Chapter 551: Ye Fan has a method of restraint! Dante is furious, and the book saint is real!

Rumble!

Under the control of Count Dante, the sea of thunder rolled over and the thunder was loud, and it could pour down at any time, submerging Ye Fan and blasting it into fly ash.

Ye Fan was shocked.

But only a few seconds, and then calm down.

Because.

After seeing the headless knight, he and Zhu Ying both believed that martial arts practice can break the shackles of the existing realm and obtain magical powers.

Ye Fan is determined and convinced that that power will not be worse than this "pseudo divine power".

In fact.

Even with the power that Count Dante has now, it is not impossible to resist, Ye Fan is not afraid of it in his heyday.

Even if you can't beat it, you can retreat calmly.

Only now, he is injured, it is a bit unrealistic to want to escape, and confrontation is also very dangerous.

"Huh!"

Ye Fan took off the Xuantian War Halberd and held it firmly in his hand.

A "potential" is rising.

Count Dante felt this "power" and was surprised and angry-surprised Ye Fan dared to confront him after seeing his abilities, and angry that Ye Fan was offensive to him.

"Ye Fan, you are offending the gods!"

"I said, you are not a god, the so-called god, immortal, flying in the sky. And you, can you do this? Your so-called 'divine power' is too low-level. Our martial arts world's martial arts can completely do this. Degree. Earl Dante, you can't scare me. Then I died in battle today, and it is by no means that Daxia Martial Arts was defeated by the supernatural organization, but that I was unlucky and injured."

Ye Fan was sharp and sharp.

A powerful "potential" rose into the sky, like a sacred pillar, breaking through the thunderclouds in the sky.

"Um?"

Count Dante was taken aback.

Unexpectedly, Ye Fan's "potential" was so sharp that even the thundercloud he created could penetrate it.

It's worth it!

If this son surrendered and joined the organization, it would be fine.

If you don't surrender, it must be a major organizational problem in the future.

Never stay!

Even if people say that he is bullying the junior, he will not hesitate.

Count Dante's anger became more and more raging, and the thundercloud was slowly suppressing it, and the might of thunder might be raging.

Gulot gritted his teeth and rushed over and said: "Lord Earl calms down his anger, Ye Fan is still valuable, it's better not to kill."

"value?"

Count Dante sneered.

"It's nothing more than the traces of Michel and Lucifer, but these don't matter. Michel, a traitor, took away the secret chip from the previous generation. The genetic engineering update iteration of the organization research in the past few days has developed to an incredible level. To the point. The old secrets before, even if they are exposed, it is nothing."

"As for Lucifer, this **** was arrested. Although he is a genius and evildoer, the organization does not lack genius, and he died."

"Ye Fan, I have already seen that the Dao heart is strong, the belief is firm, and he cannot instigate rebellion. This kind of person will change his life at any time. If he can't stay, he must be killed."

Count Dante said with a murderous spirit.

Gulot persuaded again: "My Lord Earl, I think..."

"Bastard!"

Count Dante stopped drinking.

"scold!"

A bolt of thunder and lightning came, bombarding Gulot, knocking Gulot into the air, scorched and smoked, and his injuries were not light.

"When is it your turn to tell me to do something!"

"Gulot, is it true that as Powell said, you have betrayed the organization?"

Gulot endured the pain, got up and knelt on one knee.

He put one hand on his knees and one hand on his chest, sitting in a unique etiquette posture, and said sincerely: "Earl, it is absolutely impossible for me to betray, but it is really a pity that Ye Fan killed him like this. Using him to negotiate with Daxia, Daxia will definitely agree to exchange huge resources."

Only then did Earl Dante restrain his anger.

"No need, our Eagle Nation does not lack resources, you push me away."

The gust of wind whizzed Gulot into the air.

Ye Fan secretly took Gulot's thoughts in his heart. Gulot was different from other supernatural beings. As a member of the "Anti-Bone Sect", they were already close to Daxia Martial Arts.

Gulot sighed.

He admired Ye Fan very much, but after all, it was a different camp; he tried his best and couldn't stop Earl Dante.

"Ye Fan, you are a respectable evildoer... No, you can be called a Tianjiao. Leave a last word, I will give you three minutes."

"You are an earl, and I dare not go to confront our Daxia Grandmaster tycoon to deal with a junior of me. I really have a face."

Ye Fan was full of mockery.

Count Dante said coldly: "Actually, I didn't intend to kill you, but you angered me and made me very angry."

"You want to kill me when you get angry?"

"Hehe, do you think killing you is a big thing? In fact, even if you are a Tianjiao, in my eyes you are nothing but an ant. In this world, the most indispensable thing is the genius and evildoer. Don't take yourself seriously. , I will kill you, just look at the mood, do you understand!"

Ye Fan's face was calm.

However, there was a raging flame in his heart, and Count Dante was naked and contemptuous, treating him as a fish and meat to be slaughtered casually.

"It seems that you have no last words, nothing more, I will send you on the road."

"See God."

Count Dante sighed and grabbed it with a big hand. He actually grabbed a series of lightning bolts, like a sharp sword.

Ye Fan propped up the gas mask.

Of course he will not sit still, even if he can't be low, he will die vigorously.

"Shaking the heavens!"

Ye Fan roared wildly, and a hundred-meter-long halberd phantom emerged, tearing through the thundercloud, and smashed down like a mountain.

This was an attack made by the "Sky Shaking Hammer" in conjunction with the Xuantian Halberd, and Ye Fan named him "Sky Shaking".

"Fan Tianyin!"

Ye Fan pinched the seal with his other hand, and Fan Tianyin hovered above his head, blocking the landing of Thunder.

Count Dante raised his brows and snorted coldly: "Firefly dare to know how Haoyue really knows. Ants know the power of giant elephants."

"Super Shield."

Count Dante took a palm.

In front of him, a huge energy shield emerged.

This is a trick played by the Gullott team in the Bone Array, and now Earl Dante can do it alone.

"boom!"

Ye Fan's fierce blow hit the super shield.

垮嚟!

Cracks appear in the super shield.

"Um?"

Earl Dante's face sank, he underestimated the power of this blow, and the super shield actually cracked.

Bang.

The super shield exploded.

Ye Fan was also shocked, his tiger's mouth exploded, and Xuantian War Halberd almost broke away.

"Razer!"

Count Dante waved his hand gracefully.

In that thundercloud, hundreds of small snakes that had landed and turned into thunder and lightning, instantly imprinted Fantian to Urgency.

"Curse!"

Ye Fan played the last fascination.

This blow was also strange, it actually caused a great power, and blasted Count Dante into flight.

"what!"

Gulot's eyes popped out.

What a joke!

Earl Dante is one of the leaders of the organization.

It was the first time he saw that Earl Dante had been beaten into the air, and, apparently, he had suffered some minor injuries, and his blond hair was scorched.

"This is..." Ye Fan was also surprised. He looked at the thunderclouds in the sky and understood that he could use the power of thunder for his "Heaven's Punishment" skill.

No, to be precise, it should be able to draw on the power of nature.

This discovery surprised Ye Fan.

Because this shows that he can restrain the "false gods", borrow their supernatural powers, and fight back against them.

Earl Dante also discovered this problem, his eyes were very gloomy, and his murderous aura was more intense.

"Restrain the supernatural power, Ye Fan, you can't stay anymore, you have to die if you say anything!"

"Lei Hai has landed!"

Earlier, Earl Dante was teasing, not serious; now he is serious, and the turbulent thunder sea directly poured down.

Ye Fan was blinded directly.

The power of thunder is full of eyes, and if you want to drown him, there is no hope of escape at all.

Did it die like this?

Not resigned.

Ye Fan inserted the Xuantian War Halberd on the ground, raised his head, and looked at the pouring thunder sea, with no expression of fear on his face.

Subsequently.

He closed his eyes.

Like international practice, there are figures in mind, the voices and smiles of relatives and friends, and many things that have been experienced over the years.

In the end everything disappeared.

This is the memory between the electric light and flint, and then Ye Fan suddenly opened his eyes, his eyes seem to penetrate the thunder sea, looking closely at Count Dante.

This look made Count Dante inexplicably frightened, but Ye Fan was going to die after all.

It's all over.

"Moo!"

Sudden.

Just at this moment of life and death.

A loud and high-pitched bull roar exploded, and a golden light flashed in front of Ye Fan's eyes.

A tall golden bull appeared in front of him.

The golden bull's body trembled, and a piece of white paper flew out under the hair.

The white paper was spread out, and the light burst into light in an instant.

The extremely sharp aura soared into the sky, breaking the thunder sea into pieces.

The next second, the white paper burned.

A bright big character appeared in the sky:

retreat!

This word seemed to have infinite power, shook the sky and violent thunderclouds, and calmed the world.

"The Book Sage!"

Count Dante's voice was low, his sharp eyes swept across the entire Xuelong Peak, and no trace of the Book Sage was found.

This made him extremely angry.

"I really won't come!"

"Arrogant, just a piece of paper, just shake the sea of thunder, and want to force me back, thinking I'm a soft persimmon."

"kill!"

Count Dante shot again.

Suddenly, the word "retire" trembled and quickly suppressed, and the entire Xuelong Peak began to crack, showing signs of collapse.

"boom!"

A shocking explosion.

There was chaos on Xuelong Peak.

Snow flies, flying sand and rocks.

The golden bull turned his head and raised his chin to Ye Fan in a humane manner; Ye Fan understood, carrying the Xuantian halberd and leaped onto its wide back; after that, he saw the golden bull leaping directly from the mountain. Jump off the top! !

Damn it!

Ye Fan was scared to death.

Chapter 552: The ultimate kill order!

"Boss Bull!"

Ye Fan yelled, because jumping from such a high mountain is no different from suicide; even the golden bull at the peak of adulthood will have to smash into meatloaf.

The golden bull roared and stepped on the boulder very dexterously. Every time he stepped on, he jumped with his strength, flying away from the wall, and quickly disappeared with Ye Fan.

"Rumble."

at the same time.

On the top of the mountain, thunder is rolling.

Count Dante was bathed in thunder and lightning, and rushed out, but there was no Ye Fan's voice, and he was extremely furious.

"Book saint, I took it down."

"The four saints of Daxia have long been the goal of the organization. You four old guys won't live long."

Count Dante looked gloomy, looked back at Gulot suddenly, and ordered: "Give me the order, all the ability teams put down the task at hand, and all do one thing."

"Kill Ye Fan!"

"Kill kill kill!"

Gulot was terrified and replied respectfully: "Yes, Lord Earl, I will send the order."

Earl Dante stood in the ruins, his eyes flickering, Ye Fan mastered the method of restraining supernatural power, which was too dangerous.

Once this method is spread, then they will fall into a passive situation.

"Book saint, you want to protect Ye Fan, I want to kill him. Let's see who is better."

Count Dante was brooding.

Golden Bull took Ye Fan to escape from Xuelong Peak, and directly split the East City, and couldn't stay in the city anymore.

"Moo."

In a safe mountain forest.

The golden bull stopped, yelled a few times, and seemed to say: I will send you here, and then it's up to you.

"Book Sage, is it the gatekeeper of Luolongpo, the master Mogu?" Ye Fan asked.

He knows that the golden bull can understand human language.

The huge head of the golden bull nodded, and Ye Fan clasped his fists and said in gratitude: "Thanks to Master Shusheng for me, and thank you for taking me to escape. The golden bull is already very rare, and I didn't expect Beihuang There is one, and it's still an adult."

"I also have a golden bull under my command. It's just a young man. See you when you have a chance in the future."

The words made the golden bull excited, his hooves stomped on the ground, and his golden eyes blinked, seeming to say: Really? Is there really my kind?

Ye Fan smiled and said: "Don't lie to you, but he is far away, in the wild continent. There will definitely be a chance to meet in the future."

"Moo."

The golden bull screamed expectantly, then sank into the jungle and disappeared.

Ye Fan took a deep breath.

Sitting cross-legged, dealing with his injuries.

At the same time, his mind was also thinking about everything that had happened just now, especially the use of supernatural power by the "Heaven Punishment" skill, which made Ye Fan had to pay attention.

"I have a method of restraining false gods, but Earl Ding will definitely not let me go. I guess he should be scared of the killing order. All the ability teams in the Northern Wilderness will come to kill me!"

"Ugh!"

Ye Fan had a headache and couldn't stop it for a moment.

Yesterday Gulot said that he should go to Xuelong Peak, and he guessed that it should be Earl Dante.

He knew it was dangerous.

But he went without hesitation.

There is no other reason, Ye Fan wants to contact the high-level of the power, and wants to feel the strength of the head power of the power organization.

It's that simple.

Ye Fan is bold, this is the courage created by his growing environment. It's just that he missed the calculation. He thought that Earl Dante cares about the face of the strong and will not kill him, at best it is a small punishment.

I didn't expect that guy was so unprincipled.

The strong at each level has an opponent at the corresponding level. This is an unwritten rule. If it is a dimensionality reduction attack, then there is no end to it.

For example, the book saint shot and killed the massacre ability team, who can stop it?

The fact is that even if the ability group hunts down martial arts geniuses, the book sage will not control it. This is the rule.

No rules no standards.

And Earl Dante's approach gave Ye Fan a memory, that is-the Eagle nation, the great figure of the supernatural organization has no principles, and is extremely shameless.

Three o'clock in the afternoon.

Ye Fan returned to the city quietly.

The most dangerous place is the safest place. Count Dante thought she had escaped from the East City, so he went the other way.

"Brother Fan."

Niu Dali squatted near the city gate, and when he saw Ye Fan greeted him immediately, he hurried away with Ye Fan.

Not long.

Meet everyone in a secret stronghold.

"It seems you all know."

"Don't you know, Xuelong Peak has exploded, and many powerful people from the big clans in the city rushed to check it out." Luo Hong was a little angry, thinking that Ye Fan was too risky this time.

Meng Qingyin's eyes were even more red.

Ye Fan was very touched, "I'm sorry, I made everyone worried. This time I was lucky enough to get my life back. Master Shusheng saved me."

"Bookmaster, really?"

"It's not a real body, but a real revelation. The master of Luolongpo Gatekeeper Mogu is the book saint. In addition, the person who saw me on Xuelong Peak was Earl Dante, the general manager of the ability organization in the Northern Wilderness. This guy. ...Very strong, has participated in the 'God Creation Project', genetic modification has entered a deeper stage, and mastered 'superior power'."

These words were heard by Meng Qingyin, Niu Dali and others.

They know the supernatural beings and genetic modification, but they have never heard of the "God Creation Project".

It's just that everyone is very smart and can guess something literally.

Luo Hong said solemnly: "Is the supernatural organization strong enough? But the book sage can save you with a copy of the original, which shows that the head of our Daxia martial arts world is not lost to the 'false god'."

"Yes!"

Ye Fan nodded solemnly.

"Now, Earl Dante has ordered me to kill me, and there is a Killing Alliance. The situation is very unfriendly. Do you have any suggestions?"

"I think it's more dangerous to stay in the East City, running around outside. In the city, even if they are discovered, the supernaturalists and the people of the Killing Alliance have scruples. It is not allowed to shoot in the city."

"This is true."

At this moment, Luo Hong's communicator rang.

It's Qu Youer's news.

"Brother Fan, Miss Qu said that we should go to Qu Xiantian's secret healing place, which is very hidden and safe. It happens that you can exchange martial arts with Qu Xiantian and treat Qu Xiantian's injuries by the way. At the same time, Miss Qu will provide a lot of treasure medicine resources. To help you recover from your injury faster."

"Just do it."

Ye Fan actually wanted to pull Qu Family into the water.

This is not a pit song.

In these troubled times, no one can be alone.

As one of the most powerful forces in Dongcheng, Qujia has a good relationship with Qu Xiantian and Qu Youer.

soon.

Qu Youer came personally and led Yexing to a secret underground cave.

This cave is not small. Although it is quaint inside, it can be seen that it used to be brilliant. Because it is a place of congenial healing, it has complete facilities and everything, and there are many entertainment facilities. It is almost comparable to the presidential suite of a five-star hotel. .

"Hahaha, Brother Ye, I finally waited for you."

"Shao Qu."

"We don't need to be so polite between us. You save my life. I will recognize you as a brother innately. I wonder if Brother Ye would like to recognize me?"

"My current predicament is all dependent on you. I am not qualified to deny it."

"Hahaha, sit down."

Qu Xiantian glanced at the people Ye Fan had brought.

Niu Dali and the four horizontal training masters, as well as Hu Yanzhuo, who was seriously injured but obviously strong, couldn't help but secretly smack his tongue.

This force is also comparable to a small force.

Time in Dongfu.

Ye Fan mainly treated injuries, and also showed Qu Xiantian by the way, and then talked about it with Qu Xiantian.

Qu Xiantian is indeed a genius at the enchanting level, knowledgeable and profound, and Ye Fan has gained a lot from communicating with him.

It is quiet and peaceful, but there is a lot of boiling outside.

The "Must Kill Order" of the superpowers caused a huge disturbance in the Northern Wilderness. No one knew what Ye Fan had done, which caused all superpower teams to hunt him down.

This has never happened before.

At the same time, the Killing Fan Alliance was also in action, waving the flag with great momentum, stirring up the Northern Wilderness.

There were indeed a lot of people here in Dongcheng, but after searching Dongcheng all over, no trace of Ye Fan was found.

Just on the seventh day.

A piece of news detonated the Northern Wilderness-Ye Fan beheaded Powell, the SS-level superpower, and destroyed his entire team.

Chapter 553: Counterfeit!

The destruction of an ability group does not explain much. For many people, it can only mean that Ye Fan, who has disappeared for seven days, has begun to act, and has begun to take revenge!

Another day, the incident continued--

Ye Fan beheaded the Earls Ability Team!

Immediately afterwards.

Ye Fan beheaded Leon's ability group!

...

The succession of the ability groups collapsed and started to cause a panic.

Not only was the arrogance of the supernatural being suppressed, even the Killing Alliance began to keep a low profile. They knew that Ye Fan was not alone.

Ye Fan's team is a powerful force.

This force is even more than the top powerhouse of the Northern Wilderness Clan, so it can destroy the ability group so quickly.

Just as everyone was waiting for the next news of the destruction of the ability group, a panic happened.

The news said--

The Shafan Alliance was beheaded two grandmasters.

This news only lasted for three hours, and even more explosive news was born--a deputy leader of the Shafan Alliance was killed, it was the genius of the Shi Clan, Shi Ziqiang.

Shi Ziqiang, Shi Ziping's cousin, is the second genius of the Shi clan.

After Shi Ziping was abolished, he became the leader of the younger generation of Shi Clan. He thought he could slay Ye Fan with shame, but he was beheaded by Ye Fan in just a few days.

The younger generation of the Shi family simply refuses to pick up the blue and yellow, and is abolished.

"boom!"

On this day, several tyrannical auras from the ancestral land of the stone clan rose to the sky, and then two ruthless men walked out.

They are the second elder and the third elder of the stone clan, both of whom are the second stage of the transformation realm.

This move completely detonated the Northern Wilderness.

The stone clan can't sit still anymore, the older generation wants to take action, and when they come out, they are the two masters of the second stage of the transformation.

East city.

Secret cave house.

The crowd sat together, their faces solemn and suspicious, and the atmosphere was strange.

Ye Fan smiled and said: "It's really interesting, pretending to be me and killing evil everywhere, so that even the older generation of Shi Clan figures have come out, and I am too dear to me!"

That's right.

The person who went crazy outside was not Ye Fan, but a fake.

Ye Fan has been recovering from his wounds in the cave these days, and has never been out.

"However, the guy who pretended to be me also attracted attention. I can relax a lot. I have been panicking in the cave these days, and I will go out to get some air later."

"Brother Ye, you said that who pretended to be you to kill evil and accumulate hatred? Was it Wu Lingjun?"

Qu Xian is puzzled.

Ye Fan said, "It shouldn't be Wu Lingjun. Isn't he rumored to be the leader of the Ordinary Alliance? There is no need to destroy the ability team and ask for trouble. Besides, with Wu Lingjun's strength, it is impossible to have such a record."

Luo Hong said: "If this person doesn't have a team, it would be terrifying to achieve this kind of record on his own."

"I think of someone."

"Who?"

"Bu Qianfan."

Ye Fan said the name, and the strong man appeared in his mind.

"Bu Qianfan once approached me, and said that when I recover from my injury, he would fight me well. By the way, Qu Shao, he is still the so-called four evildoers of the Northern Wilderness, Ji Tinglan and Liang Xiao are not your best enemies. ,It's you!"

Qu Xiantian took a sip of wine and said quickly, "Bu Qianfan is lonely and has no family. He is a casual cultivator, but I admire him for being the first person of the Northern Wilderness generation on his own."

"Qu Shao admits that he lost to Bu Qianfan?"

"There is nothing to admit. Bu Qianfan is indeed strong, and his foundation is terrifying. His body is also stronger than me. I can't beat it in every aspect. I can only say that I have a family background and a backing."

"Bu Qianfan is still a very principled person. Such a person is destined not to be an enemy, but an opponent."

Qu Xiantian spoke highly of Bu Qianfan, and at the same time he felt sympathy for Bu Qianfan.

Qu Youer said: "Brother Fan, why did Bu Qianfan help you?"

"It's just a guess, not sure it is him."

Ye Fan was very optimistic and said with a smile: "Whether it is or not, at least this guy is helping me solve the enemy, I am too happy to be too late. It is best that he can wipe out all the ability groups in the Northern Wilderness."

"Sao Qu, you and my injuries are getting better these days, so it's better to go out and make a move. Although this cave is big, it's not convenient to fight."

"Hahaha, that's what I meant."

Everyone quietly left the secret cave.

Ye Fan and Qu Xiantian seemed to be suffocated. After several hours of fighting, the intensity of the fight was not high, but they were both heartily and heartily.

at dusk.

Qu You'er hurried over and said unbelievably, "Brother Fan, it's too hot."

"what?"

"The guy who pretended to be you actually initiated a battle script, and three days later, he fought life and death with the two elders of the Stone Clan at Qianbfeng Peak in the central area of the Northern Wilderness."

Ye Fan was shocked.

Qu You'er slapped his tongue and said: "It's incredible. Now the entire Northern Wilderness is turbulent, and all the major forces and powerful people have set off for Qian Renfeng. Looking forward to the battle in three days."

Things are getting more and more weird.

Ye Fan frowned.

What is the intention of this counterfeit?

If it's just to create hatred for him and make him take the blame, then enough has been done.

Why bother to do this extra, and take a huge risk to fight the two elders of the Stone Clan?

You know, the two great masters of the Second Layer of the Transformation Realm, who have accumulated and accumulated in this realm for many years, are definitely not comparable to the young people who have just been promoted to the Second Layer.

Even Ye Fan, in his current state, did not dare to say that he could kill the two elders of the Stone Clan.

Not long after, everyone came.

Qu Xiantian said: "It's very interesting, we must go to Qianbianfeng to see how sacred that guy is!"

"Fun and fun."

Qu Youer clapped his hands excitedly.

Luo Hong and others looked at Ye Fan together, waiting for Ye Fan's thoughts.

Ye Fan thoughtfully.

In the dark, he felt that this "pretender" was inextricably linked to himself.

Go, must go!

Chapter 554: The Road of Hunting Husband—Meng Qingyin's scheming!

Before heading to Qian Renfeng, Ye Fan needs to arrange for his sister Tang Ying.

The "corpse poison" of the corpse human organization is very powerful. Although the corpse poison in Tang Ying's body has been eliminated long ago, the body has not completely recovered.

This time I went to Qianbianfeng, Ye Fan didn't plan to let Tang Ying go.

In addition, Hu Yanzhuo also had to be arranged in the East City, it was impossible to run around with such a big guy.

Tang Ying just happened to be able to guard Hu Yanzhuo.

Tang Ying agreed to this arrangement. In addition, Ying and Tao Tie also stayed.

Before setting off, Meng Qingyin came over.

"Brother Fan!"

"Well, what's the matter?"

Ye Fan saw that Meng Qingyin's mood was a little bit wrong, and asked earnestly: "If you have any concerns, tell me."

Meng Qingyin's face was strange.

After brewing for a while, he hesitated and said: "Before in Beijing, Brother Xingtian took a piece of my hair and said he would do a bloodline test."

"Yes!"

Ye Fan nodded, he kept this matter in mind.

The eldest sister Meng Qingyi, is it the blood of the Meng family or Meng Cangwu's daughter "Meng Qingwu"?

I thought that Xing Tian would steal Meng Qingyin's hair quietly, but never expected Meng Qingyin to know about it.

"Lao Xing told you, do you use your hair for identification?"

"Say, sister Meng Qingyi."

Ye Fan was a little nervous, he asked: "Has the bloodline identification result come out?"

"do not know."

Meng Qingyin shook his head and said, "Big Brother Xingtian said that Sister Meng Qingyi could not be found."

Ye Fan's eyelids jumped wildly.

"What's the meaning?"

Meng Qingyin said: "Brother Fan, don't worry, it should be the eldest sister who went abroad on business. After all, the eldest sister's current company is thriving and develops rapidly, and it is understandable even when traveling abroad."

Ye Fan thoughtfully.

Meng Qingyin continued to take care of herself: "If the bloodline identification is really the same as expected, Sister Meng is my Meng family and my cousin, then..."

"what?"

"I inquired about some things in the family and learned that my cousin Meng Qingwu had ordered a doll with a young master from the Ye family of Changning when she was a child. Brother Fan, you are from Changning, and you want to know if the older sister is of Meng family's blood. , You must be the young master of the Ye family in Changning."

Ye Fan did not deny it.

"it's me!"

"In this way, if Meng Qingyi's eldest sister is 'Meng Qingwu', are you going to fulfill the marriage relationship of your father's generation and marry your eldest sister?"

"Uh, this..."

Ye Fan didn't expect Meng Qingyin to ask about this.

In fact, Ye Fan understands Meng Qingyin's love for him, knows that Meng Qingyin likes him and wants to be his real wife.

It's just that Ye Fan has no plans to get married yet.

Seeing Ye Fan's face embarrassed, Meng Qingyin chuckled inwardly, thinking that Ye Fan was too cute.

There is such a lovely side to kill the silver-haired war gods outside.

She likes Ye Fan.

like very much.

It can be said that her fate has changed because of Ye Fan.

Once, she was a young lady who lived in the deep boudoir of the Meng family.

Since Ye Fan appeared in front of her, took her out of the cage, experienced life and death, and now gained extraordinary strength.

This is entirely the grace of regeneration.

Meng Qingyin is willing to be Ye Fan's wife, as long as Ye Fan nods, she will follow Ye Fan without hesitation.

Originally, Meng Qingyin was not in a hurry.

She believes that she can get Ye Fan's heart, but it takes time; however, Xing Tian's "blood identification" suddenly came out, giving her a sense of crisis.

Meng Qingyi is Ye Fan's eldest sister, and she has a close relationship. If the relationship of "baby pro" is added, she probably won't have a chance at all.

therefore.

Since this time, Meng Qingyin has been worried.

Fortunately, Xing Tian couldn't find Meng Qingyi, and bloodline identification had been unable to proceed. But this is not the way after all, she has to test Ye Fan's attitude.

Ever since, there was the conversation just now.

"Brother Fan, speak, will you marry your eldest sister?" Meng Qingyin said as she approached Ye Fan.

Almost snuggled in his arms.

The proud peaks touched Ye Fan's chest, making Ye Fan's whole body numb, as if he had been electrocuted.

"I don't know yet; I'm only in my early twenties, so young, I want to get married, so I'm too hasty."

Ye Fan laughed and ran away dingy.

Meng Qingyin stomped helplessly.

Ye Fan, who ran outside, was sweating profusely, and emotional matters were harder than fighting the strong for three hundred rounds.

"The Northern Famine has happened. I have to go back to Qingzhou to see my sisters. I hope that the eldest sister is really on a business trip. Don't have any trouble."

Ye Fan secretly prayed.

After half an hour, the convoy set off.

Meng Qingyin did not go.

After thinking about it, she decided to stay with Tang Ying.

Ye Fan listened very much to what her sister said, and it was easy to get her sister to get her sister back.

As early as in the capital, Meng Qingyin learned about her sisters from Tang Ying and studied it for a period of time.

The eldest sister Meng Qingyi, the second sister Su Muyu, the third sister Han Bing, the fourth sister Tong Xiaoman, the fifth sister Zhong Ling, and the seventh sister Fang Rui.

Meng Qingyin made a plan. First, he got the sixth sister Tang Ying, then he got the gentle second sister Su Muyu, and then Xiao Qi Fangrui...

These are Meng Qingyin's careful plans.

"But now there is another rival in love. Qu You'er seems to like Brother Fan too, which is very annoying. Zhu Ying hasn't noticed any abnormalities for the time being, but beware."

"As for Sister Luo Hong..."

"The path of hunting husband is heavy and long way to go."

Chapter 555: The real identity of the counterfeit!

There is a lot of time to go to Qian Renfeng, and I am not in a hurry.

While walking and stopping along the way, some ancient relics have also been discovered, and I have explored and excavated in them, and I have gained a lot.

Finally, on the night before the battle of life and death, the group arrived near Qianbian Peak.

At this moment.

Ten miles around Qianbfeng Peak were full of people's shadows, and all the major forces and many powerful people rushed over.

Set up camp and divide the territory.

This makes this area of heaven and earth brightly lit and colorful; occasionally, there are some big movements, and it is some strong people who are discussing it.

Ye Fan and the others occupied the magpie's nest, occupied the territory of a small power, and settled down.

"A lot of tyrannical aura, and some older people, this time the scale is really not small."

"Yes, Beihuang hasn't been so lively for a long time, I don't know if the third grandmaster of the transformation realm will appear."

"I'm looking forward to it now. I want to see what the identity of the impostor is." Ye Fan's eyes flickered and he muttered curiously: "If it is revealed that he is not Ye Fan at all in the battle tomorrow, what will happen to the situation?"

"Whether it is or not, it is a fact that he killed Shi Ziqiang, so the two elders of the Shi Clan will definitely not let him go. This time on such a large scale, if the Shi Clan doesn't kill the person, how face will he face. I even think that for the sake of safety, the Shi Clan may not only be the second elder and third elder, but there are other strong people hiding in the dark." Qu Xiantian said.

"It makes sense."

Ye Fan nodded secretly and looked up at the bright moon in the sky, faintly feeling the murderous air spreading in the fist field.

Tomorrow, something big will happen!

This night.

Not many people can sleep.

For one thing, I didn't dare to sleep. Now here is a mixture of fish and dragons, and murders and treasures are happening all the time.

Second, they were all monks, with more energy than ordinary people, and it was no big deal not to sleep all night.

finally.

White fish appeared on the horizon.

The sky is gray.

Gradually, without knowing when, half of the red sun appeared, like a naughty child, suddenly jumping out, giving people a surprise.

The first ray of sunlight sprinkled on the Northern Wilderness and towards the Qianbfeng Peak area, making this world lively.

The voice is full of voices.

The breath is like the sea.

The camps are mixed, like stars dotted on the hills, forests and grass.

The atmosphere is brewing.

At ten o'clock, the highest point was reached.

At this time, the second elder and third elder of the stone clan appeared, and the two stood side by side on the Qianblade Peak, overlooking the bottom.

"Good background."

Ye Fan made an evaluation.

Qu Xiantian said: "Look, there is a member of the Killing Fan Alliance, and the leader is indeed Wu Lingjun."

Ye Fan looked for Qu Xian's guidance.

It's too big!

The wings were more than ten meters apart, and his feathers were dark and shiny, but there was a pinch of golden hair on the top of the bird's head, which made him extraordinarily majestic.

The claws were as thick as an adult's calf, and the claws were as sharp as a blade, and the eyes were as sharp as electricity, which was terrifying and frightening.

"Shadow Eagle!"

"No, it's not an unusual shadow eagle. Did you see a pinch of golden hair on top of your head? Only the shadow eagle king can own it, that's a eagle king!"

"impressive!"

Exclaimed one after another.

The shadow eagle is a very rare alien bird, and it is even rarer to be able to become the king of eagles.

This shadow carving king, even if it is the big master of the second layer of the transformation, I am afraid that he would never want to suppress the capture.

"It's no wonder that Ye Fan dared to fight the two elders of the Stone Clan. It turns out that he got a shadow carving king, with the assistance of the carving king. I am afraid that he can really fight the two elders."

"Not necessarily. Although the Shadow Eagle King is strong, he is a beast after all. He and Ye Fan can only deal with each other at best, and he can't defeat the stone elders, let alone beheaded."

"Yes, Ye Fan's ending is doomed."

Listening to others talking about his destiny, Ye Fan couldn't laugh or cry.

but.

This Shadow Eagle King surprised him, much more powerful than his sky crane.

"Huh!"

With a high-pitched cry, the Shadow Eagle King suddenly swooped down and landed on the top of Qianbian Peak.

On the back of King Eagle, there is a man in black robes.

"Are you Ye Fan?"

The second elder of the Stone Clan spoke coldly, questioned, and then sneered: "Do you think that with a beast is our opponent? It's too naive."

The third elder of the stone clan said impatiently: "Second, if you have anything to do with him, directly suppress it. This kid is very valuable, and he can slowly squeeze him back to the clan. At least he can get a lot of martial arts skills. Moreover, he gave us one for nothing. Only the Shadow Carver King, wonderful! Hahaha!"

The black robe had no words.

嗷。

His black robe agitated, a silver-white long sword lit up, the long sword trembled, and the cold air was raging.

It seems that the temperature of this piece of heaven and earth has dropped by a few cents.

"Good sword!"

The second elder admired, his eyes blazing.

"This sword has already condensed the 'potential', and it has such a strong cold energy, is it made of ice and meteorite?"

"Hahaha, Ye Fan, you gave us another big surprise. This sword belongs to our Stone Clan." The third elder laughed, "Ye Fan, what else is there, please show it up quickly; otherwise, move. You have no chance."

The people watching the battle below are also full of envy and jealousy.

"Ice and meteorite iron, this is an extremely rare material, specially used to make magic weapons."

"Why is Ye Fan so lucky, this kind of peerless sword is there!"

"No, Ye Fan didn't use a sword last time in the King Kong White Bone Array. Could it be that Ye Fan got this sword recently?"

"The words I got recently show up, what is he doing? He doesn't know how to do swordsmanship. It's difficult to practice swordsmanship either by holding a sword."

"I think Ye Fan just pretends!"

"..."

Qu Xiantian whispered: "Brother Ye, do you see anything?"

Ye Fan frowned and smacked his tongue and said: "Not yet, just keep watching. Once a battle, you will definitely not be able to hide, and your identity will be revealed."

The words here are falling, and the wind is surging on the Qianbian Peak.

The three elders of the stone clan made a move.

"Boy, pretend to be a fool, come down to me."

"boom!"

A huge palm print slapped it down, and the qi burst out, causing the entire peak to fly into sand and rock.

The black-robed man did not flinch, and slowly cleaved a sword.

"scold!"

This sword was amazing on the spot.

The palm print was cut apart and collapsed in the air; then, the black-robed man took the initiative to attack.

The long sword is directed towards, and the icy sword aura is overwhelming, just like a big river, magnificent, like a movie special effect.

"court death!"

The third elder felt provoked, and furious, he opened the qi shield and let the sword qi bombard him.

Bang bang bang...

The sword qi smashed on the gang qi cover, and all collapsed.

The third elder said contemptuously: "Ye Fan, do you know the gap now. Although you are a Tianjiao, unfortunately you are still too young. You could have escaped from the Northern Wilderness, but you were arrogant and arrogant and asked to fight the two of us."

"How stupid and ridiculous. Today next year will be your anniversary."

"Whose death day is not certain." At this moment, the black robe man spoke, his voice was crisp, it was the voice of a woman.

The two elders of the Shi clan were shocked.

its not right.

Shouldn't Ye Fan be a man? This voice...

"puff!"

Without giving them time to think, the sword of the black-robed man actually pierced the qi hood.

"Youngest, be careful!"

The second elder exclaimed.

But it was too late, this sword was too fast, directly piercing the chest of the three elders.

"Shuihanjian, against the water and cold!"

"Om."

The endless cold exploded, and instantly invaded the body of the three elders, and a layer of frost immediately appeared on his body.

"what!"

The three elders screamed.

The sword in the chest was nothing, it didn't hit the point; but the cold air invaded, causing damage to his internal organs.

Many blood vessels were directly frozen and burst.

The skin is cracked.

"puff!"

Blood gushed out, and the three elders became blood people in the blink of an eye.

No one thought of this sudden change.

Careless!

No flash!

The second elder was extremely angry and immediately shot.

"Asshole, die to me!"

"puff!"

The black-robed man drew the Shuihan Sword. After delaying time, unable to avoid, the blood sprayed by the second elder's blow.

The whole person flew out and fell off the cliff.

Hiss.

The remaining qi of the second elder tore the black robe to pieces, revealing his true expression.

This is a woman with beautiful appearance and silver hair like a waterfall, like a fairy walking out of a picture scroll.

"is her!"

Ye Fan's eyes widened, and he lost his voice: "Yue Linglong!"

Chapter 556: Not Yue Linglong!

Is it a woman, stunning beauty? !

what's the situation!

The audience was silent.

Ye Fan has changed sex...Bah, Ye Fan didn't come, looking for a woman to die? This doesn't sound right.

what happened?

Normal people would never have thought that this woman would pretend to be Ye Fan to make a killing, and then come to fight with the two elders of the Stone Clan.

It's totally unreasonable and illogical.

"唉"

The Shadow Eagle King screamed, flying out like lightning, catching the woman who had fallen off the cliff.

Afterwards, the Shadow Eagle King hovered in the air.

"The woman's injury is not light, and she will die if she stays. Why doesn't the Shadow Eagle King leave and hover around her hair."

"What kind of hatred does the woman and the stone clan have?"

"Why do I always feel weird and what's going on? Is there a clear boss to talk about it."

It's really not right.

Ye Fan stared at the circling Shadow Carving King. He should have taken people away, so why did he keep circling?

"Yue Linglong?"

At the same time, Ye Fan also had doubts.

When did Yue Linglong's hair turn silver? Knowing that he has silver hair, she dyed it deliberately?

Destroy the power team, slay Shi Ziqiang, and meet with the elders of the Shi clan. Is Yue Linglong avenging him and venting his anger?

Ye Fan felt that things were not that simple.

To find out the truth, it's very simple, it is to converge with "Yue Linglong".

"Dare to provoke and die to me!"

The second elder of the stone clan was furious.

Shadow Eagle King hovered and did not escape, in his opinion, it was a provocation to him.

In an instant, he exploded with all his strength to shoot the Shadow Eagle King and Yue Linglong directly to death!

"Second, catch that woman alive. Bitch, dare to hurt me, I want to play her alive." The third elder roared grimly.

He was seriously injured.

After being injured, it will not be possible to recover within a few years.

He was angry, he was ashamed.

In front of so many people below, he was beaten severely by a woman, fearing to be a laughingstock.

"Grab the big mudra."

The second elder nodded and struck out a fascination.

A handprint covers the sky and the sun, covering the Shadow Carving King; however, the Shadow Carving King's speed is too fast and quickly rushes out of the covering circle.

Shadow, these two words mean fast and weird.

The big mudra could not catch the Shadow Eagle King, not only that, but the Eagle King actually fought back.

Its black feathers are as sharp as steel needles, and when the wings tremble, the feathers burst out.

The second elder's gas shield was very difficult to resist.

"Naughty animal!"

For a long time, the second elder was ashamed and anxious.

But he couldn't fly, and couldn't catch up with the Shadow Eagle King.

If the three elders are not seriously injured, they can join forces and can be said to perform "sun shooting" martial arts.

For many years, the two of them worked together most of the time because they would work together in martial arts.

This is also the reason why they are very calm when they see the Shadow Eagle King. They can't catch up but can shoot them down.

It's gone now.

Seeing the Shadow Eagle King not leaving and flying around Qianbian Peak, the second elder became furious.

"Second, come."

At this moment, the three elders got up and roared: "Fighting to get worse, I will shoot this beast and arrest the woman."

"good!"

In an instant, the two moved.

The three elders condense the "bow" with the qi, and the second elders condense the "arrow".

The two bowed their bows and shot the big eagles.

"Huh."

As if feeling threatened, the Shadow Eagle King cried and turned away from Qianbfeng Peak.

The three elders sneered again and again.

"Naughty animal, only now knows to escape, it's too late."

"go!"

A bright horse flashed past.

then.

Blood stained the sky.

A wing of the Shadow Carver King was shot through, and a stream of blood spattered from the air, turning into a rain of blood.

The carving king sings sadly.

The woman felt extremely distressed.

"Hahaha, come again!" The third elder grinned, "You can't escape."

The second arrow of Gang Qi came.

As soon as the woman gritted her teeth, the Shui Han Sword was held high, and she yelled, "The ice is broken!"

Woo woo woo.

An icy sword aura formed a whirlpool, enveloped the Shadow Carving King and blocked the Gangqi arrows.

However, the two elders attacked together, and the power was too strong, and the Gang Qi arrows were too sharp, and they easily shot through the Sword Qi Vortex.

"Have you hit it?"

The second elder muttered to himself.

In the sky, the sword qi vortex did not dissipate, but dimmed a lot.

"A Diao, run away."

"leave me alone!"

The woman clutched her shoulders, her clothes soaked with blood.

Just now that Gang Qi arrow shot in, she was too late, so she could only use her body to block the fatal blow for the Shadow Carver King.

With tears in his eyes and a low growl in his throat, A Diao seemed to say: Miss, I will not abandon you and go together.

"Can't leave."

The woman made a decision and jumped resolutely and jumped off A Diao's back.

"A Diao run quickly and return to the wild continent."

"Huh."

The Shadow Carver King cried sternly.

But the woman puts the Shuihan Sword on its back, which has already demonstrated the determination; if you want revenge, you must return to the wild continent to move soldiers.

A Diao was grieved, grief and anger flashed in his huge eyes, enduring the pain, and rushing into the distance.

"Very, the beast ran away and caught the woman."

"Grab the big mudra."

The spectators sighed and sighed.

This woman is so sturdy, she jumped down like this and let the Shadow Eagle King escape for his life.

why?

No one can understand.

Obviously there is a huge disparity in strength, why do you want to make an appointment? Isn't this a death?

What can't you think of such a beautiful girl.

Many people, especially men, beat their chests and feet, very regretful that such a strange woman will be arrested.

According to the virtue of the three elders, she really wanted to insult her to death.

"Shaking the heavens!"

at this time.

Just as the handprint was about to catch the fallen woman, a black shadow stepped on the long dragon and rushed into the sky.

The halberd smashed the handprints.

Ye Fan hugged the woman with one hand and waved the Xuantian halberd with the other, approaching the top of Qianbian Peak, and shouted, "Heaven's punishment!"

The blow was silent.

At the end of the blow, Ye Fan immediately fled away.

On the Thousand Blade Peak, the second elder was dumbfounded, because the third elder had been beheaded and beaten into mud.

This this this...

The second elder sweats like rain, and the whole body is cold.

The spectators didn't react either. All this happened too quickly, too suddenly, and too unexpectedly.

"Heaven's punishment? That's Ye Fan's jerk. That's Ye Fan, that's Ye Fan!"

Suddenly, there was a commotion in the audience.

Unexpectedly, Ye Fan appeared at this time.

Saved the woman, and incidentally, Thunder shot and killed the three elders... This kind of boldness impressed a large number of spectators and even the older generation.

"Ye Fan, you are dying!"

The second elder roared.

However, there was nothing he could do to catch up.

"Ahem."

The woman coughed blood, a smile appeared at the corner of her mouth, and said weakly: "Ye Fan, I finally saw you."

"You are not Yue Linglong."

"Um."

The woman nodded.

Ye Fan said solemnly, "Don't talk, let's leave here and find a place for me to heal you."

"Leaving? What a big tone!"

"If this lets you escape, what face does my stone clan have to stay in the Northern Wilderness. Ye Fan, you all stay."

Vigorous words oscillated between heaven and earth.

Ye Fan was shocked.

In the distant sky, an old man came from the sky, behind which was a pair of wings made by Gang Qi.

He strolled in the courtyard.

Walking in the air, like walking on the ground.

not good!

Gang gasification form.

This is the magnate of the three-tiered master of Huajing, the big man of the stone clan is here.

Chapter 557: Giants shot! Gene repair! Full-scale war! Race against time!

Sure enough, there are important figures in the stone clan.

This was what Ye Fan had expected long ago.

But I didn't expect that it would be the great master of the three layers of the world. The Shi Clan really didn't care about his face, the grand master and giant directly joined the battlefield.

Of course, if you think about it in a different way, let Ye Fan run away directly, and the stone clan is even more faceless.

It's all embarrassing, it's not as good as the grand master.

"Ye Fan, leave me quickly, and run away by yourself!" The woman in her arms was anxious, stuffing a reagent into Ye Fan's pocket and said: "This is a reagent to recover from the gene mutilation injury. NS."

"what!"

Ye Fan shook, but he didn't expect to have this unexpected joy.

Before leaving the savage continent, the research team said that it would take about half a month to produce results.

Calculating the time, it has been more than half a month since I came to the Northern Wilderness, and the reagents can be developed within a reasonable range.

It's just that Ye Fan didn't expect that it would be sent by the woman in his arms.

He didn't feel the hostility, and she discovered that although the woman was not Yue Linglong, she looked a bit similar to Yue Linglong, and was obviously Yue Linglong's relatives.

"What the **** is going on? Who are you? Why did you go to the Temple of Heaven? Why did you send reagents over?"

"It's too late to explain, Ye Fan, you must go to your sister. The tribe wants to marry your sister to the prince of the Dafeng Empire, and the wedding date has been set, just one month later."

boom!

These words made Ye Fan's heart full.

No wonder Yue Linglong suddenly left in Daxia Capital. It turned out to be called back to get engaged.

Yue Linglong has been pursuing him for a long time. Although he did not respond, Ye Fan felt a little uncomfortable when he heard that Yue Linglong was about to become someone else's wife.

If Yue Linglong was willing, it would be fine, but from the woman's words, Yue Linglong's stone stele was persecuted and reluctant.

That being the case, it can't be ignored.

"Dare to be distracted? Looking for death!" The big stone clan found that Ye Fan was distracted, and was furious. This was a naked contempt for him.

Rumbling.

Capture the big mudra to kill.

"Ye Fan be careful!"

The woman screamed.

Ye Fan squinted his eyes and quickly descended towards the place, rushing to the major camps.

This is to cause trouble.

Upon seeing this, the major camps all changed their colors, and the grand master of the camp suddenly shouted: "The elder of the stone clan, please also fight one-on-one, don't affect us."

Sure enough, it worked.

The Stone Clan's Great Elder immediately cancelled the capture of the big mudra. After all, if the strong men of the major camps were killed, the Stone Clan would not be able to bear it.

"Ye Fan, do you think you can get away with this?" The Shi Clan elder sneered.

He stood in the air, dancing wildly with white hair.

With a light touch of the finger, a qi turned into a shackle and shot out towards Ye Fanfei.

The three layers of transformation, the gasification form of Gang.

Gang Qi can evolve in various ways at will, and it will last for a long time. This is the power of Grand Master Giants.

Transform your wings and fly in the air.

Transfiguration of the boat, sailing the rivers and seas.

...

At this moment, Gang Qi turned into a shackle, and he wanted to lock and suppress the two Ye Fan.

"Curse!"

Ye Fan was forced to be helpless, and once again displayed his faculty.

Although there is a huge load on the body, there is no choice. After the punishment, the shackles were a little dim, and then "Shaking the Heavenly Guards" blasted it open.

"interesting."

The Grand Elder of the Stone Clan was full of playfulness and muttered to himself: "In this case, I will have fun with you."

"Cage of Heaven and Earth."

With a loud shout, the turbulent qi spreads out, turning into a sacred pillar, standing on all sides, and then the qi pillars are connected to each other to form a huge "wall", which surrounds the area about three miles.

hiss.

The spectators took a breath of air, and even the big brothers of the Second Layer of Transformation were frightened.

The great elder of the stone clan has a profound background, and the content of the qi is so majestic that he actually trapped the site with a radius of three miles, this method is simply too!

Ye Fan's face was solemn, and this could be said to be his first encounter with the Three Giants of the Transformation Realm.

I really felt the horror of the Grand Master Giant, and this "cage of heaven and earth" alone was enough to shock.

The elder of the stone clan treats him as a plaything and wants to play him slowly in the cage.

Go to the sky?

That's even more of a dead end.

In the sky, the elders of the stone clan did not take into account the attacks; and Ye Fan was unable to fly after all, relying on the dragon fist's unique knowledge of the long dragon to support Yukong, which is very expensive, and the speed is limited. Go to the air flight of the great elder.

"Ye Fan, swallow the reagent, I will create time for you."

The pregnant woman spoke suddenly.

"Five minutes, it takes five minutes for the reagent to recover your genetic injury, and you can recover to the peak after carrying it over."

"I think, at your peak state, you should be able to escape."

Ye Fan's face was deep, and at his peak state, he could fight against the giants. Even if he couldn't compete with the elders of the stone clan, it was still easy to escape.

But.

It's too hard to fight for five minutes.

The elder of the stone clan was not a fool, and watched himself recover.

"How do you fight for it?"

"I have my way. I brought some trump cards. You can swallow the reagent."

The woman broke free of Ye Fan, and the two stopped.

In the air, the elder of the stone clan said jokingly: "Why, don't you run away?"

Ye Fan's eyes were cold.

Without words, he took out the reagent, took a deep glance at the woman, chose to believe it, and swallowed the reagent.

In an instant, Ye Fan felt pain.

He didn't listen to his entire body. He quickly sat cross-legged and entered a state of repair. The movement of the outside world could no longer be sensed.

This scene puzzled everyone.

The stone elder was furious again: "At this time, I actually want to practice, Ye Fan, what good is it to provoke me."

"The Great Elder of the Stone Clan, you are a great master, but you are too shameful to act against our juniors."

The woman raised her head and scolded.

The elder sneered: "It's shameful, not necessarily. You were fighting with the second elder and the third elder, but Ye Fan stepped in and killed the third elder. It was you who were shameless."

"Then there is nothing to talk about?"

"Hahaha, it's extremely ridiculous, what qualifications do you have to talk to me. Even if you have a backing. This seat has been in the Northern Wilderness for so many years, I'm afraid it won't happen!"

"Come here."

The great elder Gang gas turned into claws, shrouded in unparalleled power.

Just when everyone thought the ending was set, the woman suddenly recognized a small tube.

"Super detonator!"

"Bastard!"

The great elder was furious.

However, it was too sudden. The super detonator instantly exploded, smashing his claw prints to pieces, and the explosive energy enveloped him.

Even the spectators were affected.

Many people were lifted off, blood spurted violently, and even some weak and directly wounded were dying.

"kill!"

Suddenly, murderous intent appeared.

"The ability group and the Killing Alliance, you dare to take advantage of the loopholes and look for death."

The woman shouted angrily, but because there was no Shuihan Sword, she could only pick up a piece of dead wood to perform swordsmanship.

This leads to a great reduction in the power of swordsmanship.

"puff!"

Shui Wuhen blasted out the sword qi and slew the woman, but his eyes flashed with different emotions.

"Follow Ye Fan you will die, follow me, you can save your life."

"roll!"

"You give you a way to survive, but you have this attitude. If that's the case, then I will capture you."

"Only you?"

The woman and Shui Wuhen fought together, and on the other side, Mu Yu and Ke Han also joined.

Three on one.

The woman was injured, but now she is completely supported, and the three of them besieged her and retreated.

"You bastards, it's really shameless that the three big men bullied a little girl."

Niu jumped out vigorously, domineering and fierce, unexpectedly blasting Shui Wuhen into flight.

"Come here, grandpa has fun with you." Niu laughed vigorously, and the three young masters of horizontal training also jumped out and started a counterattack.

Ye Fan entered the concentration like an old monk.

Wu Ling all appeared floating, grabbing Ye Fan's head fiercely.

"Split Heavenly Palm."

Luo Hong fought out and forced Wu Ling to retreat.

at the same time.

"Ability, all plants are soldiers!"

With a shout, I saw the flowers and trees beside Ye Fan suddenly become sharp, like a sword killing Ye Fan.

"Exit!"

Chaos shot, blasted out the flowers and trees ten meters around Ye Fan with a punch, then looked at a jungle and said contemptuously: "Sneaky, are all supernatural bugs such dirty bugs?"

"court death!"

The ability team was killed.

All aspects of the war started.

But Ye Fan couldn't feel this. He was immersed in the process of body repair.

He seemed to have entered a mysterious ocean and saw a huge chain of genes in motion.

It is intricate, mysterious and full of science fiction.

He saw the cut gene chain. At this time, the gene atoms in the reagent were like workers, trying to repair it.

Ye Fan stared at the repair work closely, and kept urging: Hurry up, hurry up...

Chapter 558: An angry giant! Strive for a chance, A Diao sacrifices!

"Big Brother, what should I do? There are too many people in the Ability Team and the Killing Fan Alliance. Sister Luo Hong must not be able to cope with them."

Qu You'er was very anxious, worried about something wrong with Ye Fan.

Qu Xiantian didn't make a move, he would not have a big impact on the battle, but would expose himself.

At this moment, he stared tightly into the air.

The energy of the super detonator submerged the Shi Clan Grand Elder, but it was definitely not dead. Qu Xiantian decided that he would come to deal with the Grand Elder.

"You'er, find a place to hide." Qu Xian's breath gradually became sharp.

"Big brother, be careful."

Qu Youer was very decisive, and she and Zhu Ying left quickly.

at the same time.

There was a turbulence in the sky, the smoke dispersed, and the stone elder revealed his appearance.

He was very embarrassed.

His hair was scorched and his skin was burnt, almost disfigured and dripping with blood.

But after all, he survived.

hiss.

The spectators were horrified, and the stone elder was too miserable, but the other side also showed that he was powerful.

The power of the super detonator is well known, and he can carry it down, which is enough to show that he has a deep foundation and is worthy of being a veteran giant.

"what!"

The elder of the stone clan couldn't help screaming.

The boundless anger and hatred turned into a torrent, and he roared ferociously: "Death! You all have to die! Death has no place to bury! Everyone!"

"Kill kill kill."

At this moment, the elder of the stone clan went crazy, waving his hands, and his palm prints fell.

Puff puff.

Suddenly, some unlucky people were shot to death.

"Flee!"

"The Great Elder of the Stone Clan is crazy!"

"Run away!"

Suddenly, this world was rioted.

The major camps quickly retreated. This chaotic scene relieved Luo Hong and the others.

"die."

The Great Elder of the Stone Clan came and grabbed a Heng Lian master with one hand and pinched it to death.

"Baby bastard!"

Niu Dali was very distressed.

That was one of the three younger brothers who followed him. Although he didn't surrender for long, he was his own person after all.

"Ba Xuequan!"

Niu drank vigorously and punched with all his strength.

However, he was easily shot by the great elder, and then the great elder focused on the silver-haired woman.

"not good!"

The silver-haired woman was terrified, knocked off several opponents, and tried her best to escape.

She didn't go to Ye Fan's direction, but ran away for her life alone, wanting to welcome the stone elder.

"die."

The elder of the stone clan brazenly played a martial art, wanting to beat him to death.

The terrifying power makes it very difficult for silver-haired women to act.

Just when this palm was about to fall, a black shadow flashed, it was the Shadow Carver King.

It goes and returns.

In fact, when Ye Fan rescued the silver-haired woman, the Shadow Eagle King was already lurking in the jungle, waiting for an opportunity.

Such alien species are already very intelligent.

At this moment, she grabbed the silver-haired woman and rushed to the sky, ignoring anything, and went away crazy.

"what!"

The stone elder didn't expect this change, and now it was too late to chase him, he could only watch one person and one beast disappear into the air.

"Ye Fan!"

Suddenly, = The Great Elder looked back at Ye Fan, and appeared in front of Ye Fan with one step.

"Go away."

Chaos roared and attacked.

With a single tap, the great elder drove the chaos into the air; Luo Hongzhen retreated Wu Lingjun and then killed the great elder.

"Ants."

The great elder didn't even look at it, and pierced Luo Hong's body with a snap of his finger.

This made Chaos face change dramatically, "A Hong!"

"Old bastard, I fought with you." Chaos eyes flushed, and he rushed forward boldly.

But one person is faster than him.

It is Qu Xiantian.

Now that most people have left here, he has no scruples.

"Innate Bagua Palm."

Qu Xiantian directly played the strongest and magnificent aura, making the stone elder frowned.

"Are you not dead?"

The Grand Elder was surprised.

Qu Xiantian said: "It's true that I didn't die. I was rescued by Ye Fan, so I asked the Great Elder to retreat. Ye Fan is the benefactor of our Qu family. If you deal with Ye Fan, you will be an enemy of our Qu family."

The scorched face of the great elder became gloomy.

The strength of the Qu family is stronger than that of the Shi clan.

But in this situation, if he doesn't take Ye Fan away, where will his face go, where will Shi Clan's face go!

"Boy, even if your father is here, he is still polite to me. You dare to talk to me like that, no matter how big or small."

"My stone clan is afraid that your composer will fail."

"For the sake of your father's face, get out of here, otherwise the old man is not welcome."

The elder of the stone clan defeated Qu Xiantian's unique knowledge, and then a strong wind blew Qu Xiantian away.

boom!

The gas mask emerged, pushing away the murdered Luo Hong, Chaos, Niu Dali and others.

Only Ye Fan and the Great Elder remained in this area of 30 meters.

By now, the Shi Clan Great Elder had calmed down, staring at Ye Fan, very puzzled.

"Ye Fan, you are still cultivating at this point, and I have to say that I admire you very much. It's a pity..."

"You are very sinful, come back to the stone clan with me."

The elder of the stone clan grabbed Ye Fan's shoulder, but at this moment, what he felt, he looked up and saw the Shadow Carving King.

Swish.

The Eagle King dived, approaching like lightning.

The silver-haired woman threw out a tube and yelled, "Old stuff, I'll give you a taste of Thunder Crown, the big deal will die."

"Damn it!"

The great elder's feathers stand upright.

He was lucky enough to carry a super detonator, but the second one could not be carried, and it would be wiped out in the ashes.

Without thinking about it, he pulled away.

"Come up soon."

The silver-haired woman shouted, Luo Hong and others were also very smart, picked up Ye Fan and jumped onto the back of the Shadow Carving King.

call!

The carving king soared into the sky.

The Shi Clan Grand Elder was shocked, only to discover that he had been deceived. It was not a super detonator at all.

After being humiliated one after another, the great elder was furious, and his eyes were bloodshot.

"You little beasts, if the old man doesn't kill you today, he won't be named Shi!"

"No, the old **** has caught up." Niu Dali exclaimed, "Brother Diao, fly, hurry up."

"A Diao is injured. This is already the limit."

The silver-haired woman said.

You can see that A Diao's wings have been bleeding, and many bones have been broken. It is miserable, and he has been holding on.

"Little beasts, you can't escape."

"Old bastard, you are a complete trash, the three giants of the Transformation Realm have been made into such a situation, and I am laughing to death. If I were you, I would have been killed by one head and shame the family."

"Naughty animal!"

The great elder has a hideous face, and his veins are violent.

"Fuck!"

Niu was shocked vigorously, "Why doesn't the speed of this old **** increase, but it's over."

At this time, Luo Hong said: "Go to Luolongpo."

Everyone's eyes lit up.

"Yes, go to Luolongpo, where are people over thirty-five years old forbidden to enter. We can go in, but the old man can't." Qu Youer said.

"It's not far from Luolongpo here. Work harder. Don't be idle and attack me."

Qu Xiantian takes the lead.

Everyone kept on attacking, and the sky was full of martial arts, which indeed interfered with the stone elders.

"Want to go to Luolongpo? Idiot talk about dreams."

"Cage of Heaven and Earth."

When the silver-haired woman heard this, she patted A Diao, and said sadly: "A Diao, hurry up and rush out of the encirclement before the cage is formed. Please!"

A Diao screamed sharply, and his speed rose sharply, but A Diao's black feathers kept falling off.

A Diao's feathers are thick and thick, and fall off, which can reduce weight and increase speed.

But what a pain this is!

The silver-haired woman burst into tears.

As the feathers fell off, A Diao's flesh and skin were exposed, dripping with blood and blood.

Everyone's eyes were wet.

Chapter 559: Break! Face the book sage, the Taoist Huang Crow is now!

A Diao's self-sacrifice touched everyone.

The elder of the stone clan was shocked and watched as A Diao led the crowd to break through the encirclement.

You chased me on both sides and hurried towards Luolongpo.

And below.

Many forces are also rushing to Luolongpo, looking forward to the next change in the situation.

If Ye Fan and his party were really allowed to enter Luolongpo, what would the Shi Clan Grand Elder do?

To break through, then you have to fight with the gatekeeper.

As everyone knows, Luolongpo's gatekeeper, Mogu, is a ruthless character. Although he rarely shoots, he is definitely a great master.

If you don't break in, you won't be able to catch Ye Fan, the Shi Clan's face will be lost, and the great elder will become a laughing stock.

So this is very interesting.

Attracted many spectators.

"Boom boom boom!.....!!!"

This way.

The elders of the stone clan were bombarding wildly, but none of them succeeded, and he himself was somewhat powerless.

finally.

Luolongpo has appeared in Shi's line of sight.

"not good."

The Great Elder of the Stone Clan was extremely anxious and didn't know what price he had paid.

"Grab the big mudra."

This blow is his full strength in his current state.

A Diao couldn't bear the cutting of the qi, and fell from the air in mourning; Luo Hong and others all shot together to bombard this handprint.

"Boom!"

There was an aftermath of energy from the collision, which pushed A Diao far away. At the same time, Niu Dali took the two younger brothers and jumped down, trying to set off A Diao and not let A Diao fall directly to the ground.

Atiao's injuries are serious.

Except for the back, all the feathers on the other body parts fell off, and the whole body was bloody, shocking and dying.

"A Diao!"

The silver-haired woman is grieving.

At this moment, the elder of the stone clan came to kill and waved a long fist to kill everyone.

"Huh."

At the moment when he was locked in, A Diao tried his best to throw everyone towards the entrance of Luolongpo, and he soared into the sky.

Shoo.

All the feathers on his back fell off for a while, turned into steel needles and shot towards the great elder.

However.

This punch was so stunning that all the feathers were wiped out, and A Diao was also punched through his body.

"Do not!"

The silver-haired woman was heartbroken.

The elder of the stone clan was extremely fierce, and cruelly tore A Diao in half, burst the corpse with a wild laugh, and fell into blood mud.

The shadow carving king, a rare alien species comparable to the second stage of the Transformation Realm, was cut to death and fell.

"hiss."

The spectators were amazed.

The silver-haired woman was heartbroken, spouting a mouthful of blood, her eyes were splitting: "Old bastard, I will definitely kill you and avenge Ah Diao!"

"Sister, go to Luolongpo." Zhu Ying and Qu You'er pulled the silver-haired woman, worrying that she would go on impulsively and desperately.

"stop!"

The great elder was furious, but it was too late, and the group entered the canyon tunnel.

"Old dog, wash your neck and wait for us to kill you!"

The silver-haired woman, Qu Xiantian, Luo Hong, and others said in unison, these words echoed between heaven and earth for a long time.

The Grand Elder of the Stone Clan had a deep face, and was about to rush into Luolongpo, but heard a vigorous voice from below: "Luolongpo's rules, don't you know!"

"Book Saint!"

The elder's face was solemn.

Others don't know, but as a great master, why don't you know the true identity of the old man.

The book saint of one of the four saints of Daxia.

Here, the spectators were shocked and looked at the gray-haired old man inconceivably.

"Book saint? Elder Mogu is a book saint, how is that possible!"

"The Great Elder of the Stone Clan said that there must be no falsehood. I didn't expect the Book Sage to be in the Northern Wilderness all the time."

"Why is the book saint guarding Luolongpo here?"

"I don't know, but the problem now is that the book sage seems to be trying to stop it. I don't know how the stone elders will deal with it?"

Amidst the discussion, the great elder fell down, his face uncertain, and said coldly: "Book Sage, you want to stop me?"

"It's the rule."

"What's not the rules? Ye Fan's little beasts killed our people, and I must arrest them. Besides, I have been made into this look, so let's just forget it."

The book sage lay on the bamboo chair and said slowly: "If you are not as skilled as a person, I advise you to go back. You can't catch the group of boys outside, and you can't pretend to be in Luolongpo." ; It is even possible that you will explain in it, and I am doing it for your own good."

The elder raised his brows and shouted in a low voice: "Book Saint, are you really going to fight against my stone clan?"

"Ha ha."

At this moment, Shu Sheng got up.

An extremely powerful force spread out, and said disdainfully: "Fight against your stone clan? Does your stone clan have this qualification."

"you!"

The great elder was extremely embarrassed, and then he smirked.

"Okay, Book Sage, if that's the case, then I'll give it a try and see if you can stop me."

"Just do you dare to fight with me?"

The book sage was full of contempt, and shook his head: "Even if you are not my opponent in your heyday, let alone you are injured now."

"Hahaha, the book sage is so bold. Then I will be your opponent, good!"

Suddenly, a laugh came.

Everyone looked at it. It was a middle-aged man in a pale yellow robe with a gourd hanging from his waist, dressed very strangely, coming from the sky.

Chapter 560: Problems with reagents? Ye Fan crisis!

"Taoist Yellow Crow!"

Although the book sage was astonished, there was not much fluctuation on his face and his eyes were extremely calm.

This person is the Yellow Crow Taoist, one of the three major casual cultivators in the martial arts world, Ying Tianqing's master.

Many days ago, when Ying Tianqing was beheaded by Ye Fan, it was rumored that Taoist Yellow Crow would come to the Northern Wilderness.

It really appears now.

"Taoist Yellow Crow, what did you mean by what you just said? Could it be that you want to fight against the Book Sage?" the Shi Clan Great Elder asked.

"The book sage moves the spring and autumn, I have long wanted to ask him for advice and advice." The Taoist Huang Ya said indifferently.

The elder of the stone clan was overjoyed, "In that case, the book saint is handed over to you. I entered Luolongpo and arrested Ye Fan, and the kid also killed your disciple Ying Tianqing, so I can't let it go."

Taoist Yellow Crow nodded.

"Book Saint, goodbye." The Shi Clan elder sneered and shot into Luolongpo, disappearing.

"Ugh."

The bookmaster sighed, "This guy, I'm afraid it's too bad. Yellow Raven, you are harming him."

"His life and death have nothing to do with me. If Ye Fan counter-kills him, then he is a trash. Since it is trash, he will die. There is nothing to be a pity."

"You are still so cold, cold-blooded and merciless."

"Budo cultivators have a pure heart and few desires. It is better to have less human affection."

"Then why not come thousands of miles away to avenge your disciple?"

"You think too much, Ye Fan is not qualified to let me take action. I just think Beihuang is quite lively, come and have a look, by the way, I will find you to learn from you. I can't find the mysterious whereabouts of the love sage, law sage, painting sage."

"Why don't you go to Wu Sheng?"

"Wu Shen Tong can't get out of retreat, and I don't know what **** he is doing." Daoist Yellow Crow waved his sleeves and said coldly: "Don't say much, let me see how you say it."

"I also want to see and see your God Slayer Flying Knife."

"Huh!" "Huh!"

The two pinnacle masters rushed to the sky, instead of setting the battlefield here, they chose the distant mountains.

The spectators did not expect such a development. The Yellow Crow Taoist dragged the Book Sage, and the Shi Clan Great Elder broke into Luolongpo to hunt down Ye Fan.

"It seems that Ye Fan is more wicked than auspicious."

"Ye Fan's ending is doomed. Let's see the battle of the pinnacle giants. Book Sage and Yellow Crow Daoist represent the top forces in the martial arts world, and they are stronger than the stone clan elders."

"Yeah, their battle must be wonderful. The rumored skill of Daoist Yellow Crow is all right. I don't know if the Book Sage can stop it."

...

Luolongpo, in a jungle.

Qu Xiantian and the others stopped, and they finally breathed a sigh of relief.

"It's safe now."

"Escape from the hands of the giants of the three-level master of the Huajing, and it's proud enough to spread it out."

Everyone's faces were filled with the joy of the rest of their lives.

But the silver-haired woman was very depressed, and her face was as pale as snow; Qu Youer comforted: "My sister is sad, A Diao certainly doesn't want my sister to be so heartbroken."

Zhu Ying said: "Yes, we will always remember A Diao."

Niu hit the ground with a punch and said angrily: "If you have a chance, kill the old bastard."

Luo Hong nodded and said, "When Brother Fan returns to his heyday, he will have the strength to fight against the great masters. The old king has been seriously injured, and Brother Fan can kill him."

Except for Chaos, everyone else was shocked by Luo Hong's words.

Especially Qu Xiantian, he pretended to be an evildoer, and now compared with Ye Fan, he was really nothing.

When he was still struggling to hit the Second Layer of the Transformation Realm, Ye Fan was already able to compete with the Triple Giants.

"By the way, sister, what's your name?"

"Yue Liuli."

"Miss Yue, who are you from Yue Linglong?" Luo Hong asked. He also saw that Yue Liuli and Yue Linglong looked a bit like.

Yue Liuli said, "Linglong is my cousin."

"I see."

"I'm the Northern Wilderness..." Yue Liuli just said, suddenly, Ye Fan, who had been sitting still, spewed blood, and fell to the ground.

The sudden change made everyone panic.

Only Zhu Ying knows a little bit of medical skills. She showed Ye Fan and shook her head.

Suddenly, Chaos stared at Yue Liuli.

A strong murderous intent enveloped Yue Liuli, and he asked, "Miss Yue, please give an explanation. Is the gene repair reagent you gave true? Is there a problem?"

Yue Liuli was in a trance before her eyes.

She was already in a severely injured state, but she has been able to persist until now.

Seeing Ye Fan at this moment, apart from the change, it also hit her a lot. For a while, Yue Liuli was dizzy and fainted directly.

"Yue Liuli!"

"Wake up!"

Zhu Ying looked at Yue Liuli again, and solemnly said: "Her injuries are too serious, I can only treat her the wound, there is no way to save her. I hope she can insist that Brother Fan wakes up, relying on Brother Fan's medical skills, Can save her."

Chaos said angrily: "It's a question whether Brother Fan can wake up or not. What else is going to talk about saving her. I suspect that the reagents given by Yue Liuli have a problem; we can't even determine her identity now."

Luo Hong groaned: "Yue Liuli's identity should be true, and I didn't feel her hostility to Brother Fan. Besides, if she and the Shadow Carving King hadn't returned, we wouldn't be able to escape the chase of the elder of the stone clan. Yue Liuli is a friend, that's for sure."

"Brother Fan's problem should be within a reasonable range. Gene repair, how can it be that simple."

"Then what shall we do now?"

"Wait!"

Luo Hong uttered a word and said with a deep gaze: "We are helpless, we can only pray that Brother Fan will carry it by ourselves. Crossing this hurdle, there will be a vast sea and the sky, and it may be possible to make further progress and impact the realm of the three giants."

Qu Xiantian's heart is turbulent.

Grandmaster giants in their early twenties, good guys, it would be scary to pass them out.

At this moment, Qu Xiantian felt that it was really sad that he was born in the same era as Ye Fan.

It's too amazing.

He and Bu Qianfan will all be suppressed.

Ye Tianjiao is worthy of the name.

"call."

Suddenly, a cold breath spread out, accompanied by a dark smile: "Chatter, I finally found it. It turns out that you are hiding here."

boom!

Everyone was scared to death.

"The Great Elder of the Stone Clan, how is it possible, how did you enter Luolongpo!"

"puff!"

The great elder pinched a master of horizontal training to death.

Niu Dalixin was dripping blood, two of the three younger brothers were killed, and only one remained.

"escape."

Luo Hong picked up Yue Liuli; Chaos picked up Ye Fan and immediately ran away; Niu Dali and Qu Xiantian broke off.

"Innate Bagua Palm!"

"Innate thirteen kicks!"

"Congenital broken fingers!"

Qu Xiantian's unparalleled skills one after another shocked the elder, "Qu Xiantian, your kid really got great luck, and these martial arts are top-grade. But I think it should be a set, combined, it should be a superb martial arts."

"Yes, I found an ancient relic a few years ago, named Xiantian Zhenren Dongfu, in which I got the inheritance. For this reason, I also specially renamed Qu Xiantian."

The reason for telling this secret, Qu Xiantian wanted to arouse the great elder's jealousy, fearing that he would have a hole card and dare not act rashly.

Sure enough, the elder of the stone clan shouted coldly: "Qu Xiantian, I think you are a wicked evildoer, I regret your talents and don't want to kill you. Get out of here immediately, don't get involved with this matter."

Qu Xiantian sighed: "Ye Fan is my lifesaver. He saved my life. Now it's my turn to save him."

"Only you?"

"You can give it a try." Qu Xiantian stopped and turned around abruptly, his eyes staring at him.

The great elder was shocked, conditionally launched, and quickly retreated several tens of meters...
