Chapter 1371: Qingtiansi

How amazing is this axe!

The Ghost Mountains are split!

split into two.

There was a gully that stretched thousands of miles across, and in this gully, there was a black aura.

"Roar!"

A loud roar resounded through the heavens and the earth, and the sky was shattered.

"Bastard!"

A shadow rushed out from the gully, and the sky was black, covering the sky and the sun.

This is the taboo existence of the Ghost Mountains.

He was entrenched and slumbering here.

But today, his own nest was split open, which is a shame.

certainly.

He was equally shocked.

Ye Fan's strength was beyond his expectations.

"Little devil, you and I have no grievances and no grudges, but you destroyed my lair, you are killing me!"

The ghostly forbidden roar.

Ye Fan said coldly, "Who said there is no grievance and no hatred, you took my woman and dared to jump in front of me. Believe it or not, my axe hacked you!"

"Your woman? When did I take your woman, don't make any rash words."

"You dare say you don't know her!"

Ye Fan used a large projection technique to project Meng Qingyin's appearance.

The ghost taboo looked at it, and his pupils shrank immediately, "She is your woman!"

"nonsense!"

Ye Fan knew that Meng Qingyin was in the hands of this big monster, and the Heaven-Opening Axe in his hand was shining again.

"Hand over it, and I may be able to spare your life, otherwise, you will surely die."

"Hahaha."

The ghost taboo laughed at the sky.

Then, taunted: "I'm sorry, your woman has long been mine. Now, she is transforming and can't be handed over to you. Moreover, even if she appears here, she will not leave with you."

"Boom."

Ye Fan doesn't talk nonsense.

Shoot directly.

The ghost taboo was startled, and also took out the treasure, which was a big flag.

Woohoo.

Wave it up and turn it upside down.

But.

Under the opening axe, the big flag was still weaker.

The taboo existence was smashed and fell, and a terrifying force attacked his body, making his bones crackle like fried beans, and at the same time his skin cracked and blood stained the sky.

"hateful!"

Ghost Forbidden Rage.

At this time, Ye Fan put away the axe to open the sky, used the big teleportation technique, approached the ghost taboo like lightning, and started close combat.

Eighty-eighth-level Celestial Hegemony, the realm of the peak of breaking the void, so Ye Fan has nothing to worry about.

"Creation Fist!"

One punch, the sky is shattered.

The ghost mountain range below, with a radius of three hundred miles, all overturned and fell into ruins.

The ghost taboo was knocked out.

"what!"

He howled.

This punch almost pierced his body.

How can this human being be so strong, how can this fleshly body be so terrifying, this power is simply incomprehensible.

"Life and death map!"

Ye Fan opened his arms, and the yin and yang life and death map emerged, surrounding the battlefield, so that the ghost taboo had no possibility of escaping.

"Little devil, I really thought I was a vegetarian."

"Even if you eat seafood, you can't escape death today."

Ye Fan didn't want to be entangled, he wanted to make a quick decision, and let out a dragon roar, which was earth-shattering.

The power of dragon veins exploded.

"Dragon Fist!"

This is what the Dragon Girl taught her.

Give full play to the terrifying power of the dragon veins.

"what!"

"The power of dragon veins, how is it possible!"

Ghost taboo creepy.

He knew that he couldn't make an enemy and wanted to escape, but he couldn't escape at all because the life and death map wrapped the battlefield.

It takes time to break the life and death graph, too late.

"what!"

Rao is a ghost with a lot of taboo methods, and under the dragon fist, it is also wiped out.

This punch directly pierced his body.

"boom!"

The ghost taboo fell, knocking down mountains.

But.

Ye Fan didn't let it go, and pressed a handprint: "Bloodline Secret Art, Yin-Yang Lock!"

Ghost Taboo just wanted to run for his life, but he was hit by the yin and yang lock. He felt that his body was locked, and he couldn't exert much energy.

"Shh!"

At this moment, the opening axe appeared in Ye Fan's hand again.

It's about beheading!

The ghost taboo was so frightened that he was so scared that he shouted: "Sir, spare your life, show mercy, I said, I'll tell you where Meng Qingyin is!"

"puff!"

However.

Ye Fan's axe was still chopped down, cutting off the ghost's forbidden legs.

"what!!!"

The shrill screams rushed into the clouds.

Ye Fan was like an invincible **** of war, standing proudly in the void, which impressed countless spectators.

The ghost taboo is also afraid.

He endured the pain and said, "What I said just now is false, Meng Qingyin is very good, she is transforming."

"where?"

"Just below the Ghost Mountains, there is a secret realm, and she is in the secret realm."

"Take me there."

Ye Fan's tone was beyond doubt.

Where can the ghost taboo dare to object, and take Ye Fan to the entrance of the secret realm.

"That's it!"

"If you deceive me, what will happen, you better think clearly."

"What I said is absolutely true."

"Let's go then."

Ye Fan opened the secret realm with one punch and rushed into it with the ghost taboo.

In an instant.

The environment changed greatly, and the ghost taboo also became arrogant, and distanced himself from Ye Fan.

"Chat, kid, you're a little tender after all, die."

"This is the domain world I created, and I am the master."

"Suppress me!"

The ghost taboo made a fierce shot and wiped out Ye Fan's ashes.

"Ok?"

The ghost taboo is a little suspicious.

Suddenly, an indifferent voice came from outside the secret realm, "It's just a puppet of mine, and my body is still outside."

The words were mixed with sarcasm and Xu abuse.

Ghost Taboo was shocked.

"Follow your field and go all the way."

"Do not!"

The ghost taboo screamed in horror.

"Sir, forgive me, I said, I said everything, I'll tell you where Meng Qingyin is!"

"No need!"

Ye Fan smashed the secret realm of the domain with an axe, and then a big explosion occurred.

"what!"

The ghost taboo screamed again and again.

"Sir, spare your life!"

"Ah ah ah, my lord, save me, please, save me..."

Ghosts are forbidden to ask for mercy.

But Ye Fan was indifferent.

The explosion of the secret realm, together with the ghost taboo, was wiped out.

The reason why Ye Fan did not listen to the disclosure of the ghost taboo, but directly killed it, was because he had already sensed Meng Qingyin's breath.

He can be traced.

With the great tracking technique and great deduction technique, Ye Fan came to the real entrance to the secret realm.

"boom!"

After breaking the door, Ye Fan walked in.

This secret realm, the cultivation environment is very good, almost the level of the hinterland of Xianshan.

Meng Qingyin's breath is very obvious.

Ye Fan went after him, and in the center of this secret realm, there was a huge lake.

There is a mighty energy in it.

Meng Qingyin was sleeping in the middle of the lake.

Ye Fan found that Meng Qingyin's body was very powerful, nourished and transformed all the time, and even the realm had reached the realm of breaking the void.

Ye Fan was really speechless.

He was exhausted and exhausted, and he went through countless hardships to get to this point, but Meng Qingyin only needs to sleep to become a Void Breaker, can this be compared!

"what?"

Suddenly, Ye Fan found that in Meng Qingyin's body, there was light flickering, and he didn't know what it was.

He cautiously entered the lake.

Fortunately, there was no accident.

Coming to Meng Qingyin's side, looking carefully, this girl has changed a lot.

It used to be that kind of weak temperament, but now, it has the majesty of the strong.

Ye Fan did not wake up Meng Qingyin, but broke Meng Qingyin's cultivation.

He released eighteen protectors.

"You are guarding here, and no one is allowed to enter the secret realm except me. Ensure her safety."

"As ordered!"

Ye Fan was not at ease, so he took out some defensive spells and planted them on the shore of the lake.

Then he left the secret realm and set up a killing formation to cover the place.

Then he left in peace.

Ye Fan was very happy to find Meng Qingyin so quickly. He contacted Linglong last month, and the two returned to Daxia.

When Ye Fan left for the Wilderness Continent, he sent a message to the Ye royal family, informing his aunt, Ye Jiangying, to transfer the Ye royal family to the heavenly world.

Ye Jiangying readily agreed.

Back that day, Ye Fan saw that the relatives of the Ye royal family were all there.

"aunt."

"Xiaofan!"

Ye Jiangying looked at Ye Fan with a look of relief.

Who would have thought that Ye Fan could grow to such a level that he would really give Ye's parents a face.

"By the way, Xiaofan, there is one more thing, you still remember the bronze hall in the royal family."

"Of course I remember, there are many true meanings of martial arts inscribed in it, and I also learned some."

"Yes, the royal family migrated to the heavenly world, but I can't bring the bronze hall over. You go to the ancestral land to see if you can move the bronze hall to the heavenly world."

"I'm going right now."

Ye Fan has long wanted to study the bronze hall, and now is the time.

He brought his seventh sister Fang Rui with him.

Possessing a scientific and technological brain, Fang Rui's calculation ability is super strong, even stronger than Ye Fan, and can help study the bronze hall.

Ye royal family.

ancestral land.

It was empty, but there were still two guys, Ye Hei and Baby Snake.

Ye Hei, the beast emperor in the Ancestral Land Mountain Range, has grown into a peak Nascent Soul powerhouse now.

Baby Snake is the big snake that guards the ancestral graveyard, and is the descendant of the ancient heterogeneous seven-colored sky-swallowing python, the three-colored white-headed python.

Baby Snake is more powerful than Ye Hei, and is already a monster in the early stage of Void Breaking.

"haven't seen you for a long time!"

"haven't seen you for a long time!"

Ye Hei and Baby Snake were filled with emotion.

Ye Fan smiled and said, "Baby snake, your bloodline seems to be more pure than before, it should be evolving."

Once, baby snakes were cute.

Smarter now.

He shook his big head and said, "Yes, I am evolving towards the colorful dragon python."

The three-colored white-headed python evolves into a five-colored dragon python. This is very difficult, but once it succeeds, it will be powerful and scary.

There are many colorful dragon pythons in ancient times, and each of them is the overlord of the sky.

As for evolving again and becoming a colorful swallowing python, that would be terrifying.

The colorful swallowing python is a peerless monster that can compete with the dragon clan, Jinpeng, and the phoenix.

rumor.

In the ancient times, a colorful swallowing python appeared and competed with the innate spirit species swallowing tailed beast.

Because both sides have the talent for swallowing, and no one obeys the other, and everyone wants to prove that their talent for swallowing is stronger.

Later, both lost.

Both fell.

Although it is a pity, it shows the horror of the colorful swallowing python. Even the innate spirit species swallowing tailed beast can only die.

"Old Hei, you should be about to break through. I will help you now."

Ye Fan took out a Physique Essence.

The big guys in the Tianzun Hall have not been used up before, and there are still a few.

The source of physique penetrated into Ye Hei's body, and then Ye Fan took out many precious resources and injected monstrous energy into Ye Hei's body.

"Roar!"

Ye Hei growled.

Turned into its main body, it was a hill-like blue-black monster, a bit like a cow, but different.

Fang Rui lightly calculated and said in shock, "Ancient alien species, Qingtian Si!"

Chapter 1372: Predatory power

"Qingtiansi!"

Ye Fan was also shocked.

This is an ancient alien monster that is not inferior to the colorful swallowing python.

The so-called "Si" is like a rhino but not a rhino, with a blue-black body and a single horn on its head.

Has unparalleled power.

Ye Hei was transforming, and his breath was rising steadily. After an hour, he was finally promoted to the realm of breaking the void, and his body had also undergone great changes.

The single horn on the head is more powerful, and it seems to be able to shatter the sky; the hair on his body is like a steel needle, extremely stiff.

Simultaneously.

The most special thing is that it exudes a heavy breath, which is a sense of power.

Ye Hei stomped his foot.

The entire Ye Royal family's ancestral land was in the Demon Emperor, and the mountains collapsed.

"readily!"

Ye Hei laughed heartily.

He transformed into a human appearance and said, "I'm not a purebred Qingtiansi, I just have the bloodline of a normal Qingtiansi, but as my strength grows, I will gradually purify it. I believe that as long as I don't die and take it easy, I will definitely transform in the future. For the purebred Qingtiansi."

Ye Fan said: "Okay, there is another divine beast in the Tianzun Palace!"

"Uh, what?"

"I said that there is another strong man in the Tianzun Temple!"

The corner of Fang Rui's mouth twitched.

Ye Fan looked at Baby Snake and said, "Baby, you can't change shape? Don't you get tired of keeping your body?"

Ye Hei said, "He doesn't look good in disguise, he seems to have albinism."

"real or fake?"

Ye Fan was very curious.

The baby snake transformed into a thirteen or fourteen-year-old child. It was indeed snow-white, and the whole body was white.

Even the eyes are white eyes.

"It's pretty." Fang Rui smiled, holding the baby snake and liked it very much.

They came to the bronze hall.

Ye Fan found that the bronze hall at this time was a little different from the previous one, and the whole hall exuded a palpating aura.

It even has a mysterious power, wandering around the main hall.

Ye Hei said: "The Bronze Hall definitely has a big secret. Now, it is very difficult to open it."

"yes?"

Ye Fan was surprised.

He walked towards the bronze hall, pushed the door open, and remained motionless.

He pushes hard.

Still no movement.

Ye Fan revived the Celestial Hegemony, fully recovered, the eighty-eighth-level Celestial Hegemony.

Only then did the door tremble.

Push away slowly.

Ye Fan was exhausted. Indeed, it was so difficult for him to push away. No one in the Ye royal family could open it.

"You stay outside to prevent any changes inside. We have an accident. You can go back and notify the Tianzun Palace."

"it is good!"

Ye Hei and Baby Snake were guarding outside the main hall.

Ye Fan performed a great body protection technique and took Fang Rui into the bronze hall. They saw that different forces were flying in the hall.

"these are!"

"The power of the true meaning of the Dao."

Ye Fan and Fang Rui dropped their jaws.

It can be seen that in the hall, there are hundreds of powers flying, each of which is different.

That is the true meaning of the road.

"Xiaofan, look at the dome."

Fang Rui raised her head and pointed to the top.

Ye Fan raised his head.

In the line of sight, is a beautiful, vivid and holy picture scroll.

In the picture scroll, there is a beautiful woman.

Many avenues of true meaning power are attached to the picture scroll, which makes the picture scroll splendid.

The woman in the painting seems to have come to life.

"hiss."

Just watching for a while, Ye Fan's eyes and brain suddenly hurt.

Fang Rui said: "I can't read more, it takes too much mental energy."

Ye Fan shook his head and said, "I don't know who built this bronze hall, but it can actually engrave the true meaning of the avenue. It is definitely a superpower that penetrates the sky!"

Fang Rui said: "Of course, the bronze hall has a long history, and it is likely to be handed down from ancient times. At least the saints who built this hall may be emperors."

"No matter what existence created it, sister, you can see the true meaning of these avenues. If you can grasp and comprehend it, it will be of great benefit."

"That's not easy."

"Let me try."

Ye Fan used the Grand Judgment Technique to grasp the true meaning of the Dao, but it seemed that there was an invisible existence that could not be grasped at all.

instead.

caused a riot.

All Dao's true meanings felt as if they had been provoked, and began to erupt with terrifying power, attacking Ye Fan.

"Xiaofan, be careful!"

Fang Rui reminded.

Ye Fan said with a smile: "The real meaning of some avenues is nothing. I'm not afraid of the real avenues."

Rumble.

The yin and yang blood vessels recovered, and the power of yin and yang spread out.

"The true meaning of these avenues of you, some of you can compare to the Yin-Yang Avenue. A group of younger brothers dare to make an axe in front of the big brother."

"Get down!"

Ye Fan manipulated the power of yin and yang, madly attacking the true meaning of those avenues.

It does work.

Some weak Dao's true meanings were immediately bleak and fell from the air.

but.

There are also some bad guys.

"That is!"

Ye Fan's eyes lit up, and he actually discovered the true meaning of the Dao of Plundering.

Plunder Avenue.

This is a very powerful Tao.

According to rumors, the Great Deprivation Technique is the profound meaning of the Dao of Plundering.

Although Ye Fan does not have a great deprivation technique, he can comprehend the avenue of plundering, and he can also exert some plundering power.

It's not as good as the Great Deprivation, but it's better than nothing.

in addition.

Ye Fan also learned from his sisters that the prince of the ghost clan would have a great deprivation technique.

and.

Wu Yinyang and Jian Tai'a signed a blood contract with him, and they were able to rebel because the prince of the ghost clan took action, using the hands of ghosts and gods to add the great deprivation technique and the great puppet technique to deceive the contract of the great blood contract.

The prince of the ghost clan, Wu Lingjun, and Ye Fan would definitely suppress them.

Not just these two guys.

Also, Jiang Wudao, Lord Buddha.

At that time, the five fellows, Wuzhu, Jiang Wudao, Buddha, Emperor Alliance, and Zerg, were his formidable enemies.

later.

Ye Fan was attached to the witch master, the emperor of the imperial alliance, and the master of the Zerg, but Jiang Wudao and the master of the Buddha fled.

It hasn't appeared in all these years.

Ye Fan did not forget.

The Buddha Lord, who has been inherited from the ancient Buddhist family, should not be underestimated; and Jiang Wudao, with the Nine Yang Divine Body and the Nine Qi Seas in his body, is also destined to be a character.

anyway.

Ye Fan doesn't care about other trails, he wants to take down the true meaning of the plundering avenue, the crazy impact of the power of yin and yang.

The true meaning of the plundering avenue is really powerful, and it is indistinguishable from the power of yin and yang.

but.

In the end it was defeated.

"receive!"

Ye Fan collected the true meaning of the Dao of Plundering, sat down on the spot, and began to comprehend.

Fang Rui is not idle, she is also trying to grasp the true meaning of the avenue.

after one day.

Ye Fan opened his eyes.

"plunder!"

Ye Fan cast Fang Rui.

"what!"

Fang Rui exclaimed.

She found that her clothes were about to be plundered, and she blushed suddenly.

Ye Fan quickly stopped and said with a smile, "Sister, I'm just giving it a try."

"Little bastard."

Fang Rui rolled her eyes.

"The power of plundering is still very weak, and you still need to truly understand the avenue of plundering in order to truly control the power of plundering."

"That's right."

Evan nodded.

Inside the bronze hall, there are many bronze pillars, and Ye Fan found the bronze pillar inscribed with the true meaning of the Dao of Plundering.

Continue research and enlightenment.

He is making rapid progress, and his plundering power is gradually increasing.

Unfortunately.

It's not really comprehension of the plundering avenue, but just grasping the true meaning and using some plundering power.

"Don't be discouraged, you have grasped some true meanings, which will be of great help to you in understanding the Dao of Plundering, and you will definitely be able to understand it in the future."

"I'm not discouraged. With my deep understanding, the power of plundering will grow to the point of helping me, enough for me to use it."

Ye Fan looked at the huge bronze hall, then walked out with Fang Rui, and he opened the gate of heaven.

Now.

He wants to move the bronze hall into the heavenly world.

But.

Bronze points are too heavy.

You know, Ye Fan has to use all his strength to open the door. It is conceivable how heavy the entire hall is.

"Everyone is here to help."

Ye Fan's voice transmission.

Immediately, all the powerhouses in the heavenly world came, Jiu Jianxian, Empress, Peony and so on.

Let's all work together.

Finally, the bronze hall was shaken, and a lot of hard work got into the heavenly world.

mission completed.

Ye Fan migrated the ancestral cemetery into the heavenly world.

In this way, the entire ancestral land will have nothing to miss. Shuiyuedongtian, this is indeed a good place.

"Xiaofan, can you find Linger and Achen?" Aunt Ye Jiangying asked.

Ye Linger, Ye Fan's cousin.

Ye Chen, Ye Fan's cousin.

"sure."

"My relatives and my friends, all have to be found, all gathered together."

"Because next, there will be a huge disaster."

"They can't be left alone outside!"

It's just that it's not easy to find someone in the huge world, and there are no clues.

In fact.

If Ye Linger and Ye Chen are smart, they should come to him.

So far, what is the difference.

Ye Fan directly asked the queen to speak through the golden dragon of luck, and the whole Xia could hear it.

this day.

Too messy, deep.

A blood-soaked voice came out. He had a chain in his hand, and the chain was tied to a mountain-like corpse, which was dragged by him.

This beheaded monster turned out to be the beast emperor at the peak of the void.

The young man raised his hand, facing the sun, looking at Tianbao in his hand, he smiled, and after working hard for so long, he finally got Tianbao, which was too messy, and took control of this Heavenly Court Ruins.

Luck Golden Dragon recounts the revelation of the missing person every day.

Ye Chen frowned, "Ye Fan, are you back? Well, I want to see who is stronger between me and you now!"

"but."

"Before that, I'm going to Taixuantian."

Ye Chen came to Taixuantian.

With the induction between Tianbao, he came to the deepest part, and he saw a beautiful shadow.

"Linger."

Ye Chen shouted in surprise.

That woman was Ye Linger, her younger sister.

only.

Ye Linger glanced back, very indifferent, no mood swings.

"Ling'er, have you succeeded?"

"Ok."

Ye Ling'er nodded, touched her heart, and said, "I have obtained the heart of Taixuan, merged with me, and I am already the master of Taixuantian."

Ye Chen laughed: "Okay, okay, brother and I also got Tianbao, which is too messy. We brothers and sisters control two Heavenly Court ruins. Together, we are absolutely invincible."

"By the way, Linger, Ye Fan is looking for us."

"Evan?"

Ye Linger frowned.

Ye Chen said: "Come, let's go, you are fighting for your brother, I will fight Ye Fan to see who is stronger."

Chapter 1373: Are you here to give me Tianbao?

Ye Chen and Ye Linger came out of the Tianting ruins and immediately went to the palace.

When the queen saw the two, she informed Ye Fan, and soon, Ye Fan saw you and added two brothers and sisters.

Breaking the peak!

Ye Fan was shocked, he didn't expect that the Ye Chen brothers and sisters had made such great progress.

This time, not only Ye Fan came here, but Ye Jiangying and other people from the Ye royal family came.

"Auntie, you are here too."

"Achen, you haven't heard from you all these years, but you worried me to death. Fortunately, you are all safe and sound."

"Auntie, I'm here this time to decide the outcome with Ye Fan."

"what?"

Ye Jiangying was shocked.

Ye Fan is also very surprised, his realm cultivation base is all hidden, and ordinary people can't see it at all.

Presumably Ye Chen still doesn't know how powerful he is.

There was no grievance between him and Ye Chen, but when Ye Fan and him went to the Xiao royal family to rescue Ye Jiangying, the situation was critical at that time, and the Xiao royal family said that there was only one place to leave.

Ye Jiangying gave it to Ye Fan but not to Ye Chen.

to this end.

Ye Chen was very dissatisfied and felt that in his aunt's heart, Ye Fan was more important, which made him very sad and beaten.

That's it.

Later, Ye Fan became stronger and stronger, which made Ye Chen very depressed.

Now, Ye Chen thinks he is strong, he wants to defeat Ye Fan and prove himself to Ye Jiangying and the clan.

"Evan, come on."

Ye Chen's voice was firm, and his eyes were full of fighting intent.

"it is good!"

Ye Fan did not refuse.

Ye Chen can rush to the peak of breaking the void in a short period of time, which is extremely difficult, and there must be some secrets.

"Auntie, don't worry about brother, he is very strong now." Ye Linger couldn't help but speak when she saw Ye Jiangying's worried appearance, but his expression was indifferent.

Back then, Ye Linger was accepted as a disciple by Nalan Ruo to practice the Ruthless Sword.

Although.

Ye Linger has not embarked on the road of forgetfulness, but her personality has not changed.

icy.

The appearance of rejecting people thousands of miles away.

Ye Jiangying was very uncomfortable seeing Ye Linger like this. She wanted to pull Ye Linger to her side, but she felt the opponent's resistance, so she could only give up.

at the same time.

The high-altitude battle has begun.

"boom!"

Ye Chen's body recovered, and his breath was extraordinarily high. He said, "Ye Fan, I know that you are cultivating the Heavenly Domination Body, which is very strong, but my physique is also not bad. I am a Hunyuan body."

"Hybrid body!"

Ye Fan was slightly surprised.

"It seems that the chaotic body can still evolve, and there is a chance to evolve into a chaotic body. Although the probability is small, there is hope. Once it becomes a chaotic body, it is truly terrifying."

"Yes, I can evolve towards a chaotic body in the future." Ye Chen was very proud.

Chaos body, that is one of the invincible physiques.

There are only a handful of them that can rival Chaos Body.

It is rumored that in the ancient times, the God of Chaos, the Chaos Body, was one of the most powerful warriors the emperor sat down.

Ye Chen is confident that when he gets the Tianbao of Taihuntian, he will gradually discover the treasure of Taihuntian, and obtain the secret method and way to purify it into chaos.

"Ye Fan, let me see your celestial body."

"you sure?"

"Your physical body is your strength. Even if you are stronger than my Primordial Body, it's nothing. You know, I'm still at the peak of Void Breaking."

Ye Fan smiled and said, "That's fine."

Rumble.

The torrent of blood covered the sky and the sun, instantly suppressing Ye Chen's aura of the mixed body.

This is still Ye Chen who has only recovered to level 70.

If the recovery is at level 88, then it can directly suppress Ye Chen.

This is not what Ye Fan wants.

He wanted to see Ye Chen's cards.

"What a strong body!"

Ye Chen's face was shocked, but it flashed by.

Ye Fan's body surpassed him, and within his expectations, after all, Ye Fan was a body major.

"Come!"

Ye Chen howled.

"Hun Yuan Yi Qi Fist!"

"Creation Fist!"

The two fought directly in close quarters.

Every time they hit each other, the sky swayed and trembled.

Within a few minutes, the two collided tens of thousands of times, and finally Ye Chen couldn't take it anymore and spurted blood.

His body was trembling, and the uncontrollable squirming of his muscles was a spasm.

In the physical competition, he is not an opponent.

However, Ye Chen was not discouraged. He took a deep breath and said, "Ye Fan, I admit that your physical body is stronger than me. However, as I said, I am still at the peak of breaking the void."

"Ye Fan, try my invincible magical powers."

"Picture of the sky."

When the words fell, I only saw that the sky changed color.

A huge pattern emerges.

Huntiantu has terrifying power, and the brilliance that hangs down has terrifying destructive power.

"So magical!"

Ye Fan laughed, waved his hand, and the life and death map appeared.

"Ye Chen, let me see, is your picture of the sky more powerful, or is it my picture of life and death that is better than a longevity."

The mixed sky map and the life and death map collide.

To Ye Fan's surprise, he thought that the mixed sky map would be torn apart directly by the life and death map.

This is not the case.

Huntiantu is very tenacious, and it strangles very fiercely with Life and Death, and it does not lose the slightest.

"interesting."

This made Ye Fan even more interested, and Ye Chen must have been blessed by the sky.

And the other side.

When it was discovered that Huntiantu was also resisted by Ye Fan's magical powers, Ye Chen's face was very solemn.

Ye Fan was really troubled.

However, Ye Chen is not discouraged, he still has the means, "Ye Fan, come again!"

He used the secret technique again, a Primordial Primordial Bead condensed, and then flicked his fingers.

Where the Primordial Pearl passed, the void shattered inch by inch.

Ye Fan didn't expect that the power of Ye Chen's casual blow would be so frightening.

"Hun Yuan strike!"

Ye Chen roared.

"Good come!"

"Dragon Fist!"

Ye Fan directly used the power of the dragon veins.

The Primordial Pearl exploded directly, the sky crumbled, and Ye Chen flew away; at the same time, the Huntian map and the life-and-death map both collapsed.

Ye Chen was panting heavily, he stared at Ye Fan, his heart surged, Ye Fan's strength was beyond his expectations.

"What other means do you have?"

"Ye Fan, I know, you have a lot of magic weapons, show your magic weapons."

"Do you want a magic weapon duel?"

Ye Fan was also unambiguous, took out the spear and asked, "This is the invincible magic soldier, where is your magic weapon."

"You look good."

When Ye Chen's words fell, a beam of brilliance rushed out of his body and landed in his hands.

The Tianbao of too chaotic, that is a stone, but a chaotic stone, full of chaotic energy.

"Tianbao!"

"Ye Fan, you're right, this is indeed Tianbao, Tianbao who is too messy."

At this moment, Ye Fan understood.

Ye Chen turned out to have obtained such a great fortune, no wonder he rushed to this point in just a few years.

Ye Fan asked, "Where's Linger?"

Ye Chen said: "Linger has obtained Taixuantian's Tianbao Taixuan heart."

"it is good!"

Ye Fan was overjoyed.

It is better to fall into the hands of one's own family than to fall into the hands of others. Does the fat and water not flow into the fields of outsiders?

Ye Chen said: "Ye Fan, under Tianbao, the invincible soldiers are nothing."

At this time, Ye Fan put away the sky-breaking spear.

"What do you mean? Admit defeat?"

Ye Chen frowned.

But suddenly, the world shook.

I only saw that Ye Fan's physical aura soared into the sky, climbing like a rocket.

The terrifying qi and blood covered Tianbao's breath.

Eighty-eighth-level Celestial Hegemony.

Finally, Ye Fan fully recovered, and that extreme physique made Ye Chen stiff.

"Come on, hit me with your Tianbao and let me see if you can beat me."

"Evan!"

At this moment, Ye Chen realized that Ye Fan had been playing with himself before, and he was very angry and roared.

Tianbao Chaos Stone fully recovered.

"go!"

Chaos stone flew out.

Like a meteorite, it fell from the sky and slammed down towards Ye Fan.

In Ye Fan's eyes, filling in the Chaos Stone turned into a thousand times the size, it really looked like a meteorite.

Chaos stone, extremely thick.

Exudes chaos.

Very difficult to deal with.

Ye Fan was not afraid, he roared and hit the Chaos Stone with a punch.

"boom!"

Energy explosion.

Fortunately, Jiu Jianxian, Peony, Empress Suzaku and Empress Qingluan appeared, dispelling the aftermath of the energy and isolating the big movement.

otherwise.

The entire capital will suffer.

In the sky, Ye Fan's fist collided with the Chaos Stone, and it was not over yet, and the game was still going on.

The energy exploded like crazy.

However, Ye Fan was unmoved, his eyes were sharp, it seemed that even Tianbao couldn't stop him.

"Get me back!"

Ye Fan roared, showing the majesty of an emperor.

The fist strength suddenly skyrocketed.

The Chaos Stone trembled, and then flew out backwards, dimming the light.

"puff!"

Ye Chen spurted out blood, and his breath was wilted.

He has been linked with the Chaos Stone, and the Chaos Stone was knocked out. As the master, he naturally encountered some backlash.

But no problem.

The battle finally came to an end, Ye Fan took a deep breath, exhaled a turbid breath, and said, "Tianbao is really powerful, but he still can't damage my body!"

Ye Chen's face changed and his expression was complicated.

He never dreamed that Ye Fan was so strong, he thought he could defeat Ye Fan to prove himself, but now, he has lost all face.

Damn.

Ye Chen was very dissatisfied.

"enough!"

At this moment, aunt Ye Jiangying appeared with a stern face and reprimanded: "What are you doing! You are brothers, are you going to kill each other!"

"You are all the blood of the Ye royal family. Our Ye family is so happy to have such a fortune. You should all take on the task of revitalizing the Ye family, not for your own self-respect."

"If you recognize me as an aunt, then start immediately, let go of the estrangement, and from now on, you will be a family."

Ye Fan restrained his breathing.

From the beginning to the end, he didn't complain about Ye Chen, let alone hate.

Marven Ye couldn't get past that hurdle.

At this time, Ye Fan thought of something and said, "Ye Chen, do you want to evolve into a chaotic body?"

A light flashed in Ye Chen's eyes and asked, "What do you mean?"

"To transform into a chaotic body, you need chaotic energy. Although you master the Chaos Stone of Tianbao, the chaotic energy in it is limited. However, I can give you endless chaotic energy."

"impossible!"

Ye Chen didn't believe it.

Ye Fan hummed: "Nothing is impossible, I will do what I say. Now this battle is over. When you evolve into a chaotic body in the future, let's fight a battle."

Chapter 1374: Taixutian's new discovery

Chaos Qi, of course Ye Fan has it.

And it's endless.

Because, in the Taixutian under the river of life and death, there is a mountain of chaos.

That Chaos Mountain exudes endless Chaos Qi.

As long as Ye Chen enters the Chaos Mountain to practice and absorbs enough Chaos Qi, I dare not say that he will evolve into a Chaos Body, at least the probability will be greatly increased.

For Ye Chen, Ye Fan will definitely help.

This is my family.

He also wanted to let go of his past suspicions with Ye Chen.

Ye Jiangying said: "A-Chen, what else do you have in mind? Is your pattern so small? If so, how can you become a big man in the future?"

This said.

Ye Chen was ashamed.

He knew that Ye Fan had been giving in, otherwise, he would be able to suppress himself from the beginning.

Now, Ye Fan offered to help him evolve the Chaos Body, Ye Chen smiled bitterly, and finally, the resentment in his heart disappeared.

He closed his eyes and took a deep breath.

Then he opened his eyes and said with a smile: "Brother, I lost this battle. When I evolve into a chaotic body, then it won't be certain who wins and who loses."

Ye Fan opened his hands and said with a smile, "Brother, welcome back!"

Ye Jiangying was very relieved to see the brothers release their previous suspicions, and finally put down a big stone in his heart.

With the addition of Ye Chen and Ye Linger in the Tianzun Hall, the strength rose again.

Ye Fan kept his promise, and actually looked forward to seeing the birth of the Chaos Body, so he took Ye Chen to the River of Life and Death in the West without stopping.

They have entered the Taixu Heaven.

Came to Chaos Mountain.

"Brother, look, isn't this chaotic energy inexhaustible?"

Ye Chen was dumbfounded.

A chaotic mountain, exuding endless chaotic energy.

He didn't even dare to dream.

At this moment, Ye Chen was very excited: "Brother, thank you so much. My cultivation in Chaos Mountain will definitely greatly improve the possibility of evolving into a chaotic body. Moreover, I have a feeling that there are treasures in Chaos Mountain."

"yes!"

Ye Fan was surprised and expected.

As a weakened version of the Chaos Body, the Primordial Body can sense that there are treasures in the Chaos Mountain, which is reasonable.

"Go in and have a look."

In the past, Ye Fan could not enter the Chaos Mountain, and could only absorb a little Chaos Qi at the periphery.

However, it is very troublesome for him to absorb Chaos Qi and convert it into his own energy.

But Ye Chen is different.

That's the benefit of physique.

Now, Ye Fan and Ye Chen are very strong, and finally, they came to the foot of Chaos Mountain under heavy resistance.

Ye Fan opened his eyes of yin and yang.

Ye Chen opened the eyes of Hunyuan.

This is also the auxiliary pupil technique of the Primordial Body. When the essence is Chaos Body, the different pupils can also be essence and become Chaos Heavenly Eyes, that is really terrifying.

Standing at the foot of Chaos Mountain, the two brothers felt the endless majesty, the kind of majesty that needs to be worshipped.

Ye Fan said, "This Chaos Mountain belongs to the emperor."

"how do you know?"

"This is too empty, and it is controlled by the imperial concubine; moreover, the imperial concubine still exists. In the bronze ancient coffin. I touched the emperor's body and saw the pictures from the ancient times. The heaven collapsed, and some strong people wanted to kill them. Imperial concubine. At a critical juncture, the emperor threw out the Chaos Mountain and killed the invincible on the spot."

"hiss."

Ye Chen was shocked.

"So, under Chaos Mountain, the bones of the invincible are buried."

"Naturally."

"Where is the imperial concubine, I want to see." Ye Chen was very curious about what the emperor's beloved concubine looked like.

Moreover, after endless years, the imperial concubine did not turn into bones, how could it be possible!

Ye Fan told him that he had been nourished by the power of yin and yang, so his body was in good condition, as if he was asleep.

The ancient bronze coffin was in the lake in Taixutian before, but was taken away by Ye Fan and hidden somewhere in the heavenly world.

Only Ye Fan knew about that place.

The backbone of Tianzun Palace does not know.

"I will show you in the future, but I always find it very scary. The imperial concubine lives for a long time, and it may be the emperor's successor. I am even afraid that the imperial concubine will wake up, because I don't know if it will bring good luck or disaster."

Ye Fan was worried.

Marven Ye said: "Don't worry too much about the future. You said on the road that there will be a world coalition coming soon?"

"That's right."

"That's just right. When the time comes, I can fight hard, and I have to take the opportunity to cultivate."

Chaos Mountain is very large.

When the two brothers entered the mountain, they immediately felt the overwhelming pressure. Even if Ye Fan recovered the eighty-eighth-level celestial hegemony, he could not support it.

To know.

This is just entering Chaos Mountain.

"It's terrifying. It's worthy of being the emperor's thing. It's impossible to enter the Chaos Mountain to explore. I'll practice at the foot of this mountain."

"Be careful."

Ye Fan didn't bother, he retreated directly, leaving Ye Chen here alone, but he left a gate of heaven in the distance, allowing Ye Chen to enter the world of heaven at any time.

but.

Although he left Chaos Mountain, Ye Fan did not leave Taixutian.

He searched in Taixutian.

Going deep into it, I finally found a brilliant palace, but it was dilapidated. It can be speculated that this was the palace of the imperial concubine back then.

Maybe there is a baby.

Ye Fan entered, a piece of decay.

This disappointed him.

However, at this moment, the dragon veins in Ye Fan's body became restless, which made Ye Fan's eyes light up.

Dragon pulse induction!

Could it be that under the palace, there are living dragon veins!

Ye Fan didn't say a word, he used the strength of the dragon vein steel seal to distinguish the direction, and dug down.

after one day.

He finally found the location of the dragon veins.

"Humanity."

Suddenly, a vicissitudes of life sounded in his ears, and Ye Fan was startled.

"Who!"

"it's me."

Ye Fan looked at the dragon veins and said incredulously, "You actually gave birth to the wisdom. It's rare to see dragon veins like you."

This dragon vein has a very ancient aura.

Vibrant.

But not much.

Eighty-nine times out of ten, the vitality is gone.

"I didn't expect you to be able to fuse the dragon veins. Very good, I see hope."

"What's the meaning?"

"Boy, are you willing to let me enter your body and let your yin and yang blood source nourish me."

"You have good eyesight, and you can see through the secret of my blood at once."

Gu Longmai smiled and said: "Anyway, in the ancient times, I was also an eighth-rank dragon vein, comparable to the powerhouse of the invincible holy king level. There is still some eyesight."

"Eighth-Rank Dragon Vein?"

"It seems that you still don't know much about the dragon veins. The dragon veins are divided into nine grades. The higher the grade, the stronger. The complete small dragon veins in your body is only the third grade."

Ye Fan understood, and asked curiously: "The eighth-rank dragon vein is comparable to the invincible, and the ninth-rank dragon vein is comparable to the emperor?"

Gu Longmai smiled and said, "The ninth-grade dragon veins are few and far between. In ancient memory, only the three-tiered dragon veins of the thirty-first, thirty-two, and thirty-three are ninth-rank, comparable to the quasi-emperor level powerhouses."

"Of course, above the ninth-grade dragon veins, there are also the legendary ancestor dragon veins. This is the source of all dragon veins in the heavens and the world, and it is the mother of all dragon veins."

"Ancestral Dragon Vein, I haven't seen it before, I can't imagine how powerful it is, but I think it should be comparable to that of the Great Emperor."

"Our dragon veins will have a very long lifespan once they are born with spiritual wisdom. Because we can absorb the essence of the earth. However, the heavenly court collapsed, and the essence of the earth in this illusory sky is running out. Therefore, my end is coming."

Ye Fan frowned and said: "No, I have seen an ancient dragon vein once, and the world environment is very good. It is reasonable to say that the essence of the earth is endless, and it can continuously provide energy, but why is it dying?"

Ye Fan was talking about the ancient dragon vein in the abbot fairy mountain.

"The essence of the earth is just one of them. If you want to survive, how can it be so easy to spend the long years. You know, the emperor can disappear."

"Boy, what are you thinking about, can you help me? In return, I can give you a lot of benefits."

"As a former eighth-grade dragon vein, I can sense other dragon veins and find more dragon veins for you. At the same time, I also have a lot of cultivation methods and supernatural powers and secrets, which can be passed on to you."

Ye Fan was very moved.

You know, this is equivalent to having an invincible teacher. Although this invincible is no longer the glory of the past, it has countless memories and experiences.

These are all treasures.

Great treasure.

However, reason prevailed over Ye Fan.

This is the ancient dragon vein with its own wisdom, which has already entered the body, what if there is chaos!

Ye Fan didn't think he could fight a terrifying creature that had lived for countless years.

He's not that conceited yet.

"Sorry, my blood source is limited. I have already nurtured a few dragons. There is no more energy to nourish you."

"It's not easy. Those weak chickens can be swallowed up by me. They are useless. And I can bring you enough benefits."

As soon as he heard this, Ye Fan knew that this ancient dragon vein was not a good thing.

He said coldly: "Sorry, I will help you when my bloodline awakens strong enough and my origin is strong enough in the future. Now I feel powerless and leave."

"boom!"

In an instant, this aspect of the world was blocked.

The fierceness of the ancient dragon's veins is revealed.

"Boy, I'm going to talk about it, but you actually don't eat and drink for a toast."

"Hehe, you think I'm afraid of you!"

Ye Fan sneered, although nervous but not afraid, he warned: "The reason why I can come here and come and go freely in Taixutian is because I have mastered the Tianbao jade hairpin of Taixutian. Deal with me and see if I can destroy you."

"You got the Tianbao jade hairpin!"

"Of course, not only that, but also the imperial concubine and the concubine covering me."

Gu Longmai sneered and said, "What are you bragging about, the emperor's concubine is still alive!"

"That's natural."

"fart!"

"You don't believe it? Well then, I'll show you the Empress Dowager." Ye Fan once met Empress Dowager. Although he didn't see her appearance, he used a large projection technique to project some pictures of Empress Dowager. It's easy.

"what!"

Gu Longmai was frightened.

"Emperor Concubine, you are still alive, how can you... right, right, the emperor's means are sky-high, you are the emperor's favorite concubine, the emperor must pay a huge price to save your life."

"Emperor Concubine!"

The ancient dragon vein was actually in pain.

Ye Fan said: "Believe it now, but the emperor's concubine's condition is unstable. She recovered for a period of time before, and now she has fallen into a deep sleep again."

Gu Longmai said eagerly: "Yes, it is understandable. After all, it has passed so long. The state of the imperial concubine and the concubine will definitely be unstable, but the emperor is invincible, and there must be a backhand, so that the concubine and concubine will be safe and sound."

"Boy, for the sake of the emperor's concubine, I won't deal with you. I can even pass you the method of sensing the dragon's veins, as well as the supernatural powers. But I have one condition."

"you say!"

Chapter 1375: dialogue

"As long as you don't go too far, I can promise you. But if you enter the source of my blood, don't say it, I can't agree."

"Hmph, you are being cautious. My condition is not this, but that I want you to find the location of the Supreme Being and get the Sansheng Stone."

Ye Fan was confused.

Yin Yang Supreme, he has heard, is a taboo existence in the terrifying restricted area of the universe.

Megatron for countless years.

The forbidden area of the universe, where the taboos exist, is extremely terrifying; it used to be an emperor-level existence, and in order to survive, he buried himself and survived proudly.

The supreme dagger in Ye Fan's hand is the magic soldier of the Black Prison Supreme, and the Black Prison Supreme is the existence behind the Starry Sky Tournament Alliance.

all in all.

The current Ye Fan has already established a relationship with the two Supremes of the Universe, I don't know if it is good or bad.

This old dragon vein actually asked him to find the Supreme Being of Yin and Yang, what a joke.

Not to mention whether it can be found.

The restricted area of the universe is erratic, and even a saint may not be able to find it, but he is just a smiling cultivator of the void-breaking realm, a hundred and eight thousand miles away.

Besides, even if he could find it, he would be deprived of Yin-Yang Supreme Bloodline and become the blood food of Yin-Yang Supreme.

Nothing can be said.

"I know, it's very difficult for you now, and it's not enough to complete. But it doesn't matter, I'll tell you a secret. There are thirty-three heavens in the heaven, and the most powerful is the Lingxiao Palace where the emperor is located. In the Xiaobao Hall, there is a starry sky teleportation array that goes to the restricted areas of the major universes."

"As long as you can find the Lingxiao Palace, you can go to the restricted area of Yin and Yang to find the Supreme Being, and you must get the Sansheng Stone."

"I know you are confused, but this is actually not a big secret. The Three Lives Stones are innate spiritual treasures. If the Empress Concubine can fuse the Three Lives Stones, the state will definitely be stable. I don't know what the emperor's successor is, or, the years of Sangtian. , the emperor's backhand also disappeared. I don't want to see the emperor's concubine sleeping forever, boy, you must get the Sansheng Stone for the emperor's concubine."

Although Ye Fan felt dreamy, he still remembered it in his heart.

Lingxiao Palace, Star Teleportation Array, Yin-Yang Restricted Area, Sansheng Stone...

Lao Longmai said: "Boy, I can also tell you that you should try your best to collect the ruins of the Heavenly Court and get the Heavenly Treasure. If you can collect all the thirty-three Heavenly Treasures, you will get the Heavenly Treasure."

"What creation?"

"Thirty-three Heavenly Treasures were made by the Great Emperor back then. They were originally a whole, but the Emperor's soldiers. The Great Emperor was divided into thirty-three parts and passed on to the Thirty-Three as God."

Ye Fan was shocked.

Emperor soldiers, this is incredible.

The weapon of the Great Emperor surpasses everything, and is even more terrifying than the innate spiritual treasure.

"Look at this."

Ye Fan took out the Haotian Mirror and asked, "This is the mirror hanging above the Lingxiao Palace. The Haotian Mirror claims to monitor the heavens and the world. Is this an imperial soldier?"

"You actually own the Haotian Mirror!"

The old dragon was shocked.

"However, the Haotian Mirror is too damaged, the interior space is very small, and it has lost its former glory. However, it can still be repaired slowly. Moreover, when the Haotian Mirror recovers to a certain extent, you can use the Haotian Mirror to sense it. Lingxiao Palace, you should be able to find clues."

"As for whether the Haotian Mirror is an imperial soldier, obviously not, it can only be said that it is an imperial object."

"Imperial objects and imperial soldiers are completely different, and they are still a bit worse."

"What about this?"

Ye Fan took out the opening axe again.

Lao Longmai was taken aback: "Good guy, the innate Lingbao Kaitian Axe is amazing! It's just that you are too weak, and the Kaitian Axe is really overkill for you. If a saint uses it, he can split it with one axe. A huge star field."

"Do you know the star field, it is composed of countless planets, and it is vast."

"However, I can't resist a blow from the Sky-Opening Axe."

Lao Longmai sighed.

In Ye Fan's mind, he could imagine that the so-called star field should be the existence of the Milky Way.

With an axe, the entire galaxy is split.

Horrible!

Is this the power of a saint?

"Xiantian Lingbao is indeed comparable to imperial soldiers, but in the true sense, it is still not enough."

"Is the opening axe a little bit worse?"

"I can't say that, it's just that the imperial soldiers are too special. In the ancient times, I have seen the emperor use the imperial soldiers, that is really..."

Lao Longmai did not continue to speak.

Ye Fan's heart was itching.

"It's not that I don't say it, but it's indescribable. The power of that picture is indescribable."

"Look at this again."

Ye Fan took out the Supreme Dagger.

Old Longmai was in shock and said, "How is this dagger familiar? I seem to have seen it before."

"Is this the supreme weapon of the Black Prison Supreme?"

"what!"

The old dragon screamed.

"That's right, it is the supreme weapon of the Black Prison Supreme. Back then, the Black Prison Supreme was invited by the Great Emperor to come to Heaven. The two sides met in Taixutian. The Black Prison Supreme also used the Supreme Tool to collide with the emperor's imperial soldiers once. That's how I found out."

"How could you have the supreme weapon of the Black Prison Supreme? Could it be that you are the descendant of the Black Prison Supreme!"

"That's not it, I picked it up."

"Did you pick it up?"

If the old dragon vein is a human being, his face at this moment must be extremely wonderful and strange.

Picked up the supreme device?

Depend on!

Is there any reason for this.

Old Longmai exclaimed: "I really didn't see the wrong person, you are a mess. I suspect that you are the reincarnation of someone in ancient times. Alas, it is a pity that there is no reincarnation in this world. If there is reincarnation, how can the great emperor disappear! "

Ye Fan took out the Holy King's Order.

More than sixty.

"Do you know the seventy-two ancient sects? You should not know. It was after the collapse of the heavenly court, the human race was attacked by the ten thousand races, and then the human race walked out of a stunning and talented woman, established the world, known as the emperor. She established the seventy-two The second case, grant the Holy King Order."

"How could I not know!"

The old dragon snorted coldly, looking down on Ye Fan and was very dissatisfied.

"In ancient times, although the heavenly court collapsed, as a dragon vein, my life is still quite huge, and I can understand many things. I have even seen the emperor."

"Have you seen the Emperor?"

"Of course." Lao Longmai was very proud. "In ancient times, the emperor found Taixutian and seemed to be looking for the imperial concubine. I have seen the emperor because of this. She is really an amazing woman."

"What does it look like?"

"Not to be said."

Ye Fan was very annoyed.

Lao Longmai continued: "In my heart, the imperial concubine is the most noble woman, but, speaking from the bottom of my heart, compared with the emperor, the imperial concubine is a little worse. The realm of the emperor should be infinitely close to that of the emperor."

"The seventy-two sects of the ancient times are considered powerful. The emperor is actually imitating the emperor. The emperor established the 33rd Heavenly Court. The emperor established seventy-two sects."

"The Emperor distributed thirty-three Heavenly Treasures, and the Emperor distributed seventy-two Holy King Orders."

"It's all traceable."

"If you really collect the seventy-two Holy King decrees, you will definitely have great benefits. As for what good fortune you have, then I don't know. I don't know much about the emperor."

"What about the Buddha?"

Chapter 1376: The Beginning of the Book of Creation

Ye Fan's words made the old dragon's veins explode.

"Don't tell me about the disgusting bald donkey. In ancient times, the heavens collapsed and the heavens were in chaos, and one of the pushers was the Buddha."

The old dragon was extremely angry.

Ye Fan said, "Can you tell me?"

Lao Longmai said: "There's nothing to say, the Buddhists are very good-looking, when the emperor is there, he is honest; when the emperor is not there, he starts to act as a demon. Then the Buddha came to Taixutian again and again, seemingly coveting the emperor's concubine, his mother of!"

"There is such a thing!"

"In short, when you meet a Buddhist bald donkey, you're done."

Ye Fan said: "I got a page of Buddha scriptures."

"yes?"

Lao Longmai pondered: "This is also very good. Although the Buddha is disgusting, he is indeed powerful, a powerhouse at the quasi-emperor level. The Buddha's scriptures are not only the supreme Dharma, but also the soldiers of the quasi-emperor. You can work hard to gather all the Buddhas. The scripture page. Besides, there are many mystical magical powers in Buddhism, and there are many Buddha treasures, all of which are good things."

"I have Fangcun Mountain and the Devil-destroying pestle."

Ye Fan came out.

The old dragon gave a strange cry and said, "Damn, you little devil, how come there are so many guys. Fangcunshan and the subduing pestle are indeed the treasures of the Buddhist family. However, the two in your hands are incomplete."

"incomplete?"

Ye Fan looked at it.

The Demon Conqueror is very smooth, so why is it incomplete.

"The devil's pestle is actually not one stage, but three stages; and Fangcunshan needs to cooperate with the supreme golden lotus in order to exert its real power. The supreme golden lotus is also the treasure of Buddhism."

"I see."

Ye Fan suddenly realized.

It seems that we have to find time to track down the Lord Buddha, suppress him, and obtain the treasure of Buddhist inheritance.

"Boy, what good things do you have, show it to me and see, I'll talk to you about it."

"After so many years of loneliness, it is rare for anyone to chat."

Ye Fan took out the Wuxu Kunding.

Lao Longmai said: "Good baby, there should be another Qiankun Cauldron. The combination of the two is the Qiankun Cauldron."

"Emperor Qiankun, who once received the guidance of the Great Emperor, is a talent. You find Qiankun and use the Chaos Heavenly Furnace to forge. There is a certain hope that you can create the Qiankun Cauldron again. There is only a little hope."

"Chaos Heavenly Furnace?" Ye Fan thought of the Chaos Heavenly Furnace in Xianshan World Tongtian Palace, he cast a large projection technique, and said, "Is this the Chaos Heavenly Furnace?"

"It's kind of like, but it's not."

Lao Longmai denied it.

"Perhaps, it is a simplified version of the Chaos Heavenly Furnace. The Chaos Heavenly Furnace, but the innate spiritual treasure, is on the same level as the Kaitian Axe, the Buddha Tower, and the Seven Treasures Wonderful Tree."

"Ok."

Ye Fan put away the Wuxu Kunding.

He asked again: "Tianbao of Taixutian seems to be an ancestor, how can he drive it."

Lao Longmai said: "Work hard to get Tianbao's approval. Forcibly driving it will not be easy, but it will backfire on yourself. But since Tianbao has settled in your body, it is a preliminary approval, so don't be in a hurry."

"Three Books of Heaven, Earth and Man, do you know?"

"certainly."

The old dragon is very proud.

"Throughout the ages, there is nothing I don't know. The book of heaven and the gods, the book of life and death from the ground, and the scripture of creation written by people. Boy, I have sensed the scriptures of creation in your body."

"I still have the leftover pages of the book."

The old dragon choked for a while.

Then he said: "It's all good things, but if it's incomplete, it's of little use. I advise you, you must work hard to find the Sutra of Fortune."

"Why?"

"The Three Books of Heaven, Earth and Human Beings were given by the Great Emperor in ancient times. The Book of Heaven canonizes the gods and saints, and the Book of Earth divides life and death, while the Book of Creation by Man is not as popular as the Book of Heaven and Book of Earth."

"I once listened to the great emperor and the emperor's concubine talking. Among the three books, the Good Fortune Classic is the strongest. The power of good fortune is mysterious and unpredictable. Mastering good fortune will have infinite mysteries."

"Now that you comprehend the fortune scriptures, the power of fortune you master is really too weak and weak. Only if you comprehend the great way of fortune and cooperate with the fortune scriptures, at that time, you will know the horror."

"In the Book of Creation, there seems to be a great mystery hidden in the sky. It is possible that it is the secret of Emperor Cheng."

"what!"

Ye Fan was shocked.

The secret of Emperor Cheng is hidden in the Book of Fortune? !

"I'm just guessing, I'm not sure, but from the emperor's admiration for the Book of Creation, we can guess something."

"The Book of Creation was created by the Great Emperor. Did he hide the opportunity to become Emperor in it?"

"Who said the Book of Fortune was created by the Great Emperor!"

Lao Longmai directly denied it.

Ye Fan said in surprise, "Aren't the three books created by the emperor?"

"No, no, the Conferred God List and the Book of Life and Death were created by the Great Emperor, but the Book of Creation was not. The Emperor was looking for the existence of the Book of Creation, but unfortunately, he found nothing."

"I remember that the Great Emperor said that the Sutra of Fortune is all-encompassing, and the beginning is an exposition of the Tao, which is thought-provoking."

"Dao Kedao is very Taoist, and famous name is very famous..."

"Stop me by your special code!" Ye Fan's face was strange, and he could even say that his face was full of black lines.

Lao Longmai said: "Boy, I really don't know how to seize the opportunity. I tried my best to recall and told you some contents of the opening chapter of the Book of Fortune, but you interrupted me."

"Isn't this the Tao Te Ching?"

Ye Fan was very criticized.

"What Taoism?"

"look!"

Ye Fan wrote in emptiness, danced with dragons and phoenixes, and wrote Laozi's Tao Te Ching.

Subsequently.

This world fell into a long dead silence.

After a long time, Lao Longmai said solemnly: "This is the beginning of the Book of Fortune, how is it the Tao Te Ching, what's going on?"

"Yo, there are things you don't know."

"Tell me now! Most of what I know is from a long time ago, when I was energetic, powerful, and able to penetrate the sky. In the past two or three thousand years, my vitality has been severely diminished, and I have fallen into a deep sleep, and I hardly know what happened."

"Okay, then I'll talk to you well. This Tao Te Ching was written by a sage in ancient Daxia. The sage's name was Li Er, and he was called Lao Tzu..."

Ye Fan talked at length.

Tell all the legends of Lao Tzu.

It is said in history that after Lao Tzu finished preaching and left the Tao Te Ching, he rode a green ox across Hangu Pass.

Disappeared in the vast sea of smoke.

No one could find it.

After listening to these stories, Lao Longmai said: "This person is definitely not ordinary, and he should be a master. He must have obtained the Sutra of Fortune, otherwise, it is impossible to know the beginning."

"It's a pity that this person left the opening chapter of the Book of Creation. For thousands of years, no one has comprehended it. It's just a waste of time to treat it as a classic."

"Boy, you must comprehend the Tao Te Ching. In this way, it is equivalent to the introduction to the Book of Fortune. With the opening chapter, you may be able to sense other fragments of the Book of Fortune."

"How to comprehend, for thousands of years, there must be powerful existences, such as the first emperor, he did not comprehend, I comprehend is a fart. I think that is the case."

"Dead wood cannot be carved. If the Sutra of Fortune is easy to comprehend, can it still be called Fortune? Of course, if you want to comprehend, it is impossible to be hard. You need an opportunity. Keep it in your heart and slowly look for the opportunity."

Chapter 1377: big avatar

"Okay boy, I have said so much, I need to continue to sleep, you can leave."

The old dragon seems to be a little tired.

Ye Fan said: "You haven't passed me the secret method and magical power to sense the dragon's veins."

"I told you so many secrets, it's not enough, why are you so greedy."

"Fart, it's all empty talk, nothing actually useful."

"you!"

Lao Longmai showed anger, but then sighed: "Forget it, for the sake of the emperor's concubine, I don't care about you. I will pass you the dragon sense secret technique, the anti-sky supernatural power, and the great clone technique."

Swish!

A ray of light did not enter Ye Fan's mind.

"The big clone technique, isn't it the same as the big puppet technique?"

"Boy, don't use the big avatar technique and the big puppet technique. The big puppet technique only creates puppets, without their own thoughts, or even how much strength. But the big avatar technique is different. He is your real avatar and inherits some of yours. Thought and even your strength."

"what!"

Ye Fan was shocked.

Inheriting ideas and strength, isn't this another self?

Lao Longmai said: "Of course, there are also limitations to the Great Clone Technique. Time limitations, and inheritance limitations."

"The big avatar technique inherits up to 80% of the main body's combat power, and it inherits the bloodline incomparably. The physique can be inherited, but it needs to be comprehended to a deep level. If the time is limited, if you start now, you can maintain it for three days. With your level of enlightenment, the time will get longer and longer. As for the longest, I don't know."

"clear!"

Ye Fan felt low in his heart.

Great Clone Technique, this is simply too good.

"The number of clones is also limited, but like the maintenance time, it increases with your strength and understanding."

"Do your research."

The old dragon fell into a deep sleep.

Ye Fan was very excited. He could find the dragon veins by himself if he possessed the Dragon Sense Secret Technique, he didn't need to use the Dragon Lady's Dragon Search Plate.

The most important thing is the big avatar technique.

This is really insane.

Ye Fan immediately began to comprehend.

Secretary Xuanmi activated, enhancing his understanding.

time flies.

Half a month later, Ye Fan woke up, only to see his hands pinched, his energy surged, and he shouted, "Great Clone Technique!"

"Shh!"

Suddenly, an identical self was born out of thin air.

Ye Fan and the clone face to face.

Really feel incredible.

This is the other one.

At present, the clone has inherited half of the combat power, and the magical powers and secrets he knows can be used by the clone.

"At this stage, only one clone can be created for three days, which can do a lot of things."

"The Great Clone Technique must focus on comprehension research."

Ye Fan said to the clone: "You are me and I am you, go look for Jiang Wudao and Lord Buddha, and try everything to find clues."

"it is good!"

The clone left in a hurry.

Ye Fan continued to explore in Taixutian, and with the Dragon Sense Secret Technique, he really found a few dragon veins.

Unfortunately, it's all silent.

Finally, he found a faint spark of fire, tightened his body, and put it into the source of blood to nurture.

Ye Fan came to Chaos Mountain again.

It was found that Ye Chen's cultivation was in full swing, and the Primordial Body was much stronger half a month ago.

...

In the vast starry sky.

Countless starships are flying, and they occasionally make wormhole jumps.

These battleships can be seen from the color, and they are divided into four camps.

On the main battleship of the ghost clan, four monstrous figures stand, with monstrous aura, making the starry sky tremble.

This is the Lord of the Four Worlds.

All are in the realm of transformation.

Hell world, platinum world, Hanhai world, no great world.

in.

Headed by the master of the ghost clan in the **** world.

because.

This action is the call of the ghost master.

"Ghost Lord, how far is Zu Xing and when will it arrive?"

The Lord of the Great World of Vast Sea is a woman, she is a human being; similarly, the Lord of the Great World of Platinum is also a human being, a handsome man, the two seem to have a leg.

The two were very lucky.

Obtained one of the Five Emperors in ancient times, the Black Emperor Water Magic and the White Emperor Gold Magic.

Cultivation, the water **** body and the gold **** body.

This time, the ghost master invited them and threw out the temptation, saying that it was Zu Xing who appeared in the Red Emperor Fire God, the Qing Emperor Wood God and the Yellow Emperor Earth God.

This is very attractive to them.

As long as they get the remaining three divine arts, and they practice together, they can achieve the Great Perfection of the Five Elements and cultivate the legendary Five Elements Divine Body.

This is the top **** body.

Heaven and earth have five elements, and the five elements of the body can control the five elements, which is equivalent to being able to control some world power.

Needless to say, you know how terrifying it is.

As for the Lord of Wuji World, he is an old man who cultivates kendo, Wuji swordsmanship, and dominates one side.

The ghost master told him that Zu Xing appeared in the Sword Sect of the Seventy-two Ancient Sects and the Slaughtering Sword Sect inheritance, which was also a great temptation for her.

"Don't worry, it's coming!"

The ghost master smiled.

"My son has taken root in Zuxing and secretly conveyed the message back. Now Zuxing does not have a powerhouse at the level of God Transformation, we are here and we can sweep it directly."

"At that time, all the treasures of Zu Xing will be ours."

Wuji Sword Master asked: "Ghost Lord, since you can rule Zuxing alone, why do you want to pull us together?"

The ghost master said: "In order to be safe. Don't underestimate Zuxing, although it is in decline, it is after all Zuxing. There are many great horrors. So, I will pull you all together, let's kill them together, and achieve mutual benefit and win-win."

"Zu Xing is very big. I hope that there will be no internal strife, and I will find my own treasure. When we encounter a crisis, we must join forces, and don't mess around on our own."

"That's natural. It's such a good thing, ghost master, you pull us together, I've written down this favor. If you need anything in the future, I'll let you know."

"Hahaha, good!"

"Full speed ahead!"

The ghost master waved his hand, and all the battleships of the four camps were fully activated.

Ahead, a huge wormhole appeared.

The wormhole was really hungry.

Diameter, as far as the eye can see.

It takes countless resources to maintain such a huge wormhole.

This is also the reason for inconsistent wormhole jumping, because it really can't burn.

Four worlds, 100,000 star warships, slowly entered the wormhole.

A crisis looms.

And the earth doesn't know it at all.

Among the immortal mountains, Wu Lingjun and the prince of the ghost clan teamed up to scavenge a lot of resources.

besides.

On this day, two people appeared in front of them.

"It's you!"

Wu Lingjun's expression changed.

"Jiang Wudao!"

"Lord Buddha!"

Wu Lingjun called out their identities.

Jiang Wudao smiled and said, "Wu Lingjun, we've been following you for a few days now. You actually have the means to enter and leave Xianshan at will. It's amazing!"

Wu Lingjun's face was ugly.

Jiang Wudao and Buddha Lord are both at the peak of breaking the void and are very powerful; moreover, Jiang Wudao is the Jiuyang Divine Body, you can feel Jiang Wudao's powerful physique and fiery breath.

This breath made the prince of the ghost clan very uncomfortable.

Jiuyang Divine Body is masculine and strong, and naturally has restraint on ghosts.

Let's talk about the Buddha Lord, who got a part of the Buddhist inheritance before, and now he has got another part.

Having mastered many Buddhist methods, it has become unfathomable.

"Are you going to fight?"

"No no no."

Jiang Wudao shook his head and said, "Wu Lingjun, we are here to seek cooperation."

"What's the meaning?"

"The Lord Buddha sensed a crisis through the secret method. It is very likely that Ye Fan is looking for us. Therefore, we can't sit still. You and Ye Fan also have hatred. The enemy of the enemy is a friend, right?"

The prince of the ghost clan frowned and snorted coldly: "If you say cooperation, then cooperation is too much for yourself."

He was very disgusted with the Nine Yang Divine Body.

But.

Wu Lingjun had other ideas. He actually knew very well in his heart that cooperating with the prince of the ghost clan would undoubtedly be scheming with the tiger.

When the ghost clan comes, who knows if the prince of the ghost clan will suppress him, although he is not afraid of the prince of the ghost clan, but the ghost master, that exists in the realm of transformation of the gods, and will definitely **** the gods list.

And if Jiang Wudao joins, Jiuyang God's physical ability to restrain the prince of the ghost clan can be regarded as a check and balance.

Lord Buddha seemed to see through Wu Lingjun's thoughts, and chuckled lightly: "Prince, I have calculated that Ye Fan is going to kill you, and you are very dangerous."

"what!"

The ghost prince was terrified.

In fact, this was made up by the Buddha, he said: "I have many methods of Buddhism, and I can calculate that I won't lie to you. At this stage, we should let go of our estrangements, unite, and deal with Ye Fan. "

Jiang Wudao sneered: "I said that you are the prince of the ghost clan, are you afraid of me!"

"Afraid of you?"

The Prince of the Ghost Race sank.

Wu Lingjun hurriedly smoothed things out and said with a smile: "Alright, alright, it's all my own, don't fight infighting. Just as the Buddha said, let's unite and deal with Ye Fan together!"

Chapter 1378: yin and yang

The addition of Jiang Wudao and the Lord Buddha made the prince of the ghost clan very unhappy, but there was nothing he could do.

Wu Lingjun said: "Now, Ye Fan's power is huge, and his own strength is also terrifying. We must prepare well and try to kill Ye Fan at one time. Otherwise, that guy will always come back to life."

The prince of the ghost clan said: "There is no need to be so troublesome, as long as the world coalition forces come, Ye Fan will surely die."

Jiang Wudao said: "I said the prince, to be honest, we don't believe in the ghost clan, who knows if your clan and the other three great worlds will come against us."

"I can vouch for..."

"No, your guarantee is useless."

Jiang Wudao was not polite.

This made the Prince of the Ghost Race furious.

Lord Buddha said: "Don't fight infighting, our common enemy is Ye Fan. It is not easy for the world coalition to invade Zuxing. Before that, I guessed that Ye Fan will try to capture the prince!"

"What did you say!"

"This is reasonable. Ye Fan will definitely capture you, so that he can negotiate with your father ghost master."

The face of the prince of the ghost clan changed.

He sneered: "Don't worry, I can hide in the immortal mountains; besides, Zu Xing is so big, Ye Fan will not want to find me!"

Lord Buddha said: "Ye Fan's methods are mysterious and unpredictable. Once, we were careless. We encountered Ye Fan's emergency one after another, and even nearly lost our life. Therefore, now, we can no longer be careless."

Wu Lingjun said: "The Lord Buddha is right. I think that we must seize Ye Fan's weakness in order to be invincible."

Jiang Wudao's eyes flickered and said: "Ye Fan's weakness is his relatives and friends, as long as he can catch one of them, he can contain Ye Fan. However, those people in the Tianzun Temple are all hiding in the heavenly world, and there is no way arrest."

"The queen wins Man'er!" Wu Lingjun said coldly, "The queen is also someone Ye Fan cares about, so you can catch the queen. The queen won't stay in the heavenly world forever, as long as she appears in the palace, we have a chance. It's just that it's not easy to sneak into the palace to capture the queen quietly."

"I have a way."

The Buddha Lord waved his hand, and a cassock appeared.

He said: "This is the treasure of Buddhism, with no cassocks. It allows us to hide our bodies and sneak into the palace quietly."

Jiang Wudao took out a small boat and said, "This boat is a space magic weapon, which can travel through space. Grab the queen, use the space treasure ship, and directly jump in space. When we come to the East China Sea, we quickly enter the fairy mountain to hide. "

Wu Lingjun laughed: "Excellent!"

At this time, Jiang Wudao looked at the prince of the ghost clan and hummed, "We all have a role to play. What about you, prince, it seems that if you encounter danger, you have to take the lead."

The prince of the ghost clan is too lazy to talk nonsense.

Wu Lingjun said: "If this is the case, then we will act now. This time, we must be foolproof."

...

Ye Fan left Taixutian, returned to the palace, and found that the queen was cultivating.

Before, Ye Fan brought her a lot of Void Stones, but they haven't used up yet.

The Queen's Void Body is developing more and more profoundly.

The power of nothingness is getting more and more terrifying.

Looking at the Queen's graceful curves and stunning face, Ye Fan couldn't help after all, and rushed over to hug the Queen, and their clothes were instantly annihilated.

"oops!"

The queen was startled.

When he found out that it was Ye Fan, he no longer resisted, but took the initiative and agreed.

The two were crazy.

It's a pity that the last step could not be implemented, because the two had repulsive power.

But it's enough to move your hands.

An hour later, the queen seemed to fall apart, slumped in Ye Fan's arms, her eyes blurred.

"Brother Fan, I am the first woman to have intimate contact with you."

"That's right."

"Looks like I'm lucky."

The queen is very happy.

She knew that Ye Fan would have many women, it was inevitable, who made Ye Fan so good.

"Immediately, a powerful enemy from outside the territory is about to come, and there is trouble again. Recently, I wanted to see the Corpse Emperor, but I couldn't find anyone; moreover, the Brahmin Lord has always been mysterious, and I also wanted to dig it out, but all Disappeared."

Ye Fan frowned.

The queen added: "There are also seven royal families."

"Yes, the seven royal families, many strong people have also disappeared, including my Ye royal family, Ye Gong Ye Potian, and the Great Xia Four Holy Love Saints, Law Saints, Calligraphy Saints, and Painting Saints, where have they all gone? !"

Ye Fan felt that things were not that simple.

These people used to stand at the peak of Daxia. Although the world has changed a lot now, it is impossible for them to decline with their talents.

"Don't think too much, maybe when the time comes, they will come out. Zu Xing, there are still many secrets."

"Indeed, Zu Xing has too many secrets. In Taixutian, I met an old dragon vein and told me a lot of secrets."

"Really, tell me."

"Do you want to hear?"

Ye Fan smiled charmingly, turned over, and pressed the queen under him again.

This time, play longer.

Knowing that the queen begged for mercy, Ye Fan stopped, and the two embraced each other frankly and snuggled together.

Ye Fan told the secrets he learned in Taixutian.

The queen was amazed.

When she learned that Ye Fan would be cloned, the queen suddenly had strange thoughts.

I thought that there were too many women, and Ye Fan couldn't stand it.

After that day.

Ye Fan comes with a few clones, then...

The queen was shocked.

I always feel that this idea is too evil.

Where did Ye Fan know that the Queen was thinking about these strange things, he asked, "Do you want to learn the Great Clone Technique?"

The queen's big eyes sparkled, and she nodded pitifully.

"I know, you passed it on to me with conditions."

"so smart."

Next, began the third lingering.

But this time, Ye Fan was doing the right thing, teaching the big avatar technique while lingering, and taught the queen to enlighten.

Under Ye Fan's teaching, the queen realized her enlightenment very quickly.

This surprised Ye Fan.

"My perception is very strong, I am also shocked by this, it is probably related to the void body."

"As expected of one of the top physiques."

"Ye Fan, look." The queen performed the big avatar technique, and suddenly, an identical queen appeared on the bed, also naked, staring at Ye Fan with affection.

This confused Ye Fan.

Suddenly, in my mind, there was also the kind of thought that the Queen had just now.

The big avatar technique can still be used like this.

As expected of a god-defying supernatural power!

Just when Ye Fan was preparing the double phoenix coiled dragon, suddenly, a palace maid's voice came from outside: "Your Majesty, there are government affairs to deal with."

"Headache."

The Queen was reluctant.

Ye Fan smiled strangely, and said to the queen's clone: "You go to handle government affairs, and I will play with the main body for a while."

"OK."

Put on clothes and leave the bedroom.

In the bedroom, Ye Fan and the queen were lingering endlessly again. A monk like them was already strong enough, with a strong physique and strong energy.

Even if it is lingering day and night, it will not be empty at all.

Just when the Queen's clone left the palace and rushed to the imperial study, Jiang Wudao and the others had already sneaked into the palace.

"It's really hard to find a place to break through the iron shoes. It takes no effort to get it. The Queen is there, and there is no guardian by her side."

"The catch is over."

The prince of the ghost clan immediately shot.

"Hand of ghosts!"

Suddenly, a terrifying black handprint appeared out of thin air, and grabbed the Queen like lightning.

Seeing the hand, Wu Lingjun was overjoyed.

"Come up quickly."

Jiang Wudao's space treasure ship was revived, and the changes were extremely huge. The prince of the ghost clan rushed in with the queen's clone.

"break!"

Jiang Wudao stopped drinking.

The space shattered inch by inch, and the treasure ship flickered and disappeared.

at the same time.

In the bedroom, the queen's body was shocked, and her face darkened: "Oops, something happened to the clone."

Ye Fan also sensed the movement just now.

"Remaining breath... The Prince of the Ghost Race! Wu Lingjun! And... Jiang Wudao and Lord Buddha! These two guys even appeared, and they were mixed with Wu Lingjun!"

"I understand, they want to arrest you to contain me, but I never thought that what was captured was just a clone."

Ye Fan couldn't help laughing.

"Man'er, feel for it, let's chase after it."

"okay."

The Queen is very interested.

Between the main body and the clone, the induction is too close, and the main body will know everything that the clone sees and hears.

"It seems to be in the direction of the East China Sea!"

"It seems that it is a good idea for them to hide in the fairy mountain, but it is a pity!"

Ye Fan sneered.

He hugged the Queen and took out the Boundary Shuttle.

Swish!

Disappear.

Breaking the world shuttle, that is the world can break through, where is Jiang Wudao's space treasure ship can be compared.

all of these.

They don't know Jiang Wudao at all.

on the treasure ship.

They suppressed the queen's avatar, and the avatar could not move, but at the moment they were acting.

"You are so courageous, how dare you deal with me, Ye Fan knows that you will die without a burial!"

"Hahaha, Queen, I'm sorry, even if Ye Fan knows, can he catch us!" Jiang Wudao sneered.

"Ye Fan knows great tracking skills, and he will definitely come after him."

"It's useless. When he tracks, we have already entered Xianshan to hide. Ye Fan can't find it at all."

"Wu Lingjun, Jiang Wudao, Lord Buddha, you are all human races, but you are actually mixing with the prince of the ghost race. This is a betrayal of the race, do you know that!"

"Clever!"

The prince of the ghost clan was quite worried. After all, if the three of Jiang Wudao joined forces to deal with him, he would definitely be in huge trouble.

Jiang Wudao alone, and Jiuyang Divine Body restraining him, was enough for her to drink a pot.

In this unfathomable Buddha Lord, Wu Ling has mastered the list of conferred gods, and he may not be able to escape.

"Bang!"

The prince of the ghost clan directly cast a secret technique, causing the queen's clone to fall into a deep sleep.

Subsequently.

The prince of the ghost clan felt uneasy.

He was vigilant.

He thought that this kind of unease was caused by Jiang Wudao and the others.

Could it be that they are really going to shoot?

The prince of the ghost clan entered a state of battle.

at the same time.

Jiang Wudao and the three also felt a little uneasy, and it seemed that a crisis was coming.

They believed that this was brought by the prince of the ghost clan.

The three entered a state of battle.

Although he didn't tear his face, the atmosphere in the treasure ship was particularly chilling and depressing.

They would never know that this was the unease that Ye Fan brought them!

Chapter 1379: Cannibalism, all suppression!

"Buddha Lord, Wu Lingjun, it seems that this ghastly thing is about to start, should we do it first?"

Jiang Wudao secretly transmitted his voice.

Wu Lingjun responded: "This is not good."

Jiang Wudao: "What's wrong! The queen is right, people who are not my race will have different hearts. Once the ghost clan comes, the prince of the ghost clan will have the confidence and will definitely deal with us and **** our treasures and good fortune. Wu Lingjun, are you sure you can keep your conferred gods list? Ghost masters exist at the level of gods, can you deal with them?"

Wu Lingjun was silent.

Jiang Wudao: "If you suppress the prince of the ghost clan, you will have a bargaining chip, so you won't be afraid of the ghost master. Let's join forces and suppress him as easy as the palm of your hand. My Jiuyang God can restrain him."

At this time, the Lord Buddha joined in: "I agree, the suppression of the ghost prince will only benefit us and not harm us."

Wu Ling was moved.

But at this time, the prince of the ghost clan suddenly shot, not against Wu Lingjun and the three, but contacted the secret method of the queen's clone.

"Queen, I'll let you go. Let's join forces and kill them. These three **** want to be black and black."

"Damn, you are courting death!"

Jiang Wudao was furious.

The Jiuyang Divine Physique exploded in an instant, and in an instant, the vision skyrocketed, and it seemed that nine suns appeared.

The scorching hot breath of the most yang and just swept away like a mountain and a tsunami, making the prince of the ghost clan extremely uncomfortable, and his combat power was suppressed a bit.

"Thirty-sixth grade golden lotus!"

The Buddha Lord ran out of a Buddhist treasure to suppress the queen's clone.

"Conferred God List!"

Wu Lingjun also shot.

At this point, the face has been torn, so what are the scruples.

"The power of space seals the world."

Wu Lingjun used the divine power in the Conferred God List to block this space immediately.

The Prince of the Ghost Race looked extremely ugly: "You bastards, you are killing yourself!"

"Ghosts and gods!"

"The sky is falling!"

"Boom..."

For a time, the sky and the ground began to explode wildly.

The space blockade exploded.

The prince of the ghost race rushed out of the treasure ship and wanted to escape. However, Jiang Wudao came from the sky and sneered: "Ghost thing, you still want to escape in front of me!"

boom!

This punch was a complete mess.

Jiang Wudao is indeed strong.

He was so lucky that Ye Fan couldn't kill him several times.

Nine Yang Divine Physique, one of the top physiques, although Jiang Wudao was created the day after tomorrow, it is the Nine Yang Divine Physique after all.

Simultaneously.

He has nine seas of bitterness.

Energy storage, how terrifying.

With this punch, all the magical powers of the Prince of the Ghost Clan collapsed, and the Prince of the Ghost Clan fell down.

"Shh!"

And below, Wu Ling is shot.

Pinch up and down.

This is not over yet, the Lord Buddha folded his hands together, his eyes shone brightly, and the light of the Buddha appeared behind him.

He spat out six words.

Om (an), Ma (ma), Na (ni), Pa (ba) Mi (mei) Hum (hong)

Buddhist six-character mantra.

Spiritual attack magic.

What is terrifying is that the power of the six-character mantra displayed by the Buddha is one level stronger than Ye Fan.

The spirit of the Lord Buddha has also reached the level of the ancestors.

"what!"

The prince of the ghost clan was caught off guard.

no way.

Jiang Wudao, Lord Buddha, and Wu Lingjun, any of them can protest with him in court. The three of them joined forces, and they were restrained by the Nine Yang Divine Body, and their combat power was weakened, so they could not resist.

"Bastard!"

The prince of the ghost clan was furious.

"Bring it to me!"

"The Great Deprivation Technique!"

The prince of the ghost clan roared, casting the hand of ghosts and gods with the power of the great deprivation technique.

only see.

The Fengshen Bang and the 36th Grade Golden Lotus Stage were about to be taken away.

Wu Lingjun and Lord Buddha were shocked.

"You still want to win the treasure, who gave you the courage." Jiang Wudao, a master of art, was bold, and he directly killed him, wanting to fight with the prince of the ghost clan.

Where does the prince of the ghost clan meet Jiang Wudao to entangle.

His physical body couldn't compare to Jiang Wudao at all, and the closer he got, the more yang and arrogant aura that Jiuyang Divine Body erupted would make him feel uncomfortable.

"puff!"

Sudden.

Jiang Wudao punched the ghost prince's body through his body.

"So weak?"

Jiang Wudao was surprised.

However, in the next second, the prince of the ghost clan healed, and he said coldly, "You can't break my ghost body. Just because you want to suppress me, it's a fool's dream."

"Since you are forcing me, then I can't blame you."

"Spirituality!"

"Hell Soul Eater."

I only saw that the chest of the prince of the ghost clan suddenly turned into a black hole, and there was a terrifying roar.

next moment.

A dark shadow rushed out.

"Roar!"

The earth-shattering roar made Jiang Wudao panic and hurriedly retreated.

"what is that!"

The three saw that there was a huge vicious dog above the ghost prince's head.

That vicious dog has three heads.

Horrible.

The eyes of the vicious dog seem to be able to capture the soul.

Rao is the powerful spiritual power of the Buddha Lord, and he does not dare to look at him.

"Hahaha, this is my contracted beast, the Hell Soul Eater. I'm here to see if you can get it right."

"kill!"

The prince of the ghost clan gave an order.

Soul Eater killed.

The three heads each have their own power.

The left head was able to spew flames, and even Jiang Wudao felt troublesome with that flame.

The head on the right can spray liquid and is terrifyingly corrosive.

The head in the middle is the most terrifying, and a strange divine light erupts in the eyes.

"Jiang Wudao, escape!"

Lord Buddha reminded.

However, it was already too late, and two divine lights struck Jiang Wudao.

Immediately.

Jiang Wudao groaned.

Seven orifices bleeding.

There were actually two cracks in his Nascent Soul.

"what!"

Jiang Wudao couldn't believe it.

He felt a splitting headache and suffered an indelible mental trauma.

"Hahaha."

The prince of the ghost clan laughed proudly.

Jiang Wudao roared again and again. At this moment, the nine seas of bitterness erupted, and the nine suns suddenly skyrocketed, hitting ten times more than before.

"Death to me!"

Jiang Wudao was extremely angry.

Unleashed a killing blow.

Jiuyang Divine Fist!

"Bang!"

With this punch, half of the soul-devouring dog's body exploded, and he was seriously injured and dying; even the prince of the ghost clan was affected.

"what!"

The ghost prince screamed.

The contracted beast suffered serious injuries, and he also had an influence.

"boom!"

Before he could catch his breath, the Conferred God List smashed down, causing him to be almost wiped out.

Fortunately.

The prince of the ghost clan also has magic weapons.

"Repression!"

The Buddha Lord threw the thirty-six-pin golden lotus platform, and it hung down endlessly.

only see.

Black smoke rose from the ghost prince.

"what!"

A shrill scream rushed into the sky.

At this moment, Jiang Wudao punched again, beheading the severely injured Soul Eater.

"Do not!"

The contracted beast was beheaded.

The prince of the ghost clan was heartbroken, but there was nothing he could do.

finally.

The ghost prince was suppressed.

Wu Lingjun breathed a sigh of relief, "It's finally resolved, so we have a bargaining chip in the face of the ghost master."

"That's right, Queen!"

The Lord Buddha suddenly thought that the thirty-sixth grade Jinliantai was the queen of suppression. He just had an impulse, and the Jinliantai immediately suppressed the prince of the ghost clan.

But they found out.

The queen sat on the treasure ship, and did not escape, but clapped her hands and praised: "Yes, you are all very powerful, are you interested in being the emperor's ministers!"

Three people: "..."

"I mean it, be my servant and give you endless glory."

"Queen, did you not see the situation clearly, you are now a prisoner."

"Not always."

The queen's clone had a playful smile on her face.

Lord Buddha suddenly shrank his pupils, "No, we seem to have made a mistake! The anxiety is not from the prince of the ghost clan. Actually, the prince of the ghost clan was suppressed, and the feeling of anxiety has not disappeared."

Wu Lingjun and Jiang Wudao immediately exploded.

"Hahaha."

Right at this moment.

A laughter resounded through the heavens and the earth, Ye Fan tore the void and descended here.

The queen hid and did not appear.

"Evan!"

The expressions of Jiang Wudao's three people changed in shock.

"Everyone, stay safe."

Ye Fan opened his arms and smiled.

In fact.

He had arrived long ago, and after watching all the battles just now, he was overjoyed.

I didn't expect them to be in conflict.

Moreover, Ye Fan also saw their cards, which made him mentally prepared.

Especially the thirty-six golden lotus platform of the Lord Buddha.

His Taixutian Lao Longmai said that Fangcunshan needs to cooperate with Jinliantai in order to exert its great power.

What do you really want!

"go!"

Wu Lingjun stopped drinking.

Jiang Wudao said, "What am I afraid of, the three of us can't deal with Ye Fan? Besides, the queen is in our hands."

"yes."

Wu Lingjun's eyes lit up.

But for some reason, he always felt something was wrong.

Lord Buddha is very disturbed.

But Ye Fan didn't talk nonsense. He threw out the Conferred God Platform and used the Great Sealing Technique to seal the world directly.

Subsequently.

He strolled in the sky and walked towards the space treasure ship, looking calm and confident.

Seeing Ye Fan's appearance, Jiang Wudao was furious: "What are you pretending to be, kill!"

Jiang Wudao made his move.

"Jiuyang Divine Body, it's good, but unfortunately, you are my defeat, so you will be my defeat for the rest of your life."

"boom!"

Heaven's hegemony recovers.

Ye Fan didn't show any mercy, he was directly the 88th-level Celestial Hegemonic Body, and then he punched Jiang Wudao.

"puff!"

Jiang Wudao's arm exploded directly.

Blood spurted.

With one punch, Jiang Wudao was defeated.

"what!"

The Lord Buddha's face changed greatly.

"Run away!"

He can't take care of too much anymore, and controls the space treasure ship to escape from here.

But.

This world is sealed.

Ye Fan's current sealing technique is extraordinarily powerful, and it still cooperates with such a treasure as the Conferred God Stage.

"Shh!"

Ye Fan then used the Great Sealing Technique to seal the prince of the ghost clan, then captured him, opened the gate of heaven, and threw him in.

Jiujianxian, who had been prepared for a long time, seized the prince of the ghost clan, so that he had no chance to be a demon.

In fact.

For Ye Fan, who can open the gate of heaven at any time, he can call in foreign aid at any time.

only.

He does not need.

To deal with these, he is confident that he can.

"Evan!"

Jiang Wudao rushed in.

He lost one of his arms, and his hatred was so high that the Nine Yang Divine Body recovered to the extreme, and flames burned all over his body.

Immediately after.

Jiang Wudao spat out a fiery red bead, held it in his hand, and smashed it with a punch.

"Go to hell!"

Jiang Wudao was hoarse.

Ye Fan was not careless, he took out the axe and chopped it directly.

"what!"

Jiang Wudao was almost split in half.

but.

The fire red beads still smashed over.

"burst!"

Jiang Wudao roared.

The shocking explosion, the terrifying energy, is enough to instantly kill the existence of the ancestors.

Ye Fan was submerged...

Chapter 1380: perfect record

"Hahaha, Ye Fan, you are not going to die!" Jiang Wudao laughed frantically, dripping with joy.

Those fiery red beads were enough to kill more than a dozen ancestors at one time, so how could Ye Fan survive.

But suddenly.

The Lord Buddha exclaimed: "Jiang Wudao, be careful!"

Before Jiang Wudao could react, he was hit **** the back, and with a click, his spine was broken.

"puff!"

This time, Jiang Wudao suffered a heavy blow.

Falling on the space treasure ship, he looked at Ye Fan who was safe and sound in disbelief.

actually.

Just now, what was blown up was just a puppet.

Ye Fan now has a big puppet technique and a big avatar technique, and he can completely fake the real and the real.

"go!"

The martial spirits all burned and survived, countless spiritual stones were burned, and turbulent energy was injected into the Conferred God List.

It caused a terrifying power to erupt from the Conferred God List.

Suddenly the seal was broken.

Naturally, Ye Fan would not let Wu Lingjun escape. Once he entered Xianshan, there would be no way.

"Stay!"

With a dragon roar, the monstrous power of the dragon's veins was suppressed, and even the Conferred God List was suppressed.

next moment.

The supreme dagger flew out, lightning-like, and stabbed Wu Lingjun, even if Wu Lingjun threw some ancient treasures to resist.

All these ancient treasures exploded.

The supreme dagger pierced through Wu Lingjun's body, and the evil power spread, destroying Wu Lingjun's body.

"what!"

Wu Lingjun screamed.

When the Lord Buddha saw this, his face was extremely ugly. The prince of the ghost clan, Jiang Wudao, and Wu Ling were all finished. How could he be Ye Fan's opponent alone.

That's right, Queen!

I only saw that the Lord Buddha grabbed the queen, only to find that the queen collapsed directly.

"what!"

Lord Buddha is unbelievable.

At this moment, the real queen appeared and sneered: "Now, don't you understand, what you are holding is just a clone of me."

"Clone!"

Lord Buddha's pupils contracted.

"Great Clone Technique, how is it possible for you to know this heaven-defying supernatural power!"

"Master Buddha, give me the Golden Lotus Terrace, and I can spare your life."

"Idiot talking about a dream!"

"Since you're stubborn, you can't blame me." Ye Fan was no longer merciful, and greeted all the magical powers and magic weapons.

Rao is a Buddhist master with many means, and has such a Buddhist treasure as the thirty-sixth grade Jinliantai, but it is also not resistant to blows.

"Qi Luck God Fist!"

In the end, the queen took action, mobilized Daxia's luck, and gathered into a fist that penetrated the sky and the earth, piercing the Buddha Lord.

So far, all three have been defeated.

Ye Fan would never let them escape again, and quickly pulled them into the heavenly world.

"call."

In the end, Ye Fan breathed a sigh of relief.

In the heavenly world, they couldn't escape. After fighting for so long, they finally suppressed all these stubborn stubborn people.

"Evan!"

Jiang Wudao's face twisted.

He is not reconciled!

He is so powerful, and there are helpers like Wu Lingjun and Lord Buddha, why is he not Ye Fan's opponent? This is unscientific!

In the face of Jiang Wudao's hatred, Ye Fan responded with a mental attack, causing Jiang Wudao to fall into a coma.

The Lord Buddha and Wu Ling were much quieter.

They are very clear that they are prisoners now, and it is useless to say more, they can only find a way to negotiate with Ye Fan.

"Evan."

At this time, the prince of the ghost clan woke up.

Seeing that the three Jiang Wudao were also suppressed, he laughed heartily, and then said, "Ye Fan, how about we have a cooperation?"

"cooperate?"

"That's right, the world coalition is coming soon, and my ghost clan is the leader. My father, the ghost master, is thinking of the realm of transformation. Although you are strong, you are like an ant in front of the powerful transformation. Why don't we have a good fate? ."

"Can."

The ghost prince was stunned.

I didn't expect Ye Fan to agree so simply.

Why does it feel wrong.

"Ye Fan, I am sincere!"

"I'm also sincere."

Ye Fan smiled.

Then he said: "I don't know if you are sincere, I need you to express sincerity."

"What's the meaning?"

"Pass the Great Deprivation Technique to me, I am very interested in this magical power."

The prince of the ghost clan looked gloomy.

The Great Deprivation Technique, which is also a top-level Dao supernatural power, is one of his unique skills.

"Look, you don't have sincerity, which makes it difficult for me." Ye Fan sighed. At this moment, the big guy from the Tianzun Palace came.

There are also Peony, Jiujianxian, Qingluan Empress, and Suzaku Empress.

The ghost prince's scalp was numb.

Ye Fan asked, "Seventh sister, is there any way you can deal with this prince?"

Fang Rui said: "Of course."

"Really, that's a good feeling."

Ye Fan and others left.

This frightened the prince of the ghost clan quite a bit.

However, he still did not want to hand over the Great Deprivation Technique.

But in the next two or three days, whether there is a terrifying aura from the central hall, this makes the prince of the ghost clan think that Ye Fan is fiddling with some terrifying means, and uses it to deal with himself.

Not only the prince of the ghost clan, but even the three of them Wu Lingjun were terrified.

"Damn it!"

Although Jiang Wudao woke up from a coma, his mental trauma was too severe, he was drowsy, and he was very awake.

this day.

The tormented prince of the ghost clan finally couldn't bear it anymore and shouted, "Ye Fan, I have something to say!"

But Ye Fan did not come out.

With such a full shout, Ye Fan came over and said coldly, "If you have a fart, let it go!"

"I am willing to surrender the Great Deprivation Technique, but as a condition, let me go!"

"Do you think this is an equivalent transaction?"

Ye Fan's face was full of contempt, "Don't you think that your father's life is worth a magical power. If so, you ghost clan prince is too rubbish. Since it's rubbish, I think it's better not to live in this world and send you Let's go. Just let the Lord Buddha save you and send you to see the Buddha."

"Ye Fan, don't deceive people too much!"

"You're not human!"

In a word, the prince of the ghost clan was speechless.

After a moment, he took a deep breath and said, "Okay, I will pass you the Great Deprivation Technique, but you must not cause harm to me. You will use me to negotiate with my father in the future."

"That's right."

Ye Fan nodded in satisfaction.

After obtaining the Great Deprivation Technique, Ye Fan quickly cultivated.

Because the true meaning of plunder was obtained in the bronze hall before, it is very simple to practice the great deprivation technique now.

In one day, the practice was successful.

Subsequently.

Ye Fan arrested Jiang Wudao.

At this moment, Jiang Wudao woke up again, he was finally terrified, and he had a premonition that something terrible was about to happen.

"Ye Fan, spare me, I am willing to follow you, don't kill me!"

"I am the Nine Yang Divine Body, I master the nine bitter seas, I am definitely the favored son of heaven, and I will have a bright future."

"Forgive me!"

Jiang Wudao begged bitterly.

However, Ye Fan was expressionless and deaf, and he mercilessly performed the Great Deprivation Technique.

"what!"

Jiang Wudao screamed.

He finally understood, and screamed in horror: "Ye Fan, you are going to deprive me of the source of the Nine Yang Divine Body, you bastard, beast! Ahhhh, stop it, stop it!"

No matter how Jiang Wudao cried and struggled, it was of no avail.

Ye Fan had already taken a fancy to the source of the Nine Yang Divine Physique.

As the acquired Nine Yang Divine Body, it is relatively easy to deprive him, and Jiang Wudao has no ability to resist now.

But it still lasted for three days.

For the past three days, Jiang Wudao has been begging for mercy and shouting. In the end, it was crazy cursing and cursing.

"call!"

Finally, the source of the Nine Yang Divine Body was deprived.

"Do not!"

Jiang Wudao roared sadly.

At this moment, Jiang Wudao was as thin as firewood, dying. Without the Nine Yang Divine Body, he was nothing.
