Chapter 161: Situation has changed

The next day.

Ye Fan was woken up by a phone call. Liu Zhen called him, saying that he was reporting on what he had discussed with Xiao Shending last night.

after an hour.

Mingyue Villa.

Liu Zhen saw Ye Fan and Jiang Long, and besides that, there was a heroic woman.

"The richest man Zhao!"

Liu cried out in shock.

The richest woman in Changning doesn't know anyone. At this moment, seeing Zhao Qingmei serving Ye Fan tea again, Liu Zhen's eyes almost popped out.

Zhao Qingmei nodded slightly in response.

Ye Fan greeted: "Owner, come over and sit down soon."

Liu Zhen suppressed the shock in his heart, and sat down nervously. Zhao Qingmei gave him a cup of tea, which made Liu Zhen thankful.

Although he is the owner of the purgatory field and the king of wild fists, there is still a gap in energy with Zhao Qingmei.

The richest man is not only rich in money, but also in power.

The leaders of the government, large and small, must be familiar with Zhao Qingmei, and Liu Zhen, at best, can only be regarded as a reckless hero.

Compared with Zhao Qingmei, it's not enough to see.

"Mr. Ye."

Liu Zhen greeted him, took a deep breath, and solemnly said: "Last night, I talked with Xiao Shending for a long time..."

Ye Fan listened carefully.

After a quarter of an hour, Liu Zhen finished speaking and asked: "Mr. Ye, I have to give Xiao Shending a reply around noon, so I will ask you first, do I need to agree to this cooperation?"

"Of course, why not agree."

Ye Fan played with the teacup and said with a smile: "You and Don't beg are your own people. Acting for Xiao Shending and swallowing 10 points of shares in Juding Group. This is a great deal."

"I think so too." Liu Zhen thought fiercely, but then he thought of something, and smiled: "Mr. Ye, Juding Group has 10 points of equity, ninety-one points, I only take one point, and ninety-one points belong to you."

Ye Fan waved his hand.

"You take it, I'm not interested in money."

"Yes, yes." Liu Zhen said at the corner of his mouth, secretly saying that the young people nowadays are really wayward.

Ye Fan said so, Xiao Shending said so, they didn't treat money as money.

"Owner..."

"Ye Da, you should call me Lao Liu."

Ye Fanwan then exhorted: "You can go to sign a contract with Xiao Shending, and then discuss with Lao Xu and Don't beg how to act. Be sure not to let Xiao Shending see the clues. This time it's a test. I want to see. See what you can make Xiao Shending pit!"

"Hahaha, Ye Da rest assured, Xiao Shending has an identity background, but after all, he is just a yellow-haired kid. Lao Xu and Wuqi and I are old foxes who have been mixed up for most of my life. He can't beat the three of us."

"I will wait and see."

"Okay, then I will go to Xiao Shending now."

"and many more."

Ye Fan remembered something and stopped Liu Zhen.

"I forgot to ask last night, what hatred did you and Hong Li have before?"

"You want me to deal with Hong Li's master, I need to figure out the enmity between the people, and I can't stand up for you in a confused way."

Liu Zhen's face changed, and finally he let out a bitter sigh.

Explained: "It's a family feud."

"Can you tell me more about it."

Liu Zhen nodded and continued: "Actually, I am not from Changning. I belong to the Liu family of Jinhua. Both my Liu family and Hong family are in conflict. Fifteen years ago, due to power disputes, the Hong family was right. My Liu family caused a huge blow. My family members died and I fled to Changning."

"In the last five years, I learned a lot of skills, single-handedly killed Jinhua, in order to avenge the family, killed the Hong family man... To be precise, I left a ray of incense to the Hong family, it is Hong Li."

"Ten years ago, Hong Li appeared to confront me many times. Although he was beaten by me every time, his strength was steadily improving until yesterday he wrote the battle of life and death."

"Ye Da, this is the reason."

Ye Fan understood.

It turned out to be a family dispute, and it was the Hong family who rushed to kill the Liu family.

In this way, Ye Fan would have no psychological burden.

"Go ahead, Master Hong Li has killed him, and you inform me."

"Thanks a lot."

...

At noon this day.

Liu Zhen and Xiao Shending confirmed the cooperation and signed the contract. On the spot, Liu Zhen's account had 100 million more funds.

This is the dividend that Xiao Shending paid in advance.

"Master."

After Liu Zhen left, Dian Zhong couldn't help but speak; "I feel that Liu Zhen is a little cautious and may not do anything with the money."

Xiao Shending raised his brows and looked to the other side.

"what do y'all think?"

President Wang Teng and assistant Du Juan glanced at each other, nodded, and agreed with Dianzhong's idea.

"Think carefully. An old fox like Liu Zhen will definitely deal with it and get enough benefits."

"But it doesn't matter to us. My purpose is to destroy Xu Taishan and get the mechanical box. As for the others, don't care about the others. He wants to take the shares of Juding Group. Anyway, I won't stay long in Changning either."

Xiao Shending said: "Ajuan, find a way to find the king of beggars, and then go to chat with the king of beggars with Uncle Zhong. As long as he agrees to join forces with Liu Zhen, the price will be set by him."

Dianzhong and Du Juan left in a hurry.

Wang Tenghui reported: "Master, it's not good to spend so much. Although Juding Group is only a small business, it's also a lot of money."

"Money, for us, is not very attractive anymore. Wealth reaches a certain level, and the energy it brings will reach its peak. At this time, no matter how much we accumulate, it will not be able to break through the bottleneck."

"now..."

"...What we want is power!"

Xiao Shending's eyes shone brightly.

Sudden.

The phone vibrated, he glanced, his face changed slightly, and he answered the phone with a cold voice; "What's the matter?"

"Three brothers, how are things going." On the other end of the phone, a young voice rang, with playfulness in his tone.

Wang Teng heard that this was Xiao Shending's sixth brother, Xiao Shenzhou.

"What are you doing for this!"

Xiao Shending's tone was unhappy.

On the other end, Xiao Shenzhou hummed and said, "Brother, it's been so many days and there is no news at all. The uncles are impatient. Isn't it just a small wild species? As for it takes such a long time."

"It doesn't hurt to speak while standing, do you know what Ye Fan's identity is? I have to be careful too."

"cut."

"Cut?" Xiao Shending's expression was ugly, and he reprimanded: "What attitude do you have, do you have any dissatisfaction with me?"

Xiao Shenzhou hurriedly smiled and said, "No, no, you misunderstood, brother, how dare I be disrespectful to you, brother. But, uncles are waiting, hurry up on your side."

"The emperor is not in a hurry, the **** is in a hurry."

"Oh, I'm so sad. I wanted to tell your third brother a secret message, but the third brother would call me an eunuch...Forget it, let's not talk about it." Xiao Shenzhou said strangely.

Xiao Shending snorted coldly: "If you have a fart, let it go."

"The four major officials in the southeast, northwest and northwest have received the edict to go to the battle hall of the capital for the annual assessment."

"Are you sure? Shouldn't the annual assessment of the four major candidates be the day before New Year's Eve every year. It's only November now."

"That's why it's strange."

Xiao Shenzhou said unfathomably: "The gossip, Ye Potian is going to be unable to hold it anymore. Once he falls, the title of Duke Weiguo will have to be made."

"The current four major candidates are all outstanding, and the probability of being recommended is very high. In addition to the most popular Beilianghou Li Ce, champion candidates, Bailonghou, and Qixinghou are also candidates."

Xiao Shending thoughtfully.

Unexpectedly, Ye Potian's situation was so difficult, he would fall at any time.

"Third brother, work harder, don't wait until Ye Potian falls, your side is still tepid." After Xiao Shenzhou finished speaking, he hung up the phone.

Xiao Shending felt a sense of urgency.

He pondered over and over, called Dianzhong back, and issued an order: "Uncle Zhong, the situation has changed. Don't delay it for too long. Bring all my men and horses quickly."

"Is this... sure?"

Dianzhong was surprised.

Because Xiao Shending has a lot of people under his command, and once he is transferred, there will be big changes.

But at the moment.

Xiao Shending was extremely solemn, firm and serious.

"Within a week, first work with Liu Zhen and King Beggar to destroy Xu Taishan and get the mechanical box; then, fight with Ye Fan."

Chapter 162: This is an expert!

Ye Fan didn't know Xiao Shending's change.

here.

He received a call from Xue Guan and went to a room in Tianhao Hotel.

That time in Qingyun Mountain, Xue Guan was injured by Da Luotian's Zuo Fa Youming, and was later healed by Ye Fan. During this time, he was healed.

In the living room, Han Bing and Red Rose are waiting.

"Why have you stayed here?"

Han Bing looked at the red rose with weird eyes.

But Red Rose smiled and said, "Why, jealous?"

"What jealous I am, just ask casually. Do you like Xue Guan?" Han Bing said with a smile; "You have a good eye. Although I don't know the identity of Xue Guan, it is definitely extraordinary. Now, it has greatly improved your status in the Black Sky Organization."

"Thank you for your auspicious words." Red Rose smiled.

Timely.

The door opened.

Ye Fan and Xue Guan walked out side by side.

Han Bing quickly asked, "How is it?"

"good, very good!"

Xue Guan patted his chest with red light on his face, and said gratefully; "Brother Fan's medical skills are really great. Although the wound has not been completely healed, it is not a major problem."

"That's good."

Han Bing nodded and gave Ye Fan a thumbs up.

Red Rose asked: "When are you leaving?"

"nighttime then."

Xue Guan said.

In the room just now, Ye Fan also learned that--

Xue Guan received the above edict to go to the main hall of the Daxia War Department in the capital for an annual assessment; together, there are three other marquises.

Compared with the past, the assessment time has been advanced.

Of course, Red Rose and Han Bing didn't know this secret, only that Xue Guan was going to the capital.

As for Xue Guan asking him to come over to heal his injuries, he also wanted to restore as much combat power as possible, and performed better during the assessment.

Time flies, and the sun sets.

After dinner, Ye Fan sent Xue Guan to the airport.

Seeing Xue Guan's back on the plane, Ye Fan always felt that something big was about to happen, and he had a bad premonition.

Even, there are some inexplicable worries.

Just like...

What to lose.

"What's wrong with me?"

Ye Fan rubbed his temples, feeling restless.

He contacted the eldest sister, the second sister...everyone was very good. He contacted Liu Zhen and learned that Xiao Shending had nothing to do.

Everything is peaceful.

Ye Fan sighed secretly, and sent a message to his sisters that he was not going home tonight, and then found a wetland park, picked a good place in it, and sat down and vomited.

The so-called vomiting, in popular terms, is breathing.

It's just that compared to normal people's breathing, vomiting is a bit more advanced, and it is a high-end technique for exercising cardiopulmonary function.

Cardiopulmonary function is closely related to a person's combat power.

Poor function, panting after a few hits, and the heart beating like a drum, I can't wait to pop out of my mouth. This is definitely not good.

Ye Fan's cardiopulmonary function can be said to have reached the limit of a normal human being.

Three years ago, he could hold his breath in the water for 30 minutes, and the current Guinness World Record for "holding his breath in water" is 22 minutes, eight minutes less than Ye Fan.

Don't underestimate these eight minutes. Playing games will pass quickly, but for holding your breath, every second is like a year, and eight minutes is the chasm of the sky.

"call!"

"call!"

Having said that, Ye Fan has already entered the state.

Every time he breathed, his chest would rise and fall. If you look closely, you can still find that Ye Fan's mouth is spitting out a wisp of white air from time to time.

It turned into a pylon and flew one meter away.

Respiration helps to relax the body and eliminate the feeling of restlessness and irritability.

ten minutes later.

Ye Fan was completely calm.

However, he did not stop vomiting, he was completely immersed in it.

"call!"

"call!"

He swallowed more and more forcefully, and the swelling and undulation of his chest was greater than before; and under the moonlight, white breaths were spit out from Ye Fan's mouth.

Flying out like a sharp sword.

at the same time.

A military jeep approached slowly and stopped at the gate of the park. An old man got out of the car with the help of a young girl.

The driver followed closely behind, a flat-headed young man with a strong black outfit and a sharp aura, just like a master.

"Grandpa, how about here?"

"very good."

The Tang suit old man nodded and said with a smile: "This wetland park is full of yin and vigor, which is of great benefit to my condition."

The three walked into the park.

While chatting, looking for a place to stay, suddenly, the straight-headed young man said: "Master, there are people over there."

The old man in Chinese costume and the young girl looked over.

"Um?"

The old man was surprised.

The young girl murmured, "What is that kid doing? It's not a bad guy or a gangster who went to the depths of such a remote wetland park at night."

"Girl, silence!"

Unexpectedly, the old man in Tang suit scolded softly.

The young girl looked innocent, and saw the old man observe for a while, and then exclaimed: "It's incredible, it's incredible."

"Grandpa, what are you talking to yourself?"

"That young man is terrific."

The young girl looked at Ye Fan, curled her lips and said, "It looks pretty good and has a good temperament, but I have seen too many young people like this, so what's so amazing."

The old man in Tang suit smiled and said, "Look at him breathing."

"Well... the breathing is indeed deep and powerful, and the cardiopulmonary function is very strong. I should have some effort. I am a master."

The young girl nodded slightly.

Immediately afterwards, he said nonchalantly: "Grandpa, even if he is a master, he is not too big. Those young masters who pursued me are not masters."

"You, you."

The old man in the Tang suit shook his head helplessly. In his ancient years, he had seen too much of the world. From the state of Ye Fan Tu Na, he was sure that Ye Fan was so extraordinary, he was definitely not comparable to those "young masters".

"This is an expert."

"Superior?" The girl pouted and said disdainfully, "Huh, maybe she found our whereabouts and came over in advance to pretend to attract my attention. I see a lot of such suitors."

"Grandpa, don't be confused. I'll ask him to come and see you so you can see his true colors."

"Eh... this girl!"

The old man was too late to stop.

The girl approached the towering tree.

Under the moonlight, Ye Fan's face was so handsome and extraordinary, and with that extraordinary temperament, Ye Fan was even more set off like an immortal.

The girl was startled. It was the first time that she saw such a handsome and temperamental man, so she calmed down a bit, and whispered, "Hey, wake up."

"scold."

Suddenly, Ye Fan opened his eyes.

at the same time.

A white energy spit out from his mouth, unexpectedly burst out the sound of breaking through the air, flying out like a sharp sword.

"not good."

The old man in Chinese costume exclaimed.

The pupils of the flat-headed youth contracted and grabbed the gun at his waist.

But they didn't have time to rescue, they saw the white energy whizzing past, into a tree behind the girl.

"puff!"

A hole as big as a thumb appeared on the trunk.

Click...

The trunk was densely cracked, then torn apart and exploded.

"what!"

The girl was so frightened that Huarong was pale, and almost fell down.

She touched her head and found that a strand of her hair had been cut off, and she was furious: "Deng's disciple, you dare to blaspheme me and die."

Seeing the young girl taking action against Ye Fan, the old man in Tang suit was shocked.

"Girl, stop me!"

"grandfather."

"Mischief." The old man in Tang suit rushed and scolded, "Apologize to the master immediately, immediately!"

The girl was shocked.

Growing up, she had never seen her grandfather be so fierce to her. It was the first time at this moment, and she immediately burst into tears.

Ye Fan looked dumbfounded.

I was vomiting well here, suddenly a young girl awakened her, and instinctively exhaled her energy to kill the enemy.

If it hadn't reacted quickly, and temporarily shifted its direction, the energy would not shoot through the tree trunk. But...

Shot the girl's head.

"that."

Ye Fan got up and asked doubtfully: "Who are you, why come to the park to find me at night? I don't know you!"

Chapter 163: Mr. Jiang!

The moon's stars are scarce, and the brilliance is bright and clean.

Under the towering tree, Ye Fan asked suspiciously: "Who are you? Why are you looking for me?"

The old man in Chinese costume laughed.

"Little brother, don't be nervous. The three of us came to the wetland park to play and happened to see you. My granddaughter bluffed and disturbed you. I'm so sorry."

"Come to play in this remote park at night, who are you bluffing?"

At this time, the girl calmed down and was very dissatisfied with Ye Fan's attitude. She hummed, "What is your tone, do you know who my grandfather is?"

"Who has anything to do with me."

Ye Fan looked indifferent, sat cross-legged again, and said coldly; "I'm going to continue to vomit, you leave quickly, don't disturb me."

"you!"

The girl stomped her feet in anger.

The old man in the Tang suit smiled and said: "Little brother, my granddaughter is young, so don't care about her. I think you have a deep understanding, you are a great master at a young age, and you have a relationship with you. I don't know the name of the little brother?"

"Ye Fan."

"Good name." The old man exclaimed, and then said: "The old man's surname is Jiang."

Ye Fan's eyes flashed.

Good guy, only the surname was revealed, the name was not mentioned, it seems that the identity is not simple; plus the old man's temperament that is not angry and prestige, and the young guard with a gun in the back.

All factors show that--

—The old man in Tang suit is a superior person!

"This is my granddaughter, Jiang Ting."

When the words fell, I only heard Jiang Ting proudly holding his chin up, "It doesn't matter if I haven't heard of it, but you only need to know that in the world, everyone who sees my grandpa will be honored as Jiang Gong."

Mr. Jiang!

Ye Fan frowned.

Impressive.

Because the title "gong" is not something ordinary people can use.

It seems that he still underestimated the identity of the old man. The Jiang family seems to be a super big family, does it come from the capital?

Xue Guan went to the capital, and will call tomorrow to ask if there is a big family surnamed Jiang in the capital.

"Old sir, disrespect and disrespect."

During this time, Ye Fan came interested and got up to greet.

When Jiang Ting saw this, she was quite satisfied, but still proudly said, "Ye Fan, my grandfather praised your vomiting technique very much. You can honestly explain what strength it is now."

"Girl, don't be rude."

Old Jiang scolded.

In his opinion, Ye Fan can penetrate the trunk in one breath, this method has reached the level of a master.

What is a master?

There are many capable people and strangers in the world, and there are countless kung fu masters, but those who can be called masters are all masters.

At this stage, strength, speed, penetration, reaction power, and other aspects surpass ordinary people, with one enemy ten, dozens of enemies, or even hundreds of enemies.

And above that, is the master.

Grandmaster, plucking leaves hurts people, exhales and kills people. This is because the master masters some cultivation methods and can use the power of the body.

For example, the "qi" exhaled by Ye Fan just now is a kind of power; for ordinary people, it is just a simple breath in and out; but for the master, it can be used as a weapon to kill people in the air.

This is the master of martial arts.

Jiang Ting naturally knew, but she didn't care.

Martial arts masters are rare and powerful. However, there are many martial arts masters in the family; moreover, grandpa was even more terrifying than the martial arts masters.

So, why not fear this disciple!

"Little brother Ye is already a martial arts master at a young age. How can you be a yellow-haired girl who can profanity? Apologize immediately."

Old Jiang reprimanded.

Jiang Ting pouted and said stubbornly; "Grandpa, isn't he just a master? What's so strange."

"You girl, I'm really spoiled by me."

"forget it."

Ye Fan waved his hand, not in the mood to care about a little girl.

Old Jiang smiled bitterly: "Little friend ignore her, let's have a good chat. It's hard to see a young master, I won't let you go easily."

"Please."

Ye Fan and the old man sat down.

He could see at first glance that the old man's skills were extraordinary, even a little unfathomable; this feeling was the first time I saw him.

"Little friend, where do you learn from?"

"To be honest, I don't know who my master is. After teaching me the craft for a few years, he disappeared."

"That seems to be a peerless expert who travels everywhere." Old Jiang admired and coughed violently.

Ye Fan said, "You are violent, and time is running out."

boom!

Suddenly, Elder Jiang, Jiang Ting, and the young guards behind them were all startled and looked at Ye Fan with widened eyes.

"I know how to heal, you can see it."

Ye Fan explained.

"The location of this wetland park is unique, and the feng shui belongs to Yin. Yin Qi is strongest in the early morning. Breathing and adjusting your breath here will help you suppress the fire poison in your body."

"Am I right?"

The shocked look on Old Jiang's face faded, and what was changed was a sense of depth and place.

Ye Fan didn't care.

Even if the three of them work together, it is not worth mentioning in front of him.

certainly.

If the old man was in his heyday, he would be a little uncertain, but now the old man is serious and his life will be soon. It is the end of the force, he is fearless.

As for the so-called "yin air", it's something mysterious.

Ye Fan actually didn't understand.

It's just that when I was studying art with the old man, I often heard the old man mention it, and let him remember that these things would be involved in the future.

Later, after learning medical skills and combining the Yin and Yang Five Elements, Ye Fan understood a little, but he was still ignorant.

"Suppression is useless."

Ye Fan shook his head and analyzed seriously: "Forced suppression will only speed up the time of the outbreak. Once the limit is reached, the result will be an outbreak, and you will die instantly."

Old Jiang said: "Fire poison is yang, I want to come to reconcile yin and yang."

"You are not reconciling, you are reconciling poison." Ye Fan said with a smile, "Poison cannot be reconciled. The only way is to force it out."

"Oh, who doesn't want to force a fire poison, but it's not easy. The three major medical saints of Daxia have shown me all of them, and they are helpless."

Old Jiang sighed bitterly, his eyes long.

"However, I have been alive for so long, and I don't care about life and death. Thirty years have passed, and that's enough!"

"Thirty years!"

Ye Fan was surprised.

This fire poison is very powerful, the old man has carried it for thirty years, and his body is still so tough now. It is really barbaric.

This physical quality is unreasonable.

"Hey."

Jiang Ting yelled and asked, "You said you know how to heal, and you can see my grandpa's illness at a glance. Can you cure it?"

"It can be cured."

Ye Fan nodded.

Although this fire poison is tricky, he can still be cured with "The Nine Dragons Needle", but it just takes time.

But when the three Jiang Ting heard the "three words" Ye Fan said, their hearts couldn't be calm.

Especially Elder Jiang, his heart is ready to move.

The young guard couldn't help but ask: "Are you talking big? Or you are a liar. The three medical saints are helpless. You actually said that it can be cured. Are you better than the medical saints?"

"The three major medical saints?" Ye Fan curled his lips, a trace of disdain flashed in his eyes, and said playfully: "After all, they are my ineffective students!"

Chapter 164: Unsuccessful student

"Bold!"

Jiang Ting glared at her and suddenly scolded.

"The three great medical saints who save the suffering and the hardships, hang the pot to help the world, and have infinite merit, are worthy of the respect and love of the world. You madman, dare to say that the medical saint is your student! Also, it's not a weapon!"

"You, you, you, you are crazy!"

Jiang Ting was furious.

Pointing to Ye Fan's nose, he yelled.

Old Jiang is also serious.

But Ye Fan shrugged his shoulders innocently, and said calmly; "If you don't believe it, don't worry, if you meet the three great medical saints, you will know it by asking."

"You dare to say it!"

Jiang Ting blushed and shouted: "Sage Doctor Shenlong sees the head but not the end. Almost no one can contact him. We would not have come if we had heard that the medical sage Hua Tuo appeared in Changning. However, we could not contact the medical sage. , It's not an excuse for you to blaspheme the medical saint, apologize quickly for your words and deeds!"

"ill."

Facing Jiang Ting's entanglement, Ye Fan had nothing to say.

Jiang Ting was extremely angry.

Her status is so honorable. From small to large, she was surrounded by eldest sons and eldest masters, who came to Changning casually and could subvert everything in Changning.

She is just like a little princess with stars arching over the moon.

But here, repeatedly offended by a rash, Jiang Ting has endured to the limit.

"Brother Jian, take him down."

Jiang Ting ordered.

Huh.

In an instant, the young guard moved.

Like a violent wind, it flew in, appeared behind Ye Fan in the blink of an eye, and slapped Ye Fan's neck with one hand.

In this regard, Mr. Jiang did not stop.

His guard, Chu Jian, was also a great master, and was only one step away from Grand Master Enlightenment. It was not bad to use him to try Ye Fan.

Because.

In his mind, Ye Fan has become a powerful master at such a young age, which is unbelievable.

You have to explore the reality.

"puff."

Can be the next second.

The young guard vomited blood and flew upside down, hung on the tree, losing his combat effectiveness.

The grandfather and grandson were shocked.

At the same time, cold words came from my ears:

"In the face of your old man, I am merciful; otherwise, if you offend this seat, you will die!"

Rumbling.

In a word, simple and domineering.

Like thunder hit the ground.

Jiang Ting's brain was buzzing and faltering; Old Jiang also had a tight scalp and his face was full of horror.

"Grandpa, what about the others?"

The pale Jiang Ting looked around but didn't find Ye Fan, and asked suspiciously.

Old Jiang admired: "Good boy, I still underestimate it. I'm afraid that even if I make a move, I can't deal with him. Sure enough, there are heavens and people outside the world."

"Girl, we can be considered a life tonight."

"what?"

Jiang Ting was shocked and uncertain.

Elder Jiang Chu Jian pulled down from the tree and found that Chu Jian was unconscious, but his injuries were not serious, so he could recuperate for two days.

"Grandpa, do you want to check Ye Fan's details?"

"No need."

Old Jiang shook his head, and said, "Master, you are very sensitive to being investigated. Tonight has already made people dissatisfied. Don't do anything to provoke Ye Fan."

"Changning is not big, Ye Fan is so powerful, he will definitely not be unknown and inactive. I believe that I will meet him soon."

"Perhaps..." The old man nodded, a trace of excitement flashed in his eyes, and murmured, "That kid really has a way to get rid of fire poison!"

...

Ye Fan was already calm after passing through, so he didn't stay in the wetland park.

As for the three elderly Jiang, he didn't take it seriously either.

"Um?"

On the way back, Ye Fan noticed a large number of tanks.

All headed in one direction.

Ye Fan looked at the navigation map. Wetland Park was not far from Jiulong Mountain. Looking at the direction of the convoy, it was also to Jiulong Mountain.

"With so many tanks, I am afraid there are tens of thousands of people. Who is calling the team? Could it be..." Ye Fan's eyes flickered, and he drove away from the other direction.

On the way, Ye Fan contacted Jiang Long and asked him to arrange people to pay attention to the situation on the Jiulong Mountain.

And he came to the great world of Qi Le.

Hearing the news, Xu Taishan rushed to the office and asked, "Ye Da, is there something serious about coming to me so late?"

"There is a group of ten thousand teams stationed in Jiulongshan."

Xu Taishan was startled, and the next sentence changed his expression greatly.

Chapter 165: Xiao Shending's people!

"I suspect that those were the people dispatched by Xiao Shending."

"what!"

Xu Taishan was horrified.

Ten thousand team, this is incredible.

You know, the Changning theater has only 30,000 soldiers, and Xiao Shending is equivalent to dispatching one-third of the theater's forces.

He has only three thousand people under his command, so where is the opponent!

"Ye Da, the situation has escalated. I can't deal with Xiao Shending's ten thousand team. You have to take action."

Xu Taishan has confidence in Ye Fan.

Can easily summon the number one organization in the hacker world-the Black Feather Alliance, as well as the leader of Tongdi, it will surely be able to summon other power organizations, there is no doubt about it.

Ye Fan thoughtfully.

Xiao Shending showed his power, which he wanted to see.

At the same time, Jiang Long called, "Brother Fan, I am in Jiulong Mountain, and I really belong to Xiao Shending."

"Well, your next task is to target those people to death. You must report any actions."

"clear."

After hanging up the phone, Ye Fan looked at Xu Taishan.

Seeing that Xu Taishan's face changed, he patted his shoulder and said with a smile: "What are you nervous about? This time is your chance to become famous in one fell swoop."

"Indeed, the Changning rivers and lakes do need the baptism of a big battle to determine the overlord; at the same time, it is also a shock to Jinhua."

"How do you say?" Ye Fan came interested.

Xu Taishan said, "Ye Da, do you remember Shi Xingyu?"

"Miss of Jinhua Rivers and Lakes Overlord Shi Family, is she still in the Wonderful World?" Ye Fan asked.

"Let's go, but I inquired that the Jinhua Shi family intends to intervene in the disputes between Changning rivers and lakes. In layman's terms, it is to take the Changning rivers and lakes."

Xu Taishan's face was solemn, and he coldly snorted: "Changning and Jinhua have a boundary, and the overall strength of Changning is weaker than Jinhua. In the past few years, in order to establish the supremacy of Jinhua, the Shi family rehabilitated and kept a low profile. Now that they are awake, the Shi family's tentacles are going to the surrounding area. Changning bears the brunt of urban sprawl."

Ye Fan slapped his tongue and said, "This Shi family has such big ambitions."

"My people found out that Shi Xingyu is in the heaven clubhouse. This clubhouse is not small. I didn't expect it to be the property of the Shi family."

"interesting."

"Ye Da, since Xiao Shending dispatched a team of 10,000 people, he was determined to destroy me; if so, let's accompany him to have fun, fight a beautiful battle, and let the Shi family see Changning. The strength of the arena."

Ye Fan clapped his hands and laughed: "That's what I meant."

This night, the two conspired.

The next day.

Around noon, Liu Zhen and Wuqi also arrived, bringing the latest news.

"Xiao Shending found us and said that he would take the shot tomorrow evening. I and Wuqi are the vanguards to hit the Qile Great World, and his 10,000-person team is responsible for harvesting."

"Also, catch Xu Taishan alive!"

Bang.

Hearing this, Xu Taishan sneered on the table and sneered: "It's a big breath to catch Lao Tzu alive. Tomorrow evening, yes, very good, there is still time, I plan to secretly clear the world of Wonderland, tomorrow night, here will be a battlefield of purgatory. "

at the same time.

Ruyixuan.

Dianzhong came to the rooftop and said, "Master, it has been arranged, and we will only wait for tomorrow night."

Subsequently.

Wang Teng walked over and said, "Master, I have already greeted the Public Security Department. If anything happens to the Qile Great World tomorrow night, please do not send a patrol."

Before the railing. Xiao Shending stood with his hands behind.

Sen Leng's murderous aura was flowing between his eyebrows, but his eyes flickered, and he said in a long time: "I always feel a little uneasy, I don't know why!"

Dian Zhong and Wang Teng looked at each other.

After thinking for a while, Xiao Shending turned around, called Dajuan, and said: "Huben warfare is not enough, immediately notify the flying eagle warfare, and come to sweep the formation tomorrow night. Remember, we must act secretly, and we must not divulge any news. "

"Yes!"

Chapter 166: Beach party

Tomorrow night, there will definitely be a big battle.

and.

It was a sensational battle in Changning.

Xu Taishan, Liu Zhen, and Wuqi were excited, nervous and nervous, but Ye Fan disagreed. He had experienced too many great wars.

In his eyes, this is nothing but a little trouble.

After leaving the Qile World, he went to the Sifan Medical Center, Qingye Group, and Changning University to see a few sisters before he came to the orphanage.

Han Bing is here.

In addition, there is Zhong Ling.

There hasn't been any case recently, and she is also happy, and she has a few days off.

As for Tong Xiaoman, who came back a while ago, she has left Changning to go to Hengdian to film. She is a big star and is very busy.

"Fifth Sister, are you hurt?"

Seeing that Zhong Ling's arm was not flexible, Ye Fan saw the clue.

Zhong Ling smiled and said: "Three days ago, he hunted down a few robbers and was slashed inadvertently. It's okay. The wounds are not deep. Ten days and a half months will be fine."

"Let me see."

Ye Fan said, walking into the room.

Zhong Ling did what Su Muyu had said, Ye Fan was very good at medicine, she was very interested and did not refuse.

Closing the door, Ye Fan said, "Sister, take off your clothes."

"Forehead."

Zhong Ling was a little unnatural.

Ye Fan said angrily; "I hurt my shoulder, how can I treat it without taking off my clothes. Why are you shy? When I was young, I took a bath together."

"Look for a fight."

Zhong Ling glared and began to undress.

However, two blushes appeared on one face.

When I was young, I took a bath together. Could it be the same? Back then I was ignorant and ignorant. Now they are all adults.

Ye Fan didn't think much about Zhong Ling's thoughts, but prepared herbs and golden needles.

"All right."

After a while, Zhong Ling's voice rang.

Ye Fan looked up.

Unconsciously, he immediately sneered: "Sister, how old are you, you still wear a bellyband, hahaha."

"you!"

Zhong Ling's face turned redder, and it was boiling hot.

She hugged her hands on her chest, and hummed: "Hurry up and show me, the second sister said you are good at medical skills, let me see. If you take advantage of me under the guise of healing me, hum, then Don't blame my sister for being ruthless and arresting you for sexual assault."

"Cut, I'm too lazy to watch when I'm naked. I was tired of watching when I was a kid, isn't it just that little thing."

Ye Fan murmured.

Afterwards, aware of the murderous look, he hurriedly said, "Sister, let's start, relax."

The injury on Zhong Ling's shoulder is not deep or shallow, and ordinary treatment will definitely leave scars.

No woman wants to leave an ugly scar on such white and delicate skin.

Zhong Ling has always been brooding about this.

But she is a criminal police officer. If she complains about this, she will inevitably be laughed at, so she has been hiding in her heart.

Ye Fan asked to take a look, which happened to fulfill her wish.

"Sister, I'm here."

When the words were over, a few golden needles were inserted into Zhong Ling's body, making the trembling of a metal plate; at the same time, Zhong Ling felt his whole body warm.

Especially around the wound on the shoulder, the itching is unbearable.

Zhong Ling knew that it was the vitality of flesh and blood that was stimulating, indicating that it was recovering, flesh and blood had to grow, and the wound had to heal.

After Ye Fan gave the acupuncture, Zhong Ling was no longer in charge, and he began to tinker with herbal medicine.

A quarter of an hour later.

He took off the golden needles, applied herbal juice to the wound, and then bandaged Zhong Ling.

"All right."

Ye Fan clapped his hands and pointed to the remaining concoction and said, "Sister, if you take the medicine every day, you can heal in a week, and it will be as good as ever, without leaving a trace of scars."

"really?"

"Like you, I'll take a shower for you."

"cut."

Zhong Ling rolled his eyes, skeptical.

Get out of the room.

Han Bing's eyes were strange.

Both Zhong Ling and Ye Fan were very embarrassed, so they turned off the topic and said, "Call the eldest sister, second sister, and Xiaoqi to the orphanage tonight. I'll cook, and everyone has a meal."

"no problem."

...

The time flies, the sunset is west.

Meng Qingyi drove up Su Muyu and Fang Rui, and the three came to the orphanage; while Han Bing and Zhong Ling had already cooked food.

Everyone gathers together.

After three drinks, Fang Rui said suddenly: "Let's go to Binhai Beach later. There is a big entertainment party there tonight. We finally got together and just went there for a stroll."

"How about it?"

"Xiao Fan, what do you think?"

"I have no problem, everything obeys the arrangement." Ye Fan shrugged.

Everyone hit it off.

An hour later, Ye Fan drove the van of the welfare home, carrying several beautiful women to the beach.

"There is a lantern festival, and there seems to be an acrobatic troupe here..." When he came to the beach, Fang Rui said with a map.

"Go to the lantern fair first."

Meng Qingyi proposed.

Everyone went to the lantern fair, but they didn't notice it at all. Several pairs of eyes kept staring at them.

An outdoor bar.

The eyes of the rich second generations moved with the walking of Meng Qingyi's daughters, their eyes gleaming with greed and jealousy.

The jealousy of Ye Fan.

"Superb!"

"It's hard to meet one in the usual way. There are five suddenly appearing tonight. Tsk tsk, it seems that there are more large parties to be held in order to attract beautiful women."

"Grass, that poor ***** looked at the broken van and could actually win five top beauties. Why!"

Ye Fan drove the van because of the six people, BMW and Maserati couldn't sit down at all; and everyone didn't want to be separated, so he drove over in the van.

But never thought to bring Ye Fan the identity of "poor dick".

"Unbearable!"

Finally, the rich second generation sitting in the middle couldn't help it. He strode towards Meng Qingyi and the other rich second generations quickly followed behind, fearing that the world would not be chaotic.

More than a dozen people blocked the way of Ye Fan's six.

"Good beauties."

The rich second generation laughed, "Introduce myself, I am Yan Liang, the young master of the Yan family, and I am one of the sponsors of the party tonight. It is our fate to meet some fairy sisters, so it's better to meet, let's go there. Have a few drinks."

"Not interested in."

Meng Qingyi simply refused.

Yan Liang's face was startled.

His Yan family is also a second-rate strong family in Changning, with strong financial resources and a lot of energy. Who in the circle doesn't give him face.

"Sister Fairy, you probably don't know the Yan family, let me talk to you. My Yan family property..."

"We are not interested." Han Bing has a cold temperament, and has become disgusted with Yan Liang.

"Don't get in the way."

The same is true for Zhong Ling.

She is already a small leader in the Criminal Police Department. She is close to No. 20 under her hand. It won't be long before she can be promoted to an office director. Naturally, she has a lot of majesty.

Yan Liang was startled and took a step back.

Immediately came shame and anger.

"A few of you are so shameless, it's good, then please get out immediately." Sternly shouted.

Zhong Ling was angry, "Is this your home, why should we leave!"

"I said, I am one of the sponsors of the party, and I have the right to let you leave this place." Yan Liang sneered. There are so many people here that it is difficult to make a move. As long as you leave the beach, there will be a chance to start.

A few little **** smashed and gave me a face, and I have to let you partying under me tonight.

Zhong Ling's women are not light.

At this time, Ye Fan said: "You are just one of the sponsors and have no right to expel us. Unless, you make all the sponsors agree with your proposal."

"Hahaha."

Yan Liang was jealous of Ye Fan, and wanted to strike Ye Fan a long time ago. Right now is the opportunity. He said contemptuously: "Poor dick, even if you are poor, your brain is also sick. Do you think other sponsors will disagree with my proposal? Would they be on your side?"

"How do you know what other people think."

"good!"

Yan Liang narrowed his eyes, waved his big hand, and said proudly: "If you don't see the coffin, you won't cry. Don't worry, I will call the sponsor and the organizer to express my opinion personally and convince you."

Sent a message on WeChat group.

After that, Yan Liang put away his mobile phone, looked at Ye Fan contemptuously, and said jokingly: "The humble poor dick, originally you would never have access to a noble person of my level in your life. Tonight, you go. Great luck. Later, you have to keep your eyes open and see what the so-called master is like!"

Chapter 167: Expelled!

"Forget it, let's go home." Meng Qingyi looked at Yan Liang aggressively, but also called the sponsors and organizers, worried about the trouble, and had a heart to withdraw.

"sister....."

"Don't go!" Zhong Ling said rushingly, his face very serious, "I want to see how you chase me away. If you dare to expel me forcibly, it is illegal, and I will arrest you."

"Catch me?"

Yan Liang looked contemptuous.

Fang Rui said: "My sister is a criminal policeman. If you break the law, it is only natural to arrest you."

"Really, I didn't expect to be a criminal policeman. Unfortunately, your hat is too low. If you are the chief of the criminal police officer, I would be terrified by three points. It is just a little criminal policeman. !"

Zhong Ling suddenly became angry.

Meng Qingyi and Su Muyu held her, worried that she would be beaten violently; as for Han Bing, they had cold expressions and stepped forward to stare at Yan Liang.

"You do a good job and **** me, otherwise, you will regret it."

"Yo, you want to hit me?"

Yan Liang mocked, looked at Zhong Ling and said playfully: "I said that the criminal police noticed this, is it a personal threat, do you want to arrest her."

Huh.

Han Bing's eyes suddenly appeared cold, and he was about to take action to teach Yan Liang a lesson, but he heard a noise, and the crowd separated.

"Who is making trouble!"

Four words, cold and serious.

Looking at the sound, four young men strode forward, one by one with jewels, as if they were all rich and young.

"Yan Liang, what do you want us to do."

The young man who spoke was named Xu Guang, a young man from the Xu family, who was also well-known in the circle.

Xu Guang is the biggest sponsor of this party.

"Brother Guang."

Yan Liang stepped forward and pointed to Ye Fan's group of people and said, "They are making trouble, and I want to drive them off the beach, but they don't leave with a face."

The four of Xu Guang glanced, and their eyes suddenly flashed brightly.

The appearance of the five women of Meng Qingyi is so outstanding, I am afraid that even the huge Changning can't find a few comparable to them.

Looking at Yan Liang's profound gaze, Xu Guang suddenly became aware of Yan Liang's attention-he wanted to expel them and take them where no one was.

Ever since, Xu Guang carried his hands on his back and said solemnly: "This party is sponsored by us, and we are naturally qualified to expel the tourists. Several people should leave soon, so as not to cause some unpleasantness."

"Boy, have you seen it?" Yan Liang also spoke, looking at Ye Fan mockingly and said: "I have called the sponsor, and everyone agrees to expel you, what else can you say!"

Ye Fan's face was cold.

Zhong Ling and Han Bing were furious and were on the verge of running away.

"Why don't you leave!"

Xu Guang drank low.

A rich second generation next to him looked at the time and reminded him: "Count the time, Brother Yang is coming soon."

Yan Liang was startled.

He and Xu Guang are all sponsors, and the host is Yuan Yang, the young master of the Yuan family.

If you rush over to see this issue and spread it out, it will inevitably affect him badly. The Yan family and Xu family are second-rate families, so they dare not offend the Yuan family.

The four major families, the Xiao family, perished.

The remaining Pang family, Yuan family and An family.

The three principals of the Pang family also died a while ago. They were empty shells. After a period of time, many of the Ponzi industry fell apart. Compared to that, the Pang family will also be destroyed soon.

Of the original four families, only the Yuan family and the An family remained.

The two sides are secretly competing for the position of Changning's first family.

Many families in the Changning business community support the Yuan family. After all, Father Yuan is still there and has high prestige in the circle.

Even secretly, some people already regard the Yuan family as the first family.

"Hurry up and get out, do you want me to send someone to invite you to go." Yan Liang watched Ye Fan still not moving, and yelled at him.

"Xiao Fan, let's go, don't pester them."

Su Muyu pulled Ye Fan.

At this moment, Ye Fan suddenly sneered twice, and Ling Ling said: "Tonight, I took it down. If there is a chance to come to my site, I will also let you taste the taste of being expelled."

"presumptuous!"

Xu Guang drank coldly.

Su Muyu excited, dragged Ye Fan to rescue.

Meng Qingyi and Fang Rui followed Han Bing and Zhong Ling behind.

Yan Liang and Xu Guang looked at each other and quietly ordered a small team to follow.

Timely.

A Rolls-Royce arrived on the beach, because it was a customized model, it was extremely luxurious, and the door opened, and you could see the beautiful starry sky in the car.

Xu Guang's five people hurriedly greeted them.

"Brother Yang."

"Um."

Yuan Yang got out of the car and nodded with a faint smile.

In addition to him, there is another person, his sister, Yuan Feifei, the little princess of the Yuan family.

The two brothers and sisters were surrounded by the outdoor bar.

Xu Guang opened a bottle of red wine worth 300,000 yuan and poured it on Yuan Yang's brother and sister himself, then took out a beautiful gift box and handed it to Yuan Feifei.

"Feifei, this is a gift I prepared for you, a blue amber diamond necklace worth three million."

"Wow!"

Yuan Feifei was overjoyed, "What a beautiful necklace, thank you, Brother Guang."

Yuan Yangmi took a sip of wine and smiled and asked, "Old Xu, my sister has a gift, don't I have it? It's not kind."

"this....."

Xu Guang was immediately embarrassed.

Next to him, Yan Liang rolled his eyes and said quietly, "Brother Guang, there is a gift. When you catch those five best products, I will give one to Brother Yang, so that he will be happy."

In the blink of an eye, five big men were knocked down.

Upon seeing this, the boss was furious.

"Brothers, give it to me!"

However, nothing happened.

The boss turned his head in confusion, and found that a dozen younger brothers were unconscious, lying on the ground all the time, their scalp numb.

Ye Fan strode forward.

"You... don't come over."

The boss was terrified.

Seeing Ye Fan approaching step by step, he gritted his teeth, picked up the mace in his hand, and smashed Ye Fan's head fiercely.

"careful!"

The women Meng Qingyi and Su Muyu exclaimed.

But the mace did not fall, but was grasped by Ye Fan, and then suddenly squeezed... the steel mace, five finger holes appeared.

"Puff."

The leader is also a wise man. Seeing Ye Fan almost squeezed his mace, he was so frightened that he dared not fight anymore and knelt on the ground begging for mercy.

When Han Bing and Zhong Ling came, their faces were also full of shock.

"A lot of power."

"After so many years of training in the military, how can I not have much strength, just a few small people, I can suppress it with one hand."

Ye Fan smiled, then looked at the boss.

The boss knew that dishonesty might be deposed, so he quickly explained: "Big Brother, it was Xu Shao, who arranged for us to arrest people. I was just following orders. Forgive me, please."

"These rich second generations are really lawless." Zhong Ling was furious.

"Let's go."

Ye Fan kicked the leader and got into the car.

Han Bing asked, "Where to go? Go home? If the matter is not resolved, Xu Guang and Yan Liang will arrange for someone to deal with us."

"go to the beach."

Ye Fan's words were like thunder, turned the front of the car, and sped away with a kick of the accelerator.

here.

At the outdoor bar, Yuan Yang's interest in drinking soared.

"Old Xu, what kind of gift is it? I can present it now."

Yuan Yang's face was red, and he kept urging.

"Uh..." Xu Guang groaned, looking at Yan Liang, his eyes seemed to say: How come people haven't caught it for so long!

Yan Liang was also puzzled.

Suddenly, a text message came from the mobile phone.

After reading the text message, Yan Liang's face was green. He whispered to Xu Guang, "Something went wrong. I didn't expect that kid was a master of kung fu, and knocked all the people we sent over to the ground."

"what!"

"Brother Guang, don't worry. That kid is self-righteous, arrogant, and wants to kill him and come back to us. Hehe, it's coming soon."

Xu Guang's eyes were full of disdain and contempt, and he said, "Well, let's just grab it here and dedicate it to Brother Yang. You quickly arrange to disperse the tourists around, and gather more people at the same time. I want to see if he can. Hit a few!"

Chapter 168: Do not live by yourself!

Ye Fan drove back.

Meng Qingyi, Su Muyu, and Fang Rui were a little worried. After all, they were all second generations of rich and young masters, and they had strong family backgrounds.

However, Han Bing and Zhong Ling were not afraid.

And Zhong Ling had already mentioned to the patrol that some patrols would rush over, which made Meng Qingyi's trio feel at ease.

Rumbling.

The van hit the beach.

"Tsk tusk, waiting for us." Ye Fan raised the corner of his mouth, looking at the black thugs on the beach, his eyes full of disdain.

"More than a hundred people, good guys, gathering so many people is obviously illegal. Xu Guang and Yan Liang are really dead." Zhong Ling sent a text message.

The criminal police officer, dozens of miles away, had already begun to act. Not long after, a dozen police cars were speeding away and coming towards the beach.

"Sister, stay in the car, I will meet." Ye Fan jumped down and said to Meng Qingyi.

"Take me."

"And I."

Zhong Ling and Han Bing are not far behind.

Ye Fan smiled and said, "Well, let's have a good fight tonight... By the way, Fifth Sister, isn't this an intentional injury, isn't it an offence?"

"Justifiable defense!" Zhong Ling uttered four words.

"good."

Ye Fan was overjoyed.

Close the door and take the lead.

The war is about to start.

At the outdoor bar, Xu Guang and Yan Liang watched the commotion of the crowd in the distance and knew that someone was coming; the two touched their glasses.

At this time, Yuan Yang asked: "What's the matter?"

"Haha, Brother Yang, don't worry, the gift I prepared for you will be presented to you immediately, so that you are sure that you are satisfied."

Yuan Yang frowned and said nothing.

Yan Liang held up his wine glass, "Brother Yang, let's drink."

This group of wealthy second-generation people are struggling, but they don't know at all that the more than one hundred thugs are quickly disintegrating.

"puff!"

"puff!"

Ye Fan fisted to see blood.

Every time he shot, he defeated a few big guys, but he himself wandered leisurely and calmly, like a **** of war.

"impressive."

Han Bing was surprised.

Ye Fan knows how to work hard as a soldier, which is natural; but he didn't expect that his skill and strength were so incredible.

"This kid, the shot is too heavy." Zhong Ling's eyes flickered, her words made Han Bing's eyelids jump wildly.

She turned her head back and said solemnly: "Little Five, Xiao Fan is teaching the black market power, eliminating harm for the people, what's the focus of the shot! Don't go online, if you dare to catch Xiao Fan, I will never end with you."

Zhong Ling shrank his neck.

Among several older sisters, he was most afraid of the third oldest Han Bing. He was warned by Han Bing at this moment, how dare she have any objections.

"what."

Suddenly, Zhong Ling lost his voice.

During the conversation between the two, Ye Fan had already dealt with most of the thugs, originally more than one hundred, but now there are only a handful of twenty people left.

"what's the situation!"

On the side of the bar, Xu Guang and Yan Liang finally noticed that they were unusual, and they were surprised when they looked closely at the moonlight.

"Why is this kid so powerful?" Xu Guang gritted his teeth.

"Brother Guang, leave it to me."

Yan Liang calmly ran towards the battlefield.

At the same time, there was an extra bag of white powder in his hand, rushing to the vicinity of Ye Fan, he shouted, and sprinkled the white powder over.

In an instant, Ye Fan was overwhelmed by white powder.

"Xiao Fan!"

Han Bing and Zhong Ling didn't know what white powder was, but it was definitely not a good thing.

At this moment, Yan Liang laughed and said: "This white powder is a drug, originally intended to find a beautiful woman to start, but now it is given to you to see how long you can hold on."

"Despicable and shameless!"

Zhong Ling's eyes were about to split, and he roared: "I have called the police, and you won't be arrogant for long."

"ignorance."

Yan Liang was very disdainful.

With the energy of his strict family, it is not easy to settle this little thing; besides, there is also the Xu family, and even the Yuan family of the "Changning First Family".

"Give me up and take them down."

Yan Liang pointed to Han Bing and Zhong Ling and issued orders.

Just now, this group of people was frightened by Ye Fan, and they were almost defeated and fled. Now that Ye Fan is resolved, they regained their confidence and rushed towards Zhong Ling.

"scold."

Yan Liang was full of confidence and lit a cigarette.

But just took a breath and raised his head to swallow the clouds and fog, only to find that the sky is full of black shadows... the big guys who pounced on Han Bing and the two girls all flew up, and then fell.

"what!"

Yan Liang was smashed.

When I was about to get up, I found myself flying too, and then flew very far, flying several tens of meters from the battlefield, and smashing it on the outdoor bar.

Rumbling.

Suddenly, the bar was in a mess.

"Yan Liang!"

"Brother Liang!"

The rich second generation such as Yuan Yang and Xu Guang were shocked.

At this time, Yan Liang was extremely miserable. If it weren't for the sofa to let go of his strength, he was afraid that he would just fall to death. But even so, he wailed in pain, his hands and feet were broken, weirdly twisted, and shocking.

"who is it!"

Xu Guang was furious and turned around to drink.

Ye Fan had already walked into the bar with Han Bing and Zhong Ling, staring at it, and said coldly, "It's me."

"You really ate the courage of the bear heart and the leopard, and you dare to abolish Yan Liang. You are finished, you are all finished. The consequences are not something you can afford."

"Yes?"

Ye Fan jokingly looked at Xu Guang who was furious, then his eyes shifted, and he hummed: "Why are you here? What fun?"

boom!

Yuan Yang was shocked, his face pale.

He came to Ye Fan in three steps and two steps, in cold sweat, and respectfully said: "Mr. Ye, it's you."

"You still have not answered my question?"

"I am the organizer of the party."

"So that's the case." Ye Fan smiled and said meaningfully; "I thought you were the master, arranging for someone to arrest us and invade my sister."

Boom.

There was a thunder on the ground.

Yuan Yang shook his body, and all of a sudden he figured it out.

It turned out that the gift Xu Guang and Yan Liang said was Ye Fan's beautiful sister! !

It's really dying.

This, but the teacher of Hua Tuo Medical Sage, possesses monstrous energy, and actually covets Ye Fan's sister, not knowing whether to live or die.

"Snapped."

Yuan Yang was angry, turned around and slapped Xu Guang's face with a slap.

Ignoring Xu Guang's shock and wailing, Yuan Yang bent over ninety degrees and said tremblingly; "Sir, I'm not thinking about it. Please calm down your anger. I will take care of everything and I will definitely give you a satisfactory result."

"Alright, they are not qualified to let me do it myself."

"Sir, there are two older sisters. You are taking a rest in the restaurant over there for a while, and I will come over to entertain you as soon as I finish processing."

After Ye Fan left, Yuan Yang looked murderous.

Xu Guang got up and said angrily: "Brother Yang, are you crazy, why are you hitting me. Who is that guy, you can admit the wrong person."

"Asshole."

Yuan Yang kicked Xu Guang down, condescendingly reprimanded: "Don't talk about beating you, I can't wait to kill you. If you die, you have to take me."

"Mr. Ye Fan, can you offend your kind of stuff! Don't talk about your Xu family, even if it's my Yuan family, Mr. Ye will kill it if you say something."

Yuan Yang's face solidified.

On the sofa, Yan Liang, who had only improved a little bit, was stunned for a few seconds, then foamed at the mouth and fainted.

"Brother Yang, you, are you kidding me."

"The frog at the bottom of the well."

Yuan Yang took a deep breath.

"From now on, my Yuan family terminates all cooperation with the Xu family; at the same time, the Xu family is ordered to withdraw from the Changning Chamber of Commerce."

"Brother Yang, what did you say!"

Xu Guang was horrified.

Terminating the cooperation with the Yuan family will deal a major blow to the Xu family; and withdrawing from the Changning Chamber of Commerce is even more daunting, which is equivalent to leaving the circle.

The business circle will not take you to play.

"Do you think this is over? Go back and tell you Lao Tzu that I will come to my house with the money tomorrow. Then I will invite Mr. Ye to the scene, and your father and son will apologize in person!"

Later, Yuan Yang looked at Yan Liang.

puff.

A basin of cold water flushed, forcing Yan Liang to wake up.

As soon as he woke up, Yan Liang fainted again, because he happened to hear Yuan Yang's cold words: "If your mind is not right, you can't live by yourself!"

Chapter 169: Jinhua Maojia

"Xiao Fan, do you know that young man?"

When they came to the restaurant, Han Bing and Zhong Ling finally asked their doubts.

That young man is obviously a super rich second-generation, and he is so respectful to Ye Fan. What is the reason!

"His name is Yuan Yang, the young master of the Yuan family."

"Yuan family!"

Zhong Ling and Han Bing were shocked.

How can the people of Changning know the name of the Yuan family?

Ye Fan explained: "My second sister and I have treated the old man of the Yuan family, and Yuan Yang is very grateful and respectful to me."

"I see."

While chatting here, Meng Qingyi, Su Muyu and Fang Rui also came to the restaurant.

Immediately afterwards.

Yuan Yang hurried over and said apologetically; "Brother Fan, I'm so sorry, I have dealt with Xu Guang and Yan Liang."

Ye Fan nodded slightly.

Yuan Yang asked someone to bring up delicious snacks and said, "Brother Fan, sisters, I will pay for all your consumption tonight."

"How embarrassing it is." Meng Qingyi was a little uncomfortable.

And Yuan Yang was very witty and laughed: "There is nothing to be embarrassed about. After all, Brother Fan and Sister Su cured my grandfather. This is a great favor."

"How is the old man's body now?" Su Muyu asked.

"After the last treatment, Grandpa is in good health and is still recovering. However, it seems that his complexion has changed a little recently."

Yuan Yang paused and asked cautiously: "Brother Fan and Sister Su, I wanted to find you too, so I'll just say it if I meet me tonight. If I have time, I will visit my house again and show my grandfather. ."

Su Muyu agreed very simply.

"No problem, I also have this idea. The old man's disease can't be cured with one treatment, and he needs a follow-up visit."

"Thank you sister."

Yuan Yang was overjoyed.

Leaving the restaurant, he called his father Yuan Jianghe and reported the incident.

Yuan Jianghe was also in a happy mood, and then he said in a deep voice: "Xu Guang and Yan Liang dare to offend Mr. Ye, it is really a death. The little Yan family does not need to exist; as for the Xu family, you are doing very well. Tomorrow Mr. Ye Come to see me, and let Xu Zhenglong bring Xu Guang to apologize, just right."

at the same time.

On the beach, Xu Guang followed the call tremblingly; on the other end, the roar sounded like thunder, "Niezi, Niezha, beast!"

"dad....."

"I'm not your dad! Because of you, you have brought such a big disaster to the family, you really deserve to die."

Xu Guang said bitterly: "Dad, I don't know that the kid has such a strong background, even the Yuan family bows to his head. Dad, don't say so much. The top priority, let's think about how to deal with this matter."

"You handle it yourself, it has nothing to do with me."

When Xu Zhenglong's words fell, the phone went off.

Xu Guang called again, and it already showed that it was turned off.

At this time, Xu Guang panicked.

"How to do!"

Xu Guangxin's hair is furry.

His old son Xu Zhenglong is still young, and the country has already opened up a second child. This is to abandon his only child and give birth to a second child.

"Damn Yan Liang, he is the one who hurt me."

At this moment, Xu Guang wanted to kill Yan Liang.

But it's useless to get angry. He must go home as soon as possible and find Xu Zhenglong to have a good talk; but as soon as he got in the car, the phone rang.

After glanced at the caller ID, Xu Guang was taken aback, and immediately overjoyed.

"It's saved."

Xu Guang secretly said in his heart and connected the phone.

A cold voice came from the other end, "Xu Guang, where are you now?"

"Sister Jialan, what are you looking for?"

"I'm here at Changning Binhai Beach. Isn't there a party? I'll take my friends to see. I want you to come and accompany me immediately."

Xu Guang jumped out of the car immediately and shouted, "Sister, I'm on the beach."

After a while.

The two sides met.

The "Sister Jialan" in Xu Guang's mouth was a woman in her thirties. She was quite ordinary, but her figure was very hot, especially the bright light on her chest, which was extraordinarily huge.

This girl's name is Mao Jialan.

They belong to the Mao family in Jinhua, and the Mao family is one of the largest families in Jinhua.

Changning is only a third-tier city, while Jinhua is a second-tier city. It is also the second-ranked capital of more than a dozen cities in Qingzhou Province, second only to Qingzhou Province.

Therefore, the big family ranked first or second in Jinhua is not comparable to the Yuan family and the An family in Changning.

Even the Xiao family, which has never been destroyed, is not as good as the Jinhua Mao family.

The reason why Xu Guang had a relationship with Mao Jialan was by chance. Mao Jialan came to Changning to play and met him; Xu Guang was very handsome, Mao Jialan fell in love with him, and slept.

Once you come and go, you will be familiar.

"Sister Jialan."

"Yeah." Mao Jialan was quite satisfied with Xu Guang, no matter his appearance, family background, or bed skills, he was impeccable.

She pointed to a middle-aged, fat man next to her, and said, "This is Master Tianbao, a famous figure in the stone gambling circle in Qingzhou. I was going to go to the purgatory to gamble on stones, but I heard that there is also one on this beach. Betting on the stone area, come and play temporarily."

"Haha, yes, in order to increase the program and atmosphere of the party, a stone gambling area was indeed set up there. It is not small, and it is also organized by the purgatory. Master Tianbao is here just in time. See you show off."

"It's easy to talk."

Zhu Tianbao stroked his beard and smiled unpredictably.

Afterwards, Mao Jialan held Xu Guang without evasiveness and wanted to go to the gambling area, but found that Xu Guang was covered with cold sweat and his shirt was soaked.

She asked suspiciously: "A Guang, what's wrong with you?"

Xu Guang heard this and immediately cried out: "Sister, I'm in trouble, you have to call the shots for me..."

Three minutes later.

After listening to Xu Guang's narration, Mao Jialan's face was deep.

"It's really arrogant!"

Mao Jialan snorted coldly, "A Guang, since you are my man, I naturally want to stand up for you. The Yuan family is nothing but a rat in front of my Mao family. As for the kid who can beat, hehe... ..Abiao, come out!"

Huh.

Suddenly, a black shadow flashed over.

Behind Xu Guang, a sturdy black-clothed young man appeared, unconsciously, and shocked Xu Guang.

"Miss."

A Biao's voice was cold and biting, and his body was full of murderous aura, which made Xu Guang frightened and couldn't help shaking.

Good guy, it takes so much blood to cultivate such a strong murderous aura, it's terrible.

Mao Jialan said triumphantly: "This is my personal bodyguard. He was once a mercenary captain on a foreign battlefield. He crosses the battlefield and is invincible. Is the kid you talking about good at Abiao!"

Xu Guang's blood was surging, blushing, and shook his head.

Mao Jialan laughed, "Let's go, find that kid, and dispose of him. As for his sisters, if you like them, then give them to you. Have fun."

"Sister, you are so kind."

With a proud face, Mao Jialan glanced at Zhu Tianbao, and said, "Master, take care of yourself and give A Guang a nasty breath first."

"Don't worry, don't worry, I'll just watch a scene."

Zhu Tianbao said with a smile.

Xu Guang said, "Sister, they are in the restaurant over there."

"go."

Mao Jialan is full of aura.

The eldest lady of Jinhua Mao's family, in the circle, is the leader of the daughters, the eldest sister.

Raised one's arms, very appealing.

With such confidence, it is reasonable to walk away from the disapproval of the six relatives.

Xu Guang was extremely excited.

Approaching the restaurant, I saw Ye Fan's daughters through the floor-to-ceiling windows. A cold arc appeared at the corner of his mouth: Ye Fan, see if you die!

Chapter 170: The power of thunder!

Swish.

Mao Jialan, Xu Guang and others rushed into the restaurant, immediately attracted customers' ideas, almost all eyes.

Because.

A Biao's momentum is too strong.

Even ordinary people can feel the cold murderous, creepy, numb scalp, and some timid people leave the restaurant wittily.

"Ye Fan!"

Xu Guang screamed and rushed forward.

Su Muyu was startled, and Ye Fan had already appeared in front of the sisters, and the upright voice gave Meng Qingyi a strong sense of security.

"Damn it, it made a comeback." Zhong Ling was very angry, because Yuan Yang came out to mediate after defeating the group of black forces just now, she contacted the criminal police officer and closed the team.

A dozen police cars were originally killed, but they all returned.

And Han Bing's eyes were extremely cold.

"Why, it's still itchy, I haven't been beaten enough, come back and continue begging?" Ye Fan said jokingly.

"Ye Fan, he is so arrogant when he died." Xu Guang was furious, but did not act rashly, but said to Mao Jialan: "Sister, this is the guy!"

Ye Fan's gaze fell on Mao Jialan. He was very knowledgeable. At first glance, he knew that this woman was not simple, most especially the black-clothed young bodyguard behind him. He was a great master. He was better than Xu Taishan and Liu Zhen Nothing less.

Young people have the strength of the top ranks.

While Ye Fan was looking at Mao Jialan, Mao Jialan was also looking at Ye Fan, seeing that Ye Fan was extremely handsome, tall and tall, and had an extraordinary and incomparable temperament, and a trace of greed could not help but flash in his eyes.

She licked her lips slightly, and smiled lightly: "You are Ye Fan, and Xu Guang is my person. You teach him to just hit me in the face, it's hard to say!"

"Who are you?"

"Ye Fan, this is Mao Jialan, the eldest of Jinhua Mao's family. Do you know what the Jinhua Mao's family exists? Changning Yuan's family is just a little mouse in front of Mao's family. Didn't you understand? Not at this time. Kneel down and admit your mistakes, and wait more when."

Ye Fan looked funny.

Unexpectedly, people from the Jinhua family came and came out for Xu Guang.

Behind her, Meng Qingyi's face was full of worries. She was in the business world and could best realize the power and fear of Jinhua Mao's family.

Meng Qingyi couldn't sit still, and yanked at Ye Fan. He smiled at Mao Jialan and said, "Miss Mao, I'm really sorry, my brother was impulsive. However, it was Yuan Yang, the young master of the Yuan family, who taught Xu Shao, and my brother actually did not Please forgive me for how much it matters."

Mao Jialan looked at this Meng Qingyi up and down, and took a close look at Su Muyu and several people, very envious of the beauty of the five women.

She looked serious and said solemnly: "No matter what, Ye Fan is wrong. Of course, I am not an unreasonable person. Let's do this, Ye Fan, you will be my male servant for a month."

"what!"

Meng Qingyi was shocked.

Su Muyu's four daughters were also angry and angry.

Let Ye Fan be a male servant and a servant, this is trampling on Ye Fan's dignity. As Ye Fan's sister, how could they agree.

"Miss Mao, you are too much."

"Excessive?"

Mao Jialan sneered, scorned Meng Qingyi, looked at Ye Fan, raised his chin and said proudly and forcefully; "Ye Fan, answer me, do you want to."

"stupid guy!"

Ye Fan spit out two words.

Mao Jialan was startled, unexpectedly someone would dare to scold her.

Who is she!

How the most expensive!

In Jinhua circles, who would dare to insult her unless that guy wanted to die.

Before Mao Jialan became angry, Xu Guang jumped into thunder, and roared: "Ye Fan, you are dying to commit the following crimes. Big Brother Abiao, you are about to abolish him."

call!

Abiao moved.

As a personal bodyguard, he protects Mao Jialan everything; moreover, he has been favored by Mao Jialan several times, naturally he is extremely protective of Mao Jialan.

Ye Fan insulted Mao Jialan, and A Biao couldn't bear it, so he immediately shot.

"Miss offended, a capital crime!"

A Biao yelled.

Between the storm and thunder, a fist hit Ye Fan's head.

This punch.

Power explosion.

There is no doubt that if it is an ordinary person, he will be beaten alive by this punch and die. It is a pity that Ye Fan is not an ordinary person, far from it.

"Jumping beams, ants, fireflies, and the last few cars, dare to make an axe at the door of the vicissitudes dragon in front of the boundless moon!"

Ye Fan's words are like knives.

puff.

Without doing it, A Biao's voice shook his seven orifices and bleeds.

at the same time.

The power of A Biao's punch also poured out like a tide, and his fist hit Ye Fan softly, and it didn't work at all.

"you!"

Abiao was furious.

But in the next second, the anger in his eyes turned into horror. He found that he was completely volleyed, and then turned around...

"what."

Meng Qingyi and the others were terrified.

Ye Fan actually grabbed A Biao's hand and shook it up like a sledgehammer. Moreover, he turned faster and faster, and finally flew!

Bang bang bang bang.

A Biao smashed a table, and finally smashed into the wall, fiercely inlaid in, you can't move, the bones of your whole body are shattered.

However, there is no death.

Ye Fan made his own moves, shattering his bones, but it would not be fatal.

"puff!"

A Biao spouted a mouthful of blood one after another, and kept a sigh of breath. There was no way to faint, and he endured the pain soberly.

This scene shocked everyone.

Ye Fan shook his hand, didn't care, glanced at Mao Jialan and Xu Guang, and said indifferently: "Teach me a lesson, I hope you know yourself, don't mess with me, otherwise, you will be at your own risk."

When the words fell, Ye Fan greeted the five daughters of Meng Qingyi and left the restaurant in stride.

a long time.

Mao Jialan recovered from the shock, screamed, rushed to A Biao, and yelled in grief, "A Biao, my A Biao, you were actually abolished! Ah, Ye Fan, I want you to die. Die!"

Xu Guang and Zhu Tianbao looked at each other.

The two were also in a cold sweat.

The scene just now was horrifying, Ye Fan was simply a monster, a tyrannosaurus.

A strong man of 1.9 meters and two hundred catties actually shook up like a ball; and smashed into the wall... what a terrifying power it must be!

This is human, can it be done.

Grunt.

Xu Guang swallowed his saliva fiercely, and cautiously asked: "Sister, Ye Fan is too scary, or else, let's forget..."

"To shut up!"

Mao Jialan scolded angrily.

At this moment, her eyes were red, and she roared ferociously: "If I abolish my Abiao and offend this lady's majesty, how can we keep her."

"Sister, what should I do?"

"I do it freely."

Mao Jialan's eyes were full of light, full of viciousness; as soon as his eyes turned, vicious and vicious tricks came to his mind.

Ye Fan is not clear about all this.

In his view, in the face of absolute strength, all conspiracies and tricks are all tricks and tricks, not for fame.

"Xiao Fan, there will be no accident. That bodyguard, you seem to beat him hard." Meng Qingyi worried.

"Sister, don't worry, I have a sense of measure. The bodyguard is fine. He suffered internal injuries and vomited a few mouthfuls of blood."

Ye Fan laughed. Of course, he couldn't say that Abiao was abolished, and his bones were broken. He could only lie on the bed for the rest of his life, and he couldn't even move his fingers.

If Zhong Ling knew about this, I was afraid that he was not going to be caught.

Ye Fan has nothing to do with this fifth sister. She is upright and selfless. She is a good criminal policeman, and she can't break her belief style.

"Is it okay?"

The women of Meng Qingyi looked suspicious.

"Really, I can lie to you."

When Ye Fan saw the stone gambling area in front of him, in order to change the topic, he quickly suggested: "Sister, let's go to the stone gambling area. I will show you something, maybe I can cut out good things and get rich overnight!"
