Chapter 1241: Martian Secrets

"Notice, all the strong people of the major ethnic groups will come, and I will wait for them here. If anyone does not come, they will bear the consequences."

After Ye Fan finished speaking, he disappeared in front of his eyes.

Then appeared on the holy mountain that was as high as 3,000 feet.

Lan Yuxuan said: "Don't be stunned, go and inform."

"Yes Yes Yes."

The four powerhouses did not dare to neglect, and acted immediately.

three days later.

Representatives of hundreds of groups from Mars came to gather at the foot of the holy mountain.

Ye Fan and Lan Yuxuan had no generals for a long time.

"What about people, why hasn't it appeared yet? Could it be fake? I'm afraid to lure us over here!"

"The battleship in the sky can't be fake."

"Will it be an illusion? Let me try it."

I only saw a strong group of people soaring into the sky, and the magic weapon in their hands bombarded the battleship.

However, the blood that was bombarded by the anti-shock force spurted wildly.

Sure enough.

This time, all the powerhouses have no doubts.

at this time.

Ye Fan and Lan Yuxuan arrived.

"See Lord God."

All the natives bowed down.

Qi Qi shouted.

Reverent and pious.

Ye Fan said: "Get up, I won't beat around the bush, I'm an outsider, just come to see, no malice. You don't have to be nervous. I want to know everything about this planet, you can tell me."

"It's time to start."

"Don't pay attention to the others. You can say your own. My spiritual power will collect all your information and sort it out."

When the words fell, Ye Fan spread his spiritual power and enveloped all the indigenous powerhouses.

This surprised the native powerhouse.

"It's terrifying. Spiritual power spreads. We can absorb everything we say and quickly sort out and classify. Is this the means of the gods?"

"Don't hesitate, just speak."

So, the picture becomes weird.

Hundreds of ethnic powerhouses kept talking and said everything they knew.

The whole place was extremely noisy.

However, to Ye Fan, it was nothing, how powerful his mental power was, he absorbed all the information, quickly sorted and classified it, and discarded the repetitive and useless information.

one day later.

The dust has settled.

Ye Fan already knows everything, and it can even be said that it is wider than the recognition of Mars by these indigenous powerhouses.

Lan Yuxuan naturally understood, she said, "Brother, let's go to those restricted areas to see, maybe we can unearth treasures."

"Right on my mind."

Ye Fan and Lan Yuxuan returned to the Sunshine, ignoring the powerful group below, and disappeared instantly driving the battleship.

Mars has discovered eight forbidden areas, each of which is extremely dangerous, and indigenous creatures dare not enter.

But there are also daring ones, who survive nine deaths, gain good fortune, and soar into the sky.

in addition.

The Martian natives have very strange physiques, and their power is something called "chakra".

Not much to say about this.

Because Ye Fan used the big deduction technique to calculate, this cultivation system is average, not comparable to Zu Xing's cultivation system.

Sunshine wasn't going fast.

A day later, I just arrived at a restricted area, and this restricted area was easily eighth.

Call it the No. 8 restricted area.

The indigenous powerhouse said that there are mysterious powers in the restricted area, and there are suspected terrorist creatures.

Ye Fan and Lan Yuxuan were daring and rushed in without any scruples.

Lan Yuxuan holds the God-Destruction Hammer in her hand.

Ye Fan's head was square inches above his head, and the great body protection technique enveloped the two of them, and they moved forward quickly.

As you go deeper, there is indeed a mysterious power.

This power seems to interfere with the spirit, but under the bombardment of the God-destroying Hammer, it collapses directly.

Lan Yuxuan opened the way.

It can be said that the road is like a broken bamboo.

"Roar!"

I don't know how far I went, and finally I heard an abnormal noise.

"It seems that there are really creatures living in the depths of the restricted area, which is interesting."

Ye Fan was very curious.

He took out the sky-shattering spear, cautiously, not underestimating, everything should not get carried away.

The restricted area is very vast.

It seems to make a world.

It's just that the environment in the restricted area is very dark and cold.

"Roar!"

Suddenly, a roar came clearly.

Accompanied by a gloomy and fetid wind, two huge red eyes appeared out of thin air.

Lan Yuxuan was startled.

"kill!"

Instinctively, he used the God Killer Hammer.

In an instant.

The God-destroying Hammer shines brightly, smashing into the red eyes.

I only saw that the red eyes burst out with a red light, which collided with the God-destroying Hammer, and actually sent the God-destroying hammer flying.

Lan Yuxuan flew out.

Ye Fan pulled Lan Yuxuan to his side and looked forward. He only had two eyes, and he couldn't see his head, let alone his body.

All hidden in darkness.

"Are you a creature entrenched in the restricted area? It's very strong. We just came in to see, there is no need to fight. Of course, if you want to fight, I will accompany you to the end."

"boom!"

The forty-ninth-level Celestial Hegemonic Body fully recovered.

The weather was full of blood.

The entire restricted area was shaking.

The taboo existence in the dark was shocked, I didn't expect the perpetrator to be so strong.

"who are you!"

"Outlander!"

"Outsiders? From the back planet?"

"good."

Those red eyes flickered uncertainly, and then, the breath converged, and Ye Fanba's body also fell silent.

Forbidden beings emerge from the darkness.

Seeing the real appearance, Lan Yuxuan almost vomited. It turned out to be a rotting corpse. Bai Sensen's bones were clearly visible, with rotting flesh hanging on it.

No wonder it stinks.

Half of the body of this taboo is rotten, and there is no death, it is really incredible.

"This is where I live. I have lived here for countless years. My lifespan is extremely long. Unfortunately, I still can't carry it. My body is rotten, and I am about to die."

"I didn't expect to be able to see outsiders before the deadline. To be honest, I really want to swallow you all, it will be of great benefit to me."

"such a pity..."

"You are very strong. If you can come here from other planets, you must have powerful methods. I am not an opponent."

There is lamentation in the taboo, and there is unwillingness in the tone.

Ye Fan can understand.

He said, "How can we help you?"

"Why help me?"

"I don't have to help you. You can talk about it. If it's easy for us, why not just do it. If it's troublesome, then forget it."

"No trouble."

Taboo Exist showed joy and said: "You must leave, right? Take me away, take me to your planet, maybe, I can be reborn."

Ye Fan pondered.

It's not a hassle, it's a simple matter.

"Is it any good?"

"Of course." Taboo Exist turned around, "Come with me."

Ye Fan and Lan Yuxuan followed carefully.

When I came to the deepest part of the restricted area, it was full of resources, and the taboo existed said: "These are my treasures for many years, many of them can't stand the erosion of time and decay, but there are still many good things, it's a pity, Useless to me. If you want, take it all, just hope you can take me away from this barren planet."

Ye Fan glanced at it. Most of these resources are natural treasures, such as some ores, some magic soldiers...

Lan Yuxuan waved his hand, and the resource piles were separated.

The rotten and tattered are all gone, two-thirds are gone, and the remaining one-third is worth paying attention to.

Ye Fan and Lan Yuxuan were a little sorry.

Although Mars has life and an environment suitable for human habitation, it is a pity that it lacks cultivation resources and is far inferior to Earth.

"what?"

Suddenly, Ye Fan felt a slight fluctuation.

He goes to the resource heap.

After rummaging for a moment, he grabbed a stone.

"Brother, what did you find? What kind of treasure is this stone?" Lan Yuxuan asked suspiciously, she sensed it, and said, "This stone is ordinary."

Ye Fan didn't think so.

He always felt that this stone was of great use, and when he sensed spiritual power, he found an emptiness, or nothingness.

correct!

Ye Fan's eyes lit up, could this be a void stone?

If it is a void stone, it is a treasure, and it can be used by the queen to improve and develop her void body.

"Friend, are you interested in this stone? I know where this stone is, there are quite a few."

"you sure?"

"Very sure, please believe me, my friend. My hopes are all on you, and I will not deceive your friend!"

Chapter 1242: dry firewood

"Friend, please believe me, I am willing to make an oath of heaven, please listen carefully."

This taboo existence really made an oath of heaven.

Ye Fan and Lan Yuxuan looked at each other and felt credible, Ye Fan said, "Can you take us to find it."

"Of course."

The taboo exists to leave the restricted area.

When he came outside, Taboo sighed with emotion: "For many years, I have not left the depths of the restricted area, just because my vitality will flow faster outside."

"My friends, please speed up, don't delay, I'm running out of time."

"Come up."

With a wave of Ye Fan's hand, a burst of life essence wrapped the taboo existence and pulled him to the Sunshine.

Taboo Existence exclaimed: "What a powerful battleship, the civilization of your planet must be extremely advanced. I really look forward to it. I believe that I can be reborn."

"Show me the way."

Ye Fan reminded.

Under the guidance of the existence of taboos, within three hours, he came to another restricted area.

According to the number, this is the third restricted area.

The Eighth Taboo Existence said: "When I fought against the Third Taboo, I shot that stone from his body. I can be sure that he still keeps a lot of that kind of stone, which is what you call the void stone."

Ye Fan frowned and said, "What do you mean, you want me to **** it?"

"Yes."

The taboo exists: "It is indeed a bit risky. The third taboo is very strong, but my friend, don't worry, I am willing to be a striker."

Lan Yuxuan said: "Then you can clear the way."

Swish!

The eighth taboo rushed into the third penalty area.

Lan Yuxuan said through voice transmission: "Brother, be careful, there may be tricks."

"I never fully believed him."

Ye Fan is not so naive.

He is ready for a full-scale battle. As he goes deeper, the third restricted area is more terrifying than the eighth.

finally.

Coming to the depths of the restricted area, with a roar, it seemed that the third taboo had recovered.

"So familiar atmosphere!"

"who is it!"

The third taboo really recovered, and the power conveyed made Ye Fan's face a little dignified.

According to the calculation of the big deduction, it should have the peak level combat power of Nascent Soul.

This is incredible.

He is now facing the peak of Nascent Soul, he can fight, but it is not easy to kill him.

The eighth taboo is only comparable to the late Nascent Soul.

One level off.

"it's me!"

Eighth taboo opening.

The next moment, the third taboo emerged from the darkness, just a head.

Like the eighth taboo, his head was also a little rotten, and it was obvious that the end was coming.

"what?"

The third taboo stared directly on Ye Fan and Lan Yuxuan, and said in surprise, "The strong blood and life force are of great use to me. Hahaha, are you here to give them to me first?"

The eighth taboo: "These two are outsiders, from other planets."

"what!"

In an instant, the third taboo was alarmed and all emerged.

Is a behemoth.

Just carrying the stench of decay.

"Are you outsiders?"

"That's right."

Ye Fan nodded, it would be better if he could not fight.

"We have no ill intentions, we are just here to make a deal."

"trade?"

"I need this kind of stone, how much I want, and in return, I can give you resources, or take you away from this planet to our civilization planet."

The third taboo's eyes shone brightly.

Leaving this planet is definitely something that I never dared to think about before, but now, there is hope.

"Don't think about dealing with us, since we came, we have enough confidence."

"Cooperation."

"It's better to be a friend than your worst enemy, isn't it?"

Ye Fan is very confident.

As long as there are taboos and not stupid, they will definitely cooperate.

After thinking for a moment, the third taboo said, "How can I trust you?"

"This taboo existence has already believed in us and made an oath of heaven, so you can choose not to believe it, but you will lose a hope of rebirth."

The third taboo looked at the eighth taboo, and then nodded: "Okay, I am willing to cooperate."

"Hahaha, in the future you will find out how correct this decision is."

Ye Fan showed the courage and confidence of a strong man.

Make the two taboos not dare to act rashly.

"This is the Void Stone, how many do you have, I want them all."

"What's the mystery of these stones?"

"Don't ask, I also collect it for others. For ordinary creatures, this stone is useless."

The third taboo did not say much, and sent out all the treasured void stones.

Ye Fan swept away, good guy, more than a thousand coins.

However, some are very small, with big fists; but there are also big ones, the size of a car.

These void stones are enough for the queen to develop the void body to a deeper level.

Ye Fan took all the void stones.

Then he said, "We can leave now, so are you ready?"

The third taboo takes out all the treasured resources. Like the eighth taboo, many of them are rotten.

These are of no use to them.

Ye Fan and Lan Yuxuan collected all of them, which was a great harvest.

"Big brother, the eight restricted areas, and the other six, should we take a walk?"

"No, if the eight taboos join forces, we will be very dangerous. Anyway, we can come to Mars at any time, and the other six taboos exist, and we will take them away later."

"Alright."

Lan Yuxuan secretly said that Ye Fan was thoughtful.

They came to Sunshine with two taboos, and then left Mars.

Roaming in the starry sky, the two taboos are extremely surprised and extremely excited.

"Is that beautiful planet your civilization planet? I didn't expect it to be adjacent to us."

"What level has your civilization reached?"

Ye Fan said: "You will know when you go."

To this day, Ye Fan is still on guard.

He always thought that these two guys were going to do something, but he couldn't figure out anything with big deductions.

at the same time.

The two taboo beings are also secretly communicating.

"Do you move?"

"There is a risk. The two little guys are very strong, especially the young man. It is unfathomable. There is a great risk in doing it. Besides, there are battleships, and they can control the battleships."

"What you said makes sense."

"Why don't you think about it, hold on to it, come to the planet to see it, and let's talk about being born again. If we killed two boys, we swallowed them up, and it only extended the lifespan a little, and it didn't have much effect."

"Looks like that's all it takes."

What Ye Fan didn't know was that the two taboos were extinguished.

one day later.

They came to earth safely and stably.

"What a beautiful planet, what a fresh air, what a rich spiritual energy."

The two taboos exist like fish that have been hungry for countless years and come to the pond, sucking greedily.

Ye Fan said: "There is a powerful force in this world. Don't provoke it. At the same time, don't kill innocent people indiscriminately, or you will be obliterated by super enforcers."

"Some world rules, you must keep in mind that super enforcers will not bend the law for personal gain. Once the law is triggered, it will be directly obliterated. There is no way, no one can save you."

"This is the law of the world, you understand it."

Ye Fan typed a message into the mind of the two taboo existences.

"I'll leave first."

Ye Fan and Lan Yuxuan left.

Is this Zuxing?

No, it is the heavenly world.

"Brother, you are so bad that you actually brought them into the heavenly world and made up the laws of the world. They are being fooled around."

"There's no way, let them out. I'm worried about killing innocent people. Let's lock them up in the heavenly world first, and we'll talk about it later."

Ye Fan was also thinking about safety outside.

After all, there are two major taboos, one is comparable to the peak of Nascent Soul and the other is comparable to the late Nascent Soul. If there is chaos outside, no one can stop it.

Even if Ye Fan made a move, it would not be easy or even hopeful to take them down.

therefore.

Can only be temporarily locked in the heavenly world.

Here Ye Fan is in control, and the Eye of God is monitoring them and can understand all their conditions.

Two taboo beings wandered in the heavenly world, and they saw the angelic tribe.

This kind of beautiful and noble ethnic group makes them very envious.

They believe that these groups are noble law enforcers, and the so-called super law enforcers are the leaders of this group.

The existence of the two taboos did not dare to act rashly. They found the treasure land of Feng Shui and began to absorb the essence of heaven and earth.

the other side.

Ye Fan came to the palace and found the queen.

"Evan, what's the matter?"

"I have a big surprise for you."

"what?"

The queen was surprised.

Ye Fan took the initiative to surprise her, this was the first time.

"look."

Suddenly, there was a void stone in Ye Fan's hand, and suddenly, the queen's body trembled.

Void Resurrection.

It seems to be very hungry and needs Void Stone to practice.

"This is....."

"Yes, it's the Void Stone, you need it."

The queen was very excited.

"Ye Fan, where did you get it? It's really good. Such a large piece of void stone can help develop the void body and help me strengthen the power of nothingness."

The void stone in Ye Fan's hand was the size of a pot lid, so it was no wonder that the Queen was so excited.

The queen was so excited that she lost the majesty of her mother's world, and she was as happy as a little girl.

The beautiful appearance made Ye Fan a little lost.

The queen noticed Ye Fan's expression, and she said, "Ye Fan, what kind of reward do you want, the power of luck? I can give you the power to permanently mobilize luck."

"No need."

Ye Fan shook his head.

"You are the queen, the only monarch, don't release your power at will."

"Then I have to thank you. This void stone has helped me a lot. Tell me what you want."

The queen looked at Ye Fan closely.

It seemed that he wanted Ye Fan to give the answer, but deep in his heart, there was a little expectation.

"I haven't thought about it yet."

Ye Fan was a little embarrassed to be stared at by the queen.

The queen is a little sorry.

"Are you happy? Then I'll make you happier, okay?"

"what?"

"look!"

Ye Fan took out the void stone again, this time taking out dozens of them, some large and small.

The Queen's brain is blank.

Her void body recovered independently, and the power of nothingness spread, covering all void stones.

Immediately.

The original Void Stone had lost its outer skin and turned into a crystal clear stone.

This is the true face of the Void Stone.

Only the power of nothingness can revive the void stone.

"Evan, thank you."

"Don't say it too soon."

Ye Fan waved his hand again, good guy, there are hundreds of Void Stones in the palace.

Wrap the Queen.

All the Void Stones shone with soul-sweeping brilliance, making the Queen a little confused.

Her physique was so turbulent that it made the Queen feel hot and flushed.

Seeing the state of the queen's youngest daughter, Ye Fan snickered in his heart, thinking it was too cute, so he continued to play tricks.

"look!"

Hundreds of Void Stones appeared again.

"Evan!"

The queen couldn't control herself.

She could no longer control her body, so many void stones made her physique surge.

Make her blood boil.

The queen bit her red lips and her delicate body kept shaking.

"the last one."

"boom!"

The biggest one, the Void Stone that made the car laugh, landed, causing the entire dormitory to shake.

"Wow!"

Such a large void stone, even in ancient times, was very precious and rare.

At this moment, the light shines, affecting the Queen's body.

finally.

The queen couldn't take it anymore, her eyes were blurred, and she was about to faint.

Ye Fan quickly supported the queen.

In the next second, the queen's lotus root-like double walls hugged Ye Fan's neck, the hot body of the queen stimulated Ye Fan's nerves, and the hot breath mixed with the woman's body fragrance swept over, making Ye Fan's mind blank.

Immediately after.

Ye Fan found that his mouth was hot.

It turned out that the queen took the initiative to kiss her lips, which made Ye Fan stunned again.

it's not finished yet.

The queen's slender legs wrapped around his sturdy waist, like an octopus hanging from him.

At this moment, Ye Fan gradually lost his mind.

With such a woman in his arms, who can not be tempted, Ye Fan is also a young man with strong blood. And this is the queen, the king of a country, if you win it, no man can refuse the thrill of conquest.

"Hmm!~!"

The queen groaned.

Completely broke Ye Fan's last psychological line of defense...

Chapter 1243: eat clean

At this moment, the queen has only Ye Fan in her eyes; at this moment, Ye Fan is the queen in her mind.

get!

must get!

Possession!

Crazy possession!

This is the thought in Ye Fan's mind at the moment, there is nothing else, his arms are like iron clamps, he holds the queen tightly in his arms, and he can't wait to rub the queen into his body.

Ye Fan occupied the Queen's lips and greedily asked for it, feeling the incomparable beauty, which made him addicted and unable to extricate himself.

And the queen, who took the initiative from the beginning, has now become a little sheep, letting Ye Fan pick it.

Gradually, occupying the red lips could no longer satisfy Ye Fan, and his hands wandered, causing the queen's delicate body to tremble uncontrollably.

After half an hour.

The two of them had gotten carried away, and finally, Ye Fan's body trembled, and an explosion of breath wiped out all his clothes and the queen's clothes.

The two embrace each other frankly.

In the bedroom, there was an extravagant sound, filled with an ambiguous atmosphere.

a moment.

Ye Fan's movements gradually became gentle, and he and the queen gradually regained their suspected consciousness. They kissed each other, but their eyes were open.

They looked at each other with deep love.

When the time came, Ye Fan felt that it was time for a complete union. However, a change occurred.

Just as he was about to enter, suddenly, a force of distance erupted in the two of them, pushing them away from each other.

"Um!"

The queen fell to the ground and groaned in pain.

Ye Fan was puzzled, stunned for a few seconds, and rushed over to hug the Queen in his arms.

The two stared at each other, not knowing what was going on.

"Why don't you try again?"

Ye Fan asked tentatively, with a wicked smile on his face.

The queen shyly buried her head in Ye Fan's chest, so Ye Fan tried again.

"boom!"

It was the same as just now, the two of them exploded with energy in their bodies, pushing them away.

But this time, he was prepared, and Ye Fan dispelled that power.

He put his arms around the queen and kissed his temples, and the queen was also responding, but the two were communicating in their spiritual world.

"Evan, what's going on?"

"It seems to be the incompatibility between our physique and blood."

"What's the meaning?"

"Just now, I found that when we were about to combine, the source of blood in my body was restless, and a force rushed out, and the source of your physique became violent. The two forces collided and pushed us away."

"why?"

"I don't know either, but I guess it's the repulsion of power. Strictly speaking, my yin and yang blood represents vitality and creation, because everything has yin and yang; and your power of nothingness represents destruction. One creates and one destroys. These are two extreme forces, and fire and water are incompatible."

At this moment, the queen let go of her lips, her eyes were red, tears were rolling in her eyes, and she choked: "That means, we can never be together?"

Ye Fan was silent.

He didn't know and couldn't give an answer.

The queen suddenly hugged Ye Fan tightly and said, "Forcibly give it a try."

"force?"

"Um."

The queen nodded heavily.

Rain with pear flowers.

Ye Fan was so distressed that in order to satisfy the queen, he agreed to come down; take a deep breath and tuck the queen tightly in his arms, then Ye Fan began to exercise his strength.

Rumble.

as expected.

The power of yin and yang in Ye Fan's body and the power of nothingness in the queen's body riot, as if enemies meet each other, and no one obeys the other.

Boom boom boom!

The two forces collided.

To push the two away.

Ye Fan gritted his teeth, the queen also endured the pain, both of them were very persistent, and neither gave up.

But.

The more so, the stronger the two forces.

In the end, it was incredible. There were problems with Ye Fan's bloodline and the Queen's physique, and it seemed that they were about to be destroyed.

"not good!"

Ye Fan's color changed.

He stopped quickly, and this calmed down.

The queen's face was pale, and she seemed to have suffered a lot of shock. She wrapped around Ye Fan and said, "Ye Fan, I need to use the void stone to practice."

"No problem, I'll be with you."

"Uh-huh."

Ye Fan came to the bed with the queen, the queen sat cross-legged, and he hugged the queen from behind.

next moment.

Several void stones flew over and revolved around the queen, and the power of nothingness entered the void stone to extract energy.

The queen has entered a state of deep cultivation and no longer knows about the outside world.

Ye Fan looked at the queen, and the more he looked, the more he liked it. He loved her so much that he couldn't help but kiss the queen.

time flies.

A month in the blink of an eye.

The queen finally stopped cultivating. He has already reached the peak of the Taoist palace, and the void body has also been developed with a higher intensity. The power of nothingness she shows now is super terrifying. There was a big break.

Now, the queen is the real queen.

Although she was the king of a country before, she was not strong enough. Now, there are few opponents of the queen in the huge world.

Because the Queen can also mobilize Da Xia's luck, it can be said that Ye Fan may not be able to suppress the Queen in a real fight.

"call."

The queen slowly exhaled a turbid breath.

Suddenly found the same, looked down, Ye Fan was playing with her body, and immediately blushed.

"Hey, what are you doing!"

The queen pushed Ye Fan's head away and stared at her beautiful eyes.

Ye Fan was still unsure.

"How long have I been practicing?"

"One month."

"It's been so long." Suddenly, the queen's delicate body trembled, her eyes widened and she asked, "You, haven't you left this month?"

"I didn't go."

"Then what are you doing this month... in?"

Ye Fan grinned and said, "Wife, didn't you see it just now!"

The queen was stunned.

Oh my God!

One month, Ye Fan was one month late.

Depend on!

The queen was hot all over, and she was very ashamed. She raised her hand and hit it with nothingness.

Ye Fan ran away quickly.

"Wife, I know every part of your body, hahaha."

"asshole!"

The queen was angry, but Ye Fan ran so fast that there was no shadow.

The next moment, the Queen's face was full of satisfaction.

I finally have a man.

have relied on.

It feels so good!

...

Heavenly World.

Ye Fan smacked his tongue vulgarly, this month has been really wonderful, and he will never have enough fun in his life.

He did not expect that the queen would become his first woman.

Although there is no union, but the others have been done, it should be her woman.

"Sisters know, you won't be angry."

Ye Fan felt sorry for his sister, but thinking about it, sisters are broad-minded and should not be angry.

For the time being, Ye Fan didn't plan to tell his sisters about this.

"Xiaofan."

When I came to the central hall, I met my sisters head-on.

"Where have you been during this time, why can't I contact you?" Meng Qingyi asked.

"Uh, that..."

"what?"

Su Muyu was very keen, came to Ye Fan, sniffed his nose, and asked, "Ye Fan, you have such a strong sense of femininity."

"what?"

Ye Fan's heart skipped a beat.

"real or fake?"

Meng Qingyi, Tang Ying, Zhong Ling, and Fang Rui gathered around. They were women, and they were all powerful cultivators with a keen sense of perception.

No way, Ye Fan didn't take a bath.

The Queen's body fragrance is really too strong, and there is no way to dissipate it for a while.

"It's really feminine, and..."

"I am so familiar with this scent."

Zhong Ling's eyes rolled, and Ye Fan came out in cold sweat.

Fang Rui said: "By the way, this is the scent of the Queen, that's right!"

"Yes, yes, it's the Queen's scent." Zhong Ling also agreed.

So, the sisters stared at Ye Fan strangely.

Ye Fan has the Queen's body fragrance, and it is so strong, which indicates that the two may have done something.

"Xiaofan, be honest."

The sisters stared at them with beautiful eyes, which made Ye Fan blushed, so he revealed everything.

After hearing Ye Fan's explanation, the sisters also blushed.

But not angry.

Meng Qingyi giggled and said, "Our little bean sprouts are very successful, and we actually won the queen."

Su Muyu said: "Will the queen be pregnant, so that she can have a baby. I have to go to the queen to check her body and see the situation."

"Don't don't."

Ye Fan quickly grabbed Su Muyu.

"Sister, the Queen and I can't combine, because..." Ye Fan explained the reason.

The sisters looked at each other.

Did not expect such a change.

"Xiaofan, it's alright, there will definitely be a solution in the future. You and the Queen will talk about it first, and we'll talk about the marriage and the baby later."

"Sister, what about getting married and having a baby, I never thought about these things."

"What, you have eaten the queen's body clean, and you don't even think about marriage, do you want to be a scumbag!"

"Ah this..."

Ye Fan froze for a while.

Immediately afterwards, some evil thoughts appeared in his heart, and he smiled and said, "Sister, I was thinking that when we all get together in the future, we will get married together."

"Uh, what do you mean?"

The sisters were confused.

What is assembling?

Ye Fan said with a smile: "There is no news from the fourth sister. When the fourth sister is found, the eight of us, plus the nine queens, will get married together."

In an instant.

The sisters blushed.

Ye Fan took the opportunity to slip away.

"Stinky boy!"

Zhong Ling muttered angrily.

But.

Sweet in the heart.

The sisters were silent, each with their own thoughts, but they were all thinking about the same thing.

In the future, he won't really want to cheap that stinky boy, will he want so many wives by himself?

May I?

The sisters are thinking.

Ye Fan escaped and came to the palace again. The queen was taking a bath and was startled.

"Why are you here again!"

"miss you."

Ye Fan entered the bath, hugged the Queen, and bathed together. Of course, the Queen would not refuse, and snuggled in Ye Fan's arms obediently.

"Wife, there is something..."

"I know."

"Uh, you know? How do you know what I'm going to say?" Ye Fan was surprised.

The queen raised her head, her big eyes sparkling, and said with a smile, "You are going to tell me that you will not only marry me, but also your sisters, right? Not only sisters, I feel that you have a lot of love debts outside."

Ye Fan touched his nose, but did not expect the Queen to mention this.

If that's the case, then inquire about the tone in advance.

"Wife, can you accept it?"

"Why not."

The Queen smiled sincerely.

"First, my sisters met you first and grew up with you. They were ahead of me. Of course, I would accept my sisters, but I was afraid that my sisters would not accept me."

"No, I told them just now."

The queen was stunned.

Immediately, his cheeks flushed, and he complained, "Why are you talking about this? Oh, how do you want me to face my sisters in the future?"

"There's nothing we can't face, it's the same as usual. Well, let's not talk about this. I have other things to ask you about my fourth sister Tong Xiaoman."

"Since there has been no news from the fourth sister, I am very worried. Many years ago, the earth had not changed. The fourth sister was specially recruited by the state to make a movie, saying that it was a movie about the emperor, that is, your father's."

"I really don't know that."

The queen shook her head, "Don't worry, I'll help you investigate."

"Okay!"

The Queen sent a message out.

Then they lingered in the bath with Ye Fan, and an hour later, they replied.

The Queen said: "As a result of the investigation, there was indeed a record of the fourth sister being specially recruited. However, no one knows what that so-called movie is, not even the chief executive Ouyang Jing, only my father knows. But my father knows. It's already fallen, I'm afraid..."

Ye Fan's mood became solemn.

In other words, no one knows where the fourth sister is? No one knows if it's life or death?

Chapter 1244: Fourth Sister's Clue

"Ye Fan, don't worry, the fourth sister Jiren has her own celestial appearance and will be fine." The Queen comforted.

But Ye Fan is not worried.

Who knows where the fourth sister is, and whether she is suffering. The abominable human emperor committed suicide to prevent the corpse emperor from opening the sky, and was hacked to death, resulting in no news of the fourth sister.

Ye Fan lingered with the queen for a while, then left, he found the Grand Marshal Gai Jiuyou.

At this time, Gai Jiuyou was already a cultivator at the peak of the Sea of Bitterness.

However, facing Ye Fan, he still felt his insignificance.

It's different now than before.

Ye Fan is high above, his status is much higher than him, Gai Jiuyou said: "See the national teacher, what is the national teacher looking for me?"

"I want to inquire about the Emperor."

"The first emperor?"

Gai Jiuyou frowned.

After the death of the emperor for so many years, why did Ye Fan suddenly ask what the emperor was doing?

Ye Fan's purpose is to find clues from the actions of the emperor.

Not long after, the old man also came over.

It took two full days for the incident, and Gai Jiuyou and the veteran of the big pavilion said everything that the emperor had done, of course, it was limited to what they knew.

Ye Fan sorted out the analysis in his mind and performed a big deduction technique, but there was still no clue.

"National teacher, you can find Yin Xiu, the princess of Zongsheng Palace. The late emperor had close contacts with him, and he might know something."

"Yin Xiu!"

Ye Fan remembered that such a person, like Qi Baixian, was definitely a hero.

The group of powerhouses who were the first to transcend.

After the Corpse Emperor opened, Yin Xiu, Wu Shentong, and even Xuanyuan Changhong, the head of the Xuanyuan royal family, disappeared.

These former bosses will not be so simple.

Ye Fan will not be underestimated.

He came to Zongsheng Palace, but he didn't see Yin Xiu. The children of Zongsheng Palace said that Yin Xiu might have left Daxia and went to the remote wild continent.

Wild Continent.

Ye Fan sighed with emotion. It used to be the place where he rose, but he hasn't set foot there for many years now.

The headquarters of Tianzun Temple was relocated to Kunlun, and now it has entered the heavenly world, but on the wild continent, the original headquarters still exists, and there are still some people there.

Ye Fan's thoughts drifted away.

There are still many old people on the Wilderness Continent, such as Yue Linglong and Meng Qingyin who was lost there.

I don't know how it is!

Ye Fan decided that it was time to go to the Wilderness Continent, which was definitely not easy.

Even Ye Fan felt that the continent was much more exciting than the entire summer.

It's a hunch.

Ye Fan returned to the heavenly world, instead of driving the Sunshine, he chose an ordinary warship.

Han Yu and Lan Yuxuan followed.

They left today.

The battleship left the heavenly world. Somewhere, the three-eyed golden-eyed beast sneered in his heart. He was Jian Tai Ah and immediately contacted the prince of the ghost clan.

The prince of the ghost clan quietly came to the heavenly world.

"Ye Fan has left Daxia and went to the wild continent. It should take a long time to come back. Now we can take action, get rid of these women and friends of Ye Fan, and destroy the core of Tianzun Palace."

Jian Tai said grimly.

The prince of the ghost clan is a middle-stage powerhouse of the Taoist palace. He is strong enough and has countless means to kill some high-level officials of the Tianzun Palace by surprise. There is no problem at all.

"Prince, first give Wu Yinyang access to the Great Blood Contract." Jian Tai'a brought the prince of the ghost clan to Wu Yinyang.

"The Great Deprivation Technique!"

"Hand of ghosts!"

Under the action of the prince of the ghost clan, suddenly, the power of the contract of the great blood contract was brought out by Boduo.

"Big puppet technique!"

"Transfer!"

The power of the contract was transferred to the puppet.

At this point, Wu Yinyang regained his self-consciousness.

"This is..."

Wu Yinyang looked at a loss.

Jian Tai'a explained the reason and helped Wu Yinyang to recall, Wu Yinyang was extremely fortunate.

"Thank you prince!"

Wu Yinyang was extremely grateful.

If it weren't for the prince of the ghost clan, he would be Ye Fan's slave all his life.

The prince of the ghost clan smiled and said: "It's just a little effort, the puppet that was passed on is well preserved, don't destroy it."

"clear."

Wu Yinyang charged the puppet.

Jian Tai said: "Prince, what about the previous proposal, kill the top of the Tianzun Palace."

The prince of the ghost clan pondered: "Then what? We can't control the world of heaven, and we can't beat Ye Fan, and we can only be chased and killed in the end."

Jian Tai'a and Wu Yinyang were silent.

The prince of the ghost clan looked at the huge heavenly world and said: "In addition, we may not be able to destroy the high level of the Tianzun Temple. The empty commander can be difficult to deal with at the peak of the Taoist palace, and there is also the supervision of the Eye of God, and the Tianzun Temple and The Queen is in touch, and it's all trouble."

Jian Tai said: "Then keep waiting."

The prince of the ghost clan said: "Those who achieve great things must be patient. Now you are not alone, you have a companion. You two are lurking well and wait for my news."

Wu Yinyang said: "Jian Tai, the prince said it well. When dealing with Ye Fan, the most important thing is that the others in the Tianzun Palace are nothing. Ye Fan must die. I believe that under the leadership of the prince, he will definitely be able to kill Ye Fan."

The Prince of the Ghost Race said: "I'm leaving, I can't stay for a long time, so as not to be monitored by the Eye of God, you also need to be careful and don't show any flaws."

In fact, the prince of the ghost clan did not leave directly because he sensed a strange aura.

He came after him.

Seeing two rotten monsters, to his shock, they turned out to be in the Nascent Soul realm.

"what is this!"

The prince of the ghost clan was shocked that Ye Fan actually hid the Nascent Soul realm boss.

And it's not the normal Nascent Soul realm.

It can be speculated that it is the late Nascent Soul or even the peak.

The prince of the ghost clan was very fortunate that he did not stop the sword Tai Ah, otherwise, once the fight broke out, he might not be able to escape if the two Nascent Soul level monsters attacked.

Ye Fan is really unfathomable.

"These two monsters are very strange. What kind of power is in the body." The eyes of the prince of the ghost clan turned, that was the eyes of ghosts and gods.

The two taboos are very keen, and they seem to sense something.

"No, it was discovered."

The ghost prince was shocked.

Just as he was about to run away, the power of Yuan Ying's peak suddenly swept in.

"Friend, let's talk."

The vicissitudes of life reverberated in the mind of the prince of the ghost clan, but it was the Martian language, which he could not understand at all.

Facing the power of Nascent Soul's peak, the prince of the ghost clan had no choice. Although he tried his best to use his trump card to escape, it would make a lot of noise and attract the top of the Tianzun Palace.

The prince of the ghost clan found that the two monsters were not malicious.

So he stopped struggling, came to the monster, and asked, "I don't understand what you are saying?"

The third taboo speaks and speaks the prophecy of the earth.

This is what they learned.

Learning a language is too easy for this kind of existence.

"We are from an alien planet."

"Extraterritorial creatures!"

The prince of the ghost clan was surprised.

The eighth taboo said: "Friend, we have no malice towards you, we just want to ask you something."

"what?"

"Why does this world feel strange. I came from the starry sky, and I saw that this planet was very majestic and vast. But this world seems to be smaller than our original planet."

At this time, the prince of the ghost clan suddenly realized.

turn out to be.

The two Nascent Soul bosses, the stone tablet Ye Fan deceived, thinking that this heavenly world is the earth.

Ye Fan is really a good trick.

The prince of the ghost clan was overjoyed, and he was worried that he had no help to deal with Ye Fan, who was advancing by leaps and bounds. Wouldn't he come now?

He said indignantly: "Senior, you have been deceived by Ye Fan. This is the heavenly world, the small world controlled by Ye Fan, not the planet you see in the starry sky."

"what!"

The two taboos were stunned, and immediately burned with anger.

But they were very smart and didn't burst out, because since this is the world under Ye Fan's control, they must be being watched.

"Ye Fan's wolf ambition, I knew he wouldn't help us get a new life."

"Damn, if I knew this earlier, I should have done it in the starry sky."

The two taboos existed and regretted their existence.

The Prince of the Ghost Race said: "Senior, don't worry, I can help you get out of here."

"really?"

"Of course, but not now, wait for my Nascent Soul realm to help you leave. If you act rashly now, there may be bad results."

The third taboo said: "You are right, Ye Fan is scheming and unfathomable, so he should not be underestimated."

The eighth taboo: "Friend, if you can help us get out of here, we will be your guardians. I can see that you have unlimited potential, and it is our honor to be your guardians."

The prince of the ghost clan definitely didn't believe it, but he said, "Senior, don't worry, I also have grievances and grievances from Ye Fan, and will help you. You continue to rest, the cultivation environment in this heavenly world is quite good, and the resources are also very rich, try to repair your body as much as possible. Bar."

"We are waiting for your news, my dear friend."

"There will be a period later."

The prince of the ghost clan left the heavenly world.

He is very proud that there are already four chess pieces in the heavenly world, Ye Fan, Ye Fan, one day, you will capsize in the gutter.

...

Besides, Ye Fan, Lan Yuxuan and Han Yu, they arrived in the wild continent by battleship.

Something has changed here, too, and it has changed dramatically.

The originally relatively barren and barren continent has become incomparably rich and colorful, and the spiritual energy is dense, and the cultivation environment is even better than that of Daxia.

good guy!

This shocked Ye Fan.

There was such a big change in the Wilderness Continent. Sure enough, as he expected, this continent was unusual.

When I came to the original headquarters of Tianzun Temple, I took a brief look here and didn't stay.

His mission is to find Yin Xiu.

After getting the utensils used by Yin Xiu in Zongsheng Palace, Ye Fan remembered Yin Xiu's breath and began to use the big tracking technique and big deduction technique to find it.

Along the way, Ye Fan saw many monsters, and even encountered monsters at the Taoist level.

To know.

In the cultivation world of the Daxia Kingdom, there are not many monsters at the Taoist level, and they can be counted.

"It looks like a cage here."

The scorpion suddenly opened his mouth.

Ye Fan was stunned for a while, and Han Yan continued: "Since entering the wild continent, I feel that it has been invaded by some kind of force, and it is not easy for us to go out."

"Yes?"

Ye Fan didn't believe it.

He rose into the sky and found that there was extreme pressure when he rose to an altitude of 10,000 meters, and he was unable to break through.

This phenomenon made Ye Fan frown.

If you think about it carefully, it is reasonable. If there are no obstacles, the monsters in the wild continent must have left this place long ago and roamed the world.

Ye Fan gave up his thinking, it was too difficult to find Yin Xiu in the huge wild continent, so he decided to go to the Yue clan first to see the old man.

I don't know what happened to Yue Linglong?

Chapter 1245: Changes in the Moon Clan

Looking for the memory of the past, Ye Fan drove the battleship to the territory of the Yue clan, but found that the present is not what it used to be, and it is completely different from the past.

There are not many people in this clan.

"Who!"

Suddenly, a loud shout came.

Immediately afterwards, a small team of soldiers rushed forward, led by a strong man at the peak of the sea of suffering.

Ye Fan stepped out of the battleship.

Standing so silently, it also made this team terrified. The captain of the peak of the bitter sea changed his expression and clasped his fists quickly: "See senior, may I ask the senior to come to our clan's territory, what is the so-called?"

"This is the Yue family."

"Yes."

"I'm looking for old friends."

"Old friend?" The captain said: "Senior may as well tell me who the old friend is, so that I can report it."

"Yue Linglong."

The captain was startled and lost his voice: "Patriarch, is the old friend of the predecessor my patriarch?"

"if not."

Ye Fan said lightly.

The captain also thought about it, and only a strong man like the patriarch can be friends with this senior in front of him.

"Senior, the patriarch is not here. This used to be the ancestral land of our Yue clan, but now it is just a base. The clan of our Yue clan has been transferred."

"It was transferred? Can you tell me where it was transferred? Or, if you inform Yue Linglong, say Ye Fan is looking for him."

"Ye Fan, you are Ye Tianzun!"

The captain was full of surprise.

"you know me?"

"It's such a Tianzun. The patriarch once released news. If a person named Ye Fan comes to her, he must report it immediately."

"Tianzun, the clan can tell you, this direction, you can see it if you go 30,000 miles."

"Okay."

Ye Fan did not delay.

Thirty thousand miles, this distance is not short, but for the wild continent, it is not too big.

Battleship gallops.

The speed is very fast, and I could have arrived in one day, but I encountered some troubles on the road.

The monster attack in the Nascent Soul realm.

Delayed for a while.

On this day, I finally advanced 30,000 miles. As expected, the scene ahead changed. There was a vast abyss.

The cold is terrifying.

It is similar to Nalan Ruo's extremely cold air.

If I had known this earlier, I would have brought Nalan Ruo here as well. In this cold abyss, I could help Nalan Ruo practice.

Nalan Ruo, Ye Fan has always kept in mind.

In the early days, he fought side by side with him and helped him a lot. If he got married, Nalan Ruo would naturally not be able to run away.

The more he cultivated to a higher realm, Ye Fan's thinking began to change.

I used to feel embarrassed.

There is no psychological pressure now.

In the future, the sisters, the queen, Nalan Ruo, and even Yue Linglong can all accept it.

Provided they want to.

Ye Fan will not force them, this is completely what you want and I want.

anyway.

This abyss is very vast, and there is no end in sight, which is terrifying.

The battleship flew slowly.

Ye Fan found that the abyss was not straight, but circular.

What I saw was a huge cylindrical abyss, and in the center stood a huge land.

This is really the magic of nature.

This terrain can be formed.

Obviously, the Central Continent is the new clan of the Yue clan, surrounded by abyss, which are easy to defend and difficult to attack.

This clan is really wonderful.

"what?"

Suddenly, Ye Fan found something unusual.

On the side of the Central Continent, that is, the underground of the battleship, cold air was spewing, but on the other side of the Central Continent, fiery flames spewed unexpectedly.

Ice and Fire.

interesting.

Ye Fan suddenly guessed, would the Ri clan also merge with the Yue clan on the Central Continent?

In the past, the Ri family and the Yue family were originally a large ethnic group, called the Sun and Moon God Clan.

The central continent is very vast.

Rumble.

At this moment, two divine lights rushed out from the continent, one was cold and the other was hot.

"Who!"

The two spoke in unison.

One male and one female.

Dao Palace realm, wearing armor, should be the guard commander of the mainland.

as expected.

Just as Ye Fan had guessed, the Ri family was also on the mainland, and this male leader was a member of the Ri family.

Ye Fan stood with his hands behind his back, stood in front of the battleship, and said calmly, "I'm Ye Fan, I'm here to find an old friend."

talking room.

A strong breath permeates.

The two leaders turned pale, and the female leader was overjoyed, "You are Ye Tianzun!"

"it's me."

"Very good, the patriarch has been talking about you, and asked Tianzun to come to my clan."

"Um."

The female commander led the way, followed by the battleship.

The male commander's face changed, suddenly turned into a streamer, and rushed towards the clan of the Ri family.

The battleship landed.

The three of Ye Fan walked out, and the female commander said: "Tianzun, the patriarch will definitely be very happy to see you."

"Is she okay?"

"The patriarch... it's actually not good."

"Oh?"

Ye Fan raised his brows and asked in a tight voice, "What do you mean?"

The female commander said: "I can't say, and I don't know too well. When you see the patriarch, talk to the patriarch."

The Central Continent is divided into two parts.

To the east is the Yue clan, and to the west is the Ri clan.

On the east continent, there is a city, and a palace is built in the city.

Yue Linglong lived in it, the patriarch and the queen.

Before the female commander came to the palace, she asked for a notification, and after a while, a figure flew over.

"Evan!"

"You are, Yue Liuli!"

"it's me!"

Yue Liuli has also changed, she is more heroic, she is Yue Linglong's good sister, and she used to have a lot of interactions with Ye Fan.

"After so many years, you are finally here."

Yue Liuli stared at Ye Fan, her words mixed with complaints.

Ye Fan sighed: "Too many things have happened these years, indeed, I'm sorry."

"Come in with me."

Yue Liuli didn't say much and turned to lead the way.

When she came to the Queen's bedroom, Yue Liuli looked at Lan Yuxuan and Han Yu, and said, "The two of you will rest for a while in the side hall again. I will bring Ye Fan in to see the Queen. Please understand."

Ye Fan indicated.

Lan Yuxuan and Han Yu went to the side hall.

"come in."

Yue Liuli opened the door, Ye Fan walked in, and finally, he saw Yue Linglong.

This is a woman who has a deep relationship with him.

Yue Linglong sat cross-legged on the big bed made of ice and jade, and the whole person was in a normal state of cultivation.

But.

Ye Fan noticed something was wrong.

Yue Linglong's body didn't even have much vitality emitting, like an old man who was dying.

This.....

impossible.

"Looks like you found it." Yue Liuli said, and Ye Fan asked, "What's the matter, what happened to Linglong?"

"It's just a puppet."

"puppet?"

Ye Fan looked strange, walked over, checked carefully, and found that it was a puppet.

However, this puppet is too realistic.

As long as you don't get close and investigate carefully, or if your realm is not up to standard, you won't be able to find it.

"Where is the real Linglong?"

"do not know."

Yue Liuli shook her head, and then said: "More than ten years ago, the wild continent began to undergo great changes, and cultivation has become easier. Our Yue clan also found this new clan, and later the Ri clan also came. ."

"Our two clans are reconciled."

"Sister Linglong's cultivation has also advanced by leaps and bounds, but one day, when I came to the bedroom, I found that Sister Linglong had disappeared, and what was left was this puppet, which contains her life force and can be preserved for ten years."

"At the same time, there is also a spiritual message. Sister Linglong said that she wants to find you, or wait for you to rescue her. However, the wild continent has undergone great changes, and she can't leave at all, and she can't wait for you."

"Now, the ten-year period is approaching, and this puppet will also collapse."

"I was already in despair. I didn't expect you to come at this time. It's really God's blessing."

"Ye Fan, go, this puppet is waiting for you, there is something Linglong sister wants to say to you."

Yue Liuli's words greatly touched Ye Fan, and he felt deep remorse in his heart.

He should have come to the Wilderness Continent sooner rather than later.

Why has it been delayed until now.

What a big asshole.

Ye Fan took a deep breath, stretched out his hand, and touched the puppet's face. In an instant, the puppet trembled.

Instant collapse.

A vague spiritual message emerged and rushed into Ye Fan's mind. At this moment, a picture appeared in Ye Fan's mind:

"what!"

Yue Linglong screamed.

A black hole was going to swallow her up, or **** her in, and Yue Linglong couldn't escape.

"Ye Fan, save me!"

"Evan!"

Yue Linglong shouted.

However, the despair and helplessness that called Tiantian should not be called to the ground made Ye Fan tense and clenched his fists involuntarily.

"Ye Fan, under the abyss...under the abyss...I'll wait for you, Ye Fan..."

Yue Linglong was finally sucked in by the black hole and disappeared, leaving only the last sentence.

Ye Fan suddenly opened his eyes.

Mixed tastes in my heart.

red eyes.

Yue Liuli said: "Ye Fan, what's the situation, what information did Sister Linglong reveal to you?"

"Under the abyss!"

"Under the abyss?" Yue Liuli wondered, "The ice and fire abyss is really weird. The deeper you go into the cold air and the flames, the more terrifying it will be. For so many years, no one of our two clans can go down."

Ye Fan said: "So this is very strange. Now you can't go down, but Linglong went down ten years ago. There must be something down there. I want to go down and see."

"I'll leave now without further ado."

Ye Fan rushed out of the bedroom, and suddenly, a chariot came galloping from the sky, pulled by the Taoist realm monster, followed by a group of people.

Roar.

The monster roared.

The carriage stopped.

The next moment, a luxurious young man stepped out of the carriage, at the peak of the Taoist Palace, with a strong arrogance flowing between his eyebrows.

"Ye Fan, this is Yang Tianfeng, the young master of the Ri clan. He has cultivated the Great Sun Treasure Body. His talent is amazing and his strength is strong. He has always coveted Sister Linglong and wants to combine with Sister Linglong."

"These years, I have been dealing with her, so that he has never entered the palace, so that she has not seen Sister Linglong."

"Now that you appeared and entered Sister Linglong's bedroom, I'm afraid you won't be able to deal with him. Can you deal with him?"

Coveted Linglong, such a big courage!

Ye Fan's face was cold.

Even the peak of the mere Dao Palace dares to pretend!

Yang Tianfeng was condescending and looked at Ye Fan; at this time, Ye Fan's breath was restrained, and he did not look strong.

At least, Yang Tianfeng thought he was weaker than him.

"You are Linglong's former suitor, Ye Fan? I didn't expect you to dare to come here, you really ate the guts of a bear and a leopard."

"Give you a chance, kill yourself."

Chapter 1246: Waste!

Cut yourself off!

Three words, showing domineering and arrogance.

But Ye Fan sounds ridiculous.

Yue Liuli stood up and shouted, "Yang Tianfeng, this is the land of my Yue clan, don't be presumptuous! Retire immediately!"

"Yue Liuli, I have given you face for so many years because you are Linglong's good sister. But I never imagined that you would not let me into the bedroom, but let this outsider in."

"You are humiliating me!"

"Yue Liuli, if you cultivate yourself, I will spare you, otherwise, you will go on the road with this waste."

Yue Liuli was suffocating.

"Yang Tianfeng, you are too much!"

"so what!"

Yang Tianfeng sneered.

boom!

At this moment, the breath of the peak of the Taoist Palace swept in and hit Yang Tianfeng.

However, Yang Tianfeng was very disdainful.

"The Great Sun Fist."

One punch, the light shines brightly.

The aura collapsed, and a figure was revealed, an old man.

The great elder of the Yue clan.

Moon Buddha.

He is also a powerhouse at the peak of the Taoist Palace.

Seeing the Great Elder, Yue Liuli breathed a sigh of relief.

"Yang Tianfeng, is the Ri clan already so arrogant, to come to our Yue clan to be wild, and ask my clan to commit suicide. Do you think you are invincible?"

"Yuefutu, although you and I are both at the peak of the Taoist Palace, it is a pity that you are old and frail, and you are not my opponent."

"Yes!"

Moon Buddha sneered.

He's a grumpy guy, and he shoots right away.

Suddenly.

A loud laughter came, "Yuefutu, let them handle the matters of the juniors by themselves, let's move our muscles and bones."

A burly old man appeared.

Ye Fan recognized that the old man was the old patriarch of the Ri clan, and they had dealt with each other many years ago.

The old patriarch also gave him the cultivation method to move the world around.

This old patriarch, like Yuefutu, is also at the peak of the Taoist palace.

The Yue clan only has one peak, Yuefutu, while the Ri clan has two. This is the gap.

That's why it was ridden on the head.

If Yue Linglong hadn't encountered any misfortune, she would naturally not lose to Yang Tianfeng, but fate would make fun of her.

Yuefutu's face was ugly.

The Ri clan is really presumptuous, treating them as something, they come as soon as they want, and there is no connection.

"Ye Fan, I haven't seen you for many years."

The old patriarch of the Ri clan turned his eyes and looked over.

Evan nodded.

"It's true that we haven't seen you for many years."

"Old patriarch, because of his past relationship, he immediately retreated with this idiot, and without my permission, he will never step into the Yue clan's land."

Ye Fan's words were astonishing.

The whole place was silent.

Yue Liuli was stunned, what Ye Fan said, could he be able to deal with Yang Tianfeng.

That is the peak of the Taoist Palace.

And Yang Tianfeng's Great Sun Treasure body is very terrifying.

Yuefutu frowned and said nothing. He also wanted to see why Ye Fan said such a big thing.

The old patriarch of the Ri clan said with a smile: "Ye Fan, listen to what you mean, it is able to deal with Tianfeng."

"The peak of the mere Dao Palace is not qualified to act in front of me. One last time, take him away, don't seek death."

"court death!"

Yang Tianfeng was furious.

At the peak of the Taoist Palace, in this vast and wild continent, they are all strong. Even if he encounters the monsters in the early Nascent Soul, he is not afraid.

Last month, he also injured a monster in the early Nascent Soul.

He has Nascent Soul level combat power.

It is unreasonable for this white hair to despise it.

"Yuefutu, the old patriarch is right, don't interfere in the affairs of young people."

"I can spare Yueliuli, but this white haired man must die."

"Go ahead."

Yang Tianfeng stood with his hands behind his back.

Ye Fan said, "If I shoot first, you will have no chance. You don't even know how to die."

"What did you say!"

Yang Tianfeng glared angrily.

Yue Liuli said through voice transmission: "Ye Fan, can you really do it? Yang Tianfeng has Yuan Ying-level combat power."

at this time.

Yang Tianfeng's breath has been suppressed.

Yue Liuli was only in the middle stage of the Taoist Palace and couldn't bear it, so Yue Futu took her to her side.

"Elder, this..."

"Don't worry, let's take a look. Ye Fan is not a fool, maybe he has some trump cards."

at the same time.

The old patriarch of the Ri clan said through a voice transmission: "Tianfeng, don't be careless, this Ye Fan is a character, maybe he has some trump cards."

Yang Tianfeng said disdainfully, "Don't he have a trump card, don't I, old patriarch, don't worry, watch me slap him into flesh. Today, no one can stop me, I will take Yue Linglong back. Yue Linglong's I want to absorb the source of the Moon God body, so that my Great Sun Treasure Body can evolve into a Sun God Body."

The Sun and Moon God Clan has a long heritage, and the Moon God body and Sun God body are the strongest physiques of this group.

Yue Linglong had awakened the Moon God body early; but Yang Tianfeng had not been able to do so, but had only acquired the Great Sun Treasure Body, which was much worse than the Sun God body.

Physical fitness is not a grade.

Above the treasure is the body of God, and above the body of God is the Holy Body.

In addition, there are some strange physiques, which are not included.

anyway.

Yang Tianfeng shot again, this time using 80% of his skill, to slap Ye Fan to death.

"boom!"

This palm shot.

Yue Liuli couldn't help exclaiming: "Ye Fan be careful!"

boom!

However, Ye Fan didn't even blink his brows, letting the palm slap on his body.

"Um?"

Yang Tianfeng was stunned.

Unexpectedly, Ye Fan would not hide.

"Hahaha, it's really a complete waste. I was so scared that I didn't even know how to hide."

"It's boring."

Yang Tianfeng took a sip.

Yuefutu waved his hand, the dust cleared away, and Yang Tianfeng's laughter stopped abruptly.

Ye Fan is not dead, safe and sound.

The pupils of the old patriarch of the Ri clan shrank, and he had to deal with the palm of Yang Tianfeng just now.

He couldn't shoot Ye Fan to death.

"Tianfeng, don't be careless, Ye Fan is very strange." The old patriarch reminded.

Yang Tianfeng's face was grim.

He immediately sneered and said, "It turns out that you have a defensive magic weapon, no wonder you are so arrogant."

"Unfortunately, the magic weapon is only a magic weapon after all. I want to see it. Your magic weapon can withstand several attacks from me."

"Give me death!"

Yang Tianfeng punched, not just one punch, but one after another, madly attacking.

Rumble.

The big bang, the energy aftermath rippling.

Yuefutu controls the battlefield, otherwise the palace will be destroyed.

Yue Liuli was so nervous.

With such a ferocious attack by Yang Tianfeng, can Ye Fan's defensive magic be able to stop it?

moment.

Yang Tianfeng stopped, panting heavily, and he bombarded Qian'er with eight hundred punches in total.

Even a monster at the peak of the Taoist Palace would be beaten into flesh by him.

"See if you die!"

Yang Tianfeng waved his hand and blew the dust away.

next moment.

Like a ghost, his face is incredible and unbelievable.

Ye Fan still stood with his hands behind his back, safe and sound, and even his clothes were not stained with any debris.

"hiss."

Yue Liuli sucked in a breath of cold air.

The corner of Yuefutu's mouth rose, looked at Xiang Yang Tianfeng, and said with a sneer, "Tsk tsk, you can't do it. If you stand still and let you fight, you won't be killed."

The wind in the sun is full of anger.

"Shh!"

He flipped his hand and took out the magic soldier, which was a fiery red stick.

Yue Liuli shouted: "Ye Fan be careful, that is the Fire God Stick, the treasure of the Ri family."

Yang Tianfeng held high the fire stick, took the initiative to kill, and smashed Ye Fan's head to pieces. "

"Bang!"

However, the stick fell and was firmly grasped by Ye Fan.

The screen freezes.

The old patriarch of the Ri clan reacted the fastest and was full of horror, not a defensive magic weapon.

no!

They are all wrong.

Ye Fan used his physical body to resist the attack of Xiayang Tianfeng.

What a terrifying body this must be.

"Tianfeng, hurry up!"

The old patriarch shouted.

However, before it was too late, Yang Tianfeng felt that his body could not move now; a force from the Fire God Stick sealed him and suppressed him.

"you..."

A look of shock appeared on Yang Tianfeng's face.

Ye Fan said calmly, "Are you happy after jumping around for so long? Now it's my turn."

"Ye Fan is merciful!"

The old patriarch roared.

However, Ye Fan ignored it, and the fluttering punch looked extremely ordinary.

However, in the eyes of Yang Tianfeng, it is the fist of death.

His pupils contracted, his eyes widened, his throat squirmed, but he couldn't speak.

"puff!"

This punch pierced through Yang Tianfeng's Da Ribao body, and a large hole appeared in his chest.

"Wow!"

Yang Tianfeng spurted blood.

This scene.

So shocking.

Everyone was sluggish.

Yue Liuli's mouth widened.

Yang Tianfeng, who was at the peak of the Taoist Palace, was invincible, and was punched through the body by Ye Fan's understatement.

This...

Simply unimaginable.

"I told you to retire, but you don't listen. In that case, you should bear the corresponding consequences and costs. You are all adults, and you should understand this truth."

Ye Fan withdrew his hand, and by the way, he was about to grab the origin of the Great Sun Treasure Body.

Yang Tianfeng opened his mouth wide, wanting to say something.

But the mouth was full of blood.

"When I first came here, I don't want to kill, take your physique, abolish your cultivation, and be a good person."

"Bang!"

Ye Fan's arm trembled.

A strong impact on Yang Tianfeng shattered all his bitter sea and Taoist palace.

"what!"

Yang Tianfeng screamed and fainted.

Ye Fan threw him to the old patriarch and said, "Take him with you, or you can stay too."

The old patriarch was covered in hair.

He didn't dare to say a word, so he left in a hurry.

The people of the Yue clan were stunned.

At this moment, the look in Ye Fan's eyes contained awe, this was definitely the Nascent Soul boss.

Yuefutu and Yueliuli landed.

"Ye Fan, I didn't expect you to be so powerful that I worry about you in vain."

Yue Liuli rolled her eyes.

"You abolished Yang Tianfeng, and it can be said that you have forged a great feud with the Ri family."

"So what, do they dare to seek revenge on me? If so, I don't mind destroying their clan."

Ye Fan said very lightly.

But it made everyone feel terrified.

"Yang Tianfeng covets Linglong, it should be for Linglong's physique."

"Yes, my elder sister is a Moon God body, very powerful. Yang Tianfeng wants to swallow the source of the Moon God body, and the fusion of the sun and the moon will help him achieve the Sun God body. It's really a wolf's ambition."

"Well, I'll keep the origin of this Great Sun Treasure Body. When I find Linglong and absorb it for me, then her Moon God body should improve. As for this Fire God Stick, it's boring, I'll give it to you."

Ye Fan threw the stick to Yue Liuli, and then transmitted the sound to Han Yu and Lan Yuxuan. The three left the Central Continent and headed for the abyss.

Yuefutu said with emotion: "This is the real dragon among people."

Yue Liuli muttered to herself: "My sister is saved, I hope my sister is all right, God bless her."

Chapter 1247: under the abyss

The three of Ye Fan jumped into the abyss.

At first, the cold air had no effect, but after diving for tens of thousands of meters, the cold air became terrifying and violent.

at this time.

Ye Fan has recovered the forty-ninth-level tyrant body, but his skin has also been frostbitten, and the blood in his body seems to stop flowing.

And this, has not reached the bottom yet.

"come over!"

Ye Fan's qi and blood exploded, covering Lan Yuxuan and Han Yu, and at the same time, he and Han Yu cast a different fire, lingering around the body, coupled with great body protection, and the protection of Wuxu Kunding, and dived madly.

20,000 meters.

At this moment, with so much protection, Ye Fan's body became stiff, and a layer of frost formed on his body.

"It seems like a bottomless pit, when will it be a head?" Lan Yuxuan was very worried.

For such a long time, they will not last long.

And at 25,000 kilometers, in addition to the extremely terrifying cold, a mysterious power was formed.

This power went deep into the defense and impacted the bodies of Ye Fan and the three, which seemed to wipe out their vitality.

"It's bad."

Ye Fan frowned.

If it goes on like this, they are afraid that they will be planted here, but just quitting like this, Ye Fan is not reconciled.

It is impossible for him to give up Yue Linglong.

Fortunately, at 28,000 kilometers, the mysterious power disappeared.

Even the cold has weakened.

At 30,000 meters, it finally landed. The cold air here could no longer hurt Ye Fan and the others.

This structure is amazing.

The abyss is dark.

Gloomy and gloomy.

Yue Linglong gave very little information, that is, under the abyss, but in this huge abyss, it is really difficult to find Yue Linglong.

After ten years, is Yue Linglong really still alive?

Ye Fan beat drums in his heart.

At the same time more and more self-blame.

The big tracking technique has been unable to find Yue Linglong's breath, Ye Fan has become a headless fly, searching aimlessly in the abyss.

For days in a row, nothing was gained.

And there are no monsters and monsters encountered, on the contrary, the resources are very rich.

In other words, it is a good place to concentrate on cultivation here.

Thinking of this, Ye Fan felt that Yue Linglong had a high chance of surviving.

only.

The image of Yue Linglong being sucked into a black hole repeatedly appeared in his mind. What is the black hole?

After Yue Linglong was sucked into the black hole, she came to this abyss?

No no no.

Ye Fan is absolutely wrong.

Yue Linglong had never been under the abyss, so how could she know that she was in this abyss after being swallowed by a black hole.

There is only one conjecture:

That is, Yue Linglong came to practice under this abyss, and when she touched something, a black hole appeared and was sucked in.

Ye Fan has a goal.

That is to find a way to make a black hole again!

But it's also a problem.

Who knows how Yue Linglong got the black hole out?

Ye Fan continued the carpet-like search.

He even waved his fist, frantically bombarding things in the abyss.

The abyss is vast, and there are mountains and rivers. Ye Fan collapsed countless mountains and rivers, but never made a black hole emerge.

Lan Yuxuan and Han Yu are looking for resources to cultivate.

have to say.

The resources in the abyss are rich and precious, and it is definitely a treasured place for cultivation.

Ten years ago, it was incredible that Yue Linglong had the ability to come here.

that's it.

A month has passed.

this day.

Ye Fan was meditating, because this month's search had no results, which made him very tired.

He asked him to meditate for a day to restore his spiritual power.

"Hey, Sister Han, I found a strange box, it looks ordinary, but it can't be opened."

"Let me see."

Han Yu and Lan Yuxuan started to study.

Boom boom boom.

The two kept bombarding.

Ye Fan was awakened, he let out a long breath, and his mental state recovered.

Looking at the two women, he asked, "What are you doing?"

"Brother, I found a strange box, maybe there is a treasure hidden in it."

"Yes!"

Ye Fan came.

When he saw the box, his eyelids twitched, and it seemed familiar.

Thoughts flow.

He thought about it, this box is Yue Linglong, and it is the inheritance treasure of the Yue clan.

When Yue Linglong became the patriarch, he inherited this box.

"Brother, what's wrong?"

"This is Linglong's box, a treasure inherited from the Yue clan." Ye Fan grabbed the box and felt it carefully. Sure enough, there was still some of Yue Linglong's breath.

"Yuxuan, where did you find it, take me there quickly."

"follow me."

Not long after, the three of them came to a valley, where there were many other flowers.

Brilliant and colorful.

The other side of the flower swayed, exuding a faint halo, reflecting the incomparable beauty of this heaven and earth, like a starry sky.

Ye Fan thought it was reasonable.

Yue Linglong must have been attracted by the sea of flowers on the other side. When he came here, he didn't believe what he touched, and a black hole appeared and pulled him in.

"Be careful."

Ye Fan reminded.

His eyes turned and yin and yang glanced, and finally, he found the clue.

In the sea of flowers, there is a stone tablet.

Two-thirds of this stele is buried in the ground, and one-third is outside, but it is covered by the other side of the flower.

"It seems that this stele is responsible. Perhaps, this stele is a mechanism." Han Yan said.

"You leave the sea of flowers."

Evan said.

If he wants to open the black hole, he will definitely be sucked and pulled, and he must enter the black hole to find Yue Linglong; unlike Lan Yuxuan and Hanyu who take risks.

However, Han said: "I haven't seen anything, and I'm not afraid at all."

This is true. The daughter of Chidi, who has seen the world in ancient times, is fearless.

Lan Yuxuan was not to be outdone: "I'm not afraid either!"

Ye Fan said: "Since this is the case, then the three of us will walk around to see what the **** is going on."

"boom!"

Ye Fan smashed the stone tablet with a punch, and the entire sea of flowers on the other side boiled instantly.

The blooming of these other shore flowers seems to be releasing some strange power.

"Look, big brother, the pollen of these other shore flowers."

"it's beautiful."

The three looked up.

The colorful pollen slowly lifted into the sky, and the world really dressed up as a bright starry sky.

Ye Fan's face was serious.

Suddenly, all the pollen gathered and a big explosion occurred, and a black hole slowly emerged.

The terrifying swallowing power spread, enveloped Ye Fan and the three, pulling them frantically.

"After entering the black hole, I don't know what it is, and it is very likely that I will be trapped to death. It is too late for you to regret it now."

"What the hell!"

Drought took the lead, rushing towards the black hole.

"etc."

Ye Fan grabbed Lan Yu and Lan Yuxuan with one hand, and said, "I don't know if we will be separated. The three of us must be together and hug me."

Han Yu and Lan Yuxuan looked at each other and said that there was nothing shy, and hugged Ye Fan tightly from left to right.

Ye Fan rushed out of energy, turned it into a chain, and entangled the three; at the same time, he also took out a rope.

This is the dragon rope.

It was obtained in the Heavenly Palace of Disaster of the Nether Race, and it is said to be a replica of the Immortal Rope of the Treasure Bundle in ancient times.

The dragon rope tied the three together, and it was really impossible to take it off.

"gone!"

Ye Fan jumped and rushed like a black hole.

Swish!

After the three entered, the black hole slowly disappeared, and everything was calm.

The other shore flower swayed, exuding a beautiful brilliance.

Chapter 1248: Wonderful world

Being sucked into the black hole, it seems to have entered a space teleportation array. The three of Ye Fan felt very strange, as if they were traveling through space.

It's like a warship entering a wormhole.

only.

too long.

The three of Ye Fan traveled for a long time, and finally there was light in front of them, and they suddenly became enlightened.

"Shh!"

The three of Ye Fan rushed out and fell to the ground.

They were not careless, and immediately entered a state of battle, observing the surrounding bells and whistles.

moment.

It was found to be safe and there was no danger.

This is a treasure mountain.

Listening to Ye Fan untied his shackles, he looked at the endless mountains, and he couldn't see the end at a glance.

and.

The spiritual energy here is extremely strong, much stronger than that of the Great Xia Kingdom and even the Wilderness Continent.

can be seen.

The resources here are also very rich.

Where?

Will not have left the earth.

Ye Fan muttered in his heart.

"We need to inquire about the situation, come with me." Ye Fan used the great invisibility technique and shuttled through the mountains and rivers.

Along the way, they saw many monsters.

There are the realm of the sea of suffering, the realm of the Taoist palace, and the realm of Nascent Soul, and there are many more.

"boom!"

Suddenly, Ye Fan and the others heard a huge roar, accompanied by a terrible energy aftermath.

Ye Fan was terrified, he speculated that this level of fighting seemed to surpass the Nascent Soul period.

Could it be that...

"go!"

Ye Fan followed the sound with Lan Yu and Lan Yuxuan, and came to the edge of the battlefield.

They saw that two big demons were fighting.

How terrifying that big monster is, every blow is enough to suffocate Ye Fan, Ye Fan feels that these two big monsters can crush him with one finger.

"This is beyond the realm of Nascent Soul, and it is a big demon who has broken through the realm."

Ye Fan and Lan Yuxuan's hearts contracted.

Break the virtual realm!

very scary!

What the **** is this place, there are even monsters in the Void Realm.

"Roar."

At this moment, an earth-shattering roar came, and the third great monster appeared and joined the battlefield.

good guy!

Another big monster that breaks the Void Realm.

Ye Fan's scalp was numb.

It's not over yet, the sky in the distance is split open, and a sword light kills, and the next second, a woman with a long sword joins the battlefield.

That woman is a powerhouse.

The battle between the four great powerhouses was terrifying. The aftermath of the energy made Ye Fan and the three of them unbearable, and they were forced to keep going backwards.

This battle did not last long.

At the level of breaking the void, it is too difficult to kill the opponent. There is no victory or defeat, and the four great powers of breaking the void have disappeared.

So far, the mountains and rivers have been quiet.

"call."

Ye Fan took a deep breath.

So cool!

Is this the Void Breaking Powerhouse? It's simply not comparable to the Nascent Soul Realm.

What the **** is this place!

Three days later, the three of Ye Fan finally crossed the endless mountain range. During the period, they caught some monsters in the Nascent Soul realm and asked about the situation. The result shocked Ye Fan.

here is...

"Xianshan World!"

Ye Fan was incredible.

Immortal mountain, the immortal mountain of the East China Sea!

From under the abyss, the chanting reached Xianshan, how could it be possible!

Lan Yuxuan said: "I also feel very familiar, this seems to be the depths of the abbot's fairy mountain."

At this time, the dry scorpion said: "Look at it!"

In the distant sky, blood light gallops.

Ye Fan's pupils contracted.

Undead blood!

At this moment, Ye Fan was sure that this was indeed the fairy mountain in the East China Sea, but it was unknown if it was not the fairy mountain of the abbot.

Creation tricks people.

I did not expect to come to the depths of Xianshan.

The depths of Immortal Mountain are so terrifying, a terrifying powerhouse with the realm of breaking the void!

"Brother, what should we do now?"

"There are too many strong people in the depths of Xianshan, and we can't be vertical and horizontal, so we can only act in a low-key manner. According to Linglong's talent and Moon God body, if we come to the depths of Xianshan, as long as we are lucky enough, we will definitely be accepted as disciples by big people."

"Let's make inquiries, and let's confirm Linglong's situation first."

"Go find the city. In such a big fairy mountain world, there are countless creatures and intricate forces. There must be a hodgepodge of cities."

This is not true.

After half a day of events, Ye Fan found a city that was extremely vast. There were all kinds of ethnic groups in this city.

Humans, monsters, beasts, demons and even Ye Fan saw some undead blood creatures.

It is said that fighting is not allowed in the city.

This makes the city a safe habitat.

The three of Ye Fan came to a restaurant to rest for a while. The restaurant was very large and there were many creatures drinking.

"The time for the martial arts meeting is not far away. This time, it is said that there are many young evildoers, all of whom are strong at the Nascent Soul level."

"Yeah, for example, Wu Lingjun of Taisu Sect, it is rumored that he came in from the outside world and holds some treasures."

Ye Fan's mind moved.

Wu Lingjun actually heard him.

Taisumen...

It seems that Wu Lingjun is doing well in the deep world of Xianshan.

"No matter how strong Wu Lingjun is, there is only one person."

"You are not well informed, I heard that Taisu Master has accepted another named disciple, and he is still in the form of a **** king."

"God King Body, this is true!"

"Exactly."

...

Han Yan said: "The body of the king of gods is really amazing. In ancient times, it was a powerful physique."

Ye Fan continued to listen.

"I think the princes and princesses of the undead blood race are terrifying. I heard that they have been promoted to the late Nascent Soul."

"The reorganization talent of the undead blood is too strong, and it is impossible to kill it. This time, the prince and daughter of the undead blood may win the championship."

"No, no, don't forget the fairy of Tongtian Palace, that is really scary, it is the legendary Moon God body."

The three of Ye Fan looked at each other.

Finally got the news of Yue Linglong.

Moon God Body, that must be Yue Linglong.

Tongtian Palace?

Ye Fan secretly remembered it in his heart.

"The Moon Fairy in Tongtian Palace is indeed powerful, but the goddess of the Celestial Clan will deal with her, and the Moon Fairy is afraid it will be very troublesome."

"Hey, the goddess of the heaven and human race is really, she has to grab a man with Fairy Moon. If he chooses to stay with me, there will be nothing to do soon."

"Dream you."

"Let me correct, Fairy Moon didn't rob men from the goddess of the Heavenly Human Race. It was entirely the Prince of the Yin-Ming Clan who pursued the Fairy Moon unilaterally, while the Goddess of the Heavenly Human Race liked the Prince of the Yin-Ming Clan, so she regarded the Fairy Moon as her enemy."

"Anyway, this meeting is worth watching."

"..."

Ye Fan was in a good mood, drinking a little wine.

It is a great blessing that Yue Linglong is safe and sound, and her status is respected.

On the day of the martial arts meeting, Ye Fan went to have a look, and Yue Linglong would definitely be pleasantly surprised.

However, Ye Fan was also mentally prepared.

He and Yue Linglong got close, so the prince of the Yin Ming clan would definitely cause trouble.

But it doesn't matter.

In the realm of Nascent Soul, Ye Fan is not afraid of anyone.

I am afraid that the big boss of the breaking level will take action.

But Yue Linglong is the fairy of Tongtiangong, and there must be a powerful person in Tongtiangong, who can be regarded as a backer.

"One more month."

Ye Fan muttered to himself, he decided to hurry towards the meeting point.

Because the location of Huiwu is very far away from here.

The major ethnic groups and major forces participating in the martial arts are also leaving.

Occasionally, there will be chariots over the city, splendid and full of pomp, they are all geniuses.

Of course there are big ones too.

It was a grand event, and many big names also went back to watch the game.

In the city, I inquired about the basic information of the world in the depths of Xianshan, and learned about some forces and ethnic groups. Ye Fan said with emotion that the depths of Xianshan are really wonderful.

Chapter 1249: Beidou teaching, countless geniuses

The location of the meeting is at the location of the Beidou Sect.

every shift.

This time, it was Beidou's turn to host.

Countless powerhouses are heading towards the Big Dipper Sect. Along the way, Ye Fan and the others are not lonely.

He even got acquainted with a young master of the sect.

"Brother Ye, in front of you is the sphere of influence of the Big Dipper Sect. Do you see the seven pillars of light that stand up?"

On top of the big bird at the peak of the Taoist Palace, there are four people, Ye Fan, Lan Yuxuan, Han Yu, and a purple-robed youth.

This big bird is a purple-robed youth mount.

Ye Fan met the purple-robed youth on the road, and of course the purple-robed youth took the initiative.

Because, it seems that he is interested in Lan Yuxuan.

So gallantly said to travel together.

Ye Fan is also willing to inquire about many things in the deep world of Xianshan.

The young man in purple robe is the elder brother of Xiaoyao Sect, his name is Zhuang Xiufan, and his realm in the middle stage of Nascent Soul is extraordinary.

This time I also came to participate in the martial arts.

Zhuang Xiufan lives up to his name, his appearance is not very handsome, he is just a little delicate and looks very ordinary, however, he exudes an extraordinary, unrestrained freedom and freedom all over his body.

This kind of temperament can easily make people feel good.

This is also the main reason why Ye Fan is willing to make friends.

"Beidou Sect, the seven pillars of light, are they seven peaks?"

"Hahaha, brother, you are really smart. That's right, the Big Dipper Seven Stars, the seven beams of light are the seven peaks of the Big Dipper Sect. That is to say, the Big Dipper Sect is divided into seven major veins."

Zhuang Xiufan talked eloquently.

"The seven peaks are dominated by Tianshu Peak, and the peak master of Tianshu is a big man in the realm of breaking the void. In addition, the six peak masters of Tianxuan, Tianji, Tianquan, Yuheng, Kaiyang, and Yaoguang are all half steps. The realm of breaking the void."

Ye Fan clicked his tongue.

Beidou is really scary.

One is broken, and the six major half-steps are broken, and the six peak masters join forces, I am afraid that it is comparable to one broken.

That is to say, the Beidou Sect has two Void Breakers.

This is still on the surface.

It is impossible for any force to bring out all the details, and the Beidou Sect must still hide old monsters.

It's really unfathomable.

"Don't be too shocked, brother. The Big Dipper Sect is one of the leading forces in the Xianshan world. It is understandable to have such a background."

"The last time I met martial arts, the champion was the big brother of the Beidou Sect."

"This time, the big brother of the Big Dipper is no longer eligible to participate, and I don't know what new talents will appear."

Saying that, Zhuang Xiufan looked at Ye Fan and the others.

According to Ye Fan's request, Lan Yuxuan lowered the realm, showing the late Taoist palace; Ye Fan was in the middle Taoist palace, and Han Xian was also in the late Taoist palace.

This is to keep a low profile.

Otherwise, Lan Yuxuan would definitely be considered a great disciple in the early days of Nascent Soul.

But now, Ye Fan introduced to Zhuang Xiufan that the three of them were loose cultivators, and they only cultivated to this point after receiving guidance from big men.

They have been practicing in the mountains and forests for many years, and they have only recently left the mountains to travel the world.

Zhuang Xiufan had no doubts.

Because, he did find that Ye Fan and the others knew very little about the world of Xianshan.

He could not have imagined that the three of Ye Fan came in from the outside world.

"Brother, it is not easy to enter the Beidou Sect to watch the battle. There is a formation outside the gate of the Beidou Sect. Only after successfully passing through the formation can you be qualified to watch the battle."

"No one can help with this, it's all up to you, so you have to work hard. It's a pity that my Xiaoyao sect is indifferent, not well-liked, and doesn't know people from the Big Dipper Sect. Otherwise, you can go in with me directly after walking through the back door."

"Brother Zhuang, we are also Taoist monks, so we can't even enter the gate of the mountain."

Ye Fan laughed.

At that time, he had already arrived at the formation.

This formation is extremely broad.

After all, there were countless monks who came to watch the battle, and the small formation simply couldn't work.

Zhuang Xiufan said: "Then I'll go first, and I'll wait for you inside. You can also go around by yourself, but remember not to offend anyone. When necessary, you can use the sound transmission jade pendant to contact me."

"Thank you."

Ye Fan clenched his fists.

Zhuang Xiufan did not use the formation method. As a member of the martial arts conference and a major disciple, he had an identity token and could enter directly.

"Brother, this Zhuang Xiu is not bad." Lan Yuxuan said.

"Are you tempted?" Ye Fan asked curiously.

"No, don't talk nonsense, I'm just telling the truth." Lan Yuxuan rolled her eyes.

Ye Fan nodded and said, "Indeed, Zhuang Xiufan can be friends. But it doesn't matter. Let's enter the Beidou Sect first and find Linglong in advance."

at this time.

With a roar of the beast, he saw a splendid chariot galloping toward him. The chariot was pulled by a huge monster, with flames burning all over his body.

On the chariot, there is a fiery big character:

fire!

The word "fire" seems to have a mysterious power, and a glance at it makes people's mind rippling.

Han Yan said: "It's amazing, that word actually contains the meaning of the road of fire, it's amazing."

"The Young Master of the Fire Spirit Race is here!"

someone shouted.

Woohoo.

Young Master Huo Ling played very pompously, sparks flew along the way, and the intense high temperature swept over.

Generally weak monks can't bear it.

"You've provoked this prince to death. I said what are you pretending to be?" An unhappy voice sounded between heaven and earth.

only see.

The cold breath erupted, and the originally rich high temperature dropped instantly, but the drop did not stop, and it was hundreds of degrees below zero.

It was terribly hot just now, and now it's terribly cold.

In the sky, a throne made of nether and mysterious ice galloped, with a handsome young man leaning on it.

"It's the prince of the Yin Ming clan!"

someone shouted.

Countless monks cheered, and seventy or eighty percent of them were female monks.

They are all fans of Prince Yin Ming.

Ye Fan looked at it carefully, but Prince Yinming was pursuing Yue Linglong, and there might be an opponent behind him, so he had to find out.

Prince Yin Ming is indeed handsome, if placed in the secular world, he would definitely be a super star, and he would have countless female fans.

There is femininity in the beauty.

But not a girl.

Of course, as a genius in the middle of the Nascent Soul, how could he be a sissy.

"Prince Yinming, let's be rare and there is not much time left, because above the martial arts, I will abolish you, and you dare to rob a woman with this young master and die!"

In the carriage, the cold voice of Young Master Huo Ling was heard.

Ye Fan was stunned.

What does Young Master Huo Ling mean?

Could it be that Young Master Huo Ling is also pursuing Yue Linglong.

I rely on!

Ye Fan's face is full of black lines, and his feelings have another great enemy.

Lan Yuxuan and Lan Yu secretly laughed.

Ye Fan was afraid that he had a headache.

"You're an ugly monster who wants to covet Fairy Moon, you're laughing so hard."

Prince Yin Ming retorted.

"Bastard!"

Young Master Huo Ling was furious.

"Roar!"

The monster that pulled the cart roared wildly, and then, the door of the cart opened wide, and the Young Master Huo Ling came out.

He is burly and strong, but not exaggerated. Although his face is not as handsome as Prince Yinming, he is very heroic.

Oddly enough.

Such a heroic and masculine man, he has long fiery red hair, which adds a unique charm to him.

"Master Young Master!"

"Master Young Master!"

Likewise, many female creatures are chanting.

Young Master Huo Ling also has many fans. His eyes were cold and he said, "I was going to abolish you, but now, I decided to kill you."

Prince Yin Ming still looked like he was hanging around, leaning on the throne and mockingly said, "I said how dare you speak madly, it turned out to be a breakthrough, late Nascent Soul."

"But that's not enough."

"In the middle stage of Nascent Soul, this prince can still beat you all over the place to find your teeth."

Young Master Huo Ling sneered: "Really, why don't you practice your hands now!"

"Why not."

Neither side stepped back.

The sword is drawn.

At a critical juncture, the Beidou Sect rushed out a stream of light and came between Prince Yinming and Young Master Huoling.

This is a woman.

Wearing a long white dress, her face is clear and beautiful, and she does not eat the fireworks of the world.

"It turned out to be Fairy Yaoguang."

Prince Yin Ming sat up straight and said with a smile, "Long time no see, the fairy is getting more and more beautiful."

Fairy Yaoguang, the direct disciple of the Beidou Sect Yaoguang Peak Master, in the middle of Nascent Soul.

"The fight will start three days later. At that time, the two will have a chance to fight, but it will not be now."

Fairy Yaoguang's face and voice were very indifferent.

Not very human.

Prince Yin Ming smiled and said, "Fairy speaks, this prince should obey. Red hair, three days later, I will go to your neck."

The words fall.

Prince Yinming controlled the throne and entered the Beidou Sect.

"Humph."

Young Master Huo Ling snorted coldly and rushed into the Big Dipper Sect.

Fairy Yaoguang glanced at the audience and said, "Fellow Daoists who came to watch the battle, I hope you will obey the order and not use force when you enter our teaching; you must not pick quarrels and stir up trouble outside the mountain gate, or you will be severely punished."

Swish!

Fairy Yaoguang left.

Lan Yuxuan said: "Brother, let's go in. There are so many talents, I am looking forward to the martial arts meeting in three days. It must be very exciting. Brother, do you want to intervene and amaze the audience?"

"Don't make trouble, I'm going to make trouble, I'm afraid I won't even be able to get out of the Beidou Sect." Ye Fan rolled his eyes and said, "No hurry, let's continue to look at the Tianjiao who came here, maybe we can see Linglong. Woolen cloth."

Next.

There are also some big sects and big clan arrogances, each of which is very powerful, and the battles are amazing.

It can be said that there are people outside people, and there are days outside the sky.

Some of them, Ye Fan felt unsure to deal with, such as the young master of Zhenwu Sect, the late Nascent Soul, a breath of air emanated that shook the world.

There are also the princes and princesses of the undead blood family, who are also in the late Nascent Soul, and their bloodlines are extremely pure.

Before Lantian Que turned into an undead blood creature, it was not considered a real undead vampire, because the body belonged to Lantian Que.

And now Ye Fan sees the prince and the princess, the blood is pure and terrible, and the talent is amazing.

These are true geniuses.

The last time was in the middle stage of Nascent Soul. Looking at Ye Fan himself, he was in the middle stage of the Taoist Palace, which was a big difference.

But Ye Fan was not discouraged.

Although his realm is in the middle stage of the Taoist palace, his physical combat power is comparable to that of the late Nascent Soul.

Therefore, in terms of comprehensive combat power, he is not afraid of Yuan Ying's peak, and he can fight.

"After waiting for so long, I didn't see Tongtian Palace. Did Sister Linglong go in long ago?"

"Maybe, let's go in too."

Ye Fan and the three had just entered the formation, and suddenly, the wind was shaking.

The crane came out of the sky.

Above the huge crane, there are two people, one sitting cross-legged and one fighting.

Ye Fan looked back, his pupils contracted.

Wu Lingjun!

Blue Yutian!

Chapter 1250: Yue Linglong's Sorrow

Finally saw Wu Lingjun and Lan Yutian, Ye Fan found out that Wu Lingjun was in the middle stage of Nascent Soul, and Lan Yutian was in the early stage of Nascent Soul.

However, Lan Yutian's aura was exceptionally strong.

"Is that the Divine King Body? It's really domineering, and the breath that he can't help exuding can resonate with other creatures' bodies."

Ye Fan muttered to himself.

But he didn't care, Lan Yutian was just a defeated general, and he focused on Wu Lingjun.

Wu Lingjun must have a list of gods from heaven.

This is the big killer.

"Big brother, it's really Lan Yutian. What should I do? It would be bad to be recognized. Lan Yutian is now a disciple of Taisu Sect, and his master is Taisu Daoist, a powerhouse of breaking the void." Lan Yuxuan was a little flustered.

Indeed, Lan Yutian must have known that they had killed the senior members of the Lan family. For Lan Yutian, Ye Fan was the enemy who killed his father.

Blood feud.

Once discovered, it must be dealt with by united forces. If they can't deal with it, Master Taisu will take action.

Ye Fan will not be arrogant enough to be able to deal with the Void Breaker.

"do not worry."

"I will make a big change and change my appearance. By the way, I will cut off the connection between us Zhuang Xiufan and don't have contact with Zhuang Xiufan for the time being."

"Okay!"

The three Ye Fans changed their appearances.

Han Yan said: "Ye Fan, the strong ones will see through it, we still can't be careless."

Ye Fan said: "Of course, mix with the living beings watching the battle, don't be in the limelight, and act low-key."

Lan Yutian and Wu Ling both joined the Beidou Sect.

At this time.

Ye Fan and the three talents passed the formation. For them, it was very simple and not difficult at all.

Entering the gate of Beidou Sect, the world seems to have changed, and the cultivation environment here is twice as good as outside.

The aura is extremely dense.

The scope of the Big Dipper Religion is too large, with seven peaks, each of which has a territory of tens of thousands of miles.

The combined territory of the seven peaks is 70,000 miles, which is not bad for other places, in general, at least 100,000 miles.

For ordinary people, 100,000 miles must be very far away, but for practitioners, it is not far away for the powerhouses of Nascent Soul and Shattering Void.

The battle location of Tianjiao Huiwu is in the performance field of Beidou Sect.

This martial arts field is three thousand miles long, surrounded by many hills, and there are VIP seats on top of each hill.

However, Ye Fan and the others are not qualified to go to the VIP seats on the mountain.

There is a place where the big sects, big religions, and big clan powerhouses watch the battle.

Ye Fan saw that many hills had erected banners, such as the banner of Zhenwuzong, the banner of the Fire Spirit clan, the banner of the Yinming clan, etc., which represented that they occupied the hills, and the idle people could not wait to go up the mountain.

"Big brother, look, Tongtian Palace is over there."

Ye Fan looked in the direction Lan Yuxuan pointed, and diagonally opposite them on the left side, there was the site of Tongtian Palace.

"Big brother, you can use the Great Invisibility Technique to go up and look for it quietly, and you should be able to find Sister Linglong."

"No, there is a risk. Who knows if the Void Breaker in Tongtian Palace is there. My Great Invisibility, the Void Breaker will definitely see through it, and even half a step Void Breaker may find it."

Ye Fan shook his head, he didn't want to do anything, he's already here anyway, so he's not in a hurry.

There are many spectators.

Surrounding the martial arts field, it is densely packed, almost all of them are in the Dao Palace realm, and there are also some loose practitioners in the Nascent Soul realm.

Everyone is waiting.

Surprisingly quiet.

In Beidou Sect, no one dares to be presumptuous.

On the hilltop of the Yinming Clan, in the main hall, the Prince Yinming was cultivating when a ghostly figure appeared.

"Father!"

Prince Yin Ming got up quickly.

"Father, I thought it was the high priest who came here, but I didn't expect you to come in person."

Prince Yin Ming was overjoyed.

Emperor Yin Ming is here, and he is full of confidence.

"This time Tianjiao will fight, it will be more terrifying than the last time, the last time, and even the last time."

"In the past, most of them were in the early stage of Nascent Soul, but this time, it is usually in the middle stage of Nascent Soul, and there is also late stage of Nascent Soul."

"You have to be careful, don't be careless."

Prince Yin Ming said: "Father, don't worry, I want to break through, I can do it at any time."

Emperor Yin Ming's eyes lit up.

Immediately, he said with relief: "Okay, very good, the father is looking forward to your performance."

Prince Yin Ming said: "Father, after this Tianjiao meeting, I don't dare to do anything. I hope you can propose marriage to Tongtian Palace."

Emperor Yin Ming smiled and said, "You are so infatuated with Yue Linglong?"

Prince Yin Ming blushed and said, "My son has seen many beautiful fairies, but he has never been so tempted. I want Linglong to be my crown princess, and I hope that the father and emperor will be successful."

Emperor Yin Ming said: "My clan and Tongtiangong have a little friendship. If you and Yue Linglong can get married, it will be a good thing. The royal father can propose a marriage for you, but I can't guarantee whether it will be successful or not, because..."

"The son of the Fire Spirit Emperor also took a fancy to Yue Linglong. You know that, and he will definitely ask the Fire Spirit Emperor to propose a marriage."

"In addition, your mother has always hoped that you and the goddess of the goddess..."

"Father."

Prince Yinming interrupted Emperor Yinming's words, shook his head and said, "Father, I have no interest in the goddess of the Celestial Clan. I will never agree to my mother. I only want Yue Linglong."

Suddenly.

There was a commotion outside, followed by a crisp voice: "Brother Prince! Brother Prince!"

Emperor Yin Ming smiled and said: "Whatever you say, the father will withdraw first."

Swish!

A figure rushed into the hall, it was a woman, but this woman was a little different from humans, with a small white horn on her head.

It is said.

The Celestials are the descendants of human beings and Pegasus creatures.

Seeing the goddess of the Celestial Clan, Prince Yin Ming frowned and said indifferently, "I want to practice, don't disturb me, just leave."

"Brother Prince, I'm here to tell you an important piece of information."

"What information?"

"Young Master Huo Ling has united with the prince and princess of the undead blood clan, and he wants to deal with you in the competition."

"what!"

Prince Yin Ming was startled.

A young master of the fire spirit, he is not afraid; but adding the prince and princess of the undead blood race, it is terrifying.

"This red hair is just killing me!"

Prince Yinming was extremely angry.

The goddess of the Celestial Clan said: "Don't worry, Brother Prince, I have contacted the young master of Zhenwu Sect, Wu Lingjun of Taisu Sect, and me, to help you deal with that stinky red hair."

Prince Yin Ming's eyes flickered and he asked, "Why are you helping me?"

The goddess of the Celestial Clan said: "Brother Prince, of course I don't want you to be hurt. But before that, Yue Linglong and I are enemies, and I want to abolish her."

"you..."

"Brother Prince, don't talk about it, no matter if you hate me or whatever, I will not let Yue Linglong go. I want to be a princess, but Yue Linglong can't do it."

After that, the goddess of the goddess left.

Prince Yin Ming had a headache.

He left the hall and came to the top of the mountain where Tongtian Palace was located, and was greeted by a woman in the early Nascent Soul.

"Prince Yinming, what do you mean by coming here?"

"Of course I'm here to find Fairy Moon."

"My goddess is cultivating, tell me that no one is there. The prince, please come back."

Prince Yinming looked at the hall, thought for a while, and said, "Please tell the fairy that the goddess of the Heaven and Human Race will deal with her, and let her be more careful."

"Thank you the prince for telling me, I will definitely tell the goddess."

"That's good."

After Prince Yinming left, the woman came to a room in the main hall and pushed the door in.

at this time.

On the jade bed in the room, a beautiful woman sat cross-legged, meditating.

This woman is impressively Yue Linglong.

only.

And once presumably, a lot has changed.

It is much more noble and holy than before, and there is a kind of thought that makes people dare not blaspheme.

"goddess."

The woman called softly, and then said, "Prince Yinming came over just now, saying that the goddess of the Celestial Clan was planning to deal with you, so be careful."

Yue Linglong did not respond.

The woman sighed: "Goddess, Prince Yinming has a deep affection for you, you can actually respond. We have a little friendship with the Yinming family in Tongtiangong."

"go out."

Yue Linglong opened her mouth.

Two words, very cool.

The woman was helpless and could only retreat.

At this time, Yue Linglong just opened...

Such beautiful eyes.

Seems like an extraterrestrial moon.

Yue Linglong's pair of eyes, no matter who it is, will definitely like it, and will even be fascinated by her beautiful eyes.

"Ten years."

Yue Linglong muttered to himself.

"Why haven't you come yet!"

A look of resentment appeared on Yue Linglong's face.

"After Tianjiao meets martial arts, Master will send me to the Colorless Realm. It is said that many powerful people in Tongtian Palace have entered through the past dynasties, but they have not come out alive. I am afraid that it will be a lifetime of nine deaths."

"Everyone thinks that the goddess of Tongtian Palace has a high status, but they don't know that she is just a chess piece."

"Are you really not coming back?"

"Aren't you coming to take me away?"

Yue Linglong was secretly hurt.

Suddenly, the door was pushed open again, Yue Linglong's emotions subsided, and she returned to her cold appearance.

A woman came in.

This woman is extraordinarily powerful, and she is one of the core high-level members of Tongtian Palace.

He is also Yue Linglong's teacher.

Back then, Yue Linglong fell into this fairy mountain world and was chased by monsters. She was the one who rescued Yue Linglong when she passed by, but she didn't expect to save a Tianjiao.

In ten years, Yue Linglong was also very competitive, reaching the mid-Nuan Ying realm, and at the same time, the development of the Moon God body became stronger and stronger.

If it weren't for the momentum, Yue Linglong would have already broken through to the late Nascent Soul.

"Master."

Yue Linglong respects and appreciates Ao Xinyan very much.

If it weren't for her, she would have been eaten by monsters ten years ago.

Ao Xinyan touched Yue Linglong's face and sighed, "Master didn't succeed, and the Palace Master still insists on sending you to the Colorless Realm after martial arts."

Yue Linglong bit her red lips.

"Master, can you wait any longer? It's not that I don't want to do things for the palace gate, but I'm so weak right now. Talk to the palace master, and wait until I become Poxu... No, half-step Poxu realm, I'll go again. Colorless Realm, can you?"

"Oh, I said so too, but the palace master refused." Ao Xinyan sighed bitterly.

"Master, what is the colorless world? I only know that the colorless world is terrible, but I don't know why the palace master sent me in."

"Now I can tell you that the Colorless Realm is a secret realm controlled by our Tongtian Palace. It is very dangerous. The most precious Tongtian abacus was calculated countless years ago. In the depths of the Colorless Realm, there are heaven and earth treasures that can help break through the void."

"what!"

Yue Linglong was shocked.

To break through the Void Realm, the Palace Master wants to seek a breakthrough.

Right.

The palace master is at the peak of breaking the void. For such a strong person, only breakthrough is the only driving force, and the others are not important.

"Since there are treasures of heaven and earth, why doesn't the palace master take it, how powerful he is at the peak of the void."

"The Colorless Realm has restrictions, and it can only be entered under the Void-Shattering Realm. Once the Void-breaking Realm enters, it may lead to the collapse of the secret realm."

"Master, among the sects, there are also senior brothers and seniors from Nascent Soul who are stronger than me. Why don't you find a genius at the peak of Nascent Soul."

"I have tried, I have tried it in all dynasties, but it didn't work. The reason why the Palace Master is so eager is that he has taken a fancy to your Moon God body. I guess, the Palace Master must have used the abacus to calculate, you may be able to rely on the Moon God body. Get back the treasures of that day."

Yue Linglong sighed: "The palace master is really, why are you in a hurry. When I become strong, I will go to the Colorless Realm, isn't it safe to do so?"

Ao Xinyan said: "The masters of the major forces are all competing, even if they break through the realm one day earlier, they will seize the opportunity. Linglong, don't worry too much. Tongtian abacus is a treasure. Since the palace master insists on asking you to go, That should mean that although it is dangerous, it will definitely not fall. As long as you come back alive, even if you only breathe, our Tongtiangong will be able to rescue you."

Yue Linglong took a deep breath and said, "Master, I understand. As a member of Tongtiangong, I will do my best. Now I should focus on the upcoming Tianjiao Wushu."

Ao Xinyan said with relief: "Good boy, the master did not persuade the palace master, but he also won benefits for you. The palace master promised to owe you a favor, and this favor is invaluable."

Yue Linglong nodded.

The favor of a peak-breaking powerhouse is indeed valuable, and it can be regarded as a big gain.
