

## **Elegant SS 1351**

Chapter 1351: Great Wilderness Ancient Demon

three days later.

The Grand Ceremony of Beidou Sect.

On this day, all major forces sent representatives to come to congratulate, and the Beidou religion was very lively.

But that's not the point.

All the strength representatives are waiting, because the Great Wilderness Ancient Sect, Sprite Sect and other forces have not arrived.

"Evan, are you sure?"

Taoist Tianshu came to Ye Fan. A few days ago, Ye Fan suddenly summoned many bigwigs and began to arrange them.

Said to see a corner of the future.

On the day of the enthronement ceremony, there will be trouble, which is caused by the strength of the Great Wilderness Ancient Sect.

"Don't worry, the Great Wilderness Sect Master and the others will definitely jump, but they don't know, I can see a corner of the future and know what's going to happen!"

"Today, kill them all."

"Then, with the momentum of thunder, we will destroy the ancient religion of the Great Wilderness and the forces of the sect, and our Beidou religion will be the number one force in the hinterland of Xianshan!"

Tianshu Dao's heart surged.

Ye Fan's aura is really great.

At this time, Qingluo, the master of Tongtian Palace, arrived, and Ye Fan said with a smile: "Palace Master, I owe you, I won't be able to come back later, and I will give you more resources after destroying the forces of the Great Wilderness Ancient Sect."

Qingluo smiled and said, "Don't say that, I've got enough of you. But I don't know if it will work."

"Try it and you'll know."

The words fell, and there was movement in the sky.

"coming."

Woohoo.

For a time, the situation changed.

A powerful breath swept in.

The leader is the Great Wilderness Cult Master, a total of twelve power masters, all of them are here.

"Boom."

Twelve bosses are coming.

Ye Fan also floated over, and the Great Wilderness Sect Master smiled and said, "Ye Fan, congratulations on becoming the Great Wilderness Sect Master, and I hope that the Great Wilderness Sect Master and my Great Wilderness Ancient Sect will cooperate more in the future."

The words fell, and the masters of the forces such as the sprite gate also spoke up.

A peaceful place.

The representatives of the major forces were amazed. Could it be that the Great Wilderness Cult Master really succumbed to the counseling.

How is it so peaceful?

what to do.

I wanted to see a good show.

As the saying goes, if you don't reach out and don't hit the smiling face, although you know that the Great Wilderness Sect Master and the others are going to do something, they haven't moved yet, haven't they?

If he made the first move, he would not be reasonable.

Again.

Although Ye Fan saw a corner of the future and knew that a disaster would happen, he didn't know what means the Great Desolate Cult Master used.

So, he wanted to see.

"It's easy to say, the visitor is a guest, it's just..." Ye Fan changed his words and said meaningfully: "I don't know, the congratulations from you fellow Daoists..."

"Hahaha, Master Ye, you are really in a hurry, let me show you the generous gift we brought."

The Great Wilderness Sect Master waved his hand.

Immediately, the spiritual mountain was like a mountain, the waste of precious medicines, and the magic soldiers filled the sky.

"This seat presents 3 billion high-grade spirit stones, 800 magical medicines, and countless magic soldiers!"

"boom!"

The audience was shocked.

Rao was Ye Fan, and was also dumbfounded.

Not to mention those precious medicines and magic soldiers, three billion top-grade spirit stones alone are scary enough.

But it's not over yet.

With a wave of his hand, the sect master shouted, "My sect is not as strong as the ancient sect of the Great Wilderness. I will give Ye sect master 1 billion high-grade spiritual stones and 800 magical medicines."

"My Qinghaimen gave Master Ye a top-grade spirit stone of one billion yuan..."

"I gave Master Ye a top-grade spirit stone of one billion yuan to Chong Xiaozong..."

"..."

One after another, the masters of the forces opened their mouths.

The whole place was numb.

Twelve strengths add up, and the top-grade spirit stones alone are as many as 15 billion.

This is simply your great treasure.

Treasure medicines, magic soldiers, and medicinal herbs are even more numerous.

Oh my God!

The representatives of the major forces are breathing rapidly, and most of the powerhouses have never seen so many resources presented in front of them.

Ye Fan was not happy.

Instead, he felt a little heavy.

The more gifts are given, it means that the Great Wilderness Sect Master and the others will go to war in an all-round way and will never die.

do my best!

very good!

Come on then!

Ye Fan smiled and said, "Thank you, fellow Daoists, for your praise, then I, too, will be disrespectful to someone Ye."

However.

Just when Ye Fan was about to collect all the gifts, the Great Wilderness Sect Master sneered.

"Ye Fan, do you really think these gifts are for you?"

coming!

Ye Fan calmly asked, "Why not!"

"Hahaha."

The Great Wilderness Sect Master looked up to the sky and laughed.

"Ye Fan, do you think you are invincible in the world? You even uttered wild words and humiliated me. In this case, today, I will completely kill you and destroy the Big Dipper Sect!"

"No one can stop it!"

In an instant, the Great Desolate Cult Master broke out, and the Great Desolate Key appeared out of thin air, directly blasting the venue open.

Rumble.

Upside down, murderous.

The representatives of the major forces retreated frantically, but they were all very excited. Sure enough, it was not that simple.

Finally gotta fight.

"Ye Fan, your wolf son's ambition, everyone will kill him. Today, we will do it for the heavens." The head of the sprite clan shouted Lei Ting.

"Do it for the sky?"

Ye Fan stood on the square, white clothes fluttering, and sarcastically said: "It's just you? Do you have this strength?"

The leader of the Great Wilderness shouted: "Indeed, you Ye Fan is very strong, but can you easily enter the Dao? I can't see it. If you don't enter the Dao, you are a waste, killing you like a slaughtering dog!"

The sect master shouted: "Ye Fan, we know that you called the Qingtian Ancient Emperor and the others, so that they don't have to hide, come out quickly."

"I'm sorry, Qingtian Ancient Emperor and the others are not in Beidou Sect." Ye Fan shook his head.

The Great Wilderness Sect Master was shocked.

not there?

It doesn't seem like Ye Fan is telling a lie. For this reason, there is no point in telling a lie.

what happened?

Is it possible that Ye Fan can really enter the Dao at will?

If so, it's hard to do.

However, the arrow is on the string, it has to be sent, and the face is torn, and there is no room for manoeuvre.

"Start!"

Along with the Great Wilderness Cult Master Yishe shouted to the sky.

I only saw that the 15 billion high-grade spirit stones began to burn, and a large formation quietly appeared.

Not only high-grade spirit stones, but even the magic soldiers and precious medicines were all burned.

For a time, monstrous energy erupted.

this moment.

Only then did all the creatures understand that the Great Wilderness Cult Master did not give reasonable gifts at all, but regarded those so-called gifts as resources and provided energy before starting the peerless magic circle.

Is that a magic circle of Sheen?

What kind of terrifying power actually needs such a huge amount of resources to provide energy!

Ye Fan stood still.

But his face was very serious. It turned out to be like this. He understood, and immediately sent a message to Taoist Tianshu to let them evacuate the disciples.

In fact.

The vast majority of disciples have long since left the Beidou Sect.

Ye Fan stood with his hands behind his back.

Seeing this, the leader of the Great Wilderness became even more angry, "Ye Fan, you are still pretending to be criticized, and you don't even know when you are about to die."

"Do you know what magic circle is this?"

"This is an ancient magic formation, and it is the oldest formation of my ancient religion in the Great Wilderness. It can summon the legendary ancient demons of the Great Wilderness."

"You can never imagine that the Great Wilderness Ancient Demon's forehead is powerful. With so many resources burned, it can only take a single stick of incense to summon the Great Wilderness Ancient Demon, which is enough to show how terrifying the Great Wilderness Ancient Demon is."

"So, today, you must die!"

"Tianwang Laozi can't save you. It's a pity, Qingtian Ancient Emperor and the others are no longer, otherwise, they will be killed together!"

"open!"

The Great Wilderness Sect Master screamed frantically, his voice was hoarse, the magic circle burst into the sky, and the power was indeed terrifying.

An aura of desolation and vicissitudes pervaded the air, suppressing everything, making the spectators from afar tremble, and they retreated again, fearing that they would be affected.

Ye Fan's body couldn't stop shaking.

This is caused by too much pressure.

He broke out of the sky and recovered fully, and only then did he stop trembling.

"The Great Wilderness Ancient Demon, it's very interesting."

Ye Fan still didn't move, waiting tightly.

The momentum is getting bigger and bigger.

At a certain moment, the great desolation in the sky erupted, filling the entire Beidou Sect territory, making countless spectators terrified.

A palpitation from the soul was born.

"The ancient demon is invited to come!"

With the cry of the Great Wilderness Sect Master, the sky swayed, as if some creature Geng Yao split the heaven and the earth and descended.

The twelve big men headed by the Great Wilderness Cult Master burst out with all their combat power, and the magic circle burst into a splendid brilliance.

finally.

In that light, in the rich desolate atmosphere, a vague outline appeared.

A distant voice sounded.

As if, something is recovering.

"who is it!"

With two words, all the mountains and rivers in the Beidou Sect's territory collapsed.

"Who called me!"

The words of vicissitudes resounded throughout the world.

Ye Fan finally became extremely shocked. He originally thought that the so-called summoning of the ancient demon of the Great Wilderness was just a phantom.

But.

Now that Great Wilderness Ancient Demon has spoken, what does this mean?

Only living beings can speak.

The Great Wilderness Ancient Demon is still alive?

How can it be!

Those creatures from the ancient times, how could they still be alive?

Rao is the leader of the Great Wilderness and was also frightened.

However, the next moment, he was extremely excited and shouted: "Respected Lord Ancient Demon, I am the leader of the ancient sect of the Great Wilderness. I call you to come and suppress the evil demon."

"Please Lord Ancient Demon take action."

The twelve big men knelt down and bowed in unison.

Rumble.

Shaking.

The Great Desolation Qi was divided, and a terrifying creature emerged, how terrifying.

That is the Great Wilderness Ancient Demon.

Standing tall.

Like a god, a true god.

At this moment, Ye Fan finally shouted: "Fighting the stars and shifting the great formation, start it for me."

"boom!"

The 20 billion top-grade spirit stones and the 100,000 top-grade spirit stones were all burned.

More abundant resources than the previous Great Wilderness Cult Master and their congratulations are burning wildly here.

The violent energy, the oppressive leader of the Great Wilderness, and their bodies are about to burst.

"what!"

They were shocked.

And Ye Fan was in the center of the energy storm, and he roared again and again: "Fuzhuanxingxiao, let me go!"

Rumble.

The great formation was activated, and the power encapsulated the Great Desolate Cult Master, their twelve lords, and even the Great Desolate Ancient Demon.

Go go!

Turn around!

This is Ye Fan's method.

From Xianmo Cave, Qingtian Ancient Emperor, and Lei Family Wanbaozhai, 20 billion top-grade spirit stones and 100,000 top-grade spirit stones were obtained.

Just for the sake of shifting the stars.

And he wants to move everything from the Great Wilderness Sect Master and the others away from the Big Dipper Sect.

"Bastard!"

The leader of the Great Wilderness was extremely furious, but he did not expect Ye Fan to have such a generous hand.

Great deal.

"kill!"

They struggled and wanted to break the power of the great formation, however, it didn't work.

Turn around.

Everything did not move away, and the twelve big men of the Great Wilderness sect mastered the Great Wilderness Ancient Demon, and even Ye Fan, all disappeared.

Beidou teaching, empty.

The onlookers were stunned.

at the same time.

180,000 miles away, the Shadowless Mountain Demon Cave.

Qi Xianzhi, Qingtian Ancient Emperor, Jiu Jianxian, Suzaku Empress, Qingluan Empress, Peony, and the ancestors of the Lei family are all here.

In front of them, there is a chaotic furnace.

The treasure of Tongtian Palace.

Suddenly, Qi Xianzhi shouted, "Come on!"

"recovery!"

The big guys shot together, and countless spirit stones were burned, bursting with energy.

Hundred days furnace recovery.

It is like an ancient beast, controlling the \*\*\*\* mouth.

this moment.

The sky was torn apart, and Ye Fan appeared with the Great Wilderness Cult Master and the Great Wilderness Ancient Demon.

"Evan!"

The Great Wilderness Sect Master roared.

"Seniors help me!"

Ye Fan's body was full of cracks, and his body almost exploded when he couldn't bear the pressure.

Qi Xianzhi and the others shot.

"Go in!"

The powerful repressive force smashed Ye Fan and the Great Wilderness Sect Master into the Hundred Heaven Furnace.

"Do not!"

The big bosses such as the leader of the Great Wilderness roared, containing shock and fear at the same time.

"Roar!"

The Great Wilderness Ancient Demon roared.

The Huntian furnace swayed, and the big men vomited blood together, their faces pale.

"Hurry up and stabilize the Huntian Furnace."

Qi Xianzhi shouted.

However, even if they did their best, the Huntian Furnace seemed to be unable to stabilize.

because.

The Great Wilderness Cult Master, their twelve big men, plus the terrifying Great Wilderness Ancient Demon, are really too powerful.

"Ye Fan come out!"

Peony screamed.

However, Ye Fan couldn't get out at all.

This is Ye Fan's plan, to transfer the Great Desolate Sect Master and the others to the Huntian Furnace by using the Douzhuangxingxingzhuan and forcibly refining them to death.

This trick is not without poison.

However, Ye Fan didn't expect the Great Wilderness Cult Master's cards to be so terrifying, summoning the invincible Great Wilderness Ancient Demon.

Now, his situation is extremely critical.

"Ye Fan, you are so ambitious, you want to kill us all. Ahhhh, I'm going to kill you!"

"kill!"

The twelve big men shot together.

Ye Fan can't enter the Dao, even if he is the peak of the broken virtual, but he is not the opponent of the twelve bosses.

"Destroy!"

When life and death were at stake, a black light rushed into the Huntian Furnace, destroying all the attacks of the twelve bosses.

Ye gasped heavily, as if he had walked through the gate of hell, and he shouted in surprise, "Senior, you are here!"

The comer is the black monkey.

Holding the Heaven-equalling Stick, he knocked all the twelve big men of the Great Desolate Cult Master into the air, and then looked at the Great Desolate Ancient Demon.

"It's just a law."

The black monkey snorted coldly, grabbed Ye Fan with his backhand, and threw Ye Fan out of the furnace.

"Heaven and Earth Demon Ape,"

The Great Wilderness Ancient Demon spoke, very shocked, "I didn't expect that there is such a top-level alien, but you are too weak."

"die."

The Great Wilderness Ancient Demon stretched out his palm and killed it.

"If it were your real body, I would definitely shy away from it, but it's just a dharma sign, what are you pretending to be."

"break!"

The Heaven-equalling Stick in the black monkey's hand smashed violently, and the palm of the ancient demon of the Great Wilderness cracked open.

The Great Wilderness Ancient Demon was extremely angry: "The humble ants dare to hurt me and destroy them all."

"The power of desolation."

Woohoo.

The power of a desolate aura washed down, and it seemed to make life fall into a dead silence.

Deprived of life force.

Chapter 1352: Ancient Ruins

The power of desolation is so terrifying that it actually dimmed the light of the Heavenly Furnace.

Visible horror.

Even the Great Desolate Cult Master and the other twelve big men were affected, contaminated with some desolate power, their bodies decayed, and opportunities for life were taken away.

Ye Fan saw that an arm of the spear sect master turned into a shriveled state.

All vital energy is annihilated.

For this reason, the sect master had to cut off this arm; the other bosses also suffered more or less injuries.

The leader of the Great Wilderness shouted: "Master Ancient Demon, please don't hurt us, we are your most loyal believers."

However, the Great Wilderness Ancient Demon had no intention of paying attention to him, and was fighting the black monkey wholeheartedly.

Heaven and Earth Demon Ape.

This is the true identity of the black monkey.

This is one of the rarest alien species between heaven and earth. It was raised by nature, and the ape of heaven and earth that grew up was terrifying.

Even ancient real dragons can fight.

Even the most powerful golden-winged Dapeng must retreat.

At this moment, in the face of the terrifying power of desolation, the black monkey is not afraid at all, but has a fighting spirit.

The dancing stick in his hand was able to stir the heavens and the earth even across the Heavenly Furnace.

The power of the sky and the power of the earth surged.

"Heaven and Earth Demon Ape, born to be raised, can be used as a limit to resonate with heaven and earth, and use the power of heaven and earth!"

"sharp!"

The turbulent power of heaven and earth rushed into the Hundred Heaven Furnace, on the one hand, it stabilized the Hundred Heaven Furnace, and on the other hand, it impacted the power of desolation.

As for the black monkey body, it slashed towards the ancient demon of the Great Wilderness like lightning, and slammed it down with a stick.

"boom!"

The Great Wilderness Ancient Demon shook his fist.

The fist collided with the Qi Tian Stick, and the Qi Tian Stick was so powerful that it was directly smashed.

However.

The Great Wilderness Ancient Demon will not suffer, because this is only the Dharma, not the body.

"Boom boom boom."

This battle was actually not as difficult as it was imagined.

The Great Desolate Ancient Demon's dharma appearance is not the opponent of the black monkey, and the whole body is more than collapsed after being beaten.

Seeing this, the Great Wilderness Sect Master and the others were horrified.

Once the Great Wilderness Ancient Demon is destroyed, it will be their turn.

Ruined!

At this moment, the Great Wilderness Sect Master and the others showed fear.

One of the bosses finally couldn't bear the pressure and shouted: "Ye Fan, I surrender, I surrender, don't kill me!"

There is the first one, and the next one gets out of hand.

"I surrender too, let me out."

"Emperor Ye spare your life!"

"Emperor Ye, it's the Great Wilderness Cult Master and the Sect Master who bewitched us. We are only accomplices, and they are the masterminds. Please, Emperor Ye, let us live."

"you!"

The leader of the Great Wilderness and the leader of the spooky sect vomited blood.

"Bang!"

at this time.

An arm of the Great Wilderness Ancient Demon was blown up, and the next moment, half of his head was smashed off.

The aura of the Great Wilderness Ancient Demon is getting weaker and weaker.

The sect master couldn't bear the pressure anymore, and said through a voice: "What should I do, now is the end of death, let's admit defeat."

The leader of the Great Wilderness responded: "You think that if you admit defeat, Ye Fan will be able to let us go. That kid is ruthless and will definitely not let the tiger go back to the mountain."

"How is that good."

"Kill these guys, activate the core of the big barren key, maybe, there is still a chance."

"what!"

"There's nothing to be shocked. You die or I go. These grasses on the wall are useless, they are all beheaded. The Great Wilderness Key is a secret treasure created by the ancestors of our Great Wilderness Ancient Sect, and the owner has unparalleled power."

The face of the sprite sect master changed.

Finally, he nodded: "Okay!"

"Then let's begin."

The two looked at each other and launched a lore, instantly destroying the three masters of power.

"what!"

"What are you doing! You can't be crazy!"

The sudden change made the masters of these forces extremely furious, and Ye Fan and others were watching a good show outside.

War broke out.

Three were beheaded, and seven more.

But the leader of the Great Wilderness and the sect master of the spooky sect were indeed powerful, and they were able to suppress the seven power lords.

"puff!"

At this time, the leader of the Great Wilderness used the Great Wilderness Key again to kill a power leader.

All the energy was absorbed by the big waste spoon.

It can be seen that the light of the big waste key is a little brighter, and it will be easier for you next.

The power masters fell one after another.

The big barren key is getting stronger and stronger.

Ye Fan and the others found the clue, and they screamed that it was not good, reminding the black monkey.

"Come!"

Suddenly, the Great Wilderness Ancient Demon opened his mouth.

The big waste key that absorbed all the energy of the ten power masters has already shown extremely powerful power.

The inner core is working.

The desolate atmosphere permeates the air, and even exudes the power of desolation.

The Great Wilderness Ancient Demon grabbed the Great Wilderness Key and knocked the black monkey flying.

"puff!"

The black monkey spurted blood.

Seeing this, Ye Fan took out the supreme dagger, threw it in, and shouted, "Senior, borrow it!"

In Soul Burial Ridge, the black monkey saw the power of the dagger, and couldn't help laughing at this moment.

The Supreme Dagger bursts with forbidden power.

Against the power of desolation.

The black monkeys and the ancient demons of the Great Wilderness fought wildly, and the Great Wilderness Key and the Monkey King kept colliding.

The Heavenly Furnace trembled wildly.

The entire cave was shaking.

Ye Fan gave an order: "Seniors, come with me into the depths of the devil's cave!"

The reason why he chose the Devil's Nest as the main battlefield is because Ye Fan had careful thoughts and used the aftermath of the war to deal with the resentful lords below the Devil's Nest.

Although, it is very simple for him to kill the Wraith Lord at the peak of the void, but there are a total of thirty-three floors in the Devil's Nest.

To know.

Even Jiu Jianxian, Empress Suzaku, Empress Qingluan and Ancient Qingtian were only on the twenty-eighth floor, and they didn't go down, which was enough to show that on the twenty-ninth floor and even lower, there were extremely terrifying resentful spirit lords.

"Boom."

The big bosses joined forces and dived with the Huntian Furnace.

The twenty-eighth floor!

"boom!"

breakthrough.

On the twenty-ninth floor, the resentment here tripled.

Rao is that Ye Fan is not easy to accept.

at the same time.

The roar of the resentful lord came, and after a while, three lords appeared.

What shocked Ye Fan was that the combat power of the three lords had indeed reached the level of the ancestors.

This is only the twenty-ninth floor.

On the lower thirty, thirty-first, thirty-two, and thirty-third floors, what terrifying lords of resentful spirits will there be?

"Large Arrest!"

"Fighting to the stars!"

Ye Fan made a move, made a move with all his strength, used up all his cards, and moved the three lords into the chaotic furnace.

Immediately.

The lord screamed.

Calcination in the Heavenly Furnace is the most feasible option for Wraith.

The three resentful spirit lords went crazy and attacked indiscriminately.

They bear the brunt.

This is also easy to understand. The so-called resentful spirit lord has no clear consciousness, but he still knows the danger.

The Black Monkey and the Great Wilderness Ancient Demon were too dangerous, they could only kill the Great Wilderness Cult Master.

However.

Just beheading the ten power lords and restoring the Great Desolate Key with all his strength, the Great Desolate Cult Master and the spooky sect master consumed a lot.

At this moment, it is still the opponent of the three lords.

They were hunted to hide in the east, but they could not escape.

"boom!"

A loud bang.

There seems to be a result.

The Black Monkey and the Great Wilderness Ancient Demon temporarily ceased fighting. It can be seen that the Great Wilderness Ancient Demon's body is full of cracks, and it seems that it will collapse at any time.

The light of Dahuang Key is not as strong as before.

The black monkey was also covered in blood.

However, holding the Equalling Stick, he has an overwhelming sense of pride and a mighty aura looking down on the heavens and the earth.

"You're really good. I don't have much power in this dharma, so I can't suppress you."

"It's good to know!"

The black monkey snorted coldly and seemed very arrogant.

The Great Wilderness Ancient Demon said, "It's not like being proud, my body, crushing you to death is like stepping on an ant."

at this time.

Ye Fan entered the Huntian Furnace, confronted the ancient demons of the Great Wilderness, and asked, "Are you still alive? How is that possible. How did you survive such a long time. Self-imposed?"

The Great Wilderness Ancient Demon looked at Ye Fan and said coldly: "Boy, you are indeed a monster, but that's all. In the ancient ruins, there are not many monsters like you, but there are not many."

"Ancient ruins, what place is that?"

"That's the new star that some invincibles are looking for after the fall of Zuxing. Unfortunately, it is far from Zuxing, but it is enough for some ethnic groups to live."

The Great Wilderness Ancient Demon sighed with emotion.

"For countless years, the ancient ruins have become very prosperous, there are countless strong people, and you are just ants."

"Unfortunately....."

"The ancient ruins are also about to decline, and now we are looking for a way out."

"Zu Xing... um, will be back."

"One day, we will really come to Zuxing, and at that time, we will be beheading you."

The words fall.

The body of the Great Wilderness Ancient Demon gradually became illusory.

"Do not!"

The Great Wilderness Sect Master roared sadly.

The disappearance of the Great Wilderness Ancient Demon meant that his defeat was a complete loss, and his fate had come to an end.

"Bang!"

Black monkey with a stick.

Destroying the ancient magic of the Great Wilderness this time, the Great Wilderness Key fell.

Ye Fan grabbed the big waste key.

"return!"

The Great Wilderness Sect Master shouted, and the Great Wilderness Key trembled. However, Ye Fan cast the Great Sealing Technique and threw the Great Wilderness Key into the Wuxu Kunding.

"Evan!"

The Great Wilderness Sect Master's eyes were split.

The black monkey was another stick, blasting the three resentful lords, absorbing all the energy.

He fought against the ancient magic of the Great Wilderness, and was also injured. He needed resources to recover, and he did not leave it to Ye Fan.

Ye Fan didn't care.

He stared at the leader of the Great Wilderness and the Sect Master, and the two changed from anger to panic.

Immediately, kneel down.

"Ye Fan, spare your life."

Facing death, they were arrogant and finally bowed their heads.

Ye Fan said: "Dedicate everything you have, maybe you can save your life."

The sprite door master threw out the space ring, dedicating all the resources he carried.

The Great Desolate Sect Master gritted his teeth and threw out the space ring.

"That's not enough."

"Ye Fan, that's almost it, you can still loot those ten forces, enough for you to make a lot of money."

"Bang!"

Ye Fan punched the leader of the Great Wilderness Cult into the air.

The sprite sect master was horrified when he saw it, and called out some of the magic soldiers that had been nurtured in his body.

"That's right."

Ye Fan nodded and looked at the Great Wilderness Sect Master again, "My patience is limited, I am very interested in the unique skills of your Great Wilderness Ancient Sect."

"Ye Fan, your wolf ambition!"

"Noisy!"

Ye Fan showed no mercy.

Crazy bombardment of the Great Wilderness Cult Master, her body was broken, and she was seriously injured and dying.

Ye Fan, you have to die! Hahaha. I know you won't let me go at all. Even if I surrender everything, you will still kill me. "

"You're right, I will never let the tiger go back to the mountains and leave hidden dangers for myself. I will only cut the grass and remove the roots!"

"Then let's die together."

Outside, Peony's expression changed.

The leader of the Great Wilderness was very decisive, and directly blew himself up, blowing up all the sect masters miserably, and half of his body was blown into a blur of blood.

But.

Ye Fan was intact.

"Idiot, that's just a puppet of mine." Ye Fan sneered, and he didn't have any trouble in his heart for the death of the Great Wilderness Cult Master.

At the moment when the ancient religion of the Great Wilderness turned against him, it was doomed to such an end.

"Bang!"

Later, Ye Fan beheaded the head of the sprite.

Get out of the hell.

Qi Xianzhi said: "You are too cruel, I thought you would abolish their cultivation base and spare their lives."

"It's not necessary. It's better to kill a crippled person than to die."

Ye Fan said it calmly.

Qi Xianzhi and other bigwigs secretly clicked their tongues, they were really decisive and ruthless boys.

Calculate like a monster.

The pit killed the masters of the twelve forces!

Now, the hinterland of Xianshan is about to fry, and the Beidou religion will rise completely.

Chapter 1353: Ye Huang

Beidou Sect is still very quiet here.

The representatives of the major forces did not leave, quietly waiting for the result.

a moment.

The sky was torn apart, and a group of strong men walked out. The leader was Ye Huang, followed by the big guys.

"Emperor Ye is back!"

"What about the Great Wilderness Sect Master and the others, don't tell me..."

All living beings dare not think about it.

Ye Fan landed on the high platform of the enthronement ceremony. At this moment, the Taoist Tianshu came back with all the peak masters and elder disciples of the Beidou Sect.

"Everyone!"

Those two words made everyone's heart skip a beat.

That's right.

Ye Fan said with a smile: "The Great Wilderness Cult Master and other twelve power lords, who disrupted my succession ceremony, have all been put to death!"

boom!

Totally silent.

Silent.

A wave of panic spread, causing all the creatures to look at Ye Fan with awe and fear.

"Thank you for coming to join us. The following is the beginning of the ceremony."

The melodious bell rang through the heavens and the earth.

Sacrifices to heaven and earth.

After some tedious ceremonies, Ye Fan put on a robe with the Big Dipper on it.

now.

Ye Fan looked like an immortal.

Really like exile.

Yue Linglong, Princess Yunxi, and Leiya were all insane; Rao Shi Lan Yuxuan also blushed.

"I have seen the Big Dipper leader!"

"I have seen the Big Dipper leader!"

Numerous strength representatives and loose cultivators greeted each other.

Ye Fan opened his hands and said with a grand smile, "Today is my big day. In order to express my joy, I announce again..."

"The masters of the twelve forces of Fuzhu, except for the spooky sect and the ancient religion of the Great Wilderness, the other ten forces are all for you."

"Go divide and plunder."

At this moment, the world is boiling.

The representatives of the major forces were very excited. Ten forces, with endless resources, Ye Fan actually let them go.

"Thank you Emperor Ye!"

"Emperor Ye is generous!"

All beings are restless.

If he wanted to leave immediately, he had to participate in the division of the resources of the ten forces, but without Ye Fan's permission, he did not dare to act rashly.

Ye Fan waved his hand and said, "Let's go!"

"Thank you, Emperor Ye!"

All the creatures, a piece of black, moved in all directions.

And Ye Fan also turned around and said, "Several seniors can rest in the Beidou Sect for a few days. I'm going to the Great Wilderness Ancient Sect and the Ghost Sect to destroy everything."

"Peony, come with me."

"Okay."

...

Great Wilderness Ancient Religion.

It's a mess at the moment.

Countless disciples fled, and some elders made trouble, and the entire territory was in flames.

Before the central hall of the Great Wilderness Ancient Sect, Huang Wutian lost his soul and cried bitterly.

"how so!"

"Impossible, how could my father fall? It must be fake!"

"is fake!"

Desolate roar.

Suddenly, a figure descended and stepped on him. It was the vice sect leader of the ancient religion of the Great Wilderness.

"Vice Master, you!"

"I'm sorry Huang Wutian, Ye Fan killed me, we can't escape. I can only hold your head, and I want Ye Fan to take credit. Maybe Ye Fan can spare my life."

"Bastard!"

He vomited blood one after another in the deserted weather. He pointed at the vice sect master and roared hoarsely: "My father treats you well, you actually..."

"okay!"

The vice sect leader mocked and said: "Your father is a waste, and the master of the Lianhe sprite is a master of power. With countless resources, he couldn't kill Ye Fan, but the whole army was destroyed. It's really a waste."

"Not much to say, let's go, let me use your head."

"Do not!"

Ye Wutian shouted.

Struggle frantically, but to no avail, the treasured sword in the hands of the vice sect leader slashed down.

He closed his eyes in despair.

"puff!"

Blood spurted.

Huang Wutian felt his face hot, opened his eyes, and found that the head of the deputy leader was flying high.

puff.

The headless body fell to the ground.

"what!"

Huang Wutian was startled and suspicious. At this time, laughter came from behind him: "The dignified young master of the Great Wilderness Ancient Sect, why is he so timid, stand up."

Huang Wutian saw that it was a heroic young man.

This young man turned out to be at the peak of the broken virtual realm; and beside him, there was an old man in black robes.

The old man's breath was terrifying.

Huang Wutian felt that it was even more terrifying than his father. Obviously, the black-robed old man was at the ancestor level, and he was not an ordinary ancestor.

"Who are you?"

"Wu Lingjun, this is my protector."

"I do not know you?"

"It's not important, the important thing is that I can take you away."

Huang Wutian's face changed, and he didn't understand what the other party meant.

The old demon of Montenegro snorted coldly: "My master fell in love with you because of your conviction, but you still hesitate. When Ye Fan arrives, you will surely die."

Desolate and agitated.

"Okay, I'll go with you. You must have a grudge with Ye Fan, otherwise you won't save me."

"Smart!"

"Can I kill Ye Fan?" Huang Wutian's eyes were red, "My everything was destroyed by Ye Fan, I want him to die! There is no place to die!"

"Unfortunately."

Wu Lingjun sighed: "I can't do it yet, fighting alone, I can't do anything to Ye Fan; even if my Taoist protector takes action, Ye Fan also has Taoist protectors."

Desolate gritted his teeth.

Wu Lingjun said: "Your revenge should be avenged by yourself. Let's go, you are a monster, you can't grow in this cage, I will take you away!"

"What did you say?"

"Why do you ask so many questions, just come with us." The old demon of Montenegro snorted coldly.

"Okay."

Desolate nodded.

Due to the lack of time, he could only take away part of the resources of the Great Wilderness Ancient Sect.

Just a quarter of an hour after they left, Ye Fan and Peony came, and without a word, they directly destroyed the ancient mountain gate of the Great Wilderness.

"Emperor Ye spare your life!"

"Emperor Ye spare your life!"

The elders and disciples who were unable to escape were not moved, and knelt on the ground angrily, begging for mercy.

Ye Fan's mental power spreads.

His spiritual power is so powerful that it directly covers the entire territory of the ancient sect of the Great Wilderness.

"No desertion found."

"what?"

"This is the breath of Wu Lingjun, he came here before. He took away Huang Wutian!"

"This guy!"

Ye Fan's face sank.

Wu Lingjun is trying to cultivate a hidden danger for himself.

"Go, go to the sprite gate!"

Ye Fan and Peony disappeared again.

Just as Ye Fan thought, Wu Lingjun took away the barren queen and came to the spooky gate again.

In the same way, he took away the daughter of the sphinx sect master, spooky pill.

"call!"

Ye Fan Peony came.

"Damn, it's late, Wu Lingjun has come."

"Master Ye Huang."

At this time, a \*\*\*\* and charming woman flew over, and Ye Fan remembered that at this time, the spooky door contacted Tianjiao Meiniang.

The last time I came to sprite gate, I saw it.

"Did an outsider come just now and take someone from the spooky gate?"

"Yes, Lord Ye Huang, the sect master's niece, Ji Meiwan, was taken away, and I also saw the young master of the Great Wilderness Ancient Sect, Huang Wutian."

There was a trace of anger in Ye Fan's heart.

Peony said: "What are you angry about, they are just two small characters. No matter how evil Huang Wutian and Ji Meiwan are, they can't compare to you. It's just that you need to pay attention to the Wu Lingjun you mentioned."

"Can it be traced?"

"It's useless, it's too late, he will definitely leave the world of Xianshan, he can do it, because he has a list of gods from heaven. It's just..."

Ye Fan recalled.

The Fengshen Bang should only allow Wu Lingjun to enter and leave alone, otherwise, Master Taisu could have let Wu Lingjun leave him before.

It seems.

Wu Lingjun's research on the Conferred God Ranking has some gains, and he can take some creatures out.

Obviously, he couldn't take much away.

Ye Fan knew something.

He is very eager, although he and he have no deep hatred, blood hatred, but they are competitors.

Huang Wutian and Yu Meiwan are deeply feuding by the sea of blood.

If they go out, what will they do with the Tianzun Palace?

There should be no powerhouse in the outside world who has broken through the realm. Whether it is Ji Mei Wan or Huang Wutian, it can crush everything.

hateful!

Ye Fan was furious.

"Okay, it's no use in a hurry, go back first." Miao Mudan comforted.

"Mei Niang."

"Emperor Ye, I am here."

"From today, you are a disciple of the Beidou Sect. Immediately deal with the internal affairs of the spooky sect, and come and report to me in three days. Are you willing?"

Mei Niang was overjoyed: "Slave is willing!"

"I will tell the world that no one dares to touch you. You can rest assured."

"Yes."

Ye Fan and Peony hurried back to Beidou Sect.

He headed into the secret room, opened the seven-star horoscope, and frantically performed great prophecy and great deduction.

He wanted to predict the situation of the Heavenly Venerate Hall outside, however, the powerful prohibition of Xianshan World blocked everything.

"Then figure it out!"

"See if you can find a way to leave the world of Xianshan!"

Originally, Ye Fan wanted to capture Wu Lingjun and use the Fengshen Bang to leave.

But now, that plan has fizzled.

Who can Xiangdao Martial Spirit also have anti-sky good fortune, so strong, directly rushed to the peak of breaking the void, and the ancestor-level guardian.

This closure.

Just one month.

When Ye Fan came out, all the senior leaders of Beidou Sect came.

"Master, are you all right?"

"It's fine, I'm fine, very fine." Ye Fan's eyes were burning, because, after painstaking calculations, he finally had a clue.

Dragon veins!

This is the key to leaving the fairy mountain world.

"Sect Master, I'm here to report on the sprite gate..."

"No need, tell the vice hierarch, I'm not interested in these."

Although Taoist Tianshu abdicated, Ye Fan still let him be the deputy leader, and he was in charge of Beidou Sect on behalf of him when he was away.

"I'm going out."

Ye Fan didn't say much, and floated away.

A group of high-level faces looked at each other.

Taoist Tianshu smiled bitterly and said, "The leader is a genius, and he won't be trapped in a sect. Don't complain."

Everyone was relieved.

And Ye Fan, he handed in the peony and embarked on a journey of pursuit.

Ye Fan is looking for the dragon girl.

Since the dragon vein is the key, and the dragon girl is so familiar with the dragon vein, and even has the secret method of integrating the dragon vein, she must have a chat with her.

Even if she doesn't agree, then force it.

direct repression.

Now, Ye Fan is confident enough to fight the dragon girl.

The power of destiny left in the dragon girl before, this is the biggest clue, which can be accurately pursued through the seven-star fate chart.

a few days later.

Ye Fan and Peony came to an unknown area.

The world of Xianshan is huge.

Even after countless years, there are still many places that have not been developed, and no living creatures have even set foot there.

At this moment, Ye Fan came to such a place.

There should be no life here, it is extremely ancient, and it exudes a vicissitudes of life.

Ye Fan and Peony performed a great invisibility technique and entered silently.

Finally he found a portal.

The breath of the dragon girl is obvious.

"Who!"

Unexpectedly, the dragon girl was so keen that she discovered that there was a living being coming.

"hold head high!"

A dragon roar.

The sky really swayed.

Later, the power of the dragon veins spread, which seems to be the tentacles of the dragon girl, allowing him to perceive everything in the void, the world, and the earth.

"It's you!"

When the dragon girl found out, her face changed greatly.

Ye Fan and Peony appeared.

"Clap clap clap."

Ye Fan clapped his hands and praised, "I really admire your perception."

The dragon girl instantly entered a state of battle, and said coldly, "I admire you for being able to find this place. Why, don't give up and kill me."

"Do not!"

Ye Fan shook his head.

"This time, I want to reconcile with you, and at the same time, to conspire together!"

Chapter 1354: Ancient Dragon Vein

"Reconciliation? Conspiracy?" Dragon Girl sneered, "You think I'm a fool, but I will believe you, a despicable and shameless villain!"

"Why am I so despicable and shameless?"

"Suddenly attacked me at Soul Burial Ridge to \*\*\*\* my little dragon veins, isn't this a shameless act!"

"You can't say that. In the cultivation world, those who have the ability will get the treasure, whoever sees it first will get it..."

"enough!"

The dragon girl waved her hand, her face was cold, and her eyes were even more frigid, "I have nothing to say to you, leave immediately, or you will pay a huge price."

Ye Fan glanced at it and said, "This is your base area and it should be arranged. If we fight, we can't escape the benefits, but it's not easy for you."

The dragon girl gritted her teeth.

This bastard, who stole the little dragon veins, dares to come to the door and kill me!

damn it!

Woohoo, for a while, the cold wind whistled and murderous intent boiled.

The dragon girl entered a state of battle.

Ye Fan said: "I said, this time I came here not to fight with you, but to conspire together."

"I ask you, do you want to leave this fairy mountain world?"

The dragon girl was taken aback.

Ye Fan continued: "I have clues and clues to leave the world of Xianshan, and I need your help. This is what I call a major event. Of course, if you don't want to leave and just want to carry this cage forever, then forget it."

"Can you leave Xianshan World?"

"Otherwise, what would I come to do with you? Since I dare to say it, there is a way. To be honest, I came in from outside the world of Xianshan. I am not inferior to the indigenous creatures here."

Ye Fan spread his hands and said with a smile, "Now, can we sit down and have a good chat?"

The dragon girl sneered: "You are tricky, don't try to deceive me easily. Leave immediately, otherwise, you will never die!"

"Ugh."

Ye Fan had a headache.

How could this woman not believe it.

Peony said: "Little girl, I advise you to have a good chat with Ye Fan, otherwise, you will be very embarrassed."

"Haha, although you are at the level of the ancestors, it is not enough to kill me!"

"But you can't escape either. Horn of the Ends, no matter where you are. We can find you. Do you want to spend the rest of your life on the run, worrying about it all day and night?"

Peony's words are too lethal.

The dragon girl's expression changed.

The fact that Ye Fan can find here means that there are mysterious methods, and she may really not be able to get rid of the entanglement.

"We are the same kind of people."

"You can fuse the dragon veins, and I can also enter the dragon veins into the body. Our bodies are all fused with the soil, right?"

"This shows that we are very destined."

"Our contradiction is nothing more than the small dragon veins. In this way, I can give you a promise that we will cooperate to leave the world of Xianshan. After we go out, I will give you the small dragon veins."

Peony looked sideways, not expecting Ye Fan to make such a decision, and he really paid for it.

The dragon girl was also surprised.

For a moment, she restrained her breath and said, "It seems that you are indeed sincere."

Ye Fan smiled and said: "That's natural, I can even make an oath of heaven in front of you to make you feel at ease; of course, as a condition, I need you to cooperate with my actions wholeheartedly, and strive to leave the world of Xianshan, but not in the heart. ulterior motive."

"If you agree, we will swear now, and the world will witness."

"No need!"

The dragon girl snorted coldly.

"I don't trust anyone, so I won't make an oath of heaven. If you want to talk, you can, come in."

Ye Fan and Peony looked at each other and landed with the dragon girl, talking about the place where the dragon girl lived.

This is an underground palace.

The carved beams and painted buildings are very beautiful.

Moreover, it is extremely luxurious, even the walls are inlaid with orbs, and many magical medicines are even seen growing on the ground.

It's simply too rich here.

"You will enjoy it."

"so so."

The dragon girl sat down, grabbed a jade pot, and poured out some liquid.

Immediately.

The aroma is diffuse.

When I smell it, it makes me feel relaxed and happy, and I can't help moaning.

"Earth milk."

Ye Fan clicked his tongue.

"This pot of earth core milk is invaluable. I didn't expect you to come and drink it at will."

"I haven't seen the world."

The dragon girl said unceremoniously.

Ye Fan drank it all in one gulp, and the aftertaste was endless, and then he entered the main topic: "I have mastered the method of evolution, and obtained clues. Leaving the world of Xianshan has something to do with dragon veins."

"Dragon vein?"

"Yes, that's why I came to you. I believe that you have a deeper understanding of the dragon veins than any creature in the Xianshan world."

There was a hint of pride on the dragon girl's face, and she said proudly: "What you said is not bad. My understanding of the dragon veins is the second in this fairy mountain world, and no one dares to be the first."

Ye Fan said: "There are not many clues I have deduced now, and the dragon vein is the key. Therefore, I thought, should I find the largest dragon vein in the Xianshan world before I can leave here?"

The dragon girl pondered: "The largest dragon vein in the world of Xianshan, this is too abstract, it is too difficult to find. But..."

"It's nothing, but it doesn't matter."

"I did have a discovery, an ancient dragon vein, but its vitality has been annihilated by 99%, and there is only a chance. I found it ten years ago, but I couldn't get close. That ancient dragon vein must have been extremely brilliant, even if it is now almost dead, there are still Is it possible that the ancient dragon vein is the largest dragon vein in the world of Xianshan?"

Ye Fan was overjoyed.

Unexpectedly, it really paid off.

"Please be sure to take us to see it. I think it may really be the largest and strongest dragon vein in the world of Xianshan."

"Hehe, aren't you afraid that I will trick you?"

"Since we are cooperating, we must believe in you. Of course, even if you cheat on me, you will not be able to kill me. I still have this confidence."

"You are so arrogant!" The dragon girl got up and said, "It's not too late, let's go and have a look. However, let's talk about it ahead, any treasures found in the ancient dragon veins are all mine."

"Can."

After a quarter of an hour, the three of them broke away.

It's a long way to go.

And the dragon girl seemed to be very confused, and stopped for a day in the middle of the way, looking for the direction.

In the hands of the dragon girl is a dragon-seeking plate, a treasure that can search for dragon veins.

Ye Fan wanted to inquire about the background of the dragon girl, but the dragon girl did not mention a word, it was very mysterious.

A few more days passed.

After crossing countless mountains, rivers and deserts, I don't know how many distances they have traveled, and finally, a vast sea appeared in front of them.

"right here!"

The dragon girl stretched her waist.

"I'm exhausted."

"That ancient dragon vein is just below this sea area, but we have to be very careful, there are many terrifying sea beasts in the sea area."

Ye Fan looked at this sea area, and for some reason, he suddenly thought of the East China Sea outside.

The three immortal mountains are all in the East China Sea.

Will it be within the Immortal Mountain, together with the East China Sea?

Thinking of this, Ye Fan was very excited and excited, and he took the lead in entering the sea.

Spiritual power spreads.

Sure enough, there are many sea beasts, and this is just the shallow water area where there are some Nascent Soul-level sea beasts.

It is conceivable how terrifying the sea beasts are under the deep sea.

Dive eight thousand miles.

Finally, Ye Fan and the others faced trouble. A ferocious sea beast group surrounded them.

Among them, there are three sea beast emperors at the ancestor level, and there are also some sea beasts at the peak level of breaking the void.

"kill!"

One command.

War is imminent.

An hour later, the three of Ye Fan rushed out of the battlefield and disappeared into the deep sea.

The entire sea beast group was completely slaughtered.

This sea area was full of blood and broken limbs. After a while, a group of sea beasts smelled the blood and devoured the corpse frantically.

"Depend on!"

Ye Fan was very tired, and the same was true for Peony and Dragon Girl, which consumed a lot of money.

Destroying such a powerful sea beast group is not easy, and they all paid some price.

"How far is it?"

"Come on, this sea is about 10,000 miles deep, and we still need to dive."

"Pray not to encounter the sea beasts again."

It seems that the sea beast group that was destroyed before is the overlord of this area, so Ye Fan and the others will not have much trouble.

I encountered some sea beast emperors sporadically, but they were all beheaded by the three of them.

finally.

They came to the bottom of the sea.

At the same time, there was a mutation in Ye Fan's body, and the little dragon veins, which had been nurtured in the source of blood, moved.

The dragon girl squinted and said: "Dragon pulses, right? The dragon pulse in my body is also. This is a kind of excitement, as if the child has found his mother. The ancient dragon pulse, I suspect, is the source of all dragon pulses in the Xianshan world."

Ye Fan said: "It's best."

"Come with me."

A brilliance appeared on the dragon girl's body, like a dragon, which came and went freely in the sea.

But Ye Fan and Peony were under enormous pressure.

"Longhuan."

The dragon girl raised her hand a little.

A secret method was passed into Ye Fan's mind, which was a small way to use the power of dragon veins to transform dragons.

How powerful is Ye Fan's perception, he learned it immediately.

"hold head high."

With a dragon roar, Ye Fan immediately turned into a dragon.

The dragon girl was secretly shocked, she didn't expect Ye Fan to learn so fast.

"Comfortable."

Evan laughed.

After transforming into a dragon, the pressure was reduced by 80 to 90%, and it became extremely relaxed.

"Peony, come in."

Ye Fan said hello.

Peony was originally a spiritual body, but it was too substantial. At this moment, Peony's body became illusory and attached to Ye Fan.

call out!

call out!

Two dragons roaming on the seabed, galloping with lightning speed, this is absolutely a miracle.

Along the way, Ye Fan saw many incredible things, which was an eye-opener.

Soon.

The dragon girl stopped.

Ye Fan saw that there were endless mountains in front of him, mountains located on the bottom of the sea.

Spectacular!

Breathtaking.

The dragon girl said: "This is not a mountain range, but an ancient dragon vein. As I said before, the vitality of the ancient dragon vein is too weak, and it is almost dead. Those dead bodies have turned into this mountain range."

"I see."

Ye Fan was filled with awe.

Walking along the Longmai Mountain for a full three thousand miles, finally, Ye Fan saw the dragon head.

It can be found that the faucet still has some light, but it is also indefinite.

"That's a sliver of life preserved."

The dragon girl pointed at the faucet and sighed: "Ten years ago, there was still some vitality, but now it is much weaker."

"The repulsive force is also much weaker."

"Otherwise, we can't get close at all. Now we can go up and take a look."

When they came to the head of the dragon, Ye Fan and the dragon girl burst into brilliance, and the two dragon veins rushed out in an instant.

Flying around the faucet.

The turbulent power of the dragon's veins fell and entered the dragon's head, and the indeterminate trace of vitality seemed to be stabilized.

but.

This treats the symptoms but not the root cause.

The dragon veins are going to be dead, and it cannot be recovered by giving some dragon vein power.

What's more, this is the ancient dragon vein.

"Boom."

Suddenly, a change occurred.

The ancient dragon pulsed.

The huge dragon head trembled, and all of a sudden, the entire seabed seemed to have a big earthquake.

to be exact.

It is the whole fairy mountain world.

In the hinterland, the major forces were terrified, and all creatures were palpitated, feeling as if the end of the world was coming.

All this, Ye Fan did not know.

now.

He stared at the dragon head closely, and the group of vitality was inexplicably bright, like the sun, reflecting the dark underwater world.

at the same time.

The breath of divine majesty permeates.

Unable to control Ye Fan and Long Nu, they fell down and even knelt on the ground.

The same goes for peonies.

Can't resist!

For a quarter of an hour, some movement disappeared, but the majestic and sacred aura was still there.

Ye Fan and the dragon girl looked at each other, and then raised their heads cautiously... Suddenly, they turned to petrified!

Eyes wide open.

incredible.

What did they see?

The faucet that originally had only a little vitality, at this moment, seems to have all changed its vitality. It is no longer lifeless, but has become crystal clear and full of monstrous power.

The faucet stands tall.

Like a \*\*\*\* standing in the world.

Ye Fan and Long Nv couldn't help trembling, and then they heard the voice of vicissitudes.

"It's been so many years, I didn't expect that I could regain a little bit of consciousness, and I haven't completely died."

Dragon veins open.

Oh my God!

This is true psychic, born of consciousness, so terrifying.

Ye Fan, Long Nu and Peony were very frightened.

"Is it you who brought me back to life? Indeed, you are a bit interesting. You have merged with the soil and this powerful bloodline."

"Get up."

Gu Longmai's words fell, and all the pressure disappeared.

Only then did the three of Ye Fan feel at ease and stood up, but the awe on their faces could not be retreated.

At this moment, Ye Fan and the others didn't know what to say. After a long time, Ye Fan said, "Senior, how are you?"

After saying that, Ye Fan was like giving himself a big mouth.

The vitality of the ancient dragon veins will be wiped out, what a shit, this question seems to be an idiot.

"Actually, I'm in good shape now."

"what?"

"Before, it was about to perish; but now, for some reason, it has regained some vitality. Perhaps, it is your reason. I should thank you."

Chapter 1355: The way to leave the fairy mountain

"Senior, are you the main dragon of the Xianshan world?" Ye Fan asked about the key points.

"Yes."

Sure enough, got a definite answer.

Long Nv said: "Senior, why did you lose your vitality and what happened?"

Gu Longmai sighed: "It's a long story, it's been too long, my memory is blurred. This should be related to the ancient ruins, and the world of Xianshan has suffered a blow."

"Ancient Ruins!"

Ye Fan recalled what the Great Wilderness Ancient Demon said, this is a new star found by some invincibles in the ancient times.

What Ye Fan didn't know was that when he mentioned the ancient ruins, the dragon girl's eyes flickered a few times.

"Senior, what's going on? Xianshan is in the ancestral star, and the ancient ruins are not the ancestral star. How can we attack Xianshan?"

"I don't know this either. In a long time ago, a mysterious and powerful force came and seemed to tear apart the immortal mountain. As the main dragon vein, I was the first to suffer and suffered indelible wounds. The power has collapsed, but I have also declined. My vitality is gradually fading, gradually dying."

Ye Fan asked, "Senior, do you know how to leave the world of Xianshan?"

"Leaving Xianshan?"

"Yes."

Gu Longmai was silent for a while, and then said: "It is not easy to leave Xianshan, Xianshan has a strong restraining force. However, it is not completely impossible."

Ye Fan and the dragon girl were overjoyed.

"Please make it clear, senior."

"In this sea area, there is an ancient road, and this ancient road leads to the outside world. However, that ancient road is too dangerous, and it is almost impossible for you to go out smoothly with this strength."

"Whether you can go out or not, you have to give it a try. Senior, please give the coordinates."

"Shh!"

Gu Longmai did not refuse, and passed the coordinates to Ye Fan and Long Nv. He smiled: "You two are unusual, and you seem to be carrying a big secret. Go, this Xianshan is a cage, you should not stay here, outside There is a wider world."

At this moment.

The light of the dragon head dimmed by three points.

Ye Fan was worried.

He said: "Senior, it seems that you can't last long?"

"Yes, I will die eventually."

"Senior, you can't leave Xianshan?" Ye Fan asked.

"I am the main dragon vein of Xianshan, and naturally I cannot leave. In fact, I am also worried that when I completely die, there will be huge changes in Xianshan."

Gu Longmai smiled bitterly.

"Originally, it was possible to cultivate a new main dragon vein, but ah, more than 800 years ago, that stinky boy flew away!"

"What's the meaning?"

"Forget it, I finally recovered a little bit of vitality, let me tell you more. More than 800 years ago, a dragon vein flew here. It is very powerful and has been transformed into a spirit. At that time, I still had some vitality, and I was going to cultivate him into an immortal mountain. The main dragon vein, it's a pity that the stinky boy is unwilling, and he is also going on that ancient road, and I don't know if he has gone out!"

Ye Fan clicked his tongue secretly.

The dragon vein mentioned by the ancient dragon vein should be the big dragon vein of the Big Dipper Sect.

Tianshu Taoist layer said that at that time, the Beidou Sect had two dragon veins, one big and one small; later, the big dragon was channeled, flew away, and disappeared without a trace.

"Being able to see you at the last moment of your life is also related to you. I will pass on some methods to you."

"Shh! Shh!"

Two rays of light disappeared into the minds of Long Nu and Ye Fan.

The ancient dragon vein said: "This is the way to get close to the dragon vein and integrate the dragon vein. In a distant era, the arrogant son of heaven would find the dragon vein to seal in his body, and be able to control it freely. Although you have dragon veins in your body, you want to control it like an arm. Still not enough."

"The Dharma that I passed on to you, if you comprehend it well, is enough for you to benefit endlessly."

"Go and pursue freedom."

"I'm about to fall asleep, I hope I can last for a while, and let the disaster come to eat a little."

The light of the faucet gradually dimmed.

It finally returned to its former state.

The ancient dragon veins fell silent again.

The two small dragon veins returned to Ye Fanlongnu's body.

Ye Fan found that after this little episode, the connection between the little dragon veins and himself deepened, and it seemed to become a part of his body.

This is a great thing.

After practicing the method taught by the ancient dragon veins, it won't take long for him to control the dragon veins.

"Ye Fan, are you going now?" Long Nv asked.

"etc."

Ye Fan shook his head.

"We all need to prepare. After seven days, we will meet in the sea."

"Okay!"

Leaving this sea area, Ye Fan and Long Nv parted ways.

This trip has been very rewarding.

Peony said: "Are you going to take Beidou Sect out?"

"That's not true. I don't know what the danger of the so-called ancient road is. I rush to bring all my friends in, and I'll be finished in one pot."

"I'm going to take some away."

"Let's go back and talk."

Ye Fan and Peony came to Beidou Sect and gathered all the creatures, wrapping up Jiujianxian, Lady Suzaku, Lady Qingluan, Qingtian Ancient Emperor and other bigwigs.

When they learned that Ye Fan had a way to leave the world of Xianshan, everyone was shocked and excited.

"Don't be impulsive, everyone, think about it, the ancient road is bound to be dangerous, and it is possible that we will all be planted in it."

"If I can pass, I will enter Xianshan in the future and leave with everyone."

"Of course, in order to be safe, I also hope that everyone will not go all the way. It's just me and Peony. It's too lonely."

Ye Fan said it very clearly.

This is indeed something to be considered carefully.

Ye Fan didn't wait, giving them time to consider, he came to the Snake Head Organization.

There were two elders who were saved before, and with their help, all the ten elders of the Snake Head Organization were saved.

Become Ye Fan's most loyal servant.

Ye Fan wants to take away all the ten elders of the Snake Head Organization, plus the eighteen resentful spirit guardians in his body, that is the twenty-eight peak-breaking powerhouses.

Next.

Ye Fan came to Wanbaozhai.

Among the big men who were summoned, there was no ancestor of the Lei family. He came to Wanbaozhai to ask for a batch of resources.

Since he is leaving, he must bring cultivation resources to the guys in Tianzun Hall.

at the same time.

In the ancient way, resources are definitely needed.

Ye Fan can be regarded as a lion's big mouth, taking away 100 billion high-grade spirit stones, precious medicines, magic soldiers and other resources.

The Patriarch of the Lei Family is in pain.

However, now that Ye Fan is in full swing, the Beidou Sect is rising, and it is good for the Lei family and Wanbaozhai to be friends with Ye Fan and the Beidou Sect.

three days later.

everything's ready.

At the same time, the bosses have also made a decision.

Empress Suzaku and Empress Qingluan had no doubts, they would definitely take the ancient road, which Ye Fan had already expected.

Because, she had already told the two empresses that she had to go outside to purify the Phoenix bloodline.

When Empress Suzaku goes, the Wine Sword Immortal will definitely follow.

On the other hand, the Qingtian Ancient Sovereign is no good, Jiu Jianxian is a lonely man, but he has a dynasty.

He is gone, what will the Qingtian Dynasty do!

Qi Xianzhi has an idea, and the immortal demon cave has a strong foundation, and even if he leaves, it will not have a big impact.

But.

After thinking about it, I decided to wait.

In addition to these big brothers, on the side of Beidou Sect, Taoist Tianshu decided to follow along.

Evan agreed.

Although he can use the Seven Star Fortune Chart, it will be even more powerful if he joins forces with Taoist Tianshu when necessary.

"Evan!"

this day.

Yue Linglong, Han Yu and Lan Yuxuan are here, and they must be going with Ye Fan. To Ye Fan's surprise, Princess Yunxi is also here.

In addition, there is the little witch in the fairy cave.

"You are going too?"

Princess Yunxi nodded firmly.

The little witch said arrogantly: "You dare to go, I have nothing to dare. If the cave owner doesn't go, I will represent the fairy cave."

Qi Xianzhi laughed dumbly.

Finally, the list is finalized-

Empress Suzaku, Empress Qingluan, Jiujianxian, Peony.

Tianshu Taoist.

Yue Linglong, Lan Yu, Lan Yuxuan, Yunxi, Little Witch.

The ten elders of the snake head organization.

And eighteen resentful spirit guardians in Ye Fan's body.

this lineup.

Impressive!

Just as everyone was about to leave, suddenly, a black light descended.

"senior."

Ye Fan shouted.

The black monkey carried the Qitian stick and said, "I spied on the secrets of the sky and found that your kid is leaving the world of Xianshan. Count me in."

"OK."

Ye Fan was overjoyed.

With the addition of the Heaven and Earth Demon Ape, the combat power will be invincible.

...

a few days later.

A group of people came to the sea.

Ye Fan found that the dragon girl was already waiting, and behind the dragon girl, there were twenty-four phantom-breaking peak creatures.

Gee.

It's amazing.

I don't know how the dragon girl got it.

"Why did you bring so many people?" Long Nu frowned.

"You are a lot too."

Ye Fan rolled his eyes.

The dragon girl nodded to the big guys such as Black Monkey, as a greeting, and then said: "Everything is here, so I won't say more, let's go."

With so many powerhouses together, the aura exuded made all the sea beasts dare not approach.

Very safe along the way.

Finally, I came to the location of the ancient road, where a huge stone tablet was handled.

The black monkey rolled his eyes and said, "This stone tablet is as high as 800 miles, tsk tsk, amazing!"

The 800-mile-high stone monument is really majestic.

"The entrance to the ancient road is below the stone tablet. By the way, do we have to lift the stone tablet?"

"impossible."

The black monkey shook his head and said: "I have already felt that the material of this stone tablet is extraordinary and extremely thick. Even if we all shoot together, we will not be able to shake it."

"Then what?"

Everyone landed and studied around the stele.

Ye Fan found that there were many patterns and lines on this stone tablet. After looking at it for a long time, his mind began to be in a trance and his headache was splitting.

"Use the power of dragon veins."

Suddenly, Ye Fan shouted.

"Look at these patterns, connected in series, it is still a dragon soaring for nine days."

"indeed so."

"Dragon Girl, let's try to use the power of the dragon veins to see if we can shake the stone tablet."

"Okay!"

These days, Ye Fan's comprehension of the secret method has become more and more profound, and the control of dragon veins has become more and more handy.

Rumble.

The power of the two dragon veins burst out and hit the stone tablet. Suddenly, the stone tablet changed.

It seems to have been irrigated by the power of the dragon veins, and the pattern on it came alive.

A dragon roams.

Straight to Xiao Han.

The stone tablet trembled and was shaken.

Below the stele, a portal appeared quietly, exuding a mysterious, vicissitudes, and desolate atmosphere.

"Seize the moment."

Ye Fan shouted.

Everyone filed in, and finally, he and the dragon girl rushed in; the next second, the stone tablet returned to its original shape.

Repression portal.

Everything is at peace.

Chapter 1356: ancient world

Through the portal, everyone found that there is still a long way to go, and it is full of various mixed atmospheres and strange powers.

For example, the power of poison, the power of corrosion, the power of dryness, the power of madness...

Countless kinds of power are mixed together, which is even more terrifying.

Fortunately, Ye Fanlong's female lineup is strong enough.

and.

There are many magic weapons.

Fangcunshan, the treasure of Buddhism, under the effect of fighting against love, it has recovered very powerfully, suppressing all evil forces.

There is no danger on this road.

Finally, there was light ahead, and in this dark road, it was particularly eye-catching.

There is no doubt that there is the real ancient road.

Ye Fan and Long Nv took the lead.

For some reason, they seemed to be the leader of this faction.

A big guy like Jiujianxian, they don't have the heart to host it, and they are relaxed. The most powerful black monkey is even less leisurely and elegant.

They belong to the existence of no matter what, but there is danger to shoot immediately.

The distance was getting closer and closer, Ye Fan had an inexplicable expectation, and he and Long Nv couldn't help speeding up.

"Something's wrong."

Suddenly, Ye Fan reminded.

next second.

A black shot came and came in from the bright side.

"Large Arrest!"

Ye Fan didn't cut off the tentacle, but used the Grand Judgment Technique to pull in the tentacle's body.

Rumble.

Ye Fan's power is huge.

The huge monster, the whole body emerged, like an octopus.

However.

This monster is very smart.

He immediately cut off his tentacle and fled.

Ye Fan and Long Nv looked at each other and chased after them, and they rushed out of the exit together.

In an instant, it became clear.

"This is?"

Both were stunned.

Jiujianxian and the others also followed, and everyone was stunned when they saw the scene in their eyes.

Very unexpected.

I originally thought that the so-called ancient road was the kind of dilapidated and desolate road, but now I see it, it is simply a small world.

only.

The shape of this small world is a long strip.

That's about it.

"It's no wonder that there are creatures, it turns out to be such an ancient way." Ye Fan clicked his tongue, thinking of the big dragon vein of the Big Dipper Sect.

He also took this ancient path.

If he doesn't succeed, he will stay in this small world. As a dragon vein, he must live a very nourishing life.

If you are not in this small world, it means you can go out.

Not a dead end!

Ye Fan looked at the dragon girl, the dragon girl was very smart, and just like Ye Fan thought, she immediately took out the dragon-seeking plate.

Perform "Long Searching Art".

For a moment, there was a clue, which made Ye Fan's heart sink.

There are clues, the big dragon veins stay here? It is difficult, this ancient road is a dead end, and there is no way to get out.

The dragon girl said: "Don't worry, maybe it's not the big dragon vein, it's just the small dragon vein of this world."

Ye Fan nodded, but his heart was still confused.

Everyone move on.

Three days later, they encountered a huge group and surrounded them.

In this group, there are more than a dozen ancestor levels, and there are even more peaks.

The reason why they were surrounded was because in the past three days, everywhere Ye Fan's lineup passed, there was a big movement.

As a native of this world, you will definitely pay attention, and it is impossible to let it go.

At this time.

The leader of the ethnic group stood up and said a lot, but he didn't know what to say.

language barrier.

But this is easy to handle. For practitioners, learning a language is really too simple.

Simply learn and communicate.

"Where are you from and why have I never seen you?"

"We are a hidden sect, and this time we came out to find a new mountain gate address, and we are going to move the mountain gate."

"Hidden sect?"

The leader looked suspicious.

It seems that they don't want to let Ye Fan and the others leave.

The black monkey was short-tempered and said impatiently, "Get out of here, don't be my grandfather's way, otherwise, you will all be wiped out."

This sparked a conflict.

The leader sneered: "You should be outsiders. There haven't been outsiders for many years. More than 800 years ago, there was an outsider who caused a big wave here and almost defeated all the ethnic groups."

"Now the outsider has appeared again!"

"You are unknown, you must be killed, and none of you will be left."

Rumble.

In an instant, the number of indigenous creatures increased again, and it turned out that several large ethnic groups were killed.

Ye Fan's face darkened.

These large ethnic groups have dozens of ancestor levels combined, and hundreds of Void Peaks.

Really scary.

However, the black monkey was very disdainful, and without saying a word, he took out the Qitian stick and killed a large piece of it with one stick on the spot.

"A group of ants, chattering, annoying!"

"Don't be stunned, let's start the fight."

The black monkey shouted.

Immediately, Jiujianxian and the others also shot, and the war was about to break out.

This battle is too terrifying.

Rivers of blood.

The black monkey killed seven in and seven out with the Qitian stick; and several bigwigs of Jiujianxian also made a lore.

Before long, these ethnic groups suffered heavy casualties.

"hateful!"

"These unknowns will indeed bring disaster to us, kill them, kill them all!"

"Kill what to kill, that monkey is too strong, we must retreat, find more groups, and unite."

"withdraw!"

The remaining creatures of several ethnic groups are fleeing.

The black monkey sneered, opened his mouth and let out a sigh, turning into a dark cloud in the sky, and from the dark cloud, thousands of troops were killed.

but.

It's not an entity, it's as ethereal as a spirit body.

These spirits are strange and unpredictable.

They are like ghosts, entangling the native creatures and unable to break free, absorbing their life essence.

"secretly!"

"The devil! This is the devil!"

"Forgive me!"

Large swathes of indigenous life suffered.

After a while, it was quiet here, and a fifth of the people escaped from several ethnic groups.

All the rest fell.

"return!"

The black monkey yelled.

Those spirit bodies returned to the dark cloud, and then he opened his mouth to suck, and the dark cloud was swallowed by him.

Rumble.

The black monkey trembled and seemed to be getting extreme supplements.

It turned out that those spirit bodies absorbed the essence of life and would eventually feed it back to the black monkey.

This method made the scalps of everyone present go numb.

"Speed up, it is conceivable that there will be many indigenous creatures chasing us. No one knows what cards and means they have, and we can't be careless."

The black monkey looked serious.

"Shh!"

Ye Fan took out a magic weapon.

Boundary shuttle.

This was snatched from the hands of an angel, a creature, that broke the world shuttle, which has the ability to pass through the barrier.

Ye Fan once used the Boundary Shuttle to cross the barrier of the Xianshan world, but it didn't work. The Boundary Shuttle did not have that kind of power.

However, the Boundary Shuttle has an extraordinary speed and can be used to hurry.

"Boom."

After recovery, the Boundary Shuttle turned into the size of a ship, and everyone flew up.

Ye Fan gave an order.

The Boundary Shuttle turned into a streamer and disappeared.

They didn't go long when a group of ancestor-level powerhouses came, the leader of the group who heard the news.

"too fast!"

"The aura that remains between heaven and earth can be speculated that there is a supreme power among them."

"It's hard to do."

"The news must be communicated as soon as possible, and an alliance must be formed to jointly kill the unknown."

...

The news spread quickly, and the entire ancient Taoist world was boiling.

Countless ethnic groups converge.

The peak of the broken void is not enough to see, all of them are strong ancestors.

In one day, there are about 80 ancestors of powerhouses. If this is placed in the world of Xianshan, I am afraid it will shock everything.

More than 80 ancestors, what is this concept.

However, what are these ancestors waiting for, at a certain moment, one of the ancestors shouted:  
"Look, Lord Demon Emperor is here!

Woohoo.

For a time, the world changed.

Demonic soaring.

The sky cracked open, and a white light fell on the top of Baoshan Mountain.

When the light dissipated, it was a handsome young man, dressed in white, immortal.

People who don't know it will look like a banished fairy, but in fact, this is a big alien monster.

It is recognized that the strongest demon clan in the ancient world.

Known as the Demon King.

He is the leader of the alliance.

"Lord Demon Emperor, unknown is trampling on our world, please lead us and kill unknown."

"Beheading is unknown!"

"Beheading is unknown!"

The ancestors shouted.

The demon emperor nodded slightly and said, "I have already spied on the secrets of the sky. Those outsiders have ulterior motives and want to break our world."

"what!"

"You bastard, you're going to break our world, it's maddening."

"Kill! Kill them all, smash their bones into ashes, and smash their corpses into ten thousand pieces!"

The ancestors cried out in anger.

The demon emperor said again: "In order to completely kill the unknown, I will start the grinding mill of heaven and earth. I hope you can help me."

The ancestors were shocked.

Tiandi grinding disc, it is the most terrifying magic soldier in this world. It is not owned by anyone, but an ownerless thing, and no one can take it away.

Right in the center of this world.

The millstone of heaven and earth is extremely huge.

To start, it takes a huge amount of energy.

And once it is activated, the power will be unparalleled. More than 800 years ago, the unknown entered this world, and in the end, it was the activation of the world.

Just now, the unknown was severely injured.

Unfortunately.

In the end, the unknown escaped and disappeared.

After 800 years, the millstone of heaven and earth is about to start again, and the blood of the 80 ancestors present is boiling.

"The strength is not enough, continue to gather the strong, the more the better."

"Three days later, I will start the Tiandi Mill, and the killing is unknown."

The words fell, and the demon emperor disappeared.

And the eighty ancestors also acted immediately, using all connections and connections to summon the strong.

all of these.

Ye Fan and the others did not know that at this moment, Ye Fan and the others came to the center of the world.

They saw a huge millstone.

too big.

Just hovering above the sky.

too majestic.

Shocking and breathtaking.

Ye Fan and the others didn't know what it was, but they felt that this large grinding wheel was unusual.

"What did you find?" Dragon Girl asked.

"I don't have a clue, but my gut tells me that this big grinding wheel is very important."

"I feel the same way." The dragon girl nodded and then asked, "Are we going to move forward? It seems that there is no result. We also arrested a lot of ethnic leaders and asked, what is the end of this world?"

Ye Fan was thoughtful.

Indeed, the leaders of the ethnic groups that were caught said that this was a ring world.

Keep going and you will eventually get back to where you started.

"Could it be that this big grinding wheel is the key point for us to leave?"

"Let's go up and see."

Ye Fan and the dragon girl rose into the sky and approached the grinding table; Jiu Jianxian and the others followed.

But he found that he couldn't get close.

"You can't get close?"

Ye Fan turned back and found that Jiujianxian and the others seemed to be suppressed by some kind of force.

Not even the black monkey can come up.

It's weird.

Ye Fan and Longnv were very careful, they were big millstones after all, and in the end, they came to the millstone.

far away.

They saw a creature sitting cross-legged in the center of the mill.

You can't find it below, you can only see it when you come up.

Who is that?

Chapter 1357: Tiandi grinding disc

"I've been waiting for you for a long time."

The demon emperor opened his mouth and beckoned to Ye Fan and the dragon girl.

Ye Fan and the two are not timid.

Coming to the front, Ye Fan asked, "You said you were waiting for me, what's the matter? You want to ask where we come from? You should know that we are outsiders. The major ethnic groups are chasing us."

The demon emperor said: "I know that you are outsiders, and I also know that the major ethnic groups have formed alliances, and the confluence of huge forces will wipe out you all. Although there is a supreme power in your camp, it is against all the forces in this world. , still not enough."

The dragon girl asked, "What is your identity?"

"You should see that I'm not a human, but a big demon. I'm Xianyun Yehe, and I've been cultivating on this mill."

"What is this millstone?"

"The millstone of heaven and earth has powerful power and is in the center of this world."

Ye Fan frowned and said, "No, we asked, this is a ring world, and there is no center to say."

The demon emperor got up and said with a smile: "You are very smart. Indeed, the ring world has no center. However, it has been said since ancient times that the millstone of heaven and earth is in the center of this world. There is nothing wrong with this."

Ye Fan was puzzled.

The dragon girl said: "Tell me, what is your purpose? The major ethnic groups want to destroy us and treat us as unknown. I don't want you to be indifferent."

The demon emperor said: "You are going to break this world and leave, right? In fact, I can help you."

"More than 800 years ago, an unknown figure came in and finally left. I have explored the secret and know how to break this world and leave."

"We can work together."

Of course Ye Fan didn't believe it, and cooperating with this big demon would undoubtedly be scheming with a tiger.

This guy must be uneasy.

The dragon girl said, "If you said the way to leave, is it related to this grinding wheel?"

"That's right."

"This world grinding disc is the key to breaking the ring world." Ye Fan said.

The demon emperor nodded and did not deny it.

"At present, I can only reveal so much. You should think about it carefully, whether you want to cooperate with me."

"Of course, cooperating with me requires you to pay some costs, such as..."

"Dragon veins in your body!"

The dragon girl's face sank and she sneered: "I know you have an intention. It turned out to be to \*\*\*\* our dragon veins."

"It's not a robbery, it's just borrowing. Because, I need enough power of dragon veins to break this world."

The demon emperor opened his arms.

Exudes the power of dragon veins.

"I also have a dragon vein in my body, which is the fundamental reason for being able to board the millstone of heaven and earth."

"Those strong people below, and even the monkey can't come up, because there is no dragon vein."

Ye Fan and Long Nv suddenly realized.

"You guys think about it, I'll give you three days, now, you can go down."

"hold head high!"

The demon emperor let out a dragon roar.

In an instant, the huge power of the dragon veins sent Ye Fan and the dragon girl flying.

this means.

The dragon veins of the demon emperor are stronger than theirs, and the use of dragon veins is more proficient.

"what happened?"

Jiujianxian and others gathered around.

Ye Fan said what happened, and the black monkey looked up at Tiandi Mopan and said with a sneer, "Good guy, count me and wait!"

Empress Suzaku said: "Lend the dragon vein to him, it must be meat buns beating dogs, there is no return."

Mudan said: "Is there any way to capture him, can we do it together?"

"No."

Ye Fan shook his head.

"That guy is unusual, very powerful. Among us, I am afraid that only Senior Demon Ape can suppress him. Since he dares to tell this secret, he will not worry about us posing a threat to him."

"I suggest waiting."

"He took the initiative to ask us to cooperate, indicating that he also wants to go out, which is more urgent than us. He said three days, but we will not. We will hunt and kill those indigenous creatures to cultivate. Come back in seven days."

"Hahaha, Ye Fan, you are still a chicken thief."

The black monkey whipped up a black wind and took everyone away.

The Demon Emperor frowned, which was a bit unexpected, but he was not worried, everything was under control.

"If you want to revive the millstone of the world, you need eight or nine percent of the world's powerhouses to work together. For many years, I have been unable to find an opportunity. I didn't expect that the sky would never stop me."

"It's unknown."

"Exactly, you can use this reason to unite all the powerhouses and start the grinding mill of heaven and earth."

"I will be able to go out at that time. The only thing missing now is the dragon veins. As long as I get those two dragon veins, I will definitely succeed."

The demon emperor muttered to himself, his eyes flashing with determination.

Three days passed in a flash.

The demon emperor didn't wait for Ye Fan and the dragon girl, which made him a little irritable.

And Ye Fan and the others were madly hunting the indigenous powerhouses.

What kind of psychological burden is this.

These aboriginal powerhouses have gathered their strength to form a rush to encircle and suppress them. Are they still soft-hearted?

Of course.

Ye Fan and the others hunted those who joined the alliance or were at the level of the ancestors.

Weak creatures, old and young, women and children, will definitely not move.

This is not necessary.

In the past three days, they have hunted and killed dozens of ancestor-level indigenous powerhouses.

At the same time, countless resources were searched.

"boom!"

this day.

Yue Linglong, Han Yu and Lan Yuxuan made breakthroughs one after another and became the existence of the peak of breaking the void.

No way, there are too many resources and energy.

Most are kept and used when needed.

Now.

The entire camp is the ancestor level and the cultivation base of the peak of the void, and it is also extremely powerful.

A few more days passed.

Ye Fan rushed to Tiandi Mopan, but found that something was wrong. There were many strong indigenous people gathered there.

Rude estimate.

At least three hundred.

"I rely on!"

The existence of more than 300 ancestors really scared everyone.

Rao is the black monkey frowning.

More than 300 ancestors joined forces, and it was extremely terrifying, and he had to retreat.

Above the grinding plate of heaven and earth, the demon emperor's face was ashen.

It was agreed before that after three days, the Tiandi Grinding Plate would be activated, and these powerhouses would come over.

But.

Ye Fan did not appear.

The demon emperor asked these alliance members to leave quickly, but they didn't listen, and they all gathered here.

"hateful!"

"That's it, where will those outsiders come when they see this lineup."

"Bad me good!"

The demon emperor vomited blood.

Originally, his plan was perfect, and within three days, Ye Fan should agree to him.

So he got the dragon vein.

The members of the alliance came to gather all the power to activate the grinding mill of heaven and earth to kill the outsiders, while he broke the world and left here.

How wonderful.

But now, it's all gone.

"Evan, what should I do?"

"Look at me."

At this moment, a strange smile appeared on Ye Fan's face, "Big projection technique!"

Rumble.

I only saw that some pictures appeared in Tiandi Mopan. That picture was a few days ago, when he and the dragon girl and the demon emperor talked about cooperation.

Lively and vividly, show it.

Instantly fry.

"What is this, isn't that an outsider, that is the demon emperor, what are they doing!"

"Grass, you didn't hear that, the demon emperor cooperated with outsiders!"

"what!"

"how so!"

All of a sudden, more than 300 strong people refreshed the three views.

The demon emperor actually cooperated with outsiders, how is it possible, how can this be tolerated!

at the same time.

On the grinding plate of heaven and earth, the demon emperor also saw the projection, his face twitched and he was murderous.

He was counted.

"Hahaha, Ye Fan, it's great, you actually recorded everything." Long Nv and others laughed.

"Big projection technique, I always thought it was tasteless, but I didn't expect it to come in handy today."

"That guy is the demon emperor, the demon emperor, really extraordinary."

"Anyway, the demon emperor is in trouble now. Now, he has become a public enemy. Perhaps, they asked us to cooperate on this."

"let's go."

Ye Fan and the others leave here.

As for the Demon Emperor, he could only leave quietly through the air, although he was extremely safe on top of the grinding wheel.

But as Ye Fan said.

Now he has become a public enemy, must leave this world as soon as possible, must seek cooperation.

Ye Fan deliberately left a trail.

An hour later.

In a certain mountain range, in a hidden area, the demon emperor descended and said coldly: ""You guys are too abominable, immoral, and plot against me! "

"Respected Lord Demon Emperor, who is scheming against whom!" Ye Fan said with a half-smile.

The demon emperor gritted his teeth and hummed, "Don't mention this. Now, we are all public enemies. Don't you cooperate with me? I have shown enough sincerity, because I came alone."

The demon emperor came alone, which indeed made Ye Fan admire.

This guy has a lot of energy!

Ye Fan said with a smile: "Cooperation, of course cooperation, it's just the way of cooperation, it needs to be changed."

"First of all, you have to tell us how to break the world and be honest."

"It's very simple, start the Tiandi Mill, and the place where the Mill is located is actually the weakest spot in the world. Start the Mill, and we can break the world by attacking the weak point."

"Why dragon veins?"

"The best power to break the world is the power of dragon veins!"

"Does it take a lot of energy to start the Tiandi Mill?"

"Nonsense, if it could be started easily, I would have left long ago. The millstones of that day are closely related to this world, and it takes 80-90% of the world's powerhouses to join forces to start. I have never had a chance, and your presence has given me hope. . "

"So you form an alliance, convene the strong, start the millstone, kill us, and you break the world and leave this cage. Miao'ai, this plan is indeed good!"

Ye Fan applauded.

The demon emperor said coldly: "No matter how good the plan is, you have not destroyed it."

"I have already said the way, now, tell me, how to cooperate?"

"I want to be the leader."

"Impossible!" The Demon Emperor categorically refused, because, as the leader, he would get the dragon vein.

That is to say, when the time comes, he needs to lend the dragon veins in his body to Ye Fan.

The demon emperor is not stupid.

If this is borrowed, it will be gone.

"Demon Emperor, you don't have the qualification to refuse right now. Because, you came to conspire with us, and I am recording it, and I can project it out at any time, making you ruined and a complete public enemy."

"Bastard!"

The demon emperor was murderous.

But at this moment, the black monkey snorted coldly, shattering the demon emperor's murderous aura.

The demon emperor gritted his teeth and was very afraid.

"By the way, it doesn't matter if we don't go out. The big deal, we go back the same way, back to our world. And you can't, you can only be trapped here and be chased by countless strong men."

"I'm safe on the millstone of heaven and earth."

"Is it possible that you will stay on the mill all your life? You will always leave, and one day you will capsize in the gutter."

The Demon King was silent.

He hates that it was originally active, but now it has become passive, and the situation is very bad for him.

hateful!

Damn guy!

The demon emperor turned and left, leaving a sentence: "If you think you're going to kill me, then let's play a game to see who will make peace first. I've already sent out the coordinates. Immediately, hundreds of powerful people will meet. Kill it, and you will seek more blessings from yourselves."

Chapter 1358: tragic demon king

"Ye Fan, why didn't you keep him? Could it be that you have other ideas?"

"You still know me best."

Ye Fan blinked, making Han Xun a little embarrassed.

"I'm going out."

When the words fell, Ye Fan had already left.

The demon emperor said that he wanted to play a game, so let's have a good time; now, the three hundred strong have already killed at that coordinate.

Ye Fan used the Great Transformation Technique to transform into the appearance of a demon emperor. At the same time, just now, he had already collected a lot of demon emperor aura, and now it is enough to mix the fake with the real.

"Everyone!"

Ye Fan appeared and blocked the way of the powerhouses. There are dozens of ancestor-level powerhouses here.

"Monster Emperor, how dare you show up!"

A clan leader roared.

Ye Fan said: "Everyone, do you believe in the tricks of those outsiders? It's just a projection. It's too easy to fabricate."

"Look!"

Ye Fan performed a large projection technique.

There were some pictures of the conspiracy just now, but there was no sound. These powerhouses didn't know what they said.

"This kind of picture is too simple to fabricate. Those outsiders are nothing more than sowing discord."

"This....."

The strong men looked at each other.

They were skeptical, but no matter what, they still rejected the Demon Emperor.

"You don't believe it, that's fine, I'll take you to find the outsiders, and I'll take the lead, how about it?"

"Demon Emperor, if you do this, we can trust you, but I'm afraid you have some tricks?"

"Then what do you want to do?"

"It's very simple, just wait a minute, the other powerhouses will come together and kill them together."

"Can."

Ye Fan stood in the sky and performed a great blessing technique to bless these powerhouses.

These powerhouses immediately felt extremely comfortable, and even their combat power seemed to have increased a bit.

"This is the way to increase combat power. Later, I hope we can work together to kill outsiders."

"Originally, my plan was perfect, to attract those outsiders to the Tiandi Mopan, let us start the Mopan and kill them directly!"

"However, you don't listen. I told you not to gather at the grinding mill of heaven and earth. You don't. It's good. Those outsiders will be vigilant and it will be much more difficult to exterminate them."

Ye Fan sighed again and again.

At this moment, these strong people are a little embarrassed.

"Demon Emperor, I believe in you."

Among them, there are many fans of the demon emperor, and a female leader said: "I believe you were framed. Indeed, we are too impulsive. It is really stupid to believe in the projection pictures created by outsiders."

With one taking the lead, soon, more and more strong people believed in Ye Fan.

Soon.

Dozens of strong men came again.

Some leaders said: "Almost, now we have hundreds of powerful people here, enough to kill those outsiders."

"Okay!"

Evan nodded.

Then, use the Great Tracking Technique to find the auras of Jiu Jianxian and the others, and then use the Great Expansion Technique to expand these auras.

"Do you feel it? This is my use of secret techniques to show the breath of those outsiders."

"That's right, it's these breaths!" a leader shouted, his eyes were splitting: "My brother group was destroyed by these scumbags, and I will smash them into tens of thousands of pieces."

"Then what are you waiting for, let me kill you."

"kill!"

Ye Fan took hundreds of strong men and chased them away in a mighty chase; on the other side, the black monkeys were setting traps.

Just wait for the sheep to enter the tiger's den.

Finally, Ye Fan brought the strong men to kill them. When the leaders saw the black monkeys, they were instantly excited.

"kill!"

Ye Fan was the first to take action.

Showing terrifying energy, in an instant, it exploded more than a dozen Void Breaking Peaks.

In fact, those are puppets.

"Okay!"

The leaders cheered.

At this moment, they had no doubts at all and launched a charge.

But.

Mutation mutation.

The Peerless Killing Formation started, and the monstrous flames rushed out from the ground, drowning the leader.

That was the divine fire of Empress Suzaku and Empress Qingluan.

They devoured the Heavenly Fire of the Heavenly Fire Holy Master, and the power of the divine fire was strengthened.

In an instant, screaming practice.

at the same time.

The sky was covered with dark clouds, it was the secret technique of the black monkey, and countless spiritual bodies roared and poured down, absorbing the spirit of these leaders.

"Sword twenty-three!"

Jiujianxian is even more ruthless, and directly displays the strongest swordsmanship.

Compared to before, the pressure of Jiujianxian to use this move is much less now, and Jiujianxian is also making progress.

"Open the sky!"

Peony held the Heaven-opening Axe and struck a powerful blow.

Ye Fanlian and Tianshu Daoist activated the seven-star fate chart, and the mysterious and unpredictable force of fate washed away.

"Ahhhhh-"

The shrill screams rushed out into the clouds.

in a blink.

Half of the hundreds of leaders were killed or injured. How tragic this is, it is really \*\*\*\* and cruel.

"Monster Emperor, what are you doing!"

"Ah, we were deceived, the demon emperor has indeed taken refuge with outsiders, ah ah ah!"

"I'm not reconciled, Demon Emperor, you have to die!"

"Demon King!!"

One after another, the screams were hoarse and filled with countless resentments, which made the demon emperor, tens of thousands of miles away, feel numb in his scalp and feel uneasy for no reason.

Rumble.

Other leaders heard the news.

"retreat."

Ye Fan gave an order, and everyone boarded the shuttle and disappeared.

Two hundred leaders were killed.

"what!"

Seeing this tragic scene, they were furious, and they joined forces to break the killing formation.

But.

Of the hundreds of leaders, like 60%, those who survived also suffered serious injuries.

"what happened!"

"It's the demon emperor!" When a \*\*\*\* leader whose half body was burned: "The demon emperor betrayed us, and the alliance and outsiders are killing us!"

"Monster Emperor, this beast!"

"The demon emperor has completely betrayed, don't be deceived by the demon emperor, quickly convey it, and don't let other leaders repeat the same mistakes!"

"Kill the demon emperor! Kill the outsider!"

"..."

One after another, the shouts came one after another, filled with endless resentment and resentment.

The news spread quickly.

Soon, all the major ethnic groups knew and included the Demon Emperor on the must-kill list.

At this time, the demon emperor did not know that he had become a complete public enemy.

In a restricted area, he took out a magic weapon, which was a fan with a strange and unpredictable terrifying power.

"Ye Fan, what you are most afraid of is the monkey. As long as you kill the monkey, what are you afraid of?"

"This forbidden treasure fan, finally obtained, is enough to kill the monkey."

"against!"

"I will let you beg for mercy, humbly begging to cooperate with me, and even obediently give me the dragon vein first."

"However, you have to consume Ye Fan and the others first, and you have to make it clear to the leaders and let them go beat Ye Fan first."

The demon emperor sneered, he came to Tiandi Mopan, took out a horn, and blew it.

Buzz!

The sound of the trumpet is conveyed in all directions.

In the distant area, a group of leaders were alarmed.

"This is the horn of the demon emperor, the demon emperor is calling, this \*\*\*\* guy is provoking us!"

"At Tiandi Mopan, notify all the leaders, let's kill them!"

"Don't be careless, I'm afraid it's another trick of the demon emperor. Maybe it's trying to kill us."

"This time, we gathered all the leaders and powerhouses, and even some hidden masters. There are nearly 500 ancestors. Are you afraid that the demon emperor will not succeed?"

"That's true!"

"kill!"

In all directions, mighty and mighty.

There are nearly 500 ancestors at the level of existence, what kind of concept is that, even the demon emperor can't imagine.

because.

He has never seen the convergence of all the ancestor-level powerhouses in this world.

The demon emperor sensed the movement and was very surprised, "What's going on, so many strong people, won't they all come. When did my horn have such a powerful appeal."

The Demon King was in shock.

Immediately, he laughed loudly: "It seems that these powerhouses are not fools. They will not be fooled by simple projections. They still believe in me. If that is the case, then Ye Fan, I will send you on the road today."

"You think you have a plan, but I don't? I have left a mark on you, quietly. I can find you as shown, and then I will kill you all."

Rumble.

At the same time, five hundred strong men came and gathered under the millstone of heaven and earth.

The demon emperor looked terrified.

But he took a deep breath, calmed down, Yukong walked down, and said: "Thank you for your trust, calling you here, naturally to deal with those outsiders. I already know where they are, now, I will take you to destroy them. "

The face of the five hundred strong man twitched.

Damn it!

How is it still this, when they are fools?

Does this demon emperor have a problem with his brain?

How could they think that they would still believe this way.

And the demon emperor is also very puzzled, why are these powerhouses so strange, what's going on?

"Don't talk nonsense, just shoot straight and kill!"

"Shoot immediately, you can't let him go to the grinding plate of heaven and earth, hurry up!!"

Rumble.

In an instant, all the powerhouses shot, and countless secret techniques were played.

There are various effects.

There is even a restricted secret technique that blocks the space, making it impossible for the Demon Emperor to escape.

Don't talk about going to the top of the millstone of heaven and earth.

"What are you doing!"

The demon emperor screamed, frightened to the point of urinating.

No matter how strong he is, he is not the opponent of the five hundred ancestors. It is too terrifying to join forces.

"Do not!"

The demon roared in anger.

He couldn't resist at all. At a critical juncture, the demon emperor thought of the forbidden treasure fan.

"You bastards, I will take you to exterminate the outsiders, and you will take action against me. Is it possible that you really believe in that projection? Just don't trust me like that."

The demon emperor roared and roared, so angry that his lungs were about to explode.

However.

These words, to the strong people, are ridiculous.

Up to this time, still pretending!

Schizophrenia.

"kill!"

The powerhouses shouted in unison, the momentum was like a rainbow, destroying the sky and destroying the earth, and even the millstones of the world shook.

The Demon Emperor did not dare to hesitate, and hurriedly spit out a mouthful of blood essence on the forbidden treasure fan. After that, countless spiritual stones and resources were burned and injected with energy.

"My spirit stone!"

The demon emperor wanted to die.

Those were all the spirit stones he had accumulated over the years, 300 billion top-grade spirit stones, 8 million top-grade spirit stones, and countless middle-grade spirit stones and lower-grade spirit stones.

All are now on fire.

There is no way, these powerhouses are too terrifying to join forces, and there must be enough energy to revive the forbidden treasure fan to the extreme.

To fight!

"You \*\*\*\* have caused me to lose countless resources, and I will not leave the pieces you killed."

"die!"

Chapter 1359: Started

"Woooooo!"

The demon emperor was born like a thunderbolt, and slammed the forbidden treasure fan, only to see that a ray of light that illuminated the world was born.

That light is too destructive.

The whole world saw it.

That light, with the energy and effect of destroying the world, is too terrifying.

After the light comes the wind.

This gust of wind is not an ordinary gust of wind, it has the most terrifying power.

It seems that all attacks can be blown away.

The light can weaken the attack power.

Complement each other.

"Puff puff..."

At this moment, the attacks of the five hundred strong men collapsed one after another, and the forbidden treasure fan was really amazing.

in a blink.

The attack was blocked by one third of the outside world.

For a moment.

Disintegrated more than half.

"not good!"

The strong are terrifying.

"This beast has a magic weapon against the sky, hateful, hurry up, otherwise, the strange wind will blow over, and our flesh will be blown to pieces."

"Ahhh!"

However, it was too late.

The powerhouses at the front bore the brunt of the wind, only to see that their flesh and blood instantly collapsed and vanished into ashes.

Only the skeleton rack remains.

"what!"

The remaining powerhouses were so frightened that their souls were dying, which was too terrifying, too weird.

"Hurry up!"

A leader shouted.

The strong man reacted, burst out desperately, and finally blocked the gust of wind.

In this gap, the demon emperor also successfully came to the grinding table of heaven and earth, and he finally felt at ease.

Safe!

"Boom."

At the same time, the gust of wind collapsed and the light dissipated.

Heaven and earth returned to peace.

However, the 500-strong powerhouse with the bonus is almost a failure at the moment, and the loss is nearly a hundred.

This record is really terrifying.

Of course, it was by virtue of the Forbidden Treasure Fan, but if the Demon Emperor had not had so many resources, the Forbidden Treasure Fan would not have exploded with such powerful power.

Therefore, the demon emperor did show his fierceness.

The powerhouses below retreated somewhat. Who knows if the demon emperor still has the resources to revive the forbidden treasure fan and launch a second attack.

In that case, there may be hundreds of powerful people who have fallen.

Who is one of them?

No one wants to be one of them!

The demon emperor calmed down, he came to the edge of the grinding table, looked down, and said coldly, "You idiots, what are you doing to me, I framed it by the stone tablet."

"Demon Emperor, how dare you argue!"

"Monster Emperor, you have teamed up with outsiders to kill dozens of leaders, this is the ironclad fact!"

The demon emperor had a face full of criticism.

"When did Lao Tzu join forces with outsiders to kill you, please don't frame me, okay?"

"It's a fact, you dare to argue!"

"Do you have schizophrenia? Damn, it looks like you are pretending."

The demon emperor's face was full of black lines. He knew that it must have been calculated by Ye Fan.

"You have misunderstood. You must have been deceived. It was an outsider who pretended to be me and killed you."

"fart!"

"I'm one of the leaders who was pitted by you in public, that's you, there's nothing wrong, it's absolutely true."

"I'm also a witness, it's you, there's no fake. Demon Emperor, don't act."

"Demon Emperor, you think we can't do anything to you if you hide on top of the millstone, right? Hahaha, you are too naive."

At this moment, the demon emperor was also angry and sneered: "Why, you can still come up to the world and beat me!"

A mighty leader said: "Indeed, we can't go up, but we can block the space of Tiandi Mopan, you can't escape."

Another leader stood up and added: "At the same time, we will forcibly start the grinding mill of heaven and earth. At that time, you will be wiped out and you will die without a place to be buried."

"You dare!"

The demon emperor's color changed.

It's not just him who can start the grinding mill of heaven and earth.

As long as there is enough energy, it can be activated; and at that time, he is on the grinding wheel of heaven and earth, who knows what disaster will happen.

Maybe, it will be instantly obliterated by the annihilating power emitted by the grinding disc.

The demon king panicked.

Seeing this, the strong people are very happy.

"Demon Emperor, it's time for you to be afraid too. However, what you say now is useless."

"Yes, you must die!"

"Betray us, betray the whole world, you bastard, bastard, \*\*\*\* it!"

"Start the world mill."

All the powerhouses shot, and beams of energy beams soared into the sky, submerging into the grinding disc of heaven and earth.

The demon emperor shouted: "Stop, stop me! You idiots, you have been forgotten. Take action immediately, don't let outsiders take advantage of the fisherman."

"They will kill you, they will attack you, stop immediately, and there is still a chance!"

"Demon Emperor, it's useless, we don't believe what you say. In fact, when dealing with you, we are also leading snakes out of the hole. Those outsiders are the best. We have so many strong people, and we can't destroy them."

"Idiot! You can't play them!" The Demon Emperor roared, but no one listened to him.

far away.

Ye Fan and the others watched everything, and their hearts blossomed with joy.

Yue Linglong laughed loudly: "Brother Fan, you are still very powerful. With a small trick, the Demon Emperor will never be saved."

this moment.

Everyone admires Ye Fan.

Including Dragon Girl and Black Monkey.

Ye Fan said with a smile: "Just completed the first step, the next step is crucial."

"The millstone of heaven and earth starts, I don't know what will happen, and we need to get the dragon veins in the demon emperor's body before the demon emperor is obliterated. Moreover, we have to withstand the attacks of so many strong men and forcibly break the world."

"Tsk, this sounds like an impossible task," said Empress Suzaku.

"It's really tough."

Ye Fan took a deep breath and said with a smile, "It's interesting that I think it's difficult. Dragon Girl, are you sure you have the means to extract the dragon veins from the Demon Emperor's body?"

The dragon girl said: "As long as the demon emperor doesn't resist, I will be 80-90% sure to extract the dragon veins from his body. The most important thing is that the demon emperor can't resist. Ye Fan, you need to do this."

"It's very difficult if the Demon Emperor doesn't resist, but there's always a chance. Let's see when the time comes. Now, everyone is ready. The peak of the void is staying here, don't go to die."

Everyone got nervous.

Rao is a strong man like Black Monkey, and his expression is extremely solemn.

Because, even he could not resist the attack of the four hundred strong men.

Just now.

They believed that the demon emperor would surely die.

Unexpectedly, the demon emperor possessed a magic weapon against the sky, burned countless resources, even blocked it, and even killed a hundred strong men.

Ye Fan paid special attention to the forbidden treasure fan.

The Demon Emperor must still have resources, although not as many as before, but he can definitely revive the taboo fan.

This requires attention.

Otherwise, it is possible to capsize in the gutter.

"Stop it, you idiots, you motherfuckers!" The demon emperor kept cursing, really mad.

However, the powerhouses kept injecting energy.

"Boom."

a moment.

There was a beating like a heart, and the whole world was beating with it.

The millstone of heaven and earth moved.

The demon emperor's face changed greatly, and all his resources were burned again to inject energy into the forbidden treasure fan, and he was ready.

"Tian Di Mopan, come back to life."

"recovery!"

Four hundred strong men roared in unison.

Full blast.

Finally, the millstone of heaven and earth trembled, the whole world was in the Demon Emperor, and a big earthquake occurred.

Countless mountains and rivers collapsed.

The sky was torn apart, and it seemed like the end of the world.

Ye Fan and the others began to act, using the great invisibility technique, and approached cautiously.

"Boom."

The grinding disc of heaven and earth trembled more and more away, accompanied by the earth-shattering roar, reaching the depths of the soul.

Ye Fan's eyes rolled.

The yin and yang eyes are stretched to the extreme, wanting to see where the weak point is.

"recovery!"

"recovery!"

"recovery!"

One after another.

At first, the light of Tiandi Mopan was dim, but with every cry, each explosive input of energy, the light mixture of Tiandi Mopan gradually brightened.

at the same time.

A palpitating, wanting to pay homage pervaded the air.

On the grinding disc, the Demon Emperor felt the most clearly, his whole body was stiff, his body kept shaking, and his blood was surging.

"hateful!"

The demon emperor seemed to be unable to bear the pressure.

"Crack!"

Finally, due to the recovery and trembling of the grinding disc of heaven and earth, the method of sealing this space collapsed.

The demon emperor immediately left the mill.

"Everyone, pay attention, the demon emperor wants to escape, he can't be allowed to escape!"

"Hahaha, today is the death period of the demon emperor. It is destined that he can't escape at all."

"Qiankun bag."

This leader received the magic weapon, which is the space magic weapon Qiankun bag.

"Monster Emperor, come in you!"

Immediately, the Qiankun bag was enlarged ten million times, and the terrifying suction force wrapped the Demon Emperor, pulling him into the Qiankun bag.

"Bastard!"

The demon king was furious.

But he deserves to be your top powerhouse, a demon sword appeared in his hand and slashed down.

Split out of the vacuum.

The suction force is temporarily interrupted.

The demon emperor escaped proudly, tore through the void, and wanted to escape.

"Stay." One of the leaders moved, and he threw a string of rope around the Demon Emperor's foot.

The demon king could not break free.

"cut!"

The demon knife fell.

However, the rope could not be cut.

The leader sneered: "Demon Emperor, this is the rope made by the legendary dragon tendon, you don't want to cut it off."

at the same time. The suction force of the Qiankun Bag came again, and the Demon Emperor was exhausted from being tortured.

"Boom."

The millstone of heaven and earth also moved.

In Ye Fan's eyes, it was like a flying saucer in a sci-fi movie, moving slowly.

"Crush the demon emperor."

The powerhouses controlled it together, using the grinding disc of heaven and earth to smash the body of the demon emperor to shreds.

The demon emperor has a lot of methods, but he really can't break free from the comfort of the dragon tendon.

Without any choice.

He can only use the Forbidden Treasure Fan.

He was reluctant to use it.

Because his resources are really few left, after using up this time, he can only revive the Forbidden Treasure Fan at most once.

Use once less.

But there is no way, in this situation, if you don't use it, you will fall.

The millstones of heaven and earth were rolled.

"Destroy!"

Blue veins erupted on the Demon Emperor's face, and he was so angry that he waved the forbidden treasure fan.

Woohoo.

A gust of wind picked up.

wow wow wow.

Brilliant.

The dragon tendon was blown open, but it was not destroyed; but the Qiankun bag was blown to the point of collapse.

"My Universe Bag."

The leader cried out sadly, took back the Qiankun bag, and found that the inner space was fragmented.

The Qiankun bag is abolished.

"Demon Emperor, you bastard, you ruined my treasure." The leader was full of resentment.

But.

next second.

The gust of wind drowned him, and he didn't even let out a scream.

"Depend on!"

Ye Fan looked distressed.

He was going to take the Qiankun bag, but he didn't have time; it's such a pity, it's really a good treasure to be able to take it.

Chapter 1360: cooperate

The demon emperor's blow blocked the annihilating power of the grinding wheel of heaven and earth, released the bondage, and wanted to escape.

only.

Where would these powerhouses let go of the Demon Emperor?

They also paid a huge price for starting the Tiandi Millet. If they couldn't kill the Demon Emperor, it would really be a blood loss.

"Boom."

The recovery of the millstone of heaven and earth is like a sleeping person gradually awakening, so it begins to become flexible.

At first it was just a slow turn.

Now the speed of rotation is getting faster and faster, making the whole world and even the world shake.

The Demon Emperor was extremely frightened, and he roared: "Ye Fan, you haven't shot yet!"

"If you want to take advantage of the fisherman, don't be delusional. If you don't do it again, I will know the dragon veins."

"hold head high!"

A dragon roar resounded through the world.

The demon king is crazy.

At this time, Ye Fan knew that he couldn't hide, so he and the dragon girl showed up.

"Outlander!"

"This bastard, the demon emperor, keeps saying that he doesn't cooperate with outsiders. Now, it's the truth."

"Kill them all."

The grinding wheel of heaven and earth came with a terrifying annihilation power.

"A picture of life and death."

Ye Fan used his bloodline magical powers.

The yin and yang life-and-death map that covered the sky and the sun appeared, and the life-and-death map also had the power of annihilation, instantly wrapping the heaven and earth grinding disc.

Give the demon emperor time to breathe.

"Cooperation?"

Ye Fan asked playfully.

The Demon Emperor gritted his teeth and roared, "You're still talking nonsense like this. If you don't cooperate, we'll all die."

"Who is the leader?"

Ye Fan asked again.

"You want to deprive me of the dragon veins, your wolf ambitions. Ye Fan, you have a big appetite, be careful to choke to death."

"I don't need to bother you. In a word, would you like to lend me the dragon veins?"

The demon emperor is very embarrassed.

The dragon vein is one of his trump cards, and it is also the foundation of his strength. If there is no dragon vein, his strength will be greatly reduced.

But.

If he does not agree to Ye Fan, his situation will be very dangerous.

"I'll take you away."

Ye Fan's voice transmission is very sincere.

Because, the situation is indeed very critical now, the Tiandi Mill starts, and we must seize the opportunity.

because.

Once Tiandi Mopan goes silent again, there will be no chance at all.

It is impossible for those strong people to help them start the grinding mill of heaven and earth.

"You should understand that there is only one chance. Make a decision immediately. You should have this courage, and don't let me underestimate you. In fact, take a good relationship with me, and after you go out, you will find that there are great benefits. ."

"What's the meaning!"

"I wasn't originally from this world, and I wasn't from Xianshan World, but after leaving this world, although the creatures in that world are a little bit sloppy, you should be able to understand. I have power outside, and it's good for you to form a bond with me. ,Trust me."

"Ten seconds, give me the answer."

The Demon King's face changed.

At this moment, the yin and yang life and death map left, unable to wrap the heaven and earth grinding disc, and it was about to collapse directly.

Finally, the demon emperor gritted his teeth and said, "Okay, I promise you!"

"That's right."

Ye Fan smiled.

I only saw that the demon emperor forced the dragon veins out, and Ye Fan used a secret technique to take down the dragon veins.

"Dragon Girl."

Ye Fan looked to the side.

"Trust me."

Ye Fan is very sincere.

The dragon girl nodded, and now, she can only trust Ye Fan.

Another dragon vein.

With three dragon veins in his body, Ye Fan's whole body seemed to explode, the huge energy was too terrifying.

"kill!"

at the same time.

The Black Monkeys also took action, fighting for a chance for Ye Fan.

The demon emperor and the dragon girl were on the left and right, escorting Ye Fan to the weak spot.

"Bastard, what is he doing!"

"Destroy them!"

All the strong roared.

In an instant, Tiandi Mopan knocked all the black monkeys flying, and the injuries were not minor.

Ye Fan released the Kaitian Axe, Wuxu Kunding, Fangcunshan, and the Supreme Dagger, and handed them over to Mudan, so that he could use the invincible disease to fight against Tiandi Mopan and the strong people below, and buy him time.

"Weak point!"

Ye Fan's eyes burst with divine light.

The yin and yang eyes exploded to the extreme.

Not only him, the demon emperor and the dragon girl are also looking for it.

Weak points are not so easy to find, only if you find weak points you have a chance.

Otherwise it is useless.

"it's here!"

Suddenly, the dragon girl found out.

The reason why she discovered it was because she sensed the Qi of the Dragon Vein, and the dragon girl said: "This weak point is enveloped by the Qi of the Dragon Vein, how could this happen!"

The demon emperor said: "It must be left by that strong man more than 800 years ago."

Ye Fan suddenly realized.

Possibly, that Dalongmai deliberately left clues for future generations to take this road and leave this world.

good good.

Really helpful.

"Puff puff....."

At this time, Jiu Jianxian and the others were seriously injured.

Even if he has an invincible disease, the world is too terrifying, plus hundreds of ancestor-level powerhouses, he is really powerless.

Even the black monkey is very miserable.

"The Demon King."

"Damn, I have few resources left, only the last chance to use the taboo fan."

Ye Fan and Long Nv immediately coveted 20 billion top-grade spirit stones.

The Demon Emperor took it, burned it directly, and added some of his own resources to revive the forbidden treasure fan again.

"You bastards, give me death!"

The demon emperor roared and waved the forbidden fan.

Another hurricane.

The millstones of heaven and earth were blown backwards, and below, some powerful ancestors died tragically.

The black monkeys got a breath, and immediately devoured the magic medicine to start healing. At the same time, Peony performed a great healing technique.

Everyone is getting better.

The black monkey seized the opportunity, rushed into the battlefield, and slaughtered wildly.

Jiujianxian even forcibly cast the sword twenty-four.

A sword killed more than a dozen strong men, but he also paid a huge price.

Ye Fan ignored the battlefield.

His task is to break this weak point and break the world.

"Heavenly Overlord!"

"open!"

"Great Blessing Technique! Great Expansion Technique!"

"Blood recovery!"

"Superimpose it all for me!"

Ye Fan was also extremely crazy, and at this moment, he showed it most vividly.

The demon emperor was also startled.

In particular, the physical body shocked the Demon Emperor. How could a human being have such a terrifying physical body?

"Creation scriptures!"

Ye Fan shouted, the power of creation burst out.

"Creation Fist!"

This punch is enough to kill the existence of the ancestors, and it is an instant kill.

it's not finished yet.

The power of the dragon veins spewed out, blessings came in, and the power of the fortune-telling fist rose again.

"boom!"

This punch hits the weak point, but...

But no ripples appeared.

Ye Fan was stunned.

This is his all-out blow, and it has no effect at all. It's worth it!

"Open Heaven Axe!"

Ye Fan shouted.

Peony threw the opening axe over.

Ye Fan grabbed the Sky-Opening Axe, and in an instant, people and soldiers were united, and he seemed to have turned into the Sky-Opening Axe.

"cut!"

This blow is equally sharp.

He slashed hard at the weak point, but just like the first time, nothing happened.

"I come!"

Black monkey growls.

Hit it with a stick.

"boom!"

no effect.

This made everyone in Ye Fan stunned, and it couldn't be broken, so what should I do?

"Hahaha."

"You idiots, trying to break the world is ridiculous."

"go to hell."

Hundreds of powerhouses slowed down and joined forces again to control the millstones of heaven and earth, crushing them forcefully.

The dragon girl said, "Ye Fan, what can you do?"

"To gain time."

Ye Fan said four words and immediately sat cross-legged.

The demon emperor didn't know why, "What is he doing!"

"Don't ask too much, buy time." The dragon girl looked at the forbidden treasure fan in the hands of the demon emperor and said, "Can you recover."

"Yes, but it requires huge resources."

"Everyone get together."

Dragon Girl voice transmission to everyone.

A large number of resources came, and the demon emperor immediately used it to revive the forbidden treasure fan.

"Wooooooo."

Without any hesitation, immediately shot.

The millstone of heaven and earth went backwards, and some powerhouses died tragically below, but now those powerhouses are ready, only a dozen or so died, and the loss is not too great.

What is Evan doing?

At this moment, he is looking for a breakthrough.

With three dragon veins in his body, Ye Fan is confident enough to break through the imprisonment of level 79 and reach the brand new world of level 80.

At that time.

Might be able to blast through weak spots.

"Body tyrant!"

Ye Fan's mind training method is running wildly, and with the mysterious technique of the mysterious door, his understanding has greatly increased, and he is deeply researching and comprehending.

It's a race against time.

Resources are limited, and the forbidden treasure fan cannot recover indefinitely. Now it is very difficult for everyone to face the grindstone of heaven and earth.

Fortunately, Ye Fan gave enough invincible diseases.

Haotian Mirror also came out.

This is an imperial object, bearing the brunt of the fight against the millstones of heaven and earth.

"Boom!"

"Dong dong!"

Suddenly, a violent heartbeat sounded, which was Ye Fan's heartbeat.

Like thunder!

Every time it beats, the whole world trembles.

The monstrous weather burst into the sky with blood.

dyed the sky red.

"That guy wants to break through, hurry up, don't let him break through, everyone work harder and kill them!"

"Kill kill kill!"

"Don't leave your hands, it is related to our life and death and the stability of our world."

"In a full-scale outbreak, all resources will be taken out, so that Tiandi Mopan can recover to a stronger level."

Immediately, countless spirit stones appeared.

The background of hundreds of ancestor-level powerhouses is terrifying, and it is roughly estimated that there are at least 800 billion high-grade spirit stones.

There are also 100 million top-quality spirit stones.

What is this concept?

too terrifying.

Everyone's color changed. Once such a huge amount of energy was injected into the grinding disc of the world, the result would be needless to say, they couldn't stop it, and they would definitely be obliterated.

"Demon King!"

Peony suddenly looked at the demon emperor and gave me the forbidden treasure fan.

"what are you doing!"

"Give me!"

There is no doubt that the peony will stop drinking.

Long Nv said: "What are you still doing, everyone is a grasshopper on a rope now."

The demon emperor had a dark face and threw the forbidden treasure fan to Peony.

Afterwards, Peony actually held a forbidden treasure fan and used a great invisibility technique to disappear.

when it reappears.

He was actually under the millstone of heaven and earth, in the energy center.

"peony!"

Jiujianxian and the others exclaimed.

With such a violent energy, the peony will be wiped out.

But.

The next moment, they were dumbfounded and finally knew what Peony was going to do.

"The Great Devouring Technique."

"Give it to me."

Ye Fan taught him this magical power, and the endless energy was swallowed up by him.

And she was originally a spiritual body, a medium used to connect the forbidden fan.

only see.

The energy swallowed by the peony was directly infused into the forbidden treasure fan.

At this moment, the forbidden treasure fan, which was originally silent, burst into a radiant light.

"I didn't expect that Brother Fan passed this top-level magical power to Peony." In the distance, Yue Linglong smacked her tongue secretly, surprised.

The Great Devouring Technique is one of Ye Fan's strongest skills.

Ye Fan didn't pass it on to her.

Forbidden Treasure Fan's recovery turned out to be stronger, but at the same time, Peony was not feeling well.

As a medium, her pressure is also huge.

Even a little careless, it is really going to be wiped out by the impact of violent energy.

"not good!"

When the strong men saw this, their expressions changed greatly.

"That bitch!"

"Bomb her!"
