

## **Elegant SS 1361**

Chapter 1361: born

Thirty strong men soared into the sky, armed with magic soldiers, and they wanted to kill the peony.

"roll!"

Critical juncture.

The black monkey knocked them away with a stick.

"Damn, you outsiders, despicable and shameless, sin deserves death."

"Heaven and earth grind the plate, help us, and obliterate everything."

Although the peony devoured energy and injected it into the forbidden treasure fan, it was only part of it, and part of it was injected into the grinding disc of heaven and earth.

Rumble.

The grinding disc also recovered more powerfully.

"Okay."

shouted the black monkey.

Because, he found that Peony was about to be unable to support it, so he grabbed Peony back.

The forbidden treasure fan was thrown to the demon emperor.

"go!"

The Demon Emperor did not delay, and threw out the forbidden treasure fan.

That treasure fan, instantly transformed into a thousand times laughter, collided with the grinding disc of heaven and earth, stalemated with each other.

the other side.

Ye Fan's body became more and more dynamic, and his qi and blood became more and more vigorous.

His condition has never been better.

In the body, the three dragon veins circled in a circle and slowly rotated, reaching a certain balance.

This made Ye Fan very comfortable.

There has also been a breakthrough in the research on the Hegemony Technique, and now, there is a little chance.

This opportunity is also the most difficult.

Ye Fan opened his eyes, he did not choose to continue the boring and forced breakthrough, which would be more effective with less effort.

He looked at the weak point.

rushed up.

The weak dragon veins are extremely powerful, and it can be expected that the great dragon veins 800 years ago were also extremely tyrannical.

Ye Fan felt the breath of the dragon veins, and then gradually absorbed it. What shocked him was that there was some information in the breath of the dragon veins.

"It turns out that there are three weak points that need to be attacked together, so it is!"

Ye Fan was excited.

After listening to thinking, he also found two other weak points.

He told the news to everyone.

"Demon Emperor and Dragon Girl, let's try it first. I'll attack this weak point, and I'll ask you two times."

"Do it."

Three shot.

The attack landed on the weak point at the same time, and sure enough, the whole world shook.

Even the millstones of heaven and earth were shaking.

"effective."

Ye Fan's consignment, however, is not enough.

Power is not enough.

breakthrough!

Breakthroughs are necessary to break through weak spots.

Ye Fan turned to look at Tiandi Mopan, and he rushed over without fear.

"court death!"

The powerhouses below also discovered that Ye Fan was the backbone, and killing Ye Fan, this group of outsiders would be nothing to fear.

"Destroy him."

The terrifying annihilating power of the grinding wheel of the world broke out, hitting Ye Fan, and there was nothing left to destroy Ye Fan.

However, Ye Fan used the yin and yang life and death map, covering the whole body, temporarily immunizing and erasing the power effect.

He came to the millstone of heaven and earth, and found that there were three huge circles on the millstone at this moment.

These three arrays are exactly linked to the three weak points.

If the grinding wheel of heaven and earth does not move, the three circles are just aimed at the weak point, that is to say, the three circles are to seal the weak point.

Then...

Break the magic circle!

Ye Fan removed the Heaven-shattering Spear and stabbed into one of the circles with all his strength.

"Boom."

For a moment.

The millstones of the world swayed wildly, and the strong men below encountered backlash, vomiting blood, and their faces paled.

"Break it for me!"

Ye Fan roared, and the array finally exploded.

Next is the second one.

However. At this moment, life and death are about to collapse, and the annihilating power of the grinding disc of heaven and earth will drown Ye Fan.

"Who can kill me!"

Ye opened his mouth coldly, letting the life and death map explode.

"Brother Fan!"

In the distance, Yue Linglong and the other women screamed.

The power of obliteration drowns Ye Fan, which is simply no way to survive.

How to do!

"Evan!"

They are also worried about Peony.

But.

In the next second, a burst of qi and blood rose into the sky, causing all the annihilating power to collapse.

Ye Fan revealed.

He was intact, but his breath kept rising.

Qi and blood covered the whole place.

"Breakthrough!"

Happy peony.

That's right, at that moment, the opportunity came, and Ye Fan broke through.

Level 80 Celestial Hegemony!

not end yet...

Eighty-one.

Eighty-two.

Eighty-three.

Eighty-fourth grade.

Eighty-five.

Eighty-sixth grade.

Finally, it stopped.

The eighty-sixth-level Celestial Hegemonic Body has undergone earth-shaking changes.

Ye Fan punched.

Destroyed dozens of powerhouses below.

He snorted coldly, like an emperor, with another shot, piercing the last magic circle.

After the three magic circles broke open.

I only saw that the three weak points have also changed, and I feel that they have become fragile.

"open!"

Ye Fan is so domineering.

The demon emperor and the dragon girl were not asked to help.

Road punch!

Good Fortune!

The Great Fighting Fist!

Three peerless boxing techniques, bombarded three weak points respectively, only to hear a "click", and a crack appeared in the weak point.

at the same time.

The world is also in a catastrophe.

"Do not!"

The remaining strong men roared sadly.

For them, the outsiders, Ye Fan, destroyed their homes. They were invaders and destroyers.

Ye Fan sighed.

There is no way, only this way.

He has no mercy.

This world is the strong prey to the weak. Even if you defend your family for decades, you will be bullied by traitors and bury your children.

"boom!"

Ye Fanping regained his heart and was very firm, even if the world collapsed, even if all living beings perished.

He will do the same.

"Crack!"

"Crack!"

The cracks are getting bigger and bigger.

Like a chain reaction, the millstones of heaven and earth also dimmed.

And those powerhouses have been desperate, lost their spirits, and have no action.

He kept looking at the sky and kept roaring.

"open!"

Ye Fan's eyes lit up, and the last three punches completely opened up the weak point.

at the same time.

This piece of sky was shattered inch by inch, and the world was completely shattered.

Starry sky storms filed in.

raging.

destroying.

Ye Fan frowned and said, "This world may collapse, if you want to survive, follow me!"

"Everything is up to your own free will, I won't force it."

"If you are willing to follow me, immediately organize the creatures of your own ethnic group to gather, the sooner the better. The premise is that you don't make trouble, otherwise, you will be killed."

This is Ye Fan's kindness.

He could not bear to see the destruction of life in this world before his eyes.

After all, he caused such a disaster.

The strong men stopped screaming.

Some of the chiefs set off at once to gather their clansmen; of course, there were also some stubborn ones.

These, Ye Fan can only let them fend for themselves.

Yue Linglong and the others also rushed over.

The starry sky storm is raging, but everyone is in the world-breaking shuttle, and there are many invincible magic soldiers to protect them, so it is still very safe.

The world is crumbling.

Many leaders came with the clan, and at the same time, they were also very smart and dedicated a lot of resources.

Now we need resources, we need to inject the world-breaking shuttle to make the world-breaking shuttle even bigger, otherwise it will not be able to accommodate so many creatures.

three days.

Ye Fan gave them three days.

Nearly 200 ethnic groups entered the Boundary Shuttle, and all the creatures added up to three billion.

"Ye Fan, once they mess up, it will be very dangerous!" Long Nv reminded.

"Don't worry, when they entered the Boundary Shuttle, they were already penetrated by the power of the Seven Star Fate Chart. If they dare to make trouble, they will end badly."

Ye Fan was of course prepared.

this day.

The broken world shuttle passed through the storms of the starry sky, left this world, and entered the vast starry sky.

only.

At present, it is still traveling through the storm vortex, and has not completely left the storm zone.

one day later.

Finally, the Breaking Boundary Shuttle rushed out of the storm zone, and what caught his eye was the vast starry sky.

"Look!"

The crowd exclaimed.

In the line of sight, is a huge celestial body, ups and downs in the starry sky, and around the celestial body, there are three storm vortexes.

The heavenly body is exactly the same as the millstone of heaven and earth.

only.

Compared with this celestial body, the grinding disc of heaven and earth is really insignificant.

Like ants and elephants.

This world is so big, it looks like a planet.

Looking at the three storm vortexes, Ye Fan had a bold guess. Perhaps, the three storm vortexes corresponded to the way out of the three immortal mountains.

But what is this celestial body?

Tiandi grinding disc should be his three small parts.

"Let's go and see."

Breaking the world shuttle flying towards the celestial body, you can gradually feel the huge resistance.

Difficult to move in the end.

At this time, the distance from the celestial body is still extremely far.

"It seems that it is impossible to get close to the celestial body, and it is also true that such a magnificent existence is not something we can explore."

"Now we are trying to find a way to go back to Zuxing."

"The world-breaking shuttle takes us so many creatures to fly for a long time, and the consumption is too much, and it will not work. The best way is to find a big world, get a battleship, jump through the wormhole, and return to the fastest way. to Zuxing."

The Boundary Shuttle slowly left.

Ye Fan is still sighing, what is the existence of that majestic celestial body?

what's the effect?

The picture is really too sci-fi to express in words, and it is shocking enough.

Finally, the broken world shuttle left here.

Wandering in the starry sky without a destination, because the Boundary Shuttle is not a battleship, even if you know the coordinates of the earth, you cannot make a wormhole jump.

Fortunately.

Not long after, I met the Starry Sky Traveller.

"boom!"

The breaker shuttle meets the starship battleship.

Immediately, on the battleship, a path of creatures rushed out, all of which were at the peak of Nascent Soul.

"Who is coming!"

"Kneel down."

The demon king opened his mouth.

In an instant, all the powerhouses in the Nascent Soul realm vomited blood and were seriously injured, and fell in a pool of blood, unable to move.

"Shh!"

The master of the battleship came out, breaking the realm of the initial stage.

I wanted to pretend to be forceful, but when I saw Ye Fan's lineup, the darkness was overwhelming.

Directly frightened, the soul flew away.

"Sir, forgive me."

The owner of the battleship knelt down directly.

Ye Fan, the demon emperor and other leaders descended on the battleship and said, "We need to requisition the battleship, is there a problem?"

"No problem, my lord, the battleship is for you."

"However, this battleship is too small to accommodate billions of creatures. Do you know where the nearest big world is?"

"Sir, the nearest big world is the Great World of Demons, and I'm going there too. The Great World of Demons is at war with the Great World of Holy Light, and our Starry Sky Wanderers are going to fish in troubled waters."

"My lord, the strength of the world of demons is very powerful. Legend has it that the master of demons is a powerful person in the realm of transformation."

"The Great World of Demons must have super battleships, which are enough to accommodate billions of creatures, even tens of billions or even hundreds of billions. I know the coordinates of the Great World of Demons and can lead you there."

Chapter 1362: The world of demons

Ye Fan was eager to return to his hometown.

The earth doesn't know what it looks like now. He also thought about using this starship battleship to bring Jiujianxian and the others back to earth first.

But.

According to the coordinates, it is really too far away from the earth, and it will take a month for the starship battleship to jump.

too long.

Ye Fan must get a more advanced warship, so that the time for wormhole jumping is greatly shortened.

Fortunately.

This starry sky is not far from the world of demons, and after a long time in the world, they saw the huge light in front of them.

Like a jade plate, it floats up and down in the starry sky.

That is the world of demons.

"What a strong breath!"

Wine Sword Immortal and the others were amazed.

Because, all the creatures present can sense the power of the world of demons.

The world is very stable.

The Heavenly Demons are the most powerful group of the Demons, even more powerful than the Beginning Demons.

In ancient times, it was a big and strong ethnic group, and the Tianmo tribe was on the list.

rumor.

Demons are everywhere.

And demons will give birth to demons.

Inner demons, this is the existence that practitioners are most afraid of, because at any time it may make people go crazy and disappear.

The strength of the Demon Race lies here.

Can create demons.

Besides, the Great World of Holy Light, this great world is also amazing. The way of cultivation is even masculine and strong, and it has supernatural powers such as the Great Light Technique, and has a certain restraint ability against the demons.

therefore.

The two great worlds are sworn enemies and are not far apart, so they often go to war.

This is like the heaven world of the angel family and the \*\*\*\* world of the ghost family, which are also deadly enemies.

"Boom."

At this moment, some battleships also appeared in the distant starry sky, all of which were heading for the world of demons.

"My lord, the Great World of Demons and the Great World of Shengguang are at war, but I heard that the Lord of Demons is at a disadvantage in addition to some problems."

"Nowadays, the world of demons is chaotic. Many star travelers and the big world who hear the news will send battleships to fish in troubled waters."

"Let's go in."

The battleship slowly entered the world of demons.

Once you come in.

The scene in front of him has undergone earth-shaking changes.

Unfortunately, Ye Fan and the others happened to appear on the chaotic battlefield, and the soldiers of the Holy Light Great World had already entered.

right here.

A peak-breaking powerhouse in the Holy Light World is fighting with a peak-breaking powerhouse in the Devil's World.

"what's the situation?"

Suddenly, they stopped and separated.

because.

They sensed a terrifying breath.

And when they saw Ye Fan and the others, the two peaks of breaking the void were completely dumbfounded and shocked to the point of incomparable.

I rely on!

Those ones...

All of them are the peak of the void?

What a joke.

The huge world of demons, or the world of holy light, together, there are not a hundred peaks of breaking the void.

Ye Fan has no interest in the war between the two great worlds, he just wants to get the super battleship as soon as possible.

"Come here."

Ye Fan stood in the sky and beckoned.

The two peaks of breaking the void did not dare to neglect, they rushed over, clasped their fists and said, "See your lord!"

"I want to buy a super battleship that can perform wormhole jumping to the maximum extent. I wonder if you can sell it to me?"

"The Battleship?"

"That's right, the stronger the better, I need to go to a very far place and finish the shortest time that the wormhole jump can maximize."

The commander of the Great Demon World said: "Sir, our Great World does have three super battleships, but they fought against the Great World of Holy Light and damaged one; there is another one in the hands of our Demon Lord. The last one needs to be It is used to guard against emergencies. Once the world can't hold on, our family will migrate!"

"In other words, no more."

"Sir, calm down, I can't be the master. If you don't mind, please move to our Temple of Heaven and Demons and discuss with the elders."

"grown ups!"

At this moment, the commander of the Great World of Holy Light said, "Don't be so troublesome, we of Great World of Holy Light can sell you the anxious battleship."

"That feeling is good, is it okay now?"

"This..." The commander said, "I'm afraid it won't work now. Our super battleship is still in the Great World of Holy Light. It will take three days to come here."

"Three days."

Ye Fan muttered to himself.

Then he said: "Prepare with both hands, you can now send a message to the Holy Light Great World to explain this matter. I will go to the Temple of Heavenly Demons and discuss with the elders of the Heavenly Demon Clan."

The commander of the Holy Light World was helpless and nodded: "Okay, I'm going!"

"Sir, this way please."

Ye Fan put on the black monkey, the wine sword fairy, and the peony, and came to the Temple of Heaven and Demons.

This commander has already conveyed the news that before the main hall, eight patriarch-level elders who have comprehended the opportunity to transform into a \*\*\*\* are waiting.

"So strong!"

These elders stared at the black monkey all of a sudden, and they were very jealous. When they were careful, they kept their posture very flat.

"It's a guest from afar."

"Fellow Daoists, please come inside."

"Please!"

Entering the hall, after a few polite words, Ye Fan directly stepped into the topic: "Elders, I want to buy a super battleship, I wonder if you can give up your love?"

The first elder said: "Fellow Daoist Ye, to be honest, our Demon Lord is nowhere to be found. If he was there, we would sell you one without thinking. Now..."

Ye Fan asked: "It is said that the Lord of the Demons is a strong person in the realm of transformation?"

"Of course."

The elders are very proud.

"My clan's demon master, through the sky and the latitude, has great supernatural powers and great means."

"In this case, the Demon Lord will definitely be fine. Maybe he has gone to play somewhere. Maybe he will come back in a few days. Just sell the super battleship in your hands to us?"

The elders looked at each other.

In fact, they were also very nervous, worried that if they refused, they would be dissatisfied with Ye Fan.

If Lianhe Shengguang Great World dealt with them, if the Demon Lord was not there, they would really lead to a catastrophe.

But when it was sold, the elders were at a loss.

Who knows when the devil will come back?

If they don't come back, and the Great World of Demons can't keep it, it will be a little difficult for them to leave.

True.

There are many other battleships, but the more battleships there are, the easier it will be to be sniped by the Great World of Light.

How can there be the safety and convenience of super warships.

The super battleship is enough to accommodate all the demon creatures, and at the same time, it performs super wormhole jumps, so that the Great World of Holy Light can't be chased and killed at all.

"Fellow Daoist Ye, we will consider how to arrange for you to rest first."

"Yes, I hope to give me an answer as soon as possible."

"sure."

Ye Fan left the Temple of Demons and did not go back, but wandered in the world of Demons.

On the one hand, take a look at whether there are any treasures, and on the other hand, take a look at this magnificent world.

In the world of Tiantian Demon, half of the area is full of war.

It was dark and dark as the soldiers of the Demon Race and the soldiers of the Holy Light Great World were fighting.

Not human, but in human form.

Walk through a battlefield.

Ye Fan stopped because, he noticed, a very amazing demon of the demon clan.

Single-handedly, protect the old and young, women and children, and face thousands of soldiers of the Holy Light World.

This is a young man, at the peak of Yuan Ying.

but.

However, he killed more than a dozen enemies in the early stage of breaking the void, and he did not know how many cultivators in the Nascent Soul realm were in his hands.

But.

In the end he was still unable to do so.

"Hahaha, brat, you're finally dying. Your time of death is here! Killing a genius like you will definitely have a big loss for the Demon Race. We are earning blood."

"cut!"

The giant axe smashed down.

But suddenly, the giant axe exploded and vanished.

Ye Fan came.

"Who!"

The general of the Great World of Holy Light in the early days of breaking the void roared, but when he saw Ye Fan, his pupils shrank.

"Breaking the Void Peak!"

"Lord of the Demon Race, according to the rules, you can't take action against us in this realm. Your opponent is the pinnacle of our Holy Light Great World!"

"I am not a creature of the Demon Race."

Ye Fan shook his head and said immediately, "I like this genius, and I want to save his life."

"My lord, this is not fair. Outsiders, you can plunder the resources of the great world of demons, and you should not interfere in the disputes between our two great worlds. We have killed and injured so many soldiers, and now we can kill him at a glance. You saved him. He, all of us died in vain."

"It's not fair, but in this world, how can there be absolute fairness."

Ye Fan sighed.

He threw out a lot of resources, and even some of them were heavenly and earthly treasures.

"These resources are considered compensation, let's leave."

"Thank you sir."

The general of the Holy Light Great World is not a fool, and has already benefited. If he continues to be tough, he will end up dead.

Rumble.

The soldiers receded like a tide.

Tianjiao of the Tianmo clan breathed a sigh of relief and said gratefully: "Sir, thank you for your help."

Ye Fan looked at this arrogant, very handsome, with a dusty temperament.

"Actually, I don't know why I want to save you, maybe it's on impulse."

"But you are really good."

"The talent is very strong, and he has a good heart. He did not abandon these old and young women and children, and fled alone."

"what's your name?"

"Demon God."

"Good name." Ye Fan's eyes lit up, he studied the seven-star fortune chart, he didn't dare to say that he understood fate, but he had some experience.

A person, in all aspects, can reflect the person's luck.

The name is one of them.

A good name often indicates that the person's destiny is extraordinary.

Of course.

Deliberately naming it doesn't work.

In short, everything about the Dao of Destiny is very complicated, and Ye Fan has not yet researched a drop in the bucket.

"It's fate that we met, and it may be destined in the dark, that's all, I'll pass on some magical powers to you."

"Great Healing Technique!"

"Great Expansion!"

"Great Teleportation!"

"Great body protection!"

These four magical powers are all very good, with defense, speed, increased combat power, and self-healing.

very comprehensive.

Mo Xiantian was overjoyed: "Thank you sir!"

"Ok."

Ye Fan didn't linger, just drifted away.

Time flickers.

the next day.

Early, Ye Fan received a message from the elders of the Temple of Heaven, asking him to go to the Temple of Heaven.

"Elders, how are you thinking?"

"Fellow Daoist Ye, we thought about it for a long time and finally decided to sell it to you."

"yes?"

Ye Fan was surprised.

He asked, "This is the main magic weapon for your migration. Are you really willing to sell it to me?"

"What else can I do? If I don't sell it to you, if you cooperate with Shengguang World, you can also take it away!"

Ye Fan's mouth twitched.

The first elder said: "It's okay to sell it to you, but you have to do us a favor."

"I will not interfere in the disputes between your two great worlds."

"That's not necessary, but I hope you can take away a genius of our Tianmo clan."

"Who?"

"Demon God."

Chapter 1363: back to earth

"innate!"

The elder tore apart the void and captured the demon who was fighting on the battlefield.

"kill!"

"God, calm down."

The elder drank lightly.

Mo Xiantian finally came out of the slaughtering state. He was panting heavily, covered in blood, and said, "Elder, why are you arresting me in the Temple of Heavenly Demons?"

"Send you away."

"what?"

The devil looked bewildered.

Suddenly, he saw Ye Fan and said in surprise, "Senior, it's you!"

The first elder was surprised: "Do you know each other?"

"Elder, yesterday, it was this senior who saved me, otherwise I would have gone to the west. Not only that, but the senior also taught me four supernatural powers, which are very powerful."

"yes!"

The big elder laughed.

"Fellow Daoist Ye Fan, it seems that you have a fate with Xiantian. Our condition is that we hope you will take Xiantian away."

"What's the reason? This kid is a genius. It's hard to believe that the genius of your Tianmo clan is the strongest and most potential. That's too bad."

The gigantic Tianmo clan, the strongest Tianjiao is only the peak of Yuan Ying, which is really shameful.

The elder said with a smile: "Ye Daoyou, you don't know something, the innate is extraordinary, he was born to raise, no father or mother, and a sea of demons was born in his body. Once it breaks through to the realm of breaking the void, it will start to defy the sky. ."

"Because of this, it is extremely difficult for him to break through. This kid was at the peak of Nascent Soul ten years ago, and he has not yet broken through."

"You haven't made a breakthrough in ten years?"

Ye Fan used his yin and yang eyes to look at the demon innate, but found that he couldn't see through.

but.

Vaguely, it was discovered that there was a bright light in the dantian of the innate demon, which should be the so-called Heavenly Demon Heart Sea.

"Fellow Daoist Ye, we sold the super battleship to you. We are planning to sink the boat and not give ourselves a way out. In fact, our demons are reluctant to leave us for countless years. If we really can't keep it, then we will be with the world of Holy Light. Burn all the jade, the super battleship is useless in our hands, it would be better to sell it to you to take away the hope of our demons."

"Elder!"

Tears are pouring down like rain.

Ye Fan said: "In this case, I will agree. I will keep Mo Xiantian safe in our world. But how he will go next, I will not interfere, it is all up to him."

"enough."

The elders bowed to Ye Fan.

Immediately, he walked out of the Temple of Heavenly Demons, waved his hand, and saw that the sky was torn apart, and a battleship slowly sailed out.

This battleship is really magnificent!

Simultaneously.

Exudes an air of majesty.

Ye Fan was amazed.

This is a super battleship, and it should have the means of attack to kill the ancestors.

The first elder was very proud and said: "Fellow Daoist Ye, it is impossible for the world of Holy Light to sell you a super battleship. As far as we know, they only have two. The Lord of Holy Light has one, and the other is on standby like us. "

"We have three ships in the Demon World."

"If it wasn't for our Demon Lord who disappeared, hum, give Shengguang Great World a hundred courage, and they wouldn't dare to attack."

"Forget it, don't talk about that."

"Fellow Daoist Ye, the defensive power of the super battleship is amazing, and it can resist the attack of the powerhouse. Of course, resources need to be burned, but the battleship itself has energy, which is enough to withstand the powerhouse for three days."

"sharp!"

Ye Fan praised.

The first elder continued to introduce: "As for the attack power, it is much weaker. It can only hit half a step into a god, and it is very difficult to kill."

"Here, this is the control token, Fellow Daoist Ye confesses his master with blood, then from now on, you will be the master of this super battleship."

"it is good!"

Ye Fan was very excited.

Owning such a powerful warship is like buying a luxury car and buying a house in the secular world.

Drop blood to recognize the Lord.

In an instant, Ye Fan established a connection with the super battleship. With a thought, the battleship shone down and enveloped him.

Ye Fan appeared in the control room of the battleship in the blink of an eye.

Sitting on the throne, he found that the battleship was like his hands and feet, which could be controlled with a single thought.

If you want to defend, you can defend, and if you want to attack, you can attack.

This feeling...really so comfortable, so refreshing!

"Thank you elders." Ye Fan came to the front of the battleship and stood there, "Can you make a price?"

"No need."

The elder shook his head.

Ye Fan said: "Give it for nothing? That's not good. I, Ye Fan, are not such a villain."

The first elder smiled and said: "We did ask for a lot of wealth at the beginning, but innately said that you saved his life, which is offset."

"There is such a good thing!"

Ye Fan laughed and beckoned: "Xiantian, come up."

"Yes!"

Demon Xiantian was picked up.

"Elders, I'm leaving."

"Bon Voyage."

The super warlord broke through the air, and the speed was too fast, and he disappeared in an instant.

In front of the Temple of Heavenly Demons, the elders looked at the sky and were speechless for a long time.

"Shh!"

The broken world shuttle came to the super battleship, and all three billion creatures were accommodated.

methodical.

Ye Fan said with a smile: "Now we can go home, and to estimate the time, it will only take three or five days."

"Let's go!"

Without any hesitation, Ye Fan eagerly drove the battleship and left the world of demons.

From a distance, I saw a battleship that was a circle smaller than the super battleship, and that was the arrival of the Great World of Holy Light.

"grown ups!"

"It's you!"

Ye Fan recognized it as the commander-in-chief of Shengguang Great World he saw yesterday.

The commander looked at the super battleship and said in shock, "The Demon Race really sold you the super battleship, how is that possible!"

"That's what it is."

"But my lord, I've already got a Void-breaking warship, do you want it?"

Ye Fan glanced at it and said, "If you give it to me, I will, and if you don't give it, forget it."

"My lord, you are a white wolf with empty gloves, so how can you do it." The commander was not happy.

"Well then, I'll grab it."

"...??"

The handsome face was stunned.

In the next second, Ye Fan was sent flying, and all the soldiers on the battleship flew out.

"Bring the token."

Ye Fan used the Great Entanglement Technique to control the commander, and then the Great Arrest Technique took the battleship control token in his hand.

Direct drop of blood to recognize the Lord.

This Void-breaking battleship is already his.

"Sir, you!"

That handsome vomit blood.

Ye Fan turned back and said to Mo Xiantian: "I feel a little sorry for taking the super battleship in vain. Now that I \*\*\*\* the Void Peak of the Holy Light Great World, it can be regarded as a blow to them. To a certain extent, it can be regarded as helping you Tianmozu. ,Right."

Mo Xiantian twitched the corners of his mouth, nodded and said, "Yes, yes."

Jiujianxian and the others also had strange expressions on their faces.

Ye Fan, it's really immoral!

"Let's go."

The Void-breaking battleship landed on the super battleship and could fully accommodate it. Then, it performed a wormhole jump and left the starry sky.

"Am I him!"

The handsome man was terribly embarrassed.

But helpless.

...

Eyes pulled back to Earth.

Since Ye Fan disappeared, the people in Tianzun Hall were very worried, and they searched around to no avail.

at the same time.

Earth has also been turned upside down.

The First Emperor's Mausoleum changes.

From the depths, countless cultivation methods have been rushed out, creating opportunities, and countless creatures are advancing by leaps and bounds.

The cultivation environment on Earth was seven or eight times better than when Ye Fan was still there.

Spiritual energy.

Famous mountains and rivers have become treasures, and the resources are growing and prospering.

However.

The strength of the major forces is growing rapidly, but the Tianzun Temple is facing a huge disaster.

at first.

Chaos arose in the Heavenly Kingdom World at the headquarters, and Jian Tai'a and the witch master, who had been subdued by Ye Fan, betrayed.

The ghost prince was attracted in.

At that time, in the initial stage of the ghost clan's prince, the strongest person in the Tianzun Hall was Yuan Ying.

Heavy casualties.

The kingdom of heaven is severely damaged.

In the end, the eldest sister Meng Qingyi showed her power and rushed out of the mysterious power, beheading Jian Tai'a and the witch master, and wounding the prince of the ghost clan.

The prince of the ghost tribe was forced to flee the heavenly world.

At this point, the crisis in the Tianzun Temple was lifted, it began to stabilize, and everyone's strength was advancing by leaps and bounds.

But just a month ago.

Disaster strikes again.

Wu Lingjun appeared with three strong men, suppressed the queen, and entered the world of heaven through the gate of heaven in the queen's bedroom.

Tianzun Temple once again suffered heavy casualties.

Fortunately, everyone hid in the disaster temple and survived, but the disaster temple was suppressed.

Fengshen Bang kept bombarding.

Can't seem to hold on anymore.

At this moment.

In the Heavenly Palace of Disaster, the backbones of the Heavenly Venerate Palace looked sad.

They got the news from Wu Lingjun.

Soon, he will marry the queen and become the king of Daxia, who will control the fate of Daxia.

Become the master of the entire summer, and even the world.

"This Wu Lingjun, Xiaofan didn't kill him at the beginning, it was a mistake."

Tang Ying gritted his teeth.

"Where is Xiaofan!"

"It's been so long, there's no news at all, what's going on, it won't be true..."

"Don't talk nonsense!"

Su Muyu drank lightly.

"Xiaofan will be fine. He Jiren has a natural appearance and must be alive. Moreover, Xiaoqi has been calculating, saying that Xiaofan is not dead."

When Xiao Qifangrui was mentioned, everyone's face darkened.

When Wu Lingjun took the old demon of Montenegro, Huang Wutian and Jinmeiwan into the heavenly world, disaster broke out.

Fang Rui was the first to show it.

too strong!

The current combat power of the Tianzun Temple is only the peak of the void, but the combat power of Wu Lingjun and the old demon of Montenegro has surpassed the peak of the void.

Critical juncture.

Fang Ruiqiang used the power of the deep brain to send everyone into the disaster palace.

As for herself, her mental consciousness was destroyed, and she fell into a deep sleep, not knowing if she could wake up.

In addition to Fang Rui, the eldest sister Meng Qingyi also fell into a deep sleep.

Also unpredictable.

Fortunately, the disaster temple has resources, and they can survive.

Outside.

In the palace, Wu Lingjun made a dragon robe, and beside him was the queen.

The queen's face was cold and her heart was extremely humiliated.

Although Wu Lingjun did not imprison her, she knew that she could not escape Wu Lingjun's palm.

She's only in the middle of the void.

Besides, once she escapes, those friends in the Tianzun Hall in the Tianzun Temple will be in danger.

The queen is in vain and condescending.

She is looking for an opportunity to get rid of Wu Lingjun.

The time is on the wedding day...

Chapter 1364: Big wedding change!

October 1st.

On this day, National Day; and on this day, Wu Lingjun and the Queen got married.

Celebrate all day.

The whole capital was beaming with joy.

The wedding venue was Wentian Peak outside the capital, where the Queen was enthroned before.

All over the world, representatives of major forces and major ethnic groups have come to congratulate.

no way.

If you don't come, you have to come.

Wu Lingjun is too strong.

After returning from the Immortal Mountain World, I went to the Protoss, Shura, Jinpeng and other big clans.

Rao is the top powerhouses such as the Emperor God, Queen Asura, Emperor Jinpeng, etc., and he is not Wu Lingjun's opponent.

Wu Lingjun seemed to have absolute power.

After all, even the queen was held hostage, and she wanted to marry the queen, become the king of Daxia, and control the fate of Daxia.

At that time, Wu Lingjun was the number one person in the world!

"Boom!"

Shaking.

Then, the sky was torn apart.

A golden-winged Dapeng came galloping, it was Jinquan, the young master of the Jinpeng clan.

The realm of the early days of breaking the void.

On Jinquan's back, Wu Lingjun and the Queen stood impressively.

All the creatures smacked their tongues, and the martial arts were really domineering, and the young master of the Jinpeng clan was the mount.

Jinquan was humiliated.

But there was nothing he could do, he was far from Wu Lingjun's opponent.

Ask the top of Tianfeng.

Wu Lingjun stood proudly, wearing a dragon robe, showing invincible style; while the queen beside him was wearing a phoenix robe.

"Shh!"

A dark shadow descends.

The old demon of Montenegro, the protector of Wu Lingjun, stood quietly beside the altar.

Immediately after.

Two more figures landed.

Desolate Heaven and Kagome Maru.

Everyone arrived, Wu Lingjun said: "Everyone, today is the day of my wedding, thank you for coming to support. From today, I, Wu Lingjun, is the king of Daxia, there is no king in the world, you all live in my On the land, you must obey my command."

Represents a darkened complexion.

good guy!

This is too overbearing.

"If you have an opinion, you can say it. I hope everyone can express their opinions." Wu Lingjun opened his hands and looked generous.

At this time, a representative of an ethnic group said: "Emperor Xia, although he lives on this land, each ethnic group is an individual. Please do not interfere with the internal affairs of the major ethnic groups."

"Bang!"

As soon as the words fell, the old demon of Montenegro exhaled a breath, and this representative was wiped out.

It's like a formation out of thin air.

Others represent creepy.

"Everyone, if you have an opinion, you can express your opinion." Wu Lingjun spoke again, emphasizing.

This time.

Silent.

Even the representatives of the powerful tribes such as the Protoss and Shura were silent.

Seeing this, Wu Lingjun smiled and said, "Very good, everyone agrees, I am very pleased."

"Next."

"Hold a wedding ceremony."

With a loud shout, the old demon of Montenegro, as a sacrifice, started the procedure.

From the beginning to the end, the queen had a cold face, not saying a word, and showing no expression.

The wedding ceremony is over soon.

Next, the old demon of Montenegro shouted: "Please ask the queen to cede the throne!"

The throne is very important.

It needs to be justifiable.

Only in this way can it be logical, to become the master of the big summer, and to control the fate of the big summer.

The queen needs to sacrifice to the sky to cede the throne!

"Man'er, let's get started."

Queen, named Ying Man'er.

At this moment, Ying Man'er can only do as she is, her heart is extremely sad, he is ashamed of his ancestors.

this moment.

A tall and straight figure appeared in her mind.

Ye Fan!

Where are you, why haven't you come back!

Ying Man'er's eyes flashed with tears, she walked up to the altar step by step and began to sacrifice to the sky.

"Boom."

For a time, the sky and the earth changed color.

Ying Man'er threw out the Nine Dragons Jade Seal, her voice was cold, at this moment, she resolutely rebuked: "The chaotic ministers and thieves, if you commit the following crimes, you will be rebellious, and you will be punished by heaven and earth!"

"I, Ying Man'er, in the name of the Great Xia Queen, detain Tiandao and kill the traitor!"

"Deduct Tiandao and kill the traitor!"

Suddenly, the sky was torn apart.

Dao Xianyin is like thunder.

The sudden change made Wu Lingjun's face change greatly. He was extremely angry and shouted: "Ying Man'er, you are courting death!"

"hold head high!"

now.

The Luck Golden Dragon uttered a dragon roar, and instantly merged with the Queen, and its combat power soared.

"Suppress him!"

Wu Lingjun roared.

The old demon of Montenegro shot.

Ying Man'er gritted her teeth, even if she was combined with the Golden Dragon of Fortune, she only had the peak combat power of Shattering the Void, and was not the opponent of the old black mountain demon at all.

"The tribes help me!"

Win Man'er cry.

Immediately, representatives of the God Clan, Shura Clan, Jin Peng Clan, etc. took action, and countless energies blessed Ying Man'er.

see.

Representatives of other ethnic groups also stepped in.

Wu Lingjun, once he ascends the throne, is definitely a tyrant and must be killed.

a time.

Ying Man'er's combat power skyrocketed again, and her Void Body also bloomed.

"Void Fist!"

How terrifying is this punch.

Wu Lingjun was very afraid.

However, the old demon of Montenegro was full of disdain, and he grabbed it with his big hands;

"Old monster, how does my power of nothingness feel like?"

Win Man'er sneered.

The power of nothingness, in an instant, made one arm of the Montenegrin old demon vanish into ashes.

"Bastard!"

The old demon of Montenegro was furious.

Turned into the main body, it is a black terrifying monster like a mountain, but it lacks a front hoof.

"boom!"

The old demon of Montenegro slapped down.

The entire Wentian Peak is about to collapse.

"Gods come to help!"

Suddenly, a \*\*\*\* emperor came out of nowhere; at the same time, queen Shura also arrived.

Emperor Jinpeng roared: "Wu Lingjun, you use my son as a mount to humiliate my Jinpeng clan, and this emperor will kill you."

Immediately after.

Many strong men came.

"kill!"

They all attacked together with the queen to deal with the old demon of Montenegro; at the same time, they abandoned the magic weapon and bombarded Wu Lingjun.

"Ants."

Wu Lingjun glanced sideways, very disdainful, waved his hand, and the Conferred God Ranking flew out.

In an instant.

Blossoming brilliance, blocking all the magic weapons of the God Emperor and the others.

"A group of scumbags, all of them are courting death!" Huang Wutian couldn't help it, he rose into the sky and punched out.

The emperor and the others had to retreat.

"It's not that easy to retire."

At the rear, Komeimaru also shot.

The situation is very critical.

Ying Man'er shouted: "Hold on, it will take a while for the power of heaven to come. Once it comes, they will die!"

The old demon of Montenegro sneered: "The power of heaven, in fact, you can ask ants to move, don't deceive yourself."

Rumble.

Ying Man'er was beaten and retreated, blood spurted wildly, even if the void body was strong enough, cracks appeared.

God Emperor they are also miserable.

Fortunately, they are all strong families with treasures of inheritance. Huang Wutian and Ji Meiwan wanted to kill them for a while, but they couldn't do it.

"Man'er, don't make trouble, come here."

Wu Lingjun shot and grabbed Ying Man'er. He was very strong and was bound to win.

"scold!"

Suddenly, the sword light passed by.

After splitting Wu Lingjun's handprint, a huge secret palace rushed in.

That is the secret palace of Taoism.

At this moment, it is Nalan Ruo who controls the secret palace of the Taoist Sect, the valley owner of the valley.

Once, the Taoist secret palace was snatched away by Nalan Ruo's master, Master Tongyou.

Now it is in the hands of Nalan Ruo.

The Taoist secret palace took away the queen, and at the same time Nalan Ruo shouted: "God Emperor, come in quickly!"

"go!"

Emperor Jipeng whipped up a gust of wind, showed rapidity, and led everyone into the secret palace of Taoism.

Wu Lingjun sneered and said, "The Taoist Secret Palace is indeed a treasure, just like the Heavenly Palace of Disasters, but unfortunately, with the help of the Taoist Secret Palace, you still can't escape. In front of the Heavenly Books and Gods List, all the magic weapons are younger brothers. Suppress me!"

Chapter 1365: escape

Fengshenbang is indeed strong.

The Taoist secret palace is only one of the nine heritage secret palaces of the ancient Taoist sect, which is the opponent of the Fengshen list.

If all the nine Taoist secret palaces appeared and united, they might be able to compete.

Far from being an opponent now.

"Kowloon Jade Seal."

The queen threw the jade seal and shouted, "Everyone help me!"

"it is good!"

The energies of the emperor and other powerhouses were all gathered, and under the guidance of the queen, the Nine Dragons Jade Seal was injected.

In an instant.

Among the jade seals, there seem to be nine dragons churning.

"Wu Lingjun, do you know what magic weapon this jade seal is?"

"This is the jade seal of the ancient emperor."

"This is an emperor."

"It has been passed down all the time. The Nine Dragons Jade Seal has the power of a great emperor."

"Heavenly Books Conferred Gods List is indeed very strong, but yes, it is used by the Great Emperor to confer ministers, and Yuxi is presumably inferior to the Conferred Gods List."

"town!"

The queen drank.

The jade seal glowed brightly, and a ray of the emperor's breath erupted, and immediately the world changed.

Fengshen Bang was knocked flying.

"what!"

Wu Lingjun was shocked.

I thought that the Nine Dragons Jade Seal was just an ordinary magic weapon, but I didn't expect it to be an imperial item.

It's worth it!

"Emperor, how much power can you exert, and how long can you last."

"Lao Yao, Huang Wutian, Jin Mei Wan, you all come to help me."

The energy of the three powerhouses gathered together, and the Fengshen Bang also made a great effort, impacting the Nine Dragons Jade Seal.

Boom boom boom.

Constant collision, the mountains and rivers shattered.

Representatives of major forces and major ethnic groups were affected, and in the blink of an eye, a large number of people died.

This is an absolutely horrible showdown.

In the secret palace of Dao Zong, the queen and the others gritted their teeth and their faces were extremely solemn.

"This is not the way to go."

"There are not many resources, and we can't last long."

"what to do?"

The emperor said: "Queen, go to the heavenly world!"

Ying Man'er shook his head: "Wu Lingjun entered the heavenly world before, and suffered a catastrophe inside. The Heavenly Venerate Temple repelled Wu Lingjun and closed all the gates of the kingdom of heaven."

"Now, it is impossible to enter the heavenly world at all."

"Even the people in the Tianzun Temple were suppressed in the disaster Tiangong and could not enter the heavenly world."

The Emperor of God sighed, "Where did Ye Fan go! Besides, the Emperor of Corpse is also missing."

Jinpeng Huang said: "Yes, if the Corpse Emperor takes action, he should be able to deal with Wu Lingjun."

"It doesn't make sense to say this now. Let's move the battlefield. If you stay in a stalemate like this, you will just seek your own death." Queen Shura said.

"Where to transfer?"

"Southern Border, the First Emperor's Mausoleum, there are mysterious horrors there."

"it is good!"

The Jiulong Jade Seal suddenly erupted, knocking back the Conferred God List, and then breaking through the sky, and the Taoist Secret Palace entered the crack in the space.

"Want to go!"

Wu Lingjun rushed over.

The old demon of Montenegro followed closely behind.

Space jumping consumes a lot of resources. Fortunately, the Queen and the others have some storage.

It's just that Wentian Peak is a long way from the southern border.

because.

Compared with before, the earth has expanded a lot, and the territory is also increasing day and night.

"The Great Wilderness Fist!"

Suddenly, Huang Wutian killed him.

A punch bombarded the secret palace of Dao Zong, and the queen and the others were all in shock.

"Sound wave power."

Jin Meiwan is good at mental attack, and sound waves impacted the secret palace of the Taoist sect and penetrated into it.

but.

The Taoist Secret Palace has been weakened a lot, and the infiltrated spiritual attack is not something to be afraid of.

"Bang!"

However, suddenly, the secret palace of Taoism fell madly.

hit hard.

It is the old demon of Montenegro, and only one foot is above the secret palace of Daozong.

At the same time, Wu Lingjun used the Conferred God List and smashed it on top of the Taoist Secret Palace.

"puff!"

Inside the secret palace, everyone vomited blood.

The Taoist secret palace seems to be collapsing.

Everyone is working hard.

Finally, the Taoist Secret Palace broke free and left.

Huang Wutian said coldly: "These guys are quite tenacious, but they can't change the ending, they will definitely die."

The old demon of Montenegro said: "I want to devour them, only to borrow the hatred in my heart."

He was really angry.

The queen cut off his hand.

Originally, as a magical beast, its vitality was exceptionally strong, and even if it lost its arm, it would grow back within three to five years.

But now.

The old demon of Montenegro found that the power of nothingness is really too terrifying.

Has meaningless meaning.

As long as it disappears, it does not appear.

If it is not the realm of the Queen, the power of nothingness is not very tenacious, and the old demon of Montenegro is not just as simple as missing a hand.

"Keep chasing!"

You chase after me.

There were numerous collisions along the way.

The Queen and the others are getting more and more injured, and the Taoist Secret Palace, under the successive heavy blows, is also full of cracks.

Can crash at any time.

Finally, they arrived in the southern border.

From a distance, you can see the location of the First Emperor's Mausoleum, because now, the recovery of the First Emperor's Mausoleum is becoming more and more obvious.

The red moon inside was actually reflected outside.

The First Emperor's Mausoleum was 3,000 miles in diameter, and it was shrouded in a \*\*\*\* night.

Extraordinarily weird.

The reason why the earth has undergone tremendous changes in a short period of time is because of the Mausoleum of the First Emperor, from which countless cultivation methods and treasures spewed out.

There are even some people who have the opportunity to ascend to the sky in one step, from weak creatures to directly become the strong ones.

The Mausoleum of the First Emperor is full of mystery.

Simultaneously.

And great terror.

Once, the Queen and the others tried to explore deeply, but they heard a tingling sigh.

That sigh really frightened the queen.

just like.

Live people are there.

How could there be a living person in the Mausoleum of the First Emperor? It hasn't died for thousands of years!

"They are going to the First Emperor's Mausoleum!"

Wu Lingjun suddenly realized, his face sank, and he shouted: "Quick, stop them!"

Of course, he knew the mystery and horror of the First Emperor's Mausoleum. Once he entered the First Emperor's Mausoleum, it would be difficult to catch the Empress.

"Black flames are soaring!"

Woohoo.

Immediately, the black aura that filled the sky looked like a flame, whether there was a flame, swept away, and instantly wrapped the Taoist Secret Palace.

Huang Wutian and Yu Meiwan also showed their trump cards.

Wu Lingjun spat out a mouthful of blood and landed on the top of the Conferred God Ranking.

"The King of Hercules!"

The so-called list of conferred gods refers to the conferring of ministers, gods and saints by the great emperor, and there are countless names on it.

As long as you develop the Conferred God List, you can use the power of the gods above.

now.

The divine power of Hercules has come.

too heavy.

In an instant, the heaven and the earth collapsed directly on this side, and that divine power was heavily bombarded on the secret palace of Taoism.

"Bang!"

now.

The Taoist Secret Palace was finally overwhelmed and exploded, and the Queen and the others were blown away.

seriously injured.

They all fell to the ground and lost their fighting power.

"Ha ha."

Wu Lingjun came from the sky, condescendingly, and said with a sneer: "In the end, you still can't escape, why bother, can't you be obedient?"

Win Man'er stood up.

Even if she was seriously injured, she had to stand up hard.

Because she is the queen.

Can't fall down.

"Wu Lingjun, you are mad now, and when Ye Fan returns, it will be your death."

"Hahaha!"

Wu Lingjun looked up to the sky and laughed.

"Ye Fan, he won't come back, he will never come back!"

Chapter 1366: come

"What did you say!"

The queen was shocked, and the others also changed.

Ye Fan can't come back, never come back, what does this mean?

Could it be that Ye Fan has fallen!

Wu Lingjun said: "It seems that you don't know where Ye Fan is."

"It's okay to tell you, Ye Fan is in the East China Sea Immortal Mountain, but he is trapped there."

"In the hinterland of Immortal Mountain, there is an isolation barrier. Unless you are a strong person in the realm of God Transformation, you can't break it at all. The reason why I can leave is because there is a list of gods."

"That's why I said, Ye Fan will never come back."

The queen said coldly: "Wu Lingjun, when Ye Fan breaks through to the realm of transformation, he will naturally come out. At that time, he will definitely kill you. You are not Ye Fan's opponent at all. It was me in the past, I am now, and it is still the same if I didn't come. You will always be Ye Fan's defeat."

"Bastard!"

Wu Lingjun slapped Ying Man'er into the air.

"Queen!"

Everyone was shocked.

Ying Man'er's face was swollen, blood spilled from the corners of her mouth, and she stared at Wu Lingjun coldly.

"What kind of thing is Ye Fan!"

"Breaking through the realm of the gods is ridiculous! The world of Xianshan has restrictions, and it is impossible to break through the realm of gods. Otherwise, wouldn't the powerhouses in the world of Xianshan come out sooner?"

These words made the Queen suddenly feel at a loss.

Wu Lingjun snorted: "Don't count on Ye Fan, take 10,000 steps back and say, even if Ye Fan can come out one day in the future, so what. At that time, I had practiced to the point where I didn't know what to do, and Ye Fan, maybe That is, a small deity."

"All in all, in the battle between Ye Fan and me, Ye Fan lost."

"I, win!"

The three words fell down, showing the pride and contentment of Wu Lingjun.

But.

At this moment, the sky cracked.

A terrifying aura spread out, making Huang Wutian and Kameimaru terrified.

Even the old demon of Montenegro was stunned.

"yes!"

"You, win? Wu Lingjun, is that really true?"

The joking words resounded throughout the world for a long time.

Wu Lingjun was petrified.

this sound...

The queen was overjoyed, "Ye Fan! It's Ye Fan! That's right, this voice is Ye Fan!"

Ye Fan? !

How can it be!

Isn't Ye Fan trapped in the fairy mountain, how can he come out, this is absolutely impossible!

Wu Ling did not believe it.

But in the next second, an incomparably majestic battleship appeared in that space crack.

The front of the battleship slowly pulled out from the crack.

And on the high platform in front of that, stood a figure in white robe, who was not Ye Fan!

"How can it be!"

Wu Lingjun's eyes were about to pop out.

On the other hand, Huang Wutian and Yu Meiwan were extremely terrified.

"Boom."

Super battleships gradually emerged.

Complete presentation.

Standing above the sky, it was a super giant, and that aura made the old demon of Montenegro suppressed.

Ye Fan was condescending, overlooking Wu Lingjun and the others.

Simultaneously.

Beside him, a figure appeared.

Black Monkey, Wine Sword Immortal, Empress Qingluan, Empress Suzaku...

Breaking the Void Peak is even more.

Hundreds of them!

What a concept!

Huang Wutian and Qi Mei Wan have both liver and gallbladder torn apart.

Hundreds of Void Breaking Peaks, my God, where did Ye Fan get this from!

In the end what happened!

Wu Lingjun was also roaring in his heart, what was going on, how did Ye Fan gather such a terrifying force.

Ah ah ah!

His teeth were about to shatter.

The queen laughed: "Ye Fan, as expected of Ye Fan! Wu Lingjun, where is your pride? With three subordinates, you think you are invincible? Look at Ye Fan, look at his power, those hundreds of broken The pinnacle, and the more powerful existence around her!"

"How do you compare?"

"You can't compare Ye Fan with a single finger. You will always be the loser, and you will never be able to win against Ye Fan."

These words are too shocking.

Every word is like a giant hammer, bombarding Wu Lingjun's heart.

"puff!"

Wu Lingjun was extremely angry, and blood spurted wildly.

"Shh!"

With a wave of Ye Fan's hand, the Queen and the others were all brought to their side.

Great Healing!

At the same time, many precious resources, supreme magic medicine, etc., all poured in.

Everyone's injuries are improving rapidly.

"Evan!"

The queen looked at Ye Fan, her beautiful eyes shining brightly.

this moment.

she cried.

These days, her emotions have been suppressed to the extreme.

Seeing Ye Fan at this moment, he couldn't bear it any longer.

Although she is the queen and the head of a country, she is still a woman after all.

"Maner."

Ye Fan was very distressed, hugged Ying Man'er in his arms, kissed her forehead, and wiped away her tears.

"Don't be afraid!"

"I'm back!"

"No one can bully you!"

Seeing Ying Man'er's red and swollen cheeks, Ye Fan was furious and murderous.

He waved.

"Snapped!"

Wu Lingjun was slapped and flew out, his cheeks swollen.

"Things like trash, dare to covet my woman. Wu Lingjun, since your father Wu Shentong had a little friendship with me back then, I have forgiven you many times. But you, you will not change, this time, You have no chance."

"Ye Fan, you can't kill me!"

Wu Lingjun's face was hideous, and he roared wildly.

He's really going crazy.

Why?

Why is it always better than Ye Fan.

How did Ye Fan come out!

How to recruit so many strong men!

Wu Ling can't figure it out!

This should be the script that he must win, who tampered with the script, Cao Nima!

"Can't kill you!"

Ye Fan punched and killed Huang Wutian and Ji Meiwan in an instant, and they didn't even have time to react or even scream.

next moment.

Ye Fan appeared in front of Wu Lingjun.

So fast!

Wu Lingjun's pupils contracted.

"stop!"

The old demon of Montenegro shouted furiously, and came to save Wu Lingjun with a lightning strike.

"Old monster, it's you who's waiting."

"boom!"

In an instant, the eighty-sixth-level Celestial Hegemony was fully recovered, the scriptures of good fortune resonated, and Ye Fan cast the good-fortune boxing.

puff!

With one punch, the other front hoof of the Montenegrin old demon was blown up, and at the same time it pierced through his body, leaving a blood hole.

"impossible!"

Wu Lingjun exclaimed.

The strength of the old demon of Montenegro is top-notch in the hinterland of Xianshan, even more powerful than that of the ancient emperor of Qingtian.

Why isn't it Ye Fan's first-hand enemy!

"So strong."

Ying Man'er's eyes flashed with adoration.

The emperor and the others were shocked.

The old black mountain demon who crushed them couldn't even catch Ye Fan's punch.

Ye Fan's fighting power! !

horrible!

"Conferred God List."

Wu Lingjun knew that he couldn't stay, he had to leave as soon as possible, and the list of conferred gods fell.

Ye Fan bombarded with a punch.

Shocked.

My arms are numb.

Fengshenbang is really powerful.

However, Wu Lingjun was not feeling well either, and the force of the shock caused his body to crack open.

"go!"

The radiance of Fengshenbang envelops Wu Lingjun and the old demon of Montenegro, tearing apart the space and trying to escape!

"Where to escape!"

The black monkey smashed down with a stick.

"Bang!"

After the fall of the Fengshen Bang, the old demon of Montenegro collapsed, and he was seriously injured. Now he bears the strength for Wu Lingjun, how can he bear it.

"Master, go!"

At a critical juncture, the old demon of Montenegro used his last strength to send Wu Lingjun away, while he was wiped out.

"Do not!"

Wu Lingjun roared sadly.

He was extremely resentful and hated, and roared again and again: "Ye Fan, I will not let you go, I will definitely kill you, definitely! You wait for me!"

Chapter 1367: arrange everything

"Want to escape!"

Ye Fan sneered, and he threw the supreme dagger.

pierced through the void.

Wu Lingjun was locked.

not good!

Wu Lingjun was horrified, feeling the terrifying destructive power of the Supreme Dagger.

But.

Right now, he doesn't have much ability to revive the Conferred God Ranking, and it's too fast to stop him.

"Ye Fan, you dare to kill me!"

"Why don't you dare."

Ye Fan's face was full of contempt.

But at this moment, a handprint appeared out of thin air, grabbing Wu Lingjun and avoiding the fatal blow.

"interesting."

Ye Fan's face was gloomy.

"This breath..."

"...Ghost Prince, it's you!"

Ye Fan's words fell, and the voice of the prince of the ghost clan appeared in the crack of the distant void.

The realm of breaking the peak.

He smiled and said, "Ye Fan, Wu Lingjun can't die yet, I'll wait for him to withdraw first!"

"Just you?"

Ye Fan punched like a dragon.

With one punch, a monstrous dragon's power was released.

The dragon veins of the demon emperor and the dragon girl are still in Ye Fan's body. The power of the three dragon veins is so terrifying.

In an instant.

Spread the world, block the space.

"The power of dragon veins! How is it possible! Ye Fan, how can you control the power of dragon veins!"

Wu Lingjun and the prince of the ghost clan screamed.

"Join us."

The prince of the ghost clan threw out huge resources, burned them directly, and injected them into the Conferred God List.

Rumble.

At this moment, the Conferred God Ranking was revived again.

"Ye Fan, you can't stop me! Please, the Space God King is here!"

"P broke everything and escaped."

"Crack!"

The void shattered inch by inch.

There was a gap in the blockade of the power of the dragon veins, and Wu Lingjun and the prince of the ghost clan, Yaozhi Yaoyao.

Ye Fan frowned.

Fengshenbang is indeed too strong.

Wu Lingjun can use the power of many gods, it is difficult to keep him, and it is even more difficult to kill him.

"We have to find a way to solve the Conferred God List first. By the way, the martial art in Daozong's nine-character mantra, the martial art, should be able to contain the Conferred God List."

Ye Fan thought of this.

He remembered that the inheritance of the Taoist Nine-character Mantra and the Eight-Sect Dunjia was in the hands of Murong Xi and Murong Huang.

I don't know where the two guys are now.

Thoughts return.

Ye Fan didn't think about Wu Lingjun, the prince of the ghost clan, the clown jumping on the beam.

The underdog will always be the underdog.

Still want to turn the sky?

He returned to the super battleship, put his arms around the queen, looked at the emperor and the others, and asked, "It seems that great changes have taken place in the days I left."

The emperor sighed with emotion: "The changes are indeed huge, but you are the one who has changed the most!"

"Why didn't you see the people in my Tianzun Palace?"

"Ye Fan, hurry back to the palace, everyone in the Tianzun Palace is trapped in the disaster palace."

"go!"

Ye Fan did not hesitate, and controlled the super battleship to leave the sky.

The speed of the super battleship was too fast, and it took less than ten minutes to reach the palace.

"open!"

Ye Fan opens the Heavenly Palace of Disaster.

The people in the Tianzun Hall were shocked, but when they saw Ye Fan and the Queen, they were very surprised.

"Could it be fake?" Kong Mie became suspicious. He was the chief commander of the Starry Sky Touring Clan who attacked the Earth with the Angel Clan at first, and then surrendered to Ye Fan until now.

"Fake your sister!" Min Dong cursed.

They and Ye Fan are brothers, whether it is Ye Fan can be seen at a glance.

Moreover.

And the sisters.

"I'm back."

Seeing that everyone was injured and very tired, Ye Fan immediately blushed.

"Xiaofan!"

The sisters wept with joy.

Ye Fan hugged them one by one, comforted them, and at the same time, took out many precious resources to heal everyone.

after one day.

Everyone's injuries are almost the same.

Simultaneously.

Ye Fan also heard from his sisters about all the big events that happened during his absence.

"Xiaofan, I didn't expect you to be so powerful now. There are hundreds of powerhouses at the peak of the void, and even billions of beings. Our Tianzun Temple is invincible."

Sisters are excited.

Min Dong and other elders of Tianzun Hall were even more excited and trembling.

The empty commander sighed with emotion.

A few years ago, he and the Lord of the Angel Clan attacked the earth, and Ye Fan was still on a par with him at that time.

And now.

He is only in the realm of Nascent Soul, and Ye Fan is already at the peak of breaking the void, and his combat power is even more indescribable.

This gap is like a chasm.

How did this kid practice.

Commander Kong Mie was very disappointed, but at the same time he was very fortunate that he had followed the right person!

"By the way, Xiaofan, the eldest sister and Xiaoqi are unconscious, what should I do?"

Ye Fan has already checked the situation of the eldest sister Meng Qingyi and the seventh sister Fang Rui.

Seventh sister Fang Rui suffered huge damage to her mental power, which was easy to handle, because there were many treasures that could nourish and repair mental power among Ye Fan's resources.

As for the eldest sister, it is a bit difficult to do.

The eldest sister has always been very mysterious, and Ye Fan couldn't see through the physique of the eldest sister.

But every burst is powerful enough.

But what reassured Ye Fan, the eldest sister's vital signs were very stable, indicating that she was just sleeping, not life-threatening.

"Seventh sister will wake up right away. Eldest sister's situation is a little more complicated, but don't worry."

"Now, I will improve your strength for everyone."

"come out!"

Ye Fan waved his hand, and immediately, a physical source emerged.

The origin of these physiques was obtained from the body of the multi-eyed demon emperor in the colorless world.

Ye Fan and Yue Linglong swallowed some.

The remaining dozens of physical sources, Ye Fan preserved very well, are used to improve the big guys in the Tianzun Hall.

The sisters don't need it, their physique is strong enough.

The key is Min Dong, Bai Zhan, Jiang Long, Luo Hong and other backbones of Tianzun Hall.

Although, in the past few years, they have also obtained some good fortune opportunities, but after all, they are weaker in terms of strength.

"You swallow and cultivate on your own. I will keep an eye on you all the time, so you don't have to worry about problems."

"it is good!"

Min Dong and the others were not polite, grabbed the essence of physique and swallowed it, and began to cultivate.

Ye Fan's mental power spreads and he pays attention to everything.

He opens the gates of heaven.

Walking in with the Queen, Nalan Ruo, and sisters, many places in this world were in ruins due to the blow.

But the world did not collapse completely.

"Battleship!"

Ye Fan shouted.

The super battleship sailed into the heavenly world.

"Linglong, Yunxi, come here." Ye Fan beckoned, and the two women came over.

Yue Linglong, the sisters all know each other; but Yunxi is very strange.

Ye Fan passed on some things that happened in Xianshan World to his sisters.

The sisters just understood.

They are very open, and Yunxi is also very well-behaved, "Hello sisters, my name is Yunxi, I will take care of you in the future."

"it's beautiful."

The second sister, Su Muyu, pulled Yunxi over, holding Yunxi's face in admiration.

Yunxi's pretty face turned red.

She also looked at her sisters and felt a little inferior, because she found that standing with her sisters would not be pretty.

The sisters are really alluring.

"satyr."

The witch snorted, very dissatisfied.

Zhong Ling smiled and said, "Xiao Fan, is this little sister also yours?"

"that....."

"Sister come here."

Before Ye Fan could finish speaking, the witch was picked up by Zhong Ling and the women piled up.

The sisters touched and touched.

No way, although the witch is petite, she has grown really well.

"Little girl is bigger than me." Third sister Han Bing said in a surprising way, making the fearless witch's cheeks burn and she wanted to run away.

The sisters left with Yunxi, Yue Linglong and the witch, and they should have developed a relationship.

Ye Fan came to the super battleship, and there are still many things to be arranged here.

"Demon Emperor, Dragon Girl."

"Your dragon veins, for you!"

Ye Fan returned the dragon veins.

The Demon Emperor snorted coldly, "I didn't expect you to return it, I thought you would take it all by yourself."

"Not really."

Ye Fan smiled.

"Demon Emperor, you are free, you can go to the world, but this world has the rules of this world, and there are many ordinary people in the secular world, don't disturb their lives; , it is best not to oppose my Tianzun Palace, the consequences will be very serious."

The demon emperor had a serious face and nodded.

"Dragon Girl, of course you are also free. Although we had some festivals before, but now, I think, it has been resolved. I hope we can become friends."

"I'm also willing to make you a friend. In addition, you should finish your work as soon as possible. I'll find you if I have something to do."

Ye Fan's eyes lit up.

When the dragon girl looks for herself, it is very likely that she is looking for the dragon vein.

yes!

Earth is the ancestral star.

There are definitely many more dragon veins than the hinterland of Xianshan, but they have been hidden under the earth and have not been discovered.

If a large dragon vein can be found as the foundation of the Tianzun Temple, then the Tianzun Temple will be rich in luck and will grow stronger and stronger.

"no problem."

Ye Fan readily agreed.

The dragon girl took her subordinates and left the heavenly world.

The demon emperor has not left yet.

Ye Fan ignored it and looked at the hundreds of ethnic leaders and three billion creatures brought out from the ring world.

"I hope you will join the Tianzun Temple."

In a word, it is not sloppy, it is very tough.

The leaders of the more than two hundred ethnic groups fell silent.

But soon, some smart group leaders expressed their opinions: "Ye Huang, I am willing to join the Tianzun Temple!"

"I would too!"

"And I!"

"..."

In a short period of time, half of the leaders of the ethnic group were willing to join the Temple of Heavenly Venerate.

In this way, the remaining half of the ethnic group leaders will be very difficult to handle.

If you don't agree, Ye Fan may have to do it!

That way, they simply cannot escape.

Just if the super battleship starts an attack, they can kill them; moreover, the creatures of their ethnic group are still in the battleship, as long as Ye Fan is willing, they can be killed.

"You don't have to worry too much. I will not restrict your freedom. You are all individuals, just join the Tianzun Palace. When necessary, I can summon you."

"In addition, you will also be sheltered by the Tianzun Temple. I believe that this is a very good deal."

"Think about it and give me an answer as soon as possible."

It's all said and done, there is no objection to those ethnic leaders.

All clasped their fists, bowed, and shouted in awe:

"See the palace master!"

"See the palace master!"

Ye Fan said with a smile: "Okay, you will find that this decision is very correct. Another point is that three billion creatures appear in the outside world at once, and the impact is too great. Each group of you can only bring one-third of them for the time being. The clansmen go to the outside world to take root. The remaining two billion remain in the heavenly world. Don't worry, this is not a hostage. After you have taken root in the outside world, you can pick up your clansmen."

"This world is called Earth, and it can also be called Ancestral Star. There are many ancient and powerful ethnic groups here. It is not easy for you to take root. Don't be too arrogant and careless. At the same time, don't do more killing, and don't disturb the world. the lives of ordinary people."

"Since joining the Tianzun Temple, you must abide by the regulations of the Tianzun Temple, and the regulations will be passed on to you later."

"Now, you can go and select the tribesmen, and the migration will be completed in three days."

"As ordered!"

After solving these creatures, Ye Fan looked at Jiujianxian and the others.

Ye Fan said with a smile: "Ms. Qingluan, Empress Suzaku, you should feel it!"

"yes!"

The two empresses were very excited, and their figures were shaking.

Ye Fan said: "My second sister, Su Muyu, is the bloodline of the fire phoenix and is pure blood. In the future, the development of the bloodline will definitely transform into the legendary phoenix. The reason why I have the confidence to improve the purity of the bloodline for you is the confidence that the second sister gave me. ."

Lady Suzaku said: "However, Miss Su is still very weak, and her bloodline recovery is not enough, so she can't bear the pressure of our bloodline purification for the time being."

There was a hint of slyness in Ye Fan's eyes, and he smiled: "Then wait for my second sister to become stronger, anyway, don't worry, it is better for the two mothers to temporarily release their suspicions and be my second sister's guardians together, what do you think? "

Chapter 1368: world coalition

"Daoist? Hehe, Ye Fan, it seems that you have a plan for a long time, and you have arranged a task for us long ago."

"It's not compulsory, it's all up to the mother's volition. But if I want to remind you, if you have a good relationship with my second sister, you will have the opportunity to purify your blood more in the future. After all, I also listen to my second sister."

"Then be a guardian."

The two ladies said without hesitation.

Ye Fan said with a smile: "Thank you for your success, the second sister will definitely be very happy. Now you can go to my second sister to chat."

The two figures disappeared instantly.

Although, according to what Ye Fan said, the two empresses temporarily released their past suspicions, but they were still fighting in secret.

Everyone wanted to make a good impression on Su Muyu.

In such competition, the biggest beneficiary is Su Muyu.

Ye Fan has arranged it clearly.

"That, Ye Fan, I think I want someone from you?"

"My sixth sister Tang Ying, right?"

"Is that your sixth sister? All I know is that her physique is so powerful that she is a natural swordsman."

"Senior, my sixth sister is the supreme sword physique, indeed the strongest sword cultivator physique. You have a successor!"

"You really have no choice."

Jiujianxian snorted coldly, walked with his sword, and disappeared.

The rest of Peony and Tianshu Taoist, they are all their own, so there is no need to arrange.

Ye Fan stretched his waist.

After so long, he finally came back, and, a big harvest, brought back so many strong men.

The Temple of Heavenly Venerate is already a veritable number one force.

Coercion the world and even the world.

"Ye Fan, you and the dragon girl are looking for the dragon vein, right, you can't lie to me!" said the demon emperor who had not left.

"You are interested in?"

"You can bring me one."

"The reason? Unless you join the Tianzun Temple, of course, you should not agree."

"How could I be your subordinate, Ye Fan, this world is very beautiful, and there are no restrictions. I will soon break through to the realm of God Transformation. When that time comes, we will have another game."

When the Demon Emperor left, he was very confident.

indeed.

He is a hero.

"Master."

Suddenly, a shout came from behind, it was Demon Xiantian.

Ye Fan looked at Mo Xiantian and said, "I'm not your master. I was in the Temple of Heaven and Demons at the time. I made it clear that I was only responsible for bringing you here, and you can go the rest of the way."

"I am willing to join the Tianzun Temple."

"Of course you can, that's all, this is a communication jade pendant. If you have any difficulties, please contact me at any time. Go, go see this world, and break through to the Void Realm as soon as possible."

After sending Mo Xiantian away, Ye Fan found out that the black monkey was gone.

Peony said: "He left yesterday, don't think about him joining the Tianzun Temple, that is the world's magic ape, destined to be a big man. It is good to be a friend, don't expect too much."

"I'm just worried that he is doing something wrong. In that case, there is no way to cure him except the super general."

"If you control the super battleship, then you can control him. The Demon Ape of Heaven and Earth must be very jealous of you. This is one of the reasons why she left you."

"By the way, Peony, how is your memory recovery?"

"It's slow."

Peony sighed and immediately said: "However, every time I recover a trace of memory, my strength will increase by one point. There are no limits in this world, you should really cultivate hard and advance to the realm of God Transformation as soon as possible, so that you can establish the world."

God!

easier said than done.

In ancient times, the powerhouses in the God Transformation realm were already considered to be big bosses.

...

East China Sea coast.

Wu Lingjun finally opened his eyes from the cultivation state, the injury has recovered, but the anger in his heart is still endless.

Heishan Lao Yao, Huang Wutian and Jin Mei Wan, the loss of the three generals, is a huge loss to him.

"Ghost Prince?"

Wu Lingjun looked not far away.

"Why did you save me?"

The prince of the ghost clan floated over and said with a smile: "We all have a common opponent, that is Ye Fan."

Wu Lingjun said: "Ye Fan is very powerful now, so many late stages of breaking the void, it is terrifying, where did he recruit it; and, how did he come out of Xianshan, it is impossible."

The prince of the ghost clan said: "There are immortal mountains in the East China Sea, Penglai Abbot and Yingzhou. I really want to see them."

Wu Lingjun said: "If you save me, then we will be friends, and we can even be brothers. With the help of the Conferred God List, I can enter and leave Xianshan at will. Xianshan is our back garden and our resource."

The Prince of the Ghost Race's eyes lit up, and he smiled: "Being able to get the list of the gods from the heavenly book proves that you are very lucky. Ye Fan can't kill you. In the future, you are destined to be a big man. It is my honor to be able to be your brother."

"In addition, don't be too depressed. I can tell you one thing, my ghost army is coming soon, and I have also invited three great worlds. Four great worlds are coming, and among them there are powerful gods, one hundred Ye Fan has to die too."

"what!"

Wu Ling was shocked.

The prince of the ghost clan said: "What I said is absolutely true, the fastest three months, the latest half a year, the four world coalition forces will definitely come. At that time, it will be Ye Fan's death."

"Good good."

Wu Lingjun laughed, and at the same time, his mind changed sharply.

Ghost clan is a big clan.

In ancient times, if not for the exclusion, it must be one of the ten most powerful ethnic groups.

You must have a good relationship with the prince of the ghost clan.

Of course, Wu Lingjun also knew that he could not be used. He said, "Prince, what should we do now?"

"You said just now that Xianshan is your backyard and your resource land, and we will start to collect resources now. Because once a war starts, resources are the biggest consumables. In fact, the battle now is the same as the battle in the world. The battle in the world is the same as the battle in the world. It consumes money, and the battle in the cultivation world consumes resources. If one party has a lot of

resources, it can use many trump cards; otherwise, even if there is a magic weapon against the sky, it will not be activated."

"Okay, then our next task is to get in and out of Xianshan, scavenge for resources and stock up."

"Yes, the three immortal mountains have to be searched."

"I'm afraid this won't work. Now, I can only enter Abbot Xianshan. As for Penglai and Yingzhou, I'm afraid we can't even get close."

"Yes, that's enough."

...

time flies.

A month passed in a blink of an eye.

this day.

The big guy in the Tianzun Temple started to hit the breakthrough. With many resources piled up, the queen has successfully rushed to the peak of breaking the void.

The sisters also rushed to the middle stage of breaking the virtual.

As for Su Muyu and Tang Ying, because they were directly taught by two empresses and Jiujianxian, they rushed to the late stage of breaking the void.

Min Dong and the others have also acquired a strong physique. They were originally only in the Nascent Soul realm, but now they have also been promoted to break the void.

The entire Tianzun Temple is thriving.

And Ye Fan.

Not in the Tianzun Palace, he was wandering in the mountains and rivers with the dragon girl, looking for the dragon veins.

There are too many famous mountains and rivers in Daxia.

Now it has become a feng shui treasure.

Most of the famous mountains and rivers were occupied by ethnic groups.

"Another dead dragon vein!"

In the 100,000-strong mountain, Ye Fan and Longnv discovered the dragon veins, but unfortunately, like before, they were dead dragon veins, completely lost their vitality and died.

This is the fourth dead dragon vein they found.

What a pity.

"Why are all dead dragon veins, something is wrong, what disaster has happened on this planet." The dragon girl was surprised.

Ye Fan was filled with emotion.

The ancestral star has fallen, the cultivation has almost disappeared, and the demise of the dragon vein can also be understood.

but.

Now that Zuxing is prospering, the environment is recovering, and there must be living dragon veins.

"Let's keep looking."

"Ye Fan, there's one thing I didn't say." Long Nv suddenly looked solemn.

Ye Fan was startled: "Damn, what do you mean, you're not trying to trick me!"

The dragon girl said angrily: "I can't be so despicable!"

"Then what do you say?"

"A month ago, when Zu Xing descended, in the Tomb of the First Emperor of the Southern Border, the Dragon-hunting Pan was frantically restless."

"Oh?"

Ye Fan was thoughtful.

The dragon girl said: "This shows that there are dragon veins in the Mausoleum of the First Emperor, and it must be alive, and... super terrifying, it is definitely countless times stronger than the dragon veins in our bodies. Only in this way will the dragon hunter be so restless. "

Ye Fan was shocked, but he felt it was reasonable.

The Mausoleum of the First Emperor, Ye Fan guessed before, may be Xianyang, the capital of Qin State.

As a capital, it is normal to have dragon veins.

"Why didn't you tell me?"

"Because, I feel fear. The First Emperor's Mausoleum is terrifying, really. This is my intuition. My intuition vision is quite accurate. However, I want to explore the mystery again, so I am very confused."

"The dragon veins of the First Emperor's Mausoleum, we must have a look, but not now, wait. Maybe, when we become powerful gods, we will have the strength to explore."

"Alright."

The dragon girl nodded.

Ye Fan said: "Let's go, I'll take you to the ancient Heavenly Court ruins, maybe there are dragon veins in them."

There are currently five ruins in the ancient heaven.

The first is the twenty-eighth layer of Taixutian that Ye Fan discovered in the river of life and death.

The second is the first Taihuangtian once occupied by the Wu clan.

The third one was the 24th Tai'an Tian, which was previously controlled by Lan Yutian.

Now Ye Fan is in control.

Because Lan Yutian was dead, Tai'an Tian's Tianbaoyu Ruyi had already been taken by Ye Fan.

In addition to these three sites, two sites appeared during the time when Ye Fan disappeared.

That is located in the depths of the Qinling Mountains, the eighteenth level is too chaotic!

And, among the fish-feeding Kunlun Mountains, the ninth level Taixuantian.

The Tianbao of Taihuntian and Taixuantian have not yet appeared, where there are major ethnic groups to explore, and there are many opportunities.

Ye Fan brought the dragon girl to Tai'antian first. He took out the jade Ruyi, handed it to the dragon girl, and said, "This is the Tianbao of Tai'antian, the core hub, you can see if the dragon-hunting disk cooperates with the jade Ruyi, can it be faster? search for dragon veins."

"nice one!"

The dragon girl's eyes lit up.

The power of the Dragon-seeking Pan activated Yu Ruyi.

Complement each other.

At a certain moment, Xunlong moved and pointed out the direction.

Ye Fan and the dragon girl immediately set off, following the guidance of the dragon-seeking plate, and found the location of the dragon's veins without much difficulty.

"Energetic!"

The dragon girl cried out in surprise.

However, this dragon vein has very little vitality, and its vitality has been annihilated by nine out of ten.

Only a little spark remains.

"This is the ruins of the Heavenly Court under your control. It is yours. When you go to Taihuntian and Taixuantian, if you find the dragon veins, it will be mine."

"no problem."

Ye Fan used the forbidden secret technique taught by the ancient dragon veins of Xianshan, and migrated the weak dragon veins into his body.

The spark of fire came to the source of blood.

All things have Yin and Yang, and Ye Fan's blood source is enough to nourish anything.

The spark of fire seemed to feel something, flickering and expressing excitement and gratitude.

"it is good!"

Ye Fan is in a good mood.

Tai'an Tian has dragon veins, so Tai Huang Tian, Tai Hun Tian, Tai Xuan Tian and Tai Xu Tian must all have them.

Find them all, take them all!

Chapter 1369: The emperor wins, the news of the fourth sister!

Looking for dragon veins is actually a labor-intensive job. In Tai'an Tian, three dragon veins were searched, but they were all half-dead, and only a little bit of life was left.

According to the agreement with the dragon girl before. The Tai'an Tianlong veins belonged to him, and Ye Fan accepted them all rudely, and put them in the source of blood.

Next, the dragon girl decided to rest for a few days.

Ye Fan returned to the heavenly world, and he felt uneasy in the dark.

Do not know why.

He found Taoist Tianshu and used the seven-star fate chart to start the calculation.

"Great Prophecy!"

Calculated to the extreme extreme, Ye Fan used this mysterious magical power.

Suddenly.

His face changed greatly.

He saw a corner of the future, beyond the earth, countless star warships, countless powerhouses, and menacing.

"Evan, what's wrong?"

"I saw a corner of the future. Zu Xing is going to suffer a disaster soon. It should be other worlds coming."

Ye Fan was thoughtful.

"The prince of the ghost clan has already revealed his true colors. It is very likely that he is a ghost clan in the \*\*\*\* world. No, not only the ghost clan, but also other big worlds!"

"My big prophecy, seeing a corner of the future, the time will not be very far. That is to say, things within three or five months."

"Three or five months?" Tianshu Taoist frowned: "The time is very tight, and everything needs to be prepared in advance."

"I'm not afraid of the others, I'm just afraid of the powerhouses in the God Transformation Realm. The Demon Lord of the Heavenly Demon World is in the God Transformation Realm and is not inferior to the Ghost Race of the Heavenly Demon Clan. The Ghost Lord may have also been promoted to the God Transformation Realm. This is the most difficult thing to do. of!"

Ye Fan felt a huge pressure.

He temporarily decided not to disclose this news to the clans, so as not to cause panic.

However, the Protoss, Shura and other big clans still have to tell them.

Ye Fan had a headache.

Really one can not stop ah.

He came to Phoenix Pavilion, the residence of the sisters.

Only the eldest sister and the seventh sister were there, and the other sisters, including Yue Linglong and Yunxi, went to practice.

Seventh sister Fang Rui is recovering in an orderly manner and will wake up soon.

And the eldest sister didn't move.

Ye Fan was sitting by the bed, looking at the beautiful elder sister, and couldn't help kissing her forehead.

When she was a child, the elder sister loved her the most.

But now, the eldest sister's repeated sleepless nights and her days with him are running out.

How could it be?

where is the problem.

Ye Fan took out the seven-star fate plate and wanted to use the power of fate to awaken Meng Qingyi.

suddenly.

The seven-star fate plate radiated brilliantly, took the initiative to escape from Ye Fan, flew above Meng Qingyi's body, and a dazzling brilliance hung down.

And Meng Qingyi's body began to change after being shrouded in light.

A palpitating breath spread out.

Ye Fan had to step back.

She was surprised and delighted. She didn't expect that the Seven Star Fortune Chart could really react with the eldest sister, but she was worried that something might go wrong.

He stared intently.

Under the illumination of the seven-star chart, Meng Qingyi's life force became stronger and stronger, and in the end, even Ye Fan's scalp felt numb.

The eldest sister's vitality is simply terrifying.

What physique is that!

"Shh!"

But at this time, the seven-star life chart was directly submerged into the eldest sister's body, and then Ye Fan found that Meng Qingyi's delicate body was trembling.

Immediately after.

Slowly open your eyes.

"Miss!"

Ye Fan was very surprised.

Meng Qingyi was at a loss, and after a few seconds, she gradually woke up, "Xiaofan, is that you!"

"Sister, it's me, I'm back, I'll be by your side." Ye Fan blushed, hugged Meng Qingyi, and kissed her cheek.

Meng Qingyi also cried with joy.

After a long time, the two finally let go, and Ye Fan asked, "Sister, how are you feeling? Is there any discomfort in your body?"

Meng Qingyi said in surprise, "No, I feel better than ever. I have a disc in my body, what is that?"

Evan explained.

"The seven-star chart, the power of destiny, I feel very harmonious with my body."

"Everyone, will your physique be a destiny body? Control the power of destiny. In fact, I have guessed it a long time ago. Now that the seven-star destiny chart takes the initiative to enter your body and resonate with you, I am even more sure."

"Fate Body?!"

Meng Qingyi didn't know it herself, her physique was very strange, sometimes she was quiet and sometimes she recovered.

Ye Fan smiled and said: "The body of destiny, the power of destiny, what a terrifying physique. The Avenue of Destiny is the most mysterious and powerful avenue among the three thousand avenues. Big sister, if you are really the body of destiny, then you will not succeed in the future. Limited, now your physique has not completely recovered, once recovered, then I will not be your opponent."

Meng Qingyi rolled her eyes and said, "I don't want it, that's fine, you kid protect me."

Ye Fan and Meng Qingyi hugged each other again, telling each other what they had experienced.

Very long time.

They went out hand in hand and came to the room of the seventh sister Fang Rui.

"I can make Xiao Qi wake up as soon as possible." Meng Qingyi's unreasonable sentence, Ye Fan was stunned, and asked, "Sister, is it true?"

"Intuition tells me I can."

"I'll give it a try."

As soon as Meng Qingyi's thoughts moved, the seven-star fate chart was activated, which could actually resonate with her physique.

only see.

A mysterious force spread out and enveloped Fang Rui's body. Together with the precious medicine, it quickly repaired her mental damage.

after an hour.

Meng Qingyi stopped, dripping with sweat.

"Sister, take a rest."

Ye Fan put his arms around Meng Qingyi and sat down, quietly driving Fang Rui. After a quarter of an hour, Fang Rui really woke up.

The three embraced and cried.

However, what is gratifying is that Fang Rui's spiritual power has skyrocketed after breaking and standing, and it is already comparable to the peak of breaking the void.

Ye Fan is in a good mood now.

The sisters are here!

No, there is fourth sister Tong Xiaoman.

This is a knot in Ye Fan's heart, the fourth sister has been silent, which makes him very uncomfortable.

"Sister, the three of us have joined forces. The brains of science and technology, the power of destiny, the great deduction technique, and the great prophecy technique are all coming forward. Can we find the clues of the fourth sister?"

"it is good!"

Meng Qingyi and Fang Rui nodded heavily.

Rumble.

The whole room shone with mysterious light, behind Fang Rui, the light of technology was exceptionally powerful.

Meng Qingyi can also freely drive the seven-star life chart now, and Ye Fan will of course give the chart to Meng Qingyi, which is destined to belong to the eldest sister.

Reckoning begins!

This is a very complicated process for the first brother. Time is passing, and Ye Fan's mental power has reached the level of the ancestors, but he also feels that he can't bear it.

but.

In the end, a clue was found.

"Winning!"

Ye Fan figured out the name.

Subsequently.

everything disappears.

It seems that the secret cannot be leaked.

All three suffered backlash.

After adjusting the breath for a moment, Meng Qingyi asked, "Ye Fan, what did you say?"

"Winning!"

Ye Fan spoke again.

Fang Rui said, "A people, is Fourth Sister related to this person?"

Ye Fan's face was strange, and he said, "Sister, don't you know that the previous generation of Daxia Emperor, that is, Man'er's father, is called Ying Zhao!"

"It's him!"

The two girls were shocked.

Fang Rui said: "Isn't Ying Zhao Human Sovereign killed by the Corpse Emperor when the Corpse Emperor opened the sky? Wouldn't he still be alive?"

Ye Fan's face was gloomy and uncertain, "In the beginning, when the corpse emperor opened the sky and the human emperor took action to stop it, I felt very strange. Moreover, the fall of the human emperor was too unexpected. As soon as he appeared on the stage, he fought with the corpse emperor for a few moves, and then he fell. , Now that I think about it, it's really not right."

"Perhaps, the emperor really did not fall."

"Fourth sister, in his hands!"

Meng Qingyi said: "Xiaofan, the current relationship between you and Man'er, presumably if Xiaoman is in the hands of the emperor, there will be no danger. The emperor won't take action against a weak woman like Xiaoman."

Ye Fan said: "I hope so."

With this news, Ye Fan decided to talk to the queen, he wanted to know everything about the Emperor Yingzhao.

Ye Fan came to the palace.

When the queen heard about this, she was both surprised and delighted, "Brother Fan, is it true that my father has not fallen?"

"It's just speculation at the moment, but it's very likely."

"Good good."

Ying Man'er burst into tears, and immediately comforted: "Brother Fan, don't worry, if the fourth sister is really in my father's hands, there will definitely be no danger. As for my father's information, I can tell you, let me , My father's palace is still reserved, no one has ever entered, I will take you to see it now."

"That couldn't be better."

Ying Man'er brought Ye Fan to the Imperial Palace.

Outside the palace, Ye Fan noticed something unusual, as if there was something in the palace.

walk in.

A deep breath came over him.

Ye Fan opened his eyes of yin and yang and scanned the audience, trying to find clues.

Suddenly.

From the depths of the palace, a light flew out, and then opened, it turned out to be an imperial decree.

"My father's breath, this is the imperial decree written by my father, and it has been kept here. How could it be, why didn't I show up when I came to the bedroom before."

"Man'er, it seems that this is specially prepared for me by the Emperor!"

Ye Fan smiled.

Human Sovereign, it's really not easy.

He has deceived all living beings!

"Ye Fan accepts the order."

The voice fell, only to see that the imperial decree slowly opened.

Immediately.

A figure came out of the imperial decree, and it was a human emperor. Although it was a phantom, it was extremely real.

"Father!"

"Maner."

Human Emperor Ying Zhao was filled with emotion.

"This is a ray of thought that I once left behind, and I don't have much time to persist, so I will keep a long story short."

"Ye Fan, I prepared this imperial decree for you. You are here, and you can make the imperial decree take the initiative to revive, which means that you have a good strength."

"You are destined to be extraordinary, so you need to hold up a day."

"The corpse emperor has his way; and I also have my way. I can only reveal so much. As for your fourth sister Tong Xiaoman, it is indeed in my hands, she is very extraordinary, and I have accepted it as a disciple; but At the same time, you should also understand that she is a \*\*\*\* for me to contain you."

"Finally, what I want to tell you is that the First Emperor's Mausoleum is very important, remember to explore."

The words fall.

The shadow of the human emperor gradually dimmed.

"Father."

Win Man'er cry.

However, the Emperor did not answer and disappeared into nothingness.

The decree also collapsed.

Ye Fan was silent and his face was heavy. The emperor took the fourth sister as his disciple and took him with him, just to contain him in the future. It was a good method.

but.

Now that the fourth sister is not in danger, and she is still cultivating and becoming stronger, Ye Fan is a little relieved.

As for where the emperor won, you can't figure out Ye Fan for the time being, but the emperor will definitely appear in the future, and it is impossible to hide it all the time.

Everything is on track again.

Disaster is about to strike, time is running out, this time there may be a powerful person who transforms to kill.

Crisis.

Ye Fan decided to find all his friends and gather them around.

this day.

Ye Fan and Yue Linglong came to the wild continent, and Yue Linglong returned to the Yue clan.

She is finally back.

The Yue clan is very excited, and it is still the terrifying realm of the peak of the void.

Yue Linglong was very strong and suppressed the Ri family.

The two tribes merged.

The Sun and Moon Gods appeared again.

Yue Linglong is the patriarch.

The Sun and Moon God Clan did not migrate to Daxia, and remained in the Wilderness Continent; when Yue Linglong took care of the affairs of the clan, Ye Fan was looking for Meng Qingyin.

This fool, since he left that year, there has been no news.

Ye Fan couldn't let go after all.

Chapter 1370: find old friends

Regarding Meng Qingyin, this is Ye Fan's first nominal wife, and she is also a hard-working woman.

Frail and sickly, his parents are not around, and he has been excluded from the Meng family.

Even the Meng family wanted to use her as a tool for marriage, a victim.

It was not until meeting Ye Fan that Meng Qingyin's fate changed dramatically.

Because of this.

In Meng Qingyin's heart, Ye Fan has an unshakable position.

She didn't want anyone to take Ye Fan away.

Back then, she left without saying goodbye to avoid Meng Qingyi.

For so many years, there has been no news.

Ye Fan still feels a little guilty, because he has been really busy all this time, either in cultivation or on the way to cultivation; not in fights or on the way.

Not much time to rest.

Now, Ye Fan decided to look for it.

It's just that, over the years, the Wilderness Continent has also undergone tremendous changes, and there is no clue at all.

Fortunately.

The former headquarters of Tianzun Temple in the Wilderness Continent is still there, and it is still an unshakable and powerful force in the Wilderness Continent.

Ye Fan issued a letter of assistance through Tianzun Hall.

certainly.

This effect is not necessarily good.

Because now is not like before, the wild continent has changed greatly, the power of the major ethnic groups has advanced by leaps and bounds, and there is not much reverence for the Tianzun Temple.

Ye Fan came to the Dafeng Empire.

This was one of the three major empires in the Wilderness Continent, and now, there are so many experts.

Dafeng Empire.

capital.

Royal Palace.

Ye Fan came.

The powerful aura spread, and he was a master of art and bold, not afraid at all.

"Boom."

In an instant, the palace responded.

One after another silhouettes soared into the sky, and they were all in the Void Realm.

One of them, who should be the commander of the Imperial Guard of the Imperial Palace, turned out to be a half-step peak.

very nice.

Ye Fan nodded secretly.

The commander of the Imperial Guards was a little shocked when he saw that Ye Fan was a strong man at the peak of the void, and immediately asked respectfully: "Sir, what is your identity, how did you break into our Dafeng Imperial Palace without authorization?"

"Tianzun Palace, Ye Fan!"

Suddenly, the commander was shocked.

Although Daxia is far away from the Wilderness Continent, with the popularity of cultivation, the connection has also begun to become closer.

Some of the big events that happened in Daxia were also known to the Wilderness Continent.

Ye Fan came powerfully, bringing hundreds of Void-breaking peaks, and the Tianzun Temple was the first force in Daxia.

Hundreds of Void-breaking peaks, my God!

Who dares to provoke Tianzun Temple.

Who dares to offend Ye Fan!

"Ye Huang, wait a moment, I will report immediately..."

"I already know."

Before the words were finished, a vigorous voice sounded from the depths of the palace: "Palace Master Ye, come in one."

Ye Fan came to the Imperial Garden.

I saw the Dafeng Emperor and the military marshal, both of whom were at the peak of breaking the void.

But.

When Ye Fan came, the two of them felt a strong pressure. Although they were both at the peak of breaking the void, they felt that it was easy for Ye Fan to kill them.

It is worthy of being able to subdue more than 200 evil spirits who are at the peak of the illusory peak. It is really unpredictable.

"Palace Master Ye, aren't you in Daxia, why did you come to the Wilderness Continent?"

"Find someone!"

"Oh?"

Emperor Dafeng had a strange look on his face.

Ye Fan took out a photo and said, "I'm looking for the woman in the photo, named Meng Qingyin, who was in the wild continent many years ago."

"I want to find her now, but there is no clue. So, I hope that the Dafeng Empire can help, and at the same time let your vassal state help."

"I will also go to the other two empires, as well as other powerful forces, and let them help me find it."

"It takes the entire Savage Continent to move!"

Emperor Dafeng said with a smile: "Palace Master Ye is so powerful, find someone to make the whole wild continent move!"

Ye Fan smiled and said, "I do have this kind of energy, don't I?"

"indeed."

Emperor Dafeng nodded.

The strength of the Tianzun Temple is really too strong.

"I agreed, and I will arrange it immediately. I will notify the Dafeng Empire, its vassal states, and even the forces and kingdoms that I have made friends with Dafeng."

"Thank you!"

"Palace Master Ye, I also have an unkind request, I wonder if you can agree?"

"Tell me."

"I think, marching into Daxia."

Ye Fan frowned.

Emperor Dafeng said: "I know this is very embarrassing for you, but Daxia is rich in resources, and it is the birthplace of cultivation. I am really itching. Don't worry, our Dafeng Empire has arranged for 10 million souls to pass over and abide by the law. , do not take the initiative to provoke trouble."

"If the hall master agrees, then my Dafeng Empire is willing to associate with Tianzun Hall forever."

Ye Fan hummed, "Is the Wilderness Continent no longer able to satisfy you, and you still want to go to Daxia to get a piece of the pie!"

"I've always been yearning for Daxia, and I want to see it, not for the sake of resource creation. In fact, there are countless resource creations in the Wilderness Continent."

"let me consider it."

"Well, I hope the hall master can reply to me as soon as possible, and I am ready to prepare."

Ye Fan left the Dafeng Empire.

This matter, he did not take it to heart.

Whether or not the Dafeng Empire will enter Daxia is actually a trivial matter.

He was running around.

I went to the wild and powerful empires, powerful kingdoms, and tribes all over the place.

The entire Savage Continent is in motion.

three days later.

Ye Fan got a clue, which was reported by a tribe leader, and he came to this tribe.

"See the palace master."

"Go ahead."

"Palace Master, this is a \*\*\*\* from my tribe. He met Miss Meng Qingyin many years ago, and he also saw with his own eyes that Miss Meng Meng was captured by monsters."

Ye Fan looked at the young man next to the leader. He stared at him and asked, "Are you sure?"

"Yes, the palace master, I have really seen it."

"Tell me about the situation at that time in detail, and don't let go of all the details."

"Okay hall master, that day, I went hunting and saw Miss Meng in the Ghost Mountains. I saw that she was beautiful and was going to strike up a conversation, but suddenly, he was caught by a \*\*\*\* hand."

"That \*\*\*\* hand is so terrifying. It appeared out of thin air, grabbed Miss Meng, and dragged her away. For a second, I will never forget that scene."

Speaking of this, the young man still had lingering fears.

"Palace Master, these are the earrings I saw at the time. Miss Meng dropped them. I have kept them."

Ye Fan took the earring, he remembered that it was a small gift he once gave to Meng Qingyin.

"Ghost Mountains, where are they?"

"Palace Master, I'll take you there."

"Let's go."

Ye Fan grabbed the young man and walked in the air.

Soon.

They came to the Ghost Mountains.

The young man pointed out the location and said, "It's right here. At that time, Miss Meng was taken away by black hands here."

Ye Fan felt it carefully.

There is indeed some strange aura in the Ghost Mountain Range. Due to the distant time, Meng Qingyin's aura is no longer here, and the Great Tracking Technique can't trace it.

this moment.

Ye Fan rushed to the sky, performed a big roar and said: "Ghost Mountain, listen to all the creatures, and immediately migrate out. I will destroy the Ghost Mountain and raze this place to the ground."

The sound was like rolling thunder, and it kept exploding between heaven and earth.

Convey the Quartet.

The entire Ghost Mountain Range, and even the surrounding tribes, were shocked.

Flattening the Ghost Mountains, what's the joke?

"Give you one day to migrate. One day later, I will take action. At that time, you will be affected and die tragically. Don't blame me."

"Don't doubt what I said!"

"My Lord of the Heavenly Venerate Palace, Ye Fan!"

To say that the creatures in the Ghost Mountains scoffed, but now, they are terrified.

The master of the Tianzun Palace, Ye Fan, turned out to be him!

Oh my God!

For a time, the Ghost Mountains surged and roared.

Countless creatures began to migrate.

Mighty.

The news was quickly communicated.

Many forces in the wild continent are looking forward to it. Empires, kingdoms, tribes, etc. have all come here, just to see how Ye Fan leveled the Ghost Mountains.

Because the ghost mountain range is not simple, there are mysterious powers, rumors, and great terror entrenched in the depths of the mountain range.

after one day.

The entire Ghost Mountain Range was extremely silent, not even a single bug.

Ye Fan stood in the sky with a cold face.

In the distant area, countless creatures are watching and talking.

"Guess everyone, can Ye Fan destroy the Ghost Mountains?"

"I think Xuan, there must be a great terror slumbering in the depths of the Ghost Mountains. It's not that easy to destroy the Ghost Mountains."

"Why did Ye Fan suddenly go crazy and destroy the Ghost Mountains? Could it be that there are giant treasures under the mountains?"

"..."

In the sky, Ye Fan was calm.

He has already prepared and adjusted the state to the peak. Of course, he knows that the Ghost Mountains are not simple.

But what about the mountains of swords and the sea of fire!

He had to find Meng Qingyin's whereabouts. That \*\*\*\* hand was probably the taboo existence sleeping deep in the Ghost Mountains.

"boom!"

In an instant, the eighty-eighth-level celestial hegemony body recovered, and the sky was covered with blood.

Makes the viewer's scalp tingle.

"What a terrifying body!"

"Is that the master of the Tianzun Temple? It's really terrifying. I feel that he can kill the Void Powerhouse with a simple punch."

"Be bold, it should be the peak of killing the void!"

In the dark, there are also some peak-breaking powerhouses who are paying attention, and some of them are still not convinced.

Isn't Ye Fan also at the peak of the broken void, just like them, why are you so crazy!

Now.

They know.

The gap between himself and Ye Fan is like a chasm.

Eighty-eighth-level Celestial Hegemony.

Raised the poles again.

This is because Ye Fan got a few dragon veins. Although they were all sparks, they had some assists.

"Shh!"

In Ye Fan's hand, there was an axe that opened the sky.

Great Blessing!

Big Collision Book!

The true meaning of martial arts!

Bloodline power!

Two different fires!

Creation scriptures!

...

Everything is being blessed, the breath is rising, the void seems to be unbearable, and it begins to crack.

The spectators from a distance, trembling with fear, all retreated once again.

three minutes later.

Ye Fan finally climbed to the top.

He raised his axe sharply.

At this moment, in the depths of the Ghost Mountains, something seemed to have recovered, and then, an angry roar resounded through the heavens and the earth.

"Bastard! Stop me!"

However, Ye Fan now has to send the arrow on the string.

"cut!"

Open the axe, cut down fiercely.

at the same time.

In the depths of the Ghost Mountains, black air erupted into the sky, and among them, a terrifying black hand that could shatter the sky shot out.

That black hand grabbed the opening axe.

"presumptuous!"

Ye Fan thundered loudly, and his voice was too loud, because he used the Great Roaring Technique blessing, with the power of the Heart Killing Curse.

Earth-shattering.

Open the axe, chop on the black hand.

The \*\*\*\* hand collapsed in an instant, and the axe was like a broken bamboo.

an axe.

Divide the ghost mountain that stretches for thousands of miles into two.

Terrible!
