Chapter 66 See You in the Forest After School

Lilly entered the classroom and saw Cheryl. Her eyes lit up because she saw the malignant spirit on Cheryl's shoulder.

The malignant spirit glared at Lilly when it sensed Lilly.

Pablo said, "She is here indeed. Tulip, show me your progress."

Lilly clenched her fists and nodded.

A young female teacher walked in. She saw Josh and Lilly and asked with a smile, "You must be Lilly, right? Are you here to experience the life of a student with your brother?"

Lilly shook her head at first and nodded, "Yes!"

She could not tell the truth because she did not want to see the teacher run out of the toilet half-naked again.

The female teacher laughed at Lilly's cute reaction. She asked, "Are you going to sit with your brother?"

Josh turned around. The teacher was wondering if she should move the person sitting beside Josh to another seat. However, Lilly pointed at the empty seat beside Cheryl and said, "Teacher, I want to sit beside Cheryl."

The teacher said, "Oh, right. The student beside Cheryl is absent today."

Pablo could not believe their luck.
