Chapter 491: Take the initiative

The super body refining secret method given by Ye Potian must be obtained in the ancient ruins of the Northern Wilderness.

Perhaps the super secret method of refining the body is effective for his injuries and can repair the genetic chain and genetic code.

In fact.

Ye Fan believes that the so-called genetic modification technology is a branch of physical training.

Refining the body together and stepping into a deeper level, is it possible to change the bloodline genes autonomously, without the use of biological agents at all?

"The avenues go to the same destination by different routes."

Ye Fan sighed.

At this moment, he felt that his thoughts had been mastered, and his heart was like a mirror, and his whole person's spiritual realm had improved by one level.

"Brother Fan."

Luo Hong walked over and asked anxiously: "Does your body really last for half a month?"

"almost."

Ye Fan squeezed his fist and said, "The cultivation technique is amazing. I have recovered a little bit. I am confident that I can persist. By the way, A Hong, I want to go back to Daxia."

"Want to see sisters?"

"My elder sister thinks about it every day." Ye Fan smiled and said with a serious face: "Go to Daxia Beihuang and look for the super secret method of body refining that Ye Potian said."

"Brother Fan, let's wait. Your current physical condition is not very good, and your strength is greatly reduced. Even if you can't display half of your strength during the peak period, it will be very dangerous. The Northern Wilderness is now in chaos."

"It's messy?"

"Yes, many warriors in Daxia gathered in the past; in addition, the indigenous people on the Northern Wilderness side also rioted, and the eyes of many countries are focused on there."

Ye Fan groaned: "I beheaded Li Ce, Hou of Beiliang, and Daxia's senior management has not established a new commander of the Northern Wilderness. This is probably a move."

"Chaos is interesting."

"Brother Fan, are you really going?" Luo Hong said: "Then take me."

"Gather everyone, come to Tianzun Hall."

In a moment, everyone gathered.

Ye Fan said: "I have decided to go to Daxia Beihuang. I want to put on A Hong, Chaos, Gourmet and Gourmet."

"Qingqi, you haven't recovered from your injury, so let's stay here to recover."

"The reason why the Chaos three people are brought together is because once they find the body training method, the three can practice."

Ye Fan's eyes flowed and fell on a blond man.

"Alexander."

"exist."

"You are in the headquarters of Tianzun Hall of Eagle Country. You need to investigate the situation of Xiaomi's family."

Alexander said: "I understand that Xiaomi is the young lady of the Jones family, the nobleman of the Eagle Country. The Jones family is one of the ten largest consortiums in the Eagle Country. It has strong status and strength, and nothing will happen."

Michelle, full name: Michelle Jones.

As the princess of the Jones family, she was born noble and enjoyed countless splendor and wealth.

But because he doesn't want to be genetically modified, he stays out; but it also shows that Michel is not a person who is greedy for pleasure, but has his own firm principles and beliefs.

"The resources on the Zixia Mountain Range must be mined!"

"The war between the Kingdom of Beamon and the Kingdom of Thunder is bound to arouse the situation in the mainland and pay close attention to it."

"One more thing is the Bermuda Islands, the adaptor base created by the supernatural organization. What do you think about this?"

One hundred thousand adaptors can inject biological medicines at any time to become superpowers.

This is a terrible force.

Once you can't control it, it will bring disasters to the world.

"beat!"

Bai Zhan said a word.

There is no objection from the crowd.

Tianzun Hall and Eagle Nation had conflicts in the first place. They had fought in non-mainland, and many brothers died in Tianzun Hall.

Being able to attack Eagle Country, this is what Tianzun Temple likes to do.

"The Bermuda Islands must be the military powerhouse of the Eagle Nation. To fight it requires a long-term plan."

"You have to make a complete and thorough plan, and you can't afford to lose. In addition, the five powers of Lucifer, Purden, and Lena, try to figure out some secrets about the power organization from their mouths."

"Especially Lucifer, as an SSS-level super evil evildoer, knows a lot. That's why I saved him. He is of great value."

"Do you have any questions? If not, I will leave for the Great Xia Beihuang tonight."

Seeing that everyone had nothing to say, Ye Fan got up and said, "That's good..."

"and many more."

Suddenly, Xing Tian spoke.

"Boss, I have something, I don't know if it should be said or not."

"My brother, what are you talking about, what are you doing?" Ye Fan said irritably.

Xing Tian was very entangled, hesitatingly said: "Boss, it's about your sister."

Chapter 492: real identity

About sister? !

Ye Fan noticed that it was unusual.

"what happened?"

"Didn't you ask me to investigate the Meng Cangwu family of the Meng family? I have clues and news recently."

Ye Fan was shocked.

Meng Cangwu, that is a good friend of his father.

Back then, he and Meng Cangwu's daughter had a baby relationship. Later, his parents jumped off the building. Meng Cangwu died suddenly in the capital, and his wife and daughter also disappeared.

Xingtian investigation before.

Meng Cangwu's daughter is Meng Qingwu.

"What clue?"

"Well, the boss, Meng Qingwu, the daughter of Meng Cangwu who married you, is likely to be your eldest sister Meng Qingyi."

"Boom!"

Ye Fan's eyes widened, but he couldn't react.

Xing Tiandao: "It took a lot of energy to find out that after Meng Cangwu's violent death, his wife and daughter came to Qingzhou. Then, I arranged for people to find all the orphanages in Qingzhou at that time. Looking for the baby girl fostered in the orphanage that year."

"Finally found forty-eight conditions met, among them is your eldest sister Meng Qingyi."

"The boss, Miss Meng Qingyin's father, is the younger brother of Meng Cangwu, which means that the relationship between Meng Qingwu and Meng Qingyin's cousin sisters is currently the closest in blood."

"I have already talked to Ms. Meng Qingyin. He is willing to provide blood for bloodline identification. In this way, one by one screening can determine whether there is Meng Qingwu among the 48 girls."

"Of course, it may not be all at all."

"However, I feel that it is still very possible. The greatest probability is your eldest sister Meng Qingyi. Since she is a baby, Meng Cangwu's wife will definitely put her daughter next to you. This is in line with common sense!"

Ye Fan's mood fluctuates a little.

My eldest sister, I had a baby kiss when I was a child, is my fiancée?

This feels a bit weird.

"There is another question."

Ye Fan shook his head, and said, "The age is not right."

"Eldest sister is five years older than me."

"According to this calculation, I was one year old and my elder sister was six years old. The difference is so much. How to set a baby kiss is obviously inappropriate. Besides, the six-year-old child has already remembered. If the eldest sister is of the Meng family's blood, I must know it."

Xing Tian nodded, and then threw a conjecture: "Age can be faked."

"Forgery?"

"This is very simple. It is very easy for Meng Cangwu's wife to ask the public security department to forge her daughter's age and identity information."

Ye Fan thoughtfully.

Xing Tian speculated: "This explanation is also very reasonable. Forging identity can protect Meng Qingwu, a very good method."

"Boss, if the speculation is correct and the identity information is forged, then the old man of the orphanage is a witness. How old he was when he adopted Meng Qingyi, and in which year, you can tell by asking."

"I see."

Ye Fan took a deep breath.

He smiled and said, "Whether it is the eldest sister or Meng Qingwu, the blood of the Meng family, or my fiancée, he is my beloved sister."

"Lao Xing, after you return to the capital, you will arrange it. First, let Qingyin and the 47 girls do bloodline identification. The eldest sister will wait. I will go back to Changning personally after the Northern Famine incident and talk with the old man. "

"good!"

This evening.

Ye Fan and his brothers and sisters had a good meal, and again told some things, treated Michelle, and prepared medicine for one month.

Afterwards, he took the Thunder fighter and left.

Xing Tian followed.

First send five people, Ye Fan, Luo Hong, Chaos, Taotie, and Yinglu to Daxia Beihuang, and then he will return to the central capital.

The speed of the Thunder fighter was too fast, like a flash of lightning, piercing the night sky, leaving behind a dazzling chain that lasted for a long time.

At that time.

On the top of the Tianzun Mountain behind the Tianzun Hall, several figures stood there, as if controlling the heaven and the earth, with a majestic and invincible breath.

"The kid finally went to the North Wilderness."

A white-haired old man murmured to himself.

If Ye Fan were here, he would surely provoke him, this person would be Ye Potian.

Around him, there were two others.

One was wearing a hat and standing with his hands behind; the other was wrapped in a wide linen, with fluffy hair, which obscured his appearance.

Chapter 493: Three plans

"Northern Wilderness Great Tribulation, that kid will have a new understanding after passing this level." The man in the hat said.

"It's not easy, the corpse organization and the supernatural organization have already taken action, and they will definitely participate in the Northern Wilderness." Ye Potian looked worried.

The Mai man's eyes were sharp, and he said coldly: "The love saint has already gone to Miaojiang. If you want to see the Brahmin Lord, if the two reach an agreement, the corpse organization will be difficult."

"As for the supernatural organization, I don't dare to appear on a large scale now, let alone enter the Northern Wilderness."

"No!"

Ye Potian shook his head and said, "Because of our reasons, the corpse organization and the supernatural organization had to be born early."

"The Dragon Slaying Plan of the Corpse Man Organization!"

"The God-Making Project of the Ability Organization!"

"These are amazing."

Ye Potian sighed, his eyes solemn.

The man in the hat hummed, "It's nothing more than the god-making plan. The ability organization has this strength. As for the dragon slaying plan of the corpse man organization, it is simply deceiving and deceiving itself. They can also slay dragons, which is extremely ridiculous."

Ye Potian smiled and said, "Brother Meng, don't underestimate the Corpse Man Organization. All you have encountered are small people. The real big figures of this organization have never appeared. The painting sage and the book sage have been investigating for many years, and there has been no clue."

"Now the love saint has joined."

"If there is still no result..." Ye Potian looked at the old man in Mai, and said with a smile: "Then you, the last saint, must also participate."

Four Saints of Great Xia:

Dharma saint, love saint, painting saint, book saint.

Among them, Dharma Sage is the strongest.

Dugu defeat!

"Murong and the others can't find out, and it's useless for me to join. I still like to play with Satan and the others."

Sage Dugu sneered.

The "Satan" he said, and even the existence of the head of the Eagle Country's supernatural organization, is much stronger than Lucifer.

"I have never cared about the corpse man organization. Even if we don't make a move, there are Wu Shentong, Tang Laoxie, Da Ge Lao, Jiuzhi Sanren, they are enough."

"There are also seven royal families. The old fellow of the Xuanyuan clan is also a ruthless person. I don't know what he's doing, he can't get out of it."

"Especially the martial arts power, that kid has been accumulating the foundation, and no one knows what strength it is."

"I think it's better than I have ever had."

Dugu said in a deep voice, seeking defeat.

In his tone, there was a hint of excitement and fighting spirit.

His real name is not "Dugu seeks defeat", but because he has reached the peak of martial arts practice and has no opponents, he is known as "Dugu seeks defeat".

The martial arts ability is strong enough, this is what Dugu would like to see.

"The Dragon Slaying Plan will definitely fail!"

Ye Potian nodded.

The man in the hat said: "The god-making plan of the superpower organization should not be underestimated. Satan and the others are strengthening all the time. We have to speed up!"

"The Dragon Slaying Plan, the God Creation Plan... Hmph, as everyone knows, we also have the Shi Huang plan."

When it comes to the "Shihuang Project", the three of them are obviously excited.

This plan, which has been born for twenty years, has gathered the top strength of Daxia, and it has gradually matured.

Whether you have to "slay the dragon" or "create a god" or "the first emperor", this is a race to change the world.

Countless people worked hard for it.

"It's a pity that one piece of the picture of the Emperor's Tomb is missing." Fasheng Dugu sighed, "The love sage has already given news that it is suspected that the Brahmin master has taken it from the gate of the beast."

"Lord Brahmin? I guess it's him."

"It's okay, he is a smart man, and the Emperor Tomb map is in his hands, which is fine. At least it is certain that he wants to participate in the Shihuang Project and does not support the Corpse Organization. In this way, the love sage should go to Miaojiang. There will be gains."

Ye Potian looked at the deep starry sky, and sighed firmly, "No one knows the end of this road, and no one knows the result, but you need to go forward and succeed, even if it's broken."

The three stood side by side.

At this moment, they give people a very great feeling.

"Let's go. We still have our own business to do."

Ye Potian turned around, the man in the hat and Dugu looked at each other, and the three floated away.

The breeze passed, quietly.

It seems that no one has been here before, silently, and no one has noticed.

Chapter 494: Northern Wilderness Historic Site

Great Xia Beihuang is very vast.

The terrain here is very complex, ranging from a thousand miles of red land to a land of abundance; outside the territory, there are many large and small tribes who often commit crimes.

There are 800,000 soldiers stationed in the border areas of the Northern Wilderness.

However, because of the killing of Li Ce, the Marquis of the Northern Liang Dynasty, no new commander was established. The barracks were all fighting for power, and Nangong was full of smoke.

Some fierce and domineering ones even led their troops to fight outside the territory.

In addition, many warriors came to make the Northern Wilderness more lively, but at the same time it was a mixture of fish and dragons.

this day.

A fighter plane cut through the sky and landed on the top of a treasure mountain.

"Boss, here it is!"

Xing Tian sent Ye Fan five people off the plane.

"I'll send you here, take care. A Hong, Chaos, you four must protect the boss from being lost."

"Do not worry!"

Luo Hong's four are very firm.

Ye Fan hummed: "I haven't fallen into that kind of field. I can still solve some grandmasters and supernatural beings."

"Take care of yourself!"

Xing Tian clasped his fists, got on the fighter plane, and left here.

Ye Fan looked far away.

In a piece of yellow sand, there is faintly a giant, that is the city on the border of the Northern Wilderness, named: Beiliang City.

This city has a long history.

It has been preserved since ancient times and now serves as a military camp on the border of the Northern Wilderness.

Soldiers live in the city.

The entire Beiliang City is a military powerhouse, and ordinary people can't get close at all.

"Brother Fan, shall we go to Beiliang City?"

"It's not necessary, and we can't get in. It's a military powerhouse. You can't get in without formalities."

Ye Fan turned around and looked at the yellow sand-filled frontier, feeling heroic.

Then he turned his eyes and looked to the other side.

Compared with the yellow sand in the sky, on the other side, the sky is blue and clear, and the clear sky is very clear. The mountains are steep, undulating, row upon row, indescribable.

There are many ancient ruins hidden.

therefore.

This piece is called the "Northern Wilderness Historic Site", and the corresponding yellow sand land is called the "Northern Wilderness Battlefield."

Ye Fan and his party entered the Northern Wilderness Historic Site, and it didn't take long before they saw warriors in twos and threes.

Everyone walked in a hurry, passing by.

There is no order in the ancient relics of the Northern Wilderness. Murders and treasures are happening all the time, so people are on guard against each other.

Along the way, I also saw many bones.

"Boss, this place is too big, you can't look for it aimlessly. What clues does Ye Gong give you, and is there a specific location?"

"He just said that it is in the central area of the Northern Wilderness historic site. We will arrive in the central area first, and we will talk about it when the time comes."

Words fall.

Suddenly the wind howled.

In the sky.

A ray of light flew, it was actually a martial arts master with the second stage of the transformation, wrapped in a black robe.

"go!"

Ye Fan and his party speeded up.

The deeper, the more warriors; not only that, Ye Fan also noticed some special groups of people, suspected of supernatural powers.

"Good guy, it's really a big dyeing vat, everyone is here." Ye Fan found it interesting, and at this time, he saw a master passing by in the sky.

At the right time, there is an adventurous squad in front of it, with good strength, and there are three peaks of internal strength among the members.

Ye Fan strolled away and said, "Everyone, wait a minute."

The adventure group immediately became alert.

The leading man glanced at the chaos behind Ye Fan and his face was solemn.

Compared with Ye Fan and Luo Hong, the auras are restrained, and he can't feel that much; but Chaos, Gourmet, and Beng Tau are body-refining, and the physical aura is fierce and easy to perceive.

"What's the matter with a few?"

"Don't be nervous, we just asked, many people are heading in this direction, and there are grand masters passing by from time to time in the sky. Is there a baby in front of it?"

"You don't know? You just came to the Northern Wilderness Historic Site." The big man was surprised, and then explained: "Someone dug an ancient cave in the central area. It seems that there is a huge treasure, so many strong people rushed over."

"We also went to see it, but there is no strength in grabbing the baby. We plan to meet the world. If we are lucky to have some soup, it would be even better."

"I see!"

Ye Fan felt that the cave house that was excavated was probably the place where Ye Potian told him that there was a super body refining secret.

Luo Hong said, "Brother Fan, it should not be too late. Let's go over there soon. It's too late, if someone gets a step ahead, it's troublesome."

"No, are you fighting for the giant treasure?" a twenty-three-four girl shouted in disbelief.

She widened her eyes and muttered: "Now there are countless powerful people in the Northern Wilderness monuments, as well as the Northern Wilderness natives, and the big fierce beasts. The five of you are even more powerful than these three big brothers, but you can't beat the master-level powerhouses. of."

"that is."

A young man walked out and hummed: "You two are rich second generations, come to the Northern Wilderness monuments for excitement, don't you want to live. I think you should go home and don't lose your lives."

Chaos frowned, and said angrily: "Little guy, my skills are useless, but my mouth is quite powerful. You mortal eyes, don't you know how powerful we are."

Ying Xiao coldly snorted: "What is the grandmaster, we are not unkillable."

"Bold!"

The young men and women spoke in unison, and sternly shouted.

The faces of Dahan and others were also a little unhappy.

"The master must not be insulted, you are so bold. If there is one who is always here, you are already corpses."

"joke."

Chaos smiled contemptuously: "Even if the Grandmaster is here, I can't say it wrong."

"boom!"

Suddenly, a fierce murderous intent came, accompanied by a fierce gang-qi fist, descending from the sky.

Ye Fan looked up, his expression still.

Luo Hongxiu was frowning and was about to take a shot. A palm print was shot in the jungle behind, slapped out the Gang Qi fist.

"Um?"

In midair, the master who shot his face sank.

I only saw an inch-headed man walking out of the woods, almost 30 years old, with a free and easy temperament.

He looked at the grandmaster in midair, he should have known each other, and said with a light smile: "Wu Lingjun, I don't know how to pity Xiangxiyu, such a beautiful young lady, kill it if you say it, isn't it?"

"Ying Tianqing!"

Wu Lingjun narrowed his eyes and said coldly: "Openly you are always disrespectful and you should kill. Since you are helping, let's leave it alone, let's not take it as an example."

Wow!

When the words fell, Wu Ling flew away.

"impressive!"

"So handsome!"

The members of the adventure squad were in awe, unable to return to their senses for a long time.

Wu Lingjun and Ying Tianqing seem to be less than thirty years old, and they have actually become masters. They are so enchanting!

At this time, Ye Fan pondered secretly, feeling that Wu Lingjun's appearance was a bit familiar.

Suddenly he thought of someone.

Could it be said that Wu Ling is...

"A few, get acquainted. My name is Ying Tianqing." The young man walked over with a gentle complexion, which made people feel good.

"Thank you!"

Ye Fan nodded slightly.

Ying Tianqing smiled and said: "I and Wu Ling are old opponents. That guy is cruel, disregarding life and mercilessly. Fortunately, I act fast, otherwise, you will be seriously injured if you don't die."

"Of course, don't get me wrong. I just don't see beauty die away."

Ying Tianqing laughed and stretched out his hand to Luo Hong.

"Beauty, can you know your name?"

"The last name is Luo."

Luo Hong said coldly.

There was no need for Ying Tianqing to take action just now, she was completely able to deal with Wu Lingjun.

Therefore, she did not appreciate her feelings, but felt that Ying Tianqing was troublesome; of course, Ying Tianqing was kind to save others, which is also rare.

Ying Tianqing withdrew her hand in embarrassment.

This made the young woman of the adventure team angry, pointing at Luo Hong and reprimanding: "What are you too attitude, why are you dragging! It is your honor for Grandmaster Ying to know you, and it is really rebellious for you to ignore you."

Chapter 495: Dongcheng

"Little girl, in the face of strangers, without knowing the roots and knowing the truth, just so rudely reprimanding, this time you seem to be very mindless. If we are the master, then you are not a death crime!"

Ye Fan said calmly.

He is dignified, and he is not in the mood to be angry with a little girl, too young to be sensible.

"Don't you have any master, think I'm blind." The young woman said angrily.

"enough!"

Ye Fan suffered hardship and was in poor health. Luo Hong's mood had been very depressed. At this moment, Luo Hong was very disgusted by this woman's constant chatter.

The adventure team was taken aback.

Ying Tianqing made a round and smiled: "Everyone is quiet, it's just a small matter, there is no need to make an unpleasant disturbance. It depends on whether you are going to the central core area, so do I, let's go together."

"It is an honor for me to be able to walk with Master Grandmaster." The members of the adventure team were overjoyed.

For them, if they can get in touch with a master, there are great benefits.

The five Ye Fan didn't say much, and moved forward as usual.

Ying Tianqing has been close to Luo Hong.

Although he did not see that Luo Hong was the master of martial arts, he found that Luo Hong was extraordinary, and she was a strange woman.

His heart throbbed when he saw it at first sight, so he took action to resolve Wu Lingjun's attack.

However, Luo Hong ignored it all the time.

Ying Tianqing was helpless.

And all of this was seen by Sophie, and she became more and more disgusted with Luo Hong, as well as intense jealousy.

"Feifei, don't be fooling around. Those two young men and women are not simple, they must be the sons of wealthy men. The three bodyguards are also very powerful. The flesh is too polished, and I am not necessarily an opponent."

The leader of the adventure team told Sophie.

Sophie said unwillingly: "I know, I know it in my heart."

The ancient relics of the Northern Wilderness are very vast.

It was a long journey to the central core area, but on the road, Ye Fan saw some off-road vehicles, obviously not coming in from outside.

"Miss Luo, we have to take an off-road vehicle, or it will take several days to reach the central area, when the day lilies are cold."

"Do you have a car?"

Before Ying Tianqing could answer, Sophie rushed to say, sarcastically saying: "It's really ignorant. There are several ancient cities in the Northern Wilderness monuments, which are recognized trading grounds. In the city, you can buy off-road vehicles."

Ying Tianqing said: "Sophie is right. About thirty miles ahead of us is the North Wild East City. Let's go there and rest first."

Ye Fan was full of interest.

Not long after, he saw the ancient city surrounded by mountains, surrounded by mountains on three sides, and a high wall built on one side.

It's just that the city walls are in dire dread, and they have obviously gone through a long period of erosion.

"This is the Northern Wilderness East City!"

Ying Tianqing greeted and took the lead.

When everyone came to the city, they saw some restaurants and hotels, food, clothing, shelter, and people coming and going.

There are many people here.

In addition to the Great Xia Kingdom, there are also people from many small countries outside the Northern Wilderness, as well as indigenous people, and even secret supernatural beings.

It does not have the sight and prosperity of the modern city outside, but it has a back-to-the-old charm and makes people comfortable.

"Brother Ye, are you here for the first time?"

"Yes."

Ying Tianqing said: "Then I have to introduce them to you. Compared with the chaos of historical sites, the four ancient cities are in an orderly manner. Here, you can't commit suicide, it's relatively peaceful."

"Whether it is the ancient monuments outside or the four ancient cities, the strong are respected. Only the strong can be respected and loved."

"The resources and treasures obtained in the historical sites can be traded and auctioned here. There are abundant materials here, and you may see them here."

"Rumble."

As he was talking, suddenly the front of the street was roaring.

Just saw it.

The crowd dodged, and a group of knights galloped on the street, arrogant and arrogant.

The most shocking thing is that the knight sitting under his crotch is a fierce beast like a fiery lion.

The team is only ten people, a strong individual with a fierce face; the headed man is about 30, and even more fierce.

"Get out of the way!"

The sharp whip in the hands of the leading man swept across, and the pedestrians who were not able to avoid it in the future were beaten up, dripping with blood.

"Roar!"

The fiery lion roars like a thunder, and its momentum is like a rainbow.

Ten people came quickly and went quickly.

"Damn native, my brother was almost beaten to death, bastard." A big man was holding a man, and the man was swept with a whip, and a **** hole of 30 centimeters in his chest was exposed, and he was dying.

Ye Fan walked over, used the "Three-pointed Hand of Hell" to stabilize the injury, and then said: "Hurry up and go to the hospital."

"Thank you young master!"

The big man was grateful and left with his brother in his arms.

Ying Tianqing said in amazement: "I didn't expect you to be good at medicine. You look very smart and amazing."

"Small means."

Ye Fan waved his hand, looked in the direction of the Cavaliers' departure, and asked, "Didn't you say that killing in the ancient city is not allowed? Why are those people so arrogant just now."

"I don't know, they are aboriginals!" Sophie snorted. "The four ancient cities are all controlled by the aboriginal forces. This is the equivalent of their home. Of course it's arrogant in their own home."

Chapter 496: First encounter with Xuanyuan

Learned from Ying Tianqing:

The four ancient cities of the Northern Wilderness were initially controlled by the indigenous forces, but they were later discovered by the outside world that the warriors first entered and started a contest with the indigenous forces.

Later, Beiliang City also participated.

In the end, the four ancient cities were opened to the outside world as trading grounds, but it was the indigenous forces that controlled the ancient cities.

There are many powerful indigenous forces.

Every powerful indigenous force will coexist with a group of fierce beasts and guard each other.

For example, the group of people who rode the fiery mad lion just now are members of the Huo Clan, one of the four controlling tribes in the East City.

In fact, the fiery mad lion was originally called the "flaming mad lion". Because of the coexistence with the fire clan, it came out that there was a "flaming mad lion".

"It's amazing to live with the fierce beasts. It's far more powerful than controlling the beasts." Ye Fan admired.

"These aboriginal forces have been living in the vast northern wilderness, dancing with the beasts, and getting close to the beasts. Outside, we call these aboriginals orcs."

Ye Fan nodded.

The group of people just now had a savage aura, no different from the murderer.

"The orcs must be retributed. Once they are offended and provoked, they will never die. So, ah, many people will confront them."

"Let's go, let's go buy an off-road vehicle."

Ying Tianqing was very familiar with this place, and led everyone to a huge car dealership.

Xuanyuan Car Shop!

Ye Fan said, "You can't use the word Xuanyuan casually. Could this car shop have something to do with the Xuanyuan royal family, one of the seven royal families?"

Ying Tianqing smiled and said, "Brother Ye is very knowledgeable, and he is right. This car dealership is the property of the Xuanyuan family. Not only in the east city, but in the west city, north city and south city. In addition to the car dealership, the royal family of Xuanyuan also lived in the northern wilderness. There are other industries, such as the Xuanyuan Auction House, which is famous in the Northern Wilderness."

"The royal family's signature makes these industries trusted and sought after."

"The royal family of Xuanyuan can be said to have made a lot of money."

The seven royal families were formerly the Ye royal family.

The Ye Royal Family's civil strife is about to fall apart; although the Xiao Royal Family has wolf ambitions, their background is still a bit short.

It stands to reason that the Xuanyuan royal family naturally became the first royal family.

However, the royal family of Xuanyuan has always been very low-key, and the children in the family are rarely born, which makes Ye Fan a little interested.

In the future, he will inevitably have a battle with the Xiao royal family.

It is a great thing to have one more ally.

A group of people walked into Xuanyuan Car Shop, and a middle-aged woman in her thirties walked towards her.

What surprised Ye Fan was that this woman was actually a half-step master.

Good guys!

At this point, you can see the strength of the Xuanyuan royal family.

"Sir Tianqing, I said we have a good heart. I also said that I have a hunch that you will show up. You will be here as soon as this comes down."

"Sister Jingshu, you were joked."

Ying Tianqing laughed, and then introduced to Ye Fan and others: "This is Xuanyuan Jingshu, the lady of the Xuanyuan royal family, and one of the directors of Dongcheng Xuanyuan Motors."

"Hello, Miss Xuanyuan."

Greetings from members of the adventure team in awe.

The five Ye Fan just nodded.

This made Xuanyuan Jingshu's eyes flashed a little surprise, after looking more, he found that the five people of Ye Fan are not easy.

"Tianqing, you want to buy a car?"

"Dongfu was born in the central core area, of course you have to go and see it. It's a long way to go, so you can't have an off-road vehicle."

"How many?"

Ying Tianqing glanced, gritted his teeth and said, "Five cars."

To be honest, Ying Tianqing has a pain, five off-road vehicles are very expensive, if you don't want Luo Hong to think he is stingy, he only needs to buy one or two, regardless of the people in the adventure team.

"My lord, do we have it too?" Sophie was very happy.

"Let's go together."

Ying Tianqing smiled.

Xuanyuan Jing said: "Now that the car supply is tight, we all want to go to the central core area, but we are acquaintances, so give me a discount. Five off-road vehicles..."

"Well, look at two rare treasures out of 30 million?"

"So expensive!"

Luo Hong couldn't help but lose his voice.

Thirty million, ten good-performance off-road vehicles can be sold outside, and two rare treasures are added, which is horribly expensive.

Sophie mocked: "You don't understand anything. Of course, the North Wilderness goods are more expensive than the outside. It is not easy to transport the car source to the ancient city. Besides, now

that the car source is tight, Miss Xuanyuan's bid is very reasonable. In fact, Great discounts have already been made."

Chapter 497: Find it!

"The first time you come, you may not understand it. It's better to have a test drive and you will know the mystery."

Xuanyuan Jingshu looked at Luo Hong's puzzled face, and led everyone to the test drive venue.

Everyone drove their off-road vehicles.

"There are different."

After a while, Ye Fan felt it.

Whether it is power or off-road ability, it is not comparable to off-road vehicles outside, and it can even be said that it has been left far behind.

Xuanyuan Jingshu explained: "This is an off-road vehicle specially developed by my Xuanyuan tribe for the Northern Wilderness. The ability to travel through mountains and rivers is by no means comparable to the sparse and tattered goods outside. At the same time, people from my Xuanyuan tribe have traveled throughout the Northern Wilderness over the past few years. The detailed map is installed in the computer chip in the car."

"I dare not say that every corner of the Northern Wilderness can be accurate, but most places will be shown on the map, and even plan the safest road."

"That's why the price is so expensive."

Ye Fan understood.

The most precious thing is the map.

The ancient relics of the Northern Wilderness, the satellite is not clearly monitored, which is equivalent to the three dragon veins in Daxia:

Kunlun, Qinling and Shiwandashan.

This is the longest, unfathomable, and infinite mountain range in Daxia. It crosses the continents and survives even more ancient times. It is called the "Dragon Vessel of Daxia".

The three dragon veins cannot be clearly detected by satellites.

It's just a rough outline of the mountain surface.

But these are of no use to those exploring them.

The royal family of Xuanyuan can draw a map of the ancient relics of the Northern Wilderness, even if there is a certain error, but it is extremely precious, which can be described as a great achievement.

"It's so expensive, how can I let Brother Ying pay alone." Ye Fan said: "Buy your own. We want one, enough for five of us."

These words made Sophie and the others angry.

Their adventurous team didn't have much capital. Although they could afford it, they were bleeding and dying.

In fact, Ye Fan did it deliberately.

Sophie has been ridiculing and sarcasm, he is too lazy to care, but is very bored in his heart, so she said this.

Ying Tianqing knew that Ye Fan was targeting Sophie and others, and he was also a little irritable, but if he followed Ye Fan's advice, he would not be able to share a car with Luo Hong.

Therefore, Ying Tianqing played a round.

"Brother Ye, you just look down on me. I can still use this amount of money. If there are any expenditures later, Brother Ye will make the move again."

"Sister Jingshu, pick up the car."

Ying Tianqing waved a big hand, beyond doubt.

Sophie breathed a sigh of relief and looked at Ye Fan's eyes, filled with resentment.

"Two gems, have you prepared?"

"No, let me give you a low-grade martial arts." Ying Tianqing said, "Sister Jingshu, give me some face."

"brat."

Xuanyuan Jingshu rolled her eyes charmingly, "If it weren't for your master's face, I would disagree. A low-grade martial arts skill, forget it, you can make a little bit by throwing it at the auction house for auction."

While picking up the car, Ying Tianqing explained to Ye Fan: "Actually, everyone likes to use precious treasures, martial arts and other resources for trading in the ancient city. Money is the lowest class. After all, there are people who can come here. Certain capital."

Not long after, Xuanyuan Jingshu brought five car keys.

Ying Tianqing made the assignment, giving three to Sophie's team, one to Ye Fan, and one to himself.

However, he did not leave immediately.

Ying Tianqing smiled and said: "We have an off-road vehicle, and time is not so tight. Now we go to the city to buy some food and drink. By the way, there are a lot of exchanges in the city, maybe we can find some treasures."

"Yeah."

Sophie jumped up excitedly.

Ye Fan didn't have any comments, he also wanted to see the sight of the ancient city.

But just walked out of Xuanyuan car shop.

Rumbling.

The ground shook and the streets roared.

"Roar!"

The roar of the beast came one after another.

In the eyes of everyone, a fiery red pinion appeared. It was a fiery lion, the previous group of knights.

Surprisingly-

This group of knights stopped in front of the Xuanyuan car shop, and the leading man slashed his whip to the ground, sending out a string of sparks.

The tiger's eyes swept across, and he asked, "Just now, which one of you saved?"

Everyone looked at each other.

Suddenly, thinking that this man almost killed a passerby with a whip, Ye Fan used his medical skills to save that person.

For this?

Thinking of this, Ye Fan frowned, his impression of these orcs was extremely bad.

He stepped forward and said coldly: "It's me, there is a problem?"

"Huh!"

It's too late to say, then it's fast.

The long whip struck like lightning, mixed with a sharp howling sound.

Murderous flashes in the eyes of Luo Hong, Chaos and others.

Ye Fan's face sank.

Just as he was about to take a shot, suddenly a qi slapped the long whip away, and it was Ying Tianqing who moved first.

"Grandmaster?!"

The man was slightly surprised.

Ying Tianqing yelled coldly: "People of the Huo Clan, when have they been so presumptuous, they will take action in the ancient city. No matter what the law enforcement hall? Shall I go to the law enforcement hall and talk about it!"

Chapter 498: Kick to the iron plate

The leading man's face changed, and he was slightly jealous in response to Tian Qing, and then said: "I didn't kill anyone, so what about going to the Hall of Law Enforcement. Although you are a master, in the ancient city, you are still safe and don't show the limelight."

Ying Tianqing sneered, her breath rippling.

"It's kind of interesting, I have long heard that your Huo Clan has an enchanting genius, and I really want to fight him."

"It's a pity it wasn't you."

"But it doesn't matter, if you abolish you, the strong of the fire race will appear, and there will naturally be a chance to fight."

While speaking, Ying Tianqing slapped a palm print and caught the group of people.

The sudden attack shocked these knights.

"Master Tianqing is so handsome!"

Sophie's eyes were full of admiration.

Ying Tianqing was so overbearing, he didn't care about the power of the Huo Clan and shot directly; moreover, he wanted to abolish these people.

Even Xuanyuan Jingshu frowned.

But after thinking about it, Ying Tianqing's background made her relieved.

The master facing Tianqing, even the patriarch of the Huo clan must be afraid of three points!

"Bastard!"

The leader man roared.

He is also a strong man, in the realm of a half-step master, and at the same time his body is very polished.

This is the advantage of the natives of the Northern Wilderness.

Because dancing with fierce beasts, they have experienced physical polishing since they were young, and their physical bodies are very powerful.

By coincidence, he embarked on the path of fellow practitioners in martial arts and physical training.

Ye Fan had expectations for the orcs' potential.

The combination of martial arts and physical training is destined to be an invincible road, but it is too difficult to improve.

"puff!"

After all, Ying Tianqing is a master, using middle-grade martial arts. Although these fire people are powerful, they are still not opponents.

All were shot flying, blood spurted wildly.

"Humph!"

Ying Tianqing looked cold.

Although his temperament is gentle, it does not mean that he is indecisive.

He even dared to deal with Wu Ling, not to mention a few Huo Clan people.

"Rumble."

Ying Tianqing performed martial arts again, and slowly pushed out a punch, the momentum was like a rainbow, and the wind was rumbling.

This punch is stronger than before.

The Huo people's face changed in shock.

"It's sunny, stop!"

At the critical moment, Xuanyuan Jingshu shouted.

A fist gang broke out in Xuanyuan's car shop, collided with Ying Tianqing's fist gang, and then collapsed.

When everyone turned their heads, they saw an old man next to Xuanyuan Jingshu, who was the owner of Xuanyuan Motorsport.

"In the ancient city, no killing is allowed."

The host snorted coldly, warning the Huo people, and also warning Ying Tianqing.

His background is very profound.

Ying Tianqing is not comparable, after all, Ying Tianqing is still young.

The host left after speaking.

Xuanyuan Jingshu reproached, "Why are you so impulsive!"

Ying Tianqing pursed her lips and said nothing.

At this moment, Xuanyuan Jingshu walked up to the Huo Clan people and said, "What the **** is going on here?"

Facing the royal family of Xuanyuan, the Huo people did not dare to be presumptuous.

The man said: "I heard that the man has great medical skills and came to invite her to my Huo clan ancestral land to treat the old patriarch."

"For this?"

Everyone was very surprised.

Xuanyuan Jing said, "Since you are inviting others, of course you are polite. You can do it wherever you come. You should fight."

"What's your name."

"Fire Army."

"How do I think you look a bit like Fire Kuang, who are you?" Xuanyuan Jingshu asked.

Huo Jun said proudly: "Huo Kuang is my cousin."

Xuanyuan Jing frowned.

Ying Tianqing's eyes flashed, but she didn't expect to hit a terrible background.

Huo Kuang is the evildoer of the Huo Clan. He is still a martial arts master at a young age, and his body is strong.

It is said that Wu Ling had both fought with Fire Kuang, and did not take advantage.

This is, the Huo Jun pointed at Ying Tianqing, and said hostilely: "I know you, you are a disciple of the Daoist Yellow Crow. I have taken this account down! Aren't you going to fight my cousin, I will tell the hall Brother, I hope you have enough strength, don't be beaten to death by my cousin!"

Chapter 499: Dismissive

"Crazy, huh, you think I will be afraid of him!"

Ying Tianqing sneered, not afraid.

As far as talent is concerned, he is not defeated by the madness.

In terms of background, although the Huo Clan is strong, his master Huang Yadao is also a top master.

The third strongest of the world.

Well-known in the martial arts world.

Huo Jun snorted coldly. He knew that entanglement with Ying Tianqing would not be good. He looked at Ye Fan and shouted: "Boy, let me go to the ancestral land and treat my old patriarch."

"Not interested in."

Ye Fan squinted and ignored it. He didn't even look at it.

The Huo Jun was stunned, then furious.

"Ying Tianqing just doesn't give me face, you are what you are, you dare to be presumptuous."

"Noisy!"

Suddenly burned with anger, he roared.

Furious.

The 樁杌 at this moment seems to be transformed into a wild beast.

This group of fiery mad lions roared one by one, like a big enemy, with fear gleaming in their big eyes like copper bells.

Ying Xiao's performance surprised everyone.

"Brother Ying, we went to visit the ancient city on our own. We will meet here again in the evening and leave."

After Ye Fan finished speaking, he took Luo Hong and others to leave.

The fire army was furious.

This is completely ignoring him and despising the Huo Clan.

"court death!"

Several fire people came to kill.

"Humph."

Chaos snorted coldly, flashed over, smashed the Huo Clan people into the air with a few punches, and fainted to death on the ground.

"Huo Jun, there are some people you can't afford to provoke, and Huo Clan can't provoke them. Don't kill yourself."

"If you dare to make noise again, I will kill you!"

The ferocity of the chaos is more turbulent than the 桀杻.

Overwhelming.

Shrouded the audience.

Ying Tianqing and Xuanyuan Jingshu looked at each other and were shocked; the members of the adventure team couldn't believe it.

Such fierceness is simply numb to the scalp.

This person can only be cultivated after being stained with countless blood. Who is this person?

Is it possible to be an officer?

Killed countless enemies on the battlefield.

Everyone came back to their senses, and the five Ye Fans had already gone far.

"Let's go away."

Xuanyuan Jingshu waved his hand.

Huo Jun's face was sullen and sullen without saying a word, and he left Xuanyuan Car Shop with his subordinates.

...

Most of the buildings in the ancient city have traces of time.

Many are somewhat dilapidated.

But it is such a picture that makes people feel mysterious and can't help but want to stay.

Experienced the prosperous hustle and bustle of the outside world.

This kind of ancient city in a corner of the mountain is simply a paradise.

Ye Fan and the others visited a lot of buildings, and they also circled the trading floor a few times, and they saw many people exchanging treasures of resources.

Adding up all the wealth of this ancient city, I am afraid that it can be worthy of a foreign country.

An exhibition hall of ancient cultural relics.

Ye Fan visited with great interest, and was especially interested in some of the unearthed weapons, which were of all kinds.

Even if it has been buried underground for thousands of years, it can still clearly feel the killing air of the cold.

"Boss, the Huo Clan people are not dead, they are staring at us. Do you want me to take action and solve them."

"No need."

Ye Fan shook his head indifferently.

"Follow it. If the Huo Clan wants to play, then play with them. I hope that all the major forces in the Northern Wilderness will surface, and it will be beneficial to understand it well."

"This sword is good!"

Ye Fan saw a bronze sword.

He sounded, Sixth Sister Tang Ying had a bronze sword in her hand, and she didn't know if Wanbaozhai had successfully built it and condensed the "sword force".

"This young man has a good eye."

Suddenly, a middle-aged man walked up, his shrewd eyes gleaming, and he smiled: "This bronze sword comes from the pre-Qin period. Strong killing and killing aura."

"This sword can be used as a weapon."

"Our store has been tested and evaluated, and the Master of Transformation Triple Achieves Gang Qi is constantly playing this sword."

Ye Fan smiled and said, "Awesome."

The middle-aged man said: "I am the deputy director of the museum. As soon as a few of you came in, I saw that you are extraordinary and introverted. You must be a master."

"To each other."

Ye Fan also saw that the deputy master was a grandmaster, and his aura was so deep that ordinary grandmasters would not be able to find it.

After being seen through by Ye Fan, the deputy director was shocked and felt that Ye Fan was amazing.

"My son likes it, I will show it to you?"

"No need."

Ye Fan refused, saying: "This sword is not bad, but after all, it's not even condensed, and it's useless to me."

The deputy master laughed and said: "Sword power is too rare, even some kendo masters can very well have a sword that condenses the sword power."

"Your museum, not only for exhibitions, but also for sale?"

"Of course, the owner of our museum is the person in charge of the composer, and the composer must be aware of it."

The four major indigenous forces control the northern desert east city.

The Qu family, like the Huo Clan, one of them is powerful.

"If the son really wants to buy a weapon, I can take you to see some interesting things."

"Oh?"

Ye Fan's eyes lit up.

The deputy museum owner looked at the back and said weirdly: "The son is willing to buy, our composer can also help the son to solve the few small bugs behind. Those are the people of the Huo Clan, and the Huo Clan will report it. The young man provokes them. It will be a little troublesome."

"The Huo Clan is the same as the Qu Family, one of the four major forces, aren't you in the same spirit!"

"How could it be possible that our composer and the Huo clan are originally rivals. As long as it is something that upsets the Huo clan, my composer is happy to do it."

Speaking of this, the deputy director said: "Finally, let me show my sincerity first and get rid of those bugs."

Words fall.

The deputy gallery chief snapped his fingers.

Several fierce men and women were killed.

With several screams, the Huo people who followed Ye Fan were thrown out of the museum, lying on the ground like a dead dog, wailing again and again.

"readily!"

Ye Fan laughed loudly.

The deputy director's style of behavior is in line with his appetite.

"My surname is Ye, these are my brothers and sisters."

"I, Qu Xianming."

"Brother Xianming wants to take me to see what baby, if it is really high-end, I don't mind buying it. Financial resources are not a problem, I can afford it."

"Come here."

Qu Xianming knew that Ye Fan was a big customer.

The sixth floor of the museum.

Ye Fan came to the sixth floor and walked into a secret room.

Suddenly.

A sharp air rushed toward his face, and at the same time, there was also the meaning of this quiet and domineering, yet Ye Fan's blood boiled before he saw it.

Good baby!

It's definitely a good baby!

Ye Fanqing couldn't help speeding up his pace.

"Rumble."

Shimen slowly opened, Qu Xianming greeted Ye Fan to come in, pointed to the front and said, "Look, how about this!"

Ye Fan's eyes narrowed.

In sight, a halberd was inserted on the stone pier.

The whole body is as black as ink.

But if you study it carefully, you find that the ink contains gold, the halo is flowing, and it is mysterious.

This halberd is very powerful.

It doesn't feel like a weapon at all, but rather like an upright demon god.

Ye Fan loved it.

At first glance, he fell in love with this halberd.

overbearing!

Fierce!

Invincible posture.

This is exactly the temperament that echoes Ye Fan.

Ye Fan couldn't help but stepped forward and grabbed the halberd. A cold cold air flowed down his arm, and his limbs flowed in an instant.

die!

Ye Fan took a breath.

Arm hard.

Heavy!

A word appeared in Ye Fan's mind, this halberd was very heavy, and his arm veins violently violently, and finally drew the halberd out.

"Huh."

After waving it a few times, there was a hunting noise.

"Position!"

Ye Fan was surprised to find that this war halberd condensed in addition to "potential."

This is a matter of course.

If there is no condensed "potential", it is impossible to have such a domineering and sharp aura.

"What a halberd."

Ye Fan admired, his eyes burning, and asked: "Brother, does this halberd have a name?"

"Xuantian War Halberd!"

Chapter 500: Xuantian War Halberd

"Xuantian War Halberd!"

"Good name!"

Ye Fan couldn't put it down, it seemed that this halberd was born for him.

Qu Xianming said: "This war halberd was unearthed in the pre-Qin and Warring States period. It has a special material and seems to be made of a meteorite from the outside world. It is particularly strong and indestructible. The smelting technology is also very sophisticated and superb."

"The halberd condensing is quite rare except for the 'potential'."

"Xuantian has a heavy meaning, so this war halberd weighs three hundred and sixty catties, it's really a week."

Three hundred and sixty catties, how heavy.

If this is hacked, not many people can resist it.

The body of Master Heng Lian will be split in half.

Ye Fan was amazed.

Qu Xianming smiled and said: "This halberd is one of the treasures of our museum. Not many people know it, and many people want it."

"It seems that it is not easy to get this halberd."

"Of course!"

"To be honest, I am attracted to this Xuantian War Halberd. Please tell me, Brother Xianming, how can the Qu family be willing to sell it to me? Money? Resources? Or martial arts? I have no shortage. I can give you the Qu family. Top grade martial arts."

"Top grade martial arts!"

Qu Xianming's eyelids twitched, quite surprised.

High-grade martial arts as a transaction, the entire Northern Wilderness is rare, because it is too precious.

However, Qu Xianming suppressed the throbbing in his heart, and said: "Ye Gongzi, I can't actually be the master. Wait a moment, I will contact the above, and I will give you an answer later."

"Can."

Ye Fan reluctantly put down the Xuantian War Halberd and left the secret room.

Qu Xianming left.

Chaos said: "Boss, that halberd is really good. You have always wanted a weapon, and have not liked it for many years. Wanbaozhai has built a few of them, and they are not in line with your heart. I did not expect to encounter it this time. NS."

"Yeah, that halberd and my appetite."

Ye Fan smiled knowingly.

Luo Hong said, "I'm afraid the composer wants the lion to open his mouth."

"Look at it later, although I like it, I am not taken advantage of. It is beyond my bottom line, and I can only give up."

Taotie curled his lips and said, "Boss, if you like it, let's just grab it. Anyway, this Northern Wilderness historic site respects the strong, and we don't have to have any psychological burden."

Ying Xiao echoed: "Yes, grab your hand and give the composer some money and resources. Or, you can directly identify yourself. I think the composer will definitely give face."

"If you don't give it, our Heavenly Sovereign Hall army will go to the Northern Wilderness and step down everything."

"You have to follow the rules." Ye Fan said irritably, "The soldiers from Beiliang City have never entered the Northern Wilderness. The soldiers from our Tianzun Temple rushed forward. First of all, we must go to war with the Daxia soldiers."

"Wait to hear from the composer."

...

at the same time.

Fire home, in the mansion.

Bang!

The fire army was furious and furious.

"Bastard!"

"Qu Xianming, Ba Laozi, dare to abolish my Huo people!"

"What a death!"

In the yard, everyone was filled with righteous indignation.

"It won't be long for the Qu family. The enchanting leader of their family is trapped in Luolongpo, and his life will not be long."

"Yes, as long as Qu is born, the younger generation of Qu Jia will be abolished. A month later, Qu Jia Jiangbei will be kicked out."

"Hahaha, if the composer is kicked out, then the East Side will be controlled by the three major forces. Resources can be redistributed."

"Brother Jun, don't you see Qu You'er, the congenital sister of Shangqu. Wait for Qu Congenital's fall, let the mad brother catch Qu You'er and be your woman. I don't dare to fart the Qu family!"

These words made Huo Jun's bad mood disappear. Thinking of Qu You'er's beauty and beauty, Huo Jun's mind was fierce.

"Huh, let the composer linger for a while."

"However, the kid surnamed Ye has to find a way to kill. The woman next to him is also very good."

Huo Jun licked his lips, and when his eyes rolled, there was a conspiracy...
