

## **Elegant SS 1151**

Chapter 1151: One punch

Ye Fan was very puzzled, how big Jinquan and Fina's normal human body fit together?

Although in ancient times, monsters could be transformed to a certain level in their cultivation, but Jin Quan still cannot meet the requirements of transformation.

How did you do it?

Ye Fan was very curious.

He opened the eyes of Yin and Yang, and decided to take a look. Adults watching this kind of scene are still buddies, and it should be fine.

But Jinquan is over.

Come out graciously.

"Boss, when did you come back?"

"just."

Ye Fan looked at Jinquan weirdly, and you cast your eyes down. Could it be that Jinquan's stuff is very short.

probably.

Otherwise how to combine.

Thinking of this, Ye Fan secretly laughed.

Jin Quan said: "Boss, I'll take Fina to do it, and I can give birth to a melon baby in a year or a half. I don't know what it looks like."

Ye Fan said: "You are sure that you can be born, you are all different species."

Jin Quan said, "The cultivator, at this level, has broken the boundaries of species. Of course, it is not 100% successful. But my blood is strong, and I should be able to give birth to Fina."

Ye Fan said: "Aren't you afraid that Fina will be knocked out?"

"Don't worry, I have been in harmony with him, and my blood has been integrated into his body. It is impossible to have a baby."

"You are in the secular world like this and you are going to be arrested."

"Fear of an egg, Fina is going to kill us, so I'm not allowed to do her. Maybe there is a baby with a bull's fork left, and I will rule the angel clan in the future. I will be the emperor. You say bulls are not bulls."

Ye Fan was speechless.

He handed the eight seraphs to Jinquan, then came to the top of the hall and saw the altar.

I learned from those angels that they need to come from here, and they need to return from here at the same time.

In addition, Ye Fan also learned about the strength of the heaven realm.

It can be said to be very scary.

Now he can't go, nor can he let the strong from the heaven world descend into the heavenly world, here Ye Fan is already under his control, and it's his private domain.

This may be used as a retreat from the Tianzun Temple in the future.

If something unpredictable happens in Daxia, Tianzun Temple can sneak into the heavenly world to survive. This is a complete small world, not a secret realm, and can exist for countless years.

"boom!"

Ye Fan punched with all his strength and bombarded the altar. The smashed altar shook crazily, and it trembled with a radius of thousands of miles.

Boom boom boom.

Punch after punch, earth-shaking.

Finally, under the continuous bombardment of terrifying power, the altar cracked.

At the same time, changes have taken place in the heaven world.

The altar is connected to the heavenly realm. If the altar is broken, there will naturally be a lot of movement in the heavenly realm.

"what happened?"

A mighty figure descended, hidden in the light, exuding the aura of a superior.

This is one of the thirty-six great marshals, the eight-winged angel, Fina's father.

"Marshal, it is possible that except for the heavenly world, it is implicated in our heavenly realm."

"Something happened?"

The handsome eyelid twitched.

His daughter is carrying eight seraphs in the lower realm, and if something goes wrong, it would be terrible.

Fina is the jewel in his palm, he only has such a daughter, a noble princess.

"Whoever dares to touch my daughter will undoubtedly die."

The commander was full of coldness. He contacted the altar, only to find that the altar of the heavenly world was fragmented.

"hateful!"

"Something really happened!"

Suddenly, the marshal's body was brilliant, and he screamed, tearing open the world barrier.

Heavenly world.

The altar has been broken by two thirds, and the last third is left.

But at this moment.

A palpitating breath appeared for no reason, and then a small crack appeared in the sky above the altar.

"not good!"

Ye Fan's expression changed.

It seems that he destroyed the altar and inspired the world of heaven. Among them, the strong will come. This must be an eight-winged angel, perhaps Fina's father.

"Who is destroying the altar!"

"Who is so bold!"

"Who is dying!"

"Who is provoking our majesty!"

Every word is heavy and powerful, and the heaven and the world are truly trembling.

This is the eight-winged angel.

Ye Fan felt that he had underestimated the strength of the Eight-Winged Angel, which was much stronger than the Seraphim, and it was not of the same class at all.

Of course, Ye Fan was not afraid.

But now he can't make a move, otherwise the heavenly world will be ruined, which is something Ye Fan didn't want to see.

"Are you Fina's father? One of the thirty-six marshals?"

"it's me!"

"That's fine, you don't have to be angry, we are going to be in-laws. Your daughter has become my brother's woman, and you are my brother's father-in-law. We have a close relationship."

"what!"

There was a brief silence, followed by a roar, and the mountain of terrifying aura was about to wash down like a tsunami.

The crack is getting bigger and bigger, and it seems that the commander is about to come.

"You just insulted my daughter, how dare you! Fina, my daughter!"

"I want you to die!"

"There is no burial place for death!"

The commander was distraught. He didn't expect his daughter to encounter such a big disaster for the first time in the Lower Realm.

Ye Fan laughed and said: "This is a good thing, no need to be angry. In the future, I will take my brother, Fina, and their children, who are your nephews, to visit heaven."

"puff!"

The handsome man was so angry that he spouted a mouthful of blood.

At this moment, Ye Fan exploded the last third of the altar, and the cracks began to shrink.

The handsome snarled.

However to no avail.

Although he is strong, he is not strong enough to destroy a whole small world.

As long as it is the world, it is extremely stable.

It's not like the secret realm can be broken.

"what's your name?"

"Ye Fan."

"Ye Fan, I remember you, I am waiting for you to come to heaven. Or the generals soon, our angel race will break the ancestral star barrier, descend on the ancestral star, and rule everything. The fallen ancestral star has lost its ancient glory, You are all ants."

When the words fall, the crack disappears.

Heaven and earth returned to calm.

Ye Fan stood on the top of the hall, looking at the sky, silent for a long time.

The arrival of the angel race is indeed a disaster for the current cultivation world.

Ancestral barrier?

It seems that Zuxing has the ultimate in self-protection.

For the time being, the angels cannot come, but they can't slack off either.

Ye Fan looked down at the vast land, now he is the origin of the world, and the heavenly world is under his control.

He can open the gate of heaven and leave at any time, or he can open the gate of heaven and pull the enemy into it.

In the heavenly world, he is the ruler, and the enemy is only allowed to be beaten here.

It can be said.

Ye Fan's biggest gain is this.

There is a world as a backing, and he, as well as the Tianzun Temple, relatives and friends have safety guarantees.

In the next incident, Ye Fan began to reform.

There are a billion creatures in the heavenly world, all of whom are believers of the angel race. This is not possible. It must be changed. You cannot believe in the angel race.

However, these people have been baptized, and they have no self-thinking. The only way to transform them is to purify them.

It seems that the elves have to be troubled.

His Royal Highness Law Enforcement has a treasure house. Ye Fan and Jin Quan came here and found many precious resources.

Ye Fan took the space ring in his hand.

Later, I got the Boundary Breaking Shuttle. This is a good thing. It can break through any barriers and is of great use.

These are all the foundations of Tianzun Temple.

Ye Fan took some resources and put them in the Space Ring, and after discussing it with Jin Quan, he decided to leave Heaven and take a look outside.

They imprisoned Fina and other angels. Although it could not be sealed, the great prison of the heavenly world was extraordinary enough to imprison Fina and the others.

...

outside world.

The mountains of the gods.

After these days of recovery, a more magnificent territory was born.

Belos and a group of gods believe in the seraph.

Even the heads of Eagle Nation came to visit.

This Seraphim has great ambitions and wants to rule the entire West, and he does so.

He asked the head of the Eagle Nation to recruit believers, and he was building a baptism circle in the territory of the Gods Mountain.

He needs to use strong means to acquire believers in a short time, to give him enough power of faith, so that he can have enough power.

this day.

Seraphim stands on the top of the mountains, behind which are the gods such as Belos, Poseidon, and Zeus.

"My Lord Tianshen, tomorrow, the Eagle Nation Military Department will send all the prisoners on death row held in Jian, including the death row prisoners from neighboring countries. There are probably millions of them. They will be baptized and become your believers."

Bellows reports.

Seraph snorted coldly: "It's really troublesome, can't you just send those city residents here?"

Belos said: "My lord, that will cause panic."

Seraphim disdain.

But now the baptismal circle is not big, and there are almost a million death row prisoners, enough to provide a lot of power for faith.

"boom!"

Suddenly, the world changes.

Seraphim was shocked.

Immediately afterwards, a portal appeared in the sky, which was the gate of heaven.

"what happened?"

"How can the gate of heaven be opened? It's impossible. The gate of heaven can only be opened from the outside, not from the inside."

"Could it be that other seraphs came and opened the door of heaven in secret."

"hateful!"

"Snatching food from the lower realms is really looking for death!"

Within the ethnic group, there is of course competition.

This seraph lower realm wants to establish its own territory, so that in the future, other seraph lower realms can't beat him, and he will be the master.

It is even possible to be promoted to an eight-winged angel.

In that case, his status in the clan would be equivalent to that of a commander.

"Huh!"

next moment.

A golden lightning flashed from the gate of heaven, and then the door closed; gradually, the golden lightning stopped and floated in the air.

"Ye Fan!"

"Gold Wing Roc!"

Bellos and others exclaimed.

Their faces were full of horror, unbelievable, as if they had seen a ghost.

Seraphim also has a blank brain.

how is this possible?

This person and one beast were sent into the kingdom of heaven, how did they escape? And... the breath is so strong!

Much stronger than before.

"Hahaha."

Jinquan grinned.

"Unexpectedly, when we entered the kingdom of heaven, not only were we not baptized, but we reaped great good fortune, and our strength improved by leaps and bounds. I also played a princess named Fina, a handsome daughter."

"Impossible!" This seraph was shocked and didn't believe how noble the handsome girl is. Fina knew how strong she was, how could she be suppressed.

"kill!"

The Seraphim shot immediately.

Jin Quan sneered.

Turning into lightning, his speed was so fast that Ye Fan couldn't keep up, let alone the Seraphim.

"puff!"

Within a few rounds, his wings were cut off.

Jin Quan mocked: "Your wings are not as powerful as mine, Birdman, die."

The Seraphim raised the scepter.

Ye Fan frowned, and it seemed that he was about to summon something again. This was not enough. He punched it outrageously and instantly blasted it.

Ashes are gone.

Even the scepter exploded.

Jin Quan dissatisfied: "Boss, I haven't played enough yet."

The Seraphim was killed with a punch, which made Belos and the others pale, limp and shivering on the ground.

Ye Fan looked at the temples, and grabbed the altar with his hands.

This altar can also allow angels to descend and cannot exist.

"Boom!"

The altar was blown up.

After doing all this, Ye Fan said, "Submit or die, do you choose one?"

Chapter 1152: Tianzun Hall Western Branch Hall

Surrender or die?

The cold words made Belos and others stiff.

Their breath is declining.

Heart breaks down.

The face is like ashes.

The world of supernatural powers is completely finished.

After all, he was unable to fight the Daxia cultivation world.

Ye Fan was sent into the heavenly world, and he was able to escape successfully, and even soared in strength. What kind of existence is this?

Son of God?

The son of luck?

Son of the plane?

I can never kill this guy, why!

Jin Quan shouted sharply: "It seems that you have chosen to die, and it just so happens that you will all be devoured."

"I surrender."

At this time, a supernatural \*\*\*\* shouted.

Belos looked fierce, but could not make a move, was suppressed on the ground, unable to get up.

Ye Fan said, "Those who submit, I will grant opportunities for good luck. You are my subordinates of Ye Fan. You are sheltered and taken care of by the Temple of Heaven."

Huh!

A life essence rushed into the body of the supernatural god, his whole body was radiant, his essence was abundant, and his physical body was strengthened a bit.

"Thank you Tianzun."

"Ok."

Ye Fan nodded.

There is one who takes the lead, then there will be more, many supernatural gods surrender.

Every Ye Fan gave some benefits.

finally.

Only some leaders such as Belos, Zeus, Poseidon, and Jehovah are left. They still have this self-esteem and cannot speak.

"You choose to die?"

"Also."

"Leave you, it will inevitably cause trouble for me, let's get on the road."

Ye Fan snapped his fingers.

Belos and others were pierced in their heads and died unexpectedly.

This scene.

To those surrendering power gods secretly rejoicing that Ye Fan is really cruel, unkind, and kills when he says kill.

but.

One person was left alive, and that was Poseidon.

"Ye Fan!"

Poseidon looked complicated.

"Gullot has a special liking for the water god. You are the water god's father. I will spare your life for the time being. You go, don't show up in front of me."

"How is Alice?"

Poseidon asked.

Ye Fan shook his head: "The angels live in the heaven realm, not in the heavenly world. I haven't seen Alice. But he was taken away by the angelic \*\*\*\* king. He is definitely not life-threatening, but will be cultivated by the angels. The future is limitless."

Poseidon sighed, and then said: "Ye Fan, tell Gulot that I agree that Alice is with him, provided that he can get Alice's consent. I hope Gulot can remove Alice from the angels in the future. bring back."

"Heaven, we went back."

"Thanks a lot."

Poseidon clasped his fists, then blew himself up.

Ye Fan was taken aback.

Jin Quan slapped his tongue and said, "This Seagod is very spineless and doesn't want to survive."

Ye Fan sighed slightly, glanced at the supernatural gods present, and said: "You wait and sign a blood contract with me."

Big Blood Deed.

A huge blood book appeared in the sky.

The expression of the supernatural power \*\*\*\* was complicated, he thought it was enough to surrender, but he didn't expect that Ye Fan would also want them to sign a blood contract, which completely became a slave.

But if they didn't agree, Belos and others would end up, be blown up and wiped out.

This world is so magnificent.

real.

No one wants to be.

Everyone wants to see how wonderful the world will be in the future, they don't have the backbone of Poseidon.

Ever since, angrily signed a blood contract.

Become Ye Fan's servant.

Ye Fan said: "Jinquan, you stay here first, I want to go back to Kunlun, after a few days, I want to build the western branch of the Tianzun Hall here."

"no problem."

"Then I will go back now..."

"etc."

"What's up?"

Jin Quan said embarrassedly: "You open the door of heaven, and I will go to the prison of heaven to bring Fina out."

The corner of Ye Fan's mouth twitched.

But there was no refusal. Fina was a very important chess piece and needed to be conquered. Jinquan could do it.

After handing Fina to Jin Quan, Ye Fan hurried to Daxia.

This day.

There was a big event in Daxia Southern Xinjiang.

Previously, Ye Fan had found the location of the First Emperor's Mausoleum, but there was a powerful barrier, and many powerful people were constantly bombarding, day and night.

nowadays.

The barrier finally loosened.

Suddenly, it caused a major earthquake in the practice world, and the top powerhouses of many ethnic groups and various forces rushed towards southern Xinjiang.

Ye Fan returned to Kunlun Base.

Everyone is discussing the affairs of Southern Xinjiang, and at the same time, they are also worried that Ye Fan has been away for so long, and no news has come back.

Unexpectedly, Ye Fan suddenly returned.

"Xiao Fan, what did you and Jin Quan do?"

"Go to the West."

"Is it fighting the supernatural world, how is the result?"

"I came back to tell everyone that we will build the sub-temple of Tianzun Hall in the west, and Jinquan has already prepared there."

Everyone was stunned.

Good guy, Ye Fan directly smoothed out the Western supernatural power world, amazing.

"Boss, you are still awesome!"

"Prepare for the establishment of the sub-temple. In addition, I will tell you one thing, that is, I have mastered a small world called the Kingdom of Heaven. Now I will take you to see it."

"The gate of heaven, open!"

Ye Fan opened the door and led everyone into the kingdom of heaven.

Everyone was shocked.

The whole small world, there are so many creatures, good fellow.

"Xiao Fan, you are too good." The sisters were flushed, and Min Dong and others were pleasantly surprised. This indicates that the Tianzun Temple will be invincible.

The enemy can't find the heavenly world at all, let alone infiltrate it.

Isn't it invincible?

"anything else."

"follow me."

Ye Fan took everyone to the reception hall, grabbed the angel from the dungeon, and said, "This is an angel clan creature."

"hiss!"

Shocked again.

Angels really exist.

Ye Fan told about his experience with Jin Quan. Everyone was amazed and worried at the same time.

The angel race is really too strong.

If it comes, it can really directly rule the earth.

"Everyone must work hard to cultivate. There are a lot of resources in the kingdom of heaven. If they are let go, they will be used by you."

"I will leave a gate of heaven in the central hall of the base. You can enter and exit at any time."

"correct."

Ye Fan looked at the elf queen.

"Queen, the billions of creatures in the heavenly world are all believers of the angel race. We need to purify them and become believers in our Tianzun Temple. We need to trouble you."

"As a reward, in the heavenly world, your elves can arbitrarily set up a site, large enough, as a base for your generations. As long as I am not, the Tianzun Temple will not be destroyed, and the heavenly world will not be destroyed, the elves will never be extinct. "

Ye Fan's promise is great.

The Elf Queen was very moved and nodded heavily: "Thank you, Lord Ye Huang, I am thanking you for all the creatures of the Elf Clan. My Elf Clan is willing to make friends with the Tianzun Palace from generation to generation."

Ye Fan said: "Okay, the task is huge, but don't worry, you take your time. The resources are also open to welcome, these are not problems."

After coming out of the heavenly world, everyone's faces were filled with joy.

It can be said that when Ye Fan returned from going to the West this time, he brought back a huge cheating device.

Since then, everyone's safety has been guaranteed.

Even if the witch masters, Buddha masters and other powerful men once again join forces to kill Ye Fan, if they are not defeated, they can enter the heavenly world, close the door, and the witch masters can only stare.

"Xiao Fan, something has happened in southern Xinjiang. The barrier of Shi Huang's Tomb is suspected to be broken. Go and see as soon as possible."

"Not urgent."

Ye Fan shook his head.

"I still like to fish in troubled waters. Besides, the enchantment is only the first level. It is not that simple to start the imperial tomb. It's still early."

"At this stage, in addition to cultivation, it is the establishment of the Western branch hall, and the heavenly world also needs to be built, Seventh Sister, this needs to trouble you to plan and coordinate."

Fang Rui smiled and said: "Don't worry me, I happen to be interested, and I want to build the incomparable glory of the heavenly world as the lair of our Tianzun Temple."

Ye Fan said: "Our Tianzun Temple will have many nests in the future. The Heavenly Kingdom World is the first, and there will be a void behind. If you can find other Tianting ruins, then there will be a third nest. I feel it is necessary to grab it."

"Lao Min, let's start recruiting troops from the Tianzun Temple, cultivating combat power and providing resources based on cultivation; the thousands of souls I rescued in Buddhism before, they had to follow me at the beginning, I did not promise, let them come to Kunlun on standby? It's time to convene to start unified training and training."

"clear."

"The world is getting more and more exciting. Don't slacken off. We must pursue a brighter future that is higher, stronger and farther together."

Ye Fan's words are exciting.

The cohesion of the Tianzun Temple is unprecedentedly consistent and unified.

After the meeting, Ye Fan came to the Phoenix Pavilion, and the eldest sister Meng Qingyi was still asleep.

The mermaid Qianer, the descendant of the ancient medicine sect, has been looking after him, but he has not found out any Mingtang.

"Tianzun, I preliminarily concluded that the reason why the eldest sister is sleeping is related to the bloodline. Her bloodline is very mysterious and powerful, unpredictable, and shows strength due to some kind of stimulation, but the eldest sister can't hold it, so she sleeps herself. It can also be said to be understood as a self-protection mechanism."

"What should I do then?"

"Nourish." Yu Qianer said, "Using energy to nourish, subtly enhance the physical and mental strength of the elder sister. After enough strength, you should be able to wake up."

"You can only do this."

Ye Fan carried Meng Qingyi to the origin of the heavenly world and placed Meng Qingyi in the origin vortex, allowing her to receive all aspects of resources.

Ye Fan is the core of the source, controlling everything secretly.

Therefore, even if the power of the source is very strong, it will not harm Meng Qingyi.

"I hope that the eldest sister will not have an accident and wake up soon." Ye Fan kissed Meng Qingyi's forehead.

Then he left heaven and came to the base research institute.

Found Warburg.

"Gullot is still undergoing transformation, hasn't he awakened?"

Warber shook his head: "No, if it weren't for vitality fluctuations, I would think that except for the accident, Gulot died. He is in the energy pool, come and see."

In the depths of the research institute, there is an energy pool, which contains the energy of genetic reagents.

Gulot was silent in it.

Ye Fan opened the eyes of Yin and Yang and saw that Gulot's vitality was very strong, his heart beating like a drum, his vitality was vigorous, and his physical body had been transformed to a terrifying point.

There is no recovery, which is strange.

Ye Fan's spiritual power spread, and he wanted to investigate, but the mysterious power of Gulot's body hindered the investigation.

This is a little weird.

Ye Fan is now a cultivator at the Bitter Sea Realm, with strong mental power, but Gulot can stop him. What does this mean?

"I look forward to your recovery, it should surprise me."

"Alice needs you to get it back, but don't let her wait too long."

Chapter 1153: Missing

South Xinjiang is getting more and more popular.

But Ye Fan didn't go, and Shihuang Mausoleum was not so easy to open. The barrier was only the first level. I don't know what hindrance it, let the monks go and break it.

Ye Fan has a lot to do.

The angels and the heavenly realm have put a lot of pressure on him.

Once the angel clan comes, Da Xia will definitely bear the brunt, and he is Da Xia's national teacher and shoulders the responsibility of encircling Da Xia.

in addition.

Ye Fan still had some speculations whether there were other big worlds besides the heaven realm, living in the terrifying race.

On this day, Ye Fan came to the palace.

And sent the message to the \*\*\*\* emperor and the nuns of Shura, and summoned them to discuss the matter.

The imperial garden of the imperial palace.

The empress, Ye Fan, the \*\*\*\* emperor, and the Shura nvsun were sitting upright. Ye Fan recounted his experience in the West, and told about the angels and the heavens.

The faces of the \*\*\*\* emperor and the daughter of Shura were extremely solemn.

"In ancient times, was there an angel tribe among the ten thousand tribes? Why haven't you heard of it?" This was Ye Fan's most doubtful question.

"no."

The emperor gave the answer directly.

"Angels are extraterritorial creatures."

"Extraterritorial creatures?"

"Yes, in ancient times, the ancestor star was the most powerful world, but besides that, in the vast universe, there are of course other big worlds. Heaven is one of them."

"Angels are extraterritorial creatures and have invaded Ancestral Stars; in fact, in ancient times, Ancestral Stars were extremely rich in resources, and they were often invaded by extraterritorial creatures from other great worlds, and Ancestral Stars fought with extraterritorial creatures all year round."

"Later, an emperor appeared in the human race, suppressing everything, setting up an ancestral star barrier, and extraterritorial creatures can no longer enter."

"In ancient times, there were rumors that there were three thousand big worlds, and there were too many small worlds. It can be ignored. Among the three thousand big worlds, the ancestor star deserves to be the first. It is said that the ancestor star gave birth to other big worlds, but This cannot be verified."

"The three thousand worlds are ranked, and the heavens are ranked in the top ten."

Ye Fan took a breath, shocked.

In the vast universe of three thousand big worlds, the heavens can be ranked in the top ten, this strength is scary enough.

No wonder it's so arrogant.

The daughter of Shura said: "Don't worry too much. From what you describe, the ancestral star has fallen, and the heavens have also fallen. This can actually prove that the ancestral star is the mother star that gave birth to other great worlds. The ancestral star has problems, other things There will also be problems in the big world."

The emperor nodded; "You can indeed say that."

The Shura girl said: "The angel race cannot come, that means that the Great Emperor's barrier still exists. For a while, they can't break it."

"Speaking of barriers, have you ever noticed that you cannot leave the earth and are hindered by a mysterious force. Is that the so-called barrier of your Great Emperor?"

"Different."

The emperor shook his head.

"The barrier set up by the emperor in the ancient times isolates the creatures from outside the territory, but the ancestor star creatures can enter and leave on their own. Now we are blocked and cannot leave the earth. It may be the effect of the combination of the barrier and the earth's self-protection mechanism."

The queen said: "Then why satellites can be launched into space, and ordinary people can leave in spacecraft."

The emperor smiled and said: "You also said that we are ordinary people, we are not ordinary people. The earth is conscious and can distinguish."

"Earth is conscious too?"

"Of course."

The Asura female veteran said leisurely: "A planet, if there is no life in itself, how can it give birth to life. Every planet can be regarded as a life body, but it is different from the real creature, which can be understood as Their consciousness is a set of rules."

The emperor solemnly said: "Once something deviates from the rules, the consciousness of the earth will automatically recover, and there will be terrible things."

The empress and Ye Fan looked at each other and asked, "What terror?"

Divine Emperor said: "You should know that dinosaurs dominated the earth 65 million years ago. No, they should be the creatures that dominated the ancestors."

The queen said: "This little kid knows it, but a meteorite happened to become the earth, a catastrophe broke out, and the dinosaurs were completely extinct."

"Do you think this is accidental?"

"Is not it?!"

"Of course not." The \*\*\*\* emperor and the daughter of Shura said in unison, "Because the dinosaurs dominate the ancestors, but they have deviated from the rules, they have not evolved."

"You know, how many years did dinosaurs rule the ancestor?"

"Scientific speculation is 160 million years."

"No, it's longer than this. In ancient times, the tech community speculated that the dinosaurs ruled the ancestors for 300 million years. This is an extremely long time. However, they have never evolved to the next step. Think about it now dominating the earth. Human beings, how many years have they evolved to this point?"

Ye Fan and the Queen seemed to understand something.

The female Shura said: "Dinosaurs cannot evolve, they have deviated from the rules, and the consciousness of the ancestor star has recovered, creating a disaster and exterminating the dinosaurs."

The emperor sighed: "Generally speaking, a living planet will not easily interfere with the self-development and evolution of the creatures in it. But ah, the dinosaurs are not up to date. The

ancestors gave them 300 million years of events, but they always Without evolution, it was completely obliterated."

horrible!

It's really terrible!

The queen said: "Why did the ancestor star fall?"

The emperor and the female statue shook their heads.

"This is a puzzle."

"After the ancient times entered the Middle Ages, countless powerful and countless powerful people are exploring the reasons, trying to find out where the roots are, but they all failed, and there is no result."

"In modern times, when the World Tree broke, the ancestor star did not decline, but entered a period of decline."

"Nowadays, the environment is getting better, but..."

The \*\*\*\* emperor looked worried and sighed: "I don't look good, I don't know how far it can be restored, but it is really unrealistic to want to match the environment of the ancient times; it is very possible that even the era of the end of the ancient period can't compare with it. ."

"The earth is too small."

The female veteran sighed, she said: "For ordinary creatures, the earth is very big, and for us now, it is also very big. However, as our cultivation level improves, our strength becomes stronger and stronger. Found that the earth is too small."

"Even at a high level, I dare not take any shots at will, because once a battle is fought, it will destroy the earth."

"You must know that in the ancient times, the saints really raised their hands to pick the stars, and they could blow up the planet with one punch. It is conceivable that the earth is so big that it is not enough for the saints to slap in the face."

"The earth needs to get bigger."

"If a country wants to be strong, the vast land will give a great bonus; the same is true for a planet. The huge volume can provide abundant resources and countless ethnic groups. This is the strong foundation."

"But looking at it now, the good things on the earth are the same, he is just the earth, not the ancestor star after all."

The queen said: "Then in the future, what shall we do?"

"Leave."

The female honored responds.

The emperor nodded and said, "Yes, if the earth can't satisfy us after the cultivation is strong enough, then we can only leave the earth. Go to the starry sky and the universe to find a base, and the earth is the mother star."

Ye Fan did not expect that in the future they would go to the universe to explore and find a new planet of life.

Suddenly the Asura female respected said: "Perhaps, we can also stand by and wait."

"Oh?"

"Wait for the future, there must be creatures from other big worlds invading, as long as we are strong enough to defeat them, we can occupy their big world."

"Hahaha, it makes sense."

The four of them smiled at each other.

What the Shura Female Zun said makes sense, but the situation is not optimistic.

If many extraterritorial worlds invade, can the current earth stop it?

After all, it's still strength.

Ye Fan suddenly suggested: "God emperor, female venerable, are you interested in going to the witch's territory?"

The Emperor of God smiled and said: "Are you going to take action against the Sorcerer Lord?"

Ye Fan said: "Yes, the grievances between me and the witch master cannot be resolved, and there must be a result. In addition, the witch master has many treasures, and the Haotian Mirror is only one of them. The domain of the witch family is the ruins of the heavens, and this is the most precious. of."

Divine Emperor said: "The ruins of the heavenly court are indeed precious, female deity, what do you think?"

The Asura female respected said: "You can take a trip, but the witch master and my Asura clan have no grievances at present, and in general, I will not take action."

Ye Fan said, "No problem, it's enough to support me."

"Queen, we are going to the Witch Clan territory, and we need your full assistance when necessary."

Ye Fan meant to use the power of Daxia Qiyun.

Although Ye Fan was a national teacher, and the queen gave him the power to use the power of luck, it could not be fully mobilized, only part of it could be mobilized.

To be fully mobilized, the queen's operation is required.

"Don't worry."

The queen smiled.

The three big brothers Ye Fan left the capital.

But before leaving, Ye Fan left a gate to heaven in the queen's bedroom deep in the palace.

Through the gate of heaven, the queen can enter the world of heaven, and the Kunlun base of Tianzun Temple also has the gate of heaven, which means that the queen can pass through the world of heaven and arrive at Kunlun base in a few minutes.

same.

The sacred mountains in the West also left the gate of heaven, and Ye Fan could easily lead the sacred mountains.

This method is really convenient.

Of course, Ye Fan was able to do this because he was the origin of the heavenly world and could be manipulated at will.

The Protoss also has a complete small world, but the Emperor of God cannot achieve this point, unless he and Ye Fan refining the original core of the small world of the Protoss.

However, the \*\*\*\* emperor did not have the heart of the blue emperor, and it was as difficult as climbing to the sky to refine the fragments of the world tree at the core of this hospital, and it was almost impossible to succeed.

Ye Fan is never alone.

Min Dong and the others are also training an army in the heavenly world, as long as Ye Fan is willing, they can immediately release an army to attack.

The strong of Tianzun Hall can come instantly through passing.

Ye Fan is now in the walking world, full of confidence, and it can be said that no one is afraid.

Only the brothers and sisters and the queen knew this, other than that, no one knew that this was Ye Fan's biggest trump card.

Can imagine.

If Ye Fan and the Sorcerer Master were in a battle and suddenly opened the gate of the Kingdom of Heaven, and the Heavenly Sovereign Hall powerhouse came out, the Sorcerer would not be scared to death.

If Ye Fan didn't want to expose the heavenly world, he even wanted the \*\*\*\* emperor and the Asura female veteran to enter the heavenly world and hide them, and if necessary, suddenly slam out to catch the witch master by surprise.

Ye Fan is sure that this can kill the witch master.

Ye Fan used his great invisibility technique, covering the \*\*\*\* emperor and female venerable, and rushed into the territory of the witch clan.

Although these curse auras were annoying, they did no harm to the three of Ye Fan.

Long drive straight into.

Not long after, an energy barrier appeared.

"You want to get in, or what?"

"Open it directly!"

Ye Fan is unambiguous, now his strength is not what it used to be, the last time he mixed in, this time he will go in generously.

"Dadao Fist."

Ye Fan hit the barrier.

The huge enchantment kept trembling, Ye Fan frantically waved his fist, the enchantment kept shaking, and finally blasted a gap.

The Shura girl praised and said: "What a strong physical power."

"Thanks."

Ye Fan took the lead.

The emperor and the female statue followed closely behind.

The barrier was broken, and the powerful witches had discovered that even the witch master in the depths of the ruins was awakened.

"What's the matter? Could it be that Ye Fan is here?"

The shaman's face was ugly, and he was surprised.

The lord of the Zerg race, the lord of the emperor alliance, and the lord of the Buddha opened their eyes, and their expressions changed.

They have been cultivating and cursing the power of origin, and now they have reached a critical point, they did not expect Ye Fan to come.

"Sorcerer Lord, let your disciple deal with it."

"It can only be so."

The witch master was very fortunate that Jiang Wudao was in the ruins, and he immediately sent a message.

In fact.

Jiang Wudao had moved, and he sensed Ye Fan's breath.

For him, Ye Fan is an old enemy, and he is very sensitive to Ye Fan's aura; in a way, it also shows Jiang Wudao's strength.

The five senses are only sharp when they are strong.

"Ye Fan!"

Jiang Wudao killed him.

Where he traveled, the temperature was very high, the breath was hot, and the Nine Suns Divine Body developed to a deep level.

On Jiang Wudao's eyebrows, there was a sun mark.

not only.

In the dark, Jiang Wudao stood there, vaguely heard the sound of the river rushing.

That is spiritual power surging.

Jiang Wudao succeeded in developing all the nine seas of suffering, and his spiritual power stored terror.

Jiang Wudao was very confident.

Ye Fan's eyes flickered, and Jiang Wudao gave him a big surprise. It's worthy of being the Nine Sun Divine Body, and it's worthy of being the existence of nine seas of suffering. Jiang Wudao is also no one before.

"This guy is not bad." The Shura Female Zun also praised.

The emperor nodded secretly.

Jiang Wudao glanced, and said in a deep voice: "The gods of the gods and the female venerables of the Shura clan, you also come to deal with my witch master, do you want to go to war?"

Ye Fan said, "What's the matter, come!"

boom.

Step out in one step, the sky is broken and the earth is cracked.

Ye Fan made a bold move.

"So courageous!"

Jiang Wudao stopped drinking, "Ye Fan, there is a way for you to stay in heaven, and there is no way to cast yourself in hell. Today, I will kill you here."

"Only you?"

"Science should be respected for three days, let alone for so long, I am not what I used to be."

"So what, your defeat will always be your defeat. No matter where you go, it will be my stepping stone. Jiang Wudao, you have to be clear about this. Aren't you good at prophecy? Have you predicted yourself today? To be suppressed by me!"

"I predict you will die."

Jiang Wudao sneered, and punched Ye Fan, and the one who hit Ye Fan flew upside down.

He is more confident.

"Ye Fan, you can't."

"Sun Fist."

Jiang Wudao's fist was extremely bright, illuminating a large area of the world, and it seemed to hit a sun.

But Ye Fan tore the fist light apart.

Just after tearing it apart, Jiang Wudao appeared in front of him, smashing his head with a punch.

"boom!"

Ye Fan was knocked into the air again.

"Hahaha."

Jiang Wudao laughed triumphantly.

"Ye Fan, where's your Heaven Overlord Body, revive it, let me see; otherwise, you are not my opponent."

"You are not worthy yet."

"If you don't see the coffin, you won't cry."

Jiang Wudao revived the divine body of the Nine Suns, and in an instant, a vision appeared behind him, and the nine rounds of the sun turned into the sky.

Reflecting on the world, even dispelling the curse breath.

at the same time.

Jiang Wudao's body surface also diffused with a unique aura, which turned into armor attached to his body, with extremely strong defensive power.

"Ye Fan, go to death."

Jiang Wudao's combat power skyrocketed, his speed was happier, he slew like a lightning, and punched like a dragon.

Ye Fan didn't change his face.

Slowly punched, and banged against Jiang Wudao.

He was beaten into the air.

Jiang Wudao did not stop, the offensive was like a violent storm.

Ye Fan retreated steadily.

"boom."

After Jiang Wudao hit Ye Fan, he screamed, and nine bright and hot energy \*\*\*\* appeared under Ye Fan's feet.

"Nine Suns are split into the sky."

I only saw that the nine hot energy \*\*\*\* burst into energy chains, piercing the void and locking Ye Fan.

Swish.

In an instant, entwined Ye Fan.

Jiang Wudao grinned: "Ye Fan, let's get on the road."

"kill!"

The chain of energy seemed to penetrate the body, and then pulled Ye Fan's body to pieces.

The emperor and the female statue have been watching the show.

"Ye Fan hasn't revived the Heavenly Domination Body yet, it seems that he is really confident, he is much stronger than Jiang Wudao."

"Yes, it's a pity that Jiang Wudao didn't know it."

Rumbling.

The nine energy chains disappeared and were swallowed by Ye Fan's Great Devouring Technique. Not only the chains but also the nine energy \*\*\*\* were also swallowed.

"what!"

"Jiang Wudao, you idiot, don't you know if I will devour it, you even sent me energy, thank you."

"court death!"

Jiang Wudao was furious.

A pair of wings appeared behind him, invisible wings, that were the wings of the sun, which doubled Jiang Wudao's speed.

"Huh!"

In an instant, he bombarded Ye Fan's body, and Ye Fan was bleeding.

Boom boom boom.

Jiang Wudao's crazy bombardment.

Ye Fan is very passive.

He didn't revive the Heavenly Domineering Body, because it was not worth it. Jiang Wudao could not deal with the tenth-level Heavenly Dominant Body.

This is his hole card.

I don't want to show it yet, waiting for the time to deal with the witch master, it is also a surprise to the \*\*\*\* emperor and the female venerable.

"roll!"

Ye Fan Lei Ting stopped drinking.

The fist of Yin Yang Dao smashed Jiang Wudao, his eyes moved, and he stepped out in one step, moving towards Jiang Wudao.

Close fight.

Ye Fan was serious.

Divine Emperor said: "This is my clan's great fighting technique, it seems that the kid of Emperor Teng passed it on to Ye Fan."

The female venerable said: "Your Protoss fighting technique is not inferior to the fighting technique. Ye Fan can now hold down Jiang Wudao, but Jiang Wudao is not that simple. Nine Suns Divine Body is one of the top divine bodies, it will not be so unbearable. ."

really.

Being pressed and beaten for a while, Jiang Wudao was angry.

He grabbed it with a big hand, as if he had caught a sun and bombarded Ye Fan; after pushing Ye Fan back, the spiritual power in his body surged out wildly.

at the same time.

Jiang Wudao has an extra sword in his hand, which is a secret treasure, which shines with great light after the infusion of spiritual power.

"Bloodline Supernatural Power: Tianyang Badao."

"cut!"

Jiang Wudao cracked it down fiercely.

Ye Fan was finally moved.

The bloodline and supernatural powers of the Nine Suns Divine Body should not be underestimated.

"Picture of life and death."

Ye Fan waved his hand, and a scroll unfolded and collided with the knife.

Subsequently.

The obliterating power of the image of life and death began to obliterate the blade.

The emperor exclaimed: "The bloodline supernatural powers of the Yin-Yang bloodline, the Yin-Yang life-and-death map, are really amazing. It is said that the life-and-death map has evolved to the extreme, which can penetrate the Yin and Yang, control life and death, and endow reincarnation."

The daughter of Shura shook her head: "It's just a rumor. There is no reincarnation in this world. If there is reincarnation, the great emperor passes away and enters reincarnation, wouldn't it be possible to return again!"

The emperor pondered: "That's true. Throughout the ages, the saints have been chasing reincarnation, and even some bold people want to create reincarnation, but unfortunately they all failed."

"The rules of heaven and earth are like this, no matter how strong it is, there is an end. Life has an end after all, who can live forever!"

The two big brothers are feeling.

Ye Fan and Jiang Wudao were fighting each other.

In the end, the life and death map was even better, the blade light was obliterated, and the force of yin and yang knocked Jiang Wudao into the air.

"boom!"

Ye Fan chased after victory, and Jiang Wudao smashed the sky with blood.

Jiang Wudao's eyes are about to split.

He wasn't reconciled, why wasn't Ye Fan's opponent yet, and even Ye Fan hadn't revived the Heavenly Overlord Body.

Why!

Is Ye Fan already so powerful?

"Go on, don't you want to kill me, I'm waiting." Ye Fan said jokingly.

Jiang Wudao's face twitched.

At this moment, he received the voice of the Sorcerer Master and sneered: "Ye Fan, I said that if I want to kill you today, you will definitely die. My big prophecy has already predicted that you will die."

"Yes?"

Ye Fan didn't change his face, but there was a place in his heart.

Big prophecy predicts, we have to guard against it.

Jiang Wudao suddenly rose into the sky, headed into the distance, and shouted: "Ye Fan, there is a kind of you come with me!"

God Emperor said: "Ye Fan, this is obviously to lure you into the trap, no!"

Ye Fan said: "If you don't enter the tiger's lair, you won't get a tiger. You don't need to do anything to plunder the battle for me. I am going to be upset today. Before the witch master and them come out, I will fight them out."

"The sky is falling apart!"

"Infinite disaster!"

"Big expansion technique!"

"Erupt!"

In an instant, the power of terrifying disaster erupted and spread, and a great disaster began to appear in the Witch Clan's territory.

The half-step detachers of the Witch Clan were furious.

But they can only stare, Jiang Wudao is not Ye Fan's opponent, they are just half-step detachers, going up is to give away the head.

Disaster broke out where Ye Fan went.

The \*\*\*\* emperor and the female statue smacked their tongues.

The Wu Clan is miserable now.

What the \*\*\*\* is the witch master doing, hasn't he appeared yet?

"Ye Fan!"

A violent roar, shaking the earth.

Subsequently.

Several formidable powers destroyed the power of disaster.

The witch master appeared.

In addition, there are the lord of the Zerg race, the lord of the emperor alliance, and the lord of the Buddha.

Plus Jiang Wudao.

The five strong realms of the sea of suffering.

The \*\*\*\* emperor and the female respect looked at each other, foreseeing that an earth-shattering battle of ghosts and gods was about to begin.

Chapter 1155: Terrorist

Opposite Ye Fan are five cultivators of the Bitter Sea realm, the wizard lord, the lord of the emperor alliance, the lord of the zerg, the lord of the Buddha, and Jiang Wudao.

During this time, Ye Fan was improving.

The witch masters are also making progress.

Especially the Lord Buddha, his progress is very good, the treasure is solemn and solemn, it seems that he really evolved into the ancient Buddha.

Before in Tianzhu, the Lord Buddha had just completely detached himself, and he had not succeeded in condensing the sea of suffering. At that time, by virtue of the power of luck and the Buddha's treasure, he was able to fight Ye Fan to that point, which is enough to show that the Lord Buddha is amazing.

Now the Lord Buddha has become a monk of the sea of suffering, with boundless Dharma, boundless nature, and unfathomable.

The ancient Buddhist school is a powerful orthodoxy, and it has been prosperous for a long time. When the Buddha master waits for some inheritance of the ancient Buddhist school, he will definitely have extremely high achievements.

The other is the witch master.

Ye Fan felt that the Sorcerer had a posture of controlling the world and understanding everything. This should be the effect the Haotian Mirror brought him.

The Haotian Mirror is known to monitor the heavens and worlds, and has a strong ability to discern. When the witch master refines it into the body, it will inevitably be affected by subtle transformations.

When Ye Fan looked at the witch master and the others, the witch master and them were also looking at their eyes.

The wizard even quietly looked at the Haotian Mirror, illuminating Ye Fan, wanting to see everything about Ye Fan.

However, he was disappointed.

The Haotian Mirror couldn't see through Ye Fan, and Ye Fan seemed to be surrounded by a mysterious aura, which obscured the secrets of heaven.

This shocked the witch master.

He looked at the God Emperor and the Asura Female Venerable. Although they were not comprehensive, he could see a little bit, but Ye Fan couldn't see anything.

Could it be said that Ye Fan's strength has surpassed the \*\*\*\* emperor and the nuns of Shura?

How could this kid cultivate so fast.

The witch master was in a heavy mood.

The same goes for the Lord Buddha, the Lord of the Emperor League, and the Lord of the Zerg Race. They also perceive the tyrannical aura and energy in Ye Fan's body, which seem to be able to break the sky and the earth everywhere.

"Ye Fan, you are so brave to come to my group territory to cause chaos. You really think that you are invincible in the world."

"Sorcerer Lord, don't talk about these nonsense, the grievances between you and me must be settled today."

"There is no grievance between us, not only there is no, but you should thank me for giving you the elves."

"It's true that the nobles forget things too much. The Lord Buddha attacked my Tianzun Temple base and almost killed my relatives and friends, but you saved the Lord Buddha, that is, saving my enemy. Then you are also my enemy; and you are mighty. The lord of the Imperial League, the lord of the Zerg race, and Jiang Wudao are also my enemies."

The witch master sneered: "That is to say, you have to deal with the five of us alone? The \*\*\*\* emperor and the daughter of Shura want to join?"

The \*\*\*\* emperor and the daughter of Shura said lightly: "We came this time and were invited by Ye Fan. As for whether we can make a move, we are not sure."

The shaman's face sank.

The words of the emperor indicate that he will take action when necessary, and so will the Asura female honor, which needs to be guarded.

But the shaman is not afraid.

Here is her place, his lair, he has many methods, plus four monks in the sea of suffering, he thinks that he can leave the \*\*\*\* emperor Ye Fan and the goddess of Shura instead.

"Ye Fan, since you are so arrogant, let us learn about your prestige."

"Zeshan Blood Sea Curses the Great Array."

Wu advocated to open his arms, only to see that a magic circle appeared in a radius of thirty li.

The ground under Ye Fan's feet collapsed.

Countless corpses were exposed, and surging blood was surging.

The Sorcerer actually killed so many creatures.

Ye Fan was furious.

Rumbling.

The corpse mountain blood sea cursed the big formation, very terrible, these creatures were tortured and killed, and they had a strong resentment. They were collected by the witch master using secret methods and refined into an evil curse force.

In the big formation, cursing power is everywhere.

Ye Fan felt unwell.

The curse power seemed to invade his body, invading and entering through the pores.

Unexpected.

With a sharp and stern cry, ghostly shadows burst out of the sea of blood on the corpse mountain.

These shadows are still ghosts, hideous and terrifying.

Coming towards Ye Fan to culminate.

It was overwhelming, dense, and endless, making Ye Fan a bit creepy.

"Hahaha."

The witch master laughed and said: "Ye Fan, I knew you were going to kill, so I specially prepared a large array for you. I tortured and killed millions of creatures and built a magic array with the curse secret technique. I hope you can feel it well and don't waste my pains."

Millions of creatures!

The witch master is really frantic.

Ye Fan was burning with anger, his face was covered with frost, his eyes turned into fiery red.

The Red Emperor Vulcan Art works.

The fire spirit rushed out with a different fire, and instantly illuminated the entire array space.

"Burning the sky and boil the sea."

"Burn everything, curses and evil spirits, all will be wiped out in ashes."

"woo woo woo woo."

Alien fire and fire spirit raged.

Those terrifying shadows were burned, and the power of the curse was dispelling.

The shaman's face sank.

"This kid is really lucky, even the Chi Emperor inheritance can get it, and the fire attribute really restrains our shaman master's methods."

"I come!"

At this time, the Lord Buddha spoke.

A Dharma image rises behind him, and at this time the ancient Buddha Dharma image, the rich light and majesty of the Buddha's nature descends.

The Lord Buddha seemed to have turned into an ancient Buddha. He slowly pressed down one hand, and the huge gesture behind him also pressed down another hand.

The big hand enveloped the magic circle, and the force of suppression poured down.

"The sea of bitterness is boundless, turning back to the shore."

"Put down the butcher knife and become a Buddha."

The Lord Buddha spoke again.

This is a means of mental attack that interferes with Ye Fan's spirit, and in a daze, Ye Fan feels that as long as he stops his hands, he can get peace and joy.

"The evil devil said crookedly."

Ye Fan woke up and shouted, "Heart-killing curse!"

In the sky, a majestic word "kill" appeared, cracking the Buddha's method.

"Away Fire Fist."

Ye Fan screamed, boxing.

Rumbling.

The circle was beaten with a roar.

The witch master said: "Suppress the magic circle, and you can't let the magic circle break. I'll deal with this kid, big curse."

The power of the curse surged.

"Big body protection technique!"

Ye Fan displayed his magical powers, and at the same time, he counterattacked: "Big Cutting Technique!"

Those cursing powers were cut into countless small energies, but they still existed without destruction.

"Great Devouring Technique."

However, it was unable to swallow the power of the curse.

The witch master sneered: "Ye Fan, you want to swallow the power of the curse, it's really whimsical."

"I curse you for being five bad guys."

"boom!"

A brilliance struck Ye Fan's body like lightning.

Suddenly Ye Fan's body trembled and felt very unwell, and then he felt his breath begin to decay.

The so-called five decays of heaven and man are phenomena that occur when the deadline is approaching.

What a strong curse.

Ye Fan secretly said, but that's all.

"Bless my body, clean and undisturbed."

"Great blessing technique!"

Ye Fan used this magical power, blessing power blessed on him, and the effect of the five decays of heaven and man disappeared directly.

Originally Ye Fan was physically strong, and the curse effect of the five decays of heaven and man was minimal, but now the blessing power blessing of the great blessing technique has naturally been cracked.

"hateful!"

The witch master gritted his teeth.

His manipulator screamed again: "I curse you to be filthy and muddled."

Suddenly.

Ye Fan felt a trance in front of him, with a splitting headache.

This is a spiritual curse.

at the same time.

Several lore came, it was the Buddha Lord, Jiang Wudao and the others. Ye Fan hurriedly resisted, was blown away, and spewed blood.

"The heart is like a mirror, and there is no wave in the ancient well."

"a."

Ye Fan chanted the six-character mantra of Buddhism, sober spirit, this can make the Buddha's spirit half dead.

Many magical techniques of Buddhism were obtained by Ye Fan, as well as the treasures, Jiangmozhu, Fangcunshan, and a page of Buddhist scriptures.

Then he will get it back.

"Nine Yao Tianzhu."

Jiang Wudao's lore came.

The nine dazzling light clusters are like black holes, capable of destroying everything and attacking Ye Fan in all directions.

"The gods at dusk."

The leader of the imperial league performed a fascinating study.

This trick is terrific, and all the visions have occurred since the display, as if seeing the scene of the fall of the gods, full of endless sadness.

The Lord of the Zerg was not idle either, he shot out the eggs of all things, using mysterious and unpredictable power.

All lore comes.

Will drown Ye Fan.

Rao was worried that both the \*\*\*\* emperor and the daughter of Shura were worried that Ye Fan wouldn't be destroyed just like that.

That would be a shame.

The Heavenly Tyrant Body hadn't recovered yet, and he hadn't even borrowed Da Xia's luck.

The magic circle is obscured by the aftermath of energy, and nothing can be seen.

The Witch Master panted heavily.

The lore just now has been brewing for a long time, and it can be regarded as their relatively full blow, although not all the cards.

Nothing?

Was Ye Fan killed?

"boom!"

Suddenly, a burst of blood rose to the sky.

The \*\*\*\* curse of the Dead Mountain was broken and exploded, and the Witch Master and the others were blown away.

"Rumble."

The energy dissipated, only to see that a black hole appeared behind Ye Fan, the blood at the feet of the devourer crazily.

The blood of millions of creatures was swallowed up before long.

The energy backfeeding Ye Fan was too majestic, Ye Fan screamed, and the tenth-level Heavenly Overlord's body exploded in an all-round way.

This time, the real recovery has reached its extreme.

No reservations.

That monstrous Qi and blood covered the entire sky and enveloped the entire Witch Race territory. In the ocean of Qi and blood, there was a faint picture scroll, which was a yin and yang picture of life and death, which also appeared, hidden in the ocean of Qi and blood.

Ye Fan stood in the air.

His physical body is so strong that the space around him is distorted, because Ye Fan's power is too powerful.

That space couldn't bear it.

This is the peak state of the tenth-level Heaven Overlord Body.

"So strong!"

The \*\*\*\* emperor and the daughter of Shura took a breath. They knew that Ye Fan was physically strong, but they didn't expect to be so strong.

The blood, the power, and the breath made their scalp numb.

Ye Fan's Heavenly Overlord Body must have broken through the tenth level, otherwise it would be impossible to have such a terrifying power.

It's incredible.

How long did it take to open the genius, Ye Fan's Heavenly Domineering Body rushed to the tenth level, this speed is simply appalling.

Even in the ancient times, among the overlords, few had such a speed of cultivation.

This is easy to understand.

The reason why Ye Fan was able to advance to the tenth-level Celestial Hegemony body so quickly, think about how many resources he has obtained, not to mention the other things, the chaotic energy of the void and the power of the Yin and Yang origins are precious and terribly precious, so glorious in the ancient times. In this era, there are not many people who use this kind of resources to cultivate.

Also, absorb the power of the world's origin and refine the fragments of the world tree.

This is almost invisible in ancient times.

Adding up all the factors, it can be said that Ye Fan's resources are not inferior to those of the princes of heaven in the ancient times.

Therefore, it is completely reasonable to be promoted to the tenth level of the heavenly tyrant body so quickly, if it can't be promoted, it is really a problem.

Chapter 1156: Taihuangtian

The display of Ye Fan's tenth-level celestial hegemony body shocked the witch master and the others. They were really shocked, his pupils contracted and his face changed.

Jiang Wudao's eyes were splitting, and he couldn't be jealous. Why was Ye Fan's body so strong?

Compared with his Heavenly Tyrant Body, his Jiuyang Divine Body is too weak.

The sea of blood and energy alone was enough to make him envious.

Why.

Isn't Jiuyang Divine Physique one of the top Divine Physiques? Why can't it compare to the Heavenly Tyrant Body?

Jiang Wudao couldn't figure it out and couldn't be reconciled.

"You guys played really well, didn't you, is it my turn now?"

Ye Fan sneered.

The witch master and their faces darkened.

But Ye Fan had already disappeared in place, and the great teleportation technique was performed to the extreme, and instantly appeared in front of Jiang Wudao.

"Evan, you!"

"What are you, let me down."

With a lightning-like punch from Ye Fan, even if Jiang Wudao blocked him, he vomited blood and fell; then Ye Fan disappeared again and appeared in front of the Zerg Lord.

This is the weakest one.

"Die."

This punch is more ruthless than hitting Jiang Wudao.

The Zerg Lord was terrified, his body was pierced, and he fell.

Ye Fan squinted and saw that the Lord Buddha and the leader of the alliance made a move. He pulled his hand, and the yin and yang life and death chart fell, suppressing the two, and the power of eradication made the two change their colors.

"Wizard Lord, take a punch from me."

"Yin Yang Fist."

This punch is full of the power of yin and yang, which is an incomparably advanced power, and at the same time, there is all the physical power of this Ye Fan.

The punch has not arrived.

The sorcerer felt the pain in the provincial hall, and it seemed that once he was hit, his body would be pierced.

"Haotian Divine Light."

Wu Zhang opened his arms, his chest changed, a mirror appeared, and a burst of divine light burst out.

He used the Haotian Mirror.

Ye Fan had long expected this to happen. Compared with the last time, the Haotian Divine Light displayed by the witch master at this moment was terrifying.

However.

Under Ye Fan's punch, he was beaten and collapsed.

However, it also weakened the power of Ye Fan's punch.

The witch master was heartbroken and quietly gathered the power of the source of the curse in the palm of his hand. The reason why they appeared was because the power of the source of the curse had been refined.

Even if it's just a trace, as long as it is penetrated into Ye Fan's body, Ye Fan can be irreversible.

Ye Fan is impossible to resolve.

Even the great purification technique of the elves cannot be resolved at this stage, unless the queen of elves has cultivated to the realm of the sea of suffering.

But that's not possible.

"kill!"

The witch master took a risk and fought against Ye Fan.

Ye Fan keenly found that something was wrong, the witch master's body was weaker than him, and it was unwise to fight with him.

There's definitely something tricky about this.

But Ye Fan didn't plan to retreat, so he might as well use his plan to draw out the witch master's trump card.

The unknown is scary.

But once you know what the witch master's cards are, you can think of countermeasures.

Ye Fan's fist was like a broken bamboo.

But when it collided with the witch master's fist, a piece of golden paper appeared in his fist, yes, it was the Buddhist scripture page.

The witch master has already cast the power of the source of the curse.

The sudden appearance of the scripture page caught him off guard, and the power of the source of the curse bombarded the scripture page.

Immediately there was a terrifying riot.

The power of the source of the curse is incomparably evil, and the pages of the Buddha's scriptures are glorious and sacred.

A collision of good and evil.

Why not riot.

"Boom boom boom..."

The crazy explosion of heaven and earth, a cataclysm occurred in the territory of the witch tribe, and many witch masters died.

The sorcerer's heart was dripping blood.

At this time, the emperor raised his brows and said, "Ye Fan, be careful, if the power of the curse originating from the witch master is contaminated, it will cause great trouble. I didn't expect that the

witch master really mastered a trace of the power of the origin of the curse, It has also been refined, and it seems that they have prepared it for you."

It was specially prepared for me, huh, that's really an honor.

Ye Fan sneered.

He kicked the Witch Master flying with one foot, and the Witch Master's sternum was broken several times.

The Buddha's scripture pages and the power of the source of the curse are still in confrontation, Ye Fan left it alone, and he manipulated the yin and yang life and death map to obliterate it.

"The Great Inflation Book!"

"Life and death chart, give me rise and fall!"

Ye Fan was also crazy.

In an instant, the map of life and death doubled in size, and the terrifying picture scroll evolved.

"Give me death."

The life and death map is pressed down, it is like the sky is falling.

In the territory, the clanless creatures screamed in horror, as if feeling the end of the world.

The witch master cast the Haotian Divine Light again, but it didn't work; although he refined the Haotian Mirror into his body, he couldn't use the power of the Haotian Mirror at all.

The Haotian Mirror is an imperial object, not something that the little Bitter Sea Realm cultivator can't really play.

"Damn."

The sorcerer's face was ashen.

The plan failed, and the catch was in vain.

"Don't keep your hands, Susu shows everything and kills Ye Fan; otherwise, we will all die."

The hysterical cry of the sorcerer.

Ye Fan was not afraid, but smiled instead; "That's right, you should show your real skills."

Rumble.

Jiang Wudao and the others also knew that their lips were dead and their teeth were cold. The witch master couldn't die, and the witch tribe couldn't be wiped out.

As a result, they showed a strong trump card.

Facing the trump card lore of the five bitter sea bosses, Ye Fan was not only not afraid, but extremely excited.

He didn't use any magic weapon, and with a pair of fists, he blew everything.

"puff!"

Ye Fan tore off an arm of the Zerg Lord.

"what!"

The Zerg Lord is the weakest and has been seriously injured.

Seeing Ye Fan focusing on taking care of himself, the Zerg master was terrified and begged for mercy:  
"Ye Fan, if you have something to say, don't kill me, I am willing to be with you."

"The weak are not qualified to be with me."

Ye Fan was very indifferent, stepping on the Zerg Lord with one foot and crashing to the ground.

A blood hole appeared in the Zerg Lord's body again.

His injuries were extremely serious.

"The wrath of the Buddha."

The Lord Buddha roared wildly, bursting with divine might.

"Jiuyang Tianwu."

Jiang Wudao is also working hard.

This hand is not bad, it seems that the sun is falling, carrying the anger of the sky.

Ye Fan grabbed the life-and-death map in one hand to block the Lord Buddha's lore, and the other one slowly pushed out a punch.

boom!

boom!

With two loud noises, the Lord Buddha and Jiang Wudao vomited blood and flew backwards, and Ye Fan also flew out, but they were not as embarrassed as the Lord Buddha and the two.

And the direction in which she flew out is worth thinking about, which is exactly the direction in which the Zerg Lord escaped.

Ye Fan quickly is the master of the Zerg after all.

This made the latter horrified, "Ye Fan, be merciful..."

"Let's go."

Ye Fan performed the Yuan Magnetic Body Slashing Technique.

The Zerg Lord was hit, let out a shrill scream, fell to the ground, and could not get up this time.

He had suffered heavy losses in the first place, but now he was hit by the beheading technique, and his vitality was being wiped out little by little.

"No!"

When the Zerg Lord.

"Who will save me, I don't want to die, save me, the witch master save me!"

But now the witch master is also very troublesome. It can be said that it is difficult for the mud bodhisattva to cross the river, so how can he take care of the master of the Zerg.

"Yin Yang Fist."

Ye Fan took another shot and blew the head of the Zerg Lord.

So far.

A generation of monks in the sea of bitterness, the clan master of the great clan, has fallen.

The battlefield was silent.

The witch master and the others were stunned, and the emperor and the goddess also sighed that Ye Fan really killed a monk in the sea of suffering, and he was still under siege.

"The eggs of all things."

Ye Fan's eyes lit up and grabbed the eggs, which was a good thing.

at the same time.

The qi and blood of the Zerg Lord were swallowed by him, and the energy fed back to him was extraordinarily huge.

Ye Fan's injuries have recovered a lot.

The breath is strong again.

This made the corners of the witch master's mouth twitch.

"what to do?"

"withdraw."

The witch master made a decisive decision.

What do you want is Ye Fan, it is impossible to rely on them, and the emperor and the female honor are still there, it will always be a variable.

The only way now is to use the power of the Heavenly Court Ruins.

"Want to go?"

Ye Fan used the Great Sealing Technique to seal off this world.

However, the witch master easily broke the seal. He sneered and said, "Ye Fan, I have control of the Clear Sky Mirror, and I can come and go freely in the ruins. Are you crazy? Come with me."

The Witch Lord, the Emperor Alliance Leader, the Buddha Lord, and Jiang Wudao disappeared.

The \*\*\*\* emperor and the female venerable came over and reminded: "Obviously there is a deceit, the witch masters are not so simple, they are trying to design you."

Ye Fan: "Since it was designed for me, I have to take a trip. I actually liked the ruins of the Heavenly Court, and it is best to get my hands on it."

The emperor shook his head and said, "Impossible, the Wu people have lived on this site for an unknown number of years, and they have been operating for so many years.

Venerable Asura said: "Yes, I have seen with Asura Heavenly Eyes that this is just the periphery, although the witch master does not hesitate to use this place as a battlefield, even if it is destroyed, it will not be in the way."

Ye Fan pondered for a moment, and said, "God Emperor, Lady, please help me swept the formation, I still have to go."

"Since you insist on it, then it's yours. We can \*\*\*\* the battle for you, but we won't necessarily shoot."

"enough."

Ye Fan took the lead and chased away.

deep in the ruins.

The witch lord spat out a mouthful of blood and said coldly, "This Ye Fan is so powerful, it's amazing."

Jiang Wudao asked: "What should we do now, the Zerg master has fallen, and our strength has been weakened by one-fifth. Now we are no longer Ye Fan's opponent."

The witch master said: "The power of the source of the curse has been exposed. Damn, how did Ye Fan master the ancient Buddhist scriptures?"

Lord Buddha was embarrassed.

Because the Buddha scripture pages were taken from him by Ye Fan.

He coughed and said, "Wizard Lord, this Emperor Taihuangtian is your home. You must have a lot of arrangements. Don't be a fool. Let's talk about it quickly and discuss \*\*\*\* Ye Fan."

Taihuangtian is the name of this heavy heaven.

The Thirty-Three Heavens of the Heavenly Court, the first Heaven of the Emperor Taihuang.

Thirty-three layers of heaven, the higher the level, the stronger the strength, but Taihuangtian is an exception.

Although it is the first layer of heaven, the strength of this layer of heaven in the ancient times should not be underestimated.

It's easy to understand.

The first heaven is the gateway to the whole heaven.

If you want to attack the heaven, except for the top powerhouses, you generally have to fight from the bottom to the top.

At this time, the first day is very important.

When the witch master learned that it was the Taihuangtian ruins, he was so excited; the heaven collapsed, and countless treasures were falling, many of them in the first heaven.

No, the Haotian Mirror fell on Taihuangtian.

Having said that, the witch master thought for a moment and said: "I found a large cauldron, a magic soldier suspected of being invincible in the ancient times, which can be used to deal with Ye Fan. However, it is very troublesome to mobilize, and I need your full help. Don't What are you thinking about? Killing Ye Fan is the top priority, otherwise we will never have peace."

Lord Buddha, Jiang Wudao, and the leader of the Dimeng alliance looked at each other and nodded heavily: "Sincere cooperation, kill Ye Fan!"

Chapter 1157: Invincible Mage

Ye Fan went to the depths of the ruins.

He was arrogant, and everywhere he passed was filled with the power of hot blood. He tore through the thick fog and descended into a desolate area.

There are many rotten ancient artifacts and dilapidated palace buildings here. This is obviously the core area of the Wu clan's territory, which was previously the periphery.

Ye Fanshi looks forward to Qishu.

Soon he saw a few breaths hidden in the dark, he sneered, looking at the long fist, bursting the space.

The witch master and the others were forced to show up.

"Ye Fan, you are so bold, you came here after chasing and killing."

"Why don't you dare."

"Okay, you are frivolous, you are amazing, but you will pay the price, even the Emperor God and the Asura woman can't save you."

The witch master roared, and the Buddha Lord, Jiang Wudao, and the Emperor Alliance Leader were also roaring wildly.

A turbulent burst of energy pierced through the sky and shattered the earth, accompanied by a suppressed breath.

Ye Fan's eyelids twitched, inexplicably aware of the crisis.

At this time, Venus Shura said, "Be careful, Ye Fan, the witch master has used a big killer, it is suspected to be a holy soldier in ancient times."

The emperor said: "The holy soldiers are also divided into many grades. The magic soldiers of the mighty saints, the magic soldiers of the extraordinary great saints, and the magic soldiers of the invincible holy kings. I don't know what Wu actively uses."

Rumble.

The sky was shaking, and the entire Heavenly Court Ruins seemed to be shaking.

Although Ye Fan was surprised, he was not afraid. Instead, he asked: "Wizard Lord, this Heavenly Court ruins are extraordinary, and there are actually Haotian Mirrors and ancient sage soldiers. I don't know which layer of heaven it is."

The witch master said: "It's okay to tell you, it's the first heaven, the Emperor Taihuang."

The expressions of the God Emperor and the Asura woman changed.

Taihuangtian, so it is, no wonder there is such an emperor as the Haotian Mirror.

Heavenly Court collapsed, countless treasures fell, and many fell on Taihuangtian; and as the first portal of Heavenly Court, Taihuangtian's overall strength is also very strong.

Ye Fan's mind is hot.

Taihuangtian is worth a lot, even surpassing the void sky.

There are too many treasures hidden in this ruins; even if the sorcerer has occupied it for many years, he has only explored a drop in the bucket.

In many places, the realm is not strong enough, and it is impossible to explore at all.

"Taihuangtian, as one of the nests of my Tianzun Temple, it is very good."

"presumptuous!"

The sorcerer was furious.

He had known for a long time that Ye Fan was looking for trouble, and the purpose was to fall in love with Taihuangtian, how could he let Ye Fan do as he wished.

This battle must be won.

If he loses, then Taihuangtian will really be occupied.

Although he obtained the Haotian Mirror and the Invincible Soldiers, he did not find the Tianbao of Taihuangtian. Without Tianbao, he would not be able to control Taihuangtian; even, he did not find the stele guarding Taihuangtian.

If you have the Emperor's Monument, you can kill Ye Fan directly, so why bother.

"Ye Fan, your wolf-like ambitions are ultimately impossible to die. Your celestial hegemony is powerful, but unfortunately, you can't fight the invincible magic soldiers."

Ye Fan's heart skipped a beat.

The \*\*\*\* emperor and the Asura woman were both discolored, and they turned out to be the strongest invincible magic soldiers.

"You can inspire the power of the invincible magic soldiers, what are you blowing, you think I'm scared."

"Indeed, the monks of the sea of bitterness are only the bottom. For the saints, the monks of the sea of bitterness are not even ants. We really can't use our strength, but I have a clear sky mirror."

The witch master smiled grimly and said, "With the help of the Clear Sky Mirror, we can inspire a trace of the power of the Invincible Soldier to kill you, that's enough."

Ye Fan's face was solemn and solemn.

"Come on."

The witch master roared, and between the heavens and the earth, a square cauldron slowly emerged. Once this cauldron appeared, even if it did not recover, it was enough to give people a strong shock.

The cauldron ups and downs in the air, without any luster, very simple, can feel the vicissitudes of the years, and the incomparably heavy.

Just like, it can shatter the world and explode the stars.

"This is!"

The Emperor's pupils contracted.

"Hundred Days Kunding."

"It turned out to be this invincible magic soldier, the witch master is really lucky, this can be found."

The emperor was shocked and envious.

Seeing Ye Fan in disbelief, Empress Shura explained: "In ancient times, there was a terrifying invincible man named Qiankun. This person is extremely evil and has the appearance of an emperor. He wants to attack the throne of the emperor and become the emperor of Qiankun."

"However, he ultimately failed and died."

"In other words, Qiankun can no longer be called the invincible holy king, but the supreme quasi emperor."

"Emperor Zhun is not a realm. It is an honorific title for the existence close to the emperor. For example, the five emperors of Chidi, Qingdi, Heidi, Baidi, and Huangdi are also Zhundi."

"Emperor Qiankun's magic weapon is the Qiankun Ding, but after he failed to attack the emperor, the Qiankun Ding was broken. Later, it was sacrificed by some tyrannical existences and forged into two magic soldiers, the Wuxu Dry Ding and the Wuxu Kun Ding."

"The Qiankun Ding is a quasi-emperor soldier, while the Wuxu Qiankun Ding and the Wuxu Kunding are invincible magic soldiers. It is rumored that once the two cauldrons are merged, there will be a chance to recreate the stars and the Qiankun Ding. Terrible."

The Asura woman explained in great detail.

Ye Fan was fascinated by this.

Qiankun Zhundi has a great spirit. Although he failed to be promoted to the throne of the emperor, he has been famous for eternity.

Hundred Days Kunding, the invincible French soldier, famous for its thickness, suppresses everything, swallows mountains and rivers.

"Come here."

The witch master shouted and summoned the Haotian Mirror. It looked ordinary with a mirror, but it had a hint of heavenly power.

The leader of the Buddha Lord and Emperor Alliance and Jiang Wudao mobilized their energy with all their strength and injected it into the Clear Sky Mirror, only to see the radiance of the Clear Sky Mirror blooming.

"boom!"

A beam of divine light rushed out from the Clear Sky Mirror and landed on the Wuxu Kunding. The silent Wuxu Kunding trembled and seemed to be recovering.

at the same time.

Crashed.

This piece of heaven and earth could not bear the heavy force of Wuxu Kunding.

Ye Fan's mind is hot.

This Kun Ding, the power-type invincible disease, was simply prepared for him.

This kind of treasure should not fall into the hands of the witch master.

Ye Fan screamed, he wanted to touch Kun Ding.

"Fangcun Mountain."

Of course, Ye Fan didn't easily collide with his body. That was a fool. He tried it with Fangcunshan first.

Seeing Fangcun Mountain, the Lord Buddha's face turned ashen.

He summoned Fangcunshan, but he didn't move, obviously Fangcunshan had been refined by Ye Fan.

"Wizard Lord, kill him."

Lord Buddha growled.

In an instant, Kun Ding fell, smashed towards Ye Fan, and locked the Qi machine at the same time, Ye Fan's body trembled, the suppression force was too heavy, he could not escape.

The Emperor and Asura were about to make a move, but they stopped again. Ye Fan still has a hole card, and the power of Daxia's luck has not been used yet.

No hurry, just wait.

at this time.

Fangcun Mountain and Wuxu Kunding collided, but people, Fangcun Mountain were directly smashed and fell.

Although it was smashed and fell, Fangcun Mountain was not damaged.

This is the treasure of the Buddhist family, and the material is not inferior to the invincible magic soldiers.

Such a collision also made Ye Fan expect the terrifying power of Wuxu Kunding. Although he is a tenth-level Celestial Hegemonic Body, he still can't bear it.

"hold head high."

At a critical juncture, Ye Fan opened his mouth and let out a dragon roar.

Above the distant palace, in the sea of clouds of luck, the golden dragon of luck also uttered a high-pitched dragon roar.

In front of the Hall of Longevity, the Queen has been waiting.

At this moment, when she heard the sound of the dragon, a decree appeared in front of her with a wave of her hand, and she said solemnly: "The national teacher Ye Fan, the extermination of alien races, meritorious deeds in Daxia, can mobilize the power of Daxia's luck, a stick of incense time, this proof."

The Kowloon Jade Seal is printed on the decree.

The decree flew to the sea of clouds of luck and was swallowed by the golden dragon of luck.

this moment.

Ye Fan's body trembled, and he rose into the sky, as if he had become the ruler of the world.

"Damn, he's borrowing the power of Daxia's luck." The witch master and others looked grim and worried.

The God Emperor and the Asura woman are looking forward to it.

on the sky.

Ye Fan became more and more brilliant, becoming incomparably majestic and sacred, and no violation was allowed.

"hold head high."

He burst into dragon roar again, and was then submerged by the power of luck. In the next second, a five-clawed golden dragon rushed out of the ocean of luck.

Ye Fan and Qiyun Jinlong were integrated into one.

"kill!"

This majestic picture is extremely shocking, not only in the Taihuangtian site, but also in distant places.

The tribes were shocked.

"What's going on, that's the Golden Dragon of Fortune, why did it appear there."

"The golden dragon of luck will not leave the sea of clouds of luck in the palace, why does it appear here!"

"There is only one possibility, that is to use the power of Daxia's luck to kill the enemy outside the palace, and it is still called all, is it the queen?"

"It's not the queen, I heard that the queen is in the palace."

"It's not the queen, that's... the national teacher, who is he dealing with, and actually mobilized all the power of Daxia's luck, and the queen trusted him so much. This is equivalent to giving him the ownership of Daxia for a short time."

All cultivators realized that Ye Fan and the Queen had an irreversible relationship, and the Tianzun Palace and the royal family were tied together.

In front of the Hall of Longevity.

The queen looked and closed her eyes, and a picture of Ye Fan and the witch master fighting appeared in her mind.

She is the queen, she can contact Jinyun Jinlong at any time, and she can see everything that Jinyun Jinlong sees.

It's like she's there.

It can even be said that she is fighting side by side with Ye Fan.

The three ministers Gai Jiuyou, Da Ge Lao, and Ouyang Jing came. They did not expect that the Queen would give Ye Fan so much power and wanted to remind him.

The queen said: "There is news that the national teacher is attacking the witch clan."

"Uh, yes."

The three of Gai Jiuyou looked at each other and said nothing.

The current queen has gradually developed the attitude of a mother in the world, and is not allowed to offend her majesty.

News spread quickly.

Cultivation world fryer.

"The Mausoleum of the First Emperor is about to open, but Ye Fan went to attack the Wu clan. You must know that in addition to the Wu clan, the Wu clan also includes the Buddha Lord, Jiang Wudao, the Emperor Alliance Leader, and the Zerg Lord, five monks in the sea of suffering, Ye Fan actually Dare to attack."

"The national teacher is really cruel!"

The tribes were shocked and extremely fearful.

Ye Fan's ruthlessness, this kind of attitude that he will \*\*\*\* you no matter who is not pleasing to the eye, is intimidating.

At this stage, the Wu clan is very strong.

Only the Shura and the Protoss are comparable to the Wu Clan.

Ye Fan told the Wu clan to fight, and if the other clans angered him, wouldn't they immediately descend with the golden dragon of luck and destroy them.

Can't mess with!

This is a big guy!

Chapter 1158: snatch kunding

In the ruins, Ye Fan merged with the golden dragon of luck, and the dragon's claws grabbed the Kunding of Wuxu.

The heavy Kun Ding was caught.

But Ye Fan felt the extremely strong force, which made his blood surge, blood spilled from the corner of his mouth, and he was injured by shock.

Lord Buddha shouted: "Wizard Lord, think of a way, hurry up!"

"What are you arguing about?"

The witch master drank coldly, "The Wuxu Kunding is far more powerful than this. Although Daxia's luck is strong, this is my territory. Ye Fan mobilizes all the luck. It's very good, then I will pollute the gold dragon."

"Curse the power of the source."

"go with!"

The witch master played that trace of the power of the source of the curse.

Compared to Ye Fan, as a monarch, the queen is more sensitive, and said through voice transmission:  
"Ye Fan, that substance will pollute the golden dragon of luck, be careful."

"clear."

Ye Fan knew that the Golden Dragon of Fortune could not be polluted.

If a country's luck is polluted, there will be many problems; he took out the Buddhist scriptures and threw them out, blocking the source of the curse.

The witch master said angrily: "Damn, it's another scripture page, Lord Buddha, you have done a good deed."

The Lord Buddha's face was ugly.

"Buddha in the palm of your hand."

He suddenly shot and grabbed the Buddhist scriptures page.

The witch master controlled the Wuxu Kunding, trembled violently, and broke free from the dragon's claws; Ye Fan was shaken back.

at the same time.

The Buddha Kingdom in the palm swallowed the Buddhist scripture pages.

Lord Buddha rejoices.

However, in the next second, the Buddha Kingdom in the palm exploded, and the scripture page was taken back by Ye Fan again.

"Damn."

The Lord Buddha was furious.

Rumble.

More energy was injected into the Haotian Mirror, and the divine light was shot out again, falling on the Wuxu Kunding, and the power of the Great Ding increased by one.

"Shh!"

Kun Ding flew over and bombarded Ye Fan.

Ye Fan, a divine dragon, swung its tail, slapped the cauldron flying, and vomited blood in shock, but he did not hesitate, and the dragon claws grabbed at the witch master and the others.

But suddenly, the witch master disappeared.

appears in the other direction.

This is the role of the Haotian Mirror, which is to change the shape of the image.

"Ye Fan, you can't deal with me, today is your day of death." The witch master laughed horribly.

"Kunding, explode."

The witch master thundered loudly, and the big cauldron suddenly appeared a huge vision, like a towering ancient mountain, rampant, and it would knock Ye Fan and the golden dragon of luck to ashes.

"Good come."

Ye Fan was overjoyed, this is what he wanted.

Such a fierce collision, presumably Master Wu would be difficult to stop, that is to say, opening the gate of the kingdom of heaven at this moment would allow Wuxu Kunding to rush in.

Entering the heavenly world, it has nothing to do with the witch master.

Ye Fan is actually a bit conservative.

Otherwise, he even wanted to bring the Witch Lord, Buddha Lord, Jiang Wudao, and Emperor Alliance Leader into the Heavenly Kingdom.

There, he is the master, and suppressing them is a no-brainer.

But that was too shocking.

It is true that the God Emperor and the Asura woman are now friends, but Ye Fan does not believe it like his relatives.

If it is not within our clan, its heart will be different.

The current alliance is only driven by interests. Once there is a hedging of ethnic interests, they will definitely part ways.

Because Ye Fan is very conservative.

He has been waiting for the opportunity to open the gate of heaven and take the Kunding of Wuxu, and now the witch master has given him the opportunity.

"Queen, luck shrouded the audience, ah, I want to incorporate the Wuxu Kunding into the world of heaven, and seek this sword invincible magic soldier."

"Ye Fan, you are so bold."

The queen was startled, but at the same time excited.

Ye Fan invokes the power of luck, but it is still a little difficult to control it freely, but the queen is different, the king of a country can control it at will.

In an instant.

The golden light is brilliant, and the power of luck is permeating, covering the sky and the sun.

It's now.

Ye Fan opened the gate of heaven, and the gate was looming in the light.

"what is that?"

Even if it is so obscured, the witch master and the others, as well as the emperor and the goddess of Shura, can still see some outlines, which is very shocking.

The witch master felt bad, "Come back!"

He wanted to pull back the Wuxu Kunding. However, as Ye Fan thought, it was not easy for the witch master to pull it back.

The speed of Wuxu Kunding plummeted.

"Swallow!"

Ye Fan escaped from the Golden Dragon of Luck. He stood in front of the gate of heaven and frantically performed the Great Devouring Technique.

The devoured pulling force was pulling the Wuxu Kunding desperately, and the speed of the original decline increased sharply again.

at the same time.

Ye Fan threw a punch with all his strength and bombarded the witch master and them.

"boom!"

Finally, the pressure was greatly reduced, and Wuxu Kunding successfully rushed into the heavenly world, and then Ye Fan transmitted a voice to the queen.

"Queen, enter the heavenly world and suppress the Wuxu Kunding."

"OK."

Ye Fan had left the gate of heaven in her bedroom before. In front of the Hall of Longevity, the queen opened her eyes and performed the great teleportation technique to enter the kingdom of heaven in the bedroom.

The great teleportation technique was passed on to her by Ye Fan.

Although her strength is not good, however, she has many treasures, such as Jiulong Yuxi, which is strong enough.

After Wuxu Kunding entered the heavenly world, it cut off contact with the witch master, and the power began to be as if, the Nine Dragons Jade Seal could completely suppress it, preventing the Kunding power from rioting and destroying the heavenly world.

This side of the battlefield.

All dust settled.

The power of luck disappeared, and so did the gate of heaven.

Ye Fan stood in the air, jokingly looking at the witch master; and the witch master's face was frozen, dumbfounded.

what happened?

What about Kunding?

The witch master sensed, but couldn't sense anything.

"Ye Fan, where did you get my kunding, return it to me."

"What is your kunding, it's mine now."

"you wanna die!"

The witch master was so angry that he wanted to vomit blood.

Lord Buddha squinted and scolded inwardly: Didn't you say me before, but now, your treasure has also been robbed by Ye Fan.

"What kind of portal is that?"

"I don't know, but I sensed the breath of the world." The God Emperor's face was shocked, and his heart was surging.

The breath of the world, is that a world?

If it is true, how could Ye Fan open the world portal at will, and how did he do it?

The emperor felt incredible.

The Asura woman pondered: "Maybe it is some kind of space secret treasure. In the ancient times, there were many space secret treasures with some world attributes."

The Emperor thought this explanation was reasonable.

Ye Fan's luck is very good.

There are space treasures with world attributes. Generally speaking, space treasures cannot enter living creatures, but if they have world attributes, they can be loaded.

The sorcerer's face was extremely ugly.

The Wuxu Kun Ding was taken away, and his heart was dripping blood; he also thought that he would find the Wuxu Qian Ding in the future, and the two were combined into one to create an ancient Qiankun Ding, which was a quasi-emperor soldier.

Holding a quasi-emperor soldier, it is directly invincible.

Soup now.

"Ye Fan, you have to die."

"Don't talk about this kind of nonsense. Your big curse can't curse me, and its impact on me can be ignored."

The Great Curse sounds scary, but it's actually what it is.

The scary thing about this kind of magical power is the dimensionality reduction blow, cursing the creatures weaker than himself; and Ye Fan is stronger than the witch master, the witch master curses him with little effect.

"If you have any other magic soldiers, show them all and see if you can deal with me."

Now who dares to take out the French soldiers again?

You can collect the soldiers, and take them out to beat the dogs with meat buns, and there will be no return.

Seeing that the witch master didn't move, Ye Fan said, "Is there no more, then I'll be welcome."

"Ye Fan, wait."

shouted the sorcerer.

"What is there to say."

"Really desperate, it's just a fish and a net, it's not worth it. At our level, there is no conflict that can't be resolved, we can sit down and have a good chat."

"There is nothing to talk about between us, unless you give me the Haotian Mirror, then I will leave immediately."

"That's impossible."

"If that's the case, then there's nothing to say. If I kill you, I can get the Clear Sky Mirror, and even the entire Taihuangtian."

The witch master said fiercely: "You think you can really kill us, I still have a hole card, but it's too scary. I won't use it unless it's a last resort; but once I face life and death, I can't care so much."

Ye Fan frowned, and immediately smiled: "Fuck me, this trick is really low and bad."

The witch master said: "You think I'm fooling you, you are really ignorant. Taihuangtian has too many secrets. Although I have not explored much over the years, there are not many. Wuxu Kunding is an invincible magic soldier. Yes. If you think I only have this trump card, then you underestimate me too much."

Rumble.

Ye Fan displayed the yin and yang life and death picture, and the picture scroll covered the world.

The power of yin and yang is converging.

Ye Fan is brewing a full blow.

Lord Buddha was very worried, they were defeated, and Ye Fan wanted to kill him for the first time; he urged: "Master witch, if you have any trump cards, take them out and keep them hidden."

The leader of the alliance also advised: "Hurry up, there is no time."

Jiang Wudao was startled and urged, "Master, what are you hesitating about?"

Old man hesitated.

Where is there any trump card, Wuxu Kunding is the biggest trump card, but I didn't expect it to be taken away.

The witch master panicked in his heart, but his face could only be calm.

Once the momentum is relaxed, it is really over.

Now he can feel that Ye Fan is still afraid.

The Divine Emperor and the Asura Maiden looked at each other, shocked and sighed, Ye Fan really broke through the Witch Clan alone, forcing the Witch Lord to have no way to counter it now.

"Great!"

"No surprise, he will be a top powerhouse in the future. His luck is very strong."

"Yes."

But suddenly, Ye Fan, who was about to condense his strength to the peak, suddenly changed color, and then his breath declined.

puff.

Ye Fan spurted blood.

The sudden change made the emperor and the goddess Shura alarmed; the Buddha and the others were dumbfounded.

"Hahaha."

Jiang Wudao laughed loudly: "Master, you are still powerful, what kind of trump card is this, and it quietly hurt Ye Fan."

The Lord Buddha and the Lord of the Alliance looked at the witch from the altar.

But the witch master was even more confused, what, he didn't do anything, what happened to Ye Fan?

"Evan, what's going on?"

The emperor and the goddess asked by voice transmission.

"Leave quickly."

Evan responded.

Without waiting for the Emperor and the Queen, the Great Teleportation technique disappeared immediately. After leaving the Taihuangtian ruins, Ye Fan opened the gate of the kingdom of heaven and entered it.

Portal closed.

The emperor and the goddess came, but Ye Fan was no longer there.

"He went to the space treasure of the world attribute, it seems that he is very wary of us."

"It should, after all, we are not of the same clan as him, and even if we are of the same clan, there are intrigues. It's just that I can't figure out what happened to Ye Fan. Could it be that the witch master secretly acted?"

Chapter 1159: Evolution world

After Ye Fan entered the heavenly world, his breath completely decayed, his whole body was cracked, blood dripped, and he entered a state of serious injury.

"Queen."

Ye Fan opened his mouth.

The queen who was pressing Kunding on Wuxu heard the call and rushed over, and at this time Ye Fan was already in a state of confusion.

The Queen was shocked.

"Evan, what's wrong with you?"

At this moment, Ye Fan has no strength to answer, and can't even hear the Queen's words.

Rumble.

The power of blood in his body is restless, and it seems to have activated the self-protection mechanism. At the same time, the heart of Qingdi frantically sprays the essence of life to repair the body.

But the effect is minimal.

This change was too turbulent to be stopped, and Ye Fan's petrified eyes fell.

The queen was helpless.

Fortunately, in the kingdom of heaven, Min Dong was training the team, and the queen sent a message. Not long after, Min Dong, sisters and others came.

"Xiaofan."

Seeing Ye Fan's miserable appearance, the sisters were heartbroken and burst into tears.

The queen said: "I don't know what happened. Could it be that the witch master was scared and cursed?"

The elf queen came, shook her head and said, "There is no curse breath, not a curse."

On the Tianzun Hall side, the strongest ones at present are the Heaven-Swallowing Tailed Beast and Jinquan, both of which have been completely detached.

Jinquan is in the west, but there is a gate to the kingdom of heaven. After receiving the message, Jinquan came to the world of heaven.

Although he was in the West, Daxia was still concerned about the situation and learned that Ye Fan had attacked the Wu clan.

"Would you like to ask the God Emperor and Asura Maiden, after all, they were there at the time, maybe they knew something."

"etc."

Jinquan refused.

The God Emperor and Asura Woman are not good people. If the news of Ye Fan's dying life is leaked, it is inevitable that nothing will happen.

This message must be blocked.

Yu Qian'er, a descendant of the ancient medicine sect, checked Ye Fan and said, "Tianzun's body is very strange. With my current strength, I can't thoroughly investigate it, but I feel that the problem lies in the sea of bitterness."

"sea of bitterness?"

People are puzzled.

What could be wrong with the sea of bitterness?

Is the sea of bitterness broken?

But even if so, it is impossible to cause such damage to the body. Ye Fan is sleepy, and he has a higher level. The means that can make his body almost collapse in an instant is simply unimaginable.

"Could it be!"

at this time.

Jin Quan seemed to have thought of something, and looked at the unconscious Ye Fan, dumbfounded, stunned, and horrified.

"Jinquan, what do you think?"

"call."

Jin Quan took a deep breath and said, "I have a guess, I don't know if the boss told you guys. The boss refined the fragments of the World Tree into the sea of bitterness today, and will evolve the sea of suffering into the world."

Everyone looked at each other.

Ye Fan did not say anything about this decision.

Jin Quan said: "The sea of bitterness cannot be probed. In addition, other parts of the boss's body can be probed, but no fragments of the World Tree have been found. That is to say, the fragments are in the sea of bitterness."

"Combining with the current situation of the boss, I am 90% likely that the boss is going to evolve the sea of suffering into the world."

"This... is really crazy!"

Jin Quan was shocked and admired at the same time, and then worried: "The sea of bitterness evolved into the world, it's not impossible, it's because it can't hold the heavy force of the world."

"You can think about it, there is a world in the body, it needs a strong physical body to support it. The boss is really crazy, how can you do such a thing, many people in the ancient times also took this road, but no A success."

Su Muyuyu asked with pear blossoms, "Then what should I do now, is Xiaofan not saved?"

Jin Quan said: "It seems that the sea of bitterness is now evolving into the world. It is just a prototype, just the beginning, and there is still a chance of life. That is to deprive the fragments of the world tree, or... break the sea of bitterness."

The crowd changed.

Breaking the sea of bitterness, that Ye Fanxiu will be lost, this is absolutely impossible.

Only the fragments of the World Tree can be deprived.

"Let me try."

Jin Quan was at a loss.

Ye Fan's body has a powerful self-protection extreme, that is the power of blood, and the power of yin and yang is terrible.

at the same time.

The Sea of Bitterness is evolving into the world, and it also has a terrifying blockade power. It is difficult to break through.

Forcibly break the barrier and enter, lest it break the sea of suffering.

In addition, even if Jinquan's power penetrates into the sea of misery, it will be difficult to deprive the world of fragments.

The fusion of the fragments and the sea of bitterness can imagine the difficulty of deprivation.

All in all, the success rate is extremely low.

"I'll help you." The queen waved her hand, summoning the power of luck and injecting it into Jinquan's body.

Suddenly Jinquan's strength skyrocketed.

He took a deep breath, carefully spread the power into Ye Fan's body, and was instantly attacked by the power of yin and yang.

"no."

Jin Quan immediately shook his head.

"The bloodline of the boss is too strong to break through. Even if you rush to the sea of bitterness, you have to break the barrier. I can't do it."

"Then what to do!"

Everyone panicked, watching Ye Fan fall into a deep sleep, his breath decayed, countless cracks appeared in his body, blood was flowing, and his heart was twisted like a knife.

at this time.

Su Muyu spit out some life essence and blood, poured it into Ye Fan's body, and then said softly: "Immortal Nirvana, reborn from ashes."

She is immortal.

Fire Phoenix bloodline.

The fire of Nirvana rose from Ye Fan's body, and with the blood of his life, Ye Fan got better, and the cracks in his body were repaired.

Su Muyu saw that it was effective, and she was so happy that she spewed out the blood of her life again.

"Second sister."

Zhong Ling, Tang Ying and Fang Rui were all worried.

Min Dong said: "Second sister, you won't be able to bear the blood of your life like this. The boss's situation has stabilized temporarily, you can stop for a while."

In the fire of Nirvana, 80% of the cracks on Ye Fan's body were repaired.

Fang Rui calculated: "Xiaofan can last for a month, and he must find a way to solve it this month."

The Queen said: "Whether you agree or not, I have to ask the Emperor God and the Empress Asura. They have a lot of knowledge and may have a solution."

When the words fell, the queen floated away.

Everyone did not stop.

Jin Quan said, "I'll go find the Heaven-Swallowing Tail Beast, and he should know a lot."

After the Tianzun Hall was stabilized, the five guys, the swallowing the sky-tailed beast, the golden beast, the star-moon jade rabbit, the golden bull, and the nine-tailed demon fox, left together.

Three of them are innate spirit species, and two are top-level alien monsters, strong enough to work together to seek fortune.

Jinquan is going to look for it.

"You all go, we will accompany Xiaofan. In these years, Xiaofan has been fighting in the east and west, and he has not had a good rest, and we have not been able to accompany him." Su Muyu said weakly with a pale face.

Min Dong and others left.

Only Su Muyu, Tang Ying, Zhong Ling, and Fang Rui were left here. They sat around Ye Fan and looked at their beloved younger brother.

They are constantly praying.

They know great blessings, and Ye Fan has passed on a lot of magical powers to everyone. At this moment, they are all silently blessing.

...

Ye Fan's consciousness is now in the sea of bitterness, and he has already understood that the evolution of the sea of bitterness needs to withstand the heavy gravity of the world, which requires an extremely powerful body.

Otherwise, the physical body will collapse under the pressure of the world.

"I was negligent."

Ye Fan smiled bitterly.

But he was very excited and full of interest. Now this sea of bitterness is like a starry sky in the universe.

Incredibly magnificent.

Ye Fan saw that this magnificent space was slowly evolving, and with the fragment of the World Tree as the core, the world attributes began to emerge.

"It is said that secret treasures with world attributes can be put into living beings. If the sea of suffering evolves into a world, I will not die, can I be able to put people in my body?"

This thought made Ye Fan excited and longing.

I don't even dare to think about putting people in the body. This only appears in online fantasy novels.

At that time, Ye Fan himself is the Tianzun Temple, and he can mobilize everyone to fight at any time by making the world of Tianzun Temple moisten the sea of suffering.

It's too windy.

Of course, this is just a thought.

Ye Fan won't know what the specific situation is, and the biggest question now is how he can survive.

Once the evolution of the sea of suffering is completed, it will be his death.

How to live?

Ye Fan is very distressed, he can't do anything now; he can only give his life to everyone outside.

...

The queen left the world of heaven and immediately used the sound transmission of the golden dragon all over the world.

"God Emperor, Empress Shura, please see the palace."

The voice spread all over the world.

The clans were in shock, what did the queen call the emperor and the queen for?

Is Ye Fan's fight against the witches over?

People in the cultivation world are panicking.

I don't know what will happen next. Could it be that the Queen wants to unite with the God Clan, Shura Clan and Tianzun Temple, completely eradicate other alien races, fight one by one, knowing that the world is united?

However, it didn't take long for a gossip to spread, saying that Ye Fan attacked the Wu clan and was seriously injured by the witch master and fled.

This news was spread by Jiang Wudao's arrangement.

The cultivation world is frying again, but no one knows whether it is true or not, and all forces are watching the changes.

in the palace.

The God Emperor and the Asura Lady came and met the Queen in the Hall of Longevity.

The queen said straight to the point: "In addition to the accident, Ye Fan should know that he was at the scene at the time, do you know what to say?"

The emperor said: "It's very strange, very suddenly, Ye Fan was going to kill the witch master and them, but suddenly his breath declined. Then he left us and left without saying anything. Queen, what happened to Ye Fan?"

The queen was really worried about Ye Fan, and she didn't know why she was so worried.

Now I can only pin my hopes on the God Emperor and the Asura Maiden, hoping that they are well-informed and have a solution.

However, the world of bitter sea evolution is really shocking.

Not to mention that no one has come since, at least no one has ever come before.

She wanted to keep this secret for Ye Fan.

The Queen said: "About Ye Fan, there is a big secret. Before I tell you, I need you to swear by the way of heaven and bury the secret in your heart forever. If people reveal it, they will die and the ethnic group will perish."

The expressions of the God Emperor and the Asura woman changed.

This oath is too cruel.

But at the same time, it can also be guessed that Ye Fan's secret is absolutely shocking and can make the queen be so cautious.

The queen's eyes were very sharp.

Characters like the God Emperor and Shura Nude quickly understood that the Queen was asking them to help Ye Fan, and it seemed that no one could do it except them.

If you don't agree, then the Queen is likely to deal with the Protoss and Shura.

How to choose?

Chapter 1160: Drought

The God Emperor and the Asura woman communicated in secret through voice transmission. After a moment, they made a decision, "Empress, we promise."

They agreed.

I'm really curious what Ye Fan's secret is.

"My Emperor Shitian is the Lord of the Protoss. I swear here that I will keep the secrets of Ye Fan that the Queen said. If I reveal it to the outside world, I will not die well, and the Protoss will perish. This oath can be learned from the world."

"I, Jialuo, are the lord of the Shura clan, and I swear here that I will keep the secrets of Ye Fan that the queen said, and I will keep my mouth shut."

The Queen is relieved.

Her sharp eyes narrowed and she sighed: "You two, I am also helpless, please don't mind."

The emperor said: "Queen, let's talk about it, what happened to Ye Fan."

The Queen said: "He has great ambitions to refine the fragments of the World Tree into the sea of suffering today, and to evolve the sea of suffering into the world; it has already begun, so there is a change, and he can't bear the heavy force of the world, causing his body to collapse."

"what!"

The God Emperor and the Asura woman exclaimed.

They did all the calculations, and they didn't expect it to be this secret.

The sea of bitterness evolves into the world, good guy, Ye Fan is really a lunatic, so crazy, how dare he!

Do you think that the tenth-level Celestial Hegemony Body can withstand the heavy gravity of the world? How is this possible?

The emperor smiled bitterly.

The Asura woman smacked her tongue and said, "This secret is indeed shocking to the world."

The Queen said: "Can the two of you have a solution?"

The emperor and the goddess pondered.

The queen continued: "Ye Fan's body has a self-protection mechanism, and at the same time the sea of bitterness is blocked by the enchantment. We originally wanted to deprive the fragments of the World Tree, but it was very difficult to find."

The emperor shook his head: "Don't think about it, the world has already begun to evolve. Even if we join forces, we can't deprive the fragments of the world of art. Breaking the sea of suffering can save Ye Fan, but this will undoubtedly destroy Ye Fan."

The Queen said: "This is not possible!"

The God Emperor and the Asura woman thought hard.

Suddenly, the Asura woman said: "There is a way, but..."

"What, tell me quickly, even if it is difficult, I will save Ye Fan."

"First, find the Great Seal of the Emperor's Soldiers and the Great Seal. The Great Emperor's magic soldier, the Great Seal of Common Life can suppress the world and counteract the world's gravity for Ye Fan."

The queen frowned.

The emperor said angrily: "You didn't say that the way you did, the Great Seal of the Common Life disappeared in the ancient times, how to find it now!"

Venerable Asura said: "The second method is to find Xi soil."

"Retire?"

"That's right, it is said that Xi soil is the essence of the earth, which is mastered by the Queen of Houtu. If you can get Xi soil and refine it into Ye Fan's body, his flesh will have the earth attributes of the earth. The ancestors have fallen, but the earth is still Ancestral Star. With just a little bit of soil, Ye Fan can support the bitter sea world. Because the bitter sea world is really insignificant compared to the Ancestral Star Earth, it can be carried by Ye Fan."

The emperor nodded: "This method is indeed feasible, but just like the enemy soldiers, it is too difficult to find the soil, maybe it will appear in the future, and it is impossible to find it now."

Asura Nvzun said: "Don't forget, Empress Houtu is the wife of Huangdi, Huangdi is one of the five emperors, and the central land belongs to the land."

The emperor said: "What else can Ye Fan get is the inheritance of the Red Emperor, not the Yellow Emperor."

The woman said: "The Great Emperor of the Five Parties, Gold, Wood, Water, Fire and Earth, are directly connected and inductive. Ye Fan has obtained the inheritance of the Red Emperor and the heart of the Qing Emperor. If nothing else happens, he will also receive the Black Emperor, White Emperor and The inheritance of the Yellow Emperor. Of course, now Ye Fan can't find the inheritance, but there is one who can."

The eyes of the \*\*\*\* emperor and the empress lit up, and they said in unison, "You mean the drought?"

The lady nodded: "That's right, she is the daughter of the Red Emperor, and she is unfathomable. She has a high probability of finding the inheritance of the Yellow Emperor. Perhaps there is something in the inheritance of the Yellow Emperor. Of course, this is just a guess. No one can tell."

"Anyway, give it a try."

The Queen's face was solemn.

The emperor said: "It's just that the scorpion disappeared after she was born. I don't know where she is. Let her go to find the inheritance of the Yellow Emperor. It is unknown whether she will agree."

The woman said: "Ye Fan got Chidi's inheritance, and it is related to Hanyu; tell Hanyu the secret of Ye Fan's evolution of the bitter sea, I believe Hanyu will agree to help Ye Fan. The daughter of Chidi, it's too long, see you There are too many, and our vision and vision are not at the same level, so I should be happy to see how far Ye Fan has grown."

The queen said: "Then I will use the golden dragon of luck to spread the word now, and see if the dry scorpion will come? If it doesn't come, I have to trouble the two of you to help find it."

"Good to say."

The Emperor and the Queen readily agreed.

The queen said she did what she said, and the world echoed the words of summoning the dry man.

This shocked the tribes again.

"What is the Empress going to do? She summoned the Emperor of God and the Empress Asura, and now she has to summon Han Xian. What's the big move?"

"Who are you going to hit?"

"Do you want to completely destroy the witch clan?"

at the same time.

Taihuangtian, the sorcerer's face was extremely ugly.

He decided that the Empress was indeed going to attack the Emperor Taihuang, and even summoned the drought, which was worth it.

That is the daughter of the Red Emperor.

too old.

"Wizard Lord, what should I do?" Lord Buddha, Jiang Wudao, and the leader of the Dimeng Alliance were so panicked that they all wanted to run away.

"What are you afraid of, if you really kill it, then the fish will die and the net will be broken." The witch master gritted his teeth, and his eyes flashed with fierce light.

"I'm going to the depths and make some preparations. You should pay attention to the situation outside."

The sorcerer entered the depths of Taihuangtian.

Jiang Wudao and the others couldn't go in.

Because the witch master broke through the powerful blocking force with the protection of the Clear Sky Mirror, the witch master went to find some treasures.

It's been three days.

No news at all.

In the hall of longevity, the queen sighed and sighed, but suddenly, the golden dragon of luck let out a dragon roar.

The \*\*\*\* emperor and the female venerable sensed it.

When they walked out of the hall, they only saw that the entire sky had turned fiery red, like an extremely thick fiery cloud.

A fiery breath pervades.

Then, a figure descended, and it was a drought.

She is wearing an ancient robe, and her eyes are full of the breath of the vicissitudes of life.

The fangs on both sides of the mouth are the most eye-catching.

The dry scorpion stopped breathing, strolled over, stared at the queen closely, and said leisurely: "Empress Daxia, you have great potential."

The Queen knew that she had powerful blood in her body, but she had not awakened.

"looking for me?"

"Han, I need your help, something happened to Ye Fan."

"Evan?"

"It's the one who got the inheritance of your father, Chidi. He evolved the world from a sea of bitterness, and now he has encountered a disaster."

The queen didn't let Han Yan speak directly, did not let Han Yan swear, worried that Han Yan would get angry and walk away.

In addition, the queen also felt that the identity of the scorpion was not enough to reveal Ye Fan's secrets to the outside world.

The queen felt the arrogance of the dwarf.

Disdain to do such a thing.

"Interesting, the sea of bitterness evolves into the world, so courageous." Han Yan snorted and said, "I can look for the inheritance of the Yellow Emperor, but I can't be sure that there is any interest in the inheritance of the Yellow Emperor."

"What else can you do?"

"Ye Fan and the Wu clan fought, I sensed the breath of the Qiankun Cauldron, didn't I?"

The emperor said: "The Wuxu Kunding was snatched by Ye Fan."

Han Yan said: "This is just right. When the Wuxu Kunding was built, it actually used the soil. If the Wuxu Kunding was refined into Ye Fan's body, it could also solve the problem. However, as an invincible magic soldier, if you want to refine it, Impossible, but it is possible to put Ye Fan into the Kunding of Hundred Days, and then activate the Kunding to delay Ye Fan for some time."

The Queen said: "I understand."

"Wait for my news."

The dry scorpion left, very dashing.

The woman said: "Activating the Wuxu Kunding requires a huge amount of energy, but Ye Fan once obtained a large pond of evil power in Qilian Mountain. At the Kunlun Base of the Tianzun Palace, he can continuously inject energy into the Wuxu Kunding. ."

The queen was overjoyed: "It's fine."

The emperor and the goddess also left.

The queen immediately came to the heavenly world and told the news to her sisters.

At the Kunlun base of Tianzun Hall, everyone worked together to move the pool full of evil forces into the heavenly world, and then the queen broke the Wuxu Kunding into it.

"open!"

The queen used the power of luck to activate the Kunding of Hundred Days.

Su Muyu put Ye Fan in it.

Really useful.

At the same time, Ye Fan's consciousness in the sea of suffering felt that he could simply control his body.

"It seems that I believe everyone is right."

Ye Fan worked hard and tried his best to control his body, attract energy, and repair his injuries.

I just didn't expect that the speed of the evolution of the world of the sea of bitterness also accelerated, which made Ye Fan's head big.

The faster the evolution, the faster the world takes shape, the greater the damage to Ye Fan's body; and Ye Fan frantically repaired the injury.

In the dark, he is playing a game with the sea of bitterness.

What Ye Fan didn't know was that in the process of this game, his physical body was strengthening, and even the bloodline shackles were being pruned.

time flies.

A month in the blink of an eye.

The sisters have been standing by the pool, paying attention to Ye Fan's state. Previously, Su Muyu's Nirvana fire and life blood essence could only last for a month, but with Wuxu Kunding, this time can be extended.

But a month, the power of the pool has also consumed a lot.

Continue like this.

In three months at most, the Wuxu Kunding will fall into silence, and Ye Fan will not be supported. What will happen?

The Queen is waiting for the news of the drought.

But this month, there has been no news from the drought.

"boom!"

this day.

A tyrannical force of qi and blood rushed out of the Kunding of Hundred Days.

Everyone come over.

The queen said in surprise: "Ye Fan is too powerful, he can still cultivate in this state, his level of the Heavenly Tyrant has made a breakthrough, and it should be the eleventh level now."

Su Muyu rejoiced: "Alright, alright, suddenly the higher the better, the stronger the physical body, the longer it can be carried. I just hope that Lord Hanxian will return soon, and nothing will happen."

Another month.

The power of the pool was consumed by half.

Ye Fan's state became worse, because the evolution of the world became more and more complete, and he couldn't bear it anymore.

The cracks on his body began to increase again, and fresh blood flowed. Fortunately, his blood was extraordinary and fell into the Kunding of Wuxu, providing the Kunding with maintenance energy.

this day.

Over the palace, a terrifying flame appeared and then disappeared.

A figure fell.

"hold head high."

The Luck Golden Dragon roared, stretched out its dragon claws, and caught the falling figure.

The queen appeared in the sea of clouds of luck.

"Dry!"

What the Jinlong Qi Luck caught was the drought. At this moment, the drought was dying and was severely injured.

The queen took out a lot of resources from the treasury and refined them into the body of the scorpion, only then did the scorpion recover a little bit of sanity.

"Dragon, how did you become like this, what happened?"

"I found the inheritance of the Yellow Emperor... This is the land... Tell Ye Fan that the barriers of the world are about to be broken, and the creatures of the heaven are about to come... Let him quickly seal the passage of the world... The location of the inheritance of the Yellow Emperor..."

The scorpion passed the message to the queen, and was enveloped by a mass of strange fire, falling into a deep sleep and repairing itself.

The queen sensed the seriousness of the matter.

She brought some resources again and threw them into the strange fire. At the same time, she left the drought in the sea of clouds of air and luck, and let the power of air fortune nourish it.
