Chapter 1281: existence from deep

"Let's go and go back to Beidou Sect."

Ye Fan landed on Bai Ying's back and hugged Yue Linglong with great pride.

Just when they rushed to the Beidou Sect.

A big event happened in the Fire Spirit Race.

In the center of the Fire Spirit Clan's ancestral land, all the clansmen gathered, headed by an old man, too old, as if half of his feet had stepped into the coffin board.

This is the only surviving ancestor of the Fire Spirit Clan.

Broken pinnacle.

Behind him is the Fire Spirit Emperor.

In the back, is a group of elders, core children and so on.

They were all looking forward to it.

What are you waiting for.

What are you waiting for.

Suddenly.

A cry, earth-shattering.

A huge chariot came out of nowhere. The chariot was so big that it was like a palace.

This car is too grand and atmospheric.

The monster pulling the chariot turned out to be an existence of the level of Shattering the Void; and the ones driving the chariot in front were two big men of the late stage of Shattering the emptiness.

"hiss!"

The entire Fire Spirit Clan took a deep breath.

Shocked.

The monsters in the middle stage of Shattering the Void work as coolies, and the bosses in the late stage of Shattering the Void are the grooms.

This battle is too big!

Ancestor Huo Ling was extremely excited.

"All kneel down!"

Crash.

No one questioned, just from this pomp, they knew that there was an incomparably noble existence in the carriage.

Rumble.

The chariot landed.

The palace opened, and a man of incomparably precious gold walked out, wearing a black golden dragon robe, with a cold and arrogant temperament.

This young man turned out to be a powerhouse in the early stage of Void Breaking.

Behind the man, there are two people:

A black-robed man, wrapped in black robes, could not see anything clearly, he could not see through, he was obviously a top expert, and he was probably a giant at the peak of the void.

The other is a woman.

The woman is half-step through the void realm.

"All the Fire Spirit Clan, see the Holy Son. The body came from a long way, and the great arrival made our clan flourish."

Ancestor Huoyun opened his mouth.

Immediately afterwards, the Fire Spirit Emperor and the others also paid their respects, and no one dared to think carefully.

because.

These people came from a deeper place, the world behind the Demonic Beast Mountains.

The young man in the black and golden dragon robe, and even the Holy Son of the Heavenly Fire Holy Land in the depths.

Heavenly Fire Holy Land is much more powerful than the Fire Spirit Race.

There are many broken peaks.

To be precise, if the forces outside Beidou Sect, Taisumen, Tongtiangong, undead blood race, etc. combined, they may not be able to beat the Heavenly Fire Holy Land.

Imagine how terrifying it was.

As the Holy Son of Heavenly Fire Holy Land, Leng Jue is naturally noble and unparalleled, and his talent is amazing, and the evildoer is terrifying.

Three years ago, it was already in the early stage of breaking the virtual. If it is not suppressed, if you want to accumulate a lot, I am afraid it is now the middle stage of breaking the virtual.

"Um."

Leng Jue nodded lightly.

"Get up."

The Fire Spirit Ancestor and the Fire Spirit Emperor all stood up when they were allowed to, but except for the Fire Spirit Ancestor and the Fire Spirit Emperor, none of the Fire Spirit tribesmen dared to look up.

"Ancestor!"

"Father!"

The beautiful woman beside Leng Jue spoke and ran over excitedly.

"Linger."

The Fire Spirit Emperor was very pleased.

This is her daughter, who was inadvertently picked up by the people of the Heavenly Fire Holy Land decades ago and brought to the Heavenly Fire Holy Land.

Originally, the Fire Spirit Clan thought that they had climbed the Heavenly Fire Holy Land and were about to soar.

did not expect.

There has been no news for more than ten years, and the Heavenly Fire Holy Land doesn't care.

Ten years ago.

Finally, Huo Linger got the news back to the family, and finally got in touch.

This is also the biggest trump card of the Fire Spirit Race.

Now, Huo Ling'er is a personal maid with a cold body, and she has been favored.

This relationship is not simple.

Of course, it wasn't that Huo Ling'er was notified by Huo Ling'er to come back, it was a complete coincidence.

"Father, where's eldest brother, why didn't you see it?"

"Ling'er, your elder brother..."

The Fire Spirit Emperor was full of sadness.

"Your big brother was beheaded!"

"what!"

Huo Ling'er was shocked.

Immediately, anger erupted in her eyes. She didn't want to believe it. When she was a child, her eldest brother was very good to her and protected her everywhere. When she came back this time, in addition to seeing the family, she also wanted to take her eldest brother away and join the Heavenly Fire Holy Land.

But now...

Brother, were you beheaded?

"Who!"

Huo Linger roared.

The Fire Spirit Emperor simply told the story, but he added fuel to the fire and pushed all the faults to the Big Dipper Sect and Ye Fan.

After listening.

Huo Ling'er's lungs were about to explode.

"Evan!"

"Beidou Sect!"

Huo Linger gritted his teeth.

She turned around suddenly, threw it to Leng Jue, knelt down and hugged Leng Jue's repulsion, begging: "Holy Son, you heard me, Ling'er begging you to do justice to our clan."

Leng Jue said: "Get up, this time, one of the purposes of coming here is to bring your elder brother into the Heavenly Fire Holy Land, which is my disciple of the Heavenly Fire Holy Land. If a disciple of the Beidou Sect dares to kill him, that is to be my enemy of the Heavenly Fire Holy Land. The Holy Son will not stand idly by."

The black-robed man's eyes flickered, and he reminded: "Holy Son, according to the rules, we cannot interfere in the disputes of external forces."

Leng Jue snorted: "Didn't you hear what I said? Big Brother Ling'er is my favorite, and that is our disciple of the Holy Land of Heavenly Fire. If the Big Dipper Sect dares to kill, we must pay the price."

The black-robed man will be very firm and will not say more.

The Fire Spirit Emperor said: "Holy Son, now my clan is united with the Heaven and Human clan and the undead blood clan to deal with the Big Dipper Religion, but the effect is not ideal. The Big Dipper Religion is very powerful and has a solid foundation."

Leng Jue said disdainfully: "Before my Heavenly Fire Holy Land, the Beidou Sect is nothing but scum. Now go to the Beidou Sect with me and let them hand over Ye Fan."

The Fire Spirit Emperor was overjoyed.

After a while, the mighty men and horses killed the Beidou Sect.

at the same time.

Ye Fan has also returned to the Beidou Sect and met with the Beidou sect master and the various peak masters.

Also understand the current situation.

Everyone was shocked when they learned that Ye Fan had beheaded an early stage powerhouse of the Celestial Clan on the road.

"Ye Fan, I didn't expect you to be so powerful now that you already have the combat power to kill the Void Breaker."

"Just a fluke."

"Don't be humble, beheading is beheading, hahaha, good good, Heaven and Human Race can be said to have suffered heavy losses."

The major peak masters laughed heartily.

"Their three clans are really beyond their own power. They dare to deal with our Beidou Sect. If our sect shows all the details, they will directly destroy their three clans."

Kaiyang Peak swears by it.

These words also made Ye Fan groan in his heart, is the Beidou religion so strong?

The three clans can be destroyed!

"Okay, don't talk big, don't be careless, it's best to prepare and take measures in all aspects. In addition, Taisumen should also beware."

"Dismiss!"

Taoist Tianshu waved his hand.

But just when they just walked out of the hall, Tianshu Taoist suddenly looked at the sky, his face changed.

"What a strong breath!"

"Senior brother, what's wrong?" The other peak masters are only in the middle stage of breaking the void, far less powerful than the Taoist Tianshu sensed.

"Open the guardian formation!"

The Taoist Tianshu changed color and shouted.

The major peak masters were shocked.

Ten seconds later, the entire Beidou Sect started to operate and entered a state of preparation.

Just when the formation was over, they came, led by a magnificent chariot, followed by the army of the Fire Spirit clan.

"The monsters are pulling at the initial stage of breaking the virtual, and the groom in the later stage of breaking the virtual, I rely on it!"

The peak masters dropped their jaws in shock.

Taoist Tianshu looked serious, as if he had thought of something, and his eyes became extremely sharp.

"Wow!"

The palace gates opened.

Leng Jue, Huo Linger, Heipao Ren, Huoyun Patriarch and Huo Linghuang came out.

"Ancestor of Fire Spirit, this old monster is not dead yet, this is the peak powerhouse of Shattering Void."

"The man in black robe is not too much to give up."

"Two peaks!"

The faces of the peak masters were solemn.

The Fire Spirit Emperor stood up and shouted: "Everyone from the Big Dipper Sect, listen to me, this is the Holy Son from the Deep Heavenly Fire Holy Land!"

really!

Daoist Tianshu gritted his teeth, it was really a powerful strength from the depths.

The Fire Spirit Sovereign sneered: "You can't imagine that the Heavenly Fire Holy Land will be the master of our Fire Spirit Clan. Today is a miserable day for your Beidou Sect. Before that, I can give you a chance to reduce casualties, that is..."

"Hand over Ye Fan!"

Chapter 1282: group attack

- Hand over Ye Fan!

- Hand over Ye Fan!

- Hand over Ye Fan!

Huo Ling'er's voice echoed between heaven and earth for a long time; then, Huo Ling'er also jumped out: "Ye Fan, you bastard, how dare you kill my elder brother, I will rip your skin into cramps and smash your corpse into ten thousand pieces! "

The Beidou Sect was dead silent.

No one would have thought that the Fire Spirit Clan would actually invite a powerful force from the depths.

Ye Fan thought it was amazing. In Tongtian Palace, the palace lord talked about the powerful forces in the depths, and now he has encountered it. It is really good luck.

Now, he has nothing to say.

If the Big Dipper Sect wanted to surrender him, he would not be able to resist. If he did not surrender, he would naturally be extremely grateful.

"Huo Linghuang, is this the capital that you came to my Beidou to teach you wanton."

Finally, the Taoist Tianshu spoke up.

Very dissatisfied.

He even said that his words were mixed with murderous intent.

The Fire Spirit Emperor was terrified.

Over the years, these forces have called out many times, and the Taoist Tianshu will always give people a very gentle feeling.

But now.

Murderous.

Saw it for the first time decades ago.

The Fire Spirit Emperor was shocked, however, when he thought of the Heavenly Fire Holy Land, the fear in his heart disappeared.

"Tianshu, you still dare to be aggressive at this time. Could it be that you don't take Heavenly Fire Holy Land in your eyes!"

"I naturally respect the Holy Land of Skyfire, but according to the rules, the forces in the depths should not interfere in peripheral disputes."

"Then let me ask you, is Ye Fan a disciple of the Beidou Sect?"

"Of course!"

"Ye Fan beheaded my son, my son is a disciple of the Holy Land of Skyfire, is this reason enough!"

"Your son is such a waste, he is also worthy of joining the Heavenly Fire Holy Land." Ye Fan sneered.

"you!"

The Fire Spirit Emperor was furious.

At this time, Leng Jue looked over and said coldly and unquestionably, "It's not up to you to decide whether you deserve it or not, I said yes, that's it!"

How domineering!

Ye Fan's face is grim, this holy son is not simple, in the early stage of breaking the void, he has a solid foundation, and it seems that he can enter the middle stage at any time.

As expected of the arrogance of the deeper forces, it is really amazing!

Leng Jue continued: "Isn't it true that the leader of the Big Dipper, hand over Ye Fan, and hand over a thousand resource lands to the Fire Spirit Clan. That's all. Otherwise, the consequences will be at your own risk."

"One thousand pieces of resource land, you are so big!"

Peak Master Kaiyang was furious.

The huge Beidou Sect, for generations, has only used 1,300 quick resources.

This guy is very good, he opened his mouth and asked them to give a thousand pieces of resources to the Fire Spirit Race.

What a joke!

"You don't agree?" Leng Jue raised her brows and said contemptuously, "Forget it, don't waste your words, just attack."

"Today, let the Big Dipper teach blood to flow into rivers."

The words fall.

Leng Jue hugged Huo Linger and entered the palace.

at the same time.

Huo Ling Patriarch and Heipaoren dispatched.

The Fire Spirit Emperor laughed: "Tianshu, this is what you asked for, today is the end of your Beidou Sect!"

The Taoist Tianshu didn't understand his expression, and sneered: "It is too delusional to want to break my Beidou Sect with the two peaks of breaking the void!"

"Then add me!"

Suddenly, a \*\*\*\* light came, overwhelming the sky.

The blood emperor.

Behind him, is the army of undead blood.

"And the old man!"

A white light struck, mixed with a heavy death energy, it was the ancestor of the Celestial Clan.

"Old guy, you're not dead yet?"

Ancestor Huo Ling was very surprised.

The ancestor of heaven and man smiled and said: "You are not dead, why should I die!"

The blood emperor and the ancestor of heaven and man looked at the palace and clasped their fists together: "See the Holy Son!"

In the palace, Leng Jue's words came: "Join us and quickly defeat the Beidou Sect!"

"As ordered!"

The four peaks join forces.

one strike.

It made the guardian circle tremble wildly, as if it was about to be broken.

Inside the Beidou Sect.

Also overturned.

Buildings collapsed and the ground cracked.

General earthquake.

"Brother, what should I do?"

The peak masters were very worried.

The master of Yaoguang Peak said: "Senior brother, wake up the ancestors. We Beidou Sect, and two ancestors are still sleeping."

Ye Fan clicked his tongue.

Two ancestors, that is to say, the Beidou Sect has three peaks of breaking the void.

It is indeed a solid foundation.

No wonder you dare to say that you can destroy the three clans.

"Not urgent!"

Tianshu Taoist shook his head.

"The two ancestors don't have much vitality. Once they recover and take action, they may die directly."

"The guardian formation is not easy, and it is not so easy to break. I will go and get the Big Dipper's life chart, and have a good time with these four peaks."

The Taoist Tianshu disappeared out of thin air.

Before the main hall, it was very quiet, and the major peak masters watched the guardian formation nervously.

In the Beidou Sect territory, many disciples were in a state of fear.

Ye Fan felt very uncomfortable.

Because of him, Beidou Sect suffered disaster.

At this time, Yue Linglong hugged Ye Fan's arm, and her eyes seemed to tell Ye Fan that she didn't dare to do anything, and she stayed by his side.

"Peak Master, open the formation and let me go out."

"what!"

The six peak masters were startled.

However, around the main hall, there are still many core disciples who injected Feng Yuanhua, Fairy Yaoguang and the others.

All were shocked.

Subsequently.

There was deep admiration in their eyes.

"Their purpose is me, because of me, it is too unwise to let the Beidou Sect suffer a disaster."

"I have a lot of luck and won't die so easily."

"To shut up!"

Peak Master Kaiyang glared at him.

"What do you think of our Beidou Sect, you can't survive by sacrificing your disciples!"

"My Beidou Sect is not afraid of them. We have a strong foundation, so you can rest assured."

"Although you have a lot of luck, you are not enough in front of your absolute strength. How can you deal with the four peaks outside? Even if it is a Fire Spirit Sovereign, you can't deal with it. You are not qualified to practice escape."

"Stay honestly!"

The peak masters sternly reprimanded them one by one.

Ye Fan was very moved.

At this time, Feng Yuanhua said: "Holy Son, believe in the Big Dipper Religion, we will not be so vulnerable."

"Yes, Holy Son!"

Many disciples were comforting Ye Fan.

"call!"

Ye Fan took a deep breath and felt unprecedented cohesion. This should be the reason why Beidou Sect can dominate the periphery.

boom!

boom!

The four peaks attacked wildly, and the formation shook more and more severely.

Most of the land inside the Big Dipper Sect is a mess.

Suddenly.

In the forbidden area of the back mountain, the Taoist Tianshu rushed out, holding a seven-star life plate in his hand.

That is the treasure of the Beidou religion.

The Blood Emperor sneered: "Tianshu, you have a treasure, don't we have it?"

"Shh!"

The words fell, the blood emperor had a blood sword in his hand, and the blood sword breath was too cold.

Ancestor Huo Ling and Ancestor Tianren are not to be outdone.

Take out your own town clan soldiers.

As for the man in black robe, he did nothing.

"kill!"

The four peaks roared.

A full blow.

"boom!"

Finally, the guardian formation was overwhelmed.

The Taoist Tianshu changed his expression and went up against the sky without hesitation, making countless Beidou disciples red-eyed.

"Seven Stars Lianzhu."

"The road is high."

With the action of Taoist Tianshu, the seven-star fate plate bloomed and repaired the cracks in the guardian circle.

But Taoist Tianshu did not act like a tortoise, but took the initiative to rush out of the circle and face the four peaks.

This shocked the Blood Emperor and the others.

"Tianshu, I have to say, I admire your courage, but unfortunately, you are too stupid."

"You think it's too arrogant to fight the four of us alone."

"let's start."

The four peaks surrounded Tianshu Taoist in the middle.

The Taoist Tianshu was holding the seven-star life plate, and his face was ancient and waveless, like an immortal who had attained Taoism.

"Fate is impermanent, and good fortune is boundless."

"Nine heavens and ten earths, the prehistoric universe, all kinds, can't escape the fate."

"Come, come!"

I only saw that the Taoist Tianshu was in a daze, talking about something, and the seven-star fate plate was also spinning wildly.

He grabbed it out of thin air.

It seemed to have caught something, and he pulled it violently.

Immediately.

The ancestors of heaven and spirit and the ancestors of fire spirit screamed.

"The dust returns to the dust, it should have fallen long ago, why bother."

Taoist Tianshu is like a machine without emotion.

The ancestors of the fire spirit and the ancestors of the gods were in great pain, their vitality was passing away, and they were terrified.

"What the hell!"

"The Blood Emperor save me!"

They screamed, Jin worked coldly, walked out, stood in front of the palace gate, and watched coldly.

The blood emperor's sword divides the world.

Only then did all the connections be cut off, and the ancestors of the fire spirit and the ancestors of the gods were freed.

"Avenue of Destiny!"

Leng Jue was in disbelief, her eyes burst with divine light.

Among the three thousand avenues, there are several top-level avenues, such as the Avenue of Time, the Avenue of Space, the Avenue of Yin and Yang, and so on.

And the most mysterious and mysterious is the Avenue of Destiny.

rumor.

By comprehending the Dao of Destiny, you can dominate your destiny.

Immortal.

However, throughout the ages, no one has touched the Dao of Destiny, and the means used by Taoist Tianshu just now seem to be related to the Dao of Destiny.

Chapter 1283: God help

Not only Leng Jue, but the Blood Emperor and the others also discovered it. They were unbelievable and shocked to the point of incomprehensible.

destiny?

How is it possible that the leader of the Big Dipper can control the power of fate!

No one can understand.

at the same time.

The four peaks quickly retreated and distanced themselves from the Big Dipper Cult Master, their faces dignified and fearful.

The force of fate is mysterious and unpredictable.

The leader of the Big Dipper had flying white hair, holding the seven-star fate plate in his hand, immortal style, and his voice was indifferent and calm: "If you leave now, this seat can spare you a little, otherwise, you will recover a painful price."

If it was before, the Blood Emperor and the others would definitely sneer.

But now, they can't refute.

The means that the Big Dipper leader used just now was really terrifying, and the ancestors of the fire spirit and the ancestors of the heavens were almost seriously injured.

but.

The Blood Emperor is not too afraid, because his blood sword can cut off that connection.

It is also a countermeasure.

"Stop."

At this moment, Leng Jue spoke.

He walked in the air, came to the front, looked directly at the Big Dipper leader, and asked, "Tell me, how can you control the power of destiny, this is absolutely impossible, is it with the help of the magic soldiers in your hands?"

The Big Dipper Sect Master said, "That's true."

Leng Jue nodded, "This is not bad, otherwise it would be too incredible. I didn't expect that this magic soldier could assist in manipulating the power of destiny, which is really a supreme treasure."

Leng Jue's heart is hot.

If you can get this supreme magic soldier, you will be able to control the power of destiny. In this case, those competitors in the Holy Land of Skyfire will not be a problem.

Although he is the Holy Son of Heavenly Fire Holy Land, he does not sit back and relax. On the contrary, there are many competitors below, and some of them have similar strength and potential.

As long as she slackens, she will be surpassed.

The position of the Holy Son is naturally unstable.

But as long as he can control the power of fate, Leng Jue is confident that he will be invincible among the younger generation in the Holy Land of Heavenly Fire.

In the future, the seat of the Lord of the Holy Land must be his.

"Master Beidou, if you are willing, I can swoop with you and become a good friend of the year, and I will recommend that you become a worshiper of my Heavenly Fire Holy Land, or an elder, and give you Beidou to teach you some who enter the Heavenly Fire Holy Land every year. quota."

"how do you feel?"

Leng Jue threw out an olive branch.

The Fire Spirit Emperor was in a hurry, however, they all knew that Leng Jue had taken a fancy to the seven-star fate chart.

Right.

Who doesn't want to manipulate the power of fate.

therefore.

At this juncture, Huo Linghuang and even Huo Ling'er would not be foolish enough to touch Leng Jue's brows.

If the Big Dipper leader really swore to Leng Jue, then they would succumb to it.

"You think about it, this is a great thing for the Big Dipper Religion. With the Heavenly Fire Holy Land as a backer and help, maybe in ten or twenty years, your Big Dipper Religion can enter the hinterland of Xianshan."

"What about the conditions?"

"The condition is that I need the magic soldier in your hand, and at the same time, teach me the method and experience of controlling the power of destiny, and help me to be able to control and use it as quickly as you do."

"Hahaha."

The Big Dipper leader laughed loudly.

"Child, you dare to covet the seven-star fate chart, you are really bold, this is a blasphemy against fate."

Suddenly, Leng Jue's face sank.

The Big Dipper Sect Master continued to shout: "Is the Heavenly Fire Holy Land very strong? You know, eight hundred years ago, my Big Dipper Sect was also located in the hinterland of Xianshan. It's just that the ancestors of my sect moved outside on their own initiative."

Leng Jue snorted: "Don't mention the glory of the past. Now the Beidou Sect has declined. I advise you to hand over the seven-star life chart honestly, so that you can still have a good relationship with my Heavenly Fire Holy Land, otherwise..."

"Otherwise, what are you going to do?"

"The Beidou religion doesn't need to exist anymore."

"Hahaha."

The Big Dipper leader laughed in anger.

Below, the top leaders of the Big Dipper Sect and all the disciples were extremely angry and furious.

it turns out.

Said to destroy the Beidou religion.

What a big breath.

The Blood Emperor was a little worried, knowing that the foundation of the Big Dipper Sect had not yet been revealed.

It is said that the Beidou Sect still has ancestors who have not fallen.

If they all recover, and the Big Dipper leader can control the power of fate... I am afraid, they are in danger.

The ancestors of the gods have already had the idea of retreating.

Leng Jue is too arrogant.

Even if you are the Holy Son of Heavenly Fire Holy Land, but this is not the hinterland of Xianshan, at least get the powerhouses of Holy Land over and speak ruthlessly.

Now that the Beidou Sect is angered, there is no good fruit to eat.

"Destroy my Beidou Sect!"

Taoist Tianshu showed disdain on his face, and sneered: "Okay, today I want to see how you can destroy my Beidou Sect."

Leng Jue's face sank.

He also knew that the current lineup could not destroy the Beidou Sect.

"You really choose to fight against my Heavenly Fire Holy Land?"

"Joke, you are bullying the door and trampling on the dignity of my teaching. You are bullying too much. It is impossible to hand over the seven-star life chart to you, and Ye Fan is unwilling to hand it over.

Today, you can stay and destroy you, and the Holy Land of Heavenly Fire will also be destroyed. You wouldn't know, would you!"

"court death!"

Leng Jue was furious.

However, he did not make a move. Although his talent is amazing, he must be too far from the peak of Po Xu.

Immediately rushed into the palace.

At this moment, the man in black robe broke out in full force, showing his true combat power, with a peerless sword in his hand.

"Offend the Holy Land, offend the Holy Son, and be executed."

The man in black robe slashed fiercely.

This knife shocked the ancestors of the fire spirit and the ancestors of the heavens, and it was strong enough; even the blood emperor's eyelids twitched wildly.

However, the leader of the Big Dipper was not in a hurry, hit the Big Dipper Good Fortune Fist, and instantly collapsed the sword light.

"what!"

The black-robed man was shocked and couldn't believe it.

He punched with all his strength, and was knocked out by the opponent's punch!

The Blood Emperor was also taken aback.

The Big Dipper is so strong?

They don't know that this is actually the blessing of the power of the seven-star horoscope.

The current Beidou sect master can already confront Jiu Jianxian who has realized some opportunities to transform into gods.

After blowing up the lore of the Heipao Ren, the Big Dipper Cult Master did not hesitate and did not stop at all. With the help of the Seven Star Fate Chart, he controlled his destiny.

"kill!"

All of a sudden, the ancestors of the fire spirit and the ancestors of the gods screamed.

These two old guys didn't have much vitality in the first place. Although they were at the peak of breaking the void, they were one grade worse than the Big Dipper leader.

"Ah ah ah..."

After a series of screams, the two old guys were covered in blood and fell.

"Ancestor!"

Huo Linghuang and Huo Linger exclaimed.

at this time.

Ye Fan threw the opening axe out and shouted: "Sect Master, chop them to death!"

"Hahaha, good time."

The leader of Beidou is worried about the invincible magic soldier who is not aggressive, and the opening of the axe is just right.

Boom!

In an instant, the Kaitian Axe recovered.

The powerhouses at the peak of breaking the void use the Heaven Opening Axe, and the power displayed is much more terrifying than that displayed by Ye Fan.

"What a terrible soldier!"

Leng Jue's pupils contracted, very hot.

The Seven Star Fortune Chart is a good treasure, and this Heaven Opening Axe is also a good treasure.

I want it all!

Must get!

And the axe of the Big Dipper leader has already chopped down, and it is bound to kill the two old guys.

"The Blood Emperor save me!"

The two old guys screamed.

They were seriously injured, where are the opponents of the Beidou leader.

"Tianshu, you are too arrogant, you dare to act in front of me."

"scold!"

The blood emperor shot.

That blood sword was amazing, and the fact that it was able to sever the manipulation of the power of destiny just now means that it is extraordinary.

now.

Carrying a monstrous blood light to assassinate the leader of the Big Dipper.

"Master, catch it!"

at this time.

Ye Fan ran out of the treasure again, it was the Wuxu Kunding, the owner's extremely strong defensive power.

"Hahaha."

The Big Dipper leader couldn't stop laughing.

Ye Fan is really a divine assistant.

The Hundred Days Kun Ding bloomed and resisted the sword of the Blood Emperor. Although the Big Dipper leader was also shaken by the shock's blood, it was worth it.

because.

The axe fell firmly.

"what!"

Half of the body of the ancestor of heaven and man was chopped off and exploded directly. The blood was blurred, and it was miserable.

This terrifying fire spirit ancestor was so frightened that his soul was scattered.

"Saint Son, save me!"

Ancestor Huo Ling rushed to the carriage.

Huo Ling'er shouted: "Holy Son, save my ancestor, save him."

"How presumptuous!"

Leng Jue's face was ashen.

The Big Dipper sect master acted violently in front of him, completely ignoring him and the Heavenly Fire Holy Land.

"Old Hei, at all costs, kill or seriously injure him!"

"As ordered."

The man in black robe took a deep breath, and the peerless sword in his hand glowed brilliantly.

Woohoo.

The breath whistled and turned into a sword light, extremely sharp, cutting the world.

Big Dipper's brows furrowed.

He wanted to kill two old guys, but the black robe and the blood emperor made a move, so he couldn't do it.

"kill!"

"kill!"

The black robe and the blood emperor shot at the same time.

The Big Dipper Sect Master smashed it with a punch and was knocked flying. At the same time, the Wuxu Kunding also shook wildly.

"Hahaha, Tianshu, no matter how strong you are, you must die today."

"Bone and ashes!"

"Bone and ashes!"

Seeing that the Big Dipper leader was suppressed, the seriously injured ancestor grinned wildly, and his heart was full of joy.

The Beidou Sect members were extremely worried.

At this time.

A disciple shouted: "Everyone, look, the Holy Son..."

People look over.

He found that Ye Fan grabbed a mirror from his body, threw it out, and shouted, "Sect Master, hold it!"

The Big Dipper's eyes flashed.

good guy!

Here again baby!

The leader of the Big Dipper grabbed the Haotian Mirror, trembling all over, and immediately knew that it was the supreme treasure.

"boom!"

Haotianjing recovers.

A burst of divine light from Haotian sent the Blood Emperor and the black-robed man flying.

That is this juncture.

The Big Dipper leader seized the opportunity and appeared in front of the ancestors of heaven and man.

moment.

The pupils of the ancestors of the gods contracted.

"Tianshu, you..." 0

"Let's go!"

Beidou leader is very decisive.

Axe up and axe down.

The ancestor of heaven and man didn't even let out a scream. He was split in half, and even Nascent Soul was split open.

Died on the spot.

Instant death.

"Bang!"

The flesh exploded and turned into mud.

Nascent Soul's pure power was thrown away by the Big Dipper leader and rushed into Ye Fan's body before the central hall.

Rumble.

Ye Fan clapped his body, this is the power of the Nascent Soul at the peak of the void, how huge.

He couldn't help screaming.

"what!"

Cang Tianba couldn't help but recover.

Then skyrocketed.

It's now level sixty-six, and next:

Sixty-seventh grade!

Level sixty-eight!

Sixty-ninth grade!

Only then did it stop.

Ye Fan opened his eyes, the vigorous physical breath made Feng Yuanhua and other disciples tremble, and couldn't help but kneel down.

Even the six peak masters and many elders were also frightened.

The peak masters felt it.

At this moment, Ye Fan can simply suppress them in the middle of the void, this kid is too evil.

Chapter 1284: lose

Ye Fan's strength also surprised Leng Jue.

The sixty-ninth-level Celestial Hegemonic Body really gave people a feeling of escaping terror. The uncontrollable qi and blood was expanding, filling the three thousand-meter area around Ye Fan.

He looks like an ancient beast.

The most terrifying thing is.

Ye Fan is only the realm of the peak of the Taoist Palace.

"How can it be!"

After Leng Jue discovered Ye Fan's realm, his jaw dropped. It was only the peak of the Taoist palace, how could an ant-like existence have such a powerful body.

What kind of cultivation method is this!

What kind of training method is this!

What a physique!

Leng Jue stared at Ye Fan. Just now, he wanted to get the seven-star fate plate, Kaitian Axe, Wuxu Kunding and Haotian Mirror. Now, he is bound to take Ye Fan.

because.

If he can get the same physique as Ye Fan, get the training method, and the body training method, then he will be invincible.

is truly invincible.

In the hinterland of Immortal Mountain, among the young leaders of many major religious holy places, he will also overwhelm everything.

Leng Jue's mind became extremely hot.

This time out is really right.

There is such a great chance.

"Ye Fan, you are very good!"

The Big Dipper leader laughed.

"Your talent and potential are ten times stronger than that of the Holy Son of Heavenly Fire Holy Land. Your current realm is enough to fight against the middle stage of Shattering Void. You can decide what Heavenly Fire Holy Son is!"

These words made Leng Jue half-dead.

The black-robed man shouted angrily, "Let's blaspheme the Son, court death!"

"Just you?"

The current Beidou leader is extremely confident.

Because he attacked with Kaitian Axe and Haotian Mirror, defended with Wuxu Kunding, and assisted with the Seven Star Fortune Chart.

It can be said that there is no short board.

"The self-righteous guy really thinks that he is invincible from the hinterland of Xianshan! Don't take the outside forces in your eyes! It's ridiculous and stupid."

"I think back then, when my Beidou Sect was in the hinterland of Xianshan, it was at the top of the rankings. What kind of thing are you Heavenly Fire Holy Land!"

"Since you are courting death, I will fulfill you."

"The Big Dipper, now!"

With the big shout of the Big Dipper leader, the seven big peaks of the Big Dipper sect burst into a bright light.

Seven pillars of light stood between the heavens and the earth, only to see, above the sky, slowly emerging, seven huge stars.

The stars, lined up, seemed to form some kind of mysterious realm that enveloped the audience.

"not good!"

The blood emperor and the man in black robe changed dramatically.

But the first target of the Big Dipper leader is not them, but the ancestor of the fire spirit.

This old guy must be cut off!

"Fortune Zhong Shenxiu."

The Big Dipper sect master punched out the profound meaning of Fortune Fist, and cooperated with the Big Dipper seven-star field to burst into a peerless style.

The blood emperor and the black robe were forced to retreat.

Leng Jue's chariot was affected, and the monster beast and the two followers in the late stage of breaking the void were directly beaten to ashes.

but.

The palace where Leng Jue was located was completely intact. This palace was actually a powerful defensive magic weapon.

Leng Jue hid in it.

However, the palace vibrated wildly, and some power was transmitted in, causing Leng Jue's blood to surge.

"Ancestor!"

At this moment, the Fire Spirit Emperor exclaimed.

Because the Big Dipper Cult Master had already killed the Fire Spirit Ancestor, the Haotian Mirror burst into divine light and bound the Fire Spirit Ancestor.

The Wuxu Kunding smashed him into darkness.

The opening axe slashed down, which was a sure-fire blow.

"Shh!"

Right at this juncture.

A powerful force came and swept away the ancestor of the fire spirit, and the axe of the Big Dipper leader smashed into the air.

"Who!"

The Big Dipper leader was furious.

I only saw that in the distant sky, a Taoist man came strolling, and it was Taisu real person.

"Tianshu, you are too much."

"Taisu, you also want to get involved." The Big Dipper's face was gloomy, and the real Taisu was unfathomable.

"I just hope it doesn't make a fuss and sit down and have a good talk."

What Taisu said was very bland.

The Big Dipper leader was furious. If this guy didn't come, he could kill the ancestors of Huo Ling, and at the same time he could fight the blood emperor and the black-robed man.

It is even possible to catch the Leng Jue Son.

But now that Taisu Zhenren joins, there is no way, everything is in vain.

"It's high-sounding, and you don't know what you're thinking. If that's the case, let's fight."

"I am the Big Dipper, and I am not afraid of any forces!"

How arrogant this sentence is.

How proud.

Below, the disciples of the Beidou Sect were all boiling with enthusiasm, shouting and roaring, imposing like a rainbow.

At this time, Leng Jue came out: "Beidou Sect, killing my servant is unforgivable. You will pay a painful price for this."

The Big Dipper Cult Master said, "Really, I'm waiting for the Son of Heaven to come, but you guys shouldn't be able to leave."

Leng Jue was taken aback.

He looked at Master Taisu and said, "Fellow Daoist, I wish us a helping hand, that is my friend of the Holy Land of Heaven and Fire. Please visit the Holy Land and talk with the Lord of my Holy Land."

Taisu Zhenren said: "Holy Son, I have no intention of interfering in the disputes between you. I came here just to mediate. I hope you will stop fighting."

Leng Jue frowned.

The black-robed man said: "Holy Son, if you continue to fight, there will be no results, but there will be great danger. Let's retreat first, return to the Holy Land, and call the elders to come over. It will not be easy to destroy the Big Dipper Sect. loose."

Huo Linger was also frightened, and persuaded: "Holy Son, avoid his edge first, this is not a shameful thing."

Leng Jue was thoughtful.

The Blood Emperor didn't want to take any chances, so he said, "Holy Son of Tianhuo, you should call in reinforcements. Just because we can't destroy the Big Dipper Cult, we can't even suppress the Big Dipper Cult Master."

"Taisu Zhenren is actually helping us. He mediates in the middle to give you time to call in reinforcements."

I see!

Leng Jue cast a thankful look at Master Taisu, then looked at the leader of the Big Dipper and said coldly: "For the sake of this fellow Daoist, I will spare you once, but I must remind you to enjoy the few Let's live in peace, because the Beidou Sect will be destroyed soon, and I will be removed from Xianshan, don't think I am joking, the Holy Land of Heavenly Fire has this strength."

"let's go!"

Leng Jue turned around and walked back to the palace.

Suddenly.

A sneer sounded: "Come if you want, leave if you want, what do you think of our Beidou Sect!"

Um?

Leng Jue turned back.

It was Ye Fan who spoke. He rushed out of the guardian formation and came to the Big Dipper leader.

He stared at Leng Jue.

Word by word: "If you want our Beidou Sect's treasure, then it depends on your own strength and what kind of skill it is. Let's fight, if you can promise me, I don't dare to be the master of the Seven Star Fate Chart. , but my Heaven Opening Axe, Wuxu Kunding and Haotian Mirror belong to you."

"do you dare?"

The world was dead silent, and there was no sound.

what's the situation?

Ye Fan wants to challenge the Son of Heavenly Fire.

After a short silence, the Big Dipper Sect burst into applause, and countless disciples and even elders blushed and shouted excitedly:

"Saint Son mighty!"

"Saint Son mighty!"

"Saint Son mighty!"

You know, the strength shown by Ye Fan's physical breakthrough just now is obvious to all.

Heavenly Fire Holy Son is only in the early stage of breaking the void, and it has not been arbitrarily manipulated by Ye Fan.

Beidou teaches the Holy Son, and grasps the Holy Son of Heavenly Fire Holy Land, what an exciting thing.

It's no wonder that Beidou teaches everyone to be excited.

The Big Dipper Sect Master smiled and said, "Okay, as expected of me, the Holy Son of the Big Dipper Religion, I don't know the noble Holy Son of Heavenly Fire Holy Land, dare to fight!"

Chapter 1285: crazy idea

-dare!

Below, Beidou teaches everyone to shout.

Leng Jue's face was full of frost.

Damn!

This group of bastards, the muscle man forced him!

He knew the strength that Ye Fan showed just now, and coupled with the supreme magic soldiers such as the Kaitian Axe, Leng Jun was not sure to suppress Ye Fan.

And once defeated, it will lose face.

It was a blow to his heart.

"Holy Son of Heavenly Fire, don't you dare?" The Big Dipper's words were mixed with ridicule.

This made Leng Jun burn with anger.

Hot-skinned.

Ye Fan said: "If you are afraid, then I can let you, I will not use the magic soldiers I lent to the leader, so you should not be afraid!"

Leng Jue was extremely embarrassed and shouted: "You humiliated me?"

"This is humiliating me? If you think it is humiliation, then I will take back what I just said. I will use the magic soldiers such as the opening axe. Then, start the fight now?"

Ye Fan was eager to try.

Leng Jue gritted his teeth, he couldn't bear it.

Fight to fight!

What are you afraid of!

He is the Holy Son of the Heavenly Fire Holy Land, and he masters a high-level peculiar way of learning, which is comparable to that of the external forces.

"Son!"

At this moment, the man in black robe stood up and said, "Holy Son, your status is noble, and Ye Fan is not qualified to fight with you."

Leng Jun was stunned.

I saw that the man in black robe looked at Ye Fan and shouted, "Boy, don't be arrogant, don't think that you are invincible because you are strong in body, but you don't know that in my Heavenly Fire Holy Land, there are many geniuses like you."

"Yes?"

Ye Fan was full of mockery.

The black-robed man snorted coldly: "I'm too lazy to argue with you, you have to fight the Holy Son, and you need to pass the assessment. Soon, a group of geniuses will come from my Holy Land. When you defeat them, you will be qualified to fight against the Holy Son."

Ye Fan sneered: "It seems that you are afraid!"

"you!"

"Holy Son, no need to say more, it's just a clown jumping on the beam. Let's go."

The man in black robe sent Leng Jue into the palace.

Then he glanced at the Big Dipper leader, his eyes were not good, and then he pulled the palace away quickly.

The Huo Ling clan army also retreated.

Seeing this, the Blood Emperor followed the Heipao Ren; Taisu Zhenren also left.

As for the Celestial Clan army, they were all killed by the Big Dipper Sect.

The Emperor of Heaven has fallen.

The Celestial Race is finished, and it collapses directly.

Heaven and earth returned to peace.

The Big Dipper leader and Ye Fan landed on the central hall square, and the peak leader, elders, and core disciples surrounded them.

"Senior brother, the situation is not good."

"Indeed, reinforcements from the Holy Land of Skyfire will arrive soon, and there will definitely be many peaks of breaking the void by then. Coupled with the blood emperor and Taisu master..."

The Big Dipper's face was solemn.

Ye Fan said: "Sect Master, I caused the trouble, I will bear it all, and will not bring disaster to Beidou Sect."

"Now, don't say such things. You are a member of Beidou Sect. We Beidou Sect will never abandon our disciples."

"But..."

"Don't worry, the background of our Beidou Sect is not bad. If the Holy Land of Heavenly Fire wants to destroy us, it will have to peel off a layer of skin, and even pay a painful price."

The eyes of the Big Dipper sect master shone with cold light, and the other peak masters and elders were also murderous.

"Yuanhua."

"The disciple is here!"

"I give you a task, and that is to preside over the migration. Immediately, all the disciples who are in the Nascent Soul realm will leave the Beidou Sect and go to the second base."

"As ordered!"

Feng Yuanhua did not question it and went to do it immediately.

Every major force will definitely build a second base, so if the mountain gate is lost, there is still a way to go.

The second base of Beidou Sect is also a secret realm, located in the mountains 80,000 miles away from Beidou Sect.

The huge Beidou Sect has too many disciples, and under the auspices of Feng Yuanhua, it turned into a torrent and went to the secret realm.

This picture is extraordinarily spectacular.

Ye Fan stood on the top of a big mountain of Beidou Sect, watching the migration of his disciples, and he was very worried.

The Big Dipper Cult Master and the Six Great Peak Masters have all disappeared.

It seems to be activating something.

Ye Fan stayed and sat in the Beidou Sect.

"Brother Fan."

Yue Linglong came over and comforted: "Don't worry too much, the leader and the others are confident, that means they have some confidence, and I also contacted the palace master and asked her to take action."

Ye Fan said: "What did the palace master say?"

"This... the palace master didn't respond." Yue Linglong sighed.

This is what AyefaN expected.

It is impossible for Tongtiangong to offend the Holy Land of Heavenly Fire for the sake of Beidou Sect.

"Linglong, I want to go to the hinterland of Xianshan. It's better to take the initiative to attack instead of sitting still. I want to attack the Holy Land of Heavenly Fire. As long as they are in chaos, they will not care about it here."

"This..."

Yue Linglong was shocked.

Ye Fan was too daring, he even wanted to go to the hinterland of Xianshan to attack the Holy Land of Heavenly Fire.

Things you can't even think about!

"Holy Son, you think the same as I do." Suddenly, Feng Yuanhua descended, as well as Fairy Yaoguang, and the direct disciples of other peak masters.

"Is the migration work over?"

"It's all over."

Feng Yuanhua nodded.

Ye Fan said: "You also have my thoughts just now?"

Feng Yuanhua said: "Holy Son, what you said is very reasonable. As long as the Heavenly Fire Holy Land is in chaos, we will naturally have no time to take care of our Beidou Sect. We all have this idea, but our strength is too weak. Even if the Holy Son you can deal with it. In the middle of the void, it's still not enough to watch. Even, we can't pass through the Warcraft Mountains."

Ye Fan frowned.

This is not true.

The Warcraft Mountains are too terrifying.

Tongtian Palace Master said that when she crossed the Demonic Beast Mountains, she encountered a lot of trouble.

The Son of Heavenly Fire came from the hinterland, and he also brought a Peak Breaker and two Late Breakers.

A group of Nascent Souls, together with him, a Taoist palace peak, went through the Demonic Beast Mountains...

Just looking for death!

Just when Ye Fan was distressed, the communication jade on his body suddenly lit up.

His mind flashed.

"I'm going out."

Ye Fan didn't even bring Yue Linglong with him, and quickly left Beidou Sect.

On a treasure mountain.

He saw an acquaintance.

"Brother Du."

"Evan."

Du Jun laughed.

Ye Fan said: "Brother Du contacted me, presumably to beg a bar."

Du Jun touched his nose and said with a smile, "Yes, all the wines from before have been drunk. Not only me, but my master has also finished drinking, so I hope you can give me some more."

"What about Senior Wine Sword Immortal?"

"My master is sleeping in Wutong Mountain. There is a Suzaku monster there. The existence of the peak level of breaking the virtual is very terrifying. She and my master are good friends."

"How far is Wutong Mountain from here?"

"It's a little far, 300,000 miles. What, you want to see my master?"

Ye Fan said: "I do sometimes want to ask."

Du Jun rolled his eyes and said, "Alright then, let's go to Wutong Mountain."

"That couldn't be better."

Ye Fan was about to summon Bai Ying to come over, but Du Jun spit out a three-foot Qingfeng.

Turned into a huge flying sword.

"Come up."

Du Jun beckoned.

Ye Fan jumped up, and in the next second, he flew away with a splash, and the speed was astonishingly fast, twice as fast as Bai Ying.

So ever.

It took half a day to arrive at Wutong Mountain.

This mountain is really majestic, reaching tens of thousands of feet, and it is extremely huge. The mountain is full of plane trees.

The leaves are glowing red.

This caused the entire Wutong Mountain to be red, and it seemed that there was a raging fire.

"follow me!"

"Ms. Suzaku's lair, no creature dares to approach it in a radius of tens of thousands of miles, except for me and Master."

Du Jun leads the way.

Soon.

When I came to the top of the mountain, there was a huge palace, which was made of sycamore wood.

On a small sycamore tree next to the palace, Ye Fan saw Jiujianxian, lying on the branches and sleeping soundly.

Ye Fan was speechless.

How did such a guy cultivate to this realm, and he also realized the suspected opportunity to transform into a god.

It really doesn't make sense.

"Master."

Du Jun flew over and shouted, "Master, don't sleep, Ye Fan is here!"

"Master!"

Du Jun pushed.

Accidentally, Jiujianxian fell from the tree and fell to the ground, only to wake up.

"Is the wine coming?"

Wine Sword Immortal yawned.

Ye Fan walked over, clasped his fists and said, "Senior, we meet again."

"Um?"

Jiujianxian raised his eyes.

Surprised: "Why did you come here?"

Du Jun said: "Ye Fan said he had something to do with you."

"Anything with me? What a joke. You little baby, why are you looking for me? What qualifications do you have. Go as you go, fill the gourd with wine, get out of here, don't disturb my sleep."

Ye Fan couldn't help crying.

But since he came, it was absolutely impossible to leave easily.

Suddenly.

A fiery breath swept over, making Ye Fan's body unbearable.

Du Jun shouted: "Madame Suzaku, restrain my breath, I'm going to die."

Hu Hu Hu.

At this time, the breath is disappearing.

next moment.

Ye Fan's pupils contracted and he lost his mind. On the huge sycamore tree not far away, there was a \*\*\*\* bird.

There are bright feathers all over the body, 90% of which are red, as if the flames are flickering.

Suzaku?

Ye Fan was surprised.

Does it really exist?

Rumor has it that Suzaku has a trace of the bloodline of the ancient Phoenix, and is considered a descendant of the Phoenix.

Ye Fan could feel that this Suzaku has a noble bloodline.

She proudly held her head high, her feathers swayed, and she displayed an aloof and noble aura.

Those eyes were arrogant, as if nothing was in their eyes.

Ye Fan found out.

This Suzaku is stronger than the Blood Emperor.

It is definitely the most top group in the peak of the void.

"Junior Ye Fan, see Empress Suzaku."

"Leave!"

Empress Suzaku was very indifferent and issued an order to evict guests.

Ye Fan was embarrassed.

Du Jun said with a dry smile, "Niangniang, this is my good brother. Give me and Master a good drink, please be accommodating."

Lady Suzaku said nothing.

Du Jun said with a bitter face, "Ye Fan, it seems that you have to go, don't disobey Empress Suzaku's order, otherwise it will be miserable."

You are so weird!

Ye Fan was helpless.

But before he left, he looked at Jiu Jianxian and couldn't help shouting, "Senior, I'm going to the hinterland of Xianshan, but I can't cross the Demonic Beast Mountains, so I ask you to protect me."

In an instant.

Jiu Jianxian opened his eyes, turned to look at Ye Fan, and then sat up.

Seeing this, Empress Suzaku did not say much.

"Are you going to the hinterland of Xianshan?"

"Yes!"

"What?"

"People from the Heavenly Fire Holy Land in the hinterland will insult my Beidou Sect. In a few days, the reinforcements from the Heavenly Fire Sacred Land will come, and there will be disasters for my Beidou Sect. I thought, take the initiative and go to the Immortal Heartland to attack the Heavenly Fire Sacred Land. As long as they If the old nest is in chaos, then there is no time to take care of the Big Dipper."

"Hahaha."

Jiujianxian laughed and sneered: "Boy, you are so loud, the peak of the small Taoist palace even threatened to attack the Holy Land of Heavenly Fire, who gave you the courage!"

"boom!"

In an instant, the sixty-ninth-level Celestial Hegemonic Body recovered.

The blood is soaring.

Void vibration.

Ye Fan's eyes were shining, and he said word by word; "Just rely on this!"

Chapter 1286: group of seven

The moment Ye Fan regained the celestial hegemony, Jiujianxian's eyes became bright, and at the same time, Empress Suzaku's eyes also changed.

were shocked.

Du Jun even shouted: "Ye Fan, I rely on you, why is your physical body so strong, I feel like a punch can knock me out."

This is true.

Du Jun is now in the late Nascent Soul, facing Ye Fan, the gap is indeed too big, and he will be killed with one punch.

Ye Fan is neither humble nor arrogant.

Staring straight at Jiujianxian.

"Senior, is it okay?"

"good!"

Jiujianxian nodded and praised: "Your body can be cultivated, and it must be in the head in the sacred places of the great sects in the hinterland of Xianshan."

Ye Fan clasped his fists and said, "Senior please fulfill. Anyway, the senior has nothing to do, just take a trip. The big kindness will be remembered by the junior, and it will be repaid in the future."

Jiujianxian stood up, ignored Ye Fan, and looked at Empress Suzaku instead.

"What's NIIT thinking?"

Asking Empress Suzaku, Ye Fan was puzzled.

Could it be.

The two are a couple.

Jiujianxian is a strict wife.

moment.

The gigantic, noble and mighty Empress Suzaku turned into a red light and descended.

The light spreads out, and it is a woman.

Bewitchingly beautiful.

Sexy and hot.

Exudes an air of superiority.

Monster shape.

Ye Fan is not surprised, some ancient and powerful bloodline monsters will inherit this form of transformation.

Once you reach a certain level, you can transform.

but.

Generally speaking.

Monster beasts can only be transformed when they reach the realm of transformation.

However, big demons with powerful bloodlines, or aliens, such as Empress Suzaku, can transform into the Void Breaking Realm as early as possible.

Ye Fan felt that his guess was right.

Jiujianxian and Lady Suzaku must be in a relationship.

"It's been more than ten years, I think, I can understand the grievances and grievances of the year."

"If that's the case, let's go."

The conversation between the two parties made Ye Fan aware of some problems. This Empress Suzaku has an enemy in the hinterland of Xianshan.

At this time, Jiujian immortal said: "Boy, we are going to the hinterland of Xianshan, we can take you along the way, you are lucky. However, I also have a condition."

"Senior, but it doesn't matter."

"Don't worry, I'll tell you when we reach the hinterland of Xianshan. Don't worry, it's within your power, and it's good for you."

Ye Fan is not naive, knowing that this may be the comforting words of Jiujianxian, even if it is really beneficial, it is extremely dangerous.

But it doesn't matter.

The current task is to cross the Demonic Beast Mountains, enter the hinterland of Xianshan, and attack the Holy Land of Heaven and Fire.

"Senior, I have to bring a few people with me, please let the senior do it."

"Go."

"Thank you senior, I will come to meet with senior in a day." Ye Fan and Du Jun left and returned to Beidou Sect.

Ye Fan immediately contacted the Beidou leader and others.

An emergency meeting was held.

Ye Fan told the story, and the Big Dipper Cult Master, the six peak masters, and the elders were shocked.

What a great courage!

"Sect Master, with Jiujianxian and Empress Suzaku, there will be no problem in crossing the Demonic Beast Mountains. When I reach the hinterland of Xianshan, I will not be reckless, I will plan well, and I will attack the Holy Land of Heavenly Fire and let them take care of themselves."

"Good boy!" Kaiyang Peak Lord laughed, "Ye Fan, I read you right!"

"Ye Fan, thank you for your hard work."

The Big Dipper's eyes were full of admiration, Ye Fan's feat was a feat, and he even risked his life.

For the Beidou Sect, Ye Fan paid a lot.

"Sect Master, I am a member of the Big Dipper Cult. This is what you said. These are what I should do. Of course, I also want to go to the hinterland of Xianshan to see where the arrogant evildoers are."

"Ye Fan, I believe that you can achieve something. If necessary, hold the thighs of Jiujianxian and Empress Suzaku. Together, they can be vertical and horizontal in the hinterland of Xianshan."

"I understand."

"Sect Master, I'm going to bring a few disciples this time, because the opportunity is rare. I have a few people here, Linglong, and two of my friends. I should be able to bring two or three."

The leader of Beidou immediately conveyed the news.

Soon.

Feng Yuanhua and Fairy Yaoguang came, and they decided to follow Ye Fan.

nowadays.

Feng Yuanhua is already at the peak of Yuan Ying.

But Fairy Yaoguang is weaker.

"Shh!"

Suddenly, the Big Dipper Sect Master waved his hand and injected a powerful force.

Originally, Fairy Yaoguang was on the verge of breaking through, but now she has directly broken through, becoming the late Nascent Soul, very full.

"The two of you will follow Ye Fan to the hinterland of Xianshan, but you should remember that if you follow Ye Fan's arrangements, don't fight infighting, or you will be severely punished."

"Follow the orders of the leader."

"You all go out, Ye Fan stays, I have something to say."

There were only two people left in the hall, the leader of the Big Dipper and Ye Fan. The leader of the Big Dipper walked down and said, "Ye Fan, it's very dangerous to go here. I'll give you two things."

"First, this is the spell I refined. It contains my full blow, which can fight against the peak of the void, but it is only a trick, it is your life-saving trump card. This kind of spell is also very difficult to refine, I There is only one, you can take it."

"Thank you, Master."

"Second, it is the scriptures of creation."

Ye Fan smiled and said, "I almost forgot, sect master, I will return the fortune scriptures to you."

"No no no."

The Big Dipper leader shook his head.

"You misunderstood me, I want to lend you the remaining two creation scriptures."

The words fall.

The leader of Beidou thought about the space, reached out and grabbed, and grabbed the scriptures of creation in the forbidden area.

Ye Fan widened his eyes.

"Master, this..."

"This fortune-telling scripture was found in a distant era by my Beidou Sect ancestors in the hinterland of Xianshan. There can't be only three, there must be more."

"You can resonate with the scriptures of creation, which means that it is very helpful to you. At the same time, you are very lucky, and you may be able to find the remaining scriptures of creation by induction."

"Take it, just lend it to you, and you can return it when you return in triumph."

Ye Fan didn't falter anymore.

Indeed, the creation scriptures were very helpful to him.

"Master, then I'm welcome. In addition, Master, I'll tell you a secret. Master Taisu's disciple Wu Lingjun is in control of the Heavenly Books and Gods List."

"Book of Heaven?"

"Yes, the Conferred God List is a book from heaven. The Book of Fortune is a book of people, and the book of life and death is a book from the ground. These are the three supreme magic weapons, which were created by the great emperor in ancient times."

"It's just that Xianshan has been sealed. I don't know why the fortune-telling scriptures and the remnants of the book of life and death fell on Xianshan."

"This may be a big secret, and I can't explore it now. Telling you this is to make you beware of Taisu Daoist Master. The complete list of heavenly books can cut the barrier and leave the immortal mountain. That martial spirit is from the outside world."

The Big Dipper's face changed.

"Sect Master, I also came from the outside world, but I am different. I accidentally touched the trap and fell into this place. Therefore, I have to find a way to leave. This is also one of the purposes of my going to the hinterland of Xianshan."

"Sect Master, keep an eye on Taisu Zhenren and Wu Lingjun, these two guys will definitely do things."

The Big Dipper took a deep breath and said, "I understand, thank you for telling me this."

"Sect Master, then I will withdraw."

"etc."

"Master, what else do you need to explain?"

The Big Dipper sect master pondered for a moment, and said for a moment, "Eight hundred years ago, my Big Dipper sect was still in the hinterland of Xianshan, and there were many friendly forces forming alliances at that time."

"if....."

"You really encountered a huge disaster, so you went to the Immortal Demon Cave. It was an extremely powerful force. Back then, you had the best relationship with my Big Dipper Cult Master. But, eight hundred years have passed, and things have changed and the sea has changed. I don't know what to say. Don't miss the old love. When you can try your luck, this is a token of the Beidou religion, you keep it."

Ye Fan has an extra token in his hand with the Big Dipper hanging on it.

This is undoubtedly a potential guarantee.

Ye Fan left the hall and found that the peak master, the elders, and the core disciples were all gathered.

"Congratulations to send the Holy Son!"

"Congratulations to send the Holy Son!"

They were shouting, admiration shining in their eyes.

How can you not admire it.

For the sake of the Beidou Sect, the Holy Son ventured to the hinterland of Xianshan to attack the Holy Land of Heaven and Fire. What a great courage.

"Everyone, there will be an appointment later."

"let's go!"

Ye Fan didn't stay, and left Beidou Sect with Yue Linglong, Feng Yuanhua and Fairy Yaoguang, and met Lan Yuxuan and Lan Yu on the way.

This is the first time Ye Fan has seen Lan Yuxuan and Hanyu since Tianjiao met martial arts.

It's not the first time we met, but it's not that we didn't get in touch.

Because the two are cultivating in secret.

"Hanji, you are already in the late Nascent Soul, I rely on, how did you cultivate."

Ye Fan was stunned.

When Tianjiao was in martial arts, the Han Dynasty was only the peak of the Taoist Palace. How long did it take to rush to the late Nascent Soul?

What the \*\*\*\* kind of cultivation speed is this?

Han Yan said: "I don't have a bottleneck, have you forgotten. If I didn't want to rush too fast, it's already at the peak of Nascent Soul."

Ye Fan suddenly realized.

That's right, Hanyu is the daughter of the Red Emperor. In ancient times, she was the supreme existence, powerful and scary.

Rebuilding, with countless experiences, can be said to be a matter of course, and there is no bottleneck at all.

and.

This becomes more and more obvious the further behind.

The more other creatures go to the back, the more difficult it is to cultivate, and then, the dry scorpion will not, but the more they go to the back, the faster they will re-cultivate.

Ye Fan was envious.

Lan Yuxuan is also very good. It was in the early stage of Nascent Soul, but now it is in the middle stage of Nascent Soul, and it seems that it is about to break through.

see.

Ye Fan decided to help.

He took out three physique sources, put them into Lan Yuxuan's body, and shouted, "Take the opportunity."

Lan Yuxuan was surprised and delighted.

After a while, a successful breakthrough was expected.

Now this lineup:

Yue Linglong and Feng Yuanhua are the pinnacles of Yuan Ying.

Lan Yu, Lan Yuxuan and Fairy Yaoguang are in the late Nascent Soul.

Not to mention that Ye Fan is a freak.

The strength of the six is still good.

"Ye Fan, I went too."

Suddenly, Du Jun opened his mouth.

Ye Fan's eyes lit up, it would be better for Du Jun to go, because he is a disciple of Jiu Jianxian.

When necessary, ask him to ask Jiu Jianxian, maybe he can help solve some big troubles.

"Brother Du, then the seven of us will go to the hinterland of Xianshan to play together, and meet the arrogance there for a while to see what they are all about."

"let's go!"

The crowd clenched their fists.

Pride and passion.

The group of seven, at this moment, is officially established!

Chapter 1287: Warcraft Mountains

When the group of seven came to Wutong Mountain, Jiujianxian frowned when he saw so many people: "Boy, do you think crossing the Demonic Beast Mountains is a family game, with so many people."

Ye Fan smiled and said: "Senior and Empress Suzaku are invincible, who dares to provoke in the Warcraft Mountains!"

"The flattery is good!"

Jiujianxian snorted coldly and didn't care.

Then, looking at Empress Suzaku, she grinned and said, "Hong'er, I have wronged you."

Empress Suzaku's face was indifferent, and then turned into her body, Jiujianxian's sleeve robe rolled up, took Ye Fan's seven people, and landed on Empress Suzaku's back.

Swish!

In an instant, the sky was torn apart.

Lady Suzaku galloped at an unbelievably fast speed, a thousand miles in a minute.

Hundreds of thousands of miles, but only for a while.

This is Suzaku.

The big demon alien with the bloodline of the ancient phoenix, the peak of breaking the void, is really powerful and outrageous.

Three million miles away is the edge of the Demonic Beast Mountains.

When she arrived here, Empress Suzaku turned into a human figure, because it was too publicized to cross the Demonic Beast Mountains with Suzaku's body.

Rao is at the peak of breaking the void, and he has to be careful.

Jiujianxian spit out a flying sword, as if it turned into a huge spaceship, and everyone fell on it.

He and Lady Suzaku stood in front of Feijian.

Behind.

Ye Fan and the others used their pupils to see the Demonic Beast Mountains, which was really spectacular.

This is simply a world, where are the mountains, it's really big.

Vaguely, Ye Fan and the others heard a roar.

It was the roar of a powerful monster.

Because Jiujianxian and Empress Suzaku are too strong, the monsters are sensitive, and when they pass through the territory, they will roar to warn.

Of course.

Low-level monsters don't dare to roar, and those who dare to scream must be big monsters at the peak level of breaking the void.

"What a terrible mountain of monsters."

Along the way, the roars came one after another, indicating that there were many big demons at the peak of the void.

The flight is not fast.

because.

The Mountain of Warcraft seems to have some restrictions, blocking power, and it is not easy to cross.

three days later.

Ye Fan asked, "Senior, how far is it, we have already traveled so much distance."

Wine Sword Immortal said: "It's just over halfway through."

what!

Only half.

It took only three days to cross half of the territory. Damn, how vast is this mountain range.

Ye Fan thought again.

Xianshan is really mysterious and unpredictable.

From the outside, Xianshan is just a mountain, but after entering, there is such a huge Xianshan world.

Incredible.

How did it come about?

Born in heaven and earth?

Or whether it was built by the invincible, it is unknown.

Because Xianshan is too old.

Of course, for the past three days, not only did they travel all the time, but they also took some time to rest.

Ye Fan's group of seven caught some monsters, made barbecue, and cooperated with Ye Fan's homemade drinks. No one would say, anyway, Jiujianxian's food is comfortable and refreshing.

Lady Suzaku has always been silent.

This is a kind of pride.

But this kind of "arrogance" will not make people uncomfortable, but will take it for granted and be in awe.

Day 5.

Finally, the first trouble came.

This is the most dangerous place in the Warcraft Mountains, because there is an ethnic group living here.

This ethnic group is extremely powerful, and there are several great monsters at the peak of the void.

"What a noble bloodline, absolutely delicious, keep it."

The hoarse voice resounded throughout the world.

next moment.

A black claw appeared in the sky ahead, grabbed it, and Ye Fan's group of seven almost suffocated.

Lady Suzaku didn't move at all, as if she didn't care.

The wine sword fairy moved.

He was holding a dog's tail grass in his mouth, but at this moment, it was like a peerless sword.

Because Jiujianxian gently scratched the dog's tail grass, only to see that the fierce black claws were cut.

"puff!"

Blood stained the sky.

The big demon screamed in pain and was extremely angry; but he also knew that he had kicked the iron plate, and shouted: "Let's shoot together!"

Rumble.

Front and rear.

In the four directions, the four big monsters at the peak of the void are under siege, which is simply outrageous.

Lady Suzaku was still meditating.

Jiujianxian drank coldly, opened his mouth and spit out a few sword qi, splitting the attacks in front and left and right.

Immediately after.

A sudden turn is a punch.

Crash the attack from behind.

However.

The four great demons did not stop and continued to attack, even more vicious than before.

Jiujianxian was angry and said coldly: "You don't know it yet, are you looking for death!"

"Insanity!"

"Arrogant?"

Wine Sword Immortal sneered.

He finally took out the natal magic sword, it was not gorgeous, on the contrary, it was a bit vicissitudes, and even had some rust on it.

But it is such a magic sword that makes the whole world become icy cold.

Wine Sword Immortal howled.

A sword light is cold.

Shine thousands of miles.

"puff!"

A big demon was split open and was seriously injured, but not dead.

Jiujianxian did not continue to shoot.

The other three great demons also stopped.

The world is dead silent.

There was no sound, it was quiet.

The four great monsters disappeared.

Scared!

Really scared.

A sword seriously injured the Void Peak Great Demon, what kind of strength is this, it is unreasonable.

"So strong!"

Ye Fan's heart surged.

Is this the powerhouse who has realized the opportunity of transforming God, and can seriously injure the peak of Void Breaking with a single blow, which is already another level.

Jiujianxian put away the magic sword and said lightly: "If it is a normal monster, if it is the kind of peak-breaking monster that has been accumulated for decades and has a strong foundation, it will be very troublesome."

Saying that, Jiujianxian glanced at Empress Suzaku and complained, "You don't care at all, really."

Lady Suzaku was motionless.

Jiujianxian pouted and continued on his way.

After they left, the four great demons gathered together, all of them trembling with fear.

The big monster whose body was split, was seriously injured and was dying, and was instantly killed by the other three big monsters.

All the energy was divided up.

"Comfortable."

The three big demons laughed proudly.

This is the world of Warcraft. There is no friendship at all. One second is a friend who fought side by side, and the next second may be an enemy who kills each other.

"That human is too strong!"

"That hot woman is not bad, but she's not a human being, she's a big demon, transformed. The bloodline is noble, I don't know what race she is!"

"No matter what, they will definitely have big trouble, just in the direction they are heading, 300,000 miles away. The Baise Demon Emperor is celebrating his birthday."

"What virtue is Baise Warcraft, needless to say, many female Warcraft are enslaved and played with. That \*\*\*\* woman will definitely be coveted by Baise Warcraft, and it is impossible for her to leave."

"This makes sense. Why don't we go and have a look. Maybe we can fish in troubled waters."

"Let's go."

The three great demons chased after them.

...

now.

Somewhere in the Warcraft Mountains.

It is very lively here, and countless monsters are revelling, because this is the birthday banquet of the Baise Demon Emperor.

Baise Demon Emperor, powerful terror.

According to rumors, it is possible that he had comprehended a touch of divine aura, and thus became one of the peak emperors of the Warcraft Mountains.

He is eccentric.

He likes to play with female monsters the most.

Over the years, there have been countless female monsters who have played to death, and they will eat them directly when they are tired of playing.

Therefore, Baise Demon Sovereign's fierce reputation is illustrious, and no one dares to come to his territory again.

today.

In this vast territory, countless monsters are roaming, and the most tragic are female monsters, who are enslaved, trampled and humiliated unscrupulously.

in the center of this territory.

On the huge rooftop, a mighty and ugly male demon beast was frantically ravaging the remaining female demon beasts.

The bloodiest thing is that the rooftop has been covered with blood.

Thousands of female Warcraft were played to death, some were dismembered, and some were photographed into blood.

"puff!"

Suddenly.

The Baise Demon Sovereign went mad, and violently tore the remaining female beasts in half, and then devoured them.

The other female monsters were terrified.

However.

They didn't dare to escape, and they couldn't escape. They could only slump to the ground, like fish on a chopping block, waiting for the general with a tragic fate.

"Big brother."

At this time, a magical beast at the peak of the void came, and at this time, the confidant brother of the Baise Demon Emperor.

With a wave of his hand, another group of female demon beasts came over. He smiled and said, "Brother, today is your birthday, enjoy it. I have already arranged to arrest more."

"Hahaha, okay, my good brother."

The Baise Demon Emperor laughed, but immediately stepped on dozens of female demon beasts with one foot, and said in disgust, "But they are all rubbish, so there is no female demon that can make me crazy!"

suddenly.

The Baise Demon Emperor moved his nose and his eyes flashed, "I smell the delicious smell, the noble blood."

moment.

A sword light appeared in the sky, and it was Ye Fan and the others.

The Baise Demon Sovereign stared at Empress Suzaku who was sitting cross-legged on the flying sword at a glance, her blood was boiling, and her body trembled uncontrollably.

Greed erupted in his eyes, as if they were about to burst into flames.

"is her!"

"It's her!"

"What a perfect life, this is the witch I'm looking for, and I'm going to marry her as my queen."

Bang bang bang.

The Baise Demon Emperor laughed, his breath swept through, and all the female demons on the rooftop were strangled.

"Brother, I'm coming."

The beast soared into the sky, stopped Feijian, glanced at it, and found that both of them were at the peak of the void.

He was a little more polite and said: "This is the territory of my elder brother Baise Demon Emperor, don't you know that it is illegal to invade at will."

Jiujianxian lowered his head and looked at the rooftop.

His face suddenly sank.

The rooftop was in a \*\*\*\* mess, and at the same time, Jiu Jianxian also understood the greedy temperament of the Baise Demon Emperor.

Coveted Empress Suzaku?

court death!

"Huh."

At this moment, Jiu Jianxian didn't say a word, the natal magic sword bloomed, and the sword opened the sky.

"what!"

The devil will be shocked.

He resisted hastily, his arms were cut off, and he fell.

"presumptuous!"

The Baise Demon Emperor was furious.

What a guts!

How dare you touch his brother!

"Invading the emperor's territory, you dare to hurt my brother, you can stay here without leaving."

"The person who covets me will end up dying."

"your people?"

Baise Demon Emperor sneered.

At this moment, Empress Suzaku finally opened her eyes and squinted at Jiu Jianxian, as if she was very dissatisfied with what he just said.

Looking at the Baise Demon Sovereign, it is even more disgusting.

"Dirty blood."

Lady Suzaku spoke up.

The Baise Demon Sovereign was not angry, but smiled strangely: "Sister, my bloodline is dirty, and I just need your Gao Kui's bloodline to wash it. Be my queen, and let this emperor favor you."

"you wanna die!"

Jiujianxian was furious.

He stepped over and killed the past.

Although Baise Demon Sovereign is lewd, he is not a fool. He knows the power of Jiujianxian, and he is not careless and goes all out.

Boom boom boom.

War is imminent.

The Baise Demon Emperor did have unscrupulous capital, and was much stronger than the four monsters he had encountered before.

"Roar!"

at the same time.

There are three more peaks of breaking the void, and the one who had his arms cut off just now is four.

These are the four brothers of the Baise Demon Emperor.

"Take her!"

Baise Demon Emperor laughed.

The four beasts are out.

Du Jun was so frightened that he shouted: "Damn it, here we come, madam, hurry up, we don't look like we're dead."

"Noisy, shout again, and I'll throw you down."

In an instant, Du Jun covered his mouth.

At this moment, Empress Suzaku stood up, her eyes were cold and her face was expressionless, she did not turn into her body.

Three punches in a row.

Three punches, knocking three monsters into the air.

next moment.

Empress Suzaku's eyes suddenly became sharp, and a red feather appeared in her hand, one meter long.

Just swept away.

The broken-armed demon beasts were separated.

"what!"

He screamed in agony, and the souls of the dead were blown away.

Yuanying wants to escape.

Madam Suzaku sneered: "It would be too delusional to want to escape from my hands."

"boom!"

A flame was born out of thin air.

Burning the body of the beast, along with Nascent Soul, the shrill screams echoed between heaven and earth.

"Ahhh!"

"Five!"

The Baise Demon Emperor roared angrily.

When the other three monsters were in grief and indignation.

But to no avail.

The gap is too big.

Under the demon fire of Empress Suzaku's life, the corpse was wiped out, and the consciousness in Nascent Soul was burnt clean.

Only the purest Nascent Soul remains.

Chapter 1288: chase

Too cruel!

A monster of the Void Realm was beheaded just like that.

Empress Suzaku held the Nascent Soul in her hands, Ye Fan and the others were very hot, this is a big baby.

"Bang!"

Suddenly, Empress Suzaku burst into welcome bursts of pure energy. With a wave of her hand, the energy turned into torrents, rushing into the bodies of Du Jun, Han Yu, Fairy Yaoguang and Lan Yuxuan.

The four of them were in the late Nascent Soul. At this moment, they grew rapidly, and they broke through directly and became the peak of Nascent Soul.

Not only that, but there is a lot of energy that is not used up and stored in their flesh and blood.

All promotion.

Ye Fan is very envious.

He is a bottleneck now, and energy alone cannot break through. He needs to find heaven and earth treasures to create Nascent Soul.

At this moment, only he is the peak of Dao Palace, and everyone else is the peak of Yuan Ying.

"Bitch, you dare to kill my brother, courting death!"

The Baise Demon Emperor was furious.

Turned into the main body, it is a disgusting monster, it stinks all over, and there are many tentacles.

It looks so weird.

"Bitch, I want to suppress you and humiliate you to death!"

"my brother!"

"Ahhh!"

The Baise Demon Emperor roared.

The other three beasts also wept bitterly. The five brothers walked all the way and supported each other, and they became today, across the mountain range of beasts.

Now that one has been beheaded, it is still in front of them, how can they not be sad.

"Kill kill kill!"

The Baise Demon Emperor went mad.

Jiujianxian's face also became serious, this demon emperor is amazing, but Jiujianxian is not afraid of letting go, but the fighting spirit is soaring.

the other side.

Lady Suzaku was also furious.

The Baise Demon Emperor actually insulted her and blasphemed her. It was unbearable. In that case, he would kill all his brothers.

The red feathers in Empress Suzaku waved like an unstoppable force, sweeping the world with fiery power.

The three demons are like a formidable enemy.

They gathered together, joined forces, broke out in an all-round way, and even for the sake of insurance, they were burning some blood of their life to improve their combat power.

Rumble.

The three demon beasts seemed to be a trinity, and their combat power was doubled, causing Empress Suzaku to raise her eyebrows.

"Bilty maid, suppress you, ravage you to death."

"Bitch!"

"Bitch!"

The three demon beasts shouted, and the insults were extremely unpleasant, making Empress Suzaku furious.

Jiujianxian sighed.

"Those brothers of yours are really stupid to provoke her, and the consequences will be serious."

The words fall here.

On the other side, there were three screams of pain, and the three demon beasts were knocked into the air, and their heads were beaten with blood.

The Baise Demon Emperor looked at it, his pupils contracted, and he was extremely shocked.

Empress Suzaku has turned into her body.

The huge body surrendered above the sky, and the noble bloodline breath was revealed, making these beasts feel humble and bloodline suppressed.

The Baise Demon Emperor lost his mind for a short time, and became even more mad and hot.

She must be suppressed!

Such a female demon was what he wanted, and the Baise Demon Emperor roared, wishing he would press Empress Suzaku under him on the spot.

"Eight forms of drunken sword."

At this moment, Jiu Jianxian displayed his unique skills.

His swordsmanship was simply invincible. It was impossible to tell whether it was true or false, leaving \*\*\*\* holes on Baise Demon Sovereign.

Those tentacles were also cut off.

The Baise Demon Emperor screamed angrily and wanted to break through, but the sword energy was overwhelming, making him very aggrieved.

at this time.

Empress Suzaku also shot.

The three demon beasts are very afraid, it is a kind of blood suppression, and it seems that they do not dare to shoot.

"What are you doing, if you want to die, hurry up and kill this bitch!"

"Kill kill kill."

The three beasts went crazy, desperately burning their blood essence, and using the secret method, they actually merged and turned into one.

at the same time.

Their magic soldiers all merged and turned into a giant hammer.

"die!"

The monster held the giant hammer high and smashed it down.

This blow.

Crashed.

The surrounding mountains and rivers were overturned, and many monsters who came to participate in the birthday banquet were affected, died tragically, and vanished into ashes.

Only one tenth escaped.

Faced with this sure-kill blow, Empress Suzaku screamed, her whole body was covered in flames, as if she was really a phoenix reborn from ashes.

"Shh!"

Lady Suzaku spewed out a flame, burning the giant hammer, and at the same time, grabbed the giant hammer.

The fit monster roared: "Arrogant, I'll be shocked to death!"

The giant hammer trembled wildly.

Wave after wave of mighty power.

But.

The red feather that Empress Suzaku used just now exerted its mighty power, turned into a pair, and wrapped the giant hammer around, as if it was blocked.

"what!"

The fusion monster was startled.

They found themselves cut off from the giant hammer and isolated.

This is incredible.

"Wow!"

Empress Suzaku cried, and her voice went straight into her soul, hitting the sea of spiritual consciousness of the integrated monster. At the same time, she flew by quickly, tearing off large pieces of flesh and blood with her claws.

"Ah ah ah..."

The merged monster howled in pain.

But it wasn't over yet, Empress Suzaku flashed frantically, tearing off a large piece of flesh and blood every time.

Soon.

The body of the fit monster is riddled with holes, and even bones can be seen.

"puff!"

They were forced to come out of their combined state of contact.

Three monsters fell.

"Miss, catch it."

Ye Fan threw the opening axe.

Empress Suzaku's eyes lit up, and she could feel the power of Kaitian Axe.

She turned into a human form, grabbed the opening axe, injected energy, and without any hesitation, slashed down aggressively and fiercely.

"puff!"

A monster was split open.

Flesh explodes.

Nascent Soul shattered.

turned into nothing.

Ye Fan's heart was dripping with blood, and Empress Suzaku was too reckless, so precious Nascent Soul was destroyed.

"Miss, be gentle."

Ye Fan couldn't help reminding him.

Empress Suzaku twitched the corner of her mouth, and she waved the axe again.

The remaining two beasts were scared out of their wits and fled towards the Baise Demon Emperor.

"Brother, save me!"

"Big brother!"

The Baise Demon Emperor saw that a brother was beheaded, his eyes were split open and he shed blood and tears.

He slammed the Flying Wine Sword Immortal.

stop.

Looking coldly at Jiu Jianxian and Empress Suzaku, he roared hideously, "I won't let you go, I'll make you pay the price!"

"My friends, come quickly, come to support, I, the Baise Demon Emperor, need you!"

The words of the Baise Demon Sovereign soared into the sky and conveyed to all directions.

Jiu Jianxian's face changed: "No, he is calling for reinforcements, let's go!"

Empress Suzaku did not hesitate, and took Ye Fan and the others to leave quickly with Jiu Jianxian.

Although they are strong, they don't think they can fight against the huge monster tribes in the monster mountain range.

Just one Baise Demon Emperor makes Jiu Jianxian helpless. If there are more Baise Demon Emperors like this, it will be really dangerous.

"You can't escape!"

"Then chase outside the mountains, and I will kill you too to avenge my brother."

The Baise Demon Emperor roared hysterically as he looked at the direction that Jiu Jianxian and the others had left.

at the same time.

The Warcraft Kings within a million li heard the Baise Demon King's cry for help.

Some demon emperors were dispatched.

Because they have an interest relationship with the Baise Demon Sovereign, they have to come out to help.

So ever.

Within a million miles were restless.

No matter how fast Jiu Jianxian and Lady Suzaku were, it would take a long time to travel a million miles.

because.

There is a restriction over the Warcraft Mountains, limiting the speed. According to the current speed, it will take more than a day to travel through a million miles.

This is when there are no obstacles on the way.

In fact.

Jiujianxian and Empress Suzaku's faces were solemn, because the breath of the Demon Emperor had already appeared.

Not the Baise Demon Sovereign, but a helping hand.

"Leave!"

A Demon Sovereign shot, without showing his true body, hidden in the dark and shot.

It seems to have used some kind of magic weapon, which has the power to block the world.

At the same time with the killing array.

The three overlapped, blocking the advance.

"You can't escape, just capture it."

"Just you?"

Jiujianxian snorted coldly, the natal magic sword was lying in front of his chest, and suddenly, his eyes were like electricity, and a sword was slammed out.

Kakaka.

The killing formation was split and collapsed;

The magic weapon was split flying and damaged.

Even that kind of demon emperor was injured by the sword energy, and there were blood holes on his body.

"what!"

The Demon King was shocked.

The power of a sword has actually reached this point.

This man is too strong!

The most powerful group at the peak of the void.

"I see who dares to stop me!"

Jiujianxian was domineering and indifferent, and opened the way in front, the Demon Emperor really didn't make a move.

They are just helping out and helping the Baise Demon Emperor to stop them, but they will not foolishly work for the Baise Demon Emperor.

Such a strong man will be very troublesome to offend.

No one will be at ease.

One shot has already given Baise Demon Emperor a lot of face, and after blocking it for a while, Baise Demon Emperor chased him to the rear.

"Shh!"

I only saw that the red feathers in the hands of Empress Suzaku swept away, actually dividing the world, and a sea of fire appeared in the middle.

Blocked the rear chasing the enemy.

When the Baise Demon Emperor arrived, he felt the fierceness of the sea of fire. He needed to break it, and it took a minute.

And this minute is enough for Jiujianxian to fly far away.

"hateful!"

The Baise Demon Emperor was furious.

However, there will be a demon emperor blocking him in front of him, so he is not worried.

million miles.

He didn't believe that the other party could escape.

as expected.

Thirty thousand miles later, another Demon Sovereign was ambushing, even more vicious and sinister than the previous one.

but.

Fortunately, Ye Fan knows big prophecy and big deduction, and he is making crazy calculations.

Precise point made.

This allowed Caijiu Jianxian and Lady Suzaku to avoid the most terrifying ambush location, otherwise, they would be injured.

"how come!"

The Demon Sovereign was very puzzled when he saw that the ambush would fail. Logically, it was impossible to fail.

He did not continue to shoot, and fell into thinking.

Soon.

A scream.

The Demon Emperor came back to his senses and saw that the Baise Demon Emperor was ambushed, his mouth twitched and he quickly broke the trap.

"Baise Demon Emperor, are you alright?"

"Ah, ah, the Demon Emperor Gouya, you ambushed me, are you going to fight me!"

"Baise Demon Sovereign, you misunderstood, I am the enemy who ambushed you, but they seemed to see through it, avoided and escaped precisely, and I was thinking, I forgot the time for a while, I didn't expect you to fall into the trap, it's really a sin ."

The Baise Demon Emperor wanted to vomit blood.

I was too lazy to talk to the Demon Emperor Gou sickle and continued to chase and kill.

front.

Jiujianxian, Lady Suzaku and the others looked at Ye Fan with surprise.

Only Yue Linglong, Lan Yu and Lan Yuxuan understood.

I know that Ye Fan knows great prophecy and great deduction.

"Senior, Niangniang, there is an ambush about 50,000 miles ahead, pay attention, it seems... there are two demon emperors, be careful..."

"A river..."

"There is a river blocking our way."

Jiujianxian and Empress Suzaku looked at each other and looked at Ye Fangao a lot.

Evan was right.

There is indeed a river in front of it called the Naruo River. This river is so strange that it cannot be flown through.

In the Naruo River, there is a terrifying Demon Sovereign.

"I didn't expect that the Demon Sovereign would also help the Baise Demon Sovereign; there is one in the river, and there is another one on the river, trouble."

"What are you afraid of, I'm really anxious, my mother, all the millions of miles around are on fire!"

What Empress Suzaku said at the moment was the longest sentence Ye Fan had heard in this period of time.

Madam?

Really so far.

Empress Suzaku looks cold, but she is still very irritable inside.

Soon.

Arrived at Naruto River.

As Ye Fan had calculated, there was a Demon Emperor entrenched by the river, and the river was also turbulent. Obviously, the Demon Emperor in the river had also recovered.

The Demon Sovereign on the banks of the river is not big, and its size is similar to that of an ordinary elephant, which is considered extremely small among the monsters.

It seems to be a big alien tiger.

The crowd descended.

The Black Tiger Demon Emperor opened his eyes, raised his head, and said, "I didn't want to get involved, but I owed the Baise Demon Emperor a favor."

Jiujianxian nodded and looked at Nai Ruohe, "The one in the river, shouldn't he not ask about the disputes in the world? Why, he also owes the Baise Demon Emperor's favor?"

Crash.

At this time, a small head appeared in the river.

Ye Fan and the others were stunned.

This little head is actually a little cute, is it really unexpected for him.

Chapter 1289: Qingtian Dynasty

The Emperor of Warcraft in the Naruo River, Ye Fan and the others thought it was an extremely terrifying monster, but now...

This Demon Sovereign stuck his head out, and it turned out to be somewhat cute, which was really unexpected.

but.

Cute is cute.

This Demon Emperor must be terrifying.

Because most of the attention of Jiujianxian and Lady Suzaku was on it, not the Black Tiger Demon Sovereign.

This shows that it is stronger than the Black Tiger Demon Emperor.

The Demon Sovereign in Naruo River stuck his head out, but did not speak; while the Black Tiger Demon Sovereign slowly got up.

Jiujianxian spit out a sword breath and turned into a three-foot green front. He said, "How about one strike?"

The Black Tiger Demon Emperor shook his head.

"Other demon emperors take a shot to stop you, that's just to give Baise demon emperor face; and I owe him favor, so I can only fight."

"It seems that it is inevitable."

Jiujianxian turned back and had a premonition that the Baise Demon Emperor would come soon.

So he said: "I will deal with the Baise Demon Emperor and him. You take this group of boys across the river. As long as you cross the Naruo River, you will not be far from the hinterland of Xianshan."

Lady Suzaku's eyes flickered, but he was not worried about Jiujianxian, because Black Tiger and Baise Demon Emperor couldn't suppress him at all, and if he wanted to leave, no one could stop him.

"careful!"

Empress Suzaku spit out two words, then rolled up Ye Fan and the others, and stepped out of the Naruo River in one step.

Ye Fan was very nervous.

Also curious.

Will this cute little demon emperor attack, and what attack method will he use?

Rumble.

Right now.

The monstrous murderous aura rushed out from the rear, and the Baise Demon Emperor arrived.

"Want to go!"

The Baise Demon Sovereign roared, and a tentacle slashed towards Empress Suzaku.

puff!

In the next second, a sword qi wiped out the tentacles.

Jiujianxian wiped the natal magic sword and said coldly: "You two, let's go together, I can have a good fight with you."

"court death!"

The two Demon Sovereigns shot out brazenly.

War is imminent.

Lady Suzaku didn't pay attention, she was very confident in Jiujianxian, and now, her attention is all on the cute little devil emperor.

Don't look at him cute, but very scary.

"Grumbling."

Suddenly, the cute little Demon Emperor spit out a series of bubbles.

Empress Suzaku's discoloration changed.

The red feathers wrapped Ye Fan and the others to protect them; then they spit out a flame of life.

However, that bubble is actually difficult to burn.

A dozen or so bubbles still floated to the front.

In the eyes of Ye Fan and the others, this bubble is ordinary, but Empress Suzaku has a solemn expression on her face.

Like an enemy.

His face changed.

Seeing this, Ye Fan took out the three great treasures, the Haotian Mirror, the Opening Axe, and Fangcun Mountain.

"Miss!"

The three treasures were thrown over.

Empress Suzaku was overjoyed, she had used the Open Heaven Axe, but Haotian Mirror and Fangcun Mountain had not. She sensed that the two soldiers were equally terrifying.

"boom!"

In an instant, Fangcunshan was activated.

The rich Buddha light spreads and fills the whole world. The strange thing is that it has some influence on Naruo River.

The little devil became restless.

Even the bubbles became thinner when they came into contact with the Buddha's light.

"cut!"

Empress Suzaku waved the opening axe and extinguished all the bubbles.

She was shocked.

It's incredible that Ye Fan's small mountain magic soldiers can actually influence the little demon emperor.

"Boom."

However, this also made the little devil angry.

Get cranky.

The entire Naruo River is turbulent in an instant, and this river has a terrible corrosive power.

However, with Fangcunshan's suppression, it is impossible to invade.

At this moment, the little demon emperor rushed out, holding a small steel fork in his hand, stared at Ye Fan and the others angrily, and then killed him.

"boom!"

Lady Suzaku slashed with an axe.

To Ye Fan's shock, the steel fork in the little devil's hand swung and collided with the opening axe, but he didn't lose.

On the contrary, the momentum of the charge was even more ferocious.

So strong!

No wonder Empress Suzaku is very dignified.

"Wow!"

At this moment, the Haotian Mirror erupted, and a beam of divine light turned into a pair, entangling the little devil emperor.

"Shh!"

The little devil's steel fork danced, directly breaking up the divine light.

Subsequently.

Another blow with Lady Suzaku, who hit Lady Suzaku flew upside down.

At the same time, the little devil is not feeling well.

He suddenly disappeared.

"not good!"

Empress Suzaku's discoloration changed.

Squeeze the seals with both hands and use some kind of magical power, only to see the red feathers blooming, covering Ye Fan's seven people, and at the same time, extreme flames erupt and spread.

"Can't stop me!"

Finally, the little devil spoke up.

Very crisp.

It sounded like the voice of a four- or five-year-old boy, and he spit out a large stream of water, extinguishing the flames.

Subsequently.

The steel fork stabbed above the red enchantment, and it was pierced just like that.

Empress Suzaku's face changed greatly.

She came at lightning speed, but the little demon emperor was ready, and he slammed it with all his strength.

Empress Suzaku was shocked again.

At this time, the little devil stared at Ye Fan, and Ye Fan was stiff and unable to move.

The gap is too big to resist at all.

"Boy, what kind of magic soldier is that? It can actually affect me. I want to take you down and study it carefully."

Saying that, the little demon emperor grabbed Ye Fan.

No one can stop it.

Empress Suzaku was too late, and Jiujianxian, who was fighting, also had no time to take care of it.

Other than that, no reinforcements!

Yue Linglong, Han Xian, their eyes are splitting, but there is nothing they can do, they can't fight at all.

Ye Fan's eyes widened.

Seeing the little devil's hand approaching gradually, he was unwilling. Once he was caught by the little devil and entered the Naruo River, he would be finished.

Empress Suzaku and Jiujianxian couldn't save them either.

How to do!

Ye Fan roared inwardly, everything in the bloodline hegemony body was recovering, but...

to no avail!

In the face of absolute strength, everything has no effect.

The little devil's eyes flashed with disdain.

Ye Fan closed his eyes.

already desperate.

However, when life and death were at stake, the supreme dagger in the body moved.

With just such a movement, he broke some restraints a little, and Ye Fan found that although he couldn't escape, his arms could move.

"Shh!"

In an instant, he summoned the Supreme Dagger.

Fierce, using all his strength to cooperate with countless magical methods, he stabbed the little devil's palm fiercely.

The little devil was startled.

Ye Fan was able to move, which he did not expect.

That is, in this surprising second, the supreme dagger pierced his palm, and a strange black force invaded.

"what!"

The little devil screamed in pain.

Retreat quickly.

But the strange power has invaded, and the little devil is in pain.

It was unbelievable that Empress Suzaku came, but he didn't think too much, and quickly took Ye Fan across the river.

"Ahhh!"

The little devil is crazy.

His injured arm turned black directly. He was decisive and cut off the arm, which stabilized the injury.

"Kill kill kill!"

The little devil roared with murderous aura.

However, Empress Suzaku's speed was no joke, she had already reached the other side.

Backhand with an axe.

Cleave the little devil's attack.

"You go!"

The wine sword fairy shouted.

Seeing that Jiujianxian was able to deal with the Baise Demon Emperor and the Black Tiger Demon Emperor with ease, there was no problem, Empress Suzaku did not hesitate, and quickly disappeared into the jungle with the seven Ye Fans.

"Ahhh!"

The little devil vomited blood.

Although he is powerful, he has some restrictions and it is difficult to leave the Naruo River.

Although it is possible to forcibly leave, it will cost a lot.

"I won't let you go."

Finally, the little demon emperor made a decision. He paid some price, rushed out of Naruo River, and chased away.

Jiujianxian's pupils shrank.

I didn't expect that the little devil emperor would be so ruthless, that he left Naruo River to chase and kill him.

"I don't have time to play with you."

"A sword opens the gate of heaven!"

"Cut another hundred thousand immortals!"

Jiujianxian suddenly broke out with a lore, splitting half of the Baise Demon Emperor's body, and the Black Tiger Demon Emperor was also cut off with a claw.

Swordsmanship!

He stepped on the flying sword and quickly crossed the river; with a wave of his hand, the Naruo River erupted with monstrous water waves, blocking the pursuit of the two Demon Sovereigns.

"hateful!"

The Baise Demon Emperor was furious.

The Black Tiger Demon Emperor said: "I have changed your favor, and I will not be greedy anymore."

The words fell and disappeared.

The Baise Demon Emperor turned into a human form, his face was extremely gloomy, and extreme anger flashed in his eyes.

For a moment, continue chasing.

three days later.

Empress Suzaku took Ye Fan and the other seven people to finally leave the Warcraft Mountains and enter the hinterland of Xianshan.

The danger is temporarily relieved.

But be careful.

Ye Fan felt the world and was extremely comfortable. The cultivation environment here was much better than the outside.

The aura is dense, more than twice as thick as the periphery.

It is indeed the hinterland of Xianshan.

"There are many powerful forces in the hinterland of Xianshan, and there is an ancient dynasty."

"Dynasty?"

"No, it's called the Qingtian Dynasty, which is one of the strongest groups with ancient heritage. In the Qingtian Dynasty, it is relatively safe because there are strict laws. I will send you to the Qingtian Dynasty, and then it's up to you. I still have something to do, so does Jiu Jianxian."

"I'm sorry ma'am."

The hinterland of Xianshan is very large and boundless.

seven days.

Finally, he arrived at the territory of the Qingtian Dynasty.

"Go on, try not to cause extra troubles." Empress Suzaku instructed and left.

Ye Fan looked at the towering city in front of him and couldn't help feeling excited.

Qingtian Dynasty!

In fact, this should be the direction of Daxia's development, and in the end, Daxia should also develop into a cultivating Daxia Dynasty.

"Let's go!"

In the group of seven, Ye Fan is the leader.

Entering the city is very simple, you only need to pay a little resource, which is regarded as the cost of entering the city.

This city is a city on the edge of the Qingtian Dynasty, so it is not very big, and there are not many strong people.

Ye Fan decided to take a good look at this city now, at least to understand the basic situation of the Qingtian Dynasty and the hinterland of Xianshan.

Can't know anything.

A day later, everyone had an understanding of the basics.

In the hinterland of Xianshan, there are many large and small forces, but there are ten major forces.

The Qingtian Dynasty is of course one of them, and it ranks in the top five.

As for the Heavenly Fire Holy Land, it was at the bottom.

Ye Fan sounded the "Immortal Cave" that the leader of the Big Dipper said, this force did not even make it into the list.

This is weird.

The leader of Beidou said that Xianmodong is one of the strongest forces.

Could it be that over the past 800 years, the Immortal Demon Cave has lost its former glory and is in decline?

"Brother Fan, what are we going to do next. Go directly to the Heavenly Fire Holy Land?"

This is a problem.

After thinking about it, Ye Fan felt that he should go to the capital of the Qingtian Dynasty first.

If you can make some friends, it is best to go to the Heavenly Fire Holy Land rashly, because they can't do anything at all.

It is best to find a force that does not deal with Heavenly Fire Holy Land, and then take action together.

There must be a lot of powerful people in the Qingtian Dynasty, and if you go for a spin, you are not allowed to have a big harvest!

Chapter 1290: Wanbaozhai

Ye Fan shared his thoughts with the big guys and got everyone's approval.

So they set off for the capital of the Qingtian Dynasty in the harbor.

In the territory of the Qingtian Dynasty, it is indeed relatively safe as Empress Suzaku said.

There were no dangers along the way, and finally arrived at the capital on the fifth day.

"What a majestic city!"

Everyone was amazed, it was really magnificent.

"Look!"

Yue Linglong pointed to the distant sky.

Above that firmament, there is a huge island suspended, there is no doubt that it is the palace.

The whole island is definitely a magic weapon.

It is really overlooking everything, coercing the world, don't dare to obey!

"go in."

Entering the country requires a lot of resources to pay, but it will be acceptable at that time.

and.

Except for the Void Breaker, other realm creatures entering the capital must go through the city gate and cannot fly.

The same is true in the capital.

The Void Breaker has enough power and status.

Just when Ye Fan's group of seven came to the gate of the city, suddenly, a roar erupted from the distant sky.

look back.

It was a huge monster, pulling a splendid chariot.

That monster is the initial stage of breaking the void.

Impressive!

Pulled by the demonic beasts in the early stage of breaking the void, the person in the chariot palace must be the core figure of a big power.

"Shh!"

The chariot flew by, setting off a gale that was cold with equity.

Immediately after.

The creatures who entered the city gate in a unified way were talking about it.

"That should be the young master of the ancient religion of the Great Wilderness. It is rumored that he has feelings for Princess Yunxi. This time Princess Yunxi is holding a competition to recruit relatives, and the young master of the Great Wilderness will definitely not fall."

Great Wilderness Ancient Religion.

Ye Fan had heard it, and the Master of Tongtian Palace mentioned before that it was a big force, ranking in the top ten in the hinterland of Immortal Mountain.

Ye Fan and the others listened as they walked.

"Princess Yunxi is the most favored little daughter of the Qingtian Ancient Emperor. It stands to reason that the vulgar way of recruiting relatives by martial arts should not be used to choose a concubine."

"What do you know, Princess Yunxi is quirky, and her favorite way to recruit relatives is by martial arts."

"There are many arrogances who adore Princess Yunxi, and the young master of the Great Wilderness is only one of them. I remember that the young master of Wanjian Villa, the young master of the Demon Sect, and the Cold War Holy Son of the Heavenly Fire Holy Land all have ideas for Princess Yunxi."

"Wait a minute. Isn't the Holy Son of Heavenly Fire Holy Land Leng Jue, how did it become a cold war?"

"Cold War is similar to Leng Jue, but Leng Jue's life experience is more noble, and his father is the Lord of the Holy Land. However, there are also many supporters behind Cold War, so Cold War is also called the Holy Son to the outside world."

"Of course, the orthodox holy son is still Leng Jue."

"It seems that this competition to recruit relatives is another battle of dragons and tigers."

"interesting!"

"There are still many arrogances coming. Although they are not participating in the war, they are watching the fun. Anyway, these days, it will definitely not be peaceful. Those arrogances are arrogant masters!"

"..."

After a while, Ye Fan and the others gained a lot of information.

First point.

Heavenly Fire Holy Land is not monolithic, there are many factions, the most important are two factions.

The orthodox faction of Leng Jue, and the faction of the Cold War.

This is easy to do.

Ye Fan was certain that the Cold War would definitely want to attack Leng Jue, and this was a breakthrough point.

Besides.

There are forces that do not deal with Heavenly Fire Holy Land, such as the ancient religion of the Great Wilderness.

"Holy Son, what are you going to do? Do you want to get in touch with the Young Master of the Great Wilderness first. With your strength, you can completely gain the respect of the Young Master of the Great Wilderness, and even become a friend. If the Great Wilderness Ancient Sect and the Holy Land of Heavenly Fire do not deal with it, you can kill with a knife!" Feng Yuanhua Road.

"This is indeed a way, but don't worry, it's not the time."

"Brother Fan, the easiest way is for you to participate in the competition to recruit relatives, directly suppress all, and become Princess Yunxi's concubine." Yue Linglong joked: "The concubine of the Qingtian Dynasty will have the ability to attack the Holy Land of Heavenly Fire."

Ye Fan rolled his eyes: "Don't talk nonsense!"

However, Han Yu said: "Linglong's idea is actually a good one. To become a concubine, you will have the capital and confidence to stand in the hinterland of Xianshan."

Yue Linglong said resentfully: "Sister Han, I'm just talking for fun, how can you take it seriously."

"Hahaha."

Feng Yuanhua made them laugh.

Yue Linglong blushed.

It is impossible for Ye Fan to participate in the competition to recruit relatives, which will cause extra troubles.

If you are too showy and have no background, you will be extremely dangerous when you are rushing to the hinterland of countless immortal mountains.

Still wait and see.

When necessary, contact the Young Master of the Great Wilderness. In addition, the Young Master of Wanjian Villa and the Young Master of the Demon Sect can also find a way to get to know them.

"Remnants of the book from the ground."

Ye Fan's body trembled, and the remnants of the book on the ground radiated light, obscuring everything Ye Fan.

Now.

Even the giants at the peak of breaking the void can't see through Ye Fan's realm and details.

Ye Fan could pretend to be a disciple of a hidden master and bring his junior brother and junior sister out to play and experience.

Feng Yuanhua and Fairy Yaoguang also changed their mouths.

Instead of "Holy Son", it was changed to "Senior Brother".

Although Ye Fan later joined the Beidou Sect, the strong are respected, and there is nothing wrong with calling him Senior Brother Ye Fan.

"The competition will be three days later. When the time comes, we will go to see the excitement. Let's see how powerful the geniuses in the hinterland of Xianshan are. Now, let's take a good look in the country. If we have any treasures, we can buy some."

Ye Fan and the others have a lot of resources.

In addition, it should be mentioned that the currency of the cultivation world is spirit stones.

You can pay for spirit stones when you buy treasures or something.

The Beidou Sect has mastered several spiritual stone veins, so as a holy son, Ye Fan got a lot of spiritual stones.

Feng Yuanhua and Fairy Yaoguang also have a lot of storage.

Du Jun is the same.

Even Lan Yuxuan has some, after all, he used to be the top of the Lan family.

Needless to say, Yue Linglong, the goddess of Tongtian Palace, has been cultivated with all her strength, and has stored a lot of spirit stones.

It's a dick, and there's nothing on him.

However, Hanyu is not interested in treasures or anything. She is the daughter of the Red Emperor. Every time she breaks through, she can restore some memories.

In the memory, there are countless cultivation methods, supernatural powers and secrets, and the scorpion itself is a treasure.

There are also high and low spirit stones.

Just like RMB has five, ten, one hundred yuan...

The quality of Lingshi is divided into four categories: low-grade, medium-grade, high-grade and extremely high.

Between the first three qualities, the exchange rate is 100.

For example: 100 low-grade spirit stones are equivalent to one medium-grade spirit stone; 100 middle-grade spirit stones are equivalent to 1 high-grade spirit stone.

Then, the best spirit stones are different.

100 top-grade spirit stones cannot be exchanged for 1 top-grade spirit stone, and even one thousand or ten thousand top-grade spirit stones may not be exchanged.

The value of the best spirit stone is calculated separately.

Having said that, Ye Fan's group of seven wandered and came to Wanbaozhai.

This is the largest treasure sales place in the capital.

Everything you need.

Wanbaozhai itself is also a force, very mysterious and should not be underestimated.

The business spreads all over the hinterland of Xianshan.

Numerous branches.

It can be said that no one wants to offend Wanbaozhai.

Because this kind of businessman has a wide network of contacts and has huge interests with many forces.

Simply put, if you offend Wanbaozhai, then Wanbaozhai raises his arms and shouts, fearing that dozens or hundreds of forces will join forces and kill them.

Who can stand it!

Therefore, for countless years, the order of Wanbaozhai is very good, and no one will make trouble in Wanbaozhai.

at the same time.

Wanbaozhai's reputation is also top-notch.

"Several young masters and young ladies, come to Wanbaozhai, what do you need?"

As soon as I entered the door, a store clerk in the realm of Nascent Soul encountered him and asked politely.

The shop assistants at Wanbaozhai have very good eyesight.

Very know people.

If nothing else, Ye Fan's temperament alone is enough to show that his background is extraordinary.

"We'll see for ourselves and contact you if necessary."

"Okay, if you need anything, just say, our Wanbaozhai service is very thoughtful."

Ye Fan is going to buy some one-time-use treasures, such as spells or something.

He doesn't need a French soldier.

He has too many invincible marshals.

Everyone went for a walk, and even Yue Linglong went to play with Fairy Yaoguang and the girls.

Ye Fan was not too worried.

Nothing will happen in Wanbaozhai.

"Hello, where are the disposable consumables?"

"Sir, please come with me."

The beautiful clerk brought Ye Fan to the third floor and smiled: "This floor is all disposable consumables, most of which are spells. There are many spells with different functions, son, do you need me to introduce them?"

"That's not necessary, I'll see for myself."

"Master, please."

Ye Fan glanced at it, it can be said to be dazzling.

Really eye-opening.

There are indeed many kinds of spells, with many functional effects, such as void-breaking spells, which can be used to travel through space for a short time, which is a good thing to escape.

Ye Fan decided to buy a few.

However, the price is also staggering.

To travel through a thousand miles of the void-breaking spell, you need 800 medium-grade spirit stones.

To travel three thousand miles, five thousand mid-grade spirit stones are needed.

To travel tens of thousands of miles, 30,000 mid-grade spirit stones are needed.

The farther you travel, the more expensive it is.

Ye Fan saw the top floor, which was a journey of 100,000 miles and was worth 1 million mid-grade spirit stones.

"My God, it's too expensive."

"Son, the void-breaking spell is very rare." The beautiful clerk didn't leave just now, came over, and introduced: "To refine this kind of spell, you need the help of space magic, and space magic is rare, so the void-breaking spell is rare and precious. "

"I see."

"Can the void-breaking spell only travel 100,000 miles away?"

"That's not true. There are more advanced ones, but they are invaluable. We need VIP members of Wanbaozhai, or people from major forces, or those who are strong in the realm of breaking the void, to see it."

Evan nodded.

He gritted his teeth and said, "I want the 100,000-mile void-breaking spell."

The clerk's eyes lit up, "Really, son, 1 million mid-grade spirit stones, of course, you can also pay 10,000 high-grade spirit stones."

Ye Fan said: "Take it, I don't even have a million mid-grade spirit stones."

This is not true.

The Big Dipper religion has a strong heritage, and Ye Fan has tens of millions of middle-grade spirit stones, and even more low-grade spirit stones.

As for the high-grade spirit stones, they are very precious. Even the Beidou sect doesn't have much storage. The Beidou sect master gave Ye Fan 10,000.

The best spirit stone, the Beidou Sect does not have it.

Not to mention the Big Dipper Religion, even the great forces in the hinterland of Xianshan would not dare to say how many top-quality spirit stones there are.

There are hundreds of them, all of which are considered to be smoke from ancestral graves.

Top-grade spirit stones are too precious, and it is very likely that a top-grade spirit stone ore vein cannot produce a top-grade spirit stone.

The beautiful clerk took down the 100,000-mile-breaking talisman, "Sir, this is the talisman you want!"

"Wait!"

at this time.

When Ye Fan was about to take over the spell, a voice sounded.

"I want this spell!"

"Um?"

Ye Fan frowned.

The visitor is a young man, but not a human being, but in the shape of a big demon.

Early breakout.

It seems that it is the young master of a certain clan.

The beautiful clerk said, "See Young Master Wolf Fang."

Young Master Langya said: "I want this spell, bring it."

"This..."

The beautiful clerk was confused.

"Young Master Langya, this talisman was the first thing this young master took a fancy to, the rules of our Wanbaozhai..."

"Hmph, as long as you don't pay for the spirit stones, then there's no problem. The big deal is that I'll pay 10,000 more mid-grade spirit stones. I'll pay 1,010,000, and the head office will do it."

Young Master Wolf Fang is very domineering.

The beautiful shop assistant didn't know what to do.

Ye Fan sneered, took the spell from the beautiful clerk's hand, and said, "Young Master Wolf Fang, you are so rich, go buy a more advanced spell, and come here to pretend to be a big-tailed wolf!"

"What did you say!"

Young Master Wolf Fang's eyes glared angrily.

The beautiful clerk's face changed, and she said, "Young Master, don't say such things. He is the young master of the Demon Wolf Clan, and the Demon Wolf Clan has a big tail, so it is most taboo for someone to say a wolf with a big tail, it will be considered as humiliation. ridicule."

Ye Fan twitched the corner of his mouth.

special!

The world is really big, there are no wonders.
