Chapter 27: Slippery fish

puff.

Ye Fan spouted a sip of tea.

Jiang Long also twitched the corners of his mouth.

And Zhao Qingmei secretly smiled covering her mouth, it turned out that the "king" aloft also has such a cute side.

"Brother Bai, you are afraid that you are looking for a fight." At this time, a woman's voice sounded in the phone, very crisp, but mixed with coldness.

Zhao Qingmei saw that it was a cold and coquettish face.

It's beautiful.

It is a frightening and frightening beauty.

Especially those beautiful eyes, always shining sharply.

Luo Hong.

Hades, one of the three kings.

"Brother Long, where's Brother Fan?"

"Ahem."

Ye Fan coughed a few times and took the phone.

"Lao Bai, are you itchy."

"Ha ha."

It is a rough man who cut his beard and scum.

"Just kidding, but well, it's not impossible to introduce me to my sisters. Maybe, if there are older sisters, they like a rough person like me."

"Dare to say it!"

"Brother Fan, ignore him." Luo Hong said and asked, "Brother Fan, how long are you going to stay here this time?"

"Maybe, just live like this."

Luo Hong and Bai Zhan were stunned by Ye Fan's words.

Even Jiang Long frowned.

Bai Zhan said, "Brother Fan, don't you want the Tianzun Temple?"

"Tian Zun Temple is all over the world, and it is strong enough. It doesn't matter if I preside over the overall situation. I am ready to enjoy the blessing. Fighting and killing is no longer interesting."

"It's not good to be the shopkeeper," Luo Hong complained.

"Let's talk about it later, anyway, the world is peaceful now, there is no major war, and I don't need me to take action; you will be enough to solve some small fights."

Ye Fan smiled.

As the world's number one power, Tianzun Temple also shoulders the important task of maintaining world peace.

There are frictions between some countries, and the International Federation cannot solve it or it is very difficult. The Tianzun Temple will send the War Department to mediate.

This is why, Tianzun Temple has a very high reputation in various countries.

"Where are you now?"

"On the battlefield in the polar region, solve a group of private groups."

Bai Zhan said.

Then Luo Hong spoke.

"I'm on the Atlantic side, specifically in the Caribbean. There are a lot of pirates here, and I'm actively fighting them out."

Zhao Qingmei was full of enthusiasm.

In my mind, I can imagine that Luo Hong took the magnificent picture of the battle of Hades on the sea, heroic and brave.

"Be careful, pay attention to safety, after the end, Changning, I invite you to drink."

"Properly."

"By the way, Brother Fan, there is an important thing." Luo Hong sent a document and explained, "There is a notorious pirate brigade on the Caribbean Sea, which was destroyed by me, but there is still a fish that slipped through the net. , The pirate leader,"

"That guy was cruel, cruel, and did all the bad things. He kidnapped a cruise ship and slaughtered more than 300 passengers on the cruise ship. The old, young, and young women and children were not spared."

Hearing this, Ye Fan's face was cold.

Luo Hong continued, "According to reliable sources, the pirate leader stole into Daxia, and through deduction of the route, it is very likely that he was in Qingzhou."

"Are you in Qingzhou? I understand."

Ye Fan nodded, this cancer must be eradicated.

The document sent by Luo Hong contained a picture of the pirate leader. Although it was not a face and not too clear, it was fortunately available from various angles. It was not difficult to investigate it with the powerful intelligence agency of the Tianzun Temple.

After having a meal with Jiang Long and Zhao Qingmei in Mingyue Manor, Ye Fan wandered to Sifan Medical Center.

The medical hall has been rebuilt.

Su Muyu is seeing a doctor. After the last incident, the reputation of Sifan Medical Center has not decreased, on the contrary, it has greatly increased.

There is an endless stream of people coming to see the doctor.

"Mr. Ye, you came right in time." Assistant Xiaomei ran over and said anxiously, "Sister Su is a little troublesome. Go and see."

Upon hearing this, Ye Fan rushed to the ward.

At this moment.

In the ward, a tall, luxuriously dressed woman pointed at Su Muyu and sternly scolded, "Aren't you very good? Are you not the chief master of Changning Chinese medicine? Why can't my grandfather's illness be cured!"

Su Muyue covered her face and said aggrieved, "Miss Yuan, I am not a god, and I can't cure any disease."

"I don't care. If you don't cure my grandfather, I will tear down your medical clinic. From now on, you will never want to practice medicine in Changning. I will let you have no place in Changning!"

"I..."

"What are you doing, continue to see my grandfather." As she said, the tall woman raised her hand and slapped Su Muyu's face.

But in mid-air, her wrist was caught.

No matter how hard she tried, she couldn't move.

Yuan Feifei turned her head and found that it was a young man, her eyes glared, "Who are you, who are you? You dare to stop this lady from hitting someone."

"It's so majestic."

Ye Fan sneered and threw Yuan Feifei away.

Seeing Su Muyu's flushed cheeks, his face became extra deep, and he said coldly, "Have you beaten my sister?"

"So what!"

"Apologize."

"Apologize?" Yuan Feifei said arrogantly, full of disdain, "I'm just a stinky doctor, and I am not qualified to make this lady apologize."

Seeing that Ye Fan's face became more ugly, Su Muyu worried that Ye Fan was impulsive and quickly hugged his arm.

"Forget Xiaofan, I'm okay. You'd better take a look at Father Yuan first, I can't do anything about his illness."

"Are you a doctor?" Yuan Feifei was surprised.

"Miss Yuan, this is my younger brother Ye Fan. His medical skills are many times better than mine. He will definitely be able to cure the old man. Don't worry."

Yuan Feifei immediately urged, "Then show me grandpa."

"Why should I treat your grandfather."

"What did you say?!"

Yuan Feifei froze.

Ye Fan said with a mockery, "You are the eldest lady, how honorable your grandfather is. I'm just a stinky doctor. I am not qualified to treat your grandfather. I am not worthy. You are right."

"you!"

Yuan Feifei knew that this was Ye Fan's mockery, and blushed with shame.

Su Muyu persuaded, "Xiao Fan, don't be angry, the cure is important."

"Sister, it is true that being a doctor is based on the principle of suspending the pot to help the world, but it also depends on who is being saved. Someone has a superior attitude and treats us as dogs. In this case, we don't need to act, and we won't be so mean. "

Ye Fan called Xiaomei and asked Xiaomei to take Su Muyu away.

Then, he glanced at the unconscious old man in the hospital bed and waved mercilessly, "Hurry up and don't get in the way."

"Asshole, do you know who you are talking to!"

"I don't care who you are, I am here, the king of heaven, and I will not treat it." Ye Fan stopped drinking, and the cold breath wrapped Yuan Feifei, making her a little bit frightened.

Yuan Feifei was about to explode.

Growing up, in Changning, no one dared to speak to her like this.

"Well, Ye Fan, yes, I remember you. I will let your sisters and brothers have no foothold in Changning, and I will let you kneel and beg to treat my grandfather."

"I do what I say!"

Yuan Feifei signaled that her subordinates carried the old man away.

at this time.

Ye Fan said, "Wait."

Yuan Feifei turned her head and sneered, "Why? Aren't you crazy! Scared so quickly..."

"Snapped!"

With a slap, Yuan Feifei was stunned.

Ye Fan said blankly, "This is for my sister. Now, you can go away."

"You dare to hit me!"

Yuan Feifei's eyes are splitting.

She pointed at Ye Fan and shouted, "From childhood to childhood, no one has beaten me. You are the first one. Ye Fan, you are dead, you wait for me!"

Looking at Yuan Feifei's back, Ye Fan didn't care.

Su Muyu walked out of the back room, worried, and said reproachfully, "Xiao Fan, you are too impulsive, how can you do it, do you know who she is?"

"Who."

"Miss Yuan Feifei, the Yuan family is one of the four major families in Changning. It seems that we really have no place in Changning."

Su Muyu's face was bitter.

However, she did not blame Ye Fan.

On the contrary, Ye Fan is not afraid of the power to stand up for her, protect her and defend her, Su Muyu is very pleased and very happy.

"It ranks among the four major families? It's nothing. I can make the Yuan Family wipe out with a single word." Ye Fan curled his lips, disdainfully.

Su Muyu didn't go to her heart, thinking that this was Ye Fan's angry words.

"Ugh."

Su Muyu sighed and wanted to start, very optimistic.

"It's okay if the medical hall can't be opened. It just happens that I have time to study the Nine Dragons Needle with you at ease. It's good."

Ye Fan comforted, "Sister, don't worry, no one can move the hospital, I said."

"Xiao Fan, you just came back and you don't understand the greatness of the Yuan family; and Yuan Feifei used the famous Miss Diaoman, and offended her, there is no good fruit."

"Isn't she just a rich girl, she won't be able to go to heaven. Sister, don't worry, I will make a call, and I will ask Yuan Feifei to apologize to you immediately!"

Su Muyu looked blank, but Ye Fan had already walked out of the hospital and contacted Zhao Qingmei...
