

## **Elegant SS 451**

Chapter 451: The abyss of sin

The abyss of sin.

It's too big, it's a huge gorge, not bottomless; under the gorge is a vast abyss.

It is dark and deep all year round, and countless terrifying monsters breed.

Somewhere in the abyss.

The scalp numbing roars exploded, and it was endless and shocking.

In front of these hundreds of monsters is a big mountain.

There is a cave on the big mountain.

In the cave, there are four people, and they are the four fierce kings of the Tianzun Temple: Chaos, Gourmet, Qiongqi, and Yingzun.

Chaos is a mighty man, with the aura of a superior, he is the first of the four fierce kings.

Gluttonous, not tall, slightly fat, giving people a heavy sense of oppression.

She is small, thin, strong, with a vicious atmosphere, and has a cold breath.

Qiongqi is a standard figure, tall and straight, with sword eyebrows and star eyes, and Xuan Gai like a cloud; he is very handsome, with a tiger-wolf power, a human dragon.

He is the strongest among the four fierce kings.

Tianzun Temple, among the many core backbones, Jianglong and Qiongqi are the most enchanting in terms of talent.

Jiang Long walked on the road of martial arts.

Qiongqi took the path of refining his body.

Before being sent to the abyss of evil, the four evil spirits got some good fortune and entered the realm of a half-step horizontal training master.

And now.

Qiongqi has actually entered the realm of Heng Lian master.

The aura exuding from his physical body was too fierce, much stronger than the average horizontal training master.

It was precisely because of this breath that resembled a wild beast that shocked the monsters outside and made them afraid to attack.

But.

Qiongqi was injured, very badly.

"Big brother, the youngest man's consciousness is starting to blur. If this continues, he will be lifeless and won't last long." Ying Yan said worriedly.

"We broke contact with the Tianzun Temple, and we don't know if Mr. Min came to the Abyss of Sin to find us."

Glutton sighed and said quietly: "Fortunately, the youngest has broken through to the realm of Master Heng Lian, and his vitality is tenacious, otherwise we would have died long ago. However, this will not last long."

"When the third child falls, those monsters will gather and attack. I think it's better to be desperate now, give it a try, and kill it."

"Big brother, what do you think?"

Tao Tie and Ying Tiao looked at the chaos at the entrance of the cave.

now.

Chaos face was covered with frost, staring at the dark monster below.

Although these monsters are not strong in their individual combat power, they cannot be underestimated when they are united; the most terrifying thing is that if they are injured by a monster, their bodies will begin to rot.

That mysterious breath rotted the flesh.

Qiongqi was injured, but due to his strong body, the surface was intact, but his internal organs suffered a shock.

Once he couldn't hold on, his internal organs would turn into pus in an instant, and he died tragically on the spot. Da Luo Jinxian would not be able to save him.

"hold on."

Chaos gritted his teeth and said: "Lao Min is not a fool. We will definitely find him if we break contact. Now we rush out, and the hope of escaping is almost zero."

"Don't think that these monsters are secretly watching even more terrifying existence. We can't kill them."

"Wait, maybe hope is just ahead." Chaos murmured to himself, Lu Tie and Ying Tiao looked at each other and sighed secretly.

Qiongqi's vitality has gradually weakened.

...

Edge of the abyss of evil.

A fighter plane fell and made a few noises.

Ye Fan, Bai Zhan, Luo Hong.

In addition to the three, there are three alien species: the sky white crane, the big fat rabbit, and the golden bull.

Min Dong said that the Four Fiends had cut contact.

The abyss of evil is so big, Ye Fan's aimless search is a waste of time.

Alien species are born with powerful search capabilities.

When the three alien species join forces, they will definitely be able to find clues.

"Come up."

Ye Fan greeted, everyone leaped on the back of the sky crane.

Xiao Cang flew into the canyon.

"do not be afraid."

Ye Fan comforted Xiao Cang, and shielded Xiao Cang in a ten-square air cover.

At this moment, Xiaocang was not afraid, and landed quickly.

But even at such a fast speed, it took about twenty minutes to land. It is conceivable that this abyss will almost reach the core of the earth.

Once again stepping on the land of the abyss of evil, Ye Fan sighed with emotion. He died nine years ago, but now he has become much stronger, and there are so many partners, he shouldn't be embarrassed.

"Xiao Cang, Xiao Jin, meatballs."

Ye Fan drank lightly.

On the way, the three guys are tossing the clothes of the four evil spirits, familiar with the breath of the four evil spirits.

After receiving Ye Fan's order, they began to search for breath.

That day, Min Dong personally drove the fighter plane to send the four murderers over, and it was this landing place.

Therefore, there must be a breath of the four evil spirits remaining.

"Moo."

The first to notice was Xiaojin.

It is indeed a high-level and rare alien species, which is more powerful than Xiaocang and Meatballs; followed closely by Meatballs, and finally it is Xiaocang.

Xiao Cang seemed a little unconvinced.

It shook its wings and galloped away.

"Be careful, don't run too far." Ye Fan shouted. They didn't ride on Xiao Cang's back, and ran wildly, following Xiao Jin.

"Jiji."

On the way, the meatballs were adjusting their directions.

gradually.

Both Xiaojin and Xiaocang were defeated. They lost the traces of the four evil spirits and couldn't detect them.

Only meatballs can be caught.

Not only that, it became clearer and clearer, and the direction of guidance became more and more certain.

"Jiji."

Meatballs stood on Xiaojin's head, majestic and proudly raising his head.

Luo Hong smiled and said, "This little guy, it's not the same since swallowing Rank Nine Golden Core."

Ye Fan said: "A person can be reborn after eating, not to mention a different species. This guy will be normal in the future. He is still a young man. When he grows up, he will definitely be comparable to the master and the master of Heng Lian, and he will be more intelligent."

"Jiji."

It seems that Ye Fan's words are reasonable, and the meatballs turned around and yelled a few times.

Bai Zhan laughed loudly: "This is all at the expense of me, it is to get a big fat rabbit from Yu Beast Gate."

"Beast Yumen are all destroyed!"

"Oh, I don't know who the murderer is. It's really shameless to plant the blame on him. I hope Daxia and the law enforcement hall can catch the murderer and bring him to justice."

Huhuhu.

Everyone galloped in the abyss.

the other side.

Chaos discovered that the monsters had become extremely irritable and slowly approached the cave. This was because Qiongqi's vitality had decreased and his aura had also weakened.

Can't frighten these monsters.

"Damn it!"

Chaos gritted his teeth and his face was pale.

"Ready to fight!"

Chaos growled.

Ying Lu put Qiong Qi away, and He Tao Tie stood beside Chaos one by one.

"Huh!"

at this time.

A huge monster appeared, as high as seven or eight meters, equivalent to the size of several elephants combined.

This is the king of monsters.

"Roar!"

The monster king roared, shaking the earth.

In an instant.

Countless little monsters came towards the flash and slaughtered, crushing black and hideous and terrifying.

"kill!"

Chaos is also roaring.

The three shots, guarding at the entrance of the cave like a \*\*\*\* of war, and each punch can blow up several monsters.

"Puff puff."

Blood splattered.

However, these blood contains highly poisonous, although it will not bring a fatal blow to the Chaos trio, it also has some minor effects.

"Big brother, no, you can't kill them all."

"Capture the thief first, capture the king, you must capture and kill the king of monsters." Taotie said.

"You guard, I will kill."

Chaos eyes were sharp, blood was boiling, and the fierce breath exploded.

Ying Xiao said: "Brother, it's too dangerous."

"There is no way, you can only fight for it. You must guard the hole, don't let the third child be attacked by the monster."

Chaos finished speaking, stomped the ultimate monster with one foot, and then soared into the sky.

This jump rushed to an altitude of 20 meters.

"Boom!"

I only saw that Chaos had both feet on the mountain wall, and with a sudden force, he stepped out of two holes in the mountain wall, and the stone exploded.

Chaos is like a cannonball, killing the monster king.

"Roar!"

The monster king roared, feeling provocation.

The fascinating eyes flashed with disdainful brilliance, and the huge body was not cumbersome at all, but very flexible.

"Huh!"

It has three tails that are ten meters long.

Sweep violently.

Puff puff.

The woods exploded.

Chaos evaded two tails, but was scratched by the third tail, and the whole person was swept away.

"kill!"

Chaos smashed an ancient tree and killed it again.

"boom!"

With a punch, the smashed monster vibrated, and a blood hole appeared in the body.

pity.

The monster's body is huge, which leads to too strong fighting ability, even if a blood hole is smashed, it doesn't matter.

The punch of Chaos completely angered the King of Monsters.

"Whhhhhh..."

The tail slashed like lightning, and the chaos could only dodge.

boom.

In the next second, the giant claws kept coming.

too fast.

In desperation, Chaos can only resist.

"Overlord Fist."

Chaos screamed, and the power of the whole body bombarded the giant claws coming from it.

puff.

Blood is gushing.

The giant claw was pierced, and the monster king cried out in pain.

But Chaos also suffered a heavy blow, and his lower body was shot directly into the ground; suddenly, Chaos' color changed.

Two tails, the left, the right and the head, come in three directions.

"Big Brother!"

椿机和饕餮 exclaimed.

Chaos was also frightened. He slapped the ground with both hands, trying to rush out; but he found something caught his feet.

It's a little monster.

They dived into the ground, grasping the chaos firmly.

"Oops!"

Chaos eyes burst into light.

Cover your head with your arms.

"Boom boom..."

Three dull bombardments.

Chaos felt that his arm was going to be scrapped.

"Roar!"

The monster king yelled in excitement, and his monster eyes looked at Chaos jokingly, seeming to mock Chaos for his overpowering.

Swish.

Immediately afterwards, the three tails cleaved off again.

This time it was even more fierce.

"It's over!"

Chaos eyes are full of despair.

"Big Brother!"

"Big Brother!"

The gluttonous and 梟机 roar.

They want to save, but the little monsters are obstructed, their eyes are splitting, and they are watching the chaos...

"Naughty animal!"

On the knots, there was a thunder burst.

Next second.

A sharp qi cut through the dim sky, cutting off the three tails.

It's Ye Fan!

"Broken Sky Fist!"

"Split Heaven Palm!"

Luo Hong and Bai Zhan also played martial arts, blasting the king of monsters into flight.

"Boss!"

The Chaos trio were ecstatic.

They never dreamed that Ye Fan came back to rescue them and brought Luo Hong and Bai Zhan.

It's safe.

This thought emerged in the minds of the Chaos trio, and they all felt relieved.

Ye Fan, in their hearts, the representative is invincible.

Ye Fan came, and everything settled down.

They will not be in any danger.

absolute!

Chapter 452: clue

"chaos!"

Bai Zhan and Luo Hong pulled Chaos up from the ground, then killed a large number of monsters and rushed into the cave.

"saved."

Yinglu and Taotie sat paralyzed on the ground.

"What's wrong with Qiongqi?"

"Seriously wounded and dying!"

Everyone looked serious, and Luo Hong turned around and shouted: "Brother Fan, quickly resolve the battle, Qiongqi is in danger of life."

"good!"

Ye Fan didn't mess around with the mud, so he simply printed the Fantian seal directly.

Rumbling.

The golden seal was suppressed.

"Boom!"

However, what shocked everyone was that the king of monsters actually shattered the big seal.

A terrifying ferocity erupted.

The monster king became violent and killed Ye Fan; a paw and Ye Fan slammed, and Ye Fan was shaking and sore all over his body.

"Good guy!"

Ye Fan's eyes were full of surprise.

"Dragon Fist!"

"Roar!"

The long dragon of Qi Qi was actually torn to pieces by the monster's claws, and Ye Fan's fascination was dispelled.

"interesting!"

Ye Fan's fighting spirit was boiling.

Bang bang bang...

After dozens of moves against the King of Monsters, Ye Fan found that its aura began to weaken.

Sure enough, it is not enduring.

"Want to escape?"

Seeing that the king of monsters has a tendency to flee, Ye Fan sneered, and passed into the sky, shouting: "Sun Fist!"

"Wow!"

In an instant, the world was white.

It lasted tightly for less than three seconds, Baimang disappeared, and the King of Monsters also disappeared.

"How about it?"

Seeing the little monsters receding like a tide, Bai Zhan rushed over and asked.

Ye Fan wiped the blood on his hand and said, "I was still ran away by it, but he was seriously injured. No matter what, go and see Qiongqi."

In the cave, Qiongqi's vitality is very weak.

Like a kerosene lamp with a strong wind, the light flickers and must be extinguished at any time.

"Has three hands!"

Still the old rule, Ye Fan first used the "three-pointed hand" to seal off Qiongqi's vitality, and then used the Nine Dragons Needle to get rid of the corrupting power in Qiongqi's body.

This force is very mysterious, Ye Fan frowned, very strenuous.

Spent a full day and night.

Ye Fan succeeded in getting rid of all the corrupting power in Qiongqi's body, and now Qiongqi is not in danger of life.

"Pei Yuan Shu!"

Ye Fan performed this new thaumaturgy.

This is the inheritance obtained in the Miao area, and it has the effect of strengthening the body and strengthening the foundation.

as predicted.

Qiongqi's condition improved a lot after receiving the treatment of "Pei Yuan Shu", his pale face was restored to a trace of blood, and his breathing became even.

at this time.

Bai Zhan went to hunt down a few low-level beasts and returned, and Luo Hong used his qi to peel and mutilate...

After a while, the barbecue fire rose.

The Wild Continent is rich in resources, not to mention the abyss of evil, wherever fierce land is, there are treasures everywhere.

Ye Fan went out.

I came back an hour later and brought a lot of herbs.

He made a lot of medicinal juice and wiped it for the Chaos Four, and some of it was mixed into the barbecue for consumption.

Eating and drinking, chaos, gluttonous and 椿机 rejuvenated.

"Talk about the situation." Ye Fan said.

"It's a long story..." Chaos smiled bitterly, starting from the beginning of the abyss of evil, an hour-long narrative.

original.

The four of them came to the abyss of sin, and were attacked by a group of monsters at the beginning, and Qiongqi was slightly injured.

Later, exploring the abyss of evil was full of dangers, but the four of them were lucky enough to solve it.

And half a month ago.

The four of them found some clues, some traces of martial arts masters fighting.

The four followed the clues and were ambushed by the monster.

Qiongqi suffered heavy losses.

Later, they hid in Tibet, were forced to this cave, and defended hard...

Ye Fan thoughtfully.

Ye Gongye Potian was trapped in the abyss of evil, and the Xiao clan hired the Sect Master of Killing Shenzong and Taiyi Sect to punish him. Could it be that they have already fought against each other?

Ye Fan was a little impatient.

He needs to find Ye Gong as soon as possible.

"Do you still know those clues?"

"knowledge."

Chaos nodded, and he said, "What's the arrangement now? The third child is still in a coma, so he can't take him to action."

Ye Fan said, "The three of you will leave one behind, and the remaining two will leave the abyss of evil with Qiongqi. We have already made a mark when we came here, and we can follow the mark to leave this area."

"Or, let Xiaocang show you the way."

Ye Fan looked at the sky white crane, the latter nodded humanely, agreed and was willing to lead them.

Chaos said: "The second and the fourth, you take the third with you."

"Row."

Taotie and Yingtu did not hesitate.

Anyway, Ye Fan is here, directly invincible, and it doesn't matter whether they stay or not; now he hastened to return to Tianzun Hall with Qiongqi and give the best treatment.

Although Ye Fan did the treatment, Chinese medicine was slow to come, and he had to go outside to assist western medicine.

After half an hour.

Xiaocang supported Taotie, Yinglu, and Qiongqi, and left.

Chaos said: "Boss, come with me."

Under the leadership of Chaos, the group of people passed through numerous obstacles and encountered some monsters during the period, but they were all pushed by Ye Fan.

I don't know how long it took.

Finally, the chaos stopped, and there was a dead battlefield in front of him. He said, "This is the first battlefield to be discovered. Look, these bloodstains can guide the way."

"Meatballs."

Ye Fan called out.

The big fat rabbit jumped out, sniffed the dried blood, picked his big ears, and seemed to say that his breath was too weak.

"Don't worry, follow the blood stains, you should be able to get more breath."

"Let's go."

Ye Fan took the lead.

Along the way, everything was pushed horizontally by Ye Fan, what happened to be beheaded.

Unlike the alien species, these monsters were bloodthirsty and couldn't be tamed. Ye Fan didn't have any psychological burden to kill them.

After hundreds of miles, the meatballs finally got enough aura. He jumped on Xiaojin's back and pointed out the direction.

"Jiji."

"This way!"

Ye Fangang exploded and turned into a shield, covering everyone, swiftly and violently.

Chaos was taken aback.

"Boss, your strength has improved. This is the second level of the transformation realm, right? It seems that it won't be long before you can reach the third level of the transformation realm."

"Still early."

Ye Fan smiled, now he is the second peak of the transformation realm, and he can leapfrog the third grandmaster.

However, the background is still a bit shallow and needs to continue to accumulate, but Ye Fan can be sure that within three years, he will definitely be able to enter the third level of the transformation.

Three years later, he was less than twenty-five years old.

Twenty-five-year-old grandmaster, who is not shocked!

As the meatballs move forward in the direction pointed by the meatballs, you can see battlefields large and small, which shows that the two sides have fought frequently.

Moreover, there are large tracts of blood.

In addition, the corpses of some monsters are also piled up like a mountain.

Ye Fan is very worried, depending on the situation, things have become very complicated, and the monster population has joined the battlefield.

Analyzing from the monster's corpse, as it goes deeper, the monster becomes stronger.

"Brother Fan, look!"

Luo Hong screamed and pointed to a place ahead.

When everyone looked at it, their hair was horrified.

It was a huge monster, a black monster with a height of more than ten meters. It was nailed to the mountain wall by a stone gun made of a huge boulder.

Purple-black blood dyes all the mountain walls.

Even though they were dead, the aura from the corpse made Bai Zhan, Luo Hong, and Chaos frighten, and Rouwanzi and Xiaojin also screamed in fear.

Chapter 453: encounter

"So strong!"

Ye Fan looked at the huge monster corpse nailed to the mountain wall and exclaimed from his heart. He guessed that even if he took the shot, he would have to pay some price to kill such a powerful monster.

The scariest thing is...

There are no other injuries on the monster!

Except for the stone gun that penetrated the head, there were no other injuries, not even a single wound.

What does this show?

That one hit kills!

Such a terrifying monster was nailed to death by a single shot.

Ye Fan also felt chilly in his back.

Can the third-level grandmaster giant and the pinnacle level Heng Lian master do it?

Ye Fan was very suspicious.

Who is it that has such terrible methods?

Xiao Gong of the Xiao family?

Killing the Sect Master of Shenzong? Taiyi Sect Master?

Still, Ye Gongye broke the sky?

Everything is unknown.

Ye Fan glanced at the monster corpse for the last time, and said in a deep voice, "Go on, but be careful and be on high alert."

After another distance, another powerful monster was killed.

The huge head was cut off.

Keep going.

Suddenly, the blood clots all over the ground, this is obviously a powerful monster being blown alive, and it was blown by one blow.

Strong and strong.

Rao Ye Fan was also passionate.

Who is it that shot?

Ye Fan wanted to see and see.

"boom!"

At this moment, a roar of Ruoyouruowu, rippling and being passed here.

There is movement.

Ye Fan immediately discerned the direction.

"I'll go there first, and you will come slowly."

Ye Fan had already broken and refused to accept him, soaring into the sky, and headed away.

Dozens of miles away.

The Super War broke out.

Three \*\*\*\* and terrifying monsters besieged and killed three people.

These three people: two old men, a middle-aged man.

Two elders:

One was Xiao Shixun, the head of the Xiao family, Xiao Shixun, titled "Anguo Gong".

The other person is the supreme master of Taiyi Sect, the grandmaster of the Taoist name Taishang.

As for the middle-aged man who was about fifty years old, he had a murderous aura and was extremely powerful, even killing Shenzong's suzerain Wu Yin and Yang.

Xiao Shixun, Wu Yinyang, Taiyi Grandmaster.

The three are here.

What they faced were three terrifying monsters, each of which was comparable to a great master.

"boom!"

Wu Yinyang fisted a monster into the air.

He is the third great master of the transformation realm, while Xiao Gong and Taiyi are a little worse, being the second highest peak.

therefore.

The three monsters besieged and killed, they couldn't deal with it at all.

Wu Yinyang was under too much pressure and shouted: "Duke Xiao, we have to retreat. Ye Potian has escaped and can't catch up."

"Damn it!"

Xiao Shixun looked unwilling.

It was hard to learn that Ye Potian was trapped in the abyss of evil, and he paid a lot of money to hire Master Wu Yinyang and Grand Master Taiyi to hunt and kill him.

After chasing for a full month, Ye Potian finally escaped.

Xiao Shixun was not reconciled.

Grandmaster Taiyi said: "Duke Xiao, continue to move forward, the monster is getting stronger and stronger, Ye Potian's severely wounded body is already at the end of the crossbow, even if he escapes, he can't get out of the abyss of evil, and he will definitely be buried here."

Xiao Shixun said solemnly: "The four requirements are to meet people alive."

Wu Yinyang frowned and shook his head, "Go ahead, it's not wise. We can't kill our lives, Xiao Gong thinks twice."

Grand Master Taiyi also persuaded: "Ye Potian has reached a mysterious realm. One punch can kill the monster with the third most powerful combat power in the realm of transformation. Even if we catch up, Ye Potian will burn the jade and the stone, we will all die."

"Yes, Ye Potian hasn't burned all the jade and stone after fleeing for so long. It's our luck."

"Do not!"

Xiao Shixun shook his head and said sternly, "Ye Potian is not burning with jade and stone. It just shows that he still has enough energy and thinks that he can escape from life. I will never allow it. Isn't it just a few monsters?"

When the words were over, Xiao Shixun took out a slapped pipe.

This is Super Thunder Crown.

The power of ordinary detonators is limited, while super thunder crowns are simply tiny nuclear bombs.

"There are still things, Xiao Gong, you used it early, and we don't need to take risks." Wu Yinyang complained.

"This super detonator, I only got three of my identity, I use one less one. I actually don't want to use it on these three monsters."

Xiao Shixun felt very distressed.

Master Taiyi said: "If you want to catch up with Ye Potian, then you have to hurry up."

"All right."

Xiao Shixun sighed.

But just when he was about to release the super thunder crown to blow up the three monsters, he suddenly turned around and found a tyrannical aura swept over him.

Wu Yinyang and Grand Master Taiyi also felt it.

"Someone is coming!"

"who is it?"

At the same time, the three monsters were also roaring.

Ye Fan's eyes were like a torch, and he let out the sound of dragon chants, stunned the three monsters; then he looked at the three of Wu Yin and Yang.

Although Ye Fan didn't know Xiao Shixun and the others, Xiao Shixun was noble An Guogong, and that kind of high-ranking aura could not be concealed.

"An Guogong!"

Ye Fan spit out three words.

"Kill Shenzong Sect Master Wu Yin and Yang!"

"Grand Master Taiyi Sect Master Taiyi!"

Ye Fan has said the names of the two.

Xiao Shixun was startled, and then said, "Who is your Excellency?"

Grandmaster Wu Yinyang and Taiyi were shocked. This young man, who looked extremely young, unexpectedly displayed body-protecting Qi.

That shows, at least it is the second stage of Huajing.

And the roar just now made Wu Yinyang's eyelids jump wildly, and he felt that this young man had the third most powerful combat power in the Transformation Realm.

What kind of evildoer is this!

When did the martial arts world pop up such a powerful kid.

The three of them came to the Abyss of Sin early, and broke contact with the outside world, naturally they didn't know Ye Fan's deeds.

I don't know what happened in the capital.

Ye Fan didn't answer Xiao Shixun, but said, "San Xiu is invincible, you guys hunted monsters together."

After speaking, Ye Fan outrageously punched.

"Boom!"

That hand of dragon fist was extremely bright, knocking a monster into flight.

Great!

The three Wu Yin and Yang shook.

Especially Wu Yinyang, he felt that this young man called "Invincible" could rival him in combat power.

Of course, Wu Yin Yang had just broken through the third level of Transformation Realm not long ago.

"Since the invincible little friend is interested in killing monsters, then we will naturally help. Two suzerains, let's go."

Xiao Shixun put away the super detonator.

The three were killed.

Wu Yinyang dealt with one, Xiao Shixun and Grand Master Taiyi deal with one, and Ye Fan deal with one.

It didn't take long.

The three monsters retreated.

Although they are bloodthirsty and bloodthirsty, they are not fools, but have high intelligence. They have already sensed that Bai Zhan and Luo Hong are coming, so they retreat.

However, Xiao Shixun and the three of them were not as sensitive as monsters, and they did not perceive them in vain.

"Thank you, little friend invincible."

Xiao Shixun laughed and walked over.

Ye Fan looked mad and said lightly: "What are you doing here?"

"We are here to hunt for treasures. After all, we are well-informed. How come we haven't heard of the name of Invincible Little Friends? And, how can Little Friends know us?"

"The world is so big, you know everything?" Ye Fan asked rhetorically.

Xiao Shixun was a little embarrassed.

Ye Fan said again: "I have cultivated to this point in my early twenties. Do you think it's weird to know you from my background?"

Xiao Shixun laughed, "Little friend, it's me Meng Lang."

"Are you sure you are here to hunt for treasure in the Abyss of Sin? I think it is for death." Ye Fan unceremoniously hit.

Xiao Shixun's face twitched, but he was not angry.

Being so young is so strong, frivolous is certain, but Xiao Shixun wants to make friends with Ye Fan.

"It is indeed not here to hunt for treasure, but for people. My grandson is trapped in the abyss of evil, and I hired two suzerains to come to rescue."

grandson?

Special code.

Xiao Shixun is a bastard, this is to call Ye Gong his grandson.

Ye Fan said coldly: "For the sake of my grandson, I don't want to die. It is really rare for Duke Xiao to attach such importance to blood relatives. It just so happens that I have something to ask the royal family of Xiao for help, so I can save your blood relatives if I can help you."

"what's up?"

"We can't disclose it yet. After you finish helping Duke Xiao, and accepting my favor, Duke Xiao will definitely not refuse."

"Little friend is really good scheming."

Although Xiao Shixun was a little skeptical, he was not too entangled. He exchanged glances with Master Wu Yinyang and Grand Master Taiyi, and then said, "Well, my little friend will go with us."

rear.

The three of Bai Zhan knew that Ye Fan was looking for Ye Potian with the help of Xiao Shixun.

They followed quietly, at an appropriate distance, to ensure that they would not be spotted.

Ye Fan expected it well.

Xiao Shixun's method of finding Ye Potian was superb. He had a mouse in his hand, which was also a different species.

It is a low-level alien, has no attack power, but is very fast, and is a good hand at tracking people.

The name of this rat is: Hunting Rat.

Swish.

The hunter rat turned into a black shadow, flashing and galloping in the jungle.

The four Ye Fan followed closely.

Gradually, Ye Fan heard some roars, it was a monster.

Xiao Shixun smiled and said, "It seems that the monster is besieging him again. Let's hurry up and can't let him escape."

"Duke Xiao, that's not your grandson, why can't you let him escape?"

"Hahaha, little friends, we are tacit, and you know that it can't be my grandson. There are so many grandsons, it is impossible to venture into the abyss of sin for a grandson."

Xiao Shixun stared at Ye Fan closely and said, "That person is called Ye Potian, who is the head of the Ye Royal Family, one of the seven royal clans, and Duke Weiguo!!"

Surprise appeared on Ye Fan's face.

This made Xiao Shixun a little uncertain.

He deliberately said it to see "Invincible"'s face change.

If there is no shock on the face, it means that "Invincible" is a member of the Ye Royal Family, or is related to the Ye Royal Family.

Because only if you know it in advance can you be calm and gentle.

Under normal circumstances, I will definitely be surprised.

"Invincible" showed a look of surprise and an incredible state, which completely puzzled Xiao Shixun.

This kid, really just happened to meet?

It has nothing to do with the Ye royal family?

At this moment, Ye Fan sneered in his heart: 'Old fellow, don't think about it with me!'

Ye Fan thought carefully.

Those who had considered everything properly and deliberately showed surprise, leaving Xiao Shixun unpredictable.

"Look!"

At this time, Wu Yinyang shouted.

Ahead, several huge black shadows were whizzing, culling something.

Ye Fan suppressed the excitement in his heart.

Is it Ye Gong?

In any case, he is the blood of the Ye royal family. Ye Gong, he can be called "Grandpa".

"Roar!"

With a roar of the beast, the earth shook and the mountains shook.

Four people smashed out of the jungle.

Finally, I saw clearly that on the vast plain, five fierce behemoths were besieging an old man in white.

Five monsters: three are birds and two are beasts.

And the old man, in tattered white clothes, was stained red with blood, and his whole body was scarred.

However.

Unbelievably, the old man is extremely tough.

With every punch, the air exploded.

The monster was beaten with blood dripping.

"Ye Potian!"

Xiao Shixun screamed wildly, his eyes gleaming, murderous, and laughed: "After all, he caught up. This time, it depends on how you escape!"

Chapter 454: Ye Potian

Xiao Shixun's howl made the distant battlefield quiet.

This also allowed Ye Fan to see Ye Potian's face clearly.

This is a clean old man, even if he is over his age, he is still tall and tall, and there is no sign of old age.

The scary thing was that the breath revealed by that body made Ye Fan feel nervous.

Those eyes flashed with sharp light, like two sharp swords.

Ye Fan's heart was surging, but he didn't show anything strange. Instead, he said in surprise, "Is this Lord Wei Guo? Very strong. I came and encountered some monster corpses along the way. Did he kill them all? ?"

"good."

Wu Yinyang nodded, his eyes flashing with jealousy: "Ye Potian has cultivated to a mysterious and unpredictable realm, and his strength is extraordinary; if it is the heyday, we will not be his opponents together. But now he is seriously injured, the limit is approaching, and he can fight. Give it a go."

Xiao Shixun said: "Invincible little friend, help me kill this old guy, and my Xiao royal family will treat you as a distinguished guest."

Ye Fan said indifferently, "Is it sure that I can be killed? If such a strong man escapes, he will be a great threat. I will bring a disaster to the forces behind me."

"What do you mean by that little friend?"

"It's okay for me to shoot, but I must be sure of victory. You shoot, and I will help you take the battle. When necessary, I will join the battlefield."

Ye Fan's words made Xiao Shixun frown secretly, but didn't think much.

Whether "Invincible" helps him or not, at least he won't help Ye Potian. Xiao Shixun is sure of this.

He didn't know that the person beside him was the blood of the Ye royal family.

"kill!"

Xiao Shixun took the lead.

Wu Yinyang and Grand Master Taiyi also killed them.

"Join to kill this old guy, don't attack us." Xiao Shixun roared, which was meant to be heard by the five monsters.

These five monsters are very strong, all of which have reached the third level of the transformation level, which is a bit more powerful than Wu Yin and Yang.

At this level, their wisdom is already very high. They can't hear human language, but they can say what humans mean.

The five monsters roared and did not attack the three of Xiao Shixun.

Because they knew that Ye Potian threatened them much more than Xiao Shixun and others.

"Humph."

Ye Potian snorted coldly.

He was not afraid at all, on the contrary, his fighting spirit was overwhelming.

"A crowd of mobs."

"Ye Potianxiu is going to be rampant, you are already at the end of the battle, and consumption can consume you to death."

"It's just waste!"

Ye Potian's face was full of mockery, his iron fist was invincible and indestructible.

The monster's claws can resist it.

"boom!"

"Boom!"

The roars one after another, it was the monster being beaten up and hitting the mountain wall.

The attacks of Xiao Shixun, Wu Yinyang and Grand Master Taiyi were even more useless.

Ye Potian's body couldn't be broken with that qi.

"Master Heng Lian!"

Ye Fan stared at Ye Potian and exclaimed: "The body refining is at its peak, and the physical body has reached the limit of human beings."

No wonder Xiao Shixun and the others couldn't move their arrogance.

The gap is too big.

If it was the third peak of the transformation realm just like the martial arts ability, then it would be Ye Potian's formidable enemy.

But Wu Yinyang just broke through the third stage of the Transformation Realm not long ago, and was far from the peak.

In fact, the witch yin and yang that had just broken through were not much better than Xiao Shixun and Grand Master Taiyi.

"kill!"

At this moment, Ye Potian was furious.

The breath skyrocketed.

A fowl was killed with one punch, and a beast was trampled to death with one foot.

Suddenly went crazy, making the remaining three monsters panic.

Xiao Shixun laughed and said, "Don't panic. The crazier he is, the more poor he is, and he has reached the limit. We will continue to hold on and hold on for a while."

"Come on!"

Wu Yin and Yang shouted.

The first stage of the transformation: the release of Gang Qi.

The second stage of the transformation: body protection and qi.

The third stage of the transformation: Gang gasification.

At this moment, Wuyinyang Gang gas transformed into a forty-meter-long sword, horizontally in the sky, illuminating the world.

"Killing God slashed!"

Wu Yin and Yang displayed his unique skills.

Boom boom boom!

Puff puff!

The roar and sonic boom one after another.

The giant knife seemed to cut through the sky, and it smashed down like a bamboo with a thunderous force.

"Small bugs."

Ye Potian didn't retreat, but instead moved forward, he paused with his feet and rose into the sky.

In the face of Wu Yinyang's unique knowledge, Ye Potian didn't use any means. He simply threw a punch and blasted towards the giant knife.

"Boom!"

The fist touches the giant knife.

The earth-shaking roar made people lose their ears for a short time.

The giant knife collapsed.

Wu Yinyang vomited blood and flew upside down.

Ye Potian was also chopped and fell down, spouting a mouthful of blood, the tiger's mouth cracked, blood flowing.

"It's not bad to kill the gods with a single slash. But it can be useful when I am seriously injured. If I am in his heyday, I can slap it with one slap."

"To say that you are trash, it's a bit of praise."

Ye Potian's words were extremely ironic.

Xiao Shixun's face was green and he shouted: "Ye Potian, you dare to be mad when you die, do you really think you can escape from birth?"

"Why not?"

"ridiculous."

Xiao Shixun took out the super detonator and said coldly: "I didn't have a chance before, and now I don't hide it. You claim to be physically invincible. I don't know if you can resist the bombing of the super detonator."

Suddenly, Ye Potian's face sank.

"The surname is Xiao, you are well prepared, and you have brought all the super detonators."

"I have to be cautious when dealing with you."

Xiao Shixun sighed, and then said quietly: "By the way, we are also old comrades-in-arms. When we were young, we fought for Daxia and made great achievements. Unexpectedly, we came to this situation."

Ye Potian spat out blood and spit, and sneered: "It's not that you are ambitious. You are trying to join forces with the corpse organization to create a world chaos in order to conquer the world!"

"fart!"

"Why, you are secret?" Ye Potian teased: "The reason why the corpse man organization has not been completely eradicated is because you secretly supported it."

"You are interested in the characteristics of the living dead, and you want to build an army of the living dead; you want to subvert everything in the future."

Xiao Shixun's eyes were cold.

Wu Yinyang and Grand Master Taiyi were also unbelievable.

Ye Fan listened quietly, knowing that the Xiao clan was not well-intentioned, it turned out to be such a wolf ambition.

Behind the corpse man organization, there is the support of the Xiao royal family.

It is no wonder that over the past few decades, the high-level efforts of the country have not been completely successful.

only.

Where is Xiao Shixun's confidence to subvert the world?

Can a family and a force fight against a superpower?

Daxia's power is terrifying.

Or could it be said that Xiao Shixun cooperated with the martial arts world, and Wu Shentong also joined his camp?

Ye Fan thought it was impossible.

Wu Shentong is a hero, but he would never do such a thing.

Xiao Shixun is a traitorous hero.

The hero and the traitor are different.

"Xiao Shixun, your ambition is so obvious, don't you know when you go to the summit? Are you really the one who can hide it from everyone?"

"Wu Yinyang, Taiyi, are you sure you want to be with this sinner?"

Ye Potian scolded him angrily, and his momentum was like a rainbow.

The two overlords are uncertain.

If what Ye Potian said is true, then Xiao Shixun is really a heinous sin, and if they mix with Xiao Shixun, they will really be dead in the future.

"Duke Xiao, what Ye Gong said is true?"

"What do you think."

Xiao Shixun coldly snorted, "Ye Potian's words will make you doubt me. Are the two suzerains so cheating?"

Grandmaster Wu Yinyang and Taiyi were shocked.

Ye Potian smiled and said: "Xiao Shixun, you are still pretending. No matter, you are looking for death by yourself, and the truth will naturally surface in the future. You want to kill me, nothing more than my body training method, you want to take the path of physical invincibility. "

"You also know that the physical body is the root. The physical body is invincible and can push everything horizontally."

Ye Fan deeply agrees with this point.

Once learning art from the master, the first thing is to train.

The body is the foundation of human beings.

All power comes from the body. To be invincible, the body must be forged to the extreme.

Ye Potian's physical body has been forged to the limit of human beings, plus the realm of the third peak Grandmaster of the Transformation Realm.

In the martial arts world, very few are his opponents.

I am afraid that the martial arts are inferior.

The first person in the martial arts world should be Ye Potian!

Ye Fan continued to wait. Now there is no time to take action. He still wants to hear more secrets.

"Ye Potian, I don't need to kill you and call out the body refining method." Xiao Shixun said deeply.

"The two sect masters, Ye Potian's mastery of body refining methods are very advanced, they were once obtained in an ancient ruin in Daxia. The body refining methods of Master Heng Lian in the Wild Continent are not comparable to him."

"I am willing to share with you when I get the body refining method."

"really?"

Wu Yinyang and Grandmaster Taiyi's eyes brightened.

There is no doubt that being physically strong can increase life expectancy.

People in the Wild Continent generally live longer than the outside world, and the life span of Master Heng Lian can generally exceed one hundred years.

Big bosses like Wu Yinyang and Grand Master Taiyi have power, wealth, and resources, and stand at the top of the world. Who doesn't want to live longer.

In particular, Grandmaster Taiyi, who has been in the old age, has no hope of improving his martial arts realm, but he has to try the way of refining his body.

"Invincible little friend."

Suddenly, Xiao Shixun looked at Ye Fan and shouted, "If you are willing to take action together, I am willing to share the Siamese method with you."

call.

Ye Fan strolled over.

That otherworldly temperament caused Ye Potian to look sideways, and asked: "Boy, you are very strong, much better than these craps. I have never heard of an enchanting villain like you. Tell me, where is your mentor?"

"You can speak."

"Haha, what a frivolous kid. Come on, kid, let's play a game. Those \*\*\*\* are not qualified to be my opponents."

Ye Potian howled wildly, his breath was in full swing.

Just like the sun at noon, it was fiery and wild, and there was a trace of decay.

"How deep is this old guy's background, he is still so fierce." Xiao Shixun gritted his teeth secretly, extremely jealous.

"Okay, I'll fight you."

Ye Fan stepped forward and burst into momentum.

That invincible confidence was exposed, shocking the three of Xiao Shixun, and terrifying the three monsters.

At this moment, Ye Fan broke out in an all-round way.

For a long time, Ye Fan has not been so hearty.

A gleam of light flashed in Ye Potian's eyes, and then he laughed wildly: "Come on boy, if you can defeat me, I will hand over the body refining method."

Chapter 455: Grandfather and grandson fight!

Ye Fan and Ye Potian didn't have any ink marks. They said they would fight against each other, and they didn't even have a chance to speak to Xiao Shixun.

"This kid!"

Xiao Shixun's eyes flickered.

A character like him, a simple generation, has experienced countless winds and waves, has a high position, has seen countless people, is old and cunning, has a deep mind, and has amazing eyesight.

Although Ye Fan played well, Xiao Shixun still felt something was wrong.

Even Xiao Shixun squeezed the super thunder crown in his hand and wanted to just throw it out, exploding "Invincible" and Ye Potian to death.

It's a hundred, and it's neat and tidy.

In the end, Xiao Shixun held back.

He is paying close attention to see if "Invincible" is actually fighting Ye Potian, or pretending to be acting.

"boom!"

When it came up, it was a big collision.

"Dragon Fist!"

Ye Fan's shot was overwhelming, and the dragon's chant was shocking and intriguing.

"What kind of martial skill is this? Is it a superb martial skill!" Master Wu Yinyang and Taiyi shocked.

"Hahaha, good boxing."

Ye Potian laughed and waved his meat fist to greet the dragon fist.

Rumbling.

I only saw that Ye Potian blasted the Gangqi Dragon Fist, then slammed in front of Ye Fan and launched a fierce attack.

Every move is very vicious, a killer move.

Xiao Shixun gradually relaxed his vigilance.

"Boom!"

Ye Fan and Ye Potian fought close.

The physical collision was extremely fierce.

The Wu Yinyang trio didn't expect Ye Fan's body to be so powerful, and even the three monsters roared, their big eyes shining with fear.

"boom!"

After fighting for hundreds of rounds, the two punched each other.

The air exploded continuously.

Flying sand and rocks.

"Um?"

Ye Fan frowned suddenly and his heart contracted because he found that Ye Potian was quickly writing something on his palm.

Just a second, a few words.

But then, every time he collided, Ye Potian wrote a few words.

Ye Fan recognized it earnestly and remembered it in his mind.

He discovered that Ye Potian was telling him a secret...

"Fan Tianyin!"

Ye Fan squeezed his hand and made a golden seal.

The momentum of the carrier is suppressed.

"Another martial skill!"

Wu Yinyang and Grand Master Taiyi screamed, unbelievable.

There are not many door-to-door martial arts, and the excellent martial arts are rare.

Unexpectedly, two doors were displayed at once.

Ye Potian was shocked.

Fan Tianyin's suppression made him feel the pressure.

"Break it for me!"

Ye Potian howled violently and waved three punches one after another, exploding Fan Tianyin.

"boom!"

The gas exploded and set off countless sand and gravel.

At the moment of blocking his vision, Ye Potian's eyes changed when he looked at Ye Fan, becoming very pleased, and he nodded slightly to Ye Fan.

Ye Fan nodded in response.

He knew that Ye Potian knew that he was of the Ye Royal Family's blood.

Ye Fan was not surprised at this.

Perhaps Ye Potian had been paying attention to him a long time ago.

Swish.

Ye Potian quickly wrote words on Ye Fan's body, and then fought with Ye Fan again.

"Boy, if you are brave, you should also give me a try."

Ye Potian shook Ye Fan with a palm, and then his aura surged, all converged, turning into a giant hammer.

Ye Fan felt as if some terrible power had fallen from the sky, trying to hammer him into flesh.

"Sky Shake!"

Ye Potian spit out three words.

boom!

In an instant, the great hammer appeared all the time.

Before the Wu Yin Yang Gang gasified into a giant knife, 40 meters long, very spectacular; however, the giant hammer shaped by Ye Potian must be nothing short of a witch.

Ye Fan raised his head.

In sight, the giant hammer on that side was too big, like the Milky Way in the night sky.

It's a hundred feet long.

That is the handle, and the hammer head is more like a small mountain bag.

Thick and powerful.

Unmatched in might.

What shocked Ye Fan even more was that the Sky Shaking Hammer was one of the nine-day stunts.

How could Ye Potian do!

Could it be that.....

At this moment, Ye Fan's eyes widened.

Is Ye Potian related to Master? Otherwise, how could it be possible to shake the martial skill of the Sky Hammer.

Must know the master.

"Here is the kid!"

Ye Potian's eyes were like electricity, thunder shouted, and a gust of wind was set off.

boom!

The hammer fell straight down.

"withdraw."

The three Xiao Shixun retreated frantically in fright.

The three monsters also screamed and fled towards the distance.

"hold head high."

Ye Fan opened his mouth and uttered a dragon chant, the muscles all over his body were swelling, and his white clothes were torn apart by the strong wind.

He stared at the hammer falling.

"Boom."

He actually used his body to resist.

This blow.

The number of 300 meters in the radius was cut off by the aftermath, and in the center of the battlefield, a large pit with a diameter of 30 meters appeared.

"What about people?"

The three of Xiao Shixun returned and found that Ye Potian was nowhere to be seen.

"Damn it, let him escape."

Xiao Shixun gritted his teeth.

Wu Yinyang said: "Invincible is gone."

"No, there."

Grandmaster Taiyi pointed to a black hole in the middle of the big pit.

The three drove past.

Sure enough, I found that "Invincible" was in the black hole, scarred and bloody.

Wu Yinyang said: "This kid is not dead, he is really an evildoer, his body resisted this blow to shake the hammer!"

Grandmaster Taiyi also struck a spirit and said, "The future of this son is limitless."

Xiao Shixun's expression changed.

At this moment, he can completely kill Ye Fan.

Although there was no evidence, he always felt that Ye Potian had something to do with "Invincible".

"Roar!"

at this time.

Three monsters came to kill, but for some reason, they attacked Xiao Shixun's trio.

"What crazy!"

Xiao Shixun shouted angrily, but the three of them were the opponents of the three monsters, and they were defeated steadily.

Wu Yinyang said: "We have to withdraw, and we will die if we stay."

Grand Master Taiyi also persuaded: "Duke Xiao, Duke Ye flee, this time I will definitely not be able to catch them."

"What about the kid?"

Xiao Shixun asked that he wanted to take Ye Fan away.

Wu Yinyang said: "It can't be saved, the monster looks like that kid. That's right, the kid is so strong. These monsters will benefit infinitely if they swallow it."

"Withdraw."

Grandmaster Taiyi was the first to leave.

"go!"

Wu Yinyang once again used "Slaying God with One Slash" to split the two monsters into flight, and shouted to Xiao Shixun.

Even if Xiao Shixun was unwilling in every possible way, he could only leave.

Two monsters chased and killed, and one monster was guarding the black hole.

After half an hour, the two monsters returned.

at the same time.

Bai Zhan, Luo Hong and Chaos appeared, followed by Meatball and Xiaojin.

Unexpectedly.

Three monsters rushed forward and lay on the ground.

"What's the matter?"

Bai Zhan and Chaos are puzzled.

Luo Hong shook his head, "I don't know, these monsters don't seem to hurt the meatballs."

Just now.

Ye Potian used the sky-shaking hammer, and the three monsters fled.

It happened to encounter the three hidden Luo Hong and two small beasts; I thought that they were in a disaster, but I didn't expect that the three monsters not only did not attack, but showed kindness.

The reason is all with meatballs.

After that, the meatballs yelled a few times, and the three monsters rushed out to deal with the three of Xiao Shixun.

Luo Hong, Bai Zhan and Chaos were at a loss.

"Jiji."

Meatball was very proud, sitting on Xiaojin's head with his head held high, majestic.

The three monsters roared a few times.

That posture, like a knight guarding the princess, makes people feel incredible.

Luo Hong did not delve into it, but came to the black hole and happened to see Ye Fan crawl out of the black hole.

"Brother Fan!"

"Boss!"

The three were very worried, because Ye Fan was seriously injured, dripping with blood, and one arm was dislocated.

But Ye Fan laughed.

It looks so refreshing, it seems to have gotten some great benefits.

Chapter 456: Missing

Ye Fan did get great benefits.

In the end, Ye Potian's move, "Sky Shake", was definitely not to hurt him, but to temper his body.

"Unexpectedly, there are still some weaknesses in my physical body, all of which have been revealed after the temper of the Sky Shake Hammer."

Ye Fan looked at his body with ecstasy in his heart.

Don't be afraid of weaknesses. In fact, this is a very exciting thing, because there is a goal to strive for.

The state of being invincible in the world is actually uncomfortable.

Ye Fan can conclude that as long as he polishes all these weak points, his physical strength will increase a bit.

This is more than the main thing.

What shocked Ye Fan the most, and even gained a lot from Tian, was that the words Ye Potian wrote to him contained a lot of misin.

"The Xiao family's wolf ambition is an attempt to subvert the world and control the world; in addition to building an army of the living dead, there is also a secret high-tech research base."

"The advanced Hongmeng chips manufactured by Mom and Dad were targeted by the Xiao royal family. It is necessary to use Hongmeng chips to complete the experiment of high-tech weapons. Once it succeeds, it will kill the creatures."

"The Hongmeng chip obtained by the royal family of Xiao is incomplete."

"..."

Ye Fan sorted out his thoughts.

Everything suddenly became clear.

In order for Hongmeng chips to create a high-tech weapon to subvert the world, the Xiao family dealt with the Ye family in Changning. Their parents were forced to jump off the building and the Ye family in Changning was destroyed.

However, the parents had been prepared long ago, and the Hongmeng chips obtained by the Xiao family were incomplete.

"Then where is the other half of the Hongmeng chip? Who did the parents give it to? Ye Potian doesn't know, it must have not been handed over to the Ye royal family, who owns it?"

Ye Fan thoughtfully.

Suddenly.

There was a flash of light in his mind.

When he was young, he and the Meng family had a baby kiss.

At that time, the head of the Meng family was Meng Cangwu.

Later, the Ye family in Changning was destroyed, and his parents jumped off the building. Not long after, Meng Cangwu died suddenly in the capital, and even his daughter was missing.

"Is this too coincidental."

Ye Fan seemed to have caught some clue.

"Will parents give the other half of the Hongmeng chip to Meng Cangwu, and Meng Cangwu pretended to die suddenly in order to protect the chip."

"Will Meng Cangwu still live?"

Ye Fan felt that when he returned to Daxia Capital in the future, it was necessary to have a good talk with Meng Canglan.

He is Meng Cangwu's younger brother, maybe he knows something.

"Brother Fan."

Luo Hong waved his hand in front of Ye Fan's eyes and asked, "Are you okay, what are you talking about to yourself."

"fine."

Ye Fan shook his head and came back to his senses.

After adjusting his breath for a while, he smiled and said, "This time I have gained a lot. In addition to communicating with Ye Potian, he also got the secrets of body refining."

Chaos eyes lit up, he was taking the path of body refining, and asked: "Boss, Ye Potian really gave you the secret technique of body refining."

"Yes, he gave me a location, in an ancient relic in the Northern Wilderness of Daxia, I will look for it in the future."

The four borders of Daxia:

Eastern soil, southern Xinjiang, western border, and northern wilderness.

The four frontier commanders are the four great masters. Before the Northern Wilderness was the commander of the Northern Lianghou Li Ce, Li Ce was beheaded by Ye Fan, and now the dragons have no leader.

The Daxia high-level, unexpectedly did not canonize the new Lord Hou, which caused some instability in the Northern Wilderness.

This is very weird in the eyes of all countries in the world.

This matter will not be mentioned for the time being.

Ye Fan's conditioning for a while, nothing serious.

He looked at the three docile monster kings, then looked at the meatballs, and stood up: "The world is amazing. It seems that after swallowing the Rank Nine Golden Core, this big fat rabbit will transform into an incredible point."

"Jiji."

Meatballs jumped up from Xiaojin's head and onto the head of a monster king.

Ye Fan said: "What do you mean? Are you going to stay in the abyss of sin?"

"Jiji."

Meatball nodded humanely.

Ye Fan and Luo Hong glanced at each other and were shocked, but at the same time Ye Fan was also very happy.

If the meatballs can really become the "emperor" of the abyss of evil, surpassing the king of all monsters, and rule the abyss of evil, that would be incredible.

"Will they not hurt you?"

Luo Hong reluctantly asked, asking.

The meatball shook his head.

There were tears in his big eyes, and it seemed that Luo Hong was very reluctant to bear it.

"Everyone has his own life, and you are the same. I will not force you to follow me. If you want to stay, then stay. I will visit you often. I also hope that you can become the emperor and rule everything."

"Jji."

The meatball held his head proudly.

Then, it pointed to Xiaojin, which seemed to be saying, let Xiaojin stay.

"Oh?"

Ye Fan looked at Xiaojin.

"Moo."

Xiaojin's call was also full of willingness.

Ye Fan held his forehead and smiled bitterly: "Just leave it with you. You belong to a different species and should not be raised in captivity. This abyss of sin is cruel, but it is also the best place for you to grow up. I hope you will become stronger!"

"Roar."

The monster king roared and left with the meatballs and Xiaojin.

Ye Fan didn't know how many people.

This parting, and seeing each other in the future, the two little guys have grown into towering trees, they are not the same.

"Brother Fan, are you really okay? Why don't you find a place to rest." Luo Hong looked at Ye Fan's body full of blood, worried.

"It's okay, it's all skin injuries."

"Boss, let's leave the abyss of evil now? Since the monsters don't attack us, why not pursue it and find Ye Gong." Bai Zhan suggested.

Ye Fan shook his head and sighed: "There is no need, he has told me everything he should tell me, and there is nothing to say when we meet again."

"Withdraw."

Ye Fan took a deep look at the direction of Ye Potian's departure, and then the group of people left here.

A quarter of an hour later.

A figure turned back, and it was Ye Potian.

He was full of joy, his eyes were filled with relief, and he murmured to himself with his beard, "Little guy, he has grown to this point. It's a pity, it's not enough. Not only Xiao Shixun and the royal family of Xiao, but there are also a few terrifying places in the world. The secret forces are planning this."

"You have a mission on your back, and you can't avoid it. What should come will always come, and I hope that before the arrival of the catastrophe, you have enough background to meet it."

"I can't help you much. That body-refining secret is the last way. If you can't take that step, everything will eventually be empty."

Ye Potian looked up to the sky and sighed.

He has come to the end in the martial art realm and the path of refining the body, but it is not enough, and he can't take that step.

Then there is no way to turn the tide in the catastrophe.

"I still have something I should do. The Xuanyuan royal family, the four ancient saints, Tang Laoxie, Da Ge Lao, and even the monarch are all preparing."

"The Eagle Country (referring to the beautiful country, which is replaced due to audit reasons) is also preparing. There are warriors in Daxia, and body refiners on the wild continent. They have..."

Ye Potian's face was solemn.

As the two largest superpowers in the world, how can Eagle Country be simple, they also have secret masters.

Huh!

Ye Potian flickered and disappeared into the mist, no trace.

...

Ye Fan and his group stopped and went.

The Abyss of Evil has infinite resources here, and it's hard to come here once, so naturally you can't come back empty-handed.

Three days later.

They left the abyss of sin.

On the cliff, the sky crane has been waiting.

The fighter plane was driven away by gluttonous and gluttonous fighters three days ago.

Ye Fan didn't contact the Tianzun Hall headquarters, but led the three people of Chaos to practice hard, and the direction was the Zixia Mountain Range.

Min Dong said earlier that the Ying Nation War Department and the Bimeng tribe faced off in the Guna River in order to compete for the Zixia Mountains.

There are ancient relics, good fortune, and countless resources in the Zixia Mountain Range. Ye Fan is definitely going to see it.

Besides, if he wants to perfect the weakness of his physical body, he needs to find treasure medicine and other resources to temper. The Zixia Mountain Range is the best resource place, how can he let it go!

Chapter 457: Zixia Mountains

When Ye Fan and his party rushed to the Zixia Mountains, Daxia Capital, Tiandu, and Murong Ancient Clan.

Everyone was waiting in front of the house.

Not long after, a red flag car drove up slowly, and a middle-aged man came down.

The man is in his early fifties, but his face is very young, with almost no wrinkles, he is very handsome, and his temperament is extraordinary.

The most daunting thing is that the man's deep eyes are cold without a trace.

This person is the patriarch of the Murong ancient clan, the love sage, and Murong forgets love.

"Father."

Murongxi stepped forward.

Murong Wangqing nodded slightly, and said indifferently: "Go in."

Wow.

Everyone parted the road, Murong walked through the crowd, walked into the old house, and came to the middle hall.

"Uncle."

At this time, Murong Huang brought Murongqian's greetings.

Murong Wangqing said, "Are you here?"

"Yes, my father has important matters, so I can't come over. I'll come over and contact you first."

Murong Huang lowered his head slightly and said.

He is nervous.

In front of Murong Wangqing, he felt tremendous pressure.

Even if Murong Wangqing didn't show a trace of emotion, it was also frightening.

powerful!

Very strong!

Murong Huang spontaneously felt awe, and he deserves to be the "saint" conferred by Da Xia, with a terrifying background.

"It's all a family. It's already a sin to wander outside for decades. Come back. Even if I want to be the head of the clan, I can give in."

boom!

The words of Murong Wangqing shocked those in power. ,

Especially Murong Xi, his eyes widened, Murong Wangqing wants to retreat to the position of clan leader? What a joke.

Then he is not the young clan leader, the eldest son. Murong Huang became the young master instead!

"Father, think twice."

"Hmph, you still care about the honorable name of the tribal clan leader, this kind of disposition is hard to become a powerful weapon."

Murong Wangqing reprimanded unceremoniously, showing his dissatisfaction with Murongxi.

Everyone in the family was there, hundreds of them, and Murong Xi was publicly reprimanded with burning cheeks.

"Thirty years old, and haven't broken through to the realm of the master, Huangfu family, Dugu family, Sima family young master, which one is not better than you."

Among the four ancient tribes, in addition to Murong and Huangfu, the remaining two are the Dugu and Sima ancient tribes.

Love Saint Murong.

Painted Saint Huangfu.

Book Saint Sima.

The Dharma Sage alone.

The four ancient tribes and the four saints.

"Father, I..."

"I heard that you and Ye Fan had a holiday, for one to dominate?"

Murongxi nodded and said: "Yes."

Murong Wangqing said again: "Little Wu Wang of the Martial God Temple, Tuoba Xuan of the Tuoba Family, Miao Feixian of the Miao Family, etc., I have already asked Ye Fan that the matter is no longer wrong. I want to retaliate, not in compliance with the rules!"

Puff through.

Murongxi knelt down immediately in a cold sweat.

Unexpectedly, as soon as Murong Wangqing came back, he would interrogate him in front of those in power.

Murongxi knew his own attributes.

He was selfless, even without a trace of emotion, to deal with things. It is precisely because of this that he was entrusted with the important task of being the head of the law enforcement hall.

"Father, the child knows wrong."

"Go to the Northern Wilderness."

"what?"

Murong Wangqing said: "Huangfu, Sima, the young master of Dugu, and the genius children have all gone to the Northern Wilderness."

"The Northern Liang Hou Li Ce was beheaded, the Northern Wilderness has no heads, and Shangfeng has no intention of canonizing a new coach. The Northern Wilderness is becoming increasingly chaotic."

"In fact, that is the battlefield that Shangfeng wants to open up to prepare for the future world war. You will go to experience it in advance. The Northern Wilderness has abundant resources and endless good fortune. There are already pioneers who have been made for good and improved strength."

After Murong Wangqing finished speaking, he looked at Muronghuang and said, "You go too, and all the children of my clan can go to experience."

"Fighting with people is full of joy."

"Wait, don't defeat my Murong clan's face, and promote my clan style in the Northern Wilderness."

Murong Huang and Murong Xi clasped their fists and solemnly said, "Yes."

Not for a while.

Murongxi and Muronghuang took the lead, and the younger generation of Murong ancient people left Tiandu and flew to Beihuang.

And Murong Wangqing came to the law enforcement hall.

Wu Shentong and the law enforcement elders have been waiting for a long time.

"Brother Murong."

"Master Wu."

Murong Wangqing opened the door and said, "Ye Fan has left Daxia in secret, right?"

Wu Shentong smiled and said: "Sure enough, I can't hide the hall master."

"I can't think of this. Isn't it too stupid. I will not make an announcement to the martial arts community for the time being. I said that the case is confusing and the law enforcement hall is still investigating. Ye Fan is temporarily detained and extended indefinitely."

"good."

Wu Shentong nodded, and then asked, "Brother Murong looks very anxious. He just came back and left?"

"An accident happened to the painting saint."

Suddenly, the martial arts power and the elders' eyelids jumped wildly.

Who is the painting saint? The oldest of the four saints, he is almost 70 years old, and he is a person of the same age as Ye Potian and Xiao Shixun.

The other three saints are all shorter than him.

"What happened?"

Murong Wangqing waved his sleeves.

The elders retreated wisely, only two people were left in front of the hall.

"I don't know, I'm crazy." Murong sighed Wangqing, "I came back to see the Lord, and talk about painting the saint and the Brahman."

Wu Shentong frowned and said, "Brahman, isn't it always on the side of Shiwan Dashan? I monitored the martial arts world, and I didn't find a Brahmin walking around."

"I investigated some things. The Brahmin and the corpse organization are very close. If the Brahman supports the corpse organization, it will be very troublesome. Brahmin Lord, you should know that I am not an opponent, only Brother Dugu can compete with it. "

Dharma sage, Dugu seeks defeat.

The first saint.

Even if it is the martial arts power, there is some admiration when it comes to Duke Dugu.

In fact, the title of "the first person in the martial arts world" should belong to Dugu Qiuqiu.

However, the ancients did not enter the martial arts realm, and it was the meaning of Shangfeng to draw a clear line, including the seven royal clans, the same.

Therefore, the Wushen master was named "the first person in martial arts".

Of course, this does not mean that Wu Shentong is a parallel import.

Even if he couldn't defeat overlords like Dugu Qiuqiu and Ye Potian, it would be difficult for the opponent to defeat him.

At this time, Murong Wangqing looked at the martial arts power, and said: "Your'Da Ming King Golden Body' has not been practiced. If you practice it, you will not be afraid of the Brahmin Lord."

The golden body of King Daming, this is a secret technique for refining the body mastered by the martial arts power.

Once trained, the strength of the martial arts power will skyrocket, and it will become the master overlord, comparable to Ye Potian and Dugu Qiuqiu.

"The Miao family seems to have something to do with Brahmins." Wu Shentong said abruptly.

"I know." Murong Wangqing was not surprised, "Miao Feixian, the son of the Miao family, is a disciple of the Lord Brahmin."

"This happened!"

Wu Shentong's eyes flickered, quite unexpectedly.

"Tsk tusk, it's really complicated. This Brahmin master is not simple. I don't see just Miao Feixian, the entire Miao family is Brahmin, and the Miao family is in his capital."

"These are not important. The Miao family dare not toss over any big waves. I have to see the lord and discuss the two things of Brahman and painting."

"It's not easy to see the Lord. The old man went to see the Lord a while ago, and he hasn't come back yet, and there is no news at all."

"I'll wait for a few days. If you don't see it, you have the opportunity to talk to the Lord about these two things."

Valkyrie Channel: "So anxious?"

"I have to go to Miaojiang. See if I can see the Brahman Lord. By the way, destroy a stronghold of the Corpse Organization in Miaojiang."

Murong Wangqing's face was cold.

After a while, he left.

Wu Shentong stood in front of the law enforcement hall, silent for a long time.

In the dark, he smelled a sense of tension, as if the catastrophe was about to come.

"Time is tight, and I must train to become the golden body of King Daming as soon as possible. Only in this way can I be hegemonic in the future."

"The battlefield of the Northern Wilderness has been opened up. It should be the Lord who did this in order to attract the attention of the nations of the world. Will the Great Tribulation erupt from the Northern Wilderness in the future?"

Wu Shentong muttered to himself.

After a while, he issued a notice to the martial arts world, conveying the meaning of Murong Wangqing.

At the same time, it is recommended that all major sect disciples go to the Northern Wilderness to practice.

the following few days.

The sky in Daxia is very lively.

Countless fighters drove to the Northern Wilderness, and countless evildoers, geniuses, casual repairers, and strong men gathered in the Northern Wilderness.

...

Wild continent.

After a seven-day trek, Ye Fan, Chaos, Bai Zhan and Luo Hong finally saw the Zixia Mountain Range from a distance.

"gorgeous!"

Ye Fan stood on top of a treasure mountain.

As far as I can see, it is a purple glow, shrouded in the mountains, adding a lot of mystery.

On the other side, there is a big river.

Guna River.

You can see the large military camps stationed on both sides of the river, which are the warheads of the Eagle Kingdom and the Bimon Kingdom.

Both sides are hundreds of thousands of soldiers and horses.

Farther afield, people from other countries, kingdoms, and tribes are all here to wait and see.

"Boss."

At this time, Min Dong rushed over.

There are also some people stationed in the Tianzun Temple in this generation. Min Dong got in touch with Ye Fan early and knew that Ye Fan would come over.

"Qingqi is all right?"

"It's okay. I woke up a long time ago and is recovering. Taotie and Yingtao are in the headquarters, and I'm sitting on the Guna River now."

Ye Fan looked at the Guna River in the distance and asked, "What's the situation now?"

Min Dongdao: "The probability of a full-scale war is not high. Although the Eagle Nation War Headquarters, the strength of the Bimon Kingdom cannot be underestimated. In addition, there are other countries and tribes eyeing each other, and the two sides cannot make a big fight."

"However, little friction continues."

"Both sides sent some teams into the Zixia Mountains, with friction and damage. At present, other forces are also quietly sending teams into the Zixia Mountains. The competition in the mountains is fierce."

Suddenly, Min Dong reminded: "It's worth noting that Eagle Country dispatched a supernatural power this time."

"stranger!"

Ye Fan was slightly surprised.

There are warriors in Great Xia, and as one of the superpowers, Eagle Nation must also have the power to contend with, they are superpowers.

certainly.

In the movie, the ability to destroy the world at every turn, change things out of thin air, release flames, and energy cannons does not exist.

Once, Ye Fan fought against the eagle country supernatural power.

The vast majority of people with supernatural powers are perverts in power.

In addition, the biochemical research of Eagle Country can also evolve these supernatural beings and improve the genetic code.

The supernatural being is completely different from the Great Xia warrior.

The martial artist cultivates on his own, everything depends on himself, and his genes will not change.

Those with supernatural powers are born with genetic mutations to master powerful abilities.

Through the research of the genes of these supernatural beings, the Eagle Country has produced biochemical potions that can be improved, which is like practicing with a warrior to improve the realm.

The improvement of the power of the superpower depends on biological medicine.

The abilities of Eagle Country are divided into six levels from high to low: SSS, SS, S, A, B, and C.

The analogy to the realm of martial arts is--

C level is equivalent to the entry to martial arts; B and A levels correspond to the realm of martial arts external power and internal power.

S-level, equivalent to the master of martial arts.

Starting from this level, the superpowers are called "superpowers". Just like the grandmaster in Daxia, the superpowers have an extraordinary status in the eagle country.

SS and SSS can be compared to the second and third strongest in the world.

"What is the level of the eagle nation this time?"

"I heard that there is an SSS-level superpower, and he is extremely young. He is the evildoer of Xueyang in Eagle Country, and he controls a variety of abilities."

"Multiple abilities?"

Ye Fan came interested.

Generally speaking, an ability person can only awaken one kind of ability.

Because multiple abilities are awakened at the same time, too many genetic mutations, there will be life-threatening.

"interesting."

"Lao Min, you can continue to sit on the Guna River. Let's go to the Zixia Mountain Range. If we can catch the SSS-level superpower and bring it back to study the genetic code, that would be a huge gain."

"How is it possible that those with supernatural powers have implanted human bombs, and once they are intimidated, they can explode themselves. They have been brainwashed since they were young and are only loyal to Eagle Country." Min Dong shook his head.

"How can I know if I don't try!"

The corner of Ye Fan's mouth raised, greeting the three of Chaos to float away...

Chapter 458: The situation has seriously escalated!

Guna River.

This is a large river that is eight hundred miles long and has a maximum width of three hundred meters.

On both sides of the river, there were row upon row of black and heavy camps, and a strong murderous aura shrouded the sky for hundreds of miles.

There is a bridge over the Guna River.

At that time.

In the pavilion in the middle of the bridge, there are several voices, which are the heads of the Eagle Nation War Department and the Bemun Kingdom.

The commander of the Eagle Nation War Department, Williamston, the commander of the Kingdom of Beacon, Meng Chuan.

Williamston is very burly, and the majesty of a strong superior. After all, in the wild continent, he dominates the millions of heroes of the Eagle Nation War Department, and the aura accumulated over the years is fascinating.

At the same time, Williamson himself is a power-type supernatural player, punching through the steel plate with one punch is not a problem, and the strength of his body is not to be underestimated.

Compared to Meng Chuan, Williamston's body is very thin.

The Bimeng tribe, a natural warrior, was born with a strong physical body, and the body is naturally very burly.

Meng Chuan is two meters and five meters tall, like a black bear, his thighs are almost as thick as some women's waists.

As the commander of the Kingdom of Beamon, Mengchuan himself is a master of horizontal training, and his aura is equally mighty and fierce, making people fearful.

The two of them can be said to be the top big figures in the Wild Continent.

Stomping his feet, the mainland was shaking.

Meet now.

"Mengchuan, we are also old opponents, don't talk nonsense, I hope you withdraw immediately."

"Although you are stronger than the Meng Kingdom, compared with our country, you are nothing but ants. If you didn't want the countries that looked at them to take advantage of the fishermen, I would have destroyed your 300,000 horses."

Williamston is not polite, his brows are full of arrogance, and he doesn't pay attention to Mengchuan and the Kingdom of Beamon at all.

Faced with such humiliation, Mengchuan calmed down and said coldly: "My Bimeng Kingdom has lived on this continent for countless years, and it has been prosperous forever. How long has your Eagle Kingdom been established, you just talked about destroying us. It's ridiculous. Extremely!"

"William, I already know that the 'Peace Defender' has been delivered, so you have such confidence to talk to me."

Williamston was taken aback.

The Defenders of Peace are the two most advanced missiles in the Eagle Nation.

One is the militia series of missiles; the other is the defender series.

Because this kind of intercontinental ballistic power is too terrifying, a long time ago, some powerful countries such as Eagle Country and Daxia reached some kind of agreement with the kingdoms of the wild continent——

The most advanced thermal weapons of any country shall not be stationed on the wild continent.

However, due to the importance of the Zixia Mountain Range, the Eagle Country's internal planning has allowed the "Peace Defender" to be quietly transported.

This news is confidential.

Even in the Eagle Nation War Department, only a few people know about it.

How did Mengchuan know!

"Surprised?"

Meng Chuan sneered, "Don't underestimate the kingdom of the wild continent, you will die miserably. It's a pity that the intercontinental ballistic, known as the defender of peace, is used to make killings, and it turns out to be a world bandit."

"presumptuous!"

Williamston was furious.

In this brief confrontation with Mengchuan, when Mengchuan said "the defender of peace", he lost.

Williamston was furious, holding back his anger, and shouted: "Meng Chuan, it seems that you don't want to withdraw. Very well, then you will be at your own risk."

"Our country's superpowers have entered the Zixia Mountains. The elite teams of your kingdom are waiting to be hunted."

"By the way, I heard that in your team entering the Zixia Mountain Range this time, there is a genius prince who is suspected to be the heir to the future kingdom; besides, your son is among them."

Meng Chuan frowned, murderous.

Williamston sneered: "You and them are safe, don't encounter our superpowers."

"The so-called supernatural beings are nothing more than changing the genetic code and using potions to cultivate monsters that are neither human nor ghost."

Mengchuan was full of disdain.

"A body training team, and even Da Xia's martial arts, all gain powerful strength through self-cultivation."

"This is the right way!"

"The super power is definitely not the opponent of the horizontal training master and the martial arts master. Commander William, I think what should be worried about is you, you super powers who have worked so hard to cultivate, don't be hunted clean by my son and the prince. ."

Mengchuan and Williamston faced each other, their momentum collided, a gust of wind was set off, and a huge wave was rolled up.

The Guna River is more surging.

...

Zixia Mountains.

Ye Fan and his party have entered.

"Sure enough, the resources are abundant."

Ye Fan sighed that many precious medicinal materials were seen along the way, and the prices were not low in the secular world.

Fierce beasts also exist.

Bai Zhan slammed and killed a fierce beast, punching a hole in the ground, and unexpectedly found some gold stones.

Opened up completely, it is a small gold mine of about five cubic meters.

There are really treasures everywhere.

"Give it to someone destined."

Ye Fan is not interested in gold mines, and everyone is not interested. It is impossible to take it on the road, it can only be discarded.

The group of people continued to move forward and gradually went deep into the Zixia Mountains.

The temperature began to drop sharply.

"Huh!"

A lightning leopard flashed past.

The leopard is known as the sprinter of the animal kingdom. As a fierce beast, the lightning leopard, as its name suggests, is faster.

Swish...

Probing frantically on the edge of death.

"Crack!"

Chaos grabbed the Lightning Leopard in one hand and broke his neck directly.

"Why your sister."

Chaos curled his lips and threw away the body of the Lightning Leopard.

He took the path of refining the body, how terrifying his physical explosiveness, speed, insight, agility and other qualities, much better than Bai Zhan and Luo Hong.

The Lightning Leopard "swish" in front of Chaos, isn't that looking for death?

"I can smell the \*\*\*\* breath, here, go." Ye Fan greeted him and drove in one direction.

Several people in Bai Zhan followed closely behind.

Less than three minutes after they left, a few quick figures appeared here.

One of the women walked up to the body of the lightning leopard, her eyes flashing with anger: "Who is it that killed my pet!"

This woman has short blond hair, a high nose, and a deep face. She is obviously a native of Eagle Country.

These people are super talents.

"It was killed in one blow, and the neck was broken. This shows that the other party easily caught the Lightning Leopard." A man wearing glasses analyzed.

"Only a half-step horizontal training master can have this level. It seems that it is Prince Bemun and the son of the handsome." A big man said, his eyes flashing with excitement.

"Their breath is here." A dark-skinned woman in the team spoke, pointing to the direction Ye Fan was leaving.

"The hunt begins!" The last young man licked his lips with a cruel smile on his face.

There are five people in this team:

The captain is a man with glasses, an A-level ability. Twenty percent of the development of the brain, with super insight and analysis capabilities, you can see the enemy's weaknesses, and formulate battle plans at any time.

Golden Retriever woman, A-level ability person, ability is to tame the beast. The Lightning Leopard is her tamed beast pet.

A burly man, A-level power type ability.

Black woman, B-level ability, ability is to track and disturb the mind.

The last handsome young man is an S-level super genius.

Five people form a standard ability team, with defense, offense, analysis, tracking, deployment...

All aspects are complete, almost no shortcomings

This is also the continued combat arrangement of the Eagle Nation.

Unite and cooperate to ensure impeccable.

On the one hand, it can crush the enemy, and on the other hand, it can also reduce the casualties of the superpower.

Cultivating a supernatural person requires huge resources, and death is a big deal.

The annual expenditure of the Eagle Nation to maintain the supernatural powers is simply much more than the military expenditure.

in comparison.

Daxia is very easy.

Except for supervision and stability maintenance, the state does not care much about other aspects.

Resolving the training resources on your own is nothing more than stocking, an attitude of "love to practice but not to practice, and take care of it by oneself".

"Chase!"

The five supernaturalists swiftly pursued and disappeared into the jungle.

Chapter 459: Encounter

"It's another corpse."

"Looking at the costumes, they are from the Wild Continent, they should be the elite team sent by the Kingdom of Beamon."

Ye Fan and his party walked along and saw many dead bodies.

"Look!"

Suddenly, Luo Hong let out a soft cry.

Ye Fan rushed over and found that a burly man was \*\*\*\* and dying. This was obviously from the Bimeng tribe.

"What a strong body."

Chaos patted the corpse and said, "This physical body is outside, and the half-step grandmaster is not necessarily the opponent."

"This arm..." Bai Zhan found a broken pen in the grass not far from the corpse.

"This should be the broken pen of the supernatural person, torn off alive."

"I guess that Bimon also beheaded an ability person. However, the body of the ability person was taken away. The Eagle Nation protects the ability person very tightly, even the corpse will not be revealed."

Ye Fan said, "This is inevitable."

"The supernatural being is mainly the change and upgrade of the genetic code. Once the corpse is obtained by other countries for research, it will be a huge blow to the Eagle Nation."

Ye Fan stood up and said faintly: "The death of a supernatural being and the death of Bimeng is a major event for the Eagle Kingdom and Bimeng Kingdom. This also indicates that the contradiction between the two parties has entered an endless stream. The situation. The Zixia Mountains will be very lively."

Chaos said: "If we can capture a few supernatural beings, even if they are just corpses, it will be of great use. It is also a way to become stronger by changing and upgrading the genetic code. Although I don't know the sequelae yet, I feel that our Tianzun Hall must also master this technique."

Ye Fan nodded and said, "Yes, there is no sword, and there is no need to use a sword, they are two different things."

"Our main goal now is to find people with supernatural powers, and it's best to catch that SSS-level super monster."

at this time.

Ye Fan suddenly looked back, "Someone is coming."

call!

Bai Zhan, Luo Hong, and Chaos left immediately, lurking, and there was no need for Ye Fan to say anything.

This is tacit understanding.

Twenty seconds later, five figures appeared in front of Ye Fan.

stranger!

Ye Fan was overjoyed.

Come whatever you really want.

Moreover, these five supernaturalists are invincible, and they are all good research materials.

At this moment, Ye Fan's aura was extremely restrained.

"Just one person?"

The power captain was a little suspicious. He pushed his glasses, which was a thermal energy detector, which could detect the surrounding environment, and found some clues.

However, nothing was found.

This is because of anger.

Gang Qi can disrupt the detection of the heat detector, and Bai Zhan and Luo Hong release the Gang Qi to cover them.

"Who are you?"

The ability captain asked.

His brain is running fast, his eyes are like computer machines, scanning and analyzing.

In the end, he discovered that Ye Fan was just a little tougher, and nothing special.

"Who are you?"

"Even our supernatural beings don't know?" The blonde woman snorted coldly, "It seems that you are just a low-level person."

The ability captain said: "How can a low-level person enter the Zixia Mountain Range? He has a problem, kill!"

Good guys.

Ye Fan sighed, this supernatural person is really meticulous and ruthless.

"Huh!"

The next moment, the burly man with the power-type ability appeared in front of Ye Fan, he roared and waved his fist.

Ye Fan saw it.

The big man's arm muscles bulged, his fingers were so thick, his blood was bursting, the explosive power was terrifying.

However, this punch can beat an elephant alive.

However.

For Ye Fan, it was still too weak.

"puff."

Ye Fan flicked his finger lightly, and the big man was hit hard, his entire fist was directly shattered, his arm exploded, and he flew out.

boom!

In an instant, the killing fell again.

'Good combat quality.'

Ye Fan was shocked.

Their companions were seriously injured, these people did not scream, did not hesitate, and immediately cooperated to start the killing, replaced by Bai Zhan, Luo Hong, Chaos, I am afraid that they will all talk about it.

This also just shows that the abilities are well-trained.

"what!"

The black woman opened her mouth and shouted.

Her vocal cords have been mutated and can burst out extraordinary sound waves. This sound wave impacts the brain and can disturb the spirit.

Ye Fan suddenly felt his brain buzzing.

That feeling is like tinnitus, huge tinnitus, covering the whole head, like a blank.

at the same time.

The blonde woman with the ability to train animals also displayed a killer move, and shot a colorful poisonous snake.

This poisonous snake is a fierce beast named Rainbow Snake.

As the name suggests, the body is colorful, and the head is swollen, looks very cute.

But if you are confused by its appearance, you will die miserably.

Compared with the rainbow snake, the poison of the king cobra in the secular world is really insignificant.

One drop of toxin released by the rainbow snake is equivalent to the sum of the toxins released by three hundred king cobras.

Simply put, an ordinary person was bitten by a rainbow snake and was killed within ten seconds, completely unsaved.

It has to be said that these two ability players cooperate seamlessly.

The black-skinned woman frustrated her opponent, and the blond woman took the opportunity to release the rainbow snake. These two abilities were only A-level, but if the martial arts master was careless, they would be succeeded and poisoned to death.

such a pity.

What they met was Ye Fan.

"hold head high!"

Ye Fan's eyes were instantly clear, and he uttered a dragon chant.

"what!"

The blonde woman was right in front of Ye Fan, and at such a close impact, she immediately bleeds from her eyes, her face is pale and shaky.

The rainbow snake also exploded directly.

escape.

A word appeared in the blonde woman's mind.

"open!"

Ye Fan spit out a word again.

The body guard air cover emerged, enveloping the blonde woman.

Ever since.

The blonde woman was desperate, and she couldn't rush out of the hood at all.

"Master of martial arts, the second level of transformation!"

The ability captain screamed.

"withdraw!"

With an order, they wanted to flee.

Disregarding the safety of his companions.

In fact, it is right to do so.

The strongest of them is just an S-rank superpower, able to fight against the first martial arts master of the realm.

The second grandmaster, they have no chance of winning.

When the body guard air shield was displayed, their attacks had no effect.

"I want to escape now, isn't it too late."

Bai Zhan walked out and punched a few times.

The ability captain's face changed drastically, and he quickly dodged the Gang Qi Fist.

"kill!"

The S-rank superpower finally made a move.

"I will meet you."

Chaos suddenly appeared, and banged against the superpower.

He took a few steps backwards, but the superpower flew backwards.

"The strength is good, come again."

"Bastard!"

The superpower is extremely shameful.

He has already seen that Chaos is a half-step horizontal training master, but he is an S-level superpower, and the target is the horizontal training master, how can he be beaten back by a half-step horizontal training.

"If you are looking for death, I will fulfill you."

At this moment, the eyes of the super-powerful person gradually turned red.

This is their unique method, which can stimulate the potential medicinal power in the body and enhance the strength.

Huh!

In an instant, the superpower disappeared.

"Fast speed."

Chaos was taken aback.

After a while, murderous intent appeared behind him, he looked back abruptly and punched, but it was empty.

"Above you."

Superman sneered contemptuously.

He hit Chaos head with a punch. This punch was much more powerful than before. Once he was hit, Chaos head might explode.

At the critical juncture, the corners of Chaos's mouth rose up, and the body twisted strangely, unexpectedly evading the punch at an incredible angle.

"what!"

The super-power is unbelievable.

But the next second, a sharp pain came from his abdomen, it turned out that Chaos hit his abdomen with a punch.

"puff!"

The super-powered blood spurts wildly, feeling that the internal organs are about to be broken.

angry!

furious!

Those who can own an S-level superpower are actually suppressed by the half-step horizontal training master.

"You can not!"

Chaos shook his head contemptuously.

Suddenly, Chaos was terrified, feeling a great crisis.

He noticed that the superpower in front of him had red eyes and bloodshot eyes, and anger and hatred were oppressive, and then he hugged him abruptly.

what's the situation?

"die!"

The superpower spit out a word hoarsely.

His blood-filled mouth cracked open, and he laughed grinningly, his body was instantly hot, and a violent energy rose rapidly...

Chapter 460: Ye Tianzun!

"not good!"

Ye Fan and Bai Zhan's face changed drastically.

At the critical juncture, Luo Hong finally made a move and displayed the "claw of the sky" to capture the superpower.

boom!

Immediately after leaving the chaos, within three seconds, the superpower exploded, the energy wave rippled away, and the trees in a radius of 500 meters were wiped out.

Body bomb.

Horrible!

Ye Fan asked, "Is it all right?"

Chaos shook his head, with lingering fears, "It's really decisive, knowing that I can't leave, I immediately activate the body bomb in my body, and I want to die with me."

"Ahong, thank you. If it weren't for you, I would have died in Huangquan."

"Thank you, my family." Luo Hongbai glanced, then frowned, "The woman with glasses and black skin escaped."

Bai Zhan grabbed the man with the broken arm and threw it on the ground. Both the blond woman were knocked out to prevent the activation of the body bomb.

Ye Fan took the pulse for the two of them, determined the location of the human bomb, and then pierced a leaf, immediately began to cut the bodies of the two of them, and took the bomb out.

"boom!"

"boom!"

Two explosions were deafening.

Ye Fan scolded, "Fuck, the bomb was taken out of the human body, and it exploded automatically. Fortunately, I threw it fast, otherwise it would be finished."

"Now you can wake them up."

"and many more."

Ye Fan stopped Luo Hong. He checked the bodies of the two again, and said, "Let me see if there are any other players. Don't wake up and explode. It will blow us to death. That would be too wasteful."

A quarter of an hour later.

Determined to be safe, Luo Hong woke them up.

"burst!"

The man with broken arm roared immediately.

"Blow your head." Chaos slapped him on the head, slapped him at odds and ends.

"The body bomb has been dismantled."

"what!"

The man with the broken arm and the blond woman touched their bodies and found the wounds, their faces suddenly turned pale.

Ye Fan warned: "Don't think about dying, in front of me, it is not up to you to decide whether to die or not."

This is not to pretend to be garlic.

Ye Fan's medical skills were in hand, and the two of them couldn't die even if they wanted to.

"We are loyal to the Eagle Country, and it is absolutely impossible to want us to betray." The blonde woman said coldly.

"Yes, don't be complacent. The S-level superpowers are only upgraded the day after tomorrow, which is a waste. The real innate S-level superpowers are terrifying and powerful, and you are not opponents."

The man with the broken arm was proud and proud, and said viciously: "Not only that, but there are also innate multiple abilities SSS-level super power evildoers, kill you with a flick of your finger. You can let us go and make a good bond."

"You have a good relationship. You speak Chinese quite slippery." Bai Zhan said jokingly.

"Daxia is one of the superpowers, so Chinese is naturally to be learned. Abnormalists learn things very quickly, and we are proficient in almost all prophecies in the world."

Luo Hong asked, "How many innate superpowers are there now?"

The so-called innate superpower means that the supernatural ability reaches S grade after birth, and this is a true superpower.

Like the superpower who exploded just now, he was promoted the day after tomorrow. Simply put, he went up by taking drugs.

This kind has a certain amount of moisture.

Therefore, chaos can be completely crushed.

If it is an innate superpower, Chaos can draw a tie, which is very remarkable.

"Did not say?"

Chaos fists creaked.

The blonde woman had a cold face and said firmly: "Kill us, we will never betray the country."

"And you?"

Ye Fan raised his chin to the man with severed arm.

The man struggled.

The blonde woman was furious, "Purden, you dare to betray!"

"There is an old saying in Da Xia, those who know the current affairs are handsome, you should know. People, there is nothing when you die. There is still hope in life. It's just some intelligence, it's worth your life?"

"Perhaps one day in the future, these secrets will be released by Eagle Nation, then you are all dead in vain."

Ye Fan persuaded.

The blonde woman sneered: "If you die, you are not afraid of death. Don't want to confuse us. Puten, don't forget, your relatives are under the control of the state. If you betrayed, your family will be executed."

Puten is a joke.

A hint of anger flashed in Ye Fan's eyes, and he shouted: "This deity is so good to persuade you, you really don't know good or bad."

"Tianzun Temple has had a festival with Eagle Country. Since you are so loyal, then you should be buried for your country."

"Send them on the road."

Ye Fan turned around, carrying his hands on his back.

--boom!

Bai Zhan's murderous aura was agitated, and the flow of air in his hand swirled.

At this moment, the blonde woman and Pudon were shocked and yelled in unison:

"Are you from Tianzun Hall?"

"A mortal thing with naked eyes. The one in front of you is the Lord of the Temple of Heaven, Ye Tianzun!"
