Chapter 1291: Young Master Wolf Fang

"presumptuous!"

The younger brother behind Young Master Langya was furious, jumped out and shouted, "How dare you insult my elder brother, immediately kneel down and apologize, otherwise you won't be able to eat and walk around."

Ye Fan sneered: "Really, you dare to do it in Wanbaozhai?"

The younger brother sneered: "Could it be that you will never leave Wanbaozhai for the rest of your life, as long as you leave, the consequences... Haha, you can't predict it."

"It's just you?"

"Yo, you're crazy." The other younger brothers laughed and didn't take Ye Fan to heart.

Young Master Wolf Fang is in the early stage of breaking the void, and with some trump cards, he can fight against the middle stage of breaking the void.

This silver-haired guy is very good-looking, and he doesn't seem to be a powerful figure, so what's the matter.

The young master wolf tooth said: "Human, I am too lazy to entangle with you, give me the void-breaking spell, and let it go."

"What if I don't give it?"

"Are you challenging my bottom line?"

Young Master Wolf Fang's face became ugly.

The movement here attracted a lot of attention, and some customers came to watch, fearing that the world would not be chaotic.

"Princess, three days later, you will be recruiting relatives by martial arts. Why are you running out? Let's go back to the palace. I'm afraid, if the ancient emperor finds out, he will punish us."

"Why are you afraid of having me here?"

The two women looked at each other, looking worried and helpless.

Among them was a young girl, veiled and draped in a veil, but that could not conceal her charm.

This is Princess Yunxi.

"Hey, what happened over there, who else dares to make trouble in Wanbaozhai, let's go and see."

"Hey princess, wait for us."

The three squeezed to the front.

Princess Yunxi knew the Young Master Langya. After all, the Demon Wolf clan was a big clan, and their strength was not bad.

Subsequently.

Princess Yunxi's eyes fell on Ye Fan, her beautiful eyes flickered, and her mind was rippling.

What a handsome man!

Princess Yunxi was the first time she saw such an attractive man.

In the hinterland of Xianshan, she has seen many powerful talents, and some are more handsome and handsome than Ye Fan.

For example, the young master of the Great Wilderness is extremely handsome.

A well-known handsome man.

However.

Princess Yunxi felt that none of them had the charm of Ye Fan, nor did the young master of the Great Wilderness.

Ye Fan's temperament is really attractive.

There is a vaguely strong domineering.

Ye Fan himself didn't know that the domineering connotation of the Celestial Hegemony was the most attractive to women.

because.

Whether it is an ordinary person or a cultivator, there will be a physiological reaction.

Cangtianba understands that the male hormones are vividly displayed, especially the domineering connotation, which is the easiest for government women.

At this moment.

Princess Yunxi's mind unexpectedly came to the picture of being pressed by Ye Fan.

This startled her.

"Pooh!"

"How could I think about such a thing, I'm not a coquettish woman."

"Does this silver-haired man have any strange methods, is it deliberately dealing with me!"

"Damn guy!"

Princess Yunxi said so in her heart, but she kept staring at Ye Fan, as if she wanted to see through Ye Fan.

But.

Ye Fan was obscured by the effect of the residual pages of the book, and he couldn't see through everything, even the realm couldn't be seen through, which made him look extraordinarily mysterious.

This made Princess Yunxi's heart itch even more.

The atmosphere became increasingly tense.

The beautiful clerk could only whisper to one of the principals of Wanbaozhai.

"You two, don't be impatient."

The host came.

He clasped his fists and smiled and said, "Young Master Langya, rare guest, I have heard that you have a conflict over a void-breaking spell. It's very simple, our Wanbaozhai also treasured a 100,000-mile void-breaking spell. Bring it to Young Master Wolf Fang."

"No need!"

Young Master Wolf Fang waved his hand.

The principal was taken aback.

Then, I just listened to the young master Langya said playfully: "I want his one, and I don't want the others."

This.....

The host was speechless.

He looked at Ye Fan and asked, "Master, may I ask your surname?"

"The last name is Ye."

"Young Master Ye, don't think so. You give the spell in your hand to Young Master Langya, and I'll send you the other one right away. It's the same, it's 100,000 miles away."

"No, no, I only like this one, and it's first come first, I won it, it's impossible to let it go."

Ye Fan shook his head, also very firm.

This makes it difficult for the principal.

The onlookers whispered.

"This silver-haired man is really tough. It seems that he has a background and is not afraid of the Demon Wolf Race."

"It must have an extraordinary background. You can see his temperament, extraordinary and refined, and he must be the young master of the great power."

"Interesting, I don't know what Young Master Langya will do. It would be too embarrassing to retreat."

"I think it's going to be a fight!"

"Who dares to do it in Wanbaozhai?"

"You're stupid, isn't it the same as going out for a date?"

"That's true."

...

Arguments erupted one after another.

Young Master Langya's eyes gradually turned cold, and suddenly he laughed loudly: "When I first came to Wanbaozhai, the capital, I encountered a tough stubble like you, which is very good. If that's the case, then I can only see Zhenzhang under my hands. I also think Activities, what do you think?"

Ye Fan said, "Why should I fight you?"

"Are you afraid?"

"No, you think too much. There is a reason for everything. It's not that some cats and dogs want to fight me, and I have to fight. Wouldn't that be blasphemy and humiliation to me."

"What did you say! You said I was a cat and a dog!" Young Master Langya was furious.

"Sorry, you're a wolf!"

Ye Fan added.

puff.

Princess Yunxi covered her mouth and laughed lightly, this surnamed Ye is really interesting.

Young Master Langya laughed in anger: "Okay, you are crazy, I hope you really have the ability and confidence. Tell me, how can you fight."

"If you lose, you have to pay me one million middle-grade spirit stones; at the same time, all the other void-breaking spells on this shelf will be bought and given to me."

The people mourned.

It's a lion's mouth.

There are twenty-eight void-breaking spells on this shelf, and if they are buried, I am afraid they will get 10 million mid-grade spirit stones.

This is not a small amount.

"What, it hurts? Then get out of here, don't spare me Qingning."

"It's a joke. There are only ten million mid-grade spirit stones. My Demon Wolf Clan is not lacking in this."

"So, you agreed?"

"Why not."

"There are so many witnesses present, including the principal of Wanbaozhai, don't go back on your word."

"I don't care to go back on my word."

"That's good." Ye Fan said: "Please also ask Wanbaozhai to prepare a battle arena for me, presumably, there should be."

"Of course, there is a martial arts field in the back mountain of our Wanbaozhai, which is specially used for customers who have conflicts because of their babies. Please come with me."

"etc!"

Ye Fan stopped, turned around and said, "What are you doing again! Are you regretting it?"

Young Master Langya snorted coldly: "I haven't said it yet, if you lose, what should you do?"

"If I lose, it's up to you."

"That's what you said."

Under the leadership of the principal, Ye Fan and Young Master Langya came to the Back Mountain Martial Arts Field.

And there's a lot of fun watching.

even.

Even some geniuses were startled.

After all, Young Master Langya is not weak, but a famous genius.

"Princess, who do you think will win? That silver-haired man is so confident, he doesn't know what background he has!"

"Big-tailed wolves are so annoying, it's better to be beaten all over the ground to find their teeth." Princess Yunxi said.

On the martial arts field, the person in charge said: "For the sake of fairness, you must not use any foreign objects such as magic weapons, spells, etc., and fight with your own abilities."

This is also reasonable.

Otherwise, just throw the spell directly.

The young master wolf tooth erupted in an instant, as expected of the genius of the devil wolf clan, showing a strong body and a very aggressive aura.

Especially those eyes, which have the ability to see local flaws.

And his feet, shining with brilliance, indicate that he has extreme speed.

The young master wolf tooth did not transform into the body.

Still in human form.

"Yinmao, I'm going to beat you all over the floor to find your teeth, and let you know the arrogant end."

"bring it on."

Ye Fan beckoned.

There was an uproar in the audience, this... this is simply contempt.

good guy!

Really crazy.

Young Master Langya was burning with rage, and at this point, the other party is still so arrogant.

Just looking for death.

"Shh!"

Young Master Langya's eyes burst into divine light, trying to see Ye Fan's flaws.

However.

He was shocked.

There was no flaw in Ye Fan's body.

Young Master Langya's pupils shrank, and he finally became cautious, knowing that Ye Fan was not simple, and he had the confidence to be arrogant.

"kill!"

With a drink, Young Master Wolf Fang disappeared in place.

This is because the speed is extremely fast.

Reappearing, already behind Ye Fan.

A punch hit Ye Fan's head.

"Bang!"

Ye Fan was beaten and collapsed.

The onlookers screamed, unbelievable, this is too fast, how can it be killed in seconds.

"wrong!"

"That's not the body!"

A strong man shouted.

Lang Ya Shao Chai's cold hair stood on end, and he found an icy murderous aura coming from behind him.

"Shh!"

The young master wolf tooth disappeared.

The distance was widened, but Ye Fan was not seen.

At this time.

Young Master Wolf Fang felt that there was an icy murderous aura behind him.

what!

Still behind?

How is it possible, how can it be faster than mine!

Young Master Wolf Fang did not believe it.

He kept flickering and jumping, moving frantically in the martial arts arena, but he could never shake off the icy aura behind him.

At this moment, Young Master Langya went crazy.

"what!"

Young Master Wolf Fang growled.

become the body.

The monstrous demonic energy swept through, and a field filled out.

"Get me out!"

Young Master Wolf Fang stopped drinking.

The power in the realm is surging.

finally.

Ye Fan's great invisibility could no longer be supported, he appeared on top of Young Master Wolf Fang and stepped on it with one foot.

"boom!"

The huge body fell.

Young Master Langya's head was bleeding, he felt the terrifying power of this foot, and was furious.

"Ah, I'm going to kill you."

The young master wolf tooth is really going crazy.

Shame!

Big shame!

With so many onlookers and some acquaintances Tianjiao present, he was so embarrassed.

Being stomped on the head by a human being is humiliating.

Not only to humiliate him, but also to humiliate the Demon Wolf Race.

kill kill kill.

This man must die!

The young master of wolf tooth broke out in an all-round way, very fierce, and possessed the strength to deal with the middle stage of breaking the void.

Really awesome.

Ye Fan felt that he was almost as cold as Heavenly Fire Holy Land.

However.

Now he is strong enough, even if it is the mid-term battle strength of Shattering Void.

"Creation Fist."

Ye Fan waved his fist.

broke the world.

This punch is extremely stunning, making the onlookers horrified, and making those arrogant pupils shrink.

So strong!

The young master wolf tooth was sent flying, and the sky was stained with blood.

Directly flew out of the martial arts arena.

"Roar."

Young Master Wolf Fang screamed and came back, but a big handprint slapped him to the ground.

Ye Fan was condescending and said coldly: "You were beaten to perform in the martial arts field. According to the rules, you have already lost."

"kill!"

However, the young master wolf tooth did not stop.

Ye Fan's face suddenly turned cold.

Principal, how to deal with this situation? "

"boom!"

The principal takes action.

He was in the late stage of Shattering the Void, and directly suppressed the Young Master Langya.

"let me go!"

"If you dare to give your hand, you won't be able to find death!"

Young Master Wolf Fang has lost his composure.

The principal snorted coldly and said, "Why, you Demon Wolf Race are going to deal with Wanbaozhai!"

This sentence.

In an instant, Young Master Langya woke up and calmed down, but his eyes flashed with unwillingness and shame.

The person in charge said: "According to the rules, you lose. Young Master Ye wins. Young Master Wolf Fang, please pay for the spirit stones. There are 10 million spirit stones in total."

Young Master Wolf Fang transformed into a human form.

There was blood on his body.

Grit your teeth.

However, he did not dare to go back on his word, because this was Wanbaozhai.

"I remember you."

Young Master Langya threw out 10 million mid-grade spirit stones, and then fled in despair, where there was no face left.

The master under the Lingshi then told Ye Fan the twenty-eight charms, and said with a smile, "Young Master Ye, your charms. The son is really amazing. I was not well entertained before, and I asked the son to move, in order to express my feelings. I'm sorry, Wanbaozhai decided to give the son a magic weapon."

Ye Fan's eyes lit up, the magic weapon he took for nothing, don't be a fool.

"You please."

The principal was very comfortable when he heard it.

Not arrogant or impetuous.

The dragon among men.

After Ye Fan left with the principal, the surrounding creatures also dispersed, but they all talked about it with relish.

After all, Ye Fan had a strong attack on Young Master Wolf Fang, what does this mean?

It shows that the strength is almost catching up with the late stage of breaking the void, because this is the case where the magic weapon has not been used.

"Princess, that Young Master Ye is amazing."

"Yes."

Princess Yunxi was thinking about something wrong, and then ordered: "You guys wait. Once Young Master Ye comes out, invite him to Feixianlou."

Chapter 1292: Emperor Armor

Ye Fan followed the host to the sixth floor.

Wanbaozhai has a total of nine floors. If you can come to the sixth floor, you are already a VIP, and the treasures on the sixth floor are often millions of middle-grade spirit stones, and it is not uncommon for tens of millions.

Some treasures even stipulate that high-grade spirit stones must be used for transactions, which shows that the treasures are very precious and rare.

"Master Ye, this is our Wanbaozhai's first-class VIP card. I'll give it to you. With this card, you can get a 10% discount when you spend at any branch of Wanbaozhai."

"It's only ten percent."

The principal was stunned for a moment, and then smiled: "Our VIP cards are divided into nine levels, from one to nine. The first-level VIP card is 10% off, and so on, the ninth-level VIP card is 10% off."

"However, if you want to upgrade the VIP card level, you need to make some contributions to my Wanbaozhai."

Ye Fan smiled and said, "Understood, I was just joking, thanking Wanbaozhai for the VIP card."

Suddenly.

The principal received some kind of summons, and a look of shock flashed in his eyes.

Immediately recovered.

He said, "Young Master Ye, I have received instructions from your superiors to upgrade your VIP card to level three."

"Oh?"

Ye Fan was surprised.

The principal left with the VIP card, returned shortly after, and handed the brand new VIP card to Ye Fan.

"Young Master Ye, you can get a 30% discount on the third-level VIP card. At the same time, when you participate in my Wanbaozhai auction, you will be provided with an independent box for free."

"By the way, in addition to the VIP card, our Wanbaozhai will also give Ye Gongzi a magic weapon, please come with me."

Ye Fan felt incredible.

what's wrong?

Just because he defeated the young master wolf tooth, he felt that his talent was amazing and his background was strong, so he wanted to form a good relationship with him?

However, you don't have to be so generous to form a good relationship.

Three-level VIP card, 30% off, this is already a huge discount.

And give away magic...

Tsk tsk, as expected of Wanbaozhai, he is really rich and rich.

Ye Fan is looking forward to it.

White take it or not, is a fool.

The principal brought Ye Fan to his office. There was a beautiful servant at the peak of Nascent Soul, with a huge box in his hand.

"Young Master Ye, this box contains the magic weapon presented to you."

"Open it for Young Master Ye to see."

The beautiful maid nodded, opened the box carefully, and suddenly the light flickered, and a majestic and majestic aura permeated out.

Wait until the light dissipates.

What catches the eye is a splendid armor.

Ye Fan knew at a glance that this armor was incredible, it was definitely a treasure.

"Young Master Ye, this is one of the treasures of our branch called the Emperor's Armor."

"Emperor Armor?!"

Ye Fan muttered, his heart pounding.

The person in charge said: "This armor was built by an invincible holy king in a distant era, and it has been passed down. It has been very well preserved. The armor can be fused with the body. The more energy injected, the stronger the defense."

"It can be said that this is a defensive magic weapon for growth. You should know how precious it is."

"It's really precious!"

Ye Fan nodded heavily.

Defensive magic weapons are harder to build than offensive magic weapons, and powerful defensive magic weapons are even more difficult to create.

A growing defensive magic weapon, it is definitely a treasure.

It can be said.

This emperor armor, even the giants of the peak of the broken void, will covet.

Ye Fan felt that things were not that simple.

"I don't understand."

"Young Master Ye, to be honest, I don't understand either. There were many powerful people who wanted to buy this emperor's armor, but they were all rejected by our shopkeeper."

"But just now, I was instructed by the shop owner to present this Emperor's Armor to you."

"It is true that Young Master Ye is powerful and is the arrogance of the head, but I also don't think it is necessary to give you the emperor's armor."

What the principal said was reasonable.

Ye Fan said nothing.

"Of course, I can't guess what the owner has in mind. I just do business."

"Young Master Ye, this emperor's armor is yours. For the sake of safety, you can refine it now."

"Please rest assured, my Wanbaozhai reputation didn't say anything, and I won't harm you."

"I'll be busy first, Young Master Ye, please feel free."

The master and the beautiful maid leave.

Only Ye Fan and the emperor's armor were left in the huge office. Ye Fan couldn't figure it out, and he was going to ask who the shopkeeper was, and wanted to meet the shopkeeper.

But dismissed the idea.

If the shop owner doesn't show up, it means that he doesn't want to see him, so there is no need to entangle.

When the time is right, you should be able to see it.

Ye Fan's attention was all on the emperor's armor, he stretched out his hand and stroked it gently.

Suddenly.

The Emperor's armor shuddered.

Ye Fan's qi and blood also resonated, and immediately afterward, the Heavenly Tyrant Body took the initiative to recover.

It resonates most closely with the trembling of the Emperor's armor.

Ye Fan trembled all over.

Excited, uncontrollable trembling.

Instinct excitement.

It was as if this emperor's armor was destined to belong to him.

Ye Fan was excited.

He didn't think much about it, he immediately put the emperor's armor on his body, and then poured the blood of his life into it, performed the secret oven technique of heaven and earth, and began to refine it.

Two days later.

Ye Fan opened his eyes.

The Emperor's Armor had disappeared.

merge with the body.

With just one thought from him, the armor can emerge. Moreover, Ye Fan tried it, injected energy, and found that the defensive power of the Emperor's armor was amazing.

The current Ye Fan, even in the face of the late stage of Shattering the Void, can successfully escape, and will not be suppressed and killed.

"Wanbaozhai really gave me a great opportunity. The owner of the shop must meet him if he has a chance."

Ye Fan left the office.

I met the person in charge, "Young Master Ye, it seems that you have refined the emperor's armor."

"That's right."

Ye Fan nodded and immediately asked, "Well, can I meet the owner?"

The person in charge said: "The owner has a lot of time and is very busy. I think it's very difficult to meet. Now, the owner doesn't know where to go."

"That's it."

"Young Master Ye, don't worry, I will report it to the shopkeeper. I will notify you when the shopkeeper is willing to see you. You can hold this communication jade pendant, and we can communicate with you at any time."

"Thank you."

Ye Fan bid farewell to the principal.

Leaving Wanbaozhai, he contacted Han and the others and settled in an inn near Wanbaozhai.

However.

Not long after walking out of Wanbaozhai, the sky suddenly tore apart, and a terrifying aura swept out.

The creatures in the entire street were terrified and fled in all directions.

In Wanbaozhai, some people also walked out.

There were customers, as well as Wanbaozhai's Dharma protectors, including the principal, but none of them took action.

because.

After Wanbaozhai, there is nothing to do with them.

Even if Ye Fan was suppressed, the principal would not take action unless ordered by the shopkeeper.

no doubt.

The mysterious powerhouse is the elder of the Demon Wolf clan.

Ye Fan humiliated and suppressed the young master wolf tooth, which greatly embarrassed the devil wolf clan, and the devil wolf clan couldn't bear this bad breath.

therefore.

An elder of the Demon Wolf clan lurked outside Wanbaozhai for two days, waiting for Ye Fan to come out.

As for why he shot in front of Wanbaozhai Street, in fact, it was the elders of the Demon Wolf clan who were dissatisfied with Wanbaozhai.

The public suppression of Ye Fan in front of Wanbaozhai gate was, to some extent, a provocation to Wanbaozhai.

"Roar!"

A roar broke out in the crack in the space, and the sound waves rolled and conveyed.

All the creatures on the street changed color.

Back off again.

"This is at least the existence of the late stage of breaking the void, and it may even be the peak of half-step."

"How ruthless, the Demon Wolf Clan actually dispatched such a powerful elder, it seems to be killing Young Master Ye on the spot!"

"Did the Demon Wolf Clan break the rules by doing this? People of the older generation intervene in the affairs of the younger generation."

"This is the capital of the Qingtian Dynasty, or in front of the Wanbaozhai gate. The elders of the Demon Wolf clan dare to take action, but they are very bold."

"Look at this, Young Master Ye has an extraordinary background, and there must be a protector. The reason why the elders of the Demon Wolf Clan showed their power and didn't make a move should be a test to see if Young Master Ye's protector will come out!"

The onlookers speculated that this was indeed the case.

The aura of the Demon Wolf clan elders scoured wave after wave, just to test whether Ye Fan had a protector.

Ye Fan was not afraid at all.

He now has the emperor's armor, and he is not afraid of the existence of the late stage of the void, and with the spell of the void, he can escape completely.

Even if it is a half-step peak, Ye Fan has enough opportunities to rush into Wanbaozhai and hide in Wanbaozhai.

Very simple thing.

Ye Fan looked at the cracks in the sky and said contemptuously, "Elder of the Demon Wolf Clan, don't you need to try, just do it if you want to. But, I'm not ashamed of you."

"The big devil wolf clan, the younger generation has no enemy of my own hands, and you want an old man to oppress me."

"What a waste!"

Boom - complete uproar.

Incredible.

In this situation, to actually say such words to humiliate the Demon Wolf Race, what a bullshit!

but.

Ye Fan's remarks also made the onlookers think that Ye Fan must have a Taoist protector, maybe at the peak level of Shattering Void.

The demon wolf clan elder was furious.

However, he was very cautious and coldly shouted: "Boy, you should punish me for humiliating my clan. If you obediently return to the Demon Wolf clan with me, admit your mistake and let it go. If not..."

"How about otherwise?"

"Then don't blame the old man for bullying the small."

"Hahaha."

Ye Fan raised his head and laughed.

"Old man, it's ridiculous that you think you can suppress me. You think too highly of yourself and are too self-righteous. I'm standing here, I want to see if you can suppress me."

"presumptuous!"

The elders of the Demon Wolf clan were extremely angry.

A junior is so arrogant that he doesn't take him or the Demon Wolf Clan in his eyes.

No reason!

Even a young master with a great background and a great power cannot humiliate the Demon Wolf Clan like this.

so.

must take.

At this moment, the elder of the Demon Wolf Clan took action. He did not show up, but was hidden in the crack of space, and a wolf claw was caught.

This claw blocks everything.

Ye Fan felt a strong restraint.

Half-step peak!

Ye Fan's expression was solemn, but he was about to fully recover when a palm print came and smashed the wolf's claws.

"Who!"

The demon wolf clan elder was furious.

The spectators were also very shocked. Could it be that the guardian is here?

Ye Fan himself was blinded.

I only saw that a middle-aged woman came, and she was also at the peak of half a step.

She looked at the crack in the space and said coldly: "Elder of the Demon Wolf Clan, you are unscrupulous to take action in our Qingtian Dynasty, you are so bold!"

"Who are you?"

"I am the bodyguard of Princess Yunxi."

The Demon Wolf Clan elder was surprised.

Princess Yunxi is the youngest daughter of the Qingtian Ancient Emperor, and she did not expect her guards to join her.

trouble.

The face of the Demon Wolf Clan elder changed.

The guard descended, came to Ye Fan, and said, "Young Master Ye, my palace lord invited you to be a guest at Feixianlou, I hope you can save face."

"Princess Yunxi invited me?"

"Yes."

Ye Fan didn't know why.

He and Princess Yunxi have never been masked, so what are they inviting them to do?

However.

The onlookers were agitated.

"Princess Yunxi invited Ye Shao to go to Feixianlou. I'll be darling. They just saw that there was something tricky about it."

"Feixianlou is the private place of Princess Yunxi. It is said that she has always invited her sisters as guests. I have never heard of inviting male creatures."

"Even the young master of the Great Wilderness was not invited."

"It's alright, it's getting more and more interesting. Young Master Dahuang mainly knows, I'm afraid that he vomits blood from anger."

"Tomorrow is a competition to recruit relatives. Today, Princess Yunxi invited Ye Shao to meet in private, this, this..."

Chapter 1293: Feixianlou

Ye Fan had a headache.

How did Princess Yunxi get involved?

He also invited him to a private pavilion as a guest. Isn't this causing him trouble?

Originally, the young master of the Great Wilderness admired Princess Yunxi, but he had never been to Feixianlou, so he went there first.

All right.

These are a bit of a holiday with the Young Master of the Great Wilderness.

Originally, I was thinking to see if I could get a good relationship, but now, get a fart!

"The princess invites, Ye Xun naturally dare not refuse to obey, just this Demon Wolf clan elder?"

"Young Master Ye, don't worry, the devil wolf clan dares to be rampant in the capital, and the end is a death. This is the Qingtian Dynasty, not the domain of the devil wolf clan."

"Young Master Ye, let's go."

The guard's words can be said to have completely slapped the Demon Wolf Clan elder in the face. The key is that the Demon Wolf Clan elder can't attack yet.

If he really fights Princess Yunxi in the Qingtian Empire, I'm afraid he won't be able to leave.

then.

He could only watch Ye Fan leave.

"boom!"

The Throne of Heaven's Chosen appeared under Ye Fan's feet.

He leaned on it, squinted at the cracks in the space, and said with a sneer, "Elder of the Demon Wolf Clan, you can continue to stay in the capital, and when this young master is done being a guest in Feixianlou, I will meet with you for a while. After cultivating to the peak of breaking the void, I don't know how to be ashamed and dare to run out and pretend to be forceful, rubbish!"

???

The world is dead silent.

Silent.

The guards who led the way in front of them all had their faces frozen.

What Ye Fan said was really amazing.

This is considered to have offended the Demon Wolf Race to the death.

But.

No one doubted Ye Fan's words.

Because the arrogant throne that Ye Fan sat on, Ye Fan who set off was simply a dragon among men.

Make Ye Fan more mysterious.

Absolutely the young master of the great power!

Absolutely!

Although the Demon Wolf Clan is a big family, it is not a head force. This time, it has provoked the young master of the big force. Haha, trouble.

Maybe, the Demon Wolf Clan is really going to have bad luck.

Ye Fan and the guards disappeared.

The onlookers have dispersed, but they are still talking about it.

The space crack disappears.

The elder of the Demon Wolf Clan left, but he didn't know whether it was to inform the clan to send help, or whether he really fled in despair.

"This Young Master Ye is really bold, he doesn't seem to be talking big, could it be that he can really deal with the strength of the half-step peak?"

"If this is the case, then it surpasses the vast majority of Tianjiao, and can even be called the first person."

"Sure enough, the owner has a discerning eye."

At the door of Wanbaozhai, the owner muttered to himself, admiring the owner.

Just when Ye Fan went to Feixianlou.

The news is like a storm.

spread quickly.

In a certain splendid mansion, the young master of the Great Wilderness was meditating when suddenly a sword light came from the sky.

Young Master Dahuang's eyes burst into two rays of light.

"when!"

He punched the sword light and collapsed.

"Zhuang Yu, what are you doing here!"

Young Master Dahuang said coldly.

The person who came was dressed in white and carried a sword on his back. He was very handsome and had a strong breath.

This person is the young master of Wanjian Villa.

Without waiting for Zhuang Yu to speak, suddenly, a black magic energy swept in, the aura fell in the courtyard, exploded, and a burly voice came out.

Although this young man is handsome, he has evil spirits, his eyes are cloudy, and he is domineering in the coldness.

This person is Duan Shisan, the young master of the Demon Demon Sect.

Zhuang Yu, Duan Shisan, and Young Master Dahuang were the most popular candidates for the competition.

At the same time, the three are also the biggest competitors.

But at this moment, they are all gathered here.

The Great Wilderness Young Master was puzzled. He got up, walked out of the pavilion, and asked, "What are you doing here?"

Duan Shisan sneered: "Don't you know that Princess Yunxi's Feixianlou has entered male creatures."

"what!"

The Great Wilderness Young Master's expression changed.

Feixianlou, the private club of Princess Yunxi, put an end to all male creatures.

It is said.

Qingtian Ancient Emperor wanted to enter, but Princess Yunxi stopped him.

Princess Yunxi only invited her sisters and some women such as princesses and princesses.

How can a man get in!

"who is it!"

"How bold! He actually broke into Princess Yunxi's Feixian Building!"

"No matter who it is, I will make him pay the price. If there is a family behind it, then the family will be destroyed; if there is a family behind it, then the Dao Lineage will be destroyed!"

overbearing!

This is the Young Master of the Great Wilderness.

It is also the style of the ancient religion of the Great Wilderness.

after all.

The Great Wilderness Ancient Sect is one of the top ten forces in the hinterland of Xianshan, and it ranks high.

Zhuang Yu smiled and said, "Then let me tell you, that person was invited by Princess Yunxi to enter Feixianlou."

boom!

Young Master Dahuang's eyes widened, his face full of incredulity.

"impossible!"

"Come on, take a look." Zhuang Yu threw out a glass ball, which was used by the cultivation world to record images.

It can be understood as a screen recording of ordinary human society.

In the glass ball, play everything that happened before this Wanbaozhai.

"Master Ye, Princess Yunxi invites you to be a guest at Ten Thousand Feixianlou..."

These words kept echoing in the ears of the young master of the Great Wilderness.

Bang!

The glass ball was crushed.

The Great Wilderness Young Master's face was gloomy and cold.

anger.

He was very angry.

In his heart, Princess Yunxi is his own, and he is destined to be the concubine.

The two competitors, Zhuang Yu and Duan Shisan, did not care about the young master of the Great Wilderness.

Because he knew that these two were not his opponents.

But now.

A silver hair surnamed Ye actually got there first and went to Feixianlou, which he had never been to before!

The young master of the Great Wilderness has always wanted to be the first male creature to enter Feixianlou.

But now...

"what!"

The Great Wilderness Young Master roared.

The entire mansion was shaking, and suddenly, a big man in the late stage of breaking the virtual shot to suppress the mansion, otherwise, the entire mansion would be destroyed.

"We came here to tell you this. Although we are competitors, now, we have a common opponent."

"That's right!"

Two words exploded from the sky.

Another goddess came.

The Second Son of Heavenly Fire Holy Land is in a cold war.

Young Master Dahuang glanced at him, regained his calm, and said indifferently, "You guys want to use me as a gunner, hehe, you think I'll be fooled."

Duan Shisan said: "Can you bear this tone?"

The young master Dahuang said, "Princess Yunxi is quirky and quirky. It is her freedom to invite that Ye Yinmao as a guest. Of course, I am very interested in this Ye Yinmao, waiting for him to leave Feixianlou..."

Leng Zhan said: "Do you want to meet him?"

However, the young master of the Great Wilderness said: "No, you will meet for a while, and I will appear last."

Done.

The young master of the Great Wilderness waved his hand, "Send off!"

When the big shots attached to the town took action, the three Tianjiao felt that the world was spinning and fell outside the mansion.

Duan Shisan snorted coldly, "What are you pretending to be!"

Zhuang Yu said: "That surnamed Ye is going to be out of luck. Haha. I hope he can withstand the anger of the wild."

...

Feixian Building.

Ye Fan arrived here.

I thought it was very ordinary, but in fact, this is a tower of ten thousand feet, towering into the sky.

A thick fog hung around.

therefore.

Can't see at all from a distance.

Feixianlou is a hundred miles in diameter, and no one can approach it.

here.

It completely belongs to Princess Yunxi.

I heard that the ancient emperor Qingtian was coming, and he had to get the consent of Princess Yunxi.

Moreover, it can only be visited under Feixian Tower, not up.

It is enough to explain how much Princess Yunxi is favored and her status in the Qingtian Dynasty.

Anyone who offends can't offend Princess Yunxi.

"Young Master Ye, come with me!"

The guard beckoned.

Ye Fan was surprised to find that he actually had to take the...flying ladder to go to Feixianlou!

The flying ladder is like the elevator in the secular world.

Ye Fan and the guard stood side by side. The flying ladder was not going up quickly. The guard explained, "The flying ladder was designed by the princess to enjoy the beautiful scenery."

"Young Master Ye, you can see the beautiful scenery in a radius of hundreds of miles and thousands of miles from the top of this flying ladder."

"Is the princess very smart?"

Ye Fan twitched the corner of his mouth and said with a smile, "Smart, really smart."

Not long after, they came to the top of Feixianlou.

Here, it can really be said that he raised his hand to pick the stars. From a distance, Ye Fan saw a slender woman playing the piano on the rooftop.

The melodious sound of the piano is very pleasant.

Not only that.

This sound seems to have the effect of cleansing the soul.

Ye Fan felt that every cell in his body was breathing, fluttering like a fairy; the distracting thoughts of the sea of spiritual consciousness were all eliminated.

After a song.

Ye Fan took a deep breath, clapped his hands and smiled: "The princess's piano skills are really amazing, this song should only be found in the sky, and it is rare to hear it in the world."

"what?"

Princess Yunxi was stunned.

The guards were also stunned.

"This song should only be found in the sky, how many times is it rare to hear it in the world?"

"This song should only be found in heaven..."

Princess Yunxi kept talking.

The guards and maids also talked.

Afterwards, they were all in awe.

"Young Master Ye, you are truly talented. As soon as you say it, it's such a beautiful poem."

"I like this compliment very much."

"Uh, well, it's fine if the princess likes it." Ye Fan was ashamed, isn't it just a poem in the mundane world of the earth, why is he so surprised.

If I memorize the poems and songs of Li Bai, Du Fu, Li Qingzhao, etc., wouldn't it be...

cough cough.

Ye Fan retracted his thoughts.

Princess Yunxi said, "Young Master Ye, it's a bit abrupt to invite you over here, please don't take offense."

"No, no, it's my honor for the princess to invite me to Feixianlou. It seems that I am a man entering Feixianlou for the first time."

"That's right."

"It's an honor, but the princess has also caused me a lot of trouble."

"Giggle." Princess Yunxi chuckled, "That's right, those geniuses must be upset and want to target you. It's very interesting. I believe Young Master Ye can deal with it."

"The princess really thinks highly of me."

"Don't be modest, by the way, Young Master Ye, I don't know your full name yet."

"Evan."

"Any name is a name, Ye Fan. A good name. But unfortunately, Young Master Ye, you are not ordinary."

"Actually, I want to be an ordinary person. Isn't it nice to have parents, wife, and children in the company of a lifetime for a hundred years?"

"Cultivation can lead to longevity?"

"What is the purpose of longevity, what is the meaning, is it to live longer?"

"This..."

Princess Yunxi choked for a while.

The meaning of longevity?

Yes.

What is the meaning of longevity.

Simply for a longer time, for immortality.

It's better to turn into a stone, sink into the bottom of the water, and live forever.

Ye Fan saw that Princess Yunxi was stunned, so he said to himself: "It is still unknown whether there is a longevity. We cultivators don't need to drill our brains."

Princess Yunxi said, "You're right."

at this time.

There was some commotion, and then, one after another beautiful voice appeared.

"Yunxi."

"Sister Yunxi!"

"Sister Yunxi!"

"Princess!"

A large number of beauties, and their temperament is very noble, either the princess or the princess.

Or the daughter of a minister of the Qingtian Dynasty.

"Why are you all here?"

Princess Yunxi is a little dissatisfied, isn't this disturbing her and Ye Fan alone.

An older princess smiled and said, "Sister, I heard that you invited men to visit Feixianlou. This is the first time. Sisters come to see."

"Yes, yes, look at what a handsome man he is, he can invite his sister to Feixianlou."

"Is that the little brother?"

A group of beauties gathered around.

Ye Fan was embarrassed.

He got up, clasped his fists, and said neither humble nor arrogant: "I have seen all the sisters and sisters, Ye Fan, Xianyun Yehe is one, I am fortunate to be invited by the princess to be a guest, please take care of my sisters and sisters."

Chapter 1294: Unparalleled talent

"Yo, he's pretty good at talking."

"Does it look good?"

"The body feels really solid and has an indescribable attraction."

"..."

The beauties were chattering non-stop.

Ye Fan's face turned red.

After a while, Princess Yunxi said, "Alright, alright, just stop, don't scare Young Master Ye, and don't hold back at all."

A county owner said: "Sister, it's you who is not reserved, and you even invited Young Master Ye to Feixianlou, wearing a lot of clothes outside, saying that you and Young Master Ye have..."

"have what?"

"It's personal."

A group of beauties leaned forward and backward laughing.

At this moment, Princess Yunxi's face blushed, "It's really nonsense. If you tell me to go on, whoever dares to talk nonsense, arrest them and put them in jail."

"As ordered."

The maid went to order.

The beauties also quieted down and gradually took their seats.

Princess Yunxi wrote a letter, placed it on the table, and said proudly, "Look, this is Young Master Ye's evaluation of my piano skills."

Everyone talks about the brain.

"This song should only be found in the sky, how many times is it rare to hear it in the world?"

"good words!"

"Wonderful!"

Beautiful people are full of praise.

A princess said, "Young Master Ye, I didn't expect you to be so talented. Why don't you write an adverb for me?"

Princess Yunxi muttered: "Eighth sister, what are you mixing!"

The Eighth Princess smiled and said, "It's just an adverb. Are you being so stingy? In fact, I don't want it."

"Who wants that?"

"Your nineteenth brother, you went to travel around the world a month ago, fell in love with a lady from the big family, and didn't think about tea and rice all day long. But the lady of the big family is an elegant person, so I thought about it, and I wanted to ask Ye Gongzi for an adverb. Give it to the nineteenth brother, and let him give it to his sweetheart. I believe that Ye Gongzi's literary talent will definitely be able to write good words. If you borrow flowers to offer Buddha, the lady of the big clan may agree to be friends with the nineteenth brother when she is happy."

"That's it."

Princess Yunxi nodded, looked at Ye Fan, and asked, "Young Master Ye, are you interested in giving me a poem?"

Ye Fan didn't expect to really show off his literary talent.

He can be described as a solid foundation.

Tang Poems and Song Poems and Songs have long been stored in my head, and I can't finish talking about them for a few days.

"The face of the princess' sister, I still have to give it to the next, I will give it a try, the writing is not good, and I ask you sisters and sisters not to make jokes."

"Young Master Ye is humble."

When everyone came to the desk, Ye Fan picked up the pen, thought about it, and searched for poems and songs that echoed this incident in his mind.

finally.

Ye Fan chose "Phoenix Seeking Phoenix" by Mr. Sima Xiangru of the Han Dynasty in Daxia. This qin song should be able to worship the lovesickness of the nineteenth prince the most.

then.

Ye Fan wrote:

"If you see a beauty, you will never forget it. If you don't see it for a day, you will think like a madman."

As soon as these first two sentences came out, the eyes of the Eighth Princess shone brightly, and they very much echoed the experience of the Nineteenth Prince.

Immediately after—

"Feng Fei soars, and seeks the Phoenix from all over the world. Helpless beauty, not on the east wall."

"Substitute the qin for the language, and talk about the heart. When will you see Xu Xi, comfort me."

"I wish that my words are worthy of virtue, and I will join hands with each other. Don't fly, let me perish."

After writing a song, Ye Fan put down his pen.

However.

The beauties seem to be immersed in that lovesickness, because this song brings them the ultimate sense of picture.

"Is this a piano song?"

Princess Yunxi was the first to regain her senses and asked.

Ye Fan nodded: "It is indeed a qin song, I thought to myself, it would be dry if I just gave a poem; it would be better for you to accompany a song, princess. Combining the two will definitely be able to make the nineteen prince's lovesickness come true. Love expresses its value, I believe that the lady of the big family will be tempted."

The Eighth Queen said, "Okay, Yunxi, I'll see you next."

"This is a test for me, and I have to brew for a while."

"no problem."

After a moment, Princess Yunxi began to play.

The Eighth Princess used a glass ball to sit and record.

Princess Yunxi sang "Feng Qiu Huang" while playing and singing. The combination of poems and songs, as Ye Fan said, expresses the love of love most vividly.

Some of the beauties present were very moved, and some even had tears in their eyes.

song,

The people were still unable to return to God for a long time.

"Clap clap clap."

Suddenly, a county lord bulged.

Immediately afterwards, the applause was extremely warm.

I admire Princess Yunxi's tunes, and I also admire Ye Fan's words.

On the other hand, Ye Fan blushed a little, he didn't write this, he borrowed it.

They don't know anyway.

Ancient sages, I didn't expect to be able to help me.

Ye Fan was very grateful.

Suddenly, a heroic county lord stood up and said, "Young Master Ye, can you write a song for me?"

"Ah..."

Ye Fan had a headache.

But it's not easy to refuse.

"The county lord joins the army?"

"Yes, I am now a general, commanding 800,000 lions."

"Female general, good!"

Ye Fan understood and continued to search in his mind. There were really too many poems and songs about battlefield generals.

So it's easy for Ye Fan to pick a good song.

The female general was overjoyed.

"Young Master Ye, I want to..."

"Young Master Ye and me..."

How is this not over yet.

Ye Fan was really speechless.

But anyway, it's not your own brain, how much you want.

What Ye Fan didn't know was that his "talent" surprised all the beauties present.

What a perfect man!

What a perfect genius!

Other geniuses can only fight, however, Young Master Ye is not only superior in strength, handsome and handsome, but even his talents are admired.

Many beauties are heartbroken.

But they just thought about it in their hearts. After all, they all knew that Princess Yunxi was interested in Ye Fan, otherwise they would not invite Ye Fan to Feixianlou.

Time flies by like a horse.

Ye Fan stayed with a group of beauties, but he let go of it, chanting poems against each other, so happy.

and.

In the beginning, there were only a few dozen beauties, but gradually, there were hundreds of them.

Each of them has a good identity and is so beautiful, and they all come to toast Ye Fan.

The princess, the princess, the daughter of the minister and other beauties kept entering the Feixian Tower, which made public opinion even more explosive.

"Good guy, after so long, Young Master Ye is still in Feixianlou, and more and more beauties and nobles have gone to Feixianlou."

"Grass, people are more popular than dead people, I really envy me, there are so many beauties, really happy in the beauty pile."

"You said that there are so many beauties, will Young Master Ye do something, win a few, or win a group..."

"To shut up!"

"I'm dying of jealousy!"

This incident is getting hotter and hotter, even if Princess Yunxi ordered someone to be arrested, there are too many people talking about it.

Night falls, and the moon is in the sky.

In a certain mansion, an explosion sounded, and the young master of the Great Wilderness turned ashen.

I thought it was only a period of time to be a guest, but now it's dark, so many beauties are inside...

damn it!

Not being jealous is fake.

"Young Master, calm down."

The strong man who sits in the mansion is an elder of the ancient religion of the Great Wilderness. He said: "Tomorrow is a martial arts competition, but Princess Yunxi has gathered a group of beauties and nobles to have a private meeting with men. This is immoral and indecent. It is also disrespect to Tianjiao who participated in the competition to recruit relatives, and it is also disrespectful to all forces."

"I have already joined forces with the elders of Wanjian Villa, Heavenly Fire Holy Land, and Demon Slayer to jointly invite the Qingtian Ancient Emperor. Immediately, the Qingtian Ancient Emperor will handle it, and the Feixianlou gathering will end immediately."

"So the young master calm down."

The young master of the Great Wilderness twitched and calmed down his anger, which extinguished the anger in his heart.

at the same time.

Above the capital, the city in the sky.

A hall in the palace.

Qingtian Ancient Emperor got a joint letter of advice, and he had a headache, with black lines all over his face: "This girl, what a nonsense!"

"Come on!"

"His Majesty..."

"Get out of here, girl."

Qingtian Ancient Emperor waved his hand.

The male subordinate immediately retreated, followed by several female subordinates.

"Your Majesty, what are your orders?"

"That girl Yunxi actually invited a man to gather many nobles to gather in Feixianlou. Tomorrow will be a competition to recruit relatives. This makes those Tianjiao who participated in the competition think like a gentleman!"

"What does your majesty mean?"

"Go to Feixianlou immediately, let them all disperse, and let Yunxi return to the palace."

"As ordered."

Several female envoys left the palace and rushed to the Feixian Tower.

On the rooftop, hundreds of beauties were changing cups, and the most striking one was a silver-haired man.

In the center of the rooftop, there is a wine glass in one hand and a long sword in the other.

Is dancing the sword.

"Looking at the sword while drunk, dreaming of blowing the corner of the company!"

Ye Fan sang while dancing the sword.

"... Autumn soldiers on the battlefield!"

"Nice poem!"

The female general applauded.

The beauties applaud.

Ye Fan was in high spirits, but at this moment, the female envoy said: "Princesses, princesses, nobles, please stop, your majesty is angry."

Everyone was silent.

Princess Yunxi was slightly drunk, got up, and said dissatisfiedly: "What is the anger of the father!"

"Little princess, tomorrow will be a martial arts contest. You and the men will meet in Feixianlou. Let those who are participating in the competition think. There is a lot of discussion outside, please influence the princess's ideas; please also take care of your reputations, beauties."

"What nonsense!"

Princess Yunxi waved her hand and hummed: "Let's oppose Young Master Ye by reciting poetry. The literati are elegant, but not elegant. The people below have dirty thoughts and shame."

"But..."

"Nothing but!"

Princess Yunxi interrupted the female envoy and said, "You also stay here and witness Ye Gongzi's peerless talent."

"Come here."

A group of beauties pulled the envoy and sat down.

The female envoy didn't know what to do, these beauties were all very noble, and they didn't dare to hurt a single hair.

Only by them.

Princess Yunxi raised her head slightly and looked at the sky, where the bright full moon hung high in the air.

It looks like a big jade plate.

Suddenly, Princess Yunxi rose up and asked, "Young Master Ye, the moonlight is so beautiful tonight, can you recite a poem about the moon?"

Ye Fan swayed.

It's been a long time since he was so relaxed, and he was also drunk.

Of course, as a cultivator, it is actually very easy to force the alcohol out of the body without pouring a thousand cups.

But Ye Fan didn't.

For so many years, he has come all the way, fighting and killing, tonight Quan should be a dashing one.

Ye Fan squinted his eyes and looked at the full moon in the sky. Suddenly, the eldest sister Meng Qingyi and the second sister Su Muyu came to mind...

The appearance of the sisters.

Yes!

It's not too long to come to Xianshan World.

There has definitely been a big change on the outside.

How are the sisters?

Ye Fan's eyes were like water, and it seemed that in the full moon, there lived sisters.

What's that look like?

Princess Yunxi lost her mind; all the beauties lost their minds and looked at Ye Fan in a daze, as if they could feel Ye Fan's thoughts.

miss?

Who is he missing?

Princess Yunxi was inexplicably a little lost.

At this moment, Ye Fan staggered to the edge of the rooftop, looked up at the night sky, held up the quilt, and chanted: "When will the bright moon be there, Baijiu asks the sky! I don't know what year it is in the palace tower in the sky!"

boom!

In the opening few sentences, there is a vision of silver hair, and the talent soaring to the sky reflects the night sky.

The whole country was shocked.

In a magnificent mansion in the capital, the Prime Minister of the Qingtian Dynasty who was dealing with government affairs trembled, disappeared into the study, came to a high altitude, and looked in the direction of Feixianlou.

"So talented, who is he!"

The Prime Minister's face changed.

Three thousand avenues, all-inclusive.

He practiced Wen Dao, but his talent was not so amazing.

"Father."

A middle-aged man appeared, the son of the prime minister. He was also shocked: "What a strong talent, father, haven't you always wanted to train a student, and now is the opportunity."

"No hurry, no hurry."

The prime minister landed down, stroked his beard, and said, "That's the direction of Feixianlou, and we can't go in. Wait, we'll see tomorrow, and you can ask Princess Yunxi."

The prime minister's son said, "I'll just ask Ah Cai directly. She also went to Feixianlou."

"Really, let her immediately inform me about what happened in Feixianlou, as soon as possible."

"okay!"

The prime minister's son, Li Chunfeng, immediately sent a message to his daughter, Li Meicai.

Not long after, everything that happened in Feixianlou was passed on.

Li Chunfeng quickly sent the message to Prime Minister Li Qingfeng...

Chapter 1295: snake head

Ye Fan didn't know that he was just hiding Su Shi's "Song of Water", which would cause such a big disturbance.

"I want to ride the wind back home, but I'm afraid that Qionglou Yuning will be too cold at the heights..."

"People have joys and sorrows, and the moon is cloudy and sunny, and this matter is difficult to complete."

"Nung, moon and new moon!"

After singing, I saw that talent turned into a divine pillar, towering into the clouds, and it did not disperse for a long time.

In the palace, the Qingtian Ancient Emperor walked out of the palace.

"His Majesty!"

Chief Ouchi rushed over.

"To disturb Your Majesty, it is the movement from Feixianlou. I have arranged for the commander of the Imperial Guard to investigate. Please calm down Your Majesty."

"It's okay."

Qingtian Ancient Emperor looked at Feixianlou.

With such an existence, he has realized a glimpse of the opportunity to transform into a god, and is one of the top powerhouses in the Xianshan world.

In the entire country, no one can hide what he wants to know.

"Ask the palace in the sky, what year is it today!"

"It's so cold at the heights!"

"People have joys and sorrows, and the moon is cloudy and sunny!"

"Nung, moon and new moon!"

Qingtian Ancient Emperor kept talking, his eyes became brighter and brighter, and he finally praised: "A poem, all of which can be recited through the ages, good good, this kid's talent is indeed worthy of these 80,000 fights. !"

The chief of the inner circle was shocked and said: "Your Majesty, you said that the towering pillar of the sky is... talent?"

"if not?"

The Qingtian Ancient Emperor stood with his hands behind his back, looked at the beam of talent, and said with a smile: "Writing is very strange. If you don't understand this avenue, you can't understand and sense talent."

"Of course you can't see it."

"But this emperor has a little dabbling in Wen Dao, although it is not as hard as the Prime Minister's painstaking research, but the ability to sense is still very simple."

"That kid in Feixianlou is so talented, 80,000 fights, really terrifying."

The sea of blue sky and ancient emperor's heart also surged.

Although the head of Ouchi couldn't understand the so-called talent, the terrifying figure of 80,000 fights could explain everything.

"Your Majesty, Prime Minister Li has always wanted to train a student, but he has not been satisfied for many years. Now that he has 80,000 talents, Prime Minister Li is afraid that he is going crazy. Will he directly break into Feixianlou and take his kid away?"

"The prime minister won't be so reckless. I'll talk about it tomorrow. Tonight, let's ferment first."

The ancient emperor Qingtian returned to his bedroom.

The palace is quiet.

But the Prime Minister's Mansion, in the study, showed a crazy scene.

"Good poetry!"

"Wenquxing reincarnated!"

"The old man is too late!"

Prime Minister Li Qingfeng burst into tears of excitement after reading the message from his granddaughter Li Meicai.

He practiced Wen Dao and was the most thorough literati.

Ye Fan's poems and songs are so exquisite that Li Qingfeng thought he couldn't write them.

He burst into tears.

On the one hand, I am excited and happy to see such exquisite poems and songs in my lifetime.

On the one hand, I am excited to meet such a literati in my lifetime.

It seemed like a gift from God.

Li Chunfeng on the side was also shocked. He couldn't imagine how a young man could write such amazing poems and songs.

Especially the last line:

The heights are so cold!

Thousands of miles together Chanjuan...

These good sentences are enough to be passed down through the ages.

Have to admire.

Li Chunfeng was convinced, he asked, "Father, why don't I ask Cai'er to invite Ye Fan to the Prime Minister's Mansion, what do you think?"

"No, no, such an amazing and brilliant kid must be extremely proud in his heart, although he dares to face the Demon Wolf without fear. Let it be natural, pay close attention to it for the time being, and don't force it. When the time is right, I will personally come forward and invite you. "

Li Chunfeng was surprised.

His father was at the peak of the void, and he was also the prime minister of the Qingtian Dynasty, one person was below ten thousand people.

Even the main views of other major forces are not necessarily willing.

At this moment, he actually said to invite Ye Fan in person?

To invite a junior?

Li Chunfeng knew that his father was obsessed and liked Ye Fan very much.

"It seems that I have to take good care of Ye Fan, and I can't let Ye Fan make any mistakes. Demon wolf clan, hum, if it is a teacher, that's all. If you want to deal with Ye Fan secretly, you can only let them stay in the capital forever!"

Li Chunfeng thought secretly in his heart.

Feixianlou, on the rooftop, was silent.

Everyone was immersed in the words of Ye Fan, and Ye Fan also stood with his hands behind his back, squinting slightly, looking at the bright full moon in the sky.

As everyone knows, one of his words has brought him a huge backer.

a long time.

The crowd gradually recovered.

Eyes full of horror.

The genius of the sky also disappeared.

As Qingtian Ancient Emperor said, without cultivating Wendaoyou, one cannot sense talent.

therefore.

Except for Princess Yunxi, including Ye Fan himself, none of them knew that the beam of light that rushed to the sky just now was a talent.

"Eighty thousand fights!"

Princess Yunxi is unbelievable.

"What 80,000 fights?" Ye Fan turned around and asked.

"You don't know?" Princess Yunxi was even more surprised. Ye Fan's talent was 80,000, and he was obviously literate. How could he feel that he didn't understand anything.

Ye Fan was confused.

Princess Yunxi found that Ye Fan's eyes were sincere, not pretending to be pretentious, which made Princess Yunxi directly messy.

Oh my God.

Ye Fan didn't practice Wen Dao, right?

How can you have such a high talent?

If you don't practice writing and Taoism, even if you write amazing poems, songs or articles, you shouldn't be talented?

what happened!

Princess Yunxi thought things were weird, she turned around and said, "Eighth sister, it's getting late, you can take your sister and sister to evacuate."

The eighth princess looked strange.

But Princess Yunxi's eyes are firm and anxious. Yes, the Eighth Princess has no ink marks.

"Sisters, it's almost time to play, let's all go back."

The Eighth Empress shouted.

The beauties all got up and left. At this moment, a charming lady came and handed a message jade pendant to Ye Fan.

"Young Master Ye, my name is Li Meicai. Make a friend. If you have time, you can come to my house."

"Uh, good."

Evan nodded.

After all the beauties left, only Princess Yunxi and Ye Fan were left on the rooftop.

"Do you know what Li Meicai's identity is?"

"How would I know."

"you do not know?"

"Why do I know?" Ye Fan rolled his eyes.

Princess Yunxi asked, "Why do you feel like a fool? You are not cultivating in the old forest in the deep mountains, are you just born?"

"How did you know?"

Princess Yunxi, Wu Yun, was actually hit by him.

Really an asshole.

However, because of this, Princess Yunxi's affection for Ye Fan greatly increased.

Such a man is the purest.

No intrigue.

How did Princess Yunxi know that the man in front of her was the best at calculating.

I don't know how many people were planted in his hands.

"Li Meicai is the daughter of my court prime minister."

"Hey, it's so awesome, what a great background." Ye Fan was surprised, and quickly put away the communication jade pendant.

The daughter of the prime minister, you can make friends.

It's people.

Princess Yunxi motioned for Ye Fan to sit down and asked, "Do you know what the sky-high beam of light was just now?"

Ye Fan shook his head: "I don't know, I also feel quite puzzled, how did the beam of light burst out from the top of my head."

"That's genius!"

"Talent?"

"Let me tell you from the beginning, the three thousand avenues are all-encompassing, and there are texts among them..."

Princess Yunxi and Ye Fan had a long talk.

The night is like running water.

The capital of the country is not peaceful, especially near Feixianlou, there are a lot of lively creatures gathered.

"Look, the beauties are all out."

"The party is over."

"Why didn't I see Young Master Ye? Could it be possible... Could it be that Young Master Ye was spending the night in Feixianlou?"

"Damn it, Princess Yunxi will compete to recruit relatives tomorrow, and I will stay with Ye Shao for the night tonight. What's wrong with me... Do you feel like your head is green when participating in Tianjiao?"

"Keep your voice down, don't sully the princess' reputation, court death!"

"..."

In the sky, a figure is hidden, this person is the young master of the Great Wilderness.

His face twitched at the moment.

A vision appeared in Feixianlou, and the young master of the Great Wilderness rushed over to see what happened.

it's good now.

The beauties all left, and Princess Yunxi and Ye Yinmao were alone in Feixianlou.

what is this!

"Damn."

The young master of the Great Wilderness was burning with anger.

Pissed off blood.

At this time.

The voice of the creatures below has a new point of view.

"Cuckolding should be the young master of the Great Wilderness."

"How to say?"

"The young master of the Great Wilderness has a 70-80% chance of becoming the concubine. Tonight, Princess Yunxi and Young Master Ye are spending the night, isn't it just to give the young master of the Great Wilder a green hat."

"Young Master Dahuang doesn't know how he will feel!"

"..."

In the sky, Young Master Dahuang almost fell, his throat was sweet, and he almost spurted blood.

bastard!

these guys!

In the end, Young Master Dahuang threw all his anger on Ye Fan.

The guy who appeared out of nowhere made him suffer such a big humiliation.

Damn it!

The Great Wilderness Young Master disappeared.

He came to the outskirts and stood on the top of a big mountain. After waiting for an hour, a dark shadow appeared.

Spooky.

quietly.

"You came."

"As expected of the young master of the Great Wilderness, the sense is so keen."

A cold laughter sounded, and then the black smoke turned into a man in black robes, and the voice was a young man.

The black-robed youth said, "Young Master Dahuang, what's the matter with you looking for me in such a hurry?"

The young master of the Great Wilderness said: "I want you to assassinate someone!"

"Is that the silver-haired genius?"

"you know?"

"Haha, no one knows about the capital now. That Yinmao Tianjiao and Princess Yunxi spent the night in Feixianlou."

The Great Wilderness Young Master's face sank.

The black-robed youth said: "I'm sorry, I'm outspoken, young master, please don't mind."

"Can you take it?"

"Take it, why not pick it up, we Snake Head don't have a list that we won't pick up, as long as we pay enough."

Snake head, not alone.

is an organization.

This is an assassination organization active in the hinterland of Xianshan.

It is rumored that the founder of this organization is a large snake demon, so the name of the organization is determined to be: Snake Head.

The snake head is mysterious and unpredictable, and no one knows where the old nest is.

The creatures who have seen the snake head's lair are all dead.

The snake head is very powerful.

The snake emperor, the controller of the snake head organization, is one of the top powerhouses.

This black-robed youth is a genius in the Snake Head Organization.

"How about 10 million mid-grade spirit stones?"

"To send the beggars."

The black-robed youth snorted coldly, "The silver-haired Tianjiao can suppress the young master Langya, and his combat power is almost in the middle stage of breaking the void, and he must have a big background. Such a big Tianjiao has more than 10 million mid-grade spirit stones, unless, Ten million top-grade spirit stones."

"Ten million high-grade spirit stones, huh, you really dare to speak."

"The eight million?"

"Five million, no more, don't take it, I'll find someone else."

"Five million is five million."

The black-robed youth agreed.

The young master of the Great Wilderness said: "In three days, I want to see his head, is there any problem?"

The black-robed youth said: "The time is a little short, I have to find a helper, and I have to increase the price?"

The young master of the Great Wilderness said: "Six million high-grade spirit stones, no more points will be given. Within three days, I want to see his head, you just need to answer me if it is possible."

"no problem."

The black-robed youth disappeared.

The young master of the Great Wilderness showed a cold light, gritted his teeth and said: "The surnamed Ye, don't blame the young master, it is you who killed yourself!"

The snake's head goes out into the horse, and it will surely be caught.

There will be no mistake.

He is sure to die! !

Chapter 1296: Fairy

The next day, early in the morning.

In the central square of the capital, that is, directly below the palace, it has been arranged.

This is the location of the contest.

More and more onlookers gathered and waited quietly. However, they were still discussing cautiously in the dark.

"According to the news from Feixianlou, Princess Yunxi really spent the night with Ye Shao yesterday."

"Yeah, I didn't see Young Master Ye come out."

"Tsk tsk, Princess Yunxi really doesn't care about reputation at all."

"I don't know how the Great Wilderness Young Master and other Tianjiao will feel."

"Anyway, Young Master Ye is in trouble!"

"..."

There are more and more good plays.

In Feixianlou, Ye Fan opened his eyes and exited from meditation.

last night.

He and Princess Yunxi had a long talk late at night and learned a lot. The key is Wen Dao.

Ye Fan was shocked.

The world is so big, there are no wonders.

Reading can become enlightened.

Wen Dao is a very terrifying and powerful Dao.

Ye Fan was also very interested.

Princess Yunxi told him that last night his talent was 80,000, which was shocking to the world.

Cultivation of Wen Dao will definitely be able to achieve twice the result with half the effort.

"Wen Dao!"

Ye Fan muttered to himself.

He thought about it a lot, and the reason why his talent reached 80,000 is because of the poetry and songs in ancient times.

Does this mean that in the ancient times of Daxia, those literati and poets were cultivators.

Will the titles of Shixian and Shisheng be true?

Ye Fan felt that he had discovered a big secret.

But it doesn't fit.

According to the current exploration, the pre-Qin period was indeed the world of cultivation, but after the unification of the Corpse Emperor, cultivation was cut off, resulting in the gradual decline of cultivation in future generations.

By the Tang and Song Dynasties, it should have almost disappeared.

"No matter what, I got a big deal. The ancient sages really helped me a lot."

"Wen Dao, you have to practice."

"However, although I am talented with poetry and songs, it is not so easy to comprehend Wen Dao. I need to find a guide. Prime Minister Li?"

Last night, Princess Yunxi told him.

In the Qingtian Dynasty, or in the hinterland of this immortal mountain, the best person in the cultivation of Wen Dao is the Prime Minister Li Qingfeng.

Prime Minister Li, that was really a slap in the face.

Words are like swords.

Kill the evil spirits.

"According to what Princess Yunxi said, Prime Minister Li must have paid attention to me, otherwise Li Meicai would not be on good terms with me."

"Very good, it was a little troublesome to face the Demon Wolf Clan, but now that Li Chengxiang is concerned, it will be easier to handle."

"At least my life is not in danger."

Ye Fan breathed a sigh of relief, otherwise, he would be really worried when he left Feixianlou.

Harsh words are harsh words.

He can't deal with the Demon Wolf Clan.

Encountering the old monster in the late stage of breaking the virtual, he also fled after that, retreating.

"I must enter Wendao as soon as possible, so that my poems and songs can be lethal and become another trump card for me!"

Ye Fan thought to himself.

At this time, Princess Yunxi came over and said with a smile, "Ye Fan, we have to leave Feixianlou."

Ye Fan said: "Spent the night in Feixianlou, presumably, there has been a lot of rumors outside, causing trouble for the princess."

"I don't care about that. In fact, I'm not interested in today's martial arts competition."

Princess Yunxi shook her head.

Originally, recruiting relatives by martial arts was the meaning of Qingtian Ancient Emperor, and the purpose was to marry.

Choose a concubine for her.

At first, Princess Yunxi thought that it would be good to find a partner, but now she meets Ye Fan.

Princess Yunxi's mind has quietly changed.

It would be great if Ye Fan participated in the competition to recruit relatives, and he would overwhelm the crowd and become my concubine!

However, no.

Last night's "Water Melody Song Head" was enough to express Ye Fan's thoughts.

Nung, moon and new moon.

What this expresses is self-evident.

Ye Fan, he has a sweetheart.

Princess Yunxi was a little lost.

Ye Fan said: "Princess, then I will withdraw first, or don't be together, so as not to be misunderstood."

"All right."

Princess Yunxi nodded.

Ye Fan performed a great invisibility technique and disappeared.

Leaving the Feixian Building, Ye Fan and Han Yan joined together, and everyone's faces were very strange.

Yue Linglong hummed, "I should have been very happy yesterday."

"Forehead!"

Ye Fan was very embarrassed and smiled: "Don't think too much, I'm not that kind of person, I had a big harvest yesterday."

"what?"

"The first is to get a third-level VIP card and a pair of peerless treasure armor in Wanbaozhai. Look."

The Emperor's Armor emerges.

The halo of that breath made Feng Yuanhua and the others very envious.

Immediately afterwards, Ye Fan talked about what happened in the Feixian Building, and everyone was stunned.

"Wen Dao!"

"80,000 fights of talent!"

"Oh my God!"

Feng Yuanhua and the others were stunned.

Hanyu and Yue Linglong are better, because they are from the outside world, and they know the history of Daxia relatively well, and know that Ye Fan is stealing the poems and songs of ancient sages.

Unexpectedly, this steal has become a genius of Wen Dao.

"So, now we have Prime Minister Li's protection behind us?"

"Having said that, you can't expect too much from others. At most, it's an invisible guarantee. I have a chance. I want to contact Prime Minister Li and learn about Wen Dao, which will be of great help to me."

Han Yu said: "In the ancient times, in the heavenly court, many of those ministers also practiced the Way of Literature.

"Since you have this opportunity and opportunity, you must master it. The fastest time to get started, and mastering the attack methods of Wen Dao will be of great help to you."

"Let's go, today is a contest to recruit relatives, let's go and see."

"Be careful, Young Master Dahuang and other Tianjiao must be very dissatisfied with you, maybe they will deal with you."

"I know it in my heart. You can protect yourselves. It's better that we separate, and the province will be affected."

"Great Transformation Technique!"

Ye Fan used his magical powers and changed his appearance, not only himself, but also Yue Linglong and the other six.

Feng Yuanhua, Fairy Yaoguang and Du Jun were surprised.

"Now you can go with confidence and boldness."

The group of seven came to the central square.

took a good seat.

As time passed, some contestants showed up, but they were all mundane, and these were destined to be just a cutscene.

"coming!"

At one point, someone shouted.

In the sky, a splendid chariot came galloping, leaving a long chain on the sky.

Swish!

The young master of the Great Wilderness came, standing with his hands behind his back, his face arrogant, he was indeed very handsome and had countless fans.

"Little Lord!"

"Little Lord!"

Fans shouted.

Immediately afterwards, Zhuang Yu of Wanjian Villa, Duan Shisan of Demon Demon Sect, and the Cold War in the Holy Land of Heavenly Fire were also generals.

These are the four popular arrogances.

In addition, there are some not-so-good forces Tianjiao appearing. They are not contestants, but watch the show.

"Four green hat kings."

Suddenly, a playful sneer sounded, making the audience quiet.

I rely on!

Who is so bold.

How dare you say such a thing!

Isn't this humiliating the Four Great Talents, and even blaspheming Princess Yunxi!

as expected.

The faces of the four great arrogances suddenly became cold, and their eyes almost burst into flames, with murderous aura.

The official of the Qingtian Dynasty also looked ugly.

Looking at the sound, it was a handsome man, with a faint aura, and he seemed to be a master. He didn't seem to be afraid of anything, and he didn't shy away from showing sarcasm.

The man said in white clothes with three plum blossoms printed on it.

This dress...

All creatures were shocked.

"Immortal Cave!"

someone exclaimed.

"The fairy of the fairy cave!"

Ye Fan was surprised.

Xianmodong, isn't this what the Big Dipper Cult Master said, he used to have a good relationship with the Big Dipper Cult.

He also said that in the event of a disaster, he could go to the Immortal Devil Cave.

However, Ye Fan came to the Qingtian Dynasty to understand the basic situation of the hinterland of Xianshan, and there was no Xianmo Cave among the ten major forces.

He also thought that the Immortal Demon Cave had fallen.

But now.

The fairy in this Immortal Devil Cave is very strong, and it seems that she does not give face to the four major forces and the Qingtian Dynasty.

What does this mean?

enough confidence.

"It seems that Xianmodong is still very powerful, but it may not be popular, so it is not included in the top ten forces."

"Fairy?"

Ye Fan is a little weird.

The body of a dignified man is actually called a fairy.

Of course.

There's nothing wrong with that either.

Zi, can represent male, fairy can refer to male; fairy, refers to female.

Discovering that it was the fairy of the Immortal Devil Cave, the Four Great Heaven's Chosen's faces were grim, and their anger disappeared.

Ye Fan smacked his tongue: "This fairy is so powerful, the four great arrogances are all shriveled."

All the creatures were talking.

"Xianmodong hasn't been born for a long time. It's very low-key and secret. I didn't expect their fairy to appear here."

"The younger generation of Xianmo Cave will elect a fairy and a witch. If the fairy appears, is the witch also here?"

Ye Fan suddenly realized.

Fairies, witches, one man and one woman, interesting.

"I don't know what this fairy is called, and where is the witch. According to rumors, every generation of witches in Xianmo Cave is an amazing generation. Since the past dynasties, most witches have become cave owners."

"Yeah, I want to see the witch."

In mid-air, Fairy glanced at the Four Great Talents lightly and said, "You guys are really worthless. If it were me, I would definitely not participate in this competition."

"You are..."

"Lick the dog!"

Boom—suddenly, the atmosphere exploded.

Lick the dog?

Calling the Four Great Talents a licking dog? !

Too cruel!

As expected of the fairy in the fairy cave, her behavior is very in line with the fairy cave, unscrupulous, and don't care about everything.

"Do you want to die!"

The young master of the Great Wilderness stepped out in one step, his breath soared into the sky, and his eyes burst into divine light.

There is a faint vision behind it.

Fairy sneered: "Just you, it's not enough, the four of you go together, maybe you can play with me for a while."

"Insanity!"

The Great Wilderness Young Master was furious.

It has already been humiliated to this level, if you still swallow your anger, it is not your own shame, and the ancient religion of the Great Wilderness will lose face.

"I'd like to see how the old monster in the fairy cave taught you, you have some strength!"

The Great Wilderness Young Master Huang Wutian shot.

One punch.

Crashed.

The sky has left.

A torn, domineering punch filled with the breath of ancient vicissitudes blasted out.

"The Great Wilderness Fist!"

"This is one of the unique skills of the Great Wilderness Ancient Sect, a very terrifying ancient boxing technique."

"So strong!"

"Young Master Dahuang is worthy of being the arrogance of the head, this punch has already shown the combat power of the middle stage of breaking the void!"

This punch is really amazing.

Ye Fan was full of praise.

Dahuangquan is really a good boxing technique.

However, in the face of this punch, Fairy was very calm, he slowly raised his hand and pointed.

Fingers and fists collide.

In an instant, the fist light collapsed, and there was no shocking explosion as expected.

It just collapsed.

"what!"

The audience was shocked.

Although the young master of the Great Wilderness did not use his full strength, he was also a master of the art. He was so easily cracked by the fairy.

It's incredible.

Chapter 1297: trouble is coming

The fairy's hand really shocked everyone present.

The young master of the Great Wilderness also turned dark and solemn, and the people who came out of the Immortal Devil Cave were not simple people, they were all ruthless characters.

"Come again!"

However, the young master of the Great Wilderness did not give up.

In the palace, Princess Yunxi found that there was a contradiction below, and was very happy.

"Let's fight, it's better to destroy the competition, hee hee hee."

Princess Yunxi is looking forward to it.

However.

Just when the young master of the Great Wilderness was about to make a move with all his strength, the commander of the Guards who maintained the continuity appeared.

This is a Void Breaking Peak powerhouse.

Once out.

The breath of the Great Wilderness Young Master was suppressed, and the fairy fell to the ground.

The commander of the Guards said coldly: "What are you doing, you guys, are you looking for a raffle!"

Fairy smiled and said: "Senior, he took the shot first, and it has nothing to do with me."

The commander hummed: "You think I don't know, you are provocative, but, seeing that you are a fairy from the fairy cave, don't care. Then stop, otherwise, I will educate you."

Fairy shrugged and didn't seem to care.

At this time, the young master of the Great Wilderness can only be calm, but his face is hot.

Do you want to continue to participate in the competition to recruit relatives?

If you continue to participate, then you will really become a licking dog and will be ridiculed by others.

The ancient religion of the Great Wilderness has lost face.

hateful!

This bastard.

Young Master Dahuang was so angry that he was in a dilemma; Zhuang Yu, Duan Shisan and Leng Zhan also looked ugly.

The commander of the Guards also saw that it was strange, and immediately returned to the palace, preparing to report it to the ancient emperor of Qingtian, and asked the ancient emperor to decide.

However, she was stopped halfway by Princess Yunxi.

"See Princess."

"What are you going to do?"

"There is a conflict between the fairy of Xianmodong and the young master of the Great Wilderness. In addition, Tianjiao, who was going to participate in the competition to recruit relatives, seems to have some ideas. I need to report it to your majesty, and ask your majesty to decide."

"No need, I'll handle it."

"this..."

"Why, I can't handle my own martial arts competition?"

Princess Yunxi stared with big eyes.

The commander of the Guards said: "Well, I hope the princess will solve it."

After the commander left, the bodyguard asked, "Princess, what are you going to do?"

"Go down and announce that, in view of the special circumstances, the competition will be cancelled and postponed indefinitely."

"what?"

"Ah what, do as I say." Princess Yunxi urged.

Originally, she didn't want to compete in martial arts, but now she just had an excuse.

The personal guard came to the central square, and the atmosphere was still a bit weird at this time.

Although the fairy did not continue to mock, but the young master of the Great Wilderness and other Tianjiao felt that they had become a joke.

I already don't want to participate in the competition to recruit relatives, but I have already signed up before, with great fanfare, and this sudden withdrawal is also a slap in the face of the Qingtian Dynasty, and it is not a good thing to have a holiday with the Qingtian Dynasty.

then.

They are all confused.

At this moment, the guard said: "You Tianjiao, in view of the special situation, disturbing the competition and recruiting relatives and destroying the interest, the princess decided to cancel today's competition and postpone it indefinitely, which will cause you all inconvenience, please forgive me. ."

Cancel the competition to recruit relatives?

This decision surprised the audience.

However, the young master of the Great Wilderness and the others were indeed relieved. It would be better if they canceled, at least they would not make a fool of themselves.

"It's all gone."

The guards are back to life.

The onlookers gradually dispersed, but they were still talking about it.

Ye Fan's attention fell on Fairy, would you like to get acquainted with it now?

Suddenly.

The fairy looked over.

Ye Fan's heart skipped a beat, he secretly said that he has a keen insight, this fairy is amazing!

A hint of surprise flashed in the fairy's eyes.

At this moment, Ye Fan's expression changed, and he immediately left the central square.

"Interesting." Fairy looked in the direction Ye Fan left, thoughtfully.

the other side.

Yue Linglong said, "Brother Fan left on his own and didn't say anything, so he won't have a private meeting with Princess Yunxi again."

Han Yan said: "No, there should be trouble."

"Then we can't ignore..."

"No need, our strength is not enough, but it was a burden in the past. We went to the vicinity of the Prime Minister's Mansion. If there is an uncontrollable situation, we will ask the Prime Minister to see the Prime Minister and let Prime Minister Li come forward."

They went to the Prime Minister's Mansion.

Ye Fan was heading towards the suburbs. He originally wanted to say hello to the fairy, but he sensed a few lingering murderous intentions and knew that trouble was coming.

So leave immediately.

In fact, Ye Fan was going to the Feixian Building or the Prime Minister's Mansion for the first time, because he guessed that the elders of the Demon Wolf clan wanted to deal with him.

However.

Leaving the central square, the murderous aura became more and more sharp and clear. Ye Fan sensed that it was not the aura of the elders of the Demon Wolf clan. Using the big deduction technique to calculate, he vaguely knew that he was a character in the early or middle stage of Shattering the Void.

Ye Fan is not afraid of this realm.

So he changed his strategy, went to the suburbs, let his opponents show up, and killed them at the same time, so as to avoid future troubles.

half an hour.

Ye Fan landed in a valley, and then performed a great invisibility technique, disappearing into nothingness.

shhhhhh...

After a while, three figures descended, three men in black robes, murderous.

He is a member of the Snakehead Organization.

"What about people?"

The three killers were puzzled.

How did it disappear out of thin air, the breath shows that the target is here.

"Who are the three?"

Suddenly, a figure came from behind.

The three men in black robes were startled, and they quickly entered a state of battle, pulled away, turned around, and saw Ye Fan.

At this moment, Ye Fan returned to his original appearance.

"I don't seem to know the three of them. Why do you show strong murderous intentions in dealing with them? Who arranged for you to deal with me? Demon wolf clan?"

"We underestimated you."

The black-robed man's voice was deep.

Ye Fan smiled and said, "You haven't answered my question yet."

Heipao said: "Sorry, the employer's information cannot be disclosed, this is the rule of our line."

"Yes?"

"If it costs your life, I wonder if you can reveal it?"

The eyes of the three men in black robes suddenly froze.

"Insanity!"

"You think you can deal with the three of us!"

"You are indeed powerful and can suppress Young Master Wolf Fang. However, we are not the waste of Young Master Wolf Fang. We are from the Snake Head Organization!"

Ye Fan was shocked.

He knows the basic situation in the hinterland of Xianshan. Snakehead is a killer organization, mysterious and powerful.

Unexpectedly, he was targeted by the snake head organization.

Since it is a killer organization, there is nothing to say, Ye Fan shot directly.

Just now, he had planted a sealing method in the valley, and the entire valley was sealed.

The core of the pharaoh's conferring **** platform.

Therefore, there is no difference at all outside the movement here.

You can start at will.

"boom!"

In an instant, the 69th-level Celestial Hegemony body recovered, and Ye Fan had a Qi Tian Stick in his hand.

Rumble.

The monstrous weather covered the sky with blood.

The pupils of the three men in black robes shrank and were extremely horrified. They did not expect the target to be so terrifying.

"Now tell who the employer is, and I can leave you all dead."

"presumptuous!"

"Hmph, if you don't grasp the chance, then go on your way, it's just ants."

Chapter 1298: Strong crushing, counter calculation!

Ye Fan is extremely confident.

Even if the three black-robed men were two in the early stage and one in the middle stage, he was not afraid at all.

"kill!"

The man in black robe is indeed a professional killer.

After a brief shock, he regained his composure, turned into black smoke, and his whereabouts were mysterious.

"Great Purification Technique!"

"Great Dispelling Technique!"

Ye Fan sneered, this kind of delusional method didn't work for him at all. Under the two great supernatural powers, the three black-robed men had nothing to hide.

"what!"

At this moment, the black-robed people finally panicked.

They used the snake head core concealment method, which was specially used for assassination, silently.

But it was broken.

This is the first time!

"Get down!"

The law of the law, the law follows the words.

Ye Fan wouldn't give them a chance to breathe, the Great Law Command was activated, and a mysterious power blessed them.

The black-robed man fell.

"Ghosts turn into bones!"

As soon as it hit the ground, a terrifying flame burst out from the ground, which was Ye Fan's strange fire.

Contaminated by strange fire, burning bones.

The black-robed man screamed.

"Life and death map!"

Ye Fan's methods emerge in an endless stream. When the black-robed man rose to the sky, the life and death picture appeared in the air.

Suppressed, with the power of annihilation.

"what!"

Drink it up.

The man in black robe was smashed and fell.

"Heart Killing Curse!"

A mental attack is coming.

At the same time, Ye Fan waved his fist.

"The Great Emperor Fighting Fist!"

"Elegy of the sunset, the abyss is boundless, the heavens return to the ruins!"

With three punches in a row, the three punched blood spurted wildly.

"Creation Fist!"

"Dao Fist!"

"Yin Yang Palm!"

Before the three could catch their breath, the lore came again.

The black-robed man was completely suppressed.

"hateful!"

"Invoke the Pharaohs!"

"God-killing cone!"

I only saw that the black-robed man in the middle stage of breaking the void took out the purple-red magic soldier.

True to its name, awl-shaped.

The three work together to recover.

"Secret technique, yin and yang lock!"

Suddenly.

A mysterious force came and fell on them, and they instantly felt that their abilities were locked.

"Bring it to you."

Ye Fan almost exploded their bodies with a stick, and the God-killing Awl also let go.

"Woooooo."

However, this magician is amazing.

Very ferocious.

"A mere soldier who dares to be arrogant, suppress me!"

Ye Fan used the Great Sealing Technique, and at the same time, he threw the Kunding of the Hundred Days, and received the God-killing Awl.

"Ahhh!"

At this moment, the three black-robed talents reacted.

They roared.

Eye canthus split.

God-killing cone, that is one of the most powerful magic weapons in the Snakehead Organization.

It was given to him by the Snake Emperor at the beginning.

Now, unexpectedly, was robbed!

"what!"

The black robe vomited blood.

"Open the sky."

At this moment, Ye Fan had put away the Heaven-equalling Stick and changed it to the Heaven-opening Axe.

An axe fell fiercely.

"Do not!"

The two black-robed men in the early stage of breaking the void roared in horror. They were also affected by the power of the yin and yang lock, their combat power was sharply reduced, and there was no escape.

"Liu Shenzi save me!"

"help me!"

The two men in black robes shouted.

However, Liu Shenzi couldn't take care of himself, how could he save them.

"puff!"

moment.

The two were split.

The body exploded, and Yuan Ying wanted to escape. However, when Ye Fan's Heart-killing Curse attacked, their spiritual consciousness immediately vanished into ashes.

"call."

Ye Fan received two Yuan Ying coins.

Then, he looked at the black-robed man in the middle of the void, and sneered: "Liu Shenzi, it seems that your status in the Snake Head Organization is not low."

"you you you you....."

At this moment, Liu Shenzi was so frightened that he lost his mind.

so horrible!

too strong!

It's simply a one-sided situation.

Who is this silver-haired man, what is his origin, his own strength is terrifying, and magic weapons and methods are also emerging one after another.

how so!

Liu Shenzi was shocked and angry, and he shouted: "If you offend my snake head, there will be no good end. Let me go immediately, and discuss it, otherwise..."

"okay!"

Ye Fan snorted coldly and said with a sneer, "You think I'm a fool, and letting you go is no doubt about letting tigers go back to the mountains and raising tigers."

"Today you must die."

"Well, if you say who your employer is, I can spare your life."

Liu Shenzi's expression changed.

Ye Fan said: "Are you weighing? Do you think you can escape? Do you know that this is not my full strength."

"what!"

Liu Shenzi's eyes are about to pop out.

This is not all strength, this guy has hidden, my God!

Ye Fan is not bragging.

This is indeed not all strength, such as the Supreme Dagger Capital has not been used.

There are also scriptures of creation and fragments of the book from the ground.

Neither moved.

Ye Fan said: "My patience is limited, give me an answer within ten seconds."

ten!

Nine!

Eight!

seven!

...

Ye Fan showed enough domineering.

Liu Shenzi finally persuaded, gritted his teeth, and said, "You make an oath of heaven, or I won't say it."

"Are you going to bargain with me again?"

The supreme dagger appeared in Ye Fan's hand, and in an instant, the evil power spread.

Liu Shenzi was horrified.

He seemed to have seen a terrifying monster.

That dagger is so scary!

Liu Shenzi didn't dare to write ink anymore, and said, "It's the young master of the Great Wilderness, Huang Wutian, who paid 6 million high-grade spirit stones to take your head within three days."

"Young Master of the Great Wilderness!"

Ye Fan was surprised, he thought it was the Demon Wolf clan, but he didn't expect it to be this guy.

I was thinking of making friends, but now it seems that I have no chance.

Please move the snake head to assassinate him, hehe, there is no sky, it's not good for you to provoke anyone, you have to provoke me.

Ye Fan rolled his eyes.

There are thousands of calculations in mind.

"Sign a great blood contract with me and become my slave. This is your chance to survive. You can refuse to agree, then you will know the fate."

Ye Fan used his magical powers, and a blood book appeared in front of Liu Shenzi.

Liushenzi's face was pale.

Sign a contract and become a slave?

He is the six gods of the snake head organization, how noble, he is already in the middle stage of breaking the void, and he has a bright future.

"Do you feel that you are noble and are unwilling to surrender? Do you think I am unqualified?"

"Then take a look."

"What realm am I?"

Ye Fan removed the obscured pages of the book from the ground, and suddenly, his realm was revealed.

As if struck by lightning, Liu Shenzi's brain roared.

"Dao... the peak of the Taoist Palace..."

"impossible!"

Liushenzi was almost insane.

Ye Fan sneered: "Nothing is impossible. Saying you are a waste is to flatter you. Now I will tell you whether to sign the contract or not, and give you ten seconds."

At this moment, Liu Shenzi's confidence was completely defeated.

"I sign."

Six Gods tremblingly signed the blood book.

Immediately.

The Great Blood Pact takes effect.

Six Gods trembled all over, knelt down and bowed: "See the master!"

"Um."

Ye Fan landed and said, "As the Six Gods of the Snake Head Organization, you must know a lot of secrets. Tell me all of them. I need to know about the Snake Head Organization."

"As ordered."

"By the way, has the reward of the young master of the Great Wilder been paid?"

"Master, only one million top-grade spirit stones are paid as a deposit. The remaining five million need to be held..."

"Okay, needless to say, now you take my head to see him, and hand over the remaining five million top-grade spirit stones to me."

"what?"

Liu Shenzi looked puzzled.

However, Ye Fan grabbed an ordinary beast, cut off its head, and used the Great Transformation Technique to transform into himself.

Throw it to Liushenzi.

"Go ahead, this transformation technique can last for three hours, immediately find the young master of the Great Wilderness, and get five million high-grade spirit stones... No, no, you can say that two companions have died, and let him increase the price. I have to take it from him. salvage one."

"Master is brilliant!"

Chapter 1299: Join forces with fairies

After the competition was over, the young master of the Great Wilderness returned to the mansion and waited; because he knew that the six gods of the snake head had already begun to act.

Suddenly.

The young master of the Great Wilderness opened his eyes.

A black smoke floated up, the Sixth God Son appeared, and the young master of the Great Wilderness said, "So fast?"

Liu Shenzi snorted coldly and said, "In order to kill Yinmao, I lost two ace killers in the early stage of Void Breaking, and even a precious magic weapon of mine exploded. If I can't kill it, I might as well kill it with one head!"

Gollum.

Liushenzi threw his head on the ground.

The young master of the Great Wilderness glanced and nodded, this is indeed the appearance of that person.

He had no doubts.

Because the reputation of the snake head is top-notch.

It was impossible for Huang Wutian to imagine that Liu Shenzi was deceiving him, and he was also very decisive, throwing out five million high-grade spirit stones.

"Pleasant to work with."

"That's it?"

Six Gods sneered.

Huang Wutian frowned and said, "I didn't say 6 million before, I have paid a deposit of 1 million, this is 5 million, just right."

"I said, Young Master Great Wilderness, didn't you hear what I said. I lost two ace killers in the early stage of breaking the void, as well as a precious magic weapon of mine. Don't you bear these losses?"

"You should know how difficult it is to cultivate two ace killers in the early stage of breaking the void."

"A total of six million rewards, I don't think it's enough, so I have to add a little bit more, what do you think?"

Six Gods laughed.

The cold laughter made Huang Wutian's face darken, and he wanted to refute, but it was unwise to have a festival with the Snake Head Organization.

Although he could refuse, the Snake Head Organization wouldn't bother him, after all, he was the young master of the Great Wilderness.

But.

He and Liu Shenzi finally made friends, and it was not worth it to break up their friendship for this matter.

There will definitely be people who need help from Liushenzi in the future.

So Huang Wutian said: "Then I will add another two million!"

"not enough."

Six Gods shook his head.

Huang Wutian hummed: "It stands to reason that your loss has nothing to do with me. I said six million before, I added two million, a total of eight million, which is already very kind. We have been friends for so many years, could it be for this Little things are unpleasant."

Liu Shenzi pondered, and said quickly: "Make up a whole number, ten million."

"Ten million, this is the price of conscience."

"There's still room for us to cooperate in the future, right?"

"You take out another four million high-grade spirit stones, and I will leave immediately, and I will never entangle with you. You should know my reputation. In other words, you should believe in the reputation of the snake head."

Ten million top-grade spirit stones!

Desolate flesh hurts.

Even if the Great Wilderness Ancient Cultist has a great career, 10 million high-grade spirit stones are not a small number.

"Can you use middle-grade spirit stones instead, 10 million top-grade spirit stones are equivalent to one billion middle-grade spirit stones, how about I give you one billion?"

"Young Master Great Wilderness, I'm not a fool. Although the top-grade spirit stone and the middle-grade spirit stone are converted according to the odds of 100, in fact, if you can get the top-grade spirit stone, who would want a middle-grade spirit stone?"

"There are many middle-grade spirit stone veins, but high-grade spirit stone veins are very rare, and high-grade spirit stones are very precious. Of course I want top-grade spirit stones, so don't make ink marks."

"Young master of the Great Wilderness Ancient Sect, ten million high-grade spirit stones are not impossible, don't be so stingy!"

Huang Wutian snorted, waved his hand, and another 4 million high-grade spirit stones appeared, plus 5 million on the ground, and a deposit of 1 million paid in advance.

Exactly ten million!

"Take it and disappear quickly. I'm a big customer of yours. I will cooperate with you in the future and give me a discount."

"sure."

Liu Shenzi's heart blossomed with joy, turning into a cloud of black smoke and leaving.

Only then did Huang Wutian's face become extremely ugly, and he kept cursing in his heart, and his anger came, and he slapped the head on the ground to shreds.

He didn't know that the head was fake.

An inn in the capital.

Six Gods appeared, "Master!"

"I'm back, it's done."

"Master, please see, this is 10 million top-grade spirit stones, and I want an extra 4 million."

"Hahaha, good!"

Ye Fan was overjoyed.

Ten million high-grade spirit stones, this is a lot of value, he is considered rich.

If Huang Wutian knew that so many spirit stones had been trapped, he would probably vomit blood.

"Master, this is my savings, eighteen million high-grade spirit stones, and one billion middle-grade spirit stones, all for you."

"Master, I have made a lot of money from taking orders over the years. However, every killer organized by Snake Head needs to hand over the bulk to the organization, so I only saved so much."

Ye Fan said: "Although you are my servant, I will not enslave you, you are very free, and you also need spiritual stones to consume and cultivate. I will take 10 million high-grade spiritual stones and 500 million middle-grade spiritual stones, and the rest Take it yourself."

"Thank you master!"

"I have already sorted out the information you sent me to the Snakehead Organization before, and I want to control this organization."

"what!"

Liu Shenzi was shocked.

"Master think twice, although you are very powerful, there are many horrors in the organization. One of the top powerhouses of the snake emperor root style, some elders are at the peak of breaking the void, you are really not an opponent."

"I'm not a fool. It's impossible to kill the snakehead organization's lair. I want to defeat them one by one. I need to continue to subdue the snakehead organization's killers, preferably a son of **** like you. How about you create opportunities?"

"As ordered!"

"Go on, be careful."

After Liushenzi left, Ye Fan began to organize his wealth.

Huang Wutian and Liu Shenzi got a total of 10 million high-grade spirit stones here, plus what he got in Beidou Sect, a total of 25 million high-grade spirit stones.

There are more mid-grade spirit stones.

Almost six hundred million.

As for the lowest low-grade spirit stones, Ye Fan had a total of 3 billion, all of which were given by the Big Dipper sect master.

Low-grade spirit stones are the least valuable.

Anyway, now Ye Fan is a rich man, these spirit stones can do a lot of things.

Suddenly.

Ye Fan's communication jade pendant was cold, and it was the invitation of Princess Yunxi to let him fly to the Immortal Tower.

However, Ye Fan temporarily refused.

Now he has no time for romance, his biggest purpose is to attack the Holy Land of Heaven and Fire, and time waits for no one.

Who knows if the Heavenly Fire Holy Land has sent people to the periphery to deal with the Big Dipper Sect?

So take the time.

"We have to find out about the Cold War, this is a breakthrough point." Ye Fan and Han Yan said, letting them move freely.

I am looking for a cold war myself.

But at this moment, a ghostly figure appeared in front of him.

"Fairy?!"

Ye Fan was surprised.

He thought for a while, walked over, clasped his fists and said, "I've seen the fairy, I'm going to Ye Fan!"

The fairy seemed to be waiting for Ye Fan.

"You are very powerful, you even planned to deal with the snake head organization!"

boom!

Suddenly, Ye Fan was startled.

The breath became cold.

Fairy smiled and said: "Don't be nervous, I won't get involved in these things, I'm not interested."

"How did the fairy know?"

"I searched the past, and I saw that you showed great power and subdued the Six Gods of the Snake Head Organization. It seems that there is still nowhere to go."

Ye Fan was shocked again.

At that time, when he was fighting, the fairy was paying attention in secret, but he didn't realize it.

very scary!

"Fairy is really amazing, she actually avoided my sight and hearing, it's better to be inferior."

"Don't say that, Dao Palace Peak has such terrifying combat power, your potential is not as good as me."

"The fairy waited for me and asked this?"

"That's not true, it's because you're in trouble, which makes me very happy, so let's have a chat with you."

Ye Fan asked, "Fairy and Huang Wutian have a grudge?"

Fairy said: "To be exact, there was a time when I had a grudge between my fairy cave and the ancient religion of the Great Wilderness, so I don't feel good about it."

I see!

Ye Fan thought for a while, and then asked: "Fairy, it seems that the forces in the hinterland of Xianshan don't want to see Xianmo Cave, why is this?"

"The strong are always alone. Just like a force, strong enough, it will naturally be targeted and isolated. But so what, a group of Xiao Xiao, we Xian Mo Dong don't care."

"Great spirit! Big pattern!"

Fairy shrugged and didn't care, as if she could see through everything, otherworldly.

"Are you going to have a private meeting with Princess Yunxi again?"

"Forehead."

Ye Fan was embarrassed, shook his head and said, "Don't say that, Princess Yunxi and I are just ordinary friends. I'm going now... Dare to ask the fairy, besides the ancient religion of the Great Wilderness, is it pleasing to the eyes of the Heavenly Fire Holy Land?"

"What do you mean by that?"

"I want to strike the Holy Land of Heavenly Fire."

The fairy was stunned.

Immediately, he asked with a smile, "How many old monsters did you bring with you, how many Void-breaking peaks?"

Ye Fan shook his head: "None, just me."

"You one?"

The fairy's face was very wonderful.

"Are you underestimating the Holy Land of Heaven and Fire? Although you have the combat power in the mid-stage of breaking the void, but facing a big force, it is simply a scorpion shaking the tree, and you are beyond your own power."

"I don't want to destroy the Heavenly Fire Holy Land, I just want to create a little mess, so that he has no time to take care of the outside world. To be honest, I am a disciple from the outside forces. The Heavenly Fire Holy Land disregarded the rules and sent people to the outside world to do things. I was angry. Come to the hinterland of Xianshan, ready to do his lair!"

"Hahaha!"

The fairy laughed, her eyes twinkling: "It's really interesting, you are so interesting."

Ye Fan said: "You can say whether it is pleasing to the eye or not. If you are interested, let's do it together. We will share the treasures of resources we get."

"You're a white wolf with empty gloves!"

"I passed on a magical power to you, which can make you changeable."

"Oh?"

The fairy's eyes lit up.

Ye Fan did not hesitate to pass the Great Transformation Technique to the fairy. His talent was very outstanding, and he realized it immediately.

After a while, I got some ideas.

Fairy praised: "This great transformation is really powerful, it can be said to be changing."

"This shouldn't be a white wolf with empty gloves."

"Hahaha, Ye Fan, you and I have appetite. Well, for your sincerity, I will play with you, but first of all I declare that I have to withdraw when I encounter uncontrollable events, because after all, I represent Immortal Demon Cave."

"no problem."

"Now you're going to suppress the Cold War?"

"Let's get in touch with him first and see what's going on. If he doesn't know anything, I'll surrender him directly."

"Same as Liushenzi?"

"You can say that."

"It's really vicious, you." Fairy clicked her tongue, but felt that Ye Fan was a hero.

What he admired most was that Ye Fan was only at the peak of the Taoist Palace.

The potential is truly terrifying.

With Ye Fan's great tracking technique, it was easy to find the foothold of the Cold War, and it was also a brilliant mansion.

"How do I get in? This mansion has a powerhouse in the late stage of the void."

"Look at me."

Ye Fan used the great invisibility technique, and with the fairy, quietly entered the mansion.

The fairy was shocked again.

What kind of means is this, to shuttle in front of the living beings coming and going in the mansion, and it will not be discovered.

"The heaven and the earth."

Ye Fan found the residence of the Cold War, and directly used the Great Sealing Technique, and cooperated with Fengshentai to forcibly seal the residence.

Isolate everything.

Cold War was startled: "Who!"

"US!"

Ye Fan and the fairy were revealed.

Cold War was shocked: "Fairy! You, you actually sneaked in here, what are you doing? You can't fight with our Heavenly Fire Holy Land!"

The fairy said, "Why are you nervous, I'm not the leader, it's him, I came with him, you talk to him!"

Cold war's eyes fell on Ye Fan.

He didn't know.

Ye Fan said with a smile: "The Son of Cold War, my name is Ye Fan, you must not know that, but if you say that I have entered Feixianlou, you should know who I am!"

"It's you!"

Cold War suddenly realized that this guy with silver hair is him!

"Hehe, you are really good. You entered Feixian Tower and spent the night with Princess Yunxi, which led to the cancellation of the martial arts competition. However, it didn't really affect me. The biggest impact was Huang Wutian. You don't have to come and mock me."

"No, no, I'm here for your great cause, the Son of God, not for recruiting relatives."

"My great cause, what do you mean?"

Ye Fan smiled and said, "Your son's name is not orthodox, the orthodox son is Leng Jue, right?"

Cold War's face sank.

This is what he hates most.

"Holy Son, don't be angry, just listen to me. Now I have to deal with Leng Jue, or the faction that supports Leng Jue. This should be a good thing for you, so I need your help."

"It's a joke, why should I help you deal with the Holy Land of Heavenly Fire. I'm not a fool. The internal competition in our Holy Land is our own business. If outsiders want to interfere, they are courting death!"

"In other words, you don't agree?"

"Why, do you want to be rough?"

The cold war atmosphere broke out, however, in an instant, Ye Fan stood on the secret technique Yin-Yang Lock.

Block the body of the Cold War.

His breath plummeted.

"what!"

"you..."

Cold War Saint Child's pupils shrank, and before he could finish speaking, a dazzling light suddenly enveloped him.

Ye Fan's face was fierce, and he shouted: "Great Purdue, give me a degree and become my believer!"

Chapter 1300: Scale the Cold War

Measured light.

When the cover came down, Cold War had a bad premonition that his spiritual world had been invaded.

"what!"

"Bastard, you dare to deal with me!"

"Ahhh!"

The Cold War roared, but to no avail.

The yin-yang lock and Ye Fan's repression made him unable to riot at all, and the light of Duhua madly invaded his spiritual world and began to do it.

"Do not!"

Feeling that he was about to be tempered, the Cold War was extremely frightened, he roared and shouted.

I wanted to make a big noise and let the elders in the mansion know that they came to rescue, but unfortunately, Ye Fan was already prepared, and the seal here was dead.

Of course.

It must also be fought quickly.

After all, the seal doesn't last long.

"Heart Killing Curse!"

Ye Fan came ruthlessly, and a lore made the cold war seven orifices bleed and his breath wilted.

The light of degree completely occupied his spiritual consciousness.

After a minute.

Cold War knelt down on the ground and said sincerely: "Master, your believers wish you immortality and eternal auspiciousness in the sky."

"Get up."

Ye Fan opened his mouth and stood up coldly, but he lowered his head, daring not to look at Ye Fan or blaspheme.

The fairy was stunned.

Immediately afterwards, a chill burst out from the depths of my heart.

What means is this?

Forcibly convert the Cold War into its own believers?

I rely on!

Too dick.

Fairy's face was full of incredulity, and the look of admiration in Ye Fan's eyes was even more intense, and at the same time there was a trace of fear.

"Ye Fan, it's a good idea."

"so so."

Ye Fan didn't care, and then he said: "Cold War is now my believer, but since his realm is higher than mine, this transformation effect may not last forever, at most three months."

"Three months, it's already terrible. During this period, you can use the Cold War to deal with the Holy Land of Heavenly Fire. It's very simple."

"Let me first understand the information about the Heavenly Fire Holy Land."

Ye Fan glanced at Leng Zhan, who wisely passed on everything he knew to Ye Fan.

This information is very mixed.

Not only the Heavenly Fire Holy Land, but also many other secrets.

All-inclusive.

It took Ye Fan a quarter of an hour to sort it out and smiled, "Fairy, I already have a plan."

"Tell me."

"Sky Fire Holy Land is secretly excavating a resource site, which is very precious. There are several high-quality ringtone veins in that resource site; in the memory of the Cold War, Sky Fire Holy Land has obtained hundreds of thousands of top-grade spirit stones in that resource site."

"real or fake?"

Fairy's mind became active.

The best spirit stone, this is really a good thing.

It is also very good for practice.

The so-called spiritual stone is actually a certain degree of rich spiritual energy, which has been solidified and formed through the changes of the years.

The spiritual stone contains rich spiritual energy and spiritual power, which can effectively provide the energy needed for cultivation and be replenished in battle.

Top-quality spirit stones, the aura and spiritual power in them are very pure and high-grade, so there is no need to say more about their preciousness.

"The most important thing is that the resource land is not within the territory of the Heavenly Fire Holy Land, but the territory near the sprite gate, on the edge of the **** gate's territory."

"Because of this, the Heavenly Fire Holy Land is secretly excavated in secret, and I am worried that the spooks will discover it."

The sprite gate is also a big force.

Strength is not lost to Heavenly Fire Holy Land.

Fairy smiled and said, "What do you mean, trigger the sprite door and let them fight."

Ye Fan said: "This step must be done. Before that, let's go to the resource area. According to the memory of the Cold War, the latest batch of mined spirit stones will be transported back to the Holy Land of Skyfire. We must act as soon as possible."

Fairy didn't hesitate, nodded and said, "Okay, it's not too late, we'll go right away."

"Cold War, you lead the way!"

"As ordered."

For a moment, a chariot rose into the sky and left, leaving the capital of the Qingtian Dynasty.

Go to the sprite gate.

...

time flies.

In the blink of an eye, the three of Ye Fan finally arrived near the spooky gate territory.

at the same time.

Somewhere on the edge of the territory, a formation is running, this is a magic formation and a sound insulation formation.

From the outside, it looks normal.

In fact, in the formation, a large number of disciples in the Heavenly Fire Holy Land were excavating the treasures of resources.

Coincidentally.

An elder of the Heavenly Fire Holy Land had friction with the elder of the sprite gate. The one who was beaten fell here and accidentally discovered this resource place.

Resources are too hidden.

As a result, the sprites have not been discovered for so many years.

Hence the secret excavation of the Heavenly Fire Holy Land.

"Let's work harder and be a little trickier. There are still 30 million spiritual stones left in this batch of shipments. Hurry up and excavate them, and strive to reach the standard before sunset."

An elder of the late stage of breaking the void was shouting.

There are really too many spirit stones in this resource area. Of the eight spirit stone veins, there are actually three high-grade spirit stone veins.

This is really a great resource.

A batch has been sent back before, and now it is the second batch. The target is 100 million high-grade spirit stones, 5 billion middle-grade spirit stones, and 10 billion low-grade spirit stones. In addition, there are many precious medicines, materials and so on.

Space rings are not enough.

Heavenly Fire Holy Land obtained a space magic weapon, and then looked at it and installed it.

"Elder Elder."

"What's up?"

"It's a great event. In that high-grade spirit stone vein, some top-grade spirit stones have been dug up, as many as 3,000."

"Hahaha, it's fine."

The elder was so happy that he hurried over to collect the top-quality spirit stone into the space ring.

The whole resource is very busy.

No one knows that Ye Fan and the three came here. In this resource land, there is an old monster who is at the peak of the void, and they cannot act rashly.

"Cold War, you go and ask for some spirit stones first, preferably top-quality spirit stones."

"Master, the old monsters sitting here and some elders who continue to maintain are not my faction. If I ask for it, I may not give face."

"It's okay, go try it."

"Okay, I'll go right now."

Ye Fan and Fairy continued to hide.

When Cold War appeared with great fanfare, an elder immediately greeted him and said in surprise, "Cold War, you didn't go to the Qingtian Dynasty to participate in Princess Yunxi's martial arts contest, why did you come here!"

"If I don't come, these resources will be stolen by you."

"What did you say!"

The elder's face changed.

More and more elders gathered, there were twelve statues in total, all of them were in the late stage of breaking the void.

"Cold War, you don't want to spit. The whole process of excavation work is monitored, and we did not embezzle it."

"you sure?"

Cold war sneer.

The elders looked around, this is, the strongest elder came out and asked, "Cold war, tell me, what is the matter with you coming here?"

"Gossip, that guy Leng Jue took a lot of spirit stones from here, I'm very upset, why does he have them, I don't have them."

"Who said that the Holy Son takes the Spirit Stone?"

"You dare to swear, Leng Jue didn't take it? Even if you didn't take it directly, did you take it indirectly? Do you dare to make an oath of heaven!"

"This....."

The elder choked.

They really dare not make the oath of heaven.

They all support Saint Son Leng Jue. When Leng Jue takes the spirit stone, they will turn a blind eye.

Of course, they have never seen Leng Jue come over to take it directly, but indirectly, they can't guarantee it.

"Hey, what do you have to say!"

Leng Zhan's face was cold and he said, "Leng Jue can take it, why can't I take it."

"Cold War, you are too much, Leng Jue is the Holy Son..."

"I am also a saint!"

"You are not orthodox and that cannot be changed."

"It's a joke. Isn't Leng Jue the only reason he got the position of the Holy Son because of his good background? This young master is even more powerful than him."

"Sure enough, facts are facts."

"What do you mean, you won't let me take the spirit stone?"

The elders did not answer.

But silence means acquiescence.

Cold War laughed: "Hahaha, very good, you guys are completely biased, the Holy Land has become your own Holy Land, right. I still have to take it today, and you can suppress me if you have the kind!"

The words fall.

The Cold War flew towards the veins.

"stop!"

The elders were furious.

However, when it comes to repression, they really don't dare.

The strength of the factions supporting the Cold War is also not bad. In recent years, the relationship between the two factions has been very tense.

If the Cold War is suppressed at this moment, it will really lead to civil unrest.

How to do?

The strongest elder gritted his teeth and said, "Forget it, let him take some. Anyway, there are so many spirit stones, it's harmless."

The other elders could only agree.

Seeing the success of the Cold War, he immediately began to collect spirit stones, three high-grade spirit stone veins, and all the ten million high-grade spirit stones mined during this period were collected by him.

Not only that.

The top-quality spirit stones that were mined were all taken down.

"stop!"

Seeing that the Cold War was so unscrupulous, the elders were angry, and it was enough to take a little. They even took tens of millions, and they were still high-grade spirit stones, even the best-grade spirit stones.

There is no reason for this.
