Chapter 181: Defeat

It is divided into high and low, but also divided into life and death!

Guo Xiong's voice revealed a deadly cold air, causing Cao Bing to fall into an ice cellar, his hair standing upright, shocking and inexplicable.

"The supporter behind Li Ce of the Northern Liang Dynasty is Duke Xiao, and Xiao Shending is a member of the Xiao clan, so don't get involved in the battle between Xiao Shending and Ye Zun."

"Changning, you have full authority to take care of it."

"Yes."

After hanging up the phone, Cao Bing's heart was still rough.

The life-and-death duel between Hou Ye has never happened before in Daxia's history, and it is very involved.

Like the champion candidate, Bai Longhou is a rookie and upstart. Can he fight against Li Ce, a veteran who is supported by Xiao Gong and Xiao Clan?

unknown.

"Come on!"

"Marshal, what's your order?" A guard hurried over.

Cao Bing solemnly said: "Arrange a group of people to pay close attention to the Qile Great World to ensure that Xiao Shending will not die."

The young master of the Xiao clan fell in Changning. He was the first to be held accountable as the commander of the Changning theater. Cao Bing could not bear it.

Even if he offended Ye Fan, he couldn't let Xiao Shending die.

...

Wonderful world.

Side entrance square.

"boom!"

The explosion kept on.

Xiao Shending watched the crash of his Flying Eagle team's fighter planes one after another, and his heart was dripping blood, and the whole person was crazy, unbelievable.

"impossible!"

"What is going on? What force is fighting!"

"What the **** is going on!"

Xiao Shending yelled hysterically.

Cuckoo panicked too.

A mysterious and invisible force strikes precisely, which is worth it. It won't take long for the Flying Eagles to be wiped out.

"Take it, hit it all down for me."

In the office.

Next to Ye Fan, Tong Di took the walkie-talkie and exclaimed excitedly: "Haha, my stealth fighter comes and goes without a trace. It was built by me at a huge cost of 30 billion yuan. In fact, that group of junk goods can match it."

"DaDaDa, play the style of the Black Feather Alliance."

Tong Di's 18 stealth fighters are indeed powerful, they are the world's top fighters, come and go invisible; but Xiao Shending's Flying Eagles are not too rubbish.

After a minute of panic, he gradually started to stabilize and began to fight back.

Invisibility is true, but the firepower cannot be invisible. As long as you grasp the right time, you can roughly judge the direction through the firepower.

In fact, the Flying Eagles do not need to do this at all. They have a large number of fighters, and they have lost a lot just now, but there are still about 30, and they have started a carpet-like sweep.

"boom!"

A stealth fighter was hit, revealing its figure, and then was attacked by a group of flying eagles, exploded in the sky, and fell like fireworks.

Tongdi had a headache.

Ye Fan felt embarrassed and said, "It's almost time, let your people retreat."

"good."

Tongdi did not hesitate and gave the order.

The stealth fighter stopped its fire attack and disappeared again.

Team Flying Eagle did not dare to act rashly, hovering in the air, waiting for Xiao Shending's order.

"Master, that mysterious power has stopped attacking." Du Juan looked at the sky and said with lingering fear.

"Shit mysterious power, that's a stealth fighter."

Xiao Shending gritted his teeth, his eyes were cold, "How could Xu Taishan have a stealth fighter? It must be the expert behind that. Very good, very good, tonight, I recognize it!"

"withdraw!"

One word freed the Flying Eagle team.

Huh.

The remaining nearly thirty fighters seemed like tides, breaking through the air, not wanting to stay longer for a second.

The main entrance square.

Seeing the flying eagle team withdraw, Dian Zhong and Wang Teng knew that they had lost the battle tonight.

"withdraw!"

Dianzhong roared.

Xu Taishan sneered, "I don't come to the Great World of Wonderful Music, or leave when I want to. Brothers, come with me to suppress this guy."

"good."

Liu Zhen, Li Yu, and Don't beg were all killed.

"Only you, want to suppress me!"

"Then add me."

A cold woman's voice sounded silently behind Dianzhong, causing Dianzhong's hair to explode.

It's Zhao Qingmei.

From beginning to end, she was watching and lurking.

now.

She shot.

And when he shot it, it was a thunder strike, slapped Dianzhong's back with a palm, and the hit Dianzhong flew out, blood spurting wildly.

Ye Fan wants to catch alive.

Therefore, Zhao Qingmei did not use any weapons, otherwise Dian Zhong would die without life.

"you!"

Dianzhong was horrified.

His physical body is extremely strong, and his back is even more like a dragon, hard and extraordinary. A woman almost broke her back! !

The most frightening thing is that Nianzhong clearly felt that the woman had stopped at a critical moment, otherwise, the strength would be enough to beat him to half-bodied.

who is she!

In order not to reveal her identity, Zhao Qingmei wears a mask, and she has just spoken, her voice is deliberately low, hoarse and low.

"Uncle Loyal."

Wang Teng screamed.

Dian Zhong used a color, and Wang Teng broke out without looking back.

"That's a small role, don't pay attention to it, take him down and get alive."

Zhao Qingmei spoke.

Nianzhong felt the extreme humiliation, but he couldn't help it. He had to bow his head under the eaves. He was not an opponent.

Moreover, there must be some great masters at the side door, and Xiao Shending retreats, and the master at the side door will definitely support him.

If you don't leave, it's too late.

The reason why Wang Teng was allowed to go first was because Dian Zhong had enough self-confidence; all of a sudden, he slammed at Do not beg.

Among these people, Don't Beg is the weakest.

It is a breakthrough.

"Good come." Don't beg yelled, he knew that Dianzhong looked down on him, and in order to prove himself in front of everyone, Don't beg did not flinch, but went up instead.

This was beyond Dianzhong's expectation.

He originally thought that he would retreat without begging for fear of death, and the gap created would be enough for him to break through the siege, but he did not expect to advance instead of begging or retreating.

"Kill kill kill."

Dianzhong's eyes were bloodshot, with a burst of 120% power.

Do not beg to fly with one punch.

At the same time, he hit a bead.

"Boom."

It exploded instantly and the smoke filled.

"It's a smoke bomb!"

Xu Taishan shouted.

"He wants to escape."

Liu Zhen shouted, "Quickly form an encirclement and stop him."

"late."

Dianzhong sneered and had already broken out of the encirclement.

But Quanfang showed a man with a monstrous spirit, vaguely and faintly in the smoke.

At a glance, Dianzhong was frightened.

The strong.

Super strong!

Invincible.

"hold head high."

A dragon chant, resounding through the world, deafening, the explosion of Dianzhong Qiqiao bleeding.

After coming to Changning for so long, Jianglong truly showed the majesty of the Dragon King for the first time.

Roar the situation! !

"puff!"

Dianzhong spit out a mouthful of blood, and punched Jiang Long, his arm bones split, and it flew out like a broken kite.

However, Dianzhong is worthy of being a strong power in the ranks of the sky.

Disappeared in the night.

Jiang Long chased it out, where there was Dianzhong's voice.

"Brother Long."

Zhao Qingmei and others arrived.

Jiang Long sighed: "I was careless. I thought that a punch could solve him, but I didn't expect his physical fitness to be so strong."

"It's just going back to the light."

Ye Fan walked out of the smoke, looked at the direction Dian Zhong had fled, and smiled lightly: "He has been seriously injured, so it's not a cause for concern. This time, most of Xiao Shending's men and horses were damaged here, which can be described as a heavy loss."

"Ye Da, what do you do next?"

"Clean up the battlefield, the injured brother arranges, I will treat as soon as possible, the comfort money is not small, we are not short of money. In addition, Qingmei, stare at Xiao Shending to death. This time his subordinates are greatly damaged and may leave. Changning. I can follow the vine and track down what I find."

Chapter 182: Have a conspiracy

Xiao Shending was defeated and the next step was to clean the battlefield.

His Tiger Ben Camp 10,000 team lost seven or eight eighty-eight, and all surrendered; while the Flying Eagle team also found more than a dozen aircraft wrecks.

These aircraft wrecks are very valuable. If you sort them out and sell them, there will be a billion, which is really profitable.

This money is enough to give out the soothing money for the brothers participating in the exhibition.

In other words.

In a war, the world of Qi Le did not have much loss, and there was even a repayment. These are the reasons why some superpowers in the world want to start wars.

War burns money, but it is also profitable to some extent.

Ye Fan returned to the office and suddenly remembered that Shi Xingyu was not there. He asked Xu Taishan, but Xu Taishan didn't pay attention either.

"report."

At this time, Xu Taishan's capable man, Dahu, ran over and said, "Boss, the commander of Miss Shijia's guards wants to see you."

"Let him come here quickly."

"Kang Dang."

The leader broke in and shouted in panic: "It's not good, my lady is missing."

The office is dead.

A few seconds later, Ye Fan asked: "What's the matter?"

This leader was full of panic, because Shi Xingyu had some shortcomings, and the Shi family would definitely not let him go.

He tremblingly said: "During the war, I escorted the young lady to transfer the land, and arranged the young lady in a villa, but waited until the end of the battle to see, the young lady disappeared."

"Go and see."

Ye Fan said in a deep voice.

When everyone came to the villa, there were no signs of fighting in the room, and the doors and windows were intact, indicating that Shi Xingyu had not been violently taken.

"So high skill, unexpectedly abducted a big living person silently." Ye Fan's face was very ugly.

Shi Xingyu came to help, but was taken away. This was to slap him in the face; if there was something wrong with that girl, Ye Fan felt very guilty.

Jiang Long said: "Xiao Shending arranged it?"

Ye Fan shook his head; "It's not like Xiao Shending, but a third party. It's really behind the mantis to catch the cicada and the oriole, but what is the purpose of abducting Shi Xingyu? To blackmail me?"

"It won't be from the Mao family. After all, Shi Xingyu severely humiliated Mao Jialan at the beach party last night."

Jiang Long doubted.

The commander said: "This possibility is very small. Unless Mao Jialan is a fool, it is impossible to deal with Miss. The Shi family is a giant in Jinhua, and it is not the Mao family can contend."

"Don't worry, I have a hunch that it is aimed at me. Since Shi Xingyu is used to blackmail me, it will definitely not hurt her. Wait, there should be news tomorrow."

There is only this way now.

Watch the changes.

...

Changing war zone, the central building.

On top.

The lieutenant hurriedly reported, "Marshal, the battle on the Qile Great World is over, Xiao Shending is defeated and fled."

"Um."

Cao Bing nodded, this result was expected.

After all, Xiao Shending's opponent was Ye Fan, the lord of Tianzun Temple, a figure who stood on top of the world and covered the sky with only one hand.

He guessed that Xiao Shending didn't know Ye Fan's identity, and he might not even know Ye Fan was standing behind Xu Taishan.

"Prepare the car and go to the Qile Great World."

After half an hour.

Cao Bing arrived and saw Ye Fan.

Ye Fan was surprised at the arrival of Cao Bing and asked, "Commander Cao came late at night, what is the so-called? Could it be Xingshi's questioning."

"I dare not dare, I just came to take over the people of Xiao Shending. Mr. Ye, so many people, it is not good to be placed in the Qile Great World, and they can't eat. It is better to hand it to me. I will bring them all to the war zone and practice. "

Ye Fan is worried about how to settle those people, it's the best that Cao Bing can take away.

On this night, hundreds of tanks were like swimming dragons, dragging all the tiger camps to the Changning war zone.

the other side.

Xiao Shending escaped from the great world of Qile and returned to Ruyixuan, where he fell into a coma.

On the one hand, the injury was serious, and on the other hand, it was anger attacking.

Du Juan was so scared that he hurried to contact the Beijing Traditional Chinese Medicine Doctor, and the famous Chinese Medicine Doctor Yun Xian Gu arrived by a special plane and tried his best to treat Xiao Shending.

Yun Xiang, one of the nine major Chinese medicine practitioners in Beijing.

Good medical skills.

He is a disciple of the medical saint Loulanpo.

Among the three major medical sages, Hua Tuo has the most disciples, and five of the nine major Chinese medicine doctors are his disciples; then there is Po Loulan with three disciples.

As for the last medical sage, Shenlong seldom shows up when he sees the head but not the end; even Loulanpo and Hua Tuo, who are the same medical sage, don't know much about it.

Having said that, thanks to Aunt Yun Xian's efforts, at three o'clock in the morning, Xiao Shending finally woke up.

Opening his eyes, he roared resentfully: "I'm unwilling, unwilling!"

"Master, calm down and don't hurt your body." Du Juan exhorted.

Aunt Yunxian also comforted: "Young Master Xiao, calm down, your energy and blood attacked your heart. If I didn't come in time, the consequences would be disastrous. Please rest for a while and don't get angry."

"Chinese medicine, trouble you."

"It should be."

Xiao Shending calmed down his mind. He was born in the Xiao clan for the Third Young Master, and his thoughts were so deep. He sat up and finished the medicine.

He asked coldly: "Where are Uncle Zhong and Wang Teng?"

Dujuan's eyebrows were worried, and he reported: "Wang Teng has gone to find Uncle Zhong. Master, at that time Uncle Zhong was besieged by Xu Taishan and others, and let Wang Teng go first. After Wang Teng and I joined together, Uncle Zhong was not coming. Wang Teng went to find it."

"what!"

A trace of panic flashed in Xiao Shending's eyes.

Tonight's battle was lost, nothing. Although Xiao Shending was arrogant, he was not someone who could not afford to lose.

What can happen to Dianzhong is fatal.

Among the Xiao Clan, competition is fierce, and the younger generation of young masters will cultivate their own forces in order to fight for power.

Dianzhong is a master he has recruited. He has been following him for eight years and has cultivated his feelings.

Precisely because of Dianzhong, he ranks in the top of the many young masters of the Xiao Clan. Once Dianzhong is lost, his position in the family will drop sharply, and he will even be targeted by those brothers and sisters, and he will never recover.

"Find!"

Xiao Shending shouted.

"Send someone to find me with all my strength, and be sure to find my loyal uncle. Also, send all my strengths to Changning. If my loyal uncle dies in the great world of Qi Le, I will pierce the sky and ruin a city for loyalty. Uncle was buried."

"Hey."

Before Xiao Shending's voice fell, the door opened, and Wang Teng helped Dianzhong walk in.

"Master."

Dianzhong yelled, his face full of touch.

He could hear Xiao Shending's words clearly. With such a master, he died without regrets; he could think of the frustration tonight, and Dian Zhong felt ashamed for failing to stand up for Xiao Shending.

"Master, I am incompetent."

"Uncle Zhong, don't say that, you're all right..."

Before finishing speaking, Dianzhong couldn't hold it anymore, rolled his eyes and fainted.

Wang Teng said: "Uncle Zhong's injury is not minor, and he asked the Chinese doctor for quick treatment."

Aunt Yun Xian was here, Xiao Shending was not too worried, but the anger in his heart rose steadily, his fists were white and rattling.

Du Juan asked cautiously: "Master, do you still need to adjust the power?"

The power of the Xiao clan is so huge. As the third youngest of his clan, Xiao Shending has many battle camps, not just the Huben Camp and the Flying Eagles.

However, if those huge forces are mobilized, there will be a lot of movement. When the time comes, let alone Qingzhou, the capital may be concerned.

"Master, think twice." Wang Teng reminded.

"By the way, young master, when you were in a coma, there was an encrypted text message on your phone." Du Juan said.

Xiao Shending turned on the phone and read the encrypted text messages. His expression was very deep and solemn, even unbelievable.

Du Juan asked: "Is there a major event?"

"The capital is lively. Three months later, the two of the four great masters, Bailonghou and Beilianghou, are fighting on the top of the swagger mountain outside the capital!"

boom.

This news was undoubtedly caused by the thundering explosion, the shaking Du Juan and Wang Teng's body shaking.

Originally, Xiao Shending really wanted to mobilize all his strength to come to Changning, but when he knew the news, he was cautious.

Du Juan and Wang Teng looked at each other and said in unison; "Master, the two great masters are fighting for life and death. This is a big matter. During the critical period, we still don't make big moves to avoid burning our bodies."

"Um."

Xiao Shending nodded, his eyes gleaming cold.

"Just let Xu Taishan and the people behind him live a little longer. I will need to heal my injuries for a while. Du Juan, staring at the great world of Qi Le, will report any news at any time. Ding Group."

"Yes."

Chapter 183: isolated

Ye Fan stayed up all night.

Waiting for news, but there has been no movement.

Shi Liang, the guard leader of Shi Xingyu, was like an ant on a hot pot, rushing around in a hurry.

"How can this be good!"

"Mr. Ye, your guess is wrong, and there is no news."

"It's been one night. I missed the best time to investigate. Mr. Ye, you have to take the corresponding responsibility. I want the family to report it!"

Shi Liang took out his mobile phone.

But a black shadow flashed past, and the phone was taken away by Jianglong.

"What's the meaning!"

Shi Liang's face sank, and his breath became fierce.

Ye Fan said lightly: "Commander Shi, I am sorry that Xingyu has been arrested. I do have the responsibility and did not take care of it. The reason why I don't let you call is just because I don't want things to get messy."

"You report to the Shi Family, it is of little use. The Shi Family's power can't be used in Changning, it's not as good as my method."

Shi Liang gritted his teeth and urged: "Then you are looking for it!"

Ye Fan said: "Don't worry, as the leader of the personal guards, the psychological quality should be beyond the average, and don't mess around."

"Miss is gone, one night, you want me to calm down! Calm ass!" Shi Liang yelled.

"Quiet!"

Jiang Long glared.

Silky air-conditioning is like a sharp sword, piercing Shi Liang's body, like a bucket of cold water poured on Shi Liang's head, extinguishing the anxious flame in his heart.

Time passed, and it was noon in a blink of an eye.

Xu Taishan, Wuqi, Liu Zhen, and even Zhao Qingmei all rushed over, all shook their heads, indicating that they had used all their strength, and no clues were found.

Even Li Chungang, the director of the Public Security Department, took the shot.

No news was found.

Ye Fan thoughtfully, sneered: "It's interesting, we met a fun opponent. My instinct tells me that Xingyu will be fine. The kidnappers are just playing psychological warfare. When we are flustered, there will be negotiations. We can't stand it."

"Keep waiting."

Shi Liang frowned, he stopped talking.

Ye Fan asked, "How about Xiao Shending?"

"It's quiet, no movement."

"That's not okay." Ye Fan was dissatisfied. "He doesn't move and doesn't leave Changning. How can I follow the vine."

Jiang Long disdainfully said: "I really overestimated him. I thought he would disobey him and mobilize more power to kill him, but he didn't want to swallow his anger."

"How can he let him swallow his anger and continue to add fire."

Everyone looked at Ye Fan together.

Five minutes later, at Ye Fan's order, Zhao Qingmei, Xu Taishan, Liu Zhen, and Wuqi all started to act.

In just one day, Changning's business community was surging.

Hongxiu Group took the lead, and Xu Taishan, Wuqi, and Liu Zhen secretly assisted. Many businesses and families in the business community began to sever the cooperation of Juding Group.

After the incident was fermented for a day or two, Juding Group felt something was wrong after all, and it was under tremendous pressure.

It is equivalent to being isolated by the Changning business community!

"what happened."

In the president's office, Wang Teng listened to the secretary's report and was furious.

"The group's industry has shrunk by 30%, and many executives have started to leave their posts and have been hacked. If this continues, the group will lose more and more. President, you must think of a solution."

"Hongxiu Group, Zhao Qingmei!"

Wang Teng's eyes flickered.

He left the Juding Group, hurried to Ruyixuan, and told Xiao Shending face to face.

"You mean, the person behind Xu Taishan is Zhao Qingmei, the richest man in Changning!" Xiao Shending suspiciously.

"Master, it's very possible. After we finished the battle with Xu Taishan, Hongxiu Group immediately took the lead in targeting Juding Group. If there is no trick, I don't believe in killing it." Wang Teng vowed.

Du Juan said, "Master, do you want me to get Zhao Qingmei?"

Xiao Shending squinted and said coldly, "If Zhao Qingmei is the person behind Xu Taishan, with the means and abilities shown that night, can you catch her?"

"Uh." Cuckoo was speechless.

"Zhao Qingmei, very good. I've long wanted to see this young richest woman. Wang Teng, you send an invitation letter to Zhao Qingmei. Just say that on Sunday morning, I want to take a cruise with her on the Sophia cruise ship. Yangtze."

Last time, the cruise ship Elizabeth was bombed by Ye Fan. The new cruise ship is called Sophia.

At noon this day.

Zhao Qingmei took the letter and came to the world of Qi Le.

Hearing that Xiao Shending was about to meet Zhao Qingmei, the corner of Ye Fan's mouth twitched, "This guy, he's not running yet, he's brave enough to see you!"

"Brother Fan, do I want to go?"

"What kind of thing is he, I can see you if I want to see you!" Ye Fan disdainfully, pointing out: "If you want to see, you have to wait until the Juding Group is destroyed. Qingmei, go and contact Anran, and the Red Sleeve Group and the Mortal Group will join forces."

The mortal group founded by Ye Fan has been taken care of by his cousin Liu Anran.

At present, the three giants in the Changning business community are Hongxiu Group, Mortal Group and Juding Group.

Hong Xiu and the mortal teamed up together, and Xu Taishan and others followed the help and isolation of the giant tripod group, it was only a matter of time before it collapsed.

"Kang Dang."

Here is about to talk about plans against Juding Group, Dahu rushed in and shouted in surprise: "There is news, finally news."

Ye Fan suddenly got up.

I have grasped the letter in Dahu's hand, and there is only one sentence in it—

See you at the top of Dayan Mountain at three o'clock.

"Humph!"

Suddenly, the murderous aura spread out, making everyone in the office shiver and shiver.

Rao is Jianglong and sweats like rain.

Only he knew that even though Ye Fan looked calm on the surface in the past two days, he was worried to death in his heart.

"Dayan Mountain, it's great. Turn over to Jinhua. I immediately notify the family and mobilize the people." Shi Liang cried.

"No hurry, I'll go take a look first."

Ye Fan's words fell, and people had already rushed out of the office.

Everyone looked at each other. The letter said it was three o'clock in the afternoon, and it's only after 12 o'clock. It's too early to go to Dayan Mountain.

Art of War: Surprisingly win.

People say that three o'clock is three o'clock, and the usual way is not Ye Fan's style.

He drove up at a speed and arrived at Dayan Mountain only half past one.

The man in black laughed and said, "Therefore, that kid has only one way to hand over the sheepskin scroll."

"Yes?"

Suddenly, a cold and murderous voice enveloped the mountain, and the cold breath seemed to freeze the audience.

The five were horrified.

Ye Fan walked out step by step, and said blankly: "I think there is another choice, that is... kill you all!"

Chapter 184: Emperor Mausoleum

On the top of the mountain, the man in black was dumbfounded.

Didn't it mean three o'clock in the afternoon? How come it's less than two o'clock now, this... this is so special that you don't play cards according to the routine!

Swish.

After a brief shock, the five people dispersed.

The two flashed to the side of the big tree, holding Shi Xingyu, and the other three, staring at Ye Fan, waited for the opportunity.

"I'm here, what's the purpose, let's talk about it."

Ye Fanyun was light and breezy.

Upon seeing this, the man in black looked very gloomy, and said coldly: "You have a very good psychological quality. I thought it would drag you for two days and make you flustered. Now it seems that we underestimated you."

"What then?" Ye Fan raised his mouth and looked at the man in black with interest.

"Since we meet, then I won't be oblivious. Master Qibao, I came to you just for the parchment scroll in your hand."

Master Qibao!

Ye Fan was stunned, and then remembered that this was the name of his gambling guild.

"You are from the gambling union?"

"These have nothing to do with you."

"The treasure map on the parchment scroll, can you really find the treasure?"

Ye Fan became more interested.

The black-clothed boss hummed, "Ye Qibao, don't delay the time by talking nonsense, and immediately hand over the sheepskin rolls."

"I won't pay it?"

"Then don't blame us for being cruel."

The black boss waved.

On the other side of the tree, the two short knives were crossed on Shi Xingyu's neck. At this moment, Shi Xingyu's face was bloodless and his eyes were full of tears.

Ye Fan glanced at it and said slowly; "The energy of the Jinhua Shi Family is great, and you are also very jealous, so I want to ask, do you really dare to start with Shi Xingyu."

"The value of the sheepskin roll is huge, even if you are an enemy of the Shi family! Don't challenge our patience, and don't think you can take us. I know you are strong, but you can deal with us at the same time. Five people?"

The black boss is confident.

"Handing over the sheepskin rolls obediently is your best choice."

Ye Fan pondered.

Being able to silently take Shi Xingyu away from the villa room shows that these five people are not weak; moreover, with such a long distance, Ye Fan cannot save Shi Xingyu by himself, it is too late.

And picking leaves hurts people, and it takes time.

Ye Fan was stared to death, and he moved with one hand, and it was inevitable that Shi Xingyu would not be harmed.

"I didn't take the sheepskin roll with me."

"Um?"

Ye Fan spread out his hand and said innocently: "You can't blame me. Your letter only stated that I would come over at three o'clock, and you didn't let me bring the parchment roll."

"Idiot, such an important thing, you don't carry it with you!" The old man in black was desperate.

"Who knows if the treasure map is real, I almost used it to wipe my butt."

The old man in black panted like an ox, and said angrily: "A violent thing, a **** thing, actually wanting to wipe his **** with the emperor mausoleum picture, you are blaspheming the emperor's prestige, and your sin is to blame."

"The map of the emperor's tomb?"

Ye Fan was startled, his eyes bursting brightly, "Could it be that is the map of the ancient emperor's tomb? Which dynasty's emperor is it?"

The black-clothed old man's atmosphere became fierce and cold, and he said word by word: "It's okay to tell you. It is indeed a map of the emperor's tomb, but the emperor of which dynasty is still uncertain. There are a few guesses, but I will not tell you. I can only tell you. It is said that once it comes true, it will definitely be a sensational event across the country."

"The parchment roll was obtained by cutting the stone. It stands to reason that no one has touched it. How can you be sure that it is the picture of the imperial mausoleum?"

"What do you know!"

The black boss snorted.

Later, he explained: "It was not a distant ancient seal in the original stone, but a recent seal."

"Can you tell me more about it?"

"One year ago, a tomb robber organization in Zhongzhou stole a tomb. The sheepskin scroll was found in it. After many researches, it was a picture of the emperor's tomb. However, the tomb robbery organization was targeted by many big forces and was hunted down. Escape III Months, seven or eighty-eight deaths and injuries. Six months ago, the last member of the organization was also hunted down to death. Before his death, it was revealed that the sheepskin scroll had been sealed in the original stone."

"The investigations by all major forces in Zhongzhou have found nothing. And we, through a secret channel, learned that the rough stone that sealed the sheepskin scroll is likely to be in Qingzhou."

"We stayed in Qingzhou for four or five months, and finally, you cut out the sheepskin roll. There is no doubt that it is the picture of the Emperor's Mausoleum!"

"Now, do you understand?"

Ye Fan was surprised. He didn't expect such a dispute.

The big forces in Zhongzhou have even mixed in.

Daxia Kyushu has an incomparably vast territory. Among them, the most expansive is Zhongzhou, Daxia Central, and even the center of the world's continent.

How big is Zhongzhou?

One hundred and eight cities, all star arches are general, setting off the central capital.

But this is only the land occupied by the city, more places are lofty mountains, and the natural scenery occupies two-thirds of the area.

Zhongzhou is easy to defend and hard to attack.

That is the richest place in Daxia and even the world.

Crouching Tiger, Hidden Dragon in Zhongzhou, the forces are even more complicated, with countless large and small. A force like Xu Taishan is close to the overlord of the rivers and lakes in Changning, but it is just a small one in Zhongzhou.

Since all the major forces in Zhongzhou participated in the looting, the sheepskin scroll is a map of the imperial tomb, which is worthy of belief!

"Thank you for telling me so much."

Ye Fan smiled, then a hint of sly flashed in his eyes, and said: "Then, I also tell you a piece of news, that is..."

"The sheepskin roll, on me."

With that, Ye Fan escaped from his arms.

Unexpectedly, the people in black did not have much mood swings.

The black-clothed boss sneered: "You thought it was what I said, but in fact you fell into a trap. We are just delaying time. Take a good look around you."

"Um?"

Ye Fan glanced, couldn't help but feel shocked.

In the jungle, the ferocious aura of wild beasts exuded in all directions.

On the left and right sides are two packs of wolves.

Behind is a tiger, and in front is a black bear.

Look again.

Under the big tree, the two men in black who had held Shi Xingyu in the first place, one was left at this moment, and the other left quietly without knowing when.

Good guys.

Rao was Ye Fan, and he had to admire it.

Even he didn't notice, it was obvious that the whereabouts of the man in black had reached the extreme; then, he could drive wild beasts.

These methods are too extraordinary.

"Zhongzhou Yu Beast Gate."

A name appeared in Ye Fan's mind, and he suddenly understood, "You are the ones who control the Beast Gate!"

The black-clothed boss was slightly frightened and hummed: "I didn't expect you to have some knowledge. Indeed, we are the people who control the Beast Gate. You should know the power and mystery of the Beast Gate. Therefore, hand over the sheepskin scroll and I will let you and Shi Xingyu leave."

The gate of controlling the beast is indeed a big force in Zhongzhou, and it is extremely mysterious.

The headquarters of the mountain gate is hidden under the mountains, except for the disciples in the gate, almost unknown to outsiders.

Because it can drive wild beasts, in the mountains and forests, the gate of the beast control is almost invincible.

The disciple in the gate of the beast control is called the master of the beast control.

Ye Fan knows the master of beast control very well, because there is one person in the world list who has the ability to control beasts and is respected as the master of beast control.

Ye Fan knew that person, and he was a little affectionate.

"Do you think that these wild beasts can deal with me?" Ye Fan didn't panic, just a few wolves, tigers and leopards, nothing.

It can be killed at the touch of a finger.

The black-clothed boss sneered, "You don't feel ashamed, since you don't want to hand over the sheepskin scrolls, then we can only take it for ourselves. Hey, kill!"

Chapter 185: Beastmaster

The black-clothed boss had an extra bell in his hand, and it shook, and the crisp and straight-to-heart bell rang out.

Suddenly, the wolves, tigers and leopards from front to back left a commotion.

"Baby obey the order, kill!"

Following the black-clothed boss's cry, the quartet wild beasts roared and culled, covering the sky and the sun for a while.

Changing to another person, I was afraid that it was not scared to piss, but Ye Fan didn't take it seriously, he stomped his feet suddenly, shaking up rubbles.

Then with a big hand, the gravel burst out.

Puff puff.

In the blink of an eye, it pierced through the body of the front row of beasts, blood staining the sky.

"Wow!"

"Roar!"

Although jackals, tigers and leopards do not have much wisdom, any animal has instincts. Ye Fan instantly killed dozens of beasts, blood flowed into a river, how could he not be shocked!

The man in black was shocked.

The boss narrowed his eyes, the bell in his hand shook non-stop, and once again gave orders: "Kill, kill, kill."

"Stubborn!"

Ye Fan snorted coldly.

He moved, lightning-like, fluent, and every time he shot, he exploded the head of a beast.

Puff puff.

The corpses of wild beasts kept falling, the earth was stained red with blood, and the air was filled with thick blood.

"Damn, how strong this person is."

"What about Big Brother."

The black-clothed boss said with a sullen face, and said coldly: "The sheepskin roll must be obtained, and there is no room for loss. Moreover, if you want to fight quickly, it will actually change."

"The third child!"

"clear."

The third-ranked man in black knowingly took out a box from his backpack with three silver needles in it.

At the right time, Ye Fan was killing him.

"Wow."

The wolf king was hit and wailed.

At this moment, the jackals, tigers and leopards gradually stopped, looking at Ye Fan's eyes, humanely showing fear, and they all lowered their bodies and slowly retreated.

Ye Fan quickly figured it out.

There are two ways to control the beast.

The first is the gentle control of the beast, but it is extremely time-consuming. It requires people and animals to get along with each other, enhance their relationship through domestication, and get the approval of wild beasts.

The second is the forced control of the beast.

The Beast Yumen has a unique stunt, producing a kind of spice. After the beast smells it, it will be paralyzed for a short time. At this time, using the "Wandering Bell" will have the effect of forcibly driving.

The man in black who disappeared is going to release the spice.

However, this forced control of the beast has a time limit, and when the aroma disappears, the beast will no longer follow the order.

But Ye Fan's aggressive killings caused the air to be full of **** smells, covering up most of the unique fragrance.

As a result, these beasts began to wake up slightly, instinctively resisting the drive of the ecstasy bell, and gradually withdrew.

"not good!"

The black boss also noticed something wrong and shouted: "Fifth, optimistic about Shi Xingyu, second, fourth, let's go."

"Huh!"

Two men in black killed Ye Fan. In addition, one person swooped over in the jungle, the one who had just disappeared.

The three besieged and killed, and they shot hard.

Ye Fan's eyes were full of contempt, and he said with disdain: "Jumping the beams, clowns, tricks, and dare to be presumptuous in front of the deity. Even if your master of the beast gate is here, you have to honestly serve me, what are you? !"

"you wanna die."

"It's you who are looking for death!"

Ye Fan shouted thunderously, shot two stones in his hand, and then slammed in front of the black-clothed boss with a palm of his head.

This momentum is too majestic.

In the eyes of the black-clothed boss, Ye Fan at this moment is simply a majestic mountain, the **** of the nine heavens, suppressed by panic and vast, unable to stand against him.

"Shoo, hoo."

In the moment, Han Mang passed by.

Three silver needles pierced Ye Fan's palm. Ye Fan suffered from pain and withdrew back.

"Hahaha."

The old three who have been waiting for the opportunity to laugh, "Success, you have been poisoned, and there is no antidote, you will undoubtedly die."

"The third child, good job."

The black boss breathed a sigh of relief.

"Ye Qibao, these three poisonous needles were given to me by the master of the sect. They were created by the Poison King himself. They contained monstrous poison, and the middle of them was bound to die. Even the Doctor Sage of Great Xia would be helpless."

"However, you still have a silver lining."

"That is, hand the sheepskin scroll to me, and I will return to Zhongzhou to report to the sect master. As long as my sect master is happy and speaks to the poison king, the antidote can be obtained."

Ye Fan looked at the three needle eyes in the palm of his hand and frowned, but in a flash, he took out the three silver needles.

The black-clothed boss' eyes flickered, startled, and then sneered: "It's useless, the poison has penetrated into the body, and it's useless to take out the silver needle."

"Interesting, this poison is very powerful."

Ye Fan could feel the change in the palm of his hand. In less than a minute, his entire arm felt a little numb, but that was all.

You know, he is invincible.

Before, the Heitian Killer Organization ranked 18th on the gold list, and the killer poison mother-in-law, poisonous technique wrapped Ye Fan, but it was impossible.

However, Ye Fan was not in a hurry to expose. He pretended to be poisoned, frowned and said hoarsely: "Poison King, why have I never heard of it? How can I believe you have the antidote?"

"The frog at the bottom of the well."

The black boss showed contempt.

"The Poison King is the Sovereign of the Poison Sect in Zhongzhou, and is as famous as the master of the Beast King. Changning is too small, and Zhongzhou is so vast. There are countless large and small forces, organizations, and sects. The most famous is the 72 Sect. ."

"The Poison Sect and the Beast Controlling Sect belong to the 72 sects. Of course, you don't know and understand. After all, subject to state constraints, the 72 sects rarely show up. Ordinary people don't know it, only the upper class. It's clear."

Ye Fan thoughtfully.

He had heard about 72 cases, but he didn't pay much attention.

Although Ye Fan is in charge of the Tianzun Temple and his influence is all over the world, he only set up branches in Daxia and didn't dig too much.

This is respect for the motherland!

In addition, there are indeed Crouching Tigers, Hidden Dragons in Zhongzhou. There are several headquarters in Tianzun Hall, and there is a headquarters in Daxia Capital. The person in charge is Xing Tian.

Xing Tian once told him that the water in Zhongzhou was too deep.

Xing Tian also stayed in Zhongzhou for several years. Half of Zhongzhou has not been able to figure it out. It is conceivable that Daxia Zhongzhou has a profound background.

Daxia has too many secrets.

In the world, the only ancient country with a 5,000-year heritage and continuous civilization is not comparable to those of the upstarts in the West.

"The Poison King and my sect master are good friends. As long as you offer the sheepskin rolls, my sect master will definitely be pleased and will definitely come for you an antidote."

Seeing Ye Fan's silence, the black boss thought Ye Fan was considering, so he spoke again.

Ye Fan sneered and said: "So, I should personally give the sheepskin roll to the Beastmaster. It is useless to give it to you. You pat your **** and leave, who I will go to."

Ye Fan shook his head and took Shi Xingyu without turning his head back down the mountain.

The man in black looked dumbfounded.

"Hmph, it's still arrogant, but it's just a fate. We will follow him, and within three to five minutes, we will definitely get down."

At this time, Ye Fan was also thinking.

Do you want to kill these five people?

It's not good to kill innocent people indiscriminately. Ye Fan is not a demon, but letting them go back like this will undoubtedly bring the tiger back to the mountain, and there will definitely be a steady stream of trouble behind.

Suddenly, Ye Fan stopped.

The man in black behind laughed loudly, "Boy, can't hold it anymore."

"Brother Fan."

Shi Xingyu brought Pear Flower, holding Ye Fan's arm.

Ye Fan smiled and said: "Go back, Shi Liang couldn't sleep at night for these two days, and he was almost scared to death."

Um?

Why didn't it fall?

The man in black couldn't understand.

Preparing to continue following Ye Fan, suddenly a fierce and violent aura came from the side, accompanied by a loud dragon chant.

Bang!

I saw a big tree cut off.

The sturdy trunk shook up, and after hitting rows of small trees, it fell from the sky and slashed at the five people.

"Who!"

The man in black was shocked.

Jiang Long's eyes were brilliant, he waved the giant tree, and laughed wildly: "See clearly, it's your ancestor, lie down for me!"

Chapter 186: The plan to bust!

"court death!"

Humiliated by Jiang Long, the five men in black raged into the sky.

The two sides fought a little bit, and couldn't take Jianglong for a long time, but was injured by Jianglong, and they were all shocked.

The black boss is very aggrieved.

If he couldn't beat Ye Qibao, another guy suddenly appeared, who was so fierce, and his combat power was simply messed up.

"Brother, it's too cruel, this guy is afraid that he can compare with the young leader Xiaowu Wang of the Martial God Temple."

"How to do?"

"withdraw!"

The black boss was extremely unwilling, and a word popped out between his teeth.

When Jiang Long heard this, the big wings Jinpeng generally culled in the past, and sneered: "I want to escape in my hands, so I don't think it too much."

"Huh, we want to go, no one can keep it."

The five scattered and fled.

Jiang Long didn't panic, staring at the black boss.

"Children, kill!"

The bell in the hands of the black boss swayed, summoning many wolves and tigers.

Although Jiang Long was not afraid, these beasts were very in the way; after a little delay, the black-clothed boss fled away.

"Offend me to control the beast gate, just wait for endless trouble!"

"Ye Qibao has been poisoned, he will undoubtedly die."

"As for the sheepskin scrolls, haha, the picture of the emperor's tomb is incomplete, and half of it is in the hands of my family master. If you can't find the treasure, in the future, my family master will come in person and take away the sheepskin scroll!"

...

At the foot of Dayan Mountain.

Ye Fan and Shi Xingyu got in the car.

Twenty minutes later, Jiang Long also came, sweating profusely.

"Not taken?"

"There are two things. Although they are far from my opponents, their escape skills are top-notch, plus some beasts harass them and let them run away." Jiang Long was a little embarrassed.

Ye Fan sighed, "It seems that there must be a lot of trouble in the future."

Before Ye Fan left Qile Great World, Jiang Long also followed, but it was much slower than Ye Fan's speed.

Jiang Long didn't know the conversation between Ye Fan and the man in black, and asked at this time:

"Brother Fan, who are they?"

"The disciple of the Beast Yumen in Zhongzhou asked for my sheepskin scroll, which is a picture of the imperial mausoleum." Ye Fan said.

Jiang Long was not surprised.

The picture of the emperor's tomb is nothing more than an ancient emperor's tomb.

"When the man in black ran away, he said that the picture of the emperor's tomb is incomplete, and half of it is in the hands of the master of the beast control gate."

Ye Fan nodded.

The sheepskin roll was incomplete, and he could see it as early as the stone was cut that night.

"The picture of the emperor's tomb is not simple, it must hide important secrets, otherwise it would be impossible to provoke disputes among the major forces in Central Prefecture."

"Brother Fan, do you want to go to Zhongzhou to find Yu Beast Gate and get the other half of the Emperor's Mausoleum?" Jiang Long asked.

Ye Fan did not respond, but said to himself:

"The method of controlling the beasts, there are some people abroad, but they are slowly cultivating feelings, and then driving. I did not expect our Daxia to control the beasts to be so magical and exquisite that it can be forced to drive. Since the gate of the beast control is in Zhongzhou, you have to contact the old man Xing, let him check."

Jiang Long drove the car.

Ye Fan and Xing Tian talked on the phone, and then Xing Tian compiled the information he had inquired about in Zhongzhou over the years into data and sent it to Ye Fan.

"The Gate of Controlling the Beast, the 72nd Sect ranked 48th..."

"Poison Sect, 72 Sect ranked 36th..."

"..."

"Seventy-two cases, ranking first: the temple of warriors!"

Ye Fan shook, his eyes flashing.

"Wu, God, Dian, what a domineering name!"

"Brother Fan, do you want to see Wushen Temple?" Jiang Long smiled. He and Ye Fan have fought side by side for many years. They are brothers and know Ye Fan very well.

Ye Fan smiled and said nothing.

Flipping through the electronic materials, his heart was ready to move.

The lord of the Tianzun Temple and the number one in the sky list, Ye Fan is already a figure standing on the top of the world, and he knows all the forces in overseas countries.

However, the 72 cases in Zhongzhou, Daxia, have never been contacted.

For Ye Fan, novelty is the most exciting.

As a result, the already silent desire to conquer in the depths of my heart has once again opened up its signs, and it seems to be awakened.

"Seventy-two sects, there will definitely be contact in the future. Martial God Temple, I also want to look at it. The number one big sect, I don't know which is stronger and weaker than my Tianzun Temple!"

"Brother Fan, that must be our Tianzun Hall."

Jiang Long is proud and confident.

"The Temple of Martial Arts, I heard the name should be a person who practiced martial arts, but unfortunately, the martial artist is a warrior after all, not a god. Under the machine gun shell, no matter how strong the ability is, we will die. Lion; There are also branches all over the world, with countless disciples and many high-tech weapons."

"Don't talk about a martial arts temple, even if the total of 72 sects are combined, it can be wiped out cleanly. Even the mountain tops are flattened by him!"

After Jiang Long finished speaking, he was suddenly startled, and looked back, Shi Xingyu fell asleep because of excessive shock.

Ye Fan said, "You're right. In front of the thermal weapons, everything is a cloud. The 72 sects are powerful, with various methods, and they are still suppressed in Zhongzhou by the Great Xia War Department. Even when they are born, they are careful not to dare to be presumptuous."

This is the age of science and technology, and no matter how strong an individual's combat power is, it will not be able to break through the limit.

Ye Fan was full of emotion.

He continued to read, and suddenly his eyelids jumped wildly.

"Huh? Three months later, the North Desolate North Liang Hou, and the Dongtu Bailong Hou, swayed a life-and-death battle on the top of the mountain outside the capital."

This is a separate message added by Xing Tian at the end.

"Yes?"

Jiang Long looked sideways.

Seeing that Ye Fan's face was extremely deep, Jiang Long asked suspiciously: "Brother Fan, what's wrong?"

"You got it right, I really want to go to Zhongzhou."

Ye Fan looked out the window and his voice was as cold as frost.

Jiang Long noticed that it was unusual.

"Because Bailonghou and Beilianghou are fighting for life?"

"Um."

Ye Fan closed his eyes.

In my mind, a figure emerged——

That was a little girl, very heroic, dressed as a tomboy, and still a combative...

gradually.

The shadow of the little girl disappeared, and a figure of a big girl appeared in Ye Fan's mind. She was heroic, full of aura, and not angry with herself.

Sixth sister, Tang Ying.

In Ye Fan's memory, there was only the scene of a quarrel with Tang Ying when he was a child; the big girl who came to mind behind was the photo of Tang Ying shown to him by Meng Qingyi.

When he first returned to Changning, Ye Fan asked Zhao Qingmei to check it.

The sixth sister, Tang Ying, joined the army. In the army, he was a giant. Yes, he was the lion's lion who ruled the eastern frontier.

However, only a few people like Ye Fan knew Tang Ying's name. Externally, Tang Ying's name was Linglong.

Bailonghou, Linglong.

Meng Qingyi and the others didn't know this secret, and Ye Fan didn't say it.

"Six sisters and Beiliang Hou are fighting for life?"

Ye Fan murmured.

Regardless of the reason, Tang Ying can't make a mistake. He must go there, even if he intervenes in the battle of life and death at that time, even if it arouses the dissatisfaction of Da Xia, he will not hesitate!

Back to the great world of Qi Le.

Seeing that Shi Xingyu was safe and sound, Shi Liang sent his tight heartstrings down and fainted. He was under too much pressure in the past two days.

In order to avoid unnecessary trouble, Ye Fan asked Shi Liang to take Shi Xingyu back to Jinhua to avoid being caught again. After all, the five people who controlled the beast gate were still there.

There is nothing wrong with the great world of Qi Le.

The team led by Tong Di is still conquering the technology code.

Ye Fan came to Ping An Group.

"mom."

"Xiao Fan, your kid still knows that there is a mom like me. I don't even have a phone call if I don't come to see me these days."

An Miaoyi was very happy to see Ye Fan's arrival, and said complaining.

Ye Fan said awkwardly: "It's been very busy these days."

"Busy picking up girls?"

"Where is it."

An Miaoyi said, "You are not young anymore. It's time to marry a daughter-in-law and give birth to a baby earlier. In this way, your parents can rest in peace in the spirit of heaven. I can also hold my grandchildren.

Ye Fan was big for a while.

Parents all over the world dare to love the same, the grandmaster can not escape the marriage reminder.

"Mom, I'm only twenty-one. I'm young, it's still early." Ye Fan sat down and turned around, "I'm looking for you because of the Juding Group."

An Miaoyi also got serious and said in deep thought, "These days, the Red Sleeve Group has taken the lead in targeting the Juding Group. This is your order. The Mortal Group has also acted. Do you want the Ping An Group to join as well?"

An Miaoyi knew Ye Fan's identity.

"Xiao Shending is the key to the destruction of my Ye family. This guy can't be caught. I'm afraid that the coercive method will backfire; I don't want to be stunned. I have been fighting with him all this time."

"He has been staying in Changning, and it has no effect on my investigation. Therefore, I want to defeat the Juding Group as soon as possible and force Xiao Shending to leave Changning, and I follow the vines."

"Okay!" An Miaoyi clapped his hands, "There is nothing wrong with this idea. However, although the Juding Group has received a blow before, it is still a Big Mac. It is not easy to defeat it."

"Three months."

Ye Fan stretched out three fingers and asked solemnly: "Mom, within three months, can you defeat the Juding Group?"

An Miaoyi was stunned, thought for a moment, and responded: "The three major groups of Hongxiu, Mortal, and Ping An can mobilize 70 to 80% of the Changning business community. There is no problem in defeating the Juding Group in three months. If it goes well, it may only need one. moon."

"Okay, then one month."

An Miaoyi: "..."

Seeing An Miaoyi stunned, Ye Fan asked innocently: "What's the matter, don't you just say one month is fine."

"I'm really not polite at all." An Miaoyi gave a white glance. "Call Zhao Qingmei and Liu Anran over. I will discuss plans with them."

Not long after, the two women arrived.

The three female giants of the Changning business community are conspiring. Xiao Shending didn't know that the "disruption plan" aimed at the Juding Group was being conceived.

In fact.

At this moment, Xiao Shending was not in the mood to leave the Juding Group.

Ruyixuan welcomes two guests.

A middle-aged man, with a strong breath and a strong body, has a strong momentum just like that, just like Dianzhong.

Obviously the bodyguard entourage.

Beside the middle-aged man, there was a man with a magnificent power.

The man wore a white dress with sword and eyebrows. He was very handsome and had extraordinary temperament. There was arrogance flowing between his eyebrows, and his eyes were full of deep waves.

"Sixth, what are you doing here!"

Xiao Shending looked at the white-clothed man with a grim expression, very repulsive, but fear shone deep in his eyes.

"Third brother, of course I came to Xingshi to inquire about the crime."

There was a meaningful smile on the man's face, mixed with cold air, which made Xiao Shending's hair cool.

His name is Xiao Shenzhou, the sixth young master of the Xiao clan.

Chapter 187: Xiao Shenzhou

"Master Xing asks sin!"

Xiao Shending's face was particularly gloomy.

"What's wrong with me! Sixth, get out of here quickly, and if you dare to talk nonsense, don't blame my family law."

"Brother, I came by the order of the family, so don't pretend." Xiao Shenzhou sat down and poured himself a cup of tea.

While playing with the teacup, he said with a strange smile: "A few days ago, you mobilized the Flying Eagles and the Tiger Camp but suffered heavy losses. Isn't this a crime!"

Xiao Shending coldly snorted: "Flying Eagles and Huben Camp are my subordinate forces. Even if the losses are heavy, it is my own business and has nothing to do with my family."

"No, no, no."

Xiao Shenzhou stretched out his finger and shook it.

"The family supports each of us in cultivating our own forces, but the resources are given by the family. Therefore, even if we are under our respective staff, there is also the family's hard work. You have lost so much, and the Huben camp has almost been wiped out. It is a shame to the extreme. Family elders After discussion, arrange for me to come..."

Speaking of this, Xiao Shenzhou stopped.

Seeing Xiao Shending's livid expression, he was very relaxed.

Among the Xiao Clan, many children competed, Xiao Shending was one of the outstanding ones, and it was a good thing for him to be able to suppress Xiao Shending.

Moreover, with this defeat, Xiao Shending's prestige in the clan has also decreased a lot, and supporters have dispersed a little.

"What will the elders let you do?"

"Third brother, you are no longer suitable to stay here, you should go back to the family to rest. Here, leave it to me."

"here you are?"

Xiao Shending was startled and furious.

This was originally his mission, what reason was that Xiao Shenzhou robbed him of it. Back in the clan, wouldn't it be necessary to be laughed at by brothers and sisters!

"Why, third brother, are you unwilling?"

"Sixth, don't tell me these useless things. The elders will transfer me away from Changning and ask them to send me a message directly. Who do you think you are, actually call me!"

Bang bang bang.

Unexpectedly, Xiao Shenzhou was not angry. Instead, he clapped his hands and laughed: "As expected, my third brother is so domineering. Well, if you listen, then I have nothing wrong. I hope that you will treat the elders in the future, all the consequences, You do it yourself."

"Uncle Qing, let's go."

Looking at the backs of Xiao Shenzhou and Pei Qing, Xiao Shending's eyes were cracked, his anger attacked his heart, and a mouthful of blood came out.

Du Juan was frightened, and comforted: "Young Master calms down, Young Master Six is obviously here to **** you off, don't fall into the trap."

"Sixth, **** guy!"

Xiao Shending gritted his teeth.

"The sixth person comes to Changning. He will not leave easily. He must have a plan. You must keep an eye on him and report all his movements at any time."

"I see."

And outside the Ruyixuan.

"Master, the third young master is probably half to death. You are too thief." Pei Qing laughed loudly. Like Dian Zhong, he was a great master recruited by Xiao Shenzhou, with the strength of the top rank, and had followed Xiao Shenzhou for five years.

"It's really useless. The Huben camp and the Flying Eagle team were dispatched together, and they were completely defeated. It's the shame of our clan."

Xiao Shenzhou was full of contempt.

Pei Qing said: "Master, this also shows that this small place in Changning is a bit interesting. Xiao Shending has always been meticulous and has suffered a big loss."

"It's really fun, so we don't have to leave in a hurry."

"Master, do you want it?"

Xiao Shenzhou got on the car and said, "First find a place to rest, then learn about the situation in Changning, and finally...I really want to see Ye Fan."

Pei Qing was shocked and nodded: "Master, I will make arrangements as soon as possible."

...

Mingyue Manor.

In the open-air pavilion in the garden, two sheepskin rolls were placed in front of Ye Fan.

Yes, they are two!

One is a picture of the imperial mausoleum cut out of the stone.

And the other one, this is the thing in the trap box obtained in the Xiao family treasure house.

That day in Dayan Mountain, Xiao Shending opened the Xiao family treasury and gained a lot of wealth. The most important thing was the organ box. Later, Ye Fan, Jiang Long, and Xu Taishan made the move.

The box fell into Ye Fan's hands.

Open it, and inside is this parchment roll.

now.

Ye Fan placed the two sheepskin rolls together, and was surprised to find that they... perfectly overlapped.

"Brother Fan, it's really unexpected." Jiang Long was also surprised.

"It turns out that this sheepskin scroll from the Xiao Family Treasure House is part of the map of the Emperor's Mausoleum, and it is the most important middle part."

Ye Fan sighed.

Jiang Long said: "The disciple of the Beast Controlling Sect said that there are two copies of the picture of the Emperor's Tomb, which is also nonsense. It should be three copies. Brother Fan, you have already got two copies. Done."

"I feel more and more that this map of the emperor's mausoleum contains great secrets. The most important thing for Xiao Shending to open the Xiao family treasury is for the sheepskin scroll in the organ box. For this reason, he will not hesitate to mobilize large troops to enter the strange Le big world."

"What is behind this!"

Ye Fan's curiosity was thoroughly aroused.

Jiang Long smiled and said: "It's easy. Three months later, Brother Fan, you are going to the capital to watch the life and death battle of Lord Hou. Then, by the time, go to Yu Beast Gate and get the last copy to form a complete map. I will accompany you. Adventure."

"Let's talk about it then."

Ye Fan put away the sheepskin roll.

After checking the time, he drove to the Sifan Medical Center and drove Su Muyu to Yuan's house.

At the beach party that day, Yuan Yang said that he hoped they would go to Yuan's house the next day and show him to Yuan.

Until now.

Today, when he and Su Muyu are here, the Yuan family can be said to be a big fan, and the courtesy and manners are extremely thoughtful.

Moreover, entering the house, they saw the two kneeling in the yard.

One old and one young.

It was Xu Zhenglong, Xu Guang and his son.

"Mr. Ye!"

Seeing Ye Fan, the father and son squatted their heads and said in panic: "I beg you to forgive us, forgive the Xu family, and Mr. Wang Haihan."

Yuan Changlong, the head of the Yuan family, explained: "The Xu family's father and son provoke Mr. Yuan, so they can't get along with my Yuan family. They were kneeling here two days ago."

Ye Fan suddenly realized, it's no wonder the father and son are thin on both sides.

It seems that I haven't eaten or drink for two days.

Seeing this, Su Muyu said pityingly: "Xiao Fan, I think it's forgotten, I have to forgive others and forgive others. They should know that they are wrong."

"Yes, yes, we know we were wrong."

Father and son are crawling on the ground.

Ye Fan waved his hand: "Stop this matter, I hope you will do more good deeds in the future."

"Thank you, Mr. magnanimous."

The father and son both stumbled and fled as if they were forgiven.

This is just an episode, no one cares.

Yuan Changlong led Ye Fan and Su Muyu to the backyard. The old man Yuan Jianghe was doing Tai Chi.

Collect work in a timely manner.

Coming over, clasped his fists: "Mr. Ye, Master Su, it's been a long time since I saw you."

"How is the old man's body?"

"It's definitely better than before, but recently I have had a little more than enough energy. I also hope that Mr. Ye and Master Su will come back for me. My Yuan family must have a big thank you."

"Healing people is my duty as a doctor. I don't have to say anything to thank you. Sit down and I will show you."

Su Muyu was generous, her words and deeds were very dignified and elegant, and his morals were noble, which made some of the Yuan family's children embarrassed.

Yuan Yang was full of admiration.

However, thinking of Ye Fan's identity... the teacher of the medical saint Huatuo, Su Muyu is also rising. Although he is the young master of the Yuan family, he is not worthy of a strange woman like Su Muyu.

Having said that, Yuan Yang still hopes to have a good relationship with Ye Fan.

When Su Muyu was treating the old man, he came to Ye Fan and asked in a low voice: "Ye Shi, I wonder if you are interested in the tomb?"

Chapter 188: Looking for the skin with the tiger

"The tomb?"

Ye Fan's face was puzzled.

Yuan Yang took Ye Fan to the corner and explained: "That's it. A few friends and I discovered a tomb by chance. It is suspected to be the tomb of a prince and minister of the Han Dynasty. There must be a lot of weird and fun. baby."

"Where?"

"It's in our Qingzhou province, but not in Changning. It's in the misty mountains." Yuan Yang said.

Ye Fan said: "I have heard about the Great Misty Mountain Range, which is three hundred miles northwest of the provincial capital of Qingzhou. It is named after being shrouded in heavy fog all year round. It covers a very large area and there are virgin forests in the depths."

"Yes."

Yuan Yang nodded and asked, "Sir, are you interested? I will tell you this secret. You must have a copy of the treasure found in the tomb."

Ye Fan snorted and said coldly: "I still don't see your careful thoughts. It's nothing more than my superb medical skills. And the misty mountains are full of dangers. The most terrifying is the poisonous insects. Sometimes I don't know how to die. Dead. With me, you can save your life without fear of poisonous insects. That's right."

Yuan Yang blushed and smiled: "Sure enough, I can't hide anything from you, sir, but sir, I promise you 60% of the treasure in the tomb, 30% of me, and the remaining 10% to my friends."

"The Misty Mountains are too big. To search for a tomb thousands of years ago is like looking for a needle in a haystack." Ye Fan shook his head.

"Sir, this is wrong. The approximate location has been determined, and the Great Misty Mountains have never changed, so they are easy to find. The reason why I dare not rush to hunt for treasure is because I am worried about the pervasive poisonous insects in the mountains."

Ye Fan's eyes turned, and there was a plan in his heart.

He said: "It's okay for me to travel together, but not now. Wait three more months."

"Wait for three months?"

"Everything is up to me. Three months later, I will take you to the treasure hunt."

Yuan Yang was not in a hurry, and said with a smile: "Okay, if you have a husband with you, you will definitely be able to go straight to Huanglong and get the treasure."

Later, Yuan Yang told Yuan Changlong and other key figures in the Yuan family about the news.

The reason why Ye Fan agreed to Yuan Yang was actually to cheat others.

Of course, the Yuan family was not the one who pitted it.

In a few months, Ye Fan went to the central capital to get the map of the imperial mausoleum in the hands of the master of the beast control gate, and he would definitely get the attention of many forces.

At that time, the tombs in the Great Misty Mountains will be used as bait to attract many great forces.

Xiao Shending and the family behind him will definitely show up. When that happens, Ye Fan will be able to find out everything in one fell swoop.

Ye Fan already had a complete plan in his mind.

at this time.

Meng Qingyi called and said that it was his comrade-in-arms.

"Comrades in arms?"

"Yeah, I said that I want to see you by name. He is in Yangchun Pavilion."

"I know, sister."

Ye Fan instinctively guessed that the identity of this so-called "comrade-in-arms" was not simple. He saw that Su Muyu was still diagnosing the old man, confessed to Yuan Yang, and when it was over, he sent Su Muyu back to the hospital.

He left the Yuan family.

Yangchun Pavilion.

This is the song and dance club.

Don't think too much about it, it's formal, it's well-known in Changning, and because of its low consumption, it's deeply loved by people.

"Mr. Ye?"

As soon as Ye Fan got out of the car, a big man walked over.

Master!

Ye Fan's eyes flashed.

"My name is Pei Qing. My young master has been waiting for a long time. Please Mr. Ye to come with me." After Pei Qing finished speaking, he walked ahead.

Ye Fan followed closely behind.

Arriving in a spacious luxurious box in Yangchun Pavilion, a handsome man closed his eyes and enjoyed it on the sofa.

"Master, Mr. Ye is here."

"Oh?"

Xiao Shenzhou opened his eyes, got up and laughed.

"Hahaha, Brother Ye, it's a good time to be here."

"I don't know you."

"In Xia Xiao Shenzhou, of course you shouldn't have heard of it, but my third brother is Xiao Shending. He and Brother Ye should have dealt with each other."

Xiao Shenzhou said meaningfully.

"I am his sixth brother."

Ye Fan's eyes became darker, and he didn't expect that Xiao Shending's sixth brother was looking for him, what tricks did he play?

Xiao Shending can't fight him, so send a new person?

It's endless, it's impossible!

"Brother Ye, please sit down."

Xiao Shenzhou waved his hand, and the maid offered exquisite and expensive tea.

Pei Qing stood aside.

Ye Fanmi took a sip of tea and surprised Xiao Shenzhou with her calm appearance.

"Xiao Shending is the third child, and you are the sixth. You have a lot of births, and you can sue you for ignoring family planning."

"Ahem."

The corner of Xiao Shenzhou's mouth twitched, and he laughed: "It's just from the same family, not the same father and the same mother."

Ye Fan asked, "Why are you looking for me? There should be nothing to talk about between us."

"This is wrong. There are no eternal enemies in this world, only eternal interests. There is a competitive relationship between Xiao Shending and I, and we are rivals. Brother Ye hit Xiao Shending, and I would love to see it."

"Furthermore, a few days ago, Xiao Shending aggressively attacked the Qile Great World, but fled in a disastrous defeat. I wonder if Brother Ye has heard of it?"

Ye Fan was slightly startled.

Did Xiao Shenzhou know that he was behind Xu Taishan?

However, Ye Fan said calmly: "Changning is just this big, and the world of Qi Le is like a giant. How can we know that something such a big thing has happened."

"It's a pity. If Brother Ye stayed on the ground that night and intercepted Xiao Shending on the way to escape, you would surely succeed."

Xiao Shenzhou looked regretful.

Ye Fan sneered and said, "Although he is not the same father and mother, but he comes from the same family and is connected by blood. You want me to kill Xiao Shending, and my heart is vicious."

"Hahaha, just kidding."

Xiao Shenzhou waved his hand, and then solemnly said: "However, the competitive relationship is not fake. I came to Brother Ye to make a deal."

"What deal?"

"I will use your hand to strike Xiao Shending, and I will also tell Brother Ye a secret."

Ye Fan listened, but didn't make a statement.

He picked up the tea and blew the steaming tea.

Xiao Shenzhou said: "I am confident that Brother Ye will agree, because I will tell Brother Ye a big secret that concerns your Ye family."

suddenly.

Ye Fan raised his head, his eyes sparkled with lightning.

Suddenly, Xiao Shenzhou's feathers stood upright, as if being stared at by a terrifying monster, and as if he had been subjected to a fixation technique, his whole body stiff.

But this feeling is fleeting.

Looking at it again, Ye Fan was very calm, and asked faintly: "It's my Ye family...what do you know?"

"I can't say this now, I need to wait for Brother Ye to meet my requirements."

"How to strike Xiao Shending?"

As soon as he said this, Xiao Shenzhou laughed three times triumphantly, and then raised his head and said: "Look, I said Brother Ye, you will agree. As for my request, it is not because you and him were small before. It doesn't hurt or itchy for me to make a small mess."

"Unless, if he attacked the Great World of Wonderland a few days ago, and suffered heavy losses, the release would be considered a severe blow."

"As long as this happens again, Xiao Shending will be held accountable and even sanctioned by our clan elders after all."

Ye Fan shook his head and said, "I don't have that great ability."

Xiao Shenzhou said: "Brother Ye, don't belittle yourself, you are the son-in-law of the Meng family, a first-class family in Beijing."

This identity was given to Xing Tian by Ye Fan before.

He still remembered that his wife in the Meng family was called...Meng Qingyin.

"You want me to borrow the power of the Meng family?"

"Brother Ye arrange it yourself. I only give you a secret. Xiao Shending's power has an important stronghold in the provincial capital of Qingzhou. If it is destroyed, it will deal a major blow to Xiao Shending."

Ye Fan frowned and said, "You even know his important secret stronghold, why don't you do it yourself."

"Although there is competition in the family, you can't kill each other. That's why you need to use Brother Ye's hand."

"Give me the location."

Ye Fandao.

It was not being used by Xiao Shenzhou, but being able to destroy a stronghold of Xiao Shending. He was happy to do this, and it had nothing to do with Xiao Shenzhou; on the contrary, it was a great thing to be able to obtain Ye Family's secrets.

As for the stronghold, it was just a phone call from him.

Notify the branch of Tianzun Hall in Qingzhou Provincial Capital, I believe it will be destroyed soon.

"Can't give it to you now."

Unexpectedly, Xiao Shenzhou shook his head and said slyly: "When Brother Ye gets the support of the Meng family and the crowds are there, I will tell you."

"Hehe, you are thoughtful."

Ye Fan sneered, secretly thinking that this Xiao Shenzhou was not a simple thing either.

"But if I summoned the people, what should you do if you are against the water? How do you count the wasted manpower and material resources?"

"This is a check for 300 million yuan, to express my sincerity."

Ye Fan picked up the check without saying a word, got up and left, and said as he walked: "Wait for my news, I hope we can cooperate happily."

"Your contact number..."

"Master."

Pei Qing interrupted Xiao Shenzhou and pointed to the ground in surprise.

Xiao Shenzhou looked down, his pupils contracted. It turned out that a series of mobile phone numbers appeared on the floor tiles at some unknown time.

Three points into the stone!

Chapter 189: Nanling

The Ye Family's Secret.

If Ye Fan wants to know this, he must figure it out.

Regardless of whether Xiao Shenzhou's cooperation was genuine or fake, it didn't matter to Ye Fan, because he was confident that he could control the overall situation.

A phone call reached the capital.

"Boss, what's the matter?"

"I need to mobilize the people of the Qingzhou branch of the Tianzun Palace, but I have to wear the hat of the Meng family in Beijing and use the identity of the son-in-law of the Meng family."

"clear!"

Subsequently.

Ye Fan sent a text message to Jiang Long.

Tianzun Temple has too many branches in the world, and it is impossible for him to know and have contact information for every person in charge.

Soon, Jiang Long returned the news.

Ye Fan dialed the phone above and immediately connected.

A trembling voice came from the other end: "Tianzun Hall, the head of the Qingzhou branch Wan Guihai, see Tianzun!"

"Well, I am looking for you to mobilize the branch personnel, and soon listen to my orders to destroy a stronghold in the provincial capital."

"Yes."

"How many people are there on your side?"

"There are ten thousand in the provincial capital, but as long as there is plenty of time, people from all branches in Qingzhou can be gathered."

Ye Fan said, "Ten thousand is enough, but you don't have to show up all. At five o'clock in the evening, lead three thousand people to find a place to gather outside the city."

Wan Guihai said directly: "Hall Master, I have already thought that Gu Yunfeng is just outside the city. Will you come by then?"

"It depends."

Ye Fan hung up the phone.

He went to the bank, converted the three hundred million cheques given by Xiao Shenzhou into funds, and transferred them to his bank card.

Later, he received a call from Han Bing.

"Sister, is there anything wrong?"

"Send me to the airport."

"Are you going?"

Ye Fan asked as he drove home.

Han Bing said, "Yes, I have taken a break for these days, so I should leave. Sister, I also have my own things to do, right?"

Ye Fan knew that his sisters were all amazing people, and no one could stop them.

Even if he showed his strength and energy, his sisters would probably not stay with him. His sisters are all strong women.

"Well, I'll go home right away."

Ye Fan came to the orphanage.

Han Bing had already bid farewell to the dean's grandfather Wu Changqing and the children. Ye Fan drove up and put his luggage in the car.

"Xiao Fan, let's go."

"Does the eldest sister know? Did you tell them?"

Han Bing flirted with his hair, mixed with amorous feelings in his coldness, "It's not necessary, I am not going forever."

"A task?"

"Yes." Han Bing's face was serious. She identified herself as a state secret agent, and said mysteriously: "It is inconvenient to talk about the reasons for your identity, so don't ask more. Don't worry, sister, I'm good, and there will be no accidents. "

"Which country to go?"

"Beautiful country."

Ye Fan thought for a while, wrote a note and stuffed it to Han Bing.

"Sister, I have a friend in the beautiful country. This is his phone number. If you encounter a crisis that you can't solve by yourself, call him and say that it is my sister of Ye Fan, and he will help you."

"Really, there are friends in the beautiful country. They are pretty amazing." Han Bing put the note in his pocket and said so without paying attention.

It must be great energy to let her encounter unsolvable dangers; how can the friends Ye Fan knows save her.

"Get in the car."

On this day, Ye Fan sent away Han Bing.

He was a little lost.

When I returned, I thought that I would gather my sisters together and never separate. Thinking about it now, this is just his wishful thinking.

When I came to Qingye Group, I found Meng Qingyi buried himself in work.

When she came to Sifan Medical Center, Su Muyue was also treating and saving people.

When he came to Changning University, Fang Rui was busy doing experiments and writing papers, and was busy being promoted from associate professor to full professor.

As for Zhong Ling, there were many cases in the bureau, and he was very busy.

I want to have a video chat with my fourth sister Tong Xiaoman, but Tong Xiaoman has no time for filming in the crew.

"Oh, my sisters are all busy people, but my spare time hurts."

Ye Fan was helpless.

I didn't want to go to the provincial capital, but now I think about it, it's okay anyway, I'm fine to go and see, I can find something.

...

evening.

Wan Guihai called and said that the team had been arranged.

Ye Fan was about to go to Yangchun Pavilion, Xiao Shenzhou took the initiative to contact him, and asked: "Brother Ye, when can you transfer the troops to Nanling? Don't delay this matter, I don't have time to stay in Changning for long."

"Your call came in time. I'm about to find you. The team has already arranged it."

"What! So fast!"

Xiao Shenzhou was alarmed.

Ye Fan said solemnly: "Yes, you can attack the stronghold tonight."

"Then I will be the stronghold..."

"No, go to Nanling with me."

There was a moment of silence on the other end, and a reply came: "Hahaha, working with Brother Ye is refreshing. Okay, then we will meet at Nanling Airport."

Ye Fan has always been vigorous and resolute.

This time he went to Nanling, he didn't plan to take people; at half past five, he boarded Zhao Qingmei's private plane.

Two hours later.

Nanling.

International airport.

Ye Fan walked out, looking at the colorful, lively and bustling scene, couldn't help but feel very emotional.

Nanling, the capital of Qingzhou.

One of the few top-tier cities in Daxia.

This is an absolute international metropolis.

Nanling is three or five times the size of Changning, with a vast land and abundant resources, rich in resources, and has created many rich people, giants, and overlords.

Ye Fan lived in an orphanage in his early years, and later followed the old man to learn art. After the old man disappeared, he began to cross the world.

But most of the time, they are in overseas countries.

In Daxia, there were not many Ye Fan walking around, such as Nanling, at this moment Ye Fan was the first to come.

"Brother Ye."

Xiao Shenzhou's voice sounded.

He and Pei Qing strode forward and found Ye Fan alone, both of them were surprised and admired.

"Brother Ye is so courageous, come here alone."

"Why, you are still planning to intercept and kill me? Let's not say whether you dare or not, even if you do it, you are nothing more than chickens, and I can suppress it by turning my hands."

Ye Fan was very arrogant.

Xiao Shenzhou was stunned, and Pei Qing was very stunned, but soon, the two laughed.

Those who are most afraid are the deep-minded, arrogant and arrogant people, it is not a concern.

Xiao Shenzhou's vigilance was swept away, "Brother Ye, go and see your people first?"

"Let's go, Gu Yunfeng outside the city."

Ye Fan took the lead.

Earlier, Wan Guihai arranged to welcome the team, and the three of them got on the car and hurried to Gu Yunfeng.

This towering peak is three hundred feet tall and one kilometer high.

Beneath the mountain peak is a broad plain.

On the plain, three thousand men and horses lined up neatly.

"Roar!"

Suddenly, three thousand people shouted together.

The momentum is like a rainbow, like a dragon, hovering in the sky, like a dragon and a snake, leading the armored vehicle to the front of the team.

Xiao Shenzhou and Pei Qing were secretly surprised.

This man is terrific, definitely an elite!

"See Grandpa."

Wanguihai held a fist to pay homage.

He was very excited and saw Tianzun in person for the first time, but he did not dare to expose and restrained his emotions.

Ye Fan's identity is now-the door-to-door son-in-law of the Meng family, and he is called the uncle.

Xiao Shenzhou couldn't calm his heart, and said in admiration, "Where did the Meng family ever have such a powerful man?"

Ye Fan glanced at him and said coldly, "Six Young Masters are underestimating the Meng family? My Meng family is one of the eight first-class families in the central capital. The tip of the iceberg of home strength."

"Haha, I was abrupt." Xiao Shenzhou laughed, but he was very upset in his heart, and cursed secretly: a door-to-door son-in-law, a wasteful man among men, what a madness! No matter how strong the Meng family is, it is nothing but a mouse in front of my Xiao Clan.

Chapter 190: Emerald World

Xiao Shenzhou was naturally displeased with Ye Fan, but in order to cooperate, even if he was angry, he would not show it.

Looking at the time, he said, "Brother Ye, I think I can act."

"Where is the stronghold?"

"Nanling North City, the emerald world."

Suddenly, Wanguihai was startled, and hurriedly said: "This jadeite world is not simple. It is a famous entertainment club in Nanling. It covers an area of 300 acres and is simply a small world. The strength of the jadeite world is unfathomable. Thousands."

Ye Fan suddenly had a scene in his mind, which was not so close to the concept of the Great World of Qi Le.

Emerald world.

Humph, good name.

Xiao Shenzhou looked towards Wan Guihai. Like Xiao Shending, although he was a young master, he was also a master.

At first glance, I found that Wanguihai is extraordinary, with a hidden aura and a hidden master.

At this moment, I heard that Wan Guihai knew so much about the world of jade, and couldn't help asking: "Mr. Wan, come to the capital, I didn't expect to know so much about the world of jade."

Wan Guihai replied calmly and calmly: "It's true that I have a good brother who works in the jade world, and he is a small leader, so he knows a lot about the jade world."

"Really?"

"Haha, I never tell lies. I will ask that brother to come out and see you later. Now, let's go to the Emerald World."

Ye Fan nodded.

Wan Guihai yelled: "Everyone listens to the order and gets in the car."

Just when the three thousand elites got on the armored car, Pei Qing found the opportunity and asked quietly: "Master, do you think Ye Fan and Wan Guihai can destroy the emerald world tonight?"

"How can it be."

Xiao Shenzhou shook his head and directly denied it.

"Xiao Shending has three large-scale secret strongholds. The emerald world is one. It has already taken root in Nanling. It can connect with many forces on the Nanling rivers and lakes and gather tens of thousands of horses in a short time. Although these three thousand people are elites, they want to Destroying the emerald world is undoubtedly an idiotic dream."

"Furthermore, the Emerald World itself has trained fighters. I have inquired in the clan that among the six camps under Xiao Shending, the Sirius Camp and the Kuangzhan Camp are stationed in the Emerald World."

Pei Qing was startled, "I have seen Sirius Camp and Kuangzhan Camp. They are Xiao Shending's most elite force. Although there are only 5,000 men and horses in total, they are invincible in combat power. The opponents of these two battalions."

"Yes." Xiao Shenzhou's eyes also flashed with jealousy and jealousy. "The Sirius Camp is flexible and changeable, and the Crazy Camp is brave and strong. The combined combat power of the two battalions is by no means as simple as 1 plus 1 equals 2, and qualitative changes will occur."

"Master, are you going to pit Ye Fan to death?"

"If he really died in the emerald world, it would be trash. Even if it is investigated from above, it is Xiao Shending's back. If he wants to escape from the emerald world, he must have a stronger power. Temporarily transfer people from the Meng family in the capital. Impossible, he can only use his own hidden power."

Pei Qing was puzzled, "He hides his power?"

Xiao Shenzhou squinted his eyes and said in a low voice: "I always feel that Ye Fan has his own hidden power, not just relying on the Meng family. If it can be forced out tonight, it will be a great achievement."

"The young master is resourceful, admire and admire him."

"Get in the car."

Pioneer armored car, Ye Fan looked back.

Xiao Shenzhou and Pei Qing did not sit in the same car with him. He quietly followed the two of them just now. Although he did not hear the conversation, he understood his lips. Although he was vague, he still knew a lot of information.

"This Xiao Shenzhou is a good calculation, but unfortunately, everything is under my control."

Ye Fan sneered in his heart.

"Three secret strongholds, six camps... Tsk, this Xiao Shending is such a powerful force. Looking at it this way, Xiao Shenzhou can't be far behind. This is just a young child of the Xiao Clan. It is hard to imagine how powerful the Xiao Clan is. huge."

"Tianzun, do you want to capture the two? Although they are masters, I am not the only one in the branch. You do not need to take action, and you can completely suppress the two." Wangui Haidao.

"No need."

Ye Fan waved his hand and asked, "Are everything arranged?"

"Tianzun rest assured."

"That's good, let's go."

...

Nanling North City, the world of emerald.

In one of the magnificent bars, several men are pushing glasses and changing cups.

"Brother Tiger, okay, this is not to blame you, there is no need to give up on yourself." A tall and thin man with a hooked nose comforted a big guy with a big back and a big waist next to him.

"Tiger, the tiger camp is gone. It's a big deal to form a new one. Your strength is obvious to all. How discouraged are you if Master punishes you!"

There was a man who gave comfort.

He is flat-headed, very burly, and has a deep voice without anger.

Of these two, one was the owner of the Sirius camp and the other was the owner of the mad war camp.

A few days ago, in the Great World of Wonders, the Huben camp was almost wiped out, and Huben escaped with the remaining 800 people.

Xiao Shending knew that Hu Ben was not at fault, and he was embarrassed to punish him, so he simply let Hu Ben take the remnants out.

Hu Ben can only come to the world of Nanling Jade.

"Nanling is very exciting. Please adjust your status first. Next day, Sirius and I will help you recruit troops and buy horses in Nanling. We will reorganize the tiger camp as soon as possible and give the young master a surprise."

Madly fighting.

When Hu Ben heard this, he was full of energy: "Brother Zhan, are you serious about this?"

"My brother, I can still lie to you."

"Haha, then I'm all dependent on your brothers. Come on, I'll toast you brothers."

Everyone drank happily.

Cang Dang.

But at this moment, a subordinate rushed in and shouted in panic: "It's not good, something has happened. A large number of people have rushed into the emerald world."

"What did you say!"

Fighting wildly, Sirius suddenly stood up.

The subordinate tremblingly said: "It's true, there has been a mess at the front door. Customers heard the movement and thought it was a fight, and they had already run two-thirds."

"Where's the sentry? Why did you eat it? Why wait until the enemy comes in before reporting, waste things."

Kuangzhan slapped his subordinates into the air.

Sirius yelled: "Everyone obeys the order, immediately stop the Sirius Camp and the Mad Zhan Camp from attacking, and evacuate customers. Do not let the customers hurt, otherwise, the credibility that our emerald world has finally cultivated will completely collapse, and never again. No one will come to us for consumption."

"Tiger, you are responsible for evacuation of customers from the back. Sirius, let's go to the front door."

"good."

Kuangzhan and Sirius killed out with a group of deputies.

Hu Ben is still very dazed.

I had a good conversation just now, and I wanted to help him make a comeback, and in the next second, his home caught fire.

now.

Hu Ben was happy instead.

Because if something goes wrong in the emerald world, and the Sirius Camp and the Kuangzhan Camp suffer losses, then he is not alone in embarrassment.

At that time, Hu Ben felt better.

This is so unpredictable and unpredictable.

Let's talk about the emerald world, Qianmen Square.

Wangui kelp people came in.

The reason why it was so sudden and fast was because Wanguihai arranged for someone to eradicate the sentry around the emerald world.

"kill!"

"kill!"

The scene is very chaotic, shouting and killing one after another.

Because there is no backbone, the group of guards in the emerald world retreats steadily, and the Wangui kelp people are already about to punch through the front door.

at this time.

Killing two terrifying teams from the left and right, such as Tyrannosaurus and Fierce Wolf, set off two icy winds, flying sand and rocks, and swept them.

"Who dares to be presumptuous here!"

"Xiao Xiao suffers death!"

Two angry shouts, rippling between heaven and earth.

From a dark place, Xiao Shenzhou reminded: "Brother Ye, look, that is Xiao Shending's Sirius Camp and Kuangzhan Camp. At the beginning are his two powerful players, Sirius and Kuangzhan, who are both powerful and powerful. . Your people, I'm afraid they will be invincible."

As he said, Xiao Shenzhou turned around, and persuaded him with concern: "Brother Ye has huge energy, and there must be a team lurking in the dark. Don't hesitate, call it out quickly. If it's late, Brother Guihai is afraid that he will die. As a result, three thousand elites will also be annihilated."
