Chapter 401: Blessed

Albizia, a treasure house.

Xing Tian opened this place, waving his hands and shouting: "Go inside, don't squeeze, don't squeeze, the treasure house is huge, it can accommodate a lot of people, everyone has it."

"Give me all of them."

"You can get as much as you can...Eh, what are you little girl doing, running out so quickly?"

"My lord, I... can't hold it anymore... My pocket is full, full of antiques in my hand... In my mouth, you see, there is a big gem in my mouth..."

"That's it!"

Xing Tian looked at the warlord and exclaimed: "Get your bags quickly... Don't, everyone prepares a backpack, and they fill me with a lot of bags."

And the other side.

Some victims who were hated by the Manchus launched their revenge.

"Master, it's him."

A girl pointed angrily at a disciple of the Hehuan Sect, and cried: "It is he who has been crippling me and beating me."

The warlord's eyes were cold.

It was the Dragon King's battle department and the hundred thousand dragon generals who had killed the Golden Rooster Mountain.

A disciple of the Hehuan Sect, where is the opponent.

Without even having to make a move, Long Jiang's murderous intent made the opponent pee his pants in fright.

"No, you can't kill me."

The male disciple roared in horror: "It is illegal to kill. Who are you and what qualifications do you have to judge me!"

The warlord said coldly: "It is indeed illegal to kill. When you are beasts, killing beasts will not break the law."

"Do not....."

"puff!"

A long spear nailed this man to the ground.

The grievance was avenged, and the girl burst into tears.

Long Jiang comforted: "From now on, you will be reborn, go, search for treasures, and then go down the mountain and start a new life."

"Thank you, Lord Warlord."

This kind of situation happened in various places of the Hehuan Sect.

The victims' revenge was extremely crazy, and the disciples of the Acacia Sect under Long Jiang had no chance to resist.

This is a massacre on the one hand!

The monitoring of the Beidou Military Guard made Ge Lao, Tang Laoxie, and South Korea Qiang see everything clearly, which was very shocking.

They thought that Ye Fan would search for the details of the Albizia Sect.

Unexpectedly, they were all distributed to the victims to help the victims avenge and protect the victims.

This is really benevolent.

"Using the victim's revenge to kill the disciples of the Hehuan Sect, on the one hand, achieved the goal of destroying the Hehuan Sect. The most important thing is to let the victim avenge and vent the hatred in his heart, so that he can go down the mountain and go to the city to be normal. Life; otherwise, there will eventually be psychological barriers, and even psychological distortions."

"right."

"What wealth is there? Let alone the rest of each victim's life, as long as they don't squander, the next generation will be able to live without worry."

The four great pavilions sighed with emotion.

No wonder so many people follow Ye Fan, besides Tianzun Temple, there are many forces in the world who are vassals.

From the point of extinguishing the Hehuan Sect, you can see Ye Fan's methods, mind and character.

Indeed impeccable.

"Fortunately, this kind of evildoer was born in Daxia. If it is a person from an enemy country, it will be a disaster for Daxia." Da Ge sighed.

"It's too early for Da Ge to say this. It's still unclear whether Ye Fan will be hostile to Da Xia. This requires you and Shang Feng to make a decision. I hope that Ye Fan will not be forced to the opposite side."

Tang Laoxie said meaningfully.

Old Sidage's expression tightened.

South Korea was puzzled, but didn't think much about it. His rank was not enough and he was not qualified to know state secrets.

"I have to go to the Wild Continent."

Old Tang Laoxie said something coldly.

Da Ge asked: "Are you going to the abyss of sin to save Ye Gong?"

"You think too much." Tang Laoxie shook his head, "Ye Gong Jing Tian Wei Di, better than me, but still trapped in the abyss of sin for so many years, I am unable to save. Besides, Xiao Gonglian and the Sect Master, Tai Yizong The Sovereign went to the Abyss of Sin with an obvious purpose. When I went, no one could deal with the three of them."

"Going to the Wild Continent, I have other things, of course I will definitely go to the Abyss of Sin, nothing more."

"You make a choice too."

Tang Laoxie stood up and said leisurely: "A few months ago, I met the painting saint. That guy is not right, and it seems to have found something. Those saints in Daxia are all traveling around. I think this is what the monarch meant. "

Old Da Ge pursed his lips and said nothing.

"Since it was the Lord's instruction, then the great saints will definitely report some news to him, and the Lord also knows it in his heart."

"I won't say anything more."

Old Tang Xie drifted away.

Korea Qiang also left wittily, and the four old pavilions looked at each other, their eyes flickering.

For a long time, Old Dage sighed: "The troubled autumn, second, third, fourth, you are in charge of Longge affairs, I have to see the Lord."

"how long?"

"I don't know, it will take ten days and a half to break, and it will take two to three months."

The three elders glanced at each other and solemnly said, "Don't worry, brother, we will definitely handle Long Ge's affairs. You can go and see your lord without worry."

...

The Hehuan Sect is nearing its end.

The disciple of the disciple was killed and wounded.

The victims searched a lot and gathered in the square here.

Luo Hong shouted: "Bring you here!"

Yan Guang carried Gu Ying and Gu Shaoyuan, who had been languishing, to the square and threw them on the ground.

Suddenly.

The victims' eyes were split.

"My lord, please kill the people and kill these two culprits."

"Kill them!"

"kill!"

Eight thousand people roared like thunder.

Ye Fan waved his hand to signal everyone to be quiet.

Gu Shaoyuan looked at Ye Fan and knew that this was the leader. He asked bitterly, "Who are you? When did the Daxia War Department have a leader like you, why did Daxia War Department suddenly annihilate us? This is blatant and the martial arts world. Declare war."

"You do not know who I am?"

Ye Fan shook his head and said: "It's really a bunch of trash who only knows about lewdness, and don't pay attention to external affairs at all."

"what's your name?"

"Ye Fan."

Suddenly, Gu Shaoyuan was shocked: "It's you! Sweeping Mountain killed Li Ce of the Northern Liang Dynasty, and stubbornly attacked Xiao Changkong's young master Ye Fan."

"good."

"You and I have no grievances and no grudges, why do you want to destroy my Hehuan Sect." Gu Shaoyuan roared, "Our Hehuan Sect has been inherited for hundreds of years, and it was destroyed in one day. I am ashamed of the ancestors and sects."

"You are indeed an ancestor of the Hehuan Sect, but it is not because of the extinction of the sect, but because you have abandoned the true philosophy of the Hehuan Sect."

boom!

Gu Shaoyuan and Gu Ying were struck by lightning.

Ye Fan said indifferently: "The orthodox philosophy of the Hehuan Sect emphasizes the reconciliation of love, yin and yang, exchanges, experience life, self-cultivation, and harmony between man and nature."

"But you, father and son, have gone on a crooked road, manipulated by desires, become arrogant and prostitious, innocent, utterly desolate, and horrifying!"

"You are ashamed of the ancestors of the Acacia Sect. This is inevitable. If you go underground, you will be tortured day and night like a frying pan, and you will not be able to wash away your sins for generations."

Gu Ying and Gu Shaoyuan were limp on the ground, shaking in horror, unable to speak.

Condescendingly, Ye Fan looked down and said, "Finally, let me tell you a little bit more, I killed your son Gu Yunxiao."

"Why, why?"

"Because Gu Yunxiao almost assaulted my sister; Nangongba's daughter Nangongmiao blocked for my sister. I am ashamed of Nangongmiao. Nangongba was accepted as a named disciple by me. And his father is standing in front of you."

Nangong Yanhua came out.

Ye Fan said, "The reason for the relationship, I have already said very clearly, your father and son can die clearly. Brother Nangong, leave it to you."

Woo woo woo.

In an instant, Nangong Yanhua was murderous like a knife, wrapping Gu Ying and his son.

this moment.

Gu Ying looked savage, and said with a smile: "I didn't expect it to be overturned by you. It should have been the case. I will kill you the first time. However, I have enjoyed enough in this life. I will die. What are you afraid of!"

"as you wish."

Nangong Yanhua cut Gu Ying in half with a knife.

"what!"

Gu Shaoyuan cried in fright, and knelt on the ground begging: "Don't kill me, spare my life. I am a grandmaster, I am your lackey, please don't kill me..."

"If you don't kill you, how can you solve the hatred in the heart of such a victim. Gu Shaoyuan, go underground and confess."

Nangong Yanhua roared wildly, punching Gu Shaoyuan with punches in front of 8,000 people, and beat Gu Shaoyuan into flesh.

So far.

Only eight thousand people feel smooth in their hearts.

Escorted by the Dragon General, the victims went down the mountain; Bai Zhan arranged for a fighter plane to send them to the city.

With a mere 8,000 people, it was easy to arrange for the Tianzun Temple.

Standing on the top of the mountain, Ye Fan took a deep breath, and a big event in his heart finally fell.

To give an explanation to the Nangong family can be regarded as eliminating harm for the people, and the merits are boundless.

"Let's go."

Ye Fan led everyone down the mountain.

Half an hour.

The Three Great War Department disappeared around Jinji Mountain.

Suddenly.

With more than a dozen loud noises, Jinji Mountain was razed to the ground under the ancient thunder cannon, and the Hehuan Sect completely disappeared.

Seventy-two cases became seventy-one cases.

Ye Fan didn't know that everything he did today was like a fuse, kicking open the door of the martial arts world, making the whole martial arts world surging...

Chapter 402: Ruthless Ye Fan

The movement on Jinji Mountain is very big, after all, it is hundreds of thousands of soldiers, how big it is, it can't be suppressed if you want to suppress it.

Moreover, in the end, the Gulei Cannons all started.

There were loud noises, which conveyed far and wide, and the Hunyuan Gate closest to Jinji Mountain couldn't help it, and sent the disciple of the doorman to find out.

When I saw Jinji Mountain razed to the ground and Acacia sect that had been wiped out in ashes, the Hunyuan Sect disciples were petrified.

"The sky has changed!"

For a long time, the headed Hunyuan Sect disciple uttered a few words with difficulty, and then took the juniors and sisters away in a panic.

Not long.

The news of the destruction of the Hehuan Sect spread out from Hunyuan Gate, like a hurricane, quickly spreading across the martial arts world.

Then, it spread to the central capital.

Spread to the upper class of the states.

The upper levels of Kyushu all over the world shook, especially the martial arts world, as if a small pond was thrown into a bomb and set off a huge wave.

"The Hehuan Sect was destroyed, how could this happen? Is it the Daxia War Department?"

"Is the Daxia War Department going to do something against the martial arts world?"

"Impossible, isn't there an agreement? We in the martial arts world have always abide by the rules and do not interfere with the secular world."

"Quickly, go to the Martial God Temple!"

The destruction of the Hehuan Sect made all the sects panic.

If the Hehuan Sect can be destroyed silently and in just a few hours, then other sects can be destroyed.

No one dare to say that they can fight the iron hoof of the Great Xia War Department!

You know, the beautiful country on the other side of the ocean is so advanced and powerful. It once fought with the Great Xia War Headquarters and lost half of it.

this moment.

A person appeared in the mind of each major sect: Wu Shentong.

Wu Sheng.

To say that he could stop the Daxia War Department and was qualified to negotiate with Daxia, there was no one except Martial Skill.

The masters and elders of the major sects left their mountain gates and hurried to the Martial God Temple.

On the grassland where the Tongtian Peak was located, fighters landed, and the great figures of the sect appeared one by one, ascended to the top of the peak, and came to the temple of the gods.

"Master Wu!"

"Sheng Wu!"

There were vigorous and powerful shouts, and the Wushen Temple opened suddenly, and the Wushentong was dressed in purple and gold robe, noble and mighty.

He talked: "You fellow daoists, don't panic. I have already contacted the Daxia War Headquarters, and it was not they who acted."

"It's not the Great Summer Division!"

"Who is that?"

Valkyrie Channel: "It's Ye Fan!"

"Ye Fan?!"

The suzerain and elders present were shocked.

A burly, extremely powerful man, almost comparable to the Heng Lian master of the Wild Continent, said: "What an eye-opening Ye Fan, it's no wonder that the old man in the Dragon Pavilion will protect him. It turns out that there is a warhead under his command! "

This person is called Limo.

Sovereign of Lishen Sect.

Seventy-two... No, the Seventy-one Sect ranked second, second only to the Martial God Temple, and better than Killing the Shenzong.

The sect is divided into three, six or nine classes.

The first three Jia sects all have the word "God" in the middle.

Wushen Temple, Li Shenzong, Killing Shenzong.

Here is the sect that has always been stable in the top three, surpassing the other sects.

Li Shenzong, as the name suggests, disciples of the disciples focus on the improvement of "strength", that is, physical training.

In the martial arts world, no one wants to provoke a disciple of the Li Shenzong.

Because.

Many of his disciples are very special and will go crazy, so that their power will increase sharply, like a demon like a god, extremely powerful.

Limo is a powerful person who develops the madness ability to a deep level, can freely control the madness, and the martial arts are very jealous.

"Ye Fan has three major war divisions and 300,000 invincible soldiers. I know these; I just didn't expect that Ye Fan summoned the war division to Zhongzhou in order to destroy the Hehuan Sect."

Wu Xingyun said.

The Sect Master of Killing Shenzong is not there, as the great elder, he is here.

"Three hundred thousand soldiers!"

This was another blockbuster, which changed the expressions of all the sects and even the martial arts abilities.

That is to say--

Ye Fan can destroy any sect as long as he wants to?

I am afraid that Wushen Temple can't handle it.

Because the Jinji Mountain can be razed to the ground, it shows that Ye Fan has a powerful cannon, and the current martial arts power is not enough to contend with high-energy weapons.

"Okay, don't guess wildly."

"After so many years of development, our martial arts world is closely related to the secular world, and the martial arts world cannot be destroyed, otherwise it will involve too much and cause turmoil in the

Great Xia. The Acacia Sect is a malignant tumor, which tarnishes my reputation in the martial arts world. For the people to eliminate harm, I will definitely not find other sects to trouble."

The Valkyrie call dropped.

One of the big bosses in the square received a message from the sect.

Suddenly the color changed.

"It's over!"

This person yelled, attracting everyone's attention.

"Ye Fan, he, he visited my beast control gate." Uhada was terrified and shouted: "Hall Master Wu, you also said that Ye Fan can't trouble other sects. What is going on? Ye Fan came to my control gate. Beast Gate!"

There was a commotion and panic in the audience.

Wu Shentong and Li Mo looked at each other and asked, "What is your feast with Ye Fan? Or did your disciple offend Ye Fan?"

"No, I have never contacted Ye Fan. It is my son Wu Min, who disappeared for two months and came back three days ago. He mentioned Ye Fan, but didn't say anything specifically."

"It seems that your son is in trouble."

"What can I do then?" Uhada folded his hands together and pleaded: "Please come forward and talk to Ye Fan for me. I am willing to give the Lord a pale crane."

"really?"

Wu Shentong's eyes lit up.

Other sect bosses also had to sigh.

Master the gate of beasts, master unique skills, you can enslave birds and beasts. For many years, Yu Beast Gate has been conquering the virgin forest, trying to tame some fierce beast alien species.

The sky white crane is one of them.

It was a huge bird with white feathers all over, with its wings spread out and reaching five meters. It was a heterogeneous bird from ancient times.

Yu Beast Gate also tamed two.

Once, many sect masters wanted to buy one, but Uhada refused, but now he wants to dedicate it.

However, the misfortune of He Miemen must be paid, and it is worth it.

"Hallmaster Wu, with the witness of so many sect masters and elders present, can I still make a mistake."

"good."

Wu Shentong was overjoyed and said with a smile: "Then I will go and see, but I have to explain that I can't be sure of success. Of course, if I can't dissuade success, I don't want the white crane."

"Thank you, the lord."

"Brother Li, why don't you come with me?" Wu Shentong turned his head to invite Li Mo, which made Li Mo's heart tremble.

Normally, Wu Shentong does not need to invite himself.

unless.

Wu Shentong did not confidently suppress Ye Fan.

Li Mo thought that Ye Fan visited the Martial God Temple a few days ago, and he must have fought against Martial God.

Could it be that.....

At that time, Wu Shentong could not defeat Ye Fan?

In just three seconds, Limo thought about a lot, and his heart was overwhelmed. He nodded his head: "Okay, I'll accompany my magical brother on a trip."

Uhada was also overjoyed and said, "Sect Master Li, I won't let you run away for nothing. If I can successfully dissuade Ye Fan, I am willing to give you an Ironback Silver Wolf King."

Li Mo was bewitched, the iron-backed silver wolf is a fierce beast. Although it is a common fierce beast, it can be called a wolf king.

As a mount, it must be very cool.

"Everyone, go back. In troubled times, I also ask fellow daoists to strictly discipline the disciples, otherwise they will cause trouble to the upper body, and they can only ask for more blessings."

After Wushentong's explanation, Helimo boarded Uhada's private plane and smashed into the air.

The other suzerain elders also dispersed.

But the people in the various sects are very nervous, waiting for the result of the beast control gate...

And in the capital.

The upper circles are also very explosive.

"To be ruthless, it has to be Ye Fan. After fighting the Ning family and the Leng family, after fighting the Leng family, now go to the Qianzongmen, and directly destroy the Hehuan Sect, and the Jinji Mountain is razed to the ground!"

"Cowhide!"

"Ye Fan is my idol. I want to mix with Ye Fan. It's really a role model for my generation. It's too much!"

"This is the dragon among the people, and the invincible Haojun. Nothing can compare to the rich second generation. If I can marry Ye Fan, I can wake up in my dreams."

"Isn't Meng Qingyin dead? Ye Fan is single now. Are there any sisters to form a fan group for Brother Ye Fan? I want to support my brother!!"

"Count me, I want to join."

"..."

In just an hour, the Ye Fan fan group was established and expanded rapidly, and soon there were hundreds of members.

Among them, not only the daughters, but also some noble ladies and female entrepreneurs participated, and Ye Fan's reputation was the same.

Xingyue Pavilion.

At this time, several women of national beauty and fragrant beauty were at the party. Each of them was exquisite and noble, and seemed to be a fairy daughter in the sky.

"Ye Fan, what a strange man."

"Sister Ruyu fell in love?" A daughter joked: "The Yan family and Ye Fan are close, and Meng Qingyin is dead again. Sister can seize the opportunity."

"What nonsense!"

Yan Ruyu glared angrily.

The few present were among the top ten in the capital, and each one was amazing and impeccable.

Among the women, one is the most unique.

He was dressed in black, with high-beamed hair, a soft face with heroic spirit, and his aura was different from other ladies, showing sharpness.

Looks like a female hero.

Yan Ruyu looked at her and asked with a smile, "Is Sister Feixian interesting? You are the son of the Miao family, and you have achieved amazing martial arts, enough to be worthy of Mr. Ye Fan."

Miao Feixian smiled with a cup of tea.

"I'm not interested in falling in love. I just think it's funny. Just now, my friend in the martial arts world heard news that Ye Fan visited Yu Beast Gate."

The beauties were dumbfounded.

Good guys!

It's not enough to destroy the Hehuan Sect, and do you want to control the beast door?

This Ye Fan was either going to fight, or on his way to fight, it was really too fierce!

Chapter 403: An oolong

Wan Beast Mountain.

This is the top of the hill where Yuju Gate is located.

In fact, this is a mountain range, very big, with countless beasts roaring all the time.

A veritable mountain of beasts.

now.

The Three Great War Department, 300,000 soldiers stationed in the ten-mile development of Wan Beast Mountain, spreading infinitely, scared the animals in the mountains to hide in their nests.

And at Yu Beast Gate.

The young master Wu Min was standing respectfully beside Ye Fan, afraid to sit and breathe.

"The tea is good."

Ye Fan praised.

Wu Min smiled and said, "Brother Ye, this tea is very precious. Although it's not as good as the tea in the Martial God Temple, it's not too much."

Ye Fan looked outside and said, "You are indeed extraordinary at the gate of controlling beasts. You have tamed countless wild beasts, and you have also tamed different species of fierce beasts."

Huh!

A fiery red shadow flew past the door.

Xing Tian asked in surprise: "What a domineering atmosphere, what is that?"

Wu Min said proudly: "It is a fierce beast, a fierce lion. Five years ago, my father and the elders captured the alien species in the depths of the Shiwanda Mountain. For this, we killed an elder and seriously injured one. The other elders, including my father, were injured."

"It took another three years to return to the gate of the beast control to tame the fiery lion."

"Now, it is one of our guardian beasts at the gate of the beast control. It has amazing combat power and thick skin."

Xing Tian and others were full of praise.

The world is so big, there is nothing strange about it.

Ye Fan has never seen the so-called "flaming lion" in the wild continent, and he did not expect that there are such alien species in the Shiwanda Mountain in Youzhou.

"boom!"

Suddenly, a fiery lion appeared outside the door, and a fierce and domineering aura swept over him.

It has fiery red hair all over, without any impurities.

It is nearly two meters high and has a body length of about five meters.

Those claws were thicker than Ye Fan's thighs, and his huge eyes exuded a brutal light.

If this is placed in the secular world, it will definitely be considered a monster.

But everyone present was well-informed, and Xing Tian laughed loudly: "Little lion, really majestic, let me touch it."

"Roar."

The fiery lion seemed to feel humiliated and provoked, and screamed wildly.

Xing Tian was not afraid at all, and reached out his hand to touch the fiery lion's head.

This time, the fiery lion was completely angered, and his murderous intent suddenly appeared, and he fiercely pounced on Xing Tian.

"Little Lion, in front of this seat, I dare not be mad."

Xing Tian disagrees, the gang circulates, and slaps the fiery lion against the fiery lion, and it flies upside down.

And Xing Tian is faster.

Before the fiery lion fell, he appeared in front of him, slapped the fiery lion's head with a slap, and pressed him to the ground, unable to move.

At this time, Huo Lie Mad Lion knew that he had encountered a ruthless person, so he didn't dare to be arrogant, and lay on the ground, letting Xing Tian touch its head.

"This hair is soft, so comfortable."

Xing Tian's tone was full of love.

This caused Wu Min's eyelids to jump wildly, hurriedly ran over, and said with a smile: "Brother Xing, what's so fun about the little lion? It's better to drink tea. Come on, let's continue to drink tea."

Wu Min said, kicking the little lion.

The fiery lion ran away with a "swish".

Xing Tian hummed and sat down.

Ye Fan asked, "Wu Min, it's been more than half an hour, why hasn't your father come yet!"

"Brother Ye wait a while, and he will be there soon. The Temple of Martial God is far away from Wan Beast Mountain, and the most advanced fighters will take an hour."

Wu Min was also very nervous and anxious.

Fortunately, in twenty minutes, the lord's private jet finally appeared over Wan Beast Mountain.

Uhada was distressed.

In order to get back as soon as possible, the plane was overloaded and most of its components were damaged. This billion-dollar fighter was probably about to abdicate.

"Father."

Wu Min ran over and shouted excitedly.

"evil creature!"

Uhada slapped Wu Min's head and scolded, "I will clean up you later."

Wu Min looked dumbfounded.

Suddenly, he saw the two masters of Wu Shentong and Limo coming down from the plane, and a Ji Ling hurriedly greeted them.

"Where is Ye Fan?"

"Master Wu, Master Ye Fan is in the main hall, I will take you there."

Wu Min was trembling.

When he came to the main hall, Uhada said bitterly: "Master Ye Fan, the style of the Swagger Mountain that day is really fresh in my memory. I wanted to meet you for a long time, but I didn't expect you to visit the door. It really made me shine in the door of the beast. what."

Ye Fan nodded, his eyes focused on Li Mo.

He had fought against Martial Arts, but Li Mo was not, and Ye Fan felt that Li Mo was extraordinary, even if it was not as good as Martial Arts, it was not much worse.

"Hallmaster Wu, I didn't expect you to come too."

"Brother Dao, if I guessed correctly, I should be the second-ranked Sect Master of Li Shenzong, Li Mo!"

"It's me." Limo nodded.

He didn't go to Swagger Mountain that day.

This was the first time I saw Ye Fan, his eyes were very solemn.

"Your physical body is very strong."

Limo was outspoken, and even his eyes flashed with a sense of war.

Ye Fan smiled and said: "Sect Master Li's body is also good, and if you have the opportunity, you can communicate."

"Right on my mind."

Limo responded.

When Uhada heard this, he was anxious. The two big guys fought at the gate of the beast, fearing that it was not about destroying the large buildings of the gate, and the loss was heavy.

Even the birds and beasts in the mountain gate will be affected, causing a large number of deaths and injuries.

He hastily persuaded: "The two masters are in no hurry, let's sit down and talk first. Mr. Ye, I won't be circumspect. Why do you come here suddenly?"

"It's nothing, I just want to have a chat with you, come and stroll around the beast gate."

Ye Fanyun said lightly.

Uhada did not believe that he was killed.

He smiled bitterly: "Mr. Ye has just killed the Hehuan Sect, and he turned around and boarded my Beast Control Gate. How could he just stroll around."

"Wu Min, you evil barrier, get out of here."

Uhada caught Wu Min, kicked on the ground, and shouted: "Frankly explain, how did you offend Mr. Ye? Today we solve the problem, the compensation that should be paid for the crime, and the compensation that should be paid."

"Huh? Father, me, I don't have one."

"Dare to quibble."

Uhada was violently beaten, and Wumin was stunned.

Ye Fan felt amused, and stopped saying: "I have been with Sect Master Wu, nothing has happened to Wumin. I heard that there are many different kinds of fierce beasts in Yuju Gate, so I came to visit it when I passed by."

Wu Shentong and Li Mo looked at each other.

Uhada was skeptical, and said, "Really?"

"The Temple of Martial God and Sect Master Li are here, how could I lie to you. If I want to deal with the gate of Yu Beast, I am waiting for you to come back? I am afraid that it is not you who come back. What I see is just a ruin."

"That's true."

Uhada felt that he was really confused.

At this time.

Wu Shentong and Li Mo noticed Xing Tian, Bai Zhan and Luo Hong, their eyes burst into surprise.

Xing Tian, forget it, after all, he is well known for Ye Fan in the capital.

But Bai Zhan and Luo Hong, although they appeared behind Ye Fan on the day of the swagger, they were very low-key.

No prestige spread.

At this moment, the martial arts power and Limo looked at them, and felt that Bai Zhan and Luo Hong were also great masters, and Uhada could not beat any of the three.

Ye Fan's three great masters, plus Ouyang Fu and Gong Yangzhao who were subordinated, and the five great masters' subordinates, this lineup is incredible.

The most terrifying is 300,000 soldiers.

On the way here, both Wu Shentong and Li Mo saw it, densely covered with mountains, and morale was invincible.

That is really an invincible soldier!

After discovering the misunderstanding and contact, Wu Min said pitifully: "Father, you are the only one who beat me indiscriminately in front of a few adults. I don't want face."

Uhada said embarrassingly: "I'll give you some compensation and let you choose a fierce alien beast to guard it."

Speaking of the different beasts, Uhada said, "Hallmaster Wu, the white crane..."

"No need."

Wu Shentong shook his head, "This is a misunderstanding. I didn't help, but I don't have the face to want Sect Master Wu your baby."

Li Mo said: "I'll forget it too."

At this moment, Uhada looked at Ye Fan and said with a smile: "Mr. Ye, how can you visit the Yu Beast Gate? You must bring a pet back."

Ye Fan said, "The pet that can be given to the Master of the Palace of Wu, it must be a big treasure. Sect Master Wu, I want to see that sky crane, it should be ok."

The corners of Uhada's mouth twitched, a pain in the flesh...

Avoided the martial arts ability, but failed to avoid Ye Fan.

Uhada couldn't wait to smoke his own two big mouths. Why do you talk too much? Ye Fan wouldn't know.

It's all right now, it's going to bleed heavily!

Chapter 404: Ye Fan's Pet

"Master Ye, look, that is the sky crane."

The group came to the back mountain.

Uhada pointed to a huge plane tree with a huge flying bird perched on it.

There is mighty in the ethereal.

Ye Fan saw it at a glance, and liked it very much, "Heavenly white crane, a good name, such a big body, can you fly with someone."

"Theoretically it is possible."

"In theory?"

Ye Fan was puzzled.

Uhada explained: "The sky crane is very arrogant, even if it has been captured by me for six years, it still hasn't been tamed. But this guy is very smart, knows that he can eat and sleep well in Wan Beast Mountain, and he won't leave here anymore."

Ye Fan smiled at each other with Wu Shentong and Li Mo.

Uhada also figured it out. Anyway, he can't tame the white cranes. He eats and drinks for nothing at the animal control gate. When the ancestors offer it, it is better to give it to Ye Fan, so as to inherit the friendship with Ye Fan, which is of great significance to the animal control gate. benefit.

He smiled and said, "Mr. Ye likes it. I will give it to you over there, but I have to tame this aspect. I have to come by myself."

Huh.

Ye Fan soared into the sky abruptly.

Gang gasification dragon.

Stepping on the long dragon, approaching the plane tree.

The sky crane was awakened and flew up to the head of the sycamore tree, with its wings spread and its feathers upright, giving a warning gesture.

That feather is extremely fierce, like a sword with a handle.

"Huh."

The white cranes crowed in the sky, and anger could be heard clearly in the voice.

"hold head high!"

Ye Fan is not to be outdone.

Open your mouth and make a dragon chant.

Shocking roar!

The loud and high-pitched dragon's chant, like a water wave rippling away, made the sycamore tree tottering, and instantly suppressed the momentum of the sky and white crane.

now.

There was fear in the eyes of the white crane, and there was also a trace of humanized awe.

Ye Fan was not surprised.

During the years in the Wild Continent, he encountered too many alien species and fierce beasts, especially the Abyss of Sin. Some fierce beasts can fight against the master, and he is very troublesome.

But Ye Fan has a unique skill, that is, Shaking Roar.

Long Yin has a natural suppressive effect on fierce beasts and alien species.

At first, Ye Fan was very surprised, thinking that since the Dragon Yin that can make the alien beast fearful, it must have been seen by them.

Is there really a dragon?

Later, Ye Fan figured out why so many different kinds of beasts exist, why can't dragons exist.

Of course, the "dragon" in mythology that calls the wind and calls the rain and is like a god, certainly does not exist.

Although in awe, but not tame.

The sky white crane screamed and launched a fierce attack. His claws were extremely sharp and tenacious, and his qi was constantly slashing.

Ye Fan wouldn't hurt the white crane, so he played in the air.

After a few minutes.

The sky white crane fell down.

It served.

The white-clothed young man in front of him has always been merciful. If he attacks with all his strength, he can kill himself with a slap.

Alien species and fierce beasts are higher than wild beasts.

Although it is far less intelligent than humans, it is stronger than monkeys and other primates; in addition, the gate of the beast can be trained to allow birds and beasts to more accurately understand human intentions.

Even if the sky cranes have not been trained, they can understand some simple human intentions even if they have been exposed to them for these years.

"Huh."

There was a cry.

This time, there was no murderousness and hostility, but full of goodwill.

"Hahaha."

Ye Fan was overjoyed, Bai He lowered his head, he gently stroked his forehead, and smiled: "Well, you will be my pet. From now on, you will stay with me and name you Xiaocang. "

The white crane flapped its wings and rose into the sky, hovering and crying in the sky, seeming to be very happy.

"Sect Master Wu, thank you so much."

"Where and where."

"The white crane in the sky is one of the guardian beasts at the gate of the beast control. I won't take it for nothing. I will give you two middle-grade martial arts."

Uhada was taken aback, then ecstatic: "Mr. Ye is sure?"

"I disdain to lie."

Ye Fan waved.

Xing Tian understood and shouted: "Wu Min, come here, let's go to the study, I will copy the martial arts for you."

Wu Min followed Xing Tian.

Suddenly, Bai Zhan touched his nose, and said embarrassingly: "Um, Sect Master Wu, I will give you another middle-grade martial arts skill. You will give me a pet."

"what?"

"Don't worry, it's not a fiery lion, and you won't want you to guard the beast. And a rabbit, on the way back, there is not a big and fat rabbit. You want to take it."

Uhada laughed, and suddenly realized: "I see, it's the fat-headed rabbit. That's a for nothing, it's not a different species or a beast, but it's much bigger than the rabbits in the secular world. It's; and the picky eaters are very picky. If you don't give it, you will make trouble. One day I almost burned my treasure chest."

Luo Hong's eyes lit up.

Ye Fan curiously asked, "Really, the rabbit is so good?"

Uhada sighed: "It's not easy, the rabbit is a troublemaker, very clever. Mr. Bai likes it, just take it away, I'm too happy, I don't want your martial arts."

"Haha, then it's better for me to respect my fate."

Bai Zhan left like a gust of wind.

After a while, he came back with the big rabbit and shouted: "A Hong, give it to you."

"My Nima!"

Xing Tian just came back, seeing this scene, was furious.

"You bastard, you're actually showing great courtesy to A Hong behind my back. Sovereign Wu, I will give you a high-grade martial skill, and give me the fiery lion, and I will give it to sister A Hong as a mount."

Uhada sweated profusely and looked at Ye Fan as if asking for help.

"Okay, okay, don't make it difficult for Sect Master Wu." Ye Fan said, looking at Limo, "Sect Master Li, I love pets, I have to run in with it, and I won't talk to you for the time being. Wait for another day, I will visit Li Shenzong, and we will talk about it when the time comes."

"Okay, I am waiting for you."

Li Mo was also very angry and nodded solemnly.

Ye Fan hugged his fists, "Sect Master Wu, Sect Master Li, Sect Master Wu, then don't pass it this way."

"call."

Ye Fan rolled up the Xingtian three and landed on the back of the sky white crane.

Xiao Cang soared into the sky and flew to the sky.

Uhada envied: "Soaring in the sky, free and easy, this is the pursuit of martial arts. It's a pity, why can't I tame the sky crane."

Wu Shentong's eyes flickered, also a little envious.

As far as he knows, the white cranes controlling the beast gate are a pair...

Uhada had a premonition that his scalp was numb, and he quickly said, "Hallmaster Wu, Sect Master Li, can't let you go for nothing. I will give you a silver fox as a pet."

Wu Shentong and Li Mo looked at each other and smiled: "No need, don't pass it."

Uhada breathed a sigh of relief watching the two leave by the fighter plane.

Riding the wind to impede the beasts, dashing and happy heart.

Sitting on Xiaocang's back and traveling among the white clouds, Ye Fan was relaxed and comfortable, and his heart was relaxed and happy. This is definitely not what he can compare to dragging Yukong with his qi.

Ye Fan experienced the artistic conception of happiness for the first time.

Behind.

Xingtian three researchers big fat rabbit.

"Why isn't this guy afraid of people at all, he's still eating, he's still eating Ganoderma lucidum, where he stole it."

"This rabbit won't only eat the treasure of the thousand-year-old Ganoderma lucidum, then we can't afford it. Lao Bai, you have brought a headache to our Tianzun Hall. If you made a mistake, I will be the main sanction of the Vice Hall. you."

"Fuck off!"

Bai Zhan snorted coldly, and then grinned: "Look, A Hong, this rabbit is big and white, so beautiful."

Xing Tian nodded, then raised his brows, and muttered: "How come I hear something wrong with you..."

Chapter 405: There is still power to deal with Ye Fan!

Although Luo Hong is the female Hades commanding one hundred thousand ghost generals, she is a girl after all, with a girlish heart, and she loves the big fat rabbit.

As a result, Bai Zhan's position in Luo Hong's heart was improved.

This makes the penalty weather not light.

Inside the Tianzun Hall, among the core leaders, there are only two women, one is Luo Hong and the other is Michelle, the head of the desert island education base.

In terms of appearance and body, Michelle is better than Luo Hong.

Michel was once a fanatical suitor of Ye Fan, although she later learned that she could not be Ye Fan's woman, so she retreated and became Ye Fan's subordinate; but Min Dong, Xing Tian and others did not dare to hook up.

At the same time, they didn't spend much time with Michelle.

Luo Hong is different.

The three major war clubs live and die together, and Bai Zhan, Jiang Long, even Xing Tian, Min Dong, etc. are all interesting to Luo Hong.

Secretly, a few guys are still fighting.

Ye Fan didn't care.

He himself is ignorant of matters related to relationships, and he is not qualified to care about the emotional entanglements between them.

Xiaocang's physical strength is limited.

Besides, with four people on board, plus a big fat rabbit, he was tired after flying for two hours and needed to rest and replenish his stamina.

In the mountains and forests, Ye Fan picked some precious herbs, and Xing Tian and Bai Zhan beat a lot of prey.

Ye Fan squeezed the herbs into juice and blended them into the meat for roasting. The fragrance of the medicine was compelling, and he had thoughts about rejuvenating his strength.

Both Xiao Cang and Big Fat Rabbit had their eyes straight.

At Yu Beast Gate, there is no such delicious thing to be late.

Especially the big fat rabbit, threw away the thousand-year-old Ganoderma lucidum in his hand, grabbed the thigh meat all the time, and chewed it up.

"Fuck!"

Xing Tian shouted: "How can this stuff eat meat?"

Luo Hong was also dumbfounded.

The corners of Bai Zhan's mouth twitched: "Is this a rabbit? A Hong, let me throw it away and stay by your side. I'm worried."

"Jiji."

The Big Fat Rabbit seemed to understand Bai Zhan's words, jumped into Luo Hong's arms, his big ears swayed, and his big eyes flickered, seeming to beg Luo Hong not to abandon it.

"so cute."

The girl Luo Hong burst into her heart and said, "What's wrong with eating meat, eat more, and if you raise it fatter and bigger, you can sleep in your arms at night."

This made Bai Zhan and Xing Tian envy for a while.

Ye Fan checked Xiaocang's body and asked, "Zhongzhou is already fine. The Wild Continent can't be empty for too long. It's not good if something goes wrong. Tomorrow, A Hong and Lao Bai, you will bring the Yan Wang Zhan Bu and Let's return to the Wild Continent."

"Where is the Dragon King Battle Club?"

"stay."

The three looked at each other and asked, "Boss, what else do you have to do?"

Ye Fan said: "No matter how strong I am, no one can shock the sect, the Xiao royal family, and the major clan forces in the capital. We need men and horses. Xiaolong is still undercover from the Xiao royal family. I can work with the Xiao royal family at any time. Zhongzhou is better."

Bai Zhan and Luo Hong understood.

Speaking of Jiang Long, Ye Fan was very worried and sighed: "Xiaolong has not been informed. I don't say anything, but it is always something in my heart. At the beginning, I asked him to act as an undercover agent. If something goes wrong, it will be me. Xiaolong."

Xing Tian comforted: "Don't say that, Xiaolong is clever and will not have trouble; besides, he is the most talented person with the most martial arts skills. Even if it is exposed, as long as the Xiao royal family does not use guns and ammunition, then he will not stay. Live in Xiaolong. Xiao Changkong chases and kills, Xiaolong is also likely to escape."

Ye Fan thoughtfully.

Among a group of backbones, the most talented person is Jianglong and Qiongqi among the four evil kings.

However, Qiongqi embarked on the path of perfect body refining and was not too keen on martial arts.

Therefore, Jianglong is the one who practiced martial arts the most.

For the nine-day stunt, Xing Tian has practiced three kinds, Jianglong has already practiced five kinds, I don't know if the sixth kind is now.

In the mountains, it was really not easy for Xiao Changkong to kill Jianglong.

"I hope it's all right."

Ye Fan sighed.

Luo Hong sent an order to Yan Guang and asked Yan Guang to arrange the mission of Yan Wang and Tian Wang to leave Daxia.

Jiang Long is not there, and the Dragon King's battle department is temporarily led by the deputy commander Long Teng.

Rested for an hour.

Ye Fan did some treatment for Xiaocang.

Although in the past few years, he has been living in virgin forests, and it is inevitable to leave behind dark diseases.

Ye Fan needs a healthy pet companion.

After receiving Ye Fan's initial treatment, Xiaocang felt refreshed and could not help himself. His loyalty to Ye Fan increased again.

Back to Tianzun Mansion.

Long Teng has already rushed back first.

"Tianzun."

"Yeah." Ye Fan replied, and then ordered: "You will be in charge of the Dragon King Battle Department for the time being. You don't have to be in the wild to arrange for the brothers to live in the capital. In terms of funding, Xingtian will give it. For many years, you have been fighting in all directions. It is also time to eat and drink. Have fun, enjoy, enjoy."

Long Teng smiled and said, "Thank you Tianzun."

"Go, and come back to me after finishing the work. Lao Xing is the person in charge of the headquarters of Tianzun Hall Daxia, many of which need to be dealt with, and there is no time to stay with me. You will be with me in the future."

Puff through.

Long Teng knelt down, speechless with excitement.

For the children of Tianzun Temple, it is a great honor to follow Ye Fan.

"carry on."

"Yes!"

After Long Teng left, Xing Tian also went to deal with affairs.

Luo Hong and Bai Zhan decided to stay for two days before returning to the Wild Continent.

"By the way, boss, you said that Uhada has a piece of sheepskin in his hand. If you get it, you can overlap with your own two pieces to find the treasure. Why, I didn't mention it with Uhada."

"Yeah, Uhada dare not refuse to give you what you said."

All three of them were prepared to raise this question along the way.

Finally couldn't help it.

Ye Fan said: "I didn't expect Uhada to bring the martial arts power and power magic. The sheepskin scroll was once contested by the martial arts world and the capital family, which set off a **** storm. It must be related to the big secret."

"So, the less people know, the better."

"Don't worry, when my trip to the Hundred Thousand Mountains is over, I will find Uhada again and talk quietly."

Ye Fan's heart is as bright as a mirror.

Arrange things properly.

Subsequently.

He went to the underground secret room and looked at Meng Qingyin.

Sitting around the ice coffin, Ye Fan took out the Rank Nine Golden Core.

This kind of magical medicine shattered his cognition and was far better than his medical skills.

Ye Fan wanted to study the Ninth Rank Golden Core.

If he can crack the Rank Nine Golden Core, the energy will be continuously created, and the result will be that he can cultivate countless terrifying evil soldiers.

What a sight that should be!

...

That night.

The martial arts world and the upper-class society in the capital have been waiting for news about the gate of the beast.

Knowing that Ye Fan did not friction with Yu Beast Gate, but only visited, the major sects of the martial arts world were relieved.

But some wealthy second-generation people who were afraid of keeping the world intact were very disappointed. They felt that Ye Fan was a little bit embarrassed and should be upset, that would be fun.

On a road in the capital, a jeep was speeding.

In the car.

Xiao Shending lost his soul.

In the morning, learning that Ye Fan had left the capital, he brought his troops and purchased artillery fire to attack Ye Fan and avenge him.

However, he learned that Ye Fan had destroyed the Acacia Sect.

This can confuse Xiao Shending, unbelievable.

Back to the capital from the outside, Xiao Shending didn't say a word along the way.

Jiang Long secretly cheered.

Dianzhong comforted: "Master, we have arrived at our residence, get off the car. It's not early, so you can eat something and take a good rest."

"why!"

Xiao Shending snarled, his eyes cracked.

"Why does Ye Fan have so many people? How can Daxia allow him to have so many people?"

"What identity does Ye Fan have?"

"It stands to reason that he didn't even know that he was the bloodline of the Ye Royal Family. It is impossible to rely on the Ye Royal Family's power, and the Ye Royal Family does not have the energy to allow him to control hundreds of thousands of soldiers!"

"Ye Fan must have other unknown identities!"

"check!"

Xiao Shending yelled: "Notify the family, investigate Ye Fan again, and reveal Ye Fan's incomparable details. I won't admit defeat like this, Ye Fan, I have a way to deal with you."

Jianglong's heartstrings trembled while driving.

Just listen to Xiao Shending's command: "Don't go back to the residence, let's go to the Huangfu family."

Chapter 406: Big summer

The central capital is large enough.

Eighteen districts, each district is equivalent to a small city.

You can imagine how vast the capital is.

However, in addition to the eighteen districts, in the center, there is a huge area of three hundred miles in all directions.

Zhongzhou is the core of Daxia.

The capital city is the core of Zhongzhou.

Then this central area is the core of the capital, not in the urban area, and the level is much higher than the urban area. It is called the Tiandu.

Tiandu is the center of everything in Daxia.

Eight first-tier families such as Yan family and Huo family, many second-tier families, countless third-tier families, high-level consortia, intermediate consortia, etc., are all located in the Shibacheng District outside of Tiandu.

If Shibacheng District is an economic area, then Tiandu is the power center of Daxia.

Daxia Dragon Pavilion, Daxia War Headquarters, Tiangong Division, Tiannong Division, Tianyi Division and other institutions are all located in Tiandu.

the difference is.

Tiandu is not as modern and bustling as the Shibacheng District.

on the contrary.

Tiandu retains the ancient buildings under consideration.

There are very few cars on the street. Walking on the street, you can feel the breath of vicissitudes and truly appreciate the vigorous heritage of a five-thousand-year civilization.

The sky is peaceful.

The wealthy families outside gave them a hundred courage, and they didn't dare to enter the sky and make trouble.

There are four gates in the square, east, west, south and north.

at this time.

At the east gate, a jeep appeared.

"Stop."

A warrior with two stars on his shoulder strode forward, his expression majestic, and said solemnly:
"Show your pass."

"The Order of the Xiao Royal Family."

Xiao Shending was involved in a royal identity token.

The general nodded and said, "Master Xiao, according to the rules, vehicles need to be checked routinely."

Several soldiers quickly scanned the jeep.

No prohibited items such as gunfire were found, and then the war fighter said: "Please come in."

Rumbling.

The jeep drove into the east gate.

Speeding slowly on the quiet street, not long before listening to the door of an old house.

Above the gate of the house, the plaque is inlaid with a golden border, and two ancient italics characters with flying dragons and phoenixes:

Huangfu.

Dianzhong's eyes were full of awe, and he asked, "Master, would you invite the ancient Huangfu clan to deal with Ye Fan? The Huangfu family and Ye Fan have no grievances and no grudges, I'm afraid it won't work."

Xiao Shending said: "Don't forget, what is in Ye Fan's hands."

Dianzhong frowned and said, "You mean, that sheepskin roll?"

"good."

Xiao Shending's face was gloomy, and he gritted his teeth and said: "After two months of thinking behind closed doors in the ancestral land, I figured everything out. I underestimated Ye Fan. Changning went up and down, I'm afraid Ye Fan would have been controlled by Ye Fan. Everything about me in Changning Ye Fan knew everything about the trend, so I was disappointed many times."

"Dayan Mountain excavated the treasure house of the Xiao family in Changning, and the organ box was robbed. Ye Fan must have done it, and the sheepskin was rolled in his hands."

"The secret of the sheepskin scroll relationship is very interesting to the Huangfu family. I believe that the Huangfu family will know Zhao Yefan. Besides, don't forget the relationship between the Leng family and the Huangfu family."

Jiang Long listened secretly.

How did he know the involvement of these ancient tribes and aristocratic families, he needs to remember, find an opportunity to report to Ye Fan, and let Ye Fan be cautious.

"I heard that Leng Qianxuan is the illegitimate child of Leng Qisheng and a young lady from Huangfu's family. Is this true?"

"of course it's true."

Xiao Shending whispered.

"As far as I know, Leng Qisheng was in love with the third lady of Huangfu's family back then. However, according to the central government's rules, the ancients and the aristocratic family forbid marriage, Leng Qisheng and the third lady cannot get married, and once discovered, the central government will severely impose sanctions. "

"Even so, the third young lady secretly broke Leng Qisheng's child and gave birth to his name Leng Qianxuan. That's why, Leng Qianxuan is Leng Qisheng's favorite son, and was made the elder son."

"Leng Qianxuan was killed by Ye Fan. The third Miss Huangfu must hate it. However, she can't show it, or exposure will cause an uproar. The third Miss Zhengxuan has no excuse to deal with Ye Fan. I give her the reason for selling."

Xiao Shending laughed, "Let's go, see Miss San, Huangfu Dazzling."

As a child of the royal family, it is easy to enter the ancient family.

soon.

Xiao Shending saw Huangfu Xuancai.

A woman who is nearly fifty years old, but she is very well maintained and has no wrinkles on her face, just like a woman in her thirties.

Huangfu's dazzling charm is still there, beautiful and moving, wearing simple pajamas, looming, making Xiao Shending throbbed, and cursing is really a shameless hoof, no wonder he got together with Leng Qisheng back then.

"It's so late, the third master came to see me, what's the so-called? I was seen by outsiders and thought we had some shameful relationship."

Huangfu Colorful joked.

Old and dishonest.

Xiao Shending cursed secretly, but smiled on his lips: "It's been a long time since I saw Aunt Xuancai, how can I feel beautiful again. I am a young man, I can't hold it anymore."

Huangfu Xuancai smiled, and then hummed: "Okay, don't be mean, just talk about it."

"Auntie, I am looking for you to join hands with you to deal with Ye Fan, to be precise, to kill this bastard."

"Ye Fan!"

Sure enough, when these two words were mentioned, Huangfu Xuancai's eyes flashed murderously.

However, Huangfu Xuancai is not a simple generation, and asked suspiciously: "Ye Fan, I have heard that the guy who has been in the limelight recently, he has no grievances with me, why should I kill him."

"Auntie, Ye Fan killed your son, don't you want to take revenge?"

"boom!"

In an instant.

A sharp aura erupted from Huangfu Xuancai's body, oppressing Xiao Shending out of breath.

Dianzhong was tight.

Jiang Long was extremely shocked.

Huangfu Xuancai's momentum is more terrifying than ordinary masters, this woman is actually a powerful martial arts master!

"Auntie calm down and listen to me slowly."

Xiao Shending shouted.

In an instant, the pressure disappeared, Huangfu Xuancai's face was cold, and he said vigilantly: "Do you know that Qianxuan is my son? Where did you learn this secret?"

"Auntie, there is no impermeable wall in the world, you know the energy of my Xiao family."

Xiao Shending said: "Auntie, I know you want to kill Ye Fan, but there is no excuse. Therefore, I came to you specially."

"Say!"

"There is a piece of the sheepskin roll that your Huangfu family wants in Ye Fan's hand."

Huangfu Xuancai was surprised again, and looked at Xiao Shending suspiciously.

"It's true, I originally got it, but Ye Fan snatched it from me."

"Interesting." Huangfu Xuancai sneered, "This Ye Fan is quite capable. I heard that it is the blood of the Ye royal family, but an abandoned son."

"It is indeed an abandoned son, but Ye Fan's identity is also kept secret by the Ye Royal Family. It seems a bit unusual. I know only a little bit."

Xiao Shending said, weirdly asked: "Auntie, you are not afraid of Royal Family Ye."

"afraid?"

Huangfu Xuancai disdain.

"How many years have your seven great royal families been established, and how can their backgrounds compare to the four great ancient clans."

"In the heyday of the Ye royal family, my Huangfu family was not afraid, not to mention the decline now, and it will soon fall apart."

"Ye Fan killed my son, this hatred must be avenged. Parchment, haha, this is indeed a good reason."

"Little third son, auntie thank you very much this time."

Xiao Shending asked, "Auntie, what are you going to do? Let's join hands."

Huangfu dazzled with a smile: "Little guy, you are so little strength, auntie can't look down on it. I don't need to join hands with you, I can solve Ye Fan."

"Azhu, see off the guests."

Huangfu Xuancai got up and went back to the room, and the close-knit maid came: "Master Xiao, please go back."

Xiao Shending was helpless.

After leaving Huangfu's house, he took a sip, cursing.

"Master, what's the situation in Huangfu's family, so awesome?" Jiang Long asked suspiciously.

"Get in the car and talk."

Chapter 407: Brothers finally meet

The jeep drove slowly on the streets of Tiandu.

This time I changed to Dianzhong to drive.

Xiao Shending explained to Jiang Long: "As we all know, the four major super families in Beijing and the eight first-line families. The eight major first-line families can still find some information on the Internet, but the four major super families can't find it."

"These four super families, or the four ancient clans."

"Ancient?"

"Yes, the inheritance of these four major families is very old, as long as the sect inheritance. This is one of the ancient meanings, and they are also called the Guwu family."

Jiang Long listened quietly.

Xiao Shending continued: "The ancient martial arts family, as the name suggests, is a martial arts family, and the children of the family practice martial arts. It is equivalent to the sect power."

"The history of the four ancient tribes is even longer than that of the sect. Except for the top ten sects, the other sects are not rivals of the four ancient tribes at all."

"Just now you saw that Huangfu Xuancai is only the third young lady of the previous generation of the Huangfu family, but it is still the master's cultivation base."

"The contemporary family of Huangfu's family is a sage, who paints a holy Huangfu."

"The other three ancient tribes all have saints with superb status and direct contact with the monarch."

"Most of the children of the four ancient tribes entered the Great Xia Warfare to fight for the country, and rarely walked around in the dunya. Or they were stationed in the frontier. It is precisely because they have contributed too much to the country that they can settle in Tiandu and surpass other families. On par with the royal family, in terms of strength, it is a bit higher than the royal family."

"Huangfu Xuancai is a ruthless person. She wants to make a move, so Ye Fan definitely has no hope of living. Sooner or later it will be beheaded."

Xiao Shending grinned, "Little Dragon, give me a task, stare at Ye Fan, and report to me at any time."

"Yes!"

Jiang Long clasped his fists and was overjoyed.

Finally had the opportunity to contact Ye Fan.

...

In a blink of an eye, daybreak.

In the secret room of Tianzun Mansion, Ye Fan stretched.

"It's a miracle medicine."

Ye Fan sighed.

After studying for so long, there is no clue, but it is not without any gain.

For example, Ye Fan analyzed one or two medicinal materials for making Nine-turn Golden Pill, which was a big gain.

"Didi."

Suddenly, Ye Fan's phone vibrated.

It is a message from an unfamiliar number, with only one word:

Dragon!

Ye Fan was ecstatic.

He left the secret room and quickly rushed out of Tianzun Mansion, but no one was seen.

"Long Teng."

Ye Fan shouted.

Long Teng flashed over, and Ye Fan asked, "Is there any place with the word "Dragon" near here."

"Let me check."

For thirty seconds, Long Teng said: "Boss, there is a teahouse called Longmen Inn nearest to us."

Ye Fan drove away in a jeep without saying a word.

A "dragon" is definitely not just Jianglong's identification, it must be accompanied by location information.

As for why he didn't write a few more words, this was obviously because Jiang Long was worried that he would be found by the Xiao royal family in order to protect himself.

Even if the Xiao royal family discovered a dragon character, they couldn't guess anything.

Just as Ye Fan drove away in the jeep, the bedroom balcony on the third floor of Tianzun Mansion was shining brightly in the eyes of the big fat rabbit.

Glancing at Luo Hong who was resting on the bed, the big fat rabbit quietly left the bedroom and came to the basement secret room.

The door of the secret room is not closed.

The big fat rabbit rushed in and saw the golden grade 9 golden core at a glance. The little paw played with it for a while, and then he swallowed the golden core with a "grunt"...

Dragon Inn.

Ye Fan wrapped in a trench coat and walked in with sunglasses.

at the same time.

A burly man got upstairs.

That is Jianglong impressively.

In a secret box on the second floor, the two finally met frankly.

"Brother Fan."

"Little dragon."

The two hugged each other.

Ye Fan looked up and down Jiang Long carefully, and smiled: "It's fine, I feel you are stronger. It seems that I have gained some benefits from the Xiao family."

Jiang Long smiled and said: "I have passed some postgraduate entrance examinations and successfully gained trust. I have been nurtured by the Xiao royal family, and my strength has improved a bit."

"Why haven't contacted me for so long, I thought you had an accident."

"Don't mention it, there is no chance at all." Jiang Long smiled bitterly, pulling Ye Fan to sit down, and pushing the cup to change.

After drinking for three rounds, Jiang Long got upright and said, "Brother Fan, we can't be in contact for too long. I will tell you what I have seen and heard during this time as soon as possible..."

"First of all, the Xiao family..."

Jiang Long said it quickly, a lot, and in detail.

Ye Fan knew a lot.

For example, where is the ancestral land of the Xiao family, some members of the family, some of the strength of the family...

Although they all showed the situation, they were very useful to Ye Fan. The address of the ancestral land of the Xiao clan alone allowed Ye Fan to seize the lifeblood.

Ye Fan really didn't mind to take the three major wars and kill him in the end.

Subsequently.

Jiang Long talked about the four ancient tribes and Huangfu Xuancai's third lady, Huangfu Xuancai, who wanted to deal with Ye Fan.

"Four ancient clans, Huangfu's house, tusk, the water in Daxia is really deep. Zongmen, royal clans, ancient clans..."

Ye Fan was not afraid, but looked forward to colliding with the ancients.

The reason why Tianzun Temple has become the world's largest free force is because everyone is fearless and moves forward courageously.

In the Wild Continent, Ye Fan drove one person into a big tribe, daring to enter the abyss of evil.

A mere Huangfu dazzling, can it be more terrifying than the abyss of evil!

But open spears are easy to hide and dark arrows are hard to defend.

Ye Fan will not despise it.

"Brother Fan, this is probably the case, let's not touch too much to avoid exposure."

"Well, you must be careful, safety comes first."

"clear."

Ye Fan quietly left Longmen Inn.

Back at Tianzun Mansion, he told Bai Zhan and Luo Hong about the meeting with Jiang Long.

The two were also relieved.

"Um?"

Ye Fan came to the secret room and found something was wrong.

"Nine-turned Golden Core!"

"Oops!"

Ye Fan's face darkened, he rushed out and shouted, "Long Teng, come over to me."

"Boss, what's your order."

"Who has been in the secret room?"

Long Teng looked blank, "Boss, who would dare to enter the secret room without your order. Or, would you like to ask Miss Yue Linglong?"

Timely.

Yue Linglong walked down holding Tang Ying, pursing her red lips and said: "What's wrong, what's wrong with me!"

"The Nineth Rank Golden Pill is gone."

"what!"

Tang Ying was slightly startled, and instinctively looked at Yue Linglong.

Ye Fan stared at her fiercely.

Yue Linglong regards Meng Qingyin as a thorn in her eyes, and it is very likely that she will take away the Nine Turns Golden Core, which will make it impossible to save Meng Qingyin.

Seeing her family doubting herself, Yue Linglong said angrily: "Ye Fan, what do you think of me. Even if I don't like Meng Qingyin, I will fight her upright, and won't use such indiscriminate methods."

"Forehead."

Ye Fan calmed down, thinking that Yue Linglong was wrong, she wouldn't be so stupid.

"Sorry, I was a little impulsive."

"Go away!"

Yue Linglong pushed Ye Fan away and walked out angrily.

Tang Ying said, "I'll go take a look."

After the two women left, Long Teng said: "Boss, there are really no outsiders coming to Tianzun Mansion. Even if someone takes them, they are still in Tianzun Mansion. Boss, my identity is not easy to search. You can ask."

At present, there are only a few people living in Tianzun Mansion except him.

Tang Ying, Yue Linglong, Luo Hong and Bai Zhan, and Long Teng.

Longteng is impossible.

Tang Ying and Yue Linglong were also excluded.

Bai Zhan and Luo Hong...It's even more impossible, they don't know how to move their own things, and there is no reason to take the Rank Nine Golden Core.

What's going on?

The Rank Nine Golden Pill is alive, has wings and flew?

Ye Fan was puzzled.

Suddenly.

An electric light flashed in his mind, turned around, and came to the door of Luo Hong's bedroom.

"Little Red."

A few seconds later, Luo Hong opened the door, "Brother Fan, what's the matter?"

"Where is the big fat rabbit?"

Luo Hong knocked back and said frowning: "Your question is really true, where is my rabbit? When I was sleeping, I was still in the room, did I ran out to play by myself."

"Oops!"

Ye Fan's face changed drastically.

He hurriedly went downstairs and told Ao: "Hurry up, send out all the brothers, Tianzun Mansion and a radius of thirty miles, look for the rabbit, and find the big fat rabbit as quickly as possible."

Long Teng was stunned for a few seconds.

Then ran out to pass the order.

Not long after, thousands of people searched for the big rabbit in Tianzun Mansion and the surrounding area.

And at the moment.

The big fat rabbit was sleeping in a hidden corner of Tianzun's mansion.

Its hair was brighter than before, it became silvery white, and its body seemed to have grown a little bit.

Chapter 408: Dead rabbit!

after an hour.

Ye Fan, Long Teng and others gritted their teeth while looking at the sleeping rabbit in the corner.

Luo Hong hurriedly picked up the big fat rabbit and found that he was still asleep, still harp in his mouth.

"The white rabbit has grown up."

Yue Linglong said in surprise.

Ye Fan's face was full of black lines, and the worst happened.

This dead rabbit ate the Nine Turns Golden Core.

Luo Hong watched Ye Fan's face twitch, knocked the big fat rabbit on the head, but couldn't wake up.

"Let me see."

Ye Fan stretched out his hand.

Luo Hong said vigilantly: "Brother Fan, I have already eaten it, and it's useless to stew this guy. Let's think about other ways to treat Miss Meng."

"White cut."

"Here, why are you calling me?"

"You come out."

Ye Fan calmly walked out of Tianzun Mansion.

Bai Zhan followed behind inexplicably, not knowing what was going on, but he had a bad premonition.

When he came to the grass, he cautiously asked: "Boss, what are you doing?"

"beat you!"

Ye Fan's words fell, and Bai beheaded and flew away.

"Ouch."

Bai Zhan cried out in pain.

He jumped up and yelled: "It has something to do with me. What are you doing when you hit me? I have to fight back."

"I also said that it has nothing to do with you. If it weren't for your courtesy, the dead rabbit could come to Tianzun Mansion? Will the Ninth Rank Golden Core be swallowed by it?"

"Boom!"

Bai Zhan was beaten up again.

"Can you blame me, it's that you don't close the secret room well, and I don't have a scapegoat."

"Grass!"

Ye Fan was violently beaten.

Although Bai Zhan retaliated, but Ye Fan's opponent was scrambling.

"Little Cang."

Ye Fan shouted.

The sky white crane galloped over, Ye Fan **** Bai Zhan, let Xiaocang bite the other end of the rope.

"Go, take him for a drive."

"call."

The sky white crane soared into the sky, carrying Bai Zhan into the air.

all of a sudden.

It is a kilometer high in the sky.

"Fuck!"

"Let me down, mother, fuck, fuck..."

Bai Zhan yelled in fright.

Brother Long Teng and others saw his scalp numb.

When the Rank Nine Golden Pill was eaten, Luo Hong blamed himself, and Yue Linglong was secretly delighted, showing affection for the big fat rabbit.

"Brother Fan, don't worry, there must be other ways."

Luo Hong comforted.

Ye Fan sighed, "Perhaps, this is fate. This rabbit swallowed the Rank Nine Golden Core, but didn't explode and died. Instead, he fell asleep, with changes in his hair, body shape, and physical fitness, which is extraordinary."

"Its body is very hot."

Luo Hong said, "It's just a small fireball."

Ye Fan touched, took the big fat rabbit, checked its body on the spot, and found a pure and violent energy rushing across the big fat rabbit.

This energy is very violent.

Ye Fan felt that even if he swallowed the Rank Nine Golden Core, he would have to peel off a layer of skin if he could carry it.

But this big fat rabbit didn't have any pain, but fell asleep.

"not simple."

Ye Fan smiled and said, "This rabbit may be a rarer species than Xiaocang. It can swallow the Rank Nine Golden Core, that's its good fortune."

"Anyway, it's still a long time, and I will definitely find other ways to treat Qingyin. Perhaps, this time to the hundred thousand mountains, there is a way to pass the medical path to the Dongfu."

"This rabbit, raise it well."

Ye Fan had no choice but to forgive.

Is it possible to stew this big fat rabbit?

That doesn't help.

"You stay in Tianzun Mansion for a few more days. When the dead rabbit wakes up, there is no problem. You can return to the Wild Continent again."

"Row."

Luo Hong was very happy. He didn't expect to pick up a baby pet, and the brilliance of maternal love instantly rose.

For several days, the big fat rabbit was sleeping.

Every day, his hair becomes brighter and the temperature in his body drops by one, indicating that his energy is being laughed at by it.

The third day.

The big fat rabbit finally woke up.

I thought there was a special change, but I didn't expect to eat when I woke up. I only knew how to eat, which was dumb.

this day.

Ye Fan sent away Luo Hong and Bai Zhan.

Also on this day, Yan Zhenqing, the head of the Yan family, and Yan Ruyu and his daughter arrived.

Tomorrow is the day to go to Shiwan Dashan.

"Mr. Ye, I was thinking of waiting for you at Qianjiazhai in Youzhou, but it changed a little temporarily."

"Tell me."

"As far as I know, the Huang family has reached an agreement with the four Chinese medicine practitioners and formed an alliance, and the Mujia has also formed an alliance with the four Chinese medicine doctors."

Yan Zhenqing's face was extremely serious.

"For physical reasons, Cikang Chinese Medicine will not go to Shiwan Dashan, but will send a confidant to participate with a key. At the moment, that person cannot be contacted, which means that my Yan family is weak now."

"Mr. Ye, my Yan family sincerely hope you can join." Yan Ruyu said earnestly, "For this, we are willing to tell some secrets."

Ye Fan smiled and said, "That's right, sincerity is the only way to cooperate."

Yan Zhenqing said: "The twelve secret rooms are in the hands of my Yan family, Huang family, Mu family, and the nine national doctors. Everyone wants to open the inheritance cave, but the Huang family has always been a troublemaker, and there is a Chinese doctor named Song Cicada."

"Huang Family, Song Chanzi."

Ye Fan muttered.

Yan Zhenqing continued: "To be honest, we don't know why. Maybe only the Huang family and Song Chanzi understand."

"Now, Song Chanzi and the Mu family are allied; the Huang family is allied with four other Chinese doctors. I suspect that the Huang family and Song Chanzi have not negotiated on a certain issue, and they are opposed to each other, so they decided to open the inheritance Dongfu."

"In short, all secrets will be revealed in a hundred thousand mountains. Mr. Ye, this is what I know."

Ye Fan thought for a moment and nodded: "I can join the Yan family camp, but I need the Yan family to do something for me."

"Speaking."

"Look for a treasure that can replenish vitality."

Yan Ruyu's eyes flickered and said, "Mr. Ye is to save Ms. Meng Qingyin. Don't worry, our Yan family has agreed."

"Not casually, but really do it for me." Ye Fan's eyes were deep and meaningful, and said: "You Yan family is a family of three major Chinese medicine practitioners. There should be precious treasures in the treasure house."

"this....."

The father and daughter looked at each other.

A few seconds later, Yan Zhenqing seemed to have made a decision, and solemnly said: "My Yan family treasured a turtle king egg. It was once obtained in an ancient ruin. It can be given to Mr. Ye. I hope that Mr. Ye will be worth 100,000 yuan. Da Shan, can protect my Yan family with all his strength."

Turtle King Egg?

Ye Fan was very curious and smiled: "Since the Yan family is so generous, someone from Ye will naturally help me out."

"Well, tomorrow at 8 o'clock, we will meet at Jiangbei Airport and go to Youzhou together."

Yan Zhenqing got up, suddenly Yan Ruyu winked.

He remembered something.

Turning around and asked:

"Mr. Ye, I heard from Xiaoyu before that you know our Yan family's Taiyi needle method, and it's more subtle than our Yan family's."

"Just asked, where did you learn the Taiyi Needle Method?"

A few days ago, Yan Ruyu went home and said this, but Yan Zhenqing still didn't believe it; afterwards, Ye Fan became unfathomable, and Yan Zhenqing was a little shaken.

Today, I finally asked the doubts in my heart.

The Taiyi Acupuncture Method is the foundation of the Yan family. If it is spread, it will be a huge blow to the Yan family.

Ye Fan hummed: "Is it only allowed for your Yan family to know it? Taiyi Needle Method is not a clever medical technique. The Yan family hasn't learned everything, and there are some defects and flaws."

Seeing the shock on the faces of Yan Zhenqing's father and daughter, Ye Fan raised expectations and said: "If you let me go to the Yan family treasure house to pick a few treasures, I can pass on the complete Taiyi Needle Method to you."

"what!"

Yan Zhenqing was alarmed.

As Ye Fan said, in the long years of inheritance, the Yan family's Taiyi needle method has suffered losses and has some flaws.

Once completed, the Yan family's medical skills will improve a lot, and can suppress the Mu family and the Huang family.

Ye Fan can go to the family treasury to pick a baby...

That's the inside story of the Yan family.

If Ye Fan picked the treasure of the town clan, would he give it or not?

"I'm trying to help Qingyin with all my heart. The baby I selected must also belong to the treasure medicine. I won't want your town clan's treasure. I, Ye, is not that cheeky."

"really?"

"It's hard to chase after a word."

Yan Zhenqing laughed: "Mr. Ye, let's just talk about it. When the trip to the 100,000 Great Mountains is over, you will come to my Yan's house and sit down."

After sending away the father and daughter, Ye Fan made some preparations.

Tang Ying and Yue Linglong stayed in Tianzun Mansion, while Long Teng was going to visit them.

Because Cikang's key is in Ye Fan's hand.

And Ye Fan wanted to be an outsider and see how things develop.

The Huang Family and Song Chanzi must be tricky.

So Ye Fan handed the key to Long Teng, and let Long Teng leave for Youzhou overnight.

The next morning.

Jiangbei District Airport.

Ye Fan and Yan Zhenqing met, besides him, Yan Ruyu was there, as well as Qingchengzi and an old woman.

Chapter 409: Youzhou, one hundred thousand mountains!

Yan Zhenqing introduced that this old woman was enshrined by another master of the Yan family, named Danqinzi.

"I have seen Mr. Ye."

Dan Qinzi is also a master in the circle of masters, but in the face of Ye Fan, he dared not support it.

Ye Fan nodded slightly.

Then he wondered: "What are you going to do?"

"Play."

Yan Ruyu giggled.

Ye Fan rolled his eyes, "Thinking with his toes, I know that in the Inheritance Dongfu, all parties are fighting, you are a weak woman, who will protect you."

"Mr. Ye, you protect me. Anyway, I'm by your side." Yan Ruyu raised his chin slightly.

Yan Zhenqing said: "Xiaoyu is a girl, presumably the Mu's family, the Huang's family and the nine national doctors will not take action against her. If she wants to go, let's go, let's board the plane."

After the plane left Jiangbei Airport, Jiang Long walked out of the corner and immediately called Xiao Shending.

"Master, Ye Fan left with the Yan family, and went to the Shiwan Dashan Mountain in Youzhou."

Jianglong reports truthfully.

"Okay, good job."

Xiao Shending laughed.

At this moment, he was at Huangfu's house, and Huangfu Dazzling was by his side.

"Auntie, did you hear that, Ye Fan left the capital to go to the One Hundred Thousand Mountains in Youzhou. This is definitely a golden opportunity of a lifetime."

"It's a kid who is looking for death!"

Huangfu sneered brightly, and she also thought it was an opportunity.

call.

She suddenly stood up, with a fierce breath, and drank softly: "The third elder, the fourth elder, the fifth elder, and the sixth elder."

Swish...

In the yard, four gray-robed old men appeared, each of whom was a master.

Xiao Shending was surprised.

He is also the first time he has seen the details of Huangfu's family.

All of a sudden, four masters appeared, good fellows, they are worthy of being an ancient clan, and their background is profound.

"Ye Fan went to the One Hundred Thousand Mountains in Youzhou, and we also went over to kill Ye Fan and get the sheepskin roll."

"Do the four elders have any objections?"

The four elders looked at each other and shook their heads, saying nothing.

Huangfu dazzlingly said: "Okay, let's leave now."

"Auntie, take me."

Xiao Shending followed behind.

Not long.

He followed Huangfu Xuancai and the four elders to leave the capital on a fighter plane.

From the capital to Youzhou.

Very far away.

Time was like water, and it was the afternoon in a blink of an eye.

A full ten-hour flight. Fortunately, it was a private jet with complete entertainment facilities, otherwise it would really hurt people.

Five p.m.

Youzhou, Qianjia Ancient City, Airport.

Ye Fan and his party landed.

The ancient city of Qianjia is a famous tourist attraction, the most unique is the center of the city, there is a big mountain with Miao Village on it.

Call it: Qianjia Miao Village.

Yan Zhenqing led everyone to Miaoshan and checked into an inn, which was already packaged.

"Hahaha, brother Yan."

Just walked into the inn, a laugh came.

Looking at the sound, it was a burly man.

On the plane, nothing happened, Ye Fan read the documents of the Huang family, the Mu family, and the Chinese doctors, with photos.

He recognized that the man with this strong pretense was the head of the Huang family, Huang Shouren.

"Brother Huang."

Yan Zhenqing responded.

Huang Shouren glanced, and said in surprise: "Xiaoyu, your soft feet are coming."

Yan Ruyu said, "Uncle Huang, I'll come and play with him."

Huang Shouren nodded, a yellow-haired girl, weak woman, didn't care much.

Qingchengzi and Danqinzi are also acquaintances.

Finally, his gaze fell on Ye Fan, surprised: "Little brother, how do I feel that you are familiar, what's your name?"

"Ye Fan."

Huang Shouren was startled: "Ye Fan, the ruthless man!"

Ye Fan smiled without saying a word.

Huang Shouren's expression changed a few times, and he said deeply: "Brother Yan, you are cruel enough, please move Master Ye."

Afterwards, he looked at Yan Ruyu intentionally or unintentionally.

This meant that it seemed that the Yan family had sacrificed Yan Ruyu before asking Ye Fan.

Yan Zhenqing did not explain.

At this time, people came upstairs and outside.

"Brother Huang! Brother Yan!"

"Brother Mu!"

"Aunt Yun Xian!"

"Song Chanzi!"

"..."

Everyone is polite.

Like Huang Shouren, both were shocked by the appearance of Ye Fan.

All the things Ye Fan has done this time, everything is earth-shattering and can't tolerate everyone's carelessness.

Seeing the faces of the Huang family, the Mu family, and the Chinese doctors were solemn and even a little jealous, Yan Zhenqing and his daughter were quite proud.

But Ye Fan firmly remembered everyone present.

The three major Chinese medicine families and eight Chinese medicine doctors each have a helping hand, a total of 25 people, plus Long Teng who has not yet arrived.

A total of twenty-six people!

This is a huge team.

Among them, Huang Shouren, Song Chanzi, and Ye Fan paid special attention. These two guys had been obstructing the opening of the cave.

"It seems that I am the last one."

Suddenly, a hoarse voice rang outside the door.

Everyone saw that it was a young man wearing a mask. It was Long Teng, who deliberately lowered his voice.

"This is the key."

Long Teng directly identified his identity.

"Ci Kang Chinese Medicine gave me the key and asked me to participate. You can call me Tamron. Because of my facial defects and wearing a mask, please don't take it off."

Long Teng changed his name.

Huang Shouren smiled and said, "It's okay, Cikang Chinese Medicine, we can still trust it."

"Since everyone is here, let's have a meal together. It's getting late today. Tomorrow, we will officially enter Miaojiang."

Everyone is located, all in one hall.

After the wine and food came up, Huang Shouren said: "Let me say a few more words. Our three major families of Chinese medicine and Chinese medicine understand it, but the supporting masters are still very confused."

"Is such that....."

"Twelve keys can open a medical path and inheritance cave. The cave is in the depths of the Hundred Thousand Great Mountains and needs to pass through the Miao territory. That's why we want to come to Qianjia Miao Village."

"I and I found an old man from Miao Village. She is willing to take us through Miao territory and reach our destination safely."

Ye Fan asked: "Patriarch Huang, I don't know much about Miao, how old? I need to cross Miao to reach the destination? And, what is the identity of the so-called Miao old man you are looking for? Can I come to see you?"

At the end of the words, Mu Family Patriarch Mu Liuyun agreed: "I agree with Zongshi Ye's opinion. Let's make it clear. Brother Huang can't arrange everything. We don't know it. This is not in compliance."

Ye Fan glanced at the Mu's side. What's worth saying is that Mu Liuyun brought his son Mu Nian with him, saying that he was waiting for him to come and learn.

Studying with Cikang before Mu Nian, I met Ye Fan and knew that the key belongs to Ye Fan, and that Tenglong must be Ye Fan's person.

But these things are hidden in the heart of the past year.

He didn't dare to expose, otherwise Ye Fan would take his skin off.

Instead, he focused on Yan Ruyu, and always wanted to get close to Yan Ruyu; unfortunately, he was too young to be just a kid in Yan Ruyu's eyes and was too lazy to take care of it.

"Yes, I also agree with Zongshi Ye's opinion."

"go along."

Everyone expressed their attitude.

Huang Shouren smiled and said, "Don't worry, I will answer them one by one."

"Ye Fan is not familiar with Miao territory. In fact, no one can be familiar with Miao territory. It is a mysterious and strange land full of danger."

"The Shiwan Mountain stretches for thousands of miles and occupies one-third of the land in Youzhou. The satellite map shows that behind the Shiwan Mountain is the ocean."

"Furthermore, there is no accurate division of Miao territory. There is a road from Qianjia Ancient City to Shiwan Dashan. From this road, you can enter Miao territory. The approximate range is eight hundred li, and no one knows the specifics."

"Why do I say that this area is Miaojiang? I don't know how to say this..."

"That's because of the existence of Brahman." A cold, creepy voice suddenly appeared in the restaurant, accompanied by a cold wind, causing everyone's hair to explode.

Look back.

Everyone was taken aback.

This is a female old man wrapped in unique costumes of the Miao nationality. She has a rickety figure, carrying no lanterns, and is very old. She may be ninety years old.

On the face, there are wrinkles criss-crossed.

After a while, everyone guessed to come over, Yan Ruyi got up and said, "Grandma, come and sit down."

The old man shook his head, and then said: "It is rumored that there is a power in the Hundred Thousand Great Mountains, called Brahman. This power specializes in the art of poisoning, and Miaojiang is the area where they cultivate worms."

"Therefore, there are dangers everywhere in Miao territory. If you are not careful, you don't know how to die."

"Thousands of ancient cities, some of them can also use Gu Poison. My ancestors were disciples of Brahmins, and I passed down some Gu techniques. I also did research. Xiao Huang asked me to take you across the Miao territory. I will come back tomorrow morning. I'm looking for you."

The old man finished speaking and hobbled away.

Everyone was surprised.

Ye Fan looked at the old man's back, thoughtfully.

Can such an elderly person enter the mountain? Also, since the Miaojiang region is full of crisis, why should we take this path?

Eight hundred miles in the vertical and horizontal directions is very far for ordinary people, but for the master, it is so normal, and it is completely possible to go around.

Ye Fan thinks that the older the older, the more interesting it becomes.

at the same time.

Huangfu Xuancai, Xiao Shending and others also arrived in Qianjia Ancient City...

Chapter 410: Qianjia Miao Village

"Auntie, Qianjia Ancient City is too remote, we can't use our power here, how can we find Ye Fan?"

Xiao Shending said distressedly.

Huangfu dazzlingly said: "There is news from the capital that the three major families of traditional Chinese medicine and you Chinese medicine practitioners have all come to Youzhou."

"what?"

"I've heard about this for a long time. It is said that the three of them and the nine major Chinese medicine doctors have keys that can open a medical doctrine inheritance cave. I did not expect that I ran into it. While solving Ye Fan, being able to compete for the medical doctrine inheritance is also a big deal. Good thing."

The corners of Huangfu's colorful mouth raised, and he immediately made a decision: "They are coming to Qianjia Ancient City, they must go to Miaojiang Avenue, we will guard it in advance."

"Auntie is smart." Xiao Shending complimented.

Several people did not delay and rushed to Miaojiang Avenue overnight.

And Ye Fan and Yan Ruyu, after eating, strolled around the Qianjia Miao Village, Mu Nian, the boy, also cheerlessly followed.

"There are beauties from Youzhou, and the beauties are in the Miao nationality. This sentence is really true. Look at these little girls who are really good-looking, the young men are also very beautiful and very comfortable to watch." Yan Ruyu said.

Thousands of Miao Villages are already used for both commercial and residential purposes. Many tourists come to visit, alleys, large and small, are very lively.

On both sides of the street, there are many small vendors.

Selling things unique to Miaojiang, for example, Ye Fan saw a strange spider in a glass bottle.

People have a curious mind, think about these things and be sought after.

"Sister Ruyu."

Mu Nian suddenly ran over, a shiny stone on the ground, said: "Come, give it to you."

"cut."

Yan Ruyu gave a blank look, "Boy, the hair is not all grown, don't think about it."

The pastoral year is not angry.

Ye Fan took the stone and pondered: "This stone is quite interesting. There is a poisonous insect in it, which can be regarded as an amber stone."

"How much did you buy?"

"One hundred thousand yuan."

The corner of Ye Fan's mouth twitched, "As expected to be the second generation of super rich, one hundred thousand with a wave of his hand, awesome."

Mu Nian was slightly proud, and pointed to the front and said: "Let's go there and have a look, maybe we can find the baby."

It was okay anyway, and the three of them walked over.

This stall is the largest in a street.

The table is full of odds and ends, ranging from primitive to novelty to all kinds of strange things.

"Come and take a look. Don't miss it when you pass by. These are all good things, they can be sold at a low price, as collectibles or resale auctions."

"Look, everyone, this is the list of people who got rich here."

"A month ago, a young man bought an inconspicuous finger for 3,000 yuan, and changed his hands to become a Gubao. It was auctioned for 3 million and a house was taken!"

"Three months ago, a little girl bought a bronze comb, ancient cultural relics, but unfortunately it was handed over to the country. I don't know what the girl thought. If it is auctioned, it will start without a million!"

"..."

The owner of the stall is a middle-aged man with small eyes, and he is very shrewd at first glance.

He kept yelling, seducing.

"Sister, tell me what you like, I bought it for you, I don't need money."

Mu Nian said with a proud face and patted his chest.

This was heard by the stall owner, his eyes lit up, he had seen all kinds of people, and at a glance he could see that the three of Ye Fan were extraordinary, and they should be wealthy children.

So he smiled and complimented: "This young master is really lavish, eldest lady, don't disappoint the young master's kindness. Let's choose a few treasures, and I will give you a discount."

Yan Ruyu found it interesting, but there were too many trivial things to settle down.

The stall owner took a look, grabbed a hosta, and said: "This hosta is beautiful, majestic and noble. The lady is beautiful and beautiful, and it is worthy of this hosta."

"How much?"

"Originally, one hundred eighty thousand, young master is so refreshing, I lost a little bit, what's going on with one hundred fifty thousand."

"Swipe your card."

Without blinking, Mu Nian took out his bank card.

Ye Fan was really speechless.

However, the Mu family has strong financial resources, not to mention hundreds of thousands, it is tens of millions, hundreds of millions, it is also a drizzle, he can not control the squandering of the pastoral year.

Such arrogance made the audience embarrassed.

In the crowd, there are inevitably some evil people who covet money and covet Yan Ruyu's beauty on the other hand.

As one of the top ten beauties in the capital, the temperament and appearance are not.

In such a poor country, Yan Ruyu is undoubtedly the biggest focus, attracting the attention of countless people.

Yan Ruyu also knew in his heart.

However, he didn't care at all.

Ye Fan, the great **** by his side, would protect her, and no one could hurt her.

This is a sense of security.

Yan Ruyu's heartstrings trembled, but think about it, Ye Fan is already married to Meng Qingyin. For Meng Qingyin, he dared to make trouble with Leng Qianxuan and kill Leng Qianxuan.

Sometimes, Yan Ruyu is also very confused:

How could Meng Qingyin meet a strange man like Ye Fan and be favored?

To be honest, Yan Ruyu was very envious.

"what?"

At this time.

Ye Fan saw a good thing, a broken jade pendant, almost rubbish, but in the dark, he was attracted to him for some reason.

"Boss, how do you sell this?"

"This..." The stall owner's eyes flashed, and he stretched out three fingers and said: "Three hundred thousand!"

"Boom."

Ye Fan kept the broken jade pendant still in the pile of things, didn't even look at it, and urged: "Okay, just buy one or two, let's go."

The stall owner was dumbfounded.

This guy doesn't play cards according to common sense.

How could he let such a big fish leave easily, and quickly said: "Handsome man, don't rush to go, can we discuss it."

"This tattered jade pendant, you want me 300,000? Do you treat me as a fool."

"Since it is a tattered jade pendant, why do you want to sell it? You must see that it is extraordinary."

"What a shit!"

Ye Fan rolled his eyes.

The stall owner said: "Then you say, what count?"

Ye Fan stretched out two fingers.

"Two hundred thousand? Your cut is too cruel, just look at one third."

"I think you have misunderstood, I mean two hundred yuan."

"What, two hundred yuan?!"

The stall owner jumped up, "You are kidding me."

"Not for sale? Xiaoyu Anian, let's go." Ye Fan greeted him, and Mu Nian put down a handful of gadgets in his hand and followed Ye Fan violently.

"Eh eh eh."

The stall owner panicked and said hurriedly: "Boss, keep talking, two hundred yuan is too low, one hundred thousand yuan."

"One hundred and five."

"fifty thousand!"

"one hundred!"

"Thirty thousand!"

"Fifty!"

"Ten thousand head office, it's already the lowest price."

Ye Fan picked up the broken jade pendant and said with a smile: "My brother bought so many, you can simply give it to me."

"Nima."

The stall owner was about to vomit blood.

It was the first time he met such a bargainer, and Te Niang was a master.

The onlookers also laughed.

"Well, I'm unlucky, this jade pendant..."

"Wait!"

On the knot, an untimely word sounded.

The crowd parted, and a black-clothed young man walked along with a few younger brothers.

The young man looked feminine and said playfully: "Boss, I bought this jade pendant for 300,000 yuan!!"
