Chapter 531: Dracaena

Ye didn't wait for the madness, he knew that after madness the madness must be a trap. If Wu Lingjun and Ying Tianqing were recruited by them, they would definitely be counted on his head. This was the pit that the madness had dug for him. .

Zhu Ying said, "Brother Fan, be careful."

"I know in my heart that Fireman digs a hole for me, and I also have a back hand. Now the goal is to find the so-called treasure medicine."

Go forward more than ten miles.

The mad chased him, panting: "What are you doing so fast? Fortunately, you are going in the right direction, otherwise I will not be able to find you. This Wanzang Mountain is very weird. If you don't go out, you will be beaten to death."

Ye Fan didn't believe in evil, so he hummed: "What's the "ghost hitting the wall", I think it has been hit by too much corpse qi, which affects the spirit, and is in a trance on Caiyuan Road."

Madly said: "This explanation is quite reasonable, but don't be careless. Here, come with me. I guess the destination should not be far away."

The facts are just as the fire mad said.

After going forward for more than ten minutes, the environment was completely different, and the icy mist came over his face, and the corpse gas became more dense.

Ye Fan opened the hood to protect Zhu Ying.

The fire mad wanted to enter the gas mask, but he couldn't pull his face off. The armor on his body was extraordinary, which could resist corrosion and corpse energy.

"I once entered here, and vaguely encountered a horror, we have to be very careful."

Huo Kuang was a little nervous.

Ye Fan's senses were magnified to the extreme, and he would know if there was any disturbance, but Zhu Ying actually became very excited, not afraid of the slightest.

"call out!"

Suddenly, a black shadow came to kill.

That is a long snake.

It's as fast as lightning, but when it hits the gas shield, it can't break through.

"puff!"

Ye Fan's eyes were quick, his fingers flicked, and the qi cut off the snake.

But the snake's head was half of its body, still able to swim, and disappeared in the blink of an eye, leaving only the tail.

"Ah!"

Suddenly, Zhu Ying exclaimed.

"Look at the ground, there are so many bugs."

Not to mention it's okay, this said, Ye Fan and Huo Kuang were terrified, and the dense worms didn't know when they appeared.

Thousands of them came turbulently like a torrent, and no grass grows wherever they pass.

"The corpse of the long snake attracts insects."

Seeing the worms gnawing on the tail left by the long snakes, Zhu Ying discovered the truth; then, the worms came around and killed them.

boom!

Huo Kuang punched a large swath of bugs, but shockingly, he didn't kill the bugs.

These insects seem to be draped in an indestructible shell, and their ability to resist is super strong.

Ye Fan took several shots in succession, with little effect.

"what?"

Zhu Ying discovered some clues again, "Flazier, why do most of the bugs attack us, but rarely attack you? You didn't control this bug, right?"

"How can it be!"

Huo Kuang shook his head, his face solemn.

Ye Fan sniffed his nose and said, "Did you move the dead beasts behind you just now? You have the stinking blood of the beasts. This breath may have an evasive effect on these insects."

Fire Kuang's eyes lit up, "It seems that this can only be the case."

Zhu Ying sighed: "Everything grows and overcomes each other, one thing drops one thing."

"Let's go."

Ye Fan set off a strong wind to blow away the insects.

Although the number is large and difficult to kill, the attack power is too weak to be feared.

The further forward, the more weird and strange Ye Fan and the three encountered, it can be said to be very exciting and eye-opening.

finally.

They stopped.

Because there is a towering old tree in front of it, which is too big, and the trunk can only be enclosed by an adult. It is so tall that it is not known how many meters.

This ancient tree is really refined.

And under the old tree, there is a 30-centimeter-high, bright blood-like grass, swaying in the breeze.

"It's it!"

"It's it!"

Ye Fan and Huo Kuang instinctively determined that it was a treasure medicine.

Although they didn't know each other, the faint fragrance of medicine wafted, making them refreshed and refreshed.

Peerless medicine!

Ye Fan screamed in his heart and was very excited. If he could take it, his physical flaws would definitely be repaired.

"scold!"

Suddenly, Zhu Ying shot.

The dagger in her hand stabs Fire Kuang, and at the same time yells: "Brother Fan, grab the Dracaena!"

Dracaena?

It turned out to be this name, and Zhu Ying is really knowledgeable.

Ye Fan didn't hesitate, and rushed over like lightning...

"court death!"

Huo Kuang was furious, patted Fei Zhuying, chased after him, pinched his hands, and shouted: "Ye Fan, Dracaena is mine, dare you!"

"The Sifang Town Tianyin."

As the mad yelled, four big seals appeared in the air.

Suppressed fiercely.

Ye Fan's eyelids twitched, these four big seals are not simple, they are as powerful as Fantian seals.

Sure enough, being the first genius of a big family is absolutely extraordinary.

Fire Madness has this kind of hole cards, and Wu Lingjun and Ying Tianqing must have them too.

Thinking about it, Ye Fan didn't stop his shots. He shot the Fantian Seal, bombarded with the Sifang Dayin, and at the same time displayed the "Catch the Heaven Claw" and grabbed the Dracaena.

"Bastard!"

The madness was angered to the extreme.

Dracaena is a treasure medicine, he can use it to polish the body to a very high level, comparable to the master of horizontal training.

Qu Xiantian is dead.

There is no top evildoer in East City.

He can be on top.

How could Ye Fan break this goal?

"Dongfang Yin, blow me up!"

"boom!"

With a loud noise, the "Eastern Seal" in the Sifang Great Seal exploded, cracking the Fantian Seal.

The aftermath actually shattered the claws.

Ye Fan's face was solemn.

Fire Kuang yelled again: "Western India, blow me up!"

"Southern India, explode!"

Another two big seals exploded.

Fan Tianyin finally couldn't bear it, and collapsed; the aftermath killed Ye Fan, turbulent.

"Dragon Fist!"

"Northern Seal, blow me up!"

The earth-shaking roar sounded, as if the entire Wanzang Mountain shook, and the mountain was punched out of deep pits.

Flying sand and rocks, trees annihilated.

"Hahaha."

There was a fierce laughter.

Ye Fan screamed that it was bad, and when he turned around, he found that the Dracaena had been picked by the madness.

"It's mine, no one can take it away."

Huo Kuang was proud, raised his head, and sneered: "Ye Fan, how is my hungry Sifang Seal? This is a unique skill I got in an ancient ruin, but a martial skill."

"This martial skill is really good."

"Then you are planning to fight me? Your injury is about to relapse. With such a big movement, Wu Lingjun and the others must be rushing over. Are you sure you want to entangle me?"

"Why not." Ye Fan felt confident, "I want to go, but Wu Lingjun can't stop them. Instead, they will leave you behind and wait for them to come together to fight you and \*\*\*\* Dracaena."

Huo Kuang's face was gloomy, and he said coldly: "Ye Fan, it's really unnecessary. Why do you want to die? I'm willing to make friends with you. You can stop thinking about Dracaena, how about it?"

Ye Fan sighed: "Dracaena is very useful to me. Then, I owe you a favor, and you will give me Dracaena."

"Your favor is comparable to Dracaena?"

"I think it's okay."

Ye Fan's tone was calm and decisive.

But Huo Kuang was full of anger. He felt that Ye Fan was humiliating him and the entire Huo Clan.

"It seems that we can't agree, since that's the case..."

"what!"

Suddenly, Zhu Ying exclaimed.

Huo Kuang sneered: "Zhu Ying, what trick do you want to play, do you think I will be hit again? Want to distract me, it's ridiculous."

However, Zhu Ying was full of horror, pointed at Fireman, and said: "You, behind you, have appeared, really have appeared."

"Hahaha, Zhu Ying, this kind of old-fashioned stupid trick, also wanted to lie to me, were you a fool at the time."

The fiery face was joking.

At this time, Ye Fan's face tightened, holding Zhu Ying, and slowly backing away, and said in surprise: "Crazy, let go of Dracaena, you can live a little bit! This is my last advice to you, hurry up !"

Chapter 532: The death of madness

"advice?"

Huo Kuang squinted his eyes and jokingly said, "Ye Fan, do you really think you can suppress me? I didn't bother to entangle with you, so I didn't kill you. If you really fight, if you drag on for a while, your injury will relapse and you will undoubtedly die. ."

Ye Fan said in a condensed voice again: "Huo Kuang, you can look back. Trust me, put down Dracaena, or you will die."

"Hahaha."

"Ye Fan, do you think I was scared!"

The fiery face was mocking, but seeing Ye Fan kept backing with Zhuying, he felt very puzzled.

Is it possible...

Is there really someone behind?

Sudden.

The madness felt the gloomy behind him, as if he was being stared at by some monster.

His body tightened instantly.

An inexplicable fear surfaced in my heart, a cold sweat came out, soaking the clothes.

The madness did not dare to look back.

Holding the dracaena tightly, letting it go is neither fleeing nor fleeing.

Seeing that Ye Fan had retreated to a hundred meters away, Huo Kuang finally couldn't hold it.

finally.

He exploded with all his power, wanted to shoot away from the front, and at the same time looked back to the back...

This look scared the madness to death.

headless rider!

It's a headless horseman!

It really appeared!

The rumors are not fake, they really exist, just stand there!

In the mist, the knight was very tall, riding a scrawny old horse. He was wearing armor, but the armor was ragged and rotten.

He carried a long spear in his hand... to be precise, it was a broken spear, and even so, the broken spear was three meters long.

Headlessness is the scariest point.

He was riding on the old horse, just standing there quietly, without a head, but it made him feel like he was looking at himself.

The madness was scared to death.

"boom!"

Suddenly, the monstrous murderous gushing, the headless knight moved.

Ye Fan's eyelids jumped wildly.

powerful.

Although he didn't make a move, the murderous intent was almost suffocating, and it was too strong.

The madness feels death is imminent.

"Ye Fan, save me!"

"puff!"

At almost the same time, the broken spear broke through the air and killed him, piercing the fireman's chest and nailing him to the ancient tree.

Puff puff!

The flames kept spurting blood, twitching all over, and his eyes protruding.

Dracaena fell from his hand.

"Help, help, help me..."

He looked at Ye Fan beggingly.

But Ye Fan didn't pay any attention at all, he had no reason to fight the fire mad, and he was unable to save it.

"Dracaena."

Ye Fan's heart throbbed.

Want to catch Dracaena, but worry about being caught by the headless horseman.

Just before hesitating, the headless horseman rode an old horse to the ancient tree, drew his broken spear, and provoked a frenzy.

The broken gun trembled, and the madness fell apart.

Died unfavorably.

It's miserable!

A generation of Huo Clan leaders died just like that.

Ye Fan felt lucky.

If Firecrazy hadn't caught the Dracaena, he would have become the headless knight's primary target, and maybe he would have died.

"Zhuying, hold me tight."

Ye Fan hugged Zhuying in his arms.

Zhu Ying knew that Ye Fan was going to fight for her life. She ignored whether the men and women were giving or receiving each other. She wrapped her arms around Ye Fan's neck and her feet wrapped around Ye Fan's tiger waist.

Like an octopus, tied tightly to Ye Fan.

"Catch the claws."

Ye Fan shot.

He grabbed the dracaena and stayed back.

Then turned around and fled.

"call out!"

Cut off the shot.

too fast!

Ye Fan's gas mask was like a piece of paper, and he couldn't stop it for even a second, and he pierced it directly.

Fortunately, Ye Fan reacted quickly, and the broken gun pierced his shoulder and plunged into the rock.

escape! escape! escape!

Ye Fan only had this idea in his mind, running wildly in the jungle.

Strangely, there was no movement behind him.

Look back.

Ye Fan was also scared half to death like a madman, the headless knight had actually arrived behind him, and there was no sound like a ghost.

The broken spear was held high and stabbed down fiercely...

Chapter 533: headless rider

To be honest, Ye Fan was shocked.

Imagine that there was no sound at all, appearing behind you, holding up the broken gun and stabbing it down, paired with the headless strange body, anyone would lose their minds.

"Gang Qi Bead, burst!"

At the critical juncture, Zhu Ying threw out three beads and exploded them.

The energy of the explosion shifted the broken gun and the aftermath pushed the two away. So far, Ye Fan and Zhu Ying escaped.

If it weren't for Zhu Ying, the two of them, like Huo Kuang, would be chilled.

"Dragon Fist!"

Ye Fan was angry.

He used his fascinating skills and bombarded the headless knight.

But the unfavorable jerkiness, but unable to cause harm to the headless knight, he broke the spear and swung it lightly, then the fists were scattered.

Huh!

One jump of Lao Ma is twenty to thirty meters.

And there was no sound.

It turned out to be the weirdness of the old horse, Ye Fan suddenly realized.

"Zhuying, this old horse is too fast, blindly running away is not the way, we must solve the old horse."

"I still have five gas masks, one of which was created by my wish family master, containing the full blow of the three-level master of the transformation realm. I think it should be able to work, Brother Fan, what do you think?"

"Get ready, listen to my arrangements."

Ye Fan's mind turned sharply, while dodging in the jungle, while thinking about countermeasures.

boom!

boom!

Every attack of the Headless Horseman is scoped.

That broken gun is unmatched.

With the existence of "potential", all within the scope of "potential" exploded under a single blow, it was like a bomb.

"Brother Fan, what should we do? We will be nailed to death if this continues. I can feel that your body's blood is flowing very quickly, and your blood is unstable. I'm afraid that the injury will recur soon."

Zhu Ying has always been cold and calm, but at this moment, facing the danger of death, there is a hint of crying in his voice.

"Just hold tight."

"Um."

At this moment, Zhu Ying is very well-behaved.

His hands and feet clung to Ye Fan tightly, wishing to blend into Ye Fan's body, to have an extreme sense of security.

"Wu Lingjun and the others are also in the mountains, so I can't let me fight on my own. Going to them will cause trouble."

"boom!"

The broken gun was inserted behind Ye Fan, almost a little bit.

The "potential" exploded.

Ye Fan suffered the shock and spouted a mouthful of blood.

"Brother Fan!"

"It's okay, we can't die, let's go."

Ye Fan's speed was increased to the extreme, and he shuttled like a cheetah with lightning.

However.

It can still be killed if the gun is broken.

This shows that the headless horseman has been chasing after him.

Ye Fan didn't dare to look back. He was worried that when he turned around, the headless horseman was behind him. Looking back on the scene, it was still horrible.

"Throw the gas beads."

I wish Ying do the same.

A loud noise hindered the Headless Horseman for one second, and this second was enough for Ye Fan to pull a distance.

Three minutes later.

There was another roar.

Not long after, only the last strongest qi bead was left, and at this time, Ye Fan finally heard the movement.

"arrive!"

The corner of Ye Fan's mouth rose up, rushing out of the jungle, suddenly enlightened.

"Who!"

Wu Lingjun and others suddenly looked back.

"Ye Fan!"

Ying Tianqing was the first to react, without saying a word, to make a bold move.

But behind Ye Fan, a huge black figure appeared, pierced with a spear, Ye Fan dodged, Ying Tianqing was the first to bear the brunt.

"not good!"

Ying Tianqing's hair is horrified.

He played a defensive martial skill, forming a huge shield in front of him, but it exploded like a paper half.

The exploded energy pushed Ying Tianqing's body and made him escape a fatal blow, but his shoulder was pierced by a broken gun.

"what!"

Ying Tianqing screamed.

"Om."

The broken gun trembled, his entire shoulder exploded, \*\*\*\* and bloody, and he flew out.

Ying Tianqing is too miserable.

Wu Lingjun and the two Heng Lian masters were frightened and exclaimed in unison: "The headless knight is really a headless knight!"

"Run away!"

Wu Ling was very decisive.

Master Heng Lian shouted: "No, the headless knight seems to be chasing Ye Fan, it has nothing to do with us."

"Of course it is."

Ye Fan laughed and rushed to the master of horizontal training, attracting the headless knight.

This made Master Heng Lian furious: "Ye Fan, get out of me."

"Damn it!"

Seeing the broken shot, Master Heng Lian's complexion changed wildly, and he fled frantically.

Ye Fanyou rushed to Wu Lingjun.

"This lunatic."

Wu Ling turned around and fled.

In the blink of an eye, they all disappeared. Only Ying Tianqing was left in this world. He was seriously injured and struggling to get up.

Stay here, he must die.

His blood will attract many fierce beasts.

"Ye Fan! Despicable and shameless villain! I want you to die, I want you to die!" Ying Tianqing roared inwardly.

at this time.

Ye Fan entangled Wu Lingjun, making Wu Lingjun angry, and cursed: "Ye Fan, you provoke the horror, do you want me to defend against the enemy?"

"You are the son of Wu Sheng, a wizard of Tianzong, can't even the headless knight be able to deal with it."

"Fuck, why don't you deal with it!"

"Didn't you see the sister in my arms? I want to protect my sister. You quickly solve the Headless Horseman. I will show you good things."

"roll!"

Wu Ling Jun was very angry, and wanted to shoot Fei Ye Fan, but he came to kill with a shot, so he could only retreat.

So you chase me.

The whole Wanzang pheasant is restless.

With Wu Ling sharing the pressure equally, Ye Fan felt a lot more relaxed.

"Gang Qi Cage."

Wu Lingjun seemed to have endured to the limit, displaying a unique skill, and the turbulent gas turned into a cage, trapping Ye Fan.

"You can play with the Headless Horseman yourself."

After speaking, Wu Ling disappeared in a hurry.

Ye Fan turned his head, and the headless knight broke through the cage and killed him.

Murder lock.

This time, Ye Fan felt that there was no escape.

In that case...

"Wish Ying."

"clear!"

Zhu Ying finally threw the last powerful gas shield at the headless knight; the beads exploded, and the energy wave shook the headless knight back.

That's right, just retreat.

The three-tiered master of the transformation realm made a full blow and did not cause harm to the headless knight, which was incredible.

"Curse!"

At this time, Ye Fan moved.

What he displays is his strongest fascination.

Ye Fan has three top-notch skills, Longquan and Fantianyin are two of them, and there is one, the most powerful, which Ye Fan rarely uses.

Unless it is a last resort, it will not be used.

This is "Heaven's Punishment".

"Boom!"

Zhu Ying heard thunder, followed by a dazzling light, and then there was no movement.

"puff!"

Ye Fan spurted blood, and Zhu Ying covered her whole body, but she didn't dislike it, and asked worriedly: "Brother Fan, are you okay?"

"fine."

"This trick is a natural punishment. I exert too much load on the body. Let's go quickly and don't stay."

After Ye Fan Zhuying left, the spear broke through the mist, and the old horse walked out. The headless knight held his spear quietly, motionless.

If you look closely, you find that the armor of the headless knight is damaged in one place.

That was caused by Ye Fan's "Heaven's Punishment".

The headless horseman seemed to be able to see through everything, and when he saw Ye Fan leave Wanzang Mountain, he did not pursue him, and disappeared into the mist again on the old horse.

Outside Wanzang Mountain.

Ye Fan gasped, "Finally down the mountain, the headless horseman shouldn't be chasing after him."

Zhu Ying also had the joy of the aftermath, she said excitedly: "The headless horseman really exists, it's amazing!"

"Huh? We were almost killed, you are amazing?" Ye Fan rolled his eyes.

"Brother Fan, this verifies my conjecture." Zhu Ying's eyes were burning and solemnly said: "The headless knight must have been a cultivator who surpassed the grandmaster before he was alive, so without his head, he can cross the Ten Thousand Burial Mountains."

Chapter 534: Immortal

"Buddhist practice can die and be immortal?"

Ye Fan felt incredible.

This is beyond common sense.

The current martial arts is still within the acceptable range, not too shocking; but if it is "dead and immortal", then it is truly terrifying.

Zhu Ying said: "Why not? The martial arts practitioners of the pre-Qin period may really have the power of ghosts and gods. Besides, the headless knight is obviously dead, but there is an unpredictable and mysterious power that drives him. In Wanzang Mountain."

Ye Fan said: "That mysterious energy is the energy that can only be born after martial arts cultivation reaches the highest level, right."

"Yes." Zhu Ying nodded, "So I think that headless horseman is very researching."

Ye Fan was startled, "You don't want to capture the headless horseman, do you?"

Zhu Ying smiled and said: "I have this idea. Although the headless knight is strong, it is not a ghost. As long as the modern army comes in, it will definitely be able to catch the headless knight. This can be studied. If we can figure out the mystery Strength is of great benefit to the development of martial arts."

Ye Fan thinks what Zhu Ying said makes sense.

His natural punishment can stop the headless knight, and it can be inferred that the strength of the headless knight is not impossible to capture.

In the current world situation, the Eagle Nation's supernatural organization is rampant, with big plans and attempts to subvert human civilization, which is too radical.

Because if it is not done properly, it will bring a devastating blow to mankind.

The so-called "God Creation Project", on the surface, is a great leap forward for mankind, but it can be substantively promoted and forcibly upgrade the level of civilization. The consequences are unpredictable and immeasurable.

The fate of mankind cannot be controlled by the Eagle Nation.

Daxia martial arts and barbaric physical training are the only ones that are opposed to supernatural power organizations. At present, the development of martial arts and physical training are slightly behind. "

"You want to tell your family about this news, so that the Zhu family will send a team to capture the Headless Horseman?"

Ye Fan asked.

Zhu Ying was silent and said, "Brother Fan, what do you mean?"

"I don't think we should act rashly for the time being. The top powerhouse in the martial arts world must know the existence of the headless knight. But there must be some truth in it without arresting and studying."

"Well, that's what you said." Zhu Ying thoughtfully, then asked: "Will it leave it alone?"

"Don't worry, wait for the Northern Wilderness to calm down. Now the Northern Wilderness is too chaotic. Gradually, the headless knight is not a trivial matter. When the time comes, countless powerful people will come. You can be sure that you can get the headless knight."

Zhu Ying pondered for a moment and sighed: "That's right. Although my family is a member of the Northern Wilderness family, it does not rank in the top ten in terms of comprehensive strength. Those who are targeted by the public will rise up and attack them."

"Brother Fan, Wu Lingjun, Ying Tianqing, and the two Henglian masters saw the headless knight. Will they have any guesses and arrest them? Especially Wu Lingjun, the son of Wu Sheng, behind There is a martial arts temple."

"Wu Lingjun and Wushendian want to make a head bird, let them do it, anyway, it is not that easy to catch the headless horseman. What I have to do now is to take Dracaena and repair all the physical flaws. "

Ye Fan breathed out and adjusted his breath for a while before leaving with Zhuying; but he never met the Huojun.

"Ye Fan!"

"What a coincidence."

Huo Jun asked: "Why are you going down the mountain, where is my cousin?"

"I know the madness is there, I'll send you to see him."

"where?"

The Fire Army questioned.

In the next moment, Ye Fan shot and the dragon fist punched out, instantly exploding the fire army, turning it into powder.

Zhu Ying is not surprised.

The second she saw the Huojun, she knew that the Huojun was bound to die, and Ye Fan couldn't let the Huojun go.

The Huo Jun knew that Huo Kuang and Ye Fan entered the Wanzang Mountain, and Huo Kuang died. The Huo Jun must think that Ye Fan had killed it, so the Huo Clan must never die.

Therefore, the Fire Army cannot stay.

Ye Fan needs some medicinal materials to take Dracaena. Fortunately, there are a lot of resources in Luolongpo, and there is no shortage of medicinal materials.

After all the medicinal materials were available, Ye Fan brought Zhu Ying to the Vajra White Bone Array, and resolutely entered it.

Here, secluded and safe, is the best training ground.

At that time.

A big riot broke out in Wanzang Mountain.

Tang Ying, Meng Qingyin, and Ling Hang suffered a catastrophe and were hunted down by countless beasts, as well as some corpses.

"Sister, what is that, it's terrible."

Meng Qingyin's eyes were red, and she was so frightened that she almost cried.

Where did she see such horrible scenes, her feet were uncomfortable, but fortunately, Tang Yingxiu's profound knowledge led her to escape.

"Headless soldier."

Tang Ying looked back, her face full of horror.

Those hundreds of headless soldiers are very powerful and difficult to kill, comparable to a martial arts master. If it weren't for their actions a little slow, the three of them would have been besieged to death long ago.

Think about the siege of hundreds of martial arts masters, who can hold it.

certainly.

Although the headless soldier's combat power is comparable to the martial arts master and the physical body is comparable to the horizontal training master, it is not arrogant.

"puff!"

After Ling Hang broke.

He acted smartly, exploding a few fierce beasts with each blow, but it consumed a lot of money, and cold sweat came out of his forehead.

"call out!"

Suddenly, a headless soldier smashed the money, and the rusty knife in his hand chopped it down like a bamboo.

At this moment, Ling Hang had just killed a fierce beast.

"Swordsmanship, Bengshan!"

At the critical juncture, Tang Ying performed a high-grade swordsmanship and split the broadsword open, saving Ling Hang's life.

Ling Hang laughed: "Thank you, my sister, for helping me. I owe you a life. I can only promise by myself."

"At this time, you are still silly."

"The dangers I have experienced are tens of thousands. There are more terrifying than these. It's nothing. Those headless soldiers are slow to move. It shouldn't be a concern. If these beasts were too many and would be harassing, we would have escaped long ago."

"That's something to talk about, let's kill the \*\*\*\* road together, and drag it down is not good for us."

"Flying immortals outside the sky."

Suddenly, Meng Qingyin shot.

In an instant, a vast expanse of whiteness filled the forest with waterfall-like sword energy.

Immediately afterwards.

The most quintessential sword of the flying immortal outside of the sky, Meng Qingyin turned around and stabs it. Wherever the sword light passed, the fierce beasts were all cut in half.

A \*\*\*\* road emerged.

"go!"

Tang Ying reacted swiftly, greeted, and grabbed Meng Qingyin and rushed out of the encirclement.

Ling Hang was stunned for a second, then followed.

The foot of Wanzang Mountain.

The three men were panting.

"They don't seem to be chasing, they don't seem to leave Wanzang Mountain. That's great, they scared me to death." Meng Qingyin patted his chest, feeling lingering.

Ling Hang looked at Meng Qingyin deeply.

He originally thought that Meng Qingyin had just stepped into a master genius, but he had never thought that his background was so profound.

The move "Flying Immortals Beyond the Sky" just now, that wave-like sword aura, indirectly indicated that Meng Qingyin's gang aura was equivalent to the peak of the first layer of the transformation realm.

You know, he is a peak, and Meng Qingyin's gang aura is greater than that of him.

"What to look at!"

Feeling Ling Hang's gaze, Meng Qingyin stared and hummed.

Ling Hang returned to his senses and said with a smile: "I was frightened by your sister. I didn't expect you to be so powerful, which opened my eyes."

Meng Qingyin said fiercely, "If you know how good it is, then leave as soon as possible. Don't pester us anymore."

"How can it be done? Sister Tang rescued me. I must repay it. It is a must to be your bodyguard in the Northern Wilderness."

"You're really brown candy, it's too difficult to get around."

Ling Hang shrugged his shoulders with a cheeky face, his gaze fell on Meng Qingyin's sword, and he admired and said, "A peerless sword, except for 'Shi', I don't know what it is called?"

"Jueying."

"Good name!"

"Jueying was given to me by my husband." Meng Qingyin touched Jueying, cherishing it, and said proudly.

Ling Hang was stunned: "Are you married?"

Meng Qingyin said, "Of course, my husband is much better than you. One hand can rub you on the ground."

Ling Hang didn't believe it, he hummed: "Isn't it a bad old man?"

"you!"

Meng Qingyin was so angry that he said angrily: "My husband is much younger than you, younger than me."

Ye Fan is 21 years old and Meng Qingyin is 24 years old.

Because she was always canceled by Tang Ying, saying that she was a junior, holding gold bricks. Ye Fan hugged a big golden brick.

Ling Hang raised his brows and said lightly: "Is that right? I'll see you if I have a chance!"

Chapter 535: Swallow Dracaena

Meng Qingyin's performance of such enchanting made Ling Han even more interested, and he naturally became hostile to the husband in Meng Qingyin's mouth.

Ye Fan didn't know that his "little daughter-in-law" had made him a strong enemy.

at this time.

King Kong White Bone Array, the central core area.

There was a fire.

Zhu Ying made a vessel, carved a jar out of rock, and then made a layer of resin to cook the medicine.

Ye Fan greatly appreciated.

Soon, the medicine vessel became boiling.

The fragrance of medicine wafted out.

Zhu Ying said: "Brother Fan, in fact, I have also researched medical skills, but I don't know much about it."

Ye Fan said while cooking the medicine: "You walk the famous mountains and rivers and explore the ancient relics. Some medical skills are necessary and you can save yourself."

Zhu Ying smiled and asked expectantly: "You are good at medicine, why don't you teach me?"

Ye Fan raised his eyes and asked, "What can I get?"

"Well," Zhu Ying groaned: "Not yet, but when I find out the secret of martial arts, I will be the first to tell you."

"I thought you agreed with your body."

"I have no idea about the relationship between men and women, besides, there is no shortage of beautiful women around you."

"The path of medicine is as deep as the sea, and it cannot be learned by a group of people in a short while. You should not use both of your minds. If you find me in any injury, I can heal you."

Ye Fan said so, and Zhu Ying stopped asking for it.

after an hour.

The medicine is almost cooked.

Ye Fan put the dracaena into the concoction, and he immediately reacted——

The dracaena was really like a little dragon, tumbling in the concoction, as if it had come alive.

It is simply a spectacle.

This phenomenon lasted for five minutes, and gradually, the dracaena sank.

After cooking for another hour, Ye Fan moved his nose, knowing that it was almost done, he took a deep breath and said, "Zhu Ying, protect me."

Words are full of trust.

Zhu Ying was very moved.

Not long after she and Ye Fan met, Ye Fan entrusted her with her life. This was the first time she met, and she was a little nervous for a while.

"Brother Fan, are you sure again? If nothing but accidents, my half-hearted medical skills can't save you."

"It's okay, I have a sense of measure. After I take the medicine, I will definitely enter a deep-level cultivation state. At this time, I have no resistance to the outside world. What you have to do is to protect me. It is best not to let people enter the central area."

"I try my best."

Zhu Ying squeezed his fists and made a vow.

Ye Fan nodded and took a deep breath. He drank the hot treasure medicine.

boom!

In an instant.

Ye Fan's whole body was red, hot and sweaty, and his qi was involuntarily released, tearing his clothes torn apart.

puff.

At this moment, a place on Ye Fan's chest, his skin cracked, blood was flowing, shocking.

"Brother Fan."

Zhu Ying was frightened, but could do nothing.

All she had to do now was to protect Ye Fan's safety.

At the same time, Zhu Ying collected some very flexible vines. Ye Fan's clothes were tattered and almost naked. She needed to make a vine garment for Ye Fan.

Zhu Ying is very proficient with these field survival skills.

Puff puff.

Ye Fan's body broke again in three places, and his body was dripping with blood, completely turning into a blood man.

But Ye Fan was very happy.

Because these cracked places are where the physical flaws are.

Stand after breaking.

This is exactly what he needs.

"Rumble."

Ye Fan's body roared, as if thousands of troops were charging, it was because his blood flow was too fast.

"Boom boom boom."

The heart beats like a drum, dull and powerful, super and ordinary.

At the same time, Ye Fan's chest undulated greatly.

Cardiopulmonary function is related to strength.

Any strong person needs a strong heart; and Ye Fan's heart, judging from the beating sound at this moment and the load it can bear, it is known that it is terrible.

"Boom boom boom..."

This kind of intriguing heartbeat, ordinary people will definitely feel numb and creepy on their scalp when they hear it.

Ye Fan's whole body organs are working at high intensity.

The thick veins and veins swelled all over Ye Fan's body, like little dragons wrapped around him, terrifying.

"puff!"

The fifth flaw was revealed.

"puff!"

The sixth flaw.

There were twelve flaws in Ye Fan's body, half of which had already been revealed at this moment, and he started to break and then stood up, entering a state of repair.

Time passed by every minute and every second.

Sunset on the west hills.

With the sun, it is very dark in Luolongpo; when the night comes, it is even more deep and terrifying.

Many dangers come at night.

The King Kong White Bone Array here is surprisingly bright.

That's because a violent aura turned into a \*\*\*\* pillar, breaking through the covered miasma layer and breaking through the mist above Luolongpo.

The bright moonlight shone down, so that the big formation was covered with white gauze.

"what's the situation!"

"Where is that, why is there a vision?"

"It's the location of the Fierce King Kong and White Bone Array. Could it be that a giant treasure was born in the Array?"

"Fuck, what are you waiting for!"

Suddenly, Luo Longpo became agitated.

Groups of strong men rushed to the Bone Array.

At the edge of the central zone, Zhu Ying had finished making the exquisite and domineering rattan clothes. He turned his head and looked at Ye Fan's training place from a distance.

Can't see clearly at the moment.

Around Ye Fan, there was a wave of strong qi, and he didn't know his current state.

"What a strong breath!"

"Brother Fan will increase his strength a lot during this transformation. I am afraid that no one among the younger generation is his opponent!"

"only....."

Zhu Ying is very worried and anxious, "This is a lot of movement, and it will definitely attract people."

"No matter what, I have to protect Brother Fan. He will definitely break the shackles of martial arts and enter a new realm of martial arts. At that time, what I pursue will become true."

In Zhu Ying's mind, Ye Fan has become an indispensable existence; it is not a relationship between men and women, but a belief.

She is esteemed as Miss Zhu's family. She has a noble status, but she is devoted to exploring the secrets of martial arts. This belief is too firm.

Ye Fan's ability to verify all her achievements is too important for Zhu Ying.

"boom!"

Suddenly, on Ye Fan's side, his aura skyrocketed again.

Six flaws have been completely repaired.

At the same time, the second stage was opened, and the remaining six flaws were all broken, and the second stage was repaired.

at the same time.

Outside the King Kong White Bone Array, the first to arrive were the five Heng Lian masters.

They are extremely sensitive to the breath of the flesh.

"So strong blood, so strong flesh, could it be that a certain evildoer has entered the second peak, and the internal organs have been polished to the extreme?"

Several people were shocked.

The headed man, with cold eyes and the strongest aura, was only half a step away from entering the second level of Master Heng Lian.

Half of his internal organs have been polished.

"Catch this child, kill it, and drink it with all my energy, which can help me reach the sky in one step and become the second stage."

The four horizontal masters next to him were horrified.

This is too cruel.

"Hu Yanzhuo, the same body refiner, you are too frantic to do this." A master Heng Lian raised objections and reprimanded.

"court death!"

A big man named Hu Yanzhuo shot on the spot and threw it flying with a lightning strike.

"puff!"

This master Heng Lian knelt on the ground in pain.

Hu Yanzhuo stood condescendingly and shouted coldly: "I remember, you are the first talented Niu Dali from the Barbarian Tribe. It didn't take long for you to be promoted to Master Heng Lian. You dare to reprimand Ben Hou, do you want to die?"

"That is, Niu Dali, don't be ignorant, and don't admit your mistakes to Lord Huyanhou."

"Niu Dali, do you want the Barbarian Tribe to be destroyed!"

The words shocked Niu vigorously.

Hu Yanzhuo was the Hou Ye of the Dafeng Empire, one of the three empires of the Wild Continent, and his father was the Marshal of the Dafeng Empire.

It can be said to have a strong background, and he is also a villain.

The savage continent is strictly divided into power levels: starting from large, medium and small tribes, going up to the kingdom, from high to low, it is divided into first, second, and third grade.

Up the kingdom is the empire.

For countless years, there have only been three empires.

The Kingdom of Beamon and the Kingdom of Thunder are the strongest Tier 1 kingdoms.

However, they are still a lot worse than the Dafeng Empire.

Not to mention anything else, there are three million lions in the Dafeng Empire. The combined soldiers of the two kingdoms of Beamon and Thunder are less than three million.

The gap is visible!

Where does the Barbarian Tribe provoked the Dafeng Empire.

"Master Hou, I was abrupt, please atone for your sins."

"Huh, are you willing to follow me?"

"It is my honor to follow you."

Hu Yanzhuo laughed, "Well, you all follow me and help me kill the guy in the big formation. When I return to the wild continent, my Dafeng Empire will cover the tribe behind you."

"Thank you Lord Hou."

"It shouldn't be too late, and immediately enter the Bone Array. When the person is killed, we leave from the air. Our physical body is strong, as long as the speed is fast, a little bit of miasma is harmless."

"go!"

In the blink of an eye, the five rushed into the bone formation...

Chapter 536: Break and stand

Dracaena is worthy of a peerless treasure. It is the strongest treasure that Ye Fan has ever seen and taken...When he used to learn art from an old man, he took medicine all day long, but it was not as strong as Dracaena.

The potency of the medicine is amazing.

Ye Fan didn't feel the outside world. He was totally immersed in cultivation, experiencing physical changes.

In his body, it was as if there was a little dragon walking around, making him boil with blood, his body swelled, and his flesh and blood squirmed.

The repair speed of the second stage is faster than that of the first stage.

In three minutes, one place was repaired... Ye Fan's aura strengthened again, and the miasma in mid-air was stirred and surging.

The pillars of condensed aura, standing on top of the earth, are getting bigger and bigger, causing more moonlight to shine.

Extend the radiance of the large array of light.

Every bone is shining with silver light, which may be the moonlight that these bones have never felt before.

"boom!"

five minutes.

The second flaw was repaired.

"boom!"

Then, the third place.

The speed of the gang energy circulating in Ye Fan's body accelerated, and within a hundred meters of it, the gang energy was flooded with gang energy, like a sword like a sword.

Ordinary people go in, which is equivalent to devoting themselves to a meat grinder.

Zhu Ying's martial arts realm is not high, but she is also a deep inner strength pinnacle warrior, she dare not enter within 100 meters, worrying about being cut into pieces.

"Soon."

"At most a quarter of an hour, Brother Fan's body can be transformed to an end. I really don't know how strong his physical body was at that time. The existence of Master Heng Lian's peak is probably not as strong as his physical body."

Zhu Ying admired in her heart.

Sudden.

With a move of her ears, she looked at a certain place in the array.

"not good!"

Zhu Ying's face changed drastically, "What a strong aura, someone who is strong has killed him, \*\*\*\* it, why is it at this time."

Woo woo woo.

A hurricane swept across, and five figures reached the central area.

Hu Yanzhuo stared at Ye Fan in the center of the Gang Qi Vortex at a glance. He was shocked and jealous.

"So strong!"

Niu Dali were amazed.

Hu Yanzhuo coldly snorted: "It looks like I got some kind of good fortune baby, and it's nothing but \*\*\*\* luck."

A master Heng Lian said flatteringly: "That is, Lord Hou, your talent is also one of the best in the Wild Continent, and you will be able to enter the second realm immediately. By then, you will not be invincible in this Northern Wilderness. "

Another person echoed: "Master Hou, I think that person is transforming, and he can't move when he reaches the bottom of the key. It's God's favor, it's easy to kill this person."

Hu Yanzhuo laughed and said excitedly: "I really am the son of destiny, with strong luck. God is helping me. The poor guy has been good fortune, thinking that he can be a blockbuster, it is nothing more than making me a wedding dress."

"Four of you, give it to me!"

Hu Yanzhuo gave the order.

"stop!"

At this time, Zhu Ying Jiao drink.

Hu Yanzhuo realized that there was another woman, frowning and said, "Little lady, who are you? What is the relationship with this person?"

"I'm Miss Zhu Family from Beihuang Xicheng."

"Xicheng Zhujia." Hu Yanzhuo's eyes condensed, knowing that this is the Northern Wilderness Clan, he said solemnly: "Miss Zhu blocked me, what does it mean? Could it be that you wish the family want to get involved?"

Zhu Ying knew in her heart that she couldn't stop the five Heng Lian masters by herself.

She had an idea in her heart, and said, "Yes, this person is the object of my Zhu family's arrest all the time. I hope the army of my family will arrive soon. Several masters, please give me a face to my family."

Hu Yanzhuo's face sank.

Niu vigorously said: "Hou Ye, what should I do?"

Zhu Ying saw that Hu Yanzhuo did not retreat, but his breath became sharp. A heart raised his throat and said, "Why, are the five going to be enemies with my Zhu family? This is not a wise choice."

"The Zhu family has a powerful presence in the Northern Wilderness, but it doesn't matter if you take it out. I am the Lord Hou of the Dafeng Empire on the wild continent. My father is the marshal of the imperial soldiers and horses. Do you think I will be afraid of the Zhu family? "

"Unexpectedly, it is the Hou Ye of the Dafeng Empire, the Empire, with your background, I am not afraid of my Zhu Family. But Lord Hou must be clear that this is the Great Xia Northern Wilderness, not a wild continent. Far water can't save the nearby fire."

Zhu Ying's palms are in cold sweat.

She didn't expect the other party to have such a strong background, Dafeng Empire, it was really thunderous.

Even in the world, there are only a handful of countries that can fight against the Dafeng Empire.

Standing at 3 million lions, this scale is only comparable to a few head countries such as Daxia and Eagle Country.

Zhu Ying's purpose is to delay time, and when Ye Fan's transformation is over, there is nothing to be afraid of.

She asked: "Hou Ye, I don't know why you want to arrest this person? Is it important to you?"

Hu Yanzhuo also felt that in the Northern Wilderness, he couldn't easily provoke the indigenous forces. He explained: "This guy is physically strong. I want to kill him and use his heart and blood for my own use and help me break through. It doesn't matter what you say!"

"Miss Zhu, I will definitely win this person."

"If I owe you a favor to the Zhu family, let me give this person to me. Or, you can kill this person, but leave the body to me, how about it?"

Zhu Ying's eyes lit up and said, "I wish my family have hatred with this person. It is certain to behead him. The corpse is also useful, but since Lord Hou needs it, we wish the family to be willing to make a friend of Lord Hou."

"Hahaha, it's so good." Hu Yanzhuo nodded in satisfaction and asked: "When do you wish your family will arrive?"

"It's coming soon, Hou Ye Shaoan and don't be irritable."

boom!

at this time.

Ye Fan's flaw was repaired once again, only the last two were left, and his aura was strengthened again.

"Hey, this guy is afraid that the transformation will be completed immediately. Once it succeeds, we will not be opponents."

"Master Hou, you can't drag on."

Hu Yanzhuo's face was uncertain.

Zhu Ying yelled: "Master Hou, I wish those in power in the family will come out, don't worry about not being able to deal with this person, please don't worry, Master Hou!"

A Heng Lian master said: "We will take this person first, and let you behead the family at that time, the effect will be the same."

"right!"

Hu Yanzhuo nodded heavily, "Miss Zhu, let us capture this person for your Zhujia, saving trouble."

Zhu Ying was anxious, stopped in front, shook his head and said, "Master Hou, I wish the family have the rules of the Zhu family, and you must capture this person personally. If you please hold it and pass it out, doesn't it mean that I wish the family incompetent."

"How can there be so many rules!"

Hu Yanzhuo waved his hand, and the strong wind lifted Zhu Ying away.

"superior!"

With an order, the four Heng Lian masters murderous in a whirlpool; in an instant, countless blood stains appeared on their bodies.

Niu gritted his teeth vigorously and said: "This person is too strong, how can there be such an enchanting person at this age."

Hu Yanzhuo shouted from behind: "Hurry up, don't dawdle!"

"Master Hou!"

Zhu Ying became angry and scolded: "You don't give me a good face at all, and please Hou Ye to let them quit immediately."

Huh!

Suddenly, Hu Yanzhuo appeared in front of Zhu Ying, with one hand drawn through iron tongs, clasped Zhu Ying's neck, and lifted Zhu Ying up.

"You, what are you doing, I'm out of breath, let go, let go!"

Zhu Ying kept struggling.

But she is a martial artist in the realm of inner strength, no matter where she is Hu Yanzhuo's opponent, she can't get rid of it at all.

Hu Yanzhuo squinted his eyes and sneered: "Do you really think I will believe your nonsense, do you treat me as a fool?"

"You and that guy are in the same group, delay time, want to wait for that guy to transform successfully, don't you?"

Zhu Ying's eyes opened wide, extremely frightened.

"I knew from the beginning that the reason why I didn't click it was to tease you; besides, I also hope that guy will continue to transform."

"The more he metamorphoses, the stronger his physical body, the more the essence of his heart and blood, the greater the benefits after I take it."

"Now, I have a foreboding that he is about to transform and succeed, and it is time to take a shot. Little lady, you look good, let you save your life as my slave girl."

"Hahaha....."

Chapter 537: Perfect Ye Fan!

"asshole!"

Zhuying was angry, but to no avail.

Facing Hu Yanzhuo, she was too weak; even if Hu Yanzhuo allowed her to attack, Zhu Ying felt that the dagger could not penetrate Hu Yanzhuo's body.

The first weight, copper skin and iron bones.

Hu Yanzhuo had already climbed to the extreme peak of Taoism.

"Master Hou, you need treasure medicine to refine your body. I can help you. I wish the family have some stock and can give you some treasure medicine; please don't kill him, please!"

Zhu Ying pleaded.

She didn't want Ye Fan to die. For one thing, she felt that Ye Fan was very good, and she was very comfortable with Ye Fan; secondly, Ye Fan was related to her beliefs, so she couldn't lose it.

Hu Yanzhuo sneered and said, "I forgot if you didn't mention it. It seems that you are really Miss Zhu Jia. Use you and Zhu Jia to exchange some resources."

"You are shameless."

"Swear, keep on scolding, I like you like this."

Hu Yanzhuo licked his lips, his eyes flashing obscenely, and he grabbed Zhu Ying's chest with one hand.

at this time.....

"what!"

A scream.

Hu Yanzhuo looked at the Gang Qi Vortex abruptly, and found that the hands of a master Heng Lian were \*\*\*\* and bloody, exposing dense white bones.

Niu yelled vigorously: "Master Hou, the qi around this person's body is too strong. It hasn't been long before the four of us have entered Master Heng Lian. We haven't finished the polishing of the 'copper skin and iron bones', so there is no way to explode the gas layer. ."

"waste!"

Hu Yanzhuo was furious.

Zhu Ying breathed a sigh of relief.

"You think that kid is safe, it's ridiculous." Hu Yanzhuo turned his head, smiled grimly, and immediately shouted: "Niu Dali, you come back."

"Master Hou."

Niu Dali, like a pardon, quickly withdrew.

Hu Yanzhuo threw Zhu Ying to him and said, "Watch this woman, don't let her escape, she is very valuable."

When the words fell, Hu Yanzhuo walked into the vortex of Gang Qi.

Compared with the four Niu Dali, Hu Yanzhuo is very relaxed, and Gang Qi can't leave blood marks on his body.

What a powerful physique this is!

Niu Dali was envious.

Zhu Ying looked at Niu Vigorously facing the honest and honest, not like a vicious person, and whispered in a low voice: "This eldest brother, then the Lord Hou kills people and cultivates with his heart and blood. It is simply outside the evil spirits and frantic. How can you be with such a person!"

"Miss, I can't help it. I came from a small tribe and I cannot offend the Dafeng Empire."

"It doesn't matter, as long as you delay Hu Yanzhuo for a while, waiting for my friend to transform successfully, it will be Hu Yanzhuo's death."

"After all, I come from the wild continent. How can I help the martial arts master to deal with our own horizontal training master. It's wrong, miss, don't say anything, let Hou Ye hear it, you're afraid you are going to die."

Niu Dali ignored Zhu Ying.

At this time, Hu Yanzhuo had already arrived in front of Ye Fan, Ye Fan was wrapped in qi, like a silkworm chrysalis.

"Huh, pretending to be a fool."

"Blast me!"

Hu Yanzhuo went crazy suddenly, roared, and bombarded with an iron fist.

Gang air tremors.

Wow!

One-third of the qi was exploded.

"Master Hou is invincible!"

The classmate chanted flatteringly.

Hu Yanzhuo was very proud and waved a few more times. With a "bang", the gas layer completely exploded.

Ye Fan revealed.

At this moment.

Ye Fan was naked, sitting cross-legged, putting his hands on his knees and closing his eyes.

Under the moonlight.

He is handsome and extraordinary.

This round of transformation has caused Ye Fan's whole person to have a lot of changes, first of all, the original white hair turned into silver.

The silver hair, crystal clear, added a sense of mystery to Ye Fan.

The biggest change is the body.

Ye Fan's body is perfect, with impeccable muscle lines, full of explosive power but not exaggerated.

He sat there quietly, cross-legged.

Such as banished immortals, chic and ethereal.

Chapter 538: Yi Bo Yuntian Hu Yanzhuo

Zhu Ying is crazy.

His face flushed and his heart beat faster.

have to say.

Ye Fan at this moment was really charming.

Perfect face, perfect body, perfect temperament...

Can't find anything wrong.

The only thing that broke some of the beauty was that Ye Fan's eyebrows and throat split, and blood was flowing.

Those are the last two flaws.

The throat is about to heal.

"boom!"

Ye Fan's body was shaking, his breath surged, and his throat was completely repaired.

Hu Yanzhuo only then recovered.

envy!

He was extremely jealous.

Ye Fan's perfection made him unbearable, why is there such a perfect evildoer, why not him.

"die!"

Hu Yanzhuo roared.

One punch hit Ye Fan's head...

"Do not!"

Zhu Ying screamed.

But this punch still hit Ye Fan's head firmly and flew Ye Fan out.

But the scary thing is that Ye Fan's head did not explode.

"what!"

Hu Yanzhuo's eyes almost popped out.

The three attendants next to him were also full of disbelief. You must know that Hu Yanzhuo's punch can beat the solid rock into dust.

The head is stronger than a rock?

Even if Hu Yanzhuo had practiced with bronze skin and iron bones, his head was still fatal.

"So strong!"

The cow vigorously speaks dry, admiring the five bodies and throws to the ground.

Then he muttered to himself in confusion: "Why, I feel that the silver-haired man is a bit familiar, and seems to have seen it somewhere."

"boom!"

Hu Yanzhuo was furious, one stepped to Ye Fan, his fists fell like rain.

"See if you die!"

"crush you!"

Hu Yanzhuo shouted while smashing his fists. The mighty power made people fearful.

But Ye Fan's body was not blown up at all.

To be precise, Ye Fan was very comfortable at the moment.

...

...

"Dracaena's medicinal power is not enough, the most core flaw, the area between the eyebrows is not completely repaired, what can I do!"

Ye Fan was anxious.

But at this moment, he has entered the final moment of metamorphosis, unable to wake up, unable to move, otherwise he will fall short.

"By the way, there is still a lot of medicinal power in my flesh and blood. If all of them are activated, it should be able to repair the flaws in the eyebrows."

"It's just that the medicinal power in the flesh and blood needs to be stimulated by external forces."

"No one!"

"It's cold, it's really going to fall short. The flaws in the center of the eyebrows have been exposed, and the inability to repair them will have a great impact on my body; maybe even the previous efforts were all in vain, and my injury is even more serious."

"How to do?"

Ye Fan was very anxious and couldn't think of a way.

at this time.

He felt a heavy blow to his head, almost splitting, and had a terrible headache; then, a wave of force bombarded his body.

The medicinal power in the flesh and blood began to arouse.

"Fuck!"

Ye Fan was really dumbfounded.

The one who was attacking him was definitely going to kill his enemy, but he never wanted to help him inspire medicine.

This makes sense.

...

...

Outside.

Hu Yanzhuo madly attacked Ye Fan's body, his complexion was hot, and he was extremely angry, because he hit hundreds of punches, and he could not destroy it.

Is this really a human body?

How could it be so terrible.

It is the third highest peak of Master Heng Lian, Hu Yanzhuo can understand, but this kid is not.

"Ahhhhhhh!"

Hu Yanzhuo roared again and again.

He began to brew, his vitality was surging, and the domineering aura blasted the vortex of the gang to collapse.

"Die to me!"

This punch bombarded Ye Fan's heart.

Hu Yanzhuo wanted to burst Ye Fan's heart.

"boom!"

It is this moment.

The medicinal power in Ye Fan's flesh and blood was fully stimulated, and the flaws in the center of the eyebrows were successfully repaired.

"scold!"

Opening his eyes, two divine lights burst out.

The demon-like aura flew Hu Yanzhuo, Ye Fan jumped up and stood in the moonlight.

He glanced coldly at Hu Yanzhuo, then looked at his body.

Perfect!

Ye Fan had to admit.

This is by no means narcissism, it is truly perfect.

No flaws can be found!

"call."

With a sigh of relief, Ye Fan gradually calmed down.

A little is the cause of the metamorphosis, the hair has grown a lot, and it has been shawl.

In the moonlight, Ye Fan's silver hair swayed.

The handsome face was gradually covered with frost.

"You want to kill me?"

The four words are as cold as iron.

Hu Yanzhuo is like an enemy.

The three attendants had already trembled and rushed away in fear.

Ye Fan's body shook, and a qi mask emerged, covering his naked body.

He walked towards Hu Yanzhuo step by step.

"What pretend to be!"

"Thinking I'm afraid you won't make it!"

Hu Yanzhuo roared wildly, and made a bold move.

However, every punch had no effect on Ye Fan, and he couldn't beat Ye Fan at all.

"puff!"

Ye Fan snapped his fingers.

Understatement.

Hu Yanzhuo was beaten into the air, and blood spurted out.

"Why are you so strong!"

"impossible!"

"Which level did your physical body reach?"

Hu Yanzhuo couldn't believe it.

Ye Fan squeezed his fist and said seriously: "My physical body should have reached the limit of a human being!"

"Human limit? Arrogance. My father, Master Heng Lian, at the third stage of the pinnacle, dare not speak such big words."

"It's not important." Ye Fan shook his head, and Ling Li said, "Now, you kneel down and claim to follow me."

"What are you talking about!" Hu Yanzhuo was furious, "You want me to follow you? Do you know who I am? What qualifications do you have for me to follow you!"

Ye Fan snorted coldly, slapped Hu Yanzhuo into the ground with a slap.

He was condescending and said coldly: "If it weren't for you to help me a lot, I wouldn't be too lazy to talk nonsense with you. I would have slapped you into flesh with one palm. I will give you a chance to survive. I scream!"

"kill!"

Hu Yanzhuo burst into flames.

Mobilizing the power of the whole body's vitality and blood, a lightning bombardment on Ye Fan's chest; but found that he was only repulsing Ye Fan, Hu Yanzhuo was also very decisive, and turned around and fled.

However.

In the next moment, he felt that his feet had nowhere to leverage. It turned out that Ye Fan grabbed him and smashed it to the ground.

"Boom."

A big hole appeared on the ground.

Hu Yanzhuo's eyes turned black, and the bones all over his body seemed to fall apart.

Ye Fan stood in front of the pit and said jokingly:

"Are you very confused, why did I say you helped me a lot? If you hadn't beaten my body and stimulated the medicinal power in my flesh and blood, I would not be able to transform successfully."

"You said I should thank you?"

Hu Yanzhuo was taken aback and suddenly realized.

original.....

That's it!

Hu Yanzhuo was suffocated to death, a burst of anger rushed to his head, accompanied by a mouthful of congestion.

Ye Fan pinched Hu Yanzhuo's neck and picked him up; Hu Yanzhuo was scared, and felt fear for the first time.

He is the Lord Hou, and he is racing across the barren continent. Who doesn't give him face.

Even the Eagle Nation War Department and Da Xia War Department did not dare to move him, because he was backed by the Dafeng Empire.

But now, he felt that death was only one step away.

"Do not kill me!"

Hu Yanzhuo shouted with all his strength, and said in horror: "Your girlfriend is in my hands. If you kill me, your girlfriend will die!"

"Oh?"

Ye Fan's face sank.

Attention was focused on Hu Yanzhuo. At this moment, he discovered that Zhu Ying was detained under the big tree in the distance.

"court death!"

Ye Fan was murderous.

Hu Yanzhuo finally gained some confidence and said grimly: "Let me go, or your little girlfriend will be gone. She is crying and begging me not to kill you. She has deep affection for you. You want to see her help you. Are you dying?"

"Brother Fan, it's really nice that you are fine."

Suddenly, Zhu Ying's excited words sounded.

Hu Yanzhuo's face solidified.

Turning his head, he unexpectedly saw Niu Dali taking Zhu Ying to the side at no time when he was stunned, just stupid.

A few seconds later.

Hu Yanzhuo roared as he vomited blood, "Fuck! Niu Dali, you idiot, who let you get close, get me away!"

But Niu didn't pay attention to it. He looked at Ye Fan and asked cautiously: "You, are you Ye Fan's eldest brother?"

Chapter 539: Surrender three little ones

"Niu vigorously!"

Ye Fan was pleasantly surprised and smiled: "I didn't expect to see you here, yes, I am Ye Fan."

"It's really you!" Niu Dali was overjoyed, "I thought it was familiar just now, but I'm not sure. Brother Ye, how did you become like this and dyed your silver hair. However, you are so handsome!"

Ye Fan touched his nose, a little embarrassed.

"You know?!"

Hu Yanzhuo watched Niu Dali and Ye Fan talk and laugh happily, his face was ashamed.

It's over.

This time is completely over.

Niu vigorously said: "Of course, Brother Fan is the benefactor of my Barbarian Bull tribe. If it weren't for Brother Fan, my tribe would have been destroyed. You said, would I avenge my gratitude?"

Hu Yanzhuo said angrily: "Niu Dali, you dare to betray me, aren't you afraid that I will destroy the Barbarian Tribe!"

"You are dying, and you still want to destroy the Barbarian Bull Tribe. Who gives you the confidence to speak such big words."

Ye Fan fisted Hu Yanzhuo to the ground.

Then they played martial arts and suppressed the three Heng Lian masters who were about to escape; they, like Niu Dali, had just entered the realm of Heng Lian masters, and were not strong.

Niu Dali put the four together.

During this period, Ye Fan put on the rattan clothes made by Zhu Ying, which was not stiff, but very comfortable and very good.

"Brother Fan, what should I do? This Hu Yanzhuo is the Lord of the Dafeng Empire. He is the Marshal of the Army and Horse, with a solid background."

"Oh, I didn't expect to catch an important person. Then don't kill it for now, keep it, it may be useful in the future. As for these three..."

Ye Fan looked around.

The three Heng Lian masters were so scared that they were so frightened that they begged for mercy: "My lord, let us be forgiven. We are just small people, we are small people. You adults don't remember the villain, let us make a living."

"Dali, what do you think?"

"It's a shame to kill." Niu slapped his tongue vigorously, then rolled his eyes, borrowed Zhu Ying's dagger, threw it at the three of them, and ordered: "The three of you, each stabs Yanzhuo."

"what!"

The three were shocked.

Hu Yan vomited blood and roared: "Niu Dali, you are looking for death!"

"Boom."

Niu Dali had no scruples, and hit Hu Yanzhuo's face with a punch, and his eyes turned black when he hit Hu Yanzhuo.

"On the way, you pretend to be a lot of things, I've had enough for a long time. Now, you can be honest with me, otherwise I will abolish you and make you a scumbag."

Hu Yan's hair was terrified, and he didn't dare to speak anymore.

For a cultivator, it is more uncomfortable to be a waste than to kill her, it is really worse than death.

"What are you doing in a daze, either do it or die."

The cow shouted vigorously.

The three of them looked at each other and tremblingly came to Hu Yanzhuo, and said in unison: "Master Hou, don't blame me, we can't do anything. In order to survive, we can only make you suffer a little bit of pain."

"You...ah!"

A knife pierced Hu Yanzhuo's left shoulder.

"asshole!"

"what!"

"what!"

Two more knives pierced both legs.

Niu smiled vigorously and said, "Reluctantly, the knife stabbed so fast, it seems that you are also full of resentment along the way."

One person cried and said: "Brother Dali, I know what you mean. Now we are offended by Hu Yanzhuo, and the grasshopper on a rope with you. Don't worry, we will follow you, but you must protect us. Tribe."

Niu slapped his chest vigorously and said, "You can rest assured, my big brother Ye is amazing. Besides, we have Hu Yanzhuo as a hostage, and we are not afraid of the Dafeng Empire at all."

"See Boss Ye."

The three of them were very clever and knelt down on one knee.

Ye Fan gave the Niu a big thumbs up, and then said solemnly: "As long as you don't rebel, the safety of you and the tribe behind you is guaranteed. There is no doubt about this, you understand."

"understand."

"Yeah." Ye Fan nodded and ordered: "Bring Hu Yanzhuo, we..."

Speaking of this, Ye Fan paused, looked back into the distance, and said playfully: "It seems that the group can't leave for a while."

Chapter 540: Ye Madman

"Just now there was a big battle inside. I'm afraid someone will get on the ground first, rush forward, and not fall behind!"

"Get in!"

"What are you afraid of? Someone knows the flaws in the big array and can come out. Don't be afraid, you will be done!"

More and more people gathered.

One by one rushed into the Diamond and White Bone Array without any scruples, and arrived in the central area within a short time.

"Look!"

One person pointed to the front.

In sight, a silver-haired man was sitting cross-legged, with four men and a woman standing behind him; the four men were all masters of horizontal training, and the women were wearing black clothes and masks.

This lineup made the killers take a breath.

There are only a few masters among them, they are commonplace, and they dare not act rashly for a while.

Ye Fan closed his eyes and rested.

He needs to feel the many changes in the metamorphosed body while breathing.

At this time, Niu came out vigorously and shouted: "My boss is cultivating, so I gotta \*\*\*\* off, disturbing my boss, so you can't eat and walk around."

A grandmaster asked: "Before, there was a suspected baby born in the Bone Array, and the fluctuation of the war came again, what's the matter?"

"Do we need to explain to you!"

"you!"

The master was stunned.

Another grandmaster stepped forward and said coldly: "My friend, our lineup is not bad. Besides, there are still a steady stream of strong people coming. I advise you to explain. Otherwise, if you have a misunderstanding, you will have a big fight, and the consequences will be very serious. serious."

"Noisy!"

The cow drank vigorously and shot out.

The master was shocked, but did not retreat, and greeted him.

"Boom!"

Niu made a big punch to disperse the qi, fiercely, and laughed wildly: "You rubbish, at this level, dare to come in and grab the baby, who gives you the courage."

"court death!"

The crowd was furious, and two more masters came out.

"We will meet you."

Behind Ye Fan, the three little ones killed them.

The war broke out.

In full swing.

The four Niu Dali were extremely powerful and stopped this group of strong men.

Suddenly, Zhu Ying said, "Someone is coming."

Ye Fan continued to be immersed in her own state, which made Zhu Ying very speechless, but she was full of confidence in Ye Fan.

"Have you started fighting!"

A loud laugh came, and a profound Heng Lian master arrived.

Immediately afterwards.

Several more masters came.

It's not over yet, the supernaturalists have actually appeared, really the Powell team; and then a few young geniuses.

With so many strong people gathered, Zhu Ying was also slightly nervous.

Niu gave a vigorous cry, and the three little ones shook their opponents back, all of them retreated, waiting in full battle.

"Baby?"

"Who took the baby? Could it be that the silver-haired man?"

"This person is so arrogant. In this environment, he is still meditating. This does not put me in the eye."

A wave of anger was spreading.

You know, Luo Longpo's entry age is limited to thirty-five years old. If he becomes a martial arts master at this age, he can be said to be an enchanting genius.

Since ancient times, how can evildoers not have arrogance.

All are arrogant.

At this time, it is not normal to see "silver-haired people" despising them and not being annoyed.

"Huh, pretending to be a fool!"

A genius in his thirties couldn't help but make a move. He used his physical skills and martial arts, erratic, crossed Niu Dali four people, and slammed in front of Ye Fan.

"Wake up yet?"

The man stared angrily and shouted: "So despise me, that seat will send you on the road. I am Yao Shuai, the young master of the Yao family in the southern city of the Northern Wilderness. Go down and remember to talk to Lord Yan."

Yao Shuai said, at the same time, the attack had fallen on Ye Fan's chest.

Bang!

Suddenly, the fist gang collapsed.

Yao Shuai was horrified.

I have already used 80% of my strength with this punch, and I can't touch the body of this "silver-haired man"...

What an international joke!

Even if he is a master of horizontal training, not to mention serious injuries, at least his ribs will be broken.

Those who were watching were also dumbfounded.

"kill!"

Yao Shuai was furious, mixed with a hint of shame.

So many people were watching, if he couldn't solve a guy who didn't fight back, how could he be in the North Wilderness.

"Yao family's unique learning, sunset boxing."

With this punch, Yao Shuai went all out.

boom!

A sturdy hit, and a violent hurricane was set off.

Yao Shuai is convinced that he can hit silver-haired people.

"Huh."

The smoke and dust dissipated, and the world was clear.

Yao Shuai's face solidified, staring blankly at the intact silver-haired man, and suddenly screamed madly:  
"Impossible!"

"It's really noisy."

Ye Fan opened his mouth unhappy.

The sound is very light, but it has a strong penetrating power, and it is clearly transmitted to everyone's ears, making everyone feel the cold chill.

Subsequently.

Under everyone's horrified gaze, Ye Fan flicked his finger and blasted Yao Shuai into the air, hitting an ancient tree in the distance.

Before it fell down, with a "shoo", a branch was like a spear, piercing Yao Shuai's shoulder and nailing it firmly to the ancient tree.

"Puff puff....."

"what!"

At this time, Yao Shuai felt the pain, spurting blood one after another, and let out a scream.

"I...I've been abolished... my veins are broken, no!!"

Yao Shuai screamed in grief, and then fainted.

This makes other strong people afraid.

That was a real master, and he was still a genius with a profound background, and he was actually abolished by a single finger!

What is the sacred silver-haired person?

What state?

The atmosphere became depressing.

Many strong faces are uncertain, weighing things secretly, weighing pros and cons.

Finally, a master Heng Lian walked out, followed by two masters.

The three moved.

The formation of the horns, surrounded Ye Fan.

"Your Excellency is too arrogant, don't we even have the qualifications to open your eyes?"

Ye Fan was unmoved.

The trio's faces were gloomy.

"In that case, it's offended."

"Rumble."

The three shot at the same time, with great momentum.

The attack fell on Ye Fan's body like raindrops, but it did not cause any harm.

"Blasting palm."

"Ben Lei Fist."

The two masters, one on the left and the other on the right, attacked Ye Fan's head.

At this time.

Ye Fan took action.

Still didn't open his eyes, just like before, gently snapped his fingers to smash the martial arts of the two.

Then quickly launched two punches.

I saw the bones of the two masters crackling, and dozens of them were broken, flying out like kites with broken wires.

"boom!"

at the same time.

Master Heng Lian used all his strength to bombard Ye Fan's chest, and finally made Ye Fan's body shake.

This person is invincible.

This master had a thought in his mind, and wanted to retreat in horror, but it was too late, and Ye Fan's hand clasped his shoulder.

"Brother Dao, forgive me."

Ye Fan ignored him and slammed into the air. This master Heng Lian was thrown into the sky by him at an altitude of fifty meters.

Subsequently.

Free fall.

"Boom!"

When he fell down, he smashed a deep hole in the ground. Although he was not dead, he was also seriously injured.

All of this happened between the electric light and flint.

From beginning to end, Ye Fan didn't open his eyes or move, only his hands were attacking.

Shocked everyone.

The audience was silent.

There was no sound.

Niu Dali and Zhu Ying were flushed, and they admired the five-body throwing on the ground, which is simply too strong.

"You guys are not going back!"

"Are you looking for death!"

Niu vigorously took the opportunity to scold.

The crowd commotion.

Many people have already retreated.

At the knots, the white-robed man walked out of the crowd, his face solemnly said: "Ye Fan, you really shocked me. How long has passed since, your physical body has actually become so powerful, it seems that you have obtained a peerless treasure in Wanzang Mountain. Medicine, help you reborn!"

at this time.

Ye Fan opened his eyes.

Bright flashes.

"He is Ye Fan? How could it be!"

"Isn't it right, isn't Ye Fan white-haired? This guy is silver-haired, and his appearance is a little different."

There was a lot of discussion and everyone was surprised.
