Chapter 1221: each has ghosts

It's amazing to say that he used the Great Tracking Technique outside, but he couldn't detect Wu Lingjun's clues.

But now, by using the Great Tracking Technique, I can find Lan Yuxuan's breath clues.

"We can find where the Lan family is."

"I'm sick, didn't I go to Lan's house to seek death? That's because the Nascent Soul boss exists." Ye Fan rolled his eyes, "It's weird, I can't find any clues about Wu Lingjun."

"Could it be, the martial spirits are all in the depths of Xianshan, not in the periphery." Qi Baixian said.

"The explanation is reasonable."

"I still suggest following the trail of Lan Yuxuan, otherwise we will be aimless now."

"Alright."

Ye Fan and Qi Baixian went after him.

three days later.

They finally caught up with Lan Yuxuan's footsteps and found Lan Yuxuan and his party of seven.

Qi Baixian exclaimed: "They are all young children of the Lan family. They are really strong. They are all in the late stage of the Taoist Palace. They can become kings and hegemony when they go outside."

Ye Fan was also shocked.

But it is also very relieved, because the cultivation environment of Xianshan is not much better outside.

As the saying goes, pigs can fly when standing on the tuyere.

Such a good cultivation environment has an advantage over the children of the big clan. If they can't cultivate, they might as well hit them to death.

"They seem to be doing something."

"Follow quietly to see what's going on."

Ye Fan used the great invisibility technique and followed Qi Baixian; now that his strength has soared, he can completely avoid being discovered by Lan Yuxuan and the others.

At this point, the team had an infighting.

"Enough is enough."

Lan Yuyang stopped with an ugly face; the other young disciples actually followed Lan Yuyang's lead.

Seeing Lan Yuyang stop, they didn't move either.

Although Lan Yuxuan is the leader, but it is in name only.

"We need to find those five alien species, time is urgent, don't be lazy"

"Lan Yuxuan, you really think we want to listen to you, the ancestor is just comforting you, so let us act with you. Let me tell you the truth, even if you find five aliens, especially if you want us to help, you can deal with it yourself. Bar."

"Do you all mean that?"

"Of course."

The other men and women spoke in unison.

Lan Yuxuan took out a crystal ball and said: "The pictures just now have all been recorded. When I return to the family, I will give it to the ancestor."

"what!"

Lan Yuyang's eyes glared angrily.

"Lan Yuxuan, you dare to pit us!"

"The joke, you said it yourself, what does it have to do with me. As long as you listen to my arrangements, wouldn't it be great joy if we join forces to kill the five aliens. Moreover, the five aliens at the peak of the Taoist palace, what a powerful resource, We are divided, maybe you can break through to the peak of the Taoist Palace."

These words made Lan Yuyang's eyes twinkle and his heart moved.

A young man said: "Lan Yuxuan, what you said is easy. You really think that we can deal with the peak alien species of the Five Great Dao Palace. Do you think too highly of yourself?"

Lan Yuxuan said: "The ancestor gave us the amulet, even if we fail, we can escape. Are you so cowardly, it's really shameful, you are the children of the Lan family!"

"enough!"

Lan Yuyang stopped drinking.

His face became cold, and he said coldly: "Lan Yuxuan, don't underestimate us, my talent is not inferior to yours, but it took me five years to cultivate my physical body before, otherwise, I would have been the peak of the Taoist palace, and it would be your turn to succeed. Is it majestic?"

Lan Yuxuan smiled and said, "Then you're not good at cultivating your physical body!"

Lan Yuyang's face was ashen.

"alright, alright."

At this time, a woman stood up to smooth the game and said: "Everyone, stop arguing, let's focus on the overall situation. This time the black water Xuanjiao attacked our Lan family, it is a big event, we must not let the family fall into a huge situation because of us. in crisis."

"We must find a way to eradicate the five alien species, which will make a great contribution to the family. At the same time, what Sister Yuxuan said is also good. We assign the five alien species, and after swallowing it, there may be a huge breakthrough."

"Humph."

Lan Yuyang snorted coldly.

"Lan Yuxuan, I'll give Yuqiong a face, but the words are in the front, you are the vanguard when fighting, we are just assistants, and we will never be the first bird."

"coward."

Lan Yuxuan said three words, and Yukong flew away.

bastard!

Lan Yuyang was burning with anger.

Lan Yuqiong comforted: "Brother Yang, calm down and focus on the overall situation. Let's keep up."

"go!"

The group galloped away.

Ye Fan and Qi Baixian looked at each other and learned a lot from their conversation.

Heishui Xuanjiao is really going to attack the Lan family.

The Lan family ancestor gave Lan Yuxuan the task of eradicating the wings of the black water Xuanjiao.

Lan Yuxuan said just now that the ancestor of the Lan family gave her a palm amulet.

That should be the first attack of the cultivator in the Nascent Soul realm.

Terrible power.

It must be able to kill the monks at the peak of the Taoist Palace.

Ye Fan secretly remembered it in his heart.

After another day, finally, Lan Yuxuan found the trail, and the Lan family has a unique tracking and searching method.

"It's so intense."

Lan Yuqiong clicked her tongue.

Lan Yuxuan said: "This is a headquarters. I feel a lot of tyrannical aura. It should be the peak of the Taoist palace. It seems that they are nesting here."

"What should we do now?"

"Let me think about it."

Lan Yuxuan had a headache, and Qi Shui didn't have a good idea.

The peak of the Five Great Dao Palace, this lineup is really strong, only he himself is the peak on their side, and the six Lan Yuyang are the late stage.

Thank goodness the six of them were able to hold down the peaks of the two Taoist palaces.

So forget it, he has to deal with three by himself, how is it possible, it is definitely a dead end.

Or looking for opportunities to use the amulet of the ancestors to kill two or three at once?

In this case, there is a certain hope of victory.

Besides...

"what?"

All of a sudden, Lan Yuxuan sensed something, and looking into the depths of the jungle, there seemed to be a torrent coming.

Getting closer, the immortal mountains seem to be shaking.

"not good!"

Lan Yuyang screamed.

"How can rootless water be like this? At this time, how can rootless water rush out from the depths of Xianshan?"

Everyone was shocked.

"withdraw!"

Lan Yuxuan and the others quickly retreated, and at the same time cast a secret treasure to block the rootless water.

The so-called rootless water spreads from the depths of Immortal Mountain, and it comes every three years.

This kind of water is very strange and has the effect of weakening the spirit and energy. Once immersed in rootless water for a long time, it will run out of oil and die.

And rootless water is very defensive.

Even if it is a secret treasure and ancient treasure, it will be broken if it is impacted by rootless water for a long time.

Lan Yuxuan's seven people went out to work and injured high altitudes and used secret treasures to block them; when the rootless water spreads, it will be in the sky and underground, not only on the ground.

"Amazing water."

On the ground, Ye Fan and Qi Baixian were in trouble. They hadn't gotten the immortal brew and couldn't fly.

The rootless water rushed in and drowned them.

Fortunately, the two have powerful means, but they both have a hunch that long-term immersion in water will have a big impact.

Ye Fan and Qi Baixian could only evacuate to find the mountains.

At this moment.

There were tyrannical figures rushing out of that lair, all of which were big monsters and aliens, all in the realm of Taoist palaces.

Among them, there are six peaks of Taoist palaces.

Of these six Dao Palace peak alien monsters, two are the brothers of Heishui Xuanjiao, and the others are their helpers.

"hateful!"

"Why did you suddenly rush out of the rootless water, the three-year period hasn't come yet, it's really unfortunate."

They were washed away by rootless water, and their blood was surging, making them very uncomfortable.

distance.

Lan Yuxuan's eyes lit up.

"The rootless water came at the right time, and God helped us. We can use the rootless water to weaken the combat power of those big demons."

"Are you still ready to fight?"

Lan Yuyang seemed to have seen a ghost.

"You are blind, you didn't see the peak of the six Taoist palaces, the late eight Taoist temples, and the middle stage of the twelve Taoist temples. How do we fight this lineup!"

"Yeah, Heishui Xuanjiao is also looking for help."

"Let's evacuate quickly, we won't be able to leave if we are found."

Lan Yuxuan didn't take it seriously. The art master was bold and snorted coldly: "Why are you so timid? I didn't say that, we have the amulet given by our ancestors, and we can escape completely."

"Since there is a way to get rid of the whole body, then what are we afraid of? Even if it is just to kill a Taoist palace peak alien, it is a big gain. Don't you know the truth of seeking wealth and wealth at risk?"

"I won't take risks with you, this is completely stupid." Lan Yuyang was very afraid, and quickly left with Lan Yuqiong and others.

A trace of disdain and contempt flashed in Lan Yuxuan's eyes.

She stared at those big demons, secretly planning something, how to make them immersed in rootless water?

"Have to lure them in."

Lan Yuxuan had an idea in her heart, looked at the direction Lan Yuyang and the others were leaving, and sneered secretly: It's better for you to leave, so that I can shoot unscrupulously.

scold.

A sword energy split the rootless water.

Lan Yuxuan rushed out in a high-profile manner, which was deliberately exposed to the perception of the big demons.

as expected.

A group of big monsters looked over, and two of them contracted the pain bows of different species, roaring: "Lan Yuxuan, it's you!"

"Are you brothers Heishui Xuanjiao?"

"Damn. Why are you here, not good!" Lan Yuxuan pretended to be panic and fled frantically.

"Where to escape!"

The two aliens couldn't help it at all.

Blood feud.

The sky has eyes, and Lan Yuxuan is left alone. It must be suppressed. Only by humiliation and death can the hatred in his heart be relieved.

"Brothers, that's Lan Yuxuan, the first genius of the Lan family, treat it as our appetizer, hunt down!"

"kill!"

The two aliens chased away with a group of big demons.

Ye Fan and Qi Baixian looked at each other and chased after them. They could only run on the ground. Fortunately, Ye Fan had a great body protection technique and was immersed in the rootless water for a short time, which would not cause great harm.

But at this time.

The six Lan Yuyang went and returned.

"Hehe, Lan Yuxuan is so daring, she must have something to rely on. That **** cultivated so fast, he must have acquired some kind of inheritance outside. This time, I suspect that she is trying to lead the alien monster to the inheritance place, and then trap it. kill."

"Brother Yang, you are so smart."

"Hehe, the mantis catching the cicada oriole is behind, let's go, this time we want everything, including the inheritance of Lan Yuxuan. When necessary, kill Lan Yuxuan."

"what?"

Lan Yuqiong was shocked.

Lan Yuyang said coldly: "What are you afraid of, a concubine, a lowly woman. We take down those alien monsters, including the inheritance of Lan Yuxuan, and we can all be promoted to the peak of the Taoist Palace, so it is harmless to lose a Lan Yuxuan. , you can say to the ancestors that he died in the line of duty and sacrificed for the family."

Chapter 1222: all calculations

Just as Lan Yuyang thought, Lan Yuxuan's purpose is to lead a group of alien monsters to the inheritance place, and then pull rootless water to pour it back in, soaking the alien monsters alive and prostration, then she will not be easy to kill. .

The reason why she cultivated so fast was because she accidentally found a cave in Xianshan fifteen years ago, and obtained the inheritance of the ancient saints.

The secret recipe of the Heaven-breaking Pill is also one of the inheritance.

As long as the Heaven-Breaking Pill is successfully refined and swallowed, the success rate of breaking through the Nascent Soul realm can be increased by 30%.

The 30% success rate is really scary.

Lan Yuxuan was very excited. Although Xiaoyue Tianlang did not get the demon pill, the group of alien monsters in the back also had the material to satisfy the Heaven-breaking Pill.

As long as they are all taken, the materials for the Heaven-Breaking Pill are two-thirds complete, and the remaining one-third is still far behind.

Lan Yuxuan was very excited.

She knew that although she was a monster, her strength in the clan was second only to the ancestors, the head of the family Lantian Que, the elders and the elders of law enforcement.

In terms of strength, he is the fifth person in the clan.

However, it has been ostracized.

Lan Yuxuan didn't say anything, she was extremely angry in her heart, but there was nothing she could do.

Just become a Yuan Ying boss!

Just be!

As long as you become a Nascent Soul boss, then you are the number one powerhouse in the family, and the old ancestor must be afraid of her for three points.

A grin gradually appeared on Lan Yuxuan's face.

Ruined her beautiful face.

She really wanted to be recognized. Since everyone in the family excluded her, it forced the clan to bow their heads.

This battle must be successful.

Everything about me, my life path.

Not to be missed.

Lan Yuxuan didn't run away all the time, which would make the big alien monsters suspicious behind her.

She fled while fighting, intentionally wounded, and blood stained her long skirt.

"Lan Yuxuan, you can't escape."

"Stay with me!"

The eyes of the two alien species are splitting, hatred is monstrous, and they are attacking frantically.

Lan Yuxuan was also under a lot of pressure.

Finally, he saw the inheritance place. Although it was ordinary on the surface, it actually had a hidden mystery.

"puff!"

Lan Yuxuan took a blow deliberately, blood spurted wildly, fell down, and fell into the inheritance.

disappeared immediately.

"what!"

The two aliens looked at each other and said, "There is something tricky down there, is it a treasure."

"It's really lucky to be able to suppress Lan Yuxuan and help us find the treasure."

"Go in and have a look."

The two aliens took the lead.

The other big demons didn't dare to fall behind, they all wanted to see what treasures it was, and maybe what great fortunes there might be.

They rushed into the heritage site.

This is a cave.

"Hooked."

Lan Yuxuan sneered, and finally completed the first step, the next step is to pour rootless water back in.

The alien monster was not at all comfortable with the inheritance cave, and wandered aimlessly, while Lan Yuxuan had already left and came outside, immediately blocking the inheritance cave.

"Come, come!"

The strength of Lan Yuxuan's Dao Palace's peak exploded in an all-round way, and he used the great magical power to capture the rootless water thousands of miles away.

A large piece of turbulent rootless water rushed towards the inheritance cave.

Rumble.

In the cave, the alien monsters noticed something was wrong, and when they saw the rootless water, they just reacted.

"No, it's a hit!"

"Then Lan Yuxuan deliberately tricked us, and used rootless water to deal with us, rush out!"

The big monsters roared in horror.

If they can't rush out, they will be soaked in rootless water for a long time, and they will run out of oil.

"Hahaha."

Lan Yuxuan laughed wildly.

"I only reacted now, it's too late, just stay inside and enjoy the nibbling of rootless water."

"When you are weak, I can kill you one by one."

Lan Yuxuan's words came in.

The alien monsters turned pale and panicked, and they rushed to the entrance and exit of the cave.

They all used the means of pressing the bottom of the box to bombard the portal.

But.

The door remained motionless.

This is the inheritance cave of the ancient saints. It is indestructible. Where can the monks in the Taoist palace break through.

Only by mastering the inheritance secret order can it be opened.

That is to say.

Only Lan Yuxuan can open it.

"Enjoy it."

Lan Yuxuan saw that it was almost over, the entire inheritance cave was rootless water, and left the place with a smile.

"return!"

The alien monsters roared.

"Lan Yuxuan!"

"Miss Lan!"

"We knew we were wrong, spare my life, spare me, I am willing to surrender to you and be your slave."

"Miss Lan..."

No matter how they shouted, there was no response, and the voice could not be conveyed.

Ye Fan and Ye Fan witnessed the whole process, their scalps tingling.

This Lan Yuxuan looked beautiful, and her methods were really vicious, and she really succeeded.

Killing so many big monsters.

Of course.

This is also because those alien monsters are too careless.

Nothing more than their care.

Look at their lineup, six are at the peak, eight are in the late stage, and twelve are in the middle stage. This lineup will attack the Lan family. As long as the ancestor of the Lan family does not come out, the Lan family is afraid that it will be difficult for anyone to deal with it.

Therefore, in the face of a Lan Yuxuan, they were very casual, didn't think much about it, and thought it was settled.

Never thought that the boat capsized in the gutter.

This is the consequence of your being complacent and not being calm. You can't be careless about everything, don't drift, and be careful.

Ye Fan and Qi Baixian did not come forward and continued to hide; Lan Yuxuan would definitely come back anyway.

Unexpectedly.

Lan Yuxuan walked for half an hour, and Lan Yuyang's group appeared, which made Ye Fan secretly glad that they didn't show up just now.

"Brother Yang, that **** Lan Yuxuan is so cruel, she really made her succeed."

"Yeah, it's horrible!"

Several people were chilled all over.

"Brother Yang, this **** must die. If she is allowed to reach the Nascent Soul realm, I'm afraid she won't be able to eat any good fruit from us."

"Of course, he will definitely get his revenge."

Lan Yuyang's face was hideous, and he smiled proudly: "Lan Yuxuan counted everything, and it didn't count that we didn't retreat, but came over and learned her secret."

"Now, these resources are all ours. As long as we get them, we will definitely be able to break through to the peak of the Taoist Palace."

"Then suppress Lan Yuxuan and get the pill recipe for the Heaven-breaking Pill, so that we all have the hope of becoming a Nascent Soul boss in the future."

"Hahaha."

The crowd laughed.

Lan Yuqiong said: "Brother Yang, but if we join forces, can we really deal with Lan Yuxuan? You know, she has the amulet given by the ancestors in her hand."

The other men and women were taken aback.

Yes, if there is a talisman, it can't be killed at all, but they will be at risk of being counter-killed.

But Lan Yuyang sneered.

"Brother Yang, what are you laughing at?" Lan Yuqiong held onto Lan Yuyang's arm, deliberately rubbing it with two meatballs.

This made Lan Yuyang's heart rippling.

Lan Yuqiong is beautiful and has a graceful figure. He has long thought of it, but he is just a clan sister, so he is embarrassed to start.

Now Lan Yuqiong is interested in taking the initiative, and Lan Yuyang has no scruples. She hugs Lan Yuqiong tightly in her arms in front of everyone, and smiles: "She Lan Yuxuan has an amulet, don't I have one?"

"Brother Yang, do you also have an amulet?"

"Of course."

Lan Yuyang was full of pride and sneered: "Lan Yuxuan thought that the ancestor was protecting her, but in fact he was just taking advantage of her. The ancestor quietly gave me a more powerful amulet, which can completely suppress Lan Yuxuan."

"It turns out that, it seems that you are all bullying me, and even the ancestors are biased."

The sudden words made Lan Yuyang's body stiff.

I don't know when.

Lan Yuxuan appeared behind them, staring at them coldly, like the eyes of death.

"you you you you..."

Lan Yuyang and the others were so frightened they lost their minds.

Lan Yuxuan sighed and said, "Originally, I still had a trace of affection for the family, but now, the ancestors are plotting against me, so what else can I miss."

The words fall.

Lan Yuxuan was murderous, her eyes were fierce, and she said viciously: "You guys should go on your way too, you have been disliked for a long time, and today I can finally kill you, which makes me understand!"

Chapter 1223: Fierce Lan Yuxuan

"What, you want to kill us?" Lan Yuyang and the other six were terrified, and Tongshui was furious.

"how dare you!"

Lan Yuxuan sneered: "Why don't you dare!"

"You have fallen. It can be said that you were beheaded by a big alien monster. What do you have to do with me?"

"Lan Yuxuan, you are too presumptuous."

"I also want to live in peace with you, but unfortunately, I am being calculated everywhere, even my ancestors are calculating me. I have already foreseen a great crisis, so I will kill you, and I will not return to the family. When I am promoted Nascent Soul Realm will return, and at that time, all those who do not surrender to me will die, even the ancestors are no exception."

"What did you say!"

Lan Yuyang was completely shocked, and even had a feeling of fear.

"You are so disrespectful that you actually want to kill the ancestors."

"I'm too lazy to talk nonsense with you."

Lan Yuxuan shot, and sneered at the same time: "You think I'm stupid and think you will leave. I already knew that you would follow quietly, so I deliberately pretended to leave and waited for you to show up."

"Not only that, but I also know that you have amulets. Fortunately, I didn't attack you too early, otherwise I would suffer."

"you!"

The six Lan Yuyang trembled all over.

What does Lan Yuxuan mean? Could it be that since she left the family, she had the intention to kill them?

Along the way, they are in the company of demons.

"Lan Yuxuan, you are a devil!"

For the first time, Lan Yuyang felt the terror and horror of Lan Yuxuan. This beautiful looking woman had such a vicious scheming.

Hu Hu Hu.

At the same time, Lan Yuxuan made a move, waving the three-foot Qingfeng in her hand, and the sword energy was overwhelming and overwhelming.

"Lan Yuxuan, if you want to kill us, I really think we are soft persimmons."

"Hurry up and go all out. Don't be afraid, I will use the amulet when necessary. My amulet is stronger than hers, so you can kill her."

Lan Yuyang's words were regarded as a reassurance pill, which made Lan Yuqiong and others feel a little at ease, and their fears subsided a lot.

indeed.

Although they are in the late stage, not the peak, the six late stages combined are not far from the peak.

Coupled with Lan Yuyang's more powerful amulet, what are you afraid of?

Might be able to fight back.

"What a bunch of idiots." Lan Yuxuan sneered, "A group of rabble, they also want to compete with me, and they are beyond their own power."

"A sword is coming from the west!"

"Whoa!"

Suddenly, an extremely fierce sword light passed by like lightning, and suddenly, a head flew high, and the blood stained the rainbow.

One fell.

Lan Yuqiong was beside her, blood soaked her whole body, making her completely stunned.

Although she is a powerful person in the late Dao Palace, she has never seen someone of her family beheaded before her face.

That hot blood, how real it feels.

"Greenhouse Flowers."

Lan Yuxuan was very contemptuous, and another sword, this sword, rapidly enlarged in Lan Yuqiong's pupils.

"stop!"

Lan Yuyang burst into a drink.

"Thunder Half Moon Slash!"

A howl.

The three-meter broadsword in Lan Yuyang's hand slashed down, carrying a thunderstorm, which was extremely fierce.

This blow, with all his strength, has the power of the pinnacle.

"You actually learned the master's unique skills. It's very good. It's a pity that you are only the late Taoist palace after all."

"The sword breaks the universe."

Lan Yuxuan stabbed the Yangtze straight, breaking the knife.

Lan Yuyang flew out backwards.

"Joint Strike Secret Technique: Meteorite Fall!"

Lan Yuqiong and the others joined forces to perform a powerful unique skill.

It was as if a huge meteorite had fallen, carrying a terrifying pressure to crush Lan Yuxuan.

"it's useless."

Lan Yuxuan was very domineering, and with a sharp sword, split this unique skill.

Lan Yuqiong and the others vomited blood and flew backwards.

"Thunder Crazy Slash!"

Lan Yuyang killed again.

This blow was even more ferocious than before.

"As expected of the patriarch's nephew, I have learned so many skills, but it's not enough, let me see your remaining moves."

Lan Yuxuan's sword qi moves forward bravely, like a broken bamboo, destroying everything.

Lan Yuyang's body was bulging, his blood was surging, his face was covered with blue veins, and he roared, "The third style, Thunder Splitting Sky Slash!"

"boom!"

"Fourth Form, Thunder Breaking Star Slash!"

"boom!"

"Form 5, Thunder..."

Lan Yuyang unleashed nine moves with one face, all of which were played out, each move being stronger than the other.

In the end, his body couldn't hold it anymore, it split open, and blood spurted out.

Lan Yuxuan was also slashed.

A **** hole appeared in the chest.

"It's now!"

"kill!"

Lan Yuyang sacrificed an amulet.

Called out.

"Ancestor help me!"

Lan Yuyang roared violently, the amulet glowed with brilliance, and a destructive force turned into a long spear, stabbing towards Lan Yuxuan.

So strong!

Lan Yuxuan's pupils contracted.

Nascent Soul's blow was so terrifying, she couldn't resist it at all.

"amulet!"

Lan Yuxuan also offered up an amulet.

However.

Strangely, this amulet was burned directly out of thin air, and it had no effect at all.

"what!"

Lan Yuxuan's eyes widened.

On the opposite side, Lan Yuyang and the others were also stunned, and immediately looked up to the sky and laughed: "Lan Yuxuan, the amulet that the ancestor gave you is fake, hahaha, the ancestor wants you to die."

boom!

boom boom boom...

The monstrous murderous aura and anger spewed out. Lan Yuxuan's eyes were red, and her heart was broken.

Over the years, she has made a lot of contributions to the family, but in exchange for this is the end.

Kill, kill, kill, kill!

Kill, kill, kill, kill!

Kill, kill, kill, kill!

Lan Yuxuan was really insane, roaring hideously, he took out a secret treasure, and it was too late to recover.

Just throw it out.

However, under the blow of the Nascent Soul boss, the secret treasure was directly sent flying.

Lan Yuxuan felt the danger of death.

A deep sense of unwillingness welled up in my heart.

"Hahaha."

"Die!"

"Lan Yuxuan, after all, I won, I won, and everything you have will be mine."

"Hahaha."

Lan Yuyang laughed wildly.

Lan Yuxuan was angry and resentful, but she couldn't make a move. The terrifying power had locked her down and suppressed her.

Was it just beheaded?

Grandpa!

I won't let you go even if I'm a ghost.

Lan Yuxuan cursed in her heart.

Suddenly.

A large cauldron appeared in front of her, shrouding her like lightning.

"boom!"

Ding was hit by this blow.

"puff!"

Ye Fan and Qi Baixian spurted blood together.

The Wuxu Kunding flew out and smashed into the mountains in the distance. The inner Lan Yuxuan was also spurting blood and her body was cracked.

But life was saved, no death.

"Who!"

Lan Yuyang was shocked.

At this juncture, someone came to rescue Lan Yuxuan, how could this happen!

"boom!"

Ye Fan made a bold move, no nonsense.

He killed Lan Yuqiong with one punch.

"Do not!"

Lan Yuyang cried out in grief and indignation.

"Who are you!"

"Everyone who wants your life, go on the road. It's your misfortune to meet me."

Ye Fan is very cold, there is no nonsense at all, the 39th-level Celestial Hegemony has recovered to the extreme.

With just one punch, he killed everyone in Lan Yuyang.

Ashes.

Later, he grabbed Kun Ding with his backhand and saw Lan Yuxuan who was seriously injured.

"scold!"

Lan Yuxuan came with a long sword.

Ye Fan pointed at the blade and said coldly, "Is that how you treat your savior?"

Lan Yuxuan gritted her teeth and said, "You are not a kind person either. The mantis is behind the oriole, and you are the oriole."

"You're right, but I saved your life after all, didn't I." Ye Fan said with a half-smile.

Lan Yuxuan's eyes flickered.

In the end, she restrained her breathing and retracted her long sword. She was seriously injured now, and she didn't have much combat power, so she had no chance of winning in a fight.

"Great Healing."

Ye Fan used his magical powers to treat Lan Yuxuan's injuries, and at the same time gave a large pot of alien blood.

This is the blood of Ye Fan who killed the three brothers of Heishui Xuanjiao before, but Ye Fan just swallowed the demon pill, and the corpse and blood were useless.

Now Ye Fan gave all of the blood to Lan Yuxuan. With the help of the big healing technique, Lan Yuxuan's injury has recovered a little, and the wound is also healing quickly.

An hour later.

Lan Yuxuan opened her eyes, half of her injuries had recovered, and she had a trace of combat power.

"Thank you."

"No, I also have plans, such as the alien monster in the inheritance cave."

Ye Fan was outspoken.

Lan Yuxuan said: "You are so straightforward, but it's easier than calculating me. I'm willing to share those alien monsters with you."

Ye Fan said: "It seems that you can't return to the Lan family now."

"Lan Yuyang and the others have all fallen. The ancestors must have known that he would guess that he was killed by me. Of course, I cannot go back. Not only that, I may be wanted by the family."

"Looks like we can be friends."

"What do you mean, you want to deal with the Lan family? Why? Besides, you and Miansheng, you can't fly, maybe it's an outsider."

"indeed."

"Are there any outsiders?" Lan Yuxuan muttered to herself, which caught Ye Fan's attention and asked, "Any outsiders came in before?"

Lan Yuxuan said: "Yes, there are outsiders, and they actually entered the depths of Xianshan."

Ye Fan has already learned that he is very disagreeable to enter the depths of Xianshan, and there is a terrifying barrier, which seems to be impossible for the Nascent Soul to break through.

The strongest outsiders are only Taoist palaces, how can they enter the depths of Xianshan?

"A lot of outsiders?"

"not much."

Lan Yuxuan shook her head, "I only saw one, a young man."

Qi Baixian said: "It seems that it is Wu Lingjun. You are really strong in that boy, and you can actually enter the depths of Xianshan."

"You know him?"

"I know, we really came to Xianshan after following his breath."

"I see."

"By the way, I still have something to ask you. Does your Lan family have a young man named Lan Yutian?"

"Lan Yutian!"

Hearing this name, Lan Yuxuan's pupils shrank, "How do you know this person?"

"Really the Lan family's children?"

"Yes, and it's the young master, but Lan Yutian died ten years ago."

"Falling?"

"Yes, I practiced in some fierce places outside Xianshan, and I was killed. Logically, as outsiders, it is impossible for you to know Lan Yutian."

Ye Fan said strangely: "It seems that the owner of the Lan family is very powerful, and he was able to send his son out of Xianshan."

Lan Yuxuan's eyes widened, "What did you say, Lan Yutian is outside?"

"Indeed, Lan Yutian has become a prosperous person in the outside world, a peak powerhouse of the Taoist Palace, and has obtained the inheritance of the Tianzong ranked first in the ancient seventy-two sects. He even controlled Tai'antian, one of the ruins of the heavenly court. However, I Having played

against him and robbed him of his inheritance and Tianbao, it can be said that he has forged a deep hatred."

Lan Yuxuan's face was incredible.

Gradually, she let out a breath and said, "I just said, Lan Yutian is very evil, and it is protected by the amulet of the ancestors. How could it have fallen to the fierce land. It turned out that it was secretly sent out of Xianshan by Lantian Que and went to the outside world to operate."

Ye Fan smiled and said, "Can we be friends now? I have a grudge against Lan Yutian, and I have grudge against Lantian Que; you also hostile against the ancestors of the Lan family, the head of the family, and others, we can join forces."

Lan Yuxuan frowned and asked, "What are you going to do, destroy the Lan family? Impossible. The ancestor is the Nascent Soul boss. Although you are strong, you are definitely not the opponent of the Nascent Soul powerhouse."

"Isn't Heishui Xuanjiao going to attack the Lan family? This is an opportunity, what do you think?"

"Hmm~ Indeed." 0

Lan Yuxuan nodded, calculated in her heart, and said with her mouth: "I can promise you, but you need to help me recover all of my injuries. In return, I can pass on the pill recipe of Potian Pill to you."

Chapter 1224: invulnerable

"What is the Heaven Poundering Pill used for?"

"It can be used to break through the realm of Nascent Soul to increase the success rate by 30%."

Ye Fan and Qi Baixian shook.

30% success rate, my dear, this is definitely a heaven-defying elixir.

"Are you so kind?"

"I need to recover from the injury as soon as possible. With myself, I'm afraid it will take a while. I can't wait. Your big healing technique has helped me a lot, and the effect will be better."

Lan Yuxuan flicked her fingers.

Fragments of memory flew out.

"As a matter of sincerity, I will give you the pill recipe for the Heaven-breaking Pill in advance, so that you will never have to worry about it."

Ye Fan got the pill recipe, and secretly said that it is really a magical pill, and it must be successfully refined.

It must be very difficult for him to break through the realm of Nascent Soul, just like breaking through the realm of the sea of suffering before, but if he has the help of the Heaven-breaking Pill, it will be much easier.

It's just that the materials used to make the Heaven-Breaking Pill are really too precious, including Xiaoyue Tianlang's demon pill. No wonder Lan Yuxuan wants to kill Xiaoyue Tianlang.

But now, Ye Fan swallowed the demon pill.

It doesn't matter.

Howling Moon Sirius is not the only one, and he will still encounter it in the future.

"I'm not in a hurry to treat the injury. I think it's better to deal with the alien monsters in the cave first."

"You'll take advantage."

Lan Yuxuan snorted coldly.

She has not recovered from her injuries now, and her combat power has been greatly damaged. She is not Ye Fan's opponent at all.

At this time, when allocating alien monsters, you must allocate a little more to Ye Fan, otherwise she may have a crisis.

"I don't know what your name is."

"Evan."

"Qi Baixian."

Lan Yuxuan wrote it down, and then said: "Those big alien monsters are not simple, soaked in rootless water for a short time, wait, three days later, we will enter the cave and kill."

For the past three days, Ye Fan has been paying attention to Lan Yuxuan's physical condition.

Not much has been recovered.

The blow of the Nascent Soul powerhouse is really too terrifying, even if it is only shocked, it is very troublesome.

Three days passed in a blink of an eye.

"Evan."

Lan Yuxuan shouted, indicating that it was time to act.

Before the three came to the inheritance cave.

"I'll listen first."

"Great listening."

Qi Baixian used his magical powers, and could vaguely hear some movements in the cave.

For a moment, he said: "Among them, the ghosts cry and the wolf howls. It seems that their psychology has collapsed, and their combat power has been weakened a lot, which can be dealt with."

"Okay!"

Ye Fan looked at Lan Yuxuan.

The latter took out the inheritance secret order, which was the only key to open the cave.

Lan Yuxuan knew that Ye Fan and Qi Baixian were cautious and could not enter the cave first, so the moment they opened the cave, she rushed in first.

"let's go!"

"Ye Fan, be cautious, don't capsize in the gutter, this Lan Yuxuan has a deep scheming."

"I understand."

Ye Fan is not afraid of Lan Yuxuan's tricks at all. He has too many methods, and the big deduction technique has been calculated all the time, and there is no danger.

Even secretly cast a big prophecy...

It is predicted that there will be a great harvest.

Of course, although the big deduction technique and the big prophecy technique are good feedback, Ye Fan still won't take it lightly.

Entering the cave, I immediately saw twenty-six monsters of different species, six of the peak of the Taoist palace, eight of the late stage, and twelve of the middle stage.

Their breath has decayed a lot.

Excruciatingly miserable.

When Lan Yuxuan appeared, they were stunned, and then rushed towards them frantically, roaring like a madman.

"Bitch, die!"

"Kill kill kill!"

Twenty-six alien monsters joined forces, how terrifying; even if they were weakened by a lot of combat power, there was still a great crisis.

Besides, Lan Yuxuan was also injured.

"Brother Ye, Brother Qi!"

Lan Yuxuan shouted.

Ye Fan and Qi Baixian attacked immediately, mainly Ye Fan, with Qi Baixian assisting in the rear, casting the killing spell spiritual attack.

In fact.

Mental attack works best.

Because these alien monsters were tortured for three days and attacked by fear, judging from their state, it was known that they were somewhat insane.

At this time, their defense against spiritual attacks is the weakest.

The Heart Killing Spell is faster than Ye Fan's attack.

as expected.

The twenty-six alien monsters were all charged by the power of the Killing Heart Charm, and the seven orifices bleed and screamed again and again.

The big demon in the middle of the twelve Taoist palaces exploded directly.

Qi Baixian had no problem dealing with the middle stage of the Taoist Palace.

The Dao Palace was also not seriously injured in the later stage.

"Sunset Elegy!"

Ye Fan used the Great Emperor Fighting Fist, with unparalleled majesty, and smashed the big demon in the later period of the eight Taoist palaces with one punch.

That gesture made Lan Yuxuan absent-minded.

Really unparalleled.

Mo Shangren is like jade, and the son is unparalleled in the world.

It was Ye Fan.

Ye Fan's silver hair swayed, he strolled in the courtyard, and once again shook his fist: "The abyss is boundless."

"boom!"

The two demons at the peak of the Taoist Palace were killed.

"The heavens return to the ruins."

All dust settled.

All twenty-six alien monsters fell.

Simple and easy.

Spread out, how terrifying and terrifying.

This terrifying force was trapped by Lan Yuxuan, and quickly killed by Ye Fan and Qi Baixian.

Simply a perfect fit.

Impeccable.

Lan Yuxuan said: "Brother Ye, Brother Qi, I want ten, how about you divide sixteen?"

"I have no opinion."

Qi Baixiandao.

Lan Yuxuan looked at Ye Fan, and the latter said, "I want four peaks of Taoism Palace, four late stages, and the rest will be divided for you."

There are only six peaks in total, and Ye Fan needs four; the later stages of the eight Taoist palaces need half.

It's really a lion's mouth.

Of course.

Qi Baixian would not say anything.

Although Lan Yuxuan was unhappy, she had nothing to do. She said, "Well, for the rest, I want a peak Taoist palace, two late Taoist palaces, and six middle stages; it's equal to me and Brother Qi."

Qi Baixian smiled and said, "Then I'm welcome."

The three of them waved their hands and distributed all the alien monsters.

Crash.

Lan Yuxuan transferred the rootless water out, and the inheritance cave finally quieted down and returned to its original state.

It seems that nothing happened.

"Brother Ye, are you interested in discovering the cave's treasures with me? This is the ancient sage's cave, and there are many treasures. Although I am the inheritor, my realm is not enough, and many treasures cannot be discovered."

Lan Yuxuan suddenly invited.

This made Ye Fan feel incredible that he wanted to discover his heritage treasure with them.

There is no such good thing.

Lan Yuxuan smiled and said: "Brother Ye, don't think too much, I have no other intentions. I want to deal with the ancestors of the Lan family. This old man is plotting against me. If it weren't for Brother Ye, I might have been killed by the amulet. I am happy, Lan Yuxuan. Gratitude, I must avenge this revenge. And the people who once oppressed me in the Lan family must be killed. I no longer have any feelings for the Lan family. I am alone, my parents died early, and I have nothing to cherish. "

"I have the intention to discover a secret treasure for a long time, but I am not strong enough by myself. Together the three of us can discover a little bit."

"With that secret treasure, we have a little more confidence in dealing with the Lan family. Brother Ye, brother Qi, what do you think?"

Ye Fan said: "That's the best."

"follow me!"

Before Lan Yuxuan brought Ye Fan and Qi Baixian to a hill, the hill was actually entangled with chains, each chain was extremely thick, and there was a mysterious and unpredictable power flowing.

Ye Fan opened his eyes of yin and yang, but he couldn't see through. He asked, "What's in the hill?"

Lan Yuxuan said: "It seems to be a terrifying evil weapon, I don't know the specifics."

"I don't know if you still have to explore, and you are not afraid of accidents. The chain is too powerful, and we can't break it at all."

"There is a breakthrough point."

Lan Yuxuan led Ye Fan and Qi Baixian to a certain place, where two-thirds of a chain was broken, and the remaining third was broken.

"right here."

"We are going all out, and we can break a little bit."

"Brother Ye, Brother Qi, would you like to give it a try? Don't you want to see what the evil weapon is inside?"

Lan Yuxuan said with a bewitching tone.

Qi Baixian secretly said: "No, the evil weapon is too scary, there will be accidents."

Ye Fan did not respond, and secretly performed the big deduction technique and the big prophecy technique, and the feedback was mixed.

"Try it."

Ye Fan responded to Qi Baixian.

"I have a sky-opening axe."

Ye Fan told the secret.

This was something Qi Baixian didn't know about. Hearing that Ye Fan was in control of the Sky-Opening Axe was particularly shocking, and at the same time he felt a lot more at ease.

As a terrifying innate spiritual treasure, the Kaitian Axe can be suppressed even if it is an evil weapon.

Then there is nothing to fear.

"Then let's give it a try, hoping there won't be any disaster." Ye Fan said to Lan Yuxuan.

"If there is any problem, we will leave the cave immediately. I have the secret order of inheritance and can leave quickly."

"Okay!"

Ye Fan nodded and took out the sky-shattering spear.

Woohoo.

Lan Yuxuan was shocked by the sharp aura and powerful power of the sky-shattering spear.

"Good soldier."

"This is the Sky-Breaking Spear, one of the seven heavenly soldiers of the ancient Tianzong. It was originally from Lan Yutian. I **** it over."

"Hahaha, Lan Yutian is afraid of vomiting blood." Lan Yuxuan was very relieved.

"let's start."

The three of them joined forces and bombarded the chains.

Rumble.

In an instant, the entire hill was shaking, and the chains vibrated, making a crashing sound that penetrated deep into the soul.

The three of Ye Fan didn't stop, and the frantic attack was really effective, and the chain was gradually broken.

at the same time.

The hill seems to have come to life, shaking more and more, and there seems to be some terrifying existence inside that needs to be revived. ,

at this time.

Chains shine.

To suppress the hill.

However, the three of Ye Fans were also done, and the chain was successfully cut off.

All the chains seem to be a whole.

One of them broke, and the whole lost its brilliance, the power was greatly reduced, and the hill could not be locked at all.

"Crack!"

=====

I only saw that a ravine split open at the top of the hill and rushed down like lightning.

The entire Xiaoshan is divided into two parts.

A ferocious and evil aura rushed out, making Ye Fan and the three cold.

A **** light shot to the sky.

Immediately after.

The dull roar was continuous, as if a heavy hammer was bombarding Ye Fan's hearts, causing Ye Fan's blood to surge and dizzy.

"what is that!"

Qi Baixian saw that in the hill, within the blood light, was a hammer.

The hammer was dark red, about one meter long, and the hammer head was not large, with a diameter of about thirty centimeters.

But this hammer looks shocking.

"Destroyer Hammer!"

Qi Baixian seemed to have thought of something.

At this moment, Lan Yuxuan appeared beside the God-killing Hammer, grabbed it, let out a roar, and raised the God-killing hammer high.

Dark red light pervades.

Ye Fan and Qi Baixian were shrouded, they felt a huge impact on their spiritual and soul, and they felt that they were in the vast sea, extremely small and fearful...

Chapter 1225: treacherous and cunning

not good.

Ye Fan and Qi Baixian's expressions changed. The power of this God-destroying hammer is really too powerful. It is definitely a terrifying magic soldier for the spirit and even the body.

Lan Yuxuan took control of the God-destroying Hammer, as if she had transformed into a female devil, or she was originally a female devil.

Ye Fan can't wait.

He was about to take out the Heaven-Opening Axe and directly chop Lan Yuxuan to death, but at this moment, all auras converged and the red light disappeared.

"call."

Lan Yuxuan let out a long sigh and landed in front of Ye Fan and Qi Baixian with the God-destroying hammer.

"I'm sorry Brother Ye, Brother Qi, you were shocked. You were a little out of control just now. Now the God-destroying Hammer has fallen silent. You can also take a look."

Lan Yuxuan was apologetic.

Ye Fan remained calm and looked at the God-destroying Hammer.

This hammer about one meter long, dark red, very rough, but very powerful, seems to be able to smash everything.

"This cave is probably the cave of the ancient extinct saint, because the hammer of the gods is the most proud magic soldier of the extinct saint."

Qi Baixian opened his mouth.

Lan Yuxuan praised: "Brother Qi has a lot of knowledge. This is indeed the inheritance cave of the extinct saint. I didn't expect that the hammer of the **** is locked in the hill."

Qi Baixian said: "It is said that the Destruction Hammer was made by the Sage of Mie Xie using the substances in the restricted area of the universe, and it contains an evil atmosphere. It is indeed the case. If you want to use this magic weapon, you must pay attention, and don't be confused by the Destruction Hammer. ."

Lan Yuxuan nodded: "Thank you Brother Qi for reminding me."

Ye Fan said: "We can leave now, presumably Heishui Xuanjiao will also prepare to deal with the Lan family."

"etc."

Lan Yuxuan stopped, grabbed some things, and gave them to Ye Fan and Qi Baixian.

"You two don't know how to fly yet. This is Xian Niang. After you take it, you will be able to fly in Xianshan."

It is indeed a fairy brew.

Because the induction jade pendant saved by Ye Fan was flickering and conveying a message, Ye Fan swallowed it without any doubt.

Seeing this, Qi Baixian swallowed it too.

"Immortal brew is also a precious resource, containing pure energy, which can be encountered but not sought after."

Lan Yuxuan said.

Ye Fan felt very comfortable, and Xian Niang made every cell in his body seem to be expanding and breathing happily.

After a few minutes, the sensation disappeared.

Ye Fan gave it a try, and he was able to fly, it seems... Xian Niang is a certificate of approval. Only after obtaining Xian Niu can it be recognized by Xianshan and can fly online.

Leave the inheritance cave.

According to the agreement, Ye Fan treated Lan Yuxuan's injuries while rushing to the Lan family's ancestral land.

at the same time.

The Lan family is also very nervous.

Lan Yuyang and the others were beheaded and their life cards were broken. The Lan family already knew about it, and they were greatly shocked.

"Lan Yuxuan's life card is not broken, and it has not fallen. Yuyang and the others have fallen. There must be something tricky about it."

"I suspect that it was Lan Yuxuan who did it. This **** has already betrayed the family."

"I even suspect that she deliberately beat the black water Xuanjiao to attack our Lan family, and she was sitting on the fisherman's benefit."

"Despicable son, should have been killed long ago."

In the central hall, the senior members of the Lan family were furious.

Above the first seat, the ancestor of the Lan family squinted his eyes, and his face was calm. However, only Lantian Que next to him felt the terrifying anger of this ancestor.

How could the ancestor of the Lan family not.

It was originally intended to plot Lan Yuxuan, but unexpectedly, Lan Yuxuan broke the game and killed Lan Yuyang instead.

You must know that Lan Yuyang is a young man of his lineage and his immediate family.

bastard!

The ancestor of the Lan family roared in his heart, he was very ashamed and angry, and he had never played Lan Yuxuan.

Which part is the problem.

The amulet for Lan Yuxuan is fake, but the amulet for Lan Yuyang is real.

How could Lan Yuxuan not die!

"Patriarch, Lan Yuxuan must be at the same level, clear the door, and kill the traitor."

Many high-level statements.

Lantian Que looked at the ancestor and asked, "Ancestor, what do you think?"

Finally, the ancestor of the Lan family said: "If Lan Yuxuan really killed Yuyang and the others, they must have been hiding well, you can't find it."

The crowd was silent.

This is indeed a problem.

"The main problem now is to face the Black Water Profound Flood Dragon. Everyone should restrain their minds and prepare actively. I have a hunch that the Black Water Profound Flood Dragon will attack soon."

When the words fell, the ancestor of the Lan family disappeared.

Lantian Que stood up and shouted: "The whole clan is ready, stand ready, and don't slack off."

"As ordered."

"Go away."

Watching everyone leave the orders one after another, the corner of Lantian Que's mouth rose, and his heart blossomed with joy.

Lan Yuxuan, Lan Yuxuan, I really want to thank you for leaving Lan Yuyang and the others. Now, my son Lan Yutian is the first member of the younger generation of the family, and he will definitely inherit the family business in the future.

Old Ancestor, although you are in the Nascent Soul realm, it is a pity that you are old and frail, so you are useless.

Yutian waited for the inheritance of the ancient Tianzong and heard that Tai'antian was also controlled by the outside world. This kind of luck is so strong, and he will soon be able to cultivate to the realm of Nascent Soul. At that time, the Lan family will be the world of our father and son.

Lantian Que also harbors ghosts.

Although he is the head of the family, only he knows in his heart that this Lan family is still controlled by the ancestors.

He failed to break through, half a step into Nascent Soul, which indicates that if there is no great fortune, he may be in this realm for a lifetime and cannot break through.

Blackwater Xuanjiao, attack.

It's better to kill the old immortal.

Do not.....

Better you both lose.

"If I get the black water Xuanjiao's demon pill, the Yuanying realm's demon pill..."

Blue Sky Que was very excited.

The demon pill of a different species in the Nascent Soul Realm can definitely help him to successfully enter the Nascent Soul Realm.

This battle has to be calculated.

Blue Sky pondered secretly.

In the forbidden area of the back mountain of the Lan family, where the ancestor of the Lan family retreated, he sat cross-legged, closed his eyes, and couldn't help but sneer.

"Lantian Que, who doesn't know what you're thinking, you sent Lanyutian out of Xianshan and thought you could hide it from me, but it's a pity, but you don't know what method you used."

"This time the Blackwater Xuanjiao came to attack, you want me and him to lose both, you get the Blackwater Xuanjiao Pill, and you will be promoted to the Nascent Soul Realm in one fell swoop, but I also like the Blackwater Xuanjiao Pill, which can help me. Break through to the late Nascent Soul realm."

"Although I am old and frail, after all, I am in the middle stage of Nascent Soul. The Black Water Xuanjiao has just become the realm of Nascent Soul. It is only in the early stage. Where is my opponent?"

"not to mention....."

The ancestor of the Lan family took out a small seed from the space ring and sneered: "This is the soul-devouring insect egg I got a hundred years ago. It was originally intended to be used on the blue sky, but now, it can be used against the black water Xuanjiao. As long as Put the soul-devouring eggs into his body, and the Black Water Xuanjiao will surely die."

"Lantian Que, if you were keeping yourselves safe at that time, that's all. If you commit the following crimes, then don't blame me for being ruthless and killing you."

"This Lan family is my **** after all."

"Breaking through to the late Nascent Soul, my lifespan has increased again. When that girl Lan Yuxuan breaks through to the Nascent Soul, I can kill her and devour her, and then I will be able to rush to the peak of the Nascent Soul."

"This realm should be able to break the barrier and go to the depths of Xianshan."

"Everything is within my calculations."

The ancestor of the Lan family grinned, and the wrinkles on the old face wriggled like terrifying insects.

Chapter 1226: Ghostly Bone

Heishui Xuanjiao waited for several days, but there was no news from his brother, he had a bad premonition.

Wouldn't a few brothers also encounter an accident.

He hurriedly came to the secret lair, where their life cards were enshrined. When he saw that apart from him, the life cards of the six brothers were all shattered, and the black water Xuanjiao roared repeatedly.

"Do not!"

Black Water Xuanjiao hates the sky.

For so many years, the seven brothers have shared the joys and sorrows, and they have come to this day, and now he has become a lonely beast.

His heart was bleeding.

"Blue family!"

Heishui Xuanjiao's huge eyes flickered with soul-devouring light, his killing intent was determined, and the Lan family must not be lost.

Moreover, he has also found a helper.

Heishui Xuanjiao left.

He came to the agreed place and saw a big monster, which turned out to be a terrifying existence in the Nascent Soul realm.

This big monster is the Fire Eye Demon Ape.

The body is not big, only the size of three adult tears, which is very small in front of Heishui Xuanjiao.

However, there is no need for Heishui Xuanjiao to be weak.

The eyes of this magic ape seemed to be flickering with flames, and the whole body was filled with a hot breath, because he swallowed the strange fire and merged with the strange fire.

The Black Water Xuanjiao and the Fire-Eyed Demon Ape are old enemies.

Both sides have a water attribute and a fire attribute.

However.

Mutual restraint also accompanies mutual generation.

Blackwater Xuanjiao and Fire-Eyed Demon Ape join forces, the power will be unimaginable, and this is also the biggest reliance on beheading the ancestor of the Lan family.

"It seems that all your brothers have fallen. It's really pitiful."

The Fire-Eyed Demon Ape gloated.

"When you swore, did you say that you don't want to be born in the same year, the same month and the same day, but you want to die in the same year, the same month and the same day? If so, you will now kill yourself and go underground to meet your brothers."

"enough!"

The black water Xuanjiao drank angrily.

The Fire-Eyed Demon Ape was still laughing non-stop, and Heishui Xuanjiao said: "Behead the ancestor of the Lan family, I agree to your request, all resources are yours."

Before, Heishui Xuanjiao approached the Fire Eye Demon Ape to discuss cooperation, but the Fire Eye Demon Ape proposed six or four points of all the resources of the Lan family.

Of course Heishui Xuanjiao was not happy, his bottom line was a 50-50 split.

Therefore, the two sides were at a stalemate, otherwise they would have attacked the Lan family long ago.

Now Heishui Xuanjiao couldn't wait and didn't want to stalemate, so he made a concession.

"you sure?"

"I don't care to go back on my word."

"Okay!"

The Fire-Eyed Demon Ape laughed.

Heishui Xuanjiao said: "But be sure to kill the ancestors of the Lan family and the senior members of the Lan family. The other ants don't matter. The Lan family must be wiped out, and those dogs will be smashed to pieces before I can relieve the hatred in my heart."

"It's not too late, act now."

"go!"

Rumble.

The two great demons in the Nascent Soul realm attacked the Lan family without any scruples or concealment.

Countless monsters were terrified along the way.

at the same time.

The three Ye Fans who were only a thousand miles away from the Lan family's ancestral land also sensed it. Lan Yuxuan said, "The Black Water Xuanjiao has been killed, but there seems to be a terrifying aura."

Ye Fan said: "Two great demons in the Nascent Soul realm!"

"what!"

Lan Yuxuan was shocked.

The surrounding area of Xianshan is the world of the Lan family. It is shocking enough for a black water Xuanjiao to secretly advance to the Nascent Soul realm. How could there be a Nascent Soul realm boss?

It seems that there is a weak point in the Lan family's control over the periphery of Xianshan.

Right.

In the past, there were several Nascent Soul realms in the Lan family, and they had absolute dominance.

And the descendants are not green and yellow.

Lantian Que, the only hope to be promoted to the Nascent Soul realm, encountered a change and failed.

At this point, Lan Yuxuan even suspected that the ancestor was secretly funny, and the blue sky was deliberately failed to break through.

Otherwise, with Lantian Que's talent and background, he can completely become a Nascent Soul powerhouse.

The internal struggle of the Lan family is fierce.

Having said that, the three of Ye Fans also quickly headed towards the ancestral land of the Lan family. Ye Fan used the Great Invisibility Technique, so he didn't have to worry about being discovered.

It is thousands of miles in radius and is the core area of the Lan Family.

The Black Water Xuanjiao and the Fire-Eyed Demon Ape came over, and the Lan family immediately fell apart, and the entire Lan family entered a state of tension.

Actively prepare for battle.

At the same time, the news reached the place of retreat, and the ancestor of the Lan family opened his eyes with a gloomy face.

"So familiar atmosphere, in addition to the black water Xuanjiao, there is the fire-eyed magic ape!"

"hateful!"

"Why did that monkey break through? If I knew this, it should have been completely beheaded back then."

The ancestor of the Lan family was a little worried.

The two Nascent Souls joined forces in the early days, and they were still big monsters like the Black Water Xuanjiao and the Fire-Eyed Demon Ape. It was not easy for him to deal with them.

Coupled with a ghostly blue sky tower...

The old man's face was gloomy.

But the situation does not allow him to think too much, thousands of miles away, for the Nascent Soul realm powerhouse, it will soon be able to arrive.

"Shh!"

The ancestor of the Lan family came out.

He walked in the air, swept over the ancestral land of the Lan family, walked towards the outside, and issued an order: "The children of the Dao Palace realm will form a combined attack formation, led by Lantian Que, and wait for the opportunity."

"As ordered."

Lantian Que and others shouted.

The ancestor of the Lan family left the ancestral land, of course he would not fight in the ancestral land, that would destroy the ancestral land.

The ancestral land is the last barrier.

If you can't beat it, you can go back and start the guardian formation.

Three hundred miles away from the ancestral land, the ancestor of the Lan family felt that it was almost there, stopped, and stood in the sky.

At the same time, he has seen two behemoths.

One big and one small.

One is cold and one is hot.

It was the Black Water Xuanjiao and the Fire-Eyed Demon Ape.

"Old man!"

The black water Xuanjiao drank, and without saying a word, its tail swept across, the mountains collapsed, and the void cracked.

This sweep made Ye Fandu, who was watching the battle in secret, feel numb in his scalp, feeling that he might not be able to withstand the sweep at level 39.

The power of the powerhouse in the Nascent Soul realm is too terrifying.

Of course, it was also because the Black Water Profound Flood Dragon was a rare variant, with an extraordinary talent, and the strength of ordinary cultivators in the Nascent Soul realm was definitely not so strong.

"Humph."

The ancestor of the Lan family snorted coldly and punched out, resisting this sweep.

The two sides confronted.

Heishui Xuanjiao had a murderous aura, and roared: "Kill my brother, the blood is deep, today is your death, and the entire Lan family will be destroyed. You will be removed from Xianshan."

"Just you?"

"Old man, don't think that you are great in the middle of the Nascent Soul. You are already old, old and frail, where are our opponents."

Fire Eyed Ape mocked.

In the past, he was almost in the hands of the ancestors of the Lan family, which was considered a great hatred.

"Two beasts, I really thought you could turn the world upside down."

"The old man will let you take a look, what is the gap, suppression."

The ancestor of the Lan family took the lead.

It's simple, the two hands are pressed in the void, like two huge handprints, to slap the Black Water Xuanjiao and the Fire Eye Demon Ape on the ground.

"hold head high!"

"Roar."

The two big monsters roared wildly.

War is imminent.

When you reach this level, you will no longer be tempted. The enemy of life and death, whether you die or I die, why are you still tempted?

The black water Xuanjiao was tumbling, and the whole body seemed to have the shadow of a dragon. This was a "dragon transformation", which increased his combat power by a large amount.

"Dragon Nine Heavens."

"It's ridiculous that a little snake dares to claim to be a dragon."

The ancestor of the Lan family punched him.

the other side.

The Fire Eye Demon Ape burst into flames, and the world turned red.

"Ghost bone."

The Fire-Eyed Demon Ape struck this blow.

The ancestor of the Lan family said in shock: "Monkey, you have already obtained the Ghost Bone Fire. This is the eighth-ranked strange fire in ancient times. You are really lucky."

Heishui Xuanjiao was shocked.

He knew that the fire-eyed magic ape and the strange fire fused, but he didn't know what the strange fire was.

Know it now.

It is the eighth-ranked Ghost Bone Fire.

It is said that once infected with this kind of strange fire, the bones will be incinerated, and there is no way to do it.

"Die."

The Fire-Eyed Demon Ape was extremely proud.

The ancestor of the Lan family was briefly shocked, and then sneered: "Indeed, the ghost fire is very scary, but unfortunately, it is still too weak and the power is not strong, otherwise you are a beast, and you are also qualified to fuse with the eighth strange fire!"

"What did you say!"

The Fire-Eyed Demon Ape was furious.

The white-haired ancestor of the Lan family danced wildly, and with one palm, the musket shot was scattered. His palm was stained with a trace of strange fire, and he found that the bones were starting to become soft, which was a precursor to melting.

"Humph."

He stopped drinking, the energy flushed, and the power of the strange fire was extinguished.

"I said that the power of the current ghost bone fire is too small to cause harm to me."

"However, I want to thank you for letting me get the Eighth Fire."

"Hahaha."

"Today is the death of the two of you. With your two demon pills, I will be able to hit the peak of Dao Yuanying. At that time, I will be so powerful that I can even break the barrier and enter the depths of Xianshan."

The Black Water Xuanjiao and the Fire-Eyed Demon Ape were alarmed.

The immortal has such big ambitions.

The battle was fierce and in full swing, the three Nascent Soul realm melee battles were terrifying.

Ye Fan looked very happy.

He is very hot, whether it is the Black Water Profound Flood Dragon or the Fire-Eyed Demon Ape, if he swallows any demon pill, he can directly hit the peak of the Taoist Palace, and at the same time, the Heavenly Hegemony Body will also break through the 40th-level barrier.

Qi Baixian has ideas.

The same goes for Lan Yuxuan. She thinks that if she gets a different kind of demon pill in the Nascent Soul Realm, she might be able to directly hit the Nascent Soul Realm without the Heaven-Breaking Pill.

"Brother Ye, Brother Qi, let's join forces and kill them all. We'll talk about how to distribute them then."

"With us alone, even if we have the God-destroying Hammer, I'm afraid we won't be able to kill the three Nascent Souls."

"To be honest, I still have trump cards."

"Oh?"

Ye Fan and Qi Baixian froze, and Lan Yuxuan really had a plan.

Lan Yuxuan took out a small ball and said: "This is the Hunyuan Thunderbolt, one of the most core hidden weapons in the ancient hidden weapon gate."

Qi Baixian clicked his tongue and said: "Yes, the Primordial Thunderbolt is particularly powerful, and the ancient hidden weapon gate was also brilliant. But in the eyes of the energy of your Primordial Thunderbolt, I am afraid that you will not be able to kill the Nascent Soul Realm."

Lan Yuxuan said: "Wait until each of them is injured, find the right time to shoot, and can make them die with heavy damage."

Ye Fan looked at the ancestral land of the Lan family and said, "Don't forget, there are Lantian Que and the others. I have already sensed that Lantian Que is very strong, there are two peaks of Taoist palaces, and dozens of Taoist palace realms. This is also the case. A tyrannical force."

Lan Yuxuan said, "Lantian Que can't wait for his ancestors to fall. He also has a plan. He definitely wants to get the great medicine Nei Dan. Not only will he not stop it, but he may stab the three Nascent Souls together with a knife in the back."

Qi Baixian said: "Then what then?"

Lan Yuxuan said with a smile: "As long as the three Nascent Souls are beheaded, the next step will be simple. If the three of us join forces, we may not be able to deal with Lantian Que and the others. Even if we lose, they can't stop us if we want to leave."

"Anyway, wealth and honor are at risk. Are the two Taoist brothers afraid? I'm not afraid of a woman, but you are all men."

Ye Fan rolled his eyes: "Don't use aggressive tactics, look at the situation first, and watch it change."

Chapter 1227: Yuanying falls

This war is too long.

After three days and three nights of fierce battle, some signs of decadence finally appeared.

All three were injured.

Heishui Xuanjiao's body is so rigid, but a large section of its tail is broken, and it falls to your ground when it is almost 30 meters away.

Not far from where Ye Fan was.

One arm of the Fire Eye Demon Ape was cut off.

However, as monsters, they will grow, so there is no need to worry about becoming disabled.

As for the ancestor of the Lan family, he was also very embarrassed, his hair was burnt clean, his body was scorched black, and there were **** holes all over his body.

"Patriarch, what should I do?"

In the ancestral land of the Lan family, the first elder and the law enforcement elder asked, they had long since been loyal to Lantian Que.

"hold on."

"The old thing must still have trump cards, and the Black Water Xuanjiao and the Fire-Eyed Demon Ape must also have it. It won't be that simple."

Lantian Que was very calm.

Have to be careful.

If you fail, the end is death.

The elders and law enforcement elders are also very nervous, this is a total gamble.

the other side.

The three of Ye Fan were also highly concentrated.

After a short period of calm, the three fought together again. This time, they were not as fierce as before, and they all kept their hands, and seemed to want to find opportunities to play their trump cards.

The soul-devouring eggs of the ancestors of the Lan family have been prepared and can be played at any time, but they can only deal with one.

Against whom?

Fire Eye Demon Ape or Black Water Xuan Jiao?

finally.

The ancestor of the Lan family still decided to deal with the Blackwater Xuanjiao. Although the Fire-Eyed Demon Ape had a strange fire, although it ranked eighth, the strange fire needed to be nurtured in order to grow slowly.

This requires countless resources.

Besides, if you want to fuse with the alien fire, it is not possible for anyone to not be repelled by the alien fire.

He has been in poor health over the years and can't stand the toss.

It was the Black Water Xuanjiao that came refreshingly, the water-type demon pill was also very gentle, and the fire-type demon pill was not violent.

After making a decision, the Lan family ancestors started to attack and became fierce. Heishui Xuanjiao was taken care of, and there were speculations, and his heart was very heavy.

He transmitted his voice and said, "Monkey, this old thing seems to be determined to kill me."

"It has something to do with me."

"Sacrifice, Lao Tzu. When I fight him recklessly, you will do your best, don't hide your clumsiness."

"This is good, don't worry, leave it to me."

The Flame Demon Ape was overjoyed.

They all have trump cards, and the reason why they haven't released them is that no one wants to take risks.

Now Heishui Xuanjiao takes the initiative to fight against everything, he only needs to stab in the back, who wouldn't want to do such a thing.

"hold head high."

A cry.

The black water Xuanjiao flew up against the sky, and its body was shining brightly, it really seemed to be transformed into a dragon.

at the same time.

A wave of majesty poured down, which shocked the Fire Eye Demon Ape and the ancestor of the Lan family.

This breath is too pure.

what happened!

It is impossible for the black water Xuanjiao to have such a pure dragon breath.

"what is that!"

The Fire-Eyed Demon Ape screamed.

In the mouth of the black water Xuanjiao, a bead slowly emerged, and that bead filled with the breath of the dragon family.

The ancestor of the Lan family exclaimed: "Dragon Ball!"

The Blue Sky Tower and Ye Fan were all shocked.

It turned out to be Dragon Ball!

It's really incredible.

Dragon Ball is a precious existence that can only be born by the dragon saints, and it is not 100% born, only 30% to 50% of the success rate.

To be able to give birth to a dragon ball, the master must be a terrifying dragon powerhouse before his life, and his bloodline is also very noble.

The value of Dragon Ball is immeasurable.

No wonder.

This black water Xuanjiao can turn into a dragon, it turned out to be a dragon ball, and his luck is against the sky.

"Hahaha."

The ancestors of the Lan family were both surprised and delighted.

Surprisingly, Dragon Ball is really too strong, and it's really not easy to stop it.

The joy is that getting the Dragon Ball is afraid that it can break the shackles of the Nascent Soul realm and hit a higher level.

"kill!"

The Lan family ancestor sacrificed the Lan family ancestral magic soldiers, it was a big banner, overflowing, it seemed to cover the sky and the sun.

The banner swept across, splitting the radiance of Dragon Ball.

"Everything you have is making wedding dresses for me, bring it to you." The ancestor of the Lan family laughed wildly.

"boom!"

The ancestor of the Lan family was very willing to throw some ancient treasures and sonic boom directly.

He even burned the blood of his life at all costs, and his combat power suddenly skyrocketed.

It seems to have the power of the late Nascent Soul.

"Break it for me!"

The ancestor of the Lan family really worked hard, and the same black water Xuanjiao also worked hard.

The moment he resuscitated Dragon Ball, he was desperately trying.

Because it takes a lot of energy to revive Dragon Ball, and if he fails, he will be in a dangerous situation.

"boom!"

Finally, a strong collision.

The ancestor of the Lan family broke through a beam of energy that burst out from the dragon ball and killed it in front of the black water Xuanjiao.

"Dragon Ball Power, how can it be so easy to crack, you are finished."

Blackwater Xuanjiao sneered.

The face of the ancestor of the Lan family darkened, and sure enough, the power of the Dragon Ball had already entangled him and invaded his body.

"go."

At this juncture, the ancestor of the Lan family couldn't take care of it so much, and smashed the soul-devouring worm eggs into the body of the black water Xuanjiao.

In an instant.

The soul-eating worm eggs revived, and in just three seconds, the soul-eating worm hatched.

"what!"

Blackwater Xuanjiao screamed.

The soul-eating worm was eating his Nascent Soul, which made him miserable. The most terrifying thing was that the soul-eating worm could not be removed.

"Ah ah ah ah..."

"Old ghost, what is this, this is... this is a soul eater, no, how can you have such a terrifying evil thing."

"Ah ah ah..."

"My Nascent Soul!"

The shrill screams of the Black Water Xuanjiao rippled between the heavens and the earth, making the Fire Eye Demon Ape, Lantian Que, Ye Fan and others terrified.

Soul Eater, this is the supreme royal family of the Zerg in the ancient times.

Later, many ethnic groups joined forces to destroy the Soul Eater.

Of course, there is no complete extinction, there are still a small number, but it has not been able to turn a big wave.

The terrible thing about Soul Eater is that once it is eroded, it is difficult to get rid of it.

However, all things go hand in hand.

Soul Eater naturally also has its nemesis, that is, the boundless star sand, which is a precious resource that exists in the universe starry sky.

Boundless Star Sand is a life planet that is self-deprived. Finally, after countless billions of years, the sand that has been differentiated is called Star Sand, but this is not enough. These Star Sands need more baptism to achieve restraint. Soul Eater effect.

The boundless star sand is too rare and precious.

Naturally, the Black Water Xuanjiao does not exist.

"Dragon Ball, save me!"

The black water Xuanjiao transferred the dragon ball to the Nascent Soul, and it really had some effects. The dragon ball's brilliance fell, making the soul eater's gnawing much slower.

But.

Even so, Heishui Xuanjiao's Nascent Soul was riddled with holes, and it was really badly damaged.

Nascent Soul is damaged, and it is really not easy to recover.

at this time.

The ancestor of the Lan family was not feeling well either.

The Dragon Clan was inherently domineering. The power of Dragon Ball invaded his body and destroyed his body crazily, but he suppressed it to the death, but he couldn't last long.

"Shh!"

The black water Xuanjiao escaped.

"Want to escape!"

The ancestors of the Lan family pursued.

The Fire-Eyed Demon Ape is not in a hurry. Now he not only wants to kill the ancestor of the Lan family, but also kill the Black Water Xuanjiao.

one stone two bird.

"Follow."

Lantian Que and others chased after them.

Ye Fan used the great invisibility technique, and followed Qi Baixian and Lan Yuxuan with their sheaths.

Heishui Xuanjiao and the ancestor of the Lan family fought and retreated.

Compared to the ancestor of the Lan family, Heishui Xuanjiao's condition is getting worse and worse, and he can no longer contact the Fire Eye Demon Ape.

Obviously, the Fire-Eyed Demon Ape wants to plot against them.

"Old Ancestor, if you kill me, you won't be better off. The fire-eyed demon ape is eyeing the tiger, don't you know?"

Of course the ancestor of the Lan family knew.

But.

He was also helpless.

Having already paid such a huge price, he had to behead the Black Water Xuanjiao, and he was unwilling to retreat like this.

As for the fire-eyed ape...

The ancestor of the Lan family felt that killing the Blackwater Xuanjiao and getting the Dragon Ball should be able to deal with the Fire-Eyed Demon Ape.

Even if it doesn't work, he can escape with the Black Water Xuanjiao Inner Pill and Dragon Ball, but the Fire-Eyed Demon Ape can't keep him.

As for the Lan family, there is none.

As long as he lives, he alone is the Lan family.

"Die."

The ancestor of the Lan family was ruthless, holding the banner, waving it down fiercely, directly cutting the black water Xuanjiao in the middle.

"what!"

Blackwater Xuanjiao screamed.

fall down.

The ancestor of the Lan family was overjoyed.

But at this moment, the monstrous sea of fire spread.

"Monkey, you are courting death!"

The ancestor of the Lan family was very cautious, the flag split the sea of fire, but the Fire Eye Demon Ape was not there.

Look around.

The flame magic ape rushed towards the black water Xuanjiao.

The ancestor of the Lan family understood, and was furious: "Monkey, you really want to die, you dare to take food from the tiger's mouth."

"Old man, Heishui Xuanjiao offends you, I'll kill you for you, you won't be able to fly."

The Fire-Eyed Demon Ape laughed.

Heishui Xuanjiao was seriously injured but not dead. Seeing the fire-eyed demonic ape attacking him, he was furious: "What are you doing, kill that old thing!"

"Brother Jiao, I'm sorry, but after beheading you and getting your demon pill and dragon ball, I will soon break through to the peak of Nascent Soul. Killing that old dog is like stepping on an ant, right?"

"you....."

Blackwater Xuanjiao was extremely angry.

But now he no longer has the power to deal with the flame demon, but he is definitely not willing to let the fire eye ape get everything he has.

"I won't let you succeed if I die."

"You two, give me a funeral."

The black water Xuanjiao roared, which shocked the ancestor of the Lan family: "No, he is going to explode himself!"

"Want to explode, dream."

The Fire-Eyed Demon Ape sneered, opened his mouth and spat out a small crimson sword, cutting through the sky, too fast.

He pierced through the black water Xuanjiao's head with his feet and cut off his sea of spiritual consciousness.

The black water Xuanjiao's breath collapsed instantly, his eyes gradually dimmed, and he couldn't believe it: "You..."

Fire-eyed Demon Ape said: "This is my trump card. The fire essence iron bred from the ghost's bone-turning fire seed, I made it into the bone-turning sword. Your hard scales can't prevent it at all."

The words fall.

Blackwater Xuanjiao's head exploded.

The alien species of the dignified Nascent Soul realm just fell, and blood filled the sky.

Yuan Ying, Yao Dan and Dragon Ball were exposed in the sky.

The Fire Eye Demon Ape caught it.

The ancestor of the Lan family caught it.

"kill!"

At the juncture, Lantian Que finally ordered the shot, and the attack that had been brewing for a long time came.

The ancestor of the Lan family shouted angrily: "Lantian Que, you are so bold, you can't find death."

"Ancestor, the era that belongs to you should end."

"Just you?"

"It's just me!"

Blue Sky Que's eyes glowed.

This made the Fire Eye Demon Ape and the ancestor of the Lan family wonder, where did the confidence come from?

But the next second, they changed color.

The attack launched by Lantian Que and the others was mysterious, and it actually contained some kind of terrifying magic weapon.

"what is this?"

In that energy, there is actually a piece of white paper hidden, yes, it is really white paper.

But that blank piece of paper gave the ancestors of the Lan family and the Fire-Eyed Demon Ape the feeling that they were facing the invincible gods who control life and death! !

Chapter 1228: leftover pages

What kind of white paper is this, why does it feel so terrifying, as if the soul is about to be cut, and life and death are controlled by it.

The ancestors of the Lan family and the Fire-Eyed Demon Ape did not dare to fight hard and avoided them, but the energy locked them in and came after them.

at the same time.

Lantian Que grabbed Dragon Ball, Yao Dan and Broken Yuan Ying.

The Nascent Soul of the Black Water Profound Flood Dragon is already very broken, and there is not much energy left. This is not the main thing. The Lantian Que is the soul-eating worm on the Nascent Soul.

This soul eater is simply a big killer.

very valuable.

Moreover, Soul Eater likes Yuan Ying the most. Now that Yuan Ying lets him eat, he will not attack other creatures.

You can grab it with confidence.

"court death!"

The ancestors of the Lan family and the Fire-Eyed Demon Ape were furious. How could they have paid such a huge price to allow Lantian Que to take advantage of the fisherman.

Even though the mysterious white paper was terrifying, they still shot.

"Bone Transformation Divine Sword!"

"Crazy Demon Flag!"

The Fire Eye Demon Ape and the ancestor of the Lan family attacked with all their strength, but they failed to stop the mysterious white paper.

Rolled over, knocking them off.

suddenly.

A beam of brilliance came flying, it was a bead, a thunderbolt of Hunyuan.

Lan Yuxuan took action.

When the ancestors of the Lan family and the Flame Demon Ape were all focused on the Blue Sky Tower, they never thought that there would be any rivals.

The Primordial Thunderbolt came too fast.

"burst!"

Lan Yuxuan stopped drinking.

boom...

There was an earth-shattering explosion, obviously a terrifying energy wave, and they were all shocked by the blue sky.

Dragon Ball, Yaodan and Yuanying also flew out.

A big cauldron shrouded the tower gate, it was Ye Fan, he successfully got the three treasures.

"Bastard!"

Blue Sky Que was furious.

He had been calculating for so long, and seeing that he was about to be done, he killed Cheng Yaojin halfway, which made him extremely angry.

"die!"

Lantian Que summons the mysterious white paper and kills it fiercely.

Ye Fan's eyelids jumped wildly.

This mysterious white paper is terrifying, no wonder the ancestors of the Lan family and the Fire-Eyed Demon Ape are so afraid.

"Skybreaker!"

Ye Fan didn't take out the Sky-Opening Axe, it wasn't time yet, and the Sky-Opening Axe was also his trump card.

As the Heavenly Soldier of the Ancient Heavenly Sect, the Heaven-Breaking Spear was strong and strong enough to pierce the mysterious white paper.

Instead of being pierced, Ye Fan was knocked flying, and the tiger's mouth was split open.

the other side.

Qi Baixian and Lan Yuxuan attacked the ancestor of the Lan family and the Fire-Eyed Demon Ape. They were bombarded by Hunyuan thunderbolts and were seriously injured, especially the ancestor of the Lan family. Lan Yuxuan deliberately hit him with the thunderbolt, so he suffered the biggest explosion. harm.

Half of his body was rotten, his flesh was blurred, and he was no longer human.

"what!"

They screamed.

The pain is unbearable.

"Killing the Heart Charm." During this interval, Qi Baixian unleashed a mental attack with all his strength, giving the Lan Family ancestor and the Fire-Eyed Demon Ape a heavy blow again.

Lan Yuxuan held up the God-destroying hammer.

Appearing in front of the ancestors of the Lan family like an unpredictable devil.

"Lan Yuxuan, you..."

"Come on, old man!"

"Do not!"

The ancestor of the Lan family roared furiously.

"boom!"

However, Lan Yuxuan had no mercy at all, and the God-destroying Hammer smashed **** the Lan family's ancestor.

Bang!

A hole was directly smashed, and the internal organs exploded, turning into blood clots and falling.

But the ancestor of the Lan family deserves to be a figure in the middle of Nascent Soul, very tenacious, and did not fall on the spot.

"Yuxuan, be merciful, have something to say..."

"Go and talk to Lord Yama."

Lan Yuxuan roared furiously, with another vicious hammer, and the lower half of the Lan family's ancestor's body was smashed into ashes.

ah ah ah ah...

What a **** and terrifying picture.

The Fire-Eyed Demon Ape was scared.

The senior members of the Lan family in the distance were terrified, and the blue sky changed.

It turned out to be Lan Yuxuan.

So cruel!

She dared to kill the ancestor!

"do not want!"

"Yuxuan, spare your life, spare your life... It's not easy for me to cultivate. I want to break through the late Nascent Soul, the peak, and even higher. I want to go to the depths of Xianshan to find greater opportunities for good fortune."

"You're a demon if you're old and don't die, you die early and you're reincarnated, isn't it?"

"No, I'm not reconciled..."

The ancestor of the Lan family was extremely resentful, and roared hysterically: "If I had known this, I should have trampled you to death in the first place, you slut... slut... slut..."

"Bang!"

With a hammer, the ancestor of the Lan family revealed that it exploded.

Swish!

A ray of light shot up into the sky, it was Yuan Ying, trying to escape.

The reason why the cultivators in the realm of Nascent Soul are called big men and real powerhouses is because even if the physical body collapses, as long as the Nascent Soul is preserved, they can be reborn.

In other words, only killing Nascent Soul can be considered a real beheading.

"Brother Qi."

Lan Yuxuan roared loudly.

Without chasing, he turned to the Fire-Eyed Demon Ape.

Qi Baixian was the Nascent Soul who dealt with the ancestors of the Lan family, and cooperated extremely well.

Everything happens between lightning and flint.

Qi Baixian's methods are also endless. Although Nascent Soul has energy, it is also very fragile. How can it withstand Qi Baixian's blow.

Suddenly the light dimmed.

"Do not!"

Yuan Ying seemed to be roaring.

Among them were the spiritual thoughts of the ancestors of the Lan family, but now, they were all destroyed by Qi Baixian's heart-killing curse.

So far.

The ancestor of the Lan family has completely fallen, and the Nascent Soul is floating in the air. Because there is no spiritual idea in it, this is the most pure energy.

It's a good thing, it's not as good as the big demon's inner core, but it's not much worse.

Qi Baixian collects it.

the other side.

The Fire-Eyed Demon Ape also suffered a heavy blow. Lan Yuxuan was really too vicious, burning the blood of her life and desperately trying her best.

The Bone Transformation Divine Sword of the Fire-Eyed Demon Ape was dimmed by the smashing light of the God-destroying Hammer, and his burly body was also riddled with holes.

The power of the God-destroying Hammer is more than that. Without smashing it once, the Fire-Eyed Demonic Ape was entangled by the power of the God-destroying Hammer, and then invaded into the body and destroyed it crazily.

In this situation, it is only a matter of time before the Fire Eye Demon Ape is beheaded.

Qi Baixian looked towards Ye Fan.

"That mysterious white paper..."

Qi Baixian frowned, thoughtfully, and suddenly thought of something, her eyes were full of surprise, and she said, "Ye Fan, be careful, that mysterious white paper is suspected to be a broken page of a book."

Ye Fan, who was dealing with a group of Taoist palace realms such as Lantian Que, heard the sound transmission and asked, "What is the fragment of the book from the ground?"

Qi Baixian said: "The Book of Heaven, the Book of Life and Death, and the Book of Creation, these are the three treasures handed down by the great emperors in ancient times."

"Conferred God List, canonized the Holy Spirit of Heaven and Earth."

"The book of life and death, judging life and death by yin and yang."

"The Sutra of Good Fortune gathers merit and nourishes qi and luck."

Ye Fan was greatly shocked.

The Three Books of Heaven, Earth and Man is really scary.

In particular, the Book of Life and Death in the Book of Earth, which can actually divide Yin and Yang to determine life and death, is worth it.

"It should be a fragment of a book on the ground. If the book is complete, we will all die when it appears."

"Ye Fan, remember what I told you, Martial God has obtained the Heavenly Book of Gods, and it is not easy to **** it, but if you can get the Earth Book of Life and Death, you can restrain the Gods, and the success rate of **** is greatly increased."

"Through the remnants of the book on the ground, you may be able to find other remnants. Even if you can't gather the complete book of life and death, it's enough to deal with the martial arts."

"Be sure to get the remnants of the book from the ground. The value is too great, and it is more valuable than Dragon Ball and Yaodan."

This is not true.

When you get the remnants of the book, you can use it to sense other remnants and gather them together slowly.

Once the complete book of life and death is gathered, it is really unimaginably terrible.

"I'll help you."

Qi Baixian shot out brazenly and punched it out. It was your Great Emperor's battle punch. His punch was even more magnificent than Ye Fan's.

The power is not inferior to Ye Fan.

This is because Qi Baixian has a section of the Great Emperor's phalanx, which has been refined into his fingers.

Now revive the Great Emperor's phalanx and cast the Great Emperor's Battle Fist, naturally his power is unparalleled.

In fact, Ye Fan also had a Great Emperor's phalanx.

It was obtained in the Taoist Inheritance Secret Palace, and it was obtained together with the Taoist Supreme Dao Saint King Ling.

It's just that after so many years, it still can't recover.

anyway.

Qi Baixian's punch hit Lantian Que, which changed his color. His unparalleled aura and majesty made Lantian Que seem to be facing an emperor, and he felt terrified.

"what!"

This punch smashed some Lan family powerhouses in the early and middle stages of the Taoist Palace.

Blue Sky Que's face was ugly.

at the same time.

Ye Fan also broke out in an all-round way, injecting energy into the sky-shattering spear in his hand, and the rays of light shined brilliantly.

slammed down.

The remaining pages of the book were hit and sank.

"Big puppet technique."

Ye Fan used this magical power.

split into two.

Lantian Que's pupils shrank, and he couldn't tell which was real and which was fake.

Swish!

One of them went to the Blue Sky Que.

"You are real."

Lantian Que felt the brilliance of the killing, which must be true, and his attention was focused here.

However.

When he punched it, it crashed directly.

"puppet!"

Blue Sky Que was shocked.

As soon as he looked up, the real Ye Fan had already grabbed the leftover pages of the book, and Lantian Que sneered: "Idiot."

"kill!"

I only saw that the remaining pages of the book trembled.

A mysterious force seemed to be filled with the force of death, impacting Ye Fan's body.

"puff!"

Ye Fan spurted blood.

This energy that carries the breath of death is too strong, and it seems unstoppable.

But Ye Fan didn't let go.

"Stubborn."

The blue sky tower was activated again, the broken pages of the book kept shaking, and the power of death rushed into Ye Fan frantically, causing Ye Fan to suffer heavy blows again and again.

The thirty-ninth-level Celestial Hegemonic Body actually cracked open.

Simply incredible.

Qi Baixian's pupils shrank and shouted, "Ye Fan, release quickly, don't be reckless."

But Ye Fan did not follow this suggestion.

Because, he found a turning point. When the force of death hit his body, his bloodline became restless.

The blood shackles seemed to be loosened.

This surprised Ye Fan.

Judgment of life and death by yin and yang.

Yin and Yang are linked to life and death. I have the blood of Yin and Yang, and control the power of Yin and Yang. Isn't the book of the earth prepared for me?

Ye Fan quietly used the power of yin and yang to attack the remaining pages of the book.

But in order to keep Lantian from being suspicious, Ye Fan still pretended to be hit hard, and kept spurting blood, showing a very miserable performance.

"What a lunatic."

"Since you are courting death, let's give you a ride."

"open!"

Lantian Que roared wildly, trying his best to revive the broken pages of the book.

Ye Fan almost laughed.

Zhengchou's power of death is not strong enough to tear off his bloodline shackles, and now Lantian Que has added a fire, he is really a good person.

Rumble.

The power of death, under the traction of the power of yin and yang, entered Ye Fan's body, hitting the shackles of the bloodline.

"boom!"

The bloodline shackles were shaken.

"puff!"

Ye Fan spurted blood.

This is real, not fake.

But it doesn't matter, it's harmless, Ye Fan is refreshed, he is extremely excited, and his bloodline is awakened again, then his strength will skyrocket again.

For the first time, he awakened his blood vessels and obtained the eyes of yin and yang.

Awakening the blood for the second time, and obtained the bloodline supernatural power Yin and Yang life and death map.

What will you get when you wake up this time?

Chapter 1229: The third awakening

Ye Fan's blood sprayed wildly and looked very miserable, but he didn't let go, which made Qi Baixian realize that something was wrong.

Lenovo said that Ye Fan had the blood of Yin and Yang, and suddenly realized.

Ye Fan is really lucky, maybe he can use this to open some bloodline shackles.

Qi Baixian secretly said in his heart.

Lantian Que saw that Ye Fan didn't let go, his face gradually became gloomy, and he was very puzzled, but he would never have thought that Ye Fan had the blood of Yin and Yang, and was not afraid of the bombardment of the power of death.

Instead, the more the better.

Lantian Que increased its output again, and the power of death increased a bit, and Ye Fan felt that the shackles of blood were loosening more and more violently.

Ye Fan guessed that it would be torn apart immediately.

"boom!"

At this moment.

The head of the Fire Eye Demon Ape was blasted, Lan Yuxuan successfully defeated his body, and Yuan Ying rushed out, trying to escape.

Lan Yuxuan threw the God-destroying Hammer directly and bombarded it on Nascent Soul. The Fire-Eyed Demon Ape's spiritual idea was wiped out before he could even shout a word.

"swallow!"

Compared to Qi Baixian, Lan Yuxuan was more ruthless and swallowed Yuan Ying directly.

In an instant.

Her body swelled.

Filled with incomparably powerful and pure energy, her injuries quickly improved, and she finally recovered, and she was still impacting, as if she was going to break through the realm of Nascent Soul.

"Repression!"

Lan Yuxuan stopped drinking and was not anxious.

She suppressed most of the energy in her body, ready to continue to accumulate it.

She looked towards Ye Fan.

The look flickered.

Now all the three Nascent Souls have fallen, leaving only three powerful enemies, Ye Fan, Qi Baixian and Lantian Que.

Do you want to reverse the water now?

Lan Yuxuan asked herself in her heart, if Ye Fan was in his prime, she would not be sure to win against Ye Fan, and there was another Qi Baixian.

But now, Ye Fan's condition is very bad, if he takes action...

Lan Yuxuan was very confused.

Qi Baixian actually noticed the change in Lan Yuxuan's expression, and guessed what she was thinking, and was unmoved.

This is not to say that he wants Lan Yuxuan to deal with Ye Fan. At present, Qi Baixian doesn't want Ye Fan to have an accident, and he needs Ye Fan to help him deal with martial arts and **** the list of gods.

Moreover.

Once Lan Yuxuan beheads Ye Fan, Qi Baixian still understands the fact that he is alone and weak.

Now he is watching.

If Lan Yuxuan makes a move, he has enough strength and confidence to hold on for a quarter of an hour.

Rumble.

Ye Fan's body turned upside down, qi and blood surged, and the source of blood was increasing.

This shows that the shackles are indeed being torn a little bit.

However, it seems that the follow-up is powerless.

The power of death has weakened, which makes Ye Fan very worried.

"Lantian Que, do you only have this level? If so, the remaining pages of the book will be mine."

"Remnants of the book from the ground!"

Lan Yuxuan's eyes widened.

Unexpectedly, the mysterious white paper turned out to be a page of the book of life and death.

This is too much value.

Lan Yuxuan held the God-destroying Hammer tightly in her hand, her eyes gradually becoming colder.

The corners of Qi Baixian's mouth rose.

Interesting.

He was neither in a hurry nor worried.

perhaps.

He doesn't need to take action, this guy Ye Fan has never been a careless person, he must have counted everything.

After all, he has great prophecy and great deduction.

"I didn't expect you to know that this is a fragment of a book from the ground, so it's no wonder you hold on tight and don't let go."

"But, do you think that you can get the fragments of the book in this way? It's just wishful thinking."

"puff!"

Suddenly, Lantian Que spat out a mouthful of blood, as if casting some kind of forbidden secret technique.

Suddenly.

A ray of blood rushed over and landed on the remnant pages of the book, causing the aura of the remnants of the book to skyrocket.

The power of death has skyrocketed by 30%.

Ye Fan was overjoyed.

Rumble.

The impact is stronger.

The origin of the bloodline has grown obviously, and the bloodline shackles have been torn apart by a large hole.

Ye Fan already felt that success was at hand.

Lantian Que finally found out that something was wrong, why didn't he let go after all this, is there any secret.

"Come on!"

Lantian Que waved his hand.

He has obtained the remnants of the book from the ground for decades, and has been using his life essence and blood to make sacrifices, and has established some connections with the remnants of the book from the ground.

Such a move, it really worked, the fragments of the book shook, and they wanted to break free from Ye Fan's hand and leave.

"When it reaches my hand, do you want to take it away?"

Ye Fan sneered.

To everyone's shock, Ye Fan opened his mouth and swallowed the fragments of the book.

This.....

The blue sky is covered.

Qi Baixian was also stupid, and Ye Fan was too bold.

Ye Fan is indeed bold.

Or you could say it was all-or-nothing.

At this point, he will never allow failure. He must succeed. He swallowed the fragments of the book and came to the source of blood.

The power of the rich bloodline drowned the fragments of the book.

The originally restless pages of the book on the ground began to gradually become calm.

Lantian Que noticed something, and his face changed greatly, "You bastard, you dare to **** the fragments of my book and find death!"

Lantian Que couldn't bear it any longer. I used to think that Ye Fan was physically strong and didn't want to fight with Ye Fan recklessly.

Now that his most precious treasure is going to be snatched away, he can't hold back and kill him directly.

Half-step Nascent Soul's formidable display is extremely incisive.

This is what Ye Fan wants.

"kill!"

The two fought frantically together.

In terms of the physical body, Ye Fan is not afraid of the blue sky at all, that is, the realm is a little lower, but so what.

boom boom boom...

The fight between the two sides was inextricable, in full swing, blood stained the sky, extremely barbaric.

at this time.

Lan Yuxuan shot, Qi Baixian's eyelids jumped.

fortunately.

Lan Yuxuan did not attack Ye Fan, but attacked the senior members of the Lan family.

"Lan Yuxuan, what are you doing!"

"You are rebellious, beheading the ancestors, and you still want to kill us now."

"Beast!"

The Great Elder and the Law Enforcement Elder are both at the peak of the Taoist Palace, and with other Taoist powerhouses, they are not afraid of Lan Yuxuan.

Both sides fight.

Lan Yuxuan is now in its heyday, holding the God-destroying hammer, and really looks down on it.

Rao is a senior elder and a law enforcement elder with a deep background, but he can't withstand the bombardment of the God-destroying hammer.

Soon.

One arm of the law enforcement elder was smashed open, and the smashed elder's body was cracked.

As for the other low-level Daoist palace powerhouses, they were beheaded in pieces, with blood flowing into rivers, which was extremely cruel.

remote areas.

The children of the Lan family were watching with grief and indignation. They did not expect that the Lan family would encounter such a catastrophe.

The ancestor was beheaded!

It seems that the law enforcement elders and the first elders can't last long.

Other high-level officials were also killed sporadically.

So tragic!

They were angry that Lan Yuxuan betrayed the family, but did not dare to charge over because they were afraid.

Lan Yuxuan is really like a female devil who doesn't care about anything, and frantically smashes many strong men of the Lan family to death.

A quarter of an hour.

Among the heroes of the Lan family, only Lantian Que, the Great Elder and the Law Enforcement Elder were left; and the two elders were already at the end of their attacks, and their injuries were severe and miserable.

Lan Yuxuan was also injured.

Bleeding all over.

There were a few **** holes on her body, and her bones were deep, but Lan Yuxuan laughed, she was not afraid of being confident.

Suppressing so much pure energy in the body can completely heal.

"madman!"

"Devil!"

The Great Elder and the Law Enforcement Elder looked terrified.

Rumble.

Lan Yuxuan killed again with the God-destroying hammer in hand. The two elders no longer had the courage to fight, and shouted: "Patriarch save me!"

"Patriarch save me!"

"Patriarch save me!"

However, Lantian was too busy to take care of himself.

He's in trouble.

Ye Fan turned out to be bigger and stronger, what happened to this special code.

Completely unaware of tiredness.

The most terrifying thing is that the connection between the fragments of the book and him is gradually becoming weaker, and it will be completely cut off before long.

At that time, the remaining pages of the book were really taken away.

By the time.

He has nothing.

There is no Yaodan, no Dragon Ball, no Yuanying, and the remaining pages of the book are also lost...

The family's supporters wither.

What is he!

Lan Tianque was terrified, if this happened, he would definitely die, and he couldn't even deal with Lan Yuxuan.

can not!

This kid must be killed!

Lantian Que roared in his heart, and his face gradually became hideous. He punched Fei Fan and shouted: "You forced me, since that's the case, let you see what the power of the devil is."

"Come out!"

Blue Sky Que tore open his chest.

I only saw that his internal organs were squirming and gradually changed their shape, and it seemed that something was reviving in his body.

An aura different from the blue sky broke out.

Extra powerful.

It is directly the breath of Nascent Soul Realm.

Ye Fan was suppressed and fell.

Lantian Que struggled in the sky, and his body was twisted in a weird way.

Click!

Suddenly, his back cracked open, and a pair of blood-colored wings rushed out. At this point, the mutation ended.

Blue Sky Que's eyes were red.

There are two fangs at the corners of the mouth.

Back wings.

This is not the Angel Birdman, not at all.

"Blood creatures!"

Qi Baixian screamed.

"How can it be!"

"Why does the undead blood race still exist? It's impossible. Isn't this ancient race extinct long ago?"

Ye Fan is a horror, undead blood race, he has heard of it, he has read some ancient books, Xu said about this legendary race.

The undead blood is too old.

Before antiquity, in the distant wild age, an invincible group that existed in the oldest years.

As the name suggests, it is said to be immortal.

Even if it is blown up, the body can be reorganized.

Such a group of people once informed the ancient savages for many years, but later, they disappeared for no apparent reason.

Qi Baixian's face was pale.

At this moment, Lantian Que... or can not be called Lantian Que, he is already an undead blood creature.

"After so many years, this little guy is finally willing to merge with me. I am Lantian Que, and I am also a noble undead blood creature."

"Your ethnic group is already extinct, how can you exist!" Qi Baixian asked.

"A long time ago, our clan did die out, but a small number of clan members survived, and were sealed in three mountains by the stalwart longevity."

Are the three mountains the Abbot Penglai and Yingzhou?

Are these three mountains created by the undead blood race?

That is to say.

In the depths of Xianshan, there are undead blood creatures sealed.

This secret is really cool.

"Okay, it's useless to talk to you ants. I just recovered, I need blood food, your body is good, it must be delicious."

Lantian Que smiled strangely and grabbed Ye Fan.

A simple blow made Ye Fan feel unprecedented pressure.

This is definitely the most terrifying powerhouse he has encountered so far.

It seems to be in the early stage of Nascent Soul, however, it is far more powerful than the Blackwater Xuanjiao and the Fire-Eyed Demon Ape's attack on the ancestors of the Lan family.

This is the talent of the undead blood.

"withdraw!"

Ye Fan knew that he couldn't make an enemy, so he retreated directly. Anyway, he got everything he should get now.

The dragon ball, the demon pill, the black water Xuanjiao Yuanying, and the fragments of the book from the ground were all obtained by her.

Exceeded goal.

No need to tangle.

However, Lantian Que said with a sneer, "If you want to escape in my hands, I look down on me too much."

Chapter 1230: immortal

"Ye Fan, quickly use the axe, don't underestimate the creatures of the undead blood race, they are very powerful."

Qi Baixian secretly transmits the voice.

Ye Fan turned back and found that Lantian Que was motionless, with a sneering look on his face, as if he let them escape, and was completely confident to catch them.

In an instant.

Blue Sky Que disappeared.

The reappearance was already in front of Ye Fan and the others.

Teleport?

No, there is no spatial fluctuation.

Qi Baixian said: "This is extreme speed. The speed of the undead blood is even faster than that of the Golden Winged Dapeng."

Ye Fan's pupils contracted.

The speed has reached this level, which is really shocking.

Lantian Que sneered: "I said, you can't escape from my palm, and obediently become my blood food, don't struggle, otherwise it will be very painful."

"Evan."

Qi Baixian shouted.

very urgent.

At this moment, Ye Fan couldn't hide his clumsiness anymore, because Lantian Que had already taken action, and with a powerful blow, the world was eclipsed.

This blow is enough to kill the cultivator in the Yuan Ying realm.

"Open Heaven Axe."

Ye Fan roared and took out the axe.

Immediate recovery.

A powerful aura erupted, sending both Qi Baixian and Lan Yuxuan flying.

Ye Fan held the Heaven-Opening Axe, as if he had become an invincible **** of war. His silver hair stood upright, and the space behind him was distorted.

"what!"

Lan Yuxuan was shocked.

Kaitian axe, innate spiritual treasure, Ye Fan actually possesses such a terrifying weapon.

fine!

Lan Yuxuan secretly rejoiced that she hadn't dealt with Ye Fan before, otherwise she would surely die.

Although the God-destroying Hammer is powerful, it is not as powerful as the Heaven-Opening Axe.

With an axe from Ye Fan, it is very likely that he will be smashed into ashes.

Blue Sky Que was also startled.

The reputation of the Kaitian Axe is really too fierce and too long. As the oldest innate spiritual treasure, it has appeared since the remote wild period, when the undead blood race was not yet extinct.

once.

In the wild period, the Kaitian Axe was contaminated with the blood of the most powerful undead blood.

The young master of the undead blood clan beheaded a princess of the dragon royal family, and the prince of the dragon clan took the sky-opening axe and entered the undead blood clan.

That is also the shame of the undead blood.

But there is nothing to be done, no matter what era the dragons are in, whether they are in the wild or in ancient times, they are the most top-level ethnic groups.

There are many kinds of dragons, but the most powerful is the eight dragons. This is not a group, but the collective name of the eight dragons.

The Eight Heavenly Dragons will choose a dragon master.

It is conceivable how powerful the Dragon Lord is, and it can be said that he is the strongest in the entire dragon clan.

The son of the Dragon Lord is the prince.

Like father, like son.

The Dragon Prince is naturally one of the peak powerhouses.

Lantian Que's memory is surging, it's too long ago, and his memory is also a lot incomplete.

In the face of Kaitian Axe, he was instinctively afraid.

"cut."

Ye Fan brewed the strongest blow, and fell down like this.

The unique skill that Lantian Que played collapsed, and it was like a broken bamboo, and it fell on Lantian Que.

"puff!"

The Blue Sky Tower was split in half.

"Okay!"

Lan Yuxuan was overjoyed.

At the same time, he was shocked that such a terrifying blue sky was slashed by Ye Fan with an axe, so terrifying.

Fortunately, I didn't turn against Ye Fan.

"Not yet."

Qi Baixian's face was solemn.

A strange scene happened. The blue sky tower, which was split in two, began to reorganize and merge.

in a blink.

The complete Blue Sky Que is presented again.

"Hahaha."

"Human boy, you can't kill me, I am a noble undead blood creature, I am immortal and immortal."

The blue sky is howling, proud and proud.

Ye Fan's eyes widened, it was unbelievable that there was such a terrifying ethnic group, and it could be reorganized and resurrected after being split in half.

"I am immortal and immortal, human boy, give me the opening axe obediently, and give me the dragon ball and the demon pill, and I can spare your life."

"Are you immortal?"

"Of course."

Ye Fan teased: "If your family is immortal, how can it be extinct."

Blue Sky Que's face sank.

"There is nothing immortal in this world. I have found that although you are reorganized, your breath is a little weaker than before. That is to say, every time you reorganize, you will also spend a lot of energy and energy. I would like to see Look, you can regroup a few times."

"cut!"

Ye Fan used the opening axe again.

Lantian Que gritted his teeth.

Indeed, as Ye Fan said, although he was reorganized and resurrected, each time he spent a lot of energy, his current realm and background could only be reorganized three or four times.

Once more than four i's, he may not be able to regroup.

"I was careless just now, this time you still want to split me, but I really thought I was a soft persimmon."

The blue sky tower flickered and disappeared.

With extreme speed, it is not easy for Ye Fan to hack him, and it can even be said that it is very difficult.

"The heaven and the earth."

Ye Fan used the Great Sealing Technique to seal this space.

Lantian Que sneered: "You still have such a high-level Dao magic power, but unfortunately, your realm is not enough, and the sealing power can't seal me."

"boom!"

Lantian Que broke the seal with a punch.

He kept flashing.

Making Ye Fan useless, this is also consuming Ye Fan. The recovery of the opening axe is used, and every blow consumes a lot. Ye Fan has a strong background, and he can't use it many times.

The most troublesome thing is that once they relax, Lantian Que can counterattack with extreme speed, but Ye Fan may not be able to react.

Ye Fan's great body protection technique protects his body, with a square inch mountain above his head and his feet on the Wuxu Kunding.

It can be said to be armed to the teeth.

"Human boy, you have a lot of treasures, but unfortunately, you are still going to die after all."

Blue Sky Que sneered.

The attack started, and Ye Fan spit blood with every blow. If it weren't for the defense of Kun Ding and Fang Cun Shan, it would have been bad.

"This is not the way to go."

Ye Fan was very uncomfortable and aggrieved.

Qi Baixian and Lan Yuxuan are also trying to find a way. Their rash action is useless, and they can't help you, Ye Fan.

"What's the matter, can't you do it? Hurry up and hack me with the axe." Lantian Que sneered.

"Destroyer Hammer!"

at this time.

Lan Yuxuan and Qi Baixian joined hands to use the God-destroying Hammer, attacking indiscriminately, and finally forced back Lantian Que.

Ye Fan was able to breathe.

His eyes rolled around, and he frantically performed the big deduction technique and the big tracking technique, locking in the location of the blue sky tower.

"kill!"

Finally, Ye Fan made a prediction.

At the place where the blue sky is about to appear in the next second, he slashed hard.

"puff!"

This time, Lantian Que was split in half again.

"kill!"

Ye Fan did not hesitate.

He waved the Heaven-Opening Axe wildly, without any scruples, and the energy was continuously transmitted.

With three axes in a row, the two halves of Lantian Que were chopped for a thousand and eight hundred yuan.

But.

These blood clots did not go away, floating in the air and quickly recombining.

"The Great Devouring Technique."

Ye Fan roared wildly, creating a vortex of devouring.

Phagocytosis of blood clots.

Blue Sky Que can be reorganized, but it lacks some parts of its body, so could it grow out of its own accord?

Even if it can grow back, it should take time.

There was finally a hint of panic in Lantian Que, and the Great Devouring Technique could indeed restrain them.

Once more than a third of the body's blood clot has been swallowed, it's a bit dangerous, and it's okay to swallow a little bit.

"roll!"

Even if half of the Blue Sky Que was reorganized, it would be too **** and disgusting.

But the shot is not ambiguous.

The collapse of the vortex will be swallowed, and Ye Fan will fly. At this moment, the opening axe has lost its light because the energy is not enough.

Ye Fan gritted his teeth.

Seeing Qi Baixian and Lan Yuxuan activate the God-destroying Hammer to attack, but the effect is minimal.

How to do?

Ye Fan was very worried.

Suddenly, a change occurred in his body. Before, he swallowed the fragments of the book and put them into the bloodline source. At this moment, he completely established a connection with him.

It took decades for Lantian Que to establish a connection with the incomplete pages of the book, but Ye Fan was different. His yin and yang blood was the biggest cheating device, and he had already made a connection with the incomplete pages of the book.

This also indicates that Ye Fan can revive some of the power of the remnants of the book, and can use the power of death.

"Good good."

It was a real surprise.

Ye Fan didn't use the remnants of the book to deal with the blue sky.

In an instant.

The power of death has tripled.

Click!

Click!

The bloodline shackles were torn apart.

Ye Fan's breath rose suddenly, but this was only a prelude, because the force of death continued to impact and tear.

Combined with the power of yin and yang, it turned into the most terrifying force of life and death of yin and yang, and the bloodline shackles shook more and more.

"what!"

Ye Fan couldn't help screaming.

A terrifying majesty and aura erupted, making Lantian Que terrified.

"No, this human boy is extraordinary and must be killed as soon as possible."

"Get out of here."

Lantian Que unleashed the supernatural powers of the undead blood race, Qi Baixian and Lan Yuxuan fell seriously injured, and the God-destroying hammer both let go.

The reorganization is completed in an instant.

Lantian Que killed Ye Fan.

"Boy, go to hell!"

"boom!"

This punch, how powerful, will kill.

Kunding and Fangcunshan dimmed.

Ye Fan's chest shattered.

sunken.

Almost got punched.

But Ye Fan doesn't care, really doesn't care, he only needs to complete the Bloodline Secret Art now.

By then everything will be rewritten.

"energy!"

Ye Fan devoured the blood of all the big demons previously allocated with Lan Yuxuan and Qi Baixian, in addition to the corpses.

Before, Ye Fan was very taboo about swallowing corpses, but in this situation, he couldn't care so much.

So much energy irrigation, on the one hand, repaired Ye Fan's injuries, on the other hand, rushed into the remnants of the book, brewing more power of death to tear the bloodline shackles.

finally.

The emperor pays off.

You're done.

"boom!"

A monstrous domineering aura rushed into the sky, and the force of yin and yang death spurted out, impacting on Lantian Que, causing him to scream, flying upside down for thousands of meters and smashing into mountains.

Ye Fan has entered a stage of transformation.

There are many kinds of auras around him, including Yin-Yang, Fire, Earth, Wood, and a little bit of Chaos.

The chaotic energy was swallowed by Ye Fan in the void of life and death, and there was a chaotic mountain in the void.

The momentum of Ye Fan's transformation was too great.

An anomaly appeared.

The sky and the earth have changed color, flickering bright and dark, the sea of blood surging into the sky, and the picture scroll covers the sky and the sun with one palm, which is a picture of life and death.

In the life and death map, a stalwart figure turned his back to the common people, who is unknown.

This is a vision.

It is possible that it is the Supreme Being of Yin and Yang.

Of course it's guesswork.
