

Elegant SS 1091

Chapter 1091: Last chance

The Tianzun Temple base has been completely destroyed, with countless casualties and heavy blows; everyone is still struggling to support it, however, as time goes by, everyone is almost at a loss.

There are too many strong imperial leagues.

One Jiang Wudao contained a lot of power.

Moreover, Jiang Wudao fought harder and harder, and the big formation was almost unable to hold on.

Once the formation is broken, it will be powerless.

The battlefields are fierce.

The real person Tongyou and the ancient evil demon used the Taoist secret palace to deal with the cracked sky mink clan. This young clan master was too terrible, and the god-cutting technique was strange and unpredictable, so he had to be careful.

Yuan Magnetic Emperor and the others maintained the formation and suppressed Jiang Wudao.

The reinforcements of the Xiang Clan and the Ye Royal Clan were to deal with the Imperial League. Of course, if it were not for the assistance of the Hengtian Cannon, the two clans would be far from the opponents of the Imperial League.

As the world changes, more and more ethnic groups are born, and more and more have joined the Imperial League.

There are now three hundred and eighty ethnic groups in the Imperial League.

Large and small.

Today, I didn't kill all of them, but passed a hundred races.

The power of a hundred ethnic groups is so terrible. The downside is that they all have careful thinking and abacus. They don't want their ethnic group to sacrifice too much and have scruples.

The situation is getting worse.

Before the disaster Tiangong, Fang Rui calculated frantically, however, there was no result.

Xia Tongzi also used big deduction skills to deduct the battle.

I don't know why, nothing can be calculated, it seems that there is a mysterious force interfering.

The two stopped at the same time.

Fang Rui said solemnly: "No, Jiang Wudao has become the supreme, and he has infinite luck, which can interfere with the calculation."

Xia Tongzi looked desperate.

There is really no way out.

The only thing I can pray for now is that the Sky-Swallowing Beast and the Golden Beast will come back. The Sky-Swallowing Beast is a detachment and will surely suppress the overall situation.

Even the return of the Golden Beast is a big help.

suddenly.

Several alien masters at the peak overlord level stared at Fang Rui and killed them with a grinning grin.

"not good."

Xia Tongzi was shocked.

However, these clan masters exploded inexplicably and turned into a cloud of blood mist, and a big demon appeared on the disaster palace.

He opened his mouth and inhaled, and all his energy was swallowed.

"Sorrowful."

The strong men of the Nether tribe who were watching secretly were surprised.

Unexpectedly, Jumei would come to help.

"Ye Fan actually fell!"

He slapped his tongue, and the meaning was still unfinished.

"Isn't that kid's fate, he really fell, I remain skeptical."

"No matter what, save you guys and get a good destiny."

This is, over a dozen clan leaders have been killed from the Imperial League.

"Yuan, these people are going to die, and you have a good bond with your sister, you actually intervened to fight against our emperor alliance, don't you want to live anymore?"

"What a **** Emperor League, each has its own calculations, it's just a mess. When I do things, I still need to look at your faces? What are you guys."

Su Ma roared and made the sound of thunder.

"Get down to me."

Great law decree.

Ye Fan's magical powers were still taught by Suma.

More than a dozen clan masters are just ordinary peak overlords, and Ju Ma has been practicing crazy these years and is already a powerful head.

Say what you say.

These clan masters fell in anger.

"Blast me."

At the next moment, Juma cast a large expansion technique, and the bodies of these clan masters swelled up.

"not good!"

"Suppression!"

Some clan owners suppressed or dispelled the power of expansion, and a few clan owners were unlucky and exploded without such means.

Bibi once again swallowed the essence of qi and blood.

"Hahaha, what a good place, I want to devour more essence, I also want to be detached."

The emergence of Bibi caused some blows to the Imperial League.

The pressure on the Xiang clan and the Ye royal clan is less.

Taking this opportunity, Fang Rui said: "Everyone of the Nether Clan, please come over and see you."

Wow.

Guanghua appeared behind Fang Rui's head, covering the area of the disaster palace. It was impossible to see the situation inside, even if the pupil was different.

This is the light of technology, a kind of ability of the optical brain, which can cover everything in the world.

Now Fang Rui only comprehends the fur.

"The light of technology?"

"Yes, you can't see through from the outside, you can come here with peace of mind."

In a moment, a group of Nether Race and the Young Master appeared.

The old people of the first group have a fierce mind, and now he shoots, he can definitely take the core and get the technology light brain.

But.

For some reason, the First Clan elders have some fears.

Since Fang Rui dared to let them over, there must be some trump card, they knew the terrible technology and brain.

With a technological optical brain, he must be the smartest person in the world.

Be careful when dealing with smart people.

The first tribe veteran suppressed his thoughts and asked, "What's the matter?"

"Please also take action to help open the disaster palace."

"no."

The first family elder shook his head: "The Disaster Temple is a holy artifact of my Nether Clan. You have to open the Disaster Temple to deal with the Emperor League and Jiang Wudao. If there is damage to the Temple, what should I do!"

Fang Rui said: "The Disaster Temple was built by the ancient saints of your Nether tribe. It is a sacred object and cannot be destroyed at all."

"The disaster Tiangong opens, how do you deal with the Imperial League and Jiang Wudao, do you want to introduce them into the Tiangong?"

"Don't worry about this. I have my own way. I hope the clan elders can help this."

Fang Rui's voice was cold, her eyes gleaming brilliantly.

It even made the First Clan elder tight all over.

It seems that if this doesn't help, there will be some trouble.

The Nether Clan expert discussed for a while, and finally the First Clan Elder said: "Okay, we will do this for you, but if something uncontrollable happens, we will take away the disaster palace."

"Can."

"Then let's start."

Fang Rui secretly breathed a sigh of relief in his heart as he watched the Nether Clan move his hands.

In fact, she is only strong in the outside world.

There is no hole card at all.

Fortunately, the powerful Nether clan was bluffed.

As for what to do to open the Disaster Temple, Fang Rui did have some ideas, but he didn't know if he could succeed.

"Rumble."

At this moment, the door of disaster appeared.

Disaster Temple opens.

Fang Rui entered the disaster palace alone.

She Zhenfang's light of science and technology spread, and soon she chose to find the ancient road leading to the origin of the disaster.

Fang Rui embarked on the ancient road to the land of origin.

In recent years, the origin of the disaster has also grown, and at the same time, it also gave birth to this broken ancient knife and a peerless killing array.

"what?"

Fang Rui was surprised.

She actually wanted to induce the origin of the disaster to come to the outside battlefield and directly obliterate everything.

Needless to say the horror of the power of disaster.

Unexpectedly, two ancient treasures were discovered, and after being bred by the power of the original source, the broken ancient sword and the Peerless Killing Array had already recovered some power, which was heart palpating.

Fang Rui used the light of science and technology to penetrate the origin of the disaster, and grabbed the broken ancient knife and a peerless killing array.

Then she went back outside.

"Golden Spring."

Fang Rui's voice transmission.

Jinquan, who had been wounded before, had been swimming and harvesting, and Fang Rui was summoned, and he came.

Discovering a strong Nether clan, his aura became fierce.

"My own person."

"Oh?"

"Not much to say, you can use this ancient knife and a corner killing array to deal with Jiang Wudao and the Imperial League."

Jin Quan saw the broken ancient knife with its feathers upside down. "A powerful ancient knife contains terrifying power and can give Jiang Wudao a fatal blow."

"This corner of the killing formation is also terrible, it's great, we can fight back."

Jin Quan left with the ancient knife and the killing array.

He handed the killing array to the Xiang family and the Ye royal family, and let them wait for the opportunity to arrange the killing array.

And he himself, shouting the broken ancient knife in his mouth, rushed towards the Zhou Tianxing formation.

at the same time.

Han Bing also opened his eyes.

The **** magic sword in her hand had already accumulated a very high level of power, and she decided to take action to assassinate Jiang Wudao.

One by one rushed into the big array.

Standing in the center of the big formation, Jiang Wudao was extremely mighty, and with every punch he could explode the power of countless stars.

It can be said that Zhou Tian's star battle array has been riddled with defects.

After a while, Jiang Wudao would be smashed open, and the consequences would be disastrous.

But this time.

Jiang Wudao had a foreboding of a crisis.

"Little Golden Bird, you dare to come"

Jiang Wudao sneered disdainfully.

However, Jin Quan did not respond. His eyes were shining with golden light, and his speed was increased to the extreme. The power of the bloodline was exploding, turning into a golden light, flickering in the large array, waiting for the opportunity to move.

the other side.

A strong blood and blood came from Han Bing. She was holding a **** magic sword, leading a long **** river.

"cover."

Yuan Magnetic Emperor shouted.

He manipulated the ancient bronze coffin, smashing it heavily, and the heavy force caused the earth to collapse.

Jiang Wudao offered the Saint King Order to meet him.

"boom!"

Both flew out again.

At the moment of this collision, Jin Quan shot, he swooped down, appeared in front of Jiang Wudao like lightning, opened his mouth, and spit out the ancient knife.

With terrible power flowing in that ancient knife, Jiang Wudao's head was beheaded.

"what!"

Jiang Wudao was alarmed, his hair standing upright.

This broken ancient knife frightened him, what kind of ancient treasure is this, so terrible.

at the same time.

Han Bing also shot.

She seemed to be fused with the Scarlet Demon, piercing through, piercing Jiang Wudao's body, and nailing him to death in the air.

it's not finished yet.

The Zhoutian Star Fighting Array also broke out in its final glory.

All the power of the stars converged, combined with the energy of powerful people such as Yuancihuang, turned into a sharp blade, and the goal was Jiang Wudao's eyebrows.

Three ultimate moves.

Anyone with a strong head will fall.

Jiang Wudao also had a life and death crisis.

"open!"

At a critical juncture.

Jiang Wudao didn't hide it anymore.

He finally opened the ninth sea of air.

Different from the other eight air seas, this ninth air sea is extremely terrifying, and seems to be the sum of the previous eight air seas.

Jiang Wudao's physical body seemed to be sublimated and detached at this moment; he fisted and flew the broken ancient knife, and slapped Han Bing and the Scarlet Demon Sword with the palm of his hand.

Hardly resisted the star blade.

"puff!"

Jiang Wudao spouted blood.

The star blade brings together all the power of the stars, plus the energy of strong people such as the Magneto Sovereign, which should not be underestimated.

However, it was just an injury.

"break!"

Jiang Wudao hit the ground with a punch.

Turn upside down.

Zhou Tian's star battle array exploded, and the powerful emperor Yuanci flew upside down, blood spurting wildly.

This scene stopped other battlefields.

Jiang Wudao stood proudly between the sky and the earth, his brows were full of arrogance and self-confidence, and his body conveyed shocking power.

Even those with strong heads are all crippled.

What kind of body is that!

How terrible the Nine Aperture Golden Pill was, it was able to build Jiang Wudao's physical body to this level.

It's incredible.

Could it be that the nine-aperture golden pill given by the corpse emperor was a real panacea, and did not lose much power?

Hey, Jiang Wudao is really lucky.

He is invincible now.

The nine seas of air are opened, and his body shines with brilliance, exuding infinite power. The nine seas of air are connected, and the power is doubled one after another, giving him infinite strength and energy, allowing him to reach the sky.

"You did a good job, and you forced me to open all nine seas of anger. This is something I didn't expect when I came here."

"But let's stop here."

"You are all on the road"

Chapter 1092: Fang Rui's Spicy

"hateful!"

Fang Rui's expression darkened as she saw Jiang Wudao broke the lore, and she quickly rushed into the Palace of Disaster, into the Land of Origin.

"Different-dimensional channel, open!"

The technology optical brain has been developed to a certain degree, and it can use the method of different-dimensional channel.

Not only, Fang Rui just touched this threshold now, and didn't grasp it at all.

She is now risking her life by forcing it.

Once there was an accident and the optical brain was damaged, she herself became dementia, and even died of severe mental deprivation.

When Fang Rui was racing against time, the outside world, the war subsided.

All eyes were on Jiang Wudao.

At this moment, Jiang Wudao is too strong, too arrogant, and no one can fight.

The foreign race imperial leagues evaded and did not dare to grab resources with Jiang Wudao.

The most terrifying thing is.

The people from the Zhuxian League came, and those large descendants came and became Jiang Wudao's backing.

With the improvement of the environment of the world, the power of the great descendants gradually emerged, and they received a stable inheritance.

"Asshole."

Seeing the people from the Zhuxian League, the big guy on the Tianzun Palace was very angry.

This group of cluttered walls.

Their choice is destined not to be a major event.

Jiang Wudao looked down below, with a dominating attitude, he said contemptuously: "Now, what hole cards do you have?"

"no yet."

"Only this level? What kind of heavenly hall, the deity can be destroyed by its own power."

"If you fall and surrender, I can spare your lives."

"Think about it in a minute."

"In one minute, the deity will kill."

Jiang Wudao said calmly, completely ignoring everything.

This posture is desperate.

Everyone gathered in the ruins of the dilapidated Tianzun Temple, and everyone was seriously injured.

this moment.

The Emperor Yuanci said: "Everyone, I have done enough and I am leaving."

"Want to go?"

Jiang Wudao drank coldly.

The Emperor Yuanci snorted: "Jiang Wudao, I want to go, no one can stop it, not even the detached person."

"The magnetism exploded."

I only saw a huge explosion of Magneto's supernatural power between heaven and earth, and Magneto's emperor disappeared.

Jiang Wudao's face sank, but he didn't say anything.

"Huhuhuhu."

At this moment, the Jinpeng clan descended.

The lord said: "Jinquan, you can go, you have done enough."

Jinquan's eyes flickered without words.

Min Dong said: "Jin Quan, you go, there is no need to stay to die. If you become a strong man in the future, remember to avenge us."

Jinquan moved.

Then he sighed and rose to the sky.

"Little Golden Bird, do you want to go too?"

"Jiang Wudao, you want to be an enemy of our Jinpeng clan? Are you sure?" Lord Jinpeng spit out a golden seal.

The breath between heaven and earth has changed.

This is a big seal.

Jiang Wudao's expression became deep again.

"go!"

The Jinpeng clan left and disappeared in the blink of an eye.

Jiang Wudao laughed suddenly and said, "Anything else, who else is going to leave?"

"Nalan."

Tongyou real person shouted.

Nalanruo's face was complicated. Before he could speak, Jiang Wudao shouted, "Old lady, do you want to take someone away when I save you?"

Master Tongyou and Ancient Evil looked at each other, controlling the Taoist Secret Palace, and then grabbing Nalan Ruo to leave.

"court death!"

Jiang Wudao punched out.

The Taoist Secret Mansion suddenly burst into light and opened a punch.

They also left.

The people in Tianzun Hall gritted their teeth.

The Taoist Secret Palace belonged to the Tianzun Palace, so it was snatched away.

Damn it!

The creatures who were watching the battle were also sighing, the Temple of Heavenly Sovereign had been so miserable now that the treasures were taken away casually.

"any left."

Jiang Wudao shouted coldly.

Luo Hong said: "Little Bai Xiaojin, you go."

Xiaobai is a Xingyue Yutu, and Xiaojin's bloodline is back to his ancestors. Both have infinite potential and will surely be able to defeat Jiang Wudao in the future.

Of course, Jiang Wudao also thought that it would be impossible for Xiaobai and Xiaojin to leave.

"Set up an array."

Jiang Wudao issued the order.

The descendants of the Zhuxian League left and set up the formation, besieging everyone in it.

"It's a minute, isn't there anyone to surrender?"

"In that case, I can only apologize."

"Go and reunite with Ye Fan."

Jiang Wudao opened his arms and was about to perform a lore. Suddenly, the world was in great turmoil, and a heart-palpating force flooded in.

The sun and the moon are dull.

The mountains and rivers tremble.

All the creatures are standing upright.

Jiang Wudao was wary.

Suddenly, a huge crack appeared in the sky above the Tianzun Hall sub-base, and a series of spatial storms washed out.

The army of the Imperial League was affected, causing a large number of deaths and injuries.

This is not the most terrible.

In that crack, except for the terrible power, it is the power of disaster and the power of the source.

Fang Rui succeeded.

The different-dimensional channel was opened, directly conveying the power of the origin of the disaster, the turbulent power of the origin, destroying the sky and the earth.

"Quickly enter the ancient bronze coffin."

Han Bing shouted.

Everyone entered the ancient bronze coffin.

At the same time, the light of science and technology rushed out and grabbed the ancient bronze coffin and entered the Temple of Disaster. Xia Tongzi, the little virgin, Yu Qianer, and the unconscious Meng Qingyi had long been taken in.

"closure."

Fang Rui stopped drinking, the light of technology exploded the door of disaster, and the palace of disaster closed.

The Nether Clan powerhouse is shocked and suspicious.

The first family veteran exclaimed: "It's not good, the origin of the disaster has been communicated, **** it, it's overdrafting the disaster palace."

"what!"

"The origin of the disaster has been exhausted, causing great damage to the heavenly palace, and even the inner space of the heavenly palace will collapse."

"Quickly open the door to disaster."

Nether clan powerhouses joined forces.

However, it cannot open the door to disaster.

The old face of the first family was extremely ugly, and shouted: "The light of technology has blocked everything. We can't communicate the origin and open the door to disaster."

If you want to open the door of disaster, you actually use the art of catastrophe to communicate the origin of the disaster, and only when you get the approval of the origin, will you open the heavenly palace.

But now Fang Rui uses the light of science and technology to cover everything, and the Nether Clan can't communicate the origin at all.

Although the different-dimensional channels are flushed out of the original source, they cannot communicate with the original source through the different-dimensional channels.

The different-dimensional channel is too weird, there are countless spatial turbulences and storms, even if you open the channel, Fang Rui can't control it now.

What if there is a catastrophe in the world.

She can't control that much.

The place of origin.

Everyone enters.

Not only the backbone leaders, but even the soldiers were recruited.

There are still 300,000 soldiers remaining in the Tianzun Hall.

This is not a small force.

"Little Seven."

Everyone is worried about Fang Rui's state.

Yu Qianer hurriedly performed a major treatment technique.

But Fang Rui said: "It's useless, I forcefully used the different-dimensional channel, and I was backlashed. This kind of mental trauma is too weird, and the big healing technique is useless."

Yu Qianer said: "Don't worry, I will try my best to comprehend Taishang Medical Classics, there must be a way."

"I'm going to fall asleep."

Fang Rui said something.

Everyone was silent, knowing that Fang Rui still had something to explain.

After a while, Fang Rui said: "I use the different-dimensional channel to transmit the power of the origin of the disaster to the outside, which will cause a huge disaster, which can deal a heavy blow to Jiang Wudao, Zhuxian League, and Foreign Imperial League."

"I use the light of technology to cover everything. The Nether Race currently cannot open the disaster palace. We are safe now."

"But it can only last for three years."

"In three years, if I don't wake up, the light of technology will disappear, and the Nether Race will open the disaster palace. At that time..."

"These three years are the golden period, so you must work hard to cultivate. I have forcibly calculated the gateway to the central area of the disaster palace."

Fang Rui waved.

A portal appeared in the source.

That portal was the portal that Qi Baixian lured Ye Fan into at the beginning.

"You go to the central area."

"how about you?"

"The maintenance of the disaster palace requires the origin, and cannot convey all the power of the origin; I have forcibly incorporated some of the origin into the body, and I am now a part of the origin of the disaster, and I sleep in the land of the origin."

Everyone was shocked.

Fang Rui actually incorporated part of the origin of the disaster into his body. This had to be how much pain and danger he had to endure.

The sisters wept.

Indeed, Fang Rui paid a huge price. She is in pain now, but the technology optical brain is very powerful and can be suppressed temporarily, so that she will not be killed by the origin of the disaster.

Three years.

Only three years.

"One more thing, I calculated the eldest sister, although there is no substantive information, but the physique of the eldest sister is not simple."

"Find a way to awaken the eldest sister, maybe bring us back to the top."

"I'm going to sleep."

Fang Rui looked at everyone one by one, and was very disappointed, because she didn't know if she could wake up.

If she doesn't wake up for three years, she will die.

Fang Rui fell asleep.

The sisters burst into tears, there was no way, they could do nothing, they came to the central area through the portal.

it's here.

There is no danger, and the environment is much better than the outside world.

There are countless resources here.

"Cultivation, I want to become stronger, I want strength, so that I can protect my family and friends."

Yes.

In this chaotic world where the weak and the strong eat, strength is the kingly way, and everything else is empty.

Everyone is scattered.

I went to practice separately, and some were looking for the treasure to pass on.

...

And the outside world.

Really turned upside down.

Two-thirds of the disaster's origin force was washed out, how terrifying, the sky broke and the earth broke in an instant.

The army of the Imperial League was almost completely wiped out.

Because there is no time to escape.

too fast.

When disaster strikes, who can escape.

The human race who was watching from afar also suffered a huge blow.

Zhu Xianmeng and Jiang Wudao bear the brunt.

Some major descendants of Zhuxian League have fallen.

Because Jiang Wudao was in front of him, he suffered from the first source of terror and disaster.

His breath is decayed, heaven and man are five decayed.

"Asshole!"

Jiang Wudao was furious.

"Golden body is invincible."

Jiang Wudao roared wildly, nine masterpieces of Qi Hai light, seem to be fused together to prevent the invasion of the power of disaster.

He was angry.

Tianzun Temple actually has these other methods.

The power of the origin of the disaster.

horrible.

Jiang Wudao could only retreat.

Because the ruins of the Tianzun Temple base were shrouded in the power of terrible disasters, he entered a nine-dead life; the disaster Tiangong was hidden in it, majestic and motionless.

even.

The disaster palace shone with halo and seemed to be recovering.

This is because, as the name suggests, the disaster palace requires disaster to restore strength.

The catastrophe broke out here, and it was very conceived with the catastrophe Tiangong.

In this big battle, no one got the benefit in the end.

It is true that the Tianzun Temple base was destroyed once, but none of the backbone of the Tianzun Temple died.

On the contrary, the Imperial League suffered heavy losses.

Zhuxian League suffered a blow.

Although Jiang Wudao didn't suffer a heavy blow, he didn't have any brilliance on his face, and he was finally pitted by the Tianzun Temple.

"Zhu Xian League, stationed here, no one is allowed to enter the ruins, no one is allowed to attack the disaster heaven."

"When I get detached, I will smash the catastrophe heavenly palace, pull them out one by one, tear them up alive, and become my blood."

Chapter 1093: Prelude

The ruins of the Tianzun base gradually became quiet.

According to the instructions, the Zhuxian League was stationed at a distance of hundreds of miles away.

With such a terrifying disaster origin power, the strong men of the Nether tribe couldn't take the disaster palace away, and there was also Zhuxian League staring at it.

Here, the center of the disaster, Tiangong can absorb the breath of disaster and restore power, which is not bad, so the Nether Clan left a few clan elders to guard in secret, and the others also left.

Next, a great war broke out.

What fight?

It was Kunlun's human forces that united and launched a campaign against the foreign imperial alliance.

The Foreign Race Imperial League suffered a great loss this time.

However.

There are hundreds of ethnic groups in the Imperial League, and only one hundred have suffered a heavy loss this time, and there are still many ethnic groups that have not moved.

The Human Race Kunlun Alliance and the Imperial League did not go to war for long. It was only one month before the Human Race Alliance collapsed.

In the entire Kunlun, the Alien Imperial League became the strongest strength.

The Human Race could only use the three Kunlun giant cities as their bases to fight against the Imperial League. In a blink of an eye, it was the third month.

this day.

Disasters occurred in various places on the battlefield at dusk, and some corners and corners even began to collapse.

This shocked the native creatures.

The small world is about to collapse.

It's impossible, the opening of the sky is already in progress!

"boom."

On this day, in the middle of the battlefield at dusk, above the Wanzhangbao Mountain, it bloomed with extreme brilliance.

Reflect the small world.

All the creatures felt it, an inexplicable shock, coming towards Baoshan.

At the same time, there was movement from the outside world.

The entire Qinling Mountains were shrouded in mysterious brilliance, and a large number of powerful men arrived and entered the battlefield at dusk.

at the same time.

The mountains of the gods in the far west.

The main **** Phucis received the decree of the lord of the gods. He summoned the other main gods and said: "Everyone, the decree of the lord of the gods is reached, and the battle of Shenwu can start."

Rumbling.

The breath of the ten main gods trembles.

Each of them is equivalent to the powerful head of the Daxia martial arts world, and there are many gods underneath, and their strength is terrible.

An army of countless abilities was dispatched.

Cross the ocean and head to Daxia.

The atmosphere of the world is tense.

But most human beings didn't know what was going to happen, only felt that Da Xia and Eagle Nation directly had friction again.

Come back.

In the evening battlefield, more and more powerful men gathered.

Among them, the strong heads all appeared.

Everyone is waiting.

The figure standing on the top of the Baoshan Mountain is the corpse emperor.

He wants to open the sky.

This is so exciting.

But.

The corpse emperor did not move immediately.

He seemed to be waiting for something. At a certain moment, the corpse emperor spoke, and the voice seemed to come from the nine heavens, conveying all directions.

"Today, I open the sky."

"But, before opening the sky, I have to do one thing."

"Where is the Emperor?"

The corpse emperor spoke, and the strong were shocked.

Emperor?

Daxia Renhuang?

The corpse emperor is going to confront the human emperor?

Why!

In the distance, on the top of a mountain, there was brilliance, and a figure stood in the brilliance, invisible in appearance, but with endless majesty.

As soon as this person appeared, all the strong felt inexplicable pressure, even the detached martial arts power.

"Emperor!"

Wushen power was shocked and suspicious.

"Human Sovereign has cultivated the imperial power, it is impossible, unless he is inherited from the Great Emperor of Human Race."

"It's worthy of being an emperor. I haven't shown the landscape for many years. I didn't expect it to be so terrible."

"What is the corpse king doing!"

On the top of the mountain, the emperor said: "Scorpion emperor, you want to see me, I'm here."

The corpse emperor said: "I want to open the sky, you are willing to help me."

"It is a great thing to open up the world, so naturally help."

"Well, how about using the head of your item?" The corpse king said astonishingly, causing the creatures to stand upright.

what!

The corpse emperor was so brave that he wanted to take the head of the emperor's neck, and that's okay!

The emperor smiled and said, "If you have the ability, you can come and get it."

Suddenly, the swords were drawn.

Two sea-like majestic breaths collided in the air, the sky was torn apart, and the earth cracked. This is the clash of the strongest.

"I will use your head to pay homage to the heavens."

"I am honored to say that."

"Yes, I planned for so long, just for this step. It's just that I didn't expect the world to change so fast. But it doesn't hurt, it doesn't hurt."

The corpse emperor's domineering survey recorded, with a wave of his hand, suddenly the sky tore apart, a space crack appeared, and the mysterious aura fell down to irrigate the corpse emperor.

That is infinite luck.

The emperor said: "In the beginning of the Dragon Slaying Plan, you wanted to kill the strong to intercept your luck. You want enough luck to help you open the sky."

The corpse emperor said: "Yes, this is indeed the idea. I have obtained the great catastrophe technique and can intercept his fate. However, the plan cannot be changed. As I said earlier, the world changes too fast, and the clans are born."

The emperor said: "Isn't this very good? The clans are born, and there are more and more powerful people, enough for you to kill and intercept your luck."

"No."

The corpse emperor shook his head and said lightly: "Too many kills will cause karma, and there may be changes when opening the sky. I changed my mind and decided to detach myself first and look for the secret treasure of the sky."

Human Emperor said: "So, you got the Kaitian Secret Treasure."

"good."

"The hard work has paid off, and I finally got the Kaitian Secret Treasure, but there is still one thing missing, that is, your offerings to the heavens. You are the emperor, and it is better to use your head to pay tribute to the heavens."

"Human Emperor, you just said that opening up the sky is a great thing to benefit all the living beings. As the Human Emperor, you should take care of all the living beings. Why don't you dictate yourself and save trouble."

"Hahaha."

The Emperor laughed.

For a moment, he said jokingly: "You can open the sky, what can't the emperor do? It's better to use your head to pay homage to the sky, and I will walk this way."

The corpse emperor's voice is cold: "It seems that we must have a big battle."

This is indeed the case. "

"Sovereign, you must die. I have planned for a long time. Although many of the arrangements have lost their effect, the current me is enough to kill you."

"Come on then."

The dialogue between the two emperors conveyed a lot of information.

All the creatures finally understood the methods of the corpse emperor, and they wanted to kill the strong to intercept their luck and help him break the ground.

Later, he changed his mind and looked for the secret treasure of Kaitian.

No wonder.

It's been a long time since the strong of the corpse organization appeared.

It turned out to have changed the way.

The two emperors collided, and the small world trembled in an instant, and many places collapsed.

They are too strong.

Countless creatures watched the battle.

This is a big event that concerns all living beings.

Who can be better?

Who can open the sky?

The most important thing is that the two emperors are very mysterious, until now no one knows what they look like.

They are hidden in the brilliance.

"hold head high."

The human emperor is surrounded by dragon energy.

He is the emperor of a country and the emperor of the true dragon. He cultivates the golden dragon body, and he can only see his gestures and has a strong power.

Dragon fist.

A golden dragon burst out.

the other side.

There are many ghostly shadows around the corpse emperor, and between his shots, it seems that heaven has turned into hell.

Countless skeletons and ghosts killed the five-clawed golden dragon.

Extreme collision.

The grand occasion is unprecedented.

A rare encounter.

Wanzhang Baoshan was beaten and collapsed. In this respect, the world was directly shattered.

Countless space turbulence storms rushed out.

But.

That terrifying space storm, but I couldn't get close to the two emperors at all. The aftermath of their battle was enough to wipe out the ashes of the space storm.

So strong!

Worthy of being the strongest.

This level of battle is actually very fast, and the battle is nearing its end after an hour.

Both sides are fighting frantically.

at this time.

A big Buddha turned out to be suppressed, and the target was the emperor.

"Buddha, I have been waiting for you for a long time."

Zongsheng Princess Yin Xiu appeared, and he slapped it out, defeating the phantom of the Buddha.

The Buddha of Buddhism appeared.

He was already detached, a "swastika" mark appeared on the center of his eyebrows, and he stepped on the thirty-sixth grade golden lotus platform under his feet, really like a Taoist Buddha.

"Yin Xiu, you are not my opponent, step back."

"Yes?"

Yin Xiu sneered.

Then, the breath of the detached one burst out.

The Lord Buddha narrowed his eyes and said coldly: "You hide so deeply, you are also detached. If that's the case, then fight."

"Just to my liking."

One is the first person in Taoism.

One is the first person in Buddhism.

The two sides are originally contradictory opposites.

At the moment the war is up.

The Buddha master shot a few fiercely, and the six-character mantra kept uttering, and the whole sky was suppressed by the golden light.

Yin Xiu's Taoism is natural and flowing.

He seems to be fused with the heaven and the earth, holding the Taoist handprints, he casts an immortal curse, immortal himself.

"Uninteresting."

The Lord Buddha was a little impatient.

He opened his arms, suddenly mastered the Buddha's light, and shouted: "Great Pudu technique."

The degree of Buddha light.

Such a strong degree of strength.

Once irradiated, it will be reduced.

The spectators were horrified.

However, Yin Xiu was not afraid of it, he cast a large body protection technique, cast a spell.

"Heart-Cleaning Curse."

The power of the spell spread.

The Buddha's light was blocked and even cleaned.

"hateful."

The Buddha's face was ugly.

Just now.

The space shook, and the lord of the gods of the supernatural power world came, and he shot Yin Xiu:
"Decompose the divine fist."

This punch contains the power of decomposition.

Once hit, the body collapses and breaks down into the most primitive particles.

"what!"

Yin Xiu was shocked.

Unexpectedly, there will be a sneak attack.

"Undefeated King Fist."

At a critical juncture.

Wu Shentong took this blow, and his undefeated Emperor Fist was like a broken bamboo, breaking the power of decomposition.

"The gods of the Western supernatural power world, let's compete."

"You can't do it yet."

The God Lord looked cold and proudly said: "You have just achieved detachment, and your background is insufficient. You are not my opponent."

Wu Shentong was not angry or happy, and said lightly: "How can I know if I don't try it."

"Stubbornly stubborn."

God Lord shot again, and his superpowers emerged endlessly.

This blow.

To close the five senses of the martial arts power, it is like the ability of the dark system.

The martial arts power was shrouded in an instant.

Yin Xiu's eyelids twitched, he wouldn't be defeated if he didn't know how to face him with the martial arts power, this would be ridiculous.

"open!"

However, the fact is that Wu Shentong opened the dark divine light and cracked this hand.

"War **** body."

The body of Wu Shentong burst into a terrifying brilliance, broke through the darkness, and slew towards the divine master.

The God Lord smiled and said: "This is interesting."

Three big battlefields.

All are detached.

It's really wonderful.

All the spectators held their breath and watched intently. This is a rare scene.

At a certain moment.

The corpse emperor screamed wildly, and he didn't know what artifacts he took out that had affected all the strong.

The Lord Buddha, Yin Xiu, God Lord and Martial God Power were all affected.

The emperor's body was shaking.

"Open the sky axe."

The emperor was shocked.

"Unexpectedly, you got this Kaitian Secret Treasure. No wonder you have such confidence."

"Yes, I paid a great price in order to get the axe, but luckily it succeeded in the end."

The corpse emperor is holding a sky-opening axe.

He is like a true God of War, capable of splitting the boundless world of the sky and the earth by himself.

"Human Emperor, you can fight me."

The corpse emperor asked.

Indeed, Kaitian axe, this is an innate spirit treasure.

It is a class of innate spiritual treasures, such as Tied Immortal Rope and Buddha Pagoda, which are naturally raised.

Can contend with.

Only emperor soldiers.

Chapter 1094: The Fall of the Emperor

The so-called imperial soldiers are magic weapons used by the emperor.

Rumor has it that the magic weapon of the human emperor in ancient times was a great seal, named Cangsheng Great Seal.

As the name suggests, it can suppress all living beings.

Has Human Emperor inherited it from the Great Emperor? In fact, it didn't. What I got was the inheritance of the ancient dragon clan.

Although there is no imperial soldier, the human emperor also has a secret treasure.

He took out a utensil, something like a horn, exuding the ancient atmosphere of vicissitudes of life.

The corpse emperor was startled, and said: "Ancestral Dragon Horn, you actually got this kind of secret treasure. There are many types of ancient dragons, which dragon have you inherited?"

"You can guess."

"Hmph, no matter what inheritance you have, I will break it open with one blow. What about the horns of Ancestral Dragon, in front of Kaitian Axe, there is nothing."

The corpse emperor rose up into the sky, standing high in the sky.

The Sky Open Axe in his hand trembled.

Every time it shakes, this broken little world trembles once, and it collapses in some places.

The Buddha and others pushed away and stopped the war.

Kaitian axe is not a joke.

If it is affected, they will have a major crisis, and they will be seriously injured if they die. That is an innate spiritual treasure.

The emperor stands tall and motionless.

It seems very bold.

He was holding the ancestral dragon horn in his hand, the dragon veins in his body were recovering, and the power of the dragon was instilled into the ancestral dragon horn.

The vicissitudes of primitive Ancestral Dragon Horn shone with a halo, and it seemed to have recovered, and it seemed that there was a dull Dragon Yin from the Primordial Era rippling away.

Boom boom boom.

The world exploded and the world collapsed.

The broken world is about to come to the end of life.

Some aboriginal creatures trembled, and the leaders of these tribes found Jiang Wudao.

"Supreme, please protect us very much."

"Don't worry, Saint King's Order can protect you." Jiang Wudao took out the Saint King's Order and handed it to a woman.

This woman is the descendant of the ancient Wangqingzong.

The name is Nalan Zhi.

If Ye Fan again, he would definitely recognize Nalanzhi.

Back in Wangqingzong, there was still a relationship with Nalanzhi; but now, Nalanzhi looked cold and exuded a strong cold air.

She obtained the inheritance of Wangqingzong, practiced the Great Emotion Technique, and eliminated the seven emotions and six desires.

It's no longer the Nalan Zhi before.

"Nalanzhi, take my holy king's order and send these races out of the dusk battlefield first."

"Yes."

Although the aboriginal creatures wanted to watch the battle very much, it was important to save their lives and left with Nalanzhi.

Whether it is indigenous creatures.

Some weak outside creatures also retreated, afraid to stay.

What remains is the overlord-level existence.

"The Emperor."

Finally, the corpse emperor spoke.

Overlooking.

Those eyes looked like a starry sky, and they were not bottomless. He held the Sky Open Axe high, and on the huge axe, there was a burst of indescribable brilliance and power.

It feels like:

In this world, nothing can't be split

The Emperor Human's face was solemn, he held the horns of the ancestor dragon, and at this moment he seemed to merge with the ancestral dragon, incarnate as a five-clawed golden dragon.

"cut!"

The corpse emperor shouted, and the world trembled.

Open the sky and hack it down.

This split directly exploded, shattered, and collapsed even with the space; however, the five-clawed golden dragon did not shrink back, and rushed up frantically, and collided with the sky-opening axe.

"boom!"

The ultimate brilliance, a vast expanse of whiteness.

All the strong are temporarily blind.

next moment.

The world collapsed.

In this broken world, the general land space has collapsed, and countless space storms have raged.

Fortunately, those who remain here are strong, they are enough to resist space storms.

"Scatter."

The detached one takes action and the light disappears.

The world is clear.

Above the ruins, the corpse emperor stood proudly, holding a sky-opening axe, and at his feet was an ancestral dragon horn with blood.

The emperor no longer exists.

All the strong took a breath of air, and the emperor was wiped out by the ashes under the axe.

Only Zulong Horn is left.

Horrible.

The Emperor has fallen.

There is no doubt about this, because no one can live under the open axe, no one can avoid the axe.

After all, the Zulong horns were all left behind.

It's going to change.

The hearts of all the strong surged, the emperor fell, and the sky outside was about to change, completely changed.

The Lord Buddha sneered: "Yin Xiu, the emperor has fallen, and you are the next one."

Yin Xiu's expression changed.

Take it and leave.

No one can stop it, because it can't stop it.

Except for the corpse emperor, no one can stop the detachment; but the corpse emperor is not interested in Yin Xiu.

now.

In full view, he picked up the Zulong Horn.

Then.

Stomped suddenly.

The ground exploded on this side, and a magnificent ancient altar slowly emerged, with the corpse emperor standing on it.

He wants to pay homage to the heavens.

The first step in opening the sky: kill the emperor and obtain memorial objects.

The second part of Kaitian: pay homage to the sky.

This step is crucial.

It can be said that the corpse emperor is more nervous than before, because he doesn't know what will happen.

It is very scary to pay homage to the heavens.

God is not a casual memorial service, if there is any discrepancy, the corpse emperor will die.

Opening the sky axe couldn't keep him.

All the strong also held their breath.

Since Human Sovereign has fallen, it must be of value to fall, that is to say, it must be successful in opening the sky.

Otherwise, the emperor will fall in vain.

Above the altar.

The corpse emperor was talking about something, it seemed that it was some complicated scripture, it was a great sacrifice technique.

Only see.

The ancient altar began to slowly recover.

Suddenly, the corpse emperor turned around and raised the sky-opening axe.

All the strong are horrified.

What to do

"scold."

The corpse emperor once again developed a sky-opening axe.

This axe opened up a lot of space and killed far away.

There.

Nalanzhi is preparing to lead the aboriginal creatures to leave.

But.

An axe came to kill.

Countless indigenous creatures did not even scream, they were all beheaded, their blood turned into rivers, soaring into the sky, being dragged to irrigate the altar.

Nalanzhi stood blankly, then sat on the ground, shivering and terrified.

What kind of mighty force is this.

In a hurry, countless creatures died unexpectedly.

Maybe they didn't know how they died.

The corpse emperor is too cruel!

Killed all the aboriginal creatures in the Twilight Battlefield.

The wait-and-see experts are short of breath, they can understand, after all, they need blood and food to pay homage to the heavens.

Zulong horns alone are not enough.

The ancestral dragon horn is the core, and the turbulent blood river is the support.

"open!"

The corpse emperor roared.

The light of the altar was brilliant, and the violent tremor shattered this space.

The collapse of the battlefield at dusk reached two-thirds.

"Blue and yellow springs, blood stained the blue sky."

The words of the corpse emperor fell, and the blood-colored altar was irrigated with endless blood, covering the world.

"Monitoring all beings, the eyes of heaven."

"now."

The corpse emperor burst out, and opened the sky axe to smash the horns of the ancestral dragon. The indestructible horns of the ancestral dragon, the treasure of the dragon clan, were cracked.

Click. Click.

The crack spread like a spider web and turned into powder in the blink of an eye.

Huhuhu.

The ancestral horn powder rose into the sky and disappeared.

Boom boom.

In the next second, a palpating feeling that makes people want to kneel down and surrender lingers in the heart of every strong man.

This is not only the battlefield at dusk, but also the outside world.

This is not just a matter of Daxia, the whole world is shrouded in a mysterious atmosphere, which makes people panic, heart palpitations, and people want to kneel down and worship.

Chapter 1095: Destroy the sky, break the shackles

"what is that!"

"Oh my God!"

"What's going on, what happened, has alien civilization appeared."

There was a big commotion all over the world.

Because.

Above the vast sky, a huge shadow appeared. The shadow was blurry and indistinct, but it was real.

At the moment the shadow appeared.

No aircraft in the world can take off, and the flying aircraft is frozen in the air.

Not only that.

The whole world seems to have frozen and stopped working.

The brilliance of the heavenly majesty is getting stronger and stronger.

finally.

The human beings in poor and backward countries can't bear it anymore, they knelt down and prayed angrily.

Humans in developed and rich countries have arrogance.

However, as time went by, this arrogance was also wiped out, and the trembling of that terrible soul made them prostrate on the ground and worship.

All sentient beings are bowing down.

It's just that the shadow on the firmament hasn't fully emerged, it's very vague, and it can be seen all over the world.

To see clearly, it must be on the battlefield at dusk.

now.

Such strong men were stunned.

The space crack opened, and the huge, terrifying purple eyes slowly emerged.

The rich majesty permeated.

The overlord knelt down, trembling.

The eye of heaven.

The corpse emperor offered sacrifices and summoned the eyes of heaven.

what is that?

too frightening.

Rumor has it that the eyes of the sky monitor all living beings in the world, and are the incarnation of the way of heaven.

In the ancient century, the Eye of God created by the technological tribe was created by imitating the Eye of God.

At the same time as the eyes of the sky appeared, the whole world seemed to be shrouded in a big net, an invisible big net.

Many strong pupils shrink.

That big net is the shackles of heaven and earth.

The corpse emperor needs to cut through those big nets, and if he wants to emerge from the sky and earth nets, he must draw out the eyes of heaven.

But, will the eyes of the sky make the corpse emperor split the net of heaven and earth?

the answer is negative.

So what should the corpse emperor do.

All the strong are very excited, the corpse emperor is indeed a bit bold.

The purple eyes gleamed with strange brilliance, perceiving everything, the eyes of the sky appeared, and the body of the corpse emperor was also trembling.

He stands on the altar and bears the brunt.

The strong Tianwei suppressed him, but he still gritted his teeth and straightened his waist.

"Summon the heavens with the horns of the ancestors and dragons, and give the innate spirit treasure to open the sky axe."

"Om."

The eyes of the sky bloomed with brilliance.

Staring at the sky-opening axe floating in the air.

Regardless of the ancient times or today, the Sky Open Axe is very special, and is jealous of the heavens.

Because this is something that can kill the sky.

The corpse king wants to dedicate the sky-opening axe to the eyes of the sky, what is this going to do? Do you want to use the goodwill of the dedication to open the axe to ask the heavens to untie the shackles?

Does this work.

The eyes of the sky stared at the axe.

Subsequently.

A beam of brilliance shrouded the sky-opening axe exploded from the purple eyes, which was directly sucked into the eyes.

Really gave it out.

The strong people who wait and see are surprised.

The corpse emperor said again: "Ask the heaven to descend Fuze."

Rumbling.

The eyes of the sky are not inked. This creature turned in the sky-opening axe that threatened the sky. This is a great benefactor.

Must be rewarded.

Infinite energy fell down.

That energy is too pure, there is no energy in the world that can match this, even in ancient times, this energy is extremely advanced.

Could it be that this is Kaitian Fuze?

The strong are puzzled.

Jiang Wudao was very throbbing. If this is to open up the sky, why didn't the corpse emperor call him? Isn't it because he shared it together.

Damn it.

Suddenly, Wu Shentong's complexion changed drastically, and he said, "We are all deceived. The corpse emperor is not going to open the sky, but the corpse emperor is to be a running dog. Get the blessings of the sky, become the strongest, and dominate the world."

"what!"

The strong are shocked and angry.

However, this is also unreasonable.

If the corpse emperor was not to open the sky, but to become stronger, then why set up a supreme battle, and how could it take out the nine-aperture golden pill as a reward.

Wouldn't it be better for the corpse emperor to swallow the nine-aperture golden core by himself? Still, the Jiuqiao Jindan is useless to the corpse emperor.

He started the Supreme War in order to select the young Supreme, and then behead the Supreme, using the Great Tribulation Technique to intercept the Supreme Qi Luck.

"hiss."

At this moment, Jiang Wudao's hair was horrified.

Damn it.

The corpse emperor wouldn't really want to kill him, right.

Could it be that Ye Fan understood the Corpse Emperor's plan early, so he didn't want the Supreme Glory.

Jiang Wudao panicked.

At this moment, the breath of the corpse emperor was rising steadily.

He was already strong enough.

Now, he is more powerful, infinite energy irrigation, let him begin to transform.

suddenly.

The Eye of Heaven found something wrong.

This good citizen has already detached from his spirit, and now his body is also detached, completely detached, doesn't it mean that he has escaped the shackles.

This is not okay.

Although you offer the axe, Lao Tzu is very grateful to you, but you want to break the shackles and escape Lao Tzu's control, that's no fun.

In an instant.

Energy irrigation is stopped.

Not only that, but the eyes of the sky also absorb energy to weaken the corpse emperor,

"It's too late."

The corpse emperor sneered, he roared, his breath exploded.

"today."

"I am detached!"

The voice of the corpse emperor was thunderous, and it should have been able to shatter the entire battlefield at dusk, but the existence of the eyes of the sky made the small world stable and did not collapse.

The breath of complete detachment permeated, and the martial arts power was frightening.

This is total detachment, so powerful and terrible.

The eyes of the sky were angry.

This creature actually went against his will, asshole, even if he offered the Sky-Opening Axe, he couldn't forgive him, he had to be killed.

"scold!"

The purple eyes bloomed with divine light.

The corpse emperor sneered and said: "Dou Zhuan Xing Yi."

Suddenly, the corpse emperor disappeared.

The next moment Guanghai appeared in the eyes of the heavens, and the corpse emperor unexpectedly entered the eyes of the heavens, and he grasped the sky-opening axe again.

"Drive me!"

The corpse emperor broke out in an all-round way, and even the blood was burning.

The open sky axe slashed down fiercely.

This strong blow caused cracks in the pupils of the Eye of the Sky, and then the cracks became dense.

"Rumble."

The eyes of the sky seemed to be painful, flickering crazily, and the small world collapsed.

"withdraw!"

The strong like Wu Shentong fled quickly.

They understand.

The corpse emperor deceives the eyes of the sky to completely detach it, and then uses the Star Shift Secret Technique to enter the pupils to get the sky-opening axe, and split the eyes of the sky from the inside.

Great!

Great horror!

Great perseverance!

It's so admirable.

The Eye of Heaven is basically difficult to penetrate from the outside, but it is much easier from the inside.

Dou Zhuan Xing Yi, this secret technique is claimed to be able to penetrate any defense and enchantment; the corpse emperor who is completely detached uses this secret technique to successfully enter the pupil.

Everything is well prepared.

The strong like Wu Shentong came to the outside world.

In fact, there are countless powerful people in the entire Qinling Mountains. Now, the phantom on the outer sky is not blurring, and it is beginning to become clear.

The eyes of the sky really appeared all over the world.

"Gosh, what is that!"

"one eye."

"Whose eyes are those, it's terrible, one eye is so huge, how majestic his body should be."

"It's a giant of the universe."

"Is this an appearance creature? It's terrifying. Our earth is going to be destroyed. Today is the end of the world."

There is panic all over the world.

The eyes of the sky were struggling frantically, flickering and flickering, and the cracks in the pupils were gradually expanding.

In the blur, everyone saw that the corpse emperor was in his pupils, waving the sky-opening axe frantically.

His body was rapidly drying out.

Because.

The corpse king is burning everything.

Success or failure depends on this, and we must make a breakthrough.

"Roar."

The corpse emperor roared, his complexion grim.

Finally, with this blow, the pupils were split open, and the eyes of the sky were covered with cracks.

The corpse emperor rushed out.

At this moment, the eyes of the sky stopped moving.

Staring coldly at the corpse emperor, looking coldly at all living beings.

"Humble creatures, even if you break the shackles, you will eventually die..."

The sound of the mechanical version sounded and spread all over the world.

Subsequently.

The eyes of heaven exploded.

The whole earth shook, and then the corpse raised the axe again and split the invisible net.

moment.

The shackles of heaven and earth disappeared.

At the same time, all parts of the earth began to change, the spirit of heaven and earth skyrocketed, and it seemed that a brand-new planet was being born.

Every minute and every second, the environment is getting better.

The corpse emperor stood tall in the sky, he was about to be shattered, unable to even catch the sky-opening axe, and fell down.

Kaitian axe disappeared, I don't know where it went.

"Rumble."

Suddenly, a bright radiance appeared in the sky, and the Kaitian Fuze appeared and descended.

at the same time.

It's also dangerous.

No one will give up the opportunity to get the blessings of the sky, this will definitely be a battle between dragons and tigers.

The corpse emperor was seriously injured and dying.

Don't be afraid.

Chapter 1096: The body is like mustard seed, and like the universe

The small world of the Twilight Battlefield collapsed, and this place became full of spatial turbulence, even if the peak overlord was again, he would be strangled.

In this endless space turbulence, there is a tiny grain of mustard seeds among which is a figure sitting cross-legged.

who is it?

It was Ye Fan impressively.

At the beginning, he fought against the detached beast, and at the last moment, his body changed, turning into the tiniest mustard seed, floating in the small world.

When the small world collapsed, he drifted in the turbulence of this space, and did not cause any harm.

Ye Fan didn't know Kaitian, he was immersed in the state of opening the bloodline, and he couldn't extricate himself from being immersed in it.

this day.

He has some results.

The blood force in his body was beating faster and faster, as if about to break the shackles, and began to awaken.

"Recover."

Ye Fan screamed in his heart.

He waited for too long, and he was extremely expecting the power of his own blood.

He can feel the strength of his bloodline, as long as he awakens the power of the bloodline, he will complete the physical detachment, and even go further, promoted to the heavenly hegemonic body.

Come come.

Ye Fan screamed, the mysterious power in his body became more and more intense.

Space turbulence is becoming more and more riots.

However, Ye Fan could not be hurt at all.

The body is like a mustard.

Externally, the body can turn into the smallest mustard seeds.

The body is like the universe.

Internally, the body is all-encompassing, and the inside is like the vastness of the universe.

This is some of the mystery of the Cangtian Overlord Body.

Of course, Ye Fan still couldn't control this profound meaning, it was triggered passively, but as long as the physical body was detached, as long as he was promoted to the sky overlord body, he might be able to control it.

Success or failure in one fell swoop.

Ye Fan opened his eyes and the power of blood burst out, as if there was a sleeping lion awakening in his body.

However.

At this moment, Ye Fan felt that an invisible big hand was suppressing it, as if to suppress his bloodline power again, and was not allowed to awaken.

hateful!

"Who can stop me."

"God blocks and kills gods, Buddha blocks and kills Buddha!"

At this moment, Ye Fan's body quickly recovered, and it was no longer a tiny mustard seed.

The endless space storm swept across.

However, I couldn't hurt Ye Fan's physical body at all. Ye Fan's body was filled with precious light, and his eyes were as bright as the sun, moon and stars.

"kill!"

Ye Fan threw a fist, bombarding the invisible big hand.

boom!

boom! boom! boom.....

He kept punching, punch after punch, but he couldn't resist. The power of that invisible hand is too indestructible.

Ye Fan was angry.

At this point, is it going to fall short?

He didn't allow it and was reconciled.

No one can stop me!

Even the gods in the sky!

Ye Fan's whole body suddenly burned into flames. It was a blue flame. Ye Fan sublimated in the extreme realm and burned everything to stop this invisible big hand.

Even if you are fragmented.

He is also unwilling to bear the shackles of fate.

"come on."

Ye's eyes are like a torch.

Even if the **** is here, I will win his half son.

The distant Kunlun.

The ruins of the Tianzun Temple base, in the disaster palace, and the central area.

Sudden.

Su Muyu screamed, "Sisters come over to you, there is something wrong with the eldest sister."

Zhong Ling, Tang Ying, Han Bing and others all rushed over.

Since entering the disaster palace, Meng Qingyi has been in a coma.

This is very abnormal.

Fang Rui simply knocked him out that day, why couldn't he wake up.

Now there is a change.

Everyone feels that Meng Qingyi's body is flowing with a mysterious power, a power that is enough to make everyone's heart palpitations.

This force became stronger and stronger, and Meng Qingyi's body slowly floated, ups and downs in the air.

"what's up."

"Will the eldest sister's physique be awakened? Xiao Qi said that the eldest sister's physique is extraordinary."

"It would be great if so."

Everyone is protecting Meng Qingyi's law, expecting that at a certain moment, a divine power rushes out of Meng Qingyi's body.

That divine power disappeared.

Afterwards, Meng Qingyi fell down and recovered her calm without awakening.

Everyone is very puzzled.

Fortunately, Su Muyu and Yu Qian'er inspected Meng Qingyi's body, and there was no change in the bed, so they were relieved.

And in the turbulence of space.

Ye Fan was about to be suppressed, and the invisible big hand was simply terrifying and uncontrollable.

At this moment.

Ye Fan felt sad.

Just when he was desperate, the space turbulence was completely wiped out, he looked over, and a divine power broke through the air.

"That is!"

Ye Fan's eyes widened.

He felt a familiar breath, the breath of the older sister.

"boom!"

The big invisible hand was pierced by divine power.

Ye Fan was dumbfounded.

"Dadao Fist."

Without hesitation, Ye Fan made the strongest blow.

After the invisible big hand was penetrated by the divine power, it began to collapse, and was bombarded by the Dao Fist, completely exploding, and dissipating into the invisible.

Next second.

Ye Fan trembled all over.

The whole body was hot, and the blood began to awaken.

He was extremely excited.

Unexpectedly, never expected that the eldest sister helped him in the end.

how can that be possible

Does the eldest sister have become the strongest?

Ye Fan was very excited.

He wants to complete the awakening and transformation as soon as possible, and then go to the Tianzun Temple base to see what level everyone has reached.

Chapter 1097: Physical detachment, Fukuzawa descends

Rumbling.

Ye Fan's body seemed to be flowing with big rivers, it was blood flowing, and it was extraordinarily magnificent.

The power of the bloodline recovered, causing Ye Fan's physical body to skyrocket in all aspects.

The power has grown to a geometric extent.

Ye Fan just sat cross-legged.

The spatial turbulence was wiped out by the divine power just now, and now it has appeared, but it can't get close to Ye Fan.

At this moment, Ye Fan was immersed in the transformation.

The bloodline awakens, he will also have some information, he doesn't know what bloodline is in his body now, why he owns bloodline, is it possible that his ancestors were some terrifying powerhouses.

Boom!

With the recovery of blood, Ye Fan's heart beats like a sky thunder, and Huang Zhongda Lu roars like a roar.

Affect this piece of space.

The battlefield at dusk is in Qinling, and now the collapse no longer exists, and Ye Fan is in the space of Qinling.

And outside, countless strong people.

Because they were all waiting for Kaitian Fuze, they heard the dull beating sound, of course, it was impossible to think that it was Ye Fan, but that Kaitian Fuze came under the beating.

The atmosphere is tense.

All the strong have entered a state of combat, and Kaitian Fuze will benefit infinitely as long as he snatches a trace.

Seeking wealth and insurance.

No one is willing to give up.

Even some of the weak did not leave, and wanted to fish in troubled waters and collect leaks cheaply.

In the high altitude, the corpse emperor stood still.

Do not know why.

Even the breath disappeared.

"Could the corpse emperor have fallen?" Wushentong muttered to himself, this is also the guess in the hearts of other strong people.

gradually.

Some strong men's spiritual power spread over, trying to check the status of the corpse emperor to determine whether it is life or death.

But can't get close.

The corpse emperor is too strong.

The only creature that is fully detached at present.

Even if it has fallen, it still retains its terrible power, and other profanity is not allowed.

Wu Shentong guessed that the corpse emperor might have entered a state of self-sleeping, because he had paid a huge price for opening the sky, and he had to sleep on himself to save a moment of life.

However, waiting for Kaitian Fuze to come and irrigate him, so that he can recover and be reborn.

This is indeed the case.

The corpse emperor opened the sky, in order to kill the eye of the sky, the price paid was too heavy, the body cracks made up, and it seemed to collapse at any time; the natal blood in the body was all dried up, and the real oil was gone.

Now he is between sleep and waking, his consciousness is drifting, so he doesn't move; even so, the confidence of complete detachment makes him stand upright, no one can shake it.

"boom."

At a certain moment, a vision appeared on the sky, and a huge vortex was born. The vortex was at least three thousand miles in diameter.

And it's still expanding.

It seems to cover the entire Qinling Mountains.

Everyone was surprised.

Could it be that Kaitian Fuze will land in such a large area?

If so, there is no need to **** at all, just stand and wait for the irrigation.

The vortex eventually covered the entire Qinling Mountains.

at the same time.

Above the head of the corpse emperor, in the center of the vortex, there appeared a radiant brilliance, and the clouds were steaming and shining, extremely bright.

The vortex is only the appearance, and Kaitian Fuze is only in this area.

The strong are staring at the center of the whirlpool...

In a crack in space.

Ye Fan's whole body had undergone extreme changes, and a black and white Tai Chi picture appeared when he sat down, and his body was also surrounded by black and white qi.

Ye Fan became younger.

It seems to be rejuvenated.

He now looks like a young man in his early twenties, with a jade complexion and otherworldly appearance.

Ye Fan opened his eyes, and his eyes also changed.

originally.

Cultivating the Overlord Body, he survived the Purple Eye; practicing the Red Emperor Fire God Art, he obtained the Red Eye, which is the Eye of the Sky Survey.

The Chi Emperor surveyed the sky, a pair of eyes monitored the heavens, that is, the eye of the sky survey.

One purple eye and one red eye.

But now everything is back to normal, but there are weird patterns in the depths of the pupils that rotate and cannot be seen clearly.

This was because Ye Fan's pair of different pupils had just cultivated successfully and had not yet fully matured.

His eyes are terrifying, it seems that he can penetrate the soul, go up to the poor blue and fall down to the yellow spring.

The transformation continues.

Ye Fan has improved in all aspects.

He gradually calmed down, because he got the blood message in his mind, he was very serious and found it incredible.

a long time.

Everything is calm.

Ye Fan's body shook, and all the space storm turbulence collapsed. He stood in the dark space crack, lost in thought.

"Yin and Yang blood."

"It's unbelievable, why this kind of bloodline can control the power of yin and yang, and it also has the eyes of yin and yang."

Ye Fan was shocked.

Needless to say, the power of the blood of yin and yang needless to say.

Everything has yin and yang, and the power to control yin and yang can control everything to a certain extent.

The Yin-Yang Sky Eye can see through the sky and the ground, all vain, without any form; besides, there is also this powerful attack power, which is intriguing.

It's really too strong.

This bloodline is really invincible.

only.

Ye Fan also clearly understood that now, the blood of yin and yang has only been awakened by one-tenth.

Has not fully awakened.

It seems that the bloodline of yin and yang is too much against the sky, and is suppressed by a certain force.

In order to continue to awaken, Ye Fan will look for opportunities and opportunities in the future.

But even one-tenth, Ye Fan has benefited infinitely. He can now control some of the power of Yin and Yang, although not much, but he will definitely have unexpected effects when fighting.

Ye Fan looked at his body and squeezed his fists.

He was very pleased.

After working hard for so long, a life of nine deaths, I finally completed it, reached the goal, and became physically detached.

Now he feels better than ever.

But after all, he didn't know what level he was. He needed to fight, and Ye Fan even wanted to find a martial artist to fight.

Wu Shentong is spiritually detached, he is physical detachment, let's see who is stronger.

"I don't know how long it has passed. The Corpse Emperor won't have opened the sky. I don't know what happened to the Tianzun Temple base. I can achieve my wish and I must thank my big sister."

"It's incredible, the eldest sister has such a supernatural power, and how does she know that I need help."

Ye Fan was puzzled.

No matter what, he decided to go out and have a look, it was time to descend on earth.

And outside.

The war is about to start.

Because the brilliance in the center of the vortex has reached its peak, about to fall down to open up the sky.

At this time, there must be a priority.

"You guys step down, Kaitian Fuze is predestined with me."

The Lord Buddha came out.

"roll."

Valkyrie shot.

Immediately afterwards.

Many strong men have appeared.

In addition to Yin Xiu, the lord of Zongsheng Palace, the lord of Western gods, there are detached ones.

That's right.

Several more detached persons appeared, but they were all hidden deeply, surrounded by brilliance, or black energy, covering their bodies.

These old monsters have been lurking for a long time, and now they can't help but shoot. ,

The war of detachments.

However, those who are not detached also join.

For example, Jiang Wudao.

His combat power is indeed strong, and he can really compare with the detached.

In addition, there is even more terrifying, that is, the young clan master of the Sky Splitting Clan, the terrifying guy who masters the god-slashing technique.

It can even be said that the detached are very jealous of him.

Slashing the gods, slashing the spirit, is really too strong.

Not only Jiang Wudao and Split Heaven clan lord, there are other powerful heads, such as the nine-tailed demon fox, such as Yuya, and some clan lord of strong clan...

Some strong men hardly showed up, and under the temptation of Kaitian Fuze, they all fought.

The battle is dim.

However, the war could not affect the corpse emperor.

In the highest altitude, the corpse emperor stood still so quietly, motionless, like an insurmountable peak.

"boom!"

Yin Xiu is dealing with the God Lord.

"You, a Western creature, want to share a piece of the pie in Daxia. Whoever gives you the courage, get out of here."

"Fortune who has the ability to get it."

The lord of the gods smiled lightly.

At this moment, a group of auras came to kill, it turned out to be the top ten main gods, with a great power of gods.

"God, we come too."

"Hahaha." The **** lord laughed, "Well, well, today, we will be upset."

"kill!"

The ten main gods are all powerful heads, joining the battlefield, making the battlefield even more chaotic.

Many of the weak were affected and died of unfavorable lives.

"Wow!"

The huge whirlpool that covered the entire Qinling Mountains was abrupt, hanging down with a faint brilliance.

Yes, it's a full range.

This is Kaitian Fuze.

But it's just an appetizer.

Throughout the Qinling Mountains, all living creatures, even flowers, plants and trees have been irrigated with energy, and they have more or less improved.

Qinling's cultivation environment began to skyrocket, and it was twice as good as the outside environment.

The flowers, plants and trees here have undergone major changes. The ordinary grasses have become extremely tough, and the big trees have become extremely strong.

The stones have become thicker.

Water flow contains energy.

...

Everything has been greatly changed under the irrigation of Fuze.

The creatures were irrigated, and some of them broke through the realm; but those ordinary beasts turned on their spiritual wisdom, became fierce beasts, and embarked on the road of cultivation.

This is Fuze.

Benefit all living beings.

This is just an appetizer, the real Kaitian Fuze at the center of the vortex has not yet fallen.

Crazy crazy.

Greed is swelling, the appetizers are so good, and if you get a little bit of real openness, I am afraid that you can reach the sky in one step and become a super strong.

And these detached people with the martial arts power are even more excited and screaming, whoever can get it will surely become the strongest, the master of heaven and earth.

"kill!"

The war is even more terrible.

Not only the strong head, but the weak ones below are fighting, they are killing and plundering.

It can be described as a river of blood.

"call."

Somewhere in Qinling.

A figure rushed out, it was Ye Fan, he finally escaped from the space crack.

"This!"

Suddenly, Ye Fan was alarmed.

How could this cultivation environment be so good? What's wrong.

Ye Fan looked at the vortex in the sky, his eyes flickered, and he opened the Yin-Yang Eyes, and saw that there was a war in a distant place.

"No way."

"The Corpse Emperor is really over."

"But fortunately, it seems to be fighting for Kaitian Fuze. I didn't miss it completely. I'm really lucky."

Ye Fan secretly cheered.

What he wants most now is to fight, because he has inexhaustible power and needs to vent.

There are many strong men over there, some of whom are detached, as well as the lord of the Western gods and the main god, well, Ye Fan is excited, and his fighting spirit is raging.

This is his best practice field.

As for Kaitian Fuze, Ye Fan is definitely going to win.

He needs to use Kaitian Fuze to detach his spirit, and by the way, he will be promoted to become a heavenly hegemony body.

At that time, he will be invincible!

Chapter 1098: Invincible posture, extreme anger

Ye Fan used the great invisibility technique, but he didn't rush to reveal his true body. He appeared on the edge of the battlefield, first clarified the situation, and then his eyes fell to the highest altitude.

Ye Fan didn't know the corpse emperor.

But as he could guess, it must be the corpse emperor.

Ye Fan wanted to take a look.

He approached quietly, and gradually, felt a terrible power of rejection.

"hiss."

Ye Fan was horrified.

He is now physically detached, and he actually feels horrible.

Is the corpse emperor completely detached.

Sure enough, it was terrible.

No wonder it can open the sky and accomplish a feat. This is a feat for the benefit of all mankind, no, it should be a feat for all creatures on the earth.

The corpse emperor will be remembered by history.

However, the corpse emperor is too mysterious, even now, it is obscured by the breath and blurred.

Ye Fan wants to take a look.

He tried hard to get close with the force of repulsion.

This is difficult.

When he was 100 meters away from the corpse emperor, he opened the yin-yang sky eye, trying to see through the falsehood, but at this moment, a breath burst out of the corpse emperor's body and shook Ye Fan back.

Encountered a blow, Ye Fan revealed.

at the same time.

All the strong have noticed.

They are angry.

Someone quietly reached the highest point, damn, how did he do it, how did he blind the perception of all the strong.

Ye Fan was surrounded by yin and yang breath, also obscuring his body and appearance, no one recognized him.

Since it's exposed, there is no need to say more.

Start practicing.

Ye Fan stared at that detached beast, which he had dealt with on the battlefield at dusk before.

The battlefield at dusk collapsed, but as a detachment, this fierce beast survived, but instead appeared in the outside world, its strength skyrocketed again, and it was the leader of a group of detachments.

"boom."

Ye Fan stepped forward and appeared in front of this fierce beast.

This is not an exaggeration.

With this punch, the power frightened all the strong.

This power is simply amazing!

The emptiness is opened, and the vastness is like a sea of smoke.

The fierce beast horrified.

His physical body is not detached, no matter where he can hold it, he quickly retreats and strikes out on a spiritual level.

However.

Ye Fan's momentum is like a broken bamboo, pressing harder every step of the way.

He stepped again, approaching the fierce beast, Dadaoquan withdrew, locking everything, so that he could not escape.

"Who are you!"

The fierce beast was shocked and roared, he felt a familiar breath, but he couldn't recognize it.

What does this exist!

too horrible.

"puff!"

With this punch, the blood of the fierce beast stained the sky, and a paw burst into pieces.

"what!"

The fierce beast wailed.

He roared, and the terrifying spiritual power exploded, turning into a sharp blade, hanging above the sky.

"Do you dare to hurt me."

"I want you to die!"

Ye Fan didn't change his expressions, and didn't care about it at all.

Seeing the spirit blade kill, he simply punched the blade and exploded without any pause.

Ye Fan kicked the fierce beast flying.

The fierce beast smashed into the mountain and rose into the sky in the next second, but Ye Fan had already appeared on top of his head.

"not good."

The fierce beast was shocked.

He is worthy of being a detached person, and also a different kind of great demon, with some abilities, weird twists, and disappeared in place.

"Want to escape?"

Ye Fan sneered.

His eyes swept across, locked in an instant, and chased up with a large shift technique.

"How could it be, why did you lock me so quickly."

The fierce beast is unbelievable.

Ye Fan didn't talk about it. He slammed his fist on him and punched him abruptly. A blood hole appeared in his body, and the blood was gushing down like a river.

Other detached people are shocked.

The creatures below are blinded.

This is too cruel.

That is the great demon of the detachment, the outstanding one was crushed unexpectedly, and there was no way to fight back.

Who is this person!

What a big shot!

"Physical detachment."

Wu Shentong shouted out.

The detached people were shocked, it turned out to be physical detachment, it was incredible, who was it?

Compared with physical detachment, mental detachment is inferior.

Definitely.

The flesh contains everything, and the spirit is also in the flesh.

It can be said that Ye Fan is now physically detached, and his mental power has reached an extremely high level.

so.

He can crush this detached beast.

"My lord, spare my life."

The fierce beast begged for mercy, completely devoid of arrogance, and gave up its dignity.

Because he was really scared.

This is a kind of crushing.

He even found that this mysterious man didn't use his full strength at all, otherwise he would have been blown up long ago.

Now the body is punched, and under the severe injury, where is the opponent.

After finally cultivating to this level, now that the shackles of heaven and earth are broken, the environment has become so good, the future is limitless, and it cannot fall.

Stay alive even if you linger.

"My lord, I am willing to surrender."

"You wanted to kill me before, but now you want to surrender me, how could it be possible." Ye Fan's spirit sounded.

The beast is petrified.

This voice...

He remembered, it was him, it was Ye Fan!

"you you you..."

"Die."

Ye Fan didn't give the fierce beast a chance to speak, he didn't want to reveal his identity now.

boom!

The head of the fierce beast was blown up and fell from the air.

The detached fell.

The whole horror can be described as creepy.

This mysterious person can slay that fierce beast, which means that it can also slay any detached person present.

How to play?

An open hanger was shot halfway through.

what is this!

The expressions of many detached people change.

"Encircle and kill it!"

The Lord of the Gods spoke.

The hearts of the detached ones moved.

That's right.

First join forces to kill this mysterious person, and then they continue to fight.

In an instant, Ye Fan was surrounded.

Since these detached people have made a decision, they will not talk nonsense, just take action and attack them in groups.

The scalp of the creature below was numb.

It's too hot.

So many detached people besieged one person, who would have thought that there would be such a change.

at this time.

A huge creature emerged, opened its big mouth, and swallowed the corpse of the fierce beast that Ye Fan had killed.

"Sky-swallowing beast!"

The creatures exclaimed.

This is the innate spirit seed, the detached one, how powerful.

but.

Compared to a mysterious person, the Sky-Swallowing Beast is nothing.

"boom."

The sky-swallowing beast has also joined the battlefield.

Ye Fan was completely blinded.

Why is the Sky-Swallowing Tail Beast walking around? He immediately whispered secretly: "Swallow Sky, what are you doing, beat yourself!"

"You, Ye Fan?!"

"it's me."

The Sky-Swallowing Beast was shocked.

"you are still alive!"

"Nonsense, how could I die? You can withdraw quickly. These guys can't help me. I'm going to beat them all down."

The sky-swallowing beast was unbelievable. Ye Fan felt too confident for him. He retreated. In order to let Ye Fan and the detached ones fight with peace of mind, the sky-swallowing beast left without lingering.

This move puzzled many creatures.

But I didn't think so much.

The battlefield below has stopped, and everyone is watching the battle in the sky.

On one side, the nine-tailed demon fox's eyes flashed with strange brilliance, suddenly looked at Jiang Wudao and said, "You are going to die."

"Ok?"

Jiang Wudao looked sideways and snorted coldly: "What do you mean, do you want to be my mount?"

"You are really going to die, cherish the remaining time."

"Neuropathy."

Jiang Wudao didn't care.

He is very irritable now, so many detached people, it is not easy to get Kaitian Fuze.

Why didn't the corpse emperor wake up yet?

As long as the corpse emperor wakes up, and the corpse emperor shines, then it is safe.

"puff!"

Suddenly, a detached man fell and then exploded.

The second detachment fell.

Good guys.

That mysterious man is simply invincible. Under the siege of so many detached people, he can even kill him.

It's really against the sky.

Ye Fan was extremely relieved from the battle. He looked at the center of the vortex, Kaitian Fuze was already ready to move, and could land at any time.

He must make a quick decision.

"Tyrants."

Ye Fan revived his domineering body.

"Great Seal Technique!"

Subsequently, he sealed the heaven and Jedi and sealed the battlefield.

"Away Fire Fist."

Ye Fan's hand was extremely terrifying.

Before he had not resuscitated the overlord body, his power was enough to blast the transcendent beast. Now that the overlord body has recovered to the extreme, what level of power has it reached?

Five million catties.

That's right.

Ye Fan's pure physical strength reached 5 million jin, and with Dadao Quan, he produced 8 million jin of supernatural power.

Not only that.

This punch was also mixed with the different fire and the red emperor's fire spirit, and there was this flame that burned everything in the mighty power.

"Boom boom boom."

Under this punch, the three transcendents exploded and fell.

This fist record also shocked the detached people such as Wu Shentong, and made them frightened.

The spectators below are all dumbfounded.

At the same time, Wu Shentong shouted: "Ba body, who are you, you are Ye Fan!"

"boom."

The yin and yang breath disappeared, and Ye Fan was revealed.

Silver-haired in white.

It's still the same, but it's more majestic and free and easy.

It really is Ye Fan!

The audience was shocked and silent.

Ye Fan was not dead, and he was physically detached, and he successfully made that step.

Below, Jiang Wudao had no blood on his face.

He got it.

The nine-tailed demon fox said that he was finished, which was what he meant.

Ye Fan, he is not dead!

Jiang Wudao's eyes are about to split.

The nine-tailed demon fox sneered: "You destroyed the Tianzun Temple base, presumably Ye Fan doesn't know yet, otherwise, the first one will kill you."

"You're done."

The nine-tailed demon fox gloated.

Jiang Wudao didn't linger, so he immediately fled, and he didn't want to open the sky for Fuze.

Really don't.

OK.

Staying, Ye Fan will definitely kill him.

hateful.

how so.

Jiang Wu fled in horror. He dared not go to Kunlun. He went to the endless sea and finally hid for a while.

"wrong."

Jiang Wudao stopped.

"I used to use big prophecy and saw a corner of the future. I can get the blessings of the sky."

"I can get it."

"Great prophecy can't go wrong."

Jiang Wudao returned and hid himself.

The big prophecy can predict the future, but it has some limitations. He has used the big prophecy a while ago, but Jiang Wudao can't do it again at this stage; otherwise, he will predict his future and whether he will fall here.

In the sky, Ye Fan descended like a god.

Let me sigh and sigh.

Why can't this guy die?

Every time I thought he was dead, he would jump out again, and he was a mess.

The current Ye Fan suffocated all creatures.

"Either retreat or die."

Ye Fan spoke plainly.

The expressions of the detached people change, they are not willing to retreat, but it is really too dangerous to stay.

Ye Fan's physical body is detached, and with the overlord body and the different fire, it is really too strong.

Moreover, this is not considered the magical secret technique he has mastered.

From the beginning to the end, Ye Fan didn't use other magical secret techniques except for the Great Seal Technique and the Great Move Technique.

How to fight this.

"Farewell."

An old detached person was the first to leave. He didn't dare to bet. It didn't matter if he opened up the sky. Anyway, now the cultivation environment changes, the shackles of the world and the earth disappear, there are countless opportunities, there is no need to take risks.

This idea was also born in the minds of other detached people. Gradually, a group of detached people left.

Only martial arts power, Buddha lord, Yin Xiu, and lord of the gods remained.

Ye Fan looked at the four of them and said lightly: "Why, do you still want to fight?"

The Lord Buddha said coldly: "Ye Fan, you think it's really invincible. I still have a lot of hole cards that are useless. You know, I have some inheritance from the ancient Buddhist school."

"boom!"

While speaking, the Lord Buddha took out an artifact, the Buddha's relic.

The majesty of horror blooms.

The Lord Buddha sneered: "Ye Fan, don't you know, your Tianzun Temple is destroyed, and your subordinates are dead and injured."

"What did you say."

"You really don't know, don't believe it, you ask them if the Tianzun Temple base is destroyed."

Valkyrie Channel: "Indeed, Jiang Wudao has no Tianzun Hall."

Boom.

a bolt from the blue.

Ye Fan shook his body.

At this moment, the Lord Buddha shot, and the Buddha's relic gave the Xeon a blow; the lord of the gods and the gods and Yin Xiu also shot.

The four top detachments were hidden before, but now they all took out their hole cards and launched a fatal blow.

"what!"

Ye Fan looked up to the sky and roared wildly.

Power erupts, different fires burn, yin and yang aura circulating.

The catastrophe technique was used to its extreme this time, the mountains and rivers fell, the sky collapsed.

Ye Fan was incarnate like Chi Tianzun, the bloodline land was beaten out by him this time, the heaven and the earth were half black and half white.

The weird vision is frightening.

The pupils of the Buddha's four constricted.

The Buddha's relic was beaten into the air, and the Buddha's blood spurted wildly; the three of the martial arts were also knocked into the air, and the Lord of the gods was even more miserable, and his body was penetrated.

The four top detachers are defeated.

"Wow."

At the same time, Kaitian Fuze came.

Chapter 1099: Suppress the heroes

Kaitian Fuze came, just at this moment.

The corpse emperor is right below, and will be the first to receive Fuze's irrigation, and then will restore the peak of Dao.

At that time, the corpse emperor would be unimaginably powerful.

The Buddha Lord and the others did not sit and wait for death. At this moment, Ye Fan was in anger and did not move. They immediately rushed to the corpse emperor to seek a trace of blessing.

Rumbling.

Kaitian Fuze is very strong.

Hongda, who carries exceptional power, can't come by ordinary people at all, and only the strong are qualified to fight for Fuze.

The Lord Buddha used the Buddha's relic to block the pressure. At the forefront and behind Yin Xiu took out a slap-sized bronze shard, which also broke the pressure.

When Wu Shentong saw the bronze fragment in Yin Xiu's hand, he was slightly shocked, and shouted, "This is a fragment of the Bronze Immortal Palace."

"You actually know each other?"

"Because I have it too." Wu Shentong also took out a fragment, which was similar to Yin Xiu's.

Both eyes sharpened.

The Bronze Immortal Palace is a huge, terrifying and mysterious orthodoxy in ancient times, and the creatures that come out of it are the top hegemony of the heaven and the earth.

There are even rumors that the human emperor had been taught and guided by the Bronze Immortal Palace when he was young.

Unfortunately.

At the end of ancient times, there was news of the collapse of the Bronze Immortal Palace, and it never appeared again.

Even a piece of bronze fragment from the Immortal Palace is a supreme holy object, extremely precious.

Both Wu Shentong and Yin Xiu got the bronze shards, and the two were hostile to each other, and even wanted to **** each other's bronze shards.

the other side.

The Lord of the Gods was pierced by Ye Fan, but the strange thing was that the wound was repaired in a short time, and the internal injuries were repaired. I don't know, but it is enough to show that the Lord of the Gods is powerful.

A scepter appeared in his hand.

The scepter, with brilliant golden light, slashed out suddenly, splitting the pressure barrier, and even affected the Lord Buddha, Wu Shentong and Yin Xiu.

"Go away!"

The Lord of the Gods showed sufficient power at this moment.

It was hidden before.

All of a sudden, rushed to the front.

"hateful!"

The three Buddha masters were furious.

The Lord of the Gods was extremely excited. After all, he became the biggest win...Puff, and suddenly, a fierce force came and blasted him away.

Only saw that a huge creature appeared.

Swallowing sky-tailed beast.

I left before and now I am back.

"not good!"

Wu Shentong shouted.

"The Sky-Swallowing Beast will swallow a big spell. If you want to swallow Fuze, stop it quickly, quickly!"

The Lord Buddha manipulates the Buddha's relics, casts a beam of Buddha's light, and at the same time casts the Great Purdu technique. He dare not say how to save the Sky-Swallowing Beast, but at least it can affect it.

Wu Shentong and Yin Xiu also performed lore.

However, the Sky-Swallowing Beast did not look straight at it. He was an innate spirit seed, and he was also a top-ranked innate spirit seed, so powerful and messed up.

The Great Devouring Technique is his talent, not something Ye Fan can compare.

His body seemed to have become a bottomless pit, swallowing all the lore, but instead turned into energy to feed himself back.

"kill!"

The Lord of the Gods shot.

The Sky-Swallowing Beast was startled, and he couldn't swallow the power of the scepter, which was incredible.

He could only give up to devour Kaitian Fuze, and instead confront the Lord of the Gods.

"Damn it."

Secretly, Jiang Wudao was paying attention.

He was nervous, and anxious.

He can actually fight for his strength, but Ye Fan is there. Once he plays, Ye Fan will definitely live with him.

Jiang Wudao didn't have the courage to fight Ye Fan.

because...

I have to admit that Ye Fan is terrible.

Many detached people can be sieged to kill some, that terrifying physical power makes Jiang Wudao tremble.

Right now, Ye Fan was in anger, and that murderous aura, anger and aura were rising steadily.

That piece of space is distorted.

Seeing that Kaitian Fuze was about to irrigate the Corpse Emperor, the Sky-Swallowing Beast Thunder shouted: "Ye Fan, wake up!"

boom!

Boom boom boom!

The thunderous explosion sounded out, awakening Ye Fan.

"Seek to seize Tianfuze."

Sky-swallowing beast reminded.

Ye Fan's eyes changed and his pupils revolved. This is the Yin-Yang Eye, see through everything.

Where the gaze passed, all creatures felt unwell.

Even the Lord Buddha and them are the same.

"What kind of strange pupil is that!"

Wu Shentong's scalp is numb.

"What Qixi Festival is that!"

Yin Xiu was shocked and suspicious.

Ye Fan's bloodline is really too strong, even if it is only a trace of awakening now, it is enough to crush the heroes.

"Wait, step back!"

Four words, general commands, with great laws and decrees.

The bodies of the four Buddhas fell.

They gritted their teeth and felt the humiliation. They were somehow detached, and they were one of the strongest, and they were suppressed by Ye Fan.

Shame.

Ye Fan took a step, the goal was the Lord of the Gods.

Non-my family, its heart must be different.

After all, the Buddha and the others are native to Daxia and belong to the nest fight; but the Western gods come to spoil the situation, it is to die.

Family matters, outsiders want to blend in?

"boom."

With a punch, the space is torn apart.

Ye Fan didn't try to seize Tianfuze in the first time, but wanted to kill the Lord of the gods. This kind of domineering convinced all the creatures.

The lord of the gods was shocked.

The scepter in his hand burst into a horrible blow; however, everything collapsed invisible under Ye Fan's fist.

"Ye Fan!"

The lord of the gods had a grim complexion, roared and practiced, his body was burning with a pale blue flame.

"I'm not dead, Ye Fan, you can't kill me."

The Lord of the Gods does have a way.

Was the Canglan Youhuo cleared by him? At the same time, the scepter shattered, and an energy seed entered the main body of the gods.

next moment.

His breath rose, as if he was transformed into a giant of hundreds of feet.

"Ye Fan, die for me."

The Lord of the Gods culled.

Ye Fan raised his head slightly and opened it calmly. The Yin-Yang Tianyan's eyes bloomed with brilliance. On his fist, the force and breath of Yin-Yang gathered together, and then he shot out.

Yin Yang Dao Fist.

The previous Daohuo Fist was accompanied by the power of different fire; now it is accompanied by the power of Yin and Yang.

"puff!"

This punch was brilliant.

The figure of the hundred-zhang giant was instantly thundered, and the body of the lord of the gods was punched through again, and the sky was stained with blood.

Huh!

Without any hesitation, the lord of the gods turned into a streamer to escape.

"Want to go?"

Ye Fan performed the great seal technique and the great curse technique.

Suddenly, the ten main gods jumped out and formed a certain formation, and the power of the ten people doubled at the same time.

"God Lord, go!"

The ten main gods roared.

Ye Fan snorted coldly: "Chihuahua dog, suppress!"

With a palm, the formation was broken, and the ten main gods were hit **** the ground.

If it weren't for Ye Fan's hand to show mercy, they would be photographed into mashed flesh.

The ten main gods are still valuable, at least they can be used for research, and will not be killed for the time being.

The **** master was seriously injured and fled, the ten major gods were suppressed, and the other supernatural gods fled in horror.

"Brother Daxia, kill the supernatural gods."

Ye Fan spoke.

Dominant command tone.

What's amazing is that those who watched the battle from afar really moved and began to hunt down those supernatural gods.

This is the awe from the heart.

When a person is strong enough to convince everyone, he will have great prestige and obey his orders.

Ye Fan is like that.

He turned around, his eyes were like torches, and the three Buddha masters trembled and quickly retreated.

"Wow."

At the same time, Kaitian Fuze landed on the Corpse Emperor; the Sky-Swallowing Beast urged: "I will stop the three of you. Go and **** Fuze. Don't let the Corpse Emperor take it all."

Chapter 1100: Strive for good fortune, twists and turns

It was still possible for the Sky-Swallowing Beast to drag the three Buddha masters; Ye Fan immediately rushed to the Corpse Emperor.

He needs a lot of energy to be completely detached, and a little bit of fortune is not enough.

In addition, if the corpse emperor recovers, then it will be his rival, and it will definitely prevent her from fully detaching.

Ye Fan regretted that he didn't have the ancient bronze coffin, otherwise he would directly bury the corpse in the ancient bronze coffin.

Now, it can only be hard to come by.

Without stopping, Ye Fan easily appeared near the corpse emperor, and he felt extremely strong pressure.

The corpse emperor is recovering quickly.

"swallow."

Ye Fan cast a big swallowing technique, madly absorbing Kaitian Fuze.

In an instant, he entered a state of metamorphosis, and his whole person was not moving.

Upon seeing this, Jiang Wudao hated the sky, "Damn it, that is my Kaitian Fuze, mine, Ye Fan, you scumbag."

"Why!"

"Is it wrong with the big prophecy? I clearly saw a corner of the future, and the corpse emperor shared the Kaitian Fuze with me, why is it Ye Fan!"

Jiang Wudao couldn't figure it out.

The big prophecy should not be wrong.

He is really going crazy.

Relying on one's own detachment, it is too long, and it is necessary to find an opportunity. This opportunity can not be cultivated at all. It depends on chance, and I don't know how far away it will be.

Must get Kaitian Fuze.

Jiang Wudao's eyes gradually became fierce, begging for wealth and danger, he found that Ye Fan seemed unable to move.

The three Buddha masters were dragged by the Sky-Swallowing Beast.

No one stopped him.

In that case...

Jiang Wudao moved.

He rushed towards Ye Fan like lightning, and then opened the Nine Great Oceans at once, his combat power was doubled several times, and he entered the most peak state, and at the same time he hit Ye Fan the strongest.

With this blow, even those who are detached must temporarily avoid the edge.

"Ye Fan, see if you die!"

Jiang Wudao grinned.

With this blow, the target was Ye Fan's head.

No matter how strong the body is, the head is always very fragile, Ye Fan must die, must die!

"Asshole."

The Sky-Swallowing Beast was shocked.

Unexpectedly, a thief would be killed halfway.

At this moment, Ye Fan was irrigated by Kaitian Fuze and entered a state of metamorphosis, unable to move.

The blow was hit, and the consequences would be disastrous.

"scold!"

Suddenly, the sword light flickered.

A golden winged roc appeared in front of Ye Fan, blocking the blow, it was Jin Quan, he appeared.

In fact, he was already lurking.

Ye Fan was not dead, which surprised him.

Before he hadn't protected the Tianzun Temple well, now he decided to protect Ye Fan.

Even if you sacrifice your life.

Since Jin Quan identified Ye Fan as a brother, he wouldn't play tricks, and his arrogant temper made him disdain to do so.

"Jinquan, even you want to stop me!"

"Then add me."

A great demon appeared beside Jin Quan, a nine-tailed demon fox.

"Count me in."

Here comes another person, Xiang Rulong.

Jiang Wudao sneered: "You mobs, all die to me."

Jin Quan, Nine-tailed Demon Fox and Xiang Rulong looked extremely serious.

Jiang Wudao is very strong.

The first person below the detached is really worthy of the name.

Even half of those who are detached can't help him.

"puff!"

Jinquan and the others were bombarded and hit hard.

no way.

Jiang Wudao's peak blow was really too strong.

"Hahaha."

Jiang Wudao laughed wildly.

"kill!"

He shot again, about to kill Ye Fan.

Just now.

The heaven and the earth turned into a golden color, Jinquan's eyes were shining, it was a golden beast, and he came.

"boom."

A collision blasted Jiang Wudao's blow.

The golden beast smashed into the ground.

"It hurts me."

The golden beast rushed out, grinning with silk teeth.

He claims to be invincible in defense, but when he was hit by Jiang Wudao, his whole body was in severe pain, and even cracks appeared in his body.

"No way, this turtle sun is a bit strong."

"Golden Beast, hold him back for a while, waiting for Big Brother to wake up, it's his death date."

Jinquan shouted.

Jiang Wudao's heart sighed, he must fight quickly, otherwise Ye Fan wakes up, he is really dangerous.

Golden beast?

It is another congenital spirit seed.

Why!

Why is Ye Fan's luck so good, with the help of the Golden Wing Roc, and the help of the innate spirit seed, and there is more than one.

Sky-swallowing beast, golden beast, star-moon jade rabbit.

Three!

Jiang Wudao was jealous, but at the same time extremely excited and enthusiastic, which showed that Ye Fan had strong luck. As long as Ye Fan was killed, he would get Ye Fan luck to some extent, then he would be invincible.

Rumbling.

Thinking of this, Jiang Wudao desperately.

His breath climbed again, his combat power doubled again, burning his life essence and blood.

It's worth it.

Because it doesn't matter even if you lose money, behead Ye Fan, he will be able to replenish everything.

"Huhuhuhu."

Jiang Wudao felt that he could kill the detached person now, he did not go to see the golden beast, stared at Ye Fan firmly, and attacked for the third time.

"Golden Beast."

Jinquan shouted.

The Golden Beast hesitated a bit, this blow was even more terrifying than before, and he didn't know if he could take it down.

"Madan, take a gamble."

"Ye Fan, if you don't die, you have to repay me well in the future!"

The scales of the golden beast were full of brilliant golden light, the sky and the earth were golden, and he rushed towards Jiang Wudao.

boom!

In an instant, the general scales of the golden beast exploded, fell down, and was seriously injured.

Jiang Wudao is like a broken bamboo.

Kill Ye Fan.

Jin Quan's eye canthus was about to split, but they were also seriously injured and couldn't make a move at all.

"Om."

At this moment, the corpse emperor woke up.

His breath was shocking, and all his attacks disappeared invisible.

Jiang Wudao's attack is naturally also.

"The corpse emperor."

Jiang Wudao exclaimed.

The corpse emperor looked over and said, "Young supreme, please share Kaitian Fuze with me."

"Huh."

With a wave of the corpse emperor, some Kaitian Fuze rushed towards Jiang Wudao.

This frightened Jiang Wudao.

"No!"

"Don't come here!"

Jiang Wudao fled madly.

What a joke.

If he is irrigated by Kaitian Fuze, he will not be able to move, and he will become a living target; once Ye Fan wakes up, and he does not wake up, wouldn't he be dead.

"Scorpion Emperor, kill Ye Fan, he must be completely detached, he is your greatest enemy, kill him, otherwise I will die."

Jiang Wudao roared.

In the end, he did not escape, and was enveloped by Fukuzawa, entering a state of transformation, standing still in the air.

This is too dramatic.

But.

The crisis has not been resolved, and it can even be said that it is even more crisis than before.

The corpse emperor stared at Ye Fan.

This is how to do.

The corpse emperor has recovered, even if he hasn't recovered to its peak, no one is his opponent.

The battle between the Sky-Swallowing Beast and the Lord Buddha also stopped.

The corpse emperor wakes up, there is no need to continue the battle, Kaitian Fuze and the others can't grab it.

The three Buddha masters were very angry and regretful, but they could only sigh. They could only say that they were not lucky enough and had no such opportunity.

But they did not leave.

They wanted to see how the corpse king would deal with Ye Fan.

At this moment, Ye Fan was in a state of metamorphosis, unable to move, and it was easy for the corpse emperor to kill him.
