

## **Elegant SS 1431**

Chapter 1431: break everything

Ye Fan was swallowed into the Pure Land of Bliss.

Once you come in.

It is Buddha's light.

Moreover, Ye Fan felt as if he had entered the Daleiyin Temple, with the sound of chanting Buddhist scriptures all around his ears, invading his brain and wanting to assimilate and tame him.

But.

Who is Ye Fan!

Even if the realm falls, even if many means cannot be used, he is still him, and his Dao Heart is still so strong.

Although.

Ye Fan has magic weapons such as the Heaven-opening Axe, but he cannot use it at all in the realm of the sea of bitterness.

Can't even pick up the axe.

but.

Ye Fan also has the biggest advantage, that is, his sea of suffering is boundless, because it is integrated with World Wood.

There is an endless accumulation of energy.

It must be much more powerful than the Emperor of the Bright Realm.

And the lord of light, in the realm of the sea of suffering, cannot absorb the power of the source.

That is to say.

Compete for staying power.

See who can last long.

Because, maintaining the Pure Land of Ultimate Bliss definitely requires a lot of energy. How long will the Lord of Light support?

Ye Fan sat cross-legged.

Close the five senses.

Outside, the Lord of Light is maintaining the existence of the Pure Land of Ultimate Bliss just as he had thought.

His energy is fading fast.

after an hour.

Most of the energy in the bitter sea of the Bright World Lord has been consumed. In the source, there is no spiritual energy and no energy to replenish.

He can only swallow precious medicine to replenish, but it is very small.

Another one disappeared.

The sea of bitterness will soon be empty.

The Pure Land of Bliss has gradually become illusory.

The Lord of Light took a deep breath, "For so long, Ye Fan must have been assimilated and tamed. I am using the Great Purdue Technique to completely turn him into my believer."

"Bang!"

At this moment, the Pure Land of Bliss disappears.

Ye Fan sat in the air.

The Lord of the Bright Realm stopped drinking: "Ye Fan, wake up!"

"Shh!"

Ye Fan opened his eyes.

His eyes became cloudy and confused.

Upon seeing this, the Master of the Light Realm was overjoyed, and hurriedly descended, "Great Purdue Technique!"

But at this time.

Ye Fan's turbid eyes instantly became clear and deep, and a mocking smile appeared on his face.

"not good!"

The reaction of the Bright World Lord is not unpleasant.

Back up quickly.

Unfortunately, it was still a step too late.

"puff!"

One of his arms was smashed alive by Ye Fan, and his body was cracked.

"what!"

The Lord of the Light Realm screamed.

"How is that possible! Ye Fan, why haven't you been tamed!"

"My heart is like a rock, how could I be tamed by the mere bald donkey chanting scriptures? You underestimate me too much, or in other words, you overestimate yourself!"

"Remove..."

"If you want to be equal, you can be equal, and if you want to be relieved, you can relieve me. I really don't exist!"

The light world mainly comes into contact with the Great Equality Technique and the imprisonment of state regression, returning to the state of the peak of Hunyuan.

Only in this way can he fight Ye Fan again.

However, Ye Fan took the lead: "The Great Sealing Technique!"

The Bright World Lord only felt that his body could not move.

next second.

A fist hit.

"puff!"

The chest of the Bright World Lord was sunken, and dozens of bones were broken.

"what!"

He spurted blood and his injuries worsened.

"Come again!"

"Boom boom boom..."

Ye Fan became more and more excited, and every punch left a big hole on the body of the Bright World Lord.

Puff puff.

And the Bright World Lord, from the initial counterattack to the last serious injury, no longer has the ability to fight back.

Let Ye Fan bombard him.

His body was riddled with holes, his bones were all shattered, his internal organs were shattered, shattered, and blasted.

dying.

"boom!"

Accompanied by the fall of the Bright World Lord.

The power of the Great Equality Technique and the imprisonment of state regression have also come into contact.

Ye Fan returned to the peak.

The bright world also returned to its peak and began to recover in an instant, but Ye Fan was already prepared.

"Open Heaven Axe!"

"Light Divine Body, Buddhist Golden Body..."

"puff!"

However, to no avail.

Under the axe of opening the sky, the \*\*\*\* of light and the golden body of Buddhism can't hold it. I don't know that these two systems are weak, but the master of the world of light has been seriously injured and has not been able to exert all its power.

Half of the body was chopped off.

"what!"

The Light Realm Lord's breath was sluggish and fell in a pool of blood.

This axe split his Primordial Spirit, making his karma no longer capable of resisting.

"Ye Fan, don't kill me!"

The Bright World Lord shouted, his face terrified and full of pleading.

Ye Fan smiled and said, "Isn't it crazy before, I still like your rebellious look."

"Ye Fan, success or failure, I have nothing to say. The bright world will give it to you."

"anything else!"

"What more do you want, could it be that you give me the inheritance of the Buddha!"

"It's ridiculous. Your life is under my control, and of course everything you own is mine. The Great Equality Technique, such a domineering top-level supernatural power, how could I not want to learn it!"

The Lord of the Light Realm gritted his teeth.

But now he is not qualified to bargain with Ye Fan.

"I will give you the inheritance, and you will let me live? If not, even if I die, I will not give it to you!"

"Can!"

"You make an oath of heaven!"

"It's really troublesome." Ye Fan made an oath of heaven, which reassured the Lord of the Bright Realm and passed on the Buddhist secrets and unique skills that he had obtained to Ye Fan.

Great Equality!

Pure land of bliss!

The frontier is back!

Waiting for the core secret technique of the Buddhist family to surprise Ye Fan, it's a great job.

"Ye Fan, you can let me go!"

"boom!"

Ye Fan punched out the bitter sea of the Bright World Lord.

"what!"

The Lord of the Light Realm split his eyes and roared, "Ye Fan, you bastard, you abolished me!"

"I promise not to kill you!"

Ye Fan is very indifferent.

The Master of the Bright Realm roared resentfully: "What is the difference between you abolishing me and killing me. Ye Fan, I curse you to die. Also, you can cultivate to the Bright Realm. I won't talk about handing over control to you. you!"

"I really need you to give it to me? You underestimate me too much."

"Wow!"

Ye Fan summoned the world tree seedlings.

The pupils of the bright world master shrank: "What is this, how can there be such a pure power of the world!"

at the same time.

The source of the light world is turbulent, and it seems to be extremely excited.

The core of the source, the branch of the world, also bloomed and emerged.

As if the child saw the mother.

"how come!"

The Lord of the Light Realm found that his control over the Light Realm was rapidly weakening.

"This is, the world tree seedling!"

"impossible!"

"How can you control such a rare treasure in the world, the seedling of the world tree! With this thing, it is enough to control the heavens and the world!"

"Ye Fan, who are you!"

The Bright World Lord finally lost his temper, and even the resentment in his eyes disappeared.

Know the huge gap with Ye Fan.

Ye Fan didn't speak, and he used the world tree seedlings to successfully gain control of the light world.

Then he grabbed the Bright World Lord and walked out of the source.

Outside.

The bright world powerhouses waited anxiously.

"The World Lord!"

The elders and other strong men exclaimed.

Ye Fan said indifferently: "The Lord of the Bright World has been defeated, and the source of the Bright World is under my control. From now on, I am the master of the Bright World!"

"Crash."

The elders and other powerhouses and countless creatures knelt down to Ye Fan without any hesitation.

"See Master!"

"See Master!"

One wave after another, the sound shook the world.

Han Yan said with a smile: "Ye Fan now, with the help of the world tree seedlings, can control one world each."

Fang Rui said excitedly: "Yes, he is the ruler of all realms!"

"Everyone obeys!"

"Immediately assemble the army, and in three days, follow me to attack the dark world!"

As soon as this word comes out.

The crowd was excited.

"Master the mighty!"

"Master the mighty!"

Ye Fan ripped apart the starry sky, threw the Bright World Lord out, and disappeared into the universe.

three days later.

According to the plan, Ye Fan led the army of the light world and entered the dark world.

The news that the Dark World Lord was beheaded had already reached the Dark World, so there was almost no resistance.

The Dark World surrendered.

Become Ye Fan's bag.

Now Ye Fan controls the three worlds of light world, dark world and demon world.

"I know the coordinates of the \*\*\*\* world. With the seedlings of the world tree, I can disperse the strange mists of the \*\*\*\* world and control the \*\*\*\* world. Then, go to the heaven world!"

"Alice, old friend, I don't know what level you have reached now. As the only Seraph, you shouldn't let me down!"

Ye Fan muttered to himself, planning his next move.

This huge starry sky, he has to conquer.

And Ancestral Planet Earth, at this moment ushered in a big change. Above the East China Sea, Yingzhou Immortal Mountain, one of the three immortal mountains, was unsealed on this day...

Chapter 1432: Yingzhou

Above the East China Sea, the waves are turbulent, and the rays of the sun are soaring into the sky.

All the powerhouses of the major ethnic groups descended.

There are three immortal mountains, one is stronger than the other. Abbot Immortal Mountain already has countless resources. What fortune opportunities and treasures will this more powerful Yingzhou Immortal Mountain have?

certainly.

Many strong people did not dare to act rashly.

There must also be strong people in Yingzhou Xianshan Mountain. Sure enough, several tyrannical breaths rushed into the sky.

Make the sky crumble.

"I'm a madman, finally came out! Hahaha, since then, the sea is wide and the fish leaps, and the sky is high and the bird can fly!"

The first strong man rushed out, and the sky was broken, and it turned out to be the cultivation base of the peak of Hunyuan.

To know.

At present, on Zuxing, apart from Ye Fan and a few others, the only ones who have broken through the Primordial Realm are the God Emperor of the God Clan and the Queen of the Shura Clan.

Even if there are hidden Hunyuan powerhouses, the realm of Hunyuan Peak hardly exists.

But it's not over yet.

"boom!"

Another breath of air.

A majestic emperor appeared, his eyes were bright, like the sun, and he said coldly: "Is this the outside world, I want to conquer this world!"

"Hahaha, Emperor Xia, you are not qualified to conquer this world, only this seat can do it."

The third peak Hunyuan powerhouse appeared.

Three in total.

In the rear, there appeared a group of powerhouses in the early, middle and late stages of Hunyuan.

And the realm of God Transformation, there are more.

This lineup made the strong men of the major ethnic groups change color and retreat in anger.

What a joke!

Three peaks of Primordial Primordial, a group of Primordial Primordial Realm, and a large number of god-transforming powerhouses, how can this be fought!

Is this the strength of Yingzhou Xianshan!

It's terrifying.

Much stronger than Fangzhang Xianshan.

At this moment, the Daoist madman lowered his eyebrows, swept the audience, and sneered: "The outside world is really weak, there is no Primordial Realm, a group of ants!"

The strong men of all races were ashamed and angry.

However, helpless.

People are at the peak of Primordial Primordial, and they are qualified to say that they are ants in the realm of God Transformation.

Xia Huangdao: "I feel the majestic luck, it should be the strongest Taoism in this world!"

"Tear the void!"

"A short distance away!"

Xia Huang took action, tore the sky apart, and then disappeared.

So far away.

One step, to tens of thousands of miles.

soon.

descend on the palace.

"Lucky Golden Dragon!"

"What a majestic golden dragon of luck, why is this country so weak, and there are even lowly ordinary people who can condense such a strong luck, stronger than my dynasty's luck!"

Xia Huang is incredible.

at this time.

The mad demon Taoist, and another peak Hunyuan powerhouse - the Holy Master of the Five Elements Holy Land in the Xianshan World of Yingzhou.

The two followed.

"Good luck!"

The Holy Master of the Five Elements exclaimed.

The Daoist madman smiled and said, "Everyone who sees it has a share, and no one wants to take it alone, it's a big deal!"

Xia Huang frowned.

The Daoist Madman and the Holy Master of the Five Elements are both at the peak of Primordial Primordial. The three of them have fought for many years with no results.

It's just a waste of time.

instead.

It will let the natives of this time take advantage of the loopholes.

Xia Huang said: "It can be divided equally!"

"hold head high!"

But at this moment, the Golden Dragon of Fortune roared.

a portal.

It opened slowly at the top of the palace.

The queen came out.

In an instant, it is integrated with the golden dragon of luck.

"kill!"

The Nine Dragons Jade Seal bloomed, carrying the power of luck and faith, and slammed it down.

Emperor Xia said with disdain: "It's not the queen of this country, she is really weak, even if it integrates the Golden Dragon of Luck, it is only the strength of the middle period of the Primordial Yuan. As far as I am concerned, it is vulnerable!"

"break!"

Xia Huang flexed his fingers.

In an instant.

All the Queen's attacks vanished.

"puff!"

The queen was hit hard.

The blood spurted wildly, and was forced to leave the Golden Dragon of Fortune, and the Golden Dragon of Fortune also let out a wailing, as if he had suffered trauma.

The sea of clouds and clouds dimmed a little.

"Man'er!"

In the heavenly world, everyone exclaimed.

Emperor Xia looked at the gate of heaven, and his eyes lit up: "There are so many rare constitutions, not bad! And women can be concubines of this emperor!"

The Holy Master of the Five Elements sneered: "Huang Xia, you are too greedy, I want a few!"

The mad demon licked his lips and said with a greedy grin: "Although this old man is not young, he is still full of energy. There is nothing wrong with having a few fun!"

The Queen and others were furious.

"kill!"

This time, in the heavenly world, all the powerhouses shot together, their combat power was amazing, and they climbed to the peak of Primordial Primordial.

Xia Huangdao: "There are some ways, but unfortunately, it is still not enough!"

Right now.

The Emperor God and Queen Asura came.

Same shot.

The Holy Master of the Five Elements and the Daoist madman sneered: "In the early days of the Primordial Primordial Period, you dare to make an axe and kill me!"

The Emperor God and Queen Shura were severely injured and fell into the heavenly world.

Rumble.

At the same time, Emperor Xia had already broken through the combined lore of the Queen and the others.

The difference is too big!

The queen shouted: "Quickly contact Ye Fan and let him come back quickly, otherwise, all Zu Xing will be subverted."

"Fail to contact!"

Meng Qingyi shook her head and said, she tried her best to use the seven-star fate chart to contact Ye Fan with a trace of destiny.

But.

Ye Fan's violent earth is really too far away now, and Meng Qingyi's realm is still very low, so he can't be noticed for the time being.

"Break it!"

Compared with Emperor Xia, Daoist madman is much more ruthless, and with a full blow, he will kill everyone in the heavenly world.

"Close the gates of heaven!"

"I just want to close it now, have I asked this seat!" The Holy Master of the Five Elements sneered, flicked his fingers, and the five-color power was replaced by a parallel connection, entangling the gate of the kingdom of heaven and unable to close it.

Critical juncture.

A fist appeared, pierced through the space, and came from a distant place, breaking the madman's blow.

not only.

The fist light did not dissipate, and it was like a broken bamboo, bombarding the chest of the mad demon.

"puff!"

The mad demon daoist stained the sky with blood.

Emperor Xia and the Holy Master of the Five Elements raised their brows, and their faces became solemn. You must know that just now, it was a full-strength blow from the madman, but it was broken, and he even injured the madman.

The guy who shot is very strong!

"Who?"

In the heavenly world, everyone is amazed.

now.

Between heaven and earth, an indifferent voice sounded: "Return to the East China Sea, otherwise, die!"

this sound...

The queen shouted: "It's the corpse emperor! It's him who is shooting!"

The corpse king again!

Everyone felt incredible.

Every critical moment and Ye Fan is not there, the Corpse Emperor will take action, as if he is everywhere and knows everything!

"Corpse King?"

Hearing the Queen's exclamation, Emperor Xia also muttered to himself.

"No matter how strong you are, at best, you are still at the peak of Primordial Primordial. Could it be that you can still be a master at the realm of enlightenment?"

"Come out and fight with me!"

"If you win, I will immediately go to the East China Sea and return to the Immortal Mountain!" Xia Huang had great spirit.

Just as his words fell, a stalwart figure came from the sky.

The corpse king is still the same.

A faint brilliance and aura lingered all over his body, looming, making people look down on his body and true appearance at all.

It seems extremely mysterious.

Xia Huang rolled his eyes and used his pupil technique, trying to see through everything, but he found that he couldn't see through.

His face was serious.

Realize that the Corpse Emperor is a terrifying powerhouse.

"Fight!"

The Corpse Emperor spit out two words.

"as you wish."

Emperor Xia was also unequivocal, broke out in an all-round way, and entered a peak state.

The two sides collided instantly.

The Daoist madman turned back and looked at the sunken chest, his face was ashen, embarrassed and angry.

Rumble.

The battle lasted for half an hour.

finally.

A figure fell, and blood spurted out, dyeing the sky red.

"Emperor Xia!"

The Holy Master of the Five Elements exclaimed.

Unexpectedly, it was Emperor Xia who lost!

"boom!"

And at the same time.

The mad man's hair stood on end, and a huge crisis came from behind.

He had no time to resist, so he could only choose to dodge, but he was still hit in the shoulder.

"Bang!"

The left shoulder and the left arm were directly smashed, and the flesh was blurred.

"what!"

The mad man screamed.

He fled in terror, his heart breaking with fear.

The Holy Master of the Five Elements is not too much.

The two disappeared in the blink of an eye.

The Corpse Emperor stopped, looked at the Xia Emperor who stopped falling, and said coldly: "Go back, otherwise, die!"

Xia Huang's face was ugly.

He actually lost!

The most terrifying thing was that he found that the Corpse Emperor did not seem to have all the strength in actual combat!

how come!

Could it be that the Corpse Emperor is a Taoist master?

Emperor Xia didn't want to believe that he had accumulated in the peak of Primordial Primordial Realm for more than ten years.

In his prison, even the Holy Master of the Five Elements and the Daoist Madman can't compare to him, he has been hiding his strength.

But now.

Do your best to defeat the corpse emperor.

Frustrated him!

"I keep my promise and return to Xianshan, but when I break through to the realm of enlightenment, I will find you and compete with you again."

Chapter 1433: Five elements Shintai

Xia Huang left.

Crisis lifted.

Everyone finally breathed a sigh of relief.

Many ethnic groups are also at ease.

If it weren't for the Corpse Emperor, the three peak powerhouses of Primordial Primordial, they would not be able to resist at all.

And at the same time.

All living beings were shocked by the strength of the Corpse Emperor.

Crush a peak of Hunyuan, defeat a peak of Hunyuan, and scare away a peak of Hunyuan.

What a concept!

"Thank you for the corpse emperor's help!" The queen came out, thanked, and asked, "Corpse emperor, what state are you in now?"

The corpse emperor did not respond.

Instead, he looked in the direction of the East China Sea and said, "Your crisis has not yet been contacted, and the three Hunyuan peaks will not come out, but other Hunyuan realm powerhouses are not restricted."

Everyone was in awe.

Yup!

The other powerhouses in the Primordial Realm of Yingzhou Xianshan will definitely form an alliance and begin to fight against the major ethnic groups.

after all.

Although the earth is very large, some very precious geomantic treasures have already had their owners.

If the forces of Xianshan in Yingzhou want, they can only fight.

"Try Harder."

The Corpse Emperor sighed and left.

three days later.

Sure enough, the monks from Xianshan Mountain in Yingzhou formed an alliance and began to crusade the major ethnic groups.

a time.

All over the world, beacon smoke is everywhere.

all of these.

Ye Fan didn't know.

He has reached the realm of hell.

This huge world is completely infested by a strange mist, and it takes a lot of energy to purify it.

Even Ye Fan felt that he was incapable of doing this.

"Master, are you sure you want to help the \*\*\*\* world return to its original state, this is a daunting task!"

"It's really tough!"

Ye Fan nodded, but changed the subject and said, "I found a strange phenomenon!"

"what?"

"When I dispel and purify the strange mist, it will add some opportunities. I think that is the opportunity for me to break through the realm of enlightenment!"

"There is such a thing!"

Fang Rui was incredible.

Ye Fan said: "So, I have to try, maybe, I can break through the realm of enlightenment by dispelling all the weird mists in the \*\*\*\* world!"

Han Yan said: "This is indeed a way, but it takes a lot of time. It's not a problem for us to wait here!"

Ye Fan smiled and said: "You don't have to wait for me, go back, return to the earth, somewhere, I feel that something has happened on the earth."

Fang Rui said: "Really, then I will calculate it now!"

Whoa!

Light blooms.

With the operation of scientific and technological light brains, and with the great deduction technique and great prophecy technique, Fang Rui quickly noticed something.

"not good!"

"Yingzhou Xianshan adds points, the strong come out from their nests, and the earth is full of flames!"

"what!"

Ye Fan was shocked.

Fang Rui said: "Xiaofan, you don't need to worry too much, everyone is fine. I vaguely calculate that the Corpse Emperor will take action and drive back the three peaks of Primordial Primordial Power in Yingzhou Xianshan, forcing them not to leave the East China Sea!"

"Corpse King!"

Ye Fan was thoughtful.

Han Yan said: "Let's go back, you stay here to disperse the strange mist, the most important thing is to grasp the opportunity to break through the realm of enlightenment."

"Okay, I will notify all the Primordial Demons in the Demon World, all rush to Earth, and you should be able to lay the groundwork!"

"It's not too late, we'll start right away."

Ye Fan watched the battleship disappear into the starry sky.

He suddenly felt very lonely.

In this vast starry sky, he is the only one left.

To be precise, there are countless alienized ghost creatures in the \*\*\*\* world.

"let's start!"

"I hope my speculation is correct, and don't let me waste my time!"

Ye Fan came to the northernmost part of the \*\*\*\* world, and from here, all the way to the south, he began to disperse the strange mist.

"Roar!"

Howling and howling.

Countless ghosts were killed.

They are all lost, becoming chaotic and bloodthirsty, even killing each other.

Ye Fan is welcome.

While beheading, while dispelling the mist, while helping some ghosts to regain consciousness.

"Buzz!"

The seedlings of the World Tree bloomed, the green brilliance reflected the heaven and the earth, and the power of the world swept out.

a month later.

Ye Fan found that the world tree seedlings had grown a bit.

It made him ecstatic.

"Is it the result of dispelling the strange mist? Can it help the seedlings grow?"

"If this is the case, it will be a great creation!"

Ye Fan continued to observe.

Time flies, in the blink of an eye, three months.

During this period, he paid close attention to the condition of the World Tree seedlings. It really did as he thought, dispelling the strange mist and helping the seedlings grow.

"Good good!"

Ye Fan is now integrated with the World Tree seedling, the seedling is strong, and he is also strong.

can be seen.

Ye Fan's body is subtly strengthening.

at the same time.

With the progress of dispelling the strange mist, Ye Fan grasped more and more opportunities and became clearer.

He firmly believes that as long as he successfully dispels all the strange mists in the \*\*\*\* world, he will surely grasp the opportunity for breakthrough.

By the time.

Ye Fan has the confidence to become a monk in the realm of enlightenment.

day to day!

Ye Fan's tireless worker, the huge \*\*\*\* world, has already dispelled half.

Countless ghost clan creatures are complacent and sober.

They regarded Ye Fan as the master, and because of Ye Fan, they were able to return to normal and survive.

In the safety zone of the \*\*\*\* world, the statues of Ye Fan were erected one after another, and countless ghosts were worshipping.

The power of countless beliefs gathered in Ye Fan's body.

Ye Fan is too powerful now.

He felt that a single punch could knock out a peak of Primordial Primordial Priest. It was a simple lap, and there was no need to use his unique supernatural powers at all.

at this time.

The world tree seedling is already as big as an arm, and the power of the world it radiates is captivating.

Now Ye Fan's body is a world.

"keep it up!"

Ye Fan took a short break and resumed his work. He was full of energy.

Let alone the earth.

It has been a year since Han Yu came back. During this period, Han Yu brought dozens of demons from the Hunyuan realm to fight from east to west.

Suppressed many strong men in Yingzhou Xianshan.

but.

There are also some Yingzhou Xianshan powerhouses who have gained a firm foothold in Daxia, and the chaos has gradually subsided.

this day.

In the immortal mountain, the breath is soaring to the sky.

It turned out that it was the Holy Son of the Five Elements Holy Land who broke through and became the existence of the peak of Hunyuan.

"Hahaha!"

"Okay, Hao'er, you finally broke through and became the fourth peak of Primordial Yuan in Xianshan. You are not restricted. You can leave Xianshan, go and fight for our Holy Land of the Five Elements. It is best to capture the Queen of Daxia and never fall into the hands of other forces."

"clear!"

Zhou Hao was full of confidence.

Leave Xianshan.

Going directly to the palace, he punched and hit the hall of longevity in the center of the palace, trembling crazily.

The huge palace has been built into a strong fortress by Fang Rui over the years.

Even if it is a forced bombardment in the Primordial Realm, it will not be able to cause damage for a while.

"court death!"

The drought is coming.

In a year, she is already in the middle stage of Hunyuan, and she can break through to the late stage of Hunyuan at any time, but now she is just suppressing the realm.

"Zhou Hao!"

Naruto's face was icy cold.

This is an old acquaintance. This year, he and Zhou Hao have fought many times.

Unexpectedly, Zhou Hao broke through to the peak of Hunyuan.

"Dan, I didn't expect it, I broke through. Now, you are my opponent. I want to suppress you and make you my woman!"

"presumptuous!"

Drought roared angrily.

Zhou Hao laughed outrageously and shot.

Brief confrontation.

It is very difficult for the dry man, he is no longer suppressing, and instantly enters the realm of the late Hunyuan.

"Vulcan Fist!"

"boom!"

Zhou Hao was shot flying.

However, Zhou Hao laughed loudly: "As expected of the woman I like, she is really excellent. In the late Primordial Period, it is very good, but she is not my opponent!"

"Hanji, I have never used my unique skills. Today, I have become the peak of Primordial Primordial. It's time to show you my true strength."

"Five Elements Divine Body!"

Zhou Hao screamed in the sky.

As soon as the four words came out, the eyelids jumped wildly, and even the big guys who paid attention to the heavenly world were extremely shocked!

Five Elements God Body?

Zhou Hao cultivated the Five Elements Divine Body?

how is this possible!

Isn't this how no one has cultivated since ancient times; Ye Fan is cultivating, but he has only completed part of it, and has cultivated the power of the five elements.

As for the shaping of the Five Elements Divine Body, Ye Fan has no clue at all.

"Boom boom boom!"

Zhou Hao's body recovered.

The tyrannical aura was overwhelming, causing the palace to shake; the strong coercion made it difficult for the drought to suffer.

now.

Zhou Hao seemed to have changed his personality. His hair was colorful, and even his eyebrows were chameleons, red.

And the pupils are blue.

Very weird.

"Danji, what do you think? Now you still think that you are my opponent!"

Zhou Hao is extremely confident.

However, Han Yan was relieved and said with a sneer: "Scare me, I thought it was really the Five Elements Divine Body, but it turned out to be just a fake. You are not the Five Elements Divine Body. It becomes the Five Elements Divine Body, how can it be so simple!"

Chapter 1434: Kill Zhou Hao

"To shut up!"

Zhou Hao shouted angrily.

The words of the drought have seriously stimulated him.

Of course he understands that this is not the real Five Elements Divine Physique. It can even be said that it is not a half-assed body. It is too far from the real Five Elements Divine Physique.

"Why, people are not allowed to say that you can't do it! You can't do it, you can't do it."

The scorpion's face was full of mockery.

"you wanna die!"

Zhou Hao's face was ashen and angry, he frantically slashed towards the dry scorpion.

Although it is not the real Five Elements Divine Body, it still looks like a second person. Besides, Zhou Hao is the real peak of Primordial Primordial.

To cultivate to this point at a young age can also be called a peerless evildoer.

He is not weak.

It is very difficult for the dry man. Although he has mastered ancient methods and ancient techniques, Zhou Hao is not too much.

in particular.

Although Zhou Zhouhao is not a \*\*\*\* of the five elements, he has the attributes of the five elements. He masters the laws of the five elements and cooperates with the unique skills of the five elements.

"Go down!"

Zhou Hao punched, and the smashed scorpion fell directly.

"Bitch, if you dare to humiliate me, I will suppress you and slowly kill you!"

"The Claws of the Five Elements!"

"Take it for me!"

I only saw that the five-color energy combination and the five-element law, hallucinations made a huge claw, grabbing the dry scorpion.

Due to the attached Five Elements Law, this made the heaven and earth around the drought a little solidified.

This is the law of the Five Elements, or the terrifying aspect of the Five Elements Dao.

However.

After all, Han Xian is the emperor's daughter, the blood of the emperor is flowing in her body, the body of the \*\*\*\* of fire is swaying, the \*\*\*\* of fire is soaring to the sky, and with the sword of the \*\*\*\* of fire, the claws of the five elements are split open.

She fought back.

In the whole body of the scorpion, flames were burning, which set off the incomparable sacred majesty of him.

The blood of the emperor is boiling.

An indescribable majesty filled the world, causing Zhou Hao's body to tremble uncontrollably.

But.

Zhou Hao was not afraid, but laughed excitedly: "Dry, the daughter of the ancient Red Emperor, be good, you have the blood of the emperor flowing in your body, take you, wash all your blood and life essence, I can't protect you. You can be promoted to the realm of enlightenment."

"Hahaha, Hanyu, you are in my bag, don't even think about running away, don't struggle, just grab it, I will spoil you obediently."

"I don't even want to kill you, let you bear my child, maybe a peerless monster will be born."

"presumptuous!"

Drought is not light.

Although she was taciturn, she was full of pride in her bones. Zhou Hao's humiliation made her extremely angry.

"I didn't want to use it, but you brought it on yourself."

"Come out, Tiangong!"

"boom!"

In an instant, the sky split open, and a heavenly palace descended from the sky.

Red Emperor Tiangong.

However, this temple is somewhat dilapidated.

but.

The dry man sprayed a mouthful of blood essence, it was the blood of the emperor, and quickly activated the broken Tiangong.

"Boom."

The recovery of Chidi Tiangong made the world tremble.

Rao and Zhou Hao were shocked.

"Suppression!"

Without giving Zhou Hao a chance to breathe, he directly controlled the Red Emperor Tiangong and smashed it.

"If you have a giant treasure, I will not fail."

"Five Elements Flags."

Zhou Hao waved his hand.

The five-color flag flew out, stood in the void, and burst out five divine pillars, blocking the suppression of the Chidi Temple.

"Liaoyuan Hundred Slashes."

Drift swung the Vulcan sword.

When Zhou Hao's attention was on the Red Emperor Tiangong, he found a loophole and shot with all his strength, hitting Zhou Hao.

"puff!"

Blood spurted.

Blood stained the sky.

"what!"

Zhou Hao screamed and fell.

The five-element bunting is dimly lit.

"receive!"

She grabbed the five-element colorful flag, and she felt that this colorful flag was indeed a huge treasure, and Ye Fan could use it.

In Ye Fan's hands, the peerless power of this five-element magic weapon can be exerted more than in Zhou Hao's hands.

"Bitch!"

Zhou Hao's eyes were splitting.

The five-element colorful flag is one of the most precious magic weapons of the Five Elements Holy Land, and now it has been taken away.

And his body was almost split in half.

fortunately!

He is wearing a high-level defensive armor, otherwise, he will probably be planted here.

"Dry, go to hell!"

"It's you the damned one!"

Suddenly, behind Zhou Hao, a portal appeared.

Heaven's Gate.

The queen, sisters, Jiujianxian, Empress Qingluan, Empress Suzaku and other powerhouses joined forces.

They are already brewing.

Now finally have the opportunity to display.

This lore caught Zhou Hao by surprise, he hurriedly resisted and was shot flying, blood spurted wildly, and his body cracked.

"Suppression!"

Drought roared.

Once again, he spit out a mouthful of the blood of his life. This is the real blood of the emperor, which makes the Tiangong shine.

"boom!"

The Red Emperor Tiangong bombarded Zhou Hao like lightning.

"what!"

Zhou Hao screamed.

His face was terrified, and he screamed again and again: "No! No! Don't kill me!"

"boom!"

to no avail.

His body exploded, unable to withstand the suppression of the Red Emperor Tiangong.

"Shh!"

A stream of light broke through the air and left.

It was Zhou Hao's primordial spirit, who was fleeing.

At this time, Fang Rui came out, the light behind her head was bright, and she performed the Great Emperor's Secret Technique: "Killing the Heart Curse!"

Yuanshen attack.

He only heard Zhou Hao scream, his Primordial Spirit was pierced and suffered heavy damage.

"receive!"

The God Emperor of the God Race was also here. He took out the Qiankun bottle and took the severely injured Zhou Haoyuan, who had no resistance, into the bottle.

So far.

Zhou Hao completely solved it.

The God Emperor handed the Qiankun bottle over to the dry man, and said with a smile, "I lent you the bottle. After you solve Zhou Hao, return it to me."

"Thank you God Emperor."

Han Xiao took the Qiankun bottle and said, "I will share with you any useful news or supernatural powers that I get from Zhou Hao's mouth."

Chapter 1435: Counterattack Xianshan

Heavenly World.

The dry man opened the Qiankun bottle, and Zhou Hao's broken Yuanshen rushed out. However, he screamed in an instant.

because.

He is in the chaotic furnace.

Empress Suzaku, Empress Qingluan, and the second sister Su Muyu, using the divine fire of her life, cooperated with the Huntian Furnace, calcining Zhou Hao's primordial spirit, making Zhou Hai feel the pain, and life is better than death.

"Ahhh!"

"Forgive me!"

"Sir, forgive me, I don't dare anymore, I know I'm wrong, forgive me, don't kill me! I am the Holy Son of the Five Elements Holy Land, I control many resources and holy land secrets, and I can give them to you."

Han Yu and the others looked at each other in dismay.

I originally thought of calcining Zhou Hao to find out the secrets of the Holy Land of the Five Elements, but Zhou Hao didn't expect to explain it directly.

What a coward!

So afraid of death, he almost never hesitated to betray his sect!

"Zhou Hao, first hand over all your secret techniques!"

"Good good."

How dare Zhou Hao hesitate.

The memory fragments flew out, were caught by Fang Rui, and began to digest.

Han Yu continued: "If we want to survive, we need you to provide us with enough value. To be honest, Yingzhou Xianshan is in chaos, we decided to counterattack Xianshan, and we will start from the Five Elements Holy. So, you should know, what we want to know ."

"You want to counterattack Xianshan?"

Zhou Hao was shocked. You must know that there can be three peak Hunyuan bosses in Xianshan.

Those three big men are not the ones who just entered the peak of Primordial Primordial.

That is a strong man who has been accumulated for many years.

Zhou Hao said: "You are really bold, but since you have decided, I wish you a helping hand."

"The support of the Five Elements Holy Land is the five ancient mines, gold, wood, water, fire and soil. These five ancient mines continuously provide energy for the Holy Land and provide the power of the five elements. As long as the five ancient mines are won, the Holy Land will Choked his throat."

"I will also pass on the locations of the five ancient mines to you."

A memory fragment was fired.

After Fang Rui digested it, she nodded: "Yes, it should be true."

Zhou Hao said: "How could I provide false information. The value of this secret is big enough, enough to exchange my life."

"How did you take down the five ancient mines?" the queen asked: "You reveal such a big secret so easily. I don't think the five ancient mines are easy. With our ability, it is very difficult or even impossible to take them down. , may be backfired and seek death."

Zhou Hao said: "You are really cautious, but what you said makes sense. In fact, it is really too difficult for you to take down the five ancient mines. The five ancient mines are protected by five ancient peerless killing formations, and you can only break the killing formations. Only when the ancient mine can be seen, and the killing formation is opened, the Holy Land immediately learns that the Holy Master, the elders and other powerhouses will come immediately, and you will be besieged and killed."

"Then the value of this secret is almost zero, you still have to die!" The Queen sneered.

"Don't worry, just listen to me."

Zhou Hao said with a smile: "If I go to the ancient mine, I can let the elders who guard the ancient mine let me go. Because I am going deep into the ancient mine to practice, they won't be too wary of me."

Han Yan pondered: "Indeed, this method is good, but now that your body has collapsed and your primordial spirit is broken, it is not suitable for you to take action."

"I can....."

"Needless to say, for the time being, you can just stay in the Heavenly Furnace."

After speaking, everyone left.

Let Zhou Hao roar, to no avail.

Han Yan said: "We are not strong enough. Even if we mix in the ancient mine, we will not be able to take the ancient mine. Let's wait, when Ye Fan returns, he will definitely be able to."

The queen said: "But, how long will it take? If Zhou Hao stays for a long time, it will definitely make the Five Elements Holy Land suspicious."

"This is a simple, great transformation technique, transforming into Zhou Hao's appearance. It's just vertical and horizontal between heaven and earth, giving the illusion that Zhou Hao is fighting the world in the Holy Land of the Five Elements. In fact, Zhou Hao himself said that the task given to him by the Holy Master of the Five Elements, is to conquer the world."

"Who's going to pretend to be Zhou Hao?"

Women are definitely not good, they haven't mastered the Great Transformation Technique, and there are some flaws in the transformation of women into men.

There are only men.

However, in the Heavenly Kingdom now, there are not many strong men, only Jiujianxian, Qi Xianzhi, Qingtian Ancient Emperor and others.

"Let me do it."

At this time, a handsome young man stood up.

is a fairy.

Not female, but male.

The fairy in the fairy cave in the depths of the abbot fairy mountain.

The witch snorted coldly: "You are the pinnacle of God Transformation, don't take the job if you don't have that ability!"

Fairy snorted coldly: "The peak of the gods is enough, but it's not really fighting the world, just pretending to make a big noise."

In the fairy magic cave, witches and fairies are rivals.

So fight against each other.

The witch sneered: "I see, you just want to learn the Great Transformation Technique!"

Fairy choked.

To be honest, he really wanted to learn the Great Alteration Technique.

This magic is very useful.

Qi Xianzhi said: "Fairy is indeed a good candidate, what do you think?"

The sisters have no opinion.

Finally decided that Fairy pretended to be Zhou Hao.

The Great Transformation Technique was passed on to Fairy, and he immediately realized it. Three days later, he had already entered and transformed into Zhou Hao.

"It's a little bit worse."

Han Yan shook his head, he came to the Huntian Furnace, tore apart some of Zhou Hao's primordial spirits, directly scattered them, turned them into pure energy, and penetrated into the fairy's body.

This gave Fairy some of Zhou Hao's soul breath.

"And blood!"

The drought summoned the Red Emperor Tiangong.

But to suppress Zhou Hao's physical collapse, Tiangong was contaminated with a lot of blood from Zhou Hai, and now all of them are extracted and injected into the fairy's body.

now.

Now full of Zhou Hao's breath, as long as it is not the Holy Master of the Five Elements, there should be no flaws.

"Take action."

"I'm going too!"

Fairy was very happy and left the heavenly world.

There are not many powerhouses in the Hunyuan realm in the world now, and the peak of the gods is enough to be vertical and horizontal.

Moreover.

Fairy is also at the level of evildoer. Even if he encounters a strong person in the early stage of Primordial Yuan, he is not without the power to fight.

time flies.

A month later, Fairy really won a lot of territory, and many ethnic groups were beaten to the ground.

He is Zhou Hao.

Those ethnic groups put all their hatred on the Five Elements Holy Land.

And in Yingzhou Xianshan.

In the Five Elements Palace in the center of the Holy Land of Five Elements, the Holy Master of the Five Elements and many elders laughed and their faces were red.

"There is news from Ah Hao that he once again destroyed a group and won a lot of resources. This kid is really good!"

"Holy Master, Ah Hao's ambition is not small. He will not only destroy some ethnic groups, but also subdue some ethnic groups, form an alliance, and wait for our Holy Land to be born."

"it is good!"

The Lord of the Five Elements laughed.

At this time, the first elder said: "Holy Master, Ah Hao said that he was in the world, and was targeted by some stubborn people, including the Queen of Daxia. The five elements of colorful flags are not enough, and you need to borrow the five elements of heaven!"

The Five Elements Zhentian Knife, like the Five Elements Colorful Flags, is the treasure of the Five Elements Holy Land.

"The Heaven-suppressing Knife is very precious. If you lend it to Ah Hao, if it is robbed, it will be a huge loss."

"I don't think you need to worry, the Five Elements Colorful Flags have super defensive power, and the Five Elements Suppressing Heaven Sabre has super powerful offensive power. With the realm of A Hao's peak, as long as the Corpse Emperor doesn't take action, no one else can suppress A Hao!! "

"I agree!"

After a moment, the Holy Master of the Five Elements said: "If that's the case, then take out the Five Elements Heavenly Sword and give it to Ah Hao! Tell him, it is best to take down the Queen of Great Xia and \*\*\*\* the luck of Great Xia!!"

Chapter 1436: Ye Fan realized

hell world.

has entered the final stage.

Countless ghost clan creatures are praying, and the power of countless beliefs are all gathered on the body of a young man in white in front.

It was Ye Fan.

At this moment, Ye Fan is extraordinarily sacred and inviolable, majestic and solemn, and a proper peerless master.

His body was surrounded by a faint and mysterious halo, and even behind him, there were some vague phantoms.

What phantom is that?

It is the pillar of the avenue!

Only when you enter the realm of enlightenment and really begin to comprehend the avenue, can you be able to phantom the pillars of the avenues of stars.

And Ye Fan did it.

Although it is still very vague and far from the essence, it is enough to show that Ye Fan has mastered enough opportunities for enlightenment.

I don't know if I can advance to the realm of enlightenment?

at this time.

When the last wisp of strange mist was dispelled, the entire \*\*\*\* world was reborn, and the origin of the \*\*\*\* world shook.

The local portal opens autonomously.

The power of the source surged out, and it was actually taking the initiative to attract Ye Fan.

What is this for?

This is to make Ye Fan the master of the \*\*\*\* world!

Ye Fan was recognized by the \*\*\*\* world!

"See Master!"

Countless ghost clan creatures are already grateful to Ye Fan, and now they see the origin of the world and recognize Ye Fan, so what is there to hesitate.

"See Master!"

"See Master!"

One after another sound waves, overwhelming, drown Ye Fan.

this moment.

Ye Fan felt that he had been sublimated.

"Goodness!"

"I finally understand why to dispel the strange mist, I will live to have the opportunity to enlighten, and I will grow like a world tree, which will make myself stronger."

"All of this is merit!"

"The way of heaven is impermanent, and there is a sense in it. The strange mist that pollutes the big world is polluting the way of heaven. To dispel the mist is to purify the way of heaven, and naturally get the favor of the way of heaven."

"it is good!"

Ye Fan was very excited.

To be blessed by heaven, that is really the son of heaven, and the benefits are too great.

To know.

He wants to cultivate the Five Elements Divine Body, which is not tolerated by Heaven. If he is favored by Heaven, it is very likely that the power of the Heavenly Tribulation will be greatly reduced at that time.

Ye Fan knew that he had made a mistake and gained a huge halo, which increased the possibility of cultivating the Five Elements Divine Body in the future.

"call!"

Take a deep breath.

Peace of mind.

Ye Fan turned around and said, "Wait for a while, I will go to the source."

"As ordered!"

In the origin, Ye Fan clearly saw that there was a \*\*\*\* statue in his origin vortex.

He is the master of the ghost clan.

The ghost master was suppressed by him before, and he was not executed, and was imprisoned in the prison of the heavenly world.

"broken!"

Ye Fan smashed the ghost statue with a punch, then established his own statue and began to establish a connection with the source.

at the same time.

In the distant heavenly world, in the prison, the ghost master suddenly spurted blood, the primordial spirit was torn apart, and he was dying.

"Father!"

The prince of the ghost clan exclaimed.

The ghost master's face was full of disbelief, "I lost contact with the \*\*\*\* world, how is it possible!"

The prince said: "Father, isn't the \*\*\*\* world polluted by the strange mist, you lose contact, and there is no fuss."

"wrong!"

The ghost shook his head.

He said in surprise: "That's a feeling of being robbed of control. My idol was blown up, and some strong people entered the origin of the \*\*\*\* world and robbed the \*\*\*\* world!"

"who is it!"

The ghost roared.

However, now he is seriously injured and cannot escape the prison at all.

A figure appeared in the mind of the ghost prince.

Ye Fan?

It can't be Ye Fan.

He quickly extinguished the idea, Ye Fan didn't even know the coordinates of the \*\*\*\* world, how could he control the \*\*\*\* world.

Say it again.

The \*\*\*\* world was infested by a strange mist, and it was no longer possible to enter, and neither could Ye Fan.

hell world.

Ye Fan succeeded in becoming the master.

Today, Ye Fan controls the world of heaven, the world of light, the world of darkness, the world of demons and the world of hell.

It's a solid foundation.

The five worlds, the endless power of faith, continuously flowed into his body, and could not forge her fleshly body.

Simply put, even if Ye Fan sleeps every day, his strength will gradually increase.

This is the horror.

but.

Ye Fan still doesn't think it's enough.

Because, he has not been able to advance to the realm of enlightenment. Although there are enough opportunities, there is always something missing.

"Only by successfully comprehending the Dao can you be promoted to the realm of enlightenment."

"Which way shall I go?"

Ye Fan was lost in thought.

He is a godly handsome yin and yang bloodline, and he understands the yin and yang avenue, which is bound to make the bloodline power play to the extreme.

But the Yin-Yang Avenue, and even one of the top-level avenues, is very difficult to comprehend.

in addition.

Ye Fan pays attention to the physical body, and the avenue of power can cooperate with the powerful physical body to exert enough power.

He wants to cultivate the five elements of the \*\*\*\* body, the five elements and the five avenues, and he also needs to comprehend.

correct!

There are also some magical powers under control, in fact, it is necessary to comprehend the relative avenues in order to exert a powerful force.

Magical powers need to be used in conjunction with the power of the Dao to exert their true power.

Before the realm of enlightenment, the use of supernatural powers is all a small fight.

When Ye Fan thought about it this way, he had a headache and needed to comprehend many avenues, which undoubtedly put him under huge pressure and burden.

"Sorry!"

"I don't have a lot of comprehension. Although it can be more powerful, it will also slow down the speed of cultivation."

Ye Fan was thinking in his heart.

In the end, I decided to first comprehend the avenue of power.

This should be the easiest for him.

"Who knows the coordinates of heaven!"

Ye Fan stopped thinking about it and looked at countless ghost creatures.

In an instant.

A commander of the ghost clan in the Hunyuan realm rushed out, "Master, I know the coordinates of the heavenly realm!"

Ye Fan nodded; "All those in the Primordial Realm and the Divine Transformation Realm are listed."

Crash.

Immediately, it was overwhelming.

There are more ghosts in the Hunyuan realm than in the devil realm, with a total of thirty-six figures.

There are more realms of transformation.

Another huge force!

"Eighteen Primordial Primordial Follow me, the rest, stay in the \*\*\*\* world, practice hard, I will come back to check at any time."

"Follow the Master's orders."

An hour later, a star warship soared into the sky and left the \*\*\*\* world.

Target heaven.

And this time.

The distant paradise world is undergoing a transformation.

On the top of the holy mountain, an incomparably majestic blazing angel burst into a dazzling light, covering the whole world.

That's Alice.

He once led the army of the heaven world to kill the earth, but was driven away by Ye Fan. Now, he is already a powerhouse at the peak of Hunyuan.

at the same time.

Seraph's ancient bloodline has all been activated, and she was once too powerful.

not only.

Ellie is not stingy to bring down the blessings, and the light she bursts out is not simple.

Ordinary angels were illuminated and began to evolve, and they even evolved in the direction of blazing angels.

It seems that the ancient blood in the body was born.

but.

It's all just a trace, not a pure blood like Alice.

three days later.

Everything is at peace.

Alice stands proudly on the top of the holy mountain. Below, there are ten guardian angels, all of them are twelve-winged angels, and with some blood of blazing angels, in the late Hunyuan realm.

Down below, there are dozens of powerhouses in the early and middle stages of Hunyuan, followed by three thousand angels.

This lineup made Alice extremely confident.

"After so many years, I can finally be ashamed." Alice muttered to herself, "Pass my order, prepare for one day, set off tomorrow, and kill Zuxing!"

"As ordered!"

The angels cry.

Suddenly, the world shook, and a star warship ripped apart the space and slowly sailed out.

Chapter 1437: Alice is furious

"what's the situation!"

Many angel powerhouses were amazed.

How come such a huge starship battleship suddenly appeared, and the breath flowing from you is terrifying.

Alice's face sank.

She shouted sharply: "Who is it! You dare to break into my heaven, are you courting death!"

Done.

Shoot directly, without any hesitation.

"Heaven Divine Fist!"

A dazzling fist is enough to kill the late Hunyuan in seconds and bombard the starship battleship.

but.

When it was about to touch the battleship, the fist burst and disappeared.

A figure bathed in light and slowly appeared. It was Ye Fan, but he did not reveal his true body.

Therefore, Alice did not identify.

"Who are you!"

Alice stopped acting rashly.

From the temptation just now, we already know that the comer is not good.

Ye Fan changed his tone and said coldly, "I am, the ruler of all worlds!"

"The ruler of all worlds?"

Alice frowned, not listening at all.

Ye Fan said again: "I need to take the heaven, you take the initiative to hand over control and surrender to me!"

"what!"

Alice was stunned and couldn't believe it. She thought she was hallucinating, and the other party actually said such absurd words.

Countless angels were angry.

Alice is their belief, but this strange creature appeared, threatening to surrender their belief and even surrender control of the light world.

Madness!

presumptuous!

No reason!

"kill!"

In an instant, the angel of the Hunyuan realm shot, and the torrent formed by dozens of lore kills drowned Ye Fan.

However.

The so-called torrent will soon be annihilated.

Ye Fan is safe and sound, still hiding in the brilliance, as if nothing happened just now.

The Primordial Angels were shocked.

They joined forces, how terrifying, even the peak of Primordial Primordial would be afraid, but this mysterious creature did not move, and their lore collapsed.

Just kidding!

Alice's face changed, and she knew the horror of this mysterious powerhouse in front of her more deeply.

"Who is Your Excellency?"

"Why are you obsessed with who I am?"

"Because, I have a hunch, we have seen it somewhere, and there is some familiar atmosphere."

Ye Fan is bleak and Alice is powerful.

He has already restrained his breath to the extreme, and Alice has even noticed it.

That being the case.

Ye Fan simply stopped hiding.

The light dissipated.

Show the lineup.

Alice was confused for a while, then her face changed greatly, her pupils contracted, and she exclaimed, "Ye Fan, it's you!"

"it's me."

Ye Fan chuckled lightly.

"Stay safe!"

"Bastard!"

Alice was furious.

She was about to kill the Earth and find Ye Fan a shame, but she didn't expect Ye Fan to come to Heaven first.

The most terrifying thing is that Ye Fan is also the peak of Primordial Primordial, powerful enough.

how come!

Alice thought it was inconceivable that he had obtained the blood essence of the ancient ancestor of the angel race, and was able to transform, and quickly awakened all the blood of the blazing angels, rushing to the peak of Hunyuan.

How did Ye Fan do it!

What good fortune and opportunity does he have!

Alice was very unwilling, she thought she could suppress Ye Fan, but now, it was impossible.

Even, Ye Fan threatened her.

Alice shouted: "Ye Fan, you are so courageous to come to heaven, then don't leave."

"I really don't plan to leave, at least I have to control the heaven first."

"presumptuous!"

Alice groaned.

"In heaven, you dare to speak madly. Ye Fan, you really don't cry without seeing the coffin. I will make you regret coming to heaven."

"All preparations."

Alice gave an order, and immediately countless angel armies began to operate.

But.

Ye Fan didn't give them a chance at all.

"Creation Fist!"

A fist smashed out, and the sky fell apart.

Countless angels vanished into ashes, and they didn't even have a chance to let out their screams, as if they had evaporated out of thin air.

"The Great Emperor Fighting Fist!"

Ye Fan continued to shoot, killing countless angels with every punch; even the powerhouses in the God Transformation realm were not spared.

"stop!"

Alice's eyes widened.

She instantly turned into the form of a blazing angel, and a tyrannical aura swept in, and the six pairs of huge golden wings behind her were extraordinarily dazzling.

Alice holds the scepter in one hand and the sword of heaven in the other, sacred and inviolable.

"Ye Fan, I'm going to kill you."

"Heaven's verdict!"

Ye Fan laughed: "Good come!"

He stepped out one step, resisting Alice's blow hard, and his body was safe and sound.

The reason for doing this was not to humiliate Alice, but after training in the \*\*\*\* world for so long, Ye Fan's body became much stronger.

He wanted to test the level of his own flesh.

After this blow, he knew it.

Strong!

It's so strong.

As for Alice, her eyeballs were about to fall. Her blow was enough to kill the ordinary peak of Primordial Yuan, but Ye Fan did not resist, she caught it with her body and was safe.

Oh my God!

How powerful is his physical body!

"Alice, continue to shoot, don't be in a daze, let me see how much combat power you have."

"court death!"

Alice was furious.

She waved the scepter in her hand and roared, "Angel Domain, I am the ruler!"

A mysterious force spread, filling the world.

Ye Fan felt trapped in a quagmire.

"Heaven's Punishment!"

At this moment, the Sword of Heaven in Alice's hand slashed down, extremely fierce.

This blow is much stronger than before.

Ye Fan was not careless and careless, he waved his fist and went to meet him.

"boom!"

Account cracked.

However, Alice's sword was also resisted.

Ye Fan looked at the \*\*\*\* fist and said lightly: "Yes, I have mastered the limit of my physical body now. Then, let's fight the abnormality."

"Alice, don't let me down."

"Heavenly Overlord!"

Ninety-ninth-level Celestial Hegemony, full recovery.

But in fact, at this stage, the effect of the Celestial Hegemony Body on Ye Fan is not that great.

It is not even comparable to the Nine Yang Divine Body.

The cultivation method behind the Hegemony Body Art must be found, otherwise the Heavenly Hegemony Body will be useless.

"Jiuyang Divine Body!"

Ye Fan stopped drinking, and the light shot into the sky.

Nine great suns appeared, and the vision shook the world.

The fiery breath is not weaker than the one that Alice exudes, and it is even stronger.

"Jiuyang Divine Physique, Ye Fan, you took down Jiang Wudao, which made his physique much stronger."

"if not."

"You are a devil."

"This is true. I have already controlled the demon world and the \*\*\*\* world. I am the master of the two worlds. It is also appropriate to call it a devil."

"what!"

Alice's scalp tingles.

"You have already controlled the demon world and the \*\*\*\* world? How is that possible!"

"Little angel, keep your eyes open, aren't we just demons and ghosts!"

Above the Star Warlords, the demons and ghosts sneered.

When Ye Fan was there, they had nothing to fear and called Alice a "little angel", which was very enjoyable.

They are well aware of Ye Fan's strength.

It can no longer be said to be a powerhouse at the peak of Hunyuan, it can be said to be a terrifying existence in the realm of half-step enlightenment.

Where is Alice's opponent!

The appearance of demons and ghosts made Alice completely believe Ye Fan's words, and she had a new understanding of Ye Fan.

The demon world and the \*\*\*\* world are not weaker than the heaven world. They are actually controlled by Ye Fan. Can she defend the heaven world?

Alice began to have some backsliding thoughts.

at this time.

A huge force came.

Alice woke up, resisted hastily, and the beaten vomited blood and flew upside down.

"Ye Fan, you are despicable and shameless, and you actually attacked."

"I left you in a daze, you don't believe me, what can I do?" Ye Fan laughed, Dapeng spread his wings and slaughtered Alice. "

"Ye Fan, I admit, you are very strong."

"But!"

"This is heaven, I am the ruler, I am invincible and invincible!"

"The origin of heaven, help me."

Alice shouted, the source ground shook, and a source of energy flew out and fell into Alice's body.

In an instant.

Alice's breath continued to rise, and her bloodline recovered to the extreme. Behind her, a mighty angel appeared.

That should be the ancestor of the angel family.

"Ye Fan, die."

"The wrath of the emperor!"

The heavens were raised high and split down; and the vast ancestor phantom standing upright behind Alice also made a vertical split.

This sword.

It's amazing, it's a lore.

Chapter 1438: Peerlessly fierce

"Five Elements Divine Fist!"

Ye Fan is also unambiguous, the power of the five elements is combined with the law of the five elements, and the power is soaring to the sky, killing this sword.

boom!

Earth-shattering explosion.

The starship battleship was made to retreat hundreds of miles, and many angels in the distance were also affected, causing tens of millions of casualties.

"The power of the five elements, Ye Fan, how can you control the power of the five elements!"

"What a fuss! Not only will I control the power of the five elements, but I will also cultivate the divine body of the five elements."

Alice was dumbfounded.

Immediately, he sneered: "Ye Fan, you are too conceited, and you have cultivated the Five Elements Divine Body. Haha, it's just a fool's dream."

Ye Fan said: "Capture you and let you see my Five Elements Divine Body."

"Want to capture me, dream!"

"kill!"

Alice, who was helped by the power of the source, is very brave, and she has endless methods and is very powerful.

But.

For Ye Fan, there is not much pressure.

He didn't go all out.

He wanted to play more with Alice.

boom boom boom...

The battlefield is constantly shifting, and in the heavenly realm, many mountains and rivers are destroyed, collapsed, and beyond recognition.

Alice roared: "Ye Fan, don't run away if you have the guts!"

"sure."

Ye Fan stopped and slowly launched a punch.

"Fist of Faith!"

This is the use of several big worlds under control, the power of infinite faith.

So vast.

One punch knocked Alice upside down, smashing over a dozen mountains, and the shadow of the ancestor behind her was dimmed.

Great teleportation!

Shrink to size.

Ye Fan came in front of Alice in an instant, without giving her a chance to breathe, the second punch slammed down.

"hateful!"

Alice gritted her teeth.

She dodged quickly, transferred the land, and at the same time used more power of the source.

"Ye Fan, come with me!"

"Oh?"

Ye Fan was very interested.

He was a master of art and daring, and after thinking about Alice, he entered a fierce place after a while.

Alice sneered and said, "Ye Fan, you are finished. This is the most terrifying and unparalleled murderous place in the heaven world. It has a strange forbidden power. It consumes you first, and when you relax your vigilance, I will kill you."

With the power of the source, Alice had little influence and disappeared.

Ye Fan was indeed affected.

The first is a restraining force that makes him move a little harder, but the indicator is a little bit, not immobile.

in addition.

There is also a force that seems to be dealing with his body. Ye Fan feels that this force is breaking down his body.

"Great Decomposition?"

Ye Fan raised his brows.

The Angel Patriarch of the year would have a great ability to decompose, but unfortunately, Ye Fan could not get it.

During the battle just now, Alice didn't use it, and probably won't.

The power here is similar to the Great Disintegration.

Ye Fan secretly calculated that he had a hunch that in this fierce place, he could get some good fortune.

maybe.

The great disintegration technique of the angel clan master was obtained in this fierce land.

The great decomposition technique is one of the top supernatural powers, and it is domineering and terrifying.

If it can be mastered, the strength will increase by one point.

Ye Fan was very excited.

He used the great invisibility technique and disappeared, and Alice, who was paying attention in secret, sank.

"Great invisibility, hehe, but this is heaven, and I have a way to find you."

Alice casts out the power of the source, as long as Ye Fan touches it, he can sense it; at the same time, his eyes rotate and begin to mutate, that is the eye of heaven, the eye of heaven.

Claims to be able to see through all falsehoods.

"where?"

Alice is looking.

However, Ye Fan's figure was not found.

Weird.

At the moment of heaven, there should be nothing to hide.

In fact.

But she didn't know that Ye Fan had too many magical powers, and the big concealment and big dispelling techniques could help Ye Fan not be discovered.

There is no need to say much about the big cover.

The great dispelling technique, Ye Fan has used it in the \*\*\*\* world for so long, and he has realized it to a deep level.

Ye Fan can dispel the gaze of the Eye of Heaven.

That's it.

Since Ye Fan realized the Dao in half a step, he has begun to unite between heaven and man, resonating with heaven and earth, and he can clearly feel that the concentration of decomposition power in the peerless fierce earth is not uniform.

He discerned the direction and cautiously went deep.

The power of decomposition is getting stronger and stronger, which shows that the source is ahead, and perhaps, some treasure can really be found.

finally.

Ye Fan arrived at the core of the fierce land, where the power of decomposition is already super terrifying.

If it wasn't for Ye Fan's half-step enlightenment, I'm afraid he wouldn't be able to get close to here, not to mention Alice.

"Yin Yang Tianyan."

Ye Fan's eyes rolled and flickered uncertainly.

Presumably Alice's Eye of Heaven claims to see through all falsehoods, but it can't compare to the Eye of Yin and Yang.

On the poor Bi fell Huangquan.

Insight into the world.

This is the power of yin and yang eyes.

Ye Fan saw that there was a ray of light in the deep core, which should be the existence of the power of decomposition.

"It's amazing!"

"What is it, it can radiate the power of decomposition endlessly!"

Ye Fan's curiosity increased greatly.

After thinking about it, he decided to give it a try, so he took out the Wuxu Kunding and performed a great body protection technique.

"boom!"

Step out.

Immediately, the river was overturned.

The monstrous disintegration power violently squeezed towards Ye Fan.

Wuxu Kunding trembled.

It seems unstoppable.

And Ye Fan's face was also solemn, because, he reckoned, he might not be able to hold such a strong power of decomposition to love the flesh.

"In that case!"

"Open Heaven Axe!"

Ye Fan is no longer hiding.

He was careful because he was worried that Alice would come over and disrupt the situation; for now, he didn't care that much.

"open!"

Open the sky axe down.

In an instant, the surging power of decomposition was split open, and a broad avenue appeared. Ye Fan rushed over like lightning and entered the core area.

at the same time.

In the periphery, Alice, who had been looking for Ye Fan, heard the movement and couldn't believe it.

"Ye Fan actually went into the depths of the fierce land, he is really arrogant... No, Ye Fan must have some purpose in doing this, it is possible that he discovered the good fortune in the depths!"

Alice couldn't help it.

She thought about it for a while and decided to take a look. Even if she couldn't get good luck, she couldn't let Ye Fan get it.

Let's talk about Evan.

When he came to the core area and came to the side of the light group, he knew how huge the light group was.

and.

Here, he was no longer affected by the power of decomposition and became very relaxed.

The yin-yang celestial eye can't see through what's in the light group.

Ye Fan tapped out his spiritual power, but as soon as he got close to the light group, he vanished into ashes.

"sharp!"

"What is this, why is it so terrifying, if I were in control of you, then I would control the power of decomposition and comprehend the avenue of decomposition!"

Ye Fan tried many times, but couldn't touch the light group. He didn't know what was in it.

"There are certain similarities in decomposing the nothingness. Man'er is the body of nothingness and controls the power of nothingness. Perhaps, she can unlock the secret of the light source and control it."

Of course Ye Fan was reluctant to give up.

If the queen can control it, it is very good, anyway, it is her own woman.

When Ye Fan didn't intend to leave so easily.

He has always believed that the angel race master came here by chance, survived the disaster, and obtained the great decomposition technique calmly.

There must be a secret.

After studying for half an hour, it can be said that the hard work pays off.

Ye Fan found a stone carving buried in the ground, and some cultivation methods were recorded on it.

But almost all are broken.

Not much use.

Unwilling, Ye Fan continued to excavate, and unexpectedly found a scarlet stele.

"This is a tombstone?"

"Whose tombstone?"

Ye Fan cleaned up the tombstone, studied it, and gradually discovered a big secret.

turn out to be.

This is the tombstone of the Heavenless Holy King in ancient times.

The Heavenless Saint King is extremely terrifying. Although he failed to hit the quasi-emperor realm, he is definitely the top Saint King powerhouse.

The Dao of his main cultivation is the Dao of Decomposition.

"In this light group, is it a part of the body of King Wutian?" Ye Fan was shocked.

The tombstone records that after the death of the Holy King Wutian, he divided his body into many parts, and each part was hidden in some fierce places in the big world, waiting for those who were destined.

Every part of the body has a huge heritage.

"interesting."

Ye Fan looked forward to it even more.

The inheritance of the Heavenless Saint King must be very advanced.

only.

Now he can't get it.

Ye Fan continued to dig and found some clues. Although it is not a complete big decomposition technique, it is a decomposition of body forging.

"Introduce the power of decomposition into the body to exercise the physical body, tsk tsk, it's so daring!"

"However, it is indeed a way."

"The embodiment of decomposing and reorganizing, breaking and standing, you can try it." Ye Fan mastered the decomposition and forging method, and then sensed the appearance of Alice.

but.

Alice was unable to come in.

He didn't worry about it, and started to practice bodybuilding exercises here. There is endless decomposition power here, and it is the best place to practice.

Chapter 1439: Catch Alice

"Ye Fan, come out for me!"

Outside, Alice was screaming.

"I know you're inside, and you can't escape. Instead of being trapped inside, it's better to submit to me. I will make you the Grand Marshal of the Heaven Realm, under one person, over hundreds of millions of living beings."

"Ye Fan, did you hear that?"

In the core area, Ye Fan sneered.

This Alice really had a bubble in her head, and thought he was trapped here, how did this kind of IQ cultivate to such a point.

Ye Fan was too lazy to pay attention.

He continued to study the decomposition and forging method.

three days later.

Ye Fan has already begun to use the power of decomposition to exercise his body, and it does have some effects.

And Alice could no longer bear the pressure and left the peerless fierce land, but she did not leave, and squatted outside the fierce land.

at the same time.

An army of angels was called to come and arrange, and the peerless killing formations rose from the ground.

"Ye Fan, either you are trapped inside or you are killed by me, there is no third option."

Alice is extremely confident.

time flies.

Three months later, in the heart of the fierce land, Ye Fan opened his eyes.

The disintegration body forging method has not been able to strengthen his physical body for the time being, and at the same time, he is also using the power of disintegration to some extent.

"It's time to go out."

Ye Fan stepped out one step at a time, and the power of decomposition dissipated.

It can't disturb his body in the slightest.

"Great Devouring Technique!"

Ye Fan used his supernatural powers and started to devour the power of decomposition.

You must know that Ye Fan practiced the decomposition method, and his body subtly adapted to the power of decomposition.

In other words, the power of decomposition is useless to Ye Fan, so it is very reasonable to store the power of devouring decomposition in the sea of suffering.

For Ye Fan, this can be described as a trump card.

"Peerless Killing Array!"

Ye Fan saw the killing formations surrounding the fierce land, and at the same time, his eyes bloomed, and he saw Alice hidden in the space.

"interesting!"

"Just in time to try the Decomposition Divine Fist I created!"

"boom!"

Ye Fan punched out.

The power of decomposition turned into a long dragon, swept away, and collided with the killing formation in an instant.

Earth-shattering.

All the killing formations swayed wildly.

Immediately after.

All started to collapse.

Under the action of the power of decomposition, how could this peerless killing formation be able to withstand it?

A chain of crashes.

"what!"

The angel army that maintained the killing formation suffered a devastating blow, and the energy of the explosion of the killing formation swept away.

Puff puff.....

Countless angels were killed.

"Do not!"

Alice came, and her heart was bleeding. These are all elites, and they lost two-thirds of them all at once.

"Destroy!"

She cracked the shot, destroyed the energy of the killing array, and saved a third of the elite of the angel army.

"Evan!"

Alice was furious.

Unexpectedly, after being sleepy for three months, Ye Fan is still so fierce.

Do not!

It's not that it's fierce, but it's surprisingly powerful. Don't be stronger three months ago.

how is this possible!

Ye Fan was created in the depths of the fierce land!

Alice was very jealous.

She has run the heaven world for so many years, and she has also penetrated into this peerless and fierce land many times, but she has found nothing.

Ye Fan came here for the first time, and he got the chance of good fortune.

why!

Is this Ye Fan's luck?

Alice was unwilling and unconvinced, and she screamed: "Ye Fan, even if it costs your life, I will let you die!"

"kill!"

Rumble.

Alice is in full swing.

Crazy twitching of the power of the source of the heaven, the blood of the blazing angel is reviving, and the blood of the life begins to burn.

Ye Fan knew that Alice was desperate.

but.

He was not worried at all, his face was calm, he walked in the air, and strolled in the courtyard.

"All kinds, return to heaven, all kinds of things, like bubbles, all destroyed!"

"Kill kill kill!"

Alice sang.

The peerless nirvana came down and attacked Ye Fan.

Ye Fan's body erupted.

Facing this nirvana, move forward bravely.

At the same time, he waved his fist and used the power of decomposition.

"boom!"

During the collision, the whole world overturned.

Crashed.

Destroyed.

One-third of the elite angel army who had been rescued by Alice was once again affected and all fell.

The loss can be described as extremely heavy.

"puff!"

Alice vomited blood.

Withered wings, fell from the sky.

Blood stained the sky.

The sword of heaven and the scepter of angels both came out.

Alice was hit hard.

She is defeated!

Unexpectedly defeated!

Immediately afterwards, a force of restraint enveloped her, and it was Ye Fan who made the move, a great restraint technique.

Ye Fan suppressed Alice and got the Sword of Heaven and the Scepter of Angel.

"What do you have to say?"

"Kill me."

Alice resolutely.

Ye Fan smiled and said, "We are acquaintances, and Gulot has been waiting for you."

Alice said coldly: "I'm no longer from the same world as him, I'm not even a human anymore, and I have nothing to do with Gulot anymore, don't talk about it."

"Go back and say this to Gulot. Even if you want to kill, Gulot will kill you. Now, to open the source, I need to control the heaven."

"dream!"

"Do you want the Angels to exterminate?"

Ye Fan's words made Alice tremble.

"As an angel ruler, I don't think you would like to see this situation. Don't doubt my cruelty, destroying the angel family is nothing to me."

"Ye Fan, if you do more of your crimes, you will definitely go into trouble in the future. You will be riddled with karma, unable to extricate yourself, and will die."

"That's the future. I only care about the present. Answer me, are you willing to open the source?"

Ye Fan's face was cold and his eyes were sharp, like a sword like a sword.

Alice was grief-stricken.

In the end, she chose to open the source, she didn't want to see the angels annihilate!

"very good!"

Ye Fan knocked Alice unconscious, and then entered the origin.

He simply blew up Alice's statue, causing the origin of heaven to riot. When Ye Fan was about to build a statue, the power of origin produced an extremely powerful repulsion.

"Um?"

Ye Fan worked hard for a long time.

It was found that it could not be recognized by the origin of the heaven, and even the statue of the \*\*\*\* could not be established.

"Could it be that only angels can be recognized? I don't believe in evil anymore."

Ye Fan continued to work hard, but still could not succeed.

In the end, he got fired up, and he directly took out the axe and slashed the origin of the heavenly world fiercely.

Immediately.

A great catastrophe occurred throughout the heavenly world.

The origin is destroyed, the world will be destroyed, and many heaven and earth will begin to collapse and shatter.

"Do you agree?"

Ye Fan stopped drinking and kept moving his hands.

finally.

The source recognized the counsel, and there was a chance to contact Ye Fan. Only then did he recognize Ye Fan, and the statue was also established.

"It's just a jerk, I have to cut you down!"

Ye Fan was speechless.

He left the place of origin and gathered all the angels.

"See Master!"

Ye Fan became the controller of the heaven, and the angels naturally recognized Ye Fan as the master.

It's so realistic.

They won't care about Alice's life or death.

"Practice well, I'll come to check at any time." Ye Fan didn't say much, and took Alice back to the starship battleship.

"Let's go!"

Time to go back.

I don't know how the earth has changed in the past few years, and how is everyone doing!

Chapter 1440: Immortal Peak

Earth.

Yingzhou Xianshan, the Holy Land of the Five Elements.

Depressed at the moment.

Because they couldn't contact Zhou Hao anymore. During this time, Zhou Hao kept asking for resources and treasures.

Almost all the treasures of the Holy Land were handed over to Zhou Hao, but now there is suddenly no contact.

This made the Lord of the Five Elements very worried.

"Elders, leave Xianshan to investigate quickly, Ah Hao, don't let anything happen!"

"As ordered!"

Many strong men came out of the Five Elements Holy Land.

And in the heavenly world, everyone laughed.

"Five-element bunting!"

"Five Elements Heavenly Sword!"

"Five-star glazed lock!"

"Water and Fire Sky Wheel!"

"These four magic treasures are rare, and they are the treasures of the Five Elements Holy Land's education. This time the Five Elements Holy Land has lost a lot."

"Besides that, I have also asked for countless resources. I wonder if the Holy Master of the Five Elements knows the truth and will be mad!"

Everyone is in a good mood.

Fairy said: "You can continue to pretend, why stop?"

Han Yan said: "We have already asked for so much. If we continue, the Five Elements Holy Land will become suspicious. Kill many elders of the Five Elements Holy Land."

Everyone's faces were startled.

Wine Sword Immortal said: "It's really ruthless, but I like it!"

"Fairy, I still need you as bait, but don't worry, make sure you are safe."

"No problem, but..."

Fairy embarrassed: "Can you give me the Five Elements Heavenly Sword, I use it very easily!"

"sure!"

Han Xian and the sisters exchanged glances, and no one objected, so the Five Elements Zhentian Dao fell into Fairy's hands.

This makes the witch very envious.

"Haha, then I'm going out, you guys hurry up and make arrangements." Fairy left the heavenly world with the Five Elements Suppressing Sword.

The powerhouses such as the dry scorpion, the wine sword fairy, etc. began to make arrangements.

three days later.

The elders of the Five Elements Holy Land finally found a clue.

"Damn, Ah Hao is trapped, no wonder I can't contact him, what should I do now?"

"Ahao is at the peak of Primordial Primordial Primordial, and he still has so many treasures. He is still trapped. Obviously, the opponent is very powerful. I even suspect that it is the Corpse Emperor!"

"No matter what, Ah Hao must be saved!"

"Go back and inform the Holy Master. We act rashly. Not only will we not be able to save Ah Hao, but we may even fall."

"it is good!"

The elders returned to the Holy Land of the Five Elements and reported the situation. The Holy Master of the Five Elements was furious: "The Corpse Emperor, it must have been the Corpse Emperor's shot. Could it be that he was eyeing the treasure of our Holy Land! Damn!"

"Holy Master, what should I do? Hurry up and act like a solution, Ah Hao shouldn't last long!"

"Notice, the Holy Land of the Five Elements, all born, leave Xianshan. I am going to find Dao Dao and Xia Huang now!"

"As ordered!"

this day.

Yingzhou Immortal Mountain is boiling.

The Holy Master of the Five Elements found Emperor Xia and Daoist Mad Demon to explain the situation and wanted to join forces to deal with the Emperor Corpse again. The two had no objection.

During this time, they were very embarrassed.

I have long wanted revenge.

This time, the three major forces united with many major forces in Xianshan, attacked in an all-round way, and attacked Kunlun in a mighty manner.

According to the information, Zhou Hao was trapped in the Shenxian Peak deep in the Kunlun Mountains.

at the same time.

On the Immortal Peak, Han Yan and the others had strange expressions on their faces. Originally, they wanted to kill the elders of the Holy Land of the Five Elements, but now it's better. The three major forces and the other forces have all killed them.

Treat them as corpses.

How to do this?

They can't pay so many powerful people!

"Only retreat!"

"It's really unwilling to retreat like this, maybe we can play a big ticket."

"How to say?"

"Kunlun Mountains has a lot of fierce land, you can lead them into the fierce land, and use the fierce land to kill them!"

Everyone is thoughtful.

Fang Rui said: "The other party is not a fool, this is very difficult, I think, it is better not to take risks and wait for Xiaofan to return!"

No one seemed to want to take risks.

She didn't have much to say, she said, "Then let's make more arrangements on Shenxian Peak, and how many can be destroyed by then."

after one day.

The army reached the Kunlun Mountains.

The Holy Master of the Five Elements, the Emperor Xia and the Daoist Madman took the lead and descended to the Immortal Peak.

"You said Zhou Hao was trapped here, where is the person? It's very peaceful here." Xia Huang said.

"Could the information be wrong, or is it that the Corpse Emperor knew we were coming and moved with Zhou Hao."

The Holy Master of the Five Elements frowned.

The madman said, "Maybe it is hidden in the Immortal Peak. This peak is extremely sharp, reaching a height of 10,000 meters. It is not simple. There may be something mysterious inside."

"That makes sense!"

Xia Huang nodded.

The Daoist madman laughed and said, "If that's the case, let's take action and smash Shenxian Peak apart!"

"boom!"

The mad man was the first to take action.

The terrifying fist bombarded Shenxian Peak, but it didn't penetrate it, but the upper Shenxian Peak trembled.

"Sure enough, it's not easy, maybe there is something hidden in it, it's a big chance!"

"Go!"

Emperor Xia and the Holy Master of the Five Elements couldn't help it either.

The three powerhouses at the peak of Primordial Primordial attacked with all their strength and bombarded the Immortal Peak. The strange thing was that the Immortal Peak stood still and was not damaged at all.

This shocked the three of them.

Excited enough at the same time.

Because, the more extraordinary it is, the stronger the fortune is.

In the dark, Han Yan and others who were paying attention to the situation here were also stunned and their faces were incredulous.

They also did not expect Shenxian Peak to be so strong.

"The army is here!"

"Almost ready to go!"

In an instant, around the Immortal Peak, peerless killing formations rose up, besieging the army.

In the peerless killing formation, there is also a terrifying Zhou Tianxingdou formation.

"Boom."

The operation of the killing array is simply a meat grinder.

The Xianshan army was caught off guard, and in just a few seconds, millions of monks were beheaded.

at the same time.

Zhou Tianxing Dou Great Array of light blooms, and the power of extraterritorial stars descends, what a terrifying Hongda.

"what!"

This is a catastrophe.

Another army of millions has been wiped out, and the number is still growing wildly.

The sudden change made Xia Huang three people angry.

"hateful!"

"It's not the Corpse Emperor, it should be the group of people from the Great Xia Kingdom who actually planned to kill us!"

The Lord of the Five Elements roared.

The Corpse Emperor is so powerful and has the pride of a strong man, it is impossible to lay out a pit-killing army.

"break!"

Emperor Xia made a bold move.

Hundreds of peerless killing formations exploded, but the killing power of the explosions spread, killing millions of troops.

There are more than a hundred peerless killing formations, and they have prepared too many, three thousand seats!

The mad demon and the Holy Master of the Five Elements are also breaking the killing array, while Emperor Xia annihilates the energy aftermath of the explosion of the killing array, ensuring that the army will not suffer another devastating blow.

The three thousand killing formations exploded, and the army lost 30 million.

In the end, only the Zhou Tianxingdou Great Array was left. This was an ancient killing formation, and it was definitely not comparable to those killing formations.

"Boom."

The power of the stars turned into a sword, killing the three powerhouses.

In the hands of Emperor Xia, a peerless sword appeared, it was the Sword of the Son of Heaven, and it slashed down, killing countless stars and swords.

There is a strange stick in the hands of the mad demon, and when it falls, the sky collapses.

As for the Holy Master of the Five Elements, his face was ugly, because all the offensive treasures of the Holy Land of the Five Elements were handed over to Zhou Hao.

Now he has nothing to do.

"Damn!"

The Holy Master of the Five Elements was burning with anger.

In the end, Zhou Tianxingdou collapsed, unable to withstand the bombardment of the three powerhouses.

"I guess, Zhou Hao was beheaded or captured long ago, what do you think?"

Emperor Xia looked at the Holy Master of the Five Elements.

At this moment, the Holy Master of the Five Elements really wanted to vomit blood. Zhou Hao was captured, and the treasures and resources such as the Five Elements Suppressing Sword were all in the hands of others!

"Ahhh!"

The Lord of the Five Elements roared up to the sky.

He turned around, stared at the Immortal Peak, and roared, "It's bound to smash the Immortal Peak!"

Emperor Xia and Daoist Madman looked at each other, nodded, and the three powerhouses attacked wildly.

Shenxianfeng kept shaking.

After a full seven days of attack, finally, Shenxianfeng made a "click", and a ravine opened on the top of the mountain.

"Success!"

The Lord of the Five Elements is overjoyed.

But at this time.

An extremely terrifying brilliance washed out from the ravine, mixed with an unparalleled aura of majesty.

Like the ruler of heaven and earth.

That light is really too bright, reflecting the heaven and earth and the starry sky, the whole earth is shining.

Such a big movement really shocked the world.

The major ethnic groups and the powerful people came one after another, and even the dry sharks did not hide, and they all showed up.

Countless eyes are looking at the top of Shenxian Peak.

gradually.

In that brilliance, a vague outline appeared, it was a human being, standing tall and straight, stepping out of the brilliance, came to this world!
