

Elegant SS 1341

Chapter 1341: Return to the colorless world

That night, Ye Fan, Yue Linglong and Princess Yunxi were entangled, but the last step was not moved.

Ye Fan still retains his virginity.

As for why?

What should I say, Ye Fan didn't know what to do.

Women are important for the first time, and men are also important for the first time. Are men and women equal?

Ye Fan decided to gather his daughters-in-law together in the future to discuss who should be handed over this time.

The daughters-in-law vote.

Fair and open.

This is the right way.

Ye Fan secretly said that his thoughts were exquisite. The next day, when he opened his eyes, Yue Linglong and Yunxi were still asleep in his arms.

The face of the alluring country and the city made Ye Fan's abdomen throb, and he almost boiled the blood of the beast and gave it to the two girls on the spot.

Fortunately, Ye Fan was strong and held back in time.

After washing up, Ye Fan inquired about the news, and the Qingtian Dynasty was vigorous and resolute, and the Xieyue Palace had been directly destroyed.

Shocked the major forces.

However, what was even more shocking was that Ye Fan's exit became a chapter, and Haoran's righteousness seriously injured the Xieyue Palace Master.

The news has spread.

One person, suppressing the Xieyue Palace, including the opportunity to realize the transformation of the gods, is already the master of the Xieyue Palace at the ancestor level.

How can it not be shocking.

For a time, Ye Fan became the first arrogant in the world of Xianshan.

"hateful!"

In the ancient religion of the Great Wilderness, the young master is unstoppable.

In the same way, the young masters of Wanjian Villa, Demon Demon Sect, and Heavenly Fire Holy Land also had ugly expressions on their faces.

In particular, Leng Jue, the young master of the Holy Land of Heavenly Fire, already knew that this Ye Fan was Ye Fan of the Outer Beidou Sect.

Just a week ago, he arranged for the strong to go to the periphery to destroy the Beidou Sect. However, his subordinates came back and told him that the Beidou Sect had disappeared.

After inquiring about it, I learned that the Snakehead Organization went to the periphery some time ago, destroying many forces.

Beidou Sect and Tongtian Temple moved to the hinterland of Xianshan.

now.

Beidou Sect and Tongtiangong chose an address near the Snake Head Organization and are rushing to build their own sect territory.

Feng Yuanhua and Fairy Yaoguang returned to Beidou Sect.

On this day, Ye Fan brought Yue Linglong over as well, and at the same time, he sent countless resources to Beidou Sect and Tongtiangong.

Now there is a lot of rumors in the hinterland of Xianshan, and both Beidou Sect and Tongtiangong know how powerful Ye Fan is.

They couldn't imagine how Ye Fan had rushed to this point in a short period of time.

It's a godsend indeed!

"Ye Fan, it is really a blessing to have you in the Beidou Sect." The Beidou Sect leader was filled with emotion.

The other peak masters and elders looked at Ye Fan with respect.

In the cultivation world, strength is respected.

If Ye Fan can combat the existence of the ancestors, he is already a top powerhouse.

"Sect Master, I have already contacted Wanbaozhai Lei's family, and some resources will be sent to you. At this stage, the main task of Beidou sect master is to rest and recuperate, and cultivation is the first priority.

"I know that."

"Also, Qi Xianzhi, the cave owner of Xianmo Cave, learned that our Beidou Sect had moved in. Tell me, I hope you will be guests at Xianmo Cave."

The Big Dipper Sect Master smiled bitterly and said, "Back then, our Big Dipper Cult was not inferior to the Immortal Demon Cave, but now there is no comparison. Qi Xianzhi is already at the level of the ancestors, and I haven't taken that step yet."

Ye Fan said: "It will always come!"

"By the way, the leader, the creation scriptures..."

When Ye Fan came to the hinterland of Xianshan, the leader of Beidou lent all the three good fortune scriptures to Ye Fan, so that Ye Fan had some trump cards.

now...

In fact, Ye Fan didn't want to return it, because the scriptures of creation were of great use to him.

But you have to speak up.

The Beidou sect master also knew it well, and said with a smile: "You keep it, the scriptures of good fortune should be helpful to you. At this stage, the Beidou religion will not have any trouble, and there is no need for the scriptures of good fortune."

"Thank you, Master."

Ye Fan didn't stay too long, he brought Yue Linglong to Tongtian Palace and chatted with the palace master Qingluo for a while.

Subsequently.

Ye Fan suggested: "Palace Master, I want to go to the colorless world again."

Qingluo was a little surprised: "Why, there is still a baby you care about in the colorless world?"

Ye Fan said: "That's not true, it's just that the multi-eyed beast just beat me so badly. This man is very vengeful and is going to go in and fix him, or just kill him directly."

Qingluo said: "The entry of the powerful realm of breaking the void will make the colorless world unstable, and it will collapse at any time. This is very dangerous, you have to understand."

"I can use the Huntian Furnace to stabilize the colorless world, but there is only a quarter of an hour, can you solve it?"

"Try it."

Qingluo nodded, "Since you insist, then I will fulfill you, be careful."

Rumble.

Hundred days furnace recovery.

Qingluo and some elders joined forces to stabilize the Colorless Realm by using the Huntian Furnace.

"Brother Fan, be careful."

"I have my measure."

Ye Fan plunged into the door.

Coming to the vast white world, this time, Ye Fan went on a rampage, ignoring the attacks of those spirit bodies. To him, it was irrelevant and could not hurt him at all.

He only had a quarter of an hour.

There must be a race against time.

There must be treasures in the colorless world, definitely not just a guy with multi-eyed monsters.

There must be others.

This is Ye Fan's intuition.

In five minutes, he once again killed the multi-eyed monster's lair, and at the same time the multi-eyed monster also recovered.

"So familiar atmosphere..."

A sharp, hoarse voice resounded throughout the world, and then, the multi-eyed monster roared: "It's you!"

"You **** human!"

"The last time I plotted against me, I robbed so much of the source of my physique in my body!"

"Ahhh!"

"You deserve to die! Sin deserves death!"

"Human, you dare to come in, you are really bold, and you are looking for your own death..."

"Okay!" Ye Fan scolded, "Don't be rude, and don't look at what state I am now."

"Um?!"

The countless eyes of the multi-eyed beast flashed with shock: "Middle stage of breaking the void! How is it possible! It's only been so long, how did you rush to this point!"

"I know!"

"Boy, you use the medicinal pill to forcibly improve, hahaha, it's really stupid, this is the foundation of self-confidence."

Ye Fan ignored these and asked, "I'll come in and make a deal with you."

"Oh? Trading?"

"You are trapped here and cannot leave, this is your cage. Don't you want to see the beautiful scenery outside!"

"What do you mean!"

The multi-eyed monster was excited.

How much he wanted to get out of this cage, how much he wanted to go outside and have a look, but he couldn't!

"Tell me, what secret treasures exist in this small world, and in exchange, I can take you away!"

"Hahaha, you think I'm a fool, this is an unrealistic deal."

"Why?"

"I have merged with the origin of this world, I am this world, unless I refine the whole world, so that I can be free. Other than that, there is no other way!"

Ye Fan was thoughtful.

It does make sense.

"You really don't tell me what secret treasures exist in this world?"

"Little devil, do you want to know?"

"Let's talk about the conditions."

"Well, hehe, I can tell you, but I want you to prepare a trillion humans for me and make me blood food."

"What did you say? You're going to devour a trillion humans?"

"That's right!"

The multi-eyed monster licked his lips, extremely greedy, "Among the countless creatures, humans are the most delicious."

"stupid guy!"

Ye Fan was too lazy to talk nonsense, he didn't have much time, so he shot immediately.

hum!

The Heavenly Tyrant Body was developed to the extreme, and at the same time, it rushed out from the scriptures of good fortune and hovered above Ye Fan's head.

"Beidou Good Fortune Fist!"

Rumble.

This punch seemed to hit seven stars, and it was magnificent and unstoppable.

How terrible is this blow.

The multi-eyed beast was horrified and shouted: "How is it possible, how can you have such terrifying combat power."

He is only the strength of breaking the peak.

But Ye Fan, now he can deal with the peak of Po Xu, this is Ye Fan's confidence and confidence.

"puff!"

With this punch, the multi-eyed beast smashed into his old nest, and the entire nest collapsed directly. ,

"Ah, kid, I want you to die!"

"Stubborn!"

Ye Fan's face was stern and expressionless, and he shot out brazenly.

Not verbose at all.

The multi-eyed demon beast was beaten extremely miserably, and there was no way to fight back. In the end, Ye Fan punched him through his body.

Countless eyes exploded.

"Ah ah ah..."

The multi-eyed beast screamed and wailed, and was seriously injured and dying. At this moment, he was extremely frightened.

"Brother, stop!"

"Bang!"

Ye Fan slashed his body with a palm. Of course, this would not kill the multi-eyed beast.

The vitality of Warcraft is very tenacious, not to mention the existence of the peak level of breaking the void.

"Are you honest now?"

Ye Fan sneered.

The multi-eyed beast said in horror: "Why are you so strong, you didn't swallow the medicine pill to forcibly improve, you are really soaring into the sky."

"You're talking nonsense again."

Ye Fan punched again, bursting thousands of eyes of the multi-eyed beast.

The multi-eyed beast wailed and rolled.

"I want to know what you know very well. If you dare to say nonsense again, I will send you on your way now."

"I say..."

The multi-eyed beast trembled and said weakly: "There is indeed a secret treasure in this world, but I don't know what it is, and I can't get it."

"where?"

"Of course in the origin of this world."

"Open the door!"

Since the multi-eyed Warcraft has integrated the origin of this world, it can naturally open the portal of the origin at will.

Ye Fan's tone was beyond doubt.

At the same time, the Heaven-Opening Axe appeared in his hand, and the sharp breath made the multi-eyed beast terrified.

"Wow!"

The multi-eyed monster opened the portal of the source land and said, "Go in."

"Together!"

Ye Fan would not be so careless.

He cast the Yin-Yang Lock, locked the flesh of the multi-eyed beast, and then used the Great Sealing Technique to seal the whole.

Not surprisingly, the multi-eyed beast couldn't jump up.

He grabbed the multi-eyed beast and entered the portal, came to the place of origin, and saw the origin of the world.

And in the source, some light is flickering.

"Look, I'm right, it's in the source. But I remind you that the power of the source is terrible, you have to be careful."

"The Great Entanglement Technique."

Ye Fan used his magical powers, and the multi-eyed beast felt that his body was out of control, and he was manipulated by Ye Fan to enter the vortex of origin.

next second.

The multi-eyed monster roared.

All the restraints exploded, and he regained his freedom. At the same time, he was immersed in the power of the source, and his injuries were being repaired.

"Humans are really stupid. Now that you know that I have merged with the source, you dare to send me into the vortex of the source. I'm like a duck to water. Now that I mobilize the power of the source, where are you my opponent."

"Listen to me, obediently throw out the secret treasure, I can spare you, otherwise, you will really bid farewell to this world."

Ye Fan said it calmly.

Inexplicably, the multi-eyed demon beasts were horrified, but he could not imagine that Ye Fan would have any chance to turn the tables.

In the land of origin, he is the master.

"bluff!"

The multi-eyed monster thunder roared, controlling the power of the source, attacking and killing Ye Fan.

"Unfortunately, you made a wrong choice."

Ye Fan sighed.

He put away the opening axe, took out the supreme dagger, and in an instant, the forbidden power of soul burial spread out.

In an instant.

The multi-eyed monster trembled.

He hurriedly canceled the attack and shouted, "Brother Dao, you have something to say!"

"what!"

But it was too late.

Forbidden forces have invaded.

The eye-catching demon emperor screamed in an instant, kept begging for mercy, and threw the secret treasure out.

Ye Fan grabbed the secret treasure.

This is what allows the Supreme Dagger to absorb the forbidden power back.

The multi-eyed beast gasped for breath and was extremely frightened, "What kind of power is this, so terrifying, it will destroy my spiritual soul!"

"Who told you to be dishonest!"

Ye Fan snorted coldly.

His eyes fell on the secret treasure and found that it looked like a scroll of scriptures.

For the first time, Ye Fan associates the scriptures of creation.

However, if the three fortune-telling scriptures in his body did not resonate, that meant it was not.

"What scriptures!"

Ye Fan runs the yin and yang eyes, but unfortunately, he can't see through.

It is impossible to read through the scriptures at all.

"What a great scripture."

Ye Fan clicked his tongue, he could even see the contents on the leftover pages of the Book of Fortune and the Book of the Earth.

However, he couldn't see anything in the book of scriptures in front of him.

This shows that it must be a precious treasure.

Ye Fan said: "Only this treasure?"

"That's right."

The multi-eyed monster answered.

At the same time, he reminded: "If you want to take the scriptures away, it is very difficult, and even backlash."

"Is there such a thing?"

Ye Fan tried it.

When he was about to leave the land of origin, the scriptures trembled, and the power radiated was extraordinarily magnificent, which bounced him away.

"It's amazing."

Ye Fan returned and grabbed the scriptures again.

He looked at the multi-eyed beast and said, "Take out the source of your fusion."

"what?"

"Be willing, if you want to leave this cage, you must first abandon this cage. Otherwise, you will be a prisoner forever, understand!"

"You choose!"

Ye Fan's voice was cold, mixed with a hint of persecution.

The multi-eyed beast struggled for a while, and finally gave up all resistance and sighed: "I can cut off the connection with the source, but you must take me out of this cage."

Ye Fan said: "Yes, I will try my best."

Chapter 1342: dragon veins

The multi-eyed Warcraft handed over the fusion source core, and at the same time erased the spiritual brand and cut off the connection.

"puff!"

This is a great harm to him.

However, for freedom, everything is worth it.

Ye Fan got the source core.

The multi-eyed monster said: "Do you want to merge, in that case, you will also be imprisoned in this cage."

"you are wrong."

The corners of Ye Fan's mouth rose, directly refining the core of the source.

The dazzling Demon Emperor's face was unbelievable.

"This is the second world origin core that I refined. Before that, I already controlled a small world."

"what!"

The multi-eyed monster screamed.

Ye Fan was right, he took control of the heavenly world a long time ago, and at that time he refined the core of the source, and he did not become a prisoner.

Master a world, how can you be trapped by the world?

This is impossible.

The reason why the multi-eyed Warcraft cannot leave the colorless world is not because of refining the source core, but because of other factors.

"You lied to me!"

At this moment, the multi-eyed beast reacted, its eyes were split, and it roared again and again.

Ye Fan shouted: "Calm! I promised to get you out, and I will naturally try my best. Now that I have control of the colorless world, you can still resist me! Do you want to die!"

boom!

The multi-eyed beast trembled, and immediately knelt down.

He knew that he had lost a crushing defeat, and now, he could only survive by surrendering to Ye Fan.

"Leave!"

With a wave of Ye Fan's hand, the multi-eyed monster left the land of origin.

As for Ye Fan, he entered the vortex of origin, and he was about to start practicing.

Such a huge source of power can completely help him break through.

Now, he has controlled the colorless world, and there is no time limit.

only.

Ye Fan finally felt the existence of the colorless world, because the core of the academy in the colorless world is very weak.

Rumble.

The power of the source was madly absorbed by Ye Fan, nourishing his body, and the heavenly hegemony body fully recovered.

The whole place of origin is shaking.

Even the Formless Realm is the same.

The multi-eyed beast is unwilling, but now he can only pin all his hopes on Ye Fan.

A quarter of an hour has passed.

outside world.

Yue Linglong was very worried when Ye Fan didn't come out for a long time, "Palace Master, has something changed?"

Qingluo's face was solemn.

She said: "The colorless world has not collapsed and is relatively stable, so don't worry."

"But..."

"Trust Ye Fan, he is the dragon among men. As his wife, don't you believe him?"

Yue Linglong blushed.

Qingluo smiled and said: "I have a hunch that Ye Fan may have some good fortune. Alas, the colorless world, we have studied the Tongtian Palace for so many years, and in the end, Ye Fan has been cheapened in vain, really!"

Yue Linglong comforted: "Palace Master, relax, Brother Fan will repay any kindness. If he is truly blessed in the Colorless Realm, he will report to you more in the future."

Qingluo nodded, "There is no need to doubt Ye Fan's character."

now.

In the source of the colorless world, Ye Fan has reached a critical point.

The aura of the heavenly hegemony body has climbed to the extreme, and it seems that he is making the final breakthrough.

"hold head high!"

At a certain moment, Ye Fan let out a dragon roar.

next second.

The terrifying qi and blood burst out, washed out from the source land, and directly knocked the multi-eyed beasts outside.

"Damn, it's so scary!"

The Dazzling Demon King was shocked.

In the vortex of origin, Ye Fan kept screaming, and finally, he broke through the hurdle of level 70.

at the same time.

His realm has also rushed to the late stage of breaking the void.

"not enough!"

"Rush me!"

Ye Fan is in a hurry, and the sky is also rising.

Seventy-one!

Seventy-two!

Seventy-three!

Seventy-fourth grade!

Suddenly, Ye Fan was shocked and stopped quickly, because he found that the colorless world was a little unstable.

"The origin of the colorless world is too weak to continue to absorb it. A small world is very rare, and I can't make it collapse. That is really a big sin."

Ye Fan stepped out of the vortex of origin.

Smaller than before.

"Strange scriptures, just put them here, I will definitely figure it out in the future."

Ye Fan left the place of origin.

Seeing Ye Fan, the Dazzling Demon Emperor couldn't help trembling all over.

"Are you human? How come you look more like a monster than me! Your fleshly body is so simple!"

Indeed, Ye Fan's body is really terrifying now.

Seventy-fourth level, now he is very confident that he can kill the dazzling demon emperor with one punch.

Coupled with the realm of the late stage of breaking the virtual.

Ye Fan is very inflated, and he feels that he should be able to really compete with the ancestors.

He has truly entered the ranks of the top powerhouses in the Xianshan world.

readily!

Ye Fan said: "Let's go, I'll see if I can take you out."

The dazzling Demon King is overjoyed.

Before controlling the world of heaven, Ye Fan could open the gate of heaven, but now he controls the colorless world, Ye Fan found that he could not open the world portal at will, and could only enter and exit from the fixed vortex portal inside Tongtian Palace.

This is somewhat unusual.

When he came to choose us, the dazzling demon emperor was a little nervous. In fact, he came here countless times and wanted to go out, but he was attacked by a terrible force.

"Emperor Ye, you have to protect me, I may be attacked by some mysterious force in the colorless world."

"Yes?"

Ye Fan was thoughtful.

"Let's go."

One man and one beast moved.

Ye Fan easily crossed the vortex portal. Indeed, as Ye Fan thought, there was no problem at all.

"Brother Fan."

Yue Linglong finally felt at ease when she saw that Ye Fan was safe and sound.

Ye Fan's attention was all on the multi-eyed demon emperor, and he only saw that at the moment when he was about to cross the portal.

The mysterious power came and bombarded the multi-eyed demon emperor. That power made Ye Fan very terrified, and it could completely obliterate the peak of the void.

Even for the existence of the ancestor level, there is a huge blow.

"withdraw."

Ye Fan manipulated the power of the world and moved the multi-eyed demon emperor away.

The multi-eyed demon emperor was desperate.

At this moment, Ye Fan entered the colorless world again, "Great puppet technique."

He only made a puppet that was exactly the same as the multi-eyed demon emperor, and then said: "Split out a ray of your spiritual consciousness and inject it into the puppet."

"This is..."

"Fake the real!"

Ye Fan's words rekindled hope for the multi-eyed demon emperor.

He separated a part of his spiritual consciousness, and the puppet came alive. Then, Ye Fan took him and the puppet to try to cross again.

Rumble.

In the colorless world, countless creatures rushed over and watched from a distance, as if to see if a miracle would happen.

"Ye Huang, even if it doesn't work, I don't blame you anymore, thank you!"

"Um."

Ye Fan responded.

Rumble.

Sure enough, the mysterious power came again, and in an instant, the puppet was obliterated.

At the moment of the obliteration, Ye Fan roared, "It's now, seize the opportunity!"

The multi-eyed demon emperor is crazy, extremely crazy, and seems to risk his life...

Half of his body rushed out of the vortex portal.

The watching creatures cheered.

"go!"

Ye Fan helped behind, and the multi-eyed demon emperor finally got his wish and left the colorless world.

"boom!"

Shocking cheers.

The world boils.

Countless creatures jumped, and at the same time, knelt down toward Ye Fan.

"Owner!"

These creatures regarded Ye Fan as their master.

Ye Fan said with a smile: "Practice hard, I will help send the strong ones out, and the weak ones don't go out. The outside is equally cruel. Going out is courting death, understand."

"As ordered!"

At this moment, the colorless world has united as one, that is, to cultivate hard, to be selected by the master as soon as possible, and to leave this cage.

Ye Fan came out.

The faces of everyone in Tongtian Palace and Yue Linglong were full of disbelief.

The creatures of the colorless world came out.

Evan did it!

Qingluo said, "Ye Fan, what's going on here?"

Ye Fan didn't hide everything that happened in the colorless world. After all, the colorless world belonged to the Tongtian Palace. He had benefited from it. If he concealed it again, it would be too unkind.

After listening, Qingluo frowned.

Ye Fan embarrassed: "Palace Master, the colorless world is really not very useful to me. To be honest, I control a small world myself."

"what!"

Everyone in Tongtong Tiangong was shocked.

Ye Fan thought for a while and simply took out the source core. At this time, Qingluo said, "Forget it, don't give it to me."

"I control the colorless world, and it's useless. As for the scriptures, I can't take it out, let alone understand it. For now, it's up to you to control it. In the future, if you don't need it, just give it to me."

"Also."

Ye Fan didn't twist, he was generous.

The multi-eyed demon emperor said: "Ye Huang, great kindness and great virtue, I will never forget it, so I... withdraw now?"

Ye Fan nodded: "Go, but don't be too arrogant, there are many other ancestors who can easily kill you like a demon emperor in the outside world."

"understand."

The multi-eyed demon emperor couldn't wait to leave, wanting to see the magnificent world outside.

After the trip to Tongtian Palace ended, Ye Fan returned to the capital of the Qingtian Dynasty.

This trip, the harvest is not small.

Control the colorless world, and at the same time, he has made a big breakthrough.

However, Ye Fan still felt a little unfinished. If he had enough energy, he could rush to level seventy-nine.

At that time, it was a big gap from level seventy-four.

"correct."

Ye Fan's eyes lit up.

Feixianlou, Princess Yunxi had been waiting for a long time. Seeing Ye Fan and Yue Linglong coming back, she quickly asked, "Brother Fan, are you all done?"

"It's well arranged. I will take you to Beidou Sect and Tongtian Palace to play in the future. Now, Yunxi, you need to help me with one thing."

"what?"

"I'm going to Dragon Vein to practice."

"Ah?" Princess Yunxi was stunned for a while, and then said: "It's not impossible, but it's a little troublesome."

"Then forget it."

"No no no, Brother Fan, you wait for my news, I need to make arrangements. The dragon vein is a forbidden area, and I can't trespass without authorization, but for you, I can give it a try."

After Princess Yunxi finished speaking, she left.

Yue Linglong said angrily: "Brother Fan, you really are using Yunxi."

Ye Fan said: "It's not to use it. The ancient emperor of Qingtian is plotting against me, and I have to win it back. Use the dragon veins of the Qingtian Dynasty to cultivate, and this will be even."

"Brother Fan, you really don't suffer at all."

"of course!"

...

That evening, Princess Yunxi came back and said that everything was arranged.

Late at night.

Princess Yunxi sneaked into the palace with Ye Fan quietly.

It stands to reason that the dragon veins are underground, the palace is in the sky, and the eight poles cannot be hit.

But Princess Yunxi told Ye Fan that if you want to go to the underground dragon vein, you must go through the portal inside the palace.

It doesn't mean that you can go to the dragon veins by digging the ground.

If it were that simple, the dragon veins would have been stolen long ago.

Ye Fan thought about it, and it was the same.

Unhindered all the way.

Princess Yunxi had two brushes, and finally, when she came to the forbidden area of the palace, Princess Yunxi actually took out the secret key.

"Where did you get this key from?"

"Stolen."

"Steeled from your father's emperor?" Ye Fan clicked his tongue, wondering if Qingtian Ancient Emperor would be furious when he found out.

Princess Yunxi was not afraid at all.

Entering the forbidden area, Ye Fan finally saw the teleportation formation to the dragon veins.

After the world turned around, Ye Fan suddenly became enlightened.

In a trance.

Ye Fan heard the dragon roar.

A sense of awe swept over.

Heaven and earth have been awe-inspiring since time immemorial.

In particular, the Great Emperor gave birth to all living beings, and the dragon veins were the essence of the earth.

There are also rumors that the dragon vein is the arm of the Mother Earth.

Facing the light, Ye Fan and Princess Yunxi walked forward, and the aura became more and more dense. Finally, the aura liquefied into spiritual liquid and floated in the air.

Really incredible.

"Look!"

Princess Yunxi pointed to the front.

Finally, Ye Fan saw that the dragon veins were really majestic, exuding infinite life force.

It really seems like a crystal clear dragon is entrenched on the earth, and it seems to flow the source of life, the infinite luck, the power of creation...

indescribable.

The first time Ye Fan saw the dragon veins, he was really shocked. At the same time, his body began to tremble, and there was a thirst that seemed to need the power of the dragon veins.

at the same time.

The dragon veins seemed to be affected, and they trembled.

This accident.

Princess Yunxi was shocked.

As we all know, the dragon pulse cannot move, and once the dragon pulses, there is a great omen.

"What's going on!"

Princess Yunxi cried out in fright.

"How can the dragon veins move? It's over, it's really over. Brother Fan, what should I do!"

"Don't be afraid, I'm here!"

Ye Fan thought about it, then understood why, and remembered that at the beginning, the body was fused with the soil.

Soil, that is the mother of the earth, the most essential soil.

And the dragon veins are also nurtured by the earth, which is comparable to the ultimate essence of the soil.

Therefore, Ye Fan's body will resonate with the dragon veins, and the dragon veins will be touched.

Having figured this out, Ye Fan let out a long sigh of relief and comforted: "Yunxi, don't be afraid, this is because I resonate with the dragon veins. To a certain extent, I am the chosen son of the Qingtian Dynasty. The existence that brings you good luck!"

"Really?"

Yunxi's big eyes shone brightly.

But the two of them didn't know that at this moment, the outside was already a mess.

The ancient emperor Qingtian really favored his concubine.

However, the dragon pulsed, causing the entire palace to seem to be crumbling, and the whole country seemed to have had a major earthquake.

Even spread to the entire Qingtian Dynasty.

The Qingtian Ancient Emperor was shocked, and at the same time, the Minister of Civil and Military Affairs immediately left his mansion and flew towards the palace.

Chapter 1343: Emperor's Fury

"His Majesty!"

Li Qingfeng and other ministers rushed to the palace in panic, and the ancient emperor Qingtian rushed out of the palace.

"Your Majesty, what happened? Could it be that the dragon veins have changed!"

"It is indeed a dragon vein!"

Qingtian Ancient Emperor's face was heavy.

Changes in the dragon veins, this is a big event that shakes the foundation of the dynasty.

If in his hands, the dynasty suffered a disaster, then he would be ashamed of his ancestors.

At this moment, the Qingtian Ancient Emperor was very nervous.

Li Qingfeng said: "Your Majesty, first go look at the dragon veins and find out what's going on. The dragon veins won't move easily, either due to external forces or a premonition of disaster. But I am prosperous and prosperous, so there shouldn't be any. What a disaster."

"You mean, artificial?"

Qingtian Ancient Emperor frowned, he brought his ministers to the forbidden area to open the door, but found that the key was missing.

"Oops!"

The Qingtian Ancient Emperor was shocked.

The secret key disappeared, and it was indeed man-made. Someone sneaked into the land of the dragon veins.

Damn it!

Qingtian Ancient Emperor's mind rotated and analyzed this, and he was most certain about Princess Yunxi.

"This **** girl!"

"It's just bullshit!"

The Qingtian Ancient Emperor angrily rebuked.

Li Qingfeng also understood and guessed: "It must be Ye Fan, that kid bewitched the little princess to steal the secret key into the land of the dragon veins. Your Majesty, don't worry too much for the time being. Ye Fan doesn't destroy the dragon veins, he must use the energy of the dragon veins. Come to practice. That kid, you won't eat at all."

The complexion of Qingtian Ancient Emperor changed.

Indeed, he calculated Ye Fan, and now Ye Fan sneaked into the land of the dragon veins to practice, which is a counterattack.

But.

Qingtian Ancient Emperor did not allow it.

The relationship between the dragon veins is too big, and there can be no mistakes.

That kid Ye Fan is very enchanting, if he cultivates, who knows how much dragon vein energy he will have to swallow.

The power generated by a dragon vein is not endless, but has a certain limit.

Ye Fan's swallowing too much must have an impact.

only.

It is not easy to enter the land of dragon veins. For the sake of security, all dynasties need a key to enter.

Besides, there is another way.

Qingtian Ancient Emperor sullenly, tearing apart the void, grabbed an altar from the forbidden area behind the palace.

at the same time.

Some old monsters of the royal family who were cultivating in the forbidden area of the back mountain came one after another. Among them, there was the royal family elder who invited Ye Fan to the capital.

No one said much.

With the ancient emperor as the core, the old monster of the royal family performed the blood sacrifice technique.

"boom!"

In an instant, a towering voice emerged, and the rich majesty swept the world.

Li Qingfeng and other ministers knelt down and bowed.

"See the ancestor!"

That's right, the phantom that appeared was the founder and ancestor of the Qingtian Dynasty.

At this moment, Qing Tiangu shouted: "Open the Dragon Gate!"

He stretched out his hand and touched the dragon gate. At the same time, the ancestor phantom also acted like this.

Rumble.

Finally, the indestructible gantry trembled, and then slowly opened.

Swish!

The Qingtian Ancient Emperor rushed in like lightning.

At this moment, in the land of dragon veins, something magical happened, Ye Fan stepped into the dragon vein.

Princess Yunxi's eyes widened in disbelief.

She knows that the dragon veins are very pure and do not allow any impurities to be infested. Even his father and emperor can only approach the dragon veins, and it is impossible to enter the dragon veins.

If you forcibly enter, you will be injured by the dragon veins, and the dragon veins will also be injured.

But now...

Ye Fan entered the dragon vein calmly, and was not repelled. Even Princess Yunxi felt that the dragon vein seemed to be cheering, like a child, seeing his mother.

The dragon pulse trembled more obviously and more violently, as if it was about to come alive.

"Yunxi!"

At this moment, the ancient emperor of Qingtian came.

"Ah, Father, why are you here!"

"Bullshit!"

Qingtian Ancient Emperor reprimanded.

Princess Yunxi was so frightened that she was about to cry, she was speechless, and lowered her head.

"Where's Ye Fan!"

"Brother Fan is here, in the dragon vein!"

"what!"

Qingtian's ancient eyeballs are about to pop out.

Although it is impossible to see through, it can be vaguely found that there are some vague outlines in the dragon veins.

It must be Ye Fan!

How is it possible, how could Ye Fan enter the Dragon Vein, and how did he do it!

At this time, Li Qingfeng and other ministers, the old monsters of the royal family all arrived.

Knowing that Ye Fan entered the dragon vein, they were all stunned, unbelievable, like hell.

"Xiao Yunxi, you made a big mistake, the dragon vein is the foundation of the country, how can you bring outsiders here!"

"Woooooo."

Princess Yunxi cried out with a wow.

The Qingtian Ancient Emperor was really mad, but it was useless to teach Yunxi a lesson now.

He stared at the dragon veins and shouted: "Ye Fan, come out immediately, otherwise, don't blame me for being rude!"

"Evan!"

"come out!"

The Qingtian Ancient Emperor kept warning.

However, there was no response at all. In fact, the dragon veins can't hear at all now, and can't even see everything outside.

His whole person was wrapped by the power of dragon veins, so comfortable and fluttering.

Beside him, some little white dragons wandered, these are the little white dragons condensed by the power of dragon veins.

Like a fish, very happy.

At the same time, his body is also absorbing the little white dragon to nourish his flesh and blood.

Ye Fan clearly felt that his physical strength was increasing.

at the same time.

Xiyong also recovered.

That's right, back then, the soil was used to fill the flesh. In fact, there were still some hidden in the flesh and blood that were not consumed.

At this moment, the recovery is really such a breath of soil, which makes the dragon veins rejoice.

Relying on the soil, Ye Fan is like a fish, following the little white dragon swimming in the dragon veins, swimming, getting farther and farther...

Outside.

The Qingtian Ancient Emperor was furious.

He didn't know that Ye Fan couldn't hear, but thought that Ye Fan ignored it.

This is completely ignoring him!

bastard!

hateful!

However, Li Qingfeng suddenly said: "Your Majesty, you should calm down first. Take a closer look at the dragon's veins. Have you noticed that the dragon's veins are not weakening, but are strengthening."

"Um?"

The Qingtian Ancient Emperor was shocked.

Li Qingfeng's words shocked everyone and began to observe the dragon veins comprehensively.

This observation is not a minute or two, but a full three hours. Sure enough, the breath of the dragon veins has indeed increased.

As the lord of the country, the Qingtian Ancient Emperor clearly felt it.

Li Qingfeng smiled and said, "Your Majesty, Ye Fan has entered the dragon vein, and there is no obstruction. Perhaps, this is the choice of the dragon vein. It is precisely because of this that the dragon vein has been strengthened. This is a sign of the greatness of our dynasty!"

"Yes, Your Majesty, the omen of great prosperity!"

Other civil and military ministers agreed.

The old monster of the royal family also breathed a sigh of relief, the dragon veins are all right, that's good!

But.

Having said that, the Qingtian Ancient Emperor was still very nervous in his heart.

As for the dragon veins of his own family, he was shut out of the door, and outsiders could enter.

It's like, your daughter-in-law was put to sleep by someone else.

damn it!

The Qingtian Ancient Emperor was very aggrieved.

But there is no way, Longmai's own choice.

It is true that he can also take Ye Fanju out, which can be done, but it needs to pay some price, and at the same time, it will also hurt the dragon veins.

After thinking about it, the Qingtian Ancient Emperor finally chose to give up, and he turned back to stare at Princess Yunxi.

But at this moment, Princess Yunxi is very tough.

I thought that Ye Fan's entry into the dragon's vein was a big deal, but now I find that the dragon's vein has been strengthened because of Ye Fan, so what is she afraid of? Not only is she not wrong, but she is a hero.

"Grandparents, grandparents and ancestors, look at me, I have made a great contribution and contributed to the dragon vein for me. This is a great achievement. It seems that my father will punish me. You judge, is this fair!"

"Damn girl, you are still stubborn!"

The ancient emperor Qingtian was terribly angry, this girl did not admit her mistake, and now she is still in high spirits.

However, the old monsters of the royal family agreed with Yunxi's words very much. In fact, they also loved Yunxi very much.

"Your Majesty, Xiao Yunxi is right. Even if she is not considered meritorious, she cannot be convicted or punished."

"Will you make up for it? Let it go."

The old monsters are all standing on Yunxi's side.

Princess Yunxi held her head up and said proudly, "Father, look at this, this is how to get more help, I will take care of you!"

"It's not an example!"

Qingtian Gu Duan drank, and immediately waved his hand.

The old monsters and ministers all left, leaving only Princess Yunxi and Li Qingfeng.

"That kid Ye Fan, when will you come out, can't you be addicted?"

The Qingtian Ancient Emperor complained.

At this moment.

Ye Fan has reached a critical juncture, and his body has become too powerful.

While the whole human treasure is solemn and solemn, it is full of sacred and inviolable aura.

His body is too perfect.

The power of the dragon veins not only nourishes his body, but also shapes his body, making him flawless and without a single flaw.

at the same time.

Heaven's hegemony is also improving, there is no doubt about this.

An hour later, Ye Fan opened his eyes and shouted, "It's level 79!"

Rumble.

The blood was monstrous, flushed out.

The dragon veins are jubilant, it seems that the power of qi and blood is very useful to it, and the dragon veins are strengthened.

The Qingtian Ancient Emperor was stunned.

Before the enhancement of the dragon veins, it was still a little untraceable. At this moment, it is different, and the enhancement is clearly seen.

vaguely.

They heard the sound of the dragon's roar in Gaokeng, which was the happiness of the dragon veins.

Dragon veins are spiritual.

There is no doubt about that.

It is rumored that some powerful ancient dragon veins will give birth to spiritual wisdom, and can even travel freely in the earth.

"Cool!"

Ye Fan was very excited.

The purpose of the 79th-level Celestial Hegemony Body was completed, and at the same time, the body was reshaped again and it was perfect.

"I have a lot of life, and the dragon veins have no repulsive force with me. It seems that I have to find the dragon veins to practice in the future. Other resources should not be of much use to me."

"Look for the dragon veins!"

Ye Fan has a headache. Dragon veins are too rare and precious to be found.

In the hinterland of Xianshan, not all forces have dragon veins, only the Qingtian Dynasty, a great power with a long history, has dragon veins.

For example, the Evil Moon Palace, there is no such thing.

As for the Taisu Gate on the outside, there is no such thing.

Even the Beidou religion...

This Ye Fan is not clear, the Big Dipper Sect used to be very strong in the hinterland of Xianshan, and there should be dragon veins.

Is the dragon vein lost?

"Go back tomorrow and ask the sect master."

Ye Fan reluctantly walked out of the dragon vein.

I saw the ancient emperor Qingtian and Princess Li Qingfeng Yunxi.

"Boy, you are willing to come out!"

The Qingtian Ancient Emperor drank coldly and punched him.

Facing the fierce punch, Ye Fan smiled, calmly, punched each other.

have equal shares.

Qing Tiangu's face sank. Although he wasn't a genius just now, he used 60-70% of his skill.

Ye Fan was able to follow easily.

"It seems that you have gained a lot."

"It's just luck."

Ye Fan looked back at the dragon veins, sent out a spiritual awareness, and comforted them. Gradually, the dragon veins calmed down, entrenched on the ground, as if sleeping.

"To appease the dragon veins, you still have such means!" Qingtian Ancient Emperor and Li Qingfeng were alarmed again.

"how did you do that?"

"Not to be said."

Ye Fan landed and asked: "Your Majesty, Prime Minister, you can know where there are dragon veins to grab. I want to grab a dragon vein to practice, and I always use your dragon vein. I'm embarrassed."

Ancient Emperor Qingtian and Li Qingfeng twitched.

Grab the dragon veins to practice?

This is what one should say!

What a joke.

Qingtian Ancient Emperor and Li Qingfeng ignored them and threw Ye Fan and Princess Yunxi out.

"Really, don't say it, why are you so rude." Ye Fan complained outside the palace.

"Brother Fan, you're cheap and good-natured, hmph, I almost got punished, scaring me to death."

"Go to Feixianlou and have a good sleep tonight."

"real?"

"Never tell lies."

Chapter 1344: small dragon veins

That night, Princess Ye Fan Yunxi was lingering, but she didn't make the last step.

After Yue Linglong found out, she was envious and claimed that Ye Fan would accompany her to sleep tonight.

In this regard, Ye Fan said that they can be together.

Having said that, since cultivating in the dragon veins last night, Ye Fan has not finished his mind.

He also felt that because his fleshly body was integrated with the soil, it was the most beneficial to use the dragon veins to cultivate.

is the most perfect.

For him, the dragon vein is simply the most perfect resource.

The effect of other resources is not as good as mine, and at the same time, there will be impurities.

The dragon veins have no impurities.

Ye Fan came to the Beidou Sect, found the leader, and asked him about the dragon veins of the Beidou Sect.

The Big Dipper Sect Master sighed: "I know that one day you will ask about the dragon veins, because, for a genius like you, the dragon veins are the biggest resource. I just didn't expect it to be so fast."

"As for the dragon veins of our Beidou Sect, there are indeed, but..."

"Just what?"

"Let's put it this way, according to the ancient records of our Beidou Sect, at that time, the Beidou Sect was still in the hinterland of Xianshan, and we had two dragon veins."

"Two?"

Ye Fan was shocked.

One dragon vein is rare, and the Beidou Sect has two.

The Big Dipper Sect Master said, "Because of this, the Big Dipper Religion is at its peak and is extremely powerful. However, for some unknown reason, there was a change, and one of the dragon veins flew away."

"What, flew away?"

"Yes, the ancient records are like this, the dragon veins were psychic and flew away. This has caused the Beidou Sect's luck to decline a lot, but there is still a small dragon vein, which is enough to maintain."

"It's just good luck. After the big dragon's veins flew away, something happened to the dragon's veins. The small dragon's veins are declining day by day, and there is a posture of complete death. In order to save the small dragon's veins, the sect master at that time, together with the entire Beidou Sect, used the great supernatural powers to destroy the small dragon's veins. The dragon veins are sealed."

"However, I don't know where it was sealed. After the small dragon veins were sealed, the Beidou sect did not have the support of the dragon veins, and it began to decline. This is the fundamental reason why the Beidou sect left the hinterland and went to the periphery."

Ye Fan finally understood the reason for the migration of the Beidou Sect.

It's just, unfortunately, the big dragon's veins flew away, and the small dragon's veins had disasters.

"You really don't know where the seal is?"

The Big Dipper Sect Master shook his head: "If I knew, I would definitely tell you, and work with you to unblock the dragon veins. In this way, our Beidou Cult has the dragon veins and will grow stronger day by day."

Ye Fan is very sorry.

Logically, it shouldn't.

At that time, the Big Dipper leader sealed the dragon veins, but left no clues, which was completely unreasonable.

Or, what clues were left behind, and future generations still don't know.

Ye Fan thought hard.

He came to the Cangjing Pavilion, which is an ancient book of the Beidou Sect since ancient times, which records many things.

Ye Fan found all the ancient books describing the events of the Dragon Vein, and began to consult and analyze...

In the end, he really found the clue.

In an ancient book of "Dragon Maiden", Ye Fan sensed something unusual. This ancient book seemed to contain some kind of power.

"The power of dragon veins!"

Ye Fan was shocked, he was very sure, that's right, this is the power of dragon veins.

"Master!"

Ye Fan left and was called by the Big Dipper leader.

"Master, you can feel this ancient book."

"Um?"

The Big Dipper Sect Master was puzzled, tried his best to sense it, shook his head and said, "I sense something, nothing!"

"no?"

Ye Fan was surprised.

Is it possible that only he can sense the power of the dragon veins in the ancient books, why?

Could it be that...

Or because of the soil!

correct!

Ye Fanmao was stunned, and the soil can strengthen the dragon veins, making the dragon veins revitalized and active.

The sect master at that time left this clue. As long as he can sense the power of the dragon veins in the ancient books, he must have the soil, so that the small dragon veins can be found, and the small dragon veins can be restored to life.

"Lord, maybe, we can find the little dragon vein." Ye Fan was very confident.

The Big Dipper leader is incredible.

He didn't understand what method Ye Fan used, but he chose to trust Ye Fan.

"The relationship between the dragon veins is too big, don't walk the news, let's go to find it first."

"Before that, I need to do the math."

The Big Dipper leader took out the seven-star fate plate and started to operate it. Ye Fan knew that the seven-star fate plate had a trace of destiny.

It is the supreme treasure.

The power of destiny is too mysterious, but it is also extremely terrifying.

Ye Fan also performed great prophecy and great deduction.

After a while, both of them opened their eyes and found that the good and the bad were mixed, and there was no clear prompt.

This shows that there may be variables.

"We have to be careful."

"That's right."

"It's not too late, act now."

Ye Fan and the Beidou leader left.

The power of dragon veins in ancient books has guidance, which is simply a navigator.

one day later.

The Big Dipper's face changed slightly, "Ye Fan, you can't move forward. In front of you is the terrifying restricted area in the hinterland of Xianshan, the Soul Burial Ridge."

"Oh, it's Soul Burial Ridge!"

Ye Fan didn't expect to come here. He still remembered that the three great demon emperors lived here, and he didn't know if he had recovered from his injuries.

The Big Dipper Sect Master said, "Back then, the Big Dipper Sect sealed the little dragon veins in the Soul Burial Ridge. It is indeed foolproof and difficult to find."

"It's just that the forbidden power of Soul Burial Ridge is absolutely terrifying, we..."

"Don't worry, Master, I can handle it."

"real?"

The Big Dipper leader has become numb.

How could Ye Fan know anything? No wonder he became the top powerhouse in the hinterland of Xianshan in a short period of time.

"Let's go!"

Ye Fan was not afraid, he even sensed the excitement of the Supreme Dagger, and couldn't wait to absorb the forbidden power.

Enter Soul Burial Ridge.

It is eerie and terrifying, with countless corpses.

Of course, this is not to say that the entire Soul Burial Ridge is full of taboo power, that is in the depths. In the outer periphery, there are not many taboo powers, but it is just scratched from time to time suddenly, and it will be caught if you don't pay attention.

Ye Fan revived the Supreme Dagger, and a halo enveloped him and the Big Dipper leader.

The forbidden power touches the halo and is absorbed.

The Big Dipper Cult Master has done all the calculations, but he has not calculated that Ye Fan's method of dealing with the forbidden power is actually to absorb it.

What a freak!

...

at the same time.

In the hinterland of Xianshan, in the depths, there is a certain grand canyon.

There is a group of creatures quietly excavating, as if looking for something.

The head was a woman, holding a compass in her hand, and said, "This is it!"

"Miss, are you sure?"

"Long-hunting pan can't be wrong, there are dragon veins here, dig it quickly, and change it later."

"As ordered."

A group of creatures arranged soundproof formations and illusion formations, and then began to excavate.

After a while, the portal was discovered.

"Miss, there really is something."

"Okay!"

The woman was excited.

A dragon vein, the value is too great.

"Miss, but this door is indestructible and can't be opened at all."

"Since it is a dragon gate, it naturally needs the power of dragon veins to open it."

The woman walked to the door and reached out to touch it. The next moment, her body radiated light, faintly, and there was a white dragon wandering in her body.

The power of the dragon veins spread out.

The entire portal was spread by the power of the dragon veins, and the indestructible portal began to tremble and gradually opened.

"Miss, you are still amazing."

"go in."

The woman put away the dragon-seeking plate and strode into the dragon gate.

Her body has already resonated, and the dragon vein is below. The reason for this is because you and her have a small dragon vein sealed in her body.

That's right.

Seal the dragon veins in the body.

Generally speaking, dragon veins are extremely thick, and it is almost impossible to seal them into the body.

Only in the distant ancient times, the existence of saints is qualified to seal the dragon veins into the body.

But this woman did it.

Because, like Ye Fan, her body is also fused with the soil.

The soil, known as the Mother Earth Essence, has the heaviness of the earth and can be used to set off the power of the dragon veins.

The resonance of the woman's body became more and more obvious, her blood was surging, and she was very excited.

"In the fusion of a dragon vein, my body will be invincible, and I am afraid that I will become the strongest in this world!"

"Soon!"

"Just ahead!"

Finally, the woman came to the underground palace, where she finally saw a small dragon vein

hold head high!

In the dark, there is the birth of Longyin.

The woman is overjoyed.

"Very well, this little dragon vein is still alive, and I can fully nurture it; this is more convenient for me. If it is a complete and energetic dragon vein, it is not easy to integrate it, but it is much easier now."

"Miss, we will protect the law for you!"

"Go!"

This group of creatures, dozens of them, are all at the peak of the void, and they are all strong men who have been subdued by women.

They began to form a formation, protecting the Dharma wholeheartedly.

The woman, on the other hand, walked towards the little dragon vein, exuding a breath of fresh air.

The little dragon is pulsing!

It seems that the child sees the mother and wants to be nourished and nurtured.

"Come, enter my body, become one with me, and you will be sublimated."

The woman chanted and performed some kind of secret technique, and it was not so simple to fuse the dragon veins.

It takes a long time.

Also cumbersome.

However, everything is worth it.

"puff!"

The woman spurted some blood of her life and landed on the little dragon vein, wanting to let the little dragon vein get familiar with her breath and get close to her.

But.

Suddenly, Xiaolongmai was a little violent.

All her blood was shattered.

"Don't be cranky!"

"Be quiet, I am your mother, you are my child, merge with me and give you life."

The woman kept comforting.

This is a long process.

three days later.

Xiaolongmai was finally completely quiet, the woman approached, reached out to touch, and a look of pride appeared on her face.

"Next, it's fusion."

"bring it on!"

The woman opened her arms, and a large array of octagonal inscriptions suddenly appeared under her feet. Her body seemed to have some kind of pulling force, and she wanted to integrate the small dragon veins into her body.

Xiaolongmai has some resistance, but also some desire.

Slowly, approaching the woman's body, slowly, entering the woman's body.

"It's almost a success!"

The woman's eyes were extremely bright, and it was just a little bit. As long as all of them entered the body, the little dragon veins would no longer be able to escape.

Her body is the cage of the dragon veins.

In the end, there was only a little tail left, but at this moment, a mutation occurred.

The woman's face changed greatly.

"Who!"

She punched in the backhand.

Extremely powerful.

However, he was still sent flying, because at this time, Ye Fan had been brewing a blow for a long time.

real!

brewing for too long.

As early as three days ago, Ye Fan came to the underground palace and kept hiding from the Big Dipper leader, motionless, and his breath all restrained.

It's true that he hasn't moved for three days.

For this moment!

"puff!"

Ye Fan's ultimate punch caused the woman's blood to spurt wildly; but in fact, Ye Fan wasn't the most important thing.

The most terrifying thing was the attack brewed by the Big Dipper leader.

The seven-star fate plate, the impact of the power of fate.

"what!"

The woman screamed and was immediately seriously injured.

"hold head high!"

There are dragons.

The small dragon veins were beaten out alive.

"Master!"

"clear!"

The leader of Beidou went to arrest Xiaolongmai and at the same time appease Xiaolongmai; and Ye Fan, the target was this woman.

This woman is really scary.

Even the dragon veins are sealed into the body, it can be said that this is a dragon girl.

Moreover, her strength is extremely terrifying.

Breaking the peak!

Even if he was raided by Ye Fan and the Big Dipper leader, and he was seriously injured, the divine might that shocked Ye Fan broke out.

"Damn thief!"

"You are killing!"

"Dragon Fist!"

The dragon girl punched out the power of the dragon's veins and knocked Ye Fan into the air.

Rumble.

The next moment, those dozens of Void Breaking Peaks came in.

"Miss!"

They were outraged.

After guarding for three days and three nights, I didn't know that the thief had sneaked in and injured the young lady.

"You are courting death!"

"kill!"

Ye Fan was also under a lot of pressure from the siege of so many Void-breaking peaks.

Ye Fan left and summoned eighteen guardians, finally relieving the pressure.

He killed the dragon girl again.

"I'm very interested in you, and you actually merged with the soil!"

"Are you too!"

The dragon girl was shocked.

Ye Fan smiled and said, "That's natural!"

The dragon girl was unbelievable, she thought that in this fairy mountain world, only she was unique.

Now there is a silver-haired youth, just like her, giving her a sense of crisis.

"Then I can't keep you even more."

"You don't know, the strength of the dragon veins depends on you, where is my opponent!"

"Repression!"

In an instant, the dragon girl's body burst into radiance, drowning her, as if she had transformed into a dragon.

Dragon claw slaps.

Unstoppable.

"Creation Fist!"

Ye Fan roared wildly, the seventy-ninth-level Celestial Hegemony was fully recovered, and the scriptures of creation resonated.

This punch is also impeccable.

"puff!"

The woman was beaten out of the dragon-turning state and was seriously injured again.

"impossible!"

"Why is your body so terrifying!"

Ye Fan smiled and said, "Your physical body is also very terrifying. Even if you are at the level of the ancestors who have realized the opportunity to transform into a god, you will not dare to use your physical body to resist my punch. You did it, it is simply a dragon body!"

The woman finally realized that there was great danger.

Gotta get out of this as soon as possible.

"I remember you, and I will find you in the future. At that time, I will kill you and get the little dragon vein."

"You want to go?"

"Hehe, I want to leave, but no one can keep me, even if I exist at the ancestor level."

The dragon girl tore the space and made a space jump.

Dozens of Void Breaking Peaks saw this, but they did not continue to entangle, and quickly retreated.

but.

Still got killed a few.

"Evan!"

The Big Dipper leader shouted.

He couldn't suppress the riot of the little dragon veins. At this moment, Ye Fan also exuded the breath of the earth.

After a long time of appeasement, Xiaolong's veins stabilized.

Seemingly seeing Ye Fan's thoughts, the Big Dipper leader said, "It's not impossible for you to seal the dragon veins in your body!"

Chapter 1345: Furious Ye Fan

Ye Fan's eyes lit up and asked, "What can I do?"

"Grab that woman and force him to find out the way to seal the dragon's veins into the body."

"...??"

Ye Fan's face darkened.

"Sect Master, you still need to use this method. If I could catch it, I would have shot it. That dragon girl is very powerful."

"You can't move now. I have planted means in his body to find out where she is."

"Oh?"

Ye Fan became interested again.

The Big Dipper Master took out the seven-star fate plate and said with a smile: "The force of fate hit her body, there must be some residue, and the force of fate is illusory, she can't find it, which leaves a clue for us to pursue."

"Hahaha, sure enough, Jiang is still old and spicy."

"It's just that this little dragon vein is placed here, and it will inevitably be discovered by others. The fight just now was not small, and it is very likely that it has attracted strong people."

When the words fell, there was a roar outside.

The roar was very familiar, Ye Fan knew it was the three Great Demon Emperors.

"Say what to say!"

The Big Dipper's face was heavy, and he could guess from the roar that it was an ancestor-level powerhouse.

Ye Fan said excitedly: "Sect Master, you are here to take care of the little dragon veins, I will go out for a while!"

"careful!"

"I have a plan!"

Ye Fan came outside, sealed the Dragon Gate, and hid it.

Then came to the top of the mountain not far away, waiting quietly, ten seconds later, three huge figures appeared.

"Forbidden ahead, life stopped!"

Ye Fan's voice was like thunder, accompanied by a heart-killing spell, which slightly surprised the three demon emperors.

"It's you!"

When they recognized Ye Fan, they were even more shocked.

They still remember that that day, Ye Fan absorbed the forbidden power and directly refreshed their three views.

"Boy, you actually came to Burying Soul Ridge, what are you doing!"

The three demon emperors became vigilant.

In addition to this kid, did Qi Xianzhi, Qingtian Guhuang and other bigwigs also come.

Could it be that they want to completely kill their three brothers.

bastard!

Bullying... bullying beasts is too much!

"You want to move on? In that case, I'm not responsible for your safety."

Ye Fan said very calmly, but showed a strong spirit.

The seventy-ninth-level Celestial Hegemonic Body is strong enough to give him the confidence to compete with the ancestors again.

Moreover.

In such a short time, the injuries of the three demon emperors must not have recovered.

Therefore, Ye Fan became more confident.

On the contrary, the three Demon Sovereigns were very jealous, and at the same time very curious.

What's ahead?

Before, they heard a huge movement, so they rushed over. Could it be that a giant treasure was born in front of them!

If so...

The three demon emperors looked at each other, very tangled, wanting to move forward, but worried about ambush.

But leaving, that is not reconciled.

Sudden.

The space was torn apart, and a figure descended, Ye Fan was surprised, it turned out to be a dragon girl.

Go and return.

"How dare you come back!"

"Why don't you dare!"

The dragon girl sneered, then looked at the three demon emperors and said, "Don't be fooled by him. He does have a dozen helpers, but they are all at the peak level of breaking the void. My subordinates can completely stop them."

Rumble.

Dozens of Void-breaking peaks appeared.

The three demon emperors who opened the door were startled.

To be able to mobilize dozens of Void Breaking Peaks at once, what kind of character is this woman, this background is too awesome!

"Three fellow Daoists, kill them, there are dragon veins ahead!"

"What did you say!"

"Just ahead, there is a small dragon vein. He wants to take it for himself. Can you tolerate it? You should know that the value of the dragon vein is willing to give up."

Ye Fan's face was extremely ugly.

This guy actually exposed the dragon veins.

The dragon girl sneered: "You attacked me, thinking you can get the dragon veins? Don't be delusional, I have already spread the news, and it won't take long before a large number of strong people will come over."

"what!"

Ye Fan was shocked.

The three demon emperors also changed color.

"So, the three fellow Daoists, hurry up if you want to take action. Don't wait for the arrival of many ancestor-level powerhouses. In that case, you have no advantage at all."

"That's it, how to decide is up to you."

"goodbye!"

The dragon girl left again.

Ye Fan was furious, but now he had to protect the dragon veins when he was chasing the dragon girl.

However, at present, it is simply not possible.

The three demon emperors went mad, and he could only retreat, plus the other ancestors who came from outside...

How to stop it?

almost impossible.

Ye Fan's mind turned back and forth, but there was no way.

Boy, get out of the way! "

The three demon emperors shouted in unison.

They still don't want to fight against Ye Fan. Although Ye Fan is only in the late stage of breaking the void, they are most afraid of being able to control the forbidden power.

"You just believe that woman's words?"

"Hehe, we don't believe anyone, but if you stop us from moving forward, it means there must be something tricky."

"Boy, don't delay, our patience is limited. Retreat immediately, otherwise, we will fight!"

Ye Fan sighed: "It seems that there must be a battle, and let me see how much you have."

"Impossible!"

The three demon emperors were not careless, they were directly trinity and merged into a super monster.

"kill!"

With one blow, the sky is shattered.

"open!"

Ye Fan's recovery of the 79th-level Celestial Hegemonic Body was also a full-scale outbreak, blessed by various supernatural powers.

He roared wildly, and even let out a dragon roar.

"Creation Fist!"

This punch is also earth-shattering.

boom!

After the collision, the Fangyuan mountains and rivers exploded in an instant, vanished into ashes, and the earth overturned.

Forbidden power rages.

The three demon emperors were knocked flying, and Ye Fan was also knocked flying, blood spilling from the corners of his mouth.

However, he was proud enough.

With one's own strength, the blow against the three major demon emperors was evenly divided.

"What a strong body!"

In a distant place, the dragon girl used the pupil technique to see through the layers of void and see everything that happened on the battlefield.

Ye Fan's body shocked him.

She knew that in the land of dragon veins, Ye Fan had not gone all out.

What erupted at this moment is the real power.

Terrible.

"I merged with the dragon veins, but the flesh is still inferior. If that guy also merged with the dragon veins, how powerful it would be!"

"Unimaginable!"

"This will not let him get his wish, and must be stopped, and he must not be allowed to get the dragon vein."

The dragon girl pondered in her heart.

She was thinking and walked quietly, preparing to come back with a carbine, kill it in the dragon gate, and take away the dragon vein.

It's just that the hand of the Big Dipper leader, the bombardment of fate, made the dragon girl extremely fearful.

"What power is that!"

The dragon girl was surprised, she did not know that it was the power of destiny.

"No matter what, I will get the dragon vein, even if I pay a huge price."

The dragon girl made up her mind and disappeared.

at the same time.

The disappearance of the dragon veins has indeed attracted a lot of powerhouses, and a lot of Void Breaking Peaks have come, but not many people have entered Soul Burial Ridge.

The highlight is still the ancestor level.

"Boom."

Thunder rolls.

That was the ancestor of the Lei family. He came down with the Tianlei Pond in his hand, directly penetrated the void, and killed it.

next moment.

The ancient religion of the Great Wilderness appeared.

He is very mighty, and even brought the treasure of inheritance of the ancient religion of the Great Wilderness: the Great Wilderness Key.

Yep, as the name suggests.

A key shape.

Rumor has it that the Great Desolation Key is the key to unlock the ancient invincible's cave.

It was left behind by the ancestors of the Great Wilderness Ancient Sect.

Unfortunately.

It has been passed down for countless years, and the ancient religion of the Great Wilderness has not found its ancestor to stay in the cave.

As a treasure built by the invincible, the power of the Great Wild Key, needless to say.

"Look!"

The sky filled with flames.

Then, a middle-aged man in a white robe walked out. He was very handsome and suave.

That is the Holy Lord of Heavenly Fire Holy Land.

"What to wear!"

A sneer sounded, mocking the Heavenly Fire Holy Master.

Who is so bold!

It's him!

The head of the sprite gate.

The Sprite Sect and the Heavenly Fire Holy Land are mortal enemies, and neither of the two masters can stand against the other.

"Old ghost, don't die in Soul Burial Ridge!" The Heavenly Fire Holy Master sneered.

"You better take care of yourself."

The sprite sect master retorted, not to be outdone.

The two bosses rushed into Soul Burial Ridge.

Next, there are the ancestors of the ancestors, some are old monsters that have not appeared in decades, and some are hidden masters.

In the periphery of Soul Burial Ridge, there are also countless creatures gathered.

They dared not go in, so they watched from the outside.

"I counted, and there are thirty-six ancestors who have entered."

"What, thirty-six, my God!"

"This is simply a prosperous world!"

"On weekdays, I can't see a single ancestor. Now there are thirty-six statues at once. It's hard to imagine what kind of war will break out in the depths of Soul Burial Ridge!"

Countless creatures discussed, shocked, and sighed.

The temptation of the dragon veins is really too powerful, and it has great value to the forces and individuals.

Who can get the dragon veins is undoubtedly a great fortune.

therefore.

This is what led to the appearance of hidden masters, old antiques, and they want to get the dragon veins to exchange for the second spring of life.

Deep in Soul Burial Ridge.

The war is still going on, Ye Fan is madly fighting with big monsters, but he is at a disadvantage.

This is not surprising.

Ye Fan can now have a confrontation with the ancestors, but he can't suppress it. What's more, what he is facing now is the three major demon emperors.

If there is only one Great Demon Sovereign, Ye Fan is still confident, even if he can't suppress it, he can be evenly matched, and he may even be seriously injured.

But now, one-on-three, after all, it is no match.

"Boy, I admit that you are the most enchanting villain we have ever seen, but that is the end of it. If you want to go against the sky, it is absolutely impossible!"

"Suppression!"

The three demon emperors exploded into lore.

Ye Fan's face changed greatly.

"Open the sky!"

He frantically opened the Sky Axe, however, to no avail, he was shot flying.

Whoa!

At a critical juncture, Haotianjing took the initiative to recover and protect him, but he was also shocked.

"If you can withstand this blow, then what's next, boy, you will surely die!"

"Who do you say must die!"

The cold voice sounded, alarming the big monster.

"peony!"

Ye Fan was overjoyed.

Unexpectedly, life and death are at stake, and Peony is killed.

It's really a no-brainer.

"Peony, catch it!"

Ye Fan threw the opening axe to Peony, and Peony didn't talk too much, and immediately dropped the axe.

"what!"

The big monster was smashed, and huge blood holes appeared on its body, spurting foul-smelling blood.

After one blow, Peony said: "The situation is very complicated, and dozens of ancestors have come in."

"what!"

Ye Fan was mentally prepared, but his jaw dropped, so much.

The three major demon emperors also shrank their pupils.

"It will come soon, you actually went to collect the dragon veins, even if you can't take it away, you must devour the power of the dragon veins as much as possible, go quickly, I will stop this big monster!"

"be careful!"

Ye Fan knew that it was useless to stay, so he might as well follow Peony's advice.

The safety of peony is guaranteed.

The big monster can't suppress the peony. On the contrary, the peony can bring a huge blow to the big monster with the help of the axe and the ancient magic.

"hateful!"

The big monster roared.

"I advise you to leave quickly. There are quite a few of your enemies. Back then, there was a **** storm, you were surrounded and suppressed, and you hid in Soul Burial Ridge. Now, dozens of ancestor-level existences have come, and among them are your enemies. You don't hide. Get up, I'm afraid you will fall."

"Who are you scaring!"

"I'll tell the truth, since you don't believe it, just wait and see."

Peony shot again.

The big monsters are very afraid and dare not confront them. They already have the intention of retreating.

And Ye Fan rushed into the Dragon Gate.

Just happened to find that the Beidou leader and the dragon girl were fighting.

"You actually killed a carbine, very good, you are killing yourself!"

Ye Fan was furious.

The Big Dipper was seriously injured, and he was no match for the Dragon Girl at all. Fortunately, the seven-star fate plate was strong enough to save his life.

Seeing Ye Fan's rage, the dragon girl was shocked.

"Fengshentai!"

Ye Fan threw the treasure.

"The Heavenly Jedi!"

"The confinement spell, burn it all for me!"

Ye Fan roared fiercely, and he cast all the confinement spells, dozens of them.

Imprison the space, imprison the body.

"not good!"

The dragon girl's expression changed.

She found that she couldn't tear the space to escape, and even her physical movements were blocked to some extent.

"Repression!"

Three Chinese scriptures appeared above Ye Fan's head, which resonated with him, and he cast a good luck fist.

"Dragon Fist!"

"boom!"

After the collision, the dragon girl vomited blood and flew backwards.

Ye Fan is also surging with blood, but he is in better condition than Dragon Girl.

"Yin-yang lock!"

"The sleepy dragon ascends to the sky, ascends the dragon road!"

The dragon girl roared wildly, and under Ye Fan's incredible eyes, she even tore apart the confinement.

"You can't trap me!"

"Open it for me!"

The dragon girl was hoarse, and she even tore apart the space again.

"I said, you can't escape!"

"Life and death map!"

Crash, the yin and yang life and death map appeared, directly covering the space crack.

Feeling the annihilating power of the life and death map, the dragon girl could only retreat, her face was extremely ugly.

"Bastard, you have to fight with me!"

"It's you who will kill me first. If you do too much injustice, you will kill yourself. As I said, today, at a huge price, I will also keep you."

Ye Fan spat out a mouthful of blood.

The blood vessels recovered to the extreme, and the power of yin and yang spread.

"This is....."

"The power of yin and yang, how is it possible, you have the blood of yin and yang!"

The dragon girl finally panicked.

It was the first time she had this kind of emotion in her life.

"I want you to be my slave, Great Purdue! Save her for me!"

"Buddha scriptures, help me! Help me! Help me!"

Chapter 1346: race against time

Ye Fan was really angry.

First, the dragon girl plotted against him; secondly, if he came late for a while, the sect leader might be beheaded.

therefore.

Ye Fan was furious.

The Buddha's scriptures soared into the sky, bursting with dazzling Buddha's light, blessings, and the power of the Great Purdue Technique skyrocketed.

"what!"

The dragon girl screamed.

She was overwhelmed by the divine light of Purdue and felt a force that forced her spiritual consciousness to become obedient.

"You are courting death! How dare you ask me to be your maid! Unforgivable!"

"what!"

The dragon girl roared.

Her Nascent Soul showed a terrifying brilliance, knocking Pudu Shengguang down.

"You are far from Yuan Ying compared to me."

"Today, I'm going to blow up your self-confidence and let you know that you are not as good as me in all aspects!"

"My Nascent Soul, kill me!"

Ye Fan's voice was like thunder, deafening.

His Nascent Soul rushed out, carrying monstrous divine might, and was extremely bold and rushed into the dragon girl's body.

This is amazing!

What the Big Dipper leader looked at was thrilling.

You know, once Ye Fan's Yuanying can't come out, or is destroyed by the dragon girl, then Ye Fan is really going to die.

However, Ye Fan was not afraid.

He is confident!

His own Nascent Soul is strong enough.

"you wanna die!"

The dragon girl roared fiercely, "Devouring your Nascent Soul, I should be able to recover from the injury, and you are just my stepping stone."

"You too?"

Ye Fan looked mocking.

Rumble.

Inside the Dragon Girl, the two Nascent Souls fought to the death.

Dragon Girl's Nascent Soul is very extraordinary. It can be guessed that it is made of many natural materials and earth treasures.

And Ye Fan is even more powerful.

You must know that his Nascent Soul contains hundreds of magical powers, and at the same time, because of the fusion of dragon balls, dragon-scale battle armor appears on his body.

This undoubtedly brings the ultimate defense to Nascent Soul.

"boom!"

The two Nascent Souls collided wildly.

The dragon girl screamed, her body as a battlefield naturally brought him endless pain.

but.

It is worthy of being the favored son of heaven who has integrated the dragon veins. Even if the two Nascent Souls are fighting frantically, the dragon girl's body is still intact.

Longmai coveted powerful energy to maintain her body.

"what!"

At a certain moment, the dragon girl screamed and the seven orifices bleed.

It turned out that it was her Yuan Ying who lost the match and was split open by Ye Fan's Yuan Ying.

This kind of pain, indescribable, goes deep into the bone marrow, deep in the soul.

The pain is unbearable.

"kill!"

The dragon girl mobilized the power of the dragon veins to suppress Ye Fan's Nascent Soul.

The Big Dipper leader was shocked: "Ye Fan, Nascent Soul comes out soon! Hurry up!"

"Think about it, dream it, and destroy it for me! No matter how strong your Nascent Soul is, it won't be able to withstand the power of the Dragon Vein!"

The dragon girl's face was hideous.

The surging power of the dragon's veins was overwhelming, but Ye Fan was not panic at all.

"idiot!"

"Didn't you see that my Nascent Soul is wearing a dragon scale armor, which is a combination of real dragon balls. The power of the dragon veins is just ridiculous to deal with my Nascent Soul."

"I absorb it all!"

Ye Fan shouted loudly, and sure enough, the Nascent Soul radiated brilliance, swallowing the power of the dragon veins, and gradually growing.

"boom!"

At this moment, Ye Fan broke through.

The spiritual power broke through the peak of the void, and took a step forward, which is comparable to the existence of the ancestors.

"Damn, stop me!"

Feeling that the power of the dragon's veins was absorbed madly and making wedding dresses for others, the dragon girl wanted to die.

how so!

How can this guy have so many means.

"Get out of here!"

The dragon girl was helpless and could only force Ye Fan Yuanying out of her body; but at this moment, Ye Fan showed a terrifying look, and he said with murderous intent: "The moment my Yuanying entered your body, you have already died!"

"What did you say!"

"I will never show mercy to the enemy. In fact, I didn't want to kill you at all at first, because you are indeed an evildoer. However, if you have tricked me many times and want to kill my leader, then I can only send you on your way."

"Supreme Dagger! Revive it!"

"boom!"

I only saw that the Supreme Dagger appeared in Ye Fan's Nascent Soul.

"Forbidden power, burst!"

Ye Fan stopped drinking.

The forbidden power spread from the supreme dagger, attacking the Nascent Soul of the Dragon Girl frantically, and in an instant, drowning her Nascent Soul.

"Ahhh-"

The dragon girl was seriously injured and fell to the ground and rolled.

Ye Fan let out a breath, and in the end, he still won.

"Great Sealing Technique!"

"Do not!"

The dragon girl suddenly jumped up, crazy, her eyes were splitting, "No one can kill me! No one is my opponent! Dragon veins, my dragon veins, the sleepy dragon rises to the sky!"

"Puff puff!"

In the dragon girl's body, the dragon vein seemed to come alive and quickly defeated the forbidden power.

This brought the dragon girl back to her senses.

But.

She was seriously injured, and the injury this time was really too serious.

"I remember you!"

"I will kill you!"

"hold head high!"

A dragon roar destroys everything.

The dragon girl escaped again.

Ye Fan didn't chase, but found it very interesting. Anyway, with the Seven Stars, he could track the Dragon Girl.

The leader of the Big Dipper said: "Just now, she paid a great price, and the dragon veins in her body were partially damaged."

Ye Fan hummed: "This is the best, teach her a lesson. Sect Master, are you all right?"

"Can't die."

The two looked at Xiaolongmai.

"It's a hassle if you can't take it away. There should be a strong person outside."

"Dozens of ancestors exist."

"so much!"

The Big Dipper was startled.

Ye Fan looked at the little dragon vein. This dragon vein is not full of vitality and needs to be nourished by the soil.

Now if Ye Fan is madly absorbing the power of the dragon vein, then... it is very likely that this little dragon vein will be completely dead.

Burying a dragon vein is really a big sin.

But put it here, those ancestors will compete for it, and in the end, this little dragon will still be fragmented.

How to do?

Ye Fan really wanted to save this little dragon vein.

But at this time.

There was a huge roar outside.

"So fast!"

Ye Fan's face sank, those strong people came too fast.

At this moment, the little dragon pulsed, and Ye Fan dared to feel that the little dragon pulsed with fear.

It made his heart throb.

"Master, I want to save the little dragon veins." Ye Fan finally made a decision.

"Okay!"

The leader of Beidou is very pleased.

"Sect Master, you should withdraw first, it's too dangerous to stay here."

"You underestimate me too much. I still have some means. However, this is the center of the battlefield. It is really not suitable for me to stay here. Keep me away."

"Okay!"

Ye Fan sent the leader of Beidou out for a hundred miles, and the leader of Beidou seemed to be arranging something.

But Ye Fan didn't ask much.

He quickly returned and found that dozens of ancestors had appeared outside the Dragon Gate.

He didn't show up.

Great invisibility, hidden.

Outside the Dragon Gate.

Those big men can already see the small dragon veins. The first person to speak is the leader of the Great Wilderness. He said: "This little dragon vein has insufficient vitality and needs to be nurtured. The vitality of the dragon veins of the ancient religion of the Great Wilderness is reorganized, and I will give it to me to nurture it."

"fart!"

Qingtian Ancient Emperor sneered, "The dragon veins of your Great Wilderness Ancient Sect are not as strong as my Qingtian Dynasty, and the little dragon veins should be given to me to nurture."

"You licking dog, I have long seen you as unhappy, protect that stinky boy Ye Fan, today, I have dealt with you, let's see what support Ye Fan has!"

"you wanna die!"

The Qingtian Ancient Emperor was furious.

The other bosses also smacked their tongues secretly. Was the Great Wilderness Cult Master too direct, and even called the Qingtian Ancient Emperor a licking dog.

Done!

The two bosses must be fighting to the death, tearing their faces, it must be endless.

"Boom."

War is imminent.

At the same time, the other big figures were also fighting with each other, and the next moment, the Lord of Heavenly Fire and the Lord of the Sect started to fight.

gradually.

There are more and more battlefields.

Above the sky, all kinds of splendid magical skills erupted, mountains and rivers disappeared, the earth cracked, and space was torn apart...

An apocalyptic vision.

Afterwards, it evolved into a big melee, and all ancestor-level powerhouses must grab the dragon veins.

"boom!"

The gantry was blown up.

The small dragon veins appeared, and he moved, but it was very slight, and Ye Fan could feel that the small dragon veins were extremely frightened.

Dragon pulse.

Although there is no self-consciousness, it does have spirituality.

"Do not be afraid!"

Ye Fan quietly conveyed a spiritual message and comforted him; after swallowing so many dragon veins from the dragon girl, his spiritual power was comparable to that of the ancestors, which was powerful and scary.

No one found him.

After being appeased by Ye Fan, Xiaolongmai calmed down, and his fear was also weakened a lot.

However, if Ye Fan wants to get a small dragon vein in the hands of a group of bigwigs, it is as difficult as going to the sky.

He also saw Peony, Jiujianxian and Empress Suzaku, but even with the addition of Qingtian Ancient Sovereign, Lei Family Patriarch, and Empress Qingluan, he probably wouldn't be able to help him **** the dragon veins.

How to do!

Ye Fan had a headache.

"boom!"

Suddenly, an energy attack came, almost hitting Xiaolongmai.

This made Xiaolongmai have a strong fear.

Ye Fan is anxious. Now, the bosses are still worried about destroying the dragon veins, but before long, some weak bosses may feel that they have no hope of getting the dragon veins, so what they have to do is to destroy the dragon veins.

"Hahaha, the old man can't get it, and you don't want to get it either. Give me a blast!"

as expected.

An old antique was badly injured and covered in blood. He fell down, but suddenly killed the little dragon.

Hit the strongest blow.

"court death!"

The other bosses were furious.

"scold!"

Jiujianxian reacted the fastest and shot the fastest, cutting off the old antique's attack with one sword.

next second.

Old Antique was beaten up by more than a dozen bigwigs, and he didn't even burst out with screams, and he disappeared into ashes.

From the war to now, finally, a big man has fallen.

But this is definitely not the end.

The battle is still going on, it is extremely cruel, and the blood flows into rivers.

Ye Fan comforted the little dragon veins, thinking in his heart that if he had a way to incorporate the dragon veins into his body, then he would have fled with the dragon veins long ago.

What method did the dragon girl use?

Ye Fan didn't understand.

He tried to spread his spiritual power, entered the dragon vein, and wanted to communicate with the dragon vein.

He expresses his kindness infinitely.

At the same time, it exudes a breath of fresh air.

This really worked, and Ye Fan found that Xiaolongmai had nothing to resist.

"Forcibly into the body, how can it be better than the dragon veins entering the body voluntarily."

Ye Fan's heart was surging.

But this takes time, and it is very dangerous. Once discovered by the boss, then you will become the target of public criticism.

"Evan."

Suddenly, the voice of the Big Dipper Sect Master came to mind, "Listen to me, I used the seven-star fate chart to set up a magic circle that covers the sky."

"The effect of this magic circle is that it can blind the sky, blind the dream cloud, and blind everything."

"In this way, coupled with your great invisibility, you can feel at ease and boldly communicate with Xiaolongmai. You won't be discovered. Even if you make a big move, you will be covered."

Ye Fan was very surprised.

The Big Dipper Sect Master said: "However, the Heaven-Covering Formation can only last for one hour, which is the maximum limit. You must complete what you want to do within one hour."

"Now, the power of the magic circle is on you, you go, go with confidence and boldness."

The Big Dipper's words fell.

boom!

Ye Fan only felt that a mysterious and mysterious power was on his body, and he seemed to jump out of the Three Realms and was no longer in the Five Elements.

He cautiously approached the Great Invisibility Technique.

Really, no one can see him.

However, for the sake of safety, Ye Fan still cooperated with the great stealth technique.

"Xiaolongmai, here I come."

Ye Fan quickly came to Longmai and started promotion to appease and communicate. At the same time, he worked hard to exude a breath of fresh air.

Xiaolongma pulsed and seemed very excited.

The war is in full swing, and no one will care that the dragon pulse is not moving. Even if they see it, they will think that the dragon pulse is afraid.

"come in!"

"Come into my body, I will nurture and nourish you, and let you change your life."

"You are the dragon vein and you are powerful. If you are in your prime, these creatures are not your opponents. If you show your power, they will all be scared away."

"But now your vitality is low, you are about to die, only me can bring you back to life."

"bring it on!"

"Don't you want to be as mighty as a dragon? Don't you just want to be a reptile?"

"..."

time flies.

Ye Fan kept bewitching and comforting, and Xiaolongmai and Ye Fan became closer and closer.

finally.

Xiaolongmai seems to have made a decision to enter Ye Fan's body, which makes Ye Fan happy.

"Okay!"

The Big Dipper leader was also very happy, "Ye Fan, merge as soon as possible, there are only less than twenty minutes left."

Ye Fan was very stressed, "Xiaolong, hurry in, hurry up, we don't have much time."

However.

The vitality of the small dragon veins is really poor, it is very difficult to move, and the entry is very slow.

This is undoubtedly a race against time.

Once the shielding formation collapses, Ye Fan will be exposed to all the bigwigs.

When seeing Ye Fan secretly merging the dragon veins, what kind of mood would those bosses feel!

kill kill kill!

Will definitely kill and then quickly.

hurry up!

Hurry up!

Ye Fan kept persuading, and Xiaolongmai was also working hard, but he really reached his limit.

a moment.

Big Dipper's voice sounded again: "Ye Fan!"

Oops!

Ye Fan felt bad.

Sure enough, the power of blessing on him was disappearing, and the little dragon vein and a tail did not enter.

now.

Ye Fan couldn't move.

That is, if it is exposed, he is the fish on the chopping board, let it be slaughtered!

Even if Peony and the others stopped him, he would be instantly obliterated where he could stop so many big men.

Chapter 1347: target of criticism

"hurry up!"

"Hurry up!"

Ye Fan was roaring in his heart, but the little dragon vein had really experienced it, and there was still a small tail left.

However.

At this moment, the power of the magic circle disappeared, and a roar came from a distant place.

It was the explosion of the collapse of the sky-covering magic circle.

"Oops!"

Ye Fan's face changed greatly.

At the same time, his entire body tensed up because, he had already discovered that one after another gaze fell on him.

All wars stopped.

Time seems to stand still, and the picture seems to freeze.

The big guy's eyes widened, he couldn't believe that when they were fighting, a kid secretly wanted to take the dragon veins.

What did they see?

The dragon veins entered the kid's body, leaving only a tail on the periphery.

Oh my God!

If it is not exposed, the dragon veins will be snatched away silently, and they don't know who snatched it away.

A group of bigwigs were kept in the dark.

now.

No one would think about how Ye Fan managed to make Longmai obediently enter the body, because all the bosses were full of anger.

"Little devil!"

An old monster roared.

"Evan!"

The Great Wilderness Ancient Sect roared with murderous aura, his son Huang Wutian was beaten badly by Ye Fan, and he still has a shadow in his heart.

"This kid is Ye Fan from Sheng Yuanyang recently, who severely damaged the Xieyue Palace and drove away the little devil of the Xieyue Palace Master!"

"it's him!"

Many bigwigs were shocked.

This Ye Fan, who is only in the late stage of breaking the void, has such combat power, it is really scary as a monster.

Right!

If it is not a monster, how can the dragon veins enter the body, if this kid really swallows the dragon veins, then...

What is the strength of the battle?

"kill!"

The Great Wilderness Cult Master was the first to take action, and the Great Wilderness Key in his hand shone with radiance and power.

Rumble.

Murder comes.

At this moment, Ye Fan couldn't move, he could only watch the Great Wilderness Cult Master take action.

"Buzz!"

But at this moment, Peony appeared, the opening axe split everything, and she guarded in front of Ye Fan.

"I am Ye Fan's protector. Before killing Ye Fan, I need to be gone."

Peony said very calmly,

The spirit is unparalleled.

Ye Fan was very moved.

"Daoist, very good, then kill you first. You think that you can protect Ye Fan by yourself!"

The Great Wilderness Sect Master sneered.

"And I!"

A sword light is cold.

Wine Sword Immortal Yukong came.

The next moment, there was a cry, flames filled the sky, and Empress Suzaku appeared.

"hold head high!"

A dragon roar.

That is the ancient emperor of Qingtian, who mobilized the power of luck, as if turned into a golden dragon of luck.

"Ye Fan is my imperial concubine, and I will marry my youngest daughter soon, how can I fall here!"

The voice just fell.

The loud laughter conveyed the world, the space was torn apart, and a figure wandered out.

"It's so lively, let me join in the fun, Ye Fan has a fate with me."

"Master of the Immortal Devil Cave!"

Some bigwigs are discolored.

Qi Xianzhi, the master of the Immortal Demon Cave, this is a ruthless man, terrifyingly tyrannical!

This Ye Fan, the energy is so powerful, so many ancestors have protection.

The Great Wilderness Sect Master sneered: "Qi Xianzhi, Qingtian Ancient Emperor, Suzaku Empress, Jiujianxian and you, do you think that with the strength of the five of you, you can stop us!"

Peony said coldly: "It doesn't matter if I can stop you, I only know that I can kill you!"

In a word, the Great Wilderness Sect Master was stunned.

This time, I found that Jiujianxian and the others seemed to have their eyes on him. What is this for?

Five on one?

Do it for him!

hateful!

The Great Wilderness Sect Master looked ugly, and the other bosses gloated over the misfortune.

"Everyone, don't delay time, let's take action together and suppress these five guys. If you continue to linger, Ye Fan will completely swallow the dragon vein!"

"That's right, let's do it!" The Heavenly Fire Holy Master agreed, and he stared at Empress Suzaku.

The Heavenly Fire Holy Land is so called because they inherit a kind of Heavenly Fire.

Fire that day was a very terrifying weapon.

Every time the Holy Master will merge with that group of skyfire to conquer the Quartet.

And now, Empress Suzaku's natal divine fire is even more powerful than the divine fire of the Heavenly Fire Lord, which makes him very hot.

If he can get that divine fire and fuse it into his body, his strength will definitely increase a lot.

At that time, perhaps the first person in the world of Xianshan!

Thinking of this, the Holy Master Tianhuo shouted: "What are you doing, don't you see that Ye Fan is about to succeed, kill! The Great Wilderness Cult Master, let's take the lead!"

War is imminent.

Peony and Jiujianxian showed their terrifying power as top-level bosses.

Even if it is the existence of the opportunity to enlighten the gods, there are strengths and weaknesses.

For example, Peony and the others are much more powerful than those old antiques. Those old antiques are too old and their deadlines are approaching, but they are just dying.

However, Jiujianxian and the others are all in their prime years, and they are the most prosperous peak period.

However.

No matter how strong they are, they are not the opponents of more than 20 big bosses. They are completely suppressed and supported.

"puff!"

Empress Suzaku vomited blood after being beaten.

"Miss!"

Ye Fan's heart was twisted like a knife.

bastard!

The **** guy!

"Sword, twenty-three!"

Seeing that Empress Suzaku was injured, and even that day, Huosheng mainly deprived Empress Suzaku of her natal fire, Jiujianxian was furious and entered a state of madness.

He spewed, paid a great price, and performed this trick.

"what!"

The Heavenly Fire Holy Master was shocked.

He quickly gave up chasing and killed Empress Suzaku and quickly retreated; however, the sword of Jiujianxian was too fast.

Incredibly fast.

"what!"

Heavenly Fire Holy Master screamed, and one arm was cut off; but the two old antiques behind him were not so lucky.

The body was directly split open, and even the Nascent Soul was split into pieces.

Fall directly!

With one sword, he killed two big men.

So terrifying.

Wine Sword Immortal is not over yet, one of him seems to be killing the Heavenly Fire Holy Master and cast Sword Twenty-three again.

Forcibly cast, the price is too high.

It is completely a move that damages the enemy by one thousand and loses eight hundred.

"do not want!"

Lady Suzaku shouted.

However, Jiu Jianxian ignored it, and the sword twenty-three was displayed again.

"madman!"

The Heavenly Fire Holy Master endured the pain and was extremely frightened, but he did not dare to resist and quickly escaped.

"what!"

Two more old monsters were beheaded.

puff-

Jiujianxian also reached the limit and fell beside Ye Fan, but did not fall, he supported his body with his sword.

"senior!"

"What are you talking about, hurry up, we can't last long, how long do you need."

"I don't know, the little dragon vein seems to be moving, and I don't know what's going on."

Ye Fan was also anxious.

Why did the chain fall at the critical moment, what is this little dragon vein doing!

Jiujianxian gritted his teeth.

"Try Harder."

These three words made Ye Fan very moved.

Immediately, Jiujianxian swallowed some precious medicines and tried to recover a little from his injuries.

And the war wasn't over.

It didn't make the other bigwigs jealous because Jiu Jianxian killed the four big brothers.

because.

They all knew that Jiu Jianxian could no longer perform that terrible swordsmanship.

"The world is on fire!"

The Heavenly Fire Holy Master came back, even more crazy, attacking Empress Suzaku.

Peony, Qingtian Ancient Emperor, and Qi Xianzhi also received injuries of varying degrees.

All in all, the situation was terrible.

"Wooooooo."

Suddenly, an icy aura filled the audience, it was flames, icy flames.

It came too suddenly.

In an instant, it hit an old antique, causing him to scream and be seriously injured.

"Wow!"

A cry, earth-shattering.

The seriously injured old monster was caught, pinched directly, and then she revealed her figure.

"Ms. Qingluan."

Ye Fan did not expect that Empress Qingluan would rush over to help.

He was so moved.

The Qingtian Ancient Emperor was very worried and did not want Empress Qingluan to appear, after all, the situation was very dangerous.

Lady Suzaku is not in a good mood.

"Hahaha, Empress Qingluan, what if you are here? After all, there is a huge disparity in strength."

"Kill kill kill!"

The Great Wilderness Sect Master was extremely excited to kill.

His Great Desolate body was born to fight, the more he fought, the more maddened he became, the stronger his combat power became.

"puff!"

At a certain moment, Qingtian Ancient Emperor was beaten and vomited blood and flew upside down, smashing into a mountain.

But.

Before rushing out, several big bosses surrounded them and bombarded them frantically.

"His Majesty!"

Ye Fan exclaimed, his eyes reddened.

the other side.

Lady Suzaku turned into her body, but was pierced through her wings by a gun and let out a scream.

Qi Xianzhi was not feeling well either.

He was taken care of by the eight bosses, including the leader of the Great Wilderness, and he was constantly being beaten.

"Qi Xianzhi, let me down!"

"The Great Wilderness Fist."

The Great Wilderness Sect Master seized the opportunity and punched Qi Xianzhi in the back, almost piercing his body.

Qi Xianzhi smashed to the ground, and a 300-meter deep pit appeared.

Seeing that everyone suffered a disaster for himself, Ye Fan was extremely heartbroken, he roared wildly, and his eyes were split.

"Xiaolongmai, hurry up for me!"

Evan roared.

However, Xiaolongmai's strength seemed to be exhausted, and he was resting and motionless.

"Hahaha, boy, you are destined to fall. Since ancient times, the arrogant geniuses who are extremely amazing and talented have not ended well."

"Come here for me!"

An old antique appeared and grabbed Ye Fan.

Peony and the others wanted to go a long way, but they were blocked and there was no way to kill them back.

"Evan!"

At a critical juncture, the leader of the Big Dipper appeared, the seven-star fate plate revolved frantically, and the force of fate hit Old Antique.

"what!"

Old Antique was caught off guard.

"roll!"

However, the gap is huge.

Old Antique's frantic punch pierced through the body of the Big Dipper leader and fell into the Great Rift Valley, not knowing his life or death.

And the seven-star fate plate fell on Ye Fan's side.

"Buzz!"

For some reason, the Seven Star Life Plate trembled, making Ye Fan's body seem to be able to move.

Ye Fan worked hard and grabbed the seven-star chart.

all of a sudden.

He seemed to feel the power of fate, his hands could move, but they couldn't move.

"kill!"

Ye Fan did not hesitate.

Take out the supreme dagger, throw it out, and pierce the body of the old antique.

"break out!"

Forbidden power spreads.

"what!"

Old Antique screamed.

He was seriously injured by the force of fate, but now it was raided by the forbidden force, there is no way to survive.

Fall in the blink of an eye.

Ye Fan took back the supreme dagger, holding the seven-star life plate in one hand, his face full of frost and murderous aura.

"come!"

"I want to see, who can kill me!"

"come over!"

Chapter 1348: Entering the Dao again, Ye Fan is fierce!

Ye Fan beheaded an old antique, which was more shocking than beheading the four by Jiujianxian.

because.

Ye Fan is in the late stage of breaking the virtual.

"Come!"

"Kill me!"

Ye Fan held the supreme dagger in one hand and the seven-star fate plate in the other, holy and fierce.

The Great Wilderness Sect Master's eyes lit up: "What kind of baby is that!"

Holy Master Tianhuo said: "Good things, this kid has so many treasures, but he is too arrogant, kill him!"

Rumble.

Immediately, three old antiques came over.

"Good come!"

Ye Fan's eyes turned, Yuan Ying burst into light, and suddenly shouted: "Killing the Heart Curse!"

mental attack.

You must know that Ye Fan's spiritual power is comparable to that of the ancestors, which instantly made the three old antiques scream.

Where did they think that Ye Fan's mental power was so powerful.

"die!"

The Supreme Dagger and the Seven Star Fortune Chart are activated at the same time.

"Ahhhhh-"

The three old antiques were attacked, and they couldn't escape.

Fallen!

Ye Fan beheaded three old monsters again.

This record and the draw against Jiujianxian.

This made Jiujianxian's face twitch. Damn, I paid such a big price to kill four; this kid easily killed four.

No reason!

This time, the audience was shocked.

Dead silence.

If it was Ye Fan just now who took advantage of opportunities, but this time, it was by himself that he actually killed the three ancestors.

"This kid!"

"It's terrifying, his mental power is already at the same level as ours, how is it possible!"

"This child must be eradicated!"

The faces of the big men were all very ugly.

There are so many big people of them, if they still can't kill a kid, it will be rumored that they have no face to mix in the world of Xianshan.

Ye Fan took a deep breath.

Launching an attack and raiding three old antiques caused him to consume a lot of mental energy.

Very tired.

However, what excites him is that he can actually use the seven-star life chart, which is very easy.

It's incredible.

The seven-star chart, logically speaking, not everyone can use it.

Why can you.

Is it because he is the Holy Son of the Beidou Sect?

The seven-star destiny chart is psychic, can you recognize people?

Ye Fan couldn't figure it out.

But now I don't have the heart to think about it, he mocked: "A bunch of trash, really think I'm a soft persimmon. Come, come again!"

"The Great Wilderness Sect Master, the Heavenly Fire Holy Master, you two are the most jumping, you come!"

"dare!"

Ye Fan shouted.

The Great Wilderness Sect Master and Heavenly Fire Sacred Master turned ashen.

The other bosses didn't move.

Since Ye Fan is challenging, let the Great Wilderness Sect Master and Heavenly Fire Holy Master go, they don't need to take risks.

But.

The Great Wilderness Sect Master and the Heavenly Fire Sacred Master hesitated.

That's right.

hesitated.

To be precise, it's a little apprehensive.

Just now, Ye Fan attacked with his terrifying spiritual power, beheading three old antiques.

Now calling them again, wouldn't that be a trump card?

This can not be careless!

The leader of the Great Wilderness snorted coldly: "Boy, what are you proud of? You are just relying on magic weapons to succeed. Without magic weapons, you are a waste."

Holy Master Tianhuo said: "That's right, we don't need to entangle with you. Everyone, take action together and kill them!"

"Hahaha."

Ye Fan raised his head and laughed.

"Sure enough, they are a bunch of trash, the dignified and powerful master, and they don't even have the courage to fight against me. It's really trash opening the door for trash, trash has arrived home."

Empress Suzaku, Empress Qingluan, and Peony had strange expressions on their faces, and they had the urge to laugh.

Ye Fan is really bad.

The Great Wilderness Sect Master and the Heavenly Fire Sacred Master were disgraced, burning with anger and murderous intent.

"Boy, since you are courting death, this sect master will fulfill you."

"boom!"

Dahuang Key erupted with divine might.

On the other side, the Heavenly Fire Holy Master is also performing a lore.

Ye Fan sneered: "That's it? Don't you dare to fight in close quarters? That's all, you have used up all your courage to fight against me, so you can't ask for too much."

"Bastard!"

The Great Wilderness Sect Master roared.

"kill!"

"kill!"

The two giants joined forces.

This blow is not weak.

Rao is Qi Xianzhi and the others' faces darkened, but they didn't take action because Ye Fan didn't say anything.

That means that Ye Fan can resist...

Really?

Qi Xianzhi and the others were very puzzled.

And Ye Fan's face became solemn, and all his magic weapons emerged.

Fangcunshan, Wuxu Kunding, and Haotianjing provide super defense.

The demon-subduing pestle, the sky-breaking spear, and the heaven-equalling stick bloomed, bursting with divine power. At the same time, the Buddha's scriptures, the fragments of the book from the ground, and the scriptures of good fortune also bloomed in the body.

Not only that.

The Holy King has revived.

Not only the decrees of the Supreme Dao Sage Kings of the ancient Taoist sect, but dozens of sage king decrees, all recovered.

All the holy king orders, all recovered, surrendered to Ye Fan's head, like bright stars.

and!

and!

It is Tianbao.

There are two Tianbao in Ye Fan's body, one is the Tianbao jade hairpin of Taixutian, and the other is Taihun Tiantianbaoyu Ruyi, which was once controlled by Lan Yutian.

For some reason, the two Heaven Treasures had been silent for a long time, and now they have recovered.

"Oh my God!"

The audience was shocked, and the bosses were stunned.

good guy!

This Ye Fan, how come there are so many magic weapons, the most terrifying thing is that each one is extremely powerful.

They all seem to be invincible soldiers.

indeed.

Is such that.

Holy King Ling and Tianbing are all invincible magic soldiers, not to mention Haotianjing and Tianbao, which can be said to be imperial objects.

The boss was shocked as well as expected.

"boom!"

All the treasures broke out, and the lore of the Great Wilderness Sect Master and the Heavenly Fire Sacred Master was defeated.

Ye Fan resisted.

Not only that, Ye Fan launched a counterattack, the forbidden power of the Supreme Dagger broke out, and Ye Fan controlled it and swept away.

"not good!"

The two were so frightened that they did not dare to touch it.

"Heart Killing Curse!"

Just when the Great Wilderness Sect Master and the Heavenly Fire Sacred Master devoted themselves to fighting against the forbidden power, Ye Fan seized the opportunity and cast the Great Emperor's Secret Art to Kill the Heart Spell.

Terrible mental force shock!

"what!"

The Heavenly Fire Sacred Master and the Great Wilderness Sect Master were recruited, and the seven orifices bleed and were very embarrassed.

but.

They weren't as bad as the antiques, just injured, but not seriously.

"Ye Fan, you are dying!"

"kill!"

This time, the Great Wilderness Sect Master and the Heavenly Fire Sacred Master were angry and tried their best.

The two swooped down.

Ye Fan has no trump cards, all the magic weapons are displayed, there is nothing to fear.

A little devil can still go against the sky.

kill kill kill!

The Great Wilderness Sect Master held up the Great Wilderness Spear and wanted to smash Ye Fan; Heavenly Fire appeared in the hands of the Heavenly Fire Holy Master, turning it into a flaming spear, to nail Ye Fan to death.

"Evan!"

At this moment, Peony and the others exclaimed.

Baby use, not unlimited, need to consume too much energy.

Can Ye Fan still use the magic weapon to fight the second time?

The result is no.

Not really.

All the magic weapons have returned to the body, and Ye Fan has nothing to resist now.

But.

At this moment, Ye Fan was not afraid.

Because, the familiar feeling came, it was...

Enter!

Ye Fan entered the Dao again, and in an instant, his talent was soaring to the sky, reflecting a thousand miles.

This gloomy space is illuminated extremely clearly.

this moment.

Ye Fan moved.

Even if the small dragon veins did not completely enter the body, he moved.

After entering the Dao, it is inestimable.

Ye Fan is now, like a **** descended to earth, and like an exiled immortal, his white clothes fluttering, and his silver hair dances wildly.

"Senior, use your sword."

Jiujianxian was stunned for a moment, and then threw his magic sword to Ye Fan.

This kid, can swordsmanship?

"Pretend to be a ghost."

The Great Wilderness Sect Master looked ferocious, and the Great Wilderness key slammed down.

However, Ye Fan sang: "Holding the Thunder Lord to drive the Electric Mother, the cold light long sword and the dragon dance."

"scold!"

With one sword, the dragon came out.

The sword is like a dragon.

"puff!"

The Great Wilderness Sect Master was knocked into the air, his mouth split open, his throat squirmed, and he couldn't help but spew out blood in the end.

Ye Fan walked in the air with a cold expression on his face.

"You can fight three thousand miles in one body, and you can become a million teachers with one sword!"

Talent support.

Cultivation articles, tongue-in-cheek.

Poetry and poetry are weapons.

"scold!"

Another sword struck an old antique to death.

Ye Fan didn't stop, every word of the poem came out, and it was a sword that killed and even seriously injured a big man.

this moment.

The old folks were really scared.

Even the powerhouses like the Great Wilderness Cult Master are frightened.

Here, blood flows into rivers.

The three demon emperors that were secretly concerned about also had their scalps numb, and they still had lingering fears at the thought of confronting Ye Fan before.

At that time, if Ye Fan came like this, they would have died long ago.

This guy is too evil!

How could it be so terrifying? Could it be that a certain big man was reincarnated. In this world, there is really no reincarnation?

"You want to **** the divine fire of Empress Suzaku and Empress Qingluan?"

Ye Fan suddenly stared at the Lord of Heavenly Fire.

In an instant, the Holy Master Tianhuo was horrified, and he didn't know how to speak for a while.

"This last sword is left to you. If you don't die, this matter is over."

Ye Fan stepped out one step at a time, and the world resonated.

"Ten steps to kill a person, a thousand miles without leaving."

"boom!"

As soon as these words came out, the murderous aura was overwhelming, the sky shook, and the entire battlefield overturned.

Even the forbidden power of Soul Burial Ridge was attracted and swept in.

Many bigwigs retreated frantically.

And Ye Fan, standing in the air, like a god, overlooking the Holy Lord of Heavenly Fire.

He slowly raised the magic sword.

"Do not!"

The Lord of Heavenly Fire roared.

He sensed the danger of death, yes, indeed, Ye Fan locked him.

Surrounded by forbidden forces, he blocked his retreat.

He had to take Ye Fan's sword hard.

"Evan, you..."

However, before the Heavenly Fire Holy Master finished speaking, Ye Fan's sword fell.

"Ye Fan, you don't want to kill me."

"I am the Holy Lord!"

"Heavenly fire help me, burn everything!"

The hysterical roar of the Heavenly Fire Holy Master was so thorough, mad and desperate.

Even burning the blood of life.

All the cards have been used.

Ye Fan's sword is really amazing. The most murderous verse of Li Taibai, the poet, is terrifying.

Killing a person in ten steps, leaving a thousand miles behind!

Domineering!

Cool!

Ruthless!

Nothing beats it.

The ancient treasure thrown by the Heavenly Fire Holy Master was split open, the defensive treasure armor collapsed, and even the Heavenly Fire was split and bleak.

Skyfire fell.

"Do not!"

When the Heavenly Fire Holy Master was unwilling, it was of no avail, a bloodstain appeared between his eyebrows.

Subsequently.

The body is divided into two halves.

It exploded in mid-air and died.

"Shh!"

Ye Fan grabbed the Skyfire that was cut in half, and threw it to Empress Qingluan and Empress Suzaku respectively.

The two empresses were still in shock, and they didn't recover until they felt the fiery breath of the sky fire, and they swallowed the sky fire without being polite.

This is of great benefit to them.

"Wooooooo."

Everything is at peace.

The whole place was silent.

Rao Shi Dahuang's sect master widened his eyes, his face full of shock and disbelief.

Heavenly Fire Holy Master, was, beheaded!

Fallen!

this this this...

Just can't imagine.

Ye Fan's eyes swept across, and in an instant, many bigwigs were horrified, and they dared to compete for the dragon veins and fled wildly.

The Great Wilderness Sect Master gritted his teeth and was unwilling, but at this moment, Ye Fan made him extremely fearful.

He didn't see the sword just now, and many of the big guys present didn't see it clearly, because the forbidden power was wrapped around it, obscuring his sight.

But.

After killing the Heavenly Fire Holy Master in battle, he didn't even have a chance to escape, which means that Ye Fan also has the ability to kill him.

"Ye Fan, I remember! Let's wait and see!"

The Great Wilderness Cult Master still chose to retreat.

Soon.

In this world, only Peony and Jiujianxian are left.

And Ye Fan also broke away from the state of entering the Dao, blood spurted wildly, his body cracked, and he fell from the air...

Chapter 1349: The deepest taboo shot!

"Evan."

Peony rushed over, touched Ye Fan, checked it out, and his face was very dignified.

Wine Sword Immortal and the others rushed over.

Looking at Ye Fan's cracked body, Qingtian Ancient Emperor said: "Although he entered the Dao, he forced his ability to exert too much physical load. This kid is fundamental, but with the dragon veins, he can recover."

Qi Xianzhi said, "The dragon veins haven't completely penetrated the body."

Indeed, Xiaolongmai still has a tail outside.

Empress Qingluan said, "Join us to help Ye Fan recover. It would be a pity if this kid just died like this."

Empress Suzaku looked sideways.

She seemed to guess something, but didn't say much.

Jiujianxian, Peony, Qingtian Ancient Emperor, Qi Xianzhi, Suzaku Empress, Qingluan Empress, they all provided some valuable resources.

Afterwards, the two goddesses spit out the divine fire, threw Ye Fan inside, and used precious resources to build it.

The cracks in the body were repaired quickly, but it was not enough, Ye Fan was injured fundamentally.

This requires the power of dragon veins to repair.

"I'll try."

At this time, the Big Dipper leader came. He was seriously injured and there was a blood hole in his chest.

Qi Xianzhi healed the leader of the Big Dipper for a while and helped him stabilize the injury. Then the leader of the Big Dipper took back the seven-star life chart and began to perform some kind of secret technique.

The power of fate spread into Ye Fan's body.

Ye's injury really improved quickly, but he still didn't seem to wake up.

"what happened?"

Everyone was very puzzled, and the Big Dipper leader was also stunned.

It stands to reason that he can wake up completely. Now Ye Fan's injuries are not fatal enough.

"Except for some kind of accident, the situation is very bad, we are helpless, what should we do!"
Jiujianxian frowned.

"Leave here first."

The leader of the Big Dipper thought of sending Ye Fan to Tongtian Palace and using the Huntian Furnace to forge Ye Fan.

But.

Just as everyone was about to leave, the gloomy wind whistled, and the situation in this world changed color, as if there was some kind of terrifying existence.

"Could it be, those guys go and come back."

"no!"

Qi Xianzhi was very sensitive.

"Different aura, eerie and terrifying, very uncomfortable."

"Everyone be careful."

Everyone is on guard.

Suddenly, in all directions, the forbidden power spreads.

"not good!"

The crowd changed.

Strangely, however, these forbidden forces did not attack, but only surrounded them.

next moment.

Among the forbidden power, a pair of eyes appeared.

"Who!"

The crowd was shocked.

What is that existence, a pair of eyes, even made them extremely frightened.

Those eyes have the meaning of ignoring everything.

Strong!

Super strong!

Those eyes seemed to be looking at Ye Fan, ignoring Qi Xianzhi and the others, ignoring them naked.

However, Qi Xianzhi and the others are not angry, because this mysterious creature has this qualification.

Whoa!

At this time, the forbidden power separated, and handprints appeared all the time, grabbing towards Ye Fan.

This leaves everyone wondering what to do.

Do you want to stop it?

That is to anger this mysterious powerhouse.

Don't stop, watching Ye Fan being taken away, who knows what will happen and what will happen.

The fingerprints were suppressed.

Everyone's faces changed, and they made eye contact with each other.

finally.

They decided to stop.

For this reason, it would be a pity to give up on Ye Fan.

"boom!"

However, just as they were about to shoot, a black light broke through the forbidden power, and then the fingerprints exploded.

In the sky, a black monkey appeared.

"It's him!"

The Qingtian Ancient Emperor rang.

Those were the creatures in the ancient coffins excavated from the resource fields near the spooky gate territory.

Needless to say about the strength of the black monkey.

At that time, it disappeared after breaking the seal. I didn't expect it to appear here at this moment.

seem.

He wants to protect Ye Fan.

The black monkey glanced back at Ye Fan and said with a smile, "This kid, it's interesting."

Then, look back at the eyes.

The black monkey said coldly: "You can't move him. If you want to fight, this seat will accompany you."

"Come!"

One word, convey it.

It seemed to sound from the deepest part of Soul Burial Ridge.

With a big hand, the black monkey grabbed the Heavenly Soldier Qitian Stick from Ye Fan's body, and then, with a stick, the forbidden force around him collapsed, and the eyes disappeared.

"You go away first."

The black monkey said a word, and then killed into the depths of Soul Burial Ridge.

Qi Xianzhi said, "We can't help that senior, let's withdraw, go out and find a way to help Ye Fan wake up."

one day later.

They left Soul Burial Ridge.

at the same time.

Everything that happened in Soul Burial Ridge also spread, and Ye Fan killed more than a dozen big men in a row, which became the most explosive news.

Besides.

Heavenly Fire Holy Land is crumbling.

After the Heavenly Fire Sacred Master was beheaded, the mortal enemy Sprite Sect would definitely not miss this opportunity.

The sprite sect master took the lead in attacking the Heavenly Fire Holy Land.

And other forces definitely want a piece of the pie, such as the Great Wilderness Ancient Sect.

The Great Wilderness Cult Master lost in Soul Burial Ridge, and he had to scavenge a group from the Heavenly Fire Holy Land.

Many forces attacked, and Rao was the Heavenly Fire Holy Land with a strong background and could not bear it.

The Holy Land has been lost.

Only the most core area is left, and some elders and disciples are struggling to support, but within three days, they can also declare their demise.

"Do not!"

On this day, in the central core area of the Heavenly Fire Holy Land, Saint Son Leng Jue roared sadly.

"why!"

"Why is this happening! Our department has inherited the ancient holy land, why is it destroyed."

"Father, why did you fall!"

"Evan!"

"Everything is Ye Fan! I'm not reconciled! When I was on the periphery, I should kill him at all costs!"

"Ahhh!"

Leng Jue roared like crazy.

The next second, it was blown up by the lore that fell from the sky, and there was no scum left.

This also announced that the last hold of the Heavenly Fire Holy Land was shattered.

a time.

Rivers of blood.

On this day, the Heavenly Fire Holy Land was destroyed.

This ancient Taoism, which has been passed down for a long time, was buried in Ye Fan's hands, which made people sigh and sigh.

The major forces are making a lot of money and eating a lot of oil.

at the same time.

Qi Xianzhi and other bigwigs are all in Tongtian Palace. Palace Master Qingluo takes out the Huntian Furnace, and Ye Fan is in it, and everyone builds it together.

A large number of valuable resources have been sent in...

It can be said that Ye Fan's physical strength has increased again, and his physical injuries have recovered as before.

But he didn't wake up.

Psychologically checked, no damage whatsoever.

This confuses the boss.

Seven days later, at Soul Burial Ridge, a black light rushed out. The black monkey was covered in blood, and his injuries were not minor.

But.

He grinned and said with a sneer, "Big caterpillar, fight me, you won't be killed."

"After getting the Chongling Pill, Ye Fan can wake up."

The black monkey sniffed, even after so many days, he could still find Ye Fan's breath.

Turned into black light, pursued away.

In the depths of Soul Burial Ridge, a giant monster was also covered in blood, and he growled angrily.

Because, he fought with the black monkey, and did not get any benefits, but was robbed of a rushing pill.

"Stinky monkey, wait for me, I will definitely smash you into tens of thousands of pieces." This big monster was the same as what the black monkey said, like a huge caterpillar.

He devoured many resources, then fell asleep and repaired the injury.

The black monkey came to Tongtian Palace, but did not go in, and directly smashed the Chongling Pill into the Huntian furnace and entered Ye Fan's body.

"senior!"

Qi Xianzhi and the others rushed out.

The black monkey said: "That's the rushing pill. After swallowing it, Ye Fan can wake up. The reason why he can't wake up is because he is contaminated by forbidden power."

"Senior, what is the deepest part of the soul of praise?"

"Very powerful guy, that guy seems to like Ye Fan, maybe one day he will come out. Not much to say, I'll withdraw first. Tell Ye Fan, I like this stick very much, it's mine, it's my responsibility He **** the compensation from the rushing elixir."

"senior..."

"My grandson, go too!"

Chapter 1350: peak

Ye Fan took the Chongling Pill, and sure enough, his consciousness began to recover.

To be honest, Ye Fan was unable to control the forbidden power of Soul Burial Ridge, which was entirely due to the Supreme Dagger.

therefore.

More or less Ye Fan will be contaminated with some forbidden powers, but due to the existence of the Supreme Dagger, it will not cause him much harm, but it is a potential threat. Once Ye Fan's injured state is weakened, it will pollute Ye Fan's spiritual consciousness.

This is like being infected with a virus, it does not necessarily get sick immediately, but it will break out when the resistance is weak.

a truth.

Chongling Pill is a pill that washes away spiritual pollution.

Of course.

Ye Fan can use the Great Purification Technique and the Great Dispelling Technique, but in that situation, Ye Fan never thought that he would be polluted by the forbidden power, and he was seriously injured, so it was too late, and he couldn't think of it.

Gradually, Ye Fan recovered.

"Great Purification Technique!"

"Great Dispelling Technique!"

Under the action of the two supernatural powers, he completely recovered his clarity.

at the same time.

Ye Fan began to practice.

You know, there are small dragon veins in his body, but the small dragon veins are convinced.

Now, he needs to nurture the small dragon veins, so that the small dragon veins will gradually grow and become full of vitality.

In this way, the power of the dragon can be continuously provided to him, and the two sides can be said to be mutually beneficial and win-win.

And nourishing the dragon veins requires a strong body.

At present, Ye Fan's 79th-level Celestial Hegemonic Body is indeed a powerful group, but he can still improve.

The bosses threw a lot of precious resources into the Huntian Furnace, some of which were treasures from heaven and earth.

Using the chaotic furnace, you can create a fleshy body.

Ye Fan's physical body continued to strengthen, even if the level of Celestial Dominance did not break through.

His flesh and blood is full of energy.

However, Ye Fan suddenly discovered that the small dragon veins came to the origin of his own bloodline, and seemed extremely happy.

In the origin of yin and yang blood veins, the small dragon veins have been extremely nourished.

"not good!"

Suddenly Ye Fan's color changed.

Xiaolongmai is absorbing his bloodline origin, which is not a good thing.

"stop!"

Ye Fan stopped drinking.

However, the little dragon's veins kept going, and in a short period of time, one third of the source of the blood veins was absorbed.

Ye Fan felt a little empty.

And the small dragon veins, the vitality skyrocketed a lot.

At this time, the small dragon veins also stopped absorbing and fell into a deep sleep, but before falling asleep, a majestic dragon vein power was conveyed and fed back to Ye Fan.

"readily!"

Ye Fan's heart was balanced.

At the same time, his eyes were bright, and he looked up to the sky and shouted: "Give me a breakthrough to the peak of the void!"

boom!

At this moment, Ye Fan finally stepped into the realm of the peak of breaking the void, and his combat power was further improved.

The big guys outside smacked their tongues.

In the late stage of Shattering the Void, it was so fierce. Now that he has broken through to the peak, Ye Fan's combat power has improved.

I'm afraid they can't beat Ye Fan.

"Shh!"

Ye Fan rushed out of the Huntian Furnace and said with a smile, "Seniors, thank you very much."

"In return, I will pass on a powerful magical power to you, the Great Blessing Technique! The Great Expansion Technique!"

"Hoohoo."

Several memory fragments rushed into the minds of Jiu Jianxian, Empress Suzaku, Ancient Emperor Qingtian, Empress Qingluan, Qi Xianzhi, Peony, Qingluo, Master of Tongtian Palace, and Master Beidou.

Great Blessing and Great Expansion, which can be used to improve one's own combat power, are very useful.

The boss got two supernatural powers, which was a big surprise.

Incredible.

Qi Xianzhi praised: "What a powerful supernatural power, the Great Inflation Technique, can actually expand everything, even the combat power; the Great Blessing Technique, blesses everything, it is really a magical method."

Ye Fan said: "By the way, senior, what happened after I was in a coma?"

The leader of Beidou said what happened.

Ye Fan smiled and said, "Senior Black Monkey is really amazing, I really want to thank him."

The leader of the Big Dipper said: "He took your Qitian stick, which is an invincible magic soldier, and it can be regarded as an exchange for his kindness."

"That's true."

Ye Fan looked at the leader of the Big Dipper, he was still injured, and immediately performed a major healing technique to heal the leader of the Big Dipper.

This method surprised the bosses again.

Ye Fan thought for a while, then smiled: "The Great Healing Technique is also a great magical power, and it is also useful to you. I will pass it on to you."

Ye Fan was not stingy.

He needs help, and must firmly tie these big men together.

He has more than 100 kinds of magical powers, and he doesn't care about them.

Of course.

The core powerful supernatural powers, such as the Great Devouring Technique, the Great Sealing Technique, the Great Purification Technique, etc., these supernatural powers cannot be taught.

Ye Fan's generosity also satisfied the bosses.

The ancient emperor Qingtian said: "It's okay, I should withdraw. Ye Fan, you are going to marry Yunxi soon, don't stay outside for too long, and return to the capital as soon as possible."

"clear."

Evan nodded.

Empress Qingluan took a deep look at Ye Fan and left.

After Qi Xianzhi left, Empress Suzaku snorted coldly, "Ye Fan, you and Qingluan are also making deals."

Ye Fan smiled bitterly.

He knew he couldn't hide it.

"Niangniang, that day in the devil's cave, she heard our conversation and knew that I could purify the blood of the phoenix. Later, when I was besieging and killing the Snake Emperor, I was seriously injured and dying, and Empress Qingluan secretly rescued me."

"So, you also promised to purify the Phoenix bloodline for him?"

"That's right."

Ye Fan did not deny it.

"I am a person with clear grievances and grievances. Mother Qingluan saved my life, of course I will repay; and mother, you have helped me many times, and I will definitely not be stingy."

"Then I have to praise you?"

"Uh, that's not necessary." Ye Fan touched his nose embarrassedly, "If Niangniang treats me better than Qingluan Niangniang treats me, then I will definitely help you to purify your blood to be more pure."

"You can do business."

Empress Suzaku sneered, rose into the sky, and left immediately.

Jiujian Immortal said: "The ancient emperor of Qingtian should know that you are valuable to Qingluan, so he let you marry Princess Yunxi."

"No way, it was calculated."

"This is my communication jade pendant. Take it. If you need any help, please contact me directly. I will not refuse within my ability."

Ye Fan was stunned.

Immediately understood that Jiujianxian was for Empress Suzaku.

really.

He and Qingtian Ancient Emperor are both infatuated.

"clear."

Ye Fan rudely put away the communication jade pendant.

After the bosses all left, Ye Fan returned to the Beidou Sect with the Big Dipper leader.

"Ye Fan, can you use the Seven Star Life Chart?" The Big Dipper Cult Master wanted to ask for a long time, but he couldn't hold back now.

"Indeed, I don't know why."

"It's amazing!"

The Big Dipper Cult Master clicked his tongue and said, "It's not easy to use the Seven Star Fate Chart. At present, the entire Big Dipper Cult is only me. No, now with you, the two of us can use it."

"Back then, in order to get the approval of the Seven-Star Fate Tablet, I spent three years of non-stop communication before establishing a connection with the Seven-Star Fate Tablet before I could use it, but you can use it directly, which is incredible."

"I can't tell."

"Looks like it's time for me to pass on the position of the Big Dipper leader to you."

"what!"

Ye Fan was stunned for a moment, then shook his head and said, "Sect Master, I'm not interested in managing the Beidou Sect, please spare me."

"You are still at the pinnacle, and your combat power is superior. You can kill the strong ancestors of the ancestors, and you can use the seven-star fate plate. You are worthy of the name of the Big Dipper leader. I think all the elders and disciples in the teaching are fully supportive."

"And I have been tired for so many years. I want to rest and take a break. By the way, I will comprehend the opportunity to transform into a **** and work hard to take that step."

"Just do it for me, boy."

Ye Fan was very embarrassed, but the Big Dipper leader directly threw the seven-star fate plate to him.

"This is an inheritance, you take it well, and I will arrange the ceremony."

Before Ye Fan could speak, the Big Dipper leader left.

Ye Fan looked at the Seven Star Fortune Chart, smiled bitterly, and could only agree.

one day later.

The news spread throughout the hinterland of Xianshan.

The Beidou Sect moved into the hinterland. Not many forces knew about it, but it is now public.

Because there is no need to be afraid, there is Ye Fan in charge.

this moment.

Only the major forces knew that Ye Fan was originally the holy son of the Beidou Sect, and the Beidou Sect was once a superpower in the hinterland of Xianshan.

It's back now!

Under the leadership of Ye Fan, he came back strong.

"Celebration Ceremony, Ye Fan is going to be the leader of the Big Dipper?"

"As it should be."

"I didn't expect such a young master of great power to appear. Although there are not many middle-level powerhouses in the Big Dipper Cult Master, Ye Fan alone is enough to support the entire Big Dipper Cult."

"Among the ten major forces, the Heavenly Fire Holy Land was destroyed, and the Big Dipper Sect just filled the vacancy."

"The Beidou Sect's enthronement ceremony, which invites all the heroes, can go to watch the ceremony and have a drink."

"Let's go!"

Countless creatures went to the Beidou Sect.

Among them, many of the younger generation of creatures came here because of their fame, wanting to pay tribute to the heroic appearance of Ye Huang and Ye Fan.

And this day.

A blast of news swept through, and Ye Fan said in person: All the forces that carve up the Holy Land of Skyfire must come to participate in the grand ceremony, and bring generous gifts, otherwise, he will come to visit.

The hinterland of Xianshan is boiling.

"So domineering!"

"As expected of Emperor Ye, invincible! Invincible! My idol!"

"Humph, Ye Huang should have done this. The Heavenly Fire Holy Master was beheaded by Ye Huang, and the Beidou Sect has not yet attacked the Heavenly Fire Holy Land. The Spirit Sect and the Great Wilderness Ancient Sect have divided up the Heavenly Fire Holy Land. How can Ye Huang not be angry?!"

"Look at it, I don't know what kind of metamorphosis will happen to the great forces such as the Great Wilderness Ancient Sect and the Ghost Sect."

"If you don't go, will Emperor Ye really attack those forces, tsk tsk, this will make the trouble even bigger!"

"..."

Countless creatures are waiting for the expression of the ancient forces of the Great Wilderness.

Great Wilderness Ancient Religion.

"Bastard!"

The Great Desolate Cult Master was burning with anger.

Ye Fan is simply humiliating!

"Ye Fan is motivated by hegemony. He must join forces with other forces to kill Ye Fan and destroy the Beidou Sect."

"Father, what the deputy leader said is right, Ye Fan must die." Huang Wutian also shouted.

The Great Wilderness Sect Master's face was gloomy and uncertain.

Of course he wanted to kill Ye Fan, but Ye Fan was not so easy to kill.

"Master!"

"The sect master and other leaders of the forces came and said that they would discuss important matters with you."

"Really? Please hurry up."

The Great Wilderness Sect Master was overjoyed.

After a while, the master of the spear and sprite and other masters of more than a dozen forces came. They entered the secret room and began to conspire.

the next day.

The Great Wilderness Ancient Sect, Sprite Sect and other forces have all expressed their opinions, saying that they will participate in the grand ceremony of the Beidou Sect.

"Is this surrender?"

"Emperor Ye is invincible!"

This undoubtedly made Ye Fanwei's fame skyrocket again, and the Beidou Sect was in full swing.

And this time.

The top of the mountain behind Beidou teaching.

Ye Fan was studying the seven-star natal chart, and he found that with the help of the natal chart, the effect of performing the great deduction technique and the great prophecy technique would be doubled.

"Um?"

Suddenly, Ye Fan noticed something.

Saw a corner of the future.

"interesting!"

"Since you are courting death, then I'm welcome."
