Chapter 1071: Man appears to be a saint

Ye Fan wanted to suppress Buddhism.

He first stepped on the Buddha's head, making the Buddha very embarrassed, and then used the great cursive technique, the great seal technique, and even the catastrophe technique.

However, the Buddha is also extraordinary.

"Transfer Erkin's body."

This is a form of golden body, to overcome all difficulties, without intrusion or disturbance, and to protect the body.

The statue of the golden body is very huge, standing upright on the ground, setting off the Buddha like an ancient Buddha.

But Ye Fan didn't care about these things and broke through ten thousand laws with one effort.

Smashed the golden body with a punch.

The Buddha vomited blood and flew upside down.

"Come."

Ye Fan caught it, and the Buddha was shocked, and he quickly used a mustard step, spanning hundreds of meters.

But he couldn't escape Ye Fan's chase.

"Don't be stunned, everyone, join hands to kill Ye Fan thief." Buddha Zi shouted, spit out a secret treasure and smashed towards Ye Fan.

"Boom."

The ancient secret treasure was smashed into the air by Ye Fan.

Fozi shouted: "Xuanyuan Hero is not quick to make a move, your woman has been robbed, and you are still grinding there."

Hero Xuanyuan was ashamed and angry.

He seemed to be brewing some kind of horror secret technique, and it could be seen that the aura of Xuanyuan heroes was gradually increasing, and at the same time a faint majestic radiance hovered around his body.

Other strong players also shot.

All the strong have arrogance, if Ye Fan is allowed to run away like this, their faces will be discredited.

"Ye Fan, you must die today."

The Buddha got a chance to breathe, suddenly closed his eyes, and then stood still, also brewing some kind of secret technique.

In the dark, Ye Fan felt the crisis.

He stopped entanglement and began to break through, with Ji Xian'er's help, it was not very difficult to break through.

"puff."

Ye Fan once again blasted and killed a peak overlord, and then jumped outside.

Just now.

A young man with golden light and golden armor blocked Ye Fan's path. He was a hero of Xuanyuan.

He seemed to be a different person.

The golden armor is manifest, not real, but it feels real enough.

"People are sacred before them."

Some strong people exclaimed.

Ye Fan's eyelids jumped, and he understood that the so-called sages before people are those inherited by ancient saints, who can show the power of saints through secret methods.

Of course, only a trace.

But that is a saint.

In ancient times, there was only one emperor, and under the emperor was a saint. Of course, saints are also divided into three, six or nine classes.

For example, the first saint, then the great saint realm, above it is the saint king.

Without the emperor, the holy king is invincible.

Mighty saints, extraordinary saints, invincible saints, this is the collective term for saints.

But even the mighty saints who were waiting for the first time, a trace of power, in this world, is enough to explode destructive power.

"die!"

The hero of Xuanyuan's voice was like iron.

Ye Fan protected Ji Xian'er behind him, his background exploded to the extreme, and he shot out with a punch.

"boom!"

When they collided with each other, Ye Fan flew out.

he is hurt.

It's so terrible that people appear to be saints in front of them.

At this moment, Ji Xian'er was also rescued by Xuanyuan Hero, and Ye Fan was in crisis.

"Ye Fan, you can go on the road."

The hero of Xuanyuan walks in the sky, high above, really like a saint, dominating the world.

"Die."

A holy light impacted.

Extremely devastating.

Other strong people avoided, but Ye Fan couldn't escape because he was locked.

At the critical juncture, Ye Fan's body changed his dantian.

"Powerful Pearl."

Ye Fan's heart moved.

He was overjoyed, because the Great Power Orb was obtained from the hands of the Nether Clan You Shisan, and it was made from the bones of a powerful saint of the Nether Clan.

This is a bead made from the bones of a saint.

At this moment, it should have been this glimmer of holy light from Heroes of Xuanyuan that caused the Great Neng Zhu to move.

Ye Fan spit out the power beads.

I saw that the glimmer of holy light was absorbed by the power beads.

"what!"

Hero Xuanyuan was shocked.

Ye Fan smiled and said: "You still can't kill me, it's you who **** it."

With the Power Orb, Ye Fan is not afraid of Xuanyuan heroes. How about your presence in front of you? The Power Orb in my hand is made from the bones of a saint, much more awesome than you.

Hero Xuanyuan's face was gloomy, and he shot out the holy light again, but it didn't have any effect, and it was absorbed by the Great Energy Pearl.

Moreover, Ye Fan felt that after the Great Energy Pearl had absorbed the Holy Light, it seemed to regain its strength and become stronger.

This is a good thing.

Ye Fan was overjoyed.

Hero Xuanyuan was passive, because showing the sage in front of people is a desperate secret method. There is a time limit. Once the time is up, he will be restored to his original state and is still in a period of weakness. At that time, not only Ye Fan, but any strong person on the scene can kill him.

Damn it!

How could Ye Fan have such a secret treasure.

Hero Xuanyuan gritted his teeth and gave birth to the thought of retreat, but he was reconciled and couldn't hold back his face.

Ji Xian'er persuaded: "Brother Hero, the future will be long, we will withdraw first, and we will have the opportunity to deal with Ye Fan in the future."

"Want to go?"

Ye Fan sneered.

Hero Xuanyuan wanted to run after he was forced to act, how could there be such a good thing.

"Feng Tian Jedi."

Ye Fan directly blocked this little world.

Chasing Xuanyuan heroes to fight.

Even if Ji Xian'er told Ye Fan about the flaw, it didn't have much effect, because Ye Fan didn't play cards according to common sense at all. He even untied the dragon rope and smashed the ancient bronze coffin with him.

"puff."

Hero Xuanyuan was accidentally hit by the ancient coffin, and suddenly a dozen bones broke into his body.

Only Ye Fan knew how heavy the ancient bronze coffin was.

Hero Xuanyuan wanted to catch the ancient coffin with one hand just now. It was really ridiculous. No, that arm was shattered, and it was not easy to repair it.

"what!"

The hero of Xuanyuan screamed in pain, and was full of anger at the same time.

Ji Xian'er persuaded: "Brother Hero, let's go, don't be entangled. Victory or defeat is a matter of military affairs, it doesn't matter."

"Hahaha, Hero Xuanyuan, you are such a trash, you have to rely on a woman. There is a kind of war against me for three hundred rounds, do you dare?"

"court death."

Xuanyuan hero roared.

Suddenly, he felt dizzy, knowing that the time was approaching and the period of weakness was approaching.

Damn it!

It must be withdrawn.

Otherwise, there is no doubt that he will die.

Hero Xuanyuan broke out the final lore, forced Ye Fan back, and then fled away with Ji Xian'er in his arms, while saying: "Ye Fan, I have taken this account down, and you and I will never die."

"Did I let you go?"

Ye Fan sneered again and again. Under his big move and big tracking skills, Hero Xuanyuan couldn't escape at all.

But at this juncture.

Ye Fan's hair was horrified.

A death crisis is coming.

what!

Death crisis!

who is it!

from where!

Ye Fan was furious, holding the mighty bead in one hand and the ancient bronze coffin in the other, his purple eyes swept across the falsehood.

Finally fixed on the Buddha.

It's him!

At this moment, the Buddha spoke: "Ye Fan, it's time to end, let's go on the road, go to **** and confess."

"Supreme, Buddha's True Dharma."

"Close your eyes and clean world Zen!"

Chapter 1072: Close your eyes and pure world meditation

"Close your eyes and clean world Zen!"

Some strong people exclaimed, even panicked.

"It is said that there were three invincible Zen methods in the ancient Buddhists: keeping your mouth silent, closing your eyes and purifying the world, and closing your mind to transform the void."

"Yes, these three meditations all accumulate infinite power. Once activated, they will destroy the world."

"It is rumored that some of the children of the ancient Buddhist school practiced meditation as soon as they were born. Some children did not open their mouths all their lives, but once they opened their mouths, the world fell apart; while some students did not open their eyes in their entire lives, but once they opened their eyes, they would purify the world; some children, fell into a deep sleep, once awakened, everything will be empty."

"too frightening."

"This Buddha actually learned the Buddha's true law and closed his eyes to purify the world Zen. Although it was only a moment of brewing with his eyes closed, it was scary enough to kill Ye Fan."

The strong talked a lot from afar.

But Ye Fan encountered a huge crisis.

Invincible Zen.

Impressive.

The moment Fozi opened his eyes, two divine lights burst out, and Ye Fan felt that that divine light could purify everything.

The so-called purification is baptism.

Washing Ye Fan from the inside to the outside will not be transparent, his life cultivation will be washed away, and even his vitality will be washed away.

Died unfavorably.

Ye Fan roared wildly and hit the strongest punch, but he couldn't stop the Purifying Divine Light.

Dadaoquan was washed to pieces.

"Swallow!"

Ye Fan used the big devouring technique, but he couldn't swallow the purifying divine light.

It's not that the Big Swallowing technique is not good, but that Ye Fan's Big Swallowing technique has not been practiced to a certain level at present.

For example, before Xuanyuan heroes showed their sages before, Ye Fan couldn't swallow the holy light that Ye Fan was able to swallow at present.

Ye Fan smashed the power beads out, but it was effective, but instead of absorbing and purifying the divine light, they confronted each other.

On the other side, Ye Fan used the ancient bronze coffin against another purifying divine light.

"Huh!"

Ye Fan threw out the dragon rope.

Killed the Buddha like lightning.

Fozi didn't expect that Ye Fan could temporarily resist the purifying divine light, which shocked him.

When the dragon came to kill, the Buddha was shocked and quickly dodged.

"Come down!"

Ye Fan shouted thunderously.

The powerful psychic shock made the Buddha dizzy, and the next moment he was bound by a dragon rope.

"Drive me!"

The Buddha yelled and struggled, and the golden body and physiognomy came out, but it was of no use, and he could not break free from the shackles of the dragon rope.

You must know that the dragon-binding rope is an imitation of the innate spiritual treasure binding immortal rope. Although there is not much power now, it is still possible to restrain the Buddha.

"boom!"

At this moment, the two purifying divine lights also collapsed.

Ye Fan grabbed the Buddha, stood up from the sky, coldly scanning all the strong people present.

No strong man dared to make a move.

so horrible.

Ye Fan could even break the resistance by purifying the divine light. The beads and the ancient coffin in his hand were huge treasures.

With two great treasures, they couldn't beat Ye Fan at all.

"You wait and do it yourself."

When the words fell, Ye Fan took the Buddha and left.

How arrogant!

How arrogant!

Many strong faces look ugly.

But, look at this world, what it looks like.

Think about how many Peak Overlord level creatures Ye Fan killed just now. Such a ruthless person really can't provoke him.

Different fire space.

The White Haired Fierce Beast saw everything in its eyes and admired: "Although it is with the help of secret treasures, it is not bad. You can get close to him when you practice the Crimson Emperor Fire Divine Art. After all, this aspect of the broken little world is about to collapse. If you don't leave, you will collapse with the world."

That trace of ancient alien fire was jumping, psychic, and seemed to understand the words of the beast.

The White Haired Fierce Beast waved its claws, opened the space channel, and directly arrived in front of Ye Fan.

Ye Fan jumped in.

"senior."

Seeing the white-haired fierce beast Ye Fan smiled and said, "I have obtained the cultivation method of the Scarlet Emperor Fire God Art."

"Yes, start practicing as soon as possible, so that you can be recognized by Alien."

Buddha's eyes widened at hearing.

"Different fire!"

"There is an ancient alien fire here, Ye Fan, you will get an alien fire, how is it possible!"

Buddha was extremely jealous.

How terrifying the ancient alien fire is, once you get it, Ye Fan will be even more terrifying and powerful.

Ye Fan ignored the Buddha, sealed it, fastened it with a dragon rope, and then pressed the ancient bronze coffin on the Buddha.

The ancient bronze coffin of hundreds of thousands of catties, ah, the Buddha was miserable, and his flesh was about to crack.

Ye Fan began to practice the Red Emperor Fire God Art.

The memory fragments obtained were only one-tenth of the complete Crimson Emperor Fire God Art, which was extremely incomplete, but even this one-tenth part was extremely mysterious.

Even with the assistance of the mysterious technique, Ye Fan's enlightenment was very difficult.

This is very reasonable.

You know, this is the ancient Crimson Emperor's cultivation method, how powerful it is, comparable to the Tyrant Body Jue.

time flies.

A month later, Ye Fan finally got the Crimson Emperor Vulcan Technique into his hands.

"boom."

A hot breath rose to the sky.

This breath is too hot, it seems to be able to burn everything and melt the world.

The Buddha, who had been suppressed for a month, was dying. At this moment, he was affected by the scorching heat.

"I am Vulcan."

Ye Fan screamed wildly, triggering a vision once again.

Between the heaven and the earth, a stalwart phantom appeared, very light and vague, it was the phantom of the Crimson Emperor.

Anxious emperor prestige permeated.

Even the white-haired fierce beast shuddered.

Immediately afterwards, Ye Fan converged, and everything returned to peace.

His eyes bloomed, and the one that had always been purple was fiery red, burning like flames.

The fiery red eyes saw the strange fire.

The big fist, the faint blue flame, incomparably beautiful, is the spirit of fire.

"Come."

Ye Fan beckoned and expressed kindness.

That strange fire leaped over, revolving around Ye Fan non-stop, Ye Fan closed his eyes and felt it with his heart.

This is a ritual of recognition.

Gradually, he seemed to be able to feel the spiritual fluctuations of the ancient fire, like a child, laughing cheerfully.

Ye Fan tried to contact.

The strange fire was like a bird of fright, and quickly moved away; but Ye Fan didn't give up and continued to try.

again and again.

In the end, at a certain opportunity, Ye Fan and the spirit of the fire connected, and he felt the power of the ultimate flame.

The next moment, the different fire rushed into his body.

In an instant.

The clothes and hair on Ye Fan's body disappeared in ashes, and even the skin began to crack and the flesh and blood would melt, and the bones would be shattered.

"what!"

Ye Fan screamed.

Seeing this situation, the dying Buddha laughed grimly: "Okay, Ye Fan, you're doing it yourself."

"What are you, you dare to swallow the ancient fire. Even if it is the power of the ancient times, you dare not touch doubts easily."

"You are dead."

"Hahaha, you die first!"

Ye Fan is indeed very painful, and it can even be said that there has been a huge crisis.

The power of the ancient alien fire is really terrifying.

Burn everything.

Ye Fan was also totally unrecognizable.

No, to be precise, it is more tragic than Buddha.

The Buddha was only completely different, but Ye Fan kept aggravating his injuries, and his flesh and blood had melted a bit.

Bai Sensen's bones were exposed.

"Dead, dead, dead."

"Hahaha, Ye Fan, **** you, **** you." The Buddha laughed, very happy.

The white-haired fierce beast has been silent, looking at Ye Fan calmly, he knows that this is a big crisis for Ye Fan, and it is also a great good fortune at the same time.

It's not that simple to get the recognition of Alien.

The Red Emperor Vulcan Art is the first step, just got the clues and the threshold, and the next step is to carry the impact of the abnormal fire.

As long as Ye Fan carries it over, he will be reborn from the ashes, break and stand, and will reach a whole new level.

It just needs energy.

The White Haired Fierce Beast didn't intend to give Ye Fan energy. He felt that for the birth of a strong man, luck is very important.

If Ye Fan has strong luck, then he must have huge resources.

In fact.

The White Haired Fierce Beast had indeed guessed it correctly.

Ye Fan has resources, big resources, that is the relic.

The energy of the relic is huge, equivalent to the energy spring water that was once full of a small universe.

"Wow!"

The relic burst out.

The relics bloomed with dazzling brilliance, as if the power of the stone stele was forcibly recovered.

The eternal energy essence fell down and entered Ye Fan's body, but instead of repairing Ye Fan's body, it maintained Ye Fan's vitality and kept Ye Fan from dying.

"Do not!"

The Buddha's eye is about to split.

why!

Ye Fan actually owns the relic of the ancient Buddhism Buddha.

impossible.

Why is it so.

Buddha was not reconciled, Ye Fan must die.

Chapter 1073: Rise from the ashes

Fozi closed his eyes once again, he was brewing to close his eyes and purify the world, to give Ye Fan a fatal blow.

But Ye Fan naturally didn't know all of this.

Although the White-haired Fierce Beast knew it but didn't care, if the Buddha really killed Ye Fan, it meant that Ye Fan was not lucky enough.

Huhuhu.

Suddenly, a raging flame rose from Ye Fan's body, burning him, but Ye Fan no longer made a sound.

The first is that it cannot be sent out, and the second is that the consciousness has been blurred.

Now Ye Fan is trying to do another thing, which is to completely merge with the different fire.

The different fire is in the pubic area.

Ye Fan's spiritual power spread and wanted to enter the dantian, but found that the power of the different fire blocked the dantian.

It is very difficult for mental power to enter.

But Ye Fan didn't give up. He attacked again and again, and his mental power turned into a sharp sword to attack Dantian again and again.

But it can't be opened all the time.

As time went on, Ye Fan's physical injury was seriously outrageous.

The relic protected Ye Fan's last vitality.

"It's not going to work like this, how can we penetrate the power of the different fire and enter the dantian."

The hard ones won't work, Ye Fan is ready to come to the soft ones.

However, he kept calling, but Yihuo didn't respond at all.

In the end, Ye Fan's ideas returned to the Scarlet Emperor Fire God Art. There must be a way to do this unique knowledge.

Ye Fan began to comprehend the Red Emperor Fire God Art.

The mysterious technique of the mysterious door has been operating to the extreme, and he is frantically studying and enlightening.

When a person is facing death, his potential will explode. That's for sure, Ye Fan's potential is aroused, and his comprehension skyrocketed.

"Huh."

I don't know when, a breath was born in Ye Fan's body, this breath was very special and very powerful.

The Red Emperor has a fiery spirit.

Ye Fan was very excited.

This is a method of Fire God Art, condensing the Red Emperor's fire spirit, which has infinite magical effects.

"bring it on."

Ye Fan controlled the Red Emperor's fire spirit to attack the dantian; it was not expected to be effective.

Boom boom boom.

Ye Fan's tremor kept trembling, and Ye Fan was in pain.

He felt that his pubic area was about to break.

"Crack."

At a certain moment, a crack appeared in the pubic area.

not good!

However, it was too late.

The Red Emperor slammed into the Dantian with a fierce spirit, and finally the power of the different fire broke through, but the Dantian was also full of cracks, which could explode at any time.

Ye Fan's mental power quickly entered the Dantian with the Red Emperor's fire spirit, covering the abnormal fire, and the abnormal fire at this moment, like an obedient child, had no resistance, and blended with Ye Fan's spirit.

For a moment, Ye Fan felt that the strange fire was him, and he was strange fire.

"boom!"

The flame around Ye Fan went out.

But in the next second, it rose again, the blue flame, weird and enchanting, but this time the flame did no harm to Ye Fan, but was forging his body.

"Blue flames."

"The Ancient Fire Ranking ranks eighteenth."

A message came into Ye Fan's mind.

This puzzled name and ranking, this is incredible, there are many ancient strange fires, and it can be ranked 18th, which is very good.

"bring it on.!"

"Next, it's time to be reborn from the fire. My body is going to be transformed again. I don't know what level it will reach."

Ye Fan was very excited and looked forward to it.

With Canglan Youhuo, Relic, and even the Golden Elixir of Returning Yang, Ye Fan was not worried, he knew that he could completely transform.

However, Ye Fan needs to solve a potential threat, that is, Buddha.

How could Ye Fan not know that the Buddha was doing small moves, his mental power was much stronger than that of the Buddha, and he could find it in the wind.

The Buddha is brewing to close his eyes and purify the world.

"The Red Emperor has a fiery spirit."

Only saw Ye Fan flick his finger, a ray of fiery red aura flying away.

The Buddha seemed to feel the crisis in the dark, and displayed the long-simmering blow, his eyes suddenly widened. ,

The purifying divine light burst out.

This power is even stronger than before.

However, under the flames of the Red Emperor, the purifying divine light evaporated alive.

"what!"

Buddha is unbelievable.

The Chi Emperor's fire spirit entered the Buddha's body, causing the Buddha to scream, and then, the Chi Emperor's fire spirit entered the Buddha's mind.

Encountered in the sea of his spiritual consciousness.

In other words, as long as Ye Fan thought, Buddha's mental failure would explode and he would die.

The Buddha was horrified, trembling, and begged for mercy: "Ye Fan forgive me, forgive me, it is not easy for me to practice. I am still young, and I want to see the prosperity of the world, don't kill me."

"Humph."

Now Ye Fan ignored the Buddha and knocked him out.

Subsequently, Ye Fan began to transform.

The energy of the relic was continuously injected into the body, and the blue flames continuously forged Ye Fan's body.

Ye Fan didn't need to move at all.

Sitting cross-legged on the ground, wrapped in flames.

Entered a long process of transformation.

The White Haired Fierce Beast saw everything in its eyes, and muttered to himself: "Yes, I have a lot of luck, I cultivated the Crimson Emperor's fire spirit so quickly. I thought I needed to wait for me to order it."

"I hope you can break into the world, I should also go, go and take a look outside."

The white-haired fierce beast has long eyes, tearing the space and disappearing.

This world fell into endless silence.

...

One year passed in a blink of an eye.

During this period, great changes have taken place in the outside world, accidents occurred in many ethnic groups, and the world environment has improved again.

The big powers emerge in endlessly.

In the evening battlefield, more and more powerhouses entered, looking for treasure in the vertical and horizontal directions.

It's just that everyone is weird.

Ye Fan, who got the inheritance of the Scarlet Emperor, vanished from the world, and there has been no news for a year.

Some people speculated that Ye Fan was arrogant and conceited, and he encountered a terrorist presence on the battlefield at dusk and was beheaded.

It was also speculated that Ye Fan got the inheritance of the Red Emperor, practiced in retreat, and waited for the exit to be a blockbuster.

In short, there are all kinds of guesses.

this day.

Three women ushered in the battlefield at dusk. They were elder sisters, Han Bing, Tang Ying, and Zhong Ling.

"This is the twilight battlefield where Xiaofan came. There is no news from here. There will be no real accidents, right."

"No, Xiao Fanfu has a big life and will not fall."

"Tongzi wears us with a big tracking technique, we have completed the small one, and can be used to find Xiaofan."

"let's start."

The three of them performed their own functions, but did not find Ye Fan's breath.

Because of the past year.

The battlefield at dusk also changed, Ye Fan's breath became extremely thin, and only a trace of it could be found in a specific place.

Han Bing and the three are also quite smart.

They came to the Red Emperor's court, and now there are still some creatures here to take a look, but there is no good luck.

"found it."

All three women found out.

They found that Ye Fan's breath still remained in the Red Emperor's court, indicating that Ye Fan was most likely to be in a certain place in the court.

It's probably trapped.

The three women searched in the court, looking inch by inch.

...

This day.

The battlefield at dusk attracted a huge vision.

That is Xuanyuan Hero.

He was inherited by the ancient saints, and now he has entered the realm of the peak hegemony, and he has cultivated into a very strong physique with terrifying combat power.

Hero Xuanyuan has become a powerful head.

Not only Xuanyuan heroes, but also many young and powerful breakthroughs.

A certain Baoshan.

A mighty breath erupted, and Wu Ling walked out of the light. He was inherited from the ancient Sage Wuzong, mastered the great fighting technique, and was strong in luck. He came from behind and advanced by leaps and bounds, and he even rushed to the peak overlord.

There is also the Wu Yin Yang who lost the **** magic sword, and the sword Tai Ah who became the three-eyed golden-eyed beast.

There are other ancient descendants.

They all have a huge improvement.

Accumulate thin hair.

Something like that.

Because this kind of heirs have strong luck, they master the inheritance secret palace, and the more inheritance they get as their strength increases, the faster their strength grows.

This is the benefit of inheritance.

The whole world has begun a great leap forward.

Now that the overlord dare not call it a strong one.

Time goes on.

Another half year has passed.

On this day, a major event happened on the battlefield at dusk, once a terrible atmosphere filled the entire small world.

Many overlords are horrified.

What is this existence?

The breath affects the entire small time, the ultimate peak overlord is not so scary.

"The martial arts power is detached."

Three figures stood on top of a high mountain.

Envy gleamed in the eyes of the three of them.

"Back then, Jin Chan escaped from his shell, but now he has got an opportunity to realize his epiphany and become extraordinary."

"Yeah, besides him, there is also the fellow Xuanyuan, who also feigned his death, but he has a different path from Wushentong. I don't know if he can be detached."

"We are a step slower."

"The corpse emperor opens the sky, it's coming soon."

Chapter 1074: Young supreme

The three people on Baoshan are Ye Gongye, the old master of the Ye royal family, Meng Cangwu, the former patron of the Meng family in Beijing, and Dugu, one of the four saints of Daxia.

The three of them are peak overlords, and they are the ultimate, pursuing opportunities for detachment.

At this moment, the one who is detached is the old temple master Wu Shentong of the Martial God Temple; once the corpse emperor started the battle with the Dragon Slaying Plan, he was the first to kill the Wu Shentong.

The martial arts power fell.

But in suspended animation, Jin Chan escaped.

In addition, Xuanyuan Changhong, the clan leader of the Xuanyuan royal family, did the same. He suspended himself from death, and now he didn't know where to detach himself.

Somewhere on the battlefield at dusk.

Between the heaven and the earth, the martial arts power stood proudly, his eyes half-opened and half-closed, gleaming with amazing divine light.

His breath is extremely powerful.

Especially the mental power is detached, which indicates that he has become one of the strongest.

Under this world, before the shackles of the sky were broken, the surpassing of mental power was the limit, and it was impossible to advance anymore.

"Father."

Suddenly, Wu Ling appeared.

He couldn't believe it, tears rained down, and rushed over.

Wu Shentong smiled and said: "These years, you have worked so hard."

"Not bitter."

Wu Ling was excited.

His father was not dead, and he was detached, becoming one of the strongest, and his martial arts had the greatest backing.

"Yes, I have obtained the inheritance of the ancient saint martial arts, and I am already the peak overlord, continue to accumulate, the opportunity for detachment is not easy."

"clear."

Wu Shentong and Wu Ling both left.

He wants to guide Wu Lingjun to practice.

The battlefield at dusk is getting hotter and hotter, and more and more powerhouses appear here.

Especially the younger generation.

I don't know when, a title came out, that is: Young Supreme.

The strongest of the young generation can be called the young supreme.

This is just great.

The young generation is enthusiastic here.

Time passed, and after half a year of battle, gradually, a gold list appeared on the battlefield at dusk.

The above is the ranking of the young generation strong.

On the gold list, there are many familiar names such as Wu Lingjun and Xuanyuan Hero.

Currently, Wu Lingjun ranks first.

no way.

Wu Ling is a descendant of a large family, and there is also the guidance of the father of a detached person like Wu Shentong.

The battlefield at dusk, the temple of the gods.

That's right, Wu Ling has also built a hall here, called My Martial God Hall.

"Father, why are you looking for me?"

"It's time to win the title of Young Supreme. This is of great use to you and can give you endless luck."

"How to do it?"

"Build a supreme battle platform to meet the heroes of all walks of life."

"Yes."

Wu Ling didn't talk nonsense, and left the Martial God Temple.

the next day.

Above the Dead Sea on the battlefield at dusk, a huge battle platform appeared.

The Dead Sea is a terrifying sea area on the battlefield at dusk. It is said that if you fall into the Dead Sea, you will be eroded by weird forces, ranging from severe injuries to severe losses.

This huge battle platform is actually an ancient secret treasure.

However, it was dead.

But it couldn't be better as a battlefield.

Wu Ling released the news.

Soon, the news spread like a hurricane, spreading throughout the Huang Huan battlefield-Wu Ling has set up a supreme battle platform in the Dead Sea to meet the gold-listed heroes, and he won the title of young supreme.

"boom!"

A Baoshan exploded, Xuanyuan Hero was like a saint, he was surrounded by light, and the most frightening thing was that his eyes seemed to be able to see through everything.

The strange thing is that Xuanyuan Hero's eyes are a bit feminine.

"Brother Hero."

"Xian'er."

Hero Xuanyuan looked back at Ji Xian'er.

At this moment, Ji Xian'er had sunken eye sockets. Yes, she transplanted her eyes to Hero Xuanyuan.

The hero of Xuanyuan now doesn't need Ji Xian'er, he can see the weakness of his opponent, and anticipate the enemy's first opportunity.

"Xian'er, wait for me here, I will definitely get the glory of the young supreme and become the first person of the young generation."

Hero Xuanyuan left.

In the cold wind, only Ji Xian'er was relying on the icy boulder. She couldn't see it, and she didn't know whether Hero Xuanyuan would return.

"Every word, very good."

With a soft drink, the world shook.

Murongxi and Muronghuang appeared, and the two were also on the gold list, and now they have received seven or eight tenths of the Dao Zong inheritance.

Murongxi's nine-character mantra had already mastered seven kinds, except for the one that was snatched by Ye Fan, there was still one kind of word tactics.

Muronghuang's Eight Door Dunjia also mastered six ways to open the door of life, Ye Fan snatched one door, and there was one left outside.

In addition, the two also received the inheritance of other secret techniques of the Ancient Dao Sect, as well as the ancient secret treasures, which can be described as full of background.

"Wu Lingjun also wants to be the young supreme. It's ridiculous. Murong Huang, give me the glory of the young supreme for the time being."

"Let's talk about it then."

Murong Huang said indifferently.

Young supreme, once you get this glory, you will have endless luck and smooth wind, no one can match.

Who wants to give up?

"Humph."

Murong Xi snorted dissatisfiedly.

More and more Haojun were born, and they rushed to the Dead Sea.

...

Chidi Palace.

There are no people here, only Han Bing, Tang Ying and Zhong Ling guarding them alone.

They firmly believed that Ye Fan was not dead.

definitely.

Ye Fan was definitely not dead.

But, how long do we have to wait?

The three are very worried.

In the mysterious space, Ye Fan has been wrapped in a blue flame for two years.

In the past two years, the Buddha has awakened.

But Ye Fan didn't move at all.

Fozi looked at the blue flames, surprised, Ye Fan planted the Red Emperor fire spirit into his mind, and he didn't dare to mess around.

"Is Ye Fan dead or not?"

"Why haven't there been any movement for so long."

The Buddha was very anxious.

If Ye Fan falls, then he will always be suppressed here.

I don't know how long and how long I can get out of trouble.

Fortunately, there is a strong heaven and earth essence here, which can absorb and fill the body's consumption, otherwise he will be dead.

"Boom boom."

Sudden.

The thunderous heartbeat sounded, and the Buddha was alarmed.

Boom!

Boom!

The heart beats faster and faster, getting louder and louder, and every time it beats, the world is trembling.

Buddha's mouth opened wide.

What a terrifying vitality this is!

Ye Fan was not dead.

Ye Fan's transformation succeeded.

Two years of transformation, my God, where is Ye Fan?

Fozi was horrified, jealous, and also looking forward to it. He wanted to see what level Ye Fan was now.

"boom!"

Suddenly, a breath rose to the sky, broke through this small space, and rushed outside.

So that the entire evening battlefield heard movement.

"what's the situation!"

"Is someone detached again?"

"No way."

The monks on the battlefield at dusk were shocked.

In the Red Emperor's court, the three women's faces were full of joy, which was Ye Fan's breath, extremely powerful.

It seems that Ye Fan has been practicing for two years.

Exit now.

Soaring into the sky.

That's right, Ye Fan did soar into the sky.

The blue flame around him gradually converged, and he walked out, the whole person changed, but the good things were so handsome.

Perfect body.

Contains the power to break the world.

Ye Fan's eyes were long, deep and scary.

It seems that in the past two years, he has experienced too much to see through the world.

This majesty is unparalleled.

The Buddha felt that even if he was a Buddhist master, he was not as majestic as Ye Fan.

That is for sure.

Ye Fan cultivated the Overlord Body Jue and the Red Emperor Fire God Art, and naturally cultivated a high majesty, like an emperor dominating.

"Wow."

Ye Fan raised his hand, not knowing how far away, grabbed a new dress and put it on him.

He is very calm, neither sad nor happy.

He looked down at Buddha.

Buddha trembling, said: "Ye Fan, I am far from your opponent now, don't kill me."

"I will go back to Buddhism another day."

After Ye Fan's words fell, he extracted the Red Emperor's fire spirit from Buddha's mind, touched the seal, and removed the dragon cable and the ancient bronze hanging.

Subsequently, Ye Fan left.

The Buddha was dumbfounded.

Just let him go?

Gradually, Fozi's face was fierce and hot, he knew that this was humiliation.

In fact, this is not humiliation.

For Ye Fan now, the Buddha is too weak and can explode with a single punch, which is equivalent to an ant.

Do elephants care about the life and death of ants?

Certainly not.

Therefore, Ye Fan released the Buddha, anyway, he will go to Buddhism in the future.

"call."

Ye Fan sighed.

"It should have been a long time, I'm afraid everyone thinks I've fallen, it's time to go out and have a look."

"Huh, sister's breath?"

Ye Fan's eyes lit up.

With a flash of his body, he appeared in front of Han Bing's trio.

Chapter 1075: Sad fate

"Xiao Fan!"

The three daughters of Han Bing were surprised and rushed to hug Ye Fan.

The three women are also high overlords now, and can break through to the realm of the peak overlord at any time.

Because their physique is very impressive.

Moreover, under the calculation of Fangrui Technology's optical brain, the most suitable and perfect training plan was formulated, and the overall strength of the Tianzun Hall was skyrocketing.

The army of abilities has been born.

The changes in the past two years were much greater than the previous years when Ye Fan fell into the Nether Secret Realm.

It can be described as a huge change in the world.

"Xiao Fan, your body." Han Bing held Ye Fan, feeling the endless energy of Ye Fan's body.

It seems that as long as Ye Fan shakes her body, she will be alive with silk.

very scary.

Tang Ying and Zhong Ling hugged Ye Fan again, and felt them carefully. They were all horrified.

They found that Ye Fan seemed to be a different person, and became dignified. This temperament was very domineering.

Ye Fan smiled and said, "Sister, I must have made great progress in such a long time, otherwise I'm sorry for the time."

"For two years, you were in retreat for two years."

"Is it so long?" Ye Fan sighed and asked: "Sister, tell me about the changes in the past two years."

The four of them sat here without leaving the Chi Emperor's court, and chatted a lot of things.

The three daughters of Han Bing recounted the big event outside.

For example, many powerful races were born, there were ancient alien species, and even such terrifying monsters as the nine-tailed monster fox appeared.

The Golden Winged Dapeng clan was not completely born, but hundreds of Golden Wings came out.

The young master Jinquan has also become the peak overlord, but he has disappeared. I don't know where he went, and he is not on the gold list.

As for the Tianzun Temple, it is thriving.

The Kunlun base has become an extremely strong fortress.

The sky-blasting artillery has increased to three thousand, but the power of the sky-blasting artillery can only be aimed at ordinary peak overlords, and the threat is much smaller than that of Ye Fan.

But three thousand sky-blasting cannons are enough to deter all foreign races.

Genetic engineering has also made a huge breakthrough, creating 300,000 supernatural fighters, led by Gulot.

Gulot has also become a terrifying supernatural god, with a punch power of 600,000 catties.

If you work hard, your strength can skyrocket.

"Six hundred thousand catties of physical strength?" Ye Fan smiled, and Han Bing asked: "Xiao Fan, what level your physical strength has reached? It must have surpassed Gulot. '

Ye Fan smiled and didn't say anything.

Tang Ying said: "Tianzun Hall has expanded, with 300,000 supernatural fighters and 700,000 warriors. There are a million soldiers in the Kunlun base."

"good!"

Ye Fan applauded.

Zhong Ling said: "Xiao Fan, there is another big thing, that is, the Young Supreme Glory is competing, you have to get it, this should belong to you."

"Young Supreme?"

"It's like this..." Tang Ying explained the matter in detail. Ye Fan learned that the martial arts power was not dead, and that he was detached from mental power and became one of the strongest.

Spiritual power is detached, Ye Fan already knows this way.

He will follow this path in the future.

In other words, try now and look for opportunities.

Because.

Ye Fan is now the ultimate pinnacle overlord.

In the past two years, his realm has also broken through.

He doesn't know what combat power he is now, his physical body has greatly improved, and the martial art realm has reached a bottleneck.

Thinking about it, my scalp numbs.

"Xiao Fan, now Wu Ling is holding a supreme battle in the Dead Sea, you can pass now, you can't let him get the glory of the young supreme."

"No hurry, the so-called supreme war is only made by him, without authority, and you said there is no golden spring on the gold list?"

"No, he just disappeared."

"This guy is so arrogant, how could he not compete for the glory of the young supreme, it's a bit abnormal."

Ye Fan planned to go to the territory of the Golden Wing Dapeng clan. The Supreme Fighter on the Dead Sea was not in a hurry. Once they decided on the strongest one, Ye Fan would go and defeat the strongest one.

It doesn't make much sense to go too early.

"Sister, I will pass you the Great Protection Technique and the Great Invisibility Technique; in addition, I wish you a breakthrough to the realm of the peak overlord."

Ye Fan passed a message into the minds of the three women, and then vomited three drops of natal blood.

When the blood entered the body, the three female bodies trembled violently.

That's because Ye Fan's life essence blood energy is too terrifying, it is more powerful than the best medicine, and it is a real treasure.

The three women could have broken through the pinnacle overlord, but due to their physique, they need to consume a lot of resources to pile them up.

Now that he got his life essence and blood, he broke through in one fell swoop.

"boom!"

The first breakthrough was Zhong Ling.

Kunpeng's physique is too great, becoming more and more magnificent, and more and more noble.

A huge Kunpeng phantom appeared in the sky all the time.

The next breakthrough was Tang Ying.

The supreme sword body, the physique that sword repair dreams of most, when Tang Ying broke through, the world was filled with countless sword auras.

"Huh!"

A Jian Guanghan flew thousands of miles.

Some monks found out that they thought it was the birth of a baby, and they rushed towards this side frantically.

The last breakthrough was Han Bing.

The Slaughter God Body has been re-developed, and Han Bing's murderous aura is even stronger. The big slaughter technique combined with the Scarlet Devil Sword is simply the Queen of Slaughter.

at this time.

A large number of strong people came.

Ye Fan looked at it, waved his hand, and flew all the powerhouses who came, using the universe to move thousands of miles.

"hiss."

These strong men were horrified, trembling, and their faces dull.

What is that existence?

How powerful!

With a simple wave, they moved them thousands of miles away.

What is this concept.

Is it a detachment? !

...

Ye Fan carried the ancient coffin on his back and brought his sister to the Yuanci ore vein.

"Who!"

Yuan Ci beast rushed out.

Ye Fan said, "Why, I don't know it anymore, it's me, Ye Fan."

"Ye Fan?!"

Young Master Yuanci Beast exclaimed.

Ye Fan smiled, disappeared, and when he reappeared, he was already in the Magnetite Earth Palace.

Yuanci Beast Emperor was awakened.

"Ye Fan!"

"It's me, Magnetic Emperor, long time no see."

"You now....."

Yuanci Beast Emperor was shocked, facing Ye Fan, he actually felt trembling.

How can it be!

This is in his place.

This place is full of primordial magnetic power, even if the ultimate peak overlord arrives, he dare to fight.

Why, Ye Fan gave him a huge threat!

"I thought you had fallen, but I didn't expect you to become so strong." Yuanci Beast Emperor laughed: "I didn't misunderstand the person, Ye Fan, it seems that you are very lucky and can really lead my clan out of this place. "

"I'm here to tell you, don't worry, what I promised will definitely be done."

"Okay, I believe you."

Yuanci Beast Emperor thought for a while, and said, "Ye Fan, I'll bet on you and make a good bond."

"How to say?"

"I'll give you the secret method for manipulating and cultivating the primordial magnetic power. This is the foundation of my clan."

Ye Fan's eyes lit up.

Magneto's supernatural power is terrible, destroying the flesh, it is a peerless method to deal with the flesh, if he can master it, he once again has a big killer.

"Magnetic Emperor, I promise you again, as long as I Ye Fan does not die, I will definitely protect your clan."

"good."

The Yuanci Beast Emperor also passed on the cultivation method to Ye Fan.

Then he exhorted: "I suggest you practice here for a few days first, and get started under my guidance. In addition, you still need this."

Yuanci Beast Emperor took out a stone with a big fist, but Ye Fan felt that the entire Yuanci ore vein could not compare to this stone.

"This is the magnetite mother stone."

"Only with the magnetite mother stone can the magnetism magic power be used anytime and anywhere."

Ye Fan said, "How do I get this? Everyone of your clan has a magnetite mother stone?"

Yuan Ci Beast King said: "At present, only my son and I own the Yuan Magnetic Mother Stone. In other words, most people of the tribe have to rely on the Yuan Magnetic veins to survive. This is also a huge confinement for my clan."

"I don't know if there are magnetite veins in the outside world?"

"I don't know, I haven't found it for the time being, but the outside world is much bigger than this broken little world, and there will definitely be some."

"Never mind, let's not talk about this. The magnetite mother stone was not born out of thin air, but to find the perfect texture of the magnetite ice, using the secret method, forged for many years, and finally formed the magnetite mother stone. You don't have time to slowly build it now. I will give you my magnetite mother stone. This way you can use the magnetism divine power to kill the enemy anytime and anywhere."

"Magnetic Emperor, this is too precious!"

Ye Fan was surprised that Emperor Yuanci made this decision. Although he wanted it, he could clearly distinguish it.

The Emperor Magneto helped him a lot. Before the Magneto divine power forged his physical body, now he was passed on to him the method of manipulating the Magneto divine power, just for that little hope.

And he couldn't even open the ancient bronze coffin.

To a certain extent, Ye Fan was deceiving Yuanci Beast Emperor, deceiving this ethnic group.

No matter how greedy Ye Fan was, he was not embarrassed at this moment.

"Father."

At this time, the Young Master Yuanci entered the underground palace.

He eavesdropped on the conversation, and in front of Ye Fan and Yuan Ci Beast, his claws cut open his chest and dug out his Yuan Ci mother stone.

The **** magnetite mother stone is so dazzling.

"Ye Fan, my father is the lord of a clan. He needs to sit in a clan to deter other groups. He can't live without the magnetite mother stone. I will give you my magnetite mother stone." He is one.

Now that he erased the spiritual imprint on the magnetite mother stone, he himself was badly injured.

The Emperor Yuanci shed tears.

Ye Fan's face was solemn, respectful, and respectful. He gritted his teeth, took the Magnetite Mother Stone and said, "Young Master, I will write down this kindness. Don't worry, he will definitely take you out of this broken world."

"Now, we can only trust you."

"Yes, the detachment has appeared. This is the end, which means that if you want to go further, you must break the shackles. The sky is not far away, and this small world will collapse soon."

"We can only trust you."

"Even if you are deceiving us, there is at least a glimmer of hope, isn't it!"

Chapter 1076: Supreme War

After obtaining the Magnetite Master's Magnetite Master Stone, Ye Fan immediately refines it under the guidance of the Magneto Emperor. In an instant, Ye Fan felt that he had merged with the Magneto's divine power.

Ye Fan practiced in the underground palace.

The Emperor Yuanci can be said to have taught each other.

And in the Dead Sea.

A terrifying war is breaking out.

The supreme battle platform is very large, it was a melee at first, and then there are fewer and fewer strong players. There are only eighteen strong men on the battlefield now.

The Nine Great Battlefield.

At this moment, it was Xuanyuan Hero who was fighting Wu Lingjun.

The aftermath of other battlefields was overwhelmed by the fighting of the two of them.

"Fuck me all."

The hero of Xuanyuan roared wildly and defeated a few strong men, leaving only ten strong men on the battlefield.

The glory of the young supreme does not refer to the human race, and all major races can participate.

Of the ten powerhouses on the battlefield, six of them are humans, and four of them are aliens.

The four are: the **** son of the dark spirit race, the goddess of the soul, and the goddess of the goddess, the goddess, the goddess, An Xiulan, the blood of these two guys is terrible and powerful.

There are two remaining.

A young master of Shimozu.

After the Patriarch Shimo disappeared, this young lord gained great fortune, suddenly emerged, and is now extremely strong.

The last one is a fierce beast, but a nine-tailed monster fox.

The four guys are amazing.

The six human beings are: Wu Lingjun, Xuanyuan Hero, Murongxi and Muronghuang.

There is also Xiang Rulong.

The last one is the Son of Kunxu.

Ten strong men.

Of course this is on the surface.

There must be someone on par with these guys, but they didn't show up.

now.

Except for Wu Lingjun and Hero Xuanyuan who were fighting, the other battlefields stopped, leaving the Supreme Platform, watching the battle on the edge of the Dead Sea.

There are too many creatures watching the battle on the Dead Sea.

Densely packed.

The birth of Young Supreme is a big event.

It's hard to come by.

"kill!"

Wu Lingyun roared. He was the descendant of the ancient Saint Wuzong. He cultivated the Saint Wu combat body, mastered the great fighting technique, and possessed superb fighting skills.

Every punch is good.

The so-called superb fighting skills are the infinite eradication of the flaws; this caused Xuanyuan Hero to transplant the different pupils from Ji Xian'er a little bit of little effect.

However, Xuanyuan Hero is indeed powerful.

The inheritance of ancient saints is not simple.

Hero Xuanyuan's body was also terrifying enough, and he hadn't used the grand killing technique of "showing a saint before man".

Of course, Wu Lingjun also has a hole card.

The two were fighting frantically. ,

With every punch, the world broke and the ground broke, the supreme platform shook, and the entire Dead Sea was surging.

"Xuanyuan Hero, your father is not detached, but my father is already detached, how can you compare me to being guided by a detached person."

"Get down to me!"

Wu Lingjun suddenly displayed some kind of magical powers, transformed into an indomitable power, suppressed.

Hero Xuanyuan fell quickly and was about to fall into the Dead Sea.

"not enough!"

The hero of Xuanyuan sneered, showing his saints in front of him.

In an instant.

Incarnate as a mighty saint.

The two smashed into this, and the supreme platform was torn apart.

That's right.

Even the ancient secret treasures can't hold it anymore.

Wu Lingjun's face was cold. Although he possessed great combat skills, Xuanyuan Hero's different pupils could be solved.

The two restrained each other.

"Boom boom boom..."

Next, there are endless collisions.

The strong watching the battle marveled.

Both of them are strong enough, and they are evenly matched, now they will compete with willpower to see who can hold on to the end.

"Interesting."

The nine-tailed demon fox laughed, and his voice was mixed with charm, which made many powerful people in a trance.

Great charm technique.

This is the talent of the nine-tailed monster fox.

He is also a big demon.

The nine-tailed demon fox is the strongest bloodline of the fox family, even in ancient times.

Unexpectedly, this life appeared.

The nine-tailed demon fox is really beautiful, especially the nine tails, which are like nine white horses, which makes people want to pet them.

"It's a pity that no creatures from the Golden Winged Dapeng clan came." Nine-tailed demon fox sighed. The clan that was born now doesn't make him look much.

Golden Wing Roc is one.

The son of Kunxu looked at Xiang Rulong and said, "Why did Ye Fan not show up? Did he really fall? You and Ye Fan are good friends, don't you know the situation?"

For Ye Fan, the son of Kunxu had a bit of hatred, but it was not a deep hatred.

Many eyes looked over.

Xiang Rulong, the head of the Xiang clan.

The descendant of the ancient Panlongzong.

Before, Xiang Rulong had red hairs in the sea of spiritual consciousness, which has not been removed yet, but as his strength increases, it can be suppressed.

Moreover, the inheritance of the ancient Panlongzong is gradually gained, and there are also some methods that can suppress Hongmao.

Ye Fan, this name is taboo.

That's right.

Even now, for two years, some people think of Ye Fan, and they are all awe-inspiring.

Ye Fan was able to slay the pinnacle overlord but also trampled on the ants.

If you are still alive, don't you know how powerful it is?

I don't know if Wu Lingjun and Xuanyuan Heroes are his opponents.

Did Ye Fan really fall?

Everyone is waiting for Xiang Rulong's reply.

Nine-tailed demon fox, Young Master Shimo, An Xiuhun, and An Xiulan are also very interested.

Xiang Rulong groaned: "I don't know."

These three words make people doubt that Ye Fan is probably not dead.

The nine-tailed demon fox laughed: "I have long heard that Ye Fan, a young man, is very powerful, but unfortunately I don't know if I can meet each other, I hope it will not fall."

The war continues.

Wu Lingjun and Heroes of Xuanyuan had reached the white-hot stage.

No scruples.

Whoever wins is the young supreme.

Although only wishful thinking.

Because there are also Dark Soul, Dark Xiulan, and Nine-Tailed Demon Fox, no one can guarantee that they won't make a move.

But the possibility is very small.

Because behind Wu Lingjun is the martial arts power, a detachment, who dares to kill Wu Lingjun.

The same goes for Xuanyuan Hero.

Rumor has it that Xuanyuan Changhong, the lord of the Xuanyuan clan, is also on the battlefield at dusk and is about to detach himself.

The war lasted three days and three nights.

The aura of Heroes of Xuanyuan and Wu Lingjun had already decayed, but the two of them hadn't stopped yet, even if it was difficult to throw their punches, the willpower still existed.

It's already time to fight, no one wants to give up and get back what's been lost.

And in the underground palace of the three days and three nights of the magneto-magnet vein, Ye Fan has also learned the secret method of magneto-magnetism.

You can freely control the magnetic elementary power.

"Ye Fan, your father is very savvy, and he has already started in three days and three nights. You know, even my son, under my comprehensive guidance, will start in one month."

"The Magneto Secret Method is very difficult to practice."

"But as long as it succeeds, then you have a powerful means. Now I will pass you a secret technique: Magnetism Slash."

Ye Fan got the message again.

His mental power analysis was extremely shocked. This primordial magnetic slashing technique was too terrifying, after all, he ignored all defenses and slashed his body.

This reminded Ye Fan of God Slayer Technique.

God-cutting technique is the highest talent secret technique of the Sky-Splitting Mink tribe.

That young new clan leader of the Sky-Splitting Mink clan, returning his blood to his ancestors, obtained this secret technique.

At that time, Ye Fan was recruited and almost died.

Slashing the gods, the ultimate meaning is to ignore all defenses and slash the spirit.

One kills the spirit and the other kills the flesh.

horrible!

Ye Fan was very excited, he got the Magneto Decapitation Technique, and he had another big killer.

The young clan leader of the cracked sky mink is also in his hands, and he is detaining the Kunlun base, and there will be a way to get it in the future.

Mastering God Slashing Technique and Slashing Body Technique, good guy, restrained spirit and physical body, Ye Fan felt that he was directly invincible.

"Magnetic Emperor, great kindness, unforgettable without teeth."

"Go ahead."

Yuanci Beast Emperor nodded and waved.

Ye Fan thought for a while, and said: "Come and not go indecently, Magneto, I'm telling you the big movement and the big body protection, these are the great magical powers to save your life."

"what!"

Yuanci Beast Emperor received two magical power training methods, and was very pleasantly surprised, "Good job, Ye Fan thank you very much. If you have any needs, please come to me. The resources that our clan has treasured for many years, you can also use them. Our whole clan Press on you and take a gamble."

"It's not far, you will find that you are betting right."

"gone."

Ye Fan left, taking Han Bing's three daughters out of the battlefield at dusk.

Through the abyss, came to the outside world of Qinling.

Feeling the fresh air, Ye Fan was relaxed and happy, and said with a smile: "It has been two years, and it feels a long time ago. The environment of the world has indeed improved a lot, three times better than it was two years ago."

"By the way, where is the territory of the Golden Wing Dapeng clan?"

"It's also in Kunlun."

"Take us back. I'm going to have a look and learn about Jinquan. The Golden Winged Dapeng clan is great and can maintain a good relationship."

Ye Fan returned to Kunlun not only for Jinquan, but also wanted to see his sisters and brothers and learn about the situation of the base.

Chapter 1077: Rescue Jinquan, the golden beast!

Ye Fan returned to the Kunlun base, reunited with everyone, and then inspected the base and was very satisfied.

As he was about to go to the territory of the Jinpeng clan, Gulot found him: "Brother Ye."

"How did you come."

"Stop talking and fight."

Without saying anything, Gulot's power burst, and he came up with a full blow.

The physical strength was 600,000 jin, and after the explosion, it reached 700,000 jin.

good.

Ye Fan nodded secretly.

However, this power was still not enough for him, far from enough; Ye Fan slapped Gulot into the air with a slap.

Then disappeared.

Leave a sentence and say: "Keep working hard. Two years ago, I fought against the **** of war, Agnès, and calculated that his power may reach 800,000 catties in two years. You are still a little bit short, don't slacken!"

Gulot got up, aching all over.

His heart surged.

With a full blow, Ye Fan slapped him into the air with ease?

this.....

What level is Ye Fan now!

Gulot was cold all over.

too horrible.

Swish...

The elder sisters, Min Dong and others heard that Gulot was looking for Ye Fan to discuss with him, and they came after hearing the news.

"Huh, where's Xiao Fan?"

"Lao Gu, what about the little mortals, aren't you talking about it?"

Gulot smiled bitterly: "We have finished the discussion."

"so fast."

"Old Gu, how strong is Xiao Fan, that guy is mysterious now, and we don't know what his water is."

"You will know in the future, I'm going to practice." Gulot left without saying much.

Everyone was helpless, but they knew in their hearts that Gulot must have lost, and there was a big gap, so Gulot was a little bit depressed.

This is a good thing.

...

Ye Fan came to the territory of the Jinpeng clan.

There were hundreds of Jin Peng born this time, and Ye Fan felt the strong golden light from a distance.

You can imagine what a scene where hundreds of powerful golden winged rocs are entrenched.

Absolutely shocking.

"Huh!"

A golden light appeared, and Ye Fan was discovered.

This golden winged roc is the peak overlord, very strong, with the presence of the head, but at this moment he feels a great threat.

He stared at Ye Fan, and coldly warned: "Jinpeng clan territory, your Excellency stop."

"I'm Ye Fan, can Jin Quan mention me to you."

"Ye Fan? Ye Fan, the lord of the Temple of Heaven! You once rescued Jin Quan from the Western power world."

"good."

This Jinpeng was uncertain, and immediately afterwards, all the other Jinpeng came.

Ye Fan smiled and said, "Why, any doubts?"

"Master Ye, please."

"Please."

When they came to the territory, the Jinpeng clan Haosheng entertained Ye Fan, and the drinks they took out were all brewed by the treasures of the situation.

Now the world environment has changed drastically, and it has improved a lot. Peerless medicine is not uncommon anymore.

The resources are very rich.

This is the benefit of environmental improvement.

"I was on the battlefield at dusk, and I heard that Jinquan had disappeared for a long time, so I came back to take a look."

"It's really bother Master Ye cares."

The current lord sighed and said, "The kid Jinquan has never come out since he entered that place."

"Where?"

"I don't know, it was in Kunlun. It was discovered accidentally. It is very mysterious. Jinquan is gone and we don't know what to do. Jinquan's strength is about the same as mine. He can't come back, and we can't save it if we enter. There are not many people in my clan, and the clan members are very precious, so they have been dragging. To be honest, I am worried."

"Then don't say much, just take me to that place to see."

"Well, Master Ye will come with me."

The sadness that Ye Fan fell on Lord Jinpeng turned into streamer and disappeared.

For half an hour, the lord landed.

In front of Ye Fan, there was an enchantment, very hidden, without any aura showing, and it was hidden by the big tree.

It's really hard to find.

The lord said: "Jin Peng entered it, but it didn't come out. Master Ye, if you have a way, please talk about it."

"Let me try."

Ye Fan did not act rashly.

His spiritual power spread, but he could not cross the barrier.

"The Red Emperor has a fiery spirit!"

Ye Fan let out a breath, and the scorching temperature horrified Lord Jinpeng.

"The Scarlet Emperor Fire Spirit, this requires the Scarlet Emperor Fire God Art to be cultivated, Lord Ye, you got the ancient Scarlet Emperor inheritance?"

"good."

Ye Fan admitted.

Lord Jinpeng was shocked, a trace of awe flashed in his eyes.

Under the influence of the Red Emperor's fiery spirit, the barrier was indeed shocked; Ye Fan's mental power rushed in and began to explore.

Ye Fan discovered that there was a lot of space inside, and it was a secret realm.

But it is very desolate.

The spiritual power continued to deepen, and finally Ye Fan saw that on a **** pillar, a golden winged big Peng was entangled and bound by a chain.

It is Jinquan impressively.

Ye Fan passed this picture to Lord Jinpeng.

"Little Lord!"

Lord Jinpeng grieved.

"Damn it, who imprisoned and tortured my young master, my Jinpeng clan and his immortality!"

"The sacred pillar has a problem!" Ye Fan keenly discovered the clue. The sacred pillar seemed to be wise, and the chain was like his arm, piercing into Jinquan's body, absorbing blood and essence.

The lord's eyes were torn apart, "No, I'm going to save the young lord."

"Come!"

Ye Fan tore open the barrier and rushed in with the lord.

next moment.

Mysterious power strikes.

This power has the power of weakness.

No wonder.

Jinquan must have been careless and was attacked by weak force, so he didn't escape.

"Big body protection technique!"

Ye Fan used his magical powers to cover himself and the lord.

The power of weakness is blocked.

They came to the vicinity of the sacred pillar, and as expected, the chains trembled, seeming to be psychic, and they killed Ye Fan and the lord.

"Very strong."

Ye Fan drank seriously.

This chain can easily penetrate the pinnacle overlord.

Lord Jinpeng screamed: "I'm coming!"

He showed the power of the Golden Wing Roc, and the sharp and extremely sharp aura burst out, cutting the chain apart.

Then the sacred pillar was chopped in half.

Jinquan's was saved.

"It's so simple?" Ye Fan felt something was wrong, the abrupt earth trembling, the entire secret realm was going to be a sensation.

At the place where the sacred pillar was, it began to surge, as if something was about to be born.

"Retreat."

Ye Fan reminded that the lord took Jinquan to retreat away.

at the same time.

A monster rushed out. The monster was golden in color, very mighty and majestic, and it made a metallic cry.

Lord Jinpeng shouted: "Innate spirit seed, golden beast."

Ye Fan was also shocked.

This monster turned out to be an innate spirit seed.

It's the same as the Sky-Swallowing Beast.

The golden beast is really the same as its name, as if pouring out gold. No wonder Jinquan will be suppressed.

Because the Golden Wing Roc is also golden.

"boom!"

The golden beast was completely born.

The entire secret world collapsed.

Ye Fan made a big move, leading the lord and Jinquan to rush out of the shattered mystery; as soon as he came out, the attack of the golden beast arrived.

"Dadao Fist."

Ye Fan's backhand was a punch.

However, he was beaten to fly.

"hiss."

Ye Fan was sore all over, what a terrifying power.

Lord Jinpeng said: "Master Ye, the Golden Beast is known for its strength. It claims to have the ultimate strength. It is incomparable to compete strength, and his defense is also terrible."

"Then how to deal with it?"

"Mental power attack."

Ye Fan knows, casts a killing curse.

Sure enough, the golden beast was forced to retreat.

Ye Fan's mental power was so powerful, and the power of casting the killing curse was incredible, and the golden beast was hit and roared in anger.

His voice was like that kind of metal collision, extremely harsh, causing the earth and the sky to shake.

"Master Ye, don't be entangled, let's go."

Lord Jinpeng reminded.

Ye Fan also felt that this golden beast couldn't be suppressed by avoiding his edge temporarily.

However, the golden beast does not stop.

Keep chasing.

Ye Fan was annoyed, stopped, and the rich primordial magnetic power bloomed, he coldly said: "Golden beast, you have a strong defense, but I don't know if you can fight my primordial slashing technique!"

Decapitation? !

Lord Jinpeng trembled and was shocked to the point where he couldn't be more shocked.

Ye Fan unexpectedly knew this terrifying secret technique.

The golden beast also stopped, the golden eyes gleaming with jealousy, he said: "You lie!"

The voice is very young.

The golden beast is still young.

This is for sure.

If it were an adult golden beast, Ye Fan would be killed immediately, and the whole world would be upset.

This is an innate spiritual seed.

Lord Jinpeng roared: "The golden beast, in ancient times, in a certain life, the golden beast was the guardian beast of my Jinpeng, what do you mean to deal with my Jinpeng clan now!"

Indeed, in ancient times, the golden beast and the Jinpeng clan had a very good relationship.

I heard that the golden pupil of the Jinpeng clan was taught by the golden beast.

"Hahaha."

Unexpectedly, the golden beast laughed, "Ancient is an ancient, and now is now. However, I didn't want to kill that Jinpeng, I just need energy recovery. I have a sense of measure and will not kill him."

Lord Jinpeng said angrily: "My young master is about to die, dare you say you didn't kill him!"

The golden beast hummed: "Don't be so stingy, just a Jinpeng. Although your clan has a small number, it is not too small. If you lose a young master, choose another one."

"You guy!"

The lord was so angry.

Ye Fan used the Magneto Slashing Technique, the power spread, and the golden beast was shocked:
"You really know how to slash the body!"

"Do you think I'm lying to you?"

"Hehe, although you know how to slash the body, you are still not up to the point where the ultimate truth ignores defense."

"Nevertheless, it is enough to hurt you and leave you with indelible damage. Just ask if you are afraid?"

"I will eat you."

The golden beast licked his lips, his eyes were shining with golden light: "Your physical energy is amazing and it is of great use to me."

"I want to swallow you, too. It's also useful to me."

Ye Fan said.

Lord Jinpeng rolled his eyes and said, "Golden Beast, if that's the case, then temporarily truce. Come to my clan territory, talk to Master Ye Fan, and see who can eat whom."

"Do you think I dare?"

The golden beast flashed past and headed away.

Ye Fan converges the elemental magnetic supernatural power.

"My lord, let's go."

Back in the territory, the golden beast entrenched itself on the treasure mountain in the territory, and began to vomit the spirit of heaven and earth.

Ye Fan checked Jin Quan's injuries.

Very serious.

Almost to the point where the oil is exhausted and the lamp is dry.

The big treatment effect is minimal.

Ye Fan thought for a while, took out the Golden Pill for Returning Yang, and gave it to Jin Quan.

He wasn't willing to use it himself.

Both were swallowed by Jinquan, but Ye Fan felt it was worth it.

A quarter of an hour later.

Jinquan recovered as before.

He woke up, still feeling very dumb, when he learned that Ye Fan saved him and returned him the golden pill, Jin Quan was very grateful.

"Brother Ye, you saved me again."

Jinquan clasped his fists and solemnly said: "If you don't dislike it, from today onwards, I Jinquan will recognize you as your eldest brother."

Ye Fan was pleasantly surprised and smiled: "This is my honor."

"Big Brother!"

"Brother Quan."

"Big Brother."

"Brother Quan."

"Brother, it's time to beat the Golden Beast." Jin Quan turned around and looked at the sleeping Golden Beast in Baoshan, far away.

Chapter 1078: Enlighten everything

Ye Fan and Jinquan descended to the top of Baoshan Mountain.

The golden beast awoke.

The huge eyes are more brilliant than Jin Quan, really like two suns. He looked at Jin Quan and said inconceivably; "How is it possible, why have you suddenly recovered to the peak."

Jin Quan sneered: "How can you know our methods. Golden Beast, today is your death date."

The golden beast became vigilant.

He said in a deep voice, "You are not qualified enough to kill me. Now that you are cured, the grievances between us are wiped out."

The golden beast was indeed terrified.

Just how long he slept, Jinquan recovered as before. This is incredible. Does the Jinpeng clan have any panacea?

It is indeed the strongest ethnic group, not to be underestimated.

The golden beast wanted to retreat.

But the world was sealed, Ye Fan smiled and said, "It's not that easy to want to go."

"What do you mean, really want to fight? Hmph, I'm not afraid, it's enough to kill a large number of you."

The golden beast's body spreads a mysterious power, which is the power of weakness. Truly speaking, this is the weakening talent of the golden beast.

Weaken opponents.

In addition, the golden beast has a terrifying ability, which is to enlighten everything.

Turning stones into gold is too simple for the golden beast.

Not only can he turn stones into gold, but everything can be turned into gold, and then he can swallow it.

This is a terrible method.

Jin Jin shook this body and shouted: "Come on, you two will go up together to see if I can break through my invincible defense."

"Try it."

Ye Fan made a move, he wanted to see how powerful the Golden Beast was.

Jinquan is also unambiguous.

Having been tortured for a year and a half in the secret realm, he has long been suffocating.

The two of them also had a sense of measure, attacking with strength, bombarding the body of the golden beast, making a metal roar.

The whole world trembled.

The golden beast laughed: "Do you tick me at this level?"

"Dadao Fist!"

"Tear the claws!"

One person, one beast forcefully shot.

Jin Quan is the pinnacle overlord, stronger than that lord, this guy was able to injure the high overlord Ye Fan back then.

It is self-evident how terrible it is to be promoted to the pinnacle overlord now.

Jin Quan is the young master of the Jinpeng clan, and his blood is extremely pure. You know, his blood is golden.

But the other Jinpeng, and even the lord, had impurities in his blood, which was pale golden.

This shows the problem.

Ye Fan found that Jinquan's strength was not inferior to him, and he secretly sighed that he was worthy of being the strongest ethnic group, and his talent was superb.

Suddenly exhausted and exhausted transformation, and obtained many opportunities for good fortune to reach this level, and Jinquan only needs to practice step by step.

People are better than people...oh no, people are better than beasts, so angry.

"boom!"

"boom!"

The golden beast was blown away.

Jin Quan possesses the ultimate speed, Ye Fan's great movement technique has also been practiced to the bottom of the deep level, and the speed is very fast.

Keep bombarding the golden beast.

The poor golden beast was beaten and flew around.

"Ahhhhh, the baby is angry, you two bastards, give me an order!"

In an instant.

The golden beast shows off its power.

Two eyes bloomed with golden light, and in the next second, the heavens and the earth turned into golden colors.

This is the golden pupil.

The Golden Winged Dapeng clan also uses this pupil technique, because it was taught by the Golden Beast in ancient times.

However, the golden beast does not impart the essence.

The most terrifying ability of the golden pupil is to turn into gold, which the Jinpeng clan can't do at all.

The heaven and the earth turned into gold, and under the light shining, Ye Fan found that his body had begun to alienate and turned into gold.

"Big body protection technique."

Ye Fan used his magical powers to cover himself and Jinquan.

Block the golden light.

But at this moment, the golden beast savagely collided, smashing Jin Quan and Ye Fan.

"Golden kick."

Then, the golden beast descended from the sky and stepped on it.

This foot is extremely terrifying.

Lord Jinpeng watching the battle from a distance had a numb scalp.

Ye Fan bombarded with a punch.

Jinquan claws confrontation.

But it was still trampled down.

"Great expansion."

Ye Fan expanded his strength and finally shook the golden beast back.

"How about it!"

The golden beast said triumphantly: "You are still a long way away. I will see the golden birds at the back together, so it's a bit worth seeing."

Jinquan was sullen.

But Ye Fan said: "It's almost there, let's stop here, continue to fight, there is no result."

The golden beast thoughtfully.

Ye Fan said, "You are an innate spirit seed, very rare. At present, you are the second innate spirit seed I have ever seen."

The golden beast shook, and asked in a hurry, "Which one have you seen?"

"Sky-swallowing beast!"

"What, really?" Golden Beast said: "Sky-swallowing beast is indeed an innate spirit seed, where is he?"

Speaking of the Sky-Swallowing Beast, Ye Fan felt it was time to take a look.

At the beginning, it was agreed with the Sky-Swallowing Beast that he would break the seal when he became stronger, but now that many years have passed, I don't know if the Sky-Swallowing Beast is still alive.

"Why don't we go see it together?"

"Yes." The Golden Beast was very excited. After all, being able to meet the same innate spirit seed is equivalent to finding a companion.

Ye Fan said, "How about you?"

Jin Quan said: "The Sky-Swallowing Beast is the guardian beast of the Overlord Clan. Big Brother, you practice the Overlord Body Art. It seems that you have a good relationship with the Sky-Swallowing Beast."

"She once helped me to practice and passed on the Big Devouring Technique."

"Haha, since that's the case, I'll go see it too."

Without further ado, Jin Quan and the lord confessed a few words, and followed Ye Fan with the Golden Beast to the Dark City, one of the three giant cities in Kunlun.

There is a restricted zone here: Infernal Affairs.

The sky-swallowing beast was trapped in the secret realm below the weak water river.

The three of Ye Fan drove straight in.

Their strength, for this entry, can be unimpeded.

When he came to the weak water river, Ye Fan tore the river water and broke the barrier with a punch, and the three entered the secret realm.

Not long after, it appeared before the killing array.

The sky-swallowing beast is still there.

It's just dying, and the lamp is dry.

"boom!"

The Golden Beast was faster than Ye Fan, and immediately shot, bombarding the killing formation.

this moment.

The killing array is resurrected.

This is an ancient Peerless Killing Array, very impressive.

"Huh, weaken."

The golden beast used its talents and supernatural powers to weaken the power of the killing array, and then rushed into it, causing the killing array to tremble violently.

"Dadao Fist!"

"Tear the claws!"

Ye Fan and Jin Quan also shot.

Unexpectedly, the Peerless Killing Array has repeatedly recovered in an all-round way, and the terrible killing power rushed out.

"Boom boom boom."

The three kept moving, and finally, Jin Quan tore a hole.

Ye Fan and Golden Beast took the opportunity to pull the gap crazily on both sides. The final killing array was cracked.

The entire secret realm seems to be about to collapse.

With such a big movement, the Sky-Swallowing Beast hasn't awakened yet, which shows that the Sky-Swallowing Beast has reached the final juncture, and it is about to fall and die.

"Huh!"

Ye Fan gave three drops of natal blood, but it was not enough for the Sky-Swallowing Beast to recover much, because the Sky-Swallowing Beast was very large and powerful. It was an ancient spirit seed and required too much resources.

However, three drops of natal blood can lead the swallowing sky-tailed beast to restore some vitality, and then Ye Fan performed a major healing technique.

Gradually, a breath of life appeared on the Sky-Swallowing Beast.

"Leave here first."

The three left the secret realm with the Sky-Swallowing Beast and came outside; Jinquan and Golden Beasts went to search for resources. Ye Fan used the Big Swallowing technique to devour the essence of heaven and earth crazily, but turned into pure energy to feed the Sky-swallowing tail. beast.

One day later, Jinquan and Golden Beast brought back many resources.

Ye Fan used the Heaven and Earth Furnace Secret Art to incorporate the Sky-Swallowing Beast into it, and then threw the resources in.

"Blue flames."

Ye Fan shot a strange fire.

As soon as they appeared, Jin Quan and Jin Beast were terrified.

"Ancient Fire!"

Especially the Golden Beast, was even more afraid of Ye Fan.

If Ye Fan launches a strange fire attack, his defense will be cracked, and what he fears most is the strange fire.

Why?

Huo Kejin.

Canglan Youhuo is very strong now, because Ye Fan's body originally had the engine oil in the heart of the earth, but was swallowed by the Canglan Youhuo, so the Canglan Youhuo is now very powerful.

With the different fire alone, Ye Fan can kill many powerful people.

The secret technique of the heaven and earth oven, the more advanced the flame, the better the effect; under the calcination of the ancient alien fire, the heaven and earth oven runs wildly.

The shriveled body of the Sky-Swallowing Beast is gradually recovering.

"The resources are not enough, you continue to search for some."

"good."

Seven full days.

On this day, the oven of heaven and earth exploded, and the behemoth has been rising up into the sky, the sky-swallowing beast.

He obscures the sky.

It's really huge, ten times the size of Jinquan.

You know, Jinquan is now the pinnacle overlord, his wings spread more than two hundred meters, how huge, and the sky-swallowing beast is ten times his.

Gee, it's worthy of being a swallowing sky-tailed beast.

The golden beast said: "This is how big it is. In ancient times, the sky-swallowing beast at the peak, that is comparable to a huge star, can really swallow the sky and the earth, and it is extremely terrifying."

The sky-swallowing beast is displaying the devouring talent.

He did not heal, only recovered 30%, and now he voluntarily swallows the essence of heaven and earth to replenish his body.

Three days.

The heaven and earth essence of thousands of miles has been exhausted.

The Sky-Swallowing Beast finally recovered, and his mental state was very good. He landed and entangled among the mountains.

"Ye Fan."

"it's me."

"Unexpectedly, you are so strong now, only a few years ago, your progress is really fast."

Sky-swallowing beast sighed.

Then, looking at the huge world, he smiled and said: "The outside world is really good, but the environment is still very bad, less than one percent of the ancient times."

"Very good, the environment used to be worse than this."

"I can feel that you have a strong **** between heaven and earth. You have reached the end of your cultivation. You only need to break the imprisonment of heaven and earth before you can move on."

"indeed so."

Ye Fan nodded, the corpse emperor was not far away.

The golden beast shouted: "Swallow the sky-tailed beast, I am the golden beast!"

Sky-swallowing beast said: "The innate spirit seed has also begun to be born, I don't know if those guys behind will also appear."

Unless there is a deep grudge between the innate spirit species, they are all in harmony, after all, they are all of the same group.

"What level are you now?"

"The shackles of heaven and earth also have restrictions on our innate spiritual seeds, just like you, but my spirit is already detached."

Jin Quan said: "My father is also at this level, spiritually detached."

Ye Fan said, "It seems that this is the end. But soon, the sky will be opened and the shackles will be broken, and then the sky will be wide."

Chapter 1079: The corpse king appears

Spiritually detached, Ye Fan is also pursuing this path, but this requires an opportunity, rather than working behind closed doors.

Even asking the Sky-Swallowing Beast was useless, he couldn't tell why.

The so-called detachment is all in oneself.

Outsiders can't help.

The Sky-Swallowing Beast is now one of the strongest, the Golden Beast is a bit worse, and the spirit is not detached.

"Brother, why not move our clan to the vicinity of Tianzun Hall, so that we can take care of each other."

"I have no opinion."

Jinquan immediately sent a message to the lord and asked him to take his tribe to move to the vicinity of the Tianzun Hall domain.

Ye Fan asked, "Where is the seal of your clan? I don't know if the four of us can work together to break it."

"That's what I want to say, we can try it."

"Let's go."

Under the leadership of Jinquan, everyone came to a feng shui place.

it's here.

Ye Fan found an old man with white hair.

Jin Quan said, "This guy claims to be Xiao Shixun, the lord of the Xiao family. It was he who opened a corner of the seal before I was able to come out."

Xiao Gong Xiao Shixun!

Ye Fan looked dumbfounded.

It's really good fortune to make people come across here.

"Jinquan!"

Xiao Shixun rushed over when he heard the movement, but when he saw Ye Fan, his pupils shrank.

Ye Fan was the first to speak: "Hello, Duke Xiao, in the next Ye Fan, I think you should know him."

Ye Fan destroyed the royal family of Xiao, leaving only some incense, it is impossible for Xiao Shixun not to know.

There is a deep grudge between each other.

Xiao Shixun helped the Jinpeng clan to be born, also to cooperate with the Jinpeng clan, and later deal with Ye Potian, Ye Fan, and Ye Royal Clan.

Unexpectedly.

Jin Quan actually mixed up with Ye Fan.

Xiao Shixun didn't even think about it, and immediately fled, he was not Ye Fan's opponent, he knew this very well.

"Duke Xiao, when we meet for the first time, we should have a lot to talk about. Why are we leaving in a hurry."

Great Seal Technique!

Big curse!

Xiao Shixun couldn't escape.

Ye Fan is too strong, he can't deal with it.

Xiao Shixun's face was gloomy and solemn, and he snarled, "Ye Fan, you destroyed my clan, and I can't wait to crush your bones and ashes."

Ye Fan's face was cold and murderous, and he said coldly, "It's just a cycle of cause and effect. A big fire that year burned everyone in the Ye family in Changning. Have you forgotten."

"You should have killed you little **** back then."

"Kneel down."

Great law decree.

Xiao Shixun couldn't hold it at all when Ye Fan said the law. He knelt down, his knees fell heavily and almost shattered.

Jinquan was silent.

He didn't expect that Ye Fan and Xiao Shixun would have a **** feud. Now it is a bit difficult to deal with. One side is the eldest brother, and the other is the person who helped him to be born. How to do it?

At this moment, Xiao Shixun's face was hideous and extremely humiliating.

The lord of his dignified royal family, the Duke of Daxia, was actually suppressed by E knelt on the ground.

This is never before.

This is the first time.

"Ye Fan, you bastard, you must not die." Xiao Shixun roared, his eyes full of viciousness.

"I don't know if I have to die, but what is certain is that you will die soon."

In one of Ye Fan's bullets, the Red Emperor's fire spirit entered Xiao Shixun's body, and then Xiao Shixun's skin began to melt, and his flesh and blood would melt.

Constantly screaming, the face is completely non-existent.

Life is better than death.

Jinquan and Golden Beast looked terrified.

"Ye Fan, you bastard, you think I will be subdued, hahaha, there is someone behind me, and I will not die."

"Ye Fan, you are about to face a catastrophe."

"Hahaha."

Xiao Shixun laughed madly, then exploded.

This was beyond Ye Fan's expectation.

Xiao Shixun blew himself up?

Things are not that simple. Just now Xiao Shixun's words indicated that he would not die, maybe just like Jian Tai'a, possessing the secret technique of soldiers and rebirth.

Someone behind?

What big man is behind the Xiao family!

Ye Fan secretly watched out, it seemed he could not be careless.

"Big brother, are you okay?"

"It's okay."

Ye Fan shook his head, Xiao Shixun was like an ant, and it didn't matter to him now.

Since there are people behind the Xiao royal family, they will definitely encounter them in the future.

Came to the seal land.

Ye Fan inspected the seal, and then used the Great Seal Technique to resonate with the seal. He said, "This seal is very strong, and it may not be broken."

"It is indeed very strong. The Fengtian clan's seal to the Xeon group is very powerful." Jin Quan said.

"Try it."

Ye Fan fired a strange fire and burned the enchantment.

Afterwards, everyone bombarded the enchantment together, and with each bombardment, the area was shaking for thousands of miles.

The barrier was also trembling, but it didn't break open.

In the secret realm under the seal, the Jinpeng clan felt it, and they all gathered and waited.

As far as I can see, there is a golden brilliance.

The golden winged roc headed by it is extremely large, almost the same as the sky-swallowing beast, that is, the Emperor Jinpeng.

It is a person who is promoted and detached.

He opened his eyes, as if he could penetrate the world, a trace of spiritual power spread out: "Jinquan."

"Father!"

Jin Quan shouted in surprise.

Then, Emperor Jinpeng said in surprise: "This is the Golden Beast and the Sky-Swallowing Beast. I didn't expect two innate spirit seeds to appear."

"It seems that the outside world has changed a lot."

"Yes, Father, the outside world has changed a lot. Now we are bombarding the seal and trying to break it."

However, Emperor Jinpeng said: "It's not the time yet. I have a hunch that it will be a while before being born. You are all in vain now. There is no need to waste energy."

Everyone stop.

Emperor Jinpeng said: "The shackles of heaven and earth will be broken, and when we break, it will be the day when our clan is broken. Not only my clan, I guess, other strong clan and even the most powerful clan will be born."

"Don't worry, time is not far away."

"The great world is coming soon. In addition, breaking the shackles and opening up the world will create a blessing, which can be contested, which is of great benefit."

Emperor Jinpeng's words fell, and his mental strength was reduced.

The seal was restored as before.

Ye Fan meditated, opening the heavens is indeed a big event, whether it is breaking the shackles of the heavens and the earth to make the practice smooth, it will also lead to many ethnic groups.

Not many ethnic groups are born now.

In ancient times, there were thousands of ethnic groups, and now there are not even thousands of ethnic groups.

"It is rumored that the open world is on the battlefield at dusk, where seems to be fighting the Supreme War."

"What kind of supreme battle?"

"It's fighting for the supreme glory of youth."

Jinquan's eyes were sharp, and he smiled and said, "Brother, why don't we have fun with such an interesting thing."

"Go and see."

Ye Fan looked at the golden beast and the sky-swallowing beast.

"what about you?"

"I just broke the seal and wandered around the world temporarily, to see it." Sky-swallowing beast said.

The golden beast said: "Let's go together, I am just born."

The two sides parted ways.

Ye Fan and Jinqun went back to the Tianzun Temple, and decided to take their sisters to the battlefield at dusk.

Anyway, the Golden Winged Roc must be relocated nearby, and there is a need to take care of it. The Tianzun Temple's defenses and technological weapons are also strong enough, so there is no need to worry about being attacked.

in addition.

Fang Rui's scientific research has achieved new results.

Manufactured communication chips.

This chip can spread regardless of distance, that is to say, even in the twilight battlefield, it can communicate with the Tianzun Temple, which is very convenient.

The size of a thumb, implanted in the body, without the slightest side effects.

This is more secure.

Once there is any trouble, Ye Fan will know it immediately and can rush back.

finally.

The eldest sister Meng Qingyi and the seventh sister Fang Rui flowed down.

The second sister Su Muyu, the third sister Han Bing, the fifth sister Zhong Ling, and the sixth sister Tang Ying followed Ye Fan and Jin Quan to the battlefield at dusk.

...

The battlefield at dusk, the Dead Sea.

The Supreme War continues.

In the beginning, Wu Lingjun and Xuanyuan Heroes were fighting, and neither of them could do anything about it. In the end, they truce and fix each other.

Then Murongxi and the others went to war.

Xiang Rulong and Shimo Young Master are clashing; Murong Huang is clashing with Dark Xiuhun, Murongxi is clashing with An Xiulan.

The son of Kunxu was fighting with the nine-tailed demon fox.

The battle is very exciting.

It lasted for so many days, and there is no sign of ending.

They rested for a while when they were tired, and then continued to fight.

Never ending in general.

This has led to fewer and fewer creatures watching the battle, and I feel boring. When this continues, when will I be heady?

The battle for the young supreme is not played like this.

If you want to fight, you will fight for life and death.

Supreme glory, defended by the use of life to fight for.

"boom!"

On this day.

Above the four seas, there was a bright brilliance, which stretched for three thousand miles.

The fighting below stopped.

All the creatures looked at that glorious brilliance, thinking that some great treasure was born.

Can be the next second.

The strong found that there was a creature in that brilliance, and the terrifying majesty permeated the audience, suppressing everything.

So strong!

This must be a detachment.

On the Dead Sea side, there are more and more strong people; not only that, but the strong heads also appeared.

For example, Ye Potian and Dugu.

Such as Wu Shentong.

For example, Xuanyuan Changhong, the head of the Xuanyuan clan who has always been mysterious, has appeared.

There are other strong heads.

Including the lord of the gods in the world of supernatural powers.

Before he left the sacred mountains and headed to Daxia, just for the battlefield at dusk, he appeared at this moment and looked at the brilliance of the Dead Sea.

To be precise, it is looking at the creatures in that brilliance.

"Finally appeared."

The **** master muttered to himself.

Who are the creatures in Guanghua?

On the summit of a ten thousand-foot war, the martial arts ability stood with his hand in his hand, looked over there, and said lightly: "The corpse king is really extraordinary."

That's right, the creature in that brilliance is the corpse emperor.

People who want to open up the sky.

He was already powerful and terrifying, he couldn't see his body and appearance, and he was hidden in the brilliance.

Gradually, Guanghai converged.

A grand battle platform appeared in the sky.

A battlefield of three thousand miles in vertical and horizontal directions.

It's really spectacular.

There was an uproar from below.

This is the supreme platform!

The battle platform built by Wu Lingjun was nothing compared to this battle platform.

"My, it's about to open the sky."

The faint words resounded through the world.

Into the hearts of every creature.

Rao is a detached person with martial arts ability, very shaking, and his whole body is tight.

"The corpse emperor, that is the corpse emperor!"

"So strong!"

"The Corpse Sovereign is also a detached person. I don't know whether he is stronger or weaker than Martial Skill."

"The martial arts ability has just been detached, and the corpse emperor has been detached for a long time, and the foundation is powerful and incomparable."

"What is the corpse king doing?"

"Could it be that you want to open the sky on that battle platform? That is the open sky battle platform?"

The discussion sounded like a mountain whistling a tsunami.

The entire evening battlefield was alarmed.

Especially the indigenous creatures, they are very nervous, because once the sky opens and the small world collapses, they will perish with it. This is their fate.

"Wu Kaitian, I will choose a person to share Kaitian responsibility with me, as the young supreme."

"From now on, the supreme war will begin."

"On this battle platform, you are participating in the supreme battle. If you admit defeat, you will be qualified for the challenge."

"The term is one month."

"One month later, there can only be one young creature left on the battle platform. If there is more than one, it will be completely wiped out by me."

"The young supreme will receive a nine-aperture golden pill and a big prophecy."

Chapter 1080: Real supreme war

It turns out that the corpse emperor appeared for the supreme battle.

There are two key points:

The first one, the young supreme can share Kaitian Fuze with the corpse emperor, this is simply a great fortune.

Once you get Kaitian Fuze, even if the corpse emperor only gives one tenth, it will also benefit infinitely, with strong luck, and unlimited future achievements.

The second point is the reward of the corpse emperor, the nine-aperture golden core and the big prophecy.

In ancient times, the Jiuqiao Golden Pill was one of the most precious panacea.

Of course, the nine-aperture golden pill in the hands of the corpse emperor must be far behind the ancient one. The efficacy of the medicine has gone by 99.99%, but it is only a trace, which is also very useful.

In addition, it is the big prophecy!

This is the top ten magical powers among the great magical powers, which can predict the future, which is terrible.

Big prophecy is one of the core supernatural powers of the Witch Clan.

The Wu clan is also the strongest clan.

Big prophecy is generally impossible to spread, is it possible that the corpse emperor is a creature of the witch race?

"let's start."

The corpse emperor uttered three words, and then disappeared out of thin air.

An enchantment appeared on the Supreme Platform.

This barrier is difficult to enter from the outside. This is the first assessment. If the connection world cannot be broken and cannot be entered, then it is not eligible to participate in the supreme battle.

The battle platform that spans three thousand miles is too big.

Can accommodate many young and powerful people.

No, Wu Lingjun was the first person to rush to the sky, Xuanyuan Heroes followed closely, and the two easily broke the barrier and entered the battle platform.

Immediately afterwards.

Murong Huang, Murong Xi, Xiang Rulong, Kunxu Saint Child, Nine-Tailed Demon Fox, Shimo Young Master, Dark Xiuhun, and Dark Xiulan all entered the battlefield.

Not only them, but new young and powerful men have appeared.

"boom."

A great demon, surrounded by black energy, tore open the barrier, descended on the battle platform, let out a series of cold laughter.

At this time, an old man shot.

"What is he doing!"

"At this time, the young strong man is fighting supremely, what did the old guy go up to do?"

Soon, everyone discovered that the corpse emperor didn't mention the age limit at all. In this way, wouldn't everyone have a try.

Many strong minds are fierce.

But suddenly, the old man sent out to participate, and his body suddenly burst into flames, burning him alive to ashes, something in the blink of an eye.

"hiss."

Countless creatures took a breath.

The old man is not simple, the pinnacle overlord's deep level background is very strong, and he fell in such a blink of an eye.

very scary.

Everyone knows that although the corpse emperor did not mention the age limit, the enchantment has an audit mechanism.

Once he has passed his age, he will be burned to death by a mysterious flame.

No one dared to fool around anymore.

Gradually, new young powerhouses came, and more and more, they were all dormant before, it was because Wu Lingjun himself engaged in the supreme battle, and they didn't even bother to participate.

Now that the corpse emperor has come forward, the real supreme battle has great benefits, and no one can bear it.

Wu Lingjun's face was deep, seeing more and more young powerhouses, some of them even threatened him, and his mood was very bad.

They all looked down on him before daring to love him.

Look down on the supreme battle she has brought forth.

This gave Wu Lingjun a great psychological blow.

"It will last for a month, time is tight, let's get in, everyone." The big demon lingering in the black energy was the first to make a move, eyeing a human powerhouse.

The war is about to start.

Great melee on the battle stage.

Moreover, the melee became more and more fierce, because there are still young and strong entering the battlefield.

The battle was fierce.

Some young strong men were beheaded and fell on the battle platform. Soon their bodies were trampled and exploded. There were no bones left, and they died violently.

No one sympathizes or regrets.

Because the young supreme must have stepped on countless bones to climb up, needing blood and fire to wash.

It's tragic!

Only the more tragic, the stronger the young supreme born.

who can that be?

This was an expectation, and even many strong heads did not leave and stopped to wait and see.

It's only a month, not a long time.

...

Ye Fan and his party returned to the battlefield at dusk, and immediately heard about the Emperor Corpse's opening of the Supreme War.

"Brother, there are so many benefits to get the Supreme Glory. You can share the blessings of the sky, and you can also get the nine-aperture golden pill and the big prophecy."

"The corpse emperor is really generous."

Jinquan is eager to try.

However, he understood that Ye Fan would also participate, and it would be embarrassing if the two of them fight in the end.

The Jinpeng clan is arrogant, but very principled.

The more arrogant and arrogant people are, the more principled they are. They disdain to eat and instead; since Jin Quan considers Ye Fan to be the eldest brother, he won't have any thoughts.

He thought, go to the supreme platform to play, if it is the best to go to the end, if you run into Ye Fan, then take the initiative to jump off the platform and surrender.

Ye Fan smiled and said: "One month, there is still time, don't worry."

"Jinquan, sisters, I'll take you to the Magneto-magnet vein and help you forge your body."

Come to the magnetite vein.

Magnetic Emperor said: "Ye Fan, the corpse emperor has appeared, and the sky is not far away."

"I see."

"You have to fight for the glory of being young, which will give you endless luck. Remember, luck is very important, and it is related to your future cultivation."

"clear."

"Gold Wing Roc has also been born. It's great. Go to the outside world to see the truth." Magi Huang sighed, and then together with Ye Fan, using the heaven and earth oven and the primordial magnet power to forge the bodies of Jin Quan and his sisters.

By the way, the Young Master Yuanci also came in.

He gave the Magnetite Mother Stone to Ye Fan, his vitality was greatly injured, and Ye Fan decided to polish the body of the Magnetite Young Master.

A large amount of resources have been invested in.

Magneto doesn't stop doing two things, so he has no scruples.

Anyway, the sky is about to open, the world is going to collapse, and the resources will not be taken away, and everything will be wiped out.

It's better to use them all now.

Gradually, Ye Fan and Magnetic Emperor came to a big deal, and sent some extremely talented Metamagnetic Beasts into the furnace of heaven and earth.

Countless resources are invested.

You know, Yuan Ci Beast has survived in this small world for so many years, and the accumulated resources are terrifying.

Under the impetus of the different fire, the oven of heaven and earth ran wildly.

Inside, Jinquan, sisters, and Yuanci beasts endured pain, but it was worth it. Their physical strength was increasing.

After half a month.

Everything is calm.

Jin Quan was the first to rush out. He opened his dual wields, and the golden feathers flowed with brilliant brilliance, making people afraid to look directly at him noble.

The physique of Su Muyu, Han Bing, Zhong Ling, and Tang Ying have also strengthened, and they have been re-developed and their strength has grown.

The Young Master Yuanci benefited the most, all his injuries recovered, and he even went a step further and entered the realm of the pinnacle overlord.

Other metamagnetic beasts have also improved.

Ye Fan smiled and said, "Yes, now we can go to the Supreme War."

Jin Quan was very excited, "Walk around, I want to practice my hands, suppress a few big monsters as pets."

Young Master Yuanci smiled and said: "Speaking of the big demon, the nine-tailed demon fox appeared."

"What, nine-tailed demon fox?"

"Yes."

Ye Fan's eyes flickered, he needed the great charm of the nine-tailed demon fox.

Because Ye Fan wanted to obtain the God Slashing Skill of the Sky-Splitting Diao Clan Master, but it couldn't honestly call it out.

The way is to use the Protoss mind reading technique to read the memory, but the mind reading technique requires the other party to actively open their hearts.

Therefore, there is a need for a great charm technique to confuse, and let the Master of the Sky Splitting Diao open his heart.

Now that the Protoss has the mind-reading technique, Emperor Teng can read the mind-reading technique; it lacks the big charm technique.

Once he obtains the God Slayer Technique, Ye Fan will have an invincible way of restraining his spirit and body.

At that time, Ye Fan really wanted to be invincible.

If you add spiritual detachment and become a detached person, Ye Fan is sure that he will be the first person!
