Chapter 1311: Ye Fan is cruel!

Desolation is nothing short of hateful.

He is the young master of the dignified ancient religion of the Great Wilderness. He is the arrogant leader of the world of Xianshan, and he is well-known.

But...

But he was beaten so miserably that he was even trampled under his feet, like a pig and a dog.

angry!

Burning Wrath!

hatred!

Soaring hatred!

Huang Wutian was so angry that he spit out a mouthful of blood again. Before long, his experience will be passed on to the world of Xianshan.

He's going to be a big joke.

"what-"

The barren sky roared.

Suddenly, he sensed a huge crisis, which was instinctive.

"in danger!"

Ye Wutian shouted.

The three elders also realized it and quickly left the place with Huang Wutian.

"boom!"

It erupted in situ, and a large pit of hundreds of meters appeared.

What a terrible punch.

"It's him!"

The three elders screamed.

Ye Fan went back and forth. He used a great invisibility technique to avoid the pursuit of the deputy leader, and came back with a carbine.

"not good!"

The three elders were shocked.

They don't think they are rivals, and now the deputy leader is not there, the result...

Seeing that they were fleeing, Ye Fan sneered: "Since I kill you back and don't leave you behind, then I can't say anything."

Rumble.

The big picture of life and death covered the sky, blocked the world, and blocked their escape route.

An elder roared: "Boy, who are you, why are you an enemy of our Great Wilderness Ancient Sect!"

Ye Fan sneered: "It's you who want to be my enemy."

The elder roared: "We don't know you, why have we ever been an enemy of you. Just because we asked you to call out the baby just now? This reason is too far-fetched."

"No no no."

Ye Fan shook his head and teased: "You young master want to kill me, so I can only passively fight back."

What's the meaning!

What does this mean!

The three elders looked at Huang Wutian, who was also at a loss.

Is it wrong?

At this time, Ye Fan's appearance gradually changed, and he sneered at the same time: "Huang Wutian, you hired the killer of the Snake Head Organization to assassinate me. It's been so long, have you forgotten it?"

Suddenly, Huang Wutian was shocked.

at the same time.

Ye Fan regained his original appearance.

With silver hair, dancing wildly in the wind.

Huang Wutian's pupils shrank, his face full of disbelief, "You, you..."

"You are not dead!"

"impossible!"

Ye Fan sneered: "Nothing is impossible, there is no sky, do you think that a few killers can kill me? You look down on me too much."

"It's all your fault."

"I, Ye Fan, have clear grievances, you have the heart to kill me, then I can only retaliate."

Ye Fan disappeared.

Great Invisibility plus Great Teleportation.

Huang Wutian was shocked, and finally felt a trace of fear.

How could this be?

Liu Shenzi clearly brought his head in front of him, he can't be wrong, why didn't he die!

why!

Huang Wutian roared in his heart.

But.

Now is not the time to think about this, he growled: "Three elders, stop him. The vice sect leader will be killed soon, which is his death."

The three elders had no hesitation.

"Boy, I really thought I was invincible. No matter how evil you are, you are only in the late Nascent Soul."

"Trinity, kill kill kill!"

The three elders cast a secret technique and joined forces. At the same time, Huang Wutian took out a giant treasure and threw it over.

"Elder, this is the Great Desolate Halberd, catch it!"

"Okay!"

The confidence of the three elders increased greatly.

The Great Wilderness Halberd was one of the most powerful magic soldiers of the Great Wilderness Ancient Sect, and was recognized by Huang Wutian as its master.

now.

Under the control of the three of them, the Great Desolate Halberd revived, and the majestic savage aura rushed out.

"Good soldier, I've taken a fancy to it."

Ye Fan laughed, he liked it, and naturally he would not let it go.

This halberd was very much to his taste.

Ye Fan directly used the supreme dagger, because he needed a quick decision, and when the deputy leader came over, there was no way to kill them.

"when!"

The Supreme Dagger and the Great Desolate Halberd collided.

Ye Fan's mouth cracked open, and blood spurted out, and he was injured; however, the three elders were even more miserable.

The elder holding the Great Desolate Halberd at the head exploded with both arms, and the two behind were also spurting blood.

not only.

The dark evil power of the Supreme Dagger entangles them, causing them to suffer terribly.

"what!"

The three elders screamed.

The power of a single blow was so terrifying that Huang Wutian was immediately dumbfounded.

Of course.

This is also the power of Ye Fan to catch the Supreme Dagger.

"Come!"

Ye Fan grabbed the Great Wild Halberd.

When the sky changes, he casts a secret technique and summons the Great Desolate Halberd.

He is connected to Dahuang Ji and can be summoned back at any time, but Huang Wutian underestimated Ye Fan.

"Great Sealing Technique!"

"Large Arrest!"

"Big Twisting Technique!"

"Great Freezing Technique!"

"..."

Ye Fan used dozens of magical powers on his face to block the return of the Great Desolate Halberd.

indeed.

The Great Wilderness was blocked.

"Heart Killing Curse!"

Ye Fan's yin and yang eyes opened, and he looked at Huang Wutian, with a mental attack of the Killing Heart Spell.

Since getting Li Qingfeng's preaching and Ye Fan comprehending Wen Dao, his spiritual power has skyrocketed.

Now his spiritual strength is not inferior to the powerhouses in the late stage of Shattering the Void.

Through the spiritual attack of the Yin-Yang Tianyan, he attacked Huang Wutian, scared Huang Wutian and screamed wildly. He kept shooting, throwing out cards, and magic weapons to block.

His mind was to block the spiritual attack, and naturally he couldn't summon the Great Desolate Halberd. Ye Fan succeeded in grabbing the Great Wild Halberd.

"Boom."

The Dahuangji trembled wildly, as if to break free from Ye Fan's control and return to the wilderness.

"Beast!"

Ye Fan thundered loudly.

"Great Dispelling Technique!"

Ye Fan wanted to forcibly dispel the mental imprint of Huang Wutian in the Great Wilderness Halberd, but found it difficult.

This spiritual imprint is deeply imprinted in the Great Desolate Halberd.

"what!"

When he was forcibly dispersing, Huang Wutian was affected, he had a splitting headache, and his seven orifices were bleeding.

"Ye Fan, you bastard!"

"Stop!"

Huang Wutian was in so much pain, his eyes were bloodshot, and he roared: "Secret technique, the Great Wilderness Heavenly Venerate, come to me, suppress the demons, and establish the universe."

Puff puff.

Desolate desperately.

He is burning the blood of his life, and performing the forbidden secret technique that he is currently struggling with.

at this time.

A stalwart figure rose up behind Huang Wutian and seemed to be one with him.

Huang Wutian drank violently.

The Great Wild Halberd exploded with divine might, bounced Ye Fan away, and returned to Huang Wutian's hands.

pity.

Ye Fan sighed, unable to keep the Great Desolate Halberd.

But he was not discouraged.

A arrogant like Huang Wutian must have desperate means, and it is very difficult to kill Huang Wutian.

In fact.

Ye Fan is not planning to kill Huang Wutian at the moment, because this will undoubtedly anger the ancient religion of the Great Wilderness.

At that time, it will be very troublesome to chase and kill some Void Peaks.

He not only himself, but also Han Xiao and Yue Linglong, he also needs to consider their safety.

Not beheading Huang Wutian, but Ye Fan will not let go of the three elders.

"Please, the ancient **** of great power, bless my body!"

"Please, the ancient Titan God, bless me!"

"Please, the ancient **** of slaughter, bless my body!"

Great Summoning!

Immediately, three divine powers, representing strength, defense, and killing respectively, blessed Ye Fan.

With the emperor's armor and great body protection, Ye Fan's defense reached the extreme.

"kill!"

Huang Wutian held the Great Desolate Halberd and slashed fiercely.

Ye Fan attacked.

boom.

In an instant, Ye Fan was split open.

"Okay!"

The three elders were overjoyed.

Good guy, the young master worked hard and finally killed Ye Fan.

However.

Strangely, no blood appeared.

next second.

Ye Fan has appeared behind the three elders.

That's right.

It was a puppet created by the Great Puppet Technique. In order to be realistic, Ye Fan even let the puppet hold a supreme dagger.

And at this moment, he held the axe high.

"stop!"

At a critical juncture, the vice hierarch came back.

He was furious.

Pissed off blood.

It was even placed by a yellow-haired child.

But. But Ye Fan would not show mercy, and the axe slashed down like lightning.

The three elders were suppressed and locked, and there was nowhere to escape.

"Bastard!"

"You are trying to die, go to die."

The vice hierarch gave an angry blow, how terrible; moreover, the timing of the card was very good.

It happened to be the moment when Ye Fan fell down.

At this time, Ye Fan was the weakest, because all his attacks were used on this axe, and he would be very hasty to resist the attack of the deputy leader.

"puff!"

no doubt.

The body of the three elders exploded.

Even Nascent Soul did not escape, and exploded like his body.

"puff!"

In the same way, Ye Fan also suffered a blow from the deputy leader, and dozens of bones were broken all over his body.

All the internal organs were badly injured.

Ye Fan's body was cracked, blood was flowing, and he turned into a blood man.

Half-step peak, so terrifying.

Ye Fan secretly underestimated the deputy leader.

but.

This is worth it, he beheaded four elders of the Great Wilderness Ancient Sect in the late stage of breaking the void.

The ancient religion of the Great Wilderness suffered heavy losses.

"The Great Devouring Technique."

Ye Fan absorbed all the evolutions of the three elders, combined with the great healing technique and the self-healing ability of the Heavenly Tyrant Body, the injury quickly improved.

Of course.

But thanks to the Emperor Armor.

Help him resist most of the attacks, otherwise, the injury will be more serious.

Ye Fan took back the supreme dagger and the axe, and used the air-breaking spell to escape quickly.

"You can't escape!"

The vice-chief roared.

Ye Fan's expression changed, and he found that the void-breaking spell didn't work, and he couldn't jump out of this world.

what happened!

The deputy leader approached step by step, and said coldly: "I have used the space sealing spell to seal the whole world, and you can't jump away at all."

Oops!

Ye Fan had a premonition that something was wrong. Next, there might be a hard and **** battle.

Rumble.

Those spectators who had left before also returned.

When they saw the battlefield, they were amazed.

"Hey, who is that silver-haired youth?"

"It can't be the young man just now, it was easy to disguise before."

"Wait, I seem to have seen this silver-haired young man somewhere..."

"By the way, he is Young Master Ye!"

boom!

A stone stirred up a thousand waves.

More and more spectators reacted, isn't this Young Master Ye who had a tryst with Princess Yunxi.

That silver hair is the best distinguishing feature.

Didn't Ye Shao fall, how did he appear here, and how was he still alive?

"Have you found out, the three remaining elders of the Great Wilderness Ancient Sect are gone."

"Yeah, what about them!"

"It's impossible for them to abandon Huang Wutian and escape, don't they say..."

The spectators sucked in a breath of cold air.

The facts are clear at a glance, Ye Fan killed all the three elders with a carbine.

hiss!

ruthless.

So cruel.

At this moment, all the spectators looked at Ye Fan with intense awe.

However, the more the spectators were in awe of Ye Fan, the more angry and resentful the vice hierarch became.

Isn't this a slap in the face of the Great Wilderness Ancient Sect?

He, the vice sect leader, could not afford to lose the four elders, and he would definitely be punished when he went back.

It is even possible that the position of the vice hierarch cannot be kept.

The competition within the Great Wilderness Ancient Sect was fierce, and Banbu Peak was not the only one, there were also other Half-Built Peaks who were eyeing the position of the vice sect leader.

Once they are impeached, then they can really go down.

Ah ah ah ah.

The more he thought about it, the more angry the vice sect master became, and finally he couldn't help roaring: "Bastard, don't blow your bones to ashes, it's hard to understand the hatred in my heart."

At this moment, Ye Fan was very calm and mocked: "Just you, maybe you can't kill it!"

The vice priest did not say much.

With his identity, he disdains to waste words with Ye Fan, and killing Ye Fan is the best move.

"Vice leader, it's too cheap to kill him, take him to the sect, and torture him well; in addition, he has a lot of good things on him, which are very valuable."

Desolate roar.

His secret technique time has come, at this moment his breath has decayed and his injuries are very serious.

"The first to kill you."

Ye Fan disappeared in place, killing the deserted sky.

"Bastard, in front of this seat, you dare to be arrogant and suppress me."

The deputy leader slapped the palm, Ling Lie was terrifying.

Ye Fan could only give up dealing with Huang Wutian, and instead deal with this palm, his body, blood and realm, the trinity, began to resonate.

"Creation Fist."

The scriptures of good fortune resonated with him and helped him. With this punch, Ye Fan's palm print exploded.

He went up against the sky, like a fearless pioneer, creating a myth.

With the realm of the late Nascent Soul, against the existence of the half-step peak.

He is bound to create the history of Xianshan.

"You have to create miracles and use me as a stepping stone, hahaha, evil beast, this seat will break all your fantasies and let you know what the insurmountable gap is."

"The universe, the world, the beginning of the Great Wilderness, all kinds of things, all methods are unified."

"The Great Wilderness Soul Destroyer Palm!"

The vice sect leader was condescending, like a god, and slowly pressed his hand.

This palm is enough to make the cultivator despair at the peak.

This palm already has peak combat power.

The emperor's armor on Ye Fan's body was completely dimmed, and the cracks in his body gradually emerged and became bigger and bigger, and the sky was stained with blood.

"I am invincible, never defeated."

Chapter 1312: old monster

I am invincible, never defeated!

The six words are like thunder, shaking the sky and breaking the sky, carrying a proud, confident, and invincible momentum, going up against the sky.

At this moment, Ye Fan is brilliant.

like a god.

It's like, exile immortal.

At this moment, Ye Fan's charm was revealed to the extreme, and the countless monks onlookers lost their minds.

And in the distance, Leia clenched her fists, as if she wanted to fight.

But in the end, she held back.

Because he wanted to see where Ye Fan's limits were. Since Ye Fan dared to fight, it meant that he was at least somewhat confident that he would not be killed.

As long as it isn't, then she can save Ye Fan.

Wanbaozhai has countless resources, which can completely provide Ye Fan with the best healing plan.

"boom!"

A ray of divine light shot up into the sky, which was erupted from the Clear Sky Mirror.

not only.

Ye Fan stepped on Fengshentai with his feet on the top of a square inch mountain, and Kunding of Wuxu ups and downs beside him.

He opened the sky axe in one hand, and the supreme dagger in the other, but it was a scripture of good fortune...

All kinds of things have come to the table.

The Vice-Chancellor was shocked.

So many giant treasures, so many invincible magic soldiers, good guy, even if the ancient religion of the Great Wilderness has been inherited for so many years, it is impossible to find so many terrifying magic soldiers.

What is the background of this kid?

"Boy, suppressing you, there is no other result." The deputy leader changed his strategy and decided to suppress and bring back the ancient religion of the Great Wilderness first.

"break!"

Ye Fan used all that he could use, including the energy stored in the Big Dipper chain.

The only thing he didn't use was the life-saving charm that the leader gave him when he left Beidou Sect.

That was the power of one blow from the Big Dipper leader.

indeed.

Can behead the deputy leader of the Great Wilderness Ancient Sect.

But Ye Fan felt that there was no need to use a butcher's knife to kill a chicken.

"puff!"

Ye Fan, who was extremely explosive, split the palm of the deputy leader, and even killed the deputy leader like a broken bamboo.

"very good!"

The vice hierarch grinned.

"If you are a demon, I am also excited, because the greater your value is."

"Give it up, boy, there is a gap between us after all."

"Go down!"

The vice sect leader said it all, his heart was heavy, and the ability that Ye Fan showed shocked him.

Now that he is so fierce, who can cure him once he breaks through and becomes a Void Breaker!

I'm afraid, will become the first person in Xianshan!

Never allow it!

The vice sect leader roared and burst out with the ultimate, showing 120% of his combat power.

"The Great Wilderness Prisoner's Finger!"

Rumbling, this finger is the strongest blow of the vice sect master.

Crashed.

Plants and trees shake murderous, the sun and the moon are dull.

"Can't stand it!"

The onlookers screamed.

This finger is powerful and worthy of being the vice-chief of the Great Wilderness Ancient Sect.

Huang Wutian laughed fiercely: "Okay, abolish him, abolish him, become a complete waste, I want him to pull the cart and be my slave!"

Facing this finger, Ye Fan was under great pressure.

He has used all he can use. This is already the limit. It is true that he can still work hard, and maybe he can indeed resist this blow.

However, there must be serious injuries.

It doesn't work that way.

It is better to use the life-saving cards given by the Beidou leader.

"call!"

Ye Fan didn't hesitate at all.

He squeezed the talisman, and the Big Dipper leader burst out with a blow from the peak of the void.

In an instant, the vice hierarch's finger collapsed.

The power is not over yet, kill the vice hierarch.

"not good!"

The Vice-Chancellor was shocked.

You must know that although the Big Dipper Cult Master failed to grasp the opportunity to transform into a god, he was a little worse than the Qingtian Ancient Emperor and the Heavenly Fire Holy Master.

But at the peak of the void, it is the top.

His blow, how can this vice hierarch resist.

However, after all, he is the deputy leader of the Great Wilderness Ancient Sect, and his status is respected. Likewise, he has some trump cards.

"Absolute defense!"

He squeezed a spell, and a large shield appeared in front of him.

The defensive power of this large shield is terrifying at a glance.

"boom!"

However, the big shield exploded.

The remaining one-third of the power bombarded the deputy leader, piercing his body.

"what!"

The vice sect leader was blood-stained in the sky and fell.

"Qi Tianzhu!"

Ye Fan chased after the victory, wielding the Sky Cudgel, to blow up the deputy leader's body.

"Shuzi, you dare!"

The vice-chief was furious.

Bang!

His double walls were blown up, and the shrill screams echoed between the heavens and the earth, making the spectators' scalps go numb.

good guy!

Really cruel.

The deputy leader of the Great Wilderness Ancient Sect was severely injured and his arm was abolished.

Ye Fan was very decisive, smashing the barren sky with a backhand stick.

"you!"

Barren and cold hairs stand on end.

He threw out an ancient treasure, which was knocked away by the Qitian stick, but Huang Wutian also took the opportunity to escape.

"Huang Wutian, stay here, you can't escape."

Ye Fan would rather not kill the vice sect leader, but also win the deserted sky.

Because the value of nothingness is greater.

But right now.

Mutations suddenly occurred, there was a rolling murderous aura in the sky, the sky was swaying, and the world was shaking.

not good!

The big man is here!

The Void-breaking peak of the ancient religion of the Great Wilderness exists.

Ye Fan's color changed.

He didn't even think about it, he gave up on capturing Huang Wutian, cast the void-breaking spell, and made a space jump.

Using the forehead spell given by the Big Dipper leader just now, the vice leader was seriously injured, and the space seal was also broken.

So now Ye Fan can completely use the void-breaking spell.

"Shh!"

Ye Fan disappeared in an instant.

He was not stingy, and frantically burned the air-breaking spells, one after another, jumping non-stop, heading towards the capital of the Qingtian Dynasty.

In the capital of the Qingtian Dynasty, the existence of the peak of the ancient religion of the Great Wilderness must be tied, and it is impossible to make a big deal.

"Little devil, the ends of the earth, you can't escape, you will surely die."

Who is that!

The Great Elder of the Great Wilderness Ancient Sect.

How terrifying.

With one punch, the space shattered inch by inch, and Ye Fan had already fled far, far away.

But still affected.

"puff!"

Ye Fan spurted blood and fell on a mountain. He endured the pain and did not dare to stay.

Burn all the remaining void-breaking spells.

As soon as he jumped away, the Great Elder appeared and sent a slap over, and the huge mountain of 3,000 feet disappeared out of thin air, and the slapped ashes vanished.

"You thought you would be safe and sound if you fled to the country, huh, idiot."

The elder tore apart the space and rushed to the capital.

at the same time.

The news has spread.

In particular, the capital of the Qingtian Dynasty was directly boiling.

"What, Young Master Ye didn't die, but instead beheaded the four elders of the Great Wilderness Ancient Sect in the late stage of breaking the void, seriously injured the deputy leader, and abused the young master of the Great Wilderness!"

"My God, is it true?"

"This is too fierce!"

"I heard that Young Master Ye is only in the late Nascent Soul. This is simply outrageous."

"When it's called the first pride!"

"The latest news, the latest news, the Great Wilderness Ancient Sect's Great Elder is here, chasing and killing Ye Shao; it seems that Ye Shao is rushing to the capital."

"When you come to the capital, do you want to seek the protection of Princess Yunxi? Will the Qingtian Ancient Emperor come forward to mediate?"

The country is really boiling.

Even the Qing Emperor was officially disturbed.

In the palace, the commander-in-chief guarding the capital immediately reported it, the Qingtian Ancient Emperor did not expect such a thing to happen.

Coincidentally, Prime Minister Li Qingfeng was also there.

He said: "Prime Minister, this Ye Fan is really going to cause trouble. He even came to the capital, obviously wanting us to help."

Li Qingfeng also had a headache, sighing and practicing.

Ye Fan brought huge losses to the Great Wilderness Ancient Sect, and the key was to humiliate the Great Wilderness Ancient Sect.

If the Great Wilderness Ancient Sect didn't kill Ye Fan, it would be a big joke.

so.....

How to show up?

Once you protect Ye Fan, it will undoubtedly be a bad relationship with the ancient religion of the Great Wilderness.

"Your Majesty, the old minister doesn't know what to do, you decide."

Li Qingfeng threw this problem to Qingtian Ancient Emperor.

At this moment, a cry sounded: "Father, Lord Father!"

"Xiao Yunxi is here."

Qingtian Ancient Emperor smiled bitterly.

Princess Yunxi said with red eyes: "Father, please be sure to rescue Ye Fan. All of this is a matter of the Great Wilderness Ancient Sect, and it was the old friend Snakehead organization who assassinated Ye Fan. Ye Fan was just passively counterattacking. "

Qingtian Ancient Sovereign said: "Yunxi, don't make a fool of yourself, this matter has a lot to do with it."

"Father..."

Princess Yunxi knelt down with a thud.

Li Qingfeng was surprised.

Qingtian Ancient Emperor was also stunned. From childhood to adulthood, this little daughter has never knelt down to herself. She has always been quirky. When talking to his father, it is no big or small.

today.

Actually, kneeling for Ye Fan? ! !

Princess Yunxi said: "Father, please save Ye Fan, I want Ye Fan to be my concubine."

"This....."

The Qingtian Ancient Emperor did not know what to do.

Li Qingfeng said: "Princess, to be honest, Ye Fan already has his heart."

"I know, but I don't know the point."

"Father, you announced that Ye Fan will be the concubine, and that is the person of our Qingtian Dynasty. If the ancient religion of the Great Wilderness wants to move him, you have to weigh it."

"Father, you don't have to do anything or even show up, but you declare that Ye Fan is the concubine, and tell the world, this is the head office."

Li Qingfeng echoed: "Your Majesty, the princess' proposal is not bad. This way, it won't be against the ancient religion of the Great Wilderness."

"As for Ye Fan becoming the concubine, how the Great Wilderness Ancient Sect will deal with Ye Fan, we will wait and see what happens. As long as the Great Wilderness Ancient Sect is sensible, it will definitely be handled properly. They definitely don't want to have a festival with our Qingtian Dynasty."

Qingtian Ancient Emperor thought for a while, then nodded and said, "Forget it, just follow your words."

Princess Yunxi was overjoyed: "Thank you, Royal Father, you are so kind, give me a kiss..."

"Alright, alright, how old are you, hurry up and pay attention to the situation, don't wait for me to announce that Ye Fan will be beheaded."

"clear."

After Princess Yunxi left, the Qingtian Ancient Emperor called the director of Qintian Division and asked him to immediately draw up the imperial decree.

at the same time.

Ye Fan finally came to the capital, and rushed to the central square non-stop.

Above the central square is the Royal Palace.

No matter how daring the elders of the Great Wilderness Ancient Sect are, they dare not make a big deal before the palace.

In that case, the Qingtian Ancient Emperor would not be taken seriously.

However, what Ye Fan didn't expect was that the Great Elder of the Great Wilderness Ancient Sect was too fast, the space in front of him split open, and he walked out.

"Little devil, you can understand now that you can't escape."

"Old man, you are dignified to deal with a younger generation of me, you are really embarrassed."

Ye Fan's voice was like thunder, conveying the capital of the country, and immediately, countless people came to watch.

Among them, naturally there are droughts.

"Look, Brother Fan is really in the late stage of Nascent Soul, and this speed is really unmatched." Feng Yuanhua was stunned.

"The situation is very dangerous!"

Han Yu muttered to himself, Yue Linglong was extremely worried.

The Great Elder of the Great Wilderness Ancient Sect, that is not an ordinary Void Breaking Peak, that is a veteran powerhouse with a solid foundation.

When he was young, he was also the top talent in the world.

Ye Fan can escape in the hands of the average Forehead Peak, but facing such an old monster, there is little hope.

Besides, the previous battle with the vice hierarch cost a lot of money, and he was no longer able to compete with this old monster.

"Old man, is there no one in your Great Wilderness Ancient Religion? It's okay for the deputy sect master to deal with me. Now you, the great elder, are also involved. It's not ashamed."

"If you have the ability, let the young generation of your ancient teachings in the Great Wilderness deal with me."

"There is no need for them to go up one by one, let your younger generation come together, I, Ye Fan, take over together!"

Chapter 1313: kneel down and admit your mistake

How crazy!

The onlookers were amazed.

No one thought that Ye Fan was bragging.

You must know that Ye Fan can kill the late stage of breaking the virtual, and even severely damage the deputy leader of the half-step peak.

Such a ruthless man can really single-handedly take on all the young generation of the ancient religion of the Great Wilderness.

"court death!"

The elder was furious.

Unexpectedly, at this time, at this level, and in this situation, Ye Fan would dare to be mad.

Rumble.

At this moment, the first elder shot and grabbed Ye Fan; at this moment, Ye Fan was stiff.

The gap is too big.

hateful.

Can't move.

Ye Fan's eyes were split, and he watched the big hand approaching quickly, trying to squeeze him.

"when!"

Critical juncture.

A melodious bell rippled from the palace, and then, a beam of brilliance burst from the palace, shattering the paw print of the Great Elder.

"Um?"

The elder's face sank.

"Qingtian Ancient Emperor, you want to protect this kid, don't you?"

The audience was shocked.

Play big!

Play big!

Qingtian and the ancient emperor intervened, do these two forces want to fight against each other?

Ye Fan was also unexpected.

He actually rushed over, and he did have some careful thoughts, but he was not sure whether the Qingtian Ancient Emperor or Li Qingfeng would make a move.

Although Li Qingfeng values himself very much, once he saves him, it is not worth it for the Qingtian Dynasty to have a bad relationship with the ancient religion of the Great Wilderness.

The big powers all pay attention to their interests.

In the face of interests, the arrogance of evildoers is nothing.

But the fact made Ye Fan very shocked, very grateful, Qingtian Ancient Emperor really shot!

At this moment, the director of Qin Tiansi floated over, holding the imperial decree, and came here. Instead of going to see the elder, he stared at Ye Fan and shouted: "Ye Fan accepts the decree!"

Ye Fan was stunned for a moment, then immediately knelt down on one knee.

"Fengtian, the emperor's edict said. Ye Fan is very talented, both civil and military, and I specially seal Ye Fan as the consort of my Qingtian Dynasty. On the day of marriage with Princess Yunxi, I will make another choice, and this is my honor!"

The words fell, and the holy paper fell in front of Ye Fan.

Ye Fan is stunned!

Concubine? !

The director shouted: "Ye Fan, what are you doing, still not answering the order?"

Ye Fan suddenly realized.

This is Qingtian Ancient Emperor adding an amulet to himself.

In order not to have a bad relationship with the ancient religion of the Great Wilderness, the ancient emperor Qingtian would not come forward, so he canonized himself as the concubine.

The subtext is to tell the Great Wilderness Ancient Sect, take it easy, this is my concubine, and you have to deal with it, and you must control your senses.

"Ye Fan accepts the order!"

"Well." The director nodded, then looked at the first elder, and said lightly: "Great elder, you can do whatever you want. Just don't make a big noise in the country, it's not good."

The chief leaves.

The whole place was silent.

The development was unexpected.

Ye Fan has been canonized as Consort, what will the Great Elder do next?

If Ye Fan was beheaded, it would be a bad relationship with the Qingtian Dynasty; if not, the Great Wilderness Ancient Sect would lose all face.

Just a little blow, and the hatred in Nan's heart is also relieved.

Difficult!

The Great Elder of the Great Wilderness Ancient Sect frowned, gritted his teeth, and scolded the Qingtian Ancient Sovereign for doing such a thing.

Damn.

This is how to do.

At this moment, Huang Wutian rushed over, and in the distance, he heard that Ye Fan was canonized as the concubine. He vomited blood and almost fainted.

"Elder, capture Ye Fan. Even the concubine, killing the four elders of my Great Wilderness Ancient Sect is a big sin, and it will be abolished if you don't die."

"Elder, abolish Ye Fan!"

Huang Wutian roared piercingly.

The Great Elder has made a decision and must take action, otherwise the ancient religion of the Great Wilderness will damage its majesty.

"Ye Fan, since you are the concubine, the old man will spare your life. However, the death penalty can be avoided, and the living crime cannot escape. You beheaded the four elders of my sect and seriously injured the vice sect master. ."

"Do you have an opinion?"

"Stupid, you want to abolish me, and ask me if I have any opinions. I have a lot of opinions."

Ye Fan yelled.

"I would like to ask you, Huang Wu Tian Ping hired a snake head to organize killers to assassinate me for no reason. What does this account say?"

"He picks things up first, and he doesn't allow me to fight back?"

"How can there be such a reason!"

"The heroes of the world are watching, you let everyone judge, what is wrong with me, Ye Fan, what is wrong with me! On the contrary, it's your ancient religion in the great wilderness, you can't beat the big ones, you can't beat the big ones, you It's getting old."

"If I were you, there would be no face at all. If you don't hurry back and teach your disciples of the Great Wilderness Ancient Sect well, let them fight for some energy and cultivate hard. You are here threatening to abolish me."

"Hao Shoufu, old thief with black beard, I have never seen such a brazen person!"

Ye Fan's voice was astonishingly loud.

Convey the Quartet.

You could hear it clearly in the palace.

Before the main hall, the ancient emperor Qingtian, Li Qingfeng, the director of Qintian Division, and a group of military ministers all had their faces frozen.

This Evan...

Really...

All the lively creatures were speechless.

Then there is admiration.

Ye Fan, what a great spirit, is he really enjoyable!

that is.

An old monster of the peak of breaking the void, how decent is it to take action against the juniors.

After that, there can be no fighting between Tianjiao.

Once casualties occur, it is the old monster who shoots directly, so what else is there to play!

For so many years, I have never heard of an old monster at the peak of the void to deal with the juniors.

The Great Wilderness Ancient Sect was the first of its kind.

Shame!

The onlookers were talking a lot, and their voices were getting louder and louder. It seemed that they were infected by Ye Fan's aura, and they were not afraid of the ancient teachings of the Great Wilderness.

The overwhelming scolding and abusive voice made the eyes of the first elder, Huang Wutian, and the seriously injured vice sect go black.

"Evan!"

The Great Elder Thunder stopped drinking.

With a mental attack, the shocked Ye Fan's seven orifices bleed and fell to the ground.

Ye Fan raised his head and laughed.

"Old man, are you angry? Are you embarrassed?"

"I really look down on you! I look down on the ancient religion of the Great Wilderness! A group of guys who can't afford to lose."

"Brothers, you must remember that when you meet people from the ancient religion of the Great Wilderness in the future, you should hide away. Otherwise, people will slander you for beating, crying and calling the old man to deal with you. "

"enough!"

The elder's face was black and purple.

However, Ye Fan was still sarcastic and sarcastic: "Why, did I say something wrong, where is the mistake, please point it out, senior, and I will correct it."

"Little devil, eloquent, but in the face of absolute strength, these are all stupid and ridiculous behaviors. I said, if I want to abolish you today, then I will do what I say."

"No one can save you!"

"If anyone intervenes, it will be an enemy of my ancient religion of the Great Wilderness, and then a full-scale war will begin. My ancient religion of the Great Wilderness, which has been inherited for countless years, has always been one of the top ten forces in Xianshan, without fear!"

These words were clearly meant to be heard by the Qingtian Ancient Emperor.

It means that if you block the Qingtian Ancient Emperor, it will be a war with the Great Wilderness Ancient Sect.

"How presumptuous!"

Li Qingfeng was furious.

The other ministers also looked ugly.

The great elders of the ancient sects of the Great Wilderness, even if they are prestige in the country, even threaten them, threaten the ancient emperor, how unreasonable!

Qingtian Ancient Emperor's face was indifferent.

Li Qingfeng really didn't want to see Ye Fan being abolished, he couldn't help but said, "Your Majesty, can I act on my own behalf?"

The ministers looked at the ancient emperor.

Although the Qingtian Ancient Emperor was dissatisfied with the Great Elder, Li Qingfeng was still a little hesitant to take action.

And this time.

The elder has moved.

Total blockade.

Ye Fan had no escape and could only wait to be sanctioned and abolished.

"Hahaha."

Huang Wutian's face was grim, and he laughed wildly.

"Ye Fan, what are you pretending! What are you crazy! In the end, you are the one who loses! You will become a waste, not even the most despicable beast!"

"I would like to see if Princess Yunxi wants a waste like you!"

"Hahaha."

Desolate and happy.

Ye Fan's eyes were congested, his qi and blood were boiling, and his blood vessels were recovering, but he still couldn't break free.

In addition to the powerhouses of the Qingtian Dynasty, there are many powerhouses who are watching.

All the strong have doubts.

Does Ye Fan have no guardians?

Will not.

Such a monster cannot be taught without a teacher, and there must be a teacher.

The powerhouse of his division has not come yet?

Or, is there really no division, or is there no peak powerhouse among the divisions who can deal with the Great Elders of the Great Wilderness Ancient Sect?

"Evan."

When life and death were at stake, a soft call resounded between heaven and earth.

The power that bound Ye Fan collapsed directly.

Ye Fan was able to escape.

"Who!"

The elder was furious.

Not Qingtian Ancient Emperor, who is it!

"Boom."

Above the sky, a crack appeared, and it was getting bigger and bigger, only to see a tall and straight figure standing in the crack.

Around him, there is a sword qi that destroys the world.

Wine Sword Fairy!

Ye Fan was overjoyed.

I never dreamed that at this time, Wine Sword Immortal would appear.

Safe.

Ye Fan breathed a sigh of relief.

Jiujianxian Ke'er is an existence who realizes a chance to transform into a god, comparable to a top boss like Qingtian Ancient Emperor.

What is the Great Elder of the Great Wilderness Ancient Sect, it is very simple to kill the Jiu Jian Xian.

The appearance of Jiujianxian made the world quiet.

That tyrannical sword energy was enough to show her terrifying strength, and even the Qingtian Ancient Emperor was shocked.

"Strong!"

"I can't even beat it."

Qingtian Ancient Emperor muttered to himself.

Li Qingfeng and other ministers were alarmed.

The Great Elder of the Great Wilderness Ancient Sect also discovered that it was not good, but he was behind the Great Wilderness Ancient Sect, so he still had the confidence.

"Who are you? What's your relationship with Ye Fan? Do you want to save him?"

Among the cracks in the space, Jiu Jianxian's eyes were long and calm, and he said indifferently: "Po Xufeng is so righteous when dealing with a junior, it is really unbearable."

"What did you say!"

"What? Then you're fine. I want you to bow and apologize to Ye Fan immediately and admit your mistake, otherwise, I'll send you on your way."

hiss!

The whole place was terrified.

This is too crazy.

Ye Fan is extremely excited, others don't believe it, but he believes in Jiu Jianxian, and has the qualifications to say such words.

"you wanna die!"

The elder was in a rage.

But just after he finished speaking, a terrifying crisis came, and he broke out like a big enemy.

Hit the strongest blow.

But in the face of this blow, Jiu Jianxian lightly tapped, and the ultimate sword energy pierced the blow.

Then crashed.

The next second, Jiu Jianxian spat out a magic sword and slashed it down.

"puff!"

The elder's legs were instantly blown off, and the two dropped legs exploded directly.

"what-"

The big elder screamed.

puff.

This time, he really knelt down.

Ye Fan was not afraid at all, walked over, looked down, and said mockingly, "Respected senior, what are you doing on your knees, stand up, this junior can't stand it!"

"you!"

The first elder was murderous, squeezed his fist, but did not dare to shoot.

he knows.

Maybe his head was about to be chopped off before the fist was punched out.

That man is too strong!

Is he Ye Fan's guardian?

What is the background of Ye Fan!

From what force!

"Admit it."

Jiujianxian didn't seem to give up, spit out two words, no doubt.

The elder's face twisted and twitched.

But.

He couldn't resist, life was more important than face, and finally, he bent down.

"Ye Fan, yes... I'm sorry, it was my fault."

boom!

The whole place is boiling.

I really made a mistake, my God, the great elder of the Great Wilderness Ancient Sect bowed his head to admit his mistake!

Absolutely earth-shattering news.

"Remember, you can deal with Ye Fan, or even attack him in groups, but if the cultivator at the peak of the void breaks the realm, don't blame me for being rude."

"Go back and tell the Great Wilderness Sect Master, if you don't agree, come to Xinghai Yunjing, where I am, this is just a projection of this seat."

"Bang!"

The words fall, Jiu Jianxian... No, it should be said that it is a projection, and it collapses directly.

Fissures in the sky heal.

Chapter 1314: Two billion
projection? !

The audience was stunned and silent.

Originally, cutting off the legs of the great elder of the Great Wilderness Ancient Sect and letting him bow his head to admit his mistake was enough to shock the world.

Unexpectedly.

The existence of this abusive Great Elder is not the body, but a projection.

Oh my God!

You must know that the Xinghai Cloud Mirror is too far away from the capital. What kind of existence can pass through the distant space and project here, and still crush the Great Elder so strongly?

Rao was Ye Fan, who was also frightened by this wave of Jiu Jianxian.

so strong?

No, let's say, in the past few days in the hinterland of Xianshan, Jiu Jianxian has made progress?

In front of the central hall of the Royal Palace.

The Qingtian Ancient Emperor's eyes flickered and he exclaimed: "It's very strong. It is very likely that he has comprehended several opportunities for spiritual transformation. How can such a strong person emerge from the breakthrough?"

"Xinghai Cloud Mirror..."

Qingtian Ancient Emperor muttered to himself.

That is the habitat of that existence.

What is he doing there?

Could it be that you are friends with that existence?

Li Qingfeng seemed to see the thoughts of the Qingtian Ancient Emperor and asked, "Your Majesty, are you going to the Xinghai Cloud Mirror?"

Qingtian Ancient Emperor sighed: "I haven't seen it for many years, I have nothing to do, let's go for a while. By the way, I know the strong man just now. If you can sit and talk about it, you will definitely gain something."

"Your Majesty, that Ye Fan..."

"Don't worry about it, if the ancient religion of the Great Wilderness is knowledgeable, it will not use the powerhouses of the peak of breaking the void to deal with Ye Fan. As for the peak of half-step and below, Ye Fan can deal with it. Coupled with the identity of the concubine, there is no major crisis. ."

"I'll go now, and you will be in charge of the dynasty for the time being."

The ancient emperor Qingtian trusted Li Qingfeng very much.

In fact, when he was still the prince, Li Qingfeng was his teacher.

It can be said that it is a gift.

He can become the ancient emperor, and Li Qingfeng is also the biggest support.

Therefore, let Li Qingfeng act as the representative of the government, and the Qingtian Ancient Emperor has nothing to worry about.

in the battlefield.

The first elder still lowered his head, his whole body was stiff, not because he couldn't move, but because his whole heart was flooded with anger, causing him to forget to move.

Kill kill kill kill.

He couldn't wait, and immediately punched Ye Fan.

However...he didn't dare.

That powerhouse is too terrifying, just a projection is so powerful, the body is so powerful.

He even felt that the Great Wilderness Cult Master was not necessarily an opponent.

therefore.

Even with endless anger and killing intent, he could only endure it and watch Ye Fan squirm.

"Elder, bring it here."

At this moment, Ye Fan stretched out his hand.

The first elder was stunned: "What do you mean, what do you take?"

Ye Fan snorted: "What are you talking about? Your Great Wilderness Ancient Sect first attacked me, became my enemy, and chased and killed me. It brought me such a big trouble and wasted my huge energy. Don't you need compensation?"

"Make up... compensation?"

The elder was stunned.

The onlookers were also dumbfounded, and immediately, some strong people laughed.

This Ye Fan is too black.

The Great Wilderness Ancient Sect has already lost all face, and he even asked for compensation, wanting to shave a layer of oil!

"How greedy!"

In the distant pavilion, Princess Yunxi spat lightly, but her heart blossomed with joy. Ye Fan's character was very much in line with his appetite.

Desperately dying, he roared, "Ye Fan, don't deceive people too much."

"Oh yes, I almost forgot you if you didn't speak." Ye Fan turned to the deserted sky.

This made Huang Wutian tense.

He was not seriously injured, so he couldn't run, so he shouted, "Ye Fan, what are you doing!"

"Compensation! Great compensation!"

Ye Fan was beyond doubt, and at the same time there was a Qi Tian stick in his hand.

It seems that as long as Huang Wutian dares to say nothing, his head will be blasted with a stick.

The barren teeth are about to be crushed.

At this time, the first elder said: "Ye Fan, I will compensate you, you don't have to continue to pretend."

"Big elder!"

Huang Wutian shouted, incomparable and unbelievable.

However, the first elder is very firm, Ye Fan's posture is not to give up, give some compensation and end it quickly, he can't afford to lose this person.

Swish!

Immediately, a pile of spirit stones appeared.

The first elder said: "This is one hundred thousand high-grade spirit stones. It is enough for compensation."

"One hundred thousand, you send beggars."

"Ye Fan, you don't have to go too far!" The elder's face was ashen.

100,000 high-grade spirit stones are not enough, what else do you want?

Ye Fan said: "One hundred thousand cannot compensate for my loss. The value of burning more than one hundred void-breaking spells is far more than one hundred thousand high-grade spirit stones; at the same time, I am a long-term life-saving trump card, which is the peak of void-breaking. You know the value of a full-strength charm."

The first elder gritted his teeth and asked, "Then what do you want? I advise you not to open your mouth!"

Ye Fan thought about it and said, "I want one billion top-grade spirit stones and one hundred million top-grade spirit stones."

boom!

This sentence not only shattered the Great Elder, but even the onlookers were dumbfounded.

This lady's...

It can no longer be said that the lion has a big mouth, it is simply a **** hole.

Ye Fan really dared to say it.

One billion top-grade spirit stones are fine, but one hundred million top-grade spirit stones, what a joke.

"Ye Fan, you are courting death!"

The first elder and Huang Wutian roared together, the badly injured vice sect leader.

Ye Fan touched his nose and said, "Is there a lot of 100 million top-quality spirit stones? Well, my lord has a lot of them, remove one zero, and ten million top-quality spirit stones."

"What kind of expressions do you have? Even 10 million won't do? Forget it, I have to rush home for dinner, and I don't have time to spend with you here."

"One million premium spirit stones at one price. This is my bottom line. Otherwise, the consequences will be at your own risk."

Ye Fan's tone was unquestionable.

The Qi Tianzhu shone brightly.

The Great Elder's expression changed, Ye Fan said, if he didn't give it, he would blow up the body of the barren.

He knew that Ye Fan would not kill Huang Wutian, but his body was ruined. Although Huang Wutian could use Nascent Soul to regenerate, it was considered half of the waste.

hateful!

Damn kid!

"Big elder!"

Huang Wutian panicked, and the deputy leader on the side panicked, feeling Ye Fan's fierceness.

Finally, the first elder was persuaded and shouted: "Ye Fan, one million top-quality spirit stones are not available at all. You don't know how rare top-grade spirit stones are. One million is a dream."

Ye Fan said: "I'm not a blind person, you can trade with other resources. For example, I'm very interested in the Great Wilderness Fist, Great Wilderness Destroyer Palm, and Great Wilderness Prisoner Finger of your Great Wilderness Ancient Sect. If you use these unique skills in exchange, I don't want that top-quality spirit stone."

"dream!"

The elder roared.

"This is the core secret of my Great Wilderness Ancient Sect. How can I teach it to outsiders?"

"Unless, you join the Great Wilderness Ancient Sect."

"I joined the Great Wilderness Ancient Sect? What about the wasteland?" Ye Fan said with a playful look on his face.

The Great Elder said: "It's a big deal to step down from the position of the Holy Son."

Huang Wutian shouted angrily: "Elder, what nonsense are you talking about!"

Evan laughed.

He clapped his hands and said, "It's really a good show. It's a pity that I'm not interested in the ancient religion of the Great Wilderness. I'm now the consort of the Qingtian Dynasty."

"Since you don't want to exchange unique skills, you can use treasure, hurry up, my patience is limited."

"Ye Fan, here it is!"

Unexpectedly, Huang Wutian immediately took out three magic soldiers.

"These three magic soldiers are good. They are all saint magic soldiers. Although they are not as good as the magic soldiers in your hands, they should be of great value."

"In addition, I also have some void-breaking spells here, which can be regarded as compensation for you."

Ye Fan took a look, good guy, there are 20 or 30 void-breaking spells in the wild, and they are all relatively advanced, and can jump 100,000 miles in space.

good good.

Really big gain.

Ye Fan said with a smile: "Young Master Dahuang, you still have a big pattern. For the sake of your ease, I don't want the top-grade spirit stone, but the top-grade spirit stone needs to be added."

"Two billion top-grade spirit stones."

"what!"

The big elder screamed.

The next second, Ye Fan smashed the deputy leader's legs with a stick.

"what!"

The vice priest screamed.

It used to be a heavy blow, and now it's even more miserable.

"enough!"

The Great Elder was about to collapse, his hair was disheveled, and he shouted, "I'll give it to you!"

"But Ye Fan, remember it for me!"

"The grievance between our Great Wilderness Ancient Sect and you will not end, it will never end!!"

Rumble.

Two billion top-grade spirit stones flew out from the Great Elder's space ring.

Shocked everyone.

2 billion, it is still a high-grade spirit stone, a small force does not have such a background, but the elder one has it.

The ancient religion of the Great Wilderness is really rich, and it deserves to be a line of Taoism that has been passed down through the ages.

Ye Fan felt that he seemed to be less.

Special code!

But now, if you continue to ask for the price, you will appear to be too rascal, not good for your image, and will also make the Great Elder anxious.

Two billion top-grade spirit stones, he is already very satisfied.

"Thank you for your generosity, the elders."

Ye Fan took the spirit stone and immediately clasped his fists and said, "Everyone, farewell!"

When Ye Fan left, the onlookers gradually dispersed.

The first elder, Huang Wutian, and the deputy sect master looked at each other, all of them were extremely sad and angry, but they had nothing to do.

Now they must return to the ancient religion of the Great Wilderness to heal their wounds.

As for Evan...

on the kill list.

Soon, all the half-step peaks of the Great Wilderness Ancient Sect will be dispatched to attack them.

...

Ye Fan came to the palace, and Princess Yunxi came towards him.

"Princess....."

"Stop!"

Princess Yunxi raised her hand and said arrogantly, "You are my concubine now, what's your name, princess, call me Yunxi."

"Uh, this..."

"I don't care. Anyway, my father issued the imperial decree, and you accepted it. That is to admit that you agreed. You are my concubine, and you can't escape."

Ye Fan smiled bitterly.

Not bothering about this issue, he asked, "I want to meet the ancient emperor."

"Your Majesty is not in the palace."

Li Qingfeng walked over.

"Prime Minister."

Ye Fan clasped his fists, respectful.

Li Qingfeng said: "Very good, good boy, you gave me a big surprise. I'm very curious, where did the strong man behind you come from, and where did you come from?"

Ye Fan said: "I am from the Temple of Heavenly Venerate!"

"Tianzun Palace!"

Li Qingfeng's expression changed, and when the ministers who came behind heard this, they all changed in disbelief, even mixed with panic.

Ye Fan was at a loss.

He didn't say Beidou Sect, he said that he belonged to your Tianzun Temple, just perfunctory.

Why are these people looking...

No way!

No wonder there is also a power called Tianzun Temple in the hinterland of Xianshan, it can't be so coincidental!

"Prime Minister, why do you look like this?"

"Are you really from the Tianzun Temple?" Li Qingfeng asked in a deep voice.

Ye Fan became alert and nodded: "Yes, what's the problem."

Li Qingfeng looked at Ye Fan carefully, and said, "Do you really not know or fake it?"

Ye Fan said: "Senior, I don't know what you are talking about. I was picked up by my master when I was a child, and told me to practice and pass on my skills. When he left, he said that I was a disciple of Tianzun Temple, that's all."

"I see!"

Li Qingfeng was relieved.

Seeing that Ye Fan was confused, he explained: "You are at a loss to understand, because, in the hinterland of Xianshan, everything about the Tianzun Temple has been erased. As a junior, of course you don't know the Tianzun Temple, and you can't investigate these secrets."

Princess Yunxi asked: "Prime Minister, talk about it carefully, you have brought out my curiosity."

Li Qingfeng said: "Actually, the Tianzun Temple is a taboo, and the major forces keep it a secret, and generally do not mention it. Since you are a disciple of the Tianzun Temple, Ye Fan, I will briefly talk to you."

Chapter 1315: The Secret of Tianzun Temple

"Three thousand years ago, there was a force called Tianzun Temple. That force was extremely powerful. It is rumored that they used the forbidden area magic cave as a nest, and there were countless strong people."

"As the Temple of Heavenly Venerate is getting bigger and bigger, Kaishui's ambition finally started a large-scale invasion 2,800 years ago."

"Tianzun Temple, alone, launched an attack on all forces."

"Bearing the brunt is the Misty Holy Land. This Holy Land is very special. All are women and female demons. Although the Misty Holy Land is very strong, it cannot withstand the blitzkrieg of the Tianzun Temple."

"In just one month, the Misty Holy Land was destroyed, but it is said that the Tianzun Temple did not massacre, but detained all the women in the Misty Holy Land and entered the devil's cave. As for their fate, no one knows."

"The next one to be hit is the Ten Thousand Demon Palace. This is one of the strongest strengths in the past. There are many big demons and even aliens. They are the main target of the Tianzun Palace."

"Although the Ten Thousand Demon Palace did not collapse like the Ethereal Holy Land, it was crippled and injured by luck, and it has since plummeted. In the end, the dissolution of the Ten Thousand Demon Palace is equivalent to destruction."

"In addition to the Misty Holy Land and the Ten Thousand Demon Palace, there are many major forces that have been severely hit, and the emperors of our Qingtian Dynasty have all fallen."

"As for the small forces, there are countless ones that have been destroyed."

"In short, those were the darkest years."

"It has lasted for 800 years. Two thousand years ago, Tianzun Temple did not know what happened. The strong began to wither. It is said that there was civil strife. In short, no one knows."

"The strength of the Tianzun Temple was greatly damaged, and the alliance formed by the major forces began to counterattack. It took a hundred years to finally eradicate the Tianzun Temple completely."

"At that time, many powerful people used terrifying magic weapons to use their great magical powers to bombard the magic cave, causing a big explosion inside the magic cave, and it was certain that there would be no more living beings in it."

"Because of this, the devil's cave is now full of resentment, and even has terrible resentment. Even if you enter the peak of the broken void, you will die."

"Ye Fan, you should understand now. You are a disciple of Tianzun Temple, why did you shock us?"

After Li Qingfeng finished speaking, his face was very serious.

Ye Fan is a disciple of Tianzun Temple, which means that there are still strong survivors in Tianzun Temple.

This is not good news.

Of course, there is no need to worry too much. Today is different from the past. Even if the ultimate fish and shrimp are still alive in the Tianzun Temple, they cannot restore the glory of the Tianzun Temple.

Ye Fan didn't expect to have such a dusty secret, and the Tianzun Temple actually used the magic cave as a nest.

good guy!

Really bullshit.

Moreover, Ye Fan thought that the place where Leia wanted to go to treasure hunt with him was the magic cave.

"Ye Fan, your identity as a disciple of the Tianzun Temple must be kept secret. Once it is revealed, it is very likely that they will attack in groups. There is no place for you in the hinterland of Xianshan!"

"I understand!"

"Okay, let's go." Li Qingfeng waved his hand. After Ye Fan and Princess Yunxi left, he turned around and said, "I hope you all keep your mouth shut. After all, Ye Fan is my concubine, and at the same time, my student."

The ministers looked around, knowing what to do.

the other side.

Ye Fan came to Feixianlou.

Princess Yunxi said: "Ye Fan, what are you going to do next? Cultivation? I can provide you with a very good cultivation environment. Do you know the dragon veins?"

"Dragon vein?"

"Yeah, there are dragon veins in the earth. Every major force will build a mountain gate without chaos. It will be established on the dragon vein, so that the luck will be strong, and the power will be immortal and prosperous."

"Under our Qingtian Dynasty, there is a dragon vein, and it is a mid-grade dragon vein. If you practice next to the dragon vein and absorb the dragon vein's breath, it will be very beneficial, and you can speed up your training."

Ye Fan was moved.

However, now is not the time.

As soon as the Qingtian Ancient Emperor was not there, Princess Yunxi rashly took herself to the dragon vein, which might arouse the dissatisfaction of the Qingtian Ancient Emperor.

Dragon veins are the foundation of a great power.

Outsiders are not allowed to enter.

Although Ye Fan is the concubine, he is actually an outsider!

Second, he needs to fulfill his promise to Leiya first and go to the magic cave to find treasure for her.

"Let's talk about it later."

"I'll recuperate from the injury first, and when I recover to its prime, I have to do one thing."

"What's up?"

"It has nothing to do with you, don't ask."

"Hmph, disgusting!"

Princess Yunxi pouted her red lips.

Ye Fan said: "By the way, I have some friends, let them also come to Feixianlou to settle down."

"Can."

Princess Yunxi did not refuse.

Not long after, Yue Linglong and the others arrived.

Lan Yu, Lan Yuxuan, Fairy Yaoguang, Princess Yunxi didn't feel anything, but when she saw Yue Linglong, she was full of hostility.

A woman's intuition is true.

Princess Yunxi guessed that Ye Fan and Yue Linglong had a close relationship.

Yue Linglong was not afraid, and said with a smile, "Princess Yunxi, take care of me when we meet for the first time."

Princess Yunxi nodded lightly.

"Don't be so cold, in the future, you have to call me sister."

"What's the meaning!"

Yue Linglong didn't explain, but giggled.

The others laughed without saying a word.

Ye Fan's face was full of black lines, and with a wave of his hand, one billion top-grade spirit stones were divided into several portions and distributed to them.

"You can do your own activities, I need healing, so I won't chat with you."

Ye Fan headed into his room.

Feng Yuanhua and others also left.

Princess Yunxi was reluctant and asked, "Hey, what did you mean just now, why should I call you sister?"

Yue Linglong smiled and said, "Idiot!"

"Don't think you're Ye Fan's friend, just be so presumptuous, you're an idiot."

Princess Yunxi was full of rage.

Yue Linglong smiled and left.

"hateful!"

Princess Yunxi stomped her feet, very depressed.

three days later.

Ye Fan adjusted to the best state, said hello to Han and the others, and quietly left Feixianlou.

Wanbaozhai.

Reya was already waiting.

"Young Master Ye, you are finally here."

"Sorry for keeping the shopkeeper waiting. Now that I've reached my prime, I can go to the Devil's Den at any time. Shopkeeper, when do we leave?"

"Now then."

"Can."

Leiya took Ye Fan to the space teleportation array, only to see that Leiya burned 800 million high-grade spirit stones.

Ye Fan was very distressed when he saw it.

Too expensive.

But there is no way, the devil's cave is too far away from here, and it has to spend so many high-grade spirit stones.

Space teleportation takes a while.

After a stick of incense, Leiya and Ye Fan appeared in front of the Shadowless Mountains.

The magic cave is deep in this mountain range.

"Ye Shaoying Mountain is very dangerous, there are many powerful demons, we have to be more careful."

"clear."

Ye Fan and Reya landed.

Flying over the Shadowless Mountains is too dangerous, it is simply a living target.

While traveling through the jungle, Ye Fan said abruptly, "The owner, it seems that the Demon Cave was once the old lair of the Temple of Heavenly Venerate."

Immediately.

Leiya's body trembled.

Ye Fan caught it very keenly.

Leiya said: "Yes, Ye Shao is really well-informed, and it was indeed the lair of the Tianzun Temple."

"Now, the shop owner can tell me what the treasure is looking for."

"Give you this."

Reya threw a jade pendant over.

Ye Fan said: "Sensing the jade pendant?"

Reya nodded: "That's right, if you appear within ten miles of the baby, there will be a sensor, and there will be a prompt."

"Innkeeper, do you have anything to hide? I hope we can be honest with each other. Because it would be very dangerous to enter the devil's lair. If you hide anything, it will be detrimental to both of us."

"Don't worry, I will definitely help you when I get your benefits. I won't go back on my word. You can tell the secrets in your heart."

Reya frowned.

Ye Fan stopped, and Leiya could only stop. She looked at Ye Fan deeply and found that Ye Fan's eyes were very clear.

After thinking for a moment, Leiya made a decision.

"I can tell you, but please keep it a secret, because once exposed, it will be a huge disaster for me and even my family."

"Are you a descendant of a strong man in the Tianzun Temple?"

boom!

Rhea shook.

Ye Fan knew that he guessed right, and he smiled: "That's it, I thought it was something. What you are looking for is also the treasure of the Tianzun Temple back then."

Leiya said: "Yes, there were many invincible magic soldiers in the Tianzun Temple back then, but the strongest one was the Primordial Relic, which has incredible power and can quickly assist you in your cultivation. This is why there are so many strong people in the Tianzun Temple. root cause."

I see.

Ye Fan finally understood.

"It's just that, according to the ancient records of my Lei family, there was a sudden problem with the original relic beads that year, which led to the internal chaos in the Tianzun Temple, which gave the major power alliances a chance. Otherwise, this huge immortal mountain should be controlled by the Tianzun Temple."

"Are you looking for primitive relics?"

"That's right."

"Are you sure? Thousands of years have passed, and the original relics are still there? Presumably, there must be remnants of the Tianzun Temple who have survived. They won't take away the original relics? How can they let it go for thousands of years?"

"The original relic must still be in the devil's cave, because there are ancestral instructions in the Tianzun Temple. Once the original relic is obtained, the Tianzun Temple can be ordered. That is to say, if anyone gets it, then the remnant of the Tianzun Temple will be called long ago. However, My Lei family has never been called upon."

"This shows that no one has obtained the original bead."

"Are you confident that you can get it? Or, you have confidence in me, and I can help you find it? I think there is almost no hope. Since ancient times, there must be countless strong people looking for it, but they have found nothing."

Leiya smiled and said: "It is not easy to sense the jade pendant. It has the blood of the original life of the Lord of the Heavenly Venerate Temple; and the Lord of the Heavenly Venerate Palace is the person who controls the original relic. Therefore, the jade pendant can sense the original relic."

"I also spent a lot of energy to get that life essence and blood, and then refined it into the jade pendant."

"In fact, I can find it for the elders of the family, but then I won't get the original bead. The magic cave is also very special, and the strong may not be safe and sound; so, I concealed everything and looked for Tianjiao to help me. "

"Young Master Ye, you have a lot of luck and a strong body, and you can resist the grievances and resentments inside the devil's cave to the greatest extent."

"I believe you can!"

Chapter 1316: enter the cave

Ye Fan underestimated Leiya.

This woman is not as simple as it seems.

In order to get the original bead, he carefully calculated and planned, and even spent huge resources to win over him.

Such a woman can be said to be a hero.

"Young Master Ye, I told you everything, now you have no doubts."

"I will try my best."

"Thank you Ye Fan for getting the original bead, which I can share with you."

Ye Fan didn't take this sentence to heart.

Will Rhea share with him?

impossible.

Even, once the original relic bead is found, it may be that Reya will start to deal with him.

Because it is impossible for a heroine like Reya to be controlled by others.

Primitive relics cannot be exposed.

Therefore, he must die!

Ye Fan was wary in his heart, I hope he has the heart of a villain, and I hope Leiya has a little conscience.

Traveling through the Shadowless Mountains, I encountered some resistance and encountered some powerful monsters.

However, as long as it is not the peak of the void, it will be fine.

Leiya is also a strong player in the middle stage of the Void Breaker, and his combat power is comparable to the late Void Breaker stage.

Moreover, she is very rich and has many spells and magic weapons on her body, so she should have no problem with the half-step peak.

After traveling for several days, Ye Fan finally found that the world in front of him was extremely cold.

The feeling of being away from life.

Obviously, the way to go is the magic cave.

"Young Master Ye, be careful, the devil's cave is very scary. The monstrous grievance and resentment will cause us big trouble at any time."

"If you encounter resentful spirits wandering out, you will be in trouble."

Reya reminded.

Ye Fan performed a great body protection technique, and at the same time, the emperor's armor appeared, and a demon-subduing pestle appeared in his hand.

To deal with resentful spirits, Buddhist magic weapons are the most suitable.

The deeper you go, the colder the breath.

Eerie and chilly.

The resentment here is indeed very heavy. After all, there were countless disciples in the Tianzun Temple back then, and all of them were killed. Good guy, there will definitely be countless resentments lingering.

If things go on like this, grievances will be born.

There must be terrifying resentful spirits in the depths of the devil's cave, this is certain, there is no doubt.

Ye Fan prayed that the trip would go well.

Once surrounded by terrifying and resentful spirits, it would really be called Tian Tian should not be able to, and it would be called Earth not working.

After wearing it for hundreds of miles, finally, I saw the magic cave.

It is not as grand as Ye Fan imagined, on the contrary, it is very ordinary, like a huge cave.

Leiya said: "In the past, the magic cave was very grand, and it was built by the Tianzun Temple. However, in that battle, the Tianzun Temple was destroyed, and the magic cave was bombed. Bingcheng looks like this now."

Ye Fan found that there were still many skeletons on the land near the magic cave, but they had long since decayed.

From the devil's cave, there is a palpating aura, vaguely, and there is a strange cry.

Ye Fan's scalp was numb.

If I knew earlier, I shouldn't have promised Reya, it's too dangerous.

Where is the nine-death life, it is simply ten deaths and no life.

"Ye Fan, you can rest assured that although I, Leiya, have a plan, I am definitely not a despicable, insidious and cunning person. ="

"I can now make an oath in front of you, no matter whether I can find the original bead or not, you are my friend; if I can find it, I will swoop with you, and I will never do anything to hurt you. ."

"If you violate it, you can't die!"

Ye Fan was a little moved.

The oath of heaven is no joke.

This is the most severe oath.

Ye Fan nodded: "I understand, but the magic cave is indeed dangerous, do you have any cards?"

Leiya said: "With some trump cards, you can run away in the face of the peak-level resentful spirits. If you pay some price, you can kill them. But if you are besieged by many terrifying resentful spirits, it will be dangerous."

"By the way, I forgot to tell you that the void-breaking spell cannot be used in the Devil's Nest."

Ye Fan had a headache.

The void-breaking spell cannot be used, which undoubtedly adds another danger.

do not care.

It's a pity if you don't go in and walk around.

"go in."

Ye Fan took the lead.

Leia followed closely, and the two walked side by side.

It was pitch-black before entering the devil's cave, but for people with different pupils like Ye Fan and Leiya, it didn't matter.

Ye Fan opened his eyes of yin and yang, and he could clearly see the scene of the devil's cave.

In the periphery where this water just entered, there is nothing but strong resentment and resentment.

Rumble.

These grievances and resentments hit Ye Fan and Leiya crazily, to such an extent that both of them can bear it.

The cave is very deep.

There seems to be no bottom.

After diving for dozens of miles, finally, the space became much larger, and a faint green light appeared.

This is a small monster that lives in the devil's cave and feeds on grievances.

A piece of black.

Glittering green light.

As long as they don't attack actively, these small monsters won't go mad.

therefore.

This part of the journey is also a shocking past.

After diving for two or three hundred miles, the scene changed again, and the space became larger again.

The structure of the cave is very special.

It seems to be divided into layers after layers, but they are all tattered.

Leiya explained: "The interior of the devil's cave was built into the Thirty-Three Heavens by the Temple of Heavenly Venerate, but now it has been destroyed."

Thirty-three Heavens? !

Ye Fan was shocked, shouldn't this be the structure of the ancient heaven.

Needless to say, the powerhouses of the Tianzun Temple are still very cow, and there are such designers.

Currently, it is still on the tenth floor.

When we reached the twentieth floor of the dive tunnel, there was finally a huge resistance.

There is no resentment.

Because all the resentment has been liquefied into resentment, this resentment is extremely terrifying.

Rao is Ye Fan's celestial hegemony body was hit and hurt, and the emperor's armor couldn't stop it.

Ye Fan could only take out the Wuxu Kunding.

A square inch mountain overhead.

At the same time, the light of the Haotian Mirror enveloped the whole body.

Ye Fan held the Heaven-Opening Axe and split the resentment, and he and Leiya rushed into the twenty-first floor.

"Roar!"

In an instant, an earth-shattering roar came.

Leiya said: "No, there is a terrifying resentful spirit entrenched in this layer, which is suspected to be a peak-level combat power."

Ye Fan said: "Great Dispelling Technique!"

Immediately.

All the resentment around him disappeared, and a vacuum appeared.

at the same time.

The roar of the resentful spirit disappeared.

Ye Fan confirmed his guess. Resentment needs to rely on resentment. Resentment is the medium. As long as it is not in resentment, resentment cannot be sensed.

Leiya exclaimed: "This magical power is really powerful, dispelling resentment, then we can avoid the induction of resentment, and we can travel unimpeded."

Ye Fan smiled bitterly: "It's not that easy anymore, the resentment is getting stronger and stronger, and my magical powers can't be maintained forever. It's only the twenty-first level now, and the sensory jade pendant has no response at all. We still need to go deeper."

Reya said: "Yes, the twenty-first floor is not our limit, go down with confidence."

Ye Fan rolled his eyes and said it easily.

The 21st floor is already very big, and it is as big as the Qingtian Dynasty.

Ye Fan wandered around with Leiya, and even discovered the resentful spirit entrenched, so to speak, the resentful spirit lord.

The lord of this floor.

It's terrifying, and it does have a peak-level combat power.

Unfortunately.

It seems to be confused, and a clear spiritual consciousness has not yet been born; if there is a clear consciousness, it will be amazing and become a real life.

Ye Fan has an idea for the Wraith Lord.

These can all be the purest power, and once swallowed, it will make the spiritual power skyrocket.

In fact, Ye Fan also tried to swallow his resentment.

It can be swallowed when it is time, however, refining is not easy, although Ye Fan has a great purification technique, which can purify the impurities in the resentment.

But it's still difficult.

Therefore, Ye Fan did not swallow it, and he was too lazy to do it with half the effort.

But the Wraith Lord is different.

To kill it, it is a mass of purest energy, which can be swallowed directly.

"Ye Fan, look for the original bead first. If you can't find it, we are planning to hunt and kill the Wraith Lord." Reya reminded Ye Fan, seeing Ye Fan's thoughts.

"Can."

Ye Fan left with Leiya.

I found a breakthrough and came to the twenty-second floor.

The resentment here is stronger than the above.

The effect of the Great Dispelling Technique was compressed. Before, there was no resentment within a radius of 100 meters, but now it is compressed to a radius of 80 meters.

If you keep going like this, you will end up with a few more dives.

On this floor, there are two resentful spirit lords, as well as some half-step peak-level little lords.

The two continued down.

The twenty-third floor, the twenty-fourth floor, the twenty-fifth floor...

finally.

to the limit.

The effect of the Great Dispelling Technique was compressed to a radius of three feet, or about ten meters.

at the same time.

Ye Fan's consumption is not small.

It is not easy for him to maintain the Great Dispelling Technique.

Wandering around the twenty-fifth floor, the sensory jade pendant still did not respond, and Leiya was a little disappointed.

Ye Fan was in high spirits.

It wasn't for the original relic, in fact, he didn't think he could find the original relic at all.

He found that the space on the second and fifth floors was larger, like a small world, with eight resentful spirit lords entrenched; half-step peak level small lords sixty or seventy.

Besides.

Ye Fan also discovered that a very strange flower grows in the ocean of resentment, swaying, extremely gorgeous.

Reya said in shock: "That is the flower of the gods, and such a precious baby was born."

Ye Fan said: "If you swallow the so-called **** flower, you should be able to increase your spiritual power."

Leiya said: "Why is this, it is said that it can wash the dirt of the body, making the body extremely ethereal; and the spiritual power will directly skyrocket. I don't know what year the **** flower is, but the **** flower of 800 years can restore the spirit of the spirit. The power has been raised to the middle and late stage of breaking the void; if it exceeds a thousand years, there is hope that the spiritual power will be raised to the peak of breaking the void."

Ye Fan clicked his tongue secretly.

It's really a cheater!

If the spiritual power is raised to the peak of breaking the void, it is simply terrible and unnecessary.

"Ye Fan, don't be reckless!"

Leiya grabbed Ye Fan, afraid of Ye Fan's impulse to pick.

"Obviously, this ocean of resentment is the domain of the two resentful spirit lords. They are cultivating the gods and flowers, and they want to use the gods to give birth to the spiritual consciousness of the real situation."

"Once you touch it, you will definitely be hunted down by them."

"The resentful lord on the twenty-fifth floor is already very sensitive. Even if we are not contaminated with resentment now, once locked, we may not be able to escape."

Of course Ye Fan knew in his heart, but the treasures of the gods and flowers were hard to come by.

If you see it, it means that it is a fortune-telling opportunity.

How can you give up!

Ye Fan said: "The shopkeeper, give me a letter of approval, do you want to continue diving? On the twenty-sixth floor, my great dispelling technique will definitely not be able to hold up. At that time, it will be affected by the resentful spirit lord and many small lords, so Chase. Do you want to continue exploring?"

"This....."

Reya was confused.

After finally reaching the twenty-fifth floor, if you don't continue, you will fall short.

She was very unwilling.

Ye Fan comforted: "We must have self-knowledge. Our ability, even if we are civilians, can only go to the twenty-eighth floor at most. It is impossible for you to go to the thirty-third floor."

"Give me some time. When I advance to the Void Realm, I'm taking you here. Don't worry, I, Ye Fan, said that I will help you, and I will definitely help you to the end."

"Whether I can find the original bead or not, I will definitely send you to the thirty-third floor in the future!"

"What do you say?"

Seeing Ye Fan's burning eyes, Lei Ya's heart throbbed and nodded heavily: "Okay, I believe you!"

Ye Fan said with a smile: "Then, our task is to capture the flower of the gods, and by the way, hunt and kill the lord of the resentful spirits. It's hard to come here, of course, we can't get nothing."

Chapter 1317: peony

It is very difficult to get the flower of the gods. Ye Fan and Leiya will face the pursuit of two ghost-breaking peak resentments.

In addition, these two resentful spirit lords also have many half-step peak younger brothers.

Once the silver hair makes a big move, other resentful spirit lords will definitely get involved.

The entire twenty-fifth floor will be turned upside down.

So how to plan is a big problem, and the news must be cautious.

Reya has quite a few cards:

There are two talismans to break the virtual peak; three Hunyuan thunderbolts; and the magic soldier he borrowed from the family, that magic soldier is amazing, called Tianleichi.

The power of terrifying thunder can be erupted.

Thunder, dealing with resentful spirits, has a great restraint effect.

However, these are not enough, even if you add Ye Fan's magic soldiers, you can only passively be beaten.

"It would be nice if you could control a few resentful spirit lords, and let them fight each other."

Ye Fan muttered to himself.

Leiya rolled his eyes and said, "Impossible, it's not too bad to control some low-level resentful spirits, as long as the mental power is strong enough. How can the resentful spirit lord control, unless he breaks the shackles and becomes a powerhouse in the realm of God Transformation!"

Ye Fan remembered the Great Purification Technique.

This is said to purify everything.

The reason why it is difficult for a resentful spirit to give birth to a clear spiritual consciousness is because a resentful spirit is born from the gathering of many distracting thoughts, filled with countless distracting thoughts and magazines, causing confusion.

If it purifies those impurities and dispels those distracting thoughts, it will undoubtedly help the resentful lord to give birth to a complete and clear spiritual consciousness.

However, Ye Fan self-assessed that his current Great Purification Technique was unable to purify the distracting thoughts and impurities in the main body of the Resentful Spirit Leader, because the gap was huge.

"The owner..."

"It's all at this point, don't be so sensible, I'm older than you, just call me Sister Ya."

"Sister Ya, why don't you wait a minute, I'm practicing a supernatural power, and then we will deal with the resentful lord?"

Leiya frowned and asked suspiciously, "Are you sure?"

Ye Fan said: "You can give it a try, it will take some time, what do you think."

"Since you are so confident, then listen to you. Are we leaving the cave now?"

"That's not necessary. Let's go to the 21st floor. There is only one resentful spirit lord there, and it is the weakest. You can use it to practice your hands."

Reya is now completely listening to Ye Fan.

Ye Fan's charisma and invincible self-confidence subtly influence the people around him.

On the twenty-first floor, the pressure is very small.

The big dispelling technique can be maintained for a long time, with a radius of 100 meters, enough for two people to move.

Ye Fan sat directly cross-legged and began to comprehend the Great Purification Technique and the Great Dispelling Technique.

The mysterious operation of the mysterious door will improve understanding.

Leiya looked amazed, but she was not idle, she still used some secret techniques to refine her resentment and swallow it.

This is very beneficial.

Time flies by, and here, there is no concept of time.

I don't know how long it took.

Ye Fan opened his eyes, and two rays of light burst out. At the same time, some black aura flowed out of his body.

These are the deepest impurities in his body.

It was impossible to purify and disperse before, but now the two magical powers have greatly improved, and they have finally been cleaned up.

The current Ye Fan is very ethereal.

At this time, Leiya was also awake, she looked at Ye Fan, and found that Ye Fan had changed a lot, and his temperament was even more dusty, really like an immortal.

"Sister Ya, come here, I want to wash your body." Ye Fan felt very comfortable and waved to Leiya.

Rhea was curious.

In the next second, two powers were on his body.

tons of water.

Leiya's body trembled, she closed her eyes, and couldn't help groaning.

Really comfortable!

Gradually, some black breath and liquid overflowed from Reya's body.

A full three hours.

Reya was bound to fall asleep.

Her skin has become fairer and more hydrated than before, and her appearance has increased a bit.

"Sister Ya."

Ye Fan woke Reya up.

Leiya stretched and smiled: "Ye Fan, thank you, it's really amazing. The impurities in the body have been removed, and the strength has improved a bit."

"Now, it's time to do business."

Ye Fan's eyes became cold.

The two found the resentful lord who was entrenched.

At this level, their bodies have almost materialized, and they have transformed into many appearances.

Some Wraith Lords transform into human appearances, while others transform into monsters and monsters.

All in all, weird.

In fact, what it turns into is dominated by the strongest obsession.

now.

The resentful lord in front of Ye Fan looked like a human woman, which showed that when countless obsessions gathered, the strongest obsession was that of a human female powerhouse.

Her obsession dominates.

"Sister Ya, use Tianleichi to suppress her."

"Okay!"

Leiya is also unambiguous, and directly revives Tianleichi.

Ye Fan saw that the square pool suddenly turned into a vertical and horizontal three kilometers.

Countless thunder raged.

Buckle it upside down and drown the Wraith Lord.

"Roar!"

At this moment, when the resentful lord is in pain, Tianlei has the ability to restrain resentful spirits.

It can be seen that the body of the Wraith Lord began to smoke.

"Fengshentai!"

Ye Fan threw out the magic weapon and cooperated with the Great Sealing Technique to seal the Tianlei Pond so that the resentful lord could not escape.

"kill!"

"You... who are... let go... kill kill kill!!!"

To Ye Fan's surprise, the resentful spirit lord could speak, but he was not sober, confused, or slaughtered the majority.

But this is good news.

Ye Fan decided to communicate with the Wraith Lord first. He said, "Calm down, I have no ill intentions towards you. I want to help you evolve the distracting thoughts and impurities in your body, so that you can successfully give birth to a complete sobriety."

"Roar!"

However, the Wraith Lord did not seem to appreciate it, struggling frantically, bombarding the Tianlei Pond.

Leiya said: "Ye Fan, don't waste your words, just do it. This guy is too ferocious, and the seal between Tianleichi and you won't last long."

"Sister Ya, hold on for a while."

Ye Fan took a deep breath.

His spiritual power spread, and he kept trying to appease the resentful lord over and over again.

tell the intention.

Expression of emotion.

There are indeed some effects. Although the Wraith Lord is still crazy, the movement is much smaller.

"Calm down, I will really help you, don't resist, open your heart, I will wash away the distracting thoughts in your body, you will reduce the pain."

"cheat!"

The roar of the Wraith Lord.

Ye Fan said: "We have no grievances or enmity, why should we deceive you. Try it out, I can't hurt you with my ability. Could it be that you are not confident in yourself?"

"Roar!"

The Wraith Lord made a fierce shot, and the Thunder Pond was crumbling, as if he was announcing his own power and terror.

Subsequently.

Actually, it was a little quieter.

Ye Fan saw that there was a play, so he approached Tianleichi, he stretched out his hand and touched the seal.

Suddenly.

The Wraith Lord's hand grabbed it.

Ye Fan was startled, but Ye Fan didn't move his palm away, and across the seal barrier, he and the Resentful Spirit Lord fought against each other.

Subsequently.

The power of purification spread, penetrated the sealing barrier, entered the arm of the Wraith Lord, and slowly entered her body.

In an instant.

The Wraith Leader became irritable, and when he was crazy, it seemed to be extremely painful, and he kept roaring.

"Evan!"

Reya couldn't take it anymore. ,

Ye Fan also used energy to maintain the Tianlei Pond, but he was very puzzled. Could it be that his guess was wrong.

The Great Purification Technique is useless to the Wraith Lord, unable to cleanse the body at all?

impossible!

Ye Fan squinted and stared at the resentful lord, vaguely, in her body, countless hideous faces appeared.

this moment.

Ye Fan suddenly realized.

He wanted to purify those distracting thoughts, which naturally caused the counterattack of those distracting thoughts, causing chaos, so the lord of resentment was extremely painful.

But this is what she has to go through.

"hold onto!"

"You should know, you should feel, you should realize, the fear of those distracting thoughts, they are in fear of being eliminated!"

"You should know now that I can help you!"

"As long as the distracting thoughts in your body are taken out, you will be awake, and you will not be in pain."

"Keep the last trace of your heart!"

"Open your heart, let me wash your body for you, and take the chance."

Ye Fan's voice was like thunder.

The entire twenty-first floor is shaking, and the resentment is like waves in the sea, madly turbulent.

"what!"

The Wraith Lord suddenly opened his arms and screamed in the sky, which really opened up everything.

The only trace of wisdom she had, she made a decision and gave herself a chance to be born again.

"Great Purification Technique!"

"Great Dispelling Technique!"

Ye Fan's silver hair danced wildly, urging frantically.

The power of dispelling and the power of purification are combined, and the naked eye can clearly see that in the main body of the Wraith Leader, those hideous grimaces are wailing, going crazy, and then gradually disappearing.

Of course.

There were also some distracting thoughts rushing out, but all of a sudden, they were bombarded by the power of thunder in Tianleichi.

Reya was shocked.

Unexpectedly, Ye Fan really succeeded.

It was incredible that he, this man, could actually help the Wraith Lord regain his sobriety.

What does this mean?

Doesn't it mean that in the future, the entire Demon Cave will become Ye Fan's territory!

He helped the resentful lord to give birth to a complete and sober spiritual consciousness. At that time, the resentful lord was pure and innocent, and he would definitely regard Ye Fan as the closest person.

That is to say.

Ye Fan will have a large number of Wraith Lord-level guardians.

Just a matter of time.

Oh my God!

Leiya couldn't imagine that there were so many resentful spirit lords in this devil's cave. Once they were all gathered by Ye Fan, then Ye Fan alone would be equivalent to a super power.

even.

The Temple of Heavenly Venerate will reappear!

At this moment, Leiya's eyes changed when she looked at Ye Fan. She had never seen such an amazing talent!

Do not!

It can be said that it can not be called Tianjiao!

above the arrogance.

it's for.

Young Supreme!

"what!"

The Wraith Lord kept screaming, she was in great pain, this was indeed an extremely tormenting process.

However.

Her pain was fading rapidly.

finally.

Everything is at peace.

Ye Fan gave Leiya a look, and she took back the Tianlei Pond.

Afterwards, Ye Fan pulled the resentful lord to his side, and there was no room for resentment.

At this moment.

This resentful spirit lord no longer has evil thoughts and grievances, and his entire body is incomparably ethereal.

As if, as a pure creature.

but.

Although the distracting thoughts are clear, it will take some time to give birth to a complete spiritual consciousness.

"Ye Fan, you are really amazing." Reya couldn't help but admire.

"low profile."

Ye Fan is also very happy. He knows the benefits of this, and he may create an army of resentful lords.

How majestic that must be.

"Ye Fan, this is a precious medicine for nurturing spiritual power. I only have so much on me. I will use it for her first."

"Thank you."

Ye Fan put the precious medicine into the main body of the Resentful Spirit Territory, and the precious medicine was absorbed all at once.

The original Xiao Huo Miao's consciousness has gradually grown. Although it is not complete, it is already a sober ideology.

"who I am?"

Suddenly, the Wraith Lord spoke leisurely. This was a woman's voice. It was very clear, but it was a bit vicissitudes of life.

This is a new life.

The past no longer exists.

"Your name is... Peony, my name is Ye Fan, you are my guardian. Due to the heavy trauma, I lost my memory."

"Peony? Ye Fan? Daoist?"

"That's right!"

"Why don't I remember anything?" The Wraith Lord held his forehead, his slender figure exuded a powerful charm and great majesty.

You know, this is the existence of the peak level of breaking the void.

"I said just now, you have suffered a heavy blow, you will remember it in the future, trust me."

Peony will be suspicious.

Now, her ideology is not complete and needs to be nurtured, but it can be taken slowly.

Available in the next second.

Ye Fan and Leiya were stunned.

I only saw that Peony opened his mouth, and the endless resentment was swallowed up by him.

It is then transformed into energy to nourish the spirit.

three days later.

Peony's ideology is completely complete, and the majesty of the superior is vividly exuded.

In the past three days, Ye Fan chatted with her a lot, and also told some basic situations outside.

The relationship between the two parties gradually became closer.

"Ye Fan, there are some powerful guys lurking below, but I can still handle it."

Peony is very confident.

"You hold one, I will be able to kill the other soon, and I will come to help you at that time."

"Such a cow?"

"Cow?" Peony was very puzzled. Isn't this very easy.

Just a grudge!

The corner of Ye Fan's mouth twitched, but it was reasonable. Peony is now fully awake, not the lord of resentful spirits who are confused.

A clear mind is naturally more powerful than a confused mind.

There is no doubt about that.

Ye Fan was full of pride and said with a smile: "Well, let's do a big vote!"

Chapter 1318: Harvest! Cataclysm!

Ye Fan was very excited.

Reya was also very excited.

This is too much. Killing two resentful spirit lords is equivalent to killing two powerhouses at the peak of the void.

This is not possible outside.

Even in the capital of the Qingtian Dynasty, Jiujian Immortal projected and cut off the legs of the great elders of the Great Wilderness Ancient Sect, but in fact, they could only pretend to this extent at that time.

His projection is only one blow.

It can only cause so much damage to the Great Elder, and it is not easy to kill an old monster at the peak of the void.

An existence like the Great Elder of the Great Wilderness Ancient Sect cannot be compared with those of the Demonic Beast Mountains.

The Great Wilderness Ancient Religion inherits the great traditions of the ancients, and has a solid foundation. As a great elder, he has many trump cards; and those demon beasts, although powerful, are at most scattered cultivators.

There is a huge gap between the two.

So, when they crossed the Demonic Beast Mountains, Jiu Jianxian and Empress Suzaku showed great power and killed the Demonic Beast at the peak of the void, which was just the lowest common peak.

In the same realm, there are naturally highs and lows.

anyway.

Under the leadership of Ye Fan, they came to the 22nd floor, where there were two resentful lords.

Ye Fan and Leiya started to set up the formation first.

After getting ready together, Ye Fan gave Peony a wink, and in an instant, Peony began to shoot.

Really a tough character.

It was a palm, it was a mental attack, it was the killing mantra that Ye Fan passed on to her, and the six-character mantra of Buddhism was also taught.

As the lord of the resentful spirits, his spiritual power is inherently strong.

Therefore, the cultivation is very fast, and it can be said to be extremely smooth.

"boom!"

However, this resentful spirit lord is not garbage, he was immediately alarmed, roared, and when he roared, the world was turned upside down in an instant.

However, it was still knocked out by this blow.

howl.

Suddenly, in a distant place, another Wraith Lord was alarmed.

whistling.

"Get up!"

Ye Fan shouted and joined hands with Leiya to revive the Peerless Killing Array that had been prepared.

This killing formation is even based on Tianlei Pond.

It can be seen that the entire killing array is filled with the power of thunder, which instantly drowns the resentful lord.

at the same time.

Ye Fan's magic soldiers were also thrown out.

Fengshentai!

Fangcun Mountain!

Wuxu Kunding!

Suppressed all together.

And he himself, holding a pestle to conquer the devil, cooperated with the Buddha's scriptures to launch an attack.

Buddhist scriptures are also good things.

It's just that it hasn't been used very much for a long time, and now it plays a big role.

In accordance with the Buddha's scriptures, the demon-subduing pestle can be said to be a brilliant Buddha. When the hammer went down, the resentful spirit lord screamed.

"Roar!"

The Wraith Lord went mad.

With a single blow, the unparalleled killing formation was shaky; Ye Fan and Leiya were shaking with blood.

Reya even spat out a mouthful of blood.

So fierce!

Ye Fan was secretly shocked.

This resentful spirit lord is incredible, very powerful.

"Boom boom boom..."

With his crazy attack, cracks appeared in the peerless formation.

Reya was shocked.

Ye Fan's face darkened, and he shouted: "Peony, make a quick decision, this guy is going to break out!"

that side.

Peony is quite handy.

She has a completely crushing attitude, and she is outrageous, but it is still difficult to kill.

Seeing that Ye Fan was in crisis, Peony became ruthless.

She has deeply integrated into the identity of the guardian, and naturally does not allow Ye Fan's life to be in danger.

"what!"

Peony roars.

She didn't know what method she had used, but she actually produced a terrifying statue.

As soon as the statue came out, it directly crushed all the resentment within a hundred miles.

There is a vacuum.

The terrified roar of the Wraith Lord, however, to no avail, the idol suppressed him.

Subsequently.

His body collapsed directly.

"Cohesion!"

However, Peony did not let it go, and condensed his body again, but now, it is a mass of energy without chaotic consciousness.

"Evan!"

Peony directly injected this mass of pure energy into Ye Fan's body, but did not let Ye Fan absorb it, but sealed it in Ye Fan's body.

joke.

If such a huge amount of energy is input all at once, even if Ye Fan does not explode and die, there may be problems.

Peony is still very thoughtful.

"Get out."

Peony sent Ye Fan away, then grabbed the demon pestle, and rushed directly into the Peerless Killing Formation.

Next.

It's a brutal war.

The Peerless Great Array exploded quickly, and Peony held the demon-subduing pestle, controlled the square-inch mountain, and frantically bombarded the resentful lord.

The guy who beat him has no temper at all.

"Peony, can you seal it and not kill it?"

"Can!"

Peony performed the great sealing technique that Ye Fan taught her.

The resentful lord, who was already dying, was directly sealed and fell into a deep sleep, with no room for counterattack.

Ye Fan was stunned.

I thought it would take a lot of work, but I didn't expect Peony to be sealed directly.

Worthy of being at the pinnacle level of Shattering the Void, with such a strong mental power, it is really too fast to cultivate supernatural powers.

Ye Fan knew that his realm was still low, and the power of the divine power method increased with the growth of realm and level of comprehension.

Now Ye Fan knows that he is a little biased.

The physical body is extraordinarily powerful, and can rely on the physical body to fight against the existence of the late stage of Void Breaking, and even the existence of half-step peak.

However, the realm is only the late Nascent Soul.

Need to be upgraded.

At least to be promoted to the Void Realm.

"This time, I will hit the peak of Dao Yuanying, and then I will try to hit the void-breaking realm. Linglong still has a void-breaking pill in his hand. If I had known, I would have asked the teacher for some void-breaking pills if I left the Beidou Sect."

"By the way, Wanbaozhai must have some medicinal pills to help break through. When I go back, I will ask Sister Ya for some."

Ye Fan came to Leiya and performed a big healing technique to heal her.

Peony floated over and handed the sealed lord of resentment to Ye Fan.

"Are you going to continue?"

Peony asked abruptly.

The corner of Ye Fan's mouth twitched, feeling, peony was addicted, and he had to go to the twenty-third floor.

Reya was also dumbfounded.

On the twenty-third floor, there are three Wraith Lords.

For the sake of safety, Ye Fan did not plan to take risks. He felt that it would be better to improve his realm first.

in addition.

She also hopes that Peony will continue to practice magical powers, so that her strength will be stronger.

By following yourself, you no longer have to be afraid of old monsters like the Great Elder of the Great Wilderness Ancient Sect.

"Sister Ya, how about going back?"

"I'll listen to you."

Reya has been convinced by Ye Fan's charm.

So, they left the magic cave, but the moment they came out, Wuying Mountain was shaken.

Countless demons roared.

However, this roar was mixed with fear.

"What happened?"

Ye Fan was surprised.

Could it be that it was because of them?

correct!

The resentful spirit lord has been in the devil's nest for countless years, but he has not come out. This is a doubt.

Now, he brings the peony out...

Did it cause a catastrophe?

Ye Fan looked at Leiya, and the latter said: "Don't worry, the spirit lord is in chaos and is bound in the devil's cave; but Peony is sober, and it can even be said that she is not a resentful spirit, she is a brand new life, no It will be bound by the devil's cave and will not cause disaster."

"Then this is it now?"

At this moment, above the sky, a tyrannical breath flew past.

Flying over the Shadowless Mountains is rare.

But not long.

There are also some tyrannical breaths flying by, which should all be at the peak level of Shattering Void.

Their direction is the same.

Peony said: "I sense that there are many strong people in far away places, and something big should have happened."

Ye Fan said: "Let's go and have a look. The gathering of so many strong people must be an earth-shattering event."

Reya and Peony naturally have no problem.

...

Star Sea Cloud Mirror.

This is also a restricted area, because there is a terrifying alien species inhabited here.

If you want to go to Xinghai Yunjing, you must pass through the Shadowless Mountains.

now.

Xinghai Yunjing, a catastrophe broke out.

Triggered the Shadowless Mountains earthquake.

It also attracted many strong men to come.

"Oh my God!"

The first group of powerhouses who arrived were shocked to see the broken gate of the Xinghai Yunjing.

It was clearly attacked.

who is it!

So bold!

Dare to attack the Xinghai Cloud Realm.

"That man!"

Suddenly, a strong man recalled.

In the capital of the Qingtian Dynasty, the man who chopped off the legs of the great elder of the Great Wilderness Ancient Sect said that he was in the Xinghai Cloud Realm.

It should be the man who attacked.

"Would you like to go in and have a look?"

"Xinghai Yunjing, you are not allowed to trespass without permission, do you really want to go in?"

"There must be a disaster inside, and now you don't care what the rules are, let's go in."

"Alright!"

The strong rushed into the door.

After entering the Xinghai Cloud Realm, they were even more shocked, and it was also full of beacon fire and wolf smoke.

extensive ruin.

Extensive ruins.

The sky was ablaze with flames.

The entire Xinghai Cloud Realm is a dilapidated and depressed scene, which makes all the strong people unbelievable.

"Look!"

Suddenly, a strong man found some clues.

It was a piece of blood-stained cloth, only one piece, but it was extremely precious.

It can be found that this cloth is made of countless treasures of heaven and earth, and you can vaguely see the pattern of a five-clawed golden dragon on it.

"This is the breath of the Qingtian Ancient Emperor, this is his dragon robe!"

An old monster was shocked.

The whole place was silent.

Qingtian Ancient Emperor was in the Xinghai Cloud Realm, and his dragon robe was smashed.

What a terrible battle!

"The Qingtian Ancient Emperor has a relationship with the master of the Xinghai Cloud Realm. It cannot be the Qingtian Ancient Emperor's attack, it should be to help her!"

"That's right!"

All the strong people present agreed.

The Xinghai Cloud Realm is the habitat of the alien green luan.

Qingluan, rumored to have the bloodline of an ancient phoenix, is extremely powerful, and is also the most beautiful female creature in the hinterland of Xianshan.

Her face will never age.

In the past, countless Tianjiao were fascinated by it, and the Qingtian Ancient Emperor, who was still the prince at that time, was no exception.

Unfortunately.

Qingluan is arrogant and cold by nature, even the prince of the dynasty, the young master of the great sect, and the holy son of the Holy Land, she doesn't look down on it.

Create the Xinghai Cloud Realm and live here.

And set the rules.

Any creature, without her permission, dares to enter the Xinghai Cloud Realm, she is bound to kill, and even destroy the forces behind it.

At first, no one believed it.

Until, a few decades later, a young Tianjiao came here and entered the Xinghai Cloud Realm.

Killed on the spot.

On the same day, Qingluan came to Tianjiao's sect, and it was destroyed directly.

Up and down, chickens and dogs do not stay.

Rivers of blood.

Qingluan is noble and equally ruthless.

Her strength is extraordinarily powerful, and she has realized the opportunity to transform into a god. It is said that there are more than one.

It is one of the strongest people in the hinterland of Xianshan.

Among the creatures who love Qingluan, Qingtian Ancient Emperor is the most infatuated.

Although he did not hold the beauty back, he has always loved her deeply. Until now, the Qingtian Ancient Emperor has only a concubine, but no queen.

In his mind, the queen will always be Qingluan.

Even if he can't get it.

Before, Jiu Jianxian said that he was in the Xinghai Cloud Realm, and the Qingtian Ancient Emperor couldn't help it.

So, immediately head to Xinghai Cloud Realm.

I thought that Jiu Jianxian was taking Qingluan's turn, but I didn't expect it to be against Qingluan.

Do not!

To be precise, it wasn't him who dealt with Qingluan, but a big fiery red bird.

That is Empress Suzaku.

What Ye Fan didn't know was that Empress Suzaku and Empress Qingluan had a grudge.

As early as many years ago, it was the opposite.

It's a pity that Empress Suzaku lost the battle that year, so the resources left the hinterland of Xianshan and went to the periphery.

Ye Fan wants to come to the hinterland of Xianshan, and the reason why Jiu Jianxian will agree is because he wants to bring Empress Suzaku to Xinghai Yunjing and let her fight Empress Qingluan.

Jiu Jianxian knew that Empress Suzaku had always had a heart.

This knot can only be solved by fighting with Empress Qingluan, so he agreed to bring Ye Fan to the hinterland of Xianshan.

Besides, when the Qingtian Ancient Emperor saw Empress Suzaku and Empress Qingluan fighting, the Xinghai Yunjing was beaten to pieces, and the thunder was furious.

then...

The two men got into a fight.

That's right, Qingtian Ancient Emperor and Jiu Jianxian fought hard for the sake of their sweetheart, which directly led to the complete ruin of Xinghai Yunjing.

Chapter 1319: Break through the cave

The powerhouses continued to go deeper and seemed to be looking for Empress Qingluan and Qingtian Ancient Emperor.

Yet nothing was found.

In the entire Xinghai Cloud Mirror, there are only countless flames, hot and cold.

Empress Suzaku's flame was extremely hot.

Empress Qingluan's flame was very strange. On the contrary, it was extremely cold.

two extremes.

At the same time, they are both the bloodline of the ancient phoenix, so they have become dead enemies.

"Look, a lot of resources, and some treasures!"

Suddenly, the powerhouses discovered the treasure house of Empress Qingluan, which was clear at a glance.

However.

They looked at each other, but did not dare to take it.

If you break into the Xinghai Yunjing without authorization, Empress Qingluan will destroy her whole family. If she steals the treasure, it will be worth it!

This is not only the anger of Empress Qingluan, the Qingtian Ancient Emperor will definitely join in.

But.

There are always some greedy guys.

A big demon sneered: "A group of cowards, now Empress Qingluan and Qingtian Ancient Emperor don't know where they are, even if they are alive or dead. The treasure is right in front of you, and you dare not take it. It's ridiculous. A group of cowards !"

The words fall.

He rushed to the treasury.

When the other powerhouses saw it, their minds also became active, but at this moment, a Ling Lie fist fell from the sky.

This punch came too fast and too suddenly.

And invincible.

The big demon's body was directly pierced, and he was seriously injured and dying, and his body was about to collapse.

"what!"

The sudden change frightened the other strong men into disarray and retreated crazily.

only see.

The sky was torn apart, and two figures suddenly appeared, namely Jiu Jianxian and Qingtian Ancient Emperor.

And the punch just now was shot by the Qingtian Ancient Emperor.

That's the difference.

Although the big demon is at the peak of breaking the void, but it has just been promoted, where is the enemy of the Qingtian ancient emperor.

This blow shocked the audience.

Those strong people dare not think about it.

"boom!"

Above the sky, two strong men fought.

It can be seen that the Qingtian Ancient Emperor was covered in blood, his dragon robe was damaged, and his head was disheveled; however, Jiu Jianxian was also not much better.

In fact, the road to enlightenment of the Spirit Sword Immortal is more profound than that of the Qingtian Ancient Emperor.

However, there is a country behind the Qingtian Ancient Emperor.

He even the ancient emperor.

Can mobilize the power of luck of the Qingtian Dynasty.

Only then did they fight with Jiu Jianxian in such a field, both sides received serious injuries, but no one obeyed the other.

because.

Empress Suzaku and Empress Qingluan, who they represented, neither wanted to be defeated in front of their sweethearts.

"Hehe, Suzaku is not Qingluan's opponent at all, and she will be beheaded soon; and after swallowing Suzaku's bloodline, Qingluan's ancient phoenix bloodline will be greatly improved, maybe it will be able to break the shackles and turn into a god! "

Qingtian Guhuang sneered as he shot, he was very confident in Qingluanian Empress.

However, Jiujianxian said: "Suzaku is not so simple. Since she dares to be big with Qingluan, she must have her own confidence."

"Then wait and see!"

The two sides hit each other fiercely.

The entire Xinghai Yunjing was overturned, and the powerhouses watching the battle were trembling with fear.

Is this the battle of the top powerhouses?

Terrible!

Before everyone came back to their senses, they only saw two high-pitched cries, followed by a fiery red light tearing through the space, and a cyan brilliance.

In an instant.

The Xinghai Cloud Mirror rises into a sea of fire, filled with and spread, extremely terrifying.

Fire red flames and bluish white flames.

Ice and Fire.

The fight between Lady Suzaku and Lady Qingluan was even more intense than that of Jiu Jianxian and Qingtian Ancient Emperor.

Completely desperate.

Because, both sides know that they cannot lose, they must win, even if they sacrifice their lives.

They turned into human form for a while, and turned into a body for a while, colliding wildly.

Just in time, Ye Fan and the others just arrived.

In fact, Ye Fan had already guessed something, and seeing the battle at this moment confirmed his thoughts.

"So strong!"

Peony exclaimed.

Leiya said: "Ye Fan, isn't that your guardian, why did you fight with the Qingtian Ancient Emperor!"

Peony said: "The one who uses the sword is your Taoist guardian? Do you have a Taoist guardian besides me?"

"no."

Ye Fan shook his head.

"That senior is not my protector, it's just that I have a relationship with him, so I stood up for me before. I never said he was my protector, it's all your self-conjecture."

Rhea nodded.

Peony's heart is comfortable.

More and more powerhouses are coming together, after all, this battle is really too big.

Xinghai Yunjing is another special place.

Naturally attracted countless strong.

Even some powerhouses were a little moved. Those who used to be the pursuers of Empress Qingluan now have enough strength and want to join the battlefield.

"Oops!"

Ye Fan's expression changed, this is not good news.

Jiujianxian can't deal with so many strong people alone, even if he asks Peony to join in, he can't.

Seemingly also feeling the trouble, Jiujianxian suddenly let out a long roar, and one piece split open the avenue to the sky.

"Shh!"

Immediately afterwards, Empress Suzaku wrapped Empress Qingluan around and left Xinghai Vision along Tongtian Avenue.

Jiujianxian and Qingtian Ancient Emperor followed.

Still fighting along the way.

The direction they were going was the Shadowless Mountains, and as a result, large areas of the mountains were destroyed.

In the Shadowless Mountains, the demons were extremely frightened.

"Where is this going? No way..." Ye Fan and Leiya looked at each other.

The two guessed the same.

Sure enough, in the end, they reached the devil's cave, and Lady Suzaku and Lady Qingluan rushed into the devil's cave.

Jiujianxian and Qingtian Ancient Emperor didn't even think about it, and they went in.

"I actually rushed into the devil's cave!"

The powerhouses were watching, but they were hesitant to go in, because even if the powerhouses at the peak of breaking the void entered, there would be a big crisis, not to mention, there would be a big war inside.

It will definitely disturb the Wraith Lord.

In the devil's den, is the world of the resentful lord.

Ye Fan is also very anxious. He wants to subdue more resentful lords, but he can't be killed by Jiujianxian and the others.

"I think this is an opportunity. Those resentful spirit lords are disturbed and will definitely launch an attack. They are definitely not opponents and will be severely injured, so it will be easy for us to seal them, what do you think?"

"Yes!"

Ye Fan's eyes lit up.

He looked at Peony, the latter said: "I have no opinion, I am your guardian, what do you want to do, I will listen to you."

"Well."

Ye Fan immediately passed it on to Peony's Great Invisibility.

Peony was very excited, knowing how powerful and interesting this magical power was, he led Ye Fan and Leiya into the magic cave quietly, and at the same time learned the great invisibility technique.

nowadays.

Wine Sword Immortal and the others have reached the twenty-fifth floor.

There are eight resentful spirit lords here, all of them are very terrifying, and they are also in trouble.

And the resentful spirit lords on the twenty-fourth and twenty-third floors were killed by them, and the rest were seriously injured.

Peony shot, foolproof.

"Ye Fan, we really had a great harvest, and we got four more resentful lords."

"Yes!"

Ye Fan was overjoyed.

In addition, I got one before, and I have five resentful spirit lords sealed in my hands.

His wish to build a Wraith Lord team is about to come true.

"Peony, go on!"

This time, they were careful.

Because the war broke out on the twenty-fifth floor, it was too intense, and the resentment was overwhelming.

Ye Fan passed on a lot of magical powers to Peony.

Peony used the Great Dispelling Technique and the Great Invisibility Technique, hiding quietly, waiting for an opportunity.

The eight resentful spirit lords are indeed powerful, but after all, it is not that they cannot withstand the bombardment of Jiujianxian and Qingtian Ancient Emperor.

in addition.

Empress Suzaku and Empress Qingluan's natal flames also have a strong ability to restrain these resentful spirits.

soon.

Three of the eight resentful spirit lords were beheaded, and the remaining five were seriously injured and fled.

Jiujianxian and Qingtian Ancient Emperor could ignore it, and immediately reached the twenty-sixth floor to protect the battle between Suzaku and Qingluan from being affected.

"peony!"

"clear!"

Next, let's watch Peony's performance.

The five resentful spirit lords who escaped did not escape the clutches of Peony, and were captured by the seal.

"Ten!"

Ye Fan was overjoyed.

This is to be invincible, really invincible.

Leiya looked at Ye Fan with admiration. Unexpectedly, a visit to the magic cave would directly make Ye Fan a superpower.

is not that right.

After these Wraith Lords were purified, they, like Peony, became Ye Fan's guardians.

Think about it.

More than a dozen, but dozens of Void Breaking Peak Dao Protectors stood up, who would dare to make trouble!

There is no other force that has dozens of Void Breaking Peak powerhouses!

Wanbaozhai does have it.

However, most of them are enshrined by guest ministers, and the strong people who invite them to sit in town are not strictly speaking people from Wanbaozhai.

Ye Fan, you must win over.

Reya swears in her heart that even if she sacrifices herself, she will be tied to Ye Fan.

In Wanbaozhai, the competition is also fierce.

The ancestor of the Lei family was a sovereign of the Tianzun Temple, and he was considered a direct descendant.

It's a big secret.

Once exposed, the Lei family will be finished.

Therefore, for so many years, the Lei family, although brilliant, has been walking on thin ice.

Nowadays, the internal form of Wanbaozhai is getting more and more difficult. If the Lei family has the support of Ye Fan, then it is likely to become the main line of Wanbaozhai!

Wanbaozhai is not one family or one faction. In the past, it was founded by many forces.

Over the years, many powers have perished in power struggles.

Today, Wanbaozhai has eight meridians.

The Lei family was at the bottom of the eight veins, and the situation was very difficult, which was why Lei Ya went to great lengths to find the original bead.

As long as you get the Primordial Relic Bead, you can help the Lei family to restore the former glory. At that time, you can become the number one of the eight meridians and gain the greatest control.

Continue down.

The twenty-sixth, twenty-seventh, and twenty-eighth floors.

to this level.

The Wraith Lord was already extremely terrifying, and both Jiujian Xian and Qingtian Ancient Emperor were suppressed.

This is also the reason for the large number of Wraith Lords.

On the twenty-eighth floor, there are twelve resentful lords, and there are countless lesser lords.

Ye Fan and Leiya couldn't actually come here, and only came under the protection of Peony.

On the twenty-sixth and twenty-seventh floors, Ye Fan once again obtained eight resentful spirit lords.

Now I have these eighteen in my hands.

"Ye Fan, the resentful spirit lord on the twenty-eighth floor is too strong, even if he is injured, I am afraid I can't seal it."

"It's okay, I'm quite satisfied."

Eighteen, plus the peony, are nineteen peaks of breaking the void, enough to sweep the vast majority of the forces in the hinterland of Xianshan.

Even in the face of the ancient religion of the Great Wilderness, it is not false at all.

Leiya sighed. Can existences as strong as Qingtian Ancient Emperor, Jiujianxian, and Qingluan Vermilion Bird only reach the twenty-eighth floor?

Hard to do.

If you don't get into the gods, you really can't reach the thirty-third floor?

Chapter 1320: Eighteen protectors

The battle between Jiujianxian and Qingtian Ancient Sovereign has been transformed into dealing with the grievance lord, thus creating a stable fighting environment for Nong Suzaku and Qingluan.

The reason why he came to the Devil's Nest is to prevent those strong outsiders from interfering.

This is indeed a brilliant move.

Jiujianxian opened the way with one sword and moved the battlefield to the devil's cave, preventing the interference of the strong outside, and at the same time, ended the battle with the Qingtian Ancient Emperor.

If the two of them fight, there will be no result.

But don't fight.

Coming to the devil's lair, dealing with the resentful lord, is actually more open.

at the same time.

Jiujianxian still has some careful thoughts. In the Devil's Nest, it would be much more difficult for the Qingtian Ancient Emperor to mobilize the power of the dynasty's luck than outside, and it would be considered to weaken the Qingtian Ancient Emperor's combat power, which was very beneficial to him.

Ye Fan is not going to get involved.

Can't even blend in.

He didn't want Peony to take risks.

"Let's withdraw, it's pointless to stay. They fight, and they can't end it for a while."

Ye Fan's voice transmission.

Indeed, this kind of war has been going on for more than a month. Looking at it now, I am afraid it will take a long time.

Reya has no objection.

Peony took the two of them out of the magic cave quietly. Outside, many strong people were still there.

After getting away from the magic cave, Peony stopped.

Leiya asked: "Ye Fan, I know that you want to purify the eighteen lords of resentful spirits, and at the same time you want to attack the Void Realm. I can provide you with the best training cave."

Ye Fan said: "I have already made a decision in my heart, Xinghai Yunjing is the best place to practice."

"Xinghai Cloud Mirror?"

Reya didn't expect Ye Fan to be so bold.

"You want to seize the treasure of Empress Qingluan? This is to offend Qingluan and Qingtian Ancient Emperor!"

"That's not true. Although the Xinghai Yunjing is in ruins, the cultivation environment is still very good, and the spiritual energy is much richer than the outside world. Moreover, no one will pass by there, and it is very safe. Similarly, the battle situation here in the magic cave should also be paid attention to. , Xinghai Yunjing is close, you can come over at any time."

Ye Fan's words also make sense.

Seeing this, Leiya no longer bothered. She said, "Ye Fan, after you finish your practice and advance to the Void Realm, I will invite you to come to my family."

Ye Fan's heart is like a mirror.

He has already guessed that the Lei family is in a difficult situation in Wanbaozhai. Now he has eighteen lords of resentful spirits, as well as Peony, and even Jiujianxian and Empress Suzaku behind him. This is simply super power.

The Lei family definitely wanted to befriend him.

It's too late for Ye Fan to be happy. Although he has made friends with the Lei family, he will participate in the internal disputes in Wanbaozhai and cause some trouble, but it doesn't matter.

Risk and opportunity coexist.

Although there is trouble, Ye Fan and the Lei family make friends and can also obtain countless resources and benefits from Wanbaozhai.

Ye Fan never thought about himself.

One day he will leave the fairy mountain world and return to the outer earth world.

Brothers need resources to practice.

Although the external environment is changing, Ye Fan is certain that there is no way that Xianshan World is as good as this place.

The resources of Xianshan World are too rich.

He wants to accumulate, wait out, give to his brothers, relatives and friends to help them cultivate.

Ye Fan knew.

With the improvement of his realm strength, if he does not help his relatives and friends to cultivate, they will be thrown far away.

In the end, he couldn't keep up with his own footsteps at all.

At that time.

Ye Fan was in pain, and his relatives and friends were also in pain. This was what Ye Fan didn't want to see.

anyway.

After Leiya left, Ye Fan and Peony came to Xinghai Yunjing.

The majesty of Qingtian Ancient Emperor and Qingluan Empress is unparalleled. Although this place is dilapidated and there is no barrier to protect it, no one dares to come to seek treasure.

Ye Fan came to the depths of Xinghai Yunjing, found a very hidden treasure, and settled down.

"Peony, help me!"

Ye Fan was not polite, and immediately began to practice.

When purifying the money of the resentful lord, let's raise it a little first, and push the realm to the peak of Nascent Soul.

"Boom."

Before, Peony beheaded a resentful lord, and all the pure energy was sealed in Ye Fan's body.

At this moment, with the help of Peony, it was unblocked.

But it came out little by little.

It didn't bring pain to Ye Fan.

After this energy was enough for a day, Ye Fan rushed to the peak of Nascent Soul, and at the same time, his mental power increased a lot.

But the energy is only used half.

Ye Fan did not practice, so he immediately took out a Wraith Lord and threw it on the Conferred God Platform to seal it.

With the help of Peony, it is very easy, and there is no need to worry about the rioting of the resentful lord.

"Great Dispelling Technique!"

"Great Purification Technique!"

Ye Fan used his magical powers to spread on the resentful lord. Suddenly, the lord let out a painful roar, just like Peony before.

Three hours later.

Gradually subsided to calm.

The first one, successfully purified, Ye Fan was exhausted.

However, at this time, Peony's face changed, and she said, "I was born like this, too? I am also the lord of resentful spirits. After being purified by you, was I born?"

Ye Fan looked at Peony.

At this point, Peony is not a fool, and denying it will only make it more ridiculous.

He looked at Peony deeply and said, "Yes, yes!"

In an instant.

Peony's face was extremely indifferent, "You lied to me, I am not your guardian at all!"

"No, you are my guardian!"

"I'm a ghost..."

"You are not a ghost!"

Ye Fan shouted, making Peony startled, and immediately, Ye Fan took out the **** flower.

This is the twenty-fifth floor, obtained.

"Swallow!"

Ye Fan threw the **** flower to Peony.

At this moment, Peony was stunned. Of course, he knew the preciousness of the flower of the gods. If Ye Fan swallowed it, he could increase his spiritual power to a very high level.

to her?

How can it be!

Ye Fan said: "You are not only my guardian, but also my friend. The flower of the gods is my sincerity."

"Besides, there is another reason..."

"what?"

"It's just speculation now, wait a minute, when I purify the remaining seventeen resentful spirit lords, you should be able to understand at that time. You will also have a great dispelling technique and a great purification technique, join me, hurry up ."

Ye Fan's words are beyond doubt.

After hesitating for a second, Peony obeyed Ye Fan's orders and began to help Ye Fan purify the resentful lord.

seven days.

It took a full seven days.

This is what Ye Fan did not expect.

The great purification technique and the great dispelling technique are really too energy-intensive. Fortunately, Peony helps, otherwise, he may need a month to complete it alone.

"call."

Ye Fan took a deep breath.

He looked at the eighteen lords in front of him, all of them fell into a deep sleep, very ethereal and serene.

"Now, do you understand?"

Ye Fan looked at Peony with burning eyes.

Peony is very puzzled, seems to have caught something, but there is no way to tell.

Ye Fan said: "You are different from them!"

"What's the difference?"

"After purifying you, your mental will is sober, with a high degree of integrity, and you can also absorb resentment and nourish your spirit after refining. However, these eighteen lords fell directly into a deep sleep."

Peony is thoughtful.

Ye Fan said: "You are different from them. You still have a residual memory. This residual memory should be you. I told you about the Tianzun Temple. You should be a high-level in the Tianzun Temple back then. You are exceptionally powerful, so you can stand out from the crowd. different."

"This is not conjecture, there is evidence. When you dealt with the Wraith Lord, in addition to the magical method I taught you, you also used other terrible methods, you should remember it."

then.

Peony played a **** statue with unparalleled power, which shocked Ye Fan. At that time, Ye Fan knew that Peony was different.

Peony said: "It seems that I would have been."

"Because, that is the memory of Cannian, so you will, presumably, you will know other methods. However, these eighteen lords of resentful spirits are different. They must have a whole body of power, and they will not know any magical powers and secrets. , Do not believe, we will wait and see when they wake up."

Peony nodded.

Ye Fan said: "Swallow the flower of the gods. It is enough to make your spiritual consciousness completely complete. At the same time, it is possible to restore some memories and your strength will skyrocket."

"Aren't you afraid of me going against the water?"

"Anti-water? This word is not used well. We have no grievances or enmity. On the contrary, I have a great favor for you. I can only say that you have your own ideas and leave me, but we are always friends. The gods give you flowers, I'm still willing."

Peony looked at Ye Fan, this young man really had a great spirit.

Peony is not polite.

The flower of the gods, she really needs it, is eager for it.

Swallow directly.

In an instant, the whole body of Peony shone brightly, and then, it was wrapped in the light, as if it had become a silkworm cocoon.

Ye Fan knew that the peony transformed in it.

After waking up, the good guy will probably become extremely powerful.

Eighteen lords, Ye Fan also had a headache.

If they want to wake up, more than half of their spiritual consciousness must be born, which requires huge resources.

"I have to ask Reya for help."

Ye Fan brought the eighteen lords into the world of bitter seas, and so did the peony.

They are ethereal, appearing to be physical, but in reality, they are not, so they can be incorporated into the body.

A real living person, Ye Fan can't collect.

If people knew that there were nineteen big men living in Ye Fan's body, I don't know how they would feel.

Ye Fan came to the vicinity of the magic cave by the way.

There are still many strong people gathered here, and the battle is not over yet.

Without a stay, Ye Fan left the Shadowless Mountains.

He contacted Leiya and asked Leiya to come and pick him up; it turned out that the Shadowless Mountains were too far away from the Qingtian Dynasty and needed a space teleportation array and spent 800 million high-grade spirit stones, which Ye Fan was reluctant to bear.

Reya doesn't care about the spirit stone.

She is abysmal.

After taking Ye Fan to Wanbaozhai, Ye Fan said straight to the point: "Sister Ya, all the eighteen grievance lords have been purified, but if they want to wake up, they need to nurture their spiritual consciousness, and I need resources and medicine for this."

"Of course, I won't let you pay in vain. I can buy it. I have a lot of spirit stones on me now."

Leiya smiled and said: "Ye Fan, you can get resources in this area without using the spirit stone. I am worried about one condition, my father wants to see you."

Ye Fan frowned and said, "You told your father everything?"

Leiya said: "No, no, you have eighteen resentful spirit lords on your body, I didn't say. I just said that there are great forces behind you, and there are strong guardians who have the opportunity to enlighten the gods."

Ye Fan thought about it, and it's okay to say so.

"I haven't replied to my father yet. I'm asking for your opinion now. It's up to you to see it or not, and you won't force it."

"Since my uncle is interested, we naturally want to meet him."

Lei Ya was overjoyed and said with a smile: "Thank you Ye Fan, don't worry, our Lei family needs you and will definitely become good friends with you. I will contact my father now, it will take some time for him to come over. Before that, I will Give you some resources, you can use it to cultivate the Wraith Lord."

"Thank you."

After Ye Fan got a batch of resources, he was arranged by Leiya in Wanbaozhai's most secret cave.

"Great Prophecy!"

"Great deduction technique!"

Ye Fan was still a little worried.

Using supernatural powers to calculate the prophecy, it is found that there is no danger in the next month.

Although the accuracy rate is not 100%, it can be said from the side that the Lei family should not have any crooked brains.

Ye Fan retracted his thoughts and began to cultivate the resentful lord.

This batch of resources, he estimates, can wake up the three lords, so that his confidence will be more sufficient.

Unlike Peony, Ye Fan decided to sign a blood contract with the eighteen lords to make them surrender.

In the future, all eighteen lords will recover, that is, his eighteen guardians.

One protector, eighteen protectors.

All of them are at the peak of breaking the void, good guy, think about it, they are all so cool!
