Chapter 1331: Happy and funeral!

"Mu Chen, Leiya suddenly got married, don't you have any ideas?"

In a certain corner of the conference hall, a handsome young man spoke to the man who was carrying a long sword beside him.

The sword-carrying man was named Mu Chen, and he was the eldest young master of the Mu family, one of the seven major veins.

Once a suitor of Raya.

"What about you, don't you have an idea?"

Mu Chen asked back.

The purple-robed youth narrowed his eyes and said with a smile: "The idea is actually quite simple, just take down Leiya and play around with it."

"Um?"

Mu Chen frowned.

The purple-robed youth said: "Mu Chen, you should know that the day of disaster for the Lei family will come a month later, and the Lei family is doomed to collapse. This has been planned and will not change. Therefore, the one who married Leiya Boy, it's really unfortunate, you only have one month to live."

"Lei's family is destroyed, and when the time comes, Lei Ya will be left behind and play around to satisfy his psychological needs, that's all."

"Mu Chen, you have to work harder. Reya refused back then, so it should leave you with a knot in your heart. When you win Reya, have fun, let it out, have a good idea, and maybe break through directly. ."

Muchen has no words.

At this moment, several more young people came, all of whom were once Reya's suitors.

But now, they all have evil thoughts.

Even the eyes they looked at the Lei family contained pity, even joking and disdain.

In the blink of an eye, the time has come.

"Invite the groom to enter."

As the emcee shouted, Ye Fan came, striding a meteor, full of aura.

Her handsome appearance and extraordinary temperament made many young ladies of the seven major veins lose their minds.

This also makes some men in the seven major channels very uncomfortable.

"This person must die!" The purple-robed youth said coldly, while the other youths nodded secretly.

Mu Chen looked at Ye Fan from a distance, expressionless.

The next step is to go through the procedure. The master of ceremonies made a big talk, and then shouted: "Please enter the bride."

Suddenly the sky is full of flowers.

Fairy music played.

In the colorful brilliance, Leiya slowly appeared, she is really beautiful and charming today.

The phoenix crown, Xia, set off her very noble.

Ye Fan was a little lost.

Although it was fake, he was indeed attending the wedding ceremony. He never thought that the first marriage ceremony in his life was for Leiya.

He had imagined many times that he would marry his sisters, the Queen, Linglong, etc., but now...

Really, things are unpredictable!

Ye Fan took Reya's hand. Since he has reached this point, he will naturally give Reya face instead of being cold, so how embarrassing Reya is.

Wedding ceremonies are complicated.

After more than an hour of busy work, it was finally over, and the banquet began.

Ye Fan and Leiya temporarily avoided.

In the distant pavilion, Ye Fan listened to Leiya's introduction and gained some understanding of the seven major veins.

"The seven major channels seem to be on guard. This time, they are just a little representative. Many strong people do not have a dojo."

"Evan!"

"Evan!"

"Uh, what's wrong?"

Reya asked, "What are you thinking, do you feel uncomfortable going to the wedding ceremony with me?"

Ye Fan smiled and said: "That's not true. It is my honor to go to the wedding ceremony with a beauty like you. I was thinking..."

"Would you like to, by surprise."

"what?"

"Why do you have to get the eight-meridian competition in a month? Isn't that handing over the initiative to the other party? If you take action now, if nothing else, at least you can leave the seven-meridian people present at the scene. This is considered a The Seven Great Veins suffered heavy losses."

Reya was shocked that Ye Fan had such thoughts.

but.....

It also makes sense.

Now that he starts, the seven major meridians are caught off guard, at least they can leave all these people present.

"Why don't you talk to Uncle Lei? Of course, you can't be reckless. After all, there are so many strong people from the seven major channels, and you need to plan carefully."

"Okay."

Reya nodded, feeling a little excited in her heart.

Not long after, Lei Qianqiu came, the three of them conspired to discuss for a while, Ye Fan and Lei Ya returned to the venue.

According to the rules, the bride and groom need toast every table.

Here's a chance.

As expected, Ye Fan and Leiya toasted at a wine table. Suddenly, a young man next to him reached out and smeared Leiya's butt.

In full view.

Suddenly, many people were quiet.

???

This, what's the situation!

Is this person mentally ill, harassing the bride in public?

Special code!

Although the Lei family will be dealt with in a month, it is not so presumptuous now.

"presumptuous!"

Ye Fan stopped drinking and slapped the young man to pieces.

In fact.

The reason why this young man did this was that he secretly controlled it, using the big winding technique to control the young man's arm.

no way.

Have to find a contradiction.

There can only be a scapegoat... No, not a scapegoat. After all, these seven major veins will all die soon.

"My son!"

A middle-aged man roared sadly.

This is the elder of the Hu family of the seven major veins. It was his son who Ye Fan killed just now.

"Ye Fan, you dare to kill my son!"

"This beast dares to violate my wife, doesn't take me seriously, doesn't take Lei's family in the eye, the crime deserves death. Kill it, kill it, what are you doing!"

"you!"

"Shut up!" Ye Fan shouted angrily, expressing incomparable anger: "If I violated my wife, I beheaded him, which is reasonable. If you dare to jump again, I will kill you together."

The atmosphere changed suddenly.

The Hu patriarch was suffering from the loss of his son and was humiliated, how could he bear it.

"court death!"

He made a bold move.

However, Ye Fan punched him and killed him, even in the late stage of Void Breaking!

This scene shocked the entire venue.

The people from the seven major channels were completely stunned, Ye Fan smashed the elder Hu who was in the late stage of Poxu with one punch?

I rely on!

So fierce!

As for the people of the Lei family, except for Lei Qianqiu, who knew about it, everyone else was stunned.

"Elder!"

At this time, the people of the Hu family all reacted, their eyes were splitting, and their hatred was monstrous.

"You dare to kill my elder Hu family!"

"It seems that you want revenge, so let's send you all on the road."

Ye Fan entered a state of killing.

Great Killing.

The monstrous terrifying murderous aura filled the audience.

In the blink of an eye, dozens of people from the Hu family were all killed and smashed to pieces.

The venue was bloody.

How cruel and cruel is this!

The other six meridians did not respond, and when they recovered, all the people of the Hu family were beheaded.

"Ye Fan, you..."

The powerhouse of the six meridians was shocked.

But Ye Fan waved his sleeves and smiled: "Everyone, I'm sorry, everyone was shocked. The Hu family left after drinking, and they were attacked by the demon emperor on the way of the Hui family, and they all fell."

"I don't know, right?"

boom!

All people with six veins contract their hearts.

It's just a random fabrication, but it is mixed with persecution and unquestionable.

Ye Fan was full of smiles, but at this moment, everyone was terrified.

Even Reya's scalp tingles.

Ye Fan is really cruel!

Not only ruthless, but also very bold!

Forcing Liukai to admit that the Hu family perished by himself, not by him, was to a certain extent humiliating Liukai.

The Lei family was extremely happy in their hearts.

The faces of the people in the Six Meridians were all ashen, and of course they knew that it was very embarrassing.

But, can you agree?

You must know that this is in the Lei family, and there are not many strong people from their six meridians. If they anger the Lei family, they may not be able to get out.

"Young Master Ye, Hu's animal violated Miss Lei and deserved death. It is reasonable and reasonable to be executed."

"Bang!"

When the words fell, the man was bombed and killed.

The whole place was silent again.

This time, it was the Zuo family who were beheaded.

"Evan!"

An elder of the Zuo family erupted violently.

However, when he thought of killing the elder Hu with one punch just now, his words did not dare to be too harsh.

He suppressed the anger in his heart and roared: "I, Zuo Erlang, didn't offend you, why beheaded, what are you doing!"

Ye Fan said: "Don't you understand what I said? The people of the Hu family did not violate my wife, but were attacked and destroyed by the demon emperor on the way back. Just now, your Zuo Erlang said the wrong thing."

The elder Zuo's body was trembling, angry, and he almost vomited blood: "It's just that he said the wrong thing, you will kill him!"

Ye Fan said: "You should understand the truth that disaster comes from your mouth. Elder Zuo, do you have an opinion?"

The elder left patriarch stiffened instantly.

Opinion?

Great opinion and anger.

But.

He dared not speak.

In the end, the elder Zuojiao clenched his fists, shook his head and said, "No."

"That's good, please sit down and continue drinking."

As Ye Fan spoke, with the power of the Great Law Order, the Zuojiao elder pouted and sat down.

No one in the entire venue continued to drink.

When such a thing happened, who could eat it, and at the same time, they also guessed that this might be the counterattack of the Lei family.

Damn it!

How dare Lei family!

Now, people from the Six Veins are secretly communicating with each other in a frenzied way, looking for a way to escape successfully.

But.

Lei Qianqiu had already made arrangements, and he could start a big formation at any time, covering the entire ancestral land.

at the same time.

The ancestor of the Lei family can also recover at any time.

They just need to watch a good show, leave everything to Ye Fan and let Ye Fan solve it.

"The matter of the Hu family will pass."

"Next."

"I'm going to say another thing. I heard that someone has pursued my wife. Let me see what?"

Immediately.

Muchen, the purple-robed youth and others changed their expressions.

"Brother-in-law, it's them, they're all there." Suddenly, Leiya's clan brother came out one by one, pointed to the wine table not far away, and shouted.

next second.

Muchen and the others only felt that the world was spinning, and then they appeared in front of Ye Fan.

The universe shifted.

Ye Fan hadn't used it for a long time, but now it's very pretentious to use it.

"kill!"

Muchen and others are very decisive.

Everyone in Liukai knew that the Lei family was going to fight back. In this case, Ye Fan would definitely not let them go.

Strike first.

Ye Fan let the attacks of Mu Chen and others fall on him, but he was safe and sound.

"impossible!"

Muchen and the others screamed in disbelief.

This is their respective full blow, 120% of their combat power.

Together, they couldn't hurt Ye Fan.

How can it be!

"not good!"

Several family elders turned pale.

But it was too late, and a few handprints caught Mu Chen and them all.

"Ye Fan, be merciful."

"Hey, I really wanted to talk to you, but you actually wanted to kill me. This blinded me. Since that's the case, I can only send you on the road."

"do not want!"

The elders cried.

However, to no avail, Ye Fan used it, screamed a few times, and several men and women died tragically.

However, Muchen and the young man in purple robe survived, and they were carrying strange treasures to block this fatal blow.

"Ye Fan, go to hell!"

Muchen and the youth in Zipao roared wildly and used their life-saving cards, which was a full blow from the peak of the void.

Lei Qianqiu is ready to take action.

At this moment, Ye Fan used the beads given by Empress Qingluan, and a trace of power spread.

boom!

boom!

The life-saving trump card displayed by Mu Chen and the youth in Zipao, the full blow from the peak of the void, vanished in an instant.

Compared with Empress Qingluan, the peak of breaking the void is nothing.

"Do not!"

Muchen and the purple-robed youth roared unwillingly.

However, to no avail, they cannot change the ending. They are in the energy and evaporate directly.

"Little Lord!"

"Little Lord!"

The identity of Mu Chen and Zipao youths is not simple, but they are the young masters of the Mu and Hou families.

The young master was beheaded, which was undoubtedly a declaration of war.

"Lei Family, are you guys going to declare war!"

"Noisy, kill them all!" Ye Fan's face was very cold, and the three guardians appeared and began to slaughter.

but.

There are also peak powerhouses among the six meridians, and there are four of them, which have been hidden all the time, just in case.

I can't stand it anymore at this moment.

"Four old monsters have been eyeing you for a long time. Do you think they are well hidden?"

"kill!"

Immediately, five guardians appeared again.

The appearance of eight peak-breaking powerhouses made the faces of the six meridians bloodless.

Only then did they understand: the Lei family would have destroyed them long ago.

Nothing to say now.

Only fight to the death.

This is indeed a big battle. The people of the six veins unite together, and cooperate with several peaks of breaking the void, which is a considerable force.

Because they also have ancient treasures in their bodies.

At this point, the Lei family stopped watching the show, joined the battlefield, and Tianleichi recovered.

It didn't take long for the defense to be broken.

All the people of the six meridians will be killed, and none will remain.

At this point, the Lei family was quiet.

But Ye Fan said: "Everyone, it's not time to rest. Seven major veins must have noticed that these people died. We must kill them immediately."

"It must be broken one by one!"

"The closest to the Lei family are the Hu family and the Zuo family. They will act separately. All the forces of your Lei family will raid the Mu family, and I will go to fight the Hu family. We must make a quick decision, so that other families can't react and cannot support."

Everyone in the Lei family looked solemn.

Suddenly, Lei Qianqiu turned around and visited the forbidden area of the back mountain: "Please come out of the mountain!"

Rumble.

The back mountain exploded directly, and the ancestor of the Lei family walked out, thunder rolled around, he looked at Ye Fan, and smiled: "Yes, I see everything in my eyes, so today, let's go crazy"

Chapter 1332: destroy

The Lei family and Ye Fan were divided.

The Lei family dealt with the Mu family, and Ye Fan dealt with the Hu family.

It's just that Leiya was a little worried, because each of the eight major veins has an ancestor, and it is the existence of an opportunity to understand the transformation of the gods.

Can Ye Fan deal with the ancestors of the Hu family?

This is indeed a problem, but of course Ye Fan will not confront it head-on.

at the same time.

The people of the seven major veins died, and the ancestors of the seven major veins sensed that their life cards were all broken.

"what happened?"

"what's going on!"

"Contact the Lei family immediately and ask about the situation!"

The seven major veins contacted the Lei family for the first time, which undoubtedly delayed their own time.

now.

The Lei family and horses have already reached the Mu family's territory, and wherever they go, the sky and the earth are torn apart.

Not kidding at all.

"boom!"

The people of the Mu family responded quickly, and the strong men came out in full force.

"Lei Qianqiu!"

The head of the Mu family was shocked.

He thought it was an attack by a certain force, but he didn't expect it to be the Lei family. Now he understands that the Lei family killed the children of the Mu family who came to participate in the wedding.

"My son!"

The head of the Mu family roared and shouted: "Lei Qianqiu, my son, was my son beheaded by you?"

"Are you talking about Muchen, I blew it up and turned it into blood mud."

"Ahhhh!"

The head of the Mu family was distraught.

"I want you to die! Ashes!"

"Kill kill kill!"

A war broke out in an instant.

The hidden ancestor of the Lei family made a lightning strike, directly blowing up a lot of powerhouses in the Mu family.

"Ancestor of the Lei family, you are here too! You are despicable and shameless, how dare you attack us!"

"Your seven major veins are going to destroy the Lei family. It's you who are despicable and shameless. Let's go, the Mu family is the first."

"Ancestor!"

The Mu family's patriarch was heartbroken and screamed, and finally, the back mountain of the Mu family's ancestral land exploded.

The ancestor of the Mu family killed him.

"court death!"

He was angry and murderous.

The ancestor of the Lei family could only give up beheading the head of the Mu family, and instead fight with the ancestor of the Mu family.

Rumble.

The war is in full swing.

The attack of the ancestor of the Lei family just now killed many of the strong heads of the Mu family, and now it has directly led to the disadvantage of the Mu family.

"puff!"

Suddenly, the body of the head of the Mu family was pierced.

"what!"

The head of the Mu family screamed.

"Homeowner!"

The Mu family screamed in horror.

The people of the Lei family were also stunned, what happened?

Swish!

At this moment, several more senior members of the Mu family were pierced through their bodies.

this moment.

Lei Qianqiu knew that it was a snake head organization!

He didn't expect that Ye Fan would arrange some Snakehead organization killers to help them. He thought that the Snakehead Organization had all been brought to attack the Hu family.

Seeing this, the Lei family's morale soared.

"kill!"

Lei Qianqiu and Lei Qianren joined forces to directly blow up the seriously injured Mu Family Patriarch, but Nascent Soul did not stay.

Blood stained the sky.

The morale of the Mu family collapsed and became one-sided.

Crazy slaughter.

"Do not!"

The Mu family's ancestor's eyes were splitting.

He knew that there was no chance of a comeback. The Snake Head Organization actually helped the Lei family. Then, the Snake Emperor...

Will the Snake King appear!

Thinking of this, the ancestor of the Mu family was frightened. If the Snake Emperor assassinated him, he would not be able to escape!

escape!

The ancestor of the Mu family was also very decisive, abandoning the Mu family directly and fleeing wildly.

"Fleeing to Wanbaozhai headquarters? Hahaha, it's ridiculous. There will be your grave!"

The ancestor of the Lei family laughed.

The pupils of the ancestors of the Mu family shrank, thinking that the Lei family had a layout at the Wanbaozhai headquarters, and that the other veins and the Lei family would join forces.

then.

The ancestor of the Mu family turned around, did not flee to Wanbaozhai, and did not dare to contact people from other sources, for fear of revealing his whereabouts.

"idiot."

The ancestor of the Lei family sneered.

He just said something casually, and the ancestor of the Mu family was frightened.

Head down.

The eyes of the ancestor of the Lei family were full of ruthlessness, and with one punch, he killed countless people in the Mu family.

At this moment, the Mu family has been fragmented.

Just so fast!

The ancestor of the Lei family said: "Go ahead, kill all the people of the Mu family, and leave no one behind, and then quickly transport the treasure back to our ancestral land. Presumably, people from other veins will come to support and move quickly."

"As ordered!"

"I'm going to the Hu family, Ye Fan shouldn't be able to deal with the ancestors of the Hu family."

In fact.

Ye Fan really couldn't deal with the ancestors of the Hu family.

now.

The ancestral land of the Hu family was very tragic.

The assassination of the Snakehead Organization resulted in the immediate paralysis of the Hu family, which can be said to be even more inaccessible than the Mu family.

The strong head of the Hu family lost everything.

The rest are some central powerhouses, as well as the ancestors of the Hu family.

At this moment, the ancestors of the Hu family were extremely crazy, bombarding Ye Fan frantically.

Ye Fan was surrounded by eighteen Dharma protectors, who supported him at the right time with the help of the Wuxu Kunding.

The strong head of the snake head organization is looking for an opportunity to shoot.

"Little devil, dare to kill the people of my Hu family, I'm going to peel you off and turn you into a sculpture!"

"Old monster, when death is imminent, he dares to be mad, and I will send you on the road immediately."

"court death!"

The ancestor of the Hu family roared and finally became ruthless.

In fact, he has been organizing the assassination of the peak powerhouses in the local snake head, so he did not use all his strength.

But now.

He couldn't care less.

"boom!"

He fully revived the inheritance of the Hu family's magic soldiers, and fiercely bombarded the Kunding of Wuxu.

puff!

Ye Fan suddenly spurted blood, and the body that was shaken was about to crack; and the eighteen guardians, the spiritual body also dimmed.

hateful!

Ye Fan gritted his teeth.

The peak elder of the Snake Head Organization made a move, but, to no avail, he still failed to succeed. Instead, he was injured and disappeared again, hiding in search of opportunities.

"See how long you can hold it!"

The ancestor of the Hu family had a ferocious face, raised the magic soldier high, and smashed it down frantically.

"Bang!"

This time, the Wuxu Kunding was smashed into the air.

Ye Fan's body split open and flew out. The eighteen guardians were also seriously injured, but they surrounded Ye Fan and protected him.

"The eighteen peaks of breaking the void, I admit, this is a very strong power, but unfortunately, compared with the existence of the opportunity to enlighten the gods, it is still not enough to see."

"Death to me all!"

The ancestor of the Hu family exploded with divine might, which was earth-shattering, and this blow was enough to kill Ye Fan.

boom!

Attack is coming.

Eighteen Dharma-protecting medicines were going up against the sky, and they had to rush up desperately, which made Ye Fan's heart bleed.

In the nick of time.

A beam of brilliance rushed out of Ye Fan's body, and then, the eighteen guardians were thrown away.

A beautiful voice emerged between heaven and earth.

"peony!"

Ye Fan was overjoyed.

Unexpectedly, at this time, Peony recovered.

and.

That momentum, so strong!

The body of the peony really looks like the substance, exactly the same as that of a human being.

Her face was cold, and she shot lightly.

"Boom!"

Immediately, a **** statue appeared.

This statue, standing in the sky, once appeared, it made the atmosphere of heaven and earth become extremely depressing.

The statue collided with the ancestor of the Hu family.

"Bang!"

The ancestor of the Hu family was wiped out with this blow.

The next second, Peony has appeared in front of the ancestor of the Hu family, making his face change greatly.

He opened his mouth to say something, but Peony didn't give him any trouble, punching through the body of the ancestor of the Hu family.

"what!"

The ancestor of the Hu family was seriously injured and fell.

In the next second, he ran for his life madly, very decisively, just like the ancestor of the Mu family.

These old monsters, cherishing their lives, will not care about the life and death of their families at all.

"kill!"

Ye Fan burst out drinking, his face was cold.

Eighteen peak guardians, the snake head organized peak powerhouses to enter the ancestral land of the Hu family, and launched a mad slaughter.

Five minutes, everything is solved.

Countless treasures were transported and taken into the world of bitterness by Ye Fan.

Peony came and asked, "Fortunately, I woke up in time, otherwise you would be in danger. Where is this place, and what are you doing?"

Ye Fan transmitted the recent events to Peony.

After knowing everything, Peony clicked her tongue: "You are really bold, but I like it."

"Mr. Ye, our mission is complete and we need to retreat."

At this time, several elders of the snake head organization appeared with the killers.

They didn't know that Ye Fan was the snake emperor.

definitely.

If Ye Fan is the snake emperor, so weak, isn't it directly exposed.

Therefore, Ye Fan used the name of the Snake Emperor to communicate and asked the Snake Head to organize the strong to help him.

"Don't worry, there is still a battle to come."

"what?"

"The closest to the Hu family is the Zuo family. If there is a change in the Hu family, the Zuo family will inevitably arrange for help. In this way, we can directly attack the Zuo family's ancestral land."

The elders of the snake head organization looked at each other and were shocked. This Ye Fan had a really big heart.

Ye Fan said: "It's not too late, go to the Zuo family immediately. As for the ancestral land of the Hu family, hehe, we have to arrange it."

...

Just when Ye Fan and the others left for half an hour.

A large number of men and horses were killed, and the leader was the elder of the Zuo family, the peak of breaking the virtual.

Seeing that the Hu family was in a mess, the Zuo family was extremely shocked.

"What's going on here!" The Zuo clan elder was in shock, and they landed.

The ground beneath his feet was stained red with blood.

However.

Strangely, none of the Hu family's corpses were seen. What's going on?

"Big elder!"

Suddenly, someone shouted: "The bodies are all here!"

The crowd rushed over.

I only saw that the Hu family's treasure house was full of corpses, how terrifying the scene was.

Rao is a 100-year-old elder who has seen too many **** scenes, and he can't help but feel sick at this moment.

This is simply **** on earth.

Who killed the Hu family is really a crazy devil!

"Elder, what should we do now?"

"Burn the corpses of the Hu family, use this as a cemetery, and bury them."

"OK."

Some people cast a secret technique, and the flames suddenly covered the sky.

But at this time.

One after another talisman was burned, and in an instant, a big explosion occurred.

boom boom boom...

Countless big explosions.

It lasted for a full three minutes, and the entire Hu family ancestral land was bombed to pieces.

The power of these explosive spells is no small feat.

Wave after wave, how terrifying, it is simply a catastrophe.

a long time.

A figure covered in blood stumbled out. It was the great elder of the Zuo family. His injuries were not minor, and one of his arms was blown off.

"what!"

"who is it!"

"Who is plotting against our Zuo family, ah ah ah!" The Zuo family elder roared in grief and anger, and all the men and horses he brought were killed.

That is one third of the elite of the Zuo family.

"not good!"

Suddenly, the first elder realized something, "The ancestral land is in danger!"

He was summoned immediately.

However, no one responded.

Because, at this moment, the Zuo family ancestral land broke out today's war, and it has reached the white-hot stage.

Peony fought with Zuo's ancestor and suppressed Zuo's ancestor, which brought the morale of Zuo's family to freezing point.

They were simply unable to resist the assassination of the Eighteen Dharma Protectors and the Snake Head organized by the powerful.

The Zuo family is doomed to collapse.

Half an hour.

The Zuo family was destroyed, and the ancestor of the Zuo family was seriously injured and fled. There was no way. The opportunity of comprehension and transformation of the gods existed and wanted to stay, but Peony alone could not do it.

After collecting all the treasures of the Zuo family, Ye Fan said: "It can be withdrawn and return to the ancestral land of the Lei family!"

Woohoo.

The gloomy wind howls, how tragic.

When the first elder returned, seeing this scene and seeing the ruined Zuojia ancestral land, he was heartbroken.

"Ah ah ah..."

"Ah what, I'll send you on the road, go down to reunite." The sinister voice suddenly exploded.

The big elder was horrified.

The next second, the vest was pierced and died on the spot.

The elders of the Snake Head Organization appeared and said with admiration: "Mr. Ye is indeed the favored son of the heavens. This battle was beautiful. Wanbaozhai's eight meridians were lost, and

three meridians were lost, and the remaining four meridians that were hostile to the Lei family, I don't know. What will be the countermeasures?"

"Should our Snakehead Organization be involved? If we can control Wanbaozhai, it will be a great benefit to the organization."

"Forget it, this is not something I should consider. Since Lord Snake Emperor ordered us to help Lei's family and Mr. Ye, it means that Lord has already planned."

Chapter 1333: Combine vertical and horizontal

Ray family land.

The crowd gathers, and there is a great harvest.

Hearty.

The Zuo family, the Hu family and the Mu family were destroyed, and only the four meridians remained.

However, this is not easy to deal with.

They attacked the Hu family by surprise, so it went very smoothly.

"News coming!"

The ancestor of the Lei family was moved.

Everyone walked out of the hall and looked at the sky, only to see that the sky was torn apart, and four figures appeared.

That is the ancestor of the four veins.

All recovering, appearing here together.

Do not.

Exactly, just projection.

The four old monsters were very cautious, the real body did not come over, and they cast the projection method.

"Lei's family, you guys are absolutely mad. You united with the Snake Head Organization to destroy the Zuo family, the Hu family and the Mu family."

"Sin is the worst!"

"Now, your Lei family will be kicked out of Wanbaozhai, not only that, our four clans will encircle and suppress your magic weapon and kill you completely!"

The ancestor of the Lei family sneered: "Old man, you are only allowed to plan to destroy my Lei family, and we are not allowed to move you from the Lei family. It is useless to talk about winning the king and losing the bandit."

"You four old guys go back to wash your necks and wait for the moment, that's when your four veins will be destroyed."

The four old monsters were furious.

"Insanity!"

"presumptuous!"

"madness!"

"It's ridiculous to think that with your Lei family and the Snake Head Organization, we can deal with our four major clans."

At this time, Ye Fan said with a smile: "Who said that there is only the Snake Head Organization, don't worry, there will be many forces involved, and you will be wiped out."

"Boy, who are you! How can you speak!"

An old ancestor stopped drinking.

"Noisy!"

With a punch, Ye Fan used the power of the orb given by Empress Qingluan, and in an instant, the dharma that was regarded as the ancestor collapsed.

The Ray family was stunned.

Ye Fan is a violent mess.

the other side.

In the ancestral land of the Tao family, the faces of the four ancestors changed. Their Dharma projections were only one-tenth of their power, but they were not something that a kid could handle.

"That kid can destroy our four dharma projections with one punch. It's amazing, but it should be with the help of a magic weapon."

"No matter what, we must take action as soon as possible to destroy the Lei family."

"Yes, the Lei family must be destroyed."

"The Lei family does not lose the Zuo family, the Hu family, and the Mu family. Without the three families to divide up, our four clans will gain more benefits when they control Wanbaozhai."

The three ancestors sneered again and again, and finally looked at the ancestors of the Tao family.

The Tao family is the strongest of the Eight Great Veins.

The plan to destroy the Thunder Clan was also first proposed by the Tao Clan, and it can be said that the Tao Clan planned it.

The eyes of the ancestor of the Tao family shone with light, and he said gloomily: "Don't underestimate, we need to find some helpers to make sure that everything is safe."

...

Ray's ancestral home.

The ancestor of the Lei family asked: "Ye Fan, do you think there will be other forces involved?"

Ye Fan said: "Otherwise? Patriarch, do you think that with us, you can destroy the four great clans. Can you deal with the four patriarchs alone?"

"That's true, it's just... sigh, if other forces are involved, then the interests of Wanbaozhai will be divided up."

"No, that's not the case."

"Oh?"

The Lei family stared at Ye Fan in amazement.

Could it be, what is Ye Fan's opinion?

The ancestor of the Lei family said: "Ye Fan, you brought Jiujianxian and Empress Zhuque over here, and if you add me, you are at the level of the three ancestors; but there is still one, who else can you find?"

"Simple."

Ye Fan already had an abacus in his heart.

He said, "Ancestor, get ready, I need to leave."

"Go, go and come back."

The Lei family knew that Ye Fan was looking for help, and everyone was very excited.

Ye Fan left very simply.

He was going to find the Empress Qingluan. Of course, it wasn't for Empress Qingluan. Ye Fan didn't want Empress Suzaku to know what kind of relationship he had with Empress Qingluan.

In this case, the two empresses are going to fight again.

Ye Fan wanted Qingtian Ancient Emperor to participate.

The one who can let the Qingtian Ancient Emperor take action is Empress Qingluan, and he is the consort of the Qingtian Dynasty. Therefore, in the eyes of outsiders, there is nothing wrong with the Qingtian Ancient Emperor.

Come to Xinghai Yunjing.

"Miss."

Ye Fan shouted, as if he came to his own home, not restrained at all.

"How did you come?"

"Niangniang, I have something to do with you, come quickly."

Empress Qingluan came and said coldly: "What is it, don't take it as your thug! Ye Fan, I hope you have self-knowledge. Although you are valuable to me, this is not your unscrupulous capital!"

"Niangniang, I've been ripped off so much, so quickly let the Qingtian Ancient Emperor be a thug for me."

"Um?"

Empress Qingluan was stunned.

"It's like this..." Ye Fan briefly said the ins and outs, "Niangniang, the Qingtian Ancient Emperor is your most loyal suitor, just one sentence is enough for you. You have to help."

"Why should I help you!"

Empress Qingluan snorted coldly, watering the flowers on her own, and mockingly said, "Do you think that by purifying your blood, you will be able to settle me down and let me do things for you?"

"Ye Fan, in fact, I suppress you, and I have many means to control you. It's just that there is a certain uncertainty, so I let you be a little bit presumptuous. However, if you don't know how to restrain yourself, then don't blame Ben Gong for not showing mercy."

"Niangniang, you are really long-winded, in one sentence, can you help or not?"

Ye Fan's attitude is very tough.

Empress Qingluan was stunned, she said so much, Ye Fan was still so presumptuous.

Is he really not afraid?

Right!

This kid is too calculating.

He must have the trump cards of Jiujianxian and Suzaku. Once he is suppressed, Suzaku and Jiujianxian will sense and kill him.

Empress Qingluan was thoughtful.

Ye Fan said: "Miss, it's good for you to help me. Trust me. I have kindness and resentment. The more you help me, the better your relationship with me, and I will naturally help you more in the future."

"I have already said about Jiujianxian and Lady Suzaku, but they directly participated in the battle. I didn't let you participate in the battle in person, I just asked you to inform the Qingtian Ancient Emperor, look how good I am to you."

Ye Fan got close to Empress Qingluan.

"stop!"

Empress Qingluan drank coldly.

Keep your distance from Ye Fan.

Immediately, he said coldly: "Ye Fan, you are really a wolf's ambition. You don't want to control the entire Xianshan world, right?"

Ye Fan smiled and said, "If there is a chance, why not."

"It's a fool's dream, unless you can break through the realm of God Transformation, otherwise, it's just wishful thinking."

"Niangniang, how can you be sure that I can't break through? To be honest, I'm not from the world of Xianshan, but from the outside world."

"what!"

Empress Qingluan's face was full of shock, staring at Ye Fan, her beautiful eyes, burning with cold flames, seemed to see through Ye Fan.

Ye Fan was neither humble nor arrogant, and said loudly: "Miss, I, Ye Fan, never lie to my friends. I did come in from the outside world. Therefore, I have the best hope of breaking this cage."

"Niangniang, it is your destiny to form a bond with me. In the future, I will definitely take you out of the world of Xianshan. If you go to the outside world, there will be no restrictions. When the time comes, I will purify your bloodline for you, and Niangniang, you will definitely soar to the sky."

"What is the realm of transformation, you will rush to a higher realm."

"These, Niangniang can choose to believe or not. No matter what, I, Ye Fan, will give you hope."

Empress Qingluan's expression changed.

It shocked her so much.

Ye Fan actually entered the world of Xianshan from the outside world. What does the outside world look like?

Empress Qingluan is very yearning.

"Okay, I promise you."

"Niangniang, you made the right choice, but in addition to persuading the Qingtian Ancient Emperor to take action, Niangniang has to accompany me to the Immortal Devil Cave."

"Ye Fan, you're a little too far ahead."

"There's no way, who made the maiden so beautiful, I really want to be by the maiden's side, and even more want to work with the maiden."

"Mocking me, the consequences will be serious!"

"I know that Empress is very honorable, but the pure phoenix body is my wife. No matter how honorable Empress is, can she compare with the real Phoenix?"

Empress Qingluan's pupils contracted.

Purebred Phoenix?

Is there still a phoenix in the outside world?

Ye Fan smiled.

He said that it was the second sister Su Muyu, the blood of the fire phoenix, it could be said to be a pure phoenix.

"Niangniang, time is running out, please don't ruin my plan." Ye Fan took the initiative to grab Qingluan's hand and flew out of the Xinghai Cloud Mirror.

"you!"

Empress Qingluan was sullen and opened Ye Fan; but the next moment, she rolled up Ye Fan, tore apart the space, and disappeared.

Fairy Cave.

It used to be mysterious and powerful in the hinterland of Xianshan Mountain. Among them, there are even dozens of them at the peak of the broken void, and there are also some opportunities for enlightenment.

It is extremely prosperous.

It is no exaggeration to call it the strongest in the hinterland of Xianshan.

such a pity.

There was an accident that year, which almost destroyed the Immortal Demon Cave.

As for the accident, it was not some forces attacking, but...

In the Immortal Demon Cave, there was a generation of amazing talents, who almost broke the shackles and promoted to the realm of God Transformation.

But just when it was about to succeed, the ban on the world of Xianshan was launched, and the power to destroy the sky and the earth came to obliterate that existence, and at the same time, it affected the entire fairy cave.

Ninety-nine percent of the strong were affected and died tragically.

Immortal Demon Cave just plummeted.

Of course, the sudden fall is a time to compare the glory of the Immortal Devil Cave in the past; for other strengths, the current Immortal Devil Cave is still untouchable.

The background is endless, and there are many strong people.

Ordinary forces do not know where the Immortal Demon Cave is, but Empress Qingluan knows.

Once, she entered the fairy magic cave and sat down with the cave owner.

"The visitor... Hey, Empress Qingluan!" The commander guarding the Immortal Demon Cave was startled and let him go without stopping.

Empress Qingluan and the cave owner have friendship.

even.

It is rumored that the cave owner also has some affection for Empress Qingluan, but more, the cave owner is pursuing the Dao.

"Qi Xianzhi!"

Empress Qingluan shouted.

This is the name of the master of Xianmo Cave.

"Wow!"

From the mountain behind Xianmo Cave, a colorful brilliance rushes towards it and turns into a colorful overpass, and then a handsome middle-aged man strolls over.

This middle-aged man is really immortal.

Otherworldly.

Really like exile.

Ye Fan secretly said, this Qi Xianzhi is terrifying, even more powerful than Jiujianxian.

"Niangniang can come to the Immortal Demon Cave, and make the humble house radiant." Qi Xianzhi smiled, gentle and elegant, like a scholar.

"I came for him."

Empress Qingluannian is very direct.

"Senior, in Xia Ye Fan, the Holy Son of the Master of Beidou. The three ancestors of Xianmodong have seen me and gave me the treasures of heaven and earth. This is the token given to me by the Master of Beidou."

Ye Fan took out the token.

Qi Xianzhi glanced at it and said with a smile, "I heard from the ancestors, and I also know your deeds. You are worthy of being the Holy Son of the Beidou Sect, and you didn't embarrass the Beidou Sect."

Empress Qingluan had heard of Beidou Sect, but she didn't care, she said, "Ye Fan, if you have something to say, just say it."

Ye Fan said: "Master of the cave, I ask you to help me fight."

"..."

Qi Xianzhi was taken aback.

The corner of Empress Qingluan's mouth twitched, how could Ye Fan's words be so vulgar.

Ye Fan said: "Wanbaozhai Eight Vessels, I have joined forces with the Lei family, and have already killed three, and there are four remaining, ready for the final battle. I need the help of the cave master."

Qi Xianzhi said, "Sorry, I can't agree to this. The Immortal Demon Cave doesn't get involved in these disputes."

Ye Fan looked at Empress Qingluan and said, "Niangniang, what I said to you in the Xinghai Cloud Realm before, please tell the cave master. Persuade the cave master and leave it to you. I'll take a stroll around the fairyland. Devil's Cave."

When the words fell, Ye Fan flew away.

Empress Qingluan was very dissatisfied, this Ye Fan was too black-bellied and left the matter to her.

Qi Xianzhi said with great interest: "What reason do you have for him to hold him? Otherwise, you would have been slapped to death for such a presumptuous boy."

Empress Qingluan said: "He is of great value to me, and I have to protect him. As for some of the things he said to me... Well, I think it is necessary to talk to you."

Qi Xianzhi turned serious and said, "Let's go to Houshan Xiaoju. I'm also very interested. You are tempted by anything."

Chapter 1334: witch

Immortal Devil Cave, like the water moon cave.

very expansive.

There are also many disciples, but most of them are demons. There are many demons and fairy caves in a symbiotic relationship.

Ye Fan simply wandered around for a while, and then he sensed the aura of the two demon emperors.

It is enough to show that the immortal cave is terrifying.

"Eh."

Suddenly, a voice came from behind, Ye Fan turned around and found that it was a young man.

He came over and asked, "What relationship do you have with Empress Qingluan, are you her disciple?"

Ye Fan said: "Friend."

"friend?"

The young man snorted coldly, "How could Empress Qingluan be friends with you, you are only in the middle stage of breaking the void."

Ye Fan loosened his shoulders and said, "But it's true."

The young man frowned, and immediately asked, "What's your name, which force's disciple?"

"Ye Fan, Beidou teaches the Holy Son."

"Beidou Sect? Never heard of it. But Ye Fan is very famous recently. Could it be that you killed the four elders of the Great Wilderness Ancient Sect, Ye Fan, the consort of the Qingtian Dynasty?"

"That's right, it's down."

"Then you are quite powerful." The young man nodded, showing his appreciation.

Ye Fan thought he was finding fault, but now he finds himself thinking too much.

The disciples of the Immortal Devil Cave are really not comparable to small forces, and the pattern is much larger.

"I'm very familiar with Fairy, hasn't he come back yet?"

"Really?" The young man laughed loudly: "I'm the cousin of Brother Fairy, Shangguan Peak."

"Nice to meet you."

"Big Brother Fairy didn't know where to go to practice, and he never came back; all the witches have come back."

"Witch? I've always heard of it, but I haven't seen it. I heard that in every generation, witches are stronger than fairies, is it true or false?"

"this..."

Shangguan Feng touched his nose and said, "In the history of Xianmo Cave, it is true that witches are more powerful. Most of the cave owners are witches. This cave owner is from the line of fairy."

"Our Xianmo Cave has two major veins: Xian and Demon, so it is called Xianmo Cave. There is cruel competition between the two veins."

As soon as he finished speaking, he heard a sharp voice: "Shangguanfeng, I finally found you, why don't you continue to hide!"

Woohoo.

A group of black-clothed women descended and surrounded Shangguan Feng and Ye Fan.

Shangguan Feng's face darkened.

The woman in the lead was very glamorous, but her face was a bit mean. She said coldly, "Shangguanfeng, if you don't apologize to me today and compensate me for 300,000 high-grade spirit stones, don't blame me for being rude."

Ye Fan didn't expect that the competition inside the fairy magic cave was so cruel.

obviously.

These women in black are demons.

Ye Fan didn't want to get involved, and was about to leave when the glamorous woman in the lead shouted, "Stop!"

"I'm not a disciple of your Immortal Devil Cave, I'm here with Empress Qingluan as a guest."

Evan explained.

Unexpectedly, the glamorous woman said: "You are so close to Shangguan Feng, what is your relationship with him?"

Ye Fan was very upset.

When will it be the turn of a woman in the middle of the broken virtual world to teach him a lesson.

Give a face!

"What's my relationship with Shangguanfeng, and what's my business with you?"

Ye Fan called Shangguan Feng and said, "Let's go!"

"In my fairy magic cave, you dare to be arrogant and leave it for me." The Lengyan woman used her magic weapon to suppress Ye Fan and Shangguanfeng.

The other women shot in unison.

Shangguan Feng originally wanted to take action, but then he thought about it, this guy around him can kill even the powerhouses in the late stage of Shattering the Void.

Therefore, Shangguan Feng simply did not move.

Ye Fan was so angry that he thought that the disciples of the Immortal Devil Cave had a big pattern just now, but now, he thinks too much.

"roll!"

One word, earth-shattering.

All the black-clothed women vomited blood and flew upside down, and the glamorous woman was even more miserable. The magic weapon in her hand exploded directly, blowing her up to the point of disfigurement.

"If it wasn't for the sake of friendship between Xianmodong and Beidou Sect, it would be a capital offense for you to offend this young master."

Ye Fan's voice was like iron.

Extremely cold.

Shangguan Feng smacked his tongue secretly, what a fierce man.

In one word, he actually abused this group, and it was also in the middle stage of breaking the void, how could they be so powerful!

"go!"

Ye Fan left with Shangguan Feng.

The cold and beautiful woman's face was twisted, she endured the pain and looked at the direction Ye Fan left with resentment.

"Sister, what should I do?"

"The immortal faction is getting more and more arrogant. How can you bear this tone? It is just a chance to beat and beat the immortal faction. Let's go to the witch, he just came back three days ago."

the other side.

Ye Fan came to Shangguan Peak to cultivate treasure, and he said, "Brother Ye, your shot was a little serious just now, and it will cause trouble."

"What's the trouble?"

"The witch came back three days ago, and it is very likely that she will come back to find you."

"So what, do you think I would be afraid of a woman?" Ye Fan disagreed.

Shangguan Feng said in a tight voice, "The witch has already broken through to the late stage of breaking the void!"

"Oh?"

Ye Fan raised his brows.

The witch, at such a young age, is already a powerhouse in the late stage of the void, comparable to the elders of the great powers.

I have to say, it's really amazing.

Fairy is currently only in the middle stage of breaking the void.

Sure enough, the witch is still strong.

"The competition between the two factions of the gods is a bit too much. There is no rules at all. This is not a healthy competition, but an internal consumption!"

"That's not true. The reason why the woman asked me to apologize and compensate is because... how should I put it, I stole someone's treasure."

"what?"

"I can't say grab it. She discovered it first, but I got it. I can't say he discovered the situation first. As long as she doesn't grab her, then I can fight for it."

"That's true."

Ye Fan nodded, and the treasured person in the cultivation world got it.

Shangguan Feng said: "Don't talk about this, in short, be careful, the witch can deal with the late stage of breaking the void. Now there is only the late stage of breaking the void, and the combat power is at least half-step peak."

"Besides, I heard that the witch's physique is also extraordinary, but the witch has hardly shown her own physique, it is very mysterious."

"interesting."

Just as Ye Fan was thinking about it, there was a big movement outside.

Shangguan Feng's face sank: "I didn't expect it to come so quickly."

The two came to the top of the mountain.

I only saw that a group of women were killed in the distance, and they were very fierce and imposing like a rainbow.

The first few women are not young, they are in the late stage, but they are definitely not witches.

"Shangguan Peak!"

A woman in the late stage of breaking the emptiness stopped drinking, and it was like a thunderbolt, conveying the Quartet.

Such a big movement naturally attracted a lot of people.

Many disciples of the Immortal Sect also gathered, but they did not move to join Shangguan Peak.

Even some elders are paying attention.

They didn't know Ye Fan, but they knew that it was brought by Empress Qingluan, so they were very interested in Ye Fan.

"There's a good show to watch!"

"Shangguanfeng is the cousin of the fairy. It seems that the witch is going to beat the fairy this time."

"Who is the silver-haired young man next to Shangguan Peak?"

"I heard that it was brought by Empress Qingluan, so she wouldn't want to introduce her to join us in the Immortal Devil Cave."

"It depends on whether he has the strength!"

Immortal sect disciples were discussing each other tenderly.

On the other hand, the Demon Sect disciples watching the battle were very excited.

And above the sky, these women were murderous, Shangguan Feng took a step forward and said, "Senior sister, what are you trying to do, are you trying to kill me?"

Shangguan Peak is the cousin of the fairy, and his father is also a senior in the fairy cave.

You can strike, but beheading is impossible.

She shouted for the first woman in the late stage of breaking the virtual: "Shangguanfeng, it's none of your business, we're not looking for you, but him!"

Point to Ye Fan.

All eyes focused on Ye Fan.

"Brother Ye, this..."

"No need to say more."

Ye Fan waved his hand and motioned for Shangguan Feng to step back. He stepped forward, raised his head slightly, and looked at the woman in black.

"What's wrong with me!"

"You are so brave, an outsider, roaming around in our Immortal Devil Cave and hurting so many of my junior sisters."

"so what?"

"Presumptuous, up to now, you dare to be mad!" These women are not light.

I have never seen such arrogant young people, in the fairy cave, in their territory, despise them!

"Don't be long-winded, just say, what are you doing with me?"

"I cut off my arms and compensated for one million high-grade spirit stones. Let's give up on this matter, otherwise..."

"How about otherwise?"

"Break you out!"

Ye Fan couldn't help laughing, and chuckled: "Abolish me, you know, if you are not the disciples of Xianmodong, these three words alone are enough to let you go to the King of Hell."

"What did you say!"

Heaven and earth, the whole audience was shocked.

This silver-haired young man is so arrogant. Now, not only the people of the Demon Sect, but even the people of the Immortal Sect are a little dissatisfied.

This is despising the entire fairy cave!

Where's the idiot.

"Who are you?"

The woman at the head is not a fool, seeing that Ye Fan is extraordinary, so she asks.

"You don't deserve to know."

"court death!"

Finally, these women couldn't bear it anymore.

"Since you are courting death, don't blame us for being rude, kill!"

In the later stage of a broken void, your woman shot.

However, in the next second, a blood hole appeared in her body, and she was seriously injured and fell straight down.

"Sister!"

A group of women exclaimed.

what's the situation?

Why was he suddenly punched through the body, who did it?

Ye Fan said with a smile: "With this strength, jumping in front of me, who gave you the courage."

It's him!

All the women looked at Ye Fan in unison, and it was unbelievable that this silver-haired young man made the shot.

How can it be!

What kind of strength is this in the later stage of being seriously injured and broken in an instant!

"Go together!"

The other few women in the late stage of breaking the void looked solemn, and everyone took action to form a combined attack formation, and the combat power was given as a gift.

The goal, the top of the mountain, Ye Fan!

"Just now, the silver-haired young man was surprised and attacked suddenly, so he succeeded."

"Yes, perhaps with the help of some kind of magic weapon."

"Now, so many powerhouses have joined forces to display a combined attack formation, and there is an ancient treasure among them. Let's see how that guy handles it."

"Although the Demon Sect is abominable, it is abominable to despise the fairy cave!"

The disciples of the two factions hoped that Ye Fan would be hit hard.

Even Shangguan Feng's scalp was numb.

This blow is too strong!

However, Ye Fan was unmoved, but he didn't care.

He revives the heavenly hegemony body, but only slightly.

Subsequently.

Slowly.

Launch a punch.

This punch was very slow, but the space was torn apart, and the majestic power spread.

The world has become oppressive.

The wind and clouds change color.

"not good!"

Some elders sensed Ye Fan's terrifying punch, and their faces darkened; the demon elders wanted to stop it, but it was too late.

"boom!"

With one punch, the combined attack formation was destroyed.

All the black-clothed women fell, some weak ones fainted directly, and a few screamed in the late stage.

One punch calms the storm.

Ye Fan stood proudly on the top of the mountain, looking at the tragic situation, he said lightly, "Is this your strength?"

"you!"

Women must be ashamed.

at the same time.

There is a strong shock and fear.

This "unremarkable" silver-haired youth was so strong that he defeated them with one blow!

They didn't know that Ye Fan was already showing mercy, otherwise, one punch would be enough to kill them completely.

"Do you still want to kill me?"

Ye Fan was condescending and issued a stern question.

How arrogant!

Shangguan Feng's eyes are dazed, and his heart is filled with admiration. He is worthy of being a fairy's friend, what a cow!

"Unexpectedly, the iron plate was mentioned."

Suddenly, between heaven and earth, silver bell-like words appeared, like fairy music, going straight into the depths of the soul.

Ye Fan was on guard.

The next second, on the top of the opposite mountain, a figure appeared, it was a woman...

No, it looks like a girl.

Petite and cute.

However, those eyes were as deep as the stars, and their breath was extraordinarily powerful.

Post-Void Break!

Ye Fan was stunned, this should be the witch.

I didn't expect to be a loli-like woman.

The witch sneered: "Ye Fan, it's really boring to pretend to be a pig and eat a tiger!"

"Evan?!"

"Is that silver-haired young man called Ye Fan? Why is he a little familiar... By the way, the consort of the Qingtian Dynasty!"

"Beheading the ancient religion of the Great Wilderness is for Ye Fan, the elder of the late stage of breaking the void!"

"Damn, it's actually him!"

Immediately, all the disciples who were unhappy before were relieved.

Ye Fan, a ruthless man, beheaded the elders of the ancient sect of the Great Wilderness, severely injured the deputy sect master, and even wanted to capture the young master of the Great Wilderness. Such a madman, a ruthless man, a fierce man, he was arrogant and arrogant.

It is reasonable to despise them.

If it is gentle and gentle, it is very abnormal.

"You're a witch, which surprises me. How can you be a little loli."

"Who are you scolding!"

"Uh, I didn't scold you, Lolita is very good, many men like it."

"presumptuous!"

The witch was furious.

She has always disliked others calling her Lolita. She once practiced outside, and some creatures called her little dwarf, and she was directly exterminated.

But ah, she is not tall.

I don't know why.

The witch looked at Ye Fan with a smile on her face, thinking that Ye Fan was mocking silently, so her face was frosty.

"Ye Fan, for hurting so many of my junior sisters, you have to pay something. Come on, let me see what kind of strength you have!"

Chapter 1335: Subdue the witch

"You want to fight me?"

"Why not."

Ye Fan looked at the witch with interest, and smiled: "Alright, I'll test the water for the fairy first to see what cards you have."

The witch said coldly: "If you want to test out my trump card, then see if you have that strength."

boom!

In an instant, the breath of the two climbed steadily, and there was a collision. For a time, the white cloud and the dog were full of turmoil.

next second.

The two disappeared directly, and when they reappeared, they were already fighting together.

Ye Fan was surprised.

The witch actually had the guts to fight him in close quarters and compete with the flesh, which seemed very emboldened.

The physique is definitely strong.

Only now, the witch has not recovered her physique, which makes Ye Fan more and more interested.

The witch sneered: "I have already seen that your body is strong, but this aspect is also my strength."

"That's good, let's compare it to see what kind of physique you are."

"Let me recover my physique, I don't know if you are qualified or not."

"Look at it."

Ye Fan once again recovered a part of the Celestial Hegemonic Body, which was roughly equivalent to level 50.

Rumble.

Torrential blood, covering the sky.

sweeping the audience.

Ye Fan was like an invincible **** of war, punching like a dragon, knocking back the witch, shocking the spectators.

"This body is really terrifying, this blood is like a vast ocean."

"Yeah, what physique!"

"I want to see what kind of physique the witch is. It is said that only the top leaders of the Demon Sect and the cave owner know."

"I don't know if Ye Fan can force the witch to recover her physique. From the current point of view, if the witch doesn't move, she shouldn't be able to suppress Ye Fan."

Arguments erupted one after another.

However, the witch kept silent, and he used some kind of secret technique to show terrifying defense and killing methods.

"Magic!"

Suddenly, the witch stopped drinking.

A heart-pounding power erupted, and the witch seemed to be possessed by a demon, and her comprehensive quality improved in all aspects.

it turns out...

But Ye Fan fought evenly.

good guy.

Ye Fan was shocked.

He has already recovered to level 50, but he has not forced the witch to recover his physique, but has been suppressed, which is amazing.

This little girl is amazing.

"Come again!"

Ye Fan's fighting spirit is soaring.

The hegemonic body recovered to level sixty, his blood and blood soared again, and the power of his fleshly body was surging and violent.

"boom!"

The witch was knocked flying.

At this moment, the witch finally showed a look of shock, thinking that the "magic power" was enough to suppress Ye Fan.

Unexpectedly, Ye Fan's body could continue to grow stronger.

sharp!

It's amazing!

"I admit, you surprised me, but these alone are not enough."

The witch's delicate body trembled.

A wave of black magic energy rose up, her eyes rolled, her black hair danced wildly, and her whole person changed a lot.

"alienation?"

Ye Fan frowned.

Are witches not human?

Should not be ah.

At this time, Shangguan Feng said: "Brother Ye, that is a witch's secret technique, which has the ability to reproduce. She can reproduce the abilities of other creatures and make them her own; although it is very difficult, over the years, She has achieved a lot and has acquired a lot of talent."

Ye Fan clicked his tongue.

This secret technique is too stupid.

It's just forcible plunder!

At this moment, the witch displayed some kind of talent and became more powerful, but Ye Fan was not to be outdone.

You know, he has swallowed a lot of physical sources, and naturally he also has a lot of innate abilities.

This battle is terrific.

Mutual exchange.

The means displayed by both sides are varied.

The spectators sucked in the air, even the high-level Xianmo Cave, who were secretly concerned about it, were amazed.

finally.

The witch's face darkened.

She has always been very confident, because she has many means, but today, she found that this hateful silver-haired young man has endless means.

Even more than her.

So many supernatural powers, so many innate abilities...

How did he learn it!

The witch was very angry, and after a jade hand, a magic soldier appeared, which was a jade flute.

"A mental attack?"

Ye Fan smiled without saying a word.

At the same time, the witch had blown the magic flute, and the sound of the flute was extremely pleasant.

However, it was a terrifying spiritual attack.

"Ye Fan, my mental power is stronger than my physical body, and mental attack is my strongest means. I don't know if you can bear it."

"By the way, I'll tell you again, the magic flute in my hand is very special, and the burst of mental attacks is difficult to stop."

"You have to be careful."

Can't defend?

Ye Fan thought of the divine beheading technique.

However, at this moment, he has already felt that the spiritual attack of the magic flute is difficult to defend, but it is not impossible to defend, and it is much worse than the God Slayer.

Competing for spiritual power?

Ye Fan smiled.

Although he gave the **** flower to Peony and did not swallow it, he also swallowed the resentful lord. In addition to the spiritual resources that Leiya gave to nurture, it can be said that his spiritual power is no longer comparable to the late stage of breaking the void. Dare to say that it has reached the peak, at least half a step to the peak.

"Heart Killing Curse!"

The Great Secret Art.

The stronger it is, the more powerful and mysterious it is.

After all, this is a secret technique created by the emperor, how can it be simple and mediocre, the more Ye Fan comprehends it, the more profound and vast he feels.

The Heart Killing Spell is simply a great weapon against alien races.

It is true that the witch is not an alien, but a human being. The attack received has weakened a lot, but it is enough.

"Buzz!"

The spiritual attack power of the Heart Killing Charm collided with the power emitted by the magic flute.

Makes a harsh roar.

"what!"

For a time, the disciples watching the battle screamed, and many of the seven orifices bleed. Even the disciples of the Void Breaking Realm turned pale and retreated in horror.

Some of the elders changed color.

"what!"

The witch is unbelievable.

Ye Fan's mental power is so terrible, why, this is impossible!

and.

The most unacceptable thing for her is that she used the magic flute of the magic soldier, but Ye Fan did not.

In contrast, she is...

Lost by half!

"Damn guy!"

The witch was very angry, she used the magic flute with all her strength, and her mental attack skyrocketed.

"Hahaha, don't be angry, it's useless to be angry, you are no match for me."

"Mantra."

Immediately afterwards, Ye Fan spit out six golden characters, which are the six-character mantra of Buddhism, and it is also a super secret technique of spiritual power.

This was created by the ancient Buddha.

Although the ancient Buddha is not comparable to the Great Emperor, but in fact, it is not much worse, it is the realm of quasi-emperor.

The six golden characters, carrying the dazzling Buddha light, seemed to suppress everything.

Attack the witch from six directions.

"not good!"

The witch's face changed.

She slapped her hands again, and a long whip appeared, swung it violently, and collapsed after hitting the three golden characters.

Then got out.

"boom!"

The mountain where the witch was located exploded in an instant and vanished into ashes.

And Ye Fan.

Still standing on the top of Baoshan where Shangguan Peak is located, calmly and calmly.

Judgment.

"you!"

The witch gritted her teeth.

All along, she has never been defeated, and she doesn't look down on those so-called arrogances outside.

She is the strongest among the young generation.

But today.

This silver hair actually made her embarrassed.

Damn bastard!

"Ye Fan, you are very good, you are indeed qualified to restore my physique."

"Is it finally time to start?"

"Ye Fan, I'll let you know what real terror is."

The witch suddenly opened her arms and shouted, "Come on, enter my world!"

Woohoo.

For a time, the situation changed.

Before Ye Fan could react, a black hole appeared under his feet and swallowed him instantly.

"Buzz!"

Ye Fan immediately took out the Wuxu Kunding, launched the defense, and looked carefully.

This is a dark world.

Suddenly, the witch appeared, condescendingly, and sneered: "Ye Fan, how do you feel!"

"What kind of magical power is this, or is it your physical talent? Pull me into this dark world?"

"Now, it's okay to tell you that I am a **** of darkness. I can create darkness, and I can make you fall into darkness and sink forever."

"You brag!"

"If you don't believe it, hum, then you can try it and see if you can break this dark world."

Ye Fan punched and didn't respond.

It seems that the dark world is endless, and there is nowhere to break it.

"Hahaha, believe it now. You can't get out. At the same time, in this dark world, your senses will be blinded. Just like now, when you see me in front of you, actually..."

"I'm behind you!"

Ye Fan's pupils shrank, but before it was too late, the witch slapped him on the back.

puff!

Ye Fan was beaten and vomited blood.

The witch smiled happily: "Ye Fan, now you know how powerful I am. Here, I am the master. Of course, how powerful my dark body is, I decided to compete with you again."

Rumble.

The witch's dark body broke out in an all-round way, and it was indeed a ferocious mess.

"open!"

At this moment, Ye Fan didn't hide anymore.

The sixty-ninth-level Celestial Hegemony was fully recovered, and at the same time, the Great Inflation and Great Blessings were blessed.

His fleshly body was terrifying to the extreme.

"what!"

The witch rushed over and stopped quickly when she saw this scene.

However.

Ye Fan shrank to an inch, already appeared in front of him, and punched, the witch who hit screamed and fell.

"what!"

The witch yelled.

Ye Fan didn't give up, locked the witch, attacked wildly, and hit out all kinds of magical powers.

The witch is overwhelmed.

"puff!"

Nonstop bleeding.

The entire dark world is unstable and seems to be collapsing.

The witch was burning with rage.

However, she found that she couldn't do anything about Ye Fan, her body and spirit were suppressed.

and.

The Great Seal has been restricting his movements.

"Ye Fan, stop."

"Bang!"

Ye Fan didn't stop, and slapped the witch's head on the seeds, but Ye Fan was measured, the witch was fine, it was just a mess.

"seal!"

Then, Ye Fan sealed the witch, and the next moment, he pulled the witch into his arms and hugged her tightly.

"what!"

The witch screamed.

"Bastard, what are you doing, let me go!"

"Hey, it's really comfortable, keep struggling, keep rubbing, and soon I'll boil the blood of the beast, in this dark world, I'll do it for you!"

Ye Fan pretended to be lewd and laughed.

The witch was frightened.

"Dark Divine Body is really powerful, but unfortunately, it still can't compare to my Celestial Hegemony Body."

"Now, are you satisfied?"

"Dissatisfied!"

The witch was extremely proud, and she refused to accept it. She shouted: "You are older than me. If I practice for a few more years, I only need one hand to suppress you."

Ye Fan nodded: "That's okay, but the truth is the truth, and now you have been subdued by me. What I'm thinking about now is whether combining with you can absorb the source of your physique, so maybe my physical body There will be a breakthrough."

"What did you say!"

The witch's eyes widened in disbelief, and then a trace of panic finally appeared in the depths of her eyes.

The dark body is her biggest support.

If the source of the physique is taken away, then the divine body is considered abolished.

"Ye Fan, if you dare to mess around, the cave owner will not let you go. You can't get out of the fairy cave."

"You let me go, I can apologize to you, I'm convinced, you are strong. I can also give you some compensation."

"What compensation?"

"I'll give you one million high-grade spirit stones, this is a huge compensation, how about it?"

"As expected of a witch, she is really rich. But, to get you and make you my woman, everything you have is mine, isn't it better?"

Ye Fan squeezed his arms even further.

Although the witch is a loli, her figure is very well developed. She hugs so hard, to be honest, Ye Fan's heart is also very throbbing, and there is even a fire in his abdomen that begins to recover.

Feeling the subtle changes in Ye Fan's body, the witch was flustered and really scared.

"Ye Fan, don't mess around, just listen to me. Let's be friends, help each other, and achieve mutual benefit. I'll tell you a secret, I found a secret, an ancient secret, there are many treasures, I can take you Let's explore together."

"Ancient Secret Realm?"

"That's right, I decided not to lie to you. This is my biggest secret. I didn't even tell the master and the cave owner. I only told you. It's already very sincere."

"This is..."

Ye Fan pondered: "How do I know if you are ignorant with me!"

The witch said: "I make an oath of heaven, to be friends with you, and to discover the treasures of the secret realm together."

Chapter 1336: behead

Ye Fan let go of the witch.

You can't really handle the witch here, and you may really not be able to get out of the fairy cave.

Fortunately, witches are also very interesting.

Knowing that there is no point in fighting, it may be injured and thankless.

"You have already made the oath of heaven, remember your words, and have the opportunity to take me to the secret realm to dig treasure."

"Don't worry, I will do what I say."

The witch rubbed her little tiger teeth secretly, wishing she could rub Ye Fan on the ground.

Wait.

In the future, if you go to the secret realm, you will suffer, and you will be beaten all over the place.

outside world.

The children and elders were all waiting. They didn't know where Ye Fan and the witch went.

at this time.

A black hole appeared in the sky, and Ye Fan and the witch walked out together.

"Out!"

"Has the winner been decided?"

This is the most anticipated.

Ye Fan smiled and said: "The devil is invincible, and she is willing to bow down."

The witch didn't expect Ye Fan to give her face like this, but the anger in her heart weakened a bit. She snorted coldly: "You are also very good. If you work hard, your life and death will be unpredictable."

The two sides began to talk to each other in business.

This disappointed a lot of people.

At the right time, Ye Fan got a voice transmission from Empress Qingluan, and he clasped his fists and said, "Witch, I still have something to do, so I'll leave first."

The direction Ye Fan went was the back mountain.

And there is the residence of the master of the Immortal Demon Cave, and the idlers and others cannot go anywhere.

Even if the elders want to go, they must be allowed.

Ye Fan went straight over.

The disciples of the Immortal Devil Cave were shocked.

The witch's eyes flickered, and she even followed. Although the cave owner was not her master, he gave her a lot of guidance and was considered half a master.

In the fairy magic cave, she is not afraid of anything.

"Ye Fan wait for me."

The witch followed.

When I came to Houshan Xiaoju, I saw Empress Qingluan and Qi Xianzhi coming out.

"Niang Niang, have we talked about it?"

"I said everything I had to say."

Qi Xianzhi said, "Little girl, what are you doing here!"

The witch said: "Dongzhu, let me see what's interesting. I had a fight with Ye Fan just now, and this **** is quite powerful."

Qi Xianzhi smiled and said, "Your dark body can't deal with him either!"

The witch said: "My divine body is only developing a little bit, and when it is completed in the future, it will definitely suppress him."

Qi Xianzhi didn't say much, and didn't drive the witch away. He looked at Ye Fan and said, "My lady has already told me, I'm surprised, but I'm also very interested."

"I can't let you and Niangniang run for nothing, I'll go for a while and help you once."

"Thank you cave master."

"But as a condition, you should know what to do in the future."

Ye Fan understood that Qi Xianzhi meant nothing more than to wait for him to leave the world of Xianshan and go to the outside world.

"Don't worry, master of the cave, I, Ye Fan, have nothing to say."

"That's good."

Qi Xianzhi was looking forward to it.

Leaving the cage of Xianshan would be better.

In this cage, there is no hope.

Other forces are not clear, but the Immortal Demon Cave is very clear, and it is impossible to break through the realm of God Transformation.

No matter how shocking it is, it will be absolutely brilliant, when it is about to break through, the prohibition of Xianshan World will be obliterated.

hopeless!

Here is the cage!

For a hero like Qi Xianzhi, it is impossible to die of old age willingly.

Leaving Xianshan is the biggest temptation.

"The cave master, what's the matter, can I participate?" The witch asked curiously.

"You can play with us if you want." Ye Fan said hurriedly.

Qi Xianzhi has no opinion.

So, the four of them left the Immortal Demon Cave. On the way, Empress Qingluan left and went to the Qingtian Dynasty to persuade the Qingtian Ancient Emperor to take action.

Ye Fan took Qi Xianzhi and the witch to the ancestral land of the Lei family.

Jiujianxian and Lady Suzaku have already notified and are rushing over.

at the same time.

The Tao family and other four major clans are also preparing frantically, and they have gathered some helpers, who also have the opportunity to comprehend the transformation of the gods.

Time flickers.

three days later.

In the Lei family, the atmosphere was extremely excited at the moment.

Now, the Lei family admires Ye Fan too much, good guy, he has called so many big men.

Jiujianxian and Empress Suzaku did not say anything, but the ancient emperor of Qingtian joined, and the most terrifying thing was that the cave masters of Xianmodong had come.

Oh my God!

Lord of the Immortal Demon Cave, this is really a terrifying powerhouse. He has already realized the opportunity to transform into a **** early on.

The ancestor of the Lei family was also very polite to the cave owner of the Immortal Devil Cave.

Even Qingtian Ancient Emperor, Jiujianxian, and Empress Suzaku were the same.

The five big men are discussing the Tao.

Outside, Ye Fan was discussing plans with Lei Qianqiu, Lei Wanhai, Lei Qianren and other Lei Clan elders and children.

Now.

They were headed by Ye Fan.

There is no way, Ye Fan called so many big men, he was simply mad!

The Ray family was completely convinced.

"According to the situation, the Tao family and other four clans are also planning. I suspect that they have also invited helpers."

"That's for sure, so we can't be careless."

"Ye Fan, what's your plan?"

Everyone's eyes gathered.

Ye Fan said: "At this point, the Tao family's four major clans must be monolithic, conspiracy and tricks will not work, only a head-on collision."

Lei Qianqiu and the others nodded, that was indeed the case.

"However, I will try my best to arrange the infiltration of the snake head organization to see if it can be successful. If it is possible, let them go into civil strife first, and then we will start a war."

"Okay!"

time flies.

The Snakehead Organization is working hard, but it is indeed as Ye Fan said, the four major families of the Tao family have been prepared for a long time.

Can't penetrate at all.

Even the loss of two elders made Ye Fan very heartbroken.

Immediately ordered to stop infiltration.

this day.

The sky above the ancestral land of the Lei family was torn apart, and the projections of the ancestors of the four great clans appeared again.

"boom!"

The ancestor of the Lei family rose into the sky.

I only heard that the Taoist ancestor sneered: "You want the Snake Head Organization to infiltrate, from the inside and outside us, it's ridiculous."

"Now, what other means do you have?"

"It must be gone. If that's the case, then don't delay, let's fight."

The ancestor of the Lei family said solemnly: "Are you sure you want a big battle? In fact, you can also sit down and talk. Wanbaozhai is so big, the four of you can't eat it."

The ancestor of the Tao family sneered: "Why, are you afraid now?"

"Afraid? It's ridiculous. Since you are going to have a big battle, then fight. I'm going to see who will die in the end."

"Okay, tomorrow, waiting for you to kill."

"roll!"

Just when the four ancestors were about to leave, Ye Fan suddenly shot and exploded the four laws.

Pottery's ancestral home.

The four ancestors shook their bodies and said angrily: "Damn boy!"

The ancestor of the Tao family said: "Don't be angry, tomorrow is the day of the destruction of the Lei family."

The other three ancestors laughed again and again.

In order to destroy the Lei family, in order to be foolproof, they spent a huge price, please move the terrifying powerhouse!

the other side.

The Lei family is already dispatching the entire army.

In fact, this kind of decisive battle mainly depends on the top powerhouses, and the following are all small fights.

therefore.

The first batch of kills to the four major clans were all in the head, as for the army, don't be in a hurry.

blink of an eye.

The next morning.

The breaths left the Lei family's ancestral land, but they did not act together, but spread out.

At the edge of the Lei family's territory, some eyeliners noticed the movement and immediately sent a message back.

Soon.

Some powerhouses of the four great clans appeared, and they were going to attack Huanglong and destroy the Lei family's ancestral land.

"sure?"

A powerhouse at the peak of the void asked.

The eyeliner said: "Yes, the strong people of the Lei family have left, but the commander Lei Qianren is still in the Lei family."

"A mere Lei Qianren, what kind of thing, this time, the Lei family will be completely destroyed, and the ancestral land will be blown up."

There are quite a few strong people from the four major families this time. There are eight peaks of the broken virtual peak, and the other broken virtual realms are added, and there are hundreds of them.

not only.

In the dark, there is also this big man who has comprehended the opportunity to transform into a god, hiding and plundering for them.

therefore.

This sneak attack is absolutely foolproof.

"It's almost time."

"kill!"

They launched a charge.

However, before they reached the Lei family, a peerless killing formation suddenly appeared, accompanied by a series of terrifying blows, drowning their concealment!

"what!"

This group of strong people paled in shock.

"Hahaha, you idiots, really think that our Lei family is a fool, I don't know that you are going to attack the ancestral land!"

"Lei Qianqiu! Lei Wanhai! Lei Qianren!"

"Why are you all there!"

The faces of the four strong clans darkened, and the eyeliner didn't say that they had already left.

what happened?

In fact, those who left were puppets made by Ye Fan using the Great Puppet Technique.

He had long guessed that the four clans would attack the Lei clan land, so he arranged it in advance.

"Don't say so much, there are only three of them, and they are not our opponents. Besides, there are adults who are secretly fighting for us. What are you afraid of!"

"kill!"

In an instant, they broke the killing formation.

"Lei Qianqiu, you are the best here, we will kill you all in one go and save trouble."

"you sure?"

Lei Qianqiu was full of mockery.

Suddenly, the powerhouses of the four great clans discovered that there were eight powerhouses of the peak of the Void Breaker at the rear.

"what!"

"How can it be!"

This time, they finally panicked.

Lei Qianqiu gave an order: "Kill!"

War is imminent.

Directly crushed, and immediately, those monks in the early, middle and late stages of breaking the void died in anger and tragic death.

"Do not!"

Several Void-breaking peaks of the four great clans roared sadly.

Those were some of the mainstays of the four great clans, and they were brutally murdered like that.

"Sir, don't take action yet!"

"grown ups!"

Someone shouted, however, there was no response.

next second.

The space was torn apart, and a corpse fell down and landed in front of the four peak powerhouses.

This is a monster.

A magical beast who comprehends the opportunity to transform into a god.

Rare.

However, it could not stand the siege of the three powerhouses, Jiu Jianxian, Empress Suzaku, and Qingtian Ancient Emperor.

It finally fell.

The peak powerhouses of the four great clans were terrified.

The adults were actually beheaded!

How can it be!

What means does the Lei family have, or they have invited a lot of foreign aid.

"Now, you can hit the road."

Lei Qianqiu grinned and grinned.

"Forgive me..."

"Die!"

Between the lights and flints, the peak powerhouses of the four great clans were beheaded.

At this time.

Ye Fan, the witch and Reya strolled over.

Seeing the results, Leiya was very excited: "Ye Fan, it's better for you to calculate, killing so many powerful people from the four great clans, it can be said that the four great clans suffered heavy losses."

Ye Fan said with a smile: "These are nothing, I didn't expect that there would be a magical beast that comprehends the opportunity to transform into a god. I will trouble the three seniors. This magical beast should be useful to you, and the whole body is full of treasures."

Empress Suzaku said, "I want the inner pill!"

Qingtian Ancient Sovereign said: "Nascent Soul belongs to me!"

Jiujianxian is very free and easy: "I'm not interested, I'll leave it to you, Ye Fan. The blood of this monster is very good for you to cultivate your body."

is not that right!

This is a more powerful existence than the Demon Sovereign. Blood is precious. Ye Fan felt that he might break through the threshold of level 70.

Empress Suzaku and Qingtian Ancient Emperor took away the inner core and Yuan Ying, and Ye Fan took away the corpse. The Lei family had no objection.

"Several seniors, please rush to the ancestral land of the Tao family immediately. I am afraid that the ancestors of my family can't cope with the four ancestors."

"Qi Xianzhi swept the formation in secret, and there won't be any major problems, but it should be rushed over. Next, the real battle."

"Senior worked hard."

The Ray family is very grateful.

The three big bosses left, and then Lei Wanhai and Lei Qianren stayed behind to sit in the Lei family land.

Lei Qianqiu followed Ye Fan and the three to the ancestral land of the Tao family.

At this moment.

Before the Tao family's ancestral land, the four great ancestors looked at the people of the Lei family opposite with sneer.

They didn't find out that except for the ancestor of the Lei family, the others were puppets.

This is not to say that Ye Fan's great puppet technique has become perfect, but because of Qi Xianzhi's methods, the audio-visual is obscured, so that the four ancestors cannot see it.

The ancestor of the Lei family couldn't help but laugh.

I don't know, I will find out later that the powerhouses who went to sneak attack on the ancestral land of the Lei family were wiped out. This is an old guy, what kind of expression would he have!

Chapter 1337: Armageddon

The ancestor of the Lei family was dealing with the four ancestors, but Qi Xianzhi, who was hiding in secret, frowned.

because.

He had already sensed that there was some tyrannical aura lurking in the ancestral land of the Tao family.

There are many.

"This battle is a bit difficult." Qi Xianzhi secretly thought, and at the same time transmitted a voice to the ancestor of the Lei family, telling him not to be complacent and be careful.

The ancestor of the Lei family was naturally inferior to Qi Xianzhi, so he didn't sense the bosses lurking in the ancestral land of the Tao family.

Qi Xianzhi asked him to be careful, it must be very serious, and the ancestor of the Lei family became vigilant.

"It's all meaningless nonsense after saying so much. Now, I will ask you one last time if you want to share Wanbaozhai with my Lei family."

"Hahaha, old man Lei, at this point, a war is inevitable. You still want to relax and make a big dream in spring and autumn."

"Okay, if that's the case, let's fight."

"Old man Lei, please come out with your helper. You don't dare to come here alone to act wildly. The daoist who is hiding in the dark can show up."

Qi Xianzhi didn't move.

He is very patient, and besides, no one can discover his existence, he is very confident.

"Boom."

At this moment, Jiujianxian, Qingtian Ancient Emperor and Suzaku Empress rushed over.

The four ancestors were shocked.

"Qingtian Ancient Emperor, you, you are actually involved in the dispute between our Wanbaozhai, what do you mean!"

"Your four clans should have also invited helpers, didn't you also invite outsiders. In that case, why can't the Lei family invite me!"

"Qingtian Ancient Emperor, you are digging your own grave. The Qingtian Dynasty will fall apart because of your decision."

"presumptuous!"

The Qingtian Ancient Emperor was furious.

"Only you, dare to speak madly and disintegrate my Qingtian Dynasty, looking for something dead!"

"Hahaha, Qingtian Ancient Emperor, don't be complacent, I'll let you know later, what is despair."

The four great clans have nothing to fear.

The ancestor of the Lei family invited three helpers, only four in total, and they were four against four.

However.

You know, their helper hasn't appeared yet.

and.

Their helpers are scary enough.

At this time, the ancestor of the Lei family said: "Where are the helpers you invited, come out, there is no need to hide."

The ancestor of the Tao family sneered: "No need, we are enough to deal with you."

"Insanity!"

That's how the war started.

The Qingtian Ancient Emperor was the first to move, holding a jade seal, and above his head, the power of luck was surging.

How terrifying he is, with his own power, as if the entire country of the Qingtian Dynasty is shooting.

Majestic and magnificent.

The color of the four tribes changed.

As expected of the Qingtian Ancient Emperor, he was indeed terrifying.

at the same time.

Jiujianxian also shot, and with a sword, slashed the sky, as if to split the Tao family ancestral land in half.

Empress Suzaku burst into a sea of fire, surrounding the entire Tao family ancestral land.

These flames, unexpectedly, penetrated the defense formation, and even incinerated the defense formation.

too scary!

Not to be outdone, the ancestor of the Lei family broke out in the Tianlei Pond, and the endless power of thunder poured out and wrote.

a time.

The ancestral land of the Tao family, with a radius of thousands of miles, was completely overturned.

In the ancestral land, it is also overturned, and the trembling defense formation seems to collapse at any time.

"kill!"

The four ancestors also shot.

They are also not weak, the four of them go to deal with the four people of Jiu Jianxian.

But.

Whether it's Wine Sword Immortal, Qingtian Ancient Emperor, or Empress Suzaku, none of them can deal with them one-on-one.

Only the ancestor of the Lei family was fighting against the ancestor of the Tao family.

The other three ancestors were suppressed.

Qi Xianzhi still didn't move.

He had already sent a voice transmission to the four Jiu Jianxian, telling them to be careful, while he was on guard against the lurking boss in the ancestral land of the Tao family.

"Open the sky!"

at this time.

With a loud shout of thunder, an extreme axe light slashed on top of the Tao family's defense formation.

The large array, splitting the cracks appeared.

"what!"

The four ancestors were shocked.

Obviously, it was Ye Fan's second shot, condensing the power of the eighteen guardians to strike Lei Qianqiu, and with the opening axe and the supreme dagger, it had a huge effect.

"break!"

Ye Fan waved the opening axe again.

"Stop him!"

When the four great clans were strong.

The defense formation can't be broken, otherwise, the Tao family's ancestral land will be affected and destroyed.

But.

The four major clans now add up to the peak of the broken void, and Ye Fan has not brought as many as one person.

therefore.

How can you stop it.

"puff!"

Finally, the defensive formation was split open, and all of a sudden, black shadows burrowed into it.

The Snakehead Organization is in action.

They've been lurking, and now there's a breach, and they're streaming in.

"Pfft!"

Several Void-breaking peak powerhouses bore the brunt and were directly injured.

but.

The Snake Head organized the powerhouses to slaughter other weak Void-breaking powerhouses instead of dealing with the Void-breaking Peak, because it was very troublesome.

"Bastard!"

When the four ancestors saw this, their hearts were dripping with blood, and they roared in anger.

At this moment, the ancestor of the Tao family couldn't bear it any longer, and shouted: "Several adults, you can take action!"

Roar!

A roar... No, it should be three, because it burst out at the same time, so it sounds like one.

next moment.

The three soaring demonic qi eclipsed the sky and the earth, and in the black qi, three great demon emperors emerged.

They take human form.

Evil and domineering.

Qingtian Ancient Emperor's expression darkened as he said coldly, "The three of Soul Burial Ridge!"

Although Qi Xianzhi had already guessed it, she was a little surprised to see it now.

Soul Burial Ridge, and even one of the restricted areas in the hinterland of Xianshan Mountain, contains three terrifying taboos.

These are the three great demon emperors.

I heard that they are triplets, and they are invincible when they join forces.

In the early years, there was a **** storm in the hinterland of Xianshan.

later.

Many forces encircled and suppressed them before they went to Soul Burial Ridge, and they settled down, which is incredible.

Unexpectedly, the four major families of the Tao family actually invited these three guys.

"Hahaha, I haven't been involved in the disputes for many years. When I came out to play this time, the world in the province forgot the majesty of our three brothers."

"Who is that Firebird, I have a fancy. If you surrender now, you can spare you not to die."

Among them, a Great Demon Sovereign stared at Empress Suzaku.

"court death!"

Jiujianxian was furious.

He shot before Empress Suzaku, no nonsense at all.

"Sword Seven!"

Jiujianxian's sword slashes the sky and destroys the earth.

However, the three Demon Sovereigns were not afraid at all. They seemed to be three in one, and they shot together, easily catching the sword energy.

"You can't!"

"Jian Jiu!"

Jiujianxian drank again.

This time, the power of the sword energy was even more terrifying.

But it's not over.

Jiujianxian screamed again and again: "Sword Thirteen!"

"Sword Sixteen!"

"Sword Eighteen!"

"Sword... Twenty!"

boom!

Heaven and Earth exploded, filled with endless sword energy.

Jiujianxian was angry.

He was really angry, showing terrifying divine might, the sword energy spread, and the defensive formation of the Tao family's ancestral land was riddled with holes.

at the same time.

The faces of the three demon emperors also became solemn.

"break!"

They all shouted in unison.

The three punches exploded all the sword energy.

"I said, you can't!"

The Great Demon Emperor was full of mockery.

Jiujianxian was very calm, but his face and eyes were surprisingly cold, extremely cold.

Rumble.

As the ground shook and the mountains shook, a terrifying sword intent burst out from Jiujianxian's body.

"Sword, twenty-one!"

Jiujianxian spit out a few words, this is the swordsmanship he has not yet cultivated.

Forced to cast at this moment.

Blood spilled from the corners of his mouth, but the power was indeed amazing, and the faces of the three demon emperors darkened.

"open!"

They roared and banged bluntly.

The sword was cracked, but the three of them were also smashed, and blood was dripping on their fists.

"kill!"

The ancestor of the Lei family shouted loudly.

He was unable to deal with the three demon emperors, but instead killed the ancestors of the Tao family.

Wine Sword Immortal said: "You deal with them, and I will deal with these three evil beasts."

Lady Suzaku frowned: "Don't be too arrogant!"

The Qingtian Ancient Emperor did not forget to strike: "Don't be too pretentious. We are dealing with an old guy. You and Qi Xianzhi should deal with the three of them."

now.

Qi Xianzhi finally showed up and shot at the same time, in the square of the three magic queens.

A magical one.

Qi Xianzhi's sudden lore made the three demon emperors terrified, and he didn't expect that there was a terrifying boss lurking.

"Master of the Immortal Demon Cave, you actually got involved!" The four great ancestors exclaimed, a little flustered.

"Immortal Cave!"

The three demon emperors were sent flying, and their bodies were dripping with blood.

However, their bodies are strong, and this is nothing, a trivial injury.

Qi Xianzhi said: "It's good to take it with you at Burial Soul Ridge, why do you have to run out, I just happen to be short of mounts, you guys are willing."

"What did you say!"

The three demon emperors were furious with thunder.

Qi Xianzhi looked up to the sky and laughed loudly: "Jiujian Xian, let's take action and cut these three beasts."

Jiujianxian nodded.

He spit out a mouthful of learning on his own magic sword, and then, brewing the next sword.

Qi Xianzhi, on the other hand, was fighting against the three major demon emperors. He was really a daring art master, and it was directly one-on-three.

the other side.

Qingtian Ancient Sovereign, Lei Family Patriarch, and Empress Suzaku also had the means to hold back the Four Patriarchs at the beginning.

As for the ancestral land of the Tao family, it was in a mess at the moment.

Jiujianxian's sword energy will pierce through the holes in the defense formation, and the killers of the snake head organization will pour in.

Ye Fan also let the eighteen guardians enter.

It can be said.

In the ancestral land, blood flows into rivers.

The four tribes suffered heavy casualties.

"Do not!"

The four ancestors were heartbroken.

I thought that the appearance of the three demon emperors in Soul Burial Ridge would be enough to kill the Lei family and the helpers invited by the Lei family, but now, it is so miserable!

Too tragic!

In the current state, even if the war is won, it will still be severely damaged. When the news comes out, the major forces are swarming, how can they keep Wanbaozhai.

three battlefields.

Ye Fan is paying close attention.

He still has a hole card, that is Peony, and he didn't let her out.

As long as the opportunity is ripe, Peony can come to a lore.

at this time.

Wine Sword Immortal has already been brewed, and the terrifying sword intent and sword qi spread across the world.

"Sword, twenty-two!"

"scold!"

This sword eclipsed the sun and the moon.

Qi Xianzhi retreated like lightning.

The faces of the three demon emperors changed greatly, and the trinity turned into a body, as if fused together, becoming a terrifying super monster.

"puff!"

However, it still couldn't stop it.

"Roar!"

The big monster howled.

One arm was split off, and the sword energy remained on the wound, frantically destroying the body, and it was even difficult to remove.

"Damn it!"

"I want you all to die!"

The big monster went crazy, and even used a lot of ancient treasures, and some even exploded directly.

Boom boom boom!

The explosion was so terrifying that Jiu Jianxian and Qi Xianzhi both retreated.

The ancestral land of the Tao family was affected, more than half of the territory was destroyed, and countless children were wiped out.

"what!"

The Four Great Ancestors couldn't help roaring sadly.

It's now.

In Ye Fan's body, a flash of light burst out, it was a peony, and it shot like lightning.

"puff!"

The body of the ancestor of the Tao family was punched through.

The Qingtian Ancient Emperor was startled, but he reacted quickly and cooperated with Empress Suzaku and the ancestor of the Lei family to launch a lore.

"Do not!"

The ancestors of the Tao family were terrified.

However, it didn't help, and under serious injuries, how could one hold the three big bosses to join forces.

It was blown up in an instant.

Even Nascent Soul was turned into fly ash, and not even the scum was left in the dead.

"Ancestor!"

When the children of the Tao family were in mourning, they were extremely frightened at the same time.

The ancestor is the pillar, the ancestor was beheaded, they... what can they do!

The remaining three ancestors were terrified.

Peony shouted: "What are you doing, continue, make a quick decision, and kill them all."

"Daluo Tianzun, the gods are dusk."

"Suppression!"

Peony displays a peerless method.

A terrifying statue was shot out, suppressing everything, and Rao Qi Xianzhi and Jiujian Xian all looked sideways.

"So strong!"

Ye Fan couldn't help his scalp tingling.

She knew that after Peony's transformation, she must have recovered some memories and mastered some magical powers and secrets in her memory.

The three old guys will definitely not be able to turn the tide.

Four on three, all right.

Ye Fan looked to the other side, Qi Xianzhi, Jiujianxian and the big monster were fighting together.

but.

The big monster really had two strokes. Rao, such strong men as Qi Xianzhi and Jiu Jianxian, gradually fell behind.

Chapter 1338: misfortune

The three demon emperors are naturally not simple.

The fact that they can settle in and settle down in Soul Burial Ridge is enough to show their terrifying strength.

After the trinity, it became a super monster, and its combat power skyrocketed.

Although Jiu Jianxian chopped off one of their arms, "Jian Twenty-two" Jiu Jianxian couldn't use it again.

Originally, Sword Twenty was the limit of Wine Sword Immortal.

He used Sword Twenty-two, and he had already received a lot of internal injuries. If he used it forcefully, there would be a huge price.

"Roar!"

The big monster roared and the ground shook.

This is not the most terrifying. What everyone is worried about is that such a big movement will attract other powerhouses.

At that time, the situation was much more complicated.

At the same time, Qingtian Ancient Emperor and Qi Xianzhi did not want other forces to know that they were involved in the internal disputes in Wanbaozhai.

"The ancient painting of fairy demons!"

Qi Xianzhi showed his magical powers, and a terrifying picture appeared in the sky, wrapping the big monster.

at this time.

Jiujianxian let out a clear whistle, the sword energy shot into the sky, and the sword intent of the Dao burst out to the extreme.

Puff puff.

Jiujianxian spat out three mouthfuls of blood in a row, the magic sword radiated brilliantly, and then Jiujianxian stopped drinking: "Sword, twenty-three!"

boom!

A sword that eclipsed everything.

Between heaven and earth.

Only this sword.

The big monster felt the huge crisis, and frantically tore open the ancient painting of the fairy, but the sword of Jiujianxian had already arrived.

"puff!"

In an instant, half of the big monster's body was split open, and Qi Xianzhi punched that half of the body directly.

"Ahhh-"

The big monster made a shrill scream, and the injury was not minor, but it was even more mad.

The combat power does not seem to be declining.

"Kill kill kill."

"Damn it."

The big monster exhaled a black breath, covering the sky and the sun, and this side of the world overturned directly.

A terrifying force swept the audience.

Jiujianxian was the first to be knocked into the air. He forcibly used the sword twenty-three, and his internal injuries were very serious. At this moment, his combat power was sharply reduced.

Qi Xianzhi was also beaten away.

The ancestors of the Lei family and others, who were blooming in the distance, were also affected and quickly retreated.

This allowed the three ancestors to breathe.

"Roar!"

The big monster was insane, showing unparalleled magical power, and it seemed that he had used some kind of secret technique, causing the combat power to advance instead of retreating.

The three ancestors laughed loudly: "Okay, Lord Demon Emperor, kill these bastards!"

Ye Fan transmits a voice to Peony.

Jiujianxian was no longer able to deal with the big monster, Peony came up, and the Qingtian Ancient Emperor also gave up dealing with the three ancestors, and dealt with the big monster together with Qi Xianzhi and Peony.

The Patriarch of the Lei Family and the Empress Suzaku, plus the injured Jiujian Xian, were barely able to hold back the three Patriarchs.

The war broke out again.

How tragic!

It really pierced through the world, the world turned into blood, blood flowed into rivers, and the world was purgatory.

Ye Fan was not idle either, he was looking for opportunities.

He still has a hole card.

That is the hug given by Empress Qingluan, which can be used to sneak attack on a certain ancestor.

Just like beheading the ancestors of the Tao family.

"Open the sky!"

Ye Fan waved his axe and slashed furiously at the ancestral land of the Tao family. In short, now, the ancestral land of the Tao family has been fragmented.

The four tribes suffered heavy casualties.

"Thunder and fire."

At this moment, the Patriarch of the Lei Lei Family and Empress Suzaku joined forces, and endless thunder erupted in the Tianlei Pond. Coupled with Empress Suzaku's natural fire, the three ancestors were drowned.

Wine Sword Immortal casts Sword Nineteen.

The suppressed three ancestors kept falling.

Ye Fan's eyes burst into light, but the witch turned out to be faster than her, displaying the innate ability of the dark body, and black holes appeared at the feet of the three ancestors.

Actually, the three ancestors were swallowed up.

At the same time, the witch took Ye Fan into the dark world. Ye Fan didn't even think about it, and directly revived the embrace of Empress Qingluan.

This time, it's a full recovery.

"Wow!"

Once the phantom appears out of thin air.

That is Qingluan.

The witch was shocked. She could feel that this orb was not simple. It must have been conceived by Empress Qingluan for many years. Otherwise, it would be impossible to have such a powerful effect.

This kind of baby, Empress Qingluan actually gave it to Ye Fan, what is the relationship between the two?

Not a couple.

In this case, the Qingtian Ancient Emperor knew that he might be **** off.

"boom!"

Qingluan's phantom swooped and attacked one of the ancestors, directly blasting his body, and Yuan Ying was also destroyed.

"Remove."

Ye Fan shouted.

The dark world of the witch cannot be trapped at the level of the ancestors. Once the ancestors forcibly break the dark world, the witch will be seriously injured.

Huhu.

The Dark World is revoked.

At this time, the two ancestors roared, but to no avail, one had already been beheaded.

Lady Suzaku, the ancestor of the Lei family, and Jiu Jianxian were very surprised. They didn't expect the witch and Ye Fan to have such a trump card. They joined forces and killed an ancestor in just a few seconds.

They didn't know that Ye Fan was carrying the orb given by Empress Qingluan.

actually.

The witch also helped Ye Fan just now.

If you didn't go to the dark world, just cast the orb like this, and the phantom of Qingluan appeared, which would definitely make Empress Suzaku dissatisfied, and at that time, it would be impossible to explain.

Don't worry now.

The scene that happened in the dark world could not be seen from the outside at all.

"Thank you."

Ye Fan sent a voice transmission to the witch and winked at her.

The witch was stunned for a while and didn't speak, but she felt a little strange in her heart.

There are only two ancestors left, so it will be easy.

Empress Suzaku and the three of them were simply fighting, and on the other side, Qi Xianzhi, Peony, and the Ancient Emperor Qingtian were also anxious with the big monster.

"Protection!"

Ye Fan snorted softly.

All the eighteen protectors came to my side.

The four major clans are almost wiped out, and the Snake Head Organization can handle it, no need to protect the law.

"Spread apart and hide. If you find other powerhouses rushing over, you will immediately send a message, and if you can, kill them on the spot."

"As ordered!"

The eighteen protectors disappeared.

The witch looked terrified, the eighteen guardians of the peak of the void, this Ye Fan, was a bunker.

"What's your background?"

The witch asked curiously.

Ye Fan smiled and said, "I will tell you later, now is not the time."

"cut."

The witch rolled her eyes.

The battle is still going on, and some forces in the hinterland of Xianshan are all about to move.

Just as Evan thought.

It is impossible for other forces to not sense such a big movement. In addition, it is the territory of Wanbaozhai. Naturally, the major forces want to fish in troubled waters. After all, Wanbaozhai has countless resources.

There are powerful forces from all directions, but there is no fanfare. After all, I don't know what's going on.

The Eighteenth National Congress immediately summoned Ye Fan.

"Oh no."

Ye Fan's face sank.

Lei Qianqiu said: "Did other forces come over?"

Evan nodded.

Lei Qianqiu's face was also very heavy.

Once the major forces are involved, the situation will be extremely complicated.

This is how to do?

Stop the major powerhouses?

impossible.

Don't have that power.

If you come to some Void Peaks, you can still deal with them.

The situation is anxious.

Ye Fan looked at the battlefield, still pulling, and there must be no result in a short time.

Just when Ye Fan was anxious, suddenly, a cold voice sounded in his mind: "I will help you resist the Great Wilderness Sect Master, I can't control the rest."

"Ms. Qingluan."

Ye Fan was overjoyed.

Unexpectedly, Empress Qingluan has been paying attention to the battle situation. I didn't expect that the leader of the Great Wilderness Ancient Sect would come over.

"Boy, remember me, you have to report to me in the future, understand."

"Don't worry, Niangniang, there will be a generous reward. I have no problem with my promise."

"To shut up."

Grandma Qingluan scolded lightly.

at the same time.

Eight thousand miles away, Empress Qingluan appeared, and in front of her was a mighty middle-aged man.

The man was dressed in black and gold robes, handsome and martial, exuding a domineering atmosphere.

This is the leader of the Great Wilderness.

One of the top powerhouses in the hinterland of Xianshan.

"Miss Qingluan, I didn't expect you to appear here, why, you want to stop me?"

"leave."

"I want to know, why?"

"Entrusted by others."

"Who?"

"No comment."

"Then it's hard to do. Wanbaozhai is so noisy. I really want to see what's going on. Although I have respect for the mother, but there is no reason to stop me, this seat is also very dissatisfied."

"Don't talk nonsense, let's fight."

Empress Qingluan has always been too lazy to drag things around, so she shot directly and killed Ling Lie.

The Great Wilderness Sect Master smiled and said, "Alright, it's my honor to be able to play against the Empress."

Rumble.

The terrifying Great Wilderness erupted.

The young master of the Great Wilderness, Huang Wutian, also has the Great Wilderness Body, however, compared with his Lao Tzu, he is simply nothing.

One in the sky and one in the ground.

The Great Wilderness body of the Great Wilderness Cult Master is in line with terror, and the barbaric and desolate atmosphere of the Great Wilderness makes Empress Qingluan very uncomfortable.

"Miss, be careful."

"The Great Wilderness Fist!"

This blow, a unique skill, is also a lore.

Empress Qingluan's face was solemn, and the strength of the Great Wilderness Sect Master was beyond her expectations.

But don't be afraid.

Possessing the bloodline of the ancient phoenix, it is the rarest and noblest alien species in the world, and Empress Qingluan's strength need not be said much.

Extraordinarily powerful.

In the face of this punch, Empress Qingluan released a cyan divine light, directly breaking the lore of the Great Wilderness Cult Master.

"My lady is amazing."

"Come again!"

The leader of the Great Wilderness laughed, opened up and closed, and wanted to fight with Empress Qingluan.

Empress Qingluan is also unambiguous and shows no weakness.

The two sides fought madly together.

This battle also attracted the powerhouses who came, and they were all shocked.

This also led to the fact that many powerful people did not dare to go further.

Although it is eight thousand miles away, it is very far away. However, both of the Phoenix bloodline, Suzaku and Qingluan are very sensitive.

"Why is she here!"

Lady Suzaku was very puzzled.

At the same time, the Qingtian Ancient Emperor also felt it, and at the same time discovered the Great Wilderness Sect Master.

He was worried that Empress Qingluan was in danger, so he shouted: "Go all out and kill this monster as soon as possible!"

The big monster roared: "You dare to kill me! What qualifications do you have to kill me! Give me death!"

only see.

A small black jar was thrown out by the big monster, an ordinary jar. However, it made Qi Xianzhi, Peony and Qingtian Ancient Emperor feel terrified.

They retreated quickly.

"Bang!"

The jar exploded.

Suddenly, the mysterious power spread.

"not good!"

The Qingtian Ancient Emperor was shocked.

"The forbidden power of Soul Burial Ridge, **** it, how could they seal this forbidden power."

Soul Burial Ridge, as its name suggests, has a terrifying power that can bury souls.

Once contaminated, it is likely to be buried directly and become an empty shell of the flesh.

for example.

Some people from the four great clans were infected and screamed Lian Lian. After a while, they fell to the ground and lost their breath of life.

Without spiritual consciousness, without Nascent Soul, only the body remains empty.

Ye Fan's pupils contracted.

This is too terrifying, this power is simply invincible.

Qi Xianzhi and other bigwigs did not dare to be contaminated, they kept a secret and retreated one after another.

However.

The big monsters are not afraid, it seems that the forbidden power will not hurt them.

It's incredible.

Of course, it is precisely because of this means that they can settle down in Soul Burial Ridge.

"Death to me all!"

Then, the big monster threw two jars, which exploded with a bang, and the forbidden power was overwhelming, surrounding Ye Fan and everyone else.

"open!"

Jiujianxian slashed out with a sword, and wanted to encircle it.

But it failed to break the forbidden power.

The situation suddenly became a crisis.

The people of the four great clans screamed, and there were countless casualties. The two remaining ancestors shouted: "Sir, let us go, we are friends, hurry up!"

"Friend? You are also worthy."

The big monster sneered, showing no appreciation at all.

The two old ancestors were desperate.

"Today, I'm going to kill you all, no, I have to keep one, and that's Firebird. We're going to kill you."

Empress Suzaku's face was full of frost.

Jiujianxian was furious and swung the magic sword frantically, but to no avail.

"Don't waste your energy, it's useless, if this forbidden power is so easy to deal with, Soul Burial Ridge will not become a restricted area."

"You don't have to struggle, the end is already doomed."

"After swallowing a few of you guys, presumably, my strength will improve again and become the strongest in the Xianshan world."

"Hahaha."

The big monster laughed wildly.

Everyone's heart was extremely heavy, and they didn't expect this change; however, Ye Fan's heart was moved, because...

The Supreme Dagger trembled.

Unusual trembling, it seems, is happy, excited, very eager, very greedy...

Chapter 1339: the dust settles

"Could it be..."

At this moment, Ye Fan was shocked and excited.

The feeling conveyed by the Supreme Dagger seems to devour this forbidden power.

It's like a godsend.

"Die."

The big monster growled.

Control all the forbidden powers, madly compressed, overwhelming.

Qi Xianzhi and the others all changed their expressions.

But at this moment, Ye Fan rose to the sky, opened his arms, and roared: "Give it to me!"

Crash.

In all directions, the endless forbidden power rushed towards Ye Fan madly.

now.

Ye Fan was like a black hole, devouring it frantically. In fact, it was the supreme dagger in his chest that was absorbing it.

The reason why the supreme dagger was not shown was because Ye Fan wanted to pretend to be a coward.

He wants everyone to think that he himself is absorbing the forbidden power.

In this way, wouldn't it be a blast to the sky!

"Boom."

In the blink of an eye, the forbidden power was swallowed in half, and Ye Fan clearly felt that the supreme dagger was strengthened.

At this moment, everyone came back to their senses.

"what!"

"Fuck!"

Rao is a boss-level existence, and he has to scold people. His face is unbelievable, Ye Fan can absorb the forbidden power.

What a joke!

The big monsters were also dumbfounded, and their brains were blank. The forbidden power was their trump card.

Once, they found a blood-stained stone in Soul Burial Ridge. Since refining the stone, the three of them are no longer afraid of forbidden power.

But.

This human boy, what's going on?

Could it be that he also got that magical stone? No, not possible. Even if the magical stone is refined into the body, it is impossible to absorb the forbidden power.

The big monster is really going crazy.

This is like, for example, you fight against others, and the other party beats you in the field you are best at. This is what makes you collapse the most.

"Ahhh!"

"Go to hell!"

When the big monster was crazy, he couldn't bear it any longer, and slayed Ye Fan like lightning.

The power is so terrifying.

Peony shouted: "Protect Ye Fan, hurry up, let's do it together!"

Rumble.

Immediately, Qi Xianzhi, Jiu Jianxian and others all took action, because they knew that Ye Fan was the key.

at the same time.

The scene of Ye Fan absorbing the forbidden power really shocked them. Now they look at Ye Fan and their eyes have changed, and they have risen a lot.

"boom!"

The war broke out.

Ye Fan was also absorbing it crazily, the forbidden power gradually disappeared, and in the end, nothing remained.

at the same time.

The big monster was also beaten very badly.

The end is doomed.

But suddenly, Ye Fan sensed something, a huge crisis.

"court death!"

The witch was the first to react, because she had been paying attention to Ye Fan and found an ancestor who attacked Ye Fan.

Yes, it is the ancestor level.

Peony and the others were furious, but it was too late, the ancestor had already prepared it, and it was a sure-fire blow.

"Evan!"

The crowd exclaimed.

However, at this moment, Ye Fan was not in a hurry, suddenly turned his hand, and the Supreme Dagger appeared in his hand.

He held the Supreme Dagger tightly in both hands, and then spun frantically, like a tornado.

it turns out.

Take the initiative to kill the ancestor.

In an instant, they collided, and the two exchanged positions.

The screen freezes.

"puff!"

Then, Ye Fan spewed blood and received a serious injury; on the other side, the old ancestor did not move at all, and fell directly, smashing to the ground, without any breath of life.

what!

This scene shocked everyone again.

The big guys are all blinded.

That old ancestor was beheaded by Ye Fan?

How can it be!

Nobody believed it.

At this time, Qi Xianzhi said: "The spiritual consciousness and Nascent Soul have disappeared, and only the physical body is left to intimidate. Good boy, he has absorbed the forbidden power and can control it!"

Qingtian Ancient Emperor sucked in a breath of cold air.

Ye Fan can control the forbidden power freely, which shows that Ye Fan already has the means to fight the existence of the ancestors.

You know, this is still a young man, and it's only in the middle stage of breaking the void.

What a monster!

"He's running away!"

Suddenly, Empress Suzaku drank coldly.

All they saw was that the big monster ripped apart the void and fled, because after seeing that Ye Fan could control the forbidden power, they were 90 percent terrified.

Although they are not afraid of forbidden power, if they are invaded by forbidden power, they will still cause great harm. ,

Continue to stay and fight, the outcome is unpredictable, so, you can only run away in grief.

Qi Xianzhi and the others did not pursue them.

This level of existence is determined to escape, and it is very troublesome for them to stop.

Moreover, the major forces will dare to come over now, not the time to chase the poor bandits.

"what!"

Then, the last ancestor was killed by Qi Xianzhi and others.

So far, the ancestors of the four great clans have all fallen.

This also declares that the four major clans are destroyed, and the eight meridians of Wanbaozhai have the last laugh, and it is the Lei family!

Lei Qianqiu was a little dazed.

Once upon a time, more than a month ago, their Lei family was still worried about being wiped out.

But now.

All the other seven meridians were destroyed, leaving only the Lei family.

Really like a dream.

Lei Qianqiu and Lei Ya's father and daughter looked at Ye Fan, it was this young man, it was him, twist a little bit, and bring great luck to the Lei family.

At this moment, Reya was completely infatuated.

However, she knew that her wedding with Ye Fan was just acting, and she was not Ye Fan's wife.

"I'll go first."

Qingtian Ancient Emperor left immediately, and he was going to join Empress Qingluan to deal with the Great Desolate Cult Master.

Ye Fan looked at the ancestor of the Lei family and said, "It's not over yet. The powerful forces who have rushed over need to be dealt with, but these, I think your Lei family can solve it."

The ancestor of the Lei family looked at Ye Fan as if he was looking at a strong man at the same level, and no longer regarded Ye Fan as a weak junior.

He nodded and said, "Next, our Lei family can handle it, Ye Fan, thank you!"

Ye Fan said: "I'm going to withdraw. After a while, I'll come back when Wanbaozhai settles down."

The ancestor of the Lei family clasped his fists.

Ye Fan left with Peony.

The witch's eyeballs rolled, followed closely behind.

Jiujianxian and Empress Suzaku also withdrew; Qi Xianzhi also disappeared.

In the world, only the ancestors of the Lei family, Lei Qianqiu and Lei Ya were left.

The three of them looked at each other and sighed.

The ancestor of the Lei family said: "Stabilize Wanbaozhai as soon as possible, find out all the remaining people in the seven major veins, and if they are disobedient, they will kill them directly. In addition, immediately mobilize a large number of resources and send them to Xianmo Cave, Qingtian Dynasty and others. Star Sea Cloud Mirror."

"Old Ancestor, Xinghai Yunjing is the residence of Empress Qingluan, should we give it away too?"

"Ms. Qingluan stopped the Great Wilderness Cult Master, and it can be regarded as helping us."

"That's true."

"Patriarch, what about Empress Suzaku, Jiujianxian and Ye Fan?"

"No hurry, wait for Ye Fan to talk to our Lei family, and then give benefits."

...

the other side.

Empress Qingluan and the Great Wilderness Sect Master reached the white-hot stage, and suddenly, a huge jade seal came.

The Great Wilderness Sect Master's expression changed.

"Qingtian Ancient Emperor, you actually came, is the news so well-informed!"

"roll!"

The Qingtian Ancient Emperor burst into a drink.

The leader of the Great Wilderness retreated for a while and said with a sneer, "I'm really convinced, Empress Qingluan is not interested in you, why are you still like a licking dog, it's not ashamed."

"court death!"

The Qingtian Ancient Emperor was furious.

The war is about to break out, however, some power masters have come, and the war can only be stopped.

At this time, the ancestor of the Lei family came and said with a smile: "Everyone, I didn't expect that our Wanbaozhai internal discussion will attract so many Taoist friends."

The Great Wilderness Sect Master narrowed his eyes and hummed, "Is it really a sparring?"

The ancestor of the Lei family said: "Otherwise, what does the leader of the Great Wilderness think? Could it be that he wants to get involved in my Wanbaozhai?"

The Great Wilderness Sect Master said: "That's not really, just come and see what happened. By the way, what about the ancestors of other veins, why did you come here?"

The ancestor of the Lei family smiled and said: "The leader is really big, and we have to let all the ancestors of the eight major veins come over to please you?"

The Qingtian Ancient Emperor mocked: "People are high above, they have this idea, maybe it's Wanbaozhai's idea."

"Really? The sect master gave me a letter of approval. If this is the case, I will send a message immediately and let the other ancestors come over."

The voice of the ancestor of the Lei family gradually became cold.

The meaning of this is also very obvious: if your Great Wilderness Sect Master dares to jump again, our Eight Great Ancestors will join forces to deal with you.

The Great Wilderness Sect Master had a gloomy expression on his face, and his heart was burning with anger. However, Rao was very curious about what happened.

He was really besieged by the Eight Great Ancestors, he couldn't stand it, and he would be seriously injured if he didn't die.

"excuse me."

The Great Wilderness Sect Master looked indifferent and left immediately; the other powerhouses saw this and did not want to make fun of themselves, so they all left.

The ancestor of the Lei family clasped his fists towards Qingtian Ancient Emperor and Qingluan Empress before returning.

"How did you come?"

Qingtian Ancient Emperor asked.

Empress Qingluan said: "Come and see, the main thing is to make sure that Ye Fan can't die."

"Oh?"

The Qingtian Ancient Emperor asked in confusion, "What do you mean?"

"He was of great use to me."

Empress Qingluan didn't say much, and floated away.

Qingtian Ancient Emperor was thoughtful, Ye Fan was valued by Empress Qingluan, and his mind became active.

three days later.

Ye Fan got the news that the Qingtian Ancient Emperor was about to hold a big wedding, and the protagonists were him and Princess Yunxi.

This confused Ye Fan.

"Evan."

A vigorous voice echoed in Ye Fan's ears, which shocked him.

He came out of the retreat.

It is very hidden here, close to the fairy magic cave, he tried to make a breakthrough, and then followed the witch to the so-called secret realm to dig treasure.

In line of sight, an old man dressed in Chinese clothes came, amiable, and said with a smile: "Don't be nervous, I am a member of the royal family of the Qingtian Dynasty, entrusted by the ancient emperor, I came to invite you to return to the capital."

Ye Fan said solemnly: "What is the Qingtian ancient emperor doing, why did he suddenly want me and Princess Yunxi to get married."

The old man smiled and said, "Isn't this reasonable?"

"What makes sense."

"Ye Fan, you are the concubine, have you forgotten?"

These words made Ye Fan speechless.

The old man seemed to have settled for Ye Fan, and said, "No matter what the circumstances and reasons were in the country at the time, in short, in the eyes of the public, you accepted the imperial decree and promised to be the concubine. Where will the face of the dynasty go?"

Ye Fan was in trouble.

Unexpectedly, the Qingtian Ancient Emperor came to such a hand.

"Ye Fan, don't think too much. If you have anything to say, you can talk to Gu Huang face to face. I only invite you to the capital before going to bed."

"Let's go."

The old man is very strong, surpassing the peak of breaking the void, and it seems that he has realized the opportunity to transform into a god.

Unexpectedly, the Qingtian Dynasty has such a heritage.

Ye Fan thought to himself that Yue Linglong and the others were still in the capital. It seemed that he had to go if he didn't go.

"Go back to the fairy cave first." Ye Fan turned around and said to the witch.

"No, I'm going to play too."

"whatever."

Ye Fan didn't say much.

Follow the old man to the splendid chariot, pulled by the monster of the Void Realm.

The space in the carriage is not small, there are several rooms for Ye Fan and the witch to rest.

a few days later.

Arrive at the capital.

Ye Fan came to Feixianlou for the first time. It happened that everyone was there, and Princess Yunxi was there. Seeing Ye Fan, he felt a little embarrassed.

because.

The Qingtian Ancient Emperor spread the news, and a month later, she and Ye Fan will have a big wedding!

By the time.

Celebrating the whole world, all major forces will come to congratulate, but it is a big event.

In addition, Qingtian Ancient Emperor also told Princess Yunxi about Ye Fan's deeds during this period, including Ye Fan's beheading of the ancestor-level existence, which made Princess Yunxi more interested in Ye Fan.

It is an honor for such a dragon among people to be his own husband.

"Brother Fan, you're back." Yue Linglong looked at Ye Fan with a half-smile.

Ye Fan felt a little guilty.

Du Jun laughed: "Brother Ye, let's see what you do, we will withdraw first."

At the scene, only Ye Fan, Yue Linglong and Princess Yunxi were left.

After a moment of silence, Ye Fan spoke first: "What do you think, tell me first."

Princess Yunxi has always been very lively, and even has a somewhat charming temperament, but at this moment, her face is red, and she is a little afraid to look at Ye Fan.

In a voice like a mosquito, he said, "Brother Fan, Sister Linglong has already told me."

"What did you say?"

Ye Fan looked at Yue Linglong.

The latter said with a smile: "Say you are a playboy, show mercy everywhere, and there are many women."

Chapter 1340: entry

Ye Fan was embarrassed to death.

Princess Yunxi said: "Brother Fan, Sister Linglong said, you still have many women, and you have seven elder sisters. The future is yours, is it true? You don't even let your elder sister go?"

Ye Fan glared at Yue Linglong.

He then explained, "Not my sister, but grew up in an orphanage together."

"That's it."

"Yunxi, think about it clearly, if you can't accept it, then let your royal father cancel the wedding."

"I accept."

Unexpectedly, Princess Yunxi's answer was very neat and tidy.

Ye Fan was quite moved when he noticed Yunxi's firm eyes, and sighed, "I really can't do anything about you. If that's the case, then let's go with the flow."

"Brother Fan, did you agree?"

"Otherwise." Ye Fan said angrily: "Your father did not discuss it with me, so you just do this directly, to some extent, you are forcing me."

This point, Ye Fan also guessed some.

The talent and potential he showed, as well as his terrifying ability, should be valued by the Qingtian Ancient Emperor, so he held the wedding.

Tie him and the Qingtian Dynasty completely together.

For Ye Fan, he is a big man, but he is not at a loss; it's just that he has too many debts, and he doesn't know if he will be angry when he returns to the outside world.

Ugh.

Let's take a step by step.

When Ye Fan was thinking about it, his arm suddenly softened, and at a glance, he found that Princess Yunxi came over and hugged his arm boldly.

That soft touch really made Ye Fan's heart rip.

For a time, full of pride.

He grabbed it with a big hand, and Yue Linglong also came into his arms and said with a smile, "Beauty, serve the wine!"

Yue Linglong and Princess Yunxi are like little daughters-in-law, feeding Ye Fan wine while pinching his legs.

Ye Fan is not happy.

In high spirits, Ye Fan couldn't help but sing: "You can't see, the water of the Yellow River comes from the sky, and it runs to the sea and will not return..."

Li Bai's "Wine Entering the Wine".

The first sentence came out and it was brilliant.

"You can't see, Gaotang Mingjing is sad and white hair, the morning is like blue silk and the evening turns into snow..."

"boom!"

Eighty thousand talents!

The entire country was shocked.

However, it was not over yet, Ye Fan continued to sing, and every sentence came out, and his talent became more intense.

"You must be happy in life, and don't let the golden bottle face the moon."

"I was born to be useful, and I will come back after all the money is gone!"

Thousands of talents!

Royal Palace, Central Hall.

is going up.

The civil and military men of the Manchu Dynasty looked out together, their faces changing.

Prime Minister Li Qingfeng said: "Your Majesty, what appeared over the Feixian Tower seems to be the movement made by Ye Fan."

"have a look."

Qingtian Ancient Emperor walked out of the hall.

Behind him, all the civil and military people of the dynasty were there, all looking towards the direction of Feixianlou, while listening to the poems of the audience.

"It is fun to cook sheep and slaughter cows, and you will have to drink three hundred cups!"

"..."

"The sages and sages in ancient times were all lonely, only the drinkers kept their names!"

After this sentence, the talent covered the entire capital, the entire capital, hundreds of millions of creatures stopped and looked up at the sky.

Endless talent lingers.

Falling down, it heals the wounded; it frees the distressed; it opens the depressed; it blocks the breakthrough...

The whole country is prosperous.

"Five-colored horses, Qianjinqiu, Hu'er will exchange for fine wine, and sell the eternal sorrow with you!"

The words fall.

Talent reached its peak.

An avenue to the sky emerged and rushed out from the Feixian Tower.

Li Qingfeng exclaimed: "Enter the Dao!"

"My God, this guy Ye Fan actually entered the Dao, this kid is really against the sky."

Manchu civil and military are all appreciated.

The ancient emperor Qingtian muttered to himself: "A good natural talent must be useful! This son of Ye Fan is truly incomparable!"

Woohoo.

But at this time, countless black qi appeared on the border of the capital, and the evil was gloomy.

"what happened?"

"what is that!"

The civil and military ministers changed their faces and were very angry at the same time.

You must know that this is the capital of the Qingtian Dynasty, and it is also orderly to enter, how can it be so arrogant.

Qingtian Ancient Emperor said: "That's the guys from Xieyue Palace. The third child killed the young palace master of Xieyue Palace. I didn't expect Xieyue Palace to come to the door so quickly."

The third child, of course, refers to the third prince.

Just three days ago, the third prince returned in a daze and told the ancient emperor Qingtian about it.

In fact, you can't blame him.

The young master of the Xieyue Palace was too deceiving, and he was doing a lot of evil, and he got on his head.

In a fit of rage, the third prince beheaded the young master of the Xieyue Palace.

I didn't think anything at first, because the Xieyue Palace is a big force, but it is a grade worse than the Qingtian Dynasty.

But.

The third prince heard that the palace master of Xieyue Palace had already taken that step and became the existence of the opportunity to comprehend the transformation of the gods.

This is terrible.

The Xieyue Palace suddenly became the power of the top forces.

This is an unwritten rule in the hinterland of Xianshan. As long as there is an opportunity to comprehend the existence of God, it is the top power.

The third prince hurried back.

The Qingtian Ancient Emperor didn't care, even if the Xieyue Palace Master took that step, he was not his opponent.

Unexpectedly.

The other party even killed directly to the capital.

What's the meaning?

Is the Xieyue Palace Master's brain convulsing?

In this capital, the Qingtian Ancient Sovereign is confident that even if there are two, three, or even four ancestors, he can handle it alone.

Because, here, he can mobilize the power of the Qingtian Dynasty's luck to the maximum extent. Besides, the most terrifying thing is the dragon veins.

The Qingtian Ancient Emperor paid some price to control the dragon veins, and that was the most terrifying thing.

"Is Palace Master Xieyue here to seek death?"

Li Qingfeng sneered.

But at this moment, a light appeared in the Feixian Tower. It turned out that Ye Fan stepped on the auspicious clouds and walked out.

now.

He is also the reincarnation of the Wenqu Star God, surrounded by evil lights, sacred and inviolable.

Enter!

This is what Ye Fan did not expect.

He hasn't been cultivating Wendo for a long time, and it is reasonable to say that he is still very far away, but a long novel by Li Bai actually allowed him to enter the Dao.

As expected of the realization of Li Taibai.

It's beef!

When he entered the Dao at this moment, Ye Fan felt something. At this moment, he was a scholar.

As for the readers, what they are talking about is righteousness.

Because, the evil spirit of Xieyue Palace made Ye Fan uncomfortable, and even made Ye Fan feel like he was about to get out of the state.

Of course Ye Fan did not agree.

Lao Tzu finally got into the Dao, but you guys are actually here to do things.

To die!

So, this scene appeared.

Ye Fan stepped on the auspicious clouds, strolled in the sky, and walked towards the border of the capital.

His appearance attracted countless eyeballs.

Before the central hall of the palace, Li Qingfeng said, "Ye Fan, what else is he doing!"

"Could it be that Ye Fan wants to treat Palace Master Xie Yue?"

"No way."

"Although Ye Fan is a monster, how can he be an ancestor-level opponent?"

The civil and military ministers shook their heads, feeling that Ye Fan was too arrogant.

Li Qingfeng wanted to say something, but found that the Qingtian Ancient Emperor was motionless, and his heart suddenly became angry.

Gu Huang didn't mean to take action. Could it be that Ye Fan, he, can really deal with the existence of the ancestors?

Li Qingfeng's heart surged.

In the entire capital, countless eyes were focused on Ye Fan, and Ye Fan had already arrived at the border of the capital.

The monstrous evil atmosphere.

In that evil spirit, there are many strong people and some monsters, and the most powerful among them is naturally the Xieyue Palace Master.

"call!"

Princess Xie Yue walked out.

He is a human being, but the practice of cultivating the devil's crooked way has become alienated, and he is neither human nor ghost.

"Who are you? Dare to stop me?"

"Ye Fan, Consort of the Qingtian Dynasty, who are you, no matter who you are, just leave!"

"A mere concubine who is in the middle of the void, dare to block the way of this palace, courting death!"

"Stubborn!"

Ye Fan stopped drinking, his voice like thunder.

Like the sound of the road.

The Xieyue Palace Master was shocked, and only then did he realize that Ye Fan was surrounded by the meaning of the Great Dao.

"Enter!"

The Xieyue Palace Master is incredible.

Immediately, his killing intent became stronger, "Boy, such a monstrous evildoer, it's even more difficult to keep you."

"Qingtian Ancient Emperor, your son killed my son, so now, I behead your son-in-law, it is an appetizer."

The Xieyue Palace Master roared.

Fierce shot, the sky cracked, unstoppable.

"His Majesty!"

Li Qingfeng was shocked.

Qingtian Ancient Emperor was also ready to take action, but he was still a little worried.

However, suddenly, Ye Fan's body exploded with brilliance, and his voice was like thunder.

"Heaven and earth are righteous!"

Five words, the avenue resonates.

The attack of the Xieyue Palace Master shattered in an instant, and at the same time, the endless demonic energy vanished into ashes.

The powerhouses of Xieyue Palace were attacked by Haoran's righteousness, and they all screamed, even the Lord of Xieyue Palace was very uncomfortable.

His eyes were full of horror.

But Ye Fan didn't stop, this is Wen Tianxiang's "Song of Righteousness".

This is the most suitable way to deal with the evil demons.

originally.

Ye Fan's mouth is full of chapters, and he won't have such power, but he is now in the Dao.

in entry state.

This is also the reason why Ye Fan has such confidence, even if Wen Dao's strength can't deal with it, Ye Fan still has the orb given by Empress Qingluan.

Although half of the energy of the orb was consumed, the remaining half was enough to seriously injure the Xieyue Palace Master.

As long as he is seriously injured, Palace Master Xieyue can still escape?

Not to mention that the Qingtian Ancient Emperor will not let him go, Peony can also take action at any time.

Of course.

Peony is not in Ye Fan's body.

Since the transformation, Peony has recovered some memories, and she doesn't know what to do.

anyway.

Ye Fan continued to sing: "Heaven and earth have righteousness, and there are various manifolds. The lower part is the river and the mountain, and the upper part is the sun and the stars. People say Haoran, and Peihu Sai Cangming."

Rumble.

The monstrous aura of righteousness overwhelms the sky and drowns the Xieyue Palace Master.

"what!"

The Xieyue Palace Master screamed.

And the elders of the disciples of the Xieyue Palace that he brought, suffered a devastating blow.

In an instant, he was beheaded seventy or eighty percent.

lost heavily.

The head of the Xieyue Palace was among them, and was attacked by such a terrifying righteousness, and he felt that he was about to disintegrate.

Cultivation methods will collapse.

"what!"

Xieyue Palace Master wailed again, ignoring the elders, tearing apart the void and fleeing frantically.

"Palace Master!"

The surviving elders shouted, were directly criticized, and attacked aggressively. In an instant, the palace lord was beaten and fled.

And the person who hit him was just the consort of the Qingtian Dynasty, just a kid in the middle stage of breaking the emptiness.

This...

The elder immediately stiffened.

dare not move.

They don't have the strength of the Xieyue Palace Master, and they can't escape at all.

Ye Fan was condescending and shouted, "Kneel down in front of the gate of the capital, repent for seven, seven, forty-nine days, disperse the demon attack, and correct the evil."

"As ordered."

The elders didn't dare to have the slightest objection, they knelt down angrily, began to repent, and directly abolished their cultivation.

Ye Fan turned around and returned to Feixianlou.

The capital is silent.

Everyone has not recovered from the scene just now.

That overwhelming and terrifying aura of righteousness is really too sacred and inviolable, slaying demons and evil spirits.

This is the literati!

"call."

Li Qingfeng clenched his fists, let out a breath, his forehead was covered in sweat, he trembled: "I admire this old man!"

The other ministers of civil and military affairs were also completely convinced.

For Ye Fan, there is only respect.

The Qingtian Dynasty has such a concubine, why is it not prosperous.

Qingtian Ancient Emperor thought that Ye Fan was going to use the orb given by Empress Qingluan, but he did not expect that Ye Fan, relying on his awe-inspiring righteousness, would drive away the Lord of Xieyue Palace and make the elder of Xieyue Palace kneel to repent.

Domineering!

evildoer!

There are almost no words to describe it.

"Heaven and earth have righteousness, and there are manifolds."

"The pen of God!"

The Qingtian Ancient Emperor was amazed.

It's unbelievable that Ye Fan can come up with such exquisite poems.

This son, the master who was born to cultivate literary and Taoism!

Li Qingfeng said bitterly: "I used to want to accept Ye Fan as a disciple, but now it seems that I have to ask him for advice."

The Qingtian Ancient Emperor waved his hand and said, "The Xieyue Palace provokes our dynasty, immediately attack it, destroy the Xieyue Palace, announce to the world, and promote the power of my dynasty."

"As ordered!"

Li Qingfeng and other civil and military ministers were ordered to quickly reorganize the army and kill the Xieyue Palace.

Feixian Building.

Ye Fan is back.

Princess Yunxi and Yue Linglong's eyes were full of admiration and admiration.

Their men are really amazing!

Ye Fan was a little embarrassed.

They all borrowed the poems and songs of the great Xia Xianxian. Fortunately, Yue Linglong didn't know much about the poems and songs of the ancient Daxia, otherwise, it must have been revealed...
