

## Elegant SS 1321

Chapter 1321: Ye Fan's bad weather!

Five days later.

Wanbaozhai, the capital of the Qingtian Dynasty, descended on a strong man who broke the peak of the void.

"Father."

"Xiaoya."

The middle-aged man is Lei Ya's father, the current head of the Lei family, Lei Qianqiu.

Came to Wanbaozhai Houshan Xiaoju.

Lei Qianqiu said: "What about Ye Fanren? This kid is now famous in the hinterland of Xianshan. In the late Yuan Ying, he killed the four elders of the ancient sect of the Great Wilderness, and severely damaged the vice leader of the half-step peak. This record is indeed shocking."

"I want to see with my own eyes, what kind of dragon among people."

"He's still cultivating, wait a minute, he'll come out naturally after he's finished cultivating."

"Want me to wait?"

"Why, they have a good background, and the guardians are the top powerhouses. A projection can cut off the legs of the great elders of the ancient sect of the Great Wilderness. If you don't agree, go to the cave and catch Ye Fan yourself. ?"

Lei Qianqiu's mouth twitched.

How dare he!

The daoist said that if the peak of the broken virtual shot against Ye Fan, the consequences would be at your own risk.

The Lei family is already very difficult, and if they provoke another such powerful existence, it will undoubtedly make things worse.

at the same time.

Lei Qianqiu also keenly discovered that his precious daughter has changed a bit.

Could it be that you are interested in Ye Fan?

Finally figured it out.

It's a pity that Ye Fan is the concubine of the Qingtian Dynasty, so it's very difficult to handle.

Waited a few more days.

this day.

In the cave, Ye Fan finally stopped and breathed a sigh of relief.

In front of him, there are three resentful spirit lords, who have awakened, not signing a contract with Ye Fan.

Become Ye Fan as a loyal Dharma protector.

The three of them have phantom appearances, burly bodies, and at a glance, they know that they are extremely fierce.

According to the order of awakening, Ye Fan gave them names: Tianyi, Tian2, and Tiansan.

It is also convenient to call.

"The secret technique of supernatural powers and secrets that I passed on to you, practice hard, and now enter my world of bitterness and hide it. You are not allowed to come out without my permission."

"As ordered!"

Swish swish.

They turned into rays of light and entered Ye Fan's body.

"In the past few days, Leiya's father should have arrived long ago, and he has to go out and have a look."

Now Ye Fan is very confident.

Even if the Lei family really wanted to deal with him, he wasn't afraid of anything.

As soon as he left the cave, Leiya came over: "Ye Fan, you are finally out."

"Sorry, I forgot the time. Where's Uncle? Did he come?"

"Arrived long ago, I've been complaining all the time, come with me." Leiya took Ye Fan to Houshan Xiaoju.

just see.

On the shore of a lake, a middle-aged man is fishing.

The breath is like hell.

Broken pinnacle.

Moreover, given time, he will definitely join the Qingtian Ancient Emperor to realize the opportunity to transform into a god.

Become one of the top powerhouses.

Ye Fan floated away, clasped his fists and said, "Little Ye Fan, I have seen senior."

Lei Qianqiu didn't look back, and said coldly: "You are quite big, and you made me wait for more than ten days!"

Ye Fan said with a wry smile: "For making senior wait a long time, in return, the next cooperation will be easy to talk about."

Lei Qianqiu narrowed his eyes.

Ye Fan's words are directly against the customer.

It shows that the Lei family has requests from him.

good boy!

Lei Qianqiu threw away the fishing rod and turned to look at Ye Fan, and Ye Fan was neither humble nor arrogant.

It lasted for three minutes.

Lei Qianqiu suddenly laughed: "Hahaha, worthy of being the dragon among people, this bearing is the first person I have ever seen in my life."

"Senior has been awarded."

"Father, Ye Fan, come here and sit down and talk." Leiya prepared drinks.

in the gazebo.

The three of them were seated, and Lei Ya poured wine for Ye Fan and Lei Qianqiu. Everyone was tacit and just chatting.

After three rounds of wine.

It is not as good as the whole.

Lei Qianqiu said solemnly: "Ye Fan, I don't know if Xiaoya told you about the situation of my Lei family. All in all, it's a bit difficult. Wanbaozhai's eight veins, our Lei family has been at the bottom; moreover, other veins still have the intention to get rid of them. We, the Lei family, kicked the Lei family out of Wanbaozhai."

Ye Fan said: "This is indeed very critical."

Lei Qianqiu sighed: "Yes, but the biggest crisis is the details of our Lei family. I didn't expect Xiaoya to tell you this secret, which means that she trusts you. As a father, I also trust you. "

"I'll just say it directly, I need your help, or rather, the help of the forces behind you."

"Reliable news, in three months' time, the internal eight meridians of Wanbaozhai will be the day when other meridians will deal with our Lei family."

Reya was shocked.

She doesn't know about it yet.

Lei Qianqiu said: "The Eight Meridians Competition is held every 20 years; it is a pity that in the past few hundred years, my Lei family has not been connected, and the Eight Meridians Competition is always at the bottom."

"senior..."

"My own person, you should call me uncle."

"Uncle, do you want me to participate in the competition?" Ye Fan asked.

"This, it's important to say it's important, but it's not important, our Lei family will be kicked out of the game, and we still care about the eight-line competition. Of course, if you are willing to participate, it will undoubtedly be a good thing. Kill all the geniuses of other veins!"

"Uncle, you are joking. This is equivalent to me offending the seven major forces. It is impossible."

"Hahaha, just kidding, don't take it seriously." Lei Qianqiu smiled, raised his glass, took a sip, and said: "If you participate, with your strength, you can win the championship, and then there will be many benefits and rewards. It's very rich."

Leiya nodded and said, "Ye Fan, the championship reward is indeed rich. It can even be said that putting it outside will make many forces jealous."

Ye Fan has no doubts about this.

Wanbaozhai has a lot of money and is very rich, and he will definitely be willing to pay his entire capital for his own internal rewards.

Thinking of this, Ye Fan became interested.

In fact.

Ye Fan wasn't afraid to offend the forces, because it wasn't because there were peonies and Dharma protectors.

Instead.

When they came, they wanted to stir up the world of Xianshan, so that changes could occur, and maybe there would be some kind of effect that could break the shackles and unblock Xianshan.

to get out of here.

Of course.

Ye Fan also thought about returning to the outer world now, capturing Wu Lingjun, and obtaining the Heavenly Book of Gods.

In this way, he can freely travel between Xianshan and the outside world.

Ye Fan did have this idea.

Now that he has three guardians, even if he doesn't need to wake up with Peony, he has the confidence to deal with Taisumen.

Destroy Taisu Zhenren and capture Wu Lingjun and Lan Yutian.

"Evan, what do you think?"

"I would like to participate, but in what capacity?" Ye Fan asked.

The Eight Meridians are definitely their own people, and outsiders cannot participate.

Lei Qianqiu smiled and said: "It's better, you and Xiaoya form a pair. In this way, you are my son-in-law, and you are eligible to participate."

Leiya was stunned for a moment, and immediately blushed: "Father, what nonsense!"

"Hahaha."

Lei Qianqiu laughed.

"Ye Fan, you are the concubine, so you can't make it clear. But secretly, pretending to be my son-in-law is fine. Besides, you won't suffer. The one who suffers seems to be my daughter."

Ye Fan touched his nose and asked awkwardly, "Sister Ya, do you agree?"

"Ye Fan, are you really going to pretend to be my husband? It's not just a matter of saying it. It needs to be held at the Wanbaozhai headquarters and witnessed by the Eight Veins."

"So troublesome?"

"Nonsense, not like this, then just find an outsider to pretend to be, and you can participate in the big competition, that's a shit." Lei Qianqiu scolded with a smile.

"Okay, I don't mind."

"Really, you are not afraid of Princess Yunxi's face!"

"Looks like you and her are good friends, you'll be OK when you explain it!"

"OK? What does this mean?"

Eh, Ye Fan is over, there is no bird language here.

"It's good."

"Boy, I just like your decisive and straightforward temper. Then I will make arrangements and hold a big wedding as soon as possible."

"up to you."

Reya was a little overwhelmed.

After all, she's about to get married.

and.

The first wedding in my life was a fake.

Ugh!

pitiful.

Leiya sighed, but she was still very happy. She didn't expect to marry Ye Fan.

I don't know if it was Ye Fan's first time.

Even if it is fake, there can still be good doubts, enough to make Ye Fan remember it fresh.

"After the big competition, as your son-in-law, I won the championship. Next, the other lines must be angry and start to tear their faces. What should I do?"

"What should I do? It's all up to you, son-in-law. The forces behind you will kill you, and let's fight back. Fuck, just knock them out!"

"...??"

Ye Fan was stunned.

Lei Qianqiu said: "Just do it directly, you don't need any conspiracy."

Ye Fan said: "The direct battle, how will it end? Wanbaozhai will disappear from now on!"

Lei Qianqiu sneered: "I don't care, in fact, over the years, our Lei family has accumulated countless details. Wanbaozhai is optional. However, if they are all obedient, they can become Wanbaozhai. control."

Ye Fan's heart skipped a beat.

The actual controller of Wanbaozhai?

Yes!

Why am I still thinking about the reward of the champion, directly digging through the seven major veins, and controlling Wanbaozhai with the Lei family, this is the best interest.

Lei Qianqiu saw Ye Fan's thoughts and said with a smile: "Ye Fan, if you can help my Lei family to destroy the seven major veins, my Lei family can co-host Wanbaozhai with you."

"Is this true?"

"Otherwise, let's make an oath of heaven together. I never play false."

Lei Qianqiu is very heroic.

So, under the witness of Lei Ya, Ye Fan and Lei Qianqiu made the oath of heaven.

This time, Ye Fan felt relieved.

The Lei family can serve as the closest allies.

He thought of something and said, "I need resources to nurture the spirit, the more and more."

Reya said: "I will arrange this, you can rest assured, it is absolutely sufficient."

"By the way, there is one more thing I need your help with."

"what?"

"I want to take down the Snakehead Organization."

Lei Qianqiu was shocked.

The Snake Head Organization is one of the most terrifying and mysterious forces in the hinterland of Xianshan.

Ye Fan is going to take down the Snakehead Organization, good guy, how strong is the force behind him?

"There are my people in the Snakehead Organization. Now, most of the Snakehead Organization's energy is in Wuying Mountain. In Wuying Mountain, they found a treasure and are secretly digging."

"We don't need to fight the idea of the treasure, take down the snake head organization, everything is ours."

"I want a beheading operation."

Lei Qianqiu and Lei Ya were frightened.

Beheading?

Kill the master of the Snakehead Organization.

You know, it was an opportunity to comprehend and transform into a god, like the ancient emperor of Qingtian.

Is it really possible to kill such a big man?

Once it fails, then it will be retaliated by the snake head organization.

The Ray family can't afford it.

However, Ye Fan made a decision, "The Snake Head Organization won, it will be a great help for us to destroy the seven major veins. Uncle, it is not only for myself, but also for the Lei family."

"I need the help of the Lei family."

"I already know the next move of the controller of the Snakehead Organization. I got the news a few days ago."

"We go to ambush ahead of time, and we will definitely succeed. As long as I kill the controller of the Snake Head Organization, I can change into him and control the Snake Head Organization without knowing it."

Lei Qianqiu and Lei Ya felt their scalps go numb.

They found that they still underestimated Ye Fan, this kid is too daring.

However, Lei Qianqiu's blood boiled when he heard it.

A kid at the peak of Nascent Soul is not afraid.

"My Lei family has an ancestor who realized the opportunity to transform into a god, but he is very old and sleeping. I need to go back and petition to see if he can make a move. Ye Fan, the powerhouse behind you should also be fully deployed."

"Beheading the master of the Snakehead Organization must be foolproof, and he must not be allowed to escape. In that case, our Lei family, you, and the forces behind you will never have peace!"

Chapter 1322: beheading

Ye Fan's beheading operation has been put on the agenda.

Liu Shenzi and the others were in the Shadowless Mountains, and had already inquired about some secret information and passed it on to Ye Fan.

The leader of the Snakehead Organization, the Snake Emperor, returned to the Holy Temple for the Qingming Festival half a month later.

The Qingming Festival is the most important day in the hinterland of Xianshan.

this day.

All major forces will go to pay homage to their ancestors.

Therefore, this day can be said to be the most peaceful day in the entire Xianshan world.

As for the Holy Temple, it was the graveyard of the ancestors of the Snake Head Organization.

Therefore, the snake emperor must be killed on the way to the holy temple, and he cannot be allowed to reach the holy temple, because as the ancestral grave of the snake head organization, there must be a terrifying arrangement.

Once the snake emperor enters the holy temple, the difficulty of the sniper operation will increase several times.

Lei Qianqiu left.

He was going to the ancestral land of the Lei family to petition the ancestor of the Lei family and ask him to take action.

Ye Fan also left.

He got a lot of spiritual resources provided by Reya, enough to revive all the remaining resentful spirit lords.

only.

Half a month may be too late.

It would be nice if the peony woke up.

Ye Fan and Han Xian will reconcile and tell the plan. Now, everyone is at the peak of Nascent Soul.

Drought can break through at any time.

As the daughter of Chidi, he has no bottleneck.

So, Ye Fan and Han Yu left the capital and found a hidden place.

"boom!"

A day later, the dry scorpion was successfully promoted to the Void Breaking Realm.

"Ye Fan, let's start, I'll help you."

"Okay!"

Ye Fan took a deep breath.

He must hit the Void Realm, so that he can participate in the decapitation action, otherwise, he can only watch.

Leiya gave a lot of medicines to assist breakthroughs.

"swallow!"

Ye Fan devoured them all directly.

Immediately, his body swelled up, and his strong breath rose steadily.

Han Yan's face condensed, and he shouted: "Red Emperor Fire God, it's time to show the mystery!"

Rumble.

In an instant, the radius of a hundred miles was extremely hot.

Fire is raging.

At the same time, Ye Fan's Crimson Emperor's Fire God has been completed, which was taught by the dry scorpion.

After being promoted to the Void Realm, Han Yan's memory became more complete, and he obtained the complete Chidi Fire God Art, so he passed it on to Ye Fan.

The previous Chidi Fire God Art was only one-third.

Now complete, this is used to show the mystery and power. You must know that this is the practice of the ancient Red Emperor, how can it be ordinary.

"Buzz!"

The fire spirit in Ye Fan's body rose sharply, and at the same time, a vague and stalwart phantom appeared behind him.

It seems that the Red Emperor has reappeared!

Incomparably majestic and sacred.

"break!"

Endless fire energy, like a magic spear, pierced the barrier.

Ye Fan screamed.

The breath exploded.

The great emperor with a radius of ten li rose into the sky, all overturned, exploded directly, and vanished into ashes.

"Breakthrough!"

Ye Fan's eyes were like electricity.

He couldn't help but punched out, seriously injuring a monster in the distant place in the late stage of Void Breaking.

Now he is like a hot sun.

In Ye Fan's mind, the complete Chidi Fire Magical Art emerged, which contained countless mysteries and some supernatural powers.

call!

For a long time, Ye Fan was calm.

"Thank you."

Ye Fan was very grateful, and he was moved by Han Xian who taught him the supreme cultivation method of Chidi Fire God Art for free.

Han Yan said: "Needless to say this, now your combat power should be able to kill the half-step peak, and you can also compete with the ordinary Void Breaking Peak. However, in the face of the existence of the snake emperor, you are still not enough."

"I understand, I know it."

"So, when you are in action, you can hide and look for opportunities to sneak attacks."

Evan nodded.

Time was running out, he didn't talk much with Han Yan, and immediately began to breed the resentful lord.

time flies.

The day before the Qingming Festival.

Lei Ya sent a message, saying that the Lei family was ready, and the ancestors of the Lei family had recovered, and decided to take action.

These days, Ye Fan has tried his best to wake up the seven resentful spirit leaders, and he has added seven hair care products.

Adding the previous three, it is the top ten guardians.

There are also eight resentful spirit lords sleeping.

Ye Fanchai talked about the state of Peony, but there was still no sign of recovery.

In fact, this made Ye Fan very happy.

The longer the sleeping time, the stronger the peony will be once it wakes up.

Ye Fan is looking forward to it.

On this day, he met Lei Qianqiu Lei Ya, and at the same time, there was an old man.

This is not the ancestor of the Lei family, but the elder of the Lei family, the existence of the peak of the broken void.

The Lei family has three peaks of Shattering the Void.

Lei Qianqiu, Great Elder Lei Wanhai, and Lei Qianren, the commander of the Lei Family Army.

Lei Qianren did not show up.

"I have seen the elder."

"Hahaha, Ye Fan doesn't need to be too polite, Qianqiu has already told me. Our Lei family is willing to take risks with you, which means we are all our own people. I really hope that you and Xiaoya will truly marry and be my Lei family's son in law."

"Elder, don't talk nonsense." Reya rolled her eyes.

Lei Wanhai smiled, then his face turned solemn, and said: "Ye Fan, let's get down to business, our Lei family can be said to be all strong, and the ancestors are all awake. What about you, what are you going to prepare?"

Ye Fan said: "I brought ten guardians of the peak of the void, and they can come at any time in the dark."

Lei Wanhai and Lei Qianqiu were shocked.

Ten guardians, ten peaks of breaking the void, good guy, the power behind Ye Fan is really terrifying.

What kind of power is it?

Seeing the shocked expressions of Lei Wanhai and Lei Qianqiu, it was obvious that Lei Ya did not say anything about the Devil's Nest.

Ye Fan knew that Leiya was a shrewd woman, and she wanted to monopolize the original bead in the future, so she kept it a secret for Ye Fan.

This undoubtedly gave Ye Fan a strong sense of mystery, making the Lei family more in awe of Ye Fan, or rather, the forces behind him.

"Ye Fan, among the ten phantom-breaking peak guardians, is there any level of comprehension of the opportunity to transform into a god?"

"That's not it."

Lei Wanhai was a little disappointed.

Just relying on the ancestor of the Lei family is a little unstable.

Ye Fan said: "Don't worry, I still have a backer, but I can't explain it for the time being."

When Lei Qianqiu heard this, he felt a little relieved.

"Time waits for no one. Tomorrow is the Qingming Festival. The Snake Emperor is going to the Holy Temple, and I have already obtained the location of the Holy Temple, and I almost understand the route of the Snake Emperor."

"Uncle, Great Elder, I hope your Lei family rush over now and set up an ambush on the road."

"And you?"

"I need to go to Wuying Mountain, Sister Ya, come with me."

Leiya understood that Ye Fan wanted to find Jiujianxian.

However, now, the war over there is not over yet, and it is impossible for Jiujianxian to leave to meddle in this matter.

"We leave first."

Ye Fan pulled Reya away.

Lei Wanhai said: "This kid Ye Fan is amazing, just follow what he said, let's go to ambush first. I hope that kid won't let us down, otherwise, the consequences will be very serious."

Lei Qianqiu said: "I think Ye Fan is not someone who goes back on his word. If this time is successful, the Great Elder, our Lei family will definitely be able to solve the seven major veins and control Wanbaozhai."

"Okay, hahaha, it's really exciting."

The two left in the air.

Ye Fan and Leiya came to the Shadowless Mountains through the space teleportation array and went straight to the magic cave.

Here, there are no stronger ones.

Tomorrow is the Ching Ming Festival. The strong people have all gone back to prepare to pay homage to their ancestors, but they have no time to watch a good show here.

In the magic cave, is there a roar and an earth-shattering roar?

Obviously, the battle is still fierce.

It's really hard to imagine that after so long, you're still playing, and you're not tired at all!

Ye Fan and Reya entered.

In the first twenty-five floors, there are no resentful spirits of the level of the resentful lord, so there is no danger.

Twenty-six floors.

Wine Sword Immortal and the others are on this floor.

now.

The fighting ceased.

Ye Fan is now in the realm of breaking the void, his strength has greatly increased, and he can completely reach the twenty-sixth floor with the great dispelling technique.

He found the wine sword fairy.

"It's you!"

When Jiu Jianxian found Ye Fan, he was surprised.

now.

Jiu Jianxian is recovering from his injuries, and in the distant area, there is a blazing fire, that is Empress Suzaku.

She is also recovering from her injuries.

Similarly, Qingtian Ancient Emperor and Qingluan Empress do the same.

The corner of Ye Fan's mouth twitched, and he stopped and stopped, and he didn't have a head at all.

It's pointless.

"What are you doing here?" Jiu Jianxian asked.

"Senior, I want to ask you to help me..."

"No time!"

Before Ye Fan could finish speaking, Jiu Jianxian refused directly.

Ye Fan was not surprised, and continued: "Senior, if you keep fighting like this, it will never end. It doesn't make much sense. I think it's a temporary truce."

"Boy, don't gossip in front of me, disappear immediately." Jiujianxian has a fickle temperament and is a little impatient at this moment.

Ye Fan had no choice but to go to Qingtian Ancient Emperor.

"His Majesty."

"Evan!"

Qingtian Ancient Emperor's face was not good-looking.

Because Jiujianxian is Ye Fan's Taoist protector, he originally valued Ye Fan, but now, he doesn't like Ye Fan.

Concubine, hum, I will abolish it when I go back.

Qingtian Ancient Emperor thought to himself.

Leiya shook his head at Ye Fan, the attitude of Qingtian Ancient Emperor has already explained everything.

Continue to speak, likely to provoke anger.

Ye Fan gritted his teeth and gave up just like that. He was a little unwilling, so he looked at the fire in the distance.

Suzaku and Qingluan.

Jiujianxian and Qingtian Ancient Emperor are both for the sake of these two big men, and the bell must be tied to the bell.

Ye Fan flew into the distance.

He came to Empress Suzaku. At this moment, Empress Suzaku turned into her body, and she was covered in scars.

However, the ability of the phoenix is self-nirvana, rebirth from ashes.

Phoenix is not afraid of getting hurt.

Suzaku and Qingluan, who have the blood of the Phoenix, are also the same. Although they are not as powerful as the Phoenix, they are not bad.

Their injuries will heal on their own, it just takes time.

Empress Suzaku opened her huge eyes and didn't speak, she seemed very tired.

Ye Fan said: "Mother, I can help you improve your Phoenix bloodline, do you believe it?"

Suddenly, Suzaku opened his eyes.

Bright Baoshan.

The reason why Ye Fan said this was because the second sister, Su Muyu, was immortal and possessed the bloodline of the fire phoenix.

Second sister's blood is much purer than Suzaku and Qingluan.

Therefore, as long as the second sister is strong enough to reach the realm of breaking the void, she can help Empress Suzaku with pure Phoenix bloodline.

No more.

Getting rid of the second sister and taking out some life essence and blood can also bring great benefits to Empress Suzaku.

"Niangniang, don't ask too much. Now that I said it, you don't know. Just tell me, do you believe me?"

"Ye Fan, what are your conditions?"

"armistice!"

Ye Fan spit out two words.

Empress Suzaku transformed into a human form, with a gloomy expression on her face.

Ye Fan said: "Niang Niang, it is meaningless to fight like this. Your heart knot is nothing more than to be better than Qingluan. This is very simple. In the future, I will improve the purity of the Phoenix bloodline in your body."

"Well, let me give you an accurate number. Tell me, what is the purity of the Phoenix bloodline in your body?"

Empress Suzaku said: "One tenth, I only have one tenth of the Phoenix bloodline."

Ye Fan thought about it and said, "I can increase the purity of your Phoenix bloodline to fifty percent!"

"impossible!"

"Nothing is impossible, madam, you can't do it yourself, it doesn't mean I can't do it. In fact, 50% is my conservative estimate. Once your bloodline is so pure, defeating Qingluan will not be easy. There is no need to entangle now, it will only hurt both of you, it is meaningless, you are just asking for hardships."

"Niangniang, I've said everything I need to say, you can think about it, but I'm pressed for time, you need to give me an answer as soon as possible."

With that said, Ye Fan retreated.

The place to retreat is the Empress Qingluan.

However, Ye Fan did not pass.

In fact, this is to put pressure on Empress Suzaku to let her know that if she doesn't agree, then she will negotiate with Empress Qingluan.

finally.

Lady Suzaku nodded: "Yes, I will stop the fight. But this is not your ultimate goal. What do you want me to do?"

Ye Fan said: "Snake head organization, does the maiden know?"

"I know, the largest and most mysterious assassination organization in the hinterland of Xianshan."

"I want to kill the snake emperor and control the snake head organization."

"What did you say?"

Lady Suzaku was stunned.

The little devil in front of him actually said that he wanted to kill the Snake Emperor?

What a joke!

That Snake Emperor, comprehending the opportunity to transform into a god, and proficient in assassination, came and went without a trace.

How to kill?

Ye Fan's face was very serious, and he said word by word: "The beheading operation has been confirmed, and I have found a helper. The Lei family, one of the eight lines of Wanbaozhai, the ancestors of the Lei family have recovered and are going to fight. At the same time, I also look for helpers. Go to the top ten Void Breaking Peak powerhouses to help out. This is the current situation."

"I also know that the snake emperor is not easy to kill, so I need the help of you and the senior Jiu Jianxian, and the ancestors of the Lei family, the three top powerhouses who understood the opportunity to transform the gods, surrounded and killed the snake emperor. Other peaks of breaking the void including me, wait for the opportunity to remove the Snake Emperor from the world!"

Chapter 1323: Sniper the snake king

Lady Suzaku looked at Ye Fan deeply, her face was expressionless, but her heart was turbulent.

This kid has nothing to rely on in the hinterland of Xianshan. In such a short time, he has gotten to this point.

Not only has he become a Void Breaker, he is even going to kill the existence of the Snake Emperor now.

He was even pulled into an ally by him, and even summoned ten Void Breaking Peak powerhouses.

this kid...

Lady Suzaku was a little speechless.

"Miss, are you afraid?"

"Don't use aggressive tactics, I don't do this." Lady Suzaku snorted coldly.

Ye Fan touched his nose and said with a smile, "Niang Niang, just have a play, you will know in the future, the benefits of being friends with me are unimaginable."

"I promise you."

"You remember to call Senior Jiujianxian. He listens to you. There are many people and great strength. You must make sure that you are safe."

Lady Suzaku nodded.

Reya was already shocked to the point of incomprehensible.

Ye Fan, with his three-inch incorrupt tongue, succeeded and summoned two great helpers!

Now, what is there to worry about beheading the Snake Emperor?

The three powerhouses who understood the opportunity to transform into a god, Ye Fan's ten guardians, plus her father Lei Qianqiu, the commander Lei Qianren, and the elder Lei Wanhai.

This lineup is enough to destroy a big power.

Leiya fell to the ground for Ye Fan, who had already admired him.

"Niangniang, you must act as soon as possible, time is running out. As for how to stop the war, it's up to you. I'll wait for you outside the magic cave."

"Sister Ya, let's withdraw."

Ye Fan and Reya left.

Lady Suzaku came to Jiujianxian and told Ye Fan's plan.

Jiujianxian was shocked.

"A truce is fine, and I don't want you to fight, because you're injured."

"To kill the Snake Emperor, we have to work hard."

"Since that kid is going to be big, let's play with him. The world of Xianshan has been turbulent for many years. Is this interesting?"

Jiujianxian wiped the magic sword with a cold face.

They walk side by side.

Soon, I saw Empress Qingluan and Qingtian Ancient Emperor.

Empress Qingluan, she is indeed a beautiful woman, and her cold and arrogant temperament attracts the most attention.

In terms of appearance, Empress Suzaku and Empress Qingluan are comparable, but their temperaments are completely different.

One cold and one hot.

Qingtian Ancient Emperor held the jade seal and shouted: "It's almost time to rest, let's continue fighting!"

However, Jiujianxian said, "No more fighting."

"Do not hit?"

The Qingtian Ancient Emperor was taken aback.

Seeing this, Empress Qingluan sneered: "Suzaku, have you confessed? I really didn't expect you to be so cowardly."

Lady Suzaku's face sank.

However, Jiujianxian said: "There is no need to say these meaningless words. There is no result in fighting now. In the future, you will naturally have a fight, so let's make a difference at that time."

Empress Qingluan said coldly: "What do you think of me, fight if you want, stop if you want!"

Madam Suzaku seized the opportunity and sneered: "Otherwise, could it be that you can keep us!"

Swish!

In an instant, the sword energy surged into the sky, splitting the Kangzhuang Avenue.

Empress Suzaku and Jiujianxian disappeared.

"hateful!"

Empress Qingluan was very angry.

Qingtian Ancient Sovereign said: "You don't have to chase them, you really can't keep them."

Empress Qingluan regained her composure, and then her tone became gentle: "Thank you for your help, I owe you a favor, and I will return it to you in the future."

Ancient Emperor Qingtian watched Empress Qingluan fly away, and smiled bitterly, but he was actually quite happy.

After this battle, Empress Qingluan must have his place in her heart. At least, she can go to Xinghai Yunjing at any time.

correct.

The Xinghai Cloud Mirror is broken and needs to be built, so I can help myself.

"Qingluan, wait, I will help you build the Xinghai Cloud Mirror."

Qingtian Ancient Emperor shouted and chased after him.

Outside, Ye Fan raised his eyebrows proudly at Leiya when he saw Jiujianxian and Lady Suzaku come out.

Leia chuckled lightly, her heart swaying.

"Senior, we must leave immediately."

"Give a location!"

Ye Fan handed over the ambush location of the Lei family to Jiujianxian. Afterwards, Jiujianxian split the space with a sword and traveled through the space.

However, this consumes a lot of energy.

Ye Fan said: "Senior, it's almost there. You are still injured. There are resources here. You can recover from your injuries. Next, let's go to the teleportation formation."

"Alright."

Empress Suzaku and Jiujianxian devoted themselves to healing.

Leiya spent a lot of spirit stones to teleport through the boiling water space, and she didn't feel bad, because as long as she controlled Wanbaozhai, there were countless spirit stones.

This consumption is nothing.

...

The next day, Qingming.

Some arrangements have been made on the holy temple side, and some people from the Snake Head Organization have been stationed here early.

Among them, the six gods and other gods of the snake head organization are all there.

The whole team is waiting for the snake emperor.

At the same time, the Snake Emperor is on his way to the Holy Temple, but the Snake Emperor has been restless recently.

"What's going on, why are you uneasy these days? Could it be that someone wants to deal with me!"

"Impossible, who would dare to shoot at me!"

The Snake Emperor is very mysterious. It can be said that few people in the entire Xianshan world have seen his true face.

He was wrapped in a black robe, which was actually a very precious defensive vestment.

He also has spatial concealment techniques, silently, coming and going without a trace.

but.

This spatial concealment technique is incomparable to the great invisibility technique.

Great invisibility is direct invisibility.

The spatial concealment technique actually achieves concealment through visual illusions.

It's just that the Snake Emperor has perfected the practice of spatial concealment, even if he has different pupils and heavenly eyes, it is difficult to find.

The snake emperor became more and more uneasy.

Finally, he stopped.

As a killer, a top killer, intuition is important.

The snake emperor felt something was wrong.

He decided not to participate in the Qingming Festival at the Holy Temple.

Caution is the boat.

He has always been cautious and cautious, which is one of the reasons why he can get to where he is now.

However.

Just as the snake was about to leave, the sky and the earth suddenly changed color, and a sword light reflected the sky, splitting the sky and blowing down.

"not good!"

This extremely sharp sword made the snake emperor's pupils shrink.

He did not resist.

But to escape, the snake emperor knows that it is absolutely impossible to have only one strong person to deal with.

Must escape as soon as possible, stay and fight, this is not what a killer should do.

"boom!"

However, on the side where the Snake Emperor turned around, an endless thunderstorm suddenly appeared, turning into a vast ocean.

"Bastard!"

The snake emperor was shocked.

As soon as he turned around, he saw the sea of flames in the sky, the incomparably hot breath, penetrating the sky and the ground.

The three powerhouses form a horn-like trend.

The snake emperor's face was extremely ugly.

"who are you!"

The Snake Emperor roared, and while casting a secret technique, he even cut abruptly to surround him.

"Want to leave, how is it possible!"

Suddenly.

Ye Fan appeared, and behind him, the ten guardians were fierce and mighty.

at the same time.

There are also Lei Wanhai, Lei Qianqiu and Lei Qianren.

Thirteen phantom-breaking peak-level existences, cooperated with Ye Fan, and used the Heaven-Opening Axe to perform a terrifying blow.

The blow came too suddenly.

The Snake Emperor was all tense, and was slashed back.

"kill!"

The ancestor of the Lei family was the first to make a move. It was a ruthless man. Although he was old and outrageous, at this moment, the fierceness displayed was extremely terrifying.

He was bathed in the thunder, holding the Tianlei Pond, and unleashing the power of violent thunder.

"Tianleichi! You are the ancestor of the Lei family!"

The snake king recognized it.

At the same time, Empress Suzaku shot, the flame and the power of thunder cooperated, and the power was greatly increased.

And Jiujianxian, it is even more ruthless.

In fact, he is a striker who competes with the Snake King head-on.

"The sword breaks the sky."

Jiujianxian's swordsmanship is superb.

Moreover, countless sword qi flooded the world, making the space riddled with holes, which also prevented the Snake Emperor from using the space concealment technique to escape.

"hateful!"

"You guys, you actually killed me. Are you looking for death! I am the controller of the Snakehead Organization, you dare to kill me! Ah, ah, how dare you deal with me!"

The snake emperor was furious.

He is the controller of the dignified snake head organization, the most mysterious and powerful killer in the hinterland of Xianshan.

Over the years, there have been many Void Peaks who died in his hands, and even a strong man who realized the opportunity to transform into a \*\*\*\* was seriously injured by him, and was almost assassinated by him.

today.

Actually, there is a team to kill him!

No reason!

"A group of young people, they dare not fight alone, they are despicable and shameless." The snake emperor was really about to vomit blood, and at the same time panicked.

Because this lineup is really strong.

He is not an opponent at all.

What moved him the most was that he used a secret method to send a message to the Holy Temple, but he couldn't get it out.

This is the worst.

The ancestor of the Lei family laughed: "Snake Emperor, don't waste your time, this world has been completely blocked, and no news or news can be spread!"

Jiujianxian said coldly: "Don't talk nonsense, make a quick decision."

Swish swish.

He killed in front of the snake emperor and fought close to him.

The dagger in the Snake Emperor's hand and the sword of the Wine Sword Immortal slammed into each other, causing her tiger's mouth to split open.

Of course, Wine Sword Immortal is not easy either.

The snake emperor is not weak.

The reason for being at a disadvantage is the result of joint efforts.

Jiujianxian is very serious, and it is beneficial to be able to kill the snake emperor and kill a strong person who understands the opportunity to transform into a god.

It is even possible to plunder the opponent's opportunity to transform into a god, which is terrifying.

"Sky Thunder Hammer!"

At this moment, the ancestor of the Lei family showed his power.

The endless thunder condensed into a giant hammer and slammed down.

Wine Sword Immortal retreated violently.

The Snake Emperor wanted to escape, but Empress Suzaku blocked her way back.

"what!"

The Snake Emperor was bombarded and let out a shrill scream.

The black robe on his body shattered inch by inch, revealing his true face, which was a hideous monster.

The King of Snakes is a big snake.

At this moment, he turned into his body, and his body exuded a monstrous demonic energy.

"Damn you all!"

The snake emperor roared, disturbing the world.

Unfortunately.

The three powerhouses joined forces, it was really too strong.

"Open the sky!"

Even, Ye Fan and the others were not idle, and when they found an opportunity, Ye Fan and the others controlled the opening axe to chop down.

He slashed firmly on the snake emperor's tail, and chopped off the 100-meter-long tail.

"what!"

The snake king howled.

The next second, it was overwhelmed by thunder and flames; Jiu Jianxian also showed his power and performed a lore.

"Dangling Divine Sword!"

This sword is incredibly fast.

It is aimed at spiritual consciousness, slaying Nascent Soul, and destroying the sea of spiritual consciousness.

"puff!"

This sword pierced the Serpent Emperor's eyebrows.

Rumble.

The huge body fell directly and hit the ground.

The three powerhouses did not relax their vigilance and continued to surround the Snake Emperor, and they also consumed a lot.

"do you died?"

Ye Fan muttered to himself.

He performed a great deduction technique, and suddenly his expression changed, and he shouted:  
"Everyone be careful!"

boom!

Immediately, a black-red light shot up into the sky, and the snake emperor recovered again, but his aura was stronger than before.

"boom!"

It swept violently, and three dozen strong men were knocked into the air.

what!

Evan is terrifying.

I only saw that the snake emperor roared, and it seemed that a mutation had occurred. His body split open, and two wings were born.

Bloody wings.

Cover the sky.

Ye Fan's pupils shrank, how could these \*\*\*\* wings be so familiar!

correct!

Undead blood!

No way, could it be said that the snake emperor...

"chatter."

At this moment, the snake emperor let out a cold laughter, which made the scalp numb.

"I didn't expect it!"

"I'm actually an undead blood race, you can't kill me!"

Jiujianxian and Lady Suzaku looked at each other, surprised, but that was all.

The Snake Emperor was dissatisfied with the blood-colored scale armor, and his defense was greatly increased. Now, his combat power is really terrifying.

"kill!"

The three powerhouses shot again.

Indeed, it can suppress the snake emperor, but it can't kill it.

The snake emperor's reorganization talent is too strong, and it reorganizes in an instant, giving almost no chance to react.

If this goes on, when the three powerhouses are exhausted, the Snake Emperor will have a chance to fight back.

"Senior, I'm coming!"

At this moment, Ye Fan shouted.

He broke away from Lei Wanhai and the others, soared into the sky, and rushed towards the battlefield.

"What are you doing here!"

"Get out!"

Ye Fan didn't listen, he said, "I have a way to restrain the talent of the undead blood race, create opportunities for me."

Chapter 1324: Save Ye Fan!

Lady Suzaku was surprised.

She really didn't want Ye Fan to take risks, because Ye Fan was related to the purification of his Phoenix bloodline.

But.

Ye Fan was so determined that Empress Suzaku was moved.

"Listen to him!"

Lady Suzaku stopped drinking.

The ancestors of the Lei family and Jiujianxian did not hesitate, and cooperated with Empress Suzaku to launch a frantic attack.

Madness suppressed the snake emperor.

Even if the Snake Emperor was powerful at the moment, he was still crushed and beaten; at the same time, he was suffering too much.

Although he couldn't kill him, the pain he deserved didn't drop at all.

finally.

Jiujianxian killed with one blow, piercing the snake emperor's head.

"It's now!"

Lady Suzaku drank loudly.

She threw out the red feathers, wrapped around Ye Fan, and threw Ye Fan towards the Snake Emperor.

At this moment.

The snake emperor was pierced through his head, and there was a one-second window period.

one second.

enough!

For ordinary people, it takes one second to flick their fingers; however, at the level of Ye Fan, one second is not enough.

He appeared in front of the Snake King revealed.

"puff!"

The supreme dagger in his hand pierced the snake emperor's eyebrows, and at the same time, the snake emperor's eyes returned to clarity.

"Little devil, you are courting death!"

"Snake Emperor, goodbye, your reorganization talent is useless. Today is your death. In addition, I can tell you that this beheading operation was planned by me."

"what!"

The Snake Emperor lost his mind again.

He thought that a kid like Ye Fan was just incidental, and it was three dozen strong men who planned to kill him.

Unexpectedly, this kid planned it.

This human kid is just a kid in the early stage of breaking the void...

How dare he!

"Secret technique, yin and yang lock."

Ye Fan did not delay at all, while speaking, the secret technique had already been performed, and it was branded on the snake emperor's body.

However.

Although the talent of the Snake Emperor was locked, it did not make the Snake Emperor lose his combat effectiveness.

"return!"

Lady Suzaku started to pull Ye Fan back.

However, it was still a step too late, and the snake emperor was so angry that he hit Ye Fan.

"Bang!"

The emperor's armor collapsed in an instant and vanished into ashes.

The Heavenly Tyrant Body was also pierced like a piece of paper; a blood hole appeared in Ye Fan's body, and he fell straight down.

"Evan!"

Reya screamed, her eyes red.

Empress Suzaku was furious, and Jiu Jianxian even carried the magic sword to kill.

Ye Fan is very important.

This little snake dares to kill Ye Fan!

"The Heavenly Sword!"

Jiu Jianxian performed the second lore attack, splitting the upper body of the snake.

The ancestor of the Lei family was also very powerful. He came down with the Tianlei Pond and smashed it on the snake emperor's head that was split in half.

Empress Suzaku spit out the divine fire of her life and wanted to burn the snake emperor's body.

"You can't kill me!"

"I can..."

"what happened!"

Suddenly, the snake emperor screamed and screamed in fear: "Why, why can't it be reorganized!"

"what!!"

The screams of the Snake Emperor became more and more shrill.

The three powerhouses were shocked that Ye Fan was actually able to restrain the Snake Emperor's reorganization talent.

"Quick fight."

At this moment, the three powerhouses, as well as Lei Wanhai, Lei Qianqiu, and Lei Qianren, plus the ten guardians, all shot.

The Snake Emperor, who did not have the talent for reorganization, was beaten and collapsed, and completely disappeared.

There's no scum left.

Heaven and earth returned to peace, but Empress Suzaku called out, "Ye Fan, where is Ye Fan!"

At this time, everyone realized that Ye Fan was gone.

what happened?

No, it was affected by the energy, and it was blasted to ashes.

Reya lost her soul.

Ye Fan, have you fallen?

Lady Suzaku's face was extremely ugly, if Ye Fan fell, then this sniping would be meaningless.

She is no longer subject to the snake head, and doesn't care who controls the snake head, what she wants is the purification of blood.

But when Ye Fan fell, everything came to nothing.

"what!"

Lady Suzaku roared.

Crashed.

Jiujianxian also sighed again and again, not knowing how to comfort him.

After a long time, the ancestor of the Lei family said: "Ye Fan has a lot of luck, and the monster is amazing. I don't think he will fall easily. At this stage, it is to deal with the funeral and stabilize the snake head organization."

Wine Sword Immortal said: "Lei's family do it, we need to find Ye Fan."

The ancestor of the Lei family said: "Two fellow Taoists, come to my Lei family ancestral land when you have time, feel free to mention anything you need."

"Thank you."

Jiujianxian and Empress Suzaku left.

The next step is that the Lei family will operate, and it is very simple to stabilize the snake head organization.

It can even be said that there is no need to notify the holy temple.

The Snake Emperor is mysterious and unpredictable, even if he didn't say a word and didn't go to the Holy Temple to participate in the Qingming Festival, there would be no doubts.

"Xiaoya!"

Lei Qianqiu came to the stunned Lei Ya and sighed: "Relax, Ye Fan may not be dead."

"Not really dead."

"Oh?"

Lei Ya frowned and said, "I tried to recall it. At that time, a brilliance wrapped Ye Fan, and then Ye Fan disappeared."

Lei Qianqiu said: "Then it seems that the powerful people behind Ye Fan rescued Ye Fan."

"Perhaps so."

"Don't think too much, go back, if Ye Fan doesn't die, come back to us."

Rhea nodded.

Glancing at it, Ye Fan's top ten resentful spirit guardians also disappeared.

Those guardians are Ye Fan's followers and signed a contract. If Ye Fan falls and the contract expires, they will be restored to freedom.

And there was nothing wrong with them just now, which proved that Ye Fan was not dead.

Is Evan dead?

of course not.

At this moment, he is in Xinghai Yunjing.

"What a serious injury."

Empress Qingluan looked at the blood hole on Ye Fan's body, and couldn't help but click her tongue, "This kid's vitality is really tenacious, and he didn't die. It seems that his body has the ability to heal itself."

That's right.

The one who took Ye Fan away was Empress Qingluan.

now.

Xinghai Yunjing, only Empress Qingluan and Ye Fan who was unconscious.

Empress Qingluan came to the treasure house, took out a lot of resources, and then began to heal Ye Fan.

If outsiders saw it, they would definitely be envious, because Empress Qingluan personally healed her wounds, and the resources she used were extremely precious.

There is a batch of supreme magic medicine.

There are also many treasures from heaven and earth, all of which have been used. Empress Qingluan also used her natal fire to repair Ye Fan's body.

blink of an eye.

a month.

The blood hole on Ye Fan's body was repaired, and even with the integration of countless precious resources, Ye Fan's body strength increased a lot.

There is a lot of energy in the body.

However, Ye Fan hadn't woken up yet. After being seriously injured by She Huang, he instinctively activated his self-protection mechanism.

Spiritual consciousness self-sealing.

Empress Qingluan wanted to crack it, but it was a little troublesome, and if she didn't pay attention, it might destroy Ye Fan's spiritual consciousness.

"so troublesome."

On this day, Empress Qingluan left Xinghai Yunjing and returned in the evening, bringing back a beautiful woman.

However, this woman was just a demon in human form, a nightmare beast.

"Niangniang, do you want me to wake up this human boy, who is he, who are you?"

Chapter 1325: Talk about conditions

Empress Qingluan's face suddenly turned cold.

The Nightmare Witch was shocked and quickly said: "My lord, calm down, I'll start now."

"Be careful, if something goes wrong, you and the Nightmare Demons will disappear from now on."

Empress Qingluan is very cold.

The Nightmare Witch took a deep breath, and then began to cast spells, which was actually creating a dream.

Find a way to infiltrate the created dream into the spiritual consciousness of the seal, let Ye Fan know that it's okay, it's safe, and let Ye Fan unlock the seal of spiritual consciousness by himself.

In this way, a perfect recovery can be achieved.

The Nightmare Witch can be said to have driven out all she could, and after three days of hard work, she finally penetrated.

at this time.

Ye Fan sealed himself, and his mental consciousness was in a \*\*\*\* state, but the dream invaded and his consciousness gradually awakened.

finally.

Ye Fan unlocked the seal.

"Shh!"

At the moment of waking up, Ye Fan's breath exploded in an all-round way, sending the Nightmare Witch flying.

"Calm down."

Empress Qingluan drank lightly.

In an instant, Ye Fan was suppressed.

"I am, where is it?"

Ye Fan was still confused, he just remembered that he was pierced by the snake emperor, and then he didn't know anything.

But soon, he became sober.

"Ms. Qingluan."

"why you!"

Ye Fan was dumbfounded, thinking about a lot of people who saved him, but he never dreamed that it would be Empress Qingluan.

Isn't this the end of the calf?

"Ms. Qingluan, we have something to talk about. We can talk about any conditions."

"really?"

There was a smile on Empress Qingluan's indifferent face.

This made the Nightmare Witch very surprised, she had never heard Empress Qingluan smile.

really.

This human youth is the little white face that Empress Qingluan takes a fancy to, hee hee, this is big news.

"Shh!"

Suddenly, the Nightmare Witch stiffened, and it turned out that Empress Qingluan was staring at her.

"Niang Niang, I will never talk nonsense, Niang Niang, please don't kill me to silence me."

"=Fuck off."

"Yes, yes, I wish Niangniang a good time." The Nightmare Witch's words made Niangniang Qingluan stunned.

Immediately murderous.

"what!"

The Nightmare Witch ran away desperately.

Empress Qingluan didn't make a move.

At this time, Ye Fan clasped his fists and said, "No matter what, thank you for your help. I don't want to say thank you. I, Ye Fan, are not ungrateful. If you need anything, it's okay to say it."

Empress Qingluan said, "I want you to help me purify the Phoenix bloodline!"

"Um?"

Ye Fan was surprised.

Empress Qingluan said, "I heard all the conversations you had with Suzaku when you were in the magic cave."

"My lady is really good."

"You help Suzaku improve the purity of the Phoenix bloodline, come to defeat me, hum, boy, you are not too timid to meddle in the battle between me and Suzaku."

"I, Ye Fan, have always been very courageous." Ye Fan can now let go, very relaxed, and he is no longer restrained before.

because.

He has confidence.

Empress Qingluan wouldn't touch him, and she needed him to help purify her bloodline, which was literally strangling Empress Qingluan's throat.

Whether it is Suzaku or Qingluan, they all want to become a real phoenix.

The only way is to improve the purity of the Phoenix bloodline.

Ye Fan is their hope.

Empress Qingluan found that Ye Fan's attitude had changed and she was a little dissatisfied, but she didn't know what to say, she said coldly: "Ye Fan, I told you clearly that I need you to help me improve the purity of the Phoenix bloodline, and you will raise Suzaku to 100%. Of the fifty, I want sixty percent, no, eighty percent!"

"In this way, if I kill Suzaku and devour her blood, I can almost reach 100%."

"At that time, I will evolve into a real phoenix!"

Ye Fan waved his hand and said, "Stop, madam, I've just recovered and I need some treasures to practice. Take me to the treasure house to see."

"What did you say?"

"Go to the treasure house, I need to practice. The initial stage of breaking the virtual is too weak. I have to improve the middle stage of breaking the virtual. If the mother is willing to pay some price, maybe I can rush to the late stage of breaking the virtual."

Empress Qingluan had black lines all over her face.

She understands that this kid is asking for a price.

Is to eat her.

"Ye Fan, don't think that if you can help me purify my blood, you can be lawless and anger me..."

"Where are you going?"

"Go to the treasure house, I know it's there."

Empress Qingluan clenched her fists and finally chose to forbear. Compared with purifying blood, some resources were nothing.

Ye Fan came to the treasure house and selected a lot of valuable resources. He really needs to go further.

"My lady, protect the law for me."

Ye Fan is practicing in your treasure house.

Empress Qingluan was furious, but she still chose to endure it.

Rumble.

How huge is the movement of Ye Fan's cultivation.

This time when he was dying, it could be regarded as a broken body and his physical strength increased again. Ye Fan is now trying to see if he can break through the threshold and let the heavenly hegemony body rush to the 70th level.

Empress Qingluan watched.

Ye Fan's fleshly body shocked her. This method of cultivating the fleshly body was absolutely terrifying.

Once Ye Soul breaks through, he will be able to deal with the peak of Shattering Void.

That's right.

As long as Ye Fan's celestial hegemony body rushes to the 70th level, and cooperates with the realm of the early stage of breaking the void, it is completely no problem to deal with the peak of the breaking void.

Now, he can only play against the peak of Po Xu, not God of War.

If it is an old monster of the peak of the void with a strong foundation of fish balls, it may not be eligible for the trick.

no way.

The higher the realm, the harder it is to challenge.

Ye Fan worked hard for a day, but in the end he couldn't break through. He simply gave up and started to improve his realm.

On this point, Empress Qingluan gave some help and pointers.

half a month later.

Ye Fan was successfully promoted to the mid-stage of Shattering Void!

"Comfortable!"

Ye Fan laughed heartily.

Empress Qingluan said: "You have already obtained the benefits. Now you should purify the bloodline for me."

Ye Fan was stunned and said, "Niangniang, didn't you eavesdrop completely in the devil's cave?"

"Everyone eavesdropped."

"That's it, if I can purify my blood now, then I will directly purify Empress Suzaku in the Devil's Nest."

"You can't do it?"

"I can't do it now, I'm still too weak, it's the truth, there's no need to lie to you. Take 10,000 steps back and say, I can do it now, and I can't do it for you."

"why?"

"You're stupid, after purifying your blood, I'm worthless."

Ye Fan rolled his eyes.

Empress Qingluan was so angry that she actually said she was stupid, which is really out of line.

It's the first time I've heard it in years.

"Niangniang, don't be angry, don't worry. Don't worry, I saved my life and gave me so many benefits, and I will definitely help you purify your blood."

"Not only do I want you to purify my bloodline, but I am much more than Suzaku."

"Okay, but you have to pay something." Ye Fan said with a half-smile.

"what do you want?"

Empress Qingluan asked, but found that Ye Fan was looking at himself thieflly, with that look...

Chapter 1326: surrender

Ye Fan's eyes were very aggressive, and even mixed with some frivolity.

This made Empress Qingluan's eyes suddenly sharpened.

"Do you want to die!"

Empress Qingluan's voice was as cold as iron.

This human kid actually hit her idea, so bold!

Ye Fan said with a smile: "My lord, calm down. You are a man who can't help but have some thoughts. It's human nature, which just shows that your niece is unparalleled in charm."

"Clever!"

"Niangniang, it's not early, I have to go. I promise you that I will never deceive my friends, Ye Fan. As long as Niangniang is willing to be friends with me, I will keep my promise. But if you are an enemy of me, or It's a bit difficult to do something to hurt me."

"If you go back on your word, I will find you in the ends of the earth and kill you."

When Empress Qingluan finished speaking, a blue feather suddenly appeared on the jade hand and penetrated into Ye Fan's body.

Ye Fan frowned, "What do you mean?"

Empress Qingluan said: "Don't worry, it won't do you any harm, on the contrary, it can be used as your life-saving trump card. With this feather, I can sense you and make sure you are alive or dead."

Ye Fan found that he couldn't take out the cyan feather.

"Don't waste your energy, you are still far from my opponent, you can't crack my methods."

"It's my honor to care about me so much. I don't know if she can give me some more life-saving treasures. After all, I have many enemies. After killing the Snake Emperor this time and controlling the Snake Head Organization, I will join Wanbaozhai again. Internal disputes. Wanbaozhai eight veins, I want to take one of the Lei family veins and fight the other seven veins, how dangerous this is, isn't the maiden worried about me?"

"You are involved in Wanbaozhai's internal struggle?" Empress Qingluan was shocked.

This kid is so daring.

but.

She also admired Ye Fan.

Empress Qingluan thought for a while, spit out a bead, and said, "I have cultivated this bead for hundreds of years. It contains powerful energy, and it is vital to life and death. As long as you don't encounter terrifying taboos, it is enough to save your life."

Ye Fan grabbed the bead, put it on his nose, smelled it, and immediately swallowed it, his face full of aftertastes.

"It's fragrant and sweet."

"what?"

Empress Qingluan was very puzzled.

"Niang Niang, this should be regarded as an indirect kiss, I think so."

When the words fell, Ye Fan ran away like lightning.

Empress Qingluan was stunned for a second, then murdered.

You bastard, how dare you molest Ben Gong!

However, anger returned to anger, Empress Qingluan would definitely not hit Ye Fan.

"I hope you can really purify your blood, otherwise, the consequences will be tragic."

...

After leaving Xinghai Yunjing, Ye Fan was in a good mood.

Unexpectedly, I formed a good relationship with Empress Qingluan and got so many benefits.

"I don't know what happened to the Snakehead Organization and the Lei Family?" Ye Fan's mind was once again focused on business.

In the Shadowless Mountains, he contacted Liu Shenzi.

After the Qingming Festival, Liu Shenzi and other snake heads organized a group of people and quietly came to the Shadowless Mountains again to dig for treasures.

Swish!

The Six Gods arrived and knelt down on the ground.

"Participate in the master!"

"After the Qingming Festival, what is the current situation of the organization? Have you asked about the whereabouts of the Snake Emperor?"

"Returning to the master, the organization is stable and there is nothing unusual. The Snake Emperor did not participate in the Qingming Festival, which indeed caused some elders to be puzzled, but they didn't think much about it. After all, the Snake Emperor is mysterious, coming and going without a trace, and inside the organization are used to it."

"That's good."

"Master, what do you do now?"

"I need to control the organization, I have the breath of the snake emperor, and in terms of strength, I can mix the fake with the real."

talking room.

Ye Fan transformed into a snake emperor human form, wrapped in black robes.

At the same time, it exudes an aura that belongs to the Snake Emperor.

During the battle that day, Ye Fan's supreme dagger pierced the Serpent Emperor's heart, and there was a drop of the Serpent Emperor's blood on the supreme dagger.

This is enough to give Ye Fan the breath of the snake emperor, so that the elders of the snake head organization will not doubt it.

As for strength...

Of course Ye Fan couldn't be with the Snake Emperor.

However, Empress Qingluan helped him a lot. The coveted orb contained a huge amount of energy, and if a little spilled out, it could make the peak of the broken virtual heart palpitate.

Of course.

In order to be foolproof, Ye Fan decided that he must also subdue several peak-breaking elders of the Snake Head Organization.

"how do you feel?"

Ye Fan asked.

Liushenzi said: "Master, your means are really penetrating, and you can really turn the fake into the real. However, you still have to be careful and don't make a move. Once you make a move, it will be exposed."

Ye Fan said: "I naturally understand this. Now I need to subdue a few elders of the peak of the broken void. Who is in charge of digging treasures now?"

Liu Shenzi said truthfully: "The three elders and the fifth elders are at the pinnacle of breaking the void."

Ye Fan thought about it and said, "Now I am the Snake Emperor, you go and bring them over."

"Master, can you suppress the two Void Breaking Peaks?"

"Why not."

The corners of Ye Fan's mouth rose, very confident.

Because the ten guardians have come, they are connected with Ye Fan, and they tracked the Xinghai Yunjing early.

But dare not go in.

Has been lurking in the nearby Shadowless Mountains.

Now that Ye Fan has come out, he has contacted the top ten guardians, let them hide, and will suppress the third and fifth elders with lightning speed.

Soon.

The two old men in black robes came and saw Ye Fan, without doubt, they were very respectful.

"My emperor, you are finally here. I didn't participate in the Qingming Festival, I thought you had something else to do!"

"Except for a few things."

Ye Fan pretended to be angry, and immediately sighed: "I joined forces with a top powerhouse to assassinate another top powerhouse, and almost capsized in the gutter."

"What! There is such a thing!"

"Don't talk about this, I happened to pass by, see you, and tell you at the same time, I have to disappear for a while and plan the second assassination."

"My emperor is invincible!"

"The third elder and the fifth elder, to be honest, I have found the biggest opportunity to break through the transformation of the gods. I am confident that I can break through within ten years, and break the enchantment and leave the world of Xianshan."

"what!"

The two elders were shocked.

The Snake Emperor smiled and said: "You don't believe it? Indeed, this is a shocking secret, and it is normal for you not to believe it. The reason why I tell you is because I need a helper, the most loyal helper."

"God Transformation Realm, breaking the barrier, I can only take out three subordinates. I wonder if you want to follow the emperor's first batch to leave the world of Xianshan and go outside to see?"

"This..."

The two elders were surprised.

Ye Fan continued: "We don't know what's going on in the outside world. In order to make any changes, I need the most loyal subordinates. Therefore, those who are willing to leave with me need to sign a blood contract with me."

"Shh!"

Great blood contract.

Two blood books appeared in front of the two elders.

Ye Fan said: "Elder, to be honest, sign a blood contract, and you will become my servants. I told you clearly that it is for you to consider for yourself, and I will never force you."

"Becoming a slave?"

"Yes, this is the master-servant contract."

The spiritual elders looked at each other with a heavy heart.

Ye Fan said: "I said, I won't force it, it's all up to you. But what I want to say is that the two elders must seize the opportunity. The world of Xianshan is a cage. , eventually die of old age."

"However, if you follow me to the outside world, it will be different. At that time, the world will be vast, and you all hope to break through to the realm of God Transformation, or even a higher level."

"We killers know that there is a reward for hard work. If you want to follow me to the outside world, you must pay something."

The two elders were a little moved, but the master-servant contract, which completely handed over their net worth, made them very entangled.

Ye Fan said: "I know the master-servant contract, which is the most cruel contract. If the elders are willing, I can make an oath of heaven, and this contract will only last for thirty years. After thirty years, I will contact the contract, otherwise I will die. Five thunders."

"Thirty years?"

"That's right, this emperor doesn't need to keep you all my servants. I said it because I didn't know the outside world. In order to have the most trusted helper, I had to make this master-servant contract. Maybe it won't take 30 years. , when you go to the outside world and get used to the environment, you should be able to get rid of it."

"The emperor and the two elders have no grievances or enmity, and there is no need to harm you. I can make the oath of heaven, and this is my biggest step backward."

"The elders don't agree. I can only go to other elders. I believe that there will always be elders with a big pattern."

Ye Fan's words fell.

Liu Shenzi rolled his eyes and shouted: "My emperor, can you take me with you? I am willing to sign a blood contract. Ten years later, I am confident that I will become the realm of the pinnacle of breaking the void, which is enough to help you conquer the world."

"you?"

Ye Fan didn't expect Liu Shenzi to be quite smart.

The two elders looked a little anxious, and finally, they nodded.

"My emperor, I am willing to believe you and fight the world with you. But I hope that my emperor will abide by the promise and the contract will last for 30 years."

"No problem, I swear in front of you now."

Ye Fan did make the oath of heaven.

Thirty years is enough, because, after thirty years, he doesn't know how powerful he is.

At that time, in his eyes, the peak of the void was nothing at all, it might just be an ant.

The two elders saw that Ye Fan swore a lot of peace of mind, and then signed the blood letter.

"Shh!"

"Shh!"

Two blood books rushed into Ye Fan's body.

The two sides established contact.

"See Master!"

"See Master!"

The two elders kneeled on the ground.

"Hahaha."

Evan laughed.

It is really cool to subdue the two elders of the peak of the void without breaking a sweat.

"Protection!"

Ye Fan drank lightly, and immediately, ten guardians appeared.

The two elders and Liu Shenzi were terrified, my dear, the ten peaks of breaking the void.

"Two elders, you take the ten guardians to the treasure location and tell them that they will sit in the treasure area in the future. As for you, I have other arrangements."

"Okay!"

The ten guardians go to the treasure land, and it is only temporary. After all, Ye Fan needs to use the ten guardians to help the Lei family to fight the seven major veins.

However, it's still early.

There are still nearly two months, don't worry.

The ten guardians sit in the treasure land, and the treasures they get will be shipped directly to Ye Fan.

Soon.

The two elders returned.

"Master, what are your orders?"

"I need you to cross the Demonic Beast Mountains, go to the periphery, destroy a sect, and bring back a few people."

"Please tell me master."

"This is information."

Ye Fan conveyed the information to the two elders and Liu Shenzi, and said: "The two most important people must be caught. Besides you, Liu Shenzi will also go there... No, in order to be safe, you are

organizing a group of Void-breaking Realm. Strong man, I want you to complete the task perfectly, understand!"

"As ordered!"

"Go, and leave now, the sooner the better."

Chapter 1327: Beidou Crisis

Periphery of Xianshan.

Beidou teaching.

At this time, it is very dangerous.

Led by the Taisumen, the undead blood clan, the fire spirit clan, the heaven and the human clan, and other ten major waters, united and besieged the Beidou Sect.

The ancestors of the Beidou Sect have woken up.

The apologetics formation is riddled with holes, but it is still struggling to maintain it.

The entire Beidou Sect powerhouse was slumped and exhausted, because the siege had been going on for more than a month.

"Sect Leader, we won't be able to hold on for long, at most three days."

"Old Ancestor, Sect Master, think of a way!"

At this moment, in the central square of Beidou Sect, all the remaining strong people are here.

Fortunately, the leader of Beidou had the foresight to send all the disciples away in advance.

However.

In the past month or so, there have been heavy losses, and many mainstays of the Nascent Soul realm have been beheaded.

Big Dipper taught blood in rivers.

On the square, the Big Dipper leader and the three ancestors were struggling to support them. If it weren't for the Big Dipper's destiny chart, they would have been broken long ago.

"hateful!"

The six peak masters were burning with anger.

No one expected that Taisumen would join forces with other forces to besiege Beidou Sect, which was really too sudden.

Taisu real wolf ambition.

In addition to the guardian formation, the top ten powerhouses kept bombarding them, and they were also very shocked. The background of the Big Dipper Sect was so strong.

I thought that within three days, the Beidou Sect would be resolved.

Unexpectedly, it took more than a month.

"The Big Dipper Religion is at the end of its streak!" The Undying Blood Emperor sneered.

"I have to say that the Big Dipper Sect is very powerful, indeed powerful, but unfortunately, it will eventually be destroyed." The Heavenly Human Emperor looked hideous and was very relieved.

Their ancestors of the Celestial Clan were beheaded before, and now, they can finally take revenge.

The Fire Spirit Emperor said, "Saint Son Leng Jue returned to the Heavenly Fire Holy Land to look for reinforcements, but he hasn't come back for so long, otherwise, the Big Dipper Sect will be resolved now."

"Anyway, we succeeded!"

"The Beidou Sect has no hope of making a comeback!"

"Unfortunately, Ye Fan is not here, because you were transferred away ahead of time. This is a scourge, we must be wanted, and we must hunt down Ye Fan and the remnants of Beidou Sect with all our strength."

"..."

The powerhouses of the major powers are talking about each other.

Taisu Zhenren said: "I thought Tongtiangong would help, but I didn't think I was overthinking it."

The undead blood emperor said: "Taisu, according to our previous agreement, we will destroy the Big Dipper Sect. You must help me suppress Qingluo. That bitch, I have to play with her!"

The master of its power said enviously: "Blood Emperor, it's up to you to talk about conditions, let's talk about resources, you talk about women, admire and admire!"

The undead blood emperor sneered: "When I'm tired of playing, I'll give you some enjoyment. Presumably, the taste of Qingluo's \*\*\*\* will be very good."

"Ha ha ha ha!"

A group of strong men laughed.

However, Master Taisu was staring at the seven-star fate chart in the hands of the Big Dipper Cult Master, and he said, "Okay, let's go ahead, take action with all your strength, break the call formation as soon as possible, and destroy the Big Dipper Cult!"

Rumble.

One after another tyrannical energy attacks landed, and the guardian formation kept shaking.

The Beidou sect powerhouses who maintained the formation also spurted blood.

Some were even shaken to death.

The heart of the Big Dipper leader is bleeding from you, but there is nothing you can do, and the foundation is almost exhausted.

The old ancestor said: "Tianshu, take them away, let's resist these bastards."

The Big Dipper Cult Master said: "Old Ancestor, you can't resist them at all, even if it costs your life. Moreover, we can't escape. Taisu, the old fox, must have made a foolproof plan, and there are countless traps and ambushes around. "

The old ancestors were very happy.

At this time, Taisu Zhenren shouted: "Tianshu, give up resistance, the end is already doomed, why are you still struggling to the death?"

The undead blood emperor shouted: "Yes, give up resistance, I will give you a good time!"

The leader of the Big Dipper stood up and scolded: "Bah, you bastards, you will be punished."

"Hahaha, retribution? It's ridiculous."

"Master Beidou, whether or not we will be punished, you can't see it anyway."

"Since you are stubbornly resisting, then I won't talk to you, everyone is brewing, and give them the final blow."

In an instant, the top ten forces, all the powerhouses, began to brew.

Terrifying energy emerges.

The Big Dipper's face changed greatly. This blow would definitely break the guardian formation, and at the same time kill a large number of people.

Critical juncture.

A coquettish drink exploded, followed by a huge stove descending, interrupting the brewing of the top ten powerhouses.

"Hundred Heavenly Furnace!"

"Tongtian Palace!"

Sure enough, the Master of Tongtian Palace led all the powerhouses of Tongtian Palace and the Supreme Treasure Huntian Furnace to kill them.

Seeing this, the Big Dipper leader was overjoyed. It was really a blessing in disguise.

"Qingluo, you dare to interfere!"

Not the blood emperor screaming.

However, the Tongtian Palace Master was indifferent, and his eyes were full of contempt and disdain.

It seems to look down on these strong people.

indeed.

Qingluo is proud.

The ten major forces besieged the Beidou Sect, and they have not been destroyed for more than a month. They are really a bunch of trash.

As for Qingluo rushing over, she actually knew that her lips were dead and her teeth were cold, and the Blood Emperor would definitely deal with her.

then.

After thinking about it, I still came to help.

"Beidou sect master, let's take action together and let the Huntian Furnace suppress the world."

"Okay!"

The Beidou leader responded.

The powerhouses of the Tongtian Palace Master and the Big Dipper Sect joined together, and both parties worked hard to revive the Huntian Furnace.

This treasure is really too strong.

At this moment, a dazzling brilliance erupted, impacting the ten major forces and suppressing the world.

Light shrouded the Big Dipper Religion.

It seems to have put on a layer of invincible defense for Beidou Sect.

Taisu's face was ugly.

The Blood Emperor was even more furious: "Qingluo, you slut, come here to ruin our good things."

Qingluo said coldly, "You're a disgusting thing that doesn't belong to anyone, you won't live long!"

The Blood Emperor laughed: "Really, you want to kill me! Come on, come rescued, and fight with me!"

Qingluo ignored it.

They host the Hundred Heaven Furnace with all their might.

Master Taisu said coldly: "In the future, you will be safe and sound with the Huntian Furnace, but it's just delaying for a while."

talking room.

Master Taisu threw out a magic soldier, but it was a small mountain, which instantly transformed into a towering height of ten thousand feet.

This hill oppresses the Heavenly Furnace.

The entire Beidou Sect's territory was cracking open, countless mountains collapsed, and huge ravines appeared on the ground.

"Taisu Mountain!"

This is the treasure of Taisumen.

Taisu Gate was also built because of Taisu Mountain.

It is rumored that the ancestor of Taisu Gate got Taisu Mountain and established Taisu Gate.

Taisu Mountain is also an ancient magic weapon.

It's about the same as a blizzard.

"You help me!"

Taisu's white hair danced wildly and seemed to be ruthless, and the other powerhouses fully assisted.

Taisu Mountain revived again, shining brightly.

Rumble.

The Huntian Furnace was suppressed and sank, and two-thirds of the Beidou Sect's territory was completely overturned, turning into endless ruins.

The remaining one-third is also dilapidated.

The huge Beidou Sect was in a mess, and the Beidou Sect in the central square and the powerhouses in Tongtian Palace all turned pale.

The strength of their two major forces, how can they fight against the alliance of the ten major forces.

The Big Dipper Sect Master was miserable, and smiled bitterly: "Palace Master, thank you for coming to help in the battle, but to no avail. You all retreat immediately, don't be greedy."

The other powerhouses in Tongtian Palace also mean the same.

However, Qingluo said: "They killed the Beidou Sect, and the next one is Tongtian Palace, and we can't escape."

Yue Linglong's master, Ao Xinyan, has become a powerhouse in the Void Breaking Realm.

At this moment, he sighed: "I don't know how Ye Fan, Linglong and the others are doing in the hinterland of Xianshan. If they find a helper and come back to help in the battle, that's fine."

The master of Kaiyang Peak said: "Don't expect too much, it's only been so long, what kind of bright hall can Ye Fan and the others find in the hinterland of Xianshan."

The master of Yaoguang Peak said, "Actually, Ye Fan should have helped us a lot. The fact that there were no strong men in the Holy Land of Heavenly Fire showed that Ye Fan's plan was successful."

The Big Dipper Master said: "Yes, Ye Fan helped us hold the Holy Land of Heavenly Fire, and it's already very good, don't expect anything more. With Ye Fan's talent, given time, he will definitely surpass these chops. At that time, it will be their death!"

The Fire Spirit Emperor heard these words clearly, and he sneered: "So Ye Fan went to the hinterland of Xianshan, hahaha, that's even better, then contact the Holy Land of Heaven and Fire and want Ye Fan, he can't escape from the ends of the earth. "

"A mere boy, I thought that there could be some big waves in the hinterland of Xianshan. I thought that the hinterland of Xianshan was playing at home."

"Tianshu, Qingluo, why are you finished!"

"Go all out!"

Master Taisu shouted loudly, the light of Taisu Mountain soared again, and the Huntian Furnace, which was suppressed in an instant, fell a thousand meters.

The remaining one-third of the Beidou Sect's territory was also fragmented, leaving only the central square.

Beidou Sect and Tongtiangong are struggling to support.

"Take out all the information, and burn all the spirit stones!" The Big Dipper sect leader fought his way out.

Hu Hu Hu.

The overwhelming spiritual stones were all burned, and infinite power was injected into the Huntian Furnace.

this moment.

The Huntian Furnace is also a masterpiece of brilliance, and the brilliance rushes into the sky.

Taisu Mountain was blown away.

"kill!"

The real Taisu roared.

The top ten powerhouses stepped on the Taisu Mountain, collided with the Huntian Furnace, and competed against each other.

The situation is very anxious.

In this way, it lasted for three days, and finally, the foundation of Beidou Sect was exhausted.

The light of the chaotic furnace began to dim.

"Hahaha."

The Blood Emperor laughed, his face grim.

"You are finished!"

"Qingluo, I won't kill you, I want to abolish you, then ravage you and humiliate you. Then I will give you to them and let them ravage you together. Presumably, your body tastes very good."

Qingluo's face was ashen.

Many strong people in Tongtian Palace vomited blood.

"boom!"

At this moment, the guardian formation exploded.

The Huntian Furnace was knocked flying, fell, and fell into silence.

"puff!"

In the central square, all the experts from the Beidou Sect and Tongtian Temple poured out blood and fell to the ground, losing their combat effectiveness.

Woohoo.

The wind howled, and the top ten powerhouses descended.

Condescending.

As if looking at the fish on the cutting board.

The Blood Emperor grinned: "Qingluo, now kneel down and call my master, wag my tail and beg for mercy, I can be like one-tenth of the people in Tongtian Palace, otherwise I will kill them all."

"Hahaha."

The other strong men also laughed.

"Palace Master Tongtian, come here, kneel down and call Master."

"Yaoguang Peak Master, I fell in love with you when I was there. But, I have to share it with everyone. So, you immediately take off your clothes, kneel on the ground, and let everyone appreciate it."

"puff!"

These words made the master of Yaoguang Peak extremely angry, and blood spurted out.

These guys are humiliating like crazy.

In the end, Master Taisu said, "Enough is enough, let's send them on the road, and things will change later."

"I come!"

The Emperor of Heaven hated the Big Dipper Sect and decided to be the executioner.

"Beidou Sect, the ancestor of our clan has fallen. Now, I will send you down and repent to the ancestor of our clan."

"kill!"

The Emperor of Heaven did not talk nonsense, and immediately displayed the killer.

Can be sudden.

The sky was torn apart, a terrifying aura filled the air, and the entire world became extremely depressed.

"puff!"

In the next second, the head of the Emperor of Heaven exploded.

Nascent Soul was shattered.

He died immediately, without even screaming. It can be said that he didn't even know how to die.

Chapter 1328: slaughtered  
suddenly.

The audience was shocked.

Taisu Zhenren and other powerhouses were all on guard and quickly retreated to distance themselves.

The Emperor of Heaven was a powerhouse in the late stage of breaking the void, and just like that, he was silently beheaded.

No matter what the other party said, it was the existence of the peak of the void!

"what!"

However, the next second.

The Fire Spirit Emperor screamed, his eyebrows were pierced, and his eyes were about to pop out, unbelievable.

Then, the pupils contract rapidly.

Fall straight down.

Die unhappily!

Another late-breaking powerhouse died.

quietly.

This made the atmosphere extremely eerie.

"Calm down."

Taisu Zhenren sensed trouble, shouted loudly, and then all the top ten powerhouses gathered.

Above the sky, the cracks are getting bigger and bigger.

Then appeared in a group of men in black, each of which was in the realm of breaking the void.

Woohoo.

For a time, the sky and the earth changed color.

This is naturally the people of the Snake Head Organization, and the third and fifth elders have summoned a large number of killers from the Void Realm.

In the late stage of breaking the virtual, twenty statues.

In the middle of the broken virtual, thirty statues.

In the early stage of breaking the void, fifty statues!

This lineup alone is terrifying enough. Speaking of the ten major forces, there are not so many Void Breakers.

The most important thing is that in addition to the three elders and the five elders, there are eight huge ghosts.

That is a monster.

Ye Fan of the Snake Head Organization has achieved the mountain range of beasts.

Not only those forces in the hinterland of Xianshan will hire the killers of the Snakehead Organization, but some demon emperors in the Warcraft Mountains will also find the Snakehead Organization for help.

As a result, the Snake Head Organization has friendship with some demon emperors in the Warcraft Mountains.

This time, the third and fifth elders took their people and horses to cross the Demonic Beast Mountains and called some demon emperors along the way.

In fact, I also wanted to play the reputation of the Snake Head Organization, but I didn't expect it, and I did it right.

There are also a lot of powerhouses in the top ten forces and the peak of the broken void. If only the two of them came here, they would not be able to solve it for a while.

The task that Ye Fan gave them is also very simple:

That is to destroy Taisumen, capture Wu Lingjun and Lan Yutian, and take care of Beidou Sect at the same time.

anyway.

With so many powerhouses coming, Master Taisu and the others were a little stunned, especially the feeling that the third and fifth elders gave them was really creepy.

Definitely.

The old killer of the peak level of breaking the void, how terrifying that is.

It can be said.

The third elder and the fifth elder can completely deal with the existence of several peaks of breaking the void.

"Everyone, who are you?"

Taisu real person opened his mouth.

The third elder stood up and said, "Is this the Beidou Sect?"

The Beidou sect master responded immediately: "Yes, this is the Beidou sect."

"That's right."

The third elder nodded and asked again: "The people from Taisumen, can you be with you?"

Real Taisu's eyelids jumped.

The leader of the Big Dipper said: "The old Taoist headed is the master of Taisu Sect."

"I see."

The third elder nodded again, and then waved his hand without saying a word: "Demon emperors, let's do it, the snake emperor ordered to kill Taisu real person and destroy Taisumen."

"Hahaha, we must give the snake emperor's face."

A Demon Sovereign laughed, and was the first to kill.

The other Demon Sovereigns didn't want to be left behind, they all wanted to kill Taisu Zhenren with their own hands, in order to establish friendship with the Snake Sovereign.

Seeing that the eight demon emperors were going to kill him, Taisu's face changed greatly.

"Did you have any misunderstanding!"

Master Taisu grabbed Taisu Mountain, lay it in front of him, and retreated at the same time.

The third elder said: "There is no misunderstanding, this is the order of the Snake Emperor. The Taisu Sect must be destroyed today. As for you..."

"Dare to attack the Beidou Sect, and by the way, kill you all."

"Go ahead."

In an instant, the killer of the Snakehead Organization disappeared out of thin air.

Space Stealth.

The next moment, the ten major forces screamed, blood flowed into rivers, and countless heads flew high.

They were killed off guard.

Where are the opponents of these killers organized by Snakehead? In terms of killing methods, these killers are much more powerful than them.

Moreover, the number of suppression.

Directly one-sided.

"Do not!"

The blood emperor and other power lords were grieved and indignant when they saw that their men and horses were killed.

That's the mainstay.

When the people from Beidou Sect and Tongtian Palace saw this, they all burst into laughter.

"Retribution is coming!"

"Hahaha, retribution is coming so soon."

"Kill well, kill all these bastards!"

This is simply \*\*\*\* on earth.

One-sided slaughter.

The eight demon emperors besieged and killed Taisu Zhenren, and Taisu Zhenren also pulled the blood emperor and the others.

Therefore, the Blood Emperor and the others were unable to save their subordinates.

massacre!

Bloody carnage!

Not long after, the ten major forces were slaughtered.

The sky was filled with a thick fog of blood.

"Devil!"

"You devils!"

The lords of those forces roared and roared with hatred.

The Big Dipper sect leader was exhilarated and shouted: "Aren't you going to destroy my Beidou Sect and Tongtian Temple? Now, you must destroy them first. All the mainstays of your forces have been beheaded. Now, your ten major forces are just empty shells. "

"Hahaha."

The people from Beidou Sect and Tongtian Temple laughed heartily.

What a joy!

Who would have thought that there would be a reversal!

Shocking turnaround!

However, what they are wondering is, who is the snake emperor?

Only the Big Dipper Sect Master, Tongtian Palace Master, and some ancestors knew about it.

The Snake Emperor, the hinterland of Xianshan, the leader of the Snake Head Organization.

That is the top powerhouse in the hinterland of Xianshan!

"what!"

The eight demon emperors besieged and killed Taisu Zhenren, the blood emperor and other power masters, but it was also a little troublesome.

First of all, they also have eight Void Breaking Peaks.

Eight to eight.

However, Master Taisu and the others consumed a lot, and the Demon Sovereign was all at his peak.

So it's a situation of repression.

However, don't forget that the most terrifying are the third and fifth elders.

"puff!"

They have already shot.

One of the Void Peak was pierced through the body, and one of the Void Peak was cut off with both legs.

"Ahhhh!"

They were screaming, terribly.

Blood Emperor they were afraid.

If this goes on, they will all die.

There's no chance of a turnaround at all.

"Hundred Heavenly Furnace!"

At this moment, Qingluo, the master of Tongtian Palace, the leader of Beidou, and several ancestors used their last strength to revive the Heavenly Furnace.

Suppress the battlefield.

Completely ruined the blood emperor and their thoughts of escaping.

"The Snake Emperor wants you to die, you have no chance or qualification to survive."

"Let's all go!"

The words of the three elders were extremely cold.

Puff puff.....

No miracle happened, and one after another, the peaks of Shattering Void were hit hard.

And the outcome after the heavy damage is death.

but.

Die right.

The third and fifth elders preserved their Nascent Soul, erased their spiritual consciousness, and turned them into the purest power, which was sent to the powerhouses of Beidou Sect and Tongtiangong.

They began to heal.

"Bang!"

The blood emperor was blown up by a demon emperor.

However, he regrouped again and laughed: "You can't kill me!"

"I can't do it anymore!"

Several demon emperors bombarded wildly.

The blood emperor has been blown up again and again, but he is still immortal.

At this time, Qingluo shouted: "Break him into the chaotic furnace, and this palace will refine him to death."

"Hahaha, the beauty's proposal is good."

A demon emperor grinned.

The blood emperor was terrified.

"Qingluo, bitch, you are courting death!"

"Little bat, you dare to be presumptuous when you are about to die, roll in for me."

"Who are you talking about little bat!"

"I am talking about you!"

Several Demon Sovereigns joined forces to blow up the Blood Sovereign again, and smashed the broken body into the chaotic furnace.

Tongtian Palace Master had a murderous look on his face.

Before the blood emperor who blasphemed her, now she wants to let the blood emperor live rather than die.

Seeing that the Blood Emperor was sanctioned, Master Taisu was really panicked, but he couldn't escape.

"hateful!"

The real Taisu finally showed a look of horror.

"Snake Emperor, but the leader of the snake head organization. I have no grudges with your organization, why should you target me?"

"This is the order of the snake emperor!"

"I haven't even seen the Snake Emperor. There must be no grievances. There must be some misunderstanding."

Real Taisu was beaten with blood, and couldn't help roaring hysterically.

At this moment.

Liu Shenzi shouted: "My snake emperor is named Ye Fan!"

Rumble.

a bolt from the blue.

The audience was shocked.

The real Taisu was criticized, and the snake emperor turned out to be Ye Fan. Could it be, Ye Fan, the holy son of Beidou?

This.....

How can it be!

The people from Beidou Sect and Tongtian Temple were also stunned.

incredible.

They still wondered why the Snake King helped them, and now they actually learned that the Snake King is Ye Fan!

How can it be!

This has shattered their worldview.

How could the snake emperor be Ye Fan!

"Let's go!"

At the moment when Taisu Zhenren lost his mind, a dagger stabbed into his head.

"Do not!"

The real Taisu roared.

However, to no avail, the fifth elder also shot, and the dagger stabbed into his heart.

Bang!

next second.

Taisu Zhenren's body was blown up by the violent energy, and the Nascent Soul rose into the sky.

This is.

A terrifying Demon Sovereign opened his mouth and swallowed Nascent Soul directly.

"Hahaha, delicious!"

The demon emperor laughed, making the other demon emperors very dissatisfied.

The real Taisu were all beheaded, and the few who were seriously injured were all killed.

So far.

The war is over.

The people from the Beidou Sect and Tongtiangong were a little dazed, and the ten major forces were still domineering just now.

How long has it been since then, they were all beheaded!

It's so scary!

The third elder said: "The Demon Sovereigns, I still need to trouble you, and take care of the mountain gates of those forces just now. There should be some strong people in their mountain gates, so be careful."

"It's an honor to serve the Snake Emperor."

The eight demon emperors left.

The third and fifth elders said: "You stay here, we will go to Taisumen."

After they left, Six Gods descended.

He came to the crowd and said, "Everyone, I am the Six Gods of the Snake Head Organization. You don't have to doubt that my emperor is Ye Fan, the Holy Son of the Big Dipper Sect. My emperor is already a top powerhouse in the hinterland of Xianshan."

I had some doubts just now, but now I don't have any doubts, after all, it has been certified by Liushenzi himself.

Everyone sighed.

No one would have thought that in a short period of time, Ye Fan had grown to this point.

"Good boy!"

The Big Dipper leader laughed loudly: "As expected, I didn't see the wrong person!"

Tongtian Palace Master was also shocked, she just felt that Ye Fan was very enchanting and had great achievements in the future.

However, in a short period of time, it was soaring into the sky, which she did not expect.

Say the other side.

The Eight Great Demon Sovereigns did encounter some obstacles when they went to raid their homes.

In addition to the Heavenly Human Race and the Fire Spirit Race, the ten major forces, other forces, and the ancestor Shenmian.

Of course, he couldn't resist the ferocious Demon Sovereign.

Except for Taisumen, all the other nine forces were wiped out, and all the treasures were transported to the Beidou Sect by the demon emperors.

They were very sensible and did not move.

Afterwards, the Eight Great Demon Sovereigns came to Taisu Sect, where the third and fifth elders encountered trouble.

Taisumen has some background.

There were two ancestors, who cooperated with the guardian formation and blocked their footsteps.

At this moment, the eight great monsters came, and the expressions of the two ancestors changed greatly.

The ten peak powerhouses took action, and it didn't take long for the guardian formation to be broken.

The Taisu Sect did not have the background of the Big Dipper Sect, and could withstand it for more than a month.

Beidou Sect, after all, was once a powerful force in the hinterland of Xianshan.

Although it came to the periphery, the thin dead camel was bigger than a horse.

The two ancestors were beheaded.

All Taisu Sect disciples were arrested, and the third and fifth elders searched for them.

"It's you!"

The three elders grabbed Lan Yutian.

"Yo, it's still a god-king body, no wonder my emperor wants to arrest you by name."

"senior....."

"To shut up!"

The third elder shouted, Lan Yutian didn't even have the qualifications to speak, and he fainted.

At this time, the fifth elder came over and said, "The third one, the martial spirit has not been found!"

"Yes!"

The third elder's face sank.

They promised Snake King to complete the task perfectly.

If he does not lead Wu Lingjun, he is not perfect and he is likely to be punished.

To know.

They are now the servants of the Serpent King.

"These are all killed." The third elder sighed, and the eight demon emperors were excited.

Eat directly.

Taisumen was destroyed.

In just a few days, the ten major forces were destroyed, and it could be said that a major earthquake occurred on the periphery of Xianshan.

Some forces that did not participate are fortunate.

Such as Zhenwuzong.

In fact, Zhenwuzong has been paying attention to the movements of the Beidou Sect, and he thought that the Beidou Sect was doomed.

Unexpectedly, there was a big reversal.

At the same time, they also found out that Ye Fan, the saint of the Big Dipper Sect, became the leader of the Snake Head Organization.

good guy!

It's simply not too strong.

The snake head organization is enough to destroy any force in the periphery.

Emperor Wu, the lord of the Zhenwu Sect, was heartbroken. If he knew this, he should, like Tongtiangong, support the Beidou Sect.

In this way, Ye Fan will definitely be grateful to befriend the Big Dipper Sect, and the True Martial Sect will have great benefits.

"Father, there is still a chance. I heard that the Snakehead Organization is looking for Wu Lingjun."

"Could it be, do you know Wu Lingjun's whereabouts?"

"Some time ago, I met Wu Lingjun. He went to Heifeng Mountain."

Emperor Wu was shocked.

Black Wind Mountain, that is not a good place.

There is the most terrifying restricted area on the periphery.

"I'm going to Beidou to teach."

Emperor Wu came to Beidou Sect, just in time for the return of the third and fifth elders.

He didn't talk too much, and told Wu Lingjun's heart directly.

"Black Wind Mountain!"

The third and fifth elders looked at each other.

The Big Dipper Sect Master frowned and said, "Two seniors, don't worry, let's make some repairs first. In a few days, I will accompany you to go to Heifeng Mountain, which is indeed a terrible restricted area."

Chapter 1329: Montenegro old demon

Now that the crisis is over, the major peak masters immediately returned the disciples they had sent away in a hurry, and started the construction of Daxing.

The territory of the Beidou Sect was destroyed and needed to be built.

Fortunately, the resources of the ten major forces are very rich, enough to restore the Beidou Sect to its original state, but there are still big gains.

The central hall was not damaged.

The leader of the Big Dipper invited the three elders and others, as well as the Eight Great Demon Emperors to rest, and set up a banquet.

Up to now, the people of Beidou Sect and Tongtiangong are still shocked. How did Ye Fan become the leader of the Snake Head Organization in such a short period of time?

Can't figure out \*\*\*\* it.

The third elder actually didn't know, but the Sixth God Son simply narrated some things.

Including, Ye Fan beheaded the ten elders of the Great Wilderness Ancient Sect in the late stage of breaking the void, and severely injured the deputy leader.

Qingluo, the master of Tongtian Palace, was alarmed.

She is very familiar with the ancient religion of the Great Wilderness. She has visited many times as a guest, and she also has some friendship with the leader of the Great Wilderness.

Unexpectedly, Ye Fan merged with the ancient religion of the Great Wilderness to produce such a big contradiction.

Look now.

The Great Wilderness Ancient Sect is no longer Ye Fan's opponent.

"The holy son is like a dragon!"

In the end, the Beidou Sect powerhouse sighed with emotion.

resonated.

"The holy son is like a dragon!"

"The holy son is like a dragon!"

The crowd shouted, their faces flushed.

Ye Fan became the leader of the Snake Head Organization, which means that the Beidou Sect has a huge backing and security.

They will have nothing to worry about.

After three rounds of drinking, the third elder asked, "Tell me about Heifeng Mountain. My emperor ordered that Wu Lingjun must be captured, and there must be no mistake."

The leader of the Big Dipper said: "Heifeng Mountain is a restricted area of outer terror, because there is an old monster entrenched in it. That old monster once brought huge disasters to the outer world. It is so terrifying, and he has already realized the opportunity to transform into a god!"

"Yes!"

The three elders' faces froze.

Understanding the opportunity to transform into a \*\*\*\* is not easy to deal with.

The leader of the Big Dipper said: "This guy Wu Lingjun entered Heifeng Mountain, I am afraid that he is looking for the old monster of Montenegro. The reason, I guess it may be for self-protection."

"Wu Lingjun received a magic weapon, which has infinite magical uses and is extremely powerful. Master Taisu obviously coveted it for a long time. Wu Lingjun also knew this. He was worried that Master Taisu couldn't help but attack him, so he should go to Heifeng Mountain to find him. Cooperation with the old demon of Montenegro."

"All in all, from the current point of view, if you want to capture Wu Lingjun, you must touch the old monster of Montenegro."

The third elder frowned and said: "This is a trouble. Although we have so many peak powerhouses, we are still not sure about dealing with the old monster who has realized the opportunity to transform into a god."

The fifth elder said: "Report the news to the Snake Emperor and see how he decides."

"We need to sit here in order to avoid any accident. Six Gods, when you go back to the hinterland of Xianshan, you have to trouble a few demon emperors to \*\*\*\* you."

"a piece of cake!"

The next day, the three demon emperors left the Beidou Sect with Liushenzi and wanted to return to the hinterland of Xianshan.

The remaining five Demon Sovereigns were asked by the Third Elder to stay.

at the same time.

Black Wind Mountain, deep.

Black Hall.

Wu Lingjun came out, and now he is already a powerhouse in the Void Breaking Realm.

Flutter.

A bird flew over and landed on Wu Lingjun's shoulder, chattering as if it was telling something.

"The Taisu Sect has been destroyed, and there are nine other forces!" Wu Lingjun was shocked.

The bird continued to twitter.

Wu Lingjun's face sank: "You want to arrest me?"

"Ye Fan is really not to be underestimated. His luck is extremely strong. He must have made some famous things in the hinterland of Xianshan. So he arranged for the strong to protect the Beidou Sect."

"It's just, Ye Fan, you want to arrest me, you're delusional."

"Shh!"

At this moment, a huge black shadow descended, and then transformed into a human form, an old man in black.

This is the old demon of Montenegro.

But the next second, the old demon of Montenegro knelt down on one knee and said sincerely: "Master, the supreme magic medicine has been obtained for you. In addition, I killed a few demon emperors, and took their Nascent Soul and Inner Pills. Keep it, and wish the master great success."

"Hahaha, good, very good."

Wu Lingjun laughed and took the supreme magic medicine, Nascent Soul, and Inner Alchemy with a playful look on his face.

"Ye Fan, I'm afraid you would never have imagined that I conquered the old demon of Montenegro with the help of the Heavenly Book."

"This is a stronger existence than Wine Sword Immortal."

"When I'm done, I'll go to the hinterland of Xianshan and take your head."

Wu Lingjun finished speaking and walked into the black hall.

...

The hinterland of Xianshan.

The capital of the Qingtian Dynasty, Feixianlou.

Evan is here.

Reya has given him a lot of resources, and he is working hard to help the remaining eight Wraith Lords recover as soon as possible.

Han Yan, Yue Linglong and others are all practicing.

Because, the treasure resources unearthed by the Snake Head Organization in the Shadowless Mountains are also being delivered continuously.

You have a lot of resources for cultivation.

a month later.

Feixianlou suddenly burst into the sky, first there was one, and then, several more rays of light bloomed.

"I broke through!"

Yue Linglong was very excited that she had finally become a powerhouse in the Void Breaking Realm.

Similarly, Lan Yuxuan, Feng Yuanhua, Du Jun, and Fairy Yaoguang all made breakthroughs.

As for the drought, it is like a duck to water.

nowadays.

It has already rushed to the Empress of the Void.

no way.

The advantage of not having a bottleneck is that, cultivation is smooth, but, like Ye Fan, the resources needed are getting more and more advanced.

And Ye Fan, this month's hard work, finally completed the task.

The eight wraith lords awakened.

The eighteen major Dharma protections are completely complete.

It's just... The peony is still transforming, and Ye Fan is not stingy. He keeps sending precious resources into the cocoons. He hopes that the peony will become strong enough.

"what?"

Only then did Ye Fan discover the news of the Six Gods.

"Heifengshan, the old demon of Montenegro!" Ye Fan thought for a moment, then he summoned Liu Shenzi.

The six gods have been waiting in the kingdom.

"Master, the third and fifth elders, please decide whether to fight the Montenegrin old monster. If you want to fight, I hope that you can arrange for a strong person who understands the opportunity to transform into a \*\*\*\* to help."

"Give up for now."

"give up?"

Liushenzi was surprised.

Ye Fan said: "That guy Wu Lingjun is not simple. He is also a lucky man. If he is not easily caught by me, it means that it is difficult for me to catch him."

"Inform the third elder, there is no need to venture into Heifeng Mountain. You have one more thing, that is, you hope that Beidou Sect and Tongtian Temple can relocate to the hinterland of Xianshan."

"You convey this news back. How to choose depends on Beidou Sect and Tongtian Temple. If you are willing to relocate, you will be extremely safe to escort."

"clear."

The six gods left.

The Beidou Sect and Tongtiangong stayed on the periphery, Ye Fan was very worried, not worried about anything else, but worried about Wu Lingjun's revenge.

Ye Fan never underestimated Wu Lingjun.

Those who can obtain the inheritance of the ancient Sacred Martial Sect and the list of the gods from the heavenly book can be called the son of luck. Such people are not easy to deal with.

"The old demon of Montenegro? Wu Lingjun dared to enter Heifeng Mountain. What is his reliance?"

"Could it be..."

Ye Fan's face changed.

"Could it be that he re-developed the Heavenly Books and Gods List to deal with an old monster like the Montenegrin old monster?"

"If that's the case, then it's dangerous, and we have to beware of this guy and the old monster of Montenegro."

Ye Fan sent a message, and Liu Shenzi returned.

"Tell the Master of Beidou and the Master of Tongtian Palace, and tell them to relocate to the hinterland of Xianshan, and do it as soon as possible without delay."

"As ordered!"

Liu Shenzi left in a hurry.

"Wu Lingjun, speaking of which we don't have any deep grudges between us. Back then, your father Wu Shentong had a little friendship with me. I hope you don't seek death. I didn't want to kill you when I arrested you, but I just wanted to It's just to get the Heavenly Book of Gods."

Ye Fan muttered to himself.

He really didn't think about beheading Wu Lingjun, he just wanted to get the Book of Heaven, but if Wu Lingjun dealt with his friends, or wanted to kill him, that would be another matter.

Ye Fan never considered himself a benevolent person.

Kindness does not hold soldiers.

Since childhood, he has been fighting all the way.

In this cultivating world where the strong eat the weak, kindness will bring many hidden dangers to oneself to some extent.

Ye Fan has too many fetters.

It is impossible to endanger yourself and your relatives and friends.

"It has reached the bottleneck. The breakthrough in cultivation has been too fast for a while, and it has to settle down."

Ye Fan decided to go out for a walk.

As soon as he left Feixianlou, he got a message from Lei Ya. He came to Wanbaozhai and found that Lei Qianqiu was also there.

"uncle."

"Ye Fan, I came to you because of your wedding with Xiaoya."

Ye Fan was stunned for a moment, and then he remembered that this was the previous plan.

Chapter 1330: Liwei

Became the son-in-law of the Lei family and participated in the Eight Veins Competition in Wanbaozhai.

But now, Ye Fan is in control of the snake head organization, and there are eighteen peak guardians, and the strength is completely sufficient. He feels that he does not need to do this.

At that time, on the day of the Great Competition of the Eight Meridians, he came directly with the strong men, and resolutely suppressed the Seven Great Meridians, wouldn't it be good?

What's the point of participating in the competition?

Leiya seemed to see what Ye Fan was thinking, and she said, "Ye Fan, although the power you control is strong enough, I still think it's better to be careful."

Lei Qianqiu said: "Yes, the seven major veins are not so simple. This time, I also invited the seven major veins to scream, and I also want to see their attitude and background. You are also familiar with it in advance, maybe, you can find it. Something unusual."

Ye Fan thought to himself, and nodded for a moment: "That's fine, but, as we said in advance, this is just acting."

Lei Qianqiu snorted: "You bastard, it's like I want to marry my daughter to you."

Ye Fan touched his nose awkwardly.

"The big wedding is just seven days away. Get ready, or go back to the ancestral land of the Lei family with me now."

"Okay, I'll say hello to my friends."

"Go."

Ye Fan returned to Feixianlou, but he didn't hide it from Yue Linglong and said it.

Yue Linglong is very big.

There is no objection, he knows that Ye Fan has ambitions, and as his woman, he must support him, and there is no reason to interfere.

Ye Fan said: "I asked Beidou Sect and Tongtian Temple to relocate to the hinterland of Xianshan. It's just these days. Then you will get in touch with Princess Qingluo."

"As for the location..."

"It is recommended to be near the Temple of the Snake Head Organization, which will also take care of it. I will arrange for the elders of the Snake Head Organization to help settle down."

Yue Linglong was overjoyed: "This is really good!"

"Then I'll go, you all be careful. I won't tell Princess Yunxi."

"be careful."

"I know." Ye Fan kissed Yue Linglong's forehead, and then floated away.

Yue Linglong came to the window and looked at the retreating back, very proud and satisfied.

That's her man!

Is so excellent, so evil!

very nice.

...

Wanbaozhai Eight Vessels, the branches of the eight ancestral lands are very interesting. Surrounding the central Wanbaozhai headquarters, the eight ancestral lands are exactly eight directions, forming a Bagua array.

The eight ancestral lands are connected to each other and surround the headquarters of Wanbaozhai. It can be said that they are impregnable.

It is very difficult for external forces to invade.

At this moment, the ancestral land of the Lei family.

Ye Fan followed Lei Qianqiu's father and daughter. Except for Lei Wanhai, Lei Qianren, and the ancestor of the Lei family, the other children of the Lei family never talked about Ye Fan. They just heard that the eldest young lady was getting married.

"Is this the eldest lady's husband?"

"His name is Ye Fan!"

"It seems to be the son-in-law of our Lei family, hahaha, laughing to death."

"Shh! Be quiet!"

Arguments erupted one after another.

Ye Fan didn't care, his current state was not interested in competing with these little chickens.

However, there are always some inconveniences.

For example, the tall and straight young man in front of him is a genius, and in the early stage of breaking the void, he should be Leiya's suitor.

"Evan?"

"Okay, any advice?"

"A while ago, there was a big incident in the Qingtian Dynasty, and the protagonist was also called Ye Fan. That Ye Fan killed the four elders of the Great Wilderness Ancient Sect in the late stage of breaking the void. Could it be that you are him?"

Ye Fan didn't appear with a real appearance now, and with the consent of Lei Qianqiu and Lei Ya, he changed his appearance.

"What do you think?"

"Whether it is or not, it is not that easy to be the son-in-law of my Lei family."

"Tell me."

Ye Fan stood with his hands behind his back.

This indifferent appearance made this young man very unhappy, and the younger generation of the Lei family who were watching around also had some opinions.

They felt that Ye Fan was contemptuous!

"If you want to be the son-in-law of the Lei family, you must show your strength!"

At this time, a feminine young man stood up and added: "Not only power, but also background. After all, my Lei family is a big family, and one of the eight lines of Wanbaozhai, with a strong background. Not a loose cultivator can marry come in."

The word "marry" bites very hard.

It was obviously to humiliate Ye Fan.

In the distance, Lei Ya saw that Ye Fan was making things difficult, and was very angry; but Lei Qianqiu said: "Don't intervene, those guys really need to learn a lesson, the province is ignorant, let Ye Fan do it; at the same time, it can also be used to beat and beat Other factions of the family, let them be honest."

Reya's eyes lit up: "Father, you are very thoughtful."

And over there.

Ye Fan smiled and said, "You want to fight me?"

"If you don't mind, I can discuss with you to see how strong you are."

"I think it's okay."

"Are you afraid?"

"That's not true, but you are too weak, and I'm really not interested. In fact, I find it very boring for dozens of you to go on together."

The young man's face froze.

The atmosphere suddenly became deadly.

Immediately.

All the children of the Lei family were furious one by one. This was a blatant humiliation and contempt for them.

A foreign, door-to-door son-in-law, so crazy!

Just looking for a fight.

"Hahaha."

The young man's face was gloomy and he sneered: "Ye Fan, listening to you, it seems that you are invincible. Well, we will come to meet you and fulfill your wishes."

Suddenly, in addition to this young man and the feminine man, there were also several young men and women who had broken the void realm jumped out.

These are the top talents of the Lei family.

"anything else?"

Ye Fan looked at the spectators: "Aren't you ready to go? These are not enough to watch."

"Wooooooo."

Furious.

In an instant, more than a dozen men and women joined.

"Ye Fan, this is what you asked for, don't go to Sister Leiya to complain."

"Fight, just hit, there's so much nonsense. If it wasn't for the first time in the Lei family, I wanted to keep a low profile, and you were so noisy, and I would have pressed you to the ground and rubbed them."

"court death!"

The humiliation one after another made these men and women intolerable.

At this moment, they all launched an attack.

"Boom!"

All of a sudden, all the attacks fell on Ye Fan.

Submerge Ye Fan.

The feminine man sneered: "I thought it was so powerful, but I didn't expect it to be like this."

"That's right, I can't even escape."

"I won't be killed, right? How can I explain this to Sister Leiya?"

"It's just trash, it's just death!"

The men and women chatted one by one.

But suddenly, the wind whistled and the smoke cleared away. Ye Fan patted his clothes and said, "Is that so? Then I take back what I just said. You are not a rookie, not even a rookie."

"what!"

Everyone was shocked.

They attacked together, and Ye Fan was safe and sound.

"Sure enough, there are two times. Since this is the case, then we will go all out!"

"Repression!"

This blow is not bad.

Ye Fan raised his head slightly, and then gently pushed out a punch, dissipating all the attacks.

Subsequently.

He fell to the ground and snorted, "All kneel to me!"

Heart-killing curse!

Incidentally, the Great Roaring Technique! Great Law!

All the children in the audience were bleeding from their seven orifices, screaming, and being blessed by the power of the Great Law Order, they couldn't control it and knelt on the ground.

Ye Fan can be said to stand out from the crowd.

He glanced at it and said with a smile: "It's the first time I offended me, so I'll take a small punishment. If there is another time, I won't forgive you."

"Boy, you are arrogant!"

Suddenly, a man in the late stage of breaking the void came, angry, and directly bombarded Ye Fan with a punch.

This is a full blow.

And directly bombarding Ye Fan's head, this is obviously a killer.

Ye Fan's face suddenly turned cold.

He turned around abruptly, opened his mouth and let out a roar of dragons, and the celestial hegemony body recovered in an instant.

One punch.

"Bang!"

This man was directly blown up, vanished into ashes, and died on the spot.

"Father!"

The tall and tall young man who was the first to provoke Ye Fan roared sadly, his eyes were splitting, "Ye Fan, kill my father, I want you..."

"Go on your way too."

With a flick of Ye Fan's finger, the young man's head exploded, along with his Nascent Soul.

Such a weak Nascent Soul, Ye Fan couldn't look down on it at all.

Between the electric light and flint, he beheaded one of the late stage and early stage of breaking the virtual, which completely shook the audience.

Rumble.

At this moment, all the senior members of the Lei family were alarmed.

They come.

Their faces changed, but no one dared to say anything.

In fact, they were all watching just now, just to see how Ye Fan was doing.

The ancestors of the Lei family, Lei Wanhai, Lei Qianren, Lei Qianqiu and Ye Fan dealt with the Snakehead Organization. This is a secret, so other than them and Lei Ya, no other children of the Lei family know about it.

I don't understand Ye Fan's true identity and strength.

But now they see it.

In the late stage of Shattering the Void, with one punch, there is no room for defense, at least half-step peak combat power.

In this situation, neither Lei Qianqiu nor Lei Ya, Lei Wanhai, or Lei Qianren appeared.

If Ye Fan wants to make trouble, let him make trouble.

The Lei family really needs to be cleaned up.

Ye Fan also knew what Lei Qianqiu meant, so he had no scruples, his face was flat, he stood with his hands behind his back, his silver hair swayed, and his white robe danced.

He asked, "Who will tell me what the identity of the father and son I killed just now?"

A female elder said: "Lei Qiandao is the father and son of Lei Qiandao, Lei Qiandao is the elder of our Lei family."

Ye Fan nodded: "Does Lei Qiandao have direct line elders?"

The female elder shook her head.

"In addition to Lei Dong's son, does Lei Qiandao have direct descendants?"

"have..."

"That's good."

Ye Fan grabbed a pool of blood, which was the blood of Lei Qiandao and his son.

"Blood tracking!"

In an instant, a red line soared into the sky, indicating the direction.

"Large Arrest!"

Ye Fan reached out his handprint and grabbed it.

"what!"

Suddenly, some descendants of Lei Qiandao were caught, and then they were directly abolished.

Ye Fan saved their lives.

After all, they didn't provoke themselves, and the reason why they were abolished was that they didn't want these guys to take revenge.

Although their strength can't take revenge, it is better to abolish them. Ye Fan has always been a cautious person.

This ruthless means shocked the audience.

Silent.

Ye Fan glanced and stared at the feminine man.

This frightened the feminine man, and his father, mother, and descendants all knelt down.

"Uncle, the little beasts have offended you countless times. Please have a lot of them, and don't remember the villains."

"It's not an example."

"Yes Yes Yes."

Ye Fan waved his hand and said solemnly: "Get up, your own people, it's good to know what to do, don't go too far. Immediately, the Lei family will usher in the moment of take-off, and you must unite as one. Who dares to have two hearts, I Send him on his way!"

"Even if it is the peak of the void, I still do it for him."

The words fell, and quietly, eight terrifying figures appeared in the sky.

The breath of Void Peak permeated the audience.

The entire Lei family trembled.

Eight peak powerhouses?

Oh my God!

The appearance of the Dharma protector completely made the Lei family not think carefully, and they respected Ye Fan very much.

This is what Lei Qianqiu wants to see.

In the next few days, Ye Fan took a look at Lei's ancestral land and nearby, and also looked at Wanbaozhai headquarters from a distance.

It's a little secret.

If you want to enter, it is very strict, even the disciples of the eight major veins cannot enter casually.

"Ye Fan, the invitation has been sent out, tomorrow is the wedding day."

"Okay!"

Ye Fan found that Leiya had a lot of charm and style without knowing it.

I have to say, Reya is very attractive.

Ye Fan knew that even if he was a fake, it was nothing, and Leiya would definitely like it.

only...

Ye Fan had some concerns in his heart.

He's still a little virgin. It's the first time, how can I say, I have to choose carefully, how can I give it casually.

the next day. early morning.

Ye Fan put on a red robe, and the maid specially dressed him up, making him incomparably handsome and handsome.

The moment they walked out, many young girls in the Lei family were crazy.

And in the boudoir, Leiya is also preparing, Feng Guanxia, the same number, the same beautiful and moving.

People from the seven major veins also came one after another.

"Hahaha, Lao Lei, I didn't expect Xiaoya to suddenly get married. It's really surprising."

"I heard that the son-in-law's name is Ye Fan?"

"What background?"

People from the seven major channels kept asking, and they also felt that something was wrong.

Why is Reya about to get married all of a sudden?

Could it be that the Lei family is looking for foreign aid to participate in the Eight Meridians Competition a month later?

In the face of inquiries, Lei Qianqiu, the old fox, kept practicing Tai Chi, which is what he is best at.

The senior leaders of the seven major channels found that they couldn't ask anything, so they didn't make fun of themselves.

but.

The younger generation of the seven major channels is very curious, and at the same time, some people are very unhappy.

There are many suitors of Leiya, and among them, there are some geniuses in the seven major veins.
