Chapter 1161: Fusion soil

"Xi Rang got it."

The queen hurried to the heavenly world and called everyone to the pool, with a wooden box in her hand.

The material for making the wooden box is also very precious, it is the lightning strike wood, which is said to be a tree that grows in the ocean of thunder and is extremely hard.

It is not easy to open the wooden box that is the size of a slap in the face of lightning strikes, and the queen cannot do it alone.

Everyone came together.

"Let's do it together."

The queen let out a deep shout, and everyone shot in unison.

The turbulent energy shook the wooden box of lightning strikes, once, twice, three times... After repeated shocks, the wooden box of lightning strikes finally loosened.

Soon.

With a click, the box opened.

A heavy breath permeated the air, and the queen carefully opened the box, revealing the soil in front of everyone's eyes.

This is gray soil, but it seems to have life, and it is squirming. This is the essence of the earth.

This fist-sized soil has infinite vitality.

The crowd was amazed.

"The boss is going to have a big luck. He has never seen anything like this before. He is a blessing in disguise. I don't know how powerful he will be after he wakes up." Jin Quan admired and admired and looked forward to it.

Now it is certain that there is no problem with Ye Fan's sea of bitterness evolving into the world, because Xi soil merges into his body and can withstand the world's gravity; at the same time, Xi soil will also build his fleshly body.

Now it is the eleventh level of the Celestial Hegemony Body. When you wake up, you don't know what level you want to break through?

When Jinquan returned, he naturally found the Heaven-Swallowing Beast, the Golden Beast, the Xingyue Jade Rabbit, the Golden Bull and the Nine-Tailed Demon Fox.

At this time, the swallowing tailed beast said: "It's not that simple. If you want to integrate the earth, not everyone can do it. If it was so easy, then there would be no monks in the ancient times to turn the world into a sea of bitterness."

The golden beast said: "That's true. If there are fragments of the World Tree and soil that can transform the world into a sea of bitterness, those top-level Taoists in the ancient times are fully capable of obtaining these two treasures."

Xingyue Jade Rabbit said: "With the integration of the soil, will there be changes?"

Swallowing the sky-tailed beast said: "This is nature. As the essence of the earth, this is an extremely high-level treasure of heaven and earth. If you want to integrate it, you should be qualified. The so-called qualifications should be all factors such as luck, talent, potential, etc. What is the specific situation? , no one can tell."

Having said that, everyone became worried again.

The queen said: "No matter what, now Ye Fan must be integrated with Xi soil, he shoulders the responsibility of maintaining the safety of the earth. The drought brought back Xi soil and also brought back a message that the heaven world is about to break the world barriers and penetrate the world channel, the angel race. will come."

"what!"

Everyone's faces changed.

Ye Fan mentioned before that the strength of the angels is very powerful, the seraphs are comparable to the monks in the sea of bitterness, the eight-winged angels are stronger, and there are at least thirty-six eight-winged angels.

In addition, there are stronger angel race **** kings.

Once it arrives, it cannot be stopped at all.

There are only a few cultivators in the Sea of Bitter Realm in the cultivation world on Earth now?

Not enough to resist.

Swallowing the tailed beast said: "This is really bad news. It is too sudden for extraterritorial creatures to invade."

The Queen said: "The scorpion said to let Ye Fan seal the passage, and now it is true that only Ye Fan has the ability to prevent a catastrophe from coming."

"Everyone, what do you think?"

The queen swept over everyone one by one.

Finally, his eyes fell on Su Muyu's daughters. They were Ye Fan's sisters, and their status was very high, and they had to make this decision.

Su Muyu looked at each other and nodded heavily, "It's better to give it a try than to die. I believe that Xiaofan has a strong fortune, shoulders the responsibility of maintaining the safety of the earth, and is blessed by heaven and earth. Xiyang is definitely willing to cooperate with When Ye Xiaofan merges, the soil is alive, it should be able to recognize it."

The Queen said: "Then let's begin."

She floated to the side of Wuxu Kunding, looked at Ye Fan, and found that Ye Fan was seriously injured, and his body was covered with cracks.

"Hope you succeed."

The queen muttered to herself, and then the box was dumped, and the soil fell on Ye Fan's body.

All of a sudden, Xi Rang seemed to have found a place to live, and entered Ye Fan's body in the blink of an eye.

The queen turned around and said, "Bring all the stored resources and provide them to Ye Fan continuously."

Resources are not lacking now.

The storage of the heavenly world alone is very huge, and a large number of high-level resources have been mobilized and are on standby at any time.

Everyone did not leave, they were all waiting for an opportunity to happen.

...

Ye Fan was about to despair.

His consciousness was blocked in the sea of bitterness, but he could feel the changes in his body, and the injury became more and more serious. He decided that in ten days and a half months, his body would completely collapse and disappear.

This time he completely surrendered his life to relatives and friends outside.

He could only stare.

The only thing that is pleasing to the eye is that the world of bitterness has come to an end, and the whole world has almost formed.

Different from the outside world, the bitter sea world is more like a starry sky world, incomparably magnificent and splendid, without mountains, rivers and trees, just a small world form.

Ye Fan wandered in it alone.

"The two ancestors, the hosta and the dagger, didn't move at all. Did they run away?"

Ye Fan couldn't sense the dagger and the hosta. The two guys in his arms were looking at the situation and ran away regardless of his life and death.

What a white-eyed wolf.

Ye Fan feels that the way to save himself at this stage is to completely awaken the bloodline. He can feel that the bloodline shackles have been broken a little, and the bloodline has awakened a little bit, but it is far from enough.

Ugh.

Here, Ye Fan has no concept of time, he feels like many years have passed.

He slumped in the world of bitterness.

Sudden.

The body trembled, and an incomparably thick aura of vicissitudes spread throughout the body, directly breaking through the sea of bitterness barrier and entering it.

Ye Fan woke up.

He didn't even think about it, his consciousness rushed out of the world of bitterness, returned to the sea of spiritual consciousness, and controlled his body.

"What a serious injury."

At this moment, Ye Fancai really saw his physical condition, it was really bad.

at the same time.

He can see what's going on outside.

Everyone is there.

"The pool of evil forces, Wuxu Kunding, I didn't expect to be able to drag on for so long. Wuxu Kunding helped a lot. Fortunately, I **** it, otherwise I might really die."

"What's this?"

Ye Fan discovered the soil, the soil with terrifying vitality.

After a brief moment of doubt, Ye Fan knew that this was Xi Rang, and he was very pleasantly surprised.

"Earth essence, I didn't expect everyone to find such a treasure of heaven and earth. Take good care of it and integrate the earth. My body will have the tenacity of the ancestral star earth and withstand the gravity of the small world of the bitter sea. There is no problem at all."

"It's really a no-brainer."

"As expected of my relatives and friends, trustworthy, hahaha."

Ye Fan burst into laughter in his heart, it's really bright and bright, and there is no end to the sky.

Rumble.

But suddenly, the body trembled, and the injury became more serious.

what happened!

Ye Fan was shocked, he tried to feel it, and found that it was difficult to integrate the soil, and it was somewhat repulsive.

This is not a good sign.

The evolution of the sea of bitterness has come to an end, and it must be merged with the soil before that, otherwise it will be wiped out.

"Heaven and Earth Oven."

Ye Fan growled.

Suddenly, a huge heaven and earth oven was born, directly covering the Wuxu Kunding.

Everyone was taken aback.

Immediately, they all became excited, which showed that Ye Fan had regained consciousness and began to integrate into the earth.

"Let's bless Xiaofan together."

Su Muyu sat cross-legged, performed a great blessing, silently blessing and praying.

Others did the same.

The power of blessing flows into the oven.

Ye Fan is enduring the torment, and the soil is alive. This life is too powerful, and it is really difficult to integrate.

"kill!"

Ye Fan mobilized the power of his bloodline to attack Xi Rang, to suppress Xi Rang, but he was not Xi Rang's opponent at all.

The rampant rampage made Ye Fan's injury even more serious.

a moment.

In the past, Rang rushed to the source of blood, and seemed to wash his life blood.

This suddenly angered the Tianbao jade hairpin and the evil dagger.

The two ancestors did not run away.

They are revived.

"boom!"

"boom!"

In an instant, it showed a terrifying power and killed Xi Rang.

The power of the hosta and the dagger is unimaginable now.

Because in the heavenly world, they devoured a lot of source power and then fell asleep.

How strong is the recovery now.

The lightning-like impact of the evil dagger pierced Xi Rang; the brilliance of the Tianbao Jade hairpin suppressed Xi Rang and was unable to move.

"Good good."

Ye Fan is overjoyed, the two ancestors are awesome.

However, Xi Rang is also very tenacious, and his vitality is too tenacious. Even if he is suppressed, he is afraid of being pierced by daggers one after another, but he will heal quickly.

However, every time he pierced Xi soil, it made Xi soil a little weaker, and it also brought out a trace, and Ye Fan immediately merged.

Even if A is a trace, it will improve Ye Fan's body, because Xiyang is really too advanced.

The queen saw that Ye Fan's injury was improving.

She was at ease.

"No problem, it seems that Ye Fan is indeed a person blessed by heaven and earth, and it won't take long for him to merge and recover."

"Thank you Queen."

"You don't need to thank me, it's all due to the Han Dynasty. I'm going to the Yellow Emperor's inheritance site now, and the Han Dynasty said that the heaven world is bombarding the barriers of the world over there. I want to see where it is."

"Let's be together too."

Swallowing Heaven-tailed Beast, Jinqian, and Golden Beast opened their mouths.

"That couldn't be better."

"I still have to call the God Emperor and the Asura Maiden. There are many people and great strength. It is necessary to prevent the heaven from coming. This matter is of great importance."

The queen and the others left, and Min Dong and others also went about their own business, leaving the four daughters of Su Muyu here again.

They prayed continuously.

The inheritance of the Yellow Emperor.

When the queen and others came, the swallowing beast was already in the sea of bitterness, one step faster than the golden beast and the star-moon jade rabbit.

His age is older than that of the Golden Beast and the Xingyue Jade Rabbit. He is full of heritage, and his breakthrough is reasonable.

The Heaven-Swallowing Tail Beast has extremely keen perception and said: "Indeed, the world barrier is sensational, which seems to be related to the inheritance of the Yellow Emperor."

Jin Quan said: "Go and see and you'll know."

The dry scorpion passed the exact location to the queen, and soon found the enchantment and entered it.

Tiantian-tailed beast's face was serious: "It stands to reason that although the ancestors have fallen, the barriers of the world must be strong, and the heaven world cannot be penetrated at all. Now I understand that it is the reason for the inheritance of the Yellow Emperor, and what is here, causing the weakening of the barriers of the world, making heaven weak. The world has found a breakthrough."

Chapter 1162: evil

"We have to be careful. The dagger returned with serious injuries. There must be something terrifying in this heritage land."

The Queen reminded.

The swallowing tailed beast said: "The world's barriers are roaring, indicating that the heaven is constantly bombarding, and we determine the origin."

The heritage is huge.

Everyone is not weak, let alone the Queen, who is the king of a country, controls the world, and has a sharper insight.

The origin was soon found.

Somewhere underground in the inheritance area, there is a huge palace, which should be the Huangdi Palace.

As soon as we entered, everyone felt the horror.

It was a kind of deep-seated, terrifying feeling that made the Heaven-Swallowing Tail Beast stand upright.

"There is great terror here."

"Danji should have been injured here and suffered a terrorist attack. Is it an identity?"

"Could it be the powerhouse in heaven?"

"It shouldn't be, the barriers of the world have not been broken through, and the powerhouses in the heaven world cannot make a move."

At this time, the queen summoned the golden dragon of luck, and in an instant, the divine aura filled the entire underground court.

This sacred breath seems to be mutually exclusive with the mysterious power of the palace, and everyone heard a terrifying roar that went straight into the depths of the soul, which was terrifying.

"Humanity!"

An old hoarse roar sounded, the shocking queen and the others were dizzy.

So strong.

This sound alone is enough to explain the problem.

Immediately after.

A hideous head appeared in the palace, which was illusory, not real, but condensed by great mana.

This head is ferocious and terrifying, and the evil spirit is lingering.

The swallowing tailed beast pondered, and did not know what kind of creature it was, perhaps not the earth group.

But if Ye Fan did it again, he would understand that this was an evil creature.

It is a creature that lives in an evil zone.

There are two evil areas in the depths of the hundred thousand mountains, which are somewhat similar to this head.

The Yellow Emperor's heritage suppressed evil spirits.

"A group of tiny ants, this emperor can blow you to death in one breath."

Evil creatures are high, and their words are filled with disdain and contempt.

However, Jin Quan said, "You are so arrogant, why are you still being suppressed here. There is something to come out for a walk, don't just talk about it."

Suddenly the evil creature was furious.

He has been suppressed here for countless years. I don't know how many years, and he was tortured so miserably that he almost ran out of fuel and was about to disappear into ashes.

A few days ago, a powerful ancient creature came here and woke him up from his slumber.

That was a dreadful scorpion.

The raven and the evil creature fought, but in the end they lost and were severely injured. At the same time, the evil creature took the blood of the raven's ancient emperor.

Hanji is the daughter of Chidi, when Chidi sealed her up, in order to protect her daughter from death, he injected the blood of the emperor into her body.

The evil creature plundered some, and then he breathed a sigh of relief, otherwise he would not even have the strength to speak.

For countless years, he has been trying to break through the seal of the Yellow Emperor. It is because of the impact year after year and day after day that the barriers of the world here have become weak, and that the heavenly world has found this breakthrough point.

anyway.

The evil creatures sensed the empress and the others were not easy. If they could devour these creatures, they would definitely be able to recover some vitality, and maybe they could break the seal.

He also knows that there are creatures outside the domain bombarding the barriers of the world.

If he does not recover some vitality, he will be found immediately when the barriers of the world are broken and the aliens invade.

Then he is in danger.

"Human, innate spiritual seed, very good, now I will give you a chance to open the palace secret room, and I will pass on the supreme supernatural power to you."

"stupid guy."

Jin Quan sneered.

The evil creature shouted angrily: "Little golden bird, what are you saying, you dare to scold me, dare to offend the emperor, you are killing me."

"Come on, kill me."

Jin Quan was not afraid.

If the evil creatures could make a move, they would not talk nonsense with them at all; the reason why the scorpion was injured must have opened the secret room.

The tickling teeth of evil creatures.

He changed his mind and said, "You guys are here, it should be for the world barrier, hehe, to be honest, the extraterritorial creatures will soon break the world barrier, establish a channel, and invade the ancestors."

"Just your strength is not enough to resist. We can cooperate, you help me break the seal, and I will block extraterritorial creatures for you."

"Haha, compared to extraterritorial creatures, I think you are a greater threat."

"Human, you are really stupid. I am an ancestor of the ancestral star. In the face of the invasion of extraterritorial creatures, I will definitely unite with you."

Swallowing the sky-tailed beast said: "What kind of creature are you, you are very strange, you are not also a creature from outside the territory, you were captured by the Yellow Emperor and suppressed here."

The evil creature said coldly: "What kind of thing are you, Zuxing is boundless, and the creatures are endless, have you seen it?"

Jin Quan said: "Don't talk nonsense with him, wait for the boss to recover, come and solve this thing. Let's take a look at the world's barriers."

The so-called world barrier is actually like an enchantment.

The inheritance of the Yellow Emperor is huge, except for this palace, continue to go deep, and see a vast area, here is the broken barrier.

boom!

boom!

One after another roar trembled, the heaven world was bombarding, and many cracks could already be seen.

The queen's face was solemn: "At this speed, it will take a long time to smash it."

"Everyone help me."

"Great Sealing Technique!"

The queen performed this magical power.

Of course she will.

Ye Fan's Great Sealing Technique was originally applied by Gai Jiuyou to the Imperial Palace for him, which was mastered by the Emperor.

The Queen naturally learns.

Everyone's energy is injected, and the sealing power is getting stronger and stronger.

"who is it!"

Suddenly, an indifferent voice exploded, rippling in the inheritance.

The powerhouses of the heavenly world are opening their mouths.

"The power of the seal, if you want to seal the gap, it's a fool's dream. My heaven world will definitely break the barriers, enter the ancestors, kill everything, and rule everything."

"Smash me!"

The strong man screamed, and the bombardment sounded even more intense.

The queen looked worried.

Rao is Ye Fan who came to seal, I'm afraid it won't last long, what should I do?

"Hahaha."

The sneer of the evil creature came.

Although he couldn't come out, he had a great mana condensed into a head that floated over the palace, looking over here.

"Are you panicking?"

"I said, cooperate with me, I can block extraterritorial creatures, those are just ants, where are my opponents."

"Shut up." Jin Quan responded, and the angry evil creature roared and chatted.

"puff!"

Jin Quan squeezed his head with a paw.

"There's so much nonsense to shut you up, grass!"

"Little golden bird, when I am born, I will destroy your entire clan."

"stupid guy!"

Jin Quan snorted coldly.

Swallowing the sky-tailed beast said: "What should I do now, do you want to call the God Emperor and the Asura woman over here, their strength is stronger, and they will work together to strengthen the seal."

The Queen said: "No hurry, wait a minute, it will take some time for Heaven to break the barriers and see if Ye Fan can recover. The fewer people who know this secret, the better."

"In addition to Xi soil, there must be other treasures in the inheritance of the Yellow Emperor. You can explore it, stay here, and pay attention to the situation of the barriers. I have to go back."

"no problem."

Finally, the queen left.

The swallow-tailed beast and the others flowed down, while exploring the inheritance, looking for good fortune, and paying attention to the barriers, while Jinquan kept bickering with evil creatures, and the evil creatures of anger went mad.

time flies.

Another month has passed.

In the Kunding of Hundred Days, Ye Fan's injury has been repaired, and the soil has also been integrated. This is all due to the dagger and the hosta.

Now, the dagger and hosta have returned.

This is because the soil has been fused by half, and Ye Fan's physique has already carried the attributes of the soil, and will not be rejected.

The next fusion is very fast.

The world of bitter sea has also been dazzled, and Ye Fan still has some pressure. As long as half of the fusion remains, the team will be done.

Ye Fan was very excited and looking forward to it.

He knows that he is extremely powerful now, and his physical body does not know what level it has reached.

Anyway, these days, he has been breaking through.

this day.

Taihuangtian, the witch master came out from the depths, his body was dripping with blood, but his face was grinning.

The sorcerer's strength has soared.

Lord Buddha, Jiang Wudao, and the leader of the Dimeng came over, and when they saw your witch leader, they were afraid.

This breath is twice as strong as before.

What good fortune did the witch master get in the depths.

"Master, are you here?"

"Hahaha, I have already made a breakthrough, and I have entered the middle stage of the realm of bitterness."

Mid-Sea of Bitterness!

It turns out that the three Buddha masters are very envious.

They are still in the early stages of suffering.

Don't look at the gap of a small level, the strength is a world of difference.

"Not only that, but I also got a terrifying secret treasure. Now that Ye Fan is here, it's enough to kill him. Even if it is the God Emperor, Asura Maiden, Empress, and Drought, I can kill him."

The sorcerer's strong self-confidence made the three of the Buddha's masters bewildered.

What secret treasure is so scary?

As expected of the first emperor, there are countless treasures buried there.

Lord Buddha, they are very moved.

"What happened to the outside world during this time?" the witch master asked.

"Very calm, the queen did not come with a large army." Jiang Wudao responded.

"By the way, the Golden Winged Dapeng Clan was born, and the Golden Peng Emperor is also a cultivator of the Sea of Bitterness."

"The Golden Winged Dapeng clan? Very good. It seems that this clan is very close to Ye Fan. If I have the opportunity, I will go to the Jinpeng clan and suppress the Jinpeng Emperor to tame it and become my mount."

hiss.

The three Lord Buddha took a deep breath.

How powerful is the Jinpeng family, Jinpeng Huang, and his life Jinquan, two realms of suffering, in addition, there are many half-step detachments.

There are more than 100,000 Jinpeng people.

The witch master said: "I still need to retreat for a period of time to stabilize my realm. In a few days, I will take the initiative to attack and destroy the Tianzun Temple."

"No way."

"exist."

"You go to Kunlun to inquire first, stare at Tianzun Palace for me, and kill everything when I come."

"Good master."

rumbling...

But at this moment, the world shook.

The witch was surprised.

The Lord Buddha shouted, "Could it be that Ye Fan is here to kill him?"

They rushed out of Taihuangtian and came outside, only to see the southeast direction, the sky was pitch black.

Terrible.

Heart palpitating.

Chapter 1163: Internal and external cooperation

The witch master and the others saw that the sky in the southeast was pitch-dark and heart palpitating, as if disaster were coming.

to be exact.

The whole earth is in a strange atmosphere, and compared to practitioners, the human beings in the secular world are more panicked.

what happened?

In the Palace of Longevity, the Queen's face changed, and she said solemnly: "So suddenly, has the heavenly realm broken the barriers?"

Gai Jiuyou, Ouyang Jing and Da Ge Lao came.

The Queen said: "Immediately prepare for war."

"Yes!"

"Your Majesty, do you want to inform the entire cultivation world to share the enemy and unite the front."

"Will this cause a great panic?"

"It's not impossible."

"Let's not mention it for now. I'll go to the Yellow Emperor's heritage site to see the situation. Even if the barriers are broken, it will not be easy for the heavenly beings to come."

The queen left in a hurry. Before leaving, she came to the sea of clouds of luck and looked at the scorpion, and found that the scorpion was still sleeping, and there was no sign of recovery.

The cultivation world is also very turbulent.

But at present, most of the strong people are still in the southern border, paying attention to the tomb of the first emperor, and not paying much attention to this kind of vision.

The inheritance of the Yellow Emperor.

They are very heavy hearted.

The barrier cracked open, and the powerful breath washed down, making it impossible for them to approach.

"Hahaha."

"The extraterrestrial beings are coming, and you will all die. Now open the seal immediately, let me out, and I will kill them all."

Evil creature screams.

Everyone just ignored it.

"The boss hasn't recovered yet, it's too late, it's going to happen in three to five days."

"Notify the Queen."

As soon as the voice fell, the queen came.

She looked at the huge crack in the distance with a solemn expression, "A lot faster than expected."

at this time.

In the deep crack, a phantom appeared, which seemed to come, but it was very difficult, and there was a mysterious force blocking it.

"Zu Xing!"

"Zu Xing!"

The phantom was roaring.

"How many years, my heaven world will finally come to Zuxing and rule everything."

"It turned out to be a birdman from the heaven world."

"presumptuous!"

These words were heard by the powerhouses outside the realm, and Lei Ting shouted angrily, "Shame my family and die without a place to be buried."

The evil creature sneered: "A group of birdmen dare to be mad. If they were placed in the ancient times, this seat would wipe out your entire clan with one slap."

Above the palace, the phantom of the head flew out and came before the crack.

now.

In the outer starry sky, there are three huge warships, with many soldiers, and the three chiefs are at the head.

They are all eight-winged angels.

One of them is Fina's father, Will.

Will's strength is strong, ranking in the top ten among the thirty-six commanders of the Angel Clan. This time, he is also the head coach, leading the vanguard team to come.

It was also that he was about to descend on Zuxing, and at this moment, he was shocked when he encountered the head of an evil creature.

"Who!"

"A group of birdmen, you guys are not bad, you still keep the starship battleship, although it is the lowest level battleship."

"You can see beyond the realm!"

The three commanders were shocked.

Although the barrier of the world has been penetrated, there are still mysterious forces blocking it, and it is difficult to establish a passage.

They cannot see what is in the earth.

But this creature can see the situation on their side, which shows that this creature is amazing.

Will dared not be careless.

Although Zu Xing is in decline, there are definitely strong ones.

He withdrew his magical powers and shouted, "Your Excellency wants to stop my clan from coming? Going against my clan will not end well. In a few days, the **** king of my clan will come in person and destroy everything."

The evil creature said: "Eight-winged angels, in ancient times were also scumbags, what is the level of your so-called god-kings, have they reached twelve-winged angels, there are ancient angels above the twelve-winged angels, and there are others above the ancient angels Ancestral angels, and further up there are holy angels, how much heritage do you have in heaven."

Will's face changed.

Not to mention holy angels, ancestral angels, ancient angels, there are no twelve-winged angels.

The king of gods is just a ten-winged angel.

"Our family has a strong heritage, there are holy angels, there are many ancestor angels, and there are more ancient angels."

"Blow your sister."

Evil creature curses.

"If you have holy angels, ancestral angels, and ancient angels, it's your turn to have a little eight-winged angel to lead the army. I deliberately, your strongest are ten-winged angels, and you can't even get twelve angels."

Will was furious, but speechless.

The evil creature said: "I said it, with this little strength, you want to inform Zu Xing, even if Zu Xing declines, it will not be so unbearable for a group of birdmen to rule you."

Will shouted: "Your Excellency has repeatedly humiliated my clan, do you really think my clan is easy to bully?"

The evil creature said: "Listen to me, now I will give you a chance, we will cooperate, and everything will rule Zuxing."

"What's the meaning?"

"I need energy, and you have passed down infinite energy. As a condition, I will help you open the channel."

Will and the two commanders exchanged glances and asked, "Why do we believe you, as a Zuxing creature, you want to subvert Zuxing?"

"Who said that I am an ancestor of the ancestors, and I am an extraterritorial creature, trapped in the ancestors. You want to come in, but I want to go out."

"Birdman, go back and discuss with your God King, and give you three days to think about it. If you miss the opportunity, it will be gone."

The head of the evil creature disintegrated and disappeared.

Will pondered: "What do you think?"

A commander said: "No matter what, report it to the God King, and let the God King decide first."

"Alright."

Will ordered the attack to stop and he went to contact the God-King.

The Queen and the others don't know what the evil creatures are doing, because the communication between the evil creatures and Will is completely isolated, and they can't hear anything.

The swallowing tailed beast guessed: "Trouble, that evil creature may cooperate with the heaven world."

"what?"

"This possibility is not small, and we must be prepared. Once the powerhouse in heaven helps the evil creature to open the seal, release this terrifying evil spirit, and bring it back to cause a catastrophe."

"You have to pull the God Emperor and the Asura woman over here."

The queen nodded and used the luck golden dragon to transmit sound.

The **** emperor and the goddess did not know what these were, and when they got the information, they were greatly surprised.

When they came to the inheritance site of the Yellow Emperor, they saw a big hole in the barrier torn apart.

"Not only Heaven, but also the evil spirits suppressed in the palace. That guy is also a demon, and he is likely to cooperate with Heaven."

"Would you like to practice your hands first and kill that evil spirit?"

The emperor shook his head and directly vetoed: "In ancient times, people as strong as the Yellow Emperor couldn't kill that evil spirit. If we want to kill him, it is no doubt a fool's dream."

The woman said: "That's right, now is to gather strength and stop the coming of the heaven."

The Queen said: "Will you spread the news, that will cause panic in the cultivation world."

"What is Ye Fan's situation now?"

"After you brought back the soil, Ye Fan has integrated very well, and he should recover soon."

"It's not enough to count on Ye Fan alone, but, listen to what Ye Fan said, there are thirty-six eight-winged angels in heaven alone, and there are even stronger **** kings. With our strength, we can't stop them at all. ."

There was a haze in everyone's mind.

The power disparity is too great.

The six-winged angel is comparable to a monk in the sea of bitterness, and the eight-winged angel is stronger, which is equivalent to a monk in the middle and late stages of the sea of bitterness, and there is a stronger **** king of the angel race, which must be beyond the realm of bitterness.

how to spell?

Suddenly, the woman said: "Heavenly tablet, Heavenly tablet to suppress, what do you think?"

The emperor's eyes lit up, "You can give it a try. In the East China Sea, the Xuanyu Tiantian monument that suppressed your Shura tribe's seal before is still there, you can move it here."

The Queen said: "It's not too late, let's go now."

The Xuanyu Tiantian Monument is complete and extremely heavy, even if the current God Emperor and Empress Dowager want to move it, it is very difficult.

The Emperor of God drove the battleship to the East China Sea.

He and the Queen Mother and the Queen made every effort, and it took a lot of energy to help the Tianbei to the battleship.

Battleships seem to be unable to withstand such force, resulting in very slow flight.

If this continues, it will take three or five days to reach the Yellow Emperor's inheritance.

time flies.

Three days have passed.

On this day, Will's half-law phantom appeared again in the crack, and at the same time, the evil creature also played a phantom head. ,

The two sides are communicating.

"How to say?"

"My clan **** king has promised, but we need you to tell us, which world are you from?"

"Which world?"

"Didn't you say that you are an extraterritorial creature, which big world are you from?"

The evil creature laughed: "I am not lost to any realm."

Will was horrified.

Not losing to any realm, that is the Starry Sky Tourer.

The so-called star wanderers are creatures who wander in the starry sky and live without a fixed place.

They burn, kill, loot, and do whatever they want.

Sometimes when I pass by a big world, when I am interested, I raise my hand to destroy it, to make a killing.

Star Trek is notorious.

Will said: "I understand, you need energy, my family can give it, but it is not easy to transmit it."

The evil creature said: "This is your business, you can find a way yourself. Take action as soon as possible, Zu Xing is also preparing to deal with you. Before they are ready, we must successfully open the channel."

Will said: "Okay."

Extraterrestrial starry sky.

Above the three huge warships, endless energy fell down and fell into the crack of the barrier.

However.

After these energies entered the crack in the barrier, they encountered the annihilation of the life force of the earth, but even so, there were still some energies that came by chance.

Evil creatures rejoice.

"Fine, the more the better."

As long as there is enough energy, he can break through the seal, and no one in the sky can hold him down.

how many years.

endless years.

He was once suppressed by the Yellow Emperor, and it was dark.

This blood feud is to be counted.

Zu Xing must be subverted.

Everything will be shrouded in darkness and everything will be destroyed.

The swallow-tailed beast and the others saw the energy hanging down from the rift, converging, and their faces changed greatly.

"No, the evil spirit is indeed cooperating with the heaven world. The heaven world sends energy to help the evil spirit break the seal."

The swallowing tailed beast and Jinqian shot to attack the past; however, they couldn't. After the crack appeared, there was a mysterious power shrouded there. It seemed that the earth was the ultimate self-protection, and no one could get close.

Evil creatures have the means to get close.

Now swallowing the sky-tailed beast, they can only watch the energy gathering, more and more, the situation is not optimistic.

Chapter 1164: Secret exposure

The energy is gradually increasing, converging into a huge energy ball with a diameter of ten meters, and it is still growing.

Evil creatures are very excited.

"You continue to transport, it will be almost a hundred meters in diameter." The evil creature said.

"How many meters is the diameter now?"

"Ten meters."

"Depend on."

Will yelled.

They delivered so much energy, but only formed an energy ball with a diameter of ten meters, which was too low.

Doing the math, only about one percent of the energy successfully entered the Ancestral Star.

Their energy is not born out of thin air.

But things have come to this point, can only bite the bullet and dry.

Crash.

A steady stream of energy trickles in.

The swallow-tailed beast contacted the queen, and the three of them came back early, with the battleship still behind.

"Get out."

The queen couldn't help it.

She summoned the Golden Dragon of Fortune and merged into one; the God Emperor, Shura Maiden, Heaven Swallowing Tail Beast and Jinquan also performed lore.

The five powerhouses joined forces to strike.

Terrible.

The evil creature was furious: "You ants, how dare you do bad things to me, it's just killing me!"

The power of the queen.

As the monarch of a country, with the integration of the golden dragon of luck, his combat power is already on the same level as that of the **** emperor.

This is the horror of the monarch, even if the realm is insufficient, using the infinite luck, the combat power can soar.

"puff."

Dragon Claw tore open the barrier.

The evil creature was so frightened that he couldn't make a move now. Once the energy ball was broken or taken away, it would be all in vain.

Critical juncture.

The head of the evil creature rushed towards the palace with an energy ball with a diameter of twenty meters and disappeared.

Rumble.

The next moment, the palace swayed, and the entire heritage site was shaking.

"Roar."

The evil creature roared, as if to break the seal.

The Queen and the others are now targeting evil spirits. They quickly rushed to the palace and saw the door of the secret room in the depths of the palace trembling.

"If you want to break out of the seal, it's a fool's dream."

"Everyone help me."

The queen drank it tenderly, got the energy blessing of the **** emperor, and spent some blood of her life to cast a great seal.

A powerful sealing force enveloped the door of the secret room.

"hateful!"

The evil creature roared again and again.

"No one can stop me from breaking out of the seal. You ants, when this seal is born, you will be crushed to ashes."

"Friends in heaven, increase energy transmission, hurry up."

Evil creature voices reach beyond the realm.

Will frowned, didn't think much about it, and ordered to increase the energy transmission, and a trickle of energy poured in.

The power of evil creatures is growing.

The door of the secret room was trembling, and the sealing barrier was also trembling.

at this time.

Xingyue Jade Rabbit arranged the Zhou Tianxingdou Great Array, and with the help of the golden beast, the golden bull, and the nine-tailed demon fox, the formation was run.

"Zhou Tianxingchen, help me fight the enemy.

"Boom."

In the extraterritorial starry sky, the stars bloomed with brilliance, and the power of the stars spread.

These forces just hit Will and his army.

"The power of the stars, who is mobilizing the power of the stars, the successor of the ancient Moon God Palace? Or the innate spiritual seed Xingyue Jade Rabbit?"

"The power of the stars is indeed vast, but the caster is too weak to stand against us."

"It's all shattered for me."

Will trembled his wings, and the power of the stars exploded.

Xingyue Yutu sensed this, and said in surprise: "No, the gap in strength is too great, and there is no way to fight it."

boom!

boom!

Inheritance kept vibrating.

At the same time, there was a big earthquake outside, and the vision in the sky became more intense.

People panic.

The cultivation world has also begun to pay attention, and some strong people have come over, but they have not found the inheritance of the Yellow Emperor.

The sorcerer is here.

"Haotian Mirror."

The witch master used the Clear Sky Mirror to see through the falsehood, and soon found the entrance to the inheritance.

"go!"

The witch lord took the Buddha lord and the others to enter.

"What is this place?"

"This seems to be a certain inheritance place? There are strong energy fluctuations there, let's go and see."

The witch master and the others came after them.

When they saw the palace, when they saw the gap in the barrier, but when they saw the Xingyue Yutu and the others, the witch master and the others were stunned.

At this moment, they understood.

It turned out that the reason for the vision was that the barriers of the world had been pierced, and extraterritorial creatures were about to invade.

"how is this possible!"

"The invasion of extraterritorial creatures, how could such a thing happen? It's terrible."

At this time, in the palace, the emperor and the others sensed the arrival of the witch master and others.

The emperor said: "Wizard Lord, you came just in time, come quickly to kill the evil spirits and stop the extraterritorial creatures."

The witch master looked at the palace, his face changed.

The emperor shouted: "Wizard Lord, what are you hesitating about? It's fine if you don't know. Since you came here and learned about this, don't you want to stand by and watch."

"Wo Li Dou is always a Wo Li Dou, and we must unite the front against the creatures from outside the territory."

"It was the heavenly world that invaded. Those birdmen were too powerful. There were many six-winged angels, thirty-six eight-winged angels, and the unfathomable God King."

"Once success comes, we will all suffer disaster."

The witch master changed color.

There are actually thirty-six eight-winged angels, which is worth it.

The eight-winged angel is comparable to the middle and late stages of the Sea of Bitterness. He originally thought that he was invincible after breaking through to the middle stage of the Sea of Bitterness, but facing the Angels, it was still not enough.

"If you don't block the gap, what are you doing in the palace?" the witch master asked.

"Don't you sense that the palace is suppressing evil spirits. This guy wants to join forces with the heavenly world to help the angels come. It must be suppressed, and they cannot be broken and born."

The witch master hesitated.

The Lord Buddha, the leader of the Imperial Alliance, and Jiang Wudao had absolutely no intention of joining.

Even they want to fish in troubled waters.

"Let's go and see the gap in the barrier first." The witch master thought for a while and gave this response.

They broke through the barrier and came before the breach.

The emperor was furious: "Damn!"

Jin Quan said worriedly: "I'm worried now that the witch master and the others are also cooperating with the heaven world. That's really bad."

The Queen said: "The witch is mainly daring to cooperate with the heaven world, then he will surely die."

at this time.

In front of Gap, Jiang Wudao clicked his tongue and said, "What a powerful energy, just right for me."

"No way, don't move."

The sorcerer shook his head and signaled not to move the energy. He opened the Haotian Mirror, projected light, and saw images from outside the realm.

Three generals and three eight-winged angels.

Will's breath was strong and strong, which shocked the witch master and felt that he was not an opponent.

"Starship battleship, okay, it would be great if I could get one." Jiang Wudao said enviously.

"Master, what are we going to do now? Can you contact the extraterritorial birdman?"

"With the Haotian Mirror, I can contact the outside world."

The sorcerer nodded.

"But when you do, there are big consequences. We're going to be the public enemy."

This is indeed a problem.

This is equivalent to betraying Zu Xing.

The Buddha said: "Don't mind, you must know that the reason why Zu Xing is Zu Xing is the mother who gave birth to the three thousand worlds. The extraterrestrial creatures are just different worlds from ours, and fundamentally, they are of the same origin. ."

Jiang Wudao said: "Indeed, no matter what, we can communicate first."

The witch master thought about it and decided to give it a try.

Communicating with aliens is indeed a great fun.

"Wow!"

Proposal No. will bloom with divine light, rush out of the group, and reflect the starry sky.

Will was startled.

I only saw that in the divine light of Haotian, there appeared the witch Lord, Jiang Wudao, the Buddha Lord, and the Emperor Alliance Leader.

"Everyone in heaven, how are you?"

The sorcerer spoke up.

Will said: "Good method, good baby. What kind of existence do you have to cooperate with me in Heaven?"

The witch master said: "We are Zuxing creatures, and we are not betraying Zuxing to cooperate with you."

Will smiled and said: "It's not and it's not. Zuxing is the root. All the heavens and the world are of the same origin. There is no betrayal. Your breath makes me very disgusted. You are a witch creature."

"indeed."

"Wu clan, um, there were some festivals with our angel clan in the ancient times, but it was all in the ancient times, don't worry about it. If you are willing to cooperate with our clan to help our clan open up the world channel, then our clan will give generous rewards. ."

"What about your sincerity?"

The sorcerer said lightly, showing neither humbleness nor arrogance.

Will frowned and said, "I want to give you some treasures, but unfortunately, I can't send them. Don't worry, when the channel is opened, your benefits will be indispensable."

The witch master smiled and said: "That's boring, let's talk about it here, but let me remind you, Zu Xing has a powerful guy, you have to be careful."

"Who?"

"Human Ye Fan."

"Evan?"

Will's body trembled, his breath became fierce, and he shouted: "I will capture this human man, and make his life better than death. He stole my family's heavenly world and took my daughter, and he deserves death. "

The sorcerer was shocked.

Unexpectedly, Ye Fan fought against the powerhouses in the heaven realm early, and even the daughter of the eight-winged angel was captured by Ye.

correct.

Heavenly world, what do you mean.

The witch master thought for a while, his face changed greatly, he understood, at that time in Taihuangtian, Wuxu Kunding collided with Ye Fan, Ye Fan opened a door and swallowed Kunding.

That must be the gateway to the world of heaven.

"I heard that Ye Fan was able to open the world portal at will. Could it be that he refined the origin of the heavenly world? It should be the case. Only by refining the origin of the world can the heavenly world be taken away from the angels."

"This guy Ye Fan!"

The sorcerer was cold all over.

For the first time, I felt Ye Fan's terror.

I thought that she could break through to the middle stage of the sea of suffering and be able to kill Ye Fan, but now, it is impossible.

Ye Fan is no match for him, and he has nothing to do with entering the heavenly world today.

Moreover, Ye Fan can open the world portal at will, that is to say, Ye Fan can summon many powerhouses at any time.

Dealing with Ye Fan is equivalent to dealing with Ye Fan's entire force and network.

How to play this!

The witch master took a deep breath, he even wanted to cooperate with the heaven world, after all, he had a big hatred with Ye Fan.

Ye Fan must be killed to make him feel at ease.

Will is very keen, he noticed the change in the witch lord's expression, and smiled: "You and Ye Fan also have a grudge, the enemy of the enemy is a friend. Our cooperation is the kingly way, otherwise, you may die in the hands of Ye Fan. That human is very powerful. , just by mastering the heaven and the world, you can become prosperous."

"Cooperation my friend."

"I give you infinite energy to help you improve your strength. Listen to my orders, increase energy transmission, and be empowered."

Chapter 1165: Breaking the world

Will speaks.

Immediately, the energy delivery of the three battleships doubled, as if the ocean of energy was pouring out.

Before the barrier gap.

The witch master and others are really empowering.

These energies are very advanced, so that the witch master is very useful, and he is particularly advanced.

Especially Jiang Wudao, his Nine Yang Divine Body was brilliant, and all the nine bitter seas in his body were filled with incomparable fullness.

This is incredible.

Although he had nine seas of bitterness before, they were all empty, and it was very difficult to fill up with energy.

All right now, one step at a time.

"readily!"

Jiang Wudao was excited.

The Buddha Lord is also very solemn, and the Buddha's light shines behind him; the Emperor Alliance leader is even more mysterious. This guy has been wearing a mask and wrapped in black robes, and no one knows what he looks like.

Will said: "How does it feel? Working with us will give you huge benefits."

The witch master said: "I need your angels to make an oath of heaven, and after descending on Zuxing, you must not deal with us."

Will frowned.

The witch master said: "Your angels are powerful. If you deal with us after your arrival, it will be a disaster. We need to protect ourselves. If you can't agree, then cooperation will not be discussed."

"We need to report this to our God King."

"Come on, let's wait for the news."

call.

Haotian Divine Light disappeared.

On the battleship, Will waved his hand, and a soundproof formation appeared.

"Damn ants, dare to bargain with us. But it's okay to promise them. Anyway, there are many ways to deal with them, and we don't need our angels to take action."

"That's true."

"Wait a day to reply to them, the army is ready, and a day later, a fierce attack will be launched, and it will come to Zuxing."

"The ancient ancestral star, although it has fallen, has countless treasures. We were the first to find the ancestral star in the heaven world, and we were one step ahead of other big worlds and grasped the opportunity."

"Yeah, our heavenly world will return to its ancient glory, or even a higher level."

"Will, how is your daughter?"

Referring to his daughter, Will's face turned gloomy, and he said, "The life card is still there, it is not broken, it means that he is still alive."

"That's good, it's good to live. Originally, your daughter had the hope of becoming a saint of our clan, but I didn't expect the **** king to capture a woman named Alice from Zuxing. It is said that she has a glimmer of hope of evolving into a holy angel, and has been canonized by the **** king. She is a saint. One person is below ten thousand people."

"Alice, hum, God King didn't know what to think, but he cultivated a human being."

"No, I heard that Alice is not a pure human. She has an ancient bloodline in her body and was inspired by the king of gods."

"Now Alice's strength has improved by leaps and bounds. She is now a four-winged angel, and will evolve into a six-winged angel in the near future. The most important thing is that, unlike us, his wings can be freely retracted. You know, this is twelve The power of a winged angel."

Will nodded, shocked indeed.

"Ignore this, let's continue to bombard the barrier gap. Zu Xing has not fallen to this point, I didn't expect such a protective power."

"In ancient times, the emperor used his great magical powers and planted a protective circle on Zuxing, which should be the power of the circle."

"Countless years, the means of the Great Emperor have not disappeared, it is amazing."

...

Heritage.

The witch masters are planning.

They believed that the angel race would definitely agree to their request. Now the question is, how to help the angel race to come.

Although there are gaps in the barriers, there are mysterious power blockades, and these powers need to be broken.

"The evil in the palace is strong enough, it is better to let the evil out. By the way, kill the queen, the **** emperor, and the Shura goddess."

"That's right, if you don't do it again and again, if you do it, you must do it."

"When the angels come, the world will definitely be in chaos, life will be ruined, blood and blood will rain, I can't care about that much, kill kill kill, kill the queen and them."

"I agree."

"I agree."

"And I."

Jiang Wudao, the Buddha Lord, and the Emperor Alliance Leader were very ruthless, and the Witch Lord was still hesitating, so they decided directly.

The sorcerer had no choice but to agree.

"go!"

They rushed out, and the witch master blasted Zhou Tianxingdou with a punch, and the Xingyue Jade Rabbit flew away.

The God-Emperor's spiritual power has been paying attention to the outside.

When the Witch Master went to the gap, he was worried that the Witch Master would betray. Now that the Witch Master took action to break the Zhou Tianxingdou Great Array, he immediately knew that the Witch Master and the others had betrayed.

"These beasts."

Jin Quan was furious.

The witch master eats the inside and outside, cooperates with the heaven world, and acts as a traitor, which is simply a shame for Zu Xing.

The queen's face was ashen.

The Emperor of God shouted: "Wizard Lord, you are actually colluding with creatures from outside the territory. You are killing yourself. If you do too much injustice, you will kill yourself. Witch Lord, I advise you to turn back."

The witch master sneered: "Even if I don't make a move, the angels will still come after a while. I just brought this event forward, and there is no need to make a fuss."

"Now in this troubled world, I can't care so much."

"Now I want to release the existence that was suppressed in the palace, you all retreat immediately, you can survive, otherwise, beheaded on the spot."

The evil creature laughed: "Okay, my friend, I will thank you when I break the seal. Don't talk to them, just kill them."

The first shot was Jiang Wudao.

He revived the Nine Suns Divine Body to the extreme, with nine suns rising from behind him, and he punched the strongest.

This punch contains powerful energy.

"Queen, come here, I will suppress you, make you submit to me and be my maid."

"court death!"

The Queen Thunder was furious.

hold head high!

The golden dragon of luck roared wildly, and the queen took out the Nine Dragons Jade Seal and smashed it out.

boom!

The punch was cracked.

Jiang Wudao did not expect the Nine Dragons Jade Seal to appear, and was caught off guard, vomiting blood and flying backwards.

"Damn."

Jiang Wudao came back.

"I'm going to humiliate you to death, kneel down for me, you bitch." Jiang Wudao's nine seas of bitterness bloomed, cooperating with the nine suns behind him.

The energy injected into the nine rounds of the sun rose tenfold in an instant.

The entire heritage site is dazzling.

Boom boom boom! !

The palace was bombarded by the nine rounds of the Great Sun and overwhelmed by energy.

"Go!"

Lord Buddha shouted.

The witch master and the emperor of the alliance did not hesitate, and the three of them unleashed their strongest blow to bombard the palace.

The palace was shaky.

It was already decayed, and now it has suffered such a powerful attack, and cracks have appeared directly.

The four powerhouses joined forces, it was terrifying, and the key witch master was in the middle stage of the sea of bitterness.

The God Emperor and the Asura Woman are both in the early stages.

Swish swish.

Several blood-colored figures flew out from the palace. It was the Queen and the others. They were seriously injured and covered in blood.

If it weren't for a critical moment, the swallowing tailed beasts used the Great Devouring Technique, swallowing up ordinary energy, and they would be killed directly.

Because of this, the Heaven-Swallowing Tailed Beast encountered backlash and was seriously injured and dying.

Jinquan flew with the queen, the **** emperor, the Shura goddess, and the swallowing tail beast.

"Hooohoo."

He shook his wings, and the hurricane whistled, swept away the golden beast, the star-moon jade rabbit, the golden bull and the nine-tailed demon fox.

Swish!

Jin Quan's speed was extremely fast, and he fled frantically.

must go.

To stay is to die, and it has no meaning at all; to survive, there is hope to deal with the coming angels.

Ye Fan was not there, they couldn't stop the witch master at all.

"Hahaha."

Jiang Wudao laughed.

"The lost dog, where do you want to flee. The emperor, kill you, you will die. The queen and the lady of Shura are my maids. As for Jinpeng and the swallowing beast, they will be refined into treasures to swallow, hahaha."

The Emperor's face was extremely cold.

He said, "You go first."

As the Lord of the Protoss, he has many means.

In the middle of the sea of bitterness, the witch master pretended to be coercive, and even a little Jiang Wudao dared to be mad, and he didn't know whether to live or die.

When Jiang Wudao saw this, he was startled and did not dare to pretend.

The emperor kills.

The witch master went out and shouted: "I will deal with the emperor, you go after the queen, be sure to leave them behind."

Jiang Wudao laughed: "God Emperor, I'm going to capture the Asura Maiden, and then see how I conquer her."

"court death!"

The divine emperor's ghostly punch came, breaking through the obstruction of the witch master and bombarding Jiang Wudao.

puff.

The few Jiang Wudao beaten were embarrassed.

However, his Jiuyang Divine Body was very strong and he resisted it. He wiped the blood from his mouth and said with a wicked smile: "God Emperor, you're just this level, I'm so disappointed. Lao Tzu is going to conquer the Asura Maiden now, You wait for me."

The emperor wants to hunt down.

But the sorcerer stopped him.

"Betraying Zu Xing, you will die without a place to be buried."

"The competition of things is natural selection, and those who know the times are Junjie."

The sorcerer retorted.

The emperor no longer spoke, and fought with the witch master.

The gods of the gods have a strong physique.

As the Lord of the Protoss, the Divine Emperor's physique is very powerful, with some ancient aura attached, that is because his bloodline has returned to his ancestors.

Just a partial throwback.

If all the bloodlines were to return to the ancestors, then the God Emperor would have long been in trouble.

"There is no fairy in the world."

The emperor's move is extraordinarily magnificent.

The sorcerer's face was solemn.

It is worthy of being a **** emperor, and it is worthy of being the first group of gods. This attack is unique and domineering.

There is no fairy in the world!

"Gods live forever!"

God Emperor is another trick.

"The Great Harmony of Heaven and Earth!"

The third trick.

The three moves in a row made the witch master feel the strength of the emperor. If he did not break through to the middle stage of the sea of suffering, it would be very troublesome.

Now, however, he has pressure, but that's about it.

"Break everything to me."

"Everything is destroyed."

"Witchcraft reaches the sky!"

The witch master roared wildly and cooperated with the Clear Sky Mirror to deliver a powerful blow, smashing all the God Emperor's unique skills to pieces.

puff.

The emperor was knocked flying, blood spurting wildly.

He didn't hesitate, and immediately galloped; the witch master chased and sneered: "God emperor, the dignified lord of the gods, is there time to run away?"

the other side.

The Queen and the others were also besieged.

"The road is up to the sky!"

The fourth unique skill of the God Emperor, bombarded Jiang Wudao, the Buddha Lord, and the Emperor Alliance Leader, the three were startled and had no choice but to retreat.

The queen and the others are out of trouble.

"go!"

The emperor shouted, creating opportunities for them.

Right now.

The entire inheritance shook, and with an earth-shattering explosion, the palace exploded.

A dark shadow rose into the sky.

At the same time, a strong evil atmosphere filled the air, evil power surged, and gloomy laughter resounded throughout the world.

"After so many years, this emperor finally broke the seal. After all, old man Huangdi, I won. I'm not dead, I'm still alive, and your corpse is already rotten, hahaha."

Chapter 1166: Ye Fan's recovery

Evil creatures are born.

The powerful and heart-pounding aura was terrifying to the death, and the **** emperor and the witch master were all terrified.

The later period of the bitter sea.

Even beyond the realm of suffering.

"Hahaha."

This evil creature is entrenched in the air, shrouded in evil aura, and cannot see its shape at all.

However, I can see two huge red eyeballs, flowing with soul-sucking eyes.

He was laughing, a long, long time.

It seems that he is venting the suffocation that has been suppressed for endless years.

After a few minutes, it finally stopped.

The evil creature looked at the witch master and said, "You are very good, you have helped me a lot."

"Senior has won the award. We all cooperate with the Angels to help you break the seal."

"Working with those birdmen?"

The evil creature sneered, laughter mixed with disdain and contempt.

The sorcerer sighed in his heart.

This guy is going to go back on his word.

But thinking about it is right, now he should be the strongest ancestor of Zuxing, the ruler of the world.

Don't let the master do it, open the channel and let the angels descend, isn't this sick.

"Blood food, I need blood food."

"Boom."

The evil creature looked at Jinquan and the others, and a black claw grabbed it.

Jinquan and the others were horrified.

escape.

run wild.

The Emperor of God shouted: "Go to the battleship of our clan, and immediately bombard the evil spirits with the Xuanyu Heavenly Monument."

Finally they escaped from the inheritance.

boom.

The black claws also chased out, completely breaking the entrance and exit of the inheritance.

There are many cultivators around here, all of them are attracted.

"what is that?"

"It's Jin Quan, the young master of the Golden Winged Dapeng, the Heaven-Swallowing Tail Beast, as well as the Empress, the God Emperor, the Asura Woman, etc. They were all seriously injured, what happened?"

The practitioners were shocked.

These are all the strong heads of the current cultivators, why are they all seriously injured.

next moment.

They got it.

The evil creature rushed out, and he stopped chasing the emperor and them because he was feeling the heaven and the earth.

Being suppressed for endless years, breathing fresh air for the first time. The evil creatures enjoyed it so much, even tears welled up in their eyes.

"The world is really beautiful."

Evil creatures live like thunder.

That powerful aura shocked all practitioners and made all living beings tremble.

"What kind of existence is that? It's so strong. It surpassed the empress, the **** emperor, and the others. Could it be beyond the realm of the sea of suffering?"

The monks were astonished.

"Blood food!"

Suddenly, the evil creature came back to his senses, showed his tyrannical nature, and flew past with a grinning smile.

Many creatures were devoured by him.

"what!"

The remaining creatures screamed in horror and fled in a hurry.

"Ah ha ha."

The evil creature screamed in excitement.

He devoured all the creatures crazily, and he was still not happy. After searching everywhere, he came to the mundane world.

"A lot of humans, delicious blood food."

On this day, the city suffered a disaster.

Ordinary humans would never have imagined that such a terrifying monster would appear, and there would be no way to fight back.

In three days, this city of five million people has become a ghost town, without a trace of life.

at the same time.

The aura of evil creatures is also more powerful.

He stood on the top of a mountain and muttered to himself: "It's not enough, these human beings are ordinary, just to relieve the addiction, just provide me with energy, and I can almost completely cross the realm of suffering."

"To devour practitioners."

The evil creature left and went to Kunlun.

He learned that Kunlun is the largest gathering place for cultivators, and there are countless cultivators there, enough for him to devour.

three days.

The Queen and the others have also been repaired. On this day, the Queen came to this city and saw a dead silence, devastated and heartbroken.

"Damn beast."

The queen was furious.

She returned to the palace and came to the world of heaven, Ye Fan had reached the last moment, and Ye Fan's breath was strong enough.

The Queen knew that only Ye Fan could deal with evil creatures.

"The Kunlun base was hit."

Suddenly, information reaches the heavenly world.

Everyone changes color.

Unexpectedly, the evil creatures were the first to find them.

The queen glanced at Ye Fan, and then walked out of the heavenly world, not returning to the palace, but appearing at the Kunlun base from another portal.

Evil creatures are wreaking havoc.

The base's defenses can't stop evil creatures at all.

He came to Kunlun and devoured a group of people. He was still in the mood. He heard that the Temple of Heavenly Venerate was the strongest, so he rushed over.

"you again."

The evil creature saw the queen and sneered: "You are the master of the Tianzun Temple, I am very disappointed."

"Enough is enough, or you will die miserably."

"Hahaha."

The evil creatures are looking up to the sky and laughing.

"I have already learned that the poor and weak in the cultivation world, I am the strongest, just a little bit can break through the realm of the sea of suffering and reach another brand-new world; I can sense that you have this powerful bloodline and become mine. Eat blood. If you devour you, you will definitely be able to break through the sea of bitterness."

Evil creatures slaughtered.

The Empress incarnates the Luck Dragon, however, even so, she is no match for evil creatures.

"hold head high."

The Luck Golden Dragon was almost scattered.

The queen can only revoke the power of luck, she can die, but there can be no problems with the luck of the summer.

"boom."

Suddenly, Tang Ying appeared, and she brought out the Heavenly Palace of Disaster.

Smash **** evil creatures.

"what!"

The evil creature screamed and flew out.

The blow was heavy and the evil creature was injured.

at the same time.

An ancient coffin flew out from the disaster palace. It was an ancient bronze coffin. Tang Ying shouted: "Empress, let's join forces and bury him in the ancient coffin."

"good!"

The queen nodded and threw the Nine Dragons Jade Seal to suppress the space.

At this moment, the evil creatures exclaimed when they saw the ancient bronze coffin: "How can you have this coffin, how is it possible."

The Queen and Tang Ying looked at each other and felt the fear of the evil creatures on the ancient bronze coffin. This is a good thing.

"kill!"

They manipulate bronze coffins to tap evil creatures.

This made the evil creatures discolored, not daring to confront them, and they were bombarded one after another, and the evil creatures were dripping with blood.

However, evil creatures also found clues.

"Although it is an ancient bronze coffin, you can't exert your power at all. Bring it, you are not worthy of friends!"

The evil creature grabs at the ancient bronze coffin.

at the juncture.

From the ancient coffin, the God Emperor and the Asura Nunnery rushed out. They have been brewing for a long time. This powerful lore has caught the evil creatures by surprise.

"puff!"

The black claw was cut off.

Puff puff.

Black blood spurted out.

"what!"

The evil creature screamed.

He actually had a hand chopped off, which was a shame. He was furious, and the sky was torn apart.

The whole Kunlun seems to be overturned.

Countless creature horrors.

But at the same time, he was very curious, watching from a distance, paying attention to the development of the situation.

"Damn you! Damn it!"

"You ants, dare to hurt me, this emperor wants you to know what fear is."

"The end is coming."

The evil creature roared, and the world became dark in an instant.

Countless evil forces riot.

Crash.

Like a mountain torrent and a tsunami, it washed away the entire base of the Tianzun Temple; unfortunately, all the soldiers of the Tianzun Temple entered the heavenly world long ago without causing any casualties.

As for the Queen and the others, they were guarded by the Heavenly Palace of Disaster and the ancient bronze coffin, and they did not suffer any harm. Everyone was under great pressure.

"die!"

Suddenly, the evil creature shot.

With one blow, the Heavenly Palace of Disaster was blown away, and the pressure on the Queen and the others increased greatly, and they fell after being washed away.

Evil creatures grabbed at them.

The air is exploding.

At this moment, a stele appeared, fell down, and smashed into the evil creature.

With the loss just now, the evil creatures became careful; as soon as the Heaven Monument appeared, he sensed the threat and quickly retreated.

boom.

The stele was placed horizontally in front of the Queen and the others, blocking the evil forces for them.

"Heaven Monument."

The evil creature's voice was low.

"You have a lot of treasures, so it's better to make them cheaper for me. If you have any treasures, take them all out."

"I will give you a chance, otherwise you will be killed by me if you don't even have the chance to use it."

Rumble.

Suddenly, a ray of brilliance rose into the sky, piercing the darkness, and a ray of dawn appeared in the originally dark world.

And it's getting brighter.

In the end, the sky and the earth regained half of the light and half of it was still dark.

A big cauldron rushed in.

The evil creature was startled, this big cauldron made him feel a huge threat.

"Could this be the Wuxu Kunding, which was re-forged by the soldiers of the Emperor Qiankun in ancient times."

"Okay, it really gave me a big surprise."

Evil creatures are extremely excited.

The powerhouses who were watching from afar also heard it, and they all gasped.

The background of Tianzun Temple is too terrifying.

It is unreasonable to even possess such an invincible soldier as Wuxu Kunding.

correct.

What about Evan?

Why hasn't Ye Fan appeared yet?

"Come."

Evil creatures are axially oriented to the Kun Ding of Wuxu.

The monument is too big and heavy, he can't take it away, but the Kunding of Wuxu can.

However, one side happened suddenly.

In the Kun Ding, the monstrous blood rushed out, spreading the whole world in an instant, dispelling the darkness and suppressing the evil forces.

The whole world was enveloped in blood.

"what!"

Such tyrannical qi and blood shocked the evil creatures.

He saw that one person came out of the big cauldron, and he was fluctuating in the blood.

Suddenly, a ray of light pierced the world and looked at him.

Evil creatures are inexplicably scary.

"Pretend to be a ghost."

He drank it cold and played a tactic.

boom!

This blow, bombarded the creatures in the blood, but did not cause any damage.

The face of the evil creature changed, knowing that it had encountered a real powerhouse.

"Evan!"

The queen exclaimed, her eyes shining brightly.

"Evan!"

"Evan!"

The God Emperor and the Asura woman also shouted.

"Xiao Fan, you have finally recovered, it's the right time." Tang Ying breathed a sigh of relief, trusting Ye Fan immensely.

Ye Fan will definitely be able to deal with it.

This breath is not familiar to evil creatures, but Kunlun powerhouses are familiar with it.

It's Ye Fan.

They were shocked by Ye Fan's terrifying aura, which was simply outrageous. It turned out that Ye Fan didn't do anything, but was practicing before.

Now that you're done, there's a resurgence.

However, can he kill that terrifying monster, what level did Ye Fan reach?

Chapter 1167: Invincible posture, shock the world

Ye Fan's recovery made the members of Tianzun Hall finally feel at ease. The power of qi and blood displayed was enough to show that the power had reached another level, and the evil creatures were shocked.

The Divine Emperor and Asura's daughter-in-law changed their faces and their hearts were turbulent. They already knew that Ye Fan surpassed them by a lot.

The Queen has a message.

In an instant, Ye Fan knew everything.

Knowing that the barrier of the world has been breached by the heaven, knowing that the drought has come for him, knowing that the witch master cooperates with the heaven, knowing that this evil creature was suppressed in the inheritance of the Yellow Emperor and broke out.

Know that this wicked creature has wreaked havoc.

Ye Fan's face was indifferent.

He stared at the evil creature and said coldly: "Before you, I have seen two creatures like you. You should not lose to the ancestral creatures, and they are also extraterrestrial creatures."

"Have you seen my clan's creatures?" The evil creature was surprised, and immediately overjoyed, "Alright, alright, I still have my clan here."

Rumble.

At this moment, the sky was dark.

Two evil creatures descended.

One big and one small.

It was the one from the Qilian Mountains and the one from the Hundred Thousand Mountains. They felt the breath of the same clan, and they rushed over in a hurry.

"you are!"

These two evil creatures are weaker, the middle stage of the big bitter sea and the early stage of the laughing sea of bitterness.

They sensed the bloodline of this huge evil creature and were extremely shocked.

"You are the emperor of our clan."

"good."

The huge evil man laughed loudly: "I didn't expect to see the clansmen. I will sit down with you, one of the three thousand emperors, the Xieyue Emperor."

"See my emperor."

"Don't be too polite."

Xie Yuehuang waved his hand, then looked at Ye Fan, and said coldly: "We are indeed not ancestors, we come from the ancient forbidden area in the depths of the outer starry sky."

Ye Fan said: "If that's the case, then die, no need for nonsense."

"Insanity."

The Evil Moon Emperor stopped drinking.

However, he was not careless, and Ye Fan gave him a huge threat.

War is imminent.

Ye Fan disappeared in an instant, the big teleportation technique, and now he has practiced superbly, just like Princess Fina's teleportation.

Suddenly appeared in front of Xie Yue.

"boom!"

With one punch, Xie Yue was smashed into the air.

Xie Yue gritted her teeth and felt severe pain all over her body. She felt Ye Fan's monstrous power, which was extremely terrifying.

However he is not bad.

"Roar."

Evil Moon roars.

The sky was dark, covering the sky.

"Dark realm, eternal sinking."

"come on."

Xie Yue pulled Ye Fan into the boundless dark vortex, and the world returned to peace.

I don't know how the two sides fought.

But.

In the dark, the sky is shaking.

Obviously, the two sides fought fiercely in the so-called dark vortex.

"Shatter the sky."

After a dull roar like Hong Zhong Dalu's, a bright fist pierced through the black vortex.

Ye Fan tore the vortex and walked out.

With his backhand, he fired a sea of fire, covering the sky and the earth, and shouting again and again:
"Suppress the evil spirits and destroy the evil spirits."

Chidi's fire spirit combined with the dark blue fire, under the action of the Great Inflation Technique, it burned roaringly.

The boundless black gas quickly disappeared.

"Apocalypse."

Suddenly, in the black vortex that was about to collapse, a strange sound wave rippled, it was a fascinating piece of music.

As soon as this doomsday hymn appeared, the world changed color, as if the world had really come to an end, and the power of destruction hit Ye Fan.

As for Ye Fan, a magnificent and expansive picture appeared behind him, which was a picture of life and death of yin and yang.

The power of the current life and death map is incomparable.

Because Ye Fan's bloodline has awakened again, the power of the life and death map has also skyrocketed.

The appearance of the life and death map shocked Xie Yue.

"Yin and Yang blood."

"You actually have the blood of Yin and Yang, you are the descendant of the Supreme Being of Yin and Yang!"

Evil Moon screamed.

Ye Fan frowned, what is the existence of yin and yang self-esteem?

Of course, if you ask now, Xie Yue will definitely not say it. Only by suppressing it can you ask some secrets.

This is a strong man who was suppressed in ancient times, and he must know many secrets.

"Destroyed."

The life-and-death map is oppressed.

This seems to have some restraint on Xie Yue, the power of the doomsday hymn he played was completely wiped out, and even the black vortex was wiped out.

He rushed out.

However, Ye Fan was already ready to go, and with a yin and yang avenue punch, the evil moon flew out again, and the sky was stained with blood.

The spectators were all shocked.

Such a powerful Evil Moon Emperor, in Ye Fan's hands, has no power to fight back.

What is this concept?

Could it be that Ye Fan has surpassed the realm of suffering and entered a new world? !

Ye Fan walked away in the air.

Take it easy.

He seems to be in control of everything, the ruler of the world.

Xie Yue suffered heavy blows one after another.

He was furious.

It's not that he is not strong, but that he just broke out and hasn't adapted yet, otherwise he would be so embarrassed.

"If my natal evil weapon is here, how can this kid jump around in front of me."

Xie Yue was furious.

He screamed and fought with Ye Fan. His body was extremely strong, and he wanted to compete with Ye Fan.

However, he was disappointed.

Ye Fan's body made him feel terrified, this breath...

"Heavenly hegemony."

"You actually acquired the Heavenly Hegemony Body. Who the **** are you? You have the Yin-Yang bloodline to train the Heavenly Hegemony Body."

Ye Fan didn't say a word, he just recovered a part of the Heavenly Tyrant Body, which was enough to deal with Xieyue.

He is very confident.

Show invincibility.

The evil moon he hit fell, and he said coldly: "I have forgotten a lot in the long time, tell me, who is the Supreme Yin and Yang?"

As soon as these words came out, Xie Yue exclaimed: "You are also an ancient creature, have you survived until now?"

"tell me!"

Ye Fan shouted fiercely, accompanied by a mental attack of the Killing Heart Spell, which was unexpected and caused the Xieyue Qiqiao to bleed.

Xie Yue was jealous.

He was startled and angrily said: "You are so sad that you have forgotten everything, and I won't tell you. Wait, you are in your prime now, this emperor temporarily avoids the edge, and when I get used to this world and regain my strength, I will kill you like Slaughter the dog. Your blood will be swallowed by me, I will control Yin and Yang, control creation, and hopefully become the supreme of the universe."

"Stubborn."

Ye Fan drank it coldly and stepped down.

This can kill Xie Yueqi half to death.

It's a blatant humiliation.

"you wanna die!"

Xie Yue roared and used some forbidden secret technique to summon an ancient terrifying phantom.

The phantom punched hard, causing Ye Fan's blood to spurt wildly.

"His Holiness strikes."

Xieyue is arrogant, the so-called Venerable, but the power of the powerful under the Supreme is so terrifying.

Of course, the current evil moon can only play a drop in the bucket.

Even so, Ye Fan was hurt a lot, but Ye Fan was extremely excited. He went up against the sky and fought against the phantom.

"puff!"

In the end, the phantom was torn apart, and one foot stepped on Xie Yue's head, almost blasting his head open.

what.

Evil Moon screamed.

He was angry and unwilling. He thought he could traverse the world, but he did not expect to encounter such a powerful human being.

No, it cannot be said to be human.

He is the descendant of Yin Yang Supreme.

How terrifying the yin and yang supreme, how stalwart, that is the supreme cosmos, comparable to the great emperor of the human race.

"A picture of life and death."

Ye Fan manipulated the life and death map to wrap the evil moon.

This changed the color of the evil moon, and the annihilation power of the life and death map was very terrifying. Once it was wrapped, his body would be wiped out.

hateful.

It's better to just retreat.

"Who are you?"

"Evan."

"I remember, in the future I will definitely..."

"There is no future, I will kill you today."

What Ye Fan said was extremely straightforward, pursued with the victory, the evil moon kept flying out, and black blood spurted out.

The battlefield is shifting.

The strong men followed closely behind.

They were incomparably shocked, how powerful this was, and the Xie Yue Ancient Emperor fled for his life.

"Ye Fan, you are too deceiving!"

"You're not human, this idiom doesn't apply to you."

"Ah ah ah."

The ancient emperor of Xie Yue shouted angrily.

Ye Fan punched backhand and killed the big and small evil creatures, which made the Xieyue Ancient Emperor's eyes split.

"Kill my clan, Ye Fan, I want you to die, I want Zu Xing to subvert and destroy everything."

"Ye Fan, this is what you forced me to do."

Xie Yue Ancient Emperor paid some price and disappeared like lightning.

"not good!"

Ye Fan's face turned sideways.

The Xieyue Ancient Emperor must have gone to the Emperor's heritage site to help the Heavenly Realm open the passage and let the angels descend.

"The Great Tracking Technique."

Ye Fan used this magical power to chase after him.

The queen and the others also had a premonition that something was wrong. At this stage, there was no need to hide it. The queen opened her mouth and narrated the ins and outs.

When it was learned that the creatures from outside the realm were coming, and the disaster was imminent, the discipline of cultivation panicked.

I didn't expect such a horrible thing to happen.

They just know.

Queen and they have made a lot of efforts for this.

"Damn the witch master, actually betrayed and colluded with extraterritorial creatures to harm our ancestors."

"Damn it!"

"Lost for thousands of years, exterminate the Wu clan."

Kunlun rioted, and after that, the entire cultivation world was in a frenzy.

On the one hand, they are anxious and worried about the arrival of the angels; on the other hand, they are extremely angry, and even some ethnic groups are going to exterminate the witches.

The witches are under enormous pressure.

the other side.

The ancient emperor of the evil moon came to the inheritance of the Yellow Emperor.

at this time.

The Witch Lord, Jiang Wudao, Buddha Lord, and Emperor Alliance Leader are still here. They don't know what's going on outside. They are receiving the energy transmitted by Will to cultivate.

"Senior, why did you come back, what's going on, how did you lose such a serious injury."

The witch master was shocked.

The last time this guy was in the late stage of the Sea of Bitterness, and even surpassed the realm of the Sea of Bitterness, how could he be injured.

"Open the channel."

Xie Yue Ancient Sovereign didn't have time to chat with the witch master.

He roared: "Angel creatures, listen, take action immediately, cooperate with the inside and the outside, open the world channel, hurry up."

Will and the others are getting impatient.

The witch masters have been asking for it for the past few days, but they have no intention of helping them. At this moment, I am overjoyed when I hear the words of the Xieyue Ancient Emperor.

"good."

Will calls the shots.

All the strong angels are brewing, not only that, but the three starship battleships are also activated and maximized.

The four witch masters were in shock.

at this time.

A familiar, powerful breath washed over them, and a familiar figure descended here.

"Evan!"

The four witch masters screamed.

At this moment, they understood, understood who Xie Yue Ancient Emperor was injured by, and understood why they were in a hurry to open the world channel!

Chapter 1168: world channel

"Evan, you!"

Jiang Wudao's eyes were about to pop out.

In his sight, Ye Fan is like an ancient god, standing tall and strong, insurmountable.

How can this be.

He didn't believe it, and even punched Ye Fan with a fist in his head.

"roll."

Ye Fan roared.

This punch exploded, Jiang Wudao was bled from the shocking Qiqiao, and flew out and smashed into a mountain, seriously injured.

hiss.

The witch master, the Buddha master and the emperor of the alliance took a deep breath.

What power is this?

What is this concept?

With a roar, Jiang Wudao was seriously injured, so terrifying.

The power displayed by Ye Fan was unbelievably powerful, even stronger than before, terrifying the Xieyue Ancient Sovereign.

"Hurry up and open the channel."

Evil Moon Ancient Emperor shouted.

Rumble.

In the outer starry sky, Will gave an order, all the energy impact, cooperated with Xie Yue Ancient Sovereign, the gap in the barrier expanded a hundred times.

At the same time, the protective barrier that enveloped the earth was also torn apart.

The world channel has already taken shape.

But still unstable.

If you enter the world channel now, there will be many uncertain risks. If a channel collapses, it will be as strong as Will to die.

The channel must be stable.

Will laughed: "I finally opened the channel, and continued to expand the channel. My family's **** king bestowed the treasure, which can instantly stabilize the world channel."

at this time.

Will sensed something familiar.

"Evan!"

"This is Ye Fan's breath, the culprit who captured my daughter."

Will recognizes it and growls.

Ancient Emperor Xie Yue's eyes lit up, he didn't expect that Ye Fan and the chief angel of the angel tribe would have such grievances.

Ye Fan saw that the passage had been opened, and his face was cold and gloomy.

He didn't have time to pay attention to the witch masters and the others, and went straight to the passage.

Xie Yue Ancient Emperor was startled.

Backhand and Ye Fan punched each other, and then rushed into the channel. Although the channel was unstable, the ancient emperor Xie Yue was certain that the Angels would not let the channel collapse. Steady, so he won't be in danger.

"Ye Fan, you're finished, today is your day of death." Ancient Emperor Xie Yue laughed, "Will, don't worry about anything else, come quickly and join me to kill Ye Fan."

"This son is so strong."

Will was shocked, he didn't expect Ye Fan to be so strong.

Looking at Xieyue Ancient Sovereign, Will was also surprised that Xieyue Ancient Sovereign was similar in strength to him.

With their hands, there is indeed hope to deal with Ye Fan.

Don't let Ye Fan destroy the world channel.

Will decided to come, and he told the other two commanders: "You preside over the passage, you must take out the giant treasure given by the king of God to suppress the passage, and send more troops to the communication group."

When the words fell, Will's wings trembled.

disappeared instantly.

This is teleportation, which immediately appears in the channel.

Ye Fan is like a big mountain. Before the passage, his eyes are like electricity, and he stares at Xieyue Ancient Emperor and Will coldly.

at the same time.

The inheritance site of the Yellow Emperor has also been completely opened and displayed in front of the world.

Countless practitioners gathered.

They saw the world passage, saw the eight-winged angel, and saw Ye Fan alone in front of the passage.

That back figure is incomparably stalwart!

At this moment, many ethnic groups seem to have let go of their grievances, all share the same hatred, and all are praying that Ye Fan can stop extraterritorial creatures.

"Give the national teacher Ye Fan the right to invoke all the fortunes of the Great Xia. Give the national teacher Ye Fan the right to invoke the Nine Dragons Jade Seal."

The queen spoke.

The golden dragon of luck roared, roared, and appeared in the sky above the inheritance; at the same time, the golden dragon of luck contained the nine dragon jade seal in its mouth, waiting to merge with Ye Fan at any time.

Rumble.

At the same time, the means of Tianzun Temple also arrived.

After a long time of preparation, the Zhou Tian Xing Dou Great Array with a lot of background was born, covering the entire inheritance.

This is a big battle.

A battle involving the life and death of many clan rights.

More and more creatures gather.

Many ethnic groups and factions of various factions are all ready to go, because once Ye Fan can't hold back and the angels come, they will start a war.

Endless gold and iron horses permeate the air.

Ye Fan turned his back to all beings. He didn't look back, but he knew that he was given high hopes by countless beings.

At this moment, he also doubled the pressure.

But he was not afraid.

He stepped out and entered the world passage.

"war!"

One word, the world trembles.

Will and the ancient emperor Xieyue were shocked, they shot, and instantly fought with Ye Fan.

boom!

boom!

This kind of battle was displayed in front of the world, Ye Fan was not defeated by one enemy and two, and even forced Xieyue Ancient Emperor and Will to keep retreating.

It seems that they are going to be played out of the ancestors.

"kill!"

"Ye Fan, you can't stop my clan's footsteps, you are only one person, and there are many strong people in my clan. Immediately, all the strong people in our clan will come, how can you stop me, give up me, if you surrender, you can be a good person in my clan bad."

Will bewitched.

"A group of birdmen are also worthy of making me surrender!"

"Give me all to die!"

Ye Fan opened and closed, and the Will and the ancient emperor Xieyue were miserable. They mastered the superb fighting skills of the Protoss, and their physical strength was strong. How could they be Ye Fan's opponents.

puff puff.

They were sent flying, and just when Ye Fan was about to kill him, a blood cloak flew out from the outer starry sky.

This blood coat has appeared, and the unstable channel is quickly stabilized.

at the same time.

The channel is enlarged tenfold.

Will laughed: "Ye Fan, this is the treasure bestowed by the **** king of our clan, a blood coat is enough to restrain you."

Ye Fan looked at the **** clothes and said with a sneer, "I want to restrain me even with a single piece of clothes. It's a fool's dream, a picture of life and death, now."

"Everything is wiped out for me."

"Kill kill kill kill."

Ye Fan performed a big killing technique and entered a killing state.

Will was furious: "Desecrate my God King, you are courting death!"

Ye Fan originally wanted to capture the blood-clothed clothes, but he did find a mysterious force hindering him, making it difficult to break through.

He gave up and turned to suppress Xie Yue Ancient Sovereign.

Compared to Will, he was more interested in the Ancient Evil Moon Emperor.

Seeing that Ye Fan was focusing on taking care of himself, the Xieyue Ancient Emperor was a little apprehensive and shouted, "Will, why haven't the strong men of your angel race come over, what are you talking about?"

at this time.

The two eight-winged angels on the starship battleship entered the passage and joined the battlefield.

The channel is stable, don't worry about other things, they can take action.

"Good good."

"Suppress Ye Fan, this kid must die."

The Ancient Evil Moon roared.

All beings outside are very nervous, three eight-winged angels and one ancient emperor, can Ye Fan fight?

this moment.

Ye Fan burst out with a strange power, which is the power of the magnetic element, and it has some restraint on the angels.

"Original Magnetic Slashing Technique!"

Ye Fan used this unique skill, which was a terrifying supernatural power aimed at the flesh.

In an instant.

A commander was hit, and two of his wings were broken; Xieyue Ancient Emperor hurriedly avoided.

The scepter in Will's hand bombarded.

"Baptize everything into nothingness."

"Fist kill!"

Ye Fan struck Will with a lightning-like punch, causing Will's whole body to crack and crack. More than a dozen of them were broken, and his internal organs were injured.

Puff puff.

Will vomited blood.

Ye Fan is already showing his power, he bears the life and death chart, holding Fangcun Mountain in one hand, and holding the pestle of subduing demons in the other.

"boom!"

The Ancient Evil Moon Emperor was hit hard.

"Buddhist treasure, hateful, nasty power."

The Evil Moon Ancient Emperor was angry.

Ye Fan shouted: "Purdu the world, all my believers. Great Purdue Technique!"

Buddha's light shines.

Xie Yue Ancient Sovereign retreated three houses.

Will and other three commanders changed their expressions, and they all used the power of baptism to baptize Purdue Divine Light.

"boom!"

Fang Cunshan smashed down, and the smashed Will and the others turned black.

Grand arrest.

Great Seal.

Ye Fan wanted to capture the three commanders, so as to boost his morale and attack the Angels.

in addition.

These days, Fina, who Jinquan has already conquered, doesn't want it. From Fina's mouth, she knows that Will has an extraordinary position in the Angels and is the top ten marshals in strength.

If you capture him, you can deal with the angels.

However.

at this time.

There was a huge roar in the extraterritorial starry sky, a wormhole appeared, and battleships slowly sailed out of the wormhole.

Will laughed: "Ye Fan, don't be complacent, our clan reinforcements have arrived, and your death date is here."

Rumble.

The angels used some kind of supernatural power, which should be a big projection technique. There are three thousand avenues of supernatural power in the heavens and the world, but there are the most ancestral stars.

Creatures from other worlds will also have great powers.

The big projection technique projected the picture of the outer starry sky onto the earth, and countless creatures saw the shocking picture.

That battleship, the dense army of angels on the battleship, what a magnificent atmosphere.

Angels are intentional.

In doing so, it can destroy the morale of life on earth.

Ye Fan contracted in pain.

He sensed a very strong aura, but there were more than one or two, and the main force of the angels came over this time.

Could it be that all the thirty-six commanders are here?

Ye Fan felt heavy.

"Will."

A majestic voice sounded.

Immediately afterwards, an eight-winged angel appeared at the entrance of the passage. This eight-winged angel had a strong aura and was much stronger than Will.

This is one of the thirty-six commanders of the angel race, and it ranks third, Simba.

Beside Simba, there are also twelve commanders, a total of thirteen commanders attacked.

In addition to the three Will, that is, the sixteen commanders, the angels commander dispatched almost half.

Hu Hu Hu.

Will and the three commanders retreated and went to meet Simba.

"It was hurt."

Simba frowned, flicked his fingers, and a powerful energy entered Will and the others, and the injury quickly recovered.

Rumble.

The sixteen commanders stood in the outer starry sky, overlooking Ye Fan in the passage. That momentum made the Xieyue Ancient Emperor suffocate.

Thriller of all beings.

How to fight this?

The Angel Clan is too strong, this is only part of the strength, if the whole Clan is dispatched, it will be even more terrifying.

Simba stared at Ye Fan and said coldly: "I can see that your luck is strong, are you the strongest Zuxing right now? Yes, I can feel your strength, and your physical body has reached a very high level. It's a pity that the level is not the opponent of our angel race. It's easy to capture, but don't kill!"

Chapter 1169: Bombing the eight-winged angel

Simba showed an arrogant attitude, and seemed confident that he could suppress Ye Fan by turning his hands.

The army of angels roared.

The morale soaring into the sky seems to be rushing into the earth from the extraterritorial starry sky; at this moment, the earth cultivators are very dignified.

too strong.

Sixteen eight-winged angels are standing there, like an insurmountable chasm.

Ye Fan looked coldly at the entrance of the outer starry sky, stared at Simba, and then turned to grab Jiang Wudao, who was seriously injured.

"Evan, you!"

Jiang Wudao took a breath and wanted to escape.

But I never thought that Ye Fan suddenly attacked, why is this, dealing with the angels, dealing with him, he is sick.

"Give me the Great Prophecy."

Ye Fan's expression was indifferent and commanding.

The huge handprint of that finger imprisoned the space and enveloped Jiang Wudao.

No one can save you!

Jiang Wudao gritted his teeth and said angrily, "Ye Fan, give you a great prophecy, let me go."

Swish!

A memory fragment popped out.

Ye Fan grabbed it and swallowed it directly.

Immediately obtained the Great Prophecy.

He ignored Jiang Wudao, for him, Jiang Wudao was just an ant.

Do elephants care about the life and death of ants?

This extreme disregard and contempt made Jiang Wudao's eyes split open and his face grim.

But he knew that Ye Fan was too strong, far surpassing him, and he couldn't compete at all.

"let's go."

Jiang Wudao, the witch master, the Buddha master, and the emperor of the imperial alliance fled quietly.

However.

The Emperor God, Asura Nudes, Jin Quan, and the Heaven-Swallowing Beast did not intend to let them go and chased them away.

"Practice."

Ye Fan practiced great prophecy on the spot.

He has mastered the complete Mysterious Sect Secret Technique, which is the core cultivation method of Taoism, one of the seventy-two ancient sects.

The mystery of the mysterious door is infinite, and it can improve a great deal of comprehension.

In addition, Ye Fan's mental strength is now extremely powerful, and the great prophecy is directly completed.

Ye Fan looked at Simba again, his eyes turned around, as if he was performing a great prophecy.

He opened his mouth.

"I predict that you will die."

"You will all be buried here and become the nourishment of the ancestors. This is your destiny."

Ye Fan's voice was calm and indifferent.

But it gave people an extreme chill, and Bie Simba was cold all over, which made the corpse of the angel army vent out.

Simba's face changed.

Did Ye Fan really predict it?

Great prophecy, mysterious and unpredictable, this should not be underestimated.

Simba is cautious.

He looked at Ye Fan, stepped out, and entered the world channel.

Will and the other fifteen commanders did not move.

Xie Yue Ancient Sovereign also retreated far away.

Simba wants to fight Ye Fan.

The third-ranked marshal of the angel race had to fight Ye Fan, which was a matter of life and death.

"boom."

Simba didn't talk nonsense, and punched it out.

Heavenly Fist.

leaf-. Fan is not long-winded.

fist bump.

boom!

The passage is shaking, but because of the suppression of the blood coat, it is very stable and has not been broken.

In an instant.

Both sides disappeared.

One casts teleportation supernatural powers, and the other casts great teleportation.

Bang bang bang.

The two sides began to collide, fighting in close quarters.

As the third-ranked marshal, Simba must not be called weak, the same eight-winged angel, but his wings are bigger than Will and the others, and they are shining brightly.

In the blink of an eye, there were hundreds of collisions.

Ye Fan felt the strength of Simba's body, but both sides were just testing, and they didn't know the exact strength of the other party.

After a quarter of an hour of fierce confrontation, they finally became impatient.

"Light of Heaven."

Suddenly Simba burst into a drink, and a dazzling brilliance rose behind him, making him extremely holy.

His wings trembled and spread out, seemingly giving him enough strength; then Simba disappeared.

Ye Fan's pupils contracted.

teleport.

He could catch some clues before, but now, he can't see it at all.

"die."

Suddenly, Simba appeared behind Ye Fan and punched Ye Fan's head.

If this punch hits, there is no doubt that Ye Fan will be seriously injured if he does not die.

puff.

This punch directly penetrated Ye Fan's body.

Simba was shocked.

"Afterimage?"

He disappeared quickly.

But it was too late, and a pair of wings were hit.

Click.

The huge wings were directly pierced.

"Cut the body."

"Destroyed!"

The magic power of Yuan Magnetic erupted, covering Simba.

However, in the next moment, all the power of the magnetic energy exploded, Simba came out, and the scepter in his hand was a blow to the head, and the smashed Ye Fan fell.

"Ye Fan, I have to admit that you have some strength."

Simba did not pursue the victory, but stood in mid-air, staring at Ye Fan coldly.

"That's it."

"It was a temptation before, but now I'm going to be serious. I hope you can hold on for a while."

Simba sneered contemptuously.

Boom boom boom.

His breath was rising steadily, and he really entered a state of battle.

That aura was much stronger than the previous Xieyue Ancient Sovereign, and it seemed that Simba had broken through the sea of suffering.

One way of cultivation, the sea of bitterness is just the beginning.

Only when you become the realm of the sea of suffering can you be called a true cultivator.

After the sea of bitterness is the realm of supernatural powers.

The supernatural power state, as the name implies, is to cultivate supernatural powers, condense the seeds of supernatural powers, and strengthen oneself.

In fact, in ancient times, it was really not easy to cultivate supernatural powers. Only the disciples of large sects could obtain the most common supernatural power cultivation.

Similar to the Great Sealing Technique, Great Devouring Technique, etc., there are very few monks.

But now the supernatural power is flooding, that is because the resources are sinking.

Just like Ye Fan, the Bitter Sea Realm has cultivated so many great avenues and magical powers, and many of them are ranked high.

This is unimaginable in ancient times.

Even a top-level Taoist can't cultivate so much.

The supernatural power realm is actually just a transition, and this realm is to lay the foundation for the third realm Dao Palace.

In fact, as long as one cultivates a kind of supernatural power and condenses the seeds of supernatural power, it is possible to open up a Taoist palace.

In a sense, the Taoist Palace is the second realm.

The Divine Ability Realm is just a knock on the door of the Dao Palace Realm, because if you can't condense the Divine Ability Seed, you can't open the Dao Palace.

The more magical seeds in the Taoist Palace, the more powerful they will naturally be.

Therefore, the more magical powers practiced, the better, but this is aimed at the favored people of heaven. Generally, practitioners have limited talent and energy, and cannot cultivate so many magical powers, so they can only specialize.

Having said so much, in fact, in one sentence, the realm of the sea of suffering is the realm of the Taoist palace, but if you want to advance to the realm of the Taoist palace, you need to condense the seeds of supernatural powers.

During the period of condensing, it can be called a monk in the supernatural state.

Having said that, Simba is already a monk in the supernatural power state, and the seeds of supernatural power have been condensed, but it is not easy to knock on the door of the Taoist Palace.

Many monks are stuck at this step.

Ye Fan's yin and yang eyes could vaguely see that in the position of the Simba Taoist Palace, that is, between the eyebrows, there was a flickering light spot, which was the seed of supernatural powers.

Although it is only a transition, the realm is the realm, which is much stronger than the cultivator of the sea of bitterness.

But Ye Fan's eyes showed disdain.

"Even if you are a Taoist cultivator, today is your death date, and no one can change it."

"presumptuous!"

Simba angrily denounced.

He shot, pushed out with a punch, and the terrifying power turned into a Changhong, bursting out.

The creatures who watched the battle in distant places felt their scalps tingle.

Simba's punch can kill them.

But Ye Fan is very tough, and he has to fight with his body directly.

"Too reckless."

"Such a strong punch, you have to fight with your body, what should you do if the boat capsizes in the gutter."

All beings were dissatisfied and thought that Ye Fan was pretending.

However, the Queen and others knew very well that Ye Fan had not recovered the Celestial Hegemony yet.

They were looking forward to it.

Ye Fan, who has merged with the soil, how strong is his physical body, and how many levels has the sky's hegemony body reached?

Unconsciously, the Queen and others were all breathing rapidly.

The emperor and the others also returned.

They chased and killed the witch master, etc., but they escaped by the witch master. There was no way. The witch master owned the Clear Sky Mirror, and he didn't know where he got a terrifying secret treasure and successfully escaped.

"Supernatural realm."

Seeing Simba's state, the emperor was shocked.

"But fortunately, I didn't get promoted to Dao Palace, otherwise Second Uncle would be in trouble."

"For the supernatural power realm, the monks in the sea of bitterness can still fight; but it is impossible for the monks in the sea of bitterness to compete with the monks in the Taoist palace, which is not a grade at all."

"Indeed, Ye Fan should be able to deal with it. It seems that he is going to revive the sky hegemony. What level is it?"

The Emperor of God and the Empress Asura are also looking forward to it.

Although Simba's punch was not an all-out punch, it also used 80% of his power.

Simba didn't expect Ye Fan to use his physical body to fight.

"court death!"

Simba looked fierce and increased his power.

reached ninety percent.

Ye Fan's eyes are like torches and bright lights, as if the sun, moon and stars are circulating.

His silver hair danced wildly, and he shouted loudly, causing the passage to shake wildly, his blood clothes trembling, and it seemed that he could not be suppressed.

Simba was startled.

At the same time, a torrent of blood rushed out, immediately filling the entire world channel, and even rushed to the outer starry sky.

Will and the others were terrified.

This blood is too strong, what kind of flesh is this!

Ye Fan's voice continued for a long time, and his physical aura and strength kept rising, like a rocket soaring into the sky.

Puff puff puff.

The air is exploding.

The terrifying power seems to be unable to hold the passage, and the blood clothes are shaking.

"The body is like the universe."

Ye Fan was like a thunderbolt, and behind him, a magnificent picture emerged, but it was very blurry and chaotic and could not be seen clearly.

However, this picture gives a great sense of oppression.

Ye Fan is like the emperor in the chaos. He tore open his blood and stepped out, letting Simba bombard him with this punch, but he did not cause any harm to him.

"what!"

Simba's pupils contracted.

In sight, Ye Fan punched out.

This punch made the extraterrestrial stars lose their luster, and the powerful one made Simba pause his breathing.

A death crisis came to mind.

Simba teleports.

However, his Qi machine was locked and he felt that he could not escape.

"hateful!"

Simba was furious.

He shouted wildly: "What are you doing, all of them, kill kill kill."

Will and other fifteen commanders rushed into the passage like lightning.

The sixteen great marshals joined forces.

"boom!"

With this punch, they all flew upside down.

This punch was amazing.

It made the army of angels in the outer starry sky pale and frightened; the creatures watching the battle on the side of the earth were also horrified and unbelievable.

The power of one punch is so terrifying.

it's not finished yet.

Ye Fan's second punch has already been killed.

"puff!"

In an instant, an eight-winged angel was killed.

"No!"

Simba and other handsome men roared sadly.

Yet this is the truth.

Ye Fan floated up and down in the ocean of qi and blood, without saying a word, as if the emperor was in control of everything.

He punched for the third time.

"not good."

Will's hair stood on end.

Most of the feathers on the wings have fallen off.

The punch was aimed at him.

Chapter 1170: Supreme

escape!

There was only this thought in Will's mind at the moment.

Unable to make enemies.

At this moment, Ye Fan is completely different from the previous one. There is a world of difference. If Ye Fan had dealt with it with all his strength, he would be killed in minutes.

Thinking of this, Will felt lucky.

Rumble.

This punch... two words, invincible.

Simba didn't dare to take it hard.

"Old third save me!"

Will exclaimed.

Simba grabbed the **** suit, and Lian and the other commanders shot, injected energy, and the **** suit countered the punch.

"boom!"

The blood coat was knocked out.

Simba and the others were also shocked to vomit blood.

Ye Fan disappeared on the spot, extremely vicious, and killed a great commander again.

A vortex appeared behind him.

The eight-winged angel killed by him, all energy and blood essence were absorbed by him, and then fed back to himself.

That is to say, the bigger and stronger Ye Fan is.

Ye Fan is hard.

Simba and their counterattack didn't matter at all.

Direct hard resistance.

The most terrifying thing is that although Ye Fan's body was covered with blood, there was no substantial damage, only minor injuries.

Such a terrifying body made Simba and the others a little desperate.

"So strong!"

"So strong!"

"So strong!"

The strength displayed by Ye Fan made all living beings tremble.

What kind of flesh is that?

A dozen or so eight-winged angels can't be beaten together.

What is invincibility?

This is invincibility.

The queen was very excited, and Ye Fan's performance exceeded her expectations.

She had a hunch that Ye Fan could deal with Simba and the others, but she didn't expect to be so crushed.

This is total crushing, no doubt about it.

"puff!"

This is, an eight-winged angel was blasted and died.

for a short time.

Three have already fallen.

Simba was furious, but there was nothing he could do. He even took out some magic weapons, but he couldn't move Ye Fan at all.

"Heavenly hegemony."

"Heavenly hegemony of the tyrants, what level has he reached?"

Simba growled in his heart.

Will was afraid of being beaten. He always felt that Ye Fan wanted to kill him, so he persuaded: "The third child, it's better to withdraw first, inform the clan, and invite the boss and the second to come over."

Simba gritted his teeth.

He was unhappy and embarrassed.

He made a guarantee with the eldest and second eldest, saying that he could lead the army to capture Zuxing, and then welcome the King of God and their arrival.

But now...

Direct loss of three commanders.

The three eight-winged angels are too precious. If the king of gods knew about it, he would definitely punish him.

"The third one!"

Will drank.

Simba shuddered, knowing that he couldn't drag it on, and ordered: "Withdraw!"

When Xie Yue Ancient Emperor saw that Simba and the others were about to retreat, his face changed greatly. As soon as they left, Ye Fan would definitely kill her.

"Take me."

Xie Yue Ancient Sovereign knew that he couldn't stay on Earth anymore, so he could only follow Simba and the others to the battleship outside the territory.

"Want to go?"

Ye Fan's eyes were full of contempt.

"Zu Xing doesn't mean that you can come and leave if you want. You have to leave as much as you want and pay some price."

Ye Fan manipulated the yin and yang life and death map, blocked the exit, and issued a seal at the same time.

Simba roared.

They bombarded together, but it was like a stone sinking into the sea.

Ye Fan has come after him.

"puff!"

The fourth eight-winged angel was bombed and killed.

"good!"

"The mighty national teacher!"

"The mighty national teacher!"

"The mighty national teacher!"

The creatures who watched the battle shouted, they were excited and their blood was surging.

Ye Fan killed so heartily, and they were extremely enjoyable to watch.

This group of extraterritorial beings who want to invade and are invaders should be bombarded and wiped out.

remote areas.

The witch master hid and watched, and when they saw Ye Fan's great power, they were extremely terrified.

"what to do?"

"It seems that Ye Fan can kill everyone, and the heaven world cannot come at all. When Ye Fan solves the heaven world, we will be finished."

"What are you panicking about!"

The sorcerer's voice was low and hoarse.

"The power from the angel family is only a small part, and there are strong people who have no generals, and even the so-called **** king of the angel family."

"It is certain that the King of Angels must be a strong man in the Taoist realm. Ye Fan can fight the supernatural power realm, but he cannot fight against the Taoist realm. This is inevitable."

"Wait, the King of Angels will come, and Ye Fan will die."

"He is so arrogant and consumes his physical potential so much that he won't last long. As long as Zimbawell and the others are smart, they can fight a war of attrition with Ye Fan."

The witch master was right, and Simba and the others also started to do it.

They spread out.

They all took out the secret treasure and used the secret treasure to fight with Ye Fan in a detour.

"You think you can escape this way, and you think this will kill me?"

"Stupid."

"Catastrophe."

In an instant, disaster struck.

Click.

There was a crack in the world channel.

This can't be beat.

Once the channel explodes, they will be involved in the turbulent starry sky, and they will be strangled by the endless starry sky storm.

"Ye Fan, you are crazy!"

Simba screamed.

"Everything will be destroyed, and you will be my stepping stone. In fact, you can understand my pattern."

"The corpse emperor opened the sky, and the old sky opened."

"I, Ye Fan, want to open a new day."

"I want to make all living beings sublime, and I want to restore the earth to your ancient glory and become a real ancestral star."

Ye Fan's words, like the sound of the avenue, are deafening.

Simba and the others were shocked with a splitting headache.

On the other hand, the watching creatures on Earth were stunned. They didn't expect Ye Fan to have such a big source.

But.

What should Evan do?

The queen looked at the emperor and the goddess Shura and asked, "Do you have any opinions, do you know what Ye Fan is going to do?"

The emperor and the female honored each other with a serious look on their faces.

"I guess that Ye Fan is going to break the earth's self-protection mechanism."

"what?"

The queen was shocked.

"How can this be done? If the protection mechanism is broken, then extraterrestrial creatures can enter the earth unimpeded."

"Indeed, but it is also beneficial, that is, to free the earth." The emperor paused and said: "The current earth, for example, seems to be locked by a large net."

"The corpse emperor opens the sky and cuts the shackles; if Ye Fan wants to open the sky, it is this big net that is cut."

"This big net protects the earth, but also limits the earth; if the protection net is broken, the earth will indeed be exposed in the universe, but at the same time, the earth will undergo great changes."

"Compared to the ancestor stars in the ancient times, the earth is too small and has shrunk too much. The territory of the top Taoist lineages in the ancient times may be larger than the earth."

"Those clans were born, and their cultivation became stronger and stronger. In the end, this little earth couldn't hold it, and they didn't even dare to fight, for fear of destroying this homeland of life."

"The earth does need great changes, and at the same time, it can bring blessings to the creatures living on the earth. This blessing is more terrifying than the blessing of the corpse emperor. This blessing is aimed at all living beings, which is equivalent to an overall transition."

"Ye Fan's ambition is too big."

After some words, the queen fell into silence, looking at the **** figure in the passage, she didn't know how to choose.

Stop Ye Fan or support Ye Fan?

Will other creatures support it?

The Asura woman admired Ye Fan very much and said, "No matter how it develops, let Ye Fan solve the heaven world first."

"If he can't even solve the world of heaven, then he doesn't have to think about opening the sky, he doesn't have that strength."

The Emperor nodded; "That's true."

"To a certain extent, the angel race in heaven is Ye Fan's chance to prove himself."

"If he can solve it, he will definitely be favored by the Sky-Opening Axe. When the time comes, he will hold the Sky-Opening Axe, and it is really possible to open up a new world. But if he can't solve it, the result can be imagined. The angels invaded Zuxing. There will be a bloodbath."

The queen took a deep breath, sighed, and secretly prayed that Ye Fan could solve it.

puff!

The fifth eight-winged angel was bombed and killed.

Followed by the sixth.

There are only ten left now, and several of them are seriously injured.

Simba had a look of horror on his face.

He thought that energy consumption would kill Ye Fan, but Ye Fan not only did not decline, but became stronger and stronger.

First, Ye Fan devoured the spirit of the eight-winged angel; second, the heart of the Qing Emperor madly provided energy.

And there is.

The vitality of the soil.

After merging with the soil, Ye Fan felt that every cell in his body had a strong vitality, absorbing the essence of heaven and earth all the time.

That is to say, even if Ye Fan doesn't practice, his body will gradually become stronger over time.

This is the power of Xi soil.

"what!"

Will was shot.

But he didn't die, he was very tenacious, but most of his wings were blown off, and many bones in his body were shattered.

Ye Fan's strength completely convinced them.

"puff."

The Evil Moon Ancient Sovereign suffered a heavy blow.

He shouted in horror: "Ye Fan, be merciful, I can tell you what you want to know, you are the descendant of the Supreme Yin and Yang, and I am a subordinate of the Supreme Black Prison. There are connections between the Supremes, so give me a face."

Simba, Will and the others were trembling all over, almost scared to death.

Ye Fan is a descendant of the Supreme Being of Yin and Yang?

I rely on!

What a joke.

However, Ye Fan does have Yin-Yang bloodline. This kind of bloodline is not simple. Except for very few, most of them come from the bloodline of Yin-Yang Supreme.

What is the Supreme?

It was an existence comparable to a great emperor, who used some kind of secret method to bury himself for the sake of immortality.

Although buried, but not dead, can be resurrected.

Any Supreme Being is an extremely terrifying powerhouse, and they have their own restricted areas of life in the Seed of the Universe.

Among them, the Supreme Being of Yin and Yang is famous. It is said that in ancient times, the Great Emperor of the Human Race once fought against the Supreme Being of Yin and Yang.

Ye Fan is the descendant of the Supreme Being of Yin and Yang, and that is the emperor!

This turned out to be a prince!

horrible!

Simba and the others no longer have the courage to contend.

In confrontation with the emperor, there is no chance of winning; in ancient times, the emperor was synonymous with invincibility at the same level.

"No!"

Seeing that fist drop, the Xieyue Ancient Emperor was horrified.

"Ye Fan, you dare to kill me..."

"Bang!"

The body of Xie Yue Ancient Emperor was blown up.

However, he did not die.

A black qi wrapped around the spiritual body and slipped away. It was the primordial spirit of the Xie Yue Ancient Sovereign. Once it escaped, it would be able to make a comeback in time.

"Destroy!"

Ye Fan casts a heart-killing spell.

However, it did not cause any trauma to Yun Sheng; the ancient emperor Xie Yue laughed loudly: "Ye Fan, you can't kill me! In ancient times, people who were as strong as the Yellow Emperor couldn't kill you. What kind of thing are you?"

Ye Fan frowned.

Sudden.

The body was restless, and the evil dagger rushed out, piercing the primordial spirit of the ancient evil moon emperor like lightning.

"what!"

The ancient emperor Xieyue screamed, then panicked and shouted incredulously: "This is... the supreme weapon, it is impossible, how can you have the supreme weapon. This is the supreme weapon of the black prison, why is it on you. Ye Fan, you must not Good death, hahaha, since ancient times, those who have been targeted by the Supreme Artifact have no good death. Your best result is to go to the restricted area of the universe and bury yourself, otherwise, it will be wiped out. Hahaha..."

boom!

The dagger quickly absorbed the power of the primordial spirit, and the Xieyue Ancient Emperor fell.
