

Elegant SS 1401

Chapter 1401: two roads

"Trouble!"

Everyone's heart is heavy, and they have a premonition of a great crisis.

Who would have thought that the altar suddenly burst into brilliance, causing the red-haired monster to break the shackles.

Now.

The red-haired monster is staring at them, what should I do?

"Father!"

At this time, Xiang Rulong rushed to the altar, knelt on the ground, and said with tears: "I am Xiaolong, do you remember me, father!!"

The red-haired monster growled.

One punch hit Xiang Rulong.

This punch is so terrifying, even in the late stage of God Transformation, it will be troublesome and even seriously injured.

because.

This red-haired monster is faintly comparable to the peak of God Transformation.

Xiang Rulong has just been promoted to the God Transformation Realm, where? Can withstand this punch.

"Get out!"

Meng Qingyi shouted loudly.

However, Xiang Rulong looked at the red-haired monster sadly and cried, "Father, I'm Xiaolong, do you really not recognize me, father..."

Xiang Rulong kept shouting.

Unexpected.

That fist stopped less than ten centimeters away from Xiang Rulong.

The red-haired monster's eyes flickered.

"Father!"

Xiang Rulong, when you see a play, keep calling.

The red-haired monster screamed in pain, hugged its head, and fell from the altar.

"Father!"

Xiang Rulong chased after him.

At this moment, the red-haired monster roared, "Don't, don't come here!"

"Father, you have recovered!" Xiang Rulong was overjoyed. At this time, his father's figure was correct.

"Don't, come here, go, go!"

The red-haired monster seemed to be in pain, speaking intermittently, his eyes were sometimes sober and sometimes confused.

"Father, don't move, we will use the Great Purification Technique to remove the red hair for you!"

"It's useless... let's go..."

The red-haired monster refused. He tried to keep a trace of sobriety and said, "This terrifying strangeness has penetrated into the depths of my soul, and you can't get rid of it, unless you go beyond the realm of gods to perform a great purification technique."

"Little Dragon, let's go!"

"I can't control it for my father..."

"Father!"

Xiang Rulong cried out sadly.

Meng Qingyi asked: "Senior, mist and red hair have also appeared outside the territory, and they are spreading. Although it has not spread to the earth now, it will come one day. We need to find a way to deal with it in advance. Senior, if you know any secrets, I hope to say it."

"Has it also appeared outside the domain!"

Xiang Qiankun was extremely worried in his words.

"I do know some..."

"what!"

Xiang Qiankun was extremely painful.

"I still have some lucid sanity, self-seal, and I am protected from the invasion and alienation of the red hair. Now the sober holy paper has recovered, and the red hair has begun to bombard again. I don't have much time."

"I can't directly convey the message to you, because the red hair is too scary, and it can even be hidden in my spiritual thoughts, and the followers will invade you."

"I know I said it myself..."

"Ah... Remember, the existence of red hair involves the restricted area of the universe. As for solving the source, you can solve the mist and the red hair... There are ways to fight against the red hair and the mist, and there are also ways to cultivate the world tree!"

"Come on!"

Xiang Qiankun urged.

With a wave of his hand, everyone was lifted off and left the bottom directly.

at the same time.

With a roar that shook the world, Xiang Qiankun's sober sanity sealed himself again, and now it became extremely chaotic.

"kill!"

The red-haired monster chases and kills.

Jiujianxian and others took the Boundary Shuttle and left the cave.

the strange thing is.

The thing about the red-haired monster was that the red-haired monster didn't chase after it, and it seemed that it could only stay in the ominous cave.

"Father!"

Xiang Rulong was heartbroken.

However, there is still some hope, at least Xiang Qiankun still retains the sanity that seems to be sober.

"There are two ways to deal with the misty red hair. The first is to find the restricted area of the universe."

"It's so unrealistic."

"The restricted area of the universe is floating in the universe. It is as difficult to find it as it is to reach the sky. Moreover, there are many restricted areas in the universe, but there is not only one. Where is the source of the red hair in the restricted area of the universe?"

"As for the second method, it is unrealistic to cultivate the World Tree. In the ancient times, the World Tree was cut off, which is the main reason for the decline of the Ancestral Star. The World Tree is unique, how could it be cultivated."

The crowd sighed.

Both paths are dead ends, and there is no way to go.

But anyway, it's a gain.

Three days later, Meng Qingyi came to the statue, called Ye Fan, and told Ye Fan what he had learned.

"The restricted area of the universe, the world tree, indeed, are all unworkable ways."

"But don't worry, after all, we still have a long time to face Youwu Hongmao."

"By the way, eldest sister, be careful, that guy is not easy."

Ye Fan made a warning.

Meng Qingyi said: "I understand, I'm on guard. I don't know if Bai Qi has a way to open the palace. Oh, Xiaofan, haven't you found a way back in the underworld?"

Ye Fan sighed: "No, I haven't even found a way to redeem myself, I'm still a skeleton body now."

Meng Qingyi smiled and said, "Xiaofan, the skeleton body is not good, there is no way to reproduce offspring."

Ye Fan is embarrassed.

Yuanshen returned, Ye Fan was thoughtful.

Cultivate a world tree?

In ancient times, the World Tree was cut off, and I don't know if the roots were destroyed.

If it still exists, then there is some hope for cultivating the World Tree.

only.

To find the root, there is no clue.

"Evan."

At this moment, Ah Dou came to the Underworld Temple. He smiled and said, "Tell you, I found a good place, where there is a lot of life, and the level of spiritual energy is ten times that of the outside."

"ten times?"

"Yes, it's incredible, but what I said is true, hehe, I found it by chance, do you want to go and see."

"go."

Adou took Ye Fan to the place mentioned.

This place is very remote. In the southernmost part of the underworld, Ye Fan didn't know how A Dou came to this place and found a good place.

"It's here!"

Adou came to the entrance of a secret realm.

Ye Fan looked around and said, "It's too hidden, how did you find this place!"

A Dou said: "I found a giant snake and I was going to take her down. She fled all the way here. That giant snake is very strong and incarnates in the late stage."

Ye Fan said suspiciously: "You are in the middle stage of God Transformation, who gave you the courage to pursue the latter stage!"

"You."

"I?"

"Yeah, I said I was the Emperor Ming's brother, the big snake didn't dare to touch me, and was chased by me. = You know how long I chased, it's been a month, and I'm exhausted."

"I said where have you been this month, it turned out to be chasing the snake monster, you are really idle."

Ye Fan was speechless.

"By the way, what about the Great Snake Demon?"

"I've entered the secret realm. I can't open the secret realm. Why don't I ask you for help?"

"Didn't you say that the spiritual energy of the secret realm is ten times richer than the outside world?"

"You can do that too, haha, I fooled you over here." Ah Dou seemed very proud.

Ye Fan was speechless.

He looked at the barrier at the entrance of the secret realm.

"The undead snake's combat power is at the peak of Kangbi's transformation. If it really wants to move you, it can kill you with one tail."

"real or fake!"

Ah Dou felt terrified.

"However, that ghost snake is really beautiful, and it has a fairy energy, which is very strange. It stands to reason. Big monsters like the ghost snake are very stinky and gloomy. But she is full of fairy energy, Incredible, I just want to catch her and study."

"Get out."

Ye Fan signaled Adou to retreat, and he punched the barrier, causing the barrier to tremble.

At this time.

In the secret realm, sweet words came: "Lord Ming Huang, give the little snake a way to live."

Ah Dou laughed: "That's the voice, that's the snake."

Ye Fan said: "I will undoubtedly be difficult for you, but Adou said that you are unusual and want to find out. If you don't come out and explain, I can guarantee in the name of Emperor Ming that you will not suffer any harm."

Ah Dou also echoed: "Come out, I didn't want to hurt you, I just wanted to figure out how you are so different from other ghost snakes."

There was no response in the secret.

A few minutes later, the enchantment trembled, and the snake came out.

become human.

She is indeed a very charming beauty.

And, it seems, not very old.

"How long have you been practicing?"

"Little Snake has been practicing for just a hundred years."

"Don't be fooling around." A Dou snorted coldly, "After 100 years of cultivation to the late stage of God Transformation, just blow it."

"Really, the little snake didn't dare to deceive the Emperor Ming. I really practiced for a hundred years. According to the lifespan of my Ming snake family, I was only a child, so I turned into a human and looked like a teenager."

Ye Fan nodded and asked, "Why are you different from other ghost snakes?"

"that is because....."

The snake girl was a little hesitant and seemed unwilling to reveal it.

Ye Fan smiled and said, "Don't worry, if it is your good fortune, we will not **** it."

At this time, the snake girl felt at ease and said: "In the secret realm, there is a magical treasure, I cultivate next to it, I can wash away the dirty breath of the snake and become immortal; moreover, the

reason why I cultivate so fast, I also received the influence of that baby, which can speed up my cultivation speed."

A Dou said in shock: "Really or not, there is such a giant treasure?"

"Yes, but I don't know what it is, I can't get close. Lord Ming, I can take you in and see."

"That couldn't be better."

The snake girl opened the barrier and entered with Ye Fan and Adou.

Immediately.

The rich spiritual energy shocked Ye Fan and Adou.

"I rely on!"

"I fooled you into saying that the spiritual energy is ten times that of the outside world. Now it seems that I am right. No, it is too conservative. This spiritual energy is ten times stronger than the outside world."

Come to the center of the secret realm.

The snake girl was just a green halo a hundred feet away, and said, "It's that one, I don't know what it is, and I can't see through it at all. Lord Ming, do you know?"

Ye Fan does not have yin and yang eyes now, so he can't use the pupil technique, but he finds that there is a familiar feeling.

what is it then?

He tried to move forward, and there was a lot of resistance, but Ye Fanshi wanted to figure it out. He was under great pressure and walked towards the green halo step by step.

getting closer.

The pressure is also extremely scary.

In the end, Ye Fan stopped, his primordial spirit came out of his body and rushed towards the green halo.

The pressure is mainly aimed at the physical body, the primordial spirit is relatively small, but it is also very terrifying.

If there is no Yuanshen at the peak level of God Transformation, it is simply unbearable.

finally.

Ye Fanyuanshen arrived in front of the halo and saw clearly what the halo was. It was indeed incredible...

Chapter 1402: The world tree seedling, Ye Fan's self-salvation!

In the green halo, it turned out to be a seedling.

The palm-sized seedling seems to be full of endless vitality, and it seems that its breathing can be heard.

Every time he swallowed, he looked at the spiritual energy and burst out.

No wonder there is such a strong spiritual energy in this secret realm.

The seedling grows on an ancient tree stump ring. It can be seen that there was once a big tree here, which was cut off, and now new seedlings are growing.

"Boom."

At this moment, Ye Fanyuanshen trembled.

this...

It coincides with the World Tree, is this the World Tree seedling?

Ye Fan was ecstatic.

However, he is not sure yet, after all, he has not seen World Tree.

This seedling does have some wonderful abilities. In addition to spraying spiritual energy, just like the girl of the snake said, cultivating next to it will speed up the speed.

because.

In such a short time, Ye Fan could already feel the abundance and abundance of his Yuanshen and his family.

"The World Tree mainly possesses the power of the world. Even a leaf and a branch can support a world origin."

"This seedling has not yet shown this ability, so it is doubtful that it is a World Tree seedling."

"But no matter what, it's a giant treasure in the world."

Ye Fan Yuanshen sat greedily next to the seedling and enjoyed it for three days.

He felt that the primordial spirit had strengthened a bit.

It's already a bottleneck.

Can't get in anymore.

So Ye Fan Yuanshen left, returned to the skeleton body, and joined Adou and the snake girl.

"How about it?"

"It's a seedling, probably a seedling of the World Tree, which is related to our ability to leave the underworld."

"what!"

Adou and the snake girl were shocked.

The rumors of the World Tree have flowed through the ages, and naturally they have been heard.

No wonder they were shocked.

Ye Fan looked at the snake girl and said, "I'm sorry, it's a big deal. I have to sit here. Of course, this secret realm is still your home, and you can enter freely."

The snake girl said: "Thank you, Lord Ming."

"A Dou, go back and tell the High Priest to relocate the Underworld Temple. This seedling cannot be lost. I will guard it here all day long. You can also invite some loyal followers to come over and give them places to enter the secret realm to practice."

"clear."

Adou left in a hurry.

Ye Fan looked at the snake girl and said with a smile, "I really want to thank you this time, by the way, what's your name?"

"Master Ming, I don't have a name."

"No name... Well, I'll get you one and call it Chi Lian."

"Red practice."

The snake girl rolled her eyes and said with a smile: "I like this name very much, thank you Lord Ming."

"I'll teach you some magical powers."

Great bodyguard!

Great poison!

Great teleportation!

Big cut!

Great Freeze!

The five supernatural powers, Ye Fan passed on to the snake girl.

The underworld snake is yin.

Good at using poison.

Even though Chi Lian has receded from her original aura and became immortal, using poison is still one of her main means of attack.

Therefore, the Great Poison and Great Freeze are very suitable for Chi training.

And the big body protection technique is used for self-defense.

Great teleportation, used to escape from a crisis.

The large cutting technique is also a powerful means of attack.

It is quite comprehensive.

After obtaining the five great supernatural powers, Chi Lian was elated: "Thank you, Lord Ming."

"Cultivation well, and strive to advance to the peak of God Transformation as soon as possible. In this way, if you can leave the underworld, I will take you with me."

"Really?"

Chi Lian was overjoyed.

"Lord Ming Huang, I must work hard to cultivate."

"If you don't understand anything, you can ask me."

A few days later, the high priest and the nine commanders of the skeleton tribe relocated the Temple of the Underworld.

They also felt the seedlings and were full of praise.

The nine commanders are all in the late stage of transformation. Ye Fan hopes to be promoted to the peak of transformation before leaving the underworld.

By the time.

He came to the earth and brought a group of peak gods, how awesome is that!

"High priest, if this is really a seedling of the World Tree, then it can be determined that in the ancient times, the root of the World Tree was in the underworld."

"It's a big secret."

Ye Fan clicked his tongue.

It always feels incredible.

The underworld represents darkness and coldness. Why would the roots of the world tree fall in a big world like the underworld?

"Eighty or ninety percent may be the World Tree."

The high priest, who has always been cautious, spoke very succinctly this time.

Ye Fan was surprised.

The high priest said: "Minghuang, according to what you said, there are very few gods in other great worlds, and there are almost no gods at the peak. However, we have a lot of gods in the underworld, and there are peaks."

"In contrast, our underworld can be said to be very terrifying."

"I suspect that all this is because the root of the world tree is in our underworld, which leads to a better cultivation environment in the underworld than in other big worlds."

Ye Fan nodded: "This speculation is very reasonable."

The high priest saw hope and asked, "Then we need to wait for the seedlings of the World Tree to grow up? Wait for the seedlings to grow into towering trees? I'm afraid it will take countless years, and he is long gone."

Ye Fan said: "Don't worry, there will always be a way. Now, we have seen hope, haven't we."

The high priest laughed: "Ming Huang, I have to say that you are indeed the son of destiny. I believe in you, and I am optimistic about you. I am willing to give everything to you. I, the skeleton race, will always follow you."

Ye Fan was very grateful to the high priest.

If it weren't for the high priest, he probably wouldn't be able to wake up and come back to life.

No stingy.

Ye Fan passed the grand deduction technique to the high priest and said, "High priest, you are good at making calculations, this grand deduction technique will be of great use to you."

The high priest was so excited: "Great deduction technique, Dao supernatural power, good good, it seems that my alchemy method can be improved again."

Calculate the law of heaven.

Ye Fan has heard these four words.

Back then, on Earth, the little virgins from the Tianshan Mountains could be regarded as the way of heaven, and there was a plum blossom mark between the eyebrows, which could predict good and bad luck.

It is said.

The law of heaven was passed down to her by the Brahmin master.

"Master Brahmin."

Ye Fan never forgot.

This guy, more mysterious than the Corpse Emperor, has been hiding behind the scenes, rarely showing up, and he doesn't know what shocking secrets he is planning.

never mind.

Regardless of that.

The most urgent task is to find a way out. By the way, Ye Fan also has some clues about the way of self-redemption.

The seedlings of the world tree, perhaps, are the beacon of self-salvation.

time flies.

Ye Fan has been working hard to bring the skeleton body to the seedling, but the resistance is really too great.

But the emperor pays off.

After more than half a year of hard work, now, Ye Fan's skeleton body is only a hundred meters away from the seedling.

It won't be long before you reach the seedlings.

In the past six months, many loyal followers have entered the secret realm to practice with Ye Fan's permission.

The first is the nine marshals, three of which have already made breakthroughs, becoming the pinnacle gods, standing at the top of the underworld.

The remaining six great marshals have also gained something. The breakthrough is only a matter of time, and a year and a half is enough.

Some other ethnic leaders also came in.

Even the Soul Sovereign from the distant region came here to communicate with Ye Fan.

The Soul Emperor knew that Ye Fan was looking for a way to leave the underworld, so he was good to Ye Fan, and even discussed with Ye Fan the mystery of Yuanshen cultivation.

have to say.

Compared with the Soul Emperor, Ye Fan still lacks some understanding of Yuanshen.

After all, the Soul Emperor has studied for hundreds of years.

During the communication with the Soul Emperor, Ye Fan's Yuanshen improved a little again.

The powerful Primordial Spirit power, even the Soul Sovereign was surprised and envied.

Another half year passed.

Finally, Ye Fan Yuanshen arrived at the World Tree seedling with his fleshly body.

During this period.

All the nine great marshals have broken through to the pinnacle of divine transformation.

Ah Dou also entered the late stage of God Transformation.

The strength of the entire skeleton race has soared, and they are firmly seated on the throne of the first race in the underworld.

Even if they leave the underworld and go to the vast starry sky, the skeleton race is scary enough.

The high priest and the high commander, a total of ten peaks of the gods.

Just thinking about it makes your scalp go numb.

"really."

Next to the World Tree seedling, Ye Fan was very happy, because it was the same as what he thought.

The path to self-redemption is here.

Under the influence of the seedlings, Ye Fan felt that the bones all over his body began to itch.

This is a good thing.

Because flesh and blood will begin to grow.

The miracle of flesh and bones is about to begin...

In the distance, the high priest is also very pleased. Ye Fan can redeem himself, and he is also very proud. After all, this is the opportunity he created for Ye Fan.

"Wish you all the best."

The high priest muttered to himself.

When Ye Fan was flesh and bones, the earth also had a big event.

for a year.

The changes in the world have intensified, and the cultivation frenzy has become more and more turbulent, and it has spread to a very wide range.

Even if the world is fully protected, it will not help, and the world has suffered an impact.

certainly.

Not that kind of killing.

It is the impact of thought, cognition and worldview.

Cultivation is universal.

The whole people have entered the era of cultivation.

Although the state is still there, its influence has gradually weakened, and now it is really a human community.

Compared with the alien races who were born with talent, the human race was born weak and depended on numbers to win. Therefore, the instinct of human beings began to unite.

in the past.

Different countries hate each other.

but now.

No matter what race you are, no matter you used to be a citizen of that country, now, there is only one name, and that is the human race.

And what the human race reveres uniformly is the Queen of Daxia.

The power of faith is infinite.

The queen enjoyed the benefits most directly. Her cultivation speed was really too fast. She was already in the middle stage of God Transformation, and she would soon break through to the later stage.

Daxia's luck also skyrocketed.

Above the entire palace, the luck of luck is as vast as a sea of smoke, and in the sea of clouds of luck and luck, the golden dragon of luck is churning, extremely huge.

The most intuitive demonstration of the strong national strength of Daxia.

anyway.

The reason why a major event happened is not because of the unity of the human race, but because of a change in the Mausoleum of the First Emperor.

The strong men of all races are coming.

I only saw that the Mausoleum of the First Emperor rushed out with a terrifying murderous aura, covering a radius of ten thousand miles.

What is this concept?

God Sovereign said: "Has Bai Qi made a breakthrough? He is already at the peak of God Transformation, how can he still break through, is it beyond God Transformation?"

The tribes were shocked.

Beyond God Transformation, I can't even think about it!

"Shh."

At this moment, a black figure rushed out of the Mausoleum of the First Emperor, which was the Demon Ape of Heaven and Earth.

He was covered in blood and scarred.

"Come on!"

Heaven and Earth Demon Ape shouted.

Chapter 1403: The First Emperor's Mausoleum Changed!

"Come on!"

The two words Heaven and Earth Demon Ape were mixed with urgency and fear, which changed the expressions of all races.

It is as terrifying as the world and the ape, what kind of change is that!

Rumble.

The world shook.

That murderous aura skyrocketed again, and the murderous aura actually materialized, turning into countless swords.

Falling down overwhelmingly.

"not good!"

The powerhouses were shocked.

All the god-turning powerhouses took action and began to arrive.

at this time.

In that murderous aura, a broken bronze sword appeared, and the bronze sword was broken in half, with rust on it.

However.

But it was like an emperor descended into the world.

The broken sword fell.

"boom!"

Two-thirds of the god-turning powerhouses were knocked flying, blood spurted wildly, and their injuries were not minor.

certainly.

Those are the initial stages of God Transformation.

In the middle and late stages of the Divine Emperor's Light Transformation, although he was not knocked into the air, he was not feeling well, and his qi and blood were surging.

"Ahhh!"

The swords that turned into murderous spirits attacked the warriors of various races.

In an instant.

Rivers of blood.

"Do not!"

The strong men of all races roared sadly.

The queen immediately mobilized Daxia's luck and merged with the golden dragon of luck, which was comparable to the peak of God Transformation in an instant.

"Great Blessing Technique!"

"Great Healing Technique!"

The queen used her magical powers to heal countless wounded soldiers.

"Great Dispelling Technique!"

Then, use this magical power.

Countless murderous swords were dispersed, and then the queen grabbed Broken Sword.

The Dragon Claw of the Luck Golden Dragon also grabbed it.

"presumptuous!"

With a loud shout, it exploded between heaven and earth.

It's white.

He rushed out, tore through the void and murderous aura, and descended, the black sword in his hand slashed at the queen.

"Bai Qi, why are you crazy!"

The queen was furious.

"Open Heaven Axe."

She has always mastered the Sky-opening Axe, and at this moment, she slashed over it, but she was not able to resist Bai Qi's sword.

The Queen's pupils contracted.

Could it be.

Bai Qi really surpassed God Transformation.

"wrong!"

"He is still in the God Transformation realm, but his physical body seems to have strengthened a lot, and he has acquired some strange physique!"

The queen is calm.

The void body erupted, and above the sky-opening axe, the power of nothingness lingered, and with a full blow, it slashed towards Bai Qi.

Bai Qi, on the other hand, ignored the axe and grabbed at Broken Sword.

"How dare you despise me!"

The queen was furious.

How arrogant is this Bai Qi, who is so bold, to ignore her all-out strike.

Available in the next second.

The queen knew she was wrong.

From the Mausoleum of the First Emperor, a figure rushed out again, and instantly appeared beside Bai Qi, the spear in his hand stabbed at the opening axe,

"boom!"

The queen was blown away.

"what!"

All the powerhouses were stunned.

The combination of the queen and the golden dragon of luck is comparable to the peak of the gods, how powerful this blow is.

Actually, it was shot.

Who is that!

The murderous aura drifted away, only to see, beside Bai Qi, a man in golden chainmail standing in the air.

He also kept the spear stabbing.

Like a devil.

Presumably with Bai Qi's irritability and bloodthirsty, this man gives the impression that he is proud of the world, ignores everything, and is aloof.

"kill!"

The man swings the spear.

Immediately, the guns fell like rain.

A strong man in the early stage of the transformation of the gods, his hand blocked the qi charge, and his body was pierced on the spot, and his primordial spirit was instantly annihilated.

Countless souls died tragically.

"stop!"

The queen was furious and shouted: "Everyone join hands, Susu suppresses these two villains."

Although I don't know why Bai Qi and this mysterious creature suddenly went mad, they can't control that much and must be suppressed.

Rumble.

The Heavenly Furnace opened.

All the god-turning powerhouses shot together, and the Huntian furnace was transformed thousands of times, covering Bai Qi and mysterious creatures.

"kill!"

The black big sword from Baiqi, shining brightly, slashed towards the Huntian Furnace.

And the mysterious creature shot out like a dragon and stabbed the queen.

However, many god-transforming powerhouses joined forces and cooperated with the Huntian Furnace, which was strong enough to resist the attacks of Bai Qi and mysterious creatures.

Simultaneously.

They were suppressed by the fall.

"Roar!"

However, to the shock of all the powerhouses, a third black light burst out from the Mausoleum of the First Emperor.

"Bai Qi, Meng Tian, my Wang Jian is here!"

"kill!"

A halberd descended from the sky.

Cleave to the Queen and others.

"not good!"

Everyone changes color.

At the same time, I also understood what identities these three living beings were, and they turned out to be famous generals of the Qin Dynasty.

Bai Qi, Meng Tian and Wang Jian.

Once, Bai Qi said that there were four coffins in the dragon veins under the Mausoleum of the First Emperor, in which he was buried, as well as Meng Tian, Wang Jian and Li Xin.

Now.

Meng Tian and Wang Jian also recovered, and Li Xin was also behind at the right time, and he would appear soon.

That is to say.

Bai Qi entered the palace?

Meng Qingyi shouted angrily: "Bai Qi, Xiaofan is right, you really have a ghost in your heart. You could have entered the palace long ago, but you didn't tell us, you bastard."

Bai Qi sneered and said, "What are you guys? We used to, and even the invincible generals who sat down with His Majesty, were the guardians of the Immortal Kingdom. It's just that, now that he has woken up, his strength has been greatly reduced, but it doesn't matter, you can recover immediately. I don't know how high the sky is, but it's ridiculous to want to keep pace with us and call us brothers."

Meng Tian said: "Don't talk nonsense, kill them and get the control of Daxia. We will use Daxia as the foundation to find the fairyland and find your majesty."

Wang Jian laughed, the black halberd in his hand split the void and smashed directly at the queen.

"Although you have so many gods, but you are a mob, nothing."

"We master the ancient method and have an invincible body, and you are our opponents there."

"kill!"

"kill!"

"kill!"

The three of them drank together.

The wind and clouds change color.

They are all peak gods, but because of their invincible bodies and mysterious ancient techniques, their combat effectiveness is too strong.

There is also a difference between seeing the peak of the gods.

Like Bai Qi's peak form of gods, they are powerful and scary.

The queen is miserable.

"Quick, summon Ye Fan!"

The emperor sent a voice transmission to Meng Qingyi.

"it is good!"

Now, I can only summon Ye Fan.

Bai Qi stared at Meng Qingyi: "You want to summon Ye Fan, hehe, although Ye Fan comes, he can't stop us, but it will bring us some trouble, so we can't let you do as you wish."

"Blood coat."

At this moment, Bai Qi threw out a piece of blood-colored clothes, and that clothes instantly turned into a hundred thousand times of laughter, covering the sky and the sun.

Like a big net, it will cover everyone.

"Haotian Mirror."

Fang Rui revives the emperor.

The Haotian Mirror burst out with monstrous rays of light, blocking the blood clothes, and at the same time, the Fengshen Bang was also dispatched.

This is the book of heaven.

Although everyone can't exert his true power, even a little recovery is enough.

Countless spirit stones were burned.

energy injection.

Fengshenbang's radiance was brilliant, impacting the blood-clothing, and finally knocking the blood-clothing into the air.

"go!"

Jinpenghuang has extreme speed.

Take Meng Qingyi and leave.

"Leave!"

Meng Tian's spear stabbed in the past.

"Kunding!"

Han Bing threw the Wuxu Kunding to block the shot.

Simultaneously.

The swordsmanship of Jiujianxian comes.

Meng Tian resisted disdainfully, letting the sword light fall on him, and he was unharmed.

"what!"

Jiujianxian was shocked.

What a horrible body!

"I come!"

Fang Rui's scientific and technological brain is brilliant, and her current mental power is comparable to the middle and late stages of God Transformation.

now.

A mental attack erupted.

Meng Tian snorted coldly, and when he opened his mouth and let out a sound, the sky shook.

Fang Rui's mental attack collapsed.

Instead, it was devoured.

"puff!"

Fang Rui spewed blood and her face was pale.

Su Muyu was treated immediately. As an immortal body, the blood of the fire phoenix, her blood combined with the great healing technique, has a powerful healing effect.

"kill!"

Bai Qi, Meng Tian and Wang Jian launched a fierce attack.

The three of them target the queen.

"Quick fight!"

"If Ye Fan comes, there will be trouble."

White urged.

Meng Tian said, "A little devil, he is as strong as you said!"

Wang Jian also said, "That's right, Bai Qi, why do you feel like you've become cowardly now?"

Bai Qi didn't respond.

at the same time.

Where is the world passage, before Emperor Jinpeng brought Meng Qingyi to the statue, Meng Qingyi immediately activated the seven-star fate chart and began to call: "Xiaofan, there is a big crisis, come quickly."

However.

Unfortunately.

Ye Fan was in the secret realm at this time, enjoying the wonderful feeling that the World Tree seedlings brought him flesh and bones.

The whole person is fluttering like a fairy.

It can be found that some flesh and blood appeared in Ye Fan's hands, and flesh and blood were gradually growing in other parts of the body.

Ye Fan was confused.

He didn't hear Meng Qingyi's call.

"Xiaofan!"

"Xiaofan!"

"Fast coming, there is a big crisis!"

Meng Qingyi kept shouting, but there was no response, which made her anxious and worried at the same time.

Did Ye Fan encounter an accident in the underworld?

In the past few years, although possessed often came, Ye Fan did not say that he was already the emperor of the underworld, and he was respected and loved by the creatures of the underworld.

He kept an eye on it.

Not to be wary of sisters, but to be wary of others.

For example, he said before that he should beware of Bai Qi, isn't it efficacious now?

The world is in turmoil.

Too many mishaps.

"Can't you?" Jin Penghuang was also very anxious.

"no respond."

Meng Qingyin revived the seven-star fate chart again, the power of fate submerged into the statue, and strengthened the call.

On the southern side.

The battle was fierce and terrifying.

One after another, the powerhouses have fallen, and even some powerhouses have been shaken and want to retreat.

after all.

They believe that the three Bai Qi's goal is the queen, and there is no need to sacrifice themselves because of the queen.

gradually.

Only one-third of the god-turning powerhouse and presumably before.

"hateful!"

Seeing the escaped deity transformation powerhouse, the emperor was furious.

The queen sighed: "Don't blame them, they really don't have to sacrifice for me. God Emperor, you all leave too. Don't worry about me, I can still hide in the heavenly world."

The voice just fell.

All I saw was Wang Jian spit out a jewel.

The bead radiated energy, which solidified this piece of space and seemed to be completely blocked.

"Now, you can't escape, and don't try to hide in the small world. Even if that Ye Fan arrives, it will take some effort to break the blockade."

Wang Jian grinned.

Bai Qi said: "Empress, if you are ready to capture, you can save your life, otherwise, you will all die."

Meng Tian was very straightforward, carrying a spear and killing like lightning, as if he didn't care about everything, he was extremely proud!

Chapter 1404: Kamui

"Xiaofan!"

Meng Qingyi kept calling.

There has been no movement.

This made her anxious.

Jinpenghuang received the news from the God Emperor and said: "The battle situation is very bad, many God Transformation powerhouses fled, and only one-third of the powerhouses such as the God Emperor are left to fight."

"Meng Qingyi, work harder!"

At this point, Meng Qingyi is also a little out of her skills, and she has reached her limit.

at this time.

Under the guidance of the seven-star fate chart, Meng Qingyi's spiritual thoughts entered the statue and connected with the clue of fate.

In a trance, Meng Qingyi saw the underworld, the secret realm, and Ye Fan.

"Xiaofan!"

Meng Qingyi called out.

And Ye Fan seemed to feel that he was being touched by a pair of hands.

Immediately after.

He wakes up.

"Xiaofan!"

"Miss!"

Ye Fan was surprised. He seemed to feel that Meng Qingyi was by his side, but he couldn't find it.

"Come back quickly, Meng Tian and Wang Jian wake up, Lian and Bai Qi, the three of them are in chaos, we can't stop it."

"what!"

Ye Fan was shocked.

Immediately burst into flames.

"Bastard!"

"As a former citizen of Daxia, it is unreasonable to make a mess, eldest sister, I will go immediately."

Yuanshen out of the body.

Ye Fan was instantly attached to the statue.

Meng Qingyi also woke up.

"Ye Fan, go to the First Emperor's Mausoleum immediately, you all come up!" Jinpeng Emperor turned into his body, spread his wings, and stretched for thousands of meters.

Really too big.

However, the statue is also extremely heavy.

because.

The perfect **** statue was created by using countless treasures from heaven and earth.

Jinpenghuang tried his best to tear the void and make a space jump.

at this time.

The battlefield has reached a white-hot stage.

All were badly injured.

"puff!"

Meng Tian shot and pierced Empress Qingluan's body.

"Do not!"

The Qingtian Ancient Emperor was furious.

But in the next second, Wang Jian's halberd came down, almost blasting his jade seal.

"puff!"

The Qingtian Ancient Emperor vomited blood and fell.

Qi Xianzhi's magic weapon, the ancient painting of immortals and demons, was split open by a black big sword from Baiqi.

As a natal magic weapon, it is related to himself. At this moment, the ancient fairy and demon paintings are split, and the consequences are the same as the splitting of the Qingtian Ancient Emperor Jade Seal. Qi Xianzhi suffered heavy losses.

"boom!"

at the same time.

The weird broken sword was shot by the three of them together.

Bombard the Heavenly Furnace.

"what!"

Palace Master Qingluo almost collapsed and fell directly into a deep sleep, dying.

The Emperor God, Queen Asura, Empress and other powerhouses all fell down and were crushed.

above the sky.

Bai Qi, Meng Tian and Wang Jian stood there.

Furious.

The magic power is peerless.

Like a real **** of war.

The warriors of Daqin Xianguo were indeed terrifying.

"Do you know what this broken sword is? This is the sword of Prince Fusu. Unfortunately, it is broken."

"But even so, peerless power can erupt."

"The Great Xia Kingdom does not need to exist, we will look for the Great Qin Immortal Kingdom, and then bring the Immortal Kingdom here."

"We have recovered some memories. We vaguely remember that once His Majesty used his great magical powers to exile the Daqin Immortal Kingdom, buried us in the ancient coffin, put us in the dragon veins, and used the power of the dragon veins to nourish us to ensure that we can survive."

"This is His Majesty's backhand."

"His Majesty is the emperor of the ages, what a stalwart, he will definitely return and rule the heavens."

The three of them fell silent.

The sword, the spear, and the halberd all descended.

"You dare!"

Critical juncture.

Emperor Jipeng came with the statue of Ye Fan.

"Evan!"

"Haha, you are finally here, but unfortunately, the space is blocked and you have to work hard to break it, you can't save them!"

"Break it for me!"

Ye Fan growled.

The sky is shaking, and even the moon in the outer starry sky is shaking.

Punch out.

Crashed.

The space was blocked and collapsed instantly.

"what!"

The three Bai Qi were startled.

Ye Fan's eyes burst into divine light, and with a wave of his hand, he led the Queen and the others to a distance.

"You are killing!"

Ye Fan was extremely angry.

He is now at the peak of his primordial spirit, and his strength is unbelievable, and the primordial spirits of the three of them do not have to be as powerful as him.

And this statue is powerful enough.

At the same time, countless beliefs were accumulated inside, and Ye Fan all burst out just now, and this instantly defeated the blockade.

"Repression!"

No nonsense.

No need for nonsense either.

Ye Fan has already moved to kill.

Although the three Bai Qi are indeed big figures in history, they deal with their relatives and friends.

Then there is no way out.

kill kill kill!

Ye Fan waved his fist, the mountains and rivers rolled back, thousands of miles around, and overturned directly.

"So strong!"

Meng Tian's pupils contracted.

Before Bai Qi said that Ye Fan was very powerful, he still didn't believe it, but now, his face was extremely solemn.

And Bai Qi did not expect that Ye Fan has grown to this point now.

This speed is really too fast.

"Little devil, I really think that you are invincible! This is not your flesh after all, you only have the power of the primordial spirit, how can you fight us!"

White roared.

"Together!"

Meng Tian and Wang Jian also followed suit.

The big knife, the spear and the halberd attacked from three directions; and Ye Fan shouted: "The big avatar technique!"

Swish!

In an instant, two idol clones appeared.

This scene.

Stunning the audience.

The big avatar technique has become so powerful that even gods can be avatars, and there are two more.

"kill!"

The three statues waved their fists in unison.

The magic soldiers of the three Bai Qi were sent flying.

"Open Heaven Axe, come here!"

Ye Fan shouted and summoned the Heaven-Opening Axe.

Swish!

The opening axe came out of the sky and was caught by Ye Fan.

"Fangcun Mountain, the thirty-sixth grade golden lotus platform, the demon pestle, come here!" A **** statue clone shouted.

Three rays of light came and were caught by him.

"Fengshenbang, come here!"

The second idol is summoned.

Although Fengshen Bang did not recognize the master, but at this moment, Peony ran over and fell into the hands of the idol avatar.

besides.

Haotian Mirror, Wuxu Kunding, Fengshentai, Tianbao Yuruyi, Tianbao Jade Hairpin, Sky-Breaking Spear and other magic soldiers are waiting for them.

Ready to be summoned by Ye Fan at any time.

The Queen and the others looked at the battlefield, how majestic and majestic it was.

The three statues held invincibles and sent troops to attack Bai Bai and Wang Jian. The sky was dark and the world shook.

too strong!

Too monstrous!

The Lord of the God Emperor and other ethnic groups clicked their tongues and had to admire Ye Fan, who was truly the son of the world.

"Go down!"

The statue of Ye Fan's body was holding an axe to open the sky, and Bai Qi's chopping was retreating, causing Bai Qi's tiger's mouth to explode with blood dripping.

The whole body will fall apart.

And the idol clone is not so brave, because the clone of the big clone can only inherit up to 80% of the main body's combat power.

but.

With many invincible diseases, it makes up for this defect, and it is also indistinguishable from Meng Tian and Wang Jian.

"Ye Fan, don't be obsessed, stop immediately!"

Drink in vain.

"After all, you are all His Majesty's people. You are here to commit the following crimes, and you are outrageous."

"What we have to do is to find the immortal kingdom of Daqin and lead the immortal kingdom to come. This is the right way."

"For your sake, I can take a step back and let the Queen abdicate, and this matter is over."

The response was Ye Fan's fierce axe.

Bai Qi was smashed and fell, smashing into mountains.

"The past is the past, and the present is the present. You dare to covet the throne of Daxia's monarch. This is the following crime and treason."

"Damn you!"

Bai Qi was extremely angry.

"Ye Fan, you can't fight against me, you can't suppress us, and your primordial spirit is possessed, and there is a time limit, we can completely drag you out."

"Besides, don't forget, there is another guy in the dragon vein, Li Xin, when he recovers, we are four in one, the combat power will skyrocket, the gods will kill the gods and Buddhas to kill the Buddha, you and us are undoubtedly wrong. choose."

Ye Fan screamed and roared: "In that case, I will let Li Xin recover as you wish."

"Open Heaven Axe!"

"Break up the world!"

Ye Fan flew into the air, and suddenly, an axe slashed at the Mausoleum of the First Emperor.

This made Bai Qi and the three thunder angry.

"Bastard!"

"You dare to hack the Mausoleum of the First Emperor, you dare to blaspheme Your Majesty, you are killing yourself!"

Ye Fan didn't care at all.

He waved the Heaven Opening Axe again and slashed towards the First Emperor's Mausoleum.

The interior of the First Emperor's Mausoleum is also turbulent and impermanent.

Many prohibitions burst.

And when the third axe came down, it split the deep space, and the palace was exposed.

"stop!"

The three of them screamed angrily.

However, the two idols made a suicide shot and stopped them, and Ye Fan's original idol waved the opening axe for the fourth time.

"boom!"

However.

This axe did not slash at the palace, but at Meng Tian.

The sudden change caught Meng Tian by surprise.

Long gun rungs.

However, this axe was too heavy, although his spear was no better than a cut, but it hit him on the body.

Meng Tian's invincible body, which had been nourished by the power of the dragon veins for thousands of years, was extremely cracked at this moment.

Two-thirds of his forehead was shattered.

"puff!"

Meng Tian spurted blood.

Inclusion of blood clots.

It was the internal organs that suffered heavy damage, and some even exploded and turned into blood clots.

"Meng Tian!"

Bai Qi and Wang Jian screamed.

No one expected that Ye Fan suddenly changed his mind and slashed at Meng Tian with an axe.

Meng Tian was seriously injured.

This was also Ye Fan's plan. He knew that the palace could not be split open, and his initial goal was Meng Tian.

because.

Ye Fan saw that Meng Tian pierced the body of Empress Qingluan with a shot, which made him very angry.

"Ye Fan, you are courting death!"

"It's you who died."

Ye Fan was ferocious, Meng Tian was seriously injured, and he had almost no fighting power. Now only Bai Qi and Wang Jian were left.

at this time.

The two statues of the gods rushed over, and then exploded.

"what!"

Bai Qi and Wang Jian were drenched in blood.

The three were extremely miserable.

"Ye! Fan!"

The three roared angrily.

Suddenly, the whole world turned into black energy, the demons danced wildly, and your strange aura and power descended.

moment.

Shocked the three of them.

"what!"

The three of them were bleeding.

This change made Ye Fan feel alert; he only saw a handsome young man emerge from the monstrous black air.

"The Lord of the Demons!"

Ye Fan recognized it.

Mo Xiantian said: "I used the Great Magic of Heavenly Demons to Disturb their Hearts, causing them to be chaotic for a short time, and their Primordial Spirit was injured.

Chapter 1405: redemption

Mo Xiantian suddenly appeared and attacked Bai Qi and the three of them, which Ye Fan did not expect. Moreover, Mo Xiantian was already a peak powerhouse of God Transformation.

Ye Fan secretly guarded.

But at this moment, he did not hesitate to start with the three of them.

"Fangcun Mountain!"

Once, Taixutian's old dragon said that Fangcunshan needed the help of Jinliantai in order to exert its real power.

At this moment, the thirty-sixth grade Golden Lotus Terrace is there.

The two complement each other.

Fangcun Mountain was transformed into a thousand times the size and descended from the sky, carrying a terrifying repressive power.

at the same time.

Fengshentai also suppressed it, carrying the power of the seal.

"Mantra!"

Ye Fan launched a mental attack.

How terrifying the power of his primordial spirit is now, and the mental attack is even more unimaginable.

Six golden characters appeared and killed the past.

The three Bai Qi finally woke up.

They were furious to the extreme, and there was a powerhouse from the Demon Clan, which disturbed their minds.

"not good!"

The suppression of Fangcun Mountain and Fengshentai caused the three to move slowly, and the six-character mantra had already arrived.

Roar!

The three roared in unison.

Great Roar.

Sangu's super-strong mental attack impacted the six-character mantra, and three of the big characters were wiped out.

But there were still three big characters that came to the three of them.

"what!"

The three of them screamed in agony.

Qiqiao bleeds again, looking very embarrassed.

"kill!"

Wang Jian roared.

The blood spurted on the broken sword, and then threw it out, only to see that the broken sword seemed to come alive, and it was brilliant.

In that endless brilliance, there seems to be a phantom shadow.

That phantom, wearing a flat crown, is majestic and sacred.

It was not the first emperor, but the prince Fusu.

"call out!"

Broken sword to kill.

Ye Fan and Mo Xiantian shot together to fight against Broken Sword.

And at the same time.

The three Bai Qi quickly rushed to the palace.

"Want to escape!"

Ye Fan roared.

Open the sky axe in the past.

"when!"

Bai Qi turned around, and the black big knife confronted the Kaitian Axe. However, he is not seriously injured now. Where is your opponent, Ye Fan.

The split chest split open.

"go!"

Wang Jian grabbed Meng Tian with one hand and Bai Qi with the other, madly rushing towards the palace.

The innate but ghostly class appeared in front of them and smiled lightly: "Three, stay."

"Tianmozu, you also want to travel in this muddy water."

"I want to try."

Mo Xiantian was very calm, and a magic flute appeared in his hand, blowing it.

The devil is heartbroken.

In an instant, Wang Jian and the three encountered a shock, as if they had penetrated deep into the quagmire, and it was very difficult to break free.

The statue of Ye Fan stepped out.

coming.

He punched Wang Jian with a punch, causing Wang Jian's head to bleed.

"hateful!"

Wang Jian was burning with anger, worried and helpless.

Now Bai Qi and Meng Tian are seriously injured, and they don't have much fighting power. He alone cannot fight against Ye Fan and the Lord of Demons.

Can only delay.

When Ye Fan's time is up, he leaves the earth and returns to the underworld; then, there is only one lord of demons left, which can be dealt with.

Ye Fan also knew that the time limit was coming.

He shot again, no matter what, he had to kill one or two.

"not good!"

Feeling Ye Fan's powerful attack, Wang Jian's expression changed; however, he was entangled by the innate demons, and it was absolutely impossible to avoid and fight against Ye Fan's attack.

"Die!"

Ye Fan showed no mercy.

An axe fell.

Wang Jian's eyes were splitting, but he refused to admit defeat.

Looking straight at the splitting axe, he was not afraid, and he was even fighting frantically.

"Have mercy and forgiveness."

When life and death were at stake, a sigh came from the palace.

"Everything is empty!"

"Retreat!"

When the words fell, it seemed that there was a mysterious force driving, Ye Fan and Mo Xiantian were all forced to retreat.

Wang Jian's crisis resolved.

I only saw that a middle-aged man appeared on the palace wall of the palace, wearing a Taoist robe, standing with his hands behind his back.

"Prime Minister!"

Wang Jian was overjoyed.

Ye Fan's eyes flickered, and Wang Jian actually called the middle-aged masculine prime minister, which means...

That person is Li Si!

"Hahaha, I didn't expect you, Prime Minister, to be buried in the palace by His Majesty. It's really gratifying to congratulate you."

"return."

Li Si beckoned.

He led Wang Jian and the three into the palace.

Afterwards, he looked at Ye Fan and said lightly, "Ye Fan, let's leave today's affairs here, and I can guarantee that the three of them will not attack you again."

Ye Fan said coldly, "How can you guarantee it!"

"I am Li Si, the Prime Minister of the Great Qin Xianguo. His Majesty is not here. I am the head of civil and military affairs. Of course I can guarantee it."

Sure enough, it was Lis.

Ye Fan said: "I want to know how many people the First Emperor buried, besides Li Xin who did not recover, are there other people?"

Li Sidao: "The secret cannot be leaked."

Ye Fan sneered: "If you start, you will fight, and now it will end when you say it's over. It's not that easy."

Li Si frowned and said, "You still want to fight? However, it seems that you can't break into the palace at all."

Ye Fan said: "Don't worry, I will enter the palace, you can wait."

"Then, wait and see."

Li Si waved his hand lightly, the space healed, and the Mausoleum of the First Emperor returned to its original state.

Mo Xiantian said: "It's really wonderful, Daqin Xianguo, it's really interesting."

Ye Fan looked at Mo Xiantian and said, "Lord of the Demons, you'd better not act rashly."

This is a warning to the Lord of the Demons not to make trouble.

Demon Xiantian is the pinnacle of God Transformation, and he is a demon, strange and unpredictable, good at mental attack, and he may even be controlled by Demon Xiantian without even realizing it.

Such a strong man is terrifying.

Mo Xiantian smiled and said, "I'm not interested in fighting, I have my own business."

"So much the better."

Ye Fan left.

His time is coming.

Emperor Jinpeng took him back to the World Passage.

Ye Fan urged: "I want to return to the underworld, everyone be careful and beware of the innate demons. As for Li Si and the others, they should not come out for the time being, after all, Bai Qi and Meng Tian are seriously injured. I have already found a way to leave the underworld and self-salvation. Luzi, wait for me, it won't be long before I return!"

Everyone was overjoyed.

This battle can be described as tragic.

Many god-turning powerhouses have fallen, and many creatures of various races have also been slaughtered, and the southern border has turned bloody.

There.

has been turned into a restricted area.

No one dared to enter the First Emperor's Mausoleum anymore, they all knew that there was the territory of Li Si, Bai Qi, Meng Tian and Wang Jian.

Heavenly World.

Su Muyu was rescuing Qingluan and Zhuque. Both of them were seriously injured, especially Qingluan, who was stabbed through the body by Meng Tian.

in addition.

Palace Master Qingluo was beaten and fell into a deep sleep.

Everyone needs to recover well.

...

Underworld.

In the secret realm, Ye Fan recovered step by step, and now, his legs have grown flesh and blood.

And, the speed is accelerating.

"At this rate, within a year and a half, I will be able to regain my life and completely restore my body."

Ye Fan was very excited.

This time is not long.

and.

Now that the flesh and blood of his limbs are growing, he can already feel the strength. He doesn't know how powerful his Heavenly Tyrant will be after he can completely recover.

only.

The only thing Ye Fan worried about was that the seedlings of the World Tree had never grown. This was a clue to leaving the underworld, and it had been left intact, which was really a headache.

time flies.

A year later, outside the secret realm.

Countless strong people gathered.

Headed by the strong skeleton clan, the high priest, the nine commanders and many generals, as well as Adou.

They are waiting.

Sudden.

Secret tremors.

A monstrous qi and blood rushed out from the secret realm, shocking and terrifying countless creatures.

Soul Emperor's scalp was numb.

This qi and blood, mixed with the breath of the most yang and strong, shivered in the soul that hit him.

Ye Fan, how powerful are you!

Countless eyes were staring at the secret realm, and at this moment, a tall, handsome and mighty man came out.

It's not who Ye Fan is!

this day.

His physical body has completely recovered, faster than expected.

Ye Fan stood proudly.

His body is too perfect.

Everything in the past has been restored, the sky is the dominant body, the blood of yin and yang...

and.

There is a huge breakthrough.

for example.

Ye Fan's celestial hegemony had already reached the terrifying ninety-ninth level, and he almost reached the hundredth level.

The yin and yang blood vessels were unsealed for the fourth time.

For the first time, Ye Fan obtained the Yin-Yang Heavenly Eye.

The second time, Ye Fan obtained the bloodline supernatural power, the yin and yang life and death map.

For the third time, Ye Fan activated the secret art of blood vessels, the yin and yang lock.

And this fourth time.

Ye Fan didn't gain anything, but his bloodline power was much stronger than before.

The magical powers that were displayed were even more terrifying.

in addition.

It is worth mentioning that the surging power of yin and yang makes the source of Jiuyang Divine Physique and the source of Tyrant Physique merge.

This is also why, the Soul Emperor felt the aura of the most yang and the most powerful.

Now.

Ye Fan's physical body is not only the Heavenly Tyrant Body but also the Nine Yang Divine Body, which is perfectly integrated to master some methods and effects of the Nine Yang Divine Body.

"boom!"

The tiger body trembled.

In the surging blood, nine suns suddenly appeared.

Reflect everywhere.

At this moment, all the creatures bowed their heads, and they were impressed by Ye Fan's power.

This is the Underworld Emperor!

This is the Emperor!

True to its name.

Crash.

Countless creatures, countless gods and powerhouses pay their respects.

"See Emperor Ming!"

"See Emperor Ming!"

The sound was wave after wave, like a mountain and a tsunami, magnificent and unparalleled.

Ye Fan's condition has never been better.

He now feels that if he returns to Earth, he will be able to vomit blood from Bai Qi with one punch.

"Everyone, thank you for your support. You can rest assured and follow this emperor. This emperor will never live up to your expectations."

"I will lead you out of the underworld."

After Ye Fan finished speaking, all the clansmen dispersed.

Only the strong skeletons are left.

"High priest, I have completed my self-redemption. Here, I thank you again."

Ye Fan bowed deeply.

The high priest nodded in admiration and said with a smile: "It doesn't have to be so, I'm also very proud, I just hope that you will find a way to leave the underworld next. You are now at the pinnacle of divine transformation, and you are already a bottleneck, and you cannot break through in the underworld."

Ye Fan said: "The seedlings of the world tree have not changed, which is really a headache."

But the high priest said: "It is possible, the world tree seedling is not the key to leaving the underworld."

"Oh?"

Ye Fan's eyes flashed.

He was thoughtful, and suddenly an electric light flashed in his mind, rushing into the secret realm...

Chapter 1406: The passage out of the underworld

Ye Fan came to the center of the secret realm and looked at the World Tree seedling. Immediately, his eyes fell on the rotten tree stump at the seedling level.

That is, once the root of the world tree.

cut off, left behind.

After countless years of evolution, a new world tree seedling was born.

For a long time, Ye Fan's focus has been on the seedlings. Just now, after the on-demand broadcast by the high priest, Ye Fan discovered that this tree stump is the awesome existence.

How can it not be awesome to be able to breed new world tree seedlings!

"Small seedlings, growing here, it is better to grow in my body. My body once merged with the soil, which is very suitable for you to take root and survive."

Ye Fan muttered to himself.

He has to make a big decision. This decision is likely to destroy the World Tree, but now he must try it.

That is, dig out the seedlings and transplant them into their own bodies to take root.

There are two dangers in doing this. The first is what I just said, which may destroy the seedlings. The second is that Ye Fan may also be in danger.

Because, if the transplant is successful, if the World Tree seedling madly absorbs Ye Fan's bloodline origin, the consequences will be unimaginable.

After careful consideration.

Ye Fan decided to give it a try. He carefully dug the seedlings and found that the roots of the seedlings were very deep.

The palm-sized seedling has a root system that is thousands of meters long. It is indeed a world tree.

During the excavation process, the seedlings kept swaying, spraying with rich spiritual energy, and flashing with a faint brilliance.

Fortunately nothing happened.

Finally, Ye Fan dug out all the root systems of the seedling. The main root was 3,000 meters long, and the other roots were countless, and the shortest was 800 meters.

To know.

It's still a seedling.

As it grows, the root system will only grow and grow.

rumor.

In ancient times, the roots of the World Tree spread to the heavens and the world. It seems that this is not a lie.

Thinking of so many roots rooted in his body, Ye Fan's scalp felt numb inexplicably.

But things have come to this, can only let go.

"come on!"

"Great Reincarnation!"

Gradually, the seedling entered Ye Fan's body, and in an instant, Ye Fan could clearly feel that the whiskers spread across the limbs, and took root in every part of the body.

The seedlings are entrenched in the source of blood.

Ye Fan blushed.

Because the aura of the World Tree was very strong, causing Ye Fan's body to swell up.

The world of bitterness begins to fill up.

"readily!"

Ye Fan felt the owner's endless energy.

He couldn't stop laughing.

The seedlings of the World Tree have not disturbed and are very stable, which is really a good thing.

"In this way, I may become a perpetual motion machine, and the World Tree will give me a steady stream of energy."

"very good!"

Ye Fan was very satisfied.

He looked at the tree stump and studied it carefully.

A few days later, some clues were finally found, and Ye Fan found that this tree stump might be a secret space.

only.

It's hard to open.

Ye Fan summoned the high priest.

Because the world tree seedling disappeared, there is no obstacle here, and it can come to the central area.

"You swallowed the seedling?"

"The transplant went into my body, it was very stable, and there was no change."

The high priest said: "That's a good thing, but you need a place to prevent the seedlings from sucking you dry in the future."

"I have it in my mind."

Evan nodded.

The high priest's eyes fell on the tree stump, and he pondered: "It's really weird, this is a major clue, you can know everything when you open it."

Ye Fan and the high priest sat down on the left and right of the tree stump, and they communicated and studied.

Time flows like water.

half year later.

Finally, the secret realm was sensational and collapsed directly.

The stump is presented.

On both sides of it, Ye Fan and the high priest shot and tore a hole, and a desolate atmosphere permeated it.

"It looks like an ancient road!"

Ye Fan was excited and said with a smile: "Could it be that it is the passage out of the underworld?"

Everyone was so excited to die.

gradually.

Many strong people heard the news.

Under the arrangement of the high priest, the powerhouses at the peak of God Transformation took action and left more and more.

"not enough!"

Ye Fan shouted.

The powerhouse in the late stage of God Transformation took action, and the powerhouse in the middle stage of God Transformation also shot.

Not eligible to participate in the initial stage.

"Boom."

Finally, the space crack was already one meter wide, and the entire underworld seemed to be shaking.

This phenomenon shows that Ye Fan and the high priest guessed well. Nine times out of ten, this passage is the way to leave the underworld.

This news made all the strong men excited.

Ye Fan, Lord Ming Huang, actually found a way out of the underworld.

Oh my God!

Truly the son of destiny.

Creatures of all races pay homage to them with incomparable piety.

The endless power of faith gathered and blessed Ye Fan. At this moment, Ye Fan broke out in an all-round way, screaming more and more.

"Ahhhh!"

"Open it for me!"

Ye Fan's robe exploded, and the veins all over his body burst out, and the speed of the hole was increased.

Three meters!

Five meters!

Ten meters!

100 meters!

km!

Finally, when it expanded to 10,000 meters, it stopped just now.

Ye Fan gasped.

All the creatures looked straight at the deep passage, their faces were full of excitement, and their bodies were shaking with excitement.

a long time.

Everyone gradually calmed down.

Ye Fan took a deep breath and said, "Although I'm sure this is leaving the underworld passage, it's all speculation if we don't go for a while, and we don't know what crisis there is."

The whole place was silent.

Ye Fan continued: "In the underworld, you can cultivate to the peak of spiritual transformation. Therefore, I suggest that those below the peak of spiritual transformation should not be involved. You still have room for improvement. When you reach the peak of spiritual transformation, you are on this path. ."

"Of course, some geniuses and monsters, who are very confident in themselves, can also join."

"I don't limit your freedom, nor do I interfere with your decisions. I just hope you will consider it carefully. Because, after taking this road, no one can predict what will happen."

Ye Fan's words are very pertinent.

"Seven days."

"I'll give you seven days to think about it and make arrangements for ethnic affairs. After seven days, those who want to leave with me, gather here."

"Now, it's all gone."

After Ye Fan finished speaking, he returned to the Underworld Temple and summoned the strong skeletons.

The high priest, the nine commanders, A Dou, and some high-ranking generals were all present.

"What do you think?"

Everyone was silent.

Ye Fan said: "If you don't say it, let me tell you. First of all, the high priest must leave. After all, the high priest is approaching your deadline, and you must leave the underworld to seek a breakthrough."

The high priest nodded.

"As for the commander, you are all at the peak of God Transformation, but if you all leave, there will be no peak powerhouses in the Skeleton Race."

"I suggest that you keep a few."

The nine commanders were thoughtful.

Ye Fan looked at Adou.

"A Dou, you have experienced Zu Xing, and I personally recommend you not to go there for the time being. Besides, you are only in the middle stage of God Transformation."

"The most important thing is that if we encounter an accident, you can still stand up. You are the most orthodox controller of the skeleton clan. In addition, I have planted your spiritual imprint in the origin of the underworld."

"what!"

Adou shook.

Ye Fan said: "If something happens to me, if you try to go to the source, you may be recognized and become a new generation of emperors."

The high priest and other skeleton powerhouses were moved.

Immediately pay homage.

Ye Fan smiled and said, "You're welcome, this is what I should do. I can survive thanks to your help. I hope you can consider my arrangement."

three days later.

Everyone made a decision.

On the Skeleton Clan's side, the high priest left, the nine commanders left four, and the five followed Ye Fan.

Adou naturally stayed.

In addition, several generals in the late stage of God Transformation also decided to follow.

There's nothing wrong with this arrangement.

Gradually, the various clans have been arranged, and more and more creatures rushed to the passage.

Arrived in seven days.

Ye Fan came with the high priest and the others.

Glancing at it, my good fellow, there are fifty-six gods at the peak of the gods who are going to leave, and there are some in the early stages of the incarnations who are not afraid of death.

Incredible!

This is simply a force that is enough to sweep the starry sky.

Ye Fan was overjoyed.

However, there are also some concerns.

These guys leave the underworld and come to the earth, and they will definitely not listen to him. Only the skeletons can be trusted.

Therefore, Ye Fan needs to prepare in advance.

certainly.

He won't let these powerhouses swear allegiance to him, so no one will agree.

"Everyone!"

"I admire your courage. Since you have decided to follow me away, you will be responsible for everything that happens. Even if you fall into the passage, don't blame others."

"in addition."

"What I need to remind is that if we can successfully walk out and come to Zuxing, I hope you don't do anything wrong, otherwise, the consequences will be at your own risk. Don't forget, I am the Emperor of the Underworld, and your group is still in the underworld."

Ye Fan's voice was fierce.

This is a warning.

The powerhouses of the various clans have a heart, and immediately said in unison: "Follow the orders of the Emperor Ming!"

Ye Fan said: "I hope you don't let me down, so now, let's start."

From far away places, the creatures of various races came to send them off.

"Congratulations to the Emperor Ming!"

"Congratulations to the clan master!"

"Congratulations..."

Those creatures, pay homage.

Ah Dou also came, watching Ye Fan and the others entering the deep passage.

Soon, the team disappeared.

"all gone!"

Adou sighed.

"I hope they can reach Zuxing smoothly and safely. I will also work hard and cultivate to the peak of God Transformation as soon as possible."

"By the way, set up an enchantment here, so that no one can get close to it, let alone destroy it. Waiting for the news of Emperor Ming and the others, if they can successfully get out, then open the enchantment and fully open the channel."

the other side.

Ye Fan took the lead and led everyone into the passage. It could be said that he flew down three thousand feet and fell madly.

That's right.

is falling.

They can't fly, they have mysterious power, and they are forbidden to fly.

The speed of the fall is increasing.

If it hits the ground, even the strong ones can't stand it, and some weak ones will fall into blood.

"Ming Emperor!"

Those creatures in the early and middle stages of God Transformation screamed in horror, crying for help.

"Ocean of Spiritual Qi."

Fortunately, Ye Fan has the means.

In the sea of bitterness, the stored spiritual energy surged out and turned into an ocean, setting off everyone.

finally.

Fall speed slowed.

I don't know how long it took, and finally landed. In the sight, there was a desolation, there was only one avenue to the sky, it was extremely wide, and I didn't know where it led...

Chapter 1407: hell world

"Go."

Ye Fan glanced at everyone, then walked ahead.

Everyone is on high alert.

This ancient road is desolate and ancient, and it is dead silent.

Incredibly creepy.

However, after walking for a few days, I found that there was no danger, and everyone became more courageous.

They took out some magic weapons, such as space warships and the like, and galloped on the ancient road.

Time flows like water.

These days are very monotonous and boring.

The ancient road is desolate and dead, without any living beings, and there is no danger.

finally.

One day, something strange happened.

"Lord Ming Huang, a strange force appeared in front of you, the battleship at the front turned into nothingness, and the god-turning powerhouses above also fell."

Ye Fan was shocked.

This is the first time an accident has occurred.

He went immediately.

In front of the ancient road, there is a strange power that pervades him, and he has a sense of familiarity.

"The power of nothingness!"

Ye Fan was surprised.

The queen can use the power of nothingness when she wins the Man'er Void Body.

The power of nothingness here is too much, permeating the entire ancient road, and it is certain that the deeper it is, the more powerful and powerful the power of nothingness is.

Trouble!

Ye Fan walked towards the power of nothingness and felt it.

At this stage, the destruction of the power of nothingness is not enough to hurt Ye Fan.

Soon.

Ye Fan returned and said solemnly: "The strength of this power of nothingness increases with the depth of the distance. I speculate that when we go three thousand miles deep, the power of nothingness at that time cannot be tolerated at the peak of our spiritual transformation. At that time, the power of nothingness was unbearable. I don't know how far it spreads, maybe it's more than three thousand miles away, or maybe not three thousand miles away."

The high priest said: "Let's go and see first."

"Can."

Ye Fan nodded, and the other powerhouses waited in place.

When advancing a thousand miles, it began to have a lot of influence and damage on the peak of the gods, and Ye Fan and the high priest began to break out.

About two thousand miles.

The high priest was a little tough.

Ye Fan was better, he used a great body protection technique, filled with the power of qi and blood, enveloped the high priest, and advanced five hundred miles again.

"no!"

At this time, Ye Fan could no longer protect the high priest. The high priest's skeleton body was shaking, and it seemed that he would turn into nothingness at any time.

And Ye Fan was also very uncomfortable.

The yin and yang eyes opened.

No end in sight.

The power of nothingness spreads endlessly.

"Go back."

Ye Fan sighed.

Seeing them returning without success, everyone's faces were all stunned.

Unable to traverse this void, unable to move on, is this the end!

Unwilling!

Deep dissatisfaction!

Ye Fan looked at the power of nothingness, and suddenly, he had a bold idea.

The world tree seedlings represent vitality, and nothingness represents destruction. I wonder if the world tree seedlings can stop the power of nothingness.

"I'll try again."

Ye Fan walked into the power of nothingness alone.

He quickly rushed to a place about two thousand miles away, and immediately went to shake the seedling of the bloodline origin.

But can't shake it.

Seedlings are deeply rooted and rooted in the body.

"Come out, boss."

Ye Fan called.

However, the seedling is sitting firmly on Mount Tai.

This made Ye Fan speechless.

However, although the existence of the world tree seedlings did not give birth to spiritual wisdom, it was somehow psychic.

Therefore, Ye Fan kept calling.

after one day.

I don't know if the World Tree seedlings were agitated, blooming with gorgeous colors and rushing out of Ye Fan's body.

Immediately.

The power of nothingness was forced back.

Ye Fan was overjoyed.

He moved on.

Two thousand five hundred miles, no problem!

Three thousand miles is no problem!

Four thousand miles, no problem!

finally.

Ye Fan came to five thousand miles, and finally, he walked out of the area covered by the power of nothingness.

"it is good!"

It was a success, and Ye Fan was very pleasantly surprised.

"The big guy is awesome!"

Ye Fan praised.

He returned, greeted, and brought all the strong into the power of nothingness, and the light was enough to cover all.

Five thousand miles away, there is no danger.

It finally came.

"The Underworld Emperor is mighty!"

"The Underworld Emperor is mighty!"

The powerhouses were convinced by Ye Fan's methods.

He was even more afraid of Ye Fan.

Careful thought is gone.

Even the arrogant Soul Sovereign admired him extremely.

"Keep going!"

Ye Fan's confidence greatly increased.

It didn't take long for the second level to appear. There was a dead silence here, and it was able to swallow the energy of the human body.

Can't stop it.

After a while, several monks in the early stage of God Transformation were drained of their energy and turned into mummified corpses.

"The sea of spiritual energy!"

Ye Fan shouted.

The gushing spiritual energy of the World Tree seedlings spread out and enveloped all the monks. He shouted: "Everyone, don't resist, I will take you to accelerate out of this area."

"Great Teleportation!"

"Great Hurricane!"

"God's magic!"

Ye Fan's speed climbed to the extreme.

Become a streamer.

With all the cultivators, he rushed out of this area frantically. It was incredible, this area was 30,000 miles long.

In the end, Ye Fan couldn't take it anymore.

but.

Everyone also had some resources, and angrily took out the spirit stone and burned it on the spot, the energy was surging, covering the whole body.

Final safe clearance.

Next.

Ye Fan's team then encountered three levels in a row. Although there was a little loss, they all passed smoothly.

it's here.

There is no concept of time.

I don't know how long it took, but in the end, Ye Fan saw that there was light ahead.

"The end!"

Everyone shouted excitedly.

but.

The more you get to this moment, the more you can't get carried away.

After passing through this road, everyone was completely convinced by Ye Fan. During this period, Ye Fan even sacrificed himself to save some victims in the crisis of serious injury.

It can be said.

Now Ye Fan's prestige is very strong.

Everyone twisted into a rope.

Under the leadership of Ye Fan, everyone walked cautiously, with a high degree of vigilance, and maintained a combat state at all times.

close!

Getting closer!

Sudden.

Ye Fan's eyelids twitched wildly, a faint strange breath came from Mimanman, and his hair stood on end.

"not good!"

"This breath..."

Ye Fan hurriedly used the Great Purification Technique and the Great Dispelling Technique.

Finally out of the channel.

They appear in a strange world.

"what!"

Someone screamed.

Because there is no way out.

The ancient road disappeared, and they entered this strange and strange world.

This is not good news.

Could it be that from the cage in the underworld, I came to a new cage.

"Strange mist!"

"Let's get close, don't get caught in these mists, it's very scary."

Ye Fan's face was extremely solemn.

Unexpectedly, it is really unfortunate to come to a world infested by misty red hair.

"Roar!"

at this time.

A roar resounded through the sky.

Immediately after.

The tyrannical breath came, and in the mist, a huge phantom appeared, which immediately turned into reality. ,

"Ghost Lord!"

Ye Fan was shocked.

"Here, the **** world!"

"Roar!"

The response is the ghost master lore.

However.

The current Ye Fan is no longer the Ye Fan he used to be. Although the ghost master is the pinnacle of God Transformation, it is still not enough to see compared to Ye Fan.

"Repression!"

Daoquan, the ghost master will fly.

Blood spurted.

"Repression!"

Ye Fan is another big seal.

Just when he was about to suppress and seal the ghost master, a sword light pierced the sky and split the mist to come.

Destroy the power of the Great Seal.

"The Promise Sword Master!"

the other side.

The waves were surging, and the Lord of the Vast Sea also appeared.

The peak of the three gods.

But, useless, not enough to see.

Not to mention that Ye Fan can deal with it alone, there are still a group of peak gods behind.

"It came just right!"

Ye Fan laughed and gave up the ghost master, but went to suppress the master of the vast sea, because this woman is a practitioner of the Black Emperor's water magic.

Ye Fan now lacks the Black Emperor's water magic.

The White Emperor Golden Magic, when he was on Earth back then, the Heaven and Earth Demon Ape beheaded the Lord of Platinum, and he was able to arrive.

It was then passed on to the Queen.

Later, the queen passed it on to Ye Fan.

That is to say.

Ye Fan now has the Red Emperor Fire God, the Green Emperor Wood God, the Yellow Emperor Earth God, and the White Emperor Gold God.

The last Hei Di water magic is missing.

As long as you get it, the Five Elements Divine Art will gather together, and there is hope to cultivate the Five Elements Divine Body.

Until then.

For Ye Fan's body, the discount skyrocketed.

Truly invincible.

Obviously, the three guys of the ghost master are all contaminated by red hair, and they have already confused their minds.

"Bang!"

Facing Ye Fan, any attack by the Lord of the Sea is useless, it is completely crushing, not on the same level.

"puff!"

three seconds.

The lord of the vast sea was severely injured and turned into a wave of water, trying to escape, but where could he escape from Ye Fan's palm.

Suppressed and sealed on the spot.

the other side.

The high priest suppressed the Wuji Sword Master.

The Soul Emperor also suppressed the Ghost Lord.

"seal!"

Ye Fan also sealed the Wuji Sword Master and the Ghost Master.

Subsequently.

Find a base.

There are 30 million ghost soldiers here.

"Kill them all."

Ye Fan ordered.

No way, these ghosts are all polluted and must be killed, otherwise it will bring disaster to other worlds in the future.

certainly.

Ye Fan is also not interested in killing all the creatures in the entire **** world, he doesn't have the time.

After finding a super battleship, Ye Fan spent three days purifying all the super battleships.

There is no dark fog and red hair pollution, so everyone can enter.

The stance battleship left the **** world.

The vast starry sky.

Looking back, the entire **** world was dark and roaring non-stop.

Hell is abolished.

As time goes by, many big worlds will be polluted by the strange mist, and more and more big worlds will be abolished.

"What kind of breath is this?"

The high priest and other monks were shocked.

They sensed the horror of the mist.

"I don't know, I only know that it will pollute the living beings. This mist spreads in the starry sky, which is a scourge."

Ye Fan sighed.

Immediately, he purified the red fur for the Ghost Master, the Wuji Sword Master, and the Master of the Vast Sea.

This is a painful process.

"what!"

They struggle like crazy.

Grimly growled.

However, the presence of the peak group of gods, no matter how they struggled to break out, it would not help, and they were suppressed to death.

Super warriors are flying in the stars.

Make a wormhole jump and rush to the ancestor planet Earth.

seven days.

The ghost masters and the others finally completed their evolution. There were many red hairs in the depths of the primordial spirit, and they also lost their power. They were all forced out by Ye Fan's great dispelling technique.

"What's wrong with me?"

The ghost master woke up first.

However, his Yuanshen and body were seriously injured, and his speech was weak.

"Ghost Lord!"

"Ye Fan, it's you!"

The ghost master was shocked.

The sword master Wuji and the master of the vast sea also woke up, and when they saw Ye Fan, they were terrified.

Ye Fan told them the reason.

The three ghost masters looked at each other with complicated expressions, but they didn't expect Ye Fan to save them.

"I'm too lazy to talk nonsense with you and save you. I just think that you may be useful in the future. Don't think that I will let you go, and you will become my prisoners."

"Now, Lord of the Vast Sea, give me the Black Emperor's Water Divine Art."

"Don't say nothing, you, you don't have the qualifications to negotiate with me!!"

Chapter 1408: The Great Perfection of the Five Elements

"Ye Fan, what do you want my cultivation method to do, it's of no use to you."

"puff!"

A commander of the skeleton race, the bone spur in his hand pierced through the Lord of the Vast Sea.

"If you give it to you, give it to you, how can there be so much nonsense!"

The handsome man shouted angrily.

The Lord of Vast Sea was terrified, and this bone spur was actually consuming the essence of her life.

This is also the talent of the water skeleton tribe.

Their bone spurs can absorb the life essence of the enemy, and they are also the strong foundation of the skeleton tribe.

"I give!"

The Lord of the Seas no longer dared to hesitate, and passed on the Heidi Water God cultivation method to Ye Fan.

"High priest, the coordinates of the ancestral star have been entered, the next step is to keep jumping in space and leave it to you to preside over."

"rest assured."

Ye Fan entered the secret room.

Immediately began to practice the Black Emperor Water Magic.

a day.

Water spirit was born.

"Fire spirit!"

"Wood spirit!"

"Earth spirit!"

"Golden spirit!"

The other four breaths were also released.

Immediately.

In front of Ye Fan, a pattern of the five elements of mutual growth and mutual restraint was formed, slowly rotating.

"Finally all gathered."

Ye Fan was very satisfied.

However, it is not so easy to cultivate the Five Elements Divine Body with the help of the Five Elements Divine Art.

but.

Now that Ye Fan's five elements are complete, the spirit of the five elements is constantly circulating in his body, and he is also subtly improving Ye Fan's body, making Ye Fan's body stronger all the time.

Simultaneously.

The spirit of the five elements also allowed Ye Fan to master the elements of the five elements, which are the most basic elements between heaven and earth.

Ye Fan found out.

My sense of heaven and earth is clearer and sharper, and it is easier and stronger to use the general trend of heaven and earth.

Simultaneously.

He can even influence things with the attributes of the five elements.

This is terrifying.

You must know that there are five elements in many things between heaven and earth, and Ye Fan also masters the power of yin and yang.

Stacked two by two.

Good guy, Ye Fan's methods can affect almost all living beings.

Ye Fan can predict that his future will become more and more terrifying. Now he is at the peak of God Transformation. Next, he will prepare to breakthrough to the next realm.

Time flows like water.

In a blink of an eye, there is still some distance from the ancestor star, and a wormhole jump is still required.

at this time.

The earth has also undergone a lot of changes.

In the past two years, many strong people have appeared again, and the strength of the various clans has been steadily improving.

This is the Tianzun Temple.

All the sisters have also been promoted to gods.

The Queen is the pinnacle of God Transformation.

Seventh sister Fang Rui's power of primordial spirit is also extremely terrifying, reaching the peak level of divine transformation, which is all thanks to the light brain of technology.

With the improvement of the realm, the help of the scientific and technological light brains to Fang Rui is increasing, and at the same time, the power of the scientific and technological light brains has gradually emerged.

Now.

Technology optical brain can also be regarded as a major killer.

Fang Rui immediately used technology and brains to fight against the heaven and earth magic ape, but she didn't fall behind.

Heaven and Earth Demon Ape has long existed at the pinnacle of God Transformation.

this day.

The palace welcomed an important person.

Dragon Girl.

What shocked the queen and others was that the dragon girl actually existed at the peak level of **** transformation.

This speed is simply insane.

The arrival of the dragon girl has only one purpose, that is, to seize the ancient dragon veins under the Mausoleum of the First Emperor.

"This matter is no trivial matter. You must know that there are Li Si, Bai Qi, Meng Tian, and Wang Jian in the First Emperor's Mausoleum. Then Li Xin does not know if he has recovered. In short, the peak strength is not bad. Moreover, they control the First Emperor's Mausoleum, we To attack, it is as difficult as going to the sky."

The queen shook her head, thinking that the dragon girl was delusional.

However, the dragon girl said: "Our peak strength is not weak, you and I, the demons of heaven and earth, and then call the **** emperor, queen Shura and other powerhouses; Jiu Jianxian, Qingluan Vermillion Bird, Qi Xianzhi and other fairy mountain powerhouses are now also It is in the late stage of God Transformation, and it also has peak combat power, adding up, we are enough to suppress Li Si and the others!"

"By the way, there is also Fang Rui. Her technological brain is strong enough, and her mental attack is extremely terrifying, and she can sneak attack secretly."

"It's okay to give it a try."

The queen frowned and said, "The ancient dragon veins are rooted under the palace. How can we capture them? Could it be that we occupy the Mausoleum of the First Emperor?"

The dragon girl smiled and said, "That's not the case. My dragon-seeking disk is a treasure. Now the power is gradually unfolding, and the ancient dragon veins can be directly collected."

At this time.

Heaven and Earth Demon Ape descended.

The queen informed him that he was here, and she knew what it was for. To deal with the First Emperor's Mausoleum, and to get rid of the group of people in vain, Heaven and Earth Demon Ape was very happy.

Back then, in the Mausoleum of the First Emperor, Bai Qi almost killed him.

This hatred has always been remembered by the Heaven and Earth Demon Ape.

"If you take away the ancient dragon veins, then don't we make a wedding dress for you in vain?"

"I can make a promise to share the dragon veins with you."

"Hmph, this guarantee is useless. Even if you make an oath of heaven, it's useless. There are many ways to deceive heaven."

Long Nv said: "We have experienced life and death together once, don't we have any trust? Take another 10,000 steps and say, even if I swallow the dragon veins alone, don't you also get the First Emperor's Mausoleum."

The Queen said: "It's not that easy to take down the First Emperor's Mausoleum, unless you kill Li Si and the others."

"Why not."

The dragon girl's words are amazing.

Heaven and Earth Demon Ape sneered: "Those guys from Li Si are people from ancient times. They master ancient methods and ancient techniques. live."

The dragon girl said with a smile: "That's not necessarily true, I also found a helper."

"Who?"

The Queen and the Heaven and Earth Demon Ape asked.

at this time.

The wind was surging outside, and the demonic aura was soaring to the sky.

"it's me!"

The Demon King is coming.

The queen's face sank. The demon emperor once followed Ye Fan from the ring world, and then parted ways without a trace.

did not expect.

Like the Dragon Girl, he has reached the peak of God Transformation.

The dragon girl said: "There is no permanent enemy in the world. To cooperate with the demon emperor is to use the grinding wheel of heaven and earth in his hands."

Heaven and Earth Demon Ape was startled, "Heaven and Earth Grinding Plate, isn't that the ultimate treasure of suppression in the ring world, Demon Emperor, you got it?"

"Look!"

The demon emperor is also not ambiguous.

As soon as the palm was turned over, a stone plate appeared.

A miniature version of the Tiandi grinding disc.

Afterwards, the demon emperor was thrown into the sky, and in an instant, the illusion was huge, and the entire Great Xia capital was covered.

The entire capital fell into darkness.

"Sure enough, it's a grindstone of heaven and earth." Heaven and Earth Demon Ape was surprised, "How did you get it, it's impossible."

The demon emperor put away the millstone of heaven and earth and said with a smile: "In these years, when we appeared, we went to Xianshan to find a way to win the millstone of heaven and earth, and I finally got it. For this, I also paid a huge price.

Long Nv said: "Tian Di Mopan, can suppress and obliterate Li Si and the others, so that they have no way to escape. Now, you should let it go, are you willing to vote?"

The Queen and Heaven and Earth Demon Ape looked at each other.

Think for a moment.

agreed.

"Well, three days later, we will meet in the southern border. Don't we need many people? We only need peak strength, destroy the dead, and strike with lightning."

The dragon girl and the demon emperor left.

The Queen said: "What do you think they have planned?"

Tiandiu Demon Ape said: "I'm afraid I can't talk about the attempt. It's reasonable and reasonable for the dragon girl to want the ancient dragon veins. However, I'm worried about the demon emperor. He actually got the heaven and earth grinding plate, which is not a good thing."

The queen pondered: "Would you like to contact Ye Fan to discuss it?"

"Can."

Heaven and Earth Demon Ape nodded.

The queen found Meng Qingyi, came to the statue, and began to call. However, after a long time, there was no response at all.

"What happened to Xiaofan?" Meng Qingyi was very worried, worried that Ye Fan would be killed in the underworld.

Heaven and Earth Demon Ape said: "Ye Fan is so strong, and he definitely doesn't have many opponents in the underworld, so he doesn't need to worry about his safety. Presumably, it's a closed-door practice. It seems that this time against Li Si and the others, it's all up to us."

this night.

The Queen summoned everyone, and even the lords of the powerful clans such as the Emperor God, Queen Asura, Emperor Jinpeng, etc., to discuss together.

Time flies by like a horse.

Three days passed in a blink of an eye.

"Boom."

this day.

In the southern border, one after another tyrannical breath came, and the queen and the others came. At the same time, the dragon girl and the demon emperor did not hide, revealing their figures.

"Okay, with such a strong lineup, even ten Li Si would have to die."

"It will change if you are late, and you will take action immediately."

"Dragon Transformation!"

The dragon girl instantly turned into a long dragon.

Over the years, he has traveled through Daxia and even the world's historical sites and found more than a dozen small dragon veins.

This is also the reason why she can quickly rush to the peak of God Transformation.

Dragon Transformation.

The dragon girl turned into a long dragon, emitting a dragon roar, shaking the world and conveying thousands of miles.

at the same time.

The queen is also combined with the luck golden dragon.

Two long dragons.

One white and one gold.

"Dragon Sword!"

On the dragon girl's paw, a long sword appeared. It was a sword made of keel, which the dragon girl found in a historic site.

"Open Heaven Axe!"

The Queen took out the Sky-Opening Axe.

"kill!"

Divine Dragon Sword and Kaitian Axe.

Towards the Mausoleum of the First Emperor.

At this moment, the Mausoleum of the First Emperor also erupted with monstrous black light and magic power, and Bai Qi and Wang Jian appeared.

"Bastard!"

The two were furious.

The black broadsword and black halberd smashed at the Shenlong Sword and the Heaven-opening Axe.

"boom!"

The collision will directly collapse thousands of miles away.

This kind of war is simply terrible.

However, the Mausoleum of the First Emperor was intact.

This blow.

Both sides are evenly matched.

In the past two years, Bai Qi and the others have also strengthened, and their fierceness has become more terrifying.

"We didn't deal with you, you dare to attack the First Emperor's Mausoleum, it's just courting death!"

"Shh!"

White talk.

Before he could shoot, a black light burst out.

It's Meng Tian!

He's out.

A blow with anger, mixed with monstrous anger.

More than two years ago, he was almost hacked to death by Ye Fan with an axe, and he always remembers this hatred.

If Ye Fan is not here, then kill his woman.

"Kill kill kill!"

"Damn it!"

Meng Tian roared, his eyes red.

"roll!"

The Heaven and Earth Demon Ape instantly turned into its body, and its body was three hundred feet tall, which was like a big mountain.

The Monkey King stick in his hand has been transformed into a million times.

"boom!"

Just smashed down so fiercely.

The sky stick and the spear collided.

Heaven and Earth Demon Ape and Meng Tian flew upside down, their qi and blood surging, but they all held back and did not vomit blood.

"You guys are fine."

On the palace wall of the palace, Li Si appeared.

He looks very elegant, dressed in a fancy dress, standing with his hands behind his back, looking at the battlefield in the sky lightly, his words are very calm, but the calm is mixed with murderous intent and anger.

"Originally, I also planned to choose a day to destroy you. Since you came voluntarily, that's fine."

"Then today."

"I'll kill you all in one go."

Chapter 1409: Xianguo warrior

Li Si's words made the Queen and others vigilant.

at the same time.

Bai Qi, Wang Jian and Meng Tian also retreated and landed beside Li Si.

A strange aura spread.

seem.

Immediately, a big change is about to happen.

"careful!"

Voice of the Queen.

At this moment, I only saw Li Si sing: "A warrior general of the immortal kingdom that has been sealed in the long river of time, now, in the name of the prime minister, I invite you to bathe in the power of the dragon veins, please recover, fight for the immortal kingdom, and raise my great Qin. Godly!"

The three of Bai Qi also sang along with them: "A warrior of the immortal kingdom who has been covered in dust in the long river of time..."

The chant reverberates between heaven and earth.

For a long time.

"Boom!"

Suddenly, there was a loud bang.

As if there was a resurgence.

The entire southern border began to be a demon emperor, and the mausoleum of the first emperor burst out with murderous aura, rushing to the outer starry sky.

"Roar!"

In the dark, it seems that there are thousands of troops roaring.

shouting!

screaming!

To charge forward.

The empress and others were inexplicably palpating, and they were all on guard.

"Xianguo warrior, come out!"

Li Si stopped drinking.

For a time, the sky fell apart.

In the depths of the First Emperor's Mausoleum, the void was torn apart, the forbidden area was opened, and the murderous aura and fierceness swept in.

"hold head high!"

In the palace, a dragon roar shook.

Immediately after.

From that depth, in the forbidden area, walked out of a statue covered in golden armor.

The golden armor is somewhat rotten.

However.

That warrior was terrifying.

It's not over, the second war will walk out of the forbidden area, the third, the fourth, the fifth...

One hundred!

Two hundred!

Five hundred!

A thousand statues!

Three thousand!

The entire three thousand warriors, at this moment, all recovered and walked out of the forbidden area.

Splendid.

Majestic.

At the moment when the three thousand warriors were born, in the distant secular world, in a certain city, three thousand terracotta warriors and horses all exploded.

them.

It is the puppet statue of the three thousand immortal warriors.

Now.

The warrior will revive, and the idol does not need to exist.

Li Si opened his arms and laughed loudly: "Xianguo warlord, you are finally recovering. This is the backhand left by Your Majesty. Your Majesty is mighty and has no last resort. Next, please follow us and start struggling, for the sake of Daqin and Your Majesty. !"

"Roar!"

Three thousand warlords burst out, and the ground shook.

The Queen and others were stunned.

Who would have thought that Li Si still had such a trump card? !

I thought.

At most, there is only one more Li Xin.

But now three thousand generals have appeared all at once, and each warship seems to have the strength of a god.

It varies from the early stage of God Transformation to the later stage of God Transformation.

There are several of them.

The aura that exudes actually has the peak combat power of God Transformation.

Oh my God!

How to fight this!

Three thousand gods, the entire earth's races can't find three thousand gods.

"The self-righteous guy, who doesn't know the sky and the earth, dares to fight against us."

Meng Tian sneered and teased: "Today is your death, and there is no way to survive."

"kill!"

Bai let out a roar and led a thousand warriors to charge.

"kill!"

Wang Jian led a thousand generals to charge.

"kill!"

Meng Tian led a thousand generals to charge.

Three directions, surrounded the Queen and the others, forming a horn-like trend, and slaughtered fiercely.

Li Si was not idle, he was a master of the Great Law, and he followed the law.

"blockade!"

These two words completely blocked the entire southern border.

"decay!"

Li Si spoke again.

Invisible power blessing, to weaken the queen and their combat power.

"Great body protection!"

"Great Blessing Technique!"

The queen immediately used magical powers to protect herself, and at the same time, the power of blessing blessed the emperor and them, so that they would not be affected by the law of the law for the time being.

And Fang Rui shouted, "Great Dispelling Technique!"

The power of Grand Law is dispelled.

"interesting!"

Li Si raised his brows and sneered, "Forget it, I'll watch the show."

Bai Qi's three people led three thousand generals to kill.

The Queen is in jeopardy.

The police officers have a lot of peaks in the transformation of the gods, but they can't stand the siege of the three thousand warriors of the gods.

and.

These three thousand warriors are invincible and indestructible.

Even if the Water World Demon Ape had a stick, it wouldn't necessarily be able to smash it open.

"Heaven and Earth Grinding Plate!"

At this moment, the demon emperor cast this giant treasure.

originally.

This giant treasure six is reserved as a means of pressing the bottom of the box, used to surprise and kill them.

But now it has to be used in advance.

The millstones of heaven and earth were transformed and suppressed, which really shocked Bai Qi and them.

"what!"

Li Si's face was also one side.

This is the moment.

The queen and the others took action, seized this opportunity, and struck the strongest blow, immediately knocking hundreds of warriors into the air.

"boom!"

And the grinding disc of heaven and earth also smashed the sealed space directly.

Jinpenghuang's wings trembled, and he led everyone away frantically.

"Want to escape!"

Li Si sneered.

"The moment you enter the southern border, you are destined to be unable to leave, because the entire southern border has been arranged by me."

"Tianyuan Dragon Slaying Formation!"

"open!"

A big earthquake occurred in the entire southern Xinjiang.

The earth cracked.

One after another dark beads rushed out, bursting with dazzling brilliance, and countless pillars were linked together to form a net of heaven and earth.

"not good!"

The crowd changed.

Tianyuan Slaughtering Dragon Formation, a peerless killing formation, I didn't expect Li Si to set it up.

For a time, everyone was trapped.

Even if it is the bombardment of the earth and the mill, it cannot defeat the Peerless Killing Array.

"Hahaha, where else do you want to escape? Obediently accept your fate." Bai Qi laughed like a madman, and united thousands of generals to deliver a terrifying blow.

A black sword light, 100,000 meters in length and width, split the sky.

Come and get it.

The queen drank tenderly, mobilized all the luck of the summer, the breath was rising, and the mighty axe opened the sky, and slashed towards the black sword light.

the other side.

Wang Jian and Meng Tian are also taking action.

Like Bai Qi, the spears and spears that divided the world came down, carrying a devastating blow.

"not good!"

God Emperor and their discoloration.

at this time.

The power of countless stars poured down, impacting the Tianyuan Dragon Slaying Formation, and even the power of the stars penetrated in, blocking Meng Tian and Wang Jian's attacks.

"Zhou Tian Xingdou Great Array!"

A familiar cry rang out.

It is the Xingyue Jade Rabbit.

I only saw that the swallowing tailed beast appeared. He turned into his body, and his body covered the sky and the sun, and it seemed that he wanted to settle the entire southern border.

The terrifying devouring talent absorbs all attack energy.

"Moo!"

A low cry.

It is a golden bull, and he is now about the same size as the demonic ape in the world, and it is simply a big mountain.

Although it is not the peak of the gods, it has reached the realm of the late stage.

The golden bull turned into a golden light.

It slammed into the Peerless Killing Formation fiercely.

The Tianyuan Dragon Slayer formation trembled.

At this moment, a crack appeared.

Li Si's face was extremely ugly, staring at the golden bull, and said coldly: "This kind of savage alien still exists, and the owner has an unparalleled impact."

"Moo!"

The second hit of the Golden Bull.

Even if his head was bleeding, he did not stop, but became more ferocious.

"Crack!"

Finally, the Tianyuan Dragon Slayer Formation came out.

"boom!"

The earth and the grinding disc collided.

Massive collapse.

But everyone didn't have time to breathe, because Bai Qi and the others led three thousand generals to besiege them.

The appearance of the Heaven-Swallowing Tail Beast, the Golden Bull and the Xingyue Jade Rabbit was indeed better.

But that's all.

Nothing changed the tide of battle.

Suddenly, between heaven and earth, there was a strange cry, which could disturb the mind.

They were in a trance.

It's a nine-tailed fox.

On the top of a distant mountain, she was shooting.

"kill!"

That is, when they were in a trance for a second, everyone found an opportunity again.

All out.

The three men and many generals will be knocked into the air.

"what!"

Bai Qi and the three of them spurted blood, and their bodies were dripping with blood. How angry they were.

Li Si throws the broken sword.

The broken sword of Prince Fusu.

Great light.

"Shh!"

Lightning strikes the millstone of heaven and earth.

This time, the faces of everyone on the shattering grinding plate turned pale, and they all spurted out blood.

"Go all out."

Li Si shouted, his face icy cold.

He actually mobilized the power of the ancient dragon veins, one punch, bombarded the queen, how powerful this punch is.

The queen's face was solemn.

No fear.

She is now at the pinnacle of divine transformation, and with the power of luck, she is one of the strongest in the world.

"Void Fist!"

The queen did not use the axe, but punched Li Si.

"puff!"

After one punch, both vomited blood.

Li Si sneered: "It's useless, you can't escape. Under this Southern Border Emperor, there is a terrifying flame, which is the third-ranked different fire, the rioting black flame."

"what!"

The Queen's pupils contracted.

next second.

Air temperature rose sharply.

The entire Southern Border Great Emperor rose into a sea of flames.

An incomparably violent and chaotic atmosphere burst out, and the flames surrounded the millstone of heaven and earth.

"What a terrible flame!"

Empress Suzaku and Empress Qingluan had numb scalps.

Their natal divine fire is powerful enough, however, this violent black flame makes them terrified, and it can be known that this strange fire is terrifying.

It is indeed the third-ranked strange fire!

Bai Qi and the three led three thousand generals to form a combined attack formation around the flames to refine the queen and them all.

"Great Freezing Technique!"

This magical power is useless at this moment.

Because the power of the rioting black flame is much more powerful than the Great Freezing Technique that Fang Rui cast.

"Great Dispelling Technique!"

It doesn't work, it can't be dispelled.

Li Si sneered: "Don't waste your energy, this rioting black flame, it took the Prince Su to surrender for ten years, you know what this concept is. After so many years, the rioting black flame has become much weaker, but it is not You can resist."

"Slowly enjoy the torment, and slowly be refined by the black flames of the riot."

The rioting black flames kept invading.

Everyone's defenses are getting thinner and thinner, and they have to bear their attacks from Bai Qi, which can be described as miserable.

Fortunately, there are many magic weapons that can be resisted.

But definitely not a long-term solution.

what to do?

There is no way.

Repeated attempts to break through, but in vain.

Going through the black flames of the riots can be difficult, not to mention that there are three people and three thousand generals outside.

This is a complete dead end!

Chapter 1410: The Domination of the Demon Lord

The situation is getting more and more critical.

The gates of heaven could not even be opened.

There is no way out.

"God Emperor, is there anything you can do?" The Queen asked in a voice transmission. The Protoss was the first ethnic group in ancient times, and they might have a hole card.

The Emperor was hesitant.

In fact, he does have a hole card, but the price is too high.

But now.

If you don't, you may die.

The emperor sighed in his heart.

However, just as he was about to shoot, a group of demons danced wildly.

"This breath..."

Everyone was surprised and immediately overjoyed.

Lord of Demons.

That's right, the devil has come.

Bai Qi roared: "Demon Xiantian, it's you again, the last time you used the magic of the devil, it gave Ye Fan a chance and caused Meng Tian and I to be seriously injured."

Meng Tian roared: "We have been anxious about this account, you are the best!"

Wang Jian said: "The devil is innate, the strange fire is the nemesis of the demons, not to mention this is the third terrifying strange fire, the rioting black flame. Your group of demons is useless."

"boom!"

"Destroy them all to me."

The flames of the rioting black flames rose into the sky, countless demons were burned, and the sky became bright again.

Bai Qi laughed loudly: "Hahaha, Demon Xiantian, what other means do you have. Are the demons confused? It's a pity that the Prime Minister is here, you can't succeed."

Mo Xiantian didn't say anything and looked at Li Si.

And Li Si also looked over and said coldly: "The Great Magic of Heavenly Demons and the Great Magic of Breaking the Heart of Heavenly Demons are indeed powerful. I don't know how well you have cultivated your Great Heart Magic."

"I have a magic womb here."

A strange placenta-shaped thing appeared in Li Si's hand, exuding endless magical energy.

Demon's eyes flickered.

Li Si smiled and said, "Devil Innate, this devil embryo should be useful for you to cultivate magic attacks. I can give it to you for free, as long as you don't interfere."

Meng Tian said dissatisfiedly: "Prime Minister, there is no need to do this, you can completely fight against the devil, there is no need to waste the devil's embryo."

But Li Si smiled and said, "The Lord of the Demons has no grievances or enmity with us, so why bother? I want to have a good relationship with the Lord of the Demons. I just don't know, the Lord of the Demons can't see me, Li Si."

The queen and their mood fell into a trough.

Just now I thought that Mo Xiantian could help, but now, I am thankful that Mo Xiantian doesn't deal with them.

Li Si, this old man, dared to have a magic embryo, it is indeed a supreme treasure for practicing magic.

Mo Xiantian didn't have a deep friendship with them.

There's no reason not to.

"Hahaha."

The devil laughed.

"Prime Minister, the demon embryo is indeed very tempting, but it's a pity..."

"Oh?"

Li Si narrowed his eyes and said indifferently: "You want to reject me? Can you tell me the reason. I can't understand, the devil should be important enough to you. As for them, the friendship with you is not deep. For them, Abandoning the devil's womb is not the right thing for the Lord of the Demons to do. You should be a hero, and you can't be emotional."

Demon Xiantian said: "I didn't say give up the devil embryo."

"what does that mean?"

"I want to say, I want the devil, and I want to save them too! It's as simple as that, did the Prime Minister hear clearly!"

The devil said it was very calm.

Li Si was startled.

They were also dumbfounded.

The queen and the others laughed, worthy of being the lord of demons, and they are indeed so overbearing!

only.

Demon innate, do you have this strength?
