Chapter 201: Have their own calculations

Juding Group.

A privately-made Rolls-Royce with an estimated value of 80 million drove out, this is naturally Mao Jialan's car.

Among them, in addition to the driver and the personal servant girl, there is also Pei Qing.

"Previously, the Xiao family, Changning's first big family, was just a trivial branch. I want to see what a big man the young master of the Xiao family is!"

Mao Jialan played with the red wine glass in his hand, looking forward to it.

Pei Qing smiled and said: "Miss Mao, the strength of our Xiao clan is too vast. My young master ranks sixth among the younger generations of the Xiao clan. I call it the Sixth Young Master. He is the young leader of the Xiao clan."

"Young leader!"

The four words make Mao Jialan vibrate.

Although she is Miss Huahua, she is not a fool.

Only when the super super family is prosperous enough, there are enough children in the family, and the competition is fierce enough, will "young leaders" be born.

Once born, it must be a world-shaking human dragon.

Mao Jialan's heart throbbed.

Rolls-Royce was speeding and arrived at the airport not long after. Under the leadership of Pei Qing, Mao Jialan came to Xiao Shenzhou's private plane.

This private jet is worth six billion less.

Mao's family also has private jets, but they are just ordinary goods, about one billion yuan, which pales in comparison.

The central cabin of the aircraft is a super large living room.

Pei Qing came and said respectfully: "Master, Miss Mao is here."

"Miss Mao, come here, here is my young master."

Mao Jialan came over, and at the right time, Xiao Shenzhou tilted his head and his eyes were facing each other. Mao Jialan's heart swayed suddenly.

Such a handsome and temperamental man!

In an instant, Mao Jialan was overwhelmed by Xiao Shenzhou's breath, and lowered his head unconsciously, a shy color appeared on his face unexpectedly.

If people in the Jinhua business circle saw this, they would be surprised.

The dignified Miss Mao's family, who has no scruples, played with Mao Jialan who doesn't know how many men, unexpectedly...will be shy!

"Miss Mao, please sit down."

Xiao Shenzhou was very satisfied when he saw Mao Jialan's expression.

"Uh, good."

Mao Jialan took a deep breath, calmed herself down, and then asked cautiously: "Sixth Master, are you from the Central Capital?"

"That's it."

"As far as I know, there is no Xiao Clan in the first-class family in the Central Capital, and even the super-large family above it."

Xiao Shenzhou smiled, and said unpredictably: "You don't know, it doesn't mean there is no. We Xiao Clan, you can understand it as a hidden family."

"Hidden Family?" Although Mao Jialan was puzzled, he had heard of it.

Daxia is famous for thousands of years, and countless Wang Chao has risen and fallen, among which there are countless aristocratic families.

There is a saying that goes well: Wang Chao, who is flowing water, is a family of iron and steel.

This means that the super family is even longer and stronger than Wang Chao's inheritance.

And now.

In the era of scientific and technological civilization, the horror family with a long heritage, for some reason, or reached a certain agreement with the top of Daxia, rarely came out.

Thus, there was a hidden family.

Every hidden family is a terrifying behemoth.

Represents glory, prestige, power...

"Xiao Clan."

Mao Jialan didn't listen to the whisper, and she remembered it deeply in her heart. She recovered and asked: "Sixth Master, what do you want me to do?"

"About Juding Group."

"The Six Young Masters want Juding Group?" Mao Jialan was surprised.

Xiao Shenzhou shook his head, "I am not interested in the Juding Group, but the 10 billion. To be honest, the Juding Group was taken by my three Xiao Shending, and now he leaves Changning to take the Juding Group. The group sold 10 billion to the Mao family. I don't want him to get this 10 billion."

Mao Jialan suddenly realized.

In the Hidden Family, young children have fierce competition, and they all want to be young leaders, so the secret confrontation is extremely fierce.

"The Sixth Young Master wants me to transfer this ten billion to you?" Mao Jialan asked tentatively, and then frowned: "I'm afraid it won't work. Ten billion is not a small number. If it is for you, Xiao Shending will look for me. , What should I do. For a loss of 10 billion, our Mao family will suffer severely, and even shake their position in Jinhua. I cannot afford this responsibility."

"I didn't say let you transfer 10 billion to me, but let you delay it slowly and delay him for three to five years."

"this..."

Xiao Shenzhou narrowed his eyes and said with a weird smile: "Miss Mao, is this not enough?"

Mao Jialan was very uncomfortable being seen by Xiao Shenzhou... to be precise, it was a kind of excitement, as if there were thousands of ants all over his body before crawling.

"Sixth master, don't look at me like that. I want to help you, but I have signed a contract with Xiao Shending, and within a month, 10 billion will be transferred to his account. If it is overdue, it will be 1/10,000 per day. If this is delayed for three to five years, the liquidated damages will be immeasurable, and I won't be able to compensate for the sale of my Mao's family."

"You don't have to worry about this, I have everything."

Xiao Shenzhou laughed confidently.

Mao Jialan hesitated, she also had her own careful thoughts, and helped Xiao Shenzhou. That was to climb up the relationship with the Xiao clan, and there were many benefits.

But having said that, this would also offend Xiao Shending.

Mao Jialan knew that this was a gamble, and it was impossible to withdraw. When the Mao family took over the Juding Group, they had already been involved and entered the game.

"Come."

Suddenly, Mao Jialan was suspended in the air.

She screamed and looked intently, but found Princess Xiao Shenzhou in her arms.

Mao Jialan was completely blindfolded.

"Sixth Master, you..."

"I will leave Changning soon. Before that, let's have a little rain."

"what!"

Mao Jialan was surprised and delighted.

Xiao Shenzhou hugged her into the bedroom, and soon there was a high-pitched cry from inside, and I was embarrassed to hear Pei Qing, secretly sighing that Mao Jialan is really amazing!

...

When Xiao Shenzhou and Mao Jialan were overwhelmed by the clouds and rain, a small team was assembled in the mountains 18 miles away from the airport.

In addition to the ten-man team, there was a clarinet cannon. In addition, Ye Fan, Jiang Long, Zhao Qingmei, Xu Taishan, Liu Zhen, Li Yu, and Wuqi were all there.

"From the Aerospace Agency's news, Xiao Shenzhou's route will pass through this area." Zhao Qingmei said, "Sniping here will definitely knock Xiao Shenzhou down."

"Yes, I have a very good sense of measure, just hit it off. But he can't kill that kid, he has a lot of value." Ye Fan smiled.

"Brother Fan, when the plane crashed, Xiao Shenzhou and others parachuted down. Old Xu and the others went out. At the critical moment, I went to rescue and turn the tide."

Jiang Long was eager to try.

Later, he said again: "When necessary, I can get hurt a little in exchange for Xiao Shenzhou's trust. So, Old Xu, you just let it go."

Ye Fan exhorted again: "Follow Xiao Shenzhou, be very careful. You don't need to contact me every day. If there is nothing serious, please don't contact me to avoid exposure."

"clear."

Time flickered, and half an hour passed.

Zhao Qingmei received the call and she said, "Mao Jialan has left Xiao Shenzhou's plane. It looks like he is about to take off."

Jiang Long immediately ordered: "Gulei Cannon is ready."

Huh.

Ten-man special operations team.

In the eyes of Xu Taishan and others, the three-meter-high clarinet cannon slowly moved, and the five-meter-long black coffin, with its head held high, was shocking.

Gulei Cannon.

One of the core heavy weapons of the Tianzun Temple.

The power of a shot, like thunder, destroys everything.

In the world battlefield, the Gulei Cannon is a fearful existence in the war departments of various countries. Using the Gulei Cannon against a private jet is undoubtedly a sledgehammer.

Once the Gulei Cannon completely hit the plane, it was wiped out.

Not even the wreckage is left.

The reason why Ye Fan used the Gulei Cannon was to scare Xiao Shenzhou.

Now he became more certain that the airstrike was made by Xiao Shenzhou, and since Xiao Shenzhou let him walk through the gates of ghosts.

Then he will scare Xiao Shenzhou out of **** today!

At this time, the airport.

Mao Jialan turned her head three times, reluctantly bidding farewell to Xiao Shenzhou; moreover, she walked in an awkward posture, holding her legs and taking small steps.

On the private jet, Xiao Shenzhou was refreshed.

Mao Jialan's life was so good that he wanted to die; and Mao Jialan was completely conquered by him and completely obeyed his orders.

"Master, cow!"

Pei Qing gave a thumbs up.

Xiao Shenzhou hammered his sore waist and smiled contentedly: "I'm exhausted. I'm really a little waver. Uncle Qing, it's getting late, let's set off."

Chapter 202: Gulei Cannon Power

"Brother Fan, Xiao Shenzhou's private plane took off." Zhao Qingmei got a report from the eyeliner at the airport.

Ye Fan checked the time, and a minute later, he said, "Xiaolong, you can call."

"good."

Jiang Long immediately called Pei Qing.

At the same time, Pei Qing received a call from Jiang Long and was extremely happy, "Brother Jiang Long, have you figured it out?"

"Yes, I think your young master is a big man. It is a good opportunity for me to see the big world with him."

"You have a good idea. Follow my young master and you will be on the national and international stage. Where are you now?"

"I'm at the airport."

Jiang Long said like this.

Pei Qing said: "We have already taken off, wait a moment, and I will ask my young master."

"Whose phone number?"

Xiao Shenzhou asked with squinting eyes.

Because Pei Qing didn't know whether Jiang Long would agree to him, he didn't say Jiang Long's affairs. Now Jiang Long agreed to follow him, so he truthfully told the truth about his previous meeting in Juding Group.

When Xiao Shenzhou heard this, he rejoiced and said with a smile: "Uncle Qing, if you can't even defeat an expert, naturally you have to recruit. We need to accumulate more strength. Xiao Shending is nothing to worry about. In fact, I have never regarded him as a real opponent. My opponent is the eldest brother and the old nine."

Pei Qing was shocked.

The eldest brother and the old nine in Xiao Shenzhou's mouth refer to the eldest and nine young masters of the younger generation of Xiao Clan.

These two young masters are strong enough.

Even among the Xiao Clan, some elders dare not punish them easily.

"That person is at the airport. Unfortunately, we can't transfer back. Let him rush to the central capital and meet there."

Pei Qing immediately notified Jiang Long.

And here, in the mountains and forests, Ye Fan and others have heard the roar of the plane, Zhao Qingmei put down the binoculars and sneered: "Brother Fan, I have seen it, and I will soon arrive in the strike airspace."

"Prepare!"

Ye Fan spit out two words.

The Gulei Cannon was ready to go, and the breath conveyed in the dark made Xu Taishan and the others terrified.

At the same time, they are also looking forward to it.

How powerful is this gun?

"Buzzing."

The plane was already in sight, and gradually entered the striking airspace. Everything was within Ye Fan's calculations, and his eyes moved with the plane.

When he entered the calculated airspace completely, he stopped drinking: "Fire me!"

"boom!"

It was almost at the moment of speaking.

The Gulei Cannon was launched.

The dull voice was like the roar of a wild beast, the brains of Xu Taishan and others were blank, and the eardrums almost burst.

At the same time, the place where the Gulei Cannon was originally placed has collapsed deeply.

"hiss."

Everyone took a breath.

This counter-shock is too terrifying, enough to show that a shot is as powerful as thunder.

"boom!"

Xu Taishan and the others just returned to their senses, and a louder and more fascinating explosion sounded.

Rumbling.

Rumbling.

Rumbling.

The sky and the earth quake, the sun and the moon are dark.

I saw a mushroom cloud blooming in the sky, submerging the plane in an instant. At the same time, the aftermath of the explosion rippled away, spreading like ripples in a pond.

"Get down!"

Ye Fan shouted.

Xu Taishan and others crawled on the ground.

In the presence, only Ye Fan and Jiang Long stood still, and the aftermath couldn't shake the two of them. They were like towering mountains and would never fall.

"Airplane, is it gone?"

Xu Taishan's mouth was dry and frightened by this terrifying power.

indeed.

This is horrible.

The whole Changning and even the surrounding Jinhua shook. Every corner clearly heard the explosion that resounded through the sky.

Fortunately, Ye Fan greeted Cao Bing and Fu Xuejian in advance, so there was no panic.

At this moment.

In the mushroom cloud, an airplane is like a lone boat in the ocean, shaking and swaying, and will be destroyed at any time.

The plane did not disappear.

Ye Fan said, it was not to destroy Xiao Shenzhou, if he wanted to frighten him. Therefore, the ancient Lei Cannon did not fire at the plane, but at the sky above the plane, and then detonated.

The aftermath is enough to cause the plane to fall.

"Master!"

"Master!"

In the chaos, Pei Qing shouted.

However, the plane had been destroyed in an improper manner, the fire was boiling, and the smoke was billowing like a natural disaster in the end, and he could not see Xiao Shenzhou's shadow at all.

"Master!"

Pei Qingyun growled hostilely.

Finally, Xiao Shenzhou heard it and responded: "I am here, Uncle Qing, I am trapped by the fire, come and save me."

"Master, don't panic!"

Pei Qing was loyal and loyal and broke into the fire.

I could only see that in the corner Xiao Shenzhou was with, there were a few beautiful maids huddled together and shivering.

"Master, here I am."

Pei Qing comforted, rushed to the front, and suddenly smelled a peculiar smell.

It turned out that Xiao Shenzhou feces and urinates.

Xiao Shenzhou was really frightened, thinking that he was going to die here; as the young master of the Xiao Clan, he was extremely noble, what he wanted, and there were so many beautiful years at a young age, how could he be willing to die.

"Uncle Qing, what should we do? The plane crashed, we are going to die. We are going to die, oooooo, I don't want to die."

Xiao Shenzhou hugged Pei Qing and wept bitterly, where there was still the majestic appearance before.

Pei Qing held his breath and said firmly: "It's okay, the cabin is on fire, but the power is still very good. The cockpit is still working hard, we rushed out of the fire, and parachuted to escape as soon as possible. Master calm, with the girls, I came to clear the way, and they all approached me. ."

"Master, we surround you."

These maids were all trained. They were not weak women. At this moment, Xiao Shenzhou surrounded them to avoid being burned by the fire.

Xiao Shenzhou was so moved that he shouted: "Okay, wait until you are born and return to the clan. No one is thirty million, and you will be raised."

"Thank you, Master."

The maid was overjoyed.

Gradually, the group rushed out of the fire and parachuted down smoothly.

Twenty-eight people on the plane all escaped. Then, with a loud noise, the plane crashed and hit the mountainside, causing a terrible fire.

Xiao Shenzhou slumped to the ground, and this thrilling escape was enough to make him unforgettable. Growing up, it was the first time to face the danger of death.

too frightening.

Unable to help, Xiao Shenzhou began to cry again.

"Huh!"

Suddenly, a bit of cold light passed by.

Pei Qing noticed it and smashed it out with a punch, breaking the flying knife. He was wearing a soft armor holster in his hand, and the end was extremely hard.

"Enemy attack!"

"Protect young master, protect young master!"

Pei Qing roared.

One wave after another, Xiao Shenzhou was so frightened that he was surrounded by a group of maids; besides that, there were more than a dozen powerful guards.

"Chatter."

A series of sneers makes the scalp numb.

Xu Taishan and others were fiercely killed.

They wore black robes, face masks, and voice changers. They couldn't tell who was who.

"not good!"

Experts like Pei Qing found that Xu Taishan and others were amazing at a glance. He was alone, and I was afraid that he could not stop so many experts.

As for the dozen or so guards and maids, they were all mobs and couldn't protect Xiao Shenzhou.

"Damn it, who the **** is it!"

"Could it be Xiao Shending's back hand, Mao Jialan betrayed us."

Pei Qing gritted his teeth.

Xiao Shenzhou was also thinking secretly, furious.

Just now in the sky, he was very panicked; now, with his feet on the ground, Xiao Shenzhou is gradually calming down. After all, he is an outstanding child of the Xiao Clan, not a simple one.

"You protect my maid!"

"Master!"

Seeing Xiao Shenzhou take the initiative to kill, the guards screamed.

Pei Qing said: "Master, be careful, these are good hands, not simple."

"I'm going to see, who can kill me!"

Xiao Shenzhou stopped drinking and attacked brazenly.

In the jungle in the distance, Ye Fan looked on. He saw Xiao Shenzhou's embarrassed appearance, and the corners of his mouth raised, "Old Xu can be equal to Dianzhong, Pei Qing and Dianzhong are about the same, he can hold it alone."

"Xiao Shenzhou alone can't deal with Liu Zhen and Wuqi teaming up. Besides, there is also Li Yu waiting in secret to see how long they can hold on."

The battlefield has heated up.

Xu Taishan and Pei Qing fought inextricably.

On the other side, Xiao Shenzhou was pressed and beaten by Liu Zhen and Wuqi; the most terrifying thing was Li Yu, a good flying knife.

"puff!"

Finally, Xiao Shenzhou was blown into the air, blood spurting wildly.

"Master!"

"Fighting against me, you dare to be distracted. You look down on me."

Xu Taishan took the opportunity to fly Pei Qing.

With blood overflowing from the corner of his mouth, Pei Qing picked up Xiao Shenzhou, handed him the phone, and said in a deep voice: "Master, I will hold them, you run away. Be sure to call Jiang Long and ask him to come and support. As long as Jiang Long comes, We can fight back."

"Yes, Jiang Long!"

Xiao Shenzhou seemed to have found a life-saving straw.

According to Pei Qing's instructions, after a group of guards broke off, the maid protected Xiao Shenzhou and retreated. During the run, Xiao Shenzhou contacted Jiang Long.

"Brother Long, I am Xiao Shenzhou. I have encountered a disaster and come here to support me quickly."

"Is it caused by the explosion just now? Master insisted for a while, I have already found the sound, and I am about to arrive."

Sitting on the boulder, Jiang Long watched Xiao Shenzhou fleeing playfully, making up his mobile phone.

"Okay, come on!"

"wait for me!"

Chapter 203: Successfully mixed in

Jiang Long was not in a hurry. It was not the time to go out now, and Xiao Shenzhou had not yet faced the desperate situation of life and death.

In the battlefield.

Pei Qing retreated as he went, and more than a dozen guards were also assisting, restraining the footsteps of Xu Taishan's several people.

"call out!"

At this moment, Li Yu shot.

A series of cold light flashed by, and suddenly, several guards were cut down, and Pei Qing was also hindered; Xiao Shenzhou in the distance saw this, his face changed in shock.

"Master, go!"

"Want to go, foolish dreams!"

Xu Taishan's voice came out through the voice changer, very low and hoarse, exuding a cold and hot air.

"Do you really think my young master is a fool? The two camps of Sirius and Kuangzhan are almost ruined by destroying the emerald world. My young master feels this hatred very real. Today, I will use the blood of the six young men to pay homage!"

"Sure enough, Xiao Shending!"

Pei Qing and Xiao Shenzhou exclaimed.

"kill!"

Xu Taishan and Liu Zhen shouted, suddenly all their combat power broke out, stopping Pei Qing.

Do not beg and Li Yu inserted Xiao Shending to kill.

"Asshole, dare you!"

"You better worry about yourself."

Xu Taishan sneered. He and Liu Zhen joined forces, but Pei Qing was out of breath, injured one after another, and soon he was scarred.

At this moment, Xiao Shenzhou had reached the limit. He was panting as an ox, his legs were as heavy as lead-filled, and he was even more clumsy and unable to run.

In fact, the maids surrounding him had fallen behind several times, but Li Yu and Wuqi did not attack the women.

"Sixth Young Master, you don't follow the rules first, so the Third Young Master can only be ruthless."

"you!"

Xiao Shenzhou was furious, and escaped the flying knife, but stumbled.

Before he gets up, don't beg to kill him.

My life is over!

Xiao Shenzhou shouted in his heart.

At the moment of the moment, just listened to a thunder screaming, rippling away.

"Hey, who dares to hurt Young Master Xiao!"

This sound is loud enough.

Jiang Long appeared, shot Don't Begging, and lifted Xiao Shenzhou.

"Master, I'm late."

"Jiang Long!"

Xiao Shenzhou finally grabbed the life-saving straw. He was like the rest of his life. He laughed and said, "No, no, no, it's just time."

"Master, don't worry, no one can hurt you with me."

Talking.

Several throwing knives cut through the void.

"careful."

"Humph."

Jiang Long didn't even look at it. He grabbed his big hand out of thin air, clutching the flying knife tightly in his hand, and said contemptuously, "A mere hidden weapon, a subtle trick, and dare to show off in front of me."

Xiao Shenzhou cried out loudly, his hanging heart gradually realized.

"retreat."

Li Yu and Don't beg back.

"Want to go?"

Jiang Long chased him away and joined Pei Qing at the same time.

Several people fought together.

At this time, the ten-man squad manipulating the Gulei Cannon also came out. All of them were elites, not comparable to Xiao Shenzhou's guards.

"There's still assistance, **** it." Pei Qing was furious and shouted: "Brother Xiaolong, quickly take the young master and leave, I'll break it."

"Uncle Qing, you are already injured, so you should take the young master and the maids. After I break them, they are not my opponents at all."

Pei Qing didn't squeeze, turned around and left.

"Brother, be careful."

Xiao Shenzhou shouted.

Jiang Long glanced back, and then pretended to fight with Xu Taishan in a desperate posture.

ten minutes later.

Pei Qing, Xiao Shenzhou and others rushed out of the mountain.

"Finally escaped." Xiao Shenzhou gasped and asked, "Uncle Qing, if it weren't for Jianglong, we would have been planted."

"Master, the top priority is to send you back to the downtown area of Changning first, and we will diverted and leave."

"Then Jianglong?"

"Your comfort is the most important, Jiang Long's boy is not dead, you just have to reward him. If he is dead, there is no way."

"Well, that can only be done, I hope he can escape."

On the way back to the city, a group of people saw a police car looking at it.

Pei Qing said: "The police car has gone, and the killers arranged by Xiao Shending must have some scruples. As long as Jianglong can support it, they will definitely survive."

"I hope so."

Back in downtown Changning, Pei Qing bought a car and hired more than one hundred security guards at a high price.

Xiao Shenzhou said: "Leave now?"

Pei Qing nodded, "Yes, it is safe to go to the central capital. Changning is too small, and our forces are not here."

"Wait Jianglong."

"Master, Chi has changed..."

Unexpectedly, Xiao Shenzhou waved his hand and resolutely said: "This is the downtown area of Changning, only three or five miles away from the city hall. Xiao Shending's people dare not mess around. Jianglong saved my life, how can I abandon him? Do not ask. Just wait for an hour, and we will leave without seeing Jianglong coming in an hour later."

Pei Qing shook, and immediately showed admiration in his eyes, becoming more loyal to Xiao Shenzhou.

Time flies.

For more than half an hour, Jiang Long rushed over with the message Xiao Shenzhou had sent him.

"Master."

"Uncle Qing."

Jiang Long was covered in blood and broke into the house.

Everyone was shocked.

Xiao Shenzhou said: "Brother Long, what's wrong with you?"

Jiang Long grinned and said fiercely: "It's nothing, I can't die. I didn't pay attention, but was shot a few times by that little thief."

"It's okay. If you go a little bit further, you will shoot through the heart, and your life will be lost." Xiao Shenzhou felt lingering, "Uncle Qing, immediately contact the best doctor in Changning to come and treat Brother Long."

"But Master, continue to delay..."

"Go!"

Pei Qing was taken aback and left in a hurry.

Jiang Long smiled and said, "It's good to have a close relationship with your subordinates. Originally, I still had some worries, but now I find that you have a kind heart, Master, and you are qualified to let me Jiang Long follow."

Xiao Shenzhou's eyes flickered, Jiang Long had something to say.

But it's not easy to follow up now.

Soon, Pei Qing brought a team of doctors to treat Jiang Long and worked for three hours.

The sun is about to set.

"How about it?"

"It's okay, thank you Master."

"It should be."

Xiao Shenzhou patted Jiang Long on the shoulder, and immediately said angrily: "Xiao Shending, the bastard, I just indirectly ruined his emerald world, he actually wanted to kill me."

"But having said that, without this disaster, I wouldn't be able to get Brother Jianglong. It's really misfortune and blessings, and the ancients don't deceive me."

Pei Qing complimented: "The dragon among the young masters has strong luck. If you survive a catastrophe, you will have luck."

"Hahaha."

Xiao Shenzhou's mood finally improved a lot.

Turning his gaze, he looked at Jiang Long again, and he asked: "Brother Dragon is really amazing. He can escape under the siege, and his skill is much higher than Uncle Qing."

"The police car came in time, otherwise I will definitely die."

Pei Qing couldn't help asking: "Xiaolong, you shouldn't be a lonely person with a skill like you, you should have a teacher."

Jiang Long had known this problem a long time ago. He had already thought about it in advance, and said mysteriously: "Young Master, Uncle Qing, I don't know if you have heard of the 72 cases in Zhongzhou?"

"Seventy-two sect, you are the son of the big sect!" Xiao Shenzhou and Pei Qing were surprised.

"Yes, I came from the 72nd sect, but the specific sect is that it is not convenient to say for the time being. I left the master sect, which is also the request of the master. I want me to go out and practice, look for someone who has the appearance of the dragon, and assist him in his achievements. cause."

Pei Qing's eyelids jumped wildly and lost his voice: "Looking for Mingzhu's assistant, this is..."

"Ghost Valley Gate?!"

The two said in unison.

Xiao Shenzhou and Pei Qing looked at each other, their faces solemn.

"Of the seventy-two sects, the most mysterious is the Guigu Sect. It is rumored that there are few Guigu Sect disciples, but all of them are amazing. When they are successful in cultivation, they will be arranged to go down the mountain to find the Ming master's assistant. "

"There are some super bosses in the central capital today, behind them are the shadows of Guigumen."

"Jiang Long, are you a disciple of the Guigu Sect?"

Xiao Shenzhou looked excited.

Ghost Valley Sect is too mysterious and too strong. Although there are not many disciples, its strength is enough to rank in the top five in 72 cases.

Being able to be assisted by the Guigu Sect disciple, in the dark, this is definitely a kind of luck.

"It is rumored that there are Guigu disciples hidden by Brother and Old Jiu, so the development has been so fast and strong over the years. Whether it is true or not is no longer important. Because now, I have Guigu disciple assistants. It seems that I do have the qualifications and potential to compete for the young leader of the Xiao Clan."

Xiao Shenzhou laughed wildly, he had already determined that Jiang Long was a disciple of Guigu Sect. Rao was Pei Qing, and he was full of emotions, but he didn't expect that the chance encounter in the Juding Group would involve the Guigu Sect.

"Uncle Qing, make arrangements. We will leave Changning tonight. The doctors here are too bad. Go to the Central Capital. I will ask the Chinese Medicine Doctor... No, I will find Xiao Long to heal the doctor."

"Thank you, Master."

Chapter 204: Against the sky

"Brother Fan, the next news is that Xiao Shenzhou has left Changning. It seems that Brother Long has successfully gained trust and got involved."

Mingyue Manor.

Before the sun set, Zhao Qingmei came to report.

Ye Fan's eyes were shining, and he said with excitement: "Very well, this move is very beautiful, and then it's up to Xiaolong."

"By the way, Juding Group still needs to pay attention and continue to suppress it. I don't want Juding Group to still exist with Changning."

Zhao Qingmei knew what Ye Fan meant, to completely defeat and eradicate the Juding Group, and it was useless for the Mao Family to take over.

Ye Fan stretched his waist and felt much more relaxed.

I still had to stare at Xiao Shending with great energy, but now I don't need to care too much, Jiang Long will definitely find out a lot of secrets.

"I'm going back."

"Brother Fan, don't you stay for dinner?"

Ye Fan shook his head and got into the car, "I haven't been home for several days. I have to see my sisters."

After spending three days in Nanling, the provincial capital, came back and encountered an air attack, and then designed Xiao Shenzhou, Ye Fan did not rest for a moment.

Back at the villa, there was no one in the house.

Right.

Meng Qingyi is busy with the development of the group. The billions he won from gambling on stones have injected blood into the Qingye Group, and the group has gradually expanded.

Su Muyu often lives in the hospital for treating illnesses and saving people.

Third sister Han Bing left.

The fourth sister Tong Xiaoman is filming on the Hengdian crew.

The fifth sister Zhong Ling was busy handling the case.

Six sisters are in the army...No, in the central capital, preparing for a life-and-death battle three months later.

As for the seventh sister Fang Rui...

At the right time, Ye Fan's phone rang, which happened to be Fang Rui's phone.

"sister."

"Xiao Fan, are you still in Nanling?"

"I'm back, I'm at home, there is no one."

Fang Rui immediately got up and said: "Then you come to Changning University, there will be a dinner later, which is very important to me. But it's all leaders, I'm a little scared, you accompany me."

"no problem."

Ye Fan drove to Changning University quickly without saying a word.

At the Institute of Biology, he met Fang Rui.

Today, Fang Rui is dressed very beautifully. His exquisite face and gold glasses make Fang Rui look beautiful and wise.

"It's so fast, I've packed it up, it's almost time, let's go. The location is Tianhao Hotel."

Fang Rui took Ye Fan's arm and walked out.

"What dinner?"

"Isn't I going to be promoted to full professor? The paper has been passed, but there are still some procedures to go. Tonight, the school leaders and several leaders of the Education Department have a meal."

Ye Fan's eyes flickered, and he knew what Fang Rui was worried about.

Tianhao Hotel.

Luxury Box No. 1818.

Five men, sitting with a woman.

Five men, one of them is Jin Han, the dean of the School of Biology, and the other four are the leaders of the Education Department; and the hot middle-aged woman, who is also an associate professor of the School of Biology, named Wu Meili, has also been promoted this time. The number and qualifications of full professors.

"It's six o'clock, why haven't you come yet."

At this time, a man in his thirties opened his mouth displeased. It was obviously the highest-ranking one at this dinner, and Dean Jin Handu was short.

"Chang Chu, don't worry, I asked, Fang Rui has already arrived downstairs." Then Wu Meili answered the conversation quickly, with a pair of peachy eyes flowing, exuding a mature charm.

Jin Han raised his wine glass.

This "Zhang Chu" is a director of the Department of Education, Zhang Yuan. Regardless of the official, but the background is profound, and his father is the leader of the Changning City Government.

The promotion of a professor at Changning University requires his review and signature.

Therefore, in the education circle of Changning University, no one will offend Zhang Yuan.

Zhang Yuan picked up the wine glass and happened to open the door.

"Good leaders, good sister Meili."

Fang Rui pushed the door in.

Zhang Yuan looked at the sound, and his eyes were worth it.

Beauty! Stunner!

This Changning genius professor had long heard of him. I have also seen the photos and kept it in my heart. What I saw with my own eyes at this moment was shocking.

Zhang Yuan was transferred to this department in just three years.

Three years ago, Fang Rui had been promoted to associate professor. At a young age, he was well-known in Changning education circles.

'If I were the director three years ago, Fang Rui would have been mine.'

Zhang Yuan thought so in his heart.

But it's not too late.

Zhang Yuan put away his thoughts, beckoned and smiled: "Xiao Rui, come and sit down."

Dean Jin Han stood up and explained: "Xiao Rui, this is Director Zhang Yuanzhang."

"Hello Director."

"This is the Education Department..."

Jin Han introduced one by one.

Finally, his gaze fell on Ye Fan from behind, frowning and asked: "Xiao Rui, who is this?"

"It's my brother. He didn't eat. I asked him to come and have a meal." Fang Rui said.

Jin Han, Zhang Yuan and others secretly frowned.

Unexpectedly, Ye Fan was unceremonious, sat down to himself, poured a glass of wine, and said calmly: "Why, it's just a meal, can't you eat it? Or, some people have bad thoughts, I'm very Get in the way."

Zhang Yuan's eyelids twitched.

Jin Han immediately smiled and said, "Xiao Rui's brother, who is also a friend, is there anything he can't eat."

"I'll just sit next to my brother."

Fang Rui did not stay by Zhang Yuan's side, but next to Ye Fan.

A gloom flashed in Zhang Yuan's eyes.

Upon seeing this, Wu Meili raised his glass and said: "Dear leaders, for today's meal, the dean will take care of us and let us get to know the leaders. My Wu Meili is fortunate to be promoted to full professor through the appreciation of the leaders. Here, I respect you leaders."

"Guru."

Wu Meili raised her head and drank it all.

At this time, a little leader smirked and said, "Professor Wu, how about a cup. According to the etiquette, you have to toast one by one."

"Haha, I am indeed impolite, then I will pay a cup to the leaders." Wu Meili had a good drink, and after five cups of wine, she looked at Fang Rui.

"Xiao Rui, it's Ni's turn to toast. Don't be as rash as I am, and lose courtesy. Let's make a toast."

"But, I don't know how to drink." Fang Rui muttered.

"This alcohol is not high in strength, so it's fine as a drink. You see, I have drunk five glasses, and it's okay." Wu Meili persuaded.

A cold light flashed in Ye Fan's eyes.

This woman is very vicious.

Seeing Fang Rui's dilemma, Ye Fan said, "My sister can't drink. As a younger brother, I should drink for her for a reason."

When the words fell, it was different from Zhang Yuan and Jin Han. Ye Fan grabbed a bottle of white wine and poured it down.

Everyone looked stunned.

Zhang Yuan's face grew deeper and deeper, how could his good deeds be ruined by a yellow-haired boy.

He secretly gave Wu Meili a color.

Suddenly, Wu Meili got up, walked behind Ye Fan, leaned down, exhaled like blue: "Little brother, the amount of alcohol is good."

"so so."

"Then the leaders are here tonight. In order to cheer you up, it's better to fight with your sister and me. Don't dare, you are a big man, are you still afraid of me being a woman?"

Ye Fan sneered in his heart and patted Fang Rui's hand to signal not to worry.

Then he turned his head and said, "How to spell?"

"It's very simple. It depends on who blows more." Wu Meili greeted the waiter to serve wine, and two boxes of 52-degree Erguotou raised up.

"Other wines don't drink vigorously, Erguotou, simple and rude, how about it."

"I have no opinion." Ye Fan shrugged.

"Well, let's one person, one box, let's see who finishes it first."

Wu Meili said proudly.

Ye Fan was surprised. This box contains 24 bottles, and one bottle is one catty, which is 24 catties and 52 degrees liquor.

This woman, can you blow?

"Little brother, are you scared?"

"I'm not afraid. I'm just afraid that you will die of drinking. The blame is on my head. Then I can't eat it and walk around."

After listening to Wu Meili, she smiled and said, "Don't worry, the leaders are here to testify. I will definitely not trouble you if there is a problem."

"I can testify." Zhang Yuan and Jin Han nodded.

"Get it."

Ye Fan responded.

Suddenly, Wu Meili grabbed two bottles, and both of them worked together, grunting, and after a while, the two bottles of Erguotou wine had bottomed out.

Fang Rui looked stunned.

Jin Han and Zhang Yuan snickered. They knew Wu Meili's drinking capacity. Once at a banquet, they drank down to the table to lead.

Of course, Wu Meili couldn't drink a box of Erguotou.

But Zhang Yuan didn't need Wu Meili to drink it, and he didn't care about Wu Meili's winning or losing; the purpose was to get Ye Fan drunk and not to get in the way.

"Little brother, don't be stunned, you must have an atmosphere when you fight wine. Let's play together."

"Come."

Watching Ye Fan's bait, Wu Meili glanced at Zhang Yuan secretly, and she was praised by Zhang Yuan, knowing that there will be benefits in the future.

Fang Rui was very worried.

But the matter is over, she can't stop it.

Bang!

Bang!

The two smashed the bottle after drinking, and the atmosphere became more and more enthusiastic, even the waiter was excited.

However, the situation made Zhang Yuan's face more ugly.

ten minutes later.

Wu Meili fell to the ground, foaming at the mouth, which was obviously alcoholism.

And Ye Fan finished the last bottle of Erguotou, smacked his tongue, and said contemptuously: "I want to fight with me for this amount of alcohol. I can't help myself. I'll take it to the hospital quickly. I'll be dead if it's too late."

Jin Han quickly called an ambulance.

Zhang Yuan calmly said, "Young man, a lot."

"so so."

Ye Fan was always calm and calm, and he didn't bother to look at Zhang Yuan.

At this time, a leader suddenly got up, patted the table and said: "The young man is young and frivolous, he is very good, it is better to compare with me."

"random."

"Serve wine."

five minutes later.

After Jin Han sent Wu Meili back, he saw a twitch on the ground and couldn't help being shocked:
"Director Wang, what's wrong with you."

"Send to the hospital."

Jin Han grimaced, and left with Director Wang on his back.

Immediately afterwards.

It was another leadership challenge and was quickly defeated.

Jin Han returned and looked at the foaming person on the ground. He stopped talking, and walked away wittily.

When he came back three minutes later, he carried the last little leader.

At this time, only Zhang Yuan, Ye Fan, and Fang Rui, who were already confused, were left in the box.

"call!"

After a while, Jin Han ran back, panting.

"This time it's gone! I'm exhausted. Young man, your drinking volume is absolutely against the sky. Are you a human being? Almost three cases of drinking alone!"

Seeing Zhang Yuan's face black as stagnant, Jin Han did not continue to make a sound.

But Ye Fan was holding peanuts and wandering around, saying, "Sit down, you can't just drink, let's eat food!"

Chapter 205: Please start your performance!

"enough!"

At this moment, Zhang Yuan really couldn't bear it, patted the table and yelled at him.

Jin Han was taken aback.

Ye Fan ignored it, continued to eat, and gave Fang Rui a piece of prawn.

"Sister, let me peel it for you."

"alright."

Fang Rui ignored Zhang Yuan either.

She is not a fool, knowing that the dinner will be bad for her tonight, Zhang Yuan has an idea for her, and let Ye Fan come over for protection.

But never expected Zhang Yuan to be so shameless.

That being the case, why look at his face, isn't it just a "full professor" hat, it's a big deal if you don't wear it, you can still starve to death.

Several of my sisters are amazing and beautiful, and they can afford me.

Fang Rui thought to himself.

"Outrageous! Outrageous soldiers!"

Seeing the two ignoring him, Zhang Yuan went crazy, grabbed the ashtray and slammed it on Ye Fan's head.

"court death."

Ye Fan's murderous look suddenly appeared.

With a wave of his hand, he swept the ashtray away and hit Zhang Yuan's forehead.

what.

Suddenly, Zhang Yuan fell to the ground, his face covered with blood.

Jin Han's face changed drastically, "Zhang Chu Zhang Chu, how are you! It's bleeding, my goodness. Boy, you're done, you actually hurt Zhang Chu, you have to bear criminal responsibility."

"Criminal responsibility? It's ridiculous, I'm just defensive."

"fart!"

Zhang Yuan grabbed his forehead and stood up, and sneered fiercely: "Boy, you're done, I want you to squat for three years."

Fang Rui couldn't help but said: "Director Zhang, you hit my brother with an ashtray and was swept back by my brother. My brother is indeed a legitimate defense."

"Are there any witnesses?"

"President..." Fang Rui looked at Jin Han, but soon shut up. How could Jin Han testify to Ye Fan because he was from Zhang Yuan.

And there is no monitoring in the box.

Oops!

Fang Rui's eyes were red, and Zhang Yuan would definitely not let Ye Fan go. If Ye Fan was imprisoned because of her, Fang Rui would not forgive herself for death.

"Haha, now I know the discussion." Zhang Yuan snorted coldly, his purpose has not changed from beginning to end.

"Boy, get out of here right away, I'll just forget about it. If you don't go away and do my good deeds, then don't blame me for being cruel."

"interesting."

Ye Fan got up with a cold smile on his face.

Fang Rui hugged his arm and persuaded: "Xiao Fan, don't mess around, let's find Sister Wu. She will definitely handle it."

"Your fifth sister, who is it?"

"My fifth sister is a criminal policeman named Zhong Ling. She is well-known in the public security system and is an excellent criminal police officer who has been commended by the above."

Zhang Yuan's eyelids twitched, and then he was relieved: "It's just a little detective. I can make her take off her uniform with a word. My father, but the leader of the city government, occasionally sees Fu Xuejian, the head of the city. ."

"Do you know who Fu Xuejian is, the leader of the authorities. By the way, my father also knows the Chief of Public Security Li Chungang."

Seeing Fang Rui's face pale, Zhang Yuan said triumphantly: "Now you know how deep my background is, so what do you guys fight with me."

"sister!"

Ye Fan pulled La Fangrui and comforted: "It's just a trivial matter, there's no need to make a fuss. Let alone break his forehead, what can be done even if his head is chopped off!"

"What did you say!"

This time, Jin Han couldn't help but scolded, "Boy, you still dare to be arrogant."

"Jin Han, don't say much." Zhang Yuan's eyes were cold, and he gritted his teeth and said, "It seems that you don't intend to be honest. Forget it, I will personally send you in."

"Where to go?"

"Of course it's a chant."

When Ye Fan heard this, he took Fang Rui to sit down and motioned: "Come on, please start your performance. Didn't you say that your father is awesome? You have seen the city chief and called the head of the public security department. It's better, Fu Xuejian. Call Li Chungang."

"Presumptuous, disrespectful to the head of the city and Director Li, I have never seen such arrogant idiots like you. Wait, there will be a patrol to take you to the bureau soon."

Zhang Yuan called and hung up after a few hurried words.

Upon seeing this, Fang Rui was uneasy, and whispered: "Xiao Fan, would you like to talk to your eldest sister and fifth sister."

"No need, he can't help us."

"But....."

"Sister." Ye Fan's eyes were burning and he said firmly: "Trust me, even if the king of heaven comes, we can't touch us. With me, how can people bully you."

Fang Rui was startled, and immediately chuckled.

I don't know why, the worries in my heart were so nervous that they disappeared in an instant.

Seeing Ye Fan and Fang Rui intimate, Zhang Yuan was so jealous that he couldn't help but think fiercely: Stinky Sanba, wait for your brother to be resolved, just make you look good!

"Who is so arrogant and arrogant, to beat my son!"

Half an hour later, a dull and angry word came in.

Zhang Yuan hurriedly threw out the box and said with joy, "Dad, you are finally here...Ouch, Director Li, I didn't expect you to come back."

"Xiao Yuan, your head."

Seeing his son's forehead bleeding, Zhang He was furious.

"Dad, the bleeding has stopped, don't worry too much."

"That's good. I was having dinner with Director Li, and upon hearing your report, Director Li and I rushed over."

Zhang He has gray hair and full of official air.

Li Chungang said: "Who beat you?"

"Director, you come in and see, this person is too arrogant." Zhang Yuan took Zhang He and Li Chungang into the door, and continued: "This is the kid."

Li Chungang looked over and suddenly his pupils contracted.

Zhang Yuan said: "Director, this kid is so arrogant. He also said that even if the head of the city and the director come over, you will not dare to move him. Tell me, is this fair."

"Lordly!"

The two words made Zhang Yuan's face freeze.

"Director, you..."

"Snapped!"

Li Chungang slapped Zhang Yuan's face with a slap in the face, and he rushed into the sky with anger, but he was not angry, and he slapped Zhang He with his backhand.

The father and son were beaten up.

At the same time, there were Jin Han and Fang Rui who were at a loss.

"Director Li, what are you doing!" Zhang He roared angrily. Although he is not as senior as Li Chungang, he is from the city government after all. You Li Chungang can't hit me at will.

Besides, why should we beat our father and son!

Zhang He roared: "Li Chungang, what are you going crazy, apologize immediately, otherwise I will definitely go to the city chief to take a copy of you."

"You have to join me, bastard!"

Li Chungang kicked his father and his son into the air, walked to the supper, and smiled bitterly: "Mr. Ye, I'm sorry, I've caused you trouble. Presumably, Zhang Yuan is the first to trouble you."

"He hit my sister's idea."

"what!"

Li Chungang was so scared that he was sweating.

Although Fang Rui didn't understand why Li Chungang was so respectful to Ye Fan, she still courageously explained: "Director, Zhang Yuan hit my brother with an ashtray and was swept back by my brother and hit his forehead. My brother is a legitimate defense. Please. Director Mingjian."

"Ming Jian Ming Jian, I know it in my heart, I really know it."

Li Chungang was not verbose, and ordered the patrol outside the door: "Take Zhang Yuan away, contact the prosecutor's office overnight, and deal with it urgently."

"What are you doing! Let me go! Dad, Dad save me, save me." Zhang Yuan screamed, but to no avail, he was dragged away in handcuffs.

Zhang He did not move.

He was not a fool to be an official in the city hall and worked hard for decades.

That young man is not easy.

Zhang Yuan kicked the iron plate, and it was a huge iron plate, which could make the upright Li Chungang bow his head, but Fu Xuejian couldn't do it either.

Who is this son!

Zhang Family, it's over!

Zhang He smiled bitterly, and for a moment he held his fist and bowed, remorsefully and sincerely said: "Sir, I have nothing to do with my son, and I am guilty. I am willing to accept punishment for my son. Please be magnanimous and give the child a way to survive. ."

"Deal with the law."

After the four-word exit, Ye Fan took Fang Rui and left the box without looking back.

Get out of the hotel and get in the car.

finally.

Fang Rui couldn't help it anymore, grabbing Ye Fan's arm, and staring at him and asking: "Xiao Fan, are you going to explain to me!"

Chapter 206: Life and death crisis

"Explain what?"

"You are still pretending to be stupid." Fang Rui stared and said angrily: "That's the Chief of Public Security Li Chungang, the superior leader, why do you respect you so much? Do you have any secrets to hide from me."

Ye Fan touched his nose and said with a smile: "Sister, it's true that I don't know each other. In my capacity, Li Chungang really has to give me three points respectful."

"What do you mean, what status do you have? Didn't you return from the military. Could it be that you have an official position in the army?" Fang Rui's eyes flickered, looking forward to it.

"indeed."

Ye Fan nodded.

Fang Rui's mouth opened into an "O" shape, but Ye Fan was about to explain. She took the lead to speak: "Xiao Fan, great, you actually have an official position in the army. I have talked with my sisters, Xiao Fan, your temperament , Definitely not an ordinary soldier."

"Sister, the reason I didn't tell you..."

"Needless to say, I understand. Is it a secret in the military? Six sisters are also in the military, and when she came back a few years ago, she never revealed anything in the military."

Fang Rui was so happy that he said triumphantly: "My brother is an officer, now I can walk sideways in Changning. By the way, Xiaofan, how big is your official?"

"Okay."

Ye Fan's face was indifferent.

In Fang Rui's eyes, she felt that Ye Fan had reservations. She thought that it would not be easy to make Li Chungang, a director, respectful, and she might be a warrior.

hiss.

Warlord.

Fang Rui was frightened by her own thoughts.

The commander-in-chief of the Changning Theater is a one-star warrior, so famous, is Xiao Fan also a one-star warrior?

If not, it should not be far away.

Fang Rui didn't dare to ask more about this kind of military secrets, she said cheerfully; "Xiao Fan drives, we go home."

Fang Rui didn't ask much, and Ye Fan was too lazy to say.

"Sister, Zhang Yuan is dead. The Jin Han, Wu Meili, and several other leaders must be accomplices, but it is not enough to be punished. Therefore, if you continue to stay at Changning University, you must beware of the Dean Jin Han. "

"I see."

"Sister, or I'm looking for someone to transfer you from Changning University. In Qingzhou, Changning University has the second-rate knowledge, it's nothing. Otherwise, you will be transferred to Nanling University, or Qingzhou University, one of the top universities in Daxia. ."

Fang Rui was a little excited.

Nanling University is a national key, and Qingzhou University is one of the nine top universities.

However, Fang Rui knew that his qualifications were still very small and he still needed to accumulate. Besides, it was not good for Ye Fan to find a relationship. He had to pay back the favor.

"No, it's fine in Changning. My sisters are there. If I go to Nanling, so far away, I'm too lonely."

"okay then."

"By the way, Xiaofan, the third sister didn't say a word when she left. I heard my grandfather say that you sent the third sister away." Fang Rui said dissatisfied.

Ye Fan said, "The third sister doesn't want to disturb everyone. She is an agent and her actions are classified. This time she went to a beautiful country to perform her mission, and she will be back soon."

"Oh, I miss Six Sisters the most now. She has been in the army and I don't know if she's doing well. I haven't got a letter back today, so I'm worried to death."

Sixth sister Tang Ying, Bai Longhou.

Guard the East, and manage everything every day.

In addition, the military is also fiercely competitive. Although Tang Ying is Bailonghou, he has many enemies, such as Li Ce, the North Lianghou.

Therefore, in order to protect Meng Qingyi and others, Tang Ying rarely came back, and even did not contact Meng Qingyi. The letters were written two or three times a year.

"Don't worry, my intuition tells me that the sixth sister is definitely in the army." Ye Fan comforted, he did not say that Tang Ying is Bai Longhou.

Fang Rui didn't understand these questions at all.

In fact, most ordinary people have never seen the mayor or county chief in their entire life, and they don't know what they are called; let alone understand the affairs of the military.

Fang Rui devoted himself to studying academics, and he knew nothing about Bai Longhou.

The two returned to the villa.

Unexpectedly, Zhong Ling was at home, packing his luggage.

"Fifth sister, are you going to travel far?"

"Yes."

Zhong Ling raised his head and said triumphantly; "In the past few days, I have solved another big case and won the city government's award. It just so happened that the Provincial City Public Security Department launched an excellent police officer study and training activity, and I got a place."

Fang Rui was shocked again, "Sister, go to the Provincial Public Security Department to study. This is an opportunity for further studies. It shows that your career is boundless."

"Yeah, I was also very surprised. I heard from the leaders that most of the people who went to study in each city were veteran police officers who were nearly 40 years old, and I was the youngest."

Fang Rui glanced at Ye Fan quietly.

Could it be that Xiao Fan secretly found a relationship?

Ye Fan shook his head and said no; at this time, Zhong Ling sighed: "However, the study time is very long this time, half a year. During this period, I shouldn't have time to come back and I won't see you anymore."

The two women hugged each other.

Fang Rui comforted: "Sister, it's only in the province. We think you can visit you. Study hard. I am waiting for you to become a high official in the future and cover us."

"Sister, will you leave tomorrow?"

"Yes."

Meng Qingyi and Su Muyu also knew the news that Zhong Ling was leaving. They also rushed back tonight and had a good meal.

the next day.

Everyone sent Zhong Ling to the airport.

"gone."

Meng Qingyi sighed, "The third is gone, and now the fifth is gone. The fourth seldom comes back, and the sixth is in the army. Only four of us are left."

Su Muyu said anxiously: "I don't worry about the other things. The one I worry about the most is Ah Bing. She worked as an agent and went to a beautiful country to perform missions. It was really too dangerous."

Ye Fan said: "The third sister, Jiren, has her own life, it's okay. Let's go back. By the way, big sister, how is Qingye Group?"

"Very good, super good."

Meng Qingyi blushed and said excitedly: "The injection of one billion yuan has made Qingye Group extremely strong. Recently, many companies and families have come to discuss cooperation with us, and the market value of the group is growing rapidly."

"Xiao Fan, do you remember Mu Qianqian?"

"Remember, isn't that pretty sister your best friend? What's wrong?"

Meng Qingyi smiled and said: "Qianqian's company is in the cosmetics field and wants to integrate into the Qingye Group. At the same time, I also decided to expand the business of the Qingye Group. Now the group only does design and part of the construction, and the road is too narrow. "

"This is good."

"Xiao Yu, A Rui, you are free today, all of you go to the group to play with me. Help me with my work. The group is not only mine, it is our seven sisters and Xiao Ye Zi."

Immediately, Fang Rui cheered.

"Sister, buy me a Maserati. I don't have a car yet."

"no problem."

Seeing Fang Rui acting coquettishly at Meng Qingyi, Ye Fan and Su Muyu looked at each other and laughed blankly.

It's warm and welcoming here.

But on the other side of the ocean, a beautiful country, a certain city on the border.

boom!

boom!

Artillery fire flew by, and beacon smoke was everywhere.

An abandoned factory is quiet, with only rapid breathing. The owner of the breathing sound is a woman.

The woman was wearing a black tights, her face was also covered, only a pair of seductive, cold eyes were exposed.

This girl is really Han Bing on the mission.

She came to a beautiful country, and the task was to assassinate a big drug lord full of evil spirits; unfortunately, the big drug lord is too strong, and her subordinates have terrible armed forces and masters.

"Unexpectedly, there is a strong man of the top rank next to the drug lord." Han Bing gritted his teeth, squinted his eyes, thinking about the way out.

After the assassination mission failed, she fled all the way and came to this small border town; but she did not expect to accidentally hit the drug lord and enter the private territory of the drug lord.

The small town here is full of the armed forces of drug lords.

"Damn it!"

Han Bing clenched his fists, feeling that he might not be able to escape this time.

this moment.

She was surprisingly calm, and there were figures in her mind.

Meng Qingyi, Su Muyu, Tong Xiaoman, Zhong Ling, Tang Ying, Fang Rui, Grandpa Dean Wu Changqing, children...

Also, Ye Fan!

Suddenly, a flash of lightning flashed in Han Bing's mind and found a note.

This is a note that Ye Fan gave him when he left Changning. There was a phone number on it, saying that it was one and there was one, and it said that if you encounter a life or death crisis, you can call this phone and someone will save her.

"how can that be possible."

"This is the home of the big drug lords. Even the troops of a beautiful country dare not come here. There is also Xiaofan, how can there be such a big energy to save me!"

"Take ten thousand steps and say, even if there is, it's too late."

Han Bing shook his head and smiled bitterly.

However, thinking of Ye Fan's firm and confident eyes at that time, Han Bing was shaken; after thinking about it, she decided to take a gamble, anyway, there was no other choice.

"boom!"

It was another earth-shattering explosion, and a building in the distance blew up.

Armored vehicles appeared at the end of the road. There was a big flag on the vehicle with a skull pattern. It was the people who chased her.

Han Bing quickly took out the satellite phone and dialed this number...

Chapter 207: The anger of a world-class giant!

On a certain continent in the beautiful country, in the center of a vast mountain range, there is a huge palace in the deepest part.

Four squares, a hundred miles long and wide.

This is simply a city, but unlike a city, it is completely enclosed, and layer by layer, for a total of forty-nine floors.

The city of heaven.

This is the first city in the dark world.

Here, there is endless business; of course, it is not the evil that people think, on the contrary, as the name suggests, here is orderly.

now.

At the highest point of the heavenly city, in a huge space, a man in a suit and leather shoes closed his eyes and rested.

The man's aura is too terrifying.

Sitting there, if you don't move, you can exude monstrous power, a proper prehistoric behemoth, if you don't move, it will turn the world upside down.

The man's national character face, majestic and majestic.

He is the master of the city of heaven, his natal Charles, but he has a Chinese nickname: the lord of heaven.

Charles's power is unimaginable. He is also a top tycoon in a beautiful country. He even participated in the election for the president of a beautiful country. Although he did not succeed, it was enough to show that his power was terrifying.

at the same time.

Charles, himself is also very strong, is the third terrible figure on the top of the list.

Top of the list: Tianzun.

That is Ye Fan.

The second on the list: King Shura.

The master of Shura Hall.

Rank three: Lord of Heaven.

The world-class three giants.

The real giant!

This space is a place for Charles to meditate. Although it is big, it is empty, there is almost no light, and you can't see your fingers.

Darkness and silence.

Charles spends time here meditating every day. He didn't have this habit before, and he developed it after meeting that person.

"Tianzun deserves to be Tianzun."

At this time, Charles opened his eyes, full of emotion.

"High status, immense power, seven emotions and six desires disturb the mind, meditate every day, reflect on the body, cultivate the state of mind, and be extraordinary."

"After several years of meditation and introspection, I obviously feel that I am clearer and have a broader vision. Even my strength has increased a bit. Now I can even challenge King Shura."

Charles took a deep breath and vomited.

This is a bit similar to Ye Fan's vomiting method, and it was also taught to Charles by Ye Fan.

"call!"

"call!"

"call!"

Charles' chest was up and down, and finally he spit out a mouthful of white pylons, shooting out thirty centimeters.

This is incomparable to Ye Fan, not even a tenth of Ye Fan, but to other people, it is already a deity.

"I haven't seen Tianzun for many years, and I really want to talk to him. Unfortunately, the Tianzun Shenlong sees the head and misses the end, and the high-level officials of the Tianzun Temple headquarters don't know... However, the Dragon King's battle headquarters gathered in Changning, Da Xia, and later Da Luo Tian. , Heitian Organization and other forces also went to Changning. It seems that Tianzun is in Changning, Great Xia!"

"Are you going to Changning?"

Charles muttered to himself.

at this time.

The phone on the side seat rang.

Charles glanced at it, it was an unfamiliar number, which surprised him.

A person like him, a world-class giant, has a special mobile phone number. People who know his mobile phone number are all big people, and they have contact information with each other. They can't be unfamiliar numbers.

Who is it?

Charles came interested, and someone got his cell phone number and called.

"Hey."

Charles answered the phone.

boom!

boom!

There was the sound of gunfire on the other side of the phone.

Immediately afterwards, a woman's words rang: "Hello, the situation is very urgent now, I don't have time to say more. I don't know who you are. This phone number was given to me by my brother Ye Fan, and I am his sister Han Bing. Xiao Fan said, I'm in a life-and-death crisis, just call this, someone will save me."

"Sir, can you save me?"

"gentlemen..."

"boom!"

There was an earth-shattering explosion and the phone was disconnected.

Charles's face freezes.

In the next second, the cold, angry, and monstrous murderous aura burst out violently, exploding, and the entire space seemed to explode.

The temperature of the entire heaven city seems to have dropped a few words.

Han Bing!

Tianzun Ye Fan's sister.

Is experiencing a life and death crisis, call me for help.

Ask me Charles for help!

Charles has no doubt about Han Bing's identity, because he can give Han Bing a mobile phone number, he must be a world-class giant.

And the world-class giant, who dares to pretend to be Ye Tianzun!

Tianzun's sister, Tianzun's sister...

"Roar!"

A roar shattered the courage.

Bang.

Outside, a group of super soldiers rushed in, knelt down on one knee, and tremblingly shouted: "Lord, what makes you so angry."

"check!"

Charles turned around, his eyes were red, and he threw the phone over, and roared: "Within 30 seconds, find out the location of this phone and where it came from. Check it out. Hurry up!"

"Yes."

Where did the special fighters have seen Charles such a gaffe, but he didn't care about panic, and immediately started.

Five seconds later, the captain replied: "Lord, it was a satellite phone call. Can't find out..."

"Contact the National Satellite Command and Control Department and check, if you don't give me a position, you will be your enemy of the city of heaven and Charles!"

The special captain was shocked and immediately called the satellite department of the beautiful country, and at the same time sent an email to the president of the beautiful country in the name of Charles.

Twenty seconds later.

The captain shouted: "Lord, I found it. It was from Alves. It was a small border town and the site of the drug lord Levid."

"Levid, die!"

Charles smashed the table with a punch.

The scalp of the special soldier was numb. It was a table made of tenfold tempered glass. Even if it was attacked by a machine gun, it couldn't be shot through, and it was smashed by the lord with a punch.

How terrible.

While the soldiers were shocked, they also rushed to show mercy for Levid.

This drug lord actually provokes the Lord of Heaven, so there is no doubt that the end will be a death, and there is no doubt that he will die.

No one can save it! Nor can the President!

Woo woo woo.

In less than a minute, eight hundred super stealth fighters were dispatched in the city of heaven, heading towards Alves at three times the speed of sound.

at the same time.

The beautiful country is an official sensation.

The City of Paradise dispatched eight hundred fighters, equipped with advanced weapons, and three thousand special fighters. This lineup can destroy a small and medium-sized city at will.

"What's wrong with Charles!"

"What is this going to do!"

"Let me find out, what the **** is going on, where is the destination of the fighter...what, the target is Alves, it is just a small border town, it seems to be Levyd's site!"

"Good fellow, how did Levy provoke Charles!"

Knowing about it, the official breathed a sigh of relief.

There is even a hint of joy.

Levydzege drug lord, the official has long wanted to eliminate it, but unfortunately Levyd's power is not small, entrenched in Alves, and deep-rooted.

If it is eliminated, the official will also need to pay a high price.

Now that Charles has dispatched such a strong lineup, how can the officials be unhappy to destroy Levy.

"Notify the major cities around Alves not to mix Charles' actions, and secretly cooperate fully."

"Levid, your end is here!"

Official mails were sent from the presidential palace of the beautiful country.

at the same time.

This incident also spread quickly.

For world-class giants, there are too many ways to get news, too wide and too fast. In just three to five minutes, the news spread around the world.

As the lord of heaven, Charles is still the third strongest in the sky, and his every move can affect big waves.

The world's major forces, many giants, and even many countries are paying attention; and more want to know why Charles is suddenly so crazy.

And at the moment.

Han Bing still didn't know that his own phone call caused the beautiful country to shake and the world to boil!

Chapter 208: Unstoppable power...

"These bastards!"

Han Bing crawled out of the rubble with a gray head and face. Although there were some scars, he was fortunate enough that there was no substantial damage.

She didn't hesitate, and quickly moved the battlefield.

At this moment, Han Bing had given up the illusion of someone coming to rescue her. It was simply unrealistic, and he shouldn't have made that call just now.

Walk around.

Han Bing traveled through the jungle, his whole body tense, and his mind improved to the extreme.

suddenly.

There was a buzzing in the sky, and she looked up, and her face suddenly changed, "No, unmanned surveillance drone!"

at the same time.

At a certain headquarters in Alves Town, the commander sneered: "Finally found your trail, escape? Can you escape? The whole city is our territory. Please note that the 404 team, the killer is about three miles northwest of you. In the jungle, quickly kill the past... Team 208, Team 506, Team 309, you quickly support, cooperate with Team 404, and outflank it. Be sure to catch the killer alive, by all means!"

"404 received."

"208 received."

"506 received."

"309 received."

In the jungle, Han Bing's face was gloomy, and his heart sank to the bottom.

At this moment, she had heard the sound of rumbling from all sides, it was an armored vehicle that was killing, Taojiang was surrounded by the jungle, and she became a bird in a cage.

Huh.

Han Bing was unwilling to sit and wait for death, and even more unwilling to catch it with his hands.

As the killer of the Black Sky organization, he has dignity and iron rules. The killer cannot be captured alive, and the enemy can only get the corpse.

"It's a pity that the satellite phone is damaged, otherwise you can call my sister and Xiaofan."

"You can only be a sister in the next life."

Han Bing showed sorrow on her face, and she ran as hard as she could to rush out of the jungle before the armored convoy surrounded.

Suddenly.

A light appeared in the front.

It's near.

Closer, closer.

There was hope in Han Bing's heart. She exploded 120% of her potential, and her speed increased again.

finally.

She rushed out of the jungle.

Facing the sky, it suddenly became clear.

However.

In the next second, Han Bing petrified his entire body, because all sides were crowded with black teams and armored vehicles.

Countless barrels and cannons were aimed at her.

Still couldn't escape!

Han Bing sighed in his heart, but soon his eyes became extremely cold, and there was no fear in his eyes.

"Da da da."

Opposite, a man in uniform came out, the commander, the confidant general of the drug lord Levid, named Kyle.

His eyes stared at Han Bing like a poisonous snake, as if he wanted to see through Han Bing.

"Little girl!"

Kyle's voice was like a sword, deep and sharp.

"A woman who actually dared to assassinate my boss is really guilty. However, your quality is very high, and it must be a powerful stop to cultivate a killer like you."

"Black Sky Organization?"

Kyle said to himself.

"Huh, the Black Sky organization prides itself on being the incarnation of justice, and it is really presumptuous to punish and eliminate evil all over the world!"

"Yes, I am indeed the killer of the Black Sky organization, and I am eighth on the silver list, and I have been appreciated by God and reused by the organization," Han Bing said.

Kyle jokingly said: "You said this, you want to use the black sky organization to suppress me and let me let you go? Ignorant woman, you think we are afraid of the black sky organization!"

Han Bing's eyes were contemptuous, "I'm not afraid? It's really a horror of the world. In this world, the top giants dare not provoke the Hei Tian organization. Because once they are targeted by the Hei Tian organization, it will be endless assassinations, and they will be worried all day long. , There will never be a peaceful day!"

"Papa."

Kyle clapped his hands and praised: "At this time, you are still so calm and hard-hearted, very good, very good. Woman, take off your mask, let me see your true face. I feel that you are a super beauty. If you provoke I like it, maybe I can spare you your life."

"What kind of thing are you."

Han Bing mocked mercilessly.

"You are just a running dog, Levyd's running dog. What right do you have to decide my life and death. Go and call Levyd. Doesn't he think he is a strong man? I want to fight with him in a fair one-on-one battle!"

"court death!"

Kyle was furious.

He raised the gun in his hand and was about to pull the trigger, but he heard the doctor shout loudly:
"Stop it!"

Wow!

The team is separated by an avenue.

An obese man strode out, weighing 1.9 meters, more than 200 kilograms, it was like a wall.

However, although fat, it has terrible majesty.

"Boss."

Kyle also lowered his head.

This person is the big drug lord Levid. He squinted at Han Bing with a cigar in his mouth, and said with a faint smile: "Oriental woman, very good, I am in love with you. Put down your weapons and I will spare your life. . As long as you are obedient, I can even give you a position to be one of my concubines. With endless wealth, power and status."

"Disgusting fat pig, even if I die, I can't be wronged with you."

After speaking, the short knife in Han Bing's hand moved toward his neck.

when.

But the next second, the short knife flew out.

Levyd played with a pistol and said, "Beauty, how's my marksmanship?"

Han Bing secretly gritted his teeth.

At that moment, Levyd actually took out a gun and hit the short knife with precision, without hurting him, this shooting technique was simply superb.

"Beauty, I have given you many opportunities and even given you a chance to escape. Otherwise, you would die the moment you assassinated me. Do you think you can escape from me with your skill?"

"The reason why I let you escape is because I want to play with you. The game of cat and mouse is so interesting."

"Now, the cat is tired of playing."

"So, beauty, just behave. You are still young, in your best years, why bother to die here. Life is precious."

Seeing Levyd's triumphant appearance, Han Bing felt desolate in his heart.

Unexpectedly, she was a killer who couldn't even control her own life and could not commit suicide.

Is it really going to be ruined by this fat pig!

Han Bing was full of grief and indignation.

"Huh!"

Just when she was lost, four ropes flew in, locking her limbs firmly.

Oops!

Han Bing's face changed drastically.

Levid laughed: "Beauty, now you can't escape. Take it away, and also, immediately let Alves' best doctor team go to my villa and heal the beauty."

"Let go of me! Bastard, let go!"

Han Bing yelled and struggled, but to no avail.

Kyle stuffed her into the armored car and turned around. He asked, "Boss, this is a killer of the Black Sky organization and cannot be tamed. Staying by your side is a time bomb. Your life cannot be guaranteed."

"A **** little girl, I still want to writhe in my hands. I am free to let him obediently. Don't forget what we do."

"You mean, use poison?"

Levyd couldn't comment, sneered, and got into the car.

Just now.

The world shook, and the sonic boom that almost tore the eardrum swept through. Some soldiers screamed instantly, unable to withstand the sonic boom, the eardrum burst, and some even bleed from their orifices.

"what happened!"

Levid was shocked.

"Boss, heaven!"

Kyle screamed.

Levid looked for a sound, and his whole body was petrified. In his sight, a black super fighter came to kill him in the sky.

too fast.

It was close in the blink of an eye.

That was three times the speed of sound, and the resulting sonic boom was terrible, and hundreds of them were piled up together.

"what!"

Some powerhouses such as Levid and Kyle couldn't bear it either, and the Qiqiao was bleeding, but they still supported it and didn't fall down.

Kyle roared: "The symbol of the city of heaven, what are they going to do. With so many fighters, who are they going to fight with?"

As soon as the voice fell here, dense artillery fire poured down.

Submerge the four major teams.

"Do not!"

Levid snarled.

However, it didn't work. The four squads 404, 208, 506, and 309 were wiped out in an instant, and even the armored vehicles and artillery were not left.

boom!

Boom!

boom!

The war caused a big explosion, a series of volcanic eruptions.

"Boss, run away!"

Kyle roared.

The two got into the armored car and fled hastily.

In the car, Han Bing was also shocked. She first saw such terrifying scenes of war. The dense artillery fire filled the sky and fell, killing thousands of people in the Fourth Division in an instant.

Cruel and bloody.

who is it!

A thought came to Han Bing's mind: That call! ! Are you here to save her! Really! is it possible!

"Boss."

Kyle trembled. He had experienced too many wars, but it was the first time he faced such a scene.

The same is true for Levid.

The two of them almost came out of **** and urine, almost lost in their souls.

"City of Paradise, Lord Charles!"

"why!"

"When did I provoke this great **** giant, why did I destroy me, and why!"

Laird snarled.

Kyle said: "Boss, those super fighters are circling and haven't killed us. What's the matter? Do you want to go to the negotiation? This way, you can't escape."

"parking."

Levid ordered immediately.

Afterwards, the two jumped out of the car...

at this time.

Among the eight hundred super fighters in the sky, one has not fired a while ago and has been invisible.

Among them, Charles is inside.

"Lord, Levid and Kyle are out, do you want to shoot?"

"and many more."

Charles waved and looked at the monitoring screen.

The thermal scanner scanned the armored vehicle and found that Han Bing's vital characteristics were intact. At this moment, Charles was relieved.

Wiped the cold sweat from his forehead.

In the cabin, the special fighters looked at each other and couldn't understand why the Lord of Heaven, one of the world's peak powers, would be so nervous, worried, and even...

There is a trace of fear.

Fear the third boss on the top list?

How could it be possible!

King Shura, who is second in the sky list, can't do it, unless... it's the master of the mysterious and terrifying Tianzun Temple who is galloping on the world battlefield, the first in the sky list.

But.....

The special fighters looked at the monitoring screen and were very puzzled: the life form showed that there was a woman in the armored car! !

Chapter 209: The majesty of Tianzun is as horrible!

"It's fighting, it's fighting!"

"Good guy, Charles is too ruthless, and he killed Levyd's four teams without a word. Levyd has only nine teams, and he lost almost half in an instant."

"It's not over yet, Charles's fighter fleet seems..."

The beautiful country official, watching the situation in Alves City, the satellite captured all the pictures.

Seeing that the Four Great Teams were instantly destroyed, they were all horrified, and I sighed that Charles was really too cruel, and he deserved to be the Lord of Heaven.

"Boss, over there."

On the battlefield, Kyle pointed to the five or six hundred fighters that went away, and said in horror: "Is that going to find our remaining team? Does Charles want to destroy them all?"

"what!"

Levid was terrified.

Team Four was destroyed and he returned to Team Five. Although his vitality was greatly injured, he was still a big drug lord, and no one dared to underestimate him.

But the Ninth Battle Team was annihilated, then he would never be able to make a comeback; and all enemies would come to his door, and he would die without a place to be buried.

"Lord of Heaven!"

Levyd was puffed up and yelled into the sky.

"Lord!"

"Lord!"

Levyd knew that Charles could hear him. He suppressed his anger and shouted in a surrender tone: "Lord Lord, we have no grievances and no grudges, why do you suddenly attack my team? My lord, I have seen your strength. , Please stop. I, Levyd, is willing to surrender to you and follow you."

Following the Lord of Heaven is not a shameful thing.

Levid felt that if he could be recognized and succeeded in becoming a follower of Charles, then he would have a big backing.

Losing the four major teams in exchange for a big backing is very worthwhile.

"Lord Lord, I beg you to reply."

Levid knelt on one knee with one hand on his heart. This was a pious ceremony.

Kyle did the same.

In the armored car, Han Bing had already freed her restraints, but she did not dare to get out of the car, quietly observing the movement outside.

"Lord of Heaven, why are you so familiar... By the way!" Han Bing was shocked, and secretly exclaimed: "The third in the ranking!"

"I said why it is so terrible, the ruined suppression of Levyd, turned out to be the third heaven lord on the list, no wonder!"

Suddenly, Han Bing pondered, his eyes flashing with surprise.

"Could it be that the owner of the cell phone number Xiaofan gave me is the Lord of Heaven Charles?!"

"impossible."

"How can Xiaofan's friend be the third world-class giant on the top of the list."

Han Bing couldn't believe it.

Outside, Levid and Kyle waited anxiously.

Unexpected.

There was a roar from far away.

"Do not!"

Levid's eyes were splitting, and he wept in sorrow. He knew that it was his remaining team and was suffering from the disaster.

Charles, really want to kill him all.

"Charles!"

At this moment, Levyd roared angrily, pointed at the sky, and cursed: "Bad son, you bastard. Killing innocents indiscriminately, you have no law, you have broken the rules of the world, and you will be sanctioned and sanctioned!"

"puff."

When words fall, blood spills into the sky.

The arm that Levid pointed to the sky exploded directly, turning into countless flesh and blood, leaving Kyle all over his body.

"what!"

Kyle convulsed with fright.

"Boom!"

The next moment, his head exploded.

Before Levy had time to scream, he saw his confidant Kyle got a headshot, and he immediately feces and urinates, and he almost faints.

"Lord Lord, spare your life, spare your life, I was wrong, I shouldn't be disrespectful to you!"

"My lord, forgive me!"

Levy kept kowtow, hard, blood dripping from his forehead.

Han Bing's heart was mixed.

A few minutes ago, the majestic drug lord had now become a polished commander, kneeling on the ground wagging his tail and begging for mercy.

This is strength!

Suddenly, the strength that determines the life and death of a person.

"Too ruthless!"

At the Presidential Palace of the beautiful country, all the high-level leaders gathered together, watching the images projected by the satellites, and my heart felt a furry.

"Something's wrong."

"In recent years, Charles has been very low-key and easy-going. The city of Paradise is well managed and has become one of the best trading grounds in the world. Why is it that today, such brutality, has killed all of Levyd's subordinates, and has no affection at all. speak!"

"There must be something tricky, Levid must have touched Charles' Reverse Scale. What on earth is it?"

"Have you noticed that there is a woman in that armored car."

The leaders looked at the outline of the satellite detection and looked at each other. Some people wondered: "Who is that woman?"

"Don't say that Charles is pitying and cherishing jade. There were a lot of women in those teams just now, and they were directly destroyed. I guess, this woman is the key!"

"I suspect that the reason Charles is so crazy is because of this woman. This woman is extraordinary!"

"The queen of which country?"

Everyone talked a lot, but there was no conclusion.

Bang bang bang.

Everyone trembled.

Across the screen, they can feel Charles' terrifying aura, this is the third existence in heaven.

"Charles is stronger again, he is still not human after all."

"I heard that three years ago, Charles was fortunate to sit down and talk to Tianzun. Since then, Charles has been deeply rooted and cultivated in his body and mind. In just three years, his strength has increased a lot. I don't know if King Shura, who is second in the rankings, can hold onto his position. !"

"Tianzun!"

These two words are too heavy.

Many of the leaders present were feeling bored, and in a daze, a picture of three or five years ago emerged in their minds—

The sky is full of yellow sand.

In the Sahara Desert, flames are everywhere.

The three tribes of the barren land were encircled and suppressed by the war department under the banner of a beautiful country. Just before victory, the three mysterious warheads came.

They are like magic soldiers, devastating, and defeating them can't form an army.

Finally fled in embarrassment.

That battle was the biggest loss in the beautiful country in hundreds of years, and it even hurt the vitality a bit. This led to the Great Xia War Department, gaining an advantage in the wild battlefield and seizing countless territories.

And those three mysterious warheads are really the Dragon King, Heavenly King and Hell King Warheads under the Celestial Palace.

The one who commanded that earth-shattering battle was the Lord of Tianzun Hall.

Tianzun!

Since then, the sky list has changed, and King Shura, who has occupied the first place for many years, has retreated to second place, causing a wave of the world.

"Don't talk about this."

The President of the beautiful country spoke with a low voice, apparently still brooding about the battle three years ago.

"Look!"

At this time, a leader shouted: "The screen flashes, it is not clear. Charles is blocking the satellite signal."

Alves City, battlefield.

The special captain said: "Lord, the satellite signal is completely shielded, so there is no need to worry about being peeped."

"Um."

Charles nodded slightly.

Then, he looked at Levid seriously and said coldly: "Should you die?"

In a word, majestic and domineering.

Levid didn't know how to answer for a moment.

Shouldn't you die?

What a joke.

Charles committed suicide, how could he let him go.

At this moment, Levid laughed up to the sky, but blood and tears were raging. For a long time, he slumped on the ground and said desperately: "I, damn."

"very good."

Charles turned around.

With this turn, Levid was sentenced to death.

"and many more."

Levid shouted, "Tell me why!"

Charles did not stop.

"tell me!"

Levyd regained his glory, suddenly jumped up and shouted: "Charles, I must die clearly. This is respect for me, tell me!"

Charles stopped in his footsteps.

"Your crime is monstrous! Because you blasphemed Tianzun's sister!"

"Tianzun's sister?"

Levid looked blank.

Next second.

For just a second, he thought of something. He looked at the armored car, as if he had seen a ghost, his pupils shrank to the original point, and he couldn't stop shaking.

She, she is Tianzun's sister!

How can it be!

However, Charles came to rescue himself, how could it be fake.

Levid understood.

Huh.

He took out his gun.

The special captain's eyes widened, and thunderously shouted: "Levid, you still dare to be presumptuous!"

However, I saw Levid kneeling on the ground, looking up to the sky and crying with regret: "Heaven is above, I offend my sister, the crime deserves ten thousand deaths. Today, Levid apologizes for myself, and I hope Tianzun will forgive me."

"Boom!"

The gun shot and fell to the ground.

For twenty years in the border of a beautiful country, a generation of big drug lords came to an end.

"Yes, very witty."

Charles nodded.

All the special fighters have solemn faces, not admiration of Levyd's self-decision, but awe of Tianzun.

Before anyone arrived, Levyd was convinced by his prestige, and he was willing to judge himself.

Ye Tianzun, horrible!

Chapter 210: Queen

Rumbling.

In Skyrim, hundreds of fighters return.

Obviously, the rest of Levid's team were also wiped out.

Charles waved.

Suddenly, all the fighters in the sky disappeared in an instant, except for his exclusive fighter vehicle that landed on the ground.

The world became quiet.

Charles came to the armored car step by step, and he was actually nervous. This giant who had seen countless big scenes, the third in the top ranking, became nervous.

"call."

Taking a deep breath, Charles opened the armored car door.

Huh.

A short knife was drawn.

"Lord!"

The special fighters were silent, but Charles raised his hand to signal them not to move.

And he didn't stop him either.

Let this short knife rest on his neck.

Han Bing was puzzled. She didn't understand why this man didn't stop her. She knew how powerful this man was, but even if the lord named Charles destroyed Levy, she couldn't guarantee that she was a friend.

"Let me go."

"Yes."

Charles nodded and then smiled: "Miss Han, don't panic, I have no harm to you. I am the one who answers the phone, and I am here to save you."

really!

Han Bing put away his short knife and jumped out of the car.

Glancing at the **** and cruel battlefield, she was a killer, and she was also chilled, really like **** on earth.

"Charles, the lord of heaven, the third giant in heaven."

"I didn't expect Miss Han to know me."

"How can I not know." Han Bing smiled and took off his mask, revealing a beautiful face.

Charles's eyes flashed.

He didn't see many such beautiful glamorous women.

Worthy of being Tianzun's sister, she is still a killer, not to mention Tianxiang.

"Are you Xiaofan's friend?"

"Owed him a favor."

Charles replied that a shrewd person like him, upon hearing Han Bing's question, guessed that Ye Fan did not tell Han Bing his true identity.

Therefore, he also needs to help Ye Fan hide.

"A favor?"

"Yes, in the early years I became an ordinary person, traveled all over the place, and experienced all kinds of life. One time I encountered a disaster, it was Brother Ye who saved me. I gave him a phone number and said that if there is a life crisis in the future, I will call Give it to me, I can save his life."

Han Bing suddenly realized.

She didn't have the slightest doubt, because her mind couldn't put Ye Fan and Charles on the same level.

Is his younger brother a world-class giant?

impossible.

In addition, big people like Charles don't bother to lie.

"Thank you Lord Lord."

Han Bing clasped his fists.

Charles smiled and said: "It's just a favor, don't thank me. However, meeting is a fate. If Miss Han doesn't dislike it, I would like to invite you to visit my Paradise City, maybe?"

"It's my honor."

"Please."

Charles took Han Bing onto the fighter plane, then broke through the air.

presidential palace.

A group of leaders was anxious and cursed in a low voice: "Charles, the bastard, actually shields satellite signals, don't we even have the qualifications to eat melons."

"What is going on, I am so anxious. Contact the government of Alves City quickly and ask to see if they have any idea."

"No, the signal is coming."

The President pointed to the screen, his voice low.

Many leaders looked over, but found that there was no one on the plain, only the corpses of Levy and Kyle, and the substantial **** breath.

"The woman is missing?"

"Sure enough, Charles is for that woman, is he really the queen of which country? Is Charles's lover?"

"Charles is so **** romantic, envious and jealous!"

at the same time.

The world has also received news one after another, and they are all talking and talking about it.

"As expected to be the lord of heaven, for his lover, he dispatched eight hundred super fighters, thunder means to annihilate the big drug lord Lavide, no chickens and dogs, all annihilated, cows!"

"It's a role model for our men!"

"If I were a woman, I would marry a man like Charles. Give me a thumbs up."

"Levid is full of evil, and Charles killed him, which is considered to be a great good deed. In other words, in the past few years, Charles has been doing good deeds, which made me wonder if this guy was brainwashed by Eastern Buddhism."

"..."

The world talks turbulently, and here, the city of heaven.

Charles took Han Bing to visit and play.

On the forty-ninth floor of the City of Paradise, there are only 30 floors of trading venues, from the 31st to the forty-nine floors, which can only be accessed by the insiders of the City of Paradise.

The higher up, the people who can enter are the core characters of the city of paradise.

Han Bing originally thought that Charles would only take her around on the 30th floor, but he didn't expect to be above the 30th floor.

And when it came to the forty-eighth floor, Han Bing was dumbfounded.

The highest level, that is, the forty-ninth floor, is the residence of the four of Charles; therefore, the forty-eighth floor is the core and most secret place in the city of heaven.

It is rumored that the president of the beautiful country wanted to visit, but Charles refused.

Now, Charles actually brought her in.

"Lord Lord..."

"Miss Han, just let you call me Charles. The lord is not appropriate this time. Don't be surprised. It is an honor to bring the beautiful queen here to visit the city of heaven."

Han Bing was a little embarrassed.

Does Charles have a crush on me?

No way.

Did I break away from Levyd and fell into another big pit?

Charles sees through Han Bing's mind in the same way. He smiled: "Miss Han does not have to worry about it. I have no harm to you. This is the Paradise Supreme Card for the City of Paradise. You can use this card to enter and exit. Any floor below the fortieth floor of the Paradise City, and will not be blocked."

"what!"

Han Bing was shocked.

Charles said: "Ms. Han accepted it very much, because this card has been filled with Ms. Han's photos and information and cannot be changed. Therefore, if Ms. Han doesn't want it, this card will be invalidated."

"Then give it to me."

Han Bing didn't bother, don't do it for nothing.

The Heavenly Supreme Card is a symbol of glory and status, and it is rumored that seeing this card is like the Lord of Heaven visiting.

All over the world, there is a huge deterrent.

It is equivalent to a life-saving card.

Charles was very happy to see Han Bing accept it. "Miss Han, let's go to the 33rd floor and have a meal together. It's okay."

"Listen to the lord... Listen to your arrangements with Brother Charles."

"OK!"

Hearing Han Bing calling himself "Big Brother", Charles was very happy, and felt that he was faintly stunned by Ye Fan's advantage.

On the table, the wine has been rounded three times.

Han Bing said, "Brother Charles, Xiao Fan doesn't know who you are, right?"

"I didn't tell him, I just said that I was a little bit powerful." Charles said, "A Bing, is there any problem?"

"It's nothing, but I hope you don't tell Xiao Fan my identity. I don't want him to know that I am a killer."

"For this room type, I have almost no contact with Ye Fan."

"That's good."

Charles looked gentle and elegant, with a soft smile on his face.

This posture, no one could tell that he was the lord of heaven who was in control of the monstrous power, other world-class giants were absolutely shocked when they saw it.

"A Bing, you still have injuries on your body. You live in the city of heaven for a few days. When the injury is healed, it will not be too late to leave. I will personally say to Hei Tian that you personally understand Levid's life. This mission You are done."

"Then thank you eldest brother. After completing this mission, I will be promoted to the killer of the gold list, hehe." Han Bing was very excited.

Charles smiled.

At this time, he received the special captain's message on his mobile phone, glanced around, his face darkened involuntarily, and cold sweat came out on his forehead.

"These **** are talking nonsense. Sister Tianzun is my lover! His mother, isn't this killing me!"

"Brother Charles, what's the matter?"

"It's nothing, it's a bit spicy, I'm sweating." Charles wiped his cold sweat and quickly sent a text message.

The special captain was ordered to immediately send emails to many world-class giants.

"What, Charles is too domineering, we are not allowed to say that the woman is his lover!"

"It's too arrogant!...Whoever talks nonsense will kill him...Look, is this talking human!"

"What kind of amazing woman makes Charles so crazy. Damn, I'm going to the city of heaven, I want to see with my own eyes. Charles won't show me, I demolished his city of heaven."

There are also small groups of world-class giants.

No, one of the group, a grumpy old man said such a thing, scared the others to not speak.

"Why, why don't you say anything, is there anyone who will go to the city of heaven with me. Lao Tzu is already on the warplane... Lao Tzu has already set off... It's about to arrive in an hour!"

"Old driver, take me."

There are giants echoing.

"Count me in."

"Hahaha, look at the beauties."

"..."

Suddenly, all over the world, supersonic fighter planes were speeding, rushing towards the city of heaven.

These giants are already on the top of the world, reaching the top, and it is impossible to make progress, so they have nothing to do all day long.

After more than an hour, fighter planes arrived in the city of paradise.

ten minutes later.

These fighters have all left, and every giant has a bruised nose and swollen face, making the giants who secretly follow it laughter...
