Chapter 521: Luolongpo

"Miss Qu, Luo Longpo is so big, and with dangerous steps, it is a bit unrealistic to look for your brother aimlessly; if you delay too much time, I am afraid that Liang Xiao, Ji Tinglan, Huo Kuang and others have already put Qu Xiantian Beheaded."

"Have you contacted Qu Xiantian's method?"

"The radio can't communicate. The ancient and primitive signal flares can come in handy in this environment. It should be there."

Qu You'er smiled and said: "Brother Fan, you are really smart. The flares are in the Northern Wilderness. Every big clan is indispensable and all kinds of them."

"Everyone, wait a minute."

Everyone saw Qu You'er take out a small slap-sized torch, and rushed into the sky with a "shoo" after it was lit.

Bang!

The fire tube exploded and bloomed like a flower.

"it's beautiful."

Luo Hong exclaimed.

The entire gloomy sky was covered by a very bright flower, which was illuminated like daylight.

"Blood-blooded rose, this is the unique rose variety of our Qu family's ancestral land, and it is the symbol of our Qu family."

"Hurry up and transfer." Ye Fan reminded: "The Bloody Rose notified Qu Xiantian, but it also exposed our position. Don't forget, Ying Tianqing, Wu Lingjun and others have rushed to Luolongpo long ago to hunt me down. ."

"go!"

Ye Fan took the lead and opened the way.

Ten minutes after they left, a few figures came to kill. As Ye Fan expected, they were really Wu Lingjun and Ying Tianqing.

"Already transferred."

Ying Tianqing was very upset.

Wu Lingjun said coldly: "In fact, we don't need to pursue it, we just need to wait and see."

"You mean?"

"Go and join the fire mad and ambush near the King Kong White Bone Array; if they want to save Qu Xiantian, they will definitely go there."

"You are right, there are Liang Xiao and Ji Tinglan over there, Ye Fan wants to save Qu Xiantian, they will definitely not agree. Ye Fan will encounter an unprecedented lineup, I don't believe that he can leave Luolongpo alive. "

"Luolongpo is where Ye Fan was buried."

...

Ye Fan took everyone to and fro.

But he did not get Qu Xiantian's signal flare response for a long time.

"what happened?"

"Your brother won't have been beheaded, will he?"

Qu You'er was flustered, with red eyes, shaking his head and said: "No, my brother is talented, he is the four top evildoers of the Northern Wilderness. I won't die so easily, I think..."

"It must be my brother who knew that there were Liang Xiao, Ji Tinglan, Huo Kuang, and even Wu Lingjun, Ying Tianqing and others. It was a dead end. He didn't want us to die, so he didn't respond with a signal flare."

"If that's the case, Qu Xiantian is a person!" Ye Fan nodded, taking a look at Qu Xiantian.

Qu You'er said: "Brother Fan, since my brother didn't give a signal, we can only look for them one by one."

"How to say?"

"In Luolongpo, there are not many fierce places that can trap my brother. I thought about it. There are probably three places, namely: Wanzang Mountain, King Kong White Bone Array, and Fallen Soul Ditch."

Ye Fan smiled and said, "The names are quite domineering, I don't know what's the secret."

Qu You'er explained earnestly: "The first fierce place, Wanzang Mountain. Rumor has it that the whole mountain is piled up with corpses, and there are countless treasures growing in it, with endless good fortune."

"Leave aside, let's say that three years ago, a monster got a vermilion fruit in Wanzang Mountain. After swallowing it, he was reborn and reborn. His body was extremely strong, comparable to Master Heng Lian. This person is one of the four top monsters. One, Thousand Sails in Beicheng."

Ye Fan's mind became active.

In addition to his injuries, there are many flaws in his physical body that need to be repaired and filled. The most lacking is the treasure that strengthens the physical body.

Wanzang Mountain is simply tailor-made for him.

"Treasure medicine is not easy to take, right?"

"Of course, many monks want to be good fortune like Bu Qianfan, but they will die forever; in Wanzang Mountain, there are horrible unknowns."

"Unknown? What do you mean?"

"I don't know. According to the monks who have climbed Wanzang Mountain, there is a headless horseman holding a rusty spear wandering in the mountains to hunt down climbers."

"Bullshit!"

Ye Fan rolled his eyes, his face was full of disbelief, and he hummed: "This kind of nonsense is without logic and basis, and it's a properly fabricated rumor."

Qu Youer groaned: "There are also cultivators who have not seen the so-called headless knight who climbed Wanzang Mountain, but they also said that ghosts hit the wall and they walked back to the original place. In short, there are various theories, weird and weird. very."

As the saying goes: There must be a demon if something goes wrong.

This "monster" does not necessarily refer to the weirdness of Wanzang Mountain.

Is it possible that the monks who have climbed Wanzong Mountain deliberately fabricated it to intimidate and deter those who want to go to Wanzong Mountain to dig for treasures?

After all, the mountains are so big and there are so many treasures. Growth requires a cycle; a large number of people climb and dig, and they will be digging out in a short time.

Rather than being horrible and strange, it is more a lie to "protect Wanzang Mountain".

In short.

Ye Fan didn't believe in such things as "headless knight" and "ghost hitting the wall".

Chapter 522: Three major fierce places

"Talk about the second one."

"The second fierce land, the King Kong White Bone Array. As its name suggests, it is a giant formation built of dense white bones. The surface of the white bones is covered with diamond armor. It is indestructible and can resist the qi."

"The formations are unpredictable, shifting their shapes and positions, one after another, falling into it, if you can't solve the mystery of the formation, you won't be able to get out."

Chaos raised his hand, pointed to it, and said, "Escape from the air. You can't have those bones as high as several kilometers."

At this time, Zhu Ying explained: "Big Brother Chaos, the bones are the size of a normal person, but the sky above the Diamond and White Bone Array is covered with miasma."

Qu You'er said: "Yes, those miasma are highly poisonous and terrifying; the body shields of the second great master of the transformation realm can corrode."

Ye Fan frowned, and was amazed, "That is to say, if you fall into it, you will either break the big formation; or force the big formation to explode, or the body shield is strong enough to rescue people before the miasma corrodes."

"Well, in theory, there are only three methods."

"interesting."

Ye Fan touched his chin and continued to ask, "What about the Fallen Soul Gully?"

Qu You'er said: "There are weird evils in the Fallen Soul Gully, which can affect the spirit when invading the body, ranging from madness and madness; on the other hand, they die suddenly."

This point made Ye Fan ring the Death Canyon in Miaojiang.

Previously, I went to Shiwan Dashan with Chinese medicine doctors and three major families of Chinese medicine, digging into the caves of the path of medicine, and entered the Grand Canyon of Death. There was a weird evil in it.

It is exactly the same as Fallen Soul Gully.

Ye Fan basically understood the three fierce places.

He considered for a while, and said: "Let's go to the Fallen Soul Ditch first, where I can remain unaffected. Finding someone is very simple."

Qu You'er and Zhu Ying were quite surprised.

Luo Hong and Chaos were not surprised.

Evil affects the spirit, so as long as the heart is like a rock and the will is indestructible, there is no fear of evil.

And it just so happened that Ye Fan was like that.

You know, Ye Fan has even cultivated his "invincible self-confidence", how strong his heart is, you can imagine!

The mere wickedness is nothing to worry about.

"After going to Fallen Soul Gully, if no one is found, then go to the King Kong White Bone Array; finally go to Wanzang Mountain."

"Because I need treasure medicine to treat my body, it is impossible to leave easily when I go to Wanzang Mountain. I must search for the treasure medicine, which will delay a lot of time; so I put it at the end."

"Is there any objection to this arrangement?"

Everyone shook their heads.

Ye Fan said: "Then go to Fallen Soul Ditch. By the way, Miss Qu, you can point out the route."

"I don't know the route."

"???"

Qu Youer said innocently: "Luolongpo has a complex terrain, covered by dense fog, and the light is dark. It is impossible to draw a map. Therefore, except for experienced people who can easily find the fierce land, in general..."

"You are too unreliable."

Ye Fan's face was full of black lines.

There is no route, and you have to search aimlessly. When will it be found?

Maybe Qu Xiantian was already cold when he found Fallen Soul Valley.

"What should I do then!"

Qu Youer was very anxious and was about to cry.

Everyone's thoughts have turned sharply, and they are all thinking of a way.

suddenly.

Ye Fan looked back at the Huo Jun.

Luo Hong also followed.

Then, Zhu Ying, Qu Youer, Chaos and others all focused on the Huojun.

Everyone glanced at each other and they all knew what they thought was the same.

"I am searching."

Taotie threw the fire army on the ground and fumbled all over his body; soon he shouted, "I found it, look!"

Small fire tube.

Flare of the fire race.

This thing is necessary for the children of the big clan, in order to send information to the clan in danger and come to rescue.

The launch of this flare would surely arouse the idea of madness, and madness will most likely rush over.

Capture the fire mad, soon know the whereabouts of Qu Xiantian.

too easy.

So much time was wasted just now.

"call out!"

"Boom!"

The dense fog was washed away, and an orange pattern was imprinted on the sky. It was a flamingo, which was the symbol of the fire clan.

The fire tribe has two beasts: the fiery lion and the flamingo.

One in the sky and one underground.

very perfect.

The loud sound of the signal flare awakened the fire army.

"What's up! What's up!"

The fire army looked around.

He slapped him and stood upright.

Seeing the "flamingo" pattern in the sky, the fire army shouted: "What are you doing with my flare? Are you sick? By the way, where is this? Luolongpo?"

Sitting on a boulder, Ye Fan said jokingly: "Stop calling, your cousins will be reunited later."

"What's the meaning?"

Huo Jun looked blank.

The next moment, he suddenly realized, and screamed: "Ye Fan, you, you used the signal flare to summon the madness, and you want to capture him. You, you are so vicious! You are crazy and crazy!"

"be honest."

Chaos kicked the fire army.

The Huo Jun fell ashamed and got up and said angrily: "You are too bastard, my cousin is the hope of my Huo Clan, you are trying to ruin my Huo Clan's future. You deceive people too much, you..."

"Do you want to die?"

"Puff."

Huo Jun immediately knelt down and cowered and said: "Master Ye, my Huo Clan has no grievances and no grudges against you... No, it is my naked eye that offended you and has nothing to do with my cousin. I beg you to spare the fire. Crazy."

Ye Fan hummed and said, "I didn't expect you to be kind."

"Although I am asshole, I am not a fool, because I ruin the future of my clan, and I will be a sinner through the ages."

"Don't worry, as long as you are honest, I won't kill him. After all, your Huo clan is a big clan in the Northern Wilderness, and I'm very annoyed to be stared at and entangled."

"Master Ye, I will persuade my brother and you to put an end to the past." Huo Jun made a vow, but he was very worried.

The other end.

Near the King Kong White Bone Array.

Fireman saw the sky far away, the giant "flamingo" pattern, his eyelids jumped wildly, and he said in a deep voice, "I might have a signal flare to summon the people, I have to go there!"

Ying Tianqing said: "Now? It's better to wait. Liang Xiao and Ji Tinglan are ready to enter the big formation and behead Qu Xian."

"It doesn't matter if I am missing here. I suspect that it is my cousin Fire Army who is sending the signal. I must go and see."

"Be careful."

Huo Kuang looked back at the big array, and then a few flashes, disappeared in the jungle.

at the same time.

The big shock, ushered in a new rotation, and the layout changed.

Two whistling softly.

A handsome young man in purple and a woman carrying a long sword rushed into the big formation. It was Liang Xiao and Ji Tinglan.

"boom!"

In the center of the big formation, a fierce and powerful aura rose to the sky, causing a big hole in the miasma.

Such a strong momentum.

Ying Tianqing was secretly frightened.

Wu Ling pursed his lips and said nothing, his face was cold, and he couldn't see anything.

"Hahaha."

Suddenly, there was a series of wild laughs in the big array.

"Liang Xiao, Ji Tinglan, you are finally here. Come and kill Qu Xiantian, you are not qualified. The so-called four top enchanting evildoers, only Bu Qianfan is my strong enemy."

"You guys, no!"

Chapter 523: Qu Xiantian

"Qu Xiantian, you are arrogant!"

Liang Xiao was furious, his breath exploded, and his momentum was like a rainbow.

But Ji Tinglan, her eyes gleaming with strange brilliance, seemed to appreciate Qu Xiantian's heroism, and her heart throbbed.

But in an instant, it disappeared.

"What I can't get, don't even think about getting it, then ruin it."

Ji Tinglan secretly said in her heart.

He and Liang Xiao went deep into the big formation.

The King Kong bone injection is very weird, it is difficult to get out, but it is very easy to get in.

Just three minutes.

Liang Xiao and Ji Tinglan saw Qu Xiantian.

At this time, Qu Xiantian was a little embarrassed. After all, he had been trapped here for half a month. Fortunately, the array was very wide, including flowers, plants and trees, so he would not starve to death.

It's just a lot of weight loss.

Although Qu Xiantian was unkempt, his momentum was not weak at all. Liang Xiao and Ji Tinglan were both powerful and could not suppress him.

"Qu Xiantian, you are in this state, with a yellow face and thin muscles, and you dare to speak wildly."

In the entire Northern Wilderness, if Liang Xiao hated the most, it would be Qu Xiantian.

This is his rival in love.

At the same time, Liang Xiao also felt the deep humiliation and dignity trampled by Qu Xiantian, and even he became the joke of the Northern Wilderness.

The woman she loves is Qu Xiantian's suitor, but Qu Xiantian is not interested.

It's like this: my goddess who can't be loved is another man's licking dog, and the man who was licked still loves to answer, so I don't cherish it.

gas!

hatred!

Liang Xiao was murderous.

Qu Xiantian's face was plain, and he mocked: "Liang Xiao, even if I break two arms, hitting you is like hitting a dog. You idiot, the structure is too small."

"What did you say!"

"I said that you are small, and as a warrior, you are still a little talented. You should pursue the ultimate in martial arts. But you are bound by a woman. Under the bewilderment of a woman, Ji Tinglan followed him to deal with me, and even killed me. Liang Xiao, You are really useless!"

"court death!"

Liang Xiao's complexion turned red and was extremely angry.

Ji Tinglan said coldly: "Liang Xiao, don't fall into Qu Xian's routine, this guy is scheming and deliberately instigating discord."

"I see."

Liang Xiao nodded.

Qu Xiantian turned his gaze and sneered: "Ji Tinglan, you are no better than Liang Xiao, and you are full of men and women. So if you have desires, why not stand on the street!"

Ji listened to Lan dumbfounded.

real.

Liang Xiao was dumbfounded.

Unexpectedly, Qu Xiantian would say such a thing.

This completely tore Ji Tinglan's face, Liang Xiao still felt a little ecstatic in his heart, originally worried that Ji Tinglan would be reluctant to kill Qu Xiantian at a critical moment, but now he has no such worries.

"Qu Xiantian, you bastard!"

Ji Tinglan was furious, and three feet of Qingfeng came out of his back.

Jianguang cut through the miasma.

"Swordsmanship, sunset Changhong."

Ji Tinglan couldn't help but make a move.

The Ji family uses swords well.

The characteristic of Ji's swordsmanship is that it is not too gorgeous, but is hard-hearted, direct, and domineering.

For example, the trick "Sunset Changhong" is to go straight, the sword aura descends like a rainbow, and it hits the head immediately.

At the same time, Liang Xiao also moved.

He rushed into a violent rush and killed Qu Xiantian in a close fight; the two had planned a close attack and a long-range attack, which made Qu Xiantian overwhelmed.

"I said you can't do it, that's no good, it's not good either!"

To be overbearing, Qu Xiantian is much more advanced than Liang Xiao and Ji Tinglan.

If it were Ye Fan again, he would be very surprised, because Qu Xiantian had a faint aura of invincibility, which was cultivating "invincible self-confidence."

It can be said that Qu Xiantian has touched the threshold.

Given time, it will surely succeed.

At that time, Qu Xiantian, let alone in the Northern Wilderness, is one of the strongest young evildoers in the entire martial arts world.

In order to achieve limitless.

The war is in full swing.

Wu Lingjun and Ying Tianqing couldn't see it, because the miasma above the array was too strong, but their ears were amazing, and they could make some analysis from the movement.

Chapter 524: Fiery Abacus

the other side.

The mad rushed on the road madly.

He seems frivolous, but in fact he is thoughtful.

In fact, it is not an easy generation to be the first person in the younger generation of a big clan.

Huo Kuang also found a few helpers.

The strength is okay, and there are two masters among them.

"Brother Mad, there is a breath."

A lean man reminded him that he was very sensitive and noticed some movement.

really.

Through this jungle, the eyes suddenly open up.

Fire Kuang saw the fire army hanging upside down on the tree at a glance, and seeing the fire army scarred, he was furious: "Cousin!"

"Cousin!"

Huo Jun was very moved, and Huo Kuang came to rescue him, but the next second, he shouted: "Brother, hurry up, Ye Fan..."

"Boom!"

Luo Hong flicked his finger, and the gang gas exploded and stunned the fire army.

On the ancient tree.

Ye Fan jumped down.

Huo Kuang was not too surprised, and said, "Ye Fan, I thought it was you. I guessed it right. You caught my cousin before digging in the Wu Tomb cave."

"good."

Ye Fan nodded and asked with a smile: "Since I know it is me, why dare to come over? Is it possible that you think you can save the fire army from me?"

Fire madly said: "Of course I would not be so arrogant."

"That's why you came here, don't tell me the brotherly love, you are not so noble."

"Ye Fan, let's make a deal."

"trade?"

"You hand over the fire army to me, and I will tell you a great good fortune."

Ye Fan looked at Fireman deeply, and at the same time paid attention to his surroundings, to prevent Fireman from delaying time and secretly scheming.

The Chaos trio had already dispersed and guarded.

Luo Hong protects Qu Youer and Zhu Ying.

"Are you willing to make a deal with me?"

"Why not?" Huo Kuang shrugged, "There is no deep hatred between us. Fighting for good fortune in the tomb of Wu is all justified and not an enmity. As for the fire army to offend you, it is also a trivial matter. You dignified master, Why bother."

"It's quite easy to say." Ye Fan snorted coldly, "But well, I'm still willing to listen to what you said about the great good fortune."

"You should know a little bit about Wanzang Mountain. I know that there is a gem that grows a peerless medicine that can be reborn. We can dig together. Besides, I tell you that Qu Xiantian is trapped in the Diamond and White Bone Array."

"Liang Xiao and Ji Tinglan have already entered the battle to kill Qu Xiantian; there are Wu Lingjun and Ying Tianqing on the periphery. This is only on the surface. I am afraid that there are many strong people hidden in the secret, waiting for the opportunity."

"Qu Xiantian is in a critical condition. If you want to save him, you must be as early as possible."

"I can even tell you a flaw in the White Bone Array, allowing you to successfully rescue Qu Xiantian."

Huh.

Qu Youer couldn't help but flashed out, and asked, "Huo Kuang, what you said is true?"

"I have come, why do you need to deceive you. You have all seen my sincerity. Ye Fan, what do you think?"

"Tell Qu Xiantian's whereabouts, you can also say that the big array is flawed, and you are willing to work with me to dig out the peerless treasure... This condition is too rich, just for me to hand over the fire army? This is too fake."

Ye Fan didn't believe it.

What the madman said, the punctuation is not believed.

"It's true that it's very difficult to get that peerless treasure from Wanzang Mountain. I need help."

"why me?"

"First, you are strong enough, and second, you have injuries."

"What's the reason for this?!"

"If there is injury, there will be uncertainty. Your strength may be strong or weak. I have the opportunity to suppress you. In the end, I will monopolize the peerless medicine. If I call Shang Wu Lingjun and Ying Tianqing to help me, it will be different. They are both in their heyday, and Ye Fan, don't underestimate them. The two of them are definitely not the fighting power shown in the Wu Tomb, and they hide their cards!"

The fire mad said seriously and categorically.

This is why he didn't call Wu Lingjun and Ying Tianqing to come together, just to rule out the two.

"Damn, what you said is too direct, you don't hide it at all."

"At our level, there is no need to circumscribe. Moreover, if you have a physical injury and need the treatment of a peerless medicine, you will definitely agree. Let's unite the front and wait for the medicine to get it. Let's see who is more ruthless and capable. Whoever gets it."

"Hahaha, interesting. Okay, I promised!"

The madness opened up and spoke bright words, but Ye Fan's appetite was won, and it was better than the scheming guy.

"A Hong."

Ye Fan winked, and Luo Hong threw the Huo Jun at Huo Kuang.

"Go to the Vajra Bone Array, I will tell you the flaws in the Array at that time. In order not to attract attention, we don't want to go together, I will take the first step."

Huo Kuang greeted him and left in a hurry.

Everyone gathers together.

Chaos cursed and said: "What kind of medicine did that kid gourd buy!"

He muttered: "Boss, I think I just captured him directly, it's so much easier."

Ye Fan said unhappily: "The fire mad dared to come alone, he must have the confidence, and it is not easy to capture; even if I can capture, I may be injured again, how can I save Qu Xian."

Qu Youer said anxiously: "Brother Fan, Huo Kuang cannot be trusted. Our Qu family and Huo Clan are rivals, and Huo Kuang will not kindly let you rescue my brother."

Ye Fan thoughtfully, nodded and said: "I know that it's nothing more than fighting wits and courage. This is interesting. Anyway, knowing your brother's whereabouts is a big gain. Let's hurry up, hope it's time!"

Chapter 525: Great work

King Kong and White Bone Array.

The roar continued.

Sometimes the fist gang blasts, sometimes the sword is soaring.

Qu Xianduan is amazing.

Fighting against the two masters alone, they didn't let the wind fall, and even the fierce aura was stronger than Liang Xiao and Ji Tinglan.

In addition to Qu Xiantian's toughness, there are also reasons for his mentality.

For Qu Xiantian, he had no choice but to be beheaded if he didn't work hard, so he had to be ruthless; but Liang Xiao and Ji Tinglan wouldn't work hard.

If you fight to be injured and kill Qu Xiantian, the consequences will be unpredictable.

Someone outside is eyeing.

Supernaturalists and Master Heng Lian are all lurking.

"kill!"

With a heavy punch, Liang Xiao blasted Qu Xiantian into the air.

However.

Qu Xiantian's physical body was a grade stronger than him, and he smashed on the bones without substantial damage.

On the contrary, Liang Xiao consumes a lot.

"Your fist is tickling me, saying that you are trash is to praise you. If it weren't for Ji Tinglan's long-distance harassment, you trash, I would have broken your neck long ago."

"Qu Xiantian, he is still taking advantage of his tongue when he dies. Do you think it can irritate me and make me lose my composure? It's ridiculous."

"Today is your death date."

"No one can save you, no one will come to save you, no one dares to save you, I said!!!"

Qu Xiantian's face was heavy.

Only he knows his situation best.

It can be said that...

Regardless of her life and vigor, she is actually fighting, he can't hold on for long; after half a month of being trapped, although he did not starve to death, he has been affected by the miasma.

He has been poisoned.

However, he was physically strong and did not die suddenly; but in a high-intensity battle, the blood flow was fast, and the spread of the poison was also accelerated.

Qu Xiantian sighed bitterly. At this moment, the poison had spread to his limbs, and he was afraid that he would be hopeless.

But even death is a violent death.

Liang Xiao and Ji Tinglan, they have to keep one!

"Weathered palm."

Qu Xiantian performed martial arts, and his palm prints set off a violent wind, stirring the miasma to attack Liang Xiao, making Liang Xiao discolored, worried about being affected by the miasma.

When Liang Xiao retreated violently, Qu Xiantian exploded with all his strength to kill Xing Ji Tinglan.

Sword repair is very powerful.

This is recognized by the martial arts world.

However, Jian Xiu is generally not strong in physical body. Because it is not easy to practice swordsmanship, most of the time is spent on swordsmanship, so naturally there is no time to polish the flesh.

What's more, Ji Tinglan is a woman.

Qu Xiantian was very confident, as long as a punch... As long as he hits a punch, Ji Tinglan is at least seriously injured, even broken, and directly abolished.

Compared to Liang Xiao, Qu Xiantian hates Ji Tinglan even more.

This vicious woman wanted to destroy him because she couldn't get him. She was simply a lunatic and unreasonable.

"you!"

Ji Tinglan was horrified.

He was angry, because he felt Qu Xiantian's strong killing intent, and he wished to smash his body into pieces.

"You want to kill me?!"

"It was you who wanted to kill me first, can't I kill you? Ji Tinglan, you made me very disgusted and disgusted. Now I will send you on the road."

Qu Xian's black hair dances wildly, and he catches Xiang Ji Tinglan.

"die!"

Ji Tinglan is also a ruthless character, dancing with a long sword, creating a sword aura, but he can't stop Qu Xiantian.

Qu Xiantian had no scruples at all.

Most of the sword aura was shot out, and some of the sword aura scratched his body and scarred him. He ignored it, and did not blink his brows.

The cold eyes stared at Ji Tinglan from beginning to end.

The look, the decisiveness, the decisiveness... made Ji Tinglan terrified, as if he was in a disaster.

"Swordsmanship, sunset Changhong!"

"Swordsmanship, startling!"

"Swordsmanship, split the mountain!"

"Swordsmanship, Zhanjiang!"

"fencing....."

After a few breaths, Ji Tinglan displayed seven kinds of swordsmanship.

I have to say it's scary.

It is worthy of being one of the four top enchanting evildoers, not a generation of vain names.

The seven types of swordsmanship are all overbearing types.

Ke Qu is inherently more domineering.

His hands bloomed with brilliance, as if he was wearing an invincible glove, shaking his fist, and breaking his swordsmanship one by one.

The sword qi, which was cut as iron as mud, was squeezed alive by Qu Xiantian.

"The qu family is unique, with great skill."

"good!"

Qu Xiantian's hands were shining with strange light, mixed with a faint blood halo.

Ji Tinglan's sword qi had an effect on the qi hood of the second-tier grandmaster of the normalization realm, but Qu Xiantian squeezed it easily.

This is the power of "Heavy Hands".

The unique genre of the Qu family.

However, it is said that apart from the one hundred and twenty-year-old ancestor of the Qu family who is approaching, no one else in the Qu family can practice successfully.

Unexpectedly, Qu was born.

"impossible."

Ji Tinglan couldn't believe it.

Qu Xiantian has become a "skillful hand", who is still an opponent, I am afraid that she and Liang Xiao will be counter-killed.

"Hehe, nothing is impossible."

"Do you really think I was lured to Luolongpo by the madness? Do you think I'm so stupid?"

"I came to Luolongpo to find a treasure medicine at Wanzang Mountain. I succeeded and found a good treasure medicine. Although my whole body was not reborn, my hands were transformed into flesh,

muscles, veins, skin and bones. All have been greatly improved, and therefore they have become a 'skillful hand'."

"Ji Tinglan, this is the first time I have performed my composer's strongest skill. You are honored to be a dead soul under the 'Heavy Hand of God's Work'."

"Die!"

Seeing Qu Xiantian's invincible posture, Ji Tinglan's psychological defense collapsed, Huarong turned pale, and fled, exclaiming: "Liang Xiao, help me!"

"Huh!"

A figure flashed by, and Ji Tinglan was captured.

Qu Xiantian made a blank.

"Electric step."

Qu Xiantian turned to look at Liang Xiao, and said with a sneer: "That's right, you have learned the Liang family's core body technique and martial arts. It's just that you think you can escape with the 'electric light step'? It's too naive."

Liang Xiao patted Ji Tinglan on the shoulder and asked concerned: "Tinglan, are you okay?"

"Fortunately, fortunately you made it in time."

Ji Tinglan has lingering fears and hates Qu Xian.

"Liang Xiao, this guy has become a master of skill, we are not opponents, we should withdraw quickly, don't capsize in the gutter."

"No need."

Liang Xiao shook his head and said confidently: "Listen to Lan, we have all been deceived. In fact, he is already the end of the crossbow. You are resting on the side and watching me consume him alive with the 'Electric Light Step'."

Huh!

When the words fell, Liang Xiao flickered and came to kill.

Qu Xiantian stood still.

Liang Xiao raced around him quickly, making a note from time to time, which made Qu Xian very annoyed.

"My time is running out."

Qu Xiantian was anxious.

Is it really going to be consumed by Liang Xiao? Forcibly breaking through is not wise, Ji Tinglan will definitely give me a fatal blow.

Time is ticking.

Gradually, Qu Xiantian's aura weakened.

Ji Tinglan felt it, and laughed: "Liang Xiao, what you said is right. This guy is a strong player in the net, and he will kill him!"

"Qu Xiantian, aren't you crazy? Go on, there is a way to break through Liang Xiao's encirclement."

"come."

Ji Tinglan was confident, and at the same time secretly brewing the strongest sword, as long as Qu Xiantian broke through, he could kill with one sword.

Qu Xiantian looked at Ji Tinglan's ugly face, burning with anger, and his momentum declined even faster...

"has it ended?"

Outside, Ying Tianqing and Wu Ling both found that there was no movement, and sighed regretfully.

"A generation of evildoers, just like this, the Qu family must be mad, and they will definitely not give up. The Northern Wilderness is going to be in chaos."

"The messier the better."

Ten minutes later, Huo Kuang rushed back with the Huo Army.

Wu Lingjun and the two nodded to him, without saying anything; seeing the big array calm, the fire knight frowned: "Qu Xiantian is cold? So soon, won't it."

Three more minutes passed.

Ye Fan and his party arrived, did not hide, and appeared calmly.

moment.

"Is there any hope?"

"Wait for my news."

At this time, Huo madly shouted: "Ye Fan, do you want to enter the big formation? If Liang Xiaoji Tinglan is injured, wouldn't it happen that you were caught upright and stopped for me."

The two rushed into the big array one after another.

Wu Lingjun and Ying Tianqing were slightly confused. When did the fire mad rush into the battle without hesitation?

However, after thinking about it, Liang Xiao and the two dared to go in and kill Qu Xiantian, indicating that there was a way to come out, and the madness had the confidence.

Rush into the big array.

Ye Fan said: "This Diamond and White Bone Array is really mysterious, mad, do you really know the flaws in the Array?"

Huo Kuang said, "Not only I know, but Ji Tinglan also knows. That's why she flicked Liang Xiao in to kill Qu Xiantian. Anyway, it was only half an hour, and Qu Xiantian wouldn't be unable to hold on."

"Don't guess, it's important to find Qu."

"good."

...

The northwest side of the large array.

Liang Xiao and Ji Tinglan were very embarrassed, with blood hanging on their bodies. They stood in front of a mountain wall with indifferent eyes.

On the mountain wall, Qu Xiantian was nailed by a sword.

That sword penetrated the heart.

"In the end you were still killed by us." Liang Xiao said quietly: "Qu Xiantian, you are a monster, I admit that you are very strong; if it weren't for Qu Youer's cry from outside, you would be distracted, I'm afraid you will get on. We padded our backs."

"Hehe, Qu Xiantian, I didn't expect your most beloved sister to kill you in the end."

Ji Tinglan sneered, and immediately said viciously: "Don't worry, I will catch Qu Youer, send her up, and go underground to reunite with you."

"This sword has been with me for five years and I will leave it to you for the time being."

"let's go!"

Ji Tinglan greeted.

Liang Xiao retracted his gaze and hobbled away with Ji Tinglan.

Ji Tinglan knew the flaws in the big formation, and quietly left the big formation from another direction. They needed to recuperate.

In the end, Qu Xiantian fought hard, causing them to be seriously injured.

If you encounter an enemy at this moment, they will undoubtedly die, and you must be careful.

"The smell of blood is very strong!"

"Here."

Ye Fan and Huo Kuang found it.

The atmosphere caused by the war has not completely dissipated, they are easy to follow, and with the strong **** atmosphere here, the two concluded that the central station was here.

"what!"

Suddenly, Huo Kuang screamed.

Ye Fan was startled, raised his head, his pupils contracted.

"Qu Xiantian, was, was nailed to death!"

Flaming lips trembled.

Although he and Qu Xiantian are rivals, but now seeing Qu Xiantian being nailed to death, Huo Kuang is not much excited, but rather regretful.

"Catch the claws!"

Ye Fan immediately used his martial skills to capture Qu Xian.

The body is warm.

very good!

Huo Kuang asked, "Ye Fan, what are you going to do?"

"Don't make noise."

Ye Fan first used the "Three Points of Hell" to protect Qu Xian's vitality, and then checked his body.

Suddenly, his face was strange.

"What's your expression?" Huo Kuang looked at Ye Fan puzzledly, frowning.

Could it be that Ye Fan has the advantage of Long Yang, and he is attracted to Qu Xiantian... Indeed, Qu Xiantian looks handsome, but everyone is dead, Ye Fan doesn't even let go of the body.

Damn it!

The mad chrysanthemum tightened, took a step back, and became even more jealous of Ye Fan.

Ye Fan didn't know what Huo Kuang was thinking. At this time, he was extremely surprised because he found that--

Qu Xiantian's heart does not grow on the left...

Chapter 527: Kill Fanling!

right!

Qu Xiantian's heart grows on the right.

this.....

Novels dare not write like this.

The plot in the TV series really happened.

certainly.

This is not unrealistic.

From a medical point of view, the probability of the right position of the heart is one in a million. Since there is a probability, it means it exists.

Qu Xiantian is such a special case.

Ji Tinglan and Liang Xiao didn't make up their swords, and left confidently. They didn't even dream of this change.

Right heart, this is indeed Qu Xiantian's big secret.

The entire composer, only his parents and sister Qu Youer know.

Because Qu Xiantian regards the "right position of the heart" as one of his life-saving cards.

Sure enough, it worked today.

"The heart has stopped beating, in a state of suspended animation."

"It seems that it is unable to resuscitate on its own and needs external force to wake it up. If the brain is not awakened for a long time, the brain is ischemia and hypoxia, the brain tissue will die in large areas, and even become a vegetative."

"Qu Xiantian is also betting."

"He must have heard Qu Youer's cry, betting that Qu Youer can come in in time to help him recover, and bet that Liang Xiao and Ji Tinglan will not make up for the knife."

"A ruthless man!"

"Really bold, with great potential."

Ye Fan thought secretly in his heart.

At this time, the mad face twitched.

In his sight, Ye Fan touched Qu Xiantian's chest with one hand, his face changed...The picture was so strange that it made him stand upright.

"Ahem."

Finally, Ye Fan recovered and cleared his throat awkwardly.

"Let's go, Qu Xiantian's body has to be taken out. Leaving the big formation as soon as possible, I am worried that Wu Lingjun and Ying Tianqing will deal with my friends."

"Right, go to the other side."

Fire Kuang stopped and asked wonderingly: "Don't go back the same way? Walking on the other side will take a long way. Aren't you worried about your friend being attacked? How can you make a detour?"

"Not in a hurry."

Ye Fan recites innate.

At this time, Huo Kuang understood: Ye Fan was looking for a place to live a happy life with He Qu Xiantian's corpse.

Damn it!

This special...

What the hell.

Huo Kuang's hair was terrified, and he didn't dare to say much, but he obeyed Ye Fan's instructions.

After leaving the big formation, Fire Kuang left wittily, not wanting to disturb Ye Fan and the corpse.

Ye Fan immediately began cardiac resuscitation.

A quarter of an hour later.

Qu Xiantian's heart resumed its beating, twitching violently, then opened his eyes and jumped up.

"calm."

Ye Fan stretched out his hand and forcibly suppressed Qu Xiantian and sat on the ground.

Although Qu Xiantian was not dead, he was seriously injured, where is Ye Fan's opponent.

"Who are you?"

"Ye Fan."

"Never heard, you saved me?"

"Isn't this nonsense? Is there anyone else here besides me."

Ye Fan rolled his eyes and praised: "You are very cruel, you are so cruel to yourself."

"You discovered my secret."

"Don't worry, I won't tell anyone that the right position of the heart is too rare, and it's the first time I have seen it."

Ye Fan is still on guard when watching Qu, and explained: "I am your sister invited to rescue you. You can rest assured. Your sister is at the east entrance of the Dazhen, but I don't recommend you to find her now. You The news of death can be fermented, and you can hide it during this time and take care of it. It will be surprising in the future."

Qu Xiantian agreed with Ye Fan's suggestion. His current state is indeed not suitable for publicity.

"You wait here first."

Ye Fan returned to the east entrance of the Great Array.

A big battle is taking place.

—Ying Tianqing and Luo Hong fought against each other, and the Chaos trio were against Wu Lingjun.

Huo Kuang didn't see anyone, so he must have been waiting for him at the foot of Wanzang Mountain.

The person lurking in the dark did not appear.

After Ye Fan understood the situation, he played "Tear Heaven Hand", trying to tear Ying Tianqing in half.

"You finally came!"

Wu Ling all shook the Chaos trio back, and turned to kill Ye Fan.

"Brother Fan!"

Qu Youer cried and cried, "Huo Kuang said that my brother was nailed to death, is it true?"

"I buried all the bodies."

Qu Youer's eyes turned black, and Zhu Ying hurriedly held on.

"Fan Tianyin."

Ye Fan squeezed his fingerprints, the suppressive breath swept Ying Tianqing, and Ying Tianqing withdrew.

Luo Hongtuozhan, Ye Fan commanded: "You go first."

Luo Hong found that Ye Fan's eyes were pointing to the back of the big formation. She knew, without saying anything, leaving with Qu Youer and Zhu Ying.

"What are you doing in a daze, let's go, I can solve it myself."

"Old and big heart."

The Chaos trio were worried, but knew that staying would distract Ye Fan and even cause trouble.

Ye Fan alone, left as long as he wanted, no one could keep it; but if they were there, it would be difficult to leave, and they would become a burden.

At this point, Ye Fan alone stopped Ying Tianqing and Wu Lingjun... No, to be precise, there were two Heng Lian masters, and a power group of more than a dozen people!

These two Heng Lian masters, the brothers of the Heng Lian master whose Wu Tomb was bombed and killed, have always held a grudge against Ye Fan and vowed to slash Ye Fan a thousand swords.

Ye Fan didn't know the ability group.

Gulot said that there are many ability groups in the North Wilderness, so it is not surprising.

This ability group is the Powell team.

Gulot entered Luolongpo, he followed with his team and found here, wanting to kill the martial arts evildoer.

After the Wu Tomb turmoil, the name "White Haired Ye Fan" spread throughout the Northern Wilderness.

"Earl Dante", the person in charge of the ability organization Northern Wilderness, also got the news and ordered Ye Fan to be killed to avoid future troubles.

If anyone can kill Ye Fan, he can get the top biological reagents.

Powell has regarded it as something in his bag.

"Ye Fan, do you still want to escape? Can you escape?" Ying Tianqing's words were full of joking.

"It's a good one to leave my whole body, Ying Tianqing, originally you and I have no grudges, but you are a hypocrite, more annoying than Wu Ling."

"So, I decided to kill you!"

Ying Tianqing was startled, and then Lei Ting was furious: "Ye Fan, you don't shed tears if you don't see the coffin, you dare to be arrogant at this time."

Wu Lingjun said: "You have injuries on your body, and you can't deal with so many masters of us. Escape, how do you escape in the encirclement? The sky is poisonous and sealed, and you have no way to survive."

"Not always."

Ye Fan shrugged, pointed at Powell's ability group, and shouted: "Gulot, I know you are here, this ability group is handed over to you."

"what!"

Everyone was shocked.

Especially Powell thought he had heard it wrong.

But when Gulot walked out with the team, Powell dropped his jaw in shock and shouted angrily: "Gulot, I suspected you a long time ago. You really betrayed the organization."

"I do not have."

"No? The facts are in front of you, do you dare to quibble! Come on, turn on the recorder."

Powell gave the order.

Staring at Gulot, he said fiercely:

"If you dare to attack us, you will betray you. I will hand over the recorded video to Count Dante. You wait to be sanctioned. The remnants of the 'Bone Bone' in the base prison will also die because of you. "

Chapter 528: Standoff

Earl Dante.

The person in charge of the ability organization in the Northern Wilderness is the commander of many ability groups, and is definitely a super character comparable to the giants of the three-level master of the transformation realm.

Order me to be killed?

Ye Fan was surprised, but within the acceptance range.

The ability group is in the Northern Wilderness, the first is to instigate rebellion, and the second is to assassinate the martial arts evildoer, weakening the power and future of the Daxia martial arts world.

And he, who showed his skills in Wu Tomb and snatched the treasure of good fortune, was naturally targeted; coupled with the fight against Lucifer in the Wild Continent, his name is probably already on the kill list of the ability organization.

At this time, Ye Fan didn't care about these.

He noticed that what Powell was talking about was the "anti-bone faction", the anti-bone faction of the superpower organization.

"It seems that I guessed right before. There are those who recognize Daxia martial arts in the ability organization. These are regarded as anti-bones, and Gulot is one of them."

"It's really good news."

In just a few seconds, Ye Fan had a lot of thoughts in his mind.

Gulot is a worthy person.

In the supernatural organization, Gulot is squeezed out everywhere, and his own situation is "anti-bones", there will be a certain chance of instigating rebellion.

Powell and Gulot looked at each other.

The recorder is recording everything.

Gulot's face was cold and calmly said, "Powell, I have my ideas. In short, your team must not sell, otherwise I don't mind suppressing you. Afterwards, I will personally explain to Earl Dante. You are not qualified. Scream in front of me, if you dare to be presumptuous, today will be your anniversary of death next year."

Powell was so angry, his face was blue, and he snarled, "Gulot, you actually said you want to kill me! I think you really betrayed the organization, and there is no cure."

"Too lazy to talk nonsense with you."

Gulot didn't say much, but turned his head and said, "Ye Fan, solve your own business."

"call."

Ye Fan shifted the battlefield and rushed into the jungle.

"Chase!"

Wu Lingjun, Ying Tianqing and the two Heng Lian masters were killed.

There were only two teams confronting Gulot and Powell, which made Powell vomit blood in anger, but there was no way.

In a fight, it must be both sides.

And he, although unwilling to admit it, is not necessarily Gulot's opponent.

In the organization, Gulot is a genius with great potential, innate SS-level supernatural ability, wild strength type, and physical transformation comparable to the master of horizontal training.

With this kind of foundation alone, the acquired SSS-level super evil evildoer is not his opponent, such as Lucifer, it may not be able to suppress him.

"Gulot, you are dead, Earl Dante will not forgive you."

"Earl Dante is so wise, how can a stupid man like you be able to control it."

"Hmph, then wait and see."

...

In the jungle.

The war has broken out.

Ye Fan's purpose has just been said-capture Ying Tianqing.

Wu Lingjun let it go, after all, he is a martial artist, so he has to give him some face.

Ying Tianqing, a hypocrite, is what Ye Fan hates most.

A disciple of Taoist Yellow Raven, he is not familiar with Taoist Yellow Raven, so there is no need to save face. Moreover, Ye Fan valued Ying Tianqing's unique skills.

Isn't it too much to learn absolutely?

"boom!"

Ye Fan fisted against the two horizontal masters, and his blood surged.

"Fuck, these two guys are not easy, I'm afraid they have already entered the second level of body refining."

Master Heng Lian is also divided into several levels:

The first layer of copper skin and iron bones, this is the sign of the master of horizontal training.

The second layer of internal organs began to polish the internal organs. The internal organs are the most fragile. If the internal organs are polished well, then Master Heng Lian was the real horror.

The third layer is the unity of man and nature.

At this level, as its name suggests, the unity of nature and man is invincible.

The commander Meng Chuan that Ye Fan saw in the Kingdom of Bimeng was at this level, with the unity of nature and man, the tiger's body trembling, and the aura like a rainbow.

Even in the heyday, Ye Fan tied with Meng Chuan at most.

The pinnacle horizontal training master, extremely horrible, and the three-tiered master magnate of the transformation realm must retreat.

Chapter 529: They are here!

"Ye Fan, the two of us have reached the second threshold with half our feet, and our internal organs have been polished halfway."

"Your fist just tickles us."

"Stay."

The two Heng Lian masters sneered and flanked left and right.

Ye Fan snorted coldly, unleashing his mastery again and again to force the two of them back; and at this time, Wu Lingjun and Ying Tianqing were killed.

Undefeated Wang Quan, Fei Sha Jiao Long pointed.

I've seen this in Wu Tomb, Ye Fan didn't care.

Huo Kuang said that the two still have cards.

This is what Ye Fan wants to see most.

"The four of them seem to be consuming me, knowing that I have an injury, and they will take time to wait for my injury to recur."

"Special mother!"

Ye Fan knew that if he continued to fight like this, there would be no results, and his condition would be very bad.

In that case...

"boom!"

Ye Fan suddenly erupted, and the qi was like a waterfall, shaking all four of them into the air.

Then he disappeared.

"Several people, you want to kill me and come to Wanzang Mountain. I will wait for you at Wanzang Mountain."

"Chase!"

The four chased for a few minutes, but they didn't even see Ye Fan's shadow.

Wu Lingjun said: "Don't chase, just in case you fall into a trap."

Ying Tianqing frowned and said, "He said to go to Wanzang Mountain, shall we go?"

Master Heng Lian said: "Of course we must go, we must kill the kid Ye Fan, otherwise we can't be peaceful. Besides, there are many treasures in Wanzang Mountain. If you enter Luolongpo, if you don't go to Wanzang Mountain for a round, it would be a shame. what!"

"Yes, we have reached a critical point in refining the body. If we can unearth the treasure, it will be of great benefit to our body refining."

"Whether you go or not, we will definitely go."

The two left first.

Wu Lingjun and Ying Tianqing looked at each other and made a decision.

After they left for a while, Ye Fan walked out. How could Wu Lingjun and the four of them find the means of hiding.

"Huo Kuang, if you want to eat me, then I will muddle the water." Ye Fan smiled and turned to the location of Qu Xiantian.

Luo Hong and others had already met with Qu Xiantian, and found that Qu Xiantian was only seriously injured and did not fall, Qu You'er wept with joy.

"coming."

Chaos shouted.

Qu You'er rushed over and hugged Ye Fan, and said gratefully: "Brother Fan, thank you so much. If it were not for you, even if my brother had escaped Ji Tinglan and Liang Xiao's attack, he would definitely not be able to recover in time! "

Ye Fan was a little embarrassed.

Qu You'er's cheeks were slightly red, and she let go of her arms, and said embarrassingly: "Sorry, I'm just too excited."

"Don't be grateful, it's just a deal in the final analysis, Miss You'er, don't forget the Xuantian Halberd."

"Don't worry, when I return to the East City, I will offer the Xuantian Halberd in both hands."

Ye Fan is looking forward to it.

If he had obtained the Xuantian Halberd now, his combat power would surely be doubled.

In the Nine Heavens Stunt: Shaking the Sky Hammer is a terrifying skill.

Only with weapons can the real power be exerted.

Imagine the three hundred and sixty kilograms of the Xuantian War Halberd, combined with the power-type martial arts "Sky Shake Hammer", what a terrifying force it is in one strike!

An armored vehicle can also be split into two easily.

"You still have a very poisonous miasma in your body, let me detoxify you." Ye Fan used the Nine Dragon God Needle, and under the shocked eyes of Qu Xiantian, Qu Youer and Zhu Ying, the poison was relieved.

"What a great medical skill!"

Qu Xiantian exclaimed, the miasma is so poisonous and terrifying, people in the Northern Wilderness know it; if it is not powerful, the Diamond and White Bone Array will not become a fierce land.

But Ye Fan resolved it easily, how could it not be shocking.

Ye Fan said, "Now you need to go back to the family to recuperate, but I don't have time to **** you back. I have to go to Wanzang Mountain."

Qu Xiantian said: "Brother Ye has already saved me, why should I be ashamed to let you **** me back. Brother Ye, go to Wanzang Mountain, don't delay."

Qu Youer said: "Brother Fan, how long will it take you to go to Wanzang Mountain? If time is short, my brother and I will be waiting for you here."

"This, I can't be sure."

Ye Fan looked at Luo Hong and said, "Well, let's let A Hong and the others **** you back."

"Boss, you go to Wanzang Mountain alone, we don't worry." Chaos shook his head.

"It's okay, I have my own plans."

Chaos was helpless, Luo Hong sighed: "Brother Fan, since you have decided, we won't force it. Don't worry, we will safely **** Master Qu and Miss Qu back to the East City."

"what about me?"

Zhu Ying said coldly, looked at Ye Fan, and asked expectantly: "Can I go to Wanzang Mountain with you? I have never been there. I really want to see the so-called headless horseman. I have a hunch, it is likely to be with you Something I explored, some connections."

Ye Fan's heart moved and said, "Okay, you follow me."

I wish Ying great joy.

After a while, everyone split up.

After Ye Fan left with Zhu Ying, Luo Hong said, "We have to go, too. Ms. Qu sent a signal flares before. I suspect that there are children of your Qu family outside Luolongpo."

Qu Youer said: "It's really possible. Let's leave Luolongpo as soon as possible. It's too dark here, I'm not used to it."

This way, there is no danger.

Moving forward very quickly, I saw the exit for more than an hour, and just at this moment, three figures walked in from outside the canyon.

"what?"

Luo Hong paused, looking at the three figures in confusion.

"What's wrong?"

Chao Chao asked.

Luo Hong murmured: "There are two of those three people's backs that I feel are quite familiar with. They seem to have seen them... Forget it, it's still outrageous, let's go."

...

Three figures, two women and one man.

The two women wore windbreakers, covering most of their bodies; while the man was dressed in blue and black robes, with a cold breath and a very feminine appearance.

"Two sisters, Luolongpo is very dangerous, but it is also very fun. Would you like me to take you to a few fierce places?"

"Need not."

"Sister, don't rush to refuse. Brother, I have two detoxification pills here. After you take them, you won't be affected by Luolongpo's miasma."

"You are sick, we don't know each other, do you think we will take the pills you gave? We are not stupid."

The man looked distressed and sighed: "I don't have any intention of murdering my sister, but my sister is so defensive against me. It's so sad."

"It's really sick."

"Qingyin, let's go, ignore him."

Tang Ying took Meng Qingyin and accelerated her pace.

The Northern Wilderness was very lively, Tang Ying was bored in the capital, so she decided to come and take a look.

Meng Qingyin also wanted to play together.

Tang Ying saw Meng Qingyin as a master, but lacked experience, so she took her with him.

When the two women came to Beihuang, they encountered this man named "Ling Hang".

The key is that Ling Hang is an evildoer, Tang Ying feels that she is not necessarily an opponent, and can only let Ling Hang follow.

"Sister wait for me."

Ling Hang chased after him and kept chattering.

"Sister, if you don't go to Wanzang Mountain, where resources are abundant, I will dig a few precious medicines and give them as gifts to my sister."

"Sister..."

Chapter 530: Wanzang Mountain

"finally reached."

Ye Fan sighed.

The fire mad guy is also a smart person, knowing to leave some marks along the way, otherwise he won't find Wanzang Mountain so quickly.

Looking at the weird Wanzang Mountain, Zhu Ying couldn't help approaching Ye Fan, looking for a sense of security.

"I waited for you a long time!"

Suddenly, the fire mad came out from the front and said dissatisfied: "If you don't come in a while, I'm ready to go up the mountain by myself."

"I have to deal with Wu Lingjun and them, it took a while."

"How is the outcome?"

"Those guys are very smart. I want to spend time dragging me to death, so I don't bother to play with them and get rid of them. Go, go up the mountain."

Huo Kuang glanced at Zhu Ying, frowned and said, "You are in a good mood, but you still have a woman with you."

Zhu Ying was wearing a mask, but Huo Kuang couldn't recognize it.

With that, Fire Kuang didn't take the ninth rank on this issue, threw two pills to Ye Fan, and said, "This is a detoxification pill.

Ye Fan looked strange, "Are you playing with me? Do you think I will take the detoxification pills you gave?"

"Are you afraid that I will harm you?"

"Is not this nonsensical."

Huo Kuang snorted coldly: "Save the gentleman's belly with the heart of a villain. You can eat or not, and go."

Ye Fan put away the detoxification pills, greeted Zhu Ying, and followed Huo Kuang into the mountain together.

The Wanzang Mountain was gloomy, and the corpse qi mentioned by Huo Kuang was indeed very powerful, much more powerful than the miasma, and Ye Fan felt very uncomfortable.

The ground underneath is dark brown.

Very weird.

Just like, the whole mountain was watered by blood.

The mountain is very dark, but sparsely there are many flints, the kind of stone that can glow green in the dark.

The faint green of the jungle is even more eerie and terrifying.

"Do you know the location of Peerless Medicine?"

"I know." Huo Kuang nodded and said with certainty: "I've seen it from a distance, but it's a pity to be guarded by a powerful existence."

"You mean... the headless horseman?"

Ye Fan was full of disbelief, and asked: "Have you seen it?"

The fire mad said: "The rumors of the so-called headless horseman are both true and false. I have not seen it. At that time, there was a shadow flickering in the fog. I felt the tyrannical aura, so I didn't dare to approach and left in a hurry."

Zhu Ying said: "I hope the headless horseman exists, can appear, and come to us."

"How do I find your voice familiar... By the way, you are Zhuying?"

"it's me."

I wish Ying take off the mask.

Fire Kuang's eyes flickered, and he smiled: "Ye Fan, I admire you very much, and actually took Zhuying down. She is a famous iceberg beauty in the Northern Wilderness, tusk, really envy."

"Don't talk nonsense, we are friends."

"Friends boy and girl."

The flaming man laughed and quickened his pace.

Ye Fan was embarrassed.

Zhu Ying didn't say anything, and there was not much fluctuation in her heart.

Although Ye Fan is very good, she is just a friend and has no strange thoughts. What she pursues is the secret of martial arts.

At that time.

Wu Lingjun, Ying Tianqing, and two Henglian masters also entered Wanzang Mountain.

Continue again.

There are two more figures, Jun Liuxiang and Shen Jun.

They also came from the King Kong White Bone Array, they saw everything that happened there, but they didn't show up.

five minutes later.

Three more appeared.

It was Tang Ying, Meng Qingyin and Ling Hang.

"Sister, this is Wanzang Mountain. I'll clear the way for you and lead you to hunt for treasure."

Ling Hangyi was bold and walked ahead.

Tang Ying and Meng Qingyin looked at each other and nodded secretly. They promised Ling Hang to go with them, but they were also wary of Ling Hang.

"Which power are you from?"

"With your strength and talent, you shouldn't be unknown. There are only a handful of you in the martial arts world."

Ling Hang looked smug and smiled: "Thank you for your sister's compliment. As for which force I come from, I won't mention it for the time being. I have been practicing low-key, and it is normal for the martial arts world to have no reputation for me."

Meng Qingyin was very straightforward, and said without evasiveness: "Your breath is very cold and makes me very uncomfortable."

"Really?" Ling Hang was not angry, and said helplessly: "This is no way, it has something to do with my cultivation environment and the discipline. It doesn't matter. My sister and I have been together for a few days, and then we are familiar."

Meng Qingyin rolled his eyes straight.

Such a cheeky man is really rare.

But I have to say that this guy is really an evildoer, and he encountered some beasts and monks who took advantage of the fire along the way, and was slapped to death by him.

"boom!"

Suddenly, there was an explosion.

Ling Hang said: "There is movement in that direction, sisters come with me, let's go and see."

Not only these three people, but Wu Lingjun and others also left in search of their voices.

The sound source is the battlefield.

Ye Fan and Huo Kuang are besieging a group of fierce beasts.

These fierce beasts are very strong, and the most special thing is that they are not afraid of pain or fear of death; even if their body is beaten in half, they still roar and kill.

"The fierce beasts living in Wanzang Mountain have been affected by the corpse energy for many years. They have been like walking corpses. They have no fear or pain, only bloodthirsty blood."

Fireman explained.

"puff!"

Ye Fan exploded the fierce beast all the time, and the black and stinking blood sprayed. Ye Fan opened the body shield in time to block the blood.

Zi Zi Zi.

It was discovered that the gas shield was corroding.

"The blood of these fierce beasts is very corrosive, and human body contamination will cause big trouble, even Master Heng Lian will not feel good."

"Yes, this is the terrible thing about Wanzang Mountain."

"Quick fight and quick decision."

The two beheaded all the fierce beasts.

Ye Fan saw that the fireman was in good health, and asked: "The soft armor on your body is very defensive, and even the black blood can't corrode it."

Furiously said: "The anti-corrosion armor is not a rare thing. Moving on, we make such a big movement, someone must be looking for a sound."

At this time.

Zhu Ying whispered: "There is movement, someone is coming."

"go!"

Ye Fan hugged Zhu Ying and went away.

The fiery eyes rolled.

Quickly dug a big pit, collecting all the black blood of the fierce beast into the big pit, covering it with grass.

"Wish ya'll good luck."

The fire had left for less than a minute.

Four Wu Lingjun appeared.

"Smelly!"

Ying Tianqing frowned, looked at the scattered murderer's corpses, and said: "These beasts are very strong, and there are a lot of them. They must be a master in killing them so quickly, and it must be Ye Fan."

"Chase!"

Ying Tianqing took the lead.

Suddenly he guessed the trap, fell into it, and screamed like a pig.

"Ahhhhhhhhhhhh!"

"Huh?" Wu Ling was taken aback, grabbed Ying Tianqing, and saw that his feet were corroded severely with black smoke.

"Ahhhhhhh!"

Ying Tianqing screamed sternly.

His face is twisted.

Scary and terrifying.

"My feet, my feet!" Ying Tianqing roared, roaring again and again: "Ye Fan, Ye Fan murdered me secretly. I will kill him and smash him into pieces."

"Stop calling."

A master of horizontal training stopped drinking, took out the dagger he carried, cut off the rotten meat, and then bandaged it.

"Okay, isn't it just that some flesh and blood has rotted? It's not a terrible thing, what a ghost."

"Hold it up and keep going."

The two horizontal training masters took the lead in pursuing them.

Wu Ling asked, "How about it, can I go?"

"Can."

Ying Tianqing gritted his teeth and stood up, his face twitched constantly with pain, his eyes were full of bloodshot eyes, and he roared bitterly, "Kill, kill, I must kill that beast!"
