

Elegant SS 1271

Chapter 1271: Many blessings, Ye Fan's true horror!

loss!

Huge loss!

The peak of Nascent Soul is the mainstay of any power.

Now.

The three major families lost sixteen directly.

Not a single splash of water splashed.

All eyes were on the opening axe in Ye Fan's hand. Although Wu Lingjian shouted, he didn't hear much at the time.

Many strong people were shocked.

That trooper is terrifying!

Without the axe, Ye Fan would surely die.

"Senior brother, that magic soldier is amazing. It seems to be more noble than the Big Dipper Seven Star Plate of our town teaching magic soldier."

The major peak masters were shocked.

Taoist Tianshu nodded: "Yes, that axe is very noble, and Ye Fan can get it, indicating that the luck is enough to defy the sky. This child should be able to join my Beidou Sect, and it will bring many benefits to my sect."

"Senior brother, do you mean to go to war with the three clans?"

"No hurry, just wait and see. Yue Linglong is the goddess of Tongtian Palace and Ye Fan's. I believe that the master of Tongtian Palace will come."

"Palace Master Tongtian!"

Many peak masters were shocked.

A stunning figure flashed in his mind, that existence is definitely one of the top powerhouses.

and.

In the peak realm of breaking the void, he is the youngest, and his potential is much greater than that of Tianshu Taoist, Blood Emperor, Taisu Daoist and so on.

It is also one of the most promising candidates to break through the shackles.

"call."

On the battlefield, Ye Fan took a deep breath.

The blow just now was his all-out effort, but it did not disappoint him. He slashed the peak of the Sixteen Yuan Ying with one axe.

very good!

Ye Fan looked at the opening axe.

It is indeed a congenital treasure.

The power grows with his strength, which is the magic weapon of the growth attribute.

only.

Ye Fan also knew in his heart that the moment he showed the opening axe, he was destined to be targeted by many bigwigs.

"Fire Spirit Race, Heavenly Human Race, Undead Blood Race, do you still want to challenge me?"

"Is there any more!"

Ye Fan's voice was low and vigorous.

The words seemed to be mixed with ridicule and contempt.

The faces of the Fire Spirit Emperor, the Heavenly Emperor and the Prince of the Undead Blood Race were ashen.

But.

Really helpless.

Yuan Ying peak can't deal with it, let half a step break through the void?

This is really a slap in the face.

However, the Fire Spirit Emperor couldn't take care of that much anymore and shouted: "Ye Fan, don't be complacent, it's just because you have a peerless magic soldier. For the sake of fairness, let the half-step emptiness-breaker come to meet you."0

The voice just fell.

Next to the Fire Spirit Emperor, a middle-aged man flew out; at the same time, a half-step Void Breaker also flew out beside the Emperor of Heaven and the Prince of Undead Blood.

The three statues broke through the void in half a step.

The formation of horns surrounded Ye Fan in the middle.

Their breath exploded and connected with each other, forming a cage, blocking the world and trapping Ye Fan.

"So strong."

Ye Fan's heart skipped a beat.

As expected of a half-step to break the void, it is no longer on the same level as the peak of Yuan Ying.

Even if the sixteen Nascent Souls peaked together, they would not be able to kill a half-step broken void.

And now that the three statues are half-step broken, that is equivalent to at least fifty Nascent Soul peaks.

This is at least!

The spectator's scalp went numb.

Suddenly.

Evan laughed.

The Fire Spirit Emperor shouted: "What are you laughing at! Why, I know I'm going to die, and I want to ask for mercy!"

"I laugh at your three clans being really rubbish, and sent three half-step Po Xu to bully me, a young comrade at the peak of the Taoist Palace."

suddenly.

The cover on Ye Fan was lifted.

Previously, the fragments of the book from the ground covered everything about Ye Fan, making it impossible for all the powerhouses, even the giants of the peak of the void to see through.

The remaining pages of the book are now radiating light.

Everything surfaced.

Ye Fan's realm was revealed, and it was clearly seen by all creatures.

The whole place was silent.

Silent.

stunned.

stunned.

Incredible.

incredible.

One by one, they opened their mouths wide, and even kept wiping their eyes, thinking it was an illusion.

Evan...

This brat who fights against the arrogance of the heavens alone, beheaded sixteen Nascent Soul peaks, and challenged the Void Emperor, is just...

Just the peak of the Taoist Palace?

Not even the Nascent Soul Realm?

What a joke!

The atmosphere was eerie, and needles could be heard falling.

"impossible!"

Wu Lingjun and Lan Yutian shouted.

Their eyes were split.

Ye Fan turned out to be only the peak of the Taoist Palace, and neither was Liu An Yuanying, but they still believed that Ye Fan was in the late Yuanying period.

This gap is too big.

At the same time, it also shows that Ye Fan is too defiant.

The lords of the major forces could not be calm.

"Brother, this!"

The major peak masters were shocked.

Suddenly, Kaiyang Peak Master said: "Senior brother, Ye Fan must be maintained and taught by me. This son is against the sky and cannot be missed. I cultivate the physical body, and I can accept Ye Fan as a disciple."

"Screw you."

Peak Master Tianquan hummed, "I'm going to make a decision for Ye Fan as a disciple."

Peak Master Tianxuan said in an old-fashioned manner, "Don't quarrel between the two junior brothers. You must learn to respect the senior brothers. Ye Fan belongs to me. As for the senior brother, you already have Yuanhua, so don't rob Ye Fan with the junior brother."

Taoist Tianshu twitched the corners of his mouth.

The Big Dipper Sect has started to "strife", and the three Fire Spirit Emperors have ugly expressions on their faces.

The more evil and terrifying Ye Fan is, the more he will be killed.

Otherwise, in time, when Ye Fan becomes a powerful player, he will definitely retaliate.

At that time.

There will be no peace for their three clans.

"When will the Blood Emperor arrive!" The Fire Spirit Emperor secretly transmitted his voice to the undead prince.

"Soon!"

The undead prince responded.

Now, they are all only in the late stage of breaking the virtual, unable to hold the scene, they must wait for the peak of the blood emperor to come.

Right now.

A voice sounded: "Ye Fan, you and I are destined to be my disciple, and I can keep you safe and sound."

It was Taisu real person who spoke.

This guy didn't speak from the beginning to the end, and now he expresses his position, his eyes are long, deep and no waves.

This is a tall man.

Rao is the leader of the Big Dipper, and his eyes are very solemn when he looks at Master Taisu.

Ye Fan clasped his fists and said, "Senior, thank you very much for your kindness, but I have a deep feud with Lan Yutian, and I also have a holiday with Wu Ling, how can I join Taisu Sect."

Taisu Zhenren said: "All contradictions can be resolved, this is a trivial matter."

Lan Yutian gritted his teeth secretly.

But.

He dared not object.

Will Ye Fan join Taisumen? This is absolutely impossible.

The real Taisu is very scheming at first glance, and it is definitely not a good thing. Wu Lingjun and Lan Yutian will definitely suffer in the future.

Ye Fan didn't want the wolf to enter the tiger's den.

"I'm sorry, senior, I appreciate your kindness. In fact, I have already agreed with Linglong that I will go to Tongtian Palace to see."

As soon as these words came out, Taisu's face turned cold.

Ao Xinyan was overjoyed.

"Ye Fan, come to my Tongtian Palace, I can ask the palace master to preside over the wedding for you and Linglong."

"Moreover, I have already informed the palace lord that the palace lord will come soon, so don't worry."

Ao Xinyan's words caused the expressions of Huo Linghuang and Taisu Master to change slightly.

What an eventful autumn.

Even the master of Tongtian Palace, who has not revealed his true body for many years, will come.

"Master!"

With a thud, Lan Yutian knelt down and shouted loudly: "Ye Fan killed my father and wiped out my Lan family. I have a **** feud with him. Please master for me, capture Ye Fan, and bring it back to Taisumen for punishment."

Pretty smart.

Master Taisu secretly said in his heart that he could not let go of Ye Fan, but he had to find a reason to intervene.

Now Lan Yutian's petition is more appropriate.

"Master will give you justice."

The simple sentence of Taisu Zhenren expresses his position and wants to participate.

Taoist Tianshu frowned.

However, things are still under control.

"You don't have to worry about anything." The Fire Spirit Emperor shouted, and the three half-step Void Breakers shot.

Immediately in danger, the danger is incomparable to you.

Ye Fan was not afraid. Instead, he was very calm, and even had a bold idea to kill half a step Po Xu.

Can it be done?

absolutely okay.

But it needs the help of the big guys in the body.

The Tianbao jade hairpin, the supreme dagger, and the broken pages of the book of the earth, any one of the three big men, as long as they make a move and cooperate with the opening axe, they will definitely be able to kill half a step Po Xu, and no matter how bad they are, they can be severely injured.

Unfortunately.

The Tianbao jade hairpin and the supreme dagger remained motionless.

It was the leftover pages of the book that Ye Fan could mobilize, but not much.

actually.

Ye Fan still has two treasures.

One is Tianbaoyu Ruyi, which was snatched from Lanyutian and has been refined.

The other is the Haotian Mirror.

It was obtained by beheading the witch lord back then.

However, over the years, Haotian Mirror has been silent, nurtured by Ye Fan's blood, and has not recovered yet.

Ye Fan also had a headache.

Otherwise, Haotianjing can help him a lot.

"kill!"

The three half-step slaying has come.

Ye Fan is very passive.

Crazy waving the open sky axe.

However.

No real harm was done to the opponent.

Differs greatly.

Moreover, the three half-steps are mentally prepared, which is different from the previous smashing of the sixteen Nascent Soul peaks.

"puff!"

Ye Fan was sent flying, and his chest was split open.

"Brother Fan!"

Yue Linglong shouted.

The next moment, she turned around and shouted: "Beidou Sect Master..."

"exquisite!"

Ye Fan shouted, interrupting Yue Linglong's petition.

He stood up and said with a sneer, "It's just half a step to break the void, don't bother the Big Dipper leader to take action, but use a slaughtering knife to kill a chicken."

"Everyone, you are all optimistic, I am a peak of the Taoist palace, how can I kill the half-step Poxu."

"open!"

In an instant, death and the like spread, lingering on the opening axe.

at the same time.

In the depths of Ye Fan's bloodline, a light flickered.

"Haotian Mirror?!"

Ye Fan was surprised and happy.

Unexpectedly, at this time, Haotian Mirror had recovered, and it seemed that it had been completely refined by Ye Fan.

indeed.

I have been immersed in Ye Fan's blood essence for so many years. If it can't be refined, it really doesn't give face.

"Haotian Divine Light!"

Ye Fan's confidence increased greatly, and with a roar, three dazzling brilliance rushed out of his body.

Instantly enveloped the three half-step shattering voids.

Make them immobile for a while.

"cut!"

Kaitian axe to kill.

Half-step Po Xu was alarmed and hurriedly resisted, but it was useless.

"what!"

A half-step broken arm was cut off, not only that, the force of death invaded, causing his body to change, and his breath began to decline.

"Come again!"

Ye Fan was utterly messed up, knowing that he was in a hurry, and the opening axe swung again.

Split the other two half-step broken virtual.

One had his shoulder chopped off, and one had his head chopped off in half.

Horrible, **** and horrific.

"Ahhh!"

The shrill screams echoed between heaven and earth.

Ye Fan once again shocked everyone.

Half-step Po Xu is not even Ye Fan's opponent, my God, how powerful is Ye Fan.

He is only the peak of the Taoist Palace.

"Haotian help me!"

"Help me!"

"Supreme dagger, Tianbao jade hairpin, if you don't move, I will let the Big Dipper leader take action, dig you out, and discard them."

With the last sentence, Ye Fan roared inwardly.

A blatant threat.

But let's not say, the supreme dagger and Tianbao jade hairpin, which are immovable by lightning, really moved.

not only.

Even Dragon Ball shines brightly.

"Shh!"

The first is Dragon Ball, the energy given, instantly restored Ye Fan to his heyday.

Next is the dagger.

He didn't show up, but an extremely sharp ray of light erupted, lingering on the blade of the Sky-Opening Axe.

Finally, there is the Tianbao hosta.

This guy didn't seem to want to contribute much, but only briefly increased Ye Fan's power.

Ye Fan was also satisfied.

At this moment, Ye Fan, under the blessing of many invincible soldiers, is so powerful.

"not good!"

The Fire Spirit Emperor, the Heavenly Human Emperor, and the Undead Blood Prince were shocked and had a premonition of the crisis,

"Get out!"

They roared in unison.

But it's too late, it's really too late, whether it's a supreme dagger, a Tianbao jade hairpin, a sky-opening axe or a Haotian mirror, it's all too terrifying.

With the blessing of so many invincible soldiers, how could the three deities escape with half a step.

"Dust to dust, dust to dust."

"Let's go."

Ye Fan waved violently, and the sky collapsed in an instant.

The martial arts field exploded directly.

The three half-step Void Breakers were cut off by the waist, and then half of their bodies were wiped out in the energy.

Chapter 1272: Break the virtual shot, the peak is coming!

"Evan!"

The Fire Spirit Emperor was furious.

The fall of a half-step broken emptiness is a pity dozens of times that of the previous peaks of Nascent Soul.

It's a shame.

Extreme shame!

Countless spectators were shocked, Ye Fan actually killed three half-step Void Breakers.

He is only the peak of the Taoist Palace.

Taoist Tianshu was going to take action, but this result was beyond his expectations.

Ye Fan once again showed his enchanting talent.

"How can it be!"

Wu Lingjun and Tianjiao's face froze.

unbelievable.

Suddenly, the Emperor of Heaven shouted in a sharp voice, "It's nothing but relying on divine weapons."

The undead blood prince agreed: "Yes, with the help of foreign objects, pigs can fly to the sky."

"Ye Fan, you killed the strong of my clan three times in a row, and paid for it with blood. Don't blame me for taking it personally."

The Fire Spirit Emperor moved.

He reached out and grabbed Xi Yefan.

now.

Ye Fan couldn't resist.

This is the late stage of breaking the virtual, and it is very different from the half-step breaking the virtual. Even if you mention the IDE Tianbao jade hairpin and the supreme dagger, I am afraid that you will not be able to kill the Fire Spirit Emperor.

This is not to say that the Tianbao jade hairpin and the supreme dagger are not strong, but because they have not regained their former glory.

They are recovering following Ye Fan's strength.

"stop!"

On Beidou Sect's side, the violent real person Kaiyang shouted and shot.

The Fire Spirit Emperor sneered: "Kaiyang, you are only half a step to break the void, and you dare to stop me!~"

"Who said I was half-stepped!"

"open!"

The Taoist Kaiyang roared.

The realm broke out, where is the half-step Void Breaker, it is the powerhouse in the middle stage of Void Breaker.

"what!"

The Fire Spirit Emperor was shocked.

at the same time.

Peak Master Tianxuan also had a surge of aura, and it was also in the middle stage of breaking the void; then, Peak Master Tianji, Peak Master Tianquan, Peak Master Yuheng, and Peak Master Yaoguang also showed their real realms one after another.

It's all in the middle of the void.

How amazing.

It shocked the representatives of many forces present.

To know.

Most of the forces in Xianshan, on the bright side, there is only one powerful person who breaks the void.

Of course, there are other Void Breakers in the dark.

But certainly not much.

It's better now, the seven peak masters of the Beidou Sect, as the Tianshu Taoist who stopped him, are at the peak of the broken void, and the other six peak masters are in the middle of the broken void.

This is simply a torrent of force.

The most terrifying thing is.

This is on the bright side of the Big Dipper Religion. In the dark, in the depths of the Beidou Religion forbidden area, are there still old monsters and antiques?

Thinking about it this way, the Big Dipper Sect is too terrifying.

It is worthy of being the Beidou Sect that can refine the Void Breaking Pill. It has always been low-key and indifferent to the world.

"boom!"

Peak Master Kaiyang scattered the handprints of the Fire Spirit Emperor.

Then he went deep into the thunder and said, "Ye Fan, our Beidou education is guaranteed!"

The Fire Spirit Emperor was in a rage: "The Big Dipper Sect, you really want to get involved and fight against our three clans and the Taisu Sect!"

The Emperor of Heaven shouted, "Please think twice!"

"chatter."

At this time, the prince of the undead blood gave a cold laughter, looked at the Big Dipper Sect, and said coldly, "I have to say, your Big Dipper Sect is very strong."

"However, the background of our undead blood race is no worse than yours."

"Ye Fan, as the nemesis of our clan, must die, and no one can save it."

"Beidou teaches you to go your own way, then you can only fight. Our undead blood is not afraid of you."

The Fire Spirit Emperor and the Heavenly Human Emperor agreed: "We will also participate in the war!"

Taisu is a little embarrassed.

Although he wanted to win Ye Fan, it was not a wise choice to fight the Beidou Sect.

He asked again: "Ye Fan, enter my Taisu Sect, today's affairs can be settled here."

"Hahaha, Master Taisu, you look too high on yourself. My blood emperor is about to come, I really want to see if you can deal with my blood emperor."

"Noisy!"

Master Taisu shouted fiercely, swept away the whisk in his hand, and the undead blood prince in the late stage of Poxu actually vomited blood and flew upside down.

This blow.

Shocked all the strong.

Rao is the Big Dipper sect master and his pupils are constricted.

So strong!

It seems that Master Taisu has reached the peak, and like Tongtian Palace Master, he is seeking the final breakthrough.

"Ye Fan, what are your thoughts?"

The real Taisu was a little persecuted.

Ye Fan was very firm, and he could not join Taisu Sect no matter what, he could either enter Tongtian Palace or join Beidou Sect.

Others are not considered.

"Feel sorry."

Ye Fan shook his head.

Master Taisu sighed: "Since this is the case, I can only reluctantly uphold justice for my disciple."

"Hahaha, that's right."

The Fire Spirit Emperor and the others were overjoyed.

Taisumen joined, and the strength increased greatly.

Beidou can't protect Ye Fan!

Even if you fall in love with Tongtiangong, it will not work!

"Capture Ye Fan."

Master Taisu was very straightforward and decisive. He took a step by step and instructed the Fire Spirit Emperor and the others to capture Ye Fan.

And he looked towards the Big Dipper Sect.

The meaning is obvious, to stop the Beidou Sect from intervening.

"Get out!"

Countless spectators were horrified.

The giants are going to fight, and with a little bit of energy, they will all be wiped out.

A torrent retreated.

But.

Not leaving completely, they are all watching from a distance.

because.

Such a battle is very rare.

Unpredictable.

Must see.

"I didn't expect that the situation would evolve to this point." Emperor Yin Ming smacked his tongue secretly, "My Yin Ming family doesn't want to go into this muddy water."

Queen Yinming withdrew.

Watching the battle from a distance has no intention of participating in the battle.

Rumble.

Huo Linghu grabbed Ye Fan and grinned: "Ye Fan, your fate is already doomed, no one can save you!"

"Open the sky!"

Ye Fan roared wildly, raised the sky-opening axe high, and slashed at it.

However.

It is impossible to split the handprint of the Fire Spirit Emperor at all.

"I really think I'm invincible. I'm just at the peak of the Taoist palace, and I have a few magic weapons. It's stupid to think about fighting against the emperor."

The Fire Spirit Emperor scolded mercilessly.

Comes with a mental shock.

"puff!"

In an instant, Ye Fan's seven orifices bleed, blood spurted wildly, and he had no power to fight back.

"Brother Fan!"

Yue Linglong exclaimed.

At this moment, she didn't hesitate any longer and shouted: "Please take action, the Big Dipper leader, to keep Ye Fan comprehensive."

boom!

The leader of Beidou also waited for Yue Linglong's petition.

He needs to be famous.

Master Taisu said indifferently: "Tianshu, I will meet you. Don't be greedy for the following things."

"Junior Brother Tianxuan, you go protect Ye Fan."

"As ordered."

Tianxuan and other six peak masters rushed out.

Taoist Tianshu strolled in the air, rushed to Master Taisu, and said with a light smile: "It seems that you have reached Jue Dian and are seeking a final breakthrough."

"That's right."

Taisu real person nodded.

"Actually, so do I, so let's have a fight."

The two of them spoke very calmly, not even murderous.

It was as if two ordinary people were communicating.

However.

The collision was only seen, and the sky and the earth were torn apart.

"Boom."

The Beidou Sect's defensive formation was shrouded in it. This formation was a guardian formation. It was powerful and scary. It could completely block the aftermath of the battle and avoid destroying the Beidou Sect.

The battle between the two peaks of breaking the void is not as spectacular and gorgeous as imagined, but it is very simple.

But every collision was horrible.

Looking at the battlefield below.

The six peak masters appeared around Ye Fan, protecting Ye Fan and Yue Linglong in the middle.

"You are only in the middle stage of breaking the void. Although there are six, it can't stop the three of us."

The Emperor of Heaven and the Prince of Undead Blood join.

The three major Void Breakers made their shots in the late stage, and their power was unmatched; but the six major peak masters did not back down and formed a combined attack formation.

this moment.

It seems that the six of them are one.

Fighting power soars.

Kaiyang Peak Lord shouted: "Ye Fan, can I borrow you to use the Kaitian Axe?"

"Why not!"

Ye Fan threw the Kaitian Axe to the Kaiyang Peak Master.

He also pays attention to body training, and his physical body is very strong. As a striker, he faces the three major late stages of breaking the void.

Kaiyang Peak Master grabbed the Kaitian Axe.

The arm sank.

Thick!

Extremely heavy!

Ye Fan may only have tens of thousands of pounds in his hands, but in the hands of Kaiyang Peak Master, he has several million pounds.

But.

For the Kaiyang Peak Master under the blessing of energy at this moment, several million kilograms just feels heavy, and it is still neat to wave.

"What a great axe!"

"Fantastic!"

The master of Kaiyang Peak was excited.

In the next second, hold the opening axe high and attack the three major late stages of breaking the void.

"boom!"

first confrontation.

The two camps were evenly divided.

The Fire Spirit Emperor's face was ugly: "Don't hide your clumsiness, make a quick decision, and things will change later."

In an instant.

Fire Spirit Emperor alienation.

Although he does not have a bloodline to return to his ancestors, he has part of the bloodline of the Fire Origin Lizard.

Alienated at the moment.

Fighting power soared.

The same is true for the Celestial Race, which is also alienating and transformed into a half-human half-horse.

A pair of blood-colored wings 30 meters away burst out from behind the undead blood prince.

The battle power of the three emperors has risen sharply, and when they join forces, there is a trace of peak power.

"Everyone work harder."

Peak Master Kaiyang roared.

Tianxuan and other peak masters also attacked with all their strength.

At this time, Ye Fan, frantically performing a big deduction technique, found that his side was at a disadvantage.

If it collides, it will be broken directly.

"Dragon Ball!"

Ye Fan opened his mouth and spat out the Dragon Ball.

It flew above the heads of the six major peak masters, and fell down to a dazzling brilliance, blessing all.

"What a powerful energy, what is this!"

The six peak masters were both surprised and delighted.

Peak Master Kaiyang laughed, "It's good, just a little more, today I'm going to hack to death these three people who are neither human nor ghost."

All this last night.

Ye Fan didn't care, he was already exhausted.

Yue Linglong took out some resources and said, "Brother Fan, quickly repair the injury."

Ao Xinyan turned around in a hurry.

"Why hasn't the palace master come yet!"

"I can't do anything."

Ao Xinyan was only half a step away, and in this kind of battle, nothing could help.

He couldn't even provide Ye Fan with healing resources.

Because Ye Fan was in the center of the battlefield.

now.

The six peak masters and the three emperors collided.

The second full-fledged confrontation.

"puff!"

Both sides vomited blood and flew upside down.

Evenly matched.

"hateful!"

The Fire Spirit Emperor was embarrassed.

Very frustrating.

For a while, I am afraid that there is really no way to take down Ye Fan.

The Axe's bonus is too strong.

And what dragon ball.

Damn.

Why is Ye Fan full of treasures all over his body?

"Woooooo."

But at this time.

The entire Beidou Sect suddenly turned black, no, it turned black from red.

Actually blood red.

This vision stopped the battle between Daoist Tianshu and Master Taisu.

Taoist Tianshu's face sank.

he came!

Woohoo.

The yin wind whistled, mixed with the smell of blood.

In the boundless blood-colored red cloud covering the Big Dipper Sect, a huge wing suddenly appeared.

Those wings are really too big.

Three hundred meters long.

Immediately after.

It is a pair of blood moon-like eyes, flashing with a terrifying brilliance that captures the soul.

"Everyone, stay safe."

A vigorous and majestic voice sounded.

Earthquake shook.

The monster emerged from the blood cloud, revealing its shape, this is a blood beast.

It can be said.

Is the full form of the undead blood.

"See the patriarch!"

The prince of the undead blood knelt down on one knee, extremely reverent and devout.

This is the blood emperor.

"Shh!"

Suddenly, the huge monster turned into a wisp of blood-colored smoke, and reappeared, it was a handsome and bewitching middle-aged man.

no different from humans.

"Monster transformation."

A professional term came to Ye Fan's mind.

In ancient times, many monsters could transform into human form.

As for why they like the human form, because the ancient science and technology groups have studied and science has shown that human beings are the most perfect form.

anyway.

The transformed blood emperor was not fierce, but very elegant. He glanced at it, and his eyes fell directly on Ye Fan.

"I didn't expect that we would meet so soon. I was very puzzled, why did you enter here. At that time, I said, you and I will kill you and help my genocide hidden danger."

"You dare to come in, you are really brave."

"Ye Fan, are you going to follow me obediently, or let me do it myself. Don't take chances, the emperor will come, and the result is already doomed. The Big Dipper leader can't stop it. Of course, this does not

mean that the Big Dipper leader is weaker than me, but It's because I can teleport into the void and take you out of the Big Dipper Sect in an instant!"

Void teleportation?

Ye Fan's mood sank to the bottom.

The Taoist Tianshu frowned, and the blood emperor said it was true. It was too difficult for him to block the void teleportation.

Moreover, there is also the interference of Taisu real people.

It can be said that it cannot be stopped at all.

The Blood Emperor stood with his hands behind his back, and said calmly: "I heard that you are also related to Tongtian Palace. Is Tongtian Palace Master coming, but unfortunately, his speed is a bit slower, and he can't catch up with the speed of my Void Teleportation."

"Yes?"

"I can't see it."

Two sentences made the blood emperor's eyes congeal, and when he looked up, he found that the blood-colored clouds in the sky had been cut off.

A figure appeared in the sky, flashed several times, and appeared here.

"Palace Master."

Yue Linglong and Ao Xinyan shouted excitedly.

The Master of Tongtian Palace has a long look and said coldly: "Your void teleportation is very fast, and my Douzhuangxing is not slow."

Chapter 1273: Hokuto Seiko

Ye Fan looked at Tongtian Palace Master, but he didn't expect it to be a woman, exuding awe-inspiring majesty, wearing a veil, that veil should be specially made, and no one could see through it.

Standing in the sky, she was amazing.

As soon as Tongtian Palace Lord appeared, all the spectators from afar were boiling, and he obviously had countless fans.

It has been many years that the Palace Master Tongtian has not been revealed in the important long river, and it has not changed since he appeared today.

Even if the face is covered, it is absolutely stunning and has infinite charm.

Ye Fan breathed a sigh of relief.

When the Master of Tongtian Palace comes, it will be two-on-two.

He and Beidou leader VS Taisu real person and blood emperor.

The six peak masters VS the three emperors.

It's a draw anyway!

In fact, Ye Fan felt that as long as he was smart, this battle would not go on.

Because nothing will come of it.

The Blood Emperor, Tongtian Palace Master, Big Dipper Cult Master, and Taisu Daoist are all at the peak of breaking the void, and when they reach the realm of absolute top, they are all looking for your final breakthrough.

No one can help anyone!

The battle between Master Taisu and the Big Dipper just now illustrates the problem.

The Blood Emperor was not angry when he saw the coming of Tongtian Palace Master, and he was fighting against each other, and even had a smile on his face.

"Qingluo, it's been eight years, and I finally saw you again. In the past eight years, I went to Tongtian Palace many times, but you refused to see me. It's really heartless."

"You and I have nothing to do with each other, why did I see you; besides, I am a human race, you are an undead blood race, and there is no need for friendship between aliens."

Qingluo, the master of Tongtian Palace, was very indifferent.

The Blood Emperor sighed: "You are still like this. For so many years, I have been waiting for an answer from you."

Tongtian Palace Master's face suddenly turned cold and his breath shook: "Please be careful!"

"Forget it, don't talk about that."

The blood emperor's eyes fell on Ye Fan, and then he said: "You came here to protect Ye Fan, but you know that Ye Fan is the nemesis of our clan, the ability to seduce and crack our clan's talent, his immortality is my confidant's serious concern."

"What's wrong with me!"

"Qingluo, for you, I can give Ye Fan to you. If Ye Fan joins the Beidou Sect, he will definitely die, and this battle must be fought. But if Ye Fan is willing to follow you and join Tongtian Palace, I will give up beheading. Evan."

As soon as these words came out, everyone was shocked.

good guy!

The blood emperor is too infatuated.

In order to please Tongtian Palace Master, even Ye Fan could not be killed.

Ye Fan is the nemesis of the undead blood race.

Once the restraint method is popularized, the advantages of the undead blood will be gone, and the combat effectiveness will be greatly reduced.

"Patriarch, you can't!"

The prince was shocked, knelt on the ground and begged: "Ye Fan has mastered the method of restraining our clan, he cannot stay, he must die. Please think twice about the clan master."

"Are you teaching me what to do?"

The Blood Emperor glanced coldly.

The prince was stiff all over, feeling that disaster was imminent, and quickly said: "Don't dare!"

The Blood Emperor snorted coldly, looked at the Palace Master Tongtian, and said, "Qingluo, for you, I will hand Ye Fan to you, which will quite restrain my clan's throat. Are you still unwilling to promise me?"

Tongtian Palace Master was still very calm, and said lightly: "This is all your wishful thinking, and it has nothing to do with me."

"Blood Emperor, Tongtian Palace Master is not appreciative, don't be stubborn, let's take action together and capture Ye Fan, this kid has a lot of good things."

The Fire Spirit Emperor shouted.

The atmosphere became tense and depressing.

The blood emperor said: "No matter what Qingluo thinks, but I have no plans to take back what the emperor said."

"Ye Fan, let me ask you, how do you choose? Will you join Tongtian Palace?"

Ye Fan was stunned.

This blood emperor's special mother is still an infatuated species.

It's too funny.

The dignified giant at the peak of the emptiness, in order to pursue love, is willing to give up the means of restraining the throat of the ethnic group.

Lovely song!

Yue Linglong said: "Brother Fan, hurry up, join Tongtian Palace, and today's matter is over. Moreover, the palace master can also host a big wedding for us, and I want to marry you."

Ye Fan was thinking.

In fact, what he most wanted to join was Beidou Sect.

Because he wants to practice the Big Dipper Good Fortune Fist.

Only cultivating is not enough. Previously, Han Xian guessed that the Beidou Sect owned the leftover pages of the Book of Fortune.

If you want to practice Good Fortune Fist, you must observe the leftover pages of the human book.

If you join Tongtian Palace, there is absolutely no hope.

But now...

Ye Fan was really confused.

Ao Xinyan was angry and anxious, and urged: "Ye Fan, what are you doing. Joining our Tongtian Palace, isn't this an inevitable result. Don't you want to be exquisite?"

Yue Linglong also became worried: "Brother Fan, what are you thinking about?"

air.

The corner of the Blood Emperor's mouth rose, looked at the Tongtian Palace Master, and smiled lightly: "Qingluo, it seems that this kid doesn't want to join the Tongtian Palace, you are disliked."

Tongtian Palace Master's eyes flickered, and he was indeed a little dissatisfied.

Master Taisu spoke again: "Ye Fan, join my Taisu Sect, I can promise to give you the greatest and best resources, teach you to practice, and help you reach the state of breaking the void faster."

Suddenly.

Emperor Yinming, who was watching the battle from afar, also came and stretched out his olive branch: "Ye Fan, although there is little hope, I still want to mention something. We also welcome you from the Yinming tribe. Although you and my son have some unpleasantness, it is not a problem. "

The Fire Spirit Sovereign sneered: "What are you Yin Ming clan messing with!"

Emperor Yin Ming is also in the late stage of breaking the void.

Obviously, the Fire Spirit Emperor is saying that the Yin Ming Emperor is not strong enough, so don't get involved in the competition between the giants of the peak of the void.

But Emperor Yinming said: "My clan's Supreme Emperor is still there, otherwise, let the Supreme Emperor come over for a walk."

The Fire Spirit Emperor's expression changed.

The Supreme Emperor of the Yin-Ming Clan, also known as the ancestor of Yin-Ming, was at the peak of breaking the void many years ago.

It hasn't appeared in fifty years.

Many strong people think that the ancestors of Yin Ming have become seated.

Unexpectedly still alive.

The Master Taisu, the Master of the Big Dipper, the Master of the Tongtian Palace, and the Blood Emperor who were present were all the juniors of the ancestors of Yin Ming.

When the old monster came over, the situation became more complicated.

"Evan, how are you?"

"Sorry, thank you Emperor Yinming for your kindness." Ye Fan clasped his fists, Emperor Yinming sighed and said nothing.

"Really Taisu, I really have no intention of joining Taisumen."

Ye Fan once again rejected the real Taisu.

three times.

Taisu Zhenren finally burst into anger.

"It looks like you want to join the Beidou Religion?" Taisu Master sneered, "In this way, we have to fight hard."

Taoist Tianshu's eyes were burning.

Ao Xinyan shouted: "Ye Fan, you're out of your mind, you can't see such an obvious situation, say ah, join Tongtian Palace!"

Yue Linglong also kept persuading.

But Ye Fan was firm.

He didn't want to be pushed around by others, but he felt that Good Fortune Boxing was of great use to him.

Anyway, he just wanted the blood emperor to be unhappy.

"senior!"

Ye Fan clenched his fists at Tongtian Palace Master.

"I'm sorry, but I don't want to join Tongtian Palace. This is my own reason, because I want to learn Beidou Fortune Boxing. I want to join Beidou Cult so that I can truly learn Fortune Boxing."

"Are you willing to take risks for a boxing technique?" asked the Palace Master Tongtian.

"There are indeed risks, but I won't die. If the Big Dipper and you are combined, it's possible that they can't fight against Taisu Zhenren and the Blood Emperor."

"How are you sure I'll help you out?"

"Linglong can petition."

When Ye Fan's words fell, Yue Linglong looked at Palace Master Tongtian and said, "Palace Master, please don't be angry, Ye Fan did not want anyone to bow his head along the way."

"I know him very well, and I would rather die than be at the mercy of the Blood Emperor."

"Palace Master, I promised to enter the colorless world, and you also promised to do one thing for me. So now, I ask you, Palace Master, and Master Beidou, to keep Ye Fan comprehensive."

Colorless world?

Ye Fan noticed the key words.

Linglong hadn't mentioned it to him this month, and he was keenly aware that it was a bit tricky.

"interesting."

Suddenly, Tongtian Palace Master hummed.

"Tianshu, it seems that we have to contribute."

"Hahaha, it is my honor to be able to fight side by side with the Palace Master."

Taoist Tianshu is in a good mood.

Ye Fan wants to join the Beidou Sect, so firm and good.

"In the name of the Big Dipper Cult Master, I once again announce that from now on, Ye Fan will be my Beidou Cult disciple, divided into Holy Sons, and will be on an equal footing with the major Peak Masters."

"boom!"

Everyone was shocked.

The leader of Beidou actually canonized Ye Fan as "Son of Beidou", which is really too partial.

How many years... Hundreds of years have passed, and the Beidou Sect has not canonized the Holy Son.

Today, I witnessed the birth of the Beidou Holy Son.

Of course.

No one was surprised.

Ye Fan is really too enchanting, he is just a Taoist peak, beheading sixteen Nascent Soul peaks and three half-step breakers.

Even challenged with the peak of the broken virtual.

Any one is enough to be glorious.

"Master."

Fairy Yaoguang pulled Feng Yuanhua.

At this moment, Feng Yuanhua was very calm, and smiled bitterly: "Junior sister, this is the honor that Ye Fan should have. Senior brother is not a narrow-minded person. I am convinced."

"Ugh!"

"If Ye Fan is in the late Nascent Soul and is in the same realm as me, and the master canonized Ye Fan as the Holy Son of the Big Dipper, then I have to fight for it. But..."

"Ye Fan is only the peak of the Taoist Palace."

"His potential is too great, senior brother is not as good as him."

Feng Yuanhua looked very clearly.

Fairy Yaoguang said: "In my heart, Senior Brother will always be the strongest."

Feng Yuanhua's mind is rippling.

There was a trace of unhappiness in her heart, and it disappeared under the love of the beauty.

"Thank you, Master."

Ye Fan was very grateful.

Taoist Tianshu said with a smile: "For the sake of the Son, as the leader, I have to do my best. Palace Master, please choose your opponent?"

Tongtian Palace Master directly killed the Blood Emperor.

The Blood Emperor raised his brows and said, "Qingluo, you are always so heartless."

"There has never been love, so how come you are unsympathetic."

"Then let's fight."

Both sides fight together.

On the other side, Taoist Tianshu also confronted Taisu Zhenren again.

Four peaks, two battlefields, unprecedented grand occasion.

Of course.

The six peak masters and the three emperors were not idle either.

Ye Fan was finally able to breathe a sigh of relief and was escorted to the top of the mountain by other disciples of the Beidou Sect.

"I really don't know what you think." Ao Xinyan came from the sky, "This battle can obviously be avoided!"

"Why avoid it? Several giants at the peak of breaking the void haven't started for a long time. It's time to move their muscles and bones."

Ye Fan responded with a smile.

Ao Xinyan was speechless and angry.

At this time, a senior of Beidou Sect sent a lot of resources to let Ye Fan recover from his injuries.

Now Ye Fan is the holy son of Beidou, and a series of performances have also convinced the disciples of Beidou.

The Holy Son and the Peak Master have the same status.

So no one would make a mistake, and they respected Ye Fan very much.

Ye Fan pays attention to the battle while healing.

As he thought, there is no result, but the only problem is, do not know when it will end.

This is a difficult problem.

As a peak-level powerhouse, he is arrogant, and no one will say no to fighting.

There must be third-party intervention.

Who is coming?

Ye Fan had a headache and continued to fight. For a long time, the Beidou Sect's defensive formation would not be able to hold up.

At that time, it will bring disaster to the Beidou religion.

He is now the Holy Son of the Big Dipper, and he must consider these things carefully.

"Huh."

Suddenly, a sword light pierced the sky, and the light was cold.

The strong sword qi is horizontal and vertical.

Forcing the four peaks to separate briefly.

"Yujian comes by the wind, and in the world of eliminating demons, there is wine and happiness, and I will be insane without wine."

This is...

All excited.

The chant did not end:

"One drink of the river, and then the sun and the moon, a thousand cups can't get drunk, only I am the wine sword fairy."

Chapter 1274: The strength of the wine sword fairy

As the chant ended, a sword light appeared. It was a three-foot green blade. On it lay a sloppy man. The man held a wine gourd in his hand and kept pouring wine into his mouth.

There is no doubt that this is the pinnacle loose cultivator wine sword fairy.

Although he is alone, he is a top-level powerhouse that makes the major forces fear.

The strength of Jiujianxian can be seen from the separation of the battlefield with one sword just now.

The situation is a little weird.

Originally, it was a two-on-two at the peak of breaking the virtual, but now a wine sword immortal appears, what should I do?

"Hello everyone."

The wine in the gourd seemed to be finished, and Jiujianxian sat up staggeringly, half-drunk and half-awake to say hello.

The Taoist Tianshu said: "Jiujian Xian, you Shenlong sees the head but not the tail. I didn't expect to come to my Beidou Sect."

Jiujian Xiandao: "Come to see Tianjiao's martial arts, I didn't expect... I missed the time."

then.

His eyes fell on Ye Fan and he said, "Is this the champion of Tianjiao Huiwu?"

"That's right."

Tianshu Taoist nodded.

Suddenly.

Jiujianxian's expression was sharp, his sword energy was shaking, and he said in a deep voice, "This kid fooled my disciple Du Jun, and participated in the Tianjiao Huiwu under his name, you know."

Taoist Tianshu was a little embarrassed: "This, we do know..."

"Then there is no need to say more."

Jiujianxian waved his hand and said beyond doubt: "Leave this son to me, impersonate my disciple, I have to punish and punish, don't worry, the crime will not die, I will send it back to you another day."

???

The spectators never expected that Jiujianxian would take Ye Fan away.

I wonder if the four peaks will agree?

"Do you have any opinion?"

Jiujianxian's tone was deep.

The blood emperor said coldly: "Jiujianxian, your words are like taking Ye Fan away, but you can take us seriously."

Jiujianxian glanced sideways and said sarcastically, "Why, do you want me to enter your undead blood clan's lair again?"

"you!"

The blood emperor was furious.

Jiujianxian didn't bother to pay attention to it, and repeated: "I have to take Ye Fan, because it is very reasonable to pretend to be my disciple."

"fart!"

The blood emperor angered.

"Ye Fan kills my clan's creatures and must be handed over to me. Whoever dares to interfere will never die."

"The souls of your undead blood race will die when they die. What does it matter. Undead endlessly? I don't understand what you said from your mouth. You have this strength."

The wine sword fairy is so domineering.

An amazing word.

What was even more shocking was that Jiujianxian shot directly.

With a long whistle, he spit out a sword breath, stirring the world; at the same time, he slashed out a sword.

Guanghan Beidou Sect.

All eight thousand miles were shocked.

The blood emperor's pupils shrank, and he was greatly shocked that Jiu Jianxian's strength was so strong.

"Destroy!"

The blood emperor punched, and the sword qi collapsed.

However.

There was still some sword energy that cut open his clothes, leaving bloodstains on his body.

This undoubtedly shows that the Blood Emperor is a little weaker than the Wine Sword Immortal.

The blood emperor was furious.

At this moment, Jiu Jian Immortal said: "You are not my opponent, I have cut through the falsehood and started to transform into a god."

"boom!"

Suddenly, the blood emperor's color changed.

To be exact, all the strong are discolored.

All spectators are horrified.

Wine Sword Fairy...

It actually started... turning into a god?

How can it be!

After breaking the Void Realm, it is the God Transformation Realm, which is more advanced, more fortunate, and more terrifying.

"impossible."

The Blood Emperor didn't believe it, but he was a little afraid in his heart and didn't dare to act rashly.

Master Taisu's eyes flickered, as if he wanted to see through Jiujianxian.

Suddenly.

Jiujianxian killed his eyes and said coldly: "Niubi, look at me with your squinting eyes again, don't blame me for making you blind."

Taisu Zhenren has cultivated a pair of eyes that can see through many things.

I was just trying to see through the wine sword fairy.

Being discovered by Jiujianxian, he issued a scolding, making Taisu real face hot, but there was nothing he could do.

"Jiujianxian, you are too arrogant. You are just starting to transform into a god, and you are still 108,000 miles away from entering the realm of spirit transformation."

"Then you give it a try?"

Jiujianxian said mockingly.

Master Taisu's face sank and his anger was burning, but he really didn't dare to try.

The Master of Tongtian Palace said: "Jiujian Xian, go to my Tongtian Palace to discuss Taoism, can you?"

"Different road non-phase plan."

"That's a pity."

Tongtian Palace Master sighed.

Jiujianxian shook his head, as if he had sobered up most of the time, and said, "It seems that you have nothing to say. In that case, I will take Ye Fan and bring it back another day. Then you can continue to fight."

Swish!

A sword energy entangled Ye Fan like lightning, and instantly pulled him to Jiujianxian's side.

Ye Fan couldn't resist.

Even the leader of the Big Dipper and other Void Breaking Peaks are too late, and this hand shows the extraordinary strength of Jiujianxian.

"scold."

A sword broke through the sky.

Jiujianxian took Ye Fan and disappeared into the crack of space.

Beidou Sect finally calmed down.

The four peaks stood in the sky, and there was no word for a long time.

"Jiujianxian actually began to transform into a god, which undoubtedly broke the balance."

The Blood Emperor spoke.

Their undead blood clan and Jiujianxian have some grudges. If Jiujianxian successfully transforms into a god, it is likely to destroy the undead blood clan.

therefore.

The blood emperor said this because he wanted to unite with the major peak powerhouses and attack the wine sword fairy.

But no one is a fool.

The Big Dipper sect master smiled and said, "Since the world of Xianshan fell in a distant era, no god-turning powerhouse has ever been born. If Jiujianxian can successfully turn into a god, shouldn't it be a good thing? Maybe we can break the shackles, and we can too. Relax."

The Master of Tongtian Palace said: "This statement is reasonable."

"Everyone, it's better to go back and understand the secrets, and strive to transform into a **** after Jiujianxian."

Taoist Tianshu issued an order to expel the guests.

Taisu Zhenren was the first to leave; then Tongtian Palace Master also left, bringing Yue Linglong and Ao Xinyan with him.

The blood emperor gritted his teeth.

Feeling aggrieved, he left the Big Dipper Sect, and the prince beside him asked: "Clan master, what should I do about this? Wine Sword Immortal is about to transform into a god, and Ye Fan is in his hand. If you enter our clan again, you will not be able to compete."

The blood emperor said coldly: "What are you afraid of, it is not so easy for Jiujianxian to successfully transform into a god. Besides, the ancient ancestor of our family is sleeping and has not fallen yet."

The prince was startled.

"The ancient ancestor has not fallen yet?"

"No, self-sealing, in deep sleep, but the vitality is very weak. However, it is enough to make one shot. If the wine sword fairy again kills my clan, the end is a death."

"I need to retreat, comprehend the secrets of heaven, and find opportunities to transform into gods. As for capturing Ye Fan, it is necessary, and everything is left to you."

"As ordered."

...

Beidou Sect finally calmed down.

All the idle people left.

Central Hall.

The upper echelons are seated.

The master of Kaiyang Peak said: "Senior brother, Ye Fan was taken away by Jiujianxian, do you really ignore it?"

Tianshu said: "What to do? Jiujianxian did understand some opportunities to transform into gods. Although it doesn't mean that it can't be fought, it's not necessary."

"I have made some calculations using the Big Dipper astrolabe. Ye Fan has strong luck and strong vitality, so there should be no life crisis."

"Jiujianxian is not an indiscriminate killing of innocent people."

"Don't worry everyone."

"From now on, our Beidou Sect will fully demonstrate our strength, we don't have to hide it, we will work hard to cultivate. The appearance of Jiujianxian has disrupted the landscape of Xianshan. We have to work hard and not fall behind others."

Taoist Tianshu's eyes wandered.

God.

After so many years of pursuit, he thought there was no hope, but now that Jiujianxian has made some breakthroughs, he has rekindled his ambitions.

the other side.

Jiujianxian brought Ye Fan to the top of a mountain 30,000 miles away from Beidou Sect.

it's here.

Du Jun was sleeping soundly.

"Senior, it's just an impostor. It didn't cause any big losses. Please hold your hands high and spare my life."

Ye Fan clasped his fists and smiled.

In the face of such a big man as Jiujianxian, he couldn't resist at all, he could only move it with affection and reason.

Jiujianxian ignored it, kicked Du Jun, and Du Jun rolled down from the top of the mountain.

In a few seconds, Du Jun flew back.

"Master!"

Du Jun looked embarrassed, touched the back of his head, and asked, "Why did you come back so soon... Hey brother, you are here too. Okay, hurry up, do you still have those drinks?"

"Uh, what?"

"It's the drinks you gave me before. It's really powerful. My master likes it too. I'll let him catch you back."

"...??"

Ye Fanmeng approved.

Jiujianxian threw the wine gourd over and said beyond doubt: "Boy, fill this gourd, I can tell you, don't look at it as just a small gourd, but there is a universe inside, which can hold 8,000 catties of wine. You'd better have enough drinks, if you don't fill it up, you will be at your own risk."

Ye Fan's mouth twitched, "Senior, you arrest me just to ask me for a drink?"

Jiujianxian squinted and snorted: "Otherwise, do you think I'm interested in you? I'm not as good as Longyang."

"One day."

"I'll squint for a while, and then I wake up a day later. If the wine gourd is not full, you can just weigh it up."

When the words fell, Jiujianxian went to sleep directly.

Du Jun urged: "Brother, is there enough wine, do you have 8,000 catties?"

Ye Fan laughed: "Enough is enough!"

"That's a good feeling!"

Du Jun is overjoyed.

Ye Fan didn't know whether to laugh or cry. He didn't expect that Du Jun and Jiujianxian would become addicted to the mess of drinks that he had mixed with resources.

It is really good fortune to make people, things are unpredictable.

Ye Fan thought about it carefully.

What materials were used at the time...

Got it!

In retrospect, Ye Fan started making it, and the wine kept flowing out.

half a day.

The gourd is full.

Later, Ye Fan also gave Du Jun a few thousand catties, which made Du Jun happy.

"Brother, you are really amazing. You actually won the Tianjiao Wushu Championship, and even the realm of the peak of the Taoist Palace. You are such a talented person, do you want me to ask the master to accept you as a disciple?"

"No, no, I am now the Holy Son of the Big Dipper, a disciple of the Big Dipper."

"let it go."

Du Jun drank the wine and smacked his tongue: "This wine tastes really strange, but it's really powerful, bullshit."

"Then, I withdraw?"

"Remove, let's go. When my master wakes up, I'll tell him. When I'm done drinking, I'll go to Beidou to find you."

"my pleasure."

Ye Fan left Baoshan, and it felt really wonderful. He thought there was a disaster, but he didn't expect... this kind of ending.

Wine Sword Immortal, um, a bit interesting.

Ye Fan did not leave to return to the Beidou Sect, worried that there were still some powerful people in the periphery of the Beidou Sect.

He traveled through the mountains.

Find resources.

There are not many resources on him and needs to be filled. The resources here are extremely rich.

However, there are many powerful monsters.

Yuan Ying's peak was better, and even Ye Fan encountered a monster that broke through the virtual realm by half a step.

Ye Fan didn't hit hard.

three days later.

Ye Fan gained a lot, so he went to Beidou Sect.

at the same time.

Tongtian Palace, deep in the forbidden land.

Palace Master Tongtian, Yue Linglong, and Ao Xinyan are here, and in front of them is a vortex.

This is the entrance to the Formless Realm.

Ao Xinyan was very worried: "Palace Master, Linglong is only in the late Nascent Soul, you really can't wait any longer. Linglong's talent may be able to rush to half a step in three or five years, so to explore the colorless world in this way, it will be even more rewarding. grasp."

The Master of Tongtian Palace said: "Time is running out, Jiujianxian has already begun to comprehend the transformation of the gods, I can't be behind. I have a hunch, the existence of the first promotion to the transformation of the gods will get huge blessings, I want to get this blessing."

"so....."

"Linglong, I can only let you take risks."

Yue Linglong said: "Palace Master, I understand. I will try my best, but if I fall into it... Please tell Ye Fan that I went to another world to cultivate, so he can't wait any longer."

Tongtian Palace Lord's eyes flickered and he nodded.

Ao Xinyan felt very uncomfortable.

When Yue Linglong goes, there will be nine deaths and one life, and it can even be said that ten deaths have no life!

Chapter 1275: Practicing Good Fortune Fist

Ye Fan returned to Beidou Sect.

For three days, Daoist Tianshu was surprised. He thought that Immortal Jiujian would take Ye Fan for a long time.

"Sect Master, that Wine Sword Immortal asked me to beg."

"Begging?"

Everyone was stunned for a moment, and immediately laughed.

Taoist Tianshu said: "This does echo the temperament of Jiujianxian, well, let's not talk about this."

"Ye Fan, now you are the holy son of my Beidou Sect, and your status is respected. I hope you can calm down."

"Sect Master, disciples, keep this in mind."

Ye Fan knew that he would not be able to leave the world of Xianshan for the time being, unless he could obtain Wu Lingjun's Heavenly Books and Gods List.

But it's tough.

As for the leftover pages of the book, the enchantment cannot be cut.

Ye Fan thought of the Book of Fortune and the Book of Fortune, and secretly thought in his heart: I don't know how many pages there are in the Book of Fortune under the control of the Beidou Sect. If there are enough pages for a long time, it may be able to open up an enchantment.

Not right either.

If it can be opened up, the Big Dipper leader must have opened it up long ago, and he will not wait until now.

Ye Fan simply didn't think about it.

At this time, the master of the Big Dipper said: "Ye Fan, you insist on blessing my Big Dipper sect, it should be for Good Fortune Fist."

Ye Fan said: "Yes, the leader, I am keen on boxing, and I want to practice Good Fortune Boxing. But only training is not enough. I guess there are other methods."

Ye Fan did not directly say the Book of Creation.

The master of Beidou said: "Indeed, if you want to practice Fortune Boxing, you need to observe the fortune scriptures before you can learn it. You are now the Holy Son of Beidou, and you are qualified to observe the fortune scriptures. Come with me now."

Ye Fan was overjoyed.

It just feels like the world is spinning.

After a while, Ye Fan appeared in an underground palace, where there was a mysterious atmosphere.

This is the breath of creation.

In the center of the underground palace, there is a huge light group, and the master of the Big Dipper said; "The scriptures of creation are in it."

In Ye Fan's body, the remaining pages of the book trembled.

Sure enough, it is the leftover pages of the Book of Creation.

The leader of Beidou continued: "It is not easy to observe the scriptures of creation. You need to resist the pressure spread from the scriptures. You can go. You can see the scriptures of creation when you arrive at the center. Observe and feel it. I believe you. Talented, you can completely learn Fortune Boxing."

"Thank you, Master."

"Don't be too polite, I'll go." The Big Dipper leader disappeared into the underground palace.

There was only Ye Fan in the empty underground palace.

The leftover pages of the book trembled more clearly.

"Woooooo."

The breath of good fortune suddenly became restless and made a whistling sound.

Ye Fan took a step.

I only saw that the breath of good fortune separated the avenue, and at the same time the mysterious power of the light group was also separated.

Kangzhuang Avenue.

Let Ye Fan walk into the center and arrive.

"sharp."

The Big Dipper leader is outside the underground palace, but with his means, he can still see the scene in the underground palace.

Unexpectedly, Ye Fan entered the central area so easily.

"resonance?"

The Big Dipper was thoughtful.

"Is there also a scripture of creation in Ye Fan's body? I have always guessed that there should be more than three scriptures, but a whole scripture, the scripture of creation."

"If Ye Fan has fortune-telling scriptures, that's a good thing, maybe this is destined, Ye Fan has a relationship with my Beidou Sect."

"This child can be well cultivated."

The Big Dipper leader was very satisfied, so he left completely.

Inside the underground palace.

Ye Fan has seen the creation scriptures, there are three, juxtaposed, suspended.

"Wow!"

The fragments of the book flew out.

Immediately.

The three fortune-telling scriptures vibrated, resonating, and the power of death and the power of creation were blending.

Ye Fan's body trembled.

Because, he feels, the fusion of the two forces will change, and this new force is too terrifying.

Death and creation.

Ye Fan simply put the power of yin and yang into it.

Immediately.

Something went wrong.

The entire underground palace began to shake, but it was fleeting.

The fragments of the book flew back into Ye Fan's body.

Creation scriptures also calm down.

"what happened?"

Ye Fan didn't understand.

Perhaps, there are too few scraps of the book from the ground and scriptures of creation to resonate completely.

"There are scriptures of creation in the deep world of Xianshan, and it is very likely that the complete scriptures of creation are in Xianshan."

"Of course, there are three Immortal Mountains, maybe they are divided into three parts."

"The Book of Creation!"

Ye Fan's eyes were fiery, but he knew that he couldn't take it away, so he wouldn't be able to stay in Beidou Sect.

Now Ye Fan's first task is to learn good luck boxing.

While watching the scriptures of good fortune, the cultivation method of good fortune boxing appeared in his mind.

For him, cultivating Good Fortune Fist is very simple.

The brief resonance of the fragments of the book from the ground made him feel a little bit about the scriptures of creation.

On this basis, Ye Fan realized very quickly.

After seven days.

Ye Fan opened his eyes and punched out of thin air. The power of creation was surging and terrifying.

"Creation Fist!"

"boom!"

This punch shook the underground palace.

Ye Fan breathed a sigh of relief, very satisfied, and finally learned this invincible boxing technique.

The power of creation is also an incomparably advanced power.

At the same level as the power of yin and yang, the power of death, and the power of nothingness, it is even more mysterious.

It is said.

Cultivating the power of good fortune will increase one's own luck, and eventually become the son of luck, the person blessed by God.

The reason why Beidou religion is so strong is probably because of the scriptures of creation.

Ye Fan was a little reluctant.

If you take one of the three scriptures, there should be no problem.

at this time.

Several peak masters came.

They heard the movement and were worried that something would happen, so they came.

Ye Fan could only dispel his thoughts, walked out of the central area, and said with a smile: "Everyone, what's the matter?"

"Ye Fan, are you alright, the underground palace shook just now."

"That's how I punched."

"Fist?"

Peak Master Kaiyang was startled, and immediately asked: "Is it possible, you have already learned the Fist of Fortune."

Ye Fan didn't fuss, just punched.

"It's really good luck!"

Kaiyang Peak's eyes were bright, and with a flick of his finger, he shattered his fists, and said with a smile, "Ye Fan, you are really a monster. Our Beidou Sect has always practiced Good Fortune Fist, and the fastest time is one month. But you only used it. Seven days is really unreasonable."

Ye Fan is also very proud.

When I came to the central hall, the top leaders such as the Big Dipper leader arrived.

"Ye Fan, congratulations."

"Lord, thank you for your trust. I, Ye Fan, have clear grievances and grievances. The Beidou Sect did this to me. I, Ye Fan, will definitely repay, and everyone will understand in the future."

"Hahaha, okay, then I'll wait."

Afterwards, the Big Dipper leader threw out a bracelet and said, "This is the Big Dipper Seven Star Chain that I personally refined in the past seven days. There are two in total, and they contain good energy."

"Master, this is..."

"I understand, you are going to Tongtian Palace to find your lover. This is my gift. I specially made a couple bracelet, one for each of you."

"Thank you, Master."

Ye Fan was so moved that he could feel that the energy in the bracelet was very powerful, and it should be able to block the blow of the Void Breaker.

This is a life-saving trump card.

"Sect Master, it's not too late, I have to go to Tongtian Palace. I have a hunch that Linglong may have an accident."

Ye Fan, this is not groundless.

He used the big prophecy technique and the big deduction technique, and saw a little picture, but it was blurry, but it could be concluded that Yue Linglong suffered a disaster.

Ye Fan thought of the "colorless world" and asked:

"Sect Master, do you know the colorless world?"

"Colorless Realm?"

The Big Dipper leader pondered: "This is the secret realm controlled by Tongtian Palace. It is very mysterious. No one knows what is inside. But for countless years, Tongtian Palace has been exploring the colorless world."

Ye Fan said: "The colorless world should be very dangerous. Linglong said that he wants to enter the colorless world. In short, I have to go to Tongtian Palace immediately."

"Sect Master, all Peak Masters, I'll go first."

"etc."

The Big Dipper Cult Master shouted.

Then, he tore the space, grabbed the underground palace, and even grabbed a scripture of good fortune.

"I'll lend you this scripture for good fortune first."

"Master, this..."

"I hope you can protect your lover."

Ye Fan's body trembled, and he respected and loved the Big Dipper leader more and more in his heart.

He's not fiddling.

After collecting the scriptures of creation, they were immediately intertwined with the fragments of the book.

"Lord, thank you for your great kindness. I, Ye Fan, keep it in my heart, and I'll go."

Ye Fan left Beidou Sect.

The six peak masters looked at each other.

The master of Yuheng Peak said: "Senior brother, that is the scriptures of creation. If Ye Fan has a mistake in Tongtian Palace, the scriptures will fall into the hands of Tongtian Palace Master."

The Taoist Tianshu said: "I believe Ye Fan, this son is amazing, and he will definitely be able to turn evil into good luck. Of course, I also have careful thoughts, and want to know what is in the colorless world."

"If you want to understand the colorless world, then Ye Fan must or come out of the colorless world. The scriptures of creation can help him."

The master of Yaoguang Peak said: "But, will Tongtian Palace Master let Ye Fan come back?"

Taoist Tianshu said with a smile: "Qingluo's pattern is not so small, she is a stunningly talented woman, I always thought that she would be the first to transform into a god, but I didn't expect Jiujianxian to be half a step faster. However, now It's too early to say, I still think Qingluo will be faster than Wine Sword Immortal."

"The marriage between Ye Fan and Yue Linglong is considered a marriage between the Beidou Sect and Tongtiangong, which is also of great benefit to us."

"Senior brother is thoughtful."

"Let's go, practice hard, and you can rush to the late stage of breaking the void as soon as possible."

...

Ye Fan was galloping fast.

He was so worried that he could not wait to arrive at Tongtian Palace in the blink of an eye.

only.

The meeting between Beidou Sect and Tongtiangong is very far away, and at the current speed, it may take nearly three days.

"You have to catch a sky monster that is half-step through the void realm. This is much faster, and you can reach it in one day."

Ye Fan rushed into the mountains.

It didn't take long before he caught sight of a flying bird covered in snow. This bird was really beautiful.

There is no impurities in the whole body.

Half-step through the virtual realm.

"That's it!"

Ye Fan was about to make a move when suddenly a raging fire spread across the sky, and then a team came.

Headed by two half-steps to break the virtual, there are several Yuan Ying peaks, and three dogs.

Of course, those three dogs were different from ordinary domestic dogs. They were monsters, very strange and vicious. They were the ones who led them and came to hunt down that beautiful white bird.

The white bird has no escape.

Crash.

Two chains locked Shiratori's wings, and then a half-step Po Xu threw a fist.

"what!"

White bird screams.

It turned out to be a female voice, a mother.

Ye Fan didn't wait any longer, and attacked brazenly, punching the newly learned Beidou Good Fortune Fist.

"Bang!"

"Bang!"

Two chains exploded.

"Who!"

The group was furious.

Ye Fan raised his brows, sensed it for a while, and asked, "Are you from the Fire Spirit Clan?"

"That's right."

"Since you know it's the Fire Spirit Race, you still dare to intervene, you won't be able to find death."

It's really a narrow road.

Ye Fan sneered: "Don't you know me?"

"Who are you, why do you know you?"

"My name is Ye Fan."

Boom—In an instant, the pupils of the Fire Spirit clan creatures shrank, and their expressions changed drastically.

This is Ye Fan!

Oops!

They didn't even think about it, and immediately fled.

In the Tianjiao Huiwu, Ye Fan was so fierce, he killed three of them in half a step, how did they deal with Ye Fan?

"Want to go?"

"Since the Fire Spirit Race and I are not dying, then I will kill each other after seeing each other."

"You are very lucky, you died early, are you reincarnating?"

Ye Fan exploded.

To kill the half-step Po Xu, he needs to go all out.

"Buzz!"

Suddenly, the scriptures of fortune in the body trembled and resonated with Ye Fan.

at the same time.

Ye Fan instinctively displayed the Fortune Fist, combined with the power of the Fortune scriptures, and blasted it out.

"Quickly resist."

This team knew that they could not escape, and desperately displayed the means of pressing the bottom of the box to fight against it.

However.

This punch knocked them all away.

The Nascent Soul peak and the three big dogs vanished into ashes, and the two vomited blood fell in half a step.

"So strong."

Ye Fan was excited, the scriptures of good fortune combined with the boxing of good fortune were the real terror.

"Come again!"

Ye Fan shook his fist again.

"Sir, forgive me..."

Before the words were finished, a half-step Po Xu was killed by Ye Fan.

"Do not!"

The other was terrified.

But he knew that he couldn't live, Ye Fan couldn't let him go, his eyes were splitting, and he shouted: "Ye Fan, you have to die, my Fire Spirit Clan will definitely break you into thousands of pieces. Terrifying background, you must die..."

"Noisy!"

Ye Fan blasted it.

After grabbing it, the two spirits that had broken through the void in half a step converged, and with a wave of their hands, they all rushed into the body of the white bird.

Great Healing!

Under Ye Fan's attack, Shiratori's injuries recovered quickly.

"Thank you for your help, I am grateful, and I am willing to help you."

This white bird is also smart.

Ye Fan is so powerful, and in the future, he must stand at the pinnacle of this immortal mountain world.

And he is the Holy Son of the Big Dipper.

Following Ye Fan, you will have a huge backer.

"what's your name?"

"Adults can call me Bai Ying, I am a lark."

"Just kidding, are you a lark?"

Bai Ying said: "Yes, I swallowed a demon pill when I was a child, and then it started to mutate. I don't know what species I am now."

Ye Fan pouted and said, "You can cultivate to the half-step, which means that the demon pills in the colony were terrible. Forget it, let's not talk about this, I'm going to Tongtian Palace, you take me on the road, the sooner the better."

"As ordered."

Chapter 1276: Enter the colorless world

one day later.

Ye Fan arrived at Tongtian Palace.

Bai Ying is a half-step breaker, and is already considered a very strong creature, so it has appeared and immediately aroused Tongtiangong's idea.

"Where are your friends from?"

The closing gate of Tongtian Palace came from Yukong, who was a strong man in the early stage of breaking the void.

"Evan!"

The leader was surprised.

"you know me?"

"Your prestige has already spread, and many forces and ethnic groups are known to loose cultivators. Dao Palace's peak beheaded half-step Po Xu, challenged peak, Beidou Holy Son, it's hard to know."

"Smiled."

"You came to see the goddess."

"That's right."

The commander said: "Come with me, but the goddess has not appeared for many days, maybe she is in retreat. I will take you to see Ao Xinyan, she is the master of the goddess."

Enter the territory of Tongtian Palace.

Ye Fan let Bai Ying move freely, while the commander ordered his servants to serve Bai Ying.

This is a half-step demonic beast, or Ye Fan's mount, and its status is very noble.

Bai Yingle blossomed.

Before that, how could there be such a good treatment, he has been hiding in Tibet to survive.

Although she is a half-step-breaking alien, she is not good at fighting, her fighting power is not very good, and she doesn't even like fighting. The first thing she thinks of when encountering danger is running.

So he was bullied in Xianshan World.

Comfortable now.

Following the Son of God is indeed a wise choice.

anyway.

Ye Fan saw Ao Xinyan and asked, "Senior, where is Linglong?"

"this..."

Ao Xinyan hesitated.

Ye Fan knew it immediately, and urged: "Senior, I'm going to the colorless world, immediately!"

Ao Xinyan was shocked and wanted to say something, but seeing Ye Fan's firm eyes, she was suddenly very moved.

Right.

For so many days, Linglong had no news at all in the Colorless Realm, maybe she was trapped.

Maybe there is some trouble.

If Ye Fan appeared at this moment, it would definitely make Linglong happy, moved, and die-hard.

"You come with me."

Ao Xinyan came to the back mountain.

This is the retreat place of the Tongtian Palace Master. She knelt down on one knee and petitioned:
"Palace Master, Ye Fan is here, requesting to enter the Colorless Realm, please Palace Master at most."

"Palace Master..."

"Palace Master..."

call out loudly.

Finally, the cold wind blew, the stars moved, and the Heavenly Palace Lord appeared out of thin air.

"See the palace master."

"You want to enter the colorless world?"

"That's right."

"The colorless world is very dangerous. Over the past dynasties, we have entered the Tianjiao Palace, and ten have died. Linglong may have fallen, do you really want to enter?"

Tongtian Palace Master said indifferently.

"Go in!"

Ye Fan nodded heavily.

"I came to this world to find Linglong; now that I have found her, it is impossible for her to suffer alone."

"Palace Master, rest assured, if I fall in the colorless world, and the Tongtian Palace Martial Arts Hall, the Big Dipper Sect will not come to trouble."

"Please complete the palace master."

At this moment, there was something strange in Tongtian Palace Master's heart. She cultivated this life, cut off many emotions, and became very indifferent, unable to understand Ye Fan's behavior.

Although incomprehensible, it was somewhat touching.

"Palace Master, you cut off the seven emotions and six desires?" Ye Fan found that the Tongtian Palace Master was a bit like the cultivation method of the Forgetfulness Sect.

"Ye Fan, don't talk nonsense."

Ao Xinyan scolded.

Ye Fan rolled his eyes and said, "Palace Master, if you cultivate in this way by severing your emotions and desires, I will give you a magical power that will greatly increase your strength."

"Oh?"

Tongtian Palace Master came to be interested.

"It's just that once this magical power is cultivated, it will really wipe out emotions. The palace lord should think about it carefully."

What Ye Fan wanted to teach was the Great Depression Technique.

This magical power was the first batch he obtained, and he had never cultivated it, so it was impossible for Ye Fan to cut off his emotions.

It is also impossible to let the friends around you practice.

So it's a jerk.

Now, he felt that it was a good choice to pass it on to the Tongtian Palace Master. As for whether she cultivated or not, or what the consequences would be after she cultivated, it was not Ye Fan's business.

Moreover, Ye Fan also wanted to gain the favor of Tongtian Palace Master, after all, Yue Linglong was from Tongtian Palace.

"Shh!"

Ye Fan taught the Great Extermination Technique.

After Tongtian Palace Master accepted it, he was shocked for a moment.

This magical power is very remarkable.

It can indeed help her practice, and it can even be said that if she had obtained this magical power earlier, she might have taken half a step like Jiujianxian.

Ao Xinyan looked at Tongtian Palace Master's eyes and knew that Ye Fan's magical powers were incredible.

"Palace Master, the Great Destroying Emotion Technique is as its name suggests, cutting off emotions has both advantages and disadvantages, so you should think about it carefully when you practice; in addition, the reason why this magical power was passed on to you is to hope that Linglong can live a little better in Tongtian Palace, and treat it as a disciple of Tongtiangong, not using tools."

Ye Fan's words made Ao Xinyan's heart contract.

This tone seems to have the meaning of blame.

It would be bad if the princess was angry.

Tongtian Palace Master stared at Ye Fan, but he didn't know what to say for a while.

Ye Fan said: "Palace Master, send me to the colorless world."

Shifting stars.

After a while, Ye Fan appeared in a mysterious place with a huge vortex in front of him.

"This is the entrance to the Colorless Realm, go ahead. If you find Linglong, take her out."

Ao Xinyan's delicate body trembled.

The palace lord's words were obviously releasing water.

It seems that Ye Fan really let Gong take the initiative to show compassion.

"Thank you, Palace Master."

"I'm going!"

Ye Fan rushed into the vortex without hesitation and entered the colorless world.

"Go ahead."

Tongtian Palace Master waved his hand.

Ao Xinyan left.

She stood here quietly, closed her eyes, and entered a state of dormancy.

...

woo woo woo woo.

After Ye Fan entered the colorless world, there was a vast expanse of whiteness in front of her, and the wind howled, hitting her body.

With his yin and yang eyes, it is difficult to see anything here, and the visibility is only one thousand meters.

For Ye Fan, this distance is really close.

"Great Tracking Technique!"

"Great deduction technique!"

Ye Fan found Yue Linglong's breath, but he didn't find it.

The gust of wind whistled in the Colorless Realm, and the breath of Yue Linglong had long since been blown away by incomparable sporadic and even annihilation.

But Ye Fan did not give up.

He summoned the magic soldiers, protected his body, flew in the colorless world, and sensed Yue Linglong's breath.

Where is this place?

Ye Fan found nothing, it was too weird.

"boom!"

suddenly.

A mysterious force bombarded Ye Fan, but Ye Fan did not find any creatures.

what happened?

Ye Fan was cautious.

next second.

He was knocked flying again, with severe pain all over his body.

He revives the celestial hegemony.

Looking forward to it.

"Bang bang bang..."

The successive attacks were colorless and invisible, so Ye Fan had no idea where they came from, so he couldn't avoid them and could only resist.

in a blink.

Ye Fan was beaten very badly.

"Is this the so-called colorless world? Attacking is colorless and invisible, you can't avoid it, you can only resist it."

"wrong!"

Ye Fan secretly shook his head.

If you only need to resist hard, then you can find a powerful Tianjiao in the flesh.

Although Yue Linglong is a Moon God body, her physical talent is very powerful, but her physical strength is not very strong.

There must be other tricks out there.

At this stage, Ye Fan can still bear it, he continued to run, and finally noticed a touch of Yue Linglong's breath.

On and off, scattered.

It's not easy to follow.

While searching, Ye Fan carried the mysterious power to attack, and at the same time was thinking, could it be an attack launched by a colorless and invisible spiritual body?

If so.

That's totally beatable.

Because although it is colorless and invisible, it really exists; as long as it exists, it can be dealt with.

Ye Fan's blood vessels were revived, and he performed the Secret Art of Bleeding Vessels.

"Yin-yang lock."

The power spread, and as expected, something unusual was found.

Under the power of the yin-yang lock, Ye Fan heard some strange sounds.

It is obvious that the creatures are sent out.

This shows that Ye Fan's conjecture is correct.

"Great Poison Technique."

"The Great Cut!"

"The Great Law!"

"Great Expansion!"

"..."

Rumble.

Ye Fan used his magical powers one after another, and each of them could attack indiscriminately.

For example, the Great Poison Technique, the spread of toxins, those invisible spirits can only retreat.

The Great Cut comes and goes quickly.

The Great Law Order is Ye Fan's domineering.

"Kneel down!"

"Kneel down!"

"Kneel down!"

Every time he opened his mouth, there was a roar in the surrounding world, and it was obvious that the invisible creature had fallen.

Evan laughed.

It was very refreshing to fight back.

Afterwards, he performed a great invisibility technique and disappeared.

"Where did he go!"

Between heaven and earth, colorless and invisible creatures are communicating.

"This guy is amazing!"

"No, the colorless world is not that simple, just ahead, he will attract the most terrifying blow."

"Is that woman still alive?"

"No, it's very tenacious, but it's almost unbearable."

Ye Fan didn't go far.

He performed the Great Listening Technique and heard the conversation of these creatures.

Is there a big terror ahead?

Linglong can't hold on anymore?

Ye Fan was very impatient, no matter what, he would go even if there was a mountain of swords and a sea of flames.

as expected.

After advancing three thousand miles, finally, the world began to change.

The originally white world turned gloomy and terrifying in an instant, and it seemed that there was a terrifying demon entrenched here.

This is also the core area of the colorless world.

Yue Linglong's breath was very obvious, Ye Fan grabbed it, pursued it, and found that Yue Linglong was pierced by tentacles and was picked up in the air.

"exquisite!"

moment.

Ye Fan's eyes were about to split.

Linglong, his woman, actually suffered such torture, being pierced through her body and being picked up in the air.

How inhumane.

"die!"

Ye Fan was extremely angry, and his killing intent was soaring to the sky, surging like a mountain and a tsunami.

Full blast.

The axe has come out.

"kill!"

Ye Fan slashed with an axe.

Such a big movement also alarmed the existence in the dark, only to see the world shaking.

A suffocating breath swept in, and in the dark depths, green eyes appeared, all of them the size of lanterns.

at the same time.

A tentacle, like a sharp blade, flew towards it, collided with the opening axe, and knocked Ye Fan into the air.

Touched, Yue Linglong woke up in pain, and she sensed a familiar breath.

look back.

It's Ye Fan.

After a brief absence, tears were pouring down.

"Brother Fan."

Yue Linglong shouted, with grievance and emotion in her voice.

"I'm sore."

Three words, like a knife and a sword, pierced Ye Fan's body, leaving his heart full of holes.

Chapter 1277: belly lunch

Ah ah ah!

Ye Fan couldn't help screaming, his heart ached, his woman actually suffered this kind of torture.

Several tentacles penetrated the body and were picked in the air!

Rumble.

As if feeling Ye Fan's rage and murderous aura, the Supreme Dagger took the initiative to recover and became extremely excited.

"Dong dong."

The Supreme Dagger trembled.

The beating of the heart valve.

Then, a black force covered Ye Fan's body, and the next moment, Ye Fan's murderous aura skyrocketed several times.

Both eyes turned blood red.

"Damn it!"

Ye Fan roared, holding the supreme dagger, and rushed away.

The mysterious big monster also seemed to sense the crisis, and instantly fully awakened, showing its true form.

What a terrifying monster this is!

On the body of Gundam, there are thousands of miserable eyes, which are extremely disgusting, infiltrating, and the scalp is numb.

But.

At this moment, Ye Fan can't feel it.

He only has one goal, and that is to kill the monster in front of him, so that Linglong can express his anger.

One after another tentacles killed.

Ye Fan swung the supreme dagger and cut it off easily, and the cut off tentacles could not be recovered.

"Roar!"

The monster roared in pain and anger.

His tentacles can be regenerated, but at this moment, after being cut by the supreme dagger, it cannot be regenerated, which makes him unbearable.

"Humanity!"

"Small human, you dare to harm the great multi-eyed beast, this is a capital crime!"

The monster roared, extremely angry, and at the same time, there was this deep fear.

He was shocked that the tentacles could not regenerate.

What the **** is that dagger!

There are such soldiers.

He has survived in the colorless world for countless years, and he has merged with this secret realm. He has seen countless geniuses enter here to challenge him, and he has also seen countless magic soldiers, but he is not as powerful as this dagger.

"Small human, you will pay a heavy price for what you have done."

"Go to trial."

In an instant, the thousands of eyes burst into fine light, intertwined, and it seemed to be an endless light curtain, filling the world and covering it.

Ye Fan was enveloped in it.

sizzle.

First of all, black smoke began to rise from Ye Fan's body, and these rays of light had terrifying corrosive power.

After a minute.

Ye Fan found that his body had changed.

Some flesh and blood tissues actually began to mutate, which made Ye Fan's face dignified.

"Great Purification Technique!"

"Great Dispelling Technique!"

"Great body protection!"

Ye Fan displayed his great powers one after another.

The great purification technique and the great dispelling technique are of great use, creating a pure area for Ye Fan.

"what!"

Warcraft was shocked again.

It's unbelievable that this human can actually resist his gaze.

"Human, I admit that you are very enchanting, but unfortunately, this cannot change the ending."

"Here, I am the master."

"You can't stand against me."

The demon beast roared fiercely, and then Ye Fan found that the entire colorless world seemed to be shaking.

A mighty force gathers together.

poured down.

Suppressed on Ye Fan.

"Pfft."

In an instant, Ye Fan knelt down on one knee, unable to withstand such terrifying pressure.

At this moment, Ye Fan is not fighting against monsters, but the entire colorless world.

If it weren't for the Supreme Dagger, Ye Fan would have been crushed and his body would have exploded.

"Human, do you feel small? That dagger is really powerful, but how long can it last?"

"Enjoy it, I really like seeing humble creatures struggling, just like this woman..."

Puff puff!

The tentacles squirmed, Yue Linglong screamed, and the injury became more serious.

"exquisite."

Ye Fan's eyes were about to split.

However, there was nothing he could do, he was repressed and unable to move.

He could only helplessly watch Linglong being tortured.

Life is better than death.

"Hahaha."

The demon beast grinned and was terrifying.

Ye Fan looked at the supreme dagger of his finger, which was a supreme weapon and could definitely help him.

"Tell me, what do you want!"

"what would you like!"

Ye Fan muttered to himself.

The supreme dagger trembled, and black forces poured in, invading Ye Fan's body.

at this time.

The Tianbao jade hairpin moved, the rays of light flashed, and the **** poured in, blocking the invasion of the black power.

Immediately.

Ye Fan's internal battle caused him to almost explode and die.

"stop!"

"I'm now pointing to save Linglong and save my woman. I don't care about the rest. Tianbao jade hairpin, give me some rest, otherwise, I will abandon you."

Ye Fan's words were extremely firm and stern.

The Tianbao jade hairpin trembled, and then the rays of light subsided, falling into a dead silence, without any luster.

boom!

Immediately.

The supreme dagger was full of brilliance, and it exploded in full force. A black energy enveloped Ye Fan, and the black power invaded, penetrated Ye Fan's limbs and bones, and even came to the origin of his bloodline.

"Buzz!"

In the source of blood, Haotianjing trembled.

seems to be warning.

Only then did the black power stop invading.

But even so, Ye Fan seems to have been enchanted. He is surrounded by evil spirits, and even his appearance has changed a bit, becoming incomparably evil.

Especially those eyes.

Breathtaking.

Ye Fan was still awake, he did not lose consciousness, he looked at the supreme dagger, and said lightly: "This is your purpose all the time? To alienate me?"

Ye Fan was indeed alienated.

But it is different from the alienation of other creatures. He is still a human being, but it has a demonic aura that penetrates deep into the bone marrow and cannot be removed.

After being alienated, Ye Fan found that he and the Supreme Dagger were more closely connected than before, and he even felt that he could refine the Supreme Dagger.

Ye Fan didn't have time to think about this.

He needs to break the **** and save Yue Linglong.

After the alienation, Ye Fan did not weaken, but became stronger.

Unconsciously.

His celestial hegemonic physique has actually rushed from the fifty-fifth level to the fifty-eighth level.

"kill!"

Ye Fan wielded a dagger and was very handy, as if this was his destiny.

"puff!"

The power to suppress Ye Fan was divided.

Ye Fan moved out.

"Um?"

Warcraft alarmed.

But Ye Fan was too fast, he had already appeared beside Yue Linglong and cut off the tentacles that penetrated her body.

"Damn."

Warcraft furious.

However, there was no other way, Ye Fan had already embraced Yue Linglong, looking at Yue Linglong, who was dying, and his consciousness was dying, Ye Fan was worried and distressed.

He forced ten drops of his life essence and blood into Yue Linglong's body, and then performed a great healing technique.

Yue Linglong's injury is recovering, and it can be regarded as a life saved.

However.

These days, Yue Linglong has run out of oil, and now she just saved her life. It is not easy to recover.

and.

Ye Fan also discovered that the source of Yue Linglong's Moon God body was dug up, and it must have been swallowed by a multi-eyed beast.

"hateful!"

Ye Fan was extremely angry.

Without the Moon God Body, Yue Linglong's potential would be greatly reduced, which he didn't want to see.

"Brother Fan..."

"Linglong, I'm here."

Ye Fan hugged Yue Linglong tightly and comforted: "Don't be afraid, I'm here. Let's leave the colorless world first."

"Want to leave, dream!"

The multi-eyed beast roared, the huge body stirred, and the entire colorless world shook.

Even the Tongtian Palace outside was affected.

"Palace Master!"

Some elders of Tongtian Palace came in a hurry, surprised.

Ao Xinyan asked, "Palace Master, what should I do other than the change in the colorless world!"

The Master of Tongtian Palace said: "Watch the changes."

The elders looked at each other in dismay. Indeed, now there is only one thing left to do.

In the colorless world.

Ye Fan galloped wildly with Yue Linglong in his arms.

The attack of the beast can be said to be everywhere, because he has become one with the colorless world.

To a certain extent, the Formless Realm is him, and he is the Formless Realm.

boom!

boom!

Boom!

Although Ye Fan's strength has increased and he can still use the supreme dagger, he is still a little empty in the face of multi-eyed monsters.

"Human, you can't get rid of it."

"Heaven and Earth."

The monster roared like a command.

In the periphery of the colorless world, countless colorless and invisible creatures acted, and they formed an invisible big net, which blocked the sky and the ground.

Ye Fan had nowhere to run.

"Destroy!"

However, things are different now. When Ye Fan came in, it was very difficult for Ye Fan to deal with these spirits, but now she has the supreme dagger in her hands, and with a single stroke, she broke the net of heaven and earth.

At the same time, countless spirits were killed.

but.

Ye Fan also suffered a blow, and countless spiritual bodies were attacking, and the power had reached the level of breaking the void.

"Shh!"

suddenly.

A thick tentacle slashed down, and Ye Fan couldn't escape, and was hit hard.

The body is torn apart, and the sky is stained with blood.

fall down.

In the next second, countless spiritual bodies came slaughtered.

"Creation Fist."

Ye Fan, together with the scriptures of creation, blasted the void with one punch.

He endured the pain and continued to run.

However, it was found that there were multi-eyed monsters in front, and the dense eyes shot out rays of light that filled the world.

In this light, the colorless and invisible spiritual body actually showed its form.

This is a weird creature.

It is like the incorporeal body of a ghost creature, illusory and strange.

Killed with open teeth and claws.

"Different fire."

Ye Fan cast two different fires and swept away, forcing these spirits back.

But.

He was a little overwhelmed.

In fact, the multi-eyed Warcraft didn't show its full strength, as if it was teasing him, which is the most terrifying.

"Human, what's wrong, do you feel hopeless, yes, I've been teasing you."

"Actually, I'm going to kill you, it's too easy."

"The reason why I play with you is because I'm very lonely, and it's not easy to have a creature from the outside world come in. Wouldn't it be a pity not to have fun."

"Now, I've had enough, you can die."

"I will eat this woman first, and in front of you, let you feel what it is like to die."

"Hahaha."

The beast grinned, and the mighty force suppressed it, making Ye Fan unable to move.

This time.

The Supreme Dagger can't help him.

Ye Fan only had so many cards, such as the fragmentary pages of the book, the scriptures of good fortune, the dragon ball, the Tianbao jade hairpin, the Haotian mirror, the Holy King Ling, and so on, all of which were useless.

How to do?

Ye Fan looked at the Big Dipper chain on his wrist. Although he had a blow from the Void Breaker, he couldn't resist this terrifying beast.

Ye Fan guessed that the strength of this monster should be almost at the peak of breaking the void.

Simply hopeless.

"bring it on."

Some spirits rushed over, knocked Ye Fan to the ground, and snatched Yue Linglong.

They sent Yue Linglong to the mouth of the beast.

On that weird torso, among those dense eyes, there is a big mouth with blood.

Opened, there are 100,000 sharp teeth.

"Do not!"

Ye Fan roared sadly.

But the spirit body threw Yue Linglong into the big mouth of the blood basin, grunted, and swallowed it.

Ye Fanru was struck by lightning.

The multi-eyed monster grinned: "Is it painful? No, it is not painful, because you will soon follow in the footsteps."

"bring it on!"

"bring it on."

A group of spirits detained Ye Fan, brought Ye Fan to the front, and threw him into the mouth.

Gollum.

The beast swallowed Ye Fan, as if he didn't know what to do, and sighed, "It's really delicious, but I can't leave here. If I go out to devour living beings, I'll definitely die from comfort."

Chapter 1278: Great harvest in the belly

After swallowing Ye Fan and Yue Linglong, the beast returned to the central area and fell into a deep sleep.

And in his belly.

Ye Fan did not die, but the black aura emanating from the Supreme Dagger protected him.

After a while, Ye Fan found Yue Linglong.

With the nourishment of Ye Fan's life essence and blood, Yue Linglong regained consciousness despite being seriously injured.

"Brother Fan."

Yue Linglong was very moved, but she blamed herself more, "I can't hide, I hurt you."

Ye Fan stroked Yue Linglong's head, "Silly girl, don't be silly. Besides, aren't we dead now?"

"On the contrary, we have a chance to fight back."

"This monster is too strong, we are not opponents at all from the outside, but it is relatively easy to break through from the inside."

"However, before that, I need to help you find the source of the Moon God body."

Yue Linglong said, "Brother Fan, my source of divine body was dug up and swallowed by the beasts."

Ye Fan said: "Then can you sense it now? Although there is no origin, it is still the Moon God body after all. There should be a little sense of it."

"Let me try."

Yue Linglong tried her best to sense it.

For a long time, she said happily: "Brother Fan, I feel something, here."

"go!"

Ye Fan hugged Yue Linglong and searched.

The body of the monster is really big and complicated. In order not to disturb the monster, Ye Fan must be careful.

For a while.

They finally saw the source of the Moon God body.

not only.

Ye Fan also saw a lot of origins.

There are hundreds of them.

"Hey!" Ye Fan sucked in a breath of cold air, and at the same time he must be excited, as is Yue Linglong.

obviously.

These origins are the origins that the Tianjiao of Tongtiangong of all dynasties entered here and was beheaded by monsters and deprived.

Unexpectedly, this multi-eyed beast is not directly refined, but is treasured in the belly.

Ye Fan thought about it and understood, no amount of origins can make the multi-eyed Warcraft progress.

So refining the origin is meaningless.

Treasure it, and use it when you need it.

But the multi-eyed Warcraft would not have thought that he had cheapened Ye Fan. These hundreds of physical sources are simply a huge resource.

Even if he swallows a few, after refining it, his tyrant experience will be stronger, and he will also recover some innate skills.

"I really am invincible."

"Hahaha."

Ye Fan laughed heartily.

However, don't act rashly.

Yue Linglong said: "Ye Fan, what are you going to do? These origins are all sealed by the power of monsters. It's not easy to break the restriction and get them. With a little movement, monsters can sense it."

"indeed so."

Evan nodded.

Yue Linglong walked to the source of her physique and did not dare to reach out and touch it, for fear of causing a ban.

"Linglong, you put on this bracelet. It was given to us by the master of the Big Dipper. One per person, a couple bracelet."

"Really, thank you so much."

"Now, I plan to seal this area first, and then use the supreme dagger to open the ban. I don't know if it will work, but I can only try it. If it doesn't work, then use the sky-opening axe to forcibly bombard it."

"Be careful, Brother Fan."

Ye Fan was very nervous.

It's about life and death.

Once the beasts are alerted, they will encounter even more terrible disasters, and even die in the belly of the beasts.

Ye Fan carefully cast the Great Sealing Technique.

Isolate everything.

Then the dagger gently touched the origin of the Moon God body, which had a forbidden seal on it, and Ye Fan stroked it lightly.

Immediately.

The restriction was opened, and a hole was opened.

Yue Linglong's eyes were fast and her hands were fast. She opened her mouth and attacked, and the source flew out and entered her body.

"Brother Fan, it was successful."

"Good good."

Ye Fan was very happy.

This shows that other physique sources can also be obtained. He can't use up hundreds of physique sources himself. When he returns to the Tianzun Hall, he can give it to everyone.

By the time.

The backbone of the Tianzun Hall and the high-level are all gods.

This.....

Think about it.

Ye Fan felt excited.

Inspiring.

"Brother Fan, let's start. I have already sensed that there are several sources that are of great use to my Moon God Body and can help me develop the Moon God Body."

"Really, then get you first, which ones."

"At this."

Yue Linglong took Ye Fan, and Ye Fan started.

Be careful.

Ye Fan still didn't care.

Don't get carried away.

It took an hour to obtain five physique sources for Yue Linglong, which was very useful to her.

After Yue Linglong swallowed it, she did not dare to refine it, for fear of causing a big movement to alert the beasts.

Ye Fan is still in action.

He is also sensing, first looking for those attractive physical sources that are useful to his hegemony.

Time passed by minute by minute.

With the help of the Supreme Dagger, Ye Fan won all the physique sources that would be useful to him, a total of thirty-six.

good guy.

Ye Fan couldn't help but want to refine it on the spot, so that his domineering experience would skyrocket again.

But Ye Fan held back.

Can't be complacent!

Can't be complacent!

Can't be complacent!

Caution is the boat!

Ye Fan took a deep breath, tried to calm down, and then began to explore the source of the remaining physique.

Just after Ye Fan excavated ten.

Suddenly.

The sky is shaking.

Yue Linglong was startled, and said through a voice transmission: "Sorry, the beasts are alert."

"No, don't be nervous!"

Ye Fan put his arms around Yue Linglong and calmed her down. They didn't move.

now.

Outside.

The multi-eyed monsters are fighting.

They were facing three and a half-step Void Breaking Teams and a dozen or so Nascent Soul peak teams.

The leader is Ao Xinyan.

There was a change in the colorless world, and after waiting for a long time, there was no movement, and finally the Tongtian Palace Master arranged for them to come in to inquire about the situation.

Since the past dynasties, the highest entering the colorless world can only be the peak of Nascent Soul, beyond this limit, the colorless world will collapse.

I don't know what the rules are.

But this time, in order to ensure a clear investigation, Tongtian Palace Master paid a big price, and also activated the giant treasure of Tongtian Palace, only to send three half-step Poxu in.

But only for half an hour.

If it exceeds this time, there will be big trouble, so Ao Xinyan and the others are very tight.

They directly killed the central area, alarmed the multi-eyed monsters, and fought.

"What a terrifying monster!"

Ao Xinyan finally understood why she entered the Colorless Realm without dying.

Such a powerful beast, even the palace lord might not be able to deal with it.

How could the young Tianjiao deal with it?

"For how many years, I actually saw a half-step Void Breaking Realm creature!"

"Did you come in looking for those two little dolls? I'm sorry, they have been eaten by me and become my belly."

"what!"

Ao Xinyan was shocked.

A sense of sadness emerged.

But if she didn't doubt the monsters, Ye Fan couldn't fight against the monsters that were comparable to the peak of the phantom.

Ugh!

Ao Xinyan sighed.

"retreat."

Since Ye Fan and Yue Linglong are dead, there is nothing left to stay.

But.

The multi-eyed beast obviously did not intend to let Ao Xinyan and the others leave, and the powerful force suppressed it.

"Our palace master has great powers, and when he sent us in, he naturally gave us a trump card."

"open!"

Ao Xinyan threw a spell, which exploded instantly, splitting the suppression of the beasts.

Then another spell.

Shifting stars.

Ao Xinyan and the others disappeared and reappeared. They had already reached the exit and left.

"hateful!"

The multi-eyed monster was furious.

But to no avail.

When Tongtian Palace Master saw Ao Xinyan and the others coming out, he said in surprise, "So soon?"

Ao Xinyan said sadly: "Palace Master, there is a terrifying beast entrenched in the depths of the colorless world, and its strength is similar to yours."

"There is such a thing!"

Tongtian Palace Master was shocked.

"What about Ye Fan and Linglong?"

"Alas, they fell and were confiscated and swallowed."

Tongtian Palace Master's delicate body trembled slightly, and then returned to normal, sighing:
"Everyone has their own fate!"

Ao Xinyan said: "Ye Fan fell in our Tongtian Palace, how can I explain it to Beidou Sect?"

Tongtian Palace Master thought for a while and said, "I won't reveal it for the time being, just wait."

talking.

She looked deeply at the entrance of the colorless world, and was a little suspicious, has Ye Fan really fallen?

Such a monstrous arrogance will definitely have strong luck, and it will be difficult to easily fall.

But.

Palace Master Tongtian couldn't imagine how Ye Fan would deal with the magical beast at the peak of the void.

perhaps.

Really fallen, I think too much.

The Master of Tongtian Palace left.

Ao Xinyan and others also left.

It has become dead silent here.

And in the colorless world, in the belly of the beast, Ye Fan has already taken all the physique sources.

The reason why it was so fast was to catch the movement outside.

The brief confrontation between Warcraft and Ao Xinyan allowed Ye Fan to explore the origin with confidence and boldness.

One hundred and twenty.

This is five of Yue Linglong's and thirty-six of Ye Fan's.

With the remaining dozens, Ye Fan selected some powerful physique essence treasures, and returned to the Tianzun Hall for everyone in the future.

There are still forty or fifty medium and low physique sources left, which can be used as cultivation resources.

"Brother Fan, what about now?"

"Of course, it's to deal with this big monster. Find his weakness, or destroy all his internal organs. This will definitely hurt him. However, for us, if we want to kill a monster at the peak level of breaking the void, Kind of unrealistic."

"After seriously hurting him, we ran away."

Ye Fan and Yue Linglong were searching, and after a lot of effort, they found the heart.

then.

Ye Fan began to brew.

He swallowed a few low- and medium-level sources and pushed the tyrant to level fifty-ninth.

Then take out the open sky axe.

One-handed axe, one-handed supreme dagger.

Ye Fan glanced at Yue Linglong and nodded to her, Yue Linglong was mentally prepared.

Then.

Ye Fan exploded.

In an instant, it reached the top, and all the powers and profound meanings were all fused together.

"break!"

Ye Fan roared.

Kaitian axe slashed hard.

The multi-eyed Warcraft is worthy of the existence of the peak level of breaking the void, and it was immediately discovered that something was wrong.

It's a pity.

Still late.

The axe slashed **** his heart.

"what!"

The multi-eyed beast fell to the ground with a bang, making an earth-shattering scream.

His heart was split open by the axe.

"Bang!"

Then it exploded.

"Ah ah ah ah..."

The shrill scream resounded throughout the colorless world.

The multi-eyed monsters are rolling.

The colorless world swayed to and fro.

This made Tongtiangong also have a big earthquake.

Palace Master Tongtian, who was just about to retreat, came again, his eyes flickered, and he smiled, "I knew that kid wouldn't die so easily. He should have made this movement."

"Well, I'm paying some price to help you."

Tongtian Palace Master tore open the entrance and shot a brilliance, this is the power of Dou Zhuan Xingzhu.

Rumble.

The colorless world is in chaos.

The multi-eyed beast's heart exploded and was seriously injured. Not only that, Ye Fan didn't stop.

Crazy, indiscriminate bombardment.

One by one, the organs were split open by the opening axe.

The explosions kept going.

Rivers of blood.

Terrible.

Afterwards, Ye Fan put away the opening axe, hugged Yue Linglong, and the supreme dagger in his left hand slashed the beast's body.

"Shh!"

They rushed out.

I didn't even look at the miserable multi-eyed monsters, fleeing frantically.

"Ahhh!"

An angry roar turned into a sound wave.

moment.

Ye Fan and Yue Linglong's seven orifices were bleeding, and their heads were about to explode.

The Void Peak Peak Warcraft is crazy, it's too scary, a little bit of strength can kill them.

"Humanity!"

"Vulnerable humans!"

"I'm going to burn you to ashes, ah ah ah, you damn, **** it!"

The qi and blood of the multi-eyed beast turned into terrifying claws, covering the sky and the sun, grabbing at Ye Fan and Yue Linglong.

Comes with locking and repression.

Ye Fan and the two could not escape.

Suddenly, a burst of energy came with the words of the Palace Master Tongtian: "Ye Fan, come in, this palace will pull you out!"

Tongtian Palace Lord!

Ye Fan was overjoyed.

He gritted his teeth, used all his strength to break some restraints, and threw Yue Linglong into the ball of energy first.

now.

The claws of beasts descended.

"not good!"

Ye Fan was shocked.

Critical juncture.

The fragments of the book from the ground resonated with the scriptures of good fortune, and combined with the supreme dagger, it struck a blow.

Pierced the claws.

However, the force of the shock caused Ye Fan's body to crack, thousands of cracks appeared, blood spurted out, and he became a blood man.

"Brother Fan!"

Yue Linglong was terrified.

Fortunately, Ye Fan flew upside down and entered the energy.

Shifting stars.

disappeared instantly.

"what!"

The multi-eyed beast can only roar angrily, helpless, "When I break the shackles and enter the realm of God Transformation, the second primordial spirit will be able to rush out of this cage, then I will kill all of you, all!!!"

Chapter 1279: Hun Tian Furnace

"Shh!"

Two figures rushed out of the colorless world and fell to the ground.

Ye Fan just lay on the ground like this, laughing, and finally escaped.

Yue Linglong lay on Ye Fan's body, her heart pounding.

Tongtian Palace Master looked at the pile of people on the ground, inexplicably happy.

"It seems you have a lot to gain."

"That's right."

Ye Fan sat up, took a deep breath, calmed down his heart, and said, "There are a lot of physique sources in the monster's body, and I took a lot of them. Palace master, this is my trophy."

The Master of Tongtian Palace said, "Yes."

"Thank you, Palace Master."

Ye Fan then got up.

"Palace Master, Linglong's injury is serious and needs proper treatment."

"Don't worry about it."

Suddenly, Yue Linglong thought of something and said, "Palace Master, we haven't found any opportunity to break the shackles in the colorless world."

Tongtian Palace Master said: "I have expected it, but it is not that I have gained nothing."

While speaking, she looked at Ye Fan.

This obviously refers to the Great Depression Technique that Ye Fan passed on.

"You guys take care of your injuries."

The Master of Tongtian Palace left.

Ao Xinyan arranged Ye Fan's palace where Daoyue Linglong was located, and mobilized a lot of precious resources at will, so that the two could recover from their injuries.

"puff!"

Back in the palace, there was no one around, Ye Fan couldn't hold it anymore, he spat out a mouthful of blood, and then passed out.

"Brother Fan!"

Yue Linglong screamed, terrified.

However, although Ye Fan was in a coma, the hegemony body operated independently and began to absorb resources and recover from his injuries.

self-medication.

Now, Ye Fan's physique has reached the fifty-ninth level, and he has encountered another hurdle.

The last blow of the multi-eyed beast caused Ye Fan to suffer from the huge bed, and countless cracks appeared in his body.

However, with the replenishment of resources, the cracks gradually began to be repaired.

at the same time.

Ye Fan was enveloped in a black halo.

Yue Linglong was relieved to see Ye Fan recovering in an orderly manner, and went to recover from his injury.

Time flickers.

Three days passed.

At this time, all the cracks in Ye Fan's body were repaired, and the injuries also recovered, and his breath was particularly strong.

But Ye Fan hadn't woken up yet.

Yue Linglong felt that something was wrong, and after thinking about it, she decided to look for Palace Master Tongtian.

"Palace Master, what happened to Ye Fan? Why is there no movement at all. It seems that there is no self-healing injury. The whole person fell into silence."

"It's really weird."

Tongtian Palace Master stretched out his jade hand, touched Ye Fan's eyebrows, and checked Ye Fan's body.

Suddenly.

Her face changed.

"In Ye Fan's body, there is a mysterious power that seems to obliterate his consciousness."

"what!"

Yue Linglong was shocked, this is no joke.

Could it be that the black dagger?

At that time in the colorless world, Ye Fan was alienated, and Yue Linglong also saw that the black dagger was an evil weapon, not a good thing.

"Palace Master, what should I do?"

"Go to the Huntian Furnace." Tongtian Palace Master said, "Throw Ye Fan into the Huntian Furnace and see if you can use the Huntian Furnace to calcine the strange power in the body."

Huntian Furnace, the treasure of Tongtian Palace.

The treasure of the town palace.

Palace Master Tongtian took Ye Fan and Yue Linglong to the depths of the forbidden area and entered a small secret realm.

Here, there are many magicians.

It is the treasure of Tongtian Palace since the past dynasties, and it is the heritage and treasure of Tongtian Palace.

In the center of the treasure, there is a waving cauldron ups and downs, exuding the power of the soul.

This is the chaotic furnace.

A furnace and a tripod are different, but have similarities.

Palace Master Tongtian said nothing and threw Ye Fan in. Yue Linglong was shocked when she saw it, but she didn't dare to ask any more questions.

"boom!"

The next moment, Tongtian Palace Master activated the Heavenly Mixing Furnace, and a majestic aura wanted to spread around.

Yue Linglong was almost injured by the impact, but fortunately, the palace lord was there to protect her.

"Boom."

Under the urging of Tongtian Palace Master, the Huntian Furnace spun, and inside, there was a fiery force rioting and scurrying.

Ye Fan was enveloped by this power.

His clothes and hair were ashes, he was naked, and even his skin was red from the burn and seemed to melt.

This calcining power made the strange power in Ye Fan very restless.

Started running around in Ye Fan's body.

Rampage.

Suddenly, Ye Fan's body suffered huge damage, and his injuries became serious.

However.

The hegemony began to repair itself.

The source of physique that Ye Fan had picked before played a role at this moment.

First, there are thirty-six key sources that are of great use to Ye Fan.

One after another refining.

That's right, the refining is very fast, because of the power of the Huntian Furnace.

These origins are simply the purest and most majestic powers, which bring infinite benefits to Ye Fan.

His body repaired, but was injured again, repaired the next moment, and cracked again...

again and again.

Week by week.

Every time it breaks and stands.

Unconsciously, Ye Fan's physical strength is increasing, and there is a momentum to break through the hurdle of level 60.

In the blink of an eye, a month.

this day.

The strange power in Ye Fan's body was finally calcined, and Ye Fan's consciousness recovered.

The strange force had been suppressing his spiritual consciousness before, so he couldn't wake up.

"hateful!"

Ye Fan gritted his teeth.

That strange power turned out to be spread from the Supreme Dagger.

What is this for!

Murder?

Ye Fan was very annoyed.

But there is nothing to be done.

Between him and the Supreme Dagger, it is nothing more than mutual use.

"What is this place?"

"Ye Fan, you are awake. This is the most treasured furnace in my Tongtian Palace, and you are in it."

"I see!"

Ye Fan secretly said that he is really a good treasure, and it is simply the best to use it to forge the flesh.

"Many thanks to the Palace Master for your help, I am very grateful. I want to stay for a few more days, and I also ask the Palace Master to complete it."

"Can."

Tongtian Palace Master is very refreshing.

Ye Fan closed his eyes and started to practice.

He didn't think about the supreme dagger, it was useless; the Huntian Furnace had already calcined all the strange power, which could be regarded as solving the hidden danger for Ye Fan.

To Ye Fan's surprise, the strange power in his body disappeared, but the connection with the Supreme Dagger did not disappear.

That is to say.

Now Ye Fan can drive the Supreme Dagger to a certain extent.

This is a big improvement.

"What a **** of a furnace, this may be an invincible magic soldier comparable to a supreme dagger."

"The palace lord is very kind to me."

Ye Fan secretly remembered it in his heart.

He continued to practice.

Thirty-six primordial seeds were of great use to him, twenty-eight were consumed, and there were eight remaining, and Ye Fan decided to use them all.

nowadays.

Ye Fan has mastered twenty-eight kinds of innate abilities.

It is quite fulfilling.

"swallow!"

Ye Fan refined and swallowed three of the origin, and the fifty-ninth-level Celestial Hegemony was fully recovered.

dong dong!

dong dong!

The tyrannical body trembled constantly, conveying joy, making Ye Fan unable to stop screaming, and the fortune-telling punch became even more formidable.

Swallowed three more.

This feeling is even more profound, and Ye Fan knows that he is about to break through.

This is reasonable.

It's a matter of course.

When the last two essences were refined and absorbed, Ye Fan logically ascended to the 60th-level Celestial Hegemonic Body.

not end yet.

Also rushed two small grades.

Sixty-two Celestial Hegemony.

Ye Fan just stopped and looked at his body, he was very satisfied.

All the hair also grows.

body is more perfect.

"The physical body can rest for a while, otherwise the realm will not be able to keep up. Next, I need to collect the treasures of heaven and earth to prepare for the creation of the invincible Nascent Soul."

Ye Fan made a plan.

Not long after, he rushed out of the Heavenly Furnace wrapped in light, and Yue Linglong threw over the white robe that he had prepared.

Ye Fan put it on.

landing.

Handsome and handsome.

The atmosphere is heavenly.

"Brother Fan."

Yue Linglong did not shy away, she couldn't help but threw herself into Ye Fan's arms and hugged Ye Fan.

this time.

With the help of Tongtian Palace Master, her injuries recovered and her strength improved to a higher level.

Already the powerhouse of Yuan Ying's peak.

"Palace Master, thank you for your kindness, I will keep it in my heart. If there is a place for me, Ye Fan, in the future, please feel free to speak."

"Um."

Tongtian Palace Master was stern.

The stars moved, and she came outside all of a sudden, she said: "During this time, some things happened outside, and there was some friction between the undead blood race and the Big Dipper Sect."

"Is there such a thing?"

"Yes, it is said to be for a treasure mountain, but in fact, all major forces know that it is just an excuse for the undead blood. The purpose is to fight the Big Dipper Cult, and the reason is of course yours."

The Master of Tongtian Palace has a long gaze.

He continued: "In addition to the undead blood clan, the Fire Spirit clan and the Celestial Human clan are also just around the corner. The ultimate goal is you, so your situation is still very dangerous."

"But in my opinion, these three clans are nothing, and the Beidou Sect is enough to deal with it. The key is the old guy Taisu Zhenren."

Ye Fan asked, "Palace Master, what is the action of Master Taisu?"

The Master of Tongtian Palace said: "There is no action, but this old guy is very difficult, and he is very ambitious. You have to be more careful with Taisumen."

"In addition, in the world of Xianshan, it is not only our ethnic groups and strengths, but there are actually many powerful forces. It's just that this world is too big, and you haven't encountered it yet. Therefore, you should not be too proud."

"Five years ago, when I went to the ancient sect of the Great Wilderness in the depths of Xianshan, I saw a lot of evildoers. Among them, there are a few similar to you, and there are also evildoers who are stronger than you."

"The Great Wilderness Ancient Religion?"

"That is a more powerful force. Although there is no god-turning powerhouse, there is more than one peak of the broken void. From my Tongtian Palace, the distance is long, 800,000 miles, and it is necessary to cross the dangerous Warcraft Mountains."

"In fact, our strengths are outside the Demonic Beast Mountains; crossing the Demonic Beast Mountains is the center of the Xianshan world. There are many terrifying powerhouses and enchanting geniuses."

"It's just that it's not easy to travel through the Demonic Beast Mountains. Even if it is as strong as my Void Breaking Peak, I was almost trapped in the Demonic Beast Mountains five years ago. Fortunately, I brought the Huntian Furnace with me."

The Palace Master Tongtian seemed to be recalling, and there was a lingering fear in his eyes. Obviously, there was a terrifying encounter in the Demonic Beast Mountains five years ago.

"Telling you this is to tell you not to be arrogant and conceited, and keep working hard. This morning, you will be promoted to the realm of breaking the void, so that you can truly gain a foothold in the world of Xianshan."

"The undead blood clan, the fire spirit clan, the heaven and the human clan, and even the Taisu Sect, are your stepping stones."

"If you want to leave the world of Xianshan, maybe, in the depths of the world, you can find a way."

Chapter 1280: beheaded

What Tongtian Palace Master said did have some impact on Ye Fan.

Warcraft Mountains, deeper...

That should be a more magnificent world.

Ye Fan is looking forward to it.

When the current situation is resolved, he will definitely climb over the Demonic Beast Mountains and look deeper.

It is also to find a way to leave the world of Xianshan.

Ye Fan and Yue Linglong left Tongtian Palace. Now that the three clans are dealing with Beidou Sect, Ye Fan has to rush back. As the son of Beidou, how can he escape.

"Bai Ying."

Ye Fan shouted.

The huge flying bird has been coming, half a step to break through the realm, good at flying.

The courage is small.

"Lord Holy Son, Lord Goddess, are we going back to Beidou Sect?"

"Yes, let's go, the sooner the better."

"Okay, you all sit tight."

Bai Ying, you showed the highest speed and left.

The Master of Tongtian Palace stood on the top of the back mountain, looking at the direction where Ye Fan was leaving, his eyes flickered, and he muttered to himself: "I don't know, what kind of waves this kid will go deeper into in the future."

"As far as I know, the Fire Spirit Race seems to have some connections with the deeper part."

"The Beidou Church is very troublesome this time."

...

On Bai Ying's back, Yue Linglong snuggled up in Ye Fan's arms, enjoying the beauty in her.

For the first time in so many years, Yue Linglong felt so comfortable.

"Brother Fan, can we really leave the world of Xianshan? How is the outside world?"

"The outside world has changed a lot, it is gorgeous and colorful, various clans have risen together, and there are even foreign enemies, but I have driven them away."

"Brother Fan, you are really amazing."

"Not bad!" Ye Fan was very proud, and immediately sighed: "However, it is definitely not easy to leave the world of Xianshan, otherwise the strong people here would have left long ago. Of course, the easiest way is to seize Wu Lingjun. ."

"Wu Lingjun controls the Heavenly Book of Conferred Gods List, which is very complete. It's not like I only master the fragments of the Book of Earth and the scriptures of good fortune. The Conferred Gods List can cut the isolation barrier and leave the Immortal Mountain."

"This time, it doesn't really matter if the three clans deal with the Big Dipper Sect. The key is the Taisu Sect. I hope that the Taisu Sect will join in. In this case, there is a reason to deal with the Taisu Sect."

"Palace Master said, be careful with Master Taisu. I agree with that. That old guy has a deep mind and accepted Wu Lingjun as his disciple. After so many years, he didn't **** the Conferred God List. Existence is the most terrifying."

"Brother Fan, anyway, we have Beidou Sect and Tongtiangong behind us. Even if Taisu is powerful, can he still deal with the two peak powerhouses, the Palace Master and the Beidou Sect Master?"

Yue Linglong didn't care.

Ye Fan said: "I hope, I hope there will be no trouble. The outside world has changed a lot. If I stay in Xianshan World for too long, I'm also very worried."

This is not true.

There are still many powerful hidden dangers in the outside world.

The first is foreign enemies.

Will the Angels make a comeback?

And will the ghost clan kill them again?

The prince of the ghost clan is mysterious, and he is definitely not the master of peace. Will it disturb the wind and rain?

and so on.

It was all Ye Fan was worried about.

so.

He couldn't stay here for a long time. According to Ye Fan's plan, the best outcome would be to defeat the three clans, kill Lan Yutian, and capture Wu Ling to win the Heavenly Books and Gods List.

In this way, Ye Fan can leave Xianshan World at any time without any worries.

Before leaving, go deeper into the Xianshan Mountain and cross the Demonic Beast Mountains to take a look.

This is the perfect plan.

"Shh!"

Suddenly, a lingering murderous aura broke Ye Fan's thoughts, and a crisis came.

Bai Ying screamed and almost fell.

Ye Fan was very calm.

In the world of Xianshan, there are dangers everywhere, and he has always been vigilant.

The opening axe appeared in his hand.

He stood proudly on Bai Ying's back, his eyes rolled around, and at the same time he used the Great Listening Technique to listen to all the movements in the world.

"Heaven and Human Race creatures!"

Ye Fan was surprised, and immediately sneered: "Sneaky, shameful, come out."

"Evan!"

A powerful breath exploded, and then walked out of a middle-aged man, extremely burly and fierce.

Scary is.

This man turned out to be in the early stage of breaking the void.

"Boom."

In addition, a large number of soldiers appeared in all directions, among which there were six half-step breakers and eighteen Yuanying peaks.

The others are Yuan Ying warriors.

This lineup is terrifying!

"I thought it would be the Fire Spirit Clan, but I didn't expect your Heaven and Human Clan to secretly ambush."

"I really look down on me, and even throw out the powerhouse in the early stage of breaking the void, very good!"

Ye Fan was not afraid and said lightly.

The middle-aged man's face was cold and murderous: "Ye Fan, our goal is to kill Yue Linglong and avenge the goddess of our clan; at the same time, please come to our clan as a guest."

"Hahaha."

Ye Fan laughed, his face full of sarcasm.

"Beheading my woman and inviting me to be a guest is really a blatant humiliation."

"Why, you don't agree? Do you want to resist?" The middle-aged man sneered: "You are indeed very strong, you can kill half a step Po Xu, but this seat is a Po Xu powerhouse, you will never know Po Xu horror."

"Void-breaking powerhouses are indeed powerful, but it's not impossible to kill them."

"Stubborn."

The middle-aged man is very impatient.

"Ye Fan, since you won't be caught without your hands, it will only make you suffer a little bit."

"The formation."

With an order, six half-step Po Xu led the entire team to form a holding magic circle.

Their powers fused together and skyrocketed several times, trapping Ye Fan and the two in it.

Bai Ying shivered.

She wanted to cry but had no tears. She thought that following the Beidou Holy Son would be delicious and spicy, but before she returned to the Beidou Sect, she was about to be beheaded, which was too unfortunate.

Ye Fan looked at the formation, nodded and said, "This formation is good, but it's not enough to kill me."

"Insanity."

The middle-aged man shouted angrily.

With a wave of his hand, the attack began immediately.

Yue Linglong looked at Ye Fan calmly, and knew that Ye Fan had full confidence, so she didn't worry.

"Boom."

In an instant, Ye Fan revives the celestial hegemony.

The sixty-two Celestial Hegemonic Body is so terrifying; you must know that before Tianjiao knew martial arts, the fifty-fifth-level Celestial Hegemonic Body could kill half a step and break the void.

Now the sixty-two level is much stronger than the fifty-fifth level.

Besides.

Ye Fan also needs to learn the Good Fortune Fist.

Also carries the creation scriptures.

You can also use the Supreme Dagger.

All factors add up to give Ye Fan an invincible self-confidence.

"open!"

The opening day axe shines brightly.

Ye Fan slashed down fiercely, and instantly exploded the array.

Except for the six half-step breakers, all the other soldiers died tragically, their bodies exploded and turned into blood mud.

Even the six deities were severely injured and fell to the ground, losing their combat effectiveness.

"what!"

The middle-aged man was shocked.

The kid at the peak of the Taoist Palace, with a single blow, severely damaged six half-step breakers, and killed more than a dozen Yuanying peaks and even a large number of Yuanying soldiers.

this this this...

Simply incomprehensible.

"cut!"

Ye Fan didn't give a chance and waved the opening axe again.

"stop!"

The middle-aged man yelled.

But there was no time to stop it, and the six deities half-stepped their desperate cries to no avail.

He came in a mighty way, and in the blink of an eye, he became a loner.

The middle-aged man was angry and shocked.

"Evan!"

He gritted his teeth with hatred.

These are the elites of the Celestial Clan, the mainstays, and they died so tragically.

He couldn't even go back.

"Actually, if I were you, I would flee immediately; because if you stay, you will end up in a flash."

Ye Fan's tone was calm.

seems to state a fact.

The middle-aged man's cold hair stood on end, and in an instant, he was extremely ashamed and angry. He broke out in full force and shouted: "Ye Fan, you really think you can turn the sky upside down, and you still want to kill this seat and die for me."

"Stupid."

Ye Fan sighed.

He motioned Bai Ying to take Yue Linglong away from the battlefield, and then Ye Fan took the initiative to bless her with magical powers and talents.

The breath skyrocketed again.

After swallowing thirty-six powerful physique sources, Ye Fan gained a lot of innate abilities.

Now, Ye Fan has too many means to use.

The addition of these layers made him swell out of proportion. This axe made the middle-aged man pale.

"Break it for me!"

However, he is a powerhouse after all, it's not that simple.

In his hands, golden gloves appeared.

This is the pharaoh.

And it's a very powerful soldier.

"boom!"

This punch directly bombarded the Sky Axe.

Ye Fan, who was beaten, flew out, the tiger's mouth cracked open, and his blood was surging.

Middle-aged men also regress.

However, it is much better than Ye Fan.

only.

No one knew, he clenched his fist tightly, trembling constantly because of the severe pain in his arm.

What a powerful force!

He was shocked, but he mocked: "Ye Fan, how do you feel. Your peak blow can't even cause me a little bit of damage. Now, do you know the gap between you and me?"

Ye Fan took a deep breath, calmed down his qi and blood, and asked, "Your gloves are good!"

The middle-aged man raised his fist and said proudly: "This trap is made from countless precious materials, and it can be recharged, with the energy storage effect of the Big Dipper chain, and at the same time it is indestructible, even if you open it in your hand. The axe can't even split!"

The opening axe can't split, this is completely fake.

Heaven and earth can be split, how could it be impossible to split a pair of gloves, just because Ye Fan is not strong enough now.

"I like your gloves very much, and I accept them."

"Um?"

The man's face sank.

"What do you mean?"

"surface meaning."

I like it, so take it.

The man's face was ugly.

Ye Fan didn't talk nonsense, took out the supreme dagger, and then rushed straight away.

"Innate ability, restraint!"

This is one of the thirty-six innate abilities.

In the dark.

There is an invisible energy spread that locks the middle-aged man. Although it is not long, it can only last for a second.

But enough.

Ye Fan had already appeared in front of him, and the dagger pierced his eyebrows without hesitation.

"what!"

The man screamed.

After the restraint was over, he broke out and smashed Ye Fan into the air.

puff!

Ye Fan spurted blood, but there was a smile on his face.

Because, middle-aged men have been hit hard.

The supreme dagger pierced between the eyebrows, and at the same time pierced his Nascent Soul. The black power of the dagger hit the sea of spiritual consciousness, tearing it directly, and you can see that his head was cracked.

"Ahhhh!"

The man held his head and fell from the air.

The black power of the Supreme Dagger is so terrifying, it keeps destroying his spiritual consciousness.

It is impossible to get rid of it.

At this moment, Ye Fan took out the Heaven Opening Axe again.

"Do not!"

"Ye Fan, don't, spare my life..."

At this moment, the middle-aged man's face was full of fear, because he knew that he could no longer compete with Ye Fan.

He even felt that his spiritual consciousness was about to be wiped out by that terrifying black force.

Ye Fan was expressionless.

The Sky-opening Axe slashed down instantly, cutting it in half.

"Shh!"

Yuan Ying soared into the sky.

Of course Ye Fan couldn't let it go, grabbed Nascent Soul, and cut off the spiritual consciousness in it.

"Okay!"

Yue Linglong clapped her hands excitedly.

"Holy Son, you are so powerful that you actually killed the Void Early Stage at the peak of the Taoist Palace. There is no one in the past and no one here."

Bai Ying is also flattering.

Ye Fan smiled without saying a word, refining and absorbing Nascent Soul, his Celestial Hegemony Physique began to improve again.

Nascent Soul in the early stage of breaking the void, what a wealth of resources this must be.

Ye Fan's sixty-two Celestial Hegemonic Body began to soar into the sky...

boom!

boom!

boom!

In the blink of an eye, he rushed to level sixty-six.

Ye Fan opened his eyes, feeling refreshed, and at the same time very distressed. He found that the resources needed to improve the physique of the sky are getting bigger and bigger.

He calculated that if he wanted to rush to the sixty-ninth level, he would probably need a Nascent Soul energy in the late stage of breaking the void.

And if you want to break the hurdle of level 70, even if you need to break the peak level, or even more.

Gee.

It's just a bottomless pit!

Ye Fan's scalp is numb, but he can understand that God is fair, the harder it is to improve, the more terrifying the combat power will be after the upgrade.
