incident of the girl committing suicide. He was so shocked that he straightened his back.

"Oh no! She..." Josh jumped up and kept swearing.

Hugh, who had been reading newspapers and waiting for the dumplings to be ready frowned and criticized, "Why do you swear all the time? Where are your manners?"

Josh was so frightened that he pushed the phone away, and said, "Grandpa, I was just scared... Boohoo..."

Hugh's face was cold and serious, but his voice was still stern, "You're a man. Why are you afraid of a video?"

Hugh did not see the video, but he heard some noise from the phone, so he could probably tell it was a video.

Josh cried, "Grandpa, it was a different video!"

Hugh grabbed the phone, "Here, let me see what's wrong,"

Hugh was shocked.

The girl in this video...was too scary!

Hugh's fingers trembled, and he immediately returned the phone to Zachery.

Zachery was puzzled as that was the quickest he got his phone back.

He thought that if Hugh got his hands on his phone, he would never be able to get it back.

Josh asked, "What was it?"

Hugh said coldly, "It's just a video, I don't get why you're so scared about it!"

Josh was speechless.

Grandpa, your hands were shaking just now, I saw it!

Josh decided not to expose the old man.

When Zachery got the phone, Liam did not let him go upstairs, because he knew that he would just collapse on the sofa when he returned to the room as he was too stubborn.

Zachery smiled disdainfully, and said, "Okay, you win, so I won't go up!"

After speaking, Drake got out with his phone and played games in the garden.

Liam had no choice but to say, "Mom, take care of him!"

Betty rolled her eyes, "He's your kid, take care of him yourself,"

To be honest, she could not take care of him either.

Hannah was still obedient, unlike Zachery. He was not afraid to make jokes at all and said what he wanted.

He was fearless.

Lily suddenly said, "Leave it to me, Grandpa!"

She put down the dumpling, washed her hands, and dragged Josh out.

Josh asked, "What are you doing? I don't want to see my cousin!"

Lilly said, "Go and have a look."

She wanted to watch that video as it was not just a simple video that would make Zechariah this scared.

Josh immediately understood, the siblings held hands and quietly approached Zechariah.

At this time, Zechariah was not playing games, but he was looking at the thread about the video he watched.

The group was overwhelmed by the girl jumping off the Cherry Inn building.

"It's so scary, I heard that the women lit red candles in the dormitory before she died, and burned paper money or something,"

Josh took a closer look, just in time to see the horrible incident of the girl committing suicide. He was so shocked that he straightened his back.

Zochory stared at the female ghost for a long time, suddenly sneered, and rolled his eyes in disdain.

Why are you pretending to be a ghost?

He could no longer be lectured and they pretended to be a ghost to frighten him so he would be obedient?

Zochory spotted and was about to go back to the room.

Suddenly, the female ghost who was standing in front of him just now disappeared.

Zochory was stunned.

No way.

Was he dizzy?

Zochory rubbed his eyes, wondering if it was just his hallucination, did he see a ghost?

His heart clenched, and he quickened his pace, he felt that there was a ghost floating on top of his head.

A strange laughter suddenly sounded in his ears, "Giggle..."

No one would be afraid if ghosts cried, but they were scary if they laughed.

Zochory ran away, and couldn't help screaming:

"Mom..."

The Crawford family was sitting at the dining table, and they had almost eaten their meals.

No one wanted to spoil Zochory, so they didn't leave him a meal and did not call him to eat his food.

Eventually, they saw Zochory running in as he yelled for his mother.

Hugh frowned and said sternly, "Why are you yelling?"

His body was surrounded by warm light and Zochory's suffocation gradually disappeared, and he mustered up the courage to look back.

There's nothing behind me, nothing...

He was dozzled.

Zochory withdrew his gaze and gazed at Blake.

It was all his fault, if he hadn't been killed by him in the game, would he have hallucinations?

"Grandma, what else is there to eat?" Zochory originally wanted to go upstairs but came to the dining table by accident.

There were so many people here...

Betty kept a straight face and didn't want to talk to Zochory.

"Nothing! You didn't even come when we called you to have your food, so don't complain if there's no food left for you!"

Zochory bit his lip, "Tch, who does this old lady think she is?"

Liam slammed his cutlery, and said in a cold voice, "What did you call grandma? Say it again!"

Zochory picked up the cutlery and said nonchalantly, "Oh no, I'm so scared, Your Highness, should I call her Her Majesty from now on?"

"Greetings, Your Highness, I hope you're doing well,"

Seeing that Zochory was being rude, Liam was so angry that he wanted to throw his bowl away.

But Zachary looked around, and looked at the plate of eggplant "Isn't there still something to eat? Eggplant with minced meat? I like it!"

Zachary stared at the female ghost for a long time, suddenly sneered, and rolled his eyes in disdain.

Liom looked at Zochory who went upstairs, and he was furious.

Betty sighed, "Forget it, we can't lecture this child,"

When Winono was still here, she would not teach Zochory a lesson. She would not let anyone lecture him either.

Whenever they interfered with how she lectured Winono, she would be furious and so that Zochory would teach himself, he just needed time.

However, he was young and no one taught him manners. How could anyone expect him to be a good kid when he grows up?

Lilly intervened, "Can't he be taught?"

Edward pouted and said, "I've beaten him with a stick before. After I've beaten him up, he was still on his phone and said that I should've beaten him to death if I had the chance,"

Gilbert frowned as well, "We can no longer teach Zochory a lesson, it just doesn't work,"

Jonas' words seemed to be coreless, "You don't need to worry about him if you cut down his allowances, he earns thousands a day just from gaming,"

He would have made 30,000 dollars a month.

Lilly added, "Wow, that's amazing!"

Everyone in the Crawford family was silent.

For the Crawford family, whose groceries were worth 30,000 dollars, Zochory was not really that good. However, Lilly felt that Zochory was amazing as he would not starve to death, and he was smart as well. But why did he become like this? Why was everyone mean to him?

Lilly did not understand.

Bettany said to Bloke, "You don't have to care about him, you can't control him. We've tried everything,"

"He isolates himself whenever he comes back as if we can't remove the door..."

After all, he was his grandson, and he did not hurt anyone. They could not drive him out either.

Bloke glanced at his phone, Zochory's rank fell to iron, which was the lowest rank.

There were still ways of lecturing him, but it would take him around three to five years to do so.

How could children leave the bubble this early...

In the end, Bloke was unwilling to use his way of teaching. He suffered when he was a child and did not want anyone to go through it either.

"

"Just watch," Anthony finished the topic.

Lilly was lying on the table and did not know what she was thinking.

After their meals,

Lilly took a coloring book. Josh held his math workbook and stood at Zochory's door.

Liam looked at Zachary who went upstairs, and he was furious.

Bettany sighed, "Forget it, we can't lecture this child,"

When Winona was still here, she would not teach Zachary a lesson. She would not let anyone lecture him either.

Whenever they interfered with how she lectured Winona, she would be furious and say that Zach would teach himself, he just needed time.

Chapter 199

Zachary felt cold, and his scalp was numb.
Zachary felt cold, and his scalp was numb.
He watched the female ghost crawl in from the window and floated towards him.
Zachary’s legs were soft, and he could still remember how arrogant he was to the ghost.
He panicked, “Lilly! Lilly!”
The female ghost smiled, stretched out her fingers, and lacerated his flesh...
“Ah!”
Zachary felt that he was sleeping!

“Smeck!”

Zechery looked in front. He saw Lilly climbing up the sofa and stepping on his body while holding the pen.

“Brother, wake up!” Lilly said, “I’ll hit you if you don’t wake up”

“Smeck!”

Zechery, “You ...” He had not regained his consciousness yet.

He just felt that there was something in his mouth, and spat it out, turned out it was a sock.

Lilly was worried, “Is he having a nightmare?”

Josh answered, “I think so, he can even sleep when he wakes,”

It turned out that Zechery did not know he was asleep. Soon he struggled on the sofa and shouted Lilly’s name repeatedly.

Lilly could not wake him up as Zechery panicked and bit his tongue out of habit.

The two were so scared that the two hurriedly opened Zechery’s mouth, and in a hurry, Josh picked up the socks on the sofa ...

After he stopped his tongue, Zechery still could not wake up, and he began to twitch.

Lilly was so anxious that she had to beat him.

Seeing that Lilly was still hitting him, he said angrily, “Why did you hit me!”

Lilly said happily, “Zechery, are you awake?”

Josh added, “If we didn’t hit you, you’ll look like you’ve seen a ghost,”

Zechery gritted his teeth, “At least don’t slap me in the face!”

Josh continued, “If we can’t hit your face, should we hit you on the butt?”

Lilly nodded, “You didn’t wake up when we hit your arms, so we had to hit your face,”

Zechery glared, “Those slaps must’ve been personal,”

Lilly blinked innocently, “No, absolutely not!”

Zechery stroked his swollen face. This girl was taking the opportunity to get revenge.

At this moment, he remembered what was in his mouth and found that it was his socks... Zechery felt cold, and his scalp was numb.

He watched the female ghost crawl in from the window and floated towards him.

Bettany slammed and returned to the wheelchair sadly.
Everyone did not know whether to pay attention to Zachary first or Bettany.
Eventually, Anthony broke the silence.
"Margaret, go to get the first aid kit,"
"Liam and Edward, bring Mom to her room,"
Anthony glanced at Hugh, who was shocked, "Jones, take Dad to his room,"
Bettany was pushed and returned to her room. Bettany lowered her head and did not speak.
It was not that she did not love Zachary, she just regretted hitting him earlier.

She could not advise him as he would not listen, so what could she do?

Betty was stunned, and suddenly, she seemed to have thought of something, and her expression grew stiff.

Edward persuaded, "Mom, it's not your fault, who wouldn't beat him in that scenario?"

Liam also nodded, "Yeah"

But when they saw Betty, there was a hint of suspicion in her eyes, "Edward, Liam, did I just stand up just now?"

Edward and Liam were shocked.

She was doing something more than standing up!

She beat Zachery up fiercely.

...

Mergeret took the first-aid kit and hesitated.

Anthony said, "Give it to me,"

Mergeret sighed, "It's useless, he would not let anyone apply medicine for him. It's like the last time he was forced into the hospital..."

He did not want anyone to apply for him, not even Anthony. Zachery left in a hurry after saying that he did not want to apply medicine.

Bleke said, "I'll do it!"

In Zachery's room,

Bleke came in with the first-aid kit and Lilly followed behind him.

Anthony was sent away by Bleke.

How could he be that cold-hearted when someone was trying to help him?

Zachery leaned on the sofa, and yelled, "Get out!"

Lilly looked at Bleke.

Bleke did not listen to him at all. He set down and took out the ointment.

Zachery was sitting straight.

"I said get out, didn't you understand what I said? I don't need your pity!"

He then stood up.

Bleke pushed him down the sofa.

Bleke refused to talk to him and applied the ointment on him forcefully.

"I don't need anyone's permission to do anything," he continued, "It depends on whether I want to do it or not,"

Betty slumped and returned to the wheelchair sadly.
