Chapter 26: All over the city

This day is destined to be an extraordinary day.

Haitang Washington was blocked, and the celebrities were given a password, so the news did not spread, but...

A cataclysm happened in Jinshan Group!

This is a large group in Changning. Any fluctuations have an impact on the business community, not to mention the collapse of the whole, the explosion of the crisis, and the shrinking of the industry by 80%.

Suddenly, all the major families and enterprises in Changning panic.

That evening.

Finally, a message exploded in the circle——

Zhang family was destroyed!

The city was full of wind and rain for a time, and the undercurrent was raging.

Although the Zhang family is not a first-class family in Changning, it is almost the same. The three Zhang family brothers are big men with good looks.

Was it so destroyed?

Thirty-eight people in the Zhang family disappeared without a trace.

Even the villa on the side of Haitang Washington House was left empty, becoming dilapidated and depressed, and instantly evaporated.

"what happened?"

"Where have the people of the Zhang family gone, I don't believe they have been wiped out. In modern society, whoever has such power will destroy all the people!"

"It is said that Zhang's family also held a banquet at noon to warm up the Jinshan Group's upcoming listing; who would have thought that this would be the result."

"Check, check it quickly!"

"..."

Many magnates have used relationships and connections, but they have found nothing.

There is no way to know what happened to the Zhang family.

Ye Fan was not interested in these wind and rain. After leaving Zhang's house, Zhao Qingmei sent him and Jiang Long to Jiulong Mountain.

One hundred thousand dragons will be here.

Ye Fan met with the dragon generals and ordered Jiang Long to leave Changning with the war department.

night.

Orphanage.

As soon as Ye Fan came back, Meng Qingyi ran over, grabbed his arm and said, "Xiao Fan, to tell you a good news, the Zhang family was destroyed."

"Yes?"

Ye Fan pretended to be surprised.

Meng Qingyi snorted and said, "It's weird, right, the entire Changning business community has been shaken, and the huge Zhang family has evaporated from the world. It's so strange. Everyone guessed that the Zhang family must have provoked a big man."

"It's true."

"You know?" Meng Qingyi looked at Ye Fan in surprise.

Just listen to Ye Fan saying, "Eldest Sister, Zhang Zhe violated you, Zhang Family targeted Qingye Group. I think Zhang Family is upset, so I killed them!"

Ye Fan didn't explain the truth about the fire thirteen years ago.

The tragedy of that year was enough to make Wu Changqing and Meng Qingyi sad. Time made them forget their pain, and there is no need to mention it again.

"Ouch."

Unexpectedly, Meng Qingyi twisted Ye Fan's ears and said grotesquely, "You little bastard, you know how to talk less and less."

"I don't have any."

"Not yet!" Meng Qingyi gave a blank look, and then said, "Someone saw the Qingzhou War Department deputy commander Guo Xiong appearing, I am afraid that Zhang Family has provoke Guo Xiong."

"Is this a guess in the circle?" Ye Fan asked.

"What is guessing? This is a fact. Except for General Guo, who can make the Zhang family disappear in an instant."

Speaking of this, respect and a little admiration appeared on Meng Qingyi's face.

"Thank you Guo Jiang for solving my serious problems. In other words, Guo Xiong is the youngest three-star warrior in Daxia, and his ancestral home is in Changning. He is the number one hero of Changning."

"The first hero? That kid deserves too."

When Ye Fan's words fell, he was knocked on his forehead.

Meng Qingyi snorted, "You have been a soldier. Although you have been discharged from the army, you can't disrespect Guo Jiang. Okay, let's eat, just wait for you."

Ye Fan was very wronged.

I thought to myself that I would find an opportunity to fix Guo Xiong another day.

Little turtle grandson.

Actually letting my elder sister worship, it's really looking for a fight!

"Puff!"

Changning war zone, commander's office.

Guo Xiong sneezed.

"Grass!"

Guo Xiong rubbed his nose, kicked Cao Bing, and cursed, "I beat you, don't you agree, scold me in your heart!"

I don't have any.

Cao Bing was so wronged, he wanted to cry without tears.

He knew that he had made a big mistake, and he did not dare to complain.

Because.

He already knew Ye Fan's identity from Guo Xiong's mouth-the head of the Tianzun Palace!

Of course he had heard of it, who would have thought that such a young man would be the master of all things! Is a world-class giant!

Cao Bing knew that if Guo Xiong hadn't arrived in time, he would undoubtedly die.

Guo Xiong was considered to have saved his life, so he was beaten by Guo Xiong. Cao Bing did not complain at all, but was grateful.

"Guo Jiang, I was wrong."

"Okay, Tianzun didn't do it, indicating that he didn't want to kill you." Guo Xiong waved his hand, and Cao Bing finally felt relieved, knowing that it would be over.

But Cao Bing still had lingering fears, he asked:

"General Guo, do I need to make amends?"

"Ye Zun has his own business, don't bother...but you can't lose courtesy."

Guo Xiong pondered for a moment and said, "Isn't the above going to promote you to a one-star warrior? You can hold a promotion ceremony and invite Ye Zun to participate."

"This is good, why not just set it in three days, how about it?"

"You can arrange it yourself."

...

The next morning.

It fermented overnight, and the business undercurrents gradually subsided.

No one pays attention to the "Zhang Family Destruction" anymore, because a blockbuster piece of news covers everything, making the entire Changning business and political circles discussing and looking forward to it.

— Cao Bing was canonized as a one-star general. Three days later, the ceremony will be held at Feiyu Villa.

— At the same time, there will be a super figure at the ceremony.

"Commander Cao was promoted to a one-star general. It's amazing. In addition to General Guo, we have another general in Changning."

"That super man, is General Guo?"

"Theoretically yes, but I have a hunch that there will be people who are more noble than Guo Jiang."

"Impossible, it should be General Guo!"

"..."

The discussion continued, and the circle became very hot.

Mingyue Manor.

Ye Fan arrived and saw Jiang Long and Zhao Qingmei drinking tea.

"Why didn't you leave?"

Yesterday, he asked Jiang Long to evacuate Daxia with the Dragon King War Department.

After all, one hundred thousand dragons will stay on the land of Daxia, and it is inevitable that the senior leaders of Daxia will be anxious and nervous.

Jiang Long laughed, "I don't want to go, I feel more comfortable here."

Ye Fan rolled his eyes and sat down, Zhao Qingmei served him tea.

Jiang Long continued, "I asked a few deputies to take the war department away, and I want to stay; although Qingmei is enough to help you, she is a daughter's family after all, and some things are inconvenient."

"Alright, you have been fighting all over the past few years, and it has been hard enough. Take the opportunity to rest and rest."

Ye Fanmi took a sip of tea and asked, "How is the Zhang family?"

Zhao Qingmei replied, "Kneeling at the ancestral grave, I am very honest. I have arranged for many people to guard over there, and the Zhang family can't make the big waves."

As the head of the Changning branch of the Tianzun Temple, Zhao Qingmei not only owns the Hongxiu Group, but also has many brothers.

Arrange some people, no matter what.

"By the way, Brother Fan, there is news from Cao Bing. Three days later, we hope you will attend the ceremony at Feiyu Villa."

"Not interested in."

"Uh." Zhao Qingmei did not expect Ye Fan to refuse so simply, she did not persuade, nodded and said, "That's it, I will write back to Cao Bing later."

At this time, the phone rang.

Jiang Long glanced, smiled and said, "Lao Bai and Xiao Hong."

Ye Fan remained silent, but Zhao Qingmei became short of breath.

The Three Great Wars of Tianzun Hall.

-Commander of the Dragon King War Department, Dragon King Jianglong!

—The commander of the Heavenly King War Department, the Heavenly King White Slash!

—The commander-in-chief of the Yama War Department, Yama Luo Hong!

Zhao Qingmei couldn't help but stretched her neck, wanting to take a look at the dignified face of the legendary Hades and Heavenly Kings.

Jianglong switched on the video.

Suddenly, a big face filled the screen of the phone, accompanied by rough words, as if to rush out of the phone.

"Old dragon, you turtle grandson, you actually ran to Brother Fan! I got news from the Daxia War Headquarters that the Dragon King War Headquarters have retreated. You have not left yet, so you have to stay with Brother Fan. Are you lazy!"

"And Brother Fan! Where is he!"

"Too partial, why only summon you? Why didn't Xiao Hong'er and I get an order. I also want to pretend to be forced. I also want to pay tribute to Brother Fan's sister... I heard that there are seven of them, all of them are big beauties. Er, maybe I can get one, and then Brother Fan will have to call my brother-in-law, quack!!!"
