Chapter 141: No. 1 in the world, invincible in the world!

"Tianzun!"

Iron Hammer, Yan Sanniang, and Shi Xingqiong were all startled, and immediately smiled: "Indeed, Tianzun is qualified to be called invincible in this world!"

Shi Xingyu pursed her red lips and was very proud. She had heard many stories about "Tianzun", and she had infinite admiration and admiration for the world's most powerful man.

Shi Xingqiong watched his sister fall into a **** state, shook his head and sighed, then asked, "Uncle Hammer, what are you going to do?"

"Don't act rashly, just wait and see the changes."

...

The area of the treasure house is not large. The size of the basketball court is divided into three single rooms:

One is for jewelry, calligraphy and painting, and antiques.

One contains banknotes, and eight large boxes are full of them, about 1.5 billion.

The last room was very small, opened the door, and suddenly it sparkled with gold.

Xiao Shending was shocked.

In this small room, it turned out to be gold.

"Tsk tsk."

Xiao Shending smacked his tongue.

The gold bricks were the same size and neatly placed. He immediately calculated that there were a total of 324 gold bricks.

Dian Zhongdao: "The value of this gold alone is 3 billion."

"Adding banknotes, it's 4.5 billion; those jewelry, calligraphy, paintings and antiques, for the time being, 500 million, that's 5 billion!"

Puff through.

Xiao Chen sat down on the ground with green eyes in his eyes, and smiled silly, completely forgetting the pain in his palms.

Five billion!

Unexpectedly, there is such a huge wealth hidden in the Xiao family's treasury. This is simply a windfall, enough for him to spend a lifetime.

"Gold and jewellery are accumulated over generations. Banknotes must be replaced every generation. If you think about it this way, five billion is not too much."

Xiao Shending spoke.

His voice pulled Xiao Chen back to reality.

Thinking that he is now a prisoner and has no ability to sit on these wealth at all, Xiao Chen couldn't help but beat his chest.

"grown ups."

Xiao Chen knelt on the ground, begging: "These are the wealth of my Xiao family, but I can share it with you... No, June 4th... Do not kill me."

"Hmph, how come the Xiao family has a scam like you?" Xiao Shending kicked Xiao Chen away with a look of disgust.

At this time, Dianzhong shouted: "Master, here."

Xiao Shending came and saw a simple box on the closet with a Luban lock, which was not easy to open.

"Let me do it."

Dianzhong took the box, gave a shout, and slammed it up.

The box was safe and sound, but Dianzhong's fist was broken. If it hadn't pulled back in time, his finger bones would have cracked.

"So strong."

"There can be important treasures hidden in it. How can it not be strong? I am afraid that even a hydraulic press can't break it. I can only find a way to find a skilled craftsman who is familiar with Luban locks."

Xiao Shending put away the box, glanced at the treasure house, then glanced at Xiao Chen and said: "Keep him alive, give him a hundred million banknotes, and move the rest to Zuichun Tower."

"Yes."

The three of them came out and did not leave.

Xiao Shending made a phone call. After half an hour, Du Juan brought hundreds of people and began to carry the wealth in the treasury.

When the bright gold bricks were moved out, Jiang Long, Xu Taishan who secretly observed; and the hammer on the other end, their eyes were worth it.

It's not that I haven't seen gold, but hundreds of gold bricks suddenly appeared, under the shining of moonlight, gleaming with moving light, and no one was excited.

"It's so rich."

Xu Taishan licked his lips and said, "It must be cut off. Brother, I have called the people and horses, right at the foot of Dayan Mountain."

Ye Fan knew that half an hour ago, Xu Taishan quietly sent a message outside.

But he shook his head and said: "The mantis catches the cicada and the oriole is behind. We can't be a mantis, but to be a oriole."

"what?"

Xu Taishan was puzzled.

At this moment, the sudden change occurred.

In the jungle to the left of the treasure house, Fei shot out a ray of cold light, which instantly penetrated the arms and thighs of more than a dozen people.

Ahhhhh.

Suddenly, the screams were endless and the scene was chaotic.

"Not good, enemy attack!"

Cuckoo exclaimed.

Shoo...

In the blink of an eye, another series of throwing knives once again made twenty people lose the ability to move and fell into a pool of blood.

"Who!"

Dianzhong roared, the fierce aura swept out.

"Hahaha."

The response was a deep laugh, and a huge meteor hammer slammed out of the woods and fell from the sky.

"So courageous!"

Huh!

Dian Zhong shouted angrily, carrying the giant axe, and rushing forward.

"Master, return to the treasure house." As Du Juan shouted, he summoned people to block the entrance of the treasure house.

Immediately, she led people into the jungle.

Dujuan is not weak either. She holds a long whip with sharp barbs on it. As long as it is strangled, she will end up miserably.

"call."

Suddenly, a sickle came.

Du Juan snorted coldly, and the long whip in his hand knocked the sickle away; Yan Sanniang appeared and sneered: "Your opponent is me!"

"die!"

A battle broke out between the two.

Brother and sister Shi Xingqiong and Shi Xingyu were looking for cover while shooting arrows. For their sharpshooters, the jungle is a natural battlefield.

Besides, there is night cover, like a fish in water.

"Puff puff."

The two brought down more than a dozen people in black again, all of them were shot in the hands and feet, losing their mobility and combat effectiveness.

This situation made Dianzhong furious.

"Get out of here!"

Dianzhong's momentum suddenly increased, and the giant axe split the Meteor Hammer; he slammed into the hammer like lightning, and hit the hammer's chest with a fist.

The hammer changed color.

The huge body flew out, breaking a tree.

"puff!"

The hammer spouted a mouthful of blood, and his face was shocked.

That force was too great, if he hadn't been wearing soft armor to block 90% of the force, plus enough muscles, I was afraid that his ribs would burst.

"kill!"

However, the hammer is not afraid.

Instead, it inspired his blood and fighting will, and he once again fought with Nian Zhong fiercely.

"His grandmother, that awesome player with a meteor hammer, is also a top-ranking player. Just now Dianzhong hit me with a punch, and I am not dead or injured, but he just vomited a mouthful of blood, and his ribs were all There is no break."

Xu Taishan exclaimed.

Then, I turned around and asked: "Big Brother, do I really have the strength of the top ranking?"

"Don't doubt yourself." Ye Fan said.

Don't doubt it?

Nonsense!

I have seen a few top ranking players on this day, which is unrealistic.

Xu Taishan seriously suspected that Ye Fan was fooling him, praising him, he did not have the strength of the top ranking.

Humph.

This kid is too bad.

Xu Taishan cursed secretly in his heart, but kept his eyes on the battlefield.

Watching the battle of the strong, you can learn some things, such as combat skills and experience.

Jiang Long said with great interest; "Brother Fan, those two sharpshooters are pretty good."

"There is indeed potential."

Ye Fan nodded.

His senses are much sharper than ordinary people, as early as the hammer was staring here, he could perceive it.

That's why Xu Taishan shouldn't rush to head up.

And vaguely heard their conversation, but not too clear, only to hear what and who is the number one in the world, invincible in the world...

"Especially that little girl, who has a superb arrow skills at a young age, if she is known by Shenjiying, she will definitely accept her as a disciple." Jiang Long said.

The so-called Shenji Camp is the world's number one shooter organization.

The disciples in the camp are all super marksmen, with all shots and hundreds of shots. The marksman here is not just arrows, but also guns.

Li Shenji, the owner of Shenjiying, is also the strongest in the sky list.

once.

In a certain combat operation to wipe out foreign criminal bandits, Tianzun Hall and Shenji Camp also cooperated, and Ye Fan also met Li Shenji.

Let's leave it alone.

Having said that, the battlefield has reached a white-hot stage.

The hammer fell to the wind, but it was not easy for Dian Zhong to defeat him; on the other side, Du Juan and Yan Sanniang were also very anxious.

A group of people in black chased and killed the two brothers and sisters, but they were dragged down more and more dangerously. There were more than one hundred people, and only less than thirty were left.

"Damn it!"

Dianzhong was furious.

Suddenly, a thunder shook from the treasure house, and Xiao Shending shot out, hitting the back of the hammer with a punch, smashing him into the air.

"puff."

This time, the hammer injury was serious.

"Brother Hammer."

Yan Sanniang screamed.

"Quickly retreat!"

The hammer climbed up and shouted, while swinging the meteor hammer, it stirred up a whirlwind, making it impossible to get close.

Yan Sanniang got rid of the cuckoo and went to help the Shi Xingqiong brothers and sisters.

"Come as you want, and leave as you want. It would be too unreasonable to put Ben Shao in his eyes."
Xiao Shending stepped forward, his momentum was like a rainbow.

Hammer's pupils contracted.

He knew the danger, but he didn't expect that this gentle and elegant young master was actually a master of the sky ranking.

"Hahaha."

Dianzhong laughed and killed with a giant axe, while saying: "Master, you go and solve the two shooters. Big guys, come and come, let's fight another 300 rounds."

Chapter 142: Bowl

call out!

An arrow slayed under the cover of night, and took one of Xiao Shending's leg, but it was easily grasped by Xiao Shending.

"What!" Shi Xingqiong was shocked.

"Small bugs."

Xiao Shending sneered contemptuously, and immediately culled into the jungle.

The hammer was extremely anxious, but Dianzhong dragged him so that he could not be cloned, so he could only shout; "Sanniang, take the young lady out of here quickly, and be sure to protect them thoroughly."

"clear!"

Yan Sanniang's eyes were venomous, and the assassin was laid down, and the huge sickle harvested a few lives; then, a large area of trees was cut down, preventing the man in black from pursuing and killing.

Bang bang bang.

However, with a series of explosions, the tree was blown out, and Xiao Shending slammed down like lightning. The momentum was overwhelming and Yan Sanniang almost suffocated.

"Shoo, hoo."

Brother and sister Shi Xingqiong sent several arrows in a row, but they couldn't stop Xiao Shending's footsteps. Instead, the arrows were projected back by Xiao Shending's original path.

puff.

In an instant, Yan Sanniang hit the arrow.

"Sanniang."

Shi Xingyu exclaimed.

"puff!"

In the next second, Shi Xingqiong also won the prize. He was shot in the thigh and fell to the ground.

"Second brother."

Shi Xingyu panicked.

In Shi Xingqiong's sight, the third arrow cut through the night sky and hit Shi Xingyu's back.

If it was a shot, it would definitely be pierced and cool, and Shi Xingyu died on the spot.

"Little sister, run away."

Shi Xingqiong couldn't move, and screamed in panic.

She turned her head.

Seeing arrows coming through the trees, with a fierce momentum, Shi Xingyu's brain was blank, and he forgot to avoid it.

"boom!"

But just ten centimeters away from Shi Xingyu, the arrow suddenly broke and fell to the ground.

When Shi Xingyu turned from danger to peace, she cried with fright.

"Little girl."

Shi Xingqiong stumbled over and protected her with Yan Sanniang.

On the opposite side, Xiao Shending's face sank, and he shouted, "Who is it!"

"Die!"

Xu Taishan jumped down from the big tree, as if Mount Tai was pressing on the top, with great momentum.

Xiao Shending's expression changed.

Unexpectedly, there is actually a great master hidden.

"Boom!"

As soon as the two of them went up and down, they punched each other abruptly.

Xiao Shending bends his knees.

Xu Taishan also flew upside down a few somersaults and landed on the ground. He shook his arm and said with a big smile: "Be refreshed!"

"Who are you, their gang?"

"That's not the case, I don't know them."

"busy body!"

Xiao Shending shouted angrily.

Suddenly, Xu Taishan's face was cold, and he said murderously: "I'm here to avenge my brother. You sent someone to murder my brother, and you will pay for it."

"Um?"

Xiao Shending was surprised.

As he shot, he asked, "Nonsense, have you admitted the wrong person? Who are you?"

"It's your ancestor!"

Xiao Shending was furious and fought with Xu Taishan with all his strength.

Upon seeing this.

The sledgehammer smiled and said, "Thank you brother for your help...Come on, let's continue and fight hard."

Before the Iron Hammer Heart System Shi Xingqiong, they were distracted and suppressed deadly; now they have no scruples, their combat effectiveness has increased a bit, and Dianzhong felt very tricky for a while.

"Huh!"

the other side.

A long whip smashed into pieces of broken wood, and killed it towards Shi Xingyu.

Yan Sanniang brandished a sickle, but because of her injury, she couldn't resist it; at such a close distance, Shi Xingqiong brothers and sisters had no time to shoot arrows.

In a daze, a black shadow stood in front of the three of them.

and.

Under the shocked eyes of the three of them, they firmly grasped the long whip.

"impossible!"

Cuckoo was shocked.

Her long whip is specially made, and the barbs on it are extremely sharp.

Even the loyal Dian who has the strength of the top rank, dare not grab the long whip with his bare hands, but now...

"So many barbs, you are really vicious." Jiang Long curled his mouth, stroked his hand backwards, and all the barbs broke apart.

It crashed to the ground.

The cuckoo screamed in surprise.

Rao was fighting Xiao Shending and Dian Zhong also frightened and retreated violently; at the same time, Jiang Long waved his long whip to tie the cuckoo instead and flew out.

So strong!

The three of Shi Xingqiong were dumbfounded.

Definitely a top ranking master!

Including the uncle who just appeared, the two heavenly rankings are helping each other, it is really an inexhaustible road.

"Damn it!"

Xiao Shending gritted his teeth, and another powerful figure popped out, and it was unfathomable, which made him feel a crisis.

He even has a feeling—

It is calculated!

who is it?

Ye Fan?

impossible.

Xiao Shending's eyes were extremely gloomy, and he retreated from the battle, and came to Dianzhong's side; while Xu Taishan and Big Iron Hammer were the united front.

"Eh, senior..."

Shi Xingqiong originally wanted to thank him, but Jiang Long didn't give a chance at all, and disappeared into the night jungle in the blink of an eye.

Jianglong's mind is all on those wealth.

When the three of Shi Xingqiong were relaxed, several flying knives came silently, but they also broke and fell to the ground.

"Ah!"

Shi Xingyu was taken aback.

Da da da.

A white-clothed man walked out of the night, his gaze was as deep as the starry sky, and looked at the three of them faintly.

"It's you."

Shi Xingyu pointed to Ye Fan and said gratefully: "Thank you, big brother, for helping me."

"Little things."

Ye Fan nodded slightly.

However, Yan Sanniang and Shi Xingqiong found the clue, and this person was playing with a few leaves in their hands. Could it be that...

Use soft leaves to break arrows and break flying knives?

Next second.

Their ideas are verified.

Ye Fan blinked, his wrists trembled, and leaves shot out, knocking out the black men who were about to attack.

"hiss."

The three of them took a breath.

Picking leaves hurts!

This, what kind of means is this, it's terrifying!

"You guys go quickly."

Ye Fan waved.

Under the moonlight, he wins the snow in white clothes, and the cover is like clouds; there is a faintly otherworldly and dusty temperament, misty and vague, like an banished immortal from the sky.

Shi Xingyu is a little silly.

"Hurry up."

Ye Fan frowned.

The three of Shi Xingqiong recovered and hurriedly said, "Thank you, senior, for your help. We are from the Jinhua Shi family. My name is Shi Xingqiong, and this is my sister Shi Xingyu. Seniors can visit the Shi family when they are free. Become a guest of honor."

"not interested."

Ye Fan refused very simply.

Shi Xingqiong was a bit embarrassed. In Jinhua, no one would refuse the invitation of the Shi family; however, the man in front of him was qualified to refuse.

"Senior, dare to ask the name taboo."

"How can there be so much nonsense, get out of here."

Yan Sanniang was shocked, worried about annoying this terrible being, and gave Shi Xingqiong brother and sister a color.

"Big brother, we are gone."

Shi Xingyu said timidly, helping Shi Xingqiong and Yan Sanniang to leave; and the two battlefields also subsided.

Xiao Shending worried about being planted here, gave up his wealth, greeted Dianzhong and Du Juan, and quickly evacuated from here.

"Hey, really fast."

Xu Taishan gasped and laughed heartily. He was exhausted and sat slumped on the ground; he had a judgment in his heart, Xiao Shending was a Jianglong scrupulous about hiding, and he was always distracted and guarded, otherwise, he was sure Will get hurt.

The sledgehammer was full of scars. He was wounded earlier, supported by a single breath. At this moment, the war was over, and the depressed state was revealed.

With an expression of pain on his face, he said, "Thank you brothers for helping me."

Ye Fan nodded.

Then, he massaged a few times on the sledge hammer to stabilize his injury.

Feeling the changes in his body, the sledgehammer was more shocked and awed, and said respectfully: "The strong is respected, call you seniors, I am a member of the Jinhua Shi family, if you have any needs in the future, please do not hesitate to greet me."

"Go to the hospital," Ye Fan said.

Sledgehammer was very acquainted, he didn't even look at the wealth, and quickly chased Yan Sanniang and the others.

"Eh, Ye Da."

Xu Taishan threw a box to Ye Fan and said, "This fell from Xiao Shending. It should be a good thing."

Chapter 143: Found him!

The box is very delicately made.

Ye Fan looked left and right.

Xu Taishan said: "The box is very strong. I gave Xiao Shending a punch, otherwise the kid would be injured by me. This should be a Luban lock, it is difficult to unlock..."

"Crack."

With a crisp sound, Xu Taishan's voice stopped abruptly.

The box shattered every inch.

Turned into powder.

Xu Taishan's eyeballs all popped out, and Ye Fan squeezed the box that left no trace with his full punch.

What power is this!

"call."

Ye Fan blew the powder out of his hand, revealing a parchment roll, the size of a palm, spread out, looking like a map.

Xu Taishan said: "It's not a treasure map, right?"

"not that simple."

Ye Fan studied it for a while, but couldn't analyze why, because the map was incomplete, there were at least two pieces left, and the middle piece in his hand.

Timely.

Jiang Long came out of the treasure house and said, "Except for gold and silver jewelry and banknotes, no clues about the chip were found."

"Remove the mechanical door."

"okay."

Jiang Long let out a deep cry, the mechanical door that Dianzhong couldn't open was torn off by him abruptly.

Xu Taishan: "..."

Grass.

Two monsters.

Xu Taishan was completely convinced this time.

"Your people are at the foot of Dayan Mountain?"

"Yes."

"Call here, these wealth will be transported to you first; but don't call, I have arrangements later."

Xu Taishan has no objections.

After half an hour, the area became quiet and quiet, and another quarter of an hour later, a figure emerged from the forest.

That is Xiao Chen.

At this moment, he was ashamed, ran into the treasury and wandered around, and when he came out, he threw himself up to the sky and screamed, "Ah, my money, my money!"

In the middle of the night, Qi Le Great World.

Ye Fan watched the wealth put into the safe room, and then asked, "By the way, is the Jinhua Shi family very strong?"

Dayan Mountain is the junction of Changning City and Jinhua City.

As the king of the rivers and lakes in Changning City, Xu Taishan should have some understanding of Jinhua City.

"I wanted to say it a long time ago."

Xu Taishan's face was solemn, and he explained: "I didn't react at the time, but I remembered it afterwards. The Shi family is the first family of Jinhua."

"Jinhua City is a second-tier city, and Changning is only a third-tier city. Therefore, as the first family of Jinhua, the Shi family has a huge wealth, more than Zhao Qingmei, the richest man in Changning."

"Besides, the most terrifying thing about the Shi Family is that the Patriarch of the Shi Family is still the overlord of the Jinhua Rivers and Lakes. The strength of his subordinates can be seen from the big hammer."

Ye Fan slapped his tongue and said: "The strong with the strength of the sky list can be said to be a powerful force. This Shi family is amazing."

Xu Taishan said: "We accidentally hit and rescued the young lady of the Shi family, it is a great opportunity."

"Chance? You think too much."

Ye Fan didn't care, Shi Jiaqiang was just what he considered to be Xu Taishan's level.

Opportunity is only given to others by him, never given to him by others.

This is the confidence from Tianzun!

Xu Taishan is helpless, although he really wants to say: No matter how strong his personal strength is, the Shi family controls the Jinhua business community and the rivers and lakes. Even the big guys from the provincial capital are in awe of three points. You...

But thinking of Ye Fan's call to allow King Beggar to drink, Xu Taishan had no doubt that Ye Fan also had his own power.

"Brother Fan."

At this time, Jiang Long shouted: "I have dismantled all the mechanical doors. Come and have a look."

...

Peninsula Villa.

The site is located in the Jinhua city center, which covers an area of 300 acres, which is shaped like a Suzhou garden.

This is where the Shi family is located.

But to the west of the villa is another modern building.

In a five-story, magnificent large villa, on the top floor of the roof, Shi Xingyu leaned on the railing, looking at the bright moon in the sky, and thinking.

From time to time, my mind flashed over the figure of Shengxue in white.

Beyond peerless, unforgettable!

"Little girl."

"Eh, brother."

Shi Xingqiong stumbled over and said jokingly; "Why, are you still thinking about that senior?"

"Nothing." Shi Xingyu rolled his eyes.

"What are you shy? Senior is about the same age as me, but so strong, you admire and understand. Don't worry, second brother, I have arranged for someone to check it out. It's probably from Changning. There will be news tomorrow."

"Really?"

Shi Xingyu hugged Shi Xingqiong, "Thank you brother, you are the best to me."

"It's late at night, go to bed early."

Shi Xingqiong rubbed Shi Xingyu's head dozingly.

After he left, Shi Xingyu looked up at the stars in the sky, and muttered expectantly: "He has a temperament similar to that of Tianzun in my imagination. I never hope to see Tianzun in this life. If I can be friends with that big brother, I will also be satisfied."

The next day.

Shi Xingyu got up early and hurriedly found Shi Xingqiong.

"Second brother, is there any news?"

"Look at you in a hurry." Shi Xingqiong said angrily: "Your brother hurt my leg. I never saw you caring so much."

"Oh, you can't die anyway."

"Girl, what are you talking about!" Shi Xingqiong knocked his sister on the head, and then said: "At present, there is no news about the white-clothed senior, but the burly uncle has found out that it is the Taishan King Xu Taishan of Changning Rivers and Lakes. "

"If you find Taishan King, you can find Senior White."

"Theoretically."

Shi Xingqiong's words fell, and Shi Xingyu had already ran away. He shouted: "Sister, are you going to Changning, don't run around."

However, Shi Xingyu didn't listen at all.

With two guards, they rushed to Changning non-stop.

And this time.

Changning, Zuichun Tower.

boom!

Xiao Shending smashed the wooden table made of Huanghuali in a furious and furious state.

Dianzhong and Du Juan stood aside, not daring to speak.

For a moment, Xiao Shending stopped the riot, and said angrily: "Xu Taishan, it is him! Damn things, bad deeds for me."

"Master, the box must be in Xu Taishan's hands, do you want me to catch him?" Dian Zhongdao.

"Then Xu Taishan is not a weak person, and you may not be able to catch him if he is hiding in the nest of the Great World of Wonders." Xiao Shending said in a deep voice.

Du Juan said: "Master, do you want to transfer people?"

Xiao Shending shook his head, "Don't make a big move for now. Anyway, Xu Taishan can't open the box. Wait two days. At that time, I will personally go to the Great World of Qi Le and meet the Taishan King."

"Master, what about Ye Fan?"

Speaking of Ye Fan, Xiao Shending's face was uncertain.

Originally, I wanted to borrow the construction site to cause Xu Taishan to fight with Ye Fan. Unexpectedly, Xu Taishan found out the truth and asked him for revenge.

Among them, if Ye Fan didn't get involved, he wouldn't believe it if he killed him.

Really are--

He shot himself in the foot.

Xiao Shending was very embarrassed and angry.

The first step was to use Tong Xiaoman to induce Pang Family to take action, which was resolved by Ye Fan;

The second step was to use Su Muyu to motivate the Yuan family to take action, which was also resolved by Ye Fan;

The third step was to use Meng Qingyi to motivate Xu Taishan to take action, but Ye Fan was still able to resolve it.

Three moves, defeat every step!

Xiao Shending felt a deep sense of frustration. This was unprecedented, and it was the first time that he grew up like this.

He has been going smoothly all the time.

"I said before to thoroughly investigate Ye Fan's details, is there no news yet?"

Xiao Shending snapped.

Du Juan was surprised and reported: "Master, how to check is the same, there is nothing special."

Xiao Shending frowned and called out Ye Fan's information again.

Suddenly, he found out.

According to the data, it has not been stated with certainty that “Ye Fan is the son-in-law of the Meng family in Beijing” .

"Could it be that he destroyed the Xiao family by relying on his own power?" Xiao Shending's face was heavy, and he felt that he might have entered a misunderstanding at the very beginning.

"quick!"

He looked up, his eyes flashed, and he ordered: "Let the people from the capital go to the Meng's house as soon as possible, and let me confirm whether Ye Fan is the son-in-law of the Meng's house!"

Chapter 144: Ye Fan reveals his identity

Daxia, Beijing.

An ancient mansion in the suburbs, Tianzun Hall Daxia Headquarters, at this moment, Xing Tian, the head of the headquarters, is asleep.

Sudden.

Sleeping Xing Tian opened his eyes wide, turned to violent, and grabbed a small arrow that was shot.

"Who!"

Xing Tian broke through the door, but the surrounding world was silent, and there was no figure.

Look at the arrow again. There is a letter on it. When it is opened, it is a note with only one sentence.

"Um?"

Xing Tian's face changed, and he quickly called Ye Fan.

One minute later.

The old house rushed out of a jeep and drove down the avenue at a speed of two hundred yards.

The Beijing Transportation Department monitored that the license plate number of the jeep could be clearly seen from the monitoring, but did not dare to act rashly and immediately notified the leader.

Soon, the order was issued from above——

They are not allowed to be blocked, and they are all released.

twenty minutes.

The jeep stopped in front of a magnificent mansion, Xing Tian jumped down and strode towards "Meng Mansion".

The guard at the door wanted to stop, but was shocked by Xing Tian's terrifying aura, shivering and unable to move.

"Meng Canglan."

Xing Tian entered the Meng Mansion and roared.

The sound waves rippled and spread to every corner of the Meng Mansion; and he had already come to the lobby, sat down and waited for himself.

Not long.

A group of people hurried to the lobby.

The head of a middle-aged man, mighty and extravagant, exudes the majesty of a superior.

He is the current Patriarch of the Meng Family, Meng Canglan.

"Hahaha, it turned out to be Brother Xingtian." Meng Canglan laughed, "What brings you, my brother, to come over for a drink? Say it in advance, I'm ready to prepare."

As the first-line family in Daxia Capital, or a strong presence in the first-line, how could the Meng Family not know the Temple of Heaven.

The upper-class circles in the capital all knew that Xing Tian was the person in charge of the Great Xia Headquarters of the Tianzun Hall. Therefore, no one in the entire capital would provoke Xing Tian, but treated him with courtesy.

"Lao Meng, something urgent."

"Tell me."

"Arrange a door-to-door son-in-law for your Meng family."

"...??"

Meng Canglan was dumbfounded.

The Meng family present looked at each other, confused.

Your son-in-law?

The Meng family has been inherited for hundreds of years. The family relationship and the number of people are complicated and numerous. The number of married daughters is less than dozens of people.

But even the most inconsistent daughter is from the Meng family, and not everyone is qualified to be the son-in-law.

Meng Canglan coughed and asked, "Brother Xing, which Haojun is, and which daughter does my family fall in love with?"

"That," Xing Tian said awkwardly, "just put a name on it."

"Have a name?"

Meng Canglan was taken aback, then frowned, his expression unhappy.

Xing Tiandao: "Lao Meng, I know this is a bit sorry for the Meng family, but right, that person is very strong and has the strength of the top rank."

Upon hearing this, the displeasure on Meng Canglan's face disappeared.

But.

Still very awkward.

He was named "Meng's son-in-law," and no one has seen it. What if he does things outside, corrupts the Meng's reputation, or causes trouble to the Meng's family?

Xing Tian seemed to see Meng Canglan's thoughts and promised: "Lao Meng, you don't have to worry, you won't cause trouble to the Meng family. On the contrary, this is a great opportunity for your Meng family."

"People, bring me here and see you."

"Not yet time, if he comes to Beijing in the future, he will definitely visit the Meng's house." Xing Tiandao.

"You can always talk about your name and family history."

"Ye Fan, orphan."

Meng Canglan was dumbfounded.

Xing Tian smiled and said, "Alright Lao Meng, count me owing you a favor."

"make a deal!"

Meng Canglan made a final decision.

Xing Tian curled his lips; "Damn, you just wait for me. That's it. Remember, your Meng family has a door-to-door son-in-law named Ye Fan."

Seeing Xing Tian's back in a hurry, Meng Canglan thoughtfully.

Immediately afterwards.

He ordered: "Call all the daughters."

five minutes later.

In the yard, dozens of girls stood upright, and many of them were beautiful and beautiful, even those with ordinary appearances were outstanding.

"I've said everything that should be said. Who wants to take the initiative to get out."

No one moved.

After all, a man who has never seen her wants to become her own husband, even if she just puts on a name, it also means that she will obey the woman's way and can't contact other men.

It is equivalent to being locked up for a lifetime.

No one would want to.

Upon seeing this, Meng Canglan had a headache.

At this moment, a young girl came out and said with a smile: "Dad, sister Qingyin is not too young, I would not like to give it to sister Qingyin."

Meng Canglan looked at a woman in the corner.

The woman was twenty-eight years old, and she had beautiful eyes, but her face was sickly pale, like Lin Daiyu in a Dream of Red Mansions, very weak.

"That's right, Sister Qingyin is almost 30, and there is no boyfriend yet, and there is already a lot of discussion in the circle. Our Meng family daughter, if no one wants it, it would be a shame to the Meng family. Sister Qingyin must be arranged for one. ."

"Yeah, yeah, this door-to-door son-in-law came at the right time."

"Sister Qingyin must not have any opinions, right."

The girls talked about each other.

Meng Canglan raised his hand to signal that everyone was quiet, then looked at Meng Qingyin and asked, "Qingyin, are you willing?"

Meng Qingyin's face was bitter.

Both parents have died. For many years, she has been helpless in the Meng family, where she has the power to resist.

"Qingyin, you can say it if you don't want to. It's all voluntary." Meng Canglan's tone was still very gentle.

"I do."

Meng Qingyin lowered his head with tears and said.

She knew very well in her heart that Meng Canglan would not persecute her, but if she refused, the girl who was selected later would definitely hate her, and would unite the big guys to target her and bully her, making life worse.

It would be better to have a short husband.

At least the ridicule from the outside can be dispelled. She Meng Qingyin is also a husband, even if the man named "Ye Fan", she has never covered her face.

"Then it's settled. From now on, Qingyin's husband will be Ye Fan. He is the door-to-door son-in-law of my Meng family. He will remember it to me, and I have to say the same outside."

"Have you heard?"

"clear!"

Meng Canglan waved his hand, and everyone dispersed.

He looked at his daughter and complained: "Qingxuan, how many times have you bullied Qingyin again!"

"Dad, I'm doing well for Sister Qingyin." Meng Qingxuan pouted, dissatisfied.

"Uncle, I'm fine."

Meng Qingyin smiled, but her pale face made her smile a little strange.

Meng Canglan sighed: "How is your body? Only the three medical sages can be contacted by Huatuo Medical Sage. They were originally prepared to come, but suddenly they said that they were going to travel around and hang the pot to help the world. There was no way to heal you."

"Uncle, I can't die yet, it's okay." Meng Qingyin's face became more and more bitter.

"Qingxuan, help your sister to rest." Meng Canglan finished speaking, and the housekeeper ran over and said, "Master, the chairman of Xingyao Group is here."

"Oh?"

Meng Canglan was surprised.

Xingyao Group is a high-level consortium in the capital, with strong strength, and the chairman of the board is also a mysterious person, who has nothing to do with the Meng family. How could it suddenly come to visit.

Just thinking about it, a middle-aged man in a suit walked outside.

"My fellow Feng Shaohua, I have met Patriarch Meng."

"Feng Dong is polite, I don't know what is going on in my Meng family?"

"It's presumptuous to visit suddenly, I specially prepared a heavy gift." Feng Shaohua waved, and the assistant put down the gift.

Then he said: "Brother Meng, I just came here to find out if there is a door-to-door son-in-law named Ye Fan in your Meng family."

Suddenly, Meng Canglan's heart tightened.

"Feng Dong, you are right, Ye Fan is indeed the door-to-door son-in-law of my Meng family, and the husband of sister Qingyin." Meng Qingxuan said, pointing to Meng Qingyin next to him.

Feng Shaohua looked at Meng Qingyin a few times and asked, "Girl, is Ye Fan really your husband?"

"Yes."

Meng Canglan said, "Ye Fan and Qingyin were married very low-key. They had a wedding at their own house, and no guests were invited. The Meng family knew about their husband and wife relationship. What's wrong with Feng Dong, did Ye Fan provoke you?"

"No, no, just ask casually." Feng Shaohua laughed, "Brother Meng, then I won't bother."

Feng Shaohua came suddenly and went faster.

Meng Canglan thoughtfully, feeling that there was some tricky in it, Xing Tian couldn't put an ordinary person into Meng's house.

Depend on! The promise was too casual, that guy wouldn't put a malignant tumor on my Meng family, right? Ye Fan? Who the **** is it!

Meng Canglan regretted a little.

Feng Shaohua left the Meng family and immediately called Xiao Shending.

"Master, it has been confirmed that Ye Fan is the son-in-law of the Meng family, and his wife is called Meng Qingyin. It can't be wrong."

Chapter 145: Dimensionality reduction

"sure?"

"Definitely and certainly, I personally came to Meng's house to inquire, Meng Canglan said personally, I should not be wrong to see Ye Fan's wife Meng Qingyin."

Changning, Zuichun Tower.

Xiao Shending hung up the phone, thoughtfully, he continued to look at Ye Fan's information, and said in deep thought for a long time: "It seems that I really have been worrying too much."

And in the great world of Qi Le.

Ye Fan was on the recliner, closed his eyes and rested.

Half an hour ago, Xing Tian called and said that "Xiao Shending wanted to check the true or false of his son-in-law." He immediately ordered Xing Tian to go to Meng's house to make arrangements.

phone vibration.

Ye Fan picked it up and Xing Tian said, "Brother Fan, I just saw the old Dong Feng Shaohua of Xingyao Group come out of Meng's house, and Meng Canglan also said to me. It's done, your identity has been confirmed."

"Okay." Ye Fan was very satisfied and asked, "What does this Xingyao Group exist?"

"The high-level consortium in the capital."

Xing Tian explained in detail: "Beijing consortiums are divided into three levels: elementary, intermediate, and senior. The senior consortium is equivalent to the first-line family in Beijing. Of course, it is such an analogy in name. The consortium is strong."

"Xingyao Group is well-known in the capital, it is engaged in science and technology."

"Technology!" Ye Fan's heart moved. Since the Xingyao Group is under the command of Xiao Shending, will he master Ye's chip technology?

Xing Tiandao: "Brother Fan, want me to take the Xingyao Group?"

With the strength of Tianzun Temple, it is not difficult to win a high-level consortium.

Ye Fan thought for a while and ordered: "Don't be stunned, just keep an eye on me. Of course, you can also train a few elites to mix in, or instigate the core members of the Xingyao Group. It is best to know Xingyao Group secretly. The core technology that we have mastered."

"clear."

"By the way, hang a name in the Meng's house, is there a specific girl?"

Xing Tian laughed: "There is indeed one, chosen by the Meng family. It is called Meng Qingyin. I will send you the photo."

Ding dong.

WeChat rang.

Ye Fan asked again; "Don't forget what I told you before and look for the whereabouts of Meng Cangwu's daughter Meng Qingwu."

"Twenty years, too long, it's really difficult to find out, but I have already mobilized a lot of power. There will always be a result in life or death. Brother Fan, wait patiently."

Xing Tian comforted.

"One more thing, people who are passing the letter with arrows must also be investigated."

Ye Fan is very grateful.

If it were not for secretly spreading the letter, Xiao Shending would know that he was not the son-in-law of the Meng family, and then reassess his strength, that would undoubtedly be exposed!

"a?"

"Xiao Shending is in Changning, and the messenger is in the capital, how can it be synchronized. Unless..." Ye Fan's eyes flickered.

Is there a spy around Xiao Shending?

Good guys.

Do you want to shoot "Infernal Affairs"!

Ye Fan feels that it is getting more and more fun, of course this is a kind of speculation, but he believes that things will always come to light.

After ending the call, Ye Fan clicked on the photo sent by Xingtian.

I was greeted by a delicate girl, pale and very weak, which made people have a thought of pity.

Ye Fan silently remembered this face.

"Squeak."

At this time, Dahu came to the room and said, "Boss, Shi Xingyu, the young lady of the Shi family, is here."

"Jinhua Shijia?"

"Yes."

Xu Taishan's face was solemn and asked, "What do you say?"

Dahu glanced at Ye Fan, and then said, "Miss Shi said to look for seniors in white clothes. I guess it might be Ye Da."

Ye Dan smiled and said, "As expected of the Jinhua Shijia, I found it so soon."

"Then what do you mean?"

"See you."

Three minutes later, the reception room.

Shi Xingyu pushed the door and walked in, and at a glance, he saw the figure in white clothes standing with his hands holding hands in front of the French windows.

"Big brother."

Shi Xingyu shouted with joy.

He walked quickly behind Ye Fan, shy and timid, lowered his head slightly, blushing and said; "Big brother, I finally found you."

Ye Fan turned around, looked at the little girl in front of him, and smiled: "What do you have to find me for?"

"Be friends."

"Boyfriend?" Jiang Long joked beside him.

Shi Xingyu's face turned redder, and he muttered: "It's okay to fall in love, but I have to wait three months. I'm not an adult yet."

"Ahem."

Ye Fan glared at Jiang Long and looked at Shi Xingyu and said, "As the first family of Jinhua, you are also the little princess of the Shi family. I am honored to be friends with you. In addition, I think you have a good talent for archery. , When there is a chance in the future, I will recommend a teacher to you."

"I have a teacher." Shi Xingyu said: "My teacher is the most powerful archery master in Qingzhou Province."

"Compared to my friend, he is not worth mentioning."

Shi Xingyu frowned.

Ye Fan's direct slander of his teacher made her feel a little uncomfortable.

Ye Fan waved his hand and said, "Go back to Jinhua, or I'll lose a hair here, and the Shi family can trouble me."

"I will play in Changning for a few days."

Shi Xingyu asked Ye Fan's WeChat and went to play in the big world.

Ye Fan didn't care much about a little girl's film.

If it hadn't been for Li Shenji's favor, and promised to find him a good apprentice, he wouldn't even see Shi Xingyu.

"Xiaolong, haven't people arrived yet?"

"It's coming soon."

Jiang Long looked at his watch.

Xu Taishan was puzzled, but it looked like Jiang Long called a powerful character.

Half an hour.

Buzzing, a huge roar accompanied by the sound of breaking through the air, a fighter plane landed on the top of the mountain behind the Qile Great World.

"Look at the fighter plane!"

"How come there are fighters?"

"It's so cool."

Tourists from Qi Le Great World looked towards the top of the back mountain.

That fighter was too magnificent, equipped with high-end thermal weapons, and was one of the most advanced fighters in the world.

then.

Under everyone's eyes, it disappeared.

Stealth fighter!

When Xu Taishan received the news, he was horrified. He was about to organize people to stand by, but listened to Jiang Long said: "Old Xu, don't be nervous, it is the boss I invited."

"boom!"

The door opened in response.

A group of special teams rushed in, fully armed, each with a strong aura, and they were all world-class soldiers.

They were scattered on both sides, their faces solemn.

The protagonist has appeared.

What surprised Xu Taishan was that he turned out to be a child.

About eight years old, wearing a small suit, there is still a hint of immaturity on his face.

However.

The majesty of the superior was revealed all over his body, which was incomprehensible to the immature face.

"Brother Long."

"Boy, come here very fast."

"Your call, can't you come quickly." Tong Di laughed, then looked at Ye Fan with respect.

"See the Lord."

"Okay, don't do this." Ye Fan waved his hand and smiled: "Old Xu, let me introduce you. This one is the leader of the Black Feather Alliance, Tong Di."

"Black Feather Alliance?"

Xu Taishan was at a loss.

A few seconds later.

The color of shock covered Xu Taishan's entire face. He remembered that the first organization in the hacker world was the Black Feather Alliance.

This is an organization that makes every country in the world jealous.

Three years ago, a certain country murdered several members of the Black Feather Alliance, and also threatened that the Black Feather Alliance was rubbish, causing Black Feather's anger and frantic revenge.

Under the leadership of a five-year-old child, all the networks in that country were paralyzed overnight, causing everything to be shut down and the economy going backwards for ten years.

Since then, Tong Di became famous in the first battle.

Now, he is already the leader of the Black Feather Alliance, the first genius in the hacker world, and claims that there is no network he can't break.

Chapter 146: Invade the Star Group

"Hello, uncle."

"Hello."

Xu Taishan shook hands with Tong Di in a hurry, feeling extremely honored.

This is the world's number one hacker.

If you go to any country, you will get preferential treatment from the leader. It's no wonder that if he can fly a fighter plane, he is qualified to let Daxia give him privileges.

suddenly.

Xu Taishan reacted, the world's number one hacker genius, just now respectfully greeted Ye Fan, calling him "Honorable Lord".

Ye Fan, he...

What kind of identity does it have?

What kind of existence, a phone call, can make Tong Di come non-stop!

"Ye Zun, why did you call me."

"check it out."

Ye Fan pointed to a pile of parts on the table. This was a mechanical door that Jianglong had dismantled. There were some high-tech things in it.

In terms of technology, Ye Fan would not.

Tongdi's eyes lit up, and he started playing with enthusiasm. After a while, he took out the core of the mechanical door and exclaimed, "It's interesting."

Jiang Long said: "This core component has strict defense procedures. It is forcibly smashed open for fear of destroying the contents inside, so you are called to see if it can be breached."

"Hahaha, I didn't lose this trip."

Tong Di laughed.

The moment he saw the core components, he understood that this was an unprecedented defense program, absolutely powerful.

It's tricky, so you have a sense of accomplishment when you break it.

Tongdi immediately started.

The assistant opened the password box. Inside were the computers and other machines that Tong Di needed. Ye Fan and the others couldn't understand the following operations.

A series of codes and the like are dazzling.

Waited for an hour.

Finally, Tong Di shouted: "Okay."

The three of Ye Fan gathered around.

Tong Di wiped his sweat, looked like an adult, patted his thigh and said, "Good guy, this is the most powerful defense program I have ever seen. Once you take a wrong step, the core components will explode and become nothing."

"Fortunately, it was captured by me."

"Look!"

Tong Di clicked the [Space] key on the computer, and saw the core components clicked, "blooming" like petals.

In the center is a chip.

"Hongmeng!"

Ye Fan lost his voice, but quickly denied it.

Xiao Wenyao once said that the ultra-era chip "Hongmeng" created by the Ye family is 5nm in diameter.

And this big chip is one centimeter in diameter.

Tong Di explained: "This big chip is a combination of three hundred and sixty small chips. That small chip is currently the world's most advanced 7nm technology."

The first sentence gave Ye Fan hope again, but the latter sentence "7nm" poured cold water on Ye Fan.

Tong Di studied the chip and exclaimed: "Oh cow, this 7nm chip is too powerful. I visited the World No. 1 Technology Group some time ago, and the 7nm chip they built is not so exquisite and perfect."

"Honorable Lord, where did this mechanical door come from? How could there be such an advanced chip technology? This is an epoch-making significance."

Ye Fan's thoughts surged.

In the end, he had a bold guess: this 7nm chip was built with a little "Hongmeng technology" from the Ye family, so it is so exquisite.

This made Ye Fan feel the powerful and terrifying of "Hongmeng".

"Tong Di, can you analyze the technology of making this chip? If you can crack it, your merits are boundless."

"Needless to say, I will also study."

Tong Di's excited little face flushed, and he carefully stored the chip.

"My Lord, it takes a lot of time to crack the chip technology. I want to call my team to come over and work together."

"no problem."

Ye Fan looked at Xu Taishan and said in command: "Immediately prepare a research room for Tong Di and his team. Then you must take care of them."

Xu Taishan vowed to say: "Ye Da rest assured, as long as I can do what Mr. Tong wants, I will try my best; everything in the world of Wonderland, Mr. Tong can mobilize."

At the right time, Tong Di had already sent a message.

"By the way, boy."

Ye Fan thought of something and said, "There is still a lot of time for your team to arrive. You are idle and you are idle. Do me a favor."

"Say it."

"Invaded the Daxia Capital High-level Consortium-Starlight Group Network. They are engaged in technology. I need you to find the core chip technology of Starlight Group. Perhaps it will help you to crack this chip."

Xu Taishan was staggered.

Invaded the capital high-level consortium?

Oh My God.

This is something no one dared to think about, Ye Fan actually said so simply.

"All right."

Tongdi nodded.

Xu Taishan cursed secretly: Damn, I really agreed.

That's a high-level consortium, stomping is not the capital, but the consortium that will tremble throughout Daxia.

To be listed as a high-level consortium in Beijing, the cash flow needs 300 billion yuan, and the market value needs 600 billion yuan!

A total of nearly trillion in assets is needed to obtain the title of "senior".

Just invade...? ?

Half an hour later, Tong Di smiled and said: "Haha, a successful intrusion, the Xingyao Group's network defense system is a grade worse than this core component."

Xu Taishan wiped the sweat from his forehead, already numb.

"Let me take a look, the core chip technology...I don't know if there is a record..." Tong Di was looking frantically.

And in the capital, Xingyao Building.

The entire group network was paralyzed, and panic spread quickly. You know, for such a large consortium, a second of network paralysis is a huge loss.

The real money is like running water, and it's all gone.

"boom!"

Group executives rushed into the chairman's office one after another, Feng Shaohua was almost crazy and didn't know what to do.

The upper class society in the capital was also in an uproar.

However.

Five minutes later, Xingyao Group's network quickly recovered and everything was calm, but the group lost one billion.

"How about it?"

In the room, Ye Fan asked as he watched Tong Di stop his hand.

Tong Di replied: "I found some information. At present, the most advanced chip researched by Xingyao Group, which is 7nm, does not help me to crack it."

Ye Fan was a little disappointed.

However, as long as Tongdi cracks the 7nm chip, it is also a kind of gain, which is equivalent to getting a little Hongmeng technology.

Maybe one day, we can gather all of them.

Hongmeng reappears!

...

At this moment.

A certain place in the world, the headquarters of the Black Feather Alliance, rushed out more than a dozen fighter planes, whizzing to Daxia.

This movement shocked the dark world.

"The Black Feather Alliance came out, my God, what happened!"

"Where is the destination?"

"It's Daxia, the Black Feather Alliance dare to attack Daxia... No, it should be Daxia calling it. Is Daxia hired the Black Feather Alliance to target a certain country."

"..."

The world is turbulent, and international news is happening frequently.

Daxia suddenly became the focus.

As one of the best powers in the world, any action taken by Daxia will affect the hearts of all countries in the world, and this incident has also caused headaches for Daxia's senior management.

Many heads of state called to inquire about the situation.

"It's Changning again, is Tianzun calling again? It's really restless." Han Qiang, director of the Sky Monitoring Office, smiled bitterly while holding his forehead.

"Director, what should I do?"

"Release!"

The deputy director was stunned, and asked, "Don't you ask for instructions from above?"

South Korea waved its hands strongly.

"It's not necessary. The result of the request is also release. Anyway, Tianzun is not allowed to block it."

After speaking, Korea Qiang left the office and drove on the Gyeongdo Road, before coming to a quaint mansion soon.

On the left and right of the mansion, there are two mighty two-meter-high bronze lions, and a plaque at the front of the mansion is written with four italicized gold characters of dragon and phoenix dancing:

Daxialong Pavilion.

Chapter 147: Long Ge's Attitude

Long Pavilion, one of the highest institutions in Daxia.

Korean Qiang entered with a heavy heart, and his face was deep; when he drove straight in, he heard some strange sounds in the backyard of Long Pavilion.

"Hey, you guys are out of business."

"Whoever is out of the ordinary, don't slander others if you can't beat them."

"Also quibble!"

Four old men are playing mahjong, and two of them are blushing.

In this scene, Han Qiang is no stranger to it. He stepped forward quickly and said: "Old Ge."

That's right.

These four seemingly funny old people are the four seniors of Long Pavilion, the real Daxia seniors.

Among them, Elder Dage is the chief of the headquarters of the Great Xia War Headquarters.

High position, direct access to Tian Ting.

However, South Korea's strong greetings did not stop the quarrel between the two elderly people, but instead got worse.

In the end, the old man sitting in Dongfang with white hair and beard.

"You guys stop it."

"Xiao Han has been waiting for a long time, so I have to let people watch jokes."

Elder Xiao Ge also persuaded: "Second brother, third brother, take a tea break, find a time for you to make gestures, the war of words is meaningless."

snort!

The two snorted coldly, and neither was convinced.

Elder Da Ge's eyes were open and closed, and he asked, "Xiao Han, what is it worth coming to Long Ge in person?"

Korea Qiang said with a bitter face: "Enlightenment, the first organization of the hacker industry, the Black Feather Alliance, has entered the country. The target is Changning. The most likely is the call of the gods. I did not stop it."

"Black Feather Alliance?" Da Ge's eyes flashed, thinking of something, and said: "Just now, the Capital Star Group suffered a network invasion and was completely paralyzed. It must be the Black Feather Alliance."

South Korea was surprised.

He didn't know about this, and he couldn't calm down when he heard the old man say it.

This was obviously instigated by Ye Fan, and the random invasion and attack of the Daxia Senior Consortium was really too unruly and unruly!

"It's right to be unblocked. You did a good job. You don't have to report this little thing to us."

After struggling for a few seconds, South Korea decided to speak out.

"General Manager, I have a sentence, I don't know if it is improper to say it."

"Say."

"We... are we too indulgent to Ye Fan!" South Korea's strong words surprised the four great patrons.

He continued:

"Ye Fan, as the Lord of the Temple of Heaven, is indeed worthy of respect, and we have given some privileges. However, Ye Fan used this nonsense to destroy several big families in Changning, **** and cold, and despised lives; now, he is aggressively attacking high-level consortiums. ...It's really lawless!"

It's not over yet.

Korean Qiang took a deep breath, "Old Master, I can't understand. No matter how strong the Temple of Heaven is, it is only an organization, and our Daxia is one of the big countries that stand on top of the world, and it cannot be shaken by a small organization."

"Also, if Ye Fan summoned other organizations to enter the country, there will definitely be public opinion in the international community; I think I'm bullying, it's not good."

"So what?" Da Ge asked lightly.

South Korea knelt on the ground and said sincerely: "I suggest limiting Ye Fan's mobility and privileges to justify my great power!"

The backyard was deadly silent.

The four old patrons looked at each other, with deep meaning in their eyes.

Xiao Ge, who has always been gentle, smiled and said, "Xiao Han, you can understand what you have to say about Ye Fan, but you only know one thing and don't know the other."

"Elder Xiao Ge, I know that there are nothing more than two points. First, the Tianzun Temple is indeed strong; second, Ye Fan is a Daxia, and has helped Daxia War Department many times. Therefore, you give Ye Fan the privileges. Recruit Ye Fan and Tianzun Temple and tie them to Da Xia."

"You are right, but only superficial."

Xiao Ge still shook his head.

South Korea was puzzled and thought secretly.

But he couldn't think of any other points without breaking his head. He clasped his fists and begged: "Please tell me from Elder Ge."

At this time, the three old patrons looked at the boss together.

In the breeze, Old Dage's white hair fluttered, his eyes half-open and half-closed, he said leisurely, "Follow him!"

Three words, rejected the proposal of South Korea Qiang.

This makes Korea Qiang very reconciled, but he knows that once Da Ge decides, no one can change except the highest one.

So he paid a visit to the ground and boldly asked: "Please explain to Mr. Dage."

"Because," Da Ge paused, then closed his eyes and sighed: "He is a descendant of Ye Potian!"

Chapter 148: Daxia Qixiong

——He is a descendant of Ye Potian!

Hum.

South Korea has a strong tremor.

Ye Potian!

Three words, like Lei Guaner.

Throughout Daxia, there must be many people with the name "Ye Potian", but South Korea knows who the "Ye Potian" in Da Ge's mouth refers to.

Only that person!

One of the seven heroes of Daxia, Wei Guogong.

For an instant, South Korea was in a cold sweat like rain, and it took a long time to recover, and asked tremblingly: "General, Ye Fan is the grandson of Wei Guo Gong's...?"

Asking this sentence, Korea Qiang exhausted all his energy.

Daxia Qixiong, that is the existence of the seven deities that have pushed Daxia to its peak, all of them are public, and one person is above 10,000.

Among them, Wei Guo Gong Ye Potian was the most tyrannical.

nowadays.

Ye Potian is 70 years old, and although he still guards the territory, there has been no news in the past ten years.

However, no one will forget how overbearing Ye Potian was once.

Throughout his life, he can write a legend.

Crowned and honored as a young man.

Fenglang Juxu and Le Shi Yanran repelled the strongest enemy country in Daxia at that time. The enemy country that they fought was cede three thousand miles, and the capital of the country was forced to move away.

Since then, Ye Potian has been singing all the way.

Over the course of twenty years, we have cultivated millions of heroes internally, retreated from the foreign wars with the powerful from all walks of life of the 18 countries, and forced the 18 countries to cede their territories and retreat.

He alone allowed Daxia to expand its territory by tens of thousands of miles.

Conquer the world!

At the age of forty, Ye Potian was awarded the title at his heyday.

Number: Wei Guo Gong.

Since then, has been sitting in the most dangerous territory.

Thirty years in a flash.

call.....

Taking a deep breath, Korea Qiang came back to his senses, and he was shocked and suspicious.

Rumor has it that Ye Potian, Lord Weiguo, did not marry a wife and have children, and there is no one behind him. Why did he suddenly have a grandson?

"Brother, is the news true?"

Asked the other three old patrons.

South Korea is stunned for a moment, and they don't know their feelings either.

The eyes of all four of them fell on Dage Lao Wang Xianzhi, and he nodded slightly; "I also just got the news, and it has been confirmed that it is indeed Ye Potian's grandson."

"hiss."

The four of them took a breath.

At this moment, South Korea smiled bitterly, and Wei Guogong's grandson is indeed qualified to have supreme privileges, and it can even be said that he is born with a gold medal for immunity from death.

And he actually wanted to contain Ye Fan's privileges...

Really presumptuous!

Korean Qiang hurriedly clasped his fists and said solemnly and apologetically; "In general, it's me Meng Lang."

Wang Xianzhi waved her hand, not paying attention.

Then he said: "I was surprised to hear this news, but it was also expected. Only Ye Potian can train such an excellent grandson. Therefore, as long as Ye Fan does not make unforgivable mistakes, Normally, just open one eye and close one eye. I think that kid is definitely not a reckless person, he will be measured."

When Wang Xianzhi finished speaking, Xiao Ge said: "In fact, Ye Fan is very disciplined. I specifically contacted Xiao Guo and learned about some things. For example, Ye Fan's parents were forced to jump off the building, Ye family was assaulted and wiped out, and the fire burned. Ashes... these secrets."

"what!"

The eyes of the second and third child opened wide.

Korea Qiang also trembled and felt it was ridiculous, and he had misheard it; but he pinched his thigh, it was painful, and it was real.

Elder Xiao Ge continued: "The hatred of parents and the hatred of family and relatives are not shared; but Ye Fan did not get revenge, did not disturb the people of Changning, and did not indiscriminately kill innocent people. This is enough to show that the kid has principles. Speak the rules, so we don't have to worry about him going crazy."

"Bastard!" The hot-tempered second child patted the table and said angrily: "Ye Fan is the grandson of Wei Guogong. His parents are the son and daughter-in-law of Wei Guogong. He was actually forced to death. Who has such courage! Nine Clan is not too much!"

"It's not right, how can the descendants of Wei Guo go to the small place in Changning? Son and daughter-in-law are unexpected, does Wei Guo know? Changning Ye family, is there anything to do with Wei Guo?" The thoughtful youngest third asked a series of questions. .

In the end, the eyes of all four of them fell on Wang Xianzhi again.

Just listen to Wang Xianzhi stroked his beard and said faintly; "This matter is very complicated, and I am not sure about it. We only need to know that Ye Fan is Ye Potian's grandson. As for the other things, don't go into it, it's very sensitive... There was news from the frontier, Ye Potian was in trouble."

Suddenly, the four of them looked cold.

Elder Xiao Ge asked: "Brother, is the news that Ye Gong is going to fall, is it true?"

"Who knows. It is not easy for a strong person like Ye Potian to fall... But this time it is very dangerous. It is not only a powerful enemy outside the territory, but someone inside is suspected to be tricking him."

Wang Xianzhi said, her eyes shone sharply.

The three old patrons glanced at each other, and their expressions were full of murderous air.

Daxia Qixiong is not a monolithic one, in which intrigue is inevitable.

In particular, Ye Potian is now very old, and many bigwigs are eyeing the title of "Duke Weiguo".

Daxia has rules-

The seven dukes' titles will last forever and will be passed on forever; the public shall have no right to deprive them of titles unless they voluntarily retreat.

In other words.

People in the back who want to close the public must wait for a vacancy.

Originally this was nothing, anyway, those who were able to confess the public were all big figures in the temple, and they all had patience.

However, there is a new rule—

Those over 52 years of age are not eligible to be sealed off.

The emergence of this new regulation five years ago caused an undercurrent of commotion, and most of those who were able to climb to high places to be sealed off were not young.

The fifty-two-year-old standard means that most of the candidates are kicked out, and the rest are around fifty.

If it is impossible to close the public within a year or two, then miss this opportunity.

The first duke was made by strength. Although the successors have titles, they don't have much power, but they are also a symbol of glory, enough to be recorded in the annals of history, who would not desire it.

The hat is right in front of you, if you can't get it, it will be a lifetime regret.

Ever since.

Under the influence of this kind of emotion, some people began to walk in evil ways.

"Headquarters, who is so bold and presumptuous, even targeting Duke Wei Guo."

Korea Qiang has always admired Ye Potian, and can't help being filled with righteous indignation at this moment.

"Headquarters, you are the elder of the Long Pavilion, and you have the same status and justice. You have the right to set up an investigation team to thoroughly investigate the matter, and to find out those who are secretly targeting and wanting to murder Duke Wei Guo."

"Why don't you check!"

"Presumptuous." Elder Er Ge immediately scolded: "Korea is strong, when is your turn to teach Elder Da Ge, the following offense, there are no rules, send me to the prison to face the wall and think for three months."

South Korea gritted its teeth.

Although not angry, but helpless.

"No need."

At the right time, Wang Xianzhi waved his hand and said with a long look: "Although I am the head office, I am in harmony with the fair, but there are still people above me."

boom!

In a short while, South Korea is better than being struck by lightning, instantly changing its color and faltering.

Naturally, there is no need to say who Wang Xianzhi mentioned.

Since ancient times, there have been some means for the emperor, which is called balance, that is, the emperor's mind.

this moment.

Korean Qiang understood it and realized it. He lowered his head and dared not say anything. Wang Xianzhi told him this because it was a great secret, and he had to be tight-lipped and even forget everything just now.

"Big brother, who do you think is the most promising person to seal the public?"

"Beiliang Hou Li Ce."

Wang Xianzhi blurted out.

Old Erge snorted, "That guy is forty-nine, and there are three years left. Time is running out. I think Li Ce can't wait, and secretly tricked him."

Elder Sange shook his head and said, "Li Ce is a civilian with few resources. It is unlikely that he will be a black hand."

"But if there is help behind it!"

Elder Xiaoge's words made the second and third child frown.

On Wang Xianzhi's face there was no wave.

"I am very concerned about the next few potential Master Hou. According to my information, Li Ce and Xiao Gong are close." Xiao Ge said meaningfully.

Chapter 149: Double king, serve!

Xiao Gong Xiao Shixun, one of the Seven Great Xia Xiongs!

If Li Ce had Duke Xiao's help, he would have more resources and courage, and the probability of being a black hand would increase sharply.

"Duke Xiao and Duke Ye have been at odds, secretly assisting Li Ce, the possibility is not small." Elder Er Ge thought.

then.

The canonization of Qixiong is all talking about who the head is.

Ye Potian and Xiao Shixun are popular candidates.

In the end, Ye Potian ranked first among the seven heroes because of a little more military exploits, and Xiao Shixun has always been concerned about this.

However, in recent years, several of the seven heroes have been close to Xiao Gong, and Ye Gong has been alone, and has rarely appeared in the past ten years. His prestige has dropped drastically, and Xiao Gong is showing signs of being replaced by Xiao Gong.

For Xiao Shixun-Ye Potian has fallen, and Li Ce is in charge. On the one hand, he won the title of "the leader of the male", and on the other hand, there is one more united front with him in the seven heroes. The best of both worlds, why not do it? !

"Don't talk too much about this matter."

Wang Xianzhi spoke, interrupting everyone's thoughts.

"Xiao Han, go ahead."

"Yes."

Korea Qiang didn't want to stay here for a long time, because it involved Tianda's secrets. Although he was curious, he didn't want to know.

Being in a high position, the more you know, the more dangerous you are.

This has been the case since ancient times.

After Korea Qiang left in a hurry, the three old Ge asked in unison: "Brother, Ye Gong is really helpless?"

"There is still a silver lining."

"How to say?"

Wang Xianzhi closed his eyes and spit out two words after a while: "Ye Fan."

The three old patrons shook.

Ye Fan?

What's the meaning?

Can that kid save Ye Potian?

The three looked at each other and couldn't understand. Although Ye Fan was the master of the Heavenly Venerable Palace, and his strength was good, compared with Ye Potian, he was still far behind.

You can say that--

Ye Fan was just a baby in front of Ye Potian.

In this way, what could make Ye Potian fall into the perilous situation, what is Ye Fan's ability to break the situation?

No matter how you think, there is no hope.

Korea Qiang left the pavilion with the front foot, and Guo Xiong's call came on the back foot.

"What's the matter?"

"Brother Han, I heard you went to the Dragon Pavilion, for Tianzun's business?" Guo Xiong said cautiously.

When it comes to Longge, he is also very cautious.

South Korea scolded: "Your kid is pretty well informed."

"It seems that I guessed right." Guo Xiong smiled bitterly: "Brother Han, Tianzun did not do anything wrong in Changning. As for the Black Feather Alliance fighters coming to Changning, there is not much movement. There is no need to make a fuss to disturb Elder Ge."

"You taught me a lesson."

"Dare not dare!"

"Huh, the domestic movement is not big, but the international situation is turbulent and rumors..."
South Korea paused, and then said: "Don't mention this, I know what you want to ask. I ask Mr. Ye to warn Ye. Fan, but the old man refused."

Guo Xiong was surprised.

Han Qiang continued: "Don't ask more about some things. If you continue to stay in Changning, remember to report to me if Ye Fan is moving."

"no problem."

After hanging up the phone, Guo Xiong couldn't calm down for a long time.

In between the lines in Korean strong words, the old patrons expressed the patronage of Ye Fan... Good fellow, Ye Fan is Daxia's own son, and the four great old patrons are protecting him.

...

Changning.

That evening.

A dozen fighter planes finally arrived in the Great World of Qi Le, and Tong Di's team arrived, a total of forty-eight people, plus his own forty-nine.

The Black Feather Alliance is not one.

Among them, there are hundreds of large and small teams. The 49-member team of Tong Di is the most powerful, and as the team leader, Tong Di is respected as the leader of the team.

"start."

Tongdi ordered.

The team ran immediately, performing chip deciphering in the secret room that Xu Taishan had arranged for a long time.

This is a long process.

Part of the "Hongmeng technology" involved is extremely complicated, even if it is Tong Di and his team, it takes time and attention.

Xu Taishan arranged for the servants to serve the Tongdi team, walked out of the secret room, looked back at the night, the eighteen magnificent fighter planes on the top of the mountain, unconsciously numb the scalp.

horrible!

Back at the office, he said, "Ye Da, everything is arranged. It's not early, do you want to have a meal together."

"Let's skewer."

"Right on my mind."

If you want to talk about skewer, you have to be a roadside stall.

Only then can there be an atmosphere.

The three of them blew a few bottles of beer, and then they saw Xu Taishan sighed: "Ye Da, I'm quite convinced."

"From now on, I will follow you, and I hope you will not dislike Ye Da."

"You have the strength of the top ranking, and you are qualified to follow Brother Fan." Jiang Long recognized it, but his words changed: "However, you still need a lot of tests if you want to join us."

"Even if there is a sea of fierce swords, I am willing to go, and I will not hesitate!"

Xu Taishan speaks eloquently.

He knew very well in his heart that Ye Fan was a monstrous figure, and he would definitely fly to the top with Ye Fan.

Changning is too small.

It's really too small.

The Xu family has been in the rivers and lakes for generations, all dreaming of flying out of this small world, and in the generation of Xu Taishan, there is great hope.

In Xu Taishan's blueprint:

The first step is to destroy the king of beggars and the three major martial arts halls, unify the boundaries of Changning rivers and lakes, and then expand outward to accumulate strength;

Second stepping into a second-tier city in Qingzhou;

In the end, he marched into the provincial capital and became a state-level gangster.

But.

Imagination is perfect, reality is cruel.

A beggar king, he can't solve it for a long time, let alone enter the second-tier cities and provincial cities.

Originally Xu Taishan had no hope, but now, with Ye Fan, the seeds of his ambition have once again recovered and grown rapidly.

"Ye Da, what task do you want to explain?"

Xu Taishan looked forward to it.

He did not ask Ye Fan's identity.

At present, what Xu Taishan wants is to pass the test quickly, prove himself, and completely become Ye Fan's confidant, just like Jianglong.

At that time, Ye Fan's identity naturally appeared in front of him.

"Become the overlord of Changning rivers and lakes first." Ye Fan said with a light smile; "If you can't even control the small Changning rivers and lakes, you are not qualified to fight with me."

"clear!"

Xu Taishan clenched his fist, his eyes burning.

Jiang Long joked: "So confident, I think you can't even find the Beggar King. Don't think we will help you, don't think too much."

"Mr. Ye!"

The words fell here, and a familiar voice rang.

Xu Taishan looked back.

"Beggar King!"

Suddenly, Xu Taishan violent.

Huh!

A violent rush caught Do not beg, and laughed at Jiang Long: "Brother Long, you said I couldn't find the Beggar King. Now I have caught him, how about it!"

Jiang Long was speechless for a while.

Ye Fan waved his hand and motioned Xu Taishan to let go. He smiled and asked, "How do you know we are here?"

Don't beg to say proudly; "As everyone knows, I don't have much combat power, but I have the most little brothers. There are many people in this street. I rushed over when I received the news, and I arrived ten minutes ago."

"Oh?"

Ye Fan and Jiang Long looked at each other and found it interesting.

"Why are you looking for me?"

"Puff."

Don't beg to kneel immediately and say sincerely: "I beg Mr. Ye to accept me, I am willing to serve you like Xu Taishan."

Chapter 150: Arrogant

"Sir, I am willing to join you and serve you."

The voice of the beggar king is thunderous, mixed with deep determination, reverberating for a long time.

The customers of the roadside stalls all looked over, their eyes were weird, some of them contained contempt and ridicule, and they thought it was a few neuroses imitating the TV series.

Don't beg to ignore the eyes of outsiders.

Ye Fan, he is determined!

He came over ten minutes ago, hesitating all the time, wondering if he should follow Ye Fan. When he heard Xu Taishan showing his loyalty, Ye Fan said he wanted Xu Taishan to rule the rivers and lakes of Changning. He was sweating like rain.

Can't wait anymore!

Therefore, don't beg to come quickly to have this scene.

"Don't beg, I'm a fairy!"

Xu Taishan scolded him angrily. He didn't expect Don't Begging to play this, so he didn't know how to face it.

If Ye Fan agrees to accept No-begging, then he and No-begging are "colleagues".

From a rival to a colleague?

Grass!

What is this all about.

Jiang Long said with great interest: "You work together, it must be very exciting. Brother Fan, you have lived in Changning for a long time, so you need some little brothers, which is good for you to do things. Since you don't have this heart, just accept it. "

Ye Fan is preparing to speak—

At this moment, there were roars and several Land Rovers galloped in.

Immediately afterwards.

A group of fierce men came down and kicked off a table without saying a word, shouting, "Mrs. Boss, come out!"

"What happened."

A woman rushed out of the shop.

This woman has a beautiful face, a superb body and temperament, and a mature charm. She belongs to the kind of woman who can't forget at a glance.

There is a saying that goes well: young women seduce people, young women seduce.

The proprietress expressed this sentence vividly and vividly.

"What are you doing?" The boss rushed out, and he looked like a simple and honest man, guarding his wife behind him, and glaring at a group of big men.

"Step aside."

With a light rebuke, the big man separated the two sides.

A young man covered with famous brands and wearing a Rolex staggered out and hit the boss with the takeaway.

"This takeaway is in your house, right?"

The boss looked at the attached list and nodded.

"It's indeed my family, what's the matter?"

"Also ask me what's wrong, haha." The young man smiled and slapped the boss abruptly, staring and yelling: "Your mother's eyes are blind. Didn't you see a dead mouse in this soup?"

"Impossible." The lady boss opened the lid and was shocked. There was really a dead mouse in the soup, which was extremely disgusting.

Rumbling.

Suddenly, the customers screamed, and some women even vomited and disappeared in the blink of an eye.

"Eh, you haven't given money yet..."

"Snapped."

With another slap, the boss fell to the ground pretending to be Venus.

The young man shouted in a condescending manner: "You still have to think about it. You should think about it, how to deal with this matter!"

The boss said angrily; "There can be no dead mice in our takeaway, and our eyes are not blind. Can't you see such a big mouse in the soup!"

"Oh, what do you mean by this? Could it be that I framed you." Qing Young Man said contemptuously.

The boss gritted his teeth, his face flushed.

He knew that this group of people was deliberately looking for things, so it was useless to say anything. He looked at the millions of Land Rover cars and looked at the clothes of the young man. He was obviously a wealthy boy.

And they are just ordinary people, doing a small business, how can they offend these people.

The boss endured the anger. Although he was very aggrieved, he still said apologetically; "Sorry, I was frightened. I will make a new one for you immediately. Do you think it will work?"

"Can."

Listening to this, the couple breathed a sigh of relief.

But when the boss was about to go to the kitchen, he heard the young man ask: "Did you make this side?"

The boss said: "No, I'm in charge of the barbecue, and my wife, a waiter, will make some noodles by the way."

"Then let your wife do it."

"Sir, I do the same..."

"Snapped!"

This time, the man next to him gave a slap in the face.

He yelled: "Crap you, didn't you hear what my young master said? She said that if you let your wife do it, she has to do it!"

"Husband, are you okay." The lady boss cried distressedly, but was worried that the boss might cause trouble on impulse, so she comforted: "Honey, let me go, you clean up the table and chairs."

"That's right."

The big man snorted coldly.

The lady boss bowed to the young man and said with a smile: "Sit down for a while, young master, and I'll make a new one for you right away."

"Just do it here?" the young man asked again.

The lady boss was shocked.

The young man looked at the rudimentary small storefront and said disgustedly: "Your store is too dirty and unhygienic. I am worried that rats will be eaten again."

"Absolutely not."

"If there are no mice, there will be cockroaches."

This is obviously a mess, and the lady boss asked angrily: "Then what do you want?"

"Easy to handle, I have everything in my house. Come to my house and make them."

As soon as this remark came out, the couple went into anger.

The boss had already guessed that these people were under his wife's idea.

No matter how honest, I can't help it at this moment.

He picked up the bench, but in the next second, he was knocked over by two big guys, and he was stepped on the ground and couldn't get up.

"husband."

The lady boss wanted to run over, but was stopped by the youth.

"Go to my house and make me a bowl of noodles. Just forget about it. Otherwise, I will complain. The relevant department will close your shop and revoke your business license. Your little business can't be done for a long time."

"You bastard!"

The boss's eyes were in tears.

The young man laughed, grabbed the wrist of the old helper, and dragged into the car; the boss roared in resentment, but was beaten up.

This scene was seen by Ye Fan and others.

"Grass!"

Jianglong was furious.

And Xu Taishan was one step faster than him and rushed over.

"Little beast, let me go."

"Who?"

"Your ancestor!"

Xu Taishan carried the young man, slapped three slaps, and then threw him into the air; on the other side, he also beaten two big men.

The couple embraced and wept.

The young man came back to his senses, touched his red face, and furiously said, "Grass, be nosy, go up together, and destroy them for me."

The voice just fell.

A group of big men were brought down by Xu Taishan.

"Who did you say was abolished?"

Xu Taishan looked at the young man with cold eyes, which frightened the young man, got into the car and fled hastily.

A group of big guys also stumbled and followed.

"Okay, don't cry, people have already run away." Don't beg for comfort, and then joked; "Such a beautiful wife, who doesn't care, let her show her face less in the future."

"Thank you two big brothers."

The boss was grateful, but his face was dissatisfied with resentment.

"That young man is too arrogant, is there no king's law! My wife is beautiful, is there any fault?"

"idiot."

Xu Taishan snorted coldly: "For the low-level people, being beautiful is the original sin; but the root lies in you. Whoever makes you a husband does not even have the ability to protect a wife."

Boom.

This sentence makes the boss struck by lightning.

"Ahem."

Don't beg Xu Taishan glared at him and said awkwardly: "Sorry, my friend is outspoken, don't mind."

"you are right."

The boss lowered his head reproachfully, and the hands inside the sleeves were pinched white, and the nails fell into the palms of his hands.

"move."

Ye Fan walked over and reminded: "The young man will come back, so please take it away and leave here, and run a small business in a different place."

The boss nodded and said nothing.

He hurriedly cleaned up, and left with his wife.

"The bad breath guy, don't say it if you can't speak. Do you know how much your words hurt the boss." Do not beg complained.

"I'm not wrong, he really can't protect her wife." Xu Taishan curled his lips and didn't care.

However.

He didn't know, just because of his unintentional words tonight, he created a peerless and ruthless person in Daxia in the future.
