

## Elegant SS 191

Chapter 191: Five Elements Church! Shattered!

Xiao Shenzhou obviously wanted to force out Ye Fan's hidden energy as soon as possible, but he looked down upon Ye Fan absolutely.

Facing Xiao Shenzhou's urging, Ye Fan calmly said: "Six young people are more worried, how powerful my Meng family is. There is a Sirius camp and a wild battle camp in a small area. Even if they have an advantage, it is definitely not. My Meng family's rivals."

"Yes."

Xiao Shenzhou didn't say much.

In his heart, he sneered: Although the Meng family is a first-class family in Beijing, how can it be compared with the Xiao family.

Among the many children of the Xiao Clan, Xiao Shending's power can rank in the top five, and the Sirius Camp and the Kuangzhan Camp are even more famous Lianhe teams.

Three thousand people, not enough for two battalions to stuff their teeth.

Ye Fan, since you are arrogant, let your memory increase. Although Wanguihai and three thousand elites, the Meng family will also blame it, it depends on what you do.

Xiao Shen thought secretly.

The battlefield is already in full swing and is in full swing.

Both Sirius and Kuangzhan came out from the left and right wings. These did not make Wanguihai panic, everything was in his expectation.

"kill!"

Wanguihai screamed.

As the head of the Tianzun Hall branch of a province, his talents need not be doubted, just like a great general commanding battle, with ease.

Puff puff.

The battle was exceptionally fierce and bloody.

The emerald world of Yinggeyan dance suddenly became a \*\*\*\* on earth.

Just three minutes.

Occupation is already obvious.

Xiao Shenzhou sneered in his heart, but said anxiously: "Look, Brother Ye, Brother Guihai has regressed and been suppressed. If this continues, it will be dangerous."

"indeed."

Ye Fan nodded.

His face was very solemn, not to blame Wanguihai's three thousand people for not being able to beat five thousand people, but that he himself underestimated the Sirius Camp and Kuangzhan Camp.

The talents of these two battalions are already on par with the elite disciples of Tianzun Temple. They are definitely good players. It is no wonder that Wanguihai is at a disadvantage.

But Wan Guihai alone stopped the two of Sirius and Kuangzhan, with one enemy and two, which also played the power and prestige of the Tianzun Temple.

"Brother Ye, what other means is there, let's use it as soon as possible. Tonight, we must destroy the emerald world. If not, Xiao Shending will be alert and mobilize more power to garrison. There is no hope, so we have to fight quickly. quick decision."

"Don't worry, it's coming soon."

"Oh?"

Xiao Shenzhou raised his brows, very puzzled and looking forward to it.

Xiao Shending didn't force Ye Fan's hidden energy for so long, but he did it just now when he came to Changning, and it was a great achievement to pass it back to the clan.

With the help of this incident, Xiao Shending will surely be suppressed.

Ten minutes into the battle, Wanguihai was scarred, but the Sirius and Kuangzhan on the opposite side were uncomfortable.

"Who are you!"

Kuangzhan roared, but his eyes were very solemn.

too strong.

He and Sirius have joined forces, and among the Xiao Clan, there are few rivals.

But can't suppress a mysterious person.

Looking at the men and horses under his command, five thousand to three thousand, although there are signs of suppression, there are also a lot of injuries, and no benefit has been obtained.

"Who are you? How did Nanling ever have such a power! Our emerald world doesn't seem to provoke your Excellency, why attack!"

Sirius yelled.

Wan Guihai sneered and said: "You have provoke a great man. Tonight, it is destined to be the day when the emerald world is shattered."

"Joke, only three thousand people like you want to kill me in the emerald world, foolish dreams and laugh out big teeth."

"Three thousand people? You are wrong."

"what!"

Sirius and Kuangzhan were shocked.

The weird and playful smile on Wanguihai's face gave them a bad premonition.

What are you afraid of?

At this moment, a deputy shouted in a panic: "Operation owner, it's not good, there is an enemy team at the back door, about three thousand people."

Both Sirius' faces were ugly.

One wave has not settled and one wave has risen again.

"Report!"

A deputy rushed over and shouted: "Owner, there is an enemy team at the north side door. Three thousand people are visually inspected."

"Report!"

"An enemy team appeared at the southern side door, and five thousand people were visually inspected."

"Report..."

"roll!"

The mad warlord slapped the oncoming deputy, because this time he saw clearly that the enemy's aid war headquarters also appeared at the front gate.

Thousands of pieces are crushed in black.

Suddenly.

Embarrassed on all sides, trapped in disaster.

"Brother Zhan, what should I do. This is a terrible situation. There are tens of thousands of horses in the four gates. We are not rivals at all."

"This is obviously a long-planned plan."

"Brother Zhan, contact friends from the rivers and lakes and come to help."

Unexpectedly, Kuangzhan shook his head, his face icy mixed with boundless anger, and said hoarsely:  
"No need, you see who it is."

Sirius looked over, his pupils contracted: "Platinum Hall Master Geng Yao, Ben Caotang Hall Master Liao Mu!"

Swish.

Immediately afterwards, a few more people were killed.

"Liuyun Hall Master Qi Shui, Flame Hall Master Chi Long, and Houtu Hall Master Heisang!"

Sirius read three people with a pale face.

Kuangzhan was surprisingly silent, angry and nervous to the extreme.

Jinmu, water, fire, earth, and the Five Elements Church on the Nanling Rivers and Lakes, although they are in their own hands, they are one of the largest forces on the rivers and lakes together.

Unexpectedly, we will gather tonight.

"Emerald world, I have long wanted to come and visit, and my wish was fulfilled tonight." Geng Yao, the chief of the White Gold Hall, laughed.

"Two, just grab it with your hands."

Chi Long, the master of the Flame Hall, is even more domineering.

Kuangzhan took a deep breath, swept around, his eyes fell on Wanguihai, and he said word by word: "The Five Elements Hall, even the number one power in Nanling Rivers and Lakes, can't bring them together. Who the \*\*\*\* is your Excellency! "

"You don't deserve to know."

Wan Guihai responded indifferently.

As the person in charge of the Qingzhou branch of the Tianzun Temple, he is very simple, and few people have seen him.

Kuangzhan and Sirius naturally didn't know each other.

The Hall Master of the Five Elements had long been a good friend with Wan Guihai and knew his identity; the Hall of Five Elements had even deliberately joined the Temple of Heaven.

This time to come to help is completely within the plan.

Say it again.

Wuxingtang has no reason to refuse.

Destroying the emerald world, they can reap huge benefits, and they are eager to bring people here.

"Hahaha."

Suddenly, he laughed wildly, "I don't have one. I can afford to lose. It seems that Nanling Jianghu is about to set off a \*\*\*\* storm, and the emerald world should be your springboard, making the first shot. That's right. "

"Don't be scared to analyze, hurry up and get caught." Wan Guihai yelled coldly.

"you!"

Furious war was furious.

"It's ridiculous to want me to catch it with my hands. What a thing you are. But there is a little power in Nanling. You never know where we come from and how noble our identity is. Behind us, what kind of existence is standing!"

"Rory, wow."

Wan Guihai lost his patience.

"Gengyao, Liao Mu, Qi Shui, Chilong, Heisang, the Five Elements Hall listened to the orders, and followed me to suppress the two and destroy the emerald world."

"good!"

Chapter 192: Ye family secret!

Tianzun Hall plus the Five Elements Hall, where are the rivals of Kuangzhan Camp and Sirius Camp, the destruction of the emerald world is a certainty, there is no doubt about it.

seven o'clock.

The war ended and the dust settled.

Sirius and Kuangzhan escaped with the remains, but were seriously injured.

This result left Xiao Shenzhou and Pei Qing dumbfounded.

Could it be that the Five Elements Hall is Ye Fan's hidden power? Is his confidence?

Xiao Shenzhou's expression changed.

"Auntie, how about it? You played beautifully. Let me introduce, these are the five hall masters of the Five Elements Hall. Geng Yao, Liao Mu, Qi Shui, Chi Long and Heisang."

"I have seen my uncle."

The five clasped their fists together.

Wan Guihai continued to explain: "I and Gengyao are friends. His brother has already infiltrated the Jade World, and he has also become an executive. The Five Elements Hall is planning to plan the Jade World. This time we attacked and hit them. So I came to help out."

This was all made up by Wan Guihai indiscriminately, with the purpose of telling them to Xiao Shenzhou.

Xiao Shenzhou suddenly realized.

Although he defeated the Emerald World, and the Sirius Camp and Kuangzhan Camp suffered heavy losses, weakening the strength of Xiao Shending, but he did not have the hole cards to force Ye Fan, which made him a little dissatisfied.

The Five Elements Hall was just a coincidence, not under Ye Fan's command.

Did I think too much?

Ye Fan doesn't have much energy. The reason why he sits as the son-in-law of the Meng family is because the Meng family knows the identity of Ye Fan!

It should be so.

Ye Fan is Ye Potian's grandson.

Ye Potian is the head of the Great Xia Qixiong, Wei Guogong, with a transcendent status and status; as his grandson, Ye Fan should have been the young master of the Ye Clan.

It's a pity, the Ye Clan is about to fall apart...

"Six Masters."

Ye Fan's voice pulled Xiao Shenzhou's thoughts back.

"Hahaha."

Xiao Shenzhou laughed, gave a thumbs up, and exclaimed: "Brother Ye is so powerful that he can easily smash the emerald world. Xiao Shending has suffered a heavy loss and must vomit blood with anger."

"Now it's time to fulfill your promise."

"certainly."

Xiao Shenzhou was unpredictable and glanced at Wan Guihai and others.

Ye Fan waved.

Wan Guihai and others retreated wisely.

"Now you can talk about it."

"Before this, I want to ask Brother Ye, the Meng family is a first-class family in the capital, and its status is detached. What do you rely on to be the son-in-law of the Meng family? I don't know, can Brother Ye solve my confusion."

"This is not important, and it is not within the terms of our cooperation. I have no obligation to tell you."

Xiao Shenzhou chuckled, without further questioning, and said in a solemn manner: "Your Ye family is not just a small family in Changning, but a branch of a large family."

Ye Fan nodded, he had already guessed at this point.

After a few seconds of silence, without seeing Xiao Shenzhou continuing to say, Ye Fan's face became cold: "Could it be that this is the secret you are talking about! Haha, you just play me like a kid. I knew I had a grand background, otherwise how could I become a superhero? The Meng family."

"You know who you are."

"Humph."

Ye Fan did not respond, but sneered contemptuously.

This made Xiao Shenzhou unpredictable. After thinking for a moment, he solemnly said: "Finally, I will tell you a big secret. Ye Chen, a genius child of your Ye clan, is being hunted down, and as far as I know, he has fled to Qingzhou. "

"Ye Chen?"

"Probably in Nanling, this is absolutely confidential."

After speaking, Xiao Shenzhou got into the car and disappeared into the night.

Ye Fan did not stop.

Whether it was Xiao Shending or this Xiao Shenzhou, he could see that it was not easy. Forcibly arrested and tortured for questioning would probably be of no avail.

Therefore, there is no need to start a war.

"The Ye Clan, the Xiao Clan."

Ye Fan whispered, he was at Xingtian and asked the Central Capital about the situation of the two families.

However, Xing Tian replied that there was no such two big clans.

This is reasonable.

Daxia Qixiong belongs to several secret figures of Daxia, and the family to which he belongs is not born, and can be understood as a hidden family.

Xing Tian controlled the Great Summer Headquarters of the Tianzun Hall, but he had more than enough energy and was unable to find out why.

"Boss, Daxia's water is too deep."

"To be honest, I have been operating the headquarters for these years, and Zhongzhou dare not understand and understand. Daxia Hidden Dragon and Crouching Tiger, there must be a hidden family. But don't worry, I will operate, as long as I can climb to the highest level of Daxia. I'm sure to find clues."

Xing Tian said like this.

Ye Fan said: "Be careful, Daxia is very sensitive to this. At the beginning, we set up branches in various cities of Daxia and were repeatedly wiped out. In the end, because of overseas battlefields, our Tianzun Palace helped Daxia War Department many times, and finally Daxia The senior management only opened one eye and closed another, allowing the establishment of branches."

"Yes, Daxia deserves to have thousands of years of historical heritage. It is not comparable to overseas countries and Western powers. Boss, you must be careful. Recently I have investigated 72 cases in Zhongzhou. The more you investigate, the more Shock."

"Seventy-two sects are very strong, and each sect has unique skills that can dominate one side. Not to mention, it is rumored that the first-ranked Martial God Temple in 72 sects has a genius with outstanding martial arts talents, and is called it. King Xiaowu. I think even Long Brother is not necessarily his opponent."

"What happened?!"

Ye Fan was surprised.

Jiang Long's skill has reached the point of superb skill, he is invincible on the battlefield of the world.

On the world ranking list, only the second-ranked Asura Palace Lord, King Asura, could protest with him.

Of course, he is not included in Ye Fan.

"Boss, you and the beast-controlling door are on, watch out for their revenge."

"They dare!"

Thick disdain flashed in Ye Fan's eyes, and the cloud said lightly: "Check it out, and find out where the mountain gate of Yumen Gate is as soon as possible. First, I want to get the last copy of the sheepskin scroll; secondly, Yumen Gate If you dare to make small moves, I don't mind destroying the beast Yumen."

"The battle department of the Dragon King, the battle department of the heavenly kings, the battle department of the hells, the three major battle departments of my Tianzun Hall, 300,000 steel soldiers, let alone a small animal door. Seventy-two sects can also be razed to the ground."

"Hahaha, boss, it's still your domineering. You don't need to take action by the Third Great War Department, the capital headquarters here is already very deep. I have a man and a horse, enough to flatten everything."

Xing Tian was full of enthusiasm and passion.

Afterwards, he asked a small question, "Boss, since you are in Nanling, you might as well go to the first force of Nanling River and Lake, Qingyangmen."

"What does Qingyangmen have to do with me?"

"Han Qing died in the hands of Qingyangmen."

Xing Tian's words stunned Ye Fan, and then listened to Xing Tian's explanation: "The Qingzhou branch of the Tianzun Palace, the person in charge is not Wan Guihai, but Han Qing before. However, a month ago, Han Qing fell, and I promoted Wan Guihai. ."

As the person in charge of the Daxia headquarters, Xing Tian can appoint the person in charge of any of the following branches; moreover, the change of the head of the following branch must also go through his assessment and signature.

But these are not important. Ye Fan was angry that someone dared to kill the person in charge of a provincial branch of the Tianzun Hall.

Outrageous!

This is desecrating the majesty of the Tianzun Temple.

Chapter 193: check!

In fact, Ye Fan wanted to ask about the person in charge of the Qingzhou branch.

In Changning, he once contacted here and knew that the person in charge was Han Qing; but now he has become Wanguihai.

Now that Xing Tian said it, Ye Fan was shocked.

"who is it!"

"Boss, let Wan Guihai tell you the specific situation."

Ye Fan hung up and called Wanguihai.

And Wan Guihai seemed to have guessed something. He knelt down on one knee and reported:  
"Tianzun, I decided to wait until the jadeite world is finished before reporting to you. Now that you know, then ask Tianzun to call the shots for us."

"Say."

"One month ago, Brother Han Qing was invited to a banquet and came back from a serious injury. Since then, his consciousness has been dying. He has intermittently revealed that it was the hands of Qingyangmen."

"Why did Qingyangmen attack Han Qing?"

Wan Guihai shook his head, "I don't know, but I guess it may be related to a tomb that Brother Han Qing knows."

"The tomb?"

"Yes, I'm not too clear. I just know that Brother Han Qing accidentally obtained information about an ancient tomb, which is in our Qingzhou."

Ye Fan thought of what Yuan Yang said, that there is a tomb in the Misty Mountains of Qingzhou.

Could it be that the news about the tomb that Han Qing got was the one in the Great Misty Mountains?

"The owner of Qingyangmen's name is Qingyangmen, and he and Han Qing are friends. It must be Han Qing who told Qingyang the secret of the tomb, and Gao Qingyang set up a Hongmen banquet in order to swallow the tomb and act on Han Qing. ."

Wanguihai paused, then said:

"Our branch has developed to the present, and there has been some friction with Qingyangmen. I am afraid that Gao Qingyang will not only swallow the tomb, but also take this opportunity to destroy our branch."

"What a courage!"

Ye Fan sounded like a thunder, and his murderous aura rushed into the sky.

In the distance, Geng Yao and other hall masters of the Five Elements Hall felt this murderous aura, and they couldn't help but appear in horror, with goose bumps all over their bodies.

"It's terrifying murderous."

"As expected of Tianzun, just now I thought I was a nasty kid, who was shocked. Now it seems that I have no eyes."

At this moment, the Lord of the Five Halls had no more thoughts, and they were all convinced.

Wan Guihai lowered his head and continued: "Tianzun, my guess is reasonable. Since the death of Brother Han Qing, Gao Qingyang has been about to move. In just one month, he has wiped out several forces in the rivers and lakes. He is integrating. , Accumulate strength, and when the time is right, they will definitely attack my branch, and then dominate Nanling rivers and lakes."

"High-definition Yang, very good! To kill the head of my branch and plan to destroy my branch, even a world-class giant would not have the courage. A mere Qingyangmen would dare to have such wolfish ambitions!"

Rumbling.

For a time, the strong wind whistled and black clouds rolled.

The main hall of the five halls was broken, kneeling on the ground, in awe.

The closest Wanguihai felt the most real, shivering, distraught, and already surrendered to the ground.

No one can beat this momentum!

"Where is the headquarters of Qingyangmen."

"Tianzun Atonement, Qingyangmen is very cunning and mysterious, often changing headquarters, I haven't found it yet. Otherwise, I would have killed someone long ago."

"Check it out!"

...

Outskirts of Nanling.

After being contacted by Hu Ben, Sirius and Kuangzhan came with remnants. Both of them were seriously injured and supported by willpower.

"Brother Zhan, Old Wolf, how are you?"

Hu Ben evacuated Jadeite's customers, and then fled to the outskirts with his 800 brothers. He thought that Sirius and Kuangzhan were about to die, but he called him.

So Hu Ben asked the two to come and join.

"Can't die!"

Kuangzhan and Sirius leaned against the tree, gritted their teeth and squinted.

Hu Ben glanced around, feeling a trace of sadness in his heart.

About five hundred people remained in the Sirius Camp and the Kuangzhan Camp, plus his eight hundred remnants of tigers, and the three battalions that were originally fierce and mighty, now there are only 1,300 people.

It's really good luck.

"What forces are attacking?"

"The Five Elements Hall, but the most important thing is not the Lord of the Five Halls, and then the powerful middle-aged man gathered in the Five Elements Hall and Lianhe attacked the emerald world."

Kuangzhan took a deep breath and gritted his teeth.

Hu Ben asked: "The emerald is lost in the world, and the two big camps have suffered heavy losses. What should I do? Shall I talk to the young master?"

Sirius smiled bitterly: "Of course, I can't help it at all."

"Brother Zhan, please make a call."

Changning, Ruyixuan.

All day, Xiao Shending was restless, always feeling that something would happen. For this reason, he asked Du Juan and Wang Teng to temporarily hire a thousand mercenaries to be stationed outside Ruyixuan.

The night is getting darker.

Xiao Shending was about to go to bed, when he called.

Seeing that Kuangzhan came here, Xiao Shending had a bad feeling in his heart. After connecting, he cautiously asked, "Old Kuang, why are you calling me so late?"

"Master, I'm sorry."

Boom.

Xiao Shending's heart contracted.

Sure enough, something happened!

He swallowed his saliva and asked, "What's the matter."

"There was a sudden attack on the famous Five Elements Hall on the Nanling River and Lake, and there were also a group of mysterious strong men. We were lost, the emerald world was lost, and the Sirius Camp and the Kuangzhan Camp suffered heavy losses. Sirius and I were seriously injured and escaped."

In the room, Xiao Shending was dumbfounded.

Kuangzhan continued: "Master, at present, there are only 1,300 people left in the three battalions. We are hiding in the outskirts of Nanling. Please decide."

"One thousand, three hundred people?!"

Xiao Shending's voice was hoarse.

"My Huben Camp, Sirius Camp, Kuangzhan Camp, fifteen thousand people, now there are only one thousand three hundred people left!"

"Yes, it is."

"You trash...puff!"

Xiao Shending suddenly spouted a mouthful of blood.

The phone fell to the ground and smashed, and I shook it a few times before falling to the ground, screaming in sorrow; "Damn it, who is plotting my emerald world! I swear by Xiao Shending that I must take revenge, revenge...poof! "

Chapter 194: Sun Moon Gate

Ye Fan didn't know what happened to Xiao Shending.

That night, he inspected the Qingzhou branch of Tianzun Hall.

The senior management of the Wanguihai organization branch, together with the leaders of the five halls including Geng Yao, listened to Ye Fan's guidance and teachings.

It didn't end until the early hours of the morning.

Wan Guihai and the others were generally empowered and benefited a lot, and their awe of Ye Fan became even stronger.

"Don't forget the Qingyangmen, do your best to investigate!"

"Yes."

The next morning.

The good news is here, Wan Guihai said, the people of Qingyangmen are attacking a force called Sun Moonmen on the rivers and lakes.

"Honorable Lord, the Sun Moon Gate belongs to a second-rate force. It hasn't appeared for a long time. It was founded by a couple. Although they have never dealt with each other, the Sun Moon Gate has a good reputation. I didn't expect Qingyang Gate to attack. It was really frantic."

Wanguihai was angry again and again.

"However, it's fortunate that the Qingyangmen's restlessness was exposed. There must be a high-level Qingyangmen who attacked the Sun Moon Gate. As long as they are caught, they can ask where the lair is!"

"Go to the Sun Moon Gate."

Ye Fan gave an order.

Wan Guihai mobilized the team, and at the same time, Geng Yao and other leaders of the Five Halls had the responsibility to mobilize their respective forces urgently.

They are very excited, very excited, and even full of enthusiasm.

Because, if nothing happens, Qingyangmen will usher in a catastrophe today, and the first power in Nanling River and Lake will change hands.

This is definitely an earth-shattering event.

At this moment, the whole arena is also surging.

After a night of fermentation, the jadeite world was beaten through, and news of Sirius and Kuang's defeat and escape from Nanling was spread in the rivers and lakes.

The arena and even the Nanling business community were in an uproar.

And now, the Five Elements Church has joined forces again, and naturally received widespread attention; in addition, the Sun Moon Gate was attacked by the Qingyang Gate...

Big things happened one after another, all of a sudden, all directions moved.

Nanling was boiling.

Ye Fan is not interested in these. He only hopes to come to Qingyangmen as soon as possible to punish Gao Qingyang and avenge Han Qing.

"Puff puff."

"Kill, kill!"

"Ahhhhhhh!"

Somewhere in Nanling, blood stained the country.

This is the Sun Moon Gate.

But at this moment, the magnificent headquarters of the past has been dilapidated, and wars have been seen everywhere, a mess and blood.

"boom!"

Suddenly, a pavilion collapsed.

Among them, three figures burst out, a man and a woman in front, who seemed to be a husband and wife, and were obviously the masters of the Sun Moon Gate.

Behind the couple, there is a man in a black robe.

"Gao Changzong, a despicable and shameless fellow, unexpectedly attacked me; otherwise, you alone can deal with my husband and wife!"

"Where is the means? As long as you can achieve the goal, you can achieve the goal. Today, if you two are sent on the road, the Sun Moon Gate will no longer exist."

Gao Changzong screamed, throwing poison beads.

After the explosion, the poisonous fog spread.

"not good!"

Surprised tomorrow.

He was conspired by this poison and couldn't show his fighting power.

"Wife. You go first and escape with Xiangxiang." Tomorrow his wife Mingyue flew fiercely, and he turned and killed Gao Changzong.

"husband!"

Mingyue screamed, but she knew that she could not disappoint her husband's kindness. She broke out of the siege, went to the secret room, and found her daughter Mingxiangxiang.

"Fragrant."

"Mom, you are finally here. Where's Dad, where is he?"

"Xiangxiang, the Sun Moon Gate cannot be kept. I didn't expect Qingyang Gate to be so ruthless. Mom sent you away. I had prepared a fortune for you long ago. You go so far and go to the Central Capital to find..."

"You don't have to look for it, because there is no chance."

"Who!"

"The one who wants your mother and daughter's life."

Outside.

Tomorrow will fight against Gao Changzong, but because of poisoning, the fighting strength is greatly reduced. Gao Changzong's defeat is steadily defeated and scarred.

"puff!"

It was another blow, and it was blown away tomorrow.

Gao Changzong spit blood and sneered, "Tomorrow, do you think Mingyue and your daughter will be able to escape? To be honest, this time my brother Gao Changlin is also here."

"what!"

His face will change tomorrow.

"Hahaha, I can't think of it. My brother has been lurking, waiting for your wife to find your daughter, he followed, and killed them all. Now, I am afraid that their mother and daughter have been captured. Of course, we will not kill them easily. . After all, they are all great beauties, it would be a shame to kill them directly."

"brute!"

Tomorrow's eyes are about to split, roaring again and again.

boom!

In the secret room, two figures flew out.

Mingyue did the backing so that Mingxiangxiang was not harmed. Subsequently, Mingyue threw Mingxiangxiang out.

"Xiangxiang, run away!"

"mom."

"Run away, you can leave the mountains without fear of firewood. Even if you want revenge, you have to live first. It's not too late for a gentleman to take revenge for ten years."

"No one can leave!"

Gao Changlin killed it.

Mingyue greeted him and shouted: "Xiangxiang, don't leave yet!"

Mingxiang fragrant tears like rain, hatred in her heart, she gritted her teeth and fled outside; as the young master of the Sun Moon Gate, she is not a weak woman.

On the contrary, it is a female master.

Soon, she smashed out of the Sun Moon Gate, but was besieged by more small soldiers and suddenly fell into despair.

"Is this the Sun Moon Gate."

Suddenly, the sound from an unknown source seemed to freeze the space.

An elite team descended from the sky, three hits five divided two, and the small soldier who had besieged Mingxiangxiang fell to the ground.

Mingxiangxiang is overjoyed.

One second is hell, the next second is heaven.

She saw Ye Fan and Wanguihai coming side by side, and instinctively thought Wanguihai was a big brother, and clasped her fist and said: "Uncle, thank you for helping me. Are you my parents' friend? Are you here to save Sun Moon Gate? Is it?"

"Unexpectedly, it was so tragic that the Sun Moon Gate was almost destroyed." Wan Guihai sighed, and then asked, "Your parents are still there?"

"I implore my uncle to save my parents, they are still fighting hard inside."

Mingxiangxiang pleaded.

Wan Guihai turned his head and asked, "Master, do you want to save it?"

Lord?

Mingxiangxiang shakes.

I thought it was a father and son, but I didn't expect it to be a subordinate relationship. Listening to the middle-aged man's tone, this man is distinguished.

The young master of which big family?

There is a young master with a face in Nanling, she knows almost the same, and there is no such person, so the face is very awkward.

Moreover, no family in Nanling dared to offend Qingyangmen.

Who is this person? !

"Saving a life is better than building a seventh-level float. Since it's here, it's natural to save it. Let's go in, but we need to see how powerful the people at Qingyangmen are."

Ye Fan took the lead.

Wan Guihai followed, and in the back, was the elite team of 100 people who had rescued Ming Xiangxiang just now.

Seeing this, Ming Xiangxiang hurriedly shouted: "Uncle, there are many people in Qingyangmen, and there are two masters, you guys, go in to die."

"Send to death? A joke."

Ye Fan was full of disdain.

Being laughed at, Mingxiangxiang was very upset.

Wan Guihai smiled and said: "Little girl, my lord is here, even if you are a world-class giant here, you have to bow your head. A few masters in Qingyangmen, what are you. Come here and see us save you. parents."

"You really..." Ming Xiangxiang bit her lip, thinking she had met a savior, but she didn't expect to be an arrogant person.

The reason why Qingyangmen is the number one power in the Nanling Rivers and Lakes is because of the high strength of its troops.

Competing with the same number of people, no force can defeat Qingyangmen.

Qingyangmen's three thousand elites attacked this time, and the war has suffered a lot for so long, but there are still nearly two thousand.

This mere team of a hundred players is not enough for Qingyangmen.

In addition, the brothers Gao Changzong and Gao Changlin are guardians of the Qingyang Gate, and they are the clansmen of Qingyangmen.

In the arena, they are among the best.

How do you deal with it!

Just thinking about it, Ye Fan and Wan Guihai had already entered the Sun Moon Gate with a team of a hundred people... Ming Xiangxiang wanted to take the opportunity to escape, but she couldn't bear to part with her parents.

After thinking about it, I decided to look at the situation first.

Anyway, she has found her own car, a very sturdy armored car. Once the situation changes, a crisis is imminent and you can forcibly rush and escape.

Chapter 195: Slap to death

In the Sun Moon Gate.

Tomorrow and Mingyue joined together, and Gao Changzong and Gao Changlin also met and confronted each other.

But it is obvious that tomorrow's couple is at the end of the battle, and they are about to fall down at any time.

"Hehe, do you think Mingxiangxiang can escape? There are three hundred men and horses I am ambushing outside. Tomorrow and Mingyue, you say, can she kill it?"

Gao Changzong sneered.

Tomorrow the couple looked pale, they wanted to cry without tears, and there was endless resentment in their eyes.

"Qingyangmen! High-definition Yang! And you, are all demons. You vainly attempt to dominate the rivers and lakes, destroy so many forces, and kill so many people, you will be retributed!"

"Retribution? Haha, naive and ridiculous."

Gao Changzong laughed and said contemptuously: "As long as we dominate the rivers and lakes, our Qingyang goalkeeper will become the number one power in Nanling. Even the top families in the Nanling business community must bow their heads. We will stand on the top of Qingzhou. Who can repay us! "

"Ridiculous."

Four words flew in.

Gao Changzong's laughter stopped abruptly, and he looked at it. There were two more people in the yard.

certainly.

He didn't know it.

Wan Guihai has always been the secretly cultivated successor of Han Qing and rarely shows up. Therefore, the people at Qingyangmen are not clear.

"who are you?"

Gao Changlin shouted.

The two did not act rashly, because seeing the extraordinaryyness of Ye Fan and Wan Guihai, this is the resonance for the strong.

Wangui Haidao: "Qingyangmen guards the law from left to right, Gao Changzong, Gao Changlin, very good. The Sun Moon Gate is indisputable in the world, and the reputation of the world is excellent. You madly attacked the Sun Moon Gate and rushed to kill it. It is heinous!"

When the couple heard it tomorrow, they knew it was a rescuer, and couldn't help but be overjoyed.

"Two brothers, did you ever see my daughter Mingxiangxiang when you came in. Both of you don't care about us, as long as you save my daughter, our couple is grateful. I can also share half of the wealth I left with my daughter."

Mingyue said pleadingly.

Ye Fan felt the care and love for her daughter as a mother, and he was very touched. After all, he was an orphan since he was a child.

"Your daughter is okay."

"Okay, thank you, little brother." The couple burst into gratitude, and then said tomorrow: "The two leave quickly, Qingyangmen is powerful, and there is no need to mix in this muddy water."

"You think too much, I am not here to save you, but to find Qingyangmen specifically." Ye Fan said lightly.

When Gao Changzong heard this, he asked in a deep voice, "What is the so-called Qingyangmen?"

The two brothers didn't move because they felt that Ye Fan was not easy, as you can see from those small battlefields.

The disciples of the Sun Moon Gate were hit by a one-sided fall.

Since joining the elite team of 100 people, the battle situation has begun to turn around. Not to mention counter-repression, at least the Riyuemen breathed a sigh of relief and was in a stalemate.

A hundred people actually have such a big effect.

The combat power is incredible.

What kind of power is this?

Gao Changzong and Gao Changlin glanced at each other with deep eyes; at this time, they only heard Ye Fan say: "It's nothing big, just want to kill Gao Qingyang."

"what!"

The audience was silent.

Tomorrow the couple were stunned.

Ming Xiangxiang, who was hiding in the corner paying attention, couldn't help but open her mouth wide when she heard Ye Fan's words, and shook her head secretly: This man is too arrogant, what is the existence of Qingyangmen, even the Qingzhou War Department has a headache and cannot be wiped out.

That sect master Gao Qingyang is the top gangster in Qingzhou.

Wealth and power are immeasurable.

Killing Gao Qingyang, I dare not even think about it. Even the commander of the Qingzhou War Department would not kill Gao Qingyang.

Because once Gao Qingyang is killed, Qingyangmen is bound to be in turmoil, and the whole Nanling will be in turmoil.

This is a responsibility that no one can afford!

"Hahaha."

Brother Gao Changzong regained consciousness twice, and laughed up to the sky.

"Killing my sect master is really a big laugh. In Qingzhou, who dares to wait for big talk. Huang Mao boy, you have lost your mind."

"Brother, there is no need to waste your tongue with him. Grab it and cut off his tongue to see if he can speak nonsense."

Gao Changlin is impatient.

When the words fell, they rushed and killed fiercely.

"Boy, come to be nosy, and offend my Qingyangmen, even more boldly threatening to kill my sect master, a death crime!"

"Bold!"

Wanguihai stopped drinking.

Just about to make a move, he saw Ye Fan step forward.

"Little brother, retreat!" The couple exclaimed tomorrow. They knew Gao Changlin's power, and his head would explode with a punch.

Ming Xiangxiang, who was peeking in the distance, couldn't bear to look at it, and covered her eyes.

"puff!"

The sky was blood-stained, and flesh and blood flew.

A corpse fell to the ground, its chest exploded, almost broken in two, and its internal organs were scattered all over the ground, shocking, like a \*\*\*\* on earth.

"what!"

This cruel scene made Mingyue vomit with fright.

Ye Fan took out the tissues and didn't even look at the corpse. Yun Danfeng gently wiped the blood on his hands, and said quietly: "The guardian of the Qingyangmen, but this way, I can't even catch my palm, which makes me very disappointed. ."

boom!

At this time, everyone trembled.

Slap Gao Changlin with one palm? !

Oh My God.

What a majestic force this is.

Tomorrow's couple, Gao Changzong, Ming Xiangxiang, and other children under his command were shocked to the point where they were so shocked that even Wanguihai had scalp numbness.

For the first time, I saw the terrifying strength of Ye Fan and Ye Tianzun.

"escape!"

A word was born in Gao Changzong's mind.

This person is invincible.

too scary.

However, being stared at by Ye Fan, how could he escape.

call out!

A stone was like a bullet, shooting out a leg of Gao Changzong.

"what!"

Gao Changzong fell in a pool of blood.

Ye Fan said: "Go and solve those miscellaneous fish."

"Yes!"

Wan Guihai turned around and the wolf entered the flock; led and commanded the team, as well as the remaining disciples of the Sun Moon Gate to help, quickly suppressed more than a thousand people in Qingyang Gate.

At this point, the dust settled.

Ye Fan condescendingly said in a deep voice, "As the guardian of Qingyangmen, you should know that Gao Qingyang murdered Han Qing. Is that right?"

"Han Qing!"

Gao Changzong's face was pale.

"Who are you from Han Qing? Son?"

"puff!"

With a kick, Ye Fan flew Gao Changzong's high, his breastbone broke every inch, and the heart-piercing screams resounded throughout the world.

The people at the Sun Moon Gate were frightened and horrified.

"Do not kill me."

Gao Changzong collapsed on the ground like a dead dog, begging feebly.

"Han Qing is my person, Gao Qingyang murdered him, the crime is unforgivable. Today is his death date."

"If you want to survive, I will give you a chance."

"Come on, where is Qingyangmen's current headquarters? Where is Gao Qingyang?"

Gao Changzong's face was twisted, and he said intermittently: "You want me... betray... Qingyangmen?"

"This is not betrayal, but self-salvation."

Ye Fan stood with his hand in his hand, like a god, coming to trial.

"Of course, you can choose not to say it. As a result, I will send you on the road now to reunite with your brother Huang Quan."

Chapter 196: Come home!

Huangquan reunion!

The four words fell, and Ye Fan stomped his feet.

The bluestone slab cracked at a speed visible to the naked eye, and then exploded. The gravel was like a rain of arrows, deeply inserted into Gao Changzong's body.

"what!"

Gao Changzong screamed.

Tomorrow, the couple and the others are hairy on their backs. At this moment, Gao Changzong has no human appearance. He has turned into a hedgehog like a hedgehog, and everyone's stomach is tumbling.

This method is amazing.

Everyone was impressed.

Ming Xiangxiang no longer hides, she comes to her parents, staring at Ye Fan's stalwart figure in a daze, full of incredible.

With gestures, the Gao Changzong brothers were suppressed, one dead and one injured.

This is one of the best masters on the rivers and lakes, the left and right guardians of Qingyangmen, there are more than 10,000 people under one person.

Neither of my parents were the brothers or rivals in their heyday, but... they were so easily planted.

Ming Xiangxiang's eyes were filled with the figure in white clothes.

White clothes wins snow, seeming to be banished to immortals.

who is he!

"Say, still, send you on the road."

Ye Fan lowered his eyebrows and said calmly.

But this kind of calmness, without a trace of emotion, makes people feel more terrifying.

Because.

You can hear the attitude of disregarding everything.

Gao Changzong had never felt this kind of aura before.

"I... I said, I said!"

At this moment, his psychological defense collapsed.

"In Nanjiang Garden."

"Nanjiang? Are you sure?!" Wan Guihai came over and asked.

Ye Fan asked sideways, "Is there a problem?"

Wan Guihai replied: "Honorable Lord, Nanjiang Garden is near the Emerald World, three to five miles apart. I didn't expect the headquarters of Qingyangmen to be there."

"Moved in last night."

Gao Changzongdao.

"Last night, the emerald world was shattered, the master Gao Qingyang decided to move the headquarters to Nanjiang Garden overnight."

Ye Fan faintly smiled and said, "This high-definition yang has a lot of courage."

Gao Changzong said: "Qingyangmen has been passed down for many years. This generation of master Gao Qingyang is indeed very talented, leading the development and growth of Qingyangmen and becoming the number one power in Nanling and even Qingzhou Jianghu. The reason why the headquarters was moved to Nanjiang Garden overnight is actually the same. Covet the emerald world. The sect master said, look for opportunities to take down the emerald world."

"Great."

Wanguihai was amazed, and had to admire the high-definition Yang courage.

Ye Fan hummed: "I'm a hero, but unfortunately, he murdered my man, no matter how powerful he is, he will still get his life."

After that, Ye Fan waved his hand, turned and left, fluttering and calming down directly.

"withdraw!"

Wanguihai followed with an elite team.

Mingxiangxiang looked around worriedly, and said eagerly: "Parents, what shall we do? How will Gao Changzong deal with it."

"Do not kill me."

Gao Changzong showed fear, took out a small bottle from his arms, threw it to Tomorrow, and said, "This is the antidote, spare my life."

The two swallowed the medicine.

Later, tomorrow, he caught Gao Changzong and threw it into the car.

"Qingyangmen attacked Sunyuemen in an attempt to destroy us. When we exchanged courtesy, we followed the young master and went to Qingyangmen for a while."

...

Nanling North City, Nanjiang Garden.

This area does not necessarily have to be small in the world. The pattern is intricate, twists and turns, and people come and go.

Among them, six thousand people are hidden.

The middle hall of Nanjiang Garden.

"Uncle, you can come to the Qingyang Gate, it is really my glory. This time, I must take a little more time. You are only half a step away from the master, which is not comparable to me. I also hope to get your guidance. teach."

In the first seat, a middle-aged man with a cold face and strong breath spoke to a white-haired old man next to him. His words were full of awe and his face was extremely respectful.

The old man sitting next to him was named Huang Sihai, who was a half-step master.

The so-called master is a realm title of the Daxia martial arts world. Those who can be promoted to the master are all overlords.

Throughout Daxia, martial arts masters are rare.

Although Huang Sihai is half a step away from the master, it is also remarkable. He Gao Qingyang is invincible in the Nanling Rivers and Lakes, but he is not the enemy of Huang Sihai.

This shows that the master is terrifying and powerful.

"Master Gao is polite. The purpose of coming to Qingzhou this time is to avenge my apprentice. Passing by Nanling, I thought of having friendship with your father a few years ago, so guess come and see."

"Unexpectedly, to this day, you will develop Qingyangmen to this point. The younger generation is terrible, you are enough to be equal to me. Moreover, your achievements will be much higher than mine in the future. It is only a matter of time before entering the realm of the master."

Huang Sihai stroked his beard and kept admiring.

Gao Qingyang was very proud, but he still did a good job on the surface. He smiled modestly and said, "Don't dare to be it."

Then, Gao Qingyang's face became cold, and he asked, "Uncle, who murdered your disciple is really unreasonable!"

"I don't know, I only know that it is a fellow named Liu Zhen from a purgatory in Changning. That person is my protégé Hong Li's enemy. Hong Li went to Changning to take revenge and died unfavorably."

Huang Sihai's tone was cold, making Gao Qingyang's scalp numb.

Gao Qingyang said: "Uncle, it's just a small force in Changning. I can get rid of it with a word. Why don't you go there. Even if you want revenge yourself, you can. I will send someone to arrest Liu Zhen. ."

"Do not."

Huang Sihai shook his head and said deeply: "My disciple's strength, killing Liu Zhen is okay. There must be something hidden behind his death. I have to go there personally to find out that I will avenge Hong Li. "

Gao Qingyang said: "Uncle, although you are a half-step master, Changning is unfamiliar with the place where you are born. It is not easy to investigate. This is to be handed over to me. I will arrange for someone to investigate, and the real culprit must be found. Then, you will find the real murderer. Go and avenge yourself."

"Hahaha, this is the best." Huang Sihai nodded.

"It's not early. Uncle came from afar, and I must pick you up. I have prepared a banquet, please uncle move. Let's drink all the time and stay drunk."

The two had just stood up.

boom!

Suddenly there was a loud noise, accompanied by a strong wind.

Huang Sihai's face tightened, and he said solemnly: "Master! Xiao Gao, be careful, someone has come to the door, it's your enemy."

"Uncle wait a moment, I'll go take a look."

Gao Qingyang rushed out of the nave with a calm face.

And at the gate of Nanjiang Garden, tomorrow a family of three will see Ye Fan rudely smash the heavy solid wood door, the corners of their mouths twitching.

This is too domineering.

It is simply a humanoid tyrannosaurus, pushing everything horizontally.

"So handsome!"

Ming Xiangxiang pinched her powder fist, her eyes gleaming.

Before at the Sun Moon Gate, he thought Ye Fan was an arrogant person, but now he seems to be Ye Fan's little fan.

"In the past few years, I have seen too many wealthy families and young heroes. Some even advertised Qingzhou prince-level figures as the dragon among the people. Compared with Ye Fan, it is like the difference between the clouds and mud, like the dragon and the ant. Same as Japanese."

Ming Xiangxiang murmured, staring at Ye Fan's straight back.

Ye Fan is too mysterious.

With a personal deputy and a hundred-man team, he dared to enter the first force in Nanling Rivers and Lakes-Qingyangmen headquarters.

What a boldness this is.

To know.

The Qingyangmen headquarters must be Longtan Tiger's Den. Among them, there are not 10,000 elites, and there are thousands of them, as well as various powerful weapons and traps.

No matter how strong the individual is, he is not a \*\*\*\* after all, how can he kill Gao Qingyang among the thousands of horses who know the headquarters?

Ye Fan, what should he do!

Chapter 197: Liquidation!

"Bold, who dares to break into my Qingyangmen headquarters."

A big man, who seemed to be the little boss in Qingyangmen, came here after hearing the news. Without a word, a kind of machete took Ye Fan's head straight.

puff.

Wanguihai moved, flashing past and kicking the big man flying.

The man vomited blood and flew upside down, but was caught by one person. It was the Gao Qingyang who had come. He looked at the door and then at the sunken chest of the man, his face gloomy.

Putting down the big man, Gao Qingyang noticed the Mingyue couple tomorrow and the dying Gao Changzong in his hands.

Gao Qingyang anger turned back and smiled, and said viciously: "What a sin worthy of death. Tomorrow, you trash, this seat is too lazy to talk nonsense with you... It is you who saved the Sun Moon Gate!"

"good."

"Well, there is a way to heaven, you are not there, and there is no way to cast yourself in hell. Killing me to protect the law, ruining my big plan. Today, even if the gods come, they can't save you."

Ye Fan had no wave on Gu Jing's face, ignoring everything, and asked indifferently: "Han Qing, how did you murder him."

Suddenly, Gao Qingyang's heart beats.

He asked with an unkind expression: "What is your relationship with Han Qing?"

For Gao Qingyang, Han Qing is a taboo. The murder of Han Qing was also a last resort. He knew that there was a huge force behind Han Qing, and he didn't know exactly what it was. Over the past month, Gao Qingyang has always worried about retribution by the force behind Han Qing.

Therefore, the headquarters was transferred several times this month.

But I still didn't catch it.

"No matter who you are Han Qing, since you are here, don't even think about leaving." Gao Qingyang waved his hand, and his subordinates surrounded Ye Fan.

"Answer me, how did you murder Han Qing?"

Ye Fan didn't squint.

This gesture made Gao Qingyang inexplicably uneasy.

"I do not know what you're talking about!"

"High-definition Yang, Nian dare to quibble. Brother Han Qing has friendship with you. That day you set up a Hongmen banquet. Brother Han Qing came back from the banquet. He was seriously injured and died within a few days. You dare to say that it was not you who murdered!"

Wan Guihai pointed at Gao Qingyang and cursed.

Ye Fan said, "Recruit from the truth, I can keep your corpse."

"presumptuous!"

Gao Qingyang scolded angrily, "Huangmao boy, what kind of thing you dare to speak up in front of me."

"Oh, you ask me what is it?"

Ye Fan stepped forward, sounding like thunder, plausibly:

"Gao Changlin was killed by my palm!"

"Gao Changzong was killed in my town too!"

"You, Qingyangmen, will also be destroyed; and you will also be on the road. I will send you to see the scenery of hell."

Three steps.

With each step, the momentum increases by one point.

When the last step collapsed, the momentum had risen to the extreme.

Gao Qingyang's eyes were in a trance, his brain buzzed, and he only felt that there was a man in front of him, but an insurmountable mountain.

The weight of a huge amount is pressed horizontally on the shoulders.

Gao Qingyang was covered in cold sweat, his knees were slightly bent, and his legs trembling slightly; he gritted his teeth and opened his mouth in horror, but he could not speak.

"Since you don't say it, I respect your opinion. Go ahead, go down and face Han Qing's confession."

Ye Fan raised his hand.

The hand is like a knife, splitting it down.

"stop!"

On the knots, deep in the lobby, there was a loud shout, and a raging breath swept across.

But.

This is not enough to stop Ye Fan's means.

"boom!"

Gao Qingyang's back was interrupted, and his whole body was limp on the ground.

call.

At the same time, Huang Sihai also killed out.

Looking at the disused Gao Qingyang, he was furious, his breath billowed with murderous aura.

Originally in the middle hall, he was waiting for Gao Qingyang to solve his troubles and come back; but he found that something was wrong, and he faintly felt a terrifying aura.

He knew it was not good, Gao Qingyang encountered a catastrophe.

But still too late, Gao Qingyang was brutally killed. The back is interrupted, and it's all powdery, even if the Chinese medicine is here, it can't be saved.

Unless, the mysterious medical saint comes, there is still life.

However, the dignified medical sage, one of Daxia's most noble existence, how could it be possible to bend himself to heal a small leader of the rivers and lakes.

"Boy, you didn't hear what I said!" Huang Sihai was furious, with fluttering hair and beard, staring at Ye Fan.

"What about hearing it!"

Ye Fan's tone was calm.

This posture is embarrassing.

Especially tomorrow, the family of three is still in shock. The dignified Qingyangmen sect master and the top gangster in Nanling are just like that!

Gao Qingyang didn't move, he didn't even change his hands.

It's incredible.

Of course, Tomorrow's couple are both warriors, knowing that the reason why Gao Qingyang did not fight back was because Ye Fan was completely suppressed at that time, and his brain was blank.

This also shows even more that Ye Fan is unfathomable.

Huang Sihai didn't take the shot directly, and he was a little scrupulous about Ye Fan. He coldly said: "Boy, a little bit of knowledge, but too arrogant. I don't know that there are people outside the world and the sky outside. High-definition Yang is just careless, otherwise you would not be so easy to waste. Lose."

"The frog at the bottom of the well, with limited knowledge, will feel that the liger roar is arrogant; but I don't know that for the liger, roaring at will, it's commonplace."

Ye Fan's eyes were contemptuous, and he sneered: "I naturally understand the truth about others, but unfortunately, you are not among them."

"What a yellow-haired child with sharp teeth and a sharp mouth."

Huang Sihai is not light.

Since he became a half-step master, he has been respected and treated there; even in the central capital of Crouching Tiger, Hidden Dragon, he is also a big man.

How can you endure this humiliation!

"Boy, you know that the grandmaster must not be insulted. Although I am half a step, but I also got by the side of the grandmaster. You humiliate me, it is a death penalty."

"I am a distinguished person. I shouldn't have done anything to humble people. I came to Qingzhou just to murder my disciple's fierce murderer. But you, you guys, you want to die by yourself. Forget it, today, I will use your blood for my disciple. Let's pay a memorial service first. In addition, I have some old friendships with Gao Qingyang's father, so it can be regarded as revenge for Gao Qingyang!"

"Hong Li, that Hong Li who wants to kill Liu Zhen?" Ye Fan said.

Suddenly, Huang Sihai's face was grim, "It turns out that it was you, the real murderer who killed my disciple. Shuzi, you take your life."

Woo woo woo.

In an instant, the Yellow Sea erupted.

Ye Fan was very surprised. He didn't expect this old white-haired man to have some background, but he was only surprised.

"kill!"

Huang Sihai came to culling.

This punch was so powerful that Wan Guihai and the others changed their expressions.

"It's really a narrow road. If you get to Changning, you will inevitably have variables. If you encounter it here, I will simply send you to Hong Li to reunite."

Ye Fan chuckled lightly, holding his hand motionless, even though he hit his chest with this fist, he did not move a bit.

"this!"

Huang Sihai was like a ghost, screaming in horror: "Impossible, this is impossible!"

"There are people outside, and there are heaven outside the sky."

Ye Fan responded with the same sentence, hands up and down, as fast as lightning, and then turned around without a trace of cloud.

at the same time.

The disciples of the Tianzun Hall branch, the disciples of the Five Elements Hall, and the friends of the Five Elements Hall on the rivers and lakes, all showed up.

In an instant.

The entire Nanjiang Garden, inside and out, is full of people.

The family of three Mingxiangxiang was stunned.

"Exit!"

Wan Guihai ordered.

Suddenly, the sky full of figures came in, and the Qingyangmen headquarters was instantly submerged.

Needless to say the ending.

"you you....."

In the yard, Huang Sihai's eyes protruded, his throat squirmed and trembling, struggling and staring at the white figure that was drifting away.

He covered his heart with one hand, covering the hole of blood in his fist.

".....who is it?"

In the end, Huang Sihai fell into a pool of blood unwillingly, extinguished his vitality.

Ye Fan is walking out of Nanjiang Garden.

Chapter 198: Thousands of people come to Korea!

Mysterious, powerful, extraordinary, handsome...

All the good words are blooming in Mingxiangxiang's mind. She never thought that she would meet such a peerless man in her lifetime.

But then, Ming Xiangxiang's face became dim.

Mingyue was a person who came over. Seeing her daughter's state, she comforted: "Xiangxiang, Ye Fan is destined to be different from us in the same world. I guess he should be the young master of the Central Capital, a real dragon among people."

"Mom, I know."

Mingxiangxiang bit her red lips and sighed faintly, but the thought of developing the central capital was also born in her heart.

Tomorrow the couple don't know that at this moment, their daughter will become the famous female overlord of the central capital in the future.

This is of course something later.

The Qingyangmen headquarters was destroyed, and the rivers and lakes set off huge waves for a time.

but.

The five elements hall masters such as Wanguihai and Gengyao had planned long ago to unite all forces to suppress the remnants of Qingyangmen and prevent riots.

Three days later.

Time subsided gradually.

Wanguihai, Wuxingtang United, Nanling Public Security Bureau and Qingzhou War Department deported the remnants of Qingyangmen and arrested them.

Thunder overbearing means.

This has been endorsed, supported and supported by many forces in Nanling Rivers and Lakes, because Qingyangmen Langzi's ambitions want to dominate the rivers and lakes, and I don't know how many forces have been destroyed over the years, causing countless disasters.

In just three days, Qingyangmen was completely destroyed.

Of course, this is only for those under the Qingyangmen. As for the industry to which the Qingyangmen belongs, how to deal with it is still a very time-consuming and laborious project.

In three days, the originally dilapidated Sun Moon Gate was completely repaired, but tomorrow it will cost a lot of money to rush to work.

this day.

The threshold of the sun and the moon was broken, and it was extremely lively.

Among them, the big brothers of the rivers and lakes gathered, and the momentum was soaring; there were countless people of the rivers and lakes, crowded and dense, and roughly estimated to be ten thousand... But all of them are very kind, because no one dares to be presumptuous.

They didn't know who killed Qingyangmen, only Tomorrow's family knew.

Because of this, the sun and moon gate has risen and the boat has risen, and many forces are jealous; and today these bigwigs of the rivers and lakes came to see the big man who destroyed the Qingyang Gate.

"I heard from the hall master of the Five Elements Hall that he was a terrifying strong man who killed the high-definition Yang forcefully; including a Taishan Beidou, a half-step master-level figure invited by the high-definition Yang."

"Really?"

"It's true. My brother has a good relationship with Geng Yao, the head of the Baijintang Hall, and got a little bit of news."

"It is said that at that time, Gao Qingyang was shocked and did not dare to move, and was dismantled by the big man; and that half-step grandmaster, when he met his face, was beaten through his heart, his internal organs exploded, and he died."

"hiss!"

Everyone took a breath.

The gangster continued: "It's terrifying to think about it, half-step master, Taishan Beidou in the martial arts world, who are all big figures in the central capital, actually died here."

"Hey, the sun and moon gate master hasn't come out yet, but he recommended that big man. That adult destroys the Qingyang Gate, it's a great thing for us and Nanling Rivers and Lakes."

"Yes, we came today and prepared generous gifts just to thank the adults."

Many big shots talked about each other.

At the venue, Ming Xiangxiang saw everything in her eyes and was deeply moved.

The Sun Moon Gate is only a second-rate medium strength in the Nanling Rivers and Lakes. How did you ever think that one day, there will be so many powerful people coming to visit.

Moreover, he respects the Sun Moon Gate very much.

"This is all the light of Brother Ye Fan. This is the strong man, who can be ascended to heaven alone."

Thousands of people come to Korea!

What kind of concept is this, I can't even think about it.

Mingxiang Xiang muttered to herself.

Next to him, the personal maid joked: "Miss, if you like Master Ye Fan, please confess it quickly. I heard that Master Ye Fan is leaving Nanling today."

"real?"

"Yes, I just went to deliver tea, I heard it."

The maid persuaded: "Miss, your country is beautiful, impeccable; and you know how to do it, Master Ye Fan must have a good impression of you. You confess, don't miss this great opportunity."

Mingxiangxiang's eyes flashed with struggle.

For a moment, he sighed sadly: "Forget it, I am not worthy of Ye Fan. However, I will work hard. When it is here, I am going to the Central Capital."

"What? Miss, what are you doing in the Central Capital. There is no need for Nanling. In Nanling, you are very noble. But in the Central Capital, then..." The maid did not continue, but the meaning was obvious.

"I have decided."

Mingxiangxiang was determined and solemnly said: "I once heard my parents talk about the greatness of the central capital, and the legendary 72 sects. The Martial God Temple, which ranks number one, is so powerful, even if it is the Great Summer War. I'm very jealous. If I can become a disciple of the Martial God Temple and learn the tyrannical martial arts, even if I can't catch up with Ye Fan's footsteps, at least I will be able to see him."

"I must become stronger!"

Ming Xiangxiang squeezed her fist, her eyes shining brightly.

The maid was stunned.

"Hahaha."

Suddenly, a hearty and gratifying laugh came from the couple.

Ming Xiangxiang said, "Parents, why are you only, Uncle Wan, and Brother Ye Fan?"

"They are gone."

"what?"

Mingxiangxiang was startled.

Mingyue comforted: "Xiangxiang, don't be sad. Mr. Ye is our unattainable big man, but don't be discouraged. Mom and Dad have heard what you said just now."

"Parents, you guys..."

"My dear daughter, mom and dad are very pleased that you have such lofty ambitions. My dad has a friend in the central capital, and spends some wealth to run it. He should be able to introduce you to the Martial God Temple through him."

Ming Xiangxiang was overjoyed, "Dad, is what you said true? Can I really become a disciple of the Martial God Temple?"

Tomorrow shook his head and said earnestly; "Wu Shen Temple, the 72nd Sect of Zhongzhou ranked first, and there are countless strong people. The country has recruited many strong people in the Wu Shen Temple, and they are all in high positions. It can be said that the power of the Wu Shen Temple is immense. It is a giant of heaven and earth."

"The Martial Arts Hall recruits disciples extremely harshly. If you want to become a disciple of the Martial Arts Hall, you still need to work \*\*\*\* your own to show your talent and potential."

"Dad, I definitely can."

"Okay, I believe my good girl can succeed." Tomorrow laughed, holding Mingxiangxiang, and greeted: "Let's go, let's meet those big brothers in the rivers and lakes for a while."

At the venue, the family will come out tomorrow.

Suddenly, the delivery came with full eyes, and some bigwigs couldn't bear it.

"Brother tomorrow, you have finally come out. As for that adult, please recommend me. We all thank you in person to get rid of the malignant tumor for my Nanling."

"Yes, we want to see the adults."

Tomorrow he stretched out his hand, pressed the Void button, and said with a smile: "Everyone, my lord has seen your thoughts and is very pleased. However, my lord, mysteriously, has left the Sun Moon Gate and cannot accept his thanks in person."

"Gone? This...oh!"

The gangsters sighed.

Tomorrow he shouted: "You don't have to be melancholy. If you are destined, the adults will come to Nanling. I have prepared the banquet, and today I will come to a river and lake party for a drink."

A banquet is being held here.

On the other side, the Qingzhou branch of Tianzun Palace.

"Honorable Lord, I took it down and will arrange for someone to pay attention to the man named Ye Chen."

Wangui Haidao.

On the night three days ago, Xiao Shenzhou gave the name "Ye Chen", saying that he was a genius child of the Ye Clan. He was hunted down and fled to Qingzhou.

Ye Fan was very concerned about this matter.

If you can really find that Ye Chen, maybe you can learn a secret from Ye Chen.

However, because Qingzhou is so big, it is too difficult and too difficult to find someone. It can only rely on luck.

At noon, I had a drink with Wanguihai, and then Ye Fan boarded the plane back to Changning, but Ye Fan never thought that this was the closest time he was to Guimen Pass...

Chapter 199: Fight!

When Ye Fan flew to Changning, in Changning Ruyi Xuan, Xiao Shending finally woke up.

"Master, you finally woke up, but you scared us to death." Wang Teng and Du Juan cried with joy.

Xiao Shending vomited blood and was in a coma for three days and three nights, but Chinese medicine doctor Yun Xiang was helpless. Now that I wake up, everyone is relieved.

"Ahem."

Xiao Shending's face was pale and bloodless.

With a look of breathlessness, he sat up with support, his face haggard: "How many days have I slept?"

"Three days."

Xiao Shending coughed a few more times.

Aunt Yun Xian said: "Master Xiao, you are angry and hurt your heart. You need to rest for a while. Otherwise, leaving the root of the disease is a major event that affects your life."

"Yeah, master, the emerald world is gone, and it's no big deal. With our energy, we can make another one. Tiger Ben, Sirius, and Crazy Fight are also urgently recruiting troops. Within half a year, a complete Tiger Ben camp will be rebuilt. , Sirius Camp and Kuangzhan Camp." Du Juan said.

"Master, don't think too much, take a good rest." Wang Teng said.

Xiao Shending laughed bitterly, and said leisurely: "I didn't expect Xiao Shenzhou to be so hateful, so I just started it."

"Master, the emerald world is shattered, they said that it was the forces of Nanling Rivers and Lakes, not Xiao Shenzhou."

"No, it must be Xiao Shenzhou at work behind him. Do you think he came to Changning just for fun? By the way, where is that guy now?"

Du Juan said: "I don't know, it should not be in Changning."

Xiao Shending got out of bed, and Aunt Yun Xian brought the medicine over.

After drinking the medicine, Xiao Shending flexed his muscles and bones, and he found that his body was empty, not the same as before.

"Changning, can't stay."

Xiao Shending looked at the sky with resentment in his eyes.

"How about Uncle Zhong?"

"Already awake, but can't go to the ground yet."

"Clean up, let's go to the central capital." Xiao Shending made a decision. Although he was very unwilling, the current situation was very unfavorable for him.

The arrival of Xiao Shenzhou also secretly drove the Nanling Rivers and Lakes forces to destroy the emerald world and disrupted his plan.

The competition between the children of the Xiao clan is very cruel.

The strength of Changning and Nanling was greatly lost, and if Xiao Shenzhou came to Changning to attack, he could not stop it.

For safety's sake, you can only go to the central capital.

"Master, I will make arrangements."

Wang Teng retreated.

Two hours later, Xiao Shending and his entourage left Ruyixuan. Not long after, they boarded a private jet and flew to the central capital.

At that time.

Ye Fan's plane had arrived over Changning.

In the cabin, Ye Fan looked out the window, shuttled between the clouds, as far as his eyes could be, a vast expanse, without knowing the edge, his heart was bold.

"Mom, look, there are rockets."

Suddenly, a little girl pointed out the window and shouted.

In just a few seconds, the plane plummeted directly.

"Ah, we are dying."

"Why is this, why is there a shell attack, I don't want to die."

"I am the pillar of the family, how can I die here..."

In the cabin, the passengers cried.

Ye Fan's eyes were full of anger and murderousness. He knew that none of the shells was aimed at him, and these innocent passengers were inflicted.

He was about to arrive at the airport and was attacked over Changning! !

Who is it, so bold! !

"Boom."

Ye Fan didn't sit and wait for death. He blasted the cockpit door with a punch. The co-pilot inside had fainted, and the old-faced captain was still struggling to support it.

"How about it?"

"The shell was killed, and the radar had caught it in advance. At that moment, I shifted the course, causing the shell to only hit the wing, otherwise the consequences would be disastrous."

Ye Fan admired, he deserves to be the old captain.

"The wing is on fire and loses balance. There is still power, young man, move the co-pilot to the back. Come here quickly and cooperate with me."

"good!"

At the moment of crisis, he didn't care about being gentle and careful, and Ye Fan directly threw the co-pilot back; he jumped into the seat.

In fact, Ye Fan is very proficient in flying airplanes.

However, those are all fighters.

Although there are similarities in the same way, Ye Fan feels that the old captain should be trusted. The old captain should be more powerful and experienced than him when he is flying a civil aircraft.

"Boy, it's started."

"Come!"

At this moment, Ye Fan was very nervous.

It's not because of life and death. After all, it has been so many years of life and death in the world battlefield, but it is an inexplicable honor to work with this old captain.

Don't give up or abandon, swear to stick to your post.

Impressive.

At the same time, Changning Airport, the tower.

Has been messed up.

"8913, please answer when you receive it."

"8913..."

"Report Director, 8913 lost contact, and came towards the airport at a speed of 380 kilometers per hour."

"Report Director, 8913..."

"Report to Director Gao..."

Cui Hao, the director of the control tower of Changning Airport at that time, was already in a cold sweat. There were two hundred passengers on No. 8913, including five flight attendants, one captain, and one deputy captain.

Regardless of the impact that the plane crashed at the airport and the damage to other planes, 8913 alone would be a catastrophe.

This is a major event that is going to make a national sensation.

Cui Hao was tense. He had been contacting the city chief Fu Xuejian and the war zone commander Cao Bing to report the situation in one sentence.

Fu Xuejian and Cao Bing were also terrified.

If an accident occurs in 8913, there is no doubt that they will all be dismissed and investigated.

But now.

8913 crashed, there is no suspense, there is no remedy, unless...

There is a miracle!

At this time, No. 8913 was surprisingly quiet.

Yes, it is quiet.

The flight attendants actually calmed the frightened passengers. Perhaps everyone knows that death is inevitable. At the last moment of life, think back to the excitement of so many years.

And in the cockpit.

"We are going to fly up, pull up!"

"How much to pull."

Ye Fan asked, his eyes could hardly be opened at this moment, the windshield burst, strong wind and atmospheric pressure all the time did not want to wash him out.

If it weren't for Ye Fan's superior strength, I'm afraid he would have fallen freely long ago.

"Pull as much as you want, fill me up."

The captain drank heavily.

At this moment, the plane that had fallen almost in a straight line began to fly gradually. The tower observed this situation, and Cui Hao was overjoyed: "The function is not completely destroyed, the captain is still operating, there is hope!"

"Call me."

"8913 Please answer when you receive it."

"8913 Please answer when you receive it."

"All units pay attention to activate first-level safety fire protection, and all units pay attention to immediately activate and safe fire protection."

Many ambulances. The fire truck drove towards and ran.

The entire airport was completely blocked.

"Slow down, this speed won't work." Ye Fan squinted, and the clothes on his body had long been torn apart by the air current like a sharp knife.

Even on the body, it was scarred.

"Reverse push fails!"

The captain yelled.

Ye Fan's face changed, but there was a foot brake under his feet.

"No, you can't hold it down and force the foot brake, and your legs will be scrapped." The captain shouted against the wind current.

"Believe me."

Ye Fan also shouted.

The captain was startled, and immediately laughed, and the operator made an emergency landing.

"All units should pay attention to the emergency landing of 8913 on the 02 right runway, take fire safety measures, and be ready for rescue at any time."

Cui Hao issued an order, a heart hanging in his throat.

Rumbling.

At last 8913 appeared over the airport and landed at a super fast speed.

Cui Hao's face was grim, "At this speed, I will rush out of the runway!"

"The reverse thrust fails, and the foot brake can hardly stop."

Cui Hao's heart sank to the bottom again.

"Boy, it's started."

In the cabin, the captain suddenly grabbed Ye Fan's shoulder.

At this moment, the two men looked at each other, and a kind of trust was born between each other.

Ye Fan handed over the control of the cabin to the captain, which was a kind of trust and entrusted his life; the captain, handing over the last organ to Ye Fan was also a kind of trust.

"Start!"

Ye Fan roared.

"Let it go!"

The moment the plane entered the runway, sparks splashed and tires caught fire.

Ye Fan stepped on the foot brake.

boom!

In an instant, a monstrous force attacked Ye Fan's legs, and then spread all over the limbs.

Ye Fan bowed his whole body.

"Hold it up!"

The captain roared.

He has been a captain for 20 years, and of course he knows how dangerous the foot brakes are for an emergency landing to slow down the speed. That kind of reaction force is simply not something that humans can bear.

However, Ye Fan did it.

That's right, he did it, his whole muscles were squirming.

The legs of the trousers were exploded by the bulging muscles and exploded directly. The green veins, like the roots of an old tree, wrapped around the calf, shocking.

"hold head high!"

Ye Fan opened his mouth and let out a dragon chant.

The movement of the foot brake pedal was not scored by him. This picture shocked the captain. As for the result, the plane did not leave the runway in the end.

Succeeded in an emergency landing.

All crew landed safely.

"call!"

Ye Fan breathed a sigh of relief, his whole body limp on the seat, his legs twitching constantly.

Tilted their heads, and the captain looked at each other, and the two laughed.

"Miracle!"

At the tower, Cui Hao put down his binoculars, his face was solemn and sincerely admired.

After half an hour.

Ye Fan and the captain changed into new clothes and walked out of the cabin, thunderous applause rushed into the sky.

All passengers, flight attendants, and airport staff are waiting.

"You are everyone's heroes."

Cui Hao came and saluted.

The two replied.

An hour later, Ye Fan left the airport. He did not expect that the captain would have waited for him outside long ago, beckoning and shouting: "Get in the car."

After experiencing life and death, Ye Fan felt kind to the captain.

"Go for a drink?"

"Right on my mind."

Chapter 200: To come and not to be indecent

After having a drink with the captain and making friends, Ye Fan came to Mingyue Manor.

"Brother Fan!"

Jiang Long and Zhao Qingmei were already waiting.

In the case of 8913, although the city chief Fu Xuejian ordered the blockade, Zhao Qingmeigui is the richest woman in Changning, and he can still inquire about it.

"Fortunately you are okay, worrying about us."

"It can be regarded as a walk through the gate of a ghost. It has been a long time since it has been so exciting." Ye Fan smiled, but Jiang Long and Zhao Qingmei were stubborn.

Because they felt that Ye Fan's smile concealed a strong murderous intent.

Indeed, Ye Fan's murderous aura was brewing.

To deal with him, he actually pulled the entire 8913 passengers, which was hundreds of lives and hundreds of families.

Who is it, so vicious!

Such a bold move!

"Brother Fan, I have already contacted Fu Xuejian and Cao Bing, and I am trying my best to track down the murderer."

"Um."

Ye Fan responded, and then talked about his three days in Nanling.

Jiang Long didn't feel much, after all, he had experienced countless big scenes, and he was on the battlefield of the world.

But Zhao Qingmei is different.

Although he was the owner of the Changning branch, he had experienced such a big scene there, and he had heard of the first force in the Nanling River and Lake.

The Qingyangmen just fell apart.

Worthy of being the lord of the Tianzun Temple, dominating everything while turning his hands.

"By the way, I've been away for these three days, what did Xiao Shending do?"

Ye Fan asked.

The emerald world was shattered, Xiao Shending must be mad.

According to Xiao Shending's long-term thinking, the Emerald World Disappearance would definitely not contact him, at most he would think that Xiao Shenzhou did it secretly.

But.

Ye Fan knew that Xiao Shenzhou had a lot of tricks. After working with him, he might turn around and say to Xiao Shending: The destruction of the emerald world is the ghost of Ye Fan.

In this way, Xiao Shending is very likely to retaliate.

In this air crash, Ye Fan guessed that it was Xiao Shending, which was very likely.

"There is nothing happening at Ruyixuan, but Juding Group is a bit unusual. The business is actively compressing, and many executives have resigned."

"Really." Ye Fan blinked.

"I have arranged for someone to check it, and there will be results soon."

What to say.

Zhao Qingmei's mobile phone vibrated and got the following report.

"Brother Fan, that Xiao Shending is afraid that he has already left Changning, because the Juding Group has changed hands."

"what!"

"The Juding Group sold 10 billion to the Jinhua Mao Family. At present, the Jinhua Mao Family's eldest Mao Jialan is the chairman."

Ye Fan frowned, "When did it happen?"

"Just over an hour ago."

When Zhao Qingmei finished speaking, Jiang Long patted the table and said bitterly: "There is no doubt that this air crash was made by Xiao Shending. Now everyone else has run away, \*\*\*\* it! I think it must have been to the central capital."

"Brother Fan, inform Xing Tian to intercept the plane in Zhongzhou. Then Xiao Shending is too presumptuous. Since playing this method, let's treat him with his own way and send him on the road!"

Jiang Long's tone was harsh and murderous.

Zhao Qingmei didn't doubt these words. Xing Tian, the owner of the Daxia Headquarters of the Tianzun Hall, is located in the central capital and is full of energy.

However, Zhongzhou is too vast, with many lofty mountains and ridges, as long as they are properly prepared, they can completely stop the plane halfway and kill Xiao Shending without knowing it.

"Notify Li Chungang and quickly check the route of Xiao Shending's private jet."

"good."

"Xiaolong, you go to the Juding Group to find out if Mao Jialan is at the helm. I suspect that this is Xiao Shending Jin Chan's shelling and playing with smoke bombs."

Jiang Long left immediately.

It didn't take long for Xiao Shending's route to find out that he was indeed flying to the central capital.

Ye Fan called Xing Tian and issued an order, "Lao Xing, Xiao Shending fly to the central capital, private jet number U2567. Go in person, and stare at Xiao Shending."

"clear."

after an hour.

Jiang Long returned and Hui reported: "Yes, Juding Group has been taken over by the Mao family with full authority, and Mao Jialan is the new chairman. Tonight, Mao Jialan will host a banquet at Tianhao Hotel to entertain celebrities from all walks of life in Changning."

"Brother Fan, Xiao Shending was defeated and fled in embarrassment."

"Hahaha."

Jiang Long laughed.

Ye Fan was thoughtful, disappointment flashed deep in his eyes.

Changning Airport.

On a private jet, Pei Qing said, "Master, these are all the live videos I found."

"Hey, Ye Fan has a tough life, God won't accept him."

Xiao Shenzhou sighed.

After learning that Xiao Shending was leaving Changning, Xiao Shenzhou had the idea of causing trouble, so he arranged for someone to launch cannonballs to strike No. 8913.

I thought that Ye Fan could be killed, but I didn't realize it, and a miracle appeared.

"Master, we have to leave as soon as possible. The Changning Municipal Government and the War Zone United and the United States have set up an investigation team to fully investigate the air strike. Although we are not afraid, it is best not to cause unnecessary trouble."

"Xiao Shending is gone, where is Juding Group?"

"Juding Group was sold, and it was 10 billion. It was the Mao family in Jinhua who took over. This is also a big family."

Xiao Shenzhou sneered and said, "Ten billion, it's really cheap."

Pei Qing said: "He must sell the Juding Group. The three major battalions of Sirius, Kuangzhan, and Huben have almost collapsed. He continues to rebuild with funds."

"In this case, the tens of billions cannot be easily obtained by Xiao Shending."

"Master, what are your actions? Tonight Mao Jialan, the eldest of the Mao family, is hosting a banquet for all the celebrities in Changning at Tianhao Hotel. If you have an idea, tonight is a good opportunity."

Xiao Shenzhou groaned: "There is not so much time. Go and find Mao Jialan and bring her over to see me."

"Yes."

Pei Qing rushed to the Juding Group non-stop, and it happened that Jianglong walked out of the Juding Building. The two passed by, looking at each other, because they both felt the strength of each other.

What a strong kid!

Pei Qing admired it very much, stepped forward, and shouted, "Little brother, please stay."

"what's up?"

Jiang Long is also very interested.

The two didn't know each other, and Ye Fan didn't bring Jianglong when he went to Nanling; Jianglong stayed in the simple place and rarely appeared with Ye Fan, and Xiao Shenzhou didn't find out.

Xiao Shending or Xiao Shenzhou only found out Ye Fan's older sisters, nothing more.

"Little brother, this body is really strong." Pei Qing smiled, patted Jiang Long on the shoulder, and exclaimed more and more.

"Brother you too."

"Are you from Changning, what do you do now, where do you work?"

"I don't know what your name is, just ask me the details, it's not appropriate, brother." Jiang Long shrugged his shoulders.

"I was abrupt." Pei Qing smiled awkwardly, and stretched out his hand: "Get to know, my name is Pei Qing. I think little brother, you have a strong body, you must be a master."

"Jiang Long."

Jiang Long shook Pei Qing's hand.

In an instant, a strong force came; Jiang Long raised his brows, sneered in his heart, his face was still, but his fingers were locked.

"Um?"

Feeling the astonishing pressure from his hand, the bones seemed to be squeezed exploding, Pei Qing was shocked and quickly withdrew his hand.

"I didn't read it wrong, my little brother's strength is amazing. This is my phone number, and I hope it can be given to a friend. My young master appreciates the strong. If my little brother wants to, follow me to see my young master later, and he will definitely give it to you. It doesn't matter if the salary is convenient for a certain job. Money is nothing to my young master. Giving you 100 million a year is a trivial matter."

"A hundred million is a trivial matter. It's true or false. Changning doesn't have such a proud young master. Tell me, what is your young master's name?"

"Xiao Shenzhou."

Jiang Long was stunned, but his expression disappeared instantly, pretending to say, "Is the young master of the Xiao family? But the Changning Xiao family has long been shattered."

"Neither, nor, my young master is from the Central Capital, not something the little Xiao family like Changning can match."

Pei Qing's face flashed with pride.

He was loyal to Xiao Shenzhou, and seeing Jiang Long so powerful, he had the mind to solicit. The stronger Xiao Shenzhou's power is, the better he will rise.

If Xiao Shenzhou can overwhelm the other children of the Xiao Clan and become the heir of the Xiao Clan in the future, then Pei Qing, also the elder of the Xiao Clan, is a great figure.

"I think about it, this is my call."

Jiang Long wrote a note to Pei Qing.

Pei Qing was overjoyed: "Well, you must call me, you won't let you down, brother. I have something to do, so I won't talk to you anymore."

Looking at Pei Qing's back, Jiang Long couldn't laugh or cry.

He sent a text message to Ye Fan, and then drove to Mingyue Manor.

"Little dragon."

As soon as Jiang Long arrived at the manor, Ye Fan asked: "You sent a message saying that there is great news, so please tell me."

"I want to be an undercover agent."

"Undercover?"

Ye Fan and Zhao Qingmei were dumbfounded.

Jiang Long talked about what happened to the Juding Group. After listening to it, Ye Fan laughed up to the sky, "I'm so ridiculous, God helped me."

"Brother Fan, staring at Xiao Shending and Xiao Shenzhou is too strenuous, and will be lost at any time. I will go undercover and follow Xiao Shenzhou, and I will be able to inquire about a lot of things."

"Of course, with this good opportunity, how can you let it go."

Ye Fan had thousands of tricks when he turned his eyes.

"I now suspect that the air raid was caused by Xiao Shenzhou, and the purpose was to bring disasters to Xiao Shending. It really turned out to be a scheming kid."

"Pei Qing went to the Juding Group, I am afraid it was looking for Mao Jialan, Xiao Shenzhou didn't even want Xiao Shending to get that 10 billion, it was vicious enough!"

Jiang Long asked: "Brother Fan, then I call now?"

Ye Fan waved his hand, the corners of his mouth raised, his eyes gleaming.

"Not in a hurry, not in a hurry, not to be indecent, we have to give Xiao Shenzhou a ruthless note. Also, in order to give you a chance to show..."
