Chapter 261: Tianzun accepts disciples

Misty mountains.

Ye Fan had an impression of this location.

Yuan Yang, the young master of the Yuan family in Changning, once invited him to explore a tomb in the misty mountains.

He also agreed with Yuan Yang at the time to go to the Misty Mountains together in three months. Now it is only two months since we count the time.

"Ye Chen is trapped, why is this?"

"The misty mountains stretch for hundreds of miles, and deep in the vast virgin forest, where dangers are everywhere and poisons are everywhere. Ye Chen escaped from chasing and fell into it, unable to extricate himself."

"In that case, how did you know the news? Xiao Shending told you? It was the people of the Xiao family who chased and killed Ye Chen?"

Sirius said: "It's not the Xiao family, it's another force or the royal family. I don't know the details. Xiao Shending asked us to recruit troops and organize the team as soon as possible. The ultimate goal is to let us go deep into the misty mountains and catch Ye Chen."

"Xiao Shending said that he must catch Ye Chen in front of that force, saying that Ye Chen is very important, and it is a major event that must not be lost, and it must be alive."

"Ye Fan, nine out of ten you are the blood of the Ye Royal family; then Ye Chen and you are the same clan children. I will tell you this secret and let you rescue your compatriots. Through Ye Chen, you can know the Ye Royal family and even the seven royal families. Many things. Isn't this enough to exchange our lives."

"Get up, you are safe now."

The three are as amnesty.

"Mr. Ye, if it's okay, let's go first."

"Go, not yet."

Ye Fan sneered and said: "The misty mountains are so big, how did I find Ye Chen, presumably you know how to find them, so you need to lead the way."

"What, let us show you the way to the depths of the misty mountains. No way, no way, there are dangers everywhere, and if you are not careful, you will die and you will not go."

"Either die or go, there is no third way." Ye Fan said gloomily. The look in his eyes made the three of Sirius' scalp numb, their legs trembled, and they couldn't stand still.

"are you going?"

Sirius asked back.

"Nonsense, how can I save Ye Chen if I don't."

Sirius thought thoughtfully, "Well, if you dare to go, it means that there are safe defensive measures, and you should not lose your life."

"You are very smart."

"If you go, it's best to go as soon as possible. Xiao Shending conveyed the news to us three days ago. It has been three days, and Ye Chen doesn't know whether it is dead or alive."

Ye Fan nodded and looked at Wanguihai, "Old Wan, take them to the Sky Profound Pavilion, and then select ten masters. Tomorrow we will explore the misty mountains."

After all, Ye Fan came to the backyard.

Kong Yunsheng and the others were waiting, and when they saw Ye Fan's arrival, they all got up to greet them.

"Master Ye, have you taken care of it?"

"Yes, I have to thank the Kong family for their help this time, otherwise they will have to work hard to catch the three of them, and they may even escape."

"Well, it should be."

Ye Fan's penetrating power is so powerful, knowing that Kong Yunsheng has something to say, he smiled and said: "Kong has something to do, but it doesn't hurt to say it."

Kong Yunsheng coughed twice, cleared his throat, and said: "Then I'll tell you the truth, I don't know if Master Ye has any disciples?"

Ye Fan understood.

He thought for a while, and said, "In fact, there are a lot of disciples, there are all over the world, and there are even more named disciples."

Upon hearing it, Kong Yunsheng was a little behind.

Ye Fan's disciples were unpretentious, and there were many disciples, so it didn't matter much.

Few disciples are precious.

Kong Yunsheng was a little bit lost, but it was better than nothing. He said, "I don't know how Ye Zongshi feels about this kid Liangheng?"

"Machinable material, Master Kong wants me to accept him as a disciple?"

"I have this idea."

Kong Yunsheng did not twitch, but expressed his bluntness, "Liang Heng has been fond of martial arts since he was a child, and he traveled around the world to learn arts. Without a teacher, he could reach the pinnacle of external power on his own. It's hard to go further."

"To be honest, I don't want Liangheng to stop here, so I implore Grandmaster Ye to accept him as a disciple. I, Kong Yunsheng, are willing to form a year-long friendship with Grandmaster Ye. People of the Confucian family, see you as you see me."

Boom.

There was a thunder on the ground.

This is undoubtedly a blockbuster, Kong Donglin and others stared wide, and couldn't believe Kong Yunsheng made this decision.

Ye Fan was also full of consternation.

Kong Yunsheng said: "Master Ye, I wonder if you would like it?"

"Mr. Kong, the price of yours is really high enough to overwhelm your entire Kong family, just accepting Kong Liangheng as a disciple? What else do you want?"

"My lifelong wish is to see the Kong family stationed in the central capital and gain a firm foothold in the rest of my life."

Ye Fannunusually asked, "Do you think I can help you fulfill your wish?"

Kong Yunsheng laughed, "Old man, I have been in Qingzhou all my life, and I have been through the north and south in the early years. I still have some eyesight. I can't say that I am 100% sure, but as long as there is half the hope, it is worth my gamble."

"Hahaha."

Ye Fan also laughed, "Okay, I like heroic people. From today onwards, Kong Liangheng is my disciple, and at the same time, I give you the order of heaven."

Huh.

A purple-black token made of special materials was thrown away and fell into Kong Liangheng's hands.

Suddenly.

Kong Liangheng shivered.

The token started to be cold, and a cold air spread across the limbs, making him feel awe.

On the front of the token, the word "Tian Zun" is inscribed.

Behind the token is a complicated and strange group case, vaguely like a Kunpeng, flying upward for nine days.

"Kong Liangheng, remember that you are a disciple of Tianzun. Although you have many seniors before, but you have not practiced martial arts, you are the first one, and you are my closed disciple in the martial arts field."

Ye Fan's sound was thunderous, shocking.

His disciples are all over the world, and he can't remember them clearly. He once wandered all over the world, and when he saw a good one, he ordered one or two and became a named disciple.

In fact, the three major medical saints are just named disciples.

There are only a handful of Ye Fan's true disciples, and now Kong Liangheng is one of them.

Ya Que was silent throughout the backyard.

The Kong family stared at the purple-black token in Kong Liangheng's hand, trembling all over, especially Kong Yunsheng, old and tearful.

"Tianzun Order."

"The supreme token of the Temple of Heavenly Sovereign, holding this order is like seeing the Heavenly Sovereign!"

"Ye Fan...no, Lord Ye, you are the lord of the Tianzun Temple, the first in the sky list, and the world's tallest heavenly sovereign!"

Kong Yunsheng shouted and knelt down.

Wow!

Everyone in the Kong family knelt down.

In the courtyard, Ye Fan is alone.

Under the moonlight, his voice became extremely loud, giving people the feeling of standing on the top of the world.

"I am Tianzun."

The four words give initiation.

Kong Yunsheng laughed, "The bet is right, the old man is betting right."

"Old sage Kong Yunsheng, bring all the Confucian family, to see Tianzun!"

"Farewell to Tianzun!"

"Meet Master!"

Ye Fan raised his hand, "Get up, I am not interested in these red tapes. My identity, to tell you, is also to give you peace of mind, but it must not be spread."

Kong Yunsheng trembled.

In the face of the grandmaster, he can still be calm, but in the face of world-class peak giants, he can't calm down.

He didn't even dare to look at Ye Fan directly.

He lowered his head slightly and said: "Tianzun, don't worry, my Kong family will definitely be tight-lipped. Who dares to say half a word does not have to be Tianzun, I personally end up with him."

Ye Fan said: "Liangheng, the order given to you is a symbol of your status, and you must not use it indiscriminately."

"The disciple remember."

"The Kong family is stationed in the Central Capital. This is a good thing. I will ask Xing Tian, the person in charge of the Tianzun Temple Capital Headquarters, to contact you, and you will discuss with him specifically. In addition, I will give you the information of the person in charge of the Tianzhou Branch of the Tianzun Temple. Phone, Tianzhou, you also have to make some arrangements."

Kong Yunsheng asked: "What's the problem with Tianzhou?"

Ye Fan said, "The nine princesses of the Galaxy Group were born as Qin Luoyin and belonged to the Qin family in Tianzhou. In the future, she will return to the Qin family and regain power. I have promised to help her, and the Kong family needs your full support."

Kong Yunsheng said in surprise: "I didn't expect the nine princesses to have such an identity. This must be supported. The Qin family in Tianzhou is very good. Even the big families in the capital are very jealous. There is a martial arts master in the family. If Qin Luoyin can regain the power, We have allies. In the future, we will be stationed in the Central Capital together. It will be a huge force that no one can shake."

"Yes, Daxia is unfathomable, and Zhongzhou is so, let alone the central capital. The Tianzun Temple can't go to war, but can only provide help in secret. Therefore, the Qin family must be controlled by Qin Luoyin, which is also good for the Confucian family. The Qin family The Kong family is my sword for breaking into the central capital."

Between the lines in Ye Fan's words, there are different emotions...

Kong Yunsheng knew that Ye Fan had a big plan.

Chapter 262: Its daybreak! !

Ye Fan's identity is very simple, it is to let the Kong family follow him desperately.

In addition, the Qin family in Tianzhou will also get it in the future.

Knowing the "seven royal families" from the three of Kuangzhan, and knowing that he might be the blood of the Ye clan, Ye Fan thought a lot.

Why did the Changning Ye Family live out?

Why did the Ye family be annihilated and the Ye royal family did nothing?

why.....

Ye Fan wants to figure out everything.

However, the affairs of the seven royal clans are no trivial matter. It has involved the high-level heroes, and the Tianzun Temple is very young, but it is absolutely inevitable to openly oppose Daxia, or disrupt the central capital.

Therefore, Ye Fan needed other strengths.

The Confucian family and the Qin family, one is the first family in Qingzhou and the other is the first family in Tianzhou, their combined strength is absolutely strong.

In the future, in Zhongzhou, some families can be conquered and a giant alliance can be formed. At that time, Ye Fan will have enough confidence to explore the affairs of the seven kings.

At that time, Ye Fan was truly invincible in the world.

Ye Fan did not go back this night.

He is guiding the martial arts of Kong Nansheng and Kong Liangheng and his son. Both father and son can be said to be geniuses, but it is a pity that Kong Nansheng missed the best martial arts period and his achievements are limited.

Kong Liangheng is indeed a manufacturable material.

Since Ye Fan accepted him as a closed disciple, he would sincerely teach.

The next day, early morning.

Wanguihai sent a message saying that he was ready and could go to the Misty Mountains at any time.

"Master, take me."

When Ye Fan left, Kong Liangheng volunteered.

"Yes, you can experience the virgin forest deep in the Great Misty Mountains, and at the same time, it will open your eyes."

Kong Liangheng was very excited.

There are 16 people in total in the foreign exchange union in Nanling City.

Ye Fan, Wan Guihai, Kong Liangheng, Kuangzhan, and ten first-class elite fighters.

Riding a fighter plane, it arrived in the Misty Mountains area within an hour; the fighter plane could not continue to advance because the weather above the mountains was very bad. Are there thunder storms?

There used to be some large adventure groups flying in with fighter jets, but they never went out, and they were all damaged in it.

"Set off."

Ye Fanyi was bold and took the lead, leading the team into the mountains.

at the same time.

The mountains are in the other direction.

A well-armed team of hundreds also went deep into the mountains.

No, it's not just this.

In other areas of the mountains, there are three teams, each with one to two hundred people. The four teams are different, obviously different camps.

In addition to Ye Fan, there are five camps in total, who want to capture Ye Chen.

...

The sun hangs high.

After a night of storms, Nanling was exceptionally calm during the day today. Many families and forces were watching and waiting for the collision between the Song family and the Nangong family.

This night, for the Song family, the Nangong family, and even all the forces and families in Nanling, it took seconds.

At this moment, it's dawn.

Song family mansion.

There are white silks hanging everywhere, and everyone wears linen and filial piety, and their faces are sad.

In the mourning hall, the female families were crying and burning paper.

The faces of Song Zhiyuan and his wife were haggard, and they looked like ten years old and haggard all night; the middle-aged bereavement gave them a huge blow, and they had no intention to deal with this matter, so they handed it over to Song Zhishu.

Outside the mourning hall.

A group of people in power gathered together, and Song Zhishu sternly said, "What's happening in the Nangong family?"

"very quiet."

"Quiet?" Song Zhishu's face was a little gloomy, "What a Nangong family, I really don't put my Song family in his eyes. Too much deception, this is too much deception!"

"The Nangong family will definitely pay the price."

Those in power growled.

"Director Xiang Boyan personally led the investigation, and public opinion spread. The Nangong family can't hide from it. You must give an account!"

"If you want any explanation, you just need to hand over Nangonghan and let him pay for his life! At the same time, everyone from the Nangong family came to express their condolences and kneel in front of Nanyang Hall for three days and three nights!" An old man smashed his cane on the ground and walked slowly. come over.

This person is a respected old man of the Song family, and he has a great say. Sometimes, the two brothers Song Zhiyuan have to ask him.

"Song Lao, at present, the Nangong family is determined to protect Nangong from the cold and ignore us at all."

"Hmph, let Xiang Boyan put pressure on it."

Old Song Lao with sharp eyes, with a cane in both hands, said old-fashionedly: "You don't know, the old man from the Nangong family contacted me last night, hoping to deal with it peacefully. This is because the Nangong family is seeking peace, and they lack confidence."

As soon as these words came out, the Song family felt a lot of joy.

There are four young people in Nanling, and naturally there are four old people in Nanling. The old Confucian Kong Yunsheng, the Nangong family, the Mo family, and the Song family also all have respectable elderly people.

Although not as good as Kong Yunsheng, his status in Nanling is also extraordinary.

It's just that she stays behind the scenes all the year round and never comes out.

"The old Nangong family begs for peace, Song Lao, how do you respond?"

"Same as I just said."

"The results of it?"

Old Song hummed, "That old thing also released a blockbuster, saying that Ye Fan will be a guest at Nangong's house today."

"what!"

Suddenly, everyone was shocked.

Ye Fan, the master of martial arts, has a strong energy, and at the same time he has no acquaintance with the Kong family, and has friendship.

If Ye Fan supported the Nangong family, it would be a bit troublesome.

"How could Ye Fan interfere with our confrontation with the Nangong family? He can't be so stupid. I suspect that it was the smoke bombs released by the Nangong family.

After Song Zhishu gave the order, he turned to ask: "Lao Song, I hope you will go to Sheji Mountain Villa and talk to Lao Kong. If Ye Fan really supports the Nangong family, you must keep the Kong family out of the way."

"Just one Ye Fan, we are not afraid, because Nan Tian is about to return. Ye Fan is the master of martial arts, and there is a big sect behind Nan Tian, which is more powerful and can overwhelm Ye Fan. But if the Kong family also intervened, it would be no fun. ."

Old Song nodded.

"You are right, I will go to Sheji Mountain Villa now."

Not long after, a helicopter soared into the sky and headed towards Taibai Mountain.

At the same time, a helicopter flew up at Nangong's house. Inside was the old man from Nangong, who also went to Taibai Mountain to find Kong Yunsheng.

At this time, the Nangong family panicked.

Because Ye Fan's phone call can't get through! !

I thought that Ye Fan could be a guest today, and Nangong Ba spread the news, shocking the Song family, but now the plan is ruined.

In desperation, he could only turn to the Kong family for help.

In the Nangong family mansion, Nangong Ba, Nangong Injury and other power holders are meeting with Xiang Boyan.

"Everyone, when you talk about it, you are evasive, and there is not a single meaningful word. I think it is better to let Nangonghan come out and talk to me in person."

Xiang Boyan's face was stern, and there was a trace of anger in his voice.

The Nangong family is really too presumptuous, all of them are imagining and arguing, and even Nangong Han doesn't come out, and he doesn't pay attention to his director at all.

The killing of Song Nanyang this time was a huge case.

The governor instructed to release Song Nanyang, saying that it was the Central Capital that issued a pardon order, and Song Nanyang was killed when he turned around.

This is hitting the governor in the face.

Xiang Boyan personally investigated, if the governor is not properly handled, I am afraid that the governor will not wear the hat securely.

"Xiaohan, the mental state is a little bad, and it is not convenient to see people when he is being treated in the hospital."

"Why, prepare to go on bail for medical treatment? You'd better not think too much about it. This case involves too much, and Nangonghan can't get away."

Xiang Boyan stood up suddenly, showing a majestic aura, causing everyone in the lobby to bow their heads slightly, and the atmosphere was depressed.

"I give Nangonghan a chance."

"At noon, the Central Stadium. By then, your Nangong family and Song family will all be there, and other families and forces can also come as spectators."

"Nangonghan has to come too. I will personally host it. Since you think that Nangonghan is not guilty, then let him do his innocence defense under the eyes of everyone!!"

Chapter 263: Wonderful and wonderful!

—At noon, at the Central Stadium, under the auspices of Director Xiang Boyan, Nangonghan will make a defense of his innocence!

The news spread quickly.

The big families and forces simply couldn't wait, and a large number of them went to the central stadium to grab a good seat in the front row.

Nangonghan pleaded not guilty, and if he was unsuccessful, arrested on the spot.

No matter how strong the Nangong family is, it will not be able to recover.

Because, if the public is watching and rebelling openly, it would be provoking the state organs, and it would be seeking death.

It can be said that Xiang Boyan gave Nangong family and Nangonghan a chance, and this opportunity was extremely dangerous.

"Xiaohan, you are not guilty and defend yourself. You will lose. The Song family can't let you go. Now you must be sent abroad. It's important to save your life."

Nangong is overbearing.

Other people in power also agreed very much, but Nangong was silent.

"Uncle, dear uncles, I don't want to go abroad, I want to defend my innocence. Song Nanyang's death has nothing to do with me, why should I take the blame. I believe in the law and will give me justice."

Nangong Han is eloquent.

At this time, the silent Nangongshou laughed and his eyes sparkled, "Good son, you are right. You didn't kill people. You don't need to be afraid. You can go to defend yourself without guilt, I can see. Xiang Boyan seems to be jealous of something. I suspect that he is jealous of Ye Fan, so I will give you a chance to not favor the Song family."

"If this is the case, Xiang Boyan will definitely be fair to the citizens, and if the Song family messes up on the spot, they will eat their own evil results."

"Also, nine out of ten you guessed that Song Nanyang was killed by Ye Fan. Although I can't make a call for the time being, I think Ye Fan will definitely not leave it alone. This may be a test for you, come on, son! "

Nangong Han nodded heavily.

But in the Song family, a group of people were furious.

"This fellow Xiang Boyan, this is clearly partial to Nangonghan. We have no substantive evidence to prove that Nanyang was killed by Nangonghan. Nangonghan will succeed in his innocence defense!"

"Then what to do!"

"There is also news from Song Lao that the old immortal Nangong is also at Sheji Mountain Villa, and the old man of the Mo family has also gone to join in the fun. For a while, there is nothing to say about the result over there."

When everyone was angry, a cold voice came from the mourning hall: "Go, go and participate in Nangonghan's innocence defense."

"Big Brother."

Song Zhishu came.

At this time, Song Zhiyuan's eyes were bloodshot, his cheeks were thin, and his voice became hoarse: "The Nangong family thinks that a mere innocence can save Nangonghan's life. It's too naive, and it's too naive to look down on my Song family. "

"Big brother, what do you mean?"

"Nangonghan is a life or death, not a self-defeating of innocence can decide, it is our decision, including Nangongba and Nangong injury. Go participate, let's see what Nangonghan said!"

Song Zhishu heard Sen Leng's murderous aura from the lines of Song Zhiyuan's words, and he knew that the Nangong family was going to be unlucky.

My eldest brother's methods are not merciful. He has secretly cultivated a killer organization that can harvest his life.

The Nanling side was boiling, Ye Fan of course didn't know, and he didn't know that Nangongba had called him, because there was no signal at all in the misty mountains.

A group of people shuttled through the woods.

They arrived at five or six o'clock in the morning, and now it is more than ten o'clock, four hours or so, and they have gone deep for a hundred miles.

Ye Fan's sixteen-member team are all strong, with a strong physique, and can relax for a hundred miles in four hours.

"Ye Da, the aura ahead is completely different, and the temperature is a dozen degrees lower. It seems that we are about to enter the virgin forest deep in the mountains."

"You take protective measures."

Except for Ye Fan, the fifteen people were fully armed, not showing a single trace, wearing gas masks and carrying oxygen cylinders.

"Master, don't you need it?"

"No need."

Kong Liangheng is still quite worried.

The master of martial arts is powerful, but there are countless poisons in the virgin forest. Sometimes a flower is a deadly poison, and the master can't hold it.

Wan Guihai patted Kong Liangheng on the shoulder, grinning: "Boy, nothing in this world can poison him."

"what?"

Kong Liangheng looked blank.

Ye Fan had already walked ahead and shouted: "Don't rush, hurry up. Sirius, Kuangzhan, Huben, the three of you are by my side, guiding the route."

"Follow up."

Wan Guihai greeted.

Presumably, the virgin forest is completely different from the ordinary forest, and the perception is turned upside down.

Just like, one is a child and the other is a majestic adult.

Walking in the primeval forest will make people feel awe, and more of awe of life, such as encountering animals that cannot be seen outside.

It was like a huge tiger in front of Ye Fan now.

"Really memorable."

Wan Guihai laughed, "This is only ten minutes, three or five miles away, and I met a saber-toothed tiger."

"This guy with a body length of five meters and a person tall is a tiger?" Kong Liangheng was dumbfounded. Where is this tiger, it is obviously a monster.

He traveled everywhere and went to many dangerous places to experience, but he had never seen such a big tiger, it was terrifying.

Put it outside for fear that it will become explosive news across the country.

"The saber-toothed tiger requires a very high living environment. It is impossible to survive outside. Some virgin forests have them. There are also many types, usually about three meters in length. This five-meter guy is a tiger king, and we are very lucky. "

Ye Fan patted Kong Liangheng, then dumped him Xianghu King, and said with a smile: "Boy, have a long experience, make a gesture with Brother Tiger."

"what!"

Kong Liangheng yelled in fright.

"Roar."

The saber-toothed tiger roared, deafening, and he was a real tiger roaring in the mountains.

Huh.

Although he is huge, his movements are not sluggish.

Killed in front of Kong Liangheng in the blink of an eye.

Kong Liangheng was shocked for a short time, and soon calmed down. He was full of enthusiasm, because Ye Fan swept the formation.

No matter how strong the Tiger King is, it is not an opponent of the Grand Master.

So what is his scruples.

"Boom."

The tiger claw collided with the fist.

Kong Liangheng flew out and broke a big tree.

"What a strong force."

"Roar."

The Tiger King didn't shoot Kong Liangheng with a single blow, he seemed very angry, his fierce aura skyrocketed, he smashed trees and killed him frantically.

"Good job."

Kong Liangheng does not retreat but advances.

One person, one song, just fight in this jungle, back and forth, lasted more than ten minutes.

In the end, Kong Liangheng was still lost.

"Snapped."

At the moment when Tiger King threw down Kong Liangheng, Ye Fan slapped it away, then opened his mouth and uttered a dragon chant.

"hold head high."

The sound waves rippling, and the wind howls.

Humanized fear appeared in the Tiger King's eyes. After hesitating for a few seconds, he turned around and fled, and disappeared in the blink of an eye.

Kong Liangheng fell apart, got up and rubbed his arms, "Master, why don't you kill it."

"Why kill?"

Ye Fan asked back.

Kong Liangheng was stunned, only listening to Ye Fan walking sideways: "Except for mosquitoes, everything has an aura. Especially some outstanding animals in the primeval forest are very rare, and there is only one death."

"The Tiger King kills you by instinct, for food, not to death."

"Kill, you must kill the damn, not bloodthirsty."

"You have to understand."

Kong Liangheng clasped his fists, "disciples remember."

Ye Fan yelled: "Keep on going, the big movement just now, I'm afraid it will attract many powerful birds of prey, and being entangled will be very troublesome."

The deeper, the worse the environment.

There is almost no way.

At this time, the ten elite warriors that Ye Fan had brought came in handy, holding an axe to clear the way.

Approaching noon.

Ye Fan and his party were in trouble, it was a pack of wolves, but also a wolf that was different from the outside world.

"Master, what kind of wolf is this?"

"Ironback Silver Wolf."

Ye Fan patiently explained, "Look, these wolf hairs have silvery white hair, almost no impurities, and are very noble; and under their back hairs, there are hard scales growing, which is the root of their virgin forest."

"Vertebrates that land on all fours have the advantages of speed, strength, agility, etc., but the biggest weakness is the back, which is very fragile. When facing wolves, warriors can easily snap them off when they come to slaughter them. Back, it loses combat effectiveness."

"Then, the iron-backed silver wolf, the hard scales on the back are natural iron armor, which protects the back. How hard is it? Probably the strength of the peak of your external force, with a full blow, can hurt, but it can't be interrupted. ."

Kong Liangheng was horrified.

Ye Fan's face showed admiration.

He said with emotion, "Nature is supernatural and wonderful, and the heavens and the earth are infinitely wonderful. These animals have evolved perfectly. But God is fair, perfect animals, difficult to reproduce, and the living conditions are also very harsh, leading to perfect creatures such as the ironback silver wolf and the saber-toothed tiger. It is becoming rarer. Many virgin forests are not visible, but these species appear one after another in the Misty Mountains. It is not simple."

Chapter 264: Innocence

"Master, you know so much." Kong Liangheng worshipped more and more.

"These species are not visible from the outside, but in the wild land, they still frequent. There is a primitive continent with too many weird guys."

Ye Fan's eyes were full of yearning.

In fact, for him, compared to the prosperous cities, he prefers to travel in the wild land of the primitive continent.

It was so passionate and free and easy.

"The wild land, I have heard of it, but I haven't been to it." Kong Liangheng murmured, also yearning for it.

"Where are the battlefields of various countries, countries with good national strength in the world all go back to the barren land of the primitive continent to open up territories and plunder resources. According to the regulations of various countries, ordinary people are not allowed to enter, and power and power are not allowed. It can only be The war department of various countries may also be recommended by someone."

Ye Fan thought for a while and said, "I will arrange for someone to throw you into the wilderness and let you experience it for a few years."

Kong Liangheng shivered.

"Ye Da, don't chatter, we are already surrounded." Wan Guihai's complaining voice came, and they were fighting the wolves.

"so much?"

Ye Fan was also taken aback.

Looking around, there are at least a thousand of them in all directions and a vast expanse of whiteness. One individual is big and fierce.

"Don't fight, the ironback silver wolf protects the shortest, hurting one. I'm afraid this wolves will chase us until we are old."

"Also, where the Ironback Silver Wolf appears, there must be a white-tailed poisonous fox!"

Kong Liangheng said: "White-tailed poisonous fox, what kind of ancient monster is it."

"A small fox with a big white tail and capable of releasing toxic mist. The white-tailed poisonous fox and the iron-backed silver wolf are naturally good friends, and even the two races will live together."

"Although you are wearing protective clothing, you were bitten by the iron-backed silver wolf and the poisonous mist has penetrated. I have to detoxify you. It's too much trouble."

Wan Guihai shouted, "Ye Da, what should I do?"

"Run, what else can I do."

Ye Fan fisted several times, smashed several towering ancient trees, and fell down, forcing the wolves to disperse.

Then a group of people rushed out of the encirclement.

Wow!

There was a pack of wolves in the vast expanse of white, eagerly chasing them; and from the trees, there was also a "creak" sound, and the poisonous fox also rushed.

While running, Ye Fan and Wan Guihai kept knocking down the big tree, obstructing the wolves and poisonous foxes.

I don't know how long.

Kong Liangheng was surprised to find that the wolves and poisonous foxes were gone, and it seemed that they had not chased them.

"They gave up."

"No, they are afraid to move forward. They have their own territory and will not leave rashly, let alone break into the territory of another forest overlord."

"Be quiet."

Ye Fan looked at the three Kuangzhan and asked, "You are dishonest and deliberately lead our dangerous territory. There are only three things, and I hope you will cherish life."

The calculations of the Sirius trio were seen through, their faces changed wildly, and they knelt down and begged for mercy: "Mr. Ye forgive me, we dare not. Although we are a bit careful, the general direction is correct. It will be here soon, this one. The direction, thirty or fifty miles forward, you will definitely find Ye Chen."

"Why?"

"The royal family's methods are incomprehensible to ordinary people. Ordinary people can't convey news in the primeval forest, but the royal family has its own satellite, which can directly transmit information through satellites."

Ye Fan said: "The Xiao Royal Clan intercepted the satellite message that Ye Chen conveyed to the Ye Royal Clan?"

"No, there are traitors in the Ye royal family."

Sirius throws a blockbuster.

"To be precise, it shouldn't be an internal traitor. It should be the Ye royal family's faction, which has a stance of civil strife. Ye Chen's opposing faction revealed his whereabouts, and it should be like this."

"Ye Fan, now we have no reservations, and will show all the guidance. I hope you can rescue Ye Chen, don't kill us, let us go."

Ye Fan snorted coldly, "Look at your performance."

The team continued to advance.

But Ye Fan's heart became heavier. Although he had never been to the Ye Royal Family and was very unfamiliar, he still felt a little uncomfortable when he heard that the Ye Royal Family was in trouble.

"When the Xiao royal family gets the news, the other royal families must also get the news. It seems that my opponent is not only the Xiao family forces, but also people sent by other royal families."

"very good."

Ye Fan became excited and sneered in his heart: "Let me see what level of power of your royal family, it is best to capture all of them alive, and let me inquire about the information of the seven royal families."

...

The time flickered, and it was noon.

Central stadium.

There was a crowd of black people, major families, many forces, almost all the celebrities and nobles in Nanling came, much more than the people who went to Wangjiang Terrace to see Kong Yunsheng that day.

"when."

Xiang Boyan knocked on the table, and the audience was quiet. He slowly swept a punch, and finally said loudly: "Nangonghan is out."

"Director."

Nangong Han walked out.

Suddenly, on the Song family's side, a group of people were full of hatred, cursing one after another.

Xiang Boyan scolded: "Song Zhishu, take care of your family, and if you dare to make noise, let me go out."

The Song family closed their mouths, but their eyes were still fierce.

"Nangonghan, the death of Song Nanyang has stirred up the storm. Now, I give you the opportunity, and I have also received the affirmation of the city chief, to host here, let you defend yourself innocent in front of all celebrities."

"If you are not clear, you will be responsible for Song Nanyang's death. Now I ask you, are you willing?"

"I do."

"Okay." Xiang Boyan woke up again and patted the desktop, "Now start your innocence defense."

The audience was silent.

Nangonghan became the focus. He turned around to look at the Song family camp and clasped his fist. "First of all, I regret the death of Song Nanyang. Emotion. I hope Song Nanyang can rest in peace under Jiuquan."

"How can I rest in peace."

An angry shout rang out, and a Song family ruler came out, "You killed our Nanyang, you didn't fall for the law, Nanyang couldn't stand your eyes on it."

"You said I was a murderer, but do you have evidence? At least one proof of personal evidence, at least one. Just out of thin air that I am a murderer, not in compliance with the rules, not in compliance with the law."

"This," the man in power was startled, and then shouted, "Your people killed Nanyang, even if you are not a direct murderer, you are also an indirect murderer. You can't get rid of it."

"good."

Nangonghan opened his hands and looked around the audience, "Everyone has heard it, and now the Song family questioned me as an indirect murderer."

From direct to indirect, this is the first solution.

The Nangong family nodded secretly.

The Song family was furious, but helpless, there was indeed no evidence that Nangonghan killed Song Nanyang directly.

"Next, I need to defend myself for not being an indirect murderer." Nangong Han looked at Xiang Boyan.

"Director, I implore the forensic doctor to show Song Nanyang's autopsy report."

"Don't have to be so troublesome, I know what you want to know." Xiang Boyan told directly, "Song Nanyang was fatally hit, and there was a blood hole in the center of his eyebrows, a mouth, about the size of an index finger."

"Simply neat?"

"Yes, forensic experts discussed that Song Nanyang did not resist, or had no chance to resist, and was directly suppressed to death through his eyebrows and skulls."

"Where did Song Nanyang die in Shuiyue's residence?"

"In an attic, in addition to him, there are three corpses present, two of which are Song Nanyang's bodyguards, and the remaining one is the commander of a team you sent."

Nangonghan nodded and looked at the family.

"What the office said just now, you heard it very clearly, do you have any questions?"

"Nangonghan, what do you mean."

The Song family shouted.

Nangonghan pondered: "You guys deduce in your mind how one of my commanders, facing Song Nanyang and two master bodyguards, did not resist in Song Nanyang and killed him with one blow."

"This is not logical. My commander is not that strong."

The Song family ruler sneered, "If you say that you don't have it, there will be no, maybe it's a hidden master."

Nangong said coldly: "If you hide the master, how can you die in the attic. Besides, what about the murder weapon?"

"My leader died on the spot, it is impossible to deal with the murder weapon. But the director did not find the murder weapon. I have reason to suspect that Song Nanyang was not killed by my leader, and I am not an indirect murderer!"

Chapter 265: In danger

Since Song Nanyang was not the leader who killed him, Nangonghan was naturally not an indirect murderer, and had nothing to do with him. This was very reasonable and logical, and there was no possibility of finding fault at all.

The Song family's face was ugly.

The Nangong family breathed a sigh of relief.

In fact, this result was also expected by everyone. The Song family identified Nangonghan as the murderer, and there was no evidence at all.

Xiang Boyan is also very clear.

The reason for holding the "Innocence Defense" is actually to make the Song family sober. Under the full view of the Song family, the Song family can't mess around with it, which is enough to get Nangong Han out of the suspect's identity.

Originally, in order to end this case as soon as possible, Xiang Boyan gave an explanation to the above that he could completely win Nangonghan.

However, he coveted Ye Fan.

The relationship between Ye Fan and Nangong Han is a bit delicate, and he had offended Ye Fan before, so Xiang Boyan did this to give Ye Fan face, not to look at Nangong's family.

"Uncles of the Song family, do you have any questions."

"A variety of factors indicate that Song Nanyang was not killed by my leader, and has nothing to do with me."

"There was another person who killed Song Nanyang."

At this time, Song Zhishu, who had been silent for a long time, walked out and shouted in a low voice:  
"Then you say, who killed Nanyang."

Nangong Han shook his head and said, "This one doesn't know. If I knew, I would have explained to the office a long time ago and would not stare at the suspect's hat."

"But..."

"But what!"

Nangong said coldly: "You must have investigated everything last night, and you know that in addition to Song Nanyang and his men, Shuiyueju also has a girl with a special identity."

"You mean..."

"Yes, Ding Chunman, the lady of the Ding family." Nangong said coldly and shouted: "The Ding family can be here, Ding Chunbo, come out."

Suddenly, the crowd commotion.

The Ding family's discoloration changed, and Ding Chunbo walked out tremblingly, looking at Nangong Han in horror, "Brother Han, what do you mean, let me take the blame? What a joke. I have nothing to do with Song Shao's death. Where do I dare to murder Song Shao, I have no ability to murder Song Shao."

"Don't be nervous, don't panic, I didn't let you take the blame, Nangonghan is not such a shameless villain. I want to ask you, where is your sister now?"

"I don't know, we can't contact Chunman, our whole family is also in a hurry and is ready to call the police." Ding Chunbo said.

Nangonghan nodded and said, "This is reasonable."

Then, he looked at the family and said solemnly: "Uncles, Ding Chunman was obviously rescued, and it was the murderer who killed Song Nanyang who left her. The murderer did not want to be exposed, so Ding Chunman was detained. What you have to do now is not to struggle with our Nangong family, but to find Ding Chunman, and then the truth will come to light."

"Yes, yes, I found my sister." Ding Chunbo was overjoyed. It was a great thing to have the Song family help find her sister.

Song Zhishu's face was deep.

The Song family was silent collectively because they didn't know what to say.

In a few words, Nangonghan exonerated himself in front of everyone, leaving them no room for fault in the Song family.

This is very unpleasant!

"Brother, you shouldn't come to this self-defense meeting. It is entirely used by Xiang Boyan for Nangong Hantuo's crime to contain our Song family."

Song Zhishu said inwardly.

At the same time, he was also very angry, angry at Xiang Boyan.

"I should do justice to law enforcement as the director. I will not take sides. Nangonghan's innocence defense seems to me no problem. If the Song family has any questions, you can point it out."

Xiang Boyan spoke.

Suddenly, a young boy from the Song family jumped out and shouted, "Director, even if Nangonghan is not the murderer of my cousin, then he is also the indirect murderer of my cousin's subordinates. He sent to Shuiyueju, and My cousin's NPC fought and killed a few. Nangonghan needs to be responsible, and it is impossible to have no relationship."

As soon as this remark came out, the Nangong family was stunned.

The people under his command were killed and injured, and this should be counted as Nangong's cold head?

This completely broke the unwritten regulations of the major families and forces.

If you really want to figure it out, the forces on the rivers and lakes don't dare to move.

The words of the Song family's youth made the Nangong family extremely angry, and also caused discussions among the celebrities and nobles present, who obviously disagreed with it.

But the Song family had already torn their face.

"Yes, Nangonghan wants to get rid of sin."

"Nangonghan is undoubtedly an indirect murderer, and must be sanctioned. Please take down Nangonghan."

"Capital sins are forgiven, but living sins are inevitable."

"life imprisonment!"

The Song family shouted, the situation was a bit out of control.

Seeing that everyone in the Nangong family was on the verge of anger and might have to fight with the Song family in the next moment, Xiang Boyan slapped the table hurriedly and shouted: "The defense of innocence is over for the time being, and Nangong Han is temporarily in the detention center. Everyone exits in an orderly manner, who Dare to disrupt public order and punish severely."

...

Misty mountains, virgin forests.

Ye Fan and his party have experienced a lot of dangers, and on a few occasions they even lost their teammates. The quotation marks Ye Fan showed great power and rescued several elite fighters.

Deep in the forest, there is heavy fog, and the visibility is only about one meter. It is very bad, and you must beware of the raptors and beasts that are culled from the fog from time to time.

All people are highly concentrated.

The consequence of this is very exhaustion.

"Coming."

Suddenly Sirius stopped, the fog in front of him seemed thin, and he could see that it had reached thirty meters.

Kuangzhan excitedly said: "Finally, we are about to get out of the dense fog area, Xiao Shending gave the news that Ye Chen was trapped in the forest by Yunmeng Daze."

"Mr. Ye, do you know Yunmeng Daze?"

"Have never been here."

Ye Fan shook his head.

Sirius explained: "Yunmeng Daze is one of the most terrifying places in the virgin forest. It is a large swamp with a radius of 30 miles. It is said that there is a terrible monster living in the swamp."

"Ye Chen is trapped by the monster and cannot escape, but Ye Chen is strong enough that the monster can't kill him for a while."

"Of course, that was the news three days ago. Now that Ye Chen is alive or dead, no one can know. His satellite communication method must be broken, otherwise the message will be transmitted by the Ye Royal Family and Xiao Shending will also receive it, and then inform us. . But now there is no message."

"Attention, we have entered Yunmeng Daze. The deeper we go, the softer the ground under our feet. Besides, Daze is full of poisonous insects..."

"Of course Mr. Ye is here, we don't need to be afraid of poisonous insects."

Along the way, everyone encountered a lot of poisons, and some people were very poisoned and died. Ye Fan's wonderful rejuvenation shocked Kong Liangheng and Sirius.

Yunmeng Daze is thin and foggy, and you can see far away.

Ye Fan felt that Daze was unusual, and said in a deep voice: "Go ahead, everyone is fully on guard. Our opponents are not only the raptor poison, but also other forces that come to catch Ye Chen."

When Ye Fan and his party entered Yunmeng Daze, four men and horses also came in from the other direction.

And in the center of Daze.

puff!

puff!

A frightening picture was presented. It was a huge monster with many tentacles, like a big octopus.

The tentacles turned into cages.

In the cage, there is a young man sitting cross-legged.

The young man with sword eyebrows and star eyes, even if he was all dirty, could see that he was handsome and extraordinary.

He was covered with scars.

He was panting, hungry and cold, and his will was almost at its limit, but he still clenched the long sword in his hand and chopped his tentacles.

"where am I!"

"who am I!"

Ye Chen was a little confused.

Entering the Misty Mountains for half a month, trapped in Daze for three or four days, he died a long time ago as an ordinary person. Fortunately, he was a warrior, and he was about to reach the peak of inner strength before he resisted.

But it's coming soon.

I can't hold it anymore.

"...I am Ye Chen, the blood of the Ye royal family... the family is in trouble, the aunt is imprisoned... sister Ling'er is missing..."

"Yes, I am Ye Chen!"

"Where am I going...Changning? Yes, my aunt asked me to go to Changning...I'm looking for someone, who is it!"

"Who are you looking for?!"

Ye Chen is holding his head, his eyes are splitting, his eyes are bloodshot, and all his orifices are bleeding...

Chapter 266: The monster of Yunmeng Daze!

Puff puff.

The short knives in the hands of Wan Guihai, Kong Liangheng and others chopped all the poisonous insects culled in half.

But Ye Fan was strolling leisurely in the courtyard.

Picking leaves and flying flowers, killing them in the air, calmly, like a god.

The Sirius trio were convinced, and didn't dare to think about it at all. After a while, they shouted, "Be quiet, everyone."

"Mr. Ye, did you hear anything?"

"I heard it a long time ago."

Ye Fan nodded slightly, it was a dull cry, similar to the sound of a whale in the sea, deep and deep.

Only a behemoth can make such a deep cry. Obviously, there is a huge monster in front of it.

Presumably, it was what Sirius said before, the culprit who trapped Ye Chen.

"Be careful and follow me."

The leaves in Ye Fan's hands bloomed, like sharp swords, nailing to death all the remaining poisonous insects in all directions.

Huh.

Afterwards, he took the lead and disappeared into the jungle.

Wangui Haidao: "We keep up."

Ye Fan's right eyelid was beating.

The ancients said: The left eye jumps for money, the right eye jumps for disaster.

This gave Ye Fan a bad premonition. He was very anxious, and his speed reached the extreme. He actually advanced four or five miles in just five minutes.

Of course, this speed can be achieved by the world-class track and field athletes in the stadium.

But now it is in the primitive Daze, where the environment is harsh.

Ye Fan's speed was simply against the sky, he rushed all the way, overcoming obstacles, and finally, his eyes suddenly became clear.

"this!"

Suddenly, his pupils contracted.

In the center of the broad Daze, a dozen huge tentacles were dancing wildly, each of which was more than ten or twenty meters long.

Eight of them turned into cages, trapping a purple-clothed youth.

"Ye Chen!"

Ye Fan shouted out instinctively.

At this moment, he felt connected by blood. He knew that it was Ye Chen, the genius son of the Ye Royal Family.

at the same time.

He has fully confirmed that he is also the blood of the Ye Royal Family.

This kind of \*\*\*\* between bloodlines can't be wrong, it can't be wrong.

"Who...who called me...I am Ye Chen, the blood of the Ye royal family...I came here, I am looking for someone!"

"I want to kill!"

Ye Chen looked like crazy, and the \*\*\*\* appearance of Qiqiao was extremely terrifying.

Ye Fan's heartstrings trembled, and he secretly cried out.

"Oops, Daze is full of miasma within him, Ye Chen has been poisoned and unconscious."

"Oh."

at this time.

A baby-like but mixed with dull weird blast, it was the monster in the Daze.

It did not show its figure, sank in the mud of Daze, only a dozen tentacles were exposed.

"what!"

This kind of strange call is extremely harsh.

Ye Chen was already very fragile. At this moment, he was hit by this strange sound wave, fell to the ground and rolled, with a splitting headache and his face like ashes.

"court death!"

Ye Fan was furious.

He smashed a tree with a punch, then smashed it towards the tentacle.

But there is no other way, because the tentacles are extremely thick, the defense is amazing, and it can't move at all.

Instead, Ye Fan's actions annoyed the monster.

"Oh!"

The monster roared, Daze began to turbulent, and the three tentacles were like a pair of horses, killing them like lightning.

At the critical moment, Wanguihai arrived.

"Ye Da, take the knife."

A big knife made of stainless steel was thrown over.

"good!"

Ye Fan was overjoyed and jumped across the sky with a machete.

It slammed down, and immediately cut off a tentacle, causing the monster to scream in pain, but it didn't make it retreat, on the contrary, it became more violent.

"No, the monster is going to come out, and Daze is going to overthrow. Old Wan, go and save Ye Chen quickly, and I will cover."

"good!"

Wan Guihai knew it was dangerous, but Ye Fan's command was the imperial edict.

Ye Fan did not retreat with the sword in his hand, attracted the monster's tentacle to strike, Wan Guihai also rushed to Ye Chen's side smoothly.

At this moment, Ye Chen is dying, confused, and may die at any time.

"go!"

Ye Fan stopped drinking.

Wanguihai caught Ye Chen and fled frantically.

Puff puff.

A few tentacles clapped, almost slap Wan Guihai alive.

"Niezha, suffer death."

Ye Fan's fighting spirit was boiling.

This was the first time he had encountered such a monster, and he hadn't seen it in the barren land for several years.

The machete in his hand waved, as if a wave of knives evolved around him, making the tentacles unable to attack.

"It's finally out."

At this time, Kong Liangheng and others also arrived.

"Gosh!"

The next moment, everyone screamed.

Kong Liangheng was so frightened that he was out of his mind. After all, he was still young, and he didn't have as many experiences as Sirius. How could he have seen such horrible scenes?

"What kind of monster is that, am I dreaming, this is not true, this is acting in a movie."

"Play your sister!"

Ye Fan was hit by the tentacles and flew upside down, his whole body aching.

He got up and said, "What kind of monster is a mutated big octopus. Good fellow, it's the first time I've seen it too. It's amazing."

"How to do?"

"Run, it is impossible to kill it. This is its lair, and the body has not yet come out. Once it is completely born, it will be in trouble."

Subsequently, Ye Fan issued an order.

"Fire me."

"Yes."

Ten elite fighters can finally show their talents, they are fully armed, carry bombs, gunpowder and guns.

Bang bang bang.

The guns fired everywhere, the bullets shot into the tentacles, and the sky was full of foul-smelling black blood, full of poison and miasma at the same time.

"retreat."

Ye Fan shouted.

Wan Guihai exclaimed, "We can't retreat, we are surrounded."

It turns out that some overlords in the forest appeared on the central edge of Daze, such as the iron-backed silver wolf, the saber-toothed tiger, and the black-faced great ape...

They stare attentively, ready to attack at any time.

Ye Fan exclaimed: "This monster seems to be the master of the primeval forest. The number one overlord has just summoned all the other overlords in just a short time. Good guy, he has good wisdom."

Kong Liangheng worked hard to calm down, sweating like rain.

"Master, this is definitely not out of the earth, is it really the world we live in?"

Ye Fan laughed loudly.

"Boy, how can this be! The world is so big, there are no surprises. How many years have humans appeared? One percent of the earth has not been explored. You know, the wild continent is bigger than Asia, Africa, America, and Europe combined. It's much bigger. It's just a drop in the world where the countries are opening up their territories, but what they have seen and heard has completely surpassed the secular. It seems that you must be sent to the primitive and wild continents. How can you do that if you are so ignorant Disciple of the deity!!!"

"call!"

While talking, the tentacles split.

Boom boom boom.

Large tracts of old trees exploded, and a series of gullies were smashed into the ground.

If this power hits a person, it can directly explode; and Ye Fan's physical body is powerful, just like Master Heng Lian, who was hit by the tentacles just now and resisted, but it was uncomfortable.

"Master, what should I do now?"

"In the age of technology, thermal weapons are king. Immediately set up a rocket launcher to blow up the monsters to death. Once the first overlord dies, the overlords who are staring at it will scatter and flee."

After Ye Fan gave the order, he entangled with the tentacles again.

Ten elite fighters started quickly. There were equipment in their package, but it took a minute to assemble.

This minute is very dangerous.

"Wow!"

"Roar!"

Many overlords will not give a minute to culminate in an instant, overwhelming the world within sight.

Wan Guihai picked up the machine gun and fired it with all his strength; at the same time, let Kong Liangheng still use the grenade and the flames of war, which was so lively.

"Hahaha."

"Cool!"

Wan Guihai laughed indulgently and shouted: "If the Gulei Cannon is brought here, it only takes a few cannons, and these forest overlords will have to die."

"Ye Da, do you want to catch a few animals and open a zoo so that ordinary people can see their horizons."

"Ye Da..."

"Fuck!"

Without hearing Ye Da's response, Wan Guihai turned around.

It doesn't matter if you don't look at it, this look scared the souls of the dead, and the machine gun in his hand almost fell to the ground.

Ye Fan was actually locked by the tentacles, and the big knife in his hand fell, unable to move, unable to break free.

"All right!"

The bazooka was assembled at the very moment.

"Call me."

Wan Guihai shouted with his throat.

boom!

There was a deafening explosion, a big explosion in the center of Daze, flames soaring into the sky, and heat waves rolling.

The tentacles were exploded, and flesh and blood flew.

Ye Fan was thrown out.

"Master!"

Kong Liangheng rushed over quickly.

At this moment.

The eyes of the forest overlords flashed with fear, and they slowly backed away.

When the flame went out and the monsters in Daze disappeared, these overlords quickly withdrew without hesitation.

It was gone in the blink of an eye.

"go!"

On the other end, Ye Fan was injured.

The power of the tentacles is too strong, even if his physical body has reached the limit of human beings, he can be severely locked by a few tentacles, and he can't hold it.

A crack appeared in Ye Fan's arm bone.

But without any delay, he jumped up, grabbed Kong Liangheng, and ran fast while giving orders.

"Ye Da, what are you doing in such a hurry, the monster has been blown to death, the forest overlords have also retreated, and we are safe."

"Safe? Not necessarily."

A sudden, playful speech echoed between the heavens and the earth, making Wan Guihai's complexion solidified, and everyone was shocked.

"Fire!"

Ye Fan ordered immediately.

The bazooka fired a shell again, blowing up a sea of flames in the forest over there, extinguishing it in ashes.

"Huh!"

In the sea of fire, rushed out of a team.

The head of the person, wrapped in black tights, carrying a sword and a sword, was in his early thirties, and his breath was extremely cold and cold.

"Damn it!"

Finding that Ye Fan and others had disappeared, the man in black was furious, "They can't run away, here, chase me!"

Chapter 267: Five royal families

In the jungle, Ye Fan was blazing a trail, Wanguihai and the others followed closely, shuttled wildly, looking for a safe place.

Run wildly for half an hour.

Ye Fan stopped.

"Just rest here for a while, Ye Chen, put it down, I will show him."

"Ye Da, your injury?"

"It's nothing serious."

Ye Fan looked at his right arm bone, but there was a crack, that is, a crack in the bone, which was not broken.

The top priority now is to treat Ye Chen.

Ye Chen was already in a coma, to be precise, his consciousness began to blur, and he could walk on the road to Huangquan at any time.

"That big octopus can emit highly poisonous miasma, which mainly invades the brain and destroys the brain nerves. Ye Chen's injury is not light; and..."

Ye Fan turned Ye Chen over, opened his clothes, saw the huge scars behind him, his face was solemn, "The back is also injured, it is very serious, even if my medical skills are superb, it will take time to treat it, and it is likely to stay. Sequelae."

"Ye Da, this place is too dangerous. Those people can chase and kill him at any time. Heal Ye Chen in no hurry. You should save his life first, wait for you to leave here and return to Nanling for systematic treatment."

Ye Fan nodded.

The Jiulong Shenzhen shot, sealed Ye Chen's heart, internal organs and brain, that is, sealed Ye Chen's breath, so that he would not die.

But time limit.

Three days.

For more than three days, the Nine Dragon God Needle couldn't be sealed, and Ye Chen was bound to die.

"Wow."

A melodious wolf howl rippled, very weak and far away, but it aroused Ye Fan's vigilance.

He glanced, his face suddenly ugly, "Are the three Sirius!"

"Um?"

Wan Guihai turned around, but he really didn't see the three of them.

I was too nervous to escape just now, and no one can care about anyone. The three of Sirius just fled like this, \*\*\*\* it!

"Master, we have lost our way without the Sirius trio leading the way. What can we do about this!"

Kong Liangheng looked worried.

Ye Fan said, "Lao Wan, did you bring a satellite phone?"

"I brought it, but..." Wan Guihai smiled bitterly: "Ye Da, our Tianzun Hall and Da Xia have an agreement that the private satellite of our Tianzun Hall cannot be delivered to Da Xia, so our satellite phone is Daxia is very troublesome to use. The message sent will first reach Daxia, and then it can be transmitted to the Tianzun Hall headquarters."

"Then don't send a message for the time being. Daxia's senior management is also very complicated. For a long time, there have been a group of people who want to punish me and do not allow the Tianzun Temple to exist. If they know that I am in a dangerous situation, it is likely to be a disaster."

Ye Fan looked up.

See nothing.

The old trees in the virgin forest are too big, with luxuriant branches and leaves, covering the sky and the sun, and you can't see the sky and the sun outside.

"We turn back."

"go back?"

"Yes, go to the center of Daze. There, we can find the way we came, and we can walk out of the mountains the same way."

Ye Fan left an eye on it.

On the way, marks will be left on the trunk at intervals to indicate the direction.

"The most dangerous place is the safest place. The royal family may not expect that we will return."

"go!"

The group made a circle and returned cautiously.

Just ten minutes after they left, a group of men and horses slammed into it. The black-clothed man headed by squinted his eyes and said angrily: "Damn it, how can you run so fast."

"Commander, that person can fight against the Daze monster. It is obvious that he is very powerful. It is very likely that he is a martial arts master and can escape. It is not unusual."

Said a deputy.

The black-clothed man snorted coldly: "What about the martial arts master, in front of the firepower, he is also scum."

"Wow."

Suddenly, the wolf howled.

The black-clothed man was startled, and said solemnly: "It's not right, the first overlord in the center of Daze has died, and the other forest overlords will definitely be convinced. How can there be a wolf howling? It's unreasonable and illogical."

"Could it be..."

"The gate of the beast!"

The face of the man in black and the deputy commanders darkened.

One of the female assistants said: "The gate of the beast control is like a fish in this virgin forest, and its strength has greatly increased. However, it is necessary to be a super master in the gate of the beast that can drive a heterogeneous bird of prey such as the ironback silver wolf. "

The black-clothed man thought of something, his face looked a little ugly again, "The news given above says that it is the little genius led by the Yuwen royal family this time."

"Little genius, he is the ninth master of the Yuwen royal family, Yuwenlie."

"Yes." The man in black nodded, "Yu Wenlie and Wu Min, the son of the master of the beast control gate, are very close. Since he is leading the team, he must have moved Wu Min. No wonder he can drive the Ironback Silver Wolf, that Wu Min is The first genius at the Beast Controlling Gate, he has already deeply understood the art of beast control since his early twenties."

"Commander, what do you do then. Yu Wenlie and Wu Min joined forces, the strength is too strong." The female deputy commanded.

The black-clothed man sneered, "Don't worry, this time coming to the Misty Mountains, in addition to our ancient royal family and the Yuwen royal family, there are also the Jiang royal family, the Ji royal family and the Xiao royal family, a total of five royal families."

"The Xiao family has already seen it just now. I saw Sirius, Kuangzhan, and Hu Ben, who belonged to Xiao Shending. Now Ye Chen is in the hands of the Xiao family. If Yu Wenlie wants to get Ye Chen, he must fight with the Xiao family. King Jiang and King Ji will not stand by when they fight. Our ancient royal family, don't worry, and be the last oriole."

"Commander, now that we have lost the trace of the Xiao royal family, where do we go next?"

"Back to the center of Daze."

The black leader made a decision, "Yu Wenlie and Wu Min will definitely go to the Central Swamp. Then, when they see the monster being killed, they will know that Ye Chen has been taken away. Wu Min will drive the wolves to search for Xiao through his breath. We will just follow the trail of the royal family."

"good idea."

The ancient royal clan returned the same way.

Ye Fan didn't calculate this point. When the ancient royal family returned, they had already arrived in the central swamp.

Because of the rocket bombing, the place was in a mess.

"Is the monster really dead?"

"No."

Ye Fan shook his head and explained: "The big octopus body did not come out. At the time, it exploded its tentacles. Although it was not dead, it was also injured. It was dormant in the swamp, so let's not make a big move to avoid irritation. Big octopus, attack us again."

"Old Wan, look for the mark I left. I need to heal my arm. Others are waiting."

After all, Ye Fan asked Kong Liangheng to find two solid pieces of broken wood, fix his arms, and then apply needles to stimulate the flesh and bones, speed up recovery time, and reduce pain at the same time.

Kong Liangheng said with emotion; "Master, I have traveled all over the world for seven or eight years, and I have not experienced the twists and turns that I have experienced today. This will definitely make me unforgettable forever."

"Let's sigh after you go out."

Ye Fan snorted.

Suddenly, his ears moved and his eyes became sharp, "Howling wolves! The wolves are coming here quickly!"

"Ye Da."

Wan Guihai came back and said, "We have found the mark, we can leave if we have a direction."

"Not urgent."

Ye Fan suddenly changed his mind.

"The great royal clans are about to appear. If my guess is correct, there are people who control the beast gate. The ironback silver wolf does not dare to come to the central swamp, unless it is forcibly driven, only the master of the beast gate can do this. ability."

"The gate of the beast control? That is not good. The warlord of this virgin forest bird of prey, the man who controls the gate is just as powerful as a tiger." Wan Guihai's face was solemn.

"You take Ye Chen and go first. I want to see the royal family. It's best to grab a few important bosses and ask for information about the seven royal families."

"Ye Da, this is too dangerous."

Wan Guihai shook his head, he couldn't let Ye Fan take a risk.

Ye Fan is the pillar of the Tianzun Temple. If it falls here, the Tianzun Temple will face the possibility of collapse and disintegration.

"Use your brain!"

Ye Fan glared at him and analyzed: "The man who controls the gate of the beast has appeared, can we escape. The ironback silver wolf can follow our breath to find us, can we be faster than the wolf pack?"

"this....."

"I stay to attract attention, you go first."

Wan Guihai gritted his teeth and knew that Ye Fan was right. He looked back at the ten elite fighters and asked, "Are you willing to stay and live and die with Tianzun!"

Puff through.

Ten people immediately knelt down and said righteously, "Willing to die for the heavenly Lord!"

Ye Fan was very moved.

But he thought for a while and changed his deployment, "Don't have too many people, keep three, and you take away the remaining seven. Don't forget that there are three Sirius, I guess they will fight out halfway to \*\*\*\* Ye Chen. ."

"Those three chopsticks, if they are driven out, I will all clap my hands."

"If you can stay alive, the Sirius trio are still useful. Okay, the wolves are coming soon. You take the people and go."

Kong Liangheng clasped his fists and said with red eyes: "Master, take care. After I go out, I will ask Grandpa to send troops in."

Wanguihai also said; "The branch people, as well as the Sun Moon Gate, and the Five Elements Hall will also be ready to come in at any time."

"Ye Chen can hold on for three days, and I will go out within three days."

Ye Fan's words were a reassurance for Wan Guihai.

"Wow!"

The howling of wolves approached, one after another.

Wan Guihai greeted: "Let's go!"

"We are lurking."

Ye Fan rushed into the jungle with three powerful fighters.

Three to five minutes.

A vast expanse of whiteness emerged, and it was indeed an iron-backed silver wolf.

In addition, there are a hundred teams.

Headed by are two young men, one burly and thin. Both of them have superior temperament and are very precious.

That burly man, with a sharp face, not anger and prestige, is the genius of the Yuwen royal family, Yuwenlie, and his martial arts cultivation has entered the realm of inner strength.

And the thin man was Wu Min, the young master of the beast control gate.

He has a feminine face, narrow eyes, a jade flute in his hand, and a faint smile at the corner of his mouth, "Brother Yuwen, it seems that we are a step late. The Daze monster was blown to death and Ye Chen was rescued."

Chapter 268: Exposed

"We have come fast enough, but we were still preempted!"

Yu Wenlie's two bright eyes scanned the central Daze.

"Which side of the Xiao family, the ancient family, the Jiang family, and the Ji family captured Ye Chen?"

Yuwen Lie said: "Brother Wu, please use your means to keep track of it. As long as you can catch Ye Chen, I promise you that I will never break my word."

Wu Min smiled and said, "Of course I am convinced of Brother Yuwen's credibility. If this is the case, let these little wolves look for it."

"I have a piece of Ye Chen's clothes." Yu Wenlie took out a piece of cloth, "I got it from a certain veteran of the Ye royal family, and it has the breath of Ye Chen."

"It could not be better."

Wu Min was overjoyed and threw the cloth to the wolf king of the iron-backed silver wolf; then, Wu Min played the jade flute.

The flute sound is weird, like weeping like a complaint.

The wolves were in a commotion, and gradually, the wolf king found his way.

As he was about to pursue it, suddenly the jungle rustled, and a team of people came out.

"Royal Ginger!"

Yu Wenlie's voice was low.

Immediately afterwards.

In the other direction, a team also appeared.

"Royal Ji!"

Yu Wenlie frowned and glanced at the leaders of the Jiang family and the Ji family. He was not a royal family like him, but he was a powerful man in the royal family.

"Hahaha."

King Jiang is commanding a burly and tall man with a national character face and a giant axe on his back. He looked at Yu Wenlie with a rough smile and said, "It really surprised me. Is there no one in the Yuwen family? You are going to bother you to come and arrest people."

"Jiang Yi, do you want to die!" Yu Wenlie's voice was cold.

"Master Yuwen calmed down his anger."

At this time, the leader of the Ji royal family persuaded: "They are all from the royal family, don't hurt your peace; besides, now that Ye Chen is captured, our primary purpose is to find Ye Chen, not to kill each other."

Yu Wenlie coldly snorted, "Ji Hong, you have a good calculation. Brother Wu drove the wolves to find Ye Chen, don't you think it's ridiculous to follow behind and enjoy the results."

Ji Hongdao: "Master Yuwen can't say that. This virgin forest is very weird and there are many forest overlords. Young Master Wu can drive the Ironback Silver Wolf to the limit. If you encounter other forest overlords on the way, it will be troublesome. The three of us walked together, and we also had a care for each other."

Jiang Yi took a step forward and said loudly: "Brother Hong said well. When Ye Chen is found, everyone will be captured by their own abilities. Master Yuwen, it is true that we have formed an alliance with Brother Hong."

Yu Wenlie's face tightened.

The meaning of this is very obvious, that is, if you disagree, then our two families are about to start a fight.

"Do you think I'm afraid of you?"

"Of course not, Master Yuwen and Young Master Wu have a great help, but the birds of prey are only birds of prey after all. Our two families are armed with enough equipment this time, and fired, these iron-backed silver wolves can be wiped out in the blink of an eye."

After Jiang Yi finished speaking, it seemed that he was trying to show that the people and horses of the Jiang clan and the Ji clan moved.

Neatly and uniformly.

The power is full.

Yu Wenlie's face was pale, and his heart rose with anger.

Upon seeing this, Wu Min smiled softly: "Brother Yuwen doesn't need to be angry, just follow what Jiang Yi said. Now, let's look for Ye Chen. If we encounter danger along the way, we will ask the two families."

"Hahaha, young master Wu is still happy. No problem, if it is attacked by a bird of prey, my royal family will take action."

"My Ji royal family will also assist."

Yu Wenlie calmed down and listened to Wu Min's words: "This time the five royal clans entered the Misty Mountains to catch Ye Chen. We are all here, and we are still short of the Xiao and the ancient royal clans. Not surprisingly, Ye Chen is in the hands of one of them. I think the ancient royal family is more likely. After all, the ancient royal family moves faster than us."

"Young Master Wu, you are wrong."

Suddenly, a shout sounded.

"Who!"

When everyone looked over, they walked out the black-clothed leader of the ancient royal family and led them out, and he clasped his fists.

"I have seen you all."

"Gu Peng."

Jiang Yi's face sank.

The Jiang royal family and the ancient royal family have always had some contradictions. Of course, they will not have a good face when they meet.

...

"Yuwen, Gu, Jiang, and Ji, the four great royal clans, good guys, these leaders, Yuwenlie, Wu Min, Jiang Yi, Ji Hong, and Gu Peng, are all masters. At least they are all at the pinnacle of internal strength, and one step away is martial arts. Grand Master."

Amidst a towering ancient tree and dense branches, Ye Fan catted, quietly watching the distance.

The royal family appeared one after another, which made him very excited.

"Yuwenlie, Wumin, just you. One is the young master of the Yuwen royal family, who knows a lot; the other is the young master of the beast control gate, it will be useful for me to go to the beast control gate to get the last piece of sheepskin roll in the future."

"You must be caught."

Ye Fan laughed coldly and silently.

The central swamp.

The appearance of Gu Peng made some changes in the atmosphere.

Everyone knew that the Jiang family and the Gu family were not dealing with each other, so Ji Hong turned the subject away and asked, "Gu Peng, you're afraid you've been lurking here a long time ago, why don't you keep lurking? Wouldn't it be great to be the last oriole. "

Gu Peng smiled and said: "It was originally planned to follow Master Yuwen and Master Wu to catch Ye Chen. But your two have come out, and they merge together. It's too big. It's not easy for us to follow. If we are discovered, I'm afraid You have to join hands to deal with me and so on."

"After thinking about it, someone from Gu decided to come out and join your team. In addition, I can tell you that Ye Chen is in the hands of the people of the Xiao family. Just now, there was a big battle here, and the people of the Xiao family blasted Daze monsters. Kill, these tentacles just show."

At this moment, Yu Wenlie made a fist and said: "Okay, we are all here, then our four families are temporarily united together, and we must not let the Xiao clan get Ye Chen."

Jiang Yi said solemnly: "Yes, the ambition of the Xiao family is wolfish, and Ye Chen falls into the hands of any of our families, and it must not be given to the Xiao family."

"I agree."

"Now, please also ask Young Master Wu to drive the Wolf King and show us the way."

However, Wu Min raised the corner of his mouth, with an unpredictable smile on his face, and said faintly: "Don't be in a hurry, you need to resolve some thorns before you can track down Ye Chen."

call out.

A flying knife killed where Ye Fan was.

Ye Fan secretly said that Wu Min's perception is amazing, and he actually found him. At this time, Ye Fan couldn't hide.

He jumped down and walked out of the jungle.

"Hello everyone."

"It's you!"

Gu Peng widened his eyes and shouted: "It's him, he is the leader of the royal family of Xiao, grab him."

Bang bang bang.

Three shots in a row without hesitation.

Gu Peng was very cruel, and the three shots shot Ye Fan's legs and feet, making Ye Fan lose his mobility.

But who is Ye Fan!

As early as when Gu Peng spoke, he felt the danger. The moment before Gu Peng shot, he began to dodge, and at the same time the flying knife in his hand burst out.

"puff!"

The flying knife pierced through Gu Peng's palm and almost cut off his palm directly.

Gu Peng screamed.

This scene horrified everyone.

"Budo Master?"

"No, it should be the peak of inner strength, and the strength is strong to achieve this effect; I can do it with a single blow. A true master does not need to use a flying knife at all. Picking leaves can hurt people."

Yu Wenlie's words convinced Jiang Yi and others.

In their opinion, the master of martial arts is aloof, how could one of the overlords come to catch Ye Chen himself.

Besides, Ye Fan is too young to be a master.

How did they know that Ye Fan originally wanted to use leaves, but Wu Min shot a flying knife and was caught by him.

During these few breaths, Ye Fan had appeared in the center of Daze, and he buried a grenade in the swamp.

"what are you doing?"

"Give you a great gift and enjoy the carnival." Ye Fan laughed, "Young Master Wu, you can drive the Ironback Silver Wolf, I don't know if you can drive the octopus monster."

"not good!"

Wumin's color changed.

But it was too late, and there was a loud noise, and the grenade exploded a swamp.

at the same time.....

"Oh."

A dull and angry roar sounded, thrilling, and the entire central swamp began to fluctuate.

The iron-backed silver wolf shivered, and even the wolf king's eyes flashed with fear, all crawling on the ground.

"The monster is not dead, it's coming out."

"Damn it!"

"Quickly withdraw! Quickly withdraw!"

Yu Wenlie, Jiang Yi, Ji Hong, and Gu Peng roared, but there were nearly a thousand people in the four families, and it took time to retreat.

The octopus monster didn't give time, and with a puff, a tentacle longer and thicker than before rushed out, smashed its head, and smashed dozens of people into flesh.

Subsequently, the tentacles swept across.

A large group of people were swept, their bodies exploded, \*\*\*\* and cruel, and heavy losses.

"Naughty animal!"

Yu Wenlie, Jiang Yi and others were furious, and their hearts were bleeding.

These are the elites of the royal family, and death is not a small loss.

"Fire me!"

"Fire!"

"kill!"

Several leaders shouted hysterically.

If it's just an octopus monster, that's fine; now, the Ironback Silver Wolf also joins the battlefield and kills the people of the four great royal clans.

Because the wolf pack was forced by Wu Min before, and now the number one overlord appears, the wolf pack must have listened to the octopus monster.

"go away."

Wu Min was in trouble.

The wolves were driven before, but now they have been given the utmost attention. The ironback silver wolves seem to be venting their anger.

"A group of beasts, do you really think it can't cure you."

Wu Min was furious and put Yuxiao to his mouth.

Just about to move his mouth, the jade flute in his hand burst directly, and the explosion point cut his mouth.

"Don't blow it."

Ye Fan appeared jokingly beside Wu Min, making Wu Min's hair terrifying...

Chapter 269: Kill Gu Peng

"You are very valuable, the young master of the Beast Controlling Sect."

Ye Fan grabbed Wu Min coldly.

However, Wu Min is not a mediocre person.

In addition to the art of controlling beasts, he is also a martial arts master, with a punch containing majestic power, bombarding Ye Fan's chest.

This punch is terrible.

When he touched Ye Fan's chest, he shook four times quickly. This is a technique for using strength, which is equivalent to punching four punches at the same time.

Wu Min was very confident that this wave could directly punch the man who offended him in the chest.

The internal organs will explode.

"Boom boom..."

After the four dull voices, Wu Min's originally confident face showed horror and inconceivability.

"Fuck!"

Jiang Yi noticed this scene inadvertently, and almost fell to the ground with the axe in his hand in shock.

What kind of flesh is this, terrifying!

"impossible!"

"Nothing is impossible, your strength is too weak."

Ye Fan's face was full of contempt, and he clasped Wu Min's neck.

Seeing this scene, Yu Wenlie made his scalp numb with fright. If Wu Min died here, he could not explain to Yu Beast Gate.

"Let go of the young master!"

"Who dares to come, I will immediately send Wumin on the road."

Ye Fan raised Wu Min with one hand and shouted loudly, making Yu Wenlie afraid to act rashly.

"All back, all back."

Wu Min was also terrified.

"Brother, I am the young master of the Beast Controlling Sect. The Beast Controlling Sect is one of the 72 sects in Zhongzhou. You must know it. Let me go and you have something to say."

"Boy, put down Brother Wu, you can leave."

Yu Wenlie shouted.

Ye Fan smiled and said, "In fact, I am more interested in you. It is better to exchange with Wu Min and you will be my hostage."

Yu Wenlie was taken aback, naturally it was impossible to agree.

"Wumin, take a look, Yu Wenlie is unwilling to exchange. If you die, Yu Wenlie forced it."

"Brother Wu, don't listen to him instigating the divorce, he dare not kill you." Yu Wenlie comforted Wu Min, then stared at Ye Fan, and said deeply: "You are skilled, at least the peak of inner strength, and the body is so strong. , Almost comparable to the Heng Lian masters of the Wild Continent."

"I am over-flattered."

"When did the Xiao family recruit a strong man like you, who is still so young, he shouldn't be an unknown person."

Yuwen Lie said: "Dare to ask your first and last name?"

Ye Fan rolled his eyes and uttered two words: "Qibao."

"Qibao?"

Yu Wenlie was stunned, and then said, "Well, Brother Qibao, Wu Min's identity is destined to you not being able to move him, otherwise the Xiao clan will not be able to protect you. You said, what conditions can I let Young Master Wumin."

"Didn't I say, I want you in exchange."

"Don't you dare to move me? I'm the ninth master of the Yuwen family, and a genius of my Yuwen family."

"I don't care if you are a genius or a stupid, stop talking nonsense, you just need to change it after all."

Yu Wenlie's face twitched a few times.

Encountered such a stunned green, he was really helpless.

"Brother Wu, it seems that I have to wrong you for a while, don't worry, this Qibao dare not kill you. He touched your hair and we will sift it."

"boom!"

When the words fell, a gunshot exploded.

Everyone was shocked. The octopus monster had been beaten back, and the turtle was shrouded in the swamp and did not dare to come out. Who was shooting, and who was hitting.

"Tick!"

The blood dripped and a pool of red on the ground.

Ye Fan clutched his shoulders, his eyes were extremely cold, he was shot, which was unexpected.

The person who shot was Gu Peng.

"die."

Gu Peng fired three more shots, but this time Ye Fan avoided.

Wu Min took the opportunity to escape.

Yu Wenlie immediately ordered, "Hit me, beat him into a sieve."

"Fire!"

Wu Min also roared angrily.

At this moment, Ye Fan didn't panic, instead he became more composed and calm. He ran hurriedly, looking for shelter.

Gu Peng held the machine gun and fired all the way, forcing Ye Fan to be very embarrassed and almost killed by a headshot.

Yu Wenlie, Jiang Yi and others were dumbfounded.

But they could also understand, because one of Gu Peng's palm was cut open and his tendon was cut off, which was considered abolished.

Gu Peng became disabled.

This blow to him is really too great, it is very likely to be reduced from the top master of the ancient royal family to a low-level servant.

"Crack to death!"

The Gu Peng madman squad roared, "Bazooka, bomb me, blow him into dross."

In the distance, the three hidden elite fighters of the Tianzun Temple were extremely anxious, looking at Gu Peng with murderous intent.

"This beast actually shot Tianzun!"

"Under the firepower, Tianzun cannot escape. We have to save Tianzun, even if we sacrifice our lives."

"Do it!"

When it was too late, the soldier shot a rocket launcher and fired artillery shells, killing a large number of people from the ancient royal family.

"There is still an ambush?!"

"Quickly retreat!"

"The members of the Xiao royal family are here, we retreat, stay away from the ancient royal family's men and horses, and let them fight."

Yu Wenlie and others were so frightened that they quickly gave orders.

Gu Peng suddenly became alone.

Facing the octopus just now, the people of the ancient royal family also suffered the most losses. Now they have suffered a rocket raid, causing a lot of casualties. There are only a few dozen people left in the hundred-man team.

"Smoke bomb, hurry up!"

The three soldiers projected more than a dozen smoke bombs, and the smoke enveloped the entire central Daze, making it unrealistic.

Yu Wenlie, Wu Min, Jiang Yi and Ji Hong are horrified.

Invisible is the most terrible.

The three royal families gathered together instinctively, unanimously to the outside world; the remaining twenty people of the ancient royal family also formed a circle.

"Protect me, come and protect me quickly."

Gu Peng yelled anxiously.

Suddenly, a cold murderous intent came, Gu Peng was sweating like rain, and his body was tight. He knew that Ye Fan was going to kill him.

Although he couldn't see it, he didn't sit still.

"If you want to kill me, it's not that easy, just die for me."

Gu Peng had no scruples, and the machine gun in his hand fired indiscriminately.

Suddenly, sorrow was everywhere.

Those subordinates who came to protect him were all beaten up alive. The original number of more than 20 people dropped sharply again, and only a few remained.

"Crack."

At this moment, the gunfire stopped abruptly and the fire was turned off.

At the same time, a voice from Jiuyou Hell rang in Gu Peng's ears, making his whole body stiff and petrified.

"Chatter, there are no bullets, are you."

"No, spare me..."

"puff!"

Hanmang passed by, and a head flew high.

When the smoke cleared, Yu Wenlie and others saw that Gu Peng had been beheaded and turned into a headless corpse.

The few remaining members of the ancient royal family were also destroyed, and none of them survived.

completely annihilated.

"hiss."

Everyone took a breath.

At this moment, Yu Wenlie, Jiang Yi and Ji Hong did not dare to order Ye Fan to be arrested, because it was too terrifying.

a long time.

Everything is quiet.

Yu Wenlie ordered: "Bury all the people and horses of Gu Peng and the ancient royal family. This is the treatment that the royal family's men and horses should have."

Not long after, a huge tomb was piled up.

"Gu Peng, you and I are old opponents. I thought that one day you would die in my hands, but fate makes you die here."

Jiang Yi sighed, "Rest in peace."

After the worship, Ji Hong collected some of Ye Fan's blood, and said, "This is the blood aura of Qibao, the troubled young master once again drove the wolves to track it up through the \*\*\*\* aura. Together, the Xiao clan can't be the same. Our opponent."

Wu Min said with a dark face, and said solemnly: "My jade flute was broken by him, and the ability to control beasts is greatly reduced. If it is an ordinary wolf pack, I can still control it, but the ironback silver wolf is a different species of raptor. Can't drive it."

"Could it be that Qibao escaped and Ye Chen handed it over to the Xiao royal family." Jiang Yi beat his chest to his feet.

Suddenly, Yu Wenlie turned around suddenly and shouted: "Who? Sneaky, come out!"

Swish.

The bazooka and machine gun were all aimed at the jungle, and then they were going to be razed to the ground.

"Don't shoot! Don't shoot!"

"Master Yuwen, it's me." A tall and thin man jumped out, "I am Sirius, Master Yuwen, you have seen me."

"Sirius, you are the commander of Xiao Shending." Yu Wenlie said with a grim face, and then said angrily: "Why, Xiao Shending is here too? Good guy, hide behind the scenes. Now I am sending you here to mock. Ours?"

"Master Yuwen, you have misunderstood, it's not what you think. Master Xiao Shending didn't come. It was not the royal family of Xiao who took Ye Chen, but Ye Fan."

Chapter 270: Sirius's proposal!

"Ye Fan?"

Everyone was puzzled.

"Listen to me, it's like this..."

Sirius tells the story of the story.

"...Master Yuwen, Ye Chen has been taken out of the virgin forest by Ye Fan's subordinate Wanguihai. I and Kuangzhan and Hu Ben failed to stop, and Kuangzhan and Hu Ben were killed. Only I escaped. Don't think about chasing after him. After Wanguihai, we can't keep up."

"To get Ye Chen, there are two ways now. First, chase Ye Fan. He was injured and lost. As long as he is willing to work hard, he will be able to track him down; the other way is to go to Changning and catch Ye Fan. elder sister."

"Ye Fan, or his sister, is a bargaining chip to make Wanguihai hand over Ye Chen. With regard to these two methods, I recommend the second way, which is very stable."

When Sirius finished speaking, he knelt down on one knee and pleaded: "Master Yuwen, I can't go back to the royal family of Xiao and accept it as Xiao Shending. I hope you will accept me as a subordinate for the sake of revealing top-secret information. "

"Yes." Yu Wenlie said solemnly: "Your news is very good and very valuable. Starting today, you will be my next commander. When I get back to the clan, I will give you a man and horse to serve me."

Sirius was overjoyed, "Thank you, Master."

At this time, Jiang Yi spoke; "Yu Wenlie, are you really going to Changning to catch Ye Fan's sister?"

"has a problem?"

"Don't forget the rules. People of our royal family can't interfere in worldly affairs, let alone arrest people rashly."

Yu Wenlie hummed: "Sirius said just now, didn't Xiao Shending clash with Ye Fan many times in Changning?"

"Xiao Shending didn't catch Sister Ye Fan, right."

"Since Ye Fan is of the royal family's blood, his sister is also a member of the royal family. Therefore, I am not arresting a secular person, and it is not bad rules for me to arrest a royal family member."

Jiang Yi still wanted to speak, Wu Min said coldly: "To do extraordinary things in extraordinary times is not to kill Ye Fan's sister, but to seize the bargaining chip. It is a good thing that Royal Jiang family does not want you. Ji Hong , What do you think?"

"this....."

Ji Hong hesitated.

After thinking over and over, he said: "I have the same intention with Jiang Yi for the time being, but I will ask the royal family for instructions."

"That's great, no one will rob Ye Chen with us." Yu Wenlie laughed and greeted the people and horses to leave quickly.

Jiang Yi looked deep in the jungle, thoughtfully, "Lao Hong, did you think of something?"

"Yes."

Ji Hong's face was serious.

"Ye Fan is actually also the bloodline of the Ye Royal Family, and he has also received the attention of the Xiao Royal Family. He may be the offspring of that adult. I heard that the reason why Ye Chen fled to Qingzhou was also looking for someone. I think it should be. Ye Fan."

"Yeah, it's too much involved, Yu Wenlie rushed to catch Sister Ye Fan, maybe she might have to poke out a big basket." Jiang Yi frowned.

"It has nothing to do with us."

Ji Hong swept a punch, sighed and said: "In this operation, the ancient royal family suffered heavy losses, and Gu Peng was killed. This is unstoppable. The ancient royal family will definitely find Ye Fan or the Ye royal family's trouble."

Jiang Yi smiled bitterly: "The Ye royal family has always been the head of the seven royal families. Wei Guo Gong Ye Potian is also the head of our Daxia Qixiong. Unfortunately, Ye Gong is trapped in the depths of the wild continent and is about to fall. Ye royal family During the civil turmoil, the Xiao clan has always been at odds with the Ye clan, taking the opportunity to secretly attack..."

"The royal dispute is too cruel."

"Lao Hong, I'm not telling you, this time I was ordered to catch Ye Chen, more for protection. After all, the relationship between my Jiang royal family and Ye's royal family is still good."

Ji Hong waved his hand and sighed, "Stop talking, we're just a messenger, and it's not our turn to talk about it. Let's go, this virgin forest is very strange, and be careful and change it later."

The sunset was on the west hills, and the cold wind was slow.

Somewhere at the foot of the Misty Mountains, Jiang Yi and Ji Hong finally walked out with their men and horses.

"Huh, I'm still comfortable outside. The mountains are too depressing." Jiang Yi stretched out.

Ji Hong ordered: "It's still three hundred miles away from Nanling. It's too far. The big guy will rest again today."

Jiang Yi shouted: "Set up a bonfire to clean the prey we have killed and have a barbecue feast."

In the dark, nearly two hundred people gathered around the bonfire and ate barbecue.

"Commander, here, fruit wine."

"good."

Jiang Yi took the big jar. This fruit wine was made by squeezing orange juice from fruits picked in the mountains. He took a sip and said, "It's so sour, but it's exciting."

"I will try it."

Ji Hongsheng took a cup, sour tears flowed out.

"Try me too."

"Come."

Jiang Yi then passed the jar over.

Next second.

He and Ji Hong were tight, and they shot up, and they found Ye Fan standing behind, looking at them with a smile.

"you....."

"Ye Fan!"

In an instant, more than a hundred gunpoints were aimed at Ye Fan.

"Everyone put down the guns."

"Put down the gun."

Jiang Yi and Ji Hong gave orders.

Ye Fan sat down, took a cup, took a mouthful, and twisted his brows into a line, "Knowing that I am Ye Fan, it seems that the three of Sirius have met you."

"You are right."

Jiang Yi nodded, and he and Ji Hong looked at each other and sat opposite Ye Fan.

The two of them couldn't calm down.

They were all masters at the pinnacle of inner strength, and they were only one step away from entering the realm of the master, but they didn't even perceive Ye Fan's arrival behind him.

As for why not let the subordinates shoot...

Jiang Yi and the two knew that if Ye Fan wanted to kill them, their heads would fly just like Gu Peng.

Ye Fan didn't kill them, so how could they deal with Ye Fan.

"Brother Ye, you are really fascinating and skilled. Anyway, you just appeared in front of us so grandiosely, so we are not afraid that we will catch you and ask for Ye Chen."

"Ji Hong, I'm not sure, but Jiang Yi, you, won't do such things."

"Why?"

Jiang Yi asked in surprise.

Ye Fan said: "The relationship between Royal Jiang and Royal Family is good, besides, I know Gong Gong and your little princess Jiang Ting of Royal Jiang family."

"what!"

Jiang Yi was taken aback, and immediately shook his head; "Impossible, although you are of the royal family of Ye, but you live outside, how can you know Gong Gong and the little princess."

"They are in Nanling."

"Do you really know Duke Jiang?" Seeing Ye Fan's vows, Jiang Yi was a little shaken.

Ye Fan said: "When I return to Nanling, I can take you to Jiang Gong. Believe it or not, in short I have no malice towards you, and you don't need to be malicious towards me."

As he said, he looked at Ji Hong.

"I don't know about Royal Ji, but you and Jiang Yi are moving forward and retreating together. It seems that the relationship with Royal Ye is not good, at least it is not an enemy."

Ji Hong smiled and said: "Although the relationship between my royal family Ji and royal family Ye is dull, they are not enemies. Ye Fan, let's open the skylight to speak up, what do you call us?"

Ye Fan's eyes were shining, and he asked tightly: "Why do you want Ye Chen? What big events and big secrets are he related to."

Jiang Yi and Ji Hong looked at each other, and said in unison, "Do you think we will know this kind of secret in the next generation."

"You should catch Yu Wenlie, he probably knows a little. Anyway, Ye Chen is very important. He is the first genius of the Ye royal family. He is already a half-step master, much better than Yu Wenlie."

"By the way, how is Ye Chen?"

Ye Fan sighed, "The injury is very serious and it will take a long time to recover... In addition, I heard that the Ye royal family's civil strife, and why? I need to know about the seven royal families, especially the Ye royal family. Please also two Know everything."

"It's not a secret..." Jiang Yi whispered, telling each of the seven royal families, why they are called "royal families", and all the recent major changes.

The seven royal clans, according to their previous strength rankings, are: Ye, Xuanyuan, Xiao, Jiang, Ji, Yuwen, and Gu.

But since Lord Wei Guo Ye Potian sank into the depths of the wild continent, unable to extricate himself, fearing that he would fall, the strength of the Ye royal family plummeted.

At present, the strongest should be the royal family of Xiao and the royal family of Xuanyuan.

Secondly, Yuwen, Gu, Jiang and Ji.

The Jiang family and the Ji family are both Buddhists and rarely participate in disputes, so they slowly descended to the end.

Although the Ye royal family has fallen, the camel that died is bigger than the horse.

"Ye Fan, now you should have a general understanding of the seven kings."

"You are the blood of the Ye royal family who lives outside, but there are too many branches among the royal family, and I don't know which one you belong to. However, the Xiao royal family actually sent Xiao Shending to contact you, indicating that your blood is extraordinary. , It is likely to have an important position in the clan."

Ye Fan didn't listen to Jiang Yi's words, and kept thinking of the words "Daxia Qixiong" and "Weiguo Ye Potian" in his mind.

"Ye Potian."

Every time he chanted the name, Ye Fan throbbed for no reason, as if his blood was resonating.

"Is Ye Potian my grandfather? No, my grandfather belongs to the Changning Ye family, that's for sure."

"Ye Potian was trapped in the depths of the Wild Continent..."

Ye Fan had a decision in his heart.

The Wild Continent, there is also the largest battlefield of the Tianzun Hall, and the world headquarters of the Tianzun Hall is set up there.

As long as Ye Potian is rescued, then the truth will come to light and everything will be clear.

Ye Fan clasped his fist and said, "Brother Jiang and Brother Ji, thank you for your generosity. This is a good destiny. I want to go back to Nanling overnight and don't spend it here."

"and many more."

Jiang Yi suddenly got up.

"Something else?"

"Brother Ye, can you tell me what martial art realm you are now?" Jiang Yi finally asked, and Ji Hong was also looking forward to it.

"It's easy."

Ye Fan reached out his hand, broke a small grass, and ejected his fingers.

"puff!"

The grass sank into the trunk like lightning.

penetrating.

Jiang Yi and Ji Hong were dumbfounded, and then yelled together: "It's the master! The martial arts master!"

"What's the fuss? Is there anything else? I left without me, and went back to treat Ye Chen in a hurry."

"Jiang Yi (Ji Hong) meets Master Grandmaster."

The two respectful greetings could not erase the shock in their eyes.

They are also well-informed, dealing with the martial arts world, and even went to the 72nd ranked Martial God Temple.

Even King Xiaowu, who is known as the first genius in the martial arts world and the master of the martial arts temple, is also a 28-year-old master of martial arts.

But Ye Fan was obviously much younger, only in his early twenties.

This is incredible!

"Master Ye, there is a major event. On the advice of Sirius, Yu Wenlie and Wu Min took their men and horses to Changning and wanted to arrest your sister in order to threaten you to hand over Ye Chen!"

"What did you say!"

Suddenly, the sky and the earth were cracking and the mountains were whistling and tsunami. An unspeakable cold and murderous aura erupted from Ye Fan's body and enveloped the audience, like snow and ice, making people frightened and stiff...
